MRS. FERGUSON STANDS FOR STRONGER PROHIBITION LAWS

HER OFFICIAL PLATFORM IS MADE PUBLIC

She Differs Greatly With Husband on Issue

CITES RECORD AS GOVERNOR

Admits She Would Be Given Advice by "Jim"

AUSTIN, May 24. (AP)—Adopting the platform of her husband, held ineligible to hold office by the Supreme Court, Mrs. Miriam A. Ferguson, wife of former Governor James E. Ferguson, today formally announced her candidacy for governor.

She announced she would accept her husband's platform "with only a change."

Instead of promising to veto all liquor legislation as he promised to do, I want to strengthen our liquor laws and see if some improvement cannot be made in their enforcement," she said. We who have been prohibitionists all these years have suffered much discouragement recently, and I want to see one honest effort made to outlaw the liquor traffic before we give up the struggle.

Mrs. Ferguson served as governor from 1925 to 1927, having been defeated for reelection by Governor Moody, who was attorney general during her tenure. She was elected in 1924 after James E. Ferguson, impeached and removed from the governor's office during his second term in 1917, was refused a place on the ballots.

The Supreme Court Friday held that Ferguson's impeachment had qualified him from again holding office and refused to issue a mandamus to compel the state Democratic executive committee to place his name as a candidate for governor on the primary ballots.

"To those who may think that a woman cannot make a good governor I refer them to the two administrations preceding and succeeding mine," Mrs. Ferguson said. "I leave it to the fair-minded to say if the record of my administration suffers by the comparison."

She gave notice that in event of her election she would "receive the aid and advice of my good husband."

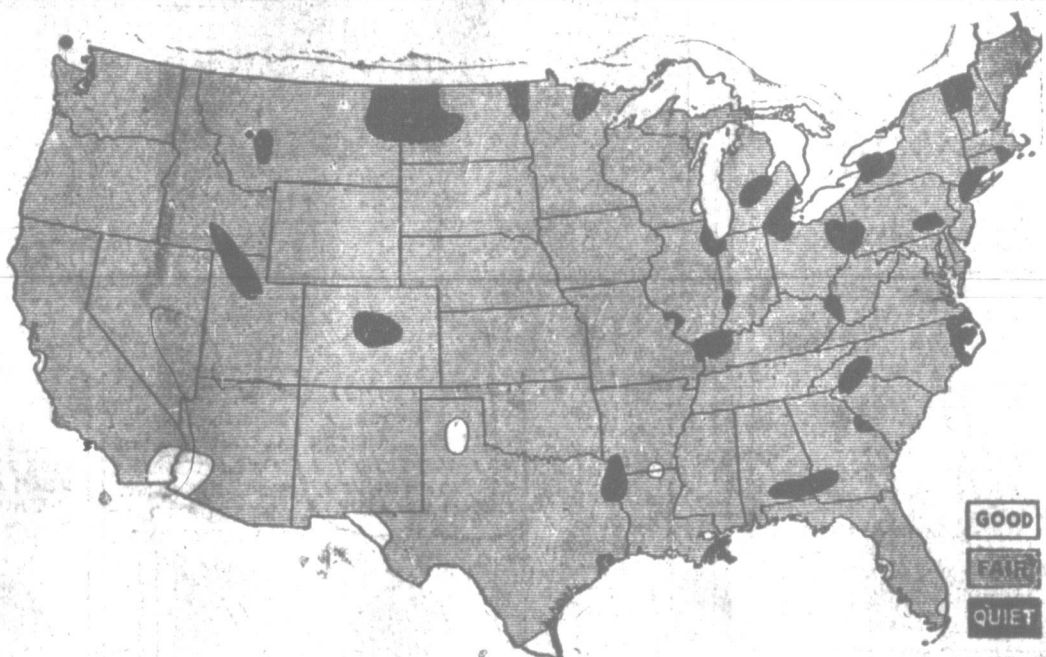

"In consulting with one's husband, there must be the most of it," she said. "It appears to me that one of the things that is the matter with this country now is that we do not have enough of the old-fashioned friends talks and confidences like our fathers and mothers used to have when they were laying the foundations of this republic."

Mrs. Ferguson said she favored passage of laws providing that on one shall be allowed to hold any office, legislative, judicial or executive, who "in any way drinks or uses intoxicating liquors unlawfully obtained, and that no person shall take any office to which he or she may have been elected until an affidavit of said person is filed with the clerk of the county stating that said person has not during the six months preceding the making of said affidavit drunk any intoxicating liquor unlawfully bought or obtained."

Action of the Texas senate in impeaching Ferguson and removing her from office was "judicial punishment," and as such "is not indelible as a constitutional penalty, but is pardonable." The Supreme Court was told today in Ferguson's motion for a rehearing of his application for a mandamus to compel the state Democratic executive committee to place his name on the party ballots as a candidate for governor.

Jack Bailey of Alameda was in Pampa Friday, serving as one of the voters in the 31st court.

Pampa in Rare Good Business Zone

The above map of business conditions, issued by the Chamber of Commerce of the United States through The Nation's Business, official organ, again shows that Pampa is in the white or good area of the nation, and one of the few spots so designated.

Three-Precinct Bond Issue Is New Proposal

More paved highways for Gray county will be the subject of the Chamber of Commerce luncheon at the First Methodist church dining room Monday noon. Tom E. Rose, chairman of the B. C. D. highways committee, will be toastmaster.

As the result of a highway conference here Friday afternoon, plans for a countywide issue have virtually been abandoned, and a three-precinct issue instead is being advocated. Precincts 1, 2, and 3, under a plan being proposed, would pave on highways 33, 34, 48 and 66 (the west portion of highway 66 lies in precinct 3), and north and west from Pampa paving to the county lines, together with paving from the Pampa slab through LeFors to the bridge southeast of LeFors.

It is believed the estimates will show this paving can be done, and the old \$400,000 issue in precinct 2 absorbed, for somewhat less than two millions.

McLean and Alameda spokesmen of precinct 4 said they would be satisfied with this plan, since highway 66 would then be paved all the way across the county. They declared the valuations in their precinct did not justify them in joining the countywide issue. Most of the valuations are in the other precincts, especially precinct 2.

Chairman Rose of the highway committee is working on estimates for the three-precinct proposal, and is getting valuable aid from the state highway department, which will be asked to draw up the petition for the election when a vote is decided upon. Another meeting of representatives of precincts 1, 2, and 3, will be held soon.

Week's Building Is of Residences

Building permits issued last week, totaling \$13,709, were again confined to residences. This amount raised the total for the year to \$251,430.

The largest permit was issued to Ralph Denebain to construct a brick veneer residence and garage in the North addition, lot 6, block 9, at a cost of \$5,500. John T. Glover is contractor. The house will have a shingle roof.

The White House Lumber company is building a frame residence in the White House addition at a cost of \$2,500. Charles Richeson started construction of a \$2,000 residence in the Broadmoor addition, lot 2 block 3. Another residence started in the Broadmoor addition, lot 4, by W. J. Boyd, will cost \$1,000.

G. A. Hagerty was issued a permit to build a residence and garage in the East End, lot 2, block 5, at a cost of \$1,500.

'MISS PAMPA' TO BE CHOSEN ON NEXT FRIDAY

Selection of "Miss Pampa" will be made at the Pla-Mor auditorium next Friday evening in connection with eliminations for the International Pageant of Pulchritude at Galveston.

"Miss Pampa" will enter the "Miss Plains" beauty pageant at the Palace theatre in Lubbock late in July, and will compete with entries from Borger, Greater Lubbock, Plainview, Levelland, Slaton, Amarillo, Tulsa and other places.

"Miss Plains" will represent this section at the Galveston pageant from August 2 to 8. The Texas girls will be in competition with "Miss France," "Miss Italy," "Miss Holland," and "Miss Egypt."

The local presentation will be in charge of David Dallas, well known playwright and producer, according to Jack Rogers, Pla-Mor manager, who will assist in the local pageant.

Personality, poise and neat appearance are relatively more important than beauty, according to Mr. Dallas.

A dance will be given before and after the revue.

Rev. Leacher to End Ministry at Service Tonight

The Rev. John Leacher, pastor in charge of the Episcopal missions of Pampa, Shamrock, and Borger for the last five months, is to conclude his ministry in the North Texas Missionary diocese at this evening's service in the local mission. He will return within a few days to his family in Salt Lake City and his own diocese in Utah.

The Rev. Leacher came to the Pampa group of missions after attending the convocation of the diocese in Amarillo last January. The Rt. Rev. E. C. Seaman of Amarillo, bishop of the diocese, has not yet announced to officials of the local church his plans for sending a successor to Mr. Leacher to the Pampa group of missions.

Johnson Says Hurry Well Taken by Backers

SEES DEFEAT IF POSTPONED

Committee to Favor Pact by Large Margin

WASHINGTON, May 24. (AP)—Weary congressional leaders looked forward today to an adjournment by the middle of June but whether the senate was going to dispose of the London naval treaty before that time or wait for the president to call a special session was unsettled.

Advocates of the pact claimed the agreement would be ratified after a week of debate. Senate leaders were divided on the feasibility of taking it up immediately after the tariff or waiting for the special session.

There was general unanimity, however, on both sides of the capital that Congress could wind up its session by the middle of next month.

The declaration of President Hoover that he would call the special session if necessary for consideration of the treaty appeared to end talk of deferring it. There was some resentment in the senate ranks but leaders were agreed that the treaty would go ahead without much delay.

Senator Johnson, Republican, California, who has been busy examining naval experts on their opposition to the pact before the foreign relations committee, asserted:

"I think the sponsors of the treaty are entirely right, from their viewpoint, in rushing the treaty for it to be given the American people to thoroughly understand it, it will be overwhelmingly repudiated."

Chairman Borah of the foreign relations committee said it was immaterial to him whether the treaty was disposed of in the regular or in the special session. He believed the committee would make a report sometime next week. An overwhelming vote for the treaty was in prospect in committee.

Senator Watson of Indiana, Republican leader, will put the question of a program up to the entire Republican membership at a party conference Monday. He believes the senate can dispose of the treaty before adjournment.

The averse and harbors bill, carrying authorizations of at least \$120,000,000 in waterways improvements during the next three years, also is pending in the senate but leaders believed the way was clear for its early passage.

Only two appropriation bills remain to be acted upon—that for the navy department and the second deficiency measure.

It was after seeing the interest and enthusiasm of these groups, and after more than 40 pupils had been pledged, that the director definitely decided to accept the position in the school.

Mr. Frazier was highly gratified with the interest shown, and by Mr. Frazier's decision.

Gray county's daily production soared 1,951 barrels of oil this week on its march to the 100,000-barrel mark which will be reached if the increase next month equals that of the last month. The daily production in the last week of April was approximately 90,000 barrels.

The 574 oil wells in Gray county produced 72,798 barrels while the 1,814 wells of the five oil producing counties of the Panhandle, Gray, Hutchinson, Moore, Wheeler, Carson, produced 108,816 barrels. Potter county's lone well has not reported any production in the last month.

The month's largest gusher, Wilcox Oil and Gas company's No. 14 Combs-Worley, had an initial production of 6,000 barrels when drilled into pay from 2,850 to 2,854 feet. The well is located in the northwest corner of the southwest quarter of the southwest quarter of section 35, block 3.

Frazier Oil and Gas company's No. 2 Leycomb, section 36, block 6, was drilled to a total depth of 2,890 feet and completed for 2,275 barrels. Pay was struck from 2,847-90 feet.

Travis Oil company's I. B. Webb, section 51, block 25, was drilled to a total depth of 2,641 feet, shot with 60 quarts from 2,611-41, and swabbed 175 barrels. Pay was struck from 2,639-41 feet.

Dixon Creek Oil company's No. 2 drilled to a total depth of 3,215 feet, and flowed 300 barrels the first 24 hours. Pay was struck at 3,215 feet. CREDENTIALS NECESSARY IN TAKING OATH

Michigan Man Hopes to Postpone Approval

ASSERTS TEXAN IS DESTRUCTIVE

Moody Says Election Canvass Can Be Speeded

WASHINGTON, May 24. (AP)—Notice was served on Thomas L. Blanton, representative-elect from the 17th Texas district, today that any effort to take his seat without presenting election credentials to the house would be opposed by Representative Clancy, Republican, Michigan.

Clancy said he hoped to prevent the seating of the Texan until the regular December session.

Unanimous consent was sought by Representative Garner of Texas, the minority leader, to have Blanton take the oath without presenting a certificate of election. Speaker Fro Tom Snell of New York said he doubted his authority to administer the oath and asked that the request be submitted Monday with Speaker Longworth in the chair.

Blanton of Abilene defeated Mrs. E. Q. Lee of Cisco at a special election May 20 to fill the vacancy created by the death of her husband. For six terms Blanton represented the district, retiring March 4, 1929, after his defeat in the race for senator.

Clancy was on his feet ready to object when Garner's request for unanimous consent to seat Blanton was made.

"My understanding," he said, "is that the Texas law provides that a certificate of election for representatives in congress shall not be furnished by the governor and the secretary of state under thirty days after election. Mr. Blanton was elected into a vacancy on May 20th and therefore will not be eligible to his seat until June 20th."

Clancy said that on Monday "if Mr. Blanton presents himself before Speaker Longworth, as was announced Saturday, I will be ready to object to the unanimous consent motion to allow him to take his seat."

"I am reliably informed," Clancy said, "that Mr. Blanton issued advertisements and press statements in Texas that if and when elected he would immediately rush to Washington and take steps to kill alleged unwise and vicious legislation which he described with intemperate language."

"He does not come, in my opinion, to aid in the passage of good legislation, but to hamper it."

ABILENE, May 24. (AP)—Governor Dan Moody told the Abilene Reporter-News tonight that while Texas has a statute providing for the calling of special elections to fill vacancies, it has none fixing the time for canvassing returns from such elections.

"My opinion is," said Governor Moody, "that as soon as the county judges in the nineteen counties of the 37th congressional district certify returns of the election of May 20 to the secretary of state, they may be canvassed and a certificate of election issued to Representative-Elect Thomas L. Blanton."

BIG SPRING, May 24. (AP)—The population of Howard county increased from 6,962 to 23,880 during the last decade, the census supervisor for this district reported today. Outside of Big Spring, which reported a population of 13,731, the total population jumped from 2,680 to 9,158.

Mr. and Mrs. J. A. Pearson are to attend funeral services at Glaslin, this afternoon, for Mrs. Pearson's brother, Frank Moody, who died Friday afternoon at a hospital in Canadian.

AMATEUR PHOTOGRAPHY AS A HOBBY

This has been "Take a Picture Week." Despite the fact that Eastman is giving away hundreds of thousands of cameras and that kodak finishers are kept busy developing rolls and printing pictures, amateur photography in this country is in the roughest of pioneer stages.

"Going kodaking" is a popular expression, but it connotes social rather than photographic interest. Most of the kodak views are interesting only to the persons directly involved. Often the poses are purposely ludicrous. There is little thought of the composition of the picture.

This is not true in Europe, where amateurs carry much more expensive cameras than do Americans, and where camera clubs are to be found in almost every hamlet. Moreover, the enthusiastic camera fan in Europe does his own developing and printing, whereas amateurs rarely do so in this country.

The writer, as his limited time permits, delves into photographic literature and "rides" this hobby of amateur photography. There is a thrill in catching elusive action or a fleeting facial expression that is not found in many hobbies. There is another thrill in watching the images form on the blank film and photographic paper. There is satisfaction in having produced, at least once in a great while, a picture which will stand continued study and inspection.

There is beauty in the common place if the photographer searches for it and isolates it in a picture. This may be only an old church, a broken wheel, a barbed wire fence, or a dilapidated building. It is not necessary to have mountains and waterfalls to make good pictures. Contrary to popular opinion, it is not necessary to have an expensive camera to take good pictures. Within its limitations the common variety of box camera is the best instrument of its kind yet invented. Under ideal conditions of light it gets a depth of focus, or depth at which all objects are sharp, that more expensive cameras can only by stopping down the diaphragm and slowing the exposure greatly. If interested amateurs would give some attention to composition of the picture their lens "sees," the result would improve immeasurably.

Growing use of pictures in the newspapers and magazines of the country has developed the professions of news and newswire photography, often inter-related. Advance amateurs, too, are forming clubs in the bigger cities, and are sponsoring annual salons and shows.

One of the celebrated amateurs of this country, William A. Alcock of New York and Brooklyn, has been here lately on his vacation. He is an enthusiastic in his hobby, and is very patient in answering questions relating to it.

Mr. Alcock has friends in all parts of the world who have seen his pictures and who, in many cases, have met him at various salons. He has judged extensively here and abroad. Aside from his pictorial achievements and pride in his own skill, his chief delight in his hobby is the grow circle of friendships he has made in connection with his picture taking and judging. Friendships too, it may be said, in every strata of life, officialdom, and society. Happy should be he who forms a sincere love for this most excellent of hobbies, for his understandings of nature and his acquaintances in human society will be legion. There is in each of these contacts rightly cultivated, a deep appreciation for the beautiful in life and living.

Considering the fact that the little balls act in a very vexing and most uncalled-for manner, it is little short of remarkable that the Pampa Golf club has a sign reading: "This is a gentleman's game . . ."

Down in the cotton country there have been long periods of drought. Childress has a few folk who wish to do away with the Board of City Development to lower taxes the minute bit it takes on the part of each person to support the organization. The B. C. D. does not make the rain, and to discontinue it would be like discontinuing cotton planting to save money on seed.

The writer is deluged with applications of young high school and college folk needing employment. We sincerely wish we could wave a magic wand and start each one out in the job to which he or she is best suited. We were in the same state of life once, and it is our advice to take the best thing in sight and keep looking for something better. It is not wise, however, to continually seek for "greener pastures."

Sometimes we wish we could take a vacation and join the army of folk who testify as to how much livelier is Pampa than most any other place in the Southwest. We saw an insurance company's business condition map the other day, and only Gray and Dallam counties of entire West Texas were designated as "Excellent."

Old age is what doesn't keep The Babe from slamming the ball. More hope for us youngsters.

### Junior Methodist Church Formed Among Children 5 to 9 Years Old

The Junior Methodist church, which was organized last Sunday among the children of five to nine years old, inclusive who were members of the Junior department of the Sunday school of the Junior Epworth society, today will have its first regular program at the hour of the morning service of the adult church.

In accordance with the purpose of the junior church as instituted in many of the larger cities of the country, to replace the Epworth society and at the same time provide worship service suited to young minds, the program will be adapted to the understanding and needs of the small children who attend.

Bible stories and messages keyed to their interests or sermonettes by adult leaders will fill the place of the sermon in the service for adults. Other phases of the program will be conducted by the children. Songs and music especially adapted to their tastes and understanding will be used.

Training in the ritual, the organization, and the work of church will be given in the weekly services, the boys and girls performing, themselves, the offices conducted by the lay members of the parent church. All official positions are filled by members of the junior group, and special committees are composed of children, with one of the number as chairman.

Officers and committees were chosen at the organization meeting last Sunday, from the children in attendance. Others who join today and later on will be placed on committees and assigned special duties, according to adult sponsors of the church.

The supervisory board of the Junior church, comprising the sponsors of the former Junior Epworth League, is as follows: General superintendent, Mrs. W. R. Campbell; recreational supervisor, Mrs. J. G. Stroup; social service supervisor, Mrs. Joe Shelton; devotional leader, Mrs. Thomas Brabham.

The officers elected last Sunday are as follows: Board of Stewards—Thomas Brabham, Jr., Charles Shelton, Joseph Hodge, Jimmie Stroup, Robert Kilgore, Chester Hunkapillar, Jr., Leona Hurst, Harriett Hunkapillar, Dorothy Brunley, Odessa Winkler, Mary Price, and Janice Purviance; choir director, Travis Gee; and ushers, Jack Walstad and Helen Frances Draper.

The committees are as follows: Courtesy—Ruby Sackett, Cleo Stevens, Pauline Stewart, W. J. Shelton, Jessie Kilbourne, Carnelle Owens, and Elizabeth Helbert. Recreation—Omer Harrell, Mary Crocker, J. G. McConnell, Sammie Hatcher, Jeanne Murree, Elizabeth Woods, Eugene Weatherford. Room—Elizabeth Mullinax, Lillian Rice, Jack Norris, William Wilker, Louella Teague, Bernice Noah, Hattie Harwell. Missions—Dorothy Jo Moore, Paul Harrell, Margaret McCall, William Tinsley, Mildred Tolbert, Chattie Lee Noah, Marie Teague.

Mrs. C. T. Hunkapillar, director of young people's work of the Women's Missionary society, under whose division the Junior church is to operate, wishes all children of the city who are not regularly attending church elsewhere to feel welcome at the Methodist Junior church. Membership in the adult Methodist church is no more essential, she explained, than it is for membership in the Methodist Sunday school or young people's societies.

A banquet for all members and prospective members is to be given next Friday noon, in the basement of the church. At the close of the banquet, a meeting of all officers of the church will be held for the organization of a missionary club for the girls and a boys' club. Mrs. J. G. Stroup and her committee will

have charge of plans and arrangements for the banquet.

The program announced for today's service is as follows:  
Song—"Brighten the Corner Where You Are."  
The Apostles' Creed, in unison.  
Reading—Dorothy Jo Moore.  
Descriptive reading—Paul Harrell.  
Piano solo—Joseph Hodge.  
Reading—Helen Frances Draper.  
Reading—Leona Hurst.  
Song—"If Jesus Goes With Me I'll Go."  
Prayer—J. G. McConnell.  
Sermonette—"With African Missionaries," by Mrs. J. G. Stroup.  
Song—"More About Jesus."  
Junior benediction.  
Janice Purviance will play piano accompaniments.

### Merchants Cause Arrest of Man

A man who gave the city police and county officers no surprise after another yesterday morning was arrested and placed in jail.

The man came under the observation of local merchants about 9 o'clock yesterday morning when he attempted to cash a \$10 check at the Thompson hardware store. At other stores on North Cuyler he failed to cash the check. Several merchants were suspicious and they telephoned the bank, then followed the man to a clothing store, where he cashed the check. A city policeman was preparing to arrest him when he snatched the check and swallowed all but one end of it. A piece recovered by the officer has the word "ten" written on it.

At the city hall, he was charged with intoxication and fined \$13.50 which was paid by his wife. At the county jail, he was searched and 29 saws were taken out of his clothes. He was placed in jail on a charge of attempting to liberate prisoners. The grand jury will investigate his case Monday.

The committees are as follows: Courtesy—Ruby Sackett, Cleo Stevens, Pauline Stewart, W. J. Shelton, Jessie Kilbourne, Carnelle Owens, and Elizabeth Helbert. Recreation—Omer Harrell, Mary Crocker, J. G. McConnell, Sammie Hatcher, Jeanne Murree, Elizabeth Woods, Eugene Weatherford. Room—Elizabeth Mullinax, Lillian Rice, Jack Norris, William Wilker, Louella Teague, Bernice Noah, Hattie Harwell. Missions—Dorothy Jo Moore, Paul Harrell, Margaret McCall, William Tinsley, Mildred Tolbert, Chattie Lee Noah, Marie Teague.

### Rough Customer to Be Clingman's Next Opponent

Claude Holt who will wrestle Otis Clingman at the Pla-Mor next Thursday night is more of a wrestler than a fighter, and that means that he is not only a good wrestler but is rough with it, according to Jack Rogers, promoter. He has been busy throwing everybody who came to New Orleans during the last two years. He is now on an extensive tour of the country.

In the 30-minute semi-final match, Jack Brummett of San Angelo will tackle the Berger ape man, Dutch Betke.

Clingman spent the week-end recuperating from the jiu jitsu tricks played on him by Iota Shima of Tokyo, Japan, who lost a match to Goffino at Amarillo in catch-as-catch-can style Friday night. Shima had previously beaten Goffino.

### Magnolia Camp of City Has Beautiful Lawns and Many Flowers

BY ARCHER FULLINGIM

One of the real show places of Pampa, as far as lovely yards and gardens are concerned, is the Magnolia camp on East Kingsmill avenue. The word "camp" does not do justice to the row of six houses, surrounded by spacious lawns, flowers and trees and facing a broad tree-lined avenue. "Magnolia Gardens" would be a better word. However, "camp," would do if persons would rid their minds of the oil field interpretation of the word.

In the first house of the group live Mr. and Mrs. A. G. Post. Mr. Post is superintendent of the Magnolia Petroleum company. The Posts have set an admirable example for the other company employees to follow, in maintaining a superb lawn and a high-class flower garden.

Right now, Mrs. Post is enthusiastic about 25 dahlia tubers which she has just planted. These are aristocratic bulbs and cost her plenty, but she expects to get her reward in August. The dahlias are reputed to be highly specialized varieties, and were grown in Massachusetts and shipped to Mrs. Post here. Mrs. Cyril Hamilton several doors below Mrs. Post is also anxiously watching the ground for the appearance of the first shoots of dahlias.

All the lawns in this block are wide and level and green. Mrs. Post's is particularly soft and luxuriant. It is grass and clover mixed. The distribution of her flowers is slightly different from most yards in town but she has had so much success at her command that she could afford to landscape the place in a rather grand manner. Only shrubbery and roses are planted next to the house and these sparingly and in an irregular fashion. There are not many rose bushes, only two or three, but these are of fine quality. Sprays of bride wreath sway in the wind at the front.

The flower garden is located next to the fence and extends around the house. Tall hollyhocks form the outer edge and serve as a green background for the shasta dahlias, dahlias, and other flowers. This garden runs into a huge bed of cornflowers which can be seen from the front. This spring Mrs. Post had jonquils, narcissus, hyacinths, and tulips blooming in their proper season.

There are several hundred trees in the Magnolia camp—mostly cottonwoods and Chinese elms, and the elms are doing the best. The elms are only two years old and they have a good-sized trunk, ample branches and are from 15 to 20 feet in height already.

Last year, Mrs. Post had lovely dahlia blooms, and she agrees with the writer that a dahlia show would be a fine and colorful event to be held here this fall. A survey now being made of Pampa dahlia beds indicates that many have already been planted here. Miss Mabel Davis, county treasurer, reacted favorably to the idea of a show. She has a half-dozen expensive tubers planted. She talked to a person here the other day who has planted dahlias on a big scale for an experiment, but she has forgotten his name which we would like to know.

Another attractive lawn on East Kingsmill is Mrs. J. B. Barrett's. She has pansies and sweet peas blooming around the house at present. Her lawn is also clover and grass mixed. Young Chinese elms front the street. These are growing rapidly and luxuriantly.

### Paradise Park Mecca of Water Lovers of City

All roads led to Paradise Park in the northwest corner of the Tally addition, Pampa's first and only swimming pool, yesterday afternoon when it was opened to the public. The weather was cool but the water was fine. The pool is being operated by John Anderson.

The pool is surrounded by 50 private lockers and a shower each for men and women. A wading pool, one and one-half feet deep, 50 feet wide and 30 feet long, is a special attraction. When the water is too cold it is heated before run into the pool. The pool is 100 feet long and 50 feet wide; water ranges from two to nine feet deep.

Mr. Anderson will be host to all the new boys at 9 o'clock this morning. An eating and drinking place is located near the pool.

To reach Paradise Park one travels on the Berger highway to the Red Ball filling station and drives one block in a northwesterly direction.

### Surratt Heads Panhandle Club

PANHANDLE, May 24. (Special)—Fred Surratt has taken office as president of the Panhandle Rotary club, succeeding Merrie Welsh.

Other officers of the new administration are: Vice president, J. L. Graham; secretary, W. P. Stephens; treasurer, P. I. Crum; directors, M. L. Purvins and G. S. Jackson.

Phonograph records in the native language recording some of the country's best ballads and folk songs are now being made in the Philippine islands.

### Magnolia Has Stars in Line-up For Game Today

With Coach Odus Mitchell of Central high school at second base, the Magnolia Petroleum company baseball club will play the Prairie Oilers at the Prairie camp 5 miles south of Pampa at 3 o'clock this afternoon.

Another new star in the Magnolia constellation is Homer Blankenship, former Texas league pitcher, who moved from Dallas last week to work for the Magnolia here. Blankenship made a name for himself by Pittsburgh last year, but early in the season badly injured his arm which is now fit as a fiddle. In the Texas league he hurled a fast ball, in any way he desired.

Magnolia also has a new manager—Shippery Jacob of Breckenridge, who traded places with Koch, manager since the first of the season. The line-up today will be McKnight, ss, Mitchell, 2b; Ward, rf; Czeman, c; Shriver, lf; Foy, 3b; Edwards, cf; Gray, 1b; and Garrote, p.

### Baptist Revival to Close Tonight

Rev. C. E. Lancaster, who has been preaching a series of revival sermons at the First Baptist church this week, will close out his stay here with a final sermon this evening. Rev. Lancaster has accepted the call to the pastorate of the First Baptist church here in response to the call of the Baptists.

The meeting has been attended by large audiences, especially at the night services, though crowds at the morning services have been moderately large.

Mrs. Lancaster arrived in Pampa Friday night. Mrs. Lancaster will be remembered by many friends in Pampa. While she was here more than ten years ago she taught in the public schools. Rev. and Mrs. Lancaster will remain in Pampa till Monday, when they will leave for Coleman.

Engagements contracted for before accepting the call here will make it impossible for the new pastor to be permanently on the field before August 1. In the meantime he will be in Pampa when his engagements permit.

### The Nail Keg

A column of news and views for Pampa people and our farmer friends.

Friday, May 30th is Memorial Day. Let us bow our heads for those who gave their all to the cause of their country. And let us not overlook those who yet live and who would if need be, answer their country's call again in behalf of humanity.

An interesting experience is that of O. R. Paris, of the Taylor Farm Dairy with a Six-Speed Special International Truck. This truck was delivered to him January 7th, 1929, and has run continuously since then.

Through rain, snow and hot weather, carrying always the brunt of the hauling. According to Jack, they have been too busy to take care of it, and yet, except for a wreck or two, no repairs have been necessary until this week, when it was run into our shop for an overhauling job, and should be good for another year's grind, 25,000 or 30,000 miles.

Among those to whom we have delivered new 22-36 tractors this week are Robert Hollis, Wm. Jackson and Lyman Jackson. They all know from experience what the international line is.

He: "Let's eat."  
She: "Dance too?"  
He: "Sure thing."  
He: "Hub, more Hoof and mouth disease!"

A suggestion to those who will have among their friends June brides: Supply them with various sets of beautiful Tiffin glassware. It is always appreciated.

TABLE  
He bought a used car for his bride.  
'Twas just as good as new.  
They toured the country far and wide.  
And never spent a sou.

Spend a little time investigating the A B C washing machine and you will save many a sou. Let us show you.

Frank Allison says: "Fortune

smiles on those who smile first." W. D. Benton, long time resident of this county has just finished plowing up a couple of sections of soil west of Hereford which he intends to put to wheat for next season. Bill is a very successful farmer, and if it is good he will find it out. We might mention too, that when he started down there, he took a new 22-36 International tractor with him, for sod takes power.

ONE REASON WHY GIRLS LEAVE HOME IS BECAUSE IT'S TWO P. M. AND TOO LATE TO GET ANY BREAKFAST ON THE PREMISES.

L. L. Garton, formerly of Pampa, now of Alamogordo, New Mexico, is visiting old friends here. He says conditions favor a wonderful fishing season in New Mexico this year. The season over there opens May 20th, and if you are planning a trip there this year, we would be glad to show you maps and outfit you with necessary tackle and equipment.

An experienced wife sees in her husband's unusual attentiveness a confession that he is ashamed of something.

### Ill 12 Years Konjola Wins Real Victory

Stubborn Case Soon Yields to Power of New Medicine—Grateful Lady Eager to Tell Others.

**MRS. LILLIAN LORANE**

"I suffered for twelve years from kidney trouble and nervousness," said Mrs. Lillian Lorane, Mablevale, Ark., near Little Rock. "My kidneys were in a very bad state and I was forced to rise many times each night. This naturally made sleep difficult. My nerves were in very bad condition and this seemed to affect my eye sight. I could scarcely go about my work and I was worried and discouraged. I seemed to have no energy for anything."

"I tried a great many medicines and treatments but nothing seemed to do me the least bit of good. I finally decided to give Konjola a trial and the benefit which I received from this medicine is almost unbelievable. Konjola built up my health until I am in better condition than I have been in years. My kidneys are normal and I can sleep without interruption. My entire system seemed to respond to this modern medicine and my friends all remark upon the improvement in my appearance."

Konjola has become the talked of medicine in America because it makes good. Taken after meals over a period of from six to eight weeks, this great medicine has made a remarkable record in the most stubborn cases.

Konjola is sold in Pampa at the City Drug Store and by all the best druggists in all towns throughout this entire section. Adv.

### New Golf Rules Announced—Fines for Infractions

Pampa golfers, who take their game seriously, have devised some rules calculated to make it more enjoyable for all.

These rules, they hope, will lessen the amount of justifiable profanity which sometimes prevails in the most select circles.

In the future, for instance, all greens must be left smooth by the players who have completed their putting. It is suggested that the losers of the hole do the work.

The pin must be replaced in, and not outside the cup.

Sand must be dragged toward the cup, and not off the greens.

Scotchmen may hunt for lost balls for more than five minutes. Driving from tee is forbidden until players ahead are at least 250 yards away.

Initialed lost balls are to be returned to the caretaker by the finders.

There is to be no practicing except on a practice green to be provided.

Fines of 10 cents for each offense will be assessed, payable to the caretaker.

Hereafter, non-members will pay \$1 playing privilege on week days and \$1.25 on Sundays. No change has been made in the status of members of the club, and guests of members will be on the same basis as members themselves.

Pampa Daily News,  
Pampa, Texas.  
Gentlemen:

We wish to sincerely thank you for the splendid co-operation given us on our formal soda fountain opening last week.

In spite of the cold and disagreeable weather the turn-out was excellent, making the day a huge success for us.

We give the advertising, carried in your paper, full credit for these results, as no other form of advertising was used.

Very truly yours,

**CITY DRUG STORE,**  
W. F. CRETNEY,
