Arrest of Pampan ends investigation

By DEBORAH BRIDGES
 Of The Pampa News

A night of intense investigative work was culminated this morning when local authorities arrested a Pampa man in connection with the alleged abduction-rape of a 47-year-old woman.
 Joe Wayne Talley, 23, of 627 N. Christy was arrested by Detective Lt. Roy Denman and Detective Michael Hartssock this morning as Talley arrived at work.
 The arrest resulted after authorities spent hours of investigation into the case.
 According to Chief of Police J. J. Ryzman, after two days of investigation, the case began to unfold at about 10:00 last night, when Denman and Hartssock contacted District Attorney Harold Comet.
 Ryzman said at this time, the D. A. decided the detectives had enough evidence to secure a warrant for the arrest of the suspect.
 After obtaining a warrant from Justice of the Peace Nat Lunsford,

the detectives continued the search until 5:20 this morning when they apprehended Talley as he arrived at his place of employment on East Frederic, Ryzman stated.
 Talley allegedly abducted the 47-year-old woman at knife point from her garage in central Pampa on the morning of Oct. 1.
 According to the Pampa police, he reportedly drove the victim to the east side of Pampa where authorities said the rape, also at knife point, occurred.
 Talley then allegedly drove the woman back into town and released her, unharmed, near her residence.
 The woman's abandoned vehicle was found by police about a block from the victim's home.
 After his arrest by Denman and Hartssock, Talley was charged with aggravated rape and taken to City jail.
 The alleged rapist was then taken to Gray County jail to await further legal proceedings in the case.

SALT II treaty facing uphill struggle without Cuban problem

WASHINGTON (AP) — Even if President Carter succeeds in severing SALT II from the furor over Soviet troops in Cuba, the treaty still faces an uphill struggle in the Senate.
 The timing and outcome of the chamber's debate are clouded by procedural delays, parliamentary maneuvering, filibusters and stormy debate over issues ranging from whether Soviet compliance with the treaty terms can be verified to demands for sharp increases in defense spending.
 The Senate's Democratic leaders want to begin floor debate this year to avoid entangling the treaty in the presidential and congressional contests of 1980.
 But majority leader Robert C. Byrd says that timing would hold only if the pact clearly has the 67 votes needed for ratification.
 On Tuesday, Byrd's Republican counterpart, minority leader Howard H. Baker of Tennessee, said that as of now there are probably fewer than 60 senators prepared to vote for the treaty.

And there are conflicting predictions as to when the treaty will reach the floor.
 Baker said it might be as early as late October, with debate limited to a month or less.
 But Sen. John Tower of Texas, chairman of the Senate Republican conference, said debate might be put off until March or April.
 The chairman of the Senate Foreign Relations Committee, Sen. Frank Church, D-Idaho, said he is prepared to end hearings on the pact and to proceed with the committee's consideration of proposed changes.
 But Church also says he believes there is no chance the Senate will ratify SALT II as long as the Soviet brigade is in Cuba.
 Senate aides say Church is considering a strategy to permit SALT II's ratification with a reservation stating that the treaty would not take effect until the president certifies the brigade has been withdrawn or dismantled.

Latest oil well capping attempt delayed by crack in cone

MEXICO CITY (AP) — A crack in a \$25 million U.S.-made steel cone forced Mexican oil workers to postpone their latest attempt to control the runaway offshore oil well in the Bay of Campeche that has stained beaches as far away as Texas, an official of the state-run oil company said.
 The PEMEX executive told The Associated Press Tuesday that the 125-ton inverted cone was lowered over the rogue Ixtoc 1 well last week in an attempt to control the gusher. But it cracked under water and had to be returned to Brown and Root, the manufacturer, in

Houston, Tex., the source said.
 "That cone cost us at least \$25 million," said the PEMEX executive who asked anonymity. "It is back in Houston right now being repaired. It was returned right after it cracked."
 PEMEX spokesmen said at the time operations were suspended that a gear on the derrick designed to lower the steel cap had been damaged and that repairs would take two weeks. But the executive who revealed the cone cracked said he did not know how long it would take Brown and Root to fix it.

Brown and Root officials were not immediately available for comment.
 The offshore blowout, the worst oil spill in history, occurred June 3 when a gas explosion cut the drilling tower like an acetylene torch. It has defied repeated efforts to tame it by Mexican, European and American troubleshooters.
 Over 110 million gallons of crude has surfaced from Ixtoc 1 since the blowout. It spewed out 1.25 million gallons of oil a day initially.

Ixtoc 1 is 500 miles south of the Texas border. Parts of the lower Texas Gulf Coast were coated by muck drifting from ribbons of reddish brown slick, some over 100 miles long, that seriously affected the tourist business in the area.
 Beachside businessmen demanded PEMEX cover their losses but President Jose Lopez Portillo rejected their plea because the United States fouled Mexican farmland in the Mexicali Valley in northern Mexico years ago with saline water from the Colorado River and never paid for the lost cotton crops.

School board looks at special library program for students

Two proposed educational programs were heard by the Pampa Independent School District Board of Trustees in yesterday's meeting at Carver Educational Service Center.
 Francis Wall, Library Coordinator of the Pampa Independent School District, presented the board with a report on a summer library program.
 The program is designed to give Pampa elementary students a library close to home and easy to get to by opening the school libraries on certain days of the week, Mrs. Wall stated.
 According to her report, the libraries would be staffed by two volunteers. Mrs. Wall passed around a sample schedule, which listed all the weekdays of June and told when each school library would be open.
 "We don't want this program to be in conflict with Lovett Memorial Library in any way," she stressed. Mrs. Wall added that it was intended to supplement the city library and help those students who found it hard to get to Lovett Memorial.
 It was explained by Mrs. Wall that the users or parents would be responsible for books taken out, and there would be late fines. She also said library cards would be issued before the beginning of the program.
 Vice President Bill Arrington stated he felt the program costing \$3,000 would be financially reasonable if it did help the approximately 25 to 30 students per class per school. Secretary

Buddy Epperson said the matter of volunteers would be discussed with the various PTA's.
 A report was given by Marjorie Gaut, Assistant to the Superintendent for Educational Services, on special education for gifted and talented students.
 According to Mrs. Gaut's study, after the Pampa Independent School District self-study in 1975, one of the five year improvement projects was to develop a program for students whose intelligence, talent and creativity need recognition and stimulation.
 At this time, Mrs. Gaut states in her report, the elementary, middle and high schools have some courses and opportunities which are geared for the high achievers.
 She goes on to say that under Texas law, the gifted and talented student has a legal right to programs or services appropriate to his or her special needs.
 To provide these services, Mrs. Gaut proposes a series of training sessions for teachers and administrators to help them plan for this special type of education. The participants will then develop tentative plans for a gifted or talented student program, refine the program plans for entry into the curriculum at at least one grade level, and finally implement the program in the 1980-1981 school year.
 After the two reports, the Board of Trustees went into executive session, where no action was taken, and the meeting was adjourned.

Canadian to host 'Fall Frolic'

The Canadian Kiwana's club is sponsoring Canadian's first Fall Foliage Frolic, a jogging marathon and tour of the fall foliage, in Canadian, Oct. 20.
 The Fall Jogging Marathon, in conjunction with the county's annual Fall Foliage Tour, will be staged on Lake Marvin Road. Included in the marathon is a 10 mile run and a five mile run. Virtually all ages are invited to compete in the jogging marathon.
 Marathon spokesman, Tommy Hobby, said it will be broken down

into several age categories. The 10 mile run is for fellows of all ages and the five mile run for male and female couple teams.
 First place trophies will be awarded in all categories, along with second and third place medals.
 Entry fees will be five dollars per person, and \$10 for couples. The fees should be mailed to: Tommy Hobby, Box 218, Canadian, 79014.
 Entry blanks can be picked up at Hobby Motor Co. in Canadian.

THIS SPORTS CAR is not on sale for its stereo value but crashed into this sign yesterday to set up this interesting photograph. Officer Bailey of the Pampa Police Department investigates the unusual accident. (Staff photo)

What's Inside

Weather

The forecast calls for partly cloudy and cooler conditions with wind and blowing dust, becoming fair tonight and Thursday. The high will be in the low 70s, the low in the low 40s. Winds will be northerly 25 to 35 mph and gusty, decreasing to 15 to 25 mph and northeasterly this afternoon.

TEXAS GOVERNOR and Mrs. William Clements, Jr., join in the Mardi Gras procession Tuesday night at the Mardi Gras Ball held for the Southern Governors Conference. (AP Laserphoto)

DPS, county squabble stalemated

JOURDANTON, Texas (AP) — The dispute between Atascosa County officials and the Department of Public Safety over two controversial state troopers has become a stalemate with no apparent quick and easy solution, both sides have indicated.

Atascosa County's six state troopers spent a second day Tuesday locked out of their county-owned command post and answering only emergency calls inside the county. Meanwhile, the county judge and the DPS director have unsuccessfully attempted to resolve the situation.

The DPS vacated the building and suspended regular traffic patrols Monday after refusing to bow to county demands to transfer patrolmen Earl Conaway, 32, and Albert Rodriguez, 26, who have spearheaded a recent crackdown on drunken drivers.

That crackdown has led to drunken driving charges against sons of two prominent local politicians, including the county commissioner who sponsored the Sept. 19 eviction resolution.

Officials in the rural South Texas county maintain that Conaway, who is black, and Rodriguez, a Mexican-American, have "harassed" residents. They say such "harassment" prompted the order, not the drunken driving arrests of prominent citizens or racism.

County Judge O. B. Gates has met in Austin with DPS Director Wilson Speir and both have indicated more meetings would take place. But both said Tuesday that no solution has been reached.

"The situation has not been resolved," Speir said Tuesday. "We are maintaining contact with Atascosa County officials and looking into the matter further. I don't know what we will do or how long it will take."

Gates was more optimistic, but agreed there would probably be

no quick solution.

"I think things are in good shape now. Both parties are working together, which is what we thought all along. It will be awhile before things are back together. With things like this, you don't put them back together overnight," he said.

The six troopers worked out of their Atascosa County homes Monday and Tuesday, confining their routine traffic patrols to adjoining counties, said DPS Capt. Randol Gilmore.

Gilmore, who credits the two troopers with cutting the county's traffic death rate in half, described the situation Tuesday as "a stalemate."

DPS Lt. Roy Williams and Gilmore have said the county stands to lose about \$20,000 per month in fines from DPS traffic cases. None of those fines go to the state, they said. The county's 25 sheriff's deputies, constables and city police officers usually do not regularly patrol the highways.

"It will definitely hurt the county financially," said Williams. "But we are not concerned about finances or generating revenue. Our job is to keep the highways safe."

Conaway, Rodriguez and DPS officials feel the eviction order was prompted by the drunken driving arrests of Plez William Hall, son of Pleasanton Mayor Travis Hall, and Thomas James Tausch, son of Commissioner Smith Tausch.

The six troopers also feel racism has aggravated the problem. Commissioner W. W. Westbrook, who abstained on the resolution vote, agreed with Gates that racism or the drunken driving arrests did not prompt the order. "That didn't have thing to do with it," he scoffed Monday.

Alley changed to one-way during commission meeting

By DEBORAH BRIDGES
Of The Pampa News

The Traffic Commission decided to recommend the alley from Charles to Russell streets in front of Pampa High School be changed to one-way traffic going east in yesterday's Traffic Commission meeting at Furr's Cafeteria.

According to A. B. "Jiggs" Cooke, Director of Public Works for Pampa, high school students had been using it for a "race track." Pernal Scoggins, chairman of the Traffic Commission said, "Some kid took off down there and tore down a fence or something." Cooke also related the students had been parking in the alley. This had caused problems with the garbage collection vehicle being able to go down the alley to pick up trash.

It was suggested that the alley should be made a one-way alley going east. Lee Fraser felt this might be "encouraging traffic in the alley instead of discouraging it." Towing away parked cars was also suggested as a means of helping the situation.

In other Traffic Commission business, Chairman Scoggins stated the traffic survey may be finished as early as the first of November.

Scoggins reminded the Commission of the first reading of the proposed downtown parking ordinance and the two hour parking on Cuyler

ordinance, which will be in the City Commission meeting on Oct. 9.

According to Mack Wofford, Scoggins stated, Don Lane is presently looking into the legal aspects of giving six parking places to the White Deer Land Museum. Clotilde Thompson of the museum asked for four regular parking places and two for handicapped.

According to Scoggins, there is still no official word from the State on the traffic lights for Decatur and Hobart and at 23rd and Hobart.

Scoggins checked with the Chief of Police J. J. Ryzman on the intersection of Cuyler and Atchison which was brought up by local businessmen in the last meeting. "According to Ryzman," Scoggins stated, "There have been, this year, two accidents at Tyng and Cuyler, three accidents at Atchison and Cuyler and four accidents under the overpass." He went on to say Chief Ryzman felt this was no bigger problem than any other intersection in the city.

Cooke said the intersection was "working smoother now than it ever has before."

The Commission decided to table the matter for the moment.

Floyd Sackett reported he had not been able to get together with Kay Fancher on talking with Judge Kennedy about the court house parking and added they would try to get that done in the next week or so.

Chairman wants refugee influx slowed down

AUSTIN, Texas (AP) — The chairman of a legislative committee on health services says the federal government should slow down the influx of Southeast Asian refugees.

Rep. Mike Ezzell, D-Snyder, Tuesday challenged Dr. Vernon Houk after the U.S.

Center for Disease Control official said a "worst case scenario" shows the refugees will not cause a health problem for Texas.

The comments came at a meeting aimed at informing state and county health officials about federal handling of refugees.

Houk said the immigrants will bring some disease — but not enough to cause an "insurmountable problem." Officials have expressed fear of tuberculosis, leprosy and venereal diseases among the refugees.

After the meeting, Ezzell disagreed with

Houk's optimistic prediction. He said the 1,400 refugees who come into Texas per month may have an impact on public health.

"I think the picture is worse than Dr. Houk wanted to paint it," said Ezzell.

Pampa man stable after 3-car accident

A 24-year-old Pampa man was listed in stable condition in an Amarillo hospital this morning after suffering injuries in a three-car accident north of Pampa Sunday night.

According to Department of Public Safety reports, Leon Garza of 213 E. Kentucky was injured at about 11 p.m. Sunday in Roberts County while working on his disabled car 12.6 miles north of Pampa on Highway 70.

Garza's vehicle, a 1974 Chevrolet, was parked on the southbound side of the road without its parking lights on, according to reports. He had stopped to work on his car, which had lost a fanbelt.

A 1973 Ford owned by Fonda Howard was parked facing the Garza vehicle with its headlights on to aid Garza as he and William Linwood Clark, 29, of 1130 1/2 Christine worked on the vehicle.

A southbound 1976 Pontiac driven by David Raymond Rodriguez, 18, of 3105 S. Harrison in Amarillo approached the two vehicles. A DPS spokesman said Rodriguez apparently became confused when he saw the headlights on the Howard vehicle and swerved to the right, driving the two parked cars together.

One of Garza's legs was nearly severed when he was caught between the two vehicles, according to DPS reports, but a nurse at Amarillo's High Plains Baptist Hospital said this morning that amputation had not been necessary and Garza was in stable condition.

Rodriguez and two passengers in his car, 17-year-old Sherry Slope of Route 3, Box 450 in Amarillo and 21-year-old Renetha Olsen of 3105 S. Harrison in Amarillo suffered cuts and bruises in the accident. Also injured were Clark and Darrell Elwood Hext, 23, of 1041 S. Banks. Both suffered cuts and bruises. All of the injured were taken to Highland General Hospital by Metro Ambulance. Garza was later transferred to the Amarillo hospital.

Rodriguez was cited for having no driver's license or Texas registration. Garza was ticketed for parking on a roadway without headlights and Clark was cited for parking facing traffic.

DPS troopers Jim Blodgett and Steve Easterly investigated the accident.

MARY ELLEN AT HARVESTER CHURCH OF CHRIST INVITES YOU To Attend a Series of Lessons on ARCHAEOLOGY AND THE BIBLE

DR. B.J. HUMBLE

Dr. B.J. Humble is head of the Department of Bible at Abilene Christian University. He attended Freed-Hardeman College, Abilene Christian University, the University of Colorado, and received his Ph.D. from the University of Iowa.

Dr. Humble spent a number of years in full-time church work in Missouri and Kentucky, then joined the ACU faculty in 1964, and served as Vice President for Academic Affairs for nine years.

Dr. Humble is interested in mission work and has made three preaching tours through Asia, Africa, and South America.

He has published a filmstrip on the restoration movement entitled "Back to the Bible" and one of Biblical archaeology called "Proof from the Past." He has also given illustrated lectures on these subjects at many congregations. He is a staff writer for the Firm Foundation.

Dr. Humble and his wife Jerry have two children, Eric and Rebecca, and two grandchildren.

- DO YOU KNOW... How a goat led to the greatest archaeological discovery of modern times?
- Why Masada should be called "Israel's Alamo"?
- That archaeologists have discovered a 1700 year old baptistry?
- That the Babylonians had records of a flood and an ark?
- How many of the Dead Sea Scrolls were Old Testament manuscripts?

- Friday-October 5 - 7:30 p.m. "THE WORLD OF ABRAHAM AND MOSES"
- Saturday-October 6 - 7:30 p.m. "ARCHAEOLOGY AND THE OLD TESTAMENT"
- Sunday-October 7 - 10:00 A.M. "THE DEAD SEA SCROLLS AND THE BIBLE"
- Sunday-October 7 - 11:00 A.M. "ARCHAEOLOGY AND THE NEW TESTAMENT"
- Sunday-October 7 - 6:00 P.M. "MASADA: A CALL TO COMMITMENT"

All Five Lessons will be Illustrated with Colored Slides.

Hupp heads UF budget, admissions committee

A difficult position to fill in any United Fund campaign is that of budget and admissions chairman. Handling that role in Pampa's 1979 United Fund effort is Ray Hupp, a second-year United Fund board member.

His responsibilities include satisfying the agencies and deciding controversial issues, as well as reporting his committee's findings to the board of directors.

"The United Fund of Pampa, directed by volunteers, benefits a vast portion of our community at a minimal cost," he says, "and truly reflects the pride of all the residents of the community."

Hupp, personnel director at Cabot, was a member of the employee committee last year and was active in Amarillo United Fund for five years.

A graduate of West Texas State University, he represents Gray County on the Panhandle Regional Planning Commission and is a member of Hilland Christian Church.

He and his wife, Katy, have three children, Ray, Jr., 12, Eric, 11, and Mitzi, 6. They live at 2216 Lynn.

RAY HUPP

Crippen joins Sandra board

B.D. Crippen, manager of the Pampa Sandra Savings Center, recently was named to the board of directors of the Sandra Corporation.

Announcement of the appointment was made by Delmar Watkins, president of the company.

Crippen, manager of the Pampa store since its opening in 1963, replaces Jim Anderson, former general manager of the board. Anderson retired from active service with the Pampa-based firm earlier this year.

The Sandra Corporation operates 21 mass merchandising stores in Texas, Oklahoma and New Mexico.

In announcing the appointment of Crippen to the board, Watkins stated that the experience and knowledge of Crippen in the operations of the company's stores will be a great benefit to the overall plans of the company, as well as adding

BOBBY CRIPPEN

to the present operational programs.

Crippen will continue to serve as a trustee for the company's employees' profit-sharing trust.

He and his wife Jean have two children, Mike, a student at North Texas State University, and Lori, a student at Austin Elementary in Pampa.

DR. LAMB

Depend on qualified sources

By Lawrence Lamb, M.D.

DEAR DR. LAMB — Recently a member of our family had the three-hour glucose tolerance test. It was found that she had diabetes and she was put on a 1,500 calorie diet. She can't have sugar in any form and limited starches.

A friend said to us the test doesn't really prove it's diabetes. He claims to have diabetes but his doctor allows him sugar and alcohol. We are confused and would appreciate your comments.

DEAR READER — One of the biggest sources of confusion is listening to unqualified people. Your friend, no matter how much you may like him, is not a doctor and he may be misrepresenting what his doctor told him. And, in any case, his doctor would have been talking to him in reference to his case and not in reference to the member of your family who has diabetes. The old saying, "Different strokes for different folks," is particular-

ly true in medicine. Each patient is different.

I would like to say emphatically that I don't think any diabetic should be using alcohol in any form. Alcohol neutralizes or uses one of the important enzymes in the liver used to metabolize sugar or glucose made from other foods. It can affect your blood sugar level.

The fact that the doctor prescribed a 1,500 calorie diet suggests that he thought some weight loss was in order. Many people who have elevated blood glucose levels as determined by such glucose tests will develop normal responses if they get rid of their obesity. Eliminating sugar is helpful in this regard.

Of course, you have to interpret the glucose tolerance test in relationship to the individual patient, but assuming that the patient is properly prepared and that the results were unequivocal, it's a pretty good test.

To give you a better idea of how glucose tolerance tests are used and how the diagno-

DEAR ABBY

Reader says immigrants built nation

By Abigail Van Buren

DEAR ABBY: You said we should open our doors to the "boat people," because we all came from other countries and were made welcome, right?

Wrong! When our country was new, we had plenty of wide open spaces and needed help from the immigrants to build our nation.

We needed the Chinese to build our railroads, the Scandinavians to work our forests, the Finns to work in our mines, and the Germans to work in our factories. We needed the Jews to teach us business, the Italians to teach us how to make wine, and the Irish to teach us how to fight!

I hope I didn't leave out anybody.

AL IN ALBUQUERQUE

DEAR AL: How about the French who taught us to make love? And the Austrians who taught us to make strudel? And what did we learn from the Hungarians, the British, the Slavs, the Scotch, the Russians, the Spanish, the Swiss? Readers?

DEAR ABBY: This problem is mine only indirectly, but because I love the person whose problem it is, I am asking for your help.

This lovely lady has met with a terrible tragedy. She lost her dog. It wasn't just an ordinary dog, Abby, it was a Shih-tzu, and a more lovable and intelligent dog I've never seen. He was almost human, and my friend couldn't have loved her own baby more.

She placed ads in all the local newspapers, and begged the

TV broadcasters to mention it, offering a large reward for its return. (They refused.) She even called a service in San Francisco whose business it is to find lost pets. Nothing has worked.

My friend hasn't been able to sleep or eat since she lost her dog, and I am afraid of what might happen to her. Can you help?

CONCERNED FOR CAROL

DEAR CONCERNED: Only one who has lost a loving pet can know how Carol feels. But she must accept the fact that she may never see her precious dog again, and learn to deal with her grief. I suggest she quit looking for the dog and find a therapist instead.

DEAR ABBY: The man I am married to is very intelligent about most things, but he has one childish fault. Every time he hears a siren he has to follow it. We have been late to more places because this thrill-seeking nut of mine has chased a fire engine, ambulance or squad car. He never misses your column, so maybe if you mentioned this, you'd make an impression. I can't get through to him.

IDA-IN ALBANY

DEAR IDA: It's people like your husband who make it difficult for firemen, police and rescue squads to reach the scene where they're desperately needed. Many lives have been lost, and property destroyed, because thrill-seekers have created a traffic problem. Tell your overgrown boy that if he doesn't pull over to the curb when he hears a siren, HE is in violation of the law!

Racial prejudice hard to overcome

By ROBERT WALLACE, Ed.D.

Dr. Wallace: I'm a white 16-year-old girl and want to date a certain boy but my parents say no because he is black. I'm aware of the problems and hassles that we would face but we are ready to face them.

Is there anything that I can do to make them change their minds? — Claudia, Klamath Falls, Ore.

Claudia: Racial prejudice runs deep and very little can be done to change it.

My advice would be to honor your parents' wishes as long as you live at home. When you are on your own, naturally, you can do as you please.

Dr. Wallace: I'm 16 and dating a 16-year-old boy. My problem is that he constantly bugs me. He likes to play stupid games like squirting water on me or putting catsup on my dress.

I tell him to stop but he won't listen. What can I do? — Joan, Everett, Wash.

Joan: The next time he acts like a 4-year-old (some 4-year-olds act more maturely), tell him to take you home immediately. On the way home, inform him if he does these stupid things again, that your friendship has ended — and mean it!

Dr. Wallace: I'm 12 years old and my problem is that I can't get to sleep at night. I've tried exercising, reading and watching TV, but it doesn't help.

My aunt says that it is because astrologically I'm a Taurus and I'm supposed to be a night person. Is this true? — Debbie, Porterville, Calif.

Debbie: Try a glass of warm milk and a warm bath before bedtime. If this doesn't work, have mom make an appointment with your family doctor.

As for your aunt, she means well, but...

Write to Dr. Robert Wallace, TWEEN 12 and 20, in care of this newspaper. Please enclose a stamped, self-addressed envelope.

Retarded Citizens' Association elects officers for new year

The Gray County Association for Retarded Citizens met Monday evening to elect officers.

Mrs. Lorene Postma, 2224 Dogwood, will lead the group this year as president.

The group is collecting aluminum cans for cash to send youngsters to Austin this spring for the Summer Olympics events. Cost per participant is about \$120. Persons interested in donating aluminum for this cause should contact Mrs.

Postma or any Plan A teacher in the Pampa school system.

Sherry Carlson, Special Olympics chairman, will present a slide program Thursday at the Lions Club luncheon. Subject of the presentation is last summer's Olympic events in Austin.

In other business, the association agreed to secure a new set of dental plates for a local citizen whose plates were stolen.

Birkes attending state meeting

Wallace Birkes, chairman of the directors of the local Soil and Water Conservation District, is in El Paso attending the 39th annual meeting of the Texas Soil and Water Conservation District.

About 900 delegates are expected at the meeting, which runs through Thursday. This year's theme is "Challenge of the '80s'."

Delegates are reviewing developments affecting Texas Conservation programs and

planning future conservation programs and activities.

John Henry Faulk, author, humorist and historian, will be the featured speaker at Wednesday evening's banquet. Other speakers on the agenda include Neil Sampson, executive vice president of the National Association of Conservation Districts, State Senator Grant Jones of Abilene, Congressman Richard White of El Paso and Charles Stenholm of Stamford.

Meeting Notices

Twelve interested mothers last week attended an organizational meeting for a local Mothers of Twins club.

The group discussed state and national affiliation and decided to elect officers in November.

Christy Oxley, coordinator of the organizational effort, stressed that the club was open to all area mothers of twins. For more information, call her at 665-1116.

The next meeting will be Oct. 9 at 7:30 p.m. in the Flame Room of the Pioneer Natural Gas Company.

La Leche League of Pampa will meet Thursday at 7:30 p.m. at 1136 N. Terrace, for a discussion on the art of breastfeeding and overcoming difficulties related to breastfeeding.

Interested area women are welcome to attend. For more information or assistance, call leader Sandra Brady at 665-6774.

Third in Texas travel series goes on sale in November

The "San Antonio - Border" edition of the "Eyes of Texas Travel Guide" goes on sale Nov. 1, according to representatives of the Cordovan Press of Houston.

Third in the travel series, the edition features more than 400 photographs illustrating 38 Central and West Texas counties.

The series is based on the television program "Eyes of Texas," which is shown weekly in Houston, San Antonio, Austin, Beaumont, Victoria, Corpus Christi, Midland, Tyler and Lufkin. The program is acclaimed as the oldest travel and historical TV series in Texas.

Ray Miller, who hosts the program, is author of the series. The first two editions, "Dallas - East Texas" and "Gulf Coast," may be the most heavily purchased regional books in Southwestern publishing history.

Former Texas governor John Connally wrote the foreword for the San Antonio - Border edition.

The edition sells for \$6.95 for softcover and \$9.95 for hardcover copies, plus six percent tax.

Miller will autograph a limited number of hardcover copies. Reservations for these autographed copies may be made through Nov. 1 by writing to Cordovan Corporation, 5314 Bingle Road, Houston, Texas 77092.

PRESIDENT CARTER and First Lady Rosalynn applaud along with House Speaker Thomas P. O'Neill of Massachusetts at the end of an evening performance of country music at Washington's Ford's Theatre Tuesday. (AP Laserphoto)

White still has hope for payment of damages

AUSTIN, Texas (AP) — The Attorney General of Texas says he thinks Mexican President Jose Lopez-Portillo may not have completely closed the door to paying for damage from a runaway Mexican oil well.

Lopez-Portillo said Monday Mexico will not pay Texans for damages from the world's largest oil spill because the United States did not pay when salt water from the U.S. ruined Mexican croplands in 1972.

But Attorney General Mark White said Tuesday he views those remarks as an opening to start negotiations, not the last word on the subject.

"I believe ... there is some linkage with the problem of salinity in the Colorado River," White said.

White admitted the chances for a settlement "are going to be remote" in light of Lopez-Portillo's remarks, but said "I think we have seen, in this salinity thing, hopefully an area of negotiation. I am glad to see we have some possibilities."

Three spill-related damage suits totaling \$355 million have been filed against Pemex, the Mexican oil monopoly; Permargo, a private Mexican drilling contractor; and SEDCO, the Dallas-based oil company which leased Pemex the equipment used on the blown-out well.

White has threatened similar action on behalf of the state, but said a federal judge has given him an Oct. 23 deadline. White said he hopes for a

delay because of State Department negotiations with Mexico.

"We are trying to make sure we don't do anything at this juncture that would impair their efforts," he said.

Meanwhile, residents near South Padre Island, where the oil slick hit hardest in Texas, are venting their anger not at Mexico but at their own government.

"I can't place the blame on the Mexican government if we have that much weakness in Washington," said South Padre Island Mayor Glen McGehee, who contends government concern for the stricken area has taken a back seat to buying Mexican oil and gas.

"It comes down to the fact that we're nothing but a pawn in the oil and gas negotiations and they'd sell us down the creek to get the price they want," McGehee said.

Tourist officials on South Padre Island claim they lost at least half their normal summer business after the oil hit the beaches in August.

Oil still gushes from the well at the rate of 10,000 barrels a day, but none of it now threatens Texas beaches, which have been cleaned by hand. McGehee said between 800 and 1,200 people lost jobs because of the tourism slump, although Texas Employment Commission officials in Brownsville said they have received few requests for unemployment benefits.

Firm wants to sell sex insurance

AUSTIN, Texas (AP) — An insurance company wants the chance to offer malpractice insurance to Texans who try to help other Texans improve their sex lives.

National Union Fire Insurance Co. of Pittsburgh will get a State Insurance Board hearing Nov. 13 on its request for approval of its possibly unique professional liability policy.

For \$125 a year, a sex therapist, sex counselor, sex educator or sex researcher could get coverage of \$100,000 per claim, up to \$300,000 a year.

National Union's policy would pay claims and court judgments "arising out of the performance of professional services as a professional sex therapist, sex educator, sex counselor or sex researcher."

County short of troopers

KAUFMAN, Texas (AP) — There's quite a contrast between Atascosa and Kaufman Counties in Texas. Both counties are concerned about their law enforcement situation involving Department of Public Safety troopers, but that's where all resemblance ends.

In Atascosa County, officials want to get rid of all their DPS troopers. In Kaufman County, they say they don't have enough.

The trouble in Atascosa County stems from a DPS crackdown on drunken driving which resulted in the arrest of the sons of two high-ranking local politicians.

One of them, County Commissioner Smith Tausch, spearheaded a move to get the troopers evicted from their county-owned building, and the county judge spoke personally to DPS Director Col. Wilson Speir about removing all six troopers from the county completely.

But Kaufman County is down to one full time DPS patrolman, after a rash of resignations during the spring, and has made several requests for more, all to no avail.

"Send us all the troopers you can get from anywhere you can get them," said Kaufman County Sheriff Roy Brockaway Tuesday. "We'll trade even with Atascosa County."

Brockaway has put all his investigators on county patrol duty since five of the six Kaufman County DPS troopers quit to take private security jobs in Dallas.

"I know it's not funny," said DPS spokesman Bill Carter in Austin, "but in a way it is. Here we have one county wanting to expel its DPS officers and can't, and another county wanting more officers and can't get them."

Carter said the biggest problem is a shortage of troopers, and a shortage of recruits to fill the 113 patrol slots currently vacant.

Higher prices pushing up costs for program

WASHINGTON (AP) — Higher prices for key farm commodities have pushed up the costs of the Food for Peace program significantly, according to the latest Agriculture Department figures.

Officials said Tuesday it will cost an estimated \$881.2 million to ship about the same tonnage of food, cotton and tobacco to needy countries in the fiscal year that began Oct. 1 that was provided by an expenditure of \$785 million in 1978-79.

Under Secretary Dale E. Hathaway said \$784 million of the planned \$881.2 million for this fiscal year was "tentatively allocated" to 29 foreign countries.

The remainder of \$97.2 million "has been set aside as a reserve" to meet the needs of other countries expected to be added to the list for Food for Peace aid, he said.

Counting the reserve, the total funds are expected to provide about 4.4 million metric tons of food commodities — wheat, rice, feedgrains and vegetable oil — plus some cotton and tobacco.

Last year, according to comparable figures provided by USDA at the request of a reporter, 4,378,000 metric tons of the food commodities were "programmed" to recipient countries, plus cotton and tobacco.

Cotton shipped under the program last year totaled about 55,000 bales, according to the report, compared to 66,000 estimated for 1979-80.

Tobacco shipments last year totaled less than 700 metric tons against the planned total this year of only 200, the reports showed. A metric ton is about 2,205 pounds.

The quantities and dollar values listed by USDA involve the long-term credit portions of Food for Peace.

A much smaller part of the program — called Title II — involves donations of food commodities administered by other federal and by private relief agencies. It is expected to involve a minimum of 1.6 million metric tons of food aid.

As it has in recent years, Egypt will get the largest share of this year's food assistance — some \$275.1 million worth of commodities.

Wheat is the principal food commodity under the program, accounting for an estimated 3,565,000 metric tons in 1979-80, including 398,000 held in reserve. That is comparable to the wheat tonnage allocated last year.

The rice shipments tentatively are estimated at 400,000 metric tons, including 52,000 held in reserve; feedgrains, 325,000 metric tons and none in reserve; and vegetable oil, 110,000 and 14,000 in reserve.

By law, at least 75 percent of food aid must be allocated to "friendly" countries which meet the International Development Association poverty criterion of having an annual per capita gross national product of \$625 or less.

The initial allocations in the "poor country" category included: Bangladesh, \$74.4 million; Bolivia, \$17.3 million; Egypt, \$275.1 million; Ghana, \$12.7 million; Guinea, \$7.4 million; Guyana, \$2.6 million; Haiti, \$9 million; Honduras, \$2 million; Indonesia, \$101.3 million; Mozambique, \$5 million; Pakistan, \$40 million; Sierra Leone, \$1.2 million; Somalia, \$11.7 million; Sri Lanka, \$23 million; Sudan, \$20 million; Tanzania, \$5 million; Zaire, \$15.7 million; and Zambia, \$12.5 million.

Countries in the category above the poverty line and their 1979-80 tentative Food for Peace allocations included:

Dominican Republic, \$15 million; Israel, \$1 million; Jamaica, \$10 million; Jordan, \$1 million; South Korea, \$40 million; Mauritius, \$2.8 million; Morocco, \$6.5 million; Peru, \$20 million; Portugal, \$40 million; Syria, \$2 million; and Tunisia, \$9.8 million.

WASHINGTON (AP) — Meat imports from Nicaragua, banned more than three months ago, are now eligible to resume but under tight restrictions, says the Agriculture Department.

Assistant Secretary Carol Tucker Foreman said Tuesday the meat "will be subject to intensified residue testing" for chemicals so it "meets U.S. standards for wholesomeness."

Meat imports were suspended June 15 because "unsafe travel conditions" during Nicaragua's civil strife prevented USDA officials from making quarterly reviews of meat plants to see if they met U.S. standards.

Ms. Foreman said the rate of sampling for chemical residues will be doubled, and that all shipments will be held at U.S. ports of entry until the meat samples are analyzed and the products found to be in compliance.

The United States is offering technical assistance to the Nicaraguan government in putting into effect a tighter meat inspection program.

About 70 million pounds of meat was imported from Nicaragua last year, only about 3 percent of the total foreign meat that entered the U.S. market, she said.

Virtually all was frozen beef used to make hamburger and other processed items.

WASHINGTON (AP) — Representatives of the Soviet Union are scheduled to meet with Agriculture Department officials today and Thursday to talk over Russia's grain import needs in the coming year.

The semiannual consultations are required by a five-year agreement that pledges the Soviet Union to buy minimum amounts of U.S. wheat and corn annually, at least 6 million metric tons.

Russia can, if it chooses, buy up to 8 million metric tons a year without getting further U.S. approval. The new agreement year began Oct. 1, the fourth year of the pact.

In each of the last two years, U.S. officials gave Russia permission to exceed 8 million tons, and unofficially have cleared the way for it to buy at least 13 million tons in 1979-80. Some trade reports have circulated that the United States plans to offer the Soviet Union the opportunity to buy a total of more than 20 million tons in the coming year.

The United States has bumper grain crops this year, compared to short harvests in the Soviet Union. Thus, USDA officials have said plenty of grain will be available for sale, if Russia wants it.

Sales of U.S. wheat and corn the last two years have been around 15 million metric tons in each, and some observers think the Soviets will want to buy more than that in 1979-80.

So far for delivery through next Sept. 30, Russia has already bought more than 8.2 million metric tons, including about 4.7 million corn and 3.5 million wheat.

New testimony presented in Davis trial

FORT WORTH, Texas (AP) — David McCrory's boss injected new testimony into the Cullen Davis murder-solicitation trial and chief prosecutor Jack Strickland indicated his intentions to explore the new material and find out why it wasn't presented earlier.

Art Smith, president of the Davis-owned Jet Air Corporation, took the stand late Tuesday to discuss the hiring and dismissal of McCrory during 1978.

McCrory is the star state witness in the trial, testifying Davis tried to get him to arrange the murders of several people that summer, including Davis' divorce judge Joe Eidson.

Instead, McCrory says, he went to the FBI and informed on Davis, leading to the millionaire's arrest Aug. 20, 1978.

Smith said he hired McCrory as a sales representative, at Davis' request, and paid him a salary of \$20,000 despite a lack of previous experience.

Great buy for a young man.

\$50,000 20-year decreasing term life insurance for about \$15 a month, if you're 25, for example.

Astro-Graph

by bernice bede osol

October 4, 1979

Good things are in the offing for you this coming year where your work or career is concerned. Do a good job and be a producer. Your efforts will receive their just rewards.

LIBRA (Sept. 23-Oct. 23) It's nice to be laboring at your side today. You'll go out of your way to be kind and helpful to coworkers who are in need of a little consideration. Find out more of what lies ahead for you in the year following your birthday by sending for your copy of Astro-Graph Letter, Mail \$1 for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

SCORPIO (Oct. 24-Nov. 22) Balancing-out your day between fun and work will put you in a more positive frame of mind. Get done what needs doing, but also take time to enjoy yourself.

SAGITTARIUS (Nov. 23-Dec. 21) Quiet satisfaction could be derived today from activities revolving around the family. Center your attention on those with whom you share your heart.

CAPRICORN (Dec. 22-Jan. 19) Awareness of others' needs makes you a compassionate person to be around today. When it comes to decision-making, you'll let this guide you.

AQUARIUS (Jan. 20-Feb. 19) Your instincts pertaining to material things are very astute today. If you let your inner voice direct you, this should be a profitable day.

PISCES (Feb. 20-March 20) You have a strong sense of self-awareness today and this is good. However, take care not to be too self-serving; look out for others as well.

ARIES (March 21-April 19) You're extremely impressionable today, which isn't all bad if the people with whom you choose to associate are worthy of imitation. Select your company wisely.

TAURUS (April 20-May 20) Humanitarian impulses direct your activities today. You'll be looking to occupy your time with what you deem to be worthwhile causes.

GEMINI (May 21-June 20) If you don't have a definite goal today, instead of wondering what to do with your time be of service to others. You'll find success for yourself as well.

CANCER (June 21-July 22) Wishful thinking must not be allowed to cloud your judgment today. Focus on realistic facts if you find yourself daydreaming.

LEO (July 23-Aug. 22) It would be very easy to deceive yourself today concerning matters of finances. Be especially careful if handling another's funds or resources.

VIRGO (Aug. 23-Sept. 22) When dealing with others today, you could have a tendency to be a bit too vacillating and leave them confused about your intent. Mistrust could result.

Pampa, Amarillo High waging battle of statistics

Pampa and Amarillo High are battling it out for most of the top spots on District 3-AAAA's statistical charts, according to figures released Tuesday by loop statisticians Les Giles.

The Harvesters are the only team in the league averaging over 300 yards per game offensively, and the team's 334.7-yard per game clip is well ahead of the Sandies' 264.2 mark.

But AHS holds the edge in the defensive stats by limiting opponents to a mere 158.5 yards per game. The Harvesters, meanwhile, are surrendering 188.7 yards per game, but those two teams are the only 3-AAAA squads yielding less than 200 yards per contest.

Caprock's Bobby Short has taken over the rushing leadership from Doug Kennedy, who played mostly a blocking role in Pampa's 26-0 win over Borger Friday night. Short has rushed 81 times for 403 yards, while Kennedy's 62 carries have netted 352 yards. He's just ahead of Mark Mathiasmeier of Amarillo High, who has 351 yards on 68 totes.

Harvester Doug Smith vaulted to fifth on the rushing chart (41 attempts for 199 yards) with his 94-yard performance against Borger, while Pampa's Arthur Lee Williams holds down the ninth spot at 139 yards on 37 carries.

Pampa's backup quarterback, junior Sam Edwards, is the top passer in the district, according to the rating system. With 10 completions in 14 attempts with two interceptions and two touchdowns, Edwards' 94.0 rating ranks the highest.

Palo Duro's Ted Anthony leads in total yardage with 277, however. He's connected on 12 of 30 aerials for 1 TD with two interceptions and has an 80.7 rating.

Harvester signal-caller Greg Quarles is 17 of 39 for 265 yards with two touchdowns and three interceptions. His rating is 52.1.

Despite a reception-less night at Borger, Pampa's Steve McDougall leads the receiving leadership with 12 catches for 207 yards, Jimmie Rifenberg of AHS is second at 10 catches for 119 yards, while Palo Duro's Mike Wafford has caught six passes for 221 yards — an astounding 31.6-yard average.

After a four-catch, two-touchdown performance against Borger, Pampa's Keenan Henderson is fourth on the list with six catches for 97 yards.

And with his two-yard touchdown plunge against the Bulldogs, Harvester Bobby Dorsey leads the district's scorers with 24 points.

Here are the district statistics through four weeks of the 1979 season:

Total offense	
Pampa — 914 rushing, 425 passing, 1339 total, 334.7 average.	
Amarillo High — 843 rushing, 214 passing, 1057 average, 264.2 average.	
Caprock — 625 rushing, 212 passing, 837 total, 209.2 average.	
Tascosa — 602 rushing, 193 passing, 795 total, 198.7 average.	
Palo Duro — 327 rushing, 426 passing, 753 total, 188 average.	
Total defense	
Amarillo High — 339 rushing, 295 passing, 634 total, 158.5 average.	
Pampa — 423 rushing, 332 passing, 755 total, 188.7 average.	
Caprock — 684 rushing, 187 passing, 871 total, 217.7 average.	

Volleyball squad knocks off Borger

By D'ANNA CONWAY
BORGER — Pampa High's volleyball team added another notch to its gun here Tuesday night with a victory over Borger in straight sets, 15-7, 15-2.

"It was sweet revenge from the way we played Saturday (in the Pampa Tournament)," Coach Lynn Wolfe said. "I know we won that game, but we proved to them and ourselves that we were a lot better than the last game we played against them."

The Harvester spikers reeled off seven straight points in the first set. Jeana Porter served the first five, with four going unreturned and one ending in a Jeanette Britt spike. It was the first of five spikes for Britt in the early minutes of the first set.

The second set was played even faster than the first. Marnie Laycock opened it with a five-point serving series and Alecia Fleming backed it up with a game-high series of seven points.

"Pampa's got a good ball club, and that's all there is to it," said Bulldog Coach Roger McFarren. "We like to play against these tougher teams — it helps us get ready for district."

Pampa's junior varsity came away winners in its match by beating the Bulldogs 15-12 and 14-10. In the first set, Leslie Albus served for six straight points. Lesa Sims matched that performance in the second game.

"The JV had some tight games," said Wolfe. "They're young and inexperienced. I don't even have any juniors (on the junior varsity squad)."

Experienced or not, the "B" squad now boasts a 9-0 record, while the varsity spikers stand at 13-1.

Both teams will travel to Hereford Thursday night for their next games, which are slated to begin at 6.

All WBA champions to watch Tate's fight

JOHANNESBURG, South Africa (AP) — All 11 of the World Boxing Association's current champions will be at ringside in Pretoria Oct. 20 to watch the WBA world heavyweight title bout between John Tate of the United States and Gerrie Coetzee of South Africa, a local sponsor said today.

Sol Kerzner, head of a local hotel group putting up some of the money for the Tate-Coetzee fight, told the Rand Daily Mail newspaper that American promoter Bob Arum fired up the arrangements last week in Miami during the WBA Congress there.

WOMEN: Scratch series — Freida Sturges 541; Handicap series — Freida Sturges 697.

Palo Duro — 817 rushing, 207 passing, 1024 total, 257 average. Tascosa — 927 rushing, 138 passing, 1065 total, 266.2 average.

Penalties

Amarillo High 10 for 84 yards; Palo Duro 23 for 188 yards; Tascosa 21 for 215 yards; Caprock 23 for 254 yards; Pampa 28 for 308 yards.

Individual rushing

Bobby Short, Caprock — 403 yards, 81 attempts, 4.9 average, 1 TD. Doug Kennedy, Pampa — 352 yards, 62 attempts, 5.7 average, 1 TD.

Mark Mathiasmeier, AHS — 351 yards, 68 attempts, 5.2 average, 3 TDs.

Ty Richmond, AHS — 278 yards, 68 attempts, 4.1 average, 1 TD.

Doug Smith, Pampa — 199 yards, 41 attempts, 4.8 average, 1 TD.

Wade Hunt, Tascosa — 184 yards, 64 carries, 2.9 average, 0 TDs.

Mark Carroll, Caprock — 156 yards, 50 attempts, 3.1 average, 2 TDs.

Robert Jenkins, Palo Duro — 141 yards, 39 attempts, 3.6 average, 2 TDs.

Arthur Lee Williams, Pampa — 138 yards, 37 attempts, 3.7 yards, 2 TDs.

Rick Hunt, Tascosa — 128 yards, 22 attempts, 5.8 average, 0 TDs.

Passing (10 attempts)

Sam Edwards, Pampa — 14 attempts, 10 completions, 109 yards, 2 TDs, 2 interceptions, 94.0 rating.

Sid Felton, Caprock — 21 attempts, 12 completions, 206 yards, 2 TDs, 2 interceptions, 82.6 rating.

Ted Anthony, Palo Duro — 30 attempts, 12 completions, 277 yards, 1 TD, 2 interceptions, 80.7 rating.

Jeff Lamb, AHS — 26 attempts, 15 completions, 196 yards, 1 TD, 1 interception, 78.6 rating.

Greg Quarles, Pampa — 39 attempts, 17 completions, 265 yards, 2 TDs, 3 interceptions, 51.1 rating.

Kevin Leutkahans, Tascosa — 16 attempts, 3 completions, 91 yards, no TDs or interceptions, 50.8 rating.

Chuck Smith, Palo Duro — 22 attempts, 8 completions, 119 yards, 0 TDs, 1 interception, 36.1 rating.

Marcus Mack, Tascosa — 21 attempts, 6 completions, 102 yards, 1 TD, 2 interceptions, 23.4 rating.

Receiving

Steve McDougall, Pampa — 12 receptions, 207 yards, 17.2 average, 1 TD.

Jimmie Rifenberg, AHS — 10 receptions, 119 yards, 11.9 average, 1 TD.

Mike Wafford, Palo Duro — 7 receptions, 221 yards, 31.6 average, 0 TDs.

Keenan Henderson, Pampa — 6 catches, 97 yards, 16.1 average, 2 TDs.

Bobby Short, Caprock — 6 receptions, 52 yards, 8.7 average, 0 TDs.

Troy Smith, Palo Duro — 5 receptions, 87 yards, 17.4 average, 1 TD.

Robert Jenkins, Palo Duro — 5 receptions, 52 yards, 10.4 average, 0 TDs.

Punting

Kevin Leutkahans, Tascosa — 20 punts, 763 yards, 38.1 average, 54-yard best.

Steve Sena, Caprock, 22 punts, 796 yards, 36.3 average, 47-yard best.

Ty Richmond, AHS — 8 punts, 290 yards, 36.2 average, 42-yard best.

Bryan Williams, Pampa — 10 punts, 339 yards, 33.9 average, 46-yard best.

Ted Anthony, Palo Duro — 18 punts, 594 yards, 33.0 average, 47-yard best.

Scoring

Bobby Dorsey, Pampa, 24 points; Mark Mathiasmeier, AHS, Mark Carroll, Caprock and Robert Jenkins, Palo Duro, 18 points apiece; Kyle Edleman, AHS, 13 points.

Tackles

Robert Jenkins, Palo Duro, 59; Bill Miller, Palo Duro, 50; Mark Alder, AHS, 47; Greg Mayes, Caprock, 42; Tim McCullough, Palo Duro, 36; Frank Yates, Palo Duro, 35; David Berg, AHS, 35; Brian Talley, AHS, 34.

Royals fire Herzog

KANSAS CITY, Mo. (AP) — Whitey Herzog says he's grateful to Joe Burke, who fired him Tuesday, for giving him a chance to become a successful big league manager.

But he also believes the way his dismissal was handled was a big factor in the Kansas City Royals failing to retain the American League West title they've held for three straight years under his leadership.

"In late August or early September, if they'd either fired me or said I was going to be re-hired, I believe we would be back in the playoffs today," he said. "The way it was, all the uncertainty dragging on and on, there was no way some of those guys (players) could be handled right."

Burke, who hired Herzog away from his job as a California coach in July 1975, ended months of speculation Tuesday by informing him his one-year contract would not be renewed.

A strained relationship has been known to exist between Herzog and owner Ewing Kauffman for years, but Burke insisted the decision was his own.

"There was no forced pressure from ownership," Burke said. "But there comes a time when you have to make a decision."

Herzog, 47, won 410 games in 4 1/2 years and took the Royals to the American League West title they've held for three straight years under his leadership.

"I really wanted to bring the world championship here," Herzog said. "They just had to get one or two more players for us. I don't want to bad-mouth anybody, but I think I've done more for Burke and Kauffman than they did for me."

Burke said he had not discussed the job with any potential successors and refused to say why Herzog was released.

"I know the fans will disagree because they don't know the reasons why I did it," he said. "And the reasons, I will not discuss. I felt it was time for a change."

Stargell gets no star for winning three-run homer

CINCINNATI (AP) — Willie Stargell says he's given out nearly 6,000 gold stars to his teammates for game-winning hits or outstanding plays, but he declined to give himself one for his three-run homer which won the opening game of the National League playoffs.

Stargell's shot to deep right-center field in the 11th inning Tuesday night boosted the Pittsburgh Pirates to a 5-2 victory over the Cincinnati Reds and gave the Pirates the early edge in their best-of-five series.

"Those stars cost about 25 cents apiece," Stargell said, explaining why he wouldn't award himself one. "At the rate I'm giving them out, they're going to bankrupt me."

The Reds sent rookie Frank Pastore to the mound in today's second game against Jim Bibby of the Pirates. Stargell, as usual, was expected to be at first base, batting cleanup for Pittsburgh.

Pittsburgh Manager Chuck Tanner usually lets the 38-year-old Stargell take the day off following a night game, but that won't be the case in the championship series.

"Stargell's going to play the rest of the way," Tanner said. "He's the Most Valuable Player in the league, in my opinion."

Stargell's homer came off loser Tom Hume after Tim Foli and Dave Parker had singled to open the 11th inning.

"If I hadn't done it, somebody else would have," Stargell said. "I was just concentrating on staying down. Bob Skinner told me I'd been pulling out on the ball."

"So when I didn't see the bunt sign, I just closed my eyes and swung," Stargell joked. "The

next thing I knew, the ball was going out of the park."

The Pirates scored twice in the third inning as Phil Garner hit a leadoff homer to right field and Omar Moreno tripled, scoring on Foli's sacrifice fly.

Moreno's speed — he was the National League leader in stolen bases with 77 this season — induced right fielder Dave Collins to single and George Foster followed with a towering home run to the second deck behind left-center field.

Cincinnati starter Tom Seaver allowed just two more singles before leaving the game for a pinch hitter.

"Tom felt he could go on, but it was the last half of the eighth inning and we needed one run," said Cincinnati Manager John McNamara. "We had Tom Hume, who has done the job for us all year."

McNamara said losing the opening game of the series merely meant that "it's down to a four-game series for us."

"It's definitely not over. One team has to win three games," McNamara said.

John Candelaria started for Pittsburgh but left after seven innings because his side started bothering him. Tanner used five pitchers altogether, with reliever Grant Jackson getting the victory and Don Robinson the save. Tanner was prepared to use more hurlers if he needed them.

"We had everybody warming up," Tanner said. "We would have used (Bert) Blyleven if we had to win the ballgame."

WILLIE STARGELL swings (left) and Matt Alexander celebrates from second base (right) as the Pittsburgh Pirates win a 5-2 thriller from Cincinnati in the opening game of the National League playoffs Tuesday night. (AP Laserphotos)

Pirate pitchers stymie Cincinnati

CINCINNATI (AP) — John Candelaria may have surprised some people with his performance in the opening game of the National League playoffs, but not his teammates.

"He's played all year not feeling 100 percent, and all he does is get smarter and better," said shortstop Tim Foli after Candelaria, who had not started since Sept. 15 because of an injury to his left side, pitched seven innings of Tuesday night's game.

A quartet of Pirate relief pitchers then held the Cincinnati Reds scoreless until Willie Stargell homered to give Pittsburgh a 5-2, 11-inning victory.

"He's a money pitcher," Tanner said of Candelaria, who allowed two runs and five hits. He held the Reds without a hit through the fifth, sixth and seventh innings. "If it's a big game, he'll get it for you."

Pirates catcher Ed Ott said Candelaria was feeling his aches and pains.

"He was grunting and groaning out there on the mound from the first inning," Ott said.

The Pirates were equally rhapsodic about their bullpen, which shut down Reds' threats in the eighth and 11th innings.

"That's the kind of pitchers we have," Foli said. "When the going gets tough, they get tough."

The victory was sweet revenge for the Pirates, who lost to the Reds in playoff competition in 1970, 1972 and 1975.

"It's like a bully who is constantly beating up on you and you say, 'Hey, I belong here, too,'" Stargell said.

Stargell and several other players said they were upset by an article in a local newspaper which compared the two teams.

The article, which Stargell felt was not flattering enough to his club, was placed on the Pirates' bulletin board before the game.

For the Reds, and particularly third baseman Ray Knight, it was an unhappy night.

Palmer, Ryan to start AL playoffs

BALTIMORE (AP) — Jim Palmer made a couple of obligatory needling remarks about Earl Weaver, his manager and antagonist, and then announced himself fit to start the American League playoffs.

The 33-year-old right-hander, with a 10-6 record this season after winning 20 or more games in eight of the past nine, will be on the mound for the Baltimore Orioles when they open the best-of-five series Wednesday night against the California Angels.

"There's no pressure on me," cracked Palmer, who missed 14 starts during the season because of assorted injuries. "I have the best pitcher in baseball following me. If I lose, so what?"

Palmer referred to lefty Mike Flanagan, Baltimore's second game starter who topped the major leagues with a 23-9 record.

Manager Jim Fregosi of Angels has named strikeout artist Nolan Ryan and Dave Frost, both 16-game winners, to start the first two games in Baltimore before action shifts to the West Coast.

Weaver, whose pitching rotation was at first questioned by Palmer, reiterated his reasoning as the Orioles prepared for a final workout Tuesday on a rain-soaked Memorial Stadium field.

"Palmer has a 7-2 record in postseason games," Weaver said. "He doesn't beat himself and he's been through all the hoopla before. In my mind, there was no reason not to start him."

Palmer lost his last start against Detroit Friday night, but said his arm felt better than it has since early in the season.

"Considering the outcome of the game," he said, "maybe I pitch better with pain. You have to keep in mind what you're trying to do out there when your elbow hurts."

Fregosi also was asked to explain why he chose to open with Ryan, who has a 5-13 lifetime record against the Orioles and is 0-6 in nine starts since last beating Baltimore.

"He's due to win, ain't he?" Fregosi said.

While Fregosi said Frost was "probably my best pitcher all year," he named Ryan to pitch the opener because "Frost has had arm trouble and can't pitch with three days rest, while Ryan can pitch twice."

Palmer had expressed concern about his ability to come back in the fifth game, which would be played Sunday in California, but Weaver was more concerned about getting the jump on the Angels.

Schlichter leading nation's passers

COLUMBUS, Ohio (AP) — It was a big 1978 decision — starting an untested freshman quarterback against Penn State — and some of the older Ohio State football players resented the move.

After all, they had watched Rod Gerald quarterback the Buckeyes to back-to-back Big Ten Conference co-titles and trips to the Orange and Sugar Bowls.

But it certainly was not Art Schlichter's fault. The Ohio State coaches had summoned the strong-armed freshman to become a regular in his first big-time college football game. Gerald was shuffled to wide receiver.

"We had nothing against Art," said tailback Calvin Murray. "But the coaches shouldn't have done that. We just asked for the truth and they told us Rod was going to start at quarterback."

"It affected us mentally," said Murray. "The guys got kind of scared. If they could do it to Rod, they could do it to any of us. We lost faith in the coaches."

Fullback Paul Campbell was Ohio State's leading rusher a year ago in a 7-4-1 season that saw the Buckeyes finish fourth in the Big Ten, their lowest conference finish since 1967.

"It was hard for us because we had so much respect for Rod. We had only heard

about Art as a high school quarterback. We were not downing him. In fact, we pulled for Art when he was in there. But we just wanted to play with Rod," said Campbell.

Schlichter remembers his experiences in 1978, a season he terms a personal learning year.

"The guys were pretty good all year long toward me," he said. "It was tough for everybody, especially when you're not winning. It gets even tougher."

New Ohio State Coach Earle Bruce said he still detected some resentment during spring drills toward Schlichter, but emphasized, "There's no reason for blaming Art for anything. I'm only worried about what happens this year and I know what our football team is this year."

"They're accepting Art for what he is — a great quarterback."

The son of a soybean farmer in south-central Ohio has developed so well and so rapidly that he leads the nation's major college passers this week.

No Big Ten Conference passer ever has led the major schools since the National Collegiate Athletic Association starting keeping such figures in 1937.

But this week Schlichter is No. 1, Mark Herrmann of Purdue No. 2 and Tim Clifford of Indiana No. 5. All are Big Ten

quarterbacks. Schlichter himself can see a much better attitude, one that has helped the Buckeyes to the No. 8 national ranking and their best start since 1975 with four consecutive victories.

"We're more of a team than we were last year. And that's definitely important. The defense has confidence in the offense and the offense in the defense. We have a new excitement," he said.

This time a year ago Schlichter had thrown 12 interceptions. In 1979, he has only one interception. His completion percentage has jumped from 47.9 in 1978 to 58. His yardage is up from 457 to 625.

Why such a dramatic improvement?

"Last year was a learning experience for me. I was anxious. I was hit a few times. Defenses were more complicated than high school. It was a lot of things," he answered.

"This time we've got a little better people to release to. We're not throwing into a crowd. The offensive line has proved itself. The line is giving me more time to throw," said Schlichter, 6-foot-2 and 200 pounds.

Some suggest the current crop of receivers — Doug Donley, Tyrone Hicks, Gary Williams and Mark Hunter — may be the best in the Big Ten power's history.

Astros won't go for big-name free agents

HOUSTON (AP) — Houston Astros President and General Manager Tal Smith won't be dazzled by big names or gaudy records when he tries to improve the Astros in the off season trade market.

The crafty Smith, who rebuilt the Astros from a last place team to a pennant contender, also said the massive reaches of the Astrodome would keep him from going after some power hitters.

"Our philosophy has been to deal more with the young non-established player that we feel will become an outstanding player," Smith said Tuesday in reflecting on the Astros' surprising second place finish to Cincinnati in the National League Western Division.

"That's been our game plan in the past and we'll continue to use it. Performances change from year to year and we will stand by our scouting reports in not the record book or past performances."

Another factor in Smith's off-season search involves scouting reports on how players from other teams hit in the Astrodome as compared to other parks.

"A lot of players hit home runs in other parks that would be just fly balls in the Astrodome," Smith said. "In 1978, Atlanta had some power hitters but in nine games in the Astrodome they didn't hit a home run."

Smith also noted that Philadelphia's Mike Schmidt, who hit 45 homers last season compared to Houston's 49 as a team, was not a good long ball hitter in the Astrodome.

"Mike Schmidt is a fine player but in 36 games here over the last five years he has hit only three home runs," Smith said.

When Smith took charge of the Astros in August 1975, he finished 43 1/2 games out of first place. When the Astros finished their season in Los Angeles Sunday, they were only 1 1/2 games behind the champion Reds.

Coaches don't like 'balance' of pro football

DALLAS (AP) — Minnesota Coach Bud Grant and Dallas Coach Tom Landry have a message for National Football League Commissioner Pete Rozelle about his so-called balanced schedule — Do something about it.

"I don't think they did a good job," said Grant in a telephone hookup with Dallas writers.

"It's not fair," said Landry about an hour later at his weekly press luncheon.

"The way the schedule is set up the fourth place team will play the same schedule as they first place team," said Grant.

"I don't begrudge Tampa Bay anything but the schedule should graduate down equally."

"I realize the schedule is difficult but it could be worked out by computer. The way it is right now a very poor team could get into the playoffs ... and I'm not saying Tampa Bay is."

Grant said "Tampa Bay is for real. They also have an outstanding schedule the rest of the way playing teams like the New York Giants twice, San Francisco, New Orleans and Kansas City and the teams in our National Conference Central division. It would be difficult for us even if the schedule was equal because maybe Tampa Bay is better."

Landry picked up the theme, saying it wasn't fair for the best to be playing the best all the time.

"The teams in the middle have a better schedule than the teams that finish first and fourth," said Landry.

"Everything seems to penalize the good teams, the schedule and the draft."

"The NFL is doing a good job of equalizing all right but I hope you don't see teams losing their incentive to be the best."

Because of the long grinding 16-game schedule, Landry said professional football is more mental than muscle.

"It's just a mental game now," said Landry. "I really think we could beat Cleveland when we are capable of playing our game. It's just possible to concentrate over the full 16-game schedule."

Cleveland shocked the Cowboys 26-7 two weeks ago then Dallas bounced back to maul Cincinnati 38-13 the next week.
