

PRUITT REPRIEVE RECOMMENDED

"That's gold in these here prairies."

That two bands are possible in local schools is an encouraging announcement from "Pop" Frazier, new director of instrumental music. We cannot have too much music. Let the school children toot their own horns.

There are some things we need less of, and one is burglary. Convictions have been all too scarce around here in recent months, and there does not seem to be much fear in the hearts of law breakers. Our jails are not crowded with the right sort of offenders. Crime is to be expected when criminals do not fear the law.

Summer time is reading time for hundreds of Pampa's children. The public library must have funds or books to close would be a crime against childhood. The children, as many grown-ups, like the library. Let's direct some gifts to the library at once.

Another reason for supporting the library is that the new city hall will contain large and well designed quarters for its use. It must not only be maintained, but must be kept growing. Is the kind of institution that we should develop as part of the Greater Pampa we all envision.

More publicity: The Star-Telegram runs photos of the celebrities of Central high school and the J. M. Radtke Grocery company official organ devotes an issue to Pampa. There are a number of pictures and articles furnished by the local B. C. D. Our thanks.

We are about to be surrounded by oil. When we didn't have much of it near the city, we congratulated ourselves on the fact. But now that the liquid gold is spouting nearby, we rejoice in the fact and compare our city to Oklahoma City. However, we hope the smell of gas will never become obnoxious here. The spring breezes and northers will help to dissipate the odors, but there are still days, even in the Panhandle and believe it or not.

TWINKLES
We don't know when we will get a federal building, but we'll wager the Republicans will give it to us some campaign year.

That "dirt farmer" gubernatorial candidate had better be careful how he talks dirt to our wheat farmers, who do not pride themselves on being grimy and earning their bread by the sweat of their brows. Most of the sweating has been taken out of the wheat harvest.

Penion bills go over strong. Those who know nothing of the horrors of the almost wish the diplomats would outlaw the international opium wars, once said T. R., are tempted to tone up the blood of the young men of the country. Now we have Argonjola.

Someone broke into The News building the other night and moved a pile of stuff off the safe. Just then the burglars for the first time noticed it was a newspaper office, however, and they left in disgust without a knob-knocking performance. They didn't take time to replace the broken window pane.

Byrd Starts to New York From Colon, Canal Zone

COLON, Canal Zone, June 4. (P)—Homeward bound on the last stretch of the journey from the Antilles, Rear Admiral Richard Evelyn Byrd and members of his expedition called northward today toward New York, where they hope to arrive about June 19.

The bark City of New York left New York first, with Rear Admiral Byrd aboard, the Eleanor Bolling following an hour later. Both ships said farewell to Panama in a blinding rain.

As the stern of the City of New York was the ship's American flag flung by the Antarctic gales. The flag was the same which flew from the bark's stern about two years ago when it left New York.

6 Members of Oklahoma Mob Are Identified

LUNCH STAND OPERATOR IS MAIN LEADER

Youths Named As Having Damaged Jail

USED PLANK AS BATTERING RAM

One Who Shot Negro Still Remains Mystery

CHICKASHA, Okla., June 4. (P)—Six men were named as alleged members of the mob which fatally wounded Henry Argo, negro, and wrecked the interior of the Grady county jail here where he was held last Friday night following his arrest as the attacker of a white woman earlier in the day, in testimony by the first 11 witnesses appearing at the inquest into the negro's death in justice court today.

The name of A. C. Walker, Chickasha lunch stand operator, was most frequently mentioned from the witness stand.

Others named in the testimony, most of them youths in their twenties were:

John Gooch, Tom Johnson, Harry Miller, Doc Davis and John Robinson.

All of the 11 witnesses testified that excitement which prevailed during the disorder clouded details of the mob action.

Most of those named were accused of wielding a large plank as a battering ram against the jail door. Identity of the person who shot the negro in the head while he was in his cell still remained a mystery, however, G. W. Skinner, husband of the woman who accused the negro, has admitted he stabbed the prisoner while he lay dying in the jail cell.

Oil Valuations Will Be Near 25-Million Mark

Total valuations of oil property in Gray county next year will be approximately 25 million dollars, according to Thos. Y. Pickett of Dallas, oil tax assessor of Gray county.

The county commissioners are sitting as a board of equalization this week assessing valuations. Mr. Pickett said that most of the production and pipeline companies will have their valuations rendered by Saturday night. Their taxes of the 16 gasoline plants in the county, many supply houses, and carbon black plants will be assessed. Valuations of more than 500 absentee royalty owners and lease holders must be set before the work is completed.

Mr. Pickett keeps at least one assistant and most of the time two in Gray county all of the time. These men are specialists on oil valuations.

Make Liquor Haul
LAREDO, June 4. (P)—Laredo customs officers today conducted their largest raid of the year, seizing 2400 bottles of bonded American whiskey, tequila, and champagne, and arresting three men.

The men were captured after a thrilling chase and two automobiles were confiscated. Officers believed that the cargoes had been loaded on this side of the Rio Grande after the intoxicants had been brought across the river by swimming dogs.

Joe Flynn, Wichita Falls, chief gauger of the Prairie Pipeline company, is a business visitor in Pampa today.

Tennis Star Dies
NEW YORK, June 4. (P)—The death of Dr. George King of New York, national tennis star and a member of the country's "first ten" in 1926, became known today. He was 39 years old.

VETERANS SOUND REBEL YELL AGAIN

BILOXI, Miss., June 4. (P)—The rebel yell, lofted by the thin voice of age, but with the spirit of the fighting man, swung the forthright reunion of the United Confederate veterans' swung into its stride today.

Beneath a gigantic spread of canvases the reunion got in motion last night at a joint assemblage of the veterans, their wives, sons, and daughters. In a wave of music, oratory and cheers, honor was paid the stirring days of the sixties and the ideals for which the men in grey fought.

By way of contrast, a modern man of arms, Rear Admiral Thomas P. McGruder, Mississippi born, came fresh from the decks of his flagship to tell the fighters of an earlier day of present and future arms. Preceding him, Governor Theodore G. Bilbo told the veterans that theirs was not a lost cause, but a living one, that had made a reputation of indestructible states in an indestructible union.

Taking as his theme, the prevention of war, Admiral McGruder thundered that war is a pestilence in which the victor also is a loser.

Early reports indicated Montgomery, Ala., former capital of the Confederacy, which has never had the reunion, would be selected for the 1931 meeting place and the probable last gathering would be in Houston, Texas, in 1932.

General L. W. Stephens of Columbia, Tenn., commander of the army of Tennessee, was slated as next commander-in-chief of the veterans, succeeding General R. A. Sneed of Oklahoma City.

Cannon Refuses to Give Details of Last Campaign

WASHINGTON, June 4. (P)—Defiant in his refusal to answer, Bishop James Cannon, Jr., told the senate lobby committee today it was no business of congress what he did or what money he spent in his "purely private" anti-Smith activities in 1928.

While applause and hisses swept the hearing room, the gray-haired, bespectacled Little Southern Methodist churchman declared he could not be persuaded even by warnings that others have gone to jail for refusing to answer senatorial questions.

"You'll never see that account," he almost shouted when asked about the expenditures of the anti-Smith movement he headed.

Again and again he replied "I decline to answer," to questions about his part in the campaign, and about the failure of his committee to report to congress some of the expenditures.

Responding to other inquiries about contributors and contributions, he said he could not remember.

The absence of a committee quorum will delay a decision as to whether contempt proceedings are to be lodged against him.

Fort Worth Has 163,227 Persons

FORT WORTH, June 4. (P)—Fort Worth's population is 163,227, an increase of 2,335 over the preliminary census announced last week.

The new figure was reported today by the federal census bureau here and will be sent to Washington for a final checking, according to J. W. Smith, census supervisor. The preliminary census report was 160,892. The last federal census in 1920 showed Fort Worth's population as 106,428.

LOVE PROUD OF HIS BALLOT FOR HOOVER

Asserts He Alone of Aspirants Voted "Anti-Tiger"

HITS AT SMITH AS CANDIDATE

Tammany Issue Is Raised in Talk to Women

DALLAS, June 4.—State Senator Thomas B. Love, in speech prepared for delivery here today before the Dallas County Women's Democratic Association in "The Tammany Tiger's footprints in Texas politics," declared he was one of the 13 candidates for the Democratic nomination for governor who in 1928 "voted to keep the Tammany tiger out of the White House."

"I have the honor to be the only candidate for governor who voted with the majority of the people of Texas in that great contest," he declared, "while the representation of the minority is divided up among my opponents."

He asserted that "no candidate ought to be voted against because he voted for Al Smith in 1928. I am going to vote for a number of such candidates myself. We should look to the future and not to the past."

"But no candidate ought to be voted against because in that contest he voted with the majority of people of Texas against Al Smith; and no man ought to be elected governor of Texas and leader of the Democratic party in 1930 who cannot be depended upon to stand and fight to the last ditch against the election as well as the nomination, in 1932, of Al Smith or any other wet Tammany candidate that Raskob and Tammany Hall may try to ram down the throat of the Democratic party."

"With John J. Raskob, chairman of the Democratic National committee, admitting that he has contributed \$65,000 during the last year to the fund to destroy prohibition and that he is under agreement to contribute \$30,000 a year in the future to that fund, and that the Du Ponts and other associates of his on the Democratic National committee are contributing a large amount than he is to this same fund, the prohibitionist who says that prohibition is not an issue is giving the aid and comfort to the enemy whether he knows it or not."

"The fundamental issue in Texas and in the nation is the issue between the outlawed liquor traffic and the American home."

He asserted "there are fresh footprints of the tiger on Texas soil," assailing two of his opponents for the gubernatorial nomination, "a former Texas congressman who was elected and installed as John J. Raskob's field manager for Texas," and "a distinguished U. S. senator, now a candidate for re-election, now one of the minority candidates for governor."

Love said that in 1928 "during that campaign this distinguished congressman made a great reputation with his crowd for the courage and vitriolic vehemence with which, as a lifelong dry inside and out" and a lifelong member of the church, he assailed Christian ministers of Texas for their opposition to Al Smith."

"Now it seems that this distinguished congressman has changed his views as to the propriety of preachers participating in politics," Love asserted, "for his campaign headquarters are now hard at it trying to get these same preachers whom he denounced for fighting Al Smith two years ago to help elect him governor of Texas."

He further asserted that the "former senator is now strongly denouncing Smith and Raskob, with whom he co-operated in 1928, and is declaring that he will oppose the nomination of Al Smith in 1932. But that is beside the question. The question is—will he support him if he is nominated in 1932?"

MRS. MORROW REMAINING NEAR HER DAUGHTER, MRS. LINDBERGH, ANTICIPATING INTERESTING EVENT

NEWARK, N. J.—Mrs. Dwight W. Morrow has curtailed temporarily her activities in behalf of her husband's candidacy for the Republican nomination to the United States senate in order that she may remain near her daughter, Mrs. Charles A. Lindbergh.

Her decision is assumed to have been reached in anticipation of an interesting event in the Lindbergh family.

Morrow headquarters has announced that Mrs. Morrow is making no engagements which will take her far from the Morrow home in Englewood, N. J., and that it may be necessary for her to be with her daughter Anne for a week or ten days.

Colonel Lindbergh and his wife have been at the Morrow residence for some weeks, and the colonel recently arranged for hangar space for his airplane at the Newark airport, within easy accessibility of Englewood.

Methodists Pay All Obligations—Add 65 Members

A meeting of the official board of the First Methodist church was held Monday night, marking the completion of the first half of the conference year.

A tally of the results of the half-year's work showed that between \$7,000 and \$8,000 had been raised for the local budget, and that all obligations of the church to the Northwest Texas conference had been paid. Sixty-five members were added to the congregation during the period.

The need for a social service worker in Pampa was considered by the board, and discussion was favorable toward the church's employing a deaconess as full-time worker on or about Sept. 1.

O. W. Ferguson, chairman, presided at the session with the Rev. Tom W. Brabham and 27 members of the board present.

Mrs. Jessie Arnett has been appointed postmaster at Laketon, succeeding Mrs. Mae Powell, according to a news dispatch from Washington.

MASONIC HISTORY IS PROGRAM TOPIC

Members of Pampa Lodge No. 866, Ancient Free and Accepted Masons, were entertained last night with an instructive program of Masonic Education presented by Wilbur Keith, executive secretary of the Grand Lodge committee on education and service, and Joe R. Gunn, secretary to the grand master of the Grand Lodge of Texas, Judge Hiram F. Lively.

L. P. Yoder, master of the lodge, introduced the speakers, and with C. P. Buckler secretary, acted as a committee on arrangements and refreshments. The audience included many of the older members of the lodge, including T. D. Hobart, who has been a Mason for 53 years. J. T. Crawford, first master of the lodge, who has been a Mason for 50 years; C. L. Mullen, member of the order for 57 years, all life members of Pampa lodge, and W. E. Cobb, another member of the Masonic fraternity for many years.

The program consisted of a stereopticon historical lecture, explaining the beginning of Masonry in America, the founding of the American government, and the part Masons had in the early days of the country. It was shown that old Independence Hall in Philadelphia had its inception in a Masonic body, the ground for the structure having been purchased by a Mason, who held it until the city of Philadelphia was ready to join in the movement for its erection.

Bringing the story closer to home, Mr. Keith closed his address with the beginning of Masonry in what is now Texas. It was 96 years ago, he said, when the first efforts were made to establish Masonry, and the men behind the movement were unsuccessful. In 1835 another effort was made and the grand lodge of Louisiana granted a dispensation for the first lodge at Brazoria. This lodge was later destroyed by Mexicans who were opposing Sam Houston and his band of Texans. Not until the battle of San Jacinto did those men who were interested in Masonry make any permanent headway toward bringing Masonry into what was then a wilderness country, the speaker said. Following the San Jacinto battle, Anson Jones, Sam Houston, and a few other Masons repented the dispensation for a Masonic lodge at Houston, the dispensation having been preserved by Mr. Jones. That lodge is now Holland Lodge No. 1 of Houston. There are 1,000 lodges in Texas with a membership of 140,000. The Masons of Texas, including all branches, have a total investment in charitable and educational institutions amounting to \$4,750,000, according to Mr. Keith.

The program closed with an address on the philosophical side of Masonry by Mr. Gunn. It was the first educational program to be presented in Pampa by the committee. Recently in Amarillo, when Grand Master Lively was there, a committee headed by Mr. Buckler called on the grand master and arranged to erect a new Masonic temple in Pampa. The plans for the building are taking definite form. It will be erected on a lot owned by the lodge at the corner of Kingsmill and Ballard streets.

BARTLETT SAYS HIS ABSENCE WAS OF OWN ACCORD

That he did not understand that his presence would be needed in the closing days of the 31st district court was declared today by R. H. "Russ" Bartlett to have caused him to leave the city on business while the Graves case was developing.

He said he had seen articles telling of the near completion of the term, and that friends had told him that court would adjourn Saturday before any new cases could be started.

He asserted that no one urged him to leave town, and that he left on routine business. He added that insinuations that political pressure had been brought to bear, and that he had been threatened were both entirely erroneous, and that he would explain his trip in detail to Judge W. R. Ewing.

Electrocution Set for Friday—Mother in Plea

AUSTIN, June 4. (P)—The board of pardons today recommended to Governor Moody that he give William (Dagger) Pruitt, sentenced to die in the electric chair at Huntsville early Friday a reprieve of 30 days.

DALLAS, June 4. (P)—Sheriff Hal Hood, a number of his deputies, and several city officers plan to leave Dallas tomorrow noon for Huntsville to witness the electrocution of William "Dagger" Pruitt, set for Friday.

Pruitt was assessed the extreme penalty in the slaying of William Mann, high school student, during an attempted holdup of Mann and a young woman companion. He has denied his guilt.

Albert Baskett, attorney for Pruitt said that an application for a commutation to life imprisonment had not been acted on by the state pardon board and that he therefore expected a stay of execution until the board might pass on the plea.

Wheat Harvest to Start Soon

If the "dry spell" continues and no rain falls in the next ten days, wheat south and southwest of Pampa will be ready to harvest about June 15, Roy McMillen, local grain dealer, said this morning. The wheat in that section is rapidly ripening. Yield in the south and southwest parts of the Pampa territory will be much less than in any other part, Mr. McMillen believes.

The best wheat lies in the northeast portion of the territory, between Pampa and Miami on both sides of the railroad, he stated. Some of this grain will average around 20 bushels per acre. The average maximum yield of the Pampa territory will be 12 bushels, and if adverse conditions prevail until harvest, 10 bushels, Mr. McMillen thinks.

Wheat north of the Santa Fe won't be ready for harvest until about June 20, and if rains fall between now and that time, the harvest season will get underway about June 25, it was said.

Although rain would be of little benefit as far as raising the production, rain would be much better than the hot winds which have been sweeping over the Panhandle from parched and dry New Mexico during the last week. If the hot winds continue, it is likely that the grain will shrivel in the heads and reduce the present estimated yield, Mr. McMillen believes.

Mrs. Lynn Boyd, Mrs. George E. Wolfe, and Mrs. A. B. Zahn spent yesterday in Amarillo.

LUBBOCK GETS IT, BALLYHOO AND ALL

The 1931 W. T. C. C. convention went to Lubbock. Before the vote was taken, spokesmen for the Lubbock Chamber had to modify their pre-convention talk for a ballyhoo-less meeting.

Just before the recent Abilene convention, The Plainsman of the Lubbock Journal wrote as follows: "Lubbock has long been in opposition to the 'hip-hip-hooray' angle of the West Texas C-C conventions, which is one reason this city has never made a determined fight to bring the gathering within its gates."

"Frankly, The Plainsman hopes the WTCC ignores Lubbock's invitation unless its leaders are prepared to come here for business and unless the social, 'noise and numbers' angle is entirely eliminated.

"Band music, 'My Home Town' speeches, parades, dances and the crowning of 'Duchess Lizzie of Podunk' as Queen of West Texas are all right—and perfectly harmless, we suppose. But they don't do West Texas much good.

The convention is a typically American institution, and strange it is that the debunkers have not mobbed it long before this. Some conventions are so full of reports and technical speeches and papers that only the dyed-in-the-wool members of the profession represented can endure the torture.

The trouble with the West Texas Chamber of Commerce in the past was that it was a bit of pageantry at conventions and a bit of publicity between meeting. Both are worthwhile, but there is real work to be done and few willing or disposed to do it.

AN OLD TRADITION DIES

The old traditions of the America of our grandfathers are dying fast. Latest to go—and we can very well get along without it—is the tradition of the "bucko" mate at sea.

The death of this particular tradition is emphasized by a recent supreme court decision, which ruled that a verdict for \$12,000 damages, returned in favor of a New York sailor against the steamship company that hired him, was according to law and should not be set aside.

This sailor filed suit after an officer on the steamship on which he was employed struck him with a monkey wrench because he was late in coming to watch. The company denied responsibility, claiming that the occurrence was a brawl common among sailing men.

Probably this lawsuit marks some sort of milestone in the history of the American merchant marine. For no sailor, in the old days, would ever have dreamed of filing suit against his employers merely because a petty officer happened to knock him down.

Those were the days when American ships were famous—or infamous—all over the world for brutality. When a shipmaster of some other nation had a mutinous or incompetent set of sailors to deal with, he could usually overawe them by threatening to deal with them "Yankee fashion."

This was not due to any particular strain of cruelty inherent in the American people. It came about chiefly because American ships, in the latter days of sail, were nearly always short-handed. Every man had to do two men's work.

That day, however, is past. When a common sailor can collect \$12,000 because an officer hit him, the iron-handed mates of the old days must be turned over in their graves. But this tradition is one we can easily afford to lose.—NEA.

Officers Seek Escaped Wheeler Prisoners Today

SHAMROCK, June 4. (P)—Peace officers of Wheeler county and surrounding counties were searching today for James Howard and Bob Russell, prisoners from the Wheeler county jail, who escaped last night after slugging Lee McBea, jailer, as he entered the cell block with their supper.

McBea was beaten over the head with a milk bottle and a leg broken from a table. The two men took the jail keys from him and drove away in McBea's car.

S. M. U. Yearbook Draws Fire and Delivery Halted

DALLAS, June 4. (P)—Distribution of copies of The Rotunda, yearbook of Southern Methodist university, was delayed today after the board of trustees announced that the degree of Kenneth Mahoney of Huntington, Ind., editor of the publication, would be held up because of objectionable matter printed in The Rotunda.

The yearbooks were recalled after more than 1,000 had been given to students. Mahoney said the objectionable matter would be torn out of the remaining books.

Prof. A. F. Henning of the journalism department said he warned Mahoney to leave out certain pictures and reading matter which he considered would be objectionable to officials of the university.

Court Affirms 99-Year Sentence

AUSTIN, June 4. (P)—The case of W. Meyers, convicted in Dallas robbery by firearms and given years in the penitentiary, was affirmed by the Court of Criminal Appeals today.

Meyers was accused of taking \$2,710 from N. H. Howard employed in a store in the business section of the city. It was alleged Meyers entered the store during one of its busiest periods on Christmas eve, 1928, went to the office on the mezzanine floor where Howard was and held up with a pistol.

The court affirmed the life imprisonment judgment against R. F. Strickland, convicted in Clay county for the murder of R. L. Williams.

Gangs Cremating Her "Ride" Victims

CHICAGO, June 4. (P)—A crematory for gangster dead—an ingenious and ghastly device for removing the evidence of wholesale murder—was hunted by state's attorney's men today while police puzzled over another and particularly brutal gangland assassination. Pat Roche of the state's attorney's office said he had reliable information that a North Side gang was cremating its murder victims, thus getting rid of the "corpus delicti." The disappearance in recent weeks of William Higgins, St. Paul, Minn., racketeer, and Ben Bennett, New York whiskey dealer, has given credence to the crematory report, Roche said. He pointed out further that within a week there have been two gang gun attacks in Chicago in which the victim after being shot down has been carted away in the automobile of his attackers.

The latest gang murder—the tenth in the Chicago area within three days—was discovered last night. The victim was Thomas Connerio, 33, who was tried and acquitted of complicity in the election day (1928) slaying of Octavius Granady, negro lawyer.

Wheat Is Bearish

CHICAGO, June 4. (P)—Rains over spring wheat section both in Canada and south of the international boundary had an early bearish effect on wheat values today. Opening unchanged to 1/8c off, wheat later underwent setbacks all around. Corn, oats, and provisions were relatively steady, with corn starting at a shade to 1/8c gain, but subsequently sagging somewhat.

Mrs. C. M. Bryson and her children, Margaret, Lois, Charles, and Harry, will leave Friday morning to spend two months in Washington, Penn., visiting Mrs. Bryson's parents and Mr. Bryson's mother and father. Mr. Bryson will visit there just before the family returns to Pampa.

Mrs. John L. Peake was a visitor in Amarillo yesterday.

In a champion it's Self-Reliance

in a cigarette it's Taste

KEEPING ONE'S HEAD — in the flush of the game or in the flush of victory—that's the measure of true sportsmanship.

KEEPING AROMA AND GOOD TASTE in every Chesterfield without loss or variation—that's the simple ABC of Chesterfield's ever-mounting popularity.

MILD, YES—BUT SOMETHING MORE—Chesterfield offers richness, aroma, satisfying flavor—all the result of fine tobaccos, skillfully blended and cross-blended, and all summed up in three words... "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIGGETT & MYERS TOBACCO CO.

Blenheim Distances Favorites to Win English Derby—Diolite Third

EPSON DOWNS, Eng. June 4. (AP)—Blenheim, an 18 to 1 shot, won the 151st running of the English derby before half a million watchers here today.

Diolite, the favorite, finished third and Iliad second. Seventeen ran. The winner is owned by the Aga Khan. The Scout II, American owned and bred entry, was unplaced. Blenheim, by Blanford from Malva, won by a length. There were two lengths between second and third.

The odds were 15 to 1 against Blenheim, and 25 to 1 and 11 to 4 respectively on second and third.

Blenheim, ridden by H. Wragg, had been well regarded in the betting although not one of the first three favorites.

Somerville Tattersall's Iliad, runner-up, was considered one of the better horses entered, but its brilliant showing came as a surprise. Sir Hugo Hirst's Diolite proved a disappointment to the many who believed the favorite would romp away with the honors.

Blenheim had been well beaten by Diolite in previous races this season.

Great Jockeys to Meet Saturday

NEW YORK, June 4. (AP)—Two great jockeys will be up on Gallant Fox and Whichone when the pick of America's three-year-olds thunder down the Belmont park stretch Saturday in search of victory in the \$60,000 Belmont stake.

Earl Sande will ride Gallant Fox, the Preakness and Kentucky derby winner, while up on Whichone will be Sonny Workman, a 20-year-old lad rapidly riding his way to fame and fortune.

The two riders met in their first skirmish in the Withers last Saturday with Workman outgeneralling his 32-year-old rival. But Sande did not have a Gallant Fox to challenge the swift-moving Whichone.

GOLF COURSE OPENS

The Tom Thumb golf course on the northwest corner of Kingsmill avenue and Ballard street was opened yesterday to the public. The course has 18 holes and a number of water and hill hazards. The fairways and greens are made of cottonseed hulls, green paint spread on top so that the surface resembles green grass. The hill hazards are built of rock and cement. There are also miniature ponds.

Girl Golfer Beaten

TULSA COUNTRY CLUB, Tulsa, Okla., June 4. (AP)—Mrs. Dorothy Kiots Pardu of Sioux City, Iowa, defeated Miss Mary Elizabeth Ford, 16-year-old Kansas City high school girl, one up at the 18th green in the first second round match completed in the women's trans-Mississippi golf tournament here today.

Rotarians Hear Sadler Artists

Presenting three of his versatile artists in solo numbers, Harley Sadler delighted and entertained the Rotary Club and visitors at today's luncheon. Mrs. Eddie See accompanied the numbers. The program was arranged by Joe Smith.

Neal McCullough, president-elect of the club, was unanimously elected delegate to the International convention of Rotary at Chicago June 20. Others who have definitely decided to attend the meeting are M. K. Brown and J. E. Murfee.

Visitors today included those on the program and the Rev. J. W. Hodges, R. E. Fisher and Rotarians O. W. Wright, C. H. Everett, H. G. Pearson and Harley Sadler.

A Rotary picnic will be held Thursday, June 12, at the Mel Davis ranch, when all Rotarians and their families will attend.

Leases Revoked in Oil Case Decision

Judgment in one of the largest suits involving oil property ever concluded without a settlement being reached in this section was rendered by Judge Pickens of the 94th district court Saturday night. By the terms of the judgment, leases on 8,800 acres of land owned by J. M. Sanford of Amarillo from the Carson county line to near Sineet were revoked.

Zeppelin Moves Fast With Wind Helping Motors

FRIEDRICHSHAFEN, Ger., June 4. (AP)—The Graf Zeppelin, riding the winds which blow from west to east, sailed along the fortieth parallel today toward Seville, Spain, and thence home.

The winds which kicked up whitecaps on the blue Atlantic beneath, so accelerated the giant dirigible's speed that there was possibility Dr. Hugo Eckener's estimate of 50 hours from New York to Seville might be bettered and a record set.

In August 1929, returning to Friedrichshafen after its round-the-world-trip the Graf Zeppelin needed 55 hours and 24 minutes to fly from Lakehurst to here, a distance of 4,200 miles. It is 3,650 miles from Lakehurst to Seville. The Graf will remain at Seville two hours and then continue the remaining 1,500 miles to its hangar here.

Since leaving New York the Graf has departed only slightly from the general eastward route along the fortieth parallel, edging northward at the start to escape a low pressure area, and southward as it neared the Azores to evade another depression. Seville is almost due east of New York.

At Seville, the Graf will debark several of its 22 passengers, drop some of its mail cargo, and take on such fuel and supplies as are needed for the remaining span of the 18,000 mile trip which has taken the dirigible from Friedrichshafen to Seville, to Pernambuco, to Rio Janeiro, back to Pernambuco, to Lakehurst and New York, and now back to Europe.

This trip represents the Graf's eighth ocean crossing, including flight across the Pacific in the course of a round-the-world journey last year.

Natalie Converse tries to conquer her jealousy over her husband, Alan. But they quarrel over Bernadine Lamont, a popular night club hostess, when the latter asks Alan to look after her son, Bobby, whose father had saved Alan's life during the war. Alan tries to explain that the doctor had given Bernadine only a short time to live, but Natalie's rebuffs cause him to seek understanding and sympathy from his secretary, Philippa West, who is waiting for the opportunity.

Philippa manages to widen the breach between Alan and Natalie by showing her a letter from Bernadine in which she mentions toys he has given Bobby. Then she changes an order for orchids and when Natalie goes to a bridge party and hears another woman boast that Alan had sent her orchids, all her old anger is aroused. She refuses to believe Alan's denial. Angered, Alan takes Philippa out again and wonders if he could love the girl when she enjoys herself with him. On returning home he finds Natalie packing to leave. Wounded pride prevents either from seeking a reconciliation.

After she leaves, the house seems desolate to Alan and he seeks consolation with Philippa. She flaunts her victory to the office force, but conceals the fact that at times he is entirely indifferent to her. Meanwhile, Natalie is regretting her hasty decision and longs for a word of love and forgiveness from Alan. But his letters seem cold, and her resentment grows.

Natalie suddenly drew her over and held her close. "Well," she laughed, "Are you engaged to Andrew, dear?" "That's just it," Florence admitted. "I'm not. And he's going away. You know what that means, Nat."

"I'm afraid I don't," Natalie confessed. "It means that if I don't follow him, I won't get him, that's all." Natalie knew her sister and the young girl's friends too well to be shocked. "Don't you trust his love for you?" she asked.

"Oh, Nat, be your ceftury," Florence urged. "You know how it works. He'd pine for me for a while—until he got acquainted and met some other girls, then I'd pass out of the picture."

"But it's a chance. And I'm not taking chances where Andy is concerned. I'm playing safe, even if I have to read the last page first."

Natalie was a bit worried now. "But if he hasn't proposed to you, Florence, darling, don't you think it's because he isn't in love with you?" she asked.

"You know better than that," Florence retorted. "I haven't helped him find out, that's all. I know now that he's going to take a position in New York, I've got to do something."

"Go that's your big news!" "Yes. And that's why I want you to take me back to New York with you." She sank back, confident and beaming. "You know you've coaxed me to come," she reminded Natalie as her sister's silence began to worry her. "I couldn't before on Andy's account. But nothing could be sweeter now, could it?"

Natalie stared at her, uncertain and unhappy. "Oh, Nat, you want me, don't you?" Florence cried. Natalie heard the doubt in her voice and forced herself to speak. "Don't be a goose," she said, chokingly. "Only—you won't be in a hurry to go, will you, dear?"

"Of course, I will," Florence affirmed; "But I won't try to hurry you, darling. Mother wouldn't let me, anyway."

"Have you spoken to her about going home with me?" "Not yet."

"Then go and tell her now." It was in Natalie's mind when she sent Florence away that she would write her letter to Alan. But when she was back at the desk again, she found that her mood had changed. Her anger had let her. She didn't know what she wanted to say now. But certainly she wasn't going to ignore his high-handed attitude, unless she ignored it altogether.

She got up from the desk, and closed it decisively. Why write to him at all? Surely no response would be answer enough. She would not admit she was glad, now that her anger had cooled, to evade the issue, but there was a slight, secret glow about her when she went to join Florence and her mother. Florence did not notice it—being too absorbed in discussing her future plans. But her mother was relieved to see that the cloud that

had shadowed Natalie's countenance all morning was lifted. Natalie's satisfaction with her course did not extend to Alan as the days passed and he received no word from her.

At first he was disappointed and hurt. Then followed a period of anxiety which ended when he received a letter from a friend in Natalie's home town, who casually mentioned having seen Natalie at a party.

"So she was having a good time, was she?" Alan reflected bitterly. Well, two could play at that game. He was through with moping, he decided.

The next day—he had received the letter at home—he did not tell himself he ought not to be thinking of Philippa West, as he had told himself several times in the recent past.

He dwelt with frank pleasure upon the prospect of taking her out again to the theater and a supper club. He wondered if she would go, recalling what had passed between them the day before.

Crippled Mocking Birds Furnish Varied Music—Reproduce Sounds

"He is only a bird in a gilded cage," is merely a sentimental and paradoxical platitude in the case of the mocking bird that has sung happily without ceasing, day in and day out for four years, in the apartment of Dr. and Mrs. V. E. von Brunow in Brunow building. And despite the fact that the mocking bird, a male, is a cripple and therefore an invalid, as far as birds are concerned.

This week the bird had occasion to be particularly joyful and gay. The other day a lady in the Tally addition found a mocking bird lying apparently lifeless on the ground near her home. It could barely flutter its wings, but very feebly. A bad boy in the neighborhood, the lady said, had shot the bird under the eye with his nigger-shooter and had run away, leaving her to die.

The lady brought the bird to Dr. Brunow, who removed a blood-clot from under her eye. She quickly recovered and began to eat, just as the other mocking bird in the adjoining cage did when he began to convalesce from the effects of a shattered leg, and this was considered an amazing sign mocking birds, imprisoned in cages, usually beat out their brains against the cage.

Now the lady mocking bird sings just as gaily as the other, when she is not eating especially prepared mocking bird food that is shipped from Florida. On her third day in the cage she laid an egg, which will be incubated.

A big fine may be assessed against a person who imprisons a mocking bird, but Dr. Brunow declares that both birds are invalids and would surely die if turned loose. He believes that the birds had rather live in the cage and be happy than be turned loose and starve to death out-of-doors. Anyway, if they are not happy, why do they sing all the time, and at the least provocation?

Although Dr. Brunow carefully adjusted the fracture of the male bird after he found it unconscious in the road four years ago, the frightened thing kept constantly pulling the straps loose that encased the fracture after it regained consciousness. The bird can use the leg but it dangles badly.

Unlike a nightingale, or a canary, this mocking bird is not temperamental. It will sing when one wants it to sing. All one must do to provoke it to open its ebony bill and pour forth golden song in an amazing volume is to whistle a little or to say, "sing bird," in an affectionate tone. However, the gorgeous rugs, draperies, pictures, furnishings in the apartment are enough to make him sing.

His mimicry is delightful and there is no bird-song or whistle that he cannot reproduce in a golden flood. His tones depend on the time and the weather. If the morning is bright and golden, his tones are golden. In the moonlight, his song is silver. He is mischievous too, and the traffic cop's whistle blows many a time when it shouldn't. The cop who stands at the corner of Foster

had shadowed Natalie's countenance all morning was lifted. Natalie's satisfaction with her course did not extend to Alan as the days passed and he received no word from her.

At first he was disappointed and hurt. Then followed a period of anxiety which ended when he received a letter from a friend in Natalie's home town, who casually mentioned having seen Natalie at a party.

"So she was having a good time, was she?" Alan reflected bitterly. Well, two could play at that game. He was through with moping, he decided.

The next day—he had received the letter at home—he did not tell himself he ought not to be thinking of Philippa West, as he had told himself several times in the recent past.

He dwelt with frank pleasure upon the prospect of taking her out again to the theater and a supper club. He wondered if she would go, recalling what had passed between them the day before.

Waco Citizen, 79, Endorses New Konjola

"Too Bad I Did Not Hear of Konjola Long Ago," Says This Happy Man.

MR. J. A. KIN "Too bad I did not hear of Konjola long ago; it could have saved me much suffering. My stomach was the cause of my trouble," said Mr. J. A. Kin, 122 Oriental road, Waco. "Everything I ate caused pain, gas and bloating. My whole system was run down, my vitality was low and I was gradually losing my strength. I had no ambition and was worn out all the time. So many medicines failed me

that I had about lost hope. Then came Konjola. After taking four bottles my appetite increased; I found I could eat anything without a trace of indigestion in any form, and my whole system has taken on new life. I have plenty of ambition to do my work, and I will always recommend Konjola as a real medicine." Konjola is not a "Cure-all"—there is no such thing, but when taken for from six to eight weeks will produce amazing results. The countless thousands of endorsements of Konjola have proven that it makes good in even the most stubborn cases.

Konjola is sold in Pampa at the City Drug Store, and by all the best druggists in all towns throughout this entire section.—Adv.

TEXAS OIL NOTES DALLAS, June 4.—(AP)—The Kimball ranch well of the Grayburg Oil company and Fisher & Wiggins cored a rich oil sand from 3,553 to 3,563 feet, developing 650 feet of oil in five minutes. The new well indicated a new field in Bee county.

The Triangle corporation of Texas will begin drilling soon on a test for oil on the Hale farm a mile northwest of Avalon, 15 miles of Waxahachie. Drilling was expected to reach 3,500 feet, or the base of the Trinity sand.

A. M. Richards, salesman for the William A. Warner company, St. Louis, was among Tuesday business visitors in Pampa.

ALL FORTUNE ONLY MAKES CHICAGO CUBS PLAY BETTER

NEW TALENT MAY NOT BE BOUGHT NOW

CHICAGO, June 4. (AP)—Owner William Wrigley, Jr., is ready to do some more big spending for player talent, but his crippled Cubs may change his mind.

When pitcher Hal Carlson died and Rogers Hornsby broke his ankle last week, the Cub owner immediately began to canvass the major and minor league field for help. But since then the crippled champions have been unstoppable, winning all their games, and the contemplated deals have been postponed.

"Bud" Teachout suddenly came to like and looks like he is ready to take Carlson's turn on the mound; Vic "Footsy" Blair took the Bahja's place at second and has been hitting better than 400 and fielding sensationally.

"Sack" Seibold, whom the Cubs sent to the Boston Braves in the Hornsby deal, is known to be one pitcher the Cubs have in mind while Frank Crosetti, star shortstop for the San Francisco club of the Pacific Coast league, is the infielder. The two if obtainable at all, probably would cost the Cubs a total of \$150,000.

Schmeling Has Broken Digit—An Old Injury

ENDICOTT, N. Y., June 4. (AP)—Max Schmeling unintentionally threw a scare into the fight writers assembled to peer at his workouts.

He extended his right hand to a scribbler visiting at his cottage, and for the first time it was noticed that Max's third finger on his right hand was bent so that the tip almost touched the palm and could not be straightened. Schmeling's right hand is his best punching weapon.

At the same time Max said that he had invited Dr. W. G. Fralick, New York surgeon who has operated on the injured hands of many fighters, to visit him here Thursday. Immediately it became obvious that Max was suffering from a broken digit.

The German heavyweight got a chuckle out of the situation as he made his easy explanation. The finger, never before noticed by newspaper men was infected with blood poisoning when Schmeling was eight years old and 14 minor operations left the digit stiffened and bent over. He plans to play golf with Dr. Fralick who once operated upon a broken bone in his left thumb.

MILLS SAYS HIS CONDITION IS EXCELLENT

"For the last six months, Oscar Dotson has done nothing but tell how the wrestling matches at the Pla-Mor were framed," Tiger Mills confided last night.

"He went around telling that the match between Otis Clingman and myself was a frame-up. Right here I want to say that I lost 18 pounds in the week following that match. I was out of condition when I wrestled Clingman, but I won't be Thursday night when I get on the mat with that Future Shadow! He'll wish the match had been framed before it is over with."

To all of which Oscar responded: "If you want it straight, Tiger will never be in good condition. He's a fake wrestler, and doesn't know how to wrestle, even if he were in good condition."

If the main event turns out to be a fluke, wrestling fans can congratulate the management for securing Dan Goffino and Rob Roy for the 30-minute event. Rob is rapidly gaining all the skill and strength he lost when he was down with two carbuncles, and he will likely give Dan Goffino tough competition Thursday night. In the last month, Goffino has become the leading wrestler in this section. He has only to beat Cal Farley before he assumes the right to meet Jack Reynolds.

In the prelims, Kelly the Barber and Jelly Alexander are planning on pulling some fast stuff on each other. Red Michaels informed The News yesterday that he would be at the ring-side ready to hoot and hiss the barber. Until yesterday, Kelly and Alexander intended to make the match a friendly one, each one out to win but no hard feelings of either, but a difference developed between them as to Red's status as a wrestler. They might be ready to wreck each other by tomorrow night.

Famous Halfback Is Dead at 56

NEW YORK, June 4. (AP)—Samuel Brickerhoff (Brink) Throne, one of Yale's football "giants" during the era of Hefelfinger and Hinkley, is dead at the age of 56.

The famous halfback of 35 years ago died suddenly in Harbor hospital yesterday of pleurisy.

For four years he played a slashing game as halfback. But his outstanding achievement, in a football way, was his spectacular run, almost the length of the field, for the touchdown that beat Princeton in November, 1895, his junior year. He captained the Yale team of 1896 and was selected for the All-American teams of 1895 and 1896.

SOUTH CLUBS PUT TO ROUT ON TUESDAY

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

Running into a combination of tight pitching and lusty hitting at every turn, the four delegates from the south end of the Texas league suffered a complete rout in their first engagements on northern soil. That is to say, that Wichita Falls, Fort Worth, Shreveport and Dallas ganged up to blank the visitors yesterday.

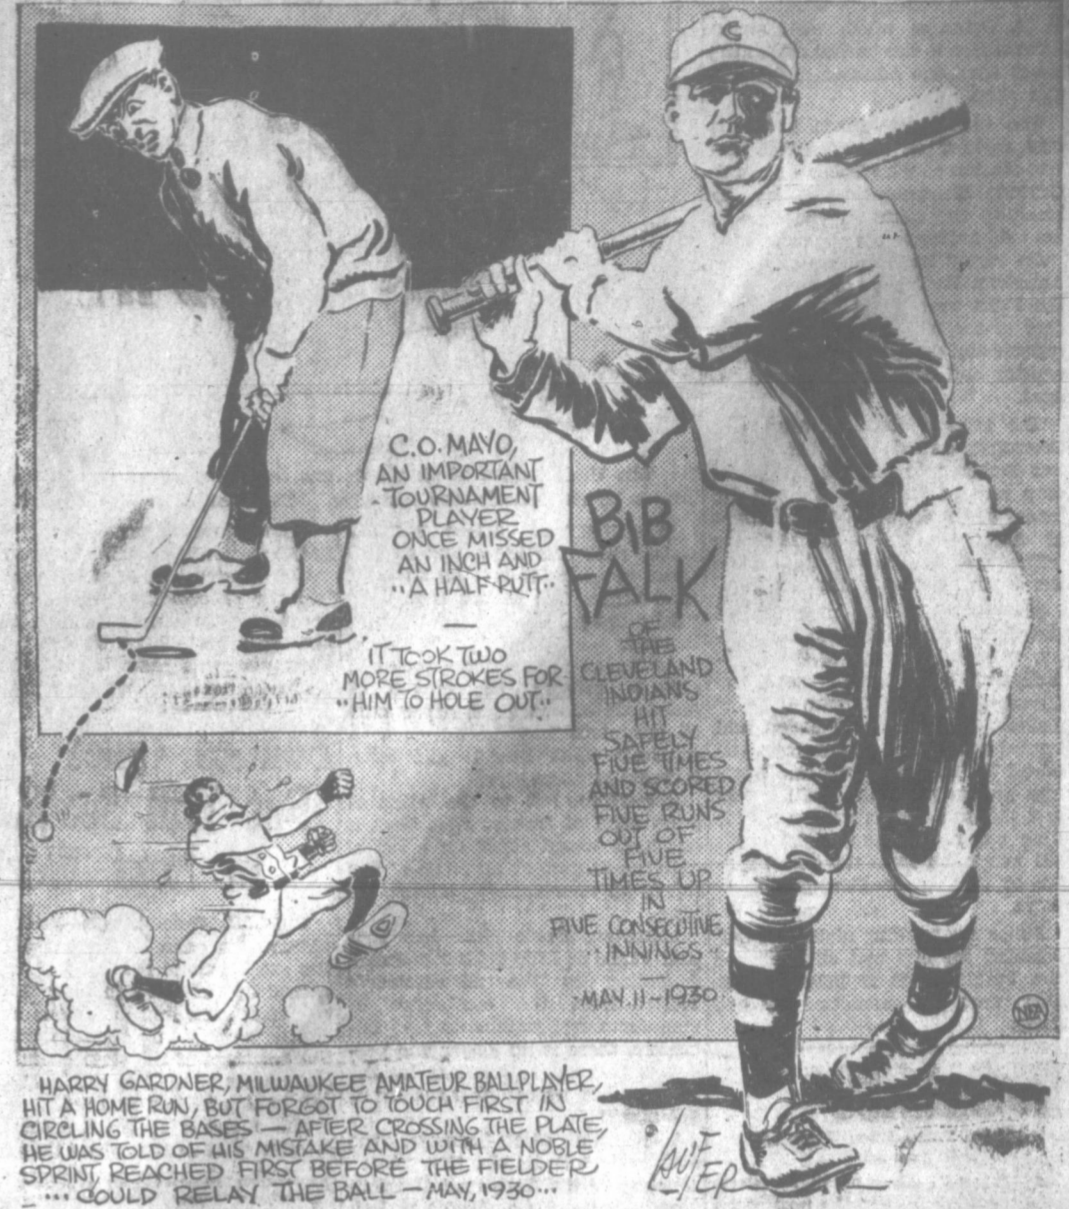

On the assumption that the unexpected comes first in reader interest, it is well to chronicle without further preamble that the Dallas Steers broke their latest reverse streak of eight straight by licking the Houston Buffs, 5 to 3, in their opener. The Mavericks took a lead off Allyn Stout in the very first inning, and what is more remarkable, held it to the bitter end.

The defeat cost the Buffs, as the Spudders were busy knocking off the Beaumont Shippers, 10 to 5, and stretching their advantage over the junior Stars to three and one-half games. As it is only a matter of 16 days until Texas league magnates must make up their minds about splitting the season, the Spudders' present lead looms large. June 19 is the deadline for announcement of a split, which would take effect five days later.

Lefty Jimmie Walkup realized every pitcher's dream as the Cats greeted Waco with an 8 to 5 thumping. His pitching was not exactly an epic, but his batting was. He bounced a homer off Stein in the fourth inning with two runners aboard and drove in two more with a single in the sixth, accounting for five runs. Also, he had a sacrifice and struck out five Cubs to round out his day. Gene Eye, with a homer and single, was the only Cub to break into the hit column twice.

GEORGIAN IS DETROIT ACE THO BEATEN

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

Whitlow Wyatt, a big Georgian whom Detroit acquired from the Knoxville club of the Three-Eye league, had turned out to be one of the season's best finishers in the box. Although he has but two complete games, both of them won, and two defeats to show for the 12 times he has appeared on the mound, Wyatt has probably done more good pitching than any other Detroit.

Time and again he has saved the Tigers from defeat or kept games already lost from becoming routs.

Such was the case yesterday as the Tigers dropped an 8 to 4 decision to Washington. The Senators had attacked Whitehill and Sullivan for seven runs in the second inning before Wyatt appeared, but he stopped them with three hits and a single counter in the next seven innings.

Ray Kolp of Cincinnati turned in almost the duplicate of Wyatt's performance to join him on the short list of outstanding pitchers on a day of hard hitting. Kolp came to rescue Larry Benton from the brutal assaults of his former teammates, the New York Giants, and stopped them, as Wyatt did the Senators, with two hits. The Giants pounded Benton for ten hits and eight runs in less than three innings and won the game, 9 to 1.

Another rookie, Art Teachout of the Chicago Cubs, led the way among the few pitchers who completed the games they started. He held the Boston Braves to seven hits while his mates attacked Giminez and Cooney for 17 runs and a 15 to 2 victory. Bill Clark had to hit as well as pitch to keep the Brooklyn Robins three games ahead of the Cubs. Brooklyn errors offset his holding the Pirates to eight hits and Clark finally took matters in his own hands by hitting a double in the ninth inning and scoring the run that brought Brooklyn a 6 to 5 victory.

For sheer slugging, the 11 to 10 triumph of the St. Louis Cardinals over the Phillies took the prize for a day that saw 196 hits made in eight games. The Phillies got the biggest total of them all, 23 safe hits, but St. Louis inserted seven doubles and a triple in its total of 16 to get the decision.

The New York Yankees, featuring Babe Ruth's 17th home run of the year, led the American league slugging parade by getting 19 hits and an 13 to 7 victory over the Chicago White Sox. The Cleveland Indians had the benefit of Wes Ferrell's good pitching as well as 17 hits and had no trouble beating the Boston Red Sox, 8 to 3. Ferrell held the Sox to eight hits.

The Philadelphia Athletics, clinging to a one game lead over Washington, engaged in the only real mound duel of the day with the St. Louis Browns as their opponents. Lefty Grove and Dick Coffman battled for six innings before the game suddenly blew up under them. With St. Louis leading 4 to 0 in the seventh, Jimmy Fox and Ed "Bling" Lile's successive home runs and the Athletics moved on to a 4 to 1 triumph.

The Rev. Tom W. Brabham, pastor of the First Methodist church, was to leave today for Abilene to attend weekly sessions of the board of trustees of McNary college and the board of education of the Northwest Texas conference. E. W. Newberry, custodian of the property of the Methodist church, was to accompany the pastor.

BOULIE, France, June 4. (AP)—George Von Elm, Detroit, weathered the third round of the French amateur golf championship this morning, defeating George Troyan, five up and four to play.

Prospects for an All-American semi-final tomorrow were visible when Raleigh Allen, Asheville, C., was won his third round match, defeating Marcel Chauvet, three up and two to play.

Rush Cattle to Border

EL PASO, June 4. (AP)—Anticipating enactment of the tariff bill with higher duties on cattle from Mexico, cattlemen of that country today were rushing cattle to the border. Reports indicated real bargains were being offered by Mexican owners. Two-year-old Mexican steers were being quoted as low as six cents a pound and other classes accordingly.

BURGLARIES IN CITY CONTINUE

The burglary epidemic continued last night when three business houses were broken into, although a total of only \$10.45 was taken.

The money was taken from the cast register of the Magnolia service station at Five Points on South Cuyler.

An empty haul was made at the American Refining company where the locks were pried off the front door of the office and off the cash register and desk drawers.

The grocery store at 820 East Browning, owned by a Mr. Kelly, was broken into but only a bar of soap was missing this morning.

The robberies last night raised the total committed since last Friday to seven. In two of the burglaries, at Your Laundry and Dry Cleaning and the Combs store at LeFors, the safes were stolen and hauled away.

Police are working night and day combing the city and oil fields for the burglars. It is believed that they were all committed by one gang.

So You'll Know, Her Waist Is Seven Inches Above Hips

The U. S. bureau of standards has decreed that a woman's waist-line is seven inches above her hips. That settles it--or does it?

WASHINGTON, (AP)--A woman's waist, that mysterious line so fascinating to poets and lovers since time began, has at last been definitely designated by Uncle Sam himself.

Acting as referee for a group of pattern makers, the bureau of standards of the U. S. department of commerce has decreed that a woman's waist line is just seven inches above the hips.

Heretofore, left to the whim of every wind of fashion that blew, it has been tossed about on a sea of patterns varying at an angle of five inches to nine inches above the hips.

Moreover, Uncle Sam has toppled Venus de Milo off her pedestal. According to the measurements evolved from the conference of manufacturers, merchants and educators, there is no longer one perfect woman as represented by the cold marble woman without arms, but many!

The little slim brunette, the statuesque tall blonde, the plump woman and the Hollywood diet thin woman have now a chance to look in the mirror and with satisfied sighs say "I'm perfect!"

Here is the new set of proper measurements which will be put out by the pattern makers:

Table with measurements for WOMEN and MISSES, including Bust, Waist, Hip, Size, and Socket.

Hero's Mother Decries War

Mrs. Ada Yerges of Columbus, O., above, is the most active pacifist in the first group of Gold Star Mothers to make the pilgrimage to their sons' graves in France. Unlike many of the mothers who appeared satisfied that their sons had fought for an heroic cause, Mrs. Yerges decied war and even urged that toy shops quit selling war-like games.

Due to the large number of sales on our new Buicks we have accumulated an over supply of high class used cars and not desiring to carry these cars as we do not have space enough to accommodate the new cars coming in. We want to start the Summer with a clean slate.

Orchestra One of Big Features of Sadler's Show

"Uncle Dudley" story of a civic worker who took slaps on the back and loving cups instead of "dough" for hurs he spent making money for other people, was witnessed by big audiences at Harley Sadler's tent show Monday and Tuesday nights.

Evidence that Sadler's show gets bigger and better every year was very strong last night. The audience seemed to applaud longer and louder than usual. Sadler certainly has the best orchestra that he has ever had. The sets were actually ritzy, the tent is new and the stage is bigger than it was last year. The vaudeville acts are fresh and original, especially the singing and dancing of 8-year old Miss Gloria Sadler, and the "break-down" jiggling of a clever 10-year old boy.

As for the play: it was sufficiently amusing and has no pretensions toward drama. It dealt with a plot and types of individuals, not with personalities, characters, and naturalistic situations. As Mr. Sadler said, "It is good, wholesome, clean entertainment with a good moral lesson that won't leave you." Mr. Sadler describes each of his plays in similar language. The plays produced in the Sadler tent are to drama what the novels of Harold Bell Wright are to literature. Indeed, their spirit, purpose and appeal are very much the same. The Sadler players work with gusto and with perfect understanding of their audience. Mr. Sadler assumed the title role and the applause he received indicated he is as popular in these arts as any actor could wish. The play was very pleasant entertainment.

Tonight and Thursday night, the Sadler company will produce "The Watts Family," "Slender" will be performed Friday night, and Saturday night, a ranch romance.

Mr. Sadler is to be congratulated for securing Mr. See to direct the orchestra which is acclaimed by many to be the best ever heard in this city. The orchestra is surprisingly good for a tent show—but Mr. Sadler was always different!

Miss La Veta Howlett of Shattuck, Okla., is the guest of Mr. and Mrs. Lon L. Blanset this week.

Tennis Club Is New Organization

Lack of a close-in tennis court recently led to the organization of the Down Town Tennis club by a dozen local racket wielders. Their court is located at the rear of the G. C. Malone funeral home on lots lent them by Dr. Sawyer, Henry Thut, and Neil McCullough. The site was occupied until recently by the Panhandle Lumber company. By much rolling, the court was made flat and hard.

Members of the club are: Bob Gilliland, Gene Fathere, Chas. C. Duenkel, Berl Poland, Elmer Hardin, Bob Morris, Horace Park, Houston Park, Alva Duenkel, John Barnhart, Jack Munday, John Gloyz, Jr., Nellie Hardin, Mrs. Emma Duenkel, Ruby Lewter and Mrs. Elmer Hardin.

H. A. Gilliland is in Norman, Okla., to attend the commencement exercises in which his son, Alfred Gilliland, is being graduated from the University of Oklahoma.

Miss Belma White of Long Beach, Calif., is visiting her cousin, Miss Thelma Qualls.

On Automobile Trip

Mr. and Mrs. Cass Phillips and two children, Florene and C. E., left Sunday for a three-week automobile trip in which they will tour the Rio Grande valley, visit El Paso, the Carlsbad Cavern and other scenic spots in Texas and New Mexico. They were accompanied by Mr. and Mrs. Sid Stone, and two children, Theda and Sonny, formerly of Pampa but now of Amarillo, and Mr. and Mrs. Hammond of Amarillo.
