

TWO ROAD MOVES AWAIT ACTION

HUNT ATTACKER OF DALLAS GIRL RAILWAY HEARING TO BE HELD JULY 9

"Thar's gold in these here prairies."

Pampa fact: Pampa service stations have annual payrolls aggregating \$104,000.

The Pampans wish to congratulate the ladies of the Women's Missionary Society of the Methodist church for their work in behalf of the destitute families of the city. There is a program of true, applied Christianity. The conditions they have, with the aid of the Salvation Army, discovered, should wring the hearts and pocketbooks of our citizens.

Funds are needed to buy milk for the children and the sick folks. Ice will be furnished free for this purpose by the Pampa Ice Manufacturing company. Members of the Missionary Society, of the Salvation Army staff, and the executive board of the Army, composed of local business men, will accept money to be used to buy milk for undernourished and, in some cases, starving children.

To make giving easier for some of you, this column offers to take contributions to the milk fund and to acknowledge receipt here. The money will be turned over to those directly dealing with those needing the milk.

The item below, written by A. F. oil editor, is imaginary, but the facts might and should have been true. Amarillo's "oil field" dry for several months, last week produced 50 barrels daily from the lone Potter county well. This fact inspired the following imaginary article.

AMARILLO (Special)—A continuous din of cheering resounded here in the sanctum sanctorum of the Chamber of Commerce. The entire force of the Amarillo Daily News voted a holiday, and led by the diaphanous Tack skipped down to the Palo Duro canyon—but not before they had gotten out three extras in the space of an hour. Spurred on by T. E. Johnson, the Chamber of Commerce prepared to flood the nation with pamphlets describing Amarillo as the oil capital of the Southwest. Every leaf on every one of the 187 rose bushes in the City of Roses trembled and palpitated in excitement. Even the helium plant breathed convulsively and the dozing engineers on the two switch engines on the tracks at the railroad center of West Texas stirred in their lethargy as a herald, with a six-foot megaphone on top of the Santa Fe building blared out the great news that Potter county's one and only oil well had produced 50 barrels of oil, the first in three months.

TWINKLES
Furthermore, we recommend to the highway engineers that they take some of the acuteness out of the acute angles made by one concrete slab meeting another. Turning from the south field road to the LeFors slab after approaching from the south is difficult, especially when there is heavy traffic. Use of a few yards of concrete to permit a wider turn would not have cost much, and it would have reduced the danger of accidents.

Editor Smith of the Hutchinson County News at Stinnett has abandoned his "My Harp" column to run for county judge. We understand that he wasn't drafted, so he must simply have grown tired of harping on this and that.

What is the proper thing to say when the wind blows your hat off your head and drives the skypiece into a lady's little way ahead? We are asked the question. Our advice is to another the naughty words addressed to the wind and to ask the lady's pardon while whizzing by her in pursuit of the hat.

NOTICE SENT LAWYER HERE THIS MORNING

Rock Island Project Is Definitely Delayed

ORAL ARGUMENT TO BE HEARD

Favorable Trend Is Seen in Latest Order

New argument in the railroad "war" will be heard by the Interstate Commerce Commission in Washington beginning at 10 a. m. July 9, according to a formal notice received this morning by Chas. C. Cook, attorney for the Pampa Board of City Development.

Re-opening of the case has resulted from favorable I. C. C. action on the motion of the Burlington (Fort Worth and Denver Northern) system, joined by the cities of Pampa and Childress. Meanwhile, although not cancelled, the certificates of public convenience and necessity granted in April have been indefinitely suspended, thereby halting new construction planned by the Rock Island, Frisco, and Clinton & Oklahoma Western lines.

The C. & O. W. permit is for the construction of a spur road from Heaton, about 8 miles east of Pampa, to Central Gray county. The Rock Island was granted a permit for the Quamah-Shamrock line, and the Frisco right for 71 miles of construction in Wilbarger and Baylor counties.

It will be noted that the G. T. & W. project, concerning rehabilitation of this little road, is not involved in the coming hearing. This fact will enable the Denver road, and Pampa and Childress as intervenors, to focus attention on the needs of the Pampa and Upper Plains area. In the April hearing, attention was largely on the Gulf, Texas & Western road, and its relation to a network of lines converging in Fort Worth.

Legion to Meet This Evening to Plan Big Trip

Members of Kerley-Crossman Post of the American Legion are to meet tonight to discuss ways and means of attending the district convention to be held at Slaton Saturday and Sunday.

It has been definitely decided that a delegation will go from here Sunday accompanied by the Legion band.

An invitation is extended to anyone, whether Legionnaire or not, to make this trip. It is hoped that a large delegation will represent Pampa.

Cosmopolitan Bank in Cincinnati Is Closed—Huge Shortage Found

CINCINNATI, June 10. (AP)—The Cosmopolitan Bank & Trust company was closed today by O. C. Gray, state superintendent of banks, after a shortage of from \$75,000 to \$80,000 was found in the bank accounts of the Henry L. Doherty company, Cincinnati branch.

The Doherty company was one of the largest depositors in the Cosmopolitan bank. Gray ordered the bank to remain closed, saying its affairs were in the hands of the state. Examiners and county officials said a shortage of more than \$1,000,000 existed in the books of Amos W. Shafer, former district manager of the Doherty company, and declared the seriousness of the shortage was emphasized by the

PROMPT RESPONSE IS MADE BY CITIZENS TO PLEA FOR FUNDS TO RELIEVE SUFFERING IN CITY

Additional Contributions Are Needed—of Clothing, Food, Medicines and Bedding for Sick

The plea of the social service committee of the Women's Missionary society of the First Methodist church for aid in alleviating the sufferings of destitute families in Pampa and its outskirts has met, thus far, with a prompt and generous response from citizens.

August A. Gordon was the first to respond after the society made its request through the press Sunday morning. He communicated with the committee immediately, pledging a milk fund of \$5 per month to be used by the welfare workers as long as they found children in need of it. He specified that the money should be expended equally between the dairies of the city.

Judge Ivy E. Duncan donated \$25 in cash to be used by the workers in whatever way they saw fit. The L. T. Hill company contributed a large supply of material badly needed to make clothing for the poverty stricken children and adults, and donated, in addition, two-thirds of the cost of \$60 worth of materials purchased by the welfare workers. The management also gave generous reductions, it was said, on shoes and clothing purchased for the unfortunate.

Many citizens have called members of the committee to offer used clothing. Garments of every sort are being collected and distributed, where needed as fast as the workers can assemble them. Mrs. J. E. Ward's home, 103 North West street, is being used as a collection point, and citizens who wish to donate are asked to carry their bundles there, if possible.

Members of the church welfare committee are working in conjunction with the Salvation Army and under the personal direction of Ensign Edgar King. Investigation of all cases is being carried on jointly by the committee and Ensign King.

There is an acute need, according to the committee, for all kinds of clothing, food, medicines and disinfectants, and bed clothes. Adults and children are, in many cases, on the verge of starvation and utterly helpless. The inability of mothers and fathers to find employment has led to bitter suffering for entire families. The condition of the children, as described by the women workers, is particularly deplorable. Milk is badly needed for undernourished children and infants.

A present need, which, if met today or tomorrow, would not only greatly relieve a family in distress, but would facilitate the local charity work considerably, is for a small sum of money for expenses of moving a family from here to the potato fields of Colorado, where they claim to have jobs awaiting them. Members of the committee say that

WOMAN SAYS SHE WAS HIT BY ASSAILANT

Employee of Western Union Kidnaped and Robbed

VICTIM GIVES SCANT CLUES

Is Hysterical While Telling Police of Assault

DALLAS, June 10. (AP)—Officers today were searching for a man who allegedly kidnaped a woman employee of the Western Union here yesterday and took her to an isolated spot, where he committed criminal assault, beat and robbed the woman, then abandoned her.

The 24-year-old woman said she was waiting for a street car to bring her to town yesterday when a young and well-dressed man drove alongside and offered her a lift. She declined the offer, she said, and the man drew a pistol and forced her into the machine.

Keeping the weapon pressed against her side, the man drove several miles from Dallas to a secluded spot southwest of Trinity Heights, where he stopped.

She struggled and the man started beating her over the head with a ten-inch bolt, the woman related. He next attacked her and took three diamonds from her finger and a dollar from her purse. That done, he left.

The woman said she started to walk to the nearest farm house about a mile away, but passing motorists picked her up and brought her to her mother's home.

Hardly able to talk because of the bandages which covered her head and face, the woman today was in a hospital. Police said they had no clue to the man's identity.

The woman was on her way to work when she was accosted. She was hysterical after the episode and fainted several times while telling her story to officers.

Agents' Reports Reveal Work of Broad Scope

Monthly reports of Miss Myrtle Miller, county home demonstration agent, said County Agent Ralph Thomas were accepted by the commissioners court at the regular session yesterday afternoon.

Miss Miller accounted for the month of May as follows: 17 days of field work, 10 days of office work, 13 days of 4-H club work, 14 days of adult work, 57 office calls, 19 telephone calls, 50 letters written, 40 visits to farms or homes, 16 demonstrations, 23 meetings which were attended by 259 persons, 6 news stories written, 991 miles traveled. She visited in the following communities: Laketon, Pampa, McLean, Eldridge, Grandview, Hopkins Nos. 1 and 2, Back, Alanreed, and Bluebonnet.

Mr. Thomas spent the May days as follows: 8 1-2 in office, 12 in 4-H club work, 15 adult work, 8 office calls, 26 letters, 88 farms and homes visited, 12 demonstrations, 6 meetings attended by 213, 1 news story, 1,564 miles traveled.

Mr. Thomas performed the duties of his office at Pampa, McLean, Alanreed, Hopkins, and Laketon.

Slayer and Victim in Topeka Murder

Virgil Pointer

Roy Kramer

Virgil Pointer, said by authorities in Topeka, Kan., to have confessed that he murdered Roy Kramer, vice president of a Topeka packing company so that the company might collect \$30,000 insurance on Kramer's life, is shown here with the victim. Pointer, a laborer employed by the company, is said to have told authorities he was asked by Louis H. Kimmel, president, to commit the deed. Kimmel, arrested and released on bond, indignantly denied the charge.

ESTRANGED HUSBAND KILLS HIS WIFE, SHOTS HER SISTER, AND PROBABLY FATALLY WOUNDS SELF

WICHITA FALLS, June 10. (AP)—Mrs. Maudie Dyer, about 30, was fatally shot and her sister, Mrs. Dana Childress, was wounded, perhaps fatally, at Mrs. Childress' home here today. Joe Dyer, the estranged husband of Mrs. Dyer, was found shot, probably fatally, soon afterwards.

The shooting, according to John Prince, a cousin of the women, who was in an adjoining room, occurred almost immediately after Dyer entered the home. Prince said he heard no words before the shots.

Dyer was found beside an irrigation ditch about a quarter of a mile from the place. A revolver was lying nearby.

Mr. and Mrs. Dyer had been separated about four months and Dyer had been working in and near Abilene. Dyer was shot through the head, and hospital attendants said he had no chance for recovery.

Mrs. Childress was shot in the head and forearm.

C. E. Guthrie Is Office Deputy

C. E. Guthrie, father of Deputy Jeff Guthrie, succeeded C. E. "Tiny" Pipes as office deputy of the sheriff's department. Mr. Pipes resigned to conduct his campaign for sheriff of Gray county.

Mr. Guthrie has lived here during the last year. He was the first district clerk of Oklahoma county, Okla. after statehood. He has also served as justice of the peace in Oklahoma.

Heaviest Rainfall of Months in This Territory Totals 1.74 Inches

Rainfall which lasted most of the first half of last night, falling in torrents at times, amounted to 1.74 inches. It was the heaviest downpour in several months.

Heaviest rains were said to be within a radius of 50 miles east of Pampa. It has been necessary to eliminate two bus trips of the Pampa-Shamrock line, two of the line from Pampa to Oklahoma City, and one to Enid. No buses were running eastward this morning.

The bus from Oklahoma City, due here last night at 6:50, stopped at Mcobeite, and arrived in Pampa this morning at 10:15. The bus from Amarillo was arriving 30 to 45 minutes late, owing to the rough

HUGE ISSUE IS PROPOSED BY M'LEAN MEN

Plan Proposed Only That It May Be Killed

NEW DISTRICT NO WCREATED

Original Plans For 3 Precincts Are Presented

Action on two petitions for road bond elections, one presented by citizens of Pampa and the other by citizens of McLean, will be taken this afternoon or tomorrow by the county commissioners. The court was scheduled to consider the proposals this morning, but absence of Commissioners John R. White, M. M. Newman of McLean, and Lewis O. Cox forced postponement.

At noon today, there was a strong likelihood that the court will order that both elections be held, according to Judge Ivy E. Duncan and Commissioner Tom Kirby. The Pampa petition asks that an election be held to decide whether \$2,000,000 in bonds shall be issued to pave roads in Road District No. 5 which was created yesterday by the commissioners court. The McLean petition, if granted, would order that an election be held to decide whether a \$3,500,000 bond issue to pave county roads would meet the approval of the voters.

Should the court approve the petition presented by citizens of precincts 1, 2 and 3, it will be necessary to hold a hearing in 15 days, and, in 30 after the hearing, the election. The hearing may last a week, but testimony or arguments presented during the hearing could have no effect on ordering the election, the calling of which lies with the discretion of the court. In any event the election could not be held in less than 45 days.

A hearing would not be necessary in the case of the McLean petition as the laws provide that one is not necessary in a county-wide bond issue. It was stated today that both elections likely would be held on the same day, thereby avoiding expense of holding two separate elections.

The petition calling for one election was signed by 75 tax-payers and citizens of this community yesterday afternoon after the county commissioners in their regular meeting yesterday had voted two to one to establish Road District No. 5. Should the two million dollar bond issue be approved, \$30,000 will be used to purchase the roads in Road District No. 2, as required by law. These would be known as compensation bonds. The \$2,000,000 in bonds would bear 5 1/2 per cent interest, payable semi-annually and maturing in 30 years, maximum length of time.

Commissioners Lewis O. Cox and Tom Kirby of precincts 2 and 3 respectively voted for establishment of the road district, while Commissioner John R. White of Precinct 1 voted against the creation of the district. Commissioner M. M. Newman of McLean was absent.

This new district includes precincts 1, 2, and 3, or 147,214.6 acres. Before taking a vote of the commissioners, Judge Ivy E. Duncan had business men express themselves regarding the plan. Mr. White said it was his belief that 90 per cent of the tax-payers in his precinct would oppose any kind of bond issue. Mr. Kirby believed that

Delivery Boy Struck by Car

Clifford George Stevens, 12-year-old delivery boy for the Pampa Daily News, suffered a painful laceration on his scalp yesterday afternoon when he was struck by an automobile in front of Cal Parley's Tire Shop.

The boy was taken to McLean & Connor hospital where a dozen stitches were taken to close the injury. He was removed to his home last night. The driver of the car was an Amarillo deputy sheriff. He took the boy to the hospital in his machine.

THE PUBLIC ISN'T MONEY-MINDED

While everyone is striving to become financially stronger, not everyone is "money-minded" to the extent of honesty and logically and persistently pursuing a course toward that end.

More than one hundred years ago Benjamin Franklin wrote an article on "How to Become Famous". A First National bank recently sent copies of this article to its patrons as part of an educational campaign. The article follows:

"Make a full estimate of all you owe, and of all that is owing to you. Reduce the same to note. As fast as you collect, pay over to those you owe; if you can't collect renew your notes every year and get the best security you can. Go to business diligently, and be industrious—lose no time; waste no idle moments—be very prudent economically; avoid all pride of acting justly and well—be faithful in your duty to God, by regular and hearty prayer, morning and night—attend church and meeting regularly every Sunday, and if you are too needy in your own circumstances, to give the poor, do whatever else you have in your power to do for them cheerfully—but if you can, always help the worthy poor and unfortunate. Pursue this course diligently and sincerely for seven years and if you are not happy, comfortable, and independent in your circumstances, come to me and I will pay your debts."

A LESSON IN SHOPPING

Lubbock, as a retail shopping center, is growing rapidly and is commanding wider patronage today than it ever commanded before. For the past several years, merchants here have climbed to a position of territorial importance and have increased their stocks in improved surroundings to show their appreciation of that greater volume of trade.

It is a misguided woman, indeed, who feels it a necessity to buy her coats, her frocks, her hats, her shoes and even her flimsy things in Dallas or Fort Worth, as was the previous custom followed by those who could afford it. Lubbock women, and South Plains women, alike, have under their very noses, a wide choice in all lines—and in many cases at lower prices.

There is a story going the rounds this very day—and it's a true story, for The Avalanche-Journal has gone to the pains to test its truth. It deals with a woman and the purchase of a single dress which can and should stand as a lesson to her sisters. We're passing it along for any good it might do.

In Dallas recently, a Lubbock woman followed that desire of her sex, to see what the stores had to offer in one of the better shops—the kind that sell ultra-high class merchandise and then added ten percent for their own label—she found a wonderful dress. In shade, material and cut, it clutched her heart. The price was high, but she could afford to splurge once in awhile, so she bought it.

Back she came to Lubbock, serenely happy that her beautiful frock was certain to bring her great happiness. The day she returned she chanced to visit a Lubbock store and there was the counterpart of her own expensive frock—and priced exactly 25 per cent lower than she had paid!

The shock was great but she was still skeptical. Certainly the material must not be the same—surely there was some major difference—so she ordered the dress sent out on approval.

In the privacy of her own boudoir she examined the two dresses. She used a reading glass to study each line, each stitch and the texture. The dresses were the same from 'a' to 'zizzard'. Of course, her heart was broken, but she learned her lesson.

Experience is a hard teacher to the individual who acts as pupil. Those who gain through the experience of others find that the going is not nearly so hard.

That thought—the last one—is the reason for this editorial. We hope it will serve as a primer to others who might be misguided and have to pay a great price for their education. The meat of the whole dissertation is just this:

Lubbock, a city of 20,000 and more, has offerings along all lines, for men, for women and for children. It is not necessary to look further than on our own main streets and to do so is not only unthoughtful of local business interests, but something dangerously costly.—Lubbock Avalanche.

FLYING—THEN AND NOW

There is something intensely interesting about Glenn Curtiss' flight down the Hudson river recently—the flight which marked the 20th anniversary of his first flight over that same route, which had the whole country agog and was hailed as a masterpiece of daring.

In 1910 aviation was still in its extreme infancy. The New York World had offered a prize of \$10,000 for the first flight from Albany to New York—a stunt which looked as big, at that time, as a trans-Atlantic flight looked to us just before Lindbergh's great feat.

Mr. Curtiss, who had put his name right below the names of the Wright brothers as a pioneer aviator, went for the prize. In a curious box-kite sort of airplane, with the pilot's seat far out in front, he took off at Albany and sped down the river at the dizzy speed of 55 miles

an hour, sailing along at an altitude of 500 feet, paced by a special New York Central train which finally out-distanced him and beat him to New York.

He made the trip successfully and got his \$10,000 check; but nobody supposed that it was anything more than a "stunt". Very few people really believed that airplanes would ever be much safer or more reliable than that rickety crate that Mr. Curtiss flew. Probably no one in the country dreamed that two decades more would see the nation criss-crossed by commercial flying companies.

The other day Mr. Curtiss repeated the trip in a modern 18-passenger cabin plane. His pilot, Captain Frank T. Courtney, was a man who had flown the greater part of the Atlantic. His fellow passengers sat at ease in arm chairs. The cabin was upholstered with more fabric than it had taken to encase the entire plane in which the 1910 hop was made. Instead of dawdling along at 55 miles an hour, the plane sped downstream at three times that speed, maintaining an altitude of around 2,000 feet. The railway trains below were hopelessly outdistanced.

The two trips stand out in marked contrast. In 1910 aviation was a freakish sport for daredevils. Today it is an established business. It still has room for improvement, to be sure; but when one compares Mr. Curtiss' trip of the other day with his trip of 1910, one cannot doubt that the next 20 years will see an improvement equally amazing.—NEA.

Among the local business men who said that most Pampa citizens would oppose the huge issue at the polls and that they themselves would not favor it, were M. K. Brown, Clyde Fatherson, Tom Ross, C. C. Cook, P. P. Reid, and T. F. Smalley. Mr. Swatford said that all of the McLean citizens who signed the petition for an election have publicly stated they would vote against it.

King Carol Will Punish Enemies

BUCHAREST, Rumania, June 10. (AP)—King Carol professed today to have forgotten the activities of political enemies against him while he was in French exile, but he moved quickly to punish those of his enemies who committed no offenses. Upon learning that Dr. C. Angelescu, who was minister of education in the last liberal cabinet of Mm. V. and J. Bratianu, had spoken disrespectfully of him at a Liberal meeting yesterday, he ordered him prosecuted immediately.

Dr. Kostasescu, mayor of Bucharest, and Dr. Demetrescu Braila, former minister of health, were ordered prosecuted likewise for similar offenses. Their party, named Liberal, but actually ultra-conservative, was said to have voted yesterday not to support the monarchy although not suggesting revolution.

Meanwhile, the new sovereign was engaged in forming a cabinet to replace that of M. Mironescu, which resigned as soon as parliament had proclaimed him king. Carol first, as a matter of courtesy, asked professor Nicholas Jorga, his old tutor, but Jorga could promise no success, and Juliu Maniu, resigned peasant premier, was summoned.

RESPONSE—

(Continued from page 1)

\$15 would pay for oil and gasoline for the truck which the family owns. This family is managing to eat, but that is all. The welfare committee yesterday spent \$10 in providing them the barest necessities in clothes.

With the church society's welfare committee working from early morning until night, it is difficult to notify the members of clothing to be collected. However, if persons wishing to donate any clothing will call Miss Willette Cole at the Daily News, she will communicate with the committee and the bundles will be called for by the members. All who can do so are asked to deliver their donations at Mrs. Ward's house.

Thief Believed to Have Stolen Chickens to Eat

It was a hungry and not a covetous man who stole four of F. E. Townsend's blooded white Brahmas from the latter's poultry house last night. Mr. Townsend believes this because the chicken thief, if he had been moved to steal the chickens for commercial gain, would have taken more of the hens. "However that's not an invitation for him to return," Mr. Townsend said. He pointed out that it is a penitentiary offense to steal chickens, and warns that he'll catch in the act the next person who attempts to carry off his Brahmas.

Appropriation For Fair Exhibits to Be Granted Soon

Although no official action was taken, the county commissioners in their regular meeting yesterday afternoon virtually agreed to appropriate \$500 for assembling an agricultural exhibit of Gray county at the Tri-State and Dallas State fairs this fall. Request for the appropriation was submitted by F. P. Reid of Pampa and Mr. Baccus of McLean.

The court did not pass on the matter, owing to the absence of Commissioner M. M. Newman, who was sick. The court will consider the request at the July meeting. Mr. Reid stated that three times previously, the court has appropriated funds for the exhibit.

ROADS—

(Continued from Page 1)

votes in his precinct would favor the issue. The new district is the same as the one originally endorsed by the Chamber of Commerce and B. C. D.

The two million dollar issue provides for the paving of Highway No. 33 from Pampa to the Roberts county line, a distance of 16 1/2 miles; Highway 33-A, from Pampa to the Wheeler county line, a distance of 23 miles; Highway No. 75 or U. S. Highway No. 66, a distance of 21 miles; the Miami highway north, one-half mile; the road from Pampa to beyond LeFors, a distance of 12 miles; and the Borger highway a distance of four and one-half miles.

The petition presented by the McLean citizens was signed by approximately 300 persons. It asked the court to order an election to vote on bond in the amount \$3,500,000 bearing 5 1/2 per cent interest, per annum, interest payable semi-annually. The bonds would mature in 40 years. It also provided for bonds, 380 in number, \$1,000 each, and to mature at the same time as the present outstanding \$380,000 issue in bonds of Pampa road district No. 2. These are to be known as compensation bonds and are to be used to buy the roads in that district, as required by law. The issue would also provide \$249,000 to be used as compensation bonds in road district No. 4. These would be exchanged for the outstanding issues in the two districts, or they would be sold to take up the issues.

The McLean petition for an election provides for the paving of 14 miles on Highway No. 33 from Pampa to the Roberts county line; seven miles on old Highway No. 33 from Pampa north to Roberts county; 17 miles on Highway 33-A from Pampa to the Wheeler county line; seven miles on the Oil Field highway from Pampa west; 24 miles on Highway N. 88 from Pampa to Donley county line; 11 miles on Highway No. 75 in Gray county; three miles from a point on the McLean road to the bridge across the North Fork of the Red river; the road from Pampa to McLean by way of LeFors; the road from the northeast corner of section 50, block 25, to Alamogordo, which would intersect the Pampa-McLean road.

C. C. Walford, editor of the Alan-herald, stated that it was his understanding that all of the Alan-herald citizens who signed the petition for an election would vote against it.

INDIANS ARE CREEPING UP ON SECOND PLACE SENATORS

"BIG TRAIN'S" MEN SUFFER REAL SLUMP

BY ORLO ROBERTSON
Associated Press Sports Writer
Baseball games won in the spring count as much as the ones won in September, but the Washington Senators are discovering that it takes more than an April and May winning streak to keep in the midst of the American league fight.

True the Senators are still clinging tenaciously to second place in the junior circuit, but every day sees the Indians creeping closer and closer. Today Cleveland is only a half game away while out in front, setting a burning pace, are the Athletics with a three-game lead.

On May 28 Walter Johnson had the Senators showing the way by four full games, with the world champions striving to maintain the fast clip. Then something happened to the seemingly perfect machine. The hitters failed to hit and the pitchers lacked the magic touch that had the baseball world talking of the "Big Train's" miracle. In ten games since that date, the Senators have won only two. The Indians also shifted into high and won seven of their last ten games. A glance at the records show the Athletics to be playing .833 baseball since May 28, with the Indians hitting a .700 clip and the Senators only .300.

The Indians today stood within grasp of runner-up honors as the result of a 4 to 4 victory over the Senators yesterday. With Eddie Morgan providing the big gun of the offensive power and Walter Miller hurling good ball in the end to nose out their rivals in the eighth inning. Morgan hit a home run with one on and then added a triple later in the game.

Taking advantage of the Senators' defeat, the Athletics strengthened their hold on first place by eking out a victory over the White Sox 3 to 2.

Chad Kimsey turned in a brilliant bit of relief hurling at St. Louis but holding the Yankees to five hits in six innings failed to stop them from defeating the Browns 8 to 5. The Yanks scored seven of their runs off Crowder in the first three innings. Kimsey went to the mound with none out in the third, gave two hits that inning and thereafter had the New Yorkers biting out his hand with the exception of one run scored in the ninth. The Browns slowly pounded away at Ruffing, once at the Red Sox, until they finally rushed Henry Johnson in to save the day although the Browns loaded the bases in the last of the ninth.

In the only other game played in the major leagues, the Red Sox nosed out Detroit 7 to 6 by reason of a five-run rally in the seventh. Milton Gaston held the Tigers to nine hits.

BIG 'GATE' IN HEAVY MATCH NOW ASSURED

BY HERBERT W. BARKER
Associated Press Sports Writer
NEW YORK, June 10. (AP)—Jack Sharkey's heavyweight championship battle with Max Schmeling on Thursday night will not draw a million dollar "gate," but there are indications now that it will pass the \$600,000 total that has been predicted for it.

Mr. John P. Public is showing unmistakable signs of getting excited about the whole business. The boys on the street corners are talking about it, arguments as to the respective merits of a left hook and a right cross, are common, and that's what made Jack Dempsey's various title battles draw millions.

A steady rain, drab and colorless, could not prevent the customers from appearing in droves at Madison Square Garden's box offices yesterday to demand more or less choice seats for the fray at the Yankee stadium. At the end of the day, the Garden announced the coffers of the milk fund, sponsors of the show, had been swelled to \$40,000. Recalling that \$90,000 had been taken in on Friday and Saturday, the Garden was not slow to estimate that the total "gate" would pass \$700,000.

Just to make the day one of unalloyed bliss for the promoters, Sharkey and Schmeling both put on great workouts at their training quarters in Orangeburg and Endicott, N. Y. The boys who will do the actual work have one more day of training ahead of them.

They will rest Wednesday and come to New York in time for weighing in ceremonies at the stadium at 2 p. m. Thursday. Sharkey will come by motor from Orangeburg, while Schmeling will make the trip from Endicott by train. The Teuton slugger had planned to come by air, but defini-

tely abandoned this plan because of unfavorable weather conditions. Principal interest here turned on the question of a referee. Neither Sharkey nor Schmeling has offered any objection to the New York state athletic commission's plan to select the third man in the ring just before the 15-round title affair begins.

The latest betting odds favored Sharkey 9 to 5. Odds of 1 to 3 have been offered against Sharkey scoring a knockout and 1 to 7 against Schmeling accomplishing the feat. Casting around for an explanation on the scarcity of wagering, some experts were of the opinion that supporters of Schmeling are waiting for longer odds before putting down their cash.

The match will be broadcast thru a national hook-up by the National Broadcasting company with Graham McNamee the probable choice for duty at the microphone.

After High Altitude Flight

Lieut. Appolo Soucek didn't know when he landed at the Anacostia naval air station, Washington, whether he had broken the world's altitude record. But his altimeter read 42,000 feet, and there was a good chance that a check of his sealed barograph would prove he had beaten the 41,794-foot mark set by Pilot Willie Nuenhofen of Germany last year. Lieutenant Soucek is shown above being congratulated by Commander A. H. Douglass.

Australia and Japan Strong in Tennis World

By The Associated Press
Davis cup tennis play in the European zone has reached the semi final round with Japan, Australia, Italy, and Czechoslovakia still in the fight. Semi-final round pairings pit Australia against Italy and Japan against Czechoslovakia. The survivors will meet in the zone final, the winner of which will play the United States, American zone champions, for the right to challenge France, cup holder for the last three years.

On the basis of their play in the third round, Australia and Japan will be heavy favorites to reach the final round. Japan, boasting a strong team headed by Takeichi Harada, should have little trouble with Czechoslovakia. Italy, with Baron H. L. De Morigurgo leading the charge, should give Australia a bitter fight, but De Morigurgo can't hope to swing the tide of victory toward Italy all by himself. His partner, Pietro Gaslini, does not figure to be a match for either of the Australian stars, Harry Hopman and Jack Crawford, in singles and the Hopman-Crawford doubles combination appears stronger than anything the Italians can put on the courts.

Texas Pioneer Dies
SAN ANGELO, June 10. (AP)—Louis L. Farr, 64, well-known San Angelo banker and ranchman, died early today at Temple. Farr had lived in West Texas since 1884 and was San Angelo's first city engineer. He was business manager for Ira G. Yates and the Bar-S ranch and was president of the San Angelo Rotary club.

Memphis Wins Her 37th Game

ATLANTA, June 10. (AP)—Memphis' victory record for the season reached a total of 37 today. The leaders of the Southern association took another game from the Mobile Bears, 10 to 4 yesterday.

Five errors by Chattanooga were quickly taken advantage of by Atlanta, which won 13 to 7. Two runs scored in six innings piled up a 12 to 5 score for Birmingham over Nashville.

Girl's Back Broken
SAN ANGELO, June 10. (AP)—Little hope was held today for the recovery of Miss Pattie Fox, daughter of Mr. and Mrs. W. L. Fox, who suffered a broken back in an automobile wreck near here last night.

E. Bacchus of LeFors was among yesterday's visitors here. Jeff Seitz of Mobeetie was in Pampa yesterday.

Prize Fight to Be Broadcast by National Chain

NEW YORK, June 10. (AP)—The Sharkey-Schmeling heavyweight fight at the Yankee stadium Thursday night will be broadcast over the National Broadcasting company's combined network through more than 30 stations including WJZ and WEAF. Graham McNamee will describe the action while Miss Carmen Ogden, of Rochester, N. Y., will cover society and fashion aspects.

For foreign consumption and especially for the benefit of German listeners, the fight also will be broadcast in English and German over two short wave stations W2AF and W2AC.

E. M. Campbell, Kingsmill, employee of the Magnolia Petroleum company, is a visitor in Pampa today.

Edith Gatton is in Amarillo visiting Mr. and Mrs. W. O. Gatton. Bishop R. A. Gerken of Amarillo was a visitor in Pampa yesterday.

she certainly knows her scales. Here she is as she stepped right out of the pages of mythology to take the title role in the operetta "The Little Mermaid," produced by students on the Lars Anderson estate near Brookline, Mass.

Lavender Is Golf Favorite

DALLAS, June 10. (AP)—Dennis Lavender of Abilene and San Angelo, West Texas golf champion, and Lanham Connor, Dallas par shooter, carried the favorites' handi cap as nearly 200 players drove off in the 16-hole qualifying round of the sixth annual Dallas country club invitational tournament today. Lavender, who, since winning the West Texas title for the second time, demonstrated he again was at the top of his game by carding a 66 over a Fort Worth course, was regarded as the lad the winner of the present tourney will have to beat. Connor went to the finals of the 1929 state tournament against Lavender and will be playing over his home course.

Neither "Speck" Goldman, Dallas, last year's winner, nor Clarence Hubby, Waco, runner-up, was in the field that teed off today. Goldman was ill and Hubby has turned professional. Ralph Gulda, Dallas, medalist last year, also has joined the pro ranks.

J. B. Scribner, Mobeetie, has taken employment with the Adkinson & Gunn-Tire company.

Small Dinner Party Given Last Evening Honoring O. C. Perkins

Mrs. O. C. Perkins entertained last evening with a small but delightful dinner party, honoring her husband on his birthday anniversary. The affair was arranged as a surprise to Mr. Perkins, and was given at the Dixie hotel, 522 South Ballard, where the family resides.

Judge and Mrs. H. E. Florey, the Rev. E. P. May, and S. C. Victoria were guests. The Rev. May offered a toast to the celebrant at the conclusion of the dinner.

Violin selections by Mr. Perkins and tap dances by Junior Perkins were enjoyed in the hotel lobby after dinner.

Sectional Officer of Baptist W. M. U. Postpones Visit Here

Mrs. C. W. Locke of Miami, president of the Women's Missionary union of the Canadian Baptist association, has notified officers of the Women's Missionary society of the Central Baptist church that it will be impossible for her to visit the society tomorrow.

An all-day meeting of the local organization at which Mrs. Locke was to teach a book entitled "Things We Should Know," was postponed until the associational president could be present. An afternoon meeting is to be held instead, at the home of Mrs. G. D. Holmes, with the members following their regular line of work. The session is scheduled for 2:30 o'clock.

Dutch Motif Chosen For Bridge Given by Two Hostesses Monday

A Dutch motif was developed in minute detail and with charming effect by Mrs. A. H. Douette and Mrs. I. B. Hughey in the setting for a bridge tea which they gave yesterday afternoon at the Pampa tea room. Decorative wall panels, gaily colored with Dutch boys and girls, Holland tulip mills, and the traditional tulips, made an attractive background for twelve tables.

The score pads were Dutch girls holding flower shaped talley cards. The blue of the card table covers repeated the tones of larkspur, which stood in baskets in the tea room. A plate lunch was served as a conclusion to the affair.

Miss Molita LeFors made high score. Her favor was a tray decorated with a Holland scene. A match box fashioned as a wind mill consoled Mrs. C. C. Boles for low score. At each of the tables a Dutch doll

holding a tape measure was given for top cut.

Following is the guest list: Mrs. L. C. McMurtry of Amarillo, Mrs. Biggs Horn, also of Amarillo, Mrs. Joe M. Smith, Mrs. W. E. Coffee, Mrs. C. H. Todd, Mrs. Ivy E. Duncan, Mrs. C. W. Stowell, Mrs. I. E. Kullmann, Mrs. C. M. Carlock.

Mrs. L. N. McCullough, Mrs. Otto Studer, Mrs. Emma LeFors, Mrs. J. M. McDonald, Mrs. Guy Farrington, Mrs. Dick Walker, Mrs. George Wallace, Mrs. Grace Higgins, Mrs. George Walstad, Mrs. John Studer, Mrs. Albert Wood, Mrs. Wm. M. Craven, Mrs. Roy Wiley.

Mrs. C. C. Cook, Mrs. M. D. Oden, Mrs. P. O. Sanders, Mrs. Hal Peck, Mrs. J. T. Madden of Atlanta, Ga., Mrs. Clarence Barrett, Mrs. C. T. Funkapillar, Mrs. Tom E. Rose, Mrs. W. A. Bratton, Mrs. C. G. Atteberry, Mrs. Siler Faulkner, Mrs. DeLea Vicars.

Fourth Birthday Is Celebrated at Unique Circus Party Friday

A cleverly planned circus party was given Friday afternoon by Mrs. L. W. Hardcastle for her little daughter, Ila Fay, celebrating the small honoree's fourth birthday anniversary. Circus games were played, and as favors the guests received decorated animal cookies, lolly pops decorated as clowns, and brightly colored balloons.

The large birthday cake represented a merry-go-round. Each little guest made a wish as the past pieces were cut. A number of attractive gifts were presented Ila

Fay.

The following children shared the occasion: Lucille Carlock, Mary Anne Tyler, Mary Ella Davis, Lois McAlister, Marjorie and Mary Jean Hill, Wilmagne Cox, and Ben Alvis Anderson. Mrs. B. E. Davis assisted Mrs. Hardcastle in entertaining the group.

FRIDAY
Texas Oil Notes
DALLAS, June 10. (AP)—The Union Producing company's No. 9 Ray in the Pettus field in northern Bee county in the southern part of the state has been completed at 3,993 feet, flowing 200 barrels on five-

sixteenths choke. The new producer gave the company four wells with total pick-up in daily production of 2,300 barrels. Twenty-three wells were being drilled at the start of the week in this field.

Test wells have been sunk near Palestine and Gainesville, the Navarro Oil company drilling in the second chalk, at 2,400 feet near an east offset to the Gulf Cable-Tool test seventeen miles from Gainesville.

MAYFIELD SAYS "MA" MAY BE IN RUN-OFF

MEXIA, June 10. (AP)—Earle B. Mayfield, candidate for governor, said today that Governor Moody's decision not to run for re-election, would not effect his campaign or prospects "one way or the other." He said that he would lead the ticket and that Thomas B. Love of Dallas or Mrs. Miriam A. Ferguson would be his opponent in the run-off.

Steel Orders Decline
NEW YORK, June 10. (AP)—Unfilled orders of the U. S. Steel corporation declined 244,933 tons in May to a total of 4,659,227 tons on May 31 as against 4,354,220 tons on April 30.

The total at the end of last month showed a drop of 244,940 tons over the back log of May 31 a year ago.

Shrine Opening Delayed
TORONTO, June 10. (AP)—Rain, breaking suddenly from a threatening sky, caused postponement today of the parade of the ancient Arabic order of nobles of the mystic shrine and the grand opening of the international Shrine convention.

More than 10,000 nobles, garbed in colorful uniforms and patrol trappings, were prepared to participate when the decision was reached to postpone the march. The parade up Lake Shore boulevard was advanced to tomorrow, and all other outdoor events scheduled for the day were tentatively cancelled.

Ends Piles Quick

NO SALVES OR CUTTING

Piles are caused by congestion of blood in the lower bowel. Only an internal medicine can remove the cause. That's why salves and cuttings fail. HEM-ROID, the prescription of Dr. J. S. Leonard, removes this congestion and strengthens the affected parts.

HEM-ROID is now sold by druggists everywhere, and has such a wonderful record of success even in chronic and stubborn cases that Fatheres Drug company invites every Pile sufferer to try HEM-ROID and guarantees money-back if it does not end all Pile misery.—Adv. No. 1.

One Healthful form of Necessary Nourishment that kids need no coaxing to drink

Little "human dynamos" run out of "juice" between meals. That's why they tease for sweets. Sugar is the quickest energy food and Mother Nature knows it. She prompts the appetite. It's as natural as hunger can be.

If your kiddies crave sugar, give them as much as they want... but in a form that can't be abused. Dr. Pepper contains fruit juice for flavor and health... pure sugar for quick-energy supply... and sparkling water for bulk and thirst. No tax on digestion. No ingredients that can possibly harm. The small proportions of sugar to water is a safety-valve against excess.

cook." He reached out and picked up the menu card. "What would you like for desert?" "Desert?" Phillip repeated in astonishment. "Why, we haven't had anything but hors d'oeuvres and soup!" "That's right," Alan said indifferently. "What shall we have?" "Goose, you've already ordered squabs."

"Well, then let's dance." Phillip was about to say she'd much rather talk, but thought better of it. They danced without conversation, and Phillip guessed that Alan was not even thinking of her.

She kept telling herself she had nothing to fear. He had asked her to marry him. They were engaged. Nothing could change that. She could hold him. Alan was too decent for anything else. Better let him alone. Naturally, it upset him to know that Natalie was coming back to occupy their former home.

She didn't quite like the word "upset." It didn't adequately describe his reaction to his wife's announced return. But she preferred not to substitute a word more fitting. Not even in her thoughts would she admit that Natalie had any hold upon Alan, that could eliminate her, Phillipa.

Alan himself could not have analyzed for her what was in his mind. When he received Natalie's letter, he read it with surprise as his paramount emotion. Then he began, almost unconsciously, to be thrilled.

It was a short letter, little more than a note, but perfect as Natalie was perfect. Beautifully written on pale tinted paper. She simply said she was returning, and made a few ordinary requests concerning the house.

She did not say she was coming back to him. Alan was puzzled over her complete omission of reference to their estrangement. He had never, in fact, understood the silence she maintained about his having closed the house. Of course, she had corresponded very little since he had moved to town, but he had expected her to take some interest in the matter.

What he did not know, to help him understand her attitude, was that Natalie's mother had taken a hand in her daughter's marital affairs about the time the house had been closed.

Natalie hadn't known what to say about it at first. Her heart agreed with what her mother said. She knew she loved Alan. Being away from him had convinced her he was the greater part of life for her. Everything was flat and dull without him. There was always an ache in her heart.

There were moments when loneliness pressed in so hard upon her that she wanted to cry out for relief. Then the world, in her father's household, seemed to belong to her sister, Florence, and Florence's ubiquitous boy-friend, Andrew. Until Andrew went away to New York, then Florence was taken there too.

There was no time or place for yearning, except in the dark at night, or under cover of a deceivably collected exterior. At times, she thought her heart would break right before her family's eyes, and they wouldn't know a thing about it.

She thought they wouldn't. She didn't know; how discerning real mothers are. But she was to learn and be prayerfully grateful for the maternal perspicacity.

They were baking cakes, loaded with fruit and spices, for one of Florence's parties, on a morning when the sun shone brightly through the gayly curtained windows, and turned the kitchen into a place for singing happily.

Mrs. Jayhunter looked at her daughter, and grew misty-eyed. A moment later she slipped into the pantry and wiped the budding tears away, certain that she had put altogether too much nutmeg in the last loaf of butter.

But it didn't seem right to her that there should be anything to weep over in beautiful Natalie's life. Goodness, think of what that kitchen could be like! A roly-poly baby pounding a silver spoon on the arm of its high chair; a bird in the window, singing to burst its throat; a tabby purring below on the braided rug in front of the radiator; heavenly smells coming from the oven.

Good gracious, what had she done now? More nutmeg! "Mother, what is the matter?" Natalie was looking at her in alarm. Suddenly Mrs. Jayhunter put down the mixing spoon she had just taken up after her trip to the pantry, and faced her daughter with a degree of finality in her mien that completely awed Natalie.

"I want to have a talk with you," she said firmly. "Well," Natalie was hesitant about consenting. "It isn't well," her mother declared stoutly. "Put that pan in the oven and turn the gas down. Then heaven help anyone who interrupts us. I may be making a big mistake, but at least I'm going to do a thorough job."

"Whatever in the world are you talking about?" "I'm going to talk about you and Alan."

Natalie's hand shook, as she closed the oven door. Her mother saw that it did, but she had made up her mind to be ruthless in the necessary degree.

She ordered Natalie to sit in her own "cooking chair," as she called the little rocker by the window, and Natalie did as she was bid. Mrs. Jayhunter wanted more room, so she remained standing, busying her hands in clearing up the table where they had mixed the cakes.

She tore right into Natalie's trouble as if it were some obnoxious thing that had to be slain. And there was so much the air of a crusader about her, with back of it such an apparent love for both her and Alan; that Natalie was half won.

In time she wrote to Alan, and the day afterward Mrs. Jayhunter dispatched a letter of her own. (To Be Continued)

Light Gravity Oil Production in Large Decrease

TULSA, Okla., June 10. (P)—Estimated daily average production of light gravity oil in the United States decreased 22,237 barrels during the week ending June 7, according to current figures released by the Oil & Gas Journal. Oklahoma fields set the pace in the downward movement with a decrease of 13,755 barrels.

Against the decline in light gravity production was a somewhat general increase in heavy gravity production. This offset the light decline enough to hold the total decrease for both grades of oil to 14,321 barrels daily. While the big Gulf Coast area, gained less than 100 barrels daily, Arkansas heavy registered an increase of 3,300 barrels; Southwest Texas heavy increased 2,574 barrels, and California heavy increased 2,000 barrels.

The Oklahoma City field showed the biggest decrease of light oil production of any field in this state, its decline being 9,090 barrels. The Seminole area had a decrease of 5,100 barrels and the St. Louis Pearson district was off about 3,900 barrels.

The West Texas area reported an increase of approximately 1,000 barrels. North Louisiana light crude production registered an increase of 3,000 barrels; East Central Texas increased some 5,000 barrels; North Central Texas and the Texas Panhandle showed small decreases, while Arkansas and Kansas light oil production remained practically stationary.

A decrease of more than 7,000 barrels was registered by the Rocky Mountain fields, and California light oil production decreased 7,750 barrels, during the week. Eastern production increased slightly.

Wilbur Jackson, factory representative of the Willys-Overland company, Toledo, Ohio, was a business visitor here Monday.

MAN HELD FOR THEFT OF CAR

While driving on a city street Sunday, Homer Stanton was arrested by Deputy Jeff Guthrie in connection with the theft of an automobile belonging to F. E. Converse. Charges of theft were filed against him and he is being held in jail pending action of the next grand jury.

When notified of the arrest, Mr. Converse claimed possession of the automobile which Stanton was driving. The Texas license plates had been replaced by Oklahoma plates. Directed by Stanton, officers found the original plates hidden near Pampa.

C. E. Cary, justice of the peace, said that Stanton had made a statement, confessing to theft of the automobile. Yesterday officers arrested two men who said they live in Chicago. They are being held for investigation.

RAILROAD—

(Continued from page 1.)
of the F. W. & D. for the Pampa-Childress road was handed down by division 4 of the I. C. C., composed of three members, two of whom were unfavorable.

It is regarded here that the re-hearing is strategically favorable to the Burlington petition, although the outcome cannot be predicted. The Burlington petition would not prevent construction of the Rock Island's Quana-Shamrock line, which would be used jointly by the Burlington between Wellington and Shamrock. The adverse recommendation of Examiner Sullivan was based on the claim that traffic in the Pampa area would not justify the expenditure for the Pampa-Shamrock unit. Argument on July 9 is expected to deal especially with this phase of the matter.

WASHINGTON, June 10. (AP)—On the eve of commencement of construction by the Rock Island and Frisco systems in Northern Texas, the Interstate Commerce Commission has granted the right to opposing local interests, largely represented by Burlington interests, to reargue the motion for cancellation of permission to build which the constructing railroads now hold.

The Frisco was authorized to build seventy-one miles of new lines in Wilbarger and Baylor counties, Texas, last April; while the Rock Island was authorized to undertake the construction of 108 miles connecting Collingsworth, Childress, Wilbarger, and other adjacent counties. Exchange of track rights between the lines was contemplated over certain portions of the territory. A counter proposal to build a similar line, by the Ft. Worth & Denver Northern, owned by the Burlington interests, was rejected.

By the order, granting the joint petitions of the Fort Worth and Denver Northern, with which city interests of Pampa and Childress were associated, re-arguments on merits of the decision as between the contending group of railroads will be allowed.

While permissions to begin construction were not withdrawn, the effective date, formerly on or before July 1, has been extended indefinitely.

Mr. and Mrs. Loyd Morton, Loyd Harris, Mr. and Mrs. Lee Harris and daughter were week-end visitors in LeFors.

Fort Worth Man Relieved of Severe Attack of Rheumatism, Eagerly Praise New Medicine

MR. JOE CONNELLY

"For over a year I suffered with muscular rheumatism," said Mr. Joe B. Connelly, 504 Belknap street, Fort Worth. "My entire body was a mass of aches and pains. Finally I was forced to give up my work and was confined to bed. The pains were so severe that I had to be moved very carefully, and was helpless and bedridden for three months. My nerves were completely gone and I felt at times that I could not bear my suffering another day."

"I sent away for my first treatment of Konjola and was amazed at the results. Within three weeks I was able to get up and around without assistance. Gradually the pain and soreness left me and I began to feel my old self again. My nerves settled, constipation was completely banished, and I do not remember when I have felt as well as I do now. Konjola worked wonders in my case."

Nineteen Names Before Texas for Governor's Post

AUSTIN, June 10. (AP)—Nineteen candidates for governor—fourteen Democrats and five Republicans—today were certified for the July 28 primaries.

Yesterday at the meeting here of the state Democratic committee, Governor Dan Moody and former Governor James E. Ferguson clashed heatedly, and State Senator Tom B. Love, "Anti-Tammany" candi-

date, was mercilessly cross examined. The Republicans, meanwhile met peaceably at Houston, certified five candidates for governor and a complete party slate, and expressed high hopes for success at the polls.

The Moody-Ferguson exchange occurred as Governor Moody announced he would not seek re-election again. Asking the committee to leave his name off the ballot, Governor Moody took the opportunity to deny that he was sponsoring the candidacy of R. S. Sterling of Houston, Moody's appointee to the state highway commission, and to express the hope that James E. Ferguson, "running under his wife's petticoats," would not be nominated.

White with anger, Ferguson jumped to his feet and dared Moody to get into the race, declaring the governor was afraid. His face as red as Ferguson's was pale, Moody shook his finger at "Farmer Jim," and said:

"I met you and defeated you; there can be no greater coward than one who betrays public trust and seeks to destroy good government; and I anticipate your ignom-

inous defeat. Senator Love was asked whether he would stand by the party this year. Love replied he would so far as his conscience allowed. The senator stated he would not support Mrs. Miriam A. Ferguson; neither would he support R. L. Henry of Houston, wet candidate for senator, and Frank Putnam of Houston, wet candidate for governor. H. E. Exum of Amarillo, rancher, and Dr. George C. Butte of Austin, who ran against Mrs. Ferguson in 1924 and received the largest number of votes ever given a Republican candidate for governor, were considered among the leading Republican candidates. Both were drafted.

Justice of Peace Hears 145 Cases

Justice of the Peace C. E. Cary tried and disposed of 145 cases during May, according to his report which was submitted to the county commissioners yesterday. At \$3 a case, Mr. Cary received \$435 in fees. Ninety-one persons were fined \$1 each, one person was fined \$2, one person \$5, and one \$10. Total amount of the fines, including costs ranged from \$13.75 up. Fifty cases were tried and disposed of for which no money was collected for the county.

Most of the 145 persons tried were charged with disturbing the peace, intoxication, vagrancy and affray. One man, charged with swindling, was also assessed a fine.

The county's share of the fees was \$467.

Dr. J. C. McKean flew his Stearman bi-plane to Mangum, Okla., and returned Sunday.

Gayden Kennedy piloted the Wilcox Oil and Gas company's Ryan B-5 monoplane to Tulsa last Thursday. Mac Kennedy, sales manager for the company was passenger. It is not known definitely yet whether the ship will maintain headquarters at Pampa or at Tulsa, where is located the H. F. Wilcox flying school.

Mr. Frank Graham, his daughter, Miss Virginia Graham, her guest, Miss Marjorie Nations, of Quincy, Ill., and Mr. George B. Cree were passengers in the Cree and Hoover Ryan B-7 plane to Amarillo yesterday, returning the same day.

R. W. "Dutch" Bartgis flew the Cree and Hoover plane to Borger and back to Pampa Sunday.

Mrs. Inez Carter and son Frank Carter arrived yesterday from Los Angeles, Calif., where Frank has been a student at the University of Southern California. They are visiting at the home of Mrs. Carter's mother, Mrs. F. A. Worley. Traveling with them was Prof. A. J. Tieje of the geology department of the University of Southern California. Frank and Professor Tieje will visit here a short time before leaving for New York, where Frank will be a student of Prof. Tieje, a teacher at Columbia university. Mr. Carter is a geology student.

Wheat Is Slow
CHICAGO, June 10. (AP)—Affected by stock market setbacks, wheat values showed an early downward trend today. Demand for wheat lacked volume, and for at least the time being traders showed a disposition to consider the influence of reports of continued lack of moisture in spring wheat sections as having been discounted. Opening yearlings steady; slaughter steers, 1-4 to 3-4c off, wheat later under-

went additional declines. Corn, oats and provisions were easy, with corn starting unchanged to 1-4c lower, and subsequently sagging all around.
