NAME OF S. D. STENNIS IS FILED FOR JUDGE OF COUNTY HOUSE PASSES TARIFF BILL WHICH NOW GOES TO HOOVER

"Thar's gold in these here prairies."

Pampa fact: The annual payroll of Pampa hotels aggregates \$86,500.

Pampa greatly needs to complete her building codes and ordinances and to place some restrictions upon business and residential sections. Expensive property is being damaged in value by erection of cheap structures nearby. This practice also detracts from the appearance of the city. Placing of filling stations on important corners is hardly a civic asset, since it prevents the erection of more substantial buildings and restricts the growth of the business section.

There are also a number of unsightly places close to the business district. Broken-down and abandoned automobiles should not be allowed to accumulate on close-in vacant lots. From the standpoint of an impartial observer having in mind civic beauty, there remains much to be done in this regard. City growth, unless otherwise directed, is apt to be haphazard and unsightly as a weed patch.

The Pampan has received a pass and an invitation to the Texas Cowboy reunion at Stamford June 26, 27, and 28. This is purely an honorary proposition, the Stamford Reunion bosses assure us, since the oldtimers' organization down there admits only those who saw active duty in the saddle prior to 1895. Since it was considerably after the birth of this century that we first "pulled leather" under the direction of Old Mose on a ranch up in Hemphill county, we are not eligible to more than a good seat in the press box at the Stamford rodeo and a place close to the chuck wagon. Which, however, would serve most amply, Mr. Watson. Also Mr. Swenson. Thanks.

And doggone if we don't have another invitation—to join the Tail-Waggers' Club of America. Despite the fact that the policy of this column is distinctly pro-dog and anti-cat, the Pampan is at present dog-less and therefore interested in the Tail-Waggers' club only by sympathy. This club, we are informed, had 350,000 members on May 15, and if the membership increases as rapidly as the dog crop it is probably several times that big by now. We have not owned a dog since the day Old Three Legs went west after a rattlesnake bit him below the left ear. Every owner of dogs of high pedigree or first class must belong to the Tail-Waggers' club by enrolling one or more canines. Whether this plan also admits Tail-Twisters of Lions clubs we have not yet been able to ascertain.

We call attention of the above paragraph to the person who advertised in The News that a big reward was offered for the "arrest and conviction" of parties involved in the disappearance of a screw-tail bull pup.

TWINKLES
In this season of political balmy-hoo, the politicians suddenly discover everyone to be "honorable" and the Hon. starts off every envelope and letter.

It's "too hot" for the gangsters in Chicago but for once Florida is not recommending her climate up the gully way.

There's always rough weather when fellows get together who are setting for vacations and seeing none in sight.

Yeah, it's too bad. Young Dan didn't get out of the governor's race in time to keep from looking left out, high and dry.

CONGRESS IS FINALLY RID OF HUGE BILL

Worked Year and 5 Months on Its Items

PRESIDENT WILL GIVE APPROVAL

Garner of Texas Is Bitter in Attack on Measure

By D. HAROLD OLIVER

WASHINGTON, June 14. (AP)—Congress completed its labors on the Hawley-Smoot tariff bill today when the house, with a wild outburst of cheering, put its final stamp of approval on the documents by a vote of 222 to 153, and placed upon the shoulders of President Hoover the question whether it shall become law.

There was no doubt in the minds of the administration leaders in both houses tonight that the president would sign the bill, probably next week, after he has studied its complex provisions and obtained the counsel of experts and interested federal departments.

Speaker Longworth signed the bill immediately after the vote and in the presence of the entire membership, as Republicans, overwhelmingly in the majority, rose and applauded. Vice President Curtis will sign it on Monday and it will go to the White House immediately.

"I believe the president will sign it," commented Representative Hawley, of Oregon, the chairman of the ways and means committee, co-author of the first tariff legislation in eight years.

The 69 majority given the conference report by the house was not as large as Republican leaders had anticipated, although they claimed it would have been greater with a larger attendance.

Joined by Democrats
Fourteen Democrats, including the Louisiana delegation, two of the Florida members, Connerly of Massachusetts, Hill of Washington, Hudspeeth of Texas, Lea of California, and Taylor of Colorado, joined 208 Republicans for the measure.

Twenty Republicans, including a group from Wisconsin, Minnesota, Missouri, South Dakota, Oklahoma, and La Guardia and Mrs. Ruth Pratt of New York, voted with 133 Democrats and the lone Farmer Labor, Kvale, against the bill.

The measure as it goes to the White House carries 887 increases in rates and 235 decreases more than 250 of the higher levies being on farm products. Based on 1928 imports it is estimated to raise \$630,000,000 in revenue, an increase of years ago.

The final vote came one year, five months and seven days from the day the measure began to take form in a house committee back in the last days of the Coolidge administration. Almost continuously since that time it had been before committees or on the floor of one of the houses.

Garner Raps It
Representative Garner of Texas the peppy leader of the Democrats, asserted the bill was "condemned" by the entire country, means nothing to the farmers without the debenture plan, and would reduce materially the foreign market of industrial products turned out in the United States by two and one-half million workers.

"No one knows what the material effect of this bill will be," he said, adding, "it is easy to say it will cause prosperity, but we shall see."

The measure carries the highest rates in the history on agricultural products, wool and woolen goods, and other textiles, including the fast-growing rayon group.

T. C. WARD LOSER IN BURGLARY FRIDAY

A loss of several hundred dollars was sustained when the T. C. Ward Packing company on the Borger road was burglarized Friday night for the second time this year. In the previous robbery, about \$50 in cash was taken.

The establishments were ransacked and contents of the desk littered over the place. In addition to taking meat and butcher tools, two guns valued at \$100 were stolen. Entrance to the store was made through a window, the glass of which was smashed. Glass in a side window of the store was also broken. The burglars carried their loot to a car parked about 100 yards west of the building.

In their hasty departure from the place, the burglars dropped meat and tools between the store and the car.

Officers of the sheriff's department are investigating the case.

Hearing on Road Injunction to Be At Later Date

Hearing on the temporary injunction to enjoin the state highway commission from routing highway No. 66 through the property on which is now located the house of B. T. Watt at McLean was postponed Saturday pending arrival of an attorney of the attorney general's department, Judge Clifford Braly of the 114th district court said last night.

The court granted postponement after a request had been made by the county commissioners.

Meanwhile the order restraining the commission from building the road through Mr. Watt's property continues in effect. Mr. Watt asked for the injunction following an appraisal of the property by a jury of view. He contends that the state does not have the authority to condemn property for the use of public highways.

First Term In 114th District Here Ends Saturday

The first Gray county term of the 114th district court closed yesterday. The session last eight weeks. The next term of the court will convene July 28.

Judge Clifford Braly held court from 9 a. m. until five p. m. on every day of the court, except one. Many of the 500 civil cases on the docket were disposed of during the session. The court adjourned one day when all the attorneys in the case on trial went to Canadian to attend the draining of Anvil Park lake.

Chicagoans Clamor for Results As Murderer of Reporter Remains Free

CHICAGO, June 14. (AP)—Six days after an underworld gunman killed Alfred (Jake) Lingle in a downtown pedestrian tunnel, police tonight had announced no progress toward solving the reason for the murder or the identity of the slayer. There was no clue to indicate it might not be filed alongside the cases of Assistant State's attorney William McSwiggan and the hundred other gangland mysteries.

But lack of progress in solving the assassination of the Tribune crime reporter tonight led to clamorous demands by press and public for a cleanup of gangland. Police Commissioner William Russell, friend of Lingle and target of numerous assaults on the efficiency of the police department, today agreed to a conference Monday with the city

ATTORNEY IS PROPOSED BY LOCAL GROUP

Three Persons Are Entered in This Race

TWO ANNOUNCE FOR JUSTICE

County Committee Is to Assemble on Monday

Expiration last midnight of opportunity to file for county and precinct offices brought forward several new candidates, including that of Judge S. D. Stennis, local attorney, for county judge.

Judge Stennis' name was filed through a petition of local citizens and with it, it is understood, his consent. He said that he would have a statement later in regard to the office.

Judge Stennis, who has lived here four years, formerly was a member of the Studer law firm. He came here from Dallas, where he practiced law for many years.

Two candidates had previously filed for the office of county judge—C. E. Cary, now local justice of the peace, and Don L. Wakeman, local attorney.

Two names also were filed for the second justice of peace office created here, and known as Place No. 2. The candidates are Eli D. Willis and W. S. Baxter. The jurisdictions of the two offices will be the same.

At a late hour last night, Siler Faulkner, county Democratic chairman, had received no additional filings. While rumors of other candidates had been heard, none had developed when The News went to press.

Mr. Faulkner and his county committee will meet in his office at the courthouse at 10 a. m. Monday to certify the names of candidates, fix the order of position on the ballots, and order the ballots printed. The complete, official Democratic primary list will be announced by the committee.

WILL ATTACK RECORD

JACKSONVILLE, Fla., June 14. (AP)—William S. Brock and Edward F. Schlee, Detroit aviators, tonight awaited weather conditions favorable for an attempt to shatter three existing trans-continental speed records. They arrived here today from Detroit after making stops at Columbus and Atlanta and hope to set up new speed marks from east to west, west to east and also for the round trip from the Atlantic to Pacific seaboard.

council police committee which demanded that Russell get results or get out. Alderman Arthur Albert, who launched the attack against the police department, was named attorney for the council police committee to meet with the commissioner.

Colonel Robert I. Randolph, president of the Association of Commerce, called a meeting of the directors and officers of the association to consider new means of combating gang outrages.

The newspapers were unrelenting in their sarcasm about the work of the authorities and had fresh new first page editorials calling on the citizens to force reforms by breaking up any alliance between crime and politics.

Electrician Is Fatally Burned at Pringle Saturday

BORGER, June 14.—Three men were burned, one fatally, while constructing a high voltage line for the Panhandle Power and Light company at Pringle, near here, today.

H. W. Rayburn, 25, was dead, and a man named Wilson and an unidentified truck driver were badly burned.

Rayburn had tied a "dead" line to an insulator and was twisting copper wire when it touched a charged wire. His hands were burned in half and his left shoulder was burned into the lung. The other men injured were expected to recover.

He Will Preach Funeral of Old Friend As Agreed

WEWOKA, Okla., June 14. (AP)—An agreement of 20 years standing will come a culmination here tomorrow afternoon when Rev. Fey E. Wallace, Sr., of San Marcos, Texas, preaches the funeral service for Rev. I. W. Phillips, for the past five years pastor of the Church of Christ.

Twenty years ago these two men agreed that the one who survived would preach the funeral service for the one who died first.

Rev. Phillips died here today following injuries received when a taxicab ran over a curb at Holdenville and struck the pastor.

LEGION'S BAND AND DELEGATION GO TO SLATON

With the band at the head, the American Legion delegation of nearly forty persons left late Saturday for the 18th district Legion convention at Slaton.

The motorcade, which superceded previous plans to join an Amarillo special train which did not materialize, was to stop last night in Lubbock and to parade there early today before going on to Slaton.

After attending Legion sessions today, the party planned to return home tonight. Dr. R. A. Webb and Adjutant D. W. Thurman were in charge of the trip. The Legionnaires carried advertising matter and novelties provided by the Board of City Development, and boosting of this city was to be done en route.

The uniformed Legion band's expenses were provided by the benefit address by Prof. Josh Lee Friday evening.

TYLER ROAD BONDS CARRY

WOODVILLE, June 14.—(AP)—Tyler county voted her road bond issue of \$300,000 today by a vote of 1,004 for to 192 against. This is a district issue for the improvement of the three designated highways in the county and includes practically the entire county except the Chester district which has heretofore voted bonds for building highway 106 to within 5 miles of Woodville. This present issue is to complete the five miles on 106 and build highways 40 and 45.

Wheat Slumps Below Dollar When Holdings Are Thrown Overboard

CHICAGO, June 14. (AP)—Wholesale throwing overboard of holdings of future deliveries of all grain sent values crashing downward today, with wheat reaching as low as 99c a bushel.

This was the first time during 1930 that wheat has sold at less than \$1.00, and not only wheat but corn, rye and oats broke the season's previous bottom price record. Rye plummeted the lowest depth since 1904.

Closing quotations on wheat were unsteady at but little above the day's bottom prices and 1-2 to 2 3-8c bushel lower than yesterday's finish. Corn closed 2-1-2 to 3 1-4c down, oats 1-2 to 1 3-8c off and provisions varying from 30c decline to a rise of 5c.

Other traders, who took little stock in talk about foreigners retreating gave considerable heed to dispatches saying that the harvest of wheat in this country, had already begun, and that the spread of the harvest northward should soon be adding to the surplus of last year's wheat that has long been awaiting an outlet.

At times wheat prices today snapped nervously back to above \$1.00 a bushel, but such rallies proved transient, and at no time did the market recover to anywhere near yesterday's finish. The rallies were apparently due mostly to profit taking on the part of previous speculative sellers.

Throughout the greater part of the day, corn led in the general retreat toward lower prices for grain. Bears asserted that corn values have been too high as compared with other cereals, and especially out of line with feed stuffs. Besides, heavy closing out of so-called spread transactions, between corn and rye left corn today minus a recent notable source of buying support.

Closing infimites: Wheat—July 98 5-8, 1.01 3-8; Sept. 98 3-4, 1.03 3-4; Dec. 1.03 3-8 to 1-2, 1.08 3-8. Corn—July 73 1-2 to 1-2, 78 1-4 to 7-8, 76; Sept. 74 3-8 to 1-2, 78 1-4 to 3-8; Dec. 69 1-4 to 3-8, 72 5-8 to 3-4.

KNOX COUNTY HAS FLOOD IN LAKE CREEK

Three Bodies Found Near Wrecked Home

WEST TEXAS IS SOAKED BY RAIN

National Guardsmen on Duty in Two States

By the Associated Press
At least five persons were drowned in swollen streams and two families were reported missing from the banks of Lake Creek in Knox county tonight as a result of heavy rains over a large part of West Texas during the last two days.

The bodies of Oscar Tidwell, his wife and Oscar, Jr., 8, were recovered late today near their wrecked home on Lake Creek, near Gore. Searchers worked until dark attempting to find the bodies of Edna Bell Tidwell, 17, and her grandmother, Mrs. W. M. Gilliland, 80, who were still missing.

Lindsey Phillips, 15, of near Kirven, was drowned Saturday when his automobile ran off the road into Tehuacana creek near Fairfield. The creek was up as a result of rain upstream. Phillips' companion swam to safety. P. C. Lee of Luling had been drowned Friday night when his automobile was swept from a creek crossing near San Angelo.

Highway and railroad workmen were busy late Saturday repairing numerous washouts. The water in a few instances swept away cottages and property and the floors of business houses in several towns were inundated.

Tourist Camp Hit
Several cottages of a tourist camp on the outskirts of Olney were swept away Saturday, and trucks, automobiles and tents of a Mexican construction camp near Throckmorton were carried downstream.

The Orient, Wichita Valley, and Wichita Falls and Southern railroads experienced track washouts. Train service between San Angelo and Sterling was out until Monday. Washouts were reported on highway 30 near Munday, the Jacksboro road near Olney, highway 5 near Vernon and on roads in the vicinity of Seymour and in Coke county.

RAILROADS' POSITION NOT EASY ONE

New Mexico, needing twenty millions more of state valuations, wonders if her railroads cannot furnish much of it through higher assessments.

New Mexico, a young state, owes much to the railroads. They have contributed heavily toward the upkeep of her state government and have made development of her natural resources possible. Some of her statesmen have the idea that the railroad is the goose that lays the golden egg.

Even geese, however, have their limitations, and so do the railroads. No American industry is more closely regulated than the railway corporations. The government tells them what to charge and it must authorize rate reductions. It says what trains are to be run and how many persons shall make up the crews. Profits are rigidly limited.

Of course, the railroads have been guilty of many abuses, but their record is rather good, measured by corporate conduct in general. Their flush days have passed in many areas. Their passenger traffic has taken to the highways and even to the air. Their own trackage is heavily assessed, while within a stone's throw the states provide good roads on which travel huge trucks in direct competition in freight hauling.

In short, the railroad faces the necessity for altering its methods and equipment if it is to continue to maintain costly roadways and frequent trains. Permission to make these changes must come from the federal government over the protest of competitors.

It has long been a custom to cuss the railroads, although cities like Pampa, which greatly need more rail facilities, have a somewhat different viewpoint. It is likely that the rail structure of the nation will be changed somewhat radically in the next decade. The thousands of stockholders, who value their holdings, expect this development.

It is only an unthinking citizen who continues to urge gouging of railroads for the pleasure thereof. A readjustment of the vital rail structure of the country to permit cheaper rates, to produce greater volume of traffic, and make unnecessary discharge of railroad workers, seems very desirable. If the goose is to continue to lay golden eggs, we must take good care of the goose.

THE HANDICAPPED EXCEL

In spite of the fact that authorities on the human body tell us that the loss of one of the faculties does not bring with it extraordinary powers in some other faculty, we are constantly confronted with the problem of how the handicapped person manages to become a leader in his sphere of life. News dispatches recently gave an account of a 14-year-old boy, who, though blind, leads his class in the public schools.

It is not uncommon to find blind students in the major colleges and universities. As a rule they are exceptional students. If they are not compensated for the loss of one of their faculties by the improvement of others how do they manage to surpass their fellow students in spite of so tremendous a handicap? Naturally they cannot read the text books. Their knowledge of the courses must be acquired from what they hear. It is common knowledge that it is much less difficult to comprehend that which one can read and persue carefully than that which one hears.

However, this seeming paradox can be explained without contradicting the authorities who insist that the popular theory that there is compensation for the loss of one of the senses. Loss of one of the faculties usually affects the individual greatly. No doubt he engenders serious thought which naturally leads to full realization of the handicap resulting from the loss of the faculty. Once this realization has been borne in upon the mind of the individual it is easy to understand how the handicapped person will set about to overcome the obstacles. As a result, there is likely to be more profound thinking behind the effort of the handicapped individual than that of one who has never been brought face to face with a serious problem.

If we admitted, as is claimed by those who set themselves up as authorities, that the average man develops more than half of his real mental capacity, we can readily understand how the blind student who is giving serious thought to almost every act manages to surpass the fellow with more faculties and less in intelligent application. The mind can overcome many obstacles, once it is seriously set to work. The trouble is too many give no conscious effort to mental development. The handicapped do.—Vernon Record.

FULL PROGRAM OF BASEBALL IS OFFERED FANS FOR TODAY

FOUR GAMES TO BE SEEN IN THIS AREA

Baseball games scheduled for this afternoon at 3 o'clock:

Phillips "66" vs. White Deer, Phillips camp diamond.

Gulf Guns vs. Claude, Gun park at Gulf camp.

Prairie Oilers vs. Little Gulf Ramblers on Prairie diamond.

Jones-Everett Machinists vs. Mobeetie, Jemco diamond.

Magnolia vs. Tactless Texans, Texan park, Amarillo.

Coltco Gasoliers vs. McLean at McLean.

Thus Pampa baseball fans may see one of four baseball games which are scheduled to be played either in Pampa or within a few miles of the city this afternoon.

Holding the spotlight perhaps more than the other teams will be the games between the recently "arrived" Phillips "66" and the White Deer side and the locally undefeated Guns and Claude. Unless the unexpected happens, the Prairie Oilers are due to clean up the Ramblers. A determined Jemco team is intent on winning a game from Mobeetie.

The manner in which the "66" team smeared it on the crack Magnolia gang last Wednesday 7 to 3 indicates that the Phillips boys "have got shoes" when it comes to baseball. The Phillips line-up tomorrow will be as follows: Rains, p. Forester c. Beeson 1b. Lock 2b. Wight ss. Keith 3b. Kirkpatrick lf. Romine cf. Carter rf.

The out-of-town game which will attract the biggest crowd and give the most interest is the Magnolia-Tactless Texan clash. The Magnolias are taking about a half-hundred rosters. Encouraged by their victories, the Magnolias are confident on what is proclaimed to be the leading contender in the Panhandle for the championship of the Amarillo tournament. Enthusiasm for the former manager of the Pampa Grays, boasts that he has assembled the best amateur team that ever walked on a Panhandle diamond.

Home Blankenship, former Texas League pitcher, will occupy the Magnolia mound tomorrow. Bozeman will catch and Burke will hold down first base. The rest of the line-up will be as follows: Mitchell ss. McKnight 3b. Shriver lf. Listef cf. Ward rf. and Ellinger and Poy, utility.

A local baseball fan advises the other teams to beware of the Prairie Oilers. He avers that the Oilers could lick the Guns, Phillips and Magnolias, separately or collectively, if they had the opportunity. The Oilers will play in these positions tomorrow: Dillman p. Brandon c. Michael 2b. Bradley lf. J. Scott 3b. L. Scott lf. Hess cf. McLain rf. The Oilers "came in" last Sunday when they swamped Groom by a huge score.

Edeien and Sullivan will comprise the Gun battery staff tomorrow. The already excellent Gun team was made better last week with the addition of four new men from bush leagues and university teams. Claude, as most everybody knows, always has a good team. Claude is famous for having the first baseball team in the Panhandle. The Guns have not been defeated by a local team this year but they lost two games to Estelene, but by close scores. The Guns have not yet played either the Magnolias or the Phillips.

The probable Gun line-up will be as follows: Munds 2b. Davis 1b. Reynolds rf. Hickey ss. Morgan lf. Kunkle 3b. Pope cf.

Coltco battery includes and Flynn. The Coltcoans are scheduled to win. They recently celebrated a victory over the Magnolias.

Bruce Barnes Takes Title in Dallas Tennis

DALLAS, June 14. (AP)—Bruce Barnes, University of Texas tennis ace, added another title to his collection today when he defeated Jimmy Quick, Dallas, in the finals of the Texas district tournament here. The scores were 6-3, 6-2, 6-2.

A terrific battle in the doubles finals a few minutes before they took the court for their championship final was responsible for the superior condition of the two stars. Barnes, paired with his clubmate, won from Barnes and Hess, Fort Worth, 6-4, 6-2, 6-12.

With Bailey, St. Louis, another University of Texas entry, ran true to form in defeating Mary Zita Gattale, Dallas, 6-0, 6-1, in the final of women's singles. She now has held the title two years, dropping not a single set in the last two tournaments. Paired with John McDiarmid, Fort Worth, Miss Bailey was victorious in the mixed doubles, defeating Daniel "Dod" Barr, Dallas, and Miss McHale.

Jemcos to Play Mobeetie Team On Pampa Field

The Mobeetie nine, victors in an early season encounter with the Jemcos, will attempt to duplicate their success this afternoon at the Jemco park east of the city, the game to begin at 3 o'clock.

Efforts are being put forth by the Jemcos to strengthen their inconsistent defense. They have been a more or less on-off club all season, having defeated Magic City at that place two weeks ago, and then losing to the Magnolias, after battling on even terms up to the seventh inning, last Sunday. Two new players have been added to the roster, and Bowden, Bible, and Barefield, who have been holding down infield positions, will probably patrol the outer garden to make room for them in the infield.

Either Withers or Bullock will do the hurling against Mobeetie. The catching assignment is uncertain as yet.

Whether or not the Jemcos will strengthen their team and make application for entry in the Amarillo News-Globe tournament is not known, but nevertheless they are due to give a better exhibition today of the national game.

ATHLETIC RECRUIT CURES RUTH'S HOME RUN MADNESS

PHILADELPHIA (AP)—The World Champion Athletics waited a long time for the club's all star pitching staff to develop the effectiveness which baseball followers admit it has, but in the meantime, something had to be done, games had to be won.

As a consequence, Lee Roy Mahaffey, rookie, was thrown in to the New York Yankees, just after Babe Ruth had smashed out eight home runs in six days. Mahaffey struck out the Babe four times, and let down the rampant Yanks with seven hits and won.

Mahaffey, who is 27 years old, came to Philadelphia this year from the Portland, Ore., entry in the Pacific Coast league. He won 21 while losing 24 with that club last season. His record included the fanning of 172 batters. He walked 107 and hit 15 batsmen.

Mahaffey's professional baseball career began in 1925 with Columbia in the Sally league. He was sent to New Haven in the Eastern league in 1927, but was returned to Columbia in 1928. Columbia sent him to Portland.

He has brief trials with the Pittsburgh Pirates in 1926 and '27. Mahaffey is six feet tall and weighs 180 pounds. His home is Belton, South Carolina.

The defeat of Mrs. Watson gave America 3 to 2 lead in matches and Miss Sarah Palfrey, of Boston, making her debut on the famous center court at the tender age of 17, had the opportunity of clinching the international series, and winning for her country such honor and glory as goes with these big sporting events. Miss Palfrey lost to Phyllis Mulford 6-0, 6-2.

Mrs. Godfrey displayed all her old mastery and strategy and teamed with Mrs. Watson perfectly to conquer Miss Jacobs' power and Mrs. Moody's brilliance and presented an almost impenetrable front when at the net but with uncanny skill Mrs. Watson sent them hurrying to the back court for high lobs which she dropped precisely near the baselines. It was the deciding play which sent the cup to England.

CHURCH OF CHRIST

Francis and Warren Streets

There is a way which seemeth right unto a man, but the end thereof are the ways of death.—Proverbs, 14:12.

There are many different ways of doing a thing, but there is only one right way. One may be on the wrong way and be perfectly satisfied. The fact that one is satisfied is no proof of one's salvation.

We are not the ones to be satisfied; God is the One to be pleased. Very often we are pleased to do something contrary to the Lord. If God saves people because they are satisfied with their religion, then He will save Mohammed's followers and those who are bowing to stock and stone, who do not recognize one drop of the blood that was shed for their sins.

God has but one plan of salvation. We may be pleased to obey something different, but that won't please God. If we are ever saved, we will have to obey the Lord, and this is the only way to be saved, and the only right way.

Canadian Rodeo Again to Present Best of Talent

CANADIAN, June 13. (Special)—Everything is in readiness for the 8th annual Anvil Park Rodeo to be held at Canadian July 4 and 5. The bucking horses owned by the association are being grained, fitted, and groomed to be in trim for the bucking contest that is always one of the outstanding events of the show.

There will not be many of the riders that will stick to the backs of their mounts this year because the horses have been sifted and only the best horses are drawn for the bucking contest each day.

The management considers itself fortunate in again securing the services of the noted Leonard Stroud, and his congress of cowboys and cowgirls. He will have charge of all of the trick and fancy roping and riding, high school, jumping and other acts. Among others he will have with his personnel this year, the famous Josephine Wicks, winner of the ladies' relay riding at Cheyenne last year; the incomparable Gene Kreig, and other noted characters of the Rodeo world. Leonard will again direct the arena and give the same fast snappy show that thousands enjoyed one year ago.

Then there is the Brahma steers riding, and Mexican steer bulldogging. The boys have to be fast at getting to the fence, if able, when bucked off the wild Brahma steers.

This rodeo is a member of the Rodeo Association of America, and the contestants come here on their merits, and must observe the strict rules of all contests. Points are awarded in each event toward the champion cowboy of America for the year 1930.

Pampa Expression Teacher Produces Pageant at Waco

Mrs. F. Lee Hill of this city recently produced a pageant, "The Challenge of the Cross," at St. John's Methodist church at Waco, directing a cast of women of the Waco church, and presenting the pageant before a large and appreciative audience. Mrs. Hill produced the beautiful pageant in honor of her mother, Mrs. E. D. Hicks, who has been a member of St. John's for many years. Friends from fifty miles away were in the audience.

The presentation of "The Challenge of the Cross" at Waco marked the fourth successful performance of the pageant under Mrs. Hill's direction. It will be remembered that it was given at the First Methodist church of Pampa early last fall, and again, by request, during the Northwest Texas Methodist conference. The local cast then presented it a third time at dedicatory services of a Lubbock church. Mrs. Hill is now doing post-graduate work at the Cooke School of Expression in Dallas and visiting a sister in the city. After visiting in Wichita Falls and other cities in West and Central Texas, she will return to Pampa to open her school of expression.

Japanese lanterns lighted the broad lawn, where games of forty-two were enjoyed. Twin Brides-Elect Honored in Treasure Hunt Given at Groom

Among the pre-nuptial affairs given in honor of Miss Margaret and Miss Frances Fields, twin daughters of Dr. and Mrs. C. L. Fields of Groom, whose engagements and approaching marriages were announced recently, none has proved more charming or enjoyable than the kitchen shower given by Mrs. Truitt G. Field, sister of the honorees, at her home in Groom, when relatives, girlhood associates, and other intimate friends were guests.

Lovely hand-made books covered with white satin, bearing the honorees' names in gold lettering, and painted with delicately tinted sprays of wild roses, were used as registers. Favorite recipes were written by all present and given to the Misses Fields.

An unique treasure hunt was the hostess' mode of presenting the gifts. Clever, original verses, deftly hidden throughout the house, directed the treasure hunters, who were led by the complimented guests, and at the end of the trail a very modern treasure of useful kitchen equipment was found. The two girls were seated in chairs decorated in huge bows of yellow and white while the treasure was opened and inspected.

Following the presentation of the gifts, a delicious ice course was served. Colorful corsages of sweet peas and fern were given as favors. The hostess was assisted in entertaining by Mrs. E. R. Hess and Mrs. Perry Johnson.

Those present on the delightful occasion were: Mrs. Frank P. Wilson, Mrs. P. E. Johnson, Mrs. N. A. Steed, Mrs. W. W. Bruno, Mrs. W. A. Vance, Mrs. P. G. Gill, Mrs. Perry L. Johnson, Mrs. C. L. Ledwig, Mrs. H. B. Skelton, Mrs. E. R. Hess, Mrs. G. E. Clark, Mrs. C. L. Fields.

RETURNS FROM CLINIC

Dr. J. J. Jacobs has returned from an optometric clinic at Kansas City, Mo. The most interesting feature of the clinic was the study of the stereoscopic development of the fusion facilities. This is a comparatively new thing in optical science, but has been known in several places, being introduced in Boston 25 years ago by Dr. David Wells. The work consists in exercising the muscles of the eye, developing them as an athlete develops a muscular body. It is being used extensively in the correction of squint, or cross-eyes. No surgery is necessary in the treatment.

George Thut of LeFors was a visitor here Friday.

Mr. and Mrs. J. M. Dodson have an their guest Mr. Dodson's sister, Mrs. T. G. Lomax of Dallas.

Almost a hundred volumes have come into the public library this week through donations from Pampa citizens and clubs. They include a few classics, popular light fiction, one or two of the late and much wanted books, books of religious theme, anthologies, and a large group of books for boys and girls and little tots.

Twentieth Century club delivered the "shower" of books received at their recent annual reception, and El Progreso presented the books used in this year's study of American literature, together with a few used in the 1928-29 program. Mrs. C. T. Allen gave a complete 1929 file of the Good Housekeeping magazine, Miss Anna Mae Meador, Miss Florence Baer, and H. B. Taylor, were the other individuals who donated.

Many of the books received this week were volumes that had been much in demand, according to Mrs. James Todd, librarian. Each book, she says, will be appreciated by the patrons of the library.

Twentieth Century club's donations to the children's book-shelves included the following: Arabian Nights, Boy Scouts on a Vacation Among the Snowdrifts, Mrs. Wiers of the Cabbage Patch, Lovey Mary, Rocking Island, Great Expectations, from The Children's Dickens; Anderson's Fairy Tales, Tanglewood Tales, The Motor Mads, Dumps a Plain Girl, Chicken Licken, Jack and the Bean Stalk, Freddie Comes Home, and Ralph Raymond's Hair.

White Ghandi Languishes in Jail

While Mahatma Ghandi, picturesque Indian leader, languishes in jail, others keep alive the revolt against British rule. Morse Is Head of McLean Club to Boost Small

MCLEAN, June 14—(Special)—J. S. Morse has been elected permanent chairman of the McLean Small for Governor club, with T. J. Coffey as secretary; Donald Beall, assistant secretary; Johns C. Haynes, treasurer; J. M. Carpenter and J. M. Noel, directors.

The Rev. W. A. Erwin, who was elected temporary chairman at the initial meeting of Sen. C. C. Small's supporters, presided at this week's meeting and the election. The 24 voters who were present voted to discontinue public meetings and conduct business from the club's permanent headquarters here.

It was planned to collect campaign funds, employ a stenographer, and send letters to all parts of the state in behalf of the candidacy of the West Texas senator. Future work of the club was outlined.

Children Given Free Examination

MCLEAN, June 14—(Special)—Fifty children were given physical examinations in the free clinic, or summer round-up, conducted by the McLean Parent-Teacher association. Three physicians, a dentist, and an eye specialist placed their services at the disposal of the P. T. A. and school patrons.

Prevalent defects found among the children were defective tonsils, enlarged adenoids, defective teeth, bad eyesight, poor hearing, enlarged neck glands, and skin diseases. A large number lacked either diphtheria or small pox vaccination.

With the parents made thus aware of their children's defects, it was expected that the majority of the cases would be treated and corrected. A second examination was to be given before the opening of school to check on the remedial measures taken after the first clinic and to reach those children who were not

examined in the first "round-up." Children of both school and pre-school age were given examinations, and excellent co-operation was had from the parents.

Amarillo Golf Tournament to Be Very Large

AMARILLO, June 14.—An entry list that is expected to eclipse in numbers any tournament ever held in the Panhandle, if not in the entire state, is looked for when amateur golfers from the Panhandle and a large section of West Texas, Western Oklahoma and Eastern New Mexico, gather here August 9 and 10 for the Panhandle Amateur Golf tournament, sponsored annually by Hillcrest Golf and Country club.

One reason for the unusual interest in the tournament is the prize list, said to be the most elaborate ever offered in an amateur tournament anywhere in the Southwest. The awards will total around \$5,000 in value, and will range from an automobile down to half a dozen golf balls. The grand prize is a Chrysler Royal Six sedan, given by the Panhandle Motor company of Amarillo. The second award is a Kelvinator electric refrigerator, the donation of E. E. Finkles Jewelry company. Other prizes include a screen grid radio set, an elaborately carved cedar chest, a century-old Italian inlaid table, fashioned from more than 4,000 pieces of wood, leather goods, golf club sets, sport clothes, silverware, silver trophies, fishing tackle, costly jewelry, novelties and many others. A total of more than 90 prizes will be given.

Invitations have been set out to all clubs of the Panhandle, as far southwest as San Angelo, Southeast to Quanah, the boundary running

north through Sayre, Okla., thence northwest through Liberal, Kams, and then west to include most of the eastern half of New Mexico. W. W. Woolsey is chairman of the Hillcrest tournament committee, in charge of the event.

Clarendon Yard Prize Is Awarded

CLARENDON, June 14—(Special)—Les Beaux Arts club was winner of the \$10 prize offered by the Clarendon Chamber of Commerce to the women's club securing the largest number of entries in the annual yard beautification contest. Enrolling 38 club members and friends in the contest, the club accounted for more contestants than have entered the competition in any previous year.

Shortly after its organization a few years ago, Beaux Arts club distributed annual seeds to every citizen of Clarendon who would plant them in yards or gardens, and the club, itself, planted the flowers on the court house lawn and in park ways of the city streets. Gardening is one of the studies of the club.

The Oklahoma City detention hospital will be moved because patients complain of noise caused by oil drilling nearby.

Sales of new automobiles in Oklahoma since January 1 show a decrease of more than 10,000 over the same period in 1929.

Total assets of building and loan associations in Missouri exceed \$200,000,000.

FATHERS ARE GUESTS—CANADIAN, June 14—(Special)—The Kiwanis club of Canadian recently held a Father's day program with fathers of the members as guests. O. C. Again Konjola Gives Proof Of Its Worth

Ft. Worth Lady Happy to Tell What New And Different Medicine Did For Her.

"For almost a year my health had been gradually declining," said Mrs. J. V. Slaney, 13000 West Tenth street, Fort Worth. "I was losing weight and felt tired and sluggish. Every morning I felt like I hadn't slept a wink, and I became nervous. I suffered dreadfully from headaches; my appetite was poor, I was badly constipated, and my vitality was slowly ebbing from me."

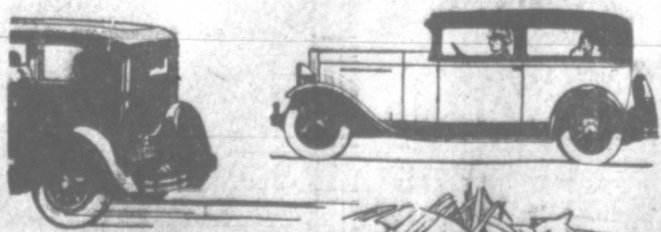

"This was my condition when I started taking Konjola. I am now on my fourth bottle, and the change that has taken place is remarkable. I have gained six pounds; the sluggish feeling has vanished; I have new vitality and am refreshed and rested in the morning. I intend to take Konjola right along, and am glad to endorse it." Konjola is designed to give thorough relief. Like any worthwhile treatment, Konjola should be taken from six to eight weeks giving it a chance to produce the best results. And the results will amaze you—as they have countless thousands of men and women.

The Husband Hunter

© 1930 BY NEA SERVICE INC. BY RUTH DEWEY GROVES

Natalie Converse, jealous of her husband, Alan, quarrels over Bernacine Lamont, a night club hostess. Alan seeks sympathy from his secretary, Philippa West, who successfully schemes to arouse Natalie's suspicions, and she leaves Alan. Wounded pride prevents either from seeking a reconciliation, and Alan turns to Philippa for consolation.
Fearing that Alan does not mean to propose marriage, Philippa tells Alan her parents object to her going with a married man. Alan confesses to more than a friendship for her, and they become engaged.
Unhappy and repentant, Natalie writes Alan that she is returning to their home, with, however, mentioning a reconciliation. A friendly letter from Natalie's mother, followed by a telegram from Natalie, asking him to meet her at the station, leaves Alan hopeful, but baffled as to Natalie's intentions. Philippa, fearful of losing Alan, tells him she is obliged to leave home because of her father's objections to him, and Alan offers a raise in salary to offset the expense of renting an apartment. Alan says he will meet her that evening, but that he will be somewhat late.
Alan's meeting with Natalie, who brings her young sister Florence with her, leaves them both unhappy. He meets Philippa later and apologetically explains he met Natalie and took her home.
CHAPTER XXIX
"Let's not stay long at dinner," Philippa suggested. "I do want you to see the apartment, Alan."

WILLIAM HAINES IN NEW COMEDY AT REX THEATRE

William Haines' latest all-talking picture, "The Girl Said No," will open a 3-day engagement at the Rex Theatre starting today.
The picture, said to be a sequel to "Brown of Harvard," is which Haines first came to the fore as an outstanding screen comedian, was adopted by A. P. Younger from an original story by Sarah Y. Mason and was directed by Sam Wood. Sam MacArthur, co-author of "The Front Page," wrote the dialogue, while Robert Hopkins was responsible for comedy interpolations.
The featured feminine role is played by Lela Hyams, last seen opposite Haines in "Alas Jimmy Valentine," and the supporting cast includes Marie Dressler and Polly Moran, Francis X. Bushman, Jr., William Janney, Junior Coghlan, Clara Blandick, Phyllis Crane, and William V. Mong.
According to information from the Metro-Goldwyn-Mayer studios, Haines plays the role of a young man recently graduated from college and up against the business world. His ineffectual efforts to keep a job in a brokerage house and make love at the same time to one of the blond stenographers are said to result in a series of hilarious situations interrupted only when his father dies, leaving him to support the family. At this point Haines is said to demonstrate his ability at straight dramatic acting of which he has given only brief samples in previous productions. How the young ex-collegian turns over a new leaf, scores in a business deal and in a riotous elopement scene steals the girl he loves from under the rival's nose right at the altar make up the concluding episodes of what is reported to be Haines' most amusing picture to date.
"Good lord," Florence groaned. "A moment ago you were tickled silly just to hear his voice, and now you're looking for trouble. Whatever you do, don't go digging into Alan's recent past. Remember, he's been his own man while you were away. You made him a present of his freedom. Better not ask him what he did with it."

National Guardsmen of Minnesota and Wisconsin Saturday patrolled storm wrecked areas in both states to prevent looting and aid in clearing away debris from the series of tornadoes that flicked Eastern Minnesota and Western Wisconsin late Friday, leaving six dead, scores injured and heavy property damage.

Near Menomonie, Wis., and at Randolph, Minn., where the storms wrecked havoc, the Guardsmen were on duty. Theft was reported from both districts. It was the first time in nearly a half century that the Monomonic Guardsmen had been called on for civic duty in that vicinity.

Four communities in Minnesota, Randolph, St. Paul Park, Austin vicinity and Oslo and two in Wisconsin, Eau Claire and the Menomonie vicinity felt the storm's fury. One of the victims was killed at Randolph while the other five fatalities occurred near Menomonie.

Estimates of the property damage were generally placed at \$1,000,000. The greatest loss was believed to have been at Eau Claire and vicinity, where damage to homes and nearby farms was listed at \$400,000. At Randolph, where only about a dozen places were unaffected, the loss was estimated at \$100,000. Damage near Menomonie was set at \$200,000.

RIDES IN STATE

DALLAS, June 14.—(AP)—Riding in state—and in the shade—Dewey Pippen, printer, rolled down main street in Dallas this afternoon in an old-fashioned surrey, as winner of a wager on the Sharkey-Schmeling fight. His friend John Harvey, lawyer, trudged along under a blistering sun, furnishing motive power for the triumphal surry ride.

Capone Arrested on Perjury Count

MIAMI, Fla., June 14.—(P)—Scarface Al Capone was arrested on perjury charges here today a few minutes after he won a fight against Dade county, which sought to padlock his beautiful home on Palm Island as a nuisance.

County authorities, who promised to rid Miami of the Chicago gangster, charged he perjured himself in the warrants he had issued against H. D. MacReady, director of Public safety, whom Capone charged with false arrest.

The gangster was held on bonds totaling \$7,000 on two warrants issued on information furnished by George E. McCaskill, Dade county solicitor.

The court had ordered padlock proceedings against Capone dismissed for lack of evidence. Visibly happy, the gangster was en route to his island home when the perjury warrants were issued. They were served as soon as a deputy reached Capone at home, and the much harassed gangster, returned to jail about noon and posted bond.

The warrants charge Capone swore falsely in accusing McReady of ordering him to jail without food, water, or blanket on May 8, when he was arrested. Capone's statement that McReady told him he would arrest him or any member of his family on sight on Miami's streets, also was false, the warrants charge, as were statements that McReady threw away the gangster's personal property and refused to allow him to telephone his attorney.

Josh Lee Wins Many Friends in Address Here

Josh Lee has as many friends in Pampa as he has met persons. This noted Oklahoma humorist, a man with an optimistic, whimsical outlook on life and a philosophy with which no patriotic American could differ, pleased a large audience at the district court room Friday evening.

He spoke under the auspices of the American Legion after having been introduced by Dr. R. A. Webb, past commander. His address, "Patriotism of Peace," was sincerely earnest but alternately serious and mirth-provoking. He spoke on the home, the church, and the school, in an original manner, combining humor with logic in a way to keep his audience on the alert.

He was least optimistic in speaking of the home. Pointing out that one out of every seven marriages in the United States ends in the divorce courts and one in every five is childless. He declared that the situation is little short of alarming. He did not criticize the "younger generation," except to say that giving a full pocketbook to college students is extremely unwise and is distracting to all concerned.

In appealing for a patriotism in peace comparable to that of wartime, Prof. Lee said that the test was whether those who survived the war period would live as patriotically for America as those who died for her in France.

PAVING IS OPENED
