

BODY OF SLAIN NEGRO IS FOUND

LEGISLATIVE RESTRAINT OF ROBINSON IS HELD ILLEGAL

ARKANSAS POLITICS WARMS AS BRIBERY CHARGES HURLED

"That's gold in these here prairies."

Pampa fact: Payrolls of dry goods, men's clothing, and ready-to-wear stores of Pampa have an annual total of \$113,000.

Rah for the Scotch. If we can dig up proof of a Scottish forbear, which shouldn't be difficult, we can attend the annual picnic of the Scottish Society of Amarillo. This weather encourages Scottish attire and we could probably get by in the lunch arrangements by taking a picnic.

Scotch folk living within 100 miles of Amarillo (i.e., in Amarillo's far-famed suburbs) are eligible to attend the rally at Jack Hall's ranch June 19. The ranch is only 6 miles northwest of Amarillo, so the Scotch can walk out and save gasoline expense. John Arnot and Jack McLaren will lead the Scottish games. Robert Pryde is chief of the society.

And hurry for Higgins. Precinct 4 of Lipscomb county evidently set a record yesterday when its 258 voters went unanimously for the \$400,000 bond issue to pave highway 33 from the Hemphill county line to the Oklahoma state line. The Lions club at Higgins sponsored the move and put it over in exemplary style.

Precinct 4 of Lipscomb county is not a rich territory. It has no oil, and no millions of valuations. Yet it has foresight and a progressive spirit. It did not wish to be left out of the list of counties which are connecting highway 33. Hemphill and Roberts recently likewise voted paving bonds.

On the west of Gray county, Carson, Potter, and Randall voted and paved. Will Gray county break the link and become the most cussed area in this territory?

The strip from Pampa to the Roberts county line will be the broken link in the slab from Canyon to the Oklahoma line. LESS WE VOTE SOME MORE BONDS. A little precinct up in Lipscomb county has voted as much money for paving as has Precinct 2, Pampa, with millions of oil values. Think it over, folks, and think it through.

Met Davis, well known oil operator and ranchman, has sent this column a check for \$50 to be used by the church ladies who are doing welfare work and administering the milk fund. We are sending Mr. Davis the thanks of the Pampa and the church committee, as well as a receipt for the contribution. Incidentally, we may add that Mr. Davis has proved very liberal in other phases of welfare work.

TWINKLES Great are the uses of adversity, and those allegedly in need should be made to prove their adversity. Some folk prefer a lower standard of living if they have to work to obtain a higher one.

The speed made by a local vacationer is questioned by his associates. He started out with a new car, and wrote back glowing tales of how he had passed "one car after another" on the road. Now it is claimed he passed a funeral procession.

Floods menace many Texas communities, but still no ships come up our "navigable" North Fork.

Altman, new town over in Moore county, had a newspaper, The Advocate, before it had its coming out party. Thus do the scribes start their boosting even before the towns of their choice materialize. And that, too, is another evidence of the spirit of the Southwest. H. O. Woodruff is the Altman editor.

JUDGE SAYS RIVAL GUILTY OF VIOLATION

Tried to Influence Him to Quit Race

GRAND JURY ACTION LIKELY

Lieut.-Governor Says Charge Based on Frame-Up

LITTLE ROCK, Ark., June 18. (AP)—Arkansas' political pot boiled furiously today in anticipation of serving of warrants upon Lieutenant Governor Lee Cazort and Ernest Dew of Little Rock on charges of violation of the Arkansas corrupt practices act for alleged attempted bribery of Judge John C. Sheffield, a gubernatorial candidate, to withdraw from the Democratic primary race.

Prosecuting Attorney R. D. Smith of the first judicial district, who filed informations, announced warrants had been mailed to Sheriff T. A. Cook at Little Rock from Helena where they were signed and issued by Municipal Judge E. D. Pipkin. Judge Sheffield, county judge of Phillips county, whose headquarters are at Helena, last week demanded a grand jury investigation.

He named Lieutenant Governor Cazort, Dew, former Governor Tom J. Terral and Representative Allen Winham, Hays campaign manager, as involved in the affair.

The prosecuting attorney acted after Judge Davenport decided he had no authority to convene a special session of the Phillips county grand jury.

Lieutenant Governor Cazort, in a public statement branded Judge Sheffield's charge a "deliberate frame-up by unscrupulous politicians," and declared he had gone to Helena to attend a conference with Sheffield's friends at the Judge's invitation.

Most Wheat Is Ready for Cutting But Ground Wet

His first wheat of the season, testing 59 pounds to the bushel, was received by L. C. McMurry at his elevator yesterday. It was raised on the farm of Joe Bowers.

The grain was of excellent quality but was carrying too much moisture, Mr. McMurry said. It was fairly ripe. When it dries out, it will test 61 pounds, according to Mr. McMurry. The moisture was about 18 per cent.

Not enough of the wheat was cut to determine the yield. Much of the wheat in this territory is ripe enough to cut but the fields are too soggy and muddy for combines and tractors, it was said. Weather of yesterday and today was ideal for ripening wheat, and for drying the soil. The muddy condition of the fields is the only thing that is preventing most of the fields from being harvested now.

More new wheat is being received in Kingsmill than at Pampa, and the first car was shipped out of Groom the first of the week, Mr. McMurry said.

Mexican Girl Detained

LAREDO, June 18. (AP)—With 4,000 pesos, Mexican gold, in 20 pesos pieces, secreted about her waist and 1,000 pesos gold in her purse, Miss Maria Del Carmen Garcia of Nueva Laredo, Mexico, today was detained on the American side. She said she was bringing the gold for an American shopping visit.

The gold was held by customs officials and the young woman released. She filed a claim for the money with the treasury department at Washington.

When Wall Street Went to Main Street

An alumnus of the rich House of Morgan, Dwight W. Morrow seemed to find it just as easy to adapt himself to Main street while campaigning for the senatorship in New Jersey. Mr. Morrow won the nomination by a majority of more than 250,000 votes. He is shown above as he partook of an impromptu meal at a rally staged on the high school field at Ridgewood.

Story of Chicago—Story and Half, to Be Accurate

CHICAGO, June 18. (AP)—There's a story in the raid on the Maison Ritz cafe—a story and a half.

The place, operated by David Mulligan, called "Cock-Eye," was raided by police under a warrant that described the place as occupying "two-and-one-half stories" in the building at 22 East Adams street.

Police found liquor, they said, but it was on the fourth floor. "You can't hold my client," said Attorney Nick Romano.

Judge Joseph L. McCarthy agreed and dismissed the case.

DANGEROUS FIRE IS EXTINGUISHED LATE YESTERDAY

A gasoline blaze at the Coca-Cola bottling works was brought under control quickly yesterday afternoon by the first department. When the fire trucks arrived, one of the rooms was full of flames and the whole building was in danger.

The fire started when gasoline which was being used to clean the floors ignited. Chemicals were needed to smother the flames, although some water was used. The firemen connected 1,100 feet of hose.

Find Bloody Shirt

TOLEDO, O., June 18. (AP)—A blood stained shirt with three bullet holes in it was found today by Coast Guardsmen searching for the bodies of seven Toledoans who have been missing since their speedboat was found floating in Lake Erie Saturday, according to a report brought to the Marblehead Coast guard station.

Order Investigation

CHICAGO, June 18. (AP)—A thorough investigation of the Chicago police department and its failure to cope with the rule of gangsters was ordered by the city council today at its first session since the assassination of Alfred "Jake" Lingle, Tribune reporter, ten days ago.

Chairman Curry and Lions of This District Plan Denver Demonstration

President W. H. Curry and seven members of the Pampa Lions club joined representatives of the Dimmick, Amarillo, Claude, Clarendon, Follett, Borger, and Panhandle clubs in planning a united delegation to the national convention of Lions clubs in Denver, July 15, at a meeting held last evening at Panhandle, where the Panhandle club was host at a banquet.

Carson Loftus, Dr. H. H. Hicks, H. Otto Studer, E. D. Zimmermann, W. A. Bratton, George Briggs, and C. Herbert Walker represented the Pampa club with Mr. Bratton, and Mrs. Loftus a visitor. Mr. Curry is chairman of this area of Lions clubs. Reports from the eight clubs represented at the banquet indicated the Panhandle area would be well represented at the Denver convention, with several of the clubs sending as many as 25 delegates. Officers of the Pampa club said that at least 15 members of their club would attend.

PAMPA HAS 200 BLOCKS OF PAVING—PROGRAM OF 1930 IS LARGEST IN HISTORY OF CITY

There are 200 blocks of paved streets in Pampa, according to an estimate made by City Engineer A. H. Doucette. The 1930 paving program has already surpassed that of any preceding years.

Exact number of miles of pavement within the city limits cannot be computed on the basis of blocks, as length of blocks in the various additions are very irregular. For example, the blocks in the Cook-Adams addition are much longer than in the original townsite.

As a result of recently completed projects, there are two streets, Cuyler and Francis, that are paved their entire length across the city. Browning lacks only a short distance of being paved its total distance. Where Francis avenue ends at the city limits on the Borger road, the county road pavement begins. Among the projects completed this year was the paving in the Cook-Adams addition.

Mr. Doucette is now preparing estimates of costs to widen the pavement on South Cuyler from Brown to Albert street. The concrete would be extended ten feet on each side in the four blocks between Brown, Tuke, Thut and Ford streets.

The pavement on Barnes street, which was opened to traffic last Friday, was accepted yesterday by the city commissioners.

Admiral Byrd Will Be Welcomed Home Tomorrow

NEW YORK, June 18. (AP)—Returning home after sixteen months of exploration in the Antarctic, Rear Admiral Richard E. Byrd and the members of his expedition will be received as conquering heroes by the city of New York at noon tomorrow.

Expectations were that the city welcome would surpass all previous ones since that accorded Colonel Charles A. Lindbergh upon his return from his flight to Paris.

A marine parade up the harbor, a salute of thirteen guns from Governor's Island and a guard of honor including 3,000 troops for a procession up Broadway to city hall have been arranged in honor of the man who flew over the earth's two poles.

First greetings to the returning explorers, however, will be extended from a big amphibian plane carrying former Governor Harry F. Byrd of Virginia, brother of the Commander and officials of that state. It was planned to circle over the two Byrd ships, the City of New York and the Eleanor Bolling, as they approached quarantine and return in time to take part in the city's welcome.

A complete radio description of the reception at quarantine and the ceremonies at city hall will be broadcast over nation-wide chains by both the National Broadcasting company and the Columbia Broadcasting system.

REJECTION OF BIDS ORDERED LAST WINTER

Contracts Held Up Whole Year by Litigation

APPLICATION ORDER LIMITED

University Oil Land in Two Counties Involved

AUSTIN, June 18. (AP)—Answering a certified question from the commission of appeals, the Supreme Court today held that the act passed by the legislature in January 1929, directing J. T. Robinson, commissioner of the general land office, to refuse bids on certain tracts of oil lands of the University of Texas, was unconditional. The answer to the certified question sustained the judgment entered in the Travis county district court by Judge J. B. Moore.

Robinson had advertised for and received bids January 2 on several tracts of university land in Ward and Andrews counties under the University land leasing bill passed in 1925. The legislature, however, passed a law January 11, directing him to reject the bids and withhold awarding the leases and the state filed injunction proceedings to prevent consummation of the contracts.

The matter has been tied up in court for more than a year pending appeal from the decision of Judge Moore. The Court of Civil Appeals will be bound in its decision to follow the answer of the Supreme Court to its certified question.

In answer to the question the Supreme Court held that the law was unconstitutional only as it applied to the applications then pending and on file with the commissioner of the land office and held that applications filed after the law was enacted were affected by the provisions of the statute.

I. S. Jameson Is Again Candidate in Justice Race

Announcing his candidacy for justice of the peace in Precinct 2, place No. 1, I. S. Jameson today made the following statement:

"In announcing my candidacy for the office of Justice of the Peace of Precinct No. 2, Place No. 1, I feel as if I need to make no introduction to either the oldtimers or the new citizens of this precinct.

"I have been a resident of Pampa and this vicinity for the past twenty-one years, and have held this office that I now seek for a term commencing in 1925 until August, 1928, when I resigned that I might take my wife to a different climate for her health.

"I stand upon my past record as being a fair and impartial Justice of the Peace, and promise that if again elected I shall again discharge the duties of such office in a fair and impartial manner to all parties who may elect to come before me in my official capacity, or otherwise.

"Respectfully soliciting your support on July 23rd, I am,

I. S. JAMESON.

Dies As Elevator Falls

FORT WORTH, June 18. (AP)—M. L. Grey, 40, employe in the Armour and company packing plant here, met death last night when an elevator cable broke and the car dropped to the bottom of the shaft. Ernest Ming, 35, a companion, suffered a broken right leg and probably a broken back. Grey is survived by his widow and two daughters and his mother, who lives in Vernon.

Gallant Fox Not As Fast As Gallant Police

CHICAGO, June 18. (AP)—They arrested Mrs. Caroline Czarniecki yesterday, and that was considerable.

Mrs. Czarniecki was in the bath when four policemen arrived. They pounded on the door and she called down to them musically as to her status; and the officers agreed to wait.

Mrs. Czarniecki completed her bath. She donned attire. She descended to the front door. The officers presumed she was ready to join them on the march to the station.

But when the door opened the lady's hand held a revolver which she pointed at the officers; and in her lips came the injunction: "On your way, bums."

The officers dispersed. Had Gallant Fox been with them, he would have finished last. One officer slid down a coal chute. Another beat a bullet around the corner of the house. The others put on a vanishing act that was wonderful.

Mrs. Czarniecki, out of ammunition, retired to the house. The neighborhood fairly ran with officers of the law. It finally was necessary to hurl a tear bomb through a window before she would come forth.

Eventually the army of officers succeeded in getting her to the station. The charge was disorderly conduct, which the desk sergeant wrote down in capital letters.

DIAMOND SHOP FORMAL OPENING TO BE TONIGHT

"The Most Beautiful Store in the Panhandle" is the new slogan of the Diamond Shop, and evidence in support of this statement will be seen tonight at 7:30 o'clock, when the Diamond Shop has its formal opening.

Souvenirs will be given to the first 720 ladies entering the store. A Majestic radio to be given away Tuesday will be on exhibit.

The store is filled with \$750 worth of fresh cut flowers from the Pampa Floral company.

Advertising in the Pampa Daily News has resulted in more than 1,000 inquiries regarding the smallest watch in the world, which will be on display at the opening tonight. The Diamond Shop has received 50 congratulatory telegrams during the last week.

The public is invited to inspect the Diamond Shop tonight in its fine new quarters in the Gordon-Deneb building on the northwest corner of the intersection of Cuyler street and Foster avenue.

Small Child Drowns

BRYAN, June 18. (AP)—The two-year-old son of Will Conrad of Kerten, this county, was drowned in a farm tank last night. While playing the child got through a gate and made his way to the tank.

The German housewives association has opened an "eat-more rye bread" campaign to aid sale of the German rye crop.

Dwight Morrow Wins Nomination in New Jersey by Landslide of Ballots

NEWARK, N. J., June 18. (AP)—Outdistancing his nearest opponent by more than 250,000 votes, Ambassador Dwight W. Morrow is the Republican nominee for United States senator, double victor in a primary election in which he stood for repeal of the Eighteenth amendment and state control of liquor. In the principal contest, for the long term, Morrow was nominated in a four-cornered fight in which he won a

POSSE'S HUNT EVIDENTLY IS SUCCESSFUL

Bill Roan Tried to Attack Farm Woman

NO PROBE IS PLANNED NOW

Killers of Black Not Known, Officers State

BRYAN, June 18. (AP)—The body of Bill Roan, negro who had been sought by a posse after an attempted attack on Mrs. Henry Bowman, was found today. The negro had been killed by buckshot. The posse had been seeking Roan since Monday afternoon. Mrs. Bowman lives on a farm near Benchley.

The body was found in a pasture about 5 miles from here. Mrs. Bowman told officers that the negro, who worked on the farm, attempted to attack her and that she beat him off. When his attempt was repulsed the negro became frightened and fled.

Word of the attack got around the community and a posse was formed. The negro was hunted unsuccessfully Monday night and Tuesday.

Last night several members of the posse gathered in Bryan and were told to "scatter out" by Deputy Sheriff C. L. Baker. "I told them that if I caught the negro I would take care of him," Baker said.

The possmen dispersed, Baker said, and this morning he received a call that the negro had been found shot. Authorities said they did not know members of the posse. No investigation will be made, it was understood.

Ponca City Man Shot to Death

PONCA CITY, Okla., June 18. (AP)—Earl Broadway, oil company employe, was shot and killed here early today at the home of Mrs. George Mercer, who recently was divorced from her husband. Fred O. Mercer is held in the county jail at Newkirk in connection with the shooting. He is a former Ponca City real estate operator.

THE WEATHER

WEST TEXAS: Partly cloudy tonight and Thursday except unsettled and probably thundershowers in north and extreme west portion.

—AND A SMILE JERSEY CITY (AP)—John Hertz Murrel, star army back, who caught many a forward pass, is catching hot rivets in a bucket at \$75 a week. On a three-months' furlough since being graduated at West Point, he has taken an iron worker's job for pin money prior to reporting for duty with the army air service.

Dwight Morrow Wins Nomination in New Jersey by Landslide of Ballots

majority of the total vote carrying all 21 counties. Representative Franklin W. Fort, who ran as a dry with the backing of the state Anti-Saloon League, was second. Former Senator Joseph S. Frelinghuysen, advocate of modification of the liquor laws and federal control of liquor traffic, ran third. John A. Kelly, who sought

PHANTOM SALARIES ARE CRASHING

Clara Bow, said to be in Dallas to settle an alienation of affections suit out of court, is another movie star who says that her salary is not what the public likes to think it is.

Of course, Clara's contract calls for a fortune as measured by the salaries of ordinary working girls. But the day of high salaries appears to be passing. One reason is that the talkies demand better talent and talent is cheaper than sex appeal. In the past, "it" that drew in the shekels at the box office windows was translated into high salaries.

In recent years there has been a trend toward lower contracts. The newer stars are willing to work for less, and the old ones are being forced to be more reasonable or quit altogether. While the public has not profited greatly as a result in reduced prices of admission the tendency is not to be greatly regretted. The lure of the movies, movie salaries, and national popularity has not been altogether wholesome. It has not made the younger generation contented with its lot.

Movie stars and boxing champions have been the idols of the country and the czars of the income section. There has been quite a bit of de-bunking in both professions. There will always be good pay for the Babe Ruths, Jack Dempseys, and Mary Pickfords, but merit is going to be the measure, not the mere fact of being the star of the moment because it is necessary to "push" some performers and to make them popular. A workman is worthy of his hire. At last the movie stars are having to be worthy of the high position they hold in the amusement world. It is not a bad omen.

THE BRITISH SUBMARINE

Mention the activities of submarines during the World War and everyone will promptly assume that you are talking about the German U-boats. But the German submarines were not the only submarines that were active between 1914 and 1918. England, also, had submarines that gave a good account of themselves—and the sailors who manned them paid a high toll in lives for it, too.

A writer in the current issue of World's Work points out that the British submarine service during the World War was credited with sinking 54 enemy naval vessels and 274 transports and supply ships. While these numbers do not compare with the numbers of allied vessels sent to the bottom by the U-boats, they are nevertheless a great deal higher, probably, than most of us would suppose.

In rolling up this record—an impressive one, considering the fact that England controlled the seas, so that relatively few German vessels ventured out into areas where rival submarines might operate—the British lost a total of 61 submarines. This was much greater than the entire number of subs in the British navy at the outbreak of the war. One of every three sailors in the British submarine service lost his life.

Of these 61 lost subs, the fate of 20 is still covered with mystery. Even a check of German records after the war failed to show what had happened to them. All the British admiralty knows is that they went out on assignments and never returned.

On the other side of the ledger is the fact that the Germans, during the war, lost 284 submarines—many times the number they had when hostilities began. At the armistice there were less than a dozen U-boats left at sea.

Both nations underestimated the usefulness of the submarine prior to 1914. Each, in consequence, had to do a tremendous lot of building during the war. It has been stated that if the Germans in 1914 had had as many good submarines as they had three years later they would have won the war in short order. However, as the number of submarines increased, the methods of fighting them were improved, also; and today there are few naval men who hold to the common civilian belief that the submarine hereafter will be predominant in naval warfare.—NEA.

War Veteran, Broke, Kills Self Near Abilene

ABILENE, June 18. (AP)—Without funds and too chivalrous to borrow from women traveling companions, was the motive adopted by police today for the suicide yesterday near here of Walter P. Patmore, Los Angeles, Calif., world war veteran.

Patmore and Mrs. Beryl Polley and her daughter, also of Los Angeles, traveled together from California to Oklahoma City, where Mrs. Polley met her husband. After a visit Polley left for the east on a business trip and Patmore departed with the women in a cab for the return journey to California, police said. Patmore attempted to leave the party in Dallas, saying he desired to visit his mother in Quebec, Canada.

Urged by the women to continue the trip, he came with them to Abilene Monday night. When they were unable to find Patmore Tuesday morning, Mrs. Polley and daughter believed he had gone to their home. They were stopped at his mother, and left by bus for Pecos and returned, after Patmore's body was found in a pasture off an isolated lane near here. He had been shot through the temple with a .22-caliber pistol.

According to attendants at a garage, Patmore paid his last 50 cents for storage of his automobile.

AMARILLOAN IS IMPRESSED
Granis Mills of the Southwestern Life Insurance company, Amarillo, who is on business here today says that Pampa deserves to stay in the center of the "white" or good business area of the Southwest.

"The business depression which has cast a black cloud over most of the United States seems to have

avoided this territory. The hurry, the bustle, the crowds on the street and the activity that is evident as soon as one comes within sight of Pampa, all reflect the good business conditions that exist here. If Pampa can put up the front she now has in hard times, surely she can overcome anything the future has to offer," he said.

Revenge or Humiliation?

Two of the husky middleweights in the nation, Otis Clingman of Pampa and Joe Kopecky of the cotton patches of East Texas, will meet in a revenge match as a leading preliminary event at the Reynolds-Farley championship program at Amarillo Friday night. For Clingman it will be revenge for a defeat by Kopecky here, or it will be humiliation by defeat before the biggest sports audience in Panhandle wrestling history.

BALANCE EASY TERMS
Small Carrying Charge

THE Thor Rotary Speed Iron will soon pay for itself in pressing bills, saved skirts, trousers, etc. quickly pressed in a professional manner. And the average family laundry is reduced to less than 2 hours a week. Results are beautiful. Though it has the pressing surface of 10 feet, the Thor Iron is light, compact and easy to store when not in use. After a single month's use you'll wonder how you ever got through a week's ironing without it.

Prove what we say!
Call us for free demonstration—no obligation.
Let us bring the Thor Speed Iron to your home and show you the time and labor a small sum can save you. No obligation.

SOUTHWESTERN PUBLIC SERVICE CO.

Watch Repair Department Big Feature of Store

One of the features of the Diamond Shop which re-opens in its new store today, is the watch department, which includes the repairing as well as the sale of the finest American watches.

L. R. Riddle, who has been with Diamond shop since it opened its Panhandle four years ago, is an efficient watchmaker, who has had more than fifteen years experience, as has W. P. Moss, who has been in the employ of the Diamond shop for the past two years. They will do general repairing of jewelry as well as of watches and all their work is guaranteed. A complete stock of parts for Gruen and Bulova watches alone will cost \$7,500.

Special orders for jewelry will be handled by the Diamond shop thru Landsman & Kershman, Fort Worth, considered one of the best firms of jewelers in the entire Southwest.

Mrs. Gilbert Nabors, who is bookkeeper and in charge of the office, has been associated with the firm for the last two years. She is the daughter of Mr. and Mrs. T. L. Certain, and was recently married to Gilbert Nabors. She came to Pampa from Hutchinson, Kans., where she was employed as bookkeeper of a large lumber concern.

T. L. Certain, father of Mrs. Nabors, in charge of collections, and had had a life-time experience in this work. He has been employed by the Diamond shop ever since the beginning of the time-payment plan, coming to Pampa from Hutchinson, Kans.

Lester Sills, assistant manager, hails from the Windy City, Chicago, and came to Pampa 25 years ago, when the future capital of the plains was a dry, dusty village. Lester has been associated with the Diamond shop since it opened its doors in Pampa and has a wide acquaintance here. When he came to Pampa, there were only eighteen pupils in the local school.

B. E. Moseley, radio department has taken a complete course in the Majestic Radio school, and is regarded as one of the most efficient radio experts in the Panhandle. He will have charge of installing every Majestic radio sold by the Diamond shop, as well as the electrical refrigeration units, also sold by the Diamond shop.

Mrs. Sam A. Fenberg, has been

World's Smallest Watch Displayed in Local Store

What is said to be the smallest watch in the world is now being displayed by the Diamond shop. It is shown above on the wrist of Miss Irene Bordoni, the internationally famous star.

This watch is an exact duplicate of the watch that was presented to Her Majesty, Queen Marie of Roumania, upon her arrival in New York.

The inset shows a close-up of the watch on Miss Bordoni's wrist. She is holding a dime directly above the timepiece to show that the watch is smaller than the coin.

The watch is so thin that it was impossible to embody the regular winding mechanism found in watches of average size. To wind this small watch, it is necessary to rotate the back of the case which is connected to the mainspring.

Each wheel and part was made by hand. It required six months to complete the watch. Some of the parts are so tiny that it takes more than 38,000 of them to fill an ordinary thimble, yet in spite of its smallness, the watch is an accurate time-keeper.

The case is of platinum, studded with finely cut diamonds. It is valued at \$1,000.00. It is being shown through the courtesy of the Bulova Watch Company, Fifth Avenue, New York, who manufactured this remarkable watch.

Mrs. Flo Soodhalter, the former Miss Flo Cohen, received her business training in Shreveport, La., where she was connected with the Dreyfus Department store as buyer. She is a member of the Legion Auxiliary and is active in social life.

Portland, Ore.—Ray McQuillan, Denver, knocked out Herman Ratzlaff, Minot, S. D., (6).

Harry Cornelius returned today from a business trip to Enid, Okla.

Railroad Clock Is Important Item in Train Work

Railroads have always been associated with correct time, but few persons realize the accuracy of the big cabinet clocks installed at terminals and other important points of a railroad system.

Pampa, being an important point on the Santa Fe lines, has one of these big cabinet clocks in the ticket office of the depot. The clock is in a oak cabinet, is six feet tall, has a standard dial, and is made for the Santa Fe at a cost of \$350 per clock. Every day at 11 o'clock, its time is checked with that of the United States Naval Observatory. There are no springs in the clock; mercury is used to keep it on an absolute second balance.

All trainmen coming in or going out of Pampa, regulate their watches by this clock, and all train orders are timed from it. An operator keeps a register on the clock, and knows exactly to the second whether or not, it is slow, or fast, or correct, every day. Printed statements regarding the accuracy of the clock, after it has been checked, are inserted in a holder.

Extra Gangs on Railroad Leave as Work Is Finished

All track extensions have been completed at the local yards of the Santa Fe. Of the six extra gangs employed here during the past month, only two gangs remain.

Two extra gangs were taken off Saturday. The two remaining are signalmen, who are installing the new signal devices. It is expected that all signals will be connected by July 5.

No new wheat has been shipped yet. The railroad is ready for the first rush of the season, with 700 cars immediately available.

Excursion business is good and Pampans are buying tickets to all vacation centers. Through a new arrangement with the Pullman company, the railroad is able to offer a special incitement to travelers by which a section in a pullman can be occupied by one person alone at a cost slightly more than the old plan, under which it was necessary

to have both upper and lower berths. The new plan is an individual service, with the advantages of having a section alone, with a lower berth, the upper berth remaining closed.

Claude Anderson has taken employment in Wiley's United Cigar store.

Mrs. Raymond Gettis and Mrs. M. W. McClure have returned from visits in Fort Worth and Vernon.

Mrs. R. W. Mitchell and Bob, Jr., have returned from a visit of several weeks in Colorado City.

Louise Collins and Louise Blackwell, both of Channing, are guests of the former's aunt, Mrs. W. R. Campbell.

Mr. and Mrs. E. L. Billingsly are the parents of a daughter, born this morning. The baby has been named Jo Ann.

Mr. and Mrs. H. A. McDonald left yesterday morning to spend their vacation, visiting points of interest in New Mexico.

Mrs. D. A. Hunt of Wheeler and her children, Irene Angel and Donald, are visiting Mrs. Hunt's sisters, Mrs. P. O. Sanders and Mrs. J. H. Patterson, and her brother, Hugh Breeding, this week.

Mrs. James Reddin of Cheyenne, Okla., is visiting her sister-in-law, Mrs. W. C. Mitchell.

Ben Snider, representing the Polak Brothers company of Fort Wayne, Ind., was a business visitor here Tuesday.

Mrs. J. N. Frey left this morning on a trip to Chickasha, Okla.

J. H. Kyle, trucking contractor, made a business trip to Amarillo yesterday.

Mrs. Estell Batson is reported improving at the McKean and Connor hospital. Mrs. Batson is an operating room nurse at the hospital and recently underwent an operation.

Julian Montgomery, civil engineer of the firm of Montgomery & Ward, Wichita Falls, was in Pampa yesterday consulting with the park board.

E. E. Miller of Wichita, Kans., is a visitor in Pampa today.

C. A. Clark of El Paso is among today's visitors in Pampa.

D. A. Morton of Amarillo, is a visitor here today.

Fred C. Connally of Amarillo, is a visitor here today.

R. E. Johnson and son, J. T., are in White Deer today, taking an inventory of the B. & S. hardware store recently purchased by R. E. Johnson. Auda Johnson will go to

White Deer today or Thursday; J. T. Johnson and Auda Johnson will locate in White Deer and operate the store. The Johnsons will continue the operation of their hotel in Pampa.

Mr. and Mrs. F. M. Gwin and daughter, Maxine, are in Temple on a two weeks' vacation.

Charles Youngblood of Fort Worth, with the Gulf Production company, is transacting business in Pampa today.

THIS famous Thor Agitator Washer will do anything any washer will do—is as beautiful as any washer made. Ask for a demonstration. Compare it with any washer on the market—at any price—and decide whether you will be justified in paying a cent more than \$99.75. Only a small down payment required.

Southwestern Public Service Co.

CONOCO

Celebrates its Conquest in America's Greatest Motor Classic!

GERM-PROCESSED is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! . . . Now PENETRATIVE LUBRICITY Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

More than one hundred and seventy thousand cheering, excited people, Friday, May 30, saw CONOCO do something that no other stock oil has ever done before! . . . saw CONOCO'S claims for the sensational new Germ-Processed oil verified beyond the shadow of a doubt . . . saw the supreme test applied to America's newest oil . . . saw Germ-Processed oil "place" among the leaders of the Indian-

apolis Race . . . saw CONOCO victorious in the domestic oil market of the Nation!

It was only good strategy for CONOCO to again bring the superiority of Germ-Processed oil to your attention in this sensational way. At a time when motorists in every section of the country have been lending willing ears to the story of the Germ-Process . . . learning that this is the first fundamental improvement in oils since 1901 . . . reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests . . . CONOCO, by this masterful stroke, crystallizes the already wide-spread conviction, that Germ-Processed Motor Oil is the safest oil for every-day driving in twenty-seven million cars. For the Germ-Processed oil used in this race was the same

stock oil that you can buy at any service station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? Remember, Germ-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you:

"If you value the life of your motor, if you would reduce your operating costs, if you want better lubrication than any other oil can give you, go to the Sign of the Red Triangle and ask for . . .

CONOCO GERM PROCESSED MOTOR OIL

The Husband Hunter BY RUTH DEWEY GROVES

BEGIN HERE TODAY Natalie Converse, jealous of her husband, quarrels over Bernadine Lamont. Alan seeks sympathy from his secretary, Phillipa West, who successfully schemes to arouse Natalie's suspicions, and she leaves Alan. Wounded pride prevents either from seeking a reconciliation, and Alan turns to Phillipa, who plays her part so cleverly that they soon become engaged.

Natalie writes Alan, informing him of her return. Phillipa, fearful of losing Alan, leaves home and takes an apartment, and he agrees to pay for the furnishings. Alan's meeting with Natalie, who brings her young sister, Florence, with her, leaves Alan hopeful, but baffled as to her intentions.

Natalie was at the door, to help Andrew assist her from the cab. Florence kept her eyes closed, or averted. She didn't want to look at Natalie. And she felt peeved with Andrew. Gee, golly, he could have been a little more earnest in warning her about how she'd feel.

NOTICE Across from Fox Rig & Reel. Bedding plants 15c each. Make your choice while our stock is complete. PAMPA GREEN HOUSE

"Think of him waiting down there to find out if you've got emetics to coin a word—or been put to bed on bread and milk for having too many ideas." "Do go and relieve him," Florence urged. "Tell him I'm terribly sick and he can send me flowers, and a bon voyage basket of fruit—no, on second thought, you'd better leave the bon voyage off—and a stack of magazines and the latest best seller and a box of French chocolates, and two pairs of morning dew silk stockings, number nine, and

"You're a very sick girl," he pronounced solemnly, when she showed she was waiting for his decision. "I shall have to keep you confined to your bed for..." "Oh, not too long," Florence interrupted. "Remember, there's Andy. Think of him running round loose in New York."

Down in the hall Andrew stood with mouth agape, thinking of what Florence was in for. Well, he'd done his best, he consoled himself. Florence could give it up and say she had a slight pain—a touch of indigestion, maybe.

Dr. Wagnall smiled. "I had intended questioning you," he countered. "Thank heaven," Florence sighed happily. "Now tell me, do you know my brother-in-law, Mr. Con-

turned to him. Andrew, telephoning that evening and hearing Alan's voice, almost spoiled the plot. Alan told him Florence was no better—and wondered why the young man was so jubilant.

Dennis King's Rise to Pinnacle Is Film Classic

Dennis King, who for the past two or three years has been rated by critics as the greatest singing star of the Broadway musical comedy stage, is seen and heard for the first time by movie audiences at the Rex theatre in "The Vagabond King," here for today only.

"The Vagabond King" was the vehicle for Dennis King's greatest singing achievement. It had a sensational long run of more than a full season's duration in New York and made an impressive tour in other cities afterward.

King's rise to fame was meteoric. As he had been fascinated by the stage. His first bit parts were with John Drinkwater's repertory theatre in Birmingham, England. He came to the United States in the English company of "Monieur Beaucaire" after he was wounded in service in the British Expeditionary forces.

Later he played in Jane Cow's New York company of "Romeo and Juliet," achieving great fame in the role of Mercutio.

His friends persuaded him to develop his singing voice, and this brought him an engagement in Rose Marie, which established him as a leader in romantic singing roles.

Then came the sensational and glamorous "The Vagabond King." The music for "The Vagabond King" was written by Rudolph Friml, whose long and successful career as a composer began in 1912 with "The Firefly." Other musical comedies and operettas which he has written music for are "Katin-Ka," "Sometime," "Rose Marie" and "The Three Musketeers." The thrilling Friml songs of the original production have been carried to the all-talking screen in Paramount's gorgeous all-color screen version of "The Vagabond King."

Dread Neuritis Is Banished by Modern Konjola

Splendid Tribute Is Paid to New Medicine That Ended Four Years' Suffering.

MR. CHAS. W. MORGAN

"I suffered dreadfully from neuritis for four years," said Mr. Chas. W. Morgan, 1210 South Millwood street, Wichita. "I tried many medicines, but none of them gave me the relief that I so much desired until I took Konjola. I had attacks of severe, sharp pains thru my shoulders and arms that at times ran down through my chest muscles. I was in misery so much of the time that my nerves became affected, and I felt sick, and weak in every way.

"A friend advised me to try Konjola, and as I noticed how he was being benefitted by this medicine, I acted upon his advice. In a short time the pains began to cease. The attacks became less frequent. Today there is hardly a trace of the old aches and pains, and the soreness has left the affected parts. I feel better in many respects. My nerves are calm, and I sleep well at night. I hope other sufferers will profit by my experience."

Konjola loses no time in getting to work; many are amazed at the quick results, but it is best to take a full treatment of from six to eight bottles for best results.

Konjola is sold in Pampa at the City Drug Store, and by all the best druggists in all towns throughout this entire section.—Adv.

CORSICANA, June 18. (AP)—Jack Coons, 10, inmate of the state orphan's home here, drowned last night in a tank when he slipped from a raft he was riding with other boys. His companions grappled with him in an effort to pull him to safety, but were unsuccessful.

Enlargement of Santa Fe Station Will Be Delayed

Enlarging of the Santa Fe station has been indefinitely postponed due to wide-spread business depression, although appropriations and plans for the project have been approved by officials of the railway company, it is understood.

The company recently announced that all construction work, which includes enlarging and building of stations, has been postponed until "times grow better." It was emphasized, however, that business conditions in Pampa as far as the railroad is concerned are as good as they ever were, and that they had nothing to do with the company's decision to halt all construction work.

The depression exists in most towns served by the Santa Fe, except an area of which Pampa is the center. The Santa Fe was forced to discharge temporarily about 150 men employed in construction gangs on the Panhandle line between Amarillo and Wichita, Kans.

Clara Bow May Have Exaggerated in Her Interview

DALLAS, June 18. (AP)—Clara Bow, "it" girl of the movies, is going to leave Monday or Tuesday, so she says, after giving Dallas the first real thrill of the hot weather season.

She appeared mysteriously Monday, using an assumed name which did not conceal her identity successfully. She said her studio managers thought she was in Hawaii. "Just loafing" was her explanation.

Tuesday, interviewed by a reporter from the Dallas Times-Herald, she told a new story about dates with a young business man of Dallas which led to a threatened alienation suit and payment of \$30,000. According to this story, which could not be confirmed from California records, she came to Dallas to explain some things to the young man.

Studio officials in Hollywood dis-

counted the story. They said Clara was given to talking extravagantly. They told the Associated Press they knew nothing of any demand for money.

Today Miss Bow, who has been entertained by automobile rides and dances and apparently avoiding further interviews, was found again by a reporter. This time she said that, instead of remaining two weeks as she had intended, she would leave Monday or Tuesday. "Too much hot weather and too much noise," was her explanation.

The cinema star was accompanied to Dallas by her secretary, who was using the same assumed name.

Appeals Court

AUSTIN, June 18. (AP)—Proceedings in the Court of Criminal Appeals today:
Affirmed:

After the First Twenty-five Thousand Miles

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury in an automobile collision.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafaela races in Argentina, first and second in the run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

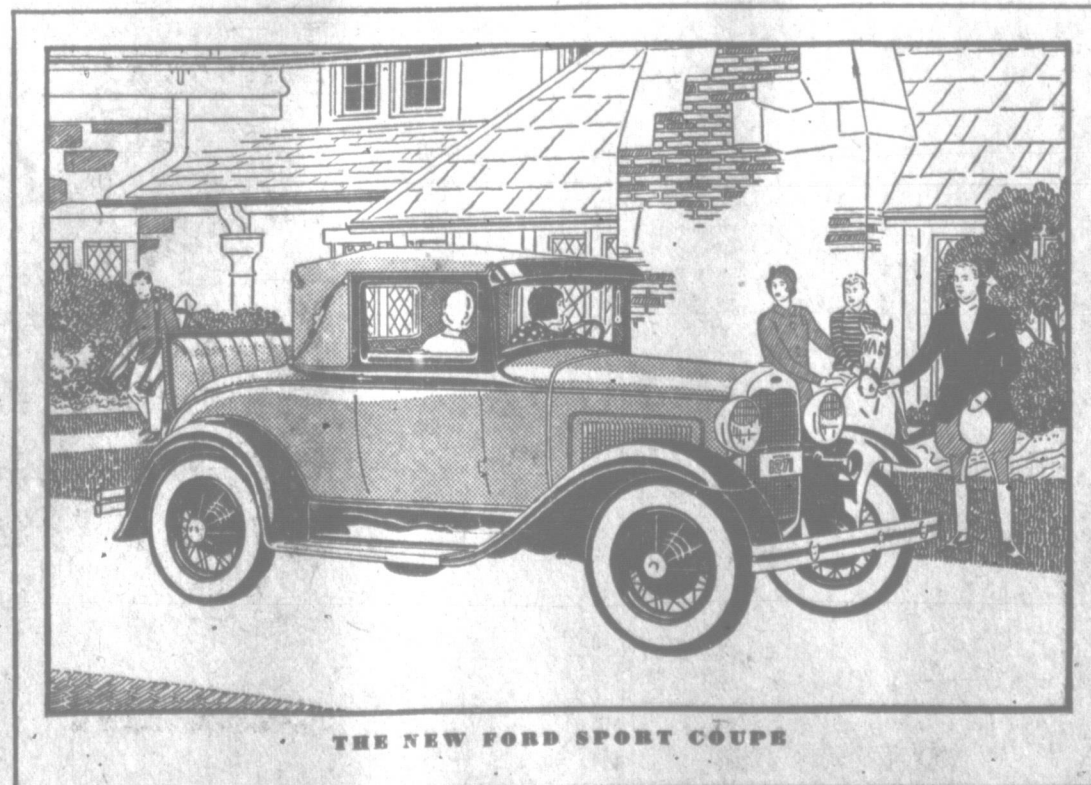

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

The Women's Missionary society of the Central Baptist church will meet at the home of Mrs. W. B. Barton, south of the city, at 2:30 o'clock.

Division 1 of the Woman's Council of the First Christian church will meet in the home of Mrs. D. C. Houk, 419 North Somerville, at 2:30 o'clock. All other divisions will meet at the same hour.

Circle 1 of the Methodist Women's Missionary society will meet Wednesday afternoon at 2:30 o'clock in Mrs. C. T. Hunkapillar's home for a program on two lessons from the Missionary Voice.

Circles of the Methodist Women's Missionary society will meet as follows: 1, in the home of Mrs. C. T. Hunkapillar; 2, at the home of Mrs. John Bradley; 3, at Mrs. Lee Harrah's home; and 4, at the church, all sessions opening at 2:30 o'clock.

THURSDAY
A dance will be given by the Cosmos club at the Schneider hotel between 9 and 12 o'clock. Joe Norman's orchestra will play.

The Women of Mooseheart Legion will hold a regular meeting at the Labor temple at 8 o'clock.

The Ladies' auxiliary to the Carpenters' union will meet at 8 o'clock in the home of Mrs. Jack Denert.

FRIDAY
The regular meeting of the Order of the Eastern Star will be held at 8 o'clock, with Mrs. Z. Freeman, deputy grand matron, present.
An initiation service will be held in connection with the regular meeting of the O. E. S. chapter meeting.

London Bridge Club Entertained Tuesday by Mrs. John Studer

Mrs. John Studer, hostess yesterday afternoon to London bridge club, arranged four tables for the games, and entertained a number of additional guests. As favors for high scores and cut, she gave fragrant toilettries, which were wrapped in pink and tied with blue.

Club members and other guests were as follows: Mrs. M. D. Oden, Mrs. Porter Malone, Mrs. W. E. Coffey, Mrs. Curtis Douglass, Mrs. Otto Studer, Mrs. Wade Duncan, Mrs. D. A. Hunt, of Wheeler, Mrs. A. M. Teed, Mrs. J. J. Devine, Mrs. Clarence Barrett, Mrs. F. O. Sanders, Mrs. Elmer Blair, Mrs. J. W. Smith, Mrs. Yarrington of Marietta, Okla., Mrs. Joe Quinn, and Mrs. Arthur Swanson.

Mrs. Hunt held high score, and Mrs. Smith, second high. Top cut was made by Mrs. Smith. Refreshments were served at the conclusion of the playing.

Women of Mooseheart Legion Plan Dinner For Opening of Hall

Detailed plans for the chicken dinner which is to be served tomorrow evening at the formal opening of the new Moose hall, 819 West Francis street, have been completed by the Women of Mooseheart Legion, according to announcements from officers of the women's organization.

Dinner will be served from 6 o'clock until time for the dance, which is to be the principal feature of the opening occasion. Tickets may be had separate or inclusive, it was said. The American Legion band and Lunsford Brothers' orchestra will play.

Huge Trucks to Bring Display of Big Refrigerators

One of the world's largest trucks, hauling two General Electric commercial refrigerators, will be in Pampa Thursday. The truck cost more than \$6,000, and can haul 20 General Electric refrigerators, or more than ten tons, at one time. The truck is appearing in Pampa in connection with a display of the Malone Furniture company, in which all models of General Electric refrigerators will be on exhibit.

LOCALS

GEO. W. Briggs and F. P. Reid are attending a meeting of the U. S. Highway No. 66 association in Shamrock today.

Postmaster and Mrs. W. A. Crawford left today for a two-month vacation in Rocky Mountain and Pacific coast states.

Danciger Oil and Refining company made a location yesterday for an oil well in the center of the northwest quarter of the northeast quarter of section 148, block B-2.

Mrs. Ben Lippold and infant son have been taken from Pampa hospital to the home of her sister, Mrs. Ralph Arnold.

Miss Dove Gibboney was removed from McKean-Connor hospital yesterday to her home at Skellytown in a G. C. Malone ambulance. She was injured a few days ago.

E. T. Wood, General Electric salesman formerly with the Finkler Electric company at Amarillo, has taken employment with the Malone Furniture company.

Mr. and Mrs. J. L. Vandergriff and son left today for Carlsbad, N. M., where Mrs. Vandergriff will undergo an operation. Mr. Vandergriff is employed in the express department of the local Santa Fe station. While he is away, Mr. Vandergriff will be relieved by Clayton Husted, of the freight office.

VISITING AT PAMPA
C. P. Buckler, his daughter, Margaret Buckler, Miss Thede Baker of Springfield, Mass., and Oscar Dial are visiting at the JA ranch headquarters. Miss Baker arrived in Pampa Monday. She was the room-mate of Miss Buckler at Pine Manor, girls' school at Wellesley, Mass., during the last term. The party will return to Pampa tomorrow. Miss Baker will visit in the Buckler home here until Monday, when she will leave for a visit in Fort Worth.

Readjustment New Low Prices!

The J. C. Penney Company Has Radically Revised Prices Downward throughout the Store

Store-wide, our counters are packed full of values truly exceptional when compared with prices which were effective last October or even last January. Our No. 449 silk hosiery that formerly sold at \$1.49 is now \$1.29. Sheets that were \$1.29 are now 98c. Our Pay Day Overalls are down from \$1.29 to \$1.10. You will find in our \$19.75 men's suits of today many of the same fine fabrics that were used in making higher priced lines a few short months ago.

Below you will find other concrete evidence of the new lower prices and higher values with which our store is packed and a glance at our windows will show them jammed full with exceptional savings in cotton piece goods, sheets and pillow cases,

Since last October America has been passing through a period of depression—a condition that has caused unemployment, retrenchment and downward revision of prices. To help meet this condition, to stimulate industry and to reduce unemployment

domestics, silks, cosmetics, toilet goods, hosiery and underwear.

In announcing new low prices and new high values we rededicate ourselves to our old Company slogan: "WE ALWAYS HAVE AND ALWAYS WILL UNDER-SELL". Our reason and excuse for soliciting your patronage is just that—

WE SAVE YOU MONEY!

These new low prices call for quick action. Don't delay. Visit our store at once and convince yourself of the fact that

WITH THE FIRST HALF CINCHED, SPUDDERS STILL WINNING

LEVEY SLUGS IN FOUR RUNS OFF KETCHUM

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

Such a thing as letting up just because they have the first half of the Texas league derby in the bag evidently has not occurred to the Wichita Spudders. Carl Williams' band of opportunists tightened their hold on the current running another notch yesterday by trimming the Waco Cubs, 6 to 3, in their opener at Katy park.

As usual, one member of the Spud line-up came through in a big way to make victory possible. If it isn't one, it's another. Yesterday it was Jim Levey, great little shortstop. He defeated Ketchum almost single-handed with three hits, a single, double, and homer, that drove in four runs. Ray Caldwell hurled five ball against his old mates, allowing only six hits and no earned runs. Moleworth's homer with two aboard scored all three Cub tallies after the side should have been retired in the fourth.

Houston fans witnessed a nifty pitchers' battle between Lil Stoner, the Cats' no-hit, no-run specialist, and Allyn Stout, stocky little Buff right-hander, with honors finally going to the home boy, 4 to 1. Stout set the Panthers down with three singles and struck out six to record his tenth win. Stoner hurled good ball until the seventh, when the Bisons fell on him for three runs to sew up the decision. Eddie Hoek pounded in two Houston runs with a single and double.

Dallas and Beaumont divided honors in a bargain bill, the Steers taking the first, 8 to 4, behind Murray's tight pitching and the Exports coming back in the nightcap, 9 to 7. "Spec" Meadows, big league veteran and latest addition to the herd around staff, made his initial start in the second game and was blasted from the hill by the Slipper bats. Three hurlers tried their luck for Beaumont before Walt Newman finally stopped the Steers in the ninth. Six errors, three of them by Bud Stapleton at first, contributed to the Exports' loss of the opener.

The Sports needed ten innings to down the San Antonio Indians, 3 to 1, falling on Hobe Carson for the deciding runs in the extra frame. Morrell went the route for the winners, keeping nine hits scattered after the first inning. Elppen's double was the only extra base blow of the game.

Physicians Find Stribbling's Hand in Good Shape

CHICAGO, June 18. (AP)—Otto Von Porat and William Stribbling will go through their important heavyweight boxing exercises in the Chicago stadium Friday night, instead of tonight as planned.

"W. L." yesterday came up with a request for postponement until June 30 of the ten-round engagement, pleading an injured left hand. Illinois state athletic commission physicians examined the hand and pronounced it okay, and that Stribbling was able to fight. Strib said the hand was in good shape but that he had hurt it a week ago in his first boxing workout in Chicago, and that he had not had enough work to prepare himself to do his best against the stiff punching Norwegian.

The athletic commission passed the problem of postponement to stadium officials and the latter granted Stribbling a stay of two days.

It was reported that Stribbling had attempted to avoid tackling Von Porat, but the Georgian vehemently denied the rumors, saying he only wanted to get into proper condition for the battle.

Guns Contesting Phillips Game— to Play Sunday

Gulf Guns contended today that their game with Phillips Monday afternoon ended in a debate instead of a victory for the "66" team. It is true, they said, that the score at the end of the scheduled seven innings was 4 to 3 with the Phillips team on top, but the score in the

last half of the eight innings was Guns 5, Phillips 4.

When the game ended, in the last half of the eighth, Phillips had one out and two strikes on the player at bat. Then, members of the Gulf team said, the manager of the Phillips nine walked on the field and told the umpires that the game was "off" on account of rain.

"There was a slight sprinkle of rain falling at the time," a Gun said, "and the umpires believing that the Phillips manager had consulted the Gulf manager, called off the game. When they were informed that the Guns had not been asked if they desired to quit, the teams argued for 30 minutes. This ended with the Phillips team walking off the field."

Phillips claimed a victory on the theory that since the whole of the eighth inning was not played, the score of the preceding inning should be counted.

The two clubs will play Sunday to settle the argument, and the game promises to be a hot one.

Los Angeles—Jack Thompson, world welterweight champion, knocked out Joe Cordova, Los Angeles, (3) (non-title).

YANKEES ARE CLOSE TO TOP AS BATS RING

BY ORLO ROBERTSON
Associated Press Sports Writer

Slow but sure, the New York Yankees are pounding their way back to the top of the American league pennant race and they are doing the trick with their powerful bats.

Apparently unnoticed, the Yankees have slipped up to within one game of the league leading Athletics and hold jointly with the Senators and Indians the runner-up position. Starting five days ago at Detroit, the Yankees began pounding the ball all over the field with the result that they have won their last five games.

In accounting for the five contests, Babe Ruth and company put together 88 hits for 69 runs—enough of each to win several ball games. The Cleveland Indians fell victims to the Yankees big bats yesterday for the third straight time, losing 17 to 2 when Roy Sherid held them to seven scattered hits. Lou Gehrig connected with his eighteenth home run of the season among his four hits, while Earl Combs and

Harry Rice also combed four Indian hurlers for four hits each.

The Senators had a chance to move out in front as the Athletics were idle, but Walter Johnson's team found the St. Louis Browns in one of their hitting moods, so lost 12 to 9. Goose Goslin, once of the Senators, led the St. Louis attack with his first home run as a member of the Browns while his team mates pounded Liska and Marberry for fourteen hits.

The Boston Red Sox hammered three White Sox pitchers hard to win 8 to 5. The game closed the White Sox first home stand against the eastern clubs and left them with only four victories in 12 games. The triumph was Boston's fifth over Chicago in six games.

In contrast to yesterday's free hitting, free scoring contest, the Pittsburgh Pirates and Philadelphia Phillies locked in a pitchers' duel to feature the abbreviated National league schedule. The Phillies won 5 to 4 in ten innings. Chester Nichols, playing his first year with the Phillies, and southpaw Larry French, were the opposing hurlers. They were hit hard at times but managed to keep the batters' hits well scattered. The teams were tied at four-all going into the tenth, but Lefty O'Doul came through with a single to score Southern with the winning run. Pie Traynor led the Pirates four-run attack in the sixth, sending the ball over the

right field fence. Klein hit safely in his twenty-sixth consecutive game.

The Boston Braves climbed into first division, eight games back of the pace setting Robins, with a double header victory over the Cincinnati Reds. Aided by some brilliant relief pitching on the part of Frank Frankhouse, a recent acquisition from the Cardinals, the Braves won the opener 6 to 4 and then accounted for the nightcap 10 to 5.

Negro Pugilist to Fight Pete Latzo

NEW YORK, June 18. (AP)—Larry Johnson, crack Chicago negro boxer, and Pete Latzo of Scranton, a trial horse who is hard to beat, will furnish the principal entertainment at Ebets field tonight, weather permitting.

Johnson ranks well up on the list of first-rate light heavyweights and Latzo rates not far below him.

Dentist Free On Bond

MORROW

(Continued from Page 1)

the nomination as "the original wet Republican," was a poor fourth. Kelly was Morrow's only opponent for the short term.

With 313 of the states' 3304 districts missing the vote was: Morrow 358,736.

Franklin W. Fort 105,038.

Joseph H. Frelinghuysen 41,896.

Morrow will be opposed for election next fall by Alexander Simpson, wet Democrat, who was nominated for the six-year term with opposition and for the unexpired term of former Senator Walter E. Edge by Miss Thelma Parkinson, the only Democratic candidate for that term.

Fort and Frelinghuysen conceded Morrow's nomination a few hours after the polls closed and early returns indicated an emphatic victory for the ambassador. Both sent telegrams congratulating him on his victory and pledging their support in the fall election.

The returns indicated that Morrow had carried many of the dry rural districts from which Fort was expecting his chief strength.

Ambassador Morrow sat quietly in his Englewood home reading Herodotus while the votes indicating his victory were being counted. He refused to comment, saying he would wait until the complete vote was tabulated.

"However," he said smilingly, "I seem to have carried my own ward."

Former Addicts of Jake Using Drugs

They drank "jake" and the penalty was "finger-foot." Then they tried beer and they became victims of "beer-head."

For a while they did not drink anything and the police made no arrests. During May the average of arrests was lower than any preceding month for the last two years.

Then the fear of "finger-foot" and of "beer-head" drove those who think they must drink something, in pre-World War days known as "habitual drinkers," to vermol.

Thus far this week, city police have arrested 11 men who swallowed vermol tablets to acquire the intoxication that the drug gives. One man had been sleeping off the effects of vermol for two days and he showed no signs of awakening yesterday.

Police report that the drinking of "jake" has declined to a minimum and that the number of vermol addicts grows daily. "It looks like there are certain people in the world who think they've got to get drunk and if they can't get drunk on one thing they'll get drunk on another," Chief Downs said.

Standard Paper Says Gasoline Is in Overproduction

NEW YORK, June 18. (AP)—The Standard Oil company of New Jersey, in its publication "The Lamp," says that refiners will have to reduce their crude oil if further additions of gasoline to storage this year are to be prevented.

The report of the committee on petroleum economics, made to the federal oil conservation board and issued in April, is commended in the publication. The report set a daily average run of 2,624,000 barrels of crude oil by refiners over the entire year as sufficient to meet the demand for finished products, taking into consideration the advisability of making a draft of 5,000,000 barrels upon gasoline in storage.

"For the first five months," the publication says, "refineries averaged 1,635,000 barrels a day. It follows that the refiner will have to restrict his runs to 2,617,000 barrels

Markets

Stock Market Still in Decline

NEW YORK, June 18. (AP)—Still another swift shrinkage in the quoted values of equity stocks was halted by what appeared to be powerful banking support today, but it served only to cushion the decline. Pivotal shares were inclined to rally from their bottom levels at times, but failed to make headway.

On the curb market, the majority of the more active issues tumbled to new low levels for the year, with the selling of utility shares particularly heavy. The ticker fell more than three-quarters of an hour in arrears. Electric bond and share dropped \$6, and American Super, power \$3. In the investment company investment trust group, Ailed Founders, Goldman Sachs trading and TransAmerica sagged \$2 to \$3 to new lows for the movement. Cities service held relatively steady, losing about \$1.90.

KANSAS CITY LIVESTOCK
KANSAS CITY, June 18. (AP)—(U. S. D. A.)—Hogs: 9,000; steady to 10 lower; butchers, medium to choice 160-350lb 9.25-9.65; 130-160lb 8.90-9.50; packing sows 8.10-8.85; stock pigs, medium to choice 70-150lb 8.75-9.50.

daily for the last seven months of the year or again pay the penalty of a further addition to his already straining storage tanks."

Wanted Crime Training
NEW YORK, June 18. (AP)—Six Chinese, bursting with ambition and thirsting for education in the art of murder, sat disconsolately today in cells on Ellis Island, with their dream shattered of matriculating in which they believed to be the finishing school of crime, Chicago.

The six Chinese told Customs Inspector McAlarney who captured them aboard the Panama mail liner Colombia, that they had come all the way from China to get experience in Chicago gang warfare so they could go back and try their knowledge on the home folks.

Brock, Schlee Flight Delayed Tho Completed

JACKSONVILLE, Fla., June 18. (AP)—Delayed by a stop in Louisiana for fuel this morning, William S. Brock and Edward F. Schlee completed their trip coast-to-coast flight this afternoon. Landing at Jacksonville municipal airport 16 hours and 50 minutes after leaving San Diego, Calif., last night.

In landing their big monoplane here the fliers overshot the field, crashed into a fence and tipped the plane over on one wing. One wheel was smashed.

On arriving here the men disclosed that they had come down at Tallulah, La., at 9 a. m. today

to take on 50 gallons of fuel, thus explaining the delay in their arrival.

Culmination of the trip allayed fears for the safety of the men. They had not been sighted since leaving San Diego until 11:30 a. m. today when their ship was reported passing over Thomasville, Ga.

The men took off from Jacksonville beach at dawn yesterday morning on a contemplated 30-hour

in a cigarette it's Taste

THE SUCCESS OF A HOSTESS depends upon her ability to make others feel at home; that of a cigarette, upon better taste.

HOW ELSE EXPLAIN Chesterfield's constant gains, its ever-mounting popularity with smokers everywhere?

THERE IS NO SUBSTITUTE for the delicate mildness and rich aroma that belong to Chesterfield, nor for Chesterfield's unique blend and cross-blend.

"In a cigarette it's TASTE!" Yes, and in a Chesterfield, it's... "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIGGETT & MYERS TOBACCO CO.
