Texas Legislature Begins Opening Session With Election Of Officers

Jailing of a reporter at Sweetwater for contempt of court has raised a furor which will attract nationwide attention.

Newspapers must certainly watch any step which tends to introduce the subject of suppression of news and to involve freedom of the press.

Newspapers should and most newspapers do cooperate with the authorities concerning publication of facts which tend to involve efficiency of enforcement and judicial departments.

In the Sweetwater instance, it appears that there was public knowledge about the indictment of a former county official.

The Sweetwater instance, it appears that there was public knowledge about the indictment of a former county official.

Judge Fritz Smith is quoted as saying that he knew no law on which to base his action, but that he had no doubt of the error involved.

The same question arose in Pampa recently when local newspapers were asked to cooperate with the court in giving officers time to make arrests before news of indictments was printed.

The Sweetwater reporter was true to his craft in going to jail only after requesting the judge to permit him to transcribe his notes first.

Residents interested in the welfare of Pampa and Gray county SHOULD PAY THEIR POLL TAXES.

TWO BRANCHES ELECT CHIEFS FOR SESSIONS

BARRY MILLER OPENS INITIAL MEETING OF SENATE

MINOR HOUSE SPEAKER

BILLS ARE PRESENTED BY MEMBERS BEFORE HOUSE, SENATE

AUSTIN, Jan. 13. (AP)—The Texas legislature today began its first four months session with absolute harmony prevailing in the selection of major officers in both the house and the senate.

The two branches of the 42nd legislature convened at high noon for short sessions, and members of both houses were back for afternoon meetings.

Fred Minor of Denton, starting his third term, was elected speaker of the house unopposed. He was one of three or four persons who had been unanimously elected to that important post in the memory of present political observers.

Lieut. Governor Barry Miller presided over the opening senate session. One week from today, former Senator Edgar E. Witt of Waco will be inaugurated lieutenant governor to succeed Miller, who is ending his sixth year in that office.

Senator John W. Hornsby of Austin introduced six bills and one joint resolution. The joint resolution calls for a constitutional convention to be held in Austin in the second Tuesday in May, 1933, to frame a new state constitution.

Another bill introduced by Senator Hornsby would prevent county commissioners courts from paying more than 15 per cent for collection of delinquent taxes.

A trio of bills introduced by Senator Ben G. O'Neal of Wichita Falls proposed to validate irrigation district bonds in Wichita and adjoining counties, to hold an election on the creation of a junior college in Wichita Falls, and the institution of a system of paying taxes twice a year instead of annually.

The senate rushed through the bill, and per diem bill, paying the traveling expenses and increased salaries of its members. The bill carried an appropriation of \$200,000. Fifty thousand dollars more was appropriated in another bill passed, to pay the contingent expenses of the session.

LOS ANGELES, Jan. 13. (AP)—Clara Bow made her court room debut today in the trial of her former secretary, Daisy De Boe, who, the actress testified, wrote unauthorized checks on her special bank account totaling more than \$5,000.

Miss Bow testified she employed Miss De Boe as her secretary in January, 1929, at a salary of \$75 a week. Miss De Boe claimed she later was paid \$125 a week.

REFORM URGED BY MURRAY IN FIRST ADDRESS

ATTACKS UNIVERSITIES IN OKLAHOMA FOR PRACTICES

OKLAHOMA CITY, Okla., Jan. 13. (AP)—A message bristling with recommendations for governmental reform and colored with homely philosophy, was given to the thirteenth Oklahoma legislature today by William Murray, ninth governor.

Murray placed particular emphasis on reformation of tax laws, reorganization of the state highway department and abolishment or combination of 18 state boards, criticized lobbying and "corruption" in affairs of state and urged fewer frills in education and college athletics.

The governor requested passage of a corrupt practices bill and revision of the constitution through a code commission.

He urged that members of faculties be required to work each day and said that would eliminate 30 per cent of the professors and save money.

Murray urged entrance examinations for entrance to the university and said this would mean "fewer graduates, and those who do graduate will have something besides a mere 'scrap of paper'."

PARKS IS SET FREE OF JAIL ON CONTEMPT

JUDGE AND REPORTER SHAKE HANDS AFTER ROW SETTLED

NO WARRANT OF ARREST DIDN'T WANT TO CAUSE ANY EMBARRASSMENT TO HIS FRIEND

SWEETWATER, Texas, Jan. 13. (AP)—The three-day jail sentence imposed on George Parks, reporter, for contempt of court, unexpectedly shrank to less than two days while the furor over the case was at its height, and he went free this afternoon.

Moreover, he literally let himself out of jail, unlocking his cell door with a key loaned him by Jess Lambert, sheriff of Nolan county, when among a steady string of visitors there were many who wanted to get inside the cell with Parks.

Order Dismissal. The order of dismissal was made at 5:30 p.m. today by Judge Fritz R. Smith, of 32nd court, who had earlier committed Parks to jail because he had, the court contended, prematurely printed information on an indictment returned last week by the grand jury of Nolan county against W. L. Rotan, retiring county commissioner, charging forgery.

Judge Smith remitted the balance of Parks' sentence following a conference with James H. Beall, attorney of Sweetwater, who appeared in Smith's court this afternoon to make application for a writ or habeas corpus.

"Your honor," said the attorney, "I have examined the records and find that no warrant was issued for the arrest of my client, and no order of commitment." "That is correct," the court replied.

"It was on my orders, George is my friend and I did not want to embarrass him by having anything like that go through the minutes of the court."

"I appreciate your sentiment in the matter," Judge Smith said. "Your motive was entirely praiseworthy," Beall said, "but I must remind your honor that, strictly speaking, in the absence of any official records what soever, my client is being held illegally. I am prepared to submit a formal motion."

"Never mind. It won't be necessary. You may be right, Jim. In fact I think you are," Judge Smith observed.

"That's right, Judge," Parks agreed, "and I tried to tell you that this was a very important case, a reflection on the county," the court went on.

Judge Smith declined to make a formal statement, but referred newspapermen to a copy of a telegram he sent this afternoon to the United Press. It read: "I have no statement to make regarding contempt affair of my friend George Parks of the Sweetwater Reporter. Mr. Parks at 5 o'clock came into open court and the matter has been thoroughly, fully and mutually settled and every body has shaken hands, spit on the floor and wiped it out. It's a thing of the past."

WILL ROGERS IS ASKED FOR MATINEE HERE BY NEWS-POST

HUMORIST WILL SPEND WEEK TOURING STATE FOR JOBLESS

Will Rogers, cowboy humorist and movie actor, yesterday held conferences at Fort Worth and Tulsa concerning his three-week benefit tour to help in unemployment relief, and last night was considering whether he could add Pampa and Abilene to his itinerary in Texas.

The stage and screen favorite planned to spend one week in Texas visiting Fort Worth, Dallas, Austin, San Antonio, San Angelo, Amarillo and Waco. He expected to make eight speeches in seven days.

Believing that Mr. Rogers could find it possible to include Pampa in his Panhandle itinerary, at least for a matinee performance, the News-Post yesterday telegraphed an invitation to Mr. Rogers and later talked to some of those assisting him in mapping his trip.

Whether he will come to Pampa will depend at least in part on the outcome of his visits to cities of Oklahoma and Arkansas, which are included in his plans. He expects to start the Texas appearances on January 26. He will pay his own way, insisting that all funds paid for admissions to his speeches be used to help the needy of the cities and rural communities in which he appears.

Consulted by the editor of the News-Post, Judge Ivy Duncan, the chairman of the Community Chest drive, and George Briggs of the C. D. gave their endorsement of the idea. Telegrams were sent inviting Mr. Rogers to Pampa and telling him of unemployment in the oil fields.

Citizens of Abilene took similar steps to secure his appearance there. The Texas Federation of Women's clubs will sponsor the humorist's visit to Texas, and will be assisted by prominent men of each section.

TULSA, Okla., Jan. 13. (AP)—Having heard some of the folks back home were having a hard time of it this winter, Will Rogers returned to his native Oklahoma today to plan how he could help.

Johnnie Box left the Pampa hospital yesterday.

DRAMA IS STUDIED BY JUNIOR TWENTIETH CENTURY

MRS. C. H. TODD IS HOSTESS TO MEMBERS FOR PROGRAM AND

Modern drama with emphasis placed on "The Scarecrow" was studied at a meeting of the Junior Twentieth Century club Tuesday afternoon under the direction of Mrs. Julian Barrett. The meeting was held at 2:30 o'clock in the Pampa Tea room with Mrs. C. H. Todd as hostess.

Mrs. Barrett discussed the characteristics of the modern drama and Mrs. Lee Harrah spoke on "The Modern Stage" and gave a short sketch of "The Scarecrow."

A salad course was served at the close of the afternoon to Mrs. Clarence Barrett, Mrs. Julian Barrett, Mrs. R. E. Bourland, Mrs. Robert Chaffin, Mrs. Lee Harrah, Mrs. Lee Harrah, Mrs. T. R. Martin, Mrs. Ruth Ann Mitchell, Mrs. Hal Peck, Mrs. Arthur Swanson, Mrs. Charles Todd, Mrs. Dick Walker, Mrs. Warren Jeffus, Mrs. R. F. Dickson, Mrs. Glenn Mordy, Mrs. Charles Todd.

MADONNA CLASS HOLDS BUSINESS GATHERING

A brief social period followed the regular business meeting of the Madonna Sunday school class, Central Baptist church, Monday afternoon in the home of Mrs. Walter Kirbie, 452 N. Starkweather.

The meeting was opened with a prayer by Mrs. Cecil Lunsford, and the following was taken over and decided upon: To change the weekly business meeting from Monday afternoon to Tuesday afternoon; to postpone this month's social meeting, and have a Valentine party the second Friday in February, at the home of Rev. Truitt; and to accept the challenge of the Men's Bible class as to which class could hold the most perfect membership.

At the close of the meeting refreshments were served to the following members: Mrs. O. L. Beaty, Mrs. Ray R. Hunsicker, Mrs. Cecil Lunsford, Mrs. De Shazo, Mrs. D. H. Coffey, and the hostess, Mrs. Walter Kirbie. The meeting was dismissed with a prayer by Mrs. Hunsicker.

MRS. CHAMPION IS IN CHAIR FOR GATHERING

Mrs. R. L. Champion, president of the First Baptist Women's Missionary society, presided at a meeting of Circle 1 Monday afternoon in the home of Mrs. J. M. McFarland. She opened the meeting by reading the eleventh chapter of Hebrews.

During the business session the following officers were appointed: Benevolence, Mrs. Robert Le Banks; personal service, Mrs. C. L. McKinney; periodicals, Mrs. J. M. McFarland; flowers, Mrs. Bob Malone; stewardship, Mrs. J. Paul Wehring; enlistment, Mrs. John Brown; social, Mrs. Carl Maness; missionary, Mrs. T. W. Jamison.

At the close of the meeting refreshments were served to Mrs. C. L. McKinney, Mrs. John Anderson, Mrs. Bob Malone, Mrs. Robert Le Banks, Mrs. Carl Maness, Mrs. J. M. McFarland, Mrs. R. L. Champion, Mrs. T. W. Jamison, and Mrs. L. H. Greene.

WELFARE, EMPLOYMENT OFFICES ARE MOVED

Offices of the Welfare board and of the employment bureau were moved into the basement of the city hall yesterday. Their old location was in the front of the offices of J. M. McDonald, oil and gas supervisor, on the second floor of the city hall, adjoining the offices of the B. C. D.

While the present offices of both organizations are situated in the northwest corner of the basement of the building, officers of both organizations believe that the change will be beneficial, as will enable them to concentrate their activities. A large storeroom that is used for the collection of clothing that is distributed among the needy families is located at the north end of the floor. Desks and other office fixtures have been moved, and two counters put up in the offices. A telephone has been installed.

According to the last complete newspaper census, there are now 2,427 daily newspapers published in the United States.

PLANS COMPLETED FOR "NIGHT AT THE BLACK LANTERN" BY BOARD

Plans were completed for "A Night at the Black Lantern" at a meeting of the A. A. U. W. and College club executive board Monday evening in the home of Mrs. W. R. Campbell.

"A Night at the Black Lantern" is the Founders day banquet to be given at the Schneider hotel Friday evening, Jan. 23, at 8 o'clock. Tickets will be secured from a representative in each school, Pampa Drug No. 1, Emily's Flower shop, and the Art and Gift shop.

Miss Maribel Cooper, Washington, D. C. dancer, who recently has been brought to Amarillo under the auspices of the Little Theatre there, and a dancer incognito whose identity will not be revealed until the leading features of the program, together with an intriguing one-act play, Miss Cooper is a student of Marjorie Webster of the Washington School of Dancing and Physical education. Her repertoire includes tap, toe, and interpretative dances.

This program is to celebrate the third anniversary of the founding of the Pampa branch of the A. A. U. W. and College club, which was organized Jan. 19, 1928. Plans for the program are under the supervision of Mrs. W. F. Campbell. Mrs. Earl O'Keefe has charge of decorations, and the play is being directed by Miss Ve Lora Reed.

Following the tradition of other years, husbands and friends are to be special guests for the banquet, each member being entitled to one guest.

Those at the executive meeting were Mrs. Tom Simmons, Mrs. W. A. Duerr, Mrs. Sam Edwin, Mrs. Earl O'Keefe, Mrs. J. L. Van Pelt, Mrs. Bob Chaffin, Mrs. C. T. Hunkapillar, Mrs. W. R. Campbell, Mrs. W. F. Campbell, Miss Josephine Thomas, Mrs. Paul Faw, and Miss Fannie May.

FAREWELL FUNCTIONS HELD FOR LOCAL GIRL

Two farewell parties were given Monday as a courtesy to Miss Irene Bolander, who is leaving this afternoon for Dallas to take a three-year course in nursing at St. Paul's hospital training school. Miss Bolander, who graduated from the Pampa high school in 1930, is prominent here as a member of the Rebekah lodge, the Women of the Mooseheart Legion, and organization of the Methodist church.

The afternoon event took the form of a surprise handkerchief shower and was given in Miss Bolander's home by Women of the Mooseheart Legion. Other attractive gifts also were presented the honoree, and dainty refreshments were served.

Those attending were Mrs. Rex Taylor, Mrs. Sarah V. Miller, Mrs. Nell Cottrell, Mrs. John Clark, Mrs. M. A. Jones, Mrs. L. A. Brown, Mrs. Al Lawson, Mrs. Guy Followell, Mrs. Robert Woodward, Mrs. A. C. Lovell, Mrs. Hubert Sutton, and Miss Daphnia Lunsford.

Sixty Guests Present For Evening Function

Sixty guests gathered at Locust Grove club Monday evening when Miss Dixie Vanderbush, assisted by her mother, entertained for Miss Bolander. The group included members of the graduating class of 1930, Epworth League, Rebekah Lodge, Women of the Mooseheart Legion, and other friends of the honoree.

The evening was spent in playing informal games and in wishing Miss Bolander a pleasant journey. Lovely refreshments were served the group.

More than 2,000 people attended a recent service in Canterbury Cathedral, in England, in memory of 6,000 men of the Buffs Regiment who fell in the World war.

CONTRACT IS SIGNED FOR STRIBLING-SCHMELING BATTLE

SHARKEY LEFT OUT IN COLD BY AGREEMENT

SITE OF BATTLE NOT MENTIONED BY CONTRACT

NEW YORK, Jan. 13. (AP)—Contract for a heavyweight title fight between Max Schmeling and W. L. (Young) Stribling of Macon, Ga., was signed today.

The contractors did not specify either the site of the battle nor the date. Under the agreement reached after a long conference between promoters and managers, the winner of the Schmeling-Stribling bout will meet Primo Carnera, from Venice, in September, with the title at stake.

Agreement on the heavyweight schedule was reached at a conference between representatives of Stribling, Schmeling, Carnera and promoters for the Hearst milk fund.

Although no site for the first match was announced, the choice generally was understood to lie among Chicago, Detroit, and Cleveland. The bout almost certainly will be held in June. Weather conditions would prevent its being held any earlier and if staged later than that would give the winners scarcely enough time to get in shape for the match with Carnera.

The agreement leaves Jack Sharkey, of Boston, New York state athletic commission nominee as outstanding contender, out in the cold.

SOUTHERN COLLEGES SEE LITTLE EFFECT FROM CARNEGIE REPORT

NOTE: This is another of a series of stories on college athletics based on a nationwide survey made by the Associated Press.

ATLANTA, Jan. 13. (AP)—Athletic directors, faculty advisors and public relations directors of Southern colleges and universities are overruling the belief that the publication of Carnegie bulletin No. 23 has had little if any effect in their territory.

They were asked by the Associated Press the question: "What, if any, changes have been manifested since the publication of the Carnegie report on subsidizing and recruiting?"

The answers ranged from the observation of H. C. Byrd, director of athletics at the University of Maryland, that "It gave an impetus to recruiting," to the statement of Dean S. V. Sanford, of the University of Georgia, that "It has been accepted as a real asset." The answer generally was "None."

Dan McGugin, director of athletics at Vanderbilt and one of the leaders of Southern thought, said he regretted "I do not see any evidences of changes generally."

Dr. Thornwald Jacobs, president of Oglethorpe, believes as does Dean Sanford, that the bulletin did some good and thinks coaches, athletic directors and college presidents are more frank in their statements concerning the situation existing at their colleges.

Dr. Wilbur Smith, director at Tulane university and B. B. Clarkson, of Virginia Military Institute, two schools which received a clean bill of health in the Carnegie report, merely called attention to the fact and did not hazard an opinion as to its effect generally in the South.

South Carolina, Tennessee, Kentucky, Alabama Poly and others believed it had had no effect whatsoever.

On the question, "Do you think college football is overemphasized?" the answer was unanimous. It was a ringing, "No."

SUIT IS DROPPED BY PROMOTER TO SECURE SHARE FROM TUNNEY

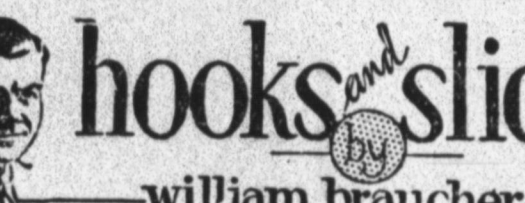

NEW YORK, Jan. 13. (AP)—For the first time since he earned it, Gene Tunney was free today to enjoy whatever remains of the \$1,715,963.54 he collected as world-heavyweight champion, without having to worry about some of it being taken away from him.

The last of the law suits against him—law suits which began almost as soon as he won the championship and which, had he lost them, would have taken practically all of his earnings—was dropped today by a promoter (Boo Ho) Hoff, Philadelphia, who was suing for 20 per cent of Gene's bankroll.

Hoff's suit, based on a contract which he said Tunney signed with him the night of the Dempsey fight in Philadelphia, whereby in return for undefined assistance in connection with the fight he was to pay Hoff 20 per cent of his earnings as champion, was for approximately \$350,000.

The suit had been pending for nearly four years. At one time in addition to Hoff's suit, Tunney was defendant against Timothy J. Mara, racing man and owner of the New York Giants, professional football club, who demanded more than \$400,000 and against John S. Fogarty and Katherine King Fogarty, who asked \$500,000 each in alienation and breach of promise suits.

PURCHASE INFILDER
SAN ANTONIO, Jan. 13. (AP)—The purchase of infielder Carl Bouton from the Beaumont Texas league club was announced here by Secretary Tom E. Conner of the San Antonio club tonight.

IT IS JUST TOO MUCH
The spectacle of the New York Boxing commission handling the heavyweight championship of the world as though it were a political committee chairmanship would be funny enough to "knock the customers out of their seats if the result were not so tragic.

The commission made Max Schmeling champion on the strength of a synthetic victory over Jack Sharkey, a victory the German plainly did not deserve. Now, to gratify an overweening presumption that justice shall be the creation of their hands alone, they take it away.

SUCH TALK!
In effect, it is like saying: "You, Max Schmeling, are the heavy weight champion of the world only because you do what we say you must. Violate our program for the handling of the heavyweight championship and the title shall be snatched from your head. You must fight Sharkey or relinquish the heritage which John L. Sullivan handed down."

Judging by the actions of the commission the heavyweight championship which came down through the years from Sullivan to Tunney, has been placed in the hands of a little group of politicians for administration. Whether this be actually the case or not, it is evident to satisfy personal political, conceit.

The New York Boxing commission has tried to make the heavy-

ABILENE CHRISTIAN BEATS MURRAY CREW

ABILENE, Jan. 13. (AP)—Abilene Christian college celebrated the formal opening of Bennett gymnasium here tonight with a victory of 22 to 19 over the basketballers of McMurry college. The game also opened the T. I. A. A. campaign of the Wildcats and was the first cage contest ever played between the Abilene colleges.

It was a miserable affair, both in the eyes of the spectators who played most of the evening, but the closeness of the score atoned for that to the near capacity crowd. A. C. C. stayed behind during all of the first half, but rallied sharply as the second period began, and once took a lead of seven points. Len Powell and Captain Britt Tupper were the stars for the Christians, the latter getting away for eleven points and high score. Farwell led McMurry with seven points, but McKenzie, center, was the best all round player for the Indians.

FINAL VOTE ON BILL IS EXPECTED TODAY

WASHINGTON, Jan. 13. (AP)—Forced behind drought relief, the house approached a final vote on the sixth supply bill of the session, approximating \$446,000,000 for the war department for the next fiscal year.

Leaders planned to send the bill to the senate before the close of tomorrow's session. The five already passed by the house await it there.

The house wrote into the bill an amendment by Representative Taber, Republican, New York, prohibiting the expenditure of any of the funds for ray materials not produced in the United States, Alaska, and Hawaii, or for other articles not made from domestically produced materials.

The limitation was adopted over the opposition of Secretary Hurley who advised Representative Barbour California, Republican in charge of the bill, that it would be difficult of enforcement and compel the army to pay a premium for supplies.

Dominant PAID Circulation of The News And The Post Proved by Actual Survey

A tribute to the dominance of the News and Post in Pampa and the Pampa trade territory is shown in a comparison of the files of the Daily News for January, 1930, with the News and Post of January of this year. The comparison shows that THIRTY-ONE PER CENT more advertisers are using display space in the News and Post this month than in January last year.

The increased circulation of the News and Post, which a recent house-to-house canvass showed to be more than TWICE THAT OF ANY OTHER PAPER DELIVERED IN PAMPA, is bringing results to these advertisers greater than ever before. They are finding that the entire territory can be covered at one cost in the News and Post.

An efficient distributing system, employing forty-one men and boys, operates daily to carry both The News and The Post to all parts of the county and trains and buses take the papers daily to points outside Gray County.

The popularity of the News and Post is shown by the many requests received from oil camps for the installation of delivery service to them. In every case they have been taken care of through the re-routing of a delivery truck or by making another route.

The News and The Post are going into homes where they are wanted, where the families are glad to pay for their reading material presented to them in an interesting, readable form.

These newspapers have brought to Pampa the same big city features that make the metropolitan papers interesting. And round-the-clock newspaper service is combined with high class job printing and the office supply department.

DECLARES BROTHERS NOT LINGLE SLAYER

CHICAGO, Jan. 13. (AP)—A new witness came forward today to refute the identification of Leo V. Brothers as the killer of Jake Lingle, Tribune reporter.

Robert E. Cantwell, Sr., veteran attorney, was called by his associates to confer with Brothers in the county jail over his defense.

Viewing Brothers for the first time, he said, "I saw the man shoot and saw him make his escape. Brothers is not the man. The person who fired the fatal shot had a cauliflower right ear."

Asked why he had never come forward previously to identify other suspects, he said he had not wished to be "mixed up" in the case.

SEEKS REPEAL
DOVER, Del., Jan. 13. (AP)—Representative Jacob Scheifele, of Wilmington, today introduced a bill in the legislature to repeal the Kliegman law, the Delaware prohibition enforcement act. The bill was referred to the temperance committee.

COUNTY BAR PRESIDENT DIES OF WEAK HEART

AUSTIN, Jan. 13. (AP)—Funeral services for W. B. Garrett, president of the Travis county Bar Association, will be held here Wednesday.

Judge Garrett died this morning, following a heart attack 10 days ago.

Judge Garrett was senior member of the law firm of Garrett, Brownlee and Goldsmith, and had been special legal counsel for the Southern Pacific Lines for more than 25 years. He was born at Independence, Washington county, in November, 1860, and practiced law several years at Brenham and San Antonio before coming to Austin. He was a graduate of the University of Texas.

MAY CALL SPECIAL SESSION FOR SUSPECTS

CONROE, Texas, Jan. 24. (AP)—A special session of the Montgomery county grand jury probably will be called Thursday to hear evidence against five men and a woman arrested in connection with burglary of the First State bank of Montgomery Sunday night of \$4,300.

The six were charged with burglary and felony theft today and were held without bond.

Those charged were M. F. Omons and wife, William Quinn, J. C. Ellis, J. W. Gaddis and J. H. McDonough.

The five men and the woman were arrested in a bungalow in Houston shortly after the robbery was discovered.

OIL RELIEF BODY ADJOURNS MEETING

TULSA, Okla., Jan. 13. (AP)—After further consideration of the problem confronting small oil producers in Oklahoma and Kansas, who have been cut off from market, a committee representing mid-continent purchasing companies adjourned today to meet again Thursday.

R. M. Young, chairman of the committee, said the only action of the session was to request Ray M. Collins, Oklahoma proration umpire, to compile accurate figures on the quantity of "distress" production.

Regular national service or telegram deliveries by motorcycle messengers is to be established in England.

MEXICO GOLF TOURNEY TO BEGIN TODAY

BIG PURSE IS OFFERED FOR WINNER OF TOURNAMENT

By BRIAN BELL, AGUA CALIENTE, Mexico, Jan. 13. (AP)—There's gold in these Mexican hills, and early tomorrow morning 97 golf professionals and 17 amateurs will go out in search for it.

With \$25,000 prize money offered \$10,000 going to the winner, most of the game's brightest stars have gathered in Baja California for the second annual Agua Caliente open.

Geno Sarazen, the doughty New York pro, who won the game's richest prize last January with a 72-hole score of 297 reached the battle field today and at once went out to practice for the deicide of his crown.

MacDonald Smith and Sarazen complained in the Los Angeles open they did not have enough golf under their belts to strike their stride there, but with the Los Angeles "infectious practice" behind them they expected to do much better in the big game beginning tomorrow.

Leo Diegel, a whirling dervish of golf, is the host to the assembled star golfers as this is the fast Leo's home course, but the former tutor to famous figures in the financial and motion picture worlds will try to keep as much of the money as possible at home.

Although the Agua Caliente course is only a year old, having been formally opened for play for the first \$25,000 open last January, well known pros and amateurs, who played practice rounds reported the layout in splendid condition for the important test.

Amarillo Setter Wins Dog Derby At Holly Spring

HOLLY SPRINGS, Miss., Jan. 13. (AP)—Panhandle Lady, English setter owned by J. W. Dickey, Jr., Amarillo, Texas, won the derby of the United States here today.

Handled by V. H. Warren of Whiteville, Tenn., the dog won the final heat by beating the second place winner, Evergreen Jersey Mack, to a bevy of birds in the closing minutes after both had shown fine performances.

Evergreen Jersey Mack, a pointer, is owned by F. S. Groves, Riverton, N. J., and was handled by Ed Farrier, Union Springs, Ala.

Third place went to Sisco, a pointer owned by H. M. Balch, of Tulsa, Okla., and handled by Pete Dixon of Catoosa, Okla.

PAMPA CAGERS SCHEDULE TILT FRIDAY NIGHT

WILL PLAY PANHANDLE HERE; PERRYTON THURSDAY

Panhandle high school will meet the Harvesters in a basketball game here Friday evening, it was announced last night by Coach Odus Mitchell.

The Panhandle team was barely noosed out by Berger and is believed to be nearly as powerful.

Perryton high school boys and girls will be here Thursday for a double-header. The girls game will begin at 6 p.m.

The Harvester trip into Colorado may start Sunday, but another game must be scheduled to make it possible.

If negotiations are completed, basketball fans in this section will see a classic of the cage sport when the team of Capitol Hill, Oklahoma City, meets the Harvesters. Whether the game is played in Pampa or elsewhere, the contest will likely attract many fans who will take enjoyment in seeing the Harvesters in action against the Capitol Hill team.

Basketball is on almost a par with football in that section of Oklahoma, and plenty of pep is displayed by the schools in supporting their basketball teams.

Coach Mitchell said he did not know whom he would use as a starting lineup against Panhandle here Friday night. He said that there was likely to be considerable shifting around in his squad.

That the game will not be an easy "practice" match for the Harvesters was shown by the fact that Panhandle gave Berger, the team that has defeated the Harvesters twice, a good race in a game recently, the Panhandle team losing by only one point.

DENIES CONFERENCE SUBORDINATES SPORT

AUSTIN, Jan. 13. (AP)—Dr. Daniel A. Penick, president of the Southwest Conference, issued a statement today denying the conference was subordinating other sports to football.

The University of Texas board of regents recently passed a resolution "repealing" that the conference "has seen fit to reduce the importance of baseball, track and other athletic activities."

"The board of regents must have been misinformed," Dr. Penick stated. He said the baseball schedule was made lighter because some schools wanted to drop it altogether as an intercollegiate sport.

"Certainly there was no thought of favoring intercollegiate football as compared with other intercollegiate sports," Dr. Penick inter-

HOPE IS WANING FOR MISSING AVIATORS

GALVESTON, Jan. 13. (AP)—Although 30 airplanes and five coast guard vessels were pushing a search for Lieut. Jonathan Grasty and Corporal Phillip Schuchmann, missing Third Attack group fliers, hope for the safety of the aviators was waning today.

The army men, flying from Matagorda bay for Fort Crockett, were last seen Sunday evening by another attack group plane in the Matagorda bay area. They were over the Gulf, but were flying with low altitude.

A fisherman's report he had seen a plane 15 miles west of San Luis pass, the western tip of Galveston Island, proved unfounded. Credence was given a report from Edmunds, Texas, that a plane had been heard overhead at 8:15 o'clock Sunday night.

Lieut. Grasty's father arrived during the afternoon and his mother was notified at Austin. Grasty, a member of the 12th Squadron, was 25 years old and a University of Texas graduate. Corporal Schuchmann's nearest relative, an uncle, lives in Germany.

PETERSON MAKES NEW STRAIGHT RAIL MARK

ST. LOUIS, Jan. 13. (AP)—Charles C. Peterson, St. Louis billiardist, made 2,843 points at straight rail before missing here today, in his effort to set a world record. Peterson said he believed the mark of 2,843 is the longest run ever made, he having claimed the previous record of 1,000 made in New York several years ago.

Peterson compiled 1,000 points by yesterday afternoon and 1,000 last night, leaving the balls in position for resumption of play at the end of each session.

MAY CALL SPECIAL SESSION FOR SUSPECTS

TO FORM BASEBALL LEAGUE SUNDAY

FORT WORTH, Jan. 13. (AP)—A meeting of representatives of South Texas and Gulf coast cities, forming the new Gulf Coast league, will be held in Houston Sunday, when league officials will be elected. That the meeting would be held was confirmed here tonight by a promoter who desired his name be withheld.

Those who will attend are Henry Meadows of Temple, George Blevins, Corpus Christi; Fincher Withers, Port Arthur; A. Bagness of Brenham, and Representatives from Beeville, Victoria, Austin and Orange.

According to information released here, the clubs will have a player limit of fourteen men. It is expected to hold the salaries as low as possible, with \$2,400 about the top price. This will throw the league into the "C" class.

FIVE MEN INJURED IN TRUCK COLLISION

ELECTRA, Texas, Jan. 13. (AP)—Five men were injured today when the truck in which four of them were enroute to work collided with another, driven by E. L. Cox of Vernon.

The truck on which W. C. Splawn, G. M. Perry, Lee Robertson, and Gus Owens, all of Electra were riding, overturned. All were employees of the Magnolia Petroleum company.

Splawn's back was thought broken and he was suffering from internal injuries. Perry and Owens were less seriously injured and Cox and Robertson were only slightly hurt.

Skipper RESPONSIBLE FOR NEW OIL FIELD

LONGVIEW, Texas, Jan. 13. (AP)—East Texas oil men hailed a new hero today. He was B. A. Skipper of Longview, real estate man responsible for a discovery well, the Arkansas Gas and Fuel company's Lathrop. The bit struck pay sand in it today.

Believing there was a gigantic pool in this section, Skipper had leased 30,000 acres during the past few years. Leases around the new well were selling today at \$500 per acre. It was not known whether the discovery well had opened a new pool or whether it had extended the known limits of one large pool of which earlier discoveries by Malcolm Crim and C. M. Joiner would be a part.

SMITH WANTS APOLOGY FOR CAMPAIGN ACT

SAYS CARTOON USED DISTRIBUTED IN WIDE AREA

By D. HAROLD OLIVER
WASHINGTON, Jan. 13. (AP)—Echoes of the 1928 presidential campaign were heard at the capitol today in a demand from Alfred E. Smith, the Democratic standard bearer, for an "apology and reparation" from the Republican National committee.

In a letter to Senator Wagner of New York, a Democratic member of the senate campaign fund committee, Smith characterized as "false" statements attached to a barroom cartoon circulated in Nebraska last fall against Senator Norris, Republican Independent, by Robert H. Lucas, executive director of the Republican National organization.

The statement, which Smith said was due to a "hoax" on the Joel Parker Association of Newark, N. J., and denied by him August 21, 1930, quoted him as saying the Democratic party would soon be in control and "will make this a happy as well as a prosperous nation."

The cartoon was entitled "Al Smith—Rascals—Idia of happiness." Smith referred to testimony before the campaign funds committee that Lucas had 800,000 copies of the cartoon distributed in several states, including Nebraska, and said:

"I think an apology and reparation is due me before the Republican National committee which permitted its directors to do this and that I am entitled to have 800,000 copies of a statement showing that I was falsely quoted, distributed just as widely as the original cartoon was and to the same organizations.

Neither Chairman Pass nor Lucas would comment on the Smith letter, which was read before the Nye committee at the outset of today's session.

J. Matt Chilton, Republican National committeeman for Kentucky, Galen L. Tait, Republican state chairman for Maryland, and F. H. Cretch, Nye committee auditor and investigator, were questioned.

Markets

HOG TRADE ACTIVE

KANSAS CITY, Jan. 13. (AP)—(U. S. D. A.)—Livestock trade around the eleven market circuit was featured by active business in hogs. All interests purchased freely at 10-25 higher prices. Medium weight and heavy butchers generally showed more advance than weight averages under 200 lbs. The day's closing top of 8.40 was paid at St. Louis. Total offerings were around 121,000 as compared with 120,293 a week ago and 81,538 the corresponding day last year.

Fat lambs found a slow outlet at values steady to unevenly lower with some of the heavier markets reporting declines of 25 or more. Matured killing classes of sheep were unchanged. Shippers in Chicago bought most of the good to choice lambs at 8.40 to 8.50. The supply approximated 49,000 a decrease of 7,000 from last Tuesday, but 6,000 more than a year ago.

Aggregate receipts of cattle were estimated at 32,700 against 37,136 a week ago and 38,813 a year ago. Well conditioned matured fed steers were on a firm to 25 higher basis, but otherwise prices on killing classes were little changed. Long yearlings steers at Omaha and Chicago cleared at 13.00 while at Kansas City 623 lb fed steer and heifer calves realized 12.00. There was a fair demand for stocker and feeder classes at steady figures. Bulk of stocker and feeder steers are selling from 6.50 to 8.75.

ALL CEREALS ADVANCE

By JOHN P. BOUGHAN
Associated Press Market Editor
CHICAGO, Jan. 13. (AP)—India suddenly became a grain price factor today, and all cereals scored an advance, especially wheat. Owing to drought reports, India has been transformed from an importer into a large exporter of wheat. Simultaneously, United States government sponsored agencies lifted their price at Minneapolis and Kansas City. World stocks of wheat exhibited 4,667,000 bushels decrease, bringing total down to almost the same as a year ago.

Wheat closed firm, 1/8 to 3/4 cents higher, corn unchanged to 1/4 up, oats 1/2 to 3/4 advanced and provisions unchanged to 17 cents better. A statement credited to Chairman Legge of the federal farm board that the grain stabilization corporation had taken so much wheat that there was not much left to buy was coupled with reports that government-sponsored bodies were actively acquiring wheat both at Minneapolis and Kansas City.

Profit-lagging for recent buyers acted as a drag on corn, which unlike wheat was without support from farm board allies. Zero temperature prevailing in part of the corn belt, however, was regarded as likely to increase feeding demand. Primary arrivals were 624,000 bushels, against 1,054,000 a year ago. Oats were firm but dull.

THIS BABY SWALLOWED A PIN

When seven-month-old Bonnie Jean Black of Chicago swallowed a safety pin, her life was despaired of. However, she was taken to Presbyterian hospital, where physicians located the pin by using a biplane fluoroscope, an X-ray device used for the first time by the medical profession. Then, by using a bronchoscope, the pin was removed. This shows Dr. Edwin McGinnis performing the operation which saved Baby Jean's life.

FEDERAL COURT HOLDS SCHOOL LAW VALID

MUSKOGEE, Okla., Jan. 13. (AP)—A federal court decision here today upheld Oklahoma statutes which give county school superintendents power to form separate schools for negroes and whites at will, regardless of racial ratios in school districts.

The Oklahoma supreme court previously had held the law constitutional. It was attacked by national negro organizations.

The suit was brought by school district No. 7 Muskogee county, protesting transfer by Clarence Hunnicut, county superintendent of a school from negro to white classification, leaving the negro school dependent on separate funds.

Harry St. John Philby, an Englishman with a distinguished career in the Indian civil service, has emigrated to Islam and recently visited Mecca.

WILL ROGERS COMES TO AID

The world-famous, funster, writer, air enthusiast, actor, polo player, lecturer, former endorser of Bull Durham, ex-mayor of Beverly Hills, Will Rogers, the bow-legged lad from Claremore, Okla., is going to give lectures and give the proceeds to the suffering in Texas, Oklahoma, and Arkansas.

Rogers has been invited to speak in Pampa by the News-Post.

We stood open for two hours, changing from one foot to the other listening to this well-known wisecracker do his stuff and enjoyed every minute of it despite having to stand up. Thousands of people enjoy his daily and weekly articles in newspapers in the United States.

He has made many people laugh when they had plenty of money and now is going to make people laugh when they are not so rich and it will be for the benefit of the unfortunates. His services are being offered free.

The people in his native area will be helped by the man who has moved to other parts and has made a great success.

His wit used for the benefit of the suffering will help bring about a brighter aspect and will put those who are down and out in a better frame of mind. His services will be greatly appreciated more than he will ever know for there will be hundreds he will benefit from the money raised.

The three states he is to tour, owe Rogers a great debt and we hope to do our little bit in paying tribute him for his services extended.

Boston is said to be the cleanest city atmospherically in the country. And the fellow who has been censoring the books and plays there will probably take credit for this.

"We are lassoed fast by American finance," says Lloyd George. So now the British will probably say, "To be or not to be."

A fight crowd is funny, observes the office sage. They'll razz a fighter's bathrobe but go wild over his socks.

These are the days when a college grad would just as soon have something else on his stomach than a fraternity key.

The times are such, indeed, that many a man worth his salt finds himself in a tight pinch.

About New York

By RICHARD MASSOCK

NEW YORK—A Belgian portrait painter turned bell-ringer is carillonist to the Rockefeller family.
He is Kamil Lefevre, who used to play the carillon of the late Cardinal Mercier's cathedral church at Malines and now presides over the Rockefeller carillon in Dr. Harry Emerson Fosdick's Riverside church, the world's largest set of musical bells.
High up in the skyscraping tower opposite Grant's tomb, Lefevre sits at his curious instrument, pulls little handle-like keys and presses with his feet on larger pedals to produce pealing hymns that float over the Hudson to be heard as far away as Englewood, N. J.

CARILLONEUR EXTRAORDINARY

His only wish is that he could hear the sublime music of his carillon. In his semi-sound-proof loft, the tower full of bells make only a loud clanging. It is distance that lends the enchantment to the sound.
Lefevre has not really heard a carillon in a long time. And that is regrettable, because his soul is in the bells.
"I wish," he said, "I could recall the pleasure of first hearing a carillon."
Years ago in Belgium, Lefevre (pronounced Lu-fave) as a boy used to go up in the tower of St. Rombold's, Cardinal Mercier's cathedral, to wind the drum that played the quarter-chimes and to see Denyn, whom he calls the greatest of living carilloneurs, playing.

It was then that he fell in love with the bells. When he was older he became a portrait painter, a member of the Belgian academy, but he learned carillon playing as a hobby. His interest was so intense in the latter that he finally reversed things.
Carillon playing after he studied under Denyn, became his vocation, painting his avocation.

He became professor of technique at the Belgian National Carillon school, the only one in the world for carilloneurs.
He first came to America in 1924, for recitals at Gloucester and Co-

hasset, Mass. Then there were only two carillons in America.
Now there are about 30 and Lefevre is soon to dedicate a new one at Lincoln, Neb.

MUSCULAR WORK

Lefevre, a stocky man with a mild countenance, has played at most every carillon in the world. Most of them are in Belgium, home of the art.

The larger bells—the largest weighs seven tons—of the Rockefeller carillon, which has 72 bells, are operated electrically and, so, too, will be the drum that eventually will play the chimes on the quarter-hours. This drum is like a huge music box, with pegs revolving against a row of comblike springs. Carillon playing is one of the most difficult branches of music. No music is written especially for the instrument, so the carilloneurs must arrange and rewrite the hymns they play.

Oil for lubrication, transportation, fuel—how could the world proceed without this element of power. The oil scout who locates the oil field, the driller of the well, the workers who guard it's flow and it's public distribution are bringing comfort into the lives of millions they will never meet. We are an interdependent people, each serving the other.

BAR ASSOCIATION SETS SESSION DATE

HOUSTON, Jan. 13. (AP)—The American Bar Association's executive committee, meeting in mid-winter session here today set up the dates for the association's annual convention at Atlantic City from September 16, 17 and 18, to Sept. 17, 18, and 19, and transacted other business in an executive meeting. The dates were changed to avoid a conflict with Labor Day observance.

Henry Upson Sims of Birmingham Ala., member of the executive committee and former president of the association, said they would face a serious situation and declared the bar should do everything it could to cooperate with the better citizenry in maintaining order. He endorsed the Red Cross campaign for raising \$10,000,000 for relief of suffering.

President Charles A. Boston of New York, president of the association and chairman of the committee, likewise interviewed, said the congestion of civil court dockets constituted a "serious" problem. He said the Cleveland method of "coping with the congested calendar" had been the "most effective" brought forward. Concerning criminal law enforcement he declared briefly that it "undoubtedly is at a standstill."

TEACHER, 3 CHILDREN INJURED IN WRECK

DALLAS, Jan. 13. (AP)—A school teacher and three children were injured today when the automobile in which they were riding was in collision with a street car at a street intersection.

The injured were Mrs. Bert G. Crossen, the teacher; George Munger, 6; Paul Perella, 7; Allen Meyer, 8. George Munger was the most seriously hurt and was expected to lose the sight of one eye. The three other victims were sent to their homes after emergency treatment.
The street car was knocked from the track and damaged. The automobile was demolished. J. A. Holston, operator of the trolley car, was unhurt.

FACES PEN

This is one of the few photographs ever taken of Jack Guzik, for years one of the "big shots" in Al Capone's Chicago gang, who will soon be just another convict in a federal penitentiary. Convicted of failing to pay income taxes on more than \$1,000,000 in income from 1927, 1928 and 1929, Guzik has been sentenced to five years in prison and has been fined \$17,500.

RANGERS TO CANYON

AUSTIN, Texas, Jan. 13. (AP)—State ranger headquarters reported here tonight that Sergeant J. B. Wheatley and Ranger B. M. Gault were in Canyon in connection with the investigation of a bank robbery there Saturday.
The two left Austin last night and arrived at Canyon today. They are working with the county and district officers, headquarters said, oil tariff.

WILL INTRODUCE BILL TO CUT COTTON YIELD

AUSTIN, Jan. 13. (AP)—Senator Oliver C. Cunningham of Abilene, newly appointed chairman of the senate committee on agriculture, said today he was planning introduction of a bill to reduce cotton acreage in Texas.
Cunningham said his bill would prohibit any land from being planted in cotton two years in succession, and it would be constitutional under the provision that the legislature can enact laws to conserve the state's natural resources. In this instance the soil would be the natural resource.
Cunningham pointed out that if the other cotton belt states did not follow suit, the law could be repealed. He said he believed his method of reducing cotton production would be simpler than that of J. E. McDonald of Waxahatchie, commissioner of agriculture, who proposed the establishment of a commission to regulate acreage.

IN CONGRESS

(By the Associated Press)
Senate confirmed Edgar B. Broadard and Lincoln Dixon as members of the tariff commission.
Congressional conferees disagreed on \$15,000,000 food loan proposal for drought relief.
President Hoover asked \$10,000,000 for Red Cross drought relief fund.
Alfred E. Smith demanded apology from Republican national committee for circulation of literature in the Nebraska senatorial campaign by Robert H. Lucas.
Congressional conferees disagreed on Muscle Shoals compromise proposal.
House passed vestal copyright bill.
Senator Shertridge advocated an oil tariff.

GREATEST EMERGENCY EVER FACED IN PEACE BY RED CROSS ORDER

WASHINGTON, Jan. 13. (AP)—The drought relief problem faced by the American Red Cross was said tonight by John Barton Payne, the National chairman, to present "the greatest emergency in peace time that the organization has ever been called upon to meet."
His statement was made after President Hoover had issued a proclamation calling upon the public for \$10,000,000 to be expended by the Red Cross in buying food and clothing for drought sufferers.
Payne said the 1927 Mississippi flood, in which the Red Cross spent \$16,994,868 for relief of approximately 600,000 persons, "bids fair to be overshadowed in the present drought relief work."
The chairman said in the Mississippi flood the Red Cross cared for persons in 170 counties but that it

now was feeding drought victims in 350 counties and had previously given seed to families in 238 counties.
Payne listed 17 states as now receiving aid—Alabama, Indiana, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Ohio, Tennessee, Virginia, West Virginia, Arkansas, Illinois, Missouri, Montana, Oklahoma and Texas.
Four other states: Wyoming, New Mexico, Georgia and Pennsylvania—are in the drought area, he said, and Red Cross chapters may require help.
