## Speaker Conference Held

State Representative Bill Clayton was host for a press conference at his Springlake home Saturday morning for Speaker of the House Ben Barnes.

Speaker Barnes expressed his viewpoints on the needs of im-

proving state government and what the improvement would involve.

In another topic, the guest commented that the state's mean of marketing agricultural products was below standard. He said, "Texas spent around \$40,000 on this phase of agriculture during a two year period compared to California's \$6,500,000 and Florida's expenditure of \$4,500,000 toward improving agricultural marketing process."

This was given as one of the major reasons for the demand for California and Florida fruits, while Texas grows fruits in lag in demand.

Price of the fruit in super-markets was compared, re-Burge, Freddie Plata, Terry Guter, Jim Putman, higher on the items from those in our state than those in our state. Barnes said, "If Texas would spend more money marketing its agricultural products, some of the poverty in south Texas could be eliminated or at least improved by a great degree."

Other important factors included in the press conference See CONFERENCE Page 2

## For Babe Ruth All Star Team Players Named

Players for the Babe Ruth All Stars have been named from the four teams in the League.

They are Keith Griffin, Bobby Burge, Freddie Plata, Terry Guter, Jim Putman, higher on the items from those in our state than those in our state. Barnes said, "If Texas would spend more money marketing its agricultural products, some of the poverty in south Texas could be eliminated or at least improved by a great degree."

Manager for the All Stars is Dr. B.R. Putman, and coaches are Billy J. Darnell and Kenny Heathington.

Sponsors for the four teams include St. Clair's and Watters of the Cats, Whitt and Sons, Dusters, Plains Auto Parts, Colts and Mathis Construction Co., Eagles.

## 30 Year Resume

## June Rainfall Totals

## Four Inches This Year

During the month of June, R.J. Klump, official weather man for Bailey County, records a total of four inches rainfall. This amount is .52 less than fell during the same period of time last year and 1.36 inches less than the measurement for 1965.

The 1966 June rainfall stands at 4.52 while the amount recorded for 1964 was 5.38.

Westest years during the past thirty years for the month of June were in 1938 with a measurement of 7.74 followed by the 1963 total of 7.41 inches.

Other years with more than five inches rainfall were 1941 with 5.77 inches; and 1951 with 5.34 inches.

The dry year was 1945 for the month of June when not a trace of rain was recorded, in 1947

After 12 days, the dismissal of D.B. Lancaster, manager of Bailey County Electric Cooperative since August 1951, yet remains somewhat of a puzzle to cooperative members.

Lancaster was dismissed at the close of the June 26 meeting of the Board of Directors "without reason or reasons given me," Lancaster said.

Until last Friday's open meeting, further information was not made available. At the meeting held for the Bailey County Electric Cooperative and Five Area Telephone Cooperative, reason for his dismissal was requested. It was at this point Clarence Mason, chairman of the Board of Directors, read the following statement: "The board cannot organize with D.B. Lancaster; therefore the board thinks it is in the best interest of the Cooperative to dismiss Mr. Lancaster as manager."

The questions directed to the board members as to what "cannot organize" meant, went unanswered as the floor was opened for questions to some 60 persons attending. During the following few minutes of questioning from the audience, a motion for adjournment was made, seconded and passed by the Bailey County Electric Board.

The statement given by Mason as chairman of the board, is included in the minutes of the meeting and will be filed to record with the Washington Rural Electrification Administration office.

The Friday meeting was slated to start at 10:30 a.m., however, was not begun until an hour later. A portion of the meeting of the Electric board was held in private.

A major part of the discussion open to the public concerned auditing procedures and the process of hiring a new manager.

A audit is to be held to close out Lancaster's work period. See COOPERATIVE Page 2

PARK GETS SHAVE -- The roadside park at the western edge of the city has been 'shaved' by the construction of the new Highway 84. The park, located under the trees at right has been narrowed by several feet as the progress of completion moves along on schedule. Work on the highway is expected to be completed on schedule in December.

## Hospital Petition Filed

Twenty-two residents of the Littlefield area have filed suit against Lamb County Judge O.J. Mangum and Lamb County Attorney C.R. Wilkinson in connection with the May 27 election which created an Earth-Springlake Hospital District.

The petition filed in 154th District Court asked the election be declared void and that another one be called.

The new hospital district is bounded on the north by the Lamb County line, on the east by the Castro County line to a point north of Circle, on the south by the first dirt road

south of the Sand Hills and on the west by a line running two miles west of FM 1055, north three miles, then west to the Bailey County line and back to the north border of Lamb County.

In the petition, voters alleged "so many and such grave irregularities" in the election, both in bringing it about and conducting it, that "it is impossible to determine the results."

Claims allege "improper conduct of the election" which resulted in many persons being denied the right to vote and the subsequent approval of the hospital district.

The petition cited the entire election process as "designed" by the district to rush the matter through "without giving the voters time to learn about or consider issues involved. A large number of qualified voters did not know about the election until it was over, according to the petition.

It was also asked an injunction against the new district's board of directors preventing them from conducting financial business on behalf of the hospital until the election contest is resolved.

Petitioners are seeking a temporary injunction against the directors pending a court hearing of the voting. According to their request, the injunction would be made permanent if the recently-passed propositions fail to pass in a new election.

County Commissioners ordered the original vote after See HOSPITAL Page 2

## Free Barbeque Planned

## Wednesday is Texas Tech Red Raider Day

The annual Texas Tech Red Raider day will be held here Wednesday, July 12.

Twenty-two Red Raider athletic heads, coaches, teachers, and professors and members of four different news medias from the Hub City will arrive at Jones Farm Store at approximately 10:30 a.m.

The first stop on the day-long entertainment program will be a visit to the Mule Memorial site where they will be met by a welcoming committee composed of members of the Chamber of

Commerce, Vic Benedict, president of the Chamber of Commerce; Vicki Henexson and Connie Julian, Muleshoe's Ambassadorettes and Dianne Bryant, the reigning Miss Muleshoe. Benedict will officially welcome the group.

The visitors will circulate around the city visiting numerous stores and businesses. A joint meeting of the Jaycees, Lions and Rotary Clubs will be held at noon for a luncheon with the Raiders as guests.

An afternoon of golf is scheduled and the public is invited to be at Muleshoe County Club following the luncheon to try one of these Raider coaches or other visitors on the golf course.

A free barbeque will be staged for the public that evening following the showing of a film highlighting the Southwest Conference football game.

"This is the largest group of Tech officials to visit Muleshoe and also the first time the event will be covered by members of the Lubbock news

media," Chief Jones told the Journal.

Those from the Tech Red Raiders athletic group to attend are Polk Robinson, athletic director; J.T. King, head football coach; Gene Gibson, head basketball coach; Leete Jackson, executive secretary, Red Raider Club; Burl Huffman, head freshman football and baseball coach; Burl Bartlett, Gene Henderson, Matt Lair, Bradley Mills, Grant Teaff, Tom Wilson and Gerald Coppedge, all assistant coaches.

Teachers and professors to attend are Dr. Kuntz, Dr. Norwood, Dr. Seegrist, Clyde Frestwood and M.G. Gregory.

Burl Pettitte, Avalanche Journal Sports editor; Jack Dale, KFYO Sports director; Jim Comeaux, KLB-TV and Ralph Carpenter, sports director, Texas Tech, will attend. Businessmen who wish to have a Red Raider plaque hanging in their stores may make arrangements for them at the barbeque.

## Bob Janca Leaves Post As Chamber Head

Bob Janca, manager of the Muleshoe Chamber of Commerce left Wednesday, July 5, for Port Lavaca where he has taken the managerial post of the Chamber of Commerce there.

Janca worked in that capacity here since last August. A meeting of the board of directors of the Chamber will be held July 13 to discuss the hiring of a new manager to fill the vacancy.

In parting, Janca chose excerpts on leadership from the publication of the West Texas Chamber of Commerce's "The Small Communities in West Texas" as suggestive ideas for continued progress for the development of the potential

of the Muleshoe area has at it's fingertips.

Many West Texas communities are dying because of the lack of positive leadership. Leadership is defined, as to small towns, as a person or group of persons who largely determine whether a town will go forward, stagnate or become a "ghost town." Closer examination shows that those communities which have been most successful are those which have shown an ability to produce and retain interested, positive, imaginative and inspirational leadership.

Positive leadership cannot function in a negative community attitude. The attainment of community goals require

proper leadership, a positive community attitude and enthusiastic fellowship.

Progressive small towns admonish their citizens to "Lead, follow or get out of the way!" Small towns must want to grow, want to have opportunities for progress, want to be considered for industrial development,

want to have more tourists, and want to have access to technological improvements so that their business, professional and agri-ranching segments might keep pace with the time and prosper. Small towns must have a sense of "pride" and too many of them have lost it. They must want to be the most attractive place to live, work and make money. Small towns must

be clean politically and morally. They must be genuinely friendly and not hostile to new people moving in.

General leadership comes from the joint efforts of the leaders of several organizations. These leaders are self-evident through their demonstrated capability to get community problems solved. The central group appears to address itself primarily to assigning the essential parts of the problem to appropriate community action groups (such See JANCA Page 2

## Sox Team Major League Winners

On July 4 in Roger Miller Park, the first and second half winners of season play met for their play-off. A large crowd was in attendance as the Lions took an early lead of 2-0 over the Sox in the first inning with Joe Rojas hurling for the Sox and Randy Burris for the Lions. In the second inning, Danny Rodriguez went in to replace Joe Rojas on the mound and Roger Williams stepped into the pitching spotlight for the Lions. In this inning, Steve Wolfe of the Sox was Charles Young and for the Lions, David Faver, later replaced by Gary Merriott. The Sox put on a determined effort in the 5th and 6th inning but the Lions were unable to rally. The final score was 9-6 placing the Sox champions in Little League.

## Pig Wigs Champs In Minor League

The Pig-Wigs and Bears met for championship play in Roger Miller Park on July 5 with Reuben Gonzales pitching for the Pig-Wigs and Scottie Burton catching. Hurler for the Bears was Steve Block and Joe Bob Fudge as catcher. The teams were toe to toe in the first two innings with neither being able to get a score on the Pig-Wigs slipped through and scored three runs. The Bears rallied after four runs but could not hold the Pig-Wigs who wound up the ball game with a final score of 9-4 winning the championship in the Minor League.

CURTAIN RINGS DOWN -- The baseball season for Babe Ruth League and Little League has been a busy, action-packed one. The season draws to a close with All Star games coming up. Championship games for the leagues are over and practice for the All Stars in the Leagues has started. This action shot was taken during one of the final Little League games.

## Baptist Training Union Clinic Set

Local Texas Baptists will conduct a "One-Night Training Union Clinic" July 17 in Muleshoe.

Comprising the "Mules" team are David Cook, Ricky Hardage, Gerry Dunham, Jody Jones, Joe Fudge, Steve Glover, Stephen Block, Jack Barber, Larry Parker, Gary Hanks, John Penada, Craig Baker, Terry Mick, Ricky King, Joe Ellizarraas, Grady Free, Scottie Burton, Clifton Myers, Lance Nickels and Charlie Vela.

On the Wildcat team are Freddy Flores, Richard Myers, Ed Stallings, Vic Kent, Kim Smith, Darrell Fudge, Max Burman, Gene Gray, Trent Stewart, Gary Floyd, Stephen Bickel, Brian Nickels, Wayne Matthews, Ricky White, Brad Davis, Ricky Norton, Dan Ellis, Gary Davis, Carey Sudduth and Glen Elder.

These teams played for the Minor League All Star championship, July 6, 7, and 8 at Roger Miller Park.

## Ford Dealer Gets Award

Muleshoe Motor Company has been selected as one of the nation's outstanding Ford dealerships and will receive Ford Motor Company's Distinguished Achievement Award.

The Distinguished Achievement Award is presented "in recognition of progressive management, modern sales and service facilities, sound merchandising practices, high quality standard and continuing interest in rendering superior service to Ford owners." Robert Hooten has been a Ford dealer in Muleshoe since 1962.

receiving an election petition May 8 containing what the court judged to be more than 100 signatures of residents, qualified property taxing electors in the proposed district.

A proposition calling for creation of the district and okaying levy of annual taxes for construction and operation of the hospital carried by a 266 to 223 vote. A second proposition to issue hospital bonds and levy taxes for their payment carried by a vote of 238 to 225.

The action came three days after a bill (H.B. 768) authorizing creation of the district passed the 60th Texas Legislature.

Petitioners charge the Commissioners' Court with being either illegal or unjust in establishing a single ballot box for eligible voters in an area covering all or part of three commissioner's precincts and about 500 square miles.

The petition contends the single ballot box, located in the Earth-Springlake High School made it impossible for some to vote who were scattered throughout the district.

60 persons who did vote, according to the petition, did so illegally.

Contestants attributed the alleged admission of illegal votes to what they said was the failure of the county tax collector to supply the election judge with a certified list of owners of taxable property in the district, as prescribed by law. They asked that such a list be filed among the papers of the election contest.

They also alleged violations of the Texas Election Code in the conduct of the election absentee balloting, swearing of officials, and several other particulars.

The petition document was signed by Lubbock Attorney W. Reed Quilliam, Jr., lawyer for the petitioners.

A hearing on the matter has not been set, according to the Lamb County District Clerk.

**Children Visit**

Mrs. Lula Kistler had her children as guests over the July 4 weekend. They were Mr. and Mrs. J.A. Arwine, Floydada, Mrs. Beulah Hobbs, and children, Farwell, and Mr. and Mrs. Gene Kistler, Huntington Beach, Calif.

Mr. and Mrs. Gene Kistler remained in Muleshoe with Mrs. Kistler until Saturday when they left for Dallas and New Orleans to visit other relatives.

groups should consist of interested people who are knowledgeable in the subject being studied for research and study. This allows an outreach into the community, it allows each group to sell the other on the value of its contributor and insures the availability of full and factual information on any project.

Small towns which are dying did not get sick overnight. Properly treated they need not die. They must seek out internal maladies and seek professional advice on what to do to cure them. New skin comes after a wound has been healed internally.

Business leadership has played a key role in community development and they have established a remarkable and deserved reputation for leadership. However, there is always real danger that businessmen will satisfy themselves about a course of community action and will press for its adoption before their fellow citizens understand and are prepared to support it. Attempts of business to solve community problems without public understanding and support can generate suspicion and loss of confidence.

In discussions of community

leadership, the "average" citizen is generally given little consideration. And yet, in a democracy, it is the great mass of people, to whom no one ordinarily looks for leadership, who possess the ultimate power. They must always be considered as a possible source of leadership.

The need to mobilize and select leadership that is in the best interests of the entire community and surrounding growth, is self evident to each of us. From the Bible comes this admonishment:

"To everything there is a reason, and a time to every purpose under the heaven...a time to break down, and a time to build."

What will our town do?

talk, question and answer sessions were the issue of water, tourist attraction, the liquor-by-the-drink issue, wage laws, taxes and education.

In the discussion on water, Barnes told those attending that the situation of the water need for the area held much interest in Congress and plans were working to bring in more water to the area.

Speaker Barnes said, "We should have a strong lobby in Washington and the issue should be pressed to see that water is brought into this sector of the country and not off to some remote section. Chairman of the Appropriations Committee is George Mahon representing this area."

The speaker spoke dynamically on the subject of law enforcement in several phases. He stated his belief that the enforcement of law should be left up to the state and broken down to the individual county level. The Texas Rangers serve a vital part to the enforcement of law and should be allowed to continue to work, unhindered as they are doing he pointed out.

In explaining his viewpoint Barnes said each state is familiar with the situation there

in, and situations concerning enforcement of law should come from within the state and not from without.

In speaking on tourism, the official expressed his belief that properly developed, this facet would be a financial boom to the state. He pointed out that the Hemis Fair in San Antonio would bring tourists, the Hemis Fair in San Antonio would bring tourists, nationwide through Texas as would the Olympics to be held in Mexico City.

Barnes said the 1971 sessions of Legislature would likely pass the liquor - by - the - drink bill. More strict laws should govern the sale of liquor, was his belief. A youth should be required to have a positive proof of age such as drivers license and pictures of themselves before liquor could be purchased. The speaker talked to some length on private clubs where liquor is already available to almost everyone.

On the wage law, Barnes said he was for the Right-to-Work law and was not in favor of union controlled labor in Texas. Education in Texas could be brought to a higher level, he continued. Latin Americans, in the migrant labor class, do not attend classes regularly, but travel from south to north working each year...yet we pay for school for them. This lowers the state's education level if they call Texas their home.

The English language should be taught them so that they will be able to continue their education and cut down on dropouts.

Representatives of the newspapers over a wide area and a number of radio newscasters attended the conference.

which will be a supplement audit to the regular audit. Merrill Reggin, operation field representative for the Rural Electrification Administration advised the board of procedures to hire a new manager. Reggin suggested that advertisements be placed in four issues of three or four daily papers around the area, instead of hiring a manager outright.

Applications will be taken until August 15. The first screening of applicants will be held August 26 at 9 a.m. in Bailey County Cooperative building.

Mason read the bylaws to those present, stating the reason members could exercise if they were not pleased with the board's decision of Lancaster's dismissal. One recourse is a special meeting which may be called by three directors or by a petition signed by ten percent of the members.

Bailey County Electric Cooperative serves approximately 2,500 customers in five counties. They are Bailey, Lamb, Castro, Cochran and Parmer counties. Five Area Telephone Cooperative which was under the same management serves some 1,400 members of the Board of Directors of the Telephone Cooperative were unaware of the move being made by the electric board.

Clarence Hamilton, Earth, former member of the Bailey County Electric Cooperative, told the Journal that he had served on the board for three years.

"I consider the dismissal of Lancaster a bad mistake," Hamilton said. "Lancaster has had 25 years experience with the working organization of the cooperatives and I found him to be a very dedicated person to the responsibilities of his job. I have the highest regard for him and would like to have a reason for his dismissal instead of excuses." He represented those he served well and I do not understand this action by the present board," Hamilton concluded.

During the afternoon session of last Friday's meeting, Wallace Jones, president of the board of directors of the Five Area Telephone Cooperative said that some members of the co-op had urged the separation of the two cooperatives.

This action will cause a raise in operational cost to the members due to the hiring of a manager, purchase of equipment now used by both cooperatives, and the hiring of additional personnel.

Further action on the split of the two cooperatives is pending.

### Muleshoe Area Pioneers Enjoy Reunion July 4

The Muleshoe Area Pioneer reunion met July 4 at 2 p.m. in Methodist Fellowship hall. Pioneers spent the afternoon visiting and singing. Janie Marow led the group in singing and Mrs. Gene Davis accompanied at the piano. Mrs. Lula Kistler was honored as the eldest person attending. She is 87 years of age. Her son, Gene Kistler, California, was cited and presented a gift for having traveled the greatest distance to attend the festivities here. Both were given prizes. Leota Wilttering was honored as Muleshoe's first school teacher and two of her first

students, Vernice Snyder and Frank Snyder, were at the reunion. A short business session was held with Mary Wood, chairman, presiding. New officers for the coming year were elected. They are Klme Buhrman, president; Cecil Davis, secretary-treasurer; and Mervin Wilttering, vice-president. Retiring officers are Mary Wood, president; Howard Carl-

yle, vice president and Mrs. Pat Bobo, secretary. The next Pioneer reunion will be held July 4, 1968. Refreshments were served by the hospitality committee.

### Friendship Club Enjoys Dinner

The Muleshoe Friendship Club met Thursday, July 6 for a business and social meeting held at L.B.'s Cafe. Members were treated to a fried chicken dinner by the hostesses, Mildred Andrews and Billie Matthews. Mrs. Lois Witherspoon, president, presided over the business meeting and Program Chairman, Hattie Griffith presented the program. The next meeting will be held the first Thursday in August.

## Robinson, Embry Vows Read Recently in Methodist Church

Wedding vows were exchanged Friday, June 30, 5 p.m. in the First Assembly of God Church, Muleshoe, for Miss Patsy Ann Myers and David Richard Luna. Miss Myers is the daughter of Mr. and Mrs. Clayton Myers, Muleshoe, and the groom is the son of Reverend and Mrs. R.V. Luna, Andrews, Texas.

The double ring ceremony was solemnized by the grooms father, Reverend R.V. Luna and Reverend J.W. Farmer.

The bride given in marriage by her father, was attired in a gown of white taffeta designed with a fitted bodice featuring a rounded neckline and elbow-length bell sleeves of floral lace. The over dress of matching floral lace extended to a brief chapel train edged with scalloped lace. Her veil of silk illusion was highlighted by an underlay of lace caught to a seed pearl tarsi with scalloped edge to match the bridal train.

Miss Kathy Baker, Florence, Montana, was maid of honor with Miss Lynn Ericson and Miss Pamela St. Clair, Muleshoe, serving as Bridesmaids. They were attired identically in blue floor length dresses of lace over satin. Each featured a rounded neckline, elbow length bell sleeves and empire waist lines. Miss Lynette Newman, Muleshoe, was flower girl and the bridesmaid, dressed identically to the brides attendants and carried a white basket.

The wedding party descended the decorated aisles of blue

gladiola and satin ribbons into a profusion of emerald trees and pyramids of lighted wedding tapers. Composites of gladiola and blue and white daisies accented an arch of wedding chimes, thus setting the stage for a lovely wedding.

The bride carried a graceful bouquet of white phalaenopsis orchids accented with lily of the valley and azalea foliage. The custom of something old was carried out in a strangle of pearls given the bride by her mother, a gift from the brides father on their first anniversary, and was included in the brides bouquet. Something new was the brides wedding attire and a gift of pearls from the groom, something borrowed and blue was a blue garb belonging to the grandmother of the bride. She carried a penny in her shoe, minted in the year of the grooms birth.

The bridesmaids carried cascades of rubrum lilies suffused with azalea foliage, azure pom poms, and gypsophelia. Dan Pendleton, Hobbs, New Mexico, served the groom as best man and Archie McAfee, Andrews, and Ray Harrison, Glauville, served as groomsmen. Serving as Ushers were C.L. Myers, brother of the bride, Muleshoe, Daryl Spraberr, Muleshoe, Ray Harrison and Archie McAfee, Andrews. Thurman M. Myers, brother of the bride was Ring Bearer and Candelighters were R.L. Myers, brother of the bride and Daryl Spraberry of Muleshoe.

Traditional wedding music was presented by Mrs. W.T. Watson accompanying Mrs. David Burgen, Clovis, as she sang "To Each His Own," "The Twelfth of Never" and "The Wedding Prayer."

A reception immediately following the ceremony was held in the building adjoining the Church. Mrs. Delbert Spraberry, Mrs. L.R. Watson, Mrs. Dillard Morris, Mrs. Dick Allen, Mrs. Jimmie Pitcock, Mrs. Bob Knight, Winn Watson, Marquita Seaton, Brenda Rutardt and Sharon Pierson were members of the wedding party. The wedding cake was four tiered with the top two tiers separated by a column bridge extended to four heart shaped cakes arranged around the base of the cake. Clusters of flowers decorated each cake with the Bride and Groom topping the cake.

For a wedding trip to Colorado the bride chose a blue and white tulle embroidered two piece dress with white accessories. Both the bride and the groom will enter Texas Tech this fall. The groom is employed by Shop Rite and they will make their home in Lubbock.

### August Wedding Date is Planned

Mr. and Mrs. Eldon L. Davis, Route 4, Muleshoe, announce the engagement and approaching marriage of their daughter, Susann, to Richard P. Evans, son of Dr. and Mrs. J. Ellwood Evans, 9910 El Patio Drive, Dallas, Texas. Miss Davis is a graduate of West Texas State University and is employed by the Richardson Independent School District. Evans is a graduate of North Texas State University and Dallas Theological Seminary. The wedding will take place August 12, 8 p.m. in the First Baptist Church, Earth, Texas.

### Class Elects New Officers

The Shining Stars Sunday School Class of the First Baptist Church of Muleshoe, elected officers, Sunday July 2. Officers elected for the coming year are: President - Nelda Finley; Vice-president - Brenda Scott; Secretary - Lana Washington; Assistant Secretary - Diane Crawford; Treasurer - Jane Williams; Reporter - Debbie Rudd and Group Leaders - Karen St. Clair, Lawna Page and Treena Bryant.

### Mrs. Ola B. Jones Recently Honored with Party

Mrs. Ola B. Jones was honored with a birthday party Wednesday, July 6 from 2 p.m. to 5 p.m. in the Community room of the Muleshoe State Bank. The party was given by her friends to celebrate her 72nd Birthday. The serving table was draped with a white cloth overlaid with white lace. In keeping with her profession, a school teacher (now retired) her cake was decorated in the shape of a large red apple...and as sometimes happens...the worm was there

first! The cake was reminiscent of her many days in school and her experiences with the saying "An Apple For The Teacher." Punch and cookies were served from crystal appointments.

FROM THE OFFICE OF HOME DEMONSTRATION AGENT

Picnics, backyard barbecues, wieners, chili and campouts - they're all part of the American way of life.

Nothing stimulates appetites quite so much as fresh air enhanced with the scent of food cooking over the campfire or barbecue pit.

Potatoes definitely belong on the scene. Their ability to go with all meats from fried chicken and barbecued turkey to broiled steaks, grilled hamburgers and wieners roasted on a stick, make them a favorite "eating out" food.

Potatoes have special outdoor eating appeal for the cook, because part of the preparation can be done in the convenience of the kitchen, with final cooking stages at the cookout site.

The U.S. Department of Agriculture's Consumer and Marketing Service says potatoes are in especially plentiful supply now. You'll find them favorites for home eating as well as at cookouts.

**BROWNED POTATOES** can provide a tasty breakfast item, even at the camp-

site. You'll need 2 cups diced cooked potatoes, 2 tablespoons finely chopped onion, 4 teaspoons flour, 1-1/2 teaspoons salt, pepper, 2 tablespoons milk and 2 tablespoons cooking fat or oil.

Combine potatoes and onion. Mix flour, salt and pepper, and slowly blend in the milk. Combine with the potato - and - onion mixture. Heat fat or oil in a heavy fry pan.

Mix potato mixture evenly in the pan, making one large cake that does not touch the sides. Cook over medium heat until the underside is brown. Cut into four equal portions and turn each piece to brown the other side. Makes four servings.

### Club Meets

The 4-Leaf Clover Sewing Class met July 6, in the home of Mrs. A.R. Floyd. The girls have their shifts ready for the dress review. In this meeting they studied accessories to complete their ensembles.

The main lesson was on socks and care of socks, and how to choose the correct size. They learned the socks should be 1/2 inch longer than their foot. Each discussed the type fibers they liked.

The group enjoyed a trip to town where each one shopped at different stores to examine the different types of socks and fibers. Each one purchased a pair of socks to wear in the County Dress Review.

Marilyn Black, Alta Ramn, and Connie Floyd plan to attend Mrs. Limer's model training meeting to be held in Muleshoe on July 10th. Refreshments were served the close of the meeting to Marilyn, Alta, Connie, and Mrs. Floyd.

## Miss Myers, David Luna United in Recent Ceremony

A double ring wedding ceremony was read Friday June 23, 4:30 p.m. for Miss Sherry June Robinson and James Calvin Embry, Jr.

D.L. Thompson, Minister of the Muleshoe Church of Christ read the service in the Sanctuary of the First Methodist Church, Muleshoe.

Miss Vicki Robinson, sister of the bride, was Maid of Honor and Mrs. Derrell Jennings, also sister of the bride, was Matron of Honor. They wore street length sleeveless dresses of light blue crepe styled with an empire waist, stand up collar, and a full length deep pleat in the back with self bows at the neck and waist. They carried miniature copies of the bridal bouquet.

Derrell Embry, brother of the groom, served as best man to the groom and Richard Hawkins was groomsman. Derrell Jennings and Harold Pruitt served as ushers.

Miss Robinson is the daughter of Mr. and Mrs. James Robinson, Route 3, Muleshoe and Mr. and Mrs. Calvin Embry, Route 1, Muleshoe are parents of the bridegroom.

The bride given in marriage by her father was attired in a full length gown of white silk organza over imported net, fashioned with long sleeves ending in petal points, with a sabrina neckline and fitted crystal.

**Winners Named Naomi St. Clair Tournament**

The Muleshoe Women's Country Club association held its annual Naomi St. Clair Golf tournament, Monday afternoon, July 3, Mary Francis Holt and Mary Sweatman tied for the trophy. The play-off was Wednesday. Mary Sweatman won, Peggy Wash won the nine hole flight.

After tournament play a white Georgian marble water fountain erected at number one tee box was dedicated in memory of Naomi St. Clair, who was one of the first lady golfers of this area and a charter member of the Women's Country Club association.

Naomi's sons, Irvin and Bill, their families and a large group of friends took part in the dedication and Pamela St. Clair, the eldest grandchild, christened the memorial.

After the dedication Irvin and Dorothy hosted a shrimp peel and sing song.

**TIPS**  
Add 1/4 teaspoon of curry powder to about 1 cup of French dressing (made with oil, vinegar, salt, pepper and dry mustard); serve over fresh pear halves on crisp salad greens.

## Caprock District FIVE Will Honor Members

Caprock District will honor its members who won awards at the May state convention with a seated Victory Tea in Plainview August 20th. Plainview Woman's Clubhouse at 6th and Joliet will be scene of the tea at 3 p.m. Program for the tea will be announced later.

Each club president in the district is responsible for notifying Mrs. Cummings, Caprock president, of each club's award winners. This should be done as soon as possible, according to Mrs. Cummings, so that no winner will be overlooked.

Each club's slate of officers for the 1967-68 club year should be listed now with the state headquarters 2312 San Gabriel, Austin. Mrs. Cummings also needs the names of each club president for correspondence purposes.

Dates important to federated Clubwomen. Caprock District Victory Tea, August 20, Plainview; General Federation Board Meeting, Sept. 12-14, Washington, D.C.; State Board Meeting, Oct. 3-4, Austin; Caprock District Fall Board Meeting, Oct. 14, Littlefield; Caprock District Spring Convention, March 22-23, Lamesa; Texas Federation Convention, May 7-9, Austin; and General Federation Convention, June 9-14, Boston, Mass.

## TOPS Club

The regular meeting of the Jenny TOPS Club was held Thursday July 7, 7 p.m. in the Bailey County Electric Co-operative Building.

Fourteen members were present and weighed in during the evening. The monthly queen was crowned for the month of June and was presented the fruit basket. She was Lucille Harp and countesses for the month were Carolyn LaRue and Deana LaRue.

Queen for the week was Carolyn LaRue and countesses were Deana LaRue and Lauranette Mason.

Next week will be the monthly guest speaker night and if possible Bryan Brady will be presenting the program. June Vinson celebrated a birthday last week and was presented a gift by the club.

## CLUB NEWS

The sewing group in Maple are just about to finish their dresses. Those who attended the class last Wednesday were: Cheryl Abbe, Vanessa Powell, and Candace Bowler.

Along with learning to sew, the girls are learning to care for clothes. Vanessa Powell gave a demonstration on how to wash a sweater.

**Possession Nine-Tenths**

One of the lessons relearned in the Middle East war recently was that possession is still nine tenths of the law. While the Arab countries and many others joining them call forcefully for an Israeli pull-back from conquered territory, the Israelis say they want a settlement that includes security for Israel before withdrawing.

One cannot blame the Israelis for seeking security nor can one blame the Arabs for calling for a pull-back. What remains after all this is that the Israelis have the land and are staying where they are—until they get what they want.

Thus Israel has greatly improved her position and can sit and wait for the realities of the present situation to soak in. With a good military establishment, possession is certainly nine tenths of the law, and Israel no doubt has the most potent military force in the Middle East.

Winston Churchill, speaking in 1900, foretold the outcome of the recent war with perfect clarity. Speaking after the River War had been fought against the dervishes at that time Churchill said:

"One thing is clear beyond any doubt and that is that the Egyptian is not a fighting animal." The Israelis have demonstrated convincingly that things haven't changed in the past sixty-seven years, and President Nasser of Egypt is no more likely to make his people over into military tigers than did Musolini in the thirties and forties.

**'City of Peace'?**

GUEST EDITORIAL

The United States Government is showing wisdom — and no little political courage — in refusing to recognize Israel's annexation of the Old City of Jerusalem. The American position (like that of Great Britain, the United Nations, the Vatican, and a host of other powers) has always been that this uniquely loved and revered city should be internationalized. This newspaper has also expressed support for this solution to an emotion-charged issue, believing that, in the long run, internationalization holds forth the best prospect for peace in "the City of Peace."

There are, moreover, several other grounds on which to support the American decision on Jerusalem.

One is the absolute necessity that neither side take any steps, make any commitments, assume any obligations which can jeopardize the drafting of a just, livable, over-all settlement of the Middle Eastern problem. Questions of territorial disposition — and none is more important than that of Jerusalem — must be part of this over-all agreement. They cannot be decided by one side or the other unilaterally. Thus Israel's act was wrong, and can be harmful to all concerned, including Israel itself.

We are aware of the unique position which the City of David holds in the heart of world Jewry. We are equally aware that for nearly 20 years Israelis have chafed under their inability to visit their holy spots within Arab Jerusalem. This situation called for correction. But not in the way in which Israel has now sought to correct it.

An additional reason for the wisdom of the American stand lies in the absolute necessity for Washington to convince the Arabs (and this will be a monumental task) that the United States recognizes their interests, respects their wishes and needs, and is prepared to take a firm stand for justice where they are concerned.

It is not without dramatic significance that the American statement coincided with King Hussein of Jordan's visit to President Johnson. It is from the King's hand that the Old City has now been reft, dealing him still another political body-blow. It will be an important step towards eventual peace in the Middle East, if he can return to Amman convinced that Washington's eyes and ears are open to Arab views.

**Veterans Q's and A's**

Q -- What is the difference between going to school under the new educational act and the vocational training act?  
 A -- Any eligible veteran can attend school under the new educational act while only certain service-connected disabled veterans can qualify under the Vocational Rehabilitation Act.  
 Q -- What is the final expiration date for World War II Veterans to apply for a G.I. loan?  
 A -- July 25, 1967.

Q -- Is there a final date for conversion of a National Service Life Insurance Policy?  
 A -- No, the policy can be converted at any time the policy is current.  
 Q -- Where do I send my income questionnaire after it is completed?  
 A -- There are several locations now processing these cards, and the address to which yours should be sent is printed on the card.

GUEST EDITORIAL

Dr. James M. Nabrit is president of Howard University at Washington, D.C., once an all-Negro institution and still predominantly Negro. He is, to all appearances, a no-nonsense operator and a pretty clear-seeing one.

When student demonstrations and disturbances began to sweep the campuses of American universities, Dr. Nabrit issues a flat pronouncement that defiance of law and order would not be tolerated on his campus. Lawlessness and disorder, he said, were neither acceptable nor effective means of upholding civil rights.

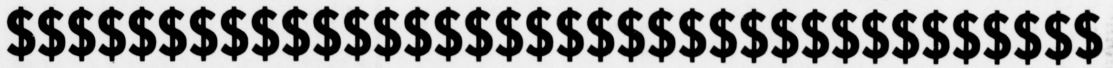

Last spring Maj. Gen. Lewis B. Hershey, director of selective service, made an appearance on the Howard University campus. He was not allowed to speak. An unruly demonstration in the student audience heckled and harassed him until he was forced to leave the stage.

Dr. Nabrit has now proved to be a man of his word. He announced that eight students have been expelled and three faculty members dismissed in connection with the Hershey incident, "for activities disruptive of the basic educational process of the university."

Similar disorderly performances have taken place at other university campuses across the country. They have included indignities and even personal dangers to such persons as Vice President Hubert Humphrey, Defense Secretary Robert S. McNamara, Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and Arthur Goldberg, ambassador to the United Nations.

Dr. Nabrit has made it plain that not only law and order but the rules of common courtesy and decorum must prevail on his campus. Presidents of other institutions of higher learning please note.

# Family History Recalled During Gathering

by Mrs. J.D. Bayless

The annual family Reunion of the Thomas Walter Coffman family was held in the home of Mr. and Mrs. W.L. Speck, Muleshoe on July 4. The day was spent singing and playing 42 and tennis. Also the family viewed pictures of several generations of the Coffmans and Kites, relatives of Coffmans father and mother, taken in the 1800.

instead of Liberty Mills, Virginia in Page County and the Coffmans homestead at Laury, Virginia in Orange County were shown. The house was built by Samuel Coffman in 1799. Also they read from a book compiled by Charles Fahr (Kaufman) Coffman, a Genealogy and History of the Coffmans, back to 1584 when they were in the ancestral land in the Shenandoah Valley.

The 62 relatives attending the reunion were: Reverend and Mrs. Clyde Coffman, Morton and their children; Reverend and Mrs. C.T. Cunningham and children, Francis and Tommie, Plainview, Mr. and Mrs. David Coffman and girls, Mary, Brenda and Debbie, Odessa; Mr. and Mrs. Tom Coffman and daughter, Connie of Plainview; Mr. and Mrs. Gene Wheatley and daughters Myrna and Donna Marie, Lubbock; Mr. and Mrs. Claude Coffman and children, Mr. and Mrs. W.L. Speck

and daughter Sandra Kay, Muleshoe; Mr. and Mrs. Mickey Rundell and daughter, RaiLynn of Lubbock; a daughter-in-law of Coffman and girls, Mrs. Harvey Coffman and girls, Chertyn, Twila, Euetta and Keitha from Big Spring; Mrs. Grace Swanner and children, Jimmie Swanner, Mr. and Mrs. Harold Arant and children, Rual Don and Tego, of Levelland; Mr. Dwayne Vaughn, a daughter from Tahoka, Mrs. Vaughns daughter, Mrs. Britt Robinson

## MEN WORKING

This is the sign that should be lifted high in our beloved country — "Men Working." Men working with all they have and are, for a country that must show the world how to live in brotherhood and love and peace under God. Let us resolve to dedicate anew our lives and our talents to our country and our God when we attend church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

# Farm Bureau Leaders Oppose Worker Bills

Two Farm Bureau leaders testified last week during Senate subcommittee hearings on migratory labor in the Rio Grande Valley.

Mr. (Mike) Frost, TFB secretary-treasurer and state director of McAllen, and Dwayne Bair, Hidalgo County Farm Bureau president, each presented testimony opposing the proposed Senate Bills concerning farm workers.

Frost told the subcommittee Thursday in Rio Grande City that "the unique feature of the employment relationship in agriculture is the vulnerability of the farmer as an employer to any work stoppage on his farm."

"While most industrial or commercial concerns may suffer a reduction in profits as a result of a strike, it is rare for them to be disastrously affected."

"Compare this with agriculture. It is not possible to close down a farm due to a strike. Production must continue in tune with the season. Crops must be harvested when ready. If a strike should occur when a perishable crop is ready to harvest, and of course this is the time a strike would be called, this would make more than a reduction in the farmer's profits for the year. More likely it would involve (1) a loss of income for the year and (2) a loss of money invested in bringing the crop to harvest stage which would run (for fruits and vegetables) \$300-500 or more per acre. A loss of this size would bankrupt many farmers."

"Collective bargaining would not equalize the bargaining power of farmers and workers; it would make farmers subservient to labor union leaders wherever such leaders could establish the practice of collective bargaining."

"The extension of the National Labor Relations Act to the production of perishable farm products would probably result in some temporary benefits to some workers. These benefits would be temporary because, conscious of their vulnerability...

"Other factors which must be considered is a comparison of return on investment by farms and industry, and the increasing volume of imports of high labor requirement crops from Mexico."

Bair told the subcommittee, Friday, "we are now harvesting a crop on our farm for which we are receiving \$18 per ton and the harvesting crew is receiving \$15 per ton."

"Does this sound like we are taking advantage of these agricultural workers?" he asked.

"We are now finishing a first season where the harvesters received more dollars per ton on juice than the grower," he added.

"The point I make is that this type of national legislation is not going to solve our economic problem," he concluded.

War in the Middle East was explosive in its suddenness and complicated in its consequences. The agitator's hand of the Communist Soviet Union was obvious early in arming Egypt and egging the Arab states on to blockade Israeli shipping routes. Soviet veto threatened the United Nations from easing tensions, and then the U.N. itself aggravated things by pulling out its buffer troops at just the wrong moment. Israel settled the affair by herself, and only then did the Soviets run to the U.N. to cry a cease fire.

We now are faced with the likelihood of long, probably bitter, negotiations between Israel and the Arabs with continued Soviet interference. It's doubtful Israel will agree that the U.S. has any role in anything else that does not guarantee her right of national existence and free trade. Since the stability of the Middle East also is in United States' best interest, it is to be hoped that the U.S. can see to it that new order evolves there. This may require new solutions and even new boundaries, and we must be willing to thoughtfully consider every suggestion for a better lasting settlement.

Vietnam fighting continues on the other side of the globe and our goal there remains preservation of the independence of South Vietnam, Korea, Australia, New Zealand, Thailand and the Philippines. All have forces fighting and working with us. And more than 20 additional nations provide non-combat personnel and support. The whole of free Asia opposes Communist expansion. As our efforts intensify Texas find themselves called upon to produce munitions as much as defense contracts work as last year.

I've been asked if the U.S. position in Vietnam is just, I think it is. There is an overriding moral ethic that mankind has a right to determine its own destiny. Neither do I find morality in Viet Cong brutality.

Administration proposals for an East-West Trade Bill seem doomed so long as the Soviet Union continues to stir up trouble in the Middle East, Vietnam and elsewhere. I tend toward the view that if the Soviets ever reject the use of force in world affairs we can open our markets to them as we do to every friendly, peaceful nation. But, present Russian leaders have shown they are still intent on continuing to finance and foment trouble. We must therefore withhold our trade as a prize to be won by cooperation, not obtained by threat and bluster.

Congressional approval of an Outer Space Treaty came unanimously. The Treaty will allow us to pursue all our major space programs including the Manned Orbiting Laboratory. It places no restrictions on our defensive use of space, but it does represent an early first step toward preservation of peace in space. Hopefully all nations will observe its guidelines to the scientific advantage of all mankind.

Development soon of a limited Anti-Missile Defense (Nike-X) has been urged on the Defense Secretary by my Armed Services Committee. We must build such a system so that we can guarantee the safety of our people against a limited, irrational missile attack by some nation such as Red China; so we can have protection against a mistakenly launched Russian missile; and so we will have a base for enlarging that defense later if need be to protect against full-scale Soviet missile attack.

U.S. assistance for Indonesia is the aim of a bill I have introduced. This bill is thrown off the oppression of Communism and is seeking a return to freedom and prosperity. But the Red rule left Indonesia so weak and disrupted that she needs help desperately. I have asked that we send a team of American economic experts there to help restore vitality to this key nation. Both her strategic location and trade

It was my pleasure again this spring to speak to my Texas students upon their graduation. I told them not to expect a perfect future, but to anticipate challenge and pursue progress --always seeing it that the future does not shape them; but that they shape the future.

# WATER, Inc. Opens Office

John J. Kendrick, President of Water, Inc., announced today that the association has opened its permanent office at 1011 Avenue Q in Lubbock.

Water, Inc. was formed by interested individuals to inform the public of the need for, and assist in the planning for, the acquisition, importation, distribution and storage of water that is so vital to the continued growth and prosperity of this great area.

J. W. Buchanan of Dumas, interim manager of the association is now distributing membership applications for membership in the association.

Office hours for the association will be 8:30 to 5:00 Monday through Friday.

"PRESTIGE" AUTOS Port Elizabeth, South Africa - A sociologist, Dr. Colin Rip, said that some people conscious of their social status imagined they enjoyed preference on the roads. He said that in the 45-to-65 age group, drivers of expensive "prestige" automobiles are prone to driving dangerously.

"PRESTIGE" AUTOS Port Elizabeth, South Africa - A sociologist, Dr. Colin Rip, said that some people conscious of their social status imagined they enjoyed preference on the roads. He said that in the 45-to-65 age group, drivers of expensive "prestige" automobiles are prone to driving dangerously.

Administration proposals for an East-West Trade Bill seem doomed so long as the Soviet Union continues to stir up trouble in the Middle East, Vietnam and elsewhere. I tend toward the view that if the Soviets ever reject the use of force in world affairs we can open our markets to them as we do to every friendly, peaceful nation. But, present Russian leaders have shown they are still intent on continuing to finance and foment trouble. We must therefore withhold our trade as a prize to be won by cooperation, not obtained by threat and bluster.

Congressional approval of an Outer Space Treaty came unanimously. The Treaty will allow us to pursue all our major space programs including the Manned Orbiting Laboratory. It places no restrictions on our defensive use of space, but it does represent an early first step toward preservation of peace in space. Hopefully all nations will observe its guidelines to the scientific advantage of all mankind.

Development soon of a limited Anti-Missile Defense (Nike-X) has been urged on the Defense Secretary by my Armed Services Committee. We must build such a system so that we can guarantee the safety of our people against a limited, irrational missile attack by some nation such as Red China; so we can have protection against a mistakenly launched Russian missile; and so we will have a base for enlarging that defense later if need be to protect against full-scale Soviet missile attack.

U.S. assistance for Indonesia is the aim of a bill I have introduced. This bill is thrown off the oppression of Communism and is seeking a return to freedom and prosperity. But the Red rule left Indonesia so weak and disrupted that she needs help desperately. I have asked that we send a team of American economic experts there to help restore vitality to this key nation. Both her strategic location and trade

# Caberera Retires After 26 Years

A familiar figure around West Plains Hospital is no longer there. This came about through the recent retirement of George Caberera, custodian there for the past 13 years.

Caberera retired the last of June and plans to enter private janitorial business here.

Caberera said, "This was a hard decision to make. I have been thinking I would retire and then changing my mind for several months."

"Dr. E.O. McDaniel, is our last manager. I thought I would retire when he did and after we talked about it recently, I decided he would be there 10 or 15 more years and I just couldn't work that long."

Caberera has been a hospital custodian for the past 26 years, and he related that the patients, coming and going, was another thing which would create a void in his life.

He was employed by Dr. McDaniel in 1941 when the Am-

herst hospital was opened and worked there until he, Dr. W.F. Birdsong and the late Dr. T.M. Slemmons bought West Plains Hospital and moved here. Caberera came here with them. So the entire 26 years he has worked as a hospital custodian has been with Dr. McDaniel.

Mrs. Caberera said, "Oh yes, the doctor brought three of our four sons into the world and George's retirement will be something we will have to adjust to."

Caberera was born in Guadalajara, Jalisco, Mexico and was granted his citizenship papers in July 1960.

They are parents of four sons, Raymond, Mike, Jimmy and George, Jr. and have two granddaughters and a grandson.

# Hooten Director

Reappointment of Robert Hooten, Muleshoe Motor Co., Muleshoe, as Area Director of the Texas Automobile Dealers Association was announced in Austin today by H.C. Pittman, Executive Vice President of TADA.

In accepting this appointment, Hooten stated, "I am proud to represent my fellow franchised dealers in this area. Our major program this year will be to work with state officials in implementing the Texas Traffic Safety Act passed this year by our Texas Legislature, and to promote a high standard of integrity and assist the automobile dealers in better serving the public by making driving safer, more convenient and more economical."

Hooten will serve as an Area Director until the next TADA Convention in Dallas in May, 1968. The President of TADA is Gordon Rountree of Waco, Regional Vice President is L.M. McAdoo of Seagraves, and the District Director working with Hooten is H.E. Nall of Plainview.

The association, with headquarters in Austin, celebrated its 50th anniversary this year and is the largest state-wide new car dealers association in the nation.

Mr. and Mrs. R.E. Scott and Randy visited Tuesday night in the home of Mr. and Mrs. Harlan Davis in Muleshoe. Other guests in the Davis home were Mr. and Mrs. Cecil Davis, Mr. and Mrs. Morris Killough and family.

Visiting Tuesday in the home of Mr. and Mrs. Dawson Muller were Mr. and Mrs. Fred Muller and son of Hereford, John Muller and son of Austin; Mr. and Mrs. Ray Muller and family of Fieldton. Mr. and Mrs. Loyd Joiner and daughter, Karen, and Mrs. Jerry Shaw of Highland, Calif.

Mr. and Mrs. Ralph Bellamy and daughter of Irving visited during the weekend with his mother, Mrs. Edna Bellamy.

GIFT FROM CONNECTICUT ABERDEEN, Scotland (AP) - The congregation of St. James' Episcopal Church, West Hartford, Conn., which sent \$1,500 last year to help meet the cost of a students' chaplaincy at Aberdeen University, have repeated the gift this year. There are strong links between Aberdeen and the diocese of Connecticut.

The first Episcopal bishop, the Rt. Rev. Samuel Seabury, was consecrated in Aberdeen, and the Rev. Douglas Kennedy, rector of St. James', West Hartford, is an honorary canon of St. Andrew's Cathedral, Aberdeen.
