### Seven Killed In Car-Truck Crash

TESKON, Aug. 25 (AP)—The death toll in an automobile-truck collision near this town last night mounted to seven today with the death of Cindy O'Neal, 68, of Belton.

Another victim, Mrs. M. E. Coker, 32, of Crane, was not expected to live. Both legs were broken and she suffered other injuries.

Six persons were killed outright. They were:

- M. E. Coker, 34, Crane.
- Gayle Boynton, 34, and his wife, 32, Goldsmith.
- Mrs. W. L. Thompson, about 30, and her two daughters, Jerry, 6, and Jackie, 7, all of Goldsmith.

W. L. Thompson, 33, husband of the dead woman, was in a critical condition in a hospital here. Don Edwards, San Angelo, driver of the truck, was described as seriously injured.

The light automobile in which nine persons were riding, and the truck and trailer, loaded with hay, collided on the highway nine miles east of Rankin about 8:15 p. m. Several persons have lost their lives in accidents about the same spot on the highway in recent years.

All the dead and injured except the driver of the truck were in the light sedan, which was traveling east. Officers said the party was en route to Big Lake on a fishing trip. The truck was headed west. The highway at the scene of the collision was described as a long stretch with shallow barrow ditches. Sheriff J. E. Simco of Upton county announced he was making a "full investigation."

### Destroyer Of Hitler Picture Acquitted

INDIANAPOLIS, Aug. 25 (AP)—A man who admitted tearing a United States photograph of Adolf Hitler off a friend's wall was acquitted in city court of a charge of malicious trespass.

He was Lloyd Watson, 32, bakery worker. His employer, Edward Lucken, who filed the charge, testified Watson came to his house, saw the picture, tore it down and said, "Lucken, we don't want pictures like that around."

Watson told Judge John L. McNeill, "Sometimes a fellow just loses his temper when he sees that guy's picture."

"Not guilty," the judge said.

### Marvelous Patience!

PITTSBURGH, Aug. 25 (AP)—It was a reporter on the phone asking about the fire.

Fourteen-year-old Marie Black patiently and politely answered his questions, telling how burning rubbish had ignited a building.

Finally she apologized: "I have to go now. I live in the building that's burning."

### FDR Believes European War 'Not Certain'

President Hints Present Crisis May Be Settled

WASHINGTON, Aug. 25 (AP)—President Roosevelt said today he did not regard the present European situation as certain to result in war.

The Chief Executive, discussing the critical foreign situation at a press conference, made this statement when asked whether he would call a special session of Congress to act on new neutrality legislation.

Speaking to reporters only a few hours after he had addressed peace appeals to Adolf Hitler and Polish President Ignace Moscicki, Mr. Roosevelt said he had made perfectly clear before that he would not call Congress unless it was reasonably certain that war was imminent.

Saying there had been some confusion over the word imminent, he declared it carried the connotation of certainty and then went on to say he did not believe the present situation was certain to bring hostilities.

Every one devoutly hopes that war is not certain, he declared. Asked whether the hope of which he spoke was based on any specific knowledge, the President replied he had no more news than the newspapers present.

Discussing the critical state of world affairs in a calm, deliberate tone, the President said he had no replies as yet from his messages to Germany and Poland to settle their differences either by direct negotiation, impartial arbitration, or through a neutral mediator, to his earlier appeal of yesterday to the king of Italy to intervene in behalf of peace.

Asked about American preparedness measures, Mr. Roosevelt said the machinery which began to take form two years ago had been perfected in the last year and the only question remaining was the time.

## War Flashes

NEW YORK, Aug. 25 (AP)—Wall Street saw signs that war in Europe may be averted today, and bid up stocks \$1 to more than \$4 a share.

The more hopeful attitude followed a recovery in the market late yesterday, when many traders evidently decided that come war or peace, the market had been oversold.

MOSCOW, Aug. 25 (AP)—War Commissar Marshal Vorosylloff and the heads of the British and French military missions met in an unexpected conference this afternoon. Russian officials and foreign journalists would neither affirm nor disclaim Berlin reports the Soviets were seeking a peaceful solution of the Danzig issue through the ambassador to Poland.

BERLIN, Aug. 25 (AP)—The Berlin evening newspaper Nachrichten-Ostsee, declared "Polish insurgents" shot and killed seven Germans and one Czech national at Blietz, across the Polish border.

The newspaper's correspondent reported the Poles rounded up 25 German and several Czechs at Blietz Thursday morning on charges of subversive activities.

LONDON, Aug. 25 (AP)—Sir Neville Henderson, British ambassador to Berlin, is flying to London tomorrow to report to Foreign Secretary Lord Halifax on his talk today with Adolf Hitler.

McNeill Rout's Freeman NEWPORT, R. I., Aug. 25 (AP)—Top-seeded Don McNeill of Oklahoma City, ran Dave Freeman, Pasadena, Cal., darkhorse, ragged today to gain the final round of the Newport Casino singles tennis tournament with a 7-5, 6-2, 6-3 victory.

WARSAW, Aug. 25 (AP)—Immediate reaction in Poland to President Roosevelt's appeal today was that although this country is appreciative of the efforts of "all peoples and nations of good will" the present moment is scarcely susceptible to any efforts toward mediation or conciliation.

This applied equally, it appeared, to reported Soviet efforts to persuade Poland to capitulate "peacefully" to German demands.

It was known the Soviet Ambassador had called on Foreign Minister Jozef Beck, but the official version was he merely had informed him of the German-Russian non-aggression pact.

The new emphasis on Poland's stated determination "not to negotiate under the intimidation of an armed and aggressive Germany."

The Polish telegraph agency reported President Roosevelt's message had been received and President Ignace Moscicki undoubtedly would reply to it.

The popular view persisted that if Poland negotiated now she would be forced to sit down at a conference table "with a blank check in her pocket" in other words, prepared to give away something in the spirit of appeasement.

A reply by President Moscicki to the peace appeal of King Leopold of Belgium also was announced, giving new emphasis to Poland's insistence on direct negotiations, if any.

The President said in this message he "much admires the principles expressed in the noble speech of the king of Belgium" and that Poland "has always defended the idea that a long lasting peace can not be based on injustice as regards weaker nations."

Observers agreed the fear among Poles of a "second Munich" was a tremendous factor in the present attitude.

Warsaw was brought directly into her country's war preparations with the calling up of regimental reserves throughout the capital.

Policemen with notebooks rounded up the reservists who dropped their work and gathered in uniform. Camouflaged trucks with field guns occasionally were seen.

The press announced a temporary shortage of several foodstuffs had passed and adequate supplies now were being produced.

The first emergency blackout in Poland occurred last night when city authorities in Poznan, the biggest city in western Poland, ordered all city lights out off.

The city will remain dark every night until further notice.

## Left-Wingers Crush Revolution In Chile

SANTIAGO, Chile, Aug. 25 (AP)—Chile's left-wing government declared today a revolutionary movement in the army had been crushed.

It said Gen. Ariosto Herrera, a leader of the uprising, had been arrested and former President Gen. Carlos Ibanez, another leader, had fled into hiding.

The break apparently came shortly after noon.

Up to then, both Ibanez and Herrera were at liberty and the government was bolstering its defense of government buildings in the center of the city with thousands of leftist volunteers.

The insurrection began in the "caca" artillery regiment and appeared to have been joined by other army units.

## Sheriff's Officers Work On Innovation To Prevent Crime

Gray county sheriff's officers today were working on an innovation for one particular type of crime prevention that may soon be adopted.

Sheriff Cal R-se said he would unfold the plan at a civic club luncheon next week and asked that details be withheld until that time.

The sheriff said the plan has been developed through experiments conducted by him, Chief Deputy George A. Pope, and Deputy James Stewart, Gray county Bertillon expert.

"We believe the plan when adopted will prove a boon to the public and to police everywhere," Sheriff Rose said today.

## ARE THEIR FACES RED!

While wily Communists kept this Anglo-French military mission dangling on tent-hooks in Moscow, where they had gone to win Russia to the democratic "peace front," equally wily Nazis stole the candy right from under their noses. Left to right, above, are pictured France's Gen. Louis Vain and Capt. Jacques Williams; Britain's Sir Edmund Ironside and Admiral Sir Reginald Plunkett; and Gen. Drax, France's General Dumanc and Armand Krebs.

## Car Will Be Given Away At Big Picnic

### Lepke Buchalter Surrenders To G-Man Hoover

NEW YORK, Aug. 25 (AP)—Flat-necked Louis (Lepke) Buchalter, the fugitive racketeer with a \$50,000 price on his head who gave up in a surprise surrender to J. Edgar Hoover, was questioned today in closely-guarded secrecy.

Ending a two-year search that cost the Federal government and New York State \$400,000, the 43-year-old gangster voluntarily put himself in Hoover's custody last night at an undisclosed place in Manhattan.

He had gained weight and grown a dark moustache to hide his identity, Hoover said, and appeared "healthy and contented."

Lepke was immediately rushed to a cell in the Federal building and subjected to rigorous, all night questioning by Federal agents who barred city police and prosecuting officials from the room and refused even to let them see the prisoner.

Hoover declined to give details of the arrest, other than to say he and Lepke were alone when the latter surrendered.

"He told me he had never left the Borough of Manhattan," the chief of the Federal Bureau of Investigation announced briefly.

Hoover said there was no money promised or paid by the FBI. We made him no promises of immunity or anything else."

The surrender apparently saved both the FBI and New York City the \$25,000 rewards each had posted for capture of the man whom Hoover listed as "Public Enemy No. 4" and District Attorney Thomas E. Dewey assailed as "the most dangerous industrial racketeer in America."

A clash between state and federal law enforcement authorities appeared likely over who would get the first opportunity to prosecute the swarthy prisoner, charged with operating a \$5,000,000 a year extortion racket in the garment, fur and bakery industries.

Hoover said Lepke would be arraigned on Federal "anti-racketeering" charges of violation of the narcotics laws.

## Thompson Calls Oil Compact Meeting

AMARILLO, Aug. 25 (AP)—Ernest O. Thompson, chairman of the Oil States Compact commission, announced today he had called a special meeting of the compact for August 28 to consider the oil situation in connection with the crude price cut and the six-state oil field shutdown.

Thompson, a member of the Texas Railroad Commission, oil regulatory body in Texas, said all member states would be represented and that several non-member oil-producing states would attend.

He said the compact meeting would follow the state-wide production hearing set for the same day at Austin.

Thompson said compact members and representatives would attend the production hearing and that information received there would be used in determining the possible action of the compact.

## Continued Talks Feed Peace Hopes

By LOUIS P. LOCHNER

BERLIN, Aug. 25 (AP)—Talk of a new peace offer in the German-Polish conflict was renewed this afternoon when news spread through the capital that the British Ambassador, Sir Neville Henderson, had been closeted with Adolf Hitler in the early afternoon.

Later the Fuehrer received the Ambassadors of France, Italy and Japan. The nature of the talks was not revealed.

(By The Associated Press)

Persistent reports of efforts to press Poland into a peaceful settlement of Germany's demands today kept alive Europe's hope of escaping war.

In Berlin, Adolf Hitler suddenly called Sir Neville Henderson, British Ambassador to Germany, into conference.

No one would intimate the nature of their discussion but the word that would swing the balance toward war or peace had not been given, and Europe still hoped.

Meanwhile, competent sources expressed belief Germany had decided to postpone military action, at least for one more day.

Instead of a break by Poland, Britain or France under the terrible strain of waiting, however, their determination to fight seemed undiminished.

In London, British Foreign Secretary Lord Halifax announced a formal agreement of mutual assistance between Great Britain and Poland had been signed today at the British foreign office.

Japan Incensed The accord succeeds the less formal pledge which bound Britain to help Poland fight in defense of her independence and which Prime Minister Chamberlain said yesterday was "not affected" by Soviet Russia's shift to isolation.

While Soviet Russia, Germany's new treaty-bound friend, was said to be urging Warsaw to give in to Hitler's demands, signs were growing in Tokyo of a sharp reaction to the German-Russian nonaggression treaty.

Domestically, Japanese news agency said Japan might protest to Berlin. The government was reported authoritatively to have decided to abandon close relations with the anti-comintern partner in favor of "splendid isolation."

## U. S. Proclamations Would Follow War

WASHINGTON, Aug. 25 (AP)—A series of government orders and proclamations was nearly ready today for issuance the moment war should come in Europe, so as to protect the United States from the shocks of the conflict.

The drafts, prepared at meetings of high Federal officials, cover steps to be taken for the financial markets, commodity markets, shipping, airplane services, communications and the like. They are authorized under the neutrality act.

Some orders would apply to problems which did not arise at the time of the World War.

Short wave radio transmission, it was learned, would be controlled by government attaches. Because short wave transmission goes to Europe, its operation might be regarded as unneutral.

Comparable supervision, however, would not be exercised over the medium wave stations operating principally for the American public.

Radio transmitters on ships of belligerents coming into American ports would be sealed by government officers as the ships entered the 10-mile zone.

Another new problem that confronted officials was trans-Atlantic flying service. They had to decide whether, if war comes, the service should be permitted to continue.

## Russian Parliament Summoned To Ratify Nonaggression Pact

MOSCOW, Aug. 25 (AP)—Russia's supreme Soviet, or parliament, today was summoned for extraordinary session next Monday to ratify the new non-aggression pact with Germany and hear Premier-Foreign Commissar Vyacheslav Molotov explain Moscow's startling shift in foreign policy in the midst of international crisis.

Molotov's speech was eagerly awaited in foreign quarters for an exposition of the Soviet's turn to "isolationism," and for possible light on the breakdown in military staff talks here with Britain and France for a tri-power alliance.

There were unconfirmed reports that immediately the pact is ratified, Molotov will fly to Berlin to exchange ratified treaties with the German government.

The British and French military missions, which ineffectually cancelled arrangements to leave for home last night, still were here although there seemed no possibility of staff talks being reopened.

## Hitler Talks With Briton In New Move

By LOUIS P. LOCHNER

BERLIN, Aug. 25 (AP)—The British ambassador, Sir Neville Henderson, was summoned today to see Reich-Fuehrer Hitler this afternoon as authoritative Nazis forecast German refusal to follow Roosevelt's suggestions for settlement of German-Polish differences.

No one here would intimate the nature of the conversation between Sir Neville and Hitler, which occurred shortly after 1 p. m. (6 a. m. C. S. T.).

Earlier German sources said the Soviet ambassador in Warsaw was endeavoring to prevail upon Poland peacefully to give in to German demands.

The German official news agency, DNB, reported late today that the German intelligence service has ascertained a half dozen Polish divisions were on the frontier of East Prussia and eastern provinces of the Reich.

DNB said preparations made by the Poles "cannot be considered of a defensive nature."

It was said the Poles brought up much cavalry within striking distance of the border and this indicated an offensive action was contemplated.

Hope for a peaceful settlement through eleventh hour capitulation of Poland and her guarantors, Great Britain and France, was the keynote of official quarters here.

Competent sources expressed belief Germany had decided to postpone military action at least one more day.

This decision may have been taken at a long conference lasting until 1 a. m. among Hitler, Foreign Minister Joachim von Ribbentrop, Field Marshal Hermann Goerring and General Wilhelm Keitel, Hitler's closest military adviser.

Reported pressure on Poland through the Soviet ambassador to Warsaw, German efforts to bring Russia and Japan into a non-aggression treaty and to persuade Turkey to turn her back on her new alliance with Britain were the cards Germany was playing in her effort to settle what she wanted without bloodshed.

The president's message suggesting Poland and Germany settle their differences either through negotiations, by arbitration or by conciliation was studied by the Fuehrer in the Reich's chancellery this morning.

The first answer is expected to be made public tonight, probably after the foreign office mouthpiece, the Deutsche Diplomatische-Politische Korrespondenz.

Excellent sources said the reply would be negative in tone with the implication that President Roosevelt had sent his plea "to the wrong address."

"It should have gone" these sources said, "to England."

Meanwhile authoritative reports reached Berlin that Soviet Russia had exerted pressure at Warsaw for a "peaceful" settlement of the German-Polish quarrel.

Nazis Expect Surrender Whether Hitler would send President Roosevelt a direct private reply or merely answer publicly as he did Roosevelt's last message in April, apparently had not been determined.

In any case leading Nazis gave the message a shrug-of-the-shoulder reception and withheld comment in the hope that before the day ends Poland will accede to Hitler's demands.

Some amusement was expressed in the Wilhelmstrasse that Poland had not been thrown in the sponge by See HITLER TALKS, Page 3

fore this. Hopes were still high that Britain would produce the necessary rabbit from the hat at the last minute.

The Fuehrer remained with Field Marshal Hermann Goering, Foreign Minister Joachim Von Ribbentrop, and other advisers until early today. The rotund field marshal left the chancellery at 1 a. m. and a half

# Young Democrats Cheer 3d Term

Wild cheers and demonstrations like that pictured above came from Young Democrats, in national convention at Pittsburgh, Pa., when Major Edward J. Kelly of Chicago told them that President Roosevelt should be drafted for a third term.

hour later Hitler switched off the lamp of his night table. Nevertheless, he was up early and was ready for business when President Roosevelt's telegram was placed before him.

While he was so engaged, it became known that the Soviet commissar of foreign affairs, Vyacheslav Molotov, through his ambassador in Poland, had started a movement for a possible eleventh hour "peaceful settlement of Europe's war threat."

The combined pressure of the Russians and the Germans is confidently believed here to be sufficient to convince the Poles of the hopelessness of their position and to force them to capitulate.

Significant Detail  
 It is for this reason, a reliable source said, that Fuehrer Hitler did not give the word last night to start his offensive upon Poland.

To veteran observers, this was one significant detail in the Reich propaganda set-up.

The broadcasts of the various German stations throughout the evening and early morning hours were reported to be identical by various persons who tuned in on different stations.

Normally all stations have different programs except when there is a nation-wide hookup for a special occasion such as a Hitler speech. They also hooked together when important news announcements are expected momentarily.

Last night, however, listeners waited in vain for the expected signal that the act of "liberating" Danzig and the Germans in the former German sections of Poland was on.

The press further kept telling the German public that action on Danzig and Poland might well come at any time.

Long Meeting Held  
 Hitler, Von Ribbentrop, Goering and other close advisers of the Fuehrer were together for hours last night in a "peace or war" conference on Poland.

"Only an unconditional and immediate recognition of the legal re-

mands of the axis powers can block the road to a dramatic conflict," said the Dienst Aus Deutschland, commentary with close foreign office connections.

Hitler and his advisers alone held the secret of the next Nazi step and the zero hour for settlement of the Polish problem following the conference in the Berlin chancellery.

Besides military officers, Field Marshal Goering, Foreign Minister Joachim Von Ribbentrop and Propaganda Minister Joseph Goebbels participated in the council.

Government spokesmen available early today said they did not know whether Hitler had as yet received President Roosevelt's appeal for peaceful negotiation of the dispute. They received the news in an indifferent tone, professed complete ignorance of the message and declined to comment.

### Air Show To Be Held Sunday At Shamrock Field

Special To The News  
 SHAMROCK, Aug. 25. — A free Air Show will be staged at the Shamrock flying field on Sunday, starting at 1:30 o'clock. A special acrobatic stunt will be headed by Jack Van Warner, local flying instructor. A number of Shamrock students will take part in the show. There will be passenger flights in the Cessna cabin plane all afternoon.

Van Warner is a former test pilot for the Redwin Airplane factory and later chief stunt flyer for the McCarthy Air Circus, has come to Shamrock to make his home.

He has had two years flying experience, two of which was for a Venezuela mining company, the only approach to those mines was from the air. He also spent a year in the service of a sky advertising company in Miami, Fla. He recently designed and built a stunt plane for Roy Hunt, well known Oklahoma City flyer, which will be used in a national stunt contest.

In some parts of England, school authorities have provided desks with inwells specially placed for left-handed children.

### Market Briefs

**NEW YORK, Aug. 25 (AP)—**Wall Street saw faint chance of at least a momentary European peace today and traders bid up stock market favorites to around 4 points at the best.

Revelation of hopes that war would be avoided came with the news that Hitler summoned British Ambassador Henderson for a lengthy conference and subsequently talked with the envoys of France, Italy and Japan.

The list displayed mildly irregular tendencies in the forenoon. Sentiment improved when President Roosevelt at his press talk indicated an outbreak of hostilities was not certain.

At the same time, considerable buying was attributed to the belief of financial contingents that war, no war, markets may have been oversold and that, even if there is a world explosion, American industry stands to profit by a sharp demand of foreign nations for supplies unobtainable elsewhere.

**WOOL MARKET**

BOSTON, Aug. 25 (AP)—The Commercial Bulletin will say tomorrow: "The demand for wool continues very sluggish, both as a seasonal matter and also because of the uncertainty in the political situation in Europe. It is noteworthy that England has put no export restrictions on wool, as yet, as has been done with reference to some other commodities. European wool supplies are fairly large for the time being.  Two New Teachers  
 Special To The News  
 SHAMROCK, Aug. 25. — Announcement was made today by P. I. Boston, president of the Shamrock Independent school board of the resignation and replacement of two teachers for the 1939-40 school term.

Miss Florine Clay, third grade teacher in the North Ward school for the past five years has resigned so that she may attend Colorado university at Greeley, Col., for the next nine months; at the end of which she will receive her degree. Miss Marcelle Brewer of Childress has been elected to fill the place made vacant by Miss Clay's resignation. She comes highly recommended having taught seven years at Dalhart and the past year at Roswell, N. M.

Miss Beth Ward, instructor of the second grade in the North Ward school also resigned. It is understood that she is to be married this fall. To replace Miss Ward the board has employed Mrs. Guy Crawford, an excellent instructor, who has been teaching in Wellington for the past several years.

Only one vacancy now remains in the Shamrock system, that of home economics instructor for the senior high school and it is expected that this place will be filled within the next few days, making a complete and efficient faculty for the new term which opens Sept. 4.

**ADOLPH KIEFER III**  
 At Swimming Meet  
 DETROIT, Aug. 25 (AP)—The pace of the National A. A. U. swimming meet stepped up today as one team and three individual titles went on the block at the Detroit Boat Club.

To be decided were championships in the mile, 200-yard free style, 10-foot springboard, diving and the 300-meter medley relay.

Adolph Kiefer was confined to his bed yesterday with what physicians termed summer gripe, and his appearance today to defend his 200-yard crown remained problematical.

Ralph Flanagan, of Austin, Tex., who shared honors with Kiefer last year by annexing three championships, paced the qualifiers in the mile swim in yesterday's only event. He turned in a time for his heat of 21:44.88.

The province of Ontario milled 3,752,632 tons of gold ore, with some silver, during the first five months of 1938. Value of the ore was placed at \$38,863,061.

She comes highly recommended having taught seven years at Dalhart and the past year at Roswell, N. M.

Miss Beth Ward, instructor of the second grade in the North Ward school also resigned. It is understood that she is to be married this fall. To replace Miss Ward the board has employed Mrs. Guy Crawford, an excellent instructor, who has been teaching in Wellington for the past several years.

Only one vacancy now remains in the Shamrock system, that of home economics instructor for the senior high school and it is expected that this place will be filled within the next few days, making a complete and efficient faculty for the new term which opens Sept. 4.

# Big Spring And Pampa Divide Doubleheader

## Hutton Gives Barons Only Three Bingles

BIG SPRING, Aug. 25—Hits were mighty scarce last night when the Pampa Oilers and Big Spring Barons divided a doubleheader, the Oilers taking the first game 4 to 0 with the Barons victorious in the nightcap 5 to 1.

Harvey Hutton limited the Barons to three hits in the opening game and then tried to come back for a second victory but he lasted only five innings. Both games were seven inning affairs by agreement.

Hutton limited the Oilers to three hits in the first game but they came with men on base. Hahn walked five and made an error and Billy Capps

### Turn To Page 10 For Additional Sports

at third came up with three miscues to hand the Oilers the game, only one run being earned. Patterson set the Oilers back with three hits in the second game while his team-mates were getting five. Walton hit a home run with two on in the fifth to set up the game.

Ed Beavers continued to hit the ball, making two of the three hits collected by the Oilers in the opening game. Malvica, made the other hit and scored twice, both times on Beavers' base blows.

Seitz, Nell and Phillips each got a hit in the second game and again Malvica scored, this time on Phillips' single.

The Oilers moved out of here this morning for Lamesa where they play tonight and Saturday night before returning home for a Sunday afternoon game with Clovis and another Monday night.

## THEY'LL BATTLE IN LUBBOCK ON SEPT. 18

The biggest sports attraction in Texas for September will be the ten-round heavyweight prize fight on September 18 at the Lubbock Fair Grounds between Maxie Baer (left) and Lubbock's Babe Ritchie (right) who is expected to lure a crowd of more than 15,000 people through the turnstiles.

former Lubbock High school gridiron star. After two months of dickering Promoters Benny Woodall and Benny Koenig finally signed Baer for the fight and "Pup" Thomas, Lubbock merchant and financial backer of the fight, deposited the ten grand for Baer's guarantee.

will be the most important and easily the most colorful fight in Texas since the boxing game was legalized in this state several years ago. Both fighters are confident of an early knockout. For Ritchie, he will be fighting to gain a foothold in the national fistic spotlight and the pot of gold that goes with such honor. Sandy McDonald, who served as a sparring partner for Baer when Maxie was preparing for the fight with the Oilers and who is now training Ritchie, predicts the Lubbock boy will knock out the Livermore Lar-ruper and become famous overnight.

## Phillies And Dodgers Beat Loop Leaders

By SID FEDER Associated Press Sports Writer

Who said it can't happen here? Who said the Dodgers, on paper, had no chance to make it tough for a National League leader? And who said the fizzle Phillies were a major league club only because they held a franchise?

Well, sir, there they are this morning: The Dodgers with five straight wins, four of them against the very select club that has won a World Series this fall, and the somewhat gasless Gas House Gang from St. Louis, and the Phillies with an even break in four outtings with the same outfits. They topped it off last night when the Dodgers downed the Rheinglanders 4-2 and the Phils flattened the Cards 6-3.

Can it be the Reds and Cards have been reading the sports pages—where the box scores of the New York Yankees are prominently displayed? The Yankees are almost a cinch to the New York Giants 4-3 World Series this fall, and there was nothing to cheer up a prospective rival in the way they piled up 29 hits for an 11-5 win over the St. Louis Browns yesterday.

All this firing, together with a 3-1 night game by the Chicago White Sox, and the Red Sox, left the Yanks nine games on top in the American League and the Reds 5 1/2 in the National. But the Chicago Cubs and Dodgers are coming a running in the senior circuit. The Cubs bumped the Boston Bred 6-1 yesterday to climb within 2 1/2 games of the Cards, and the Dodgers are only 6 1/2 away from Chicago.

Max Butcher won his second straight for the Pittsburgh Pirates, leading the New York Giants 4-3 in a six-inning, Dizzy Trout baffled the Washington Senators and the Detroit Tigers came through 8-1. The Cleveland Indians fired their heavy artillery at the Athletics, banging out 29 hits for a 10-2 and 17-2 doubleheader victory.

# Foxhall Wins Title On 36th Hole From Austin

M'MURRY COACH

Frank Foxhall of Memphis, one of the few great left-handed golfers in the nation, added the Top O' Texas' if crown to his Greenbelt title here yesterday afternoon when he came from behind to defeat Johnny Austin, 20-year-old Pampa youth, on the 36th hole.

Young Austin was enjoying a two hole lead through the 33rd hole and appeared to have the title in the sack when he ran into a streak of tough luck and Foxhall won the last three holes with par.

Art Swanson won the first flight title by defeating R. G. Allen 2 and 1. The game was also for the Cabed company crown. The two were even at the end of nine holes, at the end of 18 holes and at the end of 27 holes even after Allen had fired an eagle at Swanson on the 28th hole. They were also even on the 33rd hole and then Swanson won the next two.

Hagan Wins Crown Frank Mitcham of Shamrock, and Marvin Harris of Pampa battled to the last hole in the championship flight consolation before Mitcham won. Tommy White defeated H. B. Hill, Jr., of Memphis, 3 and 2, for first flight consolation.

Ray Hagan won the senior flight when he defeated Grover Austin, Sr., on the 18th hole. After the morning round of play in the championship flight, Austin was one up on Foxhall. Seven of the next nine holes were halved with Austin winning number three with a par and a number nine with a birdie to go three up.

Then Austin, who has not played much golf this summer because of a badly injured finger, started to fade slightly. His drives became erratic and his putting was off for the first time. Foxhall took a par two in the first hole on the last nine and after another halved hole, Foxhall fired a birdie to win when Austin missed a putt. Par was equalled on the next two holes and Austin won the fifteenth to go two up with three to go.

Foxhall Wins Three Austin was lying about 15 yards in front of the number 15 green in two but his approach shot went over the green and Foxhall won. Both were in trouble on the short 17 hole, Foxhall being in the rough on the left of the green and Austin in a trap at the right. Foxhall pitched in to the pin while Austin banded on the edge of the green. Foxhall's hole.

## Yugoslav Scores Amazing Upset Over Bromwich

BROOKLINE, Mass., Aug. 25 (AP)—Still in the running by virtue of some amazing tennis by one of its one-man gaus, Ferenc Fencsek, Yugoslavia's Davis cup doubles team today faced a crucial match with Australia's world-ranking combination of Jack Bromwich and Adrian Quist.

With the score standing 1-1 in the interzone final tie to determine a challenger for the United States Davis cup holders, the Yugoslavs were uncertain up to match time who would carry the load. Fencsek scored a 6-2, 8-6, 0-6, upset victory over Bromwich.

Which ever team loses the doubles must win both singles matches on Saturday if it is to have a direct shot at the Davis cup. In yesterday's opening contest, Drago Mitic proved no match for Quist, losing 6-0, 6-4, 6-3, and giving indications he would fall prey to Bromwich tomorrow.

Dan Driscoll, a Sabula, Ia., farmer, threw an ear of corn at a fox and killed it instantly.

Climaxing a thorough study of the foreign crisis after his return to the capital, Mr. Roosevelt sent messages to the two men last night asking for a truce and suggesting three methods for ending the Nazi-Polish controversy.

SUNDAY SCHOOL LESSON

UZZIAH: A KING WHO FORGOT GOD. Text: II Chronicles 26:1-5, 16-21. By WILLIAM E. GILROY, D. D., Editor of Advance.

One may say for the comfort of those who have to teach this lesson on Uzziah, "the king who forgot God," that it is a most difficult lesson to teach. One wonders at times why, with so many fine passages in the Bible which are clear and beyond any question as to their meaning and their application to life today, the distinguished

Christian leaders who have selected the lessons should have gone so far out of their way to choose a passage which inevitably involves questions and difficulties. It is not often that one has such a complaint to make concerning the lessons, for most of them are at least very clear in their application. But if any teacher feels himself in difficulties with this lesson, he may take some comfort from the fact that commentators, like the present writer, also do not find it easy.

The facts as recorded in the lesson are simple. Uzziah began to reign as king of Judah when he was 16 years old, and he reigned for 52 years. On the whole his rule is recorded as good, and it is stated that it was right in the eyes of the Lord "according to all that his father Amaziah had done." We are told also that he set himself to seek God in the days of Zechariah, and

that as long as he sought God he prospered. But the record goes on to say that when he was strong and his heart was lifted up, he turned from this good course and acted corruptly. It is especially charged against him that he went into the temple to burn incense upon the altar. The priests, who regarded this as their sacred and holy right, strongly opposed him, and we are told when Uzziah was angry and was proceeding with the censor in his hand to burn incense he was suddenly stricken with leprosy.

The story leaves one with some embarrassing questions. The record we have was probably written by some priestly writer. Was Uzziah's offense a real sin, an act of paganism, or was it merely an ecclesiastical offense, a matter of authority and privilege? It is easy, of course, to modernize the lesson and make it a case of the head of the state intruding and interfering in the offices of religion and to have an offense against our modern American idea of the separation of church and state. But somehow, one would like to have Uzziah's side of the story. Did a king so noble and good, whose reign was so fraught with all that was fine and progressive, suddenly become so arrogant a sinner that leprosy was the natural and just punishment?

Also, are we to teach the young that when they do wrong judgment will come upon them thus quickly and severely? The Bible itself, in its whole teaching, is in conflict with that idea. It teaches clearly enough that sin finds man out, and that evil-doing inevitably and surely brings evil consequences. But it also teaches that these are not always apparent. The Bible speaks of the wicked flourishing and spreading himself like the green bay tree, while at the same time it presents to us the saints of God suffering cruelly and unjustly, but sacrificially, for the sins of others.

If we are to teach a lesson like this with any realism, it must be in the atmosphere of this larger ex-

Hungary And Rumania Will Sign Treaty

BUCHAREST, Aug. 25 (AP)—Authoritative quarters said today's non-aggression pact between Hungary and Rumania "is nearly ready for signature."

They said discussions were "very far advanced" and the proposed treaty had been drawn up. Official quarters in Budapest denied any such negotiations were in progress but declared "there may be something in the future."

Informed quarters here said the conversations had been proceeding between members of the Hungarian legation and the Rumanian Foreign Office.

They declared Germany expressed pleasure at the project. It was recalled that in March Hungary offered a non-aggression treaty to Rumania in return for "better treatment" of the large Hungarian minority in Transylvania.

Recently the Hungarian press has expressed satisfaction with the new treatment accorded Hungarians in Rumania.

Foreign observers declared the conclusion of such a non-aggression treaty between the two traditionally opposed nations would be another triumph for Germany.

It would be a further step toward the complete neutrality of the little nations in southeastern Europe.

Christ-Jesus To Be Lesson-Sermon Topic

"Christ Jesus" is the subject of the lesson-sermon which will be read in all Churches of Christ-Scientist, on Sunday, August 27. The Golden Text is: "The Word was made flesh and dwelt among us, (and we beheld his glory, the glory as of the begotten of the Father,) full of grace and truth" (John 1:14). Among the citations which comprise the lesson-sermon is the following from the Bible: "Heaven and earth shall pass away: but my words shall not pass away" (Mark 13:31). The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scripture," by Mary Baker Eddy: "If men understood their real spiritual source to be all blessedness, they would struggle for recourse to the spiritual and be at peace; but the deeper the error into which mortal mind is plunged, the more intense the opposition to spirituality, till error yields to Truth" (page 329).

Poland Protests Against Elevation Of Albert Forster

DANZIG, Aug. 25 (AP)—Poland protested today to the Danzig senate against the elevation of Nazi District Leader Albert Forster as chief of state of the Free City. Well-informed sources said it was unlikely the Polish note would be answered. The Danzig Vorposten, Nazi organ in the Free City, described the senate's action yesterday as the "final pretense" to the return of Danzig to Germany.
