

United States Is Standing Pat on Reparations Plan

DEATH TOLL IS HEAVY

NO COUNTER PLAN TO BE TALKED NOW

Secretary Mellon and Premier Laval Discuss Moratorium but Reach No Conclusion This Morning.

HERRIOT IS IRED

Former Official Terms Act of United States as "Summary Proceedings of Which We Are Victims."

By The Associated Press. The situation was described as most tense in Paris today after Secretary Mellon again conferred with Premier Laval without reaching an agreement on the Hoover war debt moratorium proposal.

Another meeting was scheduled for this evening. Before it convenes M. Laval will have talked over the problems raised by the proposal with his entire cabinet, which he summoned into session.

In Berlin, Chancellor Bruening and Foreign Minister Curtius received an invitation to an informal conference with Premier Mussolini in Rome. They accepted immediately. The date for the meeting has not yet been fixed.

Belgium Has Reply The Belgian cabinet considered a rough draft of its reply to the Hoover plan. The reply will be cabled to Washington tonight.

Former Premier Herriot of France, speaking at a meeting of radical socialists protested against "the summary proceedings of which we have been the victims."

WASHINGTON, June 29. (AP) — Acting Secretary Castle of the state department announced today that the United States would accept no counter proposal to President Hoover's debt moratorium plan which did not fall completely within the purpose of the chief executive's proposal.

Points at Issue "No agreement has yet been reached with France for the reason there are still some technical points to be settled," Castle said in a formal statement. "The United States will accept no offer which does not fall completely within the spirit and purpose of the president's proposal."

The statement was issued after the acting secretary talked by trans-Atlantic telephone with Secretary Mellon in Paris.

Because of a bad connection the conversation was unclear, but it afforded Castle sufficient information on the progress of the Franco-American negotiations in Paris for him to give a report to President Hoover upon his return from the Rapidan.

Shawnee Man Is Shot to Death

CUSHING, Okla., June 29. (AP) — George Masquat, 45, of Shawnee, Okla., was shot and killed near here last night by three youthful holdup men, who fled on foot after the shooting.

Masquat was visiting his mother here with his son. They said the three were driving and had parked about two miles east of here.

They noticed a truck pass and release them several times before three boys, handkerchiefs over their faces, approached them. When Masquat rose to get out of the car, one of the boys fired a shotgun into his face.

Payne county officers were notified and bloodhounds from the state prison at McAlester were expected to aid in the hunt today.

SAYS LETTERS AUTHENTIC NEW YORK, June 29. (AP) — District Attorney Elvin Edwards announced today that letters from Starr Faithful to Dr. G. C. Jameson Carr in which she threatened suicide were authentic.

From the time her body was found in the surf at Long Beach the girl's father insisted she had been murdered and when the suicide letters were produced he asserted they were forgeries.

Miss Nova Armstrong and Mrs. Amy Kimball of Fort Worth who have been visiting in the home of Mr. and Mrs. J. L. Stroope, left today to visit relatives at Fort Worth, Tex. They will return to Pampa Friday.

THE WEATHER

WEST TEXAS: Partly cloudy, probably showers in south portion tonight and Tuesday.

—AND A SMILE FREDFORD, N. Y. (AP) — Maybe the film could be turned into a good comedy. The entire fire department was busy at a synthetic fire in an old house, helping to make a movie about the city. A net was spread. The heroine was ready to jump into it. Came an alarm for a real fire. Firemen dropped the net and hurried away to more pressing duties, leaving the heroine poised on a sill.

LITTLE RELIEF IS SEEN IN HEAT WAVE GRIPPING NATION

Good Harvest Weather Is Hard on Residents of Other Sections; 200 Die

By The Associated Press. Much of the nation was moving feebly today against the seventh consecutive day of oven-like temperatures.

From the Rockies to the Atlantic seaboard, and from a short distance below the Canadian border to the Gulf, the heat bore down with merciless impartiality. There was scant hope of relief before Tuesday.

Upwards of 200 have died during the current wave. Cattle were reported dying in the fields of Iowa, Illinois and other middle-western states, which are bearing the brunt of the soaring temperatures. In Iowa the crops were suffering what agricultural experts termed an "irreparable damage."

At least 46 persons died yesterday in Illinois where the thermometer hovered around the century mark. In Chicago alone 30 deaths were attributed to the heat. In other middle-western states the death list mounted.

Temporary relief came to some sections of the northern states—the Dakotas, Minnesota, and northern Michigan—in drizzling rain, but no general showers served to alleviate the blistering heat. Millions throughout the nation sought relief at beaches, where many were drowned.

Continued warm weather for Illinois, Iowa, Missouri, Indiana, Wisconsin, Minnesota and other central states were predicted. There were possibilities of local thunderstorms in northern Wisconsin, western Minnesota, and central Iowa.

Temperatures in Kansas and Oklahoma ran around 100, with Altus, Okla., having 103. The northern Rocky mountain area was hotter than usual, with the southern mountains having temperatures unusually common. There were four deaths in St. Louis and one in Kansas City.

MUCH WHEAT RECEIVED PORT WORTH, June 29. (AP) — Two-day receipts of 715 carloads of wheat on the Fort Worth market Monday receipts were estimated at by the trade to be one of the big weeks of the new crop year.

Total receipts here last week—the first to mark a heavy movement of the new wheat—were 1,244 cars. Cash payments for Sunday and Monday receipts were estimated at \$225,000 while about \$1,500,000 was paid out from Fort Worth to grain shippers the preceding week.

County officers' war on beer and whisky vendors raged with unabated consistency during the weekend, when officers of the sheriff's and constable's departments made five successful raids.

Approximately 700 bottles of beer were confiscated at LeFors and Pampa yesterday. Saturday afternoon, 1,500 bottles of beer and 75 gallons in jugs was confiscated. In the last 10 days, county officers

have raided 14 places and have made arrests at each place. Defendants paid fines of \$14.50 each in justice court.

Last night, city officers under Assistant Chief Cottrill seized 200 bottles of beer, 300 empty bottles, and beer-making equipment in south Pampa.

Sheriff Blanscet today had jail trustees moving empty bottles, crocks, and bottle cappers out of the courthouse basement to make room for more prohibited beverages. The liquor vault in the sheriff's department has been full for over a

month, and the sheriff has been storing "evidence" in the basement. As a result of the raids made during the last 10 days, the basement room is almost full.

The raiding party includes officers of both the constable's and sheriff's departments. They are Deputies Harris King, Floyd Archer, and O. T. Lindsey and Frank Jordan, deputy constables. Their daily "cruise" starts about 2:30 o'clock in the afternoon and continues until midnight. Sheriff Blanscet has declared that he's going to "knock over" every beer joint in the county.

VLADIVOSTOK, June 29. (AP) Wiley Post and Harold Gatty resumed their globe girdling dash at 6 p. m. today when they took off at Khabarovsk for Nome on a projected non-stop flight of 2,100 miles across the North Pacific.

The weather report at the time of the take-off (3 a. m. Central Standard Time) appeared favorable and the fliers departed suddenly. The day was calm and the visibility fair, although the distant horizon was clouded.

Despite the fact they had worked throughout last night and virtually all of today examining and testing their plane, the birdmen were confident they would reach Nome quickly and safely.

Conditions about the Kamchatka peninsula, which lay in the path of their flight, were variously reported as stormy and fair.

The fliers believed weather conditions were all that could be desired and anticipated a speedy and uneventful passage over the Straits of Tartary, Kamchatka, and the Bering Sea. The weather over the Bering Sea was reported good.

Post and Gatty received a great sendoff from Russians and foreigners alike.

Communication between here and Khabarovsk threatened to be slow in reaching here as the lines suddenly were interrupted.

NEW YORK, June 29. (AP)—Three trans-Atlantic planes, ready to hop off for various parts of the eastern hemisphere were held back at Roosevelt field today by reports of North Atlantic rainstorms.

Russell Boardman and John Polansko of Boston expect to start their Constantinople flight tomorrow. Fangborn and Herndon may take off today on a round-the-world flight. Alexander Magyar and George Erdrez, Hungarian fliers, have not decided when to start their Budapest trip.

TWO OF THE BANDITS were captured. Several thousand dollars seized by the quartet in the bank was recovered when the bandits deserted their automobile, leaving the cash on the back seat, after a chase of a dozen blocks across the city.

The chase started when the four came out of the bank and started away in their car, just as a police automobile rounded an adjacent corner on a quick summons from tellers in the bank.

The bandits opened fire as the police started in pursuit, one of their bullets hitting James Jennevine, 29-year-old police chauffeur, in the shoulder.

After a dozen blocks, the bandits stopped their car suddenly leaving it at the curb as they dashed into a house. Here, police lost track of two of them and the other emerged quickly from the rear and hopped into a parked car, again speeding away. Additional police cars which had been following the chase took up the pursuit and crowded the fleeing car to the curb within a few blocks, capturing the two occupants.

A cabinet meeting of the Senior Epworth League, First Methodist church, will be held this evening at 8:15 o'clock at the church for the purpose of nominating officers for the new year.

COL. C. T. HERRING, LONG PROMINENT CATTLEMAN, DIES

First President of W.T.C.C. Is Victim of Brief Illness at Amarillo, Today.

AMARILLO, June 29. (AP) — Col. Cornelius T. Herring, 81, native Texan and pioneer banker, cattleman, and financier, died here this morning after an illness of only a few hours.

Born in Sherman county, Texas, Nov. 13, 1849, Colonel Herring had spent his entire life in Texas. He boasted of the fact that he had never worked a day for wages, although he was thrown on his own resources at the age of 13.

By trading in cattle in a small way and raising a small crop of wheat he accumulated \$200 during the first year after he left home, and with this as a nucleus he entered the cattle business. At the time of his death he was reputed to be worth more than \$100,000.

In his early days he ranched in Archer, Comanche, and Kiowa counties. In 1889 he moved to Vernon and established the Herring National bank. He moved to Amarillo in 1907 and made his home here since that time.

Colonel Herring erected Amarillo's first five-story hotel, the Palo Duro, and later built the \$1,000,000 14-story Herring hotel. He was the first president of the West Texas Chamber of Commerce and had served as president of the Tri-State Fair association.

Every Hour Counts as Hour to Notify Denver About Guarantee Nears.

The fate of the Fort Worth and Denver railway rests upon the report of right-of-way committees will make at a meeting to be held at the chamber of commerce at 4 o'clock this afternoon.

Before 8 o'clock this morning, approximately 30 men, the same group which has been working for 10 days to bring the railroad to Pampa, gathered at the city hall. A few minutes later they hurried out with subscription blanks, intensely aware that every hour brought the deadline, set by Denver officials, nearer. These men quit their offices last week and have been devoting all their time to soliciting funds to buy the right-of-way. They believe that

the Denver would make Pampa's future secure. Before night, these men hope to raise \$60,000 to purchase right-of-way and terminal facilities. Whether a right-of-way guarantee will be furnished the Denver will be decided this afternoon. If the guarantee is not furnished, construction of the line will be indefinitely postponed.

The solicitors this morning were advancing their pleas and arguments to a small number of wealthy property owners who, though they expect to profit by the railroad, have refused to make a contribution. Most of the number who have given, gave "until it hurt." Property owners and wage earners, alike, seemed to be short of money, and many gave, feeling they could ill afford it, but they expressed confidence in Pampa's future by giving notes.

Crosby Is Asking Dismissal of Case ARDMORE, June 29. (P)—District Judge John B. Ogden today set July 20 to hear application of Cecil Crosby, former Carter county deputy sheriff, to dismiss the case in which Crosby is charged with slaying Emilio Cortes Rubio, cousin of the president of Mexico.

NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone knowingly and if through error it should, the management will appreciate having attention called to same, and will gladly and fully correct any erroneous statement made.

W. E. Guess, charged jointly with Crosby and granted a severance, was acquitted by a jury in Judge Ogden's court Saturday. Both deputies still face charges of killing Manuel Garcia Gomez, Rubio's companion. The two were slain by the officers on the highway here June 1. Guess said he fired the fatal shot.

I HAVE MY DREAMS ABOUT THE VALUE IN A BALL PLAYER SWINGING TWO BATS AROUND, BEFORE HE STEPS UP—I'VE SEEN TOO MANY SHOP GUYS SWINGING TWO SHOP SHOES AROUND BEFORE STEPPIN' OUT.

There is a lot of good sense to that remark. Sometimes it seems as if the United States today had too many professional musicians—a lot of whom, by the way, are not eating regularly these days—and too few amateurs. Parents are always willing to stand the expense of musical training if they believe that their young hopeful can cash in on it when he goes out into the world.

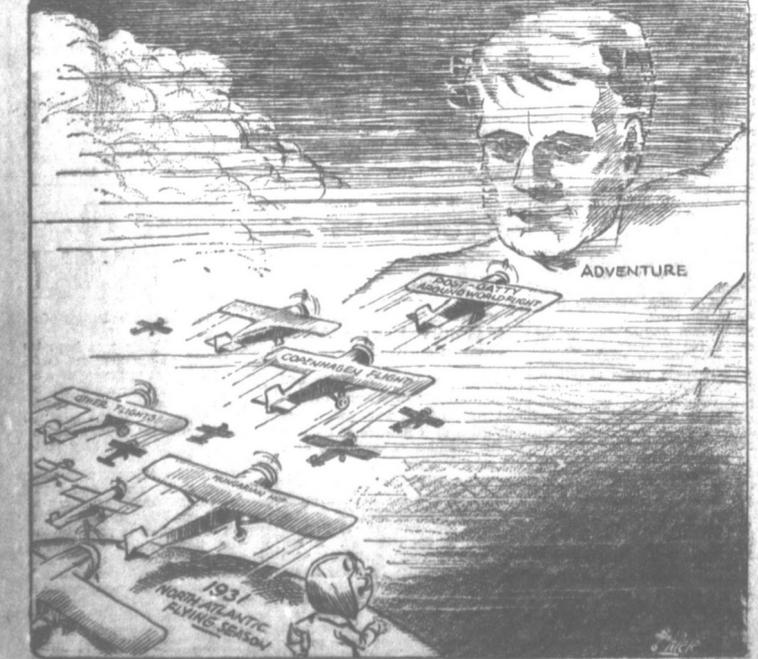

Judge Ogden declined to rule on Crosby's motion to dismiss today because of the absence of representatives of the attorney general, governor, and the Mexican government, who assisted the county attorney Marvin Shilling, in the Guess trial. Crosby's attorneys first demanded immediate trial, and when advised the district court funds were virtually depleted, offered to waive a jury and go to trial before the judge. Judge Ogden, however, said he would prefer to have the evidence placed before a jury. Shilling also said he desired a jury trial.

Some FEMININE Fancies

Jean Camp, daughter of Mr. and Mrs. L. I. Camp, has gone two years to the local Presbyterian Sunday school without missing a Sunday.

Yesterday morning was children's day at the Presbyterian church, and the morning service was conducted almost entirely by children under the direction of Mrs. D. W. Canfield.

We read on page 1 that Miss America makes her own dresses. Just another reminder that few tasks are too lowly for those possessing elements of greatness.

NEWS-POST golf widows had their share of the fun yesterday. While their sunburned husbands sat on the benches too tired to move, the wives donned their swimming suits and swam and played in the Miami pool.

That was the motto of the men before supper—but then came the chicken and a hill climb followed. They are still wondering if they will survive.

Speaking of picnics, here is a bit of etiquette: Most sandwiches are held with the fingers and eaten without being broken or cut. The club sandwich, however, may be broken a moment at a time, with the blunt edge of the fork.

CHURCHES

CHRISTIAN SCIENCE CHURCHES The subject of the lesson-sermon was "Christian Science" in all churches of Christ, Scientist, Sunday, June 28.

"Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee," was the golden text; from Isaiah 60:1.

The lesson-sermon included the following passage from the Bible (Lamentations 3:2): "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

This paragraph from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, was also included in the service (p. 546):

"Christian Science is dawning upon a material age. The great spiritual facts of being, like rays of light, shine in the darkness, though the darkness, comprehending them not, may deny their reality. The proof that the system stated in this book is Christianly scientific resides in the good this system accomplishes, for it cures on a divine demonstrable principle which all may understand."

Federal Agent Is Shot During Raid

NEW ORLEANS, June 29. (AP) — A federal prohibition agent and a resident of Plaquemine Point, north of here, were shot and wounded today when a raiding party attempted to make an arrest at the Point.

C. W. Prather of New Orleans, the agent, was shot through the shoulder. Joseph Alcaido, who was wounded in the leg, told officers he resisted their entrance into his home, believing the agents to be bandits.

The shooting occurred when Agent Prather, Agent Emmett S. Ferguson and U. S. Deputy Marshal Frank Lower, seeking Joseph Hymel, a fugitive since last May, approached Alcaido's house under the impression that the man wanted was there.

They said their rap on the door was answered by a bullet through the panel and Prather fell wounded. Marshal Lower returned the fire through the door and then broke it open to find Alcaido lying on the floor, shot through the leg.

Alcaido denied that he knew the fugitive, sought and said he thought the agents were attempting to hold him up.

REV. GREGORY NOT TO COME TO THIS CITY

The Rev. J. I. Gregory of Miami declined Sunday to accept the pastorate of the Central Baptist church, Pampa, which was offered him a week ago. When Rev. Gregory put the matter of his possible resignation before the Miami conference, there was strong protest. Action will be taken this week toward the selection of another pastor to succeed the Rev. D. H. Truhitte, according to announcement of Miss Mary Burks, church secretary and young people's worker. Rev. Truhitte resigned because of ill health.

Robbins Prepares Plane for Flight

FORT WORTH, June 29. (AP) — Jack Robbins, 8, son of Mr. and Mrs. Reg L. Robbins, this afternoon will officially christen the plane in which his father and H. S. Jones, Fort Worth oil man, hope to make a non-stop flight from Seattle, to Tokyo for the \$25,000 prize offered by the Japanese newspaper Asahi. The fliers expect to leave here at 4 a. m. Tuesday for Seattle, starting point of the flight.

Robbins and Jones were making last minute arrangements and were rechecking maps and meteorological charts. The "Fort Worth," a trim, white Lockheed Vega, occupied the center of attention at the airport. The scene resembled that of a little more than two years ago, when another "Fort Worth" awaited the takeoff of a record flight. It was that ship which carried Robbins and the late Jim Kelly to a new world's endurance record.

Miss Donnie Lee Stroope, student at W. T. S. T. C. summer school, spent the week-end visiting her parents, Mr. and Mrs. J. L. Stroope.

By SUE McNAMARA

WASHINGTON, June 29. (AP) — Marriage—that is, a happy marriage—still is the ideal existence for a woman, in the opinion of Blanche Sweet, slim, serious, blue-eyed blond "veteran" of the screen.

Though in the Hollywood atmosphere nearly 20 years—she entered pictures when she was 13 and now gives her age as 32—the girl who brought Anna Christie to the screen has had only one marriage.

But the years when she was Mrs. Marshall Neilan, wife of a motion picture director, meant more to her, she candidly admits, than her career on either stage or screen. In a playlet which lasts 30 minutes she is having her first taste of facing an audience in person instead of through the camera.

Her 71-year-old grandmother, Mrs. Blanche Alexander, is traveling with her and apparently enjoying the novelty.

In the dressing room of the theater the little blond veteran talked seriously: "Marriage with the right person still is the happiest existence for a woman in spite of all the career opportunities now open to her," she said.

"But people change so even after they are married. Each develops new tastes, new interests. I tried to make a success of my marriage — we both did—but it failed."

"But other marriages fail, even when the wife is not having a career," she said. "I guess marriage ought to be taken more seriously — just made the one big ultimate thing that people don't contract until they are very, very sure of themselves and each other."

As for the screen, Miss Sweet believes that girls who do not have too pronounced personalities, which limit them to certain types and plays, have the best chance of success.

Former Olympic Champ Is Injured As Plane Crashes

CHICAGO, June 29. (AP) — Betty Robinson, winner of the 100-meter dash for women in the 1928 Olympic, today lay critically injured — her athletic career probably shattered by an airplane accident.

The 19-year-old Northwestern university student yesterday suffered injuries that at first were believed fatal, when a plane in which she was riding fell from about 400 feet. The plane was piloted by her cousin, Wilson Palmer, who also was critically injured.

Miss Robinson suffered fractures of her left leg, left arm, right hip and possibly a skull fracture. An X-ray examination was to be made this morning to determine if she had been internally injured. She was semi-conscious at midnight.

The accident occurred over an abandoned airport and was witnessed by parents of both victims of the tragedy.

LIFE SAVINGS STOLEN

TYLER, June 29. (AP) — The life savings of Mrs. A. C. Faulkner, 73-year-old rooming house proprietor, were taken last night by a burglar who stole her money belt containing \$3,400. There were \$1,900 in one dollar bills and \$1,500 in 10-dollar bills in the belt, Mrs. Faulkner said.

Mr. and Mrs. J. H. Blythe and small daughter, Betty Jane, are visiting relatives in Enid, Okla. They will return by tomorrow.

Conservation Plan Talked at Session of Oil Producers

AUSTIN, June 29. (AP) — The advantages of oil conservation in general rather than of any specific plan were discussed at the start of the East Texas proration hearing here today before the railroad commission.

The crowd was so large that the hearing had to be transferred from the railroad commission room to the senate chamber. The commission was considering establishment of a new proration order for the East Texas area.

Robert R. Penn, chairman of the central proration committee, which has consistently advocated conservation, said "the time has come for everyone to make sacrifices and whatever compromises necessary to save the oil industry."

"If the commission does not have the authority to enforce its orders, we think there should be additional laws to give it that authority," Penn stated.

Penn said his organization would be for any plan which would provide reliable and equitable takings, would hold production within the market demand, and would bring about immediate connection of more than 160 wells at present unconnected.

E. V. Foran of Fort Worth, new technical advisor of the central proration committee, talked of the damage that had been done to the new field by water encroachment. He said unchecked production caused the water intrusion.

WORTH CATS BELIEVE DEAN IS GREATEST HURLER

'DIZZY' WINS TWO TILTS IN SINGLE DAY

Buffaloes and Exporters Will Fight for Leadership of First Half. By BILL PARKER Associated Press Sports Writer. Monday's Calendar Houston at Fort Worth, night game. Beaumont at Wichita Falls, day game. Galveston at Shreveport, night game. San Antonio at Dallas, two night games.

Sunday's spotlight player "Jerome" "Dizzy" Dean. Pitched and won a double-header from Fort Worth.

The St. Louis Cardinals and Fort Worth Cats should engage in a debate, with Jerome "Dizzy" Dean as their subject. Several weeks ago, the Redbirds returned "Dizzy" to the Houston Buffaloes, aged "For More Experience." Maybe the Cardinals were right—maybe "Dizzy" is not a first-class chucker, but the Cats are ready to shout from house-tops that "Dizzy" is the world's supreme pitcher. Sunday at Fort Worth Dean pitched the Fort Worth club out of the first half pennant race. He won a double-header against them, the first 12 to 3 and the nightcap 3 to 0.

Dean's double triumph over the Cats plus Beaumont's twin victory over Wichita Falls, left the first half Texas league flag marathon strictly up to the Buffaloes and Exporters, with only two days left. Monday found these two clubs deadlocked with percentages of .628. Houston closes the first half against Fort Worth. Beaumont closes against Wichita Falls, and in the meantime, critics are trying to figure some way to keep the first half from ending in a tie, for the two leaders are favorites in their final two first half games.

By beating Fort Worth a double-header Sunday, Dean won his 12th and 13th victories this season against 5 defeats. Dick Whitworth opposed Dean in the first game but was shelled from the mound in the seventh when the Buffaloes uncorked a four-run rally. In the second game, Dean turned in seven innings of some of the finest pitching the league will see. He held the Cats to three hits. Bednar, Fort Worth's new pitcher, started for the Cats but gave way to Hardaway in the seventh.

At Wichita Falls, Del Baker's hustling Exporters plastered the Spuders 8 to 6 and 6 to 4 to stay ace high in the race. In games which had no bearing on the first half race, the Dallas Steers split a double-header Sunday with San Antonio, 11 to 4 and 1 to 0. At Shreveport, the Sports and Galveston Buccaneers divided a pair with Shreveport winning the first 10 to 2, and losing the second, 3 to 2.

Spanish People Put Approval On Ouster of Alfonso

MADRID, June 29. (AP)—Former King Alfonso, exiled to France, had his answer from the people of Spain today in the form of a national assembly overwhelmingly republican in political outlook.

On the basis of incomplete returns, Minister of the Interior Miguel Maura issued a statement indicating that the conservative and monarchist bloc, dominated by Agronomical President Nieto Alcala Zamora, had won a majority of the 470 deputies seats yesterday in the first elections since the fall of the monarchy.

While the complete vote may not be tabulated until tomorrow, all members of the cabinet with the possible exception of the president himself, were held certain of election. Observers interpreted this as placing the stamp of the people on the banishment of Alfonso and indicating that the permanent government will be formed on the general lines laid down at the time of the revolution.

At least six persons were killed in attendant disorders throughout the nation. Although the capital mainly was quiet, a mob attempted to attack a priest and burn his church in a suburb on the ground that he had barred for votes. He was rescued by police.

Official returns showed that Col. Francisco Macia, provisional president of Catalonia, captured Barcelona and the province, with the Catalan regionalists second and Foreign Minister Alejandro Lerroux's radical republicans third. Major Franco and his supporters were defeated in Seville, surprisingly enough, but he was elected from Barcelona, riding in on the tide of the Macia victory. He telegraphed President Alcala Zamora denying he had fomented an uprising in Seville and describing his arrest as "span kidnapping."

The scores were, 6-3, 2-6, 6-7, 7-5, 6-1.

BIG HEAVYWEIGHT FIGHT MAY NOT BRING IN OVER \$300,000, BACKERS SAY

Schmeling Looks Good as He Pleases Large Crowd of Fans Sunday.

BY CHARLES DUNKLEY Associated Press Sports Writer CLEVELAND, June 29. (AP)—The Stibling-Schmeling world heavyweight championship fight dedicating Cleveland's new \$3,000,000 municipal stadium next Friday night will be no million dollar affair, but if it draws \$400,000 there will be no wails of protest from the promoters. This was indicated today when officials of the Madison Square Garden corporation of Ohio declared they would be "extremely satisfied" if the gate receipts hit the \$400,000 mark. Figures revealed for the first time showed \$176,000 in cash already in the bank, with \$89,000 to be added in reservations certain to be picked up.

The advance sale counting reservations, amounts to \$266,000, thus assuring financial success for the fight. The promoters hope to dispose of another \$150,000 worth of tickets between today and Friday. If the fight draws \$300,000 which it already seems assured the Madison Square Garden corporation will have a profit of approximately \$1,000. Stibling and Schmeling will get 52 1-2 per cent, with the champion getting 40 per cent of this amount.

Both Stibling and the champion were resting today, their hard training finished. Except for a little boxing tomorrow night, Stibling finished his five-week training grind last night with four rounds of boxing, another round shadow boxing, and still another punching the bag. He worked out before 3,500 spectators, the largest crowd that had seen him in action since his camp was opened. After hitting the showers Stibling jumped on the scales and tipped the beam at 188 pounds, which is the weight he hopes to carry in the ring when he meets the German title holder.

Schmeling worked out before a crowd of 4,317 spectators who paid one dollar admission to his camp at Conneaut Lake park. His work was impressive and hearty satisfaction to his handlers. The German boxed four rounds, three against George Panka, Pittsburgh heavyweight, and the last against Tony Marullo, the New Orleans veteran. Schmeling set a burning pace and smiled a wide open, toothy smile of thanks for the hearty greeting accorded him by the largest crowd that ever jammed his training camp.

The referee question was the important issue of today, with the Cleveland Boxing commission meeting to make its decision on the third man in the ring and the judges. Dick Dunn, representing the Madison Square Garden corporation of Ohio, intends to appear before the commissioners and demand that the officials be named before tonight.

SEASONAL STUFF SOUTH BEND, Ind., June 29. (AP) While the thermometer stood at 103, Mr. and Mrs. Palmer Ice of Fairmont, Ind., and Mrs. C. E. Winters of Buffalo, N. Y., registered at a local hotel yesterday. Arrowheads made from purified palm trees were used to shoot game by the Indians of the old southwest. France, one of the greatest wine-growing countries, has elected a water-drinking president, Paul Doumer.

White Deer found it comparatively easy yesterday to subdue the Pampa All-Stars in a 14 to 6 win at Gulf park. The All-Stars had no trouble in hitting White Deer's Austin at times, but the big difficulty was in their failure to smack his fast ones when they had two and three on bases. Then too, the fielders on the Carson team had a trick of salvaging what should have been hits. Nichols and Catty comprised the All-Star battery. Lassiter caught Austin's balls behind the bat.

BUS IS BURNED SAN ANTONIO, June 29. (AP)—Flames which broke out under the floor of a Greyhound bus 18 miles from here on the Austin road, roiled 30 passengers and the driver and almost totally destroyed the bus and some baggage early today. W. B. Meyer, the driver, discovered the flames and drew up at the side of the road and directed an orderly exit of the passengers.

Londos To Meet Ray Steele For Title Engagement

NEW YORK, June 29. (AP)—Jim Londos, regarded by the New York state athletic commission as the world's champion heavyweight wrestling champion, defends his title against Ray Steele at the Yankee stadium tonight. One quarter of the receipts goes to the milk fund, sponsored by Mrs. William Randolph Hearst.

The match is the first big one ever to be held outdoors in New York. Jack Curley, the promoter, estimates the proceeds will be \$200,000, exceeding the record gate of \$94,000 set by Frank Gotch and George Hackenschmidt in their Chicago match in 1911. Indications point to a crowd of 50,000.

Londos will weigh 200 while Steele will scale at 214. Londos is 5 feet 8 inches while Steele is 6 feet. AIMEE'S MOTHER MARRIES LONGVIEW, Wash., June 29. (AP) Mrs. G. E. Hudson, the evangelist mother of Aimee Semple McPherson, was honeymooning today somewhere in the Pacific northwest after a secret marriage at midnight Saturday on the banks of Lake Sacajawea in the heart of Longview.

The former Mrs. Minnie Kennedy was married in a ceremony advanced from 2 p. m. yesterday because newspapermen had found out her plans. Attempts to locate her and her newly acquired husband were unsuccessful last night. Dr. C. J. Barborika, Mayo Clinic physician, said an incomplete diagnosis showed that H. J. "Hunk" Anderson, Notre Dame senior football coach, was in a serious condition.

KANSAS IS HOT Tidings from Wichita in the nationwide poll being conducted on the merits and faults of the new larger and lighter golf ball are most uncomplimentary to the U.S.G.A. The Wichita Beacon ran a ballot and during the next few days 786 golfers good and true mailed in their opinions. The early vote was: Against the new ball, 704; in favor of the new ball, 82.

KNOXVILLE KNOX IT Though not as much heat was engendered at Knoxville, Tenn., as that shown around Wichita, Knoxville has gone on record pretty definitely against the new ball. Out of 67 replies received, 62 were against the new ball. The same reasons cited in other cities—untrue padding, loss of distance, etc.—were given at Knoxville, writes Bob Wilson, sports editor of the News-Sentinel.

MARRIED FIFTH TIME SAN DIEGO, Calif., June 29. (AP) Married for the fifth time, Sagenia Bankhead, daughter of Representative William B. Bankhead of Alabama, and cousin of Tallulah Bankhead, stage and screen actress, was honeymooning along the south Pacific coast today. She became the bride of Ennis Smith, New York business man, in a Mexican ceremony performed by Judge Rodrigo Loyo at Rosarita Beach, Lower California, 15 miles south of Tijuana Saturday night.

NEGROES INJURED Two men, both negroes, suffered painful lacerations and bruises about 9:30 o'clock Sunday morning when the automobile in which they were riding on South Barnes street overturned twice. They were taken to a local hospital for treatment. One of the victims suffered a long, deep gash over one eye. The car was badly wrecked. The grave of Capt. John Gwinn, former commander of Old Ironsides, has been found in a tumbledown cemetery now being abandoned. A new high mark for population in the Missouri State penitentiary was reached when the noon count showed 4,503 inmates.

It may or may not be significant regarding a forthcoming complete reconciliation between the athletic forces of the United States Military and Naval academies, natural rivals if any ever were, but there is a rapidly growing spirit of cordiality manifest by both parties. It was conspicuous along the highlands of the Hudson in connection with the Poughkeepsie regatta this June. Not only did Army officials entertain the Navy's representatives, but the cadets were Sunday hosts to the middle oarsmen two days before the boat races. Military voices were loud in the cheering that followed the surprising but none-the-less merited triumph of the Navy's varrity oarsmen over Cornell's champions in the four-mile classic of the regatta. The Ohioans will be welcomed there at any time they wish to row, according to Maxwell Stevenson of Columbia, the chairman of the board of stewards. It may be two or three years, however, before Marietta, feels sufficiently confident of its resources to join the flotilla on the Hudson in June.

Champions All

Three young men looking for trouble are these husky athletes, pictured at a training camp at Orangeburg, N. Y. Tiny Cannonieri, left, lightweight boxing champion, is shown with Jim London, wrestling title-holder, and Mickey Walter, right, middleweight champion who has an eye on the heavyweight crown. London was training for his match with Ray Steele, and Walker for the forthcoming meeting with Jack Sharkey.

Sport Slants

Stanford has shown no immediate desire to resume rowing as a major sport, but the Indians always will have for inspiration the recollection of the great fight waged against Cornell in 1915. Southern California may be tempted to take up crew racing, under the stimulation of the Olympic competition at Los Angeles in 1932. Certainly the opportunities for development of rowing in the far west are particularly bright, with California and Washington already well established in the sport. California's 1928 crew won the Olympic title in the three major sports of football, track and crew on the eastern front. Stanford has been victorious in track and football, Southern California in track only. The Golden Bears beat Pennsylvania in their only cross-country gridiron jaunt, two years ago. They were the first to score for the far west in the I. C. A. A. track and field championships, in 1921. They made their debut at Poughkeepsie the same year, finishing second to the Navy, and won the 1928 varsity race in record-breaking time.

Grid Classic to Gotham Army's traditional gridiron joust with Notre Dame is booked for New York City for the next two years by way of compensating Gothamites for the disappointment of seeing this classic transferred to Chicago last season. Toledo, O., June 29. (AP)—Old home week is here at last for the long-suffering golf professionals. A national open championship is on and a certain young amateur named Bobby Jones no longer haunts their dreams of winning the grandest prize of American golf. Jones' threatening shadow has been lifted from the field at last, and the tonic of his retirement from the big show has seized the imaginations of the pros. They all have become fired with new hopes to win the coveted crown. To anyone who has followed the national open struggles for the past decade the change can easily be noticed. Instead of the muttering question "who's going to beat Bobby?" the question today was "who's going to win?" It was a wide open fight and the long subdued professional iron wielders could be seen almost everywhere—on the golf course, hotel lobbies, and street corners—seriously discussing every pitfall on the championship invariance layout as if they were going to win this time. Several amateurs were entered in the 72-hole championship battle which opens Thursday and ends Saturday over the trouble-fested Inverness course, but none of them was granted even an outside chance Virginia "mountains."

LeFors Is Winner Over Barbers As Ross Hurls Well Ross' pitching and batting, augmented by careful, quick fielding of his LeFors mates, were important factors in a 16-3 win over the Pampa Barbers at LeFors yesterday afternoon. Ross went to bat five times and cracked out two doubles and two singles. As a chucker, he was in fine fettle, hurling eight hits, Ellis and Farley, allowing eight hits. Barbers were hit 16 times. Ellis was shelled out of the box in the seventh. LeFors made three errors, and the Barbers, eight. Flynn caught for Ross, and Cockeril for the Barbers.

Old Baldy McMamus Cornell has built up many great rowing traditions, but one of the richest will cling to the achievements of Peter J. ("Old Baldy") McMamus, who will complete his college career at the age of 32 next year as commodore of the Big Red navy. From a farm overlooking the Hudson, McMamus as a boy saw Pop Courtney's great crews gain many a victory before he yielded in manhood to an urge to acquire a belated college education and pull a sweep for Cornell. Square-jegged and powerful, he has been a conspicuous factor in the Ithacan's comeback under Jim Wray.

Absence of Bobby Jones Is Tonic To Other Players as Golf's Finest Prize Is Offered at Toledo Course The name of Johnny Lehman of Chicago, a lion-hearted youth with a fine game and the nerve it takes to win this major championship was mentioned briefly, but no one considered him a serious threat. It looked like a big romp for the professionals for once all the way. If any one professional was singled out of the field of 148 to beat, he was Tommy Armour of Detroit, the present "Bobby Jones of the pros." England as well as America, will contribute serious contenders for the vacated throne. All ten Ryder cup players on both teams have entered the fray with Walter Hagen, Gene Sarazen, Denmark's Gunn, Johnny Farrell, Leo Diegel, Al Espinosa, and Billie Burke the big contenders from the American team, and Arthur Havers, W. H. Davies, Abe Mitchell and Charles Whitcombe the hopes of the British team.

ROBINS BLAZE HOT TRAIL IN RECENT TILTS

For Two Weeks Brooklyn Has Been Winning on All Fronts.

By HUGH S. FULLERTON JR. Associated Press Sports Writer. The Brooklyn Robins have had a hard time trying to live up to the predictions made about them. Apparently strengthened by off-season trades, the Robins were expected to jump right into the thick of the pennant race, but started off badly and have only recently begun to show what they really can do.

About two weeks ago, the Robins began to hit their best stride. Since then they have lost only one game, a "hard luck" contest which went to the St. Louis Cardinals despite Dazzy Vance's three-hit pitching. The Robins looked like champions yesterday, as they easily trounced St. Louis 10 to 4. Ancient Adolfo Luque gave ten hits and became the seventh Brooklyn pitcher to go the route in ten games.

The defeat cut the Cards' margin to 11-2 games before the start of a series with the second place New York Giants. The New Yorkers clouted the Cincinnati Reds for a double victory yesterday, winning the first game 47 to 5 and taking the second 10 to 4. The Boston Braves completed their conquest of the Chicago Cubs by slammung out a 9 to 1 victory in the first half of a double-header and came from behind to earn a 2-2 tie just before the Sunday 6 o'clock law halted the game.

The St. Louis Browns continued their amazing winning streak in the American league by taking two 5 to 4 decisions from the Boston Red Sox. It gave them a record of eight straight victories and 11 in their last 12 games. Philadelphia's Athletics increased their margin over Washington to 21-2 games by winning two games from Detroit while the Senators could get only an even break in two mound duels with the Chicago White Sox. Babe Ruth hit his 17th home run and Ben Chapman stole his 28th base for the New York Yankees, the combination helping considerably to bring a 9 to 5 victory over Cleveland.

Ross' pitching and batting, augmented by careful, quick fielding of his LeFors mates, were important factors in a 16-3 win over the Pampa Barbers at LeFors yesterday afternoon. Ross went to bat five times and cracked out two doubles and two singles. As a chucker, he was in fine fettle, hurling eight hits, Ellis and Farley, allowing eight hits. Barbers were hit 16 times. Ellis was shelled out of the box in the seventh. LeFors made three errors, and the Barbers, eight. Flynn caught for Ross, and Cockeril for the Barbers.

BEGIN HERE TODAY
Beryl Borden, secretly in love with Tommy Wilson, knows that he would never be happy with her half-sister, Irene Everett, and tries to prevent their marriage.

Irene is jealous, when she falls and Beryl secures a radio contract, Beryl's voice wins her new friends but she cannot forget her hopeless love though she goes to parties with young Prentiss Clayford. Irene learns that Prentiss is rich and tries to win him from Beryl.

Tommy's aunt dies and he loses both money and job through her husband, Tommy tells Irene his bad luck and she breaks the engagement. When Prentiss asks her to marry him she accepts. In despair Tommy drinks, heavily and Beryl finds him. She tries to cheer him up and tells Irene that she must go back to Tommy or inform Prentiss how heartlessly she has acted. Irene promises, then slips away and marries Prentiss. She telephones the news home.

Next morning Beryl's throat is in a serious condition and a noted specialist is called. He advises extreme caution which Beryl disregards when she hears Tommy is in bad company. She goes to turn on the house and goes to a bootlegger's rendezvous where she finds Tommy. He is affected by her pleading but seems unable to break away from the gang.

NOW GO ON WITH THE STORY CHAPTER XXXV
Among the cards Beryl held in her game with Tommy there was one ace. It was a black ace and she hoped it would trump anything that Tommy could produce. It should, she thought, as she drove slowly toward the Larkin house. It had cost her enough to impress anyone with the slightest sense of honor. And she could not believe that Tommy's character had become completely undermined.

The look of worry on her face tonight (she did not often drive near the Larkin place at night) was marked. She had not seen Tommy for three weeks. The avalanche she feared had descended upon her only the day before and she was certain Tommy had not heard about it.

The night was chilly. It was early fall. Beryl had not brought a wrap and the sweater she was wearing was scarcely warm enough. She shivered slightly. "I'm always either too hot or too cold," she thought impatiently.

But impatience was such a slight burden compared with the black despair she had known. She hoped never again to feel as she had when Dr. Auguston told her, "Your voice is gone, Miss Borden."

They had left her alone. She had asked them to. And what she had thought and what she had suffered had blocked out her youth — left her a woman.

She was a woman tonight as she went to find Tommy. She felt charitable toward him. She might have lost her voice anyway without tramping in the dew and being out when she should have been in bed. Tommy hadn't asked her to do that. She couldn't blame him. Besides, Tommy had helped her. His need was the price of her misfortune. Her future should not be sacrificed for nothing.

Ever since the thought had come to her that now she could make an appeal which Tommy must listen to Beryl had been resigned to the hopelessness of her situation. She even found it a relief not to have to worry about the frequency of her sweater. It wouldn't matter now if she caught cold. Her voice was gone. Something in her throat had hardened. The voice wasn't coming back.

Her face was a little white but in her eyes there was a vision of Tommy — tall and slim and brown and gay. Tommy as he had been, not the unkempt loafer he had become. How she hated those blood-streaks in his eyes.

He had even talked roughly to her when she had dogged him until he was exasperated.

It had happened the night Pol had got into trouble. Hol had got out of it, but Tommy wouldn't have. He'd been made the goat.

Beryl had parked her car in front of Pol's house when he and Tommy came out to get into a truck which stood in the driveway. Beryl went over to them and insisted she would follow the truck if Tommy went with Pol.

Pol looked at Tommy. "All right," he said sharply, "we'll settle this later, Tom."

"I guess you know what that means," Tommy exclaimed to Beryl as Pol drove away. "I'm in bad. Pol's had about enough of you!"

"Then quit him," Beryl returned coolly, "and save yourself from being kicked out of his gang."

Tommy had sworn angrily and walked away.

Pol was arrested that night. It didn't come to anything but he blamed Tommy and thereafter Tommy had evaded Beryl with complete success except for one accidental meeting.

That was three weeks ago. Irene hadn't written and Beryl had no excuse to tempt Tommy into a talk.

Sister MARY'S KITCHEN

By SISTER MARY, N.E.A. Service Writer.

There is much satisfaction in knowing that we may imbibe almost summer days as we like. The large percentage of water in all soft drinks is of prime importance, while the fruit juices usually used for flavoring add some mineral content.

Research workers tell us that "water has the property of absorbing more heat and not being affected by that heat than other substances. It will absorb the heat from your body, and in passing off in the form of perspiration the evaporation cools you; hence there is good reason for sipping a cooling beverage not only in immediate cooling effect but in the ultimate interest to know that bottled beverages made with "charged" or "carbonated" water are healthful drinks, according to the Chemical Research of the U. S. Department of Agriculture.

It is also interesting to know that fruit juices and other flavors from aromatic herbs and roots as well as the carbon dioxide gas present act as a tonic and mild stimulant.

Not too sweet. When you are making drinks for summer refreshment, take care not to make them too sweet. A sugar syrup is better than plain sugar for sweetening. The flavor of the finished drink is more bland and smooth. Remember that this syrup acts as a diluent as well as a sweetener and must be considered when water is added.

If your refrigerator is stocked with a bottle of sugar syrup, fruit syrup and ginger ale, you can make a delicious zesty drink on a minute's notice.

Fruit not perfect enough in shape for canning can be used to make a fruit syrup. The fruit is washed and crushed to extract the juice. It is scalded with or without sugar and sealed in sterilized jars. Since sugar acts as a preservative it is a good plan to add it before sealing. One cup sugar to four cups juice is a good proportion to use.

Combinations May Be Best. Don't hesitate to combine fruit juices. The excess juice left from canning small fruits and the juice from canned fruits can always be used to advantage in summer drinks. Remember the lemon and lime juice give a pleasant tartness to all fruit punches.

Another point that adds immensely to the flavor of fruit beverages is the addition of grated lemon rind to the sugar syrup. Make a "simple" syrup as usual. When cooked, add the grated rind of two lemons for every cup of sugar used and let stand until cool. Strain and bottle or use as wanted.

Raspberry shrub is invitingly tart, making it an ideal thirst quencher and cooler. However it is not as good a drink for children as "ade" of some flavor or a fruit punch. Wash raspberries and those persons who would reduce their weight will especially appreciate this delightful, old-time drink.

Raspberry shrub. Six quarts raspberries (red or black), 1 quart cider vinegar, granulated sugar.

Wash raspberries and put in a stone jar and let stand for 36 hours. Keep covered with a cloth. Strain through a jelly bag and measure juice. Use cup for cup of sugar and juice. Put into preserving kettle and boil ten minutes. Pour into sterilized bottles and seal. Dilute with ice water to serve.

Guess Acquittal Draws Fire From Mexican Press

MEXICO CITY, June 29. (AP)—The Mexican press devoted its lead editorials today to strong criticism of the acquittal at Ardmore, Okla., Saturday, of Deputy Sheriff W. E. Chas, charged with killing Emilio Cortes Rubio, nephew of President Ortiz Rubio, on June 8.

Under the title "The Shame of Ardmore," Excelsior termed the shooting an "infamous and cowardly act," and blamed the acquittal on a "partial or ignorant jury, perhaps influenced by racial prejudice."

"It would be unjust," Excelsior said, "to blame a whole people for the error or partiality of one of their courts, hence our comment is directed against the nameless justice (?) of Ardmore and against certain notorious vices of the lower class American police who in some states are guided by a savage spirit to kill."

Innumerable abuses have been committed in Mexico, the paper admitted, "but we cannot recall a case of Mexican police assassinating honorable youths of a foreign country here in the double character of distinguished guests and students of outstanding good conduct, which is still more scandalous, that the assassin was acquitted, throwing an infamous suspicion upon the innocent victims."

"That, which will bring protests from decent men in the United States and Mexico, ever left for a deputy sheriff of Oklahoma and a partial or ignorant jury of Ardmore to do."

Excelsior's comment was similar to that printed in other papers.

"DEAD" IOWAN IS FOUND

Considered dead and buried for four months, John M. Smith, left, wealthy manufacturer and one-time candidate for governor of Iowa, was found alive, his hands and feet tied together with wire, in a ditch near Garner, Ia., and now faces prosecution on charges of attempting to defraud an insurance company of \$50,000. Smith, who declared he had been kidnaped and held prisoner, is shown being finger-printed by Sheriff Peck Hanson of Garner.

Pioneer Hall to Be Museum Name

CANYON, June 29. (Special)—"Pioneer Hall" was selected by the directors of the Panhandle-Plains Historical society, as the name of the new museum building of the organization.

The building will be erected on the campus of the West Texas State Teachers college, and work on it will be begun soon after the first of September, according to announcement by the officers of the organization. L. F. Sheffy, field secretary, was authorized to continue his work of collecting funds until the full \$25,000 has been subscribed in order to meet the appropriation made by the legislature and approved by Governor Sterling.

Directors present were: T. D. Hobart of Pampa, president of the society; H. S. Hoover of Canadian, chairman of the building committee; W. H. Patrick of Clarendon; Horace M. Russell of Amarillo; and J. A. Hill of Canyon. L. F. Sheffy, Miss Tennessee Malone, Clyde W. Warwick of Canyon, and W. T. Wilks of Pampa attended the meeting with the directors.

U. S. "CINDERELLA" AND PRINCE

Fairy stories do come true, even in this age. And to prove it, Prince Charles of Belgium, left, is in California incognito, having just completed a visit at the home of Elizabeth Naylor, right, 18-year-old daughter of an Oakland laundry man. The prince met America's 1931 "Cinderella" aboard an Atlantic liner and quite a friendship developed.

Clingman Returns From Victory Trip and Will Go Again

Otis Clingman, popular local wrestler who is much in demand for matches, returned last night from a trip on which he vanquished everything but Yaqui Joe, with whom he grappled an hour at El Paso to a draw.

One of Clingman's victims was Jim Reynolds, who gave up two falls in a total of 5 minutes on the mat. The local man will leave Wednesday for a trip to Albuquerque and Silver City, N. M., and Phoenix and Tucson, Ariz. Clingman declared Tucson to be "the hottest place I ever saw."

Miss Lillian Mullinax, student at W. T. S. T. C. summer school, spent the week-end visiting in the home of her parents, Mr. and Mrs. W. Mullinax.
