Plains Oil Allowable Hiked 19,600 Barrels BOARD TO ASK FOR SCHOOL BUILDING BIDS

Figure Still Below Needs, Oilmen Say

Bigger Increase In View Of 11-Day Shutdown Expected

Panhandle oil operators today received official notification through a schedule summary from the Pampa office of the Texas Railroad commission that the Panhandle oil field had received a 19,600-barrel increase in allowable, making the daily output 167,841 barrels or one of the largest daily allowables since production came to Texas oilfields.

The increase was joyfully received although some operators expected an even larger increase to offset the eleven days shutdown this month.

Taking into consideration the shutdown days, daily average allowable for the field will be only slightly in excess of 77,000 barrels.

"We are well pleased with the increase," declared Lynn Boyd, president of the Panhandle Producers and Royalty Owners association, who with several members of his association appeared before the Texas Railroad commission in Austin on September 29 and asked for an increase in the Panhandle allowable.

Panhandle refineries and a few pipe-line companies have been operating at reduced capacity because of lack of oil. When and if Saturday and Sunday shutdowns are lifted and the increase in production is allowed to remain in effect, the Panhandle field will really feel the favorable reaction, oilmen said today.

Percentage of proratable oil allowed to be produced under the summary issued today is 2,504.1 per cent compared with 1,115.5 per cent under the old allowable which was 88,241 barrels.

Huntsman Indicted In Attack On Keehn

B. H. Huntsman was indicted on a charge of assault with intent to murder by a 31st district court grand jury Tuesday afternoon. Bond has not yet been set. Huntsman is being held in county jail.

The indictment charges Huntsman in alleged connection with "malice aforethought" in making "an assault in and upon Fred Keehn" on August 27, "with intent then and there to murder said Fred Keehn."

Huntsman was arrested following a fight on West Kingsmill street in which Fred Keehn suffered 150 inches of knife wounds. Keehn was dismissed from a local hospital several weeks ago.

After making the indictment, the grand jury adjourned until November 7, four days before the end of the seventh and final week of the September term of 31st district court here.

Persistent Police OMAHA, Neb., Oct. 11. (AP)—The Omaha police are really persistent fellows. Here's proof: Seventeen years ago H. F. Thornton reported theft of a watch.

Missouri Democrat Opposes Arms Repeal

Farley Sets New Handshake Record

WASHINGTON, Oct. 11 (AP)—Senator Charles D. Farley, an opponent of the administration proposal to repeal the arms embargo, contended today President Roosevelt had exercised emergency powers actually vested in him only when the country was at war or in imminent danger of war.

Arguing against lifting the ban on arms sales to belligerents, Clark also accused Louis Johnson, assistant secretary of war, of trying to "infiltrate the people as to the safety of our own shores," and said policies of the President himself had not been "reassuring."

To a listening Senate, the Missouriian said of the President's proclamation of a "limited emergency."

"It is a proclamation of national emergency without any limitations whatever. Under it the President can exercise all of the powers of a national emergency which he can exercise without specific authority of Congress. The only limitation is the limitation voluntarily placed by the President himself in his discussion with newspapermen when he stated that he only intended to use a portion of those powers at the time."

The President's executive order, transferring control of the Panama Canal Zone from the governor of the Canal Zone to the army, Clark said, was far more important and significant. The Canal Zone code, he contended, vests authority in the President only when there is a state of war in which the United States is engaged or when war is imminent.

He said Assistant Secretary Johnson had delivered a speech "in which he sought to inflame the people as to the safety of our own shores by comparing our situation to that of Poland."

"In my judgment," Clark boomed, "no more idiotic, morose, unpatriotic remark has ever been made by a man in a high public position."

He said this was "the same Louis who has been flying around the country in an army plane for the past several years preaching the inevitability of war and the certainty of our being drawn in."

Unless sufficient revenue is obtained from the crowds attending the Pampa Lions club carnival on Friday and Saturday night, the club will likely not be able to continue its work for underprivileged children.

This was the statement made today by Dr. R. A. Webb, chairman of the carnival, as he announced the new dates of the charity, circus postponed from Monday and Tuesday nights.

Rain, cool weather and conflicting attractions have proved a detriment to the success of the Lions club annual show. After a two-night run, Thursday and Friday, rain forced the carnival to suspend on what was to have been the final night, Saturday.

The carnival was scheduled to be held over Monday and Tuesday nights but unfavorable weather again forced a cancellation.

Lions are hoping that large crowds attend on Friday and Saturday, so that the club may continue its work of buying glasses, providing for eye treatments, purchasing shoes, and doing other work for needy children.

Germany Orders Air Force To Attack British Warships

BERLIN, Oct. 11 (AP)—The German air force today was ordered to continue its attacks on British warships blockading the North Sea.

Official quarters called the order one of the most important German announcements since the war on Poland ended with Warsaw's capitulation.

Aerial cooperation with sea-craft in fighting the British North Sea fleet was launched Oct. 7 and authorities said success of the first three days brought the new order to continue joint sea and air operations.

(Germany reported six hits on British vessels during the Monday attack.)

The British Admiralty declared, however, that the German air raiders were driven off without inflicting damage.)

Hitler On Spot Again -- Allies Put Baby Back On His Doorstep

By DEWITT MACKENZIE French Premier Daladier has given Herr Hitler half the allied answer to the Nazi chieftain's peace proposals—and the reply of the bull of provence is that there is nothing doing along the Hitlerian lines.

British Prime Minister Chamberlain is expected to give the other half of the Anglo-French response in Parliament tomorrow, and there has been no indication that it won't echo the sentiments of his brother-in-arms.

Responsible Nazi quarters in Berlin, anxiously hoping for a favorable reply, reluctantly admit that if Chamberlain follows the expected course, then the prospects of peace won't "be so bright."

That puts the baby back on Hitler's doorstep. It will be for him to decide whether he wants to go

Salvation Army Drive Still \$800 Short

Pampa's Salvation Army drive for \$5,000 to be used for relief purposes in the city during the coming year still was \$800 short of its goal at noon today.

Chairman Arthur Teed, of the Army advisory board, said it was originally hoped that the drive could be closed by Wednesday night.

An appeal was issued today to employers of the Pampa area.

"Unless employers give their employees a chance to contribute," George Berlin, chairman of the industrial committee, said, "the drive may fall short of the goal. We still are far behind in that respect compared with the response from employees of various business and plants last year."

"We find," Mr. Berlin added, "that employees want to contribute if they are given the opportunity, so we hope that every employee who received one of the employees' contribution sheets will cooperate with us by seeing to it that the sheet is circulated among employees for their contribution."

The Panhandle Refinery, The Texas Company, Humble Oil Company, and Woolworth's were among firms to report 100 per cent employee contributions today.

Civic club team workers who began a city-wide canvass following a kick-off breakfast yesterday raised nearly \$400 the first day. They still were making calls today.

Other firm employees who have contributed to the fund 100 per cent include Montgomery & Ward, Portland Gasoline Co., LaNora theater, Tom Rose Ford, Cuberson-Smalling, Murfrees, Inc., B. M. Baker School, Jones-Everett Machine Co., Hill Lumber Co., Postoffice employees, and the Tex Evans Buick Co.

Gallogly's Wife Due To Surrender

DALLAS, Oct. 11 (AP)—Sheriff Smet Schmidt said today he expected Mrs. Richard Gallogly, attractive wife of a socially prominent Georgia lifeguard who surrendered here yesterday after five days as a fugitive, to surrender to him "sometime soon."

The 29-year-old Gallogly, claiming "political persecution," walked into Sheriff Schmidt's office and gave up yesterday afternoon after purposely making his way to Texas as that he might fight extradition back to Georgia and the carrying on of his life sentence as an accessory to a 10-year-old slaying.

Accompanied by his wife on the flight from Georgia to Texas, Gallogly insisted yesterday he did not know her whereabouts, but Sheriff Schmidt said Gallogly had informed him that his wife would appear at the Dallas county jail today.

New Record Predicted For Church Day

Crowd Will Be Biggest In History Chairman Believes

Largest crowds in history are expected in Pampa churches next Sunday when a Go-To-Church campaign, sponsored by laymen of the various churches, will be climaxed.

Dr. C. H. Schulke, general chairman of the go to church drive, said today he had no hesitation in making the prediction that Pampa churches will be filled Sunday.

"We are happy at the anticipated response to our Go-To-Church appeal," Dr. Schulke said, "and we only hope that those who turn out Sunday will be inspired to continue their church attendance."

The campaign radio speakers continued their appeals at noon today over Radio Station KPDM. These radio appeals will also be heard at 12:30 o'clock noon tomorrow and Friday.

Automobile stickers, lapel tags, essay contests, talks in the clubs and schools all have been employed to create an interest in Go-To-Church Sunday.

Pampa business houses are cooperating to the extent they will permit employees to take time off Sunday to attend at least one church service.

"All that we ask," Chairman Schulke added, "is that everyone attends at least one service in the church of his choice next Sunday."

Cub Scout Chiefs To Meet Tonight

Den chiefs and prospective den chiefs of all Cub packs in Pampa will meet at 7:30 o'clock tonight in the Boy Scout office in the city hall. The meeting is being called by George W. Briggs, chairman of the Cubbing committee of the Adobe Walls council.

Duties of the den chief will be explained and leaders will be informed as to the values of relationship between the Cub pack and the Scout troop.

Cubbing has become popular in Pampa and more leaders are needed. Anyone desiring information on the Cub movement will be welcomed at tonight's meeting.

J. Troy Israel, field executive, announced today addition of the 54th Boy Scout troop to the Council. The new troop has been organized by the Estelline Chamber of Commerce with J. T. Duncan chairman of the troop committee and Euday Ingram, former Childrens scoutmaster, as the troop leader. Thirteen boys and 11 adult leaders comprise the troop.

Kiwanians Will Give Plainview Program

Pampa Kiwanians will kill two birds with one stone when they go to Plainview to present a program at the meeting of the Plainview Kiwanis Club Friday noon and attend the Pampa High-Plainview High football game there Friday night.

The Pampa golf and bowling teams also may take on the Plainview teams in order to kill the afternoon hours before the football game, according to J. B. Massa, inter-club chairman of the Pampa club who is making arrangements for the Friday trip.

3 States Virtual 'Wards' Of Soviet

KAUNAS, Lithuania, Oct. 11. (AP)—Three Baltic segments of old Russia, which broke away from the empire following the World War, today are virtual Soviet "wards."

The signing last night in Moscow of a Russian-Lithuanian pact climaxed a series of swift diplomatic moves which gave Russia military concessions in Lithuania, Estonia and Latvia.

Lithuania was the only state to gain territory. Wilno (Vilna) her former capital, and a part of the province containing it, were returned. The region had been in Polish hands since Oct. 9, 1920.

The opinion, requested by the board of county and district road indebtedness, said some objectionable features in the bill had been eliminated before final passage.

Statistics reported the excess as totaling approximately \$8,500,000 but pointed out the amount was subject to variation.

The act describes the ratios by which the distribution will be effected and provides the monies should be used for new construction, maintenance of roads other than designated state highways and for debt service on bonds and warrants issued to build lateral roads.

Mann's ruling declared the funds first must be applied to the payment of bonds, warrants and other legal obligations issued prior to Jan. 2, 1939, the proceeds of which were expended in acquiring rights-of-way for state-designated highways.

Wealthy Slayer Surrenders To Dallas Police

Honeymooning as a fugitive, Richard Gallogly (bottom), wealthy Atlanta thrill slayer yesterday surrendered to Dallas officers, declaring that he believed in "Texas justice." He and his wife, top, escaped from guards while being transferred in Atlanta, Ga. Police say his bride of four months gave him the gun he used in escaping. His wife was not with him when he gave himself up and had not been located early today.

LONDON, Oct. 21 (AP)—The British Ministry of Supply and a Soviet trade delegation today concluded an agreement in London for the exchange of Russian timber for British rubber and tin.

The barter agreement was called a commercial arrangement, but the authoritative press association declared it was expected to "have important political as well as trade impacts."

The amounts of timber, rubber and tin involved were not disclosed. It was said, however, they would be about the same as involved in normal peacetime trade between the two nations.

The agreement was reached in an effort to facilitate exchange of products before White Sea ports, Russia's Arctic outlets, freeze over, preventing export of timber.

Plainview Game Friday Will Not Be Broadcast

The Pampa Harvester-Plainview Bulldog football game to be played Friday night in Plainview will not be broadcast over radio station KPDM, Manager Herman Kreiger announced this afternoon.

"The Plainview school board wanted to charge us a prohibitive fee to broadcast the game from the park and as a result we will be unable to carry the play-by-play account of the game," Mr. Kreiger said.

"We would have to pay a high line fee anyway and with the additional charge made by the Plainview board, we find it impossible to broadcast," Mr. Kreiger stated. "It is the first time we have been asked to pay a fee for broadcasting a game."

Plans are being made to run a special train to Plainview, leaving the Santa Fe station here at 4 o'clock and returning immediately after the game. Round trip tickets are \$1.95 and may be secured from the high school office, the school business manager's office in the city hall, the Santa Fe station and from Mrs. Belle Wells.

35,000 Reds Died In Purge, Dies Told

WASHINGTON, Oct. 11. (AP)—General Walter G. Krivitsky, who said he was in the Soviet Military Intelligence for 17 years, told the Dies committee today that the 1936-37 purge in Russia resulted in the deaths of 35,000 members of the Red army officers' corps.

In addition, Krivitsky related to the House committee investigating un-American activities that Josef Stalin sent from 300,000 to 400,000 persons to imprisonment or exile and "millions of the population to concentration camps."

Architects Drawing Up Specifications

Construction Of New High School Will Be Rushed

Construction of a new Pampa high school should begin within 60 days. Plans presented to the Pampa school board by Toussie and Funk of Amarillo early last week have been approved by the board and the architects were instructed yesterday to go ahead with working drawings and specifications.

In a telephone conversation with local school officials this morning, the architects said that the working plan drawings and specifications should be completed, publication for bids made and the contract let within 60 days unless unforeseen difficulties arose. The architects said that approximately nine working months would be required to complete the building.

That will mean that the weather must be with the contractor and that he must have no delays if the building is to be ready for the opening of the fall term of school in 1940.

The building will be constructed at an approximate cost of \$245,000. The money is already available through a bond issue last year and through sale of bonds already owned by the school district. There will not be another bond issue to construct the much needed building.

Plans call for a two story structure about 485 feet long and two class rooms and a hall wide with a gymnasium at one end and an auditorium at the other. The building would contain 27 class rooms and five laboratories. A third floor would be erected over the main entrance section and would contain a library.

The new building would practically eliminate crowded conditions in all Pampa schools. All rooms in the present high school building would be occupied by classes moved up and ward schools would be allowed more room by training high classes to the present building.

Original plans were to erect a \$350,000 high school building, through aid of a PWA grant, but congress adjourned without setting aside funds for PWA and the new plan of self-financing was approved.

Civic Leaders Honored By B-PW At Public Relations Banquet Tuesday

Democracy Topic Of Address By Dallas Attorney

Business and Professional Women entertained members and guests of the club as well as a large group of civic leaders at a public relations banquet Tuesday evening in the Hotel Schneider with Grace N. Fitzgerald, Dallas attorney, as guest speaker.

Mrs. Finis Jordan, public relations chairman, presided as toastmaster of the program which included the singing of "The Eyes of Texas" by the group followed by the introduction of guests. Also Kathryn Vincent Steele presented a humorous reading.

Democracy Topic
Discussing "The Business Woman in a Democracy," Mrs. Fitzgerald gave excerpts from Plato regarding the decay of democracy.

"The great problem of democracy today is to adapt this system to the changing needs of our people and it is a challenge to all types of citizens, men as well as women. No one denies that our civilization must undergo some form of modification, preserving all that is best of the old and adding fresh approaches to new problems," she pointed out.

"Because we happen to live in a democracy, we must be prepared to defend it."

Members of the Amarillo state corresponding secretary: Clara Lee Shevemaker, district one director; Grace N. Fitzgerald, Walter Rogers, Mrs. C. T. Hunkapillar, Garnett Reeves, R. L. Miller, Dr. R. A. Webb, E. B. Saxe, Travis Lively, Judge W. R. Ewing, Ivy E. Duncan, Wayne Phelps, J. M. Collins, and Superintendent L. L. Sone. Members of the Amarillo B-P-W club attending were Nona Wilcoxon, Faye Gordon, Grace Hodge, Ruth Griffin, Vera Holding, Ruth Stine, Doly Pendleton, Louise Beyer, Winifred Babbe, Alice Hubbell, Mr. and Mrs. Horace Griggs, Agnes Goodwin, Fay Woolley, Redy Eldridge, Mildred Butcher, Mr. and Mrs. Humphrey, Miss Waters, Ira Franklin, and Ivey Ruckee.

A large number of Pampa club members and their guests were present also.

that period of the world's history when these momentous decisions must be made, a great responsibility is placed on our shoulders, which I know that we, as men and women, will meet together, in the same pioneer spirit in which the men and women of Texas met the dangers that confronted them when they came here to carve out homes from the wilderness.

"Democracy is a way of life and contemplates that every citizen, man and woman, shall be free but not free simply for the sake of freedom. Freedom is for a purpose—to seek happiness and the fullness of life and to develop whatever individual capacities he or she possesses.

"The duty and obligation of American men and women is to establish and maintain their government in such a manner as to command the love and respect of every individual citizen; to make of it an ideal so just, so fair, so considerate of his happiness and well being, that he and she are not only willing to pay their money to support it, but gladly give their lives to defend it.

"There is still something in the world worthy of heroic sacrifice. America must be a beacon light to those nations floundering on storm tossed seas.

"And who knows but some day this fine organization of which we are members, seeing the need for an informed citizenship, eight and a half years ago adopted a ten-year objective of having our members inform themselves on economic, political and social conditions. Who knows but what eventually all lines of sex will be erased and we, as men and women, citizens of a great democracy will start upon a new adventure as the world federation of men and women for peace and justice," she concluded.

A red, white, and blue color motif was stressed in the table decorations. Arrangements of dahlias centered the tables and miniature flags marked the places.

Rules For Annual Flower Show Of Garden Club Given

At the annual flower show of the Pampa Garden club to be held Friday, October 13, between 2 and 9 o'clock in the annex of First Presbyterian church, Pampans will have an opportunity to see outstanding specimens grown by Pampa gardeners.

All flowers to be entered in the show must be at the church by 11 o'clock on the morning of the exhibit. It has been announced. Other rules are as following:
Exhibitors will not be allowed in the room while exhibits are being judged, and are hereby asked to retire, to allow the judges as much time as possible.
Vases and containers must be furnished by exhibitors, with names pasted on the bottom. (Use adhesive tape.)
Flowers picked the night before the show and placed in water up to their heads will have a fresher effect, and nothing adds more to the show than the freshness of the flowers. All dead flowers and yellow leaves should be removed.
A specimen is one flower and must be named by the exhibitor. Specimen flowers must be shown, one in a vase.
An arrangement is a group of flowers or foliage.
A new arrangement might be white petunias and wandering jew. The public is invited to visit the exhibit as well as to enter flowers in the show.

Either Bomb Berlin Or Make Peace, Shaw Tells Chamberlain

LONDON, Oct. 11 (AP)—George Bernard Shaw says it's up to Prime Minister Chamberlain to decide whether he is willing to pursue war by bombing Berlin and if not the sooner a peace conference is held the better.

"Our pledge . . . to Poland was explicit," Shaw wrote in a letter to the Manchester Guardian. "We were to come to her aid with all our resources, which meant that when the first German soldier crossed the Polish frontier, the R. A. F. would bomb Berlin; for in no other way could we help Poland, being unable to put a British soldier into Poland or a British ship into the Baltic before Poland was conquered.

"On the strength of that pledge, Poland put up desperate resistance. . . . Now bombing Berlin meant the beginning of a series of retaliations in which our cities and German cities would be changed into rubble heaps. And when it came to this point Mr. Chamberlain found simply that he could not bring himself to do it. Now this was only one instance of what was happening all around.

"The Berlin-Rome axis was to have annihilated us, but when Sir Winston Churchill realized what he was letting Italy in for at the hands of the French and British (air) forces and the Mediterranean Fleet, he backed out. The anti-Communist pact was to have rallied all capitalist Europe against the U. S. S. R., with the Fuehrer and I. Duce as saviors of the world from Communism; but what actually happened was that when all capitalist Europe, with Japan in the bargain, realized that the Red army held the military balance they all sought alliance with Russia.

"Stalin just pushed them out of the way and took what he wanted of Poland." Herr Hitler seeing that the anti-Communist pact had gone "bad" quickly decided to claim Stalin as an ally and share the spoils with him.

"When we and the French attacked Hitler on his western front, and it was his business to raid London with his famous air force, he too recoiled from starting that ruinous game.

"What Minister Chamberlain has to declare now is whether he is going to bomb Berlin or not. If he does, the consequences will go far

beyond our maddest intentions and be different from anything either we or Herr Hitler contemplate. If not, the sooner we stop the war and arrange for tabling of our respective grievances and those of the little states we have destroyed, the better."

HITLER

(Continued From Page 1)

velopment of the entire European upheaval. And it was least expected.

It represents not only an extension of political domination over strategic areas, but the spread of Communism.

The first sensation was the Soviet's seizure of half of Poland. Then the little Baltic states of Latvia and Estonia signed pacts with Russia. Yesterday Lithuania followed suit.

And now Stalin has Finland on the carpet.

Realization of Russian demands here would make the Soviet dominant in the Baltic. Thus one of the biggest gems in the crown which Nazi Chieftain Hitler had hoped to wear would have gone glimmering.

The Finns have declared their determination to resist such demands by force if necessary. That takes a lot of courage, in the face of Russia's might.

In a clash at arms, Finland could scarcely hope to cope with Russia without help, and there is no present indication of where help could come from.

Pampans To Tune In On Special Program

Employees of the Pampa Montgomery & Ward store will show unusual interest in their radio listening tonight when they tune in their radios on a dramatized program dealing with the foundation and early history of the company.

The program will originate at 8 p. m. over Station WJZ, New York, and will be carried by stations of the NBC blue network.

The program, according to M. C. Johnson, manager of the Pampa store, is entitled, "If Money Talked," and is based on the idea that the coins which pass between merchant and the customer could tell the life story of American business if only they could talk.

Bites Dog Every Day
WALTHAM, Mass., Oct. 11. (AP)—Joseph W. Lawler, Waltham bartender and dog trainer, can't see why it should be news when a man bites a dog—he does it almost every day.

Lawler, who trains dogs at a farm in Weston, explained that his method of curing a vicious dog was first to let the dog bite him and then bite the dog right back.

Zanuck Resolved To Film 'The Grapes Of Wrath'

October 10 — "It's nonsense to think we'd pay \$70,000 for a story just to shove it," said Darryl Zanuck today in answer to Lock Magazines' question, "Is 'The Grapes of Wrath' Too Hot For Hollywood?"

"Some agricultural groups have threatened to boycott us if we make the picture," continued the 30th Century-Fox producer. "Liberal organizations insist that we make it, but threaten to boycott if we do not do it to suit them. I am paying no attention to either side. I am going to film the 'Grapes of Wrath' despite any protests."

Asked how closely he would stick to Steinbeck's social-conscious story, Zanuck told Look: "The picture will be based directly on Steinbeck's book. The only censorship imposed will be that necessary to keep it in good taste and to comply with the regulations of the Hays office."

Among those who gave statements to Look, favoring the making of the picture were Senator Downey and Governor Olson of California and Secretary of Agriculture Henry Wallace. Even Ruth Comfort Mitchell, author and president of Pro-America, an organization combating "smear" books, believed that the film should be made.

"For an entirely different reason, however," she said, "it will make us aware of the rapidly spreading menace of Communism."

Mexican Candidate Almost Drowned By Sudden Creek Flood

MEXICO CITY, Oct. 11 (AP)—Reports from Monterrey received here today said General Manuel Avila Camacho, candidate for the presidency of Mexico, escaped drowning when crossing the creek of Sabinas, near Monterrey.

The truck in which General Avila Camacho was riding was overturned Monday by a sudden flood.

The presidential candidate is scheduled to motor today to Reynosa, across from McAllen, Tex., to deliver a political speech. From Reynosa he will go to Matamoros, across from Brownsville.

A preview of the 1940 model Chevrolet automobiles was seen by nine Pampans from the Cuberson-Smalling Chevrolet company at a zone meeting held in Oklahoma City Tuesday. The new Chevrolets models are to be on display here Saturday.

There were 285 dealerships in the Oklahoma City zone represented at the meeting which was held in the Oklahoma City Municipal auditorium. Attendance totaled 1,500. A sales school was held in the morning, a banquet at noon, and the showing of the new models in the afternoon.

Attending from Pampa were Frank Cuberson, Tom Smalling, Luther Wagson, Jim Nicholson, Wade Thompson, Harry Carlson, Ray Godson, Leland Capps, and Sidney Stone.

Early Snow Covers Up Alaskan Crops

PALMER, Alaska, Oct. 11. (AP)—Colonists in the government's Matanuska valley project hurried to dig out teams and snowshoes today to salvage what they could of their crops after a severe snowstorm and cold wave which created the most serious crop situation since the colony was formed more than four years ago.

The mid-western farmers who came here to escape dust and heat were unable to estimate the "untold damage" from the sudden and unexpected snowfall of 12 to 18 inches Sunday. The temperature hovered around 10 degrees above zero, and there was no let-up in sight.

Only a small portion of grain had been harvested; about 80 per cent, was in shocks in the field or uncut.

Acres of market garden produce were caught unharvested. Fields of cabbage were blowing bare and freezing swiftly.

Mrs. Harry Duff, wife of a colonist, hitched her dog team to a sled and struggled through the snow, digging potatoes which were still untraced.

FAIRBANKS, Alaska, Oct. 11. (AP)—Winter closed in on the Far North today, ending highway and water traffic into the Alaskan interior.

Buses scheduled to leave here via the Richardson highway on the last trip of the season to the coastal port of Valdez turned back after reports of snow storms in the high passes were received.

Moscow Paper Tells Of Battle Between Priests And Reds

MOSCOW, Oct. 11 (AP)—The Moscow newspaper Besbozhnik (The Godless), organ of the anti-religious movement, indicated today that a large number of Roman Catholic and Greek Orthodox priests were "liquidated" when Soviet Russian troops marched into White Russia and the western Ukraine in partitioned Poland.

The newspaper asserted that many priests barricaded themselves "with capitalists and Polish officers in Catholic churches and met the Red army with machine-gun fire."

Bitter articles, assailing both Catholic and orthodox priests in the region, accused them of espionage and being in the pay of the Polish government.

The blood in our bodies travels at an average speed of seven miles an hour.

Germans Await Briton's Speech

BERLIN, Oct. 11 (AP)—Informed Germans acknowledged today that prospects for early peace talks "would not be so bright" if Prime Minister Chamberlain supports Premier Daladier's rejection of Adolf Hitler's conditional peace proposals.

A close watch was being kept on British political developments prior to the Chamberlain speech.

The German press emphasized continued conferences with representatives of the dominions, expressing belief they were unenthusiastic about the war.

Delayed reaction to Hitler's proposals apparently was causing concern. One editor wrote that "four days ought to be enough" for some sign of "appreciation for Hitler's efforts to establish a lasting peace."

Political quarters here looked with favor on the activities of David Lloyd George, Britain's World War prime minister and head of the "council for peace."

The Hamburger Fremdenblatt, German shipping journal, said Lloyd George favored peace because he believed British chances slim in armed conflict, now that Russia is a partner of Germany.

Takes Over Work of Late Cardinal

Bishop Bernard J. Shell, senior auxiliary bishop, has been chosen administrator of affairs of the Chicago archdiocese by diocesan consultors, pending appointment of successor to the late Cardinal Mundelein by Pope Pius XII. Bishop Shell read Cardinal Mundelein's last message over the radio shortly after the prelate's death.

British Ahead In Merchant Shipping Says Hore-Belisha

LONDON, Oct. 11 (AP)—War Secretary Leslie Hore-Belisha told the House of Commons today Britain had sent an expeditionary force of 150,000 men to France during the first five weeks of the war.

Just before Hore-Belisha spoke, Winston Churchill, first Lord of the Admiralty, declared the balance now was in Britain's favor in the war on merchant shipping.

"From September 24 to October 9 we have lost by U-boat action 5,800 tons and we have taken from the enemy 12,615 tons, leaving a balance in our favor of 6,800 tons," Churchill said.

"There have been no British shipping losses since October 9, Churchill said, so the figures actually cover 16 days. During this period 50,000 tons of new merchant ships prepared before the war for such an emergency have entered trade, so we are 58,000 tons better off," he declared.

Pampa Child Hurt In Fall From Car

Joe Dean Little, three-year-old son of Mr. and Mrs. D. D. Little of Pampa, was given treatment in a Dalhart hospital for a cut on the head and bruises suffered when he fell on the pavement after accidentally opening a door of the automobile in which a group of Pampans were returning Sunday to their homes.

In the group were the Littles, their children, Mrs. L. E. Hunter and daughter, and Mrs. Elbel Olsen. The Pampans were returning here after a week-end visit in Dalhart.

Rooster's Owner Sued

BIRMINGHAM, Ala., Oct. 11. (AP)—A Leeds, Ala., housewife sought \$5,000 damages for wounds she said were inflicted by a rooster.

The woman's complaint, filed in Jefferson circuit court, alleged she was "squeezed and flopped" by a rooster, running at large in a grocery store.

AFL Would Revise Wagner Labor Act

CINCINNATI, O., Oct. 11 (AP)—The American Federation of Labor faced the next session of Congress today with the overwhelming support of its convention delegates in its campaign to revise the controversial Wagner act and place its administration in the hands of a new five-man labor board.

A thunderous voice overcame the opposition of a small minority at the AFL's 59th convention yesterday, and reaffirmed the campaign launched by the Federation in the last congress for sweeping changes in the act, its Quasi-Judicial board and administrative personnel.

Along with winning a fresh mandate for the amendment campaign, the Federation leadership singled out Board Member Edwin S. Smith for particular opposition should his name be offered to the Senate for re-appointment.

Federation leaders have charged Smith with bias in favor of CIO industrial unionism as opposed to AFL craft unionism.

MORAL REARMAMENT AND ECONOMIC RECOVERY

A news dispatch quotes Dr. Frank Buchman, founder of the Oxford Movement and leader of the moral rearmament movement, as saying, "We will never have economic recovery in America until we have moral recovery." This is certainly logical reasoning. The reason we have 10,000,000 people out of work and the longest and worst depression in our country is simply for the reason that men, as individuals, have not had respect for other people's equal rights.

Certainly, religious institutions should be interested in social relations as applied through collective action, or through the government. If religion is really fighting for liberty, which is one of the very keystones of what Jesus taught, then the religious organizations should be very alert, as individuals and as groups, to promote greater and greater liberty for each and every individual.

NECESSITOUS BARGAINING: Much has been said by those who proclaim themselves to be liberals, but who are in reality reactionaries, as to the obligation of the government to eliminate people from being obliged to make necessitous bargains.

MEANING OF FREEDOM: Most of the New Dealers are contending that freedom and liberty mean freedom from hunger or free of desires. This is not the meaning of freedom. Freedom means that each man should have equal right to the pursuit of happiness.

Behind The News Of The Day: WASHINGTON, Oct. 11—What happens behind the scenes at the C. I. O. convention in San Francisco will have a profound bearing on the future of the labor movement in the United States.

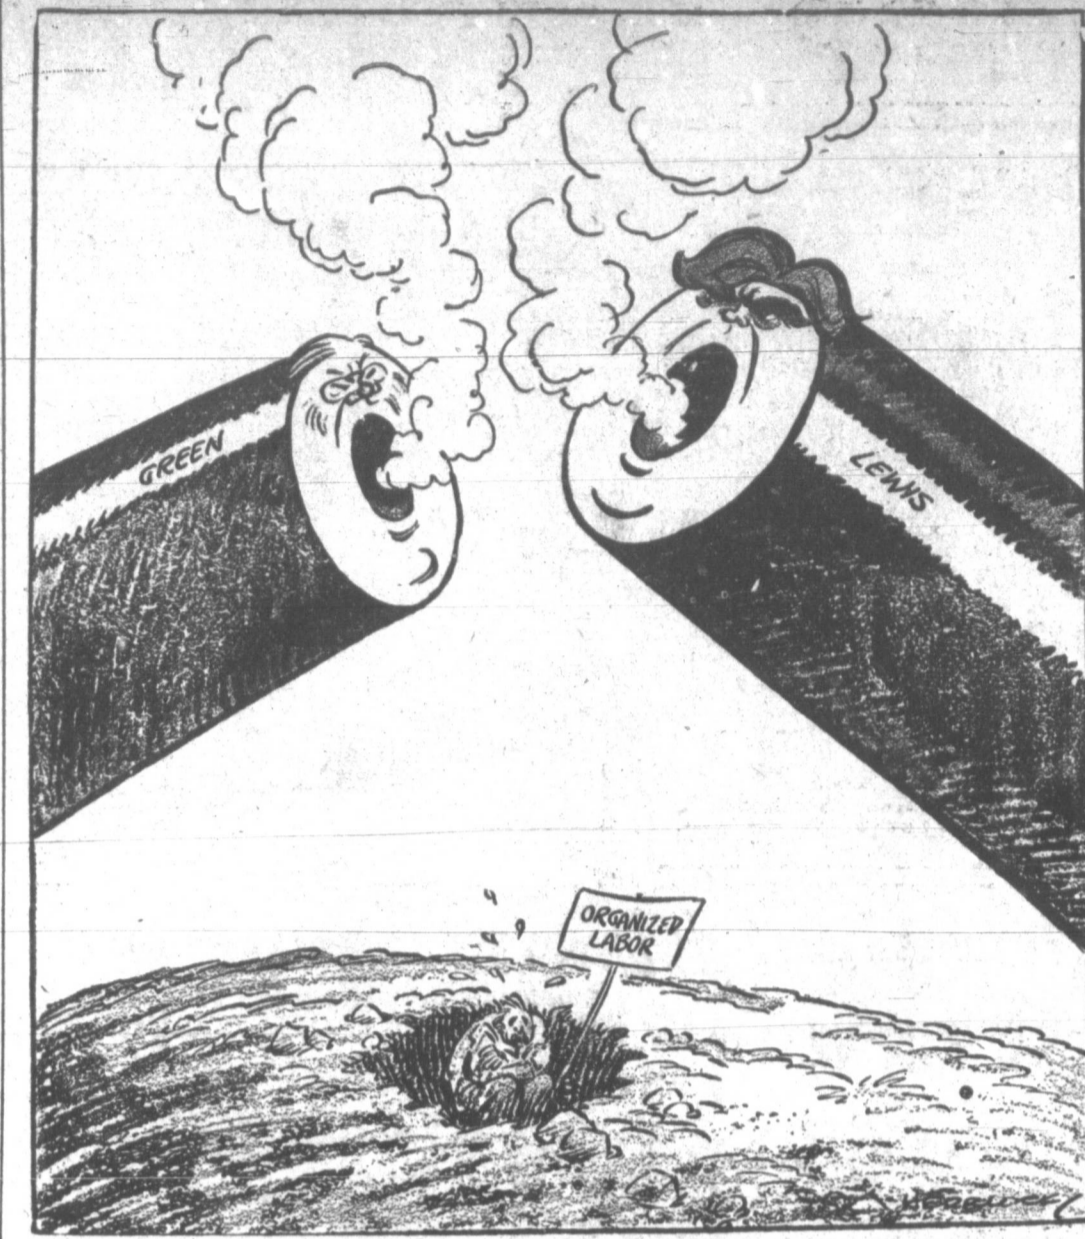

THE GOVERNMENT PAYROLL: Though we have got used to the spectacle of enormous Government spending and to some remarkable comparisons as a result, it is none the less rather startling to learn that on June 30 last there were 920,310 civil employes on the Federal Government's payroll—2,550 more even than at the World War peak of Nov. 11, 1918.

Sharing The Comforts Of Life: A news dispatch quotes Dr. Frank Buchman, founder of the Oxford Movement and leader of the moral rearmament movement, as saying, "We will never have economic recovery in America until we have moral recovery."

How About A Peace Offer On This Front?: EDITORS: Four years a war on the American Labor front, the C. I. O. and A. F. of L. continue to turn deaf ears to White House pleas for peace. Bruce Catton tells you how the Lewis-Hillman squabble may, in its outcome, turn the tide towards unity or a wider breach.

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, Oct. 11.—On a ranch across the river from the Warner Studio, "The Fighting 69th" is training for war—the last war, the one that was expected to make the world safe for democracy.

Next John took up A. L. Jones, principal of Grandview school, who announced the annual carnival at Grandview. Then John cast an evil eye at Supt. L. L. Some and said, "Well, I see another absent-minded school teacher who wants to pop off."

With 69th: Nobody in the cast, for which has been drafted practically every male under contract to the studio actually fought with the 69th. But on the production staff are some genuine veterans.

The Family Doctor

Dr. Morris Fishbein

One of the most common ailments requiring first aid is bleeding from the nose. To the doctor, bleeding of the nose is not a disease in itself, but a symptom of a variety of conditions which may be responsible.

When a doctor is called to take care of a serious nosebleed, he tries to determine where the blood is coming from. Sometimes the bleeding is from a point very near the surface, and can easily be reached.

Last rites were said yesterday afternoon for a long-time resident of Gray county. As the minister recounted, John Wesley Gordon had lived beyond his allotted three score and ten years.

We used to discuss the affairs of state and nation as we would meet casually, and I came to know him as a deep thinker—and, as the minister said yesterday, as a Christian man whose life was of the type that is wholesome.

Of course, these children and the other relatives were grief-stricken, but how beautiful were the words of the minister that a good man has passed, and a good man has passed, and a man who was prepared—prepared because of the kind of Christian life he had lived.

When the body is exposed to unusual pressures, as in mountain climbing, high flying, deep diving, or entering chambers with high pressure, bleeding of the nose may occur.

By clearing out the blood clots in the nose and applying materials like adrenalin or ephedrin to constrict blood vessels he can determine exactly the point from which the bleeding comes.

Doctors can apply substances that constrict the blood vessels or that produce clotting of the blood. Sometimes they use gauze to pack the nose. The pressure from the packing will stop the bleeding.

They ain't nothing to that old stuff about, "You mustn't change horses in the middle of the stream." And how I come to find out about that, I was just talking to a feller that rode horses all his life, and he told me, that if you're horseback out in the middle of a river some-

And that's the reason why we shouldn't ought to pay too much attention to anybody that tries to tell us we mustn't change Presidents in the middle of a war on account of this one'll keep us out of it. That's too flimsy a excuse set by that time, on account of any President is sposed to take snuff time out from his fishin' to do that much for us, besides being irrelevant, immaterial, beside the point and not having much bearing on the subject any-ways, on account of somebody else's war shouldn't ought to be allowed to seduce us into breaking our old traditional "Two Terms is enuff" custom.

It's alright for us to indicate a little polite interest in that was just out of courtesy's sakes, but they ain't no sense in us letting our social etiquette run away with to the extent of forgetting about us still having a little interest left here, like reviving business, getting men back to work, and busting up a depression.

So They Say: Poland has been overrun, but will rise again. WINSTON CHURCHILL, First Lord of British Admiralty.

If we are duped by this foreign propaganda, it may mean the end of democracy for us and the beginning of dictatorship.

God deliver us from college professors and army generals in administrative positions.

It is my belief that the Russian minorities now are taking their revenge on the Polish land-lords who have always oppressed them.

Harvesters Map Defense Against End Runs

Line Defense Looks Better In Scrimmage

How to stop Plainview's end runs was the order of business at Harvester field yesterday afternoon as the Harvester second string ran Plainview plays against the Harvesters in a long, hard scrimmage session. The Harvesters invade Plainview Friday night.

Using end sweeps, at which the Bulldogs are masters, the second string ran themselves ragged and didn't get very far as the Harvester defense looked better than at any time this season. Bob Clemmons and Kenneth Mullings, who replaced Glen Nichols at end when Nichols was shifted to the backfield, were caught napping only a few times to let the ball totter around them.

The Harvester line also charged a little faster on offense to open holes for backs to get through. Line defense will be the principal subject of discussion this afternoon. It was the Harvester secondary that carried most of the defense in Olney last Friday night.

Coaches Odus Mitchell and J. C. Prejan are undecided whether they will take the Harvesters to Plainview tomorrow afternoon or wait until Friday morning.

Game time will be 8 o'clock and a special train will be run if 150 fans buy tickets before 9 o'clock tomorrow morning. Game tickets are now on sale at the office of the school business manager in the city hall.

Miami To Play Higgins Friday

MIAMI, Oct. 11.—The Miami Warriors will invade the den of the Higgins Coyotes Friday afternoon. The Warriors are expected to be at full strength to battle the Coyotes who are fresh from a 19-6 conquest of Gage, Okla.

The Miami Warriors, headed by Coach Rush, stormed the Mobeetle Hornets' nest last Friday, and emerged with a 14-7 victory. The Hornets featured a strong, fast running attack, while the Warriors relied mostly on straight power. The Hornets scored in the first period. The Warriors then came back to score in the second and fourth periods to win the ball game. Both defense and offense showed up better Friday than in any previous contest.

Coach Rush will be gone Monday and Tuesday and the boys will work out by themselves. Captain Cunningham will act as coach for the squad.

The problem of the week will be to find some means of stopping Higgins' big fullback who has been the spearhead of the Coyotes attack in the past games. Cunningham is expected to play in the Higgins contest as his injured knee, which has prevented him from seeing action in the past two games, is much improved.

Guldahl To Give Golf Demonstration At Amarillo Sunday

Ralph Guldahl, the man who is slowly but surely revolutionizing the game of golf with his new technique, will give a demonstration and lecture and will play 18 holes of golf in Amarillo Sunday afternoon. Guldahl will team with Bill Garre, pro at Amarillo Country club where the match will be played, against Paul Core, club champion, and John Oliver, city champion.

An admission of \$1 will be charged and will include admittance to the lecture and demonstration, with the privilege of asking questions, and also to watch the game.

Also scheduled to be present is Jack Redmond, greatest trick shot artist in the world.

Many Pampa golfers plan to see Guldahl in action.

Peewees To Play L'Fors Tomorrow

Pampa football fans will have another opportunity to see the surprising Pampa junior high Peewees in action tomorrow afternoon when they meet the big L'Fors junior high team. Game time will be 4 o'clock, the game to be played at Harvester field.

The Peewees, boys between 70 and 110 pounds, have been working as hard if not harder than any of the eight Pampa school football squads. They don't practice on a nice grass field but on the dirt of central campus where Coach Jack Davis has a hard time holding them down so enthusiastic are they to learn the game of football.

First the Peewees swamped Panhandle 45 to 0. Then they went to L'Fors and instead of stacking up against a mighty team they faced the L'Fors junior high team. At that they lost only 19 to 6.

This week the Peewees have been working on defense to stop the big L'Fors boys. Also, they have been tuning up an attack that they hope will succeed against the future Pirates.

Someone suggested that LeFors use a smaller group of boys but the Peewees to a man announced that they can beat the big boys and it will be the big boys that come to Pampa tomorrow afternoon.

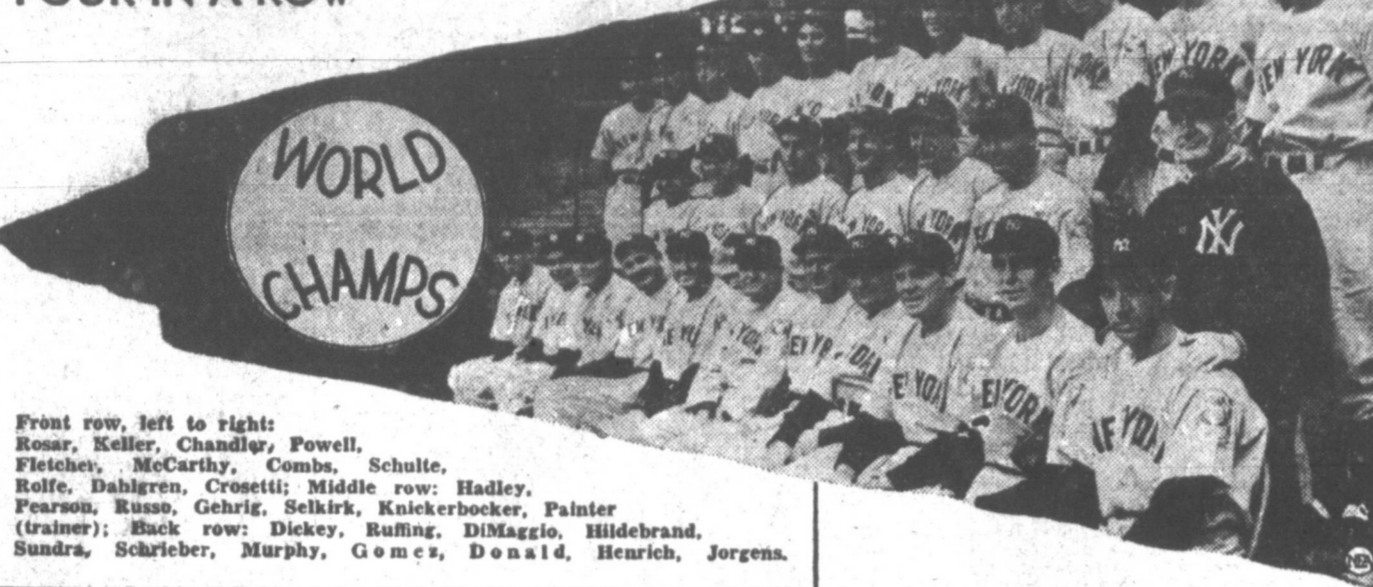

O'Brien Eyesight Analyzed By Expert

PHILADELPHIA, Oct. 11 (AP)—Analyzing the "eye in football," optometrists of Pennsylvania concluded today that one reason little Davey O'Brien passes so accurately and is so hard to catch when he's sprinting over a gridiron is that he can see better sideways than up and down.

The conclusion was based on a series of tests given O'Brien and nine other members of the Philadelphia Eagles, national professional football team, at the 43rd annual convention of the Pennsylvania Optometric association.

Conducted by Dr. William N. Gilbert of the Pennsylvania college of optometry, the tests showed that O'Brien's view to the right and left is above par.

Sam Houston Grid Eleven Beats Horace Mann 7-0

After taking the kickoff and marching for a touchdown, the Sam Houston grade school football team was unable to penetrate the Horace Mann defense and the second game of the grade school ended 7 to 0 in favor of Sam Houston yesterday afternoon at Harvester park.

Neither team showed the stuff presented Monday afternoon by Woodrow Wilson or Baker when they clashed with Woodrow Wilson winning 12 to 0. Both squads showed their inexperience although there was plenty of possibility displayed by the teams.

In Billy Gething the Sam Houston eleven presented a one-man backfield who tore up and down the field all afternoon but was able to get away for only one touchdown. On the other side of the line, Roy Carpenter, quarterback, turned out to be a one-man backfield.

Being stuck with a hearing of the line and Mitchell worked a spinner once. Gething also skirted the end for the extra point.

The line play of Virgil Fish of Sam Houston was outstanding with Billy Sullins and Jerry Dublin also doing some nice tackling. Wayne Johnson led the Horace Mann attack.

Balance of the schedule has not been completed.

Starting lineup: Billy Sullins and Jerry Dublin, ends; Virgil Fish and Dick Wilson, tackles; Kenneth Bray and Don Humphrey, guards; Bernie Brown, center; Shields Mitchell, quarter; Art Benson and Sammie Hayes, halves; Billy Gething, full; Horace Mann—Wayne Johnson and Marshall Boswell, ends; Maurice Lockhart and Albert Childers, tackles; Lane Decker and Billy Reeves, guards; James Heston, center; Roy Carpenter, quarter; D. B. Jameson and Jimmy Terrell, halves; Billy Washington, full.

Thomsen Back In Fans' Good Graces

DALLAS, Oct. 11 (AP)—Big Milt Thomsen's foot settled the air over at University of Arkansas last Saturday.

Milt booted the two conversion points that downed Texas Christian 14 to 13.

Fans poured over the Arkansas bench, praising Coach Fred Thomsen's back in congratulations. The same palms had been used to shield whispers of criticism all week after Arkansas' three-touchdown loss to Mississippi State. Thomsen brushed them aside, muttered: "Yeah, I know, I'm a great coach today."

The talk was open around Fayetteville that Thomsen wasn't on the firmest footing before his Razorbacks, in a fine demonstration of how to take it on the chin and then come back, streamed through TCU in the fourth period to topple the Southwest Conference's defending champs.

Not so many weeks ago Thomsen made a statement: "If we've got to beat Texas Christian in the opening conference game, we will be hard to handle."

MISSISSIPPI STATE over Arkansas and Vanderbilt over Rice have been major southern triumphs against other sections. Then there have been such equally amazing affairs as the close scores of Georgia Tech against Notre Dame and Furman, Centre and Virginia, which didn't figure to win at all, against Army and Navy.

This week's program looks like much the same sort of stuff.

North Carolina, with a wealth of fine backs, figures to have the best of New York University. Fordham doesn't appear strong enough to stop Tulane at New Orleans.

Duke, invading the north, should be able to tackle Pitt's Panthers at least on even terms.

Bringing the southwest into the argument, Rice and Louisiana State should have a whole of a tussle and Texas A. and M. apparently the strongest of the Southwest Conference teams, may get a real argument from Villanova. Southern Methodist, which hasn't shown a great deal yet, is a good possibility to upset Notre Dame, which has had two close squeaks so far. Texas Christian likely will find a long trip and a fairly good Temple team too much to overcome.

Another great tussle may be that between Texas, winner of two important inter-sectional games so far, and Oklahoma, which tied S. M. U. and trimmed Northwestern.

Tulane, Duke, SMU Favored On Saturday

NEW YORK, Oct. 11 (AP)—Looking at things entirely from the intersectional angle, this is likely to be about the biggest week of the 1939 football season and another one which will enhance the prestige of southern football.

On a percentage basis southern teams still are below the 500 mark in their major encounters with northern rivals, but in the matter of glory they're tops and apparently headed still higher. Duke over Colgate, Alabama over Fordham, Louisiana State over Holy Cross, Mississippi State over Arkansas and Vanderbilt over Rice have been major southern triumphs against other sections. Then there have been such equally amazing affairs as the close scores of Georgia Tech against Notre Dame and Furman, Centre and Virginia, which didn't figure to win at all, against Army and Navy.

Navy's Coach Swede Larson Traffic Cop Last Season

By JOHN S. GROVER ANAPOLIS, Md., Oct. 11 (AP)—Move over, Cinderella, you've got company—Major Emery E. (Swede) Larson jumped from directing football traffic in 1938 to head coach of Navy football in 1939.

Last year nearly killed the Swede. He commanded the U. S. Marine detachment at the naval academy. The Marines direct stadium traffic on football Saturdays. Larson's duties as boss traffic cop kept him from seeing a home game.

Being stuck with a hearing of the line and Mitchell worked a spinner once. Gething also skirted the end for the extra point.

The line play of Virgil Fish of Sam Houston was outstanding with Billy Sullins and Jerry Dublin also doing some nice tackling. Wayne Johnson led the Horace Mann attack.

Coached Kids Last Year Swede's First Without Football Assignment

Last year Swede's first without a football assignment in 25 years. But he stopped to watch some 12-year-olds on a vacant lot and five minutes later he was their coach. He organized the kids, scheduled games with prep teams and they went through an eight-game season undefeated.

Undefeated Reapers Will Play At Borger Thursday

Coach C. P. McWright and his undefeated Junior High Reapers will invade Borger tomorrow afternoon for their scheduled game with the Borger Bull Pups. The game was originally set for Friday but Borger's coach called yesterday and asked that the game be advanced a day so tomorrow afternoon at 4 o'clock at Bulldog field the teams will meet.

The Reapers opened the season by swamping San Houston of Amarillo in Amarillo. Last week they dropped the tough Buchanan team of Amarillo. A win over Borger, who dropped to Central 13 to 0 last week, would give the Reapers a strange hold on the title with only Central here next week.

The Reapers love their football and that's why they're winning games. Coach McWright almost has to promise them a scrimmage session or they won't work out. They battled up and down the practice field for nearly an hour yesterday afternoon.

Several of the boys were members of the team last year while others are up from the Peewees or from grade school teams. Last year the veterans played as seventh graders.

Borger is reported to have a strong team. The Bull Pups showed plenty against Central and the Reapers are in for a tough session tomorrow.

Early-Season Favorites In Football League Defeated

By HAROLD V. RATLIFF DALLAS, Oct. 11 (AP)—Shifting football fortunes have made a jigsaw of the Texas Interscholastic League race.

Such early-season favorites as Amarillo, Wichita Falls, Sherman, Fort Worth Poly, Beaumont and Corpus Christi are floundering about with the showing of the defending champion Buccaneers the biggest surprise.

Corpus Christi was unbeatable last season but this fall has played three games and lost them all.

Amarillo, while still favored to win the Panhandle title, is not ranked anywhere near the present top-rated outfits of Galveston, Woodrow Wilson (Dallas), Masonic Home (Fort Worth), Breckenridge, Tyler and Corsicana.

Wichita Falls lost last week to little Electra, one of the surprise teams of the year, now in the fast-widening list of undefeated, untied clubs.

Sherman, Poly and Beaumont have taken defeat almost at every turn.

The roll of unbeaten teams is due to be trimmed considerably more this week with over 50 games scheduled, of which more than half are conference affairs and a dozen interdistrict.

Games at Midland, San Antonio, Dallas and Houston feature the card, each tilt bringing undefeated, untied teams together. Sweetwater at Midland in a district 3 conference game and Forest meets Woodrow Wilson in an important championship melee in the Dallas district.

Breckenridge (San Antonio) tangles with San Angelo and McAllen meets Austin (Houston) in the feature interdistrict struggle.

The week's conference schedules: Pampa at Plainview, Vernon at Wichita Falls, Odessa at Lamesa, Sweetwater at Midland, Ysleta at Bowie (El Paso), Sulphur Springs at Highlands Park (Dallas), Poly (Dallas) vs. Riverside (Fort Worth), Masonic Home (Fort Worth) vs. Breckenridge (San Antonio).

There is an epidemic of bloody noses on the campus of San Diego State college. Reason: Lee Ramage, the heavyweight fighter, has enrolled as a freshman and has been handed the job of boxing coach.

Pampa Exes Due To Name Queen Candidate Soon

Over at Canyon Miss Lella Hickox is the first candidate for queen of Homecoming selected by a West Texas county. She is the Potter county candidate.

Last year 34 young women were nominated by various towns and counties. As many are expected to be honor guests this year on October 28. Former students living in Pampa are expected to certify their candidates soon.

Queen candidates will be guests at a morning coffee, assembly, a noon luncheon, and a high tea, and will have special escorts to the football game at 2:30 p. m. between the Buffaloes and the Rattlers of St. Mary's University, of San Antonio. Judges will pick the queen at 6 p. m. and the coronation in the college auditorium will follow at 7:30 p. m.

The queen and her beauty court then will march to Coliseum Hall at Canyon to open the now famous Homecoming night club, edition of 1939. A big circus tent will be pitched nearby to house Monte Carlo cantina, where many kinds of games will be played in a side-show atmosphere. Postmaster Guy Harp of Canyon will be master of Monte Carlo.

Suicide Squads Lead Savage Nazi Attack

PARIS, Oct. 11 (AP)—Bad weather hampered operations on the western front today as the French general staff announced that fresh attacks by "strong enemy patrols" had been repulsed south of Saarbrücken and Pirmasens during the night.

Reference to fighting in the region of Pirmasens, 33 miles east of the Moselle, was taken as an indication of the increasing scope of the German assaults.

The German attacks, French sources said, were led by suicide squads of hand grenade throwers supported by companies employing automatic arms.

French military men attached significance to the fact that the activity followed closely Premier Adolphe Briand's radio speech refusing Hitler's peace formula.

Some observers expressed belief the German attacks were the prelude to a large scale offensive which might be expected before the end of the week.

The Cuban stars will meet a team of leading Mexican players tomorrow, Saturday and Sunday in a renewal of the International Mexico-Cuba matches which lasted eight years ago.

Houston Boys To Start For LSU Next Saturday

BATON ROUGE, La., Oct. 11 (AP)—Three Houston boys will be playing for Louisiana State against Rice, their home-town college, next Saturday. Young Bussey and Ashford Simms are due to start in the Tigers' backfield while Woodrow Barrett will be at end on either the first or second team. All three played together at Houston's San Jacinto High school.

Big Game Season Opens

DENVER, Oct. 11 (AP)—Thousands of hunters, many of them from other states, departed through the Colorado uplands today with better than usual expectations of bagging a deer, elk or bear during the state's 10-day big game season.

The season opened at 4 a. m. The weather generally was fair.

Rich Fugitive From Georgia Gives Up Sell

DALLAS, Oct. 11 (AP)—Bound by bars and held in the county jail, wealthy fugitive Georgia life-terminator today held faith in "Texas justice" and insisted he would never be extradited back to a state wanting him to continue payment on a life sentence for murder.

Voluntarily captive, Gallego, 29-year-old member of a prominent Georgia family, surrendered yesterday to Sheriff Smoot Schmidt and said he deliberately threatened his way to Dallas where "there are real men who will understand my case."

The almost handsome, well-dressed fugitive had served ten years of a life sentence imposed when he pleaded guilty as an accessory to the slaying of an Atlanta drug store clerk.

Five days ago, while being transferred from an Atlanta hospital where he had been under treatment, to Reidsville state prison, young Gallego escaped with his beautiful, blonde wife of a few months.

Two guards were seated in the front of the automobile, Gallego, his wife and mother in the rear seat. Gallego said he used a piece of wood he had found in his hospital room closet to jab into the back of one of the guards.

His wife accompanied him "only because I had fever and she feared for my health," said Gallego. Officers had not located her last seen by Gallego on a street corner when he left her to visit an attorney and surrender.

The pale former Oglethorpe University student said his mother pleaded with the authorities not to attempt escape, but he replied it was his only hope for justice—flight to another state.

The Georgian told Sheriff Schmidt he had made a hasty four-day trip of a thousand miles through five states since he escaped.

Only two hours before his surrender, Gallego had telephoned his mother in Atlanta and advised her he was giving up.

Informed one of the two prison guards in the automobile that the association will be held at 8 o'clock and again at 9 o'clock Friday night at the Hopkins 2 school, when a "woman's wedding" is staged as part of a Fun Night program.

Proceeds of the entertainment will go to the Parent-Teacher association, which has planned to have only one money-raising project to finance all the activities of the 1939-40 session.

The tickets are 20 cents for adults and 10 cents for children. Those selling tickets are Mrs. Ray Franklin, Mrs. George Howe, Mrs. Jim Hopkins, Mrs. I. P. Simmons, Mrs. A. W. Mallow, and Mr. E. W. Talley.

The characters in the wedding are bride, Roy W. Enderby, groom, Johnny Wells; bridesmaid, Cleo Coffey; best man, Hudson Laycock; bride's mother, C. E. Jones.

Bride's father, Elmer Sparks; teacher, LaVerne Cooper; rejected suitor, Charles Plank; ring bearer, A. W. Colthart; flower girl, W. M. Parker; jilted sweetheart, R. W. Orr; train bearer, Hank Tepner.

After the womanless wedding two local boys, Junior Coffey and Murray McPherson, will stage a boxing bout. Several tag dance numbers will be presented by Vernell Bynum. There will be no additional charge for these features.

Other features of Fun Night will be: grab bag stand sponsored by the Girl Scouts, fishing pond, house of horrors, cake walk, games, fortune teller, hot dog stand, coffee, cold drinks, and popcorn and candy stand, by the Boy Scouts.

Your bags, Carol cut in. Get them and dump them here in Keith's car. Thanks, Joan replied. I've arranged to have them sent out. It wouldn't be convenient to put them in the car, anyway.

CHAPTER I CAROL REID, president of Alpha Nu, ripped open the telegram messenger handed her, and read it with a somewhat puzzled expression on her pert, freckled face. "Saasy—listen to this," she began. The dark, curly-haired youth sprawled on a glider looked up. "Good news, bad news, or just news?" "You guess." And then: "ARRIVING ON 2:15 STOP PLEASE HAVE SOMEONE MEET ME AT STATION STOP FOR YOUR INFORMATION WILL BE WEARING DUBONNET TAILORED SUIT STOP JOAN JOHNSON, TRANSFER, OMICRON CHAPTER."
