

### Annual Flower Show Opens At Church Today

Small Greenhouses were discussed at a regular meeting of the Pampa Garden club in the annex of First Presbyterian church this afternoon in connection with the annual flower show which is being held today.

The exhibit will be open until 9 o'clock this evening and the public is invited to attend. Tea was served to the group following the meeting. Winners of prizes and honorable mention will be announced Sunday.

Arrangements of roses, dahlias, cosmos, marigolds, zinnias, chrysanthemums, gladioli, red salvia, and nasturtiums were among those entered in the show this morning.

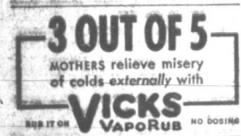

### Woman's Auxiliary To Have Food Sale Once Each Month

Mrs. Frank Perry was hostess at a meeting of Woman's Auxiliary of St. Matthew's Episcopal church this week in the parish hall.

The program was presented by Mrs. L. E. Lyles while Mrs. L. L. Rice gave the devotional. In the business session the group decided to have a cooked food sale on the first Saturday of each month.

Attending were Meses. H. M. Stokes, Lawrence Brickell, R. J. Smith, Morris Levine, Frank Clark, L. L. Rice, L. E. Lyles, R. M. Drake, T. H. Buss, W. S. Kiser, F. E. Scheig, S. G. Surratt, and F. M. Perry.

### Mrs. Crain Guest Speaker At Carson County Federation

**PANHANDLE, Oct. 13**—Mrs. J. M. Crain of Amarillo was guest speaker at a meeting of Carson County Federation of Women's clubs in the high school auditorium this week.

Mrs. Crain spoke on "The American Home" and gave the three factors essential in establishing a successful home as love, respect, and trust.

"For success the inmates of a home must be physically healthy, economically secure, mentally stimulated, morally wholesome, and spiritually uplifted," continued Mrs. Crain.

On enlivening on the home Mrs. Crain stated that 71 per cent of the American children are underprivileged, and only 7 per cent past 65 years of age have economic security. Mrs. Crain stated further that 10 per cent of the yearly income of a family will take care of the rainy day.

Other numbers on the program included group singing of the "Yellow Rose of Texas," by a group of school children under the direction of Mrs. O. R. Owens, a reading, "Home Builders," by Mrs. Porter Port of the 4-H club girls, and a biography of Clara Driscoll, by Mrs. E. H. Grimes.

The members voted to send Mrs. Wagoner, president, to the district convention of Federated clubs in Wichita Falls in November.

Refreshments were served in the cafeteria by members of Mothers Self Culture club. Friendship Circle presented the program.

### Screen Plantings Demonstrated At Sunshine HD Club

**SKELLYTOWN, Oct. 13**—Members and a guest, Mrs. J. S. McBride, of Sunshine Home Demonstration club of Skellytown, met recently at the home of Mrs. Arvil Williams.

The demonstration scheduled to be given at this meeting on "Foundation and Screen Planting" was postponed due to the fact that the desired shrubs could not be found.

Roll call was answered by naming "One Shrub in My Yard that I Especially Enjoy." The group enjoyed various games after the business meeting presided over by the President, Mrs. W. N. Adams.

In the business session it was voted to pay \$21.50 for work done on the library lawn, the club's project of the year. The yard has been leveled, a wire fence put up in a concrete foundation, and trees and shrubs planted. Approximately \$60.00 has been spent by the club on the lawn this year. Plans have been made to plant grass in the spring and a few more shrubs will be added.

All members are asked to meet at the library, Oct. 26, to complete work on the lawn. The next meeting, Oct. 17, will be at the home of Mrs. Don Ayers, where election of officers will be held.

Refreshments of molded fruit jelly-O cake, and tea were served to Mesdames J. S. McBride, Bill Fulton, Lonnie Felgenpan, W. N. Adams, W. W. Hughes, and the hostess.

**WHEN DEB RETIRES**

Just to show how a 17-year-old Texas ranch girl lives around the clock, Sydna obligingly outlined her day.

Up at 6 a. m. (about the time the New York deb is drifting off to sleep).

Into her overalls and high-heeled boots and out to wrangle the horses. Back for breakfast—good and hungry—and ready to start the day. A day of riding, locking at the stock, looking at the fences, checking such things as the windmill, the salt trough, riding the river.

With lunch time, a little rest—and then the same thing over again on another part of the 24,000-acre ranch her father owns. In a day that may mean 40 or 50 miles of riding.

"But we trot our horses; we don't gallop them the way cowboys do in the movies," Sydna points out.

Dinner is a hearty meal after a day in the open, not a social occasion. After dark, Sydna sometimes rides "for the joy of it." But she's in bed by nine or ten, unless it's the night of the monthly dance at Canadian—the nearest town.

Take your choice—colorful ranch girl or glamorous debutante. Or maybe you'd rather take life easy and just be a plain working girl.

### Palo Duro Baptist WMS Has Meeting In Claude Church

**WHITE DEER, Oct. 13**—Palo Duro Associational B. W. M. U. met this week at Claude with Mrs. J. C. McKenize presiding.

Mrs. E. M. Dunsworth of Pampa led the devotional based on Matthew 3. A special musical number was given by a trio composed of Mrs. Iva Powell, Mrs. Al Arnold, and Miss Betty Dunlap of Borger.

Announcements were made of a Young People's Clinic to be held at First Baptist church of Borger on Oct. 17, for the purpose of acquainting all the leaders of the young people's organizations with their duties, and of a Mission Study Institute to be conducted at the First Baptist church of Pampa on Oct. 18 at 9:30 o'clock with Mrs. W. D. Howell and Mrs. E. F. Lyon, state workers, in charge.

### PACE HIT BY A GLAMOR DEB AWES RODEO-RIDING COWGIRL

"I couldn't stand the pace," said Sydna Yockley (right, of Texas, Sydna told of the r-c-wed social life of a metropolitan society deb such as Brenda Frazier, pictured in insert.

**By RUTH MILLETT**

Hard-riding, calf-roping, good-looking Sydna Yockley of the Lazy-L ranch, a "glamor" girl from the Lone Star State, turned up her pretty nose when she was asked, "How would you like to swap places with a New York debutante?"

She looked puzzled, when the typical day of a New York deb of the Brenda Frazier "school" was outlined for her.

The debutante pulls herself out of bed at noon.

She lunches at the Stork Club or "21" catching up on the gossip of the night before and giving the society reporters a chance to notice what she's wearing.

Then she takes time out for shopping or beauty repairs. After that, a tea dance or cocktails—with lots more small talk.

Dinner at a supper club (one where she will be photographed) and on to more night clubs.

Home at 4 or 5 a. m. to sleep again until noon, the beginning of another day.

**THIS WEEK IN PAMPA THEATERS**

### Baptist WMS Has All-Day Meeting And Mission Study

**PANHANDLE, Oct. 13**—Members of Baptist W. M. S. met in the home of Mrs. W. W. Evans for an all-day meeting and covered disc luncheon at noon to study the Mission program on "Open Doors."

Mrs. E. E. Pierce, program leader, had charge of the following program: "Open Doors, to the Negroes, Mexicans, Hospitals, Schools and Departments." Taking part on the program were Mrs. Eva E. Craig, Mrs. O. C. Weakley, and Mrs. Allen Johnson. Mrs. N. Taylor and Mrs. D. C. Landon entertained with a special number.

Attending the meeting were Meses. Henry Weatherford, S. F. Benge, R. A. Mitchell, Alf Pemberton, Eva E. Craig, O. Z. Light, O. R. Beedingfield, S. G. Bobbitt, Sam Lanning, Escar Watts, E. E. Pierce, Allen Johnson, N. Taylor, D. C. Landon, George Biggs, Frank Ellis, George Thompson, V. D. Biggs, W. G. Faulks, Julia Thompson, Meses Lillian Biggs, Betty Neel, Lorena King, and Elizabeth Benge.

**CUPS OF NUTS**

There are about 45 Brazil nuts, with shell on, to a pound. That will produce about 2 cupsful of shayed or coarsely ground nutmeat.

### Marriage Of Local Couple Revealed

Mr. and Mrs. D. C. Gantt have announced the marriage of their daughter, Helen, to Ned Langley which was solemnized Saturday, October 7, in Sayre, Okla., with the Rev. Cunningham of the First Methodist church officiating.

Following a short wedding trip, the couple returned to Pampa Wednesday to make their home.

Mrs. Langley was graduated from Capitol Hill High school in Oklahoma City. She is an active member of the local Rebekah lodge.

Mr. Langley is employed by the Magnolia Petroleum company.

### Central Baptist WMS Circles Meet For Bible Study

Weekly meetings of four circles of Women's Missionary society of Central Baptist church were conducted. West Side circle members met in the home of Mrs. Del Schaefer, 629 North Faulkner, for Bible study.

Mrs. George Berlin led in prayer and the first chapter of John was studied.

Mrs. W. O. Nicholson was elected personal service chairman and it was announced that the next circle meeting will be with Mrs. George Berlin at the Skelly camp.

Those attending were Meses. Houston Allen, E. W. Ansell, W. O. Nicholson, Small, J. B. Hibbin, O. H. Gilstrap, John Evans, Walton Dempster, Ben Selphold, Drewes Allen, H. J. Dempster, George Berlin, Albert Jones, and the hostess.

Members of Lydia circle met in the home of Mrs. Clyde Ives for Bible study also. Mrs. S. W. Brandt gave the devotional after which Mrs. Ives told the story of Lydia.

Halloween colors were stressed in the appointments.

Attending were Meses. S. W. Brandt, Charles Barrett, L. O. Roenfeldt, W. T. Broxton, Joe Altman, Alma Williams, T. E. Mathew, Bill Robinson, Lee Hampton, Ernest Baldwin, and the hostess.

The group will meet Monday with Mrs. Bill Robinson, 1129 North Russell street.

An all-day meeting of the Hopkins circle was conducted in the home of Mrs. J. W. Richardson. The group quitted for Buckner's Orphan home, and the devotional by Mrs. Johnson was followed with luncheon.

The group will meet Monday with Mrs. P. M. Jenks for Bible study.

East Side circle members met at the church for Bible study which was opened with the devotional on Psalm 22 by Mrs. J. H. Gray. This group is conducting a study of the book of Acts.

Mrs. W. R. Morrison was elected as benevolence chairman during the business session which was attended by nine members.

### Loyal Women's Class Members Meet At Church

Members of Loyal Women's class of First Christian church met this week at the church with Meses. C. L. Shearer, W. E. Speed, Frank Baird, and Jesse Sowder as hostesses.

Included on the program was the song, "Trust and Obey," after which Mrs. DeLee Vears led in prayer and the devotional was given by Mrs. B. A. Norris from John 1:1. The song, "Sweet Hour of Prayer," preceded "The Legend of the Lamp" by Mrs. Norris and the lesson from Hebrews 1-5 by Mrs. Jesse Sowder.

The minutes were read and a report was given in the business session.

Refreshments were served to 125 members.

### Girl Scout Troop One Plans Holiday Party At Meeting

A meeting of Girl Scout troop one was called to order this week by Robie Lee Russell after which the pledge of allegiance was given and the minutes were read by the secretary, Frances Deering.

Badges were discussed throughout the remainder of the meeting. Blanche Day, Leola Hogsett, and Frances Deering were appointed to be hostesses for the Halloween party on October 30. The next meeting date was set for October 18.

Eleven Girl Scouts were present with their new leader, Mrs. John Ketter.

### Friendship Circle H. D. Club Members Discuss Birds

**PANHANDLE, Oct. 13**—"Birds of the Southwest" was the program topic of Friendship Circle H. D. club at a meeting in the home of Mrs. B. W. Gannely this week.

Mrs. Iva Pullen discussed the mocking bird which she said is a native of North America and is found in no other country. The meadow lark, the dove, quail, robin, blackbird, and woodpecker were discussed by Mrs. Van Carter, Mrs. J. E. Russell, and T. E. Russell, respectively.

Mrs. Van Carter, club chairman, conducted the business meeting when the following officers were elected: Chairman, Mrs. Carter; vice-chairman, Mrs. J. E. Russell; secretary, Mrs. J. B. Howe; assistant secretary, Mrs. B. W. Gannely; treasurer, Mrs. Porter Brown; council delegate, Mrs. Iva Pullen; and reporter, Mrs. George Milton.

The next meeting will be in the home of Mrs. Earl Cox when the jar contest for club members will be held.

Answering roll call were Meses. Henry Weatherford and son, Jackie, Mrs. Perry Pullen, guests, and the following members: Meses. George Hankins, Van Carter, M. E. Cox, Walter Lill, Earl Cox, Escar Watts, T. S. Dellis, J. B. Howe, Iva Pullen, Porter Brown, George Milton, Fred Renner, and the hostess, Mrs. Gannely.

A tart lemon filling is delicious between two baked layers of yellow, white or spice cake. Here's a good recipe. Mix 3 tablespoons butter, 2 tablespoons lemon juice, ¼ teaspoon grated lemon rind, a speck of salt and 1½ cups confectioner's sugar. Beat until creamy.

### Happy Hemmers Members-Guests Have Recent Party

Mrs. Dane Cambern and Mrs. Murray Donald were co-hostesses at a party in the home of Mrs. Cambern this week honoring members of Happy Hemmers Sewing club and their husbands.

The entertainment rooms were decorated with black and orange crepe paper and vases of marigolds were used to carry out the Halloween color motif.

A covered dish supper was served on individual tables laid in black and orange.

Following the supper games of pitch, chinker checks and bridge were played.

Attending were Meses. and Meses. Cecil Gant, W. F. Kiser, O. L. Patton, Steve Donald, Edgar Barnett, Irvin Cooper, Spencer Matlock, Ned Langley, Fred Ferguson, Dave Cambern, Murray Donald; Miss Ila Gantt, Mrs. Dave Cambern and Mrs. Richard Madoux.

### Pleasant Hour Sewing Club Has Meeting Recently

**SKELLYTOWN, Oct. 13**—Two guests, Mrs. Bill Franks and Mrs. Stella Tomlin, and members of Pleasant Hour Sewing club met at the home of Mrs. Arthur Johnson recently.

In the short business meeting presided over by Mrs. W. N. Adams, president, names were drawn for a Christmas gift exchange, after which various amusing games were directed by the hostess with awards, being presented to Mrs. Bill Franks and L. B. Fulton. Mrs. Franks was also welcomed as a new member of the club.

At the close of the social hour refreshments of home made ice cream and cake were served to Mesdames Bill Franks, Stella Tomlin, W. N. Adams, Dallas Bowsler, K. H. Brannon, V. P. Caska, L. B. Fulton, Arthur Johnson, G. F. Morris, Vernie Ogilvie, M. L. Roberts, O. L. Satterfield, E. M. Stafford.

### Two Hostesses Entertain BYPU

**MOBEETIE, Oct. 13**—Meses Dorothy Trantham and Wanda Bearden were joint hostesses to the senior class of B. Y. P. U. young people at the home of Wanda Bearden.

Indoor games were enjoyed by a large group and hot chocolate and cake were served to Estelle Seitz, Theresa Godwin, Delora Ferguson, Fern Smith, Maxine Patterson, Virginia Ball, Wilma Bearden, Maurita Dunn, Leonard Mixon, Leo Smith, Leo Fisk, Warren Thompson, W. C. Johnson, Ed Johnson, J. F. Hanning, Wilton Sims, Arthur Carmichael, Leon Painter, Bob St. John, Lester Leonard, David Dysart, Travis Patterson, Jack Bearden, Hall Bearden, Mr. and Mrs. Elvin Zell, and the hostesses, Dorothy Trantham and Wanda Bearden.

# Texans Honor Publisher Of Dallas News

By WILLIAM T. RIVES

**GALVESTON, Oct. 13 (AP)—**George Bannerman Dealey, 80-year-old dean of American journalism, started today his 60th consecutive year with the same publishing institution—his eyes still bright, his vigor unchecked and his heart still glowing with the tributes of the state and the nation.

Last night the Texas Newspaper Publishers' association banqueted the beloved publisher of the Dallas Morning News, who started his career in this Gulf coast city.

The event, however, knew no state boundaries. Messages of congratulation poured in from the country's leaders to render homage to a man who has given journalism 65 years of loyalty, glowing achievement and hard work.

Through all the speech-making, Mr. Dealey remained serene, and when his turn came, pleaded he was not worthy. The reason he had worked so long, he said, for the A. H. Belo corporation, which founded both the Galveston News and the Dallas News, was that no one else had offered him a job.

"To him the demonstration was symbolic. 'I am being honored as the present head of a great newspaper and a highly esteemed institution. I never thought I deserved the honors I received.'"

Then, his eyes twinkling, he added, "I guess I fooled a lot of people."

**Began At Bottom**  
The honors heaped upon Mr. Dealey were far removed from the day he trudged up the stairs of the Galveston News Oct. 12, 1874, to take an office boy's job. He was 15 years old.

As office boy, mailing room clerk, correspondent, business representative, the young man worked hard, and he was picked to help establish a North Texas paper.

Dallas was the city selected, and Dallas became the city of G. B. Dealey's future.

He took occasion to praise President Roosevelt, who sent a message of "warmest personal greetings" which emphasized the "notable milestone" Mr. Dealey had reached.

He commented on the fact the lord mayor of Manchester, England—Mr. Dealey's native city—had taken occasion to congratulate him, and said of Great Britain: "Great Britain has been licked only once, and that was by this country. Now she is working with

France to protect the liberties under which we live."

Mr. Dealey had listened to the highest praise from speakers and messages of those who could not attend.

Threaded through the communications were such phrases and descriptions as "a man who proved success can be attained without the loss of principle" and "an inspiration and model for every American boy."

Amos Carter was toastmaster, and principal speakers were former Governor W. P. Hobby, Walter M. Dear of Plainview, N. J., vice-president of the American Publishers' association, and Major Lenox B. Lohr, president of the National Broadcasting company.

**Law To Result In  
Higher Pay, Shorter  
Hours For Millions**

WASHINGTON, Oct. 13 (AP)—Officials estimated today that 650,000 American workers would get pay increases and an additional 1,100,000 would get shorter hours or overtime pay when changes take place in the wage-hour law Oct. 24.

On that date, the law provides that 30 cents an hour shall become the minimum wage and 42 hours the maximum work week for employees whose products move in interstate commerce. The standards will replace the 25-cent minimum and 44-hour maximum week in effect for the first year of the act's operation.

At the same time, about 175,000 textile workers are expected to get pay increases under the 31 1/2 cent hourly minimum ordered for their industry by Elmer F. Andrews, wage hour administrator, on recommen-

dition of the textile industry committee.

An estimated 45,000 Hooper workers, meanwhile, are receiving wage increases which became effective September 18 as a result of the 32 1/2 and 40-cent minima ordered for the seamless and full-fashioned divisions, respectively.

Preliminary figures place the total wage increase expected from the highest standards for all industries at \$100,000,000 for the year beginning Oct. 24.

Giraffes sell for about \$1,500 a yard, measured from the tip of the horns to the feet.

### Nazi Patrols Drop Attacks

By JOHN H. MARTIN

PARIS, Oct. 13 (AP)—German patrols were reported today suddenly to have abandoned attacks in which they had failed in five days to capture any French prisoners.

Military advisers said the French army was keeping sharp watch on the front, wondering why on a "magnificently clear night" it was calm except from the Warunt foreign region where a communique said small enemy patrols were repulsed.

French observers speculated on whether the Germans intended to launch a major offensive. They said the Germans, from their attempts to take prisoners despite adverse weather, appeared equally anxious to know French intentions.

The Germans, French reports said, were bowing woods and hills of the front with mines and traps of all descriptions, compelling the French to advance only "step by step" with utmost caution.

President Albert Lebrun gave added emphasis to Premier Daladier's speech Tuesday rejecting peace on Adolf Hitler's terms. The president thanked the premier for "expressing so clearly and firmly the unanimous feeling and will of the French nation."

Military observers said that a reported concentration of 30,000 British Tommies on the northeastern front meant either an early French-British offensive or a continuation of the effort to provoke a Nazi big scale assault on heavily fortified allied positions.

The British apparently had not yet been put in action after five days of defensive action the French last night were said to have resumed their stabs at the German line. There are now 155,000 British soldiers in France with more promised, according to British War Minister Leslie Hore-Belisha.

Behind-the-lines munitions stacks weigh in to the millions of tons. Tanks are hidden in the forests and thousands of camouflaged planes are ready for battle.

### Pampa Students At Kemper Appointed Lance Corporals

C. D. Hickman, son of Mr. and Mrs. Charles L. Hickman, 628 North Frost, and R. W. Harrah, son of Mr. and Mrs. Raymond W. Harrah, 521 North Frost, have each received appointments as lance corporals of their units in Kemper Military school, Booneville, Mo.

Cadet Harrah, member of the class of 1943, is in company A at the school. Hickman, member of the class of 1941, is with the headquarters company.

Announcement of the appointments was made by Major B. R. De-Graf, professor of military science and tactics, in an order approved by Col. A. M. Hitch, superintendent of the school.

### 30 Boys Attend Cub Pack Meeting Here

Thirty boys, 15 parents and six leaders attended the meeting of the Presbyterian church Cub Pack last night. George Briggs, chairman of the Adobe Walls council cubbing committee, was present and discussed the movement with boys and their parents.

The Cubbing movement, for boys between the ages of 9 and 12 years, is gaining momentum over the area, Mr. Briggs said. Parents are becoming more interested in the program and any parent desiring to learn more about Cubbing may contact Mr. Briggs or visit the office of the council executive in the city hall.

Last night 19 men from Shamrock, Wellington, Kellerville and Wheeler attended a leadership course in "Introduction to Scouting in Shamrock," conducted by Executive Fred Roberts and Field Executive Tracy Jerni who had just returned from Oklahoma City where he attended a sectional conference of executives of Oklahoma and the Panhandle of Texas.

Attending the training course in Shamrock: Wellington—James Sullivan, Wm. B. Twik, Ernest Elliott, John L. Beard, Logan Cummings.

Shamrock—J. H. Douglas, C. E. Coleman, Hubert B. Hendrick, E. D. Nolan, J. W. Shull, Jr., W. C. Perkins, Edward Burkhalter.

Wheeler—F. B. Craig, H. M. Wilby, Wayne Cook, C. J. Meek.

Kellerville—B. Clifford, L. E. Fray, J. M. Bruton.

Twelve out of the nineteen who attended completed the course.

### Guard Out Of Lineup

NORMAN, Okla., Oct. 13. (AP)—Ralph "Fats" Harris, 230-pound University of Oklahoma guard, will be out of the lineup the remainder of the season because of an injury in the Northwestern game. Coach Tom Stidham announced today.

Stidham said the burly sophomore had chipped a bone in his right ankle.

### NEW 1940 CHEVROLET MASTER DE LUXE SPORT SEDAN

### New Chevrolet Completely Restyled, Longer And Wider

DETROIT, Oct. 14.—Three completely re-styled series of Chevrolet passenger cars, combining greater length and width with much more massive appearance, and embodying many mechanical refinements, made their formal public bow today at the National Automobile show and in Chevrolet dealers' salesrooms from coast to coast. Over-all length has been increased 4-1/2 inches, a change which makes the new line outstanding for its sleekness and grace.

Improvements aside from styling, in which sweeping changes have been made, include provision of Chevrolet's exclusive vacuum power shift as regular equipment on all models of all three series, helical synchromesh transmission with silent low and reverse as well as silent intermediate and high, and numerous revisions affecting safety, comfort, convenience, performance, and long life.

Except for the difference in front suspension and the use of a slightly higher gear ratio on the Master 85, the chassis of the three series are practically identical. All are of the same wheelbase, and the power plant is the same throughout. It is the time-tried Chevrolet six-cylinder valve-in-head engine, revised in several particulars in the interests of silent operation, smoothness, and long life. These changes affect the oil system, the valve mechanism, and the camshaft, and in the two latter cases involve change in manufacturing practice as well as in design.

In appearance, the 1940 Chevrolet is new from bumper to bumper. Bodies, fenders, hood, and frame are completely re-designed, to embody low-slung grace. These changes result also in increased stability, since they lower the center of gravity of the car as a whole. Changes, except for trim and extra equipment, are the same on all three series.

The radiator grille, one of the most obvious outward changes, is much lower and wider. The massive chrome-plated horizontal bars at the lower part of this unit sweep outward to include the fender area formerly occupied by auxiliary louvers. The alligator-jaw type hood has a deep, gracefully-rounded nose, and is designed in such a way that the line along which it opens is unnoticeable when the hood is closed. The hood is equipped with a theft-proof lock so that access to the engine compartment can be gained only after releasing a control knob under the dash within the car. Releasing of the latter allows the hood's spring-loaded hinges to raise the nose, giving access to a secondary lock which releases it the rest of the way. This secondary lock prevents the hood from being jarred or blown open while the car is in motion, even if the dash lock should be accidentally released.

Safety, as well as style, is served by the new all-rubber-surfaced running boards with tripple-peaked longitudinal ribs which parallel the body contours. The running boards terminate just short of the rear fenders for better drainage. Bodies are larger, inside and out, and are also more rigid. Seats are wider, and leg-room and head-room are increased. Wider doors make for easier ingress and egress. Numerous refinements, which vary among the three series, result in luxury, comfort and convenience unmatched in previous years' models. In the Special DeLuxe series, these items include an illuminated clock recessed in the glove compartment door, a light within the compartment which turns on automatically when the door is opened, regardless of whether the other car lights are on or off.

### Kiwanians Present Plainview Program

A delegation of Pampa Kiwanians, headed by President W. B. Weathered, went to Plainview today where they presented a program at the regular weekly luncheon of the Plainview Kiwanis club.

The Rev. B. A. Norris, pastor of First Christian church, Pampa, was the principal speaker at the luncheon, and Foster Fletcher, member of the Pampa club and a former resident of Plainview, entertained his former townsmen with his "one-man band" musical act. There were more than a dozen persons in the delegation and most of them planned to stay over for the Pampa-Plainview high school football game tonight. Stay-at-home Kiwanians held their regular luncheon in the Schneider hotel at noon today.

### Father Kills Afflicted Son In 'Mercy Death'

NEW YORK, Oct. 13 (AP)—A dozen canaries sang unheeded today in a drab flat in upper Manhattan where police said a mentally tormented elevator operator had chloroformed his blind 12-year-old son, feeble-minded since birth.

Neighbors said Louis Repouille, 38, had raised the canaries to augment his small income and provide for the dead boy, Raymond, and four other younger children.

After an all-night questioning, Repouille was charged with homicide and illegal possession of a dangerous weapon. Police said a revolver had been found in the apartment.

The body of the frail 45-pound boy, clad in aingham dress and sweater, was found yesterday in the steel bedroom crib from which he had been unable to move without being lifted or carried.

Repouille was sitting dazed on the bed.

Detectives Harry Roedel and James Harrison said the father described how he had held a chloroform-saturated cloth to the boy's face and told them: "I couldn't stand it any longer. He was just like dead all the time. He couldn't walk or talk or see."

The boy became blind after an unsuccessful brain operation five years ago. His parents had saved \$500 for the operation.

The mother, Florence, 40, who had given Raymond an infant's care every day of his life, was near hysteria.

"I loved him," she wept. "The mother and Jeannette, 2, her youngest child, were shopping when the tragedy occurred. The other three Repouille children—Lillian, 11, Alphonse, 7 and Anna, 5—had been sent to the movies by their father."

### Revival To Begin Sunday Morning At First Baptist

A two-week revival will open at First Baptist church Sunday morning with the pastor, the Rev. Gordon Bayless, preaching both services Sunday.

At the morning service he will discuss the question, "Is There A Last Chance?" and Sunday night, "The Answer All Men Must Make."

Dr. William H. Joyler, who will have charge of the revival meetings, will arrive Monday night. For the first nine years he has been a successful state evangelist. More than 120 people united with the Baptist church at Shamrock at his meeting there a year ago. Rev. Joyler has been described as a humorous, dynamic, and straight from the shoulder type of a preacher.

Services will be held each day at 10 a. m. and 7:30 p. m.

### Horace Mann Has Fire Prevention Program Thursday

A fire prevention chapel program was presented at Horace Mann school Thursday afternoon.

Following a group of fire prevention songs by the upper grades, five fire prevention monkeys were presented by Miss Mary Reye. A fire prevention song by the second grade was directed by Miss Jimma Seary.

A chorus was conducted by Miss Frances McCue's sixth grade, presenting a reading from Miss Elizabeth Sewell's room. A skit, "The Safety Council Meet," was given by Miss Griffith's room.

Fire chief Ben White gave a demonstration on fire prevention.

Fifteen states derive a total of nearly \$7,000,000 a year from taxes on horse racing.

### Taft Speaks For Embargo Repeal

WASHINGTON, Oct. 13 (AP)—Senator Taft (R-Ohio) denounced today an arms embargo policy as favoring aggressors against peaceful nations and urged the senate to adopt the administration bill repealing the ban on munitions shipments.

He voiced approval of provisions which would prohibit American ships from carrying goods to warring countries, but recommended elimination of a section permitting 30-day credits on arms sales.

"We should prohibit our ships from going to Europe," he said. "That policy is no more cowardly than it is to keep people out of a burning house."

Taft is one of a half dozen Republican senators favoring repeal of the arms embargo. He told the senate repeatedly that he believed the United States could remain out of the European war.

"The popular opposition to this bill, as far as it exists," Taft said, "is based on suspicions of the President's tendency to interfere in the European war. He has publicly pledged his determination to keep America at peace, and we can surely accept that pledge."

Taft, son of the pre-World War President, urged that Congress remain in session to act promptly on any emergency which may arise.

Taft expressed the belief that repeal of the embargo would not result in any great demand for American munitions on the part of European belligerents.

# Freedom to Worship

The Pilgrims landed in this country over three hundred years ago, a GOD-FEARING group who felt the oppression of the Old World... and today there stands still a tribute to these early Americans a land that is called "The home of religious liberty... America."

1939... today... right this instant, religion in certain countries of the Old World is being persecuted in a manner that can not be recorded. An effort to combat this aggression on religion would be useless. Today, here in America we Americans are challenged to protect our land from this cancerous blight... persecution of religion... it is the problem that faces all of us... men, women and children of each and every creed.

In Pampa we are going to do our part in protecting this precious birthright of the Freedom to Worship. Sunday is "GO TO CHURCH SUNDAY"... be there!

## Go To Church Sunday, October 15

Lions Carnival Will Be Open Again Tonight

For the final "big push" that will net the club sufficient proceeds to clear expenses and to put money into the club's fund for underprivileged children, the Pampa Lions will re-open their annual carnival tonight at the show grounds located on the Santa Fe right of way on West Atchison.

Tonight's show will open at 7 o'clock and those attending are promised new attractions. Members of the club turned out last night and replaced the 14 stands that had been removed this week, when cool weather forced the cancellation of the show for Monday and Tuesday nights.

Members of the carnival committee said they had almost made all expenses on the carnival thus far, but needed more money in order to pay expenses in full and to have the money to do their work for children, such as paying for tonsil operations, buying shoes, purchasing glasses and making possible eye treatment for children.

All this work is dependent on the proceeds of the annual charity circus. Unless there is sufficient money obtained from the show tonight and tomorrow night it is likely the club will not be able to continue its fund for children.

The carnival opened for a three-night run Thursday a week ago. The show was open that night and Friday night. Rain forced the show to suspend on Saturday night. It was to have been repeated on Monday and Tuesday nights but the weather was too cool to insure a large attendance, and the carnival was postponed until this week-end.

Three Pampa Boys Enlist in Air Corps

Among late enlistments through the Amarillo recruiting office were the following listed youths from Pampa, enlisted for service in the Army Air Corps, March Field, Calif.: Frank W. Duff, Jimmy M. Hamill, William S. Jones, and William A. Hugel.

For enlistment in the Air Corps the applicant must be able to produce a high school diploma. However, there are also choice assignments open for applicants who have not completed high school including Medical Department and Coast Artillery, with choice of assignment at Los Angeles or San Francisco, Calif.

Guard Boots Dropkick COLUMBUS, O., Oct. 13 (AP)—At least the drop-kick hasn't been entirely forgotten. Ward comes from the camp of the Ohio State Buckeyes that Campbell Graf, a guard, is booting 'em between the uprights from distances up to 30 yards.

WHAT! THEY'VE MADE MAXWELL HOUSE EVEN BETTER?

YES! IT'S BEEN IMPROVED LATELY IN TWO IMPORTANT WAYS!

2 DEFINITE REASONS why Maxwell House is now even richer, more delicious!

1. New Enriched Blend. Yes! The famous Maxwell House blend has actually been improved... made richer, smoother, even more delicious and full-flavored than ever!

2. Improved Roasting Method! And this magnificent new blend is now roasted by a new method called Radiant Roast. A method that roasts each bean evenly... brings out more fully the extra-rich flavor of these choice coffees. No weak coffee from under-roasting. No bitter coffee from parching. Always full-flavored, always delicious!

FOR ADDED ECONOMY AND CONVENIENCE!

Market Briefs

WOOL MARKET BOSTON, Oct. 13 (AP)—The Commercial Bulletin says the wool market has been very slow throughout some indications of a bit soft, possibly to the extent of five percent from the peak.

"Sales in South Africa have been made on a basis about ten cents, clean basis, under this market, or about 95 cents, clean basis, duty paid, Boston, for good clothing 64-70 wools. Shipping appears to be fairly facile."

"London will hold an appraisal sale Monday, from which it is understood a level for maximum prices will be set up but government needs will, of course, take precedence over civilian requirements."

"The piecegoods markets have been slowed down this week, with sorting staples ruling 55 to 55 cents a yard above the level at September first."

"Buyers in the West have been practically at a standstill, with growers inclined to hold for a higher level still."

"Mohair has been quiet but nominally is unchanged."

"The bulletin will publish the following quotations: Recored basis: Fine 12 months selected 1.08-1.10; fine short 12 months 1.05-1.08; fine eight months 95-1.00."

Domestic adult grades: First sort, 80-85; second sort, 65-68; third sort, 55-59. Hosiery: 120-125; second sort, 1.00-1.05. Cape Winters, first, nominal, 43-45; 65-67; turkey fair average, summer first, 45-47; Cape Summers, 47-52 (foreign prices in bond).

KANSAS CITY LIVESTOCK KANSAS CITY, Oct. 13 (AP)—(USD) —Hogs: Salable and 1900; top 7.00; freely: good to choice 1.80-2.00. 6.80-7.00. Cattle: Salable 700; total 1800; calves salable 200; total 300; small lots show 1.00-1.05; weaner 10.00-10.50. Sheep: Salable 4500; total 4800; good choice 1.50-1.60; lambs, 2.50; sheep firm; top ewes 4.10.

CHICAGO GRAIN CHICAGO, Oct. 13 (AP)—Wheat prices fell a cent and closed fractionally lower than Wednesday.

This trend paralleled the action of securities prices to some extent and reflected uncertainties of many traders to the definite view of the uncertain European situation. Early buying in response to European news over the weekend, and less favorable weather in the domestic winter wheat belt, proved a disappointment to many would-be buyers.

Wheat closed 1/2 cent lower Wednesday, December 8 1/2-1/4, May 8 1/2-1/4, corn unchanged to 1/2 down, December 50, May 52 1/2-1/4, oats 1/2 up to 1/2 up.

GRAIN TABLE CHICAGO, Oct. 13 (AP)

Table with columns: Wheat, High, Low, Close. Data for Dec, May, and Oats.

War Flashes

TWENTY-FIVE YEARS AGO (By The Associated Press) Oct. 13, 1914—Germans enter Liege. Battle of Ypres begins. Belgian government moves from Ostend to Le Havre.

NEW YORK, Oct. 13 (AP)—The American liner President Harding sailed today for Europe, bound for the crew of 36 of the British freighter Herospon while proceeding to aid the attacked French tanker W. Emile Miquet.

LONDON, Oct. 13 (AP)—The British admiralty today reported a submarine attack on the steamer Herospon and the rescue of the crew by an American ship, but gave no details as to when or where the vessel encountered the raider.

STOCKHOLM, Oct. 13 (AP)—King Gustav today invited and received acceptances from the kings of Denmark and Norway and the president of Finland to meet him in Stockholm Oct. 18, presumably to discuss the Finnish-Russian question. Foreign ministers will accompany their rulers.

Guards Admit They Whipped Convicts SAN FRANCISCO, Oct. 13 (AP)—The Chronicle, in a copyrighted story today, said that four San Quentin prison guards had admitted participation in a mass whipping with lead-tipped leather straps of 41 young prisoners who had refused to take "torment" punishment for their part in a hunger strike last February and March.

Three members of the state prison board have been asked to resign, the paper said, but declared last night they would not quit on grounds that an investigation had failed to produce proof of the alleged beatings.

Kite, Pampa, precinct 14; Charles Cousins, McLean, precinct 17; K. M. Patterson, Pampa, secretary.

Gosnell Slayer Gets Life Term

A jury in 84th district court in Stinnett yesterday afternoon found Louis French, confessed slayer of Roy A. Gosnell, to life imprisonment in the state penitentiary.

French, 42, oilfield truck driver, entered a plea of guilty to the charge that he shot Gosnell, 20, also a truck driver, with a pistol on the night of September 14 in Borger.

Det. Attorney W. L. McConnell required only two minutes for his argument. Defense attorney, "Dusky" Miller of Amarillo made no final argument. Judge Jack Allen sentenced French to a 200-word charge to the jury on the case.

Three eyewitnesses of the shooting, Richard Hill, Alfred Hill and Tom Gosnell, brother of the victim, in testimony Wednesday told similar stories of the slaying which occurred about 10:30 p. m. in front of Tommy Gosnell's home in Borger.

Gosnell was shot through the left eye and died in about 20 minutes in a local hospital. French was captured about 2:30 on the South Santa Fe tracks by three armed youths and Deputy Sheriff Dale Allen and Phillips Officer George Eilers.

Tommy Gosnell, brother-in-law of French, testified that he tried to intervene between the two and find out why French was angry with his brother but that French shot Gosnell before he could find out the trouble.

Mostly Optimistic War, Editor and Publisher says, did not prove the unsettling business factor it was in 1914. Nearly all the executives queried said they were highly optimistic regarding future business and many this year expect the best fall and Christmas in recent years.

The magazine pointed out newspaper publishers agreed the war was but a minor factor, subordinate to what is happening in the United States.

Many of them said they had not felt the effect of any "war boom" but they had enjoyed substantial business gains in recent months.

Asked about the possible effect of neutrality legislation, they were agreed for the most part that whatever happens, neutrality legislation can not have an adverse effect on American business conditions but that a beneficial effect would not be surprising.

The magazine's survey revealed that the great majority of newspapers included were enjoying a good first nine months with the curve now pointing up toward even greater profit gains.

Pointing out that these opinions meant that merchants were increasing their advertising appropriations, Editor and Publisher said it meant increasing employment, improvement in general production and increased purchasing power on the part of the general public.

FRIDAY 13th (Continued from Page 1) Last Supper when Christ announced that one would betray Him.

So, today many a hothead would call off her mad-dog party of the social season if she couldn't find a 14th guest to invite. A leading Chicago hotel owns a dummy, dubbed "Mr. 13," who is taken out of storage to serve as the chump-breaking factor at the empty place when 13 people stage a private dinner in the building. Many skyscrapers have no 13th floor.

Sailors hate to leave port on Friday. Financiers dread the day because Friday, Sept. 25, 1869, marked the most disastrous panic in Wall Street history. Abraham Lincoln was assassinated on Friday.

AT THE RECORD On the other hand, however: history builds up a strong luck case for both parts of the Friday 13th bugaboo. There were 13 original American colonies; the flag has 13 stripes. The cornerstone of the White House was laid on Oct. 13, 1792. General Pershing was born on Friday, Sept. 13, 1860. Other 13th birthdays: King Edward III of England, Thomas Jefferson, Pope Pius V.

It was on Friday that Columbus started on his successful voyage. It was on a Friday that the Pilgrims landed in America. It was on a Friday that the Declaration of Independence was introduced.

And just to prove our contempt for the superstition—this story contains 13 paragraphs.

Lindbergh To Speak Over Radio Tonight WASHINGTON, Oct. 13 (AP)—Col. Charles A. Lindbergh will give a radio address tonight at 8:30 p. m. C. S. T., on the subject "United States and the World War."

The address will be carried from here over the Mutual Broadcasting System.

Daily merchandising will be taught for the first time at Texas Technological college this year.

Mrs. R. E. McKernan and Mrs. E. W. Blissett have returned following a trip to the San Francisco fair, Los Angeles, and Honolulu.

Joe Smith underwent an appendectomy at the Pampa-Jarratt hospital Wednesday evening.

Mr. and Mrs. J. R. Posey and daughter, Bobby Lou, left today for Dallas where they will attend the University of Oklahoma and Texas University football game. They will be joined by their daughters, Misses Virginia and Gloria Posey, who are students in the University of Texas at Austin.

Warren Creney of Amarillo was a Pampa visitor this week.

Miss Cora Lee Terry transacted business in Amarillo Thursday.

Mr. and Mrs. Jack Ellis of Lubbock visited with Mr. and Mrs. Hugh Ellis this week.

Mrs. J. D. Penburg, Mrs. F. L. Mize, and Mrs. W. C. Breining of LeFors were in Pampa Thursday.

Mr. and Mrs. J. H. West of Borger were Pampa visitors Thursday.

J. R. Gillam of Oklahoma City transacted business in Pampa Wednesday.

Mrs. D. E. Holt of Miami was in Pampa Wednesday.

Mrs. D. I. Blackerby and daughter, June, of Kellerville shopped in Pampa Thursday.

Mrs. Clara K. Serimshire of Miami was in Pampa Wednesday.

Mrs. B. O. Bentley and daughter of White Deer were Pampa shoppers Thursday.

Mr. Elmer Hill and daughter of LeFors visited in Pampa Thursday.

The following listed youths from Mr. and Mrs. R. E. Ham and Mr. and Mrs. Duffy Briscoe were Borger visitors Wednesday evening.

Mrs. June Anderson attended the funeral of Mrs. Grace Tyce Lewellyn in Clarmond Thursday. Mrs. Lewellyn taught in the Pampa schools last year.

Mr. and Mrs. Carl S. Miller of Seaside, Oregon, who have been visiting with friends here, were called home Thursday morning because of the illness of their daughter at Seaside. Mr. Miller is a grandson of Mrs. C. P. Woodward.

The Rev. Hubert H. Bratcher, pastor of McCullough-Harrah Methodist church, will preach at both regular morning services of the churches Sunday morning, 9:45 o'clock at Harrah chapel and 11 o'clock at McCullough. His morning subject will be "Our Heritage" and the evening message at McCullough will be "Sign of the Beast."

Mr. and Mrs. Thomas A. Cox and daughter, Ruth Ann, are visiting with relatives in South Texas.

A marriage license was issued Thursday to C. A. Erwin and Miss Gussie Mae Hetner.

Clarke Lehman entered a plea of guilty and paid a fine of \$47.20 in county court this morning on a charge of sale to drunk, according to the entry in the criminal fee docket. Bishop entered a plea of guilty.

Judgment in the sum of \$4,111.88 plus costs and interest at 6 per cent was awarded plaintiff in 31st district court Thursday in the case styled Mrs. H. M. Davis vs. Pampa Grain company. Suit on note was the cause of action.

Fire Destroys One Apartment

One apartment at the Kelley Apartments, 401 North Yeager street, was completely destroyed by fire this morning. Cause of the blaze and damage had not been announced by Fire Chief Ben White this afternoon.

The alarm was turned in to the fire department at 10:25 o'clock by Mrs. L. R. Ripple, occupant of the apartment. Firemen responded immediately but flames were roaring from the windows and doors of the apartment when they arrived.

A line of hose was strung and the blaze was soon under control but not until the apartment and contents had been destroyed.

Firemen were able to keep the blaze from spreading to other apartments in the building. They suffered smoke damage, however.

Chief White said the fire started in the kitchen around the stove and spread rapidly to other rooms when Mrs. Ripple ran from the building to call the department.

The building is owned by Mrs. M. H. Billdeau.

The Sons of the American Legion will hold a meeting at 7:30 o'clock tonight in the American Legion hall on West Foster avenue.

Jerry Berry, owner of the Berry Bowling alleys, underwent an operation for appendicitis at Worley hospital yesterday. His condition today was favorable.

T. A. Buchanan of the Humble Pipe Line company, underwent an operation at Worley hospital yesterday. His condition was reported favorable today.

Dr. W. M. Pearce spent Thursday in Dallas attending a meeting of the Board of Publication of the of which he is a member. The Advocate is the official weekly publication of the Methodist church in Texas, Oklahoma and New Mexico.

Mexican Exports Up VERA CRUZ, Mexico, Oct. 13 (AP)—Maritime authorities reported today that Mexican exports to the United States are on an upward trend.

ROOSEVELT

(Continued From Page 1)

He is built solely on force and lies. England wanted the war.

Dr. Dietrich, who talked with correspondents after he had been with Hitler for several hours, said he felt Britain had risked what he called "her insolent reply" through Chamberlain only because she relied upon the United States to support her.

Dietrich declared British Prime Minister Chamberlain's speech to the House of Commons yesterday had shattered all other hope of an armistice on the western front before operations there begin in earnest.

He indicated that Germany was prepared to unleash her full might against Great Britain and France unless the United States stepped in to bring the Allies and Germany together across the conference table.

Thus, indirectly, Adolf Hitler

HITLER

(Continued From Page 1)

movement, other Nazi sources took pains to imply that the German airforce might be turned against British ships and coastal points. This was emphasized by the suggestion that they might operate with as many as 800 bombers flying in waves.

This scheme of intense bombing by huge numbers of planes in relays is the one which some experts claim could crush an enemy almost overnight if applied in full force against wholesale objectives within the enemy country.

The action of the United States—followed by Sweden, Denmark and Norway—in intervening diplomatically with Russia on behalf of Finland is reported from Moscow to have eased the position of the little republic which has been fearing an attempt to bring her under Soviet domination.

Other prominent Nazis left the clear implication that the German air force might be loosed against British ships and coastal points with as many as 800 bombers flying in waves.

Rightly or wrongly high official sources appeared convinced that Great Britain never would have embarked on war with Germany had she not relied on United States aid.

Dietrich briefly developed how, as he saw it, Britain always has other nations do her fighting. In this struggle, he said, it was Poland who first bore the brunt of Britain's battle, then France.

But most formidable loomed the United States, he said, and if the United States made Britain understand she must come to the German table to talk things over with Germany she would change her "insolent" tone.

"An insolent reply" was Dietrich's description of Chamberlain's speech. Dietrich charged that the British prime minister's speech showed a determination to annihilate the German people. But, he declared, the German people will be welded more closely than ever by it and "Let's see who will be annihilated."

Dietrich implied that Germany had some surprises in store for total war in the west.

# Title-Bound Reapers Tear Through Borger

## Junior High Eleven Wins 13-0 Triumph

By ARCHER FULLINGIM  
 Coach P. C. McWright's championship-bound Junior High Reapers battered Borger's Coyotes yesterday afternoon at Borger for a 13 to 0 victory. It was the third straight conference win for the undefeated Reapers. Next Friday they will meet Central Junior High of Amarillo at Harvester Park in the championship game. Both the Reapers and Central are undefeated. Last Friday Central downed the Borger Juniors by the same score that the Reapers piled up yesterday; so the game should be close and exceedingly interesting. The triumph yesterday was Coach McWright's ninth straight since he began coaching. Last year in his first year as football mentor his Reapers won six straight games with no defeats. His Reapers have been scored on only once this season, and that happened in the first game of the season against Sam Houston of Amarillo. The Reapers eventually won the game 34 to 6. With only three of last year's starting Reapers back, Coach McWright has welded a powerful team of boys all of whom are under 16 years of age. The average age is 14 years.

**Score on Second Play**  
 Yesterday the Reapers scored first on the second play after they got the ball. The Pampanos blocked a punt deep in Borger territory, and Arthur slithered and slipped through the line and the Coyote secondary 10 yards for the touchdown. Kick for the extra point was blocked.

For the second touchdown of the game, Bill Arthur, fullback, flipped a 23-yard pass to Basil Arnold, husky Reaper end, who loped over the goal-line. The second counter came in the third quarter.

Thereafter the Reapers threatened repeatedly but without success. Once they were on the five-yard line when Quarterback Ralph Proper fumbled, again they were on the 10-yard line when they had four passes intercepted, two of them within Borger's 20, but they also completed three for nice gains, including the touchdown heave.

Borger started out to be a passing threat with long, tall John Gadsden catching a 30-yard aerial, but that was the last one that found a receiver, although four others were incomplete and two intercepted.

**Penalized 60 Yards**  
 The Harvesters drew a total of 60 yards in penalties, to none for the Borgans. Several penalties were assessed in the shadow of the Borger goal-post.

The Reaper line, led by 13-year-old Charles Boyles who weighs 160 pounds and plays at the guard position, tipped the Borger line asunder, and was chiefly responsible for the blocking of three Borger punts. Outstanding in the Pampa line besides Boyles were Martini Gonzales Jr., Bobby Edson Jr., Royal Hemling Jr.

**Backs Perform Well**  
 The Reaper backfield was studded with able performers. Bill Grossman, left half, made 25, 15, 10 yard runs. Proper bucked the line for the extra point and caught a 25-yard pass from Arthur, and crashed the Borger line for plenty of yardage. Arthur also gained lots of ground in running plays. Bobby Dunham, left half, really hustled as the blocking back, and did some nice ball-carrying when called on.

**3 Downs to 3**  
 Pampa piled up nine first downs to three for Borger, two of the Borger first downs being the result of penalties against the Reapers.

Outstanding in the Borger line were Felix Miles, Jr., Calvin Young Jr., and in the backfield Alvin Frederick Jr. and Jack Briggs, quarterback.

**Starting Lineups:**  
 Reapers — Richard Wright Jr., Royal Hemling Jr., Royce Bailey Jr., Charles Boyles Jr., Martini Gonzales Jr., Bobby Edson Jr., Basil Arnold Jr., Bill Arthur Jr., Ralph Proper Jr., Bobby Dunham Jr., Bill Grossman Jr.

Borger — J. B. Watkins Jr., Felix Miles Jr., J. R. Newman Jr., Cotton Walker Jr., Curtis Hillman Jr., John Gadsden Jr., Calvin Young Jr., Alvin Frederick Jr., Jack Briggs Jr., Gene Mauney Jr., J. C. Bullock Jr.

Miles, Young and Frederick played a great defensive game for the Borgans. They broke through and rushed the passes and threw the Reapers for losses several times, although in the third quarter the Borgans lost more yards than they gained in running plays.

**Used Entire Squad**  
 Coach McWright used his entire squad in the game. He started sending in subs the middle of the first quarter. Other Reapers who played some of them a quarter, all of them four or five minutes were as follows: Kenneth Lard Jr., Floyd Ferguson Jr., Dempsey Davis Jr., Royce Bailey Jr., Royal Hemling Jr., Royce Bailey Jr., Charles Boyles Jr., Martini Gonzales Jr., Bobby Edson Jr., Basil Arnold Jr., Bill Arthur Jr., Ralph Proper Jr., Bobby Dunham Jr., Bill Grossman Jr.

## 'Bama Booter Almost Blocked

Alabama's "Jerky" Mosley (No. 55), did double duty with this boot in the second quarter of the Alabama-Fordham game at New York's Polo Grounds. The ball is safely away and Mosley's flying leg follows through to meet the outflung body of a Fordham blocker. Alabama won, 7 to 6.

## Texas-Oklahoma Tussle Holds Spot In Southwest

By FELIX R. MCKNIGHT

DALLAS, Oct. 13 (AP)—Green, but bold Texas carries its Cinderella act to Oklahoma's Sooners in the Cotton Bowl here tomorrow—a football game that tops in glamour the most sparkling weekend in Southwest conference history.

Forty thousand are due in the big sunken stadium for the tailored spectacle between two state schools who, last weekend, gave the nation a couple of the nearest bits of giant killing of the young season.

On other fronts undefeated Texas A. and M. plays the originators of this undefeated business—Villanova; Arkansas and Baylor play a toss-up Southwest conference game at Waco; crippled Southern Methodist shoots its bolt against Notre Dame at South Bend; Rice carries on its annual grudge with Louisiana State at Baton Rouge; and Texas Christian, stripped of handicappers but Jarrin John Kimbrough and Walemon Price, two backfield stalwarts, are limping.

Over 18,000 are expected at Tyler, where the game will be held, but not defeated, since 1936. The Farmers are favored by handicappers but Jarrin John Kimbrough and Walemon Price, two backfield stalwarts, are limping. Until blocking back Will Muller went out with a badly bruised leg, wise boys thought they had a "sleeper" in Southern Methodist against Notre Dame. But Muller-

ing football breaks that strangle the enemy.

**Jacobs Won't Play**  
 Twice the Sooners scored on Northwestern after recovering fumbles on the four and six yard lines, measurable distances to touchdowns. Again a long run with a pass interception counted.

Cowboy Jack Crain, Texas' sophomore who has averaged 6.29 yards on 24 carries to lead conference runners and punted for a 40.3 yard average, is in good health and ready. Oklahoma's sensational Indian boy, John Jacobs, won't play. Add it all up and you get a tossup.

Last year it was Oklahoma, 13-0, over a feeble Texas team that won only one game out of nine.

The Aggies won't have a bed of roses on Tyler's Rose Festival classic, sending crippled key men in against a Villanova team that has been tied, but not defeated, since 1936. The Farmers are favored by handicappers but Jarrin John Kimbrough and Walemon Price, two backfield stalwarts, are limping.

It is a distinct loss—a boy counted to stop those Irish power thrusts from his line backing post. Sophomore Presto Johnson will give the Micks a big afternoon with his uncanny kicking and running, but Mullerweg would make the Mustangs far more dangerous.

The only conference game finds Arkansas favored after a triumph over Texas Christian, but Baylor has a troublesome team sparked by sophomore Jack Wilson and senior Jimmy Witt. Only last year the Baylor used the last 30 seconds to beat the Porters, 9-6.

Texas Christian went to Philadelphia without its Jack Odle, great passer and key man of their offense. It could be "TCU's" third straight loss but the Frogs were routed during the week by tough scrimmages and Center Fred Shock rejoined the team after missing Arkansas.

Rice Institute will either explode its power against Louisiana State or get into full swing of a season duplicating last year's disappointment. The Owls looked a trifle better against Centenary, but all the Ernie Linn and Cleo Cordell they can muster will be needed against LSU, easy 26-7 winners over Holy Cross last week.

## Guerillas Will Leave Today For Game At Raton

Coach Oscar Hinger and his High school Guerillas were to leave this afternoon for Raton, N. M., where tomorrow night they'll meet the Raton second string of Mason Anderson, brother of Bill Anderson, Harvester business manager.

It will be the longest trip ever taken by a Guerilla football squad and the practice of giving the future Harvesters a trip each year will be carried out, Coach Odus Hinkel of the Harvesters has ruled.

The Raton seconds will play a return game later in the season, date to be set.

Coach Hinger expects to take 24 or 25 boys on the trip. He hadn't definitely named a starting lineup because he didn't know whether all his first stringers had hurdled scholastic barriers this morning.

"I'll take every boy who passes," Coach Hinger said this morning. "Grades have not been turned in to me yet so I can't give the list. I expect four or five of the boys will miss out."

**Keller Hero To Old Home Town**  
 FREDERICK, Md., Oct. 13 (AP)—Charlie Keller doesn't like it very much, but he's a hero to a lot of people who want to shake the hands that knocked two home runs in a world series game.

Keller, six years from the Middletown high school team, came home Wednesday. If he had any hope for a rest after the Yankees' anti-Cincinnati campaign, he found he had reckoned without his hosts.

The town band planned a parade to escort him from his new house to the banquet the city gave, but he would have none of it. He drove to the hotel like going to lodge.

Keller didn't talk very much, but he said he was grateful for the automatic shotgun the home folks gave him.

Last night he was exhibit A at the state-wide dinner of the Future Farmers of America. He was a member of the farm boys' organization when he lived in Middletown and he hopes to get back to framing sometimes.

There'll be no change in the starting lineup, Candler and Roland Phillips will be at tackles, Giddens at the other guard job, Bob Clements at the other end, Maynard at

**Dismissed For Hazing**  
 WACO, Oct. 13 (AP)—President Paul M. Ref of Baylor university today announced suspension of three students for hazing. One of the three was a football squad man.

## Drastic Changes Made In Pampa's Starting Lineup

Pampa's battling Harvesters, who will try for a conference victory in Plainview tonight, left this morning at 8 o'clock for the Bulldog kennel. At 4:30 o'clock this afternoon fans will leave on a special train which will arrive back at the Santa Fe station at 12:55 a. m. Saturday.

Coaches Odus Mitchell and J. C. Prejean were anything but in the best of spirits as they left for Plainview. Yesterday's workout at Harvester field was anything but satisfactory, the coaches declared. There was a dummy scrimmage but plays didn't have zip or correct timing.

Only bright spot in the workout was Coach Mitchell's toothache. Now, a toothache usually isn't anything to be happy about but Coach Mitchell was heard to remark that it was the same tooth that ached when the Harvesters upset the Tubbock Westers a few years ago.

**Earlie Will Be Missed**  
 "We're going to need more than a toothache, I'm afraid," Coach Mitchell gloomily remarked after the disappointing workout. "The boys didn't look so hot. Loss of Carliele, ace left halfback, suffered a broken foot in the Olney game last Friday. Glen Nichols, co-captain, has been moved from end to the left halfback job while Kenneth Mullings has been taken from the bench, where he understudied Nichols, and put at end.

There'll be another change in the Harvesters lineup tonight, Coach Mitchell announced before leaving for Plainview. Little L. C. Bailey, a watch charm guard, will be in the starting lineup in place of Wayne Pade who was unable to hold his starting job this week against the fiery Bailey who is the nearest thing to a J. P. Mathews ever to play on a Harvester team. Although a midget, Bailey has a way of holding his own and he can scamper through the opposing line like a jackrabbit.

There'll be no change in the starting lineup, Candler and Roland Phillips will be at tackles, Giddens at the other guard job, Bob Clements at the other end, Maynard at

## McLean To Crown Football Queen

Special To The NEWS  
 McLEAN, Oct. 13—June Blackerby will be crowned the 1939-40 Tiger football queen Friday night preceding the football game between the McLean Tigers and the Lakeview Eagles on Tiger Field. It was announced Wednesday at a special pep assembly.

Miss Blackerby, a senior in the McLean High school, is the daughter of Mr. and Mrs. D. L. Blackerby.

**TURN TO PAGE 14 FOR ADDITIONAL SPORTS**

Her attendants will be Opal Thacker, senior; Margarette Combs, junior; Ruth Bond and Joyce Dowell, sophomores; Bobbie Crisp and Syable Lee, freshman.

Miss Blackerby will be crowned Tiger football queen by the Tiger football team captain, John Bond, assisted by the co-captain, Randy Mantto. She and her attendants will be dressed in sport clothes and will ride on a float decorated in the shape of a huge football.

The queen contest closed Wednesday morning with the seniors winning by a big majority over the other classes. The seniors making \$132.33; freshmen, \$14.65. Half of this money will go to the classes and half to the athletic fund.

**Paralysis Strikes 2 Loyola Players**  
 LOS ANGELES, Oct. 13 (AP)—Infantile paralysis struck at Loyola university's football team today, two days before its clash with St. Mary's. First stringers Burch Donahue, quarterback, and Robert Link, tackle, were ill at the county general hospital.

Another member of the first squad, Paul Sargent, right end, and 15 freshmen players were sent to their homes as a "precautionary measure." Jim Sullivan, a center and Donahue's roommate, was ordered isolated and placed under observation for 14 days.

## Barker Picks Notre Dame, Pitt, Tulane, Villanova

By HERB BARKER

Associated Press Sports Editor  
 NEW YORK, Oct. 13 (AP)—Ready to blame it all on the Friday-the-13th jinx, this football corner hazards the following guesses on the outcome of this week's program:

**Notre Dame-Southern Methodist:** These Mustangs are really hard to ride as Oklahoma would be ready to testify. They have speed and a clever attack. Notre Dame barely squeezed past Purdue and Georgia Tech but the point is the Ramblers did get by. We'll take Notre Dame, freely admitting it's largely through force of habit.

**Pitt-Duke:** Nothing has come close to stopping either so far. This is no spot for experting as the coin is flipped... and says Pitt.

**Tulane-Fordham:** The Rams should show to better advantage than they did against Alabama but the nod must go to Tulane.

**Southern California-Illinois:** Can't see how any of Bob Zupka's slyest tricks can save the Illini.

**Texas Aggies-Villanova:** Class this as being unfair to organized selectors. Taking Texas A. and M. with due warning to watch out for Nick Basca.

**Temple-Texas Christian:** Temple's tight defensively but he revealed no scoring punch, explaining this ballot for T. C. U.'s Horned Frogs.

**North Carolina-New York university:** The Violets are dangerous again but this vote goes to North Carolina.

**Georgia-Holy Cross:** Out of the hat, Holy Cross.

**Ithaca-but Cornell, nevertheless:** Columbia-Army; Emie, meenie... Army.

**Manhattan-Duquesne:** Duquesne, close.

**Colgate-Brown:** The ballot goes to Brown.

**Louisiana State-Rice:** And still it's tough going. L. S. U.

**Auburn-Mississippi State:** Is State. Virginia-Maryland: Virginia.

**Texas-Oklahoma:** Unquestionably a case of between the devil, etc. Texas definitely has returned to the first flight but Oklahoma's achievements thus far entitle the Sooners to the nod.

**Vanderbilt-Virginia Military:** We haven't guessed right on Vanderbilt yet. Reproachfully, Vanderbilt.

**Iowa State-Nebraska:** Nebraska, handily.

**Baylor-Arkansas:** Maybe the Razorbacks can put together two good games in a row. Arkansas.

**California-Oregon:** The Webfeet are hot. Oregon.

**Stanford-U. C. L. A.:** Looks like more trouble for Stanford. U. C. L. A.

**Washington-Washington State:** Taking Washington but would be glad to settle for a tie.

**White Deer Bucks To Play Hereford**

Special To The NEWS  
 WHITE DEER, Oct. 13 — The White Deer Bucks are hoping that Friday the thirteenth will prove lucky for them when they meet the Hereford Whitefaces here on Friday at 8 o'clock.

The game promises to be one of the most interesting of the season, since the coach of the Hereford team is a brother of B. E. McCollum, coach of the White Deer team.

The Bucks will be handicapped somewhat by the loss of Wayne Green, who was injured in the game with Spearman last week and will probably be out of the line-up for the season Green has done some outstanding work at the end position. He will be replaced by Crumpecker.

Scheduled to start are Hinkley, Hawkins, Stalls, Bryant, Crumpecker, Potter, Guerry, Tomlin, McCrea, Gores and Russell.

**New Mexico And Mines Will Play Tonight**  
 ALBUQUERQUE, N. M., Oct. 13 (AP)—The border conference season opens for Texas Mines and New Mexico university when those two adherents of razzle-dazzle and wide open play clash here at 8 p. m. tonight.

## Canadian Invades Panhandle Friday

Special To The NEWS  
 PANHANDLE, Oct. 13—The Panhandle Panthers will play their first conference game of the season when they meet Canadian on the home gridiron here Friday evening at 8 o'clock. Coach Jack Atkins reported the Panthers have been working hard on a pass defense this week. They were defeated last week by the Borger Bulldogs in a close game, the final score being 27-26. The Phillips Blackhawks beat the Canadian team 26-13 last week.

Dowlen, a star player, will be out for several days sprains received in last week's game.

The probable lineup will be Sterling and Richmond, ends; C. Cox and Hayden, tackles; Howe and Tow, guards; Lewis, center; Coffee and B. Pruitt, half backs; Robinson, full back; M. Pruitt, quarterback.

**Hull-Daisetta Wins 39th Straight Game**  
 HULL-DAISETTA, Oct. 13 (AP)—The Hull-Daisetta Bobcats held the longest winning streak in Texas scholastic football history today, and their thirty-ninth straight was just a breeze.

Last night the Bobcats beat Liberty 31-6 and expressed the determination to finish out the season by setting a record for the nation to shoot at.

The streak started at the fag end of the 1935 season.

At the present time the Hull-Daisetta record equals that of Ord, Nebraska, but Ord plays today and the Bobcats are hoping.

**GREETING CUSTOMERS IN NEW STORE**

Northup

Wagon

McCarley

Formal opening of McCarley's Jewelry store, will be held tomorrow in the store's new location at 106 North Cuyler, four doors north of the location it has occupied since the store was established here in 1928. Pictured above are H. E. McCarley, manager, and two of his employees, who will assist in welcoming the public.

Mr. McCarley, right, came to Pampa 11 years ago and has been manager of the store since that time. The McCarley family has been in the jewelry business for 35 years and also operate stores at Longview, Mineral Wells, and Paris. Mr. McCarley is a member of the Pampa Chamber of Commerce.

and is chairman of the agricultural committee of the Pampa Kiwanis club.

Ida Belle Wagon, center, is in charge of the gift department. A resident of Pampa for nine years, Miss Wagon is daughter of Mr. and Mrs. Luther Wagon, who graduated from Pampa High school in 1937. She is an immediate past president of Beta Gamma Kappa. Miss Wagon has been employed at the store for the past six months.

Sidney Northup, left, a graduate of Elgin Watch college, Elgin, Ill., is manager of the repair department, a position he has held for four years. He is an engraver, stone setter,

**McCarley's Will Hold Formal Opening Of New Store Saturday**

In a flower-decked setting, McCarley's Jewelry store will make its formal bow to the people of Pampa and the Top O' Texas tomorrow morning in its new location, 106 North Cuyler.

Former location of the store was at 102 North Cuyler, one door north of the First National Bank, a location it had occupied since it was established here in 1928.

Black and white marble effect inlaid linoleum on the floor impart to the store's interior a lightness that is the keynote of the entire 25x90 building.

**Beige Glass Front**  
Exterior of the store is beige carriage glass, framed in black. A large two-face clock is mounted in the center of the front of the store with a neon-lit background, carrying in 18-inch letters the store signature. Display windows are of an entirely new design. The windows, of plate glass, are set flush with the street level and are a distinct innovation in their size and arrangement.

As one enters the store, on the right is seen two brilliantly-lit floor cases containing watches and diamonds. Two fluorescent-lit wall cases hold a complete stock of both plated and sterling flatware.

**Official Watch Inspector**  
Also on the right is the completely-equipped repair department. Installation of blower type polishers, motors and crystal edgers has eliminated most of the dust and noise common to this work.

There is a table provided for the semi-monthly registration of railroad men. McCarley's is the official watch inspector for Fort Worth & Denver and Santa Fe employees.

Next in line, continuing on the right side of the store, are gift items, vases, small frames, pictures, mirrors, spice goods, lamps, and end tables. A display stand shows several different models of RCA & Emerson radios.

**Neon Sign In Store**  
From the display of baby goods, the customer will next see three cases showing the many patterns in the crystal department. On the back wall is a neon sign, with the word "McCarley's" in blue. Perfumes are displayed in a case situated at the middle of the back part of the store. Next to this is a case of crystal. On the other side of the store are shown kitchen shaver gifts such as cookie jars, casseroles, salt and pepper shaker sets.

**Greeting Card Display**  
There are 250 gift cards contained in one rack. Another rack holds Christmas and Mother's day cards. Alarm clocks, and plated hollowware and gift items are shown in the next section on the left. Miscellaneous items of better glass jewelry are shown in one case: lockets, necklaces, belt buckles, sets and tie chains. Back of the costume jewelry case sterling and plated hollowware is on display. There are several racks of leather and plane type luggage, from Pullman cases to small Victoria bottle boxes.

**Correctly Set Table**  
A beautiful table is set with crystal and sparkling silver, showing the correct appointments. An adjacent table carries a sterling tea service in Towle's Rambler Rock.

Ceiling of the store is white, with walls in pale blue. Wall cases are of Philippine mahogany seven feet high with sliding doors of crystal sheet plate glass. All cases are of Philippine mahogany, in 8-foot units, and lighted by 36-inch tubing of fluorescent design, giving a daylight brilliance and color to the case.

**Four Compose Personnel**  
Manager of the store is H. E. McCarley, who came to Pampa 11 years ago, starting in business here in a location one door north of the First National Bank. Members of the McCarley family have been in the jewelry business for the past 35 years.

Employees are Ida Belle Wagon, gift department; Sidney Northup, repair department manager, and Mrs. Coy Dennis, bookkeeper and saleslady.

**National Brands**  
Brands represented in the store's stock are Reed & Barton plate and sterling, Towle sterling, Gorham plate and sterling, Rogers 1847 plate, and Community plate. Gruen, Hamilton, Elgin, Bulva,

and Westfield watches; RCA-Victor and Emerson radios; Jabel and Granat Keepsake diamonds; Cata-ract-Sharp crystalware; Postoria, Cambridge, and Duncan-Miller glass; Justin, Springfield and Buxton leather goods; Norcross and Volland cards; Westelox, Sessions, and Seth Thomas clocks; Sheaffer and Wahl-Eversharp fountain pens and pencils.

**250 Head Sold At Higgins Cattle Sale**

**SPECIAL TO THE NEWS**  
HIGGINS, Oct. 13.—With weather conditions favorable, livestock sales on all classes and varieties picked up considerably Tuesday at the Higgins Livestock Sales Co. pavilion.

Approximately 250 head of cattle were run through the ring at prices reflecting the upward trend of central markets.

A number of hogs for slaughter purposes were sold at satisfactory prices. Included in this offering were several head of heavy sows that brought from \$4.90 to \$5.25 per hundred.

In the cattle division Earnest Rader, whose ranch is located in Lipscomb and Farris counties, topped the steer calf market with some 450-pound steers, at \$8.80 and some 710-pound heifers at \$7.70. Mr. Rader also consigned 20 head of mixed steer and heifer calves of plain quality that sold at \$26.25 per head.

Several head of good milk cows sold with a money back guarantee went through the ring bringing from \$37 to \$50 each.

Two choice bull calves weighing around 500 pounds were bought for breeding purposes at around \$45 a head.

Included among out of town consignees were Robert Forrest, O. W. Waiser, and Harry Ward of Canadian; Alfred Prowley, Elvie Parrot of Gem; John Plank, Pampa; Chester Hall, Ardmore, Okla.; Tom Miller of Ellis county and Jeff Puryear, Briscoe.

**Gallogly May Be Texan Many Months**

**By FELIX R. McKNIGHT.**  
DALLAS, Oct. 13 (AP)—Fugitive Richard Gallogly, Georgia's problem prisoner who fled a life-term seeking "justice in Texas," has the prospect of being a Texan many months—even though they could be behind cell bars he escaped only six days ago.

Legal snarls attendant to extradition of prisoners could keep Gallogly and his petite, blond wife in Texas even if Gov. W. Lee O'Daniel grants their extradition to Georgia, attorneys revealed.

The prominent Atlanta deliberately planned his break and Texas destination that he might fight return to fulfillment of a life sentence for complicity in a slaying. His wife, Vera, 28-year-old Georgia music teacher, surrendered on a fugitive-warrant charging she aided in his escape. She went free on \$2,500 bond.

State Senator Jesse Martin, one of Gallogly's attorneys, declined to say how long Gallogly could be held in Texas even if denied a stay of extradition, but admitted that carrying the case to appellate courts could consume "much time."

Georgia officers came to Texas to seek immediate extradition of the couple, united again in a jail embrace last night after Mrs. Gallogly's hearing.

**This Is An Expensive Way To Settle An Argument**

**ATHOL, Mass., Oct. 13 (AP)—**This is one way of settling an argument, albeit a little expensive.

One young man held that a main street curbing was high enough to stop a coasting automobile. The other said no. So they lined up a car, owned by one of them, gave it a push and let it coast.

It coasted into the curbing, jumping over and smashing two plate glass windows in a store. That'll cost them \$100.

**Phillips Still At War On Denison Dam**

**OKLAHOMA CITY, Oct. 13 (AP)—**Gov. Leon C. Phillips revealed today a farmer's suggestion on how to block construction of the Denison dam to which he is opposed.

It involved digging a new channel for the Washita river, detouring it around the damsite. The valley of the Washita, a large tributary of the Red river, otherwise would be inundated by the proposed dam across the Red.

Phillips, who already has asked the United States Supreme Court to enjoin work on the dam, said smilingly that the suggestion, received in a letter from a Red river farmer, might have some merit.

"It just made me think what a lot of good might be done with a couple of steam shovels," he observed. "It would keep them from flooding the Washita valley."

The governor expressed hope the war department would not object to his injunction application.

He said he had been informed that not more than 15 Oklahomans had been given employment on preliminary work at the damsite.

"Contractors are moving in from other states," he said. "That's the dejection and sham of the thing. It doesn't help us any."

**Texas Today**

**By DR. C. L. BAKER**  
Department of Geology, A. & M. College

Written for The Associated Press

The important and interesting geology of Texas is in the mountains west of the Pecos river and the Llano Uplift of the central part of the state and not in the Plains areas where oil and gas are produced. The geology of the plains is monotonous and simple, presenting little of the diversity and difficulty found in the ancient or modern mountain areas where many more rocks and minerals are exposed at the surface and where the rocks are broken, crushed, folded, or otherwise changed greatly from their original states.

The Big Bend region, usually defined as that part west of the Pecos river, south of the Southern Pacific Railroad and north of the Rio Grande, has the greatest diversity and thickness of rocks because of happenings in the geologic long ago.

For many millions of years the land areas of eastern and western North America were covered by sea, the bottom of which gradually sank until rocks many thousands of feet thick accumulated therein as the surrounding land areas were worn

down by erosion and their remains carried by streams into the sea. During the time the Big Bend was covered by the sea which connected the eastern and western North American seas, rocks many thousands of feet thick were formed on the gradually sinking bottom of the Big Bend sea.

Much later in geologic time another sea advanced over Central North America from the Gulf of Mexico until it joined another sea extending down from the Arctic Ocean. Again the Big Bend region was covered by thick sea deposits.

Between these two great ages of rock formation and, especially, soon after the end of the first, the rocks formed in the Big Bend were crushed together and lifted up into a great mountain range and thereafter for many millions of years the region was land. Many of the rocks formerly made were worn away before the region again was covered by the sea. This sea in turn disappeared and the present West Texas mountains were made during a subsequent long interval of time.

The formation of the present mountains was accompanied by great volcanic outbursts until volcanic rocks more than 4,000 feet thick covered the surface in parts of the Davis mountains.

The present mountains surrounded interior lowland basins, which are now the drainage basin of the middle and upper Rio Grande. The

former basins were covered by a great lake on the floor of which accumulated sands, clays and gravels to a depth in places as great as 5,000 feet. These lake beds were worn away from adjacent mountain highlands. When this lake was drained by cutting of outlets across the mountain ranges of the Big Bend the present Rio Grande became a river. Much of the river course is still canyon, a proof of the relatively short time the river has existed. There is perhaps 275 miles of canyons along the Rio Grande between El Paso and Del Rio. The Salt Basin, near Van Horn, is still without an outlet, not yet having been drained by the Rio Grande.

The volcanic activity produced the quicksilver ores of Shafter. If other profitable mines are found in the future, most, if not all of them, will be found in these old volcanic areas. Nearly every ranchman and some of the cities and towns of West Texas need more water. In fact, much difficult and very painstaking geologic study will be necessary in order to find water, the most important of all resources in this region.

Rocks formed during every period of the earth's history are to be found in the West Texas mountains. Every known type of rock structure is exhibited there and every kind of mountain known on the globe.

The Glass mountains, north of Marshall, have the greatest known development of rocks of the Permian system and therefore those mountains have become the type locally of the Permian rocks for the world. The Guadalupe mountains and their surroundings are noteworthy, not only for their scenery and great caverns, but also because of the extraordinary conditions under which the rocks were formed. These things, combined with the great interest and importance of the various kinds of rock structures brought geologists from all over the world to West Texas during the last International Geologic Congress.

**Long-Lost Brother Arrives For Party**

**BROWNWOOD, Oct. 13 (AP)—**Mrs. Mary Bates was celebrating her 90th birthday anniversary yesterday when it walked 85-year-old William Sims of Norman, Okla.—a brother she had not seen in 33 years—to help eat her cake.

"I thought he was dead until he drove up," said Mrs. Bates, who still reads without glasses, and does her own housework.

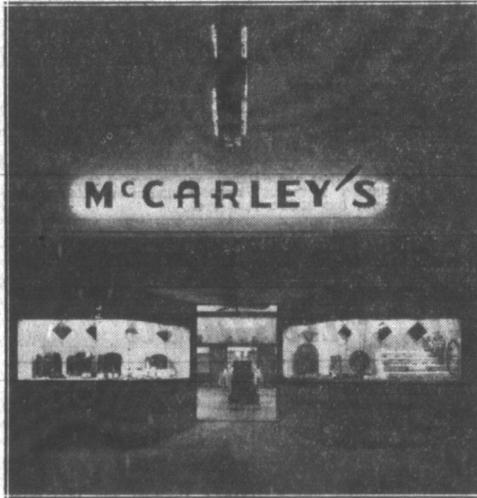

The word "lip" originated from the first letters of the phrase, "To insure promptness," which appeared on coin boxes placed in early English barber shops.

Light Conditioned for Your Convenience and Pleasure . . . .

**McCarley's**

Top arrow marks the formal opening of one of the most modern stores in the Panhandle . . . . McCarley's Jewelry Store. This store reflects the keen foresight and confidence of the owner, H. E. McCarley whose name trade-marks the store.

Especially designed from every modern merchandising angle the store is enhanced by the latest and most modern lighting facilities. Visit McCarley's and see the new indirect fluorescent lighting installed throughout the store. Blended with this distinctive and unique lighting is eleven, three hundred watt ceiling units that creates an atmosphere of cheerfulness, that makes McCarley's a place of pleasure to shop.

Pictured here is the new modernistic front of McCarley's which adds to the general appearance of the entire block on north Cuyler street. The store name is trade-marked to the public by the novel neon lighting placed behind shadow letters.

The windows gain recognition in their well lighted appearance by recessed units. A clear detailed display of every item is possible in these windows, no shadows, no reflections and no glare to distort the eye.

Accentuated by depth this spacious store is further enhanced by the snow-white walls which gather in the light and breaks it down into a soft, diffused effect which creates a pleasant atmosphere for the customer. All wall displays and counter-under glass displays are highlighted by specially constructed fluorescent lighting.

**Southwestern PUBLIC SERVICE Company**

Electric Service Has Become Cheap in Price. It can now be used abundantly. If you are planning on remodeling your store or windows, call us for free consultation by expert lighting engineers.

Always the right kind of store Light Conditioning has shown a profit to the retailer and the wrong kind of store lighting has cost too much. What Light Conditioning Has Done for Others Light Conditioning Will Do for You!

An Anniversary Americans Might Do Well To Recall

One hundred and forty-seven years ago, on Oct. 13, 1792, a little group of people gathered in David Burnes' cornfield by the Potomac to lay a cornerstone. There were only the most rudimentary signs of civilization about them, the nearest real town being Georgetown, two miles up the river.

They were beginning a President's House, designed on classic lines and modeled on the country seat of an Irish duke. It was a tremendous undertaking for a tiny, struggling republic in the wilderness.

Three weeks before the French revolutionary armies beat off a Prussian attack at Valmy. A couple of months later the head of Louis XVI thumped into a basket in Paris' Place de la Concorde. All Europe was ablaze with the long running fight between the French Revolution and the reaction which attacked it from all sides.

The youthful Republic, not unconscious of these world-shaking events, had its job to do, the building of a house for its President.

Three years after the cornerstone-laying, the house was almost ready for its roof. In 1800, eight years after the beginnings of the White House, President John Adams got lost in the woods as his carriage brought him to Washington to Baltimore. The house was still unfinished; Mrs. Adams hung up her washing in the "great audience room" (the East Room) and complained that in a place surrounded by forests she could not get enough wood for fires to keep the place warm.

The building was not really finished until 1826, for it was badly damaged by the British in 1814, who tried to burn it. To eliminate the stains of this fire, the sandstone was painted white, and ever since, this building has been known around the world as The White House.

Many buildings in olden days stood for much longer than 147 years, yet saw the world change far less than it has through the events which this lovely white mansion has looked upon.

Yet there is a strange irony in the fact that 147 years ago, when the workmen cleared a site in the Potomac cornfield and began the White House, Europe was convulsed in war, just as it is today. That war was regarded no less as "the end of everything," than is today's war in Europe. Conservatives saw it as the conquest of Europe by the rough Parisian mob. Progressives saw it as the suppression of the "people's republic" by the rotting monarchies of reactionary countries. All agreed that the world was falling apart.

Today, the man in the White House is closely in touch with a new war in Europe. His nation has grown great and powerful. But his task is the same as that of the man who sat in the same house and watched the Napoleonic wars. It is to see that that house remains the home of a freely-chosen head of a great and free people.

Challenge To Politicians

Soak the rich and help the little fellow, has been for years the general premise upon which our tax "system" has just "grewed." It is based upon deceit and maintained by deceit. The "little fellow," who can more properly be called America's vast working middleclass, has borne the brunt of this deceit, although he does not realize it.

There are not enough "rich" people in the United States to maintain the Federal government for more than a brief period, even if every nickel they possessed were confiscated. Politicians know the futility of "soaking the rich." But may have not the integrity to admit it publicly. They deliberately advocate the continued spread, in one form or another, of the vicious practice of "hidden taxation," in spite of the fact that the practice, if not curbed, will spell ultimate ruin to the nation and the individual citizen.

Tax hypocrisy in this nation must be shown up. The tax base must be broadened so that all persons pay direct taxes, instead of indirect assessments which they do not realize, but which lull them into a feeling of temporary security which does not exist.

Here is a challenge to our politicians to drop hypocrisy for the sake of solvent fiscal sanity, for the benefit of the nation, even if it costs them temporary loss of votes.

The Nation's Press

SO SOMEBODY SAW SOME SUBS IN AMERICAN WATERS—SO WHAT?

(Cedar Rapids Gazette) Just what was behind the announcement by President Roosevelt that unidentified submarines were sighted off southern Alaska and off Boston we don't know. There will be speculation as to that, and some of the guesses will be interesting, though not necessarily enlightening.

Of one thing we may be sure. If congress repeals the embargo and authorizes the shipment of arms and munitions from this country to England and France, many more submarines will be sighted off the coasts of this continent.

There is one important reservation to that assertion, and it raises a question which should be answered clearly in the course of the current debate in congress. If our law is changed so that belligerent ships may come over here and haul away war supplies and equipment, just how far out from our shores is it proposed that the United States will undertake to prevent attacks on such ships? Will the limit of "waters subject to the jurisdiction of the United States" be fixed at three miles out, twelve miles out, half way across the ocean, or where?

For the moment, however, it will suffice to say that the President's reporting of the submarine story gives it a sinister sound that is hardly justified by the details so far made public.

Sharing The Comforts Of Life

By R. C. Holles

GRAPES OF WRATH ADMIRER SUGGESTS WE IMITATE CHINA

A contributor who admires "Grapes of Wrath" suggests we in the United States do like she says they do in China; that is, divide land when someone thinks it is not being properly used.

It is only natural for anyone who thinks this book is worthy of reading to suggest China as having ideas worth following. Does the admirer of "Grapes of Wrath" think the working man's lot in China is better than it is in the United States? Undoubtedly the reason China is in the predicament it is now is because it is following the same principles that this admirer of "Grapes of Wrath" and Steinbeck suggest—that is, having no respect for man's right to have the fruit of his own labor. Undoubtedly that is the reason China is not able to defend herself against a little nation like Japan. No man of foresight and judgment dare risk large investments in China because the public there does not respect other people's equal rights.

Would the contributor think that the victims of our error in believing that wage levels can be raised by collective bargaining would be able to produce a decent living if the land were turned over to them with no tools or seed or livestock or water? Or would the individual, who greatly admires "Grapes of Wrath" contend that someone else should furnish these people tools as well as orchards and lands?

It is certainly ridiculous for anyone to suggest that we imitate China in order to improve the lot of our working man. In China there is one automobile to every 9,200 people, while in the United States there is one automobile to every four people. In other words, we have 2300 times as many automobiles per population in the United States as they do in China.

We should judge economic systems by the results they produce and not by theories. Every time any nation ever followed the theory advocated by the admirer of "Grapes of Wrath," there was infinitely more suffering, poverty and misery than when people had respect for man's rights in property.

Would the admirer of "Grapes of Wrath" contend that the mob that grabbed the property in Russia, or the mob that grabbed the property in the time of the French Revolution have improved the lot of the poor?

Certainly these migrant farm laborers are in a most deplorable condition but does anyone think that anyone need read 600 pages of filth in order to know there is poverty abroad in the land? Secretary of Agriculture Wallace not long ago reported that 4,000,000 people in the United States were each subsisting on \$1 worth of commodities a week. The question is not to find out there is poverty, the question is in getting people to understand the causes of this extreme poverty. And the causes are the very things that Steinbeck advocates more of, namely: more anarchy, more collective bargaining, more disrespect for man's rights to the fruits of his work, more preventing workers from having an equal right to learn any trade he sees fit, more regimentation. In short, the recession from free enterprise instead of an approach to it. No one ever has been able to cite any case in history where there has been any high standard of living for the people as a whole where the government or the labor unions regimented the workers. Of course, we have never had complete free enterprise in the United States, but to the degree that we approach free enterprise, did we make rapid progress in raising the wage level of all workers.

The admirer of "Grapes of Wrath" cannot point to a single place in anything I have ever written from which could be drawn the conclusion that I was opposed to anybody buying and reading the book. I have no thought of censoring the book. My protest was to point out to the public that majority rule education was not discipline that developed the character but invariably developed self-indulgence, and the "Grapes of Wrath" is a nice example.

It is simply a subsidy of this kind of a book that I believe helps pull us down and make more poverty instead of relieving poverty. The columns of this paper are open for anyone to explain where anyone who has made any study of economics could gain any knowledge from reading this book.

Behind The News Of The Day

By BRUCE CATTON

WASHINGTON, Oct. 13—President Roosevelt may not care to accept the German hint that he act as mediator to help restore peace to Europe—but in two previous communications to Hitler he is on record as favoring mediation in international disputes, "however difficult of peaceful settlement they may be," and less than six months ago he offered to serve as a mediator himself.

The two communications were, first, the message sent to Hitler in September of 1938, when the Munich agreement was in the making, and, second, the appeal he dispatched last April.

In the April appeal, President Roosevelt told Hitler: "It is still clear to me that international problems can be solved at the council table."

"It is therefore no answer to the plea for peaceful discussion for one side to plead that unless they receive assurances beforehand that the verdict will be theirs they will not lay aside their arms. In conference rooms, as in courts, it is necessary that both sides enter upon the discussion in good faith, assuming that substantial justice will accrue to both."

That paragraph has been pounced upon by the organized peace societies, which have been urging ever since the first of September that America try to mediate the war.

ASKS PRESIDENT TO MEDIATE

Frederick J. Libby, head of the National Council for the Prevention of War, declaring that it is "a message from Roosevelt to Roosevelt," calls on the President to accept the German hint and offer mediation; and he asserts that it is a timely answer to the claim that the British and French cannot negotiate unless they are first assured that the conquest of Poland will be nullified.

Mr. Libby also calls attention to two paragraphs from the Roosevelt message of last September: "Whatever may be the differences in the con-

WHAT—NO BRITZPEACE?

Around Hollywood

By PAUL HARRISON

NEA Service Staff Correspondent HOLLYWOOD, Oct. 13—Some-where between the sharply critical deliberation of Walt Disney and the impatience of distributors who want to begin collecting on a second full-length animated feature, skips an unconcerned Pinocchio—the puppet who was brought to life by the Blue Fairy.

His future is assured now, his destiny drawn on hundreds of thousands of sheets of celluloid. His friends are all about him, too—Gepetto, the woodcarver; Figaro, the kitten; Jimmy Cricket, and a goldfish named Cleo. And his enemies—Monstro, the whale; Stromboli, the evil puppet master; the ruffian cat, Giddy, and the sly fox, J. Worthington Foulfellow.

Of course there's no telling when Disney, the perfectionist, may reject or revise something. But considering the fact that he already has scrapped a total of five months' work on the picture, the betting is that Disney now has just about what he wants.

The job that remains is one of multitudinous details—sound, special effects of animation, and transition scenes. "Pinocchio" probably will be released about Feb. 15. The cost will be a little more than \$1,500,000.

Occasionally the big mouse-and-duck man, in a burst of optimism, declares that his organization is geared to the production of an anti-war feature every six or eight months. But it doesn't work out that way.

"Snow White," of course, was a technically experimental venture and was four years in the making by a staff of 600. "Pinocchio" presented relatively few new problems, yet it will have been two years in the factory, and the payroll now numbers more than 1,100.

"Bambi," which was to have been completed early this year, will be seen probably in 1942. In between will come the classical fantasy, still untitled, comprising a group of animated interpretations of selections played by Leopold Stokowski and the Philadelphia Symphony.

Use Great Caution in Making Film I have just seen some "Pinocchio" sequences, photographed in black and white from the original drawings, and several color tests. Both require the most meticulous caution used in making such a feature.

From the animators' pencil sketches, the complete picture is shot—along with dialogue and sound effects—so that Disney and his editors can criticize it. When they have refined it as far as possible in that medium, the sketches are cleaned up so that the figures can be traced on the celluloid sheets, or "cells."

Throughout the picture, key scenes are completely painted with minute variations, then photographed and projected as color tests. For example, I saw seven slightly different treatments of the scene in which the wood carver finishes painting the face of Pinocchio and then picks him up and walks away.

One test would be in rather bright overexposure, and however difficult of peaceful settlement they may be, I am persuaded that there is no problem so difficult or so pressing for solution that it cannot be justly solved by the resort to reason rather than the resort to force.

"I earnestly repeat that so long as negotiations continue, differences may be reconciled. Once they are broken off reason is banished and force asserts itself. And force produces no solution for the future good of humanity."

PEACE SOCIETIES SEEK PUBLIC EXPRESSION

The peace societies have redoubled their drive for American mediation to help bring the war to an end. They are attempting both to stir up sentiment in the Senate—where Senator Johnson of Colorado had

People You Know

By Archer Fullingim

Warner (Bugs) Phillips has become the favorite wit of the Harvester football team. His most insignificant gesture can send the Harvesters into spasms of delight. For one thing Bugs refuses to cuss and he's proud of the fact that he never takes "the name of the Lord God in vain," but he has plenty of words to "take the place of cuss words, like "slap dab it," "Con sarn n," and "O unhappy day!" and he is master of a repertoire of gestures that tickle the Harvesters silly. They don't know when he's serious and when he isn't.

So They Say

We will not go to war if we repeal the embargo. We will not go to war if we retain the embargo. Repeal or retain, we stay out.

—SEN. PRENTISS M. BROWN, (Dem., Mich.)

I think it's great that here in New York we are having a week of music and not a week of wartime horror.

—FORMER MAYOR JAMES J. WALKER of New York City.

The people who patriotically oppose their bodies to their righteousness of war should control their own affairs at all times.

—HAROLD L. ICKES, secretary of Pan Americanism means friendship, frankness, loyalty. It also means justice and co-operation.

—DR. VICTOR LUSCANO, Argentine minister to Cuba.

The unchecked discretion of a single man is not a sufficient guarantee of the nation's peace amid a field strewn with pitfalls.

—BAINBRIDGE COLBY, secretary of state in Wilson's post-war cabinet.

Teacher Saves Pupils

LOGANSPORT, Ind., Oct. 13 (AP)—Frances Remley, 33, teaching 37 fourth and fifth grade school children at Lucerne, heard the classroom ceiling creaking.

She marched the boys and girls outside. Soon after, plaster and steel lath over the room fell with a loud crash.

colors, another painter; one would use dark shadows behind the figures, another light shadows, a third no shadows. Such tests have been made of hundreds of scenes. The labor involved is staggering even to think about.

When a certain treatment is approved by Disney, that part of the finished film can be made. About 2,000 shades and colors of paint are used by the girls who do the filling in. All the paints and inks are made in the studio laboratory.

previously introduced a resolution urging mediation—and to get an expression of opinion in favor of mediation from the country at large.

"The president has an opportunity now such as has never been given any man in the history of the world," says Mr. Libby. "He can bring this war to an end if he will act. If he doesn't the blood of millions will be on his head."

The Family Doctor

Dr. Morris Fishbein

Among the diseases which are transmitted from animals to man undulant fever is especially significant.

This condition has been called brucellosis because the germ that causes it was isolated by a physician named Bruce in 1886. It has also been called Malta fever because of studies identifying it with a disease which appeared on the island of Malta in 1887.

Either of these terms is preferable to undulant fever, because the fever does not appear in wave-like episodes in all of the cases.

Three types of the disease are now known. The germ may be transmitted to man from the goat, the cow, or from the hog. In this country cows and hogs are the usual source of infection of human beings.

Goats milk is often the original source of germs in the first type of fever. In sections of the country where goat raising is common, the infection may spread to sheep, cattle and other animals, and from them to man.

A second type of fever, that associated with the cow, is known as contagious abortion of cattle. It is sometimes called Bang's disease after the discoverer who recognized the condition.

This phase can be transmitted to human beings by the drinking of infected raw milk and by contacts with infected cattle. Obviously, people who drink well pasteurized milk are likely to escape this infection.

The third type, called brucella suis, is confined to hog raising sections of the United States. It seems to affect particularly workers in packing plants and butcher shops who handle swine carcasses.

No person should develop any one of these types of undulant fever because proper pasteurization of milk, inspection of herds to keep them free from infection, eating only well cooked pork, and avoidance of any contact with unsafe goats' milk protects them from the germs that cause this disease.

Yesteryear In The News

TEN YEARS AGO TODAY The biggest clean-up of drunks and vags made in three months by city police featured Saturday and Sunday nights, when 49 persons were arrested and 40 pleaded guilty to the charges and were fined.

Mrs. Leona Rusk Ihrig, famous culinary expert, lecturer, and demonstrator, opened her second cooking school here under the auspices of The Pampa Daily News.

FIVE YEARS AGO TODAY One of the final steps in the completion of the Pampa-McLean highway was to reach its final stage when bids were opened for topping the caliche base.

Miss Ruth Ann Mitchell, daughter of Dr. and Mrs. W. C. Mitchell, became the bride of Arthur J. Holland.

Those who are posted know that this is not a profit system, but the profit system is the chief plank in the socialist platform. But the masses of the people are not posted, and hence may be easily led to support radical policies if the hidden purpose is covered by the use of conservative phraseology.

What are profits? What is the "profits system"? Strictly speaking, no group connected with American business receives profits. Hence the "profits system" is a myth. The three factors in production are land, or natural agents, labor or human effort, and capital or general equipment. The distinction made between wage earners and those who receive salaries is not an economic distinction. The compensation received by wage earners and the compensation received by those who are paid salaries are de-

Tex's Topics

By Tex DeWeese

PAMPA KIWANIS, when they returned mid-week from the Texas-Oklahoma district convention, immediately Panmanging praise of the Pampa High school a capella choir that went along with the Pampa delegation and stole the show at Wichita Falls. . . . And, when they say the 40-voice Pampa singing unit "stole the show," they don't mean maybe. The choir was in demand everywhere it showed up during the three-day convention.

After making three or four scheduled public appearances, the choir showed up to say goodbye to the convention floor on the closing day. . . . It was its first appearance there. . . . The some 900 delegates and visitors again demanded that the choir sing. . . . Switching from sacred and semi-sacred numbers which had been their routine, the choir swung into "The Old Apple Tree" and when it had finished the convention came to its feet with cheers and whistling the like of which has never been heard in Wichita Falls. Amidst these cheers the Pampa choir filed out of the auditorium.

OF COURSE, the credit for this fine musical unit which is carrying the name of Pampa state-wide goes to Miss Helen Martin, the choir's director. . . . Panmangers must know that Miss Martin and the members of this choir work long and hard to attain the degree of perfection that has been reached so early in the school year.

Berlin seeks from Russia an increased supply of oil. Evidentially the propagandists have used up too much this last month by spreading it on too thick. . . . There are approximately two birds to the acre in the U. S. which brings up the question, are they in two hands, or the same bush?

ECONOMISTS say war today is even expensive for the onlooker. As in gridiron battles and prize fights, we must pay admission to enjoy the conflict. . . . A mouse, snug in a hole in a Missouri town, pops out and bites the family cat. Not the ideal item of news, but a good substitute. . . . Interesting is the way Hollywood economizes in the face of lost markets because of the war. For instance, the \$250 weekly starting salary being paid to screen novice Jean Cagney.

What's become of Tom Mooney? For 20 years, you heard a great deal of this man. He had become a "martyr," and always there was some new movement, some new agitation, about the prisoner of San Quentin. He was "money in the bank" for all radicals. Even many people who were repelled by Mooney himself and his political principles, rose to his defense as that of a man unjustly convicted.

Now Mooney is out of jail. And today he cuts no ice at all. The last we heard of him was when he was about to address an Indiana labor union meeting, and the invitation was withdrawn at the last moment, leaving Mooney high and dry. . . . Mooney in prison was a symbol. Mooney free is a cipher. . . . Isn't there a lesson there for us when the cry goes up again for a war-time witch-hunt among alleged radicals?

Black Cats For Sale SEATTLE, Oct. 13 (AP)—Friday the 13th may be lucky for black cats. The city pound will sell black cats, and an order on native for 13 cents apiece and dogs for \$1.13. It's part of a "break the jinx day."

You and Your Nation's Affairs

ALTERNATIVE TO THE PROFITS SYSTEM By GUS W. DYER Professor of Economics and Sociology, Vanderbilt University

The tirade against "profits" and the "profits system" is becoming quite common in this American people. The question is asked whether the world war will not put an end to the "profit system."

What is meant by the profit system is not explained. Neither is an explanation made of what will be put in a year for their services while others receive \$20,000 a year or more. The same principle prevails in the ministry. Many preachers are paid less than \$1,000 a year for their services while others are paid ten, fifteen, twenty, thirty thousand dollars a year. Salaries are not profits any more than wages are profits.

The ethical question here involved is not the nature of profits. The question is, should the government permit a citizen to have and to hold that which he earns and that which belongs to him by the right of the creation of new wealth, or should the government rob him of his property and distribute it to others under a system of political favoritism.

Those who supply the capital take all the risks in business and assume all the losses. Under the so-called "profits system" the wage earners are made the first claimants on the assets of the business. They are paid promptly in full whether the business succeeds or loses. After wages, salaries, taxes, interest and every other claimant is paid in full, if anything is left, it goes to those who take the risks. The amount they receive in dividends is really interest on their investments. In a large number of cases they do not get anything. In 1921, of the 356,397 corporations that reported for income tax assessments, 185,138, or more than half, reported no net income. One-third of the railroads in this country are in receivership. This means that the stockholders are getting nothing.

Under the "profits system" the owner of capital assumes all the losses. Under government ownership the enormous losses due to spoils, inefficiency, graft, and wild experimentation are shifted to the shoulders of the taxpayers and the consumers. Yet we are told that the "profits system" must give way to government ownership.

Under the "profits system" the owner of capital assumes all the losses. Under government ownership the enormous losses due to spoils, inefficiency, graft, and wild experimentation are shifted to the shoulders of the taxpayers and the consumers. Yet we are told that the "profits system" must give way to government ownership.

STORIES IN STAMPS

Garfield's Assassination, Might Have Been Halted

THE President of the United States is not wholly immune to the threat of assassination, but he is today far better protected from attempts upon his life than were 19th century executives. It is inconceivable that, under present-day strict surveillance of the Secret Service, an assassin might enjoy the success of Charles J. Guiteau, President Garfield's murderer.

If anyone today were to studiously practice pistol marksmanship on the outskirts of Washington, he would become an object of suspicion. Guiteau did just that, openly, and no one paid much attention.

Guiteau was well known at the White House for his persistent efforts to be named minister to Austria. He picked the White House, tried vainly to see the President. He even wrote his letters on White House stationery, "acted as if he owned the place," presidential secretary reports. He was barred from the grounds, then from the State Department offices.

Finally, on the morning of July 2, 1881, he waited for the President in a railroad station, fired two shots, captured by police. Guiteau calmly admitted the shooting.

Garfield lingered until Sept. 19, died at his New Jersey home. Guiteau was hanged June 30, 1882. Garfield is shown on the U. S. 6-cent magenta stamp above, issued Feb. 20, 1932.

Cranium Crackers

Matching Names From the eight listed phrases below select one to describe each of the five names, all of which are connected with present developments in Europe.

1. Reichstag; 2. Boeporus; 3. Saare; 4. Aaland; 5. Croydon.
- (a) German city near Berlin; (b) islands in Baltic which Russia wants to control; (c) region in Germany occupied by French troops in early weeks of war; (d) airport near London; (e) Baltic island where Estonia authorized establishment of Russian air and naval bases; (f) German legislative body; (g) one of strategic straits controlled by Turkey; (h) river near Franco-German border.

Block Cats For Sale SEATTLE, Oct. 13 (AP)—Friday the 13th may be lucky for black cats. The city pound will sell black cats, and an order on native for 13 cents apiece and dogs for \$1.13. It's part of a "break the jinx day."

French Fishing Family Listens to War of Words

Will war come to France? Anxiously, country's common folk follow each move of the war behind the scenes—blasts, counter-blasts, and proposals by the statesmen. At "some French port," fisherman and his wife hear speech by their leader, Premier Edouard Daladier.

Grandma Roosevelt and Mr. Boettiger

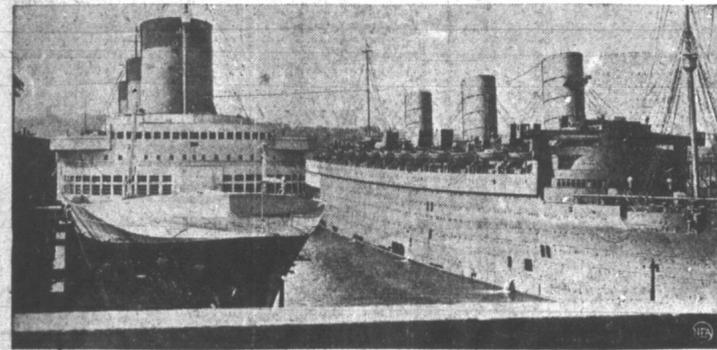

First Lady gets first-hand acquaintance with her newest grandson at home of daughter, Anna Roosevelt Boettiger, in Seattle, Wash. It's first picture of the young man, John Roosevelt Boettiger, six months old.

First Lessons in Communism for Poles

First it was persuasion by bombs and guns, and now comes war by propaganda as Russian troops unload bales of Soviet literature at Vilno, Poland. (NEA Radiophoto)

Ocean Greyhounds Symbolize Anglo-French Unity

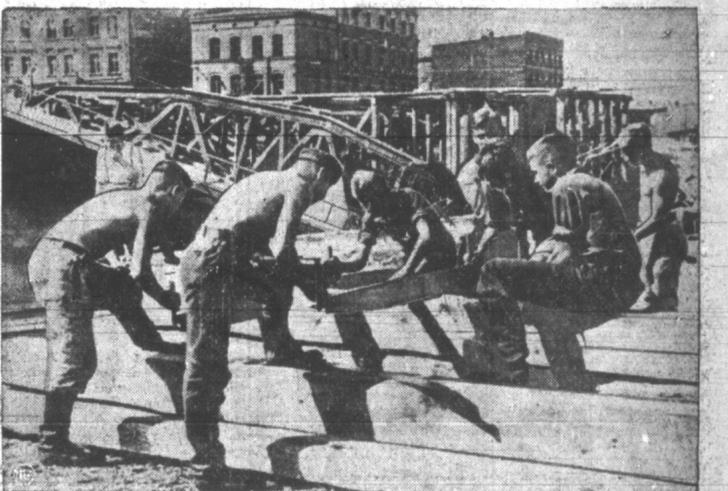

Once rivals for the trans-Atlantic speed record, the world's two mightiest liners—France's Normandie, left, and Britain's Queen Mary—find mutual haven in a neutral port as they lie side by side at the New York docks. The dull gray of camouflage paint covers the Queen Mary.

'Diamond Mining' in Refuse Dump

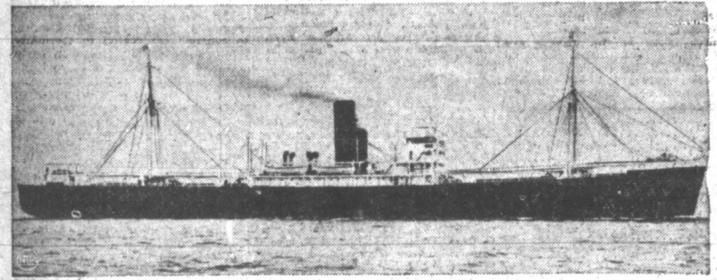

When Mrs. Robert Stranahan of Toledo, O., went to a New York beauty parlor, she wore a \$25,000 diamond ring. When she departed, the ring was gone, but she didn't miss it until next day. Meantime the contents of the manicure bowl in which she had left it had been thrown into a refuse can, which in turn had been collected by a garbage truck. Police caught the truck just as it was about to dump its load into a sea-going scow. They're pictured digging in the refuse. After two hours, they found the sparkler, shown in insert.

Germany Rebuilds in Her New 'Province'

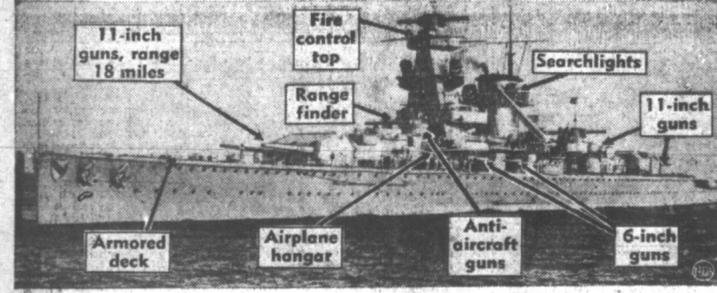

The territory she wanted won with battle, Germany now begins to rebuild in Poland. This photo, passed by Nazi censor, shows German army engineers repairing a war-wrecked bridge at Myslowitz.

British Steamer Sunk Off Coast of Brazil

Sinking of British steamship Clement, above, 27 miles off Brazilian coast raises a mystery of war. German raider allegedly sank Clement on Sunday, Oct. 1, after crew had been ordered to abandon craft in lifeboats. Whether the raider was submarine, armed merchantman, or "pocket battleship" is unknown.

Did This Battleship Slip Through Blockade?

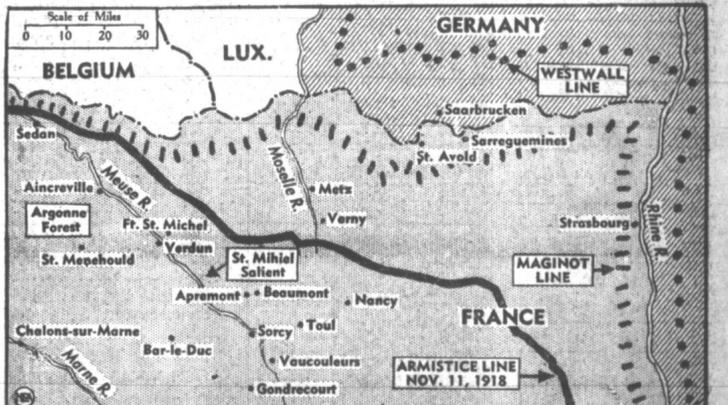

If German "pocket" battleship sank British steamship Clement off coast of Brazil, the Admiral Scheer is the likely raider. Out of three Nazi "pocket" ships, experts say, the Graf Spee was damaged in bombing of Wilhelmshaven, the Deutschland was damaged during Spanish War. Some experts think it unlikely that any Nazi cruiser could have eluded British blockade. If it did, however, this is what allies are up against in American waters.

Hitler's 'Final' Peace Bid

"Neither force of arms nor time will conquer Germany," Adolf Hitler, fresh from watching the formal occupation of Warsaw, reports to the German Reichstag on the Polish conquest and lays down his terms of "peace" with the allies. (NEA Radiophoto)

The Western Front: Yesterday and Today

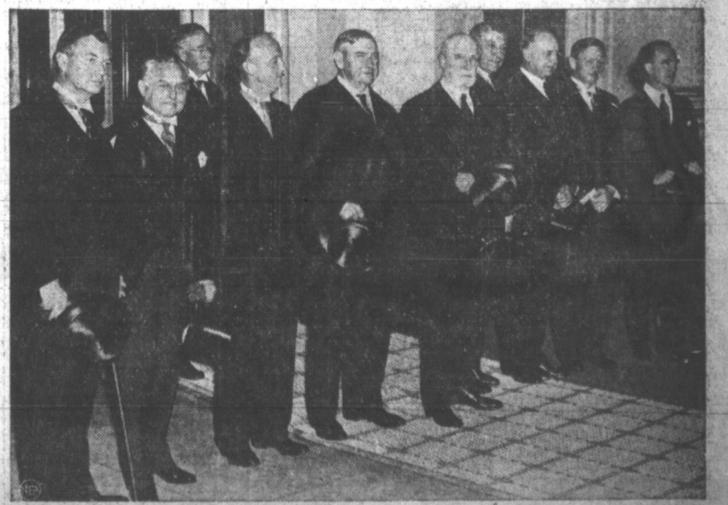

The current western front is not much farther east than the battle line at the close of hostilities in November, 1918. Names of cities to left of World War armistice line on above map were common to all U. S. citizens during days of 1917-18. American soldiers saw service in much of the area shown and those in the army of occupation after the war advanced far beyond the present line of hostilities.

The Watch on the Moselle---By the French

First picture from western front shows French soldiers, behind sandbag barricade, keeping watch over Moselle river on Franco-German frontier. Photo was flown to London, passed by British and French censors, radioed to New York. (NEA Radiophoto)

Hear Ye! Supreme Court Is Now in Session

According to custom, members of U. S. Supreme Court pay formal call on President Roosevelt, officially inform him they're at work for 1939-40 term. Escorted by Solicitor-General Robert Jackson and Attorney-General Frank Murphy, here they are at the White House. Left to right: the solicitor-general; Justices Frankfurter, Black, Stone, Hughes, Roberts, Reed, Douglas; the attorney-general.

### Class A Football Schedule Tonight To Be Interesting

There'll be plenty of football in this section for Pampa fans to watch tonight. Three top conference games are on the schedule in this vicinity—Canadian at Panhandle, Clarendon at Shamrock, and Lakewood at McLean. Non-conference games in this section are natural. Hereford will invade Wellington. (Note to Class A coaches—if your team's scheduled game for this week is not listed here, it is because the News does not have your schedule. In such cases, the News invited all coaches to send in their schedules showing games to be played and the results of past games.) Class A grid schedule by districts:

#### District One:

White Deer and Perryton will invade Wellington.

#### District Two:

Dumas at Claude. Hereford at White Deer. Canadian at Panhandle. Miami at Higgins.

#### District Three:

Clarendon at Ft. Mot. Lakewood at McLean. Pollett at Mohave. Perryton at Wellington.

#### District Four:

Turkey at Ft. Mot. Estelline at Quitaque. Lockney at Crosbyton. Osburn at Matador. Floydada at Balls. Ft. Potts at Baduach. Conference games.

### Hawkins Stated To Be Presiding Judge Of Court

By HOWARD C. MARSHALL

AUSTIN, Oct. 13 (AP)—Should Governor W. Lee O'Daniel call a special session of the legislature, three important appointments by him would face confirmation or rejection at the session.

It there is no extraordinary session, the appointments, Tom

SERIAL STORY

JOAN OF ARKANSAS

BY JERRY BRONDFIELD  
COPYRIGHT, 1939, NEA SERVICE, INC.

YESTERDAY: Joan of Arkansas sets the Alpha Nu house agog. When Carol tells her that Keith is a hard-to-get glimmer boy, Joan accepts the challenge. The arrival of her luggage—two trunks, four suitcases—makes the girls wonder if she owns a department store.

CHAPTER III  
THEY regarded Joan quizzically as she supervised the job of dragging her belongings upstairs. "If you don't mind me asking," said Kay, "just what do you have in all those cases?"

Joan registered surprise. "Why, there isn't much here at all. Had to leave a lot of stuff at home because I didn't think there'd be enough room for everything."

"You mean you had more than this at Northwestern?" Bonnie Harris inquired incredulously.

"Sure," Joan struggled with a lock. "But there were only two in a room there."

"Oh!" Kay said significantly. Joan caught the note. "But don't get me wrong," she added hastily. "There ought to be plenty of room here."

"Of course," Carol cut in. Then, glancing at her watch, "Just about time to unpack before dinner, Joan."

"I'll help you," Marianne offered brightly, and set about unstrapping suitcases.

For more than a half hour Marianne "ooohed" and "ahhed" at each thing they hung away or placed in cramped drawer space.

There were six formal gowns, when no one else in the house had more than three... tricky sweater sets and sportswear of every description... and Marianne counted 11 pairs of shoes.

"Gee," she said breathlessly. "Where we going to put all this? The room is bulging at the seams already."

Joan looked up, her face flushed. "I give up," she replied mournfully. "Guess I'll have to ship some of this junk back home."

There was a screech in Marianne's voice. "Junk! I wish I had junk like this."

Carol met Joan at the foot of the stairs after she had showered and changed clothes. She ushered her into the living room for more introductions.

"We did okay," Chesbro observed. "Orders taken in four minutes as the crowd flies. Usually wait 15."

It was just after they finished their drinks that Keith Rhodes walked in with Barney Hughes, football captain.

Almost immediately, it seemed, Keith spotted them and picked his way over while Hughes stopped to chat at another booth.

"Howdy, folks," he greeted, but he looked directly at Joan.

They returned his greeting in chorus and then he looked above their table and grinned.

"You sure picked the right pew. Couldn't done better myself if I'd ushered you over here."

They glanced up. Right above them on the wall was an action picture of Keith Rhodes.

"It's simply awful how that man plagues us," Chesbro sighed. He squeezed her straw in the middle, cutting off the flow of

"The telegraph company will be glad to furnish a messenger to stand in line and pay my fees," Joan explained. "You're too damned clever," Dan answered and walked away.

those fortunate souls who can eat liquid. Then to Joan: "How about me picking you up in the morning for a sight-seeing tour of the campus? Best guide in these parts."

"Sounds good to me," she said. "Better pick me up at the administration building. I've got to pay my fees. Will 10 be okay?"

"It's a date," he promised, and waved a goodybye salute to them all. "Our great Mister Rhodes is wasting little time," Marianne observed as they walked back to the house. "But if you're smart you'll discount that grin of his about 70 per cent. Three dates with one girl is just about par for the course with him."

SHE wore a sweater set in two shades of blue next morning. And no one could wear blue the way Joan Johnson did.

Walking up the steps at the administration building she almost bumped into Dan Webber. "Hi, there," she cried. "What're you trying to do—block me out of the play?"

For the briefest second—but not too brief for her to notice—he took in the glory of two shades of blue.

"Looked to me as though you were doing the blocking. Anyway—what're you doing here?"

"Paying my fees," she told him as they walked through the double doors.

"Me, too," and then he stopped in his tracks. There were about 250 students in line outside the burr's office.

"Looks like all the late-payers in school had the same idea we did—get here early and avoid the stampeede. Well, we're just doomed to a long session in line."

"Hey," she said, "that'll take an hour. I can't wait that long."

"You will—and like it," he said flatly.

"Oh, will I?" Her tone was challenging, conspiring. She walked over to a pay station by the wall. He followed more out of curiosity than anything.

"Going to call Prexy and tell him what you think of the nasty way he treats newcomers, no doubt?" he inquired.

"No doubt—not. But the telegraph company will be glad to furnish a messenger to stand in line to pay my fees for me," she explained brightly.

"Clever girl, aren't you?" "I think so."

"You're too damned clever," he replied almost venomously, and walked over to take his place in line. (To Be Continued)

SNUG-WAIST COATS

PARIS (AP)—Three-quarter-length coats for fall in maple leaf red and in heaver brown are forecast by Jacques Heim. The silhouette will show a snugger waist for these, a shorter skirt, a wider hem. Stripped materials will do dizzy turns, sharp angles and queer slants. Furs are

forecast for gloves, and two fur gloves combined to make by some subtle trick, one large muff.

Evening corsages should be worn at the bosom when the shoulder straps are narrow and the neckline low. For high necked gowns, a garland of blooms is more often best.

Ochiltree Doubles

Insurance On Crops

Special To The NEWS  
PERRYTON, Oct. 13 — Federal crop insurance for wheat in Ochiltree county has more than doubled over that of last year, according to Earl Waide, county crop insurance supervisor. This year 17 policies have been written against 70 for last year.

Regardless of dust, hail, insects or worms here, Ochiltree farmers are assured of some 235,000 bushels of grain.

### Cash And Carry Law May Adversely Affect Texas Agriculture And Oil

By L. T. EASLEY  
Associated Press Staff

WASHINGTON, Oct. 13 (AP)—While strongly for the so-called "cash and carry" neutrality bill, Texans in Congress know that its passage may adversely affect two great industries of their state, agriculture and petroleum, through

the hamstringing of a third—shipping.

Should American ships be barred from transporting such materials as cotton and oil to belligerent nations it would precipitate a forced idleness of many ships at Texas ports and leave the exportation of oil and cotton to a limited number of foreign owned vessels.

The problem is especially acute for Texas inasmuch as most of the state's cotton crop is exported and it is the largest oil producing state.

Word has been received here that a number of old vessels which idle for years in various Texas rivers are now being reconditioned for sale to Great Britain for her merchant marine. The proposed law might prohibit such a sale.

Curious as the nationality of oil tankers plying the high seas, Rep. Mansfield, chairman of the House Rivers and Harbors committee, obtained from the Maritime commission information on the subject.

Great Britain leads the world in the number of such vessels and in their total gross tonnage. She has 431, or 27.8 per cent of all oil tankers in the world, totaling 3,110,000 gross tons.

The United States has 365 tankers, or 23.6 per cent of the world's number, with a total of 2,678,000 gross tons.

Third greatest transporter of oil is Norway, with 265 tankers of 2,082,000 gross tons representing 17.1 per cent of the entire lot.

Other leading nations are: Netherlands, 104 ships of 514,000 tons; Panama, 53 ships of 469,000

### SCHOOL SAFETY WEEK PROCLAIMED

Bumpers were declared more deadly than bayonets for Texas school children as Governor O'Daniel called upon educators, parents and civic groups to intensify traffic safety education during School Safety Week, Oct. 30-Nov. 4. Directing the state-wide safety campaign will be, left to right in the picture, L. A. Woods, Superintendent of Public Instruction; Governor O'Daniel; Col. Homer Garrison, Director of Public Safety Department; and George Clarke, Secretary of the Texas Safety Association.

Texas' three railroad commissioners visiting Washington—Chairman Lon Smith and Jerry Sadler one week and Col. Ernest O. Thompson the next, reached identical conclusions after their separate and informal conferences with Secretary Ickes.

All were happy to express opinions that the Interior Department chief seems to be satisfied with the present status of the oil industry and that there is little likelihood Ickes will agitate during the next regular session of congress for federal control of oil production.

While waiting for their appointment with officials here, Chairman Smith and Sadler entertained themselves with a Texas domino game in their hotel room.

A bellhop came in and saw what was going on, gave a broad grin, and remarked that it had been a long time since he had seen anyone playing the game.

House Majority Leader Rayburn, stock, bald bachelor, is the fisherman of the Texas congressional delegation.

The first weekend after the special session convened, Rayburn, with Reps. Ed Gossett of Wichita Falls, Ewing Thompson of El Paso, Mar-

tion Jones of Amarillo and Luther Johnson of Corsicana, went on a fishing jaunt to nearby Solomon's Island.

After a few hours of none-too-successful fishing, all but Rayburn went into a bridge game for the remainder of that day and most of the next. The Bonham fisherman landed a nice mess of hardheads and soft-shelled crabs for his partener.

Atment to Be Subject Of Sermon

"Doctrine of Atmentment" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 15.

The Golden Text: "If any man sin, we have an advocate with the Father, Jesus Christ the righteous" (1 John 2:1).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Blessed are they which are persecuted for righteousness' sake: for theirs is the kingdom of heaven" (Matthew 5:10).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health With Key to the Scriptures" by Mary Baker Eddy: "Trials teach mortals not to lean on a material staff—a broken reed, which pierces the heart. We do not half remember this in the sunshine of joy and prosperity. Sorrow is salutary. Through great tribulation we enter the kingdom" (page 66).

### Post Hardware Merchant Unearthed Largest Mammoth Tusk Known

POST, Oct. 13 (AP)—George Doughty, hardware merchant here, has discovered more paleontological specimens from the sandy soil of this region than any professional bone digger in the United States. The American Museum of Natural History, of which he is an honorary member, has recognized his achievements, but his scientific pursuits stir little curiosity in his fellow townsmen. He spends his leisure roaming the hills of Garza and Crosby counties searching for specimens.

The American Museum of Natural History has given Doughty the distinction of finding the largest mammoth tusk known. It is 16 1/2 feet long, two feet in circumference at the largest part and when boxed, the package weighed 600 pounds.

The next largest specimen on record, measuring 13 feet, is at Mexico City.

"I took us six days to bring the big bone out in a wagon," Doughty said.

Doughty was born in England and as a boy preferred hunting birds' eggs, butterflies and insects to working in the family leather business. He came to Post in 1909. His most recent find was the leg bone of a mammoth 40 inches long.

For years noted archeologists have come here to see Doughty and ask him to accompany them on trips.

Dr. E. M. Brigham, curator of the Battle Creek, Mich. museum has been here frequently as has Dr. E. C. Case of the University of Michigan at Ann Arbor.

Dr. Barnum Brown, curator of reptiles of the American Museum of Natural History, also has been here several times.

Last May Doughty shipped to the museum a box of specimens, including the jaw of a stegocephalian with two rows of teeth on both sides.

"We have nothing like it in our collection and we find nothing of it in our literature," Walter Gunder, curator of fossil mammals wrote.

The stegocephalian was an amphibian reptile somewhat like our large water dogs, Doughty said. Specimens previously found of this reptile have never shown more than one row of teeth on a side.

Blanco Canyon in Crosby county is rich in paleontological lore. The American Museum discovered there the long necked horse, the long necked camel and the rhinoceros and an early day armadillo specimen.

Doughty is an avid reader. His library is large, containing many college text books and he keeps a few in his office at the store to read when he has time.

The Doughty home has a rich store of specimens, from small articles the size of a dime to tusks many feet long. In the windows of the hardware store are many other specimens together with handiwork of early day Indians in this section.

Besides working in West Texas Doughty has done exploration work in New Mexico and has some basket weaver art.

Specimens stored at the home are probably worth many thousands of

dollars to museums. Doughty said he had not had time to sort and classify the articles he has gathered.
