Editorial Briefs

No student would intentionally poison one of his fellow students but that is what he is doing when he accidentally (or intentionally) takes some one with the point of a pencil. Ink, too, is poisonous. Sharp pointed pens and pencils could easily be used to cause serious accidents.

Just how would you feel if you were a speaker in high school assembly? It's a lot harder job to speak than to listen. The attitude of the audience toward speakers is not as good as it could be. When there is a speaker in assembly, just put yourself in his shoes and say "How would I feel if I were to make a speech and my introduction was received with a groan?"

Guerrilla football boys think they are left out around school. Those boys play a hard-swinging practice every evening. They wear old uniforms, use old equipment, and play game after game without many backers. What do these boys get out of it besides the fun of the game? They get sweaters, of course. But every year the Guerrilla sweaters have been just ordinary sweaters. Every boy on the team would wear his appreciation with a smile if his efforts were rewarded with a good sweater. Ask any member of the team!

Lost something lately? Student council's lost and found department would like to help you find it. Use the school facilities furnished by the student governing body.

Many people walk on the grass when signs are put up asking them not to. It would not be possible to put up signs saying "Do not walk in the middle of the street!" Yet many students congregate in the middle of the street at noon. They think nothing of it. "Hey, YOU, pull over to the curb!"

What About You?

I was just walking along counting the cracks in the sidewalk like I always do when I think and I got to feeling kind of ashamed of myself for the way I treated you. I was a wonder I didn't break "guy" and I didn't have much reason for doing him the way I did. You might say I treated him dirty. I slapped him around so much that he's a wonder I didn't break his back and I dog-eared him right and left and besides that I threw him at my locker. But the thing is he isn't the only one, for Don is "Don Quixote" the book, and I'd treated lots of books worse than I should have. I'm resolving right now that here after I'll treat books as what they are—my best friends. Now that takes care of me but what about YOU?

Dogpatters Help Buy Instruments For Orchestra

Two new instruments, a stringed bass and a cello, will be purchased for the orchestra with the proceeds taken from the Dogpatch Review according to Herbert Miller, orchestra director. "Orchestra members and I are deeply grateful to Mr. Fullington, Mr. Carman and to all those who participated in the Dogpatch Review for this fine cooperation toward a worthwhile cause," said Mr. Miller.

Pictures Of Band Taken For Annual

Even though the bright colors of the Harvester band uniforms do not show in a picture, the school is proud to have their pictures made last Tuesday afternoon. The group first went to Harvester field where they made two formations, one of which was the airplane and the other a star. After finishing at the field, members were brought back to the auditorium where other pictures were made.

SOME BOOKS SHOULD BE SWALLOWED

Both School And City Libraries To Observe National Book Week

"Books Around the World" is the general theme of National Book Week to be observed from November 12-18. Miss Maybelle Taylor, librarian, extends a cordial invitation to all members of the student body and faculty to visit the library often and regularly throughout the year. Miss Taylor stated that the library is one of the best equipped in this section of the state. "We urge as many students as possible to make use of the facilities offered them by the library and to feel free to ask any questions or make any requests that are necessary," Miss Taylor said. In special recognition of Book Week both the Pampa High School library and the public library will have posters and displays. The high school library has received several new travel books, dealing with the customs of the people all over the world, which will be shown in a prominent place this week. "So that a greater number of people may have the privilege of examining these volumes, they will not be checked out during this time. However they may be reserved for Friday afternoon at 3 o'clock, which marks the close of the National Book Week celebration. Miss Taylor said that 250 books have been added to the library this year, and more will be ordered at a future date. The library subscribes to 35 magazines and five newspapers, so that the diversity among the students may be reached, the librarian stated.

"Towers In The Mist" New Goudge Book Setting In Time Of Queen Bess. Seniors Will Rejoice In Author's Style

Elizabeth Goudge has written a corking good story in "Towers in the Mist." Seniors especially will rejoice in her smooth style, vivid characterizations, and piquant modes of expression. The book abounds in the quaint and the romantic. Elizabeth Goudge and references to the customs of the natives of Oxford, that ancient seat of learning to which the whole world has paid tribute. Not only does the book appeal to one's innate feeling for beauty of style, but it also brings with it a pungent whiff of realism that invigorates and gladdens. In the days of good Queen Bess, the citizens of Oxford were some- what loath to permit the skylarking students of Christ Church college, Magdalen, and Oriel to intercept the student of the natives of Oxford, that ancient seat of learning to which the whole world has paid tribute. Not only does the book appeal to one's innate feeling for beauty of style, but it also brings with it a pungent whiff of realism that invigorates and gladdens. In the days of good Queen Bess, the citizens of Oxford were some- what loath to permit the skylarking students of Christ Church college, Magdalen, and Oriel to intercept the student of the natives of Oxford, that ancient seat of learning to which the whole world has paid tribute. Not only does the book appeal to one's innate feeling for beauty of style, but it also brings with it a pungent whiff of realism that invigorates and gladdens. In the days of good Queen Bess, the citizens of Oxford were some- what loath to permit the skylarking students of Christ Church college, Magdalen, and Oriel to intercept the student of the natives of Oxford, that ancient seat of learning to which the whole world has paid tribute.

Stenography Heads Subjects Of Themes

Stenography heads the list of choices of occupations chosen by the English IV students for term themes. Seniors are writing these themes on occupations they plan to follow after they graduate from high school. Twelve seniors chose stenography; ten nursing; seven aviation; five each journalism, music, and electrical engineering; four petroleum three each medicine, law and interior decorating; two each photography, teaching, library work, architecture and designing. The remaining three positions as laboratory technician, mechanic, engineer, auto parts man, accountant, machinist, florist, dry cleaner, chemical engineer, nurse in a day nursery school, scientific farmer, butcher, dentist, engineer, radio operator, a lumber yard manager, and department store manager.

School Taxes Flaw

The month of October, 1939, was the largest tax collecting month in the history of the school district, stated Roy McMillen, school tax collector. During October, more than 75 per cent of the entire 1939 tax roll was collected, one person being that a two per cent discount was offered to those who paid the entire amount during that month.

P-T. A. Sponsors Father's Night

Approximately eighty-six parents were present at the P-T. A.'s Father's Night program last Tuesday in the high school auditorium. Principal D. F. Osborne invited the parents to see the health and safety films in assembly Wednesday. "All students who have not had the tuberculosis test will be given an opportunity to have it," Mr. Osborne said. Vaccination for smallpox is required of all students. A recent survey shows that about forty high school students have not had the disease or been vaccinated. Mr. Osborne urges that this immunization be taken care of immediately. The executive board of the high school P-T. A. announced that the "Cornshuckers" will be on the stage of the high school auditorium at 2 o'clock Friday afternoon and at 8 o'clock that night in a program sponsored by the P-T. A.

Corn Shuckers To Give Program Friday Evening

Come one, come all! The "Cornshuckers" are heading your way Friday, November 17, at the high school auditorium! See those frolicking, tune swinging, singing, clarinet, accordion, piano, fiddle, and guitar playing, "Corn Shuckers": Bob, Bill, Ken, Ray, and Bill. For special admission prices come at 2 o'clock in the afternoon and get in for 10 cents. That means adults, too! If you cannot come in the afternoon, there will be another performance at 8 o'clock that night. Tickets will be 10 cents for students and 25 cents for adults for the performance Friday night. Other events on the program will be a play, "The Stork Family," songs by Will Gilbert, the A Cappella choir, Billydean Ellis; and selections by the trombone chorus. Be sure to come, for there will be a special concert, and music for everyone at the high school auditorium Friday afternoon and night!

Sagebrush By THE SAGE

During the past week the Sage was most shockingly and painfully awakened and brought to earth, and with a big bump. Some wretched fella was using this beloved "Sagebrush" to clean some mud off her shoes. Now that is adding insult to injury. Either this column must get better or worse (if possible), to make up for this treatment.

KARACTER SKITZ RY LACKEY, THAT LITTLE, "SHORT, DARK, AND HANDSOME," TAPPER-OUTER (SUMMER TO YOU) IS BECOMING THE ROMERO OF THE SCHOOL, LACKEY SAYS. "I'M A SENIOR, AND IT'S THERE I'LL PROBABLY STAY," HE SAYS. "FEMS ARE NOT FOR ME, 'CAUSE MY FORD'S GONE. OH, UNHAPPY DAY!"

When "Pug" is mentioned everywhere it's Maxine, freshman, Holt—no, that's not her nick-name but that of her Ford. The full moon is in the sky. Maxine is a junior, and boy, is she smart! Remember those fingers and hoy they tinkle on a piano keyboard. She is in the A Cappella choir and the band.

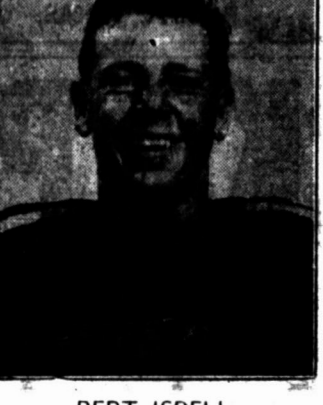

Sociology Class Hears Joe Gordon Thursday Morning

Joe Gordon, Gray county attorney, spoke to Mrs. Hol Wagner's sociology class on juvenile delinquency recently. Mr. Gordon has been county attorney in Pampa three years, during which time he has sent one girl and three boys to the reformatory. "About three-fourths of the juvenile delinquents come from broken homes—homes broken by divorce, death and drunkenness. I disagree with Mrs. Wagner that juvenile delinquency starts usually in the 'teen' age; most cases start between the ages of nine and ten with filial piety—sometimes for adventure and sometimes through necessity children steal things," stated Mr. Gordon.

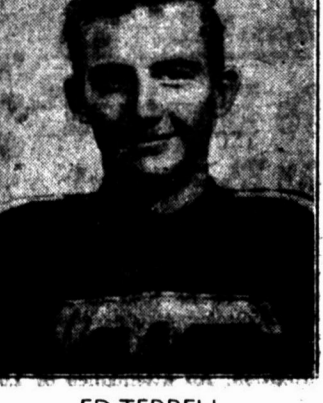

Council Sponsors Backward Dance Last Friday Night

Student council members were hosts to a backward dance Friday night in the gym after the bonfire. A nickelodeon provided music for the group. The dance was the second school affair given by the council and comments from the students present prove that it was a success. Boys were relieved of the date situation for a night when the girl asked their dates, provided cars, and paid the admission. "Some of the old and new dances were tried, but because of a very slippery floor students soon abandoned the older forms of dancing for more familiar ones." Miss Louise Jones and Aubrey L. Steele, council directors, were chairwomen for the dance. A large number of faculty members were present.

WHO'S WHO

BERT ISBELL

ED TERRELL

Here he is, the boy you've all been waiting for. Ladies and gentlemen, I give to you the Flashin' Squirt, Bert Isbell.

Bert plays quarterback on the Harvesters, but he doesn't know why. He tips the scales at 135 pounds, and try as he may, he can't gain another ounce. Well, now here's a shock! Unlike most of his muscular team mates, he doesn't like chicken! When asked about his favorite food, he very emphatically replied, "Just give me a T-bone steak about two inches thick, smothered in 'ermions,' and I can take care of myself." The "Little Giant" prefers an "oomph" girl, Ann Sheridan or an exact, to the rest of the screen greets. Marquise—I mean blonde, rate ace high with Bert.

Bert, who is one of the most popular boys on the squad, thinks that Central of Oklahoma City is the toughest team the wearers of the green and gold have opposed this year. From Bert, in person, we learn that he enjoyed the Hobbs game more than any other. It was in this game that he, upon hearing one of his team mates exchange words with a member of the New Mexico team, walked up, looked up at his friend's "pal" and said very hurriedly to him, "Say, sonny, does your mama know you are out here?"

Bert, who was an outstanding member of the Guerrilla team of last year, is playing his first year with the Harvesters. "If I ever get out of school, I hope that Oklahoma university will be the proud possessor of a fine athlete," Bert told his interviewer.

When speaking to or making reference to Ed Terrell, center on the Harvesters team, don't forget there it a little which he insists upon being called by. Other reasons you should not forget the title are first, that he weighs 170 pounds and second, he says his feelings are easily hurt. This title is not as romantic as those belonging to the nobility but it serves its purpose so people, don't forget to address him as "Big Ed Terrell."

Although the Harvesters is quite popular among the girls, he is not particular about what color of hair the girl friend has as long as she makes a good impression. It must be one of the characteristics of the Harvesters squad to hold chicken as their favorite dish. Most of the boys like fired chicken but Big Ed wants chicken and quampins, and for desert hell take devil's food cake.

This popular Harvesters has been out of most of the games this season because of injuries received while playing football. This is his first year on the squad. He played basketball last year and plans to play this coming season.

Big Ed's favorite pastime is hunting, and he says he is out hunting for enough power among the Harvesters to win the Thanksgiving game with Berger.

Lose Something? Want It Back? Then Visit Jack

"O' Boy, my lost pen!" exclaimed the much pleased student as he discovered the lost article in the newly organized lost and found department, located at the foot of the main stairs in the lower hall. Jack Morehead is chairman of this organization.

Every student may have the same service given this student. The duty of the lost and found is to help students regain lost articles, and the students are urged to use it. The department is run for the benefit of the students and can only be effective with student support. "When you see a lost article, instead of kicking it or merely passing it by, pick it up and take it to the lost and found. A student is on duty there at all periods to take it. In this way permanent losses will be cut to a minimum. In the department the article will be entered in a tabulated notebook with a complete description and a call number. The article itself is tagged with this call number and filed away until it is recognized by its owner from the description in the notebook. Then it is returned. If, however, at the end of a month the article has not been called for, it will be sold at a monthly auction.

Sport Lites--By LANE

Another Amarillo game is in the past now and again Pampa came out on the short end of the score. But this year it is a different story entirely. There was no letting up by a single player throughout the game, and at the half Pampa led Amarillo for the first time in eight years. The fans saw a great team play a great game although a few blunders turned the game in favor of Amarillo. But no sabbies for a great team.

Saturday's Armistice day game was the Harvesters last game until they meet Berger Thanksgiving day, November 30, in their final game. Meanwhile the Guerrillas played their last scheduled game Thursday with Lakeview. Coach Hinger is attempting, however, to schedule a game with another school to give the boys several which will be on the Harvesters next year. The experience they will need. So far this season the Guerrillas have made the best record of any Guerrilla team in the past several years. They have won five out of eight games, one five being straight wins. At the same time Coach Hinger has developed several fine players from whom we shall hear more of next year on the Harvesters.

The most regrettable item yet introduced in this column is the death of Weldon Chapman, head coach of the Lubbock Westerns since 1931. Chapman had been ill since November 2 of bronchial pneumonia but until his sudden death at 5 o'clock yesterday morning he was thought to be improving. He died a few seconds after he was told that his Westerners, the team he had led to their final district championship, had defeated Plainview, 19-0. James Carlisle was back in uniform Friday but only to appear in the annual picture of the Harvesters. Many fans were wishing, however, that James was in Saturday's game, but James was wishing any number of things. He probably felt the defeat harder than any other fan or player. Last year James failed to see action in the Amarillo game and was waiting this year for that special game. Bill again failed to see action in this to a foot injury received in Oney.

Engravers Present Appreciation Gifts

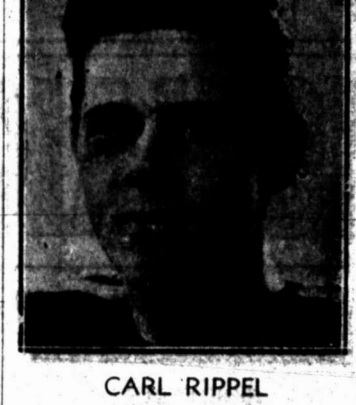

Two gifts, an electrically lighted globe map and a scholarship plaque, have been presented to Pampa High school by the Southern Engraving company. Having the trade lanes and their milages also indicated, the scale globe is used primarily for the purpose of showing the relation between and the relative position of one part of the world to another. As an appreciation for the four-year contract for senior diplomas, the Southern Engraving company made a present of a scholarship plaque to Pampa High school. The plaque has a space designated for the names of valedictorians for four years.

Council Announces Cast Of "Our Town," Senior Play

Members of the cast for the senior play, "Our Town," by Thornton Wilder, which is to be presented the first week in December, were chosen last Monday night, and practice began Wednesday night. Kenneth Carman, dramatics instructor, will direct the play.

"Because of the nature of the play there are no parts which can directly be called leads," however, students chosen to play the roles with the greatest number of lines are Carolyn Surraff, Chester Carpenter, Jennie Lively, Aubrey Green, Ed Smith, and Jack Johnson," stated Mr. Carman. Other seniors chosen to partici-

HI-Y PRESIDENT

CARL RIPPELE

Rippel Elected Hi-Y President

Karl Rippele, post graduate, was elected president of the Hi-Y club at its second meeting Tuesday night. Wayne Coffin was elected vice-president; Vaughn Darrell, secretary; and Jack White, treasurer. Three committees were elected and appointed at the meeting. The constitutional committee which was elected is just a temporary group composed of Jess Hamilton, chairman; Billy Behrman, and Ethel Lane. The program committee, headed by the vice-president, Wayne Coffin, in charge, includes Gordon Bayless and Ethel Lane.

The membership committee is made up of Jess Hamilton, chairman, Mark Stratton, and Ethel Lane. The constitution will be presented for approval tomorrow night at 7:30 o'clock at the regular meeting.

Reveille Climaxes Pep Rally Before Armistice Game

Pep rallies flourished in plenty at Pampa High school Friday as students celebrated with three noisy, colorful gatherings. The first meeting was held in the gymnasium with the entire student body taking part. W. B. Weathered, county superintendent of schools, Dr. H. Hicks and Dick Hughes, all rabid Harvesters fans, spoke to the group. Supt. L. L. Sone had charge of the rally. Ken Bennett and his Corn Shuckers entertained with several numbers. Coach Mitchell introduced the boys on the squad. Immediately following this rally the band and pep squad adjourned to the auditorium for a 15 minute broadcast. Harry Kelley spoke and the band and pep squad gave several numbers and yell.

Two Safety Films Seen In Assembly Wednesday Morning

Chuck Gaines, representative of the American United Life Insurance company, showed three films in assembly Wednesday morning. The prevention of tuberculosis and accidents were the subjects treated. "Why not live?" The first film shown dealt with accidents. During the years 1937 and 1938 there was a reduction of 8,000 in the annual rate of traffic accidents; but the number is still alarming. There were 33,500 deaths and 120,000 injuries in automobile accidents last year. "Once Upon a Time" was a cartoon film on driving. Many accidents are caused by carelessness and discourtesy. "Drive Safe—Drive Right!" is a good slogan. "Tuberculosis can be stamped out!" Mr. Gaines asserted. "If everyone will do his part, and take every precaution, tuberculosis can be stamped out." "Behind the Shadows," the film on tuberculosis, showed the development and danger of the disease.

Carman Announces Cast Of "Our Town," Senior Play

Mr. Carman, director, has held the position of dramatics instructor in Pampa High school for three years. During this time it is estimated that he has directed about 15 plays. "Cabbage" the one-act play presented in his first year, won first prize in the state with Colleen McMahon and Dick Kennedy being chosen for the all-star cast. Colleen also received the Samuel French award for the best actress in the state. In the past two years the one-act plays have placed second in the regional contest. Rehearsals will be held every week night from 7 o'clock till 9 o'clock until the play is presented.

Amarillo Defeats Pampa 14 To 6

Commanding a 6 to 0 lead at the half on two field goals by Pete Dunaway, the Harvesters let down enough in five minutes of the third quarter to let Amarillo score two touchdowns, making the score 14 to 6. A large part of the second half was spent in Harvesters territory with the Pampa line holding Amarillo from another score by closing down whenever the Gardies got inside the ten-yard line. Amarillo's first score came after a blocked kick in the third quarter. Both teams averaged 200 yards per play. The Pampa line held Amarillo back on their heels the entire first half. Green was almost in the open several times but a sandline blocker usually nailed him before he was gone for a long gain. Amarillo rolled up 320 yards from scrimmage while holding the Harvesters to 128, however the Harvesters gained 66 yards on passes to the "Sandies" nose. Amarillo counted 11 first downs to Pampa's 10. Both teams averaged 200 yards on punt returns. The Harvesters were penalized 30 yards and the Sandies 20.

FFA Teachers And Triple A Officials Explain Program

All vocational agriculture teachers in the Pampa area and the A. A. A. officials discussed a system of cooperation in explaining the 1940 Triple A program to the local farmers at a meeting called by O. T. Ryan, district supervisor, last Tuesday evening in the vocational agriculture cottage.

Those present were O. T. Ryan, district supervisor; Lester Young, state official connected with the A. A. A. Allotment Plan; F. C. Calvin, also a district official with the Triple A state program of Texas; and 13 V. A. teachers from the Pampa area, including J. L. Lester, Pampa sponsor of V. A. All boys in their third year of agriculture attended the J. E. Osborne Heredford sale last Wednesday. J. L. Lester, Bill Stockstill, and Herndon Sloan made a trip to White Deer Thursday afternoon where they inspected pure best hogs offered for sale by the White Deer chapter of F. F. A. The trio reported having seen some well bred hogs and reported that the boys in White Deer are doing good work.

Guerrillas Win Over Shamrock, Lakeview By 33-6, 6-0 Scores

Last week the Pampa Guerrillas increased their straight win to five by defeating Shamrock, 33-6, and Lakeview's Class "A" team, 6-0. Both games were featured by flashy backfield play that ran up 39 points while the line held the opposition to a single touchdown. In the first game with Shamrock Monday, the Guerrillas scored in every quarter and outplayed the Fishmen in every field. They made more yards from scrimmages, completed more passes and ran more yardage.

Guess Who?

During the third quarter of this game the reserves saw action without weakening the team's game. Their play was featured by a yard touchdown drive with Smith, fullback, standing out. Thursday's game at Lakeview saw the Guerrillas playing their sturdiest competition in their last five starts. The Eagles outweighed their aimed 15 points per play and the Guerrillas attack was hindered by a blinding sand storm. Running plays were harassed by fumbles and passing was out. Under these conditions the game developed into a punting duel with Mann's kicking keeping the Guerrillas ahead. Pampa's score came late in the final quarter when Grossman, quarterback, blocked a Lakeview kick into Lakeview's hands. The big tackle carried the ball to Lakeview's 4-yard line where Edmondson scored for the next play.

Guess Who?

Both games were featured by outstanding line play with Grossman and Meyer, guards, and Louwer, tackle, standing out particularly. The entire Guerrilla team shows great improvement over the team that lost the first three games of the season.

Six Federated Clubs Will Have Meetings Tuesday

Regular meetings of six Federated clubs will be held Tuesday afternoon at 2:30 o'clock in the homes of members when various programs will be presented.

"Shapers of Public Taste" is the program topic to be discussed at a meeting of Twentieth Century Culture club in the home of Mrs. J. P. Wehrung.

Members of Twentieth Century club will have a silver tea at 9 o'clock in the city club rooms with Misses F. L. Stallings, Raymond Harrah, Roy McMillen, and A. H. Doucette as hostesses.

Mrs. Don M. Conley is to be hostess to members of Twentieth Century Forum.

At the meeting of Civic Culture club in the home of Mrs. E. A. Shackleton, a program of "Women in Industry" is to be presented.

"Japan as Described by a Native Highborn Lady" is the program topic of Child Study club to be discussed in the home of Mrs. Sherman White.

El Progresso club members will meet in the home of Mrs. W. Purviance for a program on Pulitzer Prize plays.

These meetings are regular bi-monthly sessions of the organizations.

A gain of a pound a day is considered the average for a normal hog.

Relief At Last For Your Cough

Even if other medicines have failed you may get relief now with Creomulsion. Chronic bronchitis can be treated and you cannot afford to take a chance with any medicine less potent than Creomulsion.

Creomulsion blends beechwood essence by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your doctor to sell you a bottle of Creomulsion with the understanding that you are to use it the way it quickly always the cough, permitting rest and sleep, and are to have your money back.

Creomulsion is on the bottles and you will get the genuine product and the relief you want.

SPECIAL EVENT! MAYTAG WASHERS! AS LOW AS \$59.95 AT FACTORY

It's Time To Talk Turkey For Classic Thanksgiving Meal

By MRS. ALEXANDER GEORGE

If you are thinking about Thanksgiving you are, naturally, thinking about turkeys.

The size of the bird will depend upon the number to be served, whether seconds are in order and how the family reacts to leftovers.

A pound per person is a generous serving. This year, probably, one can afford to be generous for turkeys are comparatively moderate priced.

In proportion to its size the hen turkey has more meat and less bone than the tom turkey. The 10-pound turkey is about the average bird.

When preparing for a large crowd some cooks prefer two 10-pounders to one very large turkey. Of course this is determined by the cooking facilities.

Here are the four stages through which a turkey passes:

1. The choice: Select a turkey that is plump, has the fat evenly distributed under clear, firm, yellow skin, has few blemishes or pin feathers. The breast bone should be straight and pliable at the end.

Most turkeys are sold by dressed weight, plucked, bled, eviscerated and with the feet and head on. The butcher will usually cut off the feet and head and clean the fowl. The giblets are placed inside the cavity. Drawn weight is about one-fifth less than dressed weight.

2. The preparation: Remove all pinfeathers and slice off any hairs by holding the fowl over a low flame. Make sure that all the entrails have been removed. Thoroughly scrub both the inside and outside of the turkey. Rinse by letting cold water run through. Wipe very dry both inside and out. Sprinkle inside with salt, then stuff.

Wash the giblets and see that there are no green spots on the liver as they would give a very bitter taste to the gravy. Simmer the giblets in salted water until tender, probably 1 1/2 hours. The chopped giblets and the giblet stock are ready for the gravy. Remember that to many people giblet gravy is to turkey what cheese is to apple pie.

3. The stuffing: A generous cupful per pound of turkey is the average amount of stuffing required. So make up the old family favorite or introduce some new stuffing. Use pine nut, wild rice or mushroom. Better make up some extra and bake it 30 minutes in a casserole. There always is a call for "more stuffing."

Lightly fill the cavities with the stuffing. Never pack it in, for when cooked it will be soggy and heavy. Sew the cuts with thread or skewer in place. Press the wings over the back and the legs close to the body. Fasten with skewers or cord. This trussing keeps the turkey compact, which holds in the flavor and moisture and makes carving easier. Remove all cords when the fowl is served.

4. The cooking: Rub the outside of the bird with salt mixed with butter. Place the turkey, breast side down, on a rack in a large open roasting pan. An old turkey will need a cover so that the steam will help make it tender. Roast in a moderate or moderately slow oven, about 300 degrees. This even, slow cooking keeps in the full flavor and juices and gives a delicate crusty (not hard) skin. Baste every 15 minutes with 1/2 cup butter mixed with 1 1/2 cups hot water. When this is used up, baste with the drippings in the roasting pan. Carefully turn the bird on its back during the last hour of roasting. A 6 to 9-pound turkey will take 4 hours to cook, 9 to 14 about 4 hours and a larger one from 5 to 7 hours.

If the fowl gets a little brown before it is done, cover with a cloth rinsed out of hot water. Baste right through the cloth. To test whether the turkey is done stick a skewer between the leg and breast and also in the thickest part of the breast. If the juices come out clear and not red, the turkey is done.

Ten-Minute Cranberry Sauce: 1 1/2 cups granulated sugar, 2 cups water. Boil sugar and water together for five minutes. Add cranberries and boil without stirring until all the skin has popped. (Five minutes is usually sufficient.) Remove from fire and allow the sauce to remain in the vessel until cool. One and a half pounds of sauce.

For a Thinner Sauce: Just bring sugar and water to a boil, then add cranberries and cook until they stop popping. Put up Ten-Minute Cranberry Sauce in sterilized jars. Simply pour the sauce hot into the jars and seal tightly. Keep in a dark, cool place for future use.

NEW IDEA IN MATCHMAKES: Matchmates are fashionable. One designer matches an umbrella to a smart handbag. Two bright notes for a dull day are this vermilion silk umbrella with felt cover of the same shade and large portfolio-vermilion felt bag lined with soft leather. Bag and umbrella are also shown in navy, black or green.

Need Laxative? Take An All-Vegetable One. Don't let impatience lead you into harsh measures for the relief of constipation!

Morning usually brings punctual, thorough relief from constipation's symptoms - headaches, biliousness, sour stomach, loss of appetite and energy. BLACK-DRAUGHT's main ingredient is an "intestinal tonic-laxative," which helps to tone the intestinal muscles. It's economical, too: 25 to 40 doses: 25c.-Adv.

AMERICAN BEAUTY—ROSE

Eleanor Holm, famed aquabelle, and Billy Rose, diminutive impresario of Broadway and points west, appeared to be taking calmly the fact that their wedding was only a few hours off when this photo was snapped. They are pictured at Roosevelt Field, L. I.

Society

TUESDAY: B. M. Baker Parent-Teacher association will meet in regular session at 2:30 o'clock in the school. The executive board is to meet at 2 o'clock.

Junior High school room mothers are to meet at 10:20 o'clock in the school following chapel.

A regular meeting and initiation of Veterans of Foreign Wars auxiliary will be held at 8 o'clock in the American Legion hall.

W. F. M. S. Ladies will have a quilting at 8 o'clock in the Nazarene church. Girl Scouts of troop two will have a party at 7 o'clock in the school house.

Mrs. J. P. Wehrung will be hostess to Twentieth Century Culture club at 2:30 o'clock.

A monthly meeting of El Progresso is to be held at 7:30 o'clock.

Business and Professional Women will have a business meeting at 7:30 o'clock in the city club rooms.

A meeting of the El Progresso is to be held in the home of Mrs. W. Purviance. Mrs. Sherman White will be hostess to Child Study club at 2:30 o'clock.

A meeting of Civic Culture club is to be conducted in the home of Mrs. E. A. Shackleton at 2:30 o'clock.

Enter club will have an all-day meeting in the home of Mrs. R. S. Walker of Camden.

Ladies circle of Central Baptist church is to have a general business meeting at 2:30 o'clock.

Ladies' Bible class of Francis Avenue Church of Christ will meet at 9:30 o'clock in the church.

Circle six of Women's Missionary society of First Methodist church will meet at 2:30 o'clock in the home of Mrs. J. P. Wehrung, 811 Maryellen street.

Women's Missionary society of Central Baptist church will meet at 2:30 o'clock in the church for a general business session.

Women's Council of First Christian church will have a general meeting at the church at 2:30 o'clock.

Review Of Book To Be Given At 20th Century Tea

Twentieth Century club's guest day tea will be given Tuesday morning at 9 o'clock in the city club rooms.

A feature of the entertainment will be a review of "Purslane" by Bernice Kelly Harris which is to be given by Mrs. Hol Wagner.

A silver offering is to be taken to buy books for the public library. This offering is to replace the annual book shower which has been a project of the club previously.

The offering is being given to eliminate the duplication of books which occurred when the showers were given.

Mrs. J. B. Mass is to preside as leader in the program which will be opened with roll call to be answered by the introduction of guests.

Each member is to invite three guests.

Junior High Room Mothers Will Meet Tuesday Morning

A meeting of room mothers of Junior High school will be held Tuesday morning at 10:20 o'clock following the regular chapel program.

Mrs. W. A. Breining, chairman, has requested that reports of visitations made be given at the session, which was postponed from this morning.

All room mothers as well as chairmen are urged to be present.

Marriage Of Naida Lewter And L. C. Graham Solemnized

Announcement has been made of the marriage of Mrs. Naida Talley Lewter to L. C. Graham which was solemnized Saturday morning at 9:30 o'clock in the First Methodist church with the Rev. W. M. Pearce, pastor officiating.

Attending the couple were Mr. and Mrs. Aubrey Smiley.

Mrs. Graham, who is the daughter of Mrs. Roberta Talley, is manager of the local Crown theater. Mr. Graham is a building contractor.

The couple will be at home in Pampa.

Mrs. Roosevelt Takes to Stripes

The President's wife probably will wear this white faille satin gown with gold stripes at the White House diplomatic reception Dec. 14. It was one of three new gowns Mrs. Roosevelt selected in a New York shopping expedition.

THIS WEEK IN PAMPA THEATERS

LaNora: Today through Wednesday: Bette Davis, Miriam Hopkins, George Brent in "The Oil Maid".

Friday, Saturday: Louis Hayward, Joan Bennett in "The Man in the Iron Mask".

Today and Tuesday: Joel McCrea, Jeffrey Lynn and Brande Marshall in "Espionage Agent".

Wednesday, Thursday: Stuart Erwin, Gloria Stuart in "It Could Happen to You".

Friday and Saturday: Roy Rogers, Gabby Hayes in "Sage of Death Valley".

Last times today: Robert Young, Ann Sothern, Ruth Huskey in "Maudie".

Tuesday: Randolph Scott, Ralph Bellamy in "Coast Guard".

Wednesday, Thursday: Fred MacMurray and Irene Dunne in "Invitation to Happiness".

Friday, Saturday: Unit show and Bob Baker in "Dulity Trails".

Today and Tuesday: "The Old Dark House" with Melvyn Douglas, Charles Laughton, Raymond Massey, Boris Karloff, and Gloria Stuart.

Wednesday and Thursday: "Stunt Pilot" with John Trent as "Tailspin Tommy" with Marjorie Reynolds.

Friday and Saturday: "Rhythm of the Saddle" with Gene Autry and Smiley Burnette.

Mrs. Roberts To Give Review At AAUW Tonight

Mrs. Fred Roberts is to review "Captain Horatio Hornblower" by C. S. Forester at a meeting of the Contemporary Literature group of the American Association of University Women this evening at 8 o'clock in the city club rooms.

This current best selling story of romance and adventure is unusual for this type of novel.

The sales of copies of "Captain Horatio Hornblower" in recent months have exceeded only by "Grapes of Wrath."

An admission charge will be made at the review.

GLORIFYING YOURSELF

By ALECIA HART. While corset designers have been busily creating foundation garments to make the waistline appear much smaller than it actually is, beauty experts have been just as busy creating exercises to make the waistline so small that new corsets will have to be laced so tightly as to interfere with normal breathing.

If the "foundations" of body sculpture and various health forms advise us to achieve a natural figure which will conform to the new Mainbocher silhouette. And then, if we like to dramatize further our new but natural figure by wearing one of the widely-touted, laced corsets. They are opposed to lacing a thick waistline into a boned corset. Slim down your waistline first, is the idea, then wear a corset only if you want to.

To slenderize the waistline, here are some exercises recommended by a well known expert:

"Do the 'foundation' exercise first," he advises, "lie flat on your back with hands (put down) at sides. Keeping knees rigid, slowly raise legs until they are perpendicular to your body. Lower just as slowly. Repeat ten times."

If you do not have a wheel which you can nail to the wall of your garage or playroom, plant an imaginary wheel on the wall and, pretending to grasp the spokes with outstretched arms, roll the body to the left until you can feel a decided pull through the midriff. Reverse, rolling to the right as far as possible.

New, stand erect with feet slightly apart. Raise the right leg backward, keeping knee straight, head up, arms outstretched in the direction of the leg. Return to position. Repeat, stretching left leg backward, keeping head up, knee straight.

Deep Breathing Strengthens Waist. Also to strengthen sagging waistline muscles, stand against a wall before an open window. Thighs deeply, raising hands behind head, keeping head up, knee straight. Hold your breath as long as possible, then exhale slowly, lowering arms to sides. Repeat 20 times.

Finally, lie on your back on the floor with arms outstretched at shoulder level, knees bent, keeping knees rigid and hips in place, then let legs fall slowly to the right, then to the left. Alternate this movement 20 times.

VFW Auxiliary To Have Initiation On Tuesday Night

A regular meeting of Veterans of Foreign Wars auxiliary will be held Tuesday evening at 8 o'clock in the American Legion hall.

An initiation is to be conducted and a report on the recent poppy sale will be given.

Entered as second class matter March 16, 1927, at the post-office at Pampa, Texas, under the act of March 8, 1879. National Advertising Representative: Texas Daily Press League, New York, St. Louis, Kansas City, Los Angeles, San Francisco and Chicago.

Subscription Rates: BY CARRIER in Pampa, 30¢ per week, \$6 per month. Paid in advance, \$2.50 for three months, \$5.00 per six months, \$10.00 per year. BY MAIL, payable in advance, in Gray and adjoining counties, also Hansford, Ochiltree, and Lipscomb counties, \$2.00 per year. Outside above named counties, \$2.50 per year. Price per single copy 5 cents. No mail orders accepted in localities served by carrier delivery.

An Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the policies which it believes to be right, regardless of party politics.

Unemployment—More Important Than War

The barometer of national income is heading upwards again after its ascent was halted temporarily by the 1938 recession. With the aid of the war boom, it is expected, the income will hit the 70 billion mark predicted early this year.

This is cheerful news to everyone but the unemployed. To them statistics of national income don't mean very much. Before the war began, it was estimated that 10,500,000 persons were still without unemployment in private industry. This figure may have been reduced some by the spurt resulting from conflict abroad, but it is still too close to the 10 million mark.

The average national income in the United States during the past 20 years has been 63 1/2 billion dollars annually. The average number of persons unemployed each year during the same period is six million. In other words, the apparent national income for 1939 will exceed the average by about six billion dollars. But the number of unemployed, which should respond to income figures conversely, is still about four million above the average.

National income figures have never been a faithful indicator of employment. Even during the years before 1929, income figures reacted independently of employment statistics because of a variety of almost incalculable factors which entered the picture.

For instance, in 1922 unemployment jumped sharply from 1 1/2 million the year before to 4 1/2 million; but, instead of declining, national income showed a slight increase. The national income increased 10 billion dollars in 1923 and employment gained from 1 1/2 to 2 1/2 million. The relationship, if any, seems to be somewhat distant.

Greatest discrepancies between the two sets of figures are reflected during America's black years after 1929. Both employment and national income settled down nearly to rock bottom after the Big Crash. The national income reached its lowest point of 40 billion dollars in 1932 when unemployment reached its peak of 13 million. But from that point, income figures began their steady rise while unemployment remained virtually the same.

What has been happening since 1932 is that the people who have jobs have enjoyed the full benefits of increased national income while the jobless have noticed no difference in their financial status. No matter how high income may go, no matter what steps the government may take to provide relief, there will never be security until a greater percentage of people is employed.

One faction in the country today is in favor of "soaking the rich" to dole out contributions to the jobless. That is no solution. There is only one answer: Work must be found for the 10 million.

The unemployment planks should be the most important in 1940's political platforms. Most other matters will hinge on this single issue.

The Nation's Press

HAM AND EGGS AND THE SHERIFF (From the St. Louis Post Dispatch)

Two variations of the Townsend plan will be submitted to the electorate of California and Ohio on Nov. 7. Ohio apparently is not perturbed. California is scared stiff. It may well be. The California idea engages to give persons over 50 \$30 every Thursday. The proposal was defeated last November, but the margin was slight.

Not all the Utopians are starry-eyed dreamers. Among them are buzzards that know a racket when they see it. The initiative was invoked and the petitions were signed and the pennies rolled in, and \$30-Thursday is on the ballot again, so hedged about with provisos and legal parapets as it is believed, to be court-proof and Constitution-proof.

Accountants say the scheme, if adopted, will cost California a billion dollars a year. That's bankruptcy.

FANTASTIC UTOPIAN SCHEME (From the Desert News)

California is facing a critical situation; for if the "Ham and Eggs" and "30-Thursday" schemes are agreed that the State would plunge into financial chaos. The California election is also significant from a national viewpoint, for a victory in that State might well mean that the crackpot plan would spread to other States.

Sharing The Comforts Of Life

By R. C. Hollis

WHAT KIND OF PLANNING?

Men have always made plans. If they had not done so, there never would have been a sheaf of wheat in the harvest, never a bridge across the stream, never a bow, a bowstring or an arrow. Certain kinds of planning are absolutely necessary for the progress of mankind. The most important thing about the flag that flies from the staff in front of the schoolhouse is that it is the symbol of a plan—a plan for the security of liberty, prosperity and progress.

Certain kinds of planning are absolutely necessary for the progress of mankind. Other kinds of planning can never be used without retarding the progress of man.

The only kind of planning that has always benefited mankind is a plan by the people to free the spirit of every man to use his creative genius for the betterment of himself and of mankind. The combined efforts of all the people should unite on this one kind of planning—to protect a man's life, the fruits of his labor, his liberty and his freedom. This is constructive planning.

During the past three decades we have started a new kind of planning in America. It is an attempt to plan the lives of different members of society. It is an attempt to take from one, by force, the fruits of his labor and give to another. It even attempts nowadays to prevent men from working unless they can trade their services for a certain figure. It even prevents men from working longer than those who are not willing to work themselves, prescribe. This is the kind of planning that is destroying free enterprise, destroying the spirit of man, trying to make us all alike—more nearly like tadpoles than human beings.

This kind of planning is the result of conceit and ego. It will be remembered that Jesus said, "Blessed are the meek for they shall inherit the earth." And the meek did not mean people who think they know how other people's lives should be lived, but meant people who believe that others have equal rights to enjoy their life as they see fit with regard to others.

There is nothing more important than that the people come to understand the difference between planning for liberty and planning to regiment and direct the lives of people.

WHAT ARE CHARACTER BUILDING AGENCIES?

We hear nowadays a great deal about character building organizations. Those who are sponsoring them, of course, are certain, beyond a shadow of a doubt, that they are great instruments for building character. Quite often those sponsors are the very people who contend that individuals must not ask certain questions and must not discuss problems which perplex them. They must blindly accept statements as being divinely handed down through these agencies. Any man who questions them, must be designated as "untouchables." And invariably these agencies—so-called character building agencies—are agencies advocating that people believe things which only children, or people without experience in biology, will believe. It is rather difficult to conceive how these kinds of agencies are really character building.

LIMITING APPRENTICES OR LEARNERS

The next time you hear a theorist contending that collective bargaining, which limits the number of people who dare learn or sets minimum wages arbitrarily, benefits society, it might be well to ask whether they also believe in limiting the number of children that the workers, who are permitted to participate, dare have.

And when these theorists and advocates of a "papa state" are interrogated, it is invariably found that they also believe that the government should have the right to limit the number of children that a family dare have. When people begin to limit the number who dare learn, as the unions do, it invariably follows that they, or the state, eventually are assigned the right to limit the number of children that people dare have. It is a natural sequence of collective bargaining and government planning.

Behind The News Of The Day

WASHINGTON, Nov. 13.—If statistics mean anything, passage of the Wagner labor relations act has brought about an increase in industrial disturbances. The New York Chamber of Commerce recently issued a survey showing that that was what had happened. Figures printed in the May, 1939, Monthly Labor Review, published by the Bureau of Labor Statistics, show the same trend.

The number of strikes in the United States stood at 921 in 1929, fell to 637 the following year, rose to 1695 in 1933, went up to 4740 in 1938 and dropped off to 2772 last year.

CLAIM MERE FIGURES NO YARDSTICK

The reply of friends of the Wagner act is that the effects of the law cannot be measured statistically. Senator Elbert Thomas of Utah, chairman of the Senate committee on education and labor which conducted extensive hearings on the Wagner act, takes that position.

"We haven't a problem in statistics at all in the Wagner act," he says. "It's a problem in social evolution."

A breakdown of the Bureau of Labor Statistics' figures on strikes brings out some interesting points. In 1928, for instance, there were 604 strikes as compared with 2772 in 1938. But the number of workers involved in the 1928 strikes was 314,000—nearly half as many as the 688,000 involved in the 1938 strikes. The number of "mandays" of idleness caused by strikes stood last year at 9,148,273—lower than for any year since 1931, when it was 6,893,244.

Of the 2772 strikes last year, 776—involving 252,166 workers—were over questions of wages and hours; 1385 strikes, involving 224,491 workers were largely organizational strikes, although questions of pay, hours and so on entered into some of them. The balance—611 strikes, involving 210,972 workers—were made up of sympathy strikes, jurisdictional strikes, strikes between rival unions, and so on.

LEISESON BECOMES CHIEF DISSENTER

All these statistics are due to get a pretty complete airing this winter. The Smith committee, soon to open its probe of the Labor Board, is piling up statistics

IT LOOKS LIKE THE OLD BADGER GAME

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, Nov. 13.—When "First Love" reaches the neighborhood theaters of the country, Robert Stack is destined to be the most envied boy in America. He's "the lucky lad who gives Deanna Durbin her first kiss, and does it so well that even the press section was thrilled at the recent preview of the picture.

At lunch Stark, dressed in blue jeans and a training shirt and blushing to the roots of his blond hair, told all about it. "Danna said she wouldn't kiss me when the picture was first started. She didn't know me and I didn't know her and she held out until about the fifth week of production when we started rehearsing the dancing sequence. After dancing together for three days we got to be pretty good friends. She's a marvelous dancer. That broke the ice, so when we came to the balcony scene where we were supposed to kiss, she went into the scene without talking.

"Before that scene was completed, we had been kissing all day and had shot about 12 takes. Most of them were spoiled by Deanna breaking up and laughing. The crowd and publicity boys who were crowded around behind the camera didn't do either of us any good."

TURNED DOWN OFFER OF GENERAL TEST

Although "First Love" is Stack's first picture, he has been acting for several years in neighborhood shows, amateur theaters, Los Angeles High School and University of Southern California drama teams. He quit college after two years because he had decided that he wanted to be an actor. He enrolled in a dramatic school. It was in the Henry Duffy Drama School production of "Personal Appearance" that Stack was spotted by a talent scout from Universal.

The first time Universal offered him a general screen test he refused it. "I didn't want a general test," he said. "They're too risky. But when they offered me a test and the part in 'First Love' I jumped at the chance. That was what I wanted.

"They work differently when they're testing for a specific picture. They give you a good director and cameraman and a good actress to work with. They are interested in casting the role and they want you to be good and they do everything they can to help you. It's a funny thing, I've never seen my test, and I never saw myself on the screen until the preview. It was really a shock.

Although he has played love scenes in plays, Stack has never been in love. "That is, never with one girl at a time," he said with another blush. "I think it's a little too soon for me to think of settling down with little ones and all that. I'm only 20 now, and I can wait till after I'm 25 before I even think of falling in love and getting married."

HAS COPPED STRING OF GUN CONTESTS

It is doubtful that the publicity Stack is getting will turn his head. He has already had quite a bit of notice because of his skill with a shotgun and pistol.

He was a member of the All-American Skeet Team in 1936 and '37; won the national 20-gauge championship in 1937; was a member of the national five-man championship squad in 1937; was Del Monte pistol champion in 1937; won the San Joaquin Open 20-gauge

by mountains. The research staff of the Republican National Committee also has a growing file of them.

Center of attention on the Labor Board is its newest member, Dr. William M. Leiserson, who has dissented sharply from some of the board's orders.

His dissents have arisen almost entirely because of his belief that in deciding on representation and bargaining-unit cases the board must find and apply some

People You Know

By Archer Fullingim

People in Pampa who like music got a lucky break when Fred Burdick moved to Pampa from Michigan about six weeks ago. Fred, a nice, blonde young man, plays the cello real well. He is the newest member of the Pampa Arts Trio of which Mrs. May Foreman Carr is pianist and director. Last night the Trio made its first appearance at the season at the First Christian church, playing one number, Andante Religioso by Thome. It may be that another instrument is needed, possibly a flute, especially in a large auditorium, but the Trio made fine music last night, both in rehearsal and at the church, and you can look forward to some beautiful music this winter.

Last year the Trio was composed of piano, violin and flute, and Lambert Marks, the flutist, did not return to teach Spanish here, preferring to stay in California, so until Mr. Burdick turned up there was no Trio, and after hearing Fred play the cello last night we were satisfied.

... and thanks to Mrs. Burdick, Fred's mother up in Michigan where he grew up, for sending the music for the Trio, The Gavotte, the Gounond Serenade, the Arensky Elegie and especially beautiful, Fred works for the Shell. He was graduated last year from the University of Michigan at Ann Arbor.

Why did he choose the cello? Because his mother wanted him to, and isn't that a good reason as any. She is a musician herself and Fred started out sitting on the collective book of knowledge so he could reach things. ... Anyway, people who like music are glad he's here this winter.

championship in 1938; was the Southern California champion in 1937 and '38, and Western Open skeet champion in 1936 and '37. He held the world's record long run skeet championship for 364 straight hits in 1937; and was a member of the 1939 world's record five-man team. In other words, he's not a very good man to have shooting at you.

He said: "I used to read my press notices whenever I felt low and it would make me feel like quite a guy. That taught me a lesson, though. Once when I was all puffed up over myself, I lost four contests in a row. That straightened me out on believing my own publicity."

Mrs. Monroe To Present Pupils In Play Wednesday

Special To The NEWS HOPKINS, Nov. 13.—Mrs. Frank Monroe of Pampa will present the fifth grade of Hopkins school in a play "The Magic Key" at the Parent-Teacher association meeting to be held here at 2:30 o'clock Wednesday afternoon.

The play will be given in connection with National Book Week, November 12-18. Huelyn Laycock will be guest speaker at the meeting Wednesday. His topic will be "Learning the Ways of Democracy."

Knowing Norway

Here is a test to review your knowledge of Norway, lately prominent in the news. Designate each of the following statements as true or false:

- 1. Stockholm is the capital of Norway.
2. King Haakon VII was elected by the people of Norway in 1905.
3. The industrial workers are engaged chiefly in the production of food products, machinery and metal work.
4. Norway was on the side of allies in the first World War.
5. The krone is the unit of currency.

one guiding principle. As an example of his own guiding principle, Dr. Leiserson believes that if there has already been collective bargaining in a company, the employers and employees between them will have decided what the appropriate unit is. If there has been a contract, the board should not go beyond that contract to make its decision.

The Family Doctor

Dr. Morris Fishbein

It has been suggested repeatedly that one of the chief benefits of smoking and chewing gum is their value as outlets for increased tension. It has been said that most habitual movements of the body represent release of such inner tension.

Pidgeting, wriggling and gum-chewing are examples of movements which may be beneficial to the human body because they release excess pressure.

Recently psychologists at Columbia University made a study of 20 people over a period of 20 days to find out just how much chewing served as a means of relaxation. Each of the persons concerned was studied first while not chewing; second, while chewing ordinary chewing gum, and third, while allowing a flavored candy wafer to melt in the mouth.

It was necessary first of all to find some measurement of tension or strain. This was done by watching each one of the persons concerned throughout a working day and recording restless movements. In many of these subjects it was found that tension as measured by decrease of restless movements was decreased about 10 per cent during chewing.

Studies were also made to determine whether indulgence in such a habit had any relation to fatigue. Fatigue produces increased psychologic tension. When people are tired from overwork and overstrain, the use of tea and coffee seems to increase tension. On the other hand, it was found in these studies, chewing tended to decrease tension. The amount of muscular effort involved is hardly sufficient to increase fatigue.

A study was also made to find out whether chewing during work would interfere in any way with the work output because of this decrease of tension. It was found that with the possible exception of work in which a wholly new performance is being learned, chewing while working does not interfere with the output. Indeed, in some kinds of work, like number checking and typing, the work is said to be facilitated.

This new scientific evidence will be good news to the manufacturers of chewing gum. Prof. H. L. Hollingsworth, under whose direction these studies were made says that perhaps these studies throw some light on the striking fact that during the last ten or more tense years, chewing gum manufacturers have enjoyed greater prosperity.

Hopkins Brownie Scouts Meet At Admie Residence

Special To The NEWS HOPKINS, Nov. 13.—Doll clothes were made by the older girls and stories told and games played by the younger at a recent meeting of the Hopkins Brownie Scouts, held at the home of Mrs. George Admie.

Attending were Martha Anne Hopkins, Nancy Brummett, Donna Barnette, Edith Owens, Marilyn Admie, Jolyn and Joyce Jones, Kathryn Talley, Joan Romine, Betty Curry.

New members Nadine Pierce, Carolyn Dodd, Bernice Blaylock and Gladys Haden. Visitors were Patsy Wright, Nell Brummett, and Velma Curry. Mrs. Jim Hodges, Mrs. B. V. Brummett, and Mrs. George Admie, leaders, were others present.

You and Your Nation's Affairs

REVALUATION AND REPUDIATION OF GOLD

By WALTER E. SPAHR Professor of Economics, New York University

Two peculiar questions regarding the use of gold as a monetary standard have recently come to the front as topics of newspaper discussion.

One is the query as to why our government should not reduce the price of gold—that is, revalue gold—so that it will be equivalent to a currency and thus serve as a standard.

In this country, these adjustments have been running their course, since we devalued, January 31, 1934. To force new adjustments is unequalled for any other nation.

Both propositions are curious ones, and the answer to both is No.

Regarding the query as to whether it might not be wise to revalue gold upward in an effort to retard its influx—a question recently raised by Senator Vandenberg—the following observations may be made:

Revaluation of the United States was unnecessary and it may have been a mistake—it apparently was not a new standard unit, even though of lighter weight, is adopted, it should thereafter remain unchanged. This is merely a statement of a very old, time-tested and valid principle of a good monetary standard—namely, that a good standard is one in which the standard unit is fixed in weight, not one that is changed from time to time. After a standard unit is adopted, foreign exchange parities established, and domestic and foreign credit transactions, and the government's assets and liabilities become adjusted to the new standard.

So They Say

I shall resist civil disobedience unless I find that the country is prepared for that. —MOHANDAS GANDHI, after discussing Indian status with British representatives.

I don't mind saying that the team I coached on Saturday was the worst I've ever coached at any time at Yale, the worst team I think I've ever seen. —COACH RAYMOND POND of Yale, after Dartmouth whipped Yale, 33-0, Nov. 4.

A Democrat running for office in this delightful community has about as much chance of reaching his goal as a snowball cast being chased by an asbestos dog through Hades. —JOHN EDWARD PRICE of Sidney, N. Y., forecasting local elections.

The capitalist world is coming to realize ever more clearly that the Soviet Union is not what they would like to see it. —PREMIER VYACHESLAV MOLOTOFF of Russia, on 22nd anniversary of October revolution.

The temper of Congress will be to allow every reasonable demand for the national defense. —SPEAKER WILLIAM B. BANKHEAD (Dem., Ala.), commenting on January session of Congress.

40,000 Troops Begin Training

By EDWARD E. BOMAR WASHINGTON, Nov. 13. (AP)—Buglers at nine scattered army posts signalled today the full start of mass training by 40,000 troops to provide the nation's first sizable, unified fighting force since the World War.

Five "streamlined" infantry divisions, one cavalry division, and auxiliary units will put through four months of field maneuvers under the leadership of President Roosevelt proclaimed a limited national emergency.

Meanwhile, intensified training of other regulars and of national guardsmen is in full swing. A premier anti-tank battalion will be among the new auxiliary units. Its 310 officers and men will handle 12 of the army's new 37 millimeter anti-tank guns.

The general staff expects that by March 15 the new smaller divisions of about 9,000 officers and men each will have been welded, by drill and war games, into fighting forces such as the United States never has had except in war.

Four of the infantry divisions then will concentrate at a central point, such as the DeSoto national forest in Mississippi or Fort Benning, Ga., for the first peacetime maneuvers since a camp.

When this training is finished, these divisions will return to their permanent stations, and four others, organized in the meantime, will be put through maneuvers.

If Congress increases army and national guard strength to the total of 600,000, War department plans call for organization of nine army corps, each consisting of one regular division and two larger national guard divisions.

England today is spending less money on groceries and more on meat, including poultry and rabbit.

Joe Parkinson Turns In Best Sunday Score

The golf season is anything but over in Pampa. Yesterday there were as many if not more players on the Country Club course than at any one time during the summer months.

Final matches in the first round of play in the fall District Golf Tournament were played off. Second round matches will be played this week.

Best score of the tournament was turned in by Joe Parkinson who carded a 69 in defeating Lefty Cox 1 up.

Results of first round matches and pairings for the second round of play follow:

Championship Flight
Jim Richeson defeated Jim Hatfield 4 and 3 and will meet Joe Parkinson who beat Lefty Cox 1 up.

First Flight
Ernie Voss defeated Don Donovan 1 up in 19 holes and will play T. E. Hahlgren who won from Adrian Owens 2 and 1.

Second Flight
E. Gee won by default from Fred Thompson and will play Frank Shotwell who won by default from Jimmy Weil.

Third Flight
White will play White in the first match when Ted meets Jim, both winning by default.

Mitchell Seeks Advance In Date Of Berger Game

The football situation in Pampa for the rest of the season is uncertain. Today Coach Odu Mitchell of the Harvesters started machinery in motion to have the Pampa Harvest-Berger Bulldog football game the last of the season, played here on November 23 instead of November 30, as scheduled.

Final action will be up to Berger and this morning Coach "Catfish" Smith had not returned from College Station where he attended the Aggie-Mustang football game on Saturday.

The Guerrillas are looking for one more game before hanging up their togs.

The Peewees from Junior high have a game this afternoon in McBee and a return game here Thursday afternoon.

Coach Mitchell is thinking of throwing the Guerrillas, the Reapers and the Harvesters who have another year of eligibility together for one or two more games.

All plans will be worked out within the next day or two.

Photo Finish In Pro League Seen

CHICAGO, Nov. 13 (AP)—It begins to look more and more like a photo finish in the National Professional football league.

Five teams still are in the running with only three weeks remaining in the season, including the Chicago Bears, three-beaten but still having an outside chance to tie the Detroit Lions and Green Bay Packers for western division honors.

The Bears got up off the floor to administer a beating to Green Bay a week ago and followed up with a 29 to 13 victory over Detroit's Lions yesterday.

The defeat left the Lions and Green Bay, 23 to 16 victor over Philadelphia, tied for first place in the western division. The Bears are a half game behind.

Washington and New York maintained their dead heat for eastern division honors. The Redskins stormed over Brooklyn, 32 to 0 and the Giants turned back the Chicago Cards, 17 to 7.

Don Lieberum Still Leads Grid Scoring
NEW YORK, Nov. 13 (AP)—Don Lieberum is still the most potent scorer in college football.

THESE PAMPA JUNIOR HIGH REAPERS LOST ONLY ONE GAME

Beaten only once this season were the Pampa Junior High Reapers, pictured above. The future Harvesters played a tough schedule and won five out of six games, losing only to Central of Amarillo by one touchdown. The Reapers were coached by C. P. McWright who last year led the Peewees through an undefeated season.

Childress, Wichita Will Meet In Crucial Battle

By HAROLD V. RATLIFF

Associated Press Staff

Corpus Christi's buffeted Buccaneers make their stand this week in the battle for the Texas schoolboy football championship.

The 1938 state champions, kicked around except where it counted the most this season, will face an omnibus Robstown team Friday and the upper bracket title in district 16 hinges on the result.

Both are unbeaten in conference play. Robstown, which has won 34-7 last week, Corpus Christi previously had taken out Kingsville.

A crucial game at Childress and an interdistrict tilt between Waco, the Central Texas champion, and Tyler, the East Texas power, vie in interest with the Corpus Christi-Robstown engagement.

Childress, heading district 2 by the margin of a half-game, meets Wichita Falls, the original title favorite given a new lease by the recent loss of Electra. The latter now is a virtual tie with the Coyotes for second place.

Waco, which rolled over all its conference opponents in convincing fashion in district 10, will be the test that will show whether it's true what you hear about Tyler. Waco and Tyler are the state's high scoring teams, Waco with 260 points and Tyler with 243. Waco lost a game but Tyler has not been defeated, although twice tied.

Another important game is scheduled in district 14 where unbeaten, untied South Park takes on its fellow towns-teen, Beaumont, now in a tie with Port Arthur for second place.

Sulphur Springs, which clinched the district 6 championship last week, will have its unbeaten record sorely pressed by Adamson (Dallas) in an interdistrict game.

Other undefeated teams should come through without much difficulty.

Of the unbeaten, untied clubs, Sweetwater meets Lamesa, El Paso high plays Bowie (El Paso), Gainesville engages Bonham, Breckenridge clashes with Vernon and Austin plays St. Edward's high (Austin).

There are 46 games on this week's schedule, 32 of them conference affairs. The conference games by districts:

1. Berger at Amarillo; 2. Electra at Quanah, Wichita Falls at Childress; 3. Big Spring at Abilene, Midland at San Angelo, Lamesa at Sweetwater; 4. Bowie (El Paso) vs. El Paso high; 5. Paris at Sherman, Gainesville at Donham; 6. Highland Park (Dallas) at Greenville, McKinney at Denton; 7. Arlington Heights vs. Masonic Home, North Side vs. Riverside, Paschal vs. Port Arthur; 8. Jacksonville at Dallas vs. Forest, Woodrow Wilson vs. Dallas Tech.

9. Mineral Wells at Stephenville; 10. Cleburne at Bryan; 11. Athens at Texarkana, Longview at Marshall; 12. Jacksonville at Lufkin, Nacogdoches at Mexia; 13. San Jacinto vs. Jeff Davis, Lamar at Conroe, Reagan vs. Milby; 14. Livingston, Port Arthur at Galveston, Beaumont vs. South Park; 15. Harlingen vs. Jefferson, Laredo at Brackenridge; 15. Robstown at Corpus Christi, Edinburg at McAllen.

Dominic DiMaggio Going To Red Sox

SAN FRANCISCO, Nov. 13 (AP)—Bespoke little Dominic DiMaggio, voted the Pacific Coast baseball league's most valuable player last season, goes to the American league Boston Red Sox next year.

DiMaggio, 23, is climbing into the majors from San Francisco sand lots just as his two elder brothers did.

Sale of Dominic's contract, along with that of Larry Powell, young left-handed pitcher, was announced by the San Francisco Seals of the Pacific Coast league. Powell will report in 1941.

Mount Rainier, according to geologists, once towered to an altitude of 16,000 feet, judging by the steep inclination of lava layers on its sides. Then a great explosion, or a succession of explosions, carried off the top of the cone, and reduced it to its present level.

Texas Aggies' Bone Crushing Something New In Southwest

By GAYLE TALBOT

APRIL, Nov. 13 (AP)—The Texas Aggies are bringing a new type of football to the Southwest conference.

It is a hard-hitting, bone-crushing variety that is the very antithesis of the pass crazy game associated with this section the past 10 years or so.

The ponderous and orthodox team that shovels Southern Methodist aside on a muddy field Saturday and registered its eighth straight victory could move right into the Big Ten tomorrow though it would be a little hard on the other members of that conference.

Coach Homer Norton, frankly, is making the experiment with some trepidation. A generation of fans has grown up in Texas to like its football rich, rare and racy, and Homer still isn't sure the customers are going to fancy this new close-to-the-vest policy.

But he need not worry too much. Victories have a way of making themselves popular, however they are accomplished, and Norton has come up with a bunch of crushers who are likely as not to dominate the Southwest again next season, despite the fact conference history does not list a repeater.

Though there is nothing at all spectacular about its offense, running is the vicious blocking ahead of John Kimbrough and John Conaster, the A. & M. team is an impressive outfit. It is big, exceptionally fast for its size, and it hits like a piledriver. Without much doubt it is one of the year's really fine teams, and it will lose only one regular by graduation.

Previous to this team, it has been explained by several Southwest conference coaches in offense running has been plain suicide for one of them to play for a single touchdown and then try to protect it. They learned through sad experience.

Pass Defense Perfect
But the Aggies, this year produced a defense, both against running attack and passes, that has enabled Coach Norton to cut the foolishness down to a minimum. They attempted only one pass against Southern Methodist, and Norton didn't know why in the world his quarterback did even that. This, the reader must realize, is truly revolutionary in this section, where more than 50 aerials in a game is not uncommon.

For the benefit of Tulsa, which now leads like the probable opponent of the Aggies in the Sugar bowl game at New Orleans, the style of the Aggies is fairly simple. They tackle so hard it hurts clean up in the stands. Sooner or later, the man they tackle is going to lose the ball and, temporarily, his interest in the ball game.

The Aggies fall on the ball, and then they give it to Kimbrough to carry for a touchdown. Though there will be argument whether he is the best fullback in the nation, Big John almost certainly is the most valuable to his own particular team. He doesn't go so far, but he goes steady, and he is a giant on defense.

He and big Jim Thomason, the team's blocking back, are formidable men.

The Revolutionary war started with the dispatch of 1,000 British soldiers to destroy some munitions held by the colonial militia.

mer (but won't touch 'em in the wind) and plays with the pitcher but a putter. And he signed with the Dodgers over the Cards.

It could be worse. Chicago U. needn't feel so badly about all those one-sided trimmings. We know a fellow who remembers when Friends university, Wichita, Kas. lost in the same season to Northwestern (Winfield, Kas.) 151-0 and to the Emporia Teachers, 131-0.

Eddie Zeitler, N. Y. Daily Mirror: "Larry had better get Joe Medwick."

Naturally. Chicago U. needn't feel so badly about all those one-sided trimmings. We know a fellow who remembers when Friends university, Wichita, Kas. lost in the same season to Northwestern (Winfield, Kas.) 151-0 and to the Emporia Teachers, 131-0.

Fans Curious About Ruling In Game Here

By HARRY E. HOARE

I have been called up, called down and just plain called by Pampa football fans who decided to know what happened at the south end of the field on Saturday afternoon when on a third down and the ball in possession of the Amarillo Sandies on the Pampa four-yard line, Referee Ray McCullough marched the ball back up the field to the Pampa 10-yard line, or thereabouts, and gave it to the Harvesters.

Well, the answer is still "I don't know."

Coach Odu Mitchell received several calls on the same subject and his answer is still the same as mine. You didn't see him going on the field and objecting, did you?

It's a wonder Coach Howard Lynch hadn't roared on the field, but he apparently missed the play.

Someone asked the referee about the play and Coach Mitchell overheard him remark something about thinking it was a fourth down and that the Amarillo center was moving the ball which drew a five-yard penalty. But that couldn't have cost Amarillo the loss of the ball and penalty too had it been a fourth down. Coach Mitchell planned to ask McCullough about the play but missed him after the game.

And some fans have asked me why I didn't do something about the officiating, particularly when the referee failed to put the ball down at the farthest forward point. Well, I didn't have anything to do with that end of the business, being busy at some other chore. But I did notice that on several occasions Harvesters ball carriers caught passes and were hit at the spot and pushed back three or four yards and always the referee put the ball down where the boy hit the dirt, no where he caught the passes. On at least two plays it cost the Harvesters first downs.

Don't think I'm trying to alibi, because I'm not. The same officiating breaks might have been against the Sandies had the Harvesters backs been able to shove the huge Sandies back. But they weren't, and the Sandie ball totters fell forward.

It was a great game and the most powerful team won. Maybe next year we can play one half each week and beat the tar out of the Sandies.

The district setup looks like this: This Week's Schedule
Berger at Amarillo
Hobbs, N. M., at Lubbock
Hollis, Okla., at Plainview
Pampa, Open date
Last Week's Results
Amarillo 14, Pampa 6
Plainview 0, Lubbock 19
Season's Standings
Team— G W L T Pct.
Amarillo 8 4 3 1 .571
Lubbock 8 4 3 1 .571
Berger 7 3 3 1 .500
Pampa 9 4 5 0 .444
Plainview 8 2 4 2 .333
Conference Standings

Oklahoma And Missouri In Spotlight Next Week

By HUGH S. FULLERTON

NEW YORK, Nov. 13 (AP)—It appears likely that more things will be settled definitely about college football teams next Saturday than on any one day all this season.

The center of power shifted suddenly toward the midlands last week-end with Oklahoma and Missouri in the leading roles. Decisive games this week should give some definite sign as to where that center will wind up or at least show which teams will have a hand in the final decision.

The elimination of Notre Dame and Catholic university from the unbeat list were only incidents in the shift of power which saw Oklahoma, Missouri, Iowa, Ohio State, Georgia Tech, Clemson, and Santa Clara move up to threaten the powers that be.

It was Iowa which stopped a great Irish winning streak back in 1921, that did the trick again Saturday, 7 to 6. Catholic U. lost 39-13 to little St. Anselm.

These defeats reduced the list of unbeaten and untied leaders to Cornell, Duquesne, Texas A. and M., and Tennessee, with San Jose State of California, winner of ten straight, and Colorado Mines thrown in for good measure. Tied but undefeated are Georgetown, Rutgers, Columbia, North Carolina, Tulane, Richmond, Southern California and U. C. L. A.

They're mostly looking better with every game, but so are a lot of one-beaten teams. Duke, Mississippi, Baylor and others are looking better. Baylor might be added to this list although they didn't prove it last week.

This week's program of decisive battles in various sections shapes up, briefly, something like this: East: Cornell-Dartmouth is this week's biggest eastern game by all odds. Cornell hasn't added to its stature much in two successive close calls, just skimming by Colgate, 14-12. Dartmouth took its first defeat, 9-7, at Princeton's hands. Both are aiming to come back to the "Ivy league" title. Duquesne takes the week off after its 7-0 win over North Carolina State.

Rocky mountain: They're still waiting for the Colorado-Denver game to decide the Big Seven crown. Colorado's next opponent is Brigham Young, which played a 0-0 tie with Utah State, and Denver plays the most humiliating defeat of the Jimmy Kittle regime, 27-0.

Two other conference games are scheduled for the week-end. Southern Methodist, a grand team that traded luck for luck with the Aggies and came very close to winning a football game with only three seconds to play, meets the Arkansas Razorbacks at Little Rock. Arkansas played a 12-12 tie with Rice in the rain at Houston.

Baylor, its two swell running backs, Jack Wilson and Jimmy Witt, turning in the usual good running game picked Axxas, 20-0, at Waco. The big Baylor line and the rain stopped Cowley Jack Crain dead. Saturday Baylor plays Centenary at Waco, and it should be a walk.

Texas Christian, 16-0 winner over Tulsa, is playing its regulars again and meets Texas and Jack Rabbit Crain at Austin. The Christians are trying to salvage something from Leo Meyer's worst season, one plagued with injuries.

With a chance to gain a tie-for first place hanging on the outcome, the Sam Houston Bearkats enter the final round this weekend with only one member having a chance to share an undisputed claim for the crown.

Saturday afternoon the East Texas Lions invade Denton to meet the Texas Aggies for the final conference game for both teams. The Lions, gunning for a victory in order to tie the Eagles for the championship, go into the game with two conference wins in three starts, while the Eagles have three straight victories.

If the Eagles emerge victors they will occupy the top rung of the championship ladder for the third time.

Mid-West: The week's gridiron "natural" is Oklahoma vs. Missouri, the game that likely will settle the Big Six championship. The Sooners, tied only by Southern Methodist,

conquered Kansas State 13-10 to tie Missouri for the conference lead. If Oklahoma isn't one of the best teams in the country it's up to passing Paul Christian and his Tigers to prove it. Kansas State-Iowa State is the other conference pairing while Kansas plays George Washington.

There's no way of deciding the Big Ten title without considering Ohio State, which beat Chicago 61-0. The Buckeyes' next opponent is Illinois, whose Jimmy Smith led the way to a 7-0 victory over Wisconsin. Iowa after that Notre Dame victory, meets Minnesota, which walloped Michigan 30-7. Notre Dame starts its comeback against Northwestern, 3-0 victim of Purdue.

Biggest Game Played
Southwest: The Southwest conference had its "biggest" game with Texas A. and M. edging out Southern Methodist 6-2. From here in the Aggies shouldn't have many troubles although Rice is in a good spot to spring an upset Saturday. S. M. U. plays Arkansas Friday while Baylor, second in the standing after its 20-0 win over Texas, plays Centenary. Texas plays Texas Christian, 16-0 winner over Tulsa. The southwest's leading inter-sectional game pits Texas Tech, which played a scoreless tie with Centenary, against Marquette, 21-2 winner over Iowa State.

Pacific coast: Southern California forged to the front in the Pacific Coast conference by whipping Stanford 33-0 while U. C. L. A. was idle. This week it's the Uolans' turn as they play Santa Clara, which beat Michigan State 6-0. Third-place Oregon State, which beat Oregon 19-14, faces California, beaten by Washington 13-8, and Washington State meets Stanford.

Rocky mountain: They're still waiting for the Colorado-Denver game to decide the Big Seven crown. Colorado's next opponent is Brigham Young, which played a 0-0 tie with Utah State, and Denver plays the most humiliating defeat of the Jimmy Kittle regime, 27-0.

Two other conference games are scheduled for the week-end. Southern Methodist, a grand team that traded luck for luck with the Aggies and came very close to winning a football game with only three seconds to play, meets the Arkansas Razorbacks at Little Rock. Arkansas played a 12-12 tie with Rice in the rain at Houston.

Baylor, its two swell running backs, Jack Wilson and Jimmy Witt, turning in the usual good running game picked Axxas, 20-0, at Waco. The big Baylor line and the rain stopped Cowley Jack Crain dead. Saturday Baylor plays Centenary at Waco, and it should be a walk.

Texas Christian, 16-0 winner over Tulsa, is playing its regulars again and meets Texas and Jack Rabbit Crain at Austin. The Christians are trying to salvage something from Leo Meyer's worst season, one plagued with injuries.

With a chance to gain a tie-for first place hanging on the outcome, the Sam Houston Bearkats enter the final round this weekend with only one member having a chance to share an undisputed claim for the crown.

Saturday afternoon the East Texas Lions invade Denton to meet the Texas Aggies for the final conference game for both teams. The Lions, gunning for a victory in order to tie the Eagles for the championship, go into the game with two conference wins in three starts, while the Eagles have three straight victories.

If the Eagles emerge victors they will occupy the top rung of the championship ladder for the third time.

Mid-West: The week's gridiron "natural" is Oklahoma vs. Missouri, the game that likely will settle the Big Six championship. The Sooners, tied only by Southern Methodist,

Rice Expected To Be Easy For Aggies Next Saturday

By FELIX R. MCKNIGHT

DALLAS, Nov. 13 (AP)—Over the big hump, unbeaten Texas A. and M., a luscious giant muddering its way to a great season, had just one thought in mind today:

Next Saturday it plays Rice Institute, the cumbersome team that was supposed to do the very things the Aggies are doing.

Weeks before the season opened the experts looked over the Southwestern conference field and decided there was nothing you could do about the Rice Owls. They would be too strong; too well equipped with man power.

But something happened and Rice stumbled. The Aggies picked up the rags notices about and made them their own. Eight straight victories are theirs and the handicappers will make them two touchdowns favorites over Rice. But the Aggies know better. You put your eyes in the Southwest conference basket one at a time.

True, they showed power that would dispose of most any football team in licking a great Southern Methodist crew 6-2 in the rain and mud at College Station last Saturday.

But they don't trust Rice, with its potential greatness that might crop out against an Aggie team that would be the main choice victim in football right now.

Good fortune still rides with the Aggies. One of the best conditioned teams the conference has ever known, it is going along from Saturday to Saturday with its first string practically intact. Only serious injury is the bad knee that bothers Walemon Price, senior quarterback. But he is expected to be ready for Rice after being held out of the S. M. U. game.

Reserves split duty on his job, Marion Pugh and Marland Jeffrey, two very prominent thorns in the Methodist's side last Saturday.

Last year the Aggies gave Rice the most humiliating defeat of the Jimmy Kittle regime, 27-0.

Two other conference games are scheduled for the week-end. Southern Methodist, a grand team that traded luck for luck with the Aggies and came very close to winning a football game with only three seconds to play, meets the Arkansas Razorbacks at Little Rock. Arkansas played a 12-12 tie with Rice in the rain at Houston.

Baylor, its two swell running backs, Jack Wilson and Jimmy Witt, turning in the usual good running game picked Axxas, 20-0, at Waco. The big Baylor line and the rain stopped Cowley Jack Crain dead. Saturday Baylor plays Centenary at Waco, and it should be a walk.

Texas Christian, 16-0 winner over Tulsa, is playing its regulars again and meets Texas and Jack Rabbit Crain at Austin. The Christians are trying to salvage something from Leo Meyer's worst season, one plagued with injuries.

With a chance to gain a tie-for first place hanging on the outcome, the Sam Houston Bearkats enter the final round this weekend with only one member having a chance to share an undisputed claim for the crown.

SERIAL STORY

JOAN OF ARKANSAS

BY JERRY BRONDFIELD. COPYRIGHT, 1939, NEA SERVICE, INC.

YESTERDAY, Dan and Joan were at the stadium...

CHAPTER XXIX

THE pain in Dan's hand was intense as they lined up for the almost impossible task of halting the Pitt juggernaut...

No trick stuff now. Just plain, straight brute football. Hal Forrest took it and smashed between guard and tackle...

Again Forrest, this time on a cross-back. Good for a yard, third and one. The Tech guards were on their hands and knees...

Forrest in the tailback now. The hand on the clock said two minutes of the first half remained...

TONY MANGANO embraced Dan... kissed him in Latin emotion, but they weren't out of danger yet...

He barely got it away, but the kick was short, McCarroll taking it on the Tech 20...

And then Dan Webber hurtling in to stop what looked like a weak-side reverse, lunged through the air and deflected a shovel pass...

And Dan Webber, reeling on his feet, plugging the gaps until he no longer felt pain, but just a dull...

throbbing ache all over his body. First and goal to go on the eight. Eight short yards packed with dull misery and punishment...

Hal Forrest wasn't human. He hurtled over tackle, stepping on his own interference, driving his 200 pounds with the speed and force of a projectile...

Marty Gallagher stopped him once after being dragged for two yards. A minute to go...

Stopped again... but how much longer could they stand it? Third and four. McCarroll this time...

Still fourth and four. But the great Hal Forrest had been stopped cold. Pitt called for a place kick...

DAN kept his hand hidden during the intermission so its swollen condition would go unnoticed. They sat around and sucked on lemons as Bill Slocum talked, softly, encouragingly...

And then Dan Webber hurtling in to stop what looked like a weak-side reverse, lunged through the air and deflected a shovel pass...

And Dan Webber, reeling on his feet, plugging the gaps until he no longer felt pain, but just a dull...

Two minutes to go. It was Keith Ritter on a reverse. Joe Donchek and Dan Webber led the way. Joe hit the end with his last explosive gesture...

Barney Hughes had gone through, checked the Tech line-backer on that side of the line. They were through the secondary...

And then he flung his body forward, in a long roll back. He caught them both at the same time...

Blackness... deep and welcome, engulfed him, but not before he heard the tremendous roar which told him Keith had crossed the goal...

HIS arm bandaged from the elbow down and smelling from rubbing liniment, Dan found Joan waiting for him outside the dressing room...

Then he noticed she was with someone... a tall, well-dressed man whose arm she clutched possessively...

"Dan... this is my father." "Great game, young man," J. G. boomed as he took Dan's hand...

It took him a half hour to fight his way through the wild jam-boree at the Gamma house. They almost tore him apart...

When he had finished he crumpled the letter up into a ball and tossed it into the wastebasket. There was a bitter expression on his face as he stared moodily out the window...

Churchill Calls Hitler 'Cornered Maniac' In Blast

**By DEWITT MACKENZIE
Associated Press Staff**

The attempt on Herr Hitler's life at Munich has raised the very natural and vital query as to the strength of his leadership and what would have been the effect on the Nazi regime and its conduct of the war if anything untoward had happened to him.

The inquiry is doubly interesting in view of the blast last night by Britain's first lord of the admiralty Winston Churchill who estimated Hitler as "a cornered maniac."

That was a forceful summation by the puffed faced Churchill, who delights in nothing so much as to stir the waters of wrath by his mastery of invective. He likes to make folk mad, and always succeeds. However, in this case he appears to have been right. They appear to be the Nazi chieftain just like that.

Herr Hitler's dictatorship is unique in that he is not only a politician but, to a great many of his followers, a spiritual leader.

Nazism has been described as a religion, in contrast to a purely political creed like, for example, Fascism.

That pretty well sums it up. Nazism is simply the Hitler credo in which he has been accorded the position of a messiah by a lot of his admirers. That is to say, Nazism and Hitler are one and the same thing.

When you stop to consider this you begin to get an idea of what the Anglo-French allies have in mind when they talk rather vaguely about "crushing Hitlerism." They apparently are making Hitlerism and Nazism synonymous, which is a fair definition.

Herr Hitler himself has made it clear that he regards himself as divinely ordained to carry out his personal program for the fatherland. Beyond this he has made no public claims to spiritual leadership, though there hasn't been any indication that he has discouraged his followers from making such claims on his behalf.

It is a matter of record fact that this idea of spiritual leadership has gripped a large number of people, though there is no way of gauging just how widespread this is. One sees its manifestation in numerous ways.

For instance, some churches read Hitler's autobiography, Mein Kampf, from the pulpit in place of the Bible. It isn't uncommon in the provinces to see a death notice, which used to read something like "here died in the faith of his Lord Jesus Christ," take the form of "here died in the faith of Adolf Hitler."

Wade, Brown Named Officers In K. C.

Tom Wade and J. P. Brown, both of Pampa, were elected officers of the Father Dunn assembly (fourth degree) Knights of Columbus, at a meeting held in Amarillo Sunday.

Wade was named as faithful captain and Brown as faithful admiral of the newly-formed assembly, which was named for the first parish priest in Amarillo.

The fourth degree is the highest assembly of the organization and is devoted to patriotism.

Other officers elected, in addition to the two Pampans, were M. J. Kelley, Amarillo, faithful navigator; F. W. Gerard, Amarillo, faithful comptroller; E. F. Finch, Amarillo, faithful scribe; Rabey Funk, Amarillo, faithful pilot; John Manning, Borger, inside and outside sentinel; Gene Lewis, Panhandle, faithful purser.

Wade spoke on the Mother's Day activity of the lodge and Brown complimented the establishment of the assembly in speeches delivered at the organization meeting.

Labor Department Mediates In Strike

NEW YORK, Nov. 13 (AP)—The U. S. labor department intervened today—by union request—in an 11-day-old strike by 5,000 longshoremen that has tied up coastal shipping in and out of New York harbor.

Joseph P. Ryan, president of the International Longshoremen's Association (ILA), said he would convene during the day with James Finn, a labor department conciliator assigned to the dispute.

Ryan said Finn probably would meet also with shipping operators, and if his efforts were successful, both sides would shortly renegotiate for a new contract to replace one that expired Oct. 31.

The union is seeking a \$1-an-hour wage rate and a 40-hour week. Longshoremen received 95 cents an hour for a 44-hour week under the old contract.

Carrie Nation Ways Open Dallas Pound

DALLAS, Nov. 13 (AP)—Mrs. Emilie Schuyler, president of the Dallas Anti-Protection League, has Carrie Nation ways.

The league voted to buy straw for bedding at the dog pound when Mrs. Schuyler arrived at the pound with the hay, she found no one in attendance.

Several calls to the police chief and the city health officer failed to bring an attendant so she got a screwdriver, removed the lock from the pen, and scattered the straw about for the grateful dogs.

Gunmen Stage Third Sunday Night Holdup

FORT WORTH, Nov. 13 (AP)—Gunmen, who have a penchant for robbing Texas theaters on Sunday nights, were sought today in the \$3,000 holdup of a downtown theater last night.

It was the third successive Sunday night Texas theaters have been robbed by holdup men. The first was at Austin and the second at Denton.

Three armed men staged the robbery last night.

Warning Against Flush Production Before Congress

WASHINGTON, Nov. 13 (AP)—A new warning against "flush" production of oil and wasting of natural gas, called "flushed and irreplaceable" reserves of the nation, in Texas, Illinois, Oklahoma and other states, is before Congress.

Glenn E. McLaughlin, economist for the national resources planning board, led a house subcommittee investigating the petroleum situation that too many wells were being drilled for the good of the industry and the nation's welfare, that billions of cubic feet of natural gas had been blown into the air daily, and that some oil operators were drilling themselves into bankruptcy.

He said that in the Texas Panhandle the waste of natural gas in drilling had led to "the permanent loss of from 400 to 500 million barrels of oil."

He said that West Virginia waste of natural gas had been cut to four per cent in 1937, at gasoline absorption points, although it still amounted to one-third the volume treated in New Mexico, and Oklahoma, and about one-fourth the volume treated in other states.

Trees To Be Planted At Kilmer's Birthplace

NEW BRUNSWICK, N. J., Nov. 13 (AP)—The lawn of the home where Joyce Kilmer was born will finally be adorned by trees in memory of the author of the poem "Trees."

Two pin oaks were planted yesterday by Dean Fraser Metzger of Rutgers university and Mayor Richard V. Mulligan eulogized the former Rutgers graduate, killed at 32 during the Meuse-Argonne offensive in the World War.

Judge To Speak At Brotherhood Meeting Tuesday

Men's Brotherhood of First Baptist church will have a monthly meeting Tuesday night at 7 o'clock in the church.

Guest speaker for the evening will be Judge A. J. Polley of Amarillo.

All men of the church are invited to attend.

The gurnard fish can swim, glide, float, fly, and walk.

Dr. W. L. Campbell DENTIST

Announces the Removal of Offices to 504 Combs-Warley Building—Phone 608

Red Cross Friend to Doughboy In Peace as Well as War-Time

More than 41,000 men in active service had personal problems solved by Red Cross field directors last year. Scene shows field director in office and enlisted man seeking advice.

BECAUSE the efficiency of America's military forces often depends upon quick solution of the enlisted man's personal and home problems, trained Red Cross workers are stationed at military posts to give sympathetic counsel and aid. Through cooperation with Red Cross Chapters in the men's home towns, speedy and lasting solution of knotty social and economic difficulties were effected last year in 41,125 cases.

Typical conditions which undermine the enlisted man's efficiency include sickness at home, family problems, and inability to finance hospitalization of loved ones.

To fulfill his charter obligations the American Red Cross also gives vital aid to disabled veterans and their families. Workers in 3,479 Red Cross chapters last year dealt with

MONTEITH
(Continued From Page 1)

Presentation of colors, invocation, welcome address by Mayor Bill Walker, Legion response, Auxiliary response, introduction of distinguished guests by 18th district Commander Charlie Maisel, Truax Brothers' trio, address by department Commander Lou Roberts, announcements.

2:45 p. m. Business. Report of all district committee chairmen. Committee reports. Selection of next convention city. Retire colors.

4 p. m. Adjourn.

At 2:30 p. m. Sunday the 18th district Auxiliary will have a special meeting at the Methodist church. Mrs. Robert Roach will give the address of welcome and Mrs. Nell Brinton of Borger, the response. Mrs. C. L. Reeves will read the minutes of previous meetings and reports from units of the district will be heard. Mrs. Van Stewart of Perryton will lead the group in the Auxiliary prayer and Miss Carrie Wilcox of Amarillo will give highlights of the national convention. Several musical numbers will be given.

The Truax Brothers' trio, composed of Glenn Truax, city band director, and his two brothers of Perryton, will be one of the features of the Sunday afternoon meeting of the Legion and Auxiliary. This is the first time the three have appeared on a district program for a number of years but they are extremely popular musicians in the Legion organization.

M. S. Kavanagh, commander of the Shamrock post, said the convention promised to be one of the best in many years and the local units have shown great interest in planning for the meeting.

Williamson Will Speak At Meeting

W. T. Williamson, Pampa city manager, will be one of the speakers at the annual convention of the Texas League of Municipalities to be held in New Braunfels on Wednesday, Thursday and Friday of this week.

The Pampa city manager will speak on "Sponsoring and Operating Works Progress Administration Projects" at the Wednesday afternoon session.

City Attorney Walter Rogers and possibly Mayor E. S. Carr and Commissioners Lynn Boyd and Dave Osborne will also attend the meeting. The Texas League of Municipalities is a trainings school for city officials. More than 90 Texas cities hold membership in the league.

ALLIES
(Continued From Page 1)

military action on the Western front, air radio warnings sent the civilian population of Paris to cover for the seventh time since war started. Military sources said German scouting planes had flown over the Paris area.

A month of tense diplomatic negotiations between Soviet Russia and Finland resulted in a dead-lock over Russian demands for territorial concessions.

The Soviet press kept up an attack against what it termed Finnish "obstinacy" while Finns indicated that only last-minute modification of the Soviet demands could keep the parleys in Moscow from breaking down.

Russia particularly wants a naval base on the Finnish side of the Gulf of Finland and territorial concessions to protect Murmansk, Russia's only ice-free port on the Arctic.

A result of the European war became apparent in the far east as Britain and France informed Japan they were withdrawing part of their troops from north China and would keep only sufficient forces to "preserve order."

Such a reduction in the number of foreign military forces has been one of Japan's aims in her campaign to solidify control of occupied Chinese territory.

NINE DUMPED

and kept them afloat until a boat from the Mexican side rescued the trio.

Mexican customs men said they thought they saw Delgado, clinging to a plank, swept downstream after the bridge crashed. Others said it was possible he was trapped in his automobile.

Rodriguez and Brad Smith, a McAllen newspaper man, said they examined one of the broken cables and it appeared covered with rust.

Letter Carriers To Meet In Pampa

The spring meeting of the District Three Texas Association of Letter Carriers will be held in Pampa. Selection of the meeting place was announced at the close of the fall session in Childress Saturday.

Grady Cooper of Amarillo was elected president of the association and Joe Myers of Pampa was named secretary-treasurer.

The district association is composed of city carriers in 22 offices extending from Wichita Falls and Lubbock on the south to Dalhart and Perryton on the north.

Attending the meeting from the Pampa postoffice were Mr. Myers, James G. Burton, Albert M. Hunt and their wives.

Every known star in the firmament has either a name or a number by which it is identified.

Methodist Pastors To Leave Tuesday For NWT Conference

The Rev. W. M. Pearce and the Rev. H. H. Bratner, pastors of First Methodist and McLaughlin-Harrah Methodist churches, respectively, will leave Tuesday for Lubbock to attend the Northwest Texas Conference of the Methodist church.

The Pampa Methodist churches will extend an invitation to the conference for the 1940 conference to be held here next winter. The Chamber of Commerce is joining with the churches in giving the invitation.

More than 500 pastors and laymen attend the annual meeting.

World's Fastest Airplane Ready For Production

**By STEPHEN J. McDONOUGH
LANGLEY FIELD, Va., Nov. 13 (AP)**

The world's fastest airplane powered by the world's most efficient air-cooled engines will emerge soon from the laboratories of the national advisory committee for aeronautics.

Research workers here regard present military and transport airplanes as about as crude as ox-carts compared with new designs of wings and engines now being developed. In an emergency these designs could be put into production quickly, officials say, to assure American supremacy in the air.

Its knife-like wing, a strict military secret, will enable an airplane to fly at speeds of 500 miles or more because it will nearly eliminate the "shock wave" which develops on a wing surface when the plane's speed approaches the speed of sound (about 475 miles an hour).

A plane equipped with such wings would be seen before it was heard by sound detectors, since it would be traveling faster than the speed of sound.

The new engine will have three times the power of present engines.

Mainly About People

Mr. and Mrs. Gordon Moore of Gallup, N. M., former Pampa residents, spent the week-end with friends here.

Mr. and Mrs. Harvey Todd of Amarillo, former Pampans, spent the week-end with their parents, Mr. and Mrs. J. E. Corson.

Mr. and Mrs. Coy Palmer of Stinnett were Pampa visitors yesterday.

Rev. and Mrs. C. Gordon Bayless and Mrs. F. E. Leech left today for San Antonio, where they will attend the Baptist state convention, in session here today, tomorrow, and Wednesday. They will return to Pampa Friday.

Mrs. W. A. Worthington and son, W. A. Worthington III, of Skellytown, were in Pampa today.

A divorce decree was recorded today in 31st district court, in the case styled Belle Wells vs. Gerald C. Wells.

Miss Helen Frances Keonce of Abilene spent the week-end with friends here.

Mr. and Mrs. D. H. Coffey of Amarillo, formerly of Pampa, visited here Sunday.

Miss Dorothy Nell Dean, a student at West Texas State college in Canyon, was in Pampa over the week-end.

Quinton Archer and Wayne Winkler, students in Amarillo Business college, spent the week-end in Pampa.

Mr. and Mrs. Merl Cody returned Sunday night from Springer, New Mexico, where they visited with Mr. Cody's brother. Also they visited at Heck Canyon, Cimarron, and Eagle Nest.

Jimmy Mosley, who is attending Draughon's Business college in Oklahoma City, spent 3 1/2 week-end with his parents, Mr. and Mrs. J. H. Mosley.

Norman Carr and baby daughter of Oklahoma City visited Mrs. May Carr and Margaret over the week-end, returning to Oklahoma City yesterday.

Mrs. Virginia Wilkins is seriously ill at the home of her parents, Mr. and Mrs. B. S. Via, 613 W. Brown street. Mrs. Wilkins was stricken nearly a week ago with an eye ailment. Specialists hope to save her eyesight and will know within three weeks when bandages will be removed from her eyes.

Shooting Deer And Ducks Is Legal But Just Attempt It!

There will be open, legal deer hunting in the Panhandle this season excepting in Hemphill and Hutchinson counties. The deer season will open November 16 and continue through December 31, according to latest information received from the state game department.

The wild turkey season will be open at the same time in the same counties as the deer. But, where there are any deer to hunt in the Panhandle? Ranchers who have deer on their land will allow no hunting, it has been learned by R. B. Thompson, local game authority, who has been sending out queries.

"I have not contacted one man in the Panhandle who will allow hunting of deer on his property," Mr. Thompson said today. "Most of the deer in the Panhandle are so tame that it would be slaughter to shoot them."

The duck season opens Wednesday morning but like the deer, where are the ducks? There's no water in the Panhandle, excepting at lakes recently completed by the government and a few ranch tanks.

Lucks have been seen flying south, but so high that there was little prospect of them ever landing in the Panhandle.

Maybe They're All Russians At U. S. C.

LOS ANGELES, Nov. 13 (AP)—Maybe the University of Southern California could use a spelling course.

Miss Pantella Engle of the school of music reports these gems from a recent batch of student notebooks:

"The bartered bride" was recorded as "the buttered bride" and "the bartered bride."

Mendelssohn's "Scherzo" was twisted to Scarecrow, Scarresto and Scared-so.

Brahms became Bronze; Schubert, Sherbert and Liszt, Lisp.

Saint-Saens' "Ronde Capriccioso" turned up as "Samsan's Randipicharo."

But, she marveled, Tchaikowsky didn't cause a bit of trouble.

Thief's Loss Exceeds Loot

INDIANAPOLIS, Nov. 13 (AP)—Crime didn't pay for the thief who broke into Mrs. Helen Hughes' automobile.

He stole a 15-cent measuring tape. He left behind a good topcoat.

Boy's Town Football Team Undefeated

OMAHA, Neb., Nov. 13 (AP)—The football team of Boys Town—Father E. J. Flanagan's famed institution for homeless boys—possessed today a record of five consecutive seasons without defeat.

Boys Town, playing as a member of the Nebraska State High School association, won its 35th consecutive victory yesterday, beating Conception, Mo. 32 to 8. The game ended the season for the winners.

There's No Great Mystery about Cigarette Tobaccos

THERE ARE FOUR TYPES of tobaccos found in the more popular cigarettes, namely... Bright, Maryland, Burley and Turkish.

ALL THESE TOBACCOS except Turkish (which is bought direct from the planters in Turkey and Greece) and Maryland (which is bought through sealed bids under government supervision) are bought at public auction, just like any other auction where you might have bought in a table or a chair.

AT THE AUCTION SALE the tobacco is piled in baskets weighing from about 100 to 500 pounds and each purchaser buys all of his tobaccos by competitive bidding for the particular piles he wants.

THE CHESTERFIELD BUYERS buy the best of these mild ripe tobaccos for the Chesterfield blend. And it is Chesterfield's Combination... the right amounts of Burley and Bright... just enough Maryland... and just enough Turkish—that makes the big difference between Chesterfield and other cigarettes.

IT IS BECAUSE of this combination that Chesterfields are COOLER, have a BETTER TASTE and are DEFINITELY MILDER. They are made of the world's best cigarette tobaccos. You can't buy a better cigarette.
