

# Former Adjutant General Robertson Is Accident Victim

# McLEAN COUPLE HURT

## CAR LEAVES HIGHWAY AND IS WRECKED

Military Leader Is Believed To Have Fallen Asleep At Wheel; Neck Broken During Crash.

## ON ACTIVE DUTY

Graduate of A. & M. He Was Hero in War and Very Active in Legion.

WACO, June 4. (P)—Robert L. Robertson, 44, adjutant general during the administration of Gov. Dan Moody, was killed in an automobile accident at Lovena, 20 miles south of here, about midnight.

Robertson's automobile had gone off the highway and had struck an electric power line tower. Robertson's neck was broken. An ambulance brought the body to Waco.

Fell Asleep Belief was expressed here that Robertson either fell asleep or that his machine skidded off an embankment in passing another automobile. So far as had been learned, there was no one with him at the time of the wreck and there were no witnesses.

Robertson, a lieutenant colonel in the Texas National guard and a member of the inspector general's force of Texas, was on active duty. He telephoned here from Austin about 11 o'clock last night saying he was leaving Austin for Waco where he would meet Maj. E. T. Underwood, also of the inspector general's department who was here arranging for the transfer of a service battalion from Waco to Dallas.

Nothing was heard of Robertson after 11 o'clock until a passing motorist found the wreck and the body at 4 o'clock this morning.

Brothers En Route Major Underwood took charge of the arrangements here, and said that two of Robertson's brothers were on their way to Waco from Robertson's home at Gonzales to take the body.

Robertson was a native of Gonzales and is survived by his parents and several brothers there. His father is a banker and business man at Gonzales.

During the World War Robertson was a captain in the 141st Infantry and was decorated for heroism. He was a graduate of the Texas A. & M. college and had been active in American Legion circles in the state. His brother-in-law, Will Dunning, is a former commander of the Texas department of the American Legion.

Long Military Career AUSTIN, June 4. (P)—Robert L. Robertson, killed in an automobile accident at Lovena, south of Waco, about midnight, was adjutant general during the administration of Gov. Dan Moody. He also had a long and distinguished military record, serving as a captain during the World War where he saw service overseas in the Meuse-Argonne offensive.

Immediately after declaration of war, he entered the first officers training camp at Leon Springs, Tex., May, 1917. He served overseas as captain of infantry, 6th division.

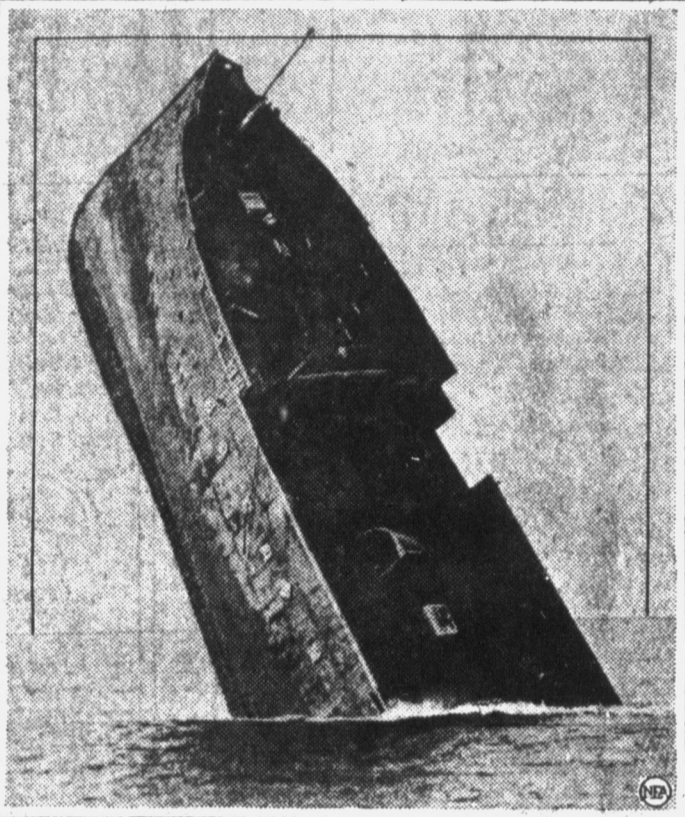

With the organization of the 36th division, Texas National guard, after the World War, General Robertson was made major of infantry in the Texas National guard and assigned to duty as battalion commander, 141st infantry regiment.

When Dan Moody was inaugurated as governor of Texas in January, 1927, the office of adjutant general of Texas and brigadier general of the Texas National guard was tendered Major Robertson.

General Robertson was given credit for increasing the value and effectiveness of the Texas Rangers. At his request, the 41st legislature increased the rangers' salaries.

High Rating During the last federal armory inspection of the national guard, under General Robertson's regime, not one of the 163 units was rated "unsatisfactory" and 144 of them, or 88.3 per cent, received ratings of "very satisfactory," the highest possible rating.

## Diving to Davey Jones' Locker

For 40 years the Australian steamer, Wodonga, traveled over 4,000,000 miles on the surface of the seas. And here she is, going beneath the waves for the first time, sunk off Sydney to get rid of the hull which previously had been stripped of its marketable equipment.

## May Open Atlantic Season

These two aviators hope to win the race to open the 1931 season of trans-Atlantic flight. They are Harold Gatty, left, and Wiley Post, who are ready with their Wasp-powered Lockheed monoplane to dash to Harbor Grace, N. F., there to refuel for the hop to Paris. Gatty, an Australian, is navigator for the team, while Post, cross-country racing pilot from Oklahoma, handles the controls.

## "Web Feet" Is Latest for Soldiers

Taking a tip from the web-footed ducks, Austrian soldiers are now trying out pontoons. Here is an infantryman, perfectly balanced, ready to shoot in a recent target practice. The water skis will be used in fording rivers and will also enable troops to give a hand in flood times.

## CLEM CALHOUN AND DUSTY MILLER STAGE FIGHT IN NEGRO'S TRIAL

AMARILLO, June 4. (P)—A fist fight was staged in open court this morning between Clem Calhoun, former district attorney at Borger and Abilene, and E. T. "Dusty" Miller, defense counsel, in the trial of Will Moore, negro hotel porter, charged with the fatal shooting of Mont "Pete" Moore, New Mexico cowboy.

The clash came during the cross-examination of Bill Anderson, a newly-discovered eye-witness who testified for the defense. Reference to bribery was made in the questioning directed by District Attorney Edward W. Thomerson. Miller objected and Calhoun, special prosecutor, joined in the argument. Miller said the accusation was a "lie." At least one blow was landed before officers intervened.

District Judge Henry S. Bishop has deferred ruling on the fight until he had had opportunity to mull over Anderson's left the stand. The state began rebuttal testimony read the reporter's notes.

## Bank Robber Is Slain

The Home Newspaper in Pampa Since April 6, 1907

PAMPA, GRAY COUNTY, TEXAS, THURSDAY EVENING, JUNE 4, 1931.

## LINDBERGH TO TAKE JOURNEY

With Wife Will Travel in Far East—Precautions Will Be Taken.

WASHINGTON, June 4. (P)—Col. Charles A. Lindbergh will leave within a month for a flying tour of the Far East, making the trip by air across the north Pacific. Mrs. Lindbergh will accompany him.

The exact date of his departure has not been determined, but at his request the state department is asking the Japanese and Chinese governments for permission for him to land in those countries.

Although the trip across the north Pacific will not involve any long water hops, Colonel Lindbergh is taking every safety precaution. His Lockheed monoplane will be equipped with pontoons and he will make fueling arrangements at necessary points. State department officials said it was necessary for Lindbergh to land on the Soviet territory of Siberia he would secure permission privately as other fliers do when planning flights over Soviet territory.

The purpose of the trip, Lindbergh told the department, was to tour the Orient. His present plans call for an air tour of two or three weeks around China and Japan. The Lindberghs will not take with them their young son. Plans for the return trip from the Orient have not been arranged, Lindbergh stating he had not determined whether he would return by boat or by the northern air route. The announcement of the proposed flight was made by under Secretary of State Castle in compliance with a request by telephone from Colonel Lindbergh today.

## Wild Gasser Is Curbed At Last

DUMAS, June 4. (P)—Drillers were ready to resume their work today on the No. 1 Jones of the Dana Oil and Gas company and Jim Cloud, Inc., in Moore county, a flow of more than 100 million cubic feet of gas having been shut off after three months of defiance.

Three months ago drillers dropped through a rock formation into a crevice from which the gas flow could not be controlled. It was estimated that material enough to fill a crevice a mile long, 60 feet deep and 20 feet wide was dumped into the hole.

## Road Bonds Are Signed by Stennis

County bonds to the amount of \$927,000 were signed this morning by S. D. Stennis, county judge. Of this amount \$627,000 were compensation bonds that have been issued to liquidate outstanding indebtedness. The remainder, or \$300,000, is of the new bond issue to be used for the building of Gray county roads.

The signing of the bonds this morning came as the result of Saturday's meeting of the county commission, when it was voted that \$300,000 of county road bonds be advertised for sale. The commission also voted that all bids for the bonds must be in the office of the county auditor, R. C. Wilson, on or before 10 a. m., June 15, 1931; and that all bids must be accompanied by a certified check of \$9,000 written on a Gray county bank and made payable to S. D. Stennis, county judge.

The road building program using the \$300,000 bond money is hoped to be started soon. When completed all major points in Gray county will be connected by concrete highways.

Kentucky's wheat crop will show an increase over last year, May 1 estimates indicate.

## GAS BLAST IS NEARLY FATAL

EARLY TODAY

Mr. and Mrs. A. C. Ayer Brought to Local Hospital—Husband More Seriously Hurt; Conscious Now.

## LIGHTED MATCH

Accident Occurs on Return From Trip; Five Children Had Been Left at Neighbors, and Escape Harm.

An explosion of gas that had accumulated in the residence of Mr. and Mrs. A. C. Ayer at McLean critically burned both about 2:30 o'clock this morning when the husband struck a match in the kitchen.

Two ambulances of the G. C. Malone funeral home brought them to Pampa hospital soon after the accident. Hospital attendants said they had a slight chance to recover.

The couple left yesterday for New Mexico, traveling by automobile. They drove as far as Groom and were forced to return to McLean when a defect developed in the gasoline of their machine. They arrived at their residence about 2:30 o'clock this morning.

Mrs. Ayer went into a front room of the house to switch on the lights, and her husband went into the kitchen and struck a match. The explosion was instantaneous. Mr. Ayer was blown out of the house. Mrs. Ayer fled out of the front door. Every room in the house was filled with flames in a second.

Believing that his wife was still in the house and overcome by the flames, Mr. Ayer, although critically burned, went back into the blazing dwelling three times searching for her. The house was gutted by fire before the flames were extinguished by the McLean fire department. It is believed that the gas was escaping from the kitchen stove. The five children of the couple were left at a neighbor's when Mr. and Mrs. Ayer started on their New Mexico trip.

Mrs. Ayer was badly burned from her waist down, and her husband was burned from his head to his feet. Mr. Ayer has six brothers living in McLean, Wichita Falls, and Pampa. E. J. Ayer, owner of the Ayer Mattress Factory, is a brother. The husband has been employed by Commissioner M. M. Newman as a grader operator on roads in precinct No. 4. A brother operates a grocery store at McLean.

## Law Observance Here Very Good

Pampans are becoming more law observing.

This is the conclusion arrived at by the monthly report of the Pampa police department, made by J. I. Downs, chief of police, to the city manager.

The department, according to the report, made 21 less arrests during May than were made during the month of March. March's arrests totaled 98; March's total 118.

Last month 21 persons were arrested for intoxication, four for vagrancy, 15 for disturbing the peace, and 46 for traffic violations. Eighteen days of jail sentences were served and prisoners worked 18 days, the report stated.

## Abilene Pastor Coming To Replace Rev. Tom Brabham

The new pastor of the First Methodist church here will be Roy Johnson of Abilene, according to the Rev. Tom W. Brabham who yesterday accepted the presidency of Texas Woman's college, "the Vassar of Texas." Mr. Brabham arrived back in Pampa this afternoon at 2 o'clock. He is officiating at the funerals of Harry Kennedy and Vernon Culverhouse this afternoon.

Mr. Johnson received his A. B. degree from McMurry college last week. Rev. Brabham said. The new minister and his wife arrive here next week and will occupy the pulpit at the church, June 21.

Rev. Johnson was appointed by the bishop to fill the pulpit here until the annual conference next fall. He plans to enter Southern Methodist university at Dallas at that time. "He is considered one of the strongest young ministers in the south," Rev. Brabham said of the new pastor. Rev. Johnson is 28 years old and is married.

Rev. and Mrs. Brabham are making preparations to move to Fort Worth as soon as possible. The local minister who is also president of the Adobe Walls Boy Scout Council, was tendered the presidency of the famous school, Tuesday. He decided to accept the offer yesterday. Mr. Brabham was noted in the conference for his forceful sermons and his business ability in handling affairs of his church and affiliated organizations.

J. C. Phillips of Amarillo is here on business.

## Free Wheeling!

Walter Hofer isn't driving an auto just now, but he's brushing up on the free wheeling idea in an attempt to beat the record set by Jerry, a bull, that was ridden from Brownsville, Tex., to New York in eight months. Hofer hopes to push his sister, Margaret, 18, in this wheelbarrow over the same distance in seven months. Before leaving Brownsville, he wagered \$1,000 that he could do it.

## STATE RESTS IN RIOT CASE

Ranger Tells of Watching Defendant Carry Can of Gasoline.

AUSTIN, June 4. (P)—Testimony was concluded in short order in district court here today in the arson trial of J. B. McCasland, 19, charged with participation in the burning of the court house at Sherman May 9, 1930.

The state and defense used only one witness each in rebuttal today. The state had presented one rebuttal witness yesterday. Immediately after completion of testimony, J. D. Moore, district judge, read his charge to the jury and attorneys' arguments started. The judge charged the jury on the law regarding an alibi. The defense had endeavored to prove an alibi.

AUSTIN, June 4. (P)—The state today concluded its rebuttal testimony in the trial of J. B. McCasland by offering only one witness, Jim McCoy, state ranger. McCasland was being tried for arson in connection with mob activities at Sherman May 9, 1930.

McCoy was one of the rangers sent to Sherman to protect a negro on trial for attacking a white woman. He, like other state witnesses, testified he saw McCasland and another boy carrying a can across the courthouse lawn. The can contained gasoline, another witness had said.

The ranger stated he was standing on the second floor near a window opening on the west side of the courthouse. He said the windows had been knocked out with rocks and bottles.

## THE WEATHER

WEST TEXAS: Cloudy, probably showers tonight and Friday; colder tonight in north portion, colder Friday in east portion.

OKLAHOMA: Cloudy, probably showers tonight and Friday; colder north and west portions tonight; colder east portion Friday.

## —AND A SMILE

LONDON. (P)—A refuse dump near George Bernard Shaw's home is to be cleaned up by the St. Albans rural district council after a hot letter. Shaw wrote that when cruising in the Mediterranean he had been reminded of the dump by the fumes of the island volcano Stromboli, which is believed by the islanders to be a chimney of hell.

## PICKWICK BUS LINE CHARGED

Hearing Will Determine If Vehicles 8 1/2 Feet Wide Can Use Highways.

AMARILLO, June 3. (P)—Buses of the Pickwick Greyhound lines, operating through the Texas Panhandle on a transcontinental route, were tied up at the local division point today awaiting outcome of a hearing to determine if the buses comply with laws regulating width of vehicles on state highways.

An east-bound bus was held up at Hereford two hours and 45 minutes yesterday when John Keller, state license inspector, filed charges against the driver for operating a motor vehicle wider than eight feet. Keller said the width of the bus was in excess of eight and a half feet.

Eighteen passengers carried by the Pickwick bus were later transferred to the Safety First lines for transportation through Texas. At least one of the passengers was still in Amarillo today, threatening suit against the state for the delay at Hereford, according to R. L. Platner, local agent for the Pickwick line.

## ROBBERS BEAT AND BIND FORT WORTH MAN THEN BURN HOUSE

FORT WORTH, June 4. (P)—Three men bound, gagged, beat and robbed John Deering, 77, then set fire to his house here early today. The attack followed receipt of a threatening letter recently in which Deering was warned he would be "smoked out."

Deering was awakened at 2:30 o'clock by a knock at his door. He called "Come in." Three men entered and ordered him to light the lamp and dress. When he had complied, Deering was bound hand and foot with twine. Then the men began a search of the house.

By twisting and wrenching with his hands, Deering was able to free himself and cut the fetters about

### MAKING HOME OWNERSHIP DESIRABLE

How to lower the cost of home ownership is a problem in which statesmen and real estate boards are taking much interest. Whatever causes a builder or buyer to become dissatisfied with his bargain is a detriment to the building trades and associated businesses.

Taxes, depreciation, poor construction, high cost of loans and short term mortgage transactions—these are some of the things which must be considered. The desire of every family to own its home is probably as strong as it ever was, but the desire is stifled by a number of factors outlined above. Moreover, desire for modern luxuries, or near luxuries, is in direct competition with the building trades. Automobiles which take people away from their houses are comparatively recent innovations.

Texas is proposing to take along step toward making home ownership more desirable. This is by means of an amendment to exempt the first \$3,000 value of homesteads from state taxes. The plan is more drastic than it appears on the face. Homesteads are taxed on the average, from 25 to 65 per cent of their value. This means that homesteads costing \$8,000 or possibly more, but assessed at around \$3,000, will escape state taxation.

Just what it would mean to take the state taxes off all homesteads of up to \$8,000 is a problem for the mathematicians. Certainly a tremendous sum must be raised in some other manner to make up the difference. Most of the smaller towns and cities have few homesteads assessed at much above \$3,000. It is not improbable that the solons placed the exemption figure somewhat above their intentions.

## Daily WASHINGTON LETTER

By RODNEY DUTCHER

WASHINGTON, June 4. (NEA).—For the past several years of peacetime the war department has been bringing to the attention of various industries their wartime responsibilities and giving them estimates of the wartime demands of the army and navy on their plants.

Approximately "15,000 large facilities" have been surveyed, according to the army's war plans as submitted to the war policies commission. Definite tasks for emergency have been assigned to each selected plant. In order not to upset national production more than necessary and to maintain normal commercial contacts on a reduced basis, such tasks do not involve more than 50 per cent of a plant's normal capacity.

Under the national defense act, the war department points out, the government can place compulsory orders with any factory and is empowered to requisition such plants as may refuse to accept them.

The war plans call for an "Advisory War Council" to assist the president in carrying on the conflict. Besides the secretaries of war and navy, this council would include a director of selective service, director of war industry, director of public relations and administrator of labor.

This is part of a general plan which, according to Gen. Douglas MacArthur, chief of staff, is based on a great improvement on our 1917 position in that besides the skeletonized framework of a citizen army capable of rapidly absorbing the nation's man power, the army now maintains intimate contact with the industrial structure under a program which will enable American industry promptly to absorb our war requirements.

Delay in procurement of necessary munitions and supplies, guess-work about the amounts of supplies needed which results in wasteful overproduction and serious shortages, improper distribution of the war production load along with congestion and transportation facilities, inefficient use of resources, unco-ordinated purchases and unequal distributions of war burdens are some of the things which the war department, profiting from lessons of the last war, will seek to avoid in any big future conflict.

The army's shopping list included about 700,000 different items in the World War, but the so-called vitally essential list now comprises about 4000 articles complete for issue.

Instead of throwing open their procurement necessities to competitive bidding, the war and navy departments will base their procurement plans on allocation. Under this system plants are able to make some preparation for their tasks, prices can better be determined by negotiation and through definite assignments exact pre-arrangement for production of munitions can be obtained.

Many articles required in war are not ordinarily produced in this country, so the war department has assembled a great collection of complete drawings and specification for delivery to manufacturers who would otherwise have no prior knowledge of applicable production methods. To develop this form of war preparation constant experimentation and actual production is in progress at government arsenals and laboratories. The war department now seeks money from congress for

placing "educational orders" with factories, use of which would hasten production in any later emergency.

The army also has widespread plans to govern handling of raw materials in wartime, especially those not readily produced in this country.

Among its designs for reduction of wartime profiteering is an adjusted compensation contract, applicable to large construction programs and procurement of non-commercial items. Tentative cost schedules would be agreed upon which might be revised from time to time. The government would audit all accounts as they arose and pay all approved costs of performance, plus a rate of six per cent a year on the value of the plant involved in the contract.

### Bankruptcy Of Operators Near

OKLAHOMA CITY, June 4. (AP)—Oil men viewed a gloomy picture of conditions in the industry today following publication of a report here that recent price reductions could would force bankruptcy of more than half the mid-continent oil operators.

The outlook was not aided as the report indicated, by the prospective shutdown of approximately 25,000 oil wells on Indian lands of Oklahoma which emergency measure Secretary of the Interior Wilbur was quoted as approving.

Wilbur was quoted as saying that

If formal application for a temporary shutdown was made, a "satisfactory settlement" probably could be made. He had been appealed to by E. B. Resser, president of the American Petroleum Institute.

Indications of the losses being taken by operators were given in an assertion that about 8,000 old producers of southern and central Oklahoma have an average lifting cost of 31 cents a barrel, while the low gravity crude they produce sells for 22 to 29 cents a barrel.

Blame for the situation, which will, it is asserted, cause shut down of all operations in cases where oil wells on Indian lands of Oklahoma which emergency measure Secretary of the Interior Wilbur was quoted as approving.

### RENO GAMBLER KILLS MAN WHO COMES SHOOTING

RENO, Nev., June 4. (AP)—William Graham, one of the "big four" in the gambling fraternity here, and associated with Jack Dempsey in fight promoting, shot and killed W. E. McCracken this morning when McCracken invaded the Haymarket club and shot Graham in the arm.

Graham was arrested but released shortly afterward on his own recognizance. A coroner's inquest was to be held today.

Witnesses said five shots were fired, the first two by McCracken and the others by Graham. All of Graham's shots took effect.

There were five others besides Graham in the Haymarket club when McCracken "came in shooting," witnesses said. His first shot splintered the bar, the second crashed Graham's arm.

Graham was said not to have drawn his gun until after McCracken fired his second shot. None of the others present was injured.

McCracken, whose parents live in Kansas City, is survived by a 6-year-old son. His first wife is dead. A second divorced him.

The Oklahoma and many Kansas producers are losing money to an extent that will force shut downs.

### OTHER FIELDS BLAMED

OIL CITY, Pa., June 4. (AP)—Failure of certain fields to prorate production, with the result an increase in stocks, is blamed for the 25-cent reduction in Pennsylvania crude oil and a 15 cents cut in Corning crude, announced yesterday, the Oil City Derrick says. This is the lowest mark Pennsylvania crude has reached since Aug. 13, 1925.

According to The Derrick, the central Pennsylvania fields and the southeast Ohio area "are declared to be the principal offenders" in failure to follow the proration schedule.

### SIGNS HOOVER'S CHECK

WASHINGTON, June 4. (AP)—Walter O. Woods, treasurer of the United States, signs but one government check a month. It's President Hoover's pay check.

Although directly holding the purse strings in business involving more than three billion dollars annually, quiet Mr. Woods actually applies his pen only on this draft to \$25,000 toward the \$75,000 yearly salary of the president.

## HOW ONE WOMAN LOST 102 LBS. OF FAT

Almost Unbelievable—Nevertheless True

Dear Friends: You advertise Kruschen Salts for reducing so I finally tried them and when I started I weighed 219 pounds and when I took them for a year and 3 weeks, I lost exactly 102 pounds.

I am 23 years old and I look at least 5 years younger now than I did when I was fat. I have a picture of myself before and after so if you want to see them let me know.

I am always telling my friends about the wonderful salts. I am always advertising them.

I took 2 bottles every month for a year and 3 weeks. It amounted to \$25 for reducing 102 pounds but it was worth it.

Yours truly, Miss Nellie Simpson, 1803 Wayne Street Swissvale, Pa., Oct. 31, 1930.

The Modern Safe Way—Right Way to Lose Fat

Just take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

You can hasten the reducing action of Kruschen by going lighter on potatoes, pastry and fatty meats. Unlike other salts, Kruschen does not reduce by rushing food through the system. Rather it's an idea of a separate mineral salts which help every gland, nerve and body organ to function properly.

Women everywhere are overjoyed with this marvelous reducing treatment. Frequently pound by pound of surplus fat leaves and soon you possess that trim, slender figure you've always craved.

An 80c bottle of Kruschen (lasts 4 weeks) is sold by leading drug stores the world over—so start this SAFE method to lose ugly fat TODAY! Fatheree Drug Stores, Richards Drug Co., Inc., and Pampa, Okla., sell lots of it. adv-2

# CHURCH SOCIETIES MAKE PLANS FOR SUMMER

## Some FEMINE Fancies

The amount the average American woman spends each month "to make herself beautiful" is estimated at \$11.25. This does not include \$45 a year for "permanent curls." These facts were revealed in a recent issue of the Denver Post. Maybe this is true for the average woman, but for the average Pampa woman, we believe this figure is much lower. We are sure the Pampa woman can be attractive and yet spend a much smaller amount.

When you want a pleasant way to spend an hour or so, why not step into one of the local business establishments and "watch the world go by" and it will certainly be educational.

The writer visited a local laundry the other day and noted as much system there as in any office. Each item is marked when it is brought to the laundry and is then put into a compartment of a big "tub." A shirt is allowed to remain in the tub for two hours. No wonder it is so clean! Then it is rinsed in the same tub and later is starched and blued by hand. When the laundry work is completed, the bundle is placed in a "pigeon-hole," where it awaits delivery to its owner.

Business women especially will be interested in this little A. P. item. **NEW YORK (AP)—**The greatest service girls graduating from Barnard college can render the nation at present, in the opinion of acting Dean George W. Mullins, is to have the courage to refuse to work for gain. As a class exercise he asked the graduates not to compete with the unemployed.

For those who would like a rebuttal, we might quote a statement by Bobby A. Black, Washington newspaper correspondent, in The Household Magazine for June. After a comparison gained first-hand of men and women members of congress, she came to the conclusion that sex should have nothing to do with office holding. "The best-qualified person, regardless of sex, should be chosen," argues the Household author. "Nobody should expect more of a woman office-holder than of a man office-holder. But in nine cases out of ten, to be conservative, you will get more out of the woman office-holder under existing conditions, for the woman office-holder knows that she has to be unusually good to keep her job, because of prejudice against women in public office."

**Are We Cowards?** "Americans are the greatest clothes cowards in the world," declared Paul Poirot, veteran dress designer, according to an A. P. story by Adelaide Kerr.

The story says in part: **PARIS (AP)—**Paul Poirot is "sick of all this talk of pajamas," and has plans for drastic alterations in the styles of women's clothes. He aims to create "individual modes for individual women." One of his features is to dress with two skirts, one for each leg and as full as an ordinary skirt, made to drape the figure.

"I'm sick of seeing women going around in the pillow-case dresses," he said. "Women may be afraid of wearing a skirt on each leg at first. The Americans will be because they are the greatest clothes cowards in the world—they'll have to wait until somebody tries it first. But they will come to it."

## COMING EVENTS

**THURSDAY**  
Division 6 of the Missionary council, First Christian church, will hold an evening meeting at 8:15 o'clock at the church.  
Rebekah lodge will hold a regular meeting.  
American Legion auxiliary will meet at 8 o'clock in the legion hut.

**FRIDAY**  
Club Mayfair will be entertained by Mrs. Arthur Teed.  
J. A. O. club will meet with Mrs. D. C. Houk, Haggard apartments.  
Commencement exercises will be held at 8 o'clock in the Central Baptist church for the daily vacation Bible school of the church.

Entries in the Gray county clothing contest will be judged.  
Order of the Eastern Star will meet at 8 o'clock in the Masonic hall.  
T. E. L. class, First Baptist church, will have a party at 2:30 o'clock in the home of Mrs. C. L. McKinney, 615 N. Somerville.

Members of the Bible Cleaners class will meet at the First Baptist church at 10 o'clock, going from there to the home of Mrs. Troy Manser for a covered dish luncheon.

**BUS INQUIRY FINISHED**  
**WASHINGTON, June 4 (AP)—**The Interstate Commerce Commission has completed a two-year inquiry into the nation's bus and truck transportation question and plans to submit recommendations on its findings to the next congress.

Before the final report is drafted, however, the commission will have laid before it recommendations of the study by its examiners on the basis of evidence placed before them by organizations, railroads and persons during the hearings. The examiners' study will have to be adopted, rejected or changed after arguments are submitted to the commission.

A large spring lamb crop is in prospect in Kentucky due to favorable weather during April.

## PRESBYTERIAN QUILT SHOW TO BE OUTSTANDING EVENT SOON; FEW GROUPS TO BE DISMISSED

Holding the first meetings of the summer at various places throughout the city yesterday, members of the women's church societies made plans for the remainder of the warm months. A few groups are to disband for the summer, but most of them will continue their meetings. These meetings probably will be of a more informal nature than those of the fall, winter, and spring.

The most important event scheduled for the near future is the Presbyterian quilt show to be held in the high school auditorium June 11, 12, and 13.

Plans for the exhibit were completed by the woman's auxiliary of the church Wednesday afternoon in the home of Mrs. Walter Wanner with Mrs. S. P. Workman as co-hostess. A missionary study led by Mrs. T. D. Hobart and the continuation of a discussion of the origin of the Bible also held interest.

Between 25 and 30 booths will be maintained at the quilt show by local merchants, thereby advertising their various products, and in addition to showing the quilts, the auxiliary members themselves will maintain an art booth, a candy booth, a fishing pond, a home-made food booth, an ice cream and cold drinks booth, and a sewing booth. A fee of 25 cents is charged for each quilt entered. The quilts are to be left at the Presbyterian manse between June 8 and June 11, and at least 200 are expected. Some of the quilts will be sold.

**EPISCOPAL AUXILIARY MEETS IN BUCKLER HOME**  
Mrs. C. P. Buckler was hostess to members of the woman's auxiliary of the Episcopal church. Opening prayers and devotional were led by Mrs. W. A. Zahn, president, and the Bible lesson and a short business session followed. A missionary lesson was led by Mrs. F. M. Perry.

At the tea hour, cake and iced tea were served to the following members: Mesdames A. C. Lovell, H. D. Keys, F. M. Perry, E. A. Palmer, Alex Lubetkin, Edwards, John Peake, T. J. Conside, Newton C. Smith, Henry Thut Sr., W. M. Craven, and the hostesses.

Mrs. W. M. Craven will be hostess at the next meeting, June 17.

**ALTAR SOCIETY MEETS IN A. B. ZAHN HOME**  
A social hour followed the business session for members of the Altar society, Holy Souls church, Wednesday afternoon in the home of Mrs. A. B. Zahn with Mrs. H. A. Blymiller as co-hostess. The meeting was the last to be held until next September. Those present were Mesdames Lynn Boyd, H. B. Carlson, A. D. Drake, W. Eckert, J. W. Garman, F. J. Gill, Fred Phillips, Frank Spelman, L. H. Sullins, M. Walker, and the hostesses.

**MRS. FAHY SURPRISES GROUP WITH GIFTS**  
Mrs. B. C. Fahy presented each guest an embroidered dish towel at a luncheon meeting of Division 1 of the Missionary council, First Christian church, yesterday afternoon in the home of Mrs. Enoch Burtz. The gifts were presented in the form of a "fishing party."

There were seven new members among the 23 persons present. The meeting was opened with a song, "I Need Thee Every Hour," and the Lord's prayer. A short business session followed, with Mrs. B. C. Fahy, leader, in charge. Mrs. Harry Marbaugh, council president, addressed the group.

The program hour was opened with a devotional and prayer led by Mrs. D. C. Houk. Mrs. O. H. Ingram led in a study of India, and topics were discussed by Mesdames H. H. Heiskell, Enoch Burtz, F. W. McEwen, J. W. Hutchins, O. D. Patton, Clyde Oswald, Roy West, B. C. Fahy, and Rufus Sewell.

**BIBLE STUDY TO BE HELD BY BAPTISTS**  
Bible study gatherings will be held at the Central Baptist church each Wednesday afternoon at 3 o'clock during the summer months by the W. M. S. and circle meetings will be discontinued for the summer.

The decision was made at a general business meeting Wednesday afternoon at the church. Opening the meeting was a song, "The Kingdom Is Coming," and a prayer led by Mrs. Love of Temple, who was a visitor. Mrs. S. L. Anderson led the devotional. Reports from the circles and from the various committee chairmen were made during the session. The following were present: Mesdames Ray B. Hungate, S. L. Anderson, J. M. White, L. L. Brewer, G. D. Holmes, D. L. Lunsford, D. H. Truhitt, R. M. Mitchell, O. J. McAllister, Lloyd Satterwhite, G. C. Stark, and the one visitor. After the general meeting, the executive board met and made appointments to fill two vacancies in office. Mrs. Lloyd Satterwhite was appointed secretary and Miss Mary Burks, reporter. A personal service chairman and a Bible study teacher will be appointed soon.

## Men Invited To Bible Class At La Nora Sunday

Men of all ages who do not attend any Sunday school have a cordial invitation to attend the Bible class at the La Nora theater every Sunday at 9:45, according to Bob Rose, vice-president and chorister.

"Special, interesting programs are planned for each Sunday's class, and Clifford Solomon is a very interesting teacher," Mr. Rose stated. The seats are comfortable and it is 20 degrees cooler than any place in town.

The Bible class is dismissed at 10:30 in time for its members to attend any church in town, Mr. Rose said.

Mr. E. L. Chilton of Wichita Falls is visiting in the home of Mrs. G. W. Appleby at 804 North Gray, and Mrs. Lydia Mae Adams. Mrs. Chilton arrived last Friday.

Mrs. Curtis Douglass returned yesterday from Panhandle, where she spent several days visiting her mother, Mrs. Tom Cleek.

Mrs. J. S. Carter is visiting in the home of her daughter, Mrs. J. C. Line, at Panhandle.

Mr. and Mrs. A. H. Doucette left this morning for Lubbock. Their two sons, Albert and LeFors, will return with them.

Bill Kelley will leave today for Lubbock, where he will visit friends.

Rodger Crews returned from east Texas Monday.

Mr. and Mrs. J. E. Murfee left this morning for a vacation in San Antonio.

Dr. and Mrs. C. E. Waller will leave Saturday morning for Dallas to visit their daughter, Mrs. C. W. Heffner.

Mr. and Mrs. Floyd Senter and son, accompanied by Mrs. Senter's mother from Carlsbad, have gone to California for a month's visit.

Mrs. E. M. Conley and children have returned after a visit in Lubbock.

Mr. and Mrs. Harry Cornelius are visiting in Weatherford.

Gwendolyn Cox is leaving today for her home in Lubbock after visiting her sister, Mrs. W. S. Moore, during the winter and attending school here.

Mr. and Mrs. W. S. Moore and little son, Walter Jr., are leaving today for Canyon, where they will make their home. They came to Pampa about a year ago from Memphis.

Mrs. W. B. Frost and son, Charles are leaving today to visit relatives in Muskogee and other points in Oklahoma.

Miss Mary Ellen Cook returned this morning from Dallas, where she has been attending school.

Mr. and Mrs. Floyd P. Shaw III attended the final ball at New Mexico Military Institute in Roswell, N. M. They left immediately after for Cloudford, where they will spend part of their vacation.

Mr. and Mrs. J. A. Mead of Miami were guests yesterday of Mrs. Mead's sister, Mrs. P. C. Ledrick.

Miss Ethel Walker is visiting her aunt in Paris.

**LEAVES TRAIL OF DEATH**  
**SEDALIA, Mo., June 4 (AP)—**Three persons were dead today and two others wounded as the result of Henry K. Taylor, 38, former inmate of an insane asylum, running amuck at Palopinto, south of here, yesterday, apparently during a fit of insanity.

Taylor shot and killed K. H. Saunders, a traveling salesman of Kansas City, fatally wounded his brother, Myrl Taylor.

## STERLING SIGNS UNIFORM LAW

**AUSTIN, June 4 (AP)—**Gov. R. S. Sterling today signed a bill to require law enforcement officers making arrests for violation of the highway traffic laws to wear dark blue or grey uniforms. The law, passed by the forty-first legislature requiring the uniforms, was declared unconstitutional by the Court of Criminal Appeal.

Under the new law, officers making traffic arrests on state highways unless in full uniform of cap, blouse or coat and trousers of like color, will be subject to a fine of from \$50 to \$1,000, the offense being declared a misdemeanor.

The bill was an emergency measure because "deputy constable are not properly regulated."

**CORSICANA, June 4 (AP)—**Currie Caldwell, first of five men indicted for the kidnaping of Robert Cerf to face trial, today was under a 12-year sentence for assault while wearing a mask. The verdict was returned late yesterday.

Defense attorneys said an appeal would be taken. The other men indicted for the kidnaping were Jimmie and Doyle Nash, Oliver Clapp, and Charles Hassell. Hassell turned state's evidence and was one of the principal witnesses against Caldwell. Clapp has never been arrested.

## Eighty Present At Bible School

Eighty persons were in attendance at the daily vacation Bible school, Central Baptist church, this morning, according to Miss Mary Burks, principal.

The school has been held for two weeks, and the attendance has increased practically every day. Commencement will be held at the church Friday evening and all interested are invited to attend.

**ISSUE OVER-SUBSCRIBED**  
**WASHINGTON, June 4 (AP)—**The \$800,000,000 bond issue announced by Secretary Mellon Monday was over-subscribed more than seven times when the books closed last night with total subscriptions of \$6,000,000,000.

The secretary announced today that subscriptions for the 18 year 3 1/8 per cent bonds, issued to begin the refunding of the short term debt of more than \$3,000,000,000, had been closed last night.

**NET TEAM SELECTED**  
**NEW YORK, June 4 (AP)—**Frank X. Shields and Sidney B. Wood Jr. of New York, and George Lott Jr. and John Van Ryn of Philadelphia were selected by the United States Davis Cup committee today to represent this country in the interzone finale in Paris.

## MADONNA CLASS HOLDS MEETING

Members of the Madonna Sunday school class, Central Baptist church, elected Mrs. J. R. Colburn as a group captain when they met Tuesday afternoon in the home of Mrs. D. H. Coffey.

Mrs. Coffey served refreshments to Mesdames E. V. Davis, O. J. McAllister, Frank Hopkins, and Walter Kirbie.

## RAID AT DANCE REVEALS LIQUOR

One person was arrested and two cases of beer confiscated last night by members of the sheriff's department as a result of a raid made at a dance hall near the city.

The raid was made following several complaints of the dance causing a disturbance, Sheriff Lon Blansett said.

WET Price Per RUBBER Cross Sectional VOLUME TREAD PLYS THICKNESS BLOWOUT UNDER PROOF INCHES

**LET'S CUT THROUGH THIS WELTER OF WORDS**

Sidewall CURE Thickness Pound Comparison Diameter Strips Depth CUBIC Non-Skid TREAD Breaker AN INCH

When you set out to buy tires, what do you expect to get for your money?

What nearly everyone really wants is most miles and the utmost in safety at the lowest possible price. That being your objective, which tire should you buy?

If the experience of 20,000,000 motorists means anything, you should certainly buy Goodyears.

But if you try to puzzle through the welter of statistics on thicknesses, weights and diameters you lose the main issue and are as much at sea as ever.

A difference of two or three one-thousandths of an inch in the width of a tire carcass is no guarantee against blowouts.

It's what the carcass is made of and how it's made that counts.

Longer wear is not a matter of logarithms.

It is the honest product of materials and craftsmanship.

The one and only reliable guide for you to follow is the seasoned preference of the public.

And that preference is overwhelmingly for Goodyear.

This fact expressed year after year by Goodyear's great leadership is concretely told again in the findings of an impartial investigation by the Bureau of Business Research of a great University that asked 205,000 car owners this simple question:

QUESTION: "Regardless of price, convenience, etc., what make of tire do you consider the BEST tire made?"

**HOW CAR OWNERS VOTED ON THE QUESTION WHAT TIRE IS BEST?**  
Based on a National Tire Survey in 1930 by a large University

GOODYEAR	30.7%
Company B	13.8
" C	11.3
" D	7.0
" E	6.0
" F	3.7
" G	3.7
" H	2.7
" I	2.4
" J	1.8
" K	1.2
" L	.9
All Others	10.4
No Choice	4.4
Total	100%

It will be noted that 30.7% of the car owners of America prefer Goodyear Tires. This preference is more than twice that of any other make of tire.

This tire survey was based on a scientifically mailed questionnaire to car owners in every state in the country and proportioned in turn to cities and rural communities.

With Goodyear quality priced so low, why not avail yourself of the long mileage, safety and the good looks that have made Goodyear reputation?

# WASHINGTON SENATORS ARE GIVING CHAMPS COMPETITION

## ATHLETICS IN TERRIFIC RUN OF VICTORIES

Philadelphia Wins 23 Games Out of Last 26 As Grove Stars.

By GAYLE TALBOT JR. Associated Press Sports Writer. Although their cause seems more or less hopeless in the face of the Athletics' phenomenal streak, Walter Johnson's Washington Senators are living up to their promise to give the champions a run for their money in the American league.

While the New York Yankees have dropped back the last fortnight, the Senators have plugged doggedly along, winning 16 of their last 14 engagements and keeping within hailing distance of the fast-traveling leaders. They are firmly established in second place, five games behind the Mackmen and two ahead of the Yankees.

The champions registered their twenty-third victory in their last 26 starts yesterday. Lefty Grove, pitching his eighth straight win, let the Chicago White Sox down with six hits and beat them, 2 to 1.

Washington kept pace with its second straight over Detroit, with a 2 to 1 margin. Bob Burke, young southpaw, allowed only three hits to best Vic Sorrell in a tight mound duel.

Joe Vosmik, rookie outfielder, checked a home run in the eleventh inning to give the Cleveland Indians their ninth straight victory at the expense of the Boston Red Sox, 5 to 4.

The western clubs gained an even break for the day when the St. Louis Browns, personally conducted by Oscar Melillo, beat out an 8 to 2 triumph over the Yankees. The Browns second sacker drove in four runs.

Matters stood all square after two days of National league warfare west of the Alleghenies. New York came back to lick St. Louis, 9 to 5, and Chicago staged a last inning rally to down Brooklyn, 9 to 8, and even their series.

Dreesen's triple, followed by Rabbit Maranville's squeeze bunt, gave the Boston Braves a run to nose out the Pittsburgh Pirates, 4 to 3 in ten innings.

Eppa Rixey, veteran Cincinnati left-hander, turned the slugging Phillies back with four hits as the Reds squared their series, 3 to 1.

## Dundee and Jebb To Battle Tonight

NEW YORK, June 4. (AP)—Two middleweights who owe a large part of their important roles in the current ratings to victories over Len Harvey, the British champion, clash in Madison Square Garden tonight to see which one will take another step up the championship ladder. Vince Dundee, the Baltimore lad who is something of a veteran although he never before has figured in the title talk, and the up-and-coming Ben Jebb of New York, meet in the ten-round feature bout.

Dundee, with two victories over Harvey, and one over Jebb, is a strong favorite at odds of about 8 to 5.

## Greatest Plane Is Spanning Atlantic

PORTO PRAIA, Cape Verde Islands, June 4. (AP)—Germany's big seaplane DO-X, was flying over the Atlantic for Brazil this afternoon, on the last leg of a flight which has been delayed half a dozen times.

She lifted her heavy load of the harbor after a 30-second run and headed south, low over the water. So low was she flying that an erroneous report arose that she had made a forced landing in the water 60 miles at sea.

## MARKETS AT A GLANCE

By the Associated Press New York  
Stocks: Strong, investment rails lead broad advance.  
Bonds: Strong, rail issues advance.

## STATE TITLE IS GOAL FOR 32 MEN NOW

Neil Smith and Gus Moreland Tie for Medal Honors With 147 Each.

DALLAS, June 4. (AP)—The last qualifying score in the twenty-fifth annual Texas Golf association state championship was posted late yesterday after 26 holes of medal play, and today the 32 low qualifiers started their treks that lead to the 1931 state title. Two 18-hole matches will be played each day until the finals Saturday when the two finalists battle it out in a 36-hole combat.

Neil Smith, Brook Hollow Country club, and Gus Moreland, Cedar Crest Country club, tied for medalist with 147 each. Smith, who is Dallas champion, shot a 36-40-78 to put with his brilliant 71 Tuesday for his 147. Gus Moreland, fresh from winning the Ranger Country club invitation, continued his championship golf with a 36-39-72 which plus his 75 Tuesday, made him 147. Frank Lewis, Jr., San Antonio Country club, was second with two fine rounds of 75-74-149. It required a card of 161 to make the championship flight.

Dallas led in placing players in the championship bracket with 22. Out-of-town golfers to qualify in the title fight were: San Antonio; Willie C. Hunt, Houston; J. B. Giles, Austin; L. G. McCray, Denton; W. R. Long Jr., Austin; Bud McKinney, Del Rio; Clyde Cunningham, Houston; Leland Hamman, Paris; B. A. Schriever, Bryan; and Ossie Carlton, Houston.

## NEGRO IS BEING BROUGHT BACK

Pat Fisher, negro, is being brought back to Pampa today from Henrietta by Deputy Sheriff Archer to answer a charge of murder filed against him in connection with the fatal shooting of Clarence "Geechie" Wilson, another negro, in the "flats" last month.

Fisher fled after the shooting. He was arrested at Henrietta and was held for Gray county officers. He will be lodged in jail here. His trial is scheduled to be held during the current term of 114th district court. Wilson was shot at the end of a dice game.

## SLAYER IS HUNTED

SAN BENITO, June 4. (AP)—Felipe Castanon, 28, was shot and killed with a rifle early today at a house nine miles east of San Benito. Officers were conducting a search through brush thickets for the man believed to have been his slayer.

Mr. and Mrs. J. M. Flippen returned to their home at El Reno, Okla., last week-end after visiting in the home of Mrs. Flippen's sister, Mrs. J. S. Carter. Mrs. Flippen's mother and father, Mr. and Mrs. J. W. Henry, who have been visiting Mrs. Carter here, returned with them.

Miss Maxine McKinney, Miss Lillian Mullinax and Miss Donnie Lee Stroop left today for Canyon, where they will attend the summer session of West Texas State Teachers college.

Mr. and Mrs. P. A. Potter of Borger visited friends here recently.

## WHEAT HARVEST NOT TO START IN TERRITORY UNTIL JULY 1

The wheat harvest will get into full swing in the Pampa territory about July 1 if favorable climatic conditions prevail until then, farmers and local grain dealers estimated today.

A few scattered loads may be received as early as June 15 and more may be hauled to elevators by June 25, but close observers believe that July 4 will find wheat fields full of combine.

From now on until harvest is the critical month. Roy McMullen of Stark & McMullen, grain dealers, said. It is his observation that on the whole prospects are better at this time than at the same period last year despite the fact that the fields do not have as much subsoil moisture this year as last. Mr. McMullen believes that this territory needs another inch of rain to properly fill out the heads. Another good rain would almost insure the best crop since 1926, he estimated. However, he pointed out that such a statement needs qualifying. One must take into consideration possible hot winds, hail or rain storms. "But we are not figuring on such adventures," he said. Grain is needing moisture at the present time, and in three or four more rainless days, it will be needing rain badly.

Despite the world-wide over-production of wheat, Panhandle farmers are better off if the average yield is 35 bushels per acre, in farmers say. "We don't like to think about the price but the more wheat the farmer makes the better off he will be. He can do pretty well if he makes a big yield and get 35 or 40 cents a bushel. The worst that could possibly happen would be a small yield and a small price."

The bill creates an oil conservation commission of five members to be selected by representatives of California oil companies. The state oil and gas supervisor, appointed by the governor, will act as an ex-officio member of the commission.

It provides the commission may decide if there is unnecessary waste in oil production, and if so, may regulate the amount each oil district or field may produce.

## Solution Offered For Oil Problem

DALLAS, June 4. (AP)—Solutions for overproduction of oil, increased by rapid development of the New East Texas field, were offered today at a meeting of the division of production, American Petroleum Institute here. Robert E. Penn of Dallas, chairman of the division, in a paper which he called "a major surgical operation," suggested the creation of a giant corporation to take over independent properties in the East Texas field and make an agreement with the major companies for orderly production.

Penn estimated that unregulated production in East Texas was causing a loss of \$1,680,000 daily to the oil industry, or \$650,000,000 a year. C. V. Terrell, chairman of the Texas railroad commission, drew an equally unfavorable picture of the situation. He denounced injunction suits that prevented the commission from enforcing proration orders.

## KILLS MOTHER-IN-LAW

ASHLAND, Ky., June 4. (AP)—Ray Bayes, 40, railroad employe, shot and killed his mother-in-law, his wife and himself late last night. Police said he went to the home of his mother-in-law, Mrs. Ben Strother, where his estranged wife was living, and killed both of them with a shotgun.

He then went to the front porch of the house and turned the gun on himself.

DURANT, Ore., June 4. (AP)—Of 240 marriage licenses issued during May by L. W. Hughes, Bryan county court clerk, approximately 300 were to Texas couples, evading the Texas law requiring three days notice of intention to wed.

## STOLEN CAR FOUND

HOLDENVILLE, Okla., June 4. (AP)—A motor car in which three convicts escaped Tuesday from the state penitentiary, McAlester, was recovered today near Atwood, Hughes county.

## RING RIVALS ARE BITTER IN FIVE FIGHTS

Friendship of United States and Italy No Better After Contests.

NEW YORK, June 3. (AP)—International friendship between Italy and the United States has received little if any impetus through the series of boxing bouts between the amateurs of the two nations. The first time the teams clashed in Madison Square Garden, each won four bouts, a result that was satisfactory to both sides. Last night they met again and after one of the stormiest scenes the big battle pit ever has seen, the United States came out ahead, five bouts to two, but with the friendly feeling between the ring rivals sadly battered.

The first bout went against the Italian flyweight, Edelweis Rodriguez, and a storm of protest arose from spectators and from the visiting team, although the decision appeared to be impartial ringside observers. The crowd of 5,000 protested loudly and the indignant Italian boxers marched from the arena.

The spectators took up the battle and several fist fights broke out in the arena. Ringsiders were subjected to bombardment of everything throwable, including a couple of small knives. Police finally restored order and after a half hour's delay the Italian boxers were persuaded to continue. But Joe Jones, the referee who, with two judges, had voted the decision over Rubezzio, insisted on dropping out of the picture.

Vincenzo Dall'Oport promptly evened the series by defeating Flavio de Bonis, Boston 118-pounder, but the next four Americans recorded wins to clinch the victory.

## ARGENTINE HAS GOLFING LEAD

CARLOUSTIE, Scotland, June 4. (AP)—Jose Jurado, little Argentine flash, equaled the course record with a 71 in the second round of the British open golf championship today to take an early lead at the half-way mark with 147.

Just behind Jurado was the veteran Detroit pro, Tommy Armour, former American open champion, who shot a 75 today for a 36-hole total of 148.

Trailing these two leaders were Joe Kirkwood, the trick shot star from New York, and W. T. Swain of Bromley in Kent, with 150s.

None of the British headlines among the early finishers threatened the lead of Armour and Jurado. Charles Whitcombe, captain of the British Ryder cup team, had a 76 for a 156 total. Percy Hall 78-152, and Archie Compston, one of the pre-tournament favorites, 76-153.

## SMALL BOY HURT

AUSTIN, June 4. (AP)—James Turpin, three, was in a hospital here today suffering from injuries received when an automobile driven by his father, P. E. Turpin of Wichita Falls, collided with a truck south of Austin. He sustained severe cuts and bruises. Mr. and Mrs. Turpin were slightly injured and two other children escaped unhurt.

## CRAWFORD'S SON ILL

J. T. Crawford received word today that his son, J. T. Crawford Jr., is critically ill in a Houston hospital where he has been a patient for several months. Mr. Crawford spent the winter at Palacios for his health.

He is a brother of Postmaster Wm. A. Crawford, Mrs. Katie Vincent, J. R. Crawford and Mrs. Eustace, both of Amarillo, and Mrs. Chas. Riley.

## Indianapolis To Try Night Ball

INDIANAPOLIS, June 4. (AP)— Hoping to determine which is the more profitable time to play baseball—afternoon or night—the management of the Indianapolis club of the American association has announced that beginning next week only two night games will be played each week "until further notice."

The policy of playing all games except Sunday contests at night was started last year.

Norman A. Ferry, Tribe owner, said he merely wished to do a little "experimenting" in preparation for occupation of a new park which will be completed before the end of the season. He said if weather conditions are normal he believed the results during the next three weeks might form a basis for the policy to be followed.

## GASOLINE IS CUT

HOUSTON, June 4. (AP)—Filling stations operated by the Humble Oil and Refining company today were selling gasoline at prices two cents per gallon lower than yesterday's. The reduction, effective this morning, was announced late last night.

## WANTED FOR MURDER

GALVESTON, June 4. (AP)—Fred Mertz, federal narcotic agent, faced a hearing today before Federal Judge T. M. Kennerly on extradition proceedings brought by the British government, which seeks to return him to Canada for trial there on a murder charge.

## YESTERDAY'S STARS

By The Associated Press  
Joe Vosmik, Indians—Hit home run in eleventh to beat Boston 5-4.  
Eppa Rixey, Reds—Held Phillies to four hits for 3-1 victory.

Whitely Dreesen, Braves—Tripled in tenth inning and scored on squeeze play to defeat Pirates, 4-3.  
Oscar Melillo, Browns—Hit homer in ninth inning, eighth straight hit, and drove in runs that beat Yankees, 8-6.

Lefty Grove, Athletics—Won ninth game of season and eighth in succession, defeating White Sox 2-1.  
Rolly Hemsley, Cubs—Drove in deciding run in ninth inning for 9-8 victory over Robins.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

## Dee Blythe Has Exceptional Grade

There are students who come home from college wearing letters, stripes, little gold basketballs and footballs, also fraternity pins, but few of them bring home as impressive a grade card as did Dee C. Blythe, sophomore during the last school term at West Texas State Teachers college.

His scholastic record includes four "A's" made in English, government and mathematics courses. "A" is the highest grade given at the school. Dee was secretary of the sophomore class and was a reporter on the college paper. He plans to study journalism next year at either the University of Missouri or the University of Oklahoma. His activities at Canyon were not confined to the classroom. As a basketball player he was not bad, and the tennis courts knew him well, although he did not "go out" for the college teams.

He is the son of Mr. and Mrs. J. H. Blythe. He was graduated from Pampa high school in 1929.

Berry growers of the Chadburn, N. C., district received \$216,967 for berries sold the first 13 days of the season.

## BEAUMONT IS OUSTED THEN SLIDES BACK

Exporters Lose to Indians But Fort Worth Is Beaten by Dallas.

Beaumont slid from the Texas league pinnacle for a couple of hours Wednesday by dropping a 5 to 5 battle to the San Antonio Indians, but Wednesday night, the Exporters went back on top when Dallas defeated Fort Worth, 7 to 5, victory over Robins.

There's one thing you can say for the Exporters—they went down battling. The game, which was plenty lively, added color when Bernie Deviveros, San Antonio shortstop, and Manager Baker exchanged blows with bare knuckles. The one round bout occurred in the last half of the ninth when Deviveros accused the Beaumont club of deliberately lowering the shades on top of the Beaumont grandstand to let the sun shine into Deviveros' eyes, blinding him so he couldn't see how to field ground balls. Deviveros and Baker exchanged words and then swapped blows without damage.

Fort Worth passed up their opportunity to hold the league lead by losing a night contest to the Steers who staged a five-run rally in the ninth inning to win, 7 to 5. The herd stampedede chased Dick Whitworth from the mound.

At Shreveport, Ash Hills, who is making it a habit of winning each time he goes to the mound, kept six hits scattered while his Wichita Falls mates pounded Turner, Shreveport ace, for a 5 to 2 win.

Something new under the moon occurred at Houston Wednesday night when Bill Harris failed to go the required nine innings for the first time this season. Harris, ranked as Galveston's ace hurler, had finished the first eleven games he started this season, but Wednesday night he was shelled from the mound while the Buffaloes hammered out a 10 to 2 verdict.

THE MELODY GIRL by RUTH DEWEY GROVES

CHAPTER XIV Wouldn't Tommy believe, now that she'd got a contract to sing at the broadcasting station where Irene had hoped to thrill her soprano notes, that she had robbed her sister of her chance?

This was the thought that married Beryl's joy. Wouldn't it look as if there might be something in the charges Irene had brought against her? Tommy might be fair but he was infuriated.

Yes, that was just what he was. Beryl thought angrily. Simply infuriated. And an infuriated man could believe anything that had a semblance of truth in it.

She was more disappointed in having her satisfaction with the day's events lessened than she cared to own. She couldn't take lightly the possibility that Tommy would misjudge her. But it did seem that something in life ought to be perfect. And if she couldn't be blindly, joyously elated at this time.

She arrived home exasperated with her depression. "What do I care what anyone thinks?" she said to her mother. "Tommy Wilson is nothing to me!"

But it did not do her good. She said nothing to anyone about the precious contract until the family were at dinner. Then she spoke of it quietly, looking across the table at her mother.

"I don't suppose Dad told you that I went to town today," she remarked. And then, before her mother could reply, she hurried on: "I was called in to sing again at RKO for Mr. Gaylord, the soap man. He's putting on an advertising campaign to popularize Velvetan—his new summer soap—and he wanted someone who wasn't either a singer or a crooner and...

"Good heavens! Stop and get your breath!" her mother exclaimed. "What are you talking about?" "Well, if you hadn't stopped me I'd have told you. I singer nor a crooner—and he liked my voice and I'm to sing on his radio hour. They're going to call me the Velvetan Girl with the velvet voice."

She could not resist a glance at Irene who, had she been troubled with high blood pressure, undoubtedly would have been threatened with apoplexy.

MENU for the FAMILY

By SISTER MARY NEA Service Writer Since strawberries are so plentiful this year, it may be well worth the time and effort it takes to can and preserve some for next winter's use.

The acidity of strawberries makes them very easy to can in the average home kitchen. They will "keep" if canned by the old-fashioned open kettle method, but they lose their vitamin C content.

As he mounted the bicycle and rode happily around the stage, Gilbert Walter, to whom it belonged, thought maybe he hadn't appreciated it enough. Mike certainly seemed thrilled. He whistled and rode and twirled his handle (that a moment before had been so lightly) around his head and generously refrained from looking at his father.

Mr. Dorgan became decidedly uncomfortable as understanding laughter broke loose around him. It was, however, the remark of a girl sitting behind him that stirred his anger.

It was a big event and had a good attendance. Snooks was given a seat of honor in the "royal box" at the right of the main "stage" and there Pigmy kept watch over him. For his sister, who had been refused a part in the show (girls weren't allowed), threatened to bring her pet cat and "fins" out if Snooks was really cripple or if it was "just a fake like she thought it was."

The medicine men held small bottles of lemonade, sweetened with black molasses, and called it a tonic. There was a shooting gallery where beans were used as the ammunition, and the usual assortment of freaks were on exhibition: the (pillow) fat man, the tattooed man (whose mother was filled with horror at the sight of the ink marks on his bare body); the sword collapsible; swallowing man; the ape man (who'd have a time removing the blood-on hair), and the man who could stick pins in. This last was a very ingeniously arranged freak. Floyd Merton it was, standing under a box with his head and hands protruding at the proper places to appear a part of the dummy seated on the box. Just how Floyd would account to his mother for the disappearance of a bed quilt that still had a year or two of wear in it, the boys had not yet determined. Nor was it settled how the ape man could explain to his father how the stuffing happened to be missing from the back seat of his old flivver when the water and effort it takes to can and preserve some for next winter's use.

any imperfections in the fruit. Consequently bruised and blemished berries must be trimmed and made usable. How to Wash Berries When washing berries, do not pour water directly onto the fruit. Drop berries into a big pan of cold water or into a deep colander placed in a larger pan of water. Lift colander gently up and down into the water, letting berries settle slowly together without any violence. Change water several times until all traces of sand or grit are moved. Drain, and fruit is ready for use. Strawberries must be handled very carefully, for there is a gossamer-like covering over the berry that is easily broken. After berries are thoroughly washed pack them into sterilized jars, adjust tested rubbers and pour over medium syrup to cover fruit. Half-seal and process according to rule—quart jars 26 minutes in hot water bath, 35 minutes in heat-regulated oven at 275 degrees F. and 8 minutes in steam-pressure cooker at 5 to 10 pounds pressure. Remove jars at end of processing period, fully seal and cool quickly. Pack fruit closely but do not mash or crush. Fill cans to within half an inch of top. To make medium syrup boil three cups of sugar and two cups of water for five minutes or until syrup clings to spoon. Allow 3-4 cup sugar for each quart can of fruit. Be sure to make enough syrup to fill all the cans. Extra syrup can be kept in a glass jar in a cool place until wanted for the next batch of canning. If you want to prevent shrinkage you may precook the berries for five minutes. Add to liquid and put fruit over a low fire. Simmer for five minutes and then add the prepared syrup. Let berries stand in syrup for eight or ten hours and then pack in sterilized jars and process. Alabama farmers have sold thousands of spring lambs through the state farm bureau this year.

### Escaped Prisoner Gives up After 38-Year Freedom

LINCOLN, Neb., June 4. (AP)—Thirty-eight years ago a young man went over the wall of the Nebraska state penitentiary to freedom. Today the same man, now a 66-year-old grandfather, was back inside the walls of the state prison, having voluntarily surrendered in order he said, to keep a promise "made to his maker."

### Justices Leaving On Vacation Tours

WASHINGTON, June 4. (AP)—Far away places, mountain air, salt breezes, and quiet, cool nooks are calling the nine supreme court justices and they are harkening. Their vacation plans are in indication of the divergent tastes of the men who compose the high tribunal although a majority are addicted to golf and probably will make it a part of their summer recreations.

### Mexican Flash to Meet Cowboy

PITTSBURGH, June 4. (AP)—Some fast milling is expected tonight when Tony Herrera, Mexican flash and Eddie Anderson, Wyoming cowboy, come together with the ten-round feature bout at Hickey park, Millvale. This is the second meeting of the two here. Herrera won a close decision from Anderson at Motor Square Garden last December. Both also have appeared against other opponents.

### CLARK IS RELEASED

LOS ANGELES, June 4. (AP)—David H. Clark, charged with what police termed the "racketeer murder" of Charles Crawford, political boss, and Herbert Spencer, magazine editor, was at liberty today under \$100,000 bail pending trial. Clark was released from jail last night shortly after friends and acquaintance had succeeded in completing the bond.

### AWAITS DEATH

NEW YORK, June 4. (AP)—Rudolph C. Durringer, 25, Ousting truck driver, was convicted early today of murder, first degree, for the killing of Virginia Brannen, dance hall hostess. Justice Cohn said he would pronounce the mandatory sentence next Monday which will condemn Durringer to the electric chair in Sing Sing prison in his home town.

Mississippi creameries produced nearly seven million pounds of butter in 1930. There are 28,735 4-H club boys and girls in Alabama.

## Markets

### COTTON ACTIVE

NEW ORLEANS, June 4. (AP)—Cotton here opened quite active and firm today in response to higher Liverpool cables than due and in adjustment with the advance in New York yesterday while the local market was closed. First trades showed gains of 28 to 30 points. Trading continued firm and all active positions reached 30 points above the previous close. July traded at 8.62, October at 8.95, and January at 9.15. Later in the first hour prices eased off moderately on some selling by ring traders losing 8 points of the earlier gain.

### WHEAT ERRATIC

CHICAGO, June 4. (AP)—Wheat prices made an irregular start today, the June delivery diving down more than a cent, whereas July and other new crop months advanced. Unexpected firmness of Liverpool wheat quotations were reflected by the action of new crop deliveries. June responded to selling orders induced by yesterday's sudden withdrawal of government-sponsored buying orders for old crop wheat. Opening 5-8 cents off to 1-2 cent up, wheat fluctuated nervously, with June showing power to rally. Corn started unchanged to 3-8 higher and subsequently rose all around.

### HACK GETS CHANCE

CHICAGO, June 4. (AP)—Hack Wilson, home run king of 1930, has been given another chance to come back with the Cubs.

He was inserted in the lineup again yesterday when Johnny Moore reported with a slight leg injury. Moore expected to be back in the game in a few days, however, unless Hack made good. So far this season, Wilson's bat has been impotent of his usual production of hits.

### ARREST IN STABBING

SAN BENITO, June 4. (AP)—Thomas Dugger of San Antonio was held today for the stabbing of Chief of Police Luke Waters Tuesday night. Officers said he had made a statement. Charges of assault with intent to murder were to be filed at Brownsville.

### BANKER SUCCUMBS

OYSTER BAY, N. Y., June 4. (AP)—Mortimer Schiff, 53, banker and philanthropist, died today at his home here. The cause of death was not indicated in first reports. He was a member of Kuhn, Loeb and company and of the New York Stock exchange.

Condition of growing crops in Arkansas May 1 was slightly above the 10-year average. Farmers of Scotland county, N. C., have reduced their cotton acreage 15 per cent this year.

## Big Enrollment In Teachers College

CANYON, June 4. (Special)—Enrollment for the 1931 summer session of the West Texas State Teachers college opened yesterday, and all indications are that the enrollment will be one of the largest in the history of the institution. No official count of the number of students is possible yet, but offices and halls of the buildings are crowded with students standing in line to enroll, and boarding house keepers and dormitory authorities report that living quarters are rapidly being filled.

Registration will continue tomorrow and instruction will begin Friday. June 9 is the last day on which enrollments for first term courses will be accepted. On Saturday evening, June 13, the faculty will hold a reception to all students enrolled for the summer term.

### FLYING TO PANAMA

SAN ANTONIO, June 4. (AP)—Maj. Gen. James E. Fehet, chief of the air corps, and Capt. Ira C. Eaker, pilot, left Kelly field for Brownsville in continuation of their trip to Panama early today. They arrived here last night.

News-Post Want Ads for results.

## Germany Faces Period of Unrest

HAMBURG, Germany, June 4. (AP)—Chancellor Heinrich Brüning and Foreign Minister Julius Curtius left today for England to engage in a week-end conference with Prime Minister Ramsay MacDonald concerning Anglo-German problems. Worn out from a week of preparatory work, they arrived here on a special train at dawn and moved down the Elbe river several hours later in a liner. A curious crowd assembled to greet them but there was no sign of life from their curtained windows.

Their conversations with the British premier and Foreign Secretary Arthur Henderson at Chequers are expected to deal with the matter of reparations, the Austro-German customs treaty, and other matters affecting indirectly the whole of Europe. The chancellor's last act before leaving Berlin was to submit to President Paul von Hindenburg a number of emergency decrees which are believed to embody additional slashes in the budget and in wage schedules. If approved, these are expected to contribute further to the nation's discontent.

E. D. Kelly, of Mount Holly, N. C., is growing 50 acres of small grain for feeding the 40 cows in his dairy herd.

## Pope And Premier Issue Statements

ROME, June 4. (AP)—In Italy's 20,000 Catholic churches and in the meeting places of 9,000 fascist groups the "man in the street" today heard the official renouncements of the Vatican and the Italian government on the conflict between the church and the state. Pope Pius, unbending in his contention that the government has violated the concordat with the Holy See by dissolving Catholic laymen's organizations, forbade the colorful religious demonstrations which usually mark this Corpus Christi day. The processions which usually take place outside the churches were by his order held inside their walls. Premier Mussolini transmitted his

# Consider your Adam's Apple!!\*

## Don't Rasp Your Throat With Harsh Irritants

### "Reach for a LUCKY instead"

The great Lord Tennyson in a beautiful poem refers to a woman's Adam's Apple as "The warm white apple of her throat." Consider your Adam's Apple. Touch it—your Adam's Apple—That is your larynx—your voice box—it contains your vocal chords. When you consider your Adam's Apple you are considering your throat—your vocal chords. Protect the delicate tissues within your throat. Be careful in your choice of cigarettes. Don't rasp your throat with harsh irritants! Reach for a LUCKY instead. Here in America LUCKY STRIKE is the only cigarette which brings you the added benefit of the exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays. It is this exclusive process that expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. And so we say "Consider your Adam's Apple."

**"It's toasted"**  
Including the use of Ultra Violet Rays
