FATALITY RECORDED FRIDAY--Elvira Faulkner, who resided on a farm some eight miles west of Muleshoe, was killed apparently instantly, in a grinding intersection crash two miles west of the Progress Gin around 1 p.m. on Friday. Justice of the Peace Jack Bates pronounced Mrs. Faulkner dead at the scene of the crash at 1:42 p.m. William Carl Patterson, driver of the pickup also involved in the accident, was hospitalized for observation. The Jaws of Life was used to remove the body of Mrs. Faulkner, 44 years of age.

Littlefield Drops Mules, 44-0

Friday night, the Muleshoe Mules were defeated by the second ranked football team in the state of Texas. The Little-

field Wildcats came to town to win, and win they did, in a big way. Final score in the game was 44-0 for the very strong, very motivated Littlefield team.

Just one minute and 28 seconds into the game, Ronnie Willard intercepted a Todd Jones pass and returned it 36 yards to put the Wildcats on the scoreboard. Mike Pierce made his first of six good PAT kicks.

By the time the first quarter was over, the Wildcats had put 30 of the 44 points for the game on the scoreboard.

Willard scored again on the Wildcats' first play from scrimmage when he raced downfield for 53 yards at 8:29 of the first quarter, with Pierce making the PAT good.

Speedy Steve Greene made his first of four TD's for the game.

Greene scored on a 46 yard run at 6:33 of the first quarter; and again in the first with 5:11 left to play. He also scored from 49 yards out at 11:25 of the second quarter and added his final TD on a 10 yard

scamper at :14 seconds of the third quarter.

The Muleshoe Mules failed to penetrate the 'Cats tough defense, although Mark Moton did break loose for a 49 yard dash, and did have 107 yards for the game, although the Mules did fail to score in the game.

Penalties were low in the game, with the Mules racking up 35 yards to five for the Wildcats.

Quarterback Todd Jones for the Mules completed four of 14 passes for 45 yards, while Wildcat Quarterback Chris Ayala had five of seven passes for 87 yards.

The Mules punted six times for an average of 30 yards, while the Wildcats punted twice for an average of 25 yards.

This became the first losing season for the Mules since 1977 but Head Football Coach Windy Williams, the coaching staff and the Muleshoe Mules expressed their appreciation to their loyal fans who stayed with them throughout the season.

Trial Dismissed; Re-Filed

According to the Thursday edition of the Lubbock Avalanche-Journal, in a story written by Phillip Hamilton, "Legal maneuvers Tuesday resulted in the dismissal of a civic

case against a Muleshoe man accused of starving a herd of horses in July, and the re-filing of the case.

"Ector County Court at Law Judge Carol Gregg dismissed the suit and ordered the horses, confiscated July 27, returned to their owner, L.F. 'Les' Bruns. The judge ruled that the district judge who signed the impoundment order did not have the jurisdiction to sign the order.

"The trial was moved to Ector County from Bailey County on a change of venue granted by Bailey County Judge Gordon H. Green.

"Bailey County Attorney Linda Elder returned to Muleshoe immediately and re-filed the case with Justice of the Peace Jack Bates. The justice of the peace signed another order impounding the animals.

"Mrs. Elder said Bates was out of town when she needed the impoundment order signed in July. The attorney said she went to District Judge Jack Young because he was the only judge in town. The case was originally filed in the justice of the peace court.

"Bates ruled August 2 the herd had been cruelly treated and ordered the houses sold. He made the decision after hearing testimony from Gail Gallagher of the Lubbock Humane Society, veterinarian Dan Watkins, and Bailey County Chief Deputy Hal Bynum.

"Sheriff's deputies and Lubbock Humane Society officials discovered the starvin'ghorses in a pen 2.3

Harlem Thriller Tickets On Sale With Merchants

Local merchants are assisting Muleshoe High School DECA students sell tickets for the Harlem Thriller-MISD Coaching Staff show to be played at 8 p.m. on Monday, November 12, in Watson Junior High School gym.

DECA says the show promises to be one of the greatest sports attractions ever to be in Muleshoe. It will star Art 'Bones' Smith and 'Sugarfoot' Johnson's fantastic Harlem Thrillers and the 'Mighty, Mighty' MISD Coaching Staff.

Proceeds will go to the Spina Bifida Association as part of DECA's Civic Consciousness Project.

Tickets pre-sale will be a savings for all who purchase their tickets prior to game night. Pre-sale tickets will cost \$2.50 for students and \$3 for adults. At the door, tickets will be \$3.50 for everyone. DECA asks that you please make an effort to obtain your tickets as early as possible.

In addition to contacting DECA students for tickets, merchants and training sponsors who are assisting with ticket sales are; Serv All Thriftway, Main Street Beauty Shop, Muleshoe State Bank, Fry and Cox, Williams Bros. Office Supply, Anthony's, Spudnut Shop, Ben Franklin, Lambert Cleaners, City of Muleshoe, Poyner's White Stores.

Election day is Tuesday, November 6, and all the 'Great Debates' are over for another four years, as voters nationwide prepare to go to the polls to choose national, state and county leaders.

As everyone knows, President Ronald Reagan, and his assistant, Vice President George Bush are being contested by the Democratic team of Walter Mondale and Geraldine Ferraro.

There have been debates, months of campaigning, and millions of dollars spent by each of the candidates, and now the time is here to make your choice.

On a more local basis, the contest drawing the most attention is the candidacy of the two men seeking the 19th Congressional District seat being vacated by Congressman Kent Hance.

Seeking the Congressional seat are Democrat Don Richards and Republican Larry Combest, both of Lubbock. Both are newcomers to the area political scene, although each has worked in Washington.

Richard was a former aide to Kent Hance, who is supporting him in his race; and Combest formerly was an aide to State Senator John Tower, who is supporting his former aide.

Seeking Tower's seat are Democratic Lloyd Doggett and Republican Phil Gramm. Both are well known names in state politics.

On a local basis, the race drawing the most interest is for Bailey County Commissioner of Precinct One.

Following the Primary election in May, incumbent R.L. Scott and contender R.O. Gregory were thrown into a run-off election, with Scott edging out Gregory in the run-off.

However, Gregory decided to seek election as commissioner on write-in campaign and has been busy canvassing potential voters since that time.

Polls will open at 7 a.m. and close at 7 p.m. for the election.

In the May primary, 1559 of the 3666 registered voters went to the polls for 43 percent of the voters making the effort to indicate their choice for the ballot for the election coming up Tuesday.

A total of 153 absentee votes were cast prior to the May Primary election but records fell this week as at 4 p.m. on Friday, the last day to vote absentee a total of 329 votes

Fourth Grader Wins Top Prize For Essay

"Why We Should Vote" proved to be a very popular essay contest among students in the Muleshoe schools, and the many well-written essays were thought-provoking and hit right at home.

In her own words, 10 year old Kristen Chitwood, a fourth grade student at Mary DeShazo Elementary School, told her version of "Why We Should Vote" and as a result, was chosen as the grand prize winner. Kristen will be getting a \$100 U.S. Savings Bond for her efforts.

Other prize winners will be receiving a \$50 bond, as well as a writing pen from The Muleshoe Journal and Bailey County Journals.

No entries were received from Dillman Elementary School, as the kindergarten through second graders did not participate. However, the entries from DeShazo Elementary, Watson Junior High School and Muleshoe High School proved students do think seriously about such an important event as choosing the leaders of our country, our local governments and other agencies.

Kristin Chitwood won the first place at DeShazo, as well as her grand prize. Second place winner at DeShazo was Dustin Elliott, with Angie Krey winning third place.

For Watson Junior High School, Lisa Noble was first place winner; Jason Fuller, second and Christy Pena was third place winner.

From High School, Caryn Durbin was first place winner in the junior class; Sherri Stovall was second for the juniors and Stacy Smith was third.

First place winner for the MHS seniors was Betsy Lunsford, with John Isaac, second and Becky Mardis in third place.

Kristin's grand prize winning essay reads as follows:

Kristin Chitwood
Mary DeShazo

Mrs. Johnson

Why Do We Vote?

I think we should vote! Because our four fathers died just for us to vote. Some of the people in the United States don't understand that if the man your going for is winning that you still have to vote. Every single vote counts. When you vote you are telling people of the United States your feelings about people running for office and laws. If you don't like a law vote against it if you do like the law vote for it.

Some people in Russia can't go to certain places like the church they want but in the United States we voted to have religious freedom.

Voting is very important, you

Friday, Oct. 19, eight members of the "Muleshoe Twisters" Class IV Gymnastic team met at the Lubbock International Airport to catch a flight to El Paso. Those also traveling with the team were coach Bob Cowley, Ricki Kelley, Sheri Hawkins, Margaret Copley, Debra Redwine, Janet LaFrance, and Gail Copley.

Arriving in El Paso Airport Friday night, the girls were escorted to the Granada Royale Homotel by the Homotel limousine.

At 11 am Saturday El Paso Academy of Gymnastics was the scene of the Class IV qualifying meet. Those girls competing from the Muleshoe School were Renee Martin, daughter of Mr. and Mrs. Mike Martin; LaTavia Copley, daughter of Mr. and Mrs. Randal Copley; Jarah Redwine, daughter of Mr. and Mrs. Bobby Redwine; Tina Copley, daughter of Mr. and Mrs. Wayne Copley; Erin Kelley, daughter of Mr. and Mrs. Danny Kelley; Tiffany Angeley, daughter of Mr. and Mrs. Tub Angeley; Lori Givens, daughter of Mr. and Mrs. Dennis Givens; and JeriLynn LaFrance, daughter of Mr. and Mrs. Jerry LaFrance.

Following the "all day" session the girls went shopping and had supper at the "Cielo Vista" Mall in El Paso. Returning then to the Homotel for a midnight swim. The team arrived back home Sunday afternoon.

Those attending the meet were Mr. and Mrs. Dennis Givens and son of Olton, Rita and Heather Martin of Friona, and Mr. and Mrs. Randal Copley of Muleshoe.

The next qualifying meet was held at Midland School of Gymnastics, Saturday, Nov. 3.

Sandy Parks discussion. Mrs. Parks is founder and president of Color Charisma from Atlanta, Georgia. She will explain some of the different ways to approach the subject of color and talk about different color languages. Mrs. Parks will explain how to choose a color analyst and tell why this choice is so important.

Americans are movers. Each year, about 20 million families move and take everything they own with them. Whether the move is to the other side of town or across the country, there are certain steps that should be made to protect your large investment in major home appliances. Joy Schrage is with the Whirlpool Corp. from Benton Harbor, Michigan and she's going to tell several things that will make the move easier on us and on the life of the appliances.

Sarah MacDonald Smith, home economist with AMPI in El Paso, Texas will share some easy recipes for quick quiches or breakfast pies.

On November 8 and 11 viewers will learn to make a homemade pan coat from Connie Moyers, Marketing Home Economist with Southwestern Public Service Co., Clovis. The recipe is easy, quick and economical.

Another guest will be Rita Davenport from Phoenix, Arizona. Mrs. Davenport is considered one of the foremost experts in the area of time management and she will share many timely tips that are practical and workable. She will explain the difference between an efficiency expert and an effective expert.

"The Creative Woman" is produced and hosted by Sheryl Borden. The show airs on KENW-TV, Channel 13 in Portales on Tuesday and Thursday at 12 noon, at 2:00 p.m. on Saturday and at 5:00 pm on Sunday. (All times are Mountain Standard). Viewers can request copies of printed material offered on the show by calling on KENW-TV's toll-free telephone lines. Judge Virgil Mulanax Visits Here On Monday

Judge Virgil E. Mulanax, Republican nominee for Place 1, Court of Criminal Appeals, said he hopes to bring an awareness to the public of who they elect to this Court. Judge Mulanax was in Muleshoe on Monday visiting with local voters about his statewide campaign.

"I am concerned that this extremely important position does not receive the attention it deserves by the voter," said Judge Mulanax. "This is our state's highest court for appeal of criminal cases, yet many voters go to the polls without knowledge of the candidates."

"My opponent's name is Sam Houston Clinton. The catchy name has lured the uninformed voter in this low visibility race. This name appears to be my opponent's greatest asset. I suppose some Texans feel they have been good citizens when they cast their vote for this good Texas name. How else could a former American Civil Liberties Union (ACLU) lawyer with a record of voting for the criminal be elected in Texas?"

Judge Mulanax is only the second Republican in recent history to campaign for a place on the Court of Criminal Appeals. By his campaign, Judge Mulanax hopes to give voters in the general election a decision and a conservative opinion.

"My opponent says he rejects the characterization that he is a

can vote at any age you don't have to be 18 to vote in only 10 and I vote. Voting is not only for Presidents it is for cheerleaders, Student Council. If we didn't vote for certain people know telling who would be in these positions.

It makes me so mad when people gripe that they don't like the way the offices are run because they don't vote but they think their vote doesn't count. They are just lazy to vote. If I could I would make a law in the United States you have to vote or you loose your right to vote.

I hope when I grow up that I read about Senators, socool boards, Governors, Judges, Presidents, and laws and then I can vote wisely. Maybe the people I go for won't win but I will have a chance to vote for my feelings. And that's why we vote.

Mrs. Kirk Dean, who coordinated the essay contest through the Muleshoe School Administration, with Jean Richardson, secretary to Superintendent H. John Fuller, acting as the 'clearing agent' for accepting bond contributions and being the school contact, report an excellent response the bond contributions.

Individuals and businesses who contributed the bonds for the contest include Barbara McCamish, Mrs. Horace Blackburn, Mrs. Inez Bobo, Leo's Blacksmith Shop, Summitt Savings, Muleshoe State Bank, AG Aviation, American Valley, Bailey County Electric Cooperative, Muleshoe Co-op Gin, Muleshoe Journals, Poyner's White Stores, Western '66', First National Bank, Valley Grain, Bailey County Officials, Nichols Gin, Nichols Compress and Farmer's Cooperative Elevators.

In conjunction with the essay contest, a poster contest is being conducted in junior high and high school. The winners of the poster contest were also due to receive a \$50 bond for the winning posters.

liberal who finds ways to reverse criminal cases on a technicality," said Judge Mulanax. "However, Texas Monthly reports that Clinton has voted to reverse two of every three cases in which a written opinion is given. This record seems to support his characterization as a liberal."

Judge Mulanax, 46, has served since January 1975 as 115th District Court Judge in Upshur and Marion counties. Contested campaigns are not new to Judge Mulanax. Although two of his three district judge races have been contested, this is Judge Mulanax's first experience with a statewide race.

"Tintypes," a musical revue, will be presented by the Western Texas College Drama department at Snyder November 15-17 in the Fine Arts Theatre on campus.

The cast lead will be held by Jeff Combs, of Muleshoe, who is a graduate of Muleshoe High School and a sophomore at Western Texas College.

The Texas Tech University Department of Music's 1984-85 scholarship recipient list includes Nicki Hagins of Muleshoe. The clarinetist is a 1984 graduate of Muleshoe High School, and also attended Denver City High School from 1980 to 1982.

A freshman music education major, she received an award from the Music Scholarship Fund, which is supported by gifts from Tech Music Department patrons. Awards from this fund may be presented to any music major, and are renewable based on the student's satisfactory musical and academic programs.

Here, ambulance personnel are working on his leg prior to transporting him to West Plains Medical Center, then on to Lubbock. He was treated at Lubbock, and returned to Muleshoe. He had no broken bones in the accident. The driver of the other vehicle, a man from Slaton, was uninjured in the accident.

Voters To Consider Eight Amendments

When Texas voters go to the polls on Tuesday, they will find eight amendments on the ballot.

In order to make voting go faster and easier, the eight amendments are shown here in miniature form:

Proposition 1: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

Proposition 2: "The constitutional amendment to create from general revenue a special higher education assistance

Harlan Named Farm Bureau New President

At the last meeting of the directors of Bailey County Farm Bureau, officers were elected for 1984-85

Sam Harlan was elected president; Gary Hooten, secretary/treasurer and Lewis Dale, vice president.

Harlan served as vice president last year and has served on various committees for the Bailey County Farm Bureau. He has farmed for nine years, and formerly worked for five years as an engineer with Halliburton.

He graduated from Lazbuddie High School and Texas Tech with a degree in Agricultural Engineering. He maintains a Professional Engineering Certificate. Sam Harlan married Jean Speed of Corpus Christi in 1974 and they are the parents of Barak, age seven; and Stacy and Megan, age five.

They are members of First Baptist Church where he teaches a Young Men's Sunday School Class. He is also a member of the Muleshoe Rotary Club.

As of October 30, 1984, the membership total for Bailey County Farm Bureau is 915 member families, a gain of seven over last year, according to Lewis Dale, county president.

Shelley Sain represented Bailey County at the District Talent Find on Sunday, October 14 at the Holiday Inn-Civic Center in Lubbock.

Gas Company Gets Increase On October 30

Energas Company (OTC) today announced the conclusion of a general service rate increase proceeding filed July 6 with 63 communities in the company's 30,000 square mile service region of West Texas.

As of October 30, a 4.3 percent rate increase was approved by the governing entities of all communities involved according to Robert F. Stephens, vice president of rates and economics for Energas. The rate increase will be effective for billings as of November 1

The rate increase to domestic and commercial type customers will be approximately 20 cents per thousand cubic feet (Mcf) more for natural gas service than under the former rate which was established in 1981.

On an annualized basis, the new rates for that portion of the company's system will generate approximately \$5 million in additional revenues.

Energas is a gas distribution utility serving West Texas. Headquartered in Amarillo, the company has division offices located in Amarillo, Lubbock and Midland.

Open Letter To The Public

Dear Editor:
On November 6, Texans will consider one of the most important constitutional changes that we've been asked to make in recent years.

Proposition 2 on the General Election Ballot gives voters the opportunity to ensure that our public universities have the classrooms, libraries, laboratories, and educational equipment so vital to our students and our future.

Proposition 2 will accomplish four major goals:

It establishes a new constitutionally dedicated fund -- the educational assistance fund -- for all institutions outside the University of Texas and Texas A&M University Systems. Funds will be allocated among these 26 institutions by an equitable formula under strict controls and review of the legislature. This will enable our university to issue bonds on some of the earned revenues, enabling them to plan more efficiently for the future. In the past, funding decisions have been made more on the basis of political pull than on the merits of each request.

It broadens participation in the permanent university fund to include all UT and A&M System units. It continues "excellence" funding at UT-Austin and Texas A&M at College Station and provides Prairie View A&M an "excellence" fund.

The proposal will create a tax savings by bringing all units of the UT and A&M Systems under the bonding authority of the PUF, which is supported by 2.1 million acres of public lands

rather than tax dollars. Proposition 2 will give all universities more flexibility in the use of dedicated funds. Due to limitations on the use of the funds, in the past it has been easier for a school to construct a new building than to rehabilitate an old one. By permitting our university to fund repairs and rehabilitation projects, Proposition 2 will cut waste and encourage a more rational use of taxpayers money.

Although the taxpayers of Texas will benefit from Proposition 2, the greatest beneficiaries will be our students. Our universities are expected to grow in the next 10 years just as the state is expected to continue its growth. If we want to continue to attract industry and investments to Texas, we must have outstanding universities with top-notch facilities as well as faculties.

We can help ensure our future by voting "YES" for Proposition 2 on November 6. Muleshoe Area A&M Club /s/ Max Crittenden

To: Larry Hall, Editor, and the Citizens of Bailey County

On November 6th, next Tuesday, Americans across this nation will again go to the polls to elect our national and state leaders. This particular election presents us all with some very clear cut choices. There is presented a very wide range of issues and differences in positions.

On the national level there are very distinct differences between the presidential candidates. Being the county chair-

man for the Democratic Party, it would be supposed by some that I would endorse the national party platform and ticket. The very nature of the Democratic platform is its diversity. That diversity presents some major problems for many people, myself included. While there portions of the Democratic platform that are good, some portions are not.

The point I want to get across, is that every single voter should do the best he can to scrutinize both of the major parties' platforms. The voter should acquaint himself with the candidates views and policy plans. The bottom line is that each voter should get out and exercise that most precious right we enjoy as Americans.

The right to vote!

I take the point of view, that the right to vote is by far our most important, but most taken for granted right. It is very funny to me that 50% to 60% voter turn out is considered exceptional. In my opinion 75% voter turn out should be considered mediocre. There should be a 90 to 100% turn-out for every election.

I have some very definite preferences on how I will vote. I don't intend to use this letter to endorse any particular candidate or ideas (though there is an exceptional Democratic ticket from the 19th Congressional seat on down through the Bailey County Offices.) My motivation for this letter is to encourage everyone who is registered to vote, to simply get out and vote. Vote for what you think is best and who is best, but by all means, get out and vote!!

Before closing I would like to point out the difference your vote can make. On May 5th, the Democratic Party Primary produced a run-off in the Senatorial race. Being a Kent Hance fan for several years, I was, as were many, convinced Kent could win the run-off with a strong turn out from this area. When June 2nd came voter turn-out statewide was down. It was particularly down in this area. Had Bailey, Cochran, Lamb and several other counties just turned out the same number that had on May 5th, Hance would have won easily and there would not have been any need for a recount. So, do not neglect getting out and vote, it make a difference.

I would like to thank all of those individuals who take the time to help with the elections. Be it a party primary, general, or special election, these people

DESPITE DEMO DEMAGOGUERY

Taxpayers Better Off Today

[GUEST EDITORIAL]

AMERICAN taxpayers got the good news this week that the Reagan tax cut of 1981, which ends "bracket creep" as of Jan. 1, 1985, will let them keep a few extra dollars in their pockets next year.

At the same time, Social Security recipients learned that their benefit checks will go up by 3.5 percent on Jan. 1, putting to rest fears raised by the campaign demagoguery of Walter Mondale, Lloyd Doggett and certain other Democratic candidates.

Both circumstances are pegged to the fact that inflation as measured by the Consumer Price Index rose at a rate of 4.2 percent this year.

That compares to a rate of 12.4 percent in 1980, the last year of the Carter-Mondale administration, and shows how well the much-maligned Reagan-omics is benefitting all Americans.

IF INFLATION had continued at the rate sustained in the late 1970's, prices today would be much higher, hurting everyone, especially low-income families.

Until this year, moreover, a liberal-spending Congress could count on an automatic tax increase to help cover its ever-increasing array of transfer payments to non-needy blocs of voters.

A \$25,000 one-earner family whose income just barely kept pace with inflation would have had to pay \$142 more in taxes next year, for example, even though its buying power was reduced by inflation.

Under the Reagan tax program, that family will be protected against such bracket creep - as will be all others - and its tax bill will be reduced by \$51 from what it otherwise would be.

LIKE ALL OTHER wage earners, however, its Social Security taxes will go up as earnings rise, of course, and as the payroll tax on the first \$39,600 of earnings climbs to 7.05 percent as a part of the program to keep the system solvent.

Because of the low inflation rate, benefit payments will not have to jump anything like the 11.2 percent that was tacked on in 1981 to keep recipients up with the cost of living.

Instead, the retired couple now getting \$750 a month will get a \$26 increase to \$776. An elderly widow now getting \$401 will get \$415 a month. That's up 108 percent since 1975.

What it all means is that, despite Congress' refusal to cut entitlement programs enjoyed by the non-needy, both those who are dependent on Social Security and those who pay taxes are better off today than they were four years ago.

November 11

One can understand the emotions of World War I veterans who dislike observance of Veterans' Day in October (on a Monday to create a long weekend) in place of November 11. These veterans will always associate November 11 with its end, in 1918.

For the western world, the first World War is the great tragedy of this century. It produced communism and doomed a way of life that offered much elegance. It also produced World

War II, with all its horrors. Surely the slaughter of the flower of manhood from so many European nations in the senseless trench warfare of 1914-18 is one of the most distressing and unbelievable chapters in the history of western civilization.

But even though World War I has a special pain and nostalgia for many, those who fought in World War II look at May 8 and August 14, and those who fought in Korea and Vietnam, remember different days.

NEWS NOTES

ORGANIZED CRIME

NEW YORK -- The reputed head of the Colombo organized crime family and 10 members of his organization have been indicted on federal charges, U.S. Attorney General William French Smith announced recently.

OPEC OIL

GENEVA, SWITZERLAND -- Saudi Arabia's oil minister declared recently that OPEC oil prices would remain unchanged and key oil ministers discussed reducing output to resist pressure for lower prices.

JAPANESE MAFIA

NEW YORK -- A Japanese organized crime gang on the West Coast and Hawaii has apparently extended its operations to New York, officials of a presidential commission said recently.

INCIDENCES UP

ATLANTA -- Gastrointestinal illness is increasing among children in day care centers, including the appearance of an untreatable disease never seen in humans before 1976, the U.S. Centers for Disease Control reported recently.

George P. Shultz, Secretary of State:

"Fighting terrorism will not be a clean or pleasant contest, but we have no choice but to play it."

PROGRESS CLAIMED

EMERYVILLE, CALIF. -- Scientists say they have discovered new ways to fight some forms of cancer-turning cancerous cells into apparently healthy cells by blocking the action of a cancer-causing enzyme.

FARMERS & PROGRAM

WASHINGTON -- Thousands of farmers signing up for 1985 government feed grain programs are finding they still owe \$244.4 million paid to them two years ago when they signed up for the 1983 program.

SALES OFF

DETROIT -- Domestic auto sales fell 6.5 percent in mid-October, mostly due to strikes in the United States and Canada against the industry giant, General Motors Corp.

GETTING HELP

ORLANDO, FLA. -- Citrus producers who were forced to burn seedlings purchased from seven nurseries afflicted by citrus canker will get federal compensation for their losses, U.S. Agriculture Secretary John Block said recently.

Margaret M. Heckler, Health and Human Services secretary:

"The boost assures that those who depend on Social Security will have their standards of living keep pace with the economic recovery."

Many ponderous issues confront candidates for the United States Senate:
 What sort of society will we live in?
 What sort of world will we leave our children? And of course...
 What sort of television commercials does the other side have?

NEWS REPORT FROM WASHINGTON

The Poll Question-The Spread-1948 & 1984-Mondale Handicap-

WASHINGTON, D.C. -- By the time you read this, the presidential election will be over. Some polls will have been proved "righter" than others.

Political observers noted all during 1984 that the major polls were often widely apart. In late October Harris was showing President Reagan leading by only 9 or 10 points while USA Today and the CBS-New York Times polls showed Reagan ahead by 20 to 25 points.

Some say the Harris poll is a Democratic poll. That's not true, but it's true that Democrats often commission its samplings.

The polls have a curious (and suspicious) tendency to narrow their gap on the eve of elections. In close elections, the polls have also seemed to narrow the gap between the candidates -- as if hedging their bets.

And the polls are not always right. While the size of the lead registered by Reagan indicated strongly they were right this year, in closer elections they can be wrong.

That happened in the 1948 presidential election and it happened this year in New York. Just about all polls agreed on the eve of the New York Democratic primary that the contest between Walter Mondale and Gary Hart was very close. It wasn't.

How does one explain that? Mondale missed a bet by not pointing to that failure when all the poll results were working against him in the final weeks of the campaign.

He was right in saying the polls are not always right. He knew the polls were discouraging potential supporters; voters felt the Mondale cause was hope-

less, because the Reagan lead was so large.

Polls, then, do affect campaigns especially when the gap between candidates is quite large. And this was a Mondale handicap in 1984.

1984 DEFICIT

The federal government ran up a \$175.3 billion budget deficit in fiscal year 1984, down from the all-time record set last year but still the second-largest flood of red ink in U.S. history, the Treasury Department announced recently.

Social Security benefits to increase 3.5% in January.

Debate Key

In determining who won a political debate, such as recent presidential candidate debates, more than meets the eye comes into consideration.

It's not simply who made the most reasoned and informed proposals. Much of the electorate isn't well enough informed to know who did that, even after a ninety-minute discussion.

Image--in this TV age--plays a major role in convincing viewers. Personality, delivery, a sense of humor, and everything else that makes up charisma, are factors.

Because of this, some critics of candidates' debates say they should be discontinued. They claim debates don't change votes, are not really debates, and are mostly personality contests.

Even if that's an accurate assessment, and it probably isn't, televised debates are a logical, beneficial part of the democratic process in this TV age. They don't distort candidates any more than some print media articles.

MORE WOMEN

American women are pursuing higher education in ever greater numbers. Women now outnumber men at the nation's universities, the Census Bureau said recently.

A&M dean says
students need more
humanities courses

COLLEGE STATION — Students seeking specialized technical degrees might be better served if their college curriculum included more humanities courses and advanced specialization courses were left for continuing education after graduation, says the new dean of Texas A&M University's College of Liberal Arts.

"No one in a specialized discipline is going to finish his or her education when he gets his bachelor's degree. We must have continuing education throughout our careers," said Dr. Daniel Fallon, who was recently confirmed as dean of Texas A&M's 2,400-student liberal arts college last week.

Fallon, an experimental psychologist, comes to Texas A&M from the University of Colorado at Denver where he has served as the dean of the College of Liberal Arts and Sciences since 1976.

The new dean said that although graduates in liberal arts have a hard time finding jobs initially and their first jobs may be at a low level, their employment situation improves greatly over time.

Fallon said that two and a half to three years after graduation, there is virtually no unemployment among liberal arts graduates and their average salary is two and a half times their starting salary.

Why You Need To Vote

Voting is the democratic way that people decide and choose their leaders. Voting is a way to voice our opinion. That is one of the great things about this great country that we live in. Voting gives us the right to complain if we don't like the way things are being run. We must vote to keep this nation, our cities, schools, and organizations free as it's the only way to control the government.

Voting isn't always political, it is a way to get involved, and participate in life.

Vote

It is important for people to vote. People need to find out about the people that are running for office and then vote. We can find out about who we want to vote for by reading papers, watching debates, watching TV, reading magazines, and listening to the radio. After they have found out who they are going to vote for they go to the poles and vote.

People should vote because it is one way they have a chance to have the country run like they would like it. Voting is also a privilege. In some countries they can not vote. It is also a duty.

Why You Should Vote

Voting is an asset to American society. We have the freedom to choose what is best for us and our family and to choose our future. I strongly believe that we make our future and by not caring, we are simply tossing ourselves into foreign hands. By voting, we are having our say in our nation, thus influencing our future.

Many people have died to make this nation what it is - free and great. Should we ignore our right and American duty and not vote!! If we do, we have let many brave soldiers die in vain! Many people protest wars and those who fought in them, saying our country has gained nothing. November 6th, voting day, a day to cast our ballots and take part in our nation's future is what we have gained! Two hundred and eight years of commitment and hard work has been laid down by our forefathers. Should we forget this by not going to the polls?! Many people feel that their vote doesn't count. If it didn't count, do you think our government would go to the trouble to arrange elections if they didn't amount to a "bowl of beans"? Would candidates spend one year of their lifetime traveling the country and campaigning?! No! Your vote does count! Your vote (along with others) is what put Ronald Reagan in office. Go to the polls because your vote is important and needed. (Votes are like pennies, everyone counts)

Finally, I would like to say that voting is an earned privilege we are entitled. Shouldn't we take advantage of it? The future is laid in our hands and what we do with it is up to us. Vote November 6th, after all, you have nothing to lose and everything to gain.

Some Good Reasons Why You Should Vote

Jason Fuller

Voting is a chance to have a voice in your government.

You have an obligation as an American citizen to vote. You need to keep your country free from communism by voting. Vote and fulfill your job as a citizen in America and maintain the democracy our forefathers fought for. It is your obligation to stand up and have your vote counted.

Voting can be considered as a privilege. In America you have the freedom to vote for the candidate of your choice. You have the freedom to voice your own opinion about the government as in certain other countries you would not have that privilege.

It is your opportunity too. Your vote will count on how you think the Social Security System should be run. You can have some input in the Economic System if you vote. You can have your say about Civil Defense if you vote.

I have given you several reasons to vote, so on November 6, do not lay around get up and vote.

Christy Pena

Why Do We Vote?

Why is it important for people to vote? It is important for people to vote because our country would be completely unorganized without the system of the President, Vice President, and everybody else who makes our country a great country. People sometimes think that they are just one person and their vote does not count, so they choose not to go to the polls and vote. Not true -- every person's vote counts and if you do not go vote, somebody that you do not like may be elected.

People like to complain about how the government is raising taxes, and spending too much money on foreign aid. But they forget that **WE ARE THE GOVERNMENT** we elect people that we think would do a good job for us.

The Junior High students in Muleshoe are holding a mock election trying to help students learn about the election process, and encourage students to vote when they are 18 years old or older. In order to vote students had to fill out a card and trade it in for another card this is called registering to vote. This is the first step in registering to vote.

By November 6, we are supposed to make our decision and vote for the one that we think will do a good job. This will give us an idea of what it is like to vote.

There is a commercial on T.V. that tells you to take a friend to vote. To me this means encourage your parents, relatives, and friends to go and vote. This makes so much sense because everybody needs to vote blacks, whites, hispanics, men and women.

Citizens like to demand their rights, but often forget that voting is a responsibility that we all have. You have earned your rights. GO VOTE!!

Caryn Durben

Junior

Why You Should Vote

The basic law of our country, the United States Constitution, provides us with our right to decide issues and to choose our leaders and governments. This right, the freedom to vote, is essential to self-government.

The United States of America will be a republic only so long as its people can vote fully for the candidates they think will govern best.

A citizen who is too lazy or apathetic to vote is throwing away one of his most precious rights. He is deliberately disregarding the right to have a voice in his own government. But many voters become so indifferent that they do not vote. This indifference is what causes dishonestly to creep into our government.

Winston Churchill linked the voting privileges with democracy when he said, "The foundation of all democracy is that the people have the right to vote... At the bottom of all the tributes paid to democracy is the little man, walking into the little booth, with a little pencil, making a little cross on a little bit of paper..."

Our right to vote is sacred. It is our chance to be heard. It is our voice chanting our opinion across this country. It signifies our importance, and it is our freedom.

Sherri Stovall

"Why You Should Vote"

People of America should vote in the upcoming election. The United States grants a special privilege: the freedom of choice. Sometimes the choices seem limited, but at least a choice is there, and people should be thankful every day of their lives for that choice voting seems to have taken a backseat in the lives of Americans, they are always making excuses for not voting. Has anyone taken the time to think what could happen if most Americans did not vote? America could literally breakdown. If people do not exercise their right to vote, America might as well invite Russia to take over. Citizens in the United States need to remember the millions of lives lost in the fight for freedom and do their part in keeping freedom alive by voting.

Stacy Smith
Junior

To Vote Or Not To Vote

Your vote - how important is it? Voting should be a top priority in the life of each American. American people have the rare privilege of voting secret ballot for the person they feel can guide and improve our nation the most. There are many people who do not realize until it is too late that by simply not voting, they may be handing the presidency to someone they feel is completely incapable. Therefore each person's vote is essential. In many cases a presidential candidate loses by only a small margin; a big contribution to his loss is the amount of non-voting Americans. Many Americans are more than willing to gripe about the president and his ideas but will not get out and vote. I can not, nor can anyone else, stress the importance of each individual's vote. One must always remember their future depends on their decision to vote or not vote.

Betsy Lunsford

Voting: The Principle of Power

Voting is a freedom that all Americans should exercise to the fullest. The right of choice is expressed through voting. A

vote for all qualified citizens distinguishes America from other nations. Voting is an axis on which government rotates. A founding principle of the American system of government is popular sovereignty.

Popular sovereignty means that the power rests with the people. One of the main characteristics of the American system that directly reflects the principle of popular sovereignty is representative government. This means that the people govern indirectly through elected representatives. The representatives are elected through the voting process. Thus, broken down, the power of the system stems from voting when a person fails to vote, that person loses a voice in government and the power to choose. The voting process is also unhampered by discrimination. No one individual's vote is given precedence over another's.

The power of the American system rests with the people. This power is derived from the people taking an active role in government. Voting enables qualified citizen to play that part in government.

John Isaac
Senior

The Importance of Voting

In the beginning of time the first real opportunity of making a choice bearing any kind of real impact occurred. Eve's choice to take that first fateful bite of the forbidden apple and Adam's choice to follow her, exemplifies this ideal. The choice Adam and Eve made is one which they had to live with, and one which every person alive today must live with. Voting, in the same way, is a choice of a person or a document that will affect the voters everyday life and the lives of those people following him.

In the United States a serious choice must be made every four years. This choice is selecting a leader of the country. Since the power of the United States is with the people, they must exercise their power by voting. People should not only vote, but they should take time to know who they are voting for so that they can make a decision on electing someone who will benefit the country and not hurt it. If the people of the United States do not vote they defeat the whole system of the representative democracy, and they also negate all the principles that the American people have fought for, for the last two-hundred years. Overall, voting is a privilege, a power, and a necessity if the United States is to be run by the greatest

system in the world, the representative democracy.

Why You Should Vote

Over two centuries ago when our nation was young, King George III of England ruled the thirteen colonies with ruthless cruelty, enforcing inhumane laws and giving the people no voice in the government under which they were being ruled. Resentment and rebellion grew to overwhelming proportions and the people of the colonies strained against the shackles which bound them to England. In the Revolutionary War of 1776, independence from England was gained and a democratic form of government was set up. Today, the political right to vote is the privilege of every qualified American citizen and it is vitally important that every American takes advantage of this privilege.

We, the American people, have the obligation to take part in politics and political elections. If we do not, the possibilities of what could happen to our country are alarming. In Germany, the Nazi Party came into power because the people did not exercise their right to vote. If the people of the United States were to allow the government to take control, we would be in a worse situation than before we gained independence from England. By voting, we express our public opinions by accepting or rejecting proposed policies and we maintain our voice in government.

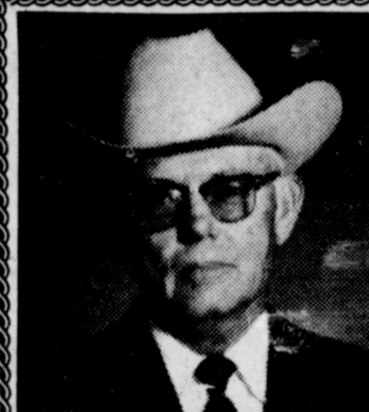

Many precious lives were sacrificed by our forefathers be-

cause they felt it was important for the people to have the freedom to choose our leaders and to approve the policies which will affect our lives. When we vote, we keep our voice and control in government and are able to express our opinions. Most importantly, however, we prevent a Communist form of government from overtaking our nation. Voting is an act of patriotism that, when exercised by Americans, makes our leaders proud and determined to keep our great country strong. It is vitally important that we Americans vote in every election and keep our nation strong and free.

Richards Says Combest Funded Out-Of-District

Don Richards, Democratic nominee for the upcoming congressional election, this week noted his opponents' "large contributions from outside the 19th Congressional District."

Finishing up a district-wide tour with Congressman Kent Hance, Richards said election reports from the Federal Election Commission indicated that his opponent, Republican Larry Combest, had received "the large majority of his contributions from sources outside the district, with most of that outside the state."

"I owe my debts and obligations to the people of the 19th Congressional District," said Richards. "When it comes time to vote on the Farm Bill, or any legislation which affects West Texas, my loyalty will be to the people who have contributed to me and supported me. I will not be obligated or owe my election to people in Chicago, Washington or New York where many of my opponent's contributions have come from."

"Don Richards will be an independent congressman," said Hance, speaking in behalf of his aide for five years. "He knows this district and its people and how to protect them. He will not be a rubber-stamp for anyone -- not Tip O'Neill or whoever is President. That's what is good about Conservative Democrats, they have remained independent and are not forced to vote the party line of President Reagan or that of the Democratic leadership."

"Don will be independent when it comes to writing a new Farm Bill to help our farmers. He will not be stuck with the Administration's version of farm legislation."

BIBLE VERSE

A prophet is not without honour, save in his own country, and among his own kin, and in his own house.

1. Who spoke these words?
2. Where?
3. Where are they recorded?

Answers to Bible Verse

1. Jesus.
2. In Nazareth.

Tom Richards Joins Tower For Combest

U.S. Senator John Tower and Tom Richards, former Democratic Congressional candidate, toured the 19th District of Texas

ESPECIALLY FOR CUSTOMERS--Customers at Pay and Save Wednesday were greeted by this sight peering out at them from the meat market.

with Republican Congressional candidate Larry Combest on Tuesday adding their endorsement and support to Larry Combest.

Tower spoke highly of Combest, who was a Tower legislative assistant in Washington for seven years, saying Combest is a whiz in agriculture. "Combest understands the agricultural economy and the other economic factors such as oil and gas, business and ranching," Tower said.

Tower said Combest will have the influence in the House of Representatives to be effective

for West Texas. "He will have access to the White House," Tower said. "His opponent will not have clout because Democrats will not have much to say in their party."

Tower told the crowds, "It doesn't make sense to send Reagan back to the White House and fail to support him."

Tom Richards endorsed Larry Combest during the day long tour. "It is not a question of party but philosophy and Combest is of a sound conservative nature," Richards said. "He has the philosophy of West Texas."

Democrats, Independents Endorse President Reagan

AUSTIN--A group of prominent Panhandle Democrats and Independents led by former Mayor Jerry Hodge of Amarillo has endorsed President Reagan, Governor Allan Shivers, Chairman of Texans for Reagan, announced today.

"Voters in the Panhandle gave President Reagan a big victory in 1980, and we are once again counting heavily on support from Democrats and Independents in the Panhandle to help us carry Texas for President Reagan," said Gov. Shivers.

"I will be voting a 'split ticket' again this year," said Jerry Hodge. "I believe many Texans who consider themselves Democrats will vote for the best qualified candidate for President, and thus will split their tickets to vote for President Reagan," Hodge said.

"I am strongly convinced that it is essential for America that President Reagan and Vice President Bush be given a second term to finish the work they have started in rebuilding our economy and providing a strong national defense," Hodge concluded.

Gov. Allan Shivers served as Governor of Texas from 1949

until 1957. He is currently state Chairman of Texans for Reagan, the Democrats and Independents outreach program of the Reagan-Bush '84 campaign.

The list of members of the Panhandle Democrats and Independents Steering Committee for Reagan-Bush is attached.
