SENATORS URGE ROOSEVELT AS PEACEMAKER

Shower Breaks Long Rainless Spell Here

B&PW Praised By Mayor In Proclamation

Declaring the Business and Professional Women's club of the U. S. and of Pampa is "one of the unique American institutions that contributes to the American Way of Life."

The week will be observed in Pampa by the local club beginning today when the club will attend the First Christian church in a body.

WHEREAS the Business and Professional Women's club in the U. S. as well as in Pampa is one of the unique American institutions that contributes to the American Way of Life...

WHEREAS the B&PW clubs exemplify high ideals of service, fair play, and fraternal relationship to the extent that their influence is felt in the social, moral and economic life of the communities in which they operate...

WHEREAS the B&PW club of Pampa has added immeasurably to the economic progress of the Pampa community, and has set an enviable example of leadership in civic building and accomplishing truly American projects...

WHEREAS the week of Oct. 8-14 has been designated as National B&PW week I hereby call upon all Pampans to cooperate to their fullest capacity to observe this week in the manner outlined by the local club.

Mayor E. S. Carr.

Finland Expected To Resist Russia

STOCKHOLM, Oct. 7 (AP)—Finland tonight announced the calling up of new army reserves while delaying a reply to a Russian invitation to a conference in Moscow.

Although the two developments were not linked officially, observers said they regarded them as significant in the timing of the call to the colors.

Invitations to Finland's small Baltic neighbors to send envoys to Moscow have cost them sweeping concessions to Russia's expanding power.

Finland was not expected to give as readily as Estonia and Latvia. Finland was said to be in a stronger position than Latvia or Estonia but observers said her position seemed hopeless, especially since Germany is not resisting the Russian thrust into the Baltic.

173 Apply For 1940 Wheat Insurance

Applications for 1940 wheat crop insurance in Gray county total 173, according to the final tabulation made Saturday by the office of the county farm agent.

Insurance on the crop of the 173 applicants will cover 182,442 bushels of wheat at a cost of 46,530 bushels.

Hitler Plans Air Raids On British Isles

By KIRK L. SIMPSON Associated Press Staff Pending more definite Franco-British rejoinder to the Hitler "peace move," neutral speculation centers on the extent to which the German leader's Reichstag speech may indicate German war plans for the immediate future—if it is to be war.

Military minds found considerable of significance to interest them in Hitler's words. His speech may have hurried a missing factor without which the possibilities or probabilities of early ruthless war in the air in western Europe were not previously clear.

It is not lost upon such trained outlookers that Herr Hitler, in drawing his graphic word picture of what continuation of the "unthinkable" war in the West would mean, talked almost wholly of war of the air.

His picture of long range French and German guns pounding away at enemy towns and cities far behind the front argues against a German plan to attempt to crash through the deeply fortified French Maglot line. Likewise, it spells out German confidence that his own biplane force can hold out against any assault.

To the German leader, as to all military folk, it is the air power factor that alters the probable scope and nature of this war from any that the world previously has seen. It was the airways of attack he had in mind.

"Whatever cannot be reached by the long-distance guns will be destroyed from the air," he warned. "This battle of destruction will not be confined to the land. No, it will reach far out over the sea. Today there are no longer any islands.

There can hardly be a doubt that Hitler was calling up visions not only of German air fleets raining destruction upon the British Isles, but upon British merchant shipping and war craft as well.

But that the sinking leaves some hope that the crews may escape in ships' boats, even if the attack comes without warning. Air attack on merchant craft, with bomb splinters striking down on passengers and crew, could be more terrible than unrestricted undersea warfare.

Western Attack Unlikely The toll taken by German U-boats of allied shipping is as yet negligible by figures of the British admiralty. But combined air and undersea attack is a phase yet to be tested in actual war. In war times, even lesser merchant craft afforded fairly stable firing platforms for guns with which to beat off submarines attacking on the surface. Whether they also can be adequately equipped with anti-aircraft guns and crews to beat back bombers remains to be disclosed.

In any event, there is nothing about the Hitler speech to suggest that Germany now contemplates a headlong assault on the British defenses along the Franco-German border, or even another thrust across Belgium such as the German sweep of 1914. He specifically warned France that bombardment of Saarbrücken from the French-held "balcony" overlooking that German territory will in turn lay Mulhouse in ruins.

Out of that renewed Hitler intimations of no desire to violate Belgian neutrality, military students can build up further the thesis that neither side is grooming its forces for a major attack on the west front before next spring or early summer.

Grid Injuries Fetal SYRACUSE, N. Y., Oct. 7 (AP)—Carl Walters, 17, Manlius, N. Y., high school football player, died yesterday in a game with the Baldwinsville high school eleven.

Mayor Urges Pampans To Share In Fire Prevention Week Program Mayor E. S. Carr today set in motion a program to make Pampa a safer city in which to live by issuing a proclamation declaring the week of October 8 as Fire Prevention Week in Pampa.

The mayor will be assisted in his campaign by Fire Chief Ben White and his committee which has arranged for speakers to attend all civic club luncheons, schools and club meetings urging cooperation in the program.

School children of Pampa will be home inspectors' helpers to fill out, with the help of their parents, firemen, will make a check of business houses to see that fire doors are not blocked, determine if fire extinguishers are filled, to see that coils are not being used behind fuses, and check on other hazards.

R. O. Hughes will report the program to the chamber of commerce members Tuesday noon. Harold Wright will speak to the Rotarians on Wednesday. Firemen will demonstrate electric hazards

to the Lions on Thursday. Alvin Bell will speak to Kiwanians Friday.

Paris Oden will be in charge of a program at high school assembly while firemen will present demonstrations at all other schools in the city.

The mayor's proclamation follows: To all to whom the presents shall come: WHEREAS, throughout its history the City of Pampa, Texas, has suffered loss in lives and property due to fire; and

WHEREAS, the loss of a single life is too great a toll to pay as the price of carelessness; and WHEREAS, statistics reveal that many of the losses suffered by fire may be traced to carelessness and the failure to use appropriate fire prevention methods; and WHEREAS, all citizens should be desirous of retaining the low insurance rates which have been

Salvation Army Drive Will Begin Tomorrow

More than 50 Pampa business and professional men, members of the city's various service and fraternal organizations, will meet at a "kick-off" breakfast in Hotel Schneider at 7:30 a. m. tomorrow to launch the annual city-wide canvass for Salvation Army relief funds.

The Rev. W. M. Pearce, pastor of First Methodist church, will be the speaker, and Envoy Frederick M. Lange, of Dallas, will outline the work of the drive.

Immediately following the breakfast, solicitors representing the Lions, Kiwanis, Rotary, Junior C. of C., Legion, and Foreign War vets will begin a systematic canvass of the city in an effort to raise \$5,000 needed for the city's relief fund during the coming year.

Chairman Arthur Teed, of the Salvation Army advisory board, and general manager of the campaign, also will speak briefly at the breakfast.

"We must remember," Chairman Teed said Saturday night, "that this year the Salvation Army is the only agency in Pampa that will attempt to handle the city's entire relief load. The Pampa Supplementary Relief Fund has gone out of existence. There will be no other

API SPEAKER H. G. (DOC) WALTER Principal speaker at the first fall meeting of the Panhandle chapter of the American Petroleum Institute Tuesday night in the city auditorium will be H. G. (Doc) Walter, above, district geologist for the Texas company with offices in Pampa. His subject will be "Geological History of the Earth."

A motion picture on the construction of the Golden Gate Bridge will also be presented. The meeting will begin at 8 o'clock and the general public is invited to attend.

Sydney Yokley Barely Escapes Serious Accident NEW YORK, Oct. 7 (AP)—The first serious casualties of the Madison Square Garden Rodeo put Homer Pettigrew of Grady, N. M., and Vic Schwarz of Wichita Falls, Tex., out of competition tonight.

Pettigrew suffered a broken ankle when he was thrown from his horse during the calf roping event. Schwarz was stricken with appendicitis just before tonight's performance. The Garden physician recommended an immediate operation, but Schwarz refused and took a plane for his home.

Sydney Yokley, the 17-year-old girl calf roper from Canadian, Tex., barely escaped a serious accident when her horse fell. She was dazed and missed her catch when she tried to continue the run.

James Kinney of Comstock, Tex., won tonight's calf roping competition in 20 1/2 seconds, the best time of the rodeo.

Islands As Payment Of Debt Suggested WASHINGTON, Oct. 7 (AP)—Senator Clark (D-Mo.) suggested today that Great Britain and France cede their island possessions in the western hemisphere to the United States as part payment on the World War debt.

"If we obtained these possessions," Clark said in an interview, "it would obviate any danger that they would be the object of attack from other European powers in a war in which we had no part.

"They would be more of an economic liability than an asset, but for strategic reasons they might be valuable."

Cotton Picker Says He Slew His Wife BONHAM, Oct. 7 (AP)—Sheriff Henry Chaney of Fannin county said tonight that W. J. (Bill) McCain, 43, had made a signed statement admitting the slaying of his wife, Eva McCain, 35.

Two R. Smiths May Run For R. R. Commission AUSTIN, Oct. 7 (AP)—Behind the scenes talk of next year's political wars quickened a bit today with the mention of Harry H. Ford of Houston as a possible candidate for railroad commissioner.

Political opponents have long figured Harris County Judge Roy Hofheins as a candidate against the incumbent, Lon A. Smith. A threatened complication is the possibility that two Smiths with similar names might be in the campaign. Lonnie Smith, former state representative from Fort Worth, has said he was thinking of becoming a candidate.

Hill Asks For Writ To Halt Pension Slash

Senator Seeks To Enjoin Payment To Dallas Bank

AUSTIN, Oct. 7 (AP)—Assertedly attempting to stave off at least part of the \$6 per pensioner slash ordered by the public welfare board, Senator Joe Hill of Henderson filed an injunction suit in district court here today.

On behalf of three old age pension recipients and a taxpayer, Hill sought to enjoin payment by the pension administration of \$1,338,000 to a Dallas bank, the petition alleging liquidation of the debt was illegal and unconstitutional. The funds were borrowed in 1937 to keep pensions at a level prescribed by statute.

District Judge Ralph Yarborough set a hearing for 5 p. m. Monday. The first payment on the loan, \$138,000 plus \$16,700 interest, is due Tuesday. The legislature also authorized payment of \$200,000 and interest each month thereafter through August from pension revenues.

"Payment of the pension funds to the bank at this time will result in incalculable harm to thousands of aged who are wholly dependent on the meager amount they get from the state," Hill said. "The transaction with the bank, in my opinion, represents no more than a moral obligation. The state now owes the same kind of obligation to these old people and they should not be cut for the bank to get theirs at this time.

"This whole situation would and could have been avoided by the passage of a tax bill to pay pensions. I feel that the age should get their few dollars first under conditions, and then the bank should get theirs."

Holds Act Void Hill's petition asserted the legislative act authorizing payment of the loan was void because it contravened the constitutional provision no debt could be created for the state except to supply casual deficiencies, never to exceed \$200,000.

It contended that if the loan payments were made, pensioners would suffer undeserved injury in that their needs, on a basis of investigation by the administration staff, had not decreased.

It asked the court to instruct the welfare board that pensions be maintained on the September basis, when 121,000 recipients received \$1,700,000, and if there were insufficient funds, the reduction be prorated as authorized by statute.

Hill, a frequent critic of the governor, was slated to make a radio address over a Fort Worth radio station (WBP) tomorrow (10 a. m.)

Meanwhile pensioners awaited the regular Sunday morning radio talk by Governor W. Lee O'Daniel which last Sunday promised them another plan whereby he hoped to avert the pension cut. Attorney General Gerald C. Mann had ruled the governor's first suggestion—public subscription of \$2,300,000 to pay off the complete loan—unconstitutional.

Restoration of an independent Poland and Czechoslovakia also have been cited as war objectives.

But allied proposals for creating a new order in Europe have been urged in political quarters and in the press long since before the outbreak of the war.

Chairman Pittman (D-Ne.) of the senate foreign relations committee voiced the opinion the President would not hesitate to "make any appropriate suggestions" for an European peace conference.

Declaring he had not consulted the White House, Pittman added that it would be "too much responsibility" for the chief executive to undertake the formal role of mediator or arbitrator.

Senator McCarran (D-Ne.) urged caution against a repetition of what he said was the "great mistake" that Woodrow Wilson made in taking an active part in the Versailles peace conference.

"I see no reason why the President should not lend his good offices toward bringing about peace."

Cancer Surgeon Dies NEW HAVEN, Conn., Oct. 7 (AP)—Death ended today the career of Dr. Harvey Williams Cushing, internationally famous brain surgeon, author and teacher.

I Saw Aubyrey Steele, high school history teacher and a graduate of University of Oklahoma, ready to give the raspberry to Kenneth Corman, dramatics teacher and Northwestern University graduate, whose alma mater lost to the "P-C's" yesterday 23 to 0. War Aims Of Allies May Be Outlined

LONDON, Oct. 7 (AP)—A detailed statement of British-French war aims, describing the kind of Europe the western powers want as a reply to Adolf Hitler's peace proposals, was foreshadowed tonight in the British press and commented on political circles.

Any possibility of acceptance of Hitler's terms or even negotiation on the basis of them appeared to be ruled out in the light of yesterday's British government statement and sharp newspaper editorials.

A reply more detailed than yesterday's statement was planned by Prime Minister Chamberlain in a House of Commons speech, probably next Wednesday in his weekly war report.

Discussion centered mainly tonight, however, on the prospect that Hitler's Reichstag speech would hasten an announcement of the specific war aims of the allies and the terms upon which they would enter into negotiations with Germany.

Lord Halifax, the foreign secretary, indicated as much in the House of Lords Wednesday when he said any peace proposal from Germany would be examined with care and added:

"I certainly did not rule out the suggestion that there might be a possible and desirable opportunity for some reasoned statement of policy adopted by this country before the world."

In general terms, Chamberlain has described the war aims as the removal of "Hitlerism" and the redemption of Europe from "the perpetual threat of German aggression."

Restoration of an independent Poland and Czechoslovakia also have been cited as war objectives.

But allied proposals for creating a new order in Europe have been urged in political quarters and in the press long since before the outbreak of the war.

Chairman Pittman (D-Ne.) of the senate foreign relations committee voiced the opinion the President would not hesitate to "make any appropriate suggestions" for an European peace conference.

Declaring he had not consulted the White House, Pittman added that it would be "too much responsibility" for the chief executive to undertake the formal role of mediator or arbitrator.

FDR Silent As Sentiment Grows Strong

Wheeler, Johnson Ask President To Become Mediator

Washington, Oct. 7 (AP)—A strong wave of sentiment developed in the Senate today for President Roosevelt to step into the role of peacemaker in Europe.

Sensors on both sides of the Neutrality controversy expressed the opinion that the chief executive should take advantage of any clear opportunity afforded by overtures from Berlin to aid in ending the European war.

Administration quarters, however, remained silent. Secretary Hull declined to comment on the dispatches from Berlin indicating that Chancellor Hitler would welcome a move by Mr. Roosevelt to effect a European settlement.

At Hyde Park, N. Y., Mr. Roosevelt sent word to reporters that he had nothing to say.

It was pointed out in authoritative circles that this government has consistently taken the position that was ready and willing to help Europe reach a general understanding on economic and disarmament questions, but had no intention of being drawn into its political disputes. This was the tenor of Mr. Roosevelt's peace appeals to Hitler prior to the beginning of the conflict.

Senate comment on the Berlin dispatches, almost without exception, was to the effect that there was no reason why Mr. Roosevelt should not endeavor to effect a peace and every reason why he should.

Johnson Urges Mediation Senator Johnson (D-Colo.), who has proposed previously that the chief executive join other neutrals in executing armistice, declared that it would be "a great honor for the President to mediate the European war."

He expressed the opinion that Mr. Roosevelt would have an opportunity to obtain an "honorable peace" and predicted the chief executive would take advantage of the opportunity.

Senator Wheeler (D-Mont.) told reporters the President "has the greatest opportunity of any American President in history to serve humanity and bring about a permanent peace in Europe, by preventing the slaughter of millions of human beings."

Wheeler Asks Peace Move "I believe," Wheeler added, "that democracy will be driven from the face of the earth if England and France persist in trying to restore the former government of Poland because that means war clear across the eastern hemisphere with incalculable damage to peoples and the democratic form of government."

"I believe the 99 per cent of our people, who oppose our becoming involved in any European war, will not only support but welcome President Roosevelt in immediately taking the initiative in trying to arrange an armistice to end this senseless war. Our people not only are motivated by humane desires but by a belief that the best way to keep out of an European war would be to restore peace over the top of the war."

Chairman Pittman (D-Ne.) of the senate foreign relations committee voiced the opinion the President would not hesitate to "make any appropriate suggestions" for an European peace conference.

Declaring he had not consulted the White House, Pittman added that it would be "too much responsibility" for the chief executive to undertake the formal role of mediator or arbitrator.

Senator McCarran (D-Ne.) urged caution against a repetition of what he said was the "great mistake" that Woodrow Wilson made in taking an active part in the Versailles peace conference.

"I see no reason why the President should not lend his good offices toward bringing about peace."

Schulkey To Launch Go-To-Church Campaign In Radio Program Today

Dr. C. H. Schulkey, chairman of Pampa's annual Go-To-Church campaign, will speak over Radio Station KPDM at 4:45 o'clock this afternoon to officially launch the church program next Sunday.

The program will be broadcast by radio and in the schools this week. Dr. Schulkey will outline the purpose of the campaign which will be climaxed with a city-wide go-to-church program next Sunday.

There will be radio speakers each noonday over KPDM this week. The Go-To-Church program will be on the radio daily at 12:30 o'clock noon through Friday.

At this time tomorrow, the Rev. Ambrose Kenney, assistant pastor of Holy Souls Catholic church, and

G. C. Stark, superintendent of the Central Baptist church Sunday School, will be the speakers. Each will devote from two to three minutes on highlights of the go-to-church program.

Windshield stickers will be distributed through the churches today. A supply of stickers is available at Paul Hill's clothing store, W. Foster street, and any who wish to obtain stickers are asked to apply for them there. The stickers are available to the members of any church.

Business places have promised cooperation next Sunday in making it possible for employees to get time enough off to attend at least one service in the church of their choice.

Entire Jury Docket To Be Read Monday

The entire jury docket will be called when District Judge W. E. Ewing opens the third week of the September term of 31st district court here at 10 o'clock tomorrow morning.

This week follows the first criminal jury week of the term. Next week will be civil jury, while the fifth and sixth weeks will be civil jury, subject to criminal. Non-jury week will conclude the court term. The last week starts on November 6.

Members of the grand jury will reconvene Tuesday morning after having been in adjournment since September 28. In the three-day session of that week they made eight indictments.

A special venire of 125 jurors is to report at 10 o'clock on Monday morning, October 16. From this panel jurors to hear the case of F. M. Meador, Gray county farmer indicted on one charge of murder and on another with failing to stop and render aid, will be drawn.

The indictments against Meador, who posted bond of \$7,500, were in alleged connection with a motorcycle-automobile crash east of Pampa on the night of September 6, in which W. D. (Bill) Kelley, 17-year-old Pampa, received fatal injuries. Another Pampa, Clifford Jones, 24, was hurt in the same crash.

Petit Jurors
Petit jurors for this week are: L. McCarrroll, H. P. Lusby, C. A. Huff, J. E. Honaker, M. S. Grant, Lee Harrah, John H. Lawler, E. E. Reynolds, A. A. Tiemann, F. E. Shryock, A. J. Johnson, Lewis Roll, Inson, J. P. Armstrong, George Dull, M. Collins, D. D. Cochran, Glen Pool, C. E. Ward, Walter Hyatt, all of Pampa.

From LeFors: Donald Clemmons, George Crawford, G. W. Ross, B. C. Johnson, H. A. Smith, R. V. Archer, George Thut, R. W. McDonald, J. W. Thomas.

From McLean: John B. Rice, C. B. Lee, J. E. Moore, J. P. Brooks, C. L. Pettit, Jesse Cobb, Leo Paris and Lawton Hoffer, both of Miami; Floyd McLaughlin, Laketon; G. G. Oakley, Alameda; R. W. Willis, Groom; H. H. Keahy, White Deer.

Endeavor Will Install Officers At Tea Tonight

C. T. Hightower will be leader of the program to be presented this evening at the meeting of the Adult Christian Endeavor of First Christian church.

Others taking part on the program will be Geneva Veal, Fred Lamb and Eicher Madeira.

An installation tea is to be given at 6:30 o'clock preceding the regular meeting for new officers who are Ronald Twentier, president; Fred Lamb, vice-president; and Helen Madeira, secretary.

The receiving line will include the retiring officers, Wayne Hutchins, president; Helen Madeira, vice-president; and Sylvia Goodwin, secretary-treasurer.

Plans for the program tonight and the zone meeting of unions from Miami, Canadian, Shamrock, Clarendon, Panhandle and Pampa made at a meeting of the society in the home of Mr. and Mrs. Ronald Twentier this week.

Attending were Mr. and Mrs. Russell Veal, Mr. and Mrs. Fred Lamb, Mr. and Mrs. Charles Madeira, Mr. and Mrs. Ronald Twentier; Wayne Hutchins, Sylvia Goodwin, and C. T. Hightower.

Mrs. Palmer To Be Buried In Pampa

Funeral services for Mrs. J. H. Palmer, 55, who died early Friday morning at a Shattuck, Okla. hospital following several months illness, will be held at 2 o'clock tomorrow afternoon at the First Baptist church here. Burial will be in Fairview cemetery.

The services here will follow the rites to be held at 10 o'clock Monday morning in Perryton at the First Baptist church there, with Rev. S. B. McClung, pastor, in charge.

Mrs. Palmer was a member of a prominent Panhandle family who have wide land interest in Ochiltree county and an oil company in Gray county.

Survivors beside the husband are three daughters, Mrs. Elizabeth Ferguson, Mrs. Haldie Haley, and Mrs. Charlotte Leatherman; Perryton; three sons, Hollie, Marion and Jimmy Palmer; Perryton; four brothers, Irvin Bull and Jimmy Bull of Lancaster, Calif.; Floyd Bull, LeFors; Loney Bull, Perryton; one sister, Mrs. Lora Rorabaugh, Perryton; a stepmother, Mrs. Emma Bull, Perryton.

Bayless Will Speak Over KPDN Today

Rev. C. Gordon Bayless, pastor of the First Baptist church of Pampa, will be the first speaker on a new series of Ministerial Alliance programs broadcast over the Pampa News radio station KPDN, which he conducts a program at 3:15 o'clock this afternoon.

The new series of programs will be presented by the radio station in cooperation with the clergyman's association and under the supervision of the Ministerial Alliance. Members of the alliance will alternate in conducting the programs at 3:15 o'clock on Sunday afternoons.

Mrs. J. Y. Payne was dismissed from a local hospital Saturday after receiving medical treatment for a hand injury.

Mr. and Mrs. Foster Fletcher left today for Weatherford, Okla., where they will attend the Tex-Homa Photographers convention which will continue today and Monday. Mr. Fletcher will enter several photographs in the contests. Last year and the previous year he won numerous awards. The convention was held in Pampa last year.

A marriage license was issued Saturday to O. E. Wylie and Miss Ruby Mae Mack. It was the first marriage license to be issued this month from the office of County Clerk Charlie Thut.

Turned into the possession of the city police department yesterday was a woman's large black handbag, containing a letter signed with the initial J, a nickel, 12 cents in pennies, three Yale, two Clinton and two Briggs and Stratton keys. The purse was found by another woman in the 1100 block on Mary Ellen. Police ask that the owner call and recover her property at the police station in the basement of the city hall.

Judgments recorded in 31st district court yesterday were: Cyrus A. Wellington vs. Margaret A. Wellington, divorce granted; Mabel Harvey vs. Jack Harvey, divorce granted, plaintiff to have custody of Patricia Jean Harvey, minor, defendant to pay \$15 monthly toward child's support; ex parte Russell Wilburne Morse, disabilities as minor removed; Harry Schwartz vs. Harris Food Stores et al, case dismissed on notice that matters in controversy had been settled.

Mrs. Irene Foran was dismissed from a local hospital Friday following an appendicitis operation.

Men's Fellowship banquet of First Christian church will be held Tuesday night at 7:30 o'clock in the church basement.

Mrs. Forrest McSkimming of Emerson, Iowa, has been visiting with relatives here.

Miss Virginia Noten has been dismissed from an Amarillo hospital where she has been receiving medical treatment. She will return to school Monday.

Mrs. E. G. Yeary of Electra has been visiting in Pampa.

The broadcast time for Cactus Blossoms by H. H. Bratcher has been changed from 3:30 until 5 o'clock on Sunday afternoon over station KPDN.

Mrs. J. S. Wynne was an Amarillo visitor this week.

W. A. Snell and son, Henry, left Saturday morning for Plainview to spend the week-end.

Mrs. Kenneth Kurtz and son, Kenneth, of Borger, have visited with Mrs. Kurtz's mother, Mrs. H. F. Barnhart, this week.

Mrs. Emilie Swartz visited in Amarillo this week.

Mrs. Bill Robinson and son, Gary Dean, of Stinnett, are visiting with Mrs. Robinson's parents, Mr. and Mrs. W. H. Peters.

Mr. and Mrs. Jim Davis and W. L. Davis of Waka spent the week-end in Pampa.

CHICAGO GRAIN
CHICAGO, Oct. 7 (AP)—Prospects of rain in the winter wheat belt touched a wave of selling in the grain pits today and wheat prices slumped more than two cents a bushel.

Gains recorded yesterday following the Hitler speech were wiped out and wheat futures tumbled to around 81 cents, within fractions of the lowest levels since early in September. Early losses amounted to about a cent and after mid-session the downturn was extended another cent.

Although wheat rallied slightly before the final bell, closing prices were 1 1/2 to 1 3/4 lower than yesterday, December 81 1/2-1/4, May 81-81 1/2. Corn closed 1 1/2-1 1/2 down, Dec. 48 1/2, May 21 1/2-1/2. Oats 2 1/2-1 off; Rye 1-1 1/2 down; Soy Beans 2-3/4 lower and Lard 33 to 37 lower.

New Low Electric Rates Now In Effect

PAMPA'S NEW ELECTRIC RATES MAKE FULL USE OF ELECTRIC SERVICE POSSIBLE AT LOW COST!

During the fourteen years that this company has served Pampa, electric rates have been reduced time after time, until they are now only slightly more than 1/4 one fourth as much as they were when the Southwestern Public Service Company began operating the system.

Better Light, Better Sight With I. E. S. Lamps

The company's established policy of reducing rates as rapidly as possible has resulted in the startling total reductions of 72.5%. The top step of the new schedule is 5 1/2 cents making low cost electricity available to the smallest user, and the extremely low bottom step of 1 3/4 cents makes very cheap current available to customers who wish to make full use of their electric service.

The electric dealers of Pampa have on display, and will be glad to demonstrate electric appliances of the same quality and type as found in the largest metropolitan store.

17 Locations Staked In Panhandle Field

Drilling In Huge Plains Area Soars

The Panhandle field went on a drilling spree last week when 17 new intentions to drill were filed at the local office of the Texas Railroad Commission. Two of the wells will be in wildcat territory, both in gas.

Only four new wells were given potentials, new oil totaling 1,480 barrels. One gas well was gauged for 15,300 cubic feet.

Search for gas in the Panhandle will extend near the Oklahoma line with announcements by Hagy, Harrington and Marsh of a location in section 46, block 2, GH&H survey, in Sherman county. The location will be nine miles southwest of Texoma, on the line and northeast of Stratford. The test will be more than five miles north of the Indian Territory Illuminating Oil company gas well.

Another wildcat for gas will be the J. M. Huber Corp., No. 1 Jack Johnson in section 134, block 5-T, T&NCO survey, Hutchinson county. The well will be drilled four miles west of Pringle and north of Stinett.

Hutchinson county paced new activity with six of the locations. Gray county followed with five whole floors and Wheeler had two each and Carson and Sherman one each. Completions by counties:

In Carson County
Sickley Oil Co., No. 99 Schaefer, section 189, block 3, I&GN survey, gauged 352 barrels with lime formation between 3,145 and 3,230 feet. Magnolia Petroleum Co., No. 21 Pee Land 244, section 110, block 4, T&GN survey, was given a potential of 282 barrels. Pay was from 2,995 to 3,105 feet in lime.

In Gray County
S. C. Evans No. 5 Benton, section 63, block 3, I&GN survey, gauged 481 barrels with pay between 3,140 and 3,300 feet in lime.

In Wheeler County
Magnolia Petroleum Co., No. 4 Worley, section 30, block 24, T&GN survey, tested 280 barrels. Granite wash formation was from 2,450 to 2,523 feet.

Gas well tested:
Hagy, Harrington and Marsh No. 1 Vanman, gauged 19,304,000 cubic feet.

Intentions to drill:
Magnolia Petroleum Company, No. 24 No. 2, 330 feet from the south and 990 feet from the west of S-2 of section 110, block 4, I&GN, Carson county.

Magnolia Petroleum Company, Humble Oil and Refining Co., H. H. Merton No. 10, 330 feet from the north and 2,315 feet from the east of S-2-24 acres of N-2 of section 87, block 3, T&GN, Gray county.

Magnolia Petroleum Co., C. S. Barrett No. 10, 330 feet from the north and 2,315 feet from the east of section 112, block 3, I&GN, Gray county.

Nabob Oil and Gas Co., J. S. Morse A-4, 330 feet from the north and west lines of NE-4 of section 33, block 25, I&GN, Gray county.

Phillips Petroleum Co., Erle Thompson et al. No. 3, 2,388 feet from west and 330 feet from south of section 15, block M-23, TC R R, Hutchinson county.

Smith Bros. Refining Co., Inc., Hodges No. 5, 330 feet from the north and west lines of NE-4 of SW-4 of section 14, block X-02, Pottsville survey, Hutchinson county.

Stanford Oil and Gas Co., W. B. Halle "B" No. 16, 330 feet from the southeast corner of the lease, section 5, block M-21, TC R R, Hutchinson county.

Stanford Oil and Gas Co., H. B. Terry No. 21, 330 feet from the north and 1,890 feet from the east of N-2 of section 72, block Z, HE&WT, Hutchinson county.

Phillips Petroleum Co., C. P. Langmack No. 1, 2,310 feet from the north and east lines of section 7, block 1, J. Poltevent survey, Moore county.

Budco Oil Co., W. S. Walker No. 2, 330 feet from the north and east lines of W-2 of SW-4 of section 44, block 24, I&GN, Wheeler county.

J. M. Huber Corp., Jack Johnson No. 1, 1,320 feet from the south and 960 feet from the west of section 134, block 5-T, T&NCO, Hutchinson county.

Stanford Oil and Gas Co., W. B. Halle "A" No. 14, 1,088 feet north and 1,221 feet east if SE corner of "A" lease, section 4, block M-21, TC R R, Hutchinson county.

Stanford Oil and Gas Co., J. A. Hood No. 5, 1,320 feet from east and 990 feet from south of NW corner of SW-4 of section 33, block 3, I&GN, Gray county.

Alma Oil Co., A. L. Parrott No. 1, 330 feet from the south and west lines of S-2 of SW-4 of section 57, block 24, H&GN, Wheeler county.

Stanford Oil and Gas Co., T. B. Cobb "A" No. 5, 330 feet from the west and 1,650 feet from the north of section 165, block 3, I&GN, Gray county.

Hagy, Harrington and Marsh, M. H. Freeman No. 1, 660 feet from the north and 1,320 feet from the west of section 46, block 2, GH&H, Sherman county.

Texas Natural Gas Co., H. I. Lea No. 1, 865 feet S of westernmost NW corner and 393 feet east of west line section 47, block 47, H&TC, Moore county.

Lynn Boyd and Mel Davis Elected At Houston Oil Meet

Two Pampa oilmen, Lynn Boyd and Mel B. Davis, were elected to office at the Texas Mid-Continent Oil and Gas association convention which closed in Houston yesterday.

Mr. Boyd, who is president of the Panhandle Producers and Royalty Owners association, was re-elected vice-president of the association.

MUSICIANS TO PLAY THIS WEEK

Members of the Tarpley Music store orchestra band, under the direction of Bill Haley, will play three numbers, "Man with the Mandolin," "Mexicali Rose," and "Beer Barrel Polka," at the A. P. I. meeting to be conducted Tuesday evening at 8 o'clock in the city hall. Musicians who will play are Patsy Pierson, Le Nelle Blackstone, Colleen Williams, Bernadine Breining, Frances

Jean Gilbert, Jos Cree, Donna Ruth Beagle, Earnestine Crane, Marjorie Gaylor, Rita Lane, Patsy Miller, A. L. Patrick, Carol Cuberson, Nancy Graham, and Janice Whetley.

Salvation Army Services Listed By Arthur Teed

Accomplishments of service by the Pampa post of the Salvation Army during the past year were outlined Saturday afternoon by Arthur Teed, Pampa attorney and general chairman of the current drive to raise \$5,000 for Salvation Army relief needs in Pampa the coming year.

"There is so much," Mr. Teed said, "that because of its very nature cannot be revealed or reduced from service to words on paper. Suffice it to say that with the funds we have had, the Pampa advisory board of the Salvation Army has worked diligently to see that the greatest good would be accomplished for the many that have been in need in the Pampa area."

"In the matter of relief we have made every effort to meet the needs of the community not only waiting for those who were in need, but seeking out those who suffer because of their timidity and who are really the most deserving."

"The Salvation Army board, comprised solely of Pampa citizens, has the highest respect for the integrity and ability of every force in the community that is trying to give aid to those who find themselves in want."

Mr. Teed's service report of Salvation Army activities show that the organization in Pampa during the past year has provided 296 lodgings to men and 63 to women, provided 296 meals, distributed 1,483 garments, afforded transportation to 36 persons relieving the community of further responsibility and placing these persons where they belong. Employment was given to 68 jobless persons.

"For the needy in Pampa, 488 grocery orders were given to 185 families, 3,480 garments were distributed along with 440 pairs of shoes, medical aid was given to 25 persons, and miscellaneous service was rendered to 108, railroad transportation was provided to 21 persons, 172 baskets were given out at Christmas to benefit 600 persons and toys and gifts helped 600 boys and girls have a merry Christmas."

Mr. Teed pointed out that Capt. Herman Lambrecht, head of the local post, has performed a real service to the county in his capacity, without salary, as Gray county juvenile officer.

The chairman further stated "With knowledge that man does not live by bread alone, the Salvation Army has made a proud record in its spiritual efforts, ever mindful of the debt it owes to both the church and its ministry in the area."

Nearly 5,000 persons, he stated, attended indoor meetings of the Salvation Army, and these are in addition to the regular street meetings. More than 300 persons pledged their lives to the teachings of God. The Ladies Home League meets weekly at the Salvation Army headquarters where they are taught home-making and infant care. Forty-five women are now enrolled in this class. More than 700 hours were spent in visiting homes. Youth guidance is a prime factor of the Salvation Army service in Pampa. Socials and plays serve to keep up the interest of youth in the city.

The Pampa post was honored when the Pampa Corps Cadets, a group of young people between the ages of 13 and 18 years, in statewide competition, won both the territorial banner for scholastic proficiency and the Russell Pearson Trophy for best community service. It was the first time both awards ever were won by a single group.

In his statement on the Salvation Army, Chairman Teed expressed his appreciation to members of the advisory board, to the gracious support of the general public, and for the cooperation of all the local service clubs and fraternal organizations.

The Pampa Salvation Army advisory board, Chairman Teed also stated that the organization now owns the lots at the corner of Cuyler and Barnes streets and the house in which the Army officers live. It is the hope of the board, he said, that soon the Salvation Army will own its own hall.

In addition to Chairman Teed, members of the advisory board are Tex DeWeese, vice chairman; L. L. Sore, secretary; J. M. Collins treasurer.

Mr. Davis was named director of the general association. Several citizens from the Panhandle field attended the convention which was declared the most successful since the association was organized.

urer: George Berlin, W. A. Bratton, Charles Burton, Dan Gribben, R. G. Hughes, L. H. Johnson, Dr. Calvin Jones, Dan McGrew, Aaron Meek, J. R. Posey, J. L. S. Uttern, Fred Thompson, C. H. Walker, Sherman White and J. S. Wynne.

Thirty-seven international telephone circuits are in operation.

Geology Will Be Topic At APa Meeting

Geology, a topic not only of interest to members of the oil fraternity but to the public in general, will be discussed at the first fall meeting of the Panhandle chapter of the American Petroleum Institute Tuesday night at 8 o'clock in the city auditorium. The talk will be made by H. G. (Doc) Walker, district geologist for The Texas Company, with offices in Pampa.

Mr. Walker will speak on "The Geology of the Earth." He has been a resident of Pampa for more than a year, coming from Hobbs where he was district geologist for The Texas Company. Mr. Walker received his degree from the University of Utah. He did graduate work and instructed at University of Missouri for four years and then taught geology at the University of Utah for a year.

Besides the talk on geology, a moving picture, with sound, on construction of the famous Golden Gate bridge will be presented through courtesy of the National Supply company. The picture is an

outstanding masterpiece of photography. Entertainment will be furnished by Tarpley Accordion band under direction of Bill Haley.

An invitation to the public to attend the meeting is extended by Walter Biery, chapter chairman.

'Miracle' Drug To Combat Pneumonia

PITTSBURGH, Oct. 7 (AP)—Hospital tests have convinced Mellon Institute scientists they have a third powerful new "miracle" drug for combatting pneumonia.

Nationwide distribution in clinical quantities was announced before the Pennsylvania medical society coincident with disclosure that the chemical had halved the pneumonia mortality rate at Pittsburgh's Mercy hospital.

Before releasing the drug to the medical profession, however, further tests of its efficiency will be made.

Known as Hydroxyethylpocupine, the chemical was described by Dr. Mark M. Bracken, fellow in pneumonia research, as equal in effectiveness but without toxic effects of sulfa-pyridine and sulfanilamide, two anti-pneumonia drugs recently placed in use.

A derivative of quinine, the drug is administered either through injection into the blood stream or by the mouth, in its ordinary form it is a white powder.

Bar Association To Draft Rules

Officers and directors of the Gray County Bar association are to meet tomorrow to study rules of three other bar associations to decide what rules they prefer for their own organization, then submit their report to the Gray County association at a meeting to be held some time this week. The date has not been set.

In the district court room Saturday morning, a meeting of 18 local attorneys was held, at which time a copy of the plans made by the Texas Bar association was the subject of a round-table discussion.

The plans, designed to create a self-governing bar in the state, were formed when 19 representatives of the profession met in Austin with the supreme court, and Angus Wynne of Longview, Texas, bar association president, to consider ways to make effective the law recently passed by the legislature.

S. D. Stennis is president of the Gray County Bar association, formed here two weeks ago. Aaron Stur

War Talk In Pampa!

You hear a great deal of war talk these days, and just about everybody holds to the opinion that we here in America should remain neutral.

Locally, there's war on in Pampa in which neutrality has absolutely no place.

It is the war against need that will be conducted here this winter. The battle forces are out now in the form of the Salvation Army, making ready to carry on the fight.

The Salvation Army needs your financial help. It needs your assistance to buy food, supplies, and clothing. These items will decisively defeat the enemy, NEED.

At 7:30 a. m. tomorrow, a number of Pampa businessmen will gather at a kick-off breakfast in Hotel Schneider. They will hear a message, then map their plans to begin a city-wide canvass to raise funds for the Salvation Army relief fund in Pampa for the coming year.

Then, they'll start out on the fund solicitation. When the collector calls on you and asks for your contribution, be ready to give or to pledge. The goal is \$5,000.00.

Only in this way can we carry on the war against need in Pampa this winter and for the coming year. It must be a battle to the finish and there is no victory unless there is preparedness.

Pampa can be prepared if you will contribute your share!

Electric Rates

Reduction of rates to domestic and commercial electric consumers was received as good news this weekend in eight Panhandle cities.

In the face of uncertainty of prices occasioned by world unrest, this step of the Southwestern Public Service Co. might well go down in the category of the courageous.

The utility officials debated for some time about taking the action, fearing that they might be "putting out their chin" into a changing world and might be forced to hike the rates later on.

However, if conditions are such that prices scamper so high they can't make money at the current rate under the reduction, one feels sure that the people appreciate the fair treatment they have received from the public service company and would be willing to go along with a slight increase again—rather than see the company lose money.

There is little likelihood, however, that the utility will be forced to take that step.

The Nation's Press

IS STATE EDUCATION A SAFE GUIDE?

(L. A. Cal, Examiner, by Boake Carter)

If you are a Jew and live in Germany you cannot go to a movie, a concert, a zoo, a museum, a public library, a swimming pool or playing field.

You cannot go to a general public school or university, and you are permitted to patronize an "Aryan" physician or hospital only in an emergency.

You cannot drive a motor car and you are warned to keep out of all restaurants except those placarded "only for Jews."

You cannot live in an "Aryan" apartment house if any other is available, and in a railway train you cannot go into the dining car. In "cures" you might bathe before after "Aryans." You are excluded from the gardens and the dining rooms.

No matter what your name is you must use "Israel" or "Sara" in all business transactions. All Jews over 15 must carry identification cards stamped "J."

You cannot take up any handicraft or go into any business or professions—and if you want to sit in the park you must sit on yellow benches.

This is a country that boasted of its universities, its schools and which bragged of the smallest percentage of illiteracy in the world!

Sharing The Comforts Of Life

By R. C. Hollis

ADULT EDUCATION AND THE STATE

I have just read the bulletin issued by the University of California Extension Division, at public expense, containing the talk made by Robert Gordon Sproul, President of the University, on the subject of "Adult Education and the State."

It is hard to conceive how anybody could believe in adult education by the government—by majority rule—after reading this talk. His carelessness in the use of words and in drawing conclusions, is a nice example of miseducation.

In the first sentence, Dr. Sproul says, "In every state in the union there are men and women today who see little value in education."

I challenge Dr. Sproul to point out one individual of any consequence who sees little value in education. Dr Sproul uses "education" interchangeable with "public education."

Every thinking man knows that the most important thing in the world is education. And what the man, whose judgment is impartial and is not connected in any way with the payrolls of public education, contends is that the most important thing in education is teaching people to have respect for other people's equal rights; to have respect for the minority. And these people who have no ax to grind from public education, contend that it is illogical and impossible for the state to teach exactly opposite from what they practice; that adult public education permits the majority to tell the minority how their money shall be spent from an educational standpoint; that this is not respecting the rights of the individual; that it is a form of tyranny and coercion and can become even more dangerous and more oppressive than public education by a dictator.

Dr. Sproul quotes the United States Commissioner of Education, Mr. Studebaker, as to the num-

ber of people attending schools and colleges. He says, "There is no evidence in these figures to indicate that we are supplying too much education." But there might be evidence that we are supplying too much miseducation and too much schooling that is not developing character and teaching people to have respect for other people's rights.

I wonder if Dr. Sproul would contend that having the public library at Santa Ana supply 26 copies of "Grapes of Wrath" and neglect to supply hundreds of books of great thinkers, is education. Here is a concrete example of the character of public, adult education. It is majority rule education and only stimulates self-indulgence and does not encourage growth of character.

Would Dr. Sproul contend that Jesus taught what the majority believed was important? That John Milton was wrong when he cried out in protest to government regulation, "I do not want the state to educate me?"

Would Dr. Sproul contend that progress comes from majorities, instead of minorities? That Jesus was wrong because he said, "Straight is the gate and narrow the way which leads unto life, and few there be who find it?" When He asked, "Can the blind lead the blind, shall they not both fall into the ditch?" When He said, "Many are called, but few are chosen?"

If the state can educate by majority rule, then all these statements of Christ were wrong and our Christ, or Messiah, is the majority and not respect for the equal rights of everyone.

Would Dr. Sproul contend that Germany, in which the state educates and where there is a smaller percentage of illiteracy than any other country in the world, is a successful nation from an educational standpoint?

Invariably these public educators on the public payroll present their side and will not permit themselves to be interrogated. They think because they have the majority back of them that the minority has no rights. They will not enlighten public citizens how the things they advocate can be made work and still preserve liberty. They only make statements, but will not answer questions.

They do not seem to understand the teachings of Jesus when he said, "For nothing is secret that shall not be made manifest; neither anything hid that shall not be known and come abroad." There cannot be much learning or much light where a man will only make statements and not answer questions. It is simply propaganda to perpetuate egoism.

Freedom is not caprice, but room to enlarge.

Behind The News Of The Day

By BRUCE CATTON

WASHINGTON—Oct. 7—Unless plans now on file in the War Department are profoundly modified, American labor will go under a regimentation potentially as strict and far-reaching as anything existing in Europe if the United States gets into another war.

Steps to meet labor's objections to these plans are now being taken by the War Department. It has worked out a program for wartime labor control, plans to submit it to leaders of the C. I. O. and A. F. of L. as well as to the government's various labor agencies for discussion, and hopes that it can eventually come up with a scheme which will get organized labor's approval.

But while the department's officials are sincere in saying that they want a plan which can enjoy organized labor's hearty cooperation, the basic fact is that any such plan will rest on the foundation provided by the department's famous Industrial Mobilization Plan.

CONSCRIPTION IS BASIS OF MOBILIZATION PLAN

The crux of this plan is the part which relates to conscription for the army.

Under this plan, registration for the draft would proceed much along the lines of 1917-18. Men between 21 and 31, inclusive, would be registered first; the ultimate limits would be 18 to 45.

On registration, a person would be classified in one of four groups:

- 1. Those immediately available for military service.
2. Those whose drafting is deferred because they hold essential jobs in war-essential industries.
3. Those whose drafting is deferred because they have dependents.
4. Those whose drafting is not desired for any of several reasons—because they are aliens, because they are in prison, and so on.

Local draft boards would do the classifying, and their decisions would be final.

Suppose, now, that a worker claims deferred status under Class 2—as an essential worker in an essential industry. No industry would get blanket exemption such as was conferred on the shipyards in the last war.

Instead, the worker would have to present his draft board with two affidavits, one from his immediate superior and the other from the executive head of the firm he worked for. These affidavits would have to state, first, that the firm was engaged in war-essential activities, and second that this particular worker was essential to its operations. The employer would also have to submit an estimate of the length of time it would take him to train a substitute.

TIME LIMIT SET ON DELAYS

Suppose that the worker gets his deferred status, in Class 2. He would not get it for the duration of the war, but for some specified period—three months, six months, a year, or whatever the board might determine. At the end of that time he would have come in again.

On top of this, the plan specifically authorizes the President, if he deems it in the national interest, to over-ride draft board classifications and call up men from Classes 2, 3 or 4.

How this machinery could be used to destroy a union organization and regiment labor is obvious upon a little reflection. One group which did a good deal of reflecting on it is the Famous Nye Munitions Committee. In 1936 it issued a report on the Industrial Mobilization Plan, stating that if this sort of draft act were followed "this country will have for all practical purposes a draft of labor."

The Industrial Mobilization Plan contemplates an employment service under a War Labor Administrator, its object being to place unemployed men in

NEWS!

Around Hollywood

HOLLYWOOD, Oct. 7—One minute interviews: ANN SOTHERN—"When you're out of a job in this town, you don't fool anybody by dressing up and going to night clubs and talking importantly about a big contract you're going to sign."

"Hollywood doesn't judge you now by the size of your house or the number of parties you throw. Any way, it probably already knows how much you make and how much you owe."

BARBARA STANWYCK—"Business judgement? Ha! Besides my new being taken by the War Department. It has worked out a program for wartime labor control, plans to submit it to leaders of the C. I. O. and A. F. of L. as well as to the government's various labor agencies for discussion, and hopes that it can eventually come up with a scheme which will get organized labor's approval."

But while the department's officials are sincere in saying that they want a plan which can enjoy organized labor's hearty cooperation, the basic fact is that any such plan will rest on the foundation provided by the department's famous Industrial Mobilization Plan.

CONSCRIPTION IS BASIS OF MOBILIZATION PLAN

The crux of this plan is the part which relates to conscription for the army.

Under this plan, registration for the draft would proceed much along the lines of 1917-18. Men between 21 and 31, inclusive, would be registered first; the ultimate limits would be 18 to 45.

On registration, a person would be classified in one of four groups:

- 1. Those immediately available for military service.
2. Those whose drafting is deferred because they hold essential jobs in war-essential industries.
3. Those whose drafting is deferred because they have dependents.
4. Those whose drafting is not desired for any of several reasons—because they are aliens, because they are in prison, and so on.

Local draft boards would do the classifying, and their decisions would be final.

Suppose, now, that a worker claims deferred status under Class 2—as an essential worker in an essential industry. No industry would get blanket exemption such as was conferred on the shipyards in the last war.

TIME LIMIT SET ON DELAYS

Suppose that the worker gets his deferred status, in Class 2. He would not get it for the duration of the war, but for some specified period—three months, six months, a year, or whatever the board might determine. At the end of that time he would have come in again.

On top of this, the plan specifically authorizes the President, if he deems it in the national interest, to over-ride draft board classifications and call up men from Classes 2, 3 or 4.

How this machinery could be used to destroy a union organization and regiment labor is obvious upon a little reflection. One group which did a good deal of reflecting on it is the Famous Nye Munitions Committee. In 1936 it issued a report on the Industrial Mobilization Plan, stating that if this sort of draft act were followed "this country will have for all practical purposes a draft of labor."

The Industrial Mobilization Plan contemplates an employment service under a War Labor Administrator, its object being to place unemployed men in

jobs. Studying this part of the plan, the Nye committee concluded that in practice it would probably mean that an unemployed worker would be forced to take whatever job the agency offered him.

VICTORY CHIEF CONCERN OF PLAN

It ought to be made clear, of course, that the War Department is not made up of men who are out to subjugate labor—or industry either. The Industrial Mobilization Plan was drawn up to enable a war to be won swiftly and efficiently; the strictness of the controls it sets up for labor are, so to speak, incidental. And it should be emphasized, that the de-

People You Know

Concerning a brave woman, dahlias, turnips, the Reapers, Rev. Bayless . . .

Good luck to Mrs. Nita Wampler who with her two small children will move soon to Canyon where she will attend West Texas State college. Mrs. Wampler, widow of the late Pluger Wampler, News linotype operator, will not sell her home in Pampa because she plans to move back here when she finishes her college education in two years. She will enroll in Canyon the second semester in February. Her courage is the kind you like to see . . .

If it rains as it threatened to do yesterday, the happiest woman in town will be Mrs. J. K. Redman who says that a rain will bring her dahlias to their peak. The 600 dahlias in her yard have already produced hundreds of blooms. She has 100 varieties this year—Josephine, Lord of Autumn (yellow), Adirondack Sunset, Queen City, Eagle Rock Fantasy . . .

W. W. Harrah has been eating spinach grown in his garden for weeks, also many other kinds of vegetables . . . People have been raiding the city turnip patch near the water wells in the west end of town. The turnip patch was a success despite the drought.

This column stated Friday that several starters on the Junior High team this year were Coach McWright's team never played until this year, including Martinez, Spanish-American lad . . . The Rev. C. Gordon Bayless is fond of reading "mystery" thrillers—as were Cowley, Wilson, and E. P. R. However, and many another big names . . .

dustry that has done more than anything else to educate the world about America. When I was working Europe a few years ago, this was considered a country of jitters and gangsters. You'd hear people arguing about it.

"One would say, 'But I hear that the average American workman has a bathroom!' Another would answer, 'Yes—and somebody will shoot him in it!'"

ROSALIND RUSSELL—"I've got an awful lot to learn. I've never yet done anything on the screen that fully satisfied me."

WALTER PIDGEON—"When a guy gets too old to set a bad example, he begins sitting around and dishing out good advice."

An Indian is not limited to one name all his life. His birth name is used until he wins a tribal name. This is given him by a chief, and he must accept it. However, he is given many chances to improve his standing, and each additional feat of bravery brings him a better name.

partment is now trying to work out a formula which will be acceptable to labor.

But the Industrial Mobilization Plan itself is the framework on which the department is working; and it at least offers the opportunity—whether the opportunity would even be taken or not—for government to clamp on labor, and also on industry, a tighter and more far-reaching control than anything this country has seen.

The Industrial Mobilization Plan is not law now. On the outbreak of war, or the appearance of a great national emergency, the War Department would try to get it enacted by Congress.

The Family Doctor

Dr. Morris Fishbein

In times of war, the most difficult problems that come to first-aid stations are human beings who have been so shocked, horrified, or disturbed by explosives, bombardments, bombings, or other war techniques as to become disturbed mentally.

Attendants in the first-aid station try to convince the sufferer that there is no serious injury and that the symptoms will soon disappear. Physicians who are trained, firm, authoritative, and have a sympathetic attitude, know how to do this.

It is equally important that other workers realize such an attitude is necessary to overcome the nervousness or hysteria that develops in such cases.

The Ministry of Health in Great Britain has recommended to workers in all first-aid stations recently established in connection with the war that people who are simply frightened and emotional be reassured.

This reassurance should be combined with an appeal to patriotic and personal pride. Persons affected should receive small doses of some sedative drug.

If the patient exhibits confusion, excitement, loss of memory, or inability to co-ordinate actions of the limbs, it is necessary to put him at rest and to supply warmth with large doses of sedative drugs. These drugs can be administered only by a physician.

Sudden appearance of hysterical symptoms may call for relief by the power of suggestion, wherein the person becomes convinced that his limbs are not paralyzed or that he has not lost all sense of feeling.

Persons who become speechless by fright can be made to speak by coughing and then making a few simple sounds.

In times of war persons who have developed this kind of shock may be sent to institutions for prolonged care. When they realize that they have opportunity in such institutions to be cared for during a long period of time and to be free from all the hazards associated with war, they may feel a condition more serious than it actually is.

The British feel it is better to send such patients back to their homes.

Eight New Unions Organized During Training Union

Training Union study course closed Friday night at the First Baptist church with 265 enrolled and 170 awards given.

Eight departments were organized and ten new unions formed. The attendance goal tonight is 350. "Tag Day" will be observed at the morning services today in giving invitations to the several unions tonight.

Mrs. George Chamlee who directed the campaign, left Saturday for Clarendon where she will direct a similar work.

WAR STORIES IN STAMPS

Poland's Army Fought With Germany in 1914

LITTLE Poland's army of 2,540,000 men has met Hitler's challenge and is making an heroic stand against invasion. With unflinching courage, the Poles have bitterly contested every foot of the Nazi advance.

Thus the armies that once fought side by side are today enemies. For the Poles did fight for the German cause early in the World War.

Long before 1914, Polish patriots had organized a secret army, the Polish Legion. At that time there was no independent Poland. Part was under German rule; part was incorporated into the Austro-Hungarian Empire; and a third portion was held by Russia.

It was chiefly against Russia that the hatred of Joseph Pilsudski, one of the organizers of the Legion, was directed. An ardent patriot, Pilsudski had been exiled and imprisoned for his anti-Russian activities. During the Russo-Japanese war he offered the services of the Legion to Japan, but the Japanese did not fall in with his plan.

Russia's efforts to stamp out Polish rebellion only increased devotion to the cause of Polish independence. When Germany moved against Russia the Legion was mobilized, fought with the German army.

But Pilsudski foresaw the danger that Germany might not agree to the formation of an independent nation and he and his Legionnaires refused to swear allegiance to Germany. Officers and men were interned until after the German revolution of 1918.

The 25th anniversary of the formation of the Polish Legion is commemorated by the Polish stamp above, issued early this year. It shows Marshal Pilsudski between marching armies of 1914 and 1939.

So They Say

Nothing would be more disastrous to this nation than an adjournment of politics which would permit a blackout of urgent domestic problems.

—JOHN D. M. HAMILTON, chairman, Republican National Committee.

Christian citizenship demands we get out of the killing business and stay out.

—FRANK GANNETT, publisher.

I'm for the defense of the United States and the maintenance of its national independence and the democratic system and the eventual establishment of socialism.

—WILLIAM Z. FOSTER, Communist party chairman.

The hour-glass figure definitely is back, and women must trim their waists—or succumb to corsets.

—GRAND DUCHESS MARIE OF RUSSIA.

I am not a pacifist.

—SENATOR WILLIAM E. BORAH (Rep., Idaho).

In the United States, the most snow falls in February, the shortest month.

You and Your Nation's Affairs

TO STOP THE TREND TOWARD SOCIALISM. By HARLEY L. LUTZ, Professor of Public Finance, Princeton University

The greatest task that will confront the next administration will be to stop, if possible, the movement that is carrying the country so rapidly toward state socialism. There can be no doubt that the large majority of the American people do not want socialism, or they would be actively fighting it.

One reason for the obscurity of the main issue and the resulting failure to perceive it clearly is that every-thing is being done under the cloak of the old slogans and standards. These things are necessary, it is said, in order to preserve democracy, or to maintain the system of private enterprise. The truth is that the program is rapidly eliminating Democracy and destroying private enterprise.

The word "liberal" has been used, in a meaning exactly the opposite of that which it once had. Until recently the true liberal was one who opposed excessive governmental control and domination. The modern liberal wants more governmental regulation, as if that were the way to greater freedom.

The worst blow that democratic government has been struck by the system of deficit financing. As the borrowing-expanding project so clearly revealed, an essential feature of the technique for destroying popular government is the periodic influencing

of the electorate by pouring out huge subsidies in anticipation of critical decisions to be made by the people. There is no question of paying taxes sufficient to cover the bill, and no question of obtaining popular approval of the program based upon an expressed willingness to pay the taxes. It is simply a question of purchasing popular consent by more and greater deficit spending.

Private enterprise has been hamstringing by currency tinkering, regulation and inordinate taxation. Now it is proposed that the government should take a further step to acquire control of guaranteeing business loans. In view of the huge idle bank funds, this would be funny were it not so serious. First of all, it misses the point, which is that the real need of enterprise is not bank accommodation but long range investment capital, which no guarantee can protect. If, despite all of the handicaps on business growth, there be any concern that make a good case for a loan, the banks will gladly handle it without the stimulus of a guarantee.

The new plan means that the government has eliminated the incentives and the prospects of doing business successfully, the government now proposes to undertake the most unwise ventures. In the end this will mean a further increase of the public debt.

The surest preliminary to dictatorship is the creation of an unbearable load of debt. In the process of accumulating it, the people will lose their control of the public purse, and the American dictator will be the man who will promise most enthusiastically and convincingly to relieve the people of this burden. His price will be the customary powers which other dictators exercise.

The next president will indeed have a big job if he undertakes to fight for the restoration of true Democracy in America, for victory means a complete reversal of financial policy. The saddest part of it all is that neither party has a really strong candidate for this fight.

Strife Dominating Note In Films Of Week

Moro Insurrection And Wars Of Past 25 Years On Local Screens

By BROWNWOOD EMERSON

Gary Cooper is off to the wars again; this time in one of the film makers have overlooked up to the present, the business of persuading the Moros of the Philippines to accept rule by the United States.

"The Real Glory" keynotes the conflict theme that apparently is dominant in the week's bookings. "The Fight For Peace," a documentary film, sums up the history of the past 25 years and presents a gruesome—and effective—argument for not resorting to use of armies and navies.

Roy Rogers exterminates a War Between the States period bandit-killer in "The Arizona Kid," and just to bring the conflict theme up on another angle, the Louis-Pastor fight is the subject of one news-reel.

Quite a different sort of show is "These Glamour Girls," in which Lana Turner gets top billing for the first time, playing opposite Lew Ayres. Even in this picture, however, there's a spot of battle in the social war the red-head wages with a group of snobbing debs.

"Blondie Takes a Vacation." "It's a Wonderful World" and "French Girls Club" are other attractions offered.

Gary Cooper follows his performance in "Beau Geste" with another thrill-packed role as a doctor who comes to a distant army outpost for medical experience and remains to help the army quell a rebellion and bring peace to the Philippines in

AT CROWN

Danielle Darriux, the French star, has the leading role in "French Girls Club," showing Wednesday and Thursday.

this will provide the audience with plenty of laughs in Columbia's third of the film series based on the Chic Young cartoon strip and titled "Blondie Takes a Vacation," with Penny Singleton as "Blondie," Arthur Lake as the harassed "Dagwood," Larry Simms as "Baby Dumping."

Don't take at face value all you hear is the moral contained in Columbia's "Whispering Enemies," the

story of how an unprincipled business man by means of a whispering campaign almost destroys a rival firm and incurs the retaliation of his victim, Jack Holt is starred.

Roy Rogers ends the career of a Kansas guerilla of the War Between the States period in Republic's "The Arizona Kid." Sally March plays her movie debut in this film, as the romance in Roy's life. George Hayes, with Rogers, tops the cast and Stuart Hamblen is McBride, the guerilla. Hamblen, is a native Texan. His childhood was spent in and around Abilene.

A wealthy young hypocrite, pursued by a fortune-hunting widow, meets a young girl fleeing from a grasping nobleman. Solution of their problems is the basis of the plot of Paramount's farce, "Never Say Die," featuring Martha Raye, Bob Hope, Ernest Cossart and Gale Sondergaard.

Clever dialogue is found in MGM's force-mystery concerning the apprehension of a murderer by a poet and a private detective, roles played respectively by Claudette Colbert and James Stewart.

A character made famous by Warner Baxter several years ago is revived in 20th Century-Fox's "The Return of the Cisco Kid," with Baxter playing the role of the gay young bandit who escapes a firing squad, comes to the aid of an old man and a young girl, and exposes the nefarious deeds of a wicked sheriff. Musical background.

THAT FAMILY'S HERE AGAIN

It's Arthur Lake as "Dagwood," Penny Singleton as "Blondie," Larry Simms as "Baby Dumping" and Dais, their dog, as they appear in Columbia's "Blondie Takes a Vacation," showing today, tomorrow, and Tuesday at the Rex.

AIR VIEW of the world's largest industrial development—the Ford River Rouge Plant, Dearborn, Michigan. BELOW: The De Luxe Ford V-8 Fordor Sedan.

Out of the World's Greatest Plant THE NEW FORD CARS ARE ROLLING!

They're roomier, quieter, more comfortable cars. They're soundly engineered. And they include 22 important improvements.

Some of these contribute to your comfort and convenience . . . Finger-Tip Gearshift, Controlled Ventilation, improved spring suspension. Some bring greater safety and silence . . . Sealed-Beam Headlamps, curved disc wheels, improved soundproofing.

Underlying these 22 improvements are many fundamental Ford advantages . . . the only V-type, 8-cylinder engine in any low-price car — for smooth, satisfying performance. Big, powerful hydraulic brakes—for smooth, straight stops. The all-around economy enjoyed by millions of Ford V-8 owners.

Ford cars have always been built to give good service and long service at low cost . . . for 1940, they represent a far better buy than ever before!

22 IMPORTANT FORD IMPROVEMENTS

- | | |
|--|--|
| FOR COMFORT | FOR STYLE |
| 1. More room inside | 12. New exterior beauty |

Yanks Beat 4 Homers To Crush Reds 7-3

Today's Game Cincinnati's Last Chance

By SID FENDER
CROSBY FIELD, CINCINNATI, Oct. 7 (AP)—The New York Yankees' powerhouse, after traveling in low gear before mastering pitching for two days, broke loose its home run lightning today to smash the Cincinnati Reds, 7 to 3, for the third straight victory in the 1939 world series.

With the pitching giving way to the attack on both sides for the first time in this series, the bombing squad from the Bronx blasted four home runs—two by rookie Charley Keller—and gave a strongly partisan crowd of 32,723 home-club rooters a display of the dynamite which has made the Yanks famous in their last three straight world championship triumphs.

In near mid-summer weather that had every one of the jam-packed stands a mass of shirt sleeves, the Yankees made only five hits to ten for the Reds, but they were not outwitted by Cincinnati's pitching. They didn't waste a one as Rookie Junior Thompson served his "boom boom" ball to them in just the right spots in the first five innings.

Dimaggio wakes up Keller, who pitched four innings after Frankie Crossett had walked in the opening inning. Then clouting Charley drew a pass with two out in the third, and Joe Dimaggio snapped out of his series hitting slumps with a towering smash that soared high over the 385-foot mark on the center-field fence and into the street beyond.

Red Rolfe singled with one away in the fifth, and was promptly brought around by Keller's second four-bagger, a hard-hit drive that landed about 10 rows back in the right field bleachers. Dimaggio only managed an infield fly in this frame, but Catcher Bill Dickey, hit right behind him, crashed a homer deep into the bleachers, some 373 feet away.

That was the end of Junior, the 22-year-old right-hander, who didn't have anything else closely resembling the stuff shown by his pitching mates, Paul Derringer and Buckie Walters, who lost the first two games in New York, despite heroic hurling.

Yanks Handicuffed Reds That, too, was the end of the Yankees' assault, for Lefty Lee Grissom and young Lloyd (Whitey) Moore handcuffed them completely all the way through the last four innings. Not a Yankee came close to hitting, although still suffering somewhat from the injured side which put him into a hospital for several days at the end of the regular season.

But it wasn't Lefty's day. He tossed only one inning, and was promptly tagged for a run. Lefty took his turn as "lifer" in the second, and then was "lifer" in favor of Bump Hadley, the portly 35-year-old right-hander veteran. Bump apparently was summoned without a long enough warm-up in the bullpen, and gave up the Reds' other two runs before he settled down. This rally by the Philadelphians in the second game was a momentary lead.

Altogether, Goodman was the Reds, hitting hero for the day, with three singles, two of them figuring in the Cincinnati scoring. By the end of the second, Hadley had hit his stride, and for the last seven innings he gave up only three hits. In that stretch only two of the Philadelphians reached third base.

Olney Beats Harvesters In 7-6 Grid Thriller

By HARRY E. HOARE

OLNEY, Oct. 7.—Stalemate for three quarters, the Olney Cubs emerged in the fourth quarter with a touchdown and point after to defeat the Pampa Harvesters 7 to 6 here Friday night.

The first three periods were filled with jarring defenses by both sides, and neither was able to stack up more than brief offensive campaigns.

Fumbles and pass interceptions stopped the attacks of both teams but it was a fumble that cost the Harvesters the touchdown. It was the second last play in the third quarter when Heiskell fumbled on his 20 yard line and Robbins, end, recovered for Olney.

Then came into the picture a quarterback named Collings who refused to trust any of his teammates with the ball. Collings tucked the pigskin under his arm eight times and passed it once before a touchdown resulted. It was the seventh play of the fourth quarter that Collings made the final yard. It took him four tries to make the last three yards so stiff was the Harvester defense. Collings conceded to call on Mullins, fullback, to kick the extra point and it was that point that decided the game.

Carlisle Lost For Season The touchdown, however, wasn't the worst blow to the Harvesters because James (Chief) Carlisle, big back, suffered three broken bones in his left foot while making a tackle on the play before Collings went over. Carlisle was taken to the Olney hospital where X-ray pictures showed two broken bones and a fracture. Taken to Pampa by car, Carlisle was admitted to Worley hospital where attending physicians announced that his football days were over for this year. The next year he'll be too old to play.

A 65-yard drive by the Harvesters brought results after the kickoff. Heiskell opened with four yards and Mathews, who had replaced Green, made it a first down. Then Warner Phillips, who replaced Carlisle, got his big chance and he didn't miff it. Phillips roared 16 yards on a reverse. Dunaway added nine yards and then Mathews picked up eight yards. Phillips carried again and put the ball on the 8-yard line. Heiskell slipped through to the one-yard mark from where Dunaway crashed over. Dunaway stepped back to try for extra point but someone tripped him and he missed and the ball struck his chest.

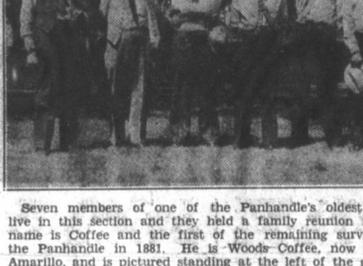

Isbell and Giles went into the Pampa backfield and on the first play after the kickoff Isbell saw another touchdown when he snaggled the ball after that. Little back had eluded the Harvester first and second lines of defense on a 15-yard run. The Harvesters held and Mullins kicked out on the Pampa 20.

Ball On 4-Yard Line Dunaway immediately quick-kicked 70 yards into the end. Phillips retaliated with a 60-yard boot. With the minutes fading, Dunaway picked up 8 yards and then ripped a 25-yard pass to Giles, who was more incomplete but Dunaway again found his mark and it was Isbell on the Olney 9-yard line. Having asked the timekeeper about a minute before regarding the time left, and getting three fingers, the Harvesters naturally took to the ground but after Isbell had gained to the 4-yard line the gun sounded ending the game.

The Harvesters had a wide advantage in every department but Phillips carried again and got to 265 for Olney and made 15 first downs to seven for the home club. Punting honors were even, Dunaway and Mullins each averaging 47 yards each in plenty good for even a college punter.

PIONEER PANHANDLE FAMILY

Seven members of one of the Panhandle's oldest families still live in this section and they held a family reunion recently. The name is Coffee and the first of the remaining survivors came to the Panhandle in 1881. He is Woods Coffee, now a resident of Amarillo, and is pictured standing at the left of the group pictured above. The other members of the family, reading from left to right, are: Logan Coffee, who came to Hutchinson county to join his brother in 1884 and who now resides in Miami; Henry C. Coffee who came to the Panhandle in 1887 and now lives in Pampa; James V. Coffee, resident since the early '90's and now a resident of Mineral Wells; Glen Coffee, who came with James V. Coffee and now lives in Amarillo; Mansel Coffee, who came here in 1900 and who is now postmaster at Perryton; and Mrs. C. B. Locke of Abilene for many years a member of the Abilene Christian college faculty.

Woods, Logan and H. C. all worked as cowboys for the old Turkey Track ranch in the '90's.

of their lethargy. But it was too late. Carlisle A Star In Collings and Mullins, Olney put forth two of as sweet ball players as has faced a Pampa line in many a year. The defensive play of Taylor, end, Christopher center, and Harwell, tackle, was outstanding. Taylor's sensational defensive play was offset by his poor offensive work. He let four perfect passes drop out of his hands standing still with not a Harvester within yards of him.

The entire Harvester backfield took turns at gaining with honors about even but scoring was limited to one march. Defensively it was James Carlisle who stood head and shoulders above any other boy on the field. The big line backer made tackles all over the field as the line leaked badly at times. Maynard, Bob Clemmons and Fide were also deadily when it came to tackling.

Starting lineups: Pampa Taylor, Pos. L.E., Clemmons, Pauley, L.T., Montgomery, Daniels, L.G., Nichols, Christopher, C., Maynard, Hutchings, R.G., Fide, Harwell, R.T., Candler, Robins, R.E., Giddings, Collings, Q.B., Heiskell, Reynolds, L.L., Carlisle, Smith, R.H., Green, Mullins, F.B., Dunaway. Substitutes: Olney—Rush, Garrett, Baker, Pampa—Isbell, Cox, W. Phillips, R. Phillips, Bailey, Giles, N. Clemmons, Mathews.

Schools Learn Reasons For Delinquency

Pampa Junior High school authorities keep close tab on their pupils. Principal Frank Monroe told Pampa Kiwanians Friday as he outlined some of the problems school officials must solve to keep down delinquency among children.

The Pampa delegation was headed by W. B. Weathered, Kiwanis president. The high school choir left by bus at 7 a. m. today and was in charge of Miss Helen Martin, director. The choir will appear on a convention musical program to be staged tonight.

At 4 p. m. today the Pampans and members of the choir will join other delegates at the Kiwanis convention to be held on a ranch near Wichita Falls.

The Pampa club's official delegates at the convention are Mr. Weathered, R. W. Lane and B. M. Behrens. Other Kiwanians expected to be at the convention are J. B. Massa, C. E. McGrew, Dr. V. E. Brunson, Fred Thompson, M. P. Downs, Jeff Bearden, and Alex ... The convention will run through Tuesday.

Court Orders Payment Of Various Bills

Gray county's budget was shuffled back and forth Friday as the county commissioners met and approved three amendments and two transfers.

To provide mileage money for Henry L. Shoffitt, LePors constable, the commissioners ordered a \$150 amendment in the salary fund. Repairs to the boiler in the court house necessitated an order amending the court house and jail fund by \$313.91, and to purchase a typewriter for the office of the county farm agent required a \$77.81 amendment in the general fund budget.

The sum of \$100 was ordered transferred from road and bridge fund 4, the amount to be later returned to the original account, and \$5,000 was authorized as a transfer from the general into the salary fund. Bid of Culberson Smalting Chevrolet company on a Chevrolet coupe pickup for \$734.80 was accepted. A routine order to permit installation of a 42 inch pipe culvert under the Fort Worth and Denver tracks, 75 feet north of the center line of stock pen chutes on the railroad right-of-way at LePors, was passed at a previous meeting. Under the order, the railroad is held exempt from any claims arising out of a diversion of water. The agreement is dated October 3.

Kiwanians And Choir Leave For District Meeting

A delegation of 15 Pampans and the 40-voice Pampa High school capella choir left this morning for Wichita Falls where they will represent the Pampa Kiwanis club at the three-day Texas-Oklahoma district Kiwanis convention which opens there this afternoon.

The Pampa club's official delegates at the convention are Mr. Weathered, R. W. Lane and B. M. Behrens. Other Kiwanians expected to be at the convention are J. B. Massa, C. E. McGrew, Dr. V. E. Brunson, Fred Thompson, M. P. Downs, Jeff Bearden, and Alex ... The convention will run through Tuesday.

Pampa Veterans Attending 36th Division Reunion

While Poliu and Boche engage in a strange new warfare along the Maginot and Siegfried lines, Oklahoma and Texas who 21 years ago were in a division that helped the Allies crack the gray-green defense, in Fort Worth this afternoon will watch a combat problem presented by units of the Texas National Guard of Fort Worth.

Among the veterans attending the annual reunion are Ernest H. Hamlett, Neil McCullough, Ed Graham, and Tommy White, all of Pampa. The quartet left here for the two-day reunion on Friday morning. Presentation of the combat problem will follow the annual Memorial services in the Fort Worth municipal auditorium and the banquet dinner at Pioneer palace, for the 36th Division Veterans' association.

Practically every branch of the service will be represented in the national guard problem, as the division and the 36th (Airhead) division see their active service days recalled.

Accumulation Of Stocks Dangerous Says Harry Hopkins WASHINGTON, Oct. 7 (AP)—Secretary of Commerce Hopkins today coupled a report of accelerated business recovery with a warning against accumulation of inventories and premature price rises in anticipation of a war boom. "The spurt in production," said a department of commerce statement, "has not been matched to date by greater consumption by the public or in capital expenditures by business for plant expansion and equipment."

Arkansas Noses Out TCU In Torrid Pitching Duel

By FELIX R. MCKNIGHT

PAYETTEVILLE, Ark., Oct. 1 (AP)—Battered Arkansas weathered two direct hits from Texas Christian's mighty bomber and then charged back with a magnificent dying-innards drive to pull out with 14-13 triumph in the Southwest conference football opener today.

Mad passing kept Texas Christian in the ball game, both touchdowns coming from aerial gains of 50 and 75 yards, but Arkansas, "the passing-est team in the nation," gathered up its crumbles and produced when the chips were stacked. Tied 7-7 at the tag end of the third period, Texas Christians' second string pulled an incredible 75-yard sky gallop, Little Rusty Cowart heaving a 20-yard pass that Halfback Logan Ware caught and carried 50 more down to the Arkansas 15 where Aubrey Nield flicked his flying heel and sent him sprawling. The ball skidded to the one where Spud Taylor recovered for TCU and Sophomore Frank Kring dived it across. Earl Clarke's kick was low. Score: Texas Christian 13, Arkansas 7.

Came the typical "comeback" Arkansas passing spree. Starting from their 40 after a short kickoff, the Porkers, with Kay Eakin, a grand football player, passing, scurried down field to the TCU 16 on passes, and Little Walt Hamberg's churning sweeps. Eakin shot a pass to Sophomore O'Neil Adams on the six. Adams, a fancy runner, swept around from his end post and scored on an end around—his second such feat of the day.

The kick that killed TCU, Milt Silmington's boot, soared straight through the bars. Statistics tell a strange story, one that Texas Christian doesn't care to hear. The Christians, with Jack Odle, before he was removed with a hand injury, and Cowart Slinging, gained 287 yards through the air in 18 completions out of 38 attempts. They broke over the tackles on their famed reserves for 90 yards and a net yardage gain of 362 yards to Arkansas' 213, but the scoring punch was absent again. Once the big purple machine grounded on the Arkansas five after Pullback Connie Sparks' runs and Odle's passes had failed to punch to the goal stripe, Arkansas had its two regular ends out of commission, but, ironically, it was their reserves who did the damage. Adams, a ball of fire, scored both touchdowns on fine drives and in Southernland, the other wing, was a pass receiver extraordinary today.

Jewels Of Monte Alban Favored By American Tourists

MEXICO CITY, Oct. 7 (AP)—A check develops that the majority of American tourists nominate the jewels of Monte Alban the most impressive sight at the Mexican capital.

The collection, which has been exhibited in the United States, is housed in a special room of the Mexican National museum. The relics, one of the richest finds in North America, were discovered a few years ago in one of the tombs excavated near Oaxaca in an archeological zone found by the present director of the National Museum, Lic. Alfonso Caso.

The discoveries at Monte Alban, evidently the burying ground of a race of far advanced in culture and great antiquity, threw evidence on the Oriental origin of at least this race of ancient Americans. Such peculiar customs as wearing long fingernails with gold guards was established from the tombs, a practice which only the Chinese followed.

Band Parents Of Woodrow Wilson Hold Meeting

Band Parents of Woodrow Wilson school held their first 1939-40 meeting at the school Friday night.

A nominating committee was appointed. Directed by Fred Forrester, a band program was presented consisting of four band numbers and six soloists. Soloists on the program were Armlida Cargill, accordion; Billy Tarpley, saxophone; Yvonne Berry, piano; Otoline Patten, clarinet; Wesley Geiger, saxophone; Delmar Bellflower, cornet.

Members of the band, by sections, are: trombones, Lonnie Wall, Randall Clay, Billy Baird, Troy Wallace, basses, Bobby Reynolds, Charles Hatcher, Earl Troselle, cornets, Delmar Bellflower, Carl Gilchrist, Harold Blevins, Elmo Hardin. White shoes and black four-in-hand ties will be official this year for the Woodrow Wilson band. Refreshments were served after the meeting.

Pampa Girl Hopes To Take Civilian Pilot's Course

A Pampa girl, Doris Gee, will be the third girl applicant for training in the civilian pilot training course sponsored by West Texas State college, Canyon, in cooperation with the Civil Aeronautics authority.

Marcelite Reid of Dumas, daughter of Supt. J. W. Reid, a former army pilot, and Erdie McNeill of ... They broke over the tackles on their famed reserves for 90 yards and a net yardage gain of 362 yards to Arkansas' 213, but the scoring punch was absent again. Southwestern Life Will Open Branch Agency In Pampa

A branch agency of Southwestern Life Insurance Co., Dallas, will be opened in Pampa within the next week or ten days, it was announced Saturday by G. W. Mills, branch manager at Amarillo.

John H. Plant transferred here from Texarkana, already is in Pampa to make arrangements for the opening of the local office.

Mr. Plant formerly was employed by the company in the Panhandle, working the north territory out of Amarillo. He has been with the company seven years.

Mr. Plant said announcement of the company's Pampa location will be made soon.

Baker And Woodrow Wilson Play Monday

Pampa Harvesters of 1943 will start their season on Tuesday afternoon when the grade school teams lift the lid on their 1939 football season. Most of the little fellows will be Pee-wees next year. Recappers the following year, Guerrillas the year after and then Harvesters.

First game of the ward school championship series will be played Monday afternoon at 3 o'clock when Baker and Woodrow Wilson clash. At the same hour Tuesday afternoon Sam Houston and Horace Mann will do battle. School bands and pep squads will be on hand.

The balance of the schedule has not been completed.

The Rev. Aid married Mr. John Lemon to Miss Mary Sugar at Wooster, O., in 1938.

Oklies And Texas Win Sensational Upsets

40,000 Come To See 'Great' Decorrevont

EVANSTON, Ill., Oct. 7 (AP)—Oklahoma's Sooners, the boss team of the Big Six Conference last year, did everything right today to make a staggering 25 to 0 upset triumph over Northwestern in spite of some brilliant operations by Bill Decorrevont.

The biggest opening day turnout in Northwestern's gridiron history, 40,000 spectators, came to see how Decorrevont, the nation's most published prep school star two years ago, would do against the big boys. They saw the blond youngster stage a brilliant performance after an unhappy start but nothing Decorrevont could do was anywhere near enough to offset Northwestern's mistakes.

The Oklahomaans, underdogs in spite of their sensational record of 10 straight victories last year before losing to Tennessee in the Orange Bowl, were prompt to take advantage of errors. They clamped a stranglehold defense on Northwestern's highly regarded crew of backs, and produced stunning offensive power when scoring opportunities arose.

Decorrevont went into action late in the first period and lost 13 yards on two plays as the Sooners forwards crashed through Northwestern's line. He came back late in the third period to return a kickoff 40 yards, race 13 yards around an end, and give a dazzling exhibition of footwork in slipping through the right side of the Oklahoma line for a 28 yard gain. A fumble nullified his gains.

Oklahoma scored its first touchdown in the first period when Ollie Hahnstein, Wildcat back, fumbled as he attempted to kick. John Shirk, Sooner end, recovered on the Wildcat six, and after Jack Johnson, the Sooner's Indian halfback, took it to the one in three shots, fullback Bob Seymour rammed it over.

Beryl Clark, 162 pound halfback whose fine kicking kept Northwestern in the hole most of the afternoon, led another advance a few minutes later and when Northwestern braced on its 15, quarterback Dick Favor kicked a 24-yard field goal from placement.

Hahnstein's second fumble on his own four yard line in the third period, led to the second touchdown. Clifton Speagle, Oklahoma's clever junior center, recovered and Seymour crashed over again.

Kelton Beats Guerrillas 13-7

Although beaten by Kelton 13 to 7 here Friday afternoon, the Pampa high school Guerrillas of Coach Oscar Hinger looked impressive. In fact the Guerrillas, who average about 185 pounds per boy, gave by far their best exhibition of the year against a team that must have tipped the scales at close to 175 pounds.

It was the trusty passing arm of Lefty W. C. Pendleton and the receiving of Harold Bray that combined to give the Guerrillas their touchdown and point after touchdown. Edmondson and Thompson assisted in the touchdown march with Daugherty doing some effective blocking.

Coach Hinger used every one of his 28 boys during the game or the score might have been Coach Hinger's job to develop Harvesters for next year and he can't do that by letting his boys sit on the bench. By substituting he discovered that Revere, a 225-pound transfer from Oklahoma, has possibilities of becoming a good tackle. Several other boys who are listed as reserves showed up well against their big opponents.

The power of the Kelton attack was carried by a giant named Richardson who played both at end and in the backfield during the game. Suttle and Cox, ends; Flanagan and Snyder, tackles; Moyer and Grossman, guards; Berry, center; Edmondson, quarter; Daugherty and Bray, halves; Thompson, full.

Pampa, Amarillo, Lubbock Defeated

District 1 football teams took it on the chin again Friday and yesterday when Pampa, Amarillo and Lubbock lost games. Only Plainview and Huger managed to eke out victories and keep the state from being wiped clean.

The Pampa Harvesters lost a heart breaker to Olney 7 to 8 while Lubbock dropped one to Vernon by the same score. Last night in San Antonio Amarillo lost 9 to 0 to a team to Brackebridge of San Antonio.

Plainview defeated Quanah 19 to 0 while Huger was extended to the limit to nose out Class A Panhandle 27 to 2.

The schedule for this week will see the Pampa Harvesters in Plainview for a conference game on Friday night. At the same time Huger will be in Childress. Amarillo will entertain Capitol Hill and Oklahoma City on Saturday. Lubbock has an off week.

Green turtles are not green. The name is derived from the color of its fat, used in making turtle soup.

Pension March On Capital Outlined

TYLER, Oct. 7 (AP)—Plans for a march on the capitol Oct. 16 to ask Gov. W. Lee O'Daniel to call a special session of the legislature were outlined here today by Cyclopedia Davis, Jr.

Speaking before approximately 200 pensioners in a mass meeting, Davis declared the special session should provide a higher natural resource tax to pay \$30 pensions.

"Monopolistic companies producing natural resources in Texas and shipping them out are bleeding the state of two million in profits daily," asserted the speaker. He urged adoption of a 4-cent per barrel tax on crude oil at the well and an additional 5 cents when the oil goes into a pipeline.

Irish Defeat Memphis 13-0

Special To The NEWS

SHAMROCK, Oct. 7 (AP)—Scoring in the middle of the game, the Shamrock high school football team defeated the Memphis Cyclones 13 to 0 in a game played on the local gridiron Friday night.

A 17-yard pass to Allen to Wilson, accounted for the first Irish tally, in the second quarter. Wilson failed to add the extra point.

Coming back in the third quarter, Allen on a 13-yard play carried the ball over from the three-yard mark to make the second Shamrock touchdown, after Allen and Puet had done most of the ball-toting toward the goal. A pass, Allen to Roden, netted the extra point.

Coming back in the third quarter, Allen on a line play, carried the ball over from the three-yard mark to make the second Shamrock touchdown, after Allen and Puet had done most of the ball-toting toward the goal. A pass, Allen to Roden, netted the extra point.

Burton, left tackle, and Simms, a substitute center, were strong on the Irish offense. Crump, Memphis fullback, shone in lugging the leather for the visitors, while Foster, a substitute, was the star of the Memphis defense.

Shamrock made 15 first downs to Memphis' four, gained 294 yards in scrimmage as compared with the visitors' 84. Out of 16 Irish forward passes, 11 were incomplete, one was intercepted, and four were completed, for a total of 60 yards. Memphis took an equal number of chances in the air, completed four passes for a total of 21 yards, had nine incomplete and three intercepted.

Number of penalties on both sides were even at seven. Penalties cost Shamrock the loss of 45 yards, while Memphis was set back for 35.

Shamrock punted twice for an average of 42 yards. Memphis five times for an average of 25.

Score by periods:

Johnston Leads SMU To 16 To 0 Win Over Eagles

DALLAS, Oct. 7 (AP)—Preston Johnston led Southern Methodist university's Mustangs to a 16-0 victory here today over the North Texas State Teachers.

The Newcastle sophomore scored the first SMU touchdown, set the stage for a safety, made another touchdown but fumbled the ball and altogether was a pain all afternoon for the Eagles.

The game was less than two minutes old when Johnston battered his way to a touchdown, circling end for 12 yards and adding 8 for the counter after the Teachers had drawn a five-yard offside penalty. Jack Sanders kicked the goal.

Johnston set the stage for the second Mustang score early in the third period with a 58-yard quick kick that pushed the Teachers back to their 8. Sanders crashed through to tackle Johnny Riola, the spearhead of the Teachers offense, behind his goal line for a safety.

Johnston took personal charge of all the fireworks in the third quarter, soon afterward engineering a tie that ended with him plunging over from the 6-yard line. However, the Newcastle boy fumbled the ball over the goal line, and it went as a touchback.

A few minutes later the Mustangs got their final counter with Lynn Bostick blocking Riola's punt and Hoyle Sims picking up the bouncing ball on the Teacher 13 and running over for the score. Bob Bellville kicked the extra point.

A submarine can travel completely submerged with less than half the water resistance that occurs when it is traveling on the surface.

Kentucky Whips Vanderbilt First

NASHVILLE, Tenn., Oct. 7 (AP)—After waiting 43 long, lean years Kentucky's Wildcats rose up in all their power today to achieve their first victory in history over Vanderbilt's Commodores, a 21 to 13 triumph that left no doubt as to superiority.

The wildcats struck with passes and a well coordinated running attack to overwhelm Vanderbilt for the first time in 18 games the teams have played.

Sophomore Ernal Allen of Merriestown, Tenn., spearheaded the Wildcat attack with passing and running.

Vanderbilt started its second team and quickly Mickey Flanigan tossed a 28-yard payoff pass to Ralph Hinton.

Kentucky came back to tie the count when Allen handed the ball on a reverse to Junior Jones, who raced 14 yards to score.

After the intermission Kentucky's captain, Quarterback Joe Shepherd, intercepted a Vanderbilt pass at his 30 and dashed unimpeded to yards for a touchdown. In the fourth period Kentucky counted again when Halfback Dave Zoeller went over from the 3.

Baylor Rolls Over Oklahoma Aggies 13 To 0

By AUSTIN BEALMER
STILLWATER, Okla., Oct. 7 (AP)—Baylor's Bears marred the "parents day" celebration at Oklahoma A. and M. by rolling over the Aggie crew for a 13 to 0 victory before 5,000 fans at Lewis Field.

Jim Witt, junior halfback who paced the Baylor offense, heaved a 23-yard pass to Sherman Barnes for the initial counter with more than two minutes of the first period remaining and punched the second one across himself from the 4-yard stripe in the third quarter.

The Bears not only kept their goal line uncrossed for the second time in as many starts this season, but held the Aggies far from scoring territory.

The Oklahomaans, outweighed about 17 pounds to the man, made their only sizeable gains through the air.

After sparring most of the first quarter, Baylor finally moved out late in the period and mixed aerials with a sharp running game to drive game-changing head linesman.

Starting lineups:
Baylor Position Oklahoma
Wilson LG Clark
Burton LT Kerr
Isaacs LG Pulley
Holmes RG Cardin
Blount RT Bruce
Howell RE Jenkins
Anderson RB Robinson
Allen QB Jones
Lunford RB Jones

Substitutes: Shamrock, Roden, Simms; Memphis, Foster.

South And Southwest Win Intersectional Honors

By HERB BARKER

NEW YORK, Oct. 7 (AP)—Pre-season football bouts for Holy Cross, Northwestern, Minnesota and Fordham died an extremely painful death today as a brilliant card of intersectional games found the proudest and swiftest emerging youth of most of the schools.

Fifty refusing to believe all the tall talks they heard of Holy Cross power, the Tigers of Louisiana State shelled the Crusaders 26-7 at Worcester as Ken Kavanaugh, great end, caught three passes for touchdowns and scored the other on an 80-yard run after intercepting a Holy Cross aerial.

Hayward Sanford's accurate try for point after touchdown provided Alabama with a 7-6 triumph over Fordham but actually the southern boys outplayed the Rams by a wide margin. Northwestern made entirely too many mistakes against alert Oklahoma and the Sooners romped off with an astounding 23-0 decision. Bill C. Crummett, highly publicized Northwestern back, made his varsity debut and looked good in spots.

Duke Wallops Colgate

Nebraska's Cornhuskers pushed over a second period touchdown against Minnesota and then held off every Gopher thrust to win 6-0.

Duke and Texas were responsible for two more brilliant victories for the south and southwest. Duke, unbeaten during the regular season a year ago, rolled all over Colgate, 37-0, as Texas uncoiled an effective attack that routed Wisconsin, 17-7.

Georgia Tech and Missouri were the victors in the remaining two rivaling southern and southwestern teams. For the second week in a row, a field goal, this time by Harry Stevenson, provided Notre Dame with its winning margin, a 17-14 triumph over Georgia Tech in a sensational game the Engineers nearly pulled out of the fire. Missouri was no match for Ohio State and bowed, 19-0.

Rounding out the great middle western program for the day, Iowa came through with two touchdowns in the final period to nose out Indiana, 22-20, the Hawkeyes' first Big Ten conference victory since 1933; Michigan rang up the most important of the day, a 9-0 triumph over Kansas won a Big Six encounter from Iowa State, 14-0.

In the east, both service elements barely came through. Army had to score nine points in the final quarter to tie the Commodores, 9-9, and Navy won from Virginia, 14-12, only by blocking two Virginia attempts at extra points.

Yale Beats Columbia

Yale opened Ivy League competition with an upset 10-0 victory over Columbia as Cornell, averaging its sole 1938 defeat, routed Syracuse, 19-6. Penn just made the grade against Lafayette, 6-0. Princeton, Harvard and Dartmouth all scored over their opponents.

Pitt again used deception and the air-lanes, rather than sheer power to stop West Virginia, 30-0, as Carnegie Tech squeaked by Temple 6-0.

Milane rang up the most important of the day, halting Auburn, 12-0, and ending a string of three successive scoreless ties between these rivals. Kentucky showed surprising strength in whipping Vanderbilt 21-13. Tennessee routed Sewanee as scheduled, 40-0, in the Southern Conference. North Carolina topped Virginia Tech, 13-6; Clemson routed North Carolina State, 25-0; Richmond beat Washington and Lee 7-0, and Virginia Military won from Davidson, 2-0.

Arkansas came from behind to take a Southwest Conference decision from Texas Christian's defending champions, 14-13, as Baylor and Southern Methodist won handily from outside opponents.

Form held steady in the Pacific Coast Conference as Oregon toppled Stanford, 10-0; Southern California ran up a 27-0 count on Washington

State; UCLA whipped Washington, 14-7, and Oregon State tripped Idaho, 7-6.

Utah, hot favorite in the Rocky Mountain Conference, walloped Wyoming, 60 to 0.

St. Mary's Gaels overcame an early California lead and emerged with a 7-3 victory.

LeFors Runs Over Peeewees 20-6; Teams Will Play Again Thursday

The LeFors Junior high school football team was too much for the Pampa Junior High Peeewees Friday afternoon, and they ran over the local youngsters at Shaw Park in LeFors for a 20 to 6 victory.

Playing out of their division for the first time, the Peeewees put up a good scrap but they couldn't make tracks against four of their larger and taller opponents.

Stratener and Cole, LeFors backfield aces, were stars of the game. Both were tall and fast, and they waded through the Peeewe line and shook off Peeewe tacklers without any trouble.

Despite the disparity in the size of the teams, the Peeewe and the LeFors boys will play at Harvesters park next Thursday. The Peeeweas are yearning to avenge their defeat and they hope to show the visitors what they can really do when they're in a fighting mood.

The Peeeweas scored first in the opening quarter when Stratener fumbled on his seven yard line. Fullback Stevens carried the ball to the one-foot line and quarterback Johnny Campbell plunged for the touchdown.

On the first play after the kickoff Cole ran 40 yards for a touchdown. Stratener scored the second counter on a 30-yard return of a punt. Stanley plunged for the third touchdown after Cole and Stratener had lugged the leather to the two-yard line. Cole bucked the line for the point.

The Peeewe led the LeFors boys pretty well in the first, second and third quarters when the game was tied up in first downs as well as in the score. LeFors made eight first downs during the entire game, and the Peeewe five.

With the exception of four players, the LeFors boys were about the size of the Peeewe. However, two of those four boys were in the backfield and two in the line and they ripped the Peeewe defense to pieces whenever they put on the pressure, and they effectively stopped any serious scoring offensive after the Peeewe touchdown.

Campbell, Billy Coy Shelton, and Dick Manry shone in the backfield for the Peeewe, and despite his injured toe Stevens accounted for a great deal of yardage, 65-pounder Campbell was knocked out of the game in the third and it was

State; UCLA whipped Washington, 14-7, and Oregon State tripped Idaho, 7-6.

Utah, hot favorite in the Rocky Mountain Conference, walloped Wyoming, 60 to 0.

St. Mary's Gaels overcame an early California lead and emerged with a 7-3 victory.

Wisconsin Is Pushed All Over Madison

MADISON, Wis., Oct. 7 (AP)—A hard-charging Texas university football team which took advantage of every opening handed the Wisconsin Badgers a stunning, 17 to 7 defeat before a crowd of 25,000 here today.

After a scoreless first half the Texas Longhorns smashed through the jittery Badgers for a pair of touchdowns and a safety in the third period to take a 15 to 0 lead. They added two points on another safety in the final quarter. Wisconsin scored three minutes before the game ended.

A substitute fullback, R. E. Patrick, was the spearhead of the Texas third quarter drive. He ripped through the Wisconsin line for 21 yards on five smashes after Gilly Davis, the substitute halfback, intercepted a Wisconsin pass in mid-field and ran 25 yards. Davis went over from the three yard line. The conversion kick was blocked.

A few minutes later a quick kick put Wisconsin back on its own two. Cone, Badger back, trying to sprint right end, was hit behind the goal line and downed for a safety. Jack Crain, Texas back, promptly added another touchdown when he broke around right end and galloped 37 yards for a score. Crain's kick for the extra point was good.

Early in the fourth period the Badgers were pushed back on an exchange of punts, and a bad pass from the Wisconsin center rolled into the end zone where John Tarrant, halfback, fell on it, for another 120 points for the invaders.

Harold Lubnow, Badger reserve fullback, paved the way to the Wisconsin touchdown late in the game. Wisconsin got the ball on its 39 and in four plays scored. Lubnow ripped through the Texas line for a 12-yard gain after a pass from Tarrant to Gordie Gile had given Wisconsin possession on the 24. Tarrant then passed to Don Miller, substitute halfback, for a touchdown. Eck's place kick for the extra point was good.

Moose Hartman Ballyhooed As All-American

HOUSTON, Oct. 7—Francis Wallace, in his magazine (Saturday Evening Post) article, lauded one Rice Institute football player as an all-American candidate. This young man is Ollie Cordill, half-carrying punting, pass-smashing back.

But even through the disappointment of the opening 12-13 loss to Vanderbilt, sportswriters, other close observers and fans are enthused—over the nation-wide chance of Fred (Moose) Hartman, powerful, 215-pound guard.

Hartman, although eased in a shoulder and body harness to protect a tender shoulder, was the big reason Vandy was held to one first down the first three periods. He just "batted" his way through the blockers in the center of the line, and on several occasions pulled or "batted" down Commodore ball-carriers with his big hands and arms.

Moose stands six feet, two inches in height, and there isn't any bulge on his weight. Although shy and homespun in his conversation and actions, the junior from Pampa, Texas, probably is the strongest member of the squad. Next to football, he'll take his "hillbilly" music, to which he will listen by the hour.

His shoulder mended, Hartman goes next against Centenary here Saturday night, then against Lehigh, S. U. in Baton Rouge, Oct. 14. Rice fans are anxious to see him in action against Fordham in New York, Nov. 4.

Nazis Would Empty Line By Christmas

By MELVIN K. WHITELEATHER
BERLIN, Oct. 7 (AP)—With Adolf Hitler represented as confidently expecting his peace proposals to bear fruit, the Nazi slogan tonight was "out of the Siegfried line by Christmas."

Nazi leaders said they saw no reason why the trenches and coxkips could not be emptied by Christmas if powers desiring peace acted immediately upon the peace projects the Fuehrer outlined yesterday in his Reichstag speech.

Hitler, it was reported authoritatively, would accept an immediate armistice if such were proposed by President Roosevelt or the head of some other big neutral power with a view to forming the necessary basis for an all-inclusive conference to reach a general settlement of Europe's problems.

War activity, as reported by the German high command, was negligible. One French scouting plane, the communique said, was shot down at Godesberg and another forced down at Euskirchen.

In the east, German troops were reported cleaning the woods and marsh-lands of a few scattered Polish forces and classifying the Polish war booty which was said to be so great no near estimate could yet be given.

Finns Surprised
News of Soviet Russia's invitation to Finland to send representatives to Moscow to discuss political and economic matters greatly surprised Finnish circles here.

The belief had been expressed in these and in political quarters generally that the Finns would be given benevolent German protection because of the long-standing friendship between the two nations.

The Germans sent an expedition to help the Finns fight the Bolsheviks near the end of the World War and a number of Finnish citizens fought in the German army during that war.

There had been indications that Finland would not fall completely into the Soviet sphere of influence as have Latvia and Estonia, which have signed treaties giving Russia concessions and special privileges along the rim of the Baltic sea, with Lithuania considered likely to follow.

Irked With Turkey
Officials quarters tonight, however, when asked for comment on the Russian invitation said there was no written or implied agreement that the Reich would protect Finland and Germany could "only welcome it if Russia and Finland should reach a friendly accord."

The Nazis were irked because they were showing some impatience over Turkey's slowness in reaching an agreement with Russia in regard to Dardanelles and Black Sea matters.

Informed quarters asserted that "Turkey must soon decide which way she is going."

They privately intimated that if Turkey does not wholeheartedly climb aboard the Nazi-Soviet bandwagon, then Russia will occupy the strategic Dardanelles gateway to the Black Sea.

Houses Made Of Cotton Under Test In Alabama

By WILLIAM FINKERTON
WASHINGTON, Oct. 7 (AP)—Men who have built steel houses, mud houses, adobe houses and assembly-line frame houses are watching now the weather's wear on their first cotton house.

If a duck-covered dwelling in Coffee county, Ala., stands the test, the South may find a new outlet for its piled-up cotton surplus.

The cotton house is the latest experiment in the farm security administration's search for ways to house poor families comfortably within their incomes.

Housing families with the building materials close at hand is an FSA principle which has turned its engineers to starting experiments. They used pine in the Southeast; cedar in the Northwest; steel in Tennessee and desert dirt in New Mexico.

And now they are eyeing the house that is covered with cotton duck—the same duck long used by the United States Navy as a water proof, sun proof, spot proof decking for ships.

A family has been living in this unique dwelling for a month or so; but the engineers are withholding judgment. There seem to be some blisters.

If the trial house warrants further experiments, another may be tried, with the duck stretched on panels fitted together from the wall instead of being stretched over a whole side surface.

Roof and walls both are covered with the cotton, dressing, nailed to a smooth backing of plywood, plaster or composition board. It replaces the clapboards.

Advocates of the cotton house declare that "the duck is free of curls and buckles, and is flexible and weatherproof. . . is easily treated to make it fire-resistant. . . is an excellent insulating material."

OCCASION FOR THANKSGIVING
SPRINGFIELD, O. (AP)—Dean G. G. Shatzer of Wittenberg college last year designated November 23 for the start of the Thanksgiving vacation on the 1939-40 school calendar. He received quite a bit of kidding about the error—until President Roosevelt advanced Thanksgiving day to November 23 this year.

COLUMBIA, Mo. (AP)—The annual catalogue for Christian junior college for women was printed months ago. It listed November 23 as Thanksgiving day. President Roosevelt corrected the error.

Standard Food No. 5 To Move Into New Location About Nov. 1

Of greatest interest to shoppers of this community was the announcement yesterday that the H. B. Lovett building at the corner of Cuyler and Francis, formerly occupied by the Fred Cullum Motor company, will soon be occupied by Standard Food No. 5, now located on North Cuyler.

F. S. Brown, owner of the Standard Food Markets in Pampa and LeFors, has leased the building for five years, and as soon as the interior is remodeled the Cuyler street store will be moved into the new location.

The new location affords lighting exposure on both the north and west sides of the street, as does the Standard Food Market at the corner of Somerville and Kingsmill. Because of the greater space in the new location, customers will find the new arrangement more accessible, convenient and step-saving, it was said. The corner location will also afford more parking facilities.

The Lovett building is one of the newest in the business district. It will be occupied about Nov. 1.

The store will occupy the entire floor space and will consist of the main store and a store room. The store will cover a space of 50 feet wide and 142 feet long. The grocery stock will be doubled, and entirely new fixtures will be installed, including the latest type of meat cases. A delicatessen will be a feature of the new store.

Special cases are now under construction in St. Louis. Arrangement of stocks will conform to the latest and approved idea of grocery merchandising.

The Standard Food Market fleet of trucks which bring all sorts of meats from fruit and vegetable districts of the Southwest, including Denver, Fort Worth, San Antonio and the Rio Grande Valley, the apple and potato districts of Colorado and various sections of Oklahoma, will furnish new accommodations. All vegetable fixtures in the new store will be new and of latest type.

Ernest Baird will continue as manager of the store. Standard Food Market has been at its present site for three years.

Geranium Pots Hang From Guns On Swiss Border

By CHARLES S. FOLTZ, JR.
ON THE FRENCH-SWISS FRONTIER, Oct. 7 (AP)—It's a funny frontier, this jagged line running between France and Switzerland.

One country mobilized to get into war, the other mobilized to keep out.

And both have gone through the grim formalities of protecting themselves from theoretical attack from or through the other.

From the southern tip of Switzerland at Geneva to the northern tip at Basel, both nations have manned their frontier forts and other defenses.

Yet between the guns of both sides the troops are friendly.

The French are doing everything possible to assure the Swiss they have no intention of violating Swiss neutrality and only want to protect themselves.

The Swiss are doing the same thing within the lines of their primary interest—to protect their neutral position.

At one frontier post in the Jura mountains west of Lake Neuchatel three machine-guns cover the pass leading into France from Switzerland. Swiss machine-guns match them from the other side.

Yet just to show there are no real hard feelings behind formal defense of the frontier, the French gunners have hung three flower pots, each bearing blooming geraniums, from the muzzles of their machine-guns.

MAYOR

(Continued From Page 1)
promulgated by the Board of Insurance Commissioners as the result of the careful practice of fire prevention measures; and

WITNESSETH, it is the duty of every citizen of this city to aid in the prevention of fires where possible:

NOW, THEREFORE, I, E. S. CARR, Mayor of the City of Pampa, Texas, do hereby proclaim and designate the week beginning October 8, 1939, as FIRE PREVENTION WEEK and I call upon the citizens of the city, particularly civic clubs, schools, and municipal organizations to emphasize the danger of fire and to encourage the study of fire prevention measures in an organized movement to lessen the disastrous consequence of fire.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the official seal of the City of Pampa, Texas, to be affixed hereto, at Pampa, on this 8th day of October, A. D. 1939.

E. S. CARR, Mayor

"No Third Term," Said The Headline, But It Was For The Year 1796
BISMARCK, N. D., Oct. 7.—Readers of Bismarck Tribune were surprised to read the eight-column banner line, "No Third Term, Says President." Its sub-head continued, "Maintain Credit, Avoid Foreign War, Is Parting Advice."

Not until the reader got to the dateline of the story did he discover that it was: "Philadelphia, Sept. 18, 1796—President George Washington announced his intention not to accept a third term as chief executive of the United States." The complete text of Washington's farewell statement was run down the two right-hand columns of the paper with a two-column cut of him next to it.

Latvian Minister Gets Soviet Call

WASHINGTON, Oct. 7 (AP)—Senator Downey (D-Calif.) forecast in the Senate yesterday that repeal of the arms embargo would lead ultimately to "inflation and a boom of catastrophic consequences."

The Californian took the floor after Senator Thomas (D-Utah) had urged removal of the embargo. Thomas contended that no nation could object because under the administration's full-neutrality bill American ships would be prevented from carrying war supplies to a belligerent.

"As for me," Downey asserted, "I am firmly set against any further intervention in Europe by the sale of war materials three in peace-time or war."

"Let us not help attack the peoples of another continent. Let us attack our own tasks at home."

Downey proposed this slogan for opponents of embargo repeal: "For the Americas, both North and South, billions for defense but not a single sou for butchery abroad."

The Californian predicted embargo repeal probably would mean a tax on the American people equal to 25 to 50 per cent of their incomes.

"One half of our population now live on meagre rations," he said, "and I am unwilling to degrade them further to benefit nations abroad and profiteers at home."

He assumed, he said, that the

Pampans Will Attend Synod At San Angelo

Rev. and Mrs. Robert Boshen will leave Tuesday for San Angelo where Rev. Boshen will attend the Synod meeting of the Presbyterian churches, U. S. A.

Mrs. Boshen, together with Mrs. Dick Walker of Pampa, Mrs. V. K. Aubrey, and Mrs. L. L. Wiles of Borger, who will accompany them, will attend the fifty-first annual Synodical meeting of the Presbyterian churches, U. S. A.

Synod and Synodical meetings are always held simultaneously in the same city and leaders, instructors and missionaries meet to make the two-day session inspirational as well as educational.

Mrs. V. K. Aubrey of Borger is president of the Amarillo Presbyterial and will be heard on the Synodical program. Mrs. L. L. Wiles of Borger will lead the worship service of the Synodical on Thursday afternoon. Mrs. Dick Walker of Pampa is serving her third year as treasurer for the Amarillo Presbyterial, which is composed of the women's auxiliaries of the Presbyterial churches, U. S. A., in the Panhandle, extending south as far as Childress on the east and Littlefield on the west.

During the year ending April 1, 1939, the Amarillo Presbyterial showed an increase in the number of new auxiliaries greater than any other Presbyterial in Texas and only three other in the entire U. S. A. had a larger number. Amarillo Presbyterial also has the largest membership of any other in the Texas Synodical.

The San Angelo meeting will close Thursday afternoon.

It is theoretically possible for one pair of Australian rabbits to have 20,000,000 descendants within five years.

Downey Sees More Misery For The Poor

WASHINGTON, Oct. 7 (AP)—Senator Downey (D-Calif.) forecast in the Senate yesterday that repeal of the arms embargo would lead ultimately to "inflation and a boom of catastrophic consequences."

The Californian took the floor after Senator Thomas (D-Utah) had urged removal of the embargo. Thomas contended that no nation could object because under the administration's full-neutrality bill American ships would be prevented from carrying war supplies to a belligerent.

"As for me," Downey asserted, "I am firmly set against any further intervention in Europe by the sale of war materials three in peace-time or war."

"Let us not help attack the peoples of another continent. Let us attack our own tasks at home."

Downey proposed this slogan for opponents of embargo repeal: "For the Americas, both North and South, billions for defense but not a single sou for butchery abroad."

The Californian predicted embargo repeal probably would mean a tax on the American people equal to 25 to 50 per cent of their incomes.

"One half of our population now live on meagre rations," he said, "and I am unwilling to degrade them further to benefit nations abroad and profiteers at home."

He assumed, he said, that the

war would be prolonged and that the British and French would be unable to buy in this country.

If these assumptions were correct, he said, approximately \$5,000,000,000 of war supplies would be purchased by the Allies, boosting prices and raising living costs.

After a year, Downey argued, cash resources of France and Britain would be exhausted.

"We will then either have to extend credit to the Allies to buy, or cut off the employment of millions of workers over-night," he said.

"Beyond doubt, the latter alternative would, with other existing conditions, precipitate a depression even greater than what occurred in 1929. Should we choose the other course and sell to Great Britain and France on credit, it is possible that we may find our national debt increased from its present 50 millions to 75, or 100 billions of dollars."

"The resultant collapse of government solvency would be the su-

Lithuania's Hopes Of Regaining Wilno Receives Setback

By WITT HANCOCK
MOSCOW, Oct. 7 (AP)—Lithuania's hopes that she would regain her former capital, Wilno, in return for concessions she was expected to make to Soviet Russia received a setback tonight with reports that Wilno workers opposed such action.

Soviet broadcasts of reports of the workers' meetings said that speeches and resolutions demanded annexation with Soviet White Russia.

Political observers said Lithuania—whose diplomats were returning here after consultations at home—still might get part of the surrounding territory but the tenor of the Wilno report indicated the Soviet had no idea of turning that city over to the Baltic state.

Unofficial reports said Lithuania would be asked to give Russia transit rights and possibly a port as a naval base. There were unconfirmed reports also that Lithuania's frontier with Germany would be strengthened.

Soviet sources hinted that a form of convention or a plebiscite might be called soon in newly won Polish White Russia and Ukraine "to determine a form of government there."

It was learned that V. Krushch, secretary of the Communist party

Beauty Is Everwhere—Even In Mail Boxes

SAN FRANCISCO (AP)—As a contribution to highway beauty the postoffice is campaigning for standardized, attractive rural mail boxes. Citing Texas as well advanced in this regard, the Postmasters' Gazette praised the standard type of metal box, white column and concrete base adopted in that state.

of the Soviet Ukraine. In a recent speech said a plebiscite would be ordered to enable the "liberated" brothers both in the Polish Ukraine and White Russia to decide whether they "want a bourgeois democratic republic or Communist state."

Annual Flower Show And B-P-W Banquet Set For This Week

Democracy Will Be Discussed At Banquet Tuesday

Mrs. Grace Fitzgerald, Dallas attorney and Business and Professional Women's club national membership chairman, is to speak on "Democracy" at the public relations banquet to be given by the local B-P-W club in the Schneider hotel Tuesday evening at 7:30 o'clock.

This event will highlight the activities of the Pampa club in observing National Business Women's week, October 8-14. Opening the week the club members will attend the First Christian church in a group this morning. Programs will be presented by committee chairmen throughout the week.

With "Better Business Women for a Better Business World" as its motto, Pampa B-P-W club was organized in the home of Mrs. W. C. Mitchell on March 29, 1929. Forming of the club was completed on April 30, 1929, with 36 charter members. Today there are 69 members representing 28 different professions.

Presidents during the past 10 years have been Grace Pool, Pearl Mitchell, Nina McSkimming, Clara Lee Shewmaker, Mary Lou Downs, Lillian Jordan, Gladys Robinson, Mabel Gee, Mildred Overall, Christine Cecil and Vera Lard.

At the present time the state of Texas has 2,700 members. The Federation now has an enrollment of more than 71,000 members in nearly 1,600 clubs.

The World War was responsible for the Federation's inception and its growth during its infancy. At that time the government in an emergency, could easily reach men in practically all businesses and the professions, but the question rose, if the government wanted to reach the women of the nation in businesses and the professions, how could it be done?

Apparently there was no way to get in touch with them through a centralized organization. This discovery prompted the National Young Women's Christian Association to call representative women from various cities east of Denver to a conference in New York. One hundred attended these deliberations. They decided to form the National Federation of Business and Professional Women in all the states and sent out organizers with the result that in 1919 in St. Louis they organized the National Federation of Business and Professional Women's Clubs.

Through its adolescence up to maturity it has been dedicated to the work of promoting the interests of all women in business and the professions. It is non-sectarian, self-supporting and self-governing.

Largest National Group
One fact of which the Federation is particularly proud is that it is the largest national group of business and professional women in the world and has federated clubs in all the 48 states, in the Hawaiian Islands and Alaska.

It represents an extremely wide range of occupations, something like one thousand types of work. It publishes its own magazine, "Independent Woman," which was the first national monthly in the United States devoted exclusively to the interests of business and professional women.

Nine Presidents
There have been nine different presidents since 1919. During the first ten years conventions were held annually. Since 1929, they have been staged every two years.

Rainbow Girls Have Initiation For Three Members This Week

Three members, Tolene Davis, Beatrice Goodwin, and Mary Frances McMullen, were initiated at the regular meeting of the Order of Rainbow Girls this week in the Masonic hall.

A gift was presented by the assembly to Mrs. Ned Pryor.

Attending were Loraine Murphy, Mary Jane Davis, Louise Cox, Peggy Murphy, Neoma Snyder, Mildred Martin, Inogene Sperry, Venora Anderson, Marry Frances Malet, Frankie Foster, Louise Heard, Della Mae Foster, Margaret Ellen Burton, Anna Belle Lard, Edna Mae Cade, El Marie Allen, Mary Dean Wilkinson, Juanita Smith, and Marion Longacre.

Eastern Star and Masonic lodge members present were O. M. Anderson, Mr. Yotter, Mrs. Frank Foster, Mrs. Otis Foster, and Mrs. Burl Graham.

Frank Foster Feded At Dinner-Bridge Party On Birthday

Complimenting Frank Foster on his birthday, Mrs. Foster entertained with a party in their home Friday evening.

A color motif of yellow and green was stressed in the appointments. Following dinner the group played bridge and high score in the games was made by Mr. and Mrs. B. T. Hamilton and consolation by Mr. and Mrs. B. S. Via.

100 YEARS OF WOMEN'S PROGRESS

Symbolic of the 100 years of women's progress is the poster shown above. This placard is being placed in the local store windows to inform Pampans of the observance of National Business Women's week, October 8-

14, being celebrated by the 71,000 members of Business and Professional Women's clubs in the United States. Pampa club members will begin the week by attending the First Christian church in a group this morning.

Marriage Of Miss Southard And John Harrison Revealed

Announcement has been made of the marriage of Miss Beulah Southard, daughter of Mr. and Mrs. W. M. Southard of Miami, and John E. Harrison, which was solemnized September 26 in Palestine with pastor of the First Baptist church officiating at the simple ring service which was read in his home.

The bride was dressed in black and white with black accessories and a corsage.

Attending the wedding were Mr. and Mrs. W. L. Harrison of Dallas, the bridegroom's parents, Harris Lee Harrison of Dallas, a brother of the bridegroom, Mr. and Mrs. Tom Mcenk and Joe Mond of Palestine, Mrs. Marie D'Arcy, Mr. and Mrs. Allen Newman and Aline Newman.

A reception was held following the service in the home of Mr. and Mrs. Harrison in Dallas. After a trip to East Texas the couple returned to Pampa to make their home at 629 East Browning in Pampa.

Mrs. Harrison was graduated in 1937 from Pampa High school where she was a member of the pep squad. She has been employed at the Modern Beauty shop for the past two years.

Mr. Harrison, who was graduated from Palestine High school, attended Ligon College in Palestine. He is employed at the United States weather bureau in Pampa.

Mrs. Agan Hostess At Trece Amigos Weekly Meeting

SHAMROCK, Oct. 8—Trece Amigos club held its regular weekly meeting at the home of Mrs. Virgil Agan this week.

An autumn motif was carried out in house decorations and party appointments. Autumn flowers in bowls decorated the tables. Mrs. Bob Hunter won high score award and Mrs. Matt Lewis, low for members. Guest high went to Mrs. Tom Rucker.

Refreshments were served to Mesdames Lonnie Burke, Tom Rucker and Lester Hartfield, guests and to Mesdames Dave Skinner, Ciell Gierhart, Bob Hunter, George Miller, Wayne Harlow, Ernest Baggs, B. K. Gholson and Ray Snyder, members.

Back P-TA Meets For Social Event

DENWORTH, Oct. 7—Members of the Back school Parent-Teacher association met recently for a social.

Mrs. Earnest Dowell had charge of the program which was an old-time school party. The group sang "School Days" to open school after which progressive arithmetic, reading, and geography were conducted. The bell rang for recess and cookies, sandwiches, and punch were served to the group.

Farewell Party Honors Couple

DENWORTH, Oct. 7—Mrs. Jack Parris entertained at home this week with a party and shower honoring Mr. and Mrs. Onie Ingram. Mr. and Mrs. Ingram are moving to Phillips to make their new home. Many useful gifts were presented to them.

Amarillo Priest Addresses Group At Council Meet

Explaining the meaning of anti-semitism and saying, "The will of God that Jews be preserved to the end of history," Father T. J. Drury of Amarillo gave the main address at the meeting of the Pampa District conference of National Council of Catholic Women at Berger this week in the American Legion hall, in lieu of the Most Rev. Robert E. Lucey, S. T. D., who was called from Amarillo by the deaths of Bishop Schwerter in Wichita, Kansas and Cardinal Mundelein, Chicago.

The Amarillo priest said the Jews are not a nation. They do not have the series of marks of a nation, but they have qualities that others lack. He said they are the chosen people of God, welded together in age-long amity by a religion in destiny.

He said hatred for the Jews is radically basically a hatred for their race. "Christianity cannot be participation in this hatred," the speaker said.

He stressed one of the commandments, "love your neighbor" and reminded his audience "all men are created free and born equal in rights and dignity." Father Drury's remarks were preceded by a paper on "Anti-Semitism," read by Mrs. Robert Nelson of Amarillo.

To quote from Mrs. Nelson's paper: "The most brazen crime against G-d and religion is to scorn or slander a person for his blood heredity. Here in America we still have the God given right of free speech and the practice of our religious beliefs in the dictates of our minds and souls.

"In some countries of Europe, as well as in America, anti-semitism is being practiced, openly and shamefully, which is a direct disregard against the teachings of Christianity and a challenge hurled back in the face of God.

In closing Mrs. Nelson read: "The Jew is not responsible for his predicament. For God having made him a human being with a heart and soul just the same as you and I. Regardless of our personal thought as regards anti-semitism, the Jew is still a human being into whose soul God has breathed the breath of life and we should recognize him as a part of God's own handiwork. We are all guilty of some fault so let us all practice tolerance and remember Christ's teaching."

During the afternoon session, officers for the council were elected as follows: Mrs. W. H. Davis of Pampa, president; Mrs. Charles B. Jones of Wellington, vice-president; Mrs. L. Shultz of Amarillo, secretary; Mrs. H. G. Hamrick of Amarillo, recording secretary; Mrs. J. W. Jansen of Umpacker, parliamentarian.

It is interesting to note from reports given, that there are 596 members in the council in this district, that 15 summer vacation schools were held, with an enrollment of over 500, and that there are 160 members in the P-T-A, 26 of which are non-Catholics.

Rebekah Lodge Will Have Game Night Thursday

Plans for a game night to be conducted at 8 o'clock Thursday evening following the regular lodge meeting at 7:30 o'clock in the O. O. F. hall were made at a regular weekly session of the organization.

Etta Crisler presided at the meeting which was followed with a miscellaneous shower for Mr. and Mrs. W. J. Brown.

Refreshments of cake and coffee were served to Beatrice Howard, Cora Lee Baer, Etta Crisler, Mae Forsythe, Sannie Sullivan, Daphna Baer, Laura Brown, Zola Donald, Alva Gant, Myrtle Atkinson, Cora Kolb, Fredella Potter, Eva Howard, Lois Medford, Eloise Satter, Ellen Kretzmeier, Leona Burrows, Pearl Castka, Gladys Rupp, Hattie Day, Vesta Palmer, Pearl Stephens, V. J. Castka, Ed Langley, Curley Forsythe, and Fred Poronto.

Tenth Anniversary Observed By Pair At Dinner-Bridge

Mr. and Mrs. H. E. White celebrated their tenth wedding anniversary this week with a dinner and bridge in their home.

Those present were Mr. and Mrs. R. A. Hips, Mr. and Mrs. R. L. Johnson, Mr. and Mrs. Claude Hips, and son, Tommy, Miss Lillian Hips, Grover Foster, and Mr. and Mrs. H. E. White and children, Jim, Jerry, and Sharon.

Mrs. Izzard Will Be Guest Speaker At Baker P-TA Unit

Mrs. Wes Izzard of Amarillo will speak on "The School of Instruction" at a meeting of B. M. Baker Parent-Teacher association Tuesday afternoon at 2:30 o'clock in the school auditorium.

All patrons of the school and others who are interested in P-T-A work are invited to attend the session.

Pampa's Quality Department Store

Various Phases Of Work Discussed At P-TA Institute

Thirteen local P-T-A associations were represented at the institute held in Dumas under the leadership of Mrs. R. J. McReynolds, Dumas, first vice-president of District Eight.

Contributing to the roundtable in Dumas on the local unit package, were the following presidents of county councils or local units: Mrs. A. L. King, Mrs. L. W. Jackson, Mrs. Horace Helton, Mrs. S. R. Johnston, Mrs. E. H. Cheaver, and Mrs. V. A. Howard.

Mrs. C. T. Hunkapillar, president of District Eight, gave a report on the national convention full of practical ideas on school procedure, and current ideas from educators from schools of the East characterized this address.

At the Dumas institute 17 delegates from Dalhart, including Blake Bolton, superintendent and his principals, were special guests. Mrs. R. J. McReynolds, Dumas, will assist this group in affiliating with state and national organizations.

Participating in the panel led by J. W. Reir, Dumas, at the institute held there, were the following administrators of that region: Guy Taber, Stratford; Mrs. George Castellana, Elvins; T. E. Armstrong, Dalhart; Blake Bolton, Dalhart; W. W. Wilhite, Hartley; Elmer Wooten, Channing; and C. J. Roberts, Sunray.

Following the program at the Dumas institute, the 100 guests were served tea and invited to tour the new wing to the school. To this group, interested in education in all its phases, seeing the building was a treat.

The Petrolia Ward representatives received the award for running up the most mileage enroute to the

Wellington Institute. The Wellington group registered the greatest number present. Mrs. J. B. Howe, Panhandle, presented copies of "Our Homes" to these units.

E. W. Cabe, Jr., Pampa, supervisor of instruction, led the panel of administrators at the Wellington Institute for the four counties: Roberts, Carson, Gray and Collingsworth. The topic for discussion was "How to Make the P-T-A. Practicable." Thirteen units were represented.

The executive committee of the Wellington P-T-A. of Berger met in the office of the principal, J. C. Knowles, for a business meeting. Room mothers were elected for the year.

A school of instruction was held in the Berger city hall with nine members present from the Wellington school.

The newest county council of District Eight is other county. Mrs. W. B. Gilchrist, Amarillo, is president. Through the influence of County Superintendent, Carl Clift and Mrs. Wes Izard, a vice-president of this district, this council was recently organized. The district greets this new county council.

The Pampa High School Parent-Teacher Association, in memorial to the state founder, Mrs. Ella Carruthers Porter, held a candle lighting service closing the October meeting. Mrs. Claud Lard is president of this organization and Mrs. Roy Heit is the program chairman.

Potter, Randall, Armstrong, and Oldham counties were represented at the Amarillo Institute Saturday, October 7, in the high school auditorium. Thirty-three units composed this district, under the leadership of Mrs. Wes Izard.

R. A. Selby, director of secondary curriculum and guidance, Amarillo, directed the panel at the Amarillo Institute, Saturday, October 7. Those assisting in this discussion were Superintendents Charles M. Rogers, Amarillo; A. R. Castleberry, Vega; J. B. Spear, Canyon; R. A. Symms, Adrian; R. D. Ford, Riverford; and two principals, A. B. Hays, Margaret Wilk, Amarillo, and Oia Boyles, Bivins, Amarillo. The topic for discussion was "The Schools' Interests in the P-T-A."

P-TA SPEAKER

Principal Frank Monroe of Junior High school spoke on "Cooperation" at the meeting of high school Parent-Teacher association in the school auditorium this week. Other guest speakers included Superintendent L. L. Some, D. W. Osborne, Tom Herrod, and Mrs. C. T. Hunkapillar, president of Eighth District.

For the October meeting at the Baker P-T-A., Pampa, Mrs. Wes Izard is to be guest speaker on October 10 at 2:30 o'clock.

Kit Kat Klub Has Dinner And Theater Party For Members

Miss Jeannie Graham presided as hostess at a meeting of Kit Kat Klub members recently with Miss Ann Chisholm, president, in charge.

Following the business session, the group went to Six Owen's dining room where dinner was served. Previously the club was entertained at a spaghetti dinner and slumber party at the home of Miss Betty Cree. On the following afternoon the group attended the theatre.

Attending the meeting with Miss Graham as hostess were Misses Ann Chisholm, Betty Gret, Pat Blisset, Maximo Holt, Joan Gurley, Marjorie Williams, Margie McColm, Sarah Frances Bourland, Hsidi Schneider, Marguerite Kirchman, and Norma Jean McKinley.

Couple Entertains At Promotion Party

PHILLIPS, Oct. 7.—Mr. and Mrs. Ellis Riddle entertained with a promotion party honoring members of the Intermediate league of the Phillips Methodist church who were being promoted to the senior department.

Indoor games furnished the evening's entertainment, and refreshments were served to Dorothy Fuhs, Virgil Pataff, Boyd Allen Alexander, Colleen Fitzsimmons, Donna McSpadden, Renda Jean Sharp, Hazel Roundtree, Andy Marie Hall, Abe Ellis, Mary Jane Fitzsimmons, Gale Alexander, Alton Barrow, Beulah Robertson, Patsy Knight, James L. Bain, Robert See, Calvin Stephenson, Margaret Katherine Sharp, Buddy Doffer, Betty Sue Sharp, Gene Stephenson, Earl Eugene Pfaff, Dora Everhart, Emma Gene Stiles of Amarillo, Marion Newberry, Naomi Sweeney, Mrs. Opal Pfaff, Mr. and Mrs. E. J. Reeves, Mrs. W. A. Sweeney, and Mr. and Mrs. John Parkhurst, Miss Jenny Sandy, and the hosts.

Two quarts of liquid should be drunk daily by an adult.

Chrysanthemums Topic Of Article By Local Gardener

In connection with the Gower show to be held Friday, October 13, in the annex of First Presbyterian church, Mrs. Glen Pool, who has won several prizes in this annual event, has prepared an article on chrysanthemums which follows:

"This is the time of year to give your chrysanthemums special attention. If you wish to produce the large varieties, they should have been disbudded by the middle of September.

"To produce large blossoms the plants should be watched closely and the soonest a cluster of buds appear on the stem, select the terminal bud. After the buds have developed so that the outside buds can be pinched off, take them all off but the terminal bud. The terminal buds on the main stem generally has two tiny leaves on it. Sometimes the terminal bud is marred or perhaps a grasshopper has selected this particular bud, then it is necessary to choose another bud. Care should be taken not to bruise or mar the terminal bud. It is better to let the buds develop so they can be pinched off easily, but the sooner the plant is disbudded the quicker the bud will develop. All lateral buds should be removed from the stems. If the stems will spring out from the stems with buds on them and they should be removed.

"They should be watered generously and after the buds have developed they should be fed with liquid manure. I try to feed mine once a week.

"This year I mulched my plants with a generous portion of peat moss. This protected the roots from the hot summer sun. After the leaves have fallen from the trees I will mulch the plants with leaves, after cutting all the stalks off the plants about three inches high.

"Most chrysanthemums will multiply, sending up numerous shoots in the spring. These shoots can be transplanted for the next season's blooms. All of the old plants should be divided in the spring and the woody or old portion of the plant discarded.

"Due to the early frosts in this country, it is well to select the early varieties. The varieties listed as the October flowering plants are best for this section. If your plants are protected from the winds, you should be able to get about four or six inches tall, pinch out the tops and do not allow more than four or five stalks grow if you wish large flowers.

"If the plants are chrysanthemums so much due to the fact that they are in full bloom after the rest of the flowers have faded and become ragged. They last nicely after being cut and help to cheer us up in winter when we have had a slushy and cold," she concluded.

Chairmen Named At Meeting Of Baptist WMS At Panhandle

PANHANDLE, Oct. 7.—Mrs. W. W. Evans presided at the business meeting of the Baptist W. M. S. in the home of Mrs. George Thompson recently.

The following committee chairmen were appointed by Mrs. Evans, first vice-president: Mrs. F. M. Henwood, second vice-president; Mrs. R. A. Mitchell, third vice-president; Mrs. R. Weatherford; personal service, Mrs. George Thompson; benevolence, Mrs. V. D. Biggs; missions, Mrs. E. E. Pierce; chaperonage, Mrs. Eva E. Craig; Christian education, Mrs. O. C. Weakley; mission study, Mrs. S. G. Bobbitt; young people, Mrs. Allen Johnson. The treasurer's report was read and accepted.

Mrs. Robert Patterson of Ft. Worth gave the devotional on "The Accomplishments of Christian Missions."

Refreshments were served to Mrs. Patterson of Ft. Worth, Mrs. W. W. Evans, Escar Watts, R. Weatherford, George Biggs, S. G. Bobbitt, R. A. Mitchell, Fred Reiner, D. C. Landon, J. L. Lamborn, Alf Penberton, Everett Pierce, V. D. Biggs, T. A. Roney, W. S. Kinole, R. R. Hancock, Frank Ellis, O. C. Weakley, O. Z. Light, A. L. Lee, Misses Lillian Biggs, Mary Neal, Loretta King, and Rev. and Mrs. George Thompson.

The October week of prayer for missions will be held this week, beginning Wednesday with an all-day meeting and covered dish luncheon in the home of Mrs. W. W. Evans.

Webb P-TA Unit To Meet Monday

Special To The News WEBB, Oct. 7.—At the first meeting of Webb Parent-Teacher association this week, a nominating committee consisting of Mrs. Ray Rath, Mrs. Linzy Cotham, and Mrs. Benny Edney, was appointed with Mrs. Rath acting as chairman.

Refreshments and coffee were served to the group. A called meeting will be held Monday evening, October 9, at 7:30 o'clock.

Methodist WMS Circles To Have Weekly Meetings

Six circles of Woman's Missionary society of First Methodist church will meet in weekly session on Monday and Wednesday afternoons at 2:30 o'clock.

Members of circle one are to meet in the home of Mrs. Charles Ward, 800 Christine street, Monday afternoon while circle two members will meet in the home of Mrs. Ray F. Barnes, 820 East Browning avenue, on the same afternoon.

A meeting of circle three is to be conducted in the church parlor. Mrs. John East and Mrs. L. E. Davis will be co-hostesses at a meeting of circle four in the home of Mrs. Platt, 307 East Kingsmill.

The only group meeting on Wednesday is circle five which will convene in the home of Mrs. Arthur Peckler, 594 East Browning avenue.

Mrs. Leo Southern, 628 North Somerville street, will be hostess to circle seven.

Higgins Magazine Club Begins 35th Year's Program

HIGGINS, Oct. 7.—The 35th consecutive year's program of the Higgins Magazine club began this week with a luncheon at the A-M. Wicket home here with Mrs. Winsett and Mrs. C. R. Patton co-hostesses.

Low bowls of blue and purple morning glories adorned the luncheon table and autumn flowers added a note of beauty to the entertainment rooms.

During the program an address by Mrs. B. C. Hurr, retiring president, was followed by a report by Mrs. A. M. Winsett, vice-president, who spoke in the absence of Mrs. J. G. Richards, in-coming president.

The hostess also gave the highlights of the spring district convention at Pampa, Mrs. C. H. Hyde, Mrs. Frank Ewing, and Mrs. Patton spoke briefly.

Special guests of the day were Mrs. W. R. Ewing of Pampa, Mrs. E. C. Barton, and Mrs. Robert Lockhart.

Other members attending were Mesdames A. Bissant, E. M. Congdon, E. C. Gray, F. M. Henwood, Roy Landers, J. N. Millhollon, C. G. Newcomer, M. S. Roberts, D. S. Shuler, W. Weis, A. L. Winsett and E. T. Word.

Federated with state and district organizations early in its history, the Higgins Magazine club was organized in 1904.

As an added educational attraction there will be exhibits of novelties and miscellaneous materials. It is hoped that a large number of house plants will be entered in this part of the show. These are not for competition but there will be honorable mention awards.

Methodist WMS Has Program On This Moslem World

KELLEVILLE, Oct. 7.—"What Is This Moslem World?" a study of the Mohammedan religion, was the subject discussed when the Methodist Ladies' Missionary society of Kelleville met in regular session this week.

The program was opened by singing the hymn "Take Time To Be Holy," and roll call was answered by giving a favorite scripture on prayer. Mrs. Anthony Hunt discussed a portion of the course of study on Mohammedan religion and comments were given by Mrs. Clayton Peabody, Mrs. Reuben Tindall, and Mrs. C. W. Sargent.

Those answering roll call were Mrs. L. M. Hayhurst, Mrs. Earl T. Roney, Mrs. Kinole, R. R. Hancock, Frank Ellis, O. C. Weakley, Mrs. Anthony Hunt, Mrs. C. W. Sargent, Mrs. Clayton Peabody and Mrs. Reuben Tindall.

AAUW Delegate Speaks At Phillips

Special To The News PHILLIPS, Oct. 7.—The report of Miss Esther Rudolph, English teacher of the Phillips High school and delegate to the national convention of the A. A. U. W. convention in Denver, was featured at the national convention of the Berger branch this week in the Phillips community hall.

Before the report, Miss Rudolph, program chairman, announced topics of the various programs to be held throughout the year. Mrs. J. D. McGregor gave a report on Fellowship.

Mrs. Glenn Marken, president, presided at the business meeting in which dues and eligibility of new members were discussed.

Refreshments were served to Mesdames Frank McElm, Monty Clark, Pete White, John O'Neil, Ralph McDade, David Wilson, Landon Terry, Ida Mae Simms, K. H. Dally, J. D. McGregor, Floyd McSpadden, Dr. William Ralph Plutzer, Don Paschal, M. J. Brewer, Myrtle Molyneux, R. E. King, G. C. Marken, Misses Vera Burke, Hsidi Williams, Jewel McCastell, and Esther Rudolph.

Protect Piano Against Moths

If you fear that moths will destroy the felts in your piano, hang small camphor bags inside. Piano manufacturers warn that liquid sprays are not advisable, since they cause the felts to swell.

Milk Shakes At Home

A fruit jar, lightly capped, can be used effectively for mixing fruit or milk shakes.

GARDEN CLUB

(Continued From Page 9) everyone to compete on an equal basis.

Score Card Used There is a definite score card which the judges will use in awarding ribbons.

Dahlias. Each of the following types or varieties of dahlias will be classified separately: Single formal decorative, informal decorative, cactus, ball, and pompon.

Table with columns: Color, Form, Distinction, Stem, Foliage, Substance, Uniformity. Rows: Small, Large.

In division (displays) there are classes for asters, azaleas, mums, carnations, celosia cockscomb, snapdragons, chrysanthemums, cosmos, dahlias, gladiolus, gladiolus, marigolds, nasturtiums, pansies, petunias, roses, snapdragons, tube roses, verbenas, and zinnias.

Additional classes will be added for any flower having at least three entries. For example, though the season for phlox is past for normal years, should there be enough for three entries, ribbons will be awarded.

Uniform Containers

Containers for flowers in the display divisions will be furnished by the Garden club except where containers of unusual size are demanded. In that case exhibitors are expected to furnish their own container.

For example, dahlias and cosmos call for very large weighted vases or baskets, and these cannot be furnished by the club.

In division three are artistic arrangements. Class I. Arrangement suitable for a church.

2. Arrangement for a fall occasion (such as Halloween, Armistice Day, football, and Thanksgiving) the occasion to be named by exhibitors.

3. Arrangement in a pair of vases. 4. Arrangement for a luncheon or dinner centerpiece, for a large table, also a tea table. 5. Luncheon or supper centerpiece for small table.

6. Arrangement for a winter bouquet, dry material requiring no water. Does not have to be grown by exhibitor. 7. Arrangement for a fruit centerpiece.

8. A well-arranged bouquet for general use, such as a console, radio, hall table, or mantel decoration. The classes will be judged as follows: Color harmony, 25; Relation to receptacle, 20; Proportion and balance, 25; Distinction or originality, 20; Suitability, 10; Condition, 15.

Classes for juniors: Arrangement in thimble for children under 12. As an added educational attraction there will be exhibits of novelties and miscellaneous materials. It is hoped that a large number of house plants will be entered in this part of the show. These are not for competition but there will be honorable mention awards.

Bulbs To Be Ordered All Garden club members desiring bulbs must give their order and money to Mrs. Sherman White, Mrs. Jim White, Mrs. Bob McCoy, or Mrs. Emmett Dwyer not later than Friday evening, October 13. Information regarding bulbs may be obtained by calling any member of this committee.

A regular meeting of the club is to be conducted Friday afternoon at 2:30 o'clock in the Presbyterian church with Mrs. E. Webb speaking on "Small Greenhouses." All members are required to attend this regular meeting and each one is asked to take pencil and paper for notes on the address.

The public is invited to attend the flower show.

Six Hostesses Fete Mrs. Kivlehen At Recent Social Event

MILAMI, Oct. 7.—Madames Bob Campbell, C. P. Pursey, T. V. Webb, John Cantrell, C. T. Locke, and T. R. Saxon were co-hostesses in the home of Mrs. Bob Campbell Tuesday afternoon honoring Mrs. Dan Kivlehen.

The color scheme for the occasion was orchid and purple using favors and matching tallies. After several games of forty-two, Mrs. Kivlehen was presented with a beautiful orchid and purple basket filled with many birthday gifts.

A salad course in the color scheme was served to the honoree, Mrs. Dan Kivlehen, and Madames J. L. Selber, M. W. O'Loughlin, Sr., Agatha E. Locke, G. S. Selber, S. E. Fitzgerald, Ivy Pursey, J. G. Ramsey, Chess Meador, J. E. George, Will Locke, Bess Kivlehen, J. K. McKenzie, W. W. Davis, Edna Newman, C. C. Carr, H. E. Baird, E. P. Ritchey, G. C. Springer, Hood Willis, E. Shide, Ben Talley, L. L. Duncy, C. Carmichael, Bob Dial, R. E. Webster, Miss Cora McClinty, and the hostesses, Madames C. P. Pursey, T. V. Webb, John Cantrell, C. T. Locke, and Bob Campbell.

Hobo Party Given As Compliment To Sorority Pledges

Continuing the series of rush month activities honoring pledges of Upsilon chapter of Beta Sigma Phi sorority, a hobo party was given Friday evening with Miss Velda Richards and Miss Johnnie Vada as hostesses.

Dressed in typical hobo costumes, the members and pledges met at the Santa Fe railway station and followed the track to the nearest railroad bridge where a lunch of barbecue wieners, beans, potato salad, pickles, coffee, and doughnuts was served to the group seated on boxes around a bonfire.

Attending were Misses J. B. Massa, director, E. E. Shelhamer, W. Postma, R. M. Klinger, Robert Curry, Earl Gobble, Delbert Brown, D. C. Hartman, W. G. Gaskins, Misses Louise Smith, Margaret Stockstill, Dorothy Jo Taylor, Evelyn Barron, Josephine Lane, Cleora Stanard, and the hostesses.

Mrs. O'Keefe Gives Book Review At Panhandle Club

PANHANDLE, Oct. 7.—Mrs. John O'Keefe gave a review of the non-fiction book "Through Embassy Eyes" by Martha Dodd, for members and guests of Mother's Self Culture club this week in the home of Mrs. J. B. Howe.

Martha Dodd, daughter of former Ambassador Dodd, describes in a vivid manner conditions in Germany prior to the present war.

Following the book review, Mrs. Eva Craig gave a short biography of Mrs. Clara Driscoll, who endowed Women's club house in Austin. Mrs. Grace Evans and Gurdy Armstrong entertained with a piano duet, "The Robin's Return" by Fisher.

Refreshments were served to two guests, Mrs. Fay Hornum and Mrs. A. V. Lowrie, and the following members: Mesdames Gurdy Armstrong, Hatie Atkins, Marian Cox, Grace Evans, Eva Craig, Leah Franklin, Leona Little, Audra McCaskey, Pearl Nunn, Pauline O'Keefe, Ida Pyron, Mae Pierce, Gracie Sparks, Essie Weatherly, Eva Weakley, H. Powell, Sam Goodner, and the hostess.

Couple Honored By Church Group

Special To The News PANHANDLE, Oct. 7.—Rev. and Mrs. George Thompson were given a surprise honoring by members of Baptist church in the church basement recently.

Mrs. N. Taylor had charge of the following program: Address of welcome, Mrs. Gary Simms; response, Rev. and Mrs. Thompson; solo, "Why Should I Love Me So?" Sam Goodner; piano solo, "My Rosary," Mary Ruth Evans; and a duet, "The Hills of Home," Mrs. Sue Turpin and Mrs. D. C. Landon, accompanied at the piano by Miss Mary Ewing.

Follow the War with Maps THE picture above shows why the war maps and diagrams appearing in this newspaper are so complete, clear and up-to-the-minute! Here is one of a large staff of specially-trained artists and editors who work "around-the-clock" preparing the maps supplied to this newspaper by NEA Service, Inc. At the right of the artist are machines flashing the latest war bulletins. As fast as the news breaks, the artist alters his ever-changing map. Editors direct the placing of arrows and other symbols you need to understand the events abroad. At the last minute, the artist adds the final penstrokes, and the map is rushed to this newspaper. You'll want to follow the concise, clear maps of the war appearing every day in THE PAMPA NEWS

LEWIS PONTIAC COLLEGE Lewis Pontiac Co. Corner of Somerville at Francis

Prominent Speakers To Be At State Fair DALLAS, Oct. 7 (AP) - A number of speakers of national and state prominence are scheduled to address "special day" crowds at the state fair opening Saturday.

The speakers listed by the fair program, with date and occasion, include: Sen. Morris Sheppard, Oct. 10, Woodman of the World day.

Sen. Tom Connally, Oct. 14, American Legion day.

Alvin M. Owsley, former U. S. minister to Ireland, Rumania and Denmark, Oct. 15, American Legion day.

Dr. Jan Papanek, secretary in the Czechoslovakian cabinet before dismemberment of that country, Oct. 15, Czech day.

Dr. Francis E. Townsend, originator of the Townsend old age pension plan, Oct. 10, Townsend plan day.

Dr. Homer P. Rainey, president of the University of Texas, Oct. 14, university ex-students day.

Supply Of Steel Ingredients Ample NEW YORK, Oct. 7 (AP) - A war emergency would now find the United States with adequate supplies of most vital raw materials, industrial steel sources said today.

Last February, Tom Girdler, chairman, Republic Steel Corp., said: "Down in Kentucky in deep underground vaults we have stored away a vast pile of gold. The time might come when we would gladly give all of that gold for a pile of desperately needed manganese or chromium."

This warning, and others from industrialists, similar warnings from President Roosevelt and government officials, were given in time so that the United States is now believed to have at least a year's emergency store of essential imported ingredients used in steel making, these sources said.

Macaroni and vanilla were introduced to the United States by Thomas Jefferson, third President.

Five Circles Of Central Baptist WMS Will Meet Meetings of five circles of Woman's Missionary society of Central Baptist church are to be conducted during the week.

Tropkins circle number two is to meet with Mrs. Homer Johnson for an all-day session on Monday to quilt for the orphan's home.

Another group meeting Monday afternoon at 2:30 o'clock is West Side circle which will have Bible study in the home of Mrs. Del M. Scalet, 624 North Faulkner.

Members of Lydia circle are to meet in the home of Mrs. Clyde Ives, 816 East Beryl street, Tuesday afternoon at 2:30 o'clock for Bible study.

Wednesday afternoon at 2 o'clock the East Side circle will meet in the church for Bible study. On Thursday afternoon at 2:30 o'clock Mrs. Frank Jones will be hostess to members of Merten circle at her home on the Merten Lease.

Four Circles Of Baptist WMS To Meet On Monday Members of four circles of Woman's Missionary society of First Baptist church will meet Monday afternoon at 2:30 o'clock for regular weekly sessions.

Mrs. R. K. Douglas, 940 Reid street, will be hostess to members of circle one, while a meeting of circle two is to be conducted in the home of Mrs. H. T. Cox, 723 North Bank.

Public Invited To Hear Review Of "Grapes Of Wrath"

A review of John Steinbeck's "Grapes of Wrath" is to be given at a meeting of the Contemporary Literature group of American Association of University Women Monday evening at 8 o'clock in the city club rooms.

The public is invited to attend this timely review.

All who are interested in the A. A. U. W. gymnasium class are asked to meet the same evening at 7:30 o'clock in the club rooms.

Ernest Cabe Will Speak At Meeting Of P-T-A Thursday

A regular meeting of the Woodrow Wilson Parent Teacher association will be held in the school auditorium Thursday evening at 7:30 o'clock.

"The Place of the School in the American Life" is the subject of an address to be made by Ernest Cabe.

Musical numbers are to be played during the program.

Property Division Asked In Law Suit

Division of property and an accounting among persons interested in a petition filed Wednesday in 31st district court here, styled Cora Jackson et al. vs. M. L. Bush.

Plaintiffs allege that jointly with the defendant they own all of block 62, except lots 11 and 12 in the city of McLean; that M. L. Bush, Donley county, owns a half-interest.

Cora Jackson of Okonkum county, a fourth interest, and Clyde P. and Campbell H. Elkins, both of Lubbock county, each a one-eighth interest. Estimated value of the property is \$3,000, according to the petition.

Defendant, as co-tenant, has been in possession of the property since June, 1938, and has collected a total of \$720 in rentals over the period to date, it is alleged.

Elkins & Elkins, Myrick building, Lubbock, are attorneys for the plaintiffs. Whether or not they are the same Elkins named as plaintiffs or have any relation to them was not known at the office of the district clerk.

ANSWER TO CRANIUM CRACKER

(Questions on Editorial Page) 1. The danger zone is an area in the North Atlantic off the coast of Europe where U. S. citizens are advised not to travel on ships of belligerent nations.

2. The safety zone is that area around the continent of North and South America declared closed to warlike activities for safety of inter-American shipping.

3. A German sea raider sunk the British steamer Clement off the coast of Brazil.

4. The Mauretania, British luxury liner, was warned of attack in a German radio broadcast.

5. Pan-American continued its trans-Atlantic clipper flights, but changed terminals to neutral points like Dublin, Ireland, and Lisbon, Portugal.

The shades of 1914 are falling once more upon the world. Roads are choked with tanks and troops moving up to the "front." The banshee wail of air raid sirens sends civilians scurrying to shelter. Torpedoes streak their white feather of foam on the seas. Big guns roar. Again the nations of Europe are locked in a great conflict whose outcome no one can foretell. The biggest news story since "The War To End Wars" is unfolding.

Well informed Americans are making it a point to keep posted on the turbulent rush of events which are piecing out a grim new chapter of modern history. For an intelligent opinion, they want all the news—from the battlefields on land, the submarine zones at sea, from the warring capitals, the neighboring neutrals and the sensitive commodity markets of the world.

This newspaper is fully prepared to bring its readers that complete story. It is prepared because it is a member of The Associated Press, the world-wide news gathering organization which today maintains the largest and most experienced news staff ever assembled in Europe. There are more than 2,500 alert correspondents on that staff—many times more than the number of men assigned to report the World War for AP a quarter

of a century ago.

Several outstanding members of this large, carefully coordinated news gathering army are pictured above. They represent only a few of the 110 American-trained newspaper men located in key spots to cover the news as it occurs and to direct the work of the far flung auxiliary force of resident correspondents and accredited reporters. Many of the men have had previous experience with modern war, some dating back to World War days.

All these men have only one job—to report the facts accurately, promptly and fully for 1,400 member newspapers from Maine to Key West, from New York to San Francisco, and to report those facts without sensational embellishment or wartime hysteria. The minute-by-minute reports of these correspondents are flashed into this newspaper's office day and night and our own staff hurries the dispatches to waiting presses for regular or extra editions, depending on the gravity of the news.

You will find the complete STORY of The Great War at your fingertips in this newspaper every day.
