'FEDERALS' WIN WAR WITH RACE 'BOOKIES'

TO PLAY ON P-TA PROGRAM

A one-family musical organization that is well known to Pampans is the orchestra composed of members of the Stark family, pictured above. This group, greatly improved in its playing since the first of the year, will play two marches, "Promenade to Bargain" and "Forward March" at the Pampa High School Parent-Teacher association benefit program to be presented at 7:45 o'clock Friday night in the high school auditorium.

Carman Will Direct Comedy For Program

War Flashes

SEVENTY-FIVE YEARS AGO TODAY (By The Associated Press) Nov. 15, 1914—British battle tanks at Shain.

LONDON, Nov. 15 (AP)—The 2,216-ton Greek steamer Georgios Mank today off the coast of England, after colliding with a half-submerged wreck. Her crew of 22 was rescued.

NEW YORK, Nov. 15 (AP)—The English custom of driving on the left side of the road instead of the right, the Columbia Broadcasting System reported today, has become the basis for German propaganda.

The system's short-wave "Listening Post" reported an oxen-voiced announcer at Station DXB in Berlin last night as follows:

"In lieu of more spectacular victories on the Western Front, the British army is attempting to conquer the roads of France. They persist in driving to the left, whereas the French who still think France is their country, drive to the right. The result has been many serious accidents and delays in traffic."

MADRID, Nov. 15 (AP)—The government today restored to the Spanish clergy the payment of incomes by the state, a practice put into effect by the Vatican concordat of 1851 and suspended by the Spanish republic after the revolution of 1931.

Can't Remember Name Of Husband

VALPARAISO, Ind., Nov. 15 (AP)—A Chicago woman wrote County Clerk Lewis Keller to ask for her marriage license certificate. She said she was married in 1934 but couldn't remember the man's name nor the exact date. "It was somewhere during the month of August," she wrote, "and his first name was Eddie."

I Heard . . .

That petty larceny charges are to be filed against W. M. Craven, city tax assessor and collector. Papers will be signed by Judge C. E. McGrew, who claims that a hat rack has disappeared from his office and that it has been located in the office of Mr. Craven.

Legionnaires hoping that Pampans would start taking broken toys, that can be repaired, to the fire station without delay. The fire boys are all ready to start repairing toys to be given to less fortunate children at Christmas. "Don't wait any longer," urge the Legionnaires.

Mangum School Head Addresses Teachers

Ex-Methodist Pastor Takes Liquor Post

AUSTIN, Nov. 15 (AP)—A former Methodist pastor went into the liquor business today. He is Dr. W. A. Bradford of Dallas, professor emeritus of theology at Southern Methodist University, who became chairman of the State Liquor board by appointment of Governor W. Lee O'Daniel. Eyes sparkling, shoulders erect, the 73-year-old man with a warm sense of humor recalled, chuckling, what a Dallas friend said to him at a football game: "Well Doctor, I never expected my old pastor to go into the liquor business."

In a sense, he is in it now. And he's determined to do a good job of it. To some it might seem incongruous for a man who for years has battled in the dry cause to head such a board. To him the explanation is simple: "Friends whom I've trusted for many years said it was an opportunity for service. I hope to be of great service."

Preparing for his new work, he has read extensively the entire liquor act and the legislative history of its creation. Of the law he said: "It is the only thing that stands between the states and the chaos which would come if there were no regulation. I see EX-PASTOR, Page 8

Byrd Expedition Sails From Boston

BOSTON, Nov. 15 (AP)—Without a slightest fanfare, the first half of Uncle Sam's first Antarctic expedition in 100 years sailed from Boston today on the first leg of the long journey for the frozen southland. Just before dawn 5:14 a. m. C. J. in the motorship North Star, loaded down with everything from food to phonograph records, from sled dogs to a 27-ton snow cruiser, cast off her lines and slid quietly down the harbor en route to Philadelphia.

All the goodbyes were said yesterday, and with the declaration he believed Little America might provide a new and "safer" base for a United States-Australian air trail, Rear Admiral Richard E. Byrd, the expedition's leader, gave the signal for the take-off.

The North Star's next stop was to be Philadelphia to pick up some airplanes. After that she will head for Panama, then for New Zealand and finally for the expedition's west base in the Antarctic.

Next week, the second ship in the expedition, the Barkentine Bear, will follow the North Star on the 12,000-mile journey. They expect to keep a rendezvous about New Year's day before establishing the base at which the explorers hope to live for about 13 months.

By thus occupying the frozen lands of the South Polar region, they hope to strengthen previous U. S. claims on the territory.

Public Invited To Phillips Club Dance

The semi-annual dance of the Phillips Employees club will be held at the Southern Club the evening of November 17th. The management of the club wishes to invite all persons interested to attend this dance which will be the major activity of the club for the balance of the year.

The admission is 40c each or 80c per couple.

Dead Man's Name Appears On Jury List For Murder Trial

VISALIA, Calif., Nov. 15 (AP)—Emmett Nelson's name turned up on the jury list for a murder trial. But he won't sit on the jury—he was the man who was killed. A registration clerk's error was blamed for the mixup.

Only a collegiate mind could think up sport like this. A group of America's future geniuses, students at California Tech in Pasadena, oozed out of

'LAST' PANDA

Organization of the Gray County Teachers association was expanded to include both Gray and Roberts counties at a meeting held at 7 o'clock Tuesday night in the basement of the First Methodist church here.

Reason for the inclusion of both counties in the association was that Roberts county does not have the minimum number of teachers, 25 required to form a unit, which is an affiliate of the Texas State Teachers association.

New officers were elected at the meeting. Succeeding W. B. Weathered, county superintendent of Gray county schools, as president, is F. L. Mize, LeFors superintendent. Mr. Weathered has served two one-year terms as head of the county teachers association.

Other officers are Orville Cunningham, McLean High school principal, first vice-president; Walter M. Parker, principal of Hopkins 2, second vice-president; Margaret Jones, Pampa High school teacher, secretary; Sarah Truitt, Miami, treasurer.

Elmer L. Fraker, present superintendent of schools at Mangum, Okla., and for 12 years preceding that superintendent of schools at Chickasha, Okla., and a past department commander of the Oklahoma American Legion, was the principal speaker at a banquet held in connection with the meeting.

Mr. Fraker's address was titled "Democracy." In his speech he declared that for democracy to be preserved all things granted to Americans by the Constitution must be protected.

"Democracy is something we should cherish. It is the American way of life," Supt. Fraker said. He challenged the teachers to their duty in helping preserve this way of life and to each individual the opportunity of developing to the full extent of his ability.

Weathered Presides W. B. Weathered was toastmaster. The program opened with group singing led by R. E. Paige, LeFors, accompanied by Maidee Thompson, also of LeFors, at the piano.

A. W. Coltharp, of Hopkins 2, delivered the invocation. Supt. Mize spoke to the teachers' retirement plan and Supt. C. A. Cryer of McLean on the problems of the Texas State Teachers association.

"Moonlight Madonna" and "Sleepy Time Down South" were sung by a sextet of Pampa school teachers, directed by Miss Helen Martin.

A spelling match and an egg-balancing stunt by Harry Kelley, Pampa, were other numbers on the program, which was attended by 180 persons from Gray and Roberts counties.

Oil Sand Found In Denison Dam Area

TULSA, Okla., Nov. 15 (AP)—A wildcat test in the proposed Red River dam area of Oklahoma was drilling ahead seeking deeper pay today after finding saturated sand which indicated small production.

The McGraw Oil company of Tulsa and Johnson-Kumitz Drilling company of Oklahoma City No. 1 Godfrey-Neff, near Mdaill, was drilling below 3,588 feet. A slight show of oil was reported in the lower bromide sand at 3,556 feet.

The test is located at the edge of the area which would be inundated by the proposed Red river dam reservoir.

No apparent demand of crude or gasoline was found, although export trade in lube oils was brisk. Ralph P. Bolton, general production manager for Standard Oil Co. of New Jersey in Europe, visiting in Tulsa, asserted rationing of gasoline to civilians apparently was prevented.

Venezuelan Lake Of Fire Kills Hundreds

CARACAS, Venezuela, Nov. 15 (AP)—Volunteer workers searched Lake Maracaibo today for the bodies of 500 to 800 persons estimated to have died in a fire which swept the oil town of Lagunillas, a village of wooden shacks perched on stilts at the water's edge.

While searchers paddled through floating debris and charred pilings—all that remained of the shanty town which housed 2,500 natives employed in the great oil fields nearby—the government mobilized its resources to aid the survivors.

Airplanes brought scores of doctors and nurses. Additional first aid parties and supplies were rushed by boat from the other side of the lake—60 miles away. National Guard detachments maintained order.

President Eleazar Lopez Contreras decreed three days of mourning throughout the nation and quickly raised a relief fund of 355,000 bolivars (\$110,050) by subscriptions.

Several years ago the Venezuelan government, with the assistance of the foreign oil companies, built a new village called Ciudad Ojeda to replace the flimsy, oil-soaked Lagunillas. However, in spite of the fact the natives were supplied with the new town with fire water, gas and light service, they did not like it and failed to move in great numbers.

Lamp Exploded Today the oil companies supplied transportation to move the refugees from the burned town to Ciudad Ojeda. Temporary quarters also were established hastily in the nearby town of Bachaquero.

Recovery of the bodies of the victims, many of whom were believed to have been children, was hindered by debris. Approximately 100 bodies were recovered last night. Hundreds of weeping survivors lined the shores.

The cause of the fire remained uncertain, but was generally attributed to the explosion of a kerosene lamp in one of the shacks. So swiftly did the flames spread that hundreds were trapped in their homes without a chance to reach the shore.

The surface of the lake, continually covered with a film of oil, today Saturday, Thirtieth high school girls, under supervision of Miss Evelyn Gregory, will sell tags which will be plain ribbons. Full proceeds will be used to purchase needed books.

The well is on the edge of the district which would be inundated by the dam's impounded waters. Oil shows, termed sufficient for a small commercial producer, were found, but operators were deepening looking for richer pay around 3,750 feet.

The well is located on a structure believed by geologists to trend toward state school land in the district.

Clarendon Banker To Speak At Lions Ladies Night Here

Pampa Lions will be hosts to fellow Lions and their ladies from four towns in a zone meeting of the Pampa, McLean, Miami, Wheeler, and Clarendon clubs, to be held at 7:30 o'clock tomorrow night in the basement of the First Methodist church. The meeting will replace the local club's regular weekly luncheon at noon tomorrow.

W. H. Patrick, Clarendon banker, will be the principal speaker on the program, which will include a ladies night. Carl Benefield, president of the Pampa club, will be master of ceremonies. A comic stunt and music are listed on the program.

Creed Bogan of McLean is zone chairman, and T. A. Lander, also of McLean, is zone secretary of the five-club unit.

API Program Attended By 400 Persons

Stories of perseverance and accomplishments were told by speakers at the November meeting of the Panhandle Chapter of the American Petroleum Institute last night in the city auditorium when 400 persons heard members of the Humble Pipe Line company and the Santa Fe Railway company. Two pictures told of the evolution of oil and transportation.

The program opened with the KPDN Cornshuckers presenting an entertaining 30 minutes of music. Chairman Walter Biery presided. George A. Lee of the Humble Pipe Line company, Midland, told of the early history of oil transportation. The first pipe line was built in 1880 by S. D. Carney of Parkersburg, W. Va., but it was not a success. It was not until 1864 that the Tidewater Oil company succeeded in carrying oil through a pipe line. Pipe then was in 17-foot joints while present line joints are as long as 40 feet. Then the line was seven miles long. Now there are 53,000 miles of main lines and more than that number of miles of field gathering line, Mr. Lee revealed.

Present pipe lines and their functions were discussed by Jack Jones of the Frumble Pipe Line company, Pampa. He revealed that three and one-half billion barrels of oil can be produced in the state.

The first commercial production in Nebraska, and also in the Forest City basin area, was brought in near Falls City, in the southeastern corner of the state.

In southern Oklahoma Gov. Leon C. Phillips may be given ammunition in his battle against the proposed Red River dam when drilling of a wildcat test near Madill is completed.

The well is on the edge of the district which would be inundated by the dam's impounded waters. Oil shows, termed sufficient for a small commercial producer, were found, but operators were deepening looking for richer pay around 3,750 feet.

The well is located on a structure believed by geologists to trend toward state school land in the district.

Another significant test is near completion in the Salem pool of Illinois. If it comes in, it will be the first Devonian sand production in the field, and would open a new production horizon. Production now is from the Benoit sand, the Aux vases and the McCloskey lime.

Leaders of the industry gathered at Chicago for the American Petroleum Institute sessions reported crude demand good, with spotted areas where demand exceeded supply.

No apparent demand of crude or gasoline was found, although export trade in lube oils was brisk. Ralph P. Bolton, general production manager for Standard Oil Co. of New Jersey in Europe, visiting in Tulsa, asserted rationing of gasoline to civilians apparently was prevented.

Business places in town which have not been canvassed by Red Cross Roll Call workers are urged to notify immediately the Red Cross office, telephone 969. O. K. Gaylor, Roll Call chairman, announced today. Numerous business establishments in town have not been canvassed for memberships.

"We are not going to slight anybody," said Mr. Gaylor. "However in some cases workers were not able to complete their solicitation due to illness and necessary trips out of town."

Mr. Gaylor asked all workers to report at the Red Cross office in the basement of the city hall today. Canvass of the oil field camps had not begun but will start around Nov. 20.

Racing News Empire Will Be Suspended

Opposition Of U. S. Government Will Close Network

CHICAGO, Nov. 15 (AP)—The Nationwide Race News Service, turf information network serving thousands of bookmakers across the country, will suspend business today, counsel for the system announced in federal court.

Attorney Weymouth Kirkland informed Judge James H. Wilkerson that the 28 cities of the vast agency would close some time during the day but he said the exact hour for the shutdown had not yet been fixed.

Kirkland made the statement after the last legal obstacle to abandonment of the Race News Empire dominated by M. L. Annenberg had been removed.

This was accomplished when the just acting on the request of Annenberg's counsel, dismissed petitions for injunctions restraining the American Telephone and Telegraph company, the Western Union and the Illinois Bell Telephone company from withdrawing their wires from Nationwide News, Inc.

Kirkland told the judge that Annenberg had decided to dissolve the system linking race tracks and betting rooms throughout the nation because of government opposition to its operations.

The far-flung organization known as the Nationwide News Service, Inc., took steps to end dissemination of horse race information by tomorrow noon.

Recently a target of federal and state prosecutors, the wire network for years has carried race entries, odds, results, pay-off prices and other information from tracks to betting parlors.

Meanwhile, M. L. Annenberg and See RACING NEWS, Page 8

Missouri Governor Favors Third Term

JEFFERSON CITY, Mo., Nov. 15 (AP)—Gov. Lloyd C. Stark declared today Missouri should send a delegation to the next national Democratic convention favorable to President Roosevelt and his policies.

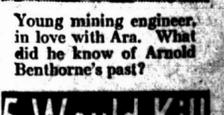

The governor avoided direct comment on reports Sen. Bennett Champ Clark—frequent administration opponent—would seek a delegation favorable to himself but, by inference, the Stark statement indicated opposition to any attempt to pin the delegates to anything but a strict pro-Roosevelt stand.

Chemistry Teacher Eats Straw Hat

SANTA MARIA, Calif., Nov. 16 (AP)—Journalism instructor Harold Burum offered to eat his hat if his students ever got the high school paper out on time.

The students did it and called on Burum to down the straw topper. They forgot that he was a chemistry teacher, too. He concocted a brew that reduced the straw to sandwich-spread consistency, spread it on crackers and ate it.

B-PW Club Has Business Meeting Tuesday Evening

At the business meeting of Business and Professional Women's club Tuesday evening in the city club room, Maureen Jones presented a

report on the district one convention at Plainview which was attended by Audrey Fowler, Vera Lord, Christine Cecil, Mildred Overall, Clara Lee Showmaker, and Maureen Jones from Pampa.

Two new members, Geneva Briscoe and Letha Northup, were initiated, and Ann Heskew, Oree Brock, Nathan Timm, Ruby Boss, Helen Montgomery, Rowena Wasson, Lillian McWright, and Irene Ballard were accepted for membership.

Kathryn Ward resigned as corresponding secretary and Helen Jo Smith was named to fill the vacancy. Also Julia Kelley was appointed health chairman following the resignation of Daisy Jim Daugherty.

Plans were made for a Thanksgiving dance to be given on November 29 in the Southern club. Ruth Caraway had charge of the program which included discussions by Betty Dunbar on "Will the Pioneer Principle of Government Work Today?" Loraine Fite, "What Circumstances Lead Up to the Writing of the Constitution of the Government Under Which We Live?" Lillian McNurt, "Are We Threatened With the Same Problems Today and What Are We Doing About It?" an illustration on "State's Rights and State's Wrong" taken from the American Legion magazine, and Christine Cecil, "What Must We Citizens Be Ever Watchful Of?"

A large group of members attended the meeting.

Junior High Will Have Back-To-School Night On Thursday

Back to school night will be observed at Junior High Thursday at 7:30 o'clock in the school.

Social hygiene is the topic to be discussed with Mrs. F. M. Culbertson as leader. Guest speaker is to be Ernest W. Calkins, Jr. who will speak on "School and Social Hygiene." Two films will also be shown.

American Education week is being held this week by the school and all parents are asked to meet in the school auditorium and then go to the children's home room to meet the teachers and follow class schedule of a regular day in school.

A small charge will be made on the refreshments of ice cream and cake which are to be served.

McCullough WMS Has Day Of Prayer Program At Church

Members of Woman's Missionary Society of McCullough Memorial Methodist church met at the church this week for a day of prayer program.

Opening the meeting was a discussion of "The Ever Expanding Church" which was followed with "Providing for Our Workers and Our Work," "Sacrament of Work," and "He Needs Young Hearts," Mrs. Kit Autry gave a reading.

Lunch was served at the noon hour at the church. In the business session a collection was taken for the week of prayer.

Mrs. H. N. Bratcher presented each with a small picture of the Angelus.

Attending were Mmes. H. H. Bratcher, Kit Autry, A. D. Hastens, C. R. Vernon, O. G. Smith, L. F. McDaniel, A. N. Rogers, J. A. Orlan, U. S. Franklin, Jones, and O. J. Foster.

Calvary Baptist WMS Has All-Day Meeting-Luncheon

Both circles of Woman's Missionary Society of Calvary Baptist church met at the church this week for an all-day quilting and covered dish luncheon which was served at 11:30 a. m.

Attending were Mmes. L. C. Vandenberg, L. L. Brewer, Hershel Burnett, Bud Patton, Bill Clatterbaugh, Sam Riley, J. F. Portney, J. W. O'Neil, A. C. Wilson, Charles Spence, W. A. Benson, Adie Burzee, C. C. Teague, Henry Lane, C. A. Pickett, U. S. Sapp, J. D. Hunt, E. M. Dunswoth, and Shelton.

Next Monday afternoon at 2:30 o'clock the Branch Grove circle will meet in the home of Mrs. C. C. Teague for Bible study. At the same time a meeting of the Kathryn Malloy circle is to be held in the home of Mrs. L. L. Brewer for Bible study.

Graduate Nurses Of District Will Meet On Thursday

District two of Texas Graduate Nurses Association will have a meeting Thursday afternoon at 3:30 o'clock in the First Methodist church here.

Nurses from Amarillo will give the program at the session. All graduate nurses of Pampa and vicinity are urged to attend.

Book Reviewed At 20th Century Coffee Tuesday

Mrs. F. L. Stallings, Mrs. Raymond Harrah, Mrs. Roy McMillen, and Mrs. W. A. Bratton were hostesses at the Twentieth Century silver coffee given Tuesday morning in the city club rooms to benefit the Pampa Public Library.

Mrs. Roger McConnell, president, presided at the lace covered coffee table. An autumn theme was stressed in the appointments.

Opening the program over which Mrs. J. B. Massa presided were songs by the girls' sextette, Merberle Hazard, Helen Harris, Clarabelle Jones, Anna Bell Lard, Betty Jean Tiemann, and Maxine Holl, under the direction of Miss Helen Martin, in keeping with the review of "Purslane" given by Mrs. Hol Wagner.

Mrs. Massa sketched the life of Bernice Kelly Harris, author of the book and read a letter from Mrs. Harris in which she presented Mrs. Wagner.

"Purslane," which is the first novel of the author, deals with the life of middle class people in North Carolina, not the aristocrats or poor white trash but average citizens.

The reviewer pointed out, also stated that the book has great resemblance to "The Yearling" by Margaret Kennan Rawlings which won the Pulitzer prize last year.

Both books have a rural setting and while "The Yearling" tells the growth of a boy 12 or 13 years of age, "Purslane" deals with the life of a girl of the same age.

Continuing, Mrs. Wagner stated that the book is of interest because of its characterizations rather than its plot. Critics have agreed that it is aptly to become a classic as it is already widely known.

The silver offering will be used to buy books for the library. This replaces the annual book shower given by the club at which duplicate copies were presented frequently.

More than 75 members and guests attended the affair.

Four Circles Of Baptist Society Have Bible Study

Four circles of Woman's Missionary Society of Baptist church met this week in the home of members for Bible study.

A meeting of circle one in the home of Mrs. W. B. Henry was opened with a song, "Thy Sweet To Rest In Jesus" after which Mrs. O. R. Wasson led in prayer.

In the business session conducted by Mrs. Ira Westbrook, chairman, the quota set for the box to be sent to Buckner's Orphan Home on Thanksgiving was reached. Mrs. Ella Brake had charge of Bible study.

Nine members attended the meeting. The singing of "Kingdom is Coming" opened the meeting of circle four in the home of Mrs. Rufus Jordan where Mrs. Allie Taber of Abilene led in prayer.

This circle also reached its quota in the business session conducted by the hostess, Mrs. Bob Allford taught the book, "Constraining Love."

Twenty-seven members and one visitor, Mrs. Allie Taber of Abilene, were present.

Next Monday afternoon at 2:30 o'clock the circles will have another meeting at which meeting a circle one is to meet with Mrs. J. F. Hunter, 603 South Hobart; circle two, Mrs. H. H. Keyser, 1301 Rham street, and four, Mrs. Rupert Orr, 717 East Browning, for Bible study.

Betty Jo Myatt
Invested By Girl Scout Troop Seven
Girl Scouts of troop seven met Tuesday afternoon to invest Betty Jo Myatt, who received an official Girl Scout pin.

A game, animal team race, was played by the group. Refreshments of cake and candy were served to Mrs. L. Stewart, Betty Louise Davis, Mary Frances Jones, Bobby Louise McClendon, Mary Myatt, Ramona Matheny, Beth Troilinger, Reba Jo Pagani, Catherine Kelley, Nadine Kelley, Juanita Bell Kirby, Virginia Harris, Patsy Rue Husband, Marion Whitton, Peggy Kelley, Edith Mae Morrow, Betty Joe Myatt, Beverly Sue Baker, Joyce Oswald, Joy Hutchens, Mary Jean Evans, and Elsie Ruth Graham.

Society

Discussion group of Woodrow Wilson Parent-Teacher association will meet at 2:30 o'clock in the school auditorium with Mrs. Tom Durall, chairman, presiding.

Young adult Christian Endeavor group will meet at 7:30 o'clock in First Christian church.

Junior High school Parent-Teacher association executive board will meet at 2:30 o'clock in Principal Frank Monroe's office.

Horace Mann Band will have a regular meeting in the school auditorium.

Junior High school Parent-Teacher association will meet at 7:30 o'clock in the high school auditorium.

Weekly meeting of Rebekah lodge will be held at 7:30 o'clock in the I. O. O. F. hall.

Dorcas class of Central Baptist church will meet for visitation.

Mrs. Bob Thompson will be hostess to Trilene Bone Bridge club.

Busy Dozen Sewing club will meet in the home of Mrs. Louis Tarpley, 315 North Warren street, at 8 o'clock.

B. M. Baker Parent-Teacher association will have a fun night at school.

A meeting of the Rainbow Girls club will meet at 4 o'clock in the Masonic hall.

A regular meeting of the Order of Eastern Star will be held at 8 o'clock in Masonic hall.

A meeting of the Union chapter of Beta Sigma Phi sorority will be held at 7:30 o'clock in the home of Mrs. D. C. Hartman.

A regular social meeting of American Legion Auxiliary is to be held at 8 o'clock in the hall.

Woman's Missionary Society of First Baptist church will meet in circles.

Calvary Baptist church will meet at 2:30 o'clock.

Calvary Baptist Women's Missionary Society will meet.

A meeting of McCullough Memorial Methodist church will be held.

County Home Demonstration Council will have a reporters school at 2 o'clock in the office of Mrs. Julia Kelley.

Junior Clubs Of Federation Topic At State Meeting

WICHITA FALLS, Nov. 15. (AP) —The work of junior clubs and county federation groups was given special consideration in today's session of the Texas Federation of Women's Clubs convention.

More than 600 delegates and visitors attended the second day of the meeting which is to continue tomorrow.

Mrs. Minnie Figher Cunningham of Washington, D. C., General Federation chairman, of rural-urban co-operation spoke this morning and conducted special conferences for the county federation groups.

The annual junior luncheon was held with Mrs. H. B. Ritchie, Athens, Ga., General Federation secretary, as the speaker.

The much maligned woman driver has a staunch defender in Mrs. T. V. Moore of Miami, Fla., safety chairman of the General Federation.

Mrs. Moore yesterday declared "Women are better drivers than men regardless of what you hear."

Mrs. Moore advocated more frequent and widespread driving and mechanical tests and stricter penalties for traffic law violators.

Other speakers included Frank Baldwin, editor of the Waco News-Tribune and Times Herald, who said if the war in Europe lasted five to ten years it would result in an uprising of the masses and a complete revolution.

Baldwin recently made a tour of Europe.

Sand Hill Aces Club Entertained With Bridge Recently

SKELLYTOWN, Nov. 15.—Mrs. A. O. Bartz was hostess to the Sand Hill Aces Bridge club at her home east of Skellytown recently.

Autumn was the theme stressed in the taletts, favors, and refreshments.

Mrs. Carl Devitt received the high award in the four games; Mrs. L. S. Kelly, second; Mrs. J. E. Bartz, third; and Mrs. J. E. Bartz, fourth.

BEFORE A COLD GETS A REAL START

Use a few drops of Vatro-nol. It's a wonderful help in preventing colds from developing.

"Build-Up": Way To Relieve Women's Pain

Many weak, run-down women are in a vicious circle. Their under-nourishment often leads to what is called functional dysmenorrhea and its symptoms—headaches, nervousness, irritability, intermittent cramp-like pains—from which many women suffer. Surest way to break the vicious circle is by building strength and energy, which so many find may be done with the help of CARDUI. It stimulates appetite, aids digestion, and thus helps in this "build-up" of physical resistance. Women also report that it taken just before and during the time, CARDUI lessens the pain and discomfort of the period—adv.

lor, Verne Colevie, L. A. Finkham, Carl Devitt, L. M. Bryant, H. W. Pierce, and the hostess, Mrs. L. M. Bryant will be the next hostess to the club.

How Much Are Your Eyes Worth to You?

Your eyes are the most precious of your possessions. There isn't enough money in the world to buy them.

And yet a very large majority of people neglect their eyes—and abuse them with poor lighting. Check with your eyesight specialist—that's the first step. Then make sure your lighting is adequate to prevent further eyestrain.

Do you know that defective vision exists among 20 per cent of grade school children; 40 per cent of youths from high school through college age; and over 60 per cent of all adults?

Eyesight specialists and illuminating engineers have been giving careful study to eyesight conservation and have joined in a nation-wide "Better Light-Better Sight" activity to develop better seeing conditions.

Practically all stores selling portable lamps are joining in this movement. Ask to see the new I. E. S. Better Sight lamps "with the tag." Floor and table models, all scientifically designed to make studying, reading, sewing, and all other close visual tasks easy and comfortable. And the prices are low.

The members of our home lighting department, with the aid of a Light Meter, a wonderful and very simple device that measures light, are ready and anxious to bring to you, free of charge, the benefit of their training and experience in helping you to solve your lighting problems. Phone us for an appointment.

Happy Hemmers Sewing Club Makes Plans For Contest

Ten members of Happy Hemmers Sewing club were entertained at a regular meeting in the home of Mrs. Payne recently.

After the devotional was read, a short business session was held in which plans were made for a slogan contest.

An hour of sewing followed after which refreshments were served to Mmes. Osborn, Payne, Mallow, Edwards, Williams, Adams, Burns, Scruggs, Burns, and Nash.

The next meeting will be November 17 in the home of Mrs. Mallow.

Nazarene WFMS To Sponsor Basket For Rest Cottage

W. F. M. S. ladies of the Nazarene church will sponsor a Christmas basket for the Rest Cottage association located at Pilot Point.

Offerings should be taken to the Nazarene church on West Francis avenue or telephone Mrs. B. C. Lazzard and the gift will be cataloged.

All donations will be appreciated by the group.

Phillips Accused Of Aiding Wets

By MITCHELL CURTIS
 OKLAHOMA CITY, Nov. 15 (AP)—Oklahoma, dry 100 years today was a hotbed of argument over the liquor question.

The farm had its genesis in a statement by the Soviet state's driest governor, Leon C. "Red" Phillips, that while he was opposed to repeal he would permit a vote on the question as "a straight moral issue."

This stirred republicans into action in an initiative petition and drew fire from the dries.

W. J. Losinger, superintendent of the Oklahoma Anti-Saloon league accused the chief executive of going as "far as he can to help the wets."

"Phillips has accomplished more for us than any other governor," said Losinger. "He has made drinking unpopular at the capitol, but he promised not to give the wets a special election."

Phillips attacked but one string to his decision to allow a vote. He said he would not submit the question if it contained a provision earmarking the revenue for schools or old age pensions.

Oklahoma has been dry since before admission to statehood in 1907. Federal laws before then forbade introduction of possession of liquor in Indian territory. It was in these days that the term "bootlegger" was said to have been coined. Whiskey runners brought liquor into the Indian districts in their boot tops. Statewide prohibition then was included in the state constitution.

After Phillips' statement, officers of the Oklahoma Repeal association announced they would have an initiative petition ready for circulation "within 10 days."

Farmer Not Getting Share Of Income, Says Grange Head

PEORIA, Ill., Nov. 15 (AP)—Louis J. Taber, master of the national grange, told the organization's 73rd annual convention today that "we have not yet solved our farm problem, and it remains with us as one of the great unanswered steps toward recovery."

Proof that the farmer is not receiving his share of the national income is evidenced by the fact, Taber said in his prepared keynote address, that in the last decade farmers received barely 10 per cent of the national income, including government benefit payments.

"The farmer's condition is brought into bold relief," he continued, "when we remember that during this same period he was educated, housed, clothed, and fed 31 per cent of the youth of our land."

During the last 10 years, Master Taber said that prices received by farmers were only equal to 78 per cent of the prices they paid for commodities, goods and services used in rural life. "This makes the farm dollar 22 per cent below par and it is more than coincidence that approximately 20 per cent of the nation's labor is unemployed."

"This proves that America's greatest need is economic balance. Such disparity cannot be corrected by legislation alone. Until labor and industry will meet agriculture in solving this problem, depression will continue. Payrolls, business activity and advancing farm prices go hand in hand."

Churchill May Be Guardian Of Fish

LONDON, Nov. 15 (AP)—In case of air raids on London, the problems of First Lord of the Admiralty Winston Churchill will be complicated by 10,000 tropical fish.

Churchill, a fish fancier, has offered sanctuary at his Kent country home for that number of specimens owned by Stanley Plater, a London fish expert. There are seven lakes there in which Churchill keeps his own fish.

Plater said today that the First Lord spends much of his spare time with the fish.

"He calls some of them by name, feeds and tends them himself," Plater said.

Professor Douglass of Arizona has made a lifetime study of tree rings. He has placed together a tree ring sequence of 3,000 years.

Market Briefs

NEW YORK, Nov. 15 (AP)—The Stock Market ran a mild gamut of ups and downs today as traders generally remained in a neutral mood.

Near the close prices were mixed with most of the pivotal shares slightly under yesterday's closing.

The market was lackluster, although quotations of some of the leaders gained as much as a point in a session early today.

The rise inspired little buying. Some stocks were untouched for an hour or more at a time. Later many of the gains were cancelled under profit selling.

Slightly off at the finish were U. S. Steel, Youngstown Tube, General Motors, Case, Douglas, Standard of N. J., Union Carbide and American Telephone. Reasoning to the decline were Consolidated Edison, Goodrich, Goodyear, Dupont, Allied Chemical and Caterpillar.

Advancing in the uneven, curb market were Quaker Oats, Pittsburgh & Lake Erie, National Lead, American Cyanamid and American Cyanamid.

The consensus of various commentators was that the market seemed to have "no place to go but up," pending foreign or domestic news developments.

In the meantime, the market was strictly a traders' affair, with professional elements endeavoring to squeeze out fractional profits here and there despite the absence of definite trends.

Men's Quartet Sings On Hopkins Program

HOPKINS, Nov. 15.—Mrs. Roy Reeder directed the group of Mother Singers and also the men's quartet at the school house Monday night.

The quartet is composed of LaVerne Courson, R. W. Orr, C. F. Jones, and A. W. Coltharp.

Planist for the Mother Singers is Mrs. C. O. Gilbert. Those attending the meeting were Mrs. Mmes. Ray Franklin, C. C. Jones, Cleo Coffey, R. W. Orr, A. W. Coltharp, Seth Horn, J. B. Horn, C. F. Jones, W. M. Parker, Wesley Barnett, Roy Reeder, and C. O. Gilbert.

Mrs. C. F. Jones, past president of the local Parent-Teacher association, is chairman of the group of singers for this year. The meetings are held in the school building and everyone is invited to attend, whether a member of the Parent-Teacher association or not.

The P-T-A theme used for this year by the program chairman is Schools as Community Centers and it is hoped that more people will take advantage of the group meetings held regularly.

The Mother Singers meet twice monthly and the Girl Scouts meet each Thursday night.

McLean Schools Employ Attorney To Collect Taxes

McLEAN, Nov. 15.—Leigh Fischer, local attorney, was employed Monday night by the McLean Independent School district to collect all delinquent taxes, owed to the district prior to and including, 1936.

Acting under instructions of the board of trustees, Mr. Fischer has already filed 24 tax suits in the district court of Gray county, and will file more whenever necessary to collect delinquent taxes.

Two Initiated By Hopkins Cubs

HOPKINS, Nov. 15.—Two boys, Ralph Huttsell and Cleland Calvert, were initiated into the Cub Scout organization at a recent meeting.

R. E. Smith, cubmaster, conducted the business meeting. The boys present were asked how to make fires without matches, also they were told to prepare to pass some of the tests for Cubs.

The question of regrouping the dens was discussed and left to settle until the next meeting.

As the roll was called each boy responded with his name and the name of a Texas city.

The bean bag relay race was played under the direction of the den mothers, Mrs. P. E. Simpson, and Mrs. J. L. Clauder.

Philadelphia's Athenaeum is a library formed by six young graduates of the University of Pennsylvania in 1814. It now has 90,000 volumes, available only to members.

Roosevelt And McNutt Confer

WASHINGTON, Nov. 15 (AP)—Further expansion of the vast federal-state social security system within the present framework was the subject for a conference today between President Roosevelt and Paul V. McNutt, federal security administrator.

McNutt asked for the meeting in order to ascertain how far the chief executive would be willing to go in filling what he called "obvious gaps" in the system.

The administrator would not say what specific proposals he would put forward but his recent public utterances indicated that his suggestions to the President included:

1. A national health program, along with a plan for disability insurance for workers to supplement the existing unemployment insurance system.
2. Mr. Roosevelt recommended such a program early this year, and Senator Wagner (D-NY) has pending a bill to carry it out.

Coronation Scot Sidelined In U. S.

BALTIMORE, Nov. 15 (AP)—The European war appears to have sidetracked Britain's crack train, the "Coronation Scot," 3,000 miles from home.

The luxurious train, which began a 3,100-mile tour here before going to the New York World's fair, has returned to its starting point and may remain indefinitely.

Shipping circles said the steamer Belapama, which brought the "Scot" across the Atlantic, was busy elsewhere and expressed belief other locomotive-carrying vessels were too occupied with war duties for Great Britain to take the train home.

Not PRICE Alone

In your daily search for grocery bargains, beware that you do not endanger the quality and enjoyment of your meals by hunting for low prices alone. For many times low prices mean equally low quality. Gas Savings that CO-OP

RIGHT DOWN WITH THE "LOWEST"

You'll be surprised when you check GMAC prices. These money-saving Buicks actually cost little or no more to buy.

No other truck gets so far on so little Gas.

Owners of General Motors trucks report fuel savings of 15% to 40%. GMACs also have financing advantages that saves time on the road; top-size bodies that make loading easier, sturdy, truck-built construction to save on repairs and depreciation!

Think payments through our own GMAC Plan at lowest available rates.

BUICK TRUCKS TRAILERS DESELS

Sooners Nettled Over Christman's Publicity

By GALE TALBOT
NORMAN, Okla., Nov. 15 (AP)—The University of Oklahoma eleven appears to be somewhat nettled over the rash publicity given Passing Paul Christman of Missouri. This touch of displeasure is likely to prove embarrassing to football's latest glamor boy when these two outstanding teams meet Saturday at Columbia.

Coach Tom Stidham has locked the gates on his big, undefeated Sooners. Cadets with polished rifles are walking sentry on the practice field, and the impression around here is that a lot of new and unusual misery is being prepared for the Tigers.

Outside of a natural desire to beat their old Big Six rivals and progress one week nearer a New Year's Day bowl game of some sort, the Sooners have another reason for wanting to knock Christman's ears down. They think they have two backs better than the Missouriian, and they want proper recognition when the All-America pickers start picking.

Coach Stidham, himself, is an authority for the statement that both Beryl Clark and Bob Seymour are greater backs than Christman, and his publicity department supplies figures that threaten to bear him out. Also, the Sooner mentor said there wasn't a finer end in the nation than his Frank Ivy, but he consented not to press the point.

When reminded that there were, after all, only 11 vacancies on the average All-American team.

Pass Completions Better
Clark, who calls signals for Oklahoma's young giants and is the leading scorer in the Big Six, has compiled a better average of pass completions than Christman, now that

He's carried the ball 98 times without once losing an inch," Stidham insisted. "He's gained 370 yards and has scored 42 points. Per- never saw Bronco Nagurski or Ernie Nevers hit a line better than he does, and he's harder to catch in an open field than either of them was."

Stidham's only regret is that he's not playing Tennessee. He and his lads think they could get a little revenge for that Orange Bowl beating last New Year's.

Rangers Could Win Title In Panther Game
Special To The NEWS
PERRYTON, Nov. 15.—The Perryton Rangers will play their most important football game of the season here on Ranger field Friday afternoon, November 17, when they meet the Panhandle Panthers in the last conference game on the Ranger schedule. The game is called at 2:30 o'clock and in the event the Rangers emerge victorious they will become champions of District 1-A. Should Panhandle win, this district will be thrown into a three-way tie with White Deer in the running due to a win over Panhandle last Friday 14-13.

Fans in this part of the country are looking forward to seeing the best game of the season when Jack Atkins brings his high-stepping Panthers here to Perryton.

The record shows that Friday the Rangers will make a fourth attempt to crown the Panthers for the district championship. In 1936 the Rangers lost 6-0 and in 1937 they were defeated 26-13. Last year they battled the Panthers tooth and claw in a grid thriller, but lost 13-12.

Coach Otis Burk and his squad have declared that they will be in as good condition as is possible for the game and are well aware of Panhandle's strength, but are determined to get a district flag for Perryton this year. The boys are spending the most strenuous week of the season on the practice field.

McLean To Play Wellington Friday
Special To The NEWS
McLEAN, Nov. 15.—In preparation for their last regularly scheduled game of the season, the McLean Tigers went through a light scrimmage yesterday. They meet Wellington Friday night at 7:45 here.

The squad is free from injuries with the exception of Co-Captain Randy Mantooth, who was injured in the Shamrock game two weeks ago. It is doubtful if he will play Friday. The loss of Mantooth is serious, inasmuch as he called the signals for the team, and ranked next to John Bond in yards gained.

Wellington, according to Coach Williams, is in good shape and at full strength.

This game, and the Memphis-Lakeview tilt, will be the only ones played in District 3-A this week, all other schools having finished their schedules.

Aggies Sure Bets For Bowl If They Stay Undeclared

By FELIX R. McKNIGHT
DALLAS, Nov. 15 (AP)—Two more games, and not exactly breathers, menace the unbeaten season that it craves, but Texas A. and M. has removed one "bowl" possibility with the terse announcement it would not be available for the three-year-old Cotton Bowl classic.

Promoter J. Curtis Sanford, originator of the Dallas New Year's Day game, shook off the first shock and sought the answer.

Chairman Joe Utay of the athletic committee of the A. and M. board of directors, called Cotton Bowl possibilities yesterday with:

"We are crossing no bridges before we come to them. However, our position with regard to the Dallas Cotton Bowl game is well known. We steadfastly have refused to pledge our support to this undertaking under its present setup and will continue to do so, regardless of future events."

Sanford said the "present setup" Utay mentioned left the basis for negotiation and added that he would be willing to "run the game in full accordance with the wishes of the Southwest conference champion, whether it be Texas A. and M. or some other team."

Observers contend the Aggies, if they defeat Rice Institute next Saturday and the University of Texas on Thanksgiving Day, quite a job in itself, are almost sure bets for the "New Orleans" Sugar Bowl game. The Aggies don't dare mention the Rose or Sugar Bowl possibilities, but it is elementary that they would grab either one if the offer came.

The Aggies long have been opposed to putting the conference champion into the Cotton Bowl game, contending post-season games should be played under the auspices of the conference, or the school involved, and not a private promoter.

Meanwhile, the possibility that Texas would not lose the Aggies for a post-season appearance grew with the definite announcement of Dan D. Rogers of Dallas, chairman of the committee of Southwest conference representatives, that his group would meet in a few days to attempt perfection of plans for a Dallas bowl game.

Mobeetie Will Play At Wheeler Friday Night
Special To The NEWS
MOBEETIE, Nov. 15.—The football game of the year, as far as Mobeetie is concerned, will be played on the Wheeler gridiron Friday night when the Mobeetie Hornets meet the Wheeler Mustangs. Although Mobeetie has won only one and one-half games to date, they would count it a very successful season should they defeat Wheeler.

The Wheeler Mustangs have a more impressive record than Mobeetie, having played six games, winning three and losing three, and the Hornets having played seven, winning one, tying one, and losing five. But dope never means anything when these two teams get together as Mobeetie always plays their best game of the season against Wheeler.

The boys are working hard this week, hoping to upset the dope-bucket and chalk up a win.

Harvesters To Rest Until Tomorrow
With date of the Pampa-Borger football game uncertain, the Pampa Harvesters are being given a well-earned rest from practice. They will not report to Harvester field until tomorrow afternoon.

The Pampa-Borger game is scheduled for November 20 but if Borger loses in Amarillo Saturday the date may be changed to November 24.

The Harvesters will work out tomorrow under Coach J. C. Prejean. Coach Odus Mitchell will accompany the Guerrillas and Reapers to Miami for a game.

Sad State Of Wrestling
NEW YORK, Nov. 15 (AP)—It's a sad state the old sport of wrestling has reached hereabouts.

For several years the New York state Athletic commission has refused to recognize any wrestling championships, putting all bouts must be billed as "exhibitions." Yesterday, at the request of Jess McMahon, representing various mat promoters, the commissioners agreed to reduce the minimum wage of wrestlers from \$10 to \$8 per exhibition.

Penn State Has Army Record To Protect
STATE COLLEGE, Pa., Nov. 15 (AP)—Penn State has a notable record to protect when it plays Army at West Point Saturday, for the Nittany Lions are one of the few teams that have played Army more than once without being beaten. They beat the Cadets 6-0 in 1899 and played them a scoreless tie in 1900.

Tom Harmon Ranked Most Versatile Halfback In Michigan History

Tom Harmon, Michigan's sure-fire All-America back, irons out a classroom problem with his blocking running mate, Forest Evashevski, says goodby to his date, pretty Margot Thom of Buffalo, Wyo., at the door of the Kappa Alpha Theta house, and gets into armor for another session on the gridiron.

By JERRY BRONDFIELD
NEA Service Sports Writer
Tom Harmon is still on the under side of 20, yet he is considered by Pleading Harris Yost, Fritz Crisler and others as the most versatile back in Michigan history.

Came to Ann Arbor via Horace Mann High school of Gary, Ind. . . This All-America candidate comes from great athletic family. . . Brother Harold was track star at Purdue in 1927. . . Lou was basketball letterman for Bollermakers in 1934. . . Gene was basketball captain at Tulane last year. . . Also has two sisters, Sally and Mary, who are his severest critics.

Irish on both sides, is six feet tall, has straight black hair which he parts on side. . . Power generated from 195 pounds and plenty of speed. . . Aspires to career as radio sportscaster. . . At present has 15-minute sports program from campus station every Friday.

Father is real estate collector in Gary and sees to it entire family never misses a game. . . Tom's career started in romper stage. . . Oiled brothers used to knock the socks off him every chance they got. . . Toughened him up early. . . Always played with boys much older than he. . . When in sixth grade he played on parochial school eighth grade team. . . Jay Berwanger of Chicago was his first and only football hero.

During freshman year in high school his team lost nine straight. . . In his senior year it won nine straight and Tom was hailed as best prep grinder in Midwest. . . Also plays basketball and was spark plug of Wolverine team as sophomore last year. . . Pitched for base-

Bowling Team Captains Will Meet Thursday

A meeting of all captains of bowling teams in Pampa, regardless of league, will be held in the Schneider hotel basement at 7:30 o'clock Thursday night when officers for the Pampa Bowling Congress will be elected.

The Berry Bowling Alleys here have been approved by the American Bowling Congress and officers must be elected and an organization perfected before local teams can bowl in tournaments sponsored by the American Bowling Congress.

Women bowlers of the city plan to attend the women's bowling tournament in Syracuse, N. Y., next spring and in order to secure money for expenses, they will serve coffee and doughnuts at the alleys each night.

Joe Berry, owner of the local alleys, will take the Behrman's women's team and the Kiwanis club team to Guyton, Okla., tonight for the formal opening of alleys in that city. The Pampa teams will play picked fives from El Reno, Okla.

ball team in high school and set Indiana low hurdle record which still stands. . . Went to Michigan because high school coach, Douglas Kerr, was Michigan man. . . Great runner, passer, blocker and defensive man. . . His deeds on gridiron have captured popular fancy to extent of having couple name baby after him. . . Owner of racing stable did ditto with colt.

Future Harvesters Will Play At Miami Thursday

The football game between the Harvesters of next year and the LeFors Pirates scheduled for tomorrow afternoon has been postponed until some day next week.

Coach Odus Mitchell announced, however, between the Pampa Junior High Peewees and the Mobeetie

Tulane Afraid Of Snowstorm

NEW ORLEANS, La., Nov. 15 (AP)—Tulane's Green Wave, the biggest drawing card in southern football history, starts rolling to New York tonight confident it can draw Columbia's Lions unless it gets frozen over.

The big city and its crowds hold no terrors for Tulane's lads from the farms and small towns.

"We've played to bigger crowds here than we'll get up there," Coach Lowell (Red) Dawson declared. "But I don't know how our boys would react to a snowstorm."

The combination of a great team and a big stadium has brought 206,000 spectators to Wave games thus far. Tulane authorities say no other southern team has ever played to so many, even including a bowl game.

About the foe itself, Dawson frowned, "Columbia has been improving. Their running game is getting better and their passing attack, although not as good as North Carolina's which is the best in the country, is about on a par with Clemson's that gave us fits for 60 minutes."

Close followers of the Wave

Richeson Wins Close One From Parkinson

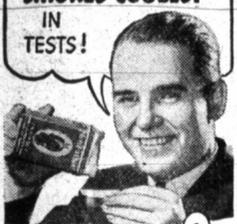

Jim Richeson and Joe Parkinson staged one of the closest golf battles of the year yesterday afternoon when they played off their second round match in the championship flight of the fall district golf tournament now being played over the Pampa Country Club.

When the 18th hole was reached the two were all even in holes and score, each carding a 75. They were even on 19 and 20 but on the 21st hole Richeson fired a birdie to win the hole and match.

Other second round matches have not been played. Deadline for playing the second round is Sunday.

PURGE WINTER'S WORST 90 HOURS

How OIL-PLATING fights them for your engine's sake

Try this Two-Eye Test the next time you start your cold car. Keep one eye on the heat indicator and one on your timepiece. Then try to be patient for 1 minute — 2 minutes — 3 minutes . . . till the heat indicator barely creeps up. Does it really get anywhere in less than 6 or 8 minutes? Now just multiply that by half-a-dozen to a dozen daily cold starts throughout the Winter . . . and it opens your eyes to the plain truth that your total Winter warm-ups can lengthen out to something like 90 hours — conservatively.

During all those shivery 90 hours where's your lubrication? Is it down in the crankcase snoozing? Is it waiting for a shove from the

oil-pump? Not if your engine's OIL-PLATED. Not if you've changed to patented Conoco Germ Processed oil that attaches to inner engine surfaces and stays on like all fine plating. That's your OIL-PLATING, which positively cannot drain down whenever your engine stops.

Therefore when you start up, OIL-PLATING positively cannot permit your cold engine to suffer any oiling delay whatever. No waiting for lubricant to get up, because OIL-PLATING always stays up.

So does your battery stay up, with every start smoothly speeded by slippy OIL-PLATING. Your oil-level, too, stays up when you change to Your Mileage Merchant's Conoco station for patented Germ Processed oil. Change from 90 hours of dire danger to the understandable safety of OIL-PLATING. Continental Oil Company

Inter-League Play Given New Push NEW YORK, Nov. 15. (AP)—The trend toward inter-league play in the major league, gradually picking up momentum like a dog with a can tied to its tail, was given a new push today by a suggestion which met with the approval of several of baseball's more influential citizens.

The sponsor of this plan, a well-known official of the national pastime, asked that his name be not mentioned. But you got the idea that it might be brought up at next month's major league meeting, along with the suggestion of Larry MacPhail, for eight "world series" right down the line between the two loops, and Gerry Nutt, for a Shaughnessy playoff in the big leagues.

The new plan goes something like this: 1. Cut the regular season play down to where each team, instead of meeting every other team in its own league 22 times a season, would play the others in only 18 games—nine at home and nine away.

2. Then each team in each league would play four games with every team in the other league.

3. These four games—two at home and two abroad—would come in the pennant standings, somewhat on the order of the national professional football and hockey leagues.

"In that way," explained the sponsor, "you'd have some true idea of just how much better your pennant winning clubs are than the other clubs in both loops."

Ray Blades Signed 'Up With Cardinals ST. LOUIS, Nov. 15. (AP)—Now st. Louis, Nov. 15. (AP)—Now st. Louis signed with the St. Louis Cardinals for 1940, Manager Ray Blades said today he would like to bolster his infield but otherwise is content to start next season with the same players who came through for him last summer.

After accepting a "much fatter salary," the sturdy, balding leader said it "looks like our team will be just about the same in makeup as in 1939, except for the infield."

In winning 46 out of their last 53 games last season, the Cardinals nearly edged the Cincinnati Reds out of the National league championship.

"Johnny Mize and Jimmy Brown are infield fixtures," Blades declared.

"I'll have a number of young players in training camp," he added, "and if those youngsters can beat Stu Martin out of second, or Don Gettler out of third, or both, our infield will be changed."

Mize, who won the National league batting championship, will be back at first, and Brown, team sparkplug who usually played at short, will be at one of the three other infield berths.

Blades indicated he did not expect any big deals which would jettison any stars from the Cardinal club.

Russia May Have Been Involved In Athenia Sinking BOSTON, Nov. 15. (AP)—The suggestion that Russia might have been involved in the sinking of the Athenia, and the recent attempt by the assassin Hitler has been advanced by the Rev. Dr. Edmund A. Walsh, S. J., regent of Georgetown university's foreign service school.

The suggestion was made last night by the foreign commerce club of Boston, that the United States government still is investigating the sinking of the British ship, with its loss of American lives, and that it is not accused Germany of firing the torpedo.

Asserting that Soviet Russia never has abandoned its "dreams of world revolution," Dr. Walsh said the nation could have profited if the Athenia incident caused the United States to become entangled.

"The bombing attempt on Hitler's life," he continued, "argues the presence of some secret organization." Paying the way for schism and confusion best adapted to Moscow's program.

Texas Wesleyan College Club Pledges Pampan Special To THE NEWS SPORTS WRITER, Nov. 15.—Miss Virginia Wyatt, freshman at Texas Wesleyan college from Pampa, was recently initiated to pledgehip in Delta social club at a recent meeting held in the parlors of Ann Waggoner hall.

The pledge ritual was a formal candle-lighting ceremony at which the president welcomed the pledges and introduced them to the club members. The new girls were presented ribbons in the club's colors, black and silver, on which was printed Delta pledge. They were instructed to wear these for four weeks, at the end of that time they become members of Delta.

Miss Wyatt is majoring in piano. She is the daughter of V. O. Wyatt of Pampa and is a resident of Dan Waggoner hall on the campus.

Coaches Argue Over Shouting At Champaign

MADISON, Wis., Nov. 15. (AP)—Coach Harry Stuhldreher, of the University of Wisconsin, criticized Illinois football fans at the weekly downtown coaches meeting here last night for "unsportsmanlike shouting" whenever the Badgers had possession of the ball.

The Wisconsin eleven was forced to go into a huddle, something rarely done by Stuhldreher eleven, when they could not hear signals over the roar of the crowd.

"We were guests there and expected to be treated as guests," Stuhldreher said.

Movies of the game, which Wisconsin lost 7-0, showed that Jimmy Smith, Illinois halfback, stepped out of bounds in his 82 yard touchdown jaunt.

Stuhldreher said he would not make such a "hullabaloo" over it because the Illinois fans would have called the ball dead had he seen Smith step over the line.

CHAMPAIGN, Ill., Nov. 15. (AP)—"I'm surprised if my good friend Harry Stuhldreher makes such a statement," said Bob Zupke, head football coach at the University of Illinois today when informed that the Wisconsin coach had accused Illinois fans of poor sportsmanship.

Stuhldreher said the Illinois shouting disconcerted the Badgers and upset their signal calling.

"Harry knows better," said Zupke. "I started the use of the huddle because the players couldn't hear the signals above the shouting of the crowd. Fans go to football games to shout themselves hoarse and be exuberant. Wouldn't it be said to play a game before a crowd of Egyptian mummies?"

Sports Roundup

By EDDIE BRIEZE NEW YORK, Nov. 15. (AP)—Four clubs—Texas Aggies, Tulane, Oklahoma and Tennessee—are in the Sugar Bowl running. Yep, we said Tennessee. Some say the Vols would prefer the New Orleans trip to the longer trek west.

Tulane hasn't been scored on through the line since the 1938 game with North Carolina.

HEADLINE HEADLINER This week's glit picture frame goes to the Texas players who carried the line on the Iowa-Notre Dame game. "Get the point? Notre Dame doesn't—and loses." — Keenest we saw.

Pro football coaches are subscribing to the Texas papers to keep a track of Bulldog Turner, Hardin Simmons' crack center. Mrs. Jack Dunn won't sell the Baltimore Orioles because she's saving the club for Jack Dunn, 3rd, now a Princeton freshman.

Coach Danny Schmick of the Manistee (Mich.) highs always watches his boys work out from the roof of the school building. Charles Hutchinson, a Minnesota roofer now living in Australia, has to get up early Sunday morning to hear Saturday's games. . . and down in Castorville, Texas, a high school building was postponed 30 minutes to give the WPA workers time to get there and fill the park.

TODAY'S GUEST STAR Henry A. Sullivan, Salem (Mass.) News Faculty manager Joseph B. Smith of the Salem high school claims the longest run of the football season. . . During the game with Somerville, a roofer grabbed a ball that had been kicked into the stands and went away from there. . . Mr. Smith, carrying a weight handicap of 15 silver dollars, gave chase. . . He caught the runner after a 400-yard dash through several broken fields.

Iron-Man Haman EVANSTON, Ill., Nov. 15. (AP)—Speaking of iron men: There's John Haman, Northwest-ern's sturdy center and bulwark of the "C" defense. Haman has played 345 minutes out of a possible 360 this year in Northwest-ern's six games.

Haman was all-conference a year ago and is in a fair way to receive that honor again.

SERIAL STORY

5 WOULD KILL BY TOM HORNER

Copyright, 1939, NEA Service, Inc.

CHAPTER I

"I will be killed tonight! My luck has run out. I have been warned. That anonymous telephone call. The black cat that ran across the driveway tonight. Third light on a match. 'T've had special police posted all around the house but they can't save me. But before I die—

"There are five persons who would rather see me dead than alive. My wife, Helen Benthorne; William Alston, my father-in-law and former partner; Joey di Torino, the gangster; a woman named Ara and an old prospector, known as 'Big Red.' I hate all of them and I know they hate me. I leave this list that the police may know one of these five would kill me—"

ARNOLD BENTHORNE smiled—a bitter, twisted smile—as he read the words he had just written.

They would pay—all of them—for hating Arnold Benthorne. In life he had ruled them all. In death he would still retain his power over them. They would suffer. Only Benthorne could have conceived such a vengeance.

Deliberately he folded the paper, then rising quickly from his chair, he hurried across the study, pulled a bookcase away from the wall and knelt beside a small safe. He twisted the knob and in a moment the door swung open. Light from the desk lamp glistened on the metal.

Benthorne paused, undecided. "First place Helen and Joey would look," he said, half aloud. He stepped to the window, pulled back the drawn shade. Rain drummed unceasingly against the panes. A fresh, cool draft swept into the room as he raised the sash a few inches.

A flash of lightning revealed the dark-coated figure of a policeman, huddled against the gate. There was another in the garage, a third at the rear driveway, Benthorne knew. Thunder shook the house, rattled the window.

The ticking of the clock above the fireplace echoed throughout the ensuing silence.

Only a few minutes more, Benthorne thought.

There was yet one chance—only one—but he would take it. Quickly he returned to the desk, turned the lamp shade so that the light fell more upon the closed door. He crumpled the paper in his hand, tossed it into the wastebasket. He opened a desk drawer, took out a revolver. The safety clicked. He replaced it, carefully leaving the drawer open.

Pulling his chair back from the circle of light, yet still within reach of the gun in the drawer, Arnold Benthorne sat down, waited for his murderer.

He could see the headlines—"BLOODY BENTHORNE MURDERED." That would be old Parker's sheet. They hated him, too. Fought his methods, tried to trap him. But never quite succeeded.

"BENTHORNE, FINANCIER, FOUND DEAD." Good old conservative Carter Smith. Wishy-washy. Afraid to call a spade a

Illustrations by Ed Cunder.

"YOU!" Benthorne gasped. . . . A revolver shone in the light. The round black hole held Benthorne's hypnotized gaze.

spade. Benthorne admitted he liked the Parker paper better than the Smith sheet. That gang over at Parker's had courage. That's what it takes. That's what it took to make Arnold Benthorne. He saw a lad of 10, thin, clothed in castoffs, crying in a doorway. He saw an older boy, heavier, stronger, taunting the weeping lad. Funny that he should remember

now. The older boy, Billy Watson, had challenged his right to sell papers on that corner. Arnold's name was not Benthorne then—had refused to fight, had run away in terror.

Another picture came to mind. Billy's face, disappearing beneath the waters of the river. Arnold had run screaming to the nearest policeman; men had dived into the river for Billy's body. The crowd praised Arnold—he had done all he could. Even Billy's mother was nice to him, after her hysterical crying had stopped.

They never found Billy's body. It was just as well. Someone might have wondered about those bruised knuckles—bruised as Arnold pounded Billy's fingers as he clung to the dock.

The papers would not tell that story tomorrow.

NO—there would be columns about Arnold Benthorne's phenomenal rise in the business world. They would tell how dying stocks revived under his magical touch, how he pyramided his wealth into millions. There would be the story of his vast factories, his thousands of employees. His charities would be mentioned, and the scholarships his wealth had made possible.

There would be pictures, too, of Benthorne—dark-haired, fiftysix, his cold, piercing eyes staring out from the lean hardness of his face. He hoped they would use that picture he had had made last month—the one the photographer said made him look like a dictator.

Helen's picture would be back in the papers again, too. The society editors would see that his marriage to Helen Alston, daughter of one of America's greatest motor truck manufacturers, would not be forgotten.

The gossip columnists had enjoyed a field day guessing the real facts behind the Alston-Benthorne wedding—wondering how one of society's favorite debutantes could

marry a man almost as old as her father. Only one reporter—and Benthorne recalled grimly that he had soon lost his job—had hit the real reason. He had hinted that it took to make Arnold Benthorne. He saw a lad of 10, thin, clothed in castoffs, crying in a doorway. He saw an older boy, heavier, stronger, taunting the weeping lad. Funny that he should remember

would ever solve. For years they had been speculating as to where Arnold Benthorne got his stake. No one knew him when he first came to New York, armed with \$50,000 and the determination to turn it into a million. No one knew—nor would ever know—the story of "Big Red."

They had met in Alaska. "Big Red" had come in with the Klondike rush, hunted his strike for 20 years. And he had found it—far inland, among uncharted mountains, "Big Red" had found his gold. Benthorne—his name had been Benson then—learned of the mine when "Big Red" fled his claim. He had followed "Big Red" northward. He remembered "Big Red's" piteous cries as he left him, blind and dying in that forgotten valley.

He had taken "Big Red's" name—John Douglas—as well as his claim title and one sample, until he had sold out to a mining company.

He had listed "Big Red" as one of the five—and "Big Red" was dead. He'd scratch off the name. No use blaming a murder on a dead man. Queer that he had imagined, even for an instant, that "Big Red" was alive.

He reached for the wastebasket.

"DON'T move, Benthorne!" The soft voice, almost a whisper, came from the half-opened door.

"YOU!" Benthorne gasped. The muzzle of a revolver shone in the light. The round, black hole held Benthorne's hypnotized gaze.

"Bring your hands up. Keep away from the desk. You've been expecting me?"

Benthorne did not answer. His head was still above the level of the desk. If he could fall forward, suddenly, he might beat the shot, reach his own gun. One more second—

Flame spouted from that black circle as Arnold Benthorne took his last chance.

Mississippi Town Moves To New Site

VIDALIA, La., Nov. 15 (AP)—"Moving day" has ended for the 1,500 resident of Vidalia, the oldest town on the west bank of the Mississippi river.

This historic Concordia Parish seat, which has been inhabited since 1802 and which for many years was an important shipping center when the Mississippi was the nation's most essential traffic artery, now rests on dry ground six blocks from the river.

The Work Projects Administration today announced it had completed the streets, sidewalks and drainage facilities in Vidalia's new townsite, leaving as its only project the extension of the town's water system.

The rebuilding of Vidalia was made necessary after U. S. engineers dredged out the famous Vidalia sand bar, cut through Gille's bend and bent the racing current against the town's protection levee. These currents so undermined the levee that the town was in danger.

WAKE UP YOUR LIVER BILE—

Without Cane!—And You'll Jump Out of Bed in the Morning!—

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You feel constipated. Your whole system is poisoned and you feel sour, weak and the world looks pink.

A sure bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Refuse anything else. At all drug stores, 10¢ and 25¢.

API Picks Chicago For Annual Meeting

CHICAGO, Nov. 15 (AP)—Directors of the American Petroleum Institute last night chose Chicago for the 21st annual meeting next November and selected Fort Worth, Tex., for the 1940 midyear meeting in May.

They passed a resolution calling

for appointment of an institute committee to conduct a census of oil wells in the United States.

The Petroleum Equipment Suppliers association elected E. S. Dulin of Los Angeles president; and E. W. Gildart of Beaumont, Tex., vice president. Wharton Weems of Houston, Tex., was reelected executive secretary and counsel.
