Mexico Seethes On Eve Of Bloody Election FRENCH SHIPS SUNK, ITALIAN NAVY BOMBED

Mexico City Troops Kill Newsboy

Cardenas Party Says There Will Be No Revolution

MEXICO CITY, July 6 (AP)—The killing of one newsboy and critical wounding of another in a pre-election street riot late today brought a warning from the newspaper Ultimas Noticias of a "savagely repressed tomorrow" when Mexico's estimated 3,000,000 voters vote for a new president.

While government officials insisted "there can be no revolution," the camps of the rival candidates predicted widespread bloodshed and Ultimas Noticias asked: "If this (the shooting) took place in the vicinity of half a dozen newspapers and news agencies, what would happen in regions beyond the frontiers of civilization?"

The riot occurred when 200 newsboys, supporters of the anti-administration candidate, Gen. Juan Andres Almazan, demonstrated in front of the headquarters of the marine department workers, who, with Mexico's other unions, are backing the administration candidate, Gen. Manuel Avila Camacho.

In addition to the one death, three boys were injured, one so severely he was expected to die. Police tonight imprisoned 10 union members, after rescuing other occupants of the building from the angry boys.

Substantially the entire army of 52,000 was kept to barracks and police were on the alert.

See MEXICO, Page 6

Almazanistas Intimidated, Claims Leader

NOGALES, Sonora, Mex., July 6 (AP)—An election eve tension settled over the state of Sonora tonight amid reports from the capital, Hermosillo, that gunmen had been seen loose to intimidate followers of Gen. Juan Almazan, anti-administration presidential candidate.

Gen. Graciano Borquez, an Almazan leader and a revolutionary figure in 1929, charged that polls for tomorrow's national election had been seized in Hermosillo. Almazan followers have been arrested in violation of the constitution, he claimed.

The polls, he said, had been turned over to supporters of Gen. Manuel Avila Camacho, Almazan's rival, who is backed by President Lázaro Cardenas and is the candidate of the PRM (Mexican revolutionary party).

The Nogales, Ariz., Herald received similar reports from Navajo, Ciudad Bregon, Guaymas and Empalme.

Army and civil officials, meanwhile, took every precaution against possible violence tonight and tomorrow.

Border ports at Nogales, Naco and Agua Prieta were closed by customs officials on orders from Mexico City.

Bars were closed last midnight at Nogales and similar actions were in prospect tonight at Naco and Agua Prieta.

Police were disarmed at Nogales and Gen. Carlos Rodríguez Malpica, commander of the Military garrison, said he was prepared to order out troops, if necessary, to maintain order.

Authorities estimated that 40,000 ballots would be cast in Sonora tomorrow.

Texans Decide Not To Form Permanent Willkie Club Now

DALLAS, July 6 (AP)—Eighty Texas Democrats and Republicans at a meeting today decided not to form a permanent non-partisan Willkie For President club until after the Democratic election in Chicago.

Monroe Doctrine For Europe, Asia Urged

By DOUGLAS E. CORNELL

HYDE PARK, N. Y., July 6 (AP)—President Roosevelt suggested today that Europe and Asia apply the principles of the Monroe doctrine as a means of reaching agreement on the disposition of possessions of conquered nations.

He took the position that European, Asiatic and American nations should get together in their respective spheres and settle problems involving territorial possessions among themselves, instead of allowing a conquering power to make the decisions.

The president relayed his views to reporters through his secretary, Stephen Early, following a 30-minute talk with Secretary Hull last night on the implications of the exchange of notes, involving the interpretation of the Monroe Doctrine, between Germany and the United States.

Backing up Hull's pronouncement that the United States would continue to enforce the doctrine, Mr. Roosevelt let it be known through Early that should Germany lay claim to any French, British or Dutch possessions in this hemisphere, the United States would make no effort to take them over.

Rather, all the American nations would be asked to decide whether they should be placed under a mantle.

See MONROE, Page 6

Carolina Senator Talks For Willkie

WASHINGTON, July 6 (AP)—Sen. D. Smith, veteran South Carolina Democrat, predicted today that "millions of real Democrats" would be attracted to Wendell Willkie.

"I'm a real Democrat and I'm tired of my party being led by this so-called New Deal," Smith told reporters.

"Willkie stole my slogan," he added. "Like me, he didn't leave the Democratic party, the party left him."

Another Senate veteran, Senator George W. Norris (Ind.-Neb.), loyal supporter of President Roosevelt, said in an interview he was certain that the Chief Executive did not want a third term, "but I can't see how he can avoid it."

King Haakon Refuses To Give Up Throne

STOCKHOLM, July 6 (AP)—King Haakon of Norway, a refugee in England since his kingdom capitulated to Germany, was reported here tonight to have refused to abdicate.

The Norwegian administration in Oslo, however, apparently anxious to set up a permanent government under German occupation was reported to be negotiating for a new pro-German regime without the king.

Absentee Votes Can Be Cast Here Today

Political fireworks, the biennial display in which Texans are always keenly interested, start here in the 1940 show, with today being the first day on which voters can cast absentee ballots.

Even though it is Sunday, County Clerk Charles Thut said his office would be available for all those who wish to cast absentee votes. Persons desiring to vote can reach the county clerk by telephone at his residence here.

BOMB KILLS TWO NEW YORK POLICEMEN

Two New York policemen, one of whose sheet-covered bodies is shown in this picture, became the victims of an attempt to blow up the British pavilion at the World's Fair when a bomb was carried out of the building a short time before it exploded. The force of the explosion, which wrecked a fence and tore a huge hole in the ground, is demonstrated by the shoe, a short distance from the body, which was blown off the bomb victim's foot.

Generals Will Urge Compulsory Training

WASHINGTON, July 6 (AP)—The war department has decided to urge compulsory military training. It was authoritatively reported today, but will recommend changes in legislation now pending in Congress.

The army high command is to give its opinions to a senate committee next Tuesday and at that time, authoritative sources said, will approve in principle the Burke-Wadsworth bill providing for registration and selective training of all men from 18 to 65.

One change, it is understood, will be a suggestion that those in training receive \$21 a month—the initial pay of volunteer professional soldiers—rather than a nominal stipend of \$5 a month or so.

Word of the high command's attitude on this major armament issue shared attention among defense developments with reports that the navy was organizing a sea-going version of Germany's hard-hitting "Panzer" divisions.

Congressional sources said the nucleus of this division would be three merchant ships for which the navy is negotiating with the Maritime Commission, to be used as marine troop ships.

The plan is, informed legislators said, to keep these ships fully equipped with tanks, artillery and other armament at all times—"like a fire engine," one congressman put it so that they could sail just as soon as the marines could be marched aboard. The time usually consumed.

Will Russia Grab Dardanelles Soon?

BUDAPEST, July 6 (AP)—Reports of continued Russian troop movements in Bessarabia and along the Persian frontier reached Balkan capitals tonight, leading military circles to wonder if Russia is considering an eventual drive on the Dardanelles, with a diverting move from Persia.

Hungarian reports said engineers of the red army have been hurriedly converting Rumania's former Bessarabian railroads to the wider Russian gauge in order to facilitate troop transport southward.

This followed a report in Belgrade diplomatic circles that the Rumanian Black Sea port of Constantia is being prepared against possible sea attacks, with units of the small Rumanian navy on patrol duty.

Four Members Of Religious Sect Beaten At Newport

NEWTON, July 6 (AP)—An angry crowd of men today took four members of a religious sect from the automobile of Sheriff Ebb Burgess and beat them.

Alexandria Fleet Will Demobilize

(By The Associated Press)

The British struck again yesterday (Saturday) in their new-found spirit of aggressiveness, punishing the remnants still at large of the French fleet, bombing a French battleship already stricken, and hammering from the air at Italy's sea power.

Both navy and air force were at work. Two of France's remaining warships were sunk. Commanders of the French warships at Alexandria, Egypt, under the guns of British ships and shore batteries, were reported to have agreed to demobilize their vessels, apparently not caring to fight either for or against Britain.

Attempt To Blow Up Ethyl Plant Foiled

(By The Associated Press)

BATON ROUGE, La., July 6—Extraordinary emergency regulations so rigid that company employees said "Franklin Roosevelt himself won't be able to get in here without a special pass" were put into effect today at the \$28,000,000 DuPont-Ethyl manufacturing plant following a dynamite scare.

FBI agents and state and county police joined in the hunt for three men who reportedly fled upon discovery last night, leaving four sticks of dynamite inside the plant fence under which they had burrowed.

Officers late today were uncertain whether the attempt was the crude work of some "sorehead," as Sheriff Newman DeBretton put it, or an effort to sabotage the huge plant here, vital in national defense as the source of a third of all the tetraethyl fluid used in the highest grade gasoline consumed in the United States.

The DuPont company of Delaware does not own the plant but operates it for the Ethyl Gasoline corporation of New York. Adjacent to it lies one of the nation's largest oil refineries, operated by the Standard Oil company, where much South American petroleum is refined.

Discovery of the attempt followed an anonymous telephone call to a night watchman from a man who said that while hunting frogs late last night, he discovered three men attempting to invade the plant. The watchman investigated and found the huge dynamite on which finger prints were found.

Sheriff DeBretton said he was tracing the unknown caller. Stringent precautions taken at the plant included admittance of no one without special numbered identification discs, automobiles and even lunch boxes were being searched.

Huge tanks of tetraethyl lead, an ingredient of airplane fuel, were near the place where the dynamite was found. Three months ago an unexplained explosion in one of the buildings there killed three workers, injuring others. Precautions were tightened then, inasmuch as Baton Rouge is a river port, visited by numerous foreign seamen.

Civilians Killed In German Raids

LONDON, July 7 (Sunday) (AP)—German planes flew in relays over a northeastern area of England today after an unbroken series of raids in which hundreds of civilians had been killed in two German air raids late yesterday.

Several of the latest wave of raiders were spotted by searchlights, and anti-aircraft fire drove them back seaward.

In yesterday's raid, three persons were killed in an attack in southwestern England and a joint communiqué of the air and home security ministries also said: "Enemy aircraft crossed the south coast late this afternoon and dropped some bombs. Casualties were small in number but included a few persons killed."

Work Authorized On Wheeler, Lipscomb County Highways

The Texas highway commission today ordered work started on 18 road improvement projects and announced it would open bids on 21 more July 21.

Engineers estimated the projects on which low bidders would be determined later this month would cost approximately \$1,800,000.

The projects on which work was authorized included: Lipscomb, increased appropriation to \$37,500 for improvement of highway 117 for the Ochiltree county line 2.6 miles east.

Wheeler, Collingsworth and Motley, appropriated \$16,133 to provide stabilized shoulders on U. S. highway 83 from 10.5 miles north to Wheeler city limits, from 2.5 miles north to Little and from the south end of the bridge over Salt Fork of Red River to Wellington south city limits and on highway 18 from the Hall county line south 3 miles.

Elect S. R. Lenny, State Superintendent of Public Instruction, Political Adv.

Attempt To Blow Up Ethyl Plant Foiled

(By The Associated Press)

The French temporarily freed by Germany and Italy from their obligations to disarm in the Mediterranean, prepared to defend from their bases what navy is left. That they were doing so was indicated that two British planes attacking French naval units in the Mediterranean failed to return.

The 1,969-ton gunboat Rigault de Genouilly was torpedoed, the French said, and the Goueyon destroyer Prondreux was sunk by two British cruisers off the island of Crete.

The British returned to the attack on the 26,500-ton French battleship Dunkerque—already grounded and put out of action in the engagement off Oran, Algeria, last Wednesday which signaled the opening of the British campaign to sink French war vessels refusing to surrender.

The admiralty announced that warplanes had scored six hits on the Dunkerque, the intention apparently being to make certain beyond any possibility of doubt that the vessel was out of action for good.

British planes bombed Italian warships in the harbor at Tobruk, Libya, while other planes attacked and airdrome at Cantania in Sicily. Hangars and workshops were reported destroyed and a number of the largest oil refineries, operated by the Standard Oil company, where much South American petroleum is refined.

Discovery of the attempt followed an anonymous telephone call to a night watchman from a man who said that while hunting frogs late last night, he discovered three men attempting to invade the plant. The watchman investigated and found the huge dynamite on which finger prints were found.

Sheriff DeBretton said he was tracing the unknown caller. Stringent precautions taken at the plant included admittance of no one without special numbered identification discs, automobiles and even lunch boxes were being searched.

Huge tanks of tetraethyl lead, an ingredient of airplane fuel, were near the place where the dynamite was found. Three months ago an unexplained explosion in one of the buildings there killed three workers, injuring others. Precautions were tightened then, inasmuch as Baton Rouge is a river port, visited by numerous foreign seamen.

Several of the latest wave of raiders were spotted by searchlights, and anti-aircraft fire drove them back seaward.

In yesterday's raid, three persons were killed in an attack in southwestern England and a joint communiqué of the air and home security ministries also said: "Enemy aircraft crossed the south coast late this afternoon and dropped some bombs. Power Of Red

The belief that bulls become infuriated when they see red is a myth, says an American psychologist. After investigation it was found that nearly all cattle were practically color blind and it is the brightness of the hue in motion rather than a particular color that makes a bull. Pampa News Wants Ads need no color to bring results for it is their simple manner but powerful action that makes them stand out, and that is why hundreds of satisfied users use the want ads regularly. Turn to the classified page now and see the many money-saving and necessary items offered there.

Mainly About People

Phillips employees will hold a dance at 9 o'clock Friday night at the Southern club. The dance is open to the public as well as Phillips employees. Music will be by Ken Bennett and his orchestra.

A marriage license was issued here Saturday to Albert Smith and Miss Olga Cox. On Friday, a license was granted to Jimmie Boyce and Leona Bowling.

Pampa firemen made a run at 5:30 Friday afternoon to 813 E. Francis, where trash in a garage had caught fire. The blaze was put out in 15 minutes. Only the booster was used, hose not being needed. Damage was slight, Fire Chief Ben White said.

Regular meeting of the board of the Pampa Independent School district will be held at 2 o'clock tomorrow afternoon.

County commissioners are to hold their regular meeting Monday.

Regular meeting of the city commission will be held at 2:30 o'clock Tuesday afternoon.

Word has been received that Misses Margaret and Beryl Tignor, daughters of Mr. and Mrs. C. A. Tignor, are among the best 494 out of 5,490 students at the University of Texas who made the honor roll magna cum laude for the last semester. Both will enroll as seniors at the University this fall.

County Farm Agent Ralph R. Thomas left Friday to attend the annual Texas A. & M. Farmers Short course, to be held at the A. & M. College of Texas, College Station, during this week. Mr. Thomas intends to return to Pampa Friday.

Veterans of Foreign War auxiliary will meet at 8 o'clock Tuesday night at the Legion hall. Hostesses for the evening will be Mrs. Ann Potter De Myer and Mrs. Fred Pender.

Clyde Organ and Kenneth Kyle left Friday to visit with relatives in Salem, Illinois. They plan to attend the All-Star basketball game at Sportsman Field in St. Louis on Tuesday.

Master Sergeant and Mrs. O. L. Allen and daughter of the Army and Navy hospital at Hot Springs, Arkansas, are guests of Mr. and Mrs. Roy Holt.

Dr. and Mrs. R. M. Johnson and son, Bobby, are vacationing in Arkansas and Missouri. They will be gone for two weeks.

Mr. and Mrs. E. E. McNutt, Bill McNutt, and Miss Barbara Sampson spent Thursday in Canadian with Mr. and Mrs. O. W. Sportsman and family. The day was spent in boating and picnicking at Lake Marvin.

Mrs. Bill Hoskew left Saturday morning for Chicago to complete her post graduate work in interior decorating. She will be gone a month.

Air-Conditioned for your comfort, Charles St. Beauty Shop, Phone 160 for appointment—Adv.

Mrs. Dick Sullins returned home this week after a month's visit with her parents, Mr. and Mrs. O. R. Moseley, of Corpus Christi.

Mrs. S. M. Tiller of Broken Bow, Oklahoma, is visiting with her daughter, Mrs. Jimmie Davis, and family.

Mr. and Mrs. Phil Calder left Saturday for St. Louis, Missouri, where they will spend a few days with Mr. Calder's sister before going to Chicago where Mrs. Calder will take a post graduate course in cosmetology. They will visit with friends in Iowa and Nebraska en route home.

Cecil Gant, a former Pampa, is receiving medical treatment in an Oklahoma City hospital following a heart attack. His condition is improved.

Mrs. Eva Russell left Saturday morning for Denver to visit with her son, Jack Russell.

Pampa's lone "cannon," an Austrian howitzer, relic of World War I, is reconditioned for "war service." The gun, mounted in front of the north entrance to the city hall, has been given a coat of aluminum paint.

Gray county finances for the period April 1-June 30, 1940, showed a \$4,000 increase in receipts over disbursements, according to the quarterly report of County Auditor R. C. Wilson, dated July 3. April 1 balance was \$143,426.78; June 30, \$147,559.41. Receipts over the period were \$84,454.32, disbursements, \$80,321.69.

Letters were mailed yesterday by the city to property owners with weed-filled vacant lots, notifying them that unless the weeds were cut within a 10-day period, the city would cut the weeds itself and attach a lien against the property for payment.

Grasshopper poison was spread Saturday in draws on city property and in city parks. The compound was obtained from the station located at the county warehouse. As the station has an abundant supply of materials, there was no charge to the city for the poison. The same applies to others receiving the compound. Suggestion that the city avail itself of the 'hopper poison was made by County Farm Agent Ralph R. Thomas.

(Black Diamond) melons 1 1/2 lb. Long's Ser. Sta., Amarillo Highway.

Helen Ann Kiser is visiting with her grandparents in Kansas City, Kansas.

Mr. and Mrs. Carl Anderson and daughter, Barbara, have returned from California and Colorado where they have been visiting with relatives.

Harriett Kribbs is visiting with her grandparents in Bristow, Oklahoma.

Fifth Column Hounds? BATON ROUGE, La., July 6 (AP)—Sheriff Newman De Bretton's bloodhounds were called on last night to pick up the trail of three men suspected of dropping sticks of dynamite near the DuPont-Ethyl plant here. Instead of baying loudly off on the trail in the approved fashion, one was busy having puppies and the other picked up a scent, detoured briefly, then made a bee line for a hamburger stand.

Another Newscast Period Added To KPDN's Full Coverage Service

Addition of a five-minute newscast to be heard at 9:15 a. m. Monday through Friday, and one change in its British news broadcast service were announced by Radio Station KPDN last night.

The new broadcast will be devoted to early news bulletins received on the Associated Press news wire. It will go on the air Monday morning.

Effective today the final daily short wave broadcast from London will be heard at 8:30 p. m. instead of at 8:45. Other foreign news periods will remain as they are.

The added service gives KPDN a total of 13 newscasts daily, five days weekly. Four originate locally, three are from WKY, Oklahoma City, and six are direct from London, by short wave.

The revised schedule gives listeners important news bulletins between the 7:15 and 10:45 a. m. broadcasts; a period that has had no scheduled news heretofore.

Saturday's schedule lists only two local news broadcasts; at 10:45 a. m. and 5:45 p. m. The WKY and BBC schedules remain as they are. On Sunday only the British news broadcasts are carried.

The revised news schedule follows:

7:15 a. m.—WKY
9:15 a. m.—Local Studio
10:00 a. m.—BBC from London
10:45 a. m.—Local Studio
11:15 a. m.—WKY
12:30 p. m.—Tex DeWeese
2:50 p. m.—BBC from London
3:45 p. m.—BBC from London
4:30 p. m.—WKY
5:45 p. m.—Tex DeWeese
6:30 p. m.—BBC from London
7:00 p. m.—BBC from London
8:30 p. m.—BBC from London.

Sumners Thrills 2,000 Lawyers At State Bar Meet

PORT WORTH, July 6 (AP)—The 59-year old Texas Bar association passed into history tonight and the new state bar of Texas rose to take its place as more than 2,000 lawyers brought their three day convention here to a close with a banquet.

A series of talks calling the lawyers to new responsibilities during the present world crisis was climaxed during the afternoon by an address by Congressman Hutton Sumners.

"The problems of this hour have not come to give us a great president or a great congress, but a great people," Sumners declared. "This is a high peak of history, one of those rare times when people and governments stand at the judgment seat."

"This will be the greatest generation which ever stood on this earth or else we shall sink into oblivion for ages. The hope of the ages is centered on you people to see that men shall remain free as God intended they should."

Sumners, who spoke with deep emotion, was accorded a two minute standing ovation at the close of his remarks.

Earlier, the lawyers had assembled in five separate luncheon groups. More than 250 members of the University of Texas law school association gathered to form, as Judge J. C. Hutcheson Jr., of Houston, president, termed it, an "effective, vigorous group" to aid the school.

They cheered when Charles McCormick, who will become dean of the law school next fall, told them President Homer P. Rainey and the regents had approved plans for a new law building to replace the present structure, more than thirty years old.

The Douglas B-19, now being built for the army, will have four motors, have a wing span of more than 210 feet, weigh 42 tons empty, and have a 6000-mile range.

Oil Allowable For Texas Increases

AUSTIN, July 6 (AP)—Texas net daily allowable oil production the past week was 1,235,949 barrels, an increase of 75,161 barrels a day, over last week, railroad commission engineers reported today.

The increase, officials said, was due largely to boosted permissible production in the East Texas field which was returned to an old allowable schedule and had its shut-down days reduced from 14 to 7 per month by orders of the commission.

Engineers pointed out, however, that this week's average daily allowable was 103,451 barrels under the U. S. Bureau of Mines estimated demand and that if underproduction were subtracted, the state's production actually was 140,529 barrels daily below the federal estimate.

Production was cut by another 80,000 barrels average daily by the commission's order yesterday imposing two additional state-wide shut-

down days per month in July and August, bringing the number of production-less days to seven each month.

Engineers reported 114 wells drilled this week, making 4,607 new wells this year and boosting the state's total to 92,823. Fifty-four wells were plugged during the week, bringing the total for the year to 1,817.

Arms Seized And Saloons Closed In Lusty Nuevo Laredo

LAREDO, Tex., July 6—(AP)—Officials of Nuevo Laredo, Lusty border town just across the Rio Grande, today took precautions to prevent violence during tomorrow's Mexican presidential election.

All civilians were disarmed and a thorough search made of homes and other places where arms and ammunition might be concealed.

In common with all of Mexico, cantinas were under lock and key.

All Night Search Ends Under Bed

SANTA FE, N. M., July 6 (AP)—Police were called to search for 10-year old Ellen Nolan when her father reported she had "disappeared."

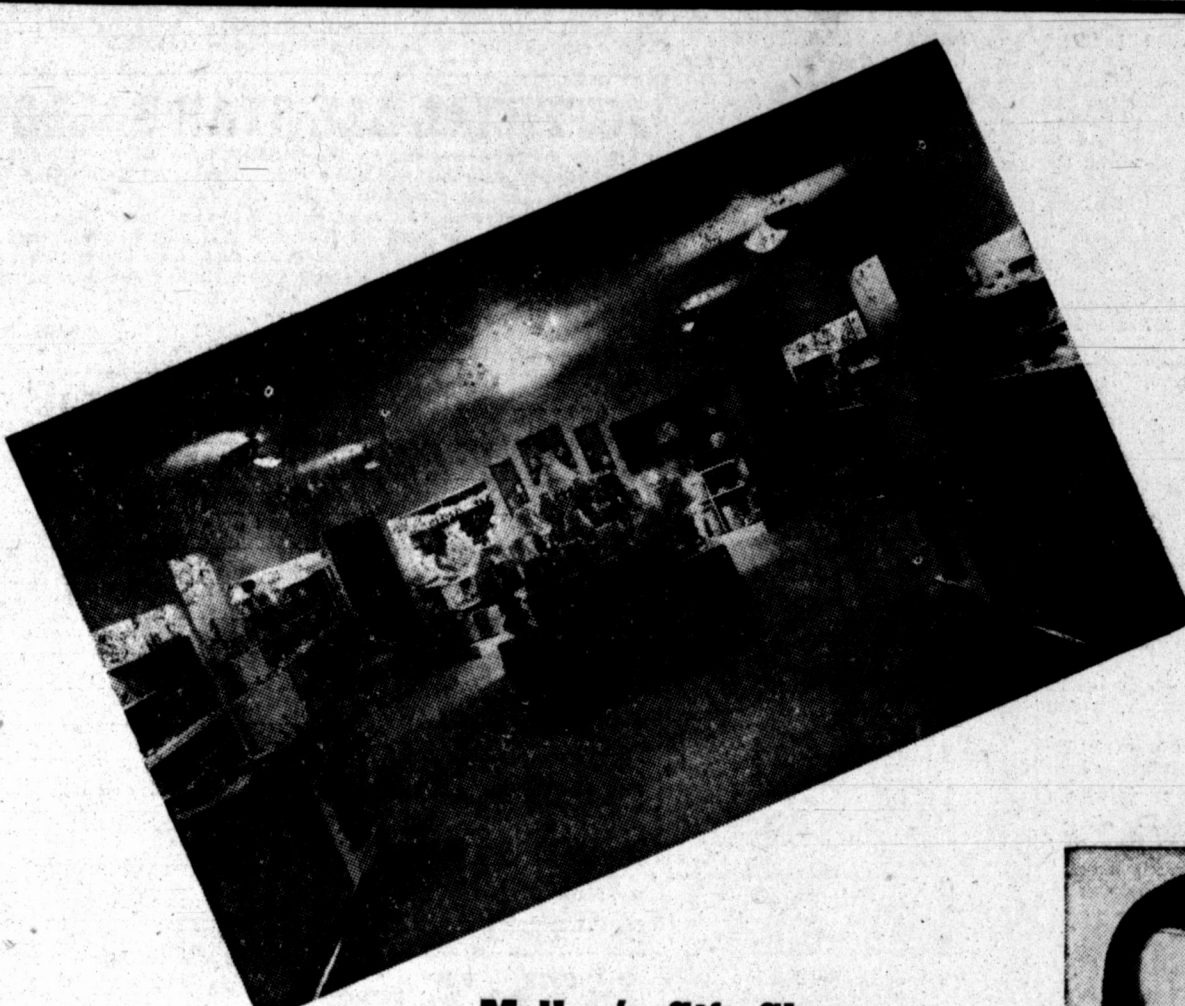

Officers scoured the area around the Nolan residence throughout the night.

Dawn was breaking when some one thought to look under Ellen's bed.

There she was, sleeping peacefully.

A novel lightplane engine start-cr, recently developed, enables the pilot to spin the motor from his seat by pulling a handle which operates a ratchet device behind the propeller.

Oilers Will Play Doubleheader Here Today

Oilers Win First Battle Of Series 7-6

Lubbock's mighty Hubbers, the team that has jumped from last to third place in the West Texas-New Mexico league in a month, will here today play a doubleheader with the Pampa Oilers Sunday afternoon. The first game will be called promptly at 2:30 o'clock. The second game will be seven innings by agreement.

The doubleheader is not on the schedule but the second game is to make up one rained out on the last appearance of the Hubbers here.

Manager Charlie Engle of the Hubbers has always had a hitting team but his pitching early in the season was weak. Now he has both hitting and pitching. The Hubbers have won their last seven games by wide margins.

The Pampa Oilers of Manager Grover Seitz returned yesterday from a not too successful road trip and they hope to pick up a few games while on the home lot.

Manager Jodie Tate and his Lamesa Oilers, who took a pair from the Oilers last week in Lamesa, will be here Monday, Tuesday and Wednesday nights. They will be followed by the Clovis Pioneers Thursday and Friday nights after which the Oilers will take off on another road trip with Odessa the first stop.

2 Stores Have Soap Box Derby Displays In Windows

Pampa boys got a new thrill yesterday when two stores had Soap Box Derby displays in their windows.

At the Thompson Hardware company was shown the racer in which Hugh Blevins Jr. competed last year in the national finals at Akron, Ohio.

Also in the exhibit were steel racing helmets, a T-shirt, photograph of the champions banquet at Akron, two pictures of Clifford Hardesty, 1939 All-American Soap Box winner, and a picture of Tex DeWesse, Frank Culbertson, and young Blevins.

One picture showed the start of the heat in which Blevins competed. All of the pictures were taken last year in the 1939 event.

Local Prizes Displayed

McCarley's Jewelry store had on display the six medals, the M. E. Coyle trophy to be presented to the local champion, and a fountain pen and pencil sets. All of these are to be awarded in the derby to be held here July 18-19.

Winner of the local derby will compete in the finals at Akron, on August 11. His expenses on the trip

will be paid, and he will have a chance to obtain a four-year university scholarship offered as the grand prize in the national event.

Each of the boys entered in the local derby will receive a racing helmet and a T-shirt. The shirts are inscribed with the official Soap Box Derby emblem and "The Pampa News," co-sponsor with the Pampa Lions club of the local derby.

Unique Setting At New York

More than 125 United States cities will hold local races this summer in the Soap Box Derby. The largest number ever to participate in the derby.

In New York, the derby will highlight Children's day at the New York World's fair, July 24.

The New York race which is co-sponsored by Chevrolet Motor division and the New York Post, will draw approximately 600 entrants from the five boroughs of the city. The race will be held in the court of peace, in the main which leads toward the tryon and persiphere, theme center of the fair.

Steel Ramp Built

A special ramp, built by Safeway Steel scaffolds, of New York will be constructed for the event. The

course, 800 feet long, will run diagonally across the court of peace, with the finish line in front of the U. S. Federal building, where a special grandstand will be erected. The ramp itself will be 200 feet long, 25 feet high, and 30 feet wide, divided into three lanes. A 100-foot landing ramp, set at right angles to the starting platform, will be used to bring the racers to the start.

Thousands of spectators can be accommodated easily in the vast court of peace area, which will be appropriately decorated for this unique juvenile event.

With the running of the New York race in the World of Tomorrow, the derby rounds out participation in both major exhibitions, for the San Francisco race again will be held on Treasure Island, the event will be staged on Nanking road within the exposition grounds. The course will utilize a wooden ramp 25 feet high, 144 feet long, and 30 feet wide. Thousands of exposition visitors last year acclaimed the race as one of the highlights of the Golden Gate display, and an even greater crowd is expected July 28 for the 1940 derby.

Oilers Lose 13 To 8 Game To Pioneers

Richard Patterson and John McPartland couldn't do anything with a bunch of Clovis Pioneers who went slug happy Friday night and the Pampa Oilers lost 13 to 8 in Clovis. Wagner led the Clovis assault with four bingles on five trips to the plate.

Lloyd Summers paced the Oilers with three hits, all singles, while Prather and Clutter hit doubles as the Oilers got to Shirley and Manager Taylor for 11 hits.

The Oilers got six runs off Shirley in the first two innings but Patterson yielded five in the first and three more in the fourth. McPartland relieved but was nicked for four by the fifth before he could warm up.

The Pioneers bombarded Patterson and McPartland for 17 hits which included a homer by Taylor. Patterson was the losing pitcher. He was his sixth loss against no wins since he came to the league with Big Spring and later went to Borger.

Oiler Fans Urged To Fill Out All Star Game Ballots

Pampa baseball fans are letting from the grandstand instead of three teams in the north half of the field. Now is the time to fill out the West Texas-New Mexico Baseball ballot and send them in. To be league today by not filling out the ballot means you are not supporting the official All Star Game ballot found daily on the sports page of the north — Pampa, Amarillo, Borger and Clovis — against the south. The players securing the most votes will be selected.

Tuesday midnight is the deadline to have ballots in the mail. Up to yesterday less than 50 Pampa fans had filled out the blank manager providing he is a non-playing pitcher. Four players, exclusive of the ball fans had filled out the ballot. The players receiving the greatest number of votes for each position the night of July 20 in Amarillo will be elected.

Os' Vitt Voices His Superstitions

By RAY BLOSSER

CLEVELAND, July 6 (AP)—"Os' Vitt trundled out of the Cleveland Indians' wigwam today with his book of superstitions and opined: "It was a 'good omen, all right,' for the Tribe to lead the American league at the season's halfway mark."

"The Detroit Tigers are his biggest worry in trying to pilot Cleveland to its first pennant in 20 years; and

"It's a good omen to be in first place July 4 and I'm not ashamed to admit that."

"I believe in almost every superstition in the book. When I see a white butterfly, I just know that means good luck, that we're going to win. But that black butterfly—how I hate to see that one come around!"

"When a lady bug lights on me, I know they're going to win, and 90 per cent of the time it comes out just as I thought."

"Why, I've seen a guy eat white fish at noon," continued Oscar. "He'd win that afternoon, and decide it was the white fish. And he'd order white fish for a month with-out stopping."

And how, sir, about that pennant race?

"The club I really fear more than any is Detroit. If Gehring and Bartell can hold up all year they're going to be pretty tough. They have plenty of power and good pitching."

OFFICIAL ALL STAR BALLOT

Below are my selections for the NORTH team for the West Texas-New Mexico Baseball league's second annual All Star game to be played in Amarillo the night of July 20.

Fill out, sign, and take, send or mail to the Sports Department of the Pampa News or mail to Tom Miller, Lubbock Avianchee-Four club, Lubbock, Texas. Vote for not more than four players from each club (Pampa, Borger, Amarillo and Clovis) unless one is a non-playing manager.

Lefty Rex Dilbeck won his 14th game of the season for the Pampa Oilers last night although nipped for 15 bunts including a home run, triple and three doubles, when the Oilers beat the Lubbock Hubbers 7 to 6 in a thriller. Big Dutch Prather gave Dilbeck his victory when he hit over the center-field fence in the seventh.

Dilbeck was anything but right excepting in control and he didn't walk a single man. He fanned only one after whiffing 16 in Lamesa when he lost a game to the Oilers.

It was the timber-wielding of Prather, Summers and Jordan that kept the Oilers in the ball game. Prather hit a single, double and home run on his four times at the plate. Summers and Jordan bagged three hits each.

Lubbock drew first blood when Schlereth opened the second with a home run. The Oilers came back with a brace in the second, another pair in the third and two in the fourth but Lubbock added two in the fourth and three in the fifth when the Oiler defense cracked momentarily. Malvica started it off with an error and Summers threw a ball into the outfield.

But Prather broke up the ball

Knobles, Prather Hitting Stars Of Oilers Last Week

Bob Knobles, left fielder, and Dutch Prather, first baseman, were the hitting stars of the Pampa Oilers last week although Lloyd Summers, catcher, continued to hold his batting lead with 376 and Manager Grover Seitz, center fielder, was still a close second with 368.

Knobles blasted out 16 hits, six of them doubles, on the road trip which ended Friday night to hike his average from .290 to .315. Big Prather bagged 11 hits including four home runs, a triple and four doubles, which was good enough to hold his average of .342. He drove in 16 runs to hike his record to 70 or enough to pass both Seitz and Summers in that department.

Rex Dilbeck, although the victim of errors which lost him an 11-inning game, still leads the entire league with 13 wins against 10 losses. Gus Hellbroun, his teammate, won a game on the road to hike his record to 12 wins against four losses.

Although there is no split season this year, batting averages for the first half are being prepared and will be released sometime this week, according to word from Miller of Lubbock, league statistician.

Oiler hitting averages, through Friday night, (unofficial) follow:

Player and Pos	AB	R	H	HR	RBI	Aver.
Summers c	277	64	104	19	7	.366
Prather 1b	225	56	77	19	10	.376
Malvica ss	347	88	116	18	6	.334
Knobles lf	149	34	43	9	4	.315
Clutter 2b	129	29	39	5	2	.302
Prather rf	227	52	59	7	7	.266

Pitching records, through Friday night, (unofficial) follow:

Player	W	L	Pct.
Bob Dilbeck	13	4	.765
Gus Hellbroun	12	4	.750
John McPartland	11	9	.556
John McPartland	10	4	.714
Richard Patterson	12	6	.667

Baseball In The WT-NM League

Baseball in the West Texas-New Mexico League is in full swing. The season is well advanced and the teams are competing hard for the championship.

The Oilers are currently leading the league in batting averages, while the Hubbers are leading in wins. The game is expected to be exciting throughout the season.

Skating To Be Added Thursday In Play Program

A new sport will be added to Pampa's summer recreation program Thursday night when free outdoor skating will be started.

The 500 block on N. West street will be roped off from traffic and skating will be held from 7:30 to 9:30 o'clock. Music will be furnished over a public address system. The Rev. Robert Boshen, pastor of the Presbyterian church, will be guest conductor.

Skating will be held weekly each Thursday night throughout the summer, concluding on September 2.

KPDN To Give Broadcast Of All-Star Game

Pampa sports fans will be offered a play-by-play broadcast of the National-American league All-Star game to be played in St. Louis July 9.

Beginning at 1:30 p. m. radio station KPDN will carry a full description of the game. The account will be received over the telegraph tickers that ordinarily brings the daily baseball scores to the station during the afternoon and evening.

The game, on that day, will replace the regular schedule of play in the major leagues. The game will be played at Sportsman's park, in St. Louis, with picked teams from both leagues competing.

Tether Ball Leads In Play Program

The summer tether ball ladder tournament leads in interest in the summer play program, with Charlie Huffines, Dick Asher, and Herman Bybee, placing first, second, and third, respectively.

This is the first week that a girl has failed to be among the three leaders.

Due to many boys leaving town on the Fourth, the scheduled hardball game between Woodrow Wilson and Baker schools was cancelled.

In the singles pyramid croquet tournament at Horace Mann, Louise Standish leads, followed by Tracy Cary and Louis Gene Fagan.

Baseball In The WT-NM League

Baseball in the West Texas-New Mexico League is in full swing. The season is well advanced and the teams are competing hard for the championship.

The Oilers are currently leading the league in batting averages, while the Hubbers are leading in wins. The game is expected to be exciting throughout the season.

Farley Will Head Yanks, Says Times

NEW YORK, July 6 (AP)—The New York Times says that Postmaster James A. Farley will retire from national politics shortly after the Democratic National convention to become the head of the New York Yankees baseball team and its affiliated clubs.

Farley will not accept re-election as chairman of the Democratic National committee and also will resign soon as postmaster general, the newspaper says.

Former Governor James M. Cox of Ohio was named as Farley's principal backer in a projected purchase of the Yankee baseball empire from the estate of the late Jacob Rupert. The newspaper said the price was said to be between \$3,500,000 and \$4,000,000.

The Times said it had "definite knowledge" of Farley's intention to retire from leadership of his party and forego the running of another national campaign. The information did not come directly from the cabinet member, the paper added.

(A spokesman for the Jacob Rupert estate said today no person in a position to buy the Yankee club ever had sat down and talked business with him.)

Farley himself, who returned today from Chicago, was not available for comment.

Kiefer Breaks Swimming Record

SANTA BARBARA, Calif., July 6 (AP)—Adolf Kiefer of Chicago went on a record breaking rampage today, bettering four marks in one race, as he swam to an easy victory in the 110-yard backstroke event in the national A. A. U. men's outdoor swimming and diving championships.

Kiefer swam the 110-yard in one minute, 55.16 seconds. Two days ago he established the record over this distance at one minute 58.10 seconds.

He was officially clocked at the 100 yard mark at 58.10 seconds. His American record, set in 1939 at Columbus, Ohio, was 58.10 seconds for a short course. The world's long course record, set by Al Vandeweyer in 1935, was one minute, 2 seconds. Kiefer's time for the 100 meters today was one minute, 47.10 seconds. He held the world's record for 100 meters at one minute 48.10 seconds. It was made in a short pool at Detroit in 1936.

Red Horses Will Play Collegians At Miami Today

Magnolia Red Horses will meet at 1 o'clock this afternoon on the Magnolia diamond at the end of E. Foster street to report for the trip to Miami. Manager Bob Bailey said Saturday.

Hedy Lamarr And Markey Separate

HOLLYWOOD, July 6.—(AP)—Incompatibility, the bane of many film colony marriages, triumphed again today in the separation of Hedy Lamarr, glamorous, brunette actress, and producer-writer, Gene Markey, 16 months after their Mexican wedding.

The Viennese beauty, whose career started as a script girl and included her daring appearance in the European film "Ecstasy," told inquirers: "Yes, it is true we have separated."

"For many months, we have been incompatible and we have considered this step," she said. "I feel it is best for both of us."

The couple married March 4, 1939, in the government palace at Mexicali, Mexico, in a Spanish language ceremony translated into English by padres there. The bride gave her age as 24. Markey said he was 43.

Markey was divorced by actress Joan Bennett three years ago on charges of mental cruelty.

Miss Lamarr was the former wife of Fritz Mandl, wealthy Austrian munitions maker.

Martinique Blockade Perturbs Americans

WASHINGTON, July 6 (AP)—The possibility of joint Pan-American action with regard to the reported British blockade of Martinique arose today.

At a press conference, Secretary Hull said that this and other American governments carefully were studying reports that British warships had hemmed in the French Caribbean island to prevent the departure of a French aircraft carrier. He added that they now lacked information on which to base any general policy.

Machinery set up by Pan-American conferences at Buenos Aires in 1936 and at Lima in 1938 provides for hemisphere consultation in the event of world peace disruption or any threat to American nations.

In addition, a declaration of American nations at Panama last September outlined a 300-mile neutrality belt which embraces Martinique.

Hull, saying he expected to attend the conference of foreign officers of 21 American countries at Havana July 29, indicated today that it would cover the whole field of western hemisphere problems, including the possible establishment of United States air bases in South America.

Sportsmen Purchase Odessa WT-NM Club

ODESSA, July 6. (AP)—Tony Rego sold his West Texas-New Mexico league franchise, team and equipment to a group of Odessa sportsmen for an unannounced sum today.

Left Fielder Stanley Bolton was named Oiler manager. The sportsmen said they intended to purchase new players for the seventh-place club.

In the steel industry, a "whisker" is a thin fin of steel adhering to the point of a nail, which is shaved off automatically by the mill-making machine.

On the barren islands of Aran, off the Irish coast, potatoes are grown in soil carried by the natives in baskets and dumped into the crevices between rocks.

BOARDWALK COLLAPSE INJURES 40

Forty persons were injured when a section of boardwalk collapsed while a large crowd was watching a fireworks display at Ft. Worth, Texas. Only 15 persons were required to remain in the hospital for more than examination. Officials believe that recent heavy rains, weakened supports beneath the walk and the weight of the crowd proved too great.

PANHANDLE RESIDENTS VISIT LINCOLN PLANT

Show here standing in front of a new Lincoln-Zephyr at the Ford Rotunda in Dearborn, Michigan, are: Roy Sewell, Barnie Rose, Mrs. Ida M. Block and Mrs. Vernelle Block all of Pampa. They were members of a group who recently visited the Lincoln Motor company for the purpose of driving back new Lincoln-Zephyr cars. Left to right rear are: Roy Sewell, of Tom Rose Ford company; Barnie Rose; Mrs. Ida M. Block; R. M. Hobby, Mrs. Hobby of Canadian, Texas; Bobby Morton, R. W. Morton of Spearman, Texas; Front, P. E. Franklin; Mrs. Vernelle Block; Mrs. John Dyer Jr., and J. Dees, Jr., of Waltham Irwin, Inc., Amarillo, Texas; and E. S. Hardin and Mrs. Hardin of Follett, Texas.

Texas Puts Its Best 'Little Foot' Forward

Here are patrons of a Houston restaurant at their favorite indoor sport of dancing "The Little Foot." The couple at left are doing the steps in "dignified" style, while the couple at right prefer to put a bit of swing into it.

HOUSTON—Texas, producer of oil, tough honkers, and the world's most beautiful girls (adv'l.) is now cradling a new dance which will, according to the loyal sons of the Lone Star State, take the nation's jitterbugs like Hitler took Paris.

It hides its delight under the mouthful of moniker: "La Vassoriana," or "Put Your Little Foot," or, if you're in a great hurry, just plain "Little Foot."

IT STEMS FROM OLD FOLK DANCE

Strange thing about this jig, for which rug cutters and sedate dancers alike fall like ripe plums in a hurricane, is that it's anything but new.

Facet of the matter is that it's an old folk dance, but during it any one can tell you, partner, where she hails from.

Some say it's German, some say the Spanish brought it up from Mexico years ago, some say it's Polish, and still others stoutly maintain it might be French—possibly because of its French title.

It's current revival from an honorable, if unpretentious, past seems to have started right here. Many Houstonians spend their summer vacations dude-ranching in nearby (300 miles in nearby in Texas) Bandera County, a thinly-populated center of southwest Texas.

Each year, more and more dudes come home talking about the "Little Foot" they'd seen and danced in

Bandera. But no local orchestra ever played it.

At length one enterprising juke-box establishment—impresaria dug through the publishers' files and discovered "Put Your Little Foot" hiding inconspicuously behind the alias "La Vassoriana." He had it recorded and put it in his softly lighted inn. Ten days later he'd worn out seven records and was coming nickles faster than the Philadelphia mint.

In a short time Houstonians all but strung up any maestro who came to town and couldn't play the "Little Foot." Some bands rose to popularity with a one-piece repertoire—"Little Foot" (plus variations).

Essentially "Put Your Little Foot" is a graceful, dip-and-step dance in "mazurka time." It may be stepped mincingly in white tie and tails, or hectorically stomped without any tie at all. Unlike most folk dances, it need not be performed with a group. You and your partner are plenty.

WORDS GIVE YOU THE TIME

Here's how it's done: To start, the man and woman take places side by side, with the man slightly behind his partner. Usually the couples clasp hands just over the woman's shoulders. The music starts in "put-your-lit-the-foot" tempo.

At "put," man and woman raise left foot with knee bent, toe pointed to the floor and parallel with inside of right leg. At "your," knee

Federal Tax Hikes Price On Ball Games

Baseball fans in Pampa today can blame it on Hitler for the increase in admission costs to games.

Into effect Saturday at Road Runner park went the federal tax of four cents on passes. The tax also applies on regular paid admission, increasing ticket cost from 40 to 44 cents.

Even "ladies night" is affected, for Uncle Sam says nobody is going to see a ball game at his expense to it's a nickel for each of the ladies even when it's "their" night.

It's all a part of the national defense scheme designed to help Uncle Sam pay the cost of his army and navy bill.

Shamrock To Hold Golf Meet July 16

SPECIAL TO THE NEWS

SHAMROCK, July 6.—An invitation golf tournament will be held at the Cole Creek Country club on Sunday, July 16, according to an announcement today by Edward Bland, manager of the links.

The tournament will consist of a 27-hole medal play of five flights, with appropriate prizes to be presented winners and runners-up in each flight.

The first nine holes will be used for qualifying score of each player, and the strokes on the first nine holes being used in the total score. To eliminate trophy hunters, Bland said, that a player shooting five strokes less than his qualifying score on either of the following nine holes will be disqualified.

Qualifying will begin at 7:30 o'clock Sunday morning and end at noon. An entrance fee of \$1 will be charged.

Some of the best golf of the season is expected to be played in the tourney, Bland said. Frank Mitcham Sr. won a similar meet at Sayre on June 16 and Billy Holmes won one at Canadian on June 24 and Mitcham was runner-up.

Second-story Women

Hanging from a make believe second-story window, a London housewife learns how to escape in case German incendiary bombs fire her house. With attacks from Nazis expected momentarily, British are overlooking nothing in training civilians to minimize casualties.

is straightened with left foot touching floor a step ahead. At "lit-the-foot," right foot is brought up to close gap, forming right angle with left heel.

This is repeated to "put-your-little-foot," and then comes "put-your-little-foot-right-here." This involves taking three steps on "put your little" and a pivot ending with right foot extended on "foot-right-here."

Then the procedure is reversed, starting with right knee bent, bringing couple back to starting place. That's all there is to it.

Germany Big Latin American Buyer

"Customer is always right" theory may influence current Latin American feeling toward Nazis, for until war blockade began, Germany was one of the lower Americas' biggest buyers. Ships on map carry principal products exported to Germany, valued in 1938 at nearly \$1,500,000,000, more than three times U. S. imports from Latin America.

Tennis Hints

By ELEANOR TENNANT
Coach of Alice Marble

When hitting the backhand your feet, hips and shoulders must be sideways to the net at an angle of at least 40 degrees. This permits you to take the true back swing.

Meet the ball to the front and left side of your right foot, looking over your right shoulder at the ball.

Your body remains stationary till the ball goes over the net.

The backhand is an extremely subtle shot. Your opponent can't tell where the ball is going until he sees its direction. This is because the actual placement is made by the racket head, the body remaining stationary, unlike the forearm maneuver.

If you want to place the ball at your feet's forehead, let the racket continue in its line of flight, with hand and arm to the right side of your opponent's court.

To play the center baseline let your racket head finish in that direction.

In playing the backhand let your racket head finish to the back area on the left side of your opponent's court.

Added Incentive for Pitcher Gomez

Lefty Gomez, Yankee southpaw, gets new slant on life as he poses proudly in Boston hospital with his wife, the former June O'Dea of the stage, and their baby daughter.

Grayson's SCOREBOARD

By HARRY GRAYSON
NEA Service Sports Editor

In the opinion of Henry Picard and Ralph Guldahl, the United States Golf association should adopt a standardized ball limited to a compression factor of 90.

The present sphere must conform to prescribed size and weight, but there is no restriction on the amount of compression.

Picard and Guldahl stress a fact unknown to the great majority of golfers. It is that certain playing professionals employ special power equipment which transforms stroke values and distorts the strategic character of the average hole.

Picard and Guldahl point out that a tightly wound ball will travel a mile if you have the strength necessary to flatten it out on the clubhouse.

Yet short hitters continue to beat long smackers . . . and frequently.

It's just a continuation of the argument about standardization of equipment. The U. S. G. A. made the ball larger and lighter. It returned to the weight of the old ball, but retained the new size. This was supposed to penalize the long hitter and put a higher premium on finesse, but manufacturers and clouters got around it.

Men of might use the latest brand of power equipment in the form of a high tension ball and rigid shafted irons.

The play what is called the 100 ball, whereas others use a softer ball with a compression factor of only 85.

Picard asserts users of the softer ball don't switch because they are not strong enough to hit the tighter wound sphere effectively.

"Small as he is," explains Picard, "Ben Hogan flattens the high compression ball on the clubhouse and thus obtains maximum distance. I cannot generate as many foot pounds of striking energy as compact."

"Sam Snead employs a rigid 5 1/2-ounce power shaft. Jimmy Thompson actually uses a six ounce shaft. Guldahl and I are not strong enough in the arms and hands to swing so stiff a stick."

"Guldahl and I use a 4 1/2-ounce shaft . . . one which is whiplier . . . more limber. I need a supple shaft to obtain maximum clubhouse speed."

When one group of golfers prove their superiority, another always seeks to handicap them. Soon those running behind may ask the U. S. G. A. to make the National Open a handicap tournament.

Sport Lights

By FELIX R. McKNIGHT

DALLAS, July 6. (AP)—The most explosive Southwest Conference football incident of years is simmering. Concerns a famed individual, not a group . . . Insiders say chances are 50-50 a peaceful settlement will be reached.

Chances for a Texas Aggie repeat on the football front in the fall took a blow when sophomore Willie Zapalac, battering understudy to all-American John Kimbrough, submitted to a knee operation in Dallas that may close out his career. . . . But the Aggies still have sophomore Jake Webster, very sensational in spring drills.

Today's Guest Paragrapher: Weldon Hart, Austin statesman: "I do not intend to worry much about it, but it seems like country is in a sad state when a lug like Tony Galento is one of the challengers for the heavyweight boxing championship . . . Seems to me like the Republicans, scratching around for deficiencies of the Roosevelt administration, are overlooking a good talking point."

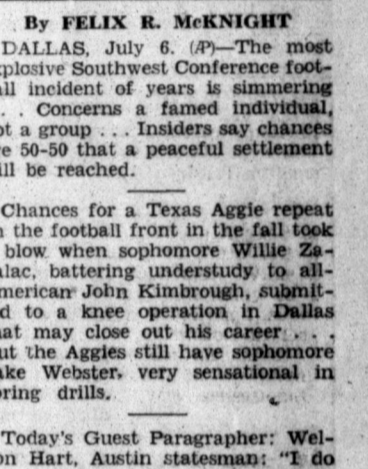

Crisp Comment Dept.: Former national open golf champion Ralph Guldahl, questioned as to the possibility of "war jitters" causing the numerous blowups among the big timers in recent tournament play: "No, I think the majority of them, like myself, concentrate solely on what's happening on the course. . . . Of course, between rounds and off the course, like everybody else, the pros at the recent national open. I know, grabbed the first newspapers."

Two noted golf course magicians, architect Perry Maxwell and Dean Wood, have settled down in Fort Worth to spend the next year readying Colonial Golf club for the 1941 National Open. . . . No radical changes are planned, but the entire 18 holes will be retraced to make one of the south's toughest courses a wee bit harder for the field.

Selenium oxychloride will dissolve virtually every substance in the world, except tungsten, glass and platinum.

One of the slowest growing bushes in the world is Holly.

WAR TODAY

(Continued from page 1) update completely a military victory.

It struck directly at the heart of Franco-British friendship which for nearly a century has been the dominant factor in a balance-of-power Europe for which Berlin and Rome have decreed a new order of their own creation.

Crushed France asked a "soldier's peace." She received and accepted—something so utterly outside the realm of a soldier's conception of his duty to an ally that historians will wrangle over why a soldier premier accepted these terms.

No one can guess the ultimate effect of the fleet surrender clause upon Franco-British relations and the destiny of Europe or the world.

Its immediate military effect upon the conflict is more easily discernible. It has definitely cleared the air for imperiled Britain in more than one way; but has not, so far as it is possible to foresee, changed the probable strategy of Germany's impending blow at England.

That was certainly planned and is being put into execution without reference to the status of the French fleet. Axis strategists never could have counted upon that.

FENBERG OPENS AMARILLO DIAMOND SHOP

\$30,000 Store Employes Total Of 18 People

Amarillo's newest jewelry store, The Diamond Shop, 314 Polk Street, which has its formal opening tomorrow, embodies all the latest trends in furnishings and store design.

Manager of the store is Sam Fenberg, prominent Panhandle diamond merchant for many years, and manager of the Diamond Shops in Pampa and Borger.

The Diamond Shop is equipped throughout with fluorescent lighting, the very newest trend in store lighting, and is completely air conditioned.

For the comfort and privacy of prospective diamond buyers two complete diamond rooms have been installed where selections from The Diamond Shop's stock can be viewed in absolute privacy.

The balcony which houses the gift department and optical department has two extremely wide stairways leading to the upstairs portion of the store.

The store is trimmed in primavera wood and full-length mirrors are placed at the foot of each stair-

Sam Fenberg

Show cases are large and visible to customers who are just "looking around."

The store represents an investment of more than \$30,000 and will employ 18 people. Mrs. Clara Bobbit is credit manager. She is formerly of Amarillo but worked at the Diamond Shop in Pampa the last 4 years.

Pampans and Top O' Texas are invited to visit the new shop.

MEXICO

(Continued From Page One)

It was openly predicted that there would be many "minor incidents," but government officials said again that there would be no revolution.

General Almazan and President Lazaro Cardenas, who is backing General Manuel Avila Camacho as his successor, exchanged recriminations in newspaper statements.

Almazan called upon Cardenas to fulfill his "duty to respect and respect the popular will as he spontaneously and frequently offered to do," and referred especially to a presidential statement that the campaign "renews the traditional strife between the Democratic and the Anti-Democratic forces."

This statement, Almazan's followers protested, implied that Almazan was an Anti-Democrat, whereas, they said, his whole campaign has been an attack on totalitarian policies.

Cardenas responded with a disclaimer that he had made any "personal reference to any candidate or political group."

Almazan has said that should the suffrage of his followers be violated he would feel called upon to see "at all costs" that they were respected.

Saloons were ordered closed and a complete shutdown of streetcar bus and taxicab service is expected tomorrow—a shutdown which Almazan people asserted was ordered by the unions to keep Almazanists from reaching the polls.

Almazan has promised a "fair deal" to labor, protection of employers from "unscrupulous" labor leaders, and cooperation with United States capital.

Avila Camacho's platform is a continuation of Cardenas policies, which have included the seizure of land estates for communal operation by peasants.

Tijuana, Mex., July 6 (AP)—Mexican residents of the United States were not permitted to cross the border into Tijuana today as authorities of the military controlled territory of Baja California took precautions for tomorrow's presidential election.

Immigration officials on the Mexican side of the international line said American tourists and race fans would be permitted to cross the border as usual.

Bars and night clubs, police indicated, would be closed at midnight and remain closed until Monday.

Fair 'Bomb' Turns Out To Be Hose

NEW YORK, July 6 (AP)—Crowds at New York's World's Fair got their second bomb scare in a week today.

By this time, instead of a deadly explosive similar to the one which took two lives Thursday and injured seven, it proved to be only a package containing women's silk stockings and a handkerchief.

The package was discovered in the British pavilion—the same structure in which the death-dealing bomb was found two days ago.

It was rushed from the pavilion into the little-used area where the earlier explosion occurred.

Members of the police bomb squad hastened the package into a lavatory and there examined it with a portable X-ray machine, which disclosed no bomb-like structure.

Reports from bystanders at the fair said the package was eight inches long, ten inches wide and about an inch thick.

Other sources said it was about the size of a cigar box, wrapped in brown paper and bore a note saying: "Please deliver to address inside when opened. Danke Schoen (German for 'thank you')."

The package was found about 5:45 p. m. (CST) by a guard near a statue commemorating England's Magna Charta.

Tryouts For KPND Announcers Planned

A series of "open" auditions will be held for aspiring radio announcers by radio station KPND, it was announced today.

The auditions will begin at 8 p. m. Thursday and are scheduled for several weeks thereafter. Young men, who must have had at least high school education and who are interested in radio as a career, are invited to compete. Registrations are being received at the KPND studios, either by telephone or in person.

The winners of the audition will be given an opportunity to "break into" radio.

Market Briefs

(By The Associated Press)

NEW YORK, July 6 (AP)—Leading stocks today ended a typically speculative session with the majority pointing slightly upward. As in yesterday's session, most traders elected to continue their trading until noon in view of scant speculative inspiration to be found in either domestic or foreign news.

Turnover for the two hours totaled 131,874 shares, smallest since the brief post-independence day preceding last year when the aggregate was 118,350. The week's volume of 1,850,010 was a new low since 1918. In the preceding week 3,585,410 shares were traded. The day's curb total was around 20,000 shares against 87,000 in the previous Saturday and was a minimum for the junior market for about two decades.

Jews Disloyal, Says Gurgurtu

(By The Associated Press)

BUCHARIST, July 7 (Sunday)—"Minor incidents" which have been reported as having occurred in connection with the transfer of Jews and other minority groups to Russian-occupied Bessarabia.

The announcement by the interior ministry followed the accusation last night by Premier Ion Gurgurtu, head of Rumania's pro-Nazi government, that Jews had been disloyal in the country's "last hour of trial."

"The cessation of Bessarabia and, in particular, the transfer across the Prut river into Bessarabia of the Jewish minority and certain communistic elements was effected with some minor incidents," the ministry's communique said.

"These were, however, liquidated through energetic measures and the tact of our officials."

Of the alleged Jewish disloyalty Gurgurtu declared: "We will never forget."

Skelly Principal Urges Teachers To Help Community

(By The Associated Press)

An article titled "Little Things in Teaching," written by Chester Strickland, principal of the Skellytown school, appears in the July issue of The Texas Outlook, organ of the Texas State Teachers Association.

In the article Principal Strickland exhorts teachers to handle finances in a business-like manner, to overcome carelessness in every day affairs, and then become citizens in spirit.

On the latter point he says: "May the day come when teachers will cease to participate in community activities not because we are teachers but because we are citizens."

"Thank You"

I cordially and sincerely thank you, my friends over the entire county, for the generous reception that you have given me and for your active and energetic support of my candidacy. It is indeed a pleasure to meet you, and your cordial greetings and expressions of confidence in my behalf inspire my deepest appreciation.

It would be the greatest pleasure of my life to be elected Sheriff of the best county in the State of Texas, brimfull of the best people in the world. I assure you that if elected I will earnestly and energetically strive to render you that service which you have a right to expect of your Sheriff, and will do so in a spirit of humbleness, being always mindful of the fact that a Public Official is a Public Servant.

I want you to know that I have made no promises of any nature whatsoever as to selection of deputies, or any other matter involving this office, except that I will render you the most faithful service within my ability.

Clarence Loveless (Political Advertisement)

FRENCH SHIPS

(Continued From Page 1)

naval bases of Kiel and Wilhelmshave, the ports of Cuxhaven and Hamburg, the railway junction city of Cologne and two air-dromes in German-held Holland.

There were several casualties when a Nazi bomb fell on a South Demon town, but authorities refused to confirm whether this was Plymouth, which a German communique reported raided.

Clement R. Attlee, deputy government leader, cautioned that nations "full onslaught of our enemies but declared: 'I believe we shall meet it with courage and defeat it in whatever form it may come.'

With two more French men-of-war added to the toll of Britain's now completely estranged former ally, authoritative sources gave the following disposition of the French fleet:

Of nine battleships built or building—two damaged, one of them aground and the other reported in Toulon, France; two in British ports and one at Alexandria; two other, not yet commissioned, afloat but definitely out of German hands.

Of two aircraft carriers—one sunk and the other unreported.

Of seven 10,000 cruisers—three at Alexandria.

Of seven light cruisers—one at Alexandria, two in British ports.

Of lesser craft—eight torpedo boats in British ports and two sunk

or burned out of a total of 70; some of France's 93 submarines and more than 200 smaller vessels in British hands or bottled up.

The government announced "big new orders for war materials" have been placed in the United States and Canada amounting to many millions of pounds and "by far the largest ever sent to America and Canada by the ministry."

Some Britons say Hitler is bound to strike quickly—probably in a week or two. They reason that at the rate Britain is fortifying he must know his chance for success dwindles with each passing day.

But some others hold that Germany may wait. They contend that Nagidin already has gained its principal objectives of continental domination and isolation of Britain from European affairs and has some fences to build in the south and southeast before hazzarding men, machines and munitions on a new expedition.

Both schools agree, however, that they can expect some combination of air and undersea attack, probably with elements of drama and surprise.

MONROE (Continued From Page One)

date or held in trust in some manner until they could be returned to their present owners.

The president thought European and Asiatic nations should make similar joint arrangements.

A reporter told Early that, in a note delivered to the state department yesterday, Germany apparently had taken a parallel stand by stating that the Monroe doctrine's principles of non-interference could be legally valid only if Americans did not interfere in Europe.

Early replied that he was speaking of physical transfers of ownership of territories, and that as he understood it, the German note dealt with political interference.

"In other words," he said, "the Washington and Berlin governments do not seem to be in agreement on the interpretation of the Monroe doctrine."

The views advanced today by the president threw no direct light on his attitude toward a Japanese Monroe doctrine for Asia. Presumably, however, the position of the United States on that score was covered by Secretary Hull when he said yesterday that the Monroe Doctrine did not resemble those in other areas which are alleged to be similar, but which seem to be only the pretext for conquest.

Early said Mr. Roosevelt had mentioned this morning "the complete absence of any intention whatever on the part of the United States to interfere with territorial questions involving adjustments in Europe or Asia."

"The government of the United States wants to see, and thinks that there should be," Early continued, "an application of the Monroe Doctrine in Europe and Asia similar to its interpretation and applications for this hemisphere."

Holmes Wins Tourney

VERNON, July 6 (AP)—Billy Holmes of Shamrock won the Hill Crest Invitation Golf Tournament today by defeating Ernest Newton of Quanah.

Holmes and Newton were co-medalists with a score of 66.

KNOW YOUR BANK

Does a Banker Grant a Favor When He Makes a Loan?

NO. Profits are essential to sound banking, and a bank's profits come through having its loanable funds employed. Credit is part of a bank's stock in trade, and so the banker is as eager to extend credit through making sound loans as a merchant is to sell his goods.

The prospective borrower should no more hesitate to request a loan for a sound purpose than he would hesitate to purchase a suit of clothes. By borrowing from the bank he becomes a purchaser of credit and the bank becomes a seller of credit.

The chief difference between the banker and the merchant is that the banker does not sell the funds outright, but merely sells their use. Consequently he must use care in granting a loan because the money he lends belongs to the bank's depositors.

Hostesses Named For Ladies Golf Association Bridge Party Wednesday

Phillips Golfers To Be Guests Of Pampa Players

One of the most active women's groups this summer is the Ladies Golf Association of the Pampa Country club which meets each Wednesday at the club house for golf and bridge.

In the regular play this week, women golfers from Phillips will be guests of the local group and all Pampa players are urged to be present at 9 o'clock when play between the two teams will begin.

In the business session held by the association last week with Mrs. H. H. Hicks, president, presiding, plans were made to appoint hostesses for the bridge party each week. Mrs. Clifford High and Mrs. Charles Duenkel will be hostesses Wednesday when bridge is played at 1:30 o'clock. Prizes are to be given and progressive party bridge will be played.

Mrs. Carl Luedders is chairman of the bridge committee with Mrs. Tom Bliss and Mrs. E. B. Hughes as assistants. Reservations do not have to be made for the bridge parties planned by the group but reservations for the luncheon must be called in by Thursday noon.

In the putting contest conducted last week by the golfers, Mrs. B. O. Lilly received the ball in the second flight and Mrs. Frank Perry in the third flight.

Members of the golf association are Mrs. R. G. Allen, P. O. Anderson, C. N. Barrett, A. J. Beagle, R. M. Bellamy, Tom Bliss, John Bowers, Clifford Eraly, Sr., Howard Buckingham, Bill Barrett, Frank M. Carter, Cartwright, C. M. Clark, Frank Culbertson, R. E. Dunbar, Mel Davis, W. H. Davis, C. O. Drew, Chas. O. Duengel, K. L. Dunn, Bob Ewing, W. P. Fader, R. B. Fagan, Clyde Fatheree, G. R. French.

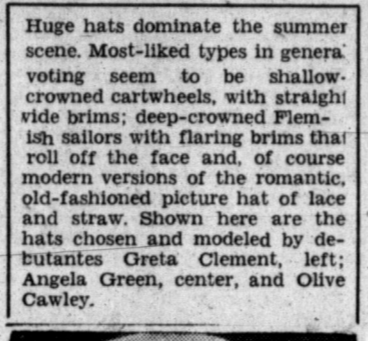

Mmes. D. A. Finkelstein, J. O. Gilliland, Joe Green, Jewell Hankins, Ray Hagan, Mark Heath, Clinton Henry, H. H. Hicks, C. E. High, P. A. Howard, Bert Howell, Cleve Huff, I. B. Hughes, John E. Hines, Frank Hill, Jack Jones, W. Calvin Jones, Hollis Keys, C. F. Kitto, Lloyd Laird, B. O. Lilly, Carl Luedders, L. N. McCullough, McCutcheon, C. J. McNaughton.

Mmes. L. R. Miller, Bill Miskimins, Hugh Morrow, W. B. Murphy, Pete Nossent, C. N. Ochiltree, M. C. Overton, W. Lyle Owen, Frank Perry, Ed H. Riggs, T. E. Rose, H. E. Schwartz, John Sturgeon, Art Swanson, Paul S. Tabor, Bob Thompson, Charles Thut, E. W. Voss, Roy Webb, R. P. Weeks, Ted White, W. L. Wild, L. E. Willis, and D. E. Williams.

DEBS SAY: "WE LIKE B-I-G HATS WITH SPORTS CLOTHES AS WELL AS FOR DRESS-UP OCCASIONS"

Sally Victor created this gigantic cartwheel—one of the prettiest dress hats of the summer season. It's of black lace over white straw, and is shown with a black chiton afternoon dress with lace cuffs to match the lace on the hat. The outfit is perfect for an important tea or informal dinner and dancing.

Huge hats dominate the summer scene. Most-liked types in general voting seem to be shallow-crowned cartwheels, with straight wide brims; deep-crowned Flemish sailors with flaring brims that roll off the face and, of course modern versions of the romantic, old-fashioned picture hat of lace and straw. Shown here are the hats chosen and modeled by debutantes Greta Clement, left; Angela Green, center, and Olive Cawley.

Big hats are in the news. And so are lavender and violet—colors which haven't been widely used in many seasons. This charming

All Circles Of Central Baptist WMS Have Meeting

A Royal Service program on "Cementing Bonds of Friendship" was presented at the general meeting of all circles of Woman's Missionary society of First Baptist church this week in the church.

Mrs. George Berlin was in charge of the program which was opened with the song, "How Firm a Foundation," by the group and the Bible study on "Two Ideals of Prayer" by Mrs. T. D. Sumrall. A prayer by Mrs. S. L. Anderson followed.

Topics discussed were "Ties That Bind" by Mrs. Roy Hallman; "Needy Neighbors" by Mrs. Dayton White; "Strengthening Spiritual Ties," Mmes. Clyde Ives, S. W. Brandt, G. C. Stark, and Harry Dean; "Stories from the Fields," Mmes. A. W. Anglin, Earl Furnas, and A. E. McMinn; and "A Lasting Tie," Mrs. George Berlin.

Attending the meeting were Mmes. S. L. Anderson, Dayton White, T. D. Sumrall, C. A. Jones, S. W. Brandt, Ray Riley, A. Jones, A. W. Anglin, George Berlin, Harry Dean, E. A. Gower, W. H. Dempster, Hugh Peoples, A. E. McMinn, M. C. Mercer, Roy Hallman, G. C. Stark, Rex Watkins, Earl Furnas, and H. A. Hargis.

Three Delegates To Short Course Named By Council

Three delegates were selected by a Home Demonstration Council committee to represent Gray county at the Texas Home Demonstration association meeting in College Station, during the Farmers Short Course, July 11 and 12.

These include Mrs. J. S. Fuqua, chairman of Council from Wayside club, Mrs. Oad Gatlin from Laketon club, and Mrs. John Lill of Bluebonnet club.

Mrs. H. M. Roth of Eastside will represent the county women in the Land Use Planning work which is being worked on extensively throughout the state.

The group plans to go by train, leaving Clarendon Tuesday night, July 9, at 12:30 o'clock arriving in College Station around noon on Wednesday. Two days will be spent at the Short Course attending the educational meetings. The party will spend Saturday in Galveston returning home Sunday night.

Others attending the Short Course will be Mrs. H. B. Taylor, Jr., of Wayside club, Mrs. Verne Wyatt of Bell, and Mrs. S. E. Ekins of Kingsmill.

Pampa Girl Scouts Enjoy Activities At Camp Near Amarillo

Fourteen Pampa Girl Scouts have been camping at Camp Kiwanis near Amarillo.

Six of the girls, Edith Mae Morrow, Betty Barrett, Dorothy Culbertson, Carol Culbertson, Jimmie Lee Davis, and Frankie Ann Studer, were first session campers.

The remaining group, Dorothy Culbertson, Bernadine Breining, Phyllis Ann Parker, Orna Jean McCarty, Nancy Yoder, Patsy Ruth Miller, Doris Shackelford, Betty Johnson, and Frances Deering, is in camp now.

Following the dinner, the evening was spent informally.

Guests were Miss Betty Plank, Miss Jerry Smith, Miss Meribelle Hazard, Miss Jeanne Lively, Miss Frankie Lou Kehm, Miss Maurine Jones, Mrs. E. E. McNut, the hostess, and the honoree.

Spelling Bee Club Meets In Home Of Mrs. Keyser Friday

Top O' Texas Spelling Bee club members met with Mrs. H. H. Keyser Friday afternoon.

Mrs. Ray De Orleans won the prize for being the best speller and for answering the most questions.

Refreshments of lemonade and ham sandwiches were served to members and one visitor.

The next meeting will be held in the home of Mrs. G. H. Covington, 509 South Ballard street, Friday afternoon.

Mrs. Vicars To Teach Lesson For Loyol Women's Class

Loyal Women's class of First Christian church will meet at the church Wednesday afternoon at 2:30 o'clock. Mrs. De Les Vicars is to teach the lesson on all three chapters of Second Peter.

Party Given To Honor Twins On Third Birthday

Patricia Jean and Margaret Ann Ward celebrated their third birthday when Mrs. M. V. Ward, assisted by Mrs. E. V. Ward, entertained with a party Friday afternoon.

Each guest was presented a balloon and hobby horse favor. After pictures of the group were taken, gifts were opened by the honorees.

Refreshments of ice cream, cake, lemonade, and tiny minis were served to Lynne Followell, Ray Mobley, James Vicars, Virginia and Jerry McNaughton, Martha and Adelaide Skelly, Mary Martha Kennedy, Marsha and Bob Mullens, Sally and Robb, Cobb, Georgene and Leslie Browlee, Charles and Diane Seeley of Pueblo, Colorado, and the honorees.

Mothers attending were Mmes. Russell Kennedy, Shug Cobb, Bob Mullens, C. L. Brownlee, Edwin Vicars, and Mrs. C. E. Ward, grandmother of the honorees.

Gifts were sent by Mary Lynn Miller, Ray Mobley, and Mmes. Burney Morgan, E. O. Snead, and John Seeley of Pueblo.

Catholic Youths Will Have Party After Meeting

A weekly meeting of Catholic Youth Association will be held Tuesday night at 8 o'clock in the parochial school hall.

Following the regular session, Irene Poulos and Ellen Keough will be hostesses at a swimming party at the municipal pool.

Attending the last regular meeting of the group were Ray Critchlow, Peggy Cunningham, Edward Bisett, Ellen Mary Haley, Freddie Haddock, Mary Margaret Gribbon, Irene Poulos, Jack and Jim Brown, Bill Cunningham, Paul Keim, Bobby Bisett, Maxine French, and Bill Haley.

Palo Duro W. M. U. Association Meets At White Deer

WHITE DEER, July 6—Featuring the young people's work, the Baptist Women's Missionary union of the Palo Duro association met at the First Baptist church for an all-day meeting.

The Borger union, with Mrs. Ira Powell as leader, was in charge of the program. The morning session began with a congregational hymn. "We've a Story to Tell to the Nations," and a prayer by Margaret Williams. Lyle Hess led the devotional and Miss Williams discussed "Advancing in Wisdom by Bible Study."

Following the roll call and recognition, three six-year-old girls, Margaret Ann Powell, Jerry Mae Forbes, and Patsy Williams, members of the Borger Sunbeam Band, sang "Home of Many Mansions," and the White Deer Sunbeam band gave a short play.

Emily Carter talked on "Present the Savior Through Personal Service" and Charlene Williams and Myrtle Lackey gave echoes from the Y.W.A. houseparty. The Borger Y. W.A. then presented a playlet, "The Spirit of Missions," directed by Mrs. L. B. Vance, and Jerry Mae Forbes sang "Be Ye Doers of the Word."

After luncheon, Mrs. J. C. McKenzie, Amarillo, president of the Association B.W.M.U., conducted the business meeting. Mrs. Neal Edwards, White Deer, sang a solo; and the program was concluded with a prayer by Mrs. J. Howard Williams, Amarillo.

Eight churches were represented, with Borger having the largest number in attendance, 19; Phillips had eight representatives; Kingsmill six; Amarillo First, four; San Jacinto, three; Groom, two; Pampa, five; and White Deer, 15.

Present from Pampa were Mesdames T. E. Maness, A. L. Prigmore, C. Gordon Bayless, C. L. McKinney, and F. E. Leech.

Wrinkles Are Not Only Things That Betray Your Age!

BY ALICIA HART

No woman ever is mistaken for her daughter—not really. But a lot of women, simply because they don't keep up, are in danger of being mistaken for daughter's grandmother.

The smart, thinking woman wastes little time regretting maturity, of course, and worries not too much about inevitable signs of increasing age. On the other hand, she does not get the notion that her appearance isn't important. She deliberately employs a few tricks to make herself look five years younger than she actually is.

KNOWS TRICKS OF MAKEUP

For instance, she combs her hair at the temples up and away from her face. She knows that upward-sloping lines in this area counteract the downward sloping ones at the corners of her eyes. Hair up and away from the face is more youthful than straight-hanging locks.

She watches her color schemes carefully, choosing shades which give her complexion a glowing look. She does not wear black—unrelieved by touches of white or a vivid color.

If she uses slang, it's up-to-date—not a relic of her own college years. If she can't keep her slang up to date, she just gives up slang for the most part, and substitutes a real vocabulary in its place.

For purposes of conversation, if for no other reason, she knows what interests much younger people at the moment—what dance they like, even though she can't do it herself; who is the currently favorite orchestra leader; which young movie stars are now sharing the spotlight with some of her own old favorites.

Not important, you say? Perhaps not. But ignorance of what interests younger people dates one. And the smart woman knows it.

She doesn't want or expect to be mistaken for her daughter. She hates to see a woman of her own age putting on an "I'm-the-life-of-this party" act. But neither does she want or intend to be a has-been. Both in personal appearance and state of mind, she keeps up.

Miss Sampson Named Honoree At Dinner Party

A party complimenting Miss Barbara Sampson of Bryson was given this week by Mrs. E. L. Fowler at her home, 220 North Nelson street.

The tables were set with fiesta ware and blue vases of shasta daisies and yellow cosmos set the color note.

Following the dinner, the evening was spent informally.

Guests were Miss Betty Plank, Miss Jerry Smith, Miss Meribelle Hazard, Miss Jeanne Lively, Miss Frankie Lou Kehm, Miss Maurine Jones, Mrs. E. E. McNut, the hostess, and the honoree.

Bustline Charm

IN THREE WIDTHS . . . ONE IS EXACTLY YOURS!

Mrs. Grace Hostess To Members Of TEL Class This Week

Members of T.E.L. class of Central Baptist church met in the home of Mrs. W. O. Grace in the Phillips camp this week.

After a covered dish lunch was served at the noon hour, Mrs. Robert Sneeds presided over the business session in which monthly reports were given.

Attending were Mmes. Wood Overall, S. L. Anderson, M. C. Mercer, Ada McCasie, H. A. Overall, H. C. Chandler, Robert Sneeds, G. C. Stark, and M. J. Monroe.

The next meeting of the class will be held on August 1 in the home of Mrs. M. C. Mercer.

Human Heritage Topic Of Lesson At Harrah WMS

Harrah chapel Women's Missionary society met recently at the church for a regular weekly meeting.

The lesson on "Our Human Heritage" was led by Mrs. J. M. Deering after which the meditation was given by Mrs. D. S. Buckner on the subject, "All One Body We."

Present were Mmes. H. M. Stone, D. S. Buckner, J. M. Deering, Henry English, Wheeler Carter, J. M. Nicholson, and C. E. Johnson.

Another meeting of the society will be held Monday afternoon at 1:30 o'clock.

Central Baptist WMS Will Meet In Five Circles

Central Baptist Woman's Missionary society will meet this week in circles at the homes of members.

The only group meeting Monday afternoon at 2:30 o'clock is Hopkins number two circle which will be held in the home of Mrs. J. A. Young.

On Wednesday afternoon at 2:30 o'clock the remaining four groups will meet. Members of Lottie Moon circle are to have a program in the home of Mrs. J. L. Barnard while a meeting of Mary Martha circle will be the home of Mrs. Ada McCasie, 461 North Warren street.

Mrs. A. E. McMinn, 308 North Nadia street, will be hostess to Lillie Hundley circle. The remaining circle, Lydia, will have a meeting in the home of Mrs. E. A. Baldwin, 1001 West Ripley street.

Dorcas Class Has Monthly Social And Business Meeting

Dorcas class members of Central Baptist church met in the home of Mrs. George Berlin Friday afternoon for a social and business session.

The opening prayer by Mrs. Earl Furnas was followed with the business conducted by Mrs. Berlin, in which new officers were installed.

A social hour was held and refreshments were served to Mmes. Earl Furnas, Joe Altman, Kelly Haupe, T. D. Sumrall, Roy Hallman, H. T. Beckham, J. R. Gray, E. W. Anglin, Lee Porter, Dayton White, and the hostess.

The next meeting of class will be held in August at the home of Mrs. Roy Hallman.

Marriage Of Miss Wright And T. E. Johnson Solemnized

SPECIAL TO THE NEWS

SHAMROCK, July 6—Mr. and Mrs. J. T. Wright announce the marriage of their daughter, Juanita, to T. E. Johnson also of Shamrock.

The marriage took place in Sayre, Okla., on Saturday, June 29, with the Rev. A. B. Jones, pastor of the First Baptist church of that city, reading the ceremony.

Guests at the wedding included Mr. and Mrs. Art Fleming, Shamrock; Mr. and Mrs. Gilbert Wynn of Widorado and Mrs. Wright.

Mrs. Johnson was a junior in Shamrock high school and prominent in class activities. Mr. Johnson is associated with his uncle, T. E. Johnson, in the Johnson Radio service.

The young couple will make their home here.

Christian Service Society Will Meet In Circles Monday

Six circles of Women's Society of Christian Service of First Methodist church will meet Monday afternoon at 2:30 o'clock.

Members of circle three will meet with Mrs. John Skelly, 916 North Somerville street, and circle four members will have a program in the home of Mrs. E. V. Ward, 800 Christie street.

A meeting of circle five will be conducted in the home of Mrs. George Walstead, 405 East Kingsmill avenue, and Mrs. J. B. White, 419 North Wynne street, will be hostess to circle six.

Miss Williams And B. H. Willingham Wed At Magic City

SPECIAL TO THE NEWS

SHAMROCK, July 6—Mr. and Mrs. Ford Williams of Magic City announce the marriage of their daughter, Bernice, to B. H. Willingham of Amarillo.

The wedding took place in Magic City last Sunday with the Rev. W. C. Bryant, pastor of the Magic City Baptist church, reading the ceremony.

Guests at the wedding were Mr. and Mrs. Calvin Johnson of Shamrock, Mr. and Mrs. Williams and Mrs. and Mrs. Cecil Ferrell of Amarillo. The bride attended school at Magic City and Wheeler where she was graduated in 1938. Mr. Willingham attended school at Hackberry and Claude, graduating in 1937. He is the son of Mr. and Mrs. M. N. Willingham.

Following the ceremony a dinner was given at the home of the groom's parents, honoring the bridal couple. Attending were Mr. and Mrs. J. P. Willingham and family of Pagan, Mr. and Mrs. J. P. Moore and Mr. and Mrs. J. H. Davis of Magic City, Mr. and Mrs. Leroy Williams of LeFors, and Mr. and Mrs. River Watson and family of McLean.

Mr. and Mrs. Willingham will make their home in Amarillo where he is employed.

A GLAMOUR BRASSIERE CREATION BY Formfit 1.00 to 1.95

A FORMFIT BRA and "glamour" are assuredly synonymous—for this modern and unique creation transforms the breasts into a new, more shapely loveliness—and gives them a poised carriage they have never had before! Lifts them proudly high—separates them oh! so prettily—forms them with a beautifully rising curve on top and moulds them into fashion-right fullness around and below. Yes, YOUR bustline can have this charm—for there are three widths—one of which is exactly the right one for you. A FORMFIT BRA is a "MUST" for now—if it's glamour you want!

Locke Funeral To Be Held In Miami Today

Special To The News
MIAMI, July 7.—Funeral services for Mrs. Dora Barton Locke, 80, who died at her home here at 10 o'clock Friday night, will be held at the First Baptist church here at 2 o'clock this afternoon.

The Rev. H. B. Cornelson, pastor, and the Rev. W. A. Hitchcock, pastor of the Methodist church, will conduct the services.

Burial will occur in the Miami cemetery.

Mrs. Locke, widow of Judge N. F. Locke, Texas Ranger, was born in Parker county, Texas, March 5, 1860. When a small child her mother was left a widow with a large family, so most of her childhood she lived with an older sister in Fort Belknap. Here she met Mr. Locke who was in the Texas Rangers. They were married March 9, 1881 by a Rev. Zinn, a Presbyterian minister and drove overland to Mobeetie, then the thriving border city of the plains.

They lived in Mobeetie until 1896, where their four sons, Claude, Newton, William, and Clarence, and a small daughter who died in infancy, were born.

In 1896 Mr. Locke moved his share of a mercantile business to Miami, where they have since re-

sided, except for a short period on their ranch near Miami.

Mrs. Locke was the quiet, retiring, home woman devoted to her family and church. She was a charter member of the First Baptist church that was organized in Miami. She also helped to build both of the buildings that have housed the church here.

Mrs. Locke is survived by one half-sister, one half-brother, four sons, C. B. of Albuquerque, N. M., N. S. of Dallas, W. F. and C. T. of Miami; ten grandchildren and five great-grandchildren.

Pallbearers will be the grandsons, Ellis, C. B. Jr., John T. Lewis and Wallace Locke, all of Miami, and Douglas Stone of Portales, N. M.

Honorary pallbearers will be J. A. Mead, M. W. O'Loughlin, H. E. Baird, Dan Kivlehen, Sam Seiber, Henry Weckesser, L. G. Christopher, W. W. Davis, Tom Crowson, W. E. Stocker, and Tom Graham, all of Miami.

Arrangements are by Duengel-Carmichael Funeral home of Pampa.

Stamp Tax On Deeds Cost More

Stamp tax on deeds of conveyance cost more now, the office of County Clerk Charlie Thut was informed Saturday in a letter from the treasury department office, collector of internal revenue, second district of Texas, Dallas.

Addressed to all county clerks, abstract and title companies, and all others concerned, the letter states that effective July 1, the 50 cent rate is increased to 55 cents on each \$500 or fractional part thereof, where the consideration is more than \$100.

The increased stamp price is in accordance with the revenue act of 1940.

W. A. Thomas, collector of internal revenue, signed the letter announcing the higher stamp price.

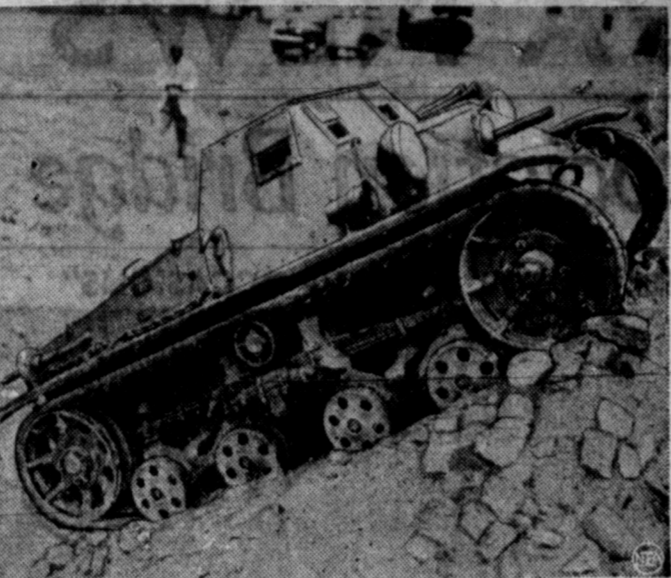

Miller Will Speak Here Wednesday

Pampa and Borger are on the itinerary of E. T. (Dusty) Miller, candidate for congress, this week.

On Monday, Miller is scheduled to speak in Borger at 8 o'clock that night.

The north side of the Pampa city hall will be the scene of Miller's address here, at 8:30 o'clock Wednesday night.

Shades of the Horse Marines!

"The Horse Marines" was once just a gag to Uncle Sam's seagoing soldiers, but now they'll really be the "Iron Horse Marines." Pictured in recent demonstration at Indianapolis, Ind., is one of the new five-ton tanks being built for the U. S. Marine Corps. The midget tanks can run around on the deck of a battleship and are designed to accompany landing parties.

Rio Grande Perch Classified As Nuisance By Game Group

By DAVE CHEAVENS
 Associated Press Staff

The piscatorial rascal of the Rio Grande is a sharp-toothed child sometimes called a perch.

The Rio Grande perch is a predator. That means he is officially classified as a dangerous nuisance, along with the bob cat, the coyote and the rattlesnake. The Rio Grande perch is vicious and fearless. It has a reddish, baneful glare in the eye. It is streamlined. It is not backward about fighting, and it weighs in black bass, and if it lacks anything in cussedness, it compensates for his shortcoming in speed.

The experts in the game commission offices at Austin are reluctant to talk about this predatory perch. It is NOT that they do NOT know anything about the bearcat of the bayous; experience has taught them too much.

Some years ago they enthusiastically stocked a stream with the perch, knowing them to be game fighters and prolific reproducers. Pretty soon they discovered there were NO more bass in that stream. There a lake was stocked. The Rio Grande perch nonchalantly ate up all the bass, the catfish, the goggle eyes and the bream. If you elected to fish in that lake, you fished for Rio Grande perch or nothing.

After that, the game commission authorities ruled Rio Grande perch out of the hatcheries. They let them be.

That's exactly what the Rio Grande perch wants. He wishes to be left alone. If you do NOT leave him alone, he'll likely throw punch at you. Therefore discriminating anglers who like their fighting fish, are learning they have a new game warrior to contend with, and there are many who had just as soon land a Rio Grande perch weighing a pound as a bass weighing three times that much. They will take any bait that break like—preferably, wiggling worms, grubs, the larva of mud daubers or wasps, even bits of salted shrimp.

They rise readily to trout flies, and especially to the small hairy white ones, or to black gnats. These should be fished deep and retrieved in jerks. In fact, all bait should be presented to this perch in a manner designed to irritate him. He is highly irritable and strikes quickly, stripping out line rapidly in the manner of a trout, and fighting stubbornly in a skittering, zig-zag run. Occasionally when pressure is put on they will come to the surface and rise in a sort of a rolling jump that is unusual in a fish so small. As a rule, they do not go in for acrobatics commonly resorted to by a small, large mouthed bass, or by a trout.

For maximum sport, the fly rod is your best bet in fishing for Rio Grande perch, but a limber cane pole will do. If the water is clear, use a long leader and a very small hook, because this fish has a small mouth and is an expert bait robber.

You don't have to drive all the way to the Rio Grande to find a Rio Grande perch. They occur as far east as the San Marcos river; in the clear waters of which you may see large schools of them endlessly on the prowl for food, or

Complaints On Water Service Being Probed

To find out where the trouble lies, according to complaints received, the city is making an intensive survey of water department complaints.

A record of complaints made by Pampans for a two-months period April 20-June 20 of this year, shows that re-readings of water meters were asked by 62 consumers, 45 asked that lines be checked for leaks, one asked a meter test, and one complained of no pressure. There were four meter leaks discovered among the complaints.

City officials are asking that residents having complaints about water supply or service, make them direct, instead of becoming agitated and commenting to others.

The reason for the request by the city is that only in this way can the complaint be investigated and adjustments made.

In addition to the classification of complaints, the city is also preparing an analysis of water consumption.

A ledger shows four classifications, city regular, \$2 per 3,000 feet city lawn, \$3 per 7,000 feet; out of city regular, \$2.40 per 3,000 feet; out of city lawn, \$3.60 per 7,000 feet. There is also a division for special rates, such as the rate for the schools water supply.

When completed the survey will show the percentage of water users in brackets from the minimum to 700,000 feet. From the report, a comparison of amount of water used and rates paid by each bracket can be determined.

To eliminate another complaint, it has been decided to send a man around with the meter reader at the end of next month, to hoe down the meter and water meters, clean them off, so that meters may be readily visible to both property-owner and meter man.

She Shouldn't Lack Patients

Comely Janet Waggener, of Paris, Tex., told her dad she wanted to be a doctor. Dad was skeptical. So Janet, to prove her ambition is genuine, enrolled as a co-ed at the East Texas State Teachers College, where she is working her way through the first two years of a pre-medical course.

Canadian Man Observes 80th Birthday July 4

Special To The News
CANADIAN, July 9.—E. H. Brainerd, prominent pioneer cattlemen, is celebrating his eightieth birthday Thursday, having been born in Massachusetts July 4, 1860.

The Brainerd family moved to New York state in 1868 and to Canadian in 1888, though young Edward went west to try his fortune in 1881, before he reached his majority. He worked first in Colorado, coming to the Texas Panhandle in 1883 where he has lived ever since.

His home is in Canadian but most of his ranch lands lie in adjoining counties.

Mr. Brainerd married Miss Kittie Pullerton of New York in 1901. Their daughter, Mrs. W. W. McIntyre, died several years ago leaving two sons and an infant daughter. Their son, E. S. P. Brainerd and family reside on the home ranch. He has a son, Edward, living in Pampa.

Mr. Brainerd served on the local school board several years and four terms as city commissioner. He assisted in organizing the old Canadian State bank and was at one time president of that institution.

He is still active in spite of his four score years, makes regular trips to his ranch and is his own chauffeur.

White And Ingram To Attend A. & M. Firemen's School

Pampa Fire Chief Ben White and Fireman Erge Ingram will attend the annual firemen's training school at Texas A. & M. college, July 28-August 2. The two Pampans will leave here July 27, and return on August 3 or 4.

In a letter to mayors announcing the annual school, Director H. R. Brayton writes:

"Your Texas Firemen's Training school should be of vital importance to you this year. Approximately 600 firemen from all parts of Texas will meet at Texas A. & M. college this month for a concentrated period of training under the direction of experienced firemen and technical instructors.

Every man will receive approximately 27 hours of drill work and 12 hours in the class rooms.

Particular emphasis will be laid on modern and efficient methods of fire fighting, fire prevention, inspection and arson investigation. This year a new course is being offered for drivers and pump operators with the idea of greater efficiency and economy in handling this expensive equipment.

In addition the school will offer several Red Cross first aid courses so that the firemen will be able to step in whatever the emergency may be when it arises."

Last year 467 Texas cities received reductions in their key fire insurance rates by having members of their fire department attend the school and then pass the examinations given on the final day.

Mountains are only thick portions of the earth's crust, floating on the more dense interior, like "orks in cold molasses," according to many geologists.

McLean Library Guards Against "Fifth Column"

Special To The News
McLEAN, July 6.—In response to an editorial request in the McLean News, a board of censorship will be formed to keep all "fifth column" books out of the new McLean library.

The committee will pass on books accepted by the library and call out all things which are obviously propagandist, and not literature.

A story-hour will be held on Mondays, Wednesdays and Fridays from 10 till 11 a. m. It will be under the sponsorship of Francis Landers, Mrs. S. A. Cousins and Mrs. C. A. Croyer.

Shelves are now being built, and the cataloging of books and magazines is continuing. A formal opening is planned, but no date has yet been set for it.

Scout News

Boy Scouts of Troop 16 will have their next overnight camp at Lake McClellan. It was decided at the troop meeting held at 7:30 o'clock Monday night at the First Methodist church.

Swimming tickets were issued at the meeting preparatory to plans for holding the next meeting Monday night at the Pampa Municipal Swimming pool.

The army camera has nine lenses, which can take a photo of a territory 600 miles in area, depending upon the altitude.

Simon, Eden Relatives Arrive In Canada

QUEBEC, July 6.—The third British group to arrive here this week—including youthful relatives of Sir John Simon and Anthony Eden—reached Quebec today enroute to new temporary homes far from the menace of Nazi bombers.

Fourteen-year-old John Eden and his three sisters, Ann, 16, Rose, 13, and Amelia, 7—nephew and niece of the British war secretary—told reporters they and their three young cousins will attend a school to be established at Vernon, B. C., by their mother.

Angela Manning, 14, Margaret Bickford Smith, 14, and Carol Bickford Smith, 15, all grandchildren of

COMEDY PREDOMINATES IN FILMS ON PAMPA SCREENS THIS WEEK

"Andy Hardy Meets a Debutante," "Love, Honor, and Oh-Baby" Aces in Humor; "Son of the Navy," Anti-Nazi Story Offered

By BROWNWOOD EMERSON

Comedy rules on Pampa screens this week, with the majority of the bookings devoted to humor.

Ninth of the Hardy family series "Andy Hardy Meets a Debutante," involves Mickey Rooney in a hilarious attempt to crash the acquaintance of a Manhattan deb with whose photograph he has become smitten at Carvel.

The Cisco Kid comes twice to Pampa this week, once with Mary Beth Hughes in "Lucky Cisco Kid" in which the Kid's latest adventure has the background of an Arizona town terrified by raiders.

"Lucky Cisco Kid" is on the Rex screen Friday and Saturday. "The Cisco Kid and the Lady," is at the State Tuesday. Marjorie Weaver plays opposite Cesar Romero in this picture.

"Andy Hardy" opens the week at the LaNora, while Monogram's "Son of the Navy" is first of the week at the Crown. It tells the story of a youngster who runs away from an orphanage to "adopt" a father and mother. Complications arise when he chooses an admiral's daughter and a navy officer, who thoroughly hate each other, as his parents.

Martin Spellman, 12, has the role of orphan Tommy, with Jean Parker and James Dunn heading the adult cast. Picture is adapted from the radio play which starred Ginger Rogers on the Silver theater.

Typical Aultry western is "Gaucho Serenade," at the Rex today, tomorrow, and Tuesday.

"Love, Honor and Oh-Baby," with Johnny Downs in the chief role, Charlie Ruggles in "Opened by Mistake," are other comedy films of the week. First named is at the LaNora, Wednesday and Thursday; the latter at the Rex, Wednesday and Thursday.

On the opposite side of the comedy angle is the biographical study of a typical American boy, "Young Tom Edison," with Mickey (Andy Hardy) Rooney in the role of the great inventor as a boy. At the State Wednesday and Thursday.

To the LaNora screen Friday and Saturday comes the story of a Czechoslovakian family brought to sor-

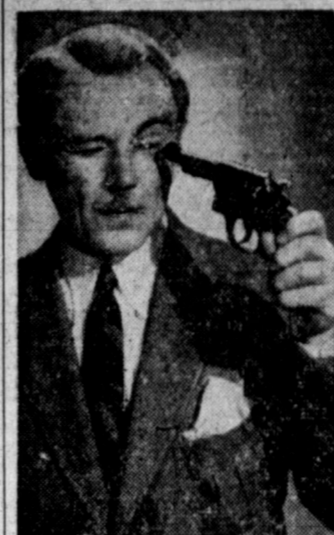

TOGETHER FOR THIRD TIME

In "Andy Hardy Meets Debutante," opening today at the LaNora Theater, Judy Garland makes her second appearance with the famous Hardy Family and her third with Mickey Rooney. Judy was first intro-

duced to the Hardys in "Love Finds Andy Hardy," and then scores an outstanding success with Rooney in "Babes in Arms." In the new picture, ninth of the series, which has its locale in New York City, Judy shows Andy the town, with hilarious results.

SIGHTS TROUBLE

Looking for trouble the hard way occupies Charlie Ruggles for several laugh-filled reels in Paramount's new comedy-Mystery "Opened by Mistake," which opens Wednesday at the Rex theater.

Film Daily rates the picture as a neat laugh-chiller. Story concerns efforts of a pair of newspaper reporters to retrieve lost jobs by solving a trunk murder. Ruggles and Robert Paige have the role of reporters, while Janice Logan is cast as a bank insurance company investigator.

THIS WEEK IN PAMPA THEATERS

LANORA

Today, tomorrow and Tuesday: Mickey Rooney, Judy Garland, Ann Rutherford and Lewis Stone in "Andy Hardy Meets a Debutante."

Wednesday and Thursday: "Love, Honor, and Oh Baby," with Johnny Downs; cartoon and comedy.

Friday and Saturday: Don Ameche, Alan Curtis, George Ernest, Robert Lowery in "Four Sons."

REX

Today, tomorrow and Tuesday: Gene Autry and Smiley Burnette in "Gaucho Serenade." Popeye cartoon, novelty and news.

Wednesday and Thursday: Charlie Ruggles in "Opened by Mistake." Friday and Saturday: Cesar Romero and Mary Beth Hughes in "Lucky Cisco Kid."

STATE

Today and tomorrow: Spencer Tracy and Hedy Lamarr in "I Take This Woman."

Tuesday: Cesar Romero and Marjorie Weaver in "The Cisco Kid and the Lady."

Wednesday and Thursday: Mickey Rooney, George Bancroft and Fay Bainter in "Young Tom Edison." Friday and Saturday: Bob Steele in "Wild Horse Valley." State unit show with Lew Lahr comedy, cartoons, and serial.

CROWN

Today, tomorrow and Tuesday: "Son of the Navy," with James Dunn, Jean Parker, Martin Spellman, Ray Whitley western short. Latest news.

Wednesday and Thursday: "Mr. Doodle Kicks Off," with Joe Penner. Selected short subjects.

Friday and Saturday: "Pals of the Silver Sage," with Tex Ritter. Cartoon, serial and news.

Texas Prof Urges Declaration Of War

AUSTIN, Tex., July 6.—(AP)—Immediate declaration of war on Germany and Italy by the United States was seriously advocated today by Professor J. L. Mecham of the University of Texas.

In an interview, the husky 46-year-old student of international affairs pointed to the French-English naval action at Oran and observed that:

"If defeated, England may deliver its fleet to Germany. British chances hinge on large scale American aid and only by full mobilization under a declaration of war can aid be sent in time."

Mecham, who directed the state school's recent "Western Hemisphere War Problems Conference," is a native of California, a graduate of the University of California and a former instructor at Columbia University. He came to the University of Texas, where he teaches government subjects, 35 years ago.

Ships and planes, not troops, should be rushed to England, he stated, adding he regarded the landing of forces in Europe as an impossibility.

"But in view of the fact that Frenchmen are willing to sacrifice their lives in order to turn their navy to Germany," he asserted, "how long will Americans continue to remain unconcerned?"

"The possibility of delivery of the British fleet can no longer be ignored. It should be clear now that a two-ocean naval attack on the United States can no longer be ruled out as an impossibility. In that event, the blueprint navy of the United States, which will not be completed until 1945, will be of little assistance."

Former Pampans Visit Relatives On Vacation Trip

SPECIAL TO THE NEWS DENWORTH, July 6.—Mr. and Mrs. J. E. Rutherford and daughters Dorothy Jean and Jimmie Lee, Long Beach, Calif., were guests this week of Mr. and Mrs. Robert Matthews here. Mrs. Rutherford is a cousin of Mrs. Matthews.

The Rutherfords are making a 5,000-mile vacation trip, visiting relatives in Texas, Oklahoma, and Arkansas. Mr. Rutherford, a former Pampian, is employed by a steamship company in California.

Master Farmers Of Texas Will Meet Thursday

SPECIAL TO THE NEWS COLLEGE STATION, July 6.—(A&MC)—Master Farmers of Texas will hold their second annual meeting at Texas A & M. college July 11 in connection with the farmers short course.

The Master Farmers formed a state association in 1939, the sixth of its sort in the United States.

F. O. Masten, Wellington, the state president of the Master Farmers of America, an organization of some 1,500 Master Farmers in 27 states and several Canadian provinces.

At the end of 1939 there was a total of 2,732,374 cars and trucks produced in the United States and Canada with a value of \$2,315,514,650.

Lions Club Will Install Officers At Lake McClellan. Lake McClellan, the Panhandle's newest playground, will be the setting for the program to be given by the Pampa Lions club Thursday night when 1940-41 officers are installed.

IN TIMELY FILM DRAMA

A sister installment of war, showing how the Nazis brought sorrow and tragedy to a helpless Czechoslovakian family is 20th Century-Fox's "Four Sons." Film Daily classifies direction as superb, photography as excellent. Shown above left to right, are Don Ameche, convincing; and appearing as the son loyal to Czechoslovakia, Eugene Lenovitch as the mother, George Ernest and Robert Lowery, as the other brothers, Alan Curtis as the brother who works hand in hand with the Nazis, and Mary Beth Hughes as Curtis' wife. At the LaNora, Friday and Saturday.

O. HENRY HERO

The stagecoach is robbed, a gold mine plundered, and badmen die by pistol-poisoning—all of which puts Cesar Romero (Cisco Kid) in the mood for love in 20th Century-Fox's "The Cisco Kid and the Lady." Marjorie Weaver is the heart interest. Based on the romantic, cabalero character created by O. Henry. At the State Tuesday.

Recreation Council Presents Broadcast

Weekly broadcast of the Pampa Recreation council was presented over station KPDV at 5:15 o'clock Friday afternoon with Jim Edwards, recreation superintendent reviewing the objectives of the night and day program now in progress and outlining this week's schedule.

Entertainment on the program was a piano solo by Miss Eloise Lane, tap dance by Glen Shipley, Anna Lois and Gene Alford, vocal duet, and imitations by Claude Denison.

McLean Boys See Champion Derby Car

The Soap Box Derby racer of Hugh Blevins Jr., the car in which the Pampa boy won the local derby last year and competed in the finals at Akron, Ohio, was viewed by McLean boys at the Pampa Craftshop last week, where it was on display.

McLean boys are entering the Pampa News-Lions Club Soap Box derby race here this year and are busy building their cars, for entry in the races here, July 18-19.

It is reported that 55 per cent of the passenger cars registered in America are five years old or less. During 1938 4,000,368 motor vehicles were produced in the world. Because of the unsettled condition abroad, these are the last reliable figures obtainable.

BROADCAST—MEXICAN STYLE

Smiley Burnette, Gene Autry, and Duncan Renaldo in a scene from the Republic picture "Gaucho Serenade," in which Autry has the role of the cowboy who intervenes when a youngster is threatened by gangsters. Opening today at the Rex.

MCBSTER WOE

What happens when a jilted Romeo hires gangsters to "bump him off," then cannot find the gunmen to cancel the deal after he falls in love again, provides the hilarious theme of Universal's romantic comedy film, "Love, Honor and Oh-Baby!," showing at the LaNora Wednesday and Thursday. Warren Hymer and Mona Barrie are shown above in a scene from the picture.

Two Shamrock Boys To Take 4-H Course

SPECIAL TO THE NEWS SHAMROCK, July 6.—Harold Williams and J. L. Phillips will represent the Shamrock 4-H club at the annual short course at A. & M.

college. College Station, which begins on Monday. The usual custom is for one boy to represent each club in a county at this short course and that boy is chosen by the club sponsors on his merits. He is judged on his projects, his record book, and his general cooperation with the club.

When judging was finished today it was discovered that two boys had identical ratings in the Shamrock club. The Shamrock chamber of commerce had made arrangements to sponsor one boy but had not anticipated a tie and therefore it became necessary to find a sponsor for the second boy. The Shamrock Cotton oil mill, The F. & M. State Bank and the First National Bank, on hearing the dilemma in which the club found itself, volunteered to sponsor the other boy to the short course.

Young Phillips and Williams, along with boys from the other clubs of the county, will leave Shamrock Friday morning, arriving in College Station on Saturday and will return on Friday, July 14.

O'Daniel Greatest 'Do-Nothing' Says Ernest Thompson

WAXAHACHIE, Tex., July 6.—(Special)—Need for a comprehensive farm program for Texas was voiced here tonight by Ernest O. Thompson, candidate for governor. Tonight's address was the fourth of the day in central Texas in each of which Thompson devoted the main part of his talks to problems of the farm and ranch.

The Fighting Colonel also continued his attack on the record of Gov. W. Lee O'Daniel, saying the present occupant of the office was the greatest "do-nothing" executive Texas has ever had.

The candidate also stressed the dangers confronting America and pleaded for a return of the spirit of sacrifice rather than the spirit of pleasure which he said had followed the World War of 1917 and 1918. Earlier today Thompson spoke at Fairfield, Teague and Hillsboro.

Britain's Marooned Sea Queen May Sail

The 85,000-ton British luxury liner Queen Elizabeth, pictured at her New York berth after taking on two large-loads of fuel oil recently. The loading prompted reports that the Queen, marooned in New York by the war since last March, would soon sail. At left is the craning hull of the Normandie, only large French liner left in the port.

Hitler Called Napoleon And Caesar In Triumphant Return

By LOUIS P. LOCHNER BERLIN, July 6-(AP)—Adolf Hitler came back from his conquests today to ride across a vast carpet of flowers and hear the tumult of a welcome such as Berlin had never seen before.

I have ridden behind Hitler many times at Nurnberg party conventions, when he entered Danzig last September, when he returned victorious from the Austrian Anschluss.

There always has been enthusiasm, but today it was different. The distinguishing feature was the complete abandon with which the population cheered, waved flags and cried "heil."

Thompson Says He Would Veto Any Sales Tax

(By The Associated Press) Gubernatorial candidates took a deep breath over the week-end before resuming the earnest name-calling that brought out good crowds at rallies all over the state last week.

At Waco, Friday night, Ernest O. Thompson was applauded when he said he would veto sales tax legislation every time it came to his desk as governor. He assailed Gov. O'Daniel's record in office and his war record.

First votes in the campaign will be cast Monday, as absentee balloting begins. These ballots will not be tabulated until election day.

Not all the candidates had decided when and where they would drum for votes during the coming week.

Headquarters of Gov. W. Lee O'Daniel at Austin said he had not determined whether to follow up last week's blast at professional politicians with another stump speech. He will continue his regular radio appearances.

James E. Ferguson will speak in behalf of Mrs. Ferguson at Corsicana Friday and Cleburne Saturday. The Ferguson forces plan a rally at Fort Worth July 24, three days before the primary.

Last week Ferguson took pot-shots at Mrs. Ferguson's opponents, particularly O'Daniel, at Longview and Lufkin. Jerry Sadler scheduled five speeches every day next week but Wednesday, when he planned to relax with only one Monday night spasm at Terrell, Grand Saline, Mineola, Quitman and Gilmer. He plunged into his campaign last week, storming East Texas with his anti-Billy Band and a denunciation of the transactions tax once proposed by O'Daniel, and a presentation of his own plan for natural resources taxes.

Ferguson opposed a natural resources tax, and pledged for a gross income tax, with a 45-000 exemption, to pay full pensions.

Both Thompson and Harry Hines have stressed the need for strong leadership in Texas because of the "double-barreled" situation. Hines criticized O'Daniel for "reducing the effectiveness" of the state police, highway patrol and rangers by cutting their appropriation.

Hines promised to propose an emergency measure "that the legislature appropriate an additional \$350,000" to restore the state police and rangers, if he is elected governor.

More than that, fresh, massed manpower presented itself in storm troop and Schutz Staffel formations, labor battalions, Nazi motor troops, numerous types of civil service employees, railwaymen, street-car men, and in the older classes of Hitler youths.

Hitler came to the capital well ahead of Italian Foreign Minister Count Galeazzo Ciano, who is due to arrive tomorrow.

It is understood that the visit is in the main a demonstration of the solidarity of the axis.

Seven coeds were graduated from the division of engineering at Texas Technological college this year, each receiving the bachelor of science degree in architecture.

'America For Americas,' Says Hitler, So Americas Back Up Monroe Doctrine

Text of the Monroe Doctrine was carried in President Monroe's annual message to congress Dec. 2, 1823. Significant passages are these: 'The occasion has been judged proper for asserting as a principle in which the rights and interests of the United States are involved, that the American continents, by the free and independent condition which they have assumed and maintain, are henceforth not to be considered as subjects for future colonization by any European powers. We should consider any attempt on their part to extend their system to any portion of this hemisphere as dangerous to our peace and safety.'

By MILTON BRONNER NEA Service Staff Correspondent It was Bismarck who called the Monroe Doctrine "a species of arrogance peculiarly American." The Kaiser was well known to hold the same opinion. And Adolf Hitler despite—or maybe because of—his "America for Americans" declaration is believed by Americans to go Bismarck and the Kaiser one better. That is the one big reason the United States matches German military triumph in Europe with moves toward a "cartel" of the 22 nations of the western hemisphere, including Canada, to control their vast food supplies and raw materials. The reason strong support comes to the proposal that the U. S. take over Allied American possessions... the reason the Senate voted unanimously the legislation warning that the U. S. would not "acquiesce" in the transfer of western hemisphere colonies from one non-American nation to another.

EUROPE NEVER LIKED DOCTRINE From its proclamation in December, 1823, the Doctrine has never been popular with European countries. They have challenged its validity as international law. In two famous cases, France and Britain violated it and in both cases the United States was ready to go to war. Both France and Britain have respected the Doctrine ever since, but Germany has been consistently the most hostile to it.

During the Civil War, Emperor Napoleon III of France sent an army to Mexico and planted the Austrian Archduke Maximilian upon a shaky Mexican throne. But when the war was over, the Union talked turkey to Napoleon. He hastily withdrew his army and left Maximilian to his fate. In 1895 Venezuela and Britain were in a dispute about a boundary between Venezuela and British Guiana. Under President Cleveland, Secretary of State Olney sent his message to England demanding arbitration.

There have been only three violations of the Monroe Doctrine to which the United States made no objection then or since: 1. The seizure of the Falkland Islands by Britain in 1833. 2. The extension by Britain to larger territory of its colony of British Honduras in 1859. 3. The transfer of the island of St. Bartholomew from Sweden to France in 1877.

Germany was distinctly hostile to America during the war with Spain. The German foreign office figured a victory for America would strengthen the Doctrine. Further, America would fall heir to Spanish possessions in the new world.

LAST BRUSH CAME IN 1914 Germany led the European big powers to send a note to America, seeking to prevent the war with Spain. The Germans wanted something like direct intervention, but France and England would not agree.

Having been thwarted in his hope to get the Philippine Islands, because the United States took them over, and also disappointed in his hope to purchase Pacific ocean islands which Spain had once owned, the German Kaiser was constantly rumored aiming at getting naval and coaling bases in Cuba and purchasing the Philippines.

It said the bureau were set up "in the interests of a food and continuing supply of foodstuffs in occupied territory."

In addition, all business establishments must continue operating, and employees are forbidden to quit or strike.

Condensed Statement of The Condition of Citizens Bank and Trust Company Pampa, Texas at close of business June 29th, 1940. Resources: Loans and Discounts \$92,658.96, Overdrafts 19, Stocks 5,000.00, Furniture and Fixtures 3,277.19, Cash and Exchange 231,465.78. Liabilities: Capital Stock \$75,000.00, Surplus 7,500.00, Undivided Profits 8,475.77, Deposits 241,426.35. TOTAL \$332,402.12. Officers and Directors: S. C. Evans, President, Bob McCoy, Vice President, E. O. Sneed, Vice President & Cashier, A. J. Beagle, M. A. Graham, J. J. Crutchfield, F. M. Culberson, Ivy E. Duncan, Dr. W. B. Wild.

chasing islands in the West Indies, a threat to the Panama Canal. The famous Platt Amendment to the army bill in March, 1901, was an answer. The principal clause was that Cuba was not to permit any foreign power to secure partial or complete control of the island. The next move came in 1902 when the United States arranged to purchase the Danish West Indies. The plan was defeated by the Danish parliament—probably under German pressure.

In 1903 Germany Britain and Italy, having financial claims against Venezuela, blockaded Venezuelan ports without protest from America. The Germans sunk two Venezuelan gunboats, bombed a port and destroyed a village. American opinion flared.

Germany soon decided to let the problem go to arbitration. In 1904 the financial affairs of the island republic of San Domingo were in a snarl. Rumor came to Washington that Dominican politicians wanted Germany to take control. Germany was more than willing. But President Theodore Roosevelt saw that Germany was not allowed to go into Domingo. American marines did the job.

The last brush with Germany came with the outbreak of the World War. It was feared Germany might buy from Denmark the Virgin Islands. Secretary of State Lansing informed the Danish minister in Washington that if German control of the islands seemed imminent America would seize them. Finally in 1916, America bought them.

While here he visited with a member of the first graduating class of the school, Dr. Walter M. W. Splawn, a member of the Interstate Commerce Commission and former president of the University of Texas. Dr. Splawn received his associate arts degree from Decatur in 1904. (The school enrolls students for the last two years of high school and the first two of college.)

One of the army air corps officers formulating the gigantic air expansion program under national defense legislation is a Texan. He is Lieutenant Colonel Arthur B. McDaniel, a native of San Antonio born August 31, 1895.

Graduating from the University of Texas with a law degree, Colonel McDaniel enlisted in the Army August 15, 1917, as a second lieutenant in the infantry officer reserve corps. In November he received a commission as a second lieutenant in the regular army, and in July, 1920, became a captain and was transferred to the air service.

His graduation from the air service pilots and bombardment schools, is rated as a pilot and observer, and hold the Distinguished Flying cross.

Another of the officials in the War Department arranging the expansion program and having much to do with the selection of sites for new air schools in Brigadier General Jacob E. Fickel. Although not a native Texan—he was born at Des Moines, Ia., in 1889—General Fickel

learned to fly at Carruthers field in Texas during World War days, studied advanced flying at Kelly field San Antonio, Texas, as commandant of Kelly in 1935 and 1936. He enlisted in the regular army in 1904 as a private and was promoted to second lieutenant in the infantry in 1907. Few officers of his rank came up from private, most of them being West Point graduates.

Here to aid Rep. Richard Kleberg of Corpus Christi and navy officials in ironing out details of plans for the \$25,000,000 air training school to be established at Corpus Christi is John A. Mobley, a resident of that city and a member of the Texas national defense aviation council appointed by Gov. W. Lee O'Daniel.

Polices France

Jean Paul-Boncour, above, nephew of the former French premier Joseph Paul-Boncour, is pictured as he recently stepped off the Atlantic Clipper in New York. He'll serve as press attache for Western Hemisphere at French Embassy in Washington.

Second Meador Trial Set For This Week

Trial of two cases, that of State of Texas vs. P. M. Meador, charged with failure to stop and render aid, and of State of Texas vs. Jim Hodges, charged with receiving and concealing stolen property, are set for this week of 31st district court. Meador's case is set for tomorrow. Meador was assessed a \$750 fine in district court here June 21, as the result of a jury verdict finding him guilty of negligent homicide in the second degree.

Both charges against Meador were in connection with the motorcycle-automobile crash east of Pampa last September in which W. D. (Bill) Kelley, Pampa youth, suffered fatal injuries. Tomorrow is the opening of the seventh week of the May term. The week is civil jury, subject to criminal, as is the following week, starting July 15. Non-jury week will start on July 22, and one day later the grand jury is to reconvene.

Petit Jury List Petit jurors, scheduled to report tomorrow morning in district court are: From Pampa—John T. Sims, J. E. Haden, J. C. Volmuth, Claude Hlpps, O. V. Batson, Vera Savase, S. J. Spears, Bob McCoy, C. E. Ward, Ben Williams, J. E. Murfee, Herman Whately, H. C. Cottrell, Guy Farrington, Mack Harmon.

From McLean—M. H. Brooks, George Hervey, E. B. Brooks, C. L. Pettit, C. W. Stokes, W. L. Hinton, Jenkins Shaw. From LeFors—G. W. Roßs, William Giles, L. W. Natho, A. L. Watkins, George P. Moore, from Groom, Willard McAdams, from Akinsred, J. A. Darnell, J. C. Oakley, from Miami, Lawton Hoffer.

Decatur Baptist College First Junior College In United States

WASHINGTON, July 6 (AP)—Forty years ago Dr. J. L. Ward became president of Decatur Junior college, then a two-year old institution.

Here conferring with directors of the office of education Dr. Ward learned that the school he has headed since 1900 was the first junior college founded in the United States. Others now existing may be older, but they were started originally as senior colleges or universities.

Dr. Ward, was chairman of the board of trustees of Decatur when its doors opened in 1898 and served in that capacity until becoming president.

Of great importance to oil producers from the far west-Texas fields near Odessa and Midland to extreme East Texas was a provision in the national defense tax bill continuing for five years the excise tax on imports of gasoline and lubricating oils, and increasing the levy from 1 to 5 cents per gallon on the former and 4 to 4.5 cents per gallon on the latter.

Originally adopted as a temporary measure for two years, the excise tax has been renewed for two year intervals and but for the war emergency tax measure probably would have continued its existence only for such periods. Each time it was extended congressmen from oil-producing states had a light on their hands to pass the legislation.

Here en route to Philadelphia to attend the republican national convention was R. B. Creager of Brownsville, Texas republican national committeeman. He visited his good democratic friend and golfing partner, Rep. Milton West of Brownsville.

Salt Water Encountered In Childress Wildcat

Although the flow of salt water has not been shut off, drilling is progressing slowly in the Texas company's wildcat test in North Childress county. At last report drilling was at 815 feet. The bit dropped into an artesian flow of salt water at 515 feet as circulation was lost. Salt water shot over the top of the derrick for 18 hours, covering the country with a light coat of white salt. Efforts to cut off the flow of water were unsuccessful, according to reports received here, so drilling was resumed. Amateur photographers are finding the rig and nearby country interesting and visitors and photographers from many Panhandle points have visited the well.

The Panhandle field continued quiet last week as the railroad commission announced an additional two days shut-in for the state during August.

Seven new oil wells were gauged for 1,656 barrels and two gas wells were given open flow potentials of 11,200,000 cubic feet. Even new locations were staked, three each in Wheeler and Moore, two each in Carson and Hutchinson and one in Gray.

Two more wells will be drilled in the Sloss ranch in Wheeler county where a 90-barrel well was completed recently. Completions by counties follow: In Carson County Magnolia Petroleum company, No. 83 Fee 244, section 110, block 4, I&GN survey, gauged 35 barrels.

In Gray County King Oil company, No. 8 Simpson section 140, block 3, I&GN survey, tested 377 barrels. Magnolia Petroleum company, No. 3 Morse "C," section 68, block 25, H&GN survey, gauged 303 barrels.

In Moore County Phillips Petroleum company, No. 1 Weatherbee, section 9, block 6-T, T&NCO survey, gauged 3,100,000 cubic feet. Texoma Natural Gas company, No. 14-M Coon, section 5, block 6-T, T&NCO survey, tested 8,100,000 cubic feet.

Intentions to drill: Magnolia Petroleum company, Fee 244 No. 85, 330 feet from the north and west lines of east 1/4 of section 108, block 4, I&GN, Carson county. The Texas company, E. J. Moore No. 9, 990 feet from the north and 1,320 feet from the east lines of SW 1/4 of section 25, block 4, I&GN, Carson county.

Texoma Natural Gas company, S. B. Burnett No. 3-T, 2,001 feet from the south and 1,338 feet from the east lines of E 1/2 of section 86, block 5, I&GN, Carson county. Magnolia Petroleum company, W. W. Merton No. 24 "A," 330 feet from the north and east lines of S 1/2 of section 82, block 3, I&GN, Gray county.

Clay Brothers Drilling company, Ethel Smith A-1, 3,028 feet from the south and 646 feet from the east lines of block 6, Wm. Heath survey, learned to fly at Carruthers field in Texas during World War days, studied advanced flying at Kelly field San Antonio, Texas, as commandant of Kelly in 1935 and 1936.

He enlisted in the regular army in 1904 as a private and was promoted to second lieutenant in the infantry in 1907. Few officers of his rank came up from private, most of them being West Point graduates.

Here to aid Rep. Richard Kleberg of Corpus Christi and navy officials in ironing out details of plans for the \$25,000,000 air training school to be established at Corpus Christi is John A. Each time it was extended congressmen from oil-producing states had a light on their hands to pass the legislation.

Chihuahau Tense With Governor's Race In Spotlight

EL PASO, Texas, July 6.—(AP)—The Chihuahua state district of northern Mexico, its national election complexities heightened by a tense gubernatorial race, waited tensely but quietly tonight for opening of the polls tomorrow in the Mexican general elections.

Across the Rio Grande all bars were closed, uniformed police confined to barracks, all special police disarmed, firearms of every sort prohibited, and polling places and towns patrolled by army troops.

International bridges linking El Paso with the border city of Juarez, headquarters of half a dozen past Mexican revolutionary leaders, were closed by the immigration service during the day to prevent entry of "trouble making" Mexicans living in the United States.

A political fight for governor of the state of Chihuahua, described by border observers as "delicate," added to the election picture featuring the presidential candidates of General Juan Andreu Almazan.

Second Meador Trial Set For This Week
