BHS CX Debate Team Repeats As State Champion in IA UIL Competition

With the proverbial bull's eye marked squarely on their backs, Borden High School juniors Billy Roper and John Wilson did what champions do: they hit the mark.

As defending champions in examination debate, the duo faced Benjamin in the finals again, taking unanimous 3-0 decision by the judging panel.

freshmen, advanced to the quarterfinal round, losing to eventual state champion Christoval.

In 2003 they came home with gold medals and an unbeaten record of 8-0 over the two-day tournament, held each year on the University of Texas campus in Austin.

That feat was repeated this year as the BHS team made it through the four preliminary rounds Monday with a 4-0 record.

Those preliminary rounds are judged by one person; advancing to the second day qualifies teams for panel decisions comprised of three

people.

With the state championship, Roper and Wilson now have the distinction of being the only

Betting on La Bête B.H.S. One-Act Play Set for **Zone Contest**

Packed with fastpaced energy, uproarious comedy, and a twisting storyline, Borden County High School's production of David Hirson's farce La Bête will take the stage next Tuesday as the school's entry in this year's U.I.L. One-Act Play competition.

The District 9-A West Zone Contest on March 30th will be the first of what will hopefully be a lengthy run for the cast and crew of nineteen.

The zone contest will be held at Dawson High School in Welch. It features productions from Dawson, Grady, Ira, Klondike, Sands, and Borden County.

Borden County will be the first play to perform and will begin promptly at 2:00 p.m. From there, the plays will run back-to-back and will be followed by an awards ceremony.

Audiences are highly encouraged to arrive early to assure admittance. The doors are usually closed during briefly between shows.

The top two plays East Zone at the District 9-A Contest on Thursday, April 1, at Jayton High School.

La Bête (French for "the beast") debuted on Broadway in 1991 with critical acclaim. When it was

produced in England the following year, the play received the Olivier Award for best comedy of the year.

The play is written as a classical French farce in the style of Molière, the most famous French playwright of the seventeenth century. However, the production appeals to modern audiences with its witty lines, slapstick and humor, immense absurdity.

Senior Kyle Pinkerton stars as "Elomire," the leader of an acting troupe funded by "Prince Conti," played by junior Tyler Wallace.

Unfortunately, this new member, "Valere," (junior John Wilson) is detested by the rest of the troupe. His arrogant attitude and constant talking (not to mention his horrible "acting") cause the performances and open group to insist on his departure.

At the request of the from the contest will join the Prince, however, Valere is top two productions from the given permission to perform one of his own plays as an audition for the troupe. As absurd production progresses, the troupe decides that his show is much more

Borden Co. Boys Track **Team Finishes Runner-up** In Borden Relays

Borden County Coyotes came up just a little short in their quest for a third track title in a row for the 2004 track season. This would have been especially sweet as the Coyotes were competing in their own track meet. Before I got on about the Meet, I would like to thank everyone who gave of their time in volunteering to help with the many duties that are required to run off a very successful track meet. Thank you all for your time.

As for the meet, the highlight of the track meet had to be the school record that was set by Sophomore, Garrett Thomas in the 300 intermediate hurdles. This was a record that several past quality Coyote hurdlers such as Grant Key, Trini Vasquez, Robert Stamper and Jacob Zant. Lady Coyotes at Coyote Relays

Lubbock Christian girls won the Coyote Relays held last Friday, with 106 points, Grady was second with 83 points, Meadow was third with 77 points, Highland was fourth with 76 points, Borden County was fifth with 55 points, Hermleigh was sixth with 52 points, Ira was seventh with 36 points, Ropes was eighth with 24 points, Loraine was ninth with 18 points, Westbrook was tenth with 8 points, and Grady JV had a point.

The Lady Coyotes had a stroke of bad luck in two of the three relays. In the 400 m. relay, Cassidy Rinehart fell at the third exchange handing the baton off to Lindsey Stamper. Lindsey picked up the baton and ran it to Menda James who brought the baton around in

5th. It was to no avail as the Lady's were disqualified in the event on the ill fated exchange. Shayla Gass ran the first leg of the race. Cassidy ran the rest of the day with her knee scraped up and bandaged. The Lady's would have won this event with clean exchanges. Their preliminary time was 55.60.

In the 800 m. relay the Lady Coyotes had a laps of concentration as they began the race in lane 3 and finished the race in lane 2, is an automatic disqualification,

B.H.S. U.I.L. Academic Teams Set for Saturday's District Meet

The new millennium has been extremely gracious to the U.I.L. Academic teams of Borden County High School. The past four years of competition have led to three consecutive overall district championships, fourteen state qualifiers, and six state champions.

Approximately thirty students from Borden County High School are hoping for more of the same at this Saturday's District 9-A U.I.L. Academic Meet to be held on the campus of Western Texas College in Snyder.

The students will compete in twenty different contests involving the disciplines of mathematics, science, social studies, writing, journalism, business, speech, and debate.

Competing against students from Borden County at the twelve school district meet will be contestants from Aspermont, Dawson, Grady, Guthrie, Ira, Jayton, Klondike, Paint Creek, Rochester, Rule, and Sands.

three The top individuals and the first place team in each contest will advance to the Region II-A Academic Meet. Hardin-University in Simmons Abilene hosts those contests on April 23 and 24.

The individuals and the top two teams in each contest earn points that will cumulatively determine the overall district champion.

Points awarded at the District 9-A CX Debate Meet held in February, at the Lincoln-Douglas Debate contest set for March 31, and at the One-Act Play contest on April 1 will then be added to the general academic points in order to complete the district totals. A district overall champion will then be declared.

Borden County students competing at the district meet are as follows:

My friend and Marathon resident Star Warford sent me an email the other day and said there was a guy in Marathon who had bought the Marathon Motel, fixed it up, added a restaurant and built a community radio and TV station. Wow! That type of thing is right down my alley. I told Star to alert the guy that I was coming down for an interview.

My buddy, Murchinson, a documentary photographer from Florida, was coming in for a visit, so we made plans to go to Marathon. Bill and I have collaborated on slide shows and videos about rattlesnake hunts, the Balloon Fiesta in Albuquerque, a few Texas

For years, travelers have towns and some wonderful characters.

> When we got to the Marathon Motel, we met the owner, Danny Self. We also met about 20 of the most talented intelligent and residents of the town who just happened to be on the premises. Danny showed us the patio, enclosed within an adobe wall. It has a fireplace, fountain, covered porch with chairs, walkways and desert landscaping. It is attractive. Danny has spent some money.

We then went to Marcie's Kitchen for quesadillas and wine. I started interviewing some of the folks and Bill was photographing them.

I asked Danny how he ended up with the motel. He said he had an exotic game ranch near Dripping Springs and came to Marathon for a wedding. He stayed in the Marathon Motel. While he was there, he noticed a for sale sign in front. He liked

the town and the residents, so he just bought it.

While the sound system was being installed in the courtyard, someone suggested to Danny that he build a community radio station. Radio reception is nearly impossible Marathon. Danny got some of the smart people in town to help him and soon it was broadcasting music on FM 100.1. The station covers a 10 mile area. The community cable TV guy suggested it wouldn't be too difficult to do a TV station. So those smart folks figured out how to do it. Now the Marathon TV station broadcasts on channels 98 (Big Bend promotional videos movies) and 6 (local access).

Abe Bloom, the multi media manager of the Marathon Broadcasting enterprise, spends a lot of time at the stations and does late night music show. Susan Brown does a talk show that broadcasts once a week from Marcie's Restaurant. started out as a 30 minute show but quickly expanded to an hour or so. Susan interviews local artists and residents, even had makeover from the local Mary Kay consultant. Marathon (population 450) is an interesting little town.

Danny just calls serendipity. What's next? Perhaps a network. This technology could fit into many places and situations.

NOTICE OF RATE REVIEW, RATE CHANGE REQUEST AND STATEMENT OF INTENT

Notice is hereby given that Cap Rock Energy Corporation ("Cap Rock") intends to change rates for electric utility service effective March 30, 2004, or as soon thereafter as permitted by law. Based upon a test year ending September 30, 2003, the increase requested over adjusted test year revenues is \$10,202,700 or 14.45%. The changes are applicable to all areas, all customer classes, and all customers served

by the Cap Rock. On October 24, 2003, the Staff of the Public Utility Commission of Texas (Commission) filed a petition to inquire into the reasonableness of the rates being charged by Cap Rock. That proceeding has been designated as Docket No. 28813. Although Staff contends that some of Cap Rock's rates are too high, the inquiry could reveal that rates for some customer classes or some service areas need to be increased. Therefore, the Staff inquiry could result in increased or decreased rates for some customers. Affected persons may intervene in this proceeding, as detailed below, to address the rates being charged by Cap Rock.

In response to the Staff inquiry, on February 24, 2004, Cap Rock filed a rate filing package and a request to increase its rates in Docket No. 28813. Additionally, Cap Rock stated that it intends to change its service rules and regulations including rules relating to obtaining service, line extension and line extension charges, the provision of electric service, service fees, and discontinuance of service. Cap Rock intends to charge uniform system-wide rates to customers in each of Cap Rock's divisions. As a result, the McCulloch Division will no longer have separate tariffs after September 1, 2004.

The specific rates that Cap Rock proposes to charge, the proposed tariff revisions, and a copy of the rate filing package may be reviewed during normal business hours at Cap Rock's offices at (1) 500 West Wall Street, Suite 400, Midland, Texas 79701 (Cap Rock's Headquarters); (2) 1400 W. Business Interstate 20, Stanton, Texas 79782 (the Stanton Division); (3) 1825 South Highway 208, Colorado City, Texas 79512 (the Lone Wolf Division); (4) Highway 69 South, Celeste, Texas 75423 (the Hunt-Collin Division); and (5) 326 E. U.S. Highway 190, Brady, Texas 76825 (the McCulloch Division). Additional, copies may be viewed at the Commission's offices in Austin, Texas.

Persons who wish to intervene in or comment upon these proceedings should notify the Commission as soon as possible, as an intervention deadline will be imposes. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326 and should reference the specific Docket No. involved. Docket No 28813 will address whether Cap Rock's current rates are reasonable; whether they should be revised; and whether Cap Hock's proposed tariff changes should be approved or modified. Further information about this proceeding may also be obtained by calling the Public Utility Commission's Public Information Office at (512)936-7120, or (888)782-8477. Hearing- and speech- impaired individuals with text telephones (TTY) may contact the Commission at (512)936-7136. The deadline for intervention in the proceeding is April 9, 2004, 45 days after the date Cap Rock's statement of intent was filed with the Commission.

Into Bagdad

On the occasion of the one-year anniversary of the launch of Operation Iraqi Freedom, Senator Hutchison has dedicated this week's column to a look back over the past year, and a look forward to Iraq's future.

One year ago this March, American troops rolled into Baghdad and in a matter of days, wiped out a brutal regime that had governed Iraq with a iron fist for decades. Many Americans will recall the "shock and awe" campaign waged by the U.S. Military that lit the skies of Baghdad in a brilliant display of the strength and precision of our Armed Forces. This one-year anniversary is a fitting time to appreciate the hope that now exists in the hearts of the Iraqi people.

The Terror Within

The gravest threat to the United States today is the potential cooperation between terrorist groups and rogue states developing or possesing weapons of mass destruction. Saddam Hussein was a threat to America and the world. He had to track record of unleashing terror. In 1988, he spewed forth a witches' brew of nerve agents, mustard gas and conventional weapons to kill 5,000 innocent Iraqi civilians mostly women and children - in the town of Halabja. His wrath also frequently turned on his neighbors. In 1980, he invaded Iran leaving an estimated one million dead. A decade later his invasion of Kuwait killed at least 1,000.

This ticking time bomb defied the international community for 12 years and through 17 United Nations Words alone would not stop this monster.

To date we have not found the stockpiles of weapons we found the capability produce chemical and biological agents, including the scientists, technology and labs. Rather than let this threat fester and grow, the United States of America acted. Operation the world – is more secure. Thanks to the skill and sacrifice of the U.S. Military and our coalition partners, the threat has been eliminated and the Iraqi people are free left in the dark. and on a path to selfgovernance.

Iraqi Constitution

This March, members of the Iraqi Governing Council signed the Transitional Administrative Law for Iraq, an interim constitution for the country. The document sets in place a framework for the future and provides essential freedoms and civil rights for all Iraqis. It states in part, "All Iraqis are equal in their rights without regard to gender, sect, opinion, belief, nationality, religion, origin, and they are equal before the law. Discrimination against an Iraqi citizen on the basis of his gender, nationality, religion, or origin is prohibited. Everyone has the right to life, liberty, and the security of his person."

The inclusion of women's rights in the document is particularly significant, as Iraqi women have for generations been oppressed

and denied basic rights. Ambassador Paul Bremer recently recalled the story of

one Iraqi woman, Rajja Khuzai, a 57-year-old mother anticipated, but we have of seven and one of three women on the Iraq Governing Council. In 1991, when Saddam Hussein sent Republican Guards to put down a rebellion in her town of Diwaniya, Rajaa was the only doctor left in her Iraqi hospital. An obstetrician, she Freedom removed a vicious remembers performing more enemy, and our nation - and than 20 cesarean section births working alone by candlelight. With Iraq leaving behind its past under Saddam Hussein, women like Rajaa Khuzai will never again be

A Future

The next months and years are critical for Iraq's development. As we work to remove ourselves from the governance process and hand the reins over to the Iraqi people, we do so knowing the task at hand is great. Three decades of rule under a regime of murders and torturers will not be easily forgotten or undone. The fledgling democracy has many challenges to overcome and the road ahead is not easy ... but for the first time in many years, the future of Iraq is no longer one of terror - it is one of promise. And a working democracy in the Middle East will begin to have effects on the whole region.

EASY THREE-CHEESE **LASAGNA**

- cups tomato-based pasta sauce
- pieces (about 8 ounces) uncooked lasagna noodles
- 10-ounce box frozen chopped spinach, thawed and well-drained
- ¼ cup olive oil 2 cups (1 pound) California
- Ricotta cheese 10 ounces sliced California Mozzarella cheese
- 2 cups (about 6 ounces) finely grated California Dry Jack cheese
- 1. Preheat the oven to 350°. Coat a 9x13-inch baking dish

with nonstick cooking spray. Spread about 11/2 cups of sauce over the bottom, then place three lasagna noodles lengthwise over the sauce (Don't worry if the uncooked lasagna noodles don't extend the full length of your baking pan; they will expand in

2. Top with another $1\frac{1}{2}$ cups of sauce, then scatter the spinach over the sauce. Drizzle with olive oil. Top the spinach with half of the Ricotta, placing it randomly in heaping tablespoons. Arrange half of the Mozzarella slices on top and sprinkle with half of the grated Dry Jack. Top with three more lengthwise lasagna noodles, another 11/2 cups of sauce, then with the remaining Ricotta and Mozzarella.

3. Place the remaining three lasagna noodles across the cheese, then spread the remaining sauce over it, covering the lasagna completely. Sprinkle with the 45 to 50 minutes, until bubbling and the top is browned. Let stand 10 to 15 minutes at room temperature, then cut in squares to serve.

Yields 6-8 main course servings Preparation Time: 10 min.
