# Thompson, Cree, And Wilson Enter City Race

## BRITISH PLANES DRAW FIRE OVER BERLIN

### Petitions Put In Circulation Here Saturday

#### Two Slates Now In Field For Pampa's April 2 Election

Petitions to place the names of Fred Thompson, hardware merchant, George B. Cree, independent oil operator, and H. C. Wilson, owner of the Harvester Drug and Wilson Drug stores, on the ballot as candidates for city offices in the election to be held on April 2, were being circulated in Pampa Saturday.

The ticket is the first to be announced here since the middle of last month, when members of the present city commission were named for re-election in another petition. The present commission is composed of Mayor Ed S. Carr and Commissioners Lynn Boyd, and D. W. Osborne.

#### Thompson For Mayor

On the petition circulated yesterday, Thompson was endorsed for mayor, Wilson as commissioner 1, and Cree as commissioner 2.

Reason for the petitions is that the law requires that a petition bearing names of five per cent of the number of votes cast in the city in the last election must be filed to have names placed on the ballot. In the 1938 election there were 1781 votes cast.

In order to have names placed on the ballots in each election, names must be filed 10 days before election. Neither of the two petitions circulated to date has been filed in the office of the city secretary.

An election of two members of the Pampa Independent District School board will be held four days after the city election. One of the places to be filled will be that of C. T. Hunkapillar, president, who recently resigned. J. M. Daugherty, the second member, is completing the last year of his present term. No announcement of his candidacy for re-election has yet been made by Mr. Daugherty, nor has anyone else announced as a candidate in the school board race.

The city election a month from today is the first election on Pampa's political calendar. On July 27 the first Democratic primary election will be held. The second primary will occur on August 24, and the general election on November 5.

### Temperatures Again On Rise

Making an abrupt about face, temperatures in Pampa dropped from summer-like 86 down to a Friday maximum of 46, thence to the 30s yesterday. Early last night the temperature was 39 degrees.

Higher temperatures however were forecast for Sunday. Light snow and some rain fell intermittently early yesterday morning from 2:35 to 10:05 o'clock, and temperatures ranged from 32 to 39 degrees.

### Fire Chief's Car Burns While Answering Alarm

MARSHALL, March 2 (AP)—Fire Chief Sam Lindsay was tardy answering a fire alarm today.

The reason: The chief's automobile burst into flames while he was en route to the blaze. Damage from the two fires was negligible.

### I Heard - - -

That Purdy Gentry, one of the Panhandles best known cowboys, was seen strolling nonchalantly down Cuyler street yesterday afternoon carrying an arm load of rose bushes. When stopped and asked what he was going to do with the rose bushes, he replied, "plant 'em."

This is one of the arresting sketches drawn by Hendrik Willem van Loon to illustrate -

"THE STORY OF DEMOCRACY" Beginning Monday in The Pampa News. Be sure the whole family reads it!

### CRUMMER & CO. LETTER SHOWS: Somebody Is Mistaken!

#### SO THE PEOPLE MAY KNOW:

Pampa city officials say that they do not have a contract to sell a proposed electric light revenue bond issue to Crummer & Company, Inc., Dallas bond house, if and when plans are carried to completion for a municipally-owned power plant in Pampa.

City commissioners told The Pampa News that the City is under no obligations to Crummer & Company, Inc., in any manner.

But—Crummer & Company, Inc., apparently has an entirely different idea about its relationship with the City of Pampa.

That is evident by the content of a circular letter Crummer & Company sent to all Texas bond houses on Feb. 23. Crummer & Company's circular letter to the Texas bond dealers is here reproduced in full:

Dallas, Texas Feb. 23, 1940.

TO ALL TEXAS DEALERS: In re: CITY OF PAMPA, TEXAS ELECTRIC LIGHT BONDS

Gentlemen: Inasmuch as a local newspaper in the City of Pampa is sending out wires to various dealers asking if they are interested in submitting a bid on an issue of CITY OF PAMPA, TEXAS, ELECTRIC LIGHT REVENUE BONDS, we wish to say that we have a contract with the City covering the issue in question. We are advising you so that you will not waste time or money on this deal in view of the fact that the bonds to be issued are already under contract.

This particular newspaper has been publicly fighting the City on the question of purchasing the utility system for some time and it appears that they are trying to assemble additional data to be used in furthering their campaign.

Yours very truly, CRUMMER & COMPANY, INC. (Signed) By: Fred R. Deaton, Vice President.

frd:jwe This letter was sent out by Crummer & Company, Inc., two days after The Pampa News telegraphed Texas bond dealers asking if they would be interested in bidding on approximately \$750,000 worth of Pampa bonds if and when the City of Pampa called for bids.

The Pampa News decided to send the telegram to the bond houses after city commissioners had told The News that there apparently was some kind of a "deal" between Texas bond houses which resulted in a situation where no other bond firms would bid on Pampa issues.

The News sent the telegram to 15 bond houses in Texas, and 13 out of 15 replied that they definitely were interested in the Pampa bidding. Two replied that they were not interested at this time.

Minutes of the city commission meeting of Nov. 21 carry the City of Pampa's agreement with Crummer & Company. In this agreement, Crummer & Company, Inc., says: "WE STAND READY TO FURNISH YOU THE FUNDS TO COMPLETE SUCH PURCHASE, (purchase of the Southwestern Public Service Co. Pampa system) YOU AGREEING TO DELIVER TO US THE PROPER AMOUNT OF ELECTRIC LIGHT REVENUE BONDS."

Immediately following this agreement, the minutes of the Nov. 21 meeting relate: "We, the Mayor and City Secretary hereby approve of the above by order of the Commission in session, this, the 21st day of November, A. D., 1939."

"It was moved by Osborne and seconded by Boyd that the Mayor and City Secretary be authorized to execute the above agreement with Crummer & Company, Inc., of Texas. The mayor called for a vote, all present voting ye, none voting nay."

All of which results in this situation: The city commission says it is under no obligations to Crummer & Company, but Crummer & Company sends a circular letter to all Texas bond dealers telling them not to waste their time or money on Pampa because Crummer & Company already has a contract with the City of Pampa.

Somebody is mistaken! The News is not trying to embarrass anyone.

But—This newspaper believes that the City of Pampa should conduct all business openly, that the City should not buy the power plant without a vote of the people, and that bond issues should not be sold without competitive bidding.

### City Issues Building Permit For \$296,000 High School Structure

Pampa's building permits for the first two months of 1940 were boosted to \$344,715 on Friday when the Pampa Independent school district was issued a permit for \$296,540 for a new high school building. The permit sent the total for the week to \$308,940.

The school permit was issued to O. L. Boyington who has been named supervisor of construction. The building will be of brick and stone and will be erected on school land south of Harvester park.

Excavating for the foundation and part basement is scheduled to begin Friday.

### A VERY GOOD BOY

The earnestness and eager receptivity to the wonders of the world that mingle in this school-boy's face might be duplicated in any schoolroom in Pampa or any other community. Perhaps it was this universal appeal that moved New York City teachers to choose "A Very Good Boy" as the best of 400 photos in the Superintendent of Schools' annual pictorial report. The photo of the youngster seated before his record book, with its red star for "Excellent," got two and a half times as many votes as its nearest competitor.

### City Bridge Tourney Planned By Jaycees

A city-wide bridge tournament, one of the biggest ever to be held in Pampa, is being contemplated by the Pampa Junior Chamber of Commerce, following the conclusion of the five-day bridge school that opens here tomorrow.

W. F. (Rufus) Steel, nationally-known bridge expert, who will teach the course here, is assisting the Jaycees in making tentative plans for the tourney.

Mr. Steele arrived in Pampa yesterday. He will hold the first class in 1940 Culbertson bridge at 2 o'clock tomorrow afternoon at the Young Fellows hall on West Kingsmill st.

### Pampa Girl Queen At West Texas State

Miss Elaine Murphy, daughter of Mr. and Mrs. W. B. Murphy, 117 North Gillespie street, was crowned college beauty queen in an impressive ceremony at West Texas State college, Canyon, last night.

The Pampa girl, a freshman at WTSC, was chosen from among the 12 finalists in a beauty contest. Judge was John Rosenfield, art editor of the Dallas News.

Mr. and Mrs. Murphy attended the ceremony last night.

# GRANT, RUSSELL STARS OF HAWKS FILM

## "His Girl Friday" At LaNora; Crown Shows Marine Picture

By BROWNWOOD EMERSON

Cary Grant is the maddest managing editor, Rosalind Russell the brightest and most beautiful girl reporter, and Ralph Bellamy the most fretful, fuming Lothario of all time in "His Girl Friday," Columbia's gay new Howard Hawks production opening a three-day run today at the LaNora.

On the eve of a big story, the girl announces her engagement to Bellamy, an insurance agent, and her retirement from newspaper work. Her ex-husband as well as her ex-boss, the reckless Grant conspires to prevent either the marriage or the retirement taking place—framing Bellamy, kidnapping his mother, bribing Miss Russell to remain on the job by taking out a tremendous life insurance policy as a wedding present to her and generally behaving in delightfully mad fashion.

The story was written by Ben Hecht and Charles MacArthur, who in 1928 produced "The Front Page." Charles Lederer adapted the new story, "His Girl Friday," to the screen.

Opening the week at the Crown is a high-speed action RKO Radio picture, "The Marines Fly High," which tells the story of a Central American insurrection led by a daring bandit, and how the United States marines helped to put a halt to his bloody reign of terror.

Topping the cast are Richard Dix and Chester Morris as two flying lieutenants as good to help train native volunteers in a nationalist army, and Lucille Ball as a courageous American girl and operator of an extensive cocoa plantation.

The rivalry of the two "leathernecks" over the girl is as delightfully mined as their relentless efforts to apprehend the guerrilla who is ravaging the section.

and then releases her after giving the false information that his men plan to flee the city.

Lucille intercepts Morris and a column of soldiers who are coming to her rescue. Believing the girl's information that Vengador has left the border town, they unwittingly walk into a cleverly laid ambush for the bandits, armed with machine guns, are hidden strategically on houses tops.

### LaNORA

"Seventeen," with Jackie Cooper and Betty Field, Paramount. From the story by Booth Tarkington. Showing Wednesday and Thursday. Under Louis King's sympathetic direction, all the flavor and appeal of Tarkington's famous story are retained, making the picture an ideal attraction for all types of audiences, says The Film Daily. Jackie Cooper has the role of the small town Indiana boy, engaging in his first romance with a glamorous girl from Chicago, played by Betty Field. Norma Nelson, a newcomer, is seen as Jackie's young pestiforous sister.

"The Man From Dakota," with Wallace Beery, John Howard, Dolores Del Rio. Metro-Goldwyn-Mayer. War Between the States story showing Friday and Saturday. Adapted for the screen from the story by MacKinlay Kantor.

### LEIGH, SELZNICK GIVEN AWARDS

"Gone With the Wind's" star and producer, Vivien Leigh and David O. Selznick, received major awards from the Academy of Motion Picture Arts and Sciences for their achievements in 1939. Miss Leigh won the best female acting award for her portrayal of "Scarlett O'Hara," and Selznick received special citation for producing the film. He shown above, in Hollywood, presenting an Oscar to Miss Leigh.

### AMBUSHED BY BANDITS

A bandit killer and his guerrillas on the rampage among the outlying plantations in a Central American country—and marines and the nationalist soldiers they are commanding led into ambush by the bandits. This situation provides a thrilling fight sequence in "The Marines Fly High," in which help comes to the beleaguered soldiers and the girl from the air. Richard Dix and Chester Morris are cast as fighting leathernecks and Lucille Ball is the dashing heroine in this RKO Radio adventure drama. Showing at the Crown today, tomorrow, and Tuesday.

### Public Health Theme Of New Warner Film

A photoplay of great merit according to the Motion Picture Producers and Distributors of America, Inc., is Warner Bros.' "Dr. Ehrlich's Magic Bullet," starring Edward G. Robinson.

Background of the making of the picture is given in a circular letter, signed by Carl E. Milliken, secretary of the association.

"Since the association was formed, public health officials and the kindred agencies interested in the eradication of specific disease have brought pressure to bear on the industry to participate in campaigns directed at its elimination.

"We have consistently refused; eventually the subject was named in the production code as one of the few 'taboo topics.'

"The motion picture theater was designed to be and is looked upon by the public as a place of entertainment. Truly, much of its program has had educational content but it was incidental to rather than the substance of the entertainment.

Social disease, we hold and still hold, could not properly become the subject-matter of a photoplay.

"About a year ago, Warner Bros. submitted to the production code administration a continuity or, perhaps I should say, a film biography on the life of Dr. Ehrlich, the too little honored discoverer of one of the greatest drugs any individual has bestowed upon his fellow men.

In this continuity we thought we saw the opportunity to do, as an incident of entertainment, what we had so often and persistently been urged to try.

"Through more than a year the photoplay based on this script has been in production. It is finished. It is a masterpiece. It transgresses none of the principles that together we have evolved as guides to production but presents, forthrightly and dramatically, the story of a great scientist who gave his life for the progress of medicine and human happiness.

Opening the week is Columbia's "Mr. Smith Goes to Washington," directed by Frank Capra and starring James Stewart and Jean Arthur. One of the 10 best pictures of 1939. Story deals with the experiences of Jefferson Smith, leader of the Boy Rangers in a western state, who is sent to Washington to succeed a senator who has died.

Paramount's adventure story "The Magnificent Fraud," featuring Akim Tamiroff, is showing Tuesday. It's a story of political intrigue wherein a gifted impersonator, wanted in France for murder, plays a dangerous game of intrigue to champion the right in San Cristobal.

Today, tomorrow, and Tuesday: Cary Grant and Rosalind Russell in "His Girl Friday."

Wednesday and Thursday: Jackie Cooper and Betty Field in Booth Tarkington's "Seventeen."

Friday and Saturday: Wallace Beery, Dolores Del Rio, John Howard in "The Man From Dakota."

Today, tomorrow, and Tuesday: Ann Sothern, John Carroll in "Congo Maisie."

Wednesday and Thursday: John Payne, Jane Wyman in "Kid Nightingale."

Friday and Saturday: Richard Arlen, Andy Devine in "Muttiny on the Blackhawk."

Today and tomorrow: James Stewart and Jean Arthur in "Mr. Smith Goes to Washington."

Tuesday: Akim Tamiroff in "Magnificent Fraud."

Wednesday and Thursday: Randolph Scott in "The Man From Nowhere." Friday and Saturday: Ken Maynard in "Lightning Strikes West."

Today, Monday and Tuesday: "The Marines Fly High," with Richard Dix, Chester Morris, and Lucille Ball. Walt Disney cartoon and news.

### WHOSE "GIRL FRIDAY"?

Cary Grant and Ralph Bellamy, romantic rivals of "The Awful Truth," again join their comedy talents in Columbia's "His Girl Friday," a Howard Hawks production. This time, Rosalind Russell is the object of their affections and—judging from the scene above, the object, at least, does not object! Grant and Miss Russell are starred and others in the cast include Gene Lockhart, Ernest Truex, Helen Mack, John Qualen, Cliff Edwards and Roscoe Karns. Showing at the LaNora today, tomorrow, and Tuesday.

## New PHILCO REFRIGERATOR

Wednesday and Thursday: "In Name Only," with Cary Grant, Carole Lombard, and Kay Francis. Short subjects and news.

Friday and Saturday: "Pioneer Days," with Jack Randall, Chapter 9, "Mandrake the Magician" Cartoon and news.

Be Sure to Attend J. C. Bridge School, March 4 to 8

**Metro To Make Another Film Of Boys Town**

Another motion picture based upon Boys Town and the life of its founder, Father E. J. Flanagan, will be filmed by Metro-Goldwyn-Mayer, the same company that produced the original Boys Town film, according to a story in a recent issue of the Boys Town Times.

For the right to base another picture on Boys Town and the life of Father Flanagan, M-G-M agreed to pay Father Flanagan's Boys' Home \$100,000 which will be applied against its present \$500,000 debt incurred for new buildings to take care of 500 homeless boys.

The second Boys Town picture will be completely a new story and will carry on the romance of Boys Town after the boys leave the home.

Mickey Rooney will again take the part of Whitey Marsh, an ex-prayer of Boys Town. Spencer Tracy will continue to play the part of Father Flanagan. Norman Taurog, will be the director.

## LaNORA

Students Present Skit At Luncheon

A skit entitled "If the Shoe Fits" was presented by a group of Pampa High school students at the Kiwanis club's regular weekly luncheon at

noon Friday at the Schneider hotel. In the cast were John Edwin McConnell, Mary Jean Hill, Carolyn Surratt, Luella Carlöck. Attendance at the luncheon was 47. Guests were D. L. Parker, and Lennie Hood, both of Pampa, and Wayne R. Bolan, visiting Kiwanian from Amarillo.

Finns Backed To Last Wall Of Mannerheim

By KIRKE L. SIMPSON

Europe's two wars that are nominally independent, yet actually are joined have confronted three neutral nations with grave new crises. In Finland, Russia was battering yesterday at the door that stands between the Red army's swarming legions and the geographic and economic heart of Finland. Hopes of Finland's Scandinavian neighbors, Sweden and Norway, of avoiding involvement in either the war in Finland or the German-Allied conflict of which it is a blood brother may rest on what happens within days or even hours on the Karelian Isthmus front.

Far to the southeast, neutral Rumania, key to the riddle of the Balkans and perhaps to the success of the allied effort to choke Nazi Germany into submission by economic pressure, is facing hardly less serious problems. Rumanian oil resources vitally needed for Germany's machines of war, and peace are at stake there in a multi-cornered battle of diplomatic intrigue, force politics and economic pressure. Virtually the full Rumanian army strength stands mobilized, a striking sign of the plight of the nation, caught between powerful Allied and German interests. Peace in the Balkans, the Mediterranean and the near east seems to depend on Rumania's handling of her oil export problem. For the moment, however, and until the interplay of still undecided forces on the Balkan crisis can be gauged, it is in Finland that the seventh month of the German-Allied war must see decisive developments. Beaten back by overwhelming Russian forces all along the western sector of the Karelian Isthmus front, the battered Finns have their backs to the last wall of the Mannerheim line.

Texhoma Photos To Convene In Amarillo Monday

The Texas-Oklahoma Photographers Association will meet Monday at the Herring hotel, Amarillo, with Claude Gray as host.

Association President W. Foster Fletcher of Pampa, stated Saturday that, in trend with the latest developments in the photographic industry, direct color work will be the program, with W. D. Smith of Abbey and Smith of Ft. Worth, commercial color workers who list Helms Soup Co. among their national accounts, furnishing material for this phase of work. Robert Ball, of Clovis, N. M., C. E. Fehrenbach, Continental Oil Co. photographer; Mrs. Reddy Eldridge of Amarillo, and others will make up the list of lecturers and demonstrators. Major film manufacturing companies also will be represented with demonstrations and talks, he said. All members of the association in this district and prospective members are urged by the president to attend. Various state laws affecting the photographic trade will be discussed.

Housewife's Task Easier, Pleasanter

Industrial America is working as never before to make the task of the American housewife easier and pleasanter.

That was the statement made yesterday by M. C. Johnson, manager of the Montgomery Ward store here, in commenting on the 1940 Refrigerator and Appliance Show which his company will present in this city starting Monday, March 4th, and continuing until March 9th. The show, which will be held in the Montgomery Ward store, will feature the new work-saving and time-saving "tools" for the housewife which have been developed during the past year by the country's leading research designers and engineers.

Outstanding new developments in refrigeration will be a feature of the show. These will particularly emphasize the new more beautiful and more usable cabinet as well as many added conveniences that the housewife will welcome.

The "parade of progress" will also be shown in the field of electric washers, ironers, sewing machines and vacuum cleaners. Washers have been made more efficient, and yet are gentler than ever to prolong the life of fine fabrics. Sewing machines have been improved and beautified, ironers have been made easier to use than ever before, and more and more attachments have been added to make the vacuum cleaner a real all-purpose house cleaner.

Mr. Johnson said that Montgomery Ward is well aware of the function of the American newspaper in telling the public about the value of labor-saving devices. And so The Pampa News has been chosen as the exclusive advertising medium for the 1940 Refrigerator and Appliance Show in this community. Through this newspaper, Mr. Johnson invites his friends and customers old and new to visit Wards during the show and inspect all the new home aids.

Brinkley Loser In \$250,000 Libel Suit

NEW ORLEANS, March 2 (AP)—A \$250,000 libel lawsuit filed against Dr. Morris Fishbein, editor of the monthly magazine of the American Medical Association by Dr. J. R. Brinkley of Little Rock, Ark., and Villa Acuna, Mexico, was dismissed today by the United States fifth circuit court of appeals.

The appeals court held that a statement in a published article of Dr. Fishbein which referred to Dr. Brinkley as "a modern medical charlatan" was privileged under Texas libel laws. The court said the "facts are sufficient to support a reasonable and honest opinion that plaintiff should be considered a charlatan and a quack in the ordinary, well-understood meaning of these words."

The opinion, written by senior Judge Rufus E. Foster, cited the record of Dr. Brinkley's medical profession in which it stated his license to practice had been revoked and stated: "We conclude that this was a matter of public concern and the articles were published for general information. Therefore the publication was privileged."

Paris Goes Dry In Economic Decree

PARIS, March 2 (AP)—Partial prohibition descended on Paris today. All one could get in the way of comparatively strong drink was a glass of champagne.

The drought is the result of the economic decree prohibiting the consumption of spirits and the cocktail mixtures which Frenchmen call "Apertifs" on Tuesday, Thursday and Saturday of each week.

Many of the big sidewalk cafes are already dry. Complete observation of the new law began Tuesday.

Cemetery Open To Public

The Pampa cemetery will be open to the public this afternoon for the first time since before Christmas. Sexton Ed Moran announced yesterday. Because of heavy snow and rain it has been impossible for cars to be driven through the cemetery. Pampans are invited to drive through the cemetery which is being beautified.

Russians Beaten In Lake Ladoga Sector

HELSINKI, March 2 (AP)—Finland's stalwart fighters tonight marked up another smashing defeat to the Red army in the cold fastness northeast of Lake Ladoga while the defenders of Viipuri held at bay ponderous Russian forces storming the very gates of the ancient key city on the skraelian isthmus.

This time, the Finns announced, it was the 34th Moscow tank brigade which was trapped in a snow-shrouded labyrinth—so easy to march into, so deadly when phantom ski troops suddenly close the exits—where the formidable 18th Soviet division recently met its doom.

Aged Mobeetie Man Taken By Death Friday

Mitchell J. Rankin, 71, longtime resident of the Mobeetie community, died Friday afternoon in a local hospital. Death was of pneumonia.

Mr. Mitchell was born in Kentucky. He moved to Wheeler county 31 years ago, settling on a wheat farm northeast of Mobeetie. He was the father of Arthur Rankin of Pampa. Survivors are two daughters, Mrs. Lucille Randolph, living in Arizona, and Mrs. Florence Meadows, Wheel-

er; four sons, Claude, Olaf and John, all of the Mobeetie community, and Arthur of Pampa; a brother, C. B. Rankin living in Kentucky, and two sisters, Mrs. Ethel Cooper, living in Kentucky, and Mrs. Nannie Lloyd, Carter, Ky.

Funeral services will be conducted at 2:30 o'clock Sunday afternoon in the Mobeetie church by the Rev. Clinton Evans, pastor. Burial will be in Mobeetie cemetery under supervision of Clay's Funeral home of Pampa where the body will lie at rest until time of services.

Palbearers will be John Dunn, Doyle Stanley, Jim Shelby, Hubert Oren, Jack Miller and Oliver Elliott. Honorary palbearers will be Henry Flanagan, John McCarroll, Ed Johnson, Walter Newman, Joe Heley and George B. Dunn.

### Testimony Told NLRB Of Dallas Tarring Episode

DALLAS, March 2 (AP)—Harris of Centralia, Ill., described at a NLRB hearing today how he was tarred and feathered and dumped out of an automobile in downtown Dallas after the showing of a labor motion picture here in 1937.

Objection that there was no evidence to link the Ford motor company with the incident was overruled by trial examiner R. N. Denham, presiding over the hearing of unfair labor practice charges brought by the board against the motor concern.

A former watchman at the Ford plant here testified a superior had told him to "give the strong arm boys the wink" if a "CIO agitator" appeared at the gate. He said he had been told one or two of the squad would be in the employment office at all times.

This witness, John K. (Jack) Smith, said he had seen one member of the squad obtain a pistol and a blackjack from a desk drawer in an office at the Ford plant "while things were hottest" in 1937. Ford attorneys frequently raised objection to his testimony on grounds it did not sufficiently particularize names, dates and places, and Denham advised labor board attorneys to ask their witness for more definite information.

### Long Regime Meets Final Destruction

BATON ROUGE, La., March 2 (AP)—Final destruction of the powerful Huey P. Long political machine was completed today when the former rubberstamp legislature and Democratic state central committee turned on Governor Earl K. Long to sweep him into political oblivion.

Louisiana's Democratic electorate had rendered the machine a smashing blow at the polls Feb. 20 when voters chose Sam H. Jones their next governor on a pledge of government reform here.

Gov. Long, who was defeated by Jones then, today saw a runaway legislature refuse to even convene at his call, and a short time later the Democratic state central committee knifed his attempted coup to get into Jones' administration by scratching him as the appointed nominee for secretary of state.

### FFA BOYS

(Continued From Page 1)

sold the calves at a loss. Bidding was brisk and the sales arena at Recreation park was filled.

The 22 calves entered were raised by FFA and 4-H club boys under supervision of J. L. Lester, Pampa vocational teacher, Clyde McGee, McLean vocational teacher, and Ralph Thomas, Gray county agent.

Other exhibitors, purchasers, sale price and who resold to, follows:

Oran Rake, Pampa, first junior champion, sold to Panhandle Packing company, \$101.85.

Billy Stockstill, second junior champion, sold to Danciger Refiners, \$104.17.

J. B. Waldrop, McLean, third senior champion, sold to Thomas Grocery & Market, \$114.10, resold to M. A. Graham.

Don Vincent, LeFors, third junior champion, sold to Dr. M. C. Overton, \$99.97.

Leonard Hollis, Pampa, fourth senior champion, sold to McConnell Implement company, \$96.29.

Wayne Back, McLean, fourth junior champion, sold to Panhandle Lumber company, \$91.51, resold to Roger McConnell.

Bob Sherrod, McLean, fifth senior champion, sold to Texas Furniture company, \$101.06, resold to Harris Food store.

Blaine Good, Pampa, fifth junior champion, sold to Gunn-Hinerman Tire company, \$89.18, resold to Panhandle Packing company.

W. C. Epperson, Pampa, sixth senior champion, sold to Harris Food store, \$100.88, resold to Thomas Grocery & Market.

Edward Vincent, LeFors, sixth junior champion, sold to Cole's Hatchery, \$91.92.

Fred Sloan, Pampa, seventh senior champion, sold to Montgomery Ward, \$99.84, resold to Ellis Goodbair and Harvester Feed store.

Clinton Caylor, Pampa, seventh junior champion, sold to Furr Food store, \$94.88.

Jack Sloan, Pampa, eighth senior champion, sold to First National Bank, \$100.08.

Clinton Caylor, Pampa, eighth junior champion, sold to Cuberson-Smalling Chevrolet company, \$83.63, resold to Panhandle Packing company.

Herdon Sloan, Pampa, ninth senior champion, sold to Central States Power & Light company, \$101.28, resold to Standard Food Markets.

Calvin Skaggs, Pampa, ninth junior champion, sold to Hilson Hardware, \$79.01, resold to J. W. Garman and E. J. Dunigan.

Herdon Sloan, Pampa, 10th senior champion, sold to Pampa Furniture, \$95.96, resold to Piggy Wiggy, James Reiser, McLean, 10th junior champion, sold to J. C. Penney company, \$77.40, resold to Panhandle Packing company.

### Grand Jury To Probe Oil Workers' Fight

WICHITA FALLS, March 2 (AP)—Archer county grand jury will meet in called session Wednesday to investigate a fight involving three automobile loads of oil field workers who battled with fists, wrenches, ax handles and other weapons Friday after a rig building crew had been asked to join a labor union. Seven men were injured, none critically.

Judge Allan D. Montgomery of 30th district court ordered the session today.

Charges against six men were filed in country court at Archer City this afternoon by Millard Threet, county attorney.

One of the autos which halted on the Wichita Falls-Archer City highway held six Oklahoma rig builders who had finished skidding derricks on a lease south of Lake Wichita and were returning to their homes at Duncan and Comanche, Okla. Statements they made to Ned McDaniel, Wichita county attorney, and G. C. Phillips, assistant district attorney, indicated they had been approached by a spokesman for the Oil Workers International union, COI affiliate, several hours before the fight occurred.

### AIR RAIDERS

(Continued From Page 1)

Sylt, an air ministry communique declared.

HITLER ARGUES GERMANY'S NEW PLAY IN THE SUN

BERLIN, March 2 (AP)—Adolf Hitler zealously argued Nazi Germany's case for a new place in the sun in a 94-minute session today with Sumner Welles in which informed sources said he pledged the Reich to fight until the felt secure in a vast central European "living space" and had untrammelled access to raw materials.

Amid a great show of an "invincible will to victory" in the nation to add to the information the American is sitting for President Roosevelt, the Fuehrer was portrayed as pledging a battle against the allies until:

1. Germany has unchallenged political domination extending through Bohemia-Moravia, Slovakia and Hungary on the southeast and, through German-occupied Poland on the east.

2. Great Britain and France promise not to stir up the Balkan nation on the south and Scandinavia on the north.

3. Germany's war-lost colonies are returned and the so-called English "stranglehold" on the world economic structure is broken.

For the United States itself there was the specific information that improvement in German-American relations was most desirable.

### HE MEANS 'NO'

No rubber stamp Congressman is Rep. James Secombe, of Ohio, but he's very much a rubber stamp correspondent. Above, he demonstrates his pointed answer—"Hell No!"—to communications he doesn't like.

### Mainly About People

Plans for a paragonage of the city's Baptist church, prepared by a committee at a meeting held Friday in the home of Claude Coffee, will be presented to church members Wednesday. Committee members are Rev. R. G. Bristler, pastor; Lynn Wall, chairman; Frank Autry, Claude Coffee, and Harry Dulaney.

Mr. and Mrs. Lynn Wall and Mrs. C. L. Guerry, all of Skellytown, were in Pampa yesterday.

Lost—Near Red School building, child's coat. Leave at News, Reward.

A marriage license was issued Friday to C. W. Rausser and Miss La Verne Hill.

W. C. Breining was named as precinct committeeman of precinct 1. LeFors, succeeding the late George Threet at a meeting of the Gray County Democratic executive committee held Thursday at the court house.

Gray county's jail population was down 20 last Saturday afternoon. Discharged yesterday were five negroes who had been serving three-months terms for theft.

Bond of John S. Snider, charged with drunken driving, was set at \$1,500 Friday in the court of Justice of the Peace Charles I. Hughes. Snider was arrested on South Street at noon Thursday by Pampa Police Chief J. L. Downs, then turned over to county officers the next day.

Contributions of \$5 each for the Finnish Relief fund were received by the Pampa News Saturday from Mrs. W. Osborn and Miss Fernie Osborn. The two contributions makes the total raised here to date \$31.

Mr. and Mrs. John Lawler and daughter, Louise, are spending the week-end in Amarillo. Mr. Lawler will return today but Mrs. Louise and Louise will remain there for several days.

The choir of First Christian church will rehearse in the church auditorium at 2:45 o'clock. Mrs. May Foreman Carr, director, asks that all singers will be present.

Pampa Townsend club 4 will hold a business meeting at 7:30 o'clock tomorrow night in the district court room.

Only minor injuries were suffered by a 10-year-old girl who was knocked down by a car while crossing Cuyler street between the State and Main streets, March 2. The girl, last night, according to Pampa policeman Lawrence Fishery who investigated the accident. The child darted from behind a double-parked car into the street and was struck by the fender of a passing vehicle.

### Greek Ship Sinking Off Atlantic Coast

THOMASTON, Me., March 2 (AP)—Mackay radio reported that it had intercepted a distress message from the 3,546-ton Greek freighter Makis today saying she was "leaking very badly" and in "need of immediate assistance" about 1,000 miles due east of New York.

The message said further: "Water in engine room... broken rudder, chains and hatch... tarpaulins are split..."

### Boat Club To Meet Here Tuesday Night

Boating enthusiasts of White Deer, Panhandle, Groom, Alameda, McLean, and LeFors are being urged to attend a meeting of the McClellan Boat Club Tuesday night at 8 o'clock in the city auditorium. Earl McConnell, commodore, will preside.

Five directors and other officers will be elected at the Tuesday night meeting which will be open to everyone in this section of the Panhandle interested in boating.

Members will be accepted at the meeting. Dues, however, will not have to be paid until June 1. More than 50 men joined the club at its last meeting.

### CITY ISSUES

(Continued From Page 1)

amount of building permits issued last week according to the Associated Press report. Only Houston reported more permits than Pampa.

Pampa ranks eighth out of 17 Texas cities in building permits, the Associated Press report revealed.

### Women Arrested In Street Altercation

A plea of guilty was entered and a fine of \$10 paid by Jean Hornbeck in police court last night on a charge of affray. Another woman, Mrs. Jimmie Stewart, was also charged with affray and was released on posting \$25 bond.

Arrest of the two followed an altercation in front of a downtown store.

Mrs. Stewart is to appear in the court of Recorder Dan McGrew tomorrow morning.

### Legion To Give Waffle Supper Thursday Night

Plans for a waffle supper to be given by the Kerley-Crossman post of the American Legion will be discussed at a meeting of the post committee to be held tomorrow night. The supper is to be held on the night of March 7 at the American Legion hut.

Luther Wilson is chairman of the committee. The supper is being given by the post for auxiliary members, members of other service organizations, and ex-service men.

### Sub Attack Near Virgin Islands Remains Mystery

WASHINGTON, March 2 (AP)—A new mystery of the war at sea developed today when the British freighter Southgate was found apparently safe after flashing word that she was being attacked by a submarine within the American neutrality zone.

Naval patrol planes located the 4,882 ton vessel off Puerto Rico and reported there was "no apparent damage."

### Confucius Say Man Who No Pay Dues, 'Burned Up'

ST. LOUIS, March 2 (AP)—Fire destroyed a 1-story frame office building today while secretary Joseph Donahue of the suburban pine lawn volunteer department explained, his men refused to fight the flames because the owner of the property had not paid \$125 in dues.

Damage was estimated at between \$3,000 and \$4,000.

Donahue said the manager of the place refused to guarantee payment of a \$50 non-member fee—the firemen made no effort to extinguish the blaze.

Gilbert Pelt'n, creator of the "Frank Merrill" stories of dime novel fame, has written 40,000 words of fiction.

### AIR RAIDERS

(Continued From Page 1)

Sylt, an air ministry communique declared.

HITLER ARGUES GERMANY'S NEW PLAY IN THE SUN

BERLIN, March 2 (AP)—Adolf Hitler zealously argued Nazi Germany's case for a new place in the sun in a 94-minute session today with Sumner Welles in which informed sources said he pledged the Reich to fight until the felt secure in a vast central European "living space" and had untrammelled access to raw materials.

Amid a great show of an "invincible will to victory" in the nation to add to the information the American is sitting for President Roosevelt, the Fuehrer was portrayed as pledging a battle against the allies until:

1. Germany has unchallenged political domination extending through Bohemia-Moravia, Slovakia and Hungary on the southeast and, through German-occupied Poland on the east.

2. Great Britain and France promise not to stir up the Balkan nation on the south and Scandinavia on the north.

3. Germany's war-lost colonies are returned and the so-called English "stranglehold" on the world economic structure is broken.

For the United States itself there was the specific information that improvement in German-American relations was most desirable.

### Business Looking Up As Easter Nears

NEW YORK, March 2 (AP)—Merchants got ready this week for an expected upturn in Easter trade and factory production struck a steadier stride after nearly two months of decline.

The word from retail observers was that merchants had stocked shelves more abundantly than last year in anticipation of larger sales in the next few weeks, supported by a higher level of employment and a free war-time spending mood.

Latest Federal Reserve Board figures, for the week ended Feb. 24, showed department stores sales running 5 per cent ahead of a year ago.

### Eight Teams Move On To State Finals

(By The Associated Press)

Eight teams, including Livingston, the defending champion, won their way Saturday to the state schoolboy basketball tournament.

The Lions, paced by six-foot three-inch Jessie Lee Richardson, who punched in 15 points, defeated Lamar of Houston 40-33 to take the region 5 title and in so doing become definite favorites to repeat at Austin next week-end.

Joining Livingston in the trek to the capital will be Crowell, Dublin and El Paso high from West Texas; Laneville of East Texas, Raymonville from the south and Waco and San Marcos from central Texas.

### CALL MEETING

(Continued From Page 1)

E. McTaggart, chairman, Hal Lucas, Dan Kennedy, Doyle Osborne, Robert Boshen, J. B. Massa and Tex DeWeese, directors and committee chairman will form the Red Cross administrative board.

Invited to meet in the high school library Friday night are representatives of the city and county welfare groups, service clubs, veterans organizations, county commissioners court, Salvation Army, Red Cross and any other organization doing relief or charity work.

Object of the meeting will be to discuss what work is carried out by each organization and make plans so that there will be no overlapping of objectives.

### Boche Bomber Shoots Down Belgian Planes

BRUSSELS, March 2 (AP)—Two Belgian army planes were shot down over their homeland today in a clash with a German bomber which the government quickly protested to Berlin as "a grave violation of Belgian neutrality and an act of aggression."

One Belgian pilot was killed and another was wounded in the clash.

The incident, announced in a communique, was followed swiftly by a series of unrelated accidents in which four other Belgian planes crashed and one pilot was killed, making the day the worst in the nation's aviation history.

### Grabek Number One Holdout Of Oilers

The Pampa Oiler management believes it has the number one holdout of the 1940 season, Dizzy Dean included.

He is Frank Grabek, pitcher, of Portland, Conn., who returned his unsigned contract Saturday with the announcement that he wanted his salary increased to \$225 a month.

To say the management was stunned would be putting it mildly. The league sets the maximum salary for 14 players at \$1,200 which means that one player cannot be paid much over \$100 a month regardless of his ability. Rookies draw from \$65 to \$75.

Grabek and Bob Bailey are the only two Oilers who have returned their contracts and both were unsigned. Grabek's contract was accompanied by a letter. Bailey did not comment regarding the return of his contract.

Letters asking for increases in salary have been received from Gus Hallborg, Rex Dilbeck, and Jerry Jordan. No word has been received from Milbert Vannoy or Sam Malvica.

### Wolcott And Hill To Race In Laredo

LAREDO, March 2 (AP)—Two of the swiftest runners afoot in the southwest—or the nation, for that matter—will meet up in actual competition down here on the Rio Grande next Friday.

Blond Freddie Wolcott of Rice Institute, one of the world's greatest hurdlers and dash men, will defend his 100-yard dash laurels against Lonnie Hill of Texas, a sophomore who has been building up to a collegiate career for several years.

The eighth annual border Olympics, the nation's first outdoor track and field carnival each season, will bring together this pair in the first of several duels over the 1940 season.

Hill, a sturdy boy who started his track career at Schreiner Institute and followed through with a remarkable year as a Texas freshman in 1939, has been scouted by many track experts and many believe he will eventually become one of the top flight sprinters of the world.

Also entered in the century dash will be B-yoe Gatewood, Texas' fine hurdler and runner and the Texas Aggies' Red Cecil, once the king of Texas schoolboy runners.

### Many Stings Wins Widener Cup Race

By GAYLE TALBOT

MIAMI, March 2 (AP)—Stout-hearted as his supporters thought he was, Many Stings came up with a burning turn of speed in the final run to the wire at Hialeah park today to win the colorful Widener challenge cup race by a half length from a field of 13 other stake horses.

Far behind the flying leader, Maxwell Howard's The Chief, when the big cavalcade hit the final bend, Many Stings, the favorite, flashed ahead as they went into the closing run and held it stubbornly against the challenge of Big Pebble, which finished four lengths ahead of Supreme Sir and Day Off, dead-heated for third.

A crowd of 16,093 paid to watch the fifth running of Florida's greatest horse race in fine, sunny weather, and bet a record \$143,339 through the mutual machines. Many Stings repaid \$9.10 on each \$2.00 winning ticket, and won \$52,000 for his owner, Leo J. Marks, of Columbus, Ohio.

Big Pebble, owned by Mrs. E. S. Moore, of Wyoming, paid the handsome price of \$9.50 for placing second while Supreme Sir and Day Off split the show price of \$3.50.

### Kirksey Receives Achievement Award

WACO, March 2 (AP)—Raymond Dumont, president of the national semi-pro baseball congress, today announced that A. H. Kirksey of Waco, semi-pro baseball commissioner for Texas, had been awarded the achievement plaque for the most successful officially recognized state tournament in the United States for 1939.

This was the fourth Texas state tournament over which Kirksey had jurisdiction, Dumont said, and paid off \$4,991.62 to teams, including \$1,871.33 in prize money to the state champion—grand prize team of Houston.

The fifth annual Texas state tournament will be held again at Waco under the supervision of Kirksey, Dumont said, with a number of district tournaments being planned throughout the state.

**GOOD LIGHTING**

does this for kitchen tasks

Good lighting helps take the drudgery out of kitchen tasks. It speeds up the preparation of foods... enables you to see the cake in the oven... smooths wrinkles out of your ironing. And, most of all it raises your spirits, makes the kitchen a cheerful, pleasant place in which to work.

Let one of our trained advisers consult with you on your lighting problems. You will get many practical sight-saving suggestions. Just phone 695.

# 10 New Panhandle Wells Gauge 4,156 Barrels

## 6 Intentions To Drill Made During Week

While new locations fell off to a new low for the year last week, 16 oil wells and three gas wells were gauged and given open flow potentials. New oil totaled 4,156 barrels and new gas 74,566,000 cubic feet.

Activity was led by The Texas company which completed five wells good for a total production of 2,596 barrels. Two of the wells were in Carson county, two in Gray and one in Hutchinson.

Five Gray county wells gauged 1,780 barrels with three Carson county tests good for 1,567 barrels. Six new locations were staked during the week, three in Hutchinson county, two in Gray and one in Carson.

The Amarillo wildcat test was reported drilling near 3,500 feet in hard lime.

### Completions by counties follow:

**In Carson County**  
Shell Petroleum Corp., No. 6 Cooper, section 5, block 9, I&GN survey, gauged 350 barrels with lime pay between 3,195 and 3,270 feet.  
The Texas Co., No. 17 Boney, section 89, block 4, I&GN survey, was given a potential of 990 barrels. Pay was from 3,025 to 3,165 feet in lime.  
The Texas Co., No. 20 Boney, section 110, block 3, I&GN survey, tested 227 barrels with lime pay between 3,053 and 3,120 feet.

**In Gray County**  
Shell Petroleum Corp., No. 6 Combs, section 35, block 2, I&GN survey, tested 248 barrels. Lime pay was from 2,855 to 2,960 feet.  
The Texas Co., No. 7 Shaw, section 5, block 1, H&GN survey, gauged 445 barrels with pay from 2,740 to 2,865 feet in granite wash formation.

**In Hutchinson County**  
Phillips Petroleum Co., No. 24 Perkins, section 16, block X02, HO survey, tested 182 barrels with pay from 2,945 to 3,024 feet in lime.  
The Texas Co., No. 19 P-and, section 1, block M-21, TCRR survey, was given a potential of 639 barrels. Lime pay was between 2,880 and 2,975 feet.

**In Moore County**  
Phillips Petroleum Co., No. 1 Alton, section 156, block 14, H&TC survey, tested 24,000,000 cubic feet.  
Canadian River Gas Co., No. A-3 C. L. Kilgore, section 21, block P-MC, EL&R survey, gauged 8,575,000 cubic feet.

**Intentions to drill:**  
Texoma Natural Gas Co., S. B. Burnett, No. 5-G, 2670' from the west and 1338' from the north lines of section 79, block 5, I&GN, Carson county.  
Magnolia Petroleum Co., Fee No. 277, No. 31, 990' from the north and 330' from the west lines of NW-4 of section 15, block 3, I&GN, Gray county.  
Stanolind Oil & Gas Co., J. A. Hood No. 8, 440' from the south and 1375' from the west lines of SW-4 of section 33, block 3, I&GN, Gray county.  
Shell Oil Co., Harvey Sisters "B" No. 1, 1590' from the south and 330' from the west lines of SW corner of section 14, block M-21, TCRR, Hutchinson county.  
Shell Oil Co., Harvey Sisters "B" No. 2, 990' from the south and 330' from the west lines of SW corner of section 14, block M-21, TCRR, Hutchinson county.  
Stanolind Oil & Gas Co., G. C. Fitcher No. 14, 990' from the north and 330' from the west lines of SE corner of section 19, block M-21, TCRR, Hutchinson county.

## Investments And Savings Increase

LITTLE ROCK, ARK., Feb. 3.—Savings and investment accounts in the 129 savings and loan associations in Texas increased \$11,357,742 during 1939, reaching a new high mark of \$68,380,747, the Federal Home Loan Bank of Little Rock reported today.

Loans to home owners by the association also showed marked gains during the past year, they totaling \$79,343,796, according to the year end statement just compiled by the Bank, being an increase of \$11,453,590 over the figures for December 31, 1938.

The associations increased their reserve and undivided profits accounts to \$5,856,259 in the twelve months period, after paying dividends of more than \$2,500,000 to their 80,690 savers and investors.

The gains were general throughout the state, Bank officials said; the statistics prepared include the figures of the Security Federal Savings and Loan Association in Pampa with offices in the Combs-Worley building, by which the local area is served.

Brazil has the largest standing army in South America but Argentina has the largest number of trained reserves.

## IN REVIVAL

The Rev. A. M. Alber will conduct a two-week revival at the Full Gospel Temple, 500 South Cuyler street. Rev. Alber is superintendent of the Nebraska District of the Assembly of God churches. He will speak at the 11 o'clock service this morning. The Rev. H. E. Comstock is pastor.

## Shamrock Man Elected Head Of Texas Exes

Sol Blonstein of Shamrock, 1939 vice-president of the Gray-Wheeler Ex-Students association of the University of Texas, was elected president of the association at a Texas independent day luncheon held at noon Saturday at the Schneider hotel.

Other officers elected were Reagan G. Peeler, Pampa, vice-president, and F. L. Stallings, Pampa, reporter. A secretary will be appointed by the president, succeeding Mrs. Hol Wagner of Pampa.

A resolution of congratulations was passed at the luncheon commending the designation of April 4 as Billy Ditch day at the 11th annual round-up of Texas exes at Austin. Ditch baseball coach at the university, has produced 20 championship teams in the past 25 years. The annual round-up starts with Billy Ditch day and will end April 7.

During this summer, the Gray-Wheeler exes are planning on holding a picnic, with Lake McClellan as a possible location.

There were 15 ex-students of the University of Texas present at the traditional breaking of bread observed by Texas exes everywhere on March 2.

Attending the luncheon were Bud Martin, M. S. and Allan Kavanaugh, all of Wheeler, and the following Pampans: Dr. H. L. Wilder, John V. Osborne, Reagan G. Peeler, Walter E. Rogers, Clifford and Tom Braly, Reno Stinson, retiring president, Mrs. E. L. Norman, J. W. Gorjon, Jr., Mrs. Hol Wagner, Mrs. Robert H. Sanford, and F. L. Stallings.

## Panhandle API Will Seek 1941 Mid-Continent Meet

Officers and advisory board members of the Panhandle chapter of the American Petroleum Institute in session here Friday night voted unanimously to invite the 1941 convention of the midcontinent district API to Amarillo. Pampa, headquarters of the chapter, did not seek the convention due to a lack of hotel facilities.

Tulsa, Okla., is the other city seeking the 1941 convention. Panhandle officials in seeking the convention will point out that the convention has always been rotated by states and that Oklahoma City had the convention two years ago and Wichita, Kas., this year, Kansas, Oklahoma, and Texas Panhandle form the district.

George Berlin, chairman of the Panhandle chapter, will lead a large delegation to Wichita, Kas., March 14-16. The group will leave Pampa at 6 o'clock the night of March 13 in Pullmans attached to the regular Santa Fe passenger. They will return the morning of March 17.

Round trip fare, including lower berth, will be \$18.50. Reservations may be made at the Schneider hotel or with Chairman Berlin.

## Legionnaires' Sons To Attend Meeting

Pampa's squadron of the Sons of the American Legion will be among the nine Panhandle squadrons represented at a district SAL meeting to be held in Canadian Monday night.

Attendance of 125 boys from Perryton, Miami, Borger, Panhandle, Pampa, Wheeler, Shamrock, Wellington, and Amarillo is expected at the meeting tomorrow night, at which the boys will be guests of Zybach-Owens post and auxiliary of the American Legion, Canadian.

Guy Miller of Amarillo, chairman of the Sons of American Legion in the 18th district, will accompany the boys from Amarillo. The Amarillo squadron is sending its drum corps, Charlie Maisel of Phillips, formerly of Pampa, 18th district commander of the American Legion, will be in Canadian for the SAL meeting.

## Future Meetings Of API Chapter To Be On Monday

Future meetings of the Panhandle chapter of the American Petroleum Institute will be held on the second Monday night of the month instead of the second Tuesday night, it was voted at an advisory board meeting Friday night in the Schneider hotel.

The next meeting will be held at 8 o'clock the night of March 11 in the city auditorium here. The manufacture and uses of alloy steel will be subject of a paper and the theme of a moving picture to be presented by Charles Chapman of Wichita Falls, district manager for Bethlehem International.

The musical program to open the meeting will be furnished by the 44-piece Kellerville band, one of the Panhandle's outstanding school musical organizations.

## Magician To Give Show At Panhandle

PANHANDLE, March 1.—A pony will vanish in midair, a live canary will be shot into a burning light globe and many other tricks of magic will be performed by Birch, the magician, here Wednesday evening at 8 o'clock in the high school auditorium. Other attractions include the famous Hindu rope trick, and Mabel Sperry the famous xylophone soloist.

The performance is sponsored by the local P.-T. A.

## EVANGELIST

The Rev. E. B. Joseph, above, will conduct a revival at the Kingsmill Baptist church March 8-17. Rev. Joseph is a world traveler and great Bible scholar. Music will be under the direction of Mr. and Mrs. Harry Roe.

## Peace Theme Of Educators Convention

American educators have an excellent opportunity to further the idea of keeping America out of war, school administrators and others attending the seventh annual convention of the American Association of School Administrators, were told at the convention held February 24-29 at the Municipal auditorium in St. Louis.

Keep out of war and "what's right with our schools," were the dominant themes of speeches and other parts of the convention program. Attending from Pampa were Supt. and Mrs. L. L. Sone and daughter Shirley, W. E. Weathered, county superintendent, Aaron Meeck, principal of B. M. Baker school, and Miss Josephine Thomas, Horace Mann school principal.

The Pampans returned home Friday night. They left for St. Louis a week ago on the preceding Friday. Paul V. McNutt, head of the Federal Security Administration, and Miss Josephine Thomas, Horace Mann school principal, were among nationally-known speakers at the convention.

Irvin S. Cobb, humorist and author, was at the convention.

Registration at the meeting totaled 12,000. A hall at the Jefferson hotel, a vocal, instrumental, and choral program depicting the history of American music, presented by St. Louis pupils, and a breakfast for Texas educators at the Statler hotel, attended by 250 Texans, were entertainment features.

There are more than 1,400,000 gasoline pumps in use in the 408,000 service stations in use in other outlets now in the United States. An estimated one pump for every 20 motor vehicles in the country.

BY MAIL, payable in advance, in Gray and adjoining counties, also Hamford, Ochiltree, and Lipscomb counties, \$4.85 per year. Outside above named county, \$5.00 per year. Price per single copy 5 cents. No mail orders accepted in localities served by carrier delivery.

An independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

Boring From Within

"Boring from within" is an old radical technique. The "borers" attempt to destroy a government, an industry or an institution on a piecemeal basis. They move slowly, and avoid the real issue. They use all possible camouflage. They join or desert other groups as opportunism dictates. They make every effort to keep the public confused and at sea. And finally, if the boring technique succeeds, the public wakes up one fine day, rubs its eyes in amazement, and discovers too late the havoc wrought by the destruction.

The present socialist attack on the electric industry provides a case in point. It is never called socialism by its attackers—instead they use resounding, vague phrases in which the magic words "liberalism" and "democracy" frequently appear. They attempt to allay the public's fears by arguing that destruction and absorption by government of the private utilities only affects a few "big fellows" and doesn't have anything to do with the "little fellow."

That last argument is due for analysis. It may be true that comparatively few "little fellows" are directly affected when a private electric utility is forced out of business. But the "boring from within" technique doesn't stop there. When the government builds generating stations and transmission lines, the next step is government acquisition of local distributing lines. At this point the local electrician can find himself in competition with government in connecting houses and places of business to the power lines. After the wiring is in, the political urge is for the government to sell power appliances—thus competing with the private appliance dealer. Does that sound far-fetched? Well, wait until tax-exempt, tax-subsidized government competition hits your business and you will think it a mild statement.

A Belated Word of Praise

State and county officials, Panhandle business leaders and storm victims still are offering high praise to the Santa Fe Railway for the rescue of hundreds of persons snowbound on the highways during the recent February blizzard which paralyzed South Plains highway traffic.

More than 300 men, women and children were picked up. Officials and train crews were aided in rescue work by State Highway Patrolmen, newspapers and radio stations.

Rescue trains were ordered out by General Manager J. A. Gillies, in response to appeals from Senator Nelson, Lubbock, Mayor T. J. Shelton of Plainview, and others. Working in face of severe hardships the trainmen fought the elements until all were safe.

The railway also went to the aid of others in distress. At Canyon, Oklahoma, appeal of a doctor resulted in stopping a special fast freight to carry a woman in need of operation to a hospital. Roads were blocked by snow. A passenger train also made a special stop to convey another seriously ill woman to a hospital at Alva, Okla. All because of snow-blocked highways.

Behind The News

WASHINGTON, March 2—A bill to abolish the service academies at West Point and Annapolis, as they are now constituted, and to substitute graduate schools for holders of degrees from civilian colleges and universities, has been drafted by Congressman Melvin Maas of Minnesota and will be introduced in Congress shortly.

Ranking minority member of the powerful Naval Affairs Committee, Mr. Maas believes his program would mean more efficiency—and more economy.

The base of the system of officer-training which his plan envisages would be a chain of 50 or more military and naval ROTC units in the nation's leading colleges and universities.

A young man who wanted to become a naval officer, for instance, would enroll at one of these colleges and take the regular four-year course. He would also enroll in its ROTC unit and get his four years of more or less part-time instruction in naval matters.

Upon graduation, he would take a competitive examination with such other members of his class as wished to attend Annapolis. Selection of winning candidates would be based upon these examinations, upon records made in the ROTC, and—less importantly—on general scholastic standings.

The candidates thus chosen would go to Annapolis for one year of an intensive naval education. At the end of the year, those who were to be line officers would be ticketed for another year at Annapolis; men headed for the medical corps would go to regular civilian medical colleges, future aviators would go to the navy's aeronautical school, technicians would go to engineering schools, and so on. The same system, of course, would be in effect at West Point.

SCHOOLS WOULD OFFER "GRADUATE COURSES"

Right now we're trying to do two things," says Mr. Maas. "We're trying to combine a general liberal arts education with a highly specialized professional military or naval education. It just can't be done so as to get the best results in each field. It's not done in any other profession. Doctors, engineers and lawyers don't get their professional training while they're undergraduates; why should army and navy officers?"

"With all of these ROTC units and scholarships, my plan would actually cost less money than is spent on the two schools now," says Mr. Maas.

Sharing The Comforts Of Life ---

By R. C. Holles

REDUCING STRIKES

There is nothing that does more in any country to lower the standard of living and the real wages of the worker than strikes. It has been found that for every dollar lost in direct wages, \$20 is lost by others who furnish supplies and are part of the chain of exchanges that go in any progressive civilization. So when a laborer loses a dollar, it means the equivalent of \$20 loss to others who are helpless.

The success of the formation of bureaus by the New Deal to eliminate industrial friction is something to be considered. It will be remembered the Wagner Law was passed with the idea of reducing industrial strikes. Of course, it would not be fair to take one year, or two years, the longer period, the better.

The number of man-days idle for the six years preceding the New Deal were 10,819,019. For the first six years of the New Deal, the man-days idle were 17,232,583, according to the Bureau of Labor Statistics. This is an increase, it will be noted, of nearly 70 per cent.

Parity Prices As to the President's statement that he would raise the parity of farm prices one way or another, it seems that he has not been successful at that. The average index of farm prices of all agricultural products for the six years preceding the New Deal was 118.7; for the first six years of the New Deal 99.7 (Bureau of Agricultural Economics).

Thus, it seems that for the six-year period before and after the New Deal there have been more strikes in the city and the farmers comparative prices have not been even restored to what they were before the New Deal; and certainly they were out of parity before, due to shortsightedness of social, labor and political leaders.

Of course, the way to bring about parity of prices and reduce labor disputes and raise the real wages of all workers is to return, as nearly as possible, to a free market so that everybody may work and produce and the world is his market for his services.

We are going in the wrong direction, as evidenced by the above figures and the direction we are going is of the utmost importance.

WHY REPEAT

Some people naturally think, and probably justly so, that this column is just repetition, repetition, repetition. And this is true. It is repetition because there are only a very few fundamental principles that are essential. If the individual can get started with a few fundamental principles, the understanding of what causes prosperity and development of character will become very plain and simple to him. It is not complicated, as many people are led to believe; and they are led to believe invariably by short-sighted selfish publishers, politicians and preachers, union and labor leaders who are interested in promoting their own temporary well being without regard for the long-time results to their fellowman.

The simple starting points in understanding the causes of prosperity or of depressions might be summed up in statements that are so simple that they, at first, seem to mean nothing. But when the social group is small, the fact is easily seen. It is only because of larger groups and of selfish, self-seekers misleading the people that the people become confused.

In other words, prosperity is the result of each man having the right to try to produce anything which he feels he is best qualified to produce; and the further result of having the right to freely exchange his products with other workers, past or present. To the degree we succeed in this do we prosper.

As an illustration, if there are five grown people in a family and if they all work and produce and exchange with each other, there will be more than if only part of them worked. If they work wisely with tools, they will produce more than if they work inefficiently without tools. If each one cooperates and/or specializes and they exchange the products of their services, they will become more efficient and each one produce more.

The principle is the same, whether there are five people or two billion people. If each man tried to produce everything for himself, he would starve to death in a few hours. It is specialization and freely exchanging that multiplies a million fold the production.

It is easy to see when it is a small unit. The United States has a much higher standard of living because there are 130,000,000 people in it than it would be if there were only a million, or a thousand, or ten. Undoubtedly, if we freely exchange services without tariffs, prorate, labor rules or laws, or government controlled credit or wages, each man would have twice as much to consume.

I repeat so often because it is of the utmost importance that each person come to understand the simple, fundamental principles so that we can again return to prosperity and throw off the ever-increasing demand for more government meddling and control. Unless the public can come to understand these simple, fundamental principles, we are in for more and more trouble. We are in for economic pestilence.

"Under the one to two-year courses my plan would set up, our officers would actually get more professional training than they are getting now.

"To make absolutely certain that the very poorest boys would have their chance, I would establish four-year government scholarships which would take 100 young men each year from the enlisted ranks of the army and navy, give them a full college education, and thus make them eligible for the service schools."

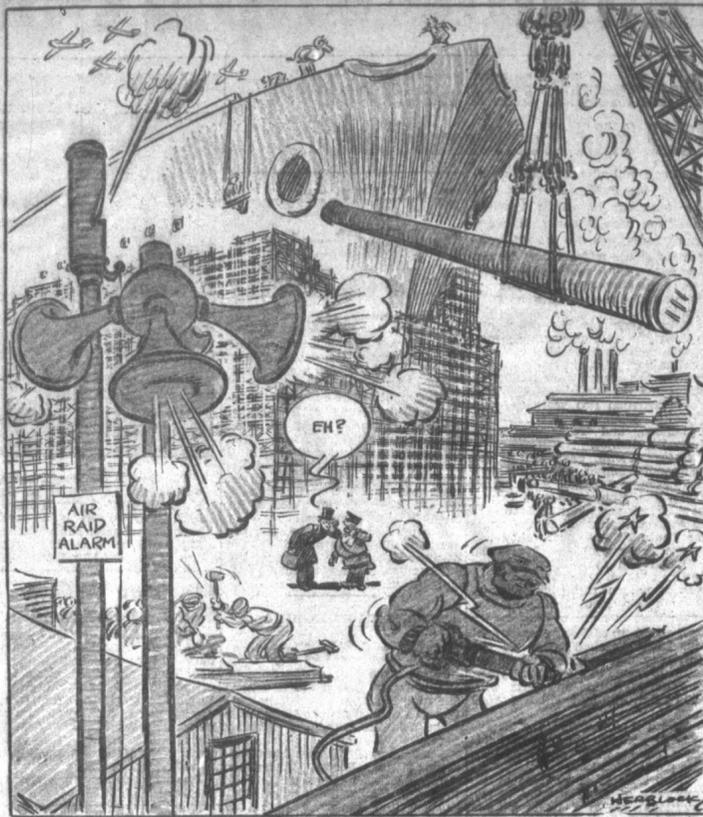

MANY DROP OUT AFTER 10 YEARS

One trouble with the present system, as Mr. Maas sees it, is that there is a great deal of wastage along the line. At present, he says, Annapolis takes in about 800 boys each fall. Ten years later, of these 800 entrants a scant 350 will remain in the service.

Some of those who entered just weren't temperamentally qualified for the service. Others found out they would prefer some other calling. But those who finished the four-year course before dropping out were poorly trained for any other profession—and the cost of their education represented a net loss to Uncle Sam.

"With all of these ROTC units and scholarships, my plan would actually cost less money than is spent on the two schools now," says Mr. Maas.

Sumner Welles Is Having Some Quiet Talks In Europe

Around Hollywood

By ROBBIN COONS

HOLLYWOOD, March 2—People keep writing in about a chap named Glenn Ford, who it seems was in a movie called "Heaven with a Barbed Wire Fence." They want to know about Glenn Ford, so here goes:

He is a slight young man with dark brown hair and green eyes that are almost yellow. He is slight because, ever since he appeared as Tom Thumb in a Tom Thumb wedding at the age of four years, he has wanted to be an actor. That may not be a clear connection but actually it is—he has worked so hard at acting that he never has been able to put on much weight.

He is more than slightly Welsh in descent. His real name is Gwyllyn Ford. He was born in Glonford, province of Gwynedd, Canada, on May 19, 1916. He took the name Glenn Ford after his home town, because so many people thought Gwyllyn Ford was a girl. He is now an American citizen.

Coming to school in Santa Monica, Calif., he kept on being fired by Tom Thumb. He worked in school plays up to the time he finished high school and also had jobs in all the theaters. He worked late, went to school early, and lost weight he never regained.

As soon as he finished high school he began hounding a stage producer. He is not the type whose physique features cry for testing. He reminds me a little of Mack ("The Killer") Grey, George Raft's friend, only Glenn is younger and better-looking. He is a "character" juvenile, meaning he isn't lanky. That was the trouble with his test.

"You're not pretty enough," they told him, "and you haven't any glamour."

These were the words. He took the verdict standing up, like a kid who's going to act or bust. But veteran actor Tom Moore, who does some dramatic coaching out at 20th Street, he was a real character. They were blowing steam and dust—real chugging dust—into the air, Glenn Ford, like all the others, was gasping, grimy, perspiring. He plunged into the job as if he loved it. He does. He's going to be an actor.

He has to be. The folks back at Glonford, Quebec, have said they'd build a theater and name it after him if he's a success in Hollywood.

The retail price of gasoline during 1939, throughout the United States, averaged 13.30 cents a gallon, the lowest since 1933. Taxes, during 1939, averaged 5.44 cents a gallon.

People You Know

By Archer Fullingim

Ennis Favors, Pampa attorney who managed W. Lee O'Daniel's campaign in the Panhandle in 1938 has received 400 letters from people in this section asking him to run for state senate, and Ennis is trying to make up his mind. Ennis resigned his state office in Austin several months ago and returned to Pampa.

To the high school student who has a wrist watch that Maurice Heard left in his clothes while he was taking physical education in the gym last week: that watch (a Bulova with a light leather strap) did not belong to Maurice, but to his brother, Ferrell, and it was a gift watch, and prized highly by Ferrell. So we appeal to your honor and sense of justice to bring the watch to The News, and no questions will be asked, no names called. The only thing is that the Heard boys would like to get the watch back. So won't you please bring it back?

We hereby nominate Joe Key's as the most honest face in town, and it is not a bad-looking face, either. The Jaycees may not trust each other, but they trust Joe, who is also a diplomat and a modest guy. Joe, that tall, black-headed fellow who works in the light office, came to Pampa from Amarillo where his father, Dr. Key, was pastor of Polk Street Methodist church, and was well-known to many Pampans. Joe grew up to be unlike what most preachers' sons are supposed to be—they used to say that the preacher's son was the meanest boy in town, but Joe was an exception. Joe has a brother in Dallas who works on the city desk of a newspaper, who admits that he might be the typical preacher's son. He was not only popular but he was admired for his virtues—or anyway that's what my spies in Amarillo report.

By the way, Dr. Key is now pastor of the Methodist church at Bay City. After he left Amarillo he was at Port Arthur and Texarkana. He took the smaller charge at Bay City on account of his health, and by the way, Dr. Key, if you ever meet up with the Fullingims at Bay City, tell them hello.

The facts about color are only now beginning to be determined; yet we still abide by many of the beliefs of the past, even in choosing certain colors for certain purposes. Thus red is always a danger signal by common consent; green a "go ahead" signal, and yellow a matter of doubt. Quite recently it has been found that black on a yellow field is more easily seen than any other combination so that it is likely that stop signs will some day be made of this combination.

Presumably, the yellow butterfly in spring was associated with sickness, because the jaundice that used to be a significant sign of a disordered digestion, or what was commonly called liver trouble, gave the patient a yellow tinge.

It is no business of Uncle Sam who elects the president of Mexico this year. It is none of my business; it is none of your business. —JOSEPHUS DANIELS, U. S. ambassador to Mexico.

Instead of waiting eight or ten years after graduation to marry as they formerly did, girl graduates today marry as soon as they can. —DEAN HARRIET M. ALLYN, Holyoke college.

When I leave London, I'll be finished as far as politics are concerned. —JOSEPH P. KENNEDY, U. S. ambassador to England.

Elect a Republican here, and this nation will at once surge forward with new confidence and security. —Representative JOSEPH W. MARTIN (Mass.), minority leader.

I am an American woman, and I exercise my prerogative to be independent. —HELEN VINSON, upon suing Fred Perry, tennis star, for divorce.

A total of 3,244,537 retail sales of new passenger cars and trucks were made during 1939, a gain of 38.4 per cent over 1938.

The Family Doctor

Dr. Morris Fishbein

In a certain section of the country, people believe there will be much sickness if the first butterfly they see in the spring is yellow, but there will be health and happiness if the first butterfly is white. This, of course, is a superstition without any basis in science—a superstition that is included in what psychologists call color magic.

There has always been a superstitious use of color in connection with astrology. Most astrologists, who give people horoscopes, tell their clients the stars that are likely to be beneficial to them but also the colors, because each of the stars is supposed to have not only a number but also a favorite color.

For instance, in times of sickness these people believe that it will make a lot of difference if they happen to be sleeping in a red room or in a blue one. There are hospitals which have decorated their walls with certain colors because it was the belief that some colors were stimulating toward health. There is no scientific evidence to show that any one color is any more beneficial for health than another.

Back in the early part of the last century, experts tried to classify colors according to various sensations, so that red meant love, scarlet meant anger, bright red meant courage or confidence and light yellow meant common sense. Other authors—even specialists in diseases of the eye—insisted that yellow and gold were intellectual; green, utilitarian; red, sensual, and blue, spiritual. White is almost invariably associated with purity, cleanliness and high moral qualities.

The facts about color are only now beginning to be determined; yet we still abide by many of the beliefs of the past, even in choosing certain colors for certain purposes. Thus red is always a danger signal by common consent; green a "go ahead" signal, and yellow a matter of doubt. Quite recently it has been found that black on a yellow field is more easily seen than any other combination so that it is likely that stop signs will some day be made of this combination.

Presumably, the yellow butterfly in spring was associated with sickness, because the jaundice that used to be a significant sign of a disordered digestion, or what was commonly called liver trouble, gave the patient a yellow tinge.

It is no business of Uncle Sam who elects the president of Mexico this year. It is none of my business; it is none of your business. —JOSEPHUS DANIELS, U. S. ambassador to Mexico.

Shamrock Celebration Originated By Glenn Truax, Irish Band Master

Special To THE NEWS

SHAMROCK, March 2—As ancient as the old saw, "Big Oaks From Little Acorns Grow," may be, it still may be used as a most fitting reference to the Annual Saint Patrick's Day Celebration in Shamrock.

From a mere idea, a "brainchild" of Glenn A. Truax, director of the Shamrock Irish Band, that Shamrock, due to the "Irishness" of her name, should celebrate March 17, in memory of the sacred saint of Ireland and in honor of the Irish, the show has grown beyond the highest expectations of all.

The festival, in its first year, 1938, exceeded the wildest dreams of its originators and with its initial appearance became the biggest fête in the history of the city. In its second year, it jumped to the height of popularity and became known throughout this section as THE day to "eat, drink and make merry."

Upon a creation of the idea of a St. Patrick's celebration, the Irish band director, presented the jewel to the Society of the Shamrock Club organization, and the idea met with such favor that the club immediately voted to sponsor the celebration. Sol Blonstein was elected as first chairman of the Shamrock Club, followed by E. K. Caperton who was in charge of arrangements the second year. The Boosters Club literally "forced" the genial Caperton to again reign in 1940.

In its initial launching, the celebration drew a crowd conservatively estimated at 20,000 people, and in its second year 30,000 enthusiastic spectators crowded the streets of the city to help Shamrock celebrate in her unique way. This year, the third for the festival, anything is expected—the sky is the limit—when Shamrock celebrates, the world, it seems, celebrates with her.

Five-Mile Parade Gigantic parades, five miles in length, which take 60 minutes in passing are composed of handsome floats upon which ride beautiful "colleens" who have been chosen to represent various towns and communities. Typical Irish wit and humor are spaced intermittently throughout the procession, affording the comedy relief that would necessarily go with a celebration of this sort. A popular part of the parade is the musical band, which gallantly marching in their great coats and top hats with faces fringed with whiskers trimmed in the typical "ginny-gow" style so popular in the "old country."

Thirty-five bands and orchestras from as many towns lend a musical and colorful background to the parade features, as the youthful musicians march along in step with their snappy renditions. The internationally famous Altus High School Band and drum bugle corps led the 1939 parade and other headline musical organization present included the Shamrock Girls Glee Club, the Oklahoma City, West Texas State College band of Canyon and the Wah-Wah-Whaysee drum and bugle corps of McMurry College, Abilene.

An afternoon feature of last year's celebration is the massed band concert and march held at the city football stadium. At this program, which proved to be one of the most popular attractions, 1,500 young musicians performed with individual groups playing and marching stunts.

Yes, begorra, from sun-up on March 18, until the wee hours of the next morning, there's "jigging" in Shamrock by her 4,000 citizens and five to eight times as many visitors are a wearin' o' the green.

Weeks before time for this year's fête, Caperton chose his committee to take charge of the various phases of the organization. Committees have been at work for days, shaping up the many plans and steadily bring together the hundred of details necessary to be looked after, in order to make the celebration a success.

At the same time the committee disclosed that Germany had extended her west wall fortifications all the way to the North Sea.

(Recent dispatches from the Reichland have reported German troops movements along the Reich's northwestern frontiers, and some observers have expressed belief that these operations were connected with the construction of new border fortifications.)

NAPA, Calif., March 2 (AP)—Two skins, described by under-Sheriff John Clausen as those of human beings, were delivered to the Napa Tanning Company today together with a note asking that they be made into a pair of gloves. The note was unsigned.

The railway express package containing the skins bore the return address of a tanning company in Napa, Ore.

J. E. Trodden, proprietor of the Napa Tanning Company, said he recognized the skins almost at once as those of human beings. He summoned Clausen who agreed they were human skins.

Clausen said one skin had a heavy growth of hair on the feet and apparently was that of a man. The other appeared to be that of a woman.

One skin had been stripped from the torso and upper arms in one piece. The skin from the legs was packed separately. The other was from the torso only and was cut down the sides.

Clifford, March 2—A county wide federation of all organizations to be named the Wheeler County Coordinating Council was perfected in a meeting Thursday night in the district court room in Wheeler. Setting out the purpose of such an organization as the coordinating of efforts and the eliminating of duplicate effort by each organization, Mrs. Paul Stauffer of Pampa opened the meeting and explained some of the things the organization might accomplish.

Dr. H. E. Nicholson explained the aid that such an organization could be to general health of the entire citizenry of the county. Mrs. Howard Koehn, county director of health, told of the control of preventative disease that might be accomplished through such an organization.

Officers elected to head the new organization were Mrs. Paul Stauffer, chairman, H. B. Hill of Shamrock, and Miss Vera Martin of the Park. Secretaries elected were Mrs. E. K. Caperton who was in charge of arrangements the second year. The Boosters Club literally "forced" the genial Caperton to again reign in 1940.

# SEABISCUIT SANTA ANITA HANDICAP WINNER

## Crowell Defeats Harvesters 39 To 34

### Inability To Make Charity Shots Costly

Crowell's Wildcatters came from the free throw line which gave them the margin of victory. Crowell sharpshooters dropped seven out of eight charity shots through the hoop while the Harvesters made only four out of 12.

The Harvesters jumped into an early lead but it got away from them and they were leading only 19 to 18 at the half. Midway through the second quarter the Harvesters enjoyed a nine-point lead. Again in the third quarter the Harvesters liked their advantage to six points, but it also faded.

Pete Dunaway paced the Harvesters scoring with 10 points. Bearden and Terrell added seven each. Crowell's offense featured long passes and long shots. Lubbock got three times as many shots at the basket as the Wildcatters and if they had been as good marksmen as the Harvesters they would have won. Crowell got few free shots, and most of Lubbock's were of that variety.

Only Zone Defense

Crowell had the only zone defense at the tournament. The Harvesters never ceased trying and they were bearing down just as hard at the final whistle as at the beginning. They showed the spirit that won the state football championship. It was obvious that Lubbock's spirit has carried them farther than ability to play basketball.

Summary:

Player	Fg.	Ft.	Tp.	Pt.
S. Cox	2	0	0	6
Bearden	3	1	1	7
Terrell	3	1	0	7
Dunaway	5	0	0	10
Carliele	2	0	4	4
Totals	15	2	5	34

Summary:

Player	Fg.	Ft.	Tp.	Pt.
Andrews	3	1	2	7
Russell	5	2	1	12
Fitzgerald	6	1	3	13
Smith	2	2	2	6
Croscoe	0	1	3	1
Totals	16	7	11	39

Dimmitt did not turn out to be as strong as expected. They whipped Canyon for the district two championship in an overtime game, and the Eagles had previously won over the Harvesters. The score was expected to be close.

The score by quarters:

Quarter	Pampa	Harvesters
1st	11	19
2nd	11	22
3rd	17	21
4th	0	0
Total	39	64

Officializing Wild

The game was close and loosely called. A total of only 6 fouls were assessed in the game. 2 on Dimmitt and 4 on Pampa, and the only way a boy could get a foul called on him was to knock an opponent down and drag him for a distance of at least six feet. Or that's the way it seemed.

The regular meet which is always notorious for "screwball" officiating seemed to hit a new high this year. The outstanding feature of this irregular officiating is that it is such a change from the kind one sees in the district meets where everybody on the team usually fouls out.

The Harvesters run their plays with great success against Dimmitt, and they stuck to the line of play outlined by the coach. Although they missed many shots and passed wild several times they continued to run their plays throughout the game.

### Training Camp Briefs

Manager Oscar Vitt of the Cleveland Indians set to work today to revise Ray Mack's hitting methods. Vitt decided that Mack, Cleveland native who hopes to hold down second base for the Indians this year, was holding his bat and his hands too close to his body.

"If we can correct that, I'll bet he'll hit like he used to hit," Vitt said.

ST. LOUIS, March 2 (AP)—The first major league night baseball game ever played in St. Louis will be May 21 between the Cleveland Indians and the St. Louis Browns of the American league.

The date, announced today by the Browns' office, is 12 days in advance of the St. Louis Cardinals game under lights.

TAMPA, Fla., March 2 (AP)—Just to show he has an open mind, Manager Bill McKechnie says, "any rookie in the nation who knows a baseball from a barrel of apples has a chance to get a fat job with the Cincinnati Reds."

Without mentioning the odds, the skipper let his regulars know that no matter how good they were last year, 1940 is 1940 and anybody can come around and try for any spot. Just as if he were running a cellar team, McKechnie said the field was wide open.

PORT MYERS, Fla., March 2 (AP)—Note to Bob Fellers of the Cleveland Indians' pitching staff: Slow up on the leg work, Manager Oscar Vitt, the team's coach today, his hurling act should run only the distance between the foul lines each day. "Bob is but three pounds over his last summer's weight," said Vitt, "yet he thinks he has to keep working every minute."

MIAMI BEACH, Fla., March 2 (AP)—It's taken Manager Doc Prothro only two days in spring training camp to become concerned about the Philadelphia National's catching problem.

Three backstoppers brought up from the minors and Walt Millies, a veteran, are fighting it out to fill the shoes of Spud Davis, now with Pittsburgh. One of the youngsters, Ben Warren, Bill Alwood and Joe Kracher, observers believe Warren appears the best bet.

Anaheim, Calif., March 2 (AP)—Outfielder Sammy Chapman, on whom Athletic Manager Connie Mack is pinning big hopes this year, believes playing golf all winter has given him a rhythmic swing. "Yesterday he blasted out the longest hit in La Palma Park's history when he dropped one over the 400-foot center field wall," said Mack.

"I figure if I can swing at a baseball as smoothly as a golf ball, I might come back this year," he declared. "I'm sure my trouble is in my swinging."

AVALON, Calif., March 2 (AP)—Anglo-Glean's two-day holdout ended today when the Chicago Cubs outfielder signed his contract and flew here from the mainland for his first workout with the squad.

Signing of Glean leaves only Pitcher Hank Leiber and Outfielder Dazy Dean outside the field.

The Cubs signed a young catcher, Alvin Montgomery, who played with Bisbee, Ariz., last season.

PASADENA, Calif., March 2 (AP)—Vice-President Harry Garbner of the Chicago White Sox said today Pitcher Clint Brown had reduced his asking price in a letter to the club but added no compromise was expected in the negotiations.

Brown's original asking price was reported as \$15,000.

LAKELAND, Fla., March 2 (AP)—The Detroit Tigers will get their first taste of competition in an intra-squad game Tuesday. Manager Del Baker said today.

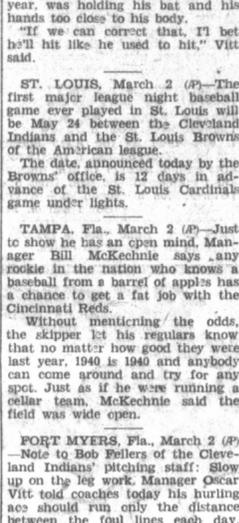

Arrival tomorrow of infielders Charley Gehringer and Boyd Ferry and outfielders Bruce Campbell and Earl Averill will complete Detroit's squad of 38 men.

CLEARWATER, Fla., March 2 (AP)—Second Baseman Pete Coscarat signed a contract today reducing the Brooklyn Dodgers' holdout ranks to four.

One of the four, Outfielder Mel Almada, was at camp and admittedly ready to sign as soon as some minor points were settled. But First Baseman Dolph Camilli and Outfielder Dick Walker and Lindsay Deal were still absent and unheard from recently.

### MIGHTY SEABISCUIT WINS SANTA ANITA

\$376,744

Seabiscuit, the greatest of them all, romped home to victory in the famous Santa Anita

### Kayak Trails Stablemate By One Length

LOS ANGELES, March 2 (AP)—Seabiscuit won the \$100,000 Santa Anita handicap and established itself as the all-time money winner of American turf. Kayak II was second, Whickee third.

Wedding call finished fourth. Time of the race was 2:01 1/5.

The pari-mutuel paid on Seabiscuit \$3.40 to win, \$2.80 place, \$2.80 show. On Kayak II \$2.80 place, \$2.80 show. On Whickee \$3.60 show.

It was a smashing victory, contributing a new and brilliant chapter to the annals of the turf. Seabiscuit, a true champion, swept into the lead at the head of the stretch.

Legs pounding, nostrils distended, he forged ahead under masterful riding by Johnny "Red" Pollard.

Meanwhile his black stablemate, Kayak II, moved up from off the pace. He too, moved by Whickee, which had set the pace from the first quarter and apparently well in hand.

Down toward the wire the three charged. Seabiscuit opened up inches, then feet on his running mate. He broke the wire a full length in front. Kayak II had a three quarters margin over Whickee.

The ovation from the crowd was tremendous. The cry "There comes Seabiscuit" was heard on all sides. As the gallant 7-year-old sped by the stands the din was terrific.

With his victory, Seabiscuit became the greatest money winner in the history of the American turf. The \$86,650 he hauled in today, added to his previous earnings brought the grand total to \$437,730. The previous record, by Sun Beau, was \$376,744.

Earl James, riding Whickee, claimed a foul immediately after the race. He charged that Seabiscuit came over sharply on his mount at the sixteenth pole. The claim was disallowed.

### LeFors Wins 11 Out Of 14 Fights From Follett

LeFORS, March 2 (NS)—Leather flew thick and fast Friday night in the LeFors gymnasium when Coach Toby Waggoner's Pirate boxers won 11 out of 14 bouts from Follett.

It was the seventh straight win of the season for the Pirates after they had lost their first two battles.

Three of the LeFors wins were by the knockout route, one of them going to Kenneth Twigg who has won five out of his last six battles by the sleep route. Only Pampa's Lefty Pendleton has fooled Twigg's sleep punch.

Judges C. E. McGraw and Paul Hill of Pampa and Mr. King of Oklahoma were in accord in all but one bout. They declared the meet one of the fastest they had ever attended.

The gymnasium was packed and even stanchion room was sold out. On Tuesday night at 8 o'clock the LeFors boxers will be at home to the Pampa Harvesters who gave them tough competition three weeks ago in Pampa.

Results, LeFors boxers named first:

- 105 pounds—B. J. Cobb won over C. J. Hendrick by a technical knockout.
- 115 pounds—M. Uplam decided C. Hendrick.
- 125 pounds—Weyland Hughes won over J. Ehrlich.
- 135 pounds—R. Earhart lost to Kenneth Glasgow.
- 125 pounds—Kenneth Twigg knocked Davey Yancey.
- 145 pounds—Paul Barrack won on a decision from L. Larkie.
- 155 pounds—Dale Crey lost on a technical knockout to Keith Glasgow.
- 155 pounds—Jack Shipman decided Gerald Matlock.
- 65 pounds—Boddie Dunn decided Pete Blum.
- 75 pounds—E. Clemens won from Lyle Byer.
- 75 pounds—J. Osborne decided Jr. McKee.
- 105 pounds—E. Cooper decided P. Cross.
- 105 pounds—Roy Jones won from S. Matlock.

### Harvester Thinclads To Start Work Soon

As soon as the weather decides to stay warm for a few days, Coach Odus Mitchell will call his track and field squad to Harvesters field for workouts, he announced yesterday.

Among the track and field prospects will be every boy who plans to participate in football next fall. Several boys who will graduate in May will also be eligible for track and field competition.

Coach Mitchell doesn't plan to start spring football practice until after April 1. He is going to condition his prospects through track and field workouts so that when football practice begins he will be able to start strenuous practice and not have to stage conditioning sessions.

Only eight boys from the 1939 Harvesters squad will be eligible to report for football.

### BIT'S ABOUT BOWLING

Three Pampa women's bowling teams—Standard Food, Behrmans and Coca Cola—will be in Amarillo today bowling in the Amarillo Invitation tournament. The Pampa women will compete in team, doubles, and singles competition.

A 21 hole league game Friday night Texas company won two out of three from Jones-Everett and E&M Cafe took two out of three from Kiwanis club.

national indoor tennis championship today, defeating Oklahoma City's Don McNeill 2-6, 6-1, 6-4, 7-6, 6-2.

The little Chicagoan rushed the net continually and intercepted McNeill's heaviest blows before they could inflict much damage to become the first to win both the outdoor and indoor titles since Bill Tilden did it in 1926.

### Riggs Wins First Indoor Tennis Meet

NEW YORK, March 2 (AP)—Bobby Riggs, national outdoor and Wimbledon champion, won his first national indoor tennis championship today, defeating Oklahoma City's Don McNeill 2-6, 6-1, 6-4, 7-6, 6-2.

The little Chicagoan rushed the net continually and intercepted McNeill's heaviest blows before they could inflict much damage to become the first to win both the outdoor and indoor titles since Bill Tilden did it in 1926.

### Harvesters, Gorilla Grid Squads Receive Jackets

Members of the 1939 Pampa Harvesters and Gorilla football squads received jackets last week. Twenty-eight Harvesters and 21 Gorillas were rewarded for their prowess on the gridiron. Twenty Harvesters were given letters and eight received reserve awards.

Of the 28 Harvesters receiving jackets, only eight will be eligible to return for the 1940 season and of that number only two were regular starters last year. Coaches Odus Mitchell and J. C. Prejean will have to rely largely on boys up from the Gorilla team which was one of the best in recent years.

Harvester jackets were reversible green and gold suede. The Gorilla jackets were green with a large letter "P" in gold.

Eligible to return to the Harvesters colors will be Co-Captains Grover Heiskell and Wayne Fade, Ralph Burnett, Jeary Nichols, Roland Phillips, Ed Terrell, John Thompson, A. C. Enloe.

Only Harvesters receiving a jacket with three year service stripes was Pete Dunaway. Two-year lettermen were L. C. Bailey, R. G. Candier, James Carlisle, Bob Clemmons, Seth Cox, Wayne Giddens, Aubrey Green, Grover Heiskell, Herbert Maynard, Carroll Montgomery, Glen Nichols, Jeary Nichols and Manager Billy Moulton.

One year lettermen were Norman Clemmons, Wayne Fade, LeRoy Giles, Kenneth Mullings, Roland Phillips, Warner Phillips, Ed Terrell, and Manager Bob Ward. Reserve sweaters were given to Ralph Burnett, Lindsey Boyd, George Fowler, Soren Jensen, Bob Dan Lane, Irwin Moleworth, John Thompson and A. C. Enloe.

Gorillas receiving jackets were: Leslie Burge, captain, Floyd Allen, Earl Snyder, Bob Louver, Douglas Lovelock, Frank Daugherty, V. L. Edmondson, Joe Bob Zimmerman, Eddie Riley, Arthur Moyer, L. G. Halter, Charles Beach, Clinton Stone, Bill Abernathy, Bill Brady, Tom Cox, Tom Johnson, M. D. Sims, Pat Flaunigan, Andy Smith and Bob Bray.

### Arkansas Sweeps Series From TCU

FAYETTEVILLE, Ark., March 2 (AP)—Holding a safe lead all the way, the Arkansas Razorbacks swept their two-game Southwest conference series with the Texas Christian university Horned Frogs by winning tonight, 52-36.

Coach Glen Rose's Porkers finished the season with a 5-0 standing, far under pre-season expectations.

Arkansas led at the half, 35-19, with Guard Howard Hickey, who was high scorer with 21, scoring 16 points before intermission.

# Teachers To Study Demo Citizenship

Educating for democratic citizenship will be the theme of Northwest Texas Conference for Education, to be held at West Texas State college, March 8-9.

The conference is for school administrators, teachers, and Parent-Teacher association representatives of district 9, Texas State Teachers association, consisting of Gray and 35 other Panhandle counties.

Mr. C. T. Hunkapillar, Pampa,

president of the eighth district, Parent-Teacher association, will make the address of welcome at the second general session, to be held at 11 o'clock on the morning of March 8 in the auditorium of the administration building.

C. A. Cryer, superintendent of McLean schools, will discuss "Status of Teachers Retirement and Teachers Tenure in Texas" at the same session.

In the sectional meetings, E. R. Reeves, LeFors, will be chairman of the meeting of commercial teachers, B. R. Coltharp of Pampa will be vice-chairman of elementary social studies, Miss Ila Mae Hastings of LeFors, chairman of high school language arts.

Miss Arlean Pattison, Pampa High school home economics teacher, will speak on "How We As Teachers

Train for Democratic Citizenship in Home Project Work," in the home-making section meeting.

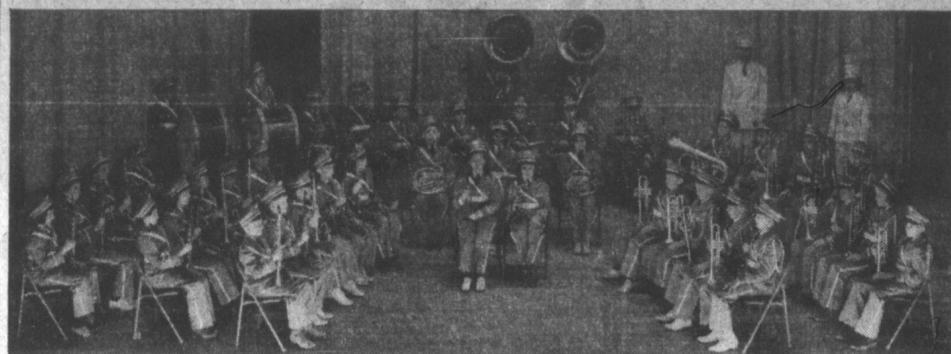

Vice-chairman of the librarians meeting will be Miss Maybelle A. Taylor of Pampa, while Miss Helen Martin, Pampa music supervisor, will hold a similar position at the music teachers gathering. Miss Bernice Larsh of Pampa will be vice-chairman of primary teachers.

"What is a Good Trustee?" will be the subject of a speech by C. P. Buckler, secretary of the Pampa school board, at the trustees section.

At the luncheons, E. R. Reeves of LeFors will be one of three joint chairmen at a vocational teachers luncheon. Miss Taylor of Pampa will preside at the librarians luncheon, and Miss Hastings of LeFors at the luncheon for high school language arts teachers.

Supt. C. A. Cryer of McLean is a state executive committee member from district nine. F. L. Mize, superintendent of LeFors schools, is president of the Gray-Robert County Teachers association. Pampa superintendent L. L. Sone and Gray county superintendent W. B. Weathered are members of the educational progress conference committee. H. Dunlap of LeFors is a member of the credentials committee.

# WOODROW WILSON BAND WILL PLAY AT ALL SCHOOL REVUE

The Woodrow Wilson school band, pictured above, will be featured at the Woodrow Wilson

ed Thursday night in the high All School Revue to be presented at the school auditorium. Director of

the band is Frederick Forrester. The revue will include band music, music by the glee club, skits and plays. The revue was

—Photo by Fletcher's Studio scheduled to have been held last month but was postponed because of a bad snowstorm.

# Clayton For Trade Pacts

WASHINGTON, March 2 (AP)—W. L. Clayton, Houston cotton broker, testified today that abandonment of the administration's trade agreement program would be "a step backward" toward closing the markets of world trade.

Representing the American Cotton Shippers Association, the Texas told the Senate Finance committee that it was his opinion that the program provided a "modest effort" to keep alive the principle of international division of labor with resulting free exchange of goods between countries.

He said reciprocity had helped cotton growers and dealers by increasing the world shipment of goods to this country, thus providing other nations with funds to purchase cotton here.

He added, however, that the European war had caused foreign buyers of cotton to turn more and more to other nations for their purchases, because they could effect an exchange of goods with those nations, whereas they must liquidate their securities to buy needed war materials in this country.

Senator Vandenberg (R-Mich.) said he agreed with Clayton that the unimpeded exchange of world goods should be promoted, but said he did not want this country to be the only one retaining the ideal while others adopted methods of blocked exchange and barrier.

# FDR Returns To Washington

WASHINGTON, March 2 (AP)—President Roosevelt returned to the capital tonight to tackle domestic and international problems after a central American cruise during which he inspected the defenses of the Panama Canal.

Immediately on his arrival it was announced that he had signed the bill under which the resources of the export-import bank are increased by \$100,000,000 to permit a \$20,000,000 loan to Finland and similar assistance to other nations.

Secretary of state Hull and Louis Johnson, assistant secretary of war, met the chief executive at Union station when he arrived early in the evening.

On the journey northward on his train, the President today accused the House appropriations committee of camouflaging its reasons for refusing \$15,000,000 he asked to begin enlarging the Panama Canal.

Congress, he said, has full authority to delay for a year the construction of a third set of locks, but he added somewhat grimly that such action should not be camouflaged by

statements that the war department was pushing the project too rapidly.

The appropriations committee had said that detailed plans for the undertaking could not be completed until two years hence, and indicated that the war department was prematurely pushing for funds. Subsequently the House upheld the committee and passed a war department appropriation bill minus the \$15,000,000.

The President said that the responsibility for delay should be squarely on Congress, because plans are sufficiently far advanced to permit construction to get under way this spring on the extra set of locks, which would cost \$277,000,000.

# Shoe Style Traced To Power Of Press

LUBBOCK, March 2—Current fad of wearing white saddle oxfords among Hamilton High school girls, says The Trail school newspaper, has been traced to "the power of the press."

High school girls attending the West Texas Scholastic Press clinic at Texas Tech last fall noticed the prevalence of white saddle oxfords for school wear among Tech coeds. They bought some to take home with them, the first in Hamilton High, and now dozens of girls are wearing them.

## Mrs. Neely Will Lead Alpha Mu Delpbian Society Chapter Program

### Spring Festival To Be Presented By Accordionists

The Spring Accordion Festival presenting about fifty-five local accordionists will be held Friday night, March 2, starting at 8 o'clock in the city auditorium. The program which will feature pupils of both Bill Haley and Bill Kenton, will be composed of music of various types, popular, classical and semi-classical.

The following accordionists will participate: J. D. Fenberg, Mary Kathryn Jewell, Nancy Graham, Donna Ruth Deal, Pauline Martin, Frank Martin, Pauline Ward, Barbara Ann Carlson, Patsy Miller, Carol Culberson, Betty Fern Wilson, Joyce Harrar, Rita Lane, Margaret Frick, Jimmie Martin, Bobby Hatfield, Evelyn Louise Nickolson, Mareta Sue Wright, Frances Redd, Florence Wagner, Vera Fay Gwener, Lou Ellen Giles, Wanda Gordon, Betty Jo Reese, Wanda Miller, Maureen Kiley, Laverta Jean Sloan, Jerry Dyer, Dasha Heard, Patsy McIntyre, Betty Brummet, Bonnie Nell McBee, Anita Lane, Phyllis Kuykanchall, Wesley Geiger, Eugene Robins, Billie Ruth Crowl, Lavall Fleming, Wilma Fleming, Dolly Lenders, Colleen Williams, Juanita Stoker, Bernadine Breining, A. L. Patrick, Joe Cree, Janice Wheeler, Frankie Ann Studer, Elaine Carlson, Earnestine Crane, Dorothy June Sarvis, Betty Jo Casada, Marjorie Gaylor, Geradine Walker and Betty Ann Culberson.

The festival will be under the auspices of Tarpley Music Store and there will be no admission charge.

### ACCORDION QUARTET TO PLAY IN FESTIVAL

Music of every type and variety will be represented at the Spring Accordion Festival to be held Friday night, March 2, starting at 8 o'clock in the city

auditorium. The boys quartet will supply the popular and swing numbers for the program. Playing in the quartet are (lower) Wesley Geiger and A. L.

Patrick, Jr.; (upper) Joe Cree and Brent Binkvist. Selections to be played by the quartet are "The Little Red Fox," "South of The Border," and "Rancho Grande."

### Mrs. Braly Hostess At 20th Century Meeting This Week

A program on Texas was presented at the meeting of Twentieth Century club this week in the home of Mrs. Clifford Braly.

After roll call was answered with the names of Texas celebrities, Mrs. Paul Kasper, leader, gave a sketch on the life of Katherine Anne Porter, author of "Pale Horse, Pale Rider," the first book of which was reviewed by Mrs. Raymond Harrah. The original manuscript of the book is kept at the University of Texas at Austin.

Mrs. Roger McConnell, president, was in charge of the business session.

Attending were Meses. Clifford Braly, W. A. Bratton, F. M. Culberson, A. H. Doucette, J. M. Fitzgerald, J. W. Gordon, R. J. Hagan, Raymond Harrah, I. B. Hatcher, Paul Cassidy, J. B. Mason, Roger McConnell, Roy E. McKernan, Roy McMillen, J. C. Richey, Tom Rose, F. L. Stallings, and one guest, Mrs. T. J. Conditine of Amarillo.

### Monthly Social Of Clara Hill Class Given

Clara Hill class of First Methodist church met in the church basement this week for the monthly social with Meses. Paul Clifford, E. L. Emerson, J. B. White, and Hugh Anderson as hostesses.

Mrs. C. F. Walton presided at the short business meeting after which Mrs. Anderson gave the devotional on work. Clever games were played and refreshments in the patriotic theme were served.

Present were Meses. Lon Lusher, E. P. Snyder, W. V. McArthur, Glen Radcliff, Fred Radcliff, Dan Leitch, Roberts, W. Purviance, and Graden J. C. Payne, Roy Pierce, Louise Ford, Clyde Brownie, Otis L. Young, Harry Hoyler, C. F. Walton, George Hancock, W. N. Taylor, and daughter, Sandra, members; Meses. H. O. Cantrell, guests.

### Circle Meets For Business And Bible Study Recently

Mary Martha circle members of Woman's Missionary society of Central Baptist church met in the home of Mrs. D. L. Lunsford this week for business and Bible study with Mrs. Harry Dean as co-hostess.

To open the program Mrs. Dayton White led in prayer and Mrs. J. R. Green conducted the business after which Mrs. S. L. Anderson gave the Bible lesson from Acts 4.

Refreshments were served to Meses. J. B. Cole, L. B. Scruggs, J. B. Davis, Dayton White, Roy Hallman, F. M. Smith, J. O. Scott, Ray Tiley, G. C. Stark, H. Beckham, H. A. Overall, S. L. Anderson, D. L. Lunsford, W. R. Morrison, Harry Dean, G. B. Dodd, and J. A. Gray.

Beginning Monday afternoon at 2:30 o'clock and continuing through the entire week at the same time, the society will meet at the church for a mission study week of prayer.

### Twentieth Century Culture Club Will Have Husbands Night

Husbands night will be observed by Twentieth Century Culture club Tuesday evening at 8 o'clock when a program will be presented in the city club rooms for the members and their husbands.

Ernest Caba is to speak to the group on "World Problems of Today."

Mes. H. H. Hahn, Tom Perkins, C. W. Briscoe, and O. R. Pumphrey will be hostesses for the evening.

### Social Meeting Of Dorcas Class Held In Home Of Member

Dorcas class members of Central Baptist church met Friday afternoon in the home of Mrs. George Berlin for a business and social meeting.

Following the opening prayer by Mrs. Cecil Stanley, the business session was conducted by the president, Mrs. Berlin. The year book committee was appointed with Mrs. John R. Gray as chairman. Reports made by the group captains included 38 visits, three cards, and eight trays. Plans were made to send cards and flowers to a sick member.

Mrs. E. A. Harris had charge of the social hour in which games were directed by Mrs. Pearl Yoast.

Refreshments in the St. Patrick theme were served to Meses. Marie Stutte, Harry Dulaney, and Pearl Yoast, visitors; Meses. George Grant, Cecil Stanley, and daughter, Patricia Ann, R. E. Warren, O. H. Gilstrap, Ben Seibold, E. W. Anglin, Roy Hallman, Earl Furness, T. Beckham, E. A. Harris, and George Berlin.

Mrs. R. E. Warren in the North Phillips camp will be hostess at the next business and social meeting on April 5.

### Catholic Youths To Have Communion Breakfast Today

Plans for a communion breakfast to be given this morning at 9 o'clock at Six Owen's dining room were made at the meeting of Catholic Youth Association this week in the parochial school hall when Miss Maxine French and Jim McKernan were host and hostess.

Arrangements for a dance to be given after Easter were discussed also.

Attending were Bill Haley, Tex Meador, Jim Brown, Jim McKernan, Ray Critchlow, Lewis Jones, Irene Poolos, Margaret Jones, Ann Wade, Ellen Mary Haley, and Maxine French.

Another meeting of the association will be held Tuesday evening at 8 o'clock in the home of Jim Brown.

### Good Luck Club Has Meeting In Home Of Teacher

Members of the Sunday School class of First Methodist church which is taught by Mrs. Effie L. Evans, 900 North Gray street, have organized a Good Luck club which met Friday in the home of the teacher.

In the business session officers were elected as follows: Betty Jo Sackett, president; Christine Patterson, secretary; and Joe Ella Sheelton, treasurer. The group voted to order club pins.

After games were played, refreshments were served to those attending.

### Week Of Prayer To Be Observed By Calvary WMS

Calvary Baptist W-man's Missionary society will observe a week of prayer and offering for missions this week at the church.

A special program will be presented each afternoon, beginning Monday and continuing through Friday, at 2:30 o'clock.

### Scholarship Tea To Be Given By Teachers Group

A benefit scholarship tea will be given by the Delta Kappa Gamma teachers' fraternity on Saturday, March 16, at 2:30 o'clock in the city club rooms.

Mrs. Hol Wagner will give a review of the best seller, "Land Below the Wind" by Agnes Newton Keith.

The setting of this travel book is in northern Borneo, the only colony of its kind in the world, which is operated by a company chartered by the British government.

The author tells of the official and native life in the colony and of her own experiences there.

Included on the program will be numbers by the teacher's sextette.

In charge of arrangements for the event will be Miss Ida Mae Hastings of LeFors, president, Miss Lorraine Bruce, chairman of the scholarship committee, and Mrs. J. B. White, social chairman.

### Eastern Star Study Club Has Social In Member's Home

District Two Order of Eastern Star study club met in the home of Edrie Colvin this week for a social.

Games were played by the group and a St. Patrick theme was carried out in the decorations and refreshments which were served to Meses. Hazel Parker, Corinne Landrum, Lou Gomillion, Frankie Lee Hughes, Tillie Montgomery, Helen Mohon, Marge Murphy, Hattie Broome, Mary Fleming, and Lillian Murphy.

The club will meet for another social on the fourth Wednesday in March for a social in the home of Lou Gomillion, west of town. Study meetings will be held on the first, second and third Wednesdays in the Masonic hall.

### Birthday Party Honors Janell Coffee Recently

Mrs. Harold Coffee, assisted by Mrs. George Cowan, entertained with a party in honor of her daughter, Janell, on her seventh birthday.

Games were played after which angel food cake and ice cream were served to Joyce De Witt, Janice Mays, John Henry Clinton, Myriane and Joyce Harrell, Billy Dee Edmondson, Lillian and LeRoy Shaw, James Meredith, Dorothy and Betty Ann Birch, Colleen Wingert, Minnie Ruth Atwood, Betty Sue and George Kilgrose, James and Erma Ray Winborne, Jackie and Birgit May Boles, George and Juanita Boyles, Charles Everett, Betty J. LeRoy Brown, and Bobby Rex Gill.

### Las Alhajas No Propias Members Meet Friday Night

Miss Vivian Woodridge was hostess at the meeting of Las Alhajas No Propias club Friday evening.

After the business session was conducted by the president, Miss Alma Lee Rader, games were played by the members.

Refreshments of coca cola and snacks were served to Meses Thelma Odell, Alma Lee Rader, Elvina Humberger, Kathleen Paxton, Vivian Woodridge, and Mrs. Eva Mae Miller.

The next meeting will be held Friday night in the home of Miss Rader.

### Eastern Star Lodge Has First Meeting Of Month On Friday

Members of the Order of Eastern Star met Friday evening in the city hall for the first meeting in the past month.

Devotions for the box to be sent to the O. E. S. home for elderly ladies at Arlington were presented at the meeting.

Final plans were made for the visit of the deputy grand matron, Frances Jones, of Canadian who will make her official visit in Pampa on March 15 when the shamrock and Canadian chapters are to be invited guests. Arrangements for the school of instructions to be held here on April 20 were discussed.

After the meeting a surprise shower was given for all members present by the Masonic lodge number 966 of Pampa. The group of 40 Eastern Stars and eight Masons went to Six Owen's dining room for a salad course.

### Dinner And Social Given For Reapers Class And Guest

Reapers class members of First Baptist church and their husbands were entertained with a chicken dinner and social in the church on Friday night with Meses. Homer Doggett and Doug Wilson as hostesses.

The St. Patrick theme was carried out in the decorations.

After dinner the group played various games.

Present were Meses. Roy Dyson, O. C. Brandon, Arthur Nelson, Merle Coday, B. R. Coltharp, Bob Allford, Doug Wilson, S. J. Hawkins, Lannie Roundtree, Grant Anderson, Bob Sidwell, George Andrews, Owen Johnson, and Meses. Alta Dowacter, Webster Johnson, Charles Miller, Ray Beasley, and Homer Doggett.

### Monthly Meeting Of Baptist WMS To Be Wednesday

Instead of the regular monthly business meeting of the four circles of Woman's Missionary society of First Baptist church at the church on Monday, members of all four groups will meet in the home of Mrs. Adrian Owens, 427 East Brownling street, at 2:30 o'clock.

Circle four is to have charge of the program which will be presented.

On Wednesday afternoon at 12:30 o'clock the executive meeting will be held at the church with a covered dish luncheon following at 1 o'clock.

After the luncheon, the Rev. E. B. Joseph, a converted Jew, will speak.

The meeting was changed from Monday to Wednesday because Rev. Joseph could not be present.

### Mrs. Bradley To Speak At AAUW Child Study Club

Child Study club of the American Association University Women will meet Tuesday at 2:30 o'clock in the city club rooms with Mrs. Frank Smith and Mrs. Ed Lamb as hostesses.

Mrs. John I. Bradley will speak on "What I Expect of a First Grader."

The nursery will be in room 210 of the high school.

### Contract Club Entertained At Bridge-Luncheon

Mrs. T. M. Crawford and Mrs. Del Davis were hostesses at a bridge-luncheon given Thursday at noon in the home of Mrs. Davis for members and guests of Contract club.

A St. Patrick theme was carried out in all decorations and appointments of the party.

Prizes were awarded to Mrs. W. B. Wild who made high score for guests; Mrs. J. H. Kelley, high for members; and Mrs. Bob McCoy, high cut.

Members attending were Meses. J. C. Richey, Siler Faulkner, Sr., T. F. Smalling, Clifford Braly, and J. H. Kelley.

Guests were Meses. George Cree, Joe Lutz, Carl Smith, W. A. Bratton, Walter F. Dean, R. M. Belamy, Bob McCoy, Clinton Henry, Carroll Wood, W. B. Wild, B. O. Lilly, P. O. Anderson, Charles Duenkel, W. B. Hoover, and D'n Winsor.

### B-PW Club Guests And Members Have Monthly Social

Business and Professional Women's club members and their guests were entertained with a covered dish dinner at the monthly social meeting of the organization this week in the city club rooms when the health chairman was in charge of the program.

Taking part in the discussion were Ida Hughey who spoke on cancer; Vera Lard, sinus; Rowena Wasson with the assistance of Helen Eberly, "Feet and Your Future"; Mable Gee, "Health on Your Budget"; Dalt'n Hall, "Changing Life Sensibly"; and Helen Eberly, "Do As I Do."

Various contests entertained the 50 members and guests who attended.

At the next business meeting on March 12, a dinner will be held in the Hotel Schneider and Hattie Lou White of Amarillo, a state officer, will speak. Lillian Jordan and her committee will be in charge of the event.

### Methodist WMS To Meet In Eight Circles On Monday

Weekly meetings of the eight circles of Woman's Missionary society of First Methodist church will be held Monday afternoon at 2:30 o'clock.

Mrs. J. E. Kirchman, 600 North Gray street, will be hostess to members of circle one, while a meeting of circle two is to be held in the home of Mrs. Merl Kercheval, 408 North Somerville street.

A program for circle three will be presented in the church parlor with Mrs. George Hancock as hostess.

Two other group meetings to be held in the homes of members are circle four with Mrs. C. C. Bogan, 839 South Barnes street; and circle five with Mrs. W. D. Waters, 1224 Christine street.

Another group meeting at the church will be that of circle five with Mrs. C. A. Burton as hostess in the Clara Hill class room.

A meeting of circle seven will be held in the home of Mrs. Jess Clay, 405 North Warren street. The only night meeting will be that of circle eight which is to be held in the home of Miss Lillian Mullins, 408 North Somerville, at 7:30 o'clock.

### Kit Kat Klub To Honor Seniors At Tea-Dance In May

A tea-dance to be given in May for graduating seniors was planned at a meeting of Kit Kat Klub this week in the home of Miss Margie Williams.

The members of the club will go to Amarillo on March 8 to spend the day. Another meeting of the club will be held Wednesday afternoon at 4:15 o'clock in the home of Pat Blissett.

Attending were Pat Blissett, Ann Chisholm, Tammie Close, Betty Cree, John Gurney, Marguerite Kirchman, Margery McColm, Norma Jean McKinney, Carolyn Surratt, Heidi Schneider, Sara Bourland, and sponsor, Mrs. Raymond Harrah, and the hostess.

### Magnolia Sewing Club Meets With Mrs. B. Denson

Mrs. Burdette Denson entertained one guest and members of the Magnolia Sewing club in her home Thursday afternoon.

Following several hours of sewing and crocheting, refreshments of spiced fruit punch and sandwiches were served.

Attending were Meses. Floyd Tibbets, Bob Candler, Johnny Zuerker, Ronald Hips, John Capps, Alvin Cole, Howard Marker, Claude Hips, Roy Crouch, Jesse Weder, members, Mrs. Albert Allen, guest, and the hostess.

Mrs. Denson was presented a rock crystal boudoir lamp from the members.

Mrs. Claude Hips will be hostess to the club on March 14.

### LONE TEXAN IN MISSISSIPPI COLLEGE

Miss Martha Gene Williams of Amarillo, is Blue Mountain Mississippi College's lone but lovely

student from the Lone Star State, which celebrated Texas Independence Day on March 2.

### Central Baptists To Observe Week Of Prayer For Missions

A week of prayer for missions will be observed by the Central Baptist church beginning Monday and continuing through Friday.

Monday morning members of the society will meet at 9 o'clock in the church to quit until noon when a covered dish luncheon will be served. After lunch the group will quit

until 2:30 o'clock when the first program in the week of prayer will be given by Mary Martha circle with Mrs. L. B. Scruggs in charge.

On Tuesday afternoon at 2:30 o'clock members of Lottie Moon circle will give the program with Mrs. C. A. Jones in charge and on Wednesday at the same time Lydia circle will be in charge with Mrs. Ernest Baldwin presiding.

Lille Hundley circle with Mrs. George Berlin conducting the program will have charge Thursday afternoon and on Friday the study will be conducted by Hopkins number two circle with Mrs. Glen Timmons presiding.

### Study Of Art To Be Continued Friday Afternoon

"Some Elements of Composition" is the topic of the program to be presented at a meeting of Alpha Mu chapter of Delphian society Friday afternoon at 2:30 o'clock in the city club rooms with Mrs. J. Monroe Neely as leader.

Opening the program will be a discussion of "The Fundamental of All Composition" by Mrs. W. A. Breining after which Mrs. Garnet Reeves will speak on "Visual Experience from the Vertical" and Mrs. H. J. Davis will give "Art Language of the Horizontal."

Other topics will include "The Art Language of the Diagonal" by Mrs. M. P. Downs; "Illustrations and Works of Art" by Mrs. Tom Duval; "Diagonal Composition" by Mrs. Lee Harrah; "Composition of Varied Elements" by Mrs. H. B. Landrum; and "Abstracts and Representational Art" by Mrs. Roy McMillen.

Mrs. J. W. Garman will discuss questions A and B under application and Mrs. C. E. Cary, questions C, D and E. In the discussion Mrs. Ira Spearman is to give F, I and G and Mrs. O. R. Pumphrey H, I, and J.

### Entre Nous Club Meets With Mrs. Benton On Friday

Mrs. W. D. Benton was hostess at the meeting of Entre Nous club members Friday afternoon when the program was opened with roll call which was answered by telling a most embarrassing moment.

Following a brief discussion, refreshments of sandwiches, potato chips, olives, cookies, and tea were served in the St. Patrick motif.

Attending were Meses. C. A. Tignor, Joe Lewis, Ira Spearman, George Dwyer, Guy Farrington, John Lawler, W. D. Benton, members; and Meses. Joe Messengale and Marvin Daugherty, visitors.

### City Council Of Clubs Will Meet Thursday Morning

City Council of Clubs will meet Thursday morning at 9:30 o'clock in the city club rooms.

Important business is to be discussed and representatives from all clubs are to be present.

### District P-TA Units Observe Founders' Day

By KATHERINE SIMMONS

A Founders' Day program in Wellington, sponsored by the city council president, Mrs. Charlie Jones, was presented with varied program contributions and including all units of the city. Mrs. C. T. Hunkapillar, district president, spoke on "The Significance of Founders' Day." A striking exercise was presented by the grade school drum corps. Mrs. C. B. Anderson, president of the high school unit was in charge of the program.

Further observance was held in the homemaking department, concluding with refreshments of the beautiful birthday cake and coffee.

Mrs. Lewis Goodrich, district officer, was a guest from Shamrock.

**Conference to Be Soon**

The Northwest Educational conference held annually in Canyon promises to be a program well worth the parent-teacher members' time on March 8 and 9. Parent-Teacher members are meeting with the superintendents for the noon luncheon on that date in the First Methodist church. Tickets will be available after teaching Canyon.

At the sectional meeting for trustees, and again from 3 to 4:30 o'clock in the afternoon to the Parent-Teacher group on Friday, Dr. Rebecca O. Nelson of Tyler schools, will speak. Again Saturday at 9:30 Mrs. Nelson speaks to the general assembly at this conference.

Greetings from the district will be brought at the evening program by the district president, Mrs. C. T. Hunkapillar of Pampa. Speaker of the evening will be Dr. Willis A. Sutton, of the Atlanta schools.

Mrs. J. B. Howe of Panhandle.

will be registration chairman, under the direction of Mrs. Clyde Warwick, Canyon, chairman of Parent-Teacher features of the Northwest Educational conference. Mrs. Warwick met several times the past few months with the executive committee, headed by the president, E. G. Sanders, superintendent of the Sam Houston school.

**District Meet Planned**

On March 1, final plans were made at a luncheon in Memphis, for the district Parent-Teacher conference, which is scheduled for April 17 and 18 in that city. Guests at the luncheon were Mrs. C. T. Hunkapillar, president of eighth district, Mrs. Lewis Goodrich, parliamentarian, and Mrs. L. W. McLendon, publications chairman, of Childress. Mrs. D. L. C. Kinard, fifth vice-president, is general chairman of the spring conference.

On the evening of February 28, the monthly radio program was presented by Mrs. M. W. McCloy, district vice-president, from KGNC, Amarillo. In charge of the program was Mrs. Byron Chapman, of Borger. Four members of the program were Mrs. Bob Lindsey and her two sons, and Byron Chapman.

### P-TA HEAD

Mrs. T. F. Morton, above, is president of the local City Council of Parent-Teacher association. Mrs. Morton, who has been leader of the many activities of the Council since the fall term, began, was president of Woodrow Wilson P-T-A. for two years preceding her election to the Council. Mrs. Morton presided at the recent meeting of the Council when reports were given by all units of the city.

### Local Pre-School Mothers Have Combined Meeting

Pre-school mothers of all schools of the city met recently at the Sam Houston school for a combined meeting.

Opening the session was a band number by the Rice and Cockerill Pre-Schools with Mrs. John Bradley playing the accompaniment.

Ernest Cabe of the high school spoke to the mothers on the importance of the school and the opportunity of meeting and talking with parents and patrons. We are particularly glad to meet parents who are sending their six-year-olds to school for the first time next semester. It is our purpose to make our school system more and more a community centered school. It is your school and our school in which we are all engaged and one big cooperative enterprise. Mr. Cabe pointed out:

"We need to understand each other. The good teacher makes it a part of his business to learn all he can about the child, his home, his parents, interests and hobbies, so that she may better treat him as an individual. The parent of the beginning child may well follow the same principles and learn what they can about the school and its guiding principles. We would like to encourage all parents of school beginners to become acquainted with some of the literature of modern education particularly that which deals with primary levels.

"In the Pampa School we hold to the following general principles in the primary grades:

1. The most important job of the first grade teacher is to help the child to make a satisfactory and happy social adjustment into the life of the group. The child must learn through participation the value of cooperation.

2. The progress of the primary child in learning must be at his own rate of speed. The wide range of maturity at the primary level makes individual treatment necessary. The school should never be criticized because children are not all "together" in their subjects. It should be commended for facing a situation realistically.

3. In the primary grades we see the necessity of creating a school environment that is as happy and secure as possible. Parents should never use the teacher of the school as a threat to their children. The parent of pre-school children should help to prepare the child for the pleasant experience that is to be his in school.

4. Beginning next year we hope to make school at the primary level even more effective by making it possible for beginning children to remain under the direction of the same teacher for a two year period. This two year primary school will be continuous and uninterrupted from the viewpoint of the child and teacher and should do a much better job of adjusting children to the routine of the school."

Mrs. T. F. Morton, who presided, presented Mrs. Bradley who spoke on "Prerequisites for Children Who Will Enter the First Grades of Our Public Schools." A picture show on tuberculosis followed.

The next meeting will be held in each school under the supervision of the pre-school chairman.

The meeting was sponsored by the City Council of the P-T-A, which will distribute 500 bulletins on the activities of the units for the month at the Eight district meeting. Mrs. J. M. Turner is chairman of this committee.

### WORKERS IN LOCAL P-TA GROUPS

Two local Parent-Teacher association officers are Mrs. Claude Lard, left, and Mrs. Carl Euston, right. Mrs. Lard, who is president of the high school unit, also has worked in the B. M. Eaker and Junior High school associations. Mrs. Boston

Elizabeth Lafferty, Glen Owens, Lola Jo Henderson, Mariola Duval, Dixie Lee Robinson, Mrs. A. L. Frigmore, and Mrs. Tom Duval.

### "Why Melody" Topic Of Blanch Rose Walker GA Study

Blanch Rose Walker G. A. of First Baptist church met this week in the home of Tommasine and Lucille Duval.

Mrs. Adrian Owen, newly elected G. A. leader, was in charge with Margaret Ovington, president presiding and Tommasine Duval, secretary at the registry.

The program was presented by Doris Janet Salmon and a series of prayers was led by Emma Sue Bayless, Evelyn Morton, and Patricia Ross. Topics discussed were "Why Melody" by Mrs. Owen; "The Melody of Heaven," Betty Jean Prigmore; "Early Singers for Christ" by Doris Janet Salmon; "Listening to Mountain Music," Tommasine Duval; "Other Songs from Foreign Lands," Lucille Duval; and "Dusky People Sing," Joyce Lee Williams.

Refreshments of cocoa and wafers were served by Evelyn Morton and Elizabeth Lafferty to Mrs. Adrian Owen, Emma Sue Bayless, Virginia Lee Engle, Betty Jean Prigmore, Evelyn Morton, Betty Jean Mosley, Wanda Davis, Mary June Hunter, Vesta Grace James, Margaret Corington, Doris Janet Salmon, Tommasine Duval, Jimmie Sue Day, Lucille Duval, Joyce Lee Williams, Leona Mae Young, Patricia Ross.

### Year Books For Lottie Moon Circle Presented Recently

Lottie Moon circle members met in the home of Mrs. J. L. Barnard this week.

A prayer by Mrs. C. A. Jones opened the meeting and the business discussion followed. The year books were presented to each member.

Mrs. C. A. Jones gave an outline of the Old Testament of the Bible. Refreshments were served to James, Wood Overall, Frank Jewel, Fred Riley, Charles Hunter, J. L. Earnard, Mrs. Harris, Mrs. C. A. Jones, and Mrs. Mark Gunnels.

### Board Members Of Rainbow Girls To Meet Tuesday

A meeting of the board members of the Order of Rainbow for Girls will be held in the Masonic hall at 8:45 o'clock.

All members are urged to be present as the citizenship plan will be discussed.

Gregor Mendel discovered the laws of heredity in the human race by crossing varieties of garden peas.

Harry Kelley, coordinator of diversified occupations of the Pampa High School, was chief speaker at a Founders' Day program in East Ward of Borger last week. Conducting the Founders' Day ceremony was Mrs. C. T. Hunkapillar, Pampa, was guest at the meeting as well as Mrs. E. R. Nunneley, past president of West Ward, now of Pampa, and Mrs. Harry Kelley, of Pampa. The president of this unit is Mrs. G. C. Harrelson.

An informal tea was the occasion at which Mrs. J. B. Howe of Panhandle, who observed Founders' Day in Parent-Teacher work. School visitation was encouraged.

**Citizenship Topic**

Weatherly unit of Borger met in February with C. L. Goldsmith speaking on "Citizenship Training." He said that political, religious, economic, and social citizenship are so closely related one can hardly tell where one stops and the other begins. He continued, "Citizenship is an international affair, now. Nations of today are being more closely related than the 13 original colonies once felt. Airplanes, radios, and fast ocean transportation are certainly factors in this. The home is the foundation of citizenship, with the influence of the church. Everything should not be left up to the schools for citizenship training."

The second grades under direction of Miss Anna Belle Cox and Mrs. Leslie Raley presented the school number. Cub Scouts contributed a number.

A box lunch was held at Weatherly school in Borger on the Leap Year plan. Boys brought the boxes and the girls bought them. The best boxes from each room were displayed at the regular unit meeting that afternoon. Money from this sale was added to the Weatherly

budget. The second project was the film, "Jane Eyre," shown the last day of last month.

A social hour followed the Founders' Day program last month when Dr. M. M. Stephens spoke to the group. Mrs. Ruby Stephens presented a school number. At the March meeting Mrs. C. A. Oarison will discuss "Mental Fitness and Moral Stability."

Members elected to the nominating committee follow: Mrs. Roy Broadway, Mrs. R. W. Skoog, and Mrs. D. E. Metz; on the summer roundup, Mrs. Sam Temple.

The nursery is a continued accommodation accorded members who wish to bring small children to the monthly Parent-Teacher meetings in the Weatherly school, of Borger.

### Wilcox H. D. Club Has Demonstration On Eggs Recently

"The correct way to cook eggs or egg dishes is at a slow, moderate, even heat," Mrs. Julia E. Kelley, demonstration agent, told members of the Wilcox H. D. club in the home of Mrs. Steve Donald.

She also stated, "To cook eggs at a high temperature tends to toughen the eggs and and decompose the sulphur in it. This makes the egg less palatable."

A recipe for scrambled eggs and bacon is as follows: Beat the eggs slightly with one tablespoon of cream or top milk for each egg, and season with salt and pepper. Pour the mixture into a pan containing one tablespoon of melted butter or other fat. Cook over hot water stirring constantly until thickened. Remove and serve at once with crisp bacon.

During the business session one new member, Mrs. R. L. Jones, was welcomed into the club.

Those present were Meses. Ray Stepp, R. L. Jones, Tom Roberts, O. D. Patton, Murray Donald, Dene Cambern, Julia E. Kelley, and the hostess.

The club will have its next meeting in the home of Mrs. H. W. Beall, March 13.

### Miss Tubbs Named Honoree At Party

LEFORS, March 2—Miss Wynonne Tubbs was honored with a birthday party in the home of Mary Lou Hall this week.

After playing various games, the gifts were opened by the honoree. Refreshments to sandwiches, punch, cake, and favors were served to Mrs. Maurice Upham, Maxine Ayers, Jack Shipman, Joyce Bowman, Bob Deiver, Mary Evelyn Johnson, Vernon Watkins, Glenna Deiver, Junior Ammons, Mary Lou Hall, Joe Gouray, Pauline Upham, Robert Matteson, Betty Jean Johnson, Rex Lee Jones, Jinkie Caruth, Waylon Hughes, Roiba Palm-an, Priscilla Davis, Marvin Bowman, Babe Hall, and the honoree.

### Mrs. Brake Hostess At Busy Dozen Club Friday Afternoon

Busy Dozen Sewing club met Friday afternoon in the home of Mrs. W. S. Brake who was presented a magazine rack by the members.

After an hour of sewing, refreshments of cherry tarts and coffee were served to Mrs. H. H. Boynton, guest, and Meses. L. J. Fisher, O. C. Brandon, Grant Anderson, Homer Doggett, Doug Wilson, Lewis Tarpley, Bill Hawkins, A. F. Wash-an, and the hostess.

The club will meet March 15 with Mrs. T. L. Curry as hostess at 3 o'clock.

### Child Study Club Has Guest Party

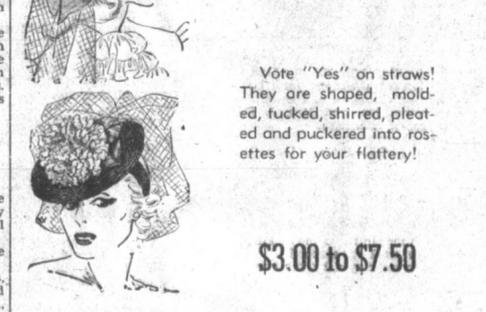

Special To The NEWS

MIAMI, March 2—Eight tables of forty-two were enjoyed in the home of Mrs. E. F. Ritchey, Thursday afternoon, when the Child Study Club had their annual guest party, each member inviting one friend.

A red and blue color scheme was carried out on the refreshment plate, serving ribbon sandwiches, cherry parfait, angel food cake, pickles, and coffee.

Mesdames Joe Cunningham, Ervin Pursley, and Jim Kivlehen tied for high score.

### Final Lesson Of Junior High Study Club Conducted

Junior High school study group met this week for a study of "Education and Concerning Parents" from "Normal Youth and Its Everyday Problems" by Douglass A. Thom, which was given by Mrs. W. B. Murphy to conclude the study.

In speaking of education other than public schools for adolescents, Mrs. Murphy stated that the selection of a school should be undertaken with the idea that there is no more important step in the entire career of an adolescent. One should make a personal investigation and an attempt should be made to find out something about the faculty. Is there evidence of progress? How do the alumnae of the past compare with those of 30 years ago and where do the boys and girls come from who go to this school?

In discussing the ideal parent-child relationship, it was brought out that for centuries this question has been answered in terms of respect and obedience from the child for the parent. "Honor thy father and mother that thy days may be long upon the land which the Lord thy God giveth thee" was the advice given to the Hebrew children but the wise parent knows that a child's love for him is based on his feeling that his parents, above everyone else, care for his needs, sympathize with him in his troubles, rejoice in his achievements, and understands him not only in the ways in which he resembles them

but also in ways in which he differs from them, Mrs. Murphy added.

Mrs. J. L. Southern in concluding this study said, "The mental health, the moral stamina, and personality which the adolescent acquires while he is growing up, is mostly the result of his intimate relationships with those he comes in contact with in his everyday life. This makes the responsibility lie with the parent and teacher for child development. Not only must we use knowledge we have but feel it our duty to acquire such additional knowledge as is available and apply it with all skill at our command, she stated.

Preliminary estimates on the state gasoline taxes paid by motorists during 1939 were \$915,000,000. Federal gasoline taxes were estimated at \$215,000,000.

### Panhandle P-TA Completes Parent Education Course

Special To The NEWS  
**PANHANDLE, March 2**—Culminating the 12-hour Parent-Education course, sponsored by the P. T. A., Mrs. Frank Ford lectured on "Magazines and Youth," Thursday evening.

In her discussion Mrs. Ford grouped magazines in 4 divisions: Children's, Cultural, Love-Pulp, and Picture magazines. Children's magazines that teach constructive activities were recommended. "Comic strip magazines exert a powerful influence on our children as they are so widely read," continued Mrs. Ford. Quoting from Dr. William Marston Mrs. Ford said, "Your children and mine are being educated morally, mentally, and alas linguistically by comic strip artists writers, and their bosses, the syndicate editors and managers." Dr. Marston classified comic strip magazines as those of constructive influence, more good influence than bad, and the not recommended group.

Contemporary magazines that sponsor youth content are highly recommended by educators. "These contests," said Mrs. Ford "inspire creative thinking and have a definite trend toward Americanism and economic security."

A survey showed the love-pulp group are read more by adults than youth and the picture group as Life, L-o-k, and Click are widely read by all ages.

Mrs. Ford concluded her discussion with a survey made in the local library and high school, which revealed that boys and girls who patronize the library show a preference for the better class of literature and literature read by the majority of high school students is equally divided between the good and the bad.

Twenty nine were enrolled in the course, with 11 completing the 12 hours, which entitles them to a certificate, which will be presented at the district conference at Memphis April 17 and 18.

### Third Birthday Of Charles Nelson Observed At Party

Mrs. Walter Nelson entertained with a party at home, 518 North Somerville, this week to honor her son, Charles, on his third birthday. Games were played by the youngsters and refreshments were served with favors of candy chickens and balloons.

Attending were Janice Isbell, Lillian Lawler, Kay Stewart, Helen Kay Wilson, Joe Wiley Vincent, Donna Ray Sprinkle of Covington, Oklahoma, Marshall Nelson, Ramon Lewis Wilson, and Charles Nelson.

**FANCY CAKES**  
 For small, festive cakes, cut plain cake baked in a shallow square pan into fancy shapes with cookie cutters, ice and decorate appropriately for the occasion. But don't discard the leftover pieces. Store in a covered dish and serve next day with custard sauce. Add diced fruit and whipped cream if desired.

### Couple Feted At Shower Recently

**CANADIAN, March 1**—Mr. and Mrs. Pete Tippetts were honored with a shower at the Hoover-Strader ranch recently.

Games were played and cocoa and cake were served. Many gifts were received by the bride and groom. Guests included Messrs and Mesdames Lon Tippetts and son Oeco, Herschel Adcock, Lon Sanders and son Leonard, Jess Tippetts, Clyde Risley, and Misses Burt Cookrell, Lillie and Dea Reynolds, Kathryn Shearer, Mary Lee Strader, and Messrs. Bussell, Johnny and Glen Spurrell, Harry Kindel, Herman Massey, Arleight Hoobler and Perry McElreath.

Those sending gifts were Messrs and Mesdames Elmer Simpson, Claud Massey, McPatter, J. P. King, Tom Helton, J. C. Hoobler, Marjorie Robinson, Wiley McCraig, and Mrs. Mable Johnson.

### TO KEEP HAIR PERFECTLY CLEAN

To keep hair perfectly clean, clean brushes and combs must be used. Both should be washed frequently. Brushes may be cleansed in a warm, mild, soapy bath to which a few drops of ammonia have been added, rinsed thoroughly and hung to dry—never over or near heat. Combs may be washed in warm water and mild soap. If soil clings persistently, scrub with a small brush, rinse and dry.

### SEERSUCKER RAINCOAT

Smart rain wear will give the comfortable feeling of being well-groomed, even when low-hanging skies really give down. A finely-tailored coat with fly front closing, high neck, raglan sleeves, is made of rubberized seersucker in cheerful criss-cross checks in unusual color combinations—navy and mauve, green and wine, red and gray. And umbrella to match, of course.

The Air Safety board increased its corps of investigators to 15 recently, when it added five new men.

### Happy Hour Club Spends Afternoon In Sewing For Hostess

Special To The NEWS  
**SKELLYTOWN, March 2**—Happy Hour club met in the home of Mrs. J. B. Mitchell recently.

Gifts were received by the hostess, and Mrs. D. M. Covy, whose birthday was honored. The afternoon was spent in sewing for the hostess. Refreshments were served to

Mrs. Charlie Milligan, Mrs. D. M. Covy, Mrs. H. W. Pierce, Mrs. Paul Thurmond, Mrs. John Horton, Mrs. L. A. Pinkham, and the hostess.

Mrs. Pierce will be hostess at the next meeting which will be an all day meeting, Tuesday, March 4.

According to the latest reports, all attack squadrons in the U. S. army have been equipped with light-bomber planes because anti-aircraft fire has become too efficient for low flying tactics.

## Notice To All Norge Owners

We are now Norge dealers in Pampa and its trade territory and have made arrangements to have a factory trained service man here tomorrow (Monday) and for the entire week. If you have a single complaint about your Norge refrigerator, Gas Range, or Washer, get the information to us at once as we will arrange for him to see all having trouble. Please call early as we cannot arrange to see and serve all in one day and must work out a schedule for him to follow, therefore if you wait until the last of the week you might be missed. Please call early.

Results Listed In Shamrock's Calf-Hog Show

Special To The NEWS SHAMROCK, March 1-The Junior Calf and Hog show, sponsored by the Shamrock Chamber of Commerce for P. E. A. and 4-H club boys of the county attracted an unusually large list of entries with 39 top calves and 20 hogs entered. A large group of spectators viewed the show during the day.

Judging of the hogs began at 11 o'clock and the judging was performed by W. R. Nesbitt, livestock expert from College Station. The judging of the calves was by George W. Barnes of the extension service of Texas A. and M. college.

Results in the hog contest were: senior calves: 1. Hiram Whitner, Wheeler; 2. J. L. Phillips, Shamrock; 3. Clint Westerland, Wheeler; 4. Bob Macini, Pagan; 5. Neal Hale, Wheeler; 6. W. L. Coward, Wheeler; 7. Wayne Rogers, Wheeler.

Junior division: 1. H. V. Vermillion, Shamrock; 2. Fred Revisius, Kelton; 3. T. M. Daniel, Shamrock; 4. W. C. Johnson, Mobeetie; 5. Harold Williams, Twitty; 6. Bob Purcell, Shamrock; 7. Verlon Mayfield, Shamrock; 8. Guy Baird, Mobeetie.

In the hog ratings were made in light barrows: 1. Richard Heffley, Center; 2. R. L. Zyback, Kelton; 3. Darville Atherton, Britton; 4. Breeding pigs: 1. Giles Phillips, Shamrock; 2. Kenneth Cheves, Shamrock; 3. John Cadra, Pagan; 4. Robert Shegog, Shamrock; 5. Jay Baird, Mobeetie; 6. Boars: 1. J. W. Cordell, Wheeler; 2. Floyd Blount, Shamrock; 3. E. M. Rives, Shamrock; 4. Vaughan Lister, Shamrock.

The grand champion calf of the show was owned by Hiram Whitner of Wheeler and took first place in the senior division. The grand champion hog of the show was owned by J. W. Cordell of Wheeler and took first place in the boars division. Verlon Mayfield of Shamrock was judged grand champion for showmanship for the show.

Conway Boy Sweeps Field In Stock Show Special To The NEWS GRIPPO of Conway made a clean sweep of the beef cattle division of the Carson County Junior Livestock show held here Saturday, winning first place in the light weight division, the heavy weight division, the pair of calves, and grand champion.

J. T. Broadway of Panhandle won first in the division for pigs weighing over 225 pounds, and grand champion; and Hayden Dowlen of Panhandle won first in the division for pigs weighing 175 to 225 pounds and for pen of three pigs.

A total of 20 pigs and 34 calves were entered in the show and preliminary amounts to \$131 were paid. Following the show, an auction was held with Walter Crittton as auctioneer. Eighteen calves were sold at an average of 11 cents. Bob Martin, White Deer, drew the top price of \$12.75, and Brian Ed Evans, White Deer, second high of \$12.25.

Among the buyers were the Panhandle Livestock company and Plankin Packing company of Amarillo, the Pampa Chamber of Commerce, and farmers and merchants of Panhandle, Groom, and White Deer.

General superintendent of the show was Russ Howard, secretary-treasurer, J. C. Freeman; superintendent of the swine division, Arthur Kirkwood; and superintendent of the beef cattle division, George Graves.

Judges were H. W. Williams of Vega and George W. Barnes of College Station. Members of the executive committee were Arthur Gripp, Paul Callihy, John Decker, H. T. Dickens, E. C. Shuman, Charles Lemons, Frank Heaston, Frank Ford, Homer Martin, Truett Fields, Cecil Culver, and Jack Spence.

Market Briefs

NEW YORK, March 2 (AP)-Falling utilities showed the stock market average a bit lower again today. Strength in Aircrafts and Motors proved insufficient to offset the retreat.

The Associated Press average of 60 selected stocks slipped 1/4 point to 494. Shares transferred totaled 274,710, the smallest short session since January 27, compared with 377,730 last Saturday.

Included in the decline were Consolidated Edison, North American, Public Service and United Gas Improvement. The last named hit a bit for the year. A new horizon also was touched by Electric Power & Light which, however, rallied to close unchanged. The Associated Press average of 15 utilities reached a new low for 1940.

There was an irregular curb-where transactions totaled 100,000 shares compared with 80,000 last Saturday-included in the decline were American Telephone & Telegraph, International Paper, and United States Steel. Downward moved Ceres Petroleum, Sherwin Williams and Humble Oil. Bonds have steady. Commodities were mixed.

Am M Fdy 1 1/4 Am Oil Mill 2 1/2 Am Ship 2 1/2 Am Soda 2 1/2 Am Sugar 2 1/2 Am Tea 2 1/2 Am Tobacco 2 1/2 Am Wool 2 1/2 Am Zinc 2 1/2

Am Corn 1 1/2 Am Cotton 1 1/2 Am Lard 1 1/2 Am Pork 1 1/2 Am Rice 1 1/2 Am Wheat 1 1/2 Am Flour 1 1/2 Am Oil 1 1/2 Am Sugar 1 1/2 Am Tea 1 1/2 Am Tobacco 1 1/2 Am Wool 1 1/2 Am Zinc 1 1/2

NEW YORK GRAIN CHICAGO, March 2 (AP)-Wheat and at times rapid price swings today reflected the wheat market's nervousness and uncertainty over the European situation as well as conflicting domestic trade factors.

Allotments of buying and selling kept prices churning about most of the short session, all contracts at time dipped about a cent a bushel below previous closing levels, with May falling momentarily below \$1 for the first time in two weeks.

Buyers strength mustered from grain dealers, millers and other professionals lifted quotations and closing prices were set or near the day's highs, unchanged to 1/8 higher than yesterday, with May \$1.09 1/2.

Grain men said the wheat belt moisture was beneficial and more precipitation was forecast for some areas next week.

Panhandle Baptists Hold Victory Dinner Special To The NEWS PANHANDLE, March 2-Members of the Baptist church came approximately within \$150 of their goal of \$200 to retire the indebtedness on the church Wednesday evening when a victory banquet was held in the basement of the church. The exact amount cannot be ascertained until a final checkup has been made.

The banquet was attended by 275 people, including guests from Amarillo, Borger, Groom, White Deer and Claude.

The Rev. George Thompson pastor of the Panhandle Baptist church acted as toastmaster and introduced Rev. Merl Weathers of Groom, who gave the invocation, followed with several readings by Mrs. Vera Holding of Amarillo, Mrs. Holding read a number of her own poems and in her other selections paid tribute to the plains and people of West Texas.

Girls of Mrs. John O'Keefe's home Makin gave the service the home which was prepared by the ladies of the church.

Following the banquet a three act comedy, "Just Country Folks," was staged in the high school auditorium by a cast from White Deer. The Beacon quartet from Amarillo sang sacred and folk songs between acts.

Rev. George Thompson left for Dallas Friday morning to deliver the check to the loan company. If the full amount isn't raised an attempt will be made to have the loan extended until after harvest.

The authorities report that the surfacing of roads have greatly contributed to the development of non-skid and safety tires and lessened the need for "super-traction" tires required for rough road travel.

During the first 11 months of 1939, domestic airlines of the United States carried 1,556,280 revenue passengers.

Miami FFA Show Results Listed

Special To The NEWS MIAMI, March 2-Taken as a whole, the calves shown at Miami's F. F. A. show Wednesday were the best bred and best conditioned group exhibited by the boys in the seven years they have held a show.

A large crowd watched G. W. Barnes, meat specialist, of A. and M. college extension service, as he judged the livestock and awarded prizes to the winners as follows:

Calves: Grand champion-Billy Joe Tolbert. His calf was bred by Weimer Tolbert of Pampa.

Reserve champion-Wallace Locke. His calf was from the herd of Mrs. J. O. Burnett, of Miami.

Third-Arthur Patton. Fourth-John Berger Pennington. Fifth-Edward Tarky. Sixth-John Sidney Talley. Seventh-Ford Cowan.

In swine, fat barrows: First-Carner Carruth, with a Duro barrow. Second-L. D. Guill, with a Poland China. Third-Jack Ramsey. Fourth-Jack Ramsey. Fifth-Carner Carruth. Gilts: First-Jack Ramsey, a Hampshire. Second-Jack Ramsey. Third-Eldon Saul. Fourth-Edna Saul. Fifth-Clinton Stribling. Litters: First-Jack Ramsey. Second-Clinton Stribling. Sheep: Third-Edon Saul.

E. Paris won all five places. The swine were sold locally, but all the calves and sheep will be taken to Amarillo Fat Stock show.

Wheeler TSTA Elects Officers

Special To The NEWS SHAMROCK, March 2-About 250 teachers and trustees, the latter as guests, enjoyed a fine program and big feed Thursday night at the annual banquet of the Wheeler county unit of the State Teachers Association held in the Lewis Motor company building. The banquet was prepared by the American Legion and auxiliary, and served by the Colleen Drum and Bugle corps.

M. S. Kavanaugh, president of the county organization, acted as toastmaster for the program, of which the feature was an address by Dr. Harris M. Cook, dean of West Texas State college, Canyon. The invocation was pronounced by George Weems, followed by the singing of "The Eyes of Texas."

W. C. Perkins, Shamrock superintendent, gave the address of welcome, to which response was made by H. M. Wiley of Wheeler, chairman of the county board of education. E. G. Sanders, president of the district teachers group, brought greetings from the association.

Officers Elected Officers chosen at the close of the meeting were Anthony Hunt, Kellerville, president; M. Blankenship, Mobeetie, first vice-president; J. J. Dyer, Twitty, second vice-president; Miss Marcelle Brewer, Shamrock, secretary; Mrs. J. L. Gilmore, Wheeler, treasurer.

"The Duties of a Trustee" was the topic chosen by Dr. Cook for his address. The speaker is a member of the Canyon school board, as well as being a teacher in the state college.

The duties of a school board were listed by Dr. Cook as being five-fold: development of a suitable community educational policy, selection of personnel in the schools, supervision of curriculum, supervision of -of curriculum, supervision of -of curriculum, supervision of -of curriculum.

For District Attorney: CLIFFORD BRALY For County Attorney: JOE GORDON For Sheriff: JAMES F. STEWART For Justice of Peace: CHARLES THUT For County Treasurer: W. E. JAMES For County Commissioner: C. W. BOWERS For County Commissioner: ARLE CARPENTER For County Commissioner: J. E. (JOE) BENEFIELD For County Commissioner: H. C. COFFEY For County Commissioner: ROGER S. SERIAL STORY

\$15 A WEEK BY LOUISE HOLMES

COPYRIGHT, 1940, NEA SERVICE, INC.

YESTERDAY: Ann makes it clear to Paul that she has no intention of marrying him, and they agree to meet again in a few days.

CHAPTER X

CLARA said, "This is our place, Ann. Come in and start living with me."

Ann followed her into a small living room. Worn carpet, sagging chairs, limp curtains, grimy walls covered with pictures.

There was a lowavenport flanked correctly by two overstuffed chairs and a coffee table with a glass top.

"It's—it's very lovely," Ann said. "I'll do it." Florabelle pushed the bedroom door open and Ann received another shock.

ANN went back to the bedroom. She put clean newspapers in the dresser drawers and carefully placed her few belongings in neat piles.

A warm feeling of home enveloped her. The girls in the hall had been friendly. It was nice to know that Clara would come in later.

"Mind if I come in?" It was Florabelle, still in the orchid draperies, still insolently smoking.

"God, I'm sleepy," Florabelle groaned, throwing herself among the rainbow hued cushions on the cot, stretching her long, lovely body.

"Gracious—I'm afraid I couldn't work if I stayed out so late."

"Well, well," Florabelle sat up. "Looks as though you're certainly deceiving. I thought you'd come from Yahoo or somewhere. Not that you look like a lick. What are you doing in a dump like this?"

"Oh, I see," Florabelle got to her feet, yawning. "Come over and see where I hang out."

THE apartment, architecturally speaking, was like her own, but the furnishings were vastly different.

Ann looked at her new friend with faint suspicion. "Wasn't that a great deal to accept from a man?"

ANN'S eyes widened. "I can't afford them. I only make fifteen a week."

"It isn't what you make. It's how you manage."

"I don't know any men. Anyway, I wouldn't."

"I said I'd fix you up," Florabelle looked Ann up and down, her eyes drooping and speculative.

"Yes, something happened."

"You needn't be. The telephone rang and Florabelle hurried her guest out. "Come every few minutes," she said.

Ann went back to the worn carpet and artificial flowers. She sat down and thought for a long time.

WTSC Professor Writes Book On Agadir Crisis

CANYON, March 2—Dr. Ima C. Barlow of the history department of West Texas State College is the author of a new book which will be published April 20.

It is to contain 410 pages and is to come from the University of North Carolina Press.

The title is "The Agadir Crisis, 1911." The book concerns the conflict of German and French imperialism in Morocco and incidents leading up to the World War.

Her book will be used by students of world history and others interested in modern history.

Texas Tech To Enter Stock At Fort Worth

LUBBOCK, March 2—Sixty-two head of Texas Tech livestock will be shown in nine classes during the 44th annual Southwestern Exposition and Fat Stock show in Fort Worth March 8-17.

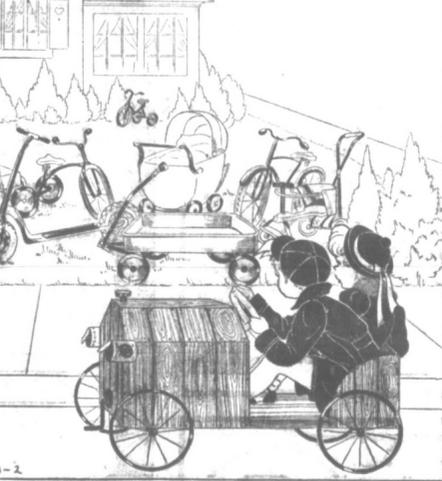

This is the second largest but the most varied exhibit in the history of the college. W. L. Stangel, head professor of animal husbandry, said.

Panhandle Health Unit Officers To Be Elected Monday

PANHANDLE, March 1—The Panhandle unit of the County Health Board will meet at 2:30 Monday afternoon in the high school auditorium.
