Boyles, Sidwell Elected To School Board

LAW MEN AGES GASOLINE, 'BLACK' PLANTS

Vote Second Largest Ever Polled Here

New Members To Take Office On Monday Afternoon... V. L. Boyles and E. C. Sidwell were elected members of the Pampa school board yesterday when 1,129 qualified voters went to the polls. It was the second largest vote ever polled in a school election and lacked only one vote of equalling the 1,130 votes cast in the 1938 election.

School Board Hires Boyington At Salary

A contract for 280 tons of structural steel for the new high school building was awarded Austin Brothers of Dallas Friday afternoon at a bid of \$153,000... The board also approved payment of \$500 to the Thomas Y. Pickett company on their 1939 bill and \$500 on the 1940 bill for tax valuation service.

YOUTH LOST IN BLIZZARD, RESCUED

James Lorentz, 19, Oregon City, Ore., who was lost for 60 hours in a blizzard on Mt. Hood, has been rescued. His companion was frozen to death. Lorentz, frozen and blinded, is shown above, lower center, receiving coffee from his brother Dan, top, and a rescuer, right, just after being found.

Allies Move To Stop All Nazi Commerce

LONDON, April 6 (AP)—The allied economic offensive was propelled firmly ahead tonight from the Balkans to the Baltic... In the face of anxious distress signals from the neutrals, including a declaration from Norway's Foreign Minister Halvdan Koht that Norway will "at once" be forced into war if there is open, one-sided violation of her neutrality, the British foreign office stood firm on its warning notes to Norway and Sweden.

Shutting In Of Gas Wells To Be Decided

Pampa Faces New Crisis At Austin Next Wednesday... A shut down of two or three gasoline and carbon black plants and serious curtailment of production and employment of others adjacent to Pampa depends upon the outcome of an important Texas Railroad commission hearing in Austin Wednesday, local plant operators believe.

Officials Will Banquet Tuesday Night At Church

An official banquet will be given at the First Methodist church Tuesday night at 7:30 o'clock in the church for all officials of the various organizations of the church and their wives and husbands... Two hundred and nine couples including stewards, workers in the church, women's mission society, choir, and other groups are to attend this banquet which is the first to be given for the officials alone.

Norway Hints War If Free Shipping Goes

OSLO, April 6 (AP)—Addressing parliament amidst new apprehension over the issue of Scandinavian neutrality, foreign minister Halvdan Koht said today that Norway "will at once be at war" if free shipping in Norwegian waters should be interfered with to the advantage of one side in the European war... This was interpreted as a no way a threat of war—least of all against Britain—but as indicative of Norway's fears that interference with normal shipping in Norwegian waters would bring retaliation from Germany which would drag Norway into the conflict.

All Merchants Asked To Attend Luncheon

Every merchant who wants to improve his sales volume during the month of May should attend the Chamber of Commerce luncheon Tuesday noon... Guy E. McTaggart, chairman of the Retail Sales Promotion committee declared yesterday: "Of course, to those merchants who are completely satisfied with the volume of business they are doing or figure there is no way to improve the situation, it would only be a waste of their time to attend."

Woods Will Speak Over KPDN Today

L. A. Woods, state superintendent of public instruction, will conclude a visit to district 1 here today, when he speaks at 3 o'clock this afternoon over Pampa radio station KPDN... From Pampa, Sup't. Woods will go to Childress and Paducah.

108 Pampans Report At Dance School

Despite snow and rain Friday night, 108 Pampans were at the American Legion hut to receive instruction in square and line American folk dances... The instructions are free and will be given each Friday night from 8 until 10 o'clock at the American Legion hut.

Young Candidate For J. P. Office

E. F. Young, justice of the peace of precinct 2, place 2, today authorized The Pampa News to announce his candidacy for re-election to that office, subject to the action of the Democratic primary of July 27... In making his announcement, Mr. Young said: "I believe I am qualified to again seek this office, as I have the experience and the public knows what to expect."

Clouds May Spoil Eclipse Show; Interest Centers In Big Bend

AUSTIN, April 6 (AP)—High up in the rugged Big Bend of University of Texas astrophysicists, clouds permitting, tomorrow will train telescopic paraphernalia on celestial phenomena in an attempt to reveal secrets of the sun... The McDonald Observatory expedition, isolated in the rarefied, dust free atmosphere of the Chisos mountains near Santa Helena canyon of the Rio Grande, will be the main observation point of an annular eclipse which also will be scrutinized with instruments at McDonald Observatory and at a smaller university observatory in Austin.

Pampa Band Given Class A Rating

PLAINVIEW, April 6 (AP)—The Amarillo and Lubbock high school bands were given division one classification and Pampa was rated in the first division of class B... Division three ratings went to Hereford, Phillips, White Deer, Portales, Shamrock and Dalhart while Electra, Memphis, Perryton, Brownfield and Floydada were placed in division four.

Customers looking in amazement at Mrs. Jim (Bessie) Connor and another woman behind the counter in Connors' West Foster cafe... The two women who look exactly alike are twins, and married brothers, Tom Connor and his wife Mrs. Jessie Connor arrived last week from the state of Washington to make their home here.

\$5,000 In Building Issued Last Week

Pampa's building permits for the year to date are \$372,740, including moving permits, according to official figures issued by the city building inspector yesterday... Permits issued last week totaled \$5,000 of which \$2,000 were for repairs or additions to buildings and the balance in moving permits. No new buildings were announced.

Rain Never Wrong--Dog Show Next Sunday

HERE'S HOW DOGS, OWNERS, FANS FELT TODAY—AT FIRST... Dog-owners, their dogs and Panhandle dog-lovers in general today felt like this Sealham looks when they first learned that the weather yesterday and the mud today forced postponement of the dog show... Besides, the R. R. is not shedding any tears about the postponement—he has not "written up" near enough dogs yet. He still has on file enough tales about Pampa dogs to last a month—the best will be published this week.

Clouds and Rain Tomorrow May Spoil Show of a Generation--Rare Ring Eclipse of the Sun—For

JACKSONVILLE, FLA., April 6 (AP)—Clouds and rain tomorrow may spoil the show of a generation—a rare ring eclipse of the sun—for... Besides, the R. R. is not shedding any tears about the postponement—he has not "written up" near enough dogs yet. He still has on file enough tales about Pampa dogs to last a month—the best will be published this week.

Young Candidate For J. P. Office

E. F. Young, justice of the peace of precinct 2, place 2, today authorized The Pampa News to announce his candidacy for re-election to that office, subject to the action of the Democratic primary of July 27... In making his announcement, Mr. Young said: "I believe I am qualified to again seek this office, as I have the experience and the public knows what to expect."

GAS WELLS

(Continued from Page 1)
involved in the number of men to be thrown out of employment and forced to seek work elsewhere if the wells are reclassified and restricted from use in the plant operation.

Danger To Pampa
This would be one of the most severe blows Pampa has ever taken at one time. Not only would this be a danger of families leaving this section but entire cashing gas-line and carbon black plants might be moved to other sections of the field or to other states.

Areas Drained
In order to continue operation it would be necessary for the plants to lay pipe lines from the sour gas areas of Hutchinson and Moore counties, if gas were available, or move their plants which in some instances would be cheaper.

Another Protest Planned
A protest against the new method of setting allowable, to be effective in 30 days, is expected to be made at a later hearing of the commission.

The new order for the Panhandle
The new order for the Panhandle basins production on 50 per cent acreage and 50 per cent bottom hole pressure. An order has been issued ordering all companies to take bottom hole pressure tests of all wells within 90 days.

DOG SHOW

(Continued from Page 1)
Deadline for entering dogs in the show has been extended to next Sunday noon.
This week, the entry lists will be open especially to trained and trick dogs as well as other dogs.

Gasser Roars Wild, Causes One Death

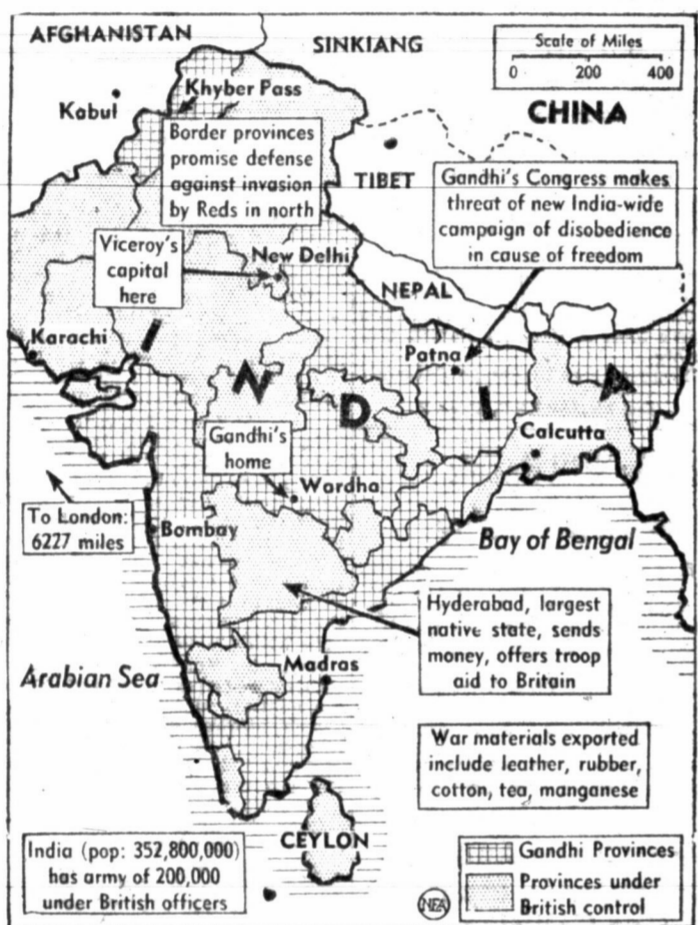

LYONS, Kas., April 6 (AP)—Gas roving from a wild gas well had an invisible, menacing blanket over a two-mile area tonight, forced the closing of country roads and led authorities to caution farmers against striking lights.

British Blockade Rings Germany

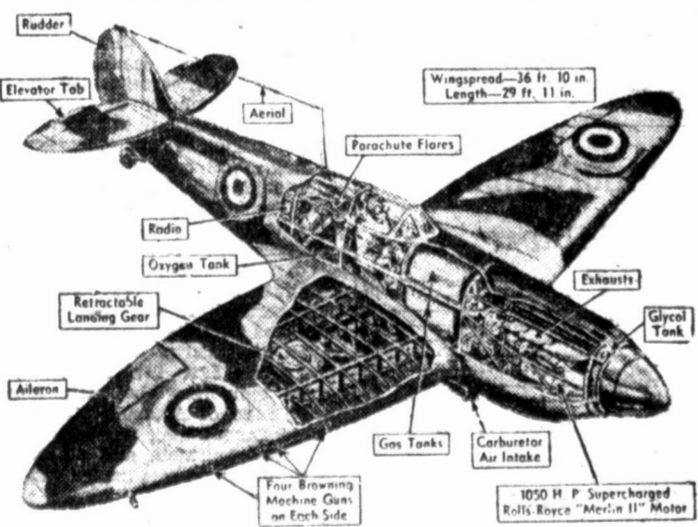

Britain's patrol of the waters outside Murmansk completes the naval blockade ring aimed at keeping all water trade from Germany.

New Disorders Brew in India

Rumblings from within her great empire arise to trouble Britain at war as the smoldering Indian independence question flares to new life.

Accidental Air Record

A British single-seat "Spitfire" plane, like that diagrammed above, set a new, but accidental, speed record said Air Ministry officials.

Caterwauling Felines

Youth vs. Age in the ring—and as usual, Age takes it on the chin. Feline boxer K. O. Pinky, 14 years old, on the ropes, takes a pasting from 7-year-old Battling Buddy during their recent bout with one-ounce gloves in New York.

CLOUDS

millions of spectators, but astronomers are prepared to fly miles into the air to photograph the event.

Forecast dashed hopes of amateur and professional observers in the United States when they said bad weather would prevail over most of the narrow line on which the fiery ring would be visible.

The eclipse, from the time the edge of the moon first covers the edge of the sun until it moves completely away from the face of the sun, will take about three minutes.

Partial effects of the eclipse will be seen elsewhere in the United States and Canada, ranging from 92 per cent at Montgomery, Ala., and Jackson, Miss., to 35 per cent at Seattle and 32 per cent at Panama, Pan.

NORWAY

(Continued From Page 1)
tain, Norway will then at once be at war.

Koht spoke amidst alarming but uncertain rumors of the breaking of diplomatic struggle and controversy over the status of Norway and Sweden as neutrals.

In particular there was the matter of shipments of Swedish iron ore to Germany by way of the northern Norwegian port of Narvik and Norway's coastal waters.

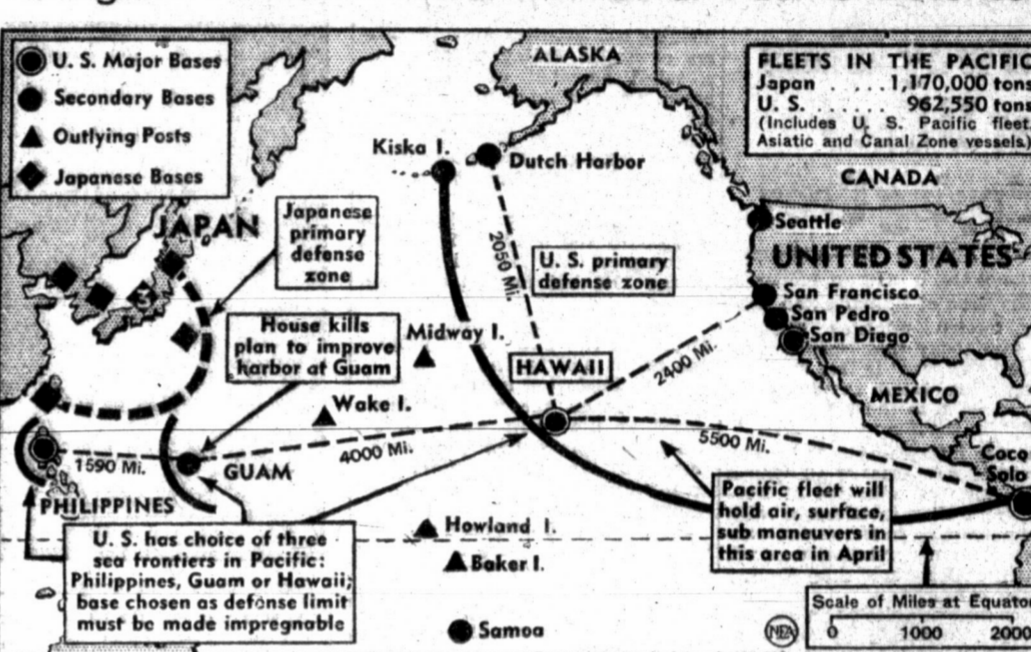

Piokin Re-elected
AUSTIN, April 6 (AP)—H. C. Piokin of Amarillo was re-elected president of the University of Texas Extension's association at a meeting of the organization's council here today.

Army's 'Flying Motorcycle' Hovers in Mid-air

Called a "flying motorcycle", but looking, and acting, more like the "draining-needles" that hover over streams is this new 420-horsepower plane, pictured in U. S. Army test at San Diego, Cal. It takes off in only fifty feet at high speed, ascends almost vertically and can hover practically motionless in mid-air.

Congress Ponders Problem of U. S. Pacific Defense

Problem of the Pacific Ocean rests in the lap of Congress as it debates increased appropriations for more warships and enlarged fortifications for U. S. defense on the western sea. Here's how the question sums up on paper.

Socialists Vote To 'Keep Out Of War'
WASHINGTON, April 6 (AP)—The socialist party overwhelmingly adopted today a "keep out of war" resolution vigorously condemning any form of American assistance to either side in the European hostilities.

Nozi Shio Now British
PORT ARTHUR, April 6 (AP)—More evidence that there is a war going on was in Port Arthur today in the form of a "British" tanker that made her last previous call here as a German vessel.

MOISTURE

(Continued From Page 1)
ranged from 32 degrees at 7 a. m. to 40 degrees late last night. Friday's minimum was 32 at 8:35 a. m., maximum 44 at 2:35 p. m., the local station of the U. S. Weather Bureau reported.

Snow began falling in Pampa at 5:35 p. m. Friday. The snow later turned to sleet, thence back to snow, and visibility was cut down to one-fourth mile at 8:35 p. m. Friday. Rain started falling at 9:06 p. m., lasted until midnight, then was followed by snow, rain, sleet, fog, rain and dust. A light snowfall occurred near noon Saturday.

Crops were greatly benefited, the rain in some sections breaking prolonged droughts. Pasture lands were soaked, promising plenty of grass for cattle, while tanks were replenished.

The only serious damage was at Tyler where hail caused an estimated loss of half a million dollars to crops, orchards, roses, and homes. Crumpled highways in that area also suffered, with some of them impassable.

At Malakoff a high wind and hail accompanied the rain. Cattle and other stock were killed near Larue, while a number of garages and small buildings were damaged by the wind.

Other points reporting rain included: Temple, one and a half to two and a half inches; Goldthwaite, two inches; San Antonio, 2.16 inches; Borger, 1.4-inch rain and snow; Olney, 2.1; Plainview, one to two inches; Houston, 4 inch.

Reports from Waco said the two-inch rain was worth "a million dollars" to corn and small grain. A 3.5-inch rain in the McKinney area was valued at the same figure.

Cochran Claims New Air Speed Record

BURBANK, CALIF., April 6 (AP)—Jacqueline Cochran, pretty aviator, traveled 2000 kilometers today at a speed of approximately 325 miles per hour and claimed a new world's record for the distance.

She left Union air terminal here at 8:38 a. m. (PST). (6:38 CST) rounded a Pylon 30 miles west of Albuquerque, N. M., and crossed the finish line at 12:22:47. Her elapsed time was 3 hours, 44 minutes, 47 seconds.

Killed in Accident
GOLDTHWAITE, April 6—One man was killed, two injured and three others bruised when an automobile driven by James J. Hannon, Boston wool buyer, figured in a crash here today.

Arch K. Featherston, 54-year-old farmer, died in a physician's office a few minutes after the accident. He was pinned between Hannon's machine and a parked automobile.

### Sweetheart Of Realtors Meet At Galveston

On May 16-17-18 the Texas Real Estate Association and all affiliated member boards are sponsoring "Texas Real Estate Festival" at Galveston.

Invitations are extended to all licensed real estate dealers of Texas, all mortgage bankers, loan agents, title men, architects, contractors, building supply dealers, and all other individuals or corporations directly or indirectly interested in the real estate business.

Mr. John L. Mikese, official of the Texas Real Estate Association, states: "The members of the Texas Real Estate Association have for many years felt that at least once each year the varied real estate interests should meet in order to co-operate their various efforts and come to a closer understanding with each other."

Among the speakers to appear before the assembly will be Hugh Potter, prominent builder of Houston; C. A. Jay, outstanding authority on National and State Tax and Governmental Problems; our distinguished Secretary of State, M. O.

Flowers: P. S. Luttrell, Production Manager of F. H. A.; Jack Rattikin, president of the American Title Association; Hugh Prather, prominent developer of Dallas; and many others of equal importance.

"The Texas Real Estate Association is also offering some very unique entertainment, and every hour will be 'choked full' of highlights. The most gala of these highlights will be a Buccaneer Party, where everyone will be expected to wear their version of a pirate costume; and the ladies will use their imagination in attiring themselves as a pirate's girl friend. Other entertainment features will be a beach party, picnic, a bingo party and an informal tea for the ladies, and deep sea fishing excursions."

"Miss Bettye Phipps, young professional model of Dallas, who was recently elected 'Realtor's Sweetheart,' is acting as entertainment hostess at the Festival, and is planning a 'thrill a minute' for each delegate during the Festival, and promises that each visitor will remember this event as the three most delightful days of the year."

### 27,000 March In Army Day Parade

NEW YORK, April 6 (AP)—Louis Johnson, assistant secretary of war, said tonight that "in spite of all measures now available, some 15 million-man army could be adequately supplied with the more critical items of ordnance equipment."

In an address before the military order of the World War army day banquet, Johnson asserted that war department plans for the mobilization of manpower were well worked out so that the army could be expanded to 1,000,000 men in four months but that the mobilization setup for industry was in "a much less complete and satisfactory state."

"I have long known," he said, "that while in warfare the heartaches will be on the firing line, the headaches will be on the production line."

Johnson spoke after the annual army day parade in which more than 27,000 members of the regular army, national guard and auxiliary units marched. Industry participated for the first time with floats stressing its readiness to preserve peace through adequate defense measures.

### Bus Driver Gets Idea

HICKMAN, Ky., April 6 (AP)—Here's one school bus driver who figured out something to do while waiting for his passengers—we went to school with them.

### TO END SERIES

Dr. Allen D. Albert

Concluding a series of institute of international understanding lectures, sponsored by the Rotary clubs of Pampa, Borger, Lamesa, Graham and Stamford, will be delivered at 8 o'clock Wednesday night in the high school auditorium.

The speaker will be Dr. Allen D. Albert of Chicago and Paris, Ill., a past president of Rotary International and former editor and associate publisher of the Minneapolis Tribune.

Subject of Dr. Albert's address will be "The Struggle for Raw Materials."

Each Wednesday night for the past three weeks, the institute has been held in Pampa. First speaker was Dr. John A. Morrison, Chicago, "Developments in Soviet Russia," followed by Mrs. Margaret H. Kaiser, Berlin, Germany, "The German Rise to Power," and last week by Dr. Nicholas R. Doman, Budapest, Hungary, "Central Europe—Battlefield of Imperialisms."

Purpose of the Rotary-sponsored institute is to bring an understanding of what peoples in other parts of the world are thinking concerning problems and relationships in which all peoples are, or may be, directly involved.

This week's speaker, Allen D. Albert, has had an interesting career as a newspaper man, having begun as a reporter in Washington, D. C., and New York. He was a war correspondent in the Spanish-American war, chief editorial writer for the Washington, D. C., Times from 1895-1910, publisher of the Columbus (Ohio) News from 1910-1911, and editor and associate publisher of the Minneapolis Tribune from 1912-1916.

An assistant to the president for the Chicago Century of Progress, it was his responsibility to visit many of the European capitals on diplomatic missions relative to the exposition, and also to be commissioner of the exposition to Japan and China.

For a number of years Dr. Albert has been especially interested in the causes of city growth and programs of city development, having been consultant to many city development bodies. He is a member of the American Academy of Political and Social Sciences, and was special lecturer of the departments of English and political science in the University of Minnesota from 1912-1913. He received the degree Sc.D. in sociology from Evansville college in 1922.

### Police Accept Girl Slayer's Version

LOS ANGELES, April 6 (AP)—Police accepted today 11-year-old Chloe Davis' story of the quadruple slaying of her mother, two sisters and a brother, then quickly found themselves censured by her father's attorney for "relentless hours of questioning."

A demand for the girl's release on a writ of habeas corpus was made but a hearing was delayed until Monday afternoon. She has been held on a booking of suspicion of murder since Thursday, when the bodies of Mrs. Lolita Davis, 36, Daphne, 10, Deborah Ann, 7, and Marquis, 3, were found battered to death or insensibility in the family home.

The slang-using sixth-grade girl, flaxen pigtailed down her back, told such an amazing tale of the deaths that authorities at first were unwilling to believe her.

### First 'All Blind' Flight Successful

LANGLEY FIELD, Va., April 6 (AP)—Sitting in a tiny cubicle of one of the world's largest bombing planes, with only the faces of a dozen fluorescent instruments to guide him, an army air corps officer today completed the first "all blind" flight in the history of aviation.

Major Carl McDaniel could not see out of the cockpit window of his four motored, 22½ ton craft, from the moment he opened the throttles at the end of a runway on Mitchell field, New York, until the plane rolled to a stop on the broad acres of this army post.

The flight, requiring 2 hours, 2 minutes, was a demonstration of what the air corps could do in time of war under weather conditions reducing "ceiling" and visibility to zero.

Major McDaniel, a native of Texas who has been flying 21 years, was assisted by Capt. W. A. Matheny, Lieut. W. P. Ragsdale and four enlisted men. The plane carried two civilian passengers, Ray Plunkett of Hempstead and the writer.

### Germans Call On Neutrals To Take Stand On Blockade

BERLIN, April 6 (AP)—Authorized German spokesmen called tonight upon the neutrals of the north to take an open stand for or against "violation of their sovereign rights" by allied blockaders.

The week-end, they declared with considerable emotion, is an auspicious one for "Anglo-French and other activity directed against the neutrality of the Scandinavian area," because an attempt to blockade Scandinavia, source of valuable iron ores for Germany, seems in the immediate offing.

At the same time informer German quarters peered with distrust at the new Netherlands-British trade and transport agreement under which the Netherlands will block re-transport to Germany of products obtained overseas, in return for release from certain British blockade restrictions. The Dienst

Aus Deutschland, an economic commentary which frequently is the first to reflect the official German view, said it now is necessary to find out whether, or how far, the Netherlands has sacrificed her neutral rights or "shirked her duty" to Germany.

Germans based their prediction of an impending allied blockade of Scandinavia on the recent consultations and declarations by the British and French blockade ministers in London and on the new allied notes to Norway and Sweden.

It may be taken as certain that Germany will make some counter-move if Britain should attempt forcibly to prevent Swedish ores from reaching her by way of neutral waters of neutral railways.

'Pencil Planes' Downed  
NEW YORK, April 6 (AP)—The official British wireless announced that two German Dornier planes of the type known as "flying pencils" were shot down by French fighter planes in a flight over Germany today.

### Chicago Professor Says Private Profit System Has Failed

WASHINGTON, April 6 (AP)—Keynoting the 1940 socialist convention, Maynard C. Krueger, professor of economics at the University of Chicago, called today for socialization of industry "wherever natural monopoly has consumers at its mercy."

The private profit system has bogged down in under-consumption and under-investment, he said, resulting in "a steady erosion of democracy," a "progressive deterioration in civil liberties," and a nation headed directly "toward state capitalism."

Two hundred cheering delegates head Krueger's speech. The speech, and the receipt of reports from party officers and from members specially designated to bring in reports on the various things in which the party is interested—including keeping America out of the war and achieving unity in the labor movement—filled most of the day's program.

"What is wrong is that consumer incomes are too low and the flow of investment is too slow to keep the system operating at full capacity. Both consumer incomes and investment are blocked. They are blocked by monopoly and private profit."

### 170 Volumes Given Scouts By Kiwanians

A library of 170 volumes, contained in a metal display rack, was presented to the Pampa Boy Scouts Friday by the Pampa Kiwanis club.

The books and "case" were first placed in the Adobe Walls council office on the second floor of the city hall, to be taken later to the Pampa Public Library in the basement of the building.

Here the selection of books on scout lore will be available for members of all Pampa troops.

The selection includes merit badge series books, the service series, and a complete set of scout handbooks. Height of the case is five feet. The library unit was ordered three weeks ago. Cost of the unit was \$46.91.

### Ex-Texas Ranger Dies

ALBANY, April 6 (AP)—Hadley Robert, said to be the last survivor of Company A, Texas Rangers, and a prominent rancher and stock farmer of Shackelford county, died today. He was 82 years old.

Robert first enlisted with the rangers in 1876.

### Did 'Diamond Jim' Have Stomach or Ulcer Pains?

It is hardly likely that Diamond Jim Brady could have eaten so voraciously and with such keen enjoyment if he suffered after-eating pains. Sufferers who have to pay the penalty of stomach or ulcer pains due to excess acid after every meal should make the 25c no risk Udga test. Udga Tablets, a balanced formula, have been praised by thousands. Try a 25c box of Udga for relief of ulcer and stomach pains, indigestion, gas pains, heartburn, burning sensation, bloating and other conditions caused by excess acid. Udga Tablets are safe to use and must help or your money refunded.

# Bad Luck Dogs Athletes In Texas Relays

## Oklahoma's High Jumper Injures Leg

By FELIX R. McKNIGHT  
 AUSTIN, April 6 (AP)—Misfortune harried the Texas Relays today, striking at the stars in a chain of mishaps that dotted a meet started in the rain, baked by sunshine and ended with chill north winds sweeping Memorial Stadium.

Records held firm for the most part, the weather and the queer happenings upsetting chances for anything too spectacular.

Towering Don Boydston, the Oklahoma Anzie sophomore who cleared the bar at six feet, one inch, striking his leg on the concrete curb circling the track. He injured a muscle but kept on trying, finally falling out at six feet, three inches to finish in first place tie with Deval of Louisiana State.

Indiana's fine relay teams didn't court the jinxes, however, winning the two-mile relay the sprint medley and the distance medley relay in breezing fashion to highlight the university relay events.

Only two records fell. Butler university hurrying through the college medley relay in 3:28.6 while North Texas State Teachers college did the half mile relay in

## RED-HOT ROOKIE'S

Lash Breaks Record

Veteran Don Lash, the Indiana state policeman who bettered the world three mile record only a week ago, broke his old Texas relays record in the special, 3,000 meter event today, running it in 8:34.1 to outdistance Elway of Oklahoma A. & M. and Wayne Ridsout of North Texas Teachers, who trailed in third position. Lash's new mark was not officially entered in the books, however, because he was running a special race.

Weird happenings wrecked the heralded 120-yard high hurdle event. First, Freddie Wolcott of Rice Institute, the national intercollegiate high and low hurdle king, was forced out of the meet when an attack of food poisoning left him too weak for competition. He holds the relays with the 13.9 seconds burst made in a tailwind two years ago.

Gatewood Disqualified  
 Slender Boyce Gatewood of Texas, the man who has never beaten Wolcott but invariably trails him by inches, came up to his last Texas Relays with a great chance of winning the event for the first time—but he was disqualified by the starting officer after twice jumping the gun. Pete Owens of Howard Payne college, a boy rapidly rising in the hurdling ranks, finally won with a 14.5 seconds performance.

The jinx business moved right into the featured 100-yard sprint. Little Welby Williams, the North Texas State Teachers college sophomore scooted won it in the lazy time of 10 seconds flat over the wet track.

William's sternest foe, Lonnie Hill of Texas, another fine sopho-

## Many Seek Buffs For Cage Tilts

CANYON, April 6—The West Texas State college Buffalo cagers won't have any trouble finding opponents next season.

The far-famed "World's Tallest Team" is receiving invitations from all parts of the country and has bid from Porto Rico. Featured on national radio hook-ups, in Life magazine, and in syndicate sports columns, the Buffalos have become one of the nation's best known teams.

All these things Coach Al Baggett learned last week while attending national basketball meetings in Kansas City. While there he tentatively arranged the following road trip for next season:

- December 9—Baker university at Baldwin, Kas.
  - December 10—St. Benedict's college at Archison, Kas.
  - December 12—South Dakota university at Vermillion, S. D.
  - December 13-14—Omaha university at Omaha.
  - December 16-17—Drake university at Des Moines, Ia.
  - December 18—Simpsion college at Indianola, Ia.
  - December 19—Tarkio college (national intercollegiate champions) at Tarkio, Mo.
- The Buffs will open their home season December 2-3 against Daniel Baker. They will enter the Oklahoma City tournament during the Christmas holidays.
- Coach Baggett expects next year's club, with more experience and the addition of brilliant Jack Maddox, freshman star, and more reserves, to be the strongest club he has coached here.

## 13 Bouts On Title Card Here Next Friday Night

Boxing will have its farewell fling Friday night when the Panhandle Plains High School Boxing league stages its Tournament of Champions in the high school gymnasium here. There'll be 13 bouts on the card and every boy will be a champion.

First going will sound at 8 o'clock when the 65-pounders swing into action. From then on the weights will go up until the heavyweights take the ring. Admission will be 25 and 40 cents and seats will be available for 1,000 fans.

Boys from Pampa, Stinnett and Canadian high schools will represent the north half of the district with Wellington, LeFors and Miami providing the south champions.

Controversies as to favorites have already started. If there's a favorite in the bunch the wise boys haven't found him. Of course both sides favor their own boys.

The south figures they have a boy in McKeney of Wellington that will beat Berger of Stinnett at 95 pounds. Berger is undefeated in 12 fights this season.

The north figures L. V. McDonald of Pampa is the boy to take Hughes of LeFors at 125 pounds. Another bout that is expected to cause a lot of excitement is the meeting of Roy Ray of Pampa and Cook of Wellington at 135 pounds. Can Bowen of Wellington beat Calloway of Canadian? That's a

## Fans Clamber Off Cardinal Band Wagon

By JUDSON BAILEY

NEW YORK, April 6 (AP)—The New York Yankees played before 41,310 fans in five games on their Texas and Oklahoma swing—the throng at the San Antonio game was larger than the total attendance for all the exhibitions of the St. Louis Browns, who trained there.

If New York gets tired of too many world championships the club could still be put on tour and make what is known as a tidy sum.

The experts are clamoring off that winter bandwagon of the St. Louis Cardinals faster than you can say Francis Raymond Blades.

The Redbirds have looked bewildered in their training games—the pitching hardly has lived up to the high expectations and the question that won't be answered until the pair clomb in the ring. Every fight is scheduled to be a darn and fans will get their money's worth.

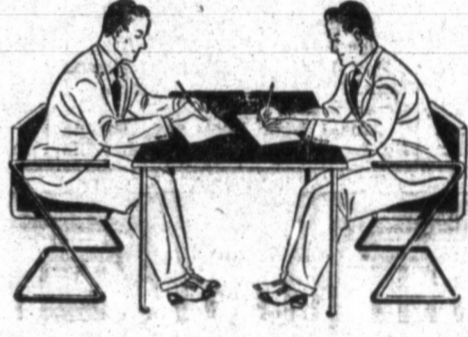

infield difficulties are worse than predicted, with Jimmy Brown away from the team convalescing. And while on the National League, the outlook for the Brooklyn Dodgers and Chicago Cubs is a "bit streaked. Meaning maybe the Pittsburgh Pirates and New York Giants will get back into the first division on the basis of their spring showings.

It begins to look like the smartest decision Frank Frisch made last fall was to hang onto Johnny Rizzo until he could size up the Texan at camp. Rizzo has driven in 31 runs in exhibition games and makes the Pittsburgh outfield second only to the Cards. Don Diamond still limps and Manager Joe Cronin won't let him sing flies, but every day the kid gets out there and takes batting practice with the other Boston Red Sox.

The Detroit Tigers blame Ropy York's fielding weaknesses on his depressing batting slump. That was, until yesterday when he went wild against the Dodgers. In one stretch of 22 times at bat he got only one hit. Those two homers, triple and single he got against Brooklyn may improve his fielding.

## Yesterday's Newspaper Boys Are Today's Leaders

**All Things Being Equal, There Usually Is A Deciding Factor.**

FOR EXAMPLE, two boys graduating from high school or college fill out application forms for a position with an established firm. As the employer closely examines the relative qualifications of the two lads, he sees that "all things seem equal" until he reaches the question "Previous experience?" Here the one boy writes "None" . . . the other one has written "Newspaper Carrier Salesman, 3 years."

Employers, naturally, are in business for ADVANTAGES, so there can be no question about the decision in this case. The boy with the ADVANTAGE, the boy who made excellent use of his spare time to gain a practical and profitable basic business experience now cashes in on his investment.

A keen sense of gratification can be enjoyed by parents who advise and encourage their boys to begin preparing at an early age for the rigors of this ever increasingly competitive business world. There's no use kidding ourselves . . . it's the survival of the fittest. It doesn't help you to envy a man who is successful, enjoying a good income and all the comforts good incomes afford. Don't say, "He's just lucky" or "He got the breaks" . . . chances are he was smart enough or industrious enough to create "the breaks."

THE AMERICAN NEWSPAPER BOY is laying the very foundation for a successful business or professional career . . . he's creating the "breaks" so that when the time comes to be judged on the basis of "all things being equal" he will have that extra PLUS-advantage to fill in that space "Previous Experience."

## Bucks Start Spring Grid Training

Special To The NEWS

WHITE DEER, April 6—Approximately 30 candidates for the Bucks 1940 football squad reported for spring training here Wednesday afternoon, under the direction of Coaches B. E. McCollum and Julius Johnson.

Of those reporting, five are lettermen and all five are line-men. They are Captain Bill Hinkley, center; Chester Guerry, Jr., and Autry Adams, guards; Sam Moot, tackle; and Wayne Tomlin, end.

The Bucks will begin the season playing Tulsa on Sept. 20 at Tulsa, and will play only three of their nine games at home. The completed schedule includes: Tulsa, there—Sept. 20; Canyon, here—Sept. 27; Spartan, there—Oct. 4; Hereford, there—Oct. 11; Canadian, here—Oct. 18; Perryton, there—Oct. 25; McLean, there—Nov. 1; Panhandle, here—Nov. 8; Phillips, there—Nov. 15.

## Willie Hoppe Wins 20th Straight Title

CHICAGO, April 6 (AP)—Willie Hoppe clinched his title-winning performance in the world's three cushion billiard tournament today with his 20th straight victory—an unprecedented feat in the history of the game. The 52-year-old New Yorker, who won his first world's championship 34 years ago, defeated Jake Schaefer of Cleveland, 50 to 40 in 51 innings.

# Oilers To Open Training Here Monday Afternoon

### LOOKS PRETTY CLOSE AT THAT

Maurice "The Angel" Tille, 276-pound French wrestler described by anthropologists as the best contemporary example of the Neanderthal Man, visits the Chicago Field Museum and makes himself at home in the Neanderthal family exhibit.

The fair weather sign was on the shelf yesterday when the Pampa Oilers pitchers and catchers were scheduled to report for opening of the spring training period. Instead of baseball weather it was cold and misty.

Weather permitting, all the prospects who have arrived will be called to Rond Runner park at 1 o'clock this afternoon. Manager Seitz will officially open training on Monday afternoon at 2 o'clock, weather permitting of course. At that time he expects to have more than 50 boys in uniform.

The big manager had reason to smile yesterday when he gazed upon what might be the answer to a manager's prayer. The vision that introduced himself to Manager Seitz was Dale Lineback. He is a pitcher who stands six feet and weighs 206 pounds. His home is in South Dakota and he set the state sandlots afire last year. He paid his own expenses to Pampa for a trial with the Oilers.

Seitz also looked over a 200-pound chunker from Miami who might be able to make the grade. He is Woody Pond.

When Seitz arrived at his office yesterday morning he was greeted by four boys from Independence, Kas. All were members of the ace Independence team in the Ban Johnson league last season.

Oiler stock also rose yesterday when Seitz received word from San Diego, Calif., to expect three boys Sunday, the gift of the San Diego Seals. The newcomers will be Walter Peterson, a first baseman, Mendoza, a catcher or second baseman, and Ferranzoso, who plays either the infield or the outfield.

Also scheduled to arrive today are Sam Malvica, shortstop, Jerry Jordan, third baseman, both of last year's team, "Hooky" Stratton from McLean and Adams from Chicago Stratton is an outfielder and Adams a big first baseman.

Jess Patton has been added to the Oiler managerial staff as assistant to Seitz and Business Manager Harold Miller. He'll issue uniforms at the park clubhouse this afternoon and tomorrow afternoon.

## Lipscomb Track Title Goes To Higgins Coyotes

Special To The NEWS — The Higgins Coyotes won the Lipscomb County track and field meet handily when they piled up a total of 60½ points to the nearest 46½ scored by Booker with Follett, third with 27½ points. The Coyotes won first in 8 of the 14 events which included first in every field event. No previous records were broken due to a high wind and a soft track.

Bud Forbau of Higgins was high point man of the meet with 22 points, which included first places in the shot, discus, javelin, broad jump and third in the 440. Other Coyotes scoring were Ned Patton, with first in the .400 hurdles, high jump and pole vault; Charles Pinger first in the 800, pole vault and third in the javelin; Grant Price, second in the 440 and third in the 220; Walton Price, first in the high jump and third in the low hurdles; Jackie Jousner, second in the relay; third in the pole vault and fourth in the 220; W. Schultz, fourth in the shot; Veri Derrick fourth in the mile and Robert Brown fourth in the high jump.

## Tennis And Track Contests Delayed

The weather man played havoc with Pampa school athletic programs Friday afternoon when the invitation tennis meet, the intrasquad track and field meet and the football scrimmage had to be postponed.

Tennis teams from 19 schools had been invited to come to a meet here but only Follett arrived, others being kept away because of unfavorable weather. Coach Odus Mitchell planned to select a track and field team to represent Pampa in the district interscholastic league meet here Saturday but it was no day for thin-cinds. eWeather permitting, the trials will be held on Monday and Tuesday.

C. P. McWright, junior high coach, planned to stage a big scrimmage to select a first team but it also had to be postponed. Spring football training for the Pampa Harvesters is scheduled to begin next week.

Dies Committee Subpoenas 50

Chairman Dies (D-Tex) announced tonight that the House committee on un-American activities had ordered 50 subpoenas served this week...

Dies said 50 subpoenas had been issued for Communists including William Z. Foster, national chairman, and Earl Browder, general secretary...

"We want to get all the facts concerning these organizations," Dies declared. "We have ordered all these people to bring all their records with them."

The committee chairman said he would not make public the list of persons ordered subpoenaed or their cities of residence at this time. He said, however, that the Communists involved were scattered all over the country...

Boa Gives Birth To Six Live Babies

NEW YORK, April 6 (AP)—A six-foot Boa Constrictor gave birth to six live baby Boas and four eggs in a box on the snake charmers' platform of the Ringling Brothers-Bar-num & Bailey circus...

Herpetologists (snake experts) said she must have been "emotionally upset" to hatch the six eggs inside her body—snakes don't ordinarily have live births. The experts advised hayettes of sand and excelsior. The snake charmer said she bought the snake six months ago and didn't even know it was married.

Graf Spee Sailors Escape Argentine

BUENOS AIRES, April 6 (AP)—The Argentine government, indignant over the escape of three officers and two sailors of the scuttled German warship Admiral Graf Spee, today ordered the remaining officers and higher ranking members of the interned crew confined on Martin Garcia Island, a naval base in the river Plata 80 miles from Buenos Aires.

The ministry of the navy said the 400 Graf Spee sailors still in Buenos Aires will be sent into interior provinces where a like number of their companions have already been transferred.

A Day And Night In the Life Of A Santa Fe Courier Nurse

1. Ear washing is part of Nurse Margaret Oelrich's job when youngsters like Garry Noah, nine-year-old son of a Detroit policeman, travel alone. 2. Ear washing and early-morning chores done. Miss Oelrich prepares a morning bottle for Karene Terese Lemke, 20 months old. 3. Miss Oelrich feeds Karene Terese while her mother, who is from Downey, Calif., goes to breakfast. 4. Nurses frequently prepare children for bed. Miss Oelrich is seen here with Carol and Den-nis Christenson, children of Mrs. Katherine Christenson of Los Angeles. 5. Administering first aid is a daily chore. Nurse Winifred Player of Chicago bandages a finger for Mrs. G. H. Johnson of Norco, Calif., while 11-month-old Lorita Johnson plays to herself in the chaircar women's lounge. 6. Elderly women find courier nurses particularly helpful. There is no need of going after a drink of water now if they don't want to. 7. Mother Goose books are Santa Fe's gift to children. Here Nurse Player is presenting a book to three-year-old Helen Williamson, daughter of Mr. and Mrs. W. A. Williamson, Jr., Salinas, Calif.

Garry Noah doesn't like to have his ears washed any more than any other nine-year-old boy. But if anyone besides his mother is going to wash them, he had rather have it done by Margaret Oelrich.

Miss Oelrich is a courier nurse on the Santa Fe railway's Scout, crack Chicago-California train. Garry is the son of a Detroit policeman. Last September Garry went alone from Detroit to Pasadena, Calif. In Chicago he was met by Miss Oelrich, whose job it is to care for children traveling without escort on the Scout. They became pals in the three days and three nights they were on the rails. When time came for Garry to return to Detroit his greatest fear was the Scout's courier nurse wouldn't be Margaret Oelrich. They had a great reunion when he spied her on the station platform in Los Angeles.

Many Children Travel Alone

Garry is one of about 1,500 children who will travel alone on Santa Fe trains this year. Seldom does a Scout or El Capitan, the Santa Fe's northern-route de luxe streamline, all chattrac train, go east or west that there isn't at least one child without parents or guardian. Often times nurses have as many as seven children in their charge at one time. Courier nurses have enhanced popularity of train travel with mothers, especially those traveling with small children. There is no longer the worry of keeping an eternal eye on the youngsters, or trying to hold them in their laps while they eat, or haphazard feeding. Nurses do most of that work for them.

Comfort Is First Thought

Comfort of their passengers is uppermost in the nurses' minds, and they make frequent recommendations for improvement of equipment. Most recent recommendations have been for larger chaircar lounge rooms for women, for children's playrooms. They believe these may eventually be added to streamlined coaches which become regular equipment.

Elderly women receive special attention from the nurses. They are assisted in retiring at night, in dressing when they arise. Nurses frequently comb their hair for them.

Requirements for courier nursing jobs are strict. Particular attention is given to technical training, to personality and general background. Where possible, girls with knowledge of languages other than English are selected.

Most courier nurses serve from six months to a year on extra duty before being assigned to regular jobs. They make a round trip from Chicago to Los Angeles each 10 days, travel 14,000 miles a month. Their meals en route are furnished, and in Los Angeles their expenses in an exclusive hotel are paid by the Santa Fe. They spend two days in Los Angeles, four in Chicago, where all of them live.

Fourteen regular nurses are assigned to the Scout, four to El Capitan. Four are on extra duty, subject to service on either train. Regular nurses rotate between the Scout and El Capitan—Scout nurses making one round trip on El Capitan on an average of each 85 days. Nurses keep in their quarters a thick sheaf of instruments from Miss Delma Fraser, Santa Fe's chief courier nurse. Most of them concern nurses' appearance, conduct, types of services and when certain things must be done. Included, also, is a list outlining positions nurses must take on different station platforms.

Most nurses say train work is as strenuous as hospital work, but more pleasant. Said Miss Oelrich: "It sort of grows on you."

Nevertheless, most of them expect to be married to the "boy back home" before they reach the age limit of 34.

Mexico Angry Over U. S. Oil Proposal

MEXICO CITY, April 6 (AP)—Bristling with resentment, Mexico's major labor and political organizations joined the press today in denouncing as outside interference a United States proposal for arbitration of the two-year-old controversy over the government's expropriation of American-owned oil properties.

While the press greeted the action with such denunciatory terms as "imperialist aggression" and "Yankee assault," the permanent committee of congress, which sits between regular legislative sessions, announced a special meeting for Monday to study the proposal.

The National Council of the Confederation of Mexican Workers, the nation's largest labor union, telegraphed Cardenas that it regarded the Washington note as "a threat to our national sovereignty" and pledged its support to the chief executive.

The permanent congressional committee urged Mexicans not to be alarmed, saying that the United States "sincerely seeks only a speedy solution of the question since it would be unjustified should the United States government try to intervene in the internal affairs of our country, particularly since the expropriation does not affect the interests of its people but only a small group of privileged capitalists x x x."

Meanwhile, the contents of the Washington note were closely guarded.

Thompson To Open Campaign In May

DALLAS, April 6 (AP)—Col. E. O. Thompson, member of the railroad commission, said here today he would open his campaign for governor sometime in May at an open air meeting, probably in Waco.

Thompson stopped in Dallas on his way to Austin from Oklahoma City, where he attended the oil compact meeting.

"All the candidates for governor are indebted to governor O'Daniel for making the issue plain and clear," Thompson said. "He's made the question whether social security shall be financed by a sales tax or natural resources levies. He's out for a transaction tax, which is really a multiple sales tax. I'm for increasing the tax on oil five cents a barrel."

"An oil tax can be paid as the oil comes out of the ground and won't be a burden on the poor. Texas uses only 15 per cent of the oil it produces. We have been paying levies to northern manufacturers through the tariff for many years, and a heavier oil tax will give us a chance to repay them."

Mary Nell Porter, Memphis, Tenn., post-debutante chosen "Maid of Cotton" from more than 100 candidates, is touring the country as Ambassador-at-large of the South's King Cotton. Miss Porter will be featured in cotton fashion shows in 26 cities from coast-to-coast. During her travels she will, of course, wear cotton from head to foot. Typical of the charming items in her wardrobe are the blue cotton eyelet dress and white cotton hat she wears in the picture.

### Women Golfers Begin Season By Electing Officers

To open the spring golf season, members of the Ladies Golf Association met at the Country club house this week to elect new officers. Those named were Mrs. H. H. Hicks, president, and Mrs. Loyal Owen, secretary and treasurer.

In the play which followed the business discussion, Mrs. A. J. Beagle won the ball for the afternoon.

Another meeting will be held at the club house Wednesday afternoon at 1:30 o'clock with the new president to appoint additional workers.

All women of Pampa and the surrounding territory who are interested in playing golf, whether or not they can play, are urged to be present Wednesday afternoon. Membership in the association is not limited to members of the Country club.

To increase interest in the sport, plans are being made to organize teams to play with Amarillo, Borger, and other nearby cities.

Dues for the season are one dollar and a half and green fees are 25 cents. Arrangements can be made for golf clubs and those who do not already have them may rent them for 25 cents for the nine holes at the club house.

### BEST DRESSED

Miss Helen Draper, above, is a student at the University of Texas at Austin where she was recently chosen as the best dressed girl on the campus. Miss Draper, who is the daughter of Mrs. N. P. Maddux of Pampa, was graduated in 1938 from the local high school where she was popular in the band and other activities. Her ambition, after college, is to design clothes.

### Miss Matteson To Be Speaker Monday Evening

Lin Yutang's novel of modern China, "Moment in Peking," will be reviewed at a meeting of the Contemporary Literature group of the American Association of University Women tomorrow evening at 8 o'clock in the city club rooms. The review will be open to the public upon payment of a small admission charge.

Miss Mildred Matteson of Fort Worth, a member of the Pampa branch of A. A. U. W., will review this book which Pearl Buck has termed "the great novel of modern China." If we are to believe Miss Buck's generous comment, "no other fiction approaches it in authenticity and fidelity to the Chinese bourgeois life. Not only the costume, food, customs, are true to fact, but the modes of thought of the characters and the figures of speech are indigenous," says Rebecca W. Smith.

Lin Yutang is well known to the American public for his "My Country and My People," a descriptive social study of China, and "The Importance of Living," an informal summary of Chinese philosophy which for many months was a best-seller in this country. Published last November, "Moment in Peking," his first novel, still ranks high on the current best-seller list.

In "Moment in Peking," a story of upper middle class Chinese society from 1900 until the Japanese invasion, American readers who have been challenged or persuaded by "The Importance of Living" now have a chance to meet Dr. Lin's ideas clothed in flesh and blood, to see them in action.

"Wars may rock Empires from their thrones, but family life with its appropriate decorum and manners goes on. Living is important for each character in proportion as he can share in the stream of life or family continuity and at the same time enjoy the present moment. To do only one of these may be the character's destiny; to do both is success according to Dr. Lin; to do neither is failure."

### Seven Circles Of Methodist W. M. S. Will Meet Monday

Members of seven circles of Women's Missionary society of First Methodist church will meet Monday afternoon at 3:30 o'clock.

### Modernized Versions of the Window Grandeur of the "Old South"

The Age of Elegance is Back Again

Thanks to the technicolor picture "Gone With the Wind," the idea of elegant festoon valances, hung on wooden festoon rings, with heavy overdraperies is now strongly in the trend. Draped and canopied dressing tables . . . three dimensional effects in draping treatments . . . are destined to influence present home decorations. The beauty of the window treatments of the "Old South" can be adapted to your "Home of Today." Let us help you.

Parish Council Meets In Home Of Mrs. Roche

Parish Council of Catholic Women of Holy Souls church met in the home of Mrs. M. F. Roche this week for a regular monthly meeting.

The session was opened with prayer led by Mrs. Lynn Boyd. During the business session, Mrs. Roche read a letter written by Margaret T. Lynch, assistant executive secretary of the National Council of Catholic Women, at Washington, D. C.

The letter was in reference to the skit presented by 16 women of the Pampana parish at the district conference of Catholic Women in Berger last fall, informing Mrs. Roche that request had been sent in for copies of the skit, "A Muddle Meeting," and that the skit is being used in many localities.

Mrs. Boyd presented the program. Reading from the N. C. C. W. monthly message, Mrs. Boyd said, "A bill has been introduced in the legislature of Kentucky which provides that public school children throughout the state will be released from school at least one hour one day a week to attend moral instruction services in their respective places of worship or some other suitable place, asserting that civil, political, and religious liberties are best secured and furthered by providing moral instruction for pupils in connection with the public school of the state. The measure would make such instructions available to such children who express a desire for it and have the consent of their parents and guardians."

In another item it was cited by Mrs. Boyd that the New York City Board of education was petitioned to authorize religious instructions in school hours in a measure introduced in the city council at the request of civic and Parent-Teacher groups.

Mrs. W. H. Davis, as chairman of social service, gave a summary of training services in their respective parishes in the New York City. A discussion on group insurance hospitalization will be conducted at the meeting.

Regular Meeting Of Susannah Wesley Members Conducted

Susannah Wesley class members of First Methodist church met Thursday afternoon in the home of Mrs. E. H. Johnson.

## 'Gulliver' Opens At LaNora; Crown Shows Cronin Picture

By BROWNWOOD EMERSON

The animated cartoon once again comes to the fore as a medium for bringing a full-length story to the screen with the release of "Gulliver's Travels," Paramount's lavish Technicolor production, which opens Friday at the LaNora Theatre.

So firm a hold has the full-length cartoon taken on the movie industry during the past two years that Paramount gave "Gulliver" the most elaborate production of any other picture that company has made in several seasons. It has been in work at the Max Fleischer studios at Miami, Florida, for nearly two years, represent the efforts of several hundred skilled artists and was budgeted at just twice the cost of the ordinary "big" motion picture.

There are few children or grown-ups in the United States—or in the entire world, for that matter—who are not thoroughly familiar with the story upon which the Technicolor picture is based. It comes, of course, from Jonathan Swift's great classic of a shipwrecked seaman's amazing adventures in the far-away land of "Lilliput," the land where everything—people, buildings, scenery—is one-tenth the size of its counterpart in the everyday world.

Like Dean Swift's immortal work, Fleischer's "Gulliver's Travels" is a textile woven of sheer fantasy, earthy humor and incisive satire.

The eight songs from "Gulliver's Travels" are already familiar to all radio listeners, devotees of phonograph recordings and patrons of night spots. The much-played numbers are: "Faithful Forever," "I Hear a Dream," "It's a Hop-Hop-Happy Day," "Faithful Forever," "Bloods in the Moonlight," "We're All Together Now" and "All's Well."

Grimly realistic and true to the A. J. Cronin novel, "Vigil in the Night" is a splendid film in every respect. The picture opens a five-day run today at the Crown.

The RKO Radio film was produced and directed by George Stevens, the man who made "Gunga Din" and features Carole Lombard, Brian Aherne, and Anne Shirley. "Acting," says The Film Daily, is outstanding, direction deft and sympathetic, and the production is fine. Director Stevens meets a measured tread of stark reality as he unfolds the story, never losing the mood change as drama, pathos, hope, despair and even humor move across the screen.

The story itself is relatively sim-

ple. Miss Lombard is forced to leave a hospital when she covers up a fatal mistake by her sister, Anne, who does not really like nursing. Carole meets Aherne in another hospital where she goes to work, and is subsequently forced to leave there because of a scandal. However, when an epidemic strikes she returns and brings Anne with her, only to have Anne die from the disease. However, Aherne gets himself a new hospital with the facilities he wants as a result, and they face the future together with their battle won.

A sparkling comedy with a corking cast is "Too Many Husbands," Columbia picture, based on a play by W. Somerset Maugham, with Fred MacMurray, Jean Arthur and Melvyn Douglas heading the cast. Classified by The Film Daily as "light, frothy and highly amusing," it applies describes Mrs. Arthur's predicament in the new film. She has been married to reckless Fred MacMurray. At his reported death, she turns to MacMurray's best friend, Melvyn Douglas. They are married, and Douglas also proves to be somewhat careless about romance—where MacMurray had left his wife in order to hunt adventure. Douglas behaves as though he actually were wedded to business. And then, as "Too Many Husbands" properly starts, MacMurray suddenly returns home!

**GULLIVER'S TRAVELS**

It's Sneak, Snitch and Snoop, the three tiny spies sent by King Bombo to destroy Gulliver and thus end the Kingdom of

Lilliput. The three lend their sinister presence to Paramount's "Gulliver's Travels," full-length Technicolor cartoon, due Friday at the LaNora Theatre.

Goldwyn-Mayer's "The Earl of Chicago," featuring Robert Montgomery and Edward Arnold.

Silkly Kilmont, Chicago gangster (Robert Montgomery), inherits the title and estates of Lord Gorky, his black sheep father's brother. He goes to England with Doc Ramsey (Edward Arnold), his lawyer and pal, the only man he trusts, expecting to collect \$10,000,000. Doc, who secretly hates Silkly, sees his opportunity to doublecross him.

Bewildered in a situation he can't understand, and among people who are strange to him, Silkly depends on Doc. Faking a power of attorney, Doc sells Silkly out. When Silkly learns of this, he murders Doc, despite a psychopathic fear of guns. Being a lord, he is tried by his peers in the house of lords and convicted. Only Muncie (Edmund Green), his English butler, understands him and remains with him. Through Muncie, Silkly learns that he is at least expected to die like a gentleman, and he does.

On the screen Wednesday and Thursday.

Hilarious slapstick nonsense is the United Artists-Fal Roach comedy "A Chump At Oxford," featuring Stan Laurel and Oliver Hardy. Two street sweepers are rewarded with Oxford scholarships when they accidentally become heroes. Their experiences at school convince them they would be happy without an education. Showing today, tomorrow and Tuesday.

An interesting short subject on the same booking is "Sky Fighters," film account of the training of student pilots by the U. S. government. Story begins at Tulsa airport, concludes at Randolph field, "The West Point of the Air."

Action, romance and comedy are to be found in Universal's automobile racing story, "Danger on Wheels," co-starring Richard Arlen as a dare-devil speedster and Andy Devine as his whimsical mechanic. On the screen Wednesday and Thursday.

The story that won America's cherished freedom of the press is told in Metro-Goldwyn-Mayer's "The Story That Couldn't Be Printed," in which John Nesbitt pays homage to an obscure newspaper publisher, John Peter Zenger, who printed the story that won that freedom in 1734. Showing Wednesday and Thursday.

"Village Barn Dance," with Richard Cromwell, Doris Day and George Barbier as the principals, is a Republic comedy-musical, with numerous radio-ites in the cast. Story deals with experiences of graduate

electrical engineer Cromwell arriving in a small town in an effort to make his recently acquired college degree pay his way in the world.

On the same Friday and Saturday, the same days Key Bennett's Amateur show will be presented on the Rex stage.

Paramount's version of the once popular silent film, "Beau Geste," emerges just as exciting as its predecessor. Gary Cooper, Ray Milland, Robert Preston, Brian Donley and Susan Hayward are the principals.

When the Brandon sapphire is stolen, three brothers, each thinking the other the thief, disappeared and find themselves in the Foreign Legion.

Separated by a vindictive superior officer, they become victims of an Arab raid, though in the end the mystery of the missing stone is solved. From the novel by Percival Christopher Wren. Excellent musical score by Alfred Newman. Showing today and tomorrow.

"The Gracie Allen Murder Case," Paramount farce-mystery from the S. S. Van Dine novel, features Gracie Allen in a murder mystery made by pledges of a social club for men showed the average girl was 25.6 inches at the waistline.

But the band-span of the average man was under 20 inches. The investigators concluded that the modern girl is a healthier, sturdier type, and that the men haven't done enough plowing and rail splitting. Male pride was saved, however, when it was noted that a few hamlike hands found on athletes and farm lads could span the waist of the smallest sorority girl—at 19 inches.

**FIRST CAVALRY UNIT** The cavalry unit of the U. S. Army at Fort Russell, Texas, now motorized, was the first and most famous cavalry detachment in the United States.

**WD Competes At Plainview Music Tourney**

**Special To The NEWS**

WHITE DEER, April 6—Soloists, ensembles, and members of the high school band, under the direction of Elton Beene, attended the annual band contest held in Plainview Thursday, Friday and Saturday.

Soloists from the high school band are Julius Meaker, Carl Dittberner, Alma Ruth-Edwards, Herbert Rapsine, Gerald Walker, A. L. Stovall, and Ray W. Yeale, Jr.

Ensembles are Leon Nicholson and Billy Roy Price, Julius Meaker and Carl Dittberner; Alma Ruth-Edwards, and Billy Ruth McDowell; and a saxophone quartet composed of Alma Ruth Edwards, Billy Ruth McDowell, Max Helen Pickens, and Beatrice Haldub.

Representing the grade school are Billy Glenn, Billy White, Gilbert Meaker, Mildred Warminski, Er-

lene Matheson, and Gene Roy Powers, soloists; Eula Mae Stovall, Carrol Pearson, La Vone Taylor, and Lynn Burrell, clarinet quartet; and Marilyn and Patricia Brown, clarinet duet.

Since the high school enrollment exceeds 250 this year, the band, although it is composed of only about forty members, must compete in class B, instead of class C, as in previous years.

GROSS INCONSISTENCY: Never in the history of the United States has there been as much inconsistency as there is now in Washington. As columnist, Benjamin De Caseres points out, "everyone in political life from President Roosevelt down to the least Congressman and office holder in Washington denounces Communism and Fascism and yet almost every measure that has been urged by the Administration and passed by Congress in the last seven years is Communist and Fascist in essence and in intent."

LARGER BOARD NOT THE ANSWER: It would be amusing, if it were not so serious, to see the President and the advocates of the Wagner Law advocating a 5-man board in place of the three, as a remedy for the deplorable condition of the country is, in large degree, due to the chaos caused by the National Labor Relations Board.

### NLRB Will Poll 135,000 GM Employees

DETROIT, April 6 (AP)—The National Labor Relations board is getting ready for the biggest election job in its history—polling nearly 135,000 employees of General Motors corporation for their choices of bargaining agencies.

The election has been set for Wednesday, April 17.

There are more eligible voters in the 50 plants in 12 states than there were ballots cast for major presidential candidates in 1936 in any one of several states.

More than 90,000 of the eligible General Motors production employees work in the corporation's Michigan plants.

The total vote means little. Each of the corporation's plants has been designated as a separate bargaining unit, so that in reality there will be more than 50 separate elections. In most of them the choice will be between the CIO United Automobile Workers, the AFL-affiliated United Automobile Workers, or neither union. However, in nine plants, eight of which are in Michigan, AFL craft unions—either the Pattern Makers League of North America or the International Association of Machinists—are placed on the ballot on a departmental basis.

Should the craft unions win the election in any department, they will be designated as bargaining agent for the craft workers in that plant; should the UAW-CIO win, it will be so designated, except that should the UAW-CIO also win a majority of production workers in the same plant, it will be designated as bargaining agent for all workers in the plant.

The UAW-AFL is not involved in any of the craft union elections.

### Broadway Wins Second Round Over Hollywood As Tone Puts Over Punch

## TOUGH TONE TAKES TOWN

\* Franchot Tone is tough and so, apparently, is Lenore Ulric in "The Fifth Column."

By TOM WOLF  
NEA Service Staff Correspondent

NEW YORK, April 7—From Hollywood, Broadway looks like a hick talent farm, occasionally developing dramatic ability for Hollywood to snatch.

From Broadway, Hollywood appears as a false, gilded stage, set against which any happy combination of feminine curves or any tall dark 'n' handsome ham can romance, regardless of ability, while such talent as does exist is constantly miscast.

As this jealousy fight is waged back and forth, every so often one coast strikes a damaging blow. This season's first round went to Hollywood, which produced such superb character-movies as "The Grapes of Wrath," "Abe Lincoln in Illinois" and "Gone With the Wind."

But the second round is Broadway's. And the man who tossed the telling punch is none other than Hollywood's Franchot Tone.

**GIVEN FIRST ROLE TO "LIMBER UP"**

Tone started his career true to the old Broadway-to-Hollywood success formula. Getting his early experience as a charter member of the Group Theater, he went west and became another "golden boy" of the films.

Last season Tone returned to Broadway and the Group. He was immediately cast in a virile role as the flashy gangster in "The Gentle People." A dynamic and powerful Tone appeared here and there in his characterization, but certainly he was no new man.

Hollywood smiled. Broadway said nothing, thought of "The Gentle People" as the rinse necessary to wash off the sticky sweet from Tone's movie character. Now he is ready for THE part.

**KNOW YOUR BANK**

**This Bank is Eager to Make Loans**

THE more we have available to lend is our stock in trade and, like a progressive merchant, we are anxious to keep that stock in use. Sound loans are an important source of bank earnings, so we naturally welcome opportunities to make them.

Unlike the merchant, however, the funds which we lend belong to our depositors and must be returned to them upon demand. Consequently, before making a loan we must make sure that this money will be safe during the life of the loan and that it will be paid back promptly when the loan matures.

A loan helps the borrower, puts money to work, stimulates business, and keeps men employed—all resulting in earnings and savings which help the community and help the bank. Your loan application will find a welcome here.

### Miami Eastern Star Chapter Has Birthday Observance

SPECIAL TO THE NEWS

MIAMI, April 6—The 38th birthday of the Miami chapter of O. E. S. was observed at the Masonic hall Thursday night in an impressive service. A preliminary program was given by Miss Trullit, who read two numbers, Miss Phillips, who played two piano numbers, and lodge members, who sang.

After the regular meeting of the chapter a service, honoring the past matrons and past patrons of the Eastern Star, was rendered. With all officers in place, Mrs. W. D. Allen, Worthy Matron, read the Genesis account of Jacob's ladder. Then, at the stroke of the gavel, each star point entered, bearing one rung of a

ladder, covered in appropriately colored roses for that star point and began building a ladder east of the altar. After the five rungs were completed, the honorees were led up this ladder to the East. As they ascended, an Eastern Star song was sung to the tune of "Farewell to Thee."

At the peak of the ascent, a lei was hung around the neck of each of the Past Matrons and Past Patrons present. These were Mrs. Nora Coffee of Berger, and Mesdames Ada Baird, Edna Newman, Faye Montgomery, Addie May Lard, Anna Russell, Preston Thornhill, and Alice Hardin of Miami, also Mrs. Ives Walker and Betty Eliot, Past Matrons of the Mobeette Chapter. Past Patrons honored were Frank Walker, Bill Russell, and Oliver Eliot.

At the conclusion of this service

a large white birthday cake decorated with 38 candles was brought in. The candles in the colors of the Star Points were arranged in the shape of a star. Mrs. Bard, who was the oldest Past Matron present, blew out the candle lights and made a wish for the chapter. Then each Past Matron and Past Patron cut one slice for his or her year of service. In conclusion, all present joined in singing "Memories."

A refreshment plate was served. On it the five points of the Star were featured in the white sandwich, the red jello, the yellow cake, the green pickle, and the blue candy star. The thirteen honorees received a tiny gavel favor on their plates.

Out-of-town guests included Mrs. O. C. Eliot of Childress, Mrs. Nora Coffee of Berger, and Mr. and Mrs. Oliver Eliot of Mobeette.

### Radio Programs To Herald Start Of Shooting "Tree Of Liberty"

NEW YORK, April 7—For what is probably the first time in history, two coast-to-coast radio programs, taking in both major networks on successive nights, will herald the start of shooting on a motion picture. Both broadcasts, arranged by Columbia's exploitation department, will emanate from Williamsburg, Va., where, within the next few days, Frank Lloyd begins filming "The Tree of Liberty."

On Monday evening, at 8:30 p. m., Dr. Harry Hagen's "True or False" program will broadcast from the Phi Beta Kappa hall on the campus of the College of William and Mary; the program, an NBC Blue network feature, is heard locally on WJZ. Six girls from the William and Mary student body will compete against Cary Grant, Sir Cedric Hardwicke, Richard Carlson, Frank Lloyd and two other members of the "Tree of Liberty" troupe.

The following night will find the "We, the People" program doing a remote control broadcast (CBS, 9 p. m., WABC, New York, re-broadcast for western audiences 12:30 a. m.) from the "Tree of Liberty" location site, probably featuring Cary Grant, Frank Lloyd and others.

Alaskans Guessing In Clock-Game

NENANA, Alaska, April 6 (AP)-A tripod, carrying the wire to a

quarried electric clock, stood on the Tanana river ice here today.

The prize money in the 23-year-old contest will go to the persons whose guesses most nearly approximate the time of the spring breakup.

The ice is thick, but riddled by cracks, and the thousands of guessers from all over the territory are using everything from just simple, unscientific "hunches" to elaborate mathematical and meteorological formulas in Alaska's most popular indoor winter sport.

Food Locker Meetings To Be Wednesday

To determine whether Gray county farmers will participate in a plan to establish refrigerated food lockers...

The McLean meeting will be held in the Lone Star theater building, the Pampa meeting in the county court room.

Plants may be founded as a cooperative or private enterprise. Roberts, Donley, Collingsworth and Wheeler farmers are invited to attend these meetings.

The meetings called for the week follow an investigation made by a group from the Gray County Land Use Planning committee...

"The idea of these plants is that farmers rent lockers in a vault where the temperature runs from 0 to 5 degrees, and foods such as meats and certain vegetables are kept fresh almost definitely.

"The Gray County Land Use Planning committee in their meeting of March 22 decided to investigate the matter with the view of establishing plants at Pampa and McLean.

Numerous patrons, both men and women, were interviewed as they came to the plant that day.

"Without the advent of these plants it is estimated that the value of the meat and poultry spoiling amounted to more than the yearly rental of the locker.

"The idea of the beef or pork was taken to the locker as soon as it was butchered and after it was cooled and aged it was cut into steaks and roasts, according to the pleasure of the patron.

"The Associated Press average of 60 stocks was up 3.4 points at 51.4, a net gain for the week of 1.1 points.

Motorists Warned Plates Must Match

The rush for 1940 automobile licenses is over but Texas Highway patrolmen still have work to do in connection with the new tags.

"It's just as wrong to have one license plate on your car dated 1939 and the other 1940 as it is to have both plates dated 1939.

Officers today cautioned Gray county motorists that they had been reading "1940" and the place for the tags is on the car, not inside of it, as the officers found in some cases.

Improper lighting of motor vehicles has been another task of the patrolmen during the past week, and they have been active in telling drivers that bad lights must be adjusted.

Market Briefs

NEW YORK, April 6 (AP)-Buying in shipbuilding and steel stocks touched off another rallying push in today's market that put favorites up fractions to more than 1/2 cent.

Recovery from yesterday's profit taking setback appeared at the opening, but price hit their top marks in the final hour when new highs for the year or longer were posted for a number of issues.

While the upturn was selective—grains in rail, utility, oil, rubber, copper and small orders were relatively small—many other signs that business was preparing to get back on the forward wing.

Activity picked up as the brief session drew to a close, with transfers totaling 710,470 shares, largest Saturday turnover since Nov. 4.

Associated Press average of 60 stocks was up 3.4 points at 51.4, a net gain for the week of 1.1 points.

Growing demand for ships of all kinds, due primarily to the European war, brought forecasts of big earnings for the boat builders and spurred bidding for the stocks which, lately, have not been doing much.

Bull cheer to recovery predictions was the consequence of the steel. The reason urged here was that brooming domestic orders for the metal, combined with heavy foreign purchasing, should bring a brisk upward reversal in mill operations in the near future.

Reports of brisk automobile sales helped the motors.

100 Telephones Added Here In Last 3 Months

During the first three months of 1940 more than 100 telephones have been added to the Pampa telephone system compared to only 17 for the same period of last year.

This rapid growth is necessitating a gross expenditure of more than \$10,000 for additions to the outside wire and cable network in the north, east and west sections of the city.

"If the present rate of growth continues throughout the year, 1940 will be the biggest year in history for Pampa," Mr. Johnson stated.

SERIAL STORY

K. O. CAVALIER BY JERRY BRONFIELD

COPYRIGHT, 1940, NEA SERVICE, INC.

YESTERDAY, Eddie apologized to Kelly for letting his temper get away from him, but Val is not convinced.

CHAPTER IX THE Pacific wasn't so gentle the next day as they headed northward. There was a more pronounced roll under the "Northern Belle," and every once in awhile she dipped deep into a heavy sea that sent spray hissing over her forward deck.

Val picked her way along the after deck and tied a knot in a rope holding together some life preservers. It had slipped a little. When she looked up Eddie Cavalier was watching her. He reached down, tugged at the rope experimentally and grunted with satisfaction.

"Since when are you checking up on me?" she asked. "All in the interests of public welfare," he murmured. "Someone's life may depend on just such a little thing as a knot. Anyway, I was a Boy Scout once and I know all about knots."

"You know," she said slowly, "I've often wondered why you ever became a fighter?" He gave her a long look. "Why?"

"Oh... never mind. Just a sudden thought." Then more brusquely: "By the way, what's on the program for today?" "A little rope-skipping... little shadow boxing. Pop says nothing heavy."

"Fine story, that'll make for me," she commented. He showed her a can of metal polish he had in his hand. "First I'm going to work out on some of these deck-fittings. You might get something out of that."

For almost an hour she watched him polish brass until the metal glistened in the sun. "When you're all washed up in the ring I can get you a job polishing mail boxes and door handles in a New York apartment house."

"Thanks, I might need it at that." "I don't think you will," she said evenly. He shook his polishing cloth in the wind. "Hey, what is this? A change of heart. I thought you hated my interesting work—otherwise known as nuts."

She felt a faint flush gathering in her face. She strove for an answer and found herself all tied up. It only she could say something. She wasn't angry, though. Of that she was certain.

He turned to his task again but when he looked up a minute later she was gone.

Eddie Cavalier watched the slender figure climb the companionway to the upper deck. His gaze followed her until she disappeared into the chart room.

Eddie was very thoughtful for a long minute. Funny, the way they had been at each other's throats since they'd known each other. Eddie Cavalier hadn't had much time for women. He'd always had to work too hard. So he knew he oughtn't make comparisons. Still, he let himself, she probably had a lot more than the usual run of females. She merely had to be slapped down once. That's all. Just once. And maybe, he figured, he'd be the one to do it yet.

"HELLO, Matey," Captain Hansen boomed as she entered. "What's stirring?" "Nothing. That's the trouble," she said morosely. "Hold on," he said quickly. "Here comes Joe Barnes and he's coming awful fast. Still, the seaman came up the companionway two steps at a time."

"This Kelso, sir. He says Wong Lee has poisoned him. He sent word he's awful sick." "What's that?" Hansen bellowed. "Poisoned? Ridiculous! Whatever it is, it's a story," Val howled and was out the door in a flash, Captain Hansen following her.

Together they dashed into Wong Lee's galley. "Wong—what's this about you poisoning Mister Kelso?" Hansen asked. Wong smiled broadly and fingered his meat cleaver. "Me no poison Mister Kelso," he said blandly. "But me like to."

"No doubt," Val muttered, "and with just cause." "Men why does he insist you poisoned him? Where is he, anyway?" Wong smiled. "No poison," he repeated. "Too much rock today." He made rolling motions with his hand and suddenly it dawned on them.

"Seasick, by gad!" Hansen roared. "Seasick, an' he thinks he's been poisoned. There's your story for today, honey." "You're telling me," Val chuckled. "And I wish I had a camera and could get Mr. Kelso in technicolor. I'll bet he looks wot in green and white. Let's go down and see."

DUFFY KELSO lay in his bunk and groaned. "Go 'way," he moaned hollowly. "I'm gonna die. I know it. Get me a doctor."

Val sat down beside him. "I hate to laugh in a dying man's face, Duffy, so I'll just snicker. There isn't a doctor within 100 miles of us but don't worry. You'll pull through... and you haven't been poisoned."

"You can't tell me that," he moaned. "That Chinese don't like me nohow."

"Kelso," Hansen chuckled. "You're just plain seasick and don't know it."

Val nodded. "That's right, Duffy. Plain old mal de mer."

"Can you die from it?" he whispered.

Val shook her head in the negative. "Someone's a liar," he croaked. "Cause I'm dyin'."

VAL hurried down to her cabin and got out her portable. She sat immobile for two or three minutes before she had her lead figured out. She battered away at the keys for a half hour, then scampered up to the radio room with her story.

"Get this off will you Sparks? We can just about make the afternoon editions with this." She hadn't been gone five minutes when Eddie Cavalier strolled in.

"Hi, Sparks." "Howdy, champ," the radio operator greeted him. "Have a good workout?" "Pretty fair. What's got there... another story from Miss Shakespeare?" Sparks nodded. "Yup... and it's a whopper, too. Here, you can read over my shoulder."

Eddie peered down and a wide grin broke over his face as he read. "Duffy Kelso lies dying in his bunk even as I am writing this. At least so he thinks. The pop-off manager of 'Prety-Pants' Cavalier, pretender to the middle-weight throne, lies a victim of mal de mer in the advanced stages. And for the first time in his life, Duffy Kelso is a thoroughly beaten and subdued individual..."

Eddie Cavalier's grin blended into a burst of laughter as he read on. "Wait'll the boys get a load of this," he chuckled. "They'll never let Duffy live it down." "Say, that dame can write, can't she?" he said to Sparks. "You said it, Prety Pants," said Sparks, and Eddie grinned even wider.

Coronado Fete Official Will Talk At Canyon

Special To The NEWS CANYON, April 6—In developing a Coronado celebration theme at the annual sessions of the Panhandle-Plains Historical society here May 10, the program committee will present Dr. W. C. Holden, Texas Technological College and Clinton P. Anderson of Albuquerque, N. M., as speakers.

Dr. Holden, authority on southwestern history, will speak at the afternoon session, which will begin at 5 o'clock. Mr. Anderson, secretary of the federal Coronado commission, will be the main speaker at the banquet in the evening. He is directing the Coronado celebration in its many phases. He is a past-president of Rotary International. His ability as a speaker is widely known.

Tickets to the banquet at Cousins hall will be \$1. Advance reservations may be made with Prof. W. L. Vaughan, treasurer of the society. Because of the strong and timely program this year, it will be advisable for members and others to obtain banquet tickets in advance. It is stressed by Dr. L. F. Shelby, executive secretary, that the demand for plates will exceed the supply unless reservations are adequate.

The toastmaster will be Judge James D. Hamlin of Farwell, president of the society. He will start the banquet at 7 p. m. following a visiting hour beginning an hour earlier.

Each program will include Spanish music by students and other entertainers.

White Deer Council Thrice Re-Elected

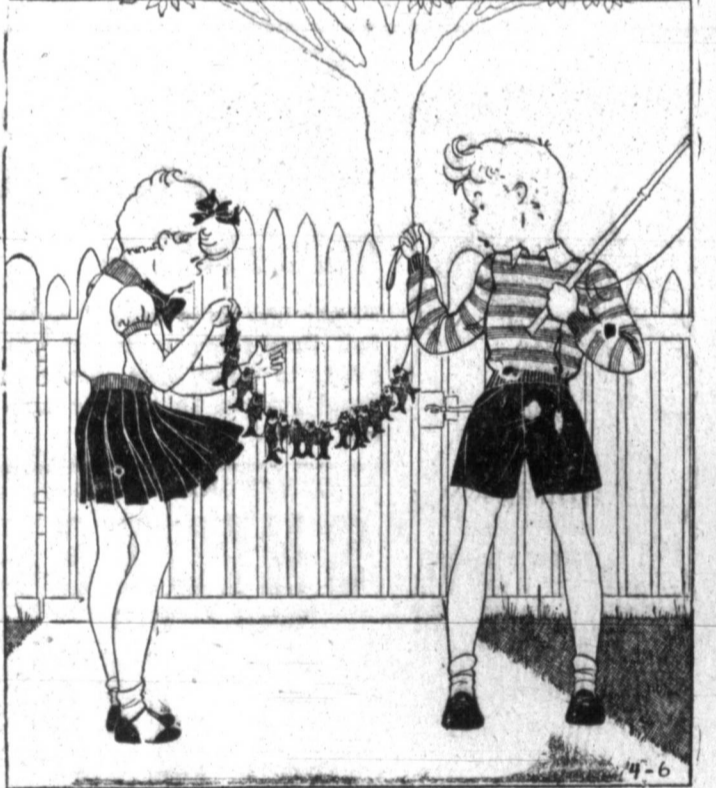

Special To The NEWS WHITE DEER, April 6—A. J. Daur was re-elected mayor and W. B. Carey, alderman, for their third consecutive terms in a city election held here Tuesday. Lee Shieldknight was elected alderman to succeed B. F. Wicks.

Other members of the council are E. J. Williams and Eugene Richardson. An election for school trustees will be held next Saturday, April 6. Upon petition, E. C. Shuman, who has served as president of the board for several years, consented to present himself for reelection, and W. H. Price of Skellytown will be named on the ballot to succeed G. T. Colgrove, who refused to serve again.

# Bottom Hole Pressure To Be Meeting Topic

## Picture On Drilling To Be Presented

Two papers of great interest to Panhandle oilmen will be presented Monday night when the Panhandle Chapter of the American Petroleum Institute holds its monthly meeting at 8 o'clock in the city auditorium here. "Slim Hole Drilling" and "Depthograph Method of Determining Fluid Levels and Bottom Hole Pressure" will be topics of discussion.

The picture will be on slim hole drilling. Entertainment will be presented by the Maverick club tumbling team from Amarillo and by Colby Davis, Amarillo pianist. No admission is charged to API meetings which are open to the public.

Carl White, representing the Franks Manufacturing company of Tulsa, Okla., will speak on the interesting subject of slim hole drilling. He will also present a picture on the same subject. Much interest in the slim hole drilling method has been shown here during the past few months.

Panhandle production men will be especially interested in the talk by George Vaughn of Great Bend, Kan., representing the Depthograph company, in view of the fact that fluid level and bottom hole pressure of all wells in the Panhandle will have to be taken within the next 90 days.

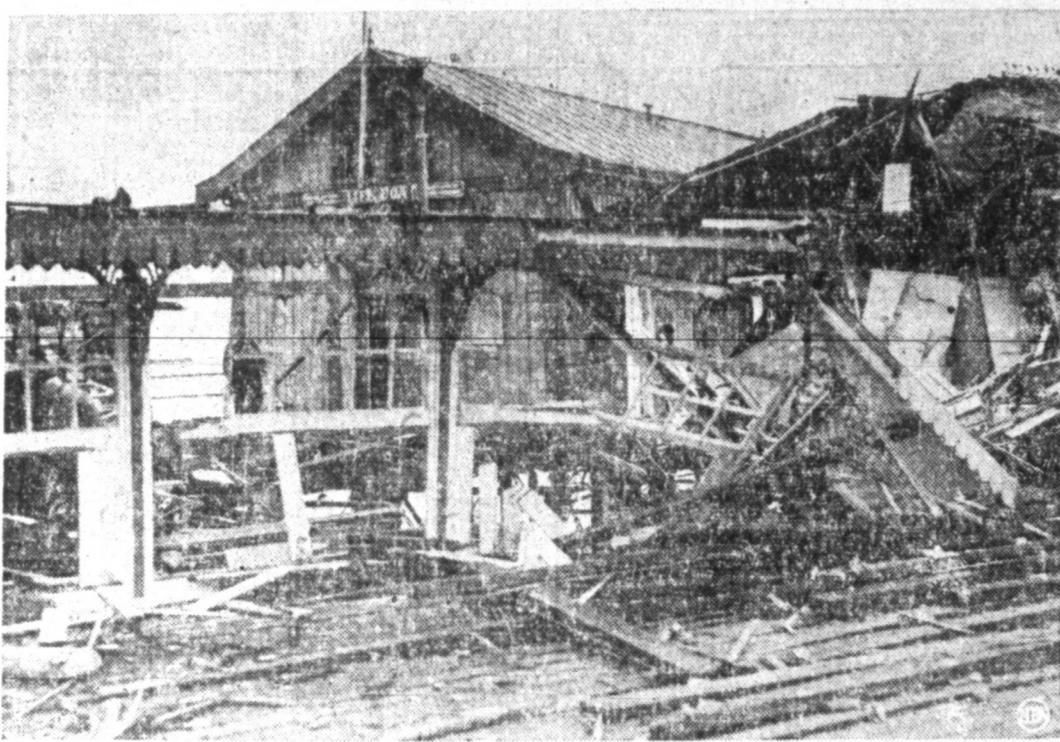

The general public should also be interested in subject which is paramount in oilfield discussions at the present time. Mr. Vaughn will conduct a round table discussion at the close of his talk.

The Maverick club tumbling team of 14 boys is an outstanding entertainment feature. Colby Davis will be remembered as the "masked pianist" who played over radio station KPDN here more than a year ago. He is now connected with the Amarillo Conservatory of Music.

## Bennett Plays And Sings For Kiwanians

Music by Ken Bennett was heard on the program of the Pampa Kiwanis club at its regular weekly luncheon at noon Friday. Mr. Bennett played one piano selection and sang three songs.

B. M. Behrman was in charge of the program. Friday's luncheon was intended to be an inter-club meeting with Lubbock Kiwanians, headed by W. V. McMillan, division 6 lieutenant-governor, Texas-Oklahoma district, but due to a storm, the visitors were forced to turn back six miles out of Lubbock.

Attendance at Friday's luncheon was 31, including guests, K. I. Dunn, Rev. B. A. Norris, Tom Braly, Clayton McCutcheon, and Dink Altman, all of Pampa.

## Apple Blossom Festival To Be Held April 14

Even though snow was on the ground here Saturday, it's apple blossom time in Gray.

Paul M. Bruce of Alanreed announced today that the annual Apple Blossom festival would be held next Sunday, April 14, at the apple orchards along McClellan creek.

Last year the festival came on Easter Sunday, and although the weather was not favorable for the event, there were 350 corsages given to those attending.

An even larger crowd is expected at this year's festival. In addition to the Bruce orchard, other apple orchards along McClellan creek are those on the L. L. Palmer and T. T. Griffin places.

In England, lemonade is known as "lemon squash."

## Mexican Arrested On Check Charge

A Mexican who gave his name as Jose Gonzales, arrested here by Deputy Sheriff Glenn Carruth, was released in Amarillo recently on posting \$250 bond.

The man was arrested on a complaint of a U. S. Treasury agent, allegedly Gonzales cashed a WPA check for \$9.28 rightfully payable to another Jose Gonzales. Identification numbers as well as names are given on WPA checks, and in this case, the numbers did not correspond, county officers said.

The Jose Gonzales arrested and another man whose name is the same have both been employed at various times on Works Projects administration projects and at wrecking yards here and in Amarillo.

## Amateur Contest To Be Held Each Friday At Rex

Conducted by Ken Bennett of radio station KPDN, the first of a series of six amateur nights will be held at the Rex theater on Friday night.

There will be from six to eight contestants on each program of the series. Anyone with any kind of talent may compete. Applications for entry can be made at the theater, or by calling Mr. Bennett at KPDN, telephone 1100.

Cash prizes will be awarded the first two winners of each weekly contest, and the weekly contest winners will compete against each other on the final sixth weekly program to determine Pampa's best amateurs.

To the first, second and third place final winners loving cups will be presented. A recording of each contestants performance will be made on a machine furnished by Myers Music Mart. Records will be presented to the contestants as a compliment of the store.

An applause machine will be used in determining winners. Decisions of the judges will be final.

## Mrs. T. B. Solomon Attends Mother's Funeral At El Reno

Mrs. T. B. Solomon returned Thursday from El Reno, Okla., where she attended funeral services for her mother, Mrs. Annabelle Line, 85.

Mrs. Line was well known here having visited with her daughter on numerous occasions.

Mr. and Mrs. Line moved to El Reno community in 1889 when that section of Oklahoma was first opened to settlers, and El Reno was a frontier town.

Funeral services were conducted in the First Baptist church which she and her husband helped to organize and of which she was the last charter member. Burial was by the side of her husband who died in 1915.

Surviving Mrs. Line are two sons, H. B. Line of Carlsbad, N. M., and L. D. Line of Banner, Okla., her daughter, Mrs. Solomon, nine grandchildren, Kenneth, Clifford and Tommy Solomon, Aubrey, Curtice, J. C. Lanna, Ed and Virginia Line, and four great-grandchildren, Peggy and Jerry Solomon and Shirley and Sandra Lane.

## 12 New Panhandle Wells Gauged For 4,972 Barrels

Although staking of new locations dropped to a new low for the year last week, 12 oil wells were given open flow potentials adding 4,972 barrels to the field potential. One gas well also was tested in lime.

The Huber corporation completed one of the best wells in the past year when their No. 7 Weatherly in section 26, block Y, A&B survey, gauged 1,372 barrels.

Six of the new wells were in Gray county and the other six in Hutchinson county.

Only five new locations were made, three in Gray and two in Hutchinson counties.

**In Gray County**  
Magnolia Petroleum Co., No. 30 Fee land 227, section 11, block 3, I&GN survey, gauged 139 barrels with pay from lime formation between 2,895 and 2,976 feet.

Skelly Oil Co., No. 106 Schafer ranch, section 17, block 3, I&GN survey, tested 437 barrels. Pay was from 2,205 to 2,285 feet in lime.

Cities Service Oil Co., No. C-6 Meers, section 106, block 3, I&GN survey, gauged 149 barrels with pay from 3,167 to 3,225 feet in lime.

Gulf Oil Corp., No. 11 Saunders, section 40, block 3, I&GN survey, tested 243 barrels. Lime pay was between 3,025 and 3,095 feet.

Ryan Consolidated Oil Co., No. 4 Barrett, section 113, block 3, I&GN survey, tested 324 barrels with pay from 3,195 to 3,245 feet in lime.

King Oil Co., No. 5 Donkin, section 140, block 3, I&GN survey, was given a potential of 376 barrels. Lime pay was from 3,245 to 3,295 feet.

**In Hutchinson County**  
Gulf Oil Corp., No. 95 Dial, Warren Wimberley survey, gauged 210 barrels. Pay was between 2,985 and 3,029 feet in lime.

Dabube Oil Co., No. 2 Alaska, section 2, block 3, EB&F survey, gauged 21 barrels with pay in lime from 2,895 to 2,956 feet.

Phillips Petroleum Co., No. 10

Halle, section 4, block M-21, TCRR survey, tested 415 barrels. Lime pay was from 2,995 to 3,045 feet.

The Texas Co., No. 22 Pond, section 1, block M-21, TCRR survey, was given a potential of 875 barrels. Pay was from 2,885 to 2,965 feet in lime.

The Texas Co., No. 20 Lewis, section 18, block L, ELRR survey, gauged 604 barrels. Pay was from 2,950 to 3,035 feet in lime.

Huber Corp., No. 7 Weatherly, section 26, block Y, A&B survey, was given a potential of 1,472 barrels with pay from 3,025 to 3,095 feet in lime.
