

High School Band To Lead Big Parade To Opener At Park Tomorrow

The wrappings will be taken off a brand new baseball season here Tuesday when the Pampa Oilers and the Berger Gassers officially open the 1940 West Texas-New Mexico league season. Game time will be 3 p. m. at Road Runner park but at 2:15 o'clock a big parade, led by the Pampa high school band, will form at the

high school gymnasium and march to the park. Every baseball fan in this section of the Panhandle is invited to join in the big parade to the park where Mayor Fred Thompson will toss the opening pitch to Mayor L. M. Davis of Berger. First batter will be John V. Osborne, president of the Board of City Development.

Eight teams will roll out their heavy guns tomorrow. While Gordon Neil and his Gassers are meeting Grover Seitz and his Oilers, Lamesa will invade Lubbock, Clovis will be in Amarillo and Midland will play in Big Spring.

The polish of mid-season play likely won't be prevalent. Old Man Error is likely to rare his ugly head but there won't be one of the 50 players on the diamonds who won't be trying.

Go After Big Cup
Pampa is going after the attendance cup to be presented by President Mayor Error to the city having the largest opening day attendance. Last year the "biggest little city in baseball," Lamesa, won the cup with a paid crowd of 1,500 fans. Several cities expect to shatter that record.

The Oilers will take the field with four raw rookies in the lineup—Peterson, Mendoza, Adams and Potter. Others were with the team last year. Peterson is scheduled to be at first base, Mendoza at second base, Adams in left field, and Potter in right field.

Manager Seitz will hold down his center field position. Jerry Jordan will be at third, Sam Malvica at short and Lloyd Summers behind the plate. On the mound will be either Lefty Rex Dilbeck or Gus Halliburgh, depending on which is ready to go the longest distance.

Pitchers have been taking a bad beating from the weather man and as a result are not in the best of condition. Arrangements for the big parade and opening ceremony are being made by a citizens committee headed by Bob Posey, L. N. Atchison, and Tex DeWessa. They invite every baseball fan in the Panhandle to take part in the parade and attend the game.

Flame merchants are being asked to cooperate by either closing their places of business during the game or by allowing as many clerks as possible to attend the game.

The Weather

Mostly fair with high cloudiness tonight and Tuesday, except showers in Big Bend area; cooler tonight north and southwest portions.

National Honor Society Members Announced

Fifteen Seniors And
Nine Juniors Chosen

Fifteen seniors and nine juniors were announced as new members of the National Honor Society last Wednesday. The 24 new members will be initiated in assembly next Wednesday by the 11 members of the society now in the school who were elected last year as juniors.

Election of members is based on scholarship, leadership, character, and service to the school. The four points of the National Honor Society are: Only those students ranking in the upper third of the class in scholarship are eligible for consideration. Not more than 15 per cent of the senior class and 5 per cent of the junior class can be elected. Selection was made by a faculty committee.

New Members
Senior members selected this year are: Sanny Sue Barnard, Wayne Coffin, James Evans, Wayne Fudge, Joan Gutley, Jack Johnson, Katherine Kelley, Elizabeth King, Bill Miskimins, Mary Lee Morris, Martha Orr, Bonnie Lea Rose, Jerry Smith, Carolyn Surritt, and Betty Jean Tiemann.

Juniors elected to the society are: Jack Baker, Ross Buzzard, Joe Cardie, Tolene Davis, Virginia Fore, Sherman Gray, Maxine Holt, Billy Mounds, and Betty Plank.

Following are members now in school who were chosen last year as juniors: Ray Boyles, Aubrey Green, Virginia Harrison, Joycelin Jackson, Bobbie Karr, Ellen Keough, Bobby Dan Lane, Jeanne Lively, Anna Belle Lard, Neil McCullough, and Peggy Williamson.

President of the organization is Aubrey Green. Virginia Harrison is vice-president and Anna Belle Lard is secretary-treasurer. Miss Clarine Brannon is sponsor.

Election to the National Honor Society is the highest honor bestowed by Pampa High school. Only high schools which reach and maintain certain high standards are granted charters by this national honor organization. The National Honor Society is to high school what Phi Beta Kappa is to college.

Sagebrush
By THE SAGE
As the many sunbeams stream through the window by the Sage, he racks his brain for a few thoughts to be expressed in verse. Why did he stand by and watch Letty all get together and view the inside of his learned cranium. Here we go!

The Sage is very thankful. Yes, Sir, it's possible! The part of the assembly program which featured those three P. H. S. warblers, the Co-eds in Blue, is the reason for it. After a very long absence, they returned in a blaze of glory to sing us three very much appreciated songs.

If everyone was like K. Kyle, they would have to put the national geographical books in the library. It seems that looking at a volume of the said set is Skinner's favorite pastime.

Wayne Giddens is going to make his senior trip on the bus, cause he wants these two other dollars for something else. What Wayne?

Say, did all the rest of you up and coming young scholars smell that Hydrogen Sulfide gas last Wednesday? The very unpleasant odor that was playing around in the halls has a slight resemblance to rotten eggs, eh? What?

Ann Chisholm might want to go to the dance at Carlsbad, and she thought that she loved to dance. But that's all right Ann. Sagey understands!

Juniors May Order Senior Rings Now

In years past it has been about Christmas time before the first order of senior rings arrived. In order to make it possible for seniors to enjoy their class rings during the whole school year, McCrory's Jewelry store has worked out a plan whereby juniors can order senior rings now and receive them the first day of school next September.

This offer will be good only through Thursday of this week. A deposit of \$1 is necessary when placing the order; the balance under the plan is payable upon receipt of the ring next fall. Special premiums are being offered to those juniors who order their senior rings now. They will receive a "Junior class pin on May 10 and in addition will receive next fall with the rings their choice of either a P. H. S. belt buckle or a compact.

**Variety Musical
Program Presented
For Assembly**

After four assembly programs consisting of lectures on international affairs, P. H. S. returned to routine with a miscellaneous student talent program last Wednesday with Jack Johnson, student council program chairman, in charge. Interest and color were added to the program by rotating lighting effects.

The Harvester band under the direction of A. C. Cox played five numbers: "Always," "Wellington Galt," "The Hero's Overture," "God Bless America," and "National Victim's March."

Douglas Stark directed the band in "Araba Overture." Douglas placed second in junior directing at the regional music contest.

Little Helen Kay Wilson, aged five, played "Music Box" and "Ricky Sacks" on the piano.

The Co-eds in Blue, Meribelle Hazard, Harabel Jones, and Betty Jean Tiemann, sang "Sunny Days," "Old Rocking Chair," and "Running Through My Mind."

Harry "Kay Kyser" Kelley, with Jack Johnson and James "Bing Crosby" Evans, led the audience in two numbers, "You Sleeping" and "Row, Row Your Boat."

At the beginning and at the end of the program popular records were played.

Many students were heard to comment that the use of loud speakers was a great help, as frequently those seated in the balcony and under it cannot hear all that is said.

**Home Ec Girls Make
400 Yards Of Goods
Into Spring Frocks**

Can you imagine cutting and sewing 400 yards of the swiftest, latest fashions? That's just exactly what 94 girls are doing down in the home economics department these days, and every indication points to a real fashion parade at the Junior-Senior banquet next month.

All 94 girls brought their new materials on the same day, with such excitement as followed over placing patterns on so many yards of goods and cutting them, you've never seen. Miss Arlan Pattison, clothing instructor, believes the girls set some kind of record that day.

Afternoon and evening dresses are being made by most of the girls, though the class is making cotton school dresses, and some are making street dresses. Textile manufacturers should be feeling optimistic, for eight to ten yards of material are going into many of these dresses, some long full skirts are the fashion, and long full skirts are using 13 1/2 yards of material.

Yards and yards of dotted Swiss, dainty floral prints, muslin tulle, and soft crepe in every color of the rainbow are being sewed into evening dresses that will make their debut at the Junior-Senior banquet.

So absorbed are the girls in all this finery that they are working not only during their class period but at their off-hours, and every afternoon after school it's "work your time to look in on them!"

enough to rate a space in his column, we leave you.

A Cappella Choir To Go To Waco To National Event

Thirty-six members of the A Cappella choir and their director, Miss Helen Martin, will leave for Waco Thursday morning to attend the National Region Six Music contest. April 26-27. Winning vocal groups from Texas, Oklahoma, and New Mexico will compete for national honors at the meet.

Pampa's choir recently won first division rating in the regional contest held at Plainview. Leon Holloway, who won first in baritone solo at regional, will compete in that division, and the mixed quartet, which also won first regional, will compete in the national meet. Members of the mixed quartet are Jerry Smith, James Evans, Jeanne Lively, and Leon Holloway.

All but one member of the choir, Jim Cox, will make the trip to Waco. Those planning to make the trip are Maxine Holt, Charlyme Jaynes, Lucille Johnson, Clarabelle Jones, Jean Knox, Jeanne Lively, Norma Jean McKinney, Janet McMillen, Dorothy Miskimins, Harriet Price, Vera Sackett, Bobby Jean Sperry, Orne Alford, Fairy Eta Byrum.

Jemie Enloe, Meribelle Hazard, Clara Mae Lemm, Anna Belle Lard, Betty Plank, Jerry Smith, Betty Jean Tiemann, Wayne Coffin, Richard Cox, Melvin Dawson, James Evans, Ethel Lane, John Edwin McCouncil, George Saunders, Ray Boyles, Len Holloway.

Herbert Maynard, Bill Miskimins, Irvin Molesworth, R. T. Seeds, Billy Whitsett, and Bill Winchester.

SENIOR WHO'S WHO

Dramatics and designing and making clothes are the main interests of "Jerry" Smith. This comedy lass came from Holdenville, Oklahoma, has been attending school here since the fourth grade, is majoring in science, and plans to attend T. S. C. W. at Denton next year. Later she plans to design clothes or teach home economics.

"Irene" Stallings is a 17-year-old native Pampa. She started to school in the old red brick building but later attended Sam Houston and M. College the following year. Being musically inclined, he has been a member of the A Cappella choir one year and has played trombone in the Harvester band for four years.

"Cotton" Smith, or maybe we should call him Jack, as that is his correct moniker, is a 17-year-old boy who likes to dance "Cotton" is now an employee at the Pampa News office. As a sophomore he was a member of the Harvester band.

In his day "Cotton" has owned his share of automobiles, or shall we say, jalopies. At present he is the proud possessor of a Model A Ford. Jack has not yet decided about college.

George Franklin Saunders, 17-year-old senior, is a boy of many hobbies, including tennis, horseback riding, and swimming in science. He is the champion swimmer at Pampa, and he says, "I'm proud of it."

George is majoring in mathematics, science, and history. He will not go to college next year but will take a post-graduate course in Pampa and then attend Texas A. and M. college the following year. Being musically inclined, he has been a member of the A Cappella choir one year and has played trombone in the Harvester band for four years.

HARVEST GRAINS

PAMPA'S WINNING A CAPPELLA CHOIR had a busy time of it last week. The group sang for three luncheons, the Junior Chamber of Commerce, the Kiwanis club, and a luncheon given by the City Council of Commerce, Teacher associations honoring the state president of that organization—in addition to presenting a concert Friday night.

PICTURES OF THE GIRLS' TENNIS TEAM—and the contestants in curricular events in the Interscholastic league were made last week for the annual, also those of the valedictorian and salutatorian. The National Honor society was to be taken today.

PAT FLANIGAN, ONE OF THE TWO Harvester Track men, eligible to compete in the regional meet at Canyon Saturday, was unable to participate because of strained muscles in his feet as the result of basketball and track participation.

VIRGINIA FORE, WHO WON FIRST PLACE in TENNIS singles in the district meet, was unable to play in the regional meet at Canyon Saturday because she cut her hand seriously in the chemistry laboratory last Tuesday.

CAPS AND GOWNS TO BE WORN BY SENIORS for the Senior Vesper service and Commencement have been ordered, says Miss Margaret Jones, who was in charge of getting the measurements of all graduating seniors.

ALTHOUGH 241 SENIORS ARE ELIGIBLE to make the trip to Carlsbad this week, only about half that number are expected to go. Many are waiting until next year, since they are not graduating and seniors are allowed to make the trip only once. Others simply do not choose to go or do not feel that they can afford the cost of the trip.

MEMBERS OF THE F. F. A. CLUB postponed their picnic planned for last Wednesday because of bad weather.

TO BE ELIGIBLE TO ATTEND THE JUNIOR-SENIOR BANQUET on the evening of the 28th, seniors must have earned 11 solid credits by the beginning of the second semester and juniors must have earned 9. Records are kept each year and no student is allowed to attend more than two banquets. Names of the students eligible to attend the banquet this year will be posted on the bulletin board by Mrs. Lou Roerts, registrar.

MRS. T. E. SIMMONS, social science teacher, was ill Thursday and Friday. Mrs. Winston Savage substituted for her.

MISS ANNE LOUISE JONES, English teacher, was absent from school Friday afternoon because of illness.

HOME ECONOMICS GIRLS ASSISTED WITH THE TEA GIVEN by the City Council of Parent-Teacher associations last Tuesday. Also for Mrs. Joe A. Wessendorf, state president of that organization. Also some of the girls assisted at the cooking school.

The Stuff You're Made Of
Editor's note: This is the second in a series of editorials on the four qualifications for membership in the National Honor society: Scholarship, character, service, and leadership. Last week 15 seniors and 9 juniors were selected by a faculty committee for this high honor. Their names appear elsewhere on this page. The purpose of these editorials is not to eulogize those who have attained this recognition—their records speak for themselves—but to inform other students of the basis of selection, for just a year from now another group of P. H. S. students will have shown themselves outstanding in these four qualifications. Every day students unconsciously reveal the stuff they are made of—in the classroom, in the halls, in activities. It is these little things that faculty members judge by in selecting outstanding juniors and seniors for membership in the National Honor society.

Probably the first question asked about any student is: Is he honest? The answer includes not only whether or not he would cheat in an examination or on a daily assignment but also whether he has moral principle enough and backbone enough to refrain from cheating by helping the other fellow, at the risk sometimes of being unpopular. Does he scrupulously distinguish between what is his and what belongs to someone else? Is he reliable; can he be depended upon to do whatever he says he will?

Is he helpful? Some students, even though they do a good quality of work, never seem to get a thing in at the time it is due. What is his attitude toward his work? Is he merely trying to get what is required, or is he trying to get it all he can out of everything he undertakes? Is he doing his best, or is he doing out for his ability is mediocre work?

Is he courteous and pleasant? Is he selfish, or does he cooperate? Is his attitude one of helpfulness, or is he always "quawking"? Is he friendly and democratic, or does he think in terms of some little clique? Is he sincere, or is he an "apple polisher"? Is he conceited? Do his classmates respect his standards?

Every day students are living the answers to these questions before their teachers and their classmates. By next spring some will have answered them so highly satisfactorily that they will be singled out for recognition by election to the National Honor society.

It has been a member of the student council one year, was president of the diversified occupations class last year and is vice-president this year, is an employee of Your Laundry and Dry Cleaners, and played on the Gorilla football squad during his sophomore year.

Bob Stevens, who is 18 years of age, has attended Pampa High school for three years. Bob believes that Pampa High's outstanding asset is its excellent faculty.

Drawing and reading are Bob's hobbies. He has an album of his own drawings of famous people. Bob stories which he never finishes. Bob works as a library assistant the third hour and was at one time a Little Harvester reporter. He plans to attend business school after graduation.

Keough, Orr, And Lane Lead Graduating Class

Tuesday Deadline To Sign For Trip To Carlsbad

Seniors planning to go to Carlsbad must complete all arrangements with Assistant Principal Tom Herod by the close of school tomorrow afternoon. The annual three-day class excursion will begin Friday morning and extend through Sunday.

Persons taking cars must sign a blank giving all details about the car and its occupants in Mr. Herod's presence. Either a teacher or a parent of one of the seniors riding in the car must accompany each car. All details as to lodging assignments must be completed by tomorrow and money to cover cost of transportation, lodging, and the trip through the caverns must be deposited with Miss Zenobia McFarlin, head senior sponsor.

Eight teachers will accompany the seniors to Carlsbad. They are Miss McFarlin, Miss Loraine Bruce, Miss Evelyn Gregory, Miss Anne Louise Jones, Tom Herod, Kenneth Carman, Aubrey Steele, and O. P. Shewmaker.

In a class meeting last Wednesday details of the trip and conduct expected of students making the trip were explained.

The school buses will be used for the trip and as many cars as have made satisfactory arrangements with Mr. Herod. The buses will leave at 6:30 o'clock Friday morning. The group will leave Carlsbad at 9:00 a. m. and will return to Pampa at 4:00 p. m. The cost of the trip is \$4 by bus and \$6 by private car. This includes everything except meals.

Arrangements have been made for the group to spend Friday and Saturday nights in tourist camps at Carlsbad. The return trip will be made Sunday.

Sport Lites-- By LANE

Coaches of AA schools in Texas recently voted to continue the present Texas Interscholastic League rules pertaining to football eligibility. The present rule states that a player is not eligible for football if he is 18 years of age or on or before September 1 of the year he intends to compete. This rule affects only AA schools and only in the sport of football. Pampa Senior High, of course, is an AA school.

Scrimmage began almost immediately last week for Harvester prospects out for spring training. First and second teams have been chosen. After running plays Monday, actual play was begun. Track has put the players in good condition, and as a new Interscholastic ruling allows only a calendar month of spring training, immediate play was begun to help Coach Odus Mitchell line up his prospects.

Out of the 45 boys out, only two are from last year's starting lineup and only eight from the entire squad. Coach Mitchell may be picked a fair starting lineup, but reserves will be very weak as compared to last year's reserves.

Boys who are interested in Gorilla football reported last Wednesday to Coach Oscar Hinger. Only boys who have at least two years' eligibility may play on the Gorilla squad. The squad is considered only as training for future Harvesters. Coach Hinger has an interesting schedule planned for the Gorillas this year.

Two Hi-Y Officials Visit Local Club

Grover C. Good, area Y. M. C. A. associate secretary, and Harold Nickols, great plains district secretary, whose offices are located in Amarillo, were honored visitors at a called meeting of the Hi-Y club last Friday afternoon. Plans for a picnic tomorrow were made at two earlier meetings last week.

Mr. Good introduced the new official, Mr. Nichols, to the 15 members who attended the meeting together with their sponsor, J. H. Morehead, Jr.

Speaking on the subject of his new office, Mr. Nichols told of his desire to organize a district council, his desire to create some kind of "newspaper" or newspaper for Hi-Y clubs in different cities in order that they might exchange new ideas, and a plan whereby each club would mail the minutes of its meetings to him on a postcard to enable him to see what kind of programs the clubs are having.

"If we plan, organize, and set up a program in which the members of Hi-Y will have something to do, then we can bring out their ideas and abilities," said Mr. Nichols. "The visiting is definitely new on a local basis, and I will make frequent visits to each club in this district."

Wayne Coffin, vice-president, presided at the regular meeting last Tuesday in the absence of Karl Rippel, president. At that time the picnic was planned for Friday, but at a called meeting Thursday the date was changed until tomorrow.

George French was a visitor at the Friday meeting.

One-Act Play And A Cappella Concert Presented To Public

Funds to send the A Cappella choir to the national meet at Waco were raised by a program presenting the contest play and the A Cappella choir last Friday evening in the school auditorium.

Under the direction of Miss Helen Martin, the choir opened the program with four sacred numbers: "Holy, Holy, Holy" by Dykes, "Beautiful Savior" by Christensen, "A Legend" (contest number) by Tschalkowsky, and "Today There Is Ringing" by Christensen.

Leon Holloway sang a solo, "Invictus" by Ralph Vaughan Williams. The choir sang another group of four, sacred numbers: "Adoremus Te" by Palestrina, "Cherubim Song" by Bortniansky, "All in the April Evening" by Robertson, and "While My Shepherd by Bunce." This was followed by two lighter numbers, "Oh Susanna" by Foster-Cain and "Star Dust" by Carmichael.

The girls' sextet, composed of Betty Plank, Anna Belle Lard, Maxine Holt, Betty Jean Tiemann, Clarabelle Jones, and Meribelle Hazard, sang "The Woman in the Shoe," "Two Negro Spirituals," "Climbin' Up the Mountain," and "Ezekiel Saw the Wheel," were then sung by the choir.

A mixed quartet, composed of Jerry Smith, James Evans, Jeanne Lively, and Leon Holloway, sang "The Long Day Closes" by Sullivan. For its concluding number, the choir sang "Whispering" and "The Old Rocking Chair" by Fox and "God of the Open Air" by Cain.

The Co-eds in Blue, Clarabelle Jones, Meribelle Hazard, and Betty Jean Tiemann, sang two popular numbers: "Whispering" and "The Old Rocking Chair," to complete the musical part of the program.

Final number on the program was the contest one-act play, "Overtones," written by Alice Gerstenberg and directed by Kenneth Carman. Members of the all-girl cast were Jeanne Lively, Allene Beville, Vera Lee von Brunow, and Betty Plank.

Reading Tests Given To All Students

Form B of the Iowa Silent Reading tests was given to all students in Pampa Senior High school today except graduating seniors. The tests were given through the English classes.

Purpose of the tests is to aid in placement of students next fall, according to Miss Margaret Jones, head of the English department.

For the past two years Pampa High school has been seeking to improve the reading abilities of students. At present three classes in remedial reading are being taught, one for freshmen, one for sophomores, and one for juniors. The program will likely be expanded next year.

P. H. S. Wins First In Girls' Debate, Play, And Boys' Tennis At Regional

First place in girls' debate, the one-act play, and boys' tennis singles and second place in shorthand and "Pampa" High school's winings at the regional meet of the Interscholastic League held at Canyon Saturday. As a result, eight P. H. S. students are entitled to go to the state meet at Austin, May 24, to compete with the winners from seven other regions for state honors.

Peggy Williamson and Helen Dudley won first in debate by defeating Lubbock's team in the finals. In the first round Pampa defeated Amarillo and Lubbock defeated Amarillo. O. P. Shewmaker is coach of the Pampa debaters.

Lively Best Girl Actor
"Overtones," Pampa's one-act play entry with an all-girl cast composed of Jeanne Lively, Vera Lee von Brunow, Allene Beville, and Betty Plank, won over Dimmitt's play in the finals. Jeanne Lively was named the best girl actor in the meet, and Allene Beville the second best. The play was directed by Kenneth Carman, who directed the state winner, "Chubbies," in 1937.

Hugh Stennis capped the regional boys' tennis singles championship for the second consecutive year by

Averages For All Four Years In High School Considered

Ellen Keough, Martha Orr, and Bobby Dan Lane were announced as valedictorian, salutatorian, and highest ranking boy respectively of the graduating class by school officials last Tuesday. Grades for all four years in high school were considered in determining these rankings.

The valedictorian is the pupil in the graduating class who has the highest scholastic average for his entire high school course, provided he has attended Pampa High school during his junior and senior years and has been enrolled not later than 15 days after the opening of school each semester. The salutatorian is the pupil ranking second in the senior class who has completed with the requirements above. When neither the valedictorian nor the salutatorian is a boy, the highest ranked girl is named. Many colleges offer scholarships to the highest ranking girl and the highest ranking boy rather than to the valedictorian and salutatorian. This year's honor students not only have made high scholastic averages but also have been outstanding in activities.

Valedictorian
Ellen Keough, the valedictorian, has an average of 94.31. She is the 17-year-old daughter of Mr. and Mrs. L. F. Keough, 6112 Second Street. She has lived in Pampa nine years. This year she won third place in extemporaneous speaking and tied for third in essay writing in the district meet of the Interscholastic League. She is office assistant at present and was literary assistant last year. In her sophomore year she won first place in the district Latin tournament. She is a former headline editor of the Little Harvester and a charter member of Quill and Scroll, national honorary journalistic organization. She was elected to the National Honor society in her junior year.

Salutatorian
Martha Orr, the salutatorian, has an average of 91.54. She is the 17-year-old daughter of Mr. and Mrs. R. W. Orr of the Phillips camp at Hopkins. For three years she has played on the volleyball team. For the past two years she has been vice-president of the Home room. Last year she made the Latin team. This year she is an office assistant. She is an active worker in GRI Scouts, is at present senior patrol leader at Hopkins; Martha is a newly elected member of the National Honor society. She hopes to attend Vanderbilt university and study to be either a doctor or a nurse.

Highest Ranking Boy
Bobby Dan Lane, highest ranking boy in a graduating class that has more boys than girls, has an average of 92.61. He is the 17-year-old son of Mr. and Mrs. John Lane of the Skelly Kingsmill lane. He has attended school in Pampa for ten years. He is sports editor of the Little Harvester, and a member of Quill and Scroll. His column, Sport Lites, won first place in the Panhandle High School Press association's contests this spring. He was on the 1938 Harvester football team and lettered. He was an alternates on the Latin team for two years. Bobby Dan was elected to the National Honor society in his junior year. He plans to study chemical engineering but has not yet definitely decided what college he will attend.

Some Compliments Conduct of Music Group At Plainview

"I would like to compliment the students who went to Plainview for their excellent conduct," said Supt. L. L. Sone. "Conduct of this sort makes other trips possible."

"I appreciate the quality of the organization and the spirit of the group for the honors that they won," I am proud and I believe that rightly we won more than our share of honors," Mr. Sone said. "Yes I am justly proud of the entire group."

"Students in this town remember as to whether or not we have a good school system because of the fact that only by accomplishing something can we hope to have a good morale," he said. "Let's keep Pampa Senior High school the kind of school of which we can be proud."

Fore Unable To Play

Donna Day placed second in shorthand and thereby won the right to go to state. Chilloche won first and Wellington third. Alice Marie McConnell and Sybil Richards also competed in the commercial contests but failed to place. Miss Zenobia McFarlin is coach of the commercial teams.

Pampa was not represented in the track and field meet. Only two Pampa boys entered to compete, and that on the basis of third and fourth place winnings in the district. Pat Flannigan had doctor's orders to leave off all athletics until the muscular strain in his feet is healed, and Leon Gualls decided after the district meet to concentrate on spring football training.

The golf team, composed of Roy Ray, Wagner and Roland Phillips, and Joe Blackwood, placed third.

Little If Any Budget Savings Now In Prospect

WASHINGTON, April 22 (AP)—Influential lawmakers predicted today that Congress would appropriate about \$7,870,000,000 at this session, resulting in little if any savings under President Roosevelt's budget estimates.

Although the President told reporters last week that it seemed likely Congress might cut about \$200,000,000 off the 1941 expenditures which he proposed last January, some senators said this now appeared impossible.

As an illustration, they pointed to the likelihood the army and navy would ask supplemental funds of \$100,000,000 or more for defense needs which were not considered in the original budget.

The President's budget estimates were so drafted that, if Congress stayed within the limit and raised \$460,000,000 in new taxes, the treasury could remain within the \$45,000,000,000 statutory debt limit in the fiscal year ending July 1, 1941.

Developments since then, however, have indicated that there will be no tax bill in this pre-election session. Congressional leaders pointed out that if a \$50,000,000 cut were made in the President's budget, a \$350,000,000 increase in revenues would clear the slate without additional imports.

gian province of Luxembourg. Its pilot was found dead in the wreckage. Its two other occupants, one of them wounded, were interned. Belgium announced she was protesting to London and Berlin against alleged trespassing by airmen.

Both sides claimed at least 11 enemy planes had been shot down over the week end.

The German said Britain had lost nine and France two in fighting over the North Sea, Norway and the Western front. British fighters planes repelled two air raiders sighted over the Shetland Islands today.

British and French airmen and anti-aircraft gunners brought down 11 German planes, the Allies announced in Paris, not counting unconfirmed reports of three others.

On the ground, meanwhile, the German hold in Norway was challenged by combined British-French-Norwegian forces on at least two fronts—the Trondheim and Oslo districts—in fierce fighting for control of the north coast. British whose fate may decide the war.

Twice over the week-end British raiders struck the Aalborg terminus of Germany's air ferry for troops sent to Norway, only 100 air miles across the Skagerrak.

Raiders Minimized Germany said that neither raid resulted in any serious damage. On the other side of the ledger, the Nazis reported they had sunk two enemy submarines and two enemy merchant ships over the weekend, damaged a British destroyer with bombs shot down four British planes and bombed Allied landing operations at Namsos and Andalsnes.

The Germans acknowledged losing three planes themselves. The British claimed their second air raid in Aalborg was highly successful, asserting that numerous buildings and grounded planes had been hit.

One British plane failed to return from the second raid, the air ministry declared, saying this attack, too, had caused numerous fires.

Swedish sources reported Allied forces thrusting south from Namsos had struck at the German near Trondheim, in an effort to gain control of the railway to the Swedish frontier. Verdalsora was said to be in flames.

In the Hamar-Elverum district, about 60 miles north of Oslo, an Allied column, after travelling by rail 160 miles from the coast, joined Norwegian troops to driving back the Germans. The Norwegian legation in Stockholm said Hamar had been recaptured and there were unconfirmed reports Elverum also had been retaken.

German reports added some confusion to the war picture since the Nazis said they had reached Lillehammer, 25 miles farther north of Hamar.

Kabli remained one of Europe's biggest question marks and intense interest was aroused by reports the German ambassador to Italy, Hansgeorg Viktor von Mackensen, had gone to Berlin for a conference with Adolf Hitler.

the funds to 2 per cent, whereas present funds cost 4 per cent.

Thus, instead of the present 5.8 per cent interest on government loans, a 3 per cent rate could be extended the farmer without cost to the government, except on outstanding bonds to be retired by 1946.

Refinancing of FCA mortgages would operate as follows: If a farmer-borrower felt that his mortgage was excessive, he could ask for an appraisal by a designated county committee of farmers.

Operation of Plan If this committee found the mortgage in excess of the "productive value" of the farm, or found the periodic payments due on the mortgage exceeded "the normal farm income available for such payments," the FCA would take title to the land, cancel the mortgage and lease the farm back to the borrower for "trial" period of not more than five years.

At the end of the lease period, the FCA would convey the farm to the tenant at a price based on the productive value under a loan payable within 40 years.

Farmers indebted to private lenders also could apply to the FCA for refinancing. In such cases, the FCA would offer the mortgage holder its bonds or cash not to exceed the productive value of the farm.

In event private lenders rejected an FCA offer, sponsors of the measure said, the farmer could ask the mortgage-holder to foreclose, the farmer then would be in a position to repurchase the farm ostensibly at its "actual value" with the aid of the FCA loan.

Market Briefs

NEW YORK, April 22 (AP)—Stock market buying mainly was in specialties today, most encouraging difficulties in extending Saturday's rally.

Iron and steel stepped up in the forenoon. The four big issues hit rough and the majority eventually subsided. The price of steel advanced well, however, and gains of fractions to more than a point predominated after the latter part of the proceedings and prices were no better than steady at the close. Transfers approximated 800,000 shares.

Traders were unable to arrive at any conclusion regarding the shifting war currents in Europe, or just how this country may be effected, no matter who holds the reins. Consequently most showed an inclination to stay carefully.

Valuable Austin Papers Discovered

EL PASO, April 22 (AP)—Scores of documents, letters and fragmentary sketches bearing on early Texan history, were discovered in the exploration of long-unopened boxes in possession of Dr. Caryl C. Hill here.

These University archivists already have studied and earmarked several of the documents as filling gaps in the state's early history.

Letters, bearing the signature of Stephen F. Austin, Sam Houston and other Texas immortals, were found in the collection.

The legal staff of a Texas oil concern is studying maps, found in the collection, to check against early boundaries laid down when the state was new.

Investigation indicates the collection was made over a period of years by Austin, his nephew, Moses Austin Bryan, and Col. Tra Lewis, an attorney for the Austin colony on Matagorda Bay. Bryan appears to have been an early Texas biographer, the El Paso Times states in a syndicated series on the rare documents.

Hill, in whose basement the packing boxes containing the early Texan as lore were found, came to El Paso in 1912. The boxes remained in the store basement as the property of Beauregard Bryan, a descendant of the colonial biographer. Bryan died 12 years ago. Search through the boxes recently uncovered the historical wealth.

Americans Advised To Leave Hungary

BUDAPEST, April 22 (AP)—The United States legation today advised citizens in Hungary to "decide as to the advisability of leaving for the United States while there still are means of egress available."

The legation notice said American citizens should "consider the effect" which extension of the war to this possibility of travel.

A prefatory declaration said the legation "has no information which would lead it to believe that the war will be extended to southern Europe."

There are about 400 American citizens in Hungary, but the legation said that most of these were Hungarian-born persons who went to the United States, were naturalized and then returned to this country to live.

The notice asked Americans to advise the legation of their plans, adding: "If you are remaining in Hungary, please give reasons."

Benefit Bridge Tournery Set For Tonight At Hall

Tonight at 8 o'clock a lunch is to be served in connection with the benefit bridge tournament to be held in the auditorium of the parochial school hall, corner of West Browning and North West streets, under the sponsorship of the Altar society of Holy Souls Catholic church.

General chairman in charge of arrangements for the event is Mrs. William Finkbeiner.

Contract and auction bridge are to be played with prizes being awarded to the winners in both. Awards will be given to men and women who make high scores.

The public is invited to attend the tournament.

Mrs. Duncan Gives Review Of Book At Women's Council

Women's Council of the First Christian church met in general session recently in the church with Mrs. Emory Noblitt, president, in charge of the business.

Following a report by Mrs. De Lea Vicars on the district convention of the Federated Council of Church Women in Amarillo, a program was presented by group two with Mrs. Robert Dowell as leader.

Mrs. W. L. Parker gave the devotional on "Ye Are the Light" after which a reading, "The Tapestry Weaver," was presented by Phyllis Ann Parker. The Sam Houston a cappella choir directed by Herbert Miller played "Now the Day is Over," "Star of the Summer Night," "Old Black Joe," and "Schubert's Serenade."

A feature of the program was a review of the book "Our Family," which was given by Mrs. Ivy Duncan, who was assisted by Mrs. Clifford Braly in reviewing the life of the author.

Forty-two members were present.

Five Grand Officers Attend Eastern Star School Of Instructions Here

Members of the Borger chapter of the Order of Eastern Star will be guests of the local Order at a combined social and called meeting to be held Friday night at 8 o'clock in the Masonic hall, when initiatory work will be conducted.

At a regular meeting of the Pampa group Friday night in the hall, past matrons and past patrons exemplified initiatory work. Those holding offices were Lillian Murphy, worthy matron; W. V. Hughes, worthy patron; Ruth Sewell, associate matron; O. M. Anderson, associate patron; Harry Barnard, secretary; Etina Davis, treasurer; Katie Vincent, conductress; Ruby de Cordova, associate conductress; Ida Hughey, chaplain; M. P. Downs, Marshall; Mary Hatcher, Ada; Lou Gommillion, Esther; Madge Murphy, Martha; Lillian Barnard, Electra; J. H. Lutz, warder; and Lacy Gommillion, centinel.

After the initiatory work, a welcome address to the past matrons and past patrons was given by Ralph Irwin with the response by Lillian Murphy, following which Frank Lee Hughes, worthy matron, presented miniature gavels to all past matrons and patrons. Frances Jones, deputy grand matron, was an honored guest.

Refreshments of punch and coffee were served by Frankie Hughes and Stella Gaytor to 75 members and visitors.

The school of instructions opened Saturday morning at 9:30 o'clock with five grand officers present. They were Freda Bernhardt, worthy grand matron from Dallas; Escher Baldwin, district deputy grand matron from Wichita Falls; Hazel McDonald, grand examiner from El Paso; Frances Jones, deputy grand matron from Canadian; and Mrs. Simmons, grand representative from White Deer.

Instructions were given throughout the day by Escher Baldwin and the grand examiner reported that 157 certificates were issued during the day.

The registration committee reported that 201 members and visitors registered including 78 past and present matrons and patrons. The following chapters attended with their charters: Follett, Spearman, Shamrock, Miami, Canadian, Bookor, Borger, and Pampa.

Lunch was served at noon and a banquet at 6:15 o'clock at the Schneider hotel honoring the grand officers present. The program at the banquet included the invocation by O. M. Anderson, silent prayer, presentation of grand officers by Frankie Hughes, a reading by Colleen Cockerill and Leon Burgess, accordion music by Inez and Gene Shaw, Margaret Sullivan, and Beverly Burba; a "Going Hunting" skit by Colleen Cockerill, Leon Burgess, and Richard Young; tap dances by Mary Jo Gallimore, Delores Conway, Vernell Bynum, and Duane Tuttle; rhythm tap by Henry Buster Walker; Gene Shaw, Mary Jo Gallimore, Duane Tuttle, and Vernell Bynum.

Corsages were presented to all grand officers at the luncheon and banquet.

Following the evening session of the school, Borger officers exemplified the degrees after which Kathryn Vincent Steele, assisted by Leon Burgess as a bell boy, presented gifts to all grand officers.

Younger Women Of Auxiliary Have Tea For Guests

Young Women's auxiliary of First Presbyterian church entertained with a tea Sunday afternoon in the home of Mrs. Tom Clayton honoring members of the older Women's auxiliary of the church.

Receiving the guests were Mrs. Robert Boshen, Mrs. Roy Kay, Mrs. Bob Smeliga, Miss Clarine Branon, and Miss Bernice Lash.

Mrs. James McCune and Mrs. L. E. Wells poured punch at a white covered table centered with a bouquet of pink roses and tall green tapers. Decorating the buffet were an arrangement of yellow, red and pink candies. Individual corsages of pansies were presented to each guest.

During the afternoon the Junior High school girls' sextette, composed of Betty Lou Clifford, Betty Jo Holt, Anna Lois Alford, Alexa Brown, Joan Hawkins, and Anna Barnett, under the direction of Miss Winifred Wiseman, sang several numbers. Ernestine Holmes played accordion numbers.

More than 80 members and guests were present.

Troop Seven Of Girl Scouts Learn Steps To Dance

Girl Scouts of troop seven met recently at Horace Mann school. Mrs. Bus Baldrige taught the steps to the polka in connection with work on folk dancing badges.

Refreshments were served by Betty Jo Nolen, Helen Mazzy, and Ramona Matheny to Betty Jane Boynton, Norman Ann Purdie, Joy Hutchens, Mary Ellen Davis, Betty Jo Myatt, Reba Jo Fagan, Alice Jean Robinson, Jean Sifton, Mary Frances Jones, Patsy Boothe, Patsy Ruth Sessions, Edith Mae Morrow, Charlotte Snow, Wanda Williams, Joyce Oswald, Minnie Elizabeth Amos, Pauline Ward, June Matheny, Mary Myatt, Frances June Hubbard, Bebb Trollner, Beverly Sue Baker, Lorraine Winton, Elsie Ruth Graham, Katherine Kelley, Norma Dee Hall, Nadine Kelley, Patricia Ross, Carol Keyes, Beverly Burba, and the captain, Mrs. Lillian Stewart.

Officers Will Be Installed At City Council Of P-T-A

City Council of the Parent-Teacher association will meet Thursday afternoon at 8 o'clock in room 207 of the high school.

During the session the installation of officers will be conducted and reports will be completed.

A resume of the district convention held at Memphis last week will be given.

Superintendent Speaks At Beta Delta Luncheon

F. L. Mize, superintendent of the LeFors schools, was guest speaker at a luncheon meeting of Beta Delta chapter, Delta Kappa Gamma, Saturday at the Schneider hotel. He discussed the qualifications and characteristics of a good teacher.

Miss Ila Mae Hastings of LeFors, president, presided, and Miss Louise Orr, of Panhandle, was in charge of the program.

Miss Odessie Howell, White Deer, gave a report on the general requirements for teachers. This report was compiled from application blanks and interviews with administrators of about 20 schools in this area.

Mrs. T. F. Morton, Pampa, read "At the Crossroads," and Mrs. John L. Bradley, Pampa, reviewed the progress of Delta Kappa Gamma. Miss Claudia Eversly, White Deer, gave a brief tribute to the presidents of Beta Delta chapter and presented each one with an appropriate flower.

Mrs. J. Lester, Pampa, Miss Orr, and Miss Hastings plan to attend the state convention to be held at the Rice hotel in Houston, Friday and Saturday.

Others present at the meeting were Mrs. Gary Simms, White Deer; Miss Gladys Holley, White Deer; Miss Winona Adams and Mrs. C. J. Meek, Wheeler; Mrs. Willie Boyette, McLean; Miss Arlene Williams, LeFors; Mrs. W. O. Morrow, and Mrs. Lewis Goodrich, Shamrock; Mesdames Georgia Osborne, J. B. White, Elma Phelps, Sam Irwin, J. B. Austin, C. H. Humpkappiler, and Raymond Hart, and Misses Madge Richardson, and Katherine Simmons, Pampa.

Plans Discussed Saturday For 4-H Club Encampment

County Wide 4-H club members met Saturday afternoon in the office of Mrs. Julia E. Kelley, county home demonstration agent.

After the report on the meeting of the sponsors was given by Mrs. O. G. Smith, requirements for girls eligible to go to the encampment in June were given as follows: Each member must have at least three varieties of vegetables in her garden or some poultry and her 4-H uniform; she also must be at the last meeting in May if not ill or out of the county.

A 4-H party was planned for April 26 at 8 o'clock in the office of the home demonstration agent.

A question box was answered by Mrs. Smith with girls entering in the round table discussion.

The girls plan to have their uniforms finished for a picture to be taken at the next meeting.

Girl Scouts of troop seven with Mrs. Lillian Stewart as captain will sponsor the picture show, "The Great Victor Herbert," which is to be shown Wednesday and Thursday at the LaNora theater.

Funds received from the sale of tickets will be used by the girls in making a gypsy trip during the summer.

Tickets may be obtained from any of the girls in the troop or from Mrs. F. H. Sifton, Emory Noblitt, or Hugh Morrow.

Models Named For Golf Association Sport Style Show Wednesday Noon

An outstanding event in the activities of the Ladies' Golf Association is the sponsoring of the spring style showing of sports wear at the Country club Wednesday at 12:30 o'clock when the weekly luncheon will be served.

All models taking part in the show are to meet Tuesday evening at 6 o'clock in the club house for a rehearsal. All who plan to model the garments being furnished by the local merchants must attend this practice.

Models for the show are Meses. B. Wild and Mrs. A. J. McGehe, Ronel's; Miss Jane Kerbow and Mrs. E. Riggs, Gilbert's; Miss Twila Cline and Miss Betty Lee Thomas, J. C. Penny; Miss Mary Jaynes and Mrs. Don Conley, Lewis'; Mrs. J. A. Gilliland and Miss Dorothy Brunley, Murree's; Miss Betty Lou Luczynski, Grammas; Miss Jeanne Cox, Zelta Mae Hurst, and Bonnie Lea Rose, Montgomery Ward; Mrs. John Sturgeon and Mrs. M. C. Overton, Behrman's; Miss Albertine Schukey and Mrs. Clayton McCutcheon, Junior Shop; and Miss Isabelle Wagon and Mrs. Freda Barrett, Simar Shop.

Members of the golf association may bring guests and any lady interested in golf or bridge may make her reservation by Tuesday noon by calling the Country club. One need not be a member of the Country club to belong to the Ladies Golf association, but must pay a green fee and luncheon costs.

Anyone who care to attend is invited to watch the golfers play their matches, have luncheon, and see the newest thing in slacks, play suits, and wash dresses. Those wanting bridge games are asked to call Mrs. C. F. Lenders at 9036-7-11 and she will arrange tables for them.

Friendship Class Will Have Group Meetings This Week

"Build-Up" Relief Explained To Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice;

thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this also helps ease periodic discomfort. Women have used CARDUI for more than 50 years.

Every town in Texas is within her easy reach

To Miss Long Distance, there is no distant land—every town and city in Texas is within her easy reach—foreign countries are only minutes away.

She has finger-tip control of a huge, far-flung telephone system—nearly 3 million miles of wire in Texas, millions of dollars worth of complex telephone equipment, more than 550,000 Bell telephones in the state and some 163,000 telephones served by other companies. She plugs a cord in the switchboard, flips a key, and sends your voice racing over miles and miles of tiny copper voice highways.

Building, operating, and maintaining the telephone plant that serves Texas is the day-to-day job of 8,500 Texas telephone people who work together with one common goal—to furnish fast, accurate, dependable telephone service at the lowest possible cost.

Pampa And Borger Mayors To Participate As WT-NM Season Opens Tomorrow

Play Ball!
That familiar call will be heard Tuesday afternoon at 3 o'clock at Road Runner park when the 1940 baseball season is officially ushered in for Pampa fans. Opening game of the season will be between the Pampa Oilers and Borger Gassers of the West Texas-New Mexico League.

Big league ceremonies will mark the opening of the season. Mayor Fred Thompson will try to put the opening pitch across the plate with Mayor L. M. Davis of Borger doing the receiving in case John V. Osborne, president of the Pampa Board of City Development, fails to hit the ball.

Then the umpire, whose name has not yet been released by the league president, will call the meeting to order. Manager Grover Seitz of the Oilers and Manager Gordon Nell of the Gassers, who played for Seitz last year, will consult on ground rules before Lefty Rex Dilbeck or Gus Halliburton pitch the first ball. Dilbeck is scheduled to start the game if his arm feels all right, with Heuring second choice.

Although Manager Seitz hasn't definitely named a starting lineup it is probable that Bill Peterson will be at first, Al Mendoza at second, Sam Mallica at short, Jerry Jordan at third, Lloyd Summers behind the plate, Merle Adams in left, Manager Seitz in center and Phil Potter in right.

It is unlikely that one pitcher will be able to go the distance because of the short training period. Hausman, ace of the Borger staff and a holdover from last season, is scheduled to start for the Gassers. He's a curve ball artist with a high fast one that gave batters a lot of trouble last season.

Yesterday afternoon Borger tapered off spring training by losing a 10 to 9 game to "Cowboy" Francis and his "Old Folks." The Oilers finished hard work with everyone going the limit. This afternoon was to be spent in batting and fielding practice and light work for the pitchers.

Oilers To Be Strengthened
Manager Seitz announced this morning that he was still on the trail of a slugging outfielder or first baseman and that he had sent for a highly recommended second baseman.

"The team isn't at full strength by any means," Manager Seitz declared. "Before long we'll have a lineup that will be battling the top boys all the way."

Borger's Gassers are being picked as one of the contenders. With Nell to lead the way the Gassers will have Potocar behind the plate, Nell and Short in the outfield, and pitchers Hausman, Tysko, and Franklin from last year's team that was going strong at the end of the season.

Manager Seitz has Mallica, Jordan, Summers, Halliburton, Dilbeck and Vannoy back from his second place team.

Sports Roundup

By EDDIE BRIEZE

NEW YORK, April 22 (AP)—Will C. Harridge, president of the American League, just missed being on the ill-fated Lake Shore limited, wrecked near Little Falls, N. Y., Saturday with an appalling loss of life. . . . He had reservations on the train, but luck was with him. . . . He was unable to finish his New York appointments in time to catch the Chicago-bound 20th Century limited, which left several hours earlier. . . . Old Jim Thorpe, always greatly admired by Knute Rockne, will have a bit in the forthcoming "Life of Knute Rockne." . . . Jimmy Dykes turned down a \$30,000 Philly offer to remain with the Pale-Hose at considerably less.

Reason Bill Terry isn't in the "baseball register" is that he didn't bother to answer four or five letters requesting information about himself—not because he demanded compensation for same. . . . Myron McCormick, who is making good in the Cincinnati outfield, failed at every infield position before shifting to the wide open spaces.

Today's True Story
Josh Cody, new Temple line coach and one of the best, likes to tell this one on himself. . . . Back in 1917 they were about to give him his walking papers from an officers' training school at Fort Oglethorpe because of poor eyesight. . . . Next day Josh played in a camp baseball game and sock two homers. . . . P. S. The poor eyesight charges were dismissed pronto.

Peoples' Choice
Why doesn't Mike Jacobs stop fiddling around with guys like Paycheck and Lee Savold and put Arthur Godoy in there against Louis in June? . . . Mail reaching this department from all over the country indicates the boys who pay the boxing freight think the Chilean's beats the spot over Pastor, Max Baer, Savold or even Galento.

American league batsmen can breathe easier today, Bobby Feller's only human after all. . . . Rated off his performance in white washing the White Sox with a no-hitter opening day, plus the knowledge that his blinding speed is matched by newly acquired baseball cunning, the outlook was anything but bright for the hapless hitters. But he lasted only three innings yesterday as the Detroit Tigers rapped him solidly for six hits and an ultimate 12-2 victory.

Schoolboy Rowe went the distance for the Tigers and allowed but five hits. . . . The White Sox victims of the Feller fireball last Tuesday, finally recovered enough to stage a batting spree for a 6-2 victory over the St. Louis Browns. It was the first time in three tries that the Sox have won.

In the only other game played in the majors, the St. Louis Cardinals greeted their former hurler, Dizzy Dean warmly—too warmly, in fact, for the perennial pop-off, who was blasted off the mound in the fifth

PANHANDLE, April 22—Three boys made eligible by the new ruling of the directors of Intercollegiate league activities concerning football are Jack Robertson, W. B. Towe and Perry Duby. . . . Boys made ineligible under the new ruling are Bert Pruitt, Charles Cunningham, Red Weatherly, and Hayden Dowlen.

The previous rule was that the boys must be under 18 at the beginning of school, and that they might have attended high school for five years. Some changes were made later making the age limit under 19 and the high school years four.

The Panther eleven will feel keenly the loss of Weatherly, Pruitt, and Dowlen as they were returning lettermen. Only three returning lettermen remain, they were Merv Pruitt, Bud Lewis, and C. L. Woods.

30 Irish Gridders

Out For Practice

SPECIAL TO THE NEWS

SHAMROCK, April 22-Thirty young Irish hopefuls reported to Coach Forrest Kline last week in answer to the first call for spring training of the 1940 Irish football team. Six of next year's prospective players were still in training on the Irish district track team and will not report for practice until their track season is finished.

Coach Kline is spending his time in teaching the fundamentals of football to his new squad, most of which is inexperienced. Blocking, tackling, passing, kicking, and ball handling will be the routine of the first week of practice.

Boys expected to report within the next few days are D. H. Wilson, Ike Sewell, Doyle Reynolds, Carl Ruth, James Chance, and Clyde Medfield from the track team, Verlin Mayfield, Robert Callan, and James Connor from last year's B squad, B. F. Kersh, Jr., a last-year's squadman and James Hutton, Homer Gene Ewton, and Millard Braxton who have not played football heretofore.

These additions will raise the number of candidates for the 1940 team to about 40 who will continue a four weeks drill under the direction of Coaches Kline and McCall.

Henderson And Jax Win First Games

(By The Associated Press)

Henderson and Jacksonville, underdogs in the East Texas league, came through with their first victory of the season yesterday.

Jacksville, with rallies in the sixth and seventh innings, overcame the Marshall Tigers 4-3. Longview bowed to Henderson, 9-1, as southpaw Hugh Sparks tightened in the pinches.

The Palestine Pans continued their winning ways with a 5-2 victory over the Tyler Trojans.

Kilgore, sharing an unblemished season with Palestine, defeated Texarkana 11-10 in 11 innings.

HOUSTON, April 22 (AP)-Presenting the case of the spectators versus Bobby Riggs, and vice versa:

For the spectator-

The little 22-year-old Chicagoan, world amateur champion of tennis, is possibly one of the most intensely disliked players-by competitors as well as public-in the history of sport.

Most galleries would love nothing more than to see Riggs beaten in love sets-beaten so badly no memory of his magnificent game remained.

Riggs is too great a player to let that happen. He generally is equal to the occasion. Yesterday, tired by depressive press notices, he blasted Betsy Grant of Atlanta off the court in straight sets, 7-5, 6-3, 7-5, to win the River Oaks invitation tournament.

In the early matches of a tournament, Riggs slouches around, exerting himself just enough to win. He may drive his opponent to the point of exasperation by casually bouncing the ball as he saunters to the baseline. Or he may stop and chat with some bystander while his red-faced enemy is waiting.

Fellow players, watching him clown around with some youngsters striving to make a showing remark derisively:

"There's our national champion, boys."

For Riggs-

Let his wife, a sparkling-eyed 21-year-old girl who knows Bobby better, possibly, than he does himself, speak.

"Bobby is not a strong-armed player. He's a little fellow, and if he drove himself all week when he didn't have to, he'd be washed out by the time he reached the finals. He builds himself to a peak."

"Bobby doesn't like to beat those poorer players love sets. He prefers to encourage players who are on the way up."

"You must admit this-he always plays to win."

You be the judge.

Bobby was speared unmercifully.

THESE SCENES WILL BE REPEATED HERE TOMORROW AFTERNOON

It happened a year ago. Yep, the above pictures were taken on opening day last year when the Pampa Oilers made their bow in professional baseball. Tomorrow at Road Runner park the Oilers will open the 1940 season against the Berger Gassers, led by big

Gordon Nell who was in a Pampa uniform at this time last year. Games time will be 3 o'clock.

At the top left, is a picture showing part of the crowd which nearly filled the park and gave Pampa a second in the attendance record contest. Tomorrow the Oilers want to break that record and take first place.

The picture top right shows Bill Garbe, Oilier outfielder, bagging a double off Millsbaugh of Amarillo.

At the lower left Frank Grabek, Pampa pitcher, is striking out

Bolton of Amarillo. John Guyrascou is behind the plate.

Sliding into third in the lower right picture is Fred Pietras of the Oilers. Waiting on third from the throw which was too late is pictured Jerry Jordan, now playing third for the Oilers.

Boys expected to report within the next few days are D. H. Wilson, Ike Sewell, Doyle Reynolds, Carl Ruth, James Chance, and Clyde Medfield from the track team, Verlin Mayfield, Robert Callan, and James Connor from last year's B squad, B. F. These additions will raise the number of candidates for the 1940 team to about 40 who will continue a four weeks drill under the direction of Coaches Kline and McCall.

Two light sedans were involved in the crash—a traffic head-on collision that scattered gears and other parts of the machines over the road, strewn some of the victims on the blacktop and crushed others in the tangled wreckage.

Only two of 13 passengers in the two machines, ranging in age from 17 to 23 years, escaped death, and one was so badly hurt that physicians expect he will die.

11 Minnesotans Die In Head-On Crash

SLAYTON, MINN., April 22 (AP)—Minnesota's worst traffic accident in its history which brought mangled death to eleven young men and women near here early Sunday morning, sent county and city officials on a searching investigation today in an effort to determine the cause of the tragedy which left the highway near here a shambles.

Two light sedans were involved in the crash—a traffic head-on collision that scattered gears and other parts of the machines over the road, strewn some of the victims on the blacktop and crushed others in the tangled wreckage.

Only two of 13 passengers in the two machines, ranging in age from 17 to 23 years, escaped death, and one was so badly hurt that physicians expect he will die.

Sharing The Comforts Of Life
By R. C. Hollies

NEW FARM CREDIT WILL BE USED TO ENTRENCH POWER OF GOVERNMENT INCUMBENTS
The Farm Credit Act of 1940 indicates the wisdom of the judgment of those people who predicted that in the Reorganization Bill, by transferring farm credit to the Department of Agriculture, it would be used to increase the power of the Administration without any regard to the experiences of history in making loans.

Not a Function of Government
And while I am on this subject, let it be remarked that the government extending credit to any line of industry or any individual is certainly not a function of government. It was started some 25 years ago by the Federal Farm banks and the present extension is only a natural result of making the first step.

Government credit to voters is a natural result of the belief that government should educate its subjects. This is demonstrated by history. In 1849, M. Tourret, regarded as one of the fairest ministers of France, made this comment:
'It is not enough to give instructions in the cultivation of skill, but it is necessary also to provide the means of operation.'

After Minister Tourret had made this statement, he introduced a bill into the French Parliament, the first article of which reads:
'Art. 1. There is opened, in the budget for 1849, to the minister of agriculture and commerce, a credit of ten million francs to be employed in making loans to farm-owners and associations of farm owners.'

And what this means and what the Farm Credit Act of 1940 really means, was put in writing in 1849 by Frederic Bastiat, one of the greatest economists of the ages. He wrote:
'The minister of agriculture and commerce is authorized during the year 1849, to take ten million francs from the pockets of laborers, who have great need of it and to whom it belongs, and to pour into the pockets of other laborers, who need it just as much, and to whom it does not belong.'

Here, we have exactly what extending credit on the part of the government to different organizations means. It not only means that it takes from one pocket and gives to another, but it means that capital will be distributed where the politicians think it will make the most votes rather than where the man who owns it thinks it is most needed and/or will add the most to the wealth of the world by making him the most profit.

THIS BATTLE IS STILL RAGING

Now Is The Time To Ask 'Why?'

The most important word for this country today is 'Why?'

A lot of broad general assertions are going the rounds, and there is a dangerous tendency to accept them at face value.

Hitler, in his invaluable treatise in 'Mein Kampf' on how to manipulate the mob, makes it clear that the main thing is repetition. No matter how ridiculous a thing is, he maintains, if you repeat it often enough—and loudly enough—people begin to believe it.

That is the danger in some of the things you begin to hear repeated these days. What's needed is a lot of people who will step up every time one of these assertions is made and ask 'Why?' And demand very specific answers.

Here are a few to practice on:
'If it goes badly with the allies in Europe, the United States must inevitably be drawn into the war...'

Why?
If Holland is invaded and the Japanese grab the Dutch East Indies, the United States must send its fleet over 9000 miles to prevent it.

Why?
Guam, 9200 miles away, should be strongly fortified.

Why? (Be very specific. No generalities about 'interests.' What interests?)

Through the money borrowed by Europe during the last war was never paid, we ought, when cash runs out, to advance money this time so they can buy American farm products. It is different this time.

Why?
The United States has to go on buying all the gold and silver offered by anybody at prices far above its market worth.

Why?
Germany has invaded one neutral country after another. The United States is neutral. Therefore I'm sure it is only a question of time until it is our turn.

Why?
The United States is shirking a plain international duty if it refuses to throw its army and navy into the European war.

Why?
You may not be popular if you become one of the question-askers. You may get a few apocryphal answers like 'Why, you poor dumb—, it's obvious!' And so on, with the original statement repeated. But by that time you'll begin to get interested in the answers. And you'll be doing your country a service, for never before was it so important to have plenty of people demanding to know 'Why?'

Practically Voluntary

American Chinese have been supporting the battle of their homeland against the Japanese invader with considerable enthusiasm. Some \$4,000,000 has been sent to the homeland to keep millions of Chinese from starvation.

Most American Chinese have contributed cheerfully. But occasionally one lags in his monthly payment of from \$18 a month up. Chicago Chinese devised a pleasant little scheme. The tie a drum on the back of a delinquent, post a sign on his chest noting the amount of his delinquency, and march him up and down the street with boys behind beating the drum. A little of this, and the man pays up.

Darred clever, these Chinese!

Behind The News

WASHINGTON, April 22—Citally needing dollars and unable to borrow any, Great Britain has set out to get them by surrey manipulation and renewed competition in foreign trade. Directly and in indirectly, the plans is likely to be costly to American business.

The pound sterling is pegged at \$4.02, but in the 'free markets' outside of England it can be bought for \$3.56, or thereabouts. An American trader buying British goods for import naturally gets more for his money if he can change his dollars into pounds at the lower, or free market, rate.

Late in March, however, the British government ruled that all the empire's export of tin, rubber, jute, jute products and Scotch whiskey must be paid for via the official \$4.02 rate. These are products on which the empire has virtually a monopoly. Last year, the United States bought \$250,000,000 worth of them. New ruling means that an American out to buy a pound sterling worth of rubber, for instance, must pay \$4.02 for it instead of \$3.56.

ARGENTINE MUST BUY BRITISH

In addition, Britain is trying a new stunt in South America. When goods from Argentina are sold in Britain, the sterling exchange thus obtained is 'frozen' and can't be used for any purpose except to buy British goods for import into Argentina.

The drive to increase U. S. exports to South America rested largely on the hope that even if a nation like Argentina couldn't boost its sales to the U. S. it could use foreign exchange obtained by its exports to Britain to pay for more U. S. goods. Thus, it was hoped, the United States could get a big share of the trade formerly held by Germany.

Freezing of exchange with the Argentine kills that hope. This may be significant for other Latin nations. CAA JUGGLING

WORRIES CONGRESSMEN

Congressmen interested in commercial aviation are puzzled and a bit worried by the new reorganization order which abolishes the Air Safety Board and puts the Civil Aeronautics Authority back in the Department of Commerce.

One value of old setup was that Air Safety was independent and, if it chose, could even blame a crash on a defective regulation of CAA itself. (It never did, though it has recommended changes in some CAA regulations.) Now its job will be done by CAA.

More important, CAA was beyond political pressure, with its administrator due to be virtually a bureau head

LAWS FOR WHAT PURPOSE?

We have had all kinds of laws and different ideas of what law should include. Right after the 1849 Revolution in France, the General Council in France issued the following order:
'Political economy shall be taught by the government professors, not merely from the theoretical point of view of free trade, but also with special regard to the facts and legislation which control French industry.'

This decree caused Frederic Bastiat to write an essay under the heading of 'Spoliation and Law.' In this remarkable document, he points out there are many kinds of communism, but the most dangerous that leads from one demand to another is protective tariffs.

I do not ever remember reading a better description of the effects of different kinds of laws than the one in the closing two paragraphs of this essay. I quote:
'Results of Laws

'If you make the law of all citizens a palladium of liberty and of property; if it is only the organization of the individual law of self-defense, you will establish, upon the foundation of justice, a government rational, simple, economical, comprehended by all, loved by all, useful to all, supported by all, entrusted with a responsibility perfectly defined and carefully restricted, and endowed with imperishable strength. If, on the other hand, in the interests of individuals or of classes, you make the law an instrument of robbery, every one will wish to make laws, and to make them to his own advantage. There will be a riotous crowd at the doors of the legislative halls, there will be a bitter conflict within; minds will be in anarchy, morals will be shipwrecked; there will be violence in party organs, heated elections, accusations, recriminations, jealousies, inextinguishable hates, the public forces placed at the service of rapacity instead of repressing it, the ability to distinguish the true from the false effaced from all minds, as the notion of justice and injustice will be obliterated from all consciences the government responsible for everything and bending under the burden of its responsibilities, political convulsions, revolutions without end, ruins over which all forms of socialism and communism attempt to establish themselves; these are the evils which must necessarily flow from the perversion of law.'

'Such, consequently, gentlemen, are the evils for which you have prepared the way by making use of the law to destroy freedom of exchange; that is to say, to abolish the right of property. Do not declaim against socialism; you establish it. Do not cry out against communism; you create it. And now you ask us Economists to make you a theory which will justify you! Morbleu! make it yourselves.'

Morbleu (being modernly interpreted) means 'My, God,' used as a swear word.

Does the above not describe the condition we find ourselves in? Has not Bastiat given the reason?

In Commerce, the way has been opened—in theory, anyway—for political control.

TOWNSEND PLAN WINS SMILES

Not without significance was the friendly reception the Townsend Plan got in the Senate the other day when Senator Downey moved for an investigation of the plan and its gross income tax proposal. Not only were kind words said about the plan publicly, which could be mere vote-catching devices, but in private, Downey got the nod from some pretty solid conservatives.

Biggest favor Congress ever did the Townsendites was last year, when it deferred the scheduled increase in social security payroll taxes. That was a long step toward getting social security off an actuarial basis and financing it out of the general fund. Because that step was taken, existence of the social security act is no longer the effective barrier against the Townsend Plan that it was originally designed to be.

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, April 22—All over the lot: Universal, for 'One of the Boston Bullerons,' hired Montague Love. Wanted him to play Roland Young's father, a chore for which he'd have to look pretty old. So casting officials patted through a stack of pictures of the actor to show him just how they wanted him made up. 'Now, have your hair fixed this way,' they said, selecting one of the stills.

'Well, ah—I can't, exactly,' replied Mr. Love. 'You see, I haven't any hair.' He lifted his toupee to prove it. 'That's Warner Brothers' hair,' they said. 'Now, the mustache—we'd like it cut medium short, as in this photo, and—'

'I see,' answered the actor. 'But that was in a picture I made at Metro, and the mustache belongs to Metro.'

'Okay,' said the Universal people, somewhat shaken. 'Now these eyebrows—they're yours aren't they?'

'No-o-o,' responded Love. 'It seems to me that those eyebrows, though—I expect we could borrow 'em for this picture.'

And that's what they finally did—called the three different studios and asked for Mr. Montague Love's facial props. And each arrived next morning in a neat box.

GABLE GETS STEAK

AND MORE STEAK
Gable was hungry when the sequence began. He was sitting at a counter on the 'Boom Town' set devouring a steak. It was very good steak, hustled over from the studio commissary, and he ate couple during the long shots and closeups.

Presently Spencer Tracy got into a brawl with three heavies, so Gable took a big mouthful of steak and rose to help out. In the long shots you'll see Tracy knock down a guy—and watches Gable accounts for one while, as Tracy polishes off the third. This went on for hours.

When the complete film had been filmed satisfactorily, Director Jack Conway moved in for close-ups and angles. For each of these, Gable would take a huge bite of steak and then slug at an imaginary opponent while the camera recorded his steady mastication and grins of triumph.

A little before 5 o'clock, while they were shooting the part where Gable returns to the counter to finish the steak, Conway whispered to an assistant and the assistant went out to telephone. He called Carole Lombard. He said, 'Mr. Conway asks as a special favor if you'll have a nice big steak for Mr. Gable's dinner tonight... You will? Good... Yeah, it's a sort of gag.'

RECIPE BOX COMES HIGH

Robert Cummings has been telling me about his and Billy Gilbert's workshop. They went into partnership on it because Cummings knows about tools and Gilbert had lots of space and an urge to develop a hobby.

They bought several power tools and installed them, and then stood around trying to think of something to make. Mrs. Gilbert suggested that she would like to have a small box to keep recipes in, so they assured her they'd fix up one in no time. A dovetailer was one thing they hadn't bought, so Billy hurried out and got one; also enough lumber to build a small cottage.

They fiddled with the dovetailer but couldn't get it to work. The attachment was the wrong size. So they decided to dovetail the joints by hand. When they had been working on the job three days, Gilbert was offered three days' work in San Francisco which would have paid him \$1500. He turned it down, muttering that he was going to finish

The elm tree in your yard may be leafing out and the lilacs will be blooming this week, but spring has not come yet on the creeks and in the canyons where the native cottonwoods are still gaunt. And the shrubs still show no sign of spring, and the pastures are not green. . . . Imported trees and shrubs may be deceived by this April but not the natives—they have not agreed that spring has come. . . . Nevertheless, we sniffed something in the wind yesterday that took us to Dripping Springs below Claude. And there Johnny and Billy Joe and Charlie climbed up hills so they could run down them, and scaled cliffs, and Johnny tried to climb all the hills between the springs and Palo Duro canyon in one afternoon, and just at sundown the boys followed a covey of blue quail up the road, and then Johnny said he would climb two more hills before we went.

Congratulations members of the one-act play cast and of the girls debating team for winning equal to the regional meet. They say that Helen Dudley and Peggy Williamson, the girl debaters, have the art of arguing down pat. Here's hoping that both the actresses and the debaters win at Austin.

'Worst Over' In Ohio River Flood

MARIETTA, O., April 22 (P)—A crest nine feet above flood stage in places rolled down the Ohio valley today but the rain-gorged river receded north of Marietta.

Rivermen generally agreed 'the worst is over.' Hundreds of families driven from lowland homes upriver returned to clean up.

Tributary floods apparently proved most costly. Highway engineers estimated damage to roads in southern Ohio at \$1,000,000. Two drownings were reported in west Virginia and swollen streams in northern Ohio claimed the lives of two children.

That box if he never collected another paycheck. Cummings got discouraged and went to Universal to do a picture. But Gilbert stuck it out. The result is pretty droopy looking and unquestionably the most expensive small, plain, oak box ever made.

But Mrs. Gilbert keeps her recipes in it. She'd better.

THE Boy Wonder isn't going to get very sore about this, but do you know there may soon be a cod-liver oil shortage? Most of our cod-liver oil comes from the Lofoten Islands, where the British are now landing near Narvik. The invasion by the Germans came just at a time when Norwegian stocks were at their high point, and those of American importers at their lowest. The latter, not knowing when they may get more, are even refusing to quote prices to bottlers on what they have. . . . Thus, because rival European powers fight over Norway, American babies may miss their regular dosage of bottled sunshine. So small a world it is, and so ill-managed.

The birth rate in the United States has tended downward for some years, as in almost every other country. Figures released in connection with Child Health week, however, show an interesting thing. In 1915, when birth registration figures were first tabulated on the present basis, 23.1 babies were born for each 1000 people. The absolute low was reached in 1923, at 16.5. Since that time the rate has gradually increased again to 17.6 in 1938.

THAT plainly suggests that when people face a discouraging economic outlook they don't have as many babies as they do when times look a little better. Which is just one more excellent reason, if any more reasons should seem necessary, for concentrating on building up our own economy in the face of a tragic world.

London officials are quite in a dither about the strip tease craze producers popularized to counteract war gloom. Or as Shakespeare would put it, 'Much Ado About Nothing.' . . . Every time you draw a breath, the government spends \$1000. But don't try holding your breath, as the spending goes on anyway.

PENNSYLVANIA's last tribe of Indians may be flooded out of its home by a man-made flood control reservoir. Time was when Indians only feared biting the dust. . . . Spring is the state of things when the Californians complain about the extreme heat one day, then brag about the size of hailstones the next. . . . At Moffat Field, Calif., the old army bugler has been replaced with a recording. We expect to read any day now that there are, at Moffat Field, some record-breaking sleepers.

ALL ABOUT BABIES

By RICHARD ARTHUR BOLT

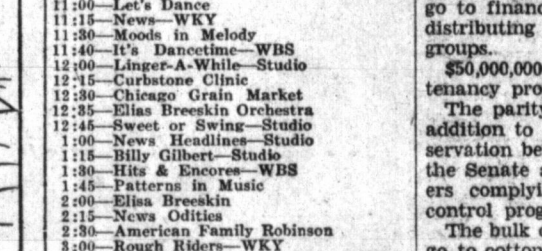

M. D., Dr. F. H. Secretary, Maternal and Child

NATURE'S BEST BABY FOOD IS MOTHER'S MILK

There have been many attempts to construct baby foods to equal mother's milk. While a number of these have been successful in nourishing babies, none have equaled mother's breast milk in all its qualities. The fact that some mothers have difficulty in supplying this milk is no reason to doubt its value.

Breast milk is the perfect food adapted for the normal growth and development of the baby. It is the cheapest food available. In normal cases it is always ready and does not need any modification. It is automatically supplied under the stimulus of sucking when a regular routine of breast feeding has been established. It is clean, wholesome and free from deleterious organisms.

It is well-known that breast-fed babies are less susceptible to illness and recover much more readily than the artificially fed. The digestive processes of the breast-fed baby are much less easily upset

than those fed on the bottle. The teeth of breast-fed babies, if the mother herself has been properly nourished, are on the whole better than those of artificially fed babies.

If it is necessary to give supplementary feedings, the physician should determine this and prescribe the proper modifications. It is recognized that all babies are not alike, but all babies should be under the care of a doctor who understands infant feeding and should be periodically examined by him.

Any changes in feeding should be directed by the physician. As the best guide as to whether the baby is being properly nourished is the weight chart which should be carefully kept the early year of a child's life. Any marked deviation from the normal growth curve in a baby should receive attention on the part of the physician and its cause determined.

There is a distinct advantage to the mother herself in nursing her own baby. The stimulus is nature's way to regulate her own organs and bring them back to normal size and position much more readily than if she resorts to artificial feeding for the baby.

Furthermore, there is a psychological advantage to the mother which is often lost sight of when she does not nurse her baby. Regularity of breast feeding usually brings comfort and a sense of well being to the mother and is the beginning of good habits on the part of the baby. Breast feeding is natural, wholesome and the best life protection the baby can have in the first few months.

My Personal Opinion Is . . .

By JUDD

Another disappointing thing about that war over there is, it's sure played heck with a feller's education. I kin remember when I was a kid in school, I spent a lot of time studying Geography, in fact I used to recite it several times a day, once fer the class, and the other times after school jest fer the old chert.

That's one thing about my teachers, they all liked to have me stay after school and recite fer 'em.

Anyways, it's awful disappointing to have all that education wasted now, jest on account of them Europeans mixing up the maps 'til a feller ain't sure of nothing but the South Atlantic Ocean no more. And it's plumb disgusting when I think how I might jest as well of played hooky and gone fishing in the first place, instead of bothering about what's Germany bounded by. And not only that, but lookit all the new words they got now that we never had.

Ferinstance, take 'Blitzkrieg,' they jest sprung that overnight out of a clear sky, before anybody even had a chance to look it up. In fact when I first heard it, I jest thought it was some kind of a drink, like a feller give me one time out in a railroad camp, and it had a taste jest about like that sounds, besides a marvelous catastrophic after effect, probly on account of having more Blitz that Krieg in it.

Anyways, a feller should always ought to know what he's asking for, even had a chance to look it up. I found out that it ain't a drink at all. A Blitzkrieg ain't nothing else but a helluva lot of bombs and bayonets and tanks and machine guns all falling on you at the same time, and the best way to handle 'em is to dish 'em out yourself, instead of getting under somebody else's.

And that's the reason why we should ought to stay right here at home, and spend our own money fixing us up a good big Blitzkrieg of our own, so's to be ready to dish it out to anybody that wants it bad enuff to come and get it.

P. S.—And that way, not having geography to bother with, we could probly spend more time on our 'rithmetic.—J.

Cotton And Wheat Growers Disagree On Farm Measure

WASHINGTON, April 22 (P)—A month-long deadlock over the \$1,000,000,000 farm bill was attributed by well-informed congressmen today to a dispute over division of farm benefit payments among cotton growers on one side and corn and wheat farmers on the other.

One senate leader predicted a joint senate-house committee would be unable to compose differences between the two chambers and that these senate proposals would have to be taken back to the House for separate votes.

\$212,000,000 for parity payments to cotton, corn, wheat tobacco and rice growers.

\$85,000,000 for removal of surplus farm products, part of which would go to finance the 'stamp plan' for distributing food to low-income groups.

\$50,000,000 in loans for the farm tenancy program.

The parity payments would be in addition to \$500,000,000 of soil conservation benefits approved by both the Senate and the House for farmers complying with administration control programs.

The bulk of the parity fund would go to cotton growers.

Attempts to revise this parity formula to provide for more even division of funds among major crops have failed.

STAMP NEWS

OF the 35 Famous Americans honored in the new U. S. series, only one, Jane Addams, has been previously pictured on a stamp. Miss Addams' portrait appeared on a Turkish stamp, issued in 1935, one of a series of 15 commemorating the 12th congress of the Women's International Alliance.

Miss Addams appears again on the U. S. 10-cent stamp, above, released at Chicago, Ill., April 26. The stamp is the fifth of the educators group. Miss Addams is the first woman to be pictured on stamps of the series.

Described as 'America's most useful citizen,' Miss Addams devoted her life to the service of humanity, founded and developed Chicago's great Hull House, model for all settlement houses. Hull House has grown from a shabby mansion to a great enterprise, including 12 buildings. From it has come the impetus for the first juvenile court, playgrounds, health clinics, labor legislation and sociological education.

Miss Addams campaigned for peace and disarmament so vigorously that she was awarded the Nobel Prize in 1931, with Dr. Nicholas Murray Butler, chairman.

Mexico Will Take Over Orient Road

MEXICO CITY, April 22 (P)—The secretary of communications and public works today announced that the Mexican government will take over all properties of the Kansas City Mexico and Orient railroad this week.

The railroad serves part of the state of Chihuahua.

Secretary Melquiades Angulo will leave for Chihuahua tomorrow to supervise the inventory of the properties. The railroad was recently acquired by the Mexican government.
