SEATTLE JAILS MODERN NOAH

When economic troubles rained down on Paul Satko, unemployed welder of Tacoma, Wash., he decided he needed an ark to escape the deluge. So he built the "Ark of Junau," loaded his wife and seven children aboard, sailed off for Alaska, where he planned to homestead. But, two days out, the craft went aground off Seattle, as seen above. Unromantic police decided the Ark was untrustworthy at sea, jailing Satko and took charge of five of the children. Below, the Satkos wave from their homestead boat.

Two Killed In Kentucky Feud

JACKSON, Ky., April 29 (AP)—Two men are dead and four others are in jail after another burst of gunfire in "bloody Breathitt" county where enmity exists between two political factions, dating back to the bitter 1938 Barkley-Chandler Democratic senatorial primary.

County jailer William Combs, 41, was shot down yesterday apparently from ambush, on the outskirts of this mountain county seat, and shortly afterwards, one of his turnkeys, Benton Sizemore, 25, was killed by a bullet in his back as he approached the scene of the Combs slaying.

The four suspects, held in Winchester, Ky., were listed by Clark county jailer Omer Booth as Ruddell, Boone and Pete Combs and Arthur Lee. The three Combses, Jackson Police Chief A. S. Sizemore said, are related to the slain Breathitt county jailer.

School Unroofed By Louisiana Tornado

RAYNE, La., April 29 (AP)—Tornado winds early today ripped through the Rayne area, partially unroofing the new high school building and the Edmondson-Duhe rice mill.

Several negro cabins were blown down in outlying rural sections but Mayor Joe Essen, Jr., said no casualties had been reported.

An oil derrick was toppled in the Bosco field near Carencro. The storm struck about 5:30 a. m. The winds and a deluge of rain, accompanied a gulf coast storm. Small craft warnings flew from Brownsville, Tex., to Appalachicola, Fla.

The warnings were ordered last night by the New Orleans weather bureau. Sheets of rain in mid-morning temporarily flooded some downtown streets in New Orleans. Lake Charles had a 38-mile-an-hour wind velocity at 4:30 a. m. with more than an inch of rain.

Church Not To Pass Judgment On U. S. Deal With Vatican

ATLANTIC CITY, N. J., April 29 (AP)—A proposal that the Methodist church pass judgment on official relations between the United States and the Vatican was overwhelmingly rejected today by the general conference.

Sponsored by Dr. W. F. Bryan, Huntsville (Tex.) delegate, the resolution called for appointment of a ten-man committee to study the relations between the United States and the Vatican was overwhelmingly rejected today by the general conference. Dr. Bryan observed that the council of bishops, in a report to the general conference, had protested against relations with the Vatican.

Wilson Band Will Play At Guymon's Pioneer Celebration

The Woodrow Wilson school band, which made a big hit at previous Pioneer celebrations in Guymon, Okla., will give up its part in the Pampa Music Festival Thursday to attend the Guymon celebration. The band will lead a large delegation of Pampans to the Guymon event.

The band, directed by Frederick Forrester, has started practicing special music for the celebration. Besides marching in the big parade, the band will play a concert.

C. A. Huff, chairman of the good-will committee of the Pampa Chamber of Commerce, urges everyone who can to attend the Guymon celebration. Plans for leaving will be announced later. Guymon will send its famous band and a delegation to the Top O' Texas Fiesta and Coronado Entrada here June 13, 14 and 15.

Allies Now Holding Fast, Says Britain

LONDON, April 29 (AP)—Allied troops in Norway were reported holding fast today against growing German pressure while Britain sought to strengthen her hand with better diplomatic and trade relations with Hitler's axis partners, Italy, and the British navy claimed that three German supply transports had been torpedoed and sunk. An admiralty communique acknowledged that the British trawlers, the Hammond and Larwood, had been lost to German bombs, but said there were no casualties. It denied German claims that British warships and 13 transports had been damaged in the preceding 48 hours.

Germany's "determined attempt to render the waters of the Norwegian coast untenable have been attended with but slight results," the communique said. To what the British described as a "very friendly" conference, Foreign Secretary Lord Halifax and Italian Ambassador Giuseppe Bastianini on Friday discussed the resumption of trade talks.

Diplomatic observers said that a British delegation might shortly visit Rome. Air Battles Increase A source close to the foreign office said the question of contraband was included in the conference and added that the British are "anxious" to do their best to meet any points of difference "the Italian government can reasonably bring to our notice."

Above the Norwegian battle-grounds, British fighter planes were reported challenging German bombers which have been harassing allied forces. The Norwegian telegraph agency reported air battles on a large scale over Lake Engeset, near the port of Alesund, midway between Bergen and Trondheim, two Norwegian cities held by the Germans. Several machines were seen to crash, it said.

(Alesund is 40 miles directly west of Andalsnes, where the allies have landed part of their expeditionary force.) The Norwegian agency said German air attacks on British warships were repelled and allied transports were arriving daily.

Huff Joins Sadler Hillbilly Band

AUSTIN, April 29 (AP)—Leon Huff, former No. 1 singer in governor W. Lee O'Daniel's hillbilly band, has joined gubernatorial candidate Jerry Sadler's musical organization, it was reported on good authority here today.

Huff and Kermit Whalin, another former hillbilly musician, were said to have been with the Sadler band yesterday en route to a German-Bohemian picnic between Shiner and Moulton. The picnic was called off because of rain.

Neither Sadler nor the bandsmen could be reached immediately for comment. O'Daniel, in his Sunday radio talk, claimed "professional politicians" were responsible for the departure of the two guitarists.

British Might Denied

BERLIN, April 29 (AP)—Maps being sold on the streets of Berlin to illustrate the northern war designate waters between the British Isles and Scandinavia as the "North, or German sea."

This is in line with the consistent contention of the German press that Great Britain no longer is mistress of the North Sea. The government filed suit against Little, who failed to agree with court appraisals on the value of a 16-acre tract of river bottom land. Nearly 3,000 acres of land have been acquired without condemnation, most of it from \$12 to \$15 an acre.

Governor Phillips, bitter foe of the project, has contended Oklahoma's sovereign rights were being violated, that millions of dollars worth of property would be flooded to benefit only Louisiana, Texas, and Arkansas.

Several persons in the Queretaro office of the Mexican Federation of Labor were arrested yesterday after pistol shots were fired at General Juan Andreu Almazan, leading anti-government presidential candidate, was riding past in an open truck.

One report said the shots had been fired to disperse a crowd of about 20,000 persons gathered in the street outside the federation office to welcome Almazan.

Temporarily Held In County Jail

Held in county jail today in alleged connection with the theft of an automobile were three boys, arrested Sunday in Cordell, Okla., and brought back to Pampa last night by Deputy Sheriff Dan Cambren.

The automobile, a 1940 sedan, was reported stolen at 1:30 o'clock Sunday morning from 402 West Kingsmill, owner of the car, R. C. Briggs, reported the theft to police, who in turn notified the sheriff's department.

Recovery of the automobile and arrest of the boys was by Cordell Police. As the Cordell jail is being repaired the boys were taken to Clinton and held there.

No charges had been filed this morning, but two of the boys have signed statements, according to Deputy Cambren. One of the boys is 15 years old, the other 16, and the third 17.

Three Boys Held In County Jail

Representing Pampa will be Peggy Williamson and Helen Dudley who placed first in the regional tournament in Canyon two weeks ago. Opposing them will be Mack Connelly and George Miller of Borger who placed second in the boys division.

Miss Lillian Hoppling is coach of the Borger team and O. F. Shewmaker is coach of the Pampans.

'Basket' Hat In Show Causes Fight

NEW YORK, April 9 (AP)—Man's right to call a woman's hat a "basket" now has legal status. "There is no offense in calling a hat a basket," declared Magistrate Anna M. Kross. "Most of us do wear crazy, ridiculous hats, anyhow."

She spoke in defense of John Adams, 25, whose stern "take that basket off" to the woman in front of him at the Paramount theater, touched off a bait-3 of fists among his and the lady's male companions.

Halled before Magistrate Kross on a simple assault charge, Adams testified he took to harsh words only after courteously asking for the hat's removal several times.

Pistol Shots Fired In Mexican Campaign

MEXICO CITY, April 29 (AP)—Several persons in the Queretaro office of the Mexican Federation of Labor were arrested yesterday after pistol shots were fired at General Juan Andreu Almazan, leading anti-government presidential candidate, was riding past in an open truck.

Germans Try To Isolate Central Army

Battle To Decide Who'll Control Southern Norway

STOCKHOLM, April 29 (AP)—German forces were reported tonight to have occupied Kvam, 35 miles southeast of Dombas, in their drive toward Trondheim but to have been repelled in a violent attack on the Steinkjer fort north of that Nazi-held port.

STOCKHOLM, April 29 (AP)—The allies today put up what may prove to be the first really organized resistance to Germany's effort to rush troops across Norway to bolster Nazi-held Trondheim.

They were holding strategically-placed, strongly-defended machine-gun nests and light artillery positions guarding narrow mountain roads north of Dombas in the Gudbrandsdalen valley and between Roros and Storen in the Glomma river valley.

German troops, driving over snowy mountain roads, were reported to have reached the vital railway linking British bases at Dombas and Storen.

They were said to have engaged an allied force in the first phase of a battle expected to decide control of southern Norway.

The fighting was reported sharp and some observers expressed belief a situation had been reached in which allied troops may be able to take advantage of strategic defense positions.

The Germans, however, already have proved their ability to advance swiftly over difficult mountain trails to outflank forces barring their way.

But this has been largely dependent on protection from German warplanes scouring the past week for the motorized units, and from the allied viewpoint, much depends on their air defenses.

Reports that the British have concentrated troops at Herkinn, above the Dombas-Storen railway, and that fighting already is in progress there were interpreted here as evidence that allied resistance is developed.

The Norwegian radio broadcast an announcement that a German column had struck at the railway at Herkinn, 20 miles north of Dombas and about 80 miles south of Storen.

Reinforcements Rushed Success of the German attempt to cut the rail line at this point would isolate the British force at Storen, which is exposed to attack by German troops concentrated at Trondheim 35 miles north.

Both the British and Germans were reported rushing reinforcements to the Dombas front, and Sweden sources expressed belief that both sides were preparing to throw every ounce of strength into a decisive battle.

The German force striking at Herkinn is an offshoot of a column which, during the past week, has pushed northward along the Glomma river valley past Roros, 195 miles from Oslo.

(By The Associated Press) Strong allied resistance apparently was developing today as a Nazi blow at a strategic Norwegian railway threatened to isolate allied troops in central Norway.

Reports in Stockholm said the Germans now faced the problem of breaking through a supposedly strong machine-gun and light artillery line the allies have drawn across the rocky Gudbrandsdalen valley and Glomma river valley.

Whether the Germans again will be able to climb around the defense positions by sending their columns over snowy mountain paths depends on the allies' ability to cope with the Nazi air power, these sources predicted.

Reports of allied concentrations, however, were regarded in Stockholm as evidence that the German drive to isolate allied troops in central Norway is being checked.

HARVEST GRAINS

M. A. BROWNING from the State Board for Vocational Education, Austin, was guest speaker in the diversified occupations class last Tuesday morning. His subject was "Diversified Occupations in Texas."

NEWLY ELECTED MEMBERS of the National Honor society will be initiated at assembly on the morning of May 8. The initiation was originally scheduled for last Wednesday but postponed because out-of-town speakers were available for assembly programs.

COLONEL W. ROY GILKS, retired Salvation Army officer who spent more than 40 years of service in England, will speak in assembly next Wednesday morning.

A SURVEY WAS CONDUCTED among seniors last Wednesday to find out in general the plans of the seniors after they graduate.

HARRY KELLEY, coordinator of diversified occupations, has announced that juniors and seniors wishing to enroll in diversified occupations next year should make application at once.

MRS. HOL WAGNER, instructor of Journalism, left last Thursday for Topeka, Kansas, to attend a convention of the Southwest Central Section of the Association of University Women. Mrs. Wagner is president-elect of the local branch of the association and a former state officer.

Are You A Leader?

Editor's note: This is the third in a series of editorials on the four qualifications for membership in the National Honor society; Scholarship, character, leadership, and service.

One does not have to be elected to some office to be a leader. A boy may be a leader among his fellow athletes, for example, without being captain of the team. If a student's standards are well enough respected by his classmates that they are willing to follow his example, he is a leader. Some students are leaders in the classroom; others have to have everything "knitted out" by the teacher.

The real leader can show others how to do things instead of always having to be shown. The real leader, when he is elected to some student office, can perform his duties without having to have some teacher or coach tell him every little thing that needs to be done.

Leadership involves initiative, willingness to bear responsibility, ability to organize the power to draw out what is in others. It includes giving in a larger measure than taking. And of course it goes without saying that only leadership which leads in the right direction is considered worthy of recognition by the National Honor society.

The Way To Have Good Things

"The way to have good things is to keep them good," said Supt. L. L. Sone in commenting on students' treatment of school property.

But day after day some students seem to take delight in disfiguring the property of Pampa High school. Take the auditorium, for instance. Within that \$80,000 structure is a \$1,400 piano whose polished surface has been scarred numerous times by thoughtless students. Yes, the school has even had to purchase a new small upright piano to pinch-hit for the larger one at various practices in order to preserve the beauty of the concert grand, which hereafter will be used only for assemblies and special programs.

The citizens of Pampa have given us things which we have needed, and we should take care of them.

Causes of this disgusting menace are thoughtlessness, habit, and, unfortunately, in some cases unconcerned intention.

Don't forget that a fine new school building is now being erected for us. We might add to Mr. Sone's words that the way to get more good things is to show our appreciation of those we have by taking care of them.

P. H. S. Students Observe Crusade Week April 22-30

P. H. S. students are joining with other school boys and girls throughout the nation in an effort to raise funds for hungry and homeless war-stricken children in other lands, through the observance of Children's Crusade week, April 22-30.

Banks have been distributed to each home room and an effort is being made to have 100 per cent contribution. Anything from a penny up is welcomed. Many students are giving as many cents as they are years old.

Miss Josephine Thomas, principal of Horace Mann school, is in charge of the local observance of Children's Crusade week in all Pampa public schools.

The national committee in charge of the distribution of funds includes Eleanor Roosevelt, Dorothy Canfield Fisher, Monsignor John A. Ryan, William Allen White, Dr. Charles B. Glenn, Honorable Irving Lehman, and Caroline S. Woodruff.

In his sophomore year, Hugh was vice-president of room 208, and he was a book room assistant one year. During his freshman year, he acted in the all-school play, and was also a member of the all school play cast his sophomore year, and in his junior year he was in the junior play, "What Happened to Jones."

A Cappella Choir Receives Second In National Meet

Pampa's A Cappella choir received a second division rating at the national contest held in Waco last Friday and Saturday. First division winners at regional meets in Texas, Oklahoma, and New Mexico competed for national honors at Waco.

Only three choirs, those from Austin, Waco, and Abilene, all much larger than Pampa, received first division rating in national. Houston and Corpus Christi were among those receiving second division ranking as did Pampa. There were quite a few third places.

Leon Holloway, entered in the baritone solo division, placed second. The mixed quartet, composed of Jeanne Lively, James Evans, Jerry Smith, and Leon Holloway, also received a second division rating.

Thirty-three P. H. S. students made the trip to Waco in a school bus, accompanied by Miss Helen Martin, music supervisor of the Pampa Schools, and director of the choir, and Winston Savage, principal of Sam Houston school and former director of the Harvester band.

"The choir sang the best I've ever heard in the best of the choir has sung in the three years it has been organized," said Miss Martin. "They sang as if they were inspired. After hearing all those big choirs sing, the group thought they would be lucky to get a fourth place. I doubt that people realize how good they had to be to win second division rating in the strict grading of national competition."

The group left early last Thursday and returned to Pampa late yesterday. Students who made the trip are Maxine Holt, Charlyne Jaynes, Lucille Johnson, Charabel Jones, Jeanne Knox, Jeanne Lively, Norma Jean McKinney, Janet McMillan, Dorothy Miskimins, Harriet Price, Vera Sackett.

Betty Jean Sperry, Mary Etta Burba, Jimmie Enloe, Meribelle Hazzard, Clara Mae Lemm, Anna Belle Lard, Betty Plank, Jerry Smith, Betty Jean Tiemann, Wayne Coffin, Richard Cox, Melvin Dawson, James Evans, Ethel Lee Allen, John Edwin McConnell.

George Saunders, Ray Boyles, Leon Holloway, Bill Miskimins, Billy Whitsett, Ed Moleworth, and Bill Winchester.

Only vocal contests were held in Waco last week-end.

Sagebrush By THE SAGE

Well, after a week of seven days, the time has arrived. Blow your trumpets, drum your kettles, for we are about to ring down the curtain on the Sagebrush for the 28th day of April, 1940, A. D.

There has been a bad rumor going round about our highest ranking boy. It seems that Giddens told Fede, and Fede told Isbell, and Isbell told—oh, well, skip it. We haven't enough room to explain it.

Mrs. Wagner let fly a very good and very true remark in Journalism class the other day. Between June Marie's blishes she said, (quote) "It's nice to think we have at least Smith, Betty Jean Tiemann, Wayne Coffin, Richard Cox, Melvin Dawson, James Evans, Ethel Lee Allen, John Edwin McConnell."

Sage has already heard boys talking about Corages and stuff. Better watch out, girls, it won't be long now "all the social event of the year, the Junior-Senior banquet!"

Heard: Chief has got a new girl, but she's not a local. She lives in Lusk, and her first name is Mary. Can you give us any particulars about that, Mr. Carlisle?

Welcome back, Herbie, crutches and all. We missed you lots, and we're glad you're here once again to meet the torture of gaining an education.

Seniors really had a swell time at Carlsbad, according to some reports. Everything went over swell and nobody regretted

72 Students Make Honor Roll Compared To 85 Last Six Weeks

Eight students in P. H. S. made a grade of 90 or above in all of their subjects in the second six-weeks. Four of these carried five solid subjects: Saryl Barnard, Martha Orr, and Berny Jean Hagood, seniors; and John Knox, sophomore. The others carried four solid subjects: Edward Bradford, senior; Cecil Bradford, and Joe Blackwood, sophomores; and Vickie Tejada, freshman.

Thirty-seven seniors, 15 juniors, 12 sophomores, and 10 freshmen making a total of 74 made honor roll this six-weeks. This is a decrease of 11 over last six-weeks.

If any errors or omissions have been made in compiling this honor roll, the Editor will gladly make correction in the next issue, if attention is called to the matter by next Friday.

To be eligible for the honor roll, student must have made a grade of 90 or above in two solid subjects, or in three subjects which count a full, half-credit per semester.

Seniors making honor roll in four out of five subjects are Bobby Dan Lane, and Tony Jackson. Those making honor roll in three subjects are Emma Boone Todd, James Foran, Kenneth Bond, Evelyn Morehead, Wayne Eade, Ray Boyles, Bobbie Karr, and Marguerite Kirchman.

Seniors making honor roll in two subjects are Jenny Lind Myatt,

350 Voices To Be Heard In All-School Concert

Ten choral groups from Pampa schools will participate in an all-school music concert to be held in the high school auditorium next Thursday evening at 8:15 o'clock. The public is invited. No admission will be charged.

At 3 o'clock that afternoon over 700 students from bands and choral clubs in all the city schools will march in a parade all in uniform. The parade will be led by the Pampa High School band and will represent Pampa schools' contribution to the observance of National Music week, which really does not begin until next Sunday.

One chorus from each of the four ward schools, four choruses from Junior High, and the mixed chorus and the A Cappella choir from Senior High will each sing several numbers. Special numbers will be sung by sextets, quartets, and other ensemble groups from each school. The fact that all choral groups will be in uniforms will add color to the program.

For the grand finale, all ten choruses, numbering approximately 350 voices, will sing together under the direction of Miss Helen Martin, music supervisor of Pampa schools, who is in charge of the concert.

"Know Your Money" Subject Of Guest Speaker Wednesday

Leo J. Williams, head of the Secret Service department in Dallas, was guest speaker in the high school assembly when he discussed "Know Your Money," last Wednesday.

A short film based on the same subject was shown to the group. The primary object of the program was to show the students the importance of the prevention of counterfeit money. Different ways of distinguishing between the genuine and counterfeit money were pointed out both in the film and by Mr. Williams.

Pamphlets were distributed at the doors before the program through the courtesy of the First National Bank in Pampa. The pamphlets were printed by the United States Treasury department.

This is the first time that the film, "Know Your Money," ever has been shown to the public. Mr. Williams advised the students to keep their money safe and to report any loss of money to the police.

Announcements were made before the program started.

having gone. Well, Sage will have patience. He only hopes there is still a cavern there when he becomes a senior!

How come "Kirchie" went to Carlsbad? Could it be because R. G. went? Well, we'll never know.

With the end of the column in view, Sage will quit and go snooping for next week. We'll be seeing you.

Guides Comment On Good Behavior Of P. H. S. Group Annual Excursion Held Seventh Time

One hundred and three seniors returned yesterday from the seventh annual three-day senior excursion to the Carlsbad Caverns in New Mexico. They were accompanied by eight teachers and eight parents of seniors.

Two school buses and 12 cars were used in taking the group to Carlsbad. Exactly half the seniors went by bus and the other half in private cars.

The group left early Friday morning and arrived at their previously assigned cabins in Carlsbad late that afternoon. A picnic supper was served the group, after which they went to shows or did as they pleased.

The trip through the caverns took most of Saturday. That evening the seniors had a dance at a Carlsbad hotel.

The trip was made without any serious mishaps. Teachers accompanying the group were Miss Zenobia McFarlin, Miss Anne Louise Jones, Miss Evelyn Gregory, Miss Loraine Bruce, Tom Herod, Kenneth Carman, O. F. Shewmaker, and Aubrey L. Steek.

Parents of seniors who made the trip are Mrs. L. M. Batten, Mr. and Mrs. K. Combes, Mrs. F. O. Gurley, Mrs. Mel B. Davis, Mrs. A. P. Johnson, Mrs. J. W. Cunningham, and Mrs. S. S. Jensen.

Students from 19 other schools went through the caverns at the same time as the Pampa seniors. "Several of the guides complimented the behavior of the Pampa group in comparison with other groups," said Assistant Principal Tom Herod, who was in charge of the excursion. "The seniors conducted themselves nicely, and we are mighty pleased about the whole trip."

30 Boys Report For Gorilla Football Spring Training

Gorilla football spring training got underway last week with 30 boys reporting to Coach Oscar Hinger.

To be eligible for the Gorilla squad, a player must have at least two years of eligibility left to play football, as the Gorilla team is intended primarily as a training squad for future Harvesters. Coach Hinger urges all boys not already on the Harvester squad who hope to play on the Harvester team some day to report for practice. An interesting schedule has been arranged for the Gorillas next fall, including a trip to Baton Rouge, La., for a game.

Each year the Gorillas have worked out with the Harvesters during spring training and those who did not make the Harvester team were returned to the Gorillas the next fall to get the necessary experience and training. This spring the Gorillas are being coached separately by Mr. Hinger.

Following is a list of future Harvesters who have reported for spring training: Bill Gise, manager; Richard Stephens, playing manager; Roy Thomas, Steve Stowell, Leroy Thomas, Duane Thomas, Buddy Sutton, Richard Dodson, Joe Bob Zimmerman, Paul Trajectory, Junior Fry, Jerry Stroup, Coy Vandenberg, Ralph Baxter, Bill Grossman, Charles Vandover, Bill Gresham, Gerald Bridges, Bill Cobb, Royal Hemling, J. I. Halter, Harold James, William Jones, Kenneth Lard, Jack Lane, Hugh Monroe, Aubrey Pollock, Dewey Wilson, Frank Hernandez, and Martine Goules.

Boys Study Hotel Behavior, Also Art Of Making Pies

Hotel behavior and eating in public places are the subjects studied by the boys' homemaking classes recently. Also the boys are continuing to learn to cook as evidenced by the pies baked Wednesday.

Last Thursday the boys were shown through the Schneider Hotel by Alex Schmieder. One of the boys registered, just as he would if he really wanted a room. They were assigned a room and called for room service. Later they checked out of the hotel.

Wednesday the boys baked pies—apple, cherry, peach, coconut, lemon, and butterscotch.

Shop Boys Make 200 Articles This Term

Boys in the shop classes have already made or are making 200 jobs this semester, according to J. H. Morehead, Jr., shop instructor. Boys in these classes are making half tables, corner shelves, cedar chests, all kinds of lamps, magazine racks, smoking stands, tables, and pig-shaped bread and meat boards.

I consider a modernistic table made by Ralph Baxter, a cedar chest made by Pete Dunaway, and a table made by Richard Cox the best jobs of this semester," said Mr. Morehead.

Hi-Y Has Picnic

Last Tuesday evening the Hi-Y club held its weekly meeting at Laketon in the form of a picnic. Ernest James, senior, was informally initiated and a short business session was held. The group played baseball, then ate.

Fifteen Hi-Y members and six girls guests were present, as well as the club sponsor, J. H. Morehead, and Mrs. Morehead.

Sport Lites—By LANE

Finals in the volleyball contests staged in the boys' physical education classes were held last week. A similar intramural volleyball contest is also being carried on in girls' gym classes.

Champions of the senior division, which is composed of older and larger boys, are the boys from the second hour class, captained by Kenneth Kyle. His team consists of Nevlin Johnston, Bobby Sullivan, Willard Roy, Bill Davis, George Cunningham, Norman Clemmons, and Billy Stockstill.

Boys from the third hour class are the junior champions: Max Calloway, captain, R. D. Redus, Billy Abernathy, J. B. Adams, Roland Bailey, Richard Huff, Ray Woodruff, and Bobby Gilchrist.

These teams will accept all challenges for matches. Arrangements may be made through their captains.

Boys out for spring football training for the Harvesters have been divided into two squads, the Greens and the Golds, of an equally-strength as possible. Harvester captains, Grover Heiskell and Wayne Fede, are captains of the two two teams. Grover is captain of the Greens with Odus Mitchell as coach, and Wayne is captain of the Golds, with J. C. Prejean as coach.

Wednesday afternoon at 3:45 an intra-squad game will be played between the Greens and the Golds. The eleven boys who show the best ability will meet the ex-Harvesters still in school on Friday night and will likely be designated as the first string. The axes are unusually strong this year, having enough boys for two full teams.

Members of the Green squad are Wayne Otis, John Thompson, Leslie Burge, Bob Louvier, Ralph Bynum, and Phillip Phillips. Tom Cox, Ralph Proper, A. C. Enloe, Grover Heiskell, Tom Johnson, Don Meador, Frank Daugherty, Billy Stockstill, Bill Brady, Ed Riley, and Leon Qualls.

On the Gold squad are Claud Helton, M. D. Simms, Ed Terrell, John Creshner, Wayne Fede, Ralph Burnett, Jearl Nichols, Andy Smith, Lefty Fendleton, R. L. Edmondson, Arthur W. G. Epperson, Roy Mann, Leonard Hollis, Earl Snyder, Basil Arnold, and Thomas Dewey.

Since there is an uneven number, Herndon Sloan, the third center on the Harvester squad, will be used as a reserve by both teams.

After Wednesday predictions will be safer, but at present the best prospects for first-string places seem to be Otis and Nichols, ends; Bynum and Phillips, tackles; Fede and Thompson, guards; Terrell, center; Pendleton, fullback; Heiskell, quarterback; and Smith and Arthur, halfbacks. Seven of these players are from last year's Harvesters, while three are from the Gorillas, and one, Bill Arthur, is from the Reapers.

Several of those named will have to work hard to keep their positions. Cheshner and Louvier have shown up well at line positions, while Epperson and Enloe are working hard for first-string backfield positions.

Floyd Allen, out for an end position on the Harvesters, suffered a badly sprained ankle that will keep him on crutches during most of the month of spring training.

Ten Calves On Feed For Livestock Show

REMOVE SCRATCHES

If scratches on furniture are quite deep, first stain the scratch with matching wood color, then wax or polish with a good furniture polish. If the scratch is not deep and the wood rather light, often only wax or polish is sufficient to make the blemish less evident.

Pledges Receive Ritual Of Jewels At Beta Sigma Phi Founders' Day Tea

Upsilon chapter members of Beta Sigma Phi sorority observed the ninth anniversary Founders' day with a formal tea in city club rooms Sunday afternoon when six pledges received the ritual of jewels.

In the receiving line were Mrs. J. B. Massa, director, Mrs. Raymond W. Harrah and Mrs. Arthur M. Teed, sponsors, Miss Johnnie Hodge, president, and Mrs. Charles Vaught, president-elect.

To open the program Mrs. W. G. Gaskins, who was in charge of the Founders' day program, presented Miss Hodge who read the impressive ritual after which Mrs. Delbert Brown and Miss Louise Smith sang "Beta Sigma Phi Sweetheart" with Mrs. Fred Thompson playing the accompaniment. The reading of a poem, "Hold High the Torch," by Miss Johnnie Davis was followed with two vocal solos, "Follow the Torch" and "Our Love for Beta Sigma Phi" by Miss Smith with Mrs. Brown as accompanist. Mrs. W. Postma read the message from Walter W. Ross, founder, after which Mrs. Kermit Lawson played the piano as the group joined in singing "The Song of Friendship," "The Black and Gold of Beta Sigma Phi," and "The Song of Beta Sigma Phi."

Mrs. J. B. Massa, administered the pledge of oath to Miss Evelyn Barron, Miss Margaret Stockstill, Miss Louise Smith, Miss Dorothy J. Taylor, Mrs. Earl Gobble, and Mrs. Delbert Brown, the six pledges who have completed a six-month probation period. Mrs. Massa was assisted by Mrs. Teed, Mrs. Harrah, and Miss Hodge. Each of the new members received jeweled pins and a full-jeweled pin was presented to Miss Hodge, retiring president, by Mrs. Lawson from the sorority.

Following the ceremony, Mrs. Lawson poured punch at a lace covered table centered with a bouquet of yellow rose buds in a low black bowl. Tall tapers in crystal candelabra lighted the arrangement. Carrying out the sorority colors of black and gold, yellow cakes topped with the Roman numeral nine, gold punch, minis, and toasted pecans were served with plate favors of tiny scrolls tied with black and gold ribbons.

Attending were Meses. J. B. Massa, Raymond W. Harrah, Arthur M. Teed, Charles Vaught, W. G. Gaskins, Delbert Brown, Kermit Lawson, Quentin Archer, E. E. Shelhamer, Fred Thompson, E. E. Gobble, W. At present there are 18,000 members in the United States, Canada, and Hawaii. The Pampa chapter now has 19 active members, five inactive, two sponsors, and a director.

104 Runs Scored In Three WT-NM Games Yesterday

The man who told Salty Parker, when he became manager of the Lubbock Hubbers last year, that it was customary to play 10 runs instead of one in the West Texas-New Mexico league was laughing up his sleeve yesterday when 104 runs were scored in three games played.

Pampa's Ollers and Lamesa were idle because of a dust storm. The Ollers moved over to Lubbock where they play tonight, tomorrow night and Wednesday night. They return to Berger on Thursday night for a single game before coming home for eight straight games with Lamesa, Lubbock and Clovis.

On top of the 104 runs scored yesterday there were 21 errors committed.

Borger and Lubbock led the scoring parade when Gordon Neil and

Harvester Teams To Hold 'Secret' Football Practice

"Secret" practices will be held by the two Pampa Harvester football teams scheduled to meet in an intra-squad game at Harvester field Wednesday afternoon at 3:45 o'clock.

By the secret practices is meant that one team will work out on the practice field and the other on the playing field. Coach Odus Mitchell will have charge of the Green squad and Coach J. C. Prejean of the Gold squad.

It won't be a scrimmage between a first and second team but between two selected teams with several first stringers on each side.

Later in the week, on Friday or Saturday night, the Harvesters will test the strength of the ex-Harvesters still in school.

Texas Women's Golf Tournament Opens

By FELIX E. MCKNIGHT

DALLAS, April 28 (AP)—Qualifying day dawned clear, but the going was extremely heavy as national champion Betty Jameson led the field into the opening day of the Texas women's golf championship.

Rain sodden Brook Hollow was more treacherous than ever, 12 hours of steady rain that washed the course yesterday muddying fairways and stretching the long course by three or four shots.

Sunshine biased today and the forecast called for clear weather.

Through a steady downpour Miss Jameson, seeking her fifth straight state crown, plowed yesterday to make an amazing collection of shots which enabled her to team with Charles Dexter of Dallas, veteran amateur, in posting a composite 73, only two over the hard 36-35-71 par, for low gross in the mixed foursome event.

Jackrabbits Being Caught For Hound Races Sunday

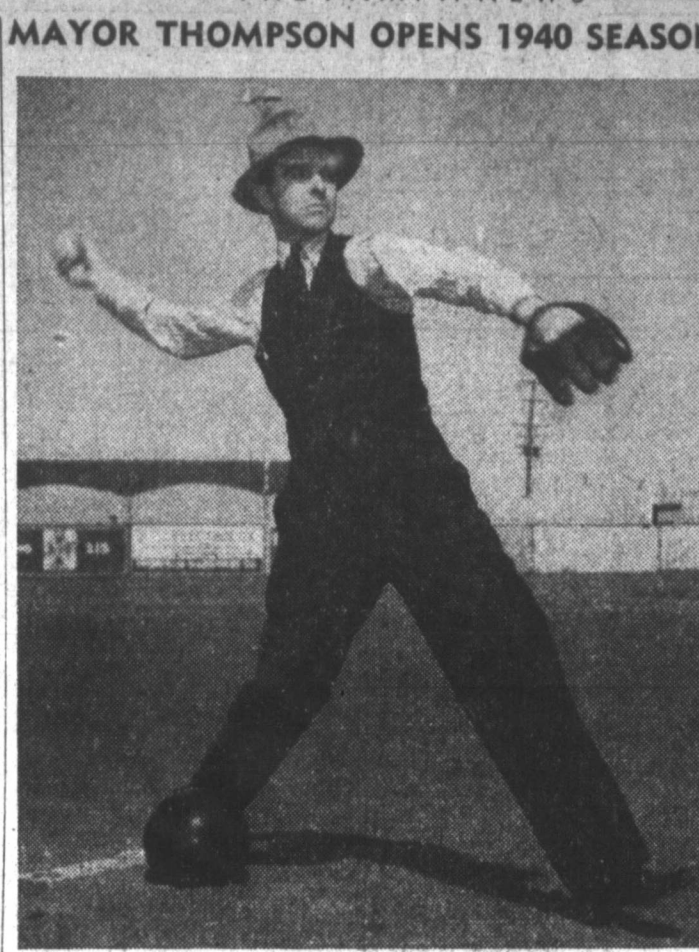

The dog races to be held next Sunday afternoon at the grandstand in Recreation park aroused immediate interest, but everybody wants to know what the greyhound owners, sponsors of the races, are going to use for rabbits.

Well, they're going to use jackrabbits. Live rabbits; not the kind of a runny rabbit they have at dog tracks. The jack rabbits are being caught by a group of Pampa men. They catch the rabbits at night, chasing them in cars and using spotlights which they flash on the rabbits. Then somebody sneaks up and throws a net over the rabbit.

It'd be quite an expensive proposition if the hound owners had to buy their rabbits. For instance they'd have to pay over a dollar apiece if they bought them in Kansas, and around \$1 each if they bought them at Woodward where the sport of coursing is popular.

In this form of racing, greyhounds chase live jack rabbits from one end of an enclosure to the other. The enclosure is a fence made of burlap, four feet high and enclosing a space 900 feet long and more than a hundred yards wide. The hounds race in pairs; a rabbit is given a start of 90 yards. If he's fast enough he can escape at the end opposite from the starting point. At the end there are places in the fence where the rabbit can get through but the hound can't. The enclosure will be the rood course.

More than 75 hounds will be on hand Sunday afternoon for the races, although not all of that number will compete.

Play ball, yelled the umpire and Mayor Fred Thompson of Pampa, above, pitched the first ball officially opening the 1940 baseball season here last Tuesday. The mayor showed great form in the opening pitch, sending a nice curve ball across the plate to Mayor L. M. Davis of Borger. The umpire yelled strike one as the batter didn't have a chance. No, Mayor Thompson's foot isn't chained

Dodgers Beat Giants And Win 8th Straight Game

By JUDSON BAILEY
 Associated Press Sports Writer

A baseball whirlwind that was stirred up in Brooklyn and has swept ruthlessly through the east will strike toward the western clubs of the National league today.

The Dodgers have won eight straight games. That ought to be enough warning to make the western clubs get their storm cellars ready, but the truth is Brooklyn has never been a good road team.

The Dodgers may be pennant prospects and they are if they can win or even break even against the western clubs. They have no opposition in the east.

They subdued the New York Giants 5-3 yesterday with a two-run homer by Dolph Cammiller in the ninth inning turning the trick. Young Gene Thompson chucked a five-hitter at the Pittsburgh Pirates and Ernie Lombard hit a homer and three singles for a perfect day at bat as the Cincinnati Reds triumphed 8-2.

The St. Louis Cardinals tripped the Chicago Cubs 7-5. Joe Medwick hit a home run and two doubles, John Mize and Don Gutteridge hit homers and Don Padgett got two doubles.

The Boston Bees broke into the

SERIAL STORY

BET ON LOVE

BY CHARLES B. PARMER

COPYRIGHT, 1940, NEA SERVICE, INC.

YESTERDAY: Sherry saddles her first entry. When he jockey suggests that he give Pepper Boy an easy ride, if the horse is getting beaten, Sherry orders him to ride to win.

CHAPTER IV

Sherry Bond was standing in the infield, where she had gone to escape talkative friends in the clubhouse. She wanted to watch Pepper Boy's first race undisturbed; but Sam, the colt's blanket thrown over his shoulders, was growling: "If that boy gets him off, fast-like, we got a chance, we'm."

Pepper Boy had headed the line which centered, then toppled to a walk up to the gate. Now suddenly the colt stopped—15 paces behind the starting line. Spread out his legs, shook his head nervously. An assistant starter had run back, was jerking the colt's reins.

"That fool man—ain't got no business jerkin' a baby colt." "Hush, Sam!" Now she saw Madden soothe Pepper Boy—walk him into the starting stall—number one by the rail—but Pepper Boy didn't stop at the starting line with the other horses—he bolted through. Madden was turning him around, waving the assistant starter aside, was walking Pepper Boy back through the stall—turning him around again—all the other entries were on the line. Slowly—slowly—Pepper Boy came into his stall once more—halted him for a split second. The starting bell clanged.

"Oh, lawdy, lawdy!" Sam moaned. The field was plunging down the backstretch in brilliant sunlight, the horses kicking up a dust cloud; and behind the mass of horses and riders, behind the dust cloud, the little black horse—running all alone. Again the groom was mumbling at her side. "What's that, Sam?" "You didn't give that jockey no discretion, Miss Sherry," he grumbled. "You should a-told Madden to qualify if he sees hisself beat—then he wouldn't bust the little fellow's heart. Look, he's a-whippin' already!"

So Madden was. Here in the infield they could hear distinctly not only the clatter of hoofs, but also the sharp crack!—crack!—crack! of Madden's bat on the horse's barrel. He was forcing him. Punishing him. Riding him to orders.

"He's a-bustin' the little fellow's heart," Sam protested again. "Oh, hush, Sam!" Sherry spoke it as a plea, Sam was right—she should have done as so many horsemen did—No, no, she was right! Always send your horse out a gallop! Suddenly she leaned forward, her hands clenched.

The field was stringing past the half-mile pole—a bay horse was leading by a length. The favorite, Sun Halo. Next, two horses lapped each other; there was a length opening, then came the remainder of the field, jumbled together. And Pepper Boy was running into that field—he had shot through the dust cloud—he was closing ground fast—he was stealing through on the rail—was alongside that mass of horses. They were passing the three-eighths pole—Pepper Boy had made up five lengths in three furlongs!

Fascinated by this living drama of the track, Sherry felt herself breathing in excited little gasps. She even heard her groom mutter: "He sho' got class—yes, suh, he be a runnin' fool—if he kin hold 'em out!" Madden was still hugging the rail—was stealing through on the rail—was alongside that mass of horses. They were passing the three-eighths pole—Pepper Boy had made up five lengths in three furlongs!

"Lawsy, Miss Sherry, if Pepper Boy had a-ago a even start, he'd sho' be spread-eaglin' the field!" The little black fellow was running neck and neck with two horses in the second division—now was pulling away from them; only three horses in front of him, and one of those, the third horse, running a bit wide as they turned toward the homestretch.

Sherry Bond could see Madden pointing Pepper Boy's nose at the space between that third horse and the rail—but that horse's jockey suddenly swerved over, took the rail himself, blocked Madden. Pepper Boy pulled out, was coming up, but the third horse shot ahead into a space between Sun Halo and the rail and the outside horse, a dark chestnut.

Madden was pocketed. Three horses in front of him, almost on a line, and no jockey would give way and let him through. Then Sherry saw him start a daring move—saw him pull out and start around those lead horses as they entered the stretch—a move no jockey would make unless he knew he was a powerful stretch runner. A wild roar went up from the stands—Sun Halo was still a half-length in front. The third horse was dropping back, the chestnut was running steadily—but a long shot, Pepper Boy, was coming like a house afire on the outside. He was turning up the track!

for; but Gray Star was coming on with a mighty burst of speed. Pepper Boy had left Sun Halo behind—but Gray Star was coming up fast outside of Pepper Boy's tail—now at his saddle blanket—now at his neck. In that last 10 yards Sherry Bond saw Gray Star's rider last down with his whip—saw Gray Star's white nose shoot forward—saw Madden jerk up his colt's head—now the horses were on a line—no, she'd swear Pepper Boy's nose was in front!

The black and the gray swept under the wire together. Behind them thundered in the beaten field. Sam gathered up his blanket; he had thrown it on the ground in his excitement. "Looks like we win sure, Miss Sherry," he said, hopefully, as they walked toward the finish post, as Sherry and her groom reached

the track, horses were fogging back to the finish line—jockeys were dismounting, taking off saddles and weighing out. The beaten ones were always first back. Generally the winner took a couple of furlongs to slow down and stop in. Today it seemed as if Pepper Boy would never stop, but he did at last. There he was at the head of the backstretch.

Sherry crossed the track with Sam, then the groom went out to meet the colt. Madden didn't stop among the other horses, he rode straight for the winner's circle—then reined in abruptly as a shout went up from the stands and a guard waved him back. The winner's number was going up at last, and the winner was—Gray Star.

Sabine River Object Of Army In Maneuvers

JASPER, April 29 (AP)—The Sabine river, where the regulators and the moderators of East Texas did their feuding almost a century ago, became the objective today of some 25,000 U. S. Army troops.

An order by Maj. Gen. Walter Krueger early today was to start the maneuvers, preliminary to the army's biggest war games May 11-25. The fourth cavalry represented the enemy, attempting to dislodge the remainder of the corps from a position somewhere along the Sabine. The mock war in the 25-mile square is intended to condition the Ninth Corps—the Red army—for defense against a lightning thrust by the Blues, a force of 45,000 men, who will attack from Louisiana after the Reds complete their preliminary training.

The blitzkrieg yesterday advanced as far as the blitz stage. Lightning, accompanied by a downpour, kept the troops under canvas and foliage. Truck drivers broke out their chains as the storm whetted the top sergeants' vocabulary.

In the meantime, officers made preparations to keep the nation informed of the progress of the maneuvers. Maj. Charles G. Hutchinson of the First Cavalry division heads a department of public relations. His assistants are Maj. Huchins of Wichita Falls, Texas, and captain Mason Peters of Boulder, Colo.

Religious services were conducted yesterday on the eve of the man-

New Candidate In Mexico Takes Field

MEXICO CITY, April 29 (AP)—General Joaquin Amaro was launched today, as an active anti-government presidential candidate with the formation of a new political organization, the Foro (Federation of Revolutionary Opposition groups).

The federation's directors indicated Amaro's campaign strategy would entail pointed criticism of President Cardenas' attacks on the "Communist" complexion of his administration, policies and supporters and charges that Mexican labor leader Vicente Lombardo Toldano planned to lead a revolution with the battalions of armed workers now scattered throughout the republic.

Political circles predicted that Amaro, minister of war under President Plutarco Calles, exiled by Cardenas, would wage a vigorous campaign in the time that remains before the July elections.

Non-Stop Air Service To Mexico Planned

MEXICO CITY, April 28 (AP)—Pan-American Airways announced yesterday that a new non-stop service would be inaugurated between Mexico City and Brownsville on May 1. Mail, express and passengers will be handled. The flight will require 2 hours and 45 minutes as against the present time of 3 hours and 35 minutes, with two intermediary stops.

holm as evidence that the allies were alive to the situation. DNB, official German news agency, reported the Nazis had captured 20,000 artillery shells, many portable wireless sets and other war material. The high command communique yesterday said that 24 officers, including "numerous English fliers," and 2,921 men had been captured in the Stavanger district of southern Norway. It did not say how many prisoners were Norwegians.

Thrusting over snowy mountain roads the Germans were reported to have reached the railroad linking Dombas and Storen at a point where British troops met them in the first round of a battle which may decide control of southern Norway.

Both sides rushed up reinforcements, presaging a bitter battle. A lightning 40-mile advance enabled the Germans to strike at the railway.

On other Norwegian fronts the Germans were said to have halted and started digging in against allied attempts to dislodge them.

Britain announced three German supply ships had been sunk and said more allied troops had made landings at Andalsnes, despite strenuous German efforts to forestall them.

The British issued a communique denying German claims that four cruisers and 11 transports had been sunk or severely damaged in the last 48 hours but acknowledging one trawler had been sunk and another set afire by bombs.

Germany said the British warships had been damaged off Narvik and central Norway.

While the Germans were claiming new success in Norway, the leader of the Nazi labor front, Robert Ley, proclaimed solidarity of the Rome-Berlin axis for future "victory" in a speech as a Cologne machine plant.

He lumped Britain and France as common enemies of Germany and Italy. He challenged the allies' rights to possessions in the Mediterranean.

In Rome, meanwhile, it was announced that Dino Alfieri, regarded there as a pro-German Fascist, had been named ambassador to Germany to succeed Bernardo Attolico. The two envoys exchanged posts, Attolico taking Alfieri's former assignment as Italian ambassador to the Vatican.

In London, Britain and Italy discussed resuming trade negotiations which have been suspended since a dispute in February over British seizures of German coal being shipped to Italy. A meeting Friday between British Foreign Secretary Lord Halifax and Italian Ambassador Giuseppe Bastianini was described as "very friendly."

Allies Thanked The embattled Norwegian government, from secret headquarters, issued a statement thanking the British, French, and Polish governments for their aid and declared resistance against Germany shall continue "until the usurpers have been hurled out of the country."

Halvdan Koht, Norway's foreign minister, and Carl J. Hambro, president of parliament, declared untrue German allegations that with Norwegian consent the allies had planned to land troops in Norway before the German invasion.

A movement grew among some members of the British parliament for secret session unless Prime Minister Chamberlain makes a public statement Tuesday on progress of the allied forces in Norway.

Though uneasiness was expressed over Scandinavian border reports that the allied forces were ill-equipped, there was no evidence that Britain's opposition parties planned to make political capital of any reverses in the Norwegian campaign. In heavy cover of military preparation, German infantry attacked French positions west of the Vosges on the western front yesterday, but were driven back before reaching their objective, the French high command said today. Losses were reported on both sides, but the French did not estimate the casualties. The fighting, though local in scope, was described as sharp.

On the other side of the world, the Chinese reported new successes against the Japanese invaders on several fronts.

Pampans Fly To Borger Breakfast

Most persons aren't in a hurry to get to breakfast on Sunday morning, but there were eight Pampans who "flew" to breakfast in Borger yesterday.

Members of the Pampa Wing-Over club and their wives took off in five planes at 7 o'clock Sunday morning, flew to Borger, and had breakfast with Borger aviators at the Black hotel.

The Borgans met the Pampans at Borger airport. Pampans making the flight were W. C. Boatwright, Mr. and Mrs. D. B. Purrington, R. E. Arey, Earl Densmore, Frank Shaw, Bert and Virgil Howell.

After the visit in Borger, Shaw and Arey flew to Dumas, the Howells to Amarillo, while the others returned directly to Pampa.

Petition Asks Lower Gas Rates In Pampa

A petition asking that gas rates in Pampa be reduced is being circulated here by Lloyd Purvis. The petition has been submitted to the city commission, but no action was taken, Mayor Fred Thompson saying he believed the matter to be a concern of the Texas Railroad commission, rather than of the city.

In the petition it is claimed that gas rates here are higher than for a number of other Panhandle towns.

votes as against 573,166 for the winner.

The former Amarillo mayor made his decision to run for congress before Mrs. Ferguson announced for governor. Whether her entry into the race influenced his change of mind was not known.

Thompson never had intended to start his campaign for governor until in May. He plans a talk on governmental problems next Friday night over a statewide radio network.

Even though Thompson should stay out of this year's campaign, he would continue as a member of the important State Railroad Commission. His term in that office does not expire until Dec. 31, 1942. The Amarilloan has been mentioned as a probable candidate for governor in 1942 if not in 1940.
