Good Evening

Nature is but a name for an effect whose cause is God.—Cowper.

GERMAN DRIVE HALTED, FRENCH DECLARE

Classical Favorites On Concert Program

\$460 Needed In Red Cross Refugee Drive

Pampa's own orchestra, composed of townspeople and high school students, will delight lovers of good music when a Mozart suite is played opening the concert at 8:15 o'clock tonight in the high school auditorium.

Report Garner Men Taking Rooms From FDR Faction Denied

DALLAS, May 17 (AP)—In this case politics may not produce strange bedfellows. Reports are that the Garner-faction president forces have a monopoly on lodging reservations at Waco, scene of the state democratic convention May 28.

Rumania Throws Up Obstacle For Nazi Gasoline Buyers

BUCHAREST, May 17 (AP)—The Rumanian government decreed today that all oil companies must sell and store in their own reservoirs whatever quantity of petroleum products the army needs for possible wartime use.

Temperatures In Pampa

Table with 2 columns: Time and Temperature. Includes entries for 4 p. m. Thursday, 9 p. m. Thursday, 12 M. Friday, 6 a. m. Today, 7 a. m., 8 a. m., 9 a. m., 10 a. m., 11 a. m., 12 Noon, 1 p. m., 2 p. m., and P. m.'s maximum.

I Heard . . .

That the umpires scheduled to handle the Pampa Clovis baseball game in Clovis last night failed to arrive and Rice, Pampa pitcher, Polet, Clovis pitcher, and Thompson, a visiting fan from Albuquerque, N. M., called the game. Whereabouts of the umpires was still unknown this morning according to reports received here.

Gun Club Organizes

JEANNETTE, Pa., May 17 (AP)—The Jeannette gun club is sponsoring a nationwide drive to combat any invasion of the United States by parachute.

Oleander Fete Begins

GALVESTON, May 17 (AP)—Three days of pageantry—the Galveston Oleander Festival—started today in a tribute to the island city's outstanding flower.

FDR ASKS BILLION FOR DEFENSE

President Roosevelt today proposed to congress a \$1,182,000,000 emergency national defense program and called for 50,000 military and naval airplanes to meet the threat of modern war.

The War Today

By DEWITT MACKENZIE Out of a welter of conflicting claims for the belligerent capitals the only vital point which emerges with clarity is that the Allies are hard-pressed.

Commission To Hear Road Plan

Pampa and Gray county's application for a road connecting Pampa and Perryton, paving Highway 18 across Gray county, and securing a bridge across the Canadian, will be put before the Texas Highway commission in a meeting at Austin Monday.

Allies Cooperating With Norwegians In Southern Norway

LONDON, May 17 (AP)—The Norwegian high command today disclosed in a communique that Allied troops are cooperating with Norwegian forces in the fighting near Mosjoen, some 180 miles south of Narvik.

Texan Arrives With Injured Civilians

PARIS, May 17 (AP)—Three American ambulance corps drivers reached Paris early today with sick and wounded French civilians from bomb-battered northern France.

Texan Arrives With Injured Civilians

PARIS, May 17 (AP)—Three American ambulance corps drivers reached Paris early today with sick and wounded French civilians from bomb-battered northern France.

60 Ex-Service Men Sign Up For Entrada

The doughboys of 1918 will march again, but this time with the army of Francisco Vasquez de Coronado. The Spanish don 400 years ago, accompanied by a hundred Spaniards and a whole slew of Indians, rode up from Mexico in search of the Seven Cities of Cibola, whose buildings, he had heard, were made of gold.

Defense Bill Due To Pass In 2 Weeks

WASHINGTON, May 17 (AP)—The war department asked congress today to remove the 6,000-plane top limit on the size of the air corps, in line with President Roosevelt's proposal for a fleet of 50,000 army and navy aircraft.

Nazi Expected To Strike Soon At Oil Fields

BUDAPEST, May 17 (AP)—Germany was reported today to be massing whole divisions of blitz troops—mechanized and motorized forces—on the Slovak frontier of Hungary and pointed at Rumania, 140 miles away.

Late News

PARIS, May 17 (AP)—The Belgian army "remains intact and its morale is high" although it and its allies have "moved to new positions," declared a Belgian war communique issued at noon (5 a. m. C. S. T.) today in Brussels, according to a Havas (French news agency) dispatch from the Belgian capital.

Paris Placed Under Military Guards

PARIS, May 17 (AP)—In this crucial hour French authorities extended the military zone to Paris, placed guards at the city's gates, rounded up foreigners and interned all Germans.

Some Hope For The Uneducated

Street cars and buses may soon carry lending libraries. Great convenience. "Main Street Change here. While Rome Burns" is "End of the Line" All out to "The Car Barns!" Of course, if introduced here, such a library will have several copies of The Pampa News because there is bound to be a scramble to get a good look at the classified wanted ads.

PAMPA GIRL TO SEE MUCH OF TEXAS

Route of DALLAS NEWS TEXAS ALMANAC Tour of Texas leaving Dallas June 10 in air-conditioned Bowen Motor Coaches

Diversified scenery and industries of Texas as well as its historical sites will be shown Virginia Lee Snyder, 10-year-old Pampa girl, who will be one of 43 Texas school children who will be guests of the Dallas News and Texas Almanac on a 2,000-mile tour of the state as pictured above.

The children were winners in a Know Your Texas contest sponsored by the Dallas News and Dallas Almanac. Virginia Lee is the only fourth grade student in the state who won in the contest.

### Miss Lucille Cole Named Honoree At Pre-Nuptial Shower Thursday

### Junior High P-TA Has Program On Health Thursday

Another in the series of pre-nuptial events complimenting Miss Lucille Cole, bride-elect of Templar Hofer, Mrs. W. Purviance, Mrs. C. T. Hunkapiller, Mrs. Francis Smith, and Miss Janice Purviance were hostesses at a miscellaneous shower given in the home of Mrs. Purviance Thursday night.

The marriage of Miss Cole and Mr. Hofer is to be solemnized on June 7.

Arrangements of colorful garden flowers were used in decorating the entertainment rooms.

After Miss Purviance played piano selections, a contest, "romance in flowers," was conducted. Wedding bells were rung to announce the presentation of the gifts to Miss Cole.

The guest list for the party included Misses C. F. Buckler, John Andrews, C. C. Walstad, Lou Roberts, Tom Rose, Clifford Braly, Dave Pope, P. C. Ledrick, Edwin Vicars, J. H. Kelley, J. B. Johnson, Henry Thut, A. H. Doucette, Jesse Stroup, Joe Kinison, Joe Council, Roger McCann, M. Raymond Harrah, Annie Daniels, Dave Osborne, Siler Faulkner, H. H. Hicks, William Castlesbury, H. F. Barnart, L. H. Greene, Howard Neath, Robert Sanford, De Lea Vicars, W. A. Bratton, Mel Davis, C. L. Thomas, Andy Crocker, Leslie Carpenter, John Henry, John McCamy, A. R. Sawyer, Jimmie Wheeler, Jess Wynne, B. E. Finley, J. E. Murphy, W. M. Craven, T. D. Hobart, A. H. Doucette, J. B. Johnson, Miss Arlene Pattison, the hostesses and the honoree.

Texas Parent Teacher magazine, Mrs. Lee Harrah.

Two resignations were accepted and the vacancies were filled by the following: Mrs. E. H. Eaton, vice-president, and Mrs. M. D. Dwight, County Council delegate.

Mrs. J. M. Turner was leader of the program which was opened with the Lord's prayer by the group. Miss Hill's students gave a class room demonstration on manners with 16 girls participating.

Miss Evelyn Gregory and Jack Davis spoke on "Health in Our Schools." They dealt with the problem in regard to what is being done for junior high pupils to help them through physical education classes. Mr. Davis pointed out the great need for another gymnasium, a broader physical education program, more cooperation with room teachers and parents. Miss Gregory cited the need for school nurse and doctor. She said that many defects in children are discovered by physical education teachers; however, there are no ways provided for checking hearts, lungs, nose, or ears of pupils. Miss Gregory added that after a child has been absent, he starts back to school without any check-up whatever and continues the school routine regardless of what illness he

### The Social CALENDAR

**MONDAY**  
 Women's Missionary society of First Methodist church will meet in circles at 2:30 o'clock. One, Mrs. Clayton Smith, 1029 East Twelfth; two, Clara Hill class room, three and seven, Mrs. Joe Shanon, 523 North Russell; four, Mrs. J. B. Mason, 1110 Christian; five, T. A. Cox, church parlor six, Mrs. E. H. Johnson, 60 North Hazel street.

Winners were selected by applause. Those receiving eight seconds or more of applause were the Stark quintet, Jo Anne Bennett, Claude Denson, Duane Vieux Tuttle, Tommy Hipps, and Billy Thompson. This group referred to the audience again and the final selection was as follows: Stark quintet, first; Duane Vieux Tuttle, second; and Jo Anne Bennett, third.

Honorable mention for receiving seven seconds or more of applause went to Mrs. C. T. Nicholson, first; the acrobatic stunt by Otis Tyler assisted by O. C. Cox, Charles Huf-fine, and Royce Ayers, second; Norma Dee Hall, third; accordion stunt by Alfred Smith assisted by Tommy Hipps and Jerry Dublin, fourth; Mickey Jean Casada, fifth; and Anna Lois Beesley and Patricia Ann Riggs, sixth.

### Mrs. Gilchrist Named Head Of Women's Council

Mrs. Emory Noblitt, president, presided at the meeting of the executive board of Women's Council of First Christian church this week in the church.

Members of the council will assist the Rev. and Mrs. B. A. Norris in the open house of the parsonage which has been newly decorated. Open house will be Tuesday from 4:30 until 9:30 o'clock.

Mrs. Robert Louvier was appointed temporary librarian.

Those attending were Meses. R. B. Allen, Tom Bunting, Charles Dealing, B. C. Fahy, W. G. Kinzer, Robert Louvier, W. L. Parker, J. E. Seitz, B. A. Norris, De Lea Vicars, Charles Madeira, and Emory Noblitt.

At the general council meeting which followed, Mrs. Noblitt also presided over the business session in which the nominating committee, with Mrs. C. L. Thomas as chairman, gave the following report of new officers for the next fiscal year:

Mrs. Robert Gilchrist, president; Mrs. Hubert Dowell, vice-president; Mrs. R. B. Allen, secretary-treasurer; Mrs. Robert Louvier, reporter; Mrs. Tom Bunting, sick and sympathy cards; Mrs. J. F. Meers, old ladies of Harwood hall; Mrs. C. H. Darling, World Call chairman; Mrs. Ramon Wilson, pianist; Mrs. Leslie Keys, missionary representative; Mrs. C. F. Bastion, general welfare chairman; Mrs. J. E. Seitz, banquet chairman; Mrs. W. E. Rignin, Skiddo chairman; Mrs. W. O. Prewitt, librarian; and Mrs. W. E. Noblitt, Federated Council of Church Women representative.

Group three members presented a program on Japan with Mrs. Hal Stuttle in charge. The basement was attractively decorated in the Japanese theme and members of group three were dressed in colorful kimonos. Each member was presented a sweet pea corsage by the president, Mrs. Noblitt.

The devotional given by Mrs. J. R. Moore was followed with a report of the Harlingen convention by Rev. B. A. Norris. A talk on Japan was given by Mrs. De Lea Vicars. The group also sponsored a rice bowl offering to be sent to China.

A brief social period followed with refreshments of tea, wafers, and mints being served.

Those attending were Meses. W. B. Frost, Robert Louvier, Marlin, B. A. Norris, Jessie M. Sowers, James Miller, Tom Bunting, A. A. Tiemann, J. F. Meers, F. R. Gilchrist, C. W. Masters, A. C. Jones, and O. A. Wagner, group one; Meses. W. L. Parker, H. Dowell, Garret, L. R. Bowen, and R. W. Depee, group two; Meses. De Lea Vicars, Ramon Wilson, W. G. Kinzer, C. R. Pollock, H. K. Spaulding, C. H. Mundy, J. R. Moore, Emory Noblitt, S. J. Mendor, Tom Eckerd, N. A. Purdy, B. A. Norris, C. L. Thomas, Moore Jones, and Hal Stuttle, group three.

### NEW PRESIDENT

Mrs. E. R. Nunnally, above, newly elected president of Junior High School Parent-Teacher Association, presided at the May meeting of the organization Thursday in the school auditorium when chairmen for the ensuing year were elected.

### Miss Barrett Will Present Recital Tonight

Miss Katherine Barrett will present her piano and expression pupils in a recital tonight at 8 o'clock in the city club rooms.

Bill Kenton, local accordionist, will be guest artist of the evening.

The program is as follows:

The Tin Fan Guards Parade (Spaulding), Barbara Stevens; March of the Wee Folk (Gaynor); Day Dreams of Youth (Harhish); Skipper Reynolds; The Ghost in the Chimney (Eckstein); Peggy Keller; Readings—The Lost Doll and the Cat Charlotte Call; The Soldiers March (Schumann); Ina Lee Bidwell; Accordionia (Magnonte); Does Your Heart Beat for Me, Bill Kenton; The Joyous Farmer (Schumann); Udeli Hancock; Narcissus (Nevin); Betty Brown; The Swan (Mac Payden); The Little Nigar (Debussy); Bonnie Lee McBee; and a medley, Bill Kenton.

The public is invited to attend.

Scientists say that 7½ hours sleep is plenty for a normal man or woman.

Mmes. Paul Hawthorne Cecil Chisum, J. E. Seitz, John Beverly, Pat Howard, H. C. Coffe, C. E. Cary, C. F. Bastian, group four; Meses. R. B. Allen, Charles Darling, B. C. Fahy, and O. N. Frasher, group five; Meses. Charles Madeira, Ralph Pickett, Paul Egenbacher, Romilda Cottrell, Ennis Favors, J. E. Johnson, and E. B. Howard, group six.

### Rehabilitation Work Benefited By Poppy Funds

Dimes and quarters dropping into the coin boxes of the poppy workers on Poppy Day, May 25, will bring hope and happiness to thousands of disabled World War veterans and their families during the coming year. Mrs. Hupp Clark, rehabilitation chairman of Pampa Unit of the American Legion auxiliary, stated today as the Unit continued preparations for the observance of Poppy Day.

"Poppy contributions are the chief support of the auxiliary's vast program for welfare of the men who sacrificed health and strength in the nation's service," she said.

"Although it is now nearly 22 years since the big American battles of the World War, government hospitals are still filled to capacity with war veterans. Many thousands of others, not in the hospitals, are unable to carry on unaided.

"Last year the auxiliary extended help to 126,251 disabled veterans, expending \$86,387.71 in the work. A large part of this money came in the form of Poppy Day contributions, without which we would have been unable to give such extensive aid to the disabled.

"Most of the money contributed on Poppy Day will remain right in Pampa for use in the work of our Unit among the disabled and dependent families here. We are at work constantly to make sure that men who served the country in its time of need are not without help in their time of need."

### Art Of Sewing Topic Of Clara Hill Class Study

Clara Hill study group of First Methodist church met Wednesday afternoon in the class room at the church.

A short business meeting was conducted by the president, Mrs. C. F. Walton.

Miss Florence Webbert, teacher of home economics, presented a study on the art of sewing. She displayed models giving step by step directions for making bound button holes, bound pockets, and putting in zippers and plackets.

She stated that for cooler, washable, long wearing and wrinkle resistant dresses, a rayon fabric should be selected for summer wear. Miss Webbert said there are two kinds of rayon, acetate and cellose; acetate being finer in texture than the cellose, but both should be ironed with a cool iron, particularly the acetate.

Refreshments of iced tea and cup cakes were served by the hostesses, Mmes. Jerrill Pate and L. E. West, to Meses. Roy Pearce, J. W. Crisler, Clayton Smith, Clyde Brown, Glen Radcliff, Emmett Osborne, C. F. Walton, Estell Purvis, Don Loshier, H. P. Snyder, H. O. Roberts, Donald Beese, and Miss Florence Webbert.

A farewell gift was presented to Mrs. Pate, who is moving to Wichita Falls.

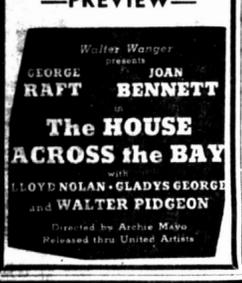

State unit show.

# Now...25% More Dreft for Your Money!

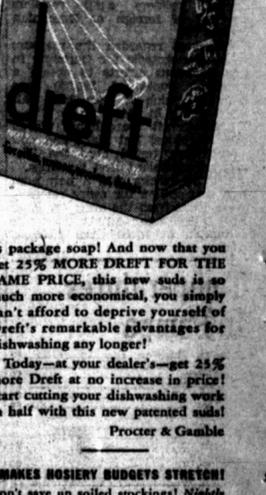

Wash Your Dishes with this Grand New Patented Suds! It's Faster... Easier... and Now Costs Less Than Ever!

WOMEN everywhere hail Dreft as the most miraculous, time-saving dishwashing suds they've ever used! This amazing new suds creation... patented and protected by United States Patents... is utterly different from any soap you ever used. It offers 2 dishwashing advantages not even the finest soap can promise:

1. EASIER DISHWASHING because—in hardest "suds-killing" water—you get five times more suds than any soap you ever used! 2. FASTER DISHWASHING because no clinging hard-water scum is left to be polished off!

And think of Dreft's economy! By actual weight, you need only one-third as much Dreft as bar laundry soap! Less than two-thirds as much Dreft

Now more economical to wash your dishes this grand new way! Now you can do the dishes for only a little bit more than a penny a day! In your hard water Dreft makes five times more suds than any soap! Your work is cut in half—because you needn't dry the dishes! They come radiantly clean by themselves, because Dreft never leaves any sticky hard-water film to be polished off!

as package soap! And now that you get 25% MORE DREFT for the SAME PRICE, this new suds is so much more economical, you simply can't afford to deprive yourself of Dreft's remarkable advantages for dishwashing any longer!

Today—at your dealer's—get 25% more Dreft at no increase in price! Start cutting your dishwashing work in half with this new patented suds!

Procter & Gamble

MAKES HOSEIERY BUDGETS STRICTLY! Don't save up soiled stockings! Nightly washing in gentle Dreft suds will help you cut down on expensive stocking repairs. Saves you a sizable percentage of your annual hoseiery bills!

SO DIFFERENT Its Results Can't Be Duplicated By Any Soap!

### 300 Tickets To City WPA Banquet Sold

Three hundred tickets have already been sold for the supper to be held at 6:30 o'clock Monday night in the high school cafeteria. First event of the local observance of "The Work Pays Your Community" week, May 20-25.

Object of the week is to acquaint inhabitants of WPA district 16, comprising the Panhandle, with the accomplishments of the professional and service division of the Works Projects Administration.

Early this week, County Judge Sherman White, County Attorney Joe Gordon, and the county commissioners were guests at a meal, similar to the supper to be held Monday, at the housekeeping aide project at 210 East Browning street.

Circular letters, signed by the county commissioners court as project sponsors, were mailed this week, outlining the May 20-25 program and stating its purpose.

After the supper at the high school cafeteria Monday night, a program will be presented in the high school auditorium, directed by Jim Edwards, recreation project superintendent.

**National Radio Program**  
A national radio broadcast is scheduled for 7 p. m. CST, Monday. Part of the program will be heard at the city hall auditorium. Speakers will include Mrs. Florence Kerr, assistant commissioner, WPA, in national charge of professional and service division; John M. Carmody, administrator federal agency; Col. F. C. Harrington, WPA commissioner; and Mrs. Eleanor Roosevelt, wife of the president.

Open house will be held by the projects during the week, including commodity distribution. Funds of each project will be explained to visitors. The district supervisor of commodity distribution has asked that a daily register of all visitors be kept and sent to him at the end of the special week.

Open house will be held from 9 a. m. to 6 p. m. at the sewing room, fourth floor of the court house, recreation project, city hall, and at the housekeeping aide project, located at 210 East Brown street.

**Housekeeping Aide Benefits**  
Aim of the housekeeping aide project is to furnish free home assistance in housework and care of children to households of the needy where the housewife is temporarily incapacitated because of ill health or confinement.

Child care and training play an important part in the service. Providing care of sick mother and small children so that the older children can go to school; renovation and cleaning of school children's clothing; preparation of school lunches; and inspiring ambition and desire on the part of children to attend school.

**Helped 42 Families**  
In Pampa 14 workers have given service each month to 42 families involving 210 children, during the past half year. Cases are referred to the project by public school officials, Texas Old Age Assistance Commission, Texas Department of Public Welfare, Red Cross, and Salvation Army. Private physicians, having patients eligible for this service, may have them referred through either the city or the county health officers, with whom this project works closely.

### Here's How FDR Would Improve Nation's Defense

WASHINGTON, May 17 (AP)—Here is how the money for President Roosevelt's extraordinary defense program would be spent: Equipment and mechanization for an army of 1,000 men—\$264,000,000.

Training and equipment of 7,000 pilots—\$106,000,000.

Construction of new type B-17 bombers—\$80,000,000.

Essential items, including clothing and motor vehicles, for existing regular army and national guard forces—\$74,000,000.

Ammunition and assistance to powder and munitions plants in speeding up production—\$60,000,000.

Educational orders to industry—\$7,000,000.

Anti-aircraft equipment—\$64,000,000.

Sea coast defenses—\$4,000,000.

Modernization of existing combat planes—\$28,000,000.

Enlistment and training of 15,000 new troops—\$15,000,000.

Improvement and replacements for Panama Canal defenses—\$6,000,000.

Construction of an army air base at Anchorage, Alaska—\$8,000,000.

The \$250,000,000 additional sought for the navy, one authoritative senate source said, probably would go for 105 new planes and accelerating the entire ship construction program.

The final \$200,000,000 would be placed at the president's disposal.

### JUNIOR WARDEN

Word has been received from Rogers Kelley, above, that he will be here Tuesday to attend the meeting of Panhandle Masons who will welcome grand lodge officers of Texas. He is grand junior warden. Plans for the meeting have been completed by the local lodge. C. F. Jones, worshipful master, is receiving word daily from lodges over the entire Panhandle that large delegations will be here.

Mr. Kelley, a prominent attorney of the state, resides at Edinburg. He served his district for several terms as district attorney, and is now in the state legislature as senator from his district. He held the office of grand orator in the grand lodge of Texas last year, and is a well-informed, pleasing and forgetful speaker.

### Communion Will Be Observed At Brethren Church

Sunday evening at 8 o'clock members of the Church of the Brethren will meet for their semi-annual love feast and communion service.

### Airplane Plants Ready For 50,000 Plane Take-Off

LOS ANGELES, May 17 (AP)—Southern California airplane manufacturers expressed themselves today as desiring to observe "this service, however, are requested to be in their seats by eight o'clock and remain for the entire service. There will be no evening preaching service."

### Carson County To Join In WPA Week

PANHANDLE, May 17—The Carson county sponsors of the professional and service division of W. P. A. are cooperating with the nation in open house week from May 20-25. Carson county will join the other 25 Plains counties by holding open house in the sewing room, library and indexing at the court house. These comprise the three W. P. A. projects in the county.

The week's activities will begin with a supper at 6:30 the evening of May 20 in the basement of the Baptist church. Open house will be held all week in the three divisions. The 26 counties of the Panhandle have set the goal for visitors at 38,415.

The program is designed to acquaint the people with the accomplishments of the professional and service division projects and indicate the needs and opportunities existing in this community for carrying through more of America's unfinished business.

### Program Set Up For Methodists Area Conference

OKLAHOMA CITY, May 17—Acting Bishop Sealeman pointed out of their regional conference after the General conference had clarified the duties of that assembly, bishops of the South Central Jurisdiction of Methodist churches thru their spokesmen, Bishop Ivan Lee Holt of Dallas, have outlined details of the program to be carried out at their meeting here May 28 to June 3. It was reported in Oklahoma City by Bishop Charles C. Sealeman upon his return from Atlantic City.

According to Bishop Sealeman a number of major issues have been left to the jurisdictional conferences for decision at the meetings during the next few weeks. All matters pertaining directly to churches within the area, all questions of boundary lines, even the election of bishops, have become the responsibility of the jurisdictional delegates.

This means that in this particular jurisdiction, covering the affairs of Kansas, Nebraska, Missouri, Arkansas, Louisiana, Texas, New Mexico and Oklahoma, the first South Central conference will take under advisement several important problems—foremost of which, in the minds of many, will be the question of a successor for Bishop Charles L. Meade of Kansas City, who retires June 1.

Whether another bishop will be elected to take his place is entirely in the hands of the delegates. Bishop Sealeman pointed out, however, the added responsibility of the church in Latin America which the General conference decided this area should assume, may have some bearing upon the decision, the Bishop believes, since this one task will require most of a single bishop's time.

It is decided that a successor to Bishop Meade should be elected, delegates at the same conference will elect the new bishop and he will be consecrated at a special service.

Another issue of importance to be decided at this conference is directly related to the jurisdictional church paper? There are two at present, one in Dallas and one in Kansas City. Whether these two will be continued, or whether the jurisdictional will support no paper at all, or whether it will be advisable to maintain only one publishing house for the area, is for the decision of the conference delegates. In case only one is to be considered, the location of that publishing house will become another problem for the delegates.

### Texas Negro Rape Case Goes To U. S. Supreme Court

AUSTIN, May 17 (AP)—The attorney general's department and the prosecuting attorney of the state of Texas will battle in the supreme court of the United States next week to uphold the conviction of Bob White, negro, on a charge of rape.

The case is of unusual importance because it involves the practices of peace officers in obtaining confessions from persons suspected of crime. The supreme court recently has frowned on the extraction of confessions by violence or any other illegal means.

Assistant Attorney General William J. Fanning and State Attorney Lloyd Davidson will contend in the court Monday or later in the week that violence was not used in obtaining White's confession and that official's actions conformed throughout with Texas' statutes.

Davidson leaves today for Washington and Fanning already is en route.

White was convicted in Polk county of raping a white woman and given the death penalty, but the Texas court of criminal appeals reversed and remanded the case because of improper arguments of attorneys. In Montgomery county, where the case was retried on a charge of venue, another conviction with the death penalty was had, which the appeals court affirmed.

The supreme court on March 25 reversed the Montgomery county district court but consented to give Texas a hearing on the action.

### Pampans Attend Kiwanis Rally In Oklahoma City

Six Pampans have returned from Oklahoma City where they represented the Pampa Kiwanis club at the Texas-Oklahoma district silver anniversary rally of Kiwanis international.

In the party were Tex DeWeese, president of the Pampa club; C. E. McGrew, conventions committee chairman, Mr. and Mrs. Howard Buckingham, and Mr. and Mrs. M. P. Downs.

Highlight of the district rally was the dinner dance and bridge Wednesday night in the Silver Glade room of the Skirvin Hotel with the Oklahoma City Kiwanis club as host.

Principal speaker at the banquet was William O. Harris, Los Angeles, past international president. He was

introduced by another past international president, O. Sam Cummings, Dallas. Still another past international president, H. G. Hatfield, Oklahoma City, president of Kiwanis International in 1939, was toastmaster.

Presiding over the district rally was Charles H. Moore, Oklahoma City, governor of the Texas-Oklahoma district.

Thirty-two clubs, most of them from Oklahoma and a few from the Texas Panhandle, were represented at the rally which was part of an international observance of the 25th year since the founding of Kiwanis.

A similar meeting of Texas Kiwanis clubs is being held today at Caddo Lake in East Texas where most of the 70 Texas Kiwanis clubs were expected to be represented. The district governor and three international past presidents also were at the Caddo Lake rally.

### Two Shamrock Clubs Hear Neff Address

Special To The NEWS

SHAMROCK, May 17—Hon. Pat M. Neff, former governor of Texas and president of Baylor university, was guest speaker at a joint meeting of the Shamrock Rotary club and Booster's club at noon Thursday.

Dr. Neff, lawyer, lawmaker and educator for nearly half a century, brought the clubs a message on Americanism. He paid tribute to the early pioneers of Texas, dwelling on their foresight in setting up the foundation for the Texas of today and expressed the opinion that the same spirit, in which the problems of the past were solved would serve to solve the modern day problems.

He closed his address with the admonition to the citizens of Texas that "while we are taking off our hats to the Texans of the past, let us take off our coats with those of the future."

Also appearing on the program was J. Wayne Davis of Wheeler, who rendered two vocal solos: "Gypsy Sweetheart" and "Sunshine of Your Smile."

Visitors to the two clubs were: M. S. Kavanaugh, Harry Wolford, J. L. Taylor, Bud Martin, H. B. Hill, Dr. J. W. Gooch, J. F. Shortt, Perry Bear and Frank Sanders.

**Composer Series Of Stamps Arrive Here**

Four of the five stamps of the Composer Series are now on sale at the postoffice here, Assistant Postmaster O. K. Gayler announced today. The other stamp, of 10-cent denomination, will be available on June 11.

Stamps now available to collectors are the one-cent bearing a likeness

Fascal Massey, Roy McNeil, Jr., and W. L. Davis, Jr., students at West Texas State college in Canyon, visited in Pampa Thursday afternoon.

The Rev. C. Gordon Bayless, pastor of First Baptist church, will speak on "Where Is God Known" at the 10:30 o'clock worship hour Sunday. At 8 o'clock the subject will be "The Observing Christ."

J. Walter Anglin of Wheeler transmitted business here today.

**Nazis Get Gasoline**  
BERLIN, May 17 (AP)—Germany fell heir to 390,000 tons of gasoline in the Netherlands as a result of the Dutch army's capitulation, excellently-informed sources said today.

"These quantities, they said, were far in excess of what German planes, tanks and other motorized war machinery consumed during the five-day blitzkrieg which, therefore, was "good business."

### U. S. Farmers Gain In Wheat Price Collapse

CHICAGO, May 17 (AP)—American farmers converted into cash most of their estimated \$30,000,000 paper profit on stored 1939 wheat just in time to escape the price demoralizing effect of Germany's blitzkrieg on the western front, grain market experts agreed today.

Government loans advanced last summer and fall on old wheat fell due May 1, just nine days before large scale fighting began. Thus, most producers had completed liquidation of loans on approximately 140,000,000 bushels and taken a profit on the price rise that had occurred during the loan period.

However, the German lightning war which sent the wheat market reeling this week has knocked the market value of the coming 1940 crop more than \$100,000,000, at least for the time being.

Up until the first of this week farmers who scored more than 167,000,000 bushels under loans averaging 70 cents a bushel had market profits of 20 cents or more a bushel. Since Monday the price of wheat for May delivery in Chicago tumbled from around \$1.09 a bushel to 90 cents as of yesterday's close.

In the past few months millions of farmers paid off loans. According to recent government estimates all but approximately 25,000,000 bushels, the bulk of which has been revealed under extended loans, were redeemed.

Market statistics indicated much of this grain was purchased by speculators and investors who consequently suffered losses in the price collapse.

### President Opposes Public Works Fund

WASHINGTON, May 17 (AP)—President Roosevelt voiced opposition today to devoting a part of the pending relief appropriation to public works. That, he said, would cut down on the number of jobs available to needy individuals.

In the house, where the measure is up for debate, Representative Woodrum (D-Va.) advocated that half the relief money be used on a public works program.

Such undertakings, the President said at his press conference, require a much larger expenditure on materials which come from mines, forests, steel mills and cement plants. Automatically, he said, that decreases the number of relief cases which can be cared for from the available funds.

The President said his new defense program would, of course, provide considerable employment but it would by no means take care of the people on relief.

He said the \$975,850,000 relief bill must go through congress rapidly because existing funds are expected to run out July 1.

Woodrum's opposition to the relief bill led him to surrender his usual job of piloting the legislation through the house. The present program he said, was leading to "national economic disaster."

### Consolidated School Case On Trial Here

Setting of two cases within an hour of each other in 31st district court here this morning resulted in postponement until 10 o'clock tomorrow of the case of C. C. Kuykendall vs. City of Pampa.

The suit involves a legal test of the city's anti-peddling ordinance of 1938 and of a similar measure requiring licensing of photographers and photographic solicitors passed in 1933.

Starting 45 minutes late was the case of Charlie Trimble et al vs. D. A. Hunt et al. Basis of the action is a contest over consolidation of the

Mountain View Common School district with the Mobeetie Independent School district.

The case had been set for 9 o'clock this morning and the case in which the city of Pampa is the defendant an hour later.

In the Wheeler county suit, plaintiffs allege that a purported petition, addressed to County Judge D. A. Hunt, was submitted at March 25 of this year, and an order issued calling for an election on April 27.

The election was in favor of the merger, under which the Mountain View district, about five miles from Mobeetie, would assume a proportionate share of the Mobeetie school district's \$50,800 indebtedness. Scott and Smith of Amarillo are attorneys for the plaintiffs, Willis & Via of Pampa for the defendants.

Temporary restraining orders have been issued during the week in both suits.

### Miami Graduates Hear Address By Deskins Wells

Special To The NEWS  
Wellington, May 17—Urging that America keep herself strong, Deskins Wells, editor of the Wellington Leader, addressed members of the high school graduating class at Miami last night.

Mr. Wells, during the time he has edited the paper, has become widely known for his work among the boys and girls of his town and county, and his interest in their efforts.

Reminding the group of the large numbers of high school graduates who are unable to find work, he added that industry was faced with a shortage of skilled laborers, and urged that the young graduates select what they wished to do and master that phase of work.

### She Got the Drop On Bank Robber

Clerk Emma Olsen, of the Ortling, Wash., State Bank, shows how she balked attempted robbery. Alone in the bank when alleged bandit approached this bullet-proof glass window, she threw a switch locking him in the lobby, "covered" him with the pistol seen in gun port below window, forced him to drop his gun. Captured, the intruder gave his name as Kenneth Ambler, of Denver, Colo.

### Former American Ship Bombed By German Warplane

LONDON, May 17 (AP)—The Belgian liner Ville De Bruges, formerly the United States liner President Harding, has been beached following a German bombing attack on Tuesday, members of the crew disclosed on their arrival today in London.

They said the 13,869-ton liner was heading out from Antwerp with 64 passengers, mostly women, when an aerial torpedo burst and killed four members of the crew.

Every passenger was landed safely, according to James Gibson, 35-year-old Montreal boatswain. He said they made shore about 200 yards away in seven boats.

The four crewmen killed were two Canadians and two Belgians. The crew of 115 included 62 Canadians.

The vessel was one of eight sold to the Societe Maritime Anversoise, a Belgian company, by the United States lines soon after American neutrality regulations barred American ships from most European waters.

"We were near Ostend," Gibson said, "when a single plane came over about 6:15 a. m. and machine-gunned us."

"We had no guns to defend ourselves."

"At 7:19 a. m. three bombers came over and dropped one aerial torpedo which struck. Most of the passengers were in their quarters at the time."

"We mustered the passengers on the promenade deck. There was a little panic amid the shouting of orders but it soon quieted down."

"We were flying the Belgian flag when the first plane came over but we hauled it down immediately. No flag was up when the bomb was dropped."

### Human Ostrich

What young Buddy Lots (above) of Los Altos, Calif., is reported to have eaten in one day would shame an ostrich. His snack: half pint orange; half bottle anti-septic; half pint green house paint; one bite family dog; some live fish; one canary; feathers included. Doctors say 18-month-old lad shows no ill-effects.

### FRENCH SAY

(Continued From Page 1)

secondary defense line along the Dyle river, which protects Brussels, the capital of Belgium. (A British news agency reported the Belgian government has moved from Brussels to Ostend, North Sea port.)

3. The capture of 12,000 Allied prisoners in the Sedan battle area, including two generals.

4. Preliminary German occupation of Zealand, the tiny island province of the Netherlands, which alone has continued to fight against the Nazi invaders in Holland.

**Belgians Holding Out**

A Belgian war communiqué said that despite the fury of the Nazi attack, "our army remains intact and its morale is high."

Belgian forces, it said, have moved to "new positions" calmly and in good order.

While from Paris came word of a meeting of the Allied war council yesterday to make plans to cope with the intensive Nazi drive, Belgian claimed its commanding officers in all sectors were reporting:

"Engaged in pursuing the enemy."

On the eighth day since German legions smashed through the Netherlands and into Belgium, French soil was a roaring battleground of modern war machines. The French high command said that all night long the battle raged from Rehel north to the Sambre river, which flows eastward out of France, joining the Meuse at Namur, Belgium.

In the confused state of lightning war it was not apparent how far the German forces had penetrated into France's northern line of pill-box fortifications which are joined to the main Maginot line.

But it was apparent that the Nazis were making a mighty effort to flank the Maginot on the north. While the bloody struggle raged on in France there were increasing indications that Hungary soon might be the route of Adolf Hitler's legions storming south to get at Rumania's oil.

The Belgian government moved to Ostend, on Belgium's North Sea coast, having gone there yesterday from Brussels, Reuters (British news agency) reported in London.

**Liege Holding Out**

Great Britain further prepared herself in the Near East for war that might come into the Mediterranean or the Balkans. A second large contingent of Australian troops debarked in Egypt.

The British said their troops had stemmed the German drive in Belgium and a broadcast on the Brussels wave length heard in London said the Liege forts still were holding out.

In the British Isles, where there was fear of a German parachute troop attack, United States citizens were advised by the American embassy to leave by way of Ireland, where boats will be waiting to take them home.

United States congressional leaders set themselves to push through congress in two weeks time legislation to follow President Roosevelt's recommendation for an unprecedented \$1,182,000,000 defense program.

The British press played accounts of the President's message to congress under such headlines as "United States Prepares For War."

The Chinese make gelatin from the dried fins of sharks.

### Mrs. Weedy Hostess At Luncheon For Times Study Club

Special To The NEWS  
SHAMROCK, May 17 — Mrs. James Weedy entertained members and guests of the Times Study Club at her home recently with a luncheon on the occasion of the final meeting of the year.

Cut garden flowers were used in room decoration and luncheon accessories carried out the flower motif.

Mrs. P. T. Boston, president, presided at a short business meeting, social hour was conducted and the club year was officially closed.

Attending were Mesdames J. A. Hall, B. F. Holmes, Frank DuBose, and J. H. Caperton, guests; Mesdames Boston, Ode Cain, Tom Clay, Walter Dellinger, Jr., Homer Ewton, Fluke George, Fred Holmes, A. C. Hallmark, M. A. Leith, C. T. Palmer, Harris Tilley, C. L. Reavis, Lewis Goodrich, and W. C. Perkins, members.

### Lions Volunteer To Help Raise Fund

In response to an appeal by Guy E. McTaggart, chairman of the Pampa chapter of the Red Cross, and Roy Bourland, finance chairman, who appeared at the club's luncheon at noon yesterday, eight Lions volunteered their services as solicitors in the local campaign to raise \$800 here for aid of war refugees.

Other parts of the club's program consisted of a talk by F. C. Buckner of Big Spring, district supervisor of diversified occupations, and another talk by Olin E. Hinkle of West Texas State college, Canyon, in the interest of the "Beickert" to build an addition to the Panhandle-Plains Historical society museum.

Hinkle, former Pampan, was once president of the Pampa Lions club.

Jeff Bearden, B. M. Behrman, both of Pampa, and Bill Dryden of College Station, were other guests. Attendance totaled 55.

### FDR Trip Cancelled

WASHINGTON, May 17 (AP)—President Roosevelt disclosed today that problems raised by war abroad and the necessity of increasing American defenses had resulted in virtual cancellation of his plans for a swing around the country starting next month.

Furthermore, he told his press conference, he would not carry out plans to visit his Hyde Park, N. Y., home this weekend.

### DEFENSE BILL

(Continued From Page 1)

force. Such a sky armada would surpass the reported strength of any foreign helicopter.

The contemplated short cut was to incorporate virtually all the president's emergency plans in the regular army and navy bills now pending for the year beginning July 1.

To add to the regular army and navy funds totaling \$1,971,000,000, Mr. Roosevelt asked \$732,000,000 for the army and \$250,000,000 for the navy. Besides this, he requested \$200,000,000 to be placed at his discretion.

Closely linked was the question of financing the preparedness spending. Mr. Roosevelt made no suggestions on that score.

Informed congressional sources indicated that increased borrowing, rather than new taxes, would be the method. This appeared to fore-shadow a raise in the \$45,000,000,000 public debt limit, now almost reached, but the sources said that action probably would not be necessary at this session.

Discussing the recommendations afterward, the one point on which Republicans reserved promises of support was the request to allocate \$200,000 to the president for contract authorizations and emergencies affecting the national security.

The house Republican leader, Rep. Martin of Massachusetts, referred to this as a "blank check."

### Market Briefs

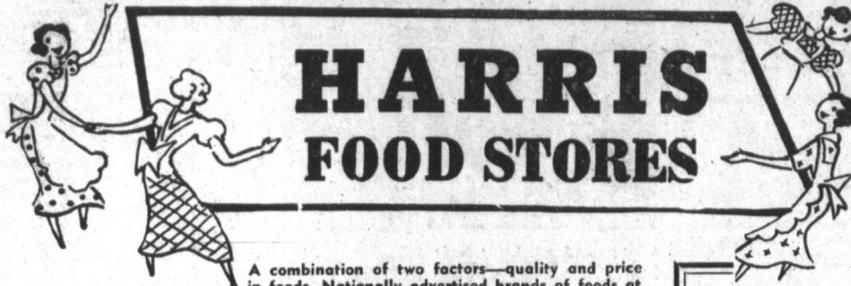

NEW YORK, May 17 (AP)—Leading stocks crashed through support levels today for losses of 2 to more than 9 points as trading forces were seized with another attack of "war nerves."

MUSSOLINI'S GRANDSON IS CONFIRMED

Fabrizio Ciano, grandson of Premier Mussolini, pictured with his mother after taking first communion at his recent confirmation in Rome. He is the son of Italian Foreign Minister Count Ciano and Mussolini's daughter, Edda.

Dive Bombers Unnerve Foes, Say Germans

By LOUIS P. LOCHNER
BERLIN, May 17 (AP)—The Allies have been routed from Antwerp to Sedan and German forces have pierced the Maginot line in a way which even German optimists had believed impossible, authorized Germans claimed today.

In London, on the contrary, the military situation was described as "slightly better" but in Paris it was admitted that the Germans had driven 30 miles into France in the Reims region, southwest of Sedan, only about 100 miles north-east of Paris.

These sources asserted the Allied forces were unnerved by Germany's awe-inspiring "Stukas"—dive-bombers—and were in "hopeless confusion."

For Belgium, they said, there is only one sensible choice—capitulation before Brussels is laid in ruins and the remaining Belgian forces annihilated.

Germany's thrust into northern France has been against the so-called little Maginot Line, fronting on Belgium, rather than the main Maginot fortifications on the German-French border. Both of them, even as in Germany's West Wall, are deep systems of fortifications rather than mere lines, so that they may be pierced without being broken.

"Yesterday was a big day of catastrophes for all categories of enemy weapons," one authorized commentator asserted in advance of the high command's regular communication.

"We have made progress of a magnitude almost beyond comprehension."

Authorized sources claimed that the "Dyle position," Belgium's second line of defense before Brussels, has been smashed at Louvain, 16 miles east of the Belgian capital, and Wavre, 12 miles south of Louvain.

Belgium, it was stated, "practically finished."

They said the remaining forts ringing Liege had surrendered. (The Brussels radio, however, broadcast today that the forts were holding out.)

At the same time it was understood that immunity which the Germans conceded to Brussels from bombing attacks would expire today unless the German high command was satisfied that the city was stripped of its character as a fortified town. Such a warning was given United States Charge D'Affaires Alexander Kirk to pass on, if he chose, to the Belgians.

The commentator who claimed that yesterday was one of catastrophes for the enemy moreover asserted there was disunion between the English and French commands. The French, he said, are insisting on retiring before Paris to defend the capital while the English are heading for the coast.

Before Narvik, in far northern Norway, and in the English channel, it was claimed, bombers operated with great success with a loss of only 12 aircraft.

Their asserted victims, damaged or sunk, were said to include one battleship at Narvik and one destroyer in the channel. Moreover, informed sources said, Germany now is so placed strategically that it is doubtful whether Britain can land any more trans-ports.

Stuka Attack Described
An authorized commentator offered the following as an example of the terrifying effect of the dive bombers: a whole French battalion (about 800 men) when attacked by "Stukas" during their march was terror-stricken and spread white sheets as a sign of capitulation. The commander of the bomber formation, he said, dropped a message directing an about-face to a point where German troops disarmed the men and took them prisoner.

"It is not that the French are cowardly," this commentator made haste to assure this correspondent. "They are gallant, brave and courageous. But there is nothing so unnerving as a bombing attack from the air."

"We are treading new paths of conducting war," this informed commentator said. "The standards and methods of the past simply do not apply."

Mortals Will Be Subject Of Sermon

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 19.

The Golden Text is: "This corruptible must put on incorruption, and this mortal must put on immortality" (1 Corinthians 15:53). Among the citations which com-

prise the Lesson-Sermon is the following from the Bible: "Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ" (Ephesians 4:13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals can never know the infinite, until they throw off the old man and

reach the spiritual image and likeness" (page 519). Fruit of coffee plants are known as cherries by planters. Read The Classified Ads!

At the CHURCHES

FIRST CHRISTIAN CHURCH
Rev. B. A. Norris, pastor. 9:45 a. m. Sunday school. 10:50 a. m. Observance of Lord's supper. Pastor will preach. Special music, 6:30 p. m. Young People's Christian Endeavorers. 7:30 Evening worship.

'Springing To Arms'—What Arms?

Write it in large letters—courage is not enough.

The days are past when the United States could afford to listen to a Bryan with his confidence that, when they were needed, "a million men would leap to arms overnight."

"What arms?" asks the American of 1940, his eyes apprehensively on Europe, and especially on the countries which trusted in non-aggression pacts, in meticulous neutrality, in patriotic spirit.

In the days when the United States rebelled against the British crown, "embattled farmers" could crouch behind the stone fences of Concord with muskets hastily snatched from above the fireplace, secure in confidence that they were not conspicuously worse armed than the British regulars.

That is over. All men skilled in military affairs have known it for years. Now it is written across the face of Norway, and Holland, and Poland for all to read: "Courage is not enough."

The British should have had their lesson in 1915, when the great Kitchener felt sure that two machine guns to a battalion were "more than sufficient," and that the tank was "a pretty mechanical toy." Yet they have allowed Germany to outbuild them in planes and mechanized equipment.

We also had some object lessons in 1917-1918, when our army in France, more than a year after our declaration of war, was still using European-built artillery, machine guns and airplanes because we were not even then able to build our own and deliver them to the fighting front.

At least the Garand rifle is being delivered in slow dribbles, replacing the 1903 Springfield. The air forces have not been neglected, yet were it not for European orders, the rate of production would still be very slow. Pilot-training, almost more important than plane-building, lags. There is no anti-aircraft artillery worth the name, and virtually no munitions industry.

All this is no cause for hysteria, but for sober thought, careful planning, and wise foresight.

We need to calculate carefully just what our military needs are to defend this country from any likely attack, and then supply them promptly and effectively.

For whatever heroic deeds may have been performed in the past by ill-armed and under-equipped patriots, it is perfectly plain that today courage is not enough.

Behind The News

WASHINGTON, May 17—The problem of the cotton surplus, which has already cost the federal treasury many millions of dollars, is likely to get a good deal worse because of the latest extension of the war in Europe, according to informed observers here.

At first the war tended to increase U. S. cotton exports. In the previous year exports had been abnormally low; after the war broke out a number of European nations began to lay in heavy stocks in anticipation of wartime interruptions to shipping. Current sales to Britain, for instance, have run nearly 600,000 bales over the previous year's figures.

Nevertheless, a sharp tapering-off is anticipated. In the long run the war is expected to have a very bearish effect.

For one thing, it is doubtful that any U. S. cotton will go to the nations which have been overrun or isolated—Poland, Norway, Finland, Denmark, Holland, Belgium and Sweden. Last year these lands took 610,000 bales. In addition, there'll be no sales to Germany, which took nearly 400,000 bales.

On top of that, experts are pessimistic about sales to England and France. Stocks have been pretty well built up in those nations. It is also anticipated the British may shortly take cotton off the preferred list, which would mean British firms could buy cotton only with the "open market" pound which has slid down to \$3.15 as compared with the \$4.02 of the pegged pound.

The United States normally produces approximately 12,000,000 bales of cotton and consumes almost 7,500,000 bales at home. There is also on hand a carry-over of somewhere between 10,000,000 and 12,000,000 bales.

GREENLAND CONSUL OFF TO NOWHERE

James Penfield, first U. S. consul to Greenland, more or less jumped into the unknown when he sailed the other day to take his new post at Godthaab. He admitted he had packed "practically everything you can think of" so as to be ready for anything.

For instance, he stocked up with 250 pounds of coffee, loaded a whole box of detective stories, took along another box of heavier literature such as Carl Sandburg's four-volume biography of Lincoln, and an ample supply of pipe tobacco and chewing gum—the latter to be used as good-will gifts to the Eskimos.

He wasn't sure how he'd be quartered at his new post, so to be on the safe side he took along a complete camping outfit; but since he may get less primitive quarters, he took along lamps, dishes, table linens and evening clothes as well.

He too sets of playing cards and games of backgammon and chess, a black-cloth mask to keep the sun out of his eyes, a portable radio, a movie camera, fishing rods and some guns.

DOES UNCLE SAM EYE GREENLAND?

Penfield's departure emphasizes the importance which Greenland now occupies in American defense plans. Although mostly ice-covered, the vast territory nevertheless would provide innumerable good air bases within easy striking distance of the U. S. coast; further, it is pointed out that in the summer months the area completely ice-free is greater in extent than England and Scotland combined. Nobody here would be a bit surprised if steps to take the country under Uncle Sam's wing were made in the not too distant future.

Sharing The Comforts Of Life

By R. C. Holles

THE ITCH TO BOSS THE RICH

If I should be asked to name one cause of our unemployment and of our having for the first time in our history a ten-year depression, in which period there was no increase in employment, no increase in capital investment, no increase in production, it would be the itch of some classes of people to boss the rich. Of course, they do not call it by this name. It is always done under the badge and guise of humanitarianism, and of their great sympathy for what they call the underprivileged.

This itch does not have possession of the great mass of honest workers who are not bluffers and four-flushers and are willing to exchange a fair day's work for a fair day's pay. But this itch that is causing so much trouble has taken possession of impatient dreamers who are dissatisfied with their lot and are covetous and envious of those people who have more of the respect of consistent people than they have.

In this class will be found men who tried to get rich quickly by speculation and lost their savings. In this class are preachers who do not believe in God's immutable principles, that God can break His own rules, or principles, and want the public to believe that they are interpreting God's laws and are unwilling to permit people to ask questions which cause them to contradict themselves.

This group also includes politicians who have not been successful in their own line of work and their own endeavors and seek to make an easy living by appearing to be very solicitous of the welfare of their fellowman, but at the expense of those who are really assisting humanity.

It also includes professors and instructors who are dissatisfied with their position in society because people who believe in immutable laws and the competitive system do not pay as much attention to them as they believe should be paid, in their efforts to spread at public expense, their inconsistent ideas that there are no eternal principles and all things can be decided by majority rule.

Also included in this group are labor leaders who see a rich and wonderful reward financially in being able to sell many of the honest workers the idea that wages can be established arbitrarily and by force. The cause of the itch among the labor leaders, of course, is for a temporary, material gain and the excitement that goes with power to select the men who dare work.

It often also includes many small retailers who think if employers would only pay higher wages they could sell more. They do not realize that wages come from production and cannot be arbitrarily raised without loss of jobs. These are the classes of people, it will be found, who itch to pass laws to compel those who are really benefiting mankind to do it the way these disgruntled reformers claim it can be done; namely, by taking by law from one group and giving to another group.

And these people who itch to boss the rich have been fairly successful in so binding the creative geniuses, that it is impossible for them to furnish jobs for their fellowman. The laws which have done this and caused unemployment, are the graduated, discriminatory tax on production in the form of income tax, gift and inheritance taxes, the Wagner law that attempts to establish artificial wages, the Wage and Hour Law, the Yellow Dog Contract, the Social Security law that takes from the steady and thrifty employe and turns it over to the drone or the shiftless, and by the laws giving the government power to loan credit, which gets to the underserving, wealth to which they are not entitled.

These are some of the methods by which the itchy-ers took control. They have put these laws on the statute books, they have fooled the great mass of honest people of their real motives. Their real motive is to pull down those people of whom they are envious because they have been more thoughtful and more patient and willing to wait for rewards than these professed humanists have been.

The Nation's Press

WHY THE JOBS WENT TO CALIFORNIA (Chicago, Tribune)

By this time several million Americans have either read "Grapes of Wrath" or seen the movie. A great many of them are so doubt persuaded that farm labor in California is poorly paid.

It may be well, then, to adduce the facts as compiled by the United States department of agriculture, Henry Wallace, secretary. They are presented graphically on the financial page of The Tribune a few days ago.

Farm wages in California are not low; they are the highest in the United States. Mr. Wallace reports that the average monthly farm wage rate, with board, in California is \$45.50. This compares with \$37.75 in Iowa, \$32.50 in Illinois, \$34.75 in New York, Georgia the corresponding figure is \$12.00. In Oklahoma, the home of the Joads, it is \$20 and in Texas only a little higher.

Farm wages in California are about 35 per cent higher than in the middle west, 300 per cent higher than in the southeastern states, and rather more than 100 per cent higher than in Oklahoma and Texas. It is scarcely remarkable, then, that considerable numbers of Texans and Oklahomans hit the road for the golden west. They migrated as men have from the earliest times, to better their economic condition. They did not have to be lured by false promises of employment. They went in the certainty that employment on the land in California could not be more difficult to find than in Oklahoma and was far better paid.

The reason the farm hand in California gets the highest wages is not at all obscure. The capital investment per acre there is relatively high. That, in turn, means that the productivity of land and labor is relatively high. That means that the wage rate can be high, for wages cannot rise above the value of the product.

Mr. Steinbeck did not do justice to his Okies. He pictured them as pitiful dupes who set out on a perilous pilgrimage without any real prospect of improving their condition at the end of it. In fact they were behaving as intelligent people are supposed to behave; they were leaving a low wage area for a high wage area. Thousands of the migrants have benefited materially from the exodus.

OBSCLETE EXAMPLE

(Farrsworth Crowder in the Rotarian Magazine)

Telling a boy how many cows you used to milk before breakfast and how many cords of wood you used to split on Saturdays is not advising him what to do with his time before breakfast and on Saturdays. Your examples are obsolete. The economic parasitism of children is not of their making. Nor are all the spoiled gimme-gimme children the sons and daughters of the well-to-do. They are better described as children of this day and age.

'PATRIOTISM IS NOT ENOUGH'

Around Hollywood

Bill Porter is battling for Paul Harrison while the NEA Hollywood correspondent vacations.

By BILL PORTER

HOLLYWOOD, May 17—Short takes: Susanna Foster has Paramount plenty worried. She is slated to star opposite Allan Jones in "Interlochen," story of a girl's school. But in the past two months she has been growing so fast they are worried that she may not fit the 15-year-old girl role.

Paramount about a year ago she was just five feet tall. In that year and mostly in the past two months she has grown to five feet four inches.

Figuring one month and a half before the picture gets rolling and two months in production there's no telling how much Susanna might outgrow the role.

Incidentally, Miss Foster will light the lights for the opening of the San Francisco fair by singing a B flat above high C. The vibrations from that note will throw the switch.

MARY MARTIN MARRIES ON RUN

A movie studio can be heartless at times. Mary Martin had to rush back from her marriage ceremony at Yuma, Ariz., so she could work the next day in "Rhythm on the River."

The marriage was so rushed that Richard Halliday, her husband and story editor at Paramount, rehearsed her in the scenes she had to play, while they were making the trip back to Hollywood.

Because of the numerous cuts necessary, it has heretofore been impossible to have rapid-fire dialogue in telephone conversations on the screen. But in "You Can't Be Too Careful" that problem has been solved.

Ginger Rogers, from her suite in a hotel, telephones Ronald Colman in his suite across the corridor. So that the conversation may be snappy, the sound department installed a real telephone system between the two sets—the first practical phone to be used in pictures.

The scene was shot using two cameras, two sound microphones and a single recording unit.

MEETS SELF, KILLS SELF, IMPERSONATES SELF

Warner Brothers have told Dennis Morgan to go chase himself and he has been doing it. He not only chases himself, he meets himself, kills himself and then impersonates himself.

It's not as complicated as it sounds. He's playing a dual role in "River's End." He plays the role of a fugitive from justice, and also a Northwest Mounted Policeman.

Overheard on the set of "One of the Boston Bullerions": Glenn Tryon, who is making his first picture as an associate producer, was talking to Director Al Rogell. "I'm glad of this chance," said Tryon. "It's good experience."

"Yeah," said Rogell, "say how many pictures did you star in?" "About a hundred," said Tryon. "Ever do anything else around a studio?" asked Rogell.

"Yes, I was an assistant director on about 17 pictures and I wrote five screen stories and collaborated on seven others. And I directed nine pictures and was dialogue director on four. Then I also was assistant cameraman on one picture."

"Well you had better get your nose to the grindstone," said Rogell. "You need the experience. . . . Say, are you kidding?"

Gene Towne and Graham Baker were having a story conference about "Little Men." They got to arguing about children. "What do you know about kids, for gosh sakes?" asked Baker. "Well, after all," retorted Towne, "I was one myself, once."

People You Know

By Archer Fullingim

W. M. (Deacon) Jones didn't shave for two months one time. It was after he recovered from a serious attack of blood-poisoning. He was in Dallas hospital for two months, and all that time he did not shave. That first shave, he said, did him more good than anything.

Another time somebody told him he wouldn't get a sore throat if he didn't shave. Well, he didn't for a while, then a fellow mistook him for a cop, so he decided he'd better shave.

After seeing Chief Carlisle play with the eyes the other night this corner firmly believes that it was only tough luck that kept us from beating Amarillo and Lubbock and winning the district. The Westerners and Sandies ran their scores over right where the Chief played, but they would have never got by him if he had been in there. You will remember he broke some toes in the game at Olney. Chief sure would have been a lot of help, and we sure would have won. . . .

Attention city commission!

The following note is from Mrs. Paul H. Gray who seems to have a good reason for being indignant: "Speaking of houses there is something else Pampa should be ashamed of and should do something about, and that is the neglect of a place to walk for pupils of Baker school. Baker, the first school built, has as fine, intelligent children as any; teachers and principal second to none, and yet to go to school the children are forced to walk in the street because it is a little less muddy than at the side. I myself never realized how dangerous it was until yesterday when I splashed mud all over some youngsters and it hurt me all day to think I had sent them to school dirty. Oh yes, my own 'have received the same, but I never thought of it the same until I was the offender. I think Pampa should fix sidewalks or at least some gravel paths for those children to walk upon. Then they won't be risking their lives in the middle of the streets."

Yesteryear In The News

Ten Years Ago Today

Gaining all that was lost in the previous week, Gray county's 579 oil wells, increased by eight new producers, flowed 70,847 barrels during the week.

Commencement exercises were climaxed when Principal L. L. Bone presented the Central high school senior class to Supt. R. B. Fisher, who awarded diplomas to 55 graduates.

Five Years Ago Today

Thirty-two LePors Boy Scouts and seven adult leaders left on a 1,700-mile camping trip to points of interest in Oklahoma, Arkansas, and Tennessee.

The month of May brought the law of averages into play to disperse the drought with intermittent showers.

LOVE, COURTSHIP AND MARRIAGE

COURTSHIP REQUIRES CLEAR THINKING ON PART OF PRINCIPALS

By ERNEST R. AND GLADYS H. GROVES

Noted Authorities on Marriage Relations

Girls spend more time worrying about courtship techniques and mapping out the details of their campaign than do boys. They think they have to, for so many boys are somewhat scared by any great amount of obvious courting by a girl.

Most boys are still more timid about courting a girl who is not being rushed by other boys. So it seems to be up to the girl who wants courtship experience to get the boys headed her way.

This takes clear-headed thinking, for there is a narrow margin between a girl's figuring out only as a passing fad, and her gathering many boy friends.

If she cares for the boys only as a means to dangle at her belt, her sun will be short in the land.

But if she takes the trouble to know and like each one for what he is, her star will never set.

Boys profit, too, by doing some straight thinking on courtship. Otherwise they soon find themselves roped into courting the wrong girl, or unable to put themselves across with the one they want.

If a boy notices that the more a girl turns him down, the more excited he gets about her, he may well begin to wonder if he is not barking up the wrong tree.

Dr. and Mrs. E. R. Groves

Straight thinking called for.

It may be fun to chase one who is hard to catch up with, but what sort of friend will she make, once she does not get her attention, if she finds him so uninteresting?

Because of much loose talk that is abroad, it is easy for both the boy and the girl to get side-tracked into a courtship code of either promiscuous or heavy petting.

This destroys the purpose of the courtship by preventing the couple's getting to know each other, except in this one way.

It also keeps them from becoming interested in new persons, with whom they might build a broader friendship as a base for later love.

NEXT: Is This Love?

If Suits Hoover

NEW YORK, May 17 (AP)—Herbert Hoover, who was succeeded in the White House by President Roosevelt, today cast aside all partisan considerations and wholeheartedly endorsed Mr. Roosevelt's billion-dollar defense program.

"The president is right," he said. "That our defense armament should be revised in the light of experience from this war."

White Deer P-TA To Install New Officers Monday

Special To The NEWS

WHITE DEER, May 17—Officers for the coming year will be installed at the final meetings of the P. T. A. Monday evening at 8 o'clock in the grade school auditorium.

These officers are: Mrs. J. H. Skags, president; Miss Odessie Howell, vice-president and program chairman; Mrs. Charles Free, membership chairman; Rev. H. C. Travis, publicity chairman; Mrs. L. R. White, finance chairman; Mrs. B. L. Collis, hospitality chairman; Mrs. Juno Duval, secretary; Mrs. W. Buchanan, treasurer; and H. M. Howell, parliamentary.

Maurice Carlson will be in charge of the program on "Good Health." The Rev. J. E. Stephens will give the invocation. The rhythm orchestra, under the direction of Miss Marian Clark and Mrs. Juno Duval, will play several numbers.

Mothers of the members of the senior class will serve refreshments.

Pampan Addresses WD Baptist Group

Special To The NEWS

WHITE DEER, May 17—The Rev. Gordon Bayless, pastor of the First Baptist church, Pampa, was the main speaker at a meeting of the Men's Brotherhood held at the Baptist church here Tuesday evening.

Mr. Bayless spoke on the subject "Backsliding," and using the experience of Elijah as a basis, brought out many of the ways in which Christians fail in their relationship to God.

Biggs Horn, vice-president of the brotherhood, presided. The Rev. J. E. Stephens, pastor of the Methodist church, gave the invocation. LeVern Edwards played a violin solo, "The Flower Song," accompanied by his mother, Mrs. Neal Edwards. Arthur Nelson, educational director of the First Baptist church, Pampa, Earl McConnell shared movies of the Pampa Top O' Texas fiesta and rodeo.

Riley Richardson and Joe Seitz prepared the supper, and Mesdames W. H. Bray, Hyaman Gee, Neal Edwards, A. L. Meek, and W. M. Dittberner assisted with the serving. About 40 persons attended.

Music Recital Held At Miami

Special To The NEWS

MIAMI, May 17—Mrs. Holt Barber presented her pupils in their last program of the year in a studio recital Wednesday afternoon, in the home of her mother, Mrs. C. S. Seiber. As a special part of the program, the children performed all the amenities of the occasion.

Betty Lee Berry stood at the head of the receiving line. Velva Grace McCusick presided at the punch bowl, while Billy Dan Graham and Velva Ray Cowan served the guests in the dining room.

Jeannette Evans announced the program. Each of the other pupils had a place in seeing that the guests were received and seated after being served.

The program featured musical readings and songs. Those on the program were: Betty Lee Berry, Velva Ray Cowan, Donald Jenkins, Tommy O'Loughlin, Carolyn Joy Hoffer, Joan Ehnman, Velva Grace McCusick, Jimmy Campbell, Beba Dale Wade, Jeannette Evans, and Billy Dan Graham.

STAMP NEWS

PHILATELY will know Edward A. MacDowell as the man on the U. S. 5-cent stamp, above, fourth of the composers group of Famous Americans. But the world knows him as a man with a dream—a dream that came true.

MacDowell's dream is realized at Peterborough, N. H., designated for first-day sale of the MacDowell stamp in a colony for artists. Here in quiet woodland cabins, away from the noise and distractions, musicians, poets, authors, playwrights create American masterpieces. MacDowell's gift to America is not in his own music alone, but in the work of those who are helped by his dream.

MacDowell and his wife struggled for years to live while he composed. He knew the difficulties of working in a city. A year before his death, Mrs. MacDowell promised to make the way easier for other artists. Now, after 32 years, the MacDowell Colony at Peterborough is one of the nation's greatest artistic centers.

So They Say

CRIME has taken on a more national aspect than at any time since prohibition was brought to an end.

HARRY F. GUGGENHEIM, president, New York Citizens Committee for the Control of Crime.

CONSERVATION is clearly a world necessity, not only for enduring prosperity, but also for permanent peace.

Former Gov. GIFFORD PINCHOT of Pennsylvania.

If we can build a \$1500 house that will catch the public fancy, we'll launch the greatest building era in recent years.

GEORGE C. PICKERING, California contractor.

WE are supremely fortunate that in this hemisphere thought is still free and science is still untrammelled. It is for us to see that they remain so.

Secretary of State HULL to the Pan American Scientific Congress.

Cranium Crackers

Knowledge in General THE following questions should not be difficult. You ought to be able to answer three of them; women ought to get four.

1. What is the difference between a croquette and a fritter?

2. Name the world's greatest shade tree.

3. What is the British word for gasoline?

4. What do you do to baste a roast?

5. If someone gave you cracklings would you eat them or play a game with them?

# Oilers To Open Against Midland Tomorrow

## Doubleheader To Be Played Here Sunday

Manager Grover Seitz and his Pampa Oilers will return tomorrow from their jinx city, Clovis, to take on the Midland Cowboys in a single game Saturday night and a doubleheader Sunday afternoon. The game Saturday night will be called at 9:15 and all women will be admitted free. Sunday's doubleheader will begin at 2:30 o'clock, with no increase in admission price.

Two former Pampans will be with the Cowboys when they hit town tomorrow. They'll be Manager Sam Hale and Slugging Sam Scaling, who is coveting around first base for the cowhands.

The Oilers will have a new infielder, whose name is either Simpson, Stephenson, or Stephens. His name has been reported all three ways in box scores received from Big Spring and Clovis. A new chinker named McPortland will also be with the team.

CLOVIS, May 17—Unable to hit

## Faster Midget Car Races Foreseen For Tonight

In the clutches, the Pampa Oilers dropped their second consecutive game to the Clovis Pioneers 11 to 6 here last night. The two teams will close their current series here tonight, after which the Oilers will go home to lick their wounds.

Manager Grover Seitz, who has never particularly cared for Clovis pitching, went wild last night as he bagged a double and three singles on his four trips to the plate. Sam Malvica, who, on the other hand, has liked Clovis pitching, picked off his second home run of the season and added two singles for good measure. Prather got a brace of singles.

Pitcher Christie and C. Harrison each got two doubles and a single to pace the Oilers.

Cullum started for the Oilers but was blown off the hill in the fifth after allowing 10 runs on nine hits and walking four. McPortland, new pitcher, took over and checked the rally but it was too late.

Christie, who has always been a pain to the Oilers, whiffed 11 of them.

DANGER

SERIAL STORY - ROMANCE AHEAD

BY TOM HORNER

COPYRIGHT, 1940, NEA SERVICE, INC.

YESTERDAY, Larry Collins, a New York reporter, quits his job to return to Texas to track down the murderer of his brother, Hugh, killed in a peculiar accident...

CHAPTER II

LARRY laughed bitterly as his car sped from sight.

"What do we do now?" It was the woman with the baby. Larry had forgotten her.

"Guess we'll just sit and wait, unless I can make this car go," he told her, then yanked the wheel...

"They are the bank robbers. I'm sure of it," the woman explained. "They came to the ranch about noon—we live near the line—they said they were lost and asked directions to the highway...

"And they used you and the youngster to get by the patrolmen?" The woman nodded. "I told the officer's name was my husband. They let us pass. But what are we going to do now?"

"Right now, you and the baby are going to get into the car and try to take a nap, while I try to start this bus."

The woman laid the baby on the rear seat, came back to Larry. "I think we're out of gas. The gauge shows empty."

Larry sat down on the running board, rolled a cigarette. That wrecks my career as a mechanic. Nothing to do now but wait."

TEN cigarettes later, a highway patrol car stopped beside them. A wild-eyed, overall-clad rancher jumped from the car, rushed to the woman.

Larry walked to the officers, recognized them as the pair who had stopped him earlier in the day. "Stopped to give a little help, and a couple of guys took my car..."

One of the patrolmen nodded. "Yeah, they got through. This rancher found the car that was used in the bank job when he started looking for his wife. He called the sheriff and then rode a horse to the highway. We've been looking for the woman and the baby ever since."

The rancher left his wife and son, returned to the patrolmen. "Mary and the baby are all right," he said. "You want to ask Mary anything about those two?"

"No. Your wife's been through enough for one day," one officer answered. "Anyway we've got good descriptions of the men from the cashier of the bank, and the sheriff is checking their car for fingerprints. We've got a good idea who they are. You better get your wife home now. What's wrong with the car?"

"Just out of gas," Larry supplied. "We'll send a mechanic back with some." He turned to Larry. "What are you going to do?"

"I'll ride on into town if it's all right."

LARRY telephoned Colonel Harris, the highway patrol chief, as soon as he checked into a hotel. "Glad you're here," Harris said. "I've been waiting for you. I'll be over to see you shortly. Better if you stay away from headquarters. Someone might see you and get to wondering too much about..."

The car missed Larry by inches, skidded, turned into a filling station. . . . A girl, a very pretty girl, was driving.

other car whizzed past the corner, missed Larry by inches, skidded, and with tires screaming, turned into a filling station driveway.

Larry jumped from his car, ran across the street. "Are you hurt?" he shouted at the other driver.

A girl's face appeared over the door of the convertible coupe. A remarkably pretty face, Larry noted—raven black hair, flashing black eyes, a turned-up nose and a mouth that could have been a perfect cupid's bow, if it could have remained still.

But the mouth was far from still. An angry voice was shouting back, "Idiot! Can't you read a stop sign? Driving onto a boulevard without stopping? Who do you think you are? Maybe you bought the street? . . . Why don't you learn to drive? . . . Get out of my way, I'm in a hurry!"

The motor raced. The car backed away from the building, slammed to a stop. The girl ignored Larry, shouted at the filling station attendant, "If you're damaged any—collect from him. It was his fault—letting fools like that one loose—to drive automobiles—"

The car roared out of the driveway and was gone. "It was my fault," Larry admitted to the station man. "What's the damage?"

"Nothing hurt here," the man laughed. "Boy, was Monnie mad! She sorta told you, mister. Larry grinned. "I deserved it. Who did you say she is?"

"Everyone in town knows Monnie Miles, mister. You must be a stranger. That's Monnie, all right—Monica Maria Christina Miles. Her old man's a rancher up on the river—old Col. Taylor Miles."

The name had a familiar sound. Miles. . . . Then he remembered. It was on the Miles ranch, Colonel Harris had said, that Hugh had had his accident.

"Oh, yes. Well, thanks, buddy. Lucky that nothing was hurt." He walked back to his car. "So that's Monnie Miles. Well, Miss Miles, it looks like you and I are going to meet again—soon!"

(To Be Continued)

a \$25,000,000 naval air training school in Texas, probably at Corpus Christi, appeared bright today as the House naval affairs committee began consideration of the navy defense enlargement program.

Rep. Lyndon Johnson (D-Tex.), a member of the committee, said the group would take up naval aviation Thursday and that the proposed Texas school would be one of the principal projects considered.

He said he had discussed with both the President and the secretary of navy the possibility of establishing a training school in Texas.

Military Situation 'Slightly Better,' Reports Britain

LONDON, May 17 (AP)—An authoritative source said today that the military situation from the standpoint of the Allies "though very serious may be regarded as very slightly better than yesterday or Wednesday."

A meeting of the Allied supreme war council in Paris yesterday attended by Prime Minister Churchill was described as having had "a very beneficial effect."

This is an authoritative British view of today's war position:

1. The situation on the French battle line is very serious.

2. However, the outcome is awaited with "complete confidence."

3. Reports from the fighting zone make it clear that the Royal Air Force, "machine for machine and man for man, is decisively superior to the enemy."

A British spokesman compared the present battle of the Meuse with the protracted fighting at Verdun in the world war (from February to November), he regarded as very "clear appreciation" of the situation at this time.

Churchill, he said, calls the fighting the "battle of the bulge," due to the conformation of the lines of battle.

Texans Hope To Get Naval Aero School

WASHINGTON, May 17 (AP)—Prospects for the establishment of

### Near Billion Recommended For Relief

WASHINGTON, May 17 (AP)—A \$975,650,000 WPA appropriation, spendable in eight months if necessary, was recommended by the House appropriations committee which reported a lessening of "abuses" in relief administration.

The WPA appropriation, which the committee approved as President Roosevelt had requested it, was part of a \$1,111,754,819 emergency relief supply bill for the fiscal year beginning July 1. The committee sent the bill to the House floor.

At the same time it reported to the House that the administration of relief heretofore had been marred by abuses including improvement of private property at public expense, over-managed projects, "padding" of WPA, the appropriations group said, was in Louisiana, where some state officials have faced criminal charges. The committee's report declared that it was "incomprehensible" that federal officials, "at least in Louisiana, were not cognizant of the waste and diversion and misapplication of funds."

The \$975,650,000 WPA appropriation was compared with a \$1,477,000,000 relief outlay for the full 12 months of the current year. The committee said the proposed sum would provide employment for an

average of 1,339,000 persons if used over a 12 month period or 1,980,000 on an eight month basis.

Permission to use the money in eight months, if necessary, was recommended, the committee said, on President Roosevelt's request that this be done and in the light of reports showing a decline in industrial activities since January, when the chief executive made his original request for \$975,650,000 for 12 months.

While clearing the way for expenditure of all the money in eight months, the committee—without explaining why—wrote into the law restrictions on the total number of persons who could be employed in the five months from July 1 until after the November elections.

These restrictions which the committee said were based on WPA's estimates of its own needs were a top of 1,700,000 persons for the months of July, August and September; 1,800,000 for October and 2,000,000 for November.

House leaders arranged to take up the big relief measure today after completing work on the farm appropriation.

In addition to WPA funds the measure carried, as recommended by the appropriation committee, \$115,000,000 for rural rehabilitation work of the agriculture department, a cut of \$8,000,000 under Mr. Roosevelt's request.

The measure represented a \$543,075,084 reduction when compared with corresponding appropriations for the current fiscal year, and a cut of \$14,300,084 below the President's recommendations for the next year.

On an average, in normal times, five destitute children are admitted to Dr. Bernardo's Homes in London daily.

### Mussolini Looks Over His Hawks

The Italian air force—Mussolini's pride among Italian armed forces—is considered to be cast in an important role in Premier Mussolini's war plans. Above, Il Duce (right, foreground) is seen during a recent inspection of Italian fliers at Rome.

### General Captured As Troops Break Rules In Dizzy Battle

By WILLIAM T. RIVES  
WITH THE TEXAS RED ARMY.  
May 17 (AP)—Grimy Red and Blue soldiers rested today after the war maneuvers' wretched scramble brought a halt to the dizzy battle of Leesville, La.

Umpires said rules had been violated and the situation was such that it was wiser to halt the affair, rest the men and get a fresh start on a new problem Monday.

So orders went out that an armistice was effective 16 hours before schedule.

The Blue forces, 45,000 strong, routed the Reds, driving them from Leesville toward the Sabine river, after tank fighting up and down the city streets.

Such incidents as over anxious troops driving through road blocks in spite of warning signs, and the heading rush of the Blues threw the problem out of kilter.

"We don't shoot real bullets," one army observer said, "and so allowances must be made for certain situations."

Red troops were forced back along

a line generally north of Leesville yesterday morning. The famed seventh mechanized cavalry brigade, a big tank and armored car outfit, was out on the southeast.

The Blues, advancing great distances with their traveling equipment, suddenly burst on Leesville from the north and south, split the Red forces and chased them toward Texas.

The seventh mechanized, it developed, was on the wrong flank and got to the scene too late to utilize its vast power.

The 20th combat team—artillery and infantry—raced 125 miles in a sweeping curve starting southeast of Leesville and entering the city from the south.

A fellow group of tanks dashed in and achieved one of war's rarities—capture of a general.

Major General Kenyon Joyce was the unfortunate victim, but he and his staff, who were surprised in their headquarters near Leesville, were restored to action several hours later.

Reds and Blues, using tanks, fought through the city streets, anti-tank weapons spitting as crowds gaped from the sidewalks.

Down dusty roads the Reds fled, some of their units becoming disorganized in the rush.

Brig. Gen. Jonathan M. Walwright, whose nickname is "Skinny," had a close call. He was at a filling station when Blue tanks suddenly appeared. The general stood quietly behind a station pump and the enemy failed to see him.

### WTCC Continues Freight Rate Fight

BIG SPRING, May 17 (AP)—Continuation of the fight for parity freight rates, a proposal that Congress control the national debt and protests against a heavy reduction in the Texas cotton allotment were major platform planks today as the West Texas Chamber of Commerce opened its annual convention.

The fight for removal of allegedly "discriminatory" freight rates in the southwestern area included an appeal to the state railroad commission to take the lead by imposing parity rates within the state as well as efforts to secure interstate commerce commission action toward equalizing the national rate structure.

A proposal that Congress control national debt incurrence rather than hold to debt limitations was in the hopper for early submission. Under this resolution a spending curb was favored rather than a statutory limitation.

The works committee, which clears resolutions, also was expected to study proposals to oppose federal oil control, that the railroad commission hold crude stocks to the "proper economic level" and for tariff protection for raw materials producers.

Other proposed resolutions called for an appointive state school superintendent named by an electric board apportionment of state school funds on an attendance rather than census basis, legislative restrictions on the basis of the 1940 census, abolition of ad valorem taxes for state revenue purposes, a moratorium on further natural resources taxes as a step to stabilize the producer's position and support of a move to secure a cotton fiber ginning laboratory for this area.

Argentina natives make butter by dragging cream in a skin bag behind a rider on horseback.

The ribs and jawbones of whales were used as the main "timbers" in the dwellings of ancient Eskimos.

### Nazis Bombers Level Towns, Kill Hundreds

WITH THE BRITISH EXPEDITIONARY FORCE IN BELGIUM, May 17 (AP)—(Passed by Military Censor)—The German Luftwaffe, the terror that flies by night and by day, has carried the ruin and suffering of total war far behind the Allied positions in three days of bombings which have struck Belgian and French towns, cost hundreds of lives and done inestimable damage to roads and buildings.

There has been no relief for British pursuit squadrons fighting Nazi planes attacking British troops and positions on land.

Only this morning came word that German Heinkel planes dive-bombed a railway station where a trainload of Belgian refugees had just arrived.

Twelve refugees were killed and scores were wounded.

Technically, the bombing is confined to "military objectives," a phrase which covers every town with a railway station or bridge.

Aircraft bearing high explosive, incendiary and delayed-action bombs have attacked these "military objectives" at a dreadful cost of human life.

Last night, the sky was alight with burning towns. The town we stopped in shook with the explosion of heavy bombs and anti-aircraft fire.

The effects of the bombing were

brought close when we passed thru a village which 15 minutes later was bombed by eight Heinkels.

Incendiary bombs had turned the placid main street into a roaring bonfire when we returned. Refugees huddled in doorways or lying under ponderous farm carts had been wounded or killed.

Troops turned from their own tasks to the rescue of the wounded and the extinguishing of fires. An hour later the streets were cleared and the refugees—a 20-mile column of suffering and pain—again stumbled through the town, past charred houses and broken bodies.

### Germans Report 12,000 Prisoners Captured At Sedan

BERLIN, May 17 (By Radio) (AP) Berlin radio reported today that 12,000 prisoners, including two generals, were captured in fighting southwest of Sedan, northern France.

It quoted an army bulletin as reporting that the German forces "began occupying" the islands of Zeeland province, the southwestern part of Holland where resistance continued after the general capitulation of Wednesday. It said Tholen Island surrendered yesterday.

Gorillas often attain a height of six feet and have a reach of eight feet.

### New Fire Station Started At LeFors

SPECIAL TO THE NEWS  
LEFORS, May 17 — Foundations were laid today for a station being constructed to house the LeFors fire department. The location is on the square immediately behind the city hall.

The station, 16 and 36 feet in proportions, was voted to be built by the city council at their regular meeting Monday night. The city is buying the material, and all work being done will be contributed by public-spirited citizens.

It costs Uncle Sam 42 cents a day for each sailor's meals. Army meals cost 31 cents each.
