

UTAH CONVICTS IN RIOT

Two Cotton Bills Introduced SEATTLE WAITS FOR AVIATORS

MOYLE AND ALLEN SILENT OVER PACIFIC

Californians Not Heard From in Two Days Since They Left Japan on Lengthy Flight for Prize.

NO ALARM FELT

Tail Wind Should Speed Pair Along Route; Clouded Skies Will Be Met If They Reach Goal.

SEATTLE, Sept. 9. (P)—Under clouded skies, Seattle watched today for Don Moyle and C. A. Allen California fliers who left Japan almost two days ago on a non-stop flight from Samushiro beach to this city.

The aviators had not been reported since they were sighted 70 minutes after leaving the beach but in view of the isolated territory over which they would fly and the slowness of communication from those parts, this was not considered alarming.

Scores of cars and hundreds of people crowded Boeing field when the fliers are expected to land. They had hoped to reach Seattle by noon today. At 12:30 p. m. (2:30 p. m. C. S. T.) they had been in the air 48 hours.

Because of a tail wind, aviators here were hopeful their gasoline supply would last longer than the allotted 47 hours.

Brooks Asserts Rotarians Helping to Prevent Wars

"Europeans are looking to Rotary clubs throughout the world for a protection against their neighboring countries, and as an agent for the prevention of future wars," said Dr. T. D. Brooks, president of the university and governor of this Rotary district, in a talk before the Rotary club at the Methodist church today.

"No European countries are prepared for war, but there is a fear psychology among men that trouble will arise at any time. These people are depending on Rotarians to promote understanding among the leaders of the different countries which will make wars unnecessary.

In disputed territories, which have been acquired another country, within the last 10 years, there are soldiers everywhere, prepared for invasions from one side or the other. "It is the duty and mission of Rotarians in those countries to promote such understanding that this tension can be relieved. Tariff barriers have to be removed for the raising of money, but principally to make each country self supporting, in preparation for future wars.

The international convention at Vienna, which Dr. Brooks attended, stressed international relationships. Diplomats and high government officials were numerous at the opening meeting and many of them attended all of the meetings. "They are greatly concerned and will be influenced materially by the talks made and the actions taken at the Vienna convention," said Dr. Brooks. Visitors at the meeting today were: Floyd Studer, Amarillo; Bob Green, Amarillo; Clinton Henry, R. B. Fisher; H. H. Durston, Fort Worth; and W. A. Newman, McLean. Visiting Rotarians were: C. H. McClellan, Wichita Falls; A. Beardon, Monroe, La.; C. D. Hare, and Arch Hunsley, Amarillo.

COTTON PICKERS OFFERED WORK

Who wishes to pick cotton at 40 cents a hundred? Clyde Garner, Welfare Board employment agent at the city hall, has work for three or four families in a nearby county.

Anyone interested is asked to get in touch with him at once.

A SKY-WRITER

NEW YORK, Sept. 9. —Elsie Janis, erstwhile of the stage and now pursuing a writing career, is reported that she is en route by airplane to Hollywood, typing a story as she flies, it became known today.

Miss Janis, who has a student pilots license, said she found a plane an excellent place for working. "You get that detached feeling. Nobody ever drops in," was her explanation of the preference for the new form of "sky writing."

NEW GOVERNOR

MEXICO CITY, Sept. 9. (P)—The local press printed an unconfirmed report that Arturo Elias, present postmaster general, will be designated governor of the northern district of Baja California, replacing Lerdo Tejada.

PRINCE'S PRINCIPAL PARTNER

The Prince of Wales, who always prefers American dance music, apparently prefers American dancing partners, too. Anyhow, smiling, dark-eyed Irma Chery (above), appeared frequently at dances with the vacationing British throne heir at Biarritz, famous Riviera resort.

MIDCONTINENT OIL PRICES REMAIN ON TRIAL STATUS

Rail Commissioners May Be Forced to Acreage Plan to Control Output.

DALLAS, Sept. 9. (P)—Oil prices generally in the midcontinent area remained more or less at a "trial level" this week as producers and purchasers watched with skeptical interest the experiment of renewed production in the huge new East Texas field, under the double surveillance of civil and military officials. Because of its great production possibilities, the field continued to be a determining factor in the national oil market.

Texas ostensibly shut down production of the field by martial law on Aug. 17 to "conserve natural resources" and prevent "physical waste" until production regulations could be devised under a new state conservation law. That law specifically forbade consideration of economic conditions but the fact remained that prices seemed to benefit almost magically by the shut-down.

Crude quotations had slumped to a low as 5 and 10 cents per barrel when the 1,600 producers in the field were rushing forth a tide of oil estimated at from 750,000 to 1,400,000 barrels daily immediately prior to the martial law shutdown.

Up to 68 Cents. When the field was allowed to reopen again last Saturday, still under martial law supervision, posted prices had risen to 68 cents per barrel in the futures of the Magnolia, Sun, Tidal, Sinclair and Gulf companies. The Humble also was reported to have recognized the 68-cent price, but without formally posting it.

The new railroad commission production order, setting production on a well basis at 225 barrels per well daily, was met by predictions of an "unrestricted" drilling campaign which it was feared again would flood the midcontinent oil market with a price-wrecking surplus.

Gov. R. S. Sterling himself at first opposed the new order and declared it would "put the little fellow out of business because he hasn't the money to compete with larger companies in a drilling campaign."

However, C. V. Terrell, chairman of the railroad commission, predicted the new order would result in a daily production total of 400,000 barrels for the field and declared production would be kept within that amount.

On Trial. The new production order was issued on a trial basis, the commission reserving the right to alter it.

(See OIL PRICES, Page 6).

ENID MAN ELECTED

LUBBOCK, Sept. 9. (P)—J. G. Crowley of Enid, Okla., was elected governor of the sixth district of American business clubs and San Angelo was selected as the 1932 convention city at the concluding session of the annual district meeting here yesterday.

The sixth district includes business clubs in Texas and Oklahoma.

ONE DESIGNED TO END TRADE IN FUTURES

Second Measure Would Prevent Planting This Year and Limit Crop Next Year to Half of Acreage.

FARMERS ARRIVE

Opposition to Legislation on Grounds of Invasion of Bill of Rights Heard From Opposition Bloc.

AUSTIN, Sept. 9. (P)—Both houses of the Texas legislature moved to begin committee hearings today on proposed cotton curtailment bills, speeding up procedure to hasten passage of a law to which the entire south looked for a precedent in the cotton industry crisis.

The house passed a resolution calling for a joint committee hearing on the bills, to be started immediately and concluded by Friday night, but the senate rejected this resolution, deciding separate committee hearings would be more appropriate.

Kill Joint Hearing

The house argued over procedure after the senate killed the joint hearing resolution, debating whether the bills should be considered by the committee on agriculture or by the house sitting as a committee of the whole. No decision had been reached when the house recessed for lunch.

Farmers surged about the streets, assembling for a huge mass meeting tonight to impress legislators with the seriousness of their plight, the greatest financial crisis cotton planters have faced in many years.

Both bills to prohibit planting cotton next year and to reduce acreage about 50 per cent already had been introduced in both legislative houses.

Besides the two factions supporting these respective measures, a strong third bloc was determined to ward off any legislation, contending such a measure would infringe upon property rights and privileges guaranteed by the constitution.

To Hear Long

Gov. Huey P. Long of Louisiana, champion of cotton prohibition in 1932, decided last night he would not come to Austin to address the mass meeting tonight but arranged to appear by radio.

Enrollment Going Upward Steadily

Enrollment is continuing at all local schools in orderly fashion. Reports of the enrollment of 2,176 pupils were given to Mr. Fisher's secretary shortly before noon today. This number, however, does not include Meritt and Kingsmill, nor does it include the complete enrollment at Woodrow Wilson and Hoover.

Two hundred eighteen freshmen enrolled at Central high school yesterday, and 50 sophomores this morning. Sophomores whose names begin with letters from Z through Z are reporting for enrollment this afternoon.

At 11:30 o'clock there were 450 students enrolled at the junior high school, 399 at Baker school, 335 at Sam Houston, 324 at Horace Mann, more than 300 at Woodrow Wilson, and more than 100 at Hoover.

Thieves recently broke into the police station at Chelsea, England, and rifled the till.

EXHIBITS FOR FAIR BEGIN TO ARRIVE IN CITY TODAY

Class listed in the fair catalogue. County Agent Ralph R. Thomas, yesterday helped farmers of various communities select agricultural products for booths. Definite assurance has been received that Grandview, Back, Eldridge and Bell will have booths.

Today, Mr. Thomas is visiting dairy farmers advising them which dairy animals should be entered. Miss Myrtle Miller, county home demonstration agent, is assisting club women over the county in selecting and arranging exhibits. Mr. Thomas announced today that the swine show is going to be considerably larger than was anticipated a week ago. The dairy, swine and machine shows will be housed in the warehouse of the Pampa Hardware & Implement company at Ward and Kingsmill streets.

C. C. Alexander Is Dead

Opera Voice

Eleven-year-old Russell Baird Palmer (above), can trill like an opera soprano. A choir boy and soloist at St. Peter's Church in Germantown, Pa., he can take high C with perfect assurance and has a large repertoire of operatic arias. He is to give a series of concerts in New England and New York soon.

Succumbs

C. C. Alexander, commander of the Pampa Legion, a pt. oil operator, and civic leader, died early today of pneumonia.

Succumbs

C. C. Alexander, commander of the Pampa Legion, a pt. oil operator, and civic leader, died early today of pneumonia.

BLAST ROCKS DALLAS AREA

Du Pont Powder Magazine Blows Up, Breaking Hundreds of Windows.

DALLAS, Sept. 9. (P)—Freakish earth tremors caused by the explosion of a small Du Pont Powder company dynamite cache, eight miles south of Dallas, early today caused more damage in downtown Dallas than at the scene of the explosion.

Buildings were shaken and thousands of dollars damage resulted when plate glass windows in skyscrapers and store buildings were shattered, plastering cracked and dishes were broken.

DALLAS, Sept. 9. (P)—An explosion of a powder magazine on a farm 8 miles south of Dallas today rocked the downtown section and blew out windows for miles around. No one was seriously injured.

The magazine, owned by the Du Pont company, was one of four located on the Henry Schaefered farm. The other magazines did not explode, although the blast was so terrific it destroyed the Schaefered home about 100 yards away.

Fire Was Seen. The cause of the explosion had not been determined, but members of the Schaefered family reported a fire was seen burning behind the magazine a few seconds before the blast.

The only ones requiring hospital treatment were a grandson of Henry Schaefered and a negro child that lived on the same farm.

Mrs. H. J. Schaefered was almost suffocated by the heavy white smoke that hung over the farm for some time after the blast. She was revived by her husband after he had carried her from the farm home.

Wilkins to Bring Sub Back Soon

LONGYEAR CITY, SPITZBERGEN, Sept. 9. (P)—Sir Hubert Wilkins began overhauling and refueling the submarine Nautilus today in preparation for an early return to America, either direct or by way of Iceland.

The chief damage done on his cruise into the Arctic was the breaking of the mast by a violent storm. The party expressed satisfaction with the working of its scientific instruments, especially the gyro-compass.

Sir Hubert said today he was satisfied that submarines are ideal for studies in the Polar ice. He has accepted an invitation to visit the island coal mines and it seemed unlikely that he would leave before tomorrow. The first stop on the return voyage probably will be Reykjavik.

Old Cane to Be Exhibited at Fair

One of the entries in the antique show of the Gray county fair will be a 200-year-old cane made by E. A. Shackleton's grandfather. The cane is made of an exceptionally symmetrical hawthorn limb. It is silver-topped. Despite its great age, the cane still retains its rich natural colors.

P. Reid, in charge of the antique show, explained this morning that relics and family heirlooms will be accepted for exhibition. The antiques must be brought to the city hall by 10 o'clock tomorrow.

BLAST KILLS FARMER

BOERNE, Sept. 9. (P)—Bud Moore 54, farmer, was instantly killed on his farm two miles south of here yesterday when dynamite he planned to use in blasting trees exploded prematurely.

GRAVEL CASE BEING HEARD

County Commissioners in Hearing Prior to Approving or Refusing Payment.

Testimony introduced to determine whether the county owes Tom Jackson \$3,840 for spreading gravel on a road leading from the McIlroy refinery to the railroad last January was heard in the county courtroom this morning by county commissioners.

Two witnesses, Mr. Jackson, and A. H. Doucette, county surveyor, occupied the stand. Questioned by his attorney, W. M. Lewright, Mr. Jackson outlined the history of his business dealings with the county. He said that he agreed to spread gravel on the road for \$3 per yard, and that his trucks hauled 1,280 yards there on the road.

Exhibits Record. The witness introduced in evidence original tickets and duplicates of 1,280 yards of gravel hauled in truck loads to the road. Under cross-examination by Chas. C. Cook, attorney for J. L. Noel whose temporary injunction to restrain the county from paying Mr. Jackson the bill was dissolved by the court of civil appeals, Mr. Jackson stated that besides the McIlroy road project he constructed gravel shoulders on the Borner road and hauled gravel for a concrete slab near the Phillips Big Gray plant in the oil field south of Pampa.

Mr. Doucette testified that he measured the material placed on the road at the request of County Judge S. D. Stennis. He stated that he made a survey, Feb. 12, measuring the width, length and depth in three different places, and estimated the material at 643.3 yards.

Only an Estimate. "An estimate is all you can make out of it," he said. Cross-examined by Mr. Lewright, Mr. Doucette testified that he allowed nothing for shrinkage. He said that the road was subjected to heavy truck traffic while it was being built, and that it is now and was at that time a well-travelled road. When he measured

THE WEATHER

ARKANSAS, OKLAHOMA and WEST TEXAS. Generally fair and continued warm tonight and Thursday.

—AND A SMILE. LOS ANGELES.—Although he swallowed the evidence, Henry Abraham has been sentenced to a year in jail and a \$5,000 fine. The evidence was a marked five-dollar bill, which police gave him in buying liquor. It was recovered with a stomach pump.

ONE IS SHOT OFF WALL AS HE SCALES IT

Former Robber Had Thrown Hook-Rope; He Is Fatally Wounded and Fataliter Then Breaks Out.

2 GUARDS HELD

Warden Davis Defies Bullets to Reach Inmates and Persuade Them to Give Up State Hostages.

SALT LAKE CITY, Sept. 9. (P)—Louis Deathridge, serving an indeterminate sentence for robbery, was shot and killed by a guard when he attempted to escape over the wall of the Utah state penitentiary this morning, and in an ensuing riot another convict and a guard were reported to have been wounded.

Deathridge had thrown a hook, on the end of a rope, over the prison wall and had started to scale a rope ladder when he was felled by the guard's rifle before he reached the top.

His body was dragged toward a cell house by fellow convicts, who were reported to have obtained arms. D. L. Riss and C. L. Christensen, guards, were held prisoner for some time by the convicts before Warden R. E. Davis, braving the bullets of the prisoners, persuaded them to release the officers.

Riot squads from the police and sheriff's departments rushed to the prison soon after the firing was heard.

The break was frustrated by the refusal of Deputy Warden Wilford E. Giles to obey orders of a dozen prisoners who held him captive.

Demanding Warden. A dozen convicts surrounded Giles when he entered the cell house this morning and demanded that he produce the warden. When he refused, F. C. Hertel, a convict, ran into the prison yard and hurled a prison-made bomb to the roof of the look-out tower on the northeast corner of the wall. Its explosion was a signal to other convicts and the riot was on.

McTavish, in the northeast look-out tower, fired at Hertel who took cover, and then shot Deathridge down when he made his break for liberty.

Escaping the bonds with which the convicts had tied him, the deputy warden ran into the prison yard in an effort to draw the rioters into the line of the guards' fire. The bomb also served as a signal for the guards, who started a general fire into the cell houses, keeping the convicts inside.

ROOMMATE OF MAN UNDER MURDER CHARGE

CORPUS CHRISTI, Sept. 9. (P)—V. von Carlos, roommate of Alfred Steinhack at the time of the 20-year-old Cincinnati youth's disappearance, was under a charge of murder today.

Steinhack disappeared July 7. His body was found by a cowboy on a ranch ten miles south of Corpus Christi Sept. 1.

Sheriff Ben D. Lee said Carlos made a statement which exonerated another man held for investigation in the case.

An inquest into Steinhack's death, set for yesterday was postponed pending further developments.

FOREST HILLS, N. Y., Sept. 9.

(P)—Johnny Van Ryn of Philadelphia, American Davis Cup doubles star, went into the quarter finals of the National Singles Tennis tournament today with a straight set victory over Christian Bousus of France, second seeded foreigner. The scores were, 7-5, 6-0, 6-4.

MAY SELL WHEAT

WASHINGTON, Sept. 9. —The farm board is negotiating in several quarters for additional sales of a part of the 200,000 bushels of wheat it holds.

News-Post Backs Harvesters—Do Thou Likewise

Squarely behind the Pampa Harvesters are the NEWS, THE POST, and the Pampa SUNDAY NEWS-POST, Pampa's energetic newspapers.

So too, are the loyal fans who have interest in the team leads them to work for and boost the boys.

It will take more than these groups, however, to make the season a success. This year Pampa is the entertainer, for it is largely a home schedule. This means a playing advantage for the team but likewise a financial burden. It behooves the entire community to see these games:

Clarendon next Friday, 4 p. m. Sept. 11.

Oklahoma City, Sept. 18

Memphis, Sept. 25.

Wichita, Kans., Oct. 2.

Amarillo, Oct. 17.

Lubbock, Oct. 31.

St. Louis, Nov. 11.

Certainly, with such a home grid menu, Pampa fans should find their way in large numbers to Harvester park. Begin the habit Friday, 4 p. m.

MURRAY FOR PRESIDENT?

Gov. William H. Murray's Labor Day speech in Chicago was taken by many as the opening of a campaign for the presidency.

The colorful sooner executive has been riding on the front page of the nation's press for several months through various moves.

He has begun his appeal to the common people on the basis of the economic condition of the country under the Hoover administration.

However, the thing of Murray's chances is based on his support of the Democratic party.

Whether the westerners like to admit it or not, the eastern financial circles have a lot to do in naming presidential candidates.

It is to be remembered that Murray hitch-hiked his way during his campaign for the governorship and he might duplicate the trick to the White House.

COTTON

The other bill, by Representative H. B. Hanson, of Tyler, would ban the planting of cotton in 1932 and limit acreage in 1933 to 50 per cent of the cultivated land.

Condition Attached. The act would not be effective until every other cotton growing state had enacted cotton acreage control legislation.

A resolution was offered by Representative Metcalfe calling on the Texas prison system to abandon the planting of cotton next year.

Georgia Plan For. Eugene Thalmadge, Georgia commissioner of agriculture, passed late yesterday.

Two bills dealing with cotton were introduced in the house today.

Heavy penalties on persons dealing in futures and their agents and on persons leasing properties for this purpose were provided in the bill.

GUILTY LIPS

By LAURA LOU BROOKMAN Author of "MAD MARRIAGE"

BEGIN HERE TODAY. Pretty Norma Kent, 20-year-old secretary in a law office, sees Mark Travers for the first time when together they rescue a puppy from downtown traffic in Marlboro.

Bob Farrell, young lawyer, asks Norma to marry him and she refuses, though she is fond of him as a friend.

Next evening a small boy comes to see Norma, claims the puppy and Chris tells her he is Mark's father and demands her affair with his son shall end.

With one bound Mark Travers was in the room, slammed the door behind him.

Chris strolled casually toward the doorway, took off her hat and dropped it there.

Chris strolled casually toward the doorway, took off her hat and dropped it there.

Chris strolled casually toward the doorway, took off her hat and dropped it there.

there could be nothing in common. Travers glared at her suspiciously, then toward his son.

The girl was sobbing quietly, her face hidden in Mark's tweed shoulder.

"Marry her!" shouted F. M. Travers. "Marry her! Well, we'll see about that! You'll do nothing of the sort if I have to turn you over to the police!"

"I don't know how you can interfere. I'm 23, you know. I've the right to marry whom I please and that person happens to be Norma, All I have to do is convince her I'm worth taking."

"Look here — once and for all you're going to stop this nonsense!" Mark moved a step forward.

"By heavens, I'll show you what I can do!"

"Oh, no you won't. You may be the tin god of the Century Realty corporation and the big boss of the West Side but, you're not going to tell me what to do!"

"Marry her!" shouted F. M. Travers. "Marry her! Well, we'll see about that! You'll do nothing of the sort if I have to turn you over to the police!"

"I don't want your damned money! Norma and I can get along without your help. We'll show you how much we want your rotten cash."

He broke off abruptly. The elder Travers whirled to see what Mark was looking at.

"None of the three had heard her enter the room. None knew how long she had been there. In the sudden silence Chris' immobile gaze moved from one to another of the trio.

"Well, Chris spoke slowly, calmly, "just what is this? About time to put in an ambulance call, I should think. Norma, dear, why don't you suggest to your visitors that this house is not an institution for deaf mutes?"

"I'm not going, Father."

Chris strolled casually toward the doorway, took off her hat and dropped it there.

The friend Mark brought to make the fourth in the wedding party was Bradley Hart, Chris' employer.

Chris and Brad were in the running phone booth, waited for the voice to come over the wire.

By nine o'clock they were passing through the outskirts of Marlboro.

FEMININE FANCIES

By Hollyce Sellers Hinkle

Will the women's part of the fair be a success? There's no doubt about it! Mrs. A. B. Goldston, general chairman, and about two dozen helpers were transforming the Mitchell building this morning into one of the best showplaces in the county. Several entries had arrived for almost every department.

There was a silk piece quilt made by Mrs. Hugh of Amarillo. Mrs. Hugo, who is 89 years of age, gave the quilt to Mrs. O. H. Booth for a Christmas, present last winter.

Mrs. Booth has other items of interest in the fair. There were two dice which her grandfather, Capt. J. T. Ophiant carried through the Civil war. The captain was wounded in the Battle of Shiloh and was forced to carry crutches for the rest of his life. He lived to be 89 years old.

Mrs. Booth especially prizes a Currier and Ives print of "The First Prayer." She was offered \$75 for this piece but said it was not for sale. It is over 100 years old.

A spread carded, spun, and woven in Alabama in 1858 by the mother of Mrs. E. F. Young is a valuable addition to the antique department.

An unusual cockscomb grown in LeFors is on exhibition. Three stalks of the flower have grown together.

Miss Myrtle Miller and her co-workers were busy in the home demonstration department this morning. Scores of canned goods, garments, and other articles have been submitted by club women throughout Gray county.

Mrs. E. A. Shackleton was receiving and arranging canned articles for the 4-11 pantry exhibit. On the shelves of this pantry will be sufficient food to last a family of five persons for three months.

A glance at the home demonstration clubs' canning exhibits will substantiate the statement that Gray county families expect to "live at home" this year.

And why shouldn't we "live at home?"

A widowed mother, who teaches during the day, tells how she meets the demands on her time and money by raising a garden in the summer and then canning these vegetables and fruits for winter use. "I could never manage with my three children, who are in school, if these foods were not ready for us to use when we get home for our meals. I know, too, that they are good for the children." A balanced meal in glass is a great convenience.

China Protests Expulsion Order

HONGKONG, Sept. 9. (AP)—Eugene Chen, foreign minister of the insurgent South China government at Canton, announced today he had cabled to the Mexican government a protest against the order expelling Chinese from the Mexican states of Sonora and Sinaloa as "an act of barbarism."

Chen announced the note stated the expulsion of the Chinese, all of whom are Cantonese, has "no parallel in modern times."

"As a revelation," it added, "of the abuse of state power and lack of restraint and responsibility on the part of high authorities it may well be likened to the Pogroms against the Jews under czarism and the dark deeds of Abdul the Damned against the oppressed races of the Ottoman empire."

"There is fear in Mexico that the United States may some day annex her. Against such annexation it is right that Mexicans should fight to the death, but isn't there danger that an added reason for American annexation may be found in the political savagery and moral depravity exposed in the governing mind of Mexico by the cold-blooded expulsion of a thousand Chinese whose only sin is that they make for peaceful, ordered life?"

CIUDAD OBERON, Sept. 9. (AP)—Jose Llamas, head of the local Nationalist society, was detained by orders of Gov. Rodolfo Elias Calles today on a charge of committing abuses against Chinese merchants who were being deported.

Several other Nationalists are accused jointly with Llamas and reports have been circulated that the governor plans a sweeping investigation of the proceedings against the Chinese.

CAPONE TRIAL IS SET

CHICAGO, Sept. 9. (AP)—A showdown between the government and Alphonse Capone was a step near today.

This became apparent when the status of the charges against the gang chief was cleared somewhat by Federal Judge James H. Wilkerson yesterday in granting Capone permission to withdraw his plea of guilty to an indictment charging conspiracy to violate the prohibition law. At the time Judge Wilkerson set Oct. 6 as the date for Capone to go on trial on a charge of income tax delinquencies totaling about \$2,000,000.

A deal at a whist party in Reading, England, recently resulted in each of the four players having 13 cards of one suit.

Genito-Urinary J. O. Rogers, M. D. Syphilis, Skin and Diseases of Women Smith Building

BUSINESS WOMEN TO AID IN CANNING PROJECT

FURTHER PLANS ALSO MADE FOR FASHION REVUE

The Pampa Business and Professional Women's club, meeting in the city commissioners' room Tuesday evening, voted to contribute \$30 for use in the extensive canning campaign begun by a group of club and church representatives last Saturday.

The money is to be used through the Welfare Board and through a club member, Miss Myrtle Miller, who is directing the canning. It will be applied for cans or for food, as those in charge think advisable. Miss Miller, in discussing needs of the unemployed, stated that the people got along fairly well last year on beans, salt pork, bread, and potatoes. She said, however, that such an unbalanced diet would lead to serious consequences if continued. She stated that tomatoes would be a very valuable addition, and that 3,000 cans of tomatoes could be used to advantage. She said further that one bushel of tomatoes would be enough for 40 No. 2 cans, or 20 quarts.

Further plans for the coming fashion revue were made by Mrs. Glen Pool and others in charge of the various phases of the undertaking. It was decided that a description of each costume should be given while the manikin is before the audience. Lively music and other entertainment features will be included in the program.

Good cooperation on the part of merchants was reported. An invitation was given the group to attend the Gray County Free fair on Thursday, Friday, and Saturday. Several new members were accepted.

The following members answered roll call with "Why I Like to Attend Club Meetings": Mesdames M. P. Downs, Forrest P. McKimming, Lillian McNutt, Helen Turner, D. C. Meador, Olin E. Hinkle, Glen Pool, Kenneth I. Dunn, Finis Jordan, John Beverly, Christine Smith, W. O. Christian, Frank Lard, and Mabel Gee; Misses Gladys Robinson, Bertha Chism, Ruby Harkins, Mildred Shewmaker, Aurelia Miller, and Myrtle Miller. Mrs. M. L. Sellers was a visitor.

Blue Ribbon Given Horace Mann Pupil

Helen Frances Draper, daughter of Mrs. N. F. Maddux, has received a blue ribbon for honorable mention in the state poster contest held last spring by the Texas Fire Insurance department. Helen Frances was in the fourth grade at Horace Mann school. She was in Mrs. C. R. Cobb's room.

Revolted Sailors Are Under Guard

SANTIAGO, Chile, Sept. 9. (AP)—Chile's wandering navy came to rest today in and near the port of Valparaiso under the watchful eyes of the air corps as the war council weighed the punishment to be meted out to its mutinous sailors.

The flagship, La Torre, largest fighting ship in Latin-American waters, was anchored at the Quintero base. Its former rebel commanders were in irons aboard ship and about a thousand members of the crew were quartered in barracks ashore under guard. The remainder of the fleet that held out for a week at Coquimbo until bombed into submission was held on board pending further orders and some of the sailors were confined to barracks, while others will be sent to Santiago for trial.

Long Afraid to Leave His State

BATON ROUGE, La., Sept. 9. (AP)—An old and bitter political controversy today restrained Gov. Huey P. Long from crossing the state line into Texas to address a mass meeting at Austin tonight, on the cotton crisis.

It was the controversy between Governor Long and Lieut. Gov. Paul N. Cyr, gubernatorial candidate who has announced a desire to occupy the office because of his "disgust" of Governor Long's "flaunting the constitution."

Governor Long, a United States senator-elect, announced in a radio speech last night he was not going to Texas despite a sincere wish to do so. He said he would address the mass meeting at Austin by radio, however.

The lieutenant governor's refusal to sign a promise not to attempt to act as governor or take the gubernatorial oath of office during his absence was assigned by Governor Long as his reason for not leaving the state.

HITCH-HIKER HELD

WACO, Sept. 9. (AP)—A hitch-hiker was arrested at Tilden today for investigation in connection with the slaying of O. L. Jones, a Waco salesman, whose body was found near the Waco highway at Thursday. A check of fingerprints was being made. The suspect denied knowledge of the slaying.

Borrows Chic From Eugenie

The swiftly departing tricorne makes a last appearance, cleverly adapted to the new Eugenie mode. The white felt worn by Margaret Adams, film star, peaks sharply on the forehead, sweeping back in Desdemona Empire curves. Miss Adams' dress features the frilled shawl collar.

Dallas Former Convict Charged in Double Killing

HOUSTON, Sept. 9. (AP)—Water Shanks, Dallas ex-convict, was being held in the city jail here without bond today under the first murder charge filed in connection with the murders of Mr. and Mrs. Chester A. Jones in their apartment here two weeks ago.

Shanks was barred to interviewers and police refused to discuss on what basis the charge was filed. Shanks had been in jail several days as a witness and had not been mentioned as a suspect in the Jones murders.

Announcement that Shanks had been charged came from District Attorney O'Brien Stevens as a habeas corpus hearing for Shanks was about to start before Judge Whit Barrant. When the state produced its warrant, the habeas proceedings were dropped.

While Shanks was in jail officers were keeping up a search for two men and a woman suspected of implication in the murder. Shanks has been sent to the penitentiary three times, being discharged the last time on Jan. 30, 1926. At one time he was granted a pardon by former Gov. James E. Ferguson.

The charge against Shanks is the third to be filed since Chester Jones, ex-convict, and his wife, were found shot to death and since the body of John Cherris was found in the Brazos river. Jack Jones, Chester Jones, brother, and Barney McGanegal were charged with the Cherris murder.

GIRLS TO HAVE OUTING FRIDAY

The Merry Pi club is to have an all-day picnic Friday at McAffee ranch. Meeting in the home of Mrs. Joe Smith at 9 o'clock Friday morning, the group will motor to the ranch, where they will be entertained by Burton Tolbert and Marie Tinley.

A picnic and treasure hunt at a grove near Bowers City was attended by the girls on Monday. The hostess, Nina Fisher, was assisted in entertaining by her mother, Mrs. F. E. Fisher, her sister, Lois Fisher, and Fay Wingate.

After the hunt, in which Myrtle Faye Gilbert was successful, watermelon was served. The following girls attended: Joan Shore, Jeanette Ricketts, Sybil Houston, Florence Sue Dodson, Josephine Lane, Dorothy Harris, Anna May Fleisher, Myrtle Faye Gilbert, Marie Tinley, Maxine Turner, Velerie Austin, Burton Tolbert, Eloise Mitchell, Phyllis Smith, and Nina Fisher.

Baptist Girls to Postpone Meeting

The meeting of the girls' auxiliary First Baptist church, which was to be held Friday, will be postponed on account of that being registration day for high school seniors.

DEPOT IS BURGLARIZED

WACO, Sept. 9. (AP)—The depot at Reisel, 18 miles east of Waco, was burglarized last night and several mail sacks robbed. Postmaster C. L. Welbusch said a check would have to be made to determine losses.

MRS. JOHNSON WILL BE DEAN

Mrs. T. P. Johnson who served as high school registrar last year, will be dean of girls in the school this year.

Miss Arless O'Keefe, dean of girls last year, is unable to serve in that capacity now because of a recent appendicitis operation. However, she will continue her leadership in dramatics and will teach English.

High School Band Practicing Daily in Music Cottage

The Pampa high school band is practicing every day at 3 o'clock in the music cottage in preparation for the football game Friday.

The band will furnish lively music which will add to the school spirit Friday at Harvesters park. There are 40 boys and girls in the group, most of them having also played last year.

HOOVER STUDIES COTTON PLANS

WASHINGTON, Sept. 9. (AP)—President Hoover is holding a series of discussions with bankers and cotton brokers over the possibility of creating banking credits for exports of cotton.

At the same time, the White House and the state and agriculture departments are considering the possibility and advisability of calling an international conference on the subject of cotton production. The president believes, it was said at the White House, that so far as this country is now concerned, the necessity of establishing credits for exports is paramount rather than talk of control or restriction of acreage.

The president was described as of the opinion that the federal government had no agency through which it could restrict acreage and believed that such action was a matter for the producers themselves to handle.

Dr. J. D. Rogers, who has been vacationing in South Texas for three weeks, will return Sept. 10.

BOYS CLOTHES STILL NEEDED

Boys' clothing is still the greatest need for the Welfare work among school children, according to announcement of Mrs. V. E. Fatheree, Parent-Teacher association workers, acting through the Welfare Board, furnished garments to about 50 needy children Monday and Tuesday. On Monday thirty children of Baker school received assistance, and yesterday about 20 children from the various schools, including one high school girl, received aid.

Yesterday two boxes of substantial school clothing were opened at the Welfare Board. The garments came as a gift from the Central Baptist Woman's Missionary society. The clothing was made by the Baptist women at a recent meeting.

Pupil of Woodrow Wilson School Is Winner of Ribbon

Beverly Robison, who was a fifth grade student at Woodrow Wilson school last year, has been awarded a blue ribbon as winner of honorable mention in the Texas Fire Insurance Department. Her poster was exhibited at the recent teachers institute in Canyon.

Beverly is now living in Missouri, but her ribbon will be sent her by Mrs. Annie Lemle, principal of Woodrow Wilson school. She was a pupil in Mrs. Opal Hampton's room.

ARTICLES ARE CHECKED FOR COUNTY FAIR

The home demonstration club council made final plans for an elaborate display of canning and sewing when a meeting was held Tuesday afternoon at the court house.

Articles were checked in from McLean, Alanreed, Buck, Edridge, Bluebonnet, Grandview, Hopkins No. 1, Hopkins No. 2, Laketon, and Farrington.

The showing will be made in the banquet hall of the Mitchell building Thursday, Friday, and Saturday in connection with the Gray County Free fair.

Farmer Slain and Boy Hurt During Shooting Affray

CORPUS CHRISTI, Sept. 9. (AP) Paul Setliff, farmer, was slain and Earl Lewis was probably fatally wounded during an affray at Jalutka gin, farming community 12 miles west of here last night. Officers questioned Lewis' father, W. L. Lewis.

The elder Lewis told Sheriff Ben D. Lee he did not know if a bullet from his gun struck his son. He said he opened fire when he thought Setliff shot his son.

POSTAL DEFICIT GROWS

WASHINGTON, Sept. 9. (AP)—A postal deficit of \$10,000,000 for the current fiscal year was foreseen today by Acting Postmaster General Coleman as postal savings mounted to the new high record of approximately \$400,000,000.

PEACHES WILL ARRIVE TODAY

WATERMELONS ARE SERVED TO B. Y. P. U.

Eight large watermelons, iced by the Pampa Ice company, were provided for the lawn party given for the Skyrocket B. Y. P. U. on the lawn of the First Baptist church Tuesday evening.

Active games were played throughout the evening. Special guests were Miss Loma Groom, Mr. and Mrs. Joe Brown, and Mrs. W. J. Brown.

The leaders, Miss Geneva Groom and E. C. Barrett, and the following boys and girls attended: Kathryn Snel, Eloise and Leah Lane, Hazel Pearce, Cleo Barrett, Donald Lane, Eugene Mitchell, Fred Mason, Tom Rose Jr., Ruth White, Julia Blanche Baker, Clara Mae Farmer, Loulene Conklin, Myrtle Brown, Katherine Vaughn, Mary Katherine Stokes, Ella Faye O'Keefe, and Jim Bob Johnson.

P-TA Objective Will Be Chosen

This year's objective for the Baker Parent-Teacher association will be chosen at a meeting of the association's executive board Thursday afternoon at 3 o'clock at the school. The program for the year also will be discussed.

The meeting will be the first of the year for the P-T. A. group. Members of the board are J. A. Meek, principal; Mrs. Claude Lard, president; Mrs. W. B. Murphy, vice president; Mrs. H. G. Meyers, treasurer and finance chairman; Mrs. Henry Cox, secretary; Miss Clarice Fuller, historian; Mrs. J. W. Crowder, chairman of the hospitality committee; Mrs. M. D. Dwight, chairman of the membership committee; Mrs. S. G. Atwood, publicity chairman.

Baptist Women to Meet on Thursday

Women of the First Baptist church will meet in called session Thursday afternoon at 3 o'clock at the church. The meeting is in response to the call made by a committee from various organizations in a meeting last Saturday that all groups can come fruit or vegetable for the needy of Pampa.

JEWS OBSERVE ROSH HASHANAH SEPTEMBER 11

Rosh Hashanah, the Jewish New Year beginning Friday night, will be observed by the B'Nai Israel Temple. A 10-day period of repentance will follow. This period, which includes the Sabbath of Repentance, reaches its climax in the day of atonement, Yom Kippur. Arrangements for special services probably will be made Thursday by the local members. A number of stores will be closed.

CLOTHING FOR SCHOOL GIRLS NOW ON HAND

The high school Parent-Teacher association has a good selection of clothing for high school girls and are willing to help any girl who does not have sufficient clothing to attend school, according to announcement of Principal L. L. Sone. Girls may receive the articles from Mrs. Ray McNeill, P-T. A. president, or from Mrs. T. P. Johnson, dean of girls.

It was stated that anyone having additions to make to the clothing supply might give them to Mrs. McNeill or Mrs. Johnson and they would be used by some worthy school girl. The supply now on hand is the result of the P-T. A's campaign for clothing sponsored during the spring and summer.

Contract Bridge club will meet with Mrs. P. M. Gwin, 321 North Somerville, at 3 o'clock Friday afternoon.

Pep Squad Girls To Learn Songs, Yells For Game

The 150 girls in the high school pep squad are asked to meet at the gymnasium tomorrow afternoon at 3 o'clock to practice yells and songs for the football games Friday.

Teachers who attended college during the summer are prepared to suggest new songs and yells that will give added pep to the squad. Clever stunts are to be learned a little later.

RECRUIT PITCHERS BLAZE BRILLIANT PATHS RECENTLY

JIM MOONEY BEATS THEM FOR GIANTS

Van Mungo, Formerly With Hartford, Is Effective in Brooklyn Lineup.

By HUGH S. FULLERTON JR. Associated Press Sports Writer
Three recruit pitchers have made brilliant debuts in the National League in the last few weeks. Jim Mooney, formerly of Bridgeport, came from nowhere to become one of the New York Giants' stars. Monday Van Mungo stepped up from Hartford to pitch a great game for Brooklyn and now Bill Harris, who just came to Pittsburgh from Fort Worth, has joined them in the high places.

While Mooney was winning his sixth straight game from the Giants yesterday, Harris pitched his first for the Pirates and won it by a shutout. He allowed the Cincinnati Reds only five hits in a brilliant duel with Jack Ogden and Benny Frey and earned a 3 to 0 victory. The Pirates made only four hits, but two of them were combined with two walks off Ogden and an error in the first inning to produce all three runs.

Mooney, who has yet to taste defeat in the big league, hurled the Giants to an even break in their doubleheader with Philadelphia. Phil Collins downed the Giants for the second time in a row in the opener, besting Bill Walker 3 to 1. Mooney, although hit 10 times, was effective in all but one inning of a struggle against Sheriff Blake and scored a run himself in the eighth inning to produce a 4-3 victory.

Another good pitching performance came from Austin Moore of Brooklyn in the remaining National League game. Moore relieved Babe Phelps with the bases full and none out in the first and pitched nine full frames to win 10-6 as his supporting cast hit three Boston pitchers hard and dropped the Braves into a tie with Philadelphia for sixth place.

The outstanding American league mound performance again was left in the capable left hand of Robert Moses Grove of the Philadelphia Athletics. Grove set Washington down with seven hits and fanned seven to record his 28th victory of the season against three defeats. The Senators kept things close until the seventh inning when an eight run assault, capped by Jimmy Fox's 26th homer of the season drove San Jones from the mound and made the final score 10 to 1.

The defeat left Washington only one game ahead of the New York Yankees, who, with Boston, had an off day.

Cleveland continued its spurt by taking two games from the Chicago White Sox to make it six victories in three days. The Indians were out in both games but came through with a late rally against Bob Welland to take the opener 9 to 7 then drove Pat Caraway from the hill with a five run rally in the first inning and won the second game 6 to 3.

The St. Louis Browns regained the top place in the second division by a half game margin on the strength of two home runs that beat the Detroit Tigers 3 to 2. Outfit 3-6 in a duel between Wait Stewart and Earl Whitehill, the Browns got all their runs on four batters by Rick Ferrell and Red Kress.

"SNOOKS"

A green Harvester backfield is going to match wits Friday afternoon on the local field with the husky fellow shown above, "Snooks" Andis of Clarendon. He is quarterback, and has a displacement of 170 pounds. His backfield is declared the equal, or nearly so, of last year's Harvester Four Horsemen.

Buffaloes Work Under Burton

CANYON, Sept. 9. (Special) — The West Texas State Teachers college Buffaloes started the 1931 grid-training Saturday with 20 eligible men reporting.

This number was increased Monday to 24, nine of which are letter men as follows: Otis Burk-end, from Ralls; Leo Cooper, guard, Lockney; Robt. Clark, halfback, Turkey; Bill McLendon, center, Clovis, N. M.; Howard Williams, fullback, Canyon; Frank McInnis, halfback, Wellington; Lawrence Brotherton, halfback, Lockney; Geo. Manning, tackle, Ralls; Raymond Powell, half, Wellington.

Reserves from last year's team, who will bid for positions this year are: Lloyd Doven, guard, Tullia; Glen Daugherty, halfback, Olton; Clyde Keith, half back, Ralls; Joe Fortenberry, end, Happy; H. T. McDaniel, halfback, Canyon; Ronald Woolver, guard, Slaton; Leonard Britt, half, Canyon; L. A. Stowe, end, Lockney.

D. J. Phillips and Jack Spence from Lockney are two men coming up from the freshman team that give every promise of making real hands. They did not enter school in time last fall to be eligible.

Spence is a backfield man, while Phillips is a lineman. Each of these lads kick the beam up at 190 and are full of the stuff that football-men need.

Rufus Dodgen, a reserve center from last year, of Groom, and Guy Richards of Ralls, a reserve quarterback, are expected to join the squad.

More American leather is now sold in the United Kingdom than in any other foreign market.

M'CABE WINS NO. 22 WHEN CATS SPURT

"Tarheel" Murray Allows Only Five Hits to Lose—Dallas Now Fourth.

By the Associated Press
Dick McCabe of the Fort Worth Cats won his 22nd game this season when he beat Dallas 2 to 0 last night. The victory put Fort Worth four games in front of Dallas for third place on a straight season race. McCabe, hurling six-hit baseball, was opposed by George "Tarheel" Murray who limited the Cats to five hits. Murray was after his 21st victory this year, but instead, suffered his 16th defeat. He held Fort Worth hitless for four innings. It was McCabe's 27th complete game this season, giving him the league leadership in this department.

"The Wichita Falls Spudders opened their last home stand of the season by beating Shreveport, 5 to 4. The game went 11 innings.

NORTHWESTERN TEAM WILL BE REBUILT MACHINE AND ONE OF UNKNOWN ABILITY

Coach Dick Hanley Does Not Share Optimism of Many Football Writers.

By WILLIAM WEEKES Associated Press Sports Writer
EVANSTON, Ill., Sept. 9. (AP) — The experts have predicted another whale of a football team for Northwestern, which shared the 1930 Western conference title with Michigan, and Coach Dick Hanley goes so far as to admit "we will have a good club."

From the powerful eleven which defeated Ohio State, Illinois, Wisconsin, Minnesota, Indiana, and Tulane by comfortable scores last season and lost only to Notre Dame's national championship team after a half-raising struggle, Hanley, who will direct his fifth Wildcat team, will have four regulars about which to rebuild. The four men who will return are stars, but Hanley points out, so were the seven who are gone.

We lost 14 lettermen last year; Purdue has 21 lettermen returning. Michigan has fine prospects for another good team, and don't overlook Wisconsin, Ohio State, Illinois, and Minnesota.

If linemen of any where near the caliber of Red Woodworth, one of the country's best guards, and Bob Clark, a fine center, can be located, and if ends to replace Frank Baker, one of the high scorers of the Big Ten, and Larry Oliphant, show up, and capable reserves for all of them can be developed in time to open a schedule that starts with Nebraska, and follows up with Notre Dame, Hanley thinks his line will do.

Will Miss Bruer
Pug Rentner, the forward passing ace, and Reb Russell, a line-bruising fullback, will be back, but Lee Hanley, Lefty Leach, and Hank Bruer, the other regular backs, must be replaced. Both Rentner and Russell served at fullback last season, but Rentner will be moved to half this year. A number of excellent sophomore ball carrier prospects will be available but a signal caller must be developed.

The double wingback system of offense again will be employed.

Oct. 3—Nebraska at Evanston.
Oct. 10—Notre Dame at Soldier Field, Chicago.
Oct. 17—University of California (L. A.) at Evanston.
Oct. 24—Ohio State at Columbus.
Oct. 31—Illinois at Evanston.
Nov. 7—Minnesota at Evanston.
Nov. 14—Indiana at Evanston.
Nov. 21—Iowa at Iowa City.

COACH IS APPOINTED

CANYON, Sept. 9. (Special) — Charles C. Edmondson Jr., of Clayton, N. M., and Norma, Okla., has been chosen by Pres. J. A. Hill of the West Texas State Teachers college to teach mathematics and coach boys' athletics in the high school department of the college training school.

In spite of many general troubles Germany's talking picture theaters are increasing in number.

Terrific Heat Will Retard Work In Southwestern Conference Camps

DALLAS, Sept. 9. (AP)—Heat—mid-summer heat—a destroyer of surplus poundage, likewise vitality's nemesis, was in prospect for Southwestern conference grid candidates who take up their pre-season training camp duties tomorrow.

The weather, in the words of the weatherman, will "continue warm." Warm in that case may mean some maximum above the 90 degree mark. Yesterday's maximum was 94. One year ago the temperature perched above the 90 degree mark as gridsters prepared to go into training.

1931 attempt to lift the emblem of water speed supremacy was "no race." Yesterday, Gar Wood's brother, George, who piloted Miss America VIII to last place, in Sunday's heat, which Don won with a record breaking average speed of 89.813 miles an hour, and who was the only driver to finish Monday's heat, protested the "no race" ruling. As a qualified member of the American team, he demanded the right to run the third heat and thus "win" the trophy for the United States, rather than allow it to remain here solely on a challenger's disqualification.

W. D. Edenburn, of Detroit, representative of the Yachtsmen's Association of America on the racing commission, granted Wood's request. He said, however, Charles F. Chapman, of New York, the other member of the commission, would have to concur in his ruling before the "no race" verdict could be altered. From New York last night came word that Chapman was of the opinion that the 1931 renewal should stand as "no race." He added, however, his belief that it was a question for the yachtsmen's association, as the national authority, to decide.

P. Hutchins, killed a swallow in flight when he recently drove his golf ball from a tee at Downe, England.

Two days after Gar Wood, American defender, and Eave Don, British challenger, were disqualified in Monday's heat for crossing the starting line ahead of the gun, no one knew for certain whether there was a Harmsworth race.

The International Racing Commission ruled Monday evening the

SMUGGLERS CAUGHT NEW YORK, Sept. 9. (AP)—Nineteen men have been arrested in an investigation of a ring which, federal officials say, has smuggled 3,000 foreigners into the United States for fees totalling \$20,000,000. The department of justice and the department of labor have been cooperating in the inquiry for six months. The scheme of the smugglers, officials said, was to charge each alien from \$200 to \$5,000 to bring him or her to this country and to backmail them after arrival on threat of deportation.

"No Race" Puzzle Before Yachtsmen

DETROIT, Sept. 9. (AP)—Miss America VIII loafed around the Detroit river course alone at 50.849 miles an hour yesterday in what may or may not have been the third heat of the Harmsworth trophy race.

Two days after Gar Wood, American defender, and Eave Don, British challenger, were disqualified in Monday's heat for crossing the starting line ahead of the gun, no one knew for certain whether there was a Harmsworth race.

Sixteen Remain in Tennis Tourney

FOREST HILLS, N. Y., Sept. 9. (AP)—Sixteen tennis stars remained in the fight for the national singles championship today, eight of them unseeded players.

Perhaps no national tournament in recent years has seen so many form reversals and there were strong indications that more were to come.

The championship started out last Saturday with 16 seeded players, eight from the United States and eight from England, France, and Canada. Half of these already have been eliminated. The foreign list suffered the most serious losses with the defeat of Jacques Brugnon, Marcel Bernard, and Andre Merlis of France, Marcel Rainville, and Jack Wright of Canada and George Patrick Hughes of England. The American list has been cut to six with the elimination of Wilmer Allison and Sidney B. Wood.

Of the surviving seeded stars only Fred Perry of England and Christian Boussus of France remained today while the homebreds included Ellsworth Vines, Johnny Doeg, the defending champion John Van Ryn, Frank Shields, Cliff Sutter, and George Lott.

GRAVEL

(Continued From Page 1)

The material, truck tracks were about a foot wide, he said. The witness was questioned lengthily regarding possible shoring of the road.

"Isn't it a fact, Mr. Doucette, that federal road engineers allow from 40 to 60 per cent for shrinkage on such roads?" Mr. Lewright asked the witness.

"No. It is my understanding that about 25 per cent is allowed," the engineer answered. He was then requested to obtain written authority for his testimony. Court adjourned for a few minutes until Mr. Doucette returned with several books and charts.

When the hearing is concluded the commissioners will decide whether to order the county treasurer to pay Mr. Johnson the bill, if the court refuses to pay, Mr. Jackson may appeal to district court.

Under cross-examination, Mr. Jackson testified that he did not make out tickets for gravel hauled to the Phillips concrete slab job, but explained it called for a certain amount of gravel.

OIL PRICES

(Continued from page 1)

or issue a new order without holding another hearing.

It did not limit the number of wells that could be drilled but in lieu of that, specified that no well could be drilled nearer than 660 feet to any other completed or grilling well on the same or adjoining tracts or nearer than 330 feet to any property line. The oil-gas ratio was set at a maximum of 300 cubic feet of gas per barrel of oil.

W. S. Farish, president of the Humble company, was quoted as saying the order "apparently limits future development to one well to ten acres; this, in my opinion, should have been one well to 20 acres."

Ask Acreage Basis

Operators, especially independents, continued to demand that production be placed on an acreage basis.

BLAST

(Continued from page 1)

100 yards about the site of the magazine were torn and shattered as though raked by shell fire on a war front.

The side of the Schaeferl farmhouse facing the explosion was splintered and furniture inside the building was broken and turned topsy-turvy. Outbuildings collapsed.

Windows in a railway coach on a siding a mile away were shattered, as were window panes in many houses within a radius of a mile. Thousands of Dallas motorists started out the Holmes street road within a few minutes after the blast was felt and in a short time, the road was so jammed with cars for a distance of several miles that ambulances and police officers had great difficulty in reaching the scene. Several ambulances turned back, balked in attempts at passage.

Mr. and Mrs. J. J. Miller and children, Mary Frances and J. J. Jr. are to return to their home in Coffeyville, Kans., tomorrow after a week's visit with Mrs. Sophia Miller and Miss Aurelia Miller.

Self Defense Is Pryor's Plea

WHEELER, Sept. 9. (AP)—Carence Pryor, on trial for murder, testified today that he shot his aged father-in-law, Dr. W. Guyton, because he believed his life was in danger.

Pryor spent three hours on the witness stand during the forenoon to testify that numerous threats against his life, made by Dr. Guyton, had been conveyed to him, and to deny the testimony of state witnesses yesterday that he had threatened the physician's life.

Pryor reviewed a series of family disputes in which his wife sued him for divorce three times. Each suit involved a property settlement, especially the equity in a quarter-section of land, he testified. The first two suits were settled out of court, and the third citation was served

MORATORIUM URGED

AUSTIN, Sept. 9. (AP)—A bill to declare a moratorium on all debts on real property for two years was introduced in the house today by Representative Clarence Farmer of Fort Worth. The bill would prohibit foreclosure on real properties, ban the filing of suits and provide that suits now pending remain dormant during the moratorium period.

A bill was introduced yesterday by Representative J. H. Towery of Athens to provide for a two year moratorium on debts.

EXHIBIT BROADENED

An addition has been made to the culinary department of the Gray County Free fair, this addition to allow for canned fruits and vegetables of all kinds. Those having canned goods to submit are asked to leave them at the Mitchell Building in care of Mrs. C. S. Boston.

ISSUES WARNING

KILGORE, Sept. 9. (AP)—Gen. Jacob Wolters, commander of the militiamen enforcing oil conservation in the East Texas field, issued a statement today designed to prevent any attempts by oil brokers to encourage violation of the state railroad commission's proration order.

Markets

COTTON EASY

NEW ORLEANS, Sept. 9. (AP)—The cotton market opened easier as Liverpool cables came in lower than due. First trades showed losses of 2 to 4 points. As New York opened higher, however, and Liverpool reported spot sales of 25,000 of which only 4,500 were American, the market here rallied in sympathy. October trading up to 6.75 and December to 6.98 or 12 to 13 points above the opening figures. There was considerable short covering and also some trade buying. Near the end of the first hour the market was steady and only 1 to 2 points down from the highs.

The market following the early bulge ruled quiet nearly all morning with prices fluctuating narrowly within the early range. There developed more hedge selling than has been noticed of late due to the increasing crop movement and larger spot sales. Near mid-session October traded at 6.70 and December at 6.90, or 5 to 8 points down from the highs.

WHEAT STEADY

CHICAGO, Sept. 9. (AP)—Grains took their cue early today from firmness shown by securities. Reports that the Liverpool wheat market had been weakened by United States government financed offerings were ignored.

Opening 1-4 cent off to 1-4 up, wheat later held steady. Corn started at 1-8 decline to 1-8 advance and afterward kept near the initial range, except that September tended to sag.

KANSAS CITY LIVESTOCK

KANSAS CITY, Sept. 9. (AP)—(A. B. A.)—Hogs, 4,000; 214 direct; slow, mostly 10-15 lower than Tuesday's average; top 6.00 on 200-240 pounds. Good and choice, 140-250 pounds, 5.10-6.00; 250-290 pounds, 5.00-5.90; 290-350 pounds, 5.15-5.75; Packing sows, 275-500 pounds, 3.50-4.85; Stock pigs, good and choice, 70-150 pounds 5.00-5.75.

Cattle, 6,000; calves, 1,000; slow, steady to weak; bidding lower on western killing steers; early top fed steers 9.25; steers 600-1500 pounds, 7.00-10.00; common and medium, 600 pounds up 3.75-7.25; heifers, 550-850 pounds, 6.50-9.50; cows, 3.50-5.50; vealers, (milk-fed) 5.00-9.00; stocker and feeder steers, 4.75-6.75.

Sheep, 5,000; killing classes generally steady; choice Colorado range lambs 7.25; lambs, 90 pounds down 6.50-7.25; ewes, 1150 pounds down 100-1.95.

MARKETS AT A GLANCE

NEW YORK, Sept. 9. (AP)—Stocks: Irregular; U. S. steel breaks under 60 before rallying.

Bonds: Irregular; foreigners weak.

Curb: Heavy, electric bond and share touches old low.

Foreign Exchanges: Firm; Sterling and French Franc gain.

Cotton: Higher; good trade demand, covering.

Sugar: Steady; improved spot market.

Coffee: Steady; better Brazilian advices.

Chicago:

Wheat: Firm; firm cash markets, bullish government weather report.

Corn: Steady, small receipts, unfavorable Kansas advices.

"My sweetheart smokes 'em . . ."

"NOW, you know, Bob was raised in a tobacco country. He has worked in two cigarette factories; and I have heard him say all of them are just the same. He says there are a lot of pipes and things like that running through the roofs of the factories and sometimes they look different, but that the way cigarettes are made is all the same.

"Bob says all tobaccos receive the same sort of drying—heat treatment, he called it. In one factory, he says, they may talk about 'baking' the tobaccos and in another they call it another name. He says what they actually do is to 'dry' the tobaccos—reduce the moisture in them—and that the machine that they all use is called a 'Dryer.'

"But when it comes to the quality of tobacco, that's quite a different story, so Bob says; some factories use mild, ripe tobacco, while others think that thick heavy tobacco is good enough. Bob knows tobacco and he tells me that it takes good tobacco—mild and ripe—to make a cigarette as good as CHESTERFIELD.

"You know how it is when a piece of fruit tastes just right—not raw or sharp or too ripe or tasteless—just pleasing and satisfying. Well, that's the way it is with CHESTERFIELD—they just suit me right down to the ground—they satisfy."

— And HIS sweetheart smokes 'em too!
