

Pampa-Perryton Road Designated By Commission As State Highway

The Texas Highway commission designated the north-south highway connecting Perryton with Pampa and Miami at a special meeting yesterday afternoon in Austin. County Judge Sherman White, J. M. Collins, a director and Garnet Reeves, manager of the Pampa Chamber of Commerce, announced this morning upon their return from Austin. Passage of the order yesterday by the commission came as a result of years of consistent contacts on the part of county and chamber of commerce officials of Pampa, Miami, Perryton, in cooperation with officials from Clarendon, Memphis,

Turkey, and towns on south to Del Rio. A meeting was held at Pampa May 13, at which time the Gray County Commissioners' court voted to tender to the highway department \$600,000 worth of bonds, which will be automatically assumed by the state, the proceeds of which will be used to pave Highway 18 across Gray county and to improve other state highways in Gray county. Agree On Bond Issue The issuance of these bonds was made a part of the agreement with the Texas Highway commission to designate the road to Perryton.

This financial cooperation on the part of Gray county in addition to the cooperation that had already been pledged by Ochiltree and Roberts counties proved to be the deciding factor in getting the road designated. Files in the Chamber of Commerce office show that the work for a north-south highway from Perryton to Del Rio began well back in the 20s. Bridge Sought First A considerable amount of work for a bridge across the Canadian river was done by officials of the counties involved in cooperation

with counties to the south several years before the need for a road from Pampa to Borger became evident. County Judge J. A. Mead of Miami, his commissioners, and others of Roberts county have been active for a number of years in presenting to officials of the highway commission the need for an outlet to the north and a connection with the North Plains. In 1932 Judge Mead headed a delegation to Abilene, at which time W. R. Ely, then chairman of the highway commission, offered a considerable amount of encouragement for the route.

Lack of sufficient funds to improve all of the needed highway projects in the state has prevented the Texas Highway commission from year to year to act upon this road. In recent years a large number of hearings have been held in an effort to show to the commission the need and the desire of the people of Gray, Roberts, and Ochiltree for the road. Confer With Engineer A conference was held in Austin May 15 and 16 with Julian Montgomery, state highway engineer and others of the engineering department. This conference was held at the request of the highway commission at their last regular hearing April 1, when instructions were given the engineering department to contact the officials of the counties and draft a proposed plan that might be considered by the commission in working the road problem out. Two Commission Hearings Following the conferences last week, the delegation appeared before the commission Monday and again yesterday before the order was finally signed.

Included in the delegation that attended the conferences at Austin last week and this week were the following: Oscar Flowers, county attorney, Perryton; County Judge Sherman White, County Commissioners Tom Kirby, Charlie Carpenter, Arlie Carpenter, County Auditor Ray C. Wilson, John V. Osborne, president, M. A. Graham and J. M. Collins, directors, Garnet Reeves, manager, Pampa chamber of commerce, and Senator Clint C. Small. Starting Date Not Set No definite starting date on the

road has been announced. It will be a long-time program and will likely take some two or three years at the minimum to get the job done. A great deal of engineering work, drafting of plans, waiting for funds to become available, and other matters will be faced in connection with the project. Designation of the road fills in the last undesignated gap on the Perryton to Del Rio highway, which connects with U. S. 83 at Perryton to travel north through Liberal, Kas., McCook, Neb., Pierre, S. D., Bismarck, N. D., and on to Canada.

FRENCH RETAKE ARRAS AND DRIVE GERMANS OUT OF ABBEVILLE IN COUNTER ATTACKS

THEY AIM TO KEEP PARACHUTISTS OUT OF PITTSBURGH

Should waves of enemy parachute troops suddenly drop in the vicinity of Pittsburgh, Pa., they'd find a hot reception. In nearby Jeanette, Pa., local sharpshooters have already organized what they believe to be the first civilian anti-parachute legion in the U. S. They're seen practicing above.

Staggering Need In Europe Cited In Red Cross Telegram

The relief need of war refugees in Europe today reached staggering proportions, according to officials of The American Red Cross who today wired the Pampa Red Cross Chapter to oversubscribe its \$880 quota as soon as possible.

Here is a copy of the telegram received today by Guy McTaggart, Pampa chapter chairman:

MOL 159 NL XU-GS ST. LOUIS MO 21 1940 MAY 22 AM 8:42 GUY MCTAGGART CHRMN PAMPA CHAPTER AMN RED CROSS CITY HALL PAMPA TEX.

WITH SEVERAL MILLION MEN LOCKED IN MORTAL COMBAT ON FRENCH AND BELGIAN SOIL THE RELIEF NEEDS OF BELGIAN-FRENCH PEOPLES ARE REACHING STAGGERING PROPORTIONS. ALREADY FIVE MILLION PITIFUL REFUGEES ARE CLOGGING EVERY ROAD INTO CENTRAL SOUTHERN FRANCE TRYING TO ESCAPE BOMBING AND STRAPING FROM AIRPLANES. OUR REPRESENTATIVES IN FRANCE REPORT THOUSANDS DYING BY ROADSIDES OF WOUNDS, FRIGHT AND HUNGER. AMERICAN RED CROSS MUST RUSH RELIEF OF EVERY KIND IF THESE INNOCENT PEOPLE ARE TO BE SAVED. WE ARE EXPEDITING MILLIONS OF DOLLARS IN MONEY AND SUPPLIES BUT WE NEED MORE AND BIGGER CONTRIBUTIONS TO CARRY ON. CANNOT URGE UPON YOU TOO STRONGLY NEED FOR PROMPT ACTION IF WE ARE TO REVERSE THESE HORRENDOUS TRIED VICTIMS OF BRUTAL WARFARE. WE COUNT UPON YOU TO REACH AND OVERTHROW YOUR GOAL WITHIN SHORTEST POSSIBLE TIME. EVERY DAY'S DELAY MEANS HUNDREDS MAY DIE BECAUSE WE HAVE NOT BROUGHT THEM AID IN THIS THEIR SADDEST HOUR. PLEASE WIRE WEDNESDAY NIGHT AMOUNT YOUR TOTAL CONTRIBUTIONS.

NORMAN DAVIS.

Pampans today were urged by Chairman McTaggart and Ray Barnes, heading a special solicitation committee, to subscribe to the fund. Slightly more than \$600 had been raised at noon today. "I hope we can go far over the \$880 quota by night," Mr. McTaggart said. Check contributions may be sent to The American Red Cross, Box 1036, Pampa, or to The Pampa News or Radio Station KPDM.

Honor Students Will Get Awards At Graduation

Junior high school honor students will be honored at graduation exercises tomorrow night at 8 o'clock in the high school auditorium. The students will receive their awards from a huge treasure chest of the Coronado period which will center the stage. Music will be presented by the Junior high school band. John Tom McCoy, student president, will introduce Lucille Mathus, valedictorian, and Doris Gene Caldwell, salutatorian who will open the huge chest. There will be no talks. Supt. L. L. Bone and Principal Frank Monroe will issue the diplomas. High school graduation exercises will be held Friday night.

War Flashes

WASHINGTON, May 22 (AP)—Acting with the telephoned approval of President Roosevelt, the senate naval appropriations subcommittee added \$478,000,000 to navy's supply bill today to make provision for a 25,000 increase in navy enlisted strength. President Roosevelt asked \$314,000,000 for the navy in his emergency defense recommendations. The subcommittee wrote this into the pending appropriation bill and added to it at the same time \$60,776,000 in cash and \$100,000,000 in contract authority after getting the chief executive's approval.

By LOUIS F. LOCHNER WITH THE GERMAN ARIMES ON THE WESTERN FRONT, May 22 (AP)—A gigantic fort capitulated under our eyes today as we stood

Students Donate 1,438 Bricks

Pampa students added 1,438 bricks to a pile being secured here for use in erecting a wing to the Panhandle-Plains Historical Museum in Canyon, it was announced today by C. P. Buckler, Gray county director.

The bricks were secured yesterday when Supt. L. L. Bone designated that day as "brick day" in Pampa schools. Students took the bricks to their respective schools and piled them in front of the buildings.

The drive for bricks has not stopped. Mr. Buckler announced today. Next he is going to make a drive among adults in an effort to secure at least 10,000 bricks from Pampa.

Bricks can be purchased at \$15 per 1,000 or "gold bricks" can be bought at 33 1/3 cents each. Nearly 5,000 bricks in all have been donated or purchased to date. It was learned here today that M. K. Brown of San Antonio, former Pampian, has purchased 1,666 bricks.

Credit Association Banquet On Monday

The annual meeting and election of officers of the Pampa Credit Association will be held in the Schneider hotel on Monday night at 8 o'clock. It was erroneously announced yesterday that the meeting would be that of the Pampa Credit Grantors association.

Travis Lively, president of the association, will preside at the meeting. Business will include the election of three new directors. Instead of talks, the now nationally famous picture, "Credit, The Life of Business," will be presented.

I Heard - - -

That the Entrada casting committee is considering picking a male "Vivien Leigh" for the role of Coronado. A Kingsmill avenue "vine" (not Secret Operative No. 17) reports that C. H. Walker's casting committee conducted a sort of Gallup poll and found out that more than 30 well-known citizens received about the same number of votes. Well "vine" says that the committee finally decided it would be a wise thing to pick a "Vivien Leigh" (Vibe by the way was never heard of before she got the role of Scarlett O'Hara). Now, the "vine" teases, the only job facing the committee is to find a man who looks the part and who has a publicity value.

French To Make New Stand On Somme

Americanism And Masonry Called Same

Americanism and Masonry are synonymous, Leo Hart of Gilmer, grand master of the grand lodge of Texas, told more than 500 Masons attending a district meeting in the First Baptist church last night. The state officer was introduced by C. F. Jones, worshipful master of Oklahoma.

Mr. Hart painted the dark picture in Europe under dictators and compared it with the freedom of the people in America today. "Masonry Day by Day" was the theme of the address by the grand master, only member of the grand lodge to attend the meeting. He urged every Mason to rededicate himself to the principals of Free Masonry.

The Texas grand master is a man who believes that Masonry should be practiced today as it was years ago and he tries to live up to his belief. His address was loudly applauded by the largest audience to attend a district meeting in recent years.

Brief talks were made by Tom Cook, grand master of the grand lodge of Oklahoma, and Earl Jones of Amarillo, member of the committee on works. The meeting opened at 2 o'clock yesterday afternoon in the First Baptist church with 300 present. Address of welcome was given by Judge Newton P. Willis of Pampa with the response by W. W. Simons.

Driller Seriously Injured At Well

Carl Stone, employe of the Clayton and Dwyer Drilling company, suffered serious injuries yesterday afternoon when he was caught in the cat head and twisted in cat lines on a well six miles north of Skellytown. He was brought to Worley hospital in a Duenkel-Carmichael funeral home ambulance.

Although extent of injuries have not been established, Mr. Stone suffered a brain concussion, badly bruised and lacerated arm, head bruises and body injuries. It is not believed any bones were broken, attending physicians said today. Mr. Stone was a member of a crew working on a Texas company well on the Quinn lease.

Coronado Not Yet Chosen; 100 Try Out For 41 Roles

Entrada Committee Embroiled Over Task Of Naming Beatriz

By THE ROVING REPORTER The Roving Reporter today was deep in the big middle of a big feud, and the Entrada casting committee had double trouble on its hands today. The committee not only had not picked the man who will play the role of Coronado in the Texas premier of the Entrada at Pampa on May 13, 14 and 15, but it was trying to smooth over a verbal battle that broke out last night when it attempted to agree on the woman who will play the role of Dona Beatriz de Coronado, of Francisco Fajardo de Coronado. It developed last night that the Entrada rehearsal that the role of Beatriz was super-important. Di-

Nazis Head Straight For Dover Cliffs

By HENRY C. CASSIDY PARIS, May 22 (AP)—A new wave of optimism swept over France today as reports reached the capital that the French had retaken Arras and chased a strong advance force of Germans out of Abbeville, 12 miles from the English channel. The ministry of information, rallying Frenchmen from the gloom that followed the terrible setbacks of the past few days, announced also that the bridges of the Somme river had been destroyed and a strong stand taken by French troops to halt any southward push. The first note of optimism was sounded by General Maxime Weygand, Allied commander-in-chief, after a visit to the front, and every hour his words to Reynaud were repeated over the national radio system: "I am full of confidence if each man does his duty with a fierce energy."

The perfect weather which favored Hitler's Polish campaign and the Blitzkrieg which he hurled against the lowlands twelve days ago was broken last night by heavy rains. Skies were clear again today, although fields and roads over which heavy tanks and armored cars had to move were soggy. Front On Somme That break in the weather gave a slight rise to the French optimism even though tempered by the belief the Germans may be consolidating their forces for a new and more furious lunge. As the Germans pushed their double-pronged lightning warfare westward through the vital channel ports, the French established a new front along the Somme and Aisne rivers, 200 miles across northern France.

With this defense system firmly established, the Allies began their counter attack to relieve Allied troops from pressure of the German push. Their first success, announced in a brief communique, was the recapture of Arras. Shortly afterward the ministry of information announced the taking of Abbeville. A military spokesman said the

\$257 Needed In Refugee Drive

A little golden-haired, blue-eyed girl, clasping a doll in her arms, stands amid the ruins of a village. There's a red glow all around, the mark of fires that have consumed what bombs did not destroy. The terror and anguish of war is reflected in the child's eyes and face. It's a picture full of pathos, this poster the local chapter of the American Red Cross has received. Copies of the placard are to be distributed over Pampa, as the chapter asks residents to give money to enable the Red Cross to provide for war refugees in Europe.

There's ten million dollars needed over the nation. Pampa's quota is \$880, of which \$23 has been raised, leaving a balance to be secured of \$257. Latest contributors to the fund are:

C. L. Thomas, \$15; Montgomery Ward, \$10; Ivy Duncan, \$10; Standard Pipe & Metal company, W. R. Ewing, Panhandle insurance agency, \$5 each; E. T. Fraser, \$3; C. E. Ward, \$2.50; two friends, W. E. James, Charlie Thut, R. C. Wilson, \$2 each.

Charles I. Hughes, W. B. Weathered, Jack Back, George Innan, Joe Gordon, E. F. Young, Miriam Wilson, W. M. Craven, \$1 each.

British Swear To Die Fighting To Avoid Invasion

(By The Associated Press) A "dictatorship" bill to marshal Britain's wealth and manpower in the fight against Nazi invasion was being rushed into law today as the French claimed recapture of Arras and Abbeville, to which the Germans had penetrated in their drive toward the English channel. Parliament quickly assented to speeding through the war emergency powers bill. It passed two of the three readings in the House of Commons soon after the government had demanded it because of the empire's peril. The House of Lords was waiting to give its final approval. Across the channel, Allied counterattacks apparently were relieving some of the pressure on British troops, fighting with their backs to the sea in a "pocket" in Belgium. A French military spokesman said German advance guards had been "chased out" of Abbeville, 12 miles from the channel, and that Arras, to the east, also had been retaken. Optimism spread through France in the wake of the day's news.

Britain Tries To Stave Off Nazi Invasion

LONDON, May 22 (AP)—Britain marshalled all her wealth and manpower today to save the empire from the peril of Nazi invasion. The government demanded—and was swiftly assured—parliament's consent to enact today a special emergency powers law giving it sweeping authority over all wealth, labor and resources. The bill promptly passed first reading and all three readings were expected to be completed by nightfall. The house of lords adjourned

Dick Ritchie Dies, Inquest Ordered

An inquest to determine cause of death of Richard M. W. Ritchie, 29, co-owner of the famous JA ranch near Clarendon, will be conducted by Justice of the Peace Bill Ellis at Aransas Pass, it was announced today. Young Ritchie was found dead aboard the yacht Mattie Lee yesterday a few hours after the boat had left Aransas Pass on a fishing trip. Ritchie, an Englishman, had resided in the Panhandle since 1938 when he joined a brother, Monte Ritchie, in managing the JA ranch. Young Ritchie was an ardent sports and flying enthusiast and it was he and his brother who staged the huge aerial roundup on the JA ranch last month when more than 100 planes from all sections of the country attended. Companions on the trip said Ritchie went to bed soon after boarding the yacht and that efforts to rouse him failed yesterday morning. The yacht returned to port and a physician was called. Death was believed to have been caused by a heart attack. Mr. Ritchie was well known in Pampa having visited here on several occasions.

Congratulations—

Mr. and Mrs. R. E. Garrett are the parents of a son, weighing 7 pounds 4 ounces, born yesterday at Pampa—Jarratt hospital.

Mrs. Oscar Dial and baby daughter were dismissed yesterday from Worley hospital.

German Claim Advances

The German high command, however, claimed lightning-paced Nazi thrusts—during motorcycle raids, apparently, unsupported by infantry—had wrenched the corridor reaching almost to the channel. A sudden renewed alarm in southeastern Europe meanwhile came from Rumania, King Carol's rich little old kingdom, where the general staff called 300,000 reservists to the colors on 24 hours notice—virtually full mobilization. German motorcycle troops attacked the railway station at Abbeville, 12 miles from the English channel, and the British command announced the Tuesday break through the sea.

I Saw . . .

Frank Dial beaming and happy over the increase in his "family." Last night his Chesapeake Bay retriever, Mickey, of Prince's Sodak, gave birth to nine beautiful puppies, eight of which are living.

'Inspirational Writers' Debunked

A new idea in the ever-growing list of How-To-Succeed-in-Life books is being debunked by Dr. Moulton Mapston, Harvard psychologist. Instead of success through public and private yesing, his theory for grabbing success is: Live, Love, Laugh. He. Easily misunderstood, some may think he means Live, Love and Laugh, and others may take it he means Laugh at Love and Live. Laugh that one off, if you want to. But you can't laugh of the success of the Pampa News. Classified want Ads. For quick results they are really good.

Tea And Shower Given As Courtesy To Miss Tidie Sessions By Mothers

Complimenting Miss Tidie Sessions upon her approaching marriage to Richard L. Lundy of Lovelady on June 9, mothers of students in her room at Sam Houston school entertained with a tea and shower Tuesday afternoon in the home of Mrs. Charlie Thut.

Hostesses were Meses. Clarence Kennedy, Charlie Thut, G. E. Harris, W. L. Campbell, J. R. Moore, C. E. McNaughton, and R. J. Sallor.

As the guests arrived, Bonnie Nell McBee, niece of the honoree, played appropriate piano numbers. Mrs. Kennedy poured punch at a lace-covered table which was centered with a bouquet of pink roses and blue cornflowers. Stressing a pastel color note, individual cakes topped with blue lilies and green leaves, and pink and white mints were served.

A pink and blue corsage of roses and cornflowers was presented to Miss Sessions by the hostesses. Gifts were awarded to the honoree on an installment plan following a test in darning socks, a receipt for biscuits and old-fashioned Johnny cakes, and in making fire.

Gifts were sent by the mothers who were unable to attend.

The marriage of Miss Sessions and Mr. Lundy will culminate a friendship which began during childhood school days. Miss Sessions, who has taught in Pampa schools for eight years, received her Bachelor of Science degree from Sam Houston college at Huntsville and she has done special work at Southern Methodist University in Dallas and George Peabody college at Nashville, Tennessee. Also she has taught a number of years in the city schools of Memphis, Tennessee, Dallas, Tyler, and Center, Texas, and in several other small schools.

Miss Sessions is a member of the First Methodist church, where she was formerly active in social organizations; also she was a member of the Character Builders' class of Madison Heights Methodist church in Memphis, Tennessee, and the Business and Professional Women's class in Dallas.

Mr. Lundy is associated with the Lundy Brothers in cattle husbandry and the raising of cotton and live stock at Lovelady, near Houston.

B. G. K. Members Honor Miss Clara Marie Hartell

At the weekly meeting of B. G. K. club Tuesday night in the home of Mrs. H. E. McCarley, sponsor, a lingerie shower was given to honor Miss Clara Marie Hartell, bride-elect of Philip T. McGrath.

In the business session which preceded the social hour, Mrs. James Gotcher was placed on the list of inactive members.

Refreshments and orange punch, cookies, and small sandwiches were served by the hostess to Miss Clara Marie Hartell, Jane Kerbow, Lucille Bell, Ruth Wagon, Isabelle Wagon, Albertine Schulke, Claudine Jeffries, and Meses. Leon Miller, Skeet Gregory, Gerald Fowler, Paul Schneider, George Pollard, Bill McCarty, and Jack Smith.

Gifts were sent by Mrs. C. H. Byrd, Miss Betty Jo Thurman, and Miss Betty Jo Townsend.

Formal Tea Will Be Given By Girl Scout Troop Three

Plans for a formal tea to be given Friday at 4:30 o'clock in the home of Joan Sawyer, were made at a meeting of Girl Scout troop three Monday afternoon in the little house.

To conclude the business of the troop for the year, the group filled out the Girl Scout records. The final meeting of the season will be held next Monday afternoon at 1 o'clock when a picnic is to be given in the city park.

The trip to Camp Kiwanis near Amarillo next month was discussed as some of the girls are planning to attend.

Visitors present Monday were Mrs. E. C. Pohl, Nancy Lee Eberly, and Sylvia Rose Tracey.

Members attending were Zita Ann Kennedy, Kathryn Doyle, Winnie Lou Cox, Joan Sawyer, Mary Bellamy, Doris Ann Davis, Harriett Kribbs, Colleen Chisholm, Helen Ann Kiser, Florence Dillman, Betty Jean Dillman, Geraldine Green, Mary Elizabeth Kretzmer, Billy Jean Jones, Mrs. R. E. McKernan, and Mrs. E. B. Tracey.

Mrs. Fish Hostess At Thimblette Club Monday Afternoon

All members of Thimblette Sewing club met in the home of Mrs. J. H. Fish Monday for an afternoon of sewing.

The hostess was honored by the group.

Refreshments of salad, angel food cake, and iced drinks were served to Meses. E. L. Martin, B. W. Bettis, Rufus Holmes, A. E. Shaw, and P. C. Lafoon.

The next meeting will be held on June 3 in the home of Mrs. F. C. Lafoon.

Mrs. Hardin Speaks At Final Meeting Of Atheneum Club

Special To The NEWS
SEABROOK, May 22—The final meeting for the year for Atheneum club was held recently at the home of Mrs. H. P. Mundy with Mrs. Ed Hardin of Amarillo as guest speaker.

Mrs. Hardin spoke on "Gardens of the World." Mrs. Hardin's talk covered many of the interesting gardens of the world.

The hostess served a refreshment course to Mesdames Hardin, Neely and Nunn of Amarillo; Mesdames Fred Holmes, Lyle Holmes, Earl Kroner, H. B. Hill, S. L. Draper, P. R. Boston, R. C. Lewis, M. B. Baxter, Ben Skidmore, Edwin Griffin, and to Mesdames Temple Adkins, E. K. Caperton, J. H. Caperton, C. L. Clement, J. B. Clark, B. F. Kerah, W. Goch, J. A. Hall, B. F. Holmes, Hubert Tindall, J. M. Tindall, Frank DuBoise, and W. S. Pendleton, members.

Queen Of War-Torn Netherlands

Poppy Workers Complete Plans For Annual Day

"Honor the World War dead and aid the war's living victims!" This will be the appeal of the American Legion auxiliary to the citizens of this locality on Poppy Day, next Saturday, Mrs. Hoyt Allen told the auxiliary's Poppy Day workers at a recent meeting.

The meeting was attended by women who have volunteered to distribute poppies on the streets here Saturday. Final instruction for their Poppy Day activities were given by Mrs. Al Lawson, chairman of the poppy committee.

"The poppy is the individual American's tribute to the men who gave their lives in the nation's service," said Mrs. Allen. "Everyone can wear this little flower to show that they remember and are grateful to those who died that America's ideals might live. By wearing it they allow their continued devotion to these ideals—the ideals of Americanism."

"The poppy comes to us from the World War battle fields, from 'between the crosses, row on row,' which mark the resting place of our heroic dead. They come by the way of the hospitals and workrooms where the disabled veterans, comrades of the dead, make the symbolic little flowers. They gain added significance from the fact that they serve the living as well as honor the dead."

"The men who make the poppies gain from them interesting and helpful employment to fill the bleak hours of illness and convalescence. They gain money to be sent home to needy families. The other disabled veterans, their families and the families of the dead, receive through the Legion and the Auxiliary welfare activities which poppy funds finance."

"Everyone who wears a poppy Saturday will be honoring the war dead and aiding the war victims still within the reach of human help."

Junior Brotherhood To Meet With Boys

Junior Brotherhood of Central Baptist church met Tuesday night at the church.

After Paul Jenks, president, opened the meeting with a request for a membership drive, Homer Johnson, leader, led in prayer.

Bill Brosson, program chairman, gave the introduction to the program in which Walter Mitchell, William Jones, Marvin Grace, and Homer Johnson took part.

In the next meeting, the men will meet with the boys for a social which will be on June 4.

Breakfast And Kitchen Shower Honor Miss Cole

Continuing the series of pre-nuptial parties honoring Miss Lucille Cole, bride-elect of Temple Hoffer, Mrs. H. H. Hicks was hostess at a breakfast and kitchen shower given at the Country club.

Spring flowers were used in decorating the tables and tiny glass shippers of flowers marked the places.

Wedding wishes were written to the honoree by the guests, after which the gifts were presented.

Attending were Meses. Jess Patton, H. L. Ledrick, Truman Hobdy, Lucille Burnett, George Pollard, Archie Cole, and Meses. Janice Purviance, Maxine McKinney, Catherine Pearce, Ola Gregory, Leona Kinard, Evelyn Gregory, Dorothy Edgerlon, Jesse Bumpass, Mary McKamy, and the honoree.

A gift was sent by Miss LaVerne Ballard.

Eastern Stars To Honor Retiring Matron, Patron

Honoring the retiring worthy matron and worthy patron of the Order of Eastern Star, an annual banquet will be given Friday night promptly at 6:30 o'clock in the Schneider hotel.

Reservations must be made by calling Mrs. W. M. Voyles or Mrs. Joe Lutz before Thursday noon.

Dark brown accessories are a nice compliment to a dusty rose frock. Also good with pale green, light yellow and aqua.

FOR WOMEN ONLY!

If fidgety nerves, restless nights and distress from female functional "irregularities" keep you from being fun in life—take Lydia E. Pinkham's Vegetable Compound—famous for over 60 years in helping weak, run-down, nervous women during "difficult" days. **WOMEN TRYING!**

US MEN SURE LIKE ROYAL CROWN COLA - DON'T WE, DAD?

Millions have heard about this taste champ of the cola. "Believe It or Not," says Ripley, "Royal Crown has won 9 out of 10 certified taste-tests against leading colas, coast to coast!" Get a home carton, now!

follow the **ARROW** to better living

IT'S THRIFTY One monthly bill, and a small one at that, covers practically all the running expenses of the home. It breaks down into infinitesimal sums for the various services necessary. It makes economy the basis for better living.

IT'S MODERN It is modern to live on a high standard with a minimum of effort. That indeed is better living, since it provides time for cultural and pleasurable pursuits both inside and outside the home. It keeps you young, too.

IT'S SAFE Modern living overcomes many home hazards, makes home a safer place. And since home is rated by the National Safety Council as one of the most dangerous places of all, the safety of better living is a big argument for its adoption.

IT'S EASY It's easy to start living better, and much, much easier to live that way. So many laborious tasks are done merely by flicking a switch or pressing a button. It's even easy to pay for better living equipment on income purchase plans.

IT'S electric living

Of course better living is electric living. For electric living is the most modern way. It is clean, efficient, economical and enjoyable.

Tuesday Bridge Club Entertained At Pretty Party

Entertaining members of the Tuesday Bridge club, Mrs. H. E. Carlson was hostess at a pretty spring party in her home yesterday afternoon.

A color motif of orchid, green, and pink was stressed with arrangements of orchid and pink sweet peas being used.

High score in bridge games was made by Mrs. Hugh Morrow for members; and prizes for high cut were won by Mrs. P. C. Ledrick, Mrs. Jim White, and Mrs. Roger McConnell.

Guests were Mrs. Otis Pumphrey and Mrs. Hugh Morrow. Members attending were Meses. Jim White, Carl Boston, H. T. Hampton, P. C. Ledrick, Roger McConnell, Bob McCoy, J. T. Roberts, C. H. Schuker, Felix J. Stahl, S. T. Beauchamp, and H. E. Carlson.

WMS Gives Banquet For Panhandle Grads

Special To The NEWS
PANHANDLE, May 22—Members of the graduating class were honored with the annual baccalaureate supper by the women of the Baptist W. M. S. Sunday evening in the church basement.

The long table was centered with an arrangement of red spring flowers and lighted white tapers in crystal holders. Red and white, the class colors were repeated in favors and nut cups. Mrs. Eva Craig presented each member of the class with a red rose, the class flower.

The class members were welcomed by Mrs. C. C. Weakley, and the rest of the supper class was given by Elbert Howe, class president, followed with impromptu remarks by Mrs. Gary Simms, class sponsor. Kellus Turner, high school superintendent, and J. M. Knowles, principal.

The Rev. Mr. Thompson spoke to the seniors on "A Useful Life," and told them their hope for a useful life was based on faith in God, and an interest in humanity.

Mary Ruth Evans played piano music at intervals during the program.

Surprise Picnic Given For Dorothy Kratzer On Birthday

Special To The NEWS
LEFORS, May 22—Dorothy Kratzer was honored with a surprise birthday picnic, Monday night, by her parents, Mr. and Mrs. P. B. Kratzer. The guests met at the Kratzer home and were taken to picnic grounds four miles east of LeFors.

Several games were played after which refreshments of wieners, buns, marshmallows, mustard, pickles, cake and ice cream were served.

Those attending were Robert Matteson, Mary Sue Ogden, Joe Gourlay, Howard Sims, Ruth Kratzer, Betty Jean Johnson, William Roach, Marion Vanlandingham, Mandy Sue Clark, Elmer Lee, Mildred Kratzer, Dorothy Roach, the honoree and the host and hostess.

Malaria Sews Progress

Malaria fever, prevalent throughout almost warm climates, is estimated to be responsible for almost half of the total sickness in many tropical countries. The fever has modified the world's history by hindering the work of explorers and missionaries.

WE SEE IT, YET WE DON'T
The sun has not yet reached the horizon when we think we see it rising; it has already dropped below the horizon when we think we see it setting. It is all due to the bending of light rays as they pass through the earth's atmosphere.

Criminal Case Docket For Court Filed

May term of the 31st district court will open a nine-week session Monday, with 244 cases listed on the official court settings, of which 102 are divorce cases.

A new type of case, not often seen in past sessions, is prominent in this term, with 71 delinquent tax suits listed.

Of these, the McLean Independent School district is the plaintiff in 22 cases, Alameda Independent School district in five, city of Pampa in two, city of Lefors in one, and Pampa Independent school district in one.

Totals of other cases are approximately 32, non-jury 19, criminal 11, jury nine.

A special venire of 150 jurors will be called for the trial of P. M. Meador, who was indicted on September 28, 1939 on charges of failure to stop and render aid and murder in alleged connection with the automobile-motorcycle crash east of Pampa in which W. D. Kelley, Pampa youth, was fatally injured.

Bail bond of Meador was filed in the district clerk's office on November 14, 1939. The case has previously been twice continued before this term.

Other criminal cases listed are those against J. P. Rickett, forgery and passing a forged instrument, the indictment dating October 5, 1937; Jim Hodges, receiving and concealing stolen property, indictment dated October 3, 1938, verdict of seven years returned by jury January 11, 1939, mandate filed November 22, 1939.

Jordan Johnson, receiving and concealing stolen property, indicted June 1, 1939; Jerry Orr, drunken driving, September 28, 1939; R. W. Garrison, drunken driving, January 3, 1940; C. W. Cash, theft, March 6, 1940; R. L. Busby and A. L. Melton, burglary, September 28, 1939; J. E. Snow, drunken driving, March 6; Lee Cotton, habes corpus, February 5, 1940.

First and ninth weeks of the term are non-jury civil jury weeks are the second, fifth, and sixth; criminal jury trials and fourth, seventh and eighth week. The fourth week has been designated as the time the special venire is to report.

On Monday the entire docket will be sounded, the appearance docket called on Tuesday, and the non-jury docket on Wednesday.

District Judge W. R. Ewing will conclude a session of 31st district court at Wheeler tomorrow, preliminary to the opening of the May term here.

Capitol Court Records

AUSTIN, May 22 (AP)—Supreme court proceedings included: Judgment of court of civil appeals affirmed in part, and in part reversed and judgment of district court affirmed.

J. C. Butler from Smith (5 cases); Ambus Wofford from Smith (5 cases); Jon Wofford from Smith (5 cases).

Submitted on appellant's motion for rehearing:

J. M. Austin from Brown; Earl Rankins from Jefferson.

German General Got Ideas In America

CAMP BEAUREGARD, La., May 22 (AP)—The general reported to be helping shape the German mechanized attack in France and Belgium may have gained many of his ideas on a visit to army posts in the United States three years ago.

A high army official, helping direct war game maneuvers here, said the German, General Von Sehell, visited all infantry and cavalry schools and various posts, including Fort Knox, Ky., and Fort Benning, Ga.

"The general, who was then a colonel on Hitler's general staff, came over here in search of ideas, and went back here and put them into execution," the American official

cer, who would not permit use of his name, said.

The German commander, while making his tour and study in this country, said at that time, the American officer related, that it would be "about three years before Germany would be organized and fortified for any emergency."

Meanwhile, the 70,000 troops engaged in the present maneuvers continued tests of various forms of attack and defense, revolving primarily around the problems of maneuverability of mechanized forces.

A SHORT YEAR

The planet Mercury completes a trip around the sun every 88 days, and thus has a year that is shorter than a spring or summer on our earth.

British Hopes Rise As French Capture Arras

LONDON, May 22 (AP)—British hopes of stemming the German march to the sea and the vital channel ports rose today with reports of new air force successes and the slowing down of the intensive German mechanized drive.

The nation was cheered by these reported developments:

The French capture of Arras. A widespread attack on targets in the industrial Rhineland area by British bombers.

The reported lessening force of

the German thrust over soggy fields in northern France.

The arrival of a new contingent of Canadians in England.

The high morale of the British air force was indicated in an air ministry report that one British pilot had attacked 20 German bombers, damaged two and escaped. Meanwhile the pocketed Allied

forces in Flanders and northern France were fighting desperately to keep Germany's legions from winning their way to the channel for a direct attack on the British Isles.

Some commentators thought the high command had decided to fight through this admittedly dangerous position at all costs.

The British people, shaken by the

"black Tuesday" news which told of the Germans driving to the estuary of the Somme river, snapped out of their first shock today.

British leaders and the press declared that the people were prepared to absorb even worse shocks.

German bombs fell on British soil during the night but there were no casualties reported. A com-

unique indicated that the raiding planes were unloading bombs without aiming at any target when they were beaten back by anti-aircraft fire.

The planes dropped explosives offshore and on land at two places along the southeast coast. Some bombs fell on a village, shattering window panes and awakening in-

habitants but causing no casualties. Further air activity along the southeast coast indicated that attacks were being made on shipping. Anti-aircraft fire was heard along the Thames estuary but no alarms were sounded.

Seals form the greater part of the food of polar bears.

Landon Confers With President

WASHINGTON, May 22 (AP)—Indications that President Roosevelt might take some "dollar-a-year"

men into the administration came from the White House today in the midst of coalition government talk aroused by Alf M. Landon's visit here to confer with President Roosevelt. Landon arrived in the capital early this morning but declined to reply

to any questions pertaining to a coalition cabinet under Mr. Roosevelt. Meanwhile at the White House Stephen Early, presidential secretary, said that "the President has no intention whatever of creating any involved, complex-machine for national defense or for emergency reas-

ons." He added that any persons brought into the government would cooperate with rather than supersede present government officials. In addition to these persons, Early indicated, Mr. Roosevelt may appoint three more administrative assistants to help him in the tremendous task of leading the nation's rearmament program. Mr. Roosevelt said at his press conference yesterday that some individuals would be added to the government service just as the management of a plant sometimes is expanded to handle unusual situations.

U. S. Army's Air Power Concentrated

CAMP BEAUREGARD, La., May 22 (AP)—The United States army, for the first time in history, concentrated its air power in one area today to study tactical problems based on the German lightning thrust into France and Belgium.

Army commanders, watching European war reports, suddenly revamped the schedule for war games maneuvers to include hundreds of airplanes. Comparatively few planes were used during the first two weeks of the maneuvers.

The planes were drawn from both the Atlantic and Pacific coasts and other points and will be used in coordination with the 70,000 infantry, cavalry, tank and artillery troops which have been at mock war since May 8.

It marks the first time the general headquarters air force has concentrated as an individual unit and its operation in conjunction with ground forces will provide the biggest military spectacle ever staged in this country.

More than 400 ships had landed last night at Barksdale Field, near Shreveport, and more are expected before the air maneuvers gain full momentum tomorrow. At least 250 and possibly more planes will be in the air simultaneously.

Class Lectures At WTSC End This Week

CANYON, May 22—Last of the class lectures for this term of West Texas State college are being heard this week.

"Dead Week," during which social activities cease and intensive preparation for final examinations begins, will arrive Thursday. Seniors, who are getting their finals off early, scheduled their an-

Government Will Wage War Against 'Fifth Column'

WASHINGTON, May 22 (AP)—New precautions against espionage and any "fifth column" activity in the United States were added today to the general scope of the national defense program.

The major recommendation originated with President Roosevelt, who disclosed he was planning to give the justice department supervision over immigration as a safeguard against alien spies and saboteurs.

Immigration control now rests with the labor department, but Mr. Roosevelt said he would make the transfer in a government reorganization order.

Announcing the projected shift, he said yesterday it was for obvious defense reasons. Chairman Dies (D-Tex.) of the house committee investigating un-American activities commended the idea. Anything in that direction, he said, "will be greatly appreciated by the American people and by the congress."

Hitler Compared To Frederick The Great By Field Marshal

BERLIN, May 22 (AP) via Radio)—Field Marshal Hermann Goering compared Adolf Hitler to Frederick the Great today. He pictured the Nazi Fuehrer as a master military strategist who personally maps even minor actions "down to the very last detail."

Back in Berlin for a 12-hour visit from the front, Goering disclosed that the Belgian fortress of Eben-Emael, in the Liege area, had been considered by German militarists as the strongest fort in the world and that it had been captured in conformity with plans "made by the Fuehrer himself."

Like Frederick the Great, Goering said Hitler possesses an "almost incredible amount of expert knowledge" of every type and kind of arms. The field marshal asserted that there is no warship, no gun and no weapon in existence which Hitler cannot judge as to its effect on operations.

He said Hitler, in long nights of study, originated the plans for all recent Nazi conquests, in Poland and Norway and now on the western front.

The Atlantic and Pacific oceans are spanned by nearly 15,000 miles of submarine cables.

Millions Of War Refugees Fleeing

WASHINGTON, May 22 (AP)—The American Red Cross speeded up its campaign for a \$10,000,000 war relief fund today after receiving word that between three and five million Belgian and French refugees were fleeing terror-stricken toward southern France.

Wayne Chaffield Taylor, European delegate of the organization, telephoned national chairman Norman H. Davis from Paris.

"It is impossible to exaggerate the refugee problem. There are probably 5,000,000 men, women and children homeless. The impact is staggering, but the Red Cross is in there pitching."

The word from Taylor came as President Roosevelt told reporters yesterday that planes were sweeping French roads with machine gun fire, resulting in a refugee death toll such as never had been seen.

To aid in relieving the mass suffering in Europe, the American Red Cross has cabled \$1,000,000 in cash to Paris within the last five days. More than that amount has been collected in the current drive for funds.

Since the European war started in September, the Red Cross has sent \$2,776,000 to help the Poles, Finns, Dutch, Belgians and the Allies.

In addition, \$356,000 in supplies—surgical dressings, medicine, ambulances, clothing—were sent abroad up to May 11. Since then orders have been placed in the United States for \$1,000,000 in supplies, including 100 ambulances and 150 hospital trucks.

Good Rains Fall Over Texas Areas

(By The Associated Press) Beneficial rains fell over most of north Texas last night. Light showers also were reported from scattered sections in West and Central Texas.

In Dallas the fall measured 1.45 inches. Fort Worth was damped by 1.62 and McKinney by 1.70.

At Brownwood 2.55 inches fell. Cleburne reported 1.93. Corsicana had .68, bringing the total for May in that area to 4.02.

Other reports: Lubbock .05; Abilene .60; Austin .22.

Drilling Equipment Business Booming At Tulsa Oil Show

TULSA, Okla., May 22 (AP)—While leaders of the oil industry here for the International Petroleum Exposition appear depressed by war news, exhibitors report brisk business.

"We've had a lot more inquiry about equipment and we've made more sales than heretofore," said one drilling equipment dealer.

But it has been evident at the show that the war has done the American petroleum export trade no good.

One exporter declared that his exports had declined from 10 to 90 per cent on his various products. Another complained that American equipment makers were doing the domestic producers a disservice.

"We make more good equipment for producing and processing oil in this country than we can use," he said. "You can't blame the equipment makers for selling it abroad, but what happens? The equipment is used to produce oil from new fields and there goes some more of our export market."

Representatives of countries affected by the war declined comment on crude or gasoline supplies for the domestic machines of the belligerents.

In blemish refining circles, marketers generally reported "no change." Travel weather has brought an increased demand for motor fuel but heavy stocks built up in anticipation of war demand which did not materialize has been a depressing influence.

Wonder whatever became of....?

Did his classmates lose track of him? How could they? He was the sort of friend that all of us would want to keep... mostly because of his understanding slant on life and people and things. He was active in athletics, yet his studies never suffered... nor did he overwork cheat him of recreation and relaxation. Light-hearted, yet serious when problems faced him... always master of his worries. He avoided idlers, but added constantly to his circle of sincere friends. He was courageous without being reckless, confident without being cocksure... moderate in all things. Everybody said he'd make good. He has.

City Officials Urge Elimination Of Traitors In Amarillo Meeting

Support of the movement to eliminate any possible "fifth column" in America was unanimously approved in a resolution passed by more than 50 Panhandle city officials attending a district meeting of the Texas League of Municipalities yesterday afternoon in Amarillo.

Mayors, city commissioners, city managers and city attorneys from 15 Panhandle cities attended the meeting at which Mayor Ross Rogers of Amarillo, vice-president of the league, presided. Attending from Pampa were Mayor Fred Thompson, Commissioners George Cree and H. C. Wilson and City Manager Matthews.

WE CLEAN and REBLOCK HATS!
We Devote All Our Time and Efforts to this Work. Have Yours Factory Finished By **ROBERTS THE HAT MAN** 215 W. Kingsmill

the destruction of our free institutions and the substitution of military rule therefor and be it further resolved that a copy of this resolution be transmitted by wire to the President of the United States of America."

As mayor of Amarillo and as the league vice-president, Mr. Rogers, and E. E. Adams, the league executive secretary, signed the telegram. Charles B. Bennett of Milwaukee, field consultant of the American Society of Planning Officials, urged careful planning for the future by municipalities regardless of size.

When cities should pay the state tax on gasoline under protest was a question discussed. At the present time cities are paying a four-cent state gasoline tax on fire trucks and police cars but are getting a one-cent federal tax refund on the same cars it was pointed out. The tax is refunded on street grading equipment, etc.

Von Reichenau Awaits Orders To Attack Allies

By LOUIS F. LOCHNER
WITH THE GERMAN ARMIES ON THE WESTERN FRONT, May 22—The German general, Erwin von Reichenau waited in a peaceful old castle today for a telephone call from Adolf Hitler which would send the powerful right wing of the German army westward against a half million Allied troops in Flanders.

The object: to drive back toward the English channel the forces which block a direct Nazi attack on England. Expressing confidence in the outcome, von Reichenau, while he waited, checked through his general staff plan once more.

The west Flanders town of Ypres, which the British Tommy of the first World War called "Wipers," appeared to be one of those to be struck when the newly accumulated fury of the German mechanized forces is released.

Hitler's plan for encirclement of Paris presupposes this strong right wing movement in the southern sweep, and to von Reichenau was entrusted the job of seeing it through. The general claims that the German losses have been only one-tenth of those of the enemy taken prisoner.

Von Reichenau said this was the result of more careful preparations by the Germans. "Our vanguards and scout planes," he said, "go day after day on their heroic errand of learning just where the enemy is, how his formations line up, and where the weak points are. Only when we are fully ready do we dash forward."

It Doesn't Handicap You To Lose Your Brains In Operation
CINCINNATI, O., May 22—The actual loss of brains by operation of injury presupposes that a person, the American Psychiatric association was told today.

Dr. Leland B. Alford, of St. Louis, declared that serious destruction of brain tissue in the "speech area," which is supposed to radiate impulses to other parts of the brain, did not interfere with the activity of other parts. Persons whose speech areas are damaged either by concussions or operations for tumors remained as normal as those so brain before their accidents or operations.

His results indicate, the St. Louis physician said, that it is impossible to localize in or on the brain such complex activities as speech, hearing, smell, or other sensations since they seem to be functions of the whole brain rather than any individualistic part. Psychiatrists here declared this is one more refutation of the outmoded practice of phrenologists who profess to read personality by bumps on the skull.

27 Ready To Take Stand In Trial

COLUMBIA, S. C. May 22 (AP)—Twenty-seven witnesses were ready to testify today in the case of Mrs. May Walker Burleson, 51, Galveston, Texas, charged with the murder in connection with the fatal shooting of the woman who succeeded her in marriage to Col. Richard C. Burleson, U. S. Army. Defense attorneys said they would present witnesses from Boston, Mass.; Baltimore, Md.; and Texas, but would not give their names. Neither would the lawyers indicate what procedure they would follow for their client, who recently was adjudged "not insane."

Only 11,000 Men Lost, Says Germany

(By The Associated Press)
Germany has lost about 11,000 men in the blitzkrieg on the Belgian and French fronts, a high German commander has indicated. The figures were given for the campaign in The Netherlands. In the first authoritative statement of losses since the western invasion began May 10, Col. Gen. Walther von Reichenau today told Louis F. Lochner, Associated Press correspondent with the German armies, that the Germans had lost only one-tenth of the number of Allied troops taken prisoner. Official German sources stated that, exclusive of those in Holland, 110,000 prisoners had been taken by Adolf Hitler's legions in the west.

Oilers And Gold Sox Play Four Games

First Games To Be Played At Amarillo

Grover Seitz and his Pampa Oilers are scheduled to get their first look at the high stepping Amarillo Gold Sox tonight in Amarillo, weather permitting. The two teams are scheduled to play two games in Amarillo and then return to Pampa for an 8:30 o'clock game Friday night and a 9:15 o'clock Ladies Night game Saturday night.

Despite cold and wind last night, the Oilers and Big Spring Barons started to play but at the end of the fourth inning dust started to blow and rain to fall and Umpire Thompson called the game off at that spot. The score was tied 1 to 1 at the time.

Sam Malvica and Dutch Prather of the Oilers and Bill Garbe and Pitcher Schultz of the Barons didn't want the game to end. Malvica had already stolen three bases, Prather had bagged a double, Garbe had hit a triple, and Schultz had clouted a double.

The game was held up nearly 30 minutes while team managers and umpires conferred. But the nearly 150 fans who huddled in blankets in the stands yelled to play the game.

The Oilers scored their lone run in the first inning when Stephens walked. He was forced by Malvica. Seitz filed out. Malvica stole second from where he scored on Prather's double.

Big Spring scored in the second when Garbe tripled with one away and scored when Summers dropped Daniel's perfect throw to the plate on Woll's high fly.

Rice was on the hill for the Oilers with Summers behind the plate. Rice had walked three and fanned one through the fourth. Schultz, Baron pitcher, had walked four but whiffed five when the game was called. Muratore was behind the plate.

Bits About Bowling

Standard Food Markets won two out of three games from Sanitary Barber Shop in the LeFors Duck Pin bowling league last night. El Glick set the alleys on fire with a game of 259 and a series of 611 pins.

Middleweight Title At Stake Tonight

NEW YORK, May 22 (AP)—The fight game's version of "Beauty and the Beast"—a boxer standing up to a slugger—unwinds in Madison Square Garden tomorrow night for the second time in as many weeks, this time with the middleweight championship on the line.

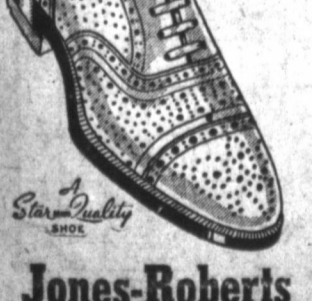

On the last occasion, the honors went to the kuocker-outer, Texas' Lew Jenkins, who put Lou Ambers to sleep in three rounds and took the lightweight championship. And that time, the Texas thin man was the betting underdog.

Tomorrow, the boxer, Ken Overlin, is the short-end. If you think he can take the New York and California portion of the world middleweight crown from Cefirino Garcia, \$5 will get you \$10—if he does it.

He might, at that. He's a "cutie" boxer, knows all the answers about ring generalship, and in close on 200 fights, has usually managed to stay out of harm's way when a "bomber" was in there pitching at him. Only ex-champion Freddie Steele put him to sleep, and he insists he was a sick man on that occasion.

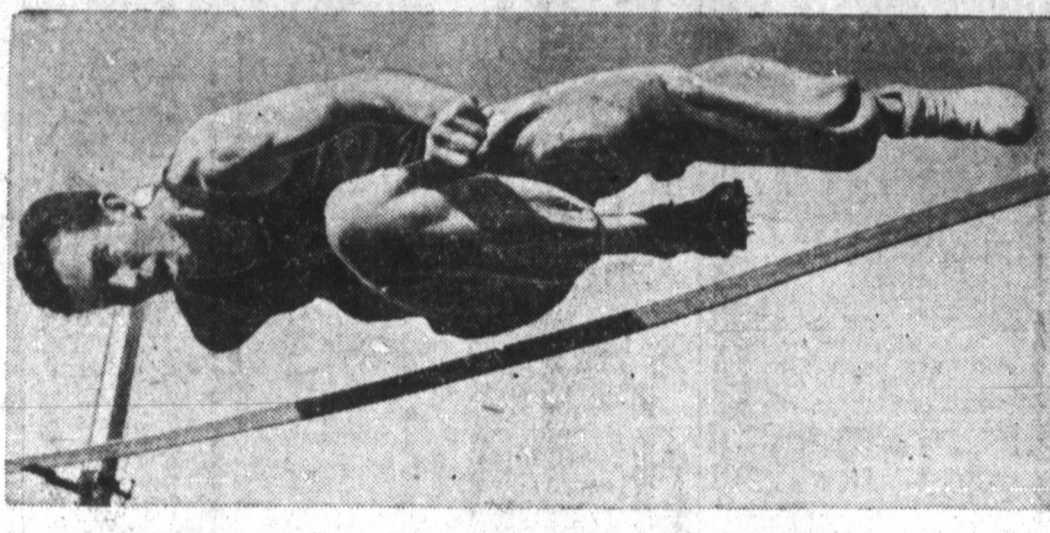

SNAKE 'WALKS' ON STOMACH
When crawling slowly, a snake may progress in a straight line by bringing forward the broad plates of the abdomen and then pulling them back again. It actually "walks" upon these plates. When frightened, it travels swiftly along in a series of lateral undulations.

Two-Tone Tan Men's Sport Oxfords \$3.50 and \$4.50

Jones-Roberts

'One Shoe Off and One Shoe On'

Kelly Horn of Alabama, top, and Johnny Wilson of Southern California use only one shoe when they high jump, but they get up there. Wilson is National Collegiate champion. Horn goes unshod on one foot because of an accident as a youth which prevented his left leg from developing completely. He has done 6-7 and will be a threat to Wilson in National Collegiates in Minneapolis, June 21-22.

Jimmy Foxx Hits Home Run With Bases Loaded

By JUDSON BAILEY
Associated Press Sports Writer
Maybe it's nostalgic creeping up, but a fellow can't escape feeling every once in awhile that the old heroes are the best heroes.

There's Jimmie Foxx of the Boston Red Sox. In the 15 years he has been swashbuckling around the American league, a lot of fine new faces have appeared.

But old "double x" still is setting the opposing pitchers crazy with his terrific slugging. He hit a home run with the bases loaded yesterday for the second straight day to help Boston beat the Detroit Tigers 11-8 and get a stronger grip on first place in the junior circuit.

He has hit 11 homers and batted in 38 runs already this spring. The world champion New York Yankees took some of the pressure off Boston by belting the Cleveland Indians 10-2 with a 12-hit attack led by George Selkirk and Charley Keller.

The victory was not sufficient to get the Yanks out of the cellar, however, because the Chicago White Sox edged out the Washington Senators 9-8. Joe Kuhel led the Sox's 15-hit assault with a perfect day at the plate, five hits including a home run and two doubles.

These were the only completed games in the American league. The Philadelphia Athletics started to work out on the St. Louis Browns but rain washed out the game in the middle of the fifth.

In the only contest the weather allowed in the National league the Brooklyn Dodgers squeezed past the Chicago Cubs 4-3 to end a three-game losing streak.

Parachutists Train Like Grid Players
By EDWIN SHANKE
BERLIN, May 22 (AP)—German parachute troops undergoing their initial training look like American football players engaged in tugging-up exercises.

How they are groomed for their tugging parachute is a new motion picture film on parachute jumping shown to the foreign press and soon to be released to theaters.

The American League Scores

YANKS SWAMP INDIANS
CLEVELAND, May 22 (AP)—Marius Russo pitched three-hit ball yesterday based on old-time New York Yankee home-batteries of 12 hits as the world champions swamped the Cleveland Indians 10 to 2. Cleveland used four pitchers trying to stop the attack, which included a homer by Charley Keller.

Team	W	L	Winning Pitcher

BERLIN, May 22 (AP)—German parachute troops undergoing their initial training look like American football players engaged in tugging-up exercises.

How they are groomed for their tugging parachute is a new motion picture film on parachute jumping shown to the foreign press and soon to be released to theaters.

Besides the training of men, the Germans showed cases of rifles and light machine-guns landed separately in attacks.

As soon as the parachute troopers hit the ground, they rip off their parachutes and rush to these weapons. They also carry light arms.

Beginning their careers, the troopers first are given thorough infantry training.

Then the men are introduced to the art of parachute jumping indoors.

They tumble and perform somersaults on heavy mats. They are dragged along the ground and then struggle to their feet against a tugging parachute on a chute.

Veteran Woman Golfer Wins Her Opening Match

By FELIX R. MCKNIGHT
FORT WORTH, May 22 (AP)—Off the eighteenth green, her kindly face framed by silver hair, walked women's golf itself—Mrs. Dave Gaut of Memphis.

Youngsters crowded around her, went through the familiar routine of congratulating the queen of Dixie, the woman who started her twentieth consecutive women's southern tournament with a triumph—a triumph that revealed the stout heart that has made her feared for a quarter of a century.

Stified by the precision of young Mrs. Robert Monsted's rush on the back nine that set her one under par for six holes, Mrs. Gaut was the age and grace of three to play. She just smiled a little more, parred the last three holes and won the match, one up.

She embraced the New Orleans girl, assured her she was a "grand little player," then sighed: "These youngsters are beginning to be too much for me. But I love it. Today I got one of my greatest thrills. I've seen a lot of things happen in golf, but do you know what I did out there today? When I had to? I jumped a stymie three feet from the hole with a niblick and made it!"

Her age is her secret—but what does it matter? Yesterday, on a par 75 course fringed by heavy clover and playing extremely hard, she was 82 and a winner.

Today she plays Miss Jane Cotman, the Greenville, S. C. girl with the "Seabiscuit" game. Cold odds favored Miss Cotman—youth, power, determination. But sentiment backbiting with Dave Gaut, the great campaigner, was almost as strong.

'Mile-Dial' Counts Gasoline Mileage
A device by which motorists can quickly and accurately measure their gasoline mileage is being introduced today by Continental Oil company in a nation-wide newspaper advertising campaign which includes The Pampa News.

The "Mile-Dial" is a simple device which keeps count of the number of gallons of gasoline purchased and the number of miles traveled during the test, and automatically calculates the miles per gallon by a simple turn of the dial.

The dial, which can be obtained free at service stations selling Continental Oil company products, can be attached to the dash without marring the surface or can be carried in the glove compartment of the car. With it the motorist can make frequent checks of the mileage he obtains from gasoline and can at the same time easily accumulate his purchases and miles traveled, so that an average miles-per-gallon over a long period can also be determined.

The Mile-Dial was invented by Continental Oil company engineers, and its mathematical accuracy has been certified by F. A. Bergen, chairman, mechanical engineering department, Washington university.

In Malaysia bees make honey, but do not eat it. Since there is no winter there, the bees do not store up food.

ALMOST FINISHED AT FINISH
Tom Chatfield of New York skids past the finish almost obliterated from view in Viper III, winner of the inboard hydroplane class in the Albany-to-New-York motorboat marathon.

The National League Scores
BROOKLYN, May 22 (AP)—Dolph Camilli singled yesterday to bring the Brooklyn Dodgers to a victory over the Chicago Cubs and end a three-game losing streak. Until he weakened in the final frame, Camilli's assault held the Dodgers to four hits and was winning on home runs by Bill Nicholson and Jim Gleason.

Buckner Track Star Runs Mile Quickly
DENTON, May 22 (AP)—Chunky Joe Wood of Buckner Home (Dallas) has developed into one of the brightest track prospects in Texas.

Any schoolboy who can run the mile successive nights in under 4:30 is liable to be in line for bids from all the colleges.

He ran the event in 4:26.5 Monday night to win in the junior division of the annual Southwestern AAU meet here.

Last night in the senior division Wood raced in with a time of 4:27. He again won the event.

Other notable showings included a javelin throw of 204 feet 6 inches by Albert Mikeksa of North Texas State Teachers college and a 9.8 seconds hundred by Olvis Hicks of North Texas.

Sports Roundup

By EDDIE BRIETZ
NEW YORK, May 22 (AP)—Sam Sneed is skipping the Metropolitan open this week to toughen up for the national by doing road work, just like a fighter. . . . The other National league clubs are getting ready to clip the Dodgers' wings by passing a no-flying rule. . . . Fight Manager Al Weill, who has lost two champs in two weeks—Lou Ambers and Joey Archibald—is fit to be tied. And another of his meat tickets figures to be well punched when Arturo Godoy goes against Joe Louis again.

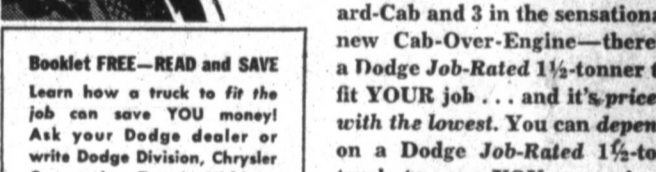

Cross-Out-Heart Dept.
It just doesn't add, but Zeke Bonura's gilt-edge fielding is featuring Washington's western inveterate Col. Terry will please note.

Today's Guest Star
Jack Eroudy, Boston Traveler: "Bill Klem, who has been sassed by experts, insists modern day ball players are just about as tough and cantankerous as the old timers despite their dude clothes and fancy manners with the knife and fork. . . . Calls the 1914 Braves the most spirited club he ever saw."

Today's True Story
One day last week Gene Root, pro at Berger, Tex., shot a sizzler 69 to set a new men's record for his Huber club course. . . . Two days later along came Mrs. Gene Root with an 88 to chop a stroke off the club's women's record, which she held.

BLENDED 33 TIMES TO MAKE ONE GREAT BEER!

33 SEPARATE BREWS — BLENDED LIKE FINEST COFFEE AND CHAMPAGNE — FOR GOODNESS THAT NEVER VARIES

IN every glass of Blue Ribbon there are 33 fine brews from 33 separate kettles!

Only Blue Ribbon brings together these 33 fine brews. . . . Not one, or two, or five . . . but 33! Each brew is as fine as the choicest ingredients and Pabst's 96 years of skill can make it!

But brewing is a natural process, and Nature never yields two brews that are exactly alike, even with the same formula and strict scientific control.

That's why Pabst goes to so much extra work and expense to blend 33 separate brews. The result is America's Premium Beer, with a smoothness that is unique. . . a goodness that is always the same.

Some time today, have the pleasure of meeting a glass of Blue Ribbon.

An Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

Times Change

Times do change. Witness the truly magnificent spectacle of thousands of merchants in virtually every county of the nation striving to dispose of the South's surplus cotton. This is the kind of Union that Abraham Lincoln visualized over half a century ago amidst the bitterness of the bloodiest civil war in history.

Cotton is the life of the South. Cotton is bread and butter to millions of people, both in the South and other sections of the country. A glutted cotton market imperils the welfare of these millions. Cotton exports are at dismal lows. The solution to the cotton problem must be found, in part at least, at home.

Every resource of modern distribution is being called into action. During the current week through May 25th, shoppers in many cities will see store fronts and showcases banked with cotton products and appealing posters mutely reminding them that by purchasing a cotton goods article they will be helping their neighbors "down South."

Be Thankful While the rest of the world is depressed by wars and the misery they entail, it is interesting to know that two great fairs for education and amusement are again open in New York and San Francisco.

Psychological Service A well known financial magazine has offered this advice to young people: "Set up a budget and save at least 10 per cent of your pay. Life insurance provides the cheapest and easiest method of creating an estate."

Sharing The Comforts Of Life

By R. C. Hollen "VOTING GOD OUT OF OFFICE"

One of the most comprehensive, meaningful sentences I have run across for some time is in a new book "Smoke Screen" by Samuel B. Pettengill. The sentence is, "We are voting God out of office."

Strange it is that this modern tendency to render all things to Caesar—education, hospitals, the care of the sick, the errands of mercy, the compassion of suffering the support and therefore the slavery of the church through public taxation, the destruction of local self government, the bribery of states, the pressure for the control of radio, the press and lecture rooms, the justification given for diverting huge public funds to tons of propaganda, the sneers at the Constitution and the courts, the most disinterested interpreters of its meaning, and the most independent guardians of your inalienable rights, the gradual erosion of the sense of personal responsibility for the care of one's aged parent, one's child, one's community and its charities and philanthropies—strange it is, that all this has been so successfully sold to so many people as a progressive and liberal movement.

WHAT KIND OF A GOD? Can God break his own laws? The other day Dr. Harry Emerson Fosdick said that people who trust God to break his own rules are making a stultifying opiate out of religion.

Around Hollywood By PAUL HARRISON HOLLYWOOD, May 22—Short takes: The war-shriveled picture market almost certainly will bring admissions for different priced productions. Also a swing away from double bills.

As the big totalitarian states of Europe continue the inhuman and methodical process of crushing the "neutral" nations under their iron heels, Americans are able to observe—at a distance—the "fifth column" technique in action.

There have been frequent occasions since when the phrase has been justifiably applied to happenings in troubled Europe. Washington is currently anxious to keep anything remotely similar from occurring in the United States.

For that reason, those who are sincerely interested in the welfare of this country have been looking with a narrow eye upon anything which would aid and abet, however innocently, "fifth column" activities. It's a good idea too, for jokers have a habit of turning up in the strangest places.

Imagine the surprise, for instance, of those individuals who went to the trouble to familiarize themselves with an apparently humanitarian measure recently introduced by Senator La Follette, a measure variously described by its supporters as a "civil liberties bill" or a bill "to eliminate oppressive labor practices."

As an illustration, the bill describes it as an "oppressive labor practice" for an employer to get any information about the "economic" or "political" beliefs or activities of his employees.

Now on the market is the combination toothbrush and atomizer that sprays mouth wash as it brushes the teeth.

Discovered in New Orleans is a man 130 years old. And, it might be added, he doesn't look a day over 116.

No doubt you noticed the new heading on this column today.

Advertisement for Pettengill, Democrat, Congressman from Indiana. Text includes 'Eight Years', 'Democrat', 'Congressman', 'From INDIANA'.

OPPORTUNITY FOR STATESMEN

The editor of a fine little Indiana newspaper recently told me how he went through the depression. When advertising and subscribers fell off, he called in his men, sixty in number, from the oldest pressman to the youngest cub reporter.

Together they faced the music. Not a man deserted the paper, and the paper did not desert a man. The editor said to me, "If I had ever planned my budget on my bosom, it will be because all through the depression every man in my employ found something in his pay envelope every Saturday."

Thousands of such men made similar sacrifices to keep the men employed, and they equally deserve the respect of the Republic. Others had the desire to do so, but were forced to shut down by circumstances beyond their control.

To accomplish this, tools may be necessary. But the spirit must come first. What is desperately needed right now is the spirit and the will for fair dealing between capital and labor, labor and labor, industry and government.

What they saw is not what we see. We see science, technology, power; the forces of nature harnessed to the service of man; a thousand, a million horsepower where Captain John Smith of William Bradford saw six horses.

Our people won't accept the paradox of poverty in the midst of potential plenty. "Bread lines standing knee-deep in wheat," present a question which they think, and think rightly, as our fathers did, the meager fruits of our toil. Our fathers never saw poverty in the midst of plenty.

But those who by honest toil, thrift, sobriety, sacrifice, careful living, or by inventive and business genius, have earned and saved a few thousand dollars, or a million dollars, with which they have built factories or other enterprises loaned to those who need it, do not deserve to be held up to contempt as "princes of privilege."

It is not speaking of the buccaners of business, but of those who have accumulated wealth as a reward of useful work by hand or brain. On the other hand, we gain nothing by describing everybody with holes in his shoes as a sort of hero who should be permanently pensioned as an underprivileged patriot.

A political leader who promises to tax the worker to enrich the shirker, to plunder savings to give to the shiftheads, no better than a poisoner of wells.

Can we regain freedom and the opportunity which freedom gives, not as a primitive right in the wilderness, but as a civilized achievement? We must believe that we can.

We must move as Jefferson would towards diversification and decentralization political, economic, industrial, and financial. We must revitalize the old democracy to prevent its rotting at the center. We must send sap to the leaf in order to preserve life in the trunk. We must recognize centralization for what it is in truth—a reactionary movement, a Tory philosophy, and the negation of democracy. This is the problem and this is the opportunity for statesmen in labor, to solve by common counsel.

engineering degrees. These boys will work in the engineering division in the field.

The state highway engineer said, "We are offering jobs to all the civil engineering graduates who want work. The highway department is primarily an engineering organization and it is our policy to use graduate engineers wherever we can. These boys have acquired the theoretical knowledge and will accumulate practical experience as they work."

"No attempt to pick certain graduates was made. We believe," he said, "that all the graduates are deserving of an opportunity and we are glad there is a place in the highway department for them. The fact that 70 per cent of all civil engineering graduates have expressed a desire to work for this department indicates they believe it a good place to work."
