Rainbow Water Curtain Will Be Feature Of Texas Premiere Of Entrada

WAVES OF PLANES BOMB LYONS, MARSEILLE

Ticket Drive To Get Under Way Quickly

Hamilton Designed Famous Screen Of Centennial

A water screen or curtain, 100 feet long and 15 feet high and sparkling with the colors of the rainbow will be a feature of the Coronado Entrada to be presented here in less than two weeks.

The water curtain will be similar to one which screened the stage from the audience at the Cavalcade of Texas at the Texas Centennial exposition at Dallas in 1936.

Mark Hamilton, director of the Pampa Entrada, wrote and produced the Dallas Cavalcade and also designed the water screen, the first time it was ever used.

Yesterday, Mr. Hamilton was authorized by the Coronado Top O' Texas committees to supervise the building of a water screen for the Entrada. He and members of the Fiesta committees immediately opened negotiations to have the screen built.

The water screen is produced by laying a small water line into which are screwed jets every six inches. A small slit is cut in the top of each jet through which the water ascends in a fan shape. Colored lights at each end of the pipe play upon the screen producing rainbow effects.

The water screen will be used for a minute or two at the end of each of the 12 scenes. At the New Mexico premiere of the Entrada at Albuquerque the stage was in darkness at the end of each scene. It is believed the screen will prove more

Pampa Dollars To Bring Relief To War Refugees

Dollars contributed by Pampans will furnish a part of the cargo of a 9,000-ton "mercy ship" the American Red Cross will send to Bordeaux, France, early this month.

The vessel will be loaded at Jersey City, N. J., with large quantities of clothing, drugs, soap, food, gauze, and hospital trucks.

To date, Pampans have contributed \$1,099.50 to the local campaign. The goal here is \$1,700. Later, the contributions are Southwestern Bell Telephone company and J. C. Short, \$10 each; B. O. Lilley, and Civic

I Heard . . .

A big army plane roared over Pampa and then light at the municipal airport. It was George Christopher, former Pampa, now training army pilots at Hensley Field near Dallas. George took his annual two weeks of active service and then stayed on as instructor. He was flying a new North American BC 1-A combat plane capable of making 200 miles an hour. He stayed with friends here last night and was to go to Amarillo today.

70 Sect Members Jailed At Odessa

Col. Thompson Enters Race For Governor

AUSTIN, June 1 (AP)—Railroad Commissioner Ernest O. Thompson today announced his candidacy for governor on a 14-point platform featuring an increase of five cents per barrel in the oil to finance social security services.

He also expressed unalterable opposition to a sales tax in any form and advocated creation of a separate oil and gas commission and a statewide soil conservation program. Further he advocated a reduction in the automobile license fee and substitution of free registration for the poll tax.

Announcing that his campaign would keep him away from his office much of the time, he asserted he would turn back his salary for the next three months to the Old Age assistance fund.

"I hope some of those who have been cut \$6 per month can be restored," he said.

If governor O'Daniel and the other candidates who are on state

Capt. Lambrecht To Be Transferred To Another City Soon

Effective June 15, Capt. and Mrs. Herman C. Lambrecht, head of the Salvation Army here since August, 1936, will be transferred to another city.

Where their new location is to be will not be known until Captain Lambrecht returns Wednesday from Dallas, where he is to receive his assignment from Brigadier W. G. Gilks.

The captain was notified to report in Dallas in a letter received from his superior last week and was informed that he was to be transferred.

Before leaving here, a farewell service will be held at the Salvation Army building. Mrs. Lambrecht will remain in Pampa while the captain goes today to Dallas, then leave here with him for their new post.

In addition to his work with the Army, Captain Lambrecht has also been serving as county juvenile officer during the past year working in cooperation with the Gray county commissioners.

Another Candidate In Congress Race

AMARILLO, June 1—Lewis P. Fields, Amarillo insurance man, announced today as a candidate for congress from the 18th Texas district. He was the eleventh man to enter the race to succeed Marvin Jones, who has been appointed to the U. S. Court of Claims.

Local observers predicted that Jones would be petitioned to decline the court appointment and stand as a candidate for reelection. Fields specified in his announcement that he would withdraw should Jones be drafted.

Grady Hazelwood, former district attorney, announced as a candidate for the state senate from the 31st district to succeed senator Clint C. Small of Amarillo, who is retiring. Other candidates for that office are Curtis Douglas, attorney from Panhandle, and State Rep. Max Boyer of Perryton.

Play Program Will Open Tuesday Night

Pampa's night summer recreation program will open in Central park at 7 o'clock Tuesday night. Jim Edwards, director, announced Saturday.

The day program was resumed at ward school playgrounds Saturday after being closed down for a week.

Playgrounds at Brown, Mann, Woodrow Wilson and Baker schools will be open six hours daily excepting Sunday. Open hours will be from 9 to 11 a. m., and from 3 to 7 p. m.

The night program will be held from 7 to 10 p. m., each night excepting on Saturday and Sunday.

Arrangements have been made for a recreation program over station Perfect Circle has a ring for every job and every ring is guaranteed.—Adv.

ODDESSA, June 1 (AP)—A sudden wind, rain and electrical storm tonight enabled officers to rescue 50 religious sect workers from a ranch house where they had sought refuge from an angry crowd that threatened them when the workers refused to salute the flag.

The 50 persons were brought to the county jail here, where 20 others had been held since a crowd of 1200 persons today stopped the religious workers from distributing literature on the streets. The literature was seized and burned.

County attorney O. E. Gerson said the 70 sect members would be held in jail "until they salute the American flag." No formal charges had been filed against the group, composed of sect members from many west Texas towns.

Fist fights broke out on the streets today when the sect workers began passing out their literature. A flag was produced and the sect members refused to salute it.

Sheriff Reeder Webb and deputies intervened and most of the group was marched to the court house where county judge A. H. Dennison lectured them on citizenship. The judge called upon the religious workers to salute the flag.

A spokesman said they could not salute anything man made.

Ten men and ten women were placed in jail and the others were escorted out of town by state and county officers. The group went to a ranch house a mile from town.

After dusk the crowd formed again. Sheriff's deputies rushed to the scene, a gravel pit, and talked to the crowd.

The wind and rain storm blew up, causing an electrical power breakdown that plunged the city into darkness.

It was then Sheriff Webb and deputies managed to bring the group to jail.

Most of the crowd dispersed but a few were still on the streets late tonight.

'Listeners Boycott' Against Communist Broadcasts Urged

NEW YORK, June 1 (AP)—A national-wide "listeners' boycott" against three major network broadcasts tomorrow of the communist party's national convention proceedings was urged today as more than a score of individual radio stations declined to carry the broadcasts.

Thomas Walsh, national commander of the Catholic War Veterans, Inc., called for the "listeners' boycott" in a statement declaring the appeal was a part of the veterans' Americanism program.

His appeal was directed principally against scheduled speeches of Earl Browder, general secretary of the communist party.

Radio stations at Philadelphia, Cincinnati, New Orleans, Nashville, Atlanta, Syracuse, Rochester, Lincoln, Neb., Milwaukee, Indianapolis and Wichita, Kas., were among those announcing they would not carry the communist broadcasts.

Some stations explained they had previous commitments, others said they had cancelled the broadcasts.

The national broadcasting company and the mutual broadcasting system have scheduled broadcasts (11:30 a. m., CST) tomorrow of convention proceedings during which Browder will be nominated communist candidate for President and James W. Ford, Negro, for vice-president.

Local observers predicted that Jones would be petitioned to decline the court appointment and stand as a candidate for reelection. Fields specified in his announcement that he would withdraw should Jones be drafted.

Grady Hazelwood, former district attorney, announced as a candidate for the state senate from the 31st district to succeed senator Clint C. Small of Amarillo, who is retiring. Other candidates for that office are Curtis Douglas, attorney from Panhandle, and State Rep. Max Boyer of Perryton.

Although retreating Belgians blasted their bridges behind them, German engineers replaced them with makeshift spans. Above, a German bicycle detachment is seen crossing a stream on such a pontoon bridge. Note complete demolition of houses.

Pampa Fiesta And Entrada Boosters Hit Pay Dirt At Dumas

Good Will Trip Will Advertise Fiesta In Northeast Panhandle

Every business house in Pampa should cooperate Tuesday by sending a car and a representative on the second and last big good will trip promoting good will over the Top O' Texas for Pampa and advertising the 9th annual Top O' Texas Fiesta. C. A. Huff, chairman of the good will committee of the Pampa Chamber of Commerce, said yesterday.

Huff, in cooperation with Jimmie Dodge, co-chairman of the Top O' Texas Fiesta Steering Committee, led the delegation last Friday over the western Top O' Texas territory and will have charge of a trip Tuesday to Lefors, McLean, Shamrock, Wheeler, Canadian, Perryton, Spearman, Phillips, and Skellytown.

The summer recreational band directed by A. C. Cox will accompany the delegation and some special entertainment numbers, in addition to the band, are being sought for this trip.

The delegation will leave at 7:30 a. m. from the City Hall. Everyone who can make the trip is urged to telephone the chamber of commerce office Monday, as a matter of courtesy to the good will committee who will be soliciting cooperation among the merchants and professional men. Placards, pamphlets, and other advertising material will be distributed to our neighbors to the east and north on this trip.

Schedule for the trip calls for the arrival as follows: Lefors, 8:00; McLean, 9:00; Shamrock, 10:00; Wheeler, 11:15; 6:15; Skellytown, 7:00; Pampa, 7:30.

Ladies-In-Waiting To Queen Announced

Several of the ladies-in-waiting who will ride on the red and gold queen's float with Martha Price were announced today. Miss Price will also play the role of Beatriz in the Entrada.

They are Mrs. Pauline Gotcher, Mrs. Maxine Shadwick, Miss Mary Price, sister of Martha, and Elaine Murphy, beauty queen at West Texas State college. Ganson, Betty Jo Thurman, Mrs. Jimmie Dodge, Freda Barrett. Others will be announced later.

Mary Price has been a beauty queen at Texas Tech for the last three years. Mrs. Gotcher was Harvey queen when she was Pauline Gregory.

200 Boys And Girls Join Bicycle Club

The Pampa Bicycle Club was born yesterday afternoon when nearly 200 young cyclists promised to obey the rules of safe riding at a gathering at Recreation park. The club is being sponsored by the Pampa chapter, Veterans of Foreign Wars, with Lee R. Franks and Jim Sturgeon co-chairmen of the committee in charge.

Every boy and girl signed a membership card and each was given a reflector and license to be placed on the rear fender of their bicycle.

After Mr. Franks and Frank Monroe had explained the club and its rules, the following officers were nominated:

President—Johnny Campbell, Vice-president—Ronald Lewter, Secretary—Anna Louise McCoy, Treasurer—Betty Waggoner, Cycle judge—Tommy Dowell, Cycle prosecuting counsel—Shirley Louise Taylor, Cycle defense counsel—Russell Neef.

The officers will be elected and patrolmen selected at a called meeting of the club. Five and date will be announced later.

Boys and girls desiring to become members of the club and members who failed to secure reflectors and license numbers may get them at the office of John I. Bradley on the second floor of the Combs-Worley building where Mrs. Bradley will meet with the boys and girls between 1 and 4 o'clock every afternoon.

Veterans served hot dogs and pop to every boy and girl attending the meeting. More than 500 hot dogs and 800 bottles of pop disappeared.

300 Pampa Youths Form Worley Club

Presenting a signed membership of more than 300 Pampa high school and college students, and other young people, leaders yesterday announced the organization of a "Mr. Worley Goes to Washington club."

They declared that their club was formed "under their own power and on their own hook" to advocate the candidacy of Eugene Worley of Shamrock for congress.

Signatures covering 22 sheets were written under the following statement:

"Because Eugene Worley is a young man and has already served two terms in the State Legislature at Austin where he was in line to be the next speaker of the house, and because he has already had the necessary experience, we believe that he is ideally equipped to fill Marvin Jones seat in the national congress at Washington. We believe that he understands the problems of youth as well as the problems of

Hundreds Killed As Nazis Renew Drive On Somme

(By The Associated Press)

A great aerial expedition of Nazi bombing planes swarmed over southern France yesterday (Saturday) afternoon, sowing death and destruction in the heart of the famed Rhone valley industrial section and striking the port of Marseille heavily.

At least 46 persons were killed in the mass bombing raid, one of the heaviest of the war, which came in the wake of Adolf Hitler's military victory in Flanders.

In Marseille, Mediterranean port and France's second largest city, 30 persons were killed. In the Lyons industrial area 16 met death and 90 or 90 were wounded.

The French said 56 German planes were downed in all the day's fighting against 16 French losses. Of the losses inflicted on the Rhone valley raiders they said only a "certain number" were downed.

Two heavy bombs fell in Marseille. A British ship laden with cotton was sunk in the harbor.

Industrial sections of central eastern France were heavily bombed.

Some observers believed the raids were a German gesture to show Premier Mussolini, a propective entrant into the war on Hitler's side, that Nazi air power is sufficient to give the Italians help even during the present German northern offensive.

The Nazi armada roared into France across the Rhine north of Basel, Switzerland, in droves of 21 to 36 planes. They struck first at French air bases, communications and factories in the Rhone valley around Lyon.

Swiss patrols tangled with one of the raiders which ventured over neutral Switzerland's border, downing the craft and killing its four occupants.

While the French blocked an attempted Nazi "on to Paris" drive

Red Cross Will Begin Knitting War Sweaters

Knitting, reminiscent of World War days, will be revived in Pampa at 2 o'clock Thursday afternoon when the Pampa chapter of the American Red Cross starts knitting sweaters in the civic rooms at the city hall.

Women are asked to join in the movement. Experienced knitters are the immediate need, as sweaters are among the first articles to be made for shipment to war refugees in Europe.

A minimum of 50 sweaters, and sewing of 30 dresses and 20 lapetles is the output scheduled for the next few months from Pampa.

Mrs. Robert C. Sander will be in charge of the knitting. Women may do their work in the club rooms or procure and instructions and do the knitting at home. All materials except needles are furnished by the Red Cross. It was announced today by Mrs. Fred Roberts. Women desiring further information on the project may telephone Mrs. Roberts at 680-B.

Invasion of Belgium, the Netherlands, and Luxembourg has created a tremendous demand upon the American Red Cross. From September, 1939, to June, 1940, more than 500,000 garments have been produced in the United States and sent to Europe. The demand is greater now than in the World War, Mrs. Roberts said.

I Saw . . .

Mrs. Ernest Saunders, 1412 Market street, looking for her saddle horse, a thoroughbred, small sorrel three and one-half year old, that strayed from pasture near the four corners on the Borgue highway. He answers to the name of Tony. This will be a happy day for Mrs. Saunders if the finder will please return.

Saturday morning just before I wrote this paragraph, a half-dozen boys sitting on fenders just outside the News, waiting for jobs that didn't come in. Please, if you have any jobs of any kind, telephone this corner and give those boys something to do. They need it not only for the money but for their minds and attitude.

FDR Requests For Authority To Call National Guard To Active Duty

Senators Of Both Parties Oppose Plan

WASHINGTON, June 1 (AP)—Avoid mounting opposition in congress to President Roosevelt's request for authority to call the national guard to active duty, the army high command contended today that the possibility of "dangerous developments" in this hemisphere made it essential that the request be granted.

General George C. Marshall, the army chief of staff, issued a formal statement supporting the President's proposal after opposition among

senators had reached formidable proportions.

Mr. Roosevelt already had authority to call the guard into service, General Marshall said, "but under that call it would be impossible to send any units of the national guard to assist a regular division in any one of the possible situations which might arise in this hemisphere."

"It is necessary that more troops be made available, trained, and seasoned, to enable missions to be carried out without denuding this country of ground troops in a state of sufficient preparation to meet unexpected eventualities in some other direction."

Minton Guesses Reasons
The chief of staff did not say what the possible "dangerous developments" in this hemisphere might be. But Senator Minton of Indiana, the Democratic whip, had expressed belief to newsmen previously that the President might have in mind the possibility of having to occupy British, French and Dutch possessions in the new world if the Allies were defeated.

If need for such action arose, Minton said, regular troops would have to be used and the national

NATIONAL DEFENSE COUNCIL MEETS

sen; Harriet Elliott; Leon Henderson; Chester C. Davis; and William H. McReynolds, secretary to the commission. Sidney

Hillman, another member, was unable to attend the White House conference due to sickness.

guard called out to man defenses in the Continental United States.

General Marshall's statement failed to quiet criticism of the Presidential request among senate members. On hearing of it Senator Wheeler (D-Mont) declared:

"It isn't any wonder that I am getting many telegrams asking if it is the intention of the President

and congress to get us into war when statements are issued indicating it may be necessary between now and the time congress returns that the national guard be called to active duty.

Senators Rap Proposal

"This propaganda to stampede the people of this country into a war hysteria ought to be stopped, and

the people who are opposed to war ought to let their congressmen and the administration know about it."

Senators George (D-GA) and Austin (R-VT), both supporters of the President's foreign policy, joined senators forecasting that congress might remain in session continuously as a result of the request for authority to summon the guard to active duty.

Calling the request "apparently unwarranted," George told reporters:

"If the President seriously insists on this request, I think congress will say: Mr. Roosevelt, if there is an emergency of this nature in the office of which the country now knows nothing, we will stay here to meet it."

Senator Austin, the assistant Republican leader, declared: "I think we will be here all summer before we grant that power. There will have to be some justification that doesn't appear now before congress will be willing to do it in my judgment."

"Fifth Column" Rumored
Another senator suggested privately that the President might be seeking greater control over the citizen soldiers in an effort to stamp out alleged "fifth column" activities within the guard.

This senator said he had heard reports that Communist and Fascist activities were widespread within the ranks of the guard in one state, which he did not name.

The national guard, which has a present strength of about 225,000 men and 15,000 officers, is distinct from the regular army and is supported jointly by federal and state governments.

War department officials said that the President now has authority to call the guard to active duty for either of two purposes: 1. to meet a threatened invasion; 2. to deal with insurrection and disorder.

In the event that congress declares a national emergency to exist, they added, the President can under existing law call the guard out for any purpose.

Americans Left As Packed Liner Sails For U. S.

GALWAY, Ireland, June 1 (AP)—The United States repatriation liner President Roosevelt, with 824 Americans fleeing the dangers of war aboard her, stood anchored a mile offshore tonight, ready for an early Sunday sailing.

who had booked "standing room" were told at the last moment that orders from Washington specified no such passengers would be permitted to sail.

Many of those left were without funds to domicile themselves but the Galway hotels took them in despite their lack of ready cash and it was a moot question who would be responsible for their keep.

There are reports that the liner Washington, now en route to Bordeaux, would call here to pick up those who couldn't get passage on the President Roosevelt.

passengers were women and children. Husbands and fathers stood on the quay to wave a farewell.

There was little apprehension about the voyage, and aside from the natural sorrow at parting the chief emotion displayed was annoyance over the rigid examination of luggage.

(In Italy, Americans hastened preparations to sail for home this week-end on the United States liners Manhattan and President Harrison. Officials said the Manhattan would try to take 2,000, although normally it carries only 800.)

TEX'S TOPIX
News Clearing House

Dear Editor: You are to be congratulated for your recent editorials defining freedom. The present hysteria reveals the fact that we have forgotten the axiomatic principle upon which liberty is guaranteed.

It might be well to refresh our minds upon the principles which guarantee man's freedom. For thousands of years there have been two schools of thought, one group considers freedom as an inherent natural right.

Much praise was given by the Legion commander to the Dies congressional committee on un-American activities, an investigating group that has snaked a lot of rats out of their holes in recent months.

It is plain why there were few takers on that million-for-Hitler offer. After you figure the taxes, there's hardly enough left for carfare to Europe and back.

Still, it is well to note that the physical fitness of our young men is not what it ought to be. In spite of mechanization, does anyone think it not a gruelling physical ordeal to drive a tank hour after hour, ten after day, or to take the air again and again and again with all too little sleep?

Nazis Claim Battleship Nelson Sunk

(By The Associated Press)
 BERLIN, June 1—Relays of German planes, pouring bombs upon the retreating French and British near Dunkerque, were declared officially tonight to have sunk three Allied warships and eight transports and to have brought down 40 Allied aircraft.

A high command communique added that in addition German dive-bombers made hits on four other warships and 14 commercial vessels, which presumably were

serving as transports. It stated many of these ships were set afire.

These claims of new successes in the last hours of the Flanders campaign followed an earlier assertion by a spokesman that the battleship Nelson, the pride of the British home fleet, had been destroyed. The high command, however, did not claim the Nelson.

Off Dunkerque, strong units of three flying corps roared overhead incessantly in an effort to defeat the efforts of Allied remnants to ferry themselves in smaller boats to the warships and transports lying off the harbor.

Nazi Beast Of Hell
 The Berlin press acknowledged that "throgs" of British and French might have escaped under the protection of bad weather, which lasted for part of the day, but insisted:

"Troop units were no longer involved, perhaps not even soldiers. For whoever has had a taste of

HOME—FOR A WHILE

Happy to be home is this English soldier and his kitten mascot, safe for a time from Hitler's onslaught. The man and his pet were

saved from death with other members of the BEF in the red fields of Flanders. They were removed from the Nazi trap by

transport while the war's greatest air battle took place over their heads in Dunkerque.

the hell of Dunkerque no longer will feel a desire to pick a quarrel with Germans."

Nazi papers, forecasting a drive on Paris, said frankly that the Allies would be given no time to catch their breath.

The statement that the Nelson had been sunk came in response to inquiries to an authorized German spokesman. He said quickly that rumors of her loss were true, adding that 700 members of the crew had gone down.

But for "military reasons" he declined to give any details. The Nelson 33,950-ton flagship, was completed in June, 1927, at a cost of about \$37,500,000.

The high command's night com-

unique announcing the sinking of the three warships off Dunkerque followed by some hours claims that five troopships had been sunk, a destroyer and a submarine torpedoed, and three warships and ten merchantmen badly damaged.

As to the battle of the north, the Germans asserted that the last resistance of the French troops had been broken and that in the Lille sector alone some 28,000 Frenchmen had been taken prisoner.

The plight of the Allies around Dunkerque was called "the most horrible event of the war."

Coincident with German press indications of the approaching offensive toward Paris, the high command reported the southern front came to life again after several days of comparative quiet.

A French tank attack failed at Abbeville, an army communique said, and the Germans counter-attacked and gained ground.

The air force cooperated with ground troops by bombing soldiers concentrated in forests to the south of Abbeville. At the eastern end of this 185-mile southern front the Germans said they had driven the French back across the canal Des Ardennes at Lechesne. The French had been holding a bridgehead on the north embankment there.

The newspaper Hamburger Fremdenblatt said the elimination of the northern Allied army "created a platform for a new offensive which extends from the mouth of the Somme over the Aisne canal between the rivers Somme and Aisne, and (the cities of) Rethel and Montmedy, to contact the German west wall at the southern tip of Luxembourg."

Advanced posts on this front between Laon and Compeigne are less than 62 miles from Paris," the paper said.

The high command stated the attacks on the Allies at Dunkerque were continuing undiminished tonight. Germans said fires from the blazing British vessels lighted the area for many miles around the French port.

The British were said to be using every type of vessel conceivable to get out the shattered northern forces, with "greatest confusion" prevailing at Dunkerque and adjacent waters.

Allied transports were unable to enter the harbor, they asserted, and smaller vessels were taking the troops to ships in the roadstead.

A military commentator declared the harassment of the fleeing troops near Dunkerque was "the last phase" of the battle of Flanders and that the whole Flanders action was only the first chapter of the German western offensive.

The German front was pronounced organized from Calais, on the French coast, to the Swiss border and the next thrust, wherever it might be, could be made anywhere along that extensive line because the initiative still was completely with the victors.

On the other hand, this commentator observed, Britain must worry about her coast, the French about Paris and both about sinister developments in the Mediterranean.

It was pointed out that France could not afford to throw her full power against Germany because she must be prepared to meet Italian action.

NEW YORK, June 1 (AP)—Hesitancy returned to the stock market today after a week devoted mainly to calming war-shaken speculative nerves.

In today's brief session irregularity persisted with declines of fractions to a point in the majority at the close:

Agr.)—Cattle salable 150; total 200; calves salable and total 50; week's total slaughter steers 10,000; slaughter yearlings 18,000; one to rally again and finish 1/4 cent higher than yesterday, July 82-81 1/2, Sept. 82 1/2-1/2, Corn closed 1/4-1/2, July 61 1/2, Sept. 60 1/2; Data unchanged to 1/4 up; Rye 1/4-1 cent higher and Lard 5-8 higher.

Methodists Asked To Help Chinese

Joining in a national Methodist movement, authorized at recent conference in Atlantic City, Pampa Methodists today will be invited to contribute to the fund the church is raising to aid war refugees, especially those in China.

All Methodists, boys and girls, men and women, will be asked to donate at least the price of one meal to the fund, the Rev. W. M. Pearce, pastor of the First Methodist church, said Saturday.

This special offering of the Methodists is in conjunction with the missionary department of the church.

Estes park, Colo., August 25-30, and will include an entire week of vacation and instructive meetings.

Mr. Brumley has been among Southland Life's leaders a long time and is also active for a number of other hours in the bestowal on Southland Life's leaders.

Ultimatum From Mussolini Due Early This Week

By ANDRUE BERDING

WASHINGTON, June 1 (AP)—A German-Italian peace move, backed by an ultimatum that Italy will enter the war unless it is accepted, is expected by well-informed officials to follow the end of the battle in Flanders within a few days.

There is no definite information to this effect that any officials can put their fingers on; but their conclusion is formed on the basis of dispatches from highly reliable sources. They believe:

Italy will make the approach to the Allies on behalf, simultaneously, of Germany and of herself. She will lay down a peace proposal in general terms which would presuppose a peace conference to make them detailed and definite.

Mussolini, it is thought, will incorporate in the proposal his own demands on France and England.

Along with the peace offensive will go an ultimatum that, if the offer is not accepted, Italy will enter the war on the side of Germany.

Mussolini will wait until the last remnant of the Anglo-French force in Flanders has been evacuated, wiped out or forced to surrender and then seek to convince the Allies that further fighting is useless. This moment is expected to come early next week.

The spurt of the Roosevelt administration to multiply aviation production facilities and thus assist the Allies is believed here to be convincing Hitler and Mussolini that if the Allies are to be beaten it must be done this summer.

A peace such as Hitler and Mussolini would consider offering would be an Allied defeat. If the offer should be made and rejected, it is considered certain that Hitler, with Mussolini's assistance, would throw everything he had into the fight in an attempt to end it speedily.

Only one man has succeeded in photographing the so-called canals of Mars. He is E. C. Slipher, of Flagstaff, Ariz.

Parachute Troops Fail

LONDON, June 1 (AP)—A British soldier back from Flanders said today that German parachute troops didn't have a chance of landing near the front lines.

"I have seen German corpses landing with as many as 50 bullets in them," he said. "They were killed long before reaching the ground."

Oilers Break Clovis Jinx With 25 To 4 Win

Second Game To Be Played Here Today

Pitcher Ben Parrish and the Oiler batters got together last night to break the Clovis jinx. They didn't break it in just a few pieces but blasted it all over Road Runner park. The score was 25 to 4. Sunday afternoon at 3 o'clock the Oilers will try to make it two in a row over the Pioneers.

WILBUR SHAW COLLECTS AGAIN

Wilbur Shaw collects part of his reward for winning the 500-mile Indianapolis race for the third time from his wife on the left and his mother, Mrs. Charles Morgan. The remainder of the prize amount to nearly \$60,000. Shaw was on his way to a new record when rain brought out the yellow flag and slowed the race down. Shaw lives in Indianapolis.

Lubbock Wins In Ninth As Wannoy Hurls

SPECIAL TO THE NEWS LUBBOCK, June 1.—Milbert Wannoy blew higher than the Empire State building in the ninth inning Friday night and the Lubbock Hubbers won a 7 to 6 game from the Pampa Oilers. Wannoy walked four in the ninth after issuing only one base on balls during the first eight innings.

Eyes Of Panhandle On Lake Regatta Today

Nell Leads League Hitters As Summers Paces Oilers

Lloyd Summers continued to lead the Pampa Oilers at the plate through Friday night but his record was being challenged by Manager Crover Setz, and Sam Malvica who staged a hitting attack last week. Summers was banging the ball at a 369 clip with Setz close behind with 358 and Malvica following with 348.

Fishermen look over Lake Marvin in Hemphill county yesterday.

Fishermen look over Lake Marvin in Hemphill county yesterday, first day of the second annual Lake Marvin Regatta which was to include boat races, fishing, swimming, dances, stage shows, etc. There were 176 fishing permits sold yesterday and it is estimated that more than 200 fish were caught.

Magnolia To Play Hoover Here Today

Guernsey Will Try To Regain Title

HOUSTON, June 1 (AP)—Bantam-weight Frank Guernsey, national intercollegiate tennis champion the past two years, sets about Monday to regain the Texas title he won two years ago.

The slided little Rise Institute star, who did not compete for the title last year, must unseat Bobby Curtis, a stout blond Rice teammate who he recently defeated for the Southwest Conference championship.

Guernsey was the top man in a brilliant field that starts singles play on the 16 Golfers' Country club courts.

Permit For \$5,000 Residence Issued

Pampa's building permits for the first five months of 1940 total \$431,890 compared with \$91,095 for the same five months in 1939, it was reported yesterday by O. F. Payne, city building inspector.

Permits issued last month totaled \$50,290. Amount of permits taken out last week was \$8,500.

Power System Started

OLNEY, June 1 (AP)—Power was turned on today through the 175 miles of line of the Fort Belknap Electric Cooper association, serving 343 customers in parts of Young, Archer and Throckmorton counties.

NEW PAMPA BANK GREETES CUSTOMERS

Pampa's second bank, the Citizens Bank & Trust company, started its first day's business here Monday. Here's a group from the crowds that visited the bank on the first day, including the

bank's first five depositors, J. N. Duncan, J. C. Carroll, Reno Stinson, M. C. Stapleton, all of Pampa, and Charles E. Crews of Childress.

Left to right, Jack Dunn, teller, Duncan, C. A. Weaver, teller, behind S. C. Evans, president, Carroll, Stinson, I. B. Hughey, Cashier, E. O. Snead, vice-president and cashier, Bob McCoy, vice-president, and W. H. Blanton.

Damage Suit Against Santa Fe On Docket

First jury week of the May term of 31st district court will open at 10 o'clock tomorrow morning when the first panel of 40 petit jurors is to report.

Among the first cases to be called will be that of Bert M. Densmore vs. Panhandle & Santa Fe Railway company. The suit, filed on September 2, 1939, is one in which damages of \$51,700 are asked by plaintiff.

Action is based on an automobile-train collision on South Frost street on April 20, 1939, in which Mrs. Vera Main suffered fatal injuries. Minor injuries were suffered by the woman's sons. Densmore's injuries were cuts and bruises, chest injury, and concussion.

U. S. Could Fly 1,000 Planes To Allies Quickly

WASHINGTON, June 1 (AP)—The United States could fly 1,000 fighting airplanes across the Atlantic

Entrada Rehearsal Schedule

The Entrada rehearsal schedule was released today by Director Mark Hamilton. Another schedule showing entrance cues will be released soon. The first line shows the place of rehearsal; the second, the date, the other lines show the number of the scenes ("S" meaning scene), the cues, lights, props, sound, setting costumes, special effects and dress rehearsal. All members of the cast are requested to clip this schedule and save it as a guide for attending rehearsals.

ocean to aid England and France within the next three weeks if the people of this country should decide to go that far to "stop Hitler."

The fact that all of them could fly the Atlantic is evidence of their size and power.

Mainly About People

Miss Billie Don Crowson left Saturday morning for Lubbock where she will visit for the next week with Miss Dorothy King, formerly of Pampa. Miss King will return with Miss Crowson the following week for the Coronado Entrada celebration.

For Sale—International pickup, late model, excellent condition, a real bargain. Phone 326. Rogers rig and equipment Co., Phone 326—Adv.

Mrs. Jim King was taken to her home Friday from the Pampa-Jarvis hospital where she received treatment for an ankle broken in fall.

James Foran is vacationing with David Davis in Los Vegas, New Mexico, before entering business college for the summer session.

Mr. and Mrs. D. V. Burton of Arkansas City, Kansas, are guests in the home of Mr. and Mrs. Paul Hughey.

For Sale—1938 6-cyl. Pontiac, family car, excellent condition, can be financed. Phone 326.

Ret. Rose, a student at Texas Tech college in Lubbock, has returned home for the summer.

Little Ruth Ann Cox, nine-month old daughter of Mr. and Mrs. T. A. Cox, is a patient in a local hospital.

For Sale—Small cafe, doing nice business, want to sell for business reasons, for further information write P. O. Box 2162, Pampa.

Miss Helen Pools, who has been attending the University of Oklahoma at Norman, has returned home for the summer.

Ralph McKinney has returned from Baylor University at Waco.

The Rev. and Mrs. J. H. Butler of Buysur, Ohio, and their son, Rev. Avery Butler, of Butler, Ohio, arrived yesterday for a visit with Mr. and Mrs. Ray Barnes.

The Rev. and Mrs. W. M. Pearce, Miss Kathryn Pearce and Miss Janice Purviance returned yesterday from Oklahoma City where Rev. Pearce attended a Methodist conference.

Rev. Pearce will conduct services at McCullough church at 9:45 a. m., and at Harrah church at 11 a. m., today while the Rev. H. H. Bratcher will conduct services at First Methodist church.

Office of the state department of public welfare, located on the third floor of the court house, will be closed tomorrow in observance of the birthday of Jefferson Davis.

Banks here, closed on Memorial day, May 30, will not observe Davis' birthday, and will remain open.

Practice Periods For Band Announced

Practice periods for the three Pampa summer bands, sponsored by the Summer Recreation program, have been announced by A. C. Cox, director.

A special meeting of the combined high school and junior high school groups will be held Monday night at 8:45 o'clock. They will accompany the Junior Chamber of Commerce goodwill trippers to the north Plains Tuesday.

The high school band members will practice every Monday and Thursday nights at 8:45 o'clock. Eligible to practice will be students in the high school and students from the junior high school who will be in high school this fall.

The junior high band will practice every Tuesday and Friday nights at 8:45 o'clock. Eligible will be all students who will be in junior high next semester. That includes students graduating from ward schools and also advanced pupils in

the ward schools. The ward school group will practice every Tuesday and Friday mornings from 9 to 10 o'clock. Beginners will be included in this group.

Former Governor Convicted Of Fraud

ALEXANDRIA, La., June 1 (AP)—Richard W. Leche, Louisiana's Governor from 1936 until he resigned under fire last June 26, was convicted today of using the mails to defraud the state of \$31,000, and faced a possible maximum sentence of 15 years in prison.

The government charged he pocketed the money through a deal involving the purchase of highway trucks.

Sentence was deferred until June 11 to permit arguments on motion for a new trial. The maximum penalty is 5 years in prison and \$1,000 fine on each of three counts on which he was convicted.

Injustice Of Panhandle Crude Cut Cited

11 Locations Staked During 7-Day Period

The vast Panhandle oilfield, with a potential of more than a million and a quarter barrels daily, started producing 63,045 barrels daily yesterday by order of the Texas Railroad Commission. The field allowed two months ago was 80,000 barrels. Last month it was slashed to 74,000 barrels and this month another cut is ordered.

Producers upon learning of the reduction protested to the commission but they were informed that all fields had been cut. But figures showed that the Panhandle received a far greater cut, according to output, than other fields and the reduction followed a large cut the previous month.

All wells, including marginal wells, are subject to a 15-barrel per day allowable under the new order but it is believed here that marginal wells will be allowed to produce their full amount. There are in excess of 3,545 prorated wells in the Panhandle with a potential over 1,350,000 barrels. There are more than 750 marginal wells and more than 57 water exempt wells.

Producers in voicing disapproval of the order point out that there are nearly 10,000 barrels of marginal and exempt oil in the field which leaves only 53,000 barrels of oil assignable to prorated wells regardless of whether they can make 20 barrels or 5,000 barrels.

County Allowables

Under the new order received here

County	Wells	Allowable
Carson	506	7,029
Gray	2,085	29,776
Hutchinson	1,539	22,058
Wheeler	338	4,182

Total 4,468 63,045

The Panhandle oilfield was comparatively quiet last week with only 11 new locations being made and six oil and one gas wells being completed. New oil added to the field potential was 2,061 barrels.

Test Amarillo Well

Plugging back to the 3,897-foot pay was started in the Amarillo wildcat well which had been drilled to a total depth of 5,012 feet. The upper pay in the well, a dolomite formation, will be thoroughly tested, it was announced.

A fishing job that has delayed testing of the 4,200-foot pay in the Indian Territory Illuminating Oil company wildcat in Sherman county was successful during the week.

A seismograph crew from California arrived in Pampa Wednesday and started checking north of Pampa in Roberts county.

Completions for the week follow:

In Gray County

W. J. and J. J. Moran No. 4 Skidmore, section 164, block 3, I&GN survey, gauged 336 barrels.

Indian Territory Illuminating Oil Co., No. 13 Smith, section 139, block 3, I&GN survey, tested 342 barrels.

In Hutchinson County

J. E. Crosbie, Inc., No. 30 Plus, section 7, block M-21, TCR survey, gauged 395 barrels.

McInroy and Herrmann Bros., No. 14 Halle, section 4, block M-21, TCR survey, tested 26 barrels.

Barnsdall Oil Co., No. B-10 Lewis, section 7, block 23, BS&F survey, was given a potential of 821 barrels.

In Wheeler County

Elbar Oil Corp., No. 15 Noel, section 54, block 24, H&GN survey, gauged 144 barrels.

Gas wells tested:

In Moore County

Texoma Natural Gas Co., No. 15-M Coon, section 5, block 6-T, T&NO survey, gauged 12,250,000 cubic feet.

Intentions to drill:

Carson county—Magnolia Pet. Co., Fee 244 No. 82, 440' from the north and 1320' from the east of SW 1/4 of section 89, block 4, I&GN.

Northern Natural Gas Co.,

Hedges-Heap No. 1, 330' from the north and 330' from the east of section 231, block B-2, H&GN.

Texoma Natural Gas Co., McLaughlin No. 6-M, 1333' from the north and 1328' from the east of section 49, block 4, I&GN.

The Texas Co., E. Cooper No. 10, 990' from the north and 1650' from the east of section 6, block 9, I&GN survey.

Gray county—Cree & Hoover, Myrtle Davidson No. 1, 990' from the south and 330' from the west of SW 1/4 of section 56, block B-2, H&GN.

Hutchinson county—Clay Brothers Drilling Co., W. E. Herring A-7, 2940' from the south and west lines of E. Almaque survey.

Harry Stekoll, Canadian "K" No. 4, 1930' from the south and 330' from the east of section 30, block 47, H&TC.

Harry Stekoll, Canadian "B" No. 11, 330' from the south and 990' from the NE 1/4 of section 89, block 2, G&S&P.

Bob Murphy, W. S. Christian No. 1, 330' from the south and 493' from the east of W. S. Christian survey, block V.

Barnsdall Oil Co., D. Harrington No. 3, 4300' from the south and 1732' from the east of their lease Thos. Ross survey, Hutchinson county.

Wheeler county—The Texas Co., J. J. Perkins No. 1, 330' from the south and 330' from the east of section 56, block 24, H&GN.

British Await German Hell From Heavens

(By The Associated Press)

LONDON, June 1—Britain's veterans of the north—the men who helped hold the fields of Flanders until the last end then withdrew in the most spectacular retreat of modern history—still were coming home tonight to an exultant people from a rarely emotional people.

The success of the withdrawal—made across the English channel in a gale of fire from every weapon at the Nazis' estimate—was illustrated in estimates from various sources that of the original British expeditionary force of 175,000 men, from 100,000 to 140,000 had been brought safely back.

Too, it was stated unofficially that every division, or its remnant, save one, had been disembarked.

This British division, and two French divisions remained to hold off the attacking Germans.

Beneath the cheering, tear-drenched reception ran the somber undercurrent of preparations to evacuate school children and spread England's population outside packed cities. For Britain awaits the next blow—long-threatened invasion, and hell from the heavens by Nazi dive bombers.

56 Planes Downed

Today Britain's own air force reported downing 56 German planes over Dunkerque yesterday and 14 more today, with a loss of only 16 British fighters.

One British naval plane claimed a direct hit, wrecking a torpedo boat of the Nazi mosquito fleet off the Belgian coast.

On the embankments and bridges along the route of the troop trains to London civilians stood to cheer and listen with mouths agape while the returned Tommies told of the bloody business in Flanders.

Many were soaked and one detachment flew their pants like ensigns from the windows of their train.

At a station a shower of postcards flew from the windows. The spectators scrambled for them, and

found that they carried messages to the families of wounded men.

French Poilus Praised

A hard-faced Scotch private pounded a smiling French Poilu on the back and swore at length.

"These little so and so's," he roared. "They get in a position and you can't get them out. This had here would be there yet if we hadn't given him orders."

"Just smiling and shooting the waver, and giving Jerry proper hell."

A lance corporal spat and said: "The Jerries drove women and children refugees ahead of them and we had to hold our fire. We got a chance and went at them with bayonets."

Jerrys Can't Fight

"Jerry's no fighter. He has to have ten to one odds before he attacks. Give us more machine guns, more tanks and more planes and we will run the blighters into Berlin."

A 70-year-old naval pensioner—James O'Neill—came back from embarking the Allied troops at Dunkerque by motorboat with the comment: "It was real hell over there."

The old man was suffering shock and exhaustion because of his frantic service with a group of volunteers who crossed to Dunkerque with six motorboats yesterday to load troops into transports.

"As we approached the Dunkerque roads," he said, "German planes were bombing and machinegunning everything and everybody. They were like flies in the air. Machine gun

bullets and bombs were falling like hail around the destroyers and other rescue ships, and around the troops massed on the sands and waiting to be taken off."

New Minister To Preach First Sermon Today

The Rev. T. D. Sumrall, who moved to Pampa this week from Oklahoma City, will take up his duties as pastor of the Central Baptist church this morning by delivering his initial sermon at 10:50 o'clock.

"The One Great Question" is to be the subject of this message and this evening at 7:30 o'clock Rev. Sumrall will preach on "This Crucial Hour."

Rev. Sumrall has been pastor of the Washington Avenue Baptist church of Oklahoma City for the past two years and for the seven preceding years he served as pastor of an Amarillo Baptist church.

Rev. and Mrs. Sumrall have two children. Susie, who is 10-years of age, and Tommy who is seven.

Rev. Sumrall succeeds Rev. John O. Scott who resigned early in the spring.

Wheeler Master Farmer Selected

SHAMROCK June 1—In the Wheeler county contest for the mas-

ter farmer of the county to compete with master farmers of 22 counties in district 1 of Texas. Mr. and Mrs. Clarence Zybach of the Briscoe community were adjudged

the master farm family of the county for 1940.

A judging committee appointed by the county home demonstration council and the county agricultural fair each year selects the master farmer for the county. The county entrants compete in a district meeting of master farmers from the surrounding counties and the winners of districts all will attend the county course at A. and M. college in July where the master farmers of Texas will be chosen from their ranks.

Two Safety Council Chairmen Announced

Final plans for a Pampa Safety council program will not be made until after the meeting of the Panhandle Safety Conference in Borger Monday night. It was decided at a meeting of the local council Friday night.

Two of the five general chairmen were named at the meeting. The other three will be selected later. Frank Monroe of the Junior Chamber of Commerce, will be chairman of the Home Safety group while J. B. Massa of the Kiwanis club will have charge of the School Safety group. Public Education, Industrial and Engineering, and Enforcement committee chairmen will be named soon.

Pampans who can attend the safety meeting in Borger Monday night are urged to call the chamber of commerce, telephone 283, by noon Monday so that transportation can be arranged. It is hoped by Harry E. Hoare, conference vice president, that a large group from Pampa can make the trip. Cars will leave here at 6:30 o'clock.

Public Debt Limit Asked By Treasurer

WASHINGTON, June 1 (AP)—Secretary Morgenthau said today that additional "taxes" and "an increase in the limit" on the public debt both "are essential" to meet expanded demands for national defense.

Urging enactment of a \$650,000,000 defense tax bill, the treasury head told the House Ways and Means committee that as things stand now, the treasury's borrowing power would be "completely exhausted" by the end of next February.

Also, he added, the working balance of the treasury—now about \$1,300,000,000—would be "dangerously depleted" by that time.

"The maintenance of a balance approximating the present one," Morgenthau testified, "is distinctly in the interest of economy and financial strength and is especially to be desired in the troubled world of today."

Noting that the measure also provides for a \$3,000,000,000 increase in the federal debt limit, to make it \$48,000,000,000, he asserted: "The orderly financing of federal expenditures, expanded as they are by emergency expenditures for national defense, requires provision of additional taxes or an increase in the limit on the national debt."

"In my judgment both steps are essential," Morgenthau said that President Roosevelt's budget message of January 3 anticipated a deficit of \$1,716,000,000 to be financed by borrowing.

"Since that time," he added, "events have taken place that make necessary expenditures for national defense that far exceed the amounts provided for in the 1941 budget."

On the basis of appropriation bills which have passed and those which are now pending in congress, the treasury and the bureau of the budget estimate that a deficit of the fiscal year 1941 will amount to \$3,703,000,000.

Just before Morgenthau commenced testimony as the first witness on the revenue measure, Chairman Doughton (D-NC) of the House Ways and Means committee expressed belief that the bill increasing corporate and individual income taxes 10 per cent and also boosting excise levies would not "unduly or seriously" burden business.

Doughton asserted that at a later date the committee would consider "a complete revision" of tax laws.

Shamrock Boosters Elect New Officers

SPECIAL TO THE NEWS SHAMROCK, June 1—At the annual meeting for election of officers Wednesday members of the Shamrock Boosters club chose as their president for the coming year W. C. Perkins, local superintendent of schools and an active booster for the past six years.

Other officers chosen were H. E. Pennington, first vice-president; Jack Martin, second vice-president; B. F. Risinger, secretary-treasurer, and Clayton Heare, tall-wringer. Visitors to the club were W. O. Morrow, Shirley Draper, Charles Perry, Bill Givens of Amarillo, Guy Victory of Amarillo and Buster Walker of Memphis.

Central Committee Created By United Methodist Church

OKLAHOMA CITY, June 1 (AP)—A central committee to coordinate the work of the United Methodist church in the south-central jurisdiction was created today as delegates to the conference hurried toward adjournment, scheduled tonight.

The committee, headed by the jurisdiction's five bishops, was hailed by sponsors as a group that would "keep the conference alive" until the next meeting four years hence. It was given \$5,000 for expenses by the conference.

Mrs. Harlow Has Party For Trece Amigos Members

SPECIAL TO THE NEWS SHAMROCK, June 1—Mrs. Wayne Harlow was hostess to Trece Amigos club at her home recently. Bowls of red and white rose buds used as decorations for the entertaining rooms struck a colorful note.

Mrs. Lonnie Burke won high score award at the games of bridge; Mrs. Ernest Baggs won second high; and Mrs. P. B. Woodruff, low. A salad course was served to Mesdames Bursk, Baggs, Woodruff, Virgil Agan, Ralph Coburn, B. K. Gholson, Cliehl Gierhart, Lester Hartsfield, George Miller, Ray Snyder, Dave Skidmore, and Matt Lewis.

New Jersey Warship Builders Call Strike

KEARNY, N. J., June 1 (AP)—Six thousand workers struck at Federal Shipbuilding and Drydock company, today, halting work on six warships included on the United States' rush defense program.

Among \$46,000,000 in naval contracts held by the company are a cruiser and two destroyers on the ways, two destroyers in the fitting basin, and a cruiser on which only preliminary work had been done.

Also affected by the strike were three cargo vessels and two tankers. Strikers picketed the plant while their leaders, who had argued against the walkout, negotiated on their behalf with company officials. The men are members of local 16, Industrial Union of Maritime and Shipworkers of America (I.O.).

John Dempsey, local president and national vice president, said he had opposed the strike but now "fully sympathized" with the action taken. The naval work was ahead of schedule and would not suffer, he said.

A ten-cent an hour wage increase and an annual week's vacation with pay were asked by the strikers whose contract expired Wednesday night. Dempsey said the union had rejected a company offer of a 2½ to 4-cent an hour increase. The present scale of pay ranges from 62½ cents to \$1 an hour, it was stated.

\$1,500 Bond Set In Driving Case

Bond of \$1,500 was set Saturday in the case of Lee Howell, charged with driving an automobile upon a public highway while intoxicated.

The complaint, signed by Deputy Sheriff Dan Cambren, was filed yesterday in the court of Justice of the Peace E. F. Young.

Howell was charged in alleged connection with an automobile collision on Highway 273 four miles north of LeFors on Thursday night.

Leathers Family Returning From New York Fair

The D. E. Leathers family of Clarendon was due back home today after a 4,500-mile trip they won at New York in a contest sponsored by the Fort Worth Star-Telegram and the West Texas Chamber of Commerce.

They spent seven days in a typical American home on the grounds of the World's Fair and had a cook, guide, chauffeur and expense account at their disposal at all times. The Clarendon family was selected as West Texas' Typical American Family and represented this section in the national contest at the fair.

Returning home means final examinations for Margaret Jean Leathers, 16, Clarendon high school junior, and finals also for John Leathers, 19, Clarendon college freshman. It means housework for Mrs. D. E. Leathers, the typical mother, and watching after cotton and cattle for the typical dad.

The family saw all 1216 acres of the World's Fair grounds, spent a day circling Manhattan Island on Harvey D. Gibson's yacht, The Mystery (Gibson is chairman of the World's Fair board), visited the aquarium, Statue of Liberty, Chinatown, the Bowery, Grant's tomb, Radio City Music Hall and Holland tunnel.

They came back through the Menomonic settlements of Pennsylvania, saw the White House and national capitol in Washington, D. C., took in

Business Men Asked To Boost Enlistment

WASHINGTON, June 1 (AP)—Thousands of business men are being asked by the war department to aid the renewed drive for army recruits in a manner which officials said today was without precedent.

Through some 350 trade associations, requests have gone out to include in newspaper and other advertising this or similar statement: "We favor adequate preparation for national defense and recommend enlistment in the U. S. army to eligible young men."

PICTURE TELLS STORY OF KANSAS ATTLA

Pidgeon Cast In Role Of Cantrell In LaNora Film

(By BROWNWOOD EMERSON)

America's most ruthless renegade, Will Cantrell, whose fiendish attacks on the Kansas-Missouri border during the '60s made live again the slogan of the Hun: "where Attila passes, the grass will never grow again" is the central figure in Republic's "Dark Command" showing Friday and Saturday at the LaNora.

John Wayne play Bob Seton, the fearless marshal who blasts Cantrell's insidious reign; Claire Trevor is the girl torn between love for Seton and the powerful physical appeal of the handsome, impressive Cantrell. Walter Pidgeon plays the character based on the infamous guerilla leader, the greatest land pirate in American history.

"Florian," Metro-Goldwyn-Mayer picture showing at the LaNora Wednesday and Thursday, is a story of the pomp and glory of Imperial Austria from 1910 to 1914—then the collapse of the empire, world reorganization 1914-1919, against which is told the love story of a boy and girl.

Its episodes are traced through the life of a magnificent Lippizan horse, one of the steeds of royalty down the centuries.

Robert Young and Helen Gilbert head the cast.

Winding up the week at the Rex will be the last chapter of "Zorro's Legion," chapter 1 of a new serial, "Terry and the Pirates" and Universal's "Legion of Lost Flyers," featuring Richard Arlen and Andy Devine.

The Universal film opens with Arlen, falsely blamed for a fatal air crash, following the real culprit to Alaska, where a group of flyers operate a commercial route.

"Terry and the Pirates," a Columbia picture based on the Milton Caniff-Famous Artists syndicate strip, is a typical action-adventure story in 15 chapters, with William Tracy and Granville Owen, topping the cast. Soldiers of fortune battle the jungle and Fang and his henchmen.

The three films are on the screen Friday and Saturday.

The determined efforts of a kindly old physician to aid the impoverished residents of a small town's "squatter" section, provide the dramatic basis of "The Courageous Dr. Christian," starring Jean Hersholt in the title role.

Second in the Stephens-Lang series of films based on the well-known radio serial starring Hersholt, this RKO Radio picture, showing today, tomorrow, and Tuesday at the Crown, also features Dorothy Lovett as the nurse Judy Price, Robert Baldwin, Tom Neal, Vera Lewis, Maude Eburne, and Reginald Barlow.

Fifth in the series of Leslie Charteris' noted character, The Saint, has been brought to the screen in the RKO Radio picture, "The Saint Takes Over," with George Sanders once more the super-raffish. Wendy Barrie has the feminine lead.

Story deals with how the Saint clears the name of a kindly police inspector by tracking down a gang of crooks who have framed the officer.

On the Crown screen, Wednesday and Thursday.

Jones Advertisises For Rain - It Falls
SNYDER, June 1 (AP)—The Scurry County Times, published by Willard Jones, yesterday proved the pulling power of newspaper advertising.

It issued an edition with a double page spread advertising for a half-inch rain within a week. It was sponsored by about 50 merchants, who were not to pay if it failed to produce results.

The paper came off the press at 2 o'clock Thursday afternoon. Rain began falling at 7, five hours later. Precipitation measured .91 inch. Jones collects.

DOROTHY LOVETT - BALDWIN TOM NEAL MAUDE EBURNE A STEPHENS-LANG Production

SOUTH SEA CARESS

The natural love that springs from an uncivilized girl, who has not seen other humans since she was ten, and was cast away on a lonely South Sea island supplies the tempestuous romance in Paramount's Technicolor masterpiece, "Typhoon," with Dorothy Lamour and Robert Preston, opening today at the LaNora theater. Robert Preston and Lynne Overman, pursued by a bloodthirsty island chief, are forced to abandon their submarine on Dorothy's island of Eden. Dorothy's affections go to Robert Preston.

HAWTHORNE NOVEL FILMED

A curse that persisted thru the ages and a love that could not be defeated by misfortune and disaster are the salient dramatic marks of Universal's filmization of Nathaniel Hawthorne's "The House of Seven Gables." George Sanders, Margaret Lindsay and Vincent Price are shown above in a scene from the picture. A Texan, Nan Grey of Houston, is also in the cast. At the Rex Wednesday and Thursday.

Five Major Film Companies Announce 1940-41 Programs

Indicative of the ambitious plans of five major film companies for the 1940-41 season is the \$2,750,000 MGM advertising budget, recently announced by Howard Dietz, executive in charge of promotion.

Issues of The Film Daily for the past fortnight review plans of Universal, United Artists, Paramount, 20th Century-Fox and Metro Goldwyn-Mayer for the new season.

Universal Plans 59 Films
Universal has mapped out a program calling for more top-budgeted pictures and a slight numerical increase in production over the current season, according to William A. Scully, general sales manager.

The new season schedule includes 42 features, three Frank Lloyd productions, seven co-starring Andy Devine, and Richard Arlen and seven action pictures starring Johnny Mack Brown and featuring Fuzzy Knight and a new stunt girl, Julie Duncan, making a total of 59.

Universal will re-make "Back Street," one of the top-grossers of all times.

U A To Spend 30 Millions
A minimum of 22 pictures, representing an investment of almost \$30,000,000, constitutes United Artists 1940-41 program, it has been announced by Murray Silverstone, the company's top executive.

These will include Producer Charlie Chaplin's picture, tentatively known as "Production No. 6"; Samuel Goldwyn's "The Westerner," with Gary Cooper, and directed by William Wyler; Walter Wanger's "Foreign Correspondent"; Alfred Hitchcock production; "The Long Voyage Home," a John Ford production.

Metro Lines Up 130
Metro will line up 52 features and 78 shorts, in 84 reels, in addition to the usual 104 issues of "News of the Day." Features will include: Greta Garbo in "Madame Curie"; Clark Gable in "The Life of Simon Bolivar"; Spencer Tracy in "Sea of Grass"; Norma Shearer, co-starred with Robert Taylor in "Escape";

structured to make it possible to work in wet weather. A railroad has built tracks from Velasco to the site. A voltage line has been erected, and a \$1,000,000 power unit will be completed in late summer.

Dow Chemical has produced practically all the United States' magnesium at the Midland plant, one of the world's largest chemical plants. There is plumb deep brine wells and then extracts magnesium chloride from the water. By electrolysis, magnesium is gained, 99.8 per cent pure.

The same process will be followed with the gulf water. Magnesium cost \$5 a pound during the World War, but today it may be obtained for 28 cents a pound. Improvement in refining and extraction methods is the answer.

The Freeport enterprise will be the second Dow development in the utilization of ocean water for chemical purposes. Near Wilmington, N. C., the company extracts bromine from sea water. Bromine is used in the production of ethyl gasoline.

The South Texas coastal country, in the midst of an economic boom, has become more alert to its industrial possibilities through the new development at Freeport. South Texas towns are expected to go after more big game with a campaign to publicize the advantages of the Gulf coast.

'TRIANGLE' IN 'EARTHBOUND'

The love triangle in "Earthbound," 20th Century-Fox film, includes Andrea Leeds (left), Warner Baxter and Lynn Bari. Baxter is "the man who isn't there," because by spectacular motion is projected on the screen as a ghost in the amazing film. It's an amusing and fascinating drama centering about the ghost of a man who can't realize he is dead and tries to make his widow see, hear and understand him so he can prove his faithfulness to her and save his best friend from the guillotine. Opening a three-day run today at the Rex.

5-Million Dollar Plant Being Built At Freeport

By WILLIAM T. RIVES
Associated Press Staff
The waters which bore the first boatload of immigrants for Austin's historic colony at Old Velasco are furnishing today—118 years later—the basic element for a gigantic new Texas Gulf coast industry.

At Freeport, a stone's throw from the landing place, work has started on a \$5,000,000 plant which will draw up ocean water and extract its magnesium, the world's lightest commercial metal and one of its most valuable.

Magnesium may be alloyed into a tough substance, ideal for use in airplane manufacture, a highly important fact in these days of worldwide warfare.

In some of the larger airplane engines, more than 50 pounds of magnesium is used. Forged propeller blades of alloyed magnesium are in experimental development in this country; Germany has used them some time.

Magnesium also is used in airplane landing gears, control levers and pedals, oil tanks and seats. Considering that magnesium is about one-third as heavy as aluminum, substitution of it means lighter weight for airplanes and as a result increased speed and roominess.

The cruising radius of a ship may be increased with magnesium; the bomb load of a fighter may be increased.

So insistent has become the demand of the aircraft industry for magnesium alloys that the American Magnesium corporation recently completed a new foundry in Los Angeles, in whose area more than half the dollar volume of America's airplanes are built.

24 Licenses To Wed Issued During May

Could made a lightning war all his own during May with 24 licenses issued during the month from the office of County Clerk Charlie Thut, believed to be the greatest number issued for any month so far this year. April licenses totaled 20, only four less than the number for May.

Starting off the month in unusual fashion, the county judge officiated at the marriage of one of the couples who were issued a license Saturday.

C. V. Gott, Pampa, and Mrs. Elizabeth Perkins of Borger were married here Saturday morning by County Judge Sherman White.

Judge White said it was rare for him to act in that capacity once every six months.

A marriage license was also issued yesterday to Burton Reynolds and Katherine Barrett, both of Pampa.

Friday, a license was granted to James C. Scott and Mildred Anita Morehead. On Wednesday a license was issued to J. L. Bain, Jr., and Miss Lena Bell Brunnelle.

German Successes Due To 'Treason' Claims Spokesman

PARIS, June 1 (AP)—A French military spokesman declared today that German military successes in Belgium were "directly due to treason."

"Without this treason," he said, "we would most probably still be fighting on the line of the Albert canal."

He spoke of an incident, in which

only one officer knew how to blow up a bridge which the Nazi forces were able to cross over the Belgian canal fortifications, as "distinctly un-military."

"It is unbelievable" that no one under that officer's command of 50 men knew how to blow up the bridge, the spokesman said, adding: "Anyway, the French soldiers who attributed the German advances to the French high command mistakes now know where to place the blame."

Wirtz Replies To Texas Republican AUSTIN, June 1 (AP)—A. J. Wirtz, undersecretary of the interior, today asserted Texas Republicans recklessly disregarded the truth in charging at the party convention that federal office holders were spending public money in order to perpetuate President Roosevelt and themselves in office.

DANGER
— ROMANCE AHEAD

BY TOM HORNER

YESTERDAY, Larry is taken to Dead Man's Curve and Bentley explains how the murder of his brother was committed. Larry is to die the same way. It is well known that Bentley was helping Larry. Bentley is off guard, Larry swings at Mike's chin, grabs the gun.

CHAPTER XV
BENTLEY pulled the trigger as Larry's fist crashed against his jaw. The bullet grazed Larry's shirt, buried itself in the door. Larry jerked the gun away as Bentley slumped in the seat, out cold.

Then he was out of the car, searching the darkness, shouting— "Monnie! Monnie!"

"Larry!" She ran across the road to him.

"Don't shoot, Collins. Everything under control," came another voice. Colonel Harris!

Monnie's arms were around him. "Larry, darling! Are you all right? That shot?" Tears were streaming down her face.

He kissed her. "I'm not hurt. He missed."

Colonel Harris was beside him. "Good work, Collins. Got all of them, Bentley?"

"In the car. Had to sock him. That shot was for me," Harris left them to pull Bentley, still unconscious, from the seat. A car rounded the curve slowly, its headlights illuminating the scene. Bill and Shultz were standing beside the highway, hands in the air. Two highway patrolmen guarded them. A third officer came down the hill, pushing a protesting Joe in front of him.

"We'll get the one in the canyon later. He can't get far," Colonel Harris shouted.

Bentley roused as handcuffs snapped on his wrists. "What . . . What . . ." he mumbled. Harris jerked him to his feet.

"You lost this time, Bentley. You fell into a trap. You're through!"

The sheriff was getting out of his car.

squeezed her tighter to him. He had never released her.

"She figured Bentley perfectly," Harris went on. "Bentley got away with Hugh's murder. He thought he could do the same thing with you."

"Miss Miles, here, had to make him decide to let you go yourself, and she wanted him to keep remembering Hugh."

"That's why I had to tell him you were Hugh's brother," Monnie broke in. "That's why I pretended to hate you."

"Miss Miles called us as soon as she got away from Bentley's," the highway patrol chief continued. "We knew we'd never get you alive if we rushed the house. So after Miss Miles explained more about the other accident, we decided Bentley would try the same thing over again. When he called the sheriff, we were sure of it. We came up here, hid down in the canyon."

"Luckily, I sent one of the boys up on the hill to watch for Bentley. He took care of Joe. We heard everything Bentley said."

"It was getting you out safely that worried us. We knew you weren't tied, but we were afraid that Bentley would shoot you the minute he suspected anything. When he started talking about Miss Miles, I told her to shout, and let you take your own chances. She was game enough to do it. It worked out swell."

"Monnie's voice did it," Larry said. "It was unexpected and it threw Bentley off guard. That gave me time to clip him, and to push that gun away."

"And the others had their hands in the air as soon as the boys pointed a gun at them. We kept them covered all the time we were here, just in case— But we didn't want to start a battle."

"I was scared, Larry, scared to death," Monnie said. "But I had to keep Mike from killing you."

Harris walked with them to the sheriff's car. "You go back to the ranch. The sheriff and I will go on up to Bentley's. There may have been a scrap there. I sent half a dozen men up the canyon road to take Bentley's place. I think we'll have enough on Bentley and all his men to hang him after I go over his records."

"There'll be a shipment of narcotics arrive by plane next week," Larry remembered. "Bentley was to get a tip."

"We'll camp there until the plane comes in. That will clinch the case against the whole gang," Harris smiled at the prospect.

"This was all Miss Miles' idea, Collins. You have her to thank for saving your life." Larry and Harris car around, then head down

the hill. After they had gone, he crossed the road, stared down into the canyon.

"Your job is finished now, Hugh," he said.

COLONEL MILES and Pete Barnes had to hear all the details as soon as Monnie and Larry returned. They had learned of Monnie's plan as soon as they came back from Lost Canyon, and it had been difficult to keep the Colonel from riding off to "blow Bentley off the map."

"Sorry I wanted to hang you for stealing calves, Collins," the Colonel apologized gruffly.

"I kept telling you Larry wouldn't steal," Barnes added.

"Forget it," Larry said. "Monnie and I intend to." He turned to her. "Want to take a ride, Monnie? I've got some unfinished business to attend to, out on a hill. But I've got to get a call through to Steve Clark first."

He gave Steve the story while she changed clothes.

"Swell yarn, boy," came Steve's voice. "We'll beat everyone here by two weeks now, and then get back. They're talking about opening up on the rackets again. City Hall story is hot and elections—"

Larry hung up the receiver. He remembered he had promised to cover Harris' newspaper friends and he phoned the office. Monnie was waiting when he finished.

"Pete saddled the horse," she said, taking Larry's hand.

THEY stood on the hill, close together, looking out over the darkened Hayhook.

"Dad will probably buy Bentley's ranch now, and move Pete Barnes up there," Monnie said. "He talked about buying the Circle Cross for Pete before Bentley came."

"And if he does?" Larry asked.

"The Hayhook will need a new foreman."

"But I've got a job, with Steve Clark."

"You belong here, Larry."

"I'm not going to work for my father-in-law."

"You'll have to."

"You can come to New York with me."

"I won't!"

Larry laughed. "Monnie, darling, we're quarreling. Let's settle that tomorrow. Maybe we'll start a paper on the Hayhook . . ."

She smiled at him.

"Say it," he commanded, gruffly. "I love you," she answered, adding: "And I won't drive fast again—ever!"

Rivera Continues To Elude Police

MEXICO CITY, June 1 (AP)—Elusive Diego Rivera not only continued his game of hide-and-seek with the police successfully today, but the artist gave evidence he was on the alert in an unknown hideaway.

A second appeal for an injunction against his arrest was on file today in another of the capital's courts and the press published a lengthy statement attacking the police and "communist agents" for attempting to link him with last week's machine-gun attack on Leon Trotsky.

The efforts of the police to demonstrate that Rivera had knowledge of the assault on Trotsky were denounced by Rivera in his statement as "the clever trick of Mexican Stalinists, Spanish refugees and German-Russians, in an effort to achieve their objective of cutting the bridge of friendship between General Cardenas and the democracies, especially the United States."

Meanwhile, the police continued to press their investigations into what they said was evidence indicating Rivera had some knowledge of the Trotsky case.

Colonel Leandro Sanchez Salazar informed the press that "certain informants" had testified that young Sheldon Harte, of New York City, was seen entering Rivera's house within 30 minutes after 20 men had gained entrance somehow to Trotsky's residence and splattered the bedroom with machine-gun bullets.

Harte, one of Trotsky's secretaries, disappeared after the assault and police had reported they had absolutely no clue to his fate before yesterday's development.

ACC President's Prophecy Realized

ABILENE, June 1 (AP)—The James P. Cox and Don H. Morris families swapped residences here today.

Cox, 62, resigned last summer after eight years as president of Abilene Christian college, to return to the teaching staff. Morris, who will be 38 in August, was elevated from the vice-presidency to the presidency, effective tomorrow.

Since Cox became president and moved into the president's home on the campus the Morris family has occupied the Cox home nearby.

When Morris was named president Cox recalled that he advised the young vice-president against building a home of his own several years ago.

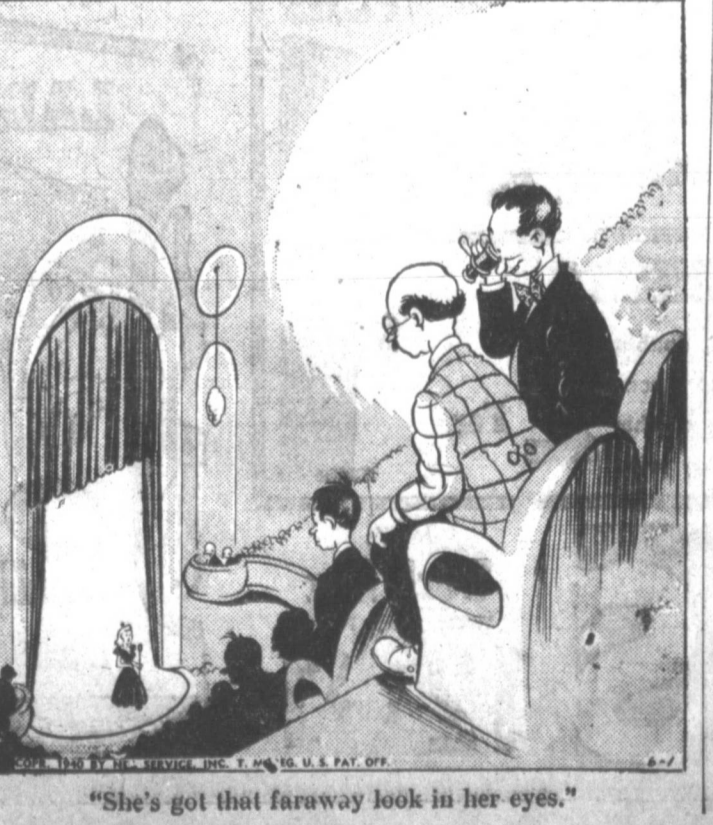

"I told Don then that he'd be moving into the president's home eventually and I'd be moving back to my place.

Morris, a native of Dallas county, takes office exactly 15 years after his own graduation from ACC.

W. P. Smith, professor of social sciences, becomes vice-president.
