FRENCH CLAIM NAZI HORDES DRIVEN BACK

WHERE WORLD'S GREATEST BATTLE RAGES

Vital point in Belgium's defense is the important juncture of the Meuse River and Albert Canal, pictured above. Germans claim to have crossed the canal and captured the new

Eben Emael fort of the Liege defenses, famed for holding up German advance in World War.

McLean Offers 60 People For Entrada

1500 Masons Expected To Attend Meet

Masons of Pampa are preparing to welcome one of the largest gatherings of Masons ever held in the Panhandle on next Tuesday when grand lodge officers of Texas will be honored guests. The meeting, expected to draw 1500 Masons, will be held in the First Baptist church.

All Masons of this section and from other grand jurisdictions have been invited to attend the gathering, according to C. F. Jones, worshipful master of the Pampa lodge which will be host to the visitors.

Besides Texas grand lodge officers, Tom Cook, most worshipful grand master of the State of Oklahoma, will be present with several other officers. It was announced today. The meeting will be called to order at 2 p. m. At 6 p. m. a barbecue will be served all visitors and local Masons. John Andrews and Roy Sewell have contracted for 1600 pounds of choice beef with all the trimmings to serve at the barbecue.

Tentative program follows: 2 P. M. Master Masons' lodge opened by district deputy grand masters. Invocation by Rev. H. Bratcher, pastor, McCullough-Harrah Methodist church, Pampa.

Introduction of officers of grand lodge of Texas, grand master of Oklahoma, district deputy grand masters and officers of lodges represented.

Address of welcome, by Judge N. P. Willis. Response, by H. Earl Jones, of See MASONS, Page 6

Shutdown Issue Put Before Oil Industry

AUSTIN, May 15 (AP)—The question whether Texas needs a 15-day oil production shutdown apparently was placed squarely before the industry today by members of the railroad commission.

Member Jerry Sadler, who last week asserted crude oil and gasoline stocks were mounting dangerously and suggested a half month shutdown, starting May 27, might provide the solution, declared he was awaiting statewide oil production hearing Monday to learn what operators thought of it.

Chairman Lon A. Smith, who agreed the industry faced a difficult situation, asserted he believed the hearing would develop "interesting facts."

Member Ernest O. Thompson, who apparently was not of the opinion the situation called for a shutdown, reiterated his suggestion that the commission set the state allowable production under the U. S. bureau of mines estimate of market demand.

I Heard . . .

That Harold McBeth, 5-year-old son of the Rev. and Mrs. J. T. McBeth, Baptist minister at Dumas, after partaking of some delicious orange-phenapple sherbet in the O. K. Glistening home the other night got down from his chair and whispered in his father's ear. "Father get the recipe for that ice cream. If you can't get it for a quarter pay a dollar."

As heat resisting as the day is long. Star Times Barret-Sill—Adv.

\$200 Raised For Suffering War Victims

At noon today Pampans had sent a fourth of the \$200 quota assessed the Pampa chapter of the American National Red Cross into the national fund of ten million dollars being raised for the benefit of war refugees in Europe.

Roy Bourland, finance chairman, and a five-man team were busy this morning in an intensive solicitation campaign that netted some sizable donations totaling more than \$200.

Plans for the drive today were made at a meeting held last night, following a series of radio appeals broadcast over Pampa radio station KPDM at half-hour intervals, during the day.

The finance chairman said the campaign presented a great opportunity for Americans to do good for the millions of persons made homeless by the war in Europe.

In response to the national chairman's message, every effort will be made to secure the entire quota as rapidly as possible.

Norman H. Davis, the national chairman has broadcast this statement over the NBC network:

"Millions more today are the tragic victims of a ruthless war as the result of the invasion of Holland, Belgium and Luxembourg. Today they are forced to relinquish their safety, their security, their peace and their possessions. They join hordes of others who already dwell in despair and destitution.

"Your American Red Cross since the invasion of Poland has carried relief to Poland and to Polish refugees in Hungary, Roumania, Latvia, Lithuania. It has rendered assistance in England and in France. It has helped brave, courageous little Finland. It has aided harrassed Norway. In so doing it has used its general funds, the results of its annual roll call, the contributions sent it voluntarily. It has made no appeal, no campaign for funds.

"It now must do so. The months ahead threaten and may demand all our resources. And so your Red Cross calls to all the country, to all its people wherever, to give and give generously.

"A minimum of ten million dollars must be had at once. Motorized mechanized warfare in all its fury sweeps across brave but little lands. Destruction is rapid. So also must be the response of those who would sustain the sufferers."

City Refuses To Take Action On Gas Petition

A request that the city commission take action on a petition asking lower gas rates in Pampa by seeking a hearing before the Texas Railroad commission was denied by city officials at their meeting yesterday.

Instead, the commission through City Attorney R. F. Gordon, suggested that Lloyd Purvis, bearer of the petition, address his plea to the state commission first, giving them an opportunity to pass on its merits before the city commission deal with the matter.

Mayor Fred Thompson explained to Purvis, who appeared before the commission to make the request, that the proposal would require some time for the city to study and they could not give an immediate answer.

A request for \$100 as compensation for work he stated he had done in preparing and circulating the petition was denied on the grounds that the city charter did not provide for such expenditure.

Hinger Named Pool Manager

O. G. Hinger, director of physical education in Pampa High school, and Gorilla football and boxing coach, was named Tuesday by the city commission to be manager of the Pampa Municipal Swimming pool for the 1940 season.

The manager will begin his work on May 25 and the pool is to be opened on June 1. Hinger is to select his own help.

Sale of season tickets is to start this week. The price was not determined at the commission's meeting yesterday, but will be fixed soon so that the sale may be held as planned, City Manager Steve Matthews said.

Salary of the pool manager is to be determined in a consultation of the city manager and Mr. Hinger, subject to the commission's approval.

Last year the city expended a considerable sum on a filter system. Operation of the pool last season was a loss to the city of \$703.02, according to the annual audit by Cornell & Co., Amarillo, submitted to the city commission May 7.

"No interested musician will be asked to take part in the summer band program," Director Cox said today. "The more we have the better the band. We hope we can have as many as one hundred musicians in the band."

Anyone interested in the summer band and the summer band program, regardless of age, is invited to contact Director Cox.

The Public Works Administration, in charge of the project, told authority directors they were "wasting their assets and should have advertised for bids."

The directors advertised. The highest bid was from McGehee—\$150.

NEW NAZI COORDINATED TECHNIQUE

A German advance guard halts beside a tank to watch the effects of their artillery fire on an objective before continuing their rush through Belgium. This picture illustrates the new technique used by the Nazis to take strongly fortified enemy positions. Artillery and aerial fire is used to shatter an out-

post of strength, then, before the enemy can reorganize the territory for defense, the Nazi mechanized army and infantry move in. This is probably the system used by the Germans to take the French city of Sedan, the starting point of the Maginot line. It has been reported that Germany had taken Sedan in an encircling movement.

Pampa Firemen Win Contest At Claude

Pampa firemen won the water pumping contest at the Panhandle Firemen's convention in Claude yesterday afternoon by making connections and producing water in 22.1 seconds. The state record is 17 seconds. The next meeting will be in Dalhart in September.

The Pampa team also won a challenge race, making connections in 21 seconds. The Pampans added \$19 to their part time paid fund and also received an invitation to compete in the state tournament in Houston. The invitation has not yet been accepted, principally because the department fund could not meet the demand.

Five pumping teams competed in the races with second place in the first match going to Memphis.

Members of the local team were Chief Ben White, instructor, Eddy Gray, Dick Sullins, Bill Finley, Mel Dunn, Don Band and Slick McMurry.

In the pump race a truck is parked beside a fire plug. Two firemen are on the truck seat, two standing on the rear platform and one on each side platform. When the whistle blows the firemen connect a hard suction hose to truck and hydrant, pull off 100 feet of hose break connection and then tie the hose to the discharge side of the truck and get water through the nozzle.

More than 150 Panhandle firemen attended the convention at which several state officials were present.

Sunday Pampa Day At Tulsa Oil Show

The city of Pampa, and its contributions to the petroleum industry, will be recognized Sunday, May 19, when that day will be set aside in its honor by the International Petroleum Exposition in Tulsa, May 18 to 25, according to word received here by President W. G. Skelly of the Tulsa oil show.

The local chamber of commerce has been asked to prepare a 300-word article about Pampa, to be sent to the exposition for use on Tulsa radio stations on the honor day. The chamber has also been asked to cooperate with the exposition in encouraging local oil men to attend the Tulsa oil show on the Pampa day.

The largest attendance in the history of the International Petroleum Exposition is in view for the 1940 show, with an estimated 225,000 persons expected. International attendance is also expected to reach a new record, with delegates from 27 nations already having made reservations.

Recent advances in technical and scientific lines throughout the petroleum industry will be displayed in the Hall of Science, and last minute plans call for the enlarging of this building to accommodate overflow exhibits.

Exposition officials already have received promise that representatives will be sent from the following nations: Greece, Colombia, S. A., Dominican Republic, Turkey, Canada, Great Britain, Mexico, Italy, Venezuela, Germany, Cuba, Russia, Argentina, Trinidad, B. W. I., Roumania, France and Peru.

100,000 Dutch Soldiers Killed

PARIS, May 15 (AP)—Netherlands foreign minister Eelco N. Van Kleffens estimated today that the Dutch army had suffered 100,000 men killed—or one-fourth of its total strength of 400,000.

Van Kleffens, however, said Holland's fleet was almost intact and had joined the Allied naval forces.

His disclosure of the army's staggering losses was part of his government's first review of the campaign which forced virtual capitulation of the Netherlands in five days.

PARIS, May 15 (AP)—The French command reported tonight that about half the German forces which crossed the Meuse river yesterday had been driven back.

It estimated that 20 divisions on each side—a total of 600,000 men—were pitted in a finish fight in the "battle of the Meuse."

Violent French counterattacks were reported after a French war ministry spokesman had admitted that Nazi forces, smashing at positions south of Sedan, had crossed the river and established a salient four miles deep on its south side.

The major struggle apparently was centered around Sedan, 10 miles within France from the Belgian frontier.

But the French also reported a successful counterattack on the northwest flank in Belgium and solid defenses to the southeast in France.

The German thrust originally penetrated ten miles south of the river—or nearly 30 miles into France—this spokesman said, but a French counter-attack reduced this pocket below the river to about four miles.

German efforts in the Sedan region, this commentator said, appeared to be the "biggest" of the entire Meuse front extending southward from Namur, Belgium.

A German tank attack in the level region northwest of Namur near Gembloux was hurled back by French counter-attacks.

The Germans were reported to have suffered "enormous losses," particularly in tanks and their crews, and a 4-to-1 ratio in planes.

The situation of the Allies in central Belgium was declared "favorable."

The French high command admitted Nazi legions have crossed the river Meuse under the impetus of a massive attack—both by land and air—but said the German tide had been stemmed and hurried back six miles.

German forces originally penetrated 10 miles beyond the river—or 20 miles into France—but the French said the German thrust had been reduced to a 4-mile salient south of the river by a fierce French counter-attack.

In London, the British air ministry described the battle raging around Sedan, France, as "terrific."

The air ministry said British flyers had strafed enemy troops and German tanks.

See MAGINOT LINE, Page 6

Building Inspector Given New Duties, Salary Hiked \$25

Duties of the WPA paving manager, whose office was abolished a week ago, will be assumed by City Manager Steve Matthews and O. J. Payne, city building inspector.

The work consists in contacting property owners for payment on paving they may desire constructed as part of a Works Projects administration project, and attending to other details of the paving jobs.

As the work entails additional hours for the city building inspector, the commission approved a suggestion of the city manager that Payne's salary be raised from \$150 a month to \$175 a month.

City Manager Matthews said notices on delinquent paving payments would be mailed next week, and that in the future it was planned that money should be on hand before construction of sidewalks or pavement.

TEXAS PROFESSOR SAYS HITLER MAY INVADE U. S. BEFORE END OF SUMMER

AUSTIN, May 15 (AP)—That Germany might invade the United States before the end of the summer was seen as a possibility today by Thad W. Riker, history professor at the University of Texas.

"Defeat of Britain and capture of the British fleet, he said in an interview, would make it possible for the axis powers to nullify the traditional isolation of the United States.

"If I were Hitler and had conquered England, I'd make her hand over her fleet," Riker said.

"Then with the German and Italian fleets on one side and the Japanese on the other, we would be in a spot."

"For Italy is coming in, possibly this week. And I have no doubt at all but that Japan will seize the Dutch East Indies."

Ceding of Canada to Germany would place the Nazis in a vital

Maginot Line Pierced, Claim Nazi Troops

(By The Associated Press)

German troops sweeping into France in the sixth day of the war in western Europe have "pierced" the northwest extension of France's Maginot line, the German high command reported today.

The Nazi claim was disputed in France.

The French high command admitted Nazi legions have crossed the river Meuse under the impetus of a massive attack—both by land and air—but said the German tide had been stemmed and hurried back six miles.

German forces originally penetrated 10 miles beyond the river—or 20 miles into France—but the French said the German thrust had been reduced to a 4-mile salient south of the river by a fierce French counter-attack.

In London, the British air ministry described the battle raging around Sedan, France, as "terrific."

The air ministry said British flyers had strafed enemy troops and German tanks.

Faulkner, Green, Boyles, Braly Sign Up For Entrada

C. H. Walker, special casting chairman for the Coronado Entrada, denied today that he will pick any out-of-town resident for the role of Coronado.

Mr. Walker said it would probably be a local citizen. It had been suggested to him that he might pick a man from Amarillo, Berger, Shamrock, or some other town, for the principal role in the \$100,000 story of Coronado's expedition.

Today Mr. Walker announced that he had signed up the following prominent residents for roles in the show: Siler Faulkner, Tom Braly, Gene Green, Bill Jarratt, Dan McGrew, Cal Rose, V. L. Boyles.

I Saw . . .

The author of the opposite corner, Harry Hoare, coming out of Federal court in Amarillo yesterday humming "God Bless America." Reason: he had just received his final naturalization papers. He has lived here 15 years. He's a native of Canada.

The entire Earl Gehrig family hunting for their best. Coowner Fincher, a large, short-haired ratty dog with cropped ears and tail. Will the finder please return.

PARIS, May 15 (AP)—Adolf Hitler, in an order of the day paying tribute to his soldiers who conquered Holland, said today that "the future will demonstrate the military importance" of their five-day campaign.

PARIS, May 15 (AP)—The French tonight, in an order of the day of main passenger trains, effective at midnight, on a number of important lines near the Italian border.

LONDON, May 15 (AP)—The air ministry announced tonight that 150 Allied planes attacking German communications lines in the lowlands had broken up "large tank and troop concentrations" and blocked roads.

East of the Meuse river in the Maginot line sector, several "very strong" local German attacks ran.

Miss Clara Marie Hartell And Phillip McGrath To Wed This Month

Announcement Made At BGK Club Meeting

The engagement of Miss Clara Marie Hartell, daughter of Mrs. R. H. White, and Phillip T. McGrath was announced at a regular program meeting of Beta Gamma Kappa sorority Tuesday night in the home of Miss Hartell.

The program for the evening included a talk on table arrangements by Miss Etha Jones who demonstrated her discussion with silver, china, and crystal.

Following the talk, lunch was served at a lace covered table centered with a three-tiered white wedding cake decorated in pink and topped with a miniature bride and groom. Tailsman roses, to which were attached small cards announcing May 25 as the wedding date, centered ice cream flower pots which were served with the cake cut by Miss Hartell. Mrs. R. C. Bowder presided at the punch bowl.

Attending were Meses. George Pollard, Skeet Gregory, Paul Schneider, Jack Smith, Leon Miller, Gerald Fowler, Allen Evans, Bill McCarty, D. L. Parker, R. C. Sower, Walter Daugherty, H. E. McCarty, and R. H. White; Meses:

P-TA SPEAKER

Harry Kelley, above, coordinator of diversified occupations in the high school, spoke on "Citizens in the Home and Community" at a meeting of B. M. Baker Parent-Teacher Association Tuesday afternoon at the school. Miss V. Denton was leader of the program which included a talk on summer roundup by Mrs. W. I. Gilbert, school nurse of Lefors.

Contestants in Turkish wrestling matches seldom are thrown, since they smear themselves with oil and are too slippery to grip.

So strongly was gas opposed to on its first introduction in England, that armed guards were necessary at places where it was made.

The Social CALENDAR

THURSDAY
The last meeting of Junior High School Parent-Teacher Association will be held at 7:45 o'clock in the high school auditorium.
Home Demonstration club will meet in the home of Mrs. C. McKnight.
Coterie will meet in the home of Miss Etha Jones at 7 o'clock.
A weekly meeting of Rebekah lodge will be held at 8 o'clock in the L.O.O.F. hall.
A weekly meeting of Coterie will be held at 7:30 o'clock.
Club Mayfair will have regular meeting.
Fidelis class of Central Baptist church will meet at 2 o'clock for business and visitation.
A regular meeting of Contract club will be held.
Young Women's auxiliary of First Presbyterian church will meet at 7 o'clock in the home of Mrs. Robert Hoshen for a covered dish luncheon.
Central Baptist choir will have a rehearsal at 7:30 o'clock.
Mrs. H. H. Kowdy will be hostess to Bell Home Demonstration club.
Horace Mann society will meet in the auditorium at 7:30 o'clock.

FRIDAY
A regular meeting of the Order of Eastern Star will be held at 8 o'clock in the Masonic hall. Officers will be elected and initiatory work will be conducted.
Home Study club of Couples class of First Methodist church will have a meeting.
A regular meeting of Busy Doves Sewing Club will be held.
Entire Naps club members will have a picnic.
Theta Kappa Gamma sorority will have a picnic for members and their guests.
Delta Nu club will have a picnic with the Farrington school.
Home Study club of Couples class will meet in the home of Mrs. E. V. Ward, 812 East Beryl street, at 2:30 o'clock with Mrs. Doyle Osborne as co-hostess.

MONDAY
Women's Missionary society of First Methodist church will meet in circles at 2:30 o'clock. One, Mrs. Clayton Smith, 1023 East Twelfth; two, Clara Hill class near; three and four, Mrs. J. B. Massa, 1223 North Russell; five, Mrs. J. B. Massa, 1119 Christian; six, Mrs. J. B. Massa, 1119 Christian; seven, Mrs. J. B. Massa, 1119 Christian; eight, Mrs. J. B. Massa, 1119 Christian.
American Legion Auxiliary will have a combined regular and social meeting in the American Legion hall at 8 o'clock.
Woman's Missionary society of First Baptist church will meet at 2:30 o'clock in circles.
Eight circles of Woman's Missionary society of First Methodist church will meet at 2:30 o'clock.
Both circles of Calvary Baptist Woman's Missionary society will meet.
A meeting of McCullough Memorial Woman's Missionary society will be held at 2 o'clock.
Girl Scouts of troop three will meet at 4 o'clock in the Scout house.
Amarita Y. W. A. will have a meeting at 7:30 o'clock.
Mrs. J. H. Fish will be hostess to members of Thimble Sewing club.

TUESDAY
Nazarene Woman's Missionary society will meet at 2 o'clock in the church.
Ladies' Bible class of Francis Avenue Church of Christ will meet at 2:30 o'clock in the church.
A weekly meeting of B.G.K. club will be held at 7:30 o'clock.
Amuse Bridge club will be entertained.
A regular meeting of Girls will be held at 7:30 o'clock in the Masonic hall.
Tuesday Bridge club members will be entertained.
A weekly meeting of Amarita Baptist Woman's Missionary society will be held at 2 o'clock.
Members of London Bridge club will meet.
Joe Skaggs Y. W. A. of First Baptist church will have a meeting.

WEDNESDAY
Woman's Missionary society of Harrah chapel will meet at 2 o'clock in the church.
Order of Eastern Star study club will have a social meeting at 2 o'clock.
Home League will meet at 2 o'clock in the Salvation Army hall.
Ladies' Bible class of Central Church of Christ will meet at 2 o'clock.
A weekly meeting of B.G.K. club will be held at 7:30 o'clock.
A regular meeting of Girls will be held at 7:30 o'clock in the Masonic hall.
Tuesday Bridge club members will be entertained.
A weekly meeting of Kit Kat Club will be held at 4:15 o'clock.
Ladies' Golf Association will meet at 10 o'clock at the Country Club. Luncheon will be served at 12:30 o'clock.
Mrs. Walter Powers will be hostess to Stitches and Rip club at 8 o'clock.

Ruth Walstad Named President Of Business And Professional Women

At the monthly business meeting of Business and Professional Women's club Tuesday night in the city club rooms, officers for the new year were announced by the nominating committee.

Those named are Ruth Walstad, president; Audrey Fowler, vice-president; Mildred Lafferty, secretary; Lillian Jordan, treasurer; Katherine Ward, corresponding secretary; Madge Rusk, parliamentarian; Gladys Robinson, education chairman; Ruba McConnell, finance; Opal Wright, health; Mabel Gee, international relations; Letha Northrup, legislation; Madeline Murray, membership; Dalton Hall, program coordinator; Lillian McNutt, publicity; Grace Pool, public affairs; Ruth Caraway, publications; and Lorraine Fite, social chairman.

In the business session, four new members, Mary Fleming, Reba Baird, Neva Burgan, and Sue Van Winkle, were initiated. New members voted into the club were Margaret Wallace, Jess Bumpuss, Jerrold Franklin, Edith Robbins, and Blanch McMillen.

A five dollar donation was made to the local chapter of Red Cross. A call was made to the state B-P-W convention which will be held in Dallas on June 7, 8, and 9 with headquarters in the Adolphus hotel.

The next meeting, which will be held on May 28, is to be a picnic. All members who wish to have lunches prepared are requested to call Madge Rusk, Madeline Murray, or Frances Craver.

Madge Rusk was in charge of the program for the evening which was presented by the Junior High school music department. A number with a solo, "Without a Song," by Neel Joe Ellis, accompanied by Mrs. Madge Rusk; a number by the sextette; a solo, "Only a Rose," by Marian Hoover; and a solo, "Wind and Rain in Your Hair," by Harris Lee Hawkin. The Co-Eds in Blue, Meribelle Hazard, Clarabel Jones, and Betty Jean Tennant, sang with Maxine Holt playing the accompaniment. Concluding the program was a talk by Vivian Lafferty on the Junior High Girls' club.

Attending were Irene Ballard, Leah Behrman, Lillian McWright, Sadie Gilbert, Vera Lard, Mildred Lafferty, Audy Fowler, Mildred Overall, Gypsy Malloy, Ellen Layne, Lillian McNutt, Laura Bell Cornelius, Ruth Walstad, Clara Lee Shewmaker, Dalton Hall, Yoda Lee Olson, Katherine Ward, Letha Northrup, Frances Craver, Anna Grammas, Grace Pool, Lorraine Fite, Rowena Wasson, Natha Thinnin, Sue Van Winkle, Maurine Jones, Ruba McConnell, Reba Baird, Madge Rusk, Mirtie Simmons, Ellen Sartor, Madeline Murray, Helen Jo Smith, Neva Burgan, Blanch Anderson, Ida Hughey, Mabel Gee, Gladys Robinson, Geneva Briscoe, Christine Cecil, and Mary Flemming.

Last Recital In Series Will Be Given Tonight

This evening at 8 o'clock in the First Christian church, Mrs. May Foreman Carr will present her elementary and intermediate pupils in a recital. A feature of the evening will be a vocal solo by Marian Hoover.

On Monday evening a large audience assembled at the church to hear the recital given by the advanced and artist students of Mrs. Carr. The setting of palms, roses, lilies, and the indirect lighting on the platform, together with the grand pianos and pipe organ, gave an artistic atmosphere. The entire program was one of merit and the audience gave evidence of their approval through splendid applause.

The organ solo by Miss Mildred Martin was especially well rendered, as was Miss Martin's playing of Romance of Sibelius. In this number she showed excellent technique in interpretation. The Chapel of William Tell, played by Martha Frances Pierson, was also one of the highlights of the evening.

The vocal solos by Mrs. Feauford Norris, who possesses a rich contralto voice, were especially well received. The vocal solo, Invictus, which was sung by Leon Holloway, was of high merit.

The outstanding achievement of the evening, however, was the symphonic poem, "Les Preludes," by Felix Mendelssohn, which was especially well played by Ernestine Holmes. In this number, which comprises 37 pages, her playing was in rapport with her teacher who played the second piano.

The prize for the most progress made during the past three years was won by Ernestine Holmes; few two years by Martha Frances Pierson; and one year, by Betty Ann Culbertson.

On Tuesday evening, another hour of music was enjoyed by a large number of music lovers when Betty Ann Culbertson gave her initial recital to the public, playing of the Turkish Rondo by Mozart, Lotus Land by Cyril Scott, and the stirring Wedding Day at Troldhaugen by Grieg showed Betty Ann at her best.

Outstanding was the violin solo by Miss Margaret Burton who assisted, as well as the high school clarinet quartet composed of Elaine Carlsson, Martha Pierson, Willa Dean Ellis, and Betty Ann Culbertson.

The public is invited to attend the recital tonight.

Mount Rainier has 48 square miles of glacier ice on its slopes the year round.

Mosquitoes are able to go six weeks without food.

Garden Club To Sponsor Front Yard Campaign

At the May meeting of the Pampa Garden club in the city club rooms, the members decided to endorse an educational campaign on front yards, consisting of a series of articles to be published each Sunday, followed by a tour or open house of exemplary yards.

Those having new yards can learn how and what to plant; those having old yards can learn what improvements can be made. It is hoped that this series will be of great benefit to the entire city as external appearances in cities cannot be over-emphasized.

Plans were made for the pilgrimage to Amarillo gardens next month when Pampa Garden club members are to have the privilege of inspecting many lovely gardens in Amarillo. The tour will be followed with a luncheon at the Country Club. Those wishing to attend are to call Mrs. Tom Bliss at 991 or Mrs. Carl Smith at 1388.

Many beautiful entries were made in the display of the month in iris. A large iris of light purple, named Paulette, won first prize; second prize went to another huge iris, a blend of deep velvety plum and orchid, named Motif. Both of these were entered by Mrs. J. B. Massa.

A paper on annuals, prepared by Mrs. C. D. Knight and read by Mrs. Glen Pool, was followed with a panel discussion led by Mrs. Massa, aided by Mrs. R. W. Tucker, Mrs. W. Purviance, Mrs. F. M. Perry, and Mrs. L. E. Lyles. Mrs. Robert Gordon gave suggestions on "What To Do This Month," and Mrs. H. H. Hahn gave a paper on the nomenclature of several flowers. These last two subjects are a feature of every program.

During the discussion much information was given on asters. Easily grown from seed, a great variety of these annuals can be grown, giving flowers for a long season. In the same location two years in succession. Burlap and cheesecloth were recommended as a cover for the seeds if planted directly in the garden.

The following formula was given by Mrs. W. Purviance as a remedy for fleas on nasturtiums: Nine tablespoons slaked lime, three tablespoons sulfur, two tablespoons Paris green, and three tablespoons arsenate lead. Place ingredients in a big salt shaker and put on nasturtiums every day.

Two annuals for front yard planting are red salvia, which can be grown from seed, and lantana, a shrub-like plant. Beginners should be sure to sow annual phlox, one of the loveliest and easiest grown of all annuals. Zinnias are good, but do not water the foliage late in the day or it will cause mildew.

Annuals are excellent for a quick fill-in after perennials have lost their foliage, for the late-starting gardener and for the temporary beds. Their one demand is sun.

VOCALIST

Marian Hoover, above, will sing a vocal solo at the recital to be presented at 8 o'clock tonight in the First Christian church by elementary and intermediate students of Mrs. May Foreman Carr. Both piano and voice numbers are to be featured in this recital which will conclude a series of three similar programs.

St. Patrick was born in Scotland, according to some historians.

Parent Education Certificates Given At Woodrow Wilson

Fifteen members of Woodrow Wilson Parent-Teacher Association received parent education certificates at the recent P-T-A convention in Memphis.

The certificates were presented to members by Mrs. Tom Duvall, parent-education chairman, at the May meeting of the Woodrow Wilson unit. Those receiving certificates were Principal H. A. Yoder; Meses. J. L. Lester, W. H. Geiger, Otto Patton, Sam Anisman, Garnet Reeves, Cossman, Fred Roberts, Robert Louvier, T. E. Allen, Tom Duvall, E. L. Anderson, T. F. Morton, T. B. Parker, and Homer Doggett. Each certificate represents 12 hours of discussion group participation.

One hundred and fifty-seven P-T-A members attended the school of instructions which was the first meeting of the year. "Do Adolescents Need Parents" by Kathryn Whiteside Taylor was the basic text selected for the first nine lessons. Supplementary material was given by the chairman and outstanding guest speaker. The last five meetings of the group were unique in so much as the discussion was a part of the regular P-T-A program.

Subjects discussed were "Know What Your Elementary Schools are Doing," Principal: Winston Savage of Sam Houston school; "Know Your Board of Education," J. M. Daugh-

ty: "Know Your Superintendent," Superintendent L. L. Sone; "Know Your School Principal," Principal J. A. Meek; "Know How Your Schools are Financed," Roy McMullen.

After each of the above speakers, an open discussion was led by the chairman in which questions were asked and answered by speakers and P-T-A members.

Mrs. E. M. Keller was secretary of the group with Mrs. Sam Anisman as reporter.

FILL EMPTY SOCKETS WITH NEW, BRIGHTER BULBS

Fill every empty socket with today's new and brighter bulbs. Good light costs less today than ever before. As a result of the constant improvement in MAZDA lamps alone, millions of people are now actually getting extra light at no extra cost for lamps or current.

The 60-watt MAZDA lamp made by G-E today, for example, gives 10% more light than the same size lamp of a year ago. These 1937 lamps are not only brighter but they stay brighter longer. Yet prices have not increased one penny! That's why it is more important than ever to look for the G-E trade-mark on every bulb you buy. Why not get a fresh supply of "spares" today? Don't forget to include some of the larger sight-saving sizes... 75, 100, and 150-watts.

NEW I. E. S. BETTER SIGHT LAMPS GIVE BETTER LIGHT AT LOW COST

By providing the right amount and the right kind of lighting for seeing, comfort and beauty, I. E. S. Better Sight Lamps help to light conditions the average living room. To get the best results use bulbs that stay brighter longer.

Southwestern PUBLIC SERVICE Company

Nurse Speaks At B. M. Baker P-TA Tuesday

A regular meeting of B. M. Baker Parent-Teacher Association was held at the school Tuesday afternoon following a meeting of the executive board in the principal's office. The board confirmed the standing committees as following:

Program, Mrs. Harry Kelley; publicity, Miss Mary McKamy and Miss Virgie Denton; membership, Mrs. Jack Binnion; budget and finance, Principal J. Aaron Meek; student aid, Mrs. Henry English; hospitality, Mrs. M. D. Martin; National Parent Teacher, Mrs. Odie Glanton; Texas Parent Teacher, Mrs. Tom Matheny; publications, Mrs. Willie Smith; study group, Miss Louise Willis; room representatives, Mrs. W. F. Mulanax; menu, Mrs. Earl Eckrodt; mother singers, Mrs. J. H. Delbert; radio, Mrs. Annie Daniels; Founders' Day, Mrs. Henry Lane; procedure course, Mrs. M. G. David; summer round-up, Mrs. Ed Stokes; health and safety, Dick Livingston; procedure book, Mrs. Donald Besse.

The regular meeting was called to order by the president, Mrs. Jess Beard. Miss Virgie Denton, who was program director, presented Mrs. W. I. Gilbert, school nurse of Lefors, who spoke on the summer round-up. Mrs. Gilbert said that the primary purpose of the summer round-up is to insure a well child to do good work in the first grade. She added that the Gray County Medical board has agreed to examine a child for one dollar unless immunities for small pox and diphtheria are needed. She also encouraged all parents to fill out the summer round-up blanks as soon as possible.

Harry Kelley, coordinator of diversified occupations, gave a talk on "Citizens in the Home and Community." His special phase of the topic was leadership. He pointed out that a strong leader is one who knows what is to be done, knows how to do it, teaches how it is to be done, and shows appreciation when the job is finished.

Mrs. E. L. Timmons was elected as delegate to the City Council to fill the vacancy of Mrs. Bessie. Reports were given from the City Council by Mrs. Harry Kelley and from the P-TA conference by Mr. Meek. Mr. and Mrs. Kelley, and Mrs. Beard, Mrs. Stokes, chairman of summer-round-up committees, distributed blanks to the pre-school mothers present.

Mrs. Annie Daniels' room was the room count with 21 parents present.

Mothers To Receive Medical Forms For First Graders Mrs. W. H. Geiger will be at Woodrow Wilson school between 2 and 4 o'clock Thursday afternoon to meet all pre-school mothers who could not attend last week.

Record medical forms, which must be filled out before a child can enter school, will be given out tomorrow for the last time. Every pre-school mother of Woodrow Wilson is urged to attend.

In normal times, theaters in London operating on Sundays are required to pay 10 per cent of the day's earnings to charity.

Faculty Of Woodrow Wilson Entertained At Theater Party

Woodrow Wilson Parent-Teacher Association entertained members of the faculty of the school with a theater party Monday night. Following the show, the group went to the home of Mr. and Mrs. Ray Barnes for a social hour. Refreshments of ice cream, cake, and coffee were served to the group.

Attending were Messrs. and Mmes. J. L. Lester, R. M. Klinger, Fredrick Forrester, H. A. Yoder, Flaude Gallman, Jess Clay, Ray Barnes; Mmes. Epar Stover, T. E. Darby, Homer Doggett, Lewis Turpley, E. L. Anderson, and Sam Arkinson; Misses Mildred Slater, Dorothy Edgerton, Helen Messingale, Willie Jo Priest, Katherine Pearce, Maxine McKinney, Royce Park, and Terrell Davis.

LeFors YWA Will Have Mother And Daughter Banquet

LEFORS, May 15—Members of Lefors YWA met in the home of Mr. and Mrs. George Delver, Monday night, for a regular business meeting. Billie and Glenn Delver were hostesses.

Betty Lee Lookard had charge of the program which included two poems read by Juanita Skaggs and Dorothy Roan, and a talk by Regina Lockard. After the program, the mother and daughter banquet to be given Saturday night, May 18, was discussed. The main speaker of the evening will be Mrs. T. M. Gilham, of Pampa.

The next meeting will be Monday night, May 27, in the home of Bernadine Airington. Refreshments of ice cream and angel food cake were served to Regina and Betty Lee Lookard, Wynonne Tubbs, Opal Herring, Mary Lou Hall, Mildred and Juanita Skaggs, Bernadine Airington, Jimmie Jean Dodd, Dorothy Roach, Helen Eddy, Joyce Ferguson, Mildred, Ruth and Dorothy Kraker, Virginia Hill, Mary Sue Odgen, Marion Vanlandingham, and the hostess.

Tank Wrecks Car CAMP BEAUREGARD, LA., May 15 (AP)—An 11-ton army tank, participating in Uncle Sam's war maneuvers, vanquished a civilian automobile. The machines banged head-on yesterday. The tank wasn't even dented. The front end of the automobile was smashed, and its passengers escaped with a shaking up.

Civic Culture Has Program On American Negroes

A program on "Negroes in America" was given at the meeting of Civic Culture club Tuesday afternoon in the home of Mrs. B. A. Norris. Assisting Mrs. W. B. Murphy, leader, in presenting the program was Mrs. Claud Lard. Negro spirituals were named in answer to roll call. A report of the seventh district federated club convention held in Shamrock was given by Mrs. Cyril Hamilton, delegate. In the business session the group voted to donate five dollars to the local Red Cross chapter.

Breakfast Given As Courtesy To Mothers By BGK

B. G. K. sorority members entertained their mothers with a breakfast at Six Owens this week. The table was attractively decorated with a centerpiece of carnations and fern. Corsages of red and white carnations were presented to the mothers and daughters by Mrs. Bill McCarty. The table was presided over by Mrs. Skeet Gregory, secretary-treasurer, in the absence of Miss Jane Kerbow, president, and Mrs. George Pollard, vice-president. The centerpiece was presented to the Worley hospital in honor of Hospital Day.

Members, mothers, and guests attending were Mmes. Skeet Gregory, J. R. Posey, Gerald Fowler, J. B. Townsend, Pauline Thurman, Paul Schneider, Alex Schneider, R. H. White, Bill McCarty, R. L. Choate, and Misses Betty Jo Thurman and Clara Marie Hartell.

Miss Ruth Eakin And J. B. Earp Wed In Amarillo

WHITE DEER, May 15—Miss Ruth Eakin, daughter of Mrs. Clyde Bobbitt, and J. B. Earp, son of Jeff Earp, were married Saturday in Amarillo at the home of the bridegroom's aunt, Mrs. Everett, with Dr. John Cobb, head of the department of Bible at Wayland Baptist college, officiating. Mrs. Earp was graduated from White Deer High school last spring and is now attending West Texas State college at Canyon. While in high school she was a member of the chorus, pep squad, and National Honor society, and was editor of the school paper in her senior year. The young people will return to their respective schools for the rest of the term, and during the vacation will be at home on the farm south of town.

Mrs. Harrison Gives Concluding Review For AAUW Group

Concluding a series of monthly book reviews sponsored by the Contemporary Literature group of the American Association of University Women, Mrs. Bedford Harrison of Shamrock gave a review of "The Man Who Came to Dinner," a current Broadway hit by George S. Kaufman and Moss Hart, Monday night in the city club rooms. Mrs. Hol Wagner, chairman of the group, introduced Mrs. Harrison. Kaufman and Hart also collaborated on the Pulitzer prize winning play, "You Can't Take It With You" and "The American Way," and several others. "The Man Who Came to Dinner" is a satire on the life of Alexander Woolcott, a friend of parolled convicts, and corporal Marks and Noel Coward, two convict friends. A large group of members and guests attended this concluding event.

Reception To Be Given At Final Meeting Of P-TA

A special reception for all parents of sixth grade students who will enter Junior High school next fall will be given at the last meeting of Junior High Parent-Teacher Association Thursday afternoon at 2:45 o'clock in the high school auditorium. Mrs. J. M. Turner is to be leader of the program on "Health of the Pupils" with Jack Davis discussing the topic and Miss Hill giving a class room demonstration on manners. This meeting will be the first with the new president, Mrs. E. R. Nunneley, in charge of the business session in which the newly elected chairman for next year will be read.

Mothers Club Has Lunch To Climax Activity For Year

PANHANDLE, May 9—A covered dish luncheon in the home of Mrs. J. S. Sparks Tuesday climaxed the year's activities for Mothers club members. Following the luncheon, Mrs. J. S. Sparks, outgoing president, installed the officers for the ensuing year. The theme, "Trails of Service," was used in the installation ceremony in connection with the course of study for next year, "Trails of Adventure and Knowledge." Green and white, the club colors, was used in the candle-lighting ceremony, and green and white booklets with the duties of each officer written in nursery rhymes, with white carnations attached, were presented to each officer. The new officers are: President, Mrs. C. W. Atkins; vice-president,

Miss Wyatt Hostess At Tea Given By Coterie Members

Complimenting mothers of members of the Coterie, a tea was given in the home of Miss Virgie Sue Wyatt this week. The tea table was decorated with mixed flowers and tall candles. Corsages of carnations were presented to each mother. Accordion numbers were played by Marjory Gaylor, Bernadine Breilings, and Janice Wheatley during the afternoon. Mothers attending were Mmes. Wyatt, Goodwin, Hurst, Morris, Hill, Bell, Haley, Eller, and Carlock. Members present were Mary Jean Hill Roberts Bell, Lucille Carlock, Ellen Mary Haley, Reita Lee Eller, Mary Lee Morris, Pat Fitzmaurice, and Zelda Mae Hurst.

Retiring President Of Lefors P-TA Honored At Party

LEFORS, May 15—A farewell outgoing party was given on the lawn of Mr. and Mrs. Arlie Carpenter, honoring Mrs. W. C. Breining, former president of the Lefors Senior Art and Civic club, Monday night. Members of the Art and Civic club were hostesses. Games of washer pitching, Chinese checkers, and bridge were played during the evening. Twin waffle irons were presented to Mrs. W. C. Breining as a tribute for her good leadership as president last year. Mrs. F. L. Mize is the new president of the club. Members and guests present were Messrs. and Mmes. R. C. Odgen, A. C. Houchin, F. L. Mize, Cliff Vincent, W. C. Breining, Clyde Livey, Arlie Carpenter, Henry Ellis, S. P. Hall, Sr., and R. J. Pafford.

European Situation Discussed At 20th Century Forum Club

Mrs. A. B. Goldston of Amarillo and Mrs. William T. Fraser of Pampa discussed the international situation at a meeting of Twentieth Century Forum Tuesday afternoon in the home of Mrs. Siler Faulkner, Jr. In the business session plans were discussed for the last meeting which will be in the form of a luncheon in the home of Mrs. Roy Bourland on May 28. Attending yesterday were Mmes. R. G. Allen, C. N. Barrett, Roy Bourland, Frank Carler, Don Conley, Gene Fatheree, W. T. Fraser, George Prisauf, E. L. Green, Jr., Odus Mitchell, Frank Perry, W. C. Slack, Arthur Swanson, Arthur Teed, Gene Sidwell, W. L. Loving, H. E. Howard, and two new members, Mrs. Walter Rogers and Mrs. Ed Dunigan.

'M' Day For Agriculture

Many a piece of proposed legislation is far from being what it seems. And that is apparently the case with Wheeler-Jones bill, which is now pending in Congress.

Superficially, the bill's primary purpose is to reduce the interest rate paid by farmers on Federal Land Bank loans. This is the "bait" which the bill's proponents hold temptingly out. But, going deeper, the effect of the bill could be a revolutionary change in land ownership.

To quote the Spokane, Washington, Spokesman-Review:

"It proposes a permanent farm loan organization and policy that would put an end to the cooperative farm loan system; fix interest rates at a figure that would require continuing government subsidy of the system; add big sums to the contingent national debt through government guarantee of farm loan bonds; tend to drive private credit agencies out of the farm mortgage business and take over all the \$7,000,000,000 farm mortgage debt as a government liability; by centralizing control of the FCA in the hands of the Secretary of Agriculture open the way to political manipulation, and by encouraging delinquency, end in nationalization of farms."

Expert opinion holds that the bill, if enacted, would be a step toward destroying private banking in this country so far as it relates to agriculture. The National Farm Bureau, the National Farm Grange, and the National Cooperative Council have gone strongly on record in opposition to it. Once private control and management of credit were destroyed, all enterprise, farming included, would be at the mercy of politics. Another long step toward ultimate and complete socialism would have been taken. And that, under the surface, seems to be what the Wheeler-Jones bill will result in, whether intentionally or not.

Down To Earth

Chronic spendthrifts always run into trouble. Therefore, it is not surprising that the Federal government is beginning to notice gathering clouds on the fiscal horizon. Governments like individuals, must pay interest on borrowed money. And the more money borrowed, the greater the accumulation of interest payable. When a debtor ceases to pay interest, his credit standing promptly collapses.

The annual interest bill on the Federal debt is currently about \$1,100,000,000. This is a stable sum even in these days of billion-dollar appropriations. And the interest problem must grow steadily more serious as our "chronic spendthrift" policy continues. Meanwhile it continues to serve as a down-to-earth reminder that government is like the rest of us. Its existence as a going concern depends upon its credit standing. It must meet its just obligations, ultimately pay its debts—or collapse, dragging with it millions of hard working citizens into the shambles of bankruptcy and despair.

Behind The News

WASHINGTON, May 14—FDR's victory in the California primary pretty well deflates John L. Lewis's third party threats.

All spring Lewis has been demanding the New Deal play ball, hinting if it didn't it would face a new party made up of C. I. O. labor, old age pensioners, keep out of war groups and dissatisfied left-wingers generally. The California primary gave a preview of the way such a party might fare.

The Pattersonticket was supported by precisely the sort of grouping Lewis has been talking about. It had the advantage of operating in a state where all of these groups are strong, plus the fact Governor Olson head of the Roosevelt slate, has been in bad with large numbers of voters.

But it placed fourth in a field of four, polling less than one-tenth of the votes the Roosevelt slate got and running behind even the ham-and-eggs ticket.

If Mr. Farley ran pick elections the way he can pick horse races, he ought to know next November's answers. At the Kentucky Derby he bought a \$5 win ticket on Gallahadon and a \$50 place ticket on Bimelech.

ANOTHER MIRACLE MEDICINE

Newest of the famous sulfanilamide compounds is sulfathizol, which has been getting extensive tests at the National Institute of Health.

Sulfanilamide was heralded as one of the greatest medical discoveries of all time because it was effective against diseases of the virus type. It was especially useful against streptococcal infections; a compound called sulfaparinadine proved equally useful against pneumonia.

Sulfathizol is a compound somewhat like sulfaparinadine; slightly less effective in killing the pneumonia virus. Its big advantage is that it isn't so hard on the human system. Most sulfanilamide compounds have a toxic effect which makes them dangerous to use except under a physician's care; some people react so strongly they can't use them even then. Sulfathizol is a step toward the researcher's dream—an agent that will banish the virus killers with no wear and tear on the human body.

Left-wing strategy against the Dies committee nowadays apparently is to invite contempt proceedings with the idea the committee can be made to look bad if it can be put into the position of sticking a lot of people into jail just for refusing to answer questions.

Left-wingers attacked in testimony before the committee used to stay as far away as possible; now they volunteer to come in to reply to the charges, and then tangle with the committee after they get on the witness stand. Half a dozen are already under contempt charges, and there'll probably be more. Most recent case in point is that of Michael Quill, transport union head, when the gendarmes quieted when he buried back at the committee.

Sharing The Comforts Of Life

By R. C. Holles

ANSWERING INQUIRY OF BELIEVER IN TARIFFS (Continued)

The contributor says free trade is only another wish-picture. He says "It might work well enough in a Utopian world, of one great harmonious nation where economic, industrial and military strife are unknown."

But tariffs are nothing but strife, nothing but force. So we could never have a Utopia as tariffs are strife, coercion and force used to prevent people from freely exchanging.

The contributor also contends that it might work where everyone enjoyed an equal standard of living and contributed equally to the total production of wealth.

If this principle of equality of wealth is necessary in order to benefit those who participate in the exchanges, then any skilled mechanic or any great executive who exchanges his services with unskilled labor, that produces very little, is not benefitted. Then Ford or any other big, rich corporation is not being benefitted when they exchange their product with a man of small income, if the contributor's theory of tariffs is correct. Then a rich man is not benefitted when he has his shoes shined by an urchin.

This assertion seems ridiculous in the face of it, because if only people with like amount of wealth exchanged, there would be practically no exchanges at all. Just so, it makes absolutely no difference whether the people in a nation we exchange with have a lower standard than we have or not, if we can exchange with them a product—like an automobile that might take us 1000 hours to produce for one that would take us 2000 hours to produce—we are the gainer by a thousand hours by the exchange.

That means that those people who exchange would have a thousand hours to be used in recreation, pleasure or producing other things that they might want.

Every individual is a free-trader himself. He never works two hours to produce a thing, if he can work one hour producing something else and exchange it equally for the thing it would take him two hours to produce if he produced it himself.

And if each and every man in the United States believes and practices free trade, why would it not benefit the people as a whole to collectively do the same thing? If the principle is sound for one person to do it, it is sound for 10 people to do it, or 130 million people to do it. Principles are eternal—they never change.

When the contributor contends that protective tariffs can help a nation to comply with the immutable law of self-preservation, he is making a statement without even being able to tell from what eternal principle he is drawing the conclusion. It is mere opinion of men who believe that there are no eternal principles that govern our action. It is a conclusion that contradicts the axiom of the division of labor. All history bears witness to the fact that the free and complete division of labor uses all the natural resources of the world and all the talents of the world and greatly increases production and, consequently, greatly raises the standard of living, as everything that is produced, sooner or later, must be distributed. Nobody produces anything whatsoever, unless he expects to satisfy some human want by having it produced.

If the principle of protective tariff between nations is sound, then why not have protective tariffs between states, between counties, between cities, between wards, between individuals and have every man produce his own wants?

Every wrong way always means contradiction, or the individual would perish. If we follow the belief that protective tariffs will benefit mankind to its complete operation and bring it right down to each individual, it proves that it would destroy civilization. And if it would destroy civilization, if carried to its complete operation, to the degree it is put into operation does it harm civilization.

The Nation's Press

THE NORWEGIAN DEFEAT (Kansas City Star)

The failure of the Norwegian expedition constitutes a serious reverse to the Allies. How serious only later developments will disclose. The only chance for a successful defense of Norway came at the outset of the German occupation. If the Allies could have thrown heavy forces into the country at once they might have been able to drive the Germans out. But they were caught unprepared.

Once the Germans were established in Southern Norway with the use of the Norwegian airfields, the Allies confronted an impossible situation. Competent military observers in Washington commented three weeks ago that there would be great public pressure in England to send an expeditionary force and that to send such a force would invite a major disaster.

In the circumstances the Allies would be unable to match the German air force, and Nazi bombing planes operating from Norwegian bases might be able to interrupt the lines of communication to England. There was real danger, in the opinion of these observers, that an allied expeditionary force might be cut off from supplies and crushed.

The Allies took the chance, perhaps on the theory that the British navy might prevent the Germans from sending artillery and other supplies to Norway by water. This naval blockade failed and the Allies bowed to the inevitable and withdrew. They were lucky to get away without heavy losses.

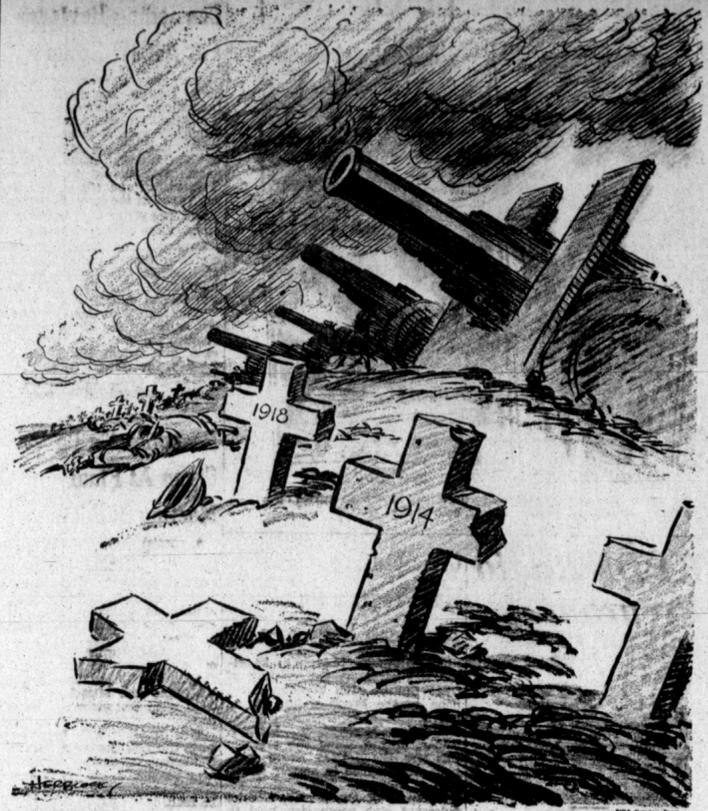

But the Norwegian defeat will have a psychological effect on the small neutrals and it might encourage Mussolini to join Germany at once on the theory that Germany is likely to win and that in the event of Hitler's victory Italy could not afford to have remained neutral.

Mussolini's thinking might be influenced by the apparent success of the threat of the German air force to the British fleet when bombers can operate from bases near the sea. If Italy should enter the war it is quite possible that in view of the Norwegian experience the allied fleets would have to content themselves with blockading the Mediterranean coastal cities would be safe from naval attack.

Whatever may happen it is evident that the Allies have suffered in Norway a defeat that may prove more serious than the German victory over Poland at the outset of the war.

"The thirst for glory is an epidemic which robs a people of their judgment, seduces their vanity, cheats them of their interests, and corrupts their consciences." —W. G. Sumner, "The Conquest of the United States by Spain" (1899).

'BETWEEN THE CROSSES, ROW ON ROW'

Around Hollywood

By BILL PORTER

HOLLYWOOD, May 15—"If you go out looking for enemies you'll find them. If you look for friends you'll find them. I came here with the idea of making friends. I did. I know everyone in the crew," said 13-year-old Betty Brewer when asked how she was getting along on her first picture.

Betty's one of the most charming-intelligent little girls in Hollywood. She looks you directly in the eye. It's impossible to doubt, even though some of her story is hard to believe.

Today Betty Brewer is playing a lead in her first picture, "Rangers of Fortune," with Fred MacMurray. But it wasn't very long ago that Betty's family was on relief. Likely, the Brewers will never suffer from want again. Betty looks like star material.

She moved from her home town of Joplin, Mo., to Sacramento, Calif., in July, 1938, because her father, a carpenter, believed he could find work there. The job didn't materialize, but Betty and her sister, Irene, 11, discovered they could sing.

They made a little money on the radio in San Francisco. In June, 1939, the family moved to Hollywood with the idea of getting the children into the movies. The young brother, Monte, 7, had by this time joined his two sisters as a singer.

BETTY BREWER HAD AN IDEA They sang on the radio and in a couple of short subjects, but nothing important happened. Then Betty Brewer had her idea.

"There are a lot of ways to break into the movies," Betty said, "but whatever you do has to be unusual. We sang. We made the rounds of the studios singing for everybody even when they told us it wouldn't do any good. And we made the rounds of the night clubs and sang on the sidewalks when the crowds were coming out.

"One night Mr. Wood heard us when we was coming out of The Beachcombers and he asked me to come to the studio. So here I am working. And Irene is my stand-in and Monte has a bit in the picture. I'm going to do my best. If that isn't good enough then all right. I'll have done my best and that's all I can do."

Betty, strangely enough, is the business head of her family. She looks over contracts, approves or disapproves them. She tells a story about an agent who approached her when she was working on the radio:

"He asked me if I would like to be in the movies and I said I would. So he asked where he could reach my mother. I told him I handle all contracts but he could see my mother if he wanted to. So next day he showed up with a contract.

"My mother read it and said she thought it was all right. Then I read it over. When I came to the part that said 10 per cent for agent fee, 10 per cent for dramatic training, 10 per cent for voice lessons and 10 per cent for something else, I can't remember what. I started, 'This means you get 40 per cent of my salary. Right?' then he started to shout and I knew then and there he was a crook because anyone who has anything to say doesn't have to shout."

DIRECTOR ENTHUSIASTIC ABOUT BETTY BREWER Betty Brewer is a little girl with snapping, brown eyes and light brown, long hair. Her smile comes easy.

Director Sam Wood, who discovered Betty, is more than enthusiastic.

"I've tested about 70 kids for this part," said Wood, "but if I'd written an order for an ideal kid for the role I couldn't have gotten a better one. I want her just as she is. I won't let a dramatic coach

People You Know

By Archer Fullingim

Elmer (Red) Watkins is doing flight well, thank you, down at McMurry college, Abilene. Streamer headlines in the last issue of the college paper announced that Red had been elected president of the student council for next year, president of the junior class, and manager of the football team. He was named outstanding student of the school for this year.

Doyle Auld of Pampa was named best-all-around boy at Corpus Christi Junior college and about the same time Flora Finley was elected to Phi Beta Kappa; then last week John Henry Nelson passed the West Point entrance exams.

Everybody asks the same question "Do you think we will get into the war?" Everybody under 21 thinks we will; some over that age think we won't. In the latter class is Virginia Simms who writes, "I do not think America will get in it; she is wise by now. We'll let England defend herself this time; she did not worry about Ethiopia, Czechoslovakia, Spain, or any of the others till they got close to home. Let her fight it out. Empires have fallen before."

In looking over the list of 230 high school boys Harry Kelley signed up for roles in the Entraden we read just far enough to become aware that Mr. Kelley has become aware that the outstanding boys in school are on the list; for instance, Ed Terrill, Ray Boyles, Aubrey Green, Ross Buzzard, Bill Miskimins, James Foran, Nell McCullough, Jr., Bill Mounts, Junior Franchier, Belton Bearden, Pete Drum away, Pat Flanigan, James Evans, Floyd Allen—and many others.

Yesteryear In The News

Ten Years Ago Today A highly creditable performance of the difficult mystery play, "The Thirteenth Chair," was given at the high school under the direction of Miss Velora Reed.

George Briggs, manager of the Pampa Board of City Development, and Jerry Debenport of Childress were in Fort Worth in connection with the move to obtain a new I. C. C. hearing on the Pampa-Chicago railroad proposal.

Five Years Ago Today Boy Scout troops of the Adobe Walls council were placing on sale thousands of tickets to the second annual circus.

Operation of the Pampa municipal swimming pool was to be in private hands for the first time, a contract having been awarded to Mrs. Joseph Young.

Among odd names of American cities and towns are Branch, Wis.; Buds, Ill.; Blossom, Texas; Leaf, N. C.; Petal, Miss.; and Stem, S. G.

The whale is said to have the largest mouth in the world, with the hippopotamus ranking second in this respect.

Within 10 feet of her, she has more talent than any kid I ever directed." If you want to know just what that means consult the Motion Picture Almanac. Wood has directed Jackie Coogan, Mickey Rooney, Freddie Bartholomew, and Jackie Cooper.

HOW to EAT to BEAT the HEAT

By ALICE H. SMITH

Nutritionist, Cleveland Health Council YOUR VITAMINS ARE JUST AS CLOSE AS THE CORNER GROCERY STORE

The vitamins have sort of sneaked upon the country. A lot of people still don't know about them—where to look for them, at least. Vitamin therapy, for that matter, is still in its infancy.

But enough is known about vitamins to keep the average person pretty healthy. And you don't need to look very hard for them either. Vitamins are always on stock at your closest grocery.

A glance at the daily quota of essential vitamins will show you that. If you want to be sure you get them all, include the following foods in your regular diet:

The equivalent of one pint of milk daily (adult), one and one-half pints to two pints for children. One serving of green leafy or yellow vegetables daily. One serving potato daily. One serving citrus fruit or tomato daily. At least one other serving of fruit or vegetable daily. One or more servings of whole grain cereal daily. One serving of egg, meat or meat substitute daily.

These foods, plus the food normally consumed to meet your bodily needs, will furnish, according to our present knowledge of vitamins,

Foods wisely selected and carefully bought can and do give excellent returns in health value.

all the A, B, C, riboflavin and nicotinic acid necessary for the normal person. The adult requirement for Vitamin D is unknown. The child must secure his Vitamin D either from exposure to sunlight and/or Vitamin D concentrate, such as fish liver oil.

"But the pills?" some persons ask. "It's so easy to get my vitamins in pills and then I don't have to worry any more." The answer to that is that you have to worry more because foods contain, in addition to vitamins, minerals, protein, and energy, all of which the body must have.

Moreover, it is more economical to have them in your food. If you can afford a good diet and if you can afford a good diet you don't need concentrates.

If you buy light you can lug home enough vitamins to keep the whole family healthy.

That's pretty important these first hot days. In some American schools girls are taught how to put new washers on taps, replace burnt-out fuses, and do other household repairs. Growing children should consume at least one quart of milk daily; adults at least a pint.

Pettengill

THIRD IN THE HEARTS OF HIS COUNTRYMEN

THIRD IN THE HEARTS OF HIS COUNTRYMEN

In New York City a poll was recently taken on the three greatest Americans. Franklin Delano Roosevelt has taken the place of George Washington. Mr. Roosevelt is equal with Abraham Lincoln. Washington is third in the hearts of his countrymen. The President, in addition, is placed ahead of the man who wrote the Declaration of Independence, ahead of Franklin, Jackson, Marshall, Lee, Grant, Cleveland, Theodore Roosevelt, Woodrow Wilson, to say nothing of Thomas A. Edison, whose genius lighted the world. Henry Ford, the father of mass production, Horace Mann, the creator of the public school system, Luther Burbank, who brought more new wealth out of the earth than any man who ever lived—many others.

To a certain type of infantile mind always the greatest of the greatest Presidents, Washington, Lincoln and the present incumbent—whoever he may be Washington, Lincoln and McKinley; Washington, Lincoln and Coolidge. In the days of his glory Wilson was one of the three immortals. While only some Americans foisted themselves to the same extent, Europeans looked on Wilson in 1918 as not only the greatest man of his age but as the greatest of the ages. But so passes the glory of the world. Where is Wilson today? Or Coolidge, or McKinley, or Theodore Roosevelt?

Aside from the Panama canal what really big thing remains which any of them did?

For my part, Lincoln is the symbol of America. He might therefore be called the greatest "American." But in the largeness of his soul Washington, to me, is the greatest man who ever trod this western world. To me he is still first in the hearts of his countrymen. And Jefferson, the author of the greatest revolutionary document in all the tide of time is one of the three top-flight Americans. He changed the thinking of generations here and throughout the world.

One thing can be said about any of the three. They have met the most exacting of all measurements—time. Living men may change the moment, but will the like mountains lifting in the distance, loom higher as the years recede?

But it is an interesting phenomenon that in New York City Franklin Delano Roosevelt displaced George Washington as the greatest American. With all its admirable qualities, it can be said, in all fairness, that New York is the greatest European city in America. As human beings I draw no distinction of personal worth between the average American anywhere. There have been great Europeans, like Garibaldi, great Asiatics, like Doctor Noguchi, great Indians, like Gandhi, great Africans, like General Smuts, and no doubt great Hottentots. I mean only that the Europeans who settled in New York City in the past decade cannot possibly have the same "feel" for America as those whose families have been here for from two to ten generations. It takes a heap of living in a house to make it home.

New York City is the melting pot. It has more Italians than Rome, more Jews than Jerusalem, more Russians than any city, a few of the largest Russian cities, more Germans than any but a few of the largest German cities. In addition, New York is the Communist capital of America.

It is these milling millions who have demoted General Washington. With little or no tradition of freedom in many of the countries from which they come; with slight experience in self government; with small reverence for the constitution, "far brought from out the storied past," used for centuries in lands beyond the seas, to be dependent on the largesse of lords or the bread and circuses of Caesars; used to having those in authority feed them or to keep them or kill them.

It is here, that Washington, described by Frederick the Great as the "greatest soldier of his age," unanimously twice elected first President of the Republic of the West, unanimously chosen to preside in the making of the American constitution, the greatest and most successful model of government in human history, Washington who wrote the farewell address, soundest advice ever given by statesman to citizens, it is in New York City that Washington is third in the hearts of his countrymen. Turn his picture to the wall!

SAMUEL B. PETTENGILL, Copyright, 1940, America's Future, Inc.

Finland's first issue for reconstruction will be a stamp for the University of Abo, damaged by Russian bombs.

Hitler's annual birthday commemorative semi-postal pictures the Fuehrer and a small girl. The German dictator was 51 on April 20.

Dominican Republic will issue a "Mother's Day" series May 26. The stamps will picture Julia Molina Trujillo, mother of former President Trujillo.

North Island, British possession in the Pacific, will soon issue its own stamps.

All plans for a joint American-English broadcast, honoring the 100th anniversary of the postage stamp, have been canceled because of war conditions.

Insurance And Bond Schedules Fixed By City

A bond and insurance schedule was submitted to the city commission at its meeting yesterday by City Manager Steve Matthews.

The manager recommended bonds of \$1,000 each for C. G. Hinger, who Tuesday was named as manager of the municipal swimming pool. Miss Margaret Carr, water department employee, and T. J. Worell, city sanitation officer. Cost of these bonds will be \$15 a year in all.

Reduction on the amount of insurance carried on city fire trucks were recommended. The city manager proposed to lower the amount carried on the American-LaFrance trucks from \$3,500 to \$2,500 on one, and from \$4,500 to \$3,000 on the other.

The old trucks cost approximately \$7,000 each. On the new fire truck, costing \$3,000, it was recommended that the amount of insurance be \$2,250. The total cost on this insurance for the three trucks will be \$45 a year.

Due to the PWA waterworks project, some of the property of that department was covered by insurance, some buildings were not, and some policies were still standing against buildings that had been torn down. The city manager recommended realignment of these policies to make them up to date, and insurance on the city barn at 618 North Ward for \$600, and \$250 fire insurance on the crafts shop.

Fire, lightning, and transportation are covered in the policies on the fire trucks.

Pythians To Hold Annual Convention

The Grand Lodge Knights of Pythias of the Grand Domain of Texas will hold its 67th annual convention in Dallas, May 19-22. The headquarters of the convention will be the Adolphus hotel, in which will be held the Grand Temple Pythian Sisters meetings the ceremonial of the Dramatic Order of the Knights of Honor and the Normans of Atrodada.

The Pythians of Dallas report that all arrangements are complete for entering the grand lodge Twenty-five hundred knights and Pythian Sisters are expected to gather for this occasion. Elaborate plans have been made to entertain the visitors from more than 150 cities in Texas, as well as delegations from other states.

Among other attractions will be the conferring of the page rank on a large group of Strangers by the Rank Team of Abilene, the home of Frank E. Smith, grand chancellor of the Grand Domain of Knights of Honor and the Normans of Atrodada, and nearby states. Sir Wah Temple of Oklahoma City, headed by Judge C. J. Blinn, Imperial Bascha, with the assistance of Asotes Temple of Fort Worth and El Maez Temple of Dallas will exemplify the ritualistic work for a large class of tyros.

So They Say AFTER my speeches, you must become accustomed also to my silence. —PREMIER MUSSOLINI of Italy.

THE common people have no quarrel with each other, either in Europe or America. —MAYOR M. P. HENDRICKSON of Hubbard, Ia.

TO develop individuals capable of translating the scientific possibilities of today into helpful realities of tomorrow—that is the pressing problem of our age. —DAVID SARNOFF, president of Radio Corporation.

I AND my government now will do our duty. —QUEEN WILHELMINA of the Netherlands.

WE have a bear by the tail, and we can't let go. —Republican presidential candidate TAFT on the gold-buying policy.

STAMP NEWS SOUTHERN RHODESIA will issue a jubilee series of eight colored pictorials in June to commemorate the 50th anniversary of the beginning of British penetration of that part of Africa which is now Rhodesia. The territory was administered by the chartered British South Africa Company from 1890 to 1923 when it was divided into Northern and Southern Rhodesia.

Finland's first issue for reconstruction will be a stamp for the University of Abo, damaged by Russian bombs.

Hitler's annual birthday commemorative semi-postal pictures the Fuehrer and a small girl. The German dictator was 51 on April 20.

Dominican Republic will issue a "Mother's Day" series May 26. The stamps will picture Julia Molina Trujillo, mother of former President Trujillo.

North Island, British possession in the Pacific, will soon issue its own stamps.

Britain Gets Ready To Fight 'Chute Troops

LONDON, May 15 (AP)—"Highly successful" British air attacks behind the German lines were reported today as the Nazi conquest of Holland hampered home to Britain her own exposure to aerial raiders.

Machine-gun fire sounded this morning near the mouth of the Humber river, along the English east coast.

Berlin broadcast heard here sharpened Britain's anxiety and spurred recruiting of a new home front army: to fight a possible invasion by Nazi parachute troops.

"German planes already are within easy reach of the important English port of Harwich," a German announcer warned. "More than that, they have bases for direct attack against the whole of England."

In this age of modern warfare, the insularity of the British Isles has ended.

Harwich is less than 125 miles from the Dutch mainland. The air ministry said British fighters had given the French "valuable assistance" in the great battle which developed at Sedan and the crossings of the Meuse yesterday.

35 Planes Lost
Britain's air force, it said, "destroyed permanent bridges and anti-aircraft guns brought down 15 German planes in a terrific battle near Sedan."

"Repeated low-flying attacks on enemy troops and tank concentrations were made."

It acknowledged loss of 35 British planes. Even with German motorized troops reported pouring into the Hague, an authoritative Dutch source here said Netherlands troops in southern Holland who were able to reach Belgium were being made the nucleus of a new army to continue the fight against the Germans. There was no estimate of the number.

This source said most of Holland's navy left Netherlands waters and already had arrived at British ports. Queen Wilhelmina, who fled to England with her government, is continuing to govern Holland's overseas empire from London.

Obtain War Materials
British commentators said that Holland's policy of strict neutrality prior to the German invasion had contributed to the country's quick fall by precluding talks between the Allied and Dutch high commands.

It was generally conceded the Germans, in addition to gaining bases for a possible attack on England, had obtained substantial stores of foodstuffs and other materials in Holland.

British sources said, however, that these advantages obtained by the Germans were more than balanced by the assets which the Dutch added to Allied resources in the way of gold holdings, colonial wealth and their merchant fleet.

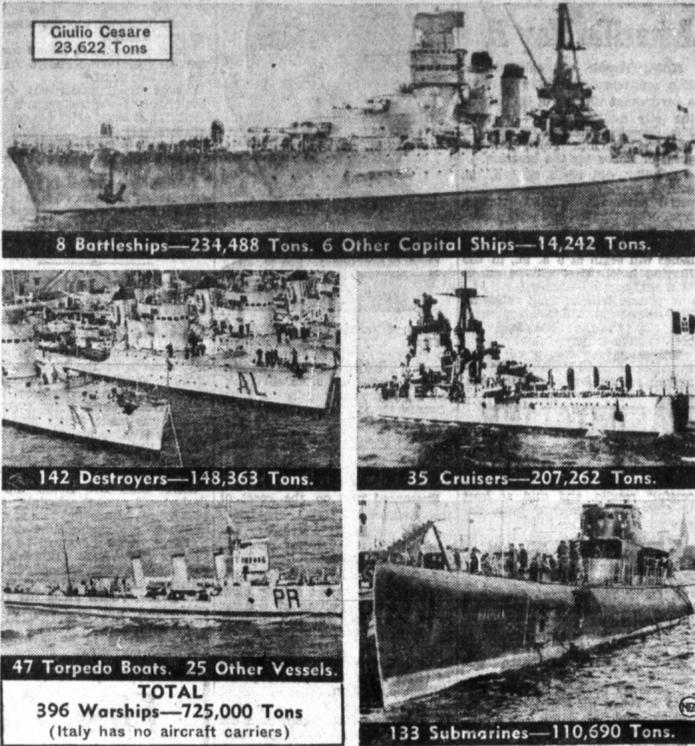

Despite the adverse developments in Belgium and the threats of a German push across the North Sea, Britain remained calm.

A general headquarters communiqué issued said the operations of the British expeditionary force in Flanders were "proceeding according to plan."

To Carry On Fight
PARIS, May 15 (AP)—The Netherlands government announced today through its Paris legation that, despite the capitulation of its main army, the Kingdom would carry on the fight against the Germans.

Italian Navy Sails Into War Spotlight

Giulio Cesare
23,622 Tons

8 Battleships—234,488 Tons. 6 Other Capital Ships—14,242 Tons.

142 Destroyers—148,363 Tons.

35 Cruisers—207,262 Tons.

47 Torpedo Boats. 25 Other Vessels.

TOTAL
396 Warships—725,000 Tons
(Italy has no aircraft carriers)

133 Submarines—110,690 Tons.

Into the war spotlight sails the Italian navy, currently maneuvering in the eastern Mediterranean. It is smaller than the navies of Britain or France, but is strategically located in a sea it might control to cut the direct allied lifeline to the near east and India. Pictochart shows principal units of the Italian fleet with tonnages for ships built, building, or appropriated for through 1940.

Memorial Day Service To Be Held At Graves

Ministers of all Pampa churches and the public are invited to participate in the annual Memorial Day service to be held on Thursday, May 30, at Fairview cemetery.

Paul D. Hill is general chairman of the local observance which will be held from 10 o'clock until noon. Members of the firing squad and color bearers and guards will meet at 8 o'clock at the American Legion.

Ex-service men of the War Between the States, Spanish-American war, are to be at the cemetery promptly at 10 o'clock.

County Judge Sherman White will be master of ceremonies. The invocation will be by Rev. Joseph S. Wonders, pastor of Holy Souls church and the principal speaker by Rev. C. Gordon Bayless, pastor of the First Baptist church.

Mayor Fred Thompson is also to deliver a speech, and the Rev. B. A. Norris, pastor of the First Christian church, is to lead in prayer.

Opening the program will be religious music by Bill Kenton and his accordion band. At the Kerley-Crossman American Legion post's regular meeting Thursday night Kenton, Billie Ruth Crout and Billy Gilbert will play.

John W. Crout is captain of the colors and firing squad. Color bearers are Charles Henson and James Sturgeon, color guards, John I. Bradley and Earl Perkins. The firing squad is composed of E. J. Kenney, John Hall, Ed Tracy, D. E. Cecil, William Crawford, Mark Lons, Matt Sellers, and T. O. Thompson.

War Cuts Deeply Into Exports Of U. S. Petroleum

TULSA, OKLA., May 15 (AP)—The war, instead of boosting, apparently has cut deeply into crude exports from the United States.

One large company said that loss of its Scandinavian and Belgian markets has caused much of the loss. Some companies reported that their export business has fallen off as much as 90 per cent.

Another contributing factor has been the attempt by the belligerents to husband their cash.

Great Britain and France have been obtaining all the oil possible from their own sources—places where companies of their nationals operate or where they have protectorates and can work out some kind of barter agreement.

Germany had been using the barter method for some time before the war started. Now that the Netherlands has joined the Allies, the Netherlands West Indies, with its refineries, also may be used for supplies.

Business at home was in none too good a position, many oil men asserted. The low prices, high gasoline and crude stocks along with low gasoline prices were looked upon as highly bearish.

Coupled with that was the warning from Jerry Sadler of the Texas railroad commission that he personally believed that if the situation doesn't improve soon, another 15-day shutdown in Texas production might be needed. Such a shutdown, he said, might come the last five days in May and the first ten in June.

In the field, the Oil and Gas Journal reported 569 completions for the week, compared with 562 the previous week and 468 a year ago.

Tanks Clash In Louisiana Battle

LEESVILLE, LA., May 15 (AP)—Great tanks of the red and blue armies raced down dusty Louisiana roads today, pointing toward a spectacular clash of some of the army's finest equipment units.

Army officers, judging from positions the steel monsters assumed yesterday, expected a head-on collision that would play an important part in tactical work of the war maneuvers' second phase.

The outnumbered red army from Texas fell back along the line yesterday and prospects were no better today. Reports filtering in from enemy lines said the blues had some 300 tanks, which bested the Texas troops three to one.

In the forefront of the red line were the blurring seven-cylinder cavalry brigade, the army's only all-mechanized outfit.

With tanks—combat cars, they are called—armored cars, and other instruments of death, the brigade employs the cavalry essentials of mobility, speed and shock.

The unit strikes runs, and then strikes again, in contrast with the infantry tanks' habit of laying a heavy attack forward by deploying of infantry troops.

Clusters of natives stood in awe by roadsides as the tanks lumbered into positions. Sometimes the machines left the highway to cut a path, without noticeable delay, through fields studded with trees.

The 18,900-pound steel, mobile forts are propelled by T-cylinder airplane motors and are protected by a thick steel coating and these firing weapons: A 30 calibre machine gun, an anti-tank gun, an anti-aircraft gun, a "lap gun," so called because the gunner holds it in his lap, a sub-machine gun and pistols for the four-man crew.

Rumors Regarding Kaiser Upsetting
POTSDAM, GERMANY, May 15 (AP)—Worries of the Hohenzollern family over the 71-year-old head of the dynasty, former Kaiser Wilhelm, were relieved partly today by a laconic telegram from general Wilhelm Dommes, chief of the Hohenzollern administration, saying: "Goal reached all is well."

The telegram was filed in Emmerich, border station for trains going to Holland from Koin and south Germany generally. It was thus not clear whether the Kaiser still was at Doorn, his home in exile in the Netherlands.

Normally, trains for Utrecht and Doorn go via Bethelm. It is possible, however, that Dommes could obtain transportation only to Emmerich.

Authorized sources said they had nothing concerning the former Kaiser who, they declared, is not of interest to the present regime. They expressed the opinion, nevertheless, that he still was at Doorn and would not be molested and way.

Narvik Devastated By Allied Bombing
STOCKHOLM, May 15 (AP)—The newspaper Tidningen said today that Allied bombardments in the last few days had devastated the arctic Norwegian port of Narvik and that the German garrison could not possibly hold the town much longer.

The Nazi troops were said to have been kept supplied by planes which also have landed reinforcements by parachute. They were reported well equipped with automatic arms although lacking in artillery.

The Tidningen's special correspondent said that fresh French troops and tanks had been landed from transports for an assault on the town.

Purchase Orders Must Accompany Bills To City

Purchase orders attached to bills submitted the city will improve the bookkeeping system and make it easy to determine to what department the account should be charged.

This is the plan City Manager Steve Matthews told the city commission, at its regular meeting yesterday, that he contemplated starting next month.

He cited one case of a water line laid to the city park with the street department charged with the item when the expense should have been charged to the park.

Regular monthly bills totaling \$3,808.99 were ordered paid. Most of the bills were for gasoline and equipment. Eliminated was a bill for \$18 insurance on a boiler, the commission deeming this policy not essential, as the insurance covered explosion and the boiler is of the low pressure type.

Approval was also made of the library bills statement submitted by Mrs. C. P. Buckler, chairman of the board, and Evelyn Todd, librarian, totaling \$231.95 for the month.

To the Pampa Board of City Development the commission approved the transfer of \$2,084.17 to the library \$451.82. These transfers are as of March 31, 1940, and the money having already been set aside for the purpose, and representing the regular appropriations from the delinquent tax collections.

Hill Funeral To Be Held At Alanreed

Funeral services for John Henry Hill, 81, were to be conducted at 4 o'clock this afternoon in the First Methodist church, Alanreed, by the Rev. Miller of Clarendon. Burial was to be in Alanreed cemetery under direction of Duenkel-Carmichael Funeral home of Pampa.

Mr. Hill, resident of the Alanreed community for 35 years, died yesterday morning at his ranch home. He was a native Texan, born in Ellis county.

Survivors are the widow, three daughters and six sons. Pallbearers named were L. L. Palmer, J. J. Palmer, F. Stubbs, T. T. Griffin, Mode Gibson and Brooks McGee.

New Scout Troop Organized At Borger

A new Boy Scout troop was added to the Adobe Walls council yesterday when application for charter was received from the Black Boot club of Borger.

Howard Kleibusch was designated as scoutmaster of the new troop with Harold Biggs his assistant. Paul Yost was named chairman of the troop committee.

Ten boys registered for the troop which will be known as Troop 10.

Mainly About People

A monthly worker's council meeting of all Church school officers and teachers of First Methodist church will be held tonight at 8 o'clock in the church when summer activities will be outlined.

Mr. and Mrs. O. A. Davis and daughter left Tuesday for Keller-ville to make their home.

Miss Edith Cooper of Pampa and J. B. Woodington of Canadian spent the week-end with Mr. and Mrs. B. J. Woodington in Vernon.

Mrs. Al Lawson has as her guest, Mrs. Ella Woods of Boston, Massachusetts. Mrs. Woods, who is a sister of Mrs. Lawson, is en route to California.

Mr. and Mrs. Al Lawson and Mrs. Ella Wood of Boston will spend the week-end in Westcliff, Colorado.

Mrs. T. W. Sweetman has returned from Lubbock where she attended the annual recognition program of Texas Tech college. Pampa girls who were given special recognition were Miss Maxine Wheatley and Miss Ann Sweetman.

Mrs. W. R. Clatney of Weatherford, Oklahoma, visited recently with her mother, Mrs. T. D. NeCase, of Pampa.

To permit city officials to attend the regional meeting of the Texas League of Municipalities in Amarillo Tuesday, next week's meeting of the city commission has been postponed until 2:30 o'clock Wednesday afternoon.

The Artcraft Printing company received the contract for printing 5,000 letterheads and 5,000 envelopes for the city, at the commission meeting yesterday. The Artcraft company had the low bid of \$45.25. Two other Pampa concerns also submitted bids.

Pearce To Be Delegate At Conference

OKLAHOMA CITY, May 15.—The honor deciding many important issues of the First South Central Jurisdictional conference of Methodist churches, which will be in session in Oklahoma City, May 28 to June 3, will be shared by Gray county in the person of its official representative: Rev. W. M. Pearce, delegate of Pampa.

Delegates are vested with voting power to decide the many problems which will be under consideration by that body as a result of the unifying activities of last year, and reserve delegates, serving as alternates, assume these powers in the absence of the delegate they represent.

This conference will be unusual importance as it is the first meeting of Methodist churches of this area since unification became effective. Under the united organization the General conference, which just met in Atlantic City, deals largely with legislative issues, while other action concerning issues of the individual churches or regions is carried out in the jurisdictional assemblies which follow the general assembly.

This jurisdiction is comprised of the states of Texas, Louisiana, New Mexico, Arkansas, Kansas, Nebraska, Missouri and Oklahoma. Following is a list of delegates and reserves of the Panhandle who will carry the representative Methodist thought for the state of Texas to Oklahoma City:

Amarillo: Rev. Will C. House, delegate; Rev. C. C. Grimes, reserve delegate; Canyon, S. H. Con-

dron, delegate; Clarendon, Sam M. Braswell; Farwell, B. N. Graham; Floydada, James M. Wilson; Lubbock, Rev. O. P. Clark; Rev. L. M. Lipscomb; Perryton, T. V. Elizey; Plainview, Rev. E. E. White; Shamrock, H. B. Hill; Tulsa, J. E. Swapperton; Vernon, Ray H. Nichols, Rev. Cal. C. Wright; Wichita Falls, Rev. Deneth E. Copeland, Rev. Paul E. Martin, Merle T. Waggoner.

In the days of muzzle-loading guns, natives of Central America made powder flasks from the bills of toucans.

Gas Gas All Time

Mrs. Joe Miller says: "Gas on my stomach was no bad! I couldn't eat or sleep. Gas even pressed on my heart. Adlerika brought me quick relief. Now, I eat as I like, sleep fine, never feel better."

WINGED SERVICE

Allegiance To U. S. Taken By 3 From Gray

The Stars and Stripes became the flag of 18 nationals of Canada, Russia, Germany, England, Ireland, and Mexico when they renounced allegiance to foreign powers and took the oath of allegiance to the United States of America to become American citizens in Amarillo yesterday.

The War Today

By DEWITT MACKENZIE

The great German offensive along the line of the Meuse river in Belgium had swollen to hurricane crescendo this morning, with the focal point on the historic battlefield of Sedan, just inside the French border and within the Maginot line defenses.

Hitler's win-all or lose-all gamble was hitting its stride fast. A few hours now should see the Allies and invaders joined in one of the crucial, if not the most momentous, battles of all time.

Already the indications are that the slaughter has been heavy. The Nazis are throwing their forces into the assault with the old Napoleonic complete the process in Amarillo yesterday.

Hoare, has lived in Pampa more than a decade and has the record of the longest period of service of any employee of The Pampa News, of which he is sports editor.

Sabotage Suspected In Armory Burning

MONTGOMERY, ALA., May 15 (AP)—An investigation of the mysterious burning of Alabama's national guard arsenal—including a possibility of sabotage—was ordered today by adjutant general Ben M. Smith.

Pampans Winners In Property Sale Case

Judgement in favor of the plaintiffs was given in federal court in Amarillo yesterday, in a final hearing on a restraining order to set aside a restraining order from selling some Pampa property for alleged unjust enrichment tax.

Connally Opposes Coastal Land Bill

WASHINGTON, May 15 (AP)—Senator Connally (D-Tex) sent a telegram to Governor W. Lee O'Daniel of Texas pledging vigorous opposition to the Nye resolution, which would instruct the attorney general to file suit against coastal states claiming title to all lands submerged at low tide water.

Wm. T. Fraser & Co. The INSURANCE Men 112 W. Kingsmill Phone 1044 F. H. A. and Life Insurance Loans Automobile, Compensation, Fire and Liability Insurance

changing map of Europe that the Allied cause depends in large degree on the quickness of decision and far-sightedness of a stocky little man of 67 whose lack of personal showmanship has left him in the background where he likes to be.

He's the Frenchman, Maurice Gamelin, one of the world's greatest specialists on war and commander-in-chief of all the Allied forces.

Gamelin—unemotional, quiet, methodical, tenacious, possessor of a prodigious memory, and natural born military tactician. Gamelin—kindly, simple of taste, whose idea of an enjoyable evening is to spend it in the quiet of his own home reading "What Do You Guess?" philosophy.

He's the Allied man of the hour. That's not new role for him, however, and the story is worth repeating here as the gunfire swells along the Meuse.

A quarter of a century ago, not far removed from the present scene of bloodshed the French were making a last ditch stand before the gates of Paris to stem the seemingly invincible rush of the German herds at the outbreak of the World War. Gamelin, then a major in his dapper forties, was one of French Commander Joffre's chief aides.

In the darkest moment of the crisis the quick mind of Gamelin detected the weakness of the German attack and recommended an immediate attack. Joffre trusted his man. The attack was made. The invaders were defeated and thrown back, and the entire course of the war was changed, for Gamelin had turned the German strategy topsyturvy.

FRENCH CLAIM

into defense fire from French advanced posts and killed. Air raid alarms were sounded this morning in the regions around Rouen, Havre and Bordeaux, but no attacks were reported.

While the Netherlands' military campaign apparently had ended with the general staff's order to the Dutch to lay down their arms, it was understood the Netherlands fleet still was cooperating with the Allies.

The French high command reported increased German pressure along a 55-mile stretch of the vast, curving Meuse river front from Namur to the junction of the Meuse and Chiers rivers, just south of Sedan.

In continuing battle in this area, the French reported, the Nazi army renewed its try for a knock-out blow against British, Belgian and French forces which apparently still have not brought their own offensive strategy fully into force.

Masons To Hold Ceremonial In Amarillo May 21

Khiva, Temple will celebrate its 20th anniversary on May 21 with a ceremonial which will be held in the city auditorium in Amarillo.

Registration for nobles and their ladies will begin at 9 a. m., in the Herring hotel. They will be guests at a barbecue at noon.

A parade will be held following the dinner in which every town and city in the Panhandle has been invited to participate.

MAGINOT LINE

(Continued from Page 1) tank concentrations in repeated low-flying attacks with "highly successful" results, and said at least 15 German planes had been destroyed.

British losses were placed at 35 planes, which, the air ministry said, were "not considered excessive" in view of the results.

A Dutch radio report said German motorized troops were pouring into The Hague, the Dutch capital, which capitulated yesterday when the Netherlands high command declared Holland's resistance was broken.

Germany besought Belgium today to follow the Netherlands example and lay down her arms, threatened Great Britain with a blitzkrieg from the Dutch coast and hammered a wedge deeper into France.

The Belgians, allied with the British and French for the "greatest battle of all time," showed a sign of compliance and the French reported that a nearly 20-mile stab by the Germans into the northern border zone, near Sedan, was only partly successful.

Otherwise the war appeared to be stabilizing into a conflict of position along the bloody banks of the Meuse river and the Albert canal— from France's fortified zone of the north, through the Argennes mountains to the coastal plains of Belgium.

The French acknowledged that the Germans had thrust more than 10 miles into France, south of the Meuse at Sedan, an age-old French-German battleground, but declared that the salient was reduced by counter-attack to about four miles. The Berlin radio urged the Belgians to "stack your arms."

STATE OFFICER

One of the state Masonic grand officers who will visit in Pampa next Tuesday will be Sam B. Cantey, Jr., above, of Fort Worth, deputy grand master. He will speak at the night meeting in the First Baptist church. It is expected that 1500 Panhandle Masons will attend.

A. A. Tiemann was an Amarillo visitor yesterday. Verdel Broadus of Miami underwent an operation at Pampa-Jarratt hospital last night.

Donald Beall underwent treatment for cuts and bruises in a local hospital last night after his car had struck a pole at the intersection of Brown and Barnes streets at 10 o'clock last night, city officers reported.

Postmaster and Mrs. C. H. Walker were Amarillo visitors yesterday. Judge W. R. Ewing transacted business in Amarillo yesterday.

Newton P. Willis attended federal court in Amarillo yesterday.

Denver To Start Overnight Trains To Colorado June 2

Definite announcement of Sunday, June 2, as the inaugural day of what, in effect, will be overnight round-trip, train service from Texas to Denver and other Colorado points, was made today. The official statement came from General John A. Egan, vice-president of the Fort Worth and Denver City railway.

More than five hours will be slashed off current schedules from Fort Worth and Dallas to the mile-high city while approximately nine hours of travel time will be saved to passengers from Houston by closer adjustment of arrival and departure times at both Fort Worth and Dallas. Points along the Texas Gulf coast will be closer to the Colorado Rockies in some instances by as much as 12 hours with the new train operation.

Mozart Suite To Be Heard Friday In Concert Here

A Mozart suite, consisting of four selections, will be heard in the concert to be presented Friday night in the high school auditorium by the Pampa High School and Civic orchestra.

First selection will be "Serenade" from "Eine Kleine Nachtmusik." The other three are "Theme from the Piano Sonata in A," "Minuet" from the opera "Don Juan," and "Allegro" from "Symphony 12."

There are 23 in the orchestra which is directed by Herbert L. Miller.

String instruments number 10, woodwinds seven, brass four, and percussion two.

Jaycee Skeet Club To Open Here Sunday

Famed Trick Marksman To Be Attraction

The Jaycee skeet shooting club will open at 2:30 Sunday afternoon in the northeast part of town.

To reach the shoot turn off east Browning where the street pavement ends and the road to Danziger plant begins and go north. The road is marked by arrows.

Two weeks ago the Jaycees voted to sponsor the skeet club. Coleman Williams was named chairman of the committee. Others on the committee are Tom Perkins, Jerry Rogers, Jimmy Dodge, Dan Smith, Calvin Dittmore, George Grammas, Mr. Holland and Dr. Owens.

Tommy Templeton of Amarillo, famous trick shot, who was present at the organization meeting will perform some difficult shots. Mr. Templeton who works for an ammunition com-

Dodgers Back In Lead After Throttling Reds

pany is internationally famous for his difficult shots.

The high house and low house wherein will be located the traps have been rebuilt and remodeled and set in concrete. "Everything is in perfect shape," declared Mr. Williams.

"The Jaycees decided to sponsor a skeet club in order to keep Pampa shooters at home; they've had to go out of town to shoot," Mr. Williams said. "Now Pampa has as good a shoot as any in the Panhandle and we hope all shooters will patronize it. The Jaycees are glad to perform this service for Pampa sportsmen. We won't make but very little out of it, but if we can break even we figure it will be a benefit to local sportsmen."

It will require a truck to haul

the ammunition from the home of Mr. Williams where it has been stored for the shoot. Shells are for 12, 16 and 20 gauge guns. The club also has on hand a supply of 3000 rounds of target.

Sportsmen from all over the Panhandle are expected to attend the opening. Mr. Templeton will bring a group with him from Amarillo.

By JUDSON BAILEY
Associated Press Sports Writer

The Brooklyn Dodgers can't be accused of dodging the issue.

They went to grips with the Cincinnati Reds yesterday and came up with a 6-5 13-inning victory that put them back into first place in the National League and that's about all even the Flatbush fans could ask.

In yesterday's game the Reds started Buckley Walters. The Dodgers went right to work on him for two runs on a single, a walk and a triple by Dolph Camilli. After Cincinnati tied up the score, Brooklyn bounced back with two more runs in the seventh.

When Cincinnati tied again in the ninth and took the lead in the tenth on Mike McCormick's homer, the Dodgers kept battling. They scored a run on Fox's single, they wrenched around an infield out. And finally in the thirteenth they pushed across the winning run—Gene Moore getting a walk, Leo Durocher a single and pinchhitter Gus Mancuso.

The Reds stretched the game over a play in the seventh inning. A grounder by Charley Gilbert seemed to strike Empire Bill Klem, Second Baseman Lonnie Frey, fielded the ball, but Gilbert beat the throw to first and Durocher was allowed to go from second to third. Manager Bill McKechnie claimed Durocher should have been held on second base on Gilbert's hit, but Klem maintained the ball did not strike him.

It took another extra inning struggle for the Boston Red Sox to edge out the Chicago White Sox 7-6. Jimmy Fox, as so often in the past, was the hero for the American league leaders. His second home run of the game and eighth of the season came in the tenth and decided the outcome.

The Cleveland Indians saw the margin between first and second place widened as they lost a 9-7 hitting fray to the Philadelphia Athletics when Al Simmons delivered a pinch single with the bases full in the ninth. Bob Feller started for the Tribe, but gave up seven runs in three and a fraction innings, three on a homer by Wally Moses.

Gerald Walker took charge of Washington's test against the Detroit Tigers and brought the Senators a 4-2 victory with a two-run homer in the sixth. The victory credited to Dutch Leonard, lifted Washington from seventh to fifth in the American League.

The Pittsburgh Pirates pounced on the New York Giants 7-2 to end the Terry-men's six-game winning streak.

The Philadelphia Phillies moved over the Cardinals into fifth place in the National with a 4-0 shutout Hugh Mulcahy manipulated against the Redbirds.

BITS ABOUT BOWLING

The Mayor Bowling league closed its season last night at Berry Ailers with Thompson Hardware topping 2852 pins to take three straight from Voss Cleaners. The win for the hardwaremen nosed the cleaners out of the league lead.

Phillips 66 won three straight from Cabot Shops which was good enough to throw them into a second place tie with Voss Cleaners. Diamond Shop took two out of three from Schneider Hotel.

Bert Howell of the hardwaremen got hot and rolled games of 204, 234 and 207 for a total of 645 pins. Huff of the same team had a series of 625 pins with a game of 246 pins. Hewger of the jewelers rolled high game when he toppled 253 pins on a total of 617.

The hotelmen and jewelers tied one game with the hotelmen winning in the playoff.

The league finished with Thompson Hardware in first place with 2852 pins and Cabot Shops with 2833 pins.

Cabot won single game total with 1063 pins, followed by Voss with 1028 and Diamond Shop with 1013 pins.

Hep Baxter of the cleaners had high average of 187 pins. Johnny Weeks rolled high series of 663 pins with Thompson and Lawson tied for second with 650 each.

Fred Thompson's single game of 277 pins was good. Baxter came next with a game of 256 and Taylor third with 255.

Oilers Again Beat Big Spring, Move To Clovis

BIG SPRING, May 15—The Pampa Oilers made 10 hits behind eight-hit pitching of Rex Dilbeck to defeat the Big Spring Barons 4 to 2 here last night in the closing game of their current series. The Oilers moved on to Clovis for three games before returning home on Saturday night.

Dale Linebeck, Pampa Oiler pitcher, has been released. Business Manager Harold Miller announced. Announcement of the release was made by Manager Grover Seitz who called from Big Spring yesterday to inform Miller of the change. Linebeck came here from Winner, S. D., and for a while looked like a real prospect.

The Oilers paraded a new second baseman by the name of Simpson and he proceeded to lash out a single and double and handle three putouts and four assists, two of them for double plays, without an error.

Jared Jordan wielded the willow in great style for two doubles and a single. Sam Malvea continued his hitting with a brace of singles but Phil Potter continued to go hitless for his sixth consecutive game.

Big nose in the Baron attack was Knoles, left fielder, who bagged a triple and single off Dilbeck who whiffed six and didn't walk a man, a sensational record for a left-hander.

Battle Being Waged For Third Place In League

Houston's Buffs are not finding it difficult to beat off the challenge of the San Antonio Missions so the big news comes from the knock-down, drag-out fight being waged for third place in the Texas league race.

Tulsa, Oklahoma City and Dallas are in the big middle of this scrap.

Additional Sports On Page 8

Dallas and Tulsa have the hardest rows to weed with series against Houston and second-place San Antonio coming next.

Last night the Rebels moved into fifth place, a game behind Oklahoma City, by beating the Redskins 4-3. Jim Levey clouted a homer in the eighth with two on to give Dallas the victory. Oklahoma City fell into fourth place.

Tulsa moved into third position with a 7-3 decision over Fort Worth. Houston crushed San Antonio with youthful Howard Pollett hanging up his eighth straight pitching victory.

Beaumont beat the downtrodden Shreveport Sports 3-1.

Who Wants To Join Softball League Tonight?

How many men's softball teams are there in and around Pampa who desire to play in a league?

A meeting of all team sponsors and managers will be held tonight at 8 o'clock in the basement of the city hall, adjoining the police station, for the purpose of organizing a league or leagues. Jack Back, Panhandle commissioner of softball, will preside.

The Pampa Recreation council, of which Jim Edwards is supervisor, has agreed to sponsor a league or leagues. He will also sponsor a district tournament here this fall with winning team entering the TAAP tournament.

Representatives of six teams attended a meeting last week and at least that many more are expected to be on hand tonight.

Sports Roundup

By EDDIE BRIETZ

NEW YORK, May 15 (AP)—Frankie Frisch figures if he could get Mickey Owen from the Cards, the Pirates might finish in the first division. Otherwise, he's about reconciled to wallowing in or around the cellar. . . . The first organized cheering section in the history of American golf swings into action tomorrow. Pupils of Earl Runyan's special golf courses at Columbia U. will go out to the Goodall round robin in a body to try to root teacher home.

Identified

In reporting the American league batting averages, the esteemed Cincinnati Enquirer says: ". . . And Ken Keltner, Cleveland third baseman, with a mark of .573."

Every time Tex Carleton has gone out to pitch this year, the other four Texas on the Dodger roster—Mancuso, Koy, Hudson and Gene Moore—have sung "The Eyes of Texas Are Upon You," as he left the clubhouse.

Today's Guest Star
Chilly Doyle, Pittsburgh Sun-Telegraph: "The situation with the Pirates is similar to the one in Holland. . . . Everytime they get a leak plugged another one pops out."

Jo Jo Moore, the gaunt Texan, is sparking the Giant drive. He hit 500 in seven games and was on base 25 times. . . . We saw the Pirates and you and Frisch can have 'em. . . . Gene Sarazen likes Jimmy Demaree in the Goodall, but Byron Nelson is our choice.

Two Teams Tied For First Place In East Texas

(By The Associated Press)

The East Texas league race is a dilly.

Two teams are tied for first place and another is but a half-game behind.

Kilgore forged back into a deadlock for top place last night by trimming Palestine 6-5 in 10 innings. Jimmy Dalrymple singled to drive in the winning run.

Marshall lost to Longview 3-2 to lose undisputed first place and Longview moved within a half-game of the lead.

Texarkana defeated Tyler in 10 innings, 6-5, and Henderson beat Jacksonville 8-2.

Blended 33 Times To Make One Great Beer

Pabst Blue Ribbon

IT TAKES 33 SEPARATE BREWS TO MAKE A SINGLE GLASS OF THIS DELICIOUS BEER!

As thousands of beer lovers set down a cool, clear glass of Pabst Blue Ribbon, they say: "Gosh, how do they do it?"

Well, one swift answer is . . . 33 blends! . . . Not one, or two, or five, but 33 separate "brews" from 33 separate breweries!

Each brew is as fine as choicest ingredients and Pabst's 96 years of experience can make it!

But brewing is a natural process, and Nature never yields two brews that are exactly alike even with the same formula and strict scientific control. That's why Pabst goes to so much extra work and expense to bring together 33 separate brews in perfect blend—dictated by the Blue Ribbon formula.

As in the finest champagnes, coffee, tobacco, it's expertly balanced blending that gives Blue Ribbon its unvarying goodness. The result is America's Premium Beer . . . with a smoothness that is unique . . . and a taste that is always the same.

Sometime today, have the pleasure of meeting Blue Ribbon.

Get the BLEND that Better the Beer
Pabst Blue Ribbon and Prove it

Crack Golf Pros Off On Second Lap

NEW YORK, May 15 (AP)--The crack golf pros, who have had just about enough time to get their laundry done and assure the club presidents they still knew about such duties as giving lessons and polishing clubs since they rode or hitch-hiked back from the winter tour, are off on the second lap of the race for the 1940 National Open championship.

Entries for the Open were closed yesterday with one of the largest totals on record. Tomorrow the first big preliminary test for the title tournament at Cleveland's Canterbury club, June 6-8, gets under way. It is the Goddard round-robin, in which a picked field of 15 pros will play at the Fresh Meadow club on Long Island.

Of these, only the players who finished a tie for 30th place or better in the 1939 Open won't be required to pass the sectional qualifying tests. The rest will shoot 36 holes in 26 different locations and about 170 then will get into the main tournament.

Ward Will Repair City Hall Roof
To C. E. Ward of Pampa the city commission at its regular meeting Tuesday afternoon awarded the contract for repairing the 70x140 foot city hall roof. The job will include the flashings on the walls of the roof and a skylight.

City Manager Steve Matthews told the commission that the rain Monday night had resulted in more leakage in the building and said the repairs should be made to stop damage to the structure.

Later on, he said, plaster on the ceiling of the city hall auditorium would have to be repaired, as some of it has already fallen.

There were three bidders on the roofing job, with Ward submitting the low bid of \$180. Other bidders were John L. Owen and the Panther Oil & Grease company of Fort Worth.

NOTICE OF WAREHOUSEMAN'S SALE
MAY 31ST, 1940
Whereas, the parties listed below did deliver to the undersigned as warehouseman for storage, and Whereas, at least ten days prior hereto the undersigned has given notice as required by law to these parties to come forward and pay storage charges on the said goods, and Whereas the parties have failed to comply with such notice.

Now, therefore, in compliance with Article 664 of the 1925 Texas Civil Statutes of the State of Texas, we will sell the said property on the 31st day of May, 1940, between the hours of 9 o'clock a. m. and 11 a. m., May 31, 1940, at our warehouse at 500 West Broadway, Pampa, Texas, at public auction following the manner of sale under execution, to satisfy our warehouseman's lien for storage together with all charges accruing from this date and the cost of sale. And we will apply the proceeds of such sale to payment of all said charges, balance (if there be any) to be delivered over to the person rightfully entitled thereto.

Harvesters Look Good In Defeating Exes 7 To 6

Pampa High school's 1940 crop of footballers flashed brilliantly at times last night when they defeated the Ex-Harvesters 7 to 6 in the final game of the spring training season. The Harvesters had a lot of luck in keeping their more experienced foes from scoring.

Germans Take Over Beaten Netherlands

AMSTERDAM, May 15 (AP)—The Netherlands opened the way today for unopposed German occupation of all but one of her 11 provinces.

Under orders from General Henri Gerard Winkelman, the commander-in-chief, the Dutch last night laid down their arms everywhere but in Zeeland, low-lying island province in the southwest which has, in the past, been a stronghold of the main points of sea traffic with England.

(Observers in Berlin expected that Dutch resistance in Zeeland and by scattered units elsewhere would be overcome in a day or two at most.)

There was nothing else the Dutch could do after five days of stubborn but foredoomed defense. So the surrender was ordered by the 64-year-old commander, highest government representative since the flight of the queen and the government to England two days ago.

The Netherlands army was unequal to the task of fighting off Germany's high-speed, up-to-the-minute war machine. Her air force was not strong enough to give the troops effective aid. Her defenses had been pierced and outflanked by the lightning German columns. Rotterdam and Utrecht, two of her four largest cities, were in imminent danger of complete destruction.

General Surrenders

In view of these circumstances and in the hope of saving "at least a small part of our beautiful country" and preventing further bloodshed, General Winkelman ordered his forces to cease firing, and commanded the troops and the people to co-operate in the preservation of order "until the arrival of the German regular troops."

(Reuters, British news agency, intercepted a radio message on the wavelength of the Netherlands Hilversum station today from the German consul general in Amsterdam to the foreign office in Berlin. (The message said German troops would "not encounter any difficulties when entering Amsterdam," that the population would be "calm," that the German forces would be met on the outskirts of the city by a representative of the commander of the Amsterdam garrison and a representative of the lord mayor of Amsterdam, as well as the consul general or a representative of him.)

From London Queen Wilhelmina sent a proclamation that "the Netherlands will one day, with the help of God, regain its whole European territory."

Water Defenses Useless

But today all but a small segment of those 12,700 square miles of territory was in the hands of the invaders, who merely were delayed briefly in their advance by the flood-water defenses with which the Netherlands had hoped to guard the rough rectangle enclosing the cities of Amsterdam, Rotterdam, The Hague, and Utrecht.

The German armored column that had smashed through the southern defenses already was in Rotterdam, and the seaport was being subjected to aerial bombardment that set large sections of the city afire.

Utrecht, Amsterdam, and The Hague were the targets of other marching columns.

With the Netherlands home land now under German domination, Queen Wilhelmina and her government in London will continue to rule over Holland's overseas possessions—about 700,000 square miles inhabited by more than 70,000,000 persons on two sides of the earth.

Swiss Mobilization Called Complete

BERN, Switzerland, May 15 (AP)—Switzerland's mobilization is complete and "all the troops occupy the positions which have been assigned to them, the federal council and high command announced in a joint communique today.

"These positions, on all our frontiers, are held by powerful armed forces."

(This means that the forts on the Italian frontier, which until the recent intensification of the crisis had only a skeleton guard, are fully manned.)

"The protection of the neutrality and independence of Switzerland have been assured by the placing of our armed forces in their posts."

The forces referred to include not only the army, but anti-aircraft defense units have been turned into "home defense corps" in which are enrolled all women and men too old or otherwise unfit for military service, but who can fire a rifle.

Foreign observers estimate the regular army at 600,000 men, the home guards at 200,000.

Police Disperse Italian Students

ROME, May 15 (AP)—Police dispersed nearly 10,000 persons—mostly students—who gathered in various parts of Rome today with the intention of launching a third day of anti-Allied demonstrations at the Piazza Venezia.

Foreign observers interpreted the action as placing an official damper on the manifestations, which diplomatic circles have feared might result in repercussions which would push Italy into the war.

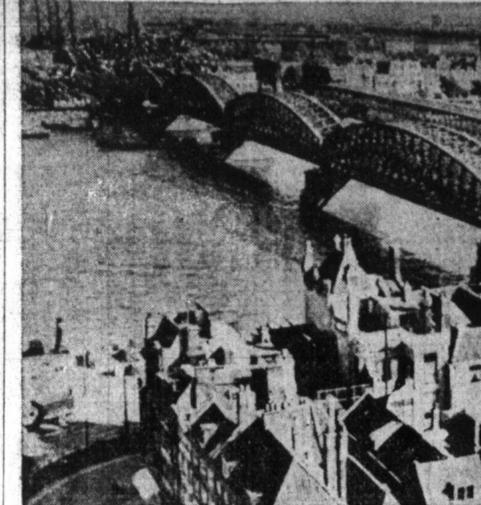

New posters, however, were plastered up on buildings near the French embassy quoting an old editorial in Premier Mussolini's newspaper, Il Popolo D'Italia, which recalled that Germany supported Italy during the Ethiopian war while France and Britain opposed her.

Meanwhile a new law was introduced in the Fascist chamber which would increase from six to 12 miles the belt of territorial waters around the Italian coast.

It was said that this change corresponded with the width of British and French territorial waters.

King Mtesa of Uganda, Africa, is reputed to have had the largest harem in the world. Seven thousand wives were in his seraglio.

BRIDGE WHERE DUTCH BATTLED NAZIS

The bridges across the Maas, in Rotterdam, Holland, where bitter fighting between Dutch and German troops was reported to have taken place.

Marriage Report "Just a Gag"

The report that film actress Arline Judge and New York socialist James McKinley Bryant were married after attending the Derby in Louisville, Ky., is not true. At least, so says Arline and so says Jimmy. The story got around, he is reported to have explained, because "as a gag" he announced the wedding in a Louisville club. They are pictured at a New York night club after their return from Kentucky.

Pampan To Speak At Dedication Of White Deer Park

Special To The NEWS

WHITE DEER, May 15—Formal dedication of the White Deer park will be held here Thursday evening at twilight.

The following program has been arranged: invocation by the Rev. J. E. Stephens, pastor of the local Methodist church; tribute to the founders by Mrs. Ray Veale; selections from "Aida" by the high school band, directed by Elton Beene; address by the Rev. Robert Eshen, pastor of the Presbyterian church in Pampa; and the national anthem by the band.

A brief concert by the band will be given preceding the ceremonies.

Development of the park was begun about two years ago at the suggestion of Mrs. R. R. Weeks, then president of the Venado Blanco club. With the help of the Centennial club, the city council, and county commissioners' court, the land was secured, walks laid, watering and lighting systems installed, shrubbery planted, and a wading pool, benches, fireplaces constructed.

It was necessary to reset the grass, but the park committee hopes to have that done and several swings installed before Thursday.

Pershing Urges Extraordinary Defense Program

WASHINGTON, May 15 (AP)—Re-armament appeals by President Roosevelt and General Pershing spurred congressional leaders today to press for quick action—and almost certain acceptance—of an extraordinary defense program expected to cost \$976,000,000.

While awaiting a special message from the president today or tomorrow, lawmakers, conscious of the urgent need of their attention to a study of army and navy needs.

General Pershing, who led the A. E. F. in France two decades ago, counseled against any delay.

"Every energy in this country should be devoted to the idea of putting the United States in a condition of thorough preparedness against the possibility of war," he said.

"Preparedness is as necessary today as it was when war was declared in 1917, and we find ourselves in the same condition."

President Roosevelt, working in his shirtsleeves, conferred yesterday with congressional and military leaders and then told reporters that the armaments race had been forced upon the country and that it must keep abreast.

National defense is the important thing, he said, and the method of financing it is of secondary consideration.

Authoritative sources said that the president would recommend an increase of \$726,000,000 in army funds and \$250,000,000 more for the navy. The objectives would be to complete equipment for 1,000,000 troops, put warship construction in high gear, and bulwark coast defenses.

This emergency fund would swell national defense outlays for the year starting July 1 to about 2,724,000,000—by far a peacetime record.

Panhandle Senior Class Work Ends

Special To The NEWS

PANHANDLE, May 15—The seniors finished their high school work Friday when final examinations were finished and the seniors were dismissed from the remainder of the year.

Senior activities will include the baccalaureate service which will be delivered by the Rev. James Todd, Sunday evening, May 19, at 8:15 in the high school auditorium. Music for the baccalaureate night will be by the mother singers and the high school choral club.

On the same evening the Baptist ladies will compliment the seniors with their annual baccalaureate supper, which will be served on the lawn at the W. W. Evans home.

Following the supper the seniors will go to the high school lawn for the annual tree planting ceremony, which is sponsored by the Parent-Teacher association. Each year the association purchases a tree for the graduating class, which they plant and dedicate to the school.

Commencement exercises will be held Tuesday evening, May 21, in the high school auditorium.

Forty-five seniors will receive diplomas this year.

Lyles Will Assist City Tax Assessor

Employment of Lynwood Lyles as temporary assistant tax assessor collector at a salary of \$100 a month, as of May 9, was approved by the city commission at its regular meeting Tuesday afternoon.

Lyles, who was given a try-out in the position last week, will be used in making assessments while W. M. Craven, head of the department, remains in the office.

This arrangement is the more practical one, Mr. Craven told the commission, as the tax assessor collector is more familiar with the office work than his assistant would be.

The new employe succeeds Mrs. Darr Smith, who is resigning, effective Monday.

The giant reptiles of ancient times depended on their great strength to overcome their prey, as do our larger reptiles of today, such as the crocodiles and larger snakes.

GMC TRUCKS GASOLINE - DIESEL

Senator Holt Trailing In West Virginia

(By The Associated Press)

While President Roosevelt and Senator Robert A. Taft were winning without opposition the Ohio delegations to the Democratic and Republican national conventions, yesterday's primary elections in Ohio and West Virginia provided these highlights:

West Virginia: Senator Rush D. Holt, New Deal critic who was too young to take office when first elected in 1934, trailed for Democratic renomination; Senator M. M. Neely, his colleague, led for the Democratic nomination for Governor.

Ohio: Democrats nominated former Gov. Martin L. Davey to oppose Gov. John W. Bricker, Republican running for a second term; for the Senate seat of Vic Donahey, retiring Democrat, former Rep. John McSwain, led on the Democratic ticket; and Mayor Harold Burton of Cleveland and Rep. Dudley White were running neck and neck for the Republican nomination.

Each major party chose 16 unstructured delegates to the national conventions; Neely, who favors President Roosevelt's renomination, led the Democratic list.

In Ohio the 52 Democratic national convention votes nominally were pledged to National Committeeman Charles Sawyer, but he is a third term supporter and the delegation actually will support Mr. Roosevelt if he runs.

In Washington, the name of Gov. Herbert H. Lehman of New York entered speculation over a keynote speaker for the Democratic national convention.

Democratic leaders were reported virtually to have settled on Senator Alben W. Barkley of Kentucky, the majority floor leader, as the convention's permanent chairman.

The Lehman talk, quietly current for a week, became more audible last night after the governor had a round of conferences in the capital. He called on the president, but told reporters, "No politics—I'm on a vacation."

Democratic leaders were reported virtually to have settled on Senator Alben W. Barkley of Kentucky, the majority floor leader, as the convention's permanent chairman.

Panhandle P-TA To Hear WTSC Official

Special To The NEWS

PANHANDLE, May 15—Mrs. T. V. Reeves, of the bureau of public services from W. T. S. C. at Cambridge, will speak at the meeting of the Panhandle P-TA at Pampa, May 16.

you will speak at the final meeting of Parents and Teachers, Thursday at 2:30 in the high school auditorium.

Mrs. Reeves will speak on "The House That Jack Built." Some of the phases of the subject that will be discussed included: When and where should training for family life begin? Are high school and college students interested in such training? How can the best values of American family life best be conserved? A sound film will be shown in connection with the program.

Mothers of Mrs. Knowle's fourth grade will be in charge of the social hour.

MORE THAN **5 Hours Faster**

to PUEBLO, COLORADO SPRINGS and DENVER from DALLAS and FT. WORTH

BEGINNING JUNE 2

New DIESEL POWER affords fastest service ever enjoyed between Texas and Colorado

This vastly speedier service will make a trip to Colorado little more than an overnight journey. Moreover, it will speed up travel to Yellowstone, Glacier, California and the Pacific Northwest.

The Fort Worth & Denver will make this faster service possible by replacing the COLORADO SPECIAL with the ADVANCE TEXAS ZEPHYR. This modern flyer with a full range of conventional equipment, will be powered by a 4000 H.P. streamline diesel locomotive. Accommodations will include coaches—chair cars—standard Pullmans and diner-lounge—all completely air-conditioned. Hostess service.

Enjoy this new, speedier way on your next pleasure or business trip to Colorado or beyond. Extra speed, convenience and comfort—all at no extra fare.

ADVANCE TEXAS Zephyr SCHEDULE

Northbound	Dallas	Ar. 7:45 A. M.
2:00 P. M. Lv.	Fort Worth	Ar. 6:35 A. M.
3:00 P. M. Lv.	Wichita Falls	Ar. 4:15 A. M.
5:25 P. M. Lv.	Childress	Ar. 2:03 A. M.
7:30 P. M. Lv.	Amarillo	Ar. 11:35 P. M.
10:00 P. M. Lv.	Denver	Lv. 1:00 P. M.
7:45 A. M. Ar.		

Coming Later This Summer! The TEXAS ZEPHYR, diesel-powered like its forerunner, but with streamline coaches, diner and observation lounge, all built of gleaming stainless steel. Pullman cars will be designed to harmonize with the sleek beauty for which the Zephyrs are famous.
