La Rosa Sorority To Hold Bicycle Party Tonight

Members of La Rosa sorority will hold a bicycle party from 7 to 8:30 o'clock tonight, meeting at the bicycle shop across from the high school.

Plans for tonight's party were made at the sorority's meeting held Wednesday afternoon in Central park.

Attending were Misses Doris Taylor, Inez Shaw, Willette Stark, Eula Taylor, Tolene Davis, Betty Mounts, Fern Simmons, Betty Schwind, Doris Archer, and the sponsor, Mrs. A. H. Shaw.

Next meeting will be held at 3 o'clock Wednesday afternoon with Miss Betty Schwind.

Hopkins 2 Circle Holds Bible Study With Mrs. Dye

Hopkins 2 circle of the Central Baptist church met Monday at the home of Mrs. Martha Dye. Bible study was led by Mrs. J. R. Young.

Mrs. John Pruitt gave the opening prayer, and a prayer by Mrs. J. W. Richardson closed the meeting.

Present were Misses Dye, Richardson, Pruitt, Young, H. E. Johnson.

planned on hiring men stewards. The uniforms were already cut when Miss Church presented her proposal. After weeks of talk, argument and conferences, Miss Church won out. The company decided to make the experiment. "For a few weeks," and Miss Church was put in charge of eight girls.

At first pilots and the ground crews were hostile. In an attempt to scare her out, they based her by telling tales of crackups, burning planes and gruesome accidents of the air. But she didn't scare easily.

"The passengers liked us at once," Miss Church recalls. "And soon the pilots and other men employes discovered our worth."

Miss Church lost count of the amount of mileage she covered as a stewardess. She estimates that she has flown more than 100,000 miles. Some day, she hopes to try for a pilot's license.

**Lydia Circle Meets With Mrs. McLeister**

Lydia circle of the Central Baptist church met Wednesday with Mrs. Carl McLeister, with Mrs. S. W. Brandt presiding at the meeting, which was opened with the song "Ready," and a prayer by Mrs. Lee Hampton.

The lesson from the twelfth chapter of Matthew, was given by Mrs. W. T. Broxson.

Refreshments were served to Misses Dale Hughes, Q. H. Gambrell, A. P. Summers, J. C. Cotes, guests, and to members, Misses Ernest Baldwin, Charles Barrett, W. T. Broxson, S. W. Brandt, Elmer Casada, Lee Hampton, Bob Huffines, Jack Hughes, M. G. James, Ployd Matheny, Carl McLeister, L. O. Roenfeldt, Clyde Russell, Allen Williams.

### GLORIFYING YOURSELF

By ALICIA HART

"Mother's friends and a lot of other older people I know are too peppy," a 22-year-old complains in a letter.

"Not that I want them to sit quietly and knit or get 'too mature' on us, or start living in the past instead of the present, but I do wish they would behave like women. Instead of high school girls."

**GALEITY IS FINE, BUT...**

"After all, they're always intimating that they could give us good advice if we'd just listen. But the fact is that they never light and stay in one spot long enough to give us a chance to listen."

My young correspondent goes on to say that she likes charm and gaiety—especially gaiety—in a mature hostess, but she thinks the ill-behaved-of-the-party-or-else attitude in anyone past 35 is just plain silly.

She believes and so says that "jitter-bugging around" isn't becoming to the mature.

"Mature women have so much that people of my own age don't have," she goes on to say. "For instance—that lovely quality that makes them able to be at ease and comfortable in a room full of strangers."

**JUMPING PEOP BECOMES THE YOUNG**

"And they have something to say that makes sense. They don't have to resort to wisecracks and idle chatter in order to get through an afternoon or evening, as I so often do. So why do they? I really wonder about this a great deal."

And so do a lot of others. Nobody wants a mature person to be dull, mature, too serious, too old, too gay and, in the bargain, noisy about it. Pep—the jumping-around, gurgling variety—should be the exclusive property of the very young. It's becoming to them.

**French Give Dutch A Style Propaganda To Refute Propaganda**

By ROSETTE HARGROVE

PARIS—As a reply to persistent German propaganda in Holland to the effect that Paris as a style center has ceased to exist, leading dress-makers recently sent models and mannequins for a grand fashion display at the leading hotel in Amsterdam, the Carlton. Proceeds of the show were devoted to a war charity.

Close to 100 models were selected by nine of the leading houses, which included Lanvin, Lelong, Paquin, Alik, Figue, Motenue, Worth, Rouff, Patou, Schiaparelli created a special model to be auctioned, while leading manufacturers like Rodier, Bianchini and others contributed scarfs and accessories to be sold for charity as well as to demonstrate that Paris still continued to produce as usual.

**MANY EVENING GOWNS SHOWN**

While sports and town ensembles were well represented, special emphasis was laid on evening wear and every house sent its most glamorous, most becoming, as well as most beautiful example of Haute Couture creations in the form of evening gowns which they had created especially for women living in countries free from the threat of war. These gowns might be said to typify everything that Paris has stood for and will continue to stand for in the realm of fashion.

All in all, it was an exciting, glamorous collection. And it accomplished its purpose—that of making the Dutch realize anew that war or no war, Paris as a fashion center has lost none of its prestige.

**Raymond Biery Given Party On Third Birthday**

Raymond Franklin Biery, son of Mr. and Mrs. Walter Biery, was given a party by his mother on the occasion of his third birthday Thursday.

The party was held at 4:30 o'clock yesterday afternoon in Central park. There were 15 guests invited.

Games were played, and Philadelphia cream cheese sandwiches, lemonade, cup cakes, dixie cups, and chewing gum were served, and Mickey Mouse acrobats distributed as favors.

**School Held By Rebekah Lodge**

A school of instruction, conducted by Sister Ruth Roberts, was held by the Pampa Rebekah lodge, following the regular lodge meeting Thursday night at the I. O. O. F. hall.

Noble Grand Mae Forsyth presided at the meeting.

Attending were Leah Miller, Beatrice Howard, Ruby Wylie, Zola Donald, Dorothy Voyles, Lois Medford, Francis Hall, Hatty Day, Elba Crisler, Lois King, Arline Neighbors, Cora Kolb, Elsie Cone, Eva Howard, Tressa Gilbert, Pearl Stephens, Bob Miller.

### Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Must a man take a girl back to her own group or her date when his dance with her is finished?

2. Is it good manners for a man who has a date to wander off to the bar and leave her to take care of herself?

3. Is it good manners to do "jitterbug" steps on a crowded dance floor?

4. Should a girl ask her partner to put her compact, cigarette case and lipstick in his coat pocket?

5. Is it good manners to clean one's nails in public?

Answers:  
1. Yes. It is the height of rudeness to let her wander back alone.  
2. No.  
3. No.  
4. No.  
5. No!

Best "What Would You Do?" solution—(b), unless he is a very good friend and you feel you can speak frankly.

**HB Club Honors Former Pampans**

Special To The NEWS

SKELLYTOWN July 26—Dr. and Mrs. C. E. Waller, formerly of Pampa but now living in Sulphur Springs, were honored with a 6 o'clock dinner recently by members of the H. B. club, of which they are former members, at the home of Mr. and Mrs. George Berlin, Pampa.

The honorees returned to Pampa for a brief visit with friends and then went to Amarillo where they transacted business and also visited friends and relatives, before returning to Sulphur Springs where they are building a new home.

Those present were: Dr. and Mrs. C. E. Waller, Mr. and Mrs. George Lowe, Ewers City, Mr. and Mrs. W. W. Hughes and family, Skellytown, Mr. and Mrs. George Berlin and family, Pampa.

### Shamrock Shower And Tea Held For Miss Darlington

Special To The NEWS

SHAMROCK, July 26—An outstanding event of the summer season was the tea and miscellaneous shower given Tuesday, when Mrs. J. A. Hall, Miss Dorothy Hall, Mrs. Harris Tilley and Miss Ruth Tilley entertained from 3 to 6 o'clock, honoring Miss Annaruth Darlington.

Miss Darlington's engagement and approaching marriage to Walter Pendleton, Jr., was announced recently at a luncheon given by her mother, the wedding date to be August 10.

The guests were greeted at the door of the Hall home by Misses Hall and Tilley and in the receiving line were Mrs. Walter Darlington, Jr., Miss Annaruth Darlington, Mrs. W. S. Pendleton, Mrs. H. T. Hampton of Pampa, Miss Mary Elizabeth Pendleton, Mrs. William Tinsley, Jr., Mrs. Ethel Darlington, Miss Ruth Tilley and Miss Dorothy Hall.

The table was covered with a lace cloth and centered with a reflector on which was placed a bowl of mixed flowers in pastel shades. Candle holders with lighted tapers were used at the corners of the table where strips of red tied small bouquets of lily of the valley.

Mrs. Walter Grady presided at the table and was assisted by Miss Virginia McPherson and Miss Marilyn Bearrow.

Other members of the house party who assisted in showing the gifts were Misses Louise and Genevieve Britton of Wheeler and Miss Francis Hampton of Pampa.

Miss Doris Beth Darlington presided at the bride's book. One hundred and thirty guests were received during the afternoon.

Just Fold Up Outboard and Hitch It to Bumper

Recommended for fishing or an amphibian vacation is this trailer outboard motorboat, which folds in wheels and hitches to back bumper of an automobile. Once launched, the wheels are removed easily. Before landing, the wheels are locked into place, and the boat can be practically driven up on the beach.

774 Schools To Play Football In Texas During 1940 Season

By HAROLD V. RATLIFF
AUSTIN, July 26. (P) — Texas' greatest sports show will open unofficially the night of Aug. 10. It will be almost a month before the Texas Interscholastic League starts its twenty-first football season, but for all purposes the all-star game to be played as the climaxing feature of the eighth annual High School Coaches' association coaching school here marks the beginning of the gridiron campaign. Because at this school — the world's largest — they'll lay plans for the season and brush up on all the latest strategy.

250,000 Poles To Slave For 'New Europe'

(By The Associated Press)
BERLIN, July 26 — Germany set her hand to stabilizing the continent she has virtually mastered after a 10-months war today, while continuing to send her waves of bombers against Britain. With Rumanian, Bulgarian and Slovak representatives journeying to the Reich between now and Sunday for conferences on the future of southeastern Europe, informed sources disclosed some 250,000 Poles, still held as prisoners of war, soon will be released to contribute their labor to Germany's "new Europe." But Germany, suspecting French aims to recuperate so as to strike back after a year or two, is to keep French war prisoners.

Foreign sources denied that official recognition has been given a separatist movement in French Brittany, as reported by Germany's official news agency, DNB, yesterday. With respect to the Baltic regions, where Soviet Russia has all but formally incorporated the three states of Estonia, Latvia and Lithuania — former spheres of German influence — authorized sources said this was purely an affair among the four states concerned. As for Britain, the high command said 23 British planes were shot down yesterday over the British Isles and Germany, and that 63,000 tons of shipping had been sunk. No military damage was done by continued flights of British bombers over northern, western and central Germany during the night, the communiqué said.

British radio stations — a new target for German bombers — were attacked, as well as airports and aircraft plants, the Germans said. They mentioned nine planes as their own loss. Informed sources said the released Polish prisoners would be free to work either in Germany or Poland — the place of their choice — but that they must work, and that they must not attempt to escape to join the Polish legion in Britain. These sources accused a section of the press in the unoccupied part of France of calling for release of German-held French soldiers so that France within a year or so could take revenge on Germany. To offset the French demands, the German press for days has been bringing eye-witness accounts of released German soldiers in an effort to prove that the French were inhumane in their treatment of German prisoners of war and interned German civilians.

The foreign office recorded with undisguised satisfaction, meanwhile, the conclusion of a trade agreement with Turkey, negotiated by Ambassador Franz Von Papen, calling for an exchange of goods worth 21,400,000 Turkish pounds. Conclusion of the trade agreement was regarded as coming at a particularly opportune time while the Balkan guests are in Germany. Premier Ion G. G. R. and Foreign Minister Mihail Manoilescu of Rumania, arrived at Salzburg this morning for the first of these conferences with Foreign Minister Joachim Von Ribbentrop in which Rumania's new pro-Nazi political course will be "acknowledged." Germans said the Turkish pact and this conference now show that England no longer has any influence on the European continent.

Biggest Crowd Of Season At LeFors Political Rally
A political rally at LeFors last night was attended by the county's largest crowd of the season. The rally was sponsored by the merchants of LeFors. Four-minute speeches were made by precinct and county and district officers, Senate and congressional candidates were allotted eight minutes. Newton P. Willis spoke 15 minutes for W. Lee O'Daniel. The biggest ovation of the evening followed mention of O'Daniel. Bill Miller of Spearman spoke for Max Boyer. Judge C. C. Bishop of Wellington spoke for Deskins Wells, candidate for congress. Congressional candidates who spoke were Eugene Worley, Alan Harp, R. V. Converse, Lewis Goodrich, S. D. Stennis spoke for Judge James P. Alexander, candidate for chief justice of the supreme court. A hillbilly band trio furnished music. The Rev. Lawrence presided. Candidates for state representative who spoke were Elnis Favors, John Puryear, Luther Gribble. Both candidates for district attorney, Cliff Braly and Bud Martin were speakers. Judge W. R. Ewing also addressed the throng.

Petroleum Strike Talked In Mexico

MEXICO CITY, July 26. (P) — The petroleum workers union called together today representatives of its 32 sections to map its opposition to President Cardenas' decree reorganizing the government-administered oil industry. In some quarters there was talk that the union eventually might call a strike. The executive decree, which termed "most grave" the economic condition of the \$400,000,000 industry reappropriated from foreign interests in 1938, directed wage cuts and curtailment of worker benefits estimated unofficially to save 10,000,000 pesos (\$2,000,000) by the end of the year. It was reported that 3,500 of the industry's 18,000 workers would be discharged. The railway employes union, anticipating President Cardenas next would revamp the national railroads, announced determination to oppose any reorganization involving wage cuts or dismissals.

## Here Are Taxes Favored By Candidates For Governor

(By The Associated Press)  
 AUSTIN, July 26—The Texas government's financial condition stands out on election eve as the state's most pressing—and unsolved—problem.

There is wide disagreement among officials as to what is needed, but it is generally believed the state could use at least \$14,300,000 more revenue annually.

This amount would:

1. Furnish \$10,000,000 for pensions in addition to the \$9,000,000 now available annually.
2. Furnish \$2,500,000 annually to match teachers' retirement contributions.
3. Furnish \$1,500,000 annually for aid to dependent children, to be matched by the federal government.
4. Furnish \$300,000 annually for aid to the blind.

This is a minimum figure. Some think as much as \$40,000,000 new money annually is needed. Some would add new taxes to retire the growing deficit in the general revenue fund.

With all the hokum of campaigning eliminated, this in brief is what each gubernatorial candidate proposed to do about the state's finances:

1. W. Lee O'Daniel: Last year recommended a 1.8 per cent transaction tax which the legislature turned down and then espoused a sales-natural resource tax in constitutional amendment form which failed. This year says he will agree to "any plan the legislature adopts."
2. Harry Hines: Advocates an "equitable, general tax bill spread among natural resources and large corporations" to raise an additional \$15,000,000 yearly which he thinks would be adequate. Opposes sales tax.
3. Ernest O. Thompson: Opposes a sales tax and favors a five-cent-per-barrel increase on the oil tax, a one-cent tax on natural gas (per 1,000 cubic feet), a heavier tax on sulphur and a levy on carbon black (produced from natural gas).
4. Mrs. Miriam A. Ferguson: Favors a one and one-half per cent gross receipts tax exempting amounts up to \$5,000 and waiving governmental expenses, with the exception of school expenditures, slashed 25 per cent.
5. Jerry Sadler: Advocates increasing by 2 1/4 cents a barrel the current tax on oil, raising to \$1.25 a ton the sulphur tax and placing a levy of one cent per 1,000 cubic feet on natural gas at the mouth of the well. Opposes sales tax.
6. Arion B. "Cyclone" Davis: Favors an "all-inclusive natural resource and equitable processing tax to discharge the cost of state government and its constitutionality provided but sadly neglected social security obligations."

Subject of considerable discussion in the campaign has been the growing deficit in the general revenue fund. It now amounts to \$22,000,000. In addition to those who want new taxes to retire the deficit, some observers believe the deficit could be

retired within 10 years after 1943 when liquidation of state relief bonds will release a flow of \$2,700,000 annually.

Still others contend a deficit is a good thing to have hanging over governmental heads to keep down spending.

Figures show the state is spending about \$5,500,000 a year more than it is getting from taxes.

Although the over-all balance in the treasury, despite the general revenue fund deficit, is nearly \$10,000,000, the funds are earmarked for special purposes and unavailable to abolish the deficit.

The state ad valorem tax rate, now at its constitutional maximum, is 77 cents on the \$100 valuation of which 35 cents goes to the general revenue fund, 35 to the public school fund and seven to Confederate veteran pensions.

State government costs approximate \$170,000,000 a year, and are growing.

## Argentina 'Holdout' Against Taking Over European Colonies

By J. C. STARK  
 HAVANA, July 26 (AP)—Argentina was a "holdout" today against proposals before the conference of the 21 American republics for Pan American trusteeship over European possessions in the western hemisphere.

The southern nation took a determined stand against any general commitments or immediate measures, asserting it was impossible to delegate powers in anticipation of "hypothetical" situations.

Instead, Argentina recommended use of regular diplomatic channels for consultation and rapid application of measures which might be required for defense of the Americas in any situation that might arise.

Leopoldo Melo, head of the Argentine delegation, declared last night the future status of the foreign possessions should be determined by the people involved, without outside pressure—even if they agreed to transfer to another non-American power—and that delegates from these possessions should be heard at the conference.

Argentina cannot countenance the application of force over American territory "even in the guise of treaties or conventions effected among the Americas," Melo said.

Whether the other nations, including the United States, would proceed without Argentina on the "collective trusteeship" idea—advanced by the United States, Brazil and other republics—appeared to depend largely on the decision of Secretary of State Cordell Hull.

An apparent factor in the Argentine decision was a desire to avoid any action which might prejudice her future trade relations

## He'll Dictate to Canada's Industry

Democratic Canada, intent on war-winning, took a leaf from the totalitarian book in giving C. D. Howe, Minister of Munitions and Supply, dictatorial power over nation's vital war industries. For duration of war he'll tell them what to make and how much.

## Boyer's Friends Here To Wind Up Senate Campaign

Commissioner Fritz Thompson, Bob Bradshaw, Driscoll Chapman, J. O. Ward and Cullen Thomas of Borger, Van W. Stewart, publisher of the Ochiltree County Herald of Perryton, Bill Boston, Sidney Jines, Bill Lance, Carl Ellis and W. B. La Masters of Perryton were in Pampa today working in behalf of the candidacy of Max Boyer for state senator.

The visitors were high in their praise for the candidate who has served ten counties of the Panhandle as representative for the past four years.

Mr. Boyer closed his speaking campaign with an address at Borger last evening. In the Borger address Boyer outlined the activities he had accomplished in behalf of industry in Hutchinson county.

Boyer reviewed his record of 100 per cent activities in an effort to logically solve the social security program of the state.

These visitors from out of town who are soliciting the vote of Gray county citizens stated that Boyer is the only candidate in the senate race who has publicly declared he "will introduce legislation to keep Gray county industry open and engaged in operation day and night, if elected to the state senate."

Boyer, they said, has met with local people and discussed the nature of legislation necessary to correct conditions as they now exist in Gray county.

## Wells Discusses Freedom At Paducah

PADUCAH, July 25—There is no price too high to pay for freedom, Deskins Wells stated in a speech here today. "Liberty cannot be reckoned in terms of dollars and cents," he declared.

Wells also spoke at Roaring Springs and Matador. Climaxing his dawn to midnight campaign, he will go to Hedley, Clarendon, Claude, Panhandle, Borger, and Pampa tomorrow. A radio speech over KGNQ, Amarillo, at 8 o'clock will close the Wellington candidate's campaign.

## Strike Threatened

MEXICO CITY, July 26 (AP)—A nationwide strike tying up all of Mexico's communication facilities was threatened today by the secretary general of the Federation of Public Employees unions if alleged irregularities in the ministry of communications were not straightened out at once.

Secretary General Francisco Patino Cruz charged Communications Minister Meliquades Angulo was blocking efforts of the department's employees to investigate evidence of missing funds and other abuses that he said involved several division heads.

with European countries, where a major part of her exports went before the war.

## Paris Again 'City Of Light'

By ROY P. PORTER  
 PARIS (Via Berlin) July 22—(Delayed)—Paris has resumed a majority of her daily occupations and her night life only six weeks after the first Nazi forces of occupation arrived.

In virtually all activities she again is becoming the "city of light," although all raid precautions still are in force. With curfew moved up from 10 to 11 p. m., restaurants, night clubs and bars are doing their usual business, swelled by German soldiers who have taken the place formerly held by tourists.

Here are a few developments which have returned the city to a way of life that is almost normal: Food supplies have improved

**Kool-Aid**  
 Makes 2 Full Quarts of DELICIOUS KOOLOID BEVERAGE!  
 FREE 3 CUT-OUTS IN EVERY PACKAGE

steadily with the co-operation of German military and French civil authorities. Prices are regulated by decree.

Communications, except for wireless and cables, are improving. Mail from the United States, sent to London by clipper, arrives in about 10 days.

Banks have reopened. Factories are paying their workers which were due before the Nazi occupation. Theaters and music halls are reopening with casts from which Jews and negroes are eliminated. Movies are running, though American pictures still are banned.

Restrictions on food and drink continue. Ordinarily no meat is available on Mondays, Tuesdays and Wednesdays. Spirits are prohibited on Tuesdays, Thursdays and Saturdays.

Magazines and newspapers are re-appearing, although most papers are one-sheet publications to economize on newsprint.

"2,000 aluminum saucepans make one airplane." This sign over a sandbagged London shelter tells the whole story. These

London schoolboys and their bulldog mascots, symbolic of British determination, seem to

be getting plenty of results, judging by their assortment of kitchen utensils.

**Dies Committee At Work In Vicinity Of Fort Worth**

FORT WORTH, July 26 (AP)—Agents of the Dies committee investigating un-American activities now are at work in the vicinities of Fort Worth and Dallas as well as north Texas, and the committee will hold hearings in both cities in connection with an alleged Communist meeting near Lake Worth May 12, Representative Martin Dies told the Star-Telegram in a telephone interview today.

The congressman who was in Beaumont Thursday, said the committee agents are checking on a sworn statement of an informer present at the meeting and the date of the hearings here and at Dallas depends entirely on their progress.

"Understand the committee is casting no reflections on Fort Worth," Dies said. "The meeting, which was attended by Homer Brooks, head of the Communist party in Texas, could have occurred anywhere."

Dies declined to give the name of the state-supported college of which the president and basketball coach were reputed to have been at the meeting.

"We haven't made any such charge," he said. "All we are doing is investigating the sworn statement of an informer, and we are not going to let any persons get hurt unless they are guilty. If they are guilty, we will say so, and if they are not guilty, we also will announce that fact."

Walter Johnson pitched one no-hit game, July 1, 1920.

**HEADS LIONS**

KARL M. SORRICK, SPRINGPORT, MICHIGAN, PRESIDENT, 1941 LIONS INTERNATIONAL.

CHICAGO, July 25 (Special)—Karl M. Sorrick of Jackson, Mich., is the new president of the International Association of Lions Clubs. He was unanimously advanced from the first vice-presidency to the presidency at the 24th annual convention of the association which closed July 25 in Havana, Cuba. Sorrick succeeds retiring president Alexander T. Wells of New York City.

The Havana convention concluded the most successful year in the history of the Lions association, according to the report made by the secretary general, Melvin Jones, for 1939-40. He reported the formation of 522 new Lions clubs and the addition of over 17,000 men to the roster of the association in the 12-month period ending June 30, 1940, which raised the total club figure to 3,817 and the membership to 137,727, by far the largest in the 23 years of Lions association existence.

In accepting the presidency, Sorrick said that the new year was already started well, and that plans had been made for a year of unusual expansion in 1940-41. He stressed the necessity of Lions supplying their communities with intelligent

**Miami Paradise For Mammal Hunters Now**

LUBBOCK, July 26 (AP)—Specimens of elephants of the Tertiary period have been found in every county of the Texas Panhandle, but prehistoric horses, camels, antelopes and rhinoceroses also lived on the high plains several million years ago.

Dr. W. C. Holden, curator of the West Texas Museum of Texas Technological college campus, says that the temperature in West Texas during the first part of the Tertiary was similar to that of the African veldt of today.

More than 20 species of mammals have been found at the Miami, Texas, fossil quarry including varieties of horses ranging from the graceful antelope-like proportions of the Hippurion to the stockier built Phlogippus, whose skeleton approaches the proportions of the modern horse. Remains of the equus scottii, last of the prehistoric horse, was proportioned like a bronco, stood about 15 hands high and had an abnormally enlarged head. It was an inhabitant of the Panhandle and a reconstructed specimen is included in the West Texas museum display.

"Animal life at this period was prolific, but disappeared entirely with the second advance of glaciers from the North," Dr. Holden says. "There were two specimens of camels, one long-necked and the other short-necked. There also were giant ground sloths and immense armadillo-like creatures measuring 15 feet in length with ornate carapaces and clubbed tails. In addition to many other forms of life there were horned rhinoceroses, giant turtles, sabre-toothed cats and even wild dogs."

In Germany, lipstick cases are made in exact facsimiles of brass cartridge cases; official patterns are copied, and "empties" are handed in at special depots.

Navajo bridge, only span across the Colorado river for 1000 miles, has a single arch 616 feet, a span of 835 feet and rises 467 feet from the surface of the water. The bridge is in Arizona.

leadership during the present world crisis.

**Yes, Indeed, Has He Seen All Texas Widows?**

GUTHRIE, Okla., July 26 (AP)—Mayor R. A. Estus received a letter from a Bullard, Tex., man who said

he would like to correspond with "a nice widow in the vicinity of your city with view to marrying."

Interested in having an honest, capable man for a husband to help with or do the work." Estus wrote back: "Have you looked over all the widows in Texas?"

During an annual pagan festival on the Isle of Cheung Chau, off the China coast, huge pillars of bread, 15 to 25 feet high, are built. Natives believe eating a piece from one of these pillars insures them

against stomach troubles for an entire year. The loaves are known as Shaan Pan.

# Fists Fly As Gold Sox Take Hectic Game

## Deciding Tilt To Be Played Here Tonight

The Pampa Oilers and Amarillo Gold Sox will close their current series here tonight with the count standing at one win and one loss for each team. Tempers and fists flew last night when the Gold Sox snapped their losing streak, at the expense of Gus Hallburg, with a 13 to 10 victory. Tonight's game will be called at 8:30 o'clock and an overflow crowd is expected to attend.

On Saturday night, at 9:15 o'clock, and on Sunday afternoon, at 3 o'clock, the Oilers will meet Gordon Neil and his Berger Gassers. The Saturday game will be a ladies-night attraction when women will be admitted on a 5-cent ticket to cover tax. Another special attraction will be the presenting of election returns, received direct from the Pampa News, when they will be gathered from all parts of the state.

Personal difficulties cropped out in the fifth inning of last night's battle after Gus Hallburg had heaved a wild one which struck Elias Tenorio on the arm. After the inning Tenorio and Hallburg pushed each other around the mound but players from both teams intervened before the fireworks started.

Montgomery-Tenorio Tangle  
But Tenorio still felt that he had been hit intentionally and when Montgomery, who had relieved Hallburg, hit Tenorio on the leg with a wild one in the eighth, Tenorio charged Montgomery. The two continued to fight until they were separated from both teams and a couple of officers got the situation under control. Neither of the belligerents were chased from the game.

Little Montgomery hurt his thumb in the melee but he stayed in the game and pitched hitless ball the rest of the way.

Although the Oilers bagged 19 hits, eight of them doubles, they were unable to send runs across the plate. Amarillo, on the other hand, made 15 hits count. Errors, however, assisted Amarillo in making five of their runs.

Seitz Hits Ball  
Manager Grover Seitz paced the Oilers attack with three singles and a double while Sam Malvica bagged three doubles on his last three trips to the plate. Ross hit two doubles and a single and Clutter came up with a double and two singles. Big Dutch Prather continued in his hitting slump, getting only one single on five times at bat.

Emmett Fullenwider led the Amarillo assault with two doubles and two singles, good enough to drive in four runs. Surratt, new right fielder, followed with three singles.

Amarillo scored in the first inning when Hallburg walked Tenorio and Duarte, uncoiled a wild pitch, and then let Surratt single. But the Oilers were hit two runs in the first on Knobles' walk and singles by Seitz and Prather. They added four in the second.

But Amarillo wasn't through as they sent nine batters to the plate in the third. Duarte singled, Fullenwider and Dorman doubled, Surratt

### TRADED

Ben Parrish, above, will be back in an Amarillo Gold Sox uniform tonight when the Pampa Oilers and the Gold Sox meet in the rubber game of their current series. And in a Pampa uniform tonight will be big "Peavine" Trantham, who has been wearing an Amarillo uniform thumping his way to Pampa. Parrish was the cause of considerable arguments, and some hard feelings, last spring when he was signed by Amarillo while thumping his way to Pampa. Parrish was the cause of considerable arguments, and some hard feelings, last spring when he was signed by Amarillo while thumping his way to Pampa. Parrish was the cause of considerable arguments, and some hard feelings, last spring when he was signed by Amarillo while thumping his way to Pampa.

## Startling White Sox Have Won Seven Games In Row

By JUDSON BAILEY  
Associated Press Sports Writer

Strange things are happening in the American league, but not the least surprising is the sudden surge of the Chicago White Sox, who have won seven games in a row. Jimmy Dykes has been something of a magician with skippy material for years, but the way he has his club cruising now rates with his best tricks, except that Jimmy hasn't done any playing himself—yet.

The Sox skidded off to a miserable start, not winning a game at home until the season was a month old, and never getting as high even as .500 in won-lost percentage until this week.

Now the sensational streak has lifted the Sox within a game of the first division and they'll have a chance to move right into the upper story if they can conquer the New York Yankees in their series this week-end. They already have played with the crumbling world champions.

The secret of the Sox success is that they are simply overpowering their opponents. They haven't made less than 11 hits in any game during their present winning string. That was their total in beating the Boston Red Sox 6-4 yesterday and it included Joe Kuhel's 18th homer, three triples and two doubles. It was the eighth consecutive defeat for Boston.

The Detroit Tigers continued their near-miraculous winning and built their American league lead back to a game and a half as the Cleveland Indians lost.

The Tigers were outbid by the Washington Senators, 9-8, but triumphed 5-2 with the help of three Washington errors.

The Indians had won five games in a row before folding in front of the Philadelphia Athletics 7-6.

New York's Yankees came out of a five-game losing streak with a wild 13-8 victory over the St. Louis Browns in a 28-hit ball game. Red Ruffing went the route for his ninth victory.

The National league program was a mere two games, with the Pittsburgh Pirates putting the New York Giants through a 2-1 wringer in one and the Chicago Cubs crushing the Boston Bees 8-4 in the other.

SURE IT'S HOT, BUT SO WHAT?

July is a hot month just about everywhere but 18-month-old Judy Ham of Decatur, Ga., adopted a "no clothes, cool drink and fan" policy to insure comfort for herself. From the contented expression and whistle one might assume that she is the happiest person in the sweltering county.

Last Execution Under Choctaw Indian Law Occurred In 1889

By A. W. NEVILLE
The last execution under authority of the Choctaw Indian law occurred 51 years ago. The event brushed Texas because the condemned man, William Goings, was confined in the Lamar county jail one night while en route to Indian Territory to be put to death by a rifle shot fired by a sheriff.

This momentary interlude in the closing chapter of a criminal episode was unimportant then. Lamar county people, at the back door of the appearance and depredations of outlaws living on borrowed time in the hills beyond Red river. But viewed from the vantage of a half century it merges with one of the markers from which man measures the evolution of his civilization.

The crime of Goings, who was a Choctaw Indian about 34, was merely one of the many homicides occurring among the motley element living in the wild eastern portion of the territory. The victim was Samson Goings, said to have been no relation of William, and occurred in 1889 during a roadside quarrel. Goings and a companion named Crosby were arrested, tried at Choctaw courthouse at Alikchi, a village north of present-day Idabel, Okla., and convicted.

They appealed and the Choctaw supreme court at Tuskahoma affirmed the verdict, but the prisoners broke jail and escaped. Crosby never was captured, dying of natural causes attributed to the hardships of evading officers. Before Goings was captured nearly three years after his escape, jurisdiction of the Indian courts over felonies had been transferred to federal courts in the Indian Territory and appeal was made to Judge Clayton, one of the three federal judges, to stop the execution. Judge Clayton heard the testimony and decided Goings, having been lawfully tried and convicted, the revocation of the authority of the Choctaw courts after he had escaped did not void the sentence that the Choctaw officers should execute him.

Communist Leader Claims Fort Worth Meeting Never Held

By WILLIAM T. RIVES
HOUSTON, July 26 (AP) — Homer Brooks, Communist party leader in Texas, asserted today the Dies committee report concerning a Communist meeting at Lake Worth (Fort Worth) was "completely manufactured."

Brooks appeared voluntarily before committee investigators in a hotel here to be subpoenaed for appearance before the Dies group at a hearing next week.

The stocky, black-haired secretary of the state party, who ran for governor two years ago, refused to divulge any information to the committee staff and asserted he desired counsel's presence when he appeared formally before the group.

At a Beaumont hearing, the Dies committee investigating un-American activities was presented information concerning an alleged meeting of Communist party leaders in a lakeside cabin near Fort Worth. The report mentioned that Brooks, in conversation with a state college student and party member, had asserted that the president and basketball coach of the institution were members of the Communist organization.

U. S. Cavalry Unit Visits In Shamrock

Special To The NEWS
SHAMROCK, July 26 — Headed by Lieutenant Carusone, detachment commander, Lieutenant Robinson, detachment officer and Lieutenant Coleman, district recruiting officer, a detachment of the United States mechanized forces visited in Shamrock from 1:30 to 4 p. m. this week.

The detachment consisted of two scout cars, four trucks with trailers, one 1 1/2-ton reconnaissance car and one 1 1/2-ton reconnaissance covered car. There were 46 enlisted men in the detachment which included the Fifth Cavalry band.

Political Theme Marks Program Of Shamrock Boosters

Special To The NEWS
SHAMROCK, July 26 — The Shamrock Boosters club was entertained at its regular monthly meeting today with a program named the "Reminiscing Democrat," in which Misses Ruth Tilley and Annaruth Darlington, accompanied by Mrs. Calot Brannon, gave a program of dialogue and songs.

PAMPA'S
LOYAL FRIEND

In the five and one half years, Harry Hines has served Texas on the Texas Highway Commission, he has been largely instrumental for many highway improvements, including the Pampa - Borger - Stinnett - Dumas road; the Pampa - McLean road; financing the Cuyler Street Underpass, and designation of the Clarendon to Turkey and the Pampa to Perryton sections of the North-South road. The Texas Highway Department has spent approximately \$700,000 on the Pampa-Borger - Stinnett - Dumas road and proposes to spend \$210,000 on the Cuyler Street Underpass and over three million dollars between Turkey and Perryton. Harry Hines has helped operate the department efficiently so that these important road improvements might be made.

The thousands of workers who were given employment on these projects, the thousands of oil field workers and others who use these highways daily should remember Harry Hines, July 27.

Harry Hines has a definite, business like, economy tax plan --- has any other gubernatorial candidate?

Common Ground By R. C. HOILES
This column contends there can be no satisfactory
program until we measure the shares of each man by
the common yardstick of the God-given equal right to
create and enjoy anything anyone else has a right
to create and enjoy.

OCEAN LITTLE PROTECTION AGAINST
SHORTSIGHTEDNESS
Our greatest danger is not from an enemy
without—our greatest danger is the shortsightedness
of the people on this side of the Atlantic
Ocean.

Correctness For The Vanquished
The Germans occupying Amsterdam seem deeply
hurt and genuinely disappointed by the attitude toward
them of the Dutch. It has happened that when German
officers entered a restaurant, for instance, all the
Dutch patrons quietly got up and left. This sort
of thing is annoying.

Welcome Home
The long and trying effort to bring home from war-
torn Europe every American whose presence there is
not urgently required is now nearing its end. More
than 21,000 Americans, by co-operation of the State
department and the U. S. Maritime commission, have
now returned to their home land.

The Nation's Press
ROOSEVELT'S NOMINATION
(New York Times)
We believe that he (Mr. Roosevelt) has searched
his mind and heart before making his decision;
that he has not accepted this nomination because
he really believes that he has been "drafted,"
when he has seemed so carefully to plan this
"draft," and could so easily have resisted it.

EXTRA TAXES' EFFECT ON WAGES
Few people realize that these extra taxes will
be felt for years to come by labor. Practically all
the new taxes and a greater part of the taxes
we have been paying for the last few decades,
are wealth that would be used in new enterprises
and improvements.

Behind The News
By BRUCE CATTON
Pampa News Washington Correspondent
WASHINGTON, July 26—Contrary to what you've
been hearing, the U. S. Army is not having a lot
of trouble getting a big batch of recruits.

ROOSEVELT'S CONSCIENCE
As one recalls Roosevelt's recent acceptance
speech, in which he declared that he is controlled
by his conscience, one also is reminded that Hitler
also is controlled by his conscience.

## Thousand Children To Leave England

NEW YORK, July 26 (AP)—A thousand British children—from poor and well-to-do homes alike—are destined to leave within the next few weeks in unconvoyed ships for the safety of the United States. The United States committee for the care of European children said a blanket authorization for the transfer had been issued by the state department upon assurance the children would not become public charges.

## Truth Will Be Topic Of Lesson

Christian Science Services  
"Truth" is the subject of the les-son-sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 28.

The golden text is: "O God, my heart is fixed; I will sing and give praise, even with my glory. . . . For Thy mercy is great above the heav-ens; and Thy truth reacheth unto the clouds" (Psalms 108:1, 4). Among the citations which com-prise the lesson-sermon is the fol-lowing from the Bible: "And it shall come to pass in the last days, that the mountain of the Lord's house shall be established in the top of the mountains, and shall be exalted above the hills; and all nations shall flow unto it. . . . And He shall judge among the nations, and shall rebuke many people; and they shall beat their swords into plowshares, and their spears into pruning hooks; nation shall not lift up sword against nation, neither shall they learn war any more" (Isaiah 2:2, 4). The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scrip-tures" by Mary Baker Eddy: "Eter-nal Truth is changing the universe. As mortals drop off their mental swaddling-clothes, thought expands into expression. 'Let there be light,' is the perpetual demand of Truth and Love, changing chaos into order and discord into the music of the spheres" (page 255).

## Civil Service Exam

The United States Civil Service commission has announced open competitive examinations for the positions listed below. Applications must be on file with the commis-sion's Washington office not later than August 22 if received from states east of Colorado, and not later than August 26, 1940, if received from Colorado and states westward. The salaries given in each case are subject to a retirement reduction of 3 1/2 per cent.

Metallurgist and metallurgical en-gineer, six grades, with salaries ranging from \$2,000 to \$5,600 a year. Applicants must have had appro-priate college education and experi-

ence in metallurgy or metallurgical engineering. For positions in the junior grades applicants must not have passed their fifty-third birthday, and for all other grades they must not have passed their sixtieth birth-day.

Assistant specialist in Navajo language, \$2,000 a year; Indian ser-vice, Department of the Interior. Ap-plicants must have had appropriate college education and must have ability to speak and understand the Navajo language. They must not have passed their fifty-third birth-day.

Full information as to the require-ments for the examinations, and ap-plication forms may be obtained from V. Darnell, secretary of the

Board of U. S. Civil Service Exam-iners, at the postoffice or custom-house in this city, or from the sec-etary of the Board of U. S. Civil Service Examiners, at any first or second class post office.

In the steel industry, a "pass" is the opening between rolls through which rolled steel travels.

# ELECT MAX BOYER SENATOR

## In The First Primary

**VOTE FOR THE MAN WHO IS PUBLICLY PLEDGED TO INTRODUCE LEGISLATION THAT WILL BENEFIT GRAY COUNTY**

**HIS SPLENDID RECORD OF CONSTRUCTIVE SERVICE TO THE PEOPLE OF THE PANHANDLE AND TO TEXAS AS A WHOLE IS PROOF THAT HE WILL MAKE AN OUTSTANDING STATE SENATOR.**

MAX BOYER has always supported legislation to repeal the 7,000 lb. weight limit law upon trucks. He is the only candidate for Senator who has proven his attitude on this subject.

MAX BOYER has been a friend of Panhandle industry and if elected Senator will fight for legislation to insure adequate gas supplies for the continuous operation of Gray county's carbon black plants.

MAX BOYER has been a co-operative member of the Texas house of representatives on the question of paying old age pensions, aid for the blind, the dependent children and teachers retirement. He will be a co-operative member of the Texas Senate.

MAX BOYER will continue to live on the North Plains at Perryton if elected State Senator and believes the time has come that the smaller counties are entitled to consideration in the matter of legislation in the State Senate.

MAX BOYER was re-elected to the House of Representatives two years ago and carried all ten-counties of the district receiving 81 percent of all votes cast. If he has satisfied the people of ten counties, MAX BOYER will satisfy the people of twenty six coun- ties.

MAX BOYER always conducts clean campaigns and the people are high in their praise of his clean conduct both in public and private life.

**ELECT MAX BOYER SENATOR IN THE FIRST PRIMARY**

(Paid for by many merchants and other citizens of Gray County who are interested in the future welfare of this county and who believe that Gray County needs Max Boyer in the State Senate.)

For Justice Of Peace, Precinct 1: L. P. GUTHRIE, E. A. VANCE

Precinct 2: D. R. HENRY, CHAS. I. HUGHES

Precinct 3: M. M. (Mack) BARGENT, E. F. YOUNG

For Constable, Precinct 1: EARL LEWIS, O. R. WASSON, J. C. (Jim) KING, JESS HATHOR, J. J. SIMMONS

## Shooting Features Jerry Sadler's Rally At Kilgore

The Texas political campaign, rivaling any of the past in interest, closes tonight and tomorrow an expected 1,000,000 votes will be cast on a long list of candidates. Included in the offices to be filled are those of a United States senator, a governor and 21 representatives to congress.

The gubernatorial race has captured the public's fancy with four men and a woman attempting to unseat Gov. W. Lee O'Daniel, seeking his second term.

The race has included such issues as how much Gov. O'Daniel's new and ornate truck cost, who used state owned boats and who has the proper tax plan to pay old age pensions.

And last night there even was a shooting, although no one was wounded except by bullet fragments. The shooting occurred at Kilgore where Jerry Sadler was holding a rally. Two men were arrested.

Gov. O'Daniel closes his campaign with talks at Station. Post, Snyder, Sweetwater, Merkel and Abilene and will be heard on the radio tonight.

Mrs. William A. Ferguson and her husband, James E. Ferguson, who finished their stump speeches at Fort Worth Wednesday night, will be heard over the radio from Temple tonight.

Ernest O. Thompson will climax speeches at Granbury, Glen Rose, Cleburne and Fort Worth with a radio talk.

Sadler said at Kilgore last night that Texas' social security program could be financed without a general sales tax and that if elected, governor he would do everything within his power to prevent passage of such a tax.

Thompson told a Corpus Christi audience that "an enlightened Texas will lay down a barrage of balanced jobs that will turn the hysterical flight of a do nothing governor into a complete rout."

O'Daniel again lashed at "professional politicians" in a speech at...

SERIAL STORY FLYING CO-ED

BY MARY KINNAVEY MOORE

Copyright, 1940, NEA Service, Inc.

ESTERDAY: The girl at the tavern calls Anne, urges her to warn Dick that Tony plans to tempt with his plane. Tony partner has talked. Anne rushes to the airport, finds two men working on the plane. As she hurries to call police, Tony sees her, knocks her unconscious.

CHAPTER XI

IT seemed to Anne Norris that she was listening to the boom of a big bass drum. It had a steady, pounding rhythm, and it was loud, ever so loud. Slowly as she struggled up through waves of unconsciousness, she realized that the drum she heard was the terrible pounding in her own head.

She felt sick and dizzy, her head ached. She wondered where she was. Somewhere that was very dark, and very cramped. She was standing up, propped up against a wall. The space was so small that it was almost impossible to move.

She started to call out, realized that a heavy cloth had been fastened in her mouth, forced between her teeth. The waves of faintness flooded over her again. In the next instant, she realized that her hands and her ankles were bound.

There was a flash of incredulous horror, then her mind seemed to clear miraculously. She knew at once what had happened. Tony and his gunman, Jumps Daley, busy at the plane, had heard her trying to slip out of the hangar. One of them had knocked her unconscious with a blow on her head, then she had been bound and gagged and put in—where was she?

As her strength returned, she heard that same low, menacing murmur of voices. Tony's whispers, Daley's muttered answers. She must still be in the hangar. Probably in a small supply closet.

She strained herself to listen to the voices outside.

"How about the dame?"

And Tony answered: "Don't worry about her, she's all right. I've got her tied up. Probably won't come to for a while anyway."

Daley's voice demanding again, "How about after-ward?"

And there was Tony's reply,

"After this guy takes off, I'll come back and get her. Don't worry, I'll take care of her all right."

Anne Norris felt again that terrible, cold paralysis of fear. After the takeoff—

THE words broke into her mind like an illuminating light. There was no one to stop Tony Scott now. No one knew of the danger save herself, and Clarice, the tavern girl. Clarice, having warned Anne, would make no further move. Tony Scott and Daley would finish their work unseen and unnoticed.

Dick would return, the plane would be wheeled out and readied, he would take off in the dark, five or ten miles perhaps, and then—

And she was here, helpless, unable to move. A sob rose to her throat.

As she stood there, sick with fear, she remembered some advice her uncle, Arnold Dwight, had once given her. "If you're ever in a tight spot, take a long breath, count five and relax. Then think what to do, and do it."

Perhaps there was still a way. She closed her eyes, counted slowly, somehow steadying herself. Then she began trying to move her hands. The ropes that held them were not tight, yet not loose enough for her to free herself. There was a knot that held them. There were a few hooks on the wall behind her, she could feel them against her back. If she could possibly reach them—

Feeling her way carefully, she worked the knot that held her wrists against one of the hooks fastened in the wall. Slowly, yet surely, she was loosening it. After moments that seemed like hours, she felt it beginning to slip. With a jerk that tore at the skin on her hands, she pulled herself free.

Free! The sense of relief that swept through her was like a sudden, clean wind! Moving swiftly and silently, still fighting back waves of faintness, still trying to ignore the painful throbbing in her head, she removed the gag from her mouth.

Her first impulse was to scream for help, but instantly she checked herself. To scream now would only be to warn Tony and Jumps Daley that she was free.

She untied her ankles, and reached cautiously for the door. It was unlocked! Her captors, believing her to be not only securely bound, but unconscious, had not taken the trouble to lock it.

She turned the knob noiselessly,

opened the door inch by inch until at last she was able to step out into the open space of the hangar.

For a moment she stood motionless, listening intently. It was harder to distinguish the voices now, she could only hear their low mutterings. Through the darkness she could see those black, menacing shapes moving about the doomed plane.

They were between her and the door. It would be impossible to slip past them, escape from the hangar and give the alarm!

The only thing to do was to remain there quietly in the shadows until the men had finished their terrible task and left. Then she could go for help, warn Dick. True, Tony and Daley might be out of reach, but they could be found again, and her evidence would convict them.

AS she stood there, congratulating herself on her escape, secure in the knowledge that she would be able to warn Dick in time, she heard a whistle in the distance. It grew nearer and louder, and in the next instant the hangar doors were pushed back and Dick entered.

There was a swift movement near the plane.

A whisper from Daley. "Hey—we're too late—that's him coming now—"

An instant's pause in which the whistling grew louder, nearer, then she heard a muffled oath from Tony Scott.

"There's still a way. Leave things to me."

She drew in a breath to call out, warn Dick of the menace that waited for him in the shadows. He was walking, all unknowing, toward the plane.

"Stick 'em up, Douglas!"

SHE must remain still, if she called out now, Tony or his gunman would shoot. Unhesitatingly, she heard Dick's voice, low and incredulous.

"What's going on here?"

As in a nightmare she heard Tony's answer. "You heard me. Put 'em up. That's better. Now start rolling out this baby and get ready to take off. No funny business now—my friend is going to keep that gun right against your ribs while you're doing it."

That was it! They would force Dick to take off in the damaged plane! Before he knew it, it would be too late. A crash—no evidence. And there was no one who could prevent disaster save herself!

All fears forgotten now, oblivious of personal danger, Anne Norris looked desperately about her for a weapon.

Surplus Gasoline Plagues Industry

By SCHUYLER ALLMAN

OKLAHOMA CITY, July 26 (AP)—Independent petroleum producers tossed about on a sea of surplus gasoline, were told today only modified federal control could save them from the shoals of top-heavy stocks and low prices.

Addressing directors of the Independent Petroleum association in emergency session here, Charles Roesser, Fort Worth, former association president, proposed a conference of oil-producing states at Washington to work out a control measure.

"We're all against the Cole bill for federal regulation of the industry," Roesser declared, "but I firmly believe we will never balance supply and demand without the aid of the federal government."

Roesser asserted the federal government could, without impairing the independence of the industry:

- 1. Require all oil-producing states to join the interstate oil compact.
2. Require the states to stay within the estimates of consumption, demand made by the federal bureau of mines.
3. Prohibit refiners sub-rosa price cutting by requiring refineries to post prices and stay with them.
4. Regulate oil imports, which he blamed for a part of the industry's present troubles.

Seated at the Washington conference, Roesser said he would be a member of the committee considering the Cole bill "because they have more data on the industry than any one else," and representatives of oil-producing states appointed by the various governors.

Members Of 'I Am' Sect Indicted

LOS ANGELES, July 26 (AP)—Twenty-four leaders of the "I Am" foundation, religious organization which assertedly teaches reincarnation and demands that its members practice sex abstinence, have been indicted on charges of fraudulent use of the mails.

A federal grand jury indictment yesterday listed 16 counts of misuse of the mails and one of conspiracy to obtain large donations on promises that members would become immortal.

The indictment charged that the defendants "broke up homes among many of the members" and encouraged divorce even where there were dependent children in teaching adherents to practice "absolute sex continence."

Most of those indicted are from Los Angeles, Chicago and Washington, D. C. Norman Neukom, the assistant U. S. attorney who presented the case

### Teeth Put In Bill To Curb Draft Dodgers

(By The Associated Press)  
 WASHINGTON, July 26—The senate military committee went to work today on methods of curbing peacetime draft dodgers under the pending conscription bill.

It studied penalty proposals which would impose five years imprisonment, and fines up to \$10,000 for any man between 18 and 65 who sought to evade compulsory military service if the measure becomes law.

Having decided to recommend passage of the Burke-Wadsworth compulsory bill in principle, the committee devoted its session yesterday to the question of job security for conscripts who would be called to the colors for a year's service.

Three amendments were agreed on to protect the civilian jobs of men in the ranks.

The first provides that any employer, now subject to the Wagner labor relations act, would be guilty of unfair labor practice if he willfully refused to reinstate a demobilized conscript. Under this section, a convicted employer could be compelled to reinstate a conscript with back pay.

A second amendment—inserted for employers engaged only in interstate commerce—holds it to be the "sense of congress" that all conscripts should be given back their old jobs.

The third concerns federal employees alone, and provides that they be restored to the payroll after their year's military training.

As these amendments were being drafted, the compulsory training legislation came in for criticism in the senate. Senator Vandenberg (R-Mich.) told his colleagues that "nothing is left except to pull the trigger." Senator Wheeler (D-Mont.) echoed his views, asserting that the bill would send the country "down the road to war."

Senator Reynolds (D-N. C.) said it was "asinine" to vote billions for defense without providing troops to man the weapons.

The army high command recreated general headquarters, the arm which directed World War field operations, to assume exclusive responsibility for training problems.

**JEFF SAYS:**  
 "How Much Is Not So Important As How Sure."

We need a fair, impartial, practical, successful and experienced man of proven ability for this one most important business office in Texas. We can't afford to experiment.

### OLIN CULBERSON

#### For Railroad Commissioner

Acquainted through more than twenty-five years practical, successful, business experience and legal training. Seven years experience with the Railroad Commission.

The Railroad Commission has no legislative nor taxing power for any purpose. Candidates can make no reliable tax pledges. Your vote and influence among friends will be thoroughly appreciated and be reflected by a common-sense, conservative, constructive, fair and impartial business administration of the Railroad Commission which regulates the entire oil industry, railroads, transportation and the utilities. On their welfare depends the welfare of Texas. We can't afford to gamble. Vote for Culberson.

### Poilus Who Aid England

**POILUS** who do not accept the French surrender as final continue the struggle against Nazis as allies of Britain. They are led by Gen. Charles de Gaulle, shown above reviewing some of French Volunteer Legion in London.

### Czechs Fight with Britain

**CZECHS**, like those pictured in camp in northern England, have not "ceased fire" on the Germans which swallowed their homeland. With France's Seventh Army until its recent surrender, this Czech Legion now fights with Britain.

### Aliens To Be Asked 15 Questions When Prints Are Taken

WASHINGTON, July 26 (AP)—Aliens probably will be asked 15 questions when they go to the post offices to register and be fingerprinted between Aug. 27 and Dec. 27.

An official familiar with the huge task of signing up 3,600,000 non-citizens said today plans virtually had been completed, but the nature of the questions would not be disclosed for several days.

It was reported, however, that there would be two or three "searching" queries intended to bring out each alien's fundamental attitude toward the United States.

Aliens under 14, to be represented by parents or legal guardians, will not be fingerprinted but must be registered.

"The completed forms will be sent to the immigration service, and the fingerprints will be sent to the federal bureau of investigation for filing in a separate alien file.

It has been estimated that there are 6,000,000 blind persons in the world, 478,500 of them being in India.

### 18 Candidates For Railroad Commission Closing Campaigns

#### Patriotic

Ben L. Martin, learning to run a drill press in New York public school, tonight. The townspeople had rounded up 2,000 watermelons, arranged to seat 5,000 people and obtained the services of the Mexia high school band to give Hardin, win or lose, a big send-off.

### Japanese Clashes With U. S. Sailors In China Settled

SHANGHAI, July 26 (AP)—A Japanese embassy spokesman declared today two recent Japanese-American incidents at Tsingtao involving United States sailors had been settled with American expressions of regret.

The first incident was a clash between United States sailors and Japanese policemen reported last Monday, which Domei, Japanese official news agency, said started when two sailors left a cafe without paying their bill.

The spokesman said the other incident occurred at a beach July 20, when an intoxicated sailor seized a 16-year-old Japanese girl who was rescued by Japanese petty officers.

Meanwhile, the Central China Daily News, organ of Wang Ching-Wei, head of the Japanese-dominated Nanking regime, reported today that Mayor Fu Siao-en had asked the American consulate to deport "without delay" six Americans whose banishment Wang recently ordered.

A similar letter regarding a British subject was sent to the British consulate.

Other pro-Wang Ching-Wei newspapers described the seven foreigners as "wicked visitors in China who are conspiring with rebels in an attempt to overthrow the Nanking government."

Daisies, one of the most recent of plant groups, include more than 11,000 species, spread all over the world.

(By The Associated Press)  
 AUSTIN, June 26—The 18-man field in the railroad commission race was up against the lick-log today as each candidate made a final bid for nomination in tomorrow's Democratic primary election.

Rivalry only by the governor's race, the scramble for the open seat on the commission has blanketed the state, involving a score of issues ranging from fair and impartial administration of conservation statutes to national defense preparation.

Some of the aspirants, confident of a first primary victory, were talking of taking the oath of office while others were sure they would land in a run-off election.

Pierce Brooks of Dallas closed his bid at an old settlers and Confederate veterans reunion at McKinney.

Clyde E. Smith of Woodville was booked for Dayton and other towns in the Houston area. He will spend Saturday at home "preparing for the run-off."

Wichita Falls was the site of a final rally for Walton D. Hood of Austin, former chief of the commission's motor transportation division.

Olin Culberson of Edna and Hillsboro, former chief of the commission's gas utilities division, wound up with two radio network broadcasts after closing his stumping tour at Greenville yesterday.

It was a homecoming rally for John Pundt of Dallas who was billed for a speech at the Fair park band shell.

Residents of Prairie Hill, hamlet on the banks of Christmas creek, prepared to honor Ross Hardin, a native son, tonight. The townspeople had rounded up 2,000 watermelons, arranged to seat 5,000 people and obtained the services of the Mexia high school band to give Hardin, win or lose, a big send-off.

In the thick of the fight, which might produce a winner or provide two finalists for a run-off, also were Bryan Patterson of Alice, Olan R. Van Zandt of Tioga, Eugene T. Smith of Austin, Errol Holt of Dallas, William H. McDonald of Austin, Charlie Linn, Jr., of League City, John Paul Jones of New London, Baker Salsbury of Amarillo, John D. Copeland, Jr., of Austin, Bailey Sheppard of Longview, Larry Mills of Dallas and O. O. Terrell of Alvin.

### Brothers Try To Pick Fight With Sadler Bus Driver

LONGVIEW, July 26 (AP)—District Attorney Fred Erisman said today he would file a charge of conspiracy to commit murder against one of two men arrested at Kilgore last night in connection with a disturbance at a political rally for Jerry Sadler, candidate for governor.

About fifteen minutes after Sadler finished speaking, and while his hand was playing a pistol was discharged into the pavement. Shell fragments struck two policemen, injuring them slightly.

Sadler was standing near the place of the disturbance.

Erisman said the two men were brothers, one from Louisiana and the other from Rusk county.

The district attorney, who had introduced Sadler, stated after an investigation that the brothers attempted to pick a fight with Gene Milner, driver of the Sadler bus.

One of the men drew a gun but a bystander knocked it from his hand, the weapon discharging as it hit the pavement, Erisman added.

"Blind as a bat," "blind as an owl," and "blind as a beetle" are common expressions; yet not one of these creatures is blind.

### IPA Asks Cut In Allowable In Oklahoma

OKLAHOMA CITY, July 26 (AP)—The oil industry watched Oklahoma today for a hint as to whether state regulatory bodies would heed the plea of directors of the Independent Petroleum association to slash August allowables 10 per cent below market demand estimates.

Purchasers of state crude met with corporation commission officials less than one day after the association's board met in emergency session and proposed the stop-gap cut to ease the market burden of huge gasoline and oil surpluses.

Chairman Reford Bond of the commission reported purchasers sounded out in advance of the allowable hearing were ready to conform to the federal bureau's estimates or to make slight reductions.

"If all the states would follow suit," Bond said, "I believe Oklahoma could reduce 10 per cent without materially affecting the producers."

"But Oklahoma can't afford to make a reduction and have the rest of the states out of line. We would lose a part of the market for our crude."

He admitted, however, that the I. P. A. recommendation yesterday to ask the Interstate Oil compact to urge all compacting states to make cuts in August might influence purchase nominations today.

Oklahoma, operating on a 90-day order, now is following the Bureau of Mines' estimate of market demand with an allowable of 408,100 barrels daily. The August estimate, however, is 402,600 barrels.

Biggest producer of them all, Texas, will hold its allowable hearing August 1 and will feature the appearance of Harry Sinclair, whose arrangement with the Mexican government to import some of its expropriated oil struck sparks of I. P. A. criticism yesterday.

Chief Small, Amarillo, Tex., expert on Texas proration laws, told the directors to go slow on their criticism of Sinclair, however, and asserted the oil magnate was going to Texas "to discuss some of the things you have been talking about here."

The I. P. A. directors side-stepped a startling proposal by their former president, Charles Roeser, Fort Worth, to accept a modified form of federal control to force oil state cooperation with the Interstate Compact, prohibit price-cutting, regulate imports.

Instead they proposed the August production slashes and a long-term study of over-production, import and export problems.

### Alfalfa Bill Goes To Chicago, Finds Meeting Postponed

KANSAS CITY, July 26 (AP)—Because his old friend, former Sen. James A. Reed of Missouri, failed to notify him a meeting of Jeffersonian Democrats had been postponed, William H. (Alfalfa Bill) Murray made a fruitless trip to Chicago.

"Jim Reed kinda pulled a trick on me there," said Murray, en route home to Oklahoma, where he once was Democratic governor. "Cousin Cleo (Murray) and me went up to Chicago to sit in on that anti-third term meeting and it wasn't until we got there that we read a newspaper found out the meeting had been called off."

He predicted "that man Roosevelt won't get elected again."
