Death is the golden key that opens the palace of eternity.—Milton.

FDR Sets Oct. 16 As Registration Day

GERMAN SHELLS FALL IN DOVER STRAITS

16,500,000 Men Subject To Draft Act

75,000 Will Go Into Uniform In First Contingent

WASHINGTON, Sept. 16 (AP)—President Roosevelt signed into law today the new first year time draft bill and immediately issued a proclamation requiring the registration October 16 of 16,500,000 men 21 through 35 years old.

The President signed the historic measure at 2:08 p. m., Central Standard Time, in the long rectangular white house cabinet room in the presence of Chairman Sheppard (D-Tex.) and May (D-Ky.) of the Senate and House Military committees and Secretary of War Stimson and General George C. Marshall, army chief of staff.

In a statement issued at the time of the signing the President said that "America has adopted selective service in time of peace, and in doing so, has broadened and enriched our basic concept of citizenship."

"Beside the clear democratic ideals of equal rights, equal privileges and equal opportunities," the President said, "We have set forth the underlying other duties, obligations and responsibilities of equal service."

"In thus providing for national defense, we have not carried a new and uncharted trail in the history of our democratic institutions. On the contrary, we have merely reasserted an old and accepted principle of democratic government."

"The military service of the self-armed citizenry with the obligation of military service incumbent upon every free man, has its root in the old common law," the chief executive continued.

"It was brought to the continent by our forefathers. It was an accepted institution in colonial days. At the time of the adoption of the federal constitution, nine of the thirteen states explicitly provided for the universal service in their basic laws."

In his proclamation Mr. Roosevelt called upon "the governors of the several states and the board of commissioners of the District of Columbia to provide suitable and sufficient places of registration within their respective jurisdictions and to provide suitable and necessary registration boards to effect such registration."

"The time and places of registration in Alaska, Hawaii and Puerto Rico will be fixed in subsequent proclamations," Mr. Roosevelt said.

In addition to the district and state officials, he also called upon "all local election officials and other patriotic citizens to offer their services as members of the boards of registration."

"In order that there may be full cooperation in carrying into effect the purposes of said act," the proclamation declared, "I urge all employers and government agencies of all kinds—federal, state and local—to give those under their charge sufficient time off in which to fulfill the obligation of registration incumbent on them under the said act."

WASHINGTON, Sept. 16 (AP)—President Roosevelt signed today the peacetime draft bill making 16,500,000 men 21 through 35 years of age subject to military service.

The first contingent of 75,000 to be called up under the measure will go into uniform about a month after the 16,500,000 are registered. Subsequent quotas will be called in blocks of 100,000 or 125,000 to a total of 400,000 about January 1, and 900,000 in the spring of 1941.

\$500 Estimated As Carnival Receipts

Pampa Lions were deep in book-keeping today, adding up the proceeds of their annual charity circus and figuring the bills.

Net proceeds have not been determined, Joe Burrow, Lions president, said at noon, but he estimated the total at \$500.

The money goes into the club's fund to buy glasses, secure medical treatment, and do other work to benefit children.

Italians Push 25 Miles Into Egypt

CAIRO, Sept. 16 (AP)—The British acknowledged today that Italian columns, heavily bombarded from the air and running into a constant stream of fire from British armored cars, had pushed 25 miles into Egypt to the village of Buqbuq, on the coastal road.

Tanks, armored cars and motorcycle units protected by bombing and fighting planes are leading Marshal Rudolfo Graziani's forces, which have been advancing across the burning sands of the western desert since Saturday, the British said.

So far, they declared, little resistance has been permitted to advance over "no man's land" with the British concentrating on inflicting casualties and smashing motor transport units. Native Libyan troops were said to be bearing the brunt of the British guerrilla warfare.

The Italian troops knifed down a Mediterranean coastal road yesterday and occupied desert villages including Bir Nuh, seven miles south of Solluh, a port near the Egyptian-Libyan frontier, which, with the British-abandoned village of Musaid, was taken over by the Fascist force Saturday night.

The RAF said its attacks were "successful" and that moving troops had been bombed, great damage inflicted on expeditionary equipment and many fires started in Italian-held territory.

The British discounted the early success, saying that the occupation of desert wastes.

There was speculation whether the Italian thrust really constituted the first step of a general offensive or merely was another local operation.

Many expressed the view it was designed merely to hold the frontier and prevent continued British raids, which have resulted in the capture of many Italian soldiers, including one general.

Cairo remained calm. Egyptians hope the city will be spared bombardment, as an open city, and as a holy place to Moslems. Only a partial blackout exists. Alexandria, however, has a complete blackout, since the British fleet is moored there and the city has been bombed several times.

Youssef Farouk appealed to all Moslems for a collective prayer of peace for Egypt, a country with which Italy is not formally at war.

Egyptian newspapers published long articles on "why the invasion movement will succeed." They all declared Egypt would fight if attacked.

Political Leaders Begin Arriving For Willkie Visit

AMARILLO, Sept. 16 (AP)—Political leaders began arriving today for tomorrow's visit of Wendell Willkie, the only scheduled appearance of the G. O. P. candidate in Texas on his swing around the country.

Among those who checked in before noon was Mike Hogg of Houston, leader of the Texas no-third term movement, who will introduce the candidate at Ellwood park tomorrow morning.

Newspapermen from all over the southwest were converging on Amarillo. Indications are that a crowd well over 50,000 will greet the Republican standard bearer when he and Mrs. Willkie ride down Polk street from the railroad station to the park.

No official intimation of what Willkie will stress in his speech here has been given, but hints from the special train are to the effect that he will take up the third term issue here.

The train will arrive on the Rock Island at 10:30 a. m., and depart at noon on the Santa Fe for Clovis and Albuquerque, N. M. The parade will be headed by the official band for the event, the 75-piece Amarillo High school organization. Twelve visiting bands from over the plains territory will be stationed along the route of the procession.

Mayor Ross D. Rogers will greet the crowd at the park. Charles Kefauver, local Willkie Democratic leader, will introduce Hogg, who then will present the candidate.

The speech will be broadcast, beginning at 11 a. m., by the Lone Star chain and Texas Quality network.

Chavez Takes Slight Lead Over Dempsey

ALBUQUERQUE, N. M., Sept. 16.—United States Senator Dennis Chavez, trailing in Saturday's bitterly-waged Democratic primary senatorial race, forged into the lead over Rep. John J. Dempsey today on the basis of late returns from northern Spanish-American counties.

Amended unofficial returns from all but about 100 of the 914 voting precincts overcame the slender lead held by Dempsey since counting started Saturday night, and put the senator out in front by a handful of ballots from a total Democratic count of about 85,000 votes to this point.

The count: 787 voting divisions, Chavez 42,371, Dempsey 41,926. Tabulation from amended returns from 770 of the state's 914 voting divisions gave Dempsey a majority of 72, representing all that was left of his early high of 8,000 majority.

The vote gave Dempsey 42,000, Chavez 41,834. With 144 voting divisions yet to report, most of them Chavez strongholds, prospects for a final Chavez victory somewhere within 2,000 votes was being forecast in political camps. This, however, was only political conjecture and yet to be borne out by returns.

Otherwise, major party battles went largely according to expectation. Governor John E. Miles made a

Texan Elected House Speaker

WASHINGTON, Sept. 16 (AP)—Sam Rayburn, 58-year old Texas Democrat, was elected speaker of the house of representatives by acclamation today while the body of his predecessor, the late William B. Bankhead of Alabama, lay in state at the foot of the house rostrum.

Members of a Democratic conference held just before the election there was no discussion regarding filling the majority leadership which Rayburn is vacating and some expressed belief nothing would be done about it immediately.

Rep. Boland of Pennsylvania, a Democratic whip, told newsmen, however, he would be a candidate for the floor leadership and expressed opinion the party should caucus soon after the funeral to decide the matter.

Tennessee's Democratic representative in congress decided today to support Rep. Jerry Cooper, dean of the delegation, for majority leader.

Bill Mack Parks Enters Air Corps

SANTA MARIA, Calif., Sept. 16.—Flying Cadet Bill Mack Parks of Pampa, entered Hancock College of Aeronautics at Santa Maria today for the elementary course in military flight training.

After 30 weeks of intensive training under the Air Corps expansion program he may win his wings as a second lieutenant in the Air Corps Reserve and fly the latest type of military airplane.

Training is divided into three phases of ten weeks each—elementary, basic, and advanced. Elementary training is conducted by civilian flying schools under contract with the government. Flying Cadets who exhibit proficiency are transferred to basic and advanced schools of the air corps.

While in training flying cadets receive \$75 per month plus liberal allowances for rations and quarters. Upon receiving their commissions they may secure pay and allowances of approximately \$245 per month while on active duty.

This Boy Knew Why He Came To School

CLAIRENDON, Sept. 16 (AP)—Modern methods in teaching were disapproved by 6-year-old Guy Alden Wright on his first day at school. After sitting through song or two and showing boredom at a kindergarten tale, he arose and taking his teacher by the hand, asked, "When do we start teaching?"

WHY? . . . A PROBLEM FOR THE FBI

"Brother, when that stuff lets loose, it's something you can't explain." This eyewitness description of explosion at Hercules Powder Co. munitions

plant at Kenil, N. J., says in words what photo above says pictorially. Pictured day following unexplained blasts, reminiscent of the Black Tom explosion of World War days, the

still smoldering ruins, some completely leveled, testify to force of explosion which killed some two score, injured over 150 others, and shattered windows for 50 miles around.

British Claim 185 Nazi Planes Downed

(By The Associated Press) LONDON, Sept. 16.—Detonation of artillery shells, lifted across 22 miles of the English channel, shook Dover today and German bombers repeatedly stabbed at the London area as Britain tensely awaited the next strategy of Adolf Hitler, which may be an attempt to invade this fortified island.

Machine-gun fire high over London's streets and the rattle of shrapnel and roofs told of a big air battle during the fourth air raid alarm of the day.

Nothing happened in the first three alarms, but bombs were heard in the east during the fourth, sounded at 2:10 p. m. (7:10 p. m. C. S. T.), and anti-aircraft guns put up a heavy barrage.

Eleven persons were injured in the shelling of Dover. The big German shells fell in Dover streets crowded with shoppers as correspondents in the "invasion corner" of Britain continued to report movements of many German troop carriers, of all shapes and sizes, close along the French and Belgian coasts under cover of night and mist.

It was understood that the German guns were replying to a bombardment of the French coast by British long range guns which fired about two dozen shells across the channel.

For the first time in weeks heavy rainfall partly shrouded the activities at Hitler's bases across the channel.

During the first alarm in London a large formation of bombers was encountered inland by British fighters, who tuned it back.

The morning thrush followed a nine and a half hour night attack and a series of Sunday mass raids in which the British claimed their greatest air victory of any single day of the war—185 German planes shot down on British soil.

Interposed in the long night attack was a half-hour "silent" raid in which large numbers of time bombs or duds were dropped on London without exploding.

The government acknowledged that many buildings in London had been damaged during the day-to-day raid.

The British said they lost only 25 of their own fighters, and declared pilots of 12 of these were safe.

Willkie Sees Totalitarianism If FDR Wins

COFFEYVILLE, Kas., Sept. 16 (AP)—Asserting that the "battle of America" is in progress, Wendell L. Willkie contended today that President Roosevelt's reelection would bring totalitarian government to the United States before the third term ended.

The Republican presidential nominee, speaking in the city where he taught high school history in 1913-14, accused the administration of materially assisting Hitler "in his aggressive plans."

"First, I charge that his influence has weakened, rather than strengthened, democracy throughout the world."

"And secondly, I charge that here in America he has strained our democratic institutions to the breaking point."

"If, because of some fine speeches about humanity, you return this administration to office, you will be serving under an American totalitarianism."

See WILLKIE, Page 5

Legionnaires Urge Law To Curb Traitors

Congress will be bombarded this week with mail and telegraphic appeals from officials and citizens of the Texas Panhandle.

These appeals will ask the congress to remain in session until proper and adequate laws are enacted to defend the nation from enemies within.

At its meeting Sunday officials of the 18th district American Legion department adopted a resolution, copies of which were sent on to congress today.

The resolution asks that naturalization laws be tightened so citizenship will not be so easy to obtain, that immigration laws be tightened so American jobs can be retained by American citizens; that laws governing deportation of aliens be made more definite, rigid and enforceable; that aliens convicted of espionage, sabotage, traffic in narcotics, narcotic addiction, or advocating any change in our form of government should be deported immediately; that the Communist party or any other political party which receives support from foreign sources be immediately outlawed, and that it should be made a penal offense for a citizen to advocate change in our form of government by force, fraud or violence.

A committee composed of Lou

Hull Says Willkie 'Grossly Ignorant'

WASHINGTON, Sept. 16 (AP)—Secretary Hull accused Wendell Willkie today of being "grossly ignorant" of the history of the last few years" in placing upon President Roosevelt responsibility for the fate of Czechoslovakia at Munich.

The Republican presidential nominee charged in a speech in Illinois Saturday that Mr. Roosevelt helped to promote the Munich pact and urged a settlement which "sold Czechoslovakia down the river."

In a statement, the administration's chief official on foreign affairs declared "The assertions which Mr. Willkie made are untrue and make it evident he is grossly ignorant of the history of the last few years."

Referring to Willkie's assertion that President Roosevelt "telephoned Hitler and Mussolini and urged them to sell Czechoslovakia down the river at Munich," Hull said:

"The President has never communicated by telephone with either Premier Mussolini or Chancellor Hitler."

British Celebrate Great Air Victory

(By The Associated Press) Germany's Reichs Marshal Hermann Wilhelm Goering, personally directing the aerial assault on London, was disclosed today to have flown over the bomb-scarred British capital at the controls of a Junkers bombing plane.

In some quarters, it was believed possible the creator and commander of the German air force was making a final check-up before the "zero hour" of a land invasion attempt.

Authorized Nazis in Berlin, said Goering, after flying over London last night, commented that his Nazi Luftwaffe had proven decisive in the German campaigns against Poland and Norway and that it would "play a similarly decisive role in the war with England."

German and British long-range guns duelled across the channel this morning, with Nazi artillery sending tons of shells screaming into the Dover area—invasion gateway to London—while British guns fired a salvo of about 24 shells at German bases on the French coast.

Amid these developments, Britons celebrated what they called the greatest air victory since the battle of Britain began.

An official London communique said RAF fighters and anti-aircraft guns shot down 185 Nazi warplanes in yesterday's flaming sky battles—the biggest single day's "bag" of the war. Only 25 British planes were reported lost, but reports said 12 pilots were safe.

Hitler's "Big Berthas" opened up a cross-channel assault at 11 a. m. (4 a. m. C. S. T.), raining shells into Dover's streets crowded with shoppers. The civilian population fled to shelters as four salvoes arrived within 10 minutes.

Correspondents in English coastal towns reported German troop carriers of every description were stealing along the French coast. A ghostly mist hung over the channel waters, and it was feared Hitler might take advantage of the weather to sneak a troop landing venture.

Eleven persons were wounded in the shelling of Dover. A big air battle raged high over London, meanwhile, as the capital experienced its fourth air-raid alarm of the day. Shrapnel rattled like hail on the city's rooftops and batteries of "Archies"—anti-aircraft guns—set up a terrific barrage.

London's weary underground, emerging from their underground shelters after a nine and one-half hour night attack, underwent three earlier air raid alarms, the first at 9:57 a. m., less than four hours after the end of the night-long alarm.

The Germans apparently were attacking the empty capital now on a "wave an hour" schedule. Earlier, a large formation of Nazi planes was reported beaten off in an attempt to cross the southeast coast.

On the burning sands of Egypt—lost neutral though bound to England by military ties—fierce guerrilla warfare raged between British and Italian troops and motor columns, but it was still unclear whether Italy has started a drive to conquer the ancient land of the Pharaohs.

Reports from Rome said Italian troops under Marshal Rudolfo Graziani had pierced the first major line of British permanent fortifications facing the Italian Libyan frontier.

Graziani's army was described as advancing steadily after destroying 50 tanks and armored cars and inflicting heavy losses on British troops.

The British line was pictured as stretching from the Mediterranean coast at Salum—already reported fallen to the Italian invaders—south to Sidi Omar.

Authoritative Fascists, however, insisted that Italy continued to maintain "a sincere feeling of friendship for the Egyptian people."

Indications that Spain might soon enter the war on the side of Germany and Italy were seen in the arrival of Ramon Serrano Suner, brother-in-law of General Francisco Franco of Spain, for conferences with Adolf Hitler in Berlin.

Significantly, he was welcomed by Hitler's No. 1 diplomatic strategist, Foreign Minister Joachim Von Ribbentrop. The Italian charge d'affaires also met him at the station.

London quarters immediately declared the visit appeared ominous in view of Italian pressure for permission to allow axis troops to pass

VFW Offers Services For Defense Work

Delegates attending the meeting of the ninth district, Veterans of Foreign Wars and Auxiliary, yesterday in Borger unanimously adopted a resolution offering services of posts to the war department for national defense work.

The delegates voted to notify the war department that posts in the district, composed of true Americans, offer their services in any manner, at the will of the government, in connection with National defense.

Forty-five delegates from posts in the district and 35 delegates from auxiliaries attended the meeting. E. J. Kenney of Pampa, district commander, presided at the VFW meeting, and Mrs. Kenney, district president, presided at the auxiliary meeting.

W. S. Birge of Amarillo gave a talk on national defense, stressing the point that a feeling of security is not enough. Judge E. C. Nelson of Amarillo spoke on Americanism in which he declared that all true Americans should start battling un-American activities. A report on the National encampment at Los Angeles was made by Tom Carter of Lubbock, department commander.

During the report on activities, W. S. Birge revealed that there are now 300 VFW highway markers on the VFW Memorial highway in Texas. The highway enters Texas at Texline and passes through Dalhart, Amarillo, San Antonio, Orange to the Louisiana line.

Delegates were entertained by the Borger drum and bugle corps and members of the Junior Legion. A chicken dinner was served at noon.

Among those present from Pampa were Mr. and Mrs. Kenney, Mr. and Mrs. B. S. Via, Mr. and Mrs. Lee Franks, Mr. and Mrs. John Bradley, Mr. and Mrs. Jack Reddell, and Mr. and Mrs. A. G. Gumme.

Goering Flies Over London Last Night

BERLIN, Sept. 16 (AP)—Reichsmarshal Hermann Wilhelm Goering last night flew over London at the controls of a Junkers plane, authorized German sources declared today.

Goering's plane, a JU-88, was accompanied only by two destroyer planes, the informants declared.

Returning to his air forces headquarters in an unnamed village in Normandy, northwestern France, Goering was quoted as saying: "I am glad I made my air force such a strong weapon."

Killed in Wreck SEYMOUR, Sept. 16 (AP)—Weldon St. Clair, 28, of Seymour was killed last night when the automobile in which he was riding overturned six miles west of here.

"The President has never communicated by telephone with either Premier Mussolini or Chancellor Hitler."

"All the President has ever urged upon the nations involved has been in accordance with the provisions of the Kellogg pact which provides for pacific solution of controversies as they arise."

"In September, 1938, he specifically urged in messages made public immediately that a peaceful solution be found through negotiations in which all the nations involved would be represented, including Czechoslovakia and that such negotiations be undertaken by all nations on an equal basis with none of them under the threat of aggression."

Referring to Willkie's assertion that President Roosevelt "telephoned Hitler and Mussolini and urged them to sell Czechoslovakia down the river at Munich," Hull said:

"The President has never communicated by telephone with either Premier Mussolini or Chancellor Hitler."

"All the President has ever urged upon the nations involved has been in accordance with the provisions of the Kellogg pact which provides for pacific solution of controversies as they arise."

Congratulations— Mr. and Mrs. Joe Vincent are the parents of a daughter, weighing 7 pounds, 2 ounces, born at Pampa — Jarratt hospital. She has been named Nancy Sue.

Mr. and Mrs. Harry Koop are the parents of a son, born at Pampa — Jarratt hospital. He weighed nine pounds and was named Jerry John.

I Saw . . .

A garbage truck going down Tuke street at a fast clip with trash and stuff in the truck bed blowing to beat it. When the driver discovered the breeze he stopped and called the fire department and a fire truck put out the breeze. It caught on fire when some trash which had been burning was emptied into the truck.

Miss Horlene Howse Of Oklahoma City Becomes Bride Of Tom Rose, Jr.

Pair To Be At Home In Pampa Following Trip

Miss Horlene Howse of Oklahoma City became the bride of Thomas Everett Rose, Jr., Pampa, Saturday afternoon in Crown Heights Methodist church of Oklahoma City in the presence of a large number of friends and relatives.

The ceremony was performed by Rev. Alfred Freeman, pastor of the church; following a program of pre-nuptial music, which included "Ah Sweet Mystery of Life" (Herbert) and "Liebestraum" (Liszt). These selections were sung by Miss Martha Hodges, accompanied by her sister, Miss Frances Hodges, both of El Reno.

Peach-colored gladioli in tall pedestal baskets and palms and ferns decorated the church which was lighted by many candles in seven-branch floor candelabra.

"The Bridal Chorus" from "Lohengrin" (Wagner) was played for the entrance of the bride party, the ushers, Dick Fentress and John Doolin, Alva, preceding the maid-of-honor, Miss Melba Hudson, Norman, Mendelsohn's "Wedding March" was used for the recessional.

Miss Hudson was in dusty-rose slipper satin fashioned with a basque and short puffed sleeves. She carried thurium lilies and wore a lily in her hair.

Rex Rose, Pampa, served as best man for his brother.

Entering with her father, Horace Bishop Howse, who gave her in marriage, the bride wore off-white slipper satin made with a train, long sleeves and fitted basque. Her veil of illusion was fingertip in length and her headress was a halo of pleated illusion with orange blossom trimming.

She carried a white prayer book with orchids and a shower of valley lilies.

A reception followed the service at the home of the bride's aunt, Mrs. Jeff G. Goodner and Mr. Goodner, 710 Hill avenue.

The bride's mother was in black with beaded belt in pastel shades. She wore a small black hat and corsage of gardenias. Mrs. Rose, Sr., chose ruby-red velvet for her son's wedding. Her corsage also was of gardenias.

A FEATHER IN HER CAP

THE American Indian motif appears frequently in the fashion picture these days. Eve Tartar, designer, who believes that American milliners have too long neglected American history as a source of inspiration, created this bonnet, which, oddly enough, combines Indian and Scottish ideas. It's a Glangarry cap in black felt, with Indian feathers and embroidery used for trimming.

of gardenias. Coral beads trimmed the black dress worn by Mrs. Goodner.

Multi-colored autumn flowers decorated the Goodner home and also the bride's table centered with a three-tiered cake, at which Miss Bertha Hubbard, Perkins, presided. Miss Sarah Wallace and Miss Dorothy Jane Dustin were in charge of the punch bowl.

Mr. and Mrs. Rose left on a honeymoon trip to the Ozarks, Lake Tawakoni, Mo., St. Louis and Kansas City. For travel Mrs. Rose selected a black suit and black velvet off-the-face hat. Her corsage was of orchids. They will establish their home in Pampa.

Out-of-town guests included Mr. and Mrs. Tom Rose, Sr., Mr. and Mrs. B. W. Rose, Rex Rose, and Miss Maxine Wheatley, all of Pampa; Mr. and Mrs. E. L. Turner, and Dr. and Mrs. J. H. Wallace, all of Borger; Miss Martha and Miss Frances Hodges, both of El Reno, and Miss Hudson, Norman.

Mrs. Rose attended the University of Oklahoma and is a member of Delta Delta Delta sorority. Mr. Rose was graduated from Pampa High school, attended Kemper Military academy, Booneville, Mo., and is a graduate of the University of Oklahoma. He is a member of Phi Gamma Delta fraternity.

He will be associated with his father in the Rose Motor company here.

Double Shower Given By Fidelis Class For Pair

A shower was given recently as a courtesy to Mrs. D. D. Robbins and Mrs. Ray Baskett of Amarillo, in the home of Mrs. J. M. Cole. Mrs. Robbins was honored with a pink and blue shower and Mrs. Baskett with a handkerchief shower by the Fidelis class of Central Baptist church.

Mrs. F. E. Matheny, Mrs. Mark Gunnels, and Mrs. Chester Maples were hostesses.

After the gifts were opened, refreshments were served.

Attending were Mmes. J. J. Broom, D. D. Robbins, E. E. Pirrin, W. O. Smith, Harold Van Virgil Groves, J. M. Call, F. E. Matheny, D. D. Johnson, Roy Burch, Glen Timmons, L. H. Hunter, A. L. Aubuchon, Mark Gunnels, and Chester Maples.

Sending gifts were Mmes. L. L. Hutsell, Durbin, T. D. Sumrall, and Summers.

Low Arrangements For Dinner Tables Will Be Exhibited

Included in the exhibits at the annual flower show of the Pampa Garden club next Friday in the city club rooms will be low arrangements for luncheon and dinner tables.

The container should be one-third the height of the tallest part of the arrangement and if fewer than a dozen flowers are used, an uneven number is more effective. These centerpieces should be not more than 14 inches high.

The flowers should be cut the night before the show. A long, clean slanting cut keeps the flowers from resting flat on the bottom of the container and permits the flow of water to the tissues.

As soon as flowers are cut, plunge them up to their necks into cold water. Strip off all leaves not needed to make the bouquet, attractive and leave in a cool place overnight.

Some flowers, those with gummy or milky juices in their stems, such as the poppy, dahlia, hollyhock, waterlily, and magnolia, need their stems sealed at the time of cutting. To do this, either burn the tip of the stem with a flame or plunge an inch and a half of the stem into boiling water for one-half minute. Flowers are at their best when two-thirds open.

Deep, old-fashioned crocks look at home on porch or terrace floors when filled with cattails and gold, oronod, or masses of daisies, or summer shrub such as buddleia.

Dark corners may be brightened by a colorful arrangement of tall flowers in a floor vase. Or one of these might be placed on each side of a doorway. One such arrangement seen recently consisted of gladioli with a silver filler used sparingly, the sword-like leaves of the flower forming a background.

Dark corners may be brightened by a colorful arrangement of tall flowers in a floor vase. Or one of these might be placed on each side of a doorway. One such arrangement seen recently consisted of gladioli with a silver filler used sparingly, the sword-like leaves of the flower forming a background.

Couple Returns After Marriage In New Mexico

Mr. and Mrs. W. H. Moore have returned from a wedding trip to Clovis, N.M., and Portales following their marriage on September 9 in the home of the Baptist minister at Portales, New Mexico. Mrs. Moore is the former Miss Lucille Frawley.

Accompanying the couple at the ceremony were Mr. and Mrs. John Davidson, uncle and aunt of the bride.

The bride was graduated from high school at Floyd, New Mexico. The couple is at home in Pampa where Mr. Moore owns the Pig Hip cafe.

Tenth Birthday Of Betty Jo Huston Observed Recently

Betty Jo Huston celebrated her tenth birthday with a party recently.

The afternoon was spent in playing games and refreshments of ice cream and cake were served to the guests.

Attending were Betty Lou Prewitt, Wanda Lois Prewitt, Ola Mae Smith, Merdella Roberts, Patty Ann Mullanax, Mary Jo White, Tommy White, Mrs. J. T. Prewitt, Mrs. D. A. Huston, and Mrs. W. F. Mullanax.

Plans Made For Cooking School To Be Held Soon

The Pampa News will present the outstanding home event of the year when Mrs. Arreva D. French rings up the curtain on the cooking school Sept. 30 and October 1 and 2 in this city at the LaNora theater.

Every woman in the Pampa area should avail herself of this cordial welcome to attend the free lectures which will reveal numerous kitchen tricks new to every housewife. And the men, too, are invited to attend this kitchen revue.

Mrs. French, long known to Southern women as an expert of culinary art, will present an entertaining series of lectures and demonstrations on the art of home-making, along with the preparation of dishes out of the ordinary.

In this parade of the preparation of foods, women will gain full mastery of the art needed in the kitchen today. Based on economy and utility, Mrs. French will divulge secrets gained over years of study in this particular phase of the arts. The saving the housewife will be able to accomplish by attending the school, with its new streamlined scientific ideas, will pay big dividends on the time spent there. How to use leftovers, how to purchase in a scientific manner, how to get the most out of a minimum of food; these are but a few of the features that will unfold from the completely equipped stage of the cooking school.

In the entertaining presentation of these informative lectures, many tips will be passed on to women who wish to lighten their everyday tasks. Labor saving devices, efficient equipment, and new tricks in preparation, will be given in their full array of helpful characteristics. Plans now to attend every session of the cooking school which will be presented as a public service feature of the Pampa News.

Pre-Nuptial Shower Given As Courtesy To Miss Looman

Special To The NEWS
BORGER, Sept. 16—Miss Margaret Looman, daughter of Mr. and Mrs. F. C. Looman of Borger, who is the bride-elect of Coleman Williams of Clovis, was honored at a tea and pre-nuptial shower recently in the home of Mrs. F. H. Alexander with Mrs. Leo Maloney as co-hostess.

The house was decorated with bouquets of garden flowers. The tea table was covered with a handkerchief and over pale blue with a centerpiece of asters.

Mrs. V. V. Harrah and Mrs. Dick Allen presided, and Mrs. Myron Gillman presided at the guest book.

Registering were Mmes. R. L. Pond, E. S. Gaston, G. A. Lewis, Vernie A. Oglevie, John E. Collins, Dick Allen, J. C. Dixon, Joe Hamilton, A. A. Bullard, Clayton Teague, Carl Webb, C. J. Dennis, I. E. Edwards, J. F. Crow, Merle Newby, J. W. Sumlers, George Kirven, Wayne Wheeler, E. L. Burton, J. F. Brown, L. A. Satterwhite, E. S. Brock, E. M. Taylor, Charles Beattie, E. A. Davis, J. M. Dillard, Roy Killingsworth, V. V. Harrah, J. C. Looman, Wallace Nelson, Myron Gillman, Misses Helen Looman and Oleta Pond.

Outdoor Breakfast Entertains Home Progress Club

Special To The NEWS
MIAMI, Sept. 16—Home Progress club of Miami began its year's program of work, Thursday morning with an outdoor breakfast on the lawn at Mrs. C. P. Pursey's home. After the picnic breakfast, cooked in the open, was served, the real books were distributed. A "Choose Your Own" type of program will be featured for the coming year, with book reviews prevailing.

Those present were Mmes. W. L. Russell, J. B. Saul, J. K. McKenzie, C. T. Locke, Harvey Landrum, A. L. Muncey, C. W. Bowers, E. Sides, C. Carr, R. B. Dial, E. C. Meador, J. G. Ramsay, and C. P. Pursey.

The bride was graduated from high school at Floyd, New Mexico. The couple is at home in Pampa where Mr. Moore owns the Pig Hip cafe.

Pampa Boys And Girls Leave For Various Colleges

College-bound students are leaving Pampa every day for their choice institutions of higher learning.

Out-of-town and out-of-state colleges and universities have been chosen by the following students who were graduated from the local high school at the end of the 1939-1940 term.

The University of Texas has been selected by James Evans, Fred McGahey, Soren Jensen, Karl Rippe, and R. G. Candler.

Another group of boys, Bob Ward, Bill Richey, Neil McCullough, Richard Saxe, and Bill Davis, will attend New Mexico Military Institute at Roswell.

Going to Texas A. and M. at College Station are Nevin Johnson, Ray Boyles, Bill Miskimins, Bobbie Sullivan, Aubrey Green, Bob Caylor, and Bobby Duplap.

The group from Pampa attending Draughton's Business college at Oklahoma City will include Katherine Collette, Irene De Will, Roberta Cox, Louise Heard, and Bernice Knapp.

A college near home, West Texas State college at Canyon, has been selected by Lynn Stark, Joan Curley, Boone Todd, Jeanne Lively, Meribelle Hazard, Annabelle Lord, Alma Jean Hill, Peggy Williamson, Virginia Giles, Lindsey Boyd, and Mary Jaynes.

Among the many students who are leaving for Texas Tech college at Lubbock are Earnest Jones, Bill Adams, Douglas Stark, Leon Holloway, Heidi Schneider, Roy Lackey, Carolyn Surratt, Herbert Fiddle, and Cecil Branscum.

Betty Jean Temann, Peggy Cunningham, Clarabel Jones, and Jeanne Knox will attend Texas State College for Women at Denton; Norma Jean McKinney, Baylor university at Waco; Bonnie Lea Rose, William Jewel at Liberty, Missouri; Jim Frank Barnard, Alabama State Teachers college at Florence; Venona Anderson, St. Joseph's hospital, Albuquerque, New Mexico; Margery McColm, Colorado Woman's college, Denver; Ann Chisholm, St. Mary's college, Leavenworth, Kansas; Jacqueline Hurst, Gulf Park college, Gulfport, Mississippi; Bobby Dan Lane, Herrell Military academy, Terrell.

Martha Orr, Trinity university, Waukegan; Mary Kate Bourland, Sara Bourland, Stephen's college, Columbia, Missouri; Jerry Thomas, Oklahoma A. and M., Stillwater, Oklahoma; Catherine Culbertson, St. Mary's hospital, Rochester, Minnesota; Charles Tuttle, Eastern New Mexico junior college, Portales; H. T. Hampton, Kemper Military Institute, Booneville, Missouri; Ruby McPherson, Morningside hospital, Tulsa; Hugh Stennis, Schreiner college at Kerrville; and George Saunders, Abilene Christian college, Abilene.

Pastoral Committee Of Christian Church Will Meet Tonight

Pastoral committee of the First Christian church will meet tonight at 7:30 at the church.

Mrs. C. F. Bastion, chairman, requests that a representative from each class, department, the Women's council, and the official board be present.

Order of Eastern Star will meet at 8 o'clock in the Masonic hall.

A regular meeting of Entre Nous club will be held in the home of Mrs. Norman Wabner.

Busy Dozen Sewing club members will have a meeting.

MONDAY
Woman's Missionary Society of First Baptist church will meet in circles at 2:30 o'clock.

Women's Society of Christian Service will have a meeting.

Both circles of Calvary Baptist Women's Missionary society will meet.

A meeting of McCullough Memorial Woman's Missionary society will be held.

Amaranta Mission W. A. W. will have a meeting at 7:30 o'clock.

CHECK THIS FOR CHIC

A straight skirt of forest green wool, topped with a jacket of forest green and gray check, makes a smart fall suit for screen starlet Ann Miller.

Young Business Girls Will Have Steak Fry At Lake

Members of Young Business Girls' class of First Baptist church will have a steak fry at Lake McClellan Tuesday evening.

The girls will meet at the church at 7 o'clock and go in a group to the lake.

Prospective members are invited to attend.

"Build-Up" For Women Helps Avoid Distress

Do you suffer periodically from headaches, nervousness, irritability, cramp-like pain?

If so, here's good news! These may be symptoms of functional dysmenorrhea due to malnutrition, often helped by CARDUI.

CARDUI usually increases appetite and the flow of gastric juice;

so aids digestion and helps build up strength, energy, physical resistance. Result for many is less periodic distress. Or you may find this also helps ease your periodic discomfort. Take CARDUI a few days before and during "the time." Over 50 years of use and popularity invite your confidence in CARDUI.

WOMEN WANTED
30 to 52 years old. Women who are restless, moody, NERVOUS—who fear hot flashes, dizzy spells—to take Lydia E. Pinkham's Vegetable Compound. Pinkham's is famous for helping women during these "trying times" due to functional irregularities. Get a bottle today from your druggist! WORTH TRYING!

THE RECORD Facts That Concern You No. 22 of a series

...BUT WHY COURT-MARTIAL THE WHOLE REGIMENT?

There are bound to be one or two bad soldiers in every regiment. But why court-martial the whole regiment?

The same applies to beer retailing. Out of hundreds of thousands of wholesome, law-abiding beer retailers, there is bound to be a small minority who disobey the law or permit anti-social conditions.

To protect your right to drink good beer, the Brewing Industry wants even this small minority of undesirable retailers eliminated entirely. Beer is a refreshing, appetizing beverage — the beverage of moderation. We want every beer retail establishment to be as wholesome as beer itself.

To that end, we have instituted a "clean-up or close-up" program—now in operation in some states and being extended to others. We'd like to tell you about it in an interesting free booklet.

Write:—United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

Acknowledged Nazi Losses Hit New High

BERLIN, Sept. 16.—The German air force, acknowledged to be meeting increasingly stiff resistance from London's defenders, swept back against the British capital today after a full Sunday of furious attacks which cost an admitted loss of 43 Nazi raiders.

The German high command reported, however, the British paid almost two-for-one, with 74 of their planes shot down in Sunday's fighting, two by anti-aircraft batteries and three by Royal naval patrol boats—a total of 79.

(The acknowledged German losses were the greatest of any single day since the start of the battle for Britain.)

Despite British resistance, authorized German sources said the German attackers still were able to reach their objectives, and asserted the air siege would continue with undiminished vigor until Britain waves the white flag.

Roaring through adverse weather during the night, German planes were reported by the high command to have scored direct hits on power works at Bromley, industrial plants and other targets in the London area, port facilities at Dover and Portland on the channel coast, Liverpool on the west coast, Birmingham in the Midlands, and an airplane factory at Southampton.

Time Bombs Removed From St. Paul's And King's Palace

LONDON, Sept. 16.—(AP)—"Suicide squads," removing time bombs which held sudden death, were disclosed today to have saved both Buckingham palace and St. Paul's Cathedral, two of the most-historic buildings in London, from possible heavy damage.

St. Paul's still was menaced by four German time bombs buried in its vicinity, but a giant 1,100-pounder had been removed.

Two time bombs which fell in the Buckingham palace precincts, one of them on the northwest wing, yesterday fell in the third German bombardment of the royal residence, have been extricated and carried to the edge of the palace lake.

The Press association, British news agency, said one of the bombs fell near the royal apartment, crashed through a palace roof and landed in a bathroom. It was removed by palace ARP workers, police and soldiers.

DOVER'S GRAND HOTEL WRECKED

Cable-Telephone shows street in Dover, England, following Nazi bombing and shelling by long range guns from coast of France. Wrecked building in center is Grand Hotel where Guy Murchie, Chicago Tribune correspondent, was cut on the leg, and where Stanley Johnson, his Australian assistant was reported to have been killed.

NEW WORKDAY COAT-DRESS

Here's a smart way to start the day right, and to make sure you'll be comfortable and comfy through-out your busiest hours. A morning dress in the convenient style that's easiest to put on and to iron, design No. 8779 is the simplest thing in the world to make; just a few straight seams and easy darts are all the detailing. It fits beautifully, and the easy, beltless waistline is completely unhampering.

Make not just one but several workday dresses like this, because your home tasks will go much more swiftly and happily when you're completely at ease, and when you know you look so trim and neat that it's no matter if someone DOES ring the doorbell unexpectedly.

For a PATTERN of this attractive model send 15c IN CASH, YOUR NAME, ADDRESS, STYLE NUMBER and SIZE to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Magic City P-TA Board Chooses Theme For Year

MAGIC CITY, Sept. 16.—The first meeting of the executive board of the Magic City Parent-Teacher association was held recently in the school house. The president explained the duties of each officer of the organization.

Three different themes were discussed as a program theme for the year and it was decided that "The Creative Home" would be studied. Room mothers were elected by the children during school hours and were made known to the P-T.A. by the principal.

Standing committee chairmen: Program, Mrs. E. J. Agent; hospitality, Mrs. Boyd Beck; publicity, Mrs. C. A. Hodges; membership, Mrs. Joe Hutchins; budget and finance, Otis Johnson; publication, C. B. McCoy.

Picnic Entertains Junior Department Of Christian Church

Junior department of the First Christian church held a picnic at Lake McClellan Saturday afternoon. After various games were played by the group, a picnic supper was served. Charabel Darling celebrated her birthday by sharing her cake with the group and having the birthday song sung for her.

Those attending were Charles, Amel and Charabel Darling, Doris Moore, Carol and Neal Keyes, Doris Flood, Russell and Jerry Neef, J. W. and Noel DeWitt, Doyle and Vernon Holler, Billy Brown, Jimmy Don Terrell, Bobby Rex Gill, Carl and Laddie Mayes, Earnest and Patricia Eads, Richard Goe, Hilda Ruth Burden, Jo Beth Henderson, Helen and Mary Lou Mazey, Jackie Rains, Max Lavrier, Evelyn Bunting, Walter Owen, Charles Snow.

French Army May Not Resist Japs

By C. YATES Mc DANIEL. HANOI, French Indo-China, Sept. 16.—(AP)—Authoritative French, Japanese and other foreign sources expressed belief today that early developments may bring the Japanese army into this French possession, probably without any resistance by the French.

But this, they said, may prompt China to send her armies across the colonial frontier and lead to a conflict that would mean the beginning of the end of France's 60-year domination of this 220,000 square mile area in eastern Asia.

French officials refused to talk for publication. But privately, they admit that negotiations underway here are most likely to result within a few days in an agreement—which Tokyo and Vichy already have sanctioned in principle—permitting the Japanese army to land and supply possibly 25,000 troops.

Camacho Seeks Friendship Of United States

MEXICO CITY, Sept. 16.—(AP)—General Manuel Avila Camacho, president-elect of Mexico, says he favors "closest possible relations" with the United States.

In an exclusive interview, his first since becoming president-elect, the former war minister also discussed his philosophy of government. He indicated that normal administrative development of the reform program thrust into high-speed operation by President Lazaro Cardenas would bring a more conservative regime when he begins his six-year term Dec. 1.

The general received a correspondent for "true social justice" had been put under way, his own task would be one of consolidating gains. "Mexico's greatest need just now is improvement of its economy," he said.

He said he would pursue "friendly" relations with the United States and, "if my work on behalf of Mexico permits, I will try to satisfy a long desire" to visit the country shortly. He said his work did not permit him to be more specific about the trip.

The general made it clear that labor-blamed by Cardenas' critics for many of the country's economic woes—"must work for its own progress. If, for example, workers through their own conquests have obtained maximum benefits permitted by present development and progress of a nation's economic system and resources, then if they wish

to obtain greater benefits they should understand that they must work—work to create conditions of progress and development which would permit greater earnings.

Little Harvester

Vol. 10 September 16, 1940 Number 1

The Little Harvester Pampa Senior High School Published on Monday during the school term in The Pampa News.

Staff Not Named.
 Edited by the following students: Janice Bond, Wilberine Carter, Inez Cooper, La Vaughn Dixon, Marie Frazier, Earlene Turner, Mary Frances Yeager, Leroy Giles, Ava Chesher, Dorace Jean Caldwell and Eugenia Phelps.
 Members of last year's class who will assist are: Betty Jean Carlson, Pat Flanigan, Georgie Reeve, Geneva Nichols, and Jeanette Nichols, former editor and vice-president of the Texas High School Press Association, W. R. Swann, adviser.

Buy Your Student Activity Tickets Now

Have you bought your student activity ticket? No student will want to be without one Friday night. Why? Why, that's when the football season opens and the Harvesters meet. The bad Bobcats from Childress. Think of the time saved if you don't have to stand in line waiting to buy a ticket. All you will have to do is just hand your book to the teacher at the gate and walk in.
 "And let me tell you," as Bob Burns might say, "it'll r-a-a-l-l-y save you money." Seven football games will be played at home this season. Tickets cost students twenty-five cents for each game. Thus, if you see all the games and you probably will, it will cost you \$1.75.
 Then when the basketball season opens you will want to see the best Harvester basketball team in years march to victory, and this will cost you at least \$1.50. For the football and basketball season you will have spent \$3.25.
 If you have the cover of your student activity ticket neatly tucked away, you may present this and receive an annual which has cost you only twenty-five cents. Remember the annual costs \$2.50.
 It's a bargain at \$3.50.

Sagebrush

By THE SAGE

As usual when the Sage starts on his annual snoop he finds many familiar-looking faces, not only the freshmen this time, but the seniors, too.

On the first day of school Vera Lee Brunson was found feeling like an "ugly duckling" and wishing she were a sophomore again.

The Sage is wondering where Clara Mae Lemm spent her vacation. She was seen walking home in the street going home to lunch carrying a shoe in each hand.

S-a-y does Mary McCue know the ropes. Last week she was explaining to a freshman who was complaining about his feet being too big to fit under the tables in the library that by the time he becomes a senior his feet won't be nearly so big.

Mr. Steele doesn't think anyone could have done anything more important than he did during the summer. He says he taught eight weeks of summer school and became a father. Hi, Pop!

Congratulations, Doris! The F. F. A. boys have an eye for beauty along with the football boys.

While you're thinking of football don't forget to buy your activity ticket and watch the Harvesters take victory after victory.
 See you at the game.

N.Y.A. Pupils Begin Work This Week

Twenty-six students have been selected to work on the National Youth Administration under Mrs. G. H. Alexander, sponsor.
 Requirements for N. Y. A. work are (1) a student must be between 16 and 25 years of age, (2) must need the money to stay in school, and (3) must have passed three-fourths of his subjects last year. These regulations are set by the government.
 Each student is allowed 24 hours a month at the rate of 25 cents an hour.
 Students work in the library, book room, science laboratories, home economics laboratories, helping the individual teachers, and helping janitors.
 The student's work depends on how accurate the student is and how dependent he is, Mrs. Alexander said.
 Approximately 30 students applied for this work and from this group those who need the work most were chosen.

Lorraine Bruce Gives Newspapers To Staff

Miss Lorraine Bruce, of the high school mathematics department, has given a large number of daily newspapers, acquired on a 3,500-mile vacation trip this summer, to the journalism class.

Included in the group were papers from Minneapolis, Omaha, Winnipeg, Duluth, and smaller cities. Canadian papers, in their editorial comments, were giving much attention to the changing attitude toward war in the United States, Miss Bruce said.

Coach Gets Bonnet

New coach in high school? Why not! That's Mr. Prejean with the new chaplain which the Harvesters got for him. Tired of seeing the same old sky-piece adorning Coach Prejean's cranium, one boy donated a milk bottle, and the other football heroes dropped in nickels and pennies to help defray the expenses of a new lid. The boys were disappointed because they couldn't find a red hat, which would be large enough.
 Coach is very proud of his new cap, even if it is black, and it is quite becoming.

Membership Goal Set By P.-T. A.

The high school P.-T. A. has set a goal of 150 members, with 100 per cent membership among teachers, Mrs. Frank Shotwell, membership chairman, announced today.
 Dues are only thirty-five cents. Twenty-five cents is sent to the state; ten cents is retained in Pampa.

It is necessary to join earlier as the state conference meeting has been advanced one week, and will begin November 1.

The membership drive will officially begin Sept. 25. Money for dues may be given to Mrs. Lou Roberts, or to Mrs. Frank Shotwell.

Hi-Y Club Members Hold First Meeting

D. F. Osborne, principal, and A. L. Steele, student council sponsor, discussed the "Organization of the Student Council," and "Activity Tickets" in the first assembly of the year, Wednesday morning at 11 o'clock, in the high school auditorium.
 Mr. Osborne urged that a well-qualified student be selected for the important office of student council president.

Miss Anne Louise Jones discussed the technical pre-requisites necessary to become president. He, or she, must have eight solid credits, be either a junior or senior, and must have attended his former two years of high school in Pampa.

Ross Buzzard read the preamble of the student council's constitution, and discussed the purpose of this organization and its powers.
 Mr. Steele explained the new student activity tickets so successfully used in most colleges and introduced here this year.
 "These tickets enable a student to see a complete schedule of sports at a great saving," Mr. Steele said. As additional incentives, purchasers of these tickets may use the installment plan in paying for them, and all seats will be choice ones near the 40-yard line, according to Mr. Steele.
 Coach Odus Mitchell discussed the game with Amarillo last year, emphasizing the value of students cheering throughout the entire game.

Twenty Students Enroll In D. O.

Eleven second year and nine first year students have enrolled in W. H. Galloway's classes in diversified occupations, he announced today. Several applicants for the first year work have not obtained suitable employment to meet pre-requisites for the course.
 Mr. Galloway would like to confer with business men who might find it possible to employ one of these young men in their shop or store.

Voices Of Carman's Students Recorded

Students of Kenneth Carman's speech classes are getting a new thrill this year. They are having their voices recorded to discover speech faults. Carman will prescribe exercises to correct these faults.
 At the end of the year another set of recordings will be made, and a comparison of the two studied. Students expect to find great improvements in the second set of recordings.

Nazis Assail Swedes For 'Insulting' Them

BERLIN, Sept. 16 (AP)—The German press launched a concentrated attack today on the Swedish government and press, charging certain newspapers in Sweden deliberately insult Germany.
 Adolf Hitler's newspaper Voelkischer Beobachter headed the procession by finding fault with the Swedish government for reprinting one newspaper which asserted the British occupation forces in Iceland had resorted to terrorism, but failing to reprimand another which charged that terrorism was used in German.

Students To Select New President

New Teachers Introduced In First Assembly

Five new teachers, all men with excellent records as teachers, began teaching in Pampa High school this semester and were introduced to the student body at assembly Wednesday.
 Office records indicate that Jim Nevin, band director, works bright and shining under the direction of McMurtry, Texas Tech and A. and M. This summer he attended the Cincinnati Conservatory of Music. Mr. Nevin has written a book on music theory which is to be published next month by the Manney Publishing company.

Band students, here's a tip for you, it seems that Mr. Nevin has a pet peeve for people who talk during band practice and his hobby is hanging those people by their thumbs and throwing darts at them.
 E. B. Wallace, new member of the science department, who teaches biology, comes from Cleburne. He has attended T. C. U., Baylor university, and from the University of Texas he received a M. A. degree this summer. He taught school at Decatur four years. Mr. Wallace is a sports fan, former coach, has a hobby of model ship building, and enjoys reading. He likes the parts of Pampa he has been able to see—what with getting acquainted and doing his home work.
 Phillip F. Gruber, the shop instructor, taught at Shattuck, Okla., last year. He took an undergraduate course at Northwestern State Teachers college at Alva, Okla., from which he received his A. B. and B. S. degrees. He has done graduate work at the Colorado State College of Education at Greeley, Colorado, for the past three summers.
 Mr. Gruber has an outstanding record in his field. He likes Pampa, enjoys all sports and has a hobby of collecting unique furniture.
 W. R. Swann, English and journalism instructor, came from Avery in the extreme northeastern part of this state. He was elementary principal and high school coach there, and sponsored the school newspaper, the Maroon and White. Mr. Swann is a graduate of Baylor university, a member of the Sigma Delta Chi, national honorary fraternity, has attended the University of Colorado, and for the past four summers has been a graduate student in the school of journalism at the University of Missouri. As journalism teacher, Mr. Swann is especially interested in getting a good coverage of all school news and will appreciate all co-operation from students and teachers.
 W. R. Galloway, co-ordinator of diversified occupations, came to Pampa from Edinburg where he was head of the mathematics department for seven years and co-ordinator of D. O. for five years. He attended Texas university, received his bachelor's degree from Texas A. and I. at Kingsville, and has done graduate work at A. and M.

Carl Adams To Direct School Civic Orchestra

Carl Adams, of New York City, a new member of the public school faculty, will organize Pampa's musical talent with a program of string instrument teaching. It should lead ultimately to a well-rounded orchestra. Special emphasis will be placed on violin, viola, cello and string bass.
 This work is under the supervision of Miss Helen Martin, director of music, who has asked that all interested in joining the Pampa High school and civic orchestra meet in the band room tonight at 7:30.
 This orchestra will supplement the excellent bands of the Pampa school system, and the choral club which last year won national recognition.

Adams Has Had Much Experience

To his work in Pampa Adams brings a wealth of experience and an unusual amount of technical training.
 Adams was born in Glenlyn, Pa., and attended the Julliard school of music, New York City. During his three-year course at the Julliard he studied orchestration, instrumentation, and began playing oboe and cello. He was a student at this time of Adolf Schmid, former chief of staff of the NBC orchestration department.
 After completion of the course at Julliard, several months were spent in radio work. His original compositions were used as "atmospheric" music for a series of NBC programs sponsored by the American Drug Co.
 From 1935 until 1938, Adams did free lance orchestration. An original composition for interpretative dancing was accepted by the Martha Graham dance group.
 Advanced work at the Julliard followed in 1939, and Adams, in 1939, was an assistant to Frederick Kinsley, director of bands at Bay-side High school of New York City, and director of high school orchestras in that school.

Maurice Ray Elected Golf Team Captain

Maurice Ray, senior, was elected captain of the golf team at their first meeting held in the high school cafeteria this afternoon. B. R. Nuckolls, who coached the team last year, met with the group who will work out Fridays, Saturdays and Mondays.
 Mr. Ray will work out for the team include Roland Phillips, Joe Blackwood, Bill (Red) Grossman, Max Grossman, Tom Cox, Pete Miller, Dewey Johns, and Frank Shotwell.

Harvesters Acquire New Equipment

They're here again. The pencils with the Harvester's complete football schedule, and they cost only five cents. Choose your color, green or gold, and buy today. You'll need at least two.
 Funds from the sale of the pencils will go into the student activity fund.

Buckner Supervisor of D. O., Visits Here

Pascal Buckner, of Big Springs, district supervisor of trade and industrial education, spent Tuesday night and Wednesday in Pampa. Plans for the formation of evening schools were discussed with W. H. Galloway, co-ordinator of diversified occupations, and L. L. Sene, superintendent of schools.

Iron Purification Patent

Gilbert Martien of Newark, N. J., applied for a patent on a process of purifying molten iron by blowing air through it about a month before the Englishman, Henry Bessemer, did in 1855.

Flavored Water

In Cairo, Egypt, water carriers made into the Nile river. They flavor their waters with licorice or orange blossoms, to disguise the taste of the Nile mud.

Unsuccessful Experiment

In 1891 Congress appropriated \$9000 for a rain-making experiment to end drought. Dynamite was sent up in balloons and kites, and exploded, but no rain came.

Woman Sculptor Honored

Evelyn Beatrice Longman was the first woman sculptor to be honored by membership in the National Academy of Design. Her membership began in 1919.

School Library Adds 150 Books This Semester

Approximately 150 new books, representative of all departments of the school, have been received in the high school library this year, Miss Maybelle Taylor, high school librarian, announced today.
 Miss Taylor says all the new books are ready to be checked out, and most of them are already in circulation. Many popularly written books for leisure reading have been added to fill in a deficiency in the library's collection, she said.
 The following new books have been received since the beginning of school:

- Field—"All This and Heaven, Too."
- Gouge—"City of Bells."
- Hindus—"We Shall Live Again."
- O'Brien, "Valiant, Dog of Timberline."
- Partridge—"Country Lawyer."
- Rauschning—"Revolution of Nihilism."
- Vestal—"Old Santa Fe Trail."
- Among last year's favorites, the following were outstanding:
 Boys' Fiction For Leisure Reading
 "Boyleston"—Sue Barton, Student Nurse—and the other books in that series.
 And these series of books:
 "Gouge"—"Towers in the Mist."
 Boys' Fiction For Leisure Reading
 "Bowman"—"Pecos Bill."
 "Tunis"—"The Duke Decides."
 Girls and Boys Fiction
 "All This and Heaven, Too,"
 "Rawlings"—"The Yearling."
 Girls and Boys Non-Fiction
 "Wain"—"Reaching for the Stars."
 "Laws"—"Twenty Thousand Years in Sing Sing."
 "Saint-Exupery"—"Wind, Sand, and Stars."
 "Day"—"Life With Father."
 "Dobie"—"Coronado's Children."
 Personality and etiquette books of all kinds were also very popular with the boys and girls last year, Miss Taylor said.

Gorillas, Jinxed By Unlucky Friday, Lose Season Opener, 24-0

Friday the 13th was tough for the Pampa Gorillas because Miami defeated them 24-0 in their first game of the season, Friday afternoon, at Miami. The Gorillas are coached by Oscar Hinger, who led last year's team in a very successful season.
 Twenty-nine boys are out for the Gorillas this year. Only five of the group are returning lettermen.
 The players and their positions are: Linesmen, Arthur Moryer, Joe Bob Zimmerman, Bill Abernathy, Douglass Loveless, Kenneth Lard, Bill Bell, Harold Hinson, Leroy Thomas, Aubrey Pollock, Frank Shotwell, Richard Wright, Bob Crowley, Billy Sackett, Bill Bridges, Martine Gossman, Royce Bailey, Bobby Edison, Harry Oubton, Dempsey Davis, Buddy Sutton, Kenneth Bond, who received jackets were: Captain Percy Wilkinson, Milba Savage, manager, Virginia Fore, Evade Bennett, Martha Orr, Alma Joy Franks, and Marcene Berry.
 The seven jackets were green and gold with the high school emblem on the right side.

Volley Ball Girls Receive New Jackets

Seen on the campus, as school reopened this year, were the new jackets received by the volley ball girls during the summer.
 Girls who received jackets were: Captain Percy Wilkinson, Milba Savage, manager, Virginia Fore, Evade Bennett, Martha Orr, Alma Joy Franks, and Marcene Berry.
 The seven jackets were green and gold with the high school emblem on the right side.

The art classes under the direction of Miss Roy Riley are studying linoleum block printing this semester. Their cuts will be used in the Little Harvester and possibly in the annual.

Pampa Sees Record Enrollment As 3,514 Pupils Enter School

Approximately 180 more pupils had enrolled in Pampa schools by the end of the second week than there were at the end of the first six-week period last year, Ernest Cabe, supervisor of instruction in Pampa schools, said today.
 Enrollment today reached 3514 while only 3359 enrolled during the first six weeks of the 1939 fall semester.
 A survey of the high school building shows well-filled classes, and a building designed to accommodate a maximum of 1,200 students and teachers is housing 1,624 students

CO-CAPTAINS OF FOOTBALL TEAM

Grover Lee Heiskell

Wayne Fade

Eleven Harvesters Receive Sweaters

Eleven members of last year's Harvester basketball team received sweaters just after school was out last year. The sweaters are of white wool with a green letter "H" on the front.
 Seven of the lettermen will return and approximately eight of last year's Gorilla squad will be battling for a spot on the first team this season.
 Boys who received sweaters are: James Carlisle, Pete Dunaway, Ed Terrell, Seth Cox, Belton Bearden, Junior Frazier, Cletus Mitchell, A. C. Enloe, Thomas Dewey, Edward Mitchell, and Billy Mounts.

Girls in P. E. Classes Sport New Suits

Students in the classes of Miss Evelyn Gregory, physical education director, are wearing new gym suits this season. They are a one-piece cotton broadcloth suit of royal blue. Approximately 300 girls are enrolled. Classes are larger because pep squad training has been discontinued. "This is the first year I have had no off period during the entire day," Miss Gregory said.
 A wider variety of games is offered this year and the recreational angle is especially stressed. These games are: paddle tennis, badminton, deck tennis, and folk dancing.
 Other sports are: baseball, basketball, volleyball, fieldball, and "Goal-Hi," a new preparatory game for basketball. Intramural basketball will begin soon.
 "In connection with the physical education program Miss Gregory is checking the cumulative health record, a continuation from last year."

Varied Sports Offered

Oscar Hinger, coach of the Gorillas football team and instructor of physical education classes for boys, has 256 pupils enrolled in five classes.
 During the year he plans to teach the boys to play shuffle board, boxing, volleyball, pass football, handball, croquet, horse shoes, speed ball, soccer, tumbling, wrestling, ping-pong, three kinds of tennis, archery and badminton.
 According to Coach Hinger, the classes will have two intramural tournaments, one in basketball, the other, softball.

Senior Rings Arrive

The first order of senior rings arrived Thursday and the thirty-seven seniors who ordered their rings last May received gifts for ordering early. They received a class pen and a gold-plated compact; boys received gold-plated belt buckles.
 The second order of rings will be sent Sept. 30. The design is the same as the one chosen last year.

This Is Not For Physical Morons

AUSTIN, Sept. 16 (AP)—This is not for physical morons.
 "If you rate yourself above that physical level you can do some of the tests devised by Dr. D. K. Brace, University of Texas physical training expert, to gauge motor skills—physical abilities needed in work and play alike.
 "The tests will indicate your physical training quotient, just as mental tests check up on your intelligence quotient.
 Dr. Brace says intelligence strength, ability, balance and coordination are measured by a list of tests he is completing.
 In the meantime, you might try some of these:
 1. Stand with feet together. Jump into air, making a full turn to the left. Land standing on same spot. Don't lose balance. Don't move feet around in landing.
 2. Stand on right foot. Grasp left foot behind right knee. Bend and touch left knee to floor and stand up without touching any part of the body to the floor or losing balance.
 3. Stand with both feet together. Squat down putting hands through knees. Clasp hands in front of ankles.
 4. Stand with toes flat on floor behind you, feet together. Jump to feet without rocking.
 5. Cross both arms in front of your chest. Sit down cross-legged and get up again without losing balance and without uncrossing arms.
 6. Stand on your left foot. Place right foot against knee, with right

Harvesters Start Clicking to Trim Phillips Blackhawks

The Harvesters showed a complete reversal of form in Saturday's scrimmage with the Phillips Blackhawks as they held their opponents scoreless while picking up 27 points.
 Power plays up the field accounted for the first score of the game and big Ed Terrell plunged over from the 2-yard line. Grover Lee Heiskell, co-captain, placekicked the extra point with Terrell holding the ball.
 An attempted punt by the Phillips team was blocked by Wayne Otts, and Ed Riley covered the ball for the Harvesters. Otts and Riley, both ends, played exceptionally well throughout the game, rushing the passer and getting down fast on punts.
 Pendleton scored the second touchdown, carrying the ball over from the 1-yard line. The try for extra point was good.
 After the Blackhawks were held for downs on their own 35-yard line, a beautiful pass from Heiskell to Bill Arthur, right halfback, was good for the third touchdown as the half ended. The placekick by Pampa intercepted a pass.
 It was Terrell again who scored in the third quarter when he dived across the line; the placekick was wild, and the final score was 27-0.
 Outstanding performers in the line were: Roland Phillips, Wayne Fade, co-captain, Ralph Burnett, and Wayne Otts. The backfield clicked with greater precision than in any previous scrimmage game.
 The Harvesters found it necessary to punt only three times, picking up a 45-yard average; Phillips punted four times for a 27-yard average. Pampa completed three of four attempted passes while the Blackhawks threw a flock of 27 aerials, featuring the performance of Cooper, fullback, who was consistently hitting his receiver.
 Pampa picked up six first downs, Phillips, three.
 (Line)
 Harvester starting lineup: Wayne Otts, left end; Roland Phillips, left tackle; Ralph Burnett, left guard; Leslie Burge, center; Wayne Fade, right guard; John Chesher, right tackle; and Gerald Nichols, right end.

Ross Buzzard Is Leading Nominee In Field Of Six

Campaign Speeches Will Precede Vote

After a heavy fanfare of campaign speeches for the six candidates for the president of the student council is made in assembly Wednesday, September 18, the students will make their final selection during the home room period.
 Candidates for the president of the student council were nominated last Wednesday during home room period. Ross Buzzard, councilor-at-large, received the highest number of votes, 420.
 Other nominees are Joe Cargile, Billy Mounts, Doris Taylor, Jack Morehead and Helen Dudley.

Qualifications for the president are: A student must have at least eight credits, four of which must be earned in Pampa High school; he must be a junior or senior, must not have failed in more than one-half credit the preceding year; and must be able to spend sufficient time to hold the position.
 Ross Buzzard, leading nominee, was the president of his sophomore and junior class. He was voted the most popular boy as a sophomore and junior, and he is a member of the National Honor society.
 Joe Cargile is the president of the H-Y and was class editor of last year's Little Harvester. He is also a member of the National Honor society.

Billy Mounts was the Harvester football manager, and played on the Harvester basketball team two years. He was in the junior play and is a member of the National Honor society.
 Doris Taylor was last year's Harvester queen and pep squad leader. This year she has been chosen F. F. A. sweetheart.

Jack Morehead was the secretary and treasurer of his sophomore

ANOTHER DRY HOLE?

In the constant search for new oil reserves in Texas, even the dry holes benefit the communities in which they are drilled.

They mean employment and wages for Texas labor, lease money for Texas farmers and ranchers and many other expenditures which benefit all lines of business.

2,300 dry holes were drilled in Texas last year at a cost of nearly 60 million dollars.

Since oil was discovered in Texas, 52,000 dry holes have been drilled in all sections of the State at an expense of more than one billion dollars.

This billion dollar research has already resulted in the discovery in Texas of over half of all the known petroleum reserves of the Nation. The creation of this wealth will benefit Texas citizens for generations to come.

*Whether the oil man wins or loses,
the community always gains.*

SERIAL STORY THIS COULD BE YOUR STORY BY MARGUERITE GAHAGAN

All characters, organizations and incidents of this serial are entirely fictitious. YESTERDAY: Sue Mary goes to M. Ross Clark's house to take dictation. She meets his daughter, Mita, and another society debutante, Sue Mary likes Mita. Mita knows Nick would never approve. With the firm handling more accent orders, government contracts, Sue Mary finds war is coming close to her, personally. SURPRISES FOR SUE MARY CHAPTER VII BEING with Joe now gave Sue Mary rather a feeling of entering another world. Only a short time ago his life had been hers. Now there was a wall between them. Oh, not much of a wall, she told herself. Rather a curtain. She had noticed its presence when she had tried to explain to him what she did down at the Youth Progress office; of how she was working for the party candidate. Or when she tried to make her evenings with Nick sound as amusing as they did when she talked them over at the headquarters with Vera and Natalie. "I can't understand you going with such a screwy crowd," Joe would repeat helplessly. "You, of all people." He would stare bewilderedly at her; almost as though she was a stranger. And that always irritated Sue Mary. She had a feeling that he was astonished at finding her capable of possessing thoughts of being a personality; of wanting to know about the world in which she lived. To put those things into words, though, always left her floundering. "Can't you see, Joe, that I won't sit home twiddling my thumbs. I have a right to some fun. And, anyway, this isn't play. It's real work. I'm taking an interest in the life of the city, the state, the nation. I'm through being blind and stupid, and—oh, feminine. There's work to be done and we young people are the ones to do it. "A typed speech," Joe muttered. His square jaw hardened and little muscles played around the corners of his mouth. Hot anger blazed in his blue eyes, but he managed to keep back the words that would drag them into a quarrel. "You'll see soon enough. You'll see—" "See what?" "See that there's always ways of helping folks and being good citizens that were never practiced by that gang of—"

Dr. Glenn Frank and Son Killed As Car Overturns

GREENLEAF, Wis., Sept. 16 (AP)—Dr. Glenn Frank, 52, Republican political adviser, educator, and author, was killed in an automobile accident last night on the election eve of his first campaign for public office. His son, Glenn Frank, Jr., 21, a newspaper reporter, was fatally injured and a publicity aide suffered minor injuries. Dr. Frank, chairman of the Republican party's policy committee, was seeking the U. S. senatorial nomination in tomorrow's Wisconsin primary election. He returned from one political gathering to another. Frank's automobile failed to round a curve at a road intersection, crashed into a sand pile, and overturned. Dr. Frank was killed instantly. His son died on the way to a hospital at Green Bay. Theodore Stumpf, 23, Waukanee, of Frank's campaign publicity staff, was burned by acid let loose by the automobile's campaign sound equipment. After serving 12 years as president of the University of Wisconsin, Frank was removed by the board of regents in January 1937. Throughout his election campaign Frank declared he hoped to rid Wisconsin of "La Polletism." Phillip F. La Pollette, brother of Senator Robert M. La Pollette, (Prog-Wis) was governor when Frank was ousted as president of the university. Frank was editor of Century Magazine from 1921 to 1925 when he took the university presidency.

Senate To Have 10 New Faces

WASHINGTON, Sept. 16 (AP)—The senate will have 10 and possibly 12 new faces next year as a result of primary set-backs and voluntary retirements to date. The total may be increased if any incumbents are beaten in November. Nominees already have been chosen for all but four of the 36 senate seats to be filled in this year's elections. So far four Democrats and one Republican have been defeated in primary races and two Democrats and two Republicans did not run for renomination. The fate of a fifth Democrat—Senator Chavez—hung in the balance today as New Mexico tabulated the final votes cast in last Sunday's primary. Chavez, who is filling out the term of the late Bronson Cutting, a Republican, was trailing Rep. Dempsey, with more than three-fourths of the state reporting. Two other senate seats have question marks beside them. Senator Neely (D-W. Va.) was run for governor of his state. If he wins, he will resign from the senate before his term expires. The Parme, a senator left vacant by the death

Childress Has Strong Letterman Backfield

Harvesters Open Season Friday Night

Pampa's 1940 football season will be officially ushered in Friday night at 8 o'clock when the Childress Bobcats meet the Pampa Harvesters on the new turf at Harvesters park. Season reserve seat tickets for the seven home games this season are now available at the office of the school business manager in the city hall.

The Harvesters will work at top speed right through the Thursday practice. Coach Odus Mitchell revealed today. There'll be no let-up the day before the game.

On Page 8 Additional Sports

Tomorrow afternoon the Harvesters go to White Deer for a return scrimmage. When the Bucks came here the Harvesters pushed across four touchdowns while holding the Bucks.

Coaches are not definitely certain about a starting lineup against the Bobcats, but from all appearances the first 11 will be Nichols and Ott, ends; Phillips and Chessner, tackles; Fide and Burnett, guards; Burge, center; Heiskel, quarter; Arthur and Pendleton, halves; Terrell, full.

Lack of reserve strength is causing coaches plenty of worry. They have only four boys in the starting lineup who wore Harvesters uniforms last season. That left the other positions to be filled by former Guerrillas, Reapers or boys with no previous experience.

Childress will have a four letterman backfield with one letterman in reserve, lettermen ends and a letterman center. Other positions are being filled by reserves. Childress was runner-up in District 2 last year.

The new Consolidated Model 32, a four-engine land bomber, is reported to have a speed of over 300 miles an hour, a range of approximately 3000 miles, and a bomb-carrying capacity of approximately four tons.

Dowell J. Temple, later a Houston merchant and charter member of the Houston Chamber of Commerce was auctioneer at the first sale of lots by the government at Galveston and Austin. The sale at Austin was held Aug. 1, 1939.

Records of the state of Texas ordinarily are kept indefinitely. In the archives are documents dating to the days of the republic, but many early records were destroyed when the state capitol burned Nov. 9, 1881.

The new Timm plastic training plane is a low wing monoplane powered with a 160 h. p. Kinner engine. The plane has a wing span of 36 feet, 24 feet 10 inches long, top speed of 140 miles an hour and cruising speed of 120 miles an hour.

INTERFERENCE MAKES GROUND GAME

The running game, primary adjunct of a great offense, needs interference like that above, points out Homer Norton, inset, Texas A. & M. coach.

Attack Must Have Several Plays To Same Hole Says Homer Norton

By HOMER H. NORTON
Texas A. & M.'s Athletic Director and Head Football Coach

COLLEGE STATION, Sept. 16.—The running game is the basic means of attack, but for a team to be dangerous on the ground it must also have the threat of aerial warfare to make power and finesse click.

The power play in football is one of the game's most gripping spectacles. But the successful team's repertoire must include a good portion of deception and a couple of bang-up backs and guards who can block.

You can't send your ball carrier anywhere without a reference. Many teams are doing a good job on the ground with an unbalanced line and the single wing. Texas A.

from rushing your passer and keeps it at a safe distance for spinners and power finishes.

QUICK-KICK KEEPS DEFENSE BACKED UP

Once you have defensive linemen hesitant, and backers-up wary, you've got the defense set up for a spinner or other quick opening plays.

The quick-kick from any formation line prevents the defense from bunching too close to the line of scrimmage.

Before any ground game will bring appreciable results a coach must have a line that is fairly big, but above all, fast and crisp blockers. They've got to have those holes opened by the time the carrier gets to the intended opening.

Texas A. and M. is exceptionally fortunate in having John Kimbrough, an All-American fullback who runs over the opposition, but it isn't necessary to have a bone-crushing type as long as you have backs who start quickly, run hard, and keep their feet.

Houston Wins First Game In Playoff

HOUSTON, Sept. 16 (AP)—The Houston Buffs, fortified by one victory, tangle again here tonight with the tough Beaumont Exporters in the second game of the Texas league four-out-of-seven championship series.

As fans toasted Right Fielder Lou Tom Winslet for a ninth inning triple which scored Center-fielder Johnny Wrosteck to win 2-1 for the Buffs yesterday in the opener, Manager Eddie Dyer of Houston prepared to shoot the capable young right-hander Hank Nowak at the Exporters.

Facing him will be Beaumont's Mueller, who produced a two-hitter against San Antonio in the opening round of the playoff, and whose season's record showed 18 wins against 11 losses.

Nowak, during the regular season which ended with Houston on top of the league, won 13 and lost six.

The crowd of 8,100 paid customers at the initial game found a game thrilling from start to the finish wallop.

Howard Krist, who hurled for the Buffs, had a tough time in opening innings, but was right in the clutch when he breaks forward Beaumont. The Exporters had 11 stranded on the bags.

The National League Scores

DODGERS DROP ONE

BROOKLYN, Sept. 16 (AP)—After taking the first game of a doubleheader, the Cincinnati Reds allowed Brooklyn to tie the ninth at 1-1 but lost the game, 2-1, and then played until the 11th inning before darkness halted play.

BASEBALL SCORES

Cincinnati	Ab	h	r	e	e	r	a	b	o	o

SPORTS ROUNDUP

By EDDIE BRIETZ

NEW YORK, Sept. 16 (AP)—Week's wash: Don McNeil can hardly wait till he catches up with the radio announcer who called him an "Oakey." ... When Clemson and Auburn meet at Auburn November 9, it will be Auburn's second home football game since 1936. ... Salt Lake City is trying to get Jack Dempsey to pull up stakes here and settle down in the old home town. They can't do that to us! ... Alice Marble's favorite yarn is one of the days when she was the tow-headed mascot of the San Francisco ball club—used to go out in centerfield and snag flies. ... Dizy Dean's many friends will want to tune in tomorrow night when he gives the inside dope on his comeback on the "We the People" program.

CARDS WIN TWO

PHILADELPHIA, Sept. 16 (AP)—Arlight pitching by Bill McGehee and Bob Bowman gave the St. Louis Cardinals both wins in a doubleheader with the Phillies yesterday. McGehee allowed only three hits as the Cards won the first, 7 to 0, and Bowman scattered seven to win the second, 3 to 1.

FIRST GAME

St. Louis	Ab	h	r	e	e	r	a	b	o	o
Phillie	3	2	2	1	1	1	1	1	1	1
Phillie	4	1	1	1	1	1	1	1	1	1

PIRATES SCUTTLE GIANTS

NEW YORK, Sept. 16 (AP)—The Pittsburgh Pirates pumped two victories out of the Philadelphia Phillies yesterday, 4 to 3, punching over the deciding run of the second game in the ninth inning after taking the opener with a 15-hit attack.

FIRST GAME

Pittsburgh	Ab	h	r	e	e	r	a	b	o	o
Phillie	3	2	2	1	1	1	1	1	1	1
Phillie	4	1	1	1	1	1	1	1	1	1

DIZZY WINS AGAIN

BOSTON, Sept. 16 (AP)—"Dizy" Dean moved another step along the comeback trail with his Chicago Cubs yesterday by limiting the Boston Bees to nine hits for a 7-4 victory in the second game of a doubleheader after the Bees captured the first, 7-3.

FIRST GAME

Chicago	Ab	h	r	e	e	r	a	b	o	o
Boston	3	2	2	1	1	1	1	1	1	1
Boston	4	1	1	1	1	1	1	1	1	1

Second Round Of Play In Golf Tournaments This Week

Second round of play in the district golf tournament and also in the Lethander tournament will be played over the Country Club course this week. A few first round matches will have to be played first, however, some entries being unable to get together yesterday.

All who failed to play their first round matches have through Tuesday to meet or forfeit will be offered. Second rounds must be completed by Saturday so that third round battles can be staged next Sunday.

Floyd Ward, defending champion, received a bad scare when Cleve Huff, away to the champion bracket took him to the 17th hole. Haskell Maguire stepped into the favored bracket when he defeated Joe Parkinson, 2 up. C. P. McGinnis was taken to the last hole by Joe Green. Jim Richsen upset Marvin Harris.

Favorites advanced in all other flights.

First round results follow:
Championship flight:
Ward defeated Huff, 2 up.
Grover Austin, Jr. beat Bill Speed, 3 and 2.
John Austin and Heath, to play. Hawthorne beat Voss, 4 and 3.
Maguire beat Parkinson, 2 up.
Cox and Trenary, to play.
McGinnis beat Joe Green, 1 up.
Richsen beat Harris, 1 up.

Shotwell and Jim White, to play. Thut beat Emmett Gee, 2 up.
Cartwright beat Grover Austin, Sr., 5 and 4.
Erwin beat Ted White, 4 and 3.

Second flight:
Crowson won from Blackwood, 2 up.
Parks Brunley, bye.
Tom White beat Harry Jameyson, 5 and 4.
Snow beat Faulkner, 2 and 1.
Cal Jones and Bert Curry, to play. Hines and Floyd Voss, to play.
Bob Curry beat Herb Davis, 2 up.
Chisum, bye.

Baylor Coach Admits Team Strongest He Ever Coached

By FELIX R. MCKNIGHT
WACO, Sept. 16 (AP)—Silent Morley Jennings drew deeply on a cigarette and exhaled a statement that should be cemented in the cornerstone of the administration building down here at Baylor university.

"I have the strongest squad since I have been coaching."

The statement is historic. Morley Jennings is a man of trifling words when his Baylor are involved.

But not even the crafty headmaster can hide the power and potentialities seeping out of the Baylor camp. Definitely, a great football team is shaping up for the Southwest conference blowoff.

"Yes, it is the most powerful squad I've ever had," mused Jennings, weighing his words. "I don't know, you don't know, what they will do. But for the first time I have a real, first class power back in Jack Wilson—a boy who can go off the tackles."

The smack of Wilson powdering through the second string line behind the hurrying frame of a red-headed sophomore giant, Milton Crain, put emphasis on Jennings words.

The Baylor backfield isn't impressive—it's positively stunning. First there is Wilson, 197-pound physical wonder who runs the 100-yard dash in 10.2 seconds, then comes Crain, possibly the Southwest's greatest sophomore with 208 pounds of lightning he has carried through the century sprint in 10.1 seconds as a track man.

Seasoned, canny Jimmy Witt, 183 pounds, a clever runner and passer and signal caller and Milton Merka, 194, the line backer and blocking back. Witt is a flat 10-second man; Merka is no slow poke.

Weldon Bigony, 187 pounds, is the other member of the backfield. True, that adds to five backs, but that's what Jennings now counts as his first string. Crain, Bigony and Merka will work equal split shifts.

Chatter filled the air. The hot sun merely lubricated the most spirited squad encountered on the conference training swing.

There's something about the Baylor camp that means business.

Through a strange, intricate setup of that has countless possibilities, confusing the opposition, Jennings' backs must be able to play nigh on to every position in the backfield.

One of the few questionable points about the team is the signal selecting. Witt did the calling last season, and wasn't much better than average. Jennings says he has improved. He is a senior and cool.

Wilson and Witt will split passing chores while Wilson will do the kicking when he is in there. Jennings' backs must be able to play nigh on to every position in the backfield.

On his knockout victory over Lou Ambers, by which he won New York and California recognition as 135-pound head man last spring, the ex-cavalry horseshoe figures to win—but it was no proposition on which to break open your kid's bank to bet. Since flattening Ambers, Jenkins was himself given a going over by Henry Armstrong. He broke training for this fight to make a quick trip to Texas to see his ill mother, and, on the way back, he was injured in an automobile accident.

Wagering Favors Jenkins A Little

By SID FEDER
PHILADELPHIA, Sept. 16 (AP)—Lewis Jenkins, recognized in some sections as world's lightweight champion, and Bob Montgomery, a local Negro boy who wouldn't mind having the crown himself, tangle at Shine park tonight for perhaps ten rounds in a non-title fight that has the betting men mumbling in their soup.

With "home-town boy" regard backing up young Bob's record of 28 victories in 29 professional starts, the wagering on this shindig is as close as a motorcycle cop talking you at 50. The betting commissions were making it 5 to 6 and take your choice between the Sweetwater swatter from Texas and the local Negro.

On his knockout victory over Lou Ambers, by which he won New York and California recognition as 135-pound head man last spring, the ex-cavalry horseshoe figures to win—but it was no proposition on which to break open your kid's bank to bet. Since flattening Ambers, Jenkins was himself given a going over by Henry Armstrong. He broke training for this fight to make a quick trip to Texas to see his ill mother, and, on the way back, he was injured in an automobile accident.

There's room at the top—and your country pays you well to learn

THE day has gone when a man could become a good soldier simply by carrying a gun. Today's Regular Army requires skill in as many trades as does industry. Never before did it offer the variety of training to men between 18 and 35 that it does today! And, while you learn, you will be paid by your country.

What interests you? Airplane engines? Learn about them in the army! Motor mechanics? Today's Armored Force, Motorized or Mechanized Artillery, Cavalry, Infantry and Engineers have a place for you! Radio, telephony, electricity, surveying, sheet metal work are possible careers. Choose your branch of the service!

Do you like to travel? The professional soldier sees many parts of this nation and possessions overseas. He leads a life of adventure, has time for sport and play as well as work. He is well-clothed, well-fed, fit in mind and body. In army posts or in the field, his health is guarded.

There's room at the top in the Regular Army today. And, if you follow the army as your permanent career, you can be sure of generous retirement income.

Learn about the Regular Army for yourself. Don't hesitate to ask questions. At the recruiting office, or by mail, your questions will be answered cheerfully.
