BRITISH WAR-DOGS SHELL ITALIAN TROOPS

LONDON SUFFERS WORST RAID

A general view of famous Oxford street, center of London's shopping district, following latest Nazi air bombing, the worst of the war. Firemen are battling a bomb-caused blaze in the nearly deserted street.

Fiercest All-Night Raid Leaves Ruins

LONDON, Sept. 19 (AP)—Several casualties and some damage were caused this morning when a German raider, beginning a daylight attack in the wake of a heavy night assault, dropped three or four bombs on an East London district.

The raider opened a new day—the thirteenth of the Nazi offensive against London, already rated the most bombed city in history, as the city's millions sought to resume their tasks and to put right as far as possible damage done in an all-night raid described by reporters as the fiercest yet.

German bombers flew to the renewed assault over England's east and southeastern coasts and the air ministry reported three shot down in morning fighting.

Londoners traveled to work on buses which crawled through damaged streets and along debris-strewn sidewalks, and surveyed the battered facade of newly damaged business buildings.

A portion of the press raised new demands for deep bombproof shelters.

Moderate gales whipped up whitecaps on the English channel and there were indications of rain before nightfall, but omens for any invader attempting to cross from the French or Belgian coasts.

Tremendous loads of explosives were dumped by the Germans last night, principally in South London, but also in central London, and in practically every other part of England as well—Lancashire, Hertfordshire, Berkshire, Essex, Sussex, Kent, the midlands, northeast and southwest.

New devastation and damage in central London included the Peter Robinson department store at Oxford Circus, the London county hall, just across Westminster bridge from the houses of parliament, the courtyard of the world-famous British museum, the Wallace art collection courtyard, the Inner Temple (law courts) library and the public records office.

Streets closed Oxford and Regent streets, two of the West End's busiest thoroughfares, were closed to traffic.

Forty-eight German planes were destroyed in yesterday's air battles, a ministry said. Twelve British planes were lost, but nine pilots were reported safe.

The government said at least 90 persons were killed and 350 injured last night in London.

Striking singly and in waves, the Germans used a variety of tactics, including the use of incendiary bombs as well as the usual explosives and incendiaries, causing buildings to burn.

Grand Jurors For Court Term Named

Following the conclusion of the two-week term at Lipscomb this week, the grand jury panel for the district court will open a seven-week session here Monday morning.

The entire docket is to be sounded at 10 o'clock Monday morning, the appearance docket the next day, and the non-jury docket on Wednesday.

Cases set for the September term total 217, of which 98 are divorce suits, 61 delinquent tax cases, 30 appearance, 16 jury, 12 non-jury, and 10 criminal.

Grand jury panel for the term is composed of Ray F. Calvert, C. C. Mullins, Henry Ellis, all of LeFors; T. A. Massey, Homer Wilson, both of McLean; Guy C. Andis, Jericho; Benton Moreman, Groom; E. R. Sherron, Alameed; Walter Jones, Laketon.

Pamela E. S. Tolbert, E. S. Nelson, W. J. Daugherty, E. S. Carr, R. E. Gatlin, O. N. Frasier, Reno Stinson.

The school board will hold a called meeting tomorrow afternoon at 2 o'clock for the purpose of purchasing steel lath for the new building and transaction of regular business.

Bomb Explodes Near King's Youngest Brother

LONDON, Sept. 19 (AP)—A time bomb exploded today within 80 yards of an automobile in which the Duke of Kent, youngest brother of King George VI, was visiting.

The Duke of Kent was in a motor car when the bomb exploded near the Duke of Kent, youngest brother of King George VI, was visiting.

The local broadcasting station has not made a request for permission to broadcast the games.

Terms Defined For Pampa Gardeners Entering Flowers In Show On Friday

For the benefit of Pampa gardeners who will bring flowers to the flower show tomorrow, the following definitions and explanations may be of some help. Flowers are to be entered in one of three classes or divisions, namely specimens, displays, and arrangements.

By specimen is meant one of any certain flower, that is, the flower or flowers on any one stem, spike, stalk, cluster or spray. The largest and most beautiful flowers should be entered in this class, as they are judged for color, form, fragrance, size, stem and foliage.

A display is any number of the same kind of flower placed in a container and judged for color, form, distinction, stem, foliage, substance and uniformity.

An arrangement is the disposition of one or more kinds of material with the intent to create an artistic effect.

In the first two divisions, the garden club will furnish uniform containers for all entrants to simplify judging and enable everyone to compete on an equal basis. In the arrangement division the container must be furnished by the exhibitor. These should be chosen carefully as the container is as much a part of the arrangement as the flowers, but should not dominate the arrangement, or be too conspicuous in color, form, or decoration. It should be harmonious in texture, shape and proportions. A container's design for existence is to hold flowers and it should be large enough to do so.

In an arrangement a definite design should be built, usually using darker material at the base and through the center with lighter material above, to avoid a top-heavy impression.

Use fewer rather than many flowers and preferably an odd number. Cut the stems different lengths. Uniformity of color is likely to be monotonous. Consider proper combination, correct balance and texture, use restraint and avoid overcrowding. Look at the arrangement from all points from which it may be viewed. In general, height of flowers above container, and the width should be influenced by the apparent or actual weight of the container. These are meant to be only suggestions and not rules, as the imagination and personal taste of the exhibitor will be expressed in the effectiveness and suitability of the arrangement.

Entries in the show should be brought to the west door of the city club room between 9 and 11 o'clock Friday morning. Containers used in the arrangements should be labeled on the bottom with the owner's name and cannot be removed from the room until after 9 o'clock. The room will be open, however, Saturday morning until 10:30 o'clock for the convenience of those who wish to leave vases over night.

To give information which will enable the public as well as Garden club members to compete on an equal basis, rules and suggestions for the show are being given. All exhibits will be entered under three main divisions with ribbons being given for each of the many classes.

The three divisions are:

1. Specimens. By specimen is meant a single plant, bloom, or stalk.
2. Display. The term used for several of one kind of flower.
3. Arrangements. A group of different kinds of flowers or plants arranged to create an artistic effect.

To illustrate the above classifications, one rose would constitute a specimen, several roses, a display; and roses mixed with other flowers as a filler would constitute an arrangement.

Exhibitors should enter the best flowers in the specimen classes, the next best in display classes, and the best perfect flower with curved stem in arrangement classes.

Division One

In division one there are classes for roses, dahlias, azalea mums, snapdragons, delphinium, tube roses, delciosa cockscomb, and gladioli.

All varieties of these are judged in separate classes. A sample score card is following:

Roses (teas, hybrid teas, or hybrid perpetuals):

- Color 25
- Proportion and balance 25
- Distinction or originality 20
- Suitability 5
- Condition 15

A group of out-of-town men and women will act as judges for the event.

SOFTLY TAILORED AND CASUAL

PATTERN 8781

A casual runabout dress like this is one of the first things you crave, as the season wears on. It makes up charmingly in bright wool crepe or jersey, in spun rayon or flax crepe, with or without a flash of white at the cardigan neckline. This design, No. 8781, has shoulder tucks that break, under the decorative little flaps, into fullness—a detail adroitly flattering to the figure. The slim, paneled skirt is just right for this type of dress.

For right now to wear with a fur scarf or short jacket and later on, to wear under your heavy coat, this little fashion will be one of the most dependable in your wardrobe, and it's very easy to make. Just follow the step-by-step sew chart included in your pattern, and you'll enjoy sewing it!

For a PATTERN of this attractive model send 15c. IN COIN, YOUR NAME, ADDRESS, STYLE NUMBER AND SIZE to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Pattern No. 8781 is designed for sizes 14, 16, 18, 20, 40 and 42. Size 16 requires 4 1/2 yards of 39-inch material without nap.

Send for it today—the new Fall Fashion Book, full of smart new things for you and the children! Individual things, bright with fresh style points, keyed to the special needs of your way of life. Among the first to wear them! All easy to make, each including a step-by-step sew chart!

Pattern, 15c Pattern Book, 15c One Pattern and Pattern Book ordered together, 25c.

Pampa Leads In Attendance At Regional P-TA

Pampa led in attendance with 38 at the regional Parent-Teacher association meeting in Canadian's new school building yesterday afternoon. The total registration was 107 with Pampa Junior High school having the highest attendance from out-of-town local units.

All of Pampa's local unit presidents and six of eight school heads were present.

The institute was sponsored by the Tri-County Council, composed of Gray, Hemphill and Roberts counties, Wheeler County Council, and Pampa City Council. Mrs. Cliff Vincent of LeFors, eighth district vice-president, presided over the meeting.

Superintendent J. M. Carpenter and Mrs. John Stovall of Canadian gave the welcome. The school of instruction was conducted especially for newly-elected officers and chairmen of committees.

Mrs. E. H. Becker of Houston, state vice-president and field worker, was guest speaker. Mrs. Becker read the beatitudes for a good leader and called upon P-T-A members to be members of vision. She stated that she found P-T-A work and church work very much alike in that people must be made to feel needed and wanted.

Speakers from Pampa were Ernest Cabe on program; Frank Monroe, room representative; Mrs. C. E. Car, parent education; Mrs. Claude Lard, publicity book; and Mrs. Roy Holt, procedure book.

Mrs. C. T. Hunkapillar had charge of the question box at the close of the program. Mrs. J. M. Crain, Mrs. Wes Izard, and Mrs. Lewis Goodrich, eighth district officials, assisted with questions during the school.

Plans for the district were outlined by Mrs. W. B. LeMaster of Perryton, eighth district president. She asked all who could to attend the state convention in Dallas November 6-8.

In the meeting of the Tri-County Council which followed, Mrs. R. B. Campbell of Miami, president, was elected delegate to the state convention and Mrs. Mathers of Canadian was named alternate. Mrs. Campbell announced that the next meeting of the Tri-County Council would be with Sam Houston school of Pampa.

After adjournment tea was served by the Canadian association.

Sub Deb Club Entertains At Informal Party

Entertaining a group of new girls in the high school, members of Sub Deb club entertained with an informal get-aquainted party in the home of Miss Vera Lee Brunow Wednesday afternoon between 4:30 and 5:30 o'clock.

Co-hostesses were Misses Harriett Price, Dorothy Miskimins, Betty Plank, Frankie Foster, and Iris Williams.

Games were played by the group after which refreshments of punch and sandwiches were served.

Present were Willadean Ellis, Martha Frances Pierson, Betty Ann Culbertson, Margaret Ellen Burton, Ruth Shier, Francis Shier, Elaine Carlson, Gretchen Burton, Dorothy Dressler, Eugenia Phelps, Loretta McArthur, Betty Lee Thomason, Mary Gurley, Evelyn Aulis, Joyce Turner, Tolene Davis, Elaine Dawson, Betty Jean Myers, and the hostesses.

Pattern No. 8781 is designed for sizes 14, 16, 18, 20, 40 and 42. Size 16 requires 4 1/2 yards of 39-inch material without nap.

Send for it today—the new Fall Fashion Book, full of smart new things for you and the children! Individual things, bright with fresh style points, keyed to the special needs of your way of life. Among the first to wear them! All easy to make, each including a step-by-step sew chart!

Pattern, 15c Pattern Book, 15c One Pattern and Pattern Book ordered together, 25c.

Business Meeting Held By Central Baptist Society

Woman's Missionary Society of Central Baptist church met for business on Wednesday afternoon at the church.

The group sang, "How firm a Foundation" after which Mrs. D. M. Scafe led in prayer and Mrs. C. Gordon Bayless of the First church presented the devotional.

Mrs. C. A. Jones sang a solo, "Nothing Between," and Mrs. O. H. Gilstrap conducted the business and gave her report on her committees for the coming year.

Also the group made plans for the coming revival with visitation. The revival starts Sunday.

Those present were Mrs. W. A. Williams, Mrs. C. Gordon Bayless, Mrs. O. H. Gilstrap, Mrs. T. D. Sumrall, Mrs. Dayton White, Mrs. Earl Furnas, Mrs. A. B. McPeak, Mrs. C. E. McManis, Mrs. S. E. Matheny, Mrs. D. M. Scafe, Mrs. C. A. Jones, Mrs. E. Roenfeldt, Mrs. Ray Riley, Mrs. Albert Jones, Mrs. George Berlin, Mrs. Frank Jewel, Mrs. Scott Leverett, Mrs. Brady Davis, Mrs. C. E. Morrison, Mrs. Ada L. McCase, Mrs. Harry Dean, Mrs. Clyde Ives, Mrs. Roy Brown, and Mrs. Gower.

Christian Youth Fellowship Group Adopted At Church

Young people of the First Christian church formally adopted a Christian Youth Fellowship organization at a meeting in the church Wednesday evening.

Discussion was led by C. T. Hightower, chairman of the Christian Youth Fellowship council. The main function of the fellowship is to coordinate the youth program of the local church—church school, Christian Endeavor, and recreation. The young people will be represented on the council, which will meet once every month. This group will plan the program for the young people of the church.

Charles Darling was elected student president of the Fellowship. The group decided to hold joint recreation every other week, and hobby groups, consisting of camera, drama, knitting, and stamp collecting, were also discussed. A general meeting to be held once every quarter was designated as special Youth rally for the Fellowship.

Those attending the meeting were young people from the intermediate department, high school class, and older young peoples groups.

Mrs. Greene Hostess At Wayside HD Club Meeting Recently

A salad demonstration was held by the Wayside Home Demonstration club in the home of Mrs. W. A. Greene recently with Mrs. Wood Osborne as leader.

Mrs. Osborne served potato salad and various vegetables. Mrs. Lowell Osborne who acted as assistant, served lettuce rolls.

A business meeting was held before the salad demonstration.

Those present were Mrs. W. F. Taylor, L. R. Taylor, Harold Osborne, Doyle Osborne, J. S. Fuqua, Hall Nelson, Wood Osborne, Lowell Osborne Smith, Maudie, a guest, Mrs. W. E. Boudreau, and the hostess.

The next meeting will be in the home of Mrs. J. S. Fuqua with Mrs. Lowell Osborne as hostess when an all-day meeting with the agent on upholstery will be held September 26. Each member is to take a covered dish and meet at 9:30 o'clock.

LaRosa Sorority Completes Plans For Dance Friday

Plans were completed at a called meeting of LaRosa sorority Wednesday afternoon for a Harvesters' Childrens victory dance which will be held in the Young Fellow's hall Friday night following the football game.

Attending the meeting were Misses Doris Taylor, Tolene Davis, Fern Simmons, Edna Earle Denmore, Mary Frances Yeager, Barbara Matthews, Betty Schwind, Jenny Lind Myatt, and Betty Jean Myers.

Demonstrations In Cooking To Be School Feature

Mrs. Arreva D. French has made a constant effort through the years to bring to our city the best available public service features.

September 30, October 1 and 2 will witness an outstanding event along these lines. At considerable expense we are bringing to men and women of Pampa the cooking school on these dates. The foremost lecturer of modern cookery, Mrs. French will conduct the sessions, which will feature actual demonstrations from the completely equipped stage of the school at the LaRosa theater.

We can think of no better manner in which to bring to the women of our community a public service. Long after the cooking school is passed we will reap the benefits offered by Mrs. French. There will be new and appetizing dishes going on your tables from the recipes offered from this testing kitchen. There will be dozens of helpful hints on shopping and marketing our foods. There will be new tricks to save steps and time in the preparation of our meals. And yet, we have only scratched the surface of the entertaining features to be presented.

One very interesting feature of the cooking school will be the "question box"—a box for your use in asking the questions on the subject or phases of home management you most desire to know about. During the session each day, these questions will be answered. There will be a wealth of entertainment as well as instructions on how to make your home a more enjoyable place to live. So plan now to attend this public service event offered by the Pampa

Mrs. Graham Named Honoree At Party Given By Class

A surprise party for Mrs. Burl Graham was given by the Third Year girls class of junior department of First Christian church Wednesday evening at Mrs. Graham's home, 213 N. Nelson.

Mrs. Jesse Sowers and Mrs. R. L. Norris assisted the class with various games and songs, after which gifts were presented to Mrs. Graham.

Refreshments of punch and cookies were served to the following: Evelyn Mae Bunting, Phyllis Ann Parker, Peggy Joyce Eckerd, Vera Slusher, Mary Jean Meader, Wanda Lou Gordon, Betty Marie Dezem, Maxine Bell, Barbara Norris, Larverne Wallace, Elsie Ruth Graham, Betty Jo Nolen.

Mrs. J. S. Sowers, Mrs. Jesse Sowers, Mrs. R. L. Norris, David Graham, Burl Graham, Jr., and Mrs. Burl Graham.

Without ocean currents to ease circulation, all but the upper layer of the ocean would be absolutely without life.

Great Britain has about 16,000 private schools, with 370,000 pupils.

**"The Happy Child"
 To Be Studied By
 Education Group**

Parent Education group, sponsored by the A. A. U. W., met Tuesday afternoon in the city club rooms. During the business session conducted by Mrs. Carlton Nance, president, the constitution and by-laws for the club were accepted. It was also decided to have the nursery for the children at Mrs. Rice's Kiddle Kollege during each meeting this year.

The program chairman, Mrs. Joe Tooley, gave a brief outline of the program selected for the year's study, "The Happy Child."

Mrs. M. E. Lamb gave a talk on "Our Children," in which she particularly stressed the idea of enjoying our children and the feeling of friendship that should exist between mother and child.

Mrs. Hol Wagner, president of the A. A. U. W., gave a brief talk expressing the desire of the A. A. U. W. to cooperate with the group in any way possible.

Refreshments were served by the hostesses, Mrs. Carlton Nance and Mrs. W. A. Rankin, to the following members:

Mrs. Wallace Fuller, Mrs. James McCune, Mrs. Joe Tooley, Mrs. Frank D. Smith, Mrs. Foster Fletcher, Mrs. R. K. Edenborough, Mrs. Ross Byars, Mrs. East Pflank, Mrs. M. E. Lamb, Mrs. H. N. Nestel, Mrs. Carlton Nance, and Mrs. W. A. Rankin.

Two guests were Mrs. George Quinn and Mrs. Hol Wagner.

**Antheneum Club
 Has First Lesson
 Of Year On Unity**

Special To The NEWS
 SHAMROCK, Sept. 19—The first meeting of the club year for the Antheneum club was held at the home of Mrs. C. F. Baker recently. "American Ideals" was chosen as the theme of the year for the club study program and the first program was on "Unity."

Mrs. J. M. Tindall was leader for the program and roll call was answered with famous sayings of great Americans. The group sang "God Bless America" and Mrs. Frank DuBose read an editorial "This Land and Flag." All repeated the preamble to the constitution and Mrs. J. H. Caperton gave the story of the constitution.

Mrs. Baker concluded the program with a review of the life of Nathan Hale.

Refreshments were served to Mrs. E. T. Boston, Mrs. George Stanley and Mrs. Vernie Pipes, guests; Mesdames J. M. Tindall, Hubert Tindall, H. P. Mundy, Temple Atkins, J. H. Caperton, E. K. Caperton, J. B. Clark, B. F. Kersh, and Frank DuBose, members.

prayer by Mrs. Roy Calvert, Mildred Kratzer, president, presided during the business session when officers for the coming year were elected. The new officers are: Marion Vanlandingham, president; Mildred Skaggs, vice-president; Dorothy Kratzer, secretary; Mary Sue Ogden, treasurer; Mildred Kratzer, program chairman; Dorothy Taylor and Betty Lee Lockard, group captains; Ruth Kratzer, reporter; Dorothy Roach, pianist; Juanita Skaggs, song leader; and Miss Druzell Hudler, sponsor.

After the election of officers, a program was given with Mildred Skaggs in charge. "Two Women Enter Heaven" was given by Ruth Kratzer; "A Parable of Two Mothers" was given by Mary Sue Ogden; and Dorothy Roach gave "A Tribute to Mothers." The history of Y. W. A. was presented by Mildred Skaggs. Refreshments of ice cream, cake, and iced drinks were served to the following members: Marion Vanlandingham, Mary Sue Ogden, Dorothy Kratzer, Dorothy Roach, Ruth and Mildred Kratzer, Miss Druzell Hudler, and the hostesses, Mildred and Juanita Skaggs.

**Happy Circle Club
 Members, Guests
 Have Steak Fry**

Special To The NEWS
 LEFORS, Sept. 19—Happy Circle Sewing club of LeFors was entertained with a steak fry this week on the river southwest of LeFors. The steak was served with pickles, onions, and home-cooked muffins. After the supper games were played. The women meet every Friday and sew and the entertainments are for the husbands.

Those attending the steak fry were Messrs. and Mrs. W. C. Houchens, J. L. Edwards, Earl Courtney, Pee-Wee Barron, Ted Scruggs, LeRoy Williams, Bud Cumberledge, Deke McDowell, Bill Wyatt, Joe Hughes, Tom Florence, Pat Porter, and Virgil Thomas.

Officers of the club are Mrs. W. Edwards, president; Mrs. Williams, secretary-treasurer; Mrs. Florence, vice-president; and Mrs. Courtney, social chairman.

**First Birthday Of
 Sondra Ann Sullins
 Observed At Party**

Sondra Ann Sullins, daughter of Mr. and Mrs. Dick Sullins, who was one-year-old last Wednesday, celebrated the occasion with a party at her home.

Balloons and toys entertained the youngsters. After pictures of the group were taken and the gifts were opened, refreshments of ice cream, cake, and chocolate drops were served.

Gifts were presented by Mrs. Katherine Liebmann, Miss Faye Line, Mrs. LaVeta Hampton, Nancy Line, New Shirley Fenwick, Eddie Scott, Wanda Leigh Wehrung, Lynda Gale, Austin, Dan Luther Sparks, Barbara Quinn, Jesse Jeanette Leith, and Sandra Kay Noblett.

The following morning Mr. and Mrs. Sullins and Sondra Ann left for Albuquerque to visit Mr. and Mrs. Schuchard, formerly of Pampa, and their daughter, LeEtta Gay, who was also one year old Thursday.

**LaVerne Covington
 Leads Jessie Leech
 GA Study Program**

Intermediate Jessie Leech G. A. of First Baptist church met in the home of Mrs. L. M. Salmon this week.

Following a prayer by Virginia Covington, Allen Vaughan presided over the business session.

LaVerne Covington, program chairman, had charge of the program with Louise Baxter, Coralie Brandon, Inez Baird, Aileen Vaughn, Virginia Covington, and Komo Jo Johnson, taking part. The meeting was dismissed with prayer by Ruth Matheny.

Refreshments were served to Komo Jo Johnson, Virginia and LaVerne Covington, Allen Vaughn, Inez Baird, Coralie Brandon, Louise Baxter, Ruth Matheny, and Mrs. L. M. Salmon.

Last Sunday the girls met and visited several shut-ins, where short song and prayer services were held.

**Horace Mann Band
 Club To Have First
 Meeting Tonight**

W. A. Noland, president of the Horace Mann Band club, has announced the first meeting of the year which will be held tonight at 7:30 o'clock in the school auditorium.

A musical program will be given and the medals will be awarded to winners of the contest held last spring. The band director will be introduced and new band uniforms will be shown.

A business session is to be held at which time the election of new officers will be held.

Mr. Noland urges all band parents and prospective band parents to attend this meeting.

**Texans May Enlist
 In National Guard
 For Only One Year**

AUSTIN, Sept. 19 (AP)—Adjutant General J. Walt Page suggested today that Texans facing military service under conscription may wish to enlist in the national guard for one year's service.

Gen. Page pointed out that men enlisted in the guard, which is expected to be ordered to active duty within a month, can serve with home town friends. In each town having a guard unit a number of civilians will be called for compulsory training under the Burke-Wadsworth selective service bill. Any man eligible for selective service would also be eligible for national guard enlistment.

After the training period of one year, guard units will return to their home stations intact, thus giving members a chance to continue mem-

bership with the same personnel, Gen. Page said.

The Texas guard's authorized strength is 11,438 officers and men. When it is placed under federal status the strength probably will be increased to some 13,000 officers and men.

A delicate nerve is located at the root of each whisker of a cat. Thus a cat can tell at once if a whisker is touched.

Social Security Benefits Total \$2,851 In Area

Dewey Reed, manager of the Amarillo, Texas, Social Security board field office, in a statement today, said that monthly payments under the old-age and survivors insurance system have reached a total of \$2,851.64 in the area served by the Amarillo office.

These payments, Reed said, are distributed to 80 wage earners over 65 years old; 33 wives and widows; and 58 children of wage earners.

In addition to the continuing monthly payments, \$5,503.08 has been paid out in lump-sum benefits since January 1, 1940.

Reed stated that his office renders

every possible assistance to individuals desiring to file a claim for old-age and survivors insurance. Individuals having a claim for old-age and survivors insurance, or desiring any information concerning the federal insurance program, should call at or write to the Social Security board field office at 324 New Post Office Building, Amarillo, Texas.

Monthly benefits are paid through the old-age and survivors insurance provisions of the Social Security Act to:

(a) Fully insured workers when they reach the age of 65 and retire;

(b) The wives of such retired workers when they attain the age of 65;

(c) Their children under 16, or under 18, if in school;

(d) The 65-year-old widows of workers who were fully insured un-

der the act at the time of their death;

(e) The widows of fully insured workers who have minor children in their care, such benefits continuing until the youngest child reaches the age of 16, or 18, if in school;

(f) Children of insured deceased wage earners under age 16, or 18, if in school;

(g) Wholly dependent parents, age 65 or over, if the deceased insured wage earners left no surviving widow or child.

Lump-sum benefits are paid, in the case of workers who die leaving no dependents qualified for monthly benefits to the person or persons who pay funeral expenses.

Proof of age, required to prove eligibility for monthly benefits, is best established, Reed said, by a birth certificate. Where that is not available, a church record of infant baptism, an entry in a family Bible,

insurance records, naturalization records, army service records, or other sources of information will be considered.

According to Reed, the Amarillo field office maintains regular itinerant service to the principal towns in this area to assist claimants in the complete preparation of their claims, and arrangements can be made by mail for an appointment at one of these towns, if it is not convenient to visit the field office.

What France Must Pay

LONDON, Sept. 19. (P)—Official British sources declared today that besides 20,000,000 reichsmarks (nominally \$8,000,000) which France is required to pay each day for maintenance of the German army of occupation, the Germans have demanded 8,000,000 quintals (about 30,000,000 bushels) of wheat.

Britain Seeks U. S. Long-Range Bombers

WASHINGTON, Sept. 19. (P)—Reports circulated anew today that Great Britain had made inquiries about the possibility of obtaining some of the army's long range B-17 bombing planes.

The British were said to have asked if they could have some of the 59 bombers of that type now in service, particularly the older models, or if they could take over some of the army's current order for improved types of the plane. The improved ships are credited with a speed in excess of 300 miles an hour and a range of more than 3,000 miles.

Officials, non-committal on the reports, said the Boeing company

of Seattle had been authorized "some time ago" to negotiate for foreign sale of a commercial version of the huge ship.

Senator Lee (D.-Okla.) in a radio speech last night urged President Roosevelt "to make available to England such number of our flying fortresses, bombers, fighting planes and warships as in the opinion of the military and naval authorities of the United States should be transferred to England."

Draft Registration Forms Speeding By Air To 48 States

WASHINGTON, Sept. 19. (P)—Distribution of draft registration forms for printing began today, with master copies of the first four blanks speeding by airmail to the 48 states

where they will be reproduced by the millions.

The forms were the first of the series of 64 cards, questionnaires, placards, booklets and the like which will be needed in the huge task of enrolling 16,500,000 men next month and selecting some of them for military service. The ultimate cost of draft printing is estimated at \$1,500,000.

The President is expected to call the draft organization into official being today.

A house appropriations subcommittee called Gen. George C. Marshall, army chief of staff, to testify today on President Roosevelt's request on funds for starting the draft.

All printing bills will be paid by the federal government. While printing contracts can be negotiated in some cases, most will be let after competitive bidding.

Directors Of Bank Of England Meet In 'Dreary' Vaults

LONDON, Sept. 19. (P)—The directors of the Bank of England met in the vaults far below street level today and, after hearing the report of Montagu Norman, governor, declared a 6 per cent dividend.

Norman commented briefly on the fact that the meeting had to be held "in this dreary catacomb instead of in a lovely hall."

The bank, he observed, had been "somewhat upset and interrupted getting on with its daily business." He also declared precautions have been taken which are expected to "insure the bank's business will be carried on through all emergencies."

Jesse Jones Not Excited About Cabinet Post

WASHINGTON, Sept. 19 (AP)—Jesse H. Jones said he wasn't excited about becoming secretary of commerce today.

Just before going to the White House to take the oath, he was reminding inquirers that, although he had not been in the cabinet before, he had not been exactly idle during the eight years in which he disbursed about \$10,000,000,000 through the reconstruction finance corporation and related agencies.

"The job I had was about as important as most," he smiled.

It sounded as if he would have

turned down the cabinet job if congress had not rushed through a new law permitting him to retain his old post as federal loan administrator.

Reputed to be one of the canniest businessmen in the nation, the new secretary said it was too early to say what he would do with the commerce department. He murmured that, naturally, he'd like to do something to help business, and use the department's facilities in connection with his present defense lending projects.

"The department and the lending agency both have to do with business, it was natural to marry them," he said.

Jones was born 66 years ago in Tennessee, and reared on a poor tobacco plantation.

One of his boasts is that he can show a profit for the government on the so-called risky loans he made

to industry during the depression, but he started early displaying his business sense.

When his father gave him a pig instead of the horse he wanted, Jesse as a boy fattened the pig into a hog that could be traded for a cow that could be traded for a horse.

He got his real start in a Dallas, Texas, lumber yard, worked up to become first its manager and then owner. He branched out into real estate, banking, construction, and the newspaper business, and made a fortune.

Red Cross work brought him to national attention during the World War, and also took him to Buckingham palace, where King George V surprised him toasting shoeless feet before a royal fireplace.

President Hoover appointed him to the board of directors of the RFC

in 1932. Jones has been branching out since then until he directs almost 30 different federal agencies.

"Well, the President runs more outfits than that," he answered.

Uprising Denied

MEXICO CITY, Sept. 19 (AP)—Rumors of an uprising in Chihuahua state were denied in official quarters in the capital today.

The war department said there had not only been no confirmation of rumors that Lieut. Col. Cruz Villalva had risen in arms in mountains south of Chihuahua City, but that military reports from the area reported "all quiet."

First discovered in 1789, uranium was not isolated until 1912. It is a white, heavy, and metallic element.

British Fled In Disorder, Claims Italian Marshal

(By The Associated Press)

ROME, Sept. 19—Italy has thrown 14 Libyan divisions (about 170,000 men) in addition to Italian troops into the drive into Egypt and pushed back the British in a disorderly retreat, Marshal Rodolfo Graziani reported to Premier Mussolini today.

The Italian commander's report was made as a high command communique disclosed that the British fleet and air force had bombed and shelled Italian positions along 350 miles of the Egyptian and Libyan coast, as well as in East Africa and

the Dodecanese islands, in the eastern Mediterranean.

Graziani was reported to have told Mussolini he used 2,000 motor trucks in the eastward drive which surprised the British.

The British fled in disorder, abandoning equipment along the desert roads, losing more than half their tanks and armored cars, and suffering from shortage of gasoline and water under the bombing and machine-gunning of the Italian air force, the marshal reported.

The high command's communique declared Italian warplanes had compelled the British fleet to break off its coastal bombardment, intended to check the thus far rapid Italian drive into Egypt.

British air attacks on seven Italian bases in Eritrea, Ethiopia, British Somaliland and Italian Somaliland, resulting in seven killed and 13

wounded but "insignificant" damages, also were reported.

Italian bombers and fighters put the British fleet to flight and seriously damaged a 10,000-ton cruiser with an aerial torpedo when the warships closed in to shell Italy's new positions, and communication lines between Bardia and newly-seized Sidi Barrani, Egypt, the communique said.

The British evidently aimed at disrupting Italy's transport of water and fuel from her Libyan bases.

Reports from Cairo said British land forces continued to harass the steady Italian advance, but still refrained from major action, apparently preferring to choose their own time and place for a stand.

Superior planets are those having their orbits outside that of the earth; inferior planets have their orbits within our own.

Cotton Growers Asked To Approve Crop Production

WASHINGTON, Sept. 19 (AP)—With trade authorities predicting the smallest volume of exports since Civil War days, Secretary Wickard asked cotton growers today to approve production and marketing restrictions on their crop for the fourth consecutive year.

Acting under terms of the 1938 crop control act, the secretary proclaimed marketing quotas which would set a planting goal of about 27,900,000 acres and a marketing goal of about 12,000,000 bales.

The control program will be submitted at a grower referendum December 7. It must be approved by two-thirds of those voting to become operative.

'Humanized' Banking

There's been a revolution in commercial banking in recent years. It has been a bloodless and salutary revolution—and it involves banking's methods of "selling itself."

Dead and gone are the days when the banker sat in his bank, almost as remote as one of the Greek gods on Olympus, and waited for the nervous customer to come to him. Today banking goes to the customer—and it uses every possible medium to reach him. It advertises in newspapers and magazines. It issues brochures, which accurately explain to the layman how banking works. It has entered new fields of activity, such as small personal loans and automobile financing. And, as a result, its vital economic services reach a far greater proportion of the people than ever in the past.

Banking, in brief, has become "humanized." And that is all to the good for a variety of reasons. A public which really understands banking is not a public which readily falls for crack-pot schemes to socialize the banks, or to otherwise give the politicians dominance over the people's money. And, on the other side of the medal, when banking better understands the needs of the public, it does a far more effective job in building and strengthening the country.

Any man of character and standing with a legitimate financial need is welcomed in the commercial banks of today. His business is wanted—whether it involves a hundred dollars or a hundred thousand, so long as it meets with the requirements of law and safe banking practice. The banks want to put their money to work.

The Nation's Press

(Cedar Rapids Gazette—By Verne Marshall) "Land, if you had to work for it, never was free. Men paid for it in sweat and blood and loneliness, if not in dollars."

Whether or not so conceived, there were the two key sentences of the acceptance address of Senator Charles L. McNary, republican vice presidential nominee. The senator refuses to date "the decline of American enterprise from the time when the last free land was thrown open for settlement."

Rightly, he appraises that false assumption as the subterfuge of political opportunists, harping on defeatism.

Opportunity knocked for the pioneers who "went west" to take up their claims amid prairie and forest. But then, as now, the summons was a hollow one for those who mistakenly identified it as the signal of a paternalistic government, in the role of Santa Claus. Men had to risk daringly, work unceasingly, live frugally before they reaped the rewards of homesteaders. That's all we need today, if we would save democracy and opportunity for ourselves and posterity.

For several years this nation has been depressed by the defeatist philosophy in government. We have been told that with the disappearance of the frontier, opportunity was dangerously diminished. Yet the greatest social and economic advancement in our history came after the frontiers all had been eliminated. That is a matter of record. Our standard of living reached its greatest heights after the achievements of the homesteaders were history.

Whether the morale of this people has disintegratingly degenerated since 1929 must be finally determined less than two months hence. If the spirit that finally wiped out our frontiers was broken with their disappearance, the November election will bestow a third and conclusive victory on the promulgators of federal defeatism. Voters who will take responsibility for that victory will not be immune from its dismal consequences. We all will be in the same desperate boat. Americanism as we know it will have died, and democracy with it.

"What everybody wants for himself is 'peace and quiet.' It is what the age needs for the recuperation of its nerves, but society is full of schemers eager to 'get a majority' so as to use it to meddle with some other people's way of living their lives."—W. G. Sumner, "The Bequests of the Nineteenth Century to the Twentieth" (1931).

Behind The News

By BRUCE CATTON The Pampa News Washington Correspondent WASHINGTON, Sept. 19.—Behind the swap of those 50 destroyers for naval and air base leases on British islands there is a story of long, patient work by various private American citizens who have felt all along that England is to a great extent fighting America's fight.

First impetus came a couple of months ago, when some of these individuals who had access to official circles in England asked the British government point-blank what sort of help from America was most vitally needed. Back came the answer: "Destroyers—as many of them as possible."

This attitude was made known to the U. S. administration and the campaign was on. LETTER CAMPAIGN STIMULATED MOVE Most of the publicizing of the affair was carried on by the William Allen White committee. After the project had been before the public a while, the committee brought forth a high-powered legal brief asserting that under existing law the President had the power to trade the destroyers without prior consent of Congress. This brief, signed by four prominent lawyers—Charles C. Burlingham, Thomas D. Thacher, George Rublee and Dean Acheson—was published on the editorial page of the New York Times.

A little later, the White House suggested the cause might be helped if senators and congressmen began to get letters urging the transfer. The committee saw to it that some thousands of these were sent. After this, it engaged a survey organization to study the protests against the projected sale. This group analyzed the mail of various congressmen and reported

Common Ground

By R. C. HOILES This column contends there can be no satisfactory progress until we measure the shares of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

Who would not read sixty pages, if it gave him a clearer understanding of the causes of good government and thus made him a better citizen? During the next three or four weeks, this newspaper will reproduce in this column, while the Author of Common Ground is on a vacation, probably the most concise and clear cut explanation of political economy that has ever been written.

This explanation was written in 1849 by Frederic Bastiat, a great French political economist. It is reported that he was the first political economist who was able to write clearly enough or interestingly enough that he could sell enough of his books that he did not have to be subsidized, in order to have them published.

His writings were such masterpieces that most all of them have been translated into English. The Manchester, England, Examiner and Times reproduced this small book in their columns in 1852.

It will be remembered that England had just adopted a true liberal position in 1846 and the Examiner and Times were fearful that the liberal policy would not be continued without public opinion that would support it.

The paper introduced the articles with the following editorial note: "In these days, when doctrines subversive of the very basis of society are so sedulously propagated under the guise of philanthropy, when protection (the word is but a treacherous alias for spoliation) rises, like the vampire, from the grave, and threatens once more to suck the life-blood of industry, we think that we can scarcely render a better service to society than by the translation of at least one of those brief and pregnant treatises, which the late and long to be lamented Bastiat has left as a legacy to his country and to the world. As the bane comes so abundantly from France, it is well that there, too, the antidote should be sought. The essay which we propose to give has not hitherto been translated into English."

A crop of economic errors was being circulated in Europe at that time, similar to those that are now being circulated in the United States. The publication of these simple illustrations of economic principles under 12 headings is believed will as nearly explain fundamental economic principles as anything that has ever been written.

Political Economy In One Lesson or What Is Seen and What Is Not Seen BY FREDERIC BASTIAT INTRODUCTION In the economic sphere, an act, a custom, an institution, a law, produces not only an effect, but a series of effects. Of these effects, the first only is immediate, it appears simultaneously with its cause, it is seen. The others are only developed successively, they are not seen; it is well if they are foreseen.

Between a bad and a good economist all the difference is this: one considers solely the effect seen; the other considers both the effect which is seen, and the effects which ought to be foreseen. But this difference is enormous, for it happens almost always that, when the immediate consequence is favorable, the ulterior consequences are pernicious, and vice versa. Hence it follows that the bad economist seeks a small present good, which will be succeeded by a great future evil, whilst the true economist seeks a great future good, at the risk of a small present evil.

Thus it is not only in economics, but in hygiene and in morals. It happens often that the sweeter are the first fruits of a habit, the more bitter are those which follow. For example, debauchery, idleness, prodigality. When, then, a man struck with the effect which is seen, has not yet learned to discern the effects which are not seen, he abandons himself to ruinous habits, not merely through inclination, but on calculation.

The mournful evolution appointed to humanity is thus explained. Ignorance surrounds its cradle; its acts are accordingly determined by their first consequences, the only ones which, in its first stage, it can see. It is only after long time that it learns to take the others into account. Two very different masters teach it the same lesson—Experience and Foresight. Experience teaches efficiently, but very severely. It teaches us all the effects of an act by making us feel them, and we cannot miss learning in the end that fire burns, from the fact of our being burned. For this harsh teacher, I would fain substitute, as far as possible, one more gentle—Foresight. Therefore, it is that I shall examine the consequences of some economic phenomena, opposing to those which are seen, those which are not seen. (To Be Continued)

that the bulk of the no-sale letters were more or less directly Communist-inspired. Meanwhile, the White House carefully sounded out sentiment on Capitol Hill. Oddly enough, it learned that quite a number of Republicans would be just as well pleased to have the President go ahead and make the deal without asking Congress about it—the theory being that Congress probably would approve anyhow and that if there was any way of sparing members the necessity of voting on it, in an election year, so much the better.

DESTROYERS, NOT PLANES Unofficial word here from Britain is that transfer of the destroyers will greatly diminish the threat of a German invasion of the British Isles. Fifty destroyers, as naval experts here see it, added to British light craft, already available, should make any effort to land troops extremely hazardous; it is pointed out, too, that for shore-defense use in the narrow channel waters these boats will actually be as effective as so many battleships.

Britain's destroyer-building program got under way late, and only a few are being launched this year. Forty-one are due to be finished in 1941. Understanding here is that the British have plenty of anti-aircraft guns for the American vessels; as presently equipped, each of these destroyers carries only one, a three-inch affair.

Most interesting thing about the whole deal, in many ways, is the fact that it was destroyers, and not airplanes, which the British asked for. Obvious deduction is that they feel the air threat, onerous though it is, no longer represents an immediate danger to the life of the empire.

NEEDLEPOINT AND TOLSTOI In an effort to learn interesting biographical details, all studios submit questionnaires to new players. Most of the eight ingenues claim painting and sketching among their hobbies. One, who's best known for her flitting about night clubs, says she does needlepoint. Apparently none of them reads anything. Irashier than Shakespeare, Tolstoi or Dostoevsky, as he suppressed desire, one admits, "To tear up the sides of mountains to music like Wagner's Die Walkure."

The youngster in whom studio executives see most promise is 15-year-old Joan Brooks (real name, Brodel). She already has played adolescent bits in several pictures, and now she can qualify as a genuine glamorist. Best of all, though, is the fact the kid seems to be a natural-born actress.

Sales records show that one-half of the entire American crop of artichokes is sold by fruit merchants on New York's lower East Side.

THE PAMPA NEWS RAPID-FIRE DICTATION

Around Hollywood

By PAUL HARRISON NEA Service Staff Correspondent

HOLLYWOOD, Sept. 19.—In case you'd like to look over a new crop of cuties, the Warner lot is the best place these days. Eight glimmer girls are under stock contract, and are working, too. They're mostly doing bits, but the studio calls these parts "conditioning roles," implying that better jobs are coming.

It might be interesting to survey these eight, along with their backgrounds and qualifications. HERE'S AVERAGE PICTURE Let me present, then, the Misses Joan Brooks, Lucia Carroll, Suzanne Carnahan, Mildred Coles, Peggy Diggins, Anne Edmonds, Phyllis Hamilton, and Marie Wrixon. Put 'em all together and you've got a 19-year-old gal who is 5 feet 5 1/2 inches tall and weighs 116 pounds. Light brown hair, blue eyes, large mouth, excellent teeth, and the kind of figure that has done so much for the sweater industry.

Nothing unusual so far. Several other averages are easy to strike: Our composite ingenue didn't go to college, can't cook, doesn't diet, is mediocre at sports, doesn't want to get married until she has had more of a career, comes from a middle-class home, is crazy about clothes, likes music, but can't really play, never studies singing or dancing, is perpetually waiting to be rescued by a handsome hero, and thinks Hollywood is perfectly wonderful.

Nothing unusual so far. Several other averages are easy to strike: Our composite ingenue didn't go to college, can't cook, doesn't diet, is mediocre at sports, doesn't want to get married until she has had more of a career, comes from a middle-class home, is crazy about clothes, likes music, but can't really play, never studies singing or dancing, is perpetually waiting to be rescued by a handsome hero, and thinks Hollywood is perfectly wonderful.

Only three ever set foot on a professional stage, and only two experienced an impressive, Miss Brooks, only 15, appeared in vaudeville and night clubs with her two sisters. The precocious Miss Diggins, who is 16, displayed this-and-thats as a show girl in Broadway's International Casino. Miss Hamilton had a small role in a short-lived play in New York following a little-theater apprenticeship in Connecticut.

The Misses Carroll, Brooks, Diggins and Carnahan all did modeling, although the latter got her screen test and contract on the strength of her performance in a local little theater.

Miss Coles and Miss Wrixon also are models.

Only contest winner is Phyllis Hamilton. She entered a "movie doubles" competition in Ohio and won \$50 for looking like Loretta Young. She didn't realize it at the time, but she was the toughest handicap in Hollywood. Fortunately she headed for the stage, and by the time Director Edmund Goulding spotted her in New York she had changed her make-up and hair-dress.

Forty-six members of the home demonstration club of Gray county were to enter their work as a part of the Gray county exhibit at the Amarillo Tri-State exposition.

Five Years Ago Today A new chapter of Royal Arch Masons was to be instituted here at the Masonic Temple.

Pampa's WPA applications after being approved by the district office at Amarillo and the state office at San Antonio, were given the O. K. of the Washington WPA staff.

Pianist Gets Permit LAUSANNE, Switzerland, Sept. 19. (AP)—Ignace Paderewski, pianist and one-time Premier of Poland, has obtained permission to cross unoccupied France and Spain on his way to the United States.

He probably will depart within two weeks, it was reliably learned.

The word "unique" cannot properly be used in connection with "the word 'more' or 'most,'" since it means only one of its kind.

People You Know

By Archer Fullingim

This one says the Harvesters will beat the tar out of Children's best team in years tomorrow night. Why? Because this one has been standing in on the scrimmages, and he is convinced that what the Pampa boys lack in experience they are capable of making up in pure old D fight. If this team lives up to its pre-game prospects, it will be the fightingest team since 1932, regardless of what has been written in the News and said about the boys. We investigated personally, charges made by pessimistic fans and found them baseless. There's only one boy on the squad who won't work up a sweat and this one predicts he won't be there long. And we want to predict right here that once the fans see this year's Harvesters in action they'll never miss another game. So if you are not planning to go to that game tomorrow night you'd better re-write your schedule. You'll be sorry in a couple of months if you can't say that you have seen every home game.

This one is not trying to be mysterious, but you are going to see something you will like a whole lot when you see those light but mighty Harvesters start ripping things apart. Come on, get in on the ground floor with them because the fighting spirit they are riding should take them clear to the top floor.

Don't let anybody tell you things about this team. Come out and see for yourself—you have a treat coming to you anyway! These boys don't look like they are going to let anybody down or fold up. To a guy who didn't get up on the wrong side of the bed or who hasn't got a hang-over or a bad taste in his mouth, that bunch of boys looks like a football gold-mine, close up. Anyway, come out and see for yourself, and start right in yelling for them as soon as they blow the whistle.

It is of New York, my view, of Hudson river, of New Jersey Fall-ades, of docks, of Hell's Kitchen, skyscrapers, apartment houses, brownstone dwellings, petty shops, family wash lines, school houses, ocean liners, churches, penitentiaries, warehouses, motion picture houses, old houses, new houses, gas tanks and subway kiosks, standing in rows, like paper dolls cut from a folded newspaper.

It is the American scene down there, as dear, as close, as familiar and desirable to me as the American air I breathe these 18 stories above the city street.

It is the American scene, I say to myself, and out there in all that medley of human behavior, ambition, desire, love, hate, hope, courage and fear, is the design of my country, which stretches from coast to coast from north to south, its shape that of the map of the United States of America.

It would be difficult, even allowing the straight northerly line, to fashion a picture frame exactly the shape of that map. The jutting of Florida and lower California, the serrations of the Great Lakes, the indentations of the Gulf of Mexico states, would make it a jig saw cart-pentry job to fashion such a picture frame.

But within the framework lies the problem and the answer to the American case. And from my window, my little sector of it is every bit as authentic as the Kansas wheat sector, the Nevada Mohave desert sector, the Wisconsin dells, Pennsylvania coal fields, New England mill towns, Cape Cod fisheries or Oklahoma Oil lands. All of them part of the American case!

Down there, out there, I say to myself, intangible and real; remote and intimate, lies the American dilemma. And valuable beyond any price of democracy, is her integrity as a democracy.

Beneath her surface turmoil and torment, fear and hysteria, politics, cross purposes, selfishness and self-interest, that integrity remains the paramount issue.

Imbedded even in this one tiny sector of scene outside my window is a spot of protoplasm which is the source of the life of our nation.

And you cannot define it any more than you can define life itself.

OUR COUNTRY

FANNIE HURST STANDS AT HER WINDOW AND LOOKS AT THE ONE THING THAT MATTERS ABOVE ALL

Tenth of 24 articles on "Our Country," written exclusively for NEA Service and The Pampa News by the nation's most famous authors.

By FANNIE HURST Author of "Back Street," "Imitation of Life," "Four Daughters," etc. Every morning I look out of my window, which is a city window, and gives on one of the most dramatic views in the world.

It is a view as startling as that of a Tibetan monastery torn out of the rock of the top of the Himalayas or of the Grand canyon streaked with as many colors as a bottle of paint.

It is of New York, my view, of Hudson river, of New Jersey Fall-ades, of docks, of Hell's Kitchen, skyscrapers, apartment houses, brownstone dwellings, petty shops, family wash lines, school houses, ocean liners, churches, penitentiaries, warehouses, motion picture houses, old houses, new houses, gas tanks and subway kiosks, standing in rows, like paper dolls cut from a folded newspaper.

The War Today

By DEWITT MACKENZIE

Signs multiply that Hitler, foreseeing the possibility he may have to postpone his projected invasion of England, is preparing to cast his weight into the battle of the Mediterranean with Mussolini in an effort to crack the British empire from this fresh point of assault.

Britain's domination of the Mediterranean is one of the imperial foundation stones. It ranks next in importance to the security of mother England herself—indeed, it might be argued that the two are of equal moment.

As I see it, should this new strategic move be made Hitler will continue his efforts to reduce the British Isles to impotence by bombing. In particular he will try to force capitulation of London or level this ancient capital.

There is no indication that he has abandoned his dangerous scheme of invasion, although he is hard pushed by the circumstance that time and tide of the English channel wait for no man—not even the Nazi Fuehrer. In any event he cannot help but do with an effort to identify Spain more closely with the Berlin-Rome axis activities.

It would be hard to believe that Spanish Generalissimo Franco's actual participation in the war isn't under discussion. However, in view of his country's great weakness as the result of the civil war, it might be that he would be asked to make his initial contribution a grant of bases in his territory for German and Italian operations against Gibraltar and the western Mediterranean. Hitler's control of France, right up against the Spanish border, would favor such an arrangement.

In connection with the battle of the Mediterranean, one of America's foremost petroleum authorities tells me he is absolutely confident that the Berlin-Rome axis is being forced to push this campaign because of grave shortage of lubricating oils, without which manufacturing must collapse.

He says the situation is so bad that Hitler and Mussolini can't smash Britain within the next four or five months, thereby breaking the blockade, they will be faced with the absolute necessity of capturing the great Iraq oil fields, now controlled by England.

Possession of the Iraq fields naturally would be of small value to the axis unless it had transportation through the Mediterranean. This means control of that sea.

My expert, whose name I cannot give, says there is such a tremendous shortage of lubricating oils in Europe that all continental supplies are crippled industrially and commercially. He points out that while gasoline can be made synthetically, lubricating oils cannot, but must come from petroleum.

While we are on the subject of oil, I have been asked by a reader to give an estimate of Germany's gas consumption in bombing. I'm sorry but the best we can say is that the amount used is huge and that future gas supplies undoubtedly are one of the great worries of both Hitler and Il Duce.

I put this question to the expert, who would know the answer if anybody did, outside of high officials. He threw up his hands and said that any figure would be pure guesswork and worthless. Anyway, he believes the vital thing is lubricating oil because all manufacturing by machinery, including war industries, depends on it. As I have said, gasoline can be produced synthetically.

The United States has approximately 30,000,000 dwelling units, such as owned homes, rented homes, and rented apartments.

It squirms with the beginning of our American ideals and ideas. It is the source of our high love of freedom, our uncompromising demand for the dignity of human living, our specifications of tolerance, humanitarianism and the right to live and let live.

Out there, you willy-nilly politicians, pecking up your grains of gain, you Democrats, Republicans, pushing each other about, you-interventionists, isolationists, New Dealers, rich men, poor men, beggar men, doctors, lawyers, merchants, chiefs, there is one thing that matters above all in this great emergency of our national life, America! Concentrate on it. Save it and thereby save yourselves, your children and the greatest treasure that any nation can claim for its own—a democratic way of living.

Stand at your windows, you rich men, poor men, beggar men, doctors, lawyers, merchants, chiefs, Pool your interests. Pool your strength. Pool your energies. Focus upon that spot of national protoplasm.

Lying out there, stretching from coast to coast and from north to south is a scene that must be conserved within the jig saw framework of democracy.

It is the case for America! Upon your ability to subordinate all issues to that, lies our future.

I stand at my window and my thanksgiving goes up for the privilege of citizenship in this democracy.

America has imported too many ideas and fears from Europe says Robert F. Tristram Coffin, who advises us to try being Americans, in the next article of this series on "Our Country."

Coronado Entrada Moves To Historic Socorro Battlegrounds

SOCORRO, N. M., Sept. 19—As part of the state-wide celebrations in honor of Francisco Vasquez Coronado, a historical play, enacted on a huge outdoor stage, is being presented in many southwestern cities. It will come to Socorro, Sept. 26 and 27, and its battles will awaken echoes of many struggles around here.

Many were the encounters between Indians and Spaniards, Coronado came in 1540 and returns to Socorro, by proxy, in 1940, to fight again for the golden cities of Cibola. Much

glorious in history was a battle fought near Socorro during the Civil War. In 1861, a Confederate force drove a wedge into New Mexico territory. By 1862, General Sibley decided to take over the whole region and marched to plant the Confederate flag over Fort Union and the palace of the governors in Santa Fe. He had a force of 2,600 men to take Fort Union, an important supply depot about 100 miles east of Santa Fe, and then capture the capital.

The Union commander, Gen. Canby, reinforced Fort Craig, near here; and moved Fort Union to a safer place. When Sibley showed up near Fort Craig Canby withdrew to the fort. On Feb. 21, 1862, the battle began in earnest at Valverde. The Confederates, stopped at first, harked furiously and Canby withdrew.

Sibley took Santa Fe but was stopped at Fort Union, reinforced by a regiment of Colorado volunteers. He fought twice again in New Mexico—third and last battle of the Civil War in N-w Mexico—before withdrawing to Texas territory.

U. S. Civil Service Exams

In connection with the national defense program there is an urgent demand for instructors in the air corps technical school of the war department. An insufficient number of eligibles resulted from an examination for filling these positions which closed on August 15, 1940. The United States civil service commission has therefore reannounced an

examination to fill the following positions:

Instructor, air corps technical school, \$3,500 a year; also associate instructor, \$3,200; assistant instructor, \$2,600; and junior instructor, \$2,000 a year. The salaries are subject to a retirement deduction of 3% per cent.

Applications will be rated as received at the Washington office of the U. S. Civil Service Commission until further notice, and certification made as the needs of the service require.

Separate lists of eligibles will be established in the following optional branches of instruction in the aircraft field: Carburetion systems, engines, hydraulic systems, instruments, mechanics, propellers, fabric work, sheet-metal work, welding, heat treating, parachutes, and air corps fundamentals. Employment in these positions is under the army air corps, and vacancies will be filled at Chanute field, Rantoul, Ill.; Scott field, Belleville, Ill.; and Lowry field, Denver, Colo. Applicants must have completed at least 14 units of high school study and must have had certain experience as instructor in shop subjects or as shop supervisor.

Full information as to the requirements for these examinations, and application forms, may be obtained from Vaughan Darnell, secretary of the board of U. S. Civil Service examiners, at the post office or customhouse in this city, or from the secretary of the board of air corps technical school of the war department. An insufficient number of eligibles resulted from an examination for filling these positions which closed on August 15, 1940. The United States civil service commission has therefore reannounced an

Sixty million phonograph records and 370,000 new radio-phonographs were purchased by Americans last year.

Here's A Sight For Hitler To Never Forget

By W. T. YARBROUGH

LONDON, Sept. 19 (AP)—"It is feared that the casualties may be heavier than on recent nights," said the calm, prosaic official communique.

Not so calm, I saw rescue workers bring the still forms of a baby and five women from the basement of a flaming, bomb-shattered home in an ambulance here to gather up the dead and injured from this moonlight raid.

Then I watched a woman ambulance driver pump faint signs of life into two of the woman victims, while bombs still thundered around us and anti-aircraft guns boomed in answer.

A telephone call of a street address sent an ambulance to a three-story building, already in flames. One ambulance which reached the scene first was just leaving.

"Two—badly hurt," a policeman said. "One of those oil bombs."

Two men with a pick and spade dug frantically at the foundation backing through solid concrete.

"There's five down there," one of the workers said.

Then somewhere below a man's voice said over and over:

"All dead. All dead."

The man came up to the basement steps holding the body of a baby six months old. The child's plump legs dangled limply.

Other men in blue uniforms were coming up from the basement. One of them said, "Six altogether—not five. There's five adults and one child."

One by one, five women were brought up and stretched on blankets. Some bystanders turned away.

The woman ambulance driver and a fireman worked over the victims, trying artificial respiration. When doctors arrived they found the baby and two women dead, but detected life in the others and sent them away in the ambulance.

The woman driver told us:

"That's one bomb. We've had worse. We've had absolute hell."

In the grey dawn we had tea and waited for an all clear signal. As it sounded, swelling to a din, the woman driver said simply:

"There's always hope with the dawn."

Austin Man To Tell Texans About Draft

AUSTIN, Sept. 19 (AP)—The adjutant general's office today announced appointment of Col. Paul Wakefield of Austin, a member of the state staff corps, as press and public relations officer for Texas in administration of selective service measures.

Information concerning selective service measures and national guard affairs emanating from the adjutant general's office will clear thru Col. Wakefield.

One of the first Texas national guardsmen due for active military training is a newspaperman—N. Dwight Allison, managing editor of the San Antonio Light.

Allison is a captain on the state staff, which will be the first unit of the 36th division to be inducted into federal service.

The staff, comprised of 19 officers and several score of enlisted men, will organize and supervise the state's machinery for registration and selective service under peacetime conscription.

Because of its particular duties, the staff will not join the 36th division when it is ordered into a year's active training in the field.

Two New Locations Made In Wheeler

SHAMROCK, Sept. 19—Oil activities in Wheeler county showed a slight increase during the past week with two completions, one oil well and one gas well, and two new locations made.

Completions were the Budeco Oil co., No. 2 Walker, in section 44, block 24, H&GN survey drilled to 2,512, oil pay at 2,438 to 2,512, without shot; it pumped 39 barrels on a railroad commission test. The second completion was a gaser estimated at 5,000,000 feet located on the J. E. Mitchell lease 3 miles east and 4 miles north of Shamrock.

The Shell Oil corporation wildcat 8½ miles northeast of Shamrock shut down Friday afternoon at 2,132 feet and a stem drill test was being taken in the cherty dolomite.

New locations made were by Pendleton and Vaughan on the E. D. Holland farm one mile south of Twitty and the Gramp Oil company on the Will Sammons lease two miles west of Twitty. Both locations have been made and wells spudded in during the week.

Groom Seniors Receive Rings

GROOM, Sept. 19—Most of the senior class received their class rings during the past week-end.

The rings, this year, have a sparkling tiger's head mounted on red ruby. The great, extends slightly above the tiger's head, providing protection for the ruby and making the ring more serviceable.

Those receiving rings were: Tubby Angel, John Troy Whalley, J. L. Cranmer, Irvon Wrayne, Evey Clark, Austin Crowell, Frank Robinson, Bernard Koetting, Vernon Davis, John Townsend, J. C. Whalley, Jack Kuehler, and Kenneth Black.

Bethel Garner, Emma Grace Helm, Ethelreda Kuehler, Rose Elz Kuehler, Betty Jo Martin, Flora Glenn Robinson, Rosa Lee James, Billy Louise Hodges, and Evelyn Young.

Those ordering rings but not receiving them in this shipment were: Alfons Lehnick, Maxine Black, Lorena Fochte, Hazel Hearn, and Leonard Hoyt.

The boys received large belt buckles and the girls received compacts for placing an early order.

Officers Elected By Groom Classes

SPECIAL TO THE NEWS

GROOM, Sept. 19—Activities began to be a regular part of school life after their organization this week when all classes were organized in high school.

Those holding office in the senior class are: Kenneth Black, president; Billye Louise Hodges, vice-president and social chairman; Maxine Black, secretary; Jack Kuehler, treasurer; and Betty Jo Martin, program chairman.

The juniors elected: Perry Edward Johnson, president; Curtis Babcock, vice-president; George Benson Keeter, secretary-treasurer; Bernadine Ludwig, program chairman.

The sophomores holding office are: Kenneth Burns, president; Rex Schaefer, vice-president; Maxine Byers, secretary-treasurer; and Billie Pauline Bural, program chairman.

The freshmen started their first class organization by electing: Glenn Watley, president; Lorita Weems, vice-president; and Buster Wilkerson, secretary-treasurer.

The pep squad was organized this week. Anyone in high school, either boy or girl, may become a member and later it is expected that a boy and a girl will be chosen as pep leaders.

The Tigers Tale, school newspaper, was organized with Evelyn Young as editor, Miss Patricia Wedderbrook, English teacher, was appointed as sponsor.

Future Homemakers of Texas started their organization this week with a large enrollment. The boys

Las Cruces Reports Demand For Coronado Entrada Reservations

LAS CRUCES, N. M., Sept. 19—Wallace Perry, publisher of the Las Cruces Sun-News, and chairman of the local Coronado Entrada committee, said today he was expecting a great throng here for the \$100,000 Coronado show October 11, 12 and 13.

He based his prediction on the flood of letters arriving on his desk from all over the nation asking about the final showing of the great government-backed Coronado Centennial show.

Yesterday he had ten reservations from people in New York, nine from Pennsylvania, seven from Virginia, seven from Illinois, six from Indiana and many others were arriving daily.

The Entrada of Coronado will be given in the beautiful Queenberry stadium each night at 8:30. The show lasts two hours, the stage is as long as a football field, special lighting and sound effects will be brought here by the government Coronado commission, and every co-operation will be offered the city of Las Cruces in the final showing of the big show that has played to over 100,000 people during the past summer in four states where Coronado marched 40 years ago.

Already five hundred people are training for the show. The cast is made up entirely of Las Cruces people, who will be dressed in authentic costumes of the year 1540 when Coronado came through the southwest. The gowns and costumes are valued at over \$18,000.

Marine Office Open Every Day Except Sunday

The United States Marine Corps recruiting station at Room 14, Post Office Building, Amarillo, Texas, is examining and accepting young men for enlistment in the U. S. Marine corps every day except Sundays.

The Marine corps needs trained men and is willing to train young men in many technical trades. There are more than 100 free courses in many subjects offered Marines by the Marine Corps Institute. Besides the correspondence courses of the Marine Corps Institute, the Marine corps maintains seventeen vocational schools to train meritorious young men in some special profession. All of these schools are free to members of the Marine corps.

Service in the Marines offers the chance to travel extensively and see how the other half of the world lives. Marines are now serving in Alaska, China, Cuba, Guam, Hawaii, Panama, the Philippines Commonwealth, and the Virgin Islands. Marines sail the seas on board battleships, aircraft carriers, and cruisers.

Only plums that will dry without fermenting are used in making prunes.

There are between 3,000 and 4,000 professional boxers in England.

of the navy, and guard our navy yards and stations within the United States.

Applicants for enlistment must be white, single, 18 to 30 years of age, 54 to 74 inches in height, be of good moral character and in excellent physical condition. Only those who have satisfactorily completed grammar school are eligible. Men over 25 years old must possess some special qualification to be accepted.

A man 130 years old, in Baroda state, India, is said to be the oldest inhabitant of the British empire.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with scalding and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Now Many Wear FALSE TEETH

With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no stummy, sooty, pasty taste or feeling. Doesn't cause nausea. It's alkali (non-acid). Check its "odor" (denture breath). Get FASTEETH at any drug store.

Three Games To Be Played At Park Friday

Harvesters Talk It Up In Grid Practice

Three football games will be played at Harvester park Friday—a doubleheader in the afternoon beginning at 4 o'clock, and a single game at 8 o'clock. In the afternoon the Junior High Reapers and Junior High Peewees will battle two Ferris Junior high teams. In the night attraction the Harvesters will open the season with the Childress Bobcats.

No admission will be charged to the afternoon games. General admission tickets to the night game are available at all local drug stores. Season reserve and game reserve seat tickets may be secured at the office of the school business manager in the city hall or at the park.

Additional Sports Page 10

Fallbirds at Harvester park yesterday afternoon were overjoyed at the pep and chatter shown by the Harvesters during a long workout. Coaches put the boys through an hour-long dummy scrimmage and never for a minute did the boys stop chattering.

Although nothing was said about the change in spirit, the fallbirds felt that the boys have decided to show the curstone coaches and critics that the 1940 Harvesters are going to be the toughest ball club of the year.

Plays worked smoother during practice yesterday than ever before. Even new plays clicked. If the Harvesters can keep up the spirit and pep they showed yesterday afternoon they'll have fans overflowing the stands this year, fallbirds predicted.

Coaches have not yet decided on a starting lineup. There are two positions that appear open. Ed Riley is battling Jearl Nichols at right end while John Thompson is giving Ralph Burnett competition at right guard.

Childress has a team built around four backfield and three linemen from last year's district runner-up. Joe Gibson is reported to have another team that will give competition in the district. His Bobcats are hoped to give the Harvesters stiff competition, the kind they need to get experience.

Coach Mitchell will put the Harvesters through their final workout tonight at 7:30 under the lights at Harvester park.

Yesterday afternoon Coach C. P. McWright put his Reapers through a stiff workout in preparation for the invasion of the Ferris young men tomorrow afternoon. Coach McWright will field a big team with an experienced backfield but questionable line.

The Peewees, coached by Jack Davis, also went through a long workout yesterday afternoon on Central campus. Tomorrow the youngsters will feel grass under their cleats for the first time and they're expected to run wild after playing on dirt.

Football fans are urged to be at the park at 4 o'clock to see the Harvesters of 1942 and 1943 in action.

American Organizing Efforts For Britain

LONDON, Sept. 19 (AP)—Air Minister Sir Archibald Sinclair announced today that Col. Charles Sweeney, American veteran of the World War Lafayette Escadrille, was organizing an "eagle squadron" which will be composed of American flyers who volunteer to fight for Britain.

"Watch That Elbow, Sister!"

With the nation increasingly defense-conscious, Camp Perry, Ohio, is doing a land office business in its Junior School, where marksmanship is taught youths from 12 to 18, in connection with the annual National Rifle Matches. Above, Lt. Sanders advises pretty lilla Jean Erlandson, of Pavyon, Uta, on good shooting form.

Texas Tech Expects To Win More Games Than Last Year

SPECIAL TO THE NEWS
LUBBOCK, Sept. 19.—The Texas Tech Red Raiders are expecting better things than last year when they won five, lost five and tied one. Although they face a thunder and lightning card of eleven difficult games, the Raiders believe they will have the speed and determination to conclude the campaign with a better than .500 percentage.

There isn't much doubt but what the Scarlet and Black will show one of the nation's fastest major teams. Most of this speed will be from juniors and sophomores and there is no telling which way they will run, but mark it down that they will be running because most of the backfield youngsters can do the century in 9.9 and 10-flat.

Coach Peter Willis Cawthon, starting his eleventh consecutive year as commander of the Red Raiders, plans to work these four different backfields throughout the season, and somewhere along the campaign trail they're going to run some team tagged.

The No. 1 backfield is composed of C. L. Stors, junior left halfback; Thayne "Red" Amnett, sophomore right halfback; Ty Balm, junior quarterback, and Walter "Jumbo" Webster, sophomore fullback.

Now all this backfield includes is one of the Southwest's better triple threat stars in C. L. Stors, one of the fastest and most elusive runners in "Red" Amnett, a smart, kick-kicking signal barker in Ty Balm and not only a man of blistering speed but a power plant of flying heels, Kenneth Robbins, sophomore quarterback, isn't as fast as Stone and Austin but he won't miss any trains. Tom Douglas doesn't have the power of Webster and Dvoracek but he has more speed.

The No. 4 backfield includes Sophomore Ed Harris at left halfback, Glenn Lowe and Rusty Johnson at right halfback, Bill Brown at quarterback, and Peter Blanda at fullback. Harris is an accurate passer and a twisting runner who will be hard to handle. Lowe is a junior and Johnson is a sophomore and both are fast. Peter Blanda has a lot of power and is a fine place kicker.

African Ball Team To Play Here Tonight

The curtain will be rung down on the 1940 baseball season here tonight when the Detroit African Zulu Giants beat a team of Negro All Stars composed of the best players in Pampa, Borger, Amarillo, Lubbock and Clovis, N. M. Game time will be 8:30 o'clock under the lights at Road Runner park. Regular admission prices will prevail and a special section will be reserved for white fans.

The Zulus are not only great baseball players but they are clowns and they'll give the fans something to laugh at. Prince Rosta and Chief Bob provide most of the entertainment. The Zulus have been playing some of the best teams in the country.

Names of the Zulu players beat those of Fordham and Notre Dame football teams. The probable Zulu lineup will be: Andy left field; Roscoe catcher; Biles, third base; Bob center field; Jon, second base; Hood, first base; Penn, shortstop; Lu-zu, right field; Knzcedi, Tomtom and Kulu, pitchers; Jokko, utility.

The All Star lineup will probably be: Wilson King, Amarillo right field; Robert Sneed, Amarillo, third base; Elmo Sattberry, Lubbock, first base; Burgett, Burton, Pampa, shortstop; J. P. Johnson, Amarillo, left field; Charlie Salberry, Lubbock, center field; Buck Green, Borger, catcher; Henry Johnson, Clovis, second base; Pitmond Tommy, Amarillo, pitcher; Lefty Green, Clovis, pitcher; Joe Mitchell, Borger, utility; Isaac Williams, Amarillo, manager.

As an added attraction will be Gillespie Shaw catching while seated in a rocking chair behind home plate.

Wellington Will Go To Panhandle Friday Night

There are going to be a lot of hot Class A football games played in this section of the Panhandle Friday night with the headline attraction doped to be the meeting of the Pampa Panthers and the Wellington Skyrokers in Panhandle.

Coach Bill Mack Gibson's Canadian Wildcats will command a lot of respect when they tackle the Spearman Lynx at Canadian. The Wildcats made themselves feared with a 13 to 0 win over Shamrock last Friday night. When Coach Gibson uncovered a couple of great ball toilers in Briggs, quarterback, and Smith, fullback.

The Friday night game between the Wildcats and Lynx will be the first conference battle of the season. McLean will go to Phillips to test the strength of the Blackwaks. It will also be a test to see if Coach Cricket Christian can uncover a successor to big John Bond.

Clarendon will invade Lefors for a conference tilt Friday night. Lefors will be in Class A competition again after a year in Class B, has drawn the team favored to take the district title in the opening conference game of the season. Coach Francis Smith has a great team in the making but he will face experience and size in the Bronchos.

Houston Can Win One More Game And Play-Off Title

BEAUMONT, Sept. 19 (AP)—The Beaumont Exporters hatched today against a Houston team lacking but one victory of the Texas league play-off championship.

Behind three games to one, the Shippers must win today or the Shaughnessy series will be over. Houston, dropping but two games thus far in both rounds of the play-off, pushed the Exporters aside 4-0 yesterday with Ted Wilks, 24-year-old right-hander, limiting the Beaumonters to five hits.

Howard Krist, who pitched the Bufts to victory in the opening game of the series Sunday, was the choice today with Charley Fuchs opposing him.

Marshall Wins East Texas League Crown

TYLER, Sept. 19.—Marshall became champion of the East Texas league today under a ruling announced by President C. P. Mosley of Jacksonville which allowed a protest against Tyler's use of Nick Gregory in the Shaughnessy play-off.

Marshall protested on grounds that Gregory, an outfielder, had been sold by Tyler to San Antonio Aug. 19 and Tyler bought him back Sept. 8, the day before the play-off series started.

Schedule Of District One Teams Posted

Schedules of District one football teams have been completed and all teams will be in action on Friday night. Pampa, Amarillo and Plainview will play 10 games each, Lubbock nine games and Borger eight games unless others are scheduled.

Lubbock jumped the gun on the other teams by starting last Friday when they defeated Odessa 7 to 6. Complete District 1 football schedule for 1940 follows:

Pampa Harvesters
Sept. 20—Childress at Pampa.
Sept. 27—Vernon at Pampa.
Oct. 4—Olney at Pampa.
Oct. 11—Pampa at El Paso (Bowie).

El Paso High at Pampa
Oct. 18—El Paso High at Pampa.
Oct. 25—Plainview at Pampa.
Nov. 2—Lubbock at Pampa.
Nov. 11—Pampa at Borger.
Nov. 21—Oklahoma City (North Hill) at Pampa.

El Paso (Bowie) at Amarillo
Sept. 20—Lubbock at Fort Worth (North Side).
Sept. 27—Big Spring at Lubbock.
Oct. 4—Lubbock at Vernon.
Oct. 11—Hobbs, N. M., at Lubbock.

Borger at Lubbock
Nov. 1—Lubbock at Pampa.
Nov. 9—Lubbock at El Paso (Austin).
Nov. 21—Amarillo at Lubbock.
Nov. 28—Plainview at Lubbock.

Amarillo Sandies
Sept. 20—Quannah at Amarillo.
Sept. 27—Amarillo at Fort Worth (North Hill).
Oct. 4—Oklahoma City (Capitol Hill) at Amarillo.
Oct. 11—Amarillo at El Paso High.
Oct. 18—Norman, Okla., at Amarillo.

Forth Worth (North Side) at Amarillo
Nov. 1—Amarillo at Borger.
Nov. 11—Plainview at Amarillo.
Nov. 21—Amarillo at Lubbock.
Nov. 28—Pampa at Amarillo.

Plainview Bulldogs
Sept. 20—El Paso (Bowie) at Plainview.
Sept. 27—Plainview at Electra.
Oct. 4—Plainview at Quannah.

Texas Teams Range Over Four States

(By The Associated Press)
Texas college football teams range over four states this week-end in a general opening of the campaign. None of the conferences begin the championship drive but there is intercollegiate warfare and other teams go to Oklahoma, Louisiana, and Arizona for games.

Robstown To Get Fierce Test Against Wildcats

By HAROLD V. RATLIFF
Associated Press Staff

Texas schoolboy football fans will know tomorrow night if it's true what they've been hearing about the Robstown Cotton Pickers.

Rocky Rundell's top-ranking team couldn't have picked a more rugged trial horse than the Temple Wildcats, whom they meet at Temple in probably the state's outstanding game of the week-end.

Robstown, sleeping with lettermen and rated as about the strongest club in the city's history, meets in Temple a team ranked with the best in central Texas.

It's a big week-end for the Inter-scholastic league gridiron legions with 62 games on a schedule that fairly drips with important games.

Wichita Falls' Coyotes, another aggregation given a high place in pre-season predictions, also get a hard test to open the campaign. The Coyotes clash with the air-minded Masonic Home Mighty Mites who either beat you or scare the day-lights out of you though losing.

One game was played last night, a highly-rated Paris team defeating Adamson (Dallas) 6-0.

There are six tilts tonight, 52 tomorrow night and four Saturday.

Thirty-four interdistrict contests headline the card but there also is one conference game, the first of the season with Orange playing at Conroe in District 14.

The week's schedule by districts:
1—Friday: Bowie (El Paso) at Plainview, Quannah (Amarillo), Childress at Pampa, Shamrock at Borger.

2—Friday: Nocona at Electra, Masonic Home (Fort Worth) at Wichita Falls, Cisco at Burk Burnett, Poly (Fort Worth) at Vernon, Gainesville at Olney.

3—Friday: Southwestern university reserve at Abilene, Brownwood at Sweetwater, Roswell, N. M., at Lamesa, Wink at Midland; Saturday: San Antonio Tech at San Antonio.

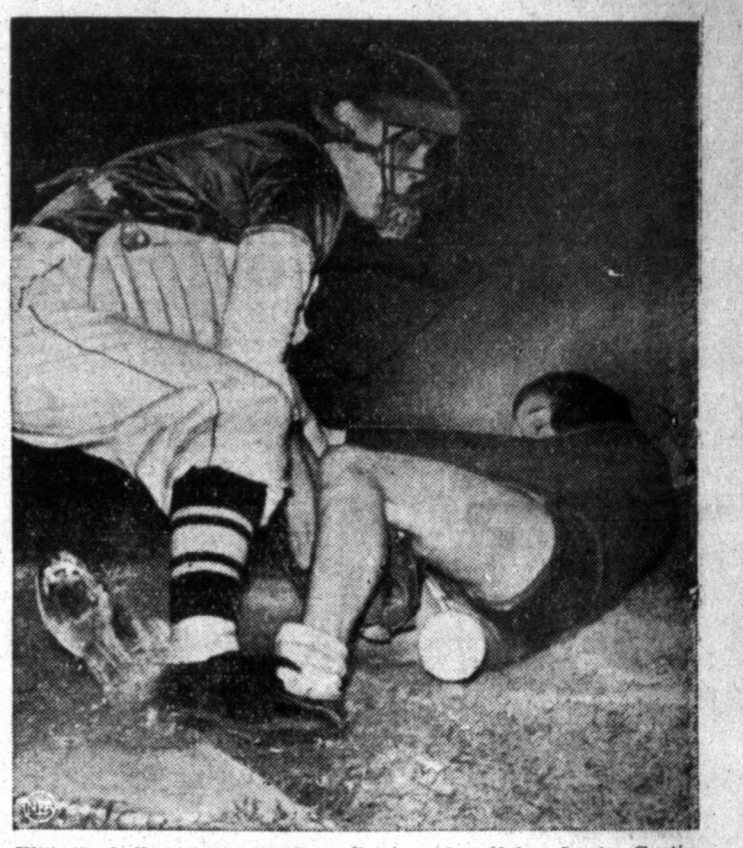

4—Friday: Big Spring at Austin (El Paso); Saturday: Las Cruces, N. M., at El Paso High.

5—Thursday: Whitewright at Bonham.
6—Friday: Denison at Greenville, Forest (Dallas) at McKinney, Sherman at Highland Park (Dallas), Hillsboro at Denton.

7—Friday: Lubbock at North Side (Fort Worth); Saturday: Cleburne at Riverside (Fort Worth).
8—Thursday: Sulphur-Springs at Dallas Tech; Friday: Corsicana at Sunset (Dallas); Saturday: Pashal (Fort Worth) at Woodrow Wilson (Dallas).

9—Friday: Arlington Heights (Fort Worth) at Breckenridge, DeLeon at Stephenville, Ysleta at Ranger, Graham at Mineral Wells.
10—Friday: Robstown at Temple, North Dallas at Waco, Kerens at Waxahachie, Hearne at Bryan.

Nothing Soft About This

With the ball getting away from Catcher Matt Nolan, Louise Curtis slides home safely in the fourth inning for one of the runs which gave the Phoenix, Ariz., team a 10-3 victory over the Cleveland entry for the world's women's softball championship in Detroit.

Reds Cop League Flag As Indians Regain First Place

By JUDSON BAILEY
Associated Press Sports Writer

While the American league has been muddling around for two weeks the Cincinnati Reds have copied their second straight National league pennant.

Their 4-3 triumph in 13 innings over the Phillies yesterday was their eighth victory in 18 games—a blistering finish that may have an important bearing on the world series.

It used to be the other way around. The American leaguers would show up early with a great show of invincibility and pounce upon their prey when the National league delegate finally arrived all out of breath. The Reds didn't stave off the rush of the St. Louis Cardinals last year until September 28, three days before the season closed, and they practically collapsed into the pit the Yankees had waiting.

Now the American league is locked in a death struggle.

The Cleveland Indians were so desperate yesterday they called out Bobby Feller with two days' rest to face the seventh-place Washington Senators. The strategy worked, and the Tribe triumphed in both ends of a double-header, 3-1 and 2-1, to regain first place. But it might boomerang when the Indians open a three-game series with Detroit tomorrow.

The Philadelphia Athletics scored nine runs in the second game of their double bill at Detroit yesterday to get a split and force the Tigers out of the lead. With the New York Yankees and Chicago White Sox still dividing their double feature, the standings are:

Club	Pct.	To Play
Cleveland	.579	9
Detroit	.576	10
New York	.552	11
Chicago	.545	9

The honor of clinching the flag for Cincinnati fell to Johnny Vander Meer, who kept eight hits scattered and struck out 16. Then, in the 13th, he led off with a double and scored the winning run.

The St. Louis Browns squeaked the Boston Red Sox, 11-2, with a 14-hit offensive.

Crackers Beat Vols
With the count one-all, Nashville and Atlanta will resume their Southern Association Shaughnessy playoff series under the lights tonight in Atlanta.

Chicago came close to passing over the Yanks into third place. Lefty Thornton Lee pitched six-hit ball as the Sox won the first game, 6-3. In the second game, the Yanks got four runs in the first. Chicago came back with five and added three more in the fourth. Then Twink Selkirk homered with two on in the seventh; the Yanks got two more in the eighth, and darkness closed the show before Chicago could do anything about it.

The St. Louis Browns squeaked the Boston Red Sox, 11-2, with a 14-hit offensive.

The Philadelphia Athletics scored nine runs in the second game of their double bill at Detroit yesterday to get a split and force the Tigers out of the lead. With the New York Yankees and Chicago White Sox still dividing their double feature, the standings are:

Club	Pct.	To Play
Cleveland	.579	9
Detroit	.576	10
New York	.552	11
Chicago	.545	9

The honor of clinching the flag for Cincinnati fell to Johnny Vander Meer, who kept eight hits scattered and struck out 16. Then, in the 13th, he led off with a double and scored the winning run.

British Claim Nazis Have Lost 4,000 Men, 1,867 Planes

LONDON, Sept. 19 (AP)—The British air force has lost 4,000 men since Aug. 8, Sir Archibald Sinclair, air minister, said today.

1. On First Looking Into Chapman's Homer by John Kenis. 2. My Last Duchess, by Robert Browning.

SMU Will Be Thrill Club Of Southwest

By FELIX R. McKNIGHT DALLAS, Sept. 19.—It looks as if Southern Methodist will have the "thrill" ball club of the Southwest this season—a club likely to lose a cascade of touchdowns.

Only nine more days and the Methodists, cluttered with truly fine backs, open against University of California at Los Angeles. If the Methodists "go" that evening, they could hurry right along to a top ranking spot in the nation.

The fine twin combination of Johnston and Malouf will be backed up by Bill Mullenweg, the toughest 180-pound blocking back in the Southwest, and Bobby Brown, a geyser signal caller who reminds of Davey O'Brien's play selecting.

Buried on the second string is a lanky boy who can throw footballs with any of them—Johnny Clement. He will alternate with Malouf and could almost be classed as the Methodists' fifth back.

Remove the tackle "if" and Southern Methodist will challenge the Texas Aggies—the team that slipped by them, 6-2, last season.

BITS ABOUT BOWLING

Furr Food, Jones-Everett and Schlitz Beer were winners in the Class A Bowling League games rolled at Berry alleys Tuesday night.

BEES STING PIRATES

BOSTON, Sept. 19. (AP)—The Boston Bees defeated the Pittsburgh Pirates, 4-2, yesterday when Jim Tobin held four former teammates to five hits.

CARD'S BLAST DOGGERS

BROOKLYN, Sept. 19. (AP)—The St. Louis Cardinals broke over the Brooklyn Dodgers 14 to 4 yesterday with a 17-hit assault on four Brooklyn pitchers, who were given scant support.

CARD'S LOSE 10TH

NEW YORK, Sept. 19. (AP)—The New York Giants dropped their tenth straight game yesterday, falling before the Chicago Cubs, 4 to 3, as Stan Hack hit two home runs for the winners.

NEW YORK GIANTS

Chicago, Sept. 19. (AP)—Chicago Cubs defeated St. Louis Cardinals, 4-2, yesterday when Stan Hack hit two home runs for the winners.

Groom Six-Man Team Will Open Season Friday

Special To The NEWS GROOM, Sept. 19.—The Groom Tigers open their 6-man football season at home against the hard-hitting squad from Dodson Friday night at 8 o'clock.

Coach Butch Clark's probable starters for the Dodson game will be Troy Whitley and Austin Grosvel, ends; John Angel, center; John Townsend, quarter; Kenneth Black half; and Jack Kuehler, fullback.

All home games will be played under the lights of Fireman's field at Dodson. All, except the Dodson game, will be played on Thursday nights in order to permit the local fans to get to the games of the larger surrounding schools.
