Plainview All-Stars Lose Out

Miss Tamara Jennings of Dallas returned to Dallas Thursday after visiting in the home of her parents, Mr. and Mrs. J.B. Jennings of Lazbuddie. Tamara is employed as a fashion consultant at Dreyfus & Co. in Dallas.

School Superintendent Neal Dillman, David, Mark and Maribeth left Wednesday for Gunnison, Colorado where they were to meet Mrs. Dillman and vacation until Sunday. Maribeth has been spending the summer with her grandmother Hayes in Ringwood, Oklahoma and flew Monday to Amarillo, where she was met by her father.

J.W. Coppedge, manager of Five Area Telephone Co-operative, left Monday for Colorado Springs, Colorado where he attended a meeting Tuesday and Wednesday for telephone managers and directors from over the southwestern part of the United States.

Mrs. Roy Hogan and her daughter, Mrs. Gordon Murrain returned Sunday after spending several days visiting in Spearman with a daughter, Mrs. E.J. Callaway.

The three women went to Dodge City, Kansas to visit another of Mrs. Hogan's daughters, Mrs. Doug Grimes, and her children.

Stanley Wilson got a hole-in-one on the ninth hole at the Muleshoe Country Club Thursday. Jerry Mobley said this was the first hole-in-one at the country club in more than a year.

He said Herb Griffith was the last person to make a hole-in-one.

Following the championship game in District I Babe Ruth League Thursday night, Pampa was declared the undisputed champion for 1969. The hard-hitting, hard-playing team downed Plainview 11-0 to take the winning plaque and the district win.

Pampa had four runs from five hits in the top of the first inning. Dale Ammons, who played center, banded in an RBI on a double to center field and was followed by two RBIs with a double to right field. Randy Blumber ended scoring in the first with a single to right field.

Mike Edgar slammed home an RBI in the second for Pampa, which was one of the three runs in that inning. They scored once in the third and twice in the fourth to bring the score up to 10.

In the fourth, Plainview had their first hit of the game. It was a single to left field from the bat of Darryl Carter. This was all but wiped out a play later when Pampa tabbed two men on a double play.

Pampa scored one run in the fifth. They made a smooth, professional type double play in the sixth inning to again retire the Plainview team without any runs.

In the top of the seventh, Plainview made a double play which eliminated the Pampa team without scoring.

Raymond Schroeder presented the winning Pampa team a winning trophy immediately following the game.

Next Monday, Pampa will play in the second game on the first night of the State Babe Ruth All-Star tournament at Graham. The tournament will be held from July 20-July 26.

In action Wednesday night, Pampa downed Dumas 9-0 to bounce back from their defeat

DISTRICT I BABE RUTH ALL-STAR WINNERS--By virtue of a win 11-0 over the Plainview Babe Ruth All-Star team, Pampa went home from a four-day tournament in Muleshoe with the coveted District I plaque. The team will begin competition in Graham on Monday, July 4 for the state championship. Raymond Schroeder presented the plaque to wind up the Muleshoe tournament. Muleshoe was eliminated the second night of play.

NSC Estimates 3 Out Of 4 Tractor Upset Fatalities Could Be Prevented By Frames

National Farm Safety Week has been proclaimed for the week of July 20-26. Due to the high incidence of farm accidents during the year, including within Bailey County itself, some tractor safety tips have been compiled.

Statistics gathered by the National Safety Council show that each year nearly 600 persons in the United States are killed in tractor upset accidents. An additional 5,000 persons suffer injuries, many of which are permanently disabling.

Leon J. Urben, manager of the Council's Farm Department, says the privately supported, non-profit organization has launched a nation-wide, all-out attack on farm tractor upset accidents. The program is called TOPP-for Tractor

Overturn Prevention and Protection.

Urben estimates that three of four persons now killed in tractor upsets could be saved if their tractors were equipped with protective frames or crush-resistant cabs and safety belts.

Urben says protective frames and crush-resistant cabs are now available for many makes and models of tractors.

"If," says Urben, "you are thinking of buying a new tractor, ask your dealer about having it equipped with a protective frame or crush-resistant cab. It might save your life."

The Council recommends the use of a safety belt along with these safety devices.

The operator, Urben says, can do much to prevent overturn or any other kind of tractor accident by observing the following basic rules.

- Read and be familiar with the instruction manuals for your equipment.
- Keep yourself in good physical and mental condition by getting enough rest, dressing comfortably, working at a pace within your physical abilities, and taking mid-morning and mid-afternoon rest breaks.
- Avoid operating on steep slopes, and stay clear of ditches, embankments and the like.
- Drive slowly on rough or muddy surfaces and slopes, or when visibility is poor, such as when moving in high grass.
- Reduce speed when turning

Robert Hooten Area Director TADA Group

AUSTIN -- Special -- Robert Hooten, Muleshoe Motor Co., has been appointed to the keel post of Area Director of the Texas Automobile Dealers Association.

H.C. Pittman, TADA executive vice president in Austin, said Hooten will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Muleshoe area.

"Mr. Hooten will work closely with the legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Pittman.

"The job of Area Director is one of the most important in our giant statewide association," said TADA President Ben Bock, New Braunfels, "and

Who is he? Where did he come from? What is he doing here? These questions were uppermost in the mind of Bailey County Sheriff Dee Clements and other officers when Muleshoe came up with a 'mystery boy' Tuesday night.

He was tentatively identified as Leobaldo Martinez Carrillo by Border Patrol officers at West Plains Hospital Friday evening. Confusing stories and many names compounded the several day old mystery which officers are still trying to unravel.

The tangled ends of the mystery which dangled before the sheriff and his deputies began in this manner:

When Muleshoe City Police- man Forist Williams stopped a 1960 Chevrolet just after 2 a.m. Wednesday morning, he did not know at the time that a series of events would happen that have all local and area law enforcement puzzled.

The young man was checked and had no driver's license, social security card, draft card or other valid identification. He was jailed by officer Williams for having no driver's license and for investigation. When booked at the police department, the youth gave the name of Robert Martinez and his address as a street in Brownfield.

He also gave the age of 18 and his birthdate as January 18, 1951 in Monahans. The Monahans County Clerk's records showed no birth on that date in Monahans.

That just begins the story. When Deputy Sheriff Ken Petree went up to the jail to feed the prisoners Wednesday morning at an early hour, he found young Martinez unconscious. Attempts to revive the youth failed and an ambulance was summoned and he was taken to West Plains Memorial Hospital. He was treated at the hospital Wednesday and re-

turned to the courthouse just before 8:30 a.m. Thursday morning. Deputy Petree again started up the stairs to the jail with the youth. Part way up the stairs the boy again collapsed, this time in the arms of the deputy. He was bleeding heavily from his nose. Taken into the sheriff's office, he collapsed across the Sheriff Dee Clements' desk, unconscious and bleeding.

A Singleton ambulance was again called and the youth taken back to the hospital where blood transfusions and intravenous feedings were begun. Questioning by officers was to no avail, the boy gave them another name. This time, he said he was Leobaldo Martinez Gonzalez and still maintained that he was born in Monahans on January 18, 1951. The boy told officers he had come to Muleshoe to locate a brother and a cousin. Checking with all

Ladies' Golf Tournament On July 23

The Ladies' Annual Partnership Golf Tournament will be held on Wednesday, July 23 at the Muleshoe Country Club. It will be held in conjunction with the Naomi St. Clair Memorial Tournament this year.

A shotgun start at 9 a.m. will herald the beginning of a day of golf for the ladies at the club. There will be partnership and low ball.

Entry fee is \$15 with the deadline set at 6 p.m. on Tuesday, July 22.

Luncheon will be served. Defending champion is Cookie Bamert winner of the Naomi St. Clair Memorial Tournament last year.

West Texas' PGA Juniors To Meet Here

Muleshoe Country Club Golf pro Jerry Mobley has announced that the West Texas Chapter PGA Juniors will play in a tournament at Muleshoe on Friday, July 28.

There will be a shotgun start at 9 a.m. Mobley said entry fee is \$2 and there are three age brackets for the tournament; 12 and 13 years; 14 and 15 years and 16 and 17 year.

The golf pro also said that any boy 18 or under who still has high school eligibility is eligible to participate in the tournament.

Andrews Team Wins Muleshoe Tourney

A team from Andrews, shooting a 122 for 36 holes, won the Pro-Am Golf Tournament at the Muleshoe Country Club this week. S.A. Smith was the winning pro and the amateurs were

David Brown and Steve Thompson.

The annual tournament was played Monday and Tuesday at the Country Club and drew entries from more than 20 area towns.

Local Offices To Be Closed

Following the successful launching of Apollo 11 on Wednesday morning, President Nixon asked all federal, state, county and city governments and as many other businesses possible to remain closed Monday for a 'National Day of Participation.'

"In past ages," Nixon's proclamation said, "exploration was a lonely enterprise. But today, the miracles of space travel are matched by miracles of space communications; even across the vast lunar distance, television brings the moment of discovery into our homes, and makes all of us participants."

In accordance with Nixon's proclamation, Postmaster Spencer Beavers announced there will be no window service city or rural delivery. He said first class mail will be put in post office boxes.

County Commissioners met Friday afternoon and it was decided to close the Bailey County Courthouse on Monday. Mayor W.B. LeVeque said if the courthouse closed, city offices would also be closed.

Other local government offices, including the soil conservation offices, Department of Agriculture and other agencies were expected to be closed during the day.

Lending Law Explanation Slated Here

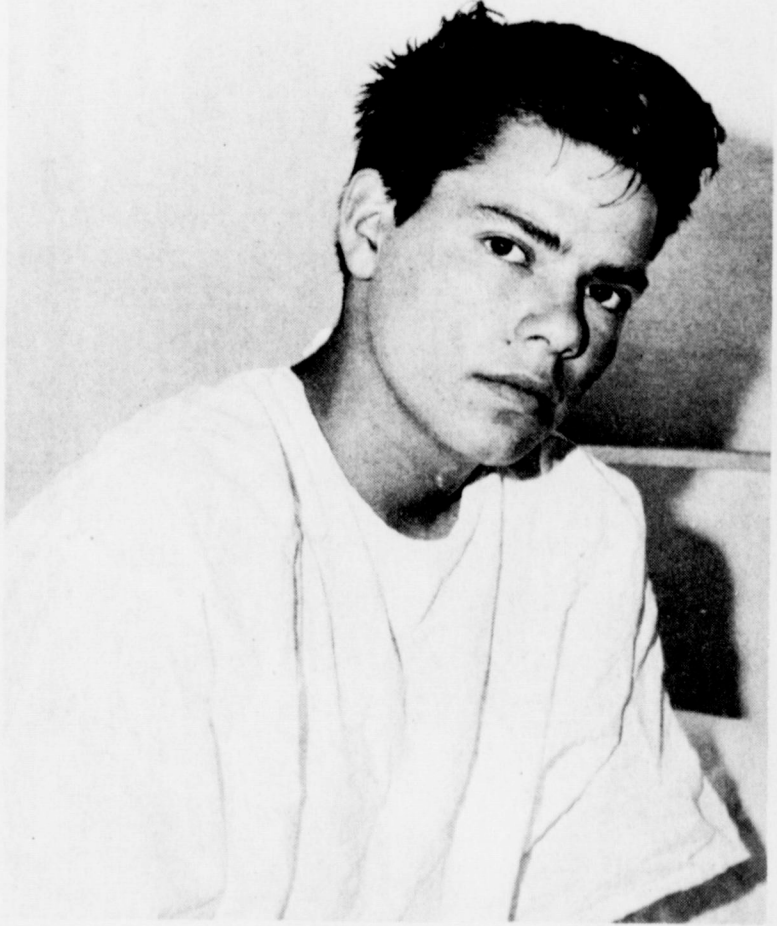

M.D. Gunstream of the First National Bank said the bank is sponsoring an information session on the Truth-In-Lending Law which went into effect on July 1.

Gunstream said that he has been holding meetings at the bank for those businessmen who need to know more information about the new law, but in view of the fact of the seriousness of the law, he has secured an out-of-town attorney and banker to come to Muleshoe to go into the law in depth.

Elmer East, the attorney from Lubbock, has studied the new law and will explain the various phases of the law to local businessmen at the meeting which will be held at the bank on Thursday, July 24 at 8:30 p.m.

MIDNIGHT ACCIDENT LEAVES INJURIES, PROPERTY DAMAGE--A bone-jarring accident at the intersection of Highways 70 and 1055 in downtown Earth late Friday night sent one woman to Clovis Memorial Hospital after emergency treatment at West Plains Memorial Hospital. Eight people were in the camper pickup which broadsided a 1955 Ford driven by Robert Pedroza of Littlefield. Noble Glover, Clovis, was driver of the 1969 Chevrolet pickup which was traveling west on Highway 70. The Pedroza vehicle was going north on 1055. Kathy Jones, Clovis, received emergency treatment at the Muleshoe hospital and taken to Clovis. Minor injuries were sustained by others in the accident.

YOUTH POSES MYSTERY FOR SHERIFF'S OFFICE--This youth, who gave his name as Robert Martinez, and his age as 18, posed a three-day mystery for Sheriff Dee Clements and his officers as his address could not be verified, nor his identity. Officers were attempting to contact some of the youth's family after he became ill and was hospitalized at West Plains Memorial Hospital.

Water Importation To Serve Millions

LUBBOCK -- Texas Tech research shows 9.8 million persons live in the areas to be served by the Texas Water System plan to import surplus water from the Mississippi River through Louisiana into Texas and Eastern New Mexico.

Dr. Vernon T. Clover of the Department of Economics at Tech said the survey shows

that number living in the 174 counties part or all of which are within 30 miles of the proposed import channels and reservoirs or in areas of present or potential irrigation under the plan.

"The 153 Texas Counties involved," he said, "contain 8.8 million persons, while 235,000 live in 10 counties in New Mexico.

people in the area with the name of Martinez has brought no results. Many people have gone to the hospital in an effort to identify the boy. He gave the names of Francisco Martinez and Manuel Martinez as relatives. Sheriff Clements and his deputies have checked since Wednesday morning with various people whose names or telephone numbers have been found in the billfold he had in his possession.

Telephone numbers and addresses were from Kermit, Clovis, Odessa, Big Spring, Lubbock and possibly, other unidentified addresses. Officers were called at Kermit, Monahan, Odessa, Brownfield and messages sent to Presidio and Marfa, as a bus ticket stub from Presidio to Marfa was found in his possession.

The shown registered owner of the vehicle he was driving was contacted in Odessa. The man reported that he had sold

the 1960 Chevrolet 'several days ago' to an unknown Spanish man. He said he did not remember the name of the purchaser of the vehicle.

Dr. B.O. McDaniel said Friday morning that the youth is in fairly good condition except for chest pain. He said that electrocardiograms had been made and he was waiting for results from them. Also, the doctor reported that the youth was apparently suffering from malnutrition. Other tests are being made to determine the extent of his illness.

Sheriff Dee Clements and his deputies are continuing the search for relatives of the youth. Due to his sudden illness, the sheriff feels that relatives of the young boy, as yet not positively identified, need to be with their son, or brother.

The sheriff requests that anyone who may know the boy, whose picture accompanies this story, or who may have seen the youth, to contact law enforcement officials.

Most of Muleshoe's problems in the law enforcement field are

routine, however, the present 'Mystery of the Unidentified Boy' has local officers puzzled, as well as his reluctance to identify himself.

co and 686,000 live in 11 counties in southern and western Louisiana.

The department's figures show that the total population in those counties increased one million between 1960 and 1966, a 12 per cent gain.

"In Texas," Dr. Clover said, "there are 3.7 million persons in the affected counties along the Sabine River in East Texas plus the northeast counties in Texas and in the northern counties, including Dallas and Tarrant, westward to the edge of the High Plains area of West Texas."

"One million live in the counties on the High Plains of West Texas. The coastal counties, including the city of Houston, in the 'man-made valley' created by the import route in that section of the state, have a population of 2.8 million."

More than 800,000 persons live to be served around San Antonio in South Central Texas, the survey showed. The remaining 500,000 population in the counties involved live in the El Paso and middle Rio Grande areas.

Most of the water to be taken by the project, Dr. Clover pointed out, is removed from the Mississippi near the mouth and presently flows into the Gulf of Mexico. Enough will remain in the tributaries to serve the marshland near where it will be diverted, he said.

Cotton Renner, Friona; Cal Garrett, Hereford; Bud Posey, Dimmitt; Courtney White, Lorenzo; Bill Wilson, Slaton; Jimmy Wilcoxson, Great Southwest; Dale Neuman, Hillcrest, Lubbock; Troy Badgett, Amarillo and Val Howard Lamesa.

Also, Joe Collins, Dumas; S.A. Smith, Andrews; Andy Anderson, Perryton; Dick Clark, Phillips; Mike Duggers, Brownfield; Jerry Mobley, Muleshoe; Babe Vanlandingham, Morton and Duke Kinkaid, Kermit.

The pros each brought two of their local golfers to act as their partners in the tournament.

This next week, July 20-26, I will be in Ft. Worth attending the annual Chamber of Commerce Manager's Seminar. The school is designed especially for Chamber of Commerce manager, and the instructors are experts in the Chamber of Commerce field, with years of experience behind them. Besides the school, another vital part of the institute is talking to other chamber managers about common problems and the solutions to these problems. Through talking to other managers in the past, I have realized how fortunate I am to be in Muleshoe. I plan to learn as much as possible at T.C.U. so that I will be able to better serve you.

P. C. Asselin

CHING CHUAN KANG, Taiwan--US Air Force Staff Sergeant Phillip C. Asselin, son of Mrs. Harold Boynton of Jinkensville Road, R.D. 1, Glens Falls, N.Y., has been decorated with the Air Medal for air action in Southeast Asia.

Sergeant Asselin, a flight engineer, was cited for his outstanding airmanship and courage on successful and important missions completed under hazardous conditions.

He was presented the medal during ceremonies at Ching Chuan Kang AB, Taiwan, where he is now serving in a unit of the Pacific Air Forces.

The sergeant is a graduate of Chestertown (N.Y.) Central High School. His wife, Randell, is the daughter of Mr. and Mrs. James C. Hartley of 616 W. Second St., Littlefield.

Dan Smallwood

WITH US COMBAT AIR FORCES, Vietnam--Sergeant Dan L. Smallwood, son of Mr. and Mrs. James J. Smallwood, 1709 W. Avenue G, Muleshoe, Tex., is on duty at Bien Hoa AB, Vietnam.

Sergeant Smallwood is an accounts maintenance clerk in a unit of the Pacific Air Forces. Before his arrival in Southeast Asia, he was assigned to the Headquarters Squadron at Lackland AFB.

The sergeant, a 1960 graduate of Muleshoe High School, attended Lubbock (Tex.) Christian College. In 1964 he received his B.S. degree from Abilene (Tex.) Christian College, and later studied at Texas Christian University at Fort Worth. He is a member of Phi Delta Psi.

His wife, Donna, is the daughter of Mrs. Winona R. Bolen, 7278 Solemview Drive, Fort Worth.

Pedro Espinoza

VIETNAM--Marine Sergeant Pedro A. Espinoza, son of Mr. and Mrs. Alfred A. Espinoza of Route 1, Muleshoe, was promoted to his present rank while serving with the First Marine Aircraft Wing in Vietnam.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

Air arm of the Third Marine Marine Aircraft Wing operates several hundred aircraft including fighter, attack, reconnaissance, helicopter and transport aircraft.

In addition to providing aviation support to the First and Third Marine Divisions, the wing supports other U.S. and Allied forces throughout the Five northernmost provinces of the republic.

J. F. Newton

WITH US COMBAT AIR FORCES, Vietnam--U.S. Air Force Staff Sergeant Jimmie F. Newton, son of Mrs. Delia Whitson, 821 Sixth St., Olton, is on duty at Tan Son Nhut AB, Vietnam.

Sergeant Newton, a refrigeration and air conditioning specialist, is in a unit of the Pacific Air Forces. Before his arrival in Southeast Asia, he was assigned at Robins AFB, Ga.

The sergeant, a graduate of Colbert (Okla.) High School, is married to the former Alice P. Fisher, daughter of Mrs. Essie Fisher, Platter, Okla. Mrs. Newton's father, W.C. Fisher, also resides in Platter. Sergeant Newton's father, Buster Newton, resides at 1237 Virginia St., Reno, Nev.

Mrs. Hawkins Returns Home

Mrs. Lena Hawkins returned to her home July 8 after several weeks of visiting with relatives.

She left Muleshoe June 5 for Oklahoma City, where she attended the wedding of a nephew, Duane Gage. Returning home several days later, she stayed here two days and then left for San Diego, Calif. where she visited with her son and family, the V.L. Hawkins. While she was visiting with them, Mrs. Hawkins and her daughter-in-law and two of the children drove to Astoria, Oregon to be with Mrs. Lena Hawkins' grandchildren, the children of the late Kenneth Hawkins.

Area Girl Attending Upward Bound

Opal Graves, daughter of Mr. and Mrs. Eldridge Graves of Lazbuddie, enrolled this week at West Texas State University for a six weeks course of pre-college instruction for high school juniors and seniors.

Miss Graves will be a senior at Lazbuddie High school this year and is regarded as an outstanding student and athlete. She was chosen a junior class favorite at Lazbuddie last year.

A student at Muleshoe Junior high during her sixth, seventh and eighth grades, she was an excellent basketball player during the eighth grade under Miss Glennya Masten.

Prior to that time she attended Hilltop School where she played basketball under the coaching of F.D. Harris, principal and coach at that time. Also an outstanding athlete is her fifteen year old brother, Arthur Graves.

The father of the family has been for the past several years unable to work and the mother works as a domestic. Opal is the oldest of nine children still at home.

For students such as these,

the Department of Health, Education and Welfare has instituted an experimental program now in its third year on WTSU known as "Upward Bound" such as Miss Graves is participating in at this time, purpose of which is to orientate high school students for college lining and to open doors and windows they cannot manage by themselves.

Upward Bound is divided into three groups, said Mack Bush, project director on the campus of West Texas State University.

Students enroll in their first summer program the summer before they are juniors in high school. They receive no academic credit for courses taken in the program, "simply encouragement and enrichment," Bush said. The inductive approach to learning is used, questions asked and reasoning used to provide the students with a learning experience.

The summer session lasts six weeks and coincides with the regular summer semester at WTSU.

The students attend classes on Monday, Wednesday and F

riday in computer math, social studies, English, Study skills to teach them how to study, and physical education. Tutoring sessions are provided each night. On Tuesday and Thursday, they attend classes in science, art or crafts, reading and physical education. On Saturday group guidance sessions are held for all the students.

"The second part of the program is called the follow-up program," Bush said. "We work with the students in their schools, continuing to stay in touch with them and providing counseling and tutoring for them," he said. Meeting place is set up, either at the school or a community center in the student's area and use college students plus a qualified teacher to supervise their activities and provide services.

The third phase of the program is called the bridge summer. After the high school students graduate from high school they come to the campus and enroll in regular college courses. They are on their own but additional counseling and tutoring are provided to help them make this adjustment.

Upward Bound students live on campus with all expenses paid. They are provided a weekly stipend of \$10 per week during the summer program and \$5 per week during the follow-up program. No financial aid is furnished to continue in college but they are coached in ways to obtain financing.

It is estimated the cost of putting one student through the Upward Bound program is \$2400 for the three year period and that if they become contributing citizens of society, income taxes of \$300 per year for eight years would repay the cost.

To be eligible for the program, students must be college material and meet economic requirements.

Colleges and universities in Texas where Upward Bound programs are established are WTSU, Texas Tech, SMU, McMurry, Prairie View A&M, Texas Southern, Texas A&I, University of Texas at El Paso, Baylor, Huston-Tilletson at Austin, St. Mary's in San Antonio, and Southwest Texas State College at San Marcos.

Memories For a Lifetime

Some women would debate six weeks before deciding to make a 10,000 mile camper trip with two other women...Mrs. Jewel (Harold) Griffiths learned about the opportunity Thursday at noon and by the next day had decided it was too good to miss...just grabbed her bonnet and ran...

Mrs. Hattie Boling, a former teacher in Muleshoe who roomed in the Griffiths home when here, mentioned to Mrs. Griffiths that the sister-in-law of a friend, Mrs. Myrtle Lowance of Espanola, N.M., wanted to find someone to make the trip with her. Monday, June 3 the three left on the six weeks trip paralleling Steinbeck's "Travels with Charlie", that was to take them to most of the national parks of the Pacific northwest, through Colorado, Utah, Idaho, Wyoming, Montana, into Alberta, Canada, British Columbia, the Yukon and to Fairbanks, Alaska, their turning point.

They traveled in a Volkswagen camper and cooked most of their meals outside only sleeping three nights in motels. They shared expenses of the trip and housekeeping duties, with Mrs. Boling and Mrs. Lowance doing the driving.

A visit in Gunnison, Colo. was the first of many such pleasant experiences. Salt Lake City was a place they particularly enjoyed the capitol and a guided tour of Temple Square and a chance to hear the famed Mormon Temple Choir practice for television. They spent the night there with friends and made a tour of Great Salt Lake, even wading into the water.

Of Yellowstone National Park in Wyoming, Glacier National Park in Montana and the Grand Tetons Mrs. Griffiths could only sum up their grandeur and beauty by saying they "spoke of the wonderful handiwork of God."

July 6 the travelers reached Calgary, Alberta, Canada. Here they were entertained by friends of Mrs. Boling. They thought it amusing that the art club had met with the woman and as souvenirs, each member had painted a picture on a board of the yard fence.

Banff National Park and Jasper were beautiful beyond description and "so cold we could hardly cook out". Utilizing government camps through this area they drove into British Columbia and saw the famed Lake Louise, resort of the wealthy. A 35 mile trip around the edge of Kuane Lake was fun,

exploring abandoned log cabins and collecting bottles, and enjoying the splendor of the scenery.

At Dawson Creek they hit the Alaskan Highway and drove 1526 miles to Fairbanks. It was good to leave the potholes of dust of the graveled road through Canada for the pavement of the Alaskan Highway, but wherever they went they were plagued with the oversize mosquitoes, in mild weather or in cold.

Tok, Alaska was the first town they visited and here they made reservations for a boat trip a week later, from Raines to Prince Rupert. Through here the women felt they "did not do it justice", traveling too fast and missing so much. They found fellow travelers friendly and helpful when they experienced tire trouble over rough roads with enough traffic they never felt alone or afraid.

Feeling they "simply had to see Mt. McKinley" they made the drive and enjoyed anew the wild beauty of mountain sheep, herds of caribou, elk, deer, moose and bears.

Back at Haines Junction they met fellow travelers, Mr. and Mrs. Winsor Laceywell and four children of Ventura, California, also en route to Haines. Friendship ripened after they learned Mrs. Laceywell is a niece of Mrs. Alex Williams of Muleshoe and a friend of Mrs. Boling's daughter. Mr. and Mrs. Laceywell both were teachers at Ventura. Typical of the camaraderie of Alaska was the invitation to lunch given by Laceywell, which they accepted while thinking, "What would I have thought if my husband had invited three strange women to lunch without any notice?"

The women just picked up a cake and a salad and went along to a most enjoyable meal, followed by more the same next day. There were motorcycle rides taken, all in a spirit of good fellowship, and so many things done, such as picking salmon berries, strawberries and raspberries along the highway, cherish as memories for years to come.

While on the boat trip from Haines, the Taku, they went to Juneau where they climbed the streets "almost straight up", made the acquaintance of a wo-

man who brought them gifts of trout and deer sausage, more evidence of the spirit of friendliness of Alaska.

Of interest at Juneau was Mendenhall Glacier, which they were told is receding and its sister glacier which is advancing, a phenomena not yet explained.

The Chilkoot tribal dances, staged for tourists, at Port Chilkoot, Haines, Alaska were colorful and thoroughly enjoyed by the women.

At White Horse, Canada forest fires were so bad the ice usually cut from rivers for storage purposes had melted and the women were given fish a number of times because of this. They felt saddened to see the thousands of acres, blackened and some still smoldering and wasted.

The 30 hour boat trip was most enjoyable to Mrs. Griffiths since it was her first. At Tarrance, Canada they enjoyed a colorful rodeo, and at Osoyoos arrived in time for the Cherry Carnival, in the heart of Bing cherry orchards.

Trying to avoid heavy traffic through Washington, they drove a 'dry' route, but did enjoy the apple orchards, Crater Lake in Oregon and mountains covered with ice and snow is a place remembered with pleasure. Reno, Nevada, Carson City and Lake Tahoe were their next stops-they found Lake Tahoe "Sumpin".

Yosemite National Park, Sequoia and King's Canyon National Parks, home of the redwoods, were awe-inspiring. Mrs. Griffiths recalled the talk of the forest ranger and of him telling the group a nine year old girl, lost for two days, had been found that day and that the search cost citizens of United States about \$10,000.

Bakersfield, Calif. was next and from there to Barstow where they were met by Mrs. Boling's son who took them to Orange for a couple of days. Mrs. Griffiths left the other two at San Bernardino and spent two days with her brother and family at Big Bear City, also visiting with nieces and a nephew at Anaheim. Here she particularly enjoyed seeing a house and its furnishing built by an old man entirely from native trees and materials on his land (she plans to use some of the ideas gained there).

The travelers were at Mt. McKinley the longest day of the

year and reported the light hazy at one or two o'clock in the morning. "We just covered up our heads and went to sleep."

From California, "The Alaskan Kid" and her partners drove home without many stops because Mrs. Boling plans to attend summer school at TWU and then teach at Boyd, Texas.

"There is so much to be seen no one should miss it," said Mrs. Griffiths who thinks the national parks of our country are "wonderful."

Ben Konis, Amarillo artist, will be presented in a One-Man Show of his recent paintings and drawings at the Reynolds Gallery, Taos, New Mexico. The exhibition opens July 19th, and runs through August 10th. On Saturday, August 2nd, a reception to meet the artist will be held from 2 to 5 p.m.

Since moving to the Southwest from New York City, Mr. Konis has painted scenes of this area, and has completed a group of works depicting the Taos Indians and their Pueblo.

The artist also conducts art classes in local area towns.

Mr. and Mrs. Donnie Newman and children Matt, Mark and Cindy and Mrs. John Colden all of Dallas visited last Friday until Monday with Donnie's parents, Mr. and Mrs. G.R. Newman. Matt and Mark remained to spend the week with their grandparents.

Mr. and Mrs. C.C. Snitker attended the funeral service of Mrs. A.N. Johnson 2:00 p.m. Tuesday at Abernathy. J.C. Snitker and children, Cathy and James went to San Angelo, Wednesday with a load of sheep.

Mr. and Mrs. Arthur Cash from Ryan, Okla. were guests in the home of his brother, Mr. and Mrs. Jerome Cash last Tuesday and Wednesday. Other guests Wednesday were his sister, Mrs. Vergie Wade and daughter, Mrs. Evoynne Williams of Lubbock, and a nephew, Mr. and Mrs. James Cash of Hereford. Mrs. Cash's sister Mr. and Mrs. Paul Wells of Amarillo were also guests Thursday.

Queen of the Week was Mrs. George Whatley. First runner-up was Miss Judy Lambert and Mrs. Martin Oliver was second runner-up. After the meeting refreshments were served and a gift of slacks was given to Mrs. C.E. Rogers who will be moving to Corpus Christi soon.

This Is... My Story

BY SHARON HARRIS

When I was nine years old, I found Christ as my personal Saviour. Many times, since then, I have failed Him, but He has always told me to keep going. It is so wonderful to know that anytime I need a friend, I have one in Christ Jesus!

He is just so wonderfully great to me! He loves me, and I love Him; and when I sin, I just say a sincere prayer to Him, asking Him to forgive me. And, He does forgive me! Anytime I have a problem, large or small, I go to Him and He helps me overcome it.

I pray that during our Youth-Led Revival at the First Baptist Church, July 27 through August 3, more people will come to know Him as their Saviour, and find within their hearts the peace and happiness that I have. THIS IS THE FIFTH ARTICLE IN A SERIES OF EIGHT, WRIT-

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex., -- Stiff resistance is forming to a proposed 11.4 per cent average private auto insurance rate hike.

Gov. Preston Smith promised a "full scale" investigation of soaring rates after State Insurance Board rate experts recommended the new increase.

Smith said the proposal "borders on catastrophe" and the car insurance situation "has become intolerable for many of our citizens." Governor announced an early meeting with insurance company executives and said he is considering appointment of a select panel of citizens outside the industry to

make a thorough study and recommendations.

Board rate - authorities blamed the increase on the number and cost of auto accidents. Labor cost for repairs, in particular, was emphasized. Recommendations and testimony at the public hearing will be reviewed by the board before August 1. New rates will take effect with policies written or renewed on or after September 1.

Liability rates, under staff recommendation, would go up 5.5 per cent. (Bodily injury coverage actually would be reduced 3.7 per cent, but property damage would increase 21.4 per cent).

Collision insurance could increase 17.5 per cent. Comprehensive coverage for physical damage would climb 24.9 per cent.

Commercial vehicles, with better safety records, would get lower rates. Figuring all classes of vehicles, the statewide average increase would be 9.2 per cent under staff recommendations.

Insurance company spokesmen urged even higher increases, but AFL-CIO spokesmen urged for reduction, rather than raise.

"An automobile is an absolute necessity in our current society, and I, for one, do not intend to sit idly by and see it priced into a position of being a luxury," said Smith.

TREASURE HUNT CAUSES RUCKUS--A story which began

BATTERED RAMBLER RESTS ON CURB--This 1962 Nash Rambler Station Wagon rests on a curb at 16th and West American Boulevard Wednesday afternoon following an accident involving it and a 1965 Pontiac. Forest Creamer, who was driving the station wagon, was taken to West Plains Memorial Hospital where his left shoulder was x-rayed and stitches taken in the shoulder.

in 1553 still is one the state's headline items.

Lawsuites, sharp exchanges between state officials and threatened impeachment proceedings raged over what should

be done with the treasure recovered from a Spanish galleon which sank in a storm off Padre Island more than 400 years ago.

Land Commissioner Jerry Sadler incurred the ire of a legislative committee earlier when he declined to cooperate with members probing his agreement with the Gary, Ind., firm of Platoro, Inc. Sadler's proposal was to salvage artifacts from the sunken ship and divide the loot 50-50 with the state.

Sadler announced that he had recovered all the articles taken from the galleon by Platoro and has them in his custody. He got a court order temporarily restraining Platoro from further salvage operations which firm, according to Secretary of State Martin Dies, engaged in the Padre treasure hunt without the proper state permit.

District judge at Corpus Christi postponed a hearing on disposition of the treasure until after the special legislative session. Meanwhile he named a committee to determine if the Gary salvage firm still has some of the treasure and, if so, how to get it back. Serving on the Committee are Col. Wilson E. Speir, director of the Department of Public Safety, Atty. Gen. Crawford C. Martin and Ed Harte, Corpus Christi publisher.

State Rep. Jake Johnson of San Antonio threatened impeachment of Sadler over his contract with Platoro.

DEER HUNTING LONGER--Longest deer hunting season yet has been set by the Parks and Wildlife Commission.

Season will open on the morning of November 8 and continue until sunset on January 1, 1970.

Commission agreed to reduce the white wing dove season drastically. Shooting will be permitted only on one weekend in September, since experts reported the dove population down 20 per cent from last year.

ELECTION FILINGS COMPLETE--Nine candidates filed for the House of Representatives in District 73 in the July 22 special election to pick a successor to Rep. R.G. (Randy) Pendleton of Andrews.

Candidates for the Andrews, Dawson, Gaines, Lynn, Martin and Yoakum counties spot are: Raymond G. Burton, Jim Clack, Jack R. Cook, and Jerry D. Mitchell, all of Andrews; E.L. Short of Tahoka; Ray Trent of Denver City; Delbert R. Warren of Seminole and S.W. Wheeler of Stanton. Applications of two others, who did not file within the deadline, were rejected.

Norman F. Newton, 27-year-old aide to Sen John Tower, is the new executive director of the Republican Party of Texas.

Governor Smith named to the new Credit Union Commission Wilfred S. Mackinnon of Baytown, Robert W. Mitchell of Longview, Pete G. Gooch of Fort Worth, R.C. Morgan of El Paso, Walter V. Duncan of Richardson and Glenn D. Johnson of Houston.

COURTS SPEAK

A patient can still collect on a hospital insurance policy, even if most of his expenses are paid by Medicare, says the State Supreme Court in agreeing with the appellate court in an Abilene case.

A serum company is liable for damages in the death of 25 registered calves in Ochiltree County, says the Supreme Court in backing a trial court. Court found that antibiotic given the calves for a respiratory ailment was unfit for use.

A Waco seed company's failure to protest its tax assessment before the board of equalization did not deprive it of the right to challenge the valuation in court, the High Court said in a decision upholding the Waco Court of Civil Appeals but reversing the trial court.

Supreme Court has agreed to hear an application by the El Paso Times on a libel case by a former UT-El Paso professor. Dr. Richard Trexler claims he was libeled by a letter published in the Times. Trial court found no actual malice or damages, but the appeals court said the jury got the wrong definition of actual malice and ordered a retrial, which the Times appealed.

Court upheld an appeals decision that Deaf Smith County landowner Vada White and others would have to start over in a land condemnation suit involving Natural Gas Pipeline Co. of America.

Dallas man, convicted of slaying a school girl, got a new trial by order of the Court of Criminal Appeals, because his lawyers were not given an advance list of prospective jurors.

Court of Criminal Appeals reversed conviction of a Galveston man for possessing narcotics paraphernalia because his lawyers were not given an the trial court permitted testi-

mony on information given the police by a drug buyer.

Smith is setting up a 27-member Governor's Health Advisory Committee to work with the Texas State Comprehensive Health Planning Agency and has arranged a two-day orientation program.

Needmore News

By Mrs. F.O. Warren

Norma Souder is vacationing in South Carolina where she is visiting some of her relatives. Mr. and Mrs. W.R. Underdown had a surprise visit from her Brother Jack Hickman, his wife and three children from Kansas City, Missouri. Mr. and Mrs. Hickman left here when he was 6 years old so he saw quite a lot of changes.

Mrs. Bill Hucklebee had surgery at Lubbock, but she is doing fine.

Mrs. Lewis Shafer and some of her relatives left for Dallas Tuesday morning, July 15. They are going to find it hot there.

Mr. and Mrs. Jiggs Beene and children from Ft. Worth were vacationing in California and came by to visit his brother, Fred Beene. They also visited with Mr. and Mrs. Eddie Beene and Mrs. Minnie Gilbreath before returning to Fort Worth.

The Needmore community mourns the death of Raymond Akins who was killed in a gun accident. He had lived out here before moving to Muleshoe. He still farmed Mr. Tom Turner's farm also Mr. Felton Harper's farm.

Mr. and Mrs. F.O. Warren visited their daughter, Faye Neal and family at Elmore City, Okla., then went on to Wichita Falls, Texas where they visited another daughter, Floy Fonville and family over the 4th of July holidays.

Mrs. Dean Faver and children, Kerry and Donna of Littlefield visited and spent the day July 15, with Mrs. Francis Evins.

Miss Kay Warren, daughter of Leon Warren was having a happy Birthday with a swimming party when she hit her chin on the side of the pool and had to have 6 stitches taken in it.

Mr. and Mrs. W.R. Underdown had their two grand-

daughters, Denise and Darla also Ron visit them for a week from Lubbock as they are moving back to Odessa, Texas.

Mrs. Lloyd Davenport and daughter-in-law, Gereta went to Lubbock, Tuesday, July 15. They were to do some shopping but their excuse for going was to have the car washed.

Mr. and Mrs. Jamie Beene and children Jeff and Joy have been guests of Eddie and Pat Beene this week and have now gone to Red River where they will fish and rest before returning to Cleburn, Texas.

Mr. H.C. Goodman has had surgery, but he is doing fine.

Mrs. Goodman is still on the sick list but some better.

Mrs. Ann Lynskey was back in the Hospital for some treatment but is back home helping to see after her husband Perry who has a broken arm.

Mr. and Mrs. Zack Reasoner went to Dallas and saw their two sons, Al and Terry, over the July 4 holidays.

STORE CAREFULLY
Lettuce stored with other fruits and vegetables is more likely to develop russetting, a type of browning on the inside of leaves, according to Extension food specialists. Store lettuce separately.
