Good Evening

The shifting systems of false religion are continually changing their places; but the gospel of Christ is the same forever. —T. L. Cuyler.

BRITISH REPORT FOUR GERMAN SHIPS SUNK

FOUR ROOSEVELT GENERATIONS

At Hyde Park, four generations gathered for a little reunion. Left to right: Mrs. Sara Delano Roosevelt, the President, Franklin Jr., and Franklin 3rd.

Pampa Red Cross To Plan Roll Call Drive

'Corky' Resigns To Campaign For FDR Reelection

WASHINGTON, Sept. 24 (AP)—Thomas G. Corcoran, a central figure in the Roosevelt administration, told reporters today he had resigned all three of his federal jobs to campaign actively for the reelection of President Roosevelt. Corcoran's official positions were RFC attorney, special assistant to the attorney general and trustee of the electric home and farm authority. He was a frequent consultant of the President. He said the RFC connection was his only "pay job." Corcoran resigned to become one of 14 vice-presidents in an organization of independent voters supporting Mr. Roosevelt. It was formed today with Mayor LaGuardia of New York as chairman and Senator Norris (Ind-Neb) as honorary chairman. Vice-presidents include Dean James M. Landis of the Harvard law school, former SEC commissioner; former Governor John G. Winant of New Hampshire and former Governor Chase S. Osborn of Michigan. Secretary of Interior Ickes, who attended the meeting, was listed as a member of the group's executive committee. The group arranged to see President Roosevelt during the day.

Shower Falls During Night

A second typical autumn day was experienced by Pampans, with a cloudy sky prevailing here following a 30-inch rainfall early this morning. The shower, second rainfall here in two days, made the total precipitation in Pampa 91-inch since Sunday, the monthly total 141-inches, yearly 12.11. A radio report listed Spearman as having a two-inch shower.

Alamo Falls Again

AUSTIN, Sept. 24 (AP)—The Alamo has fallen again, but this time no lives were lost and the material damage was slight. The famous painting by H. A. McCardle entitled "Dawn at the Alamo" which hangs in the senate chamber fell last night. One corner of the huge frame slipped from a wall ledge.

I Heard . . .

Dan McGrew and Garnet Reeves plotting as to how they are going to get Fred Thompson elected district Kiwanis club governor. They are his campaign managers. McGrew, who is city judge, wondered if the election meeting couldn't be transferred to Pampa so that he could jail all opposition camps.

Complete line of fancy groceries at Barrett's Frozen Foods Locker, Phone 1212. (Adv.)

To plan the annual Red Cross roll call, a meeting of the advisory board of the Pampa chapter has been called by Hal Lucas, chairman, for 4 o'clock Thursday afternoon at the city commission room.

Miss Anna Murray of St. Louis, district Red Cross representative, will be present to assist in mapping the 1940 campaign. Latest project of the local chapter is the acceptance of a quota of 50 sweaters to be completed by December 31. Pampa women are asked to call at the Red Cross headquarters this week for yarn so that the sweaters will be finished before the Christmas rush, according to Mrs. Fred Roberts, production chairman. The local office is located adjacent to the library in the city hall and is open from 4:15 to 5 o'clock on Tuesday, Wednesday, Thursday and Friday.

Chairman Tells What's Done Results of the American Red Cross campaign earlier this year were summarized in a letter received here recently from Chairman Norman H. Davis, Washington, D. C. The results:

1. The 20 million dollar war fund was over-subscribed.
2. Congress is making available \$50,000,000 for certain categories of European relief.
3. Since early July the Red Cross has made 102 shipments of relief supplies and two by Clipper plane. Sixty-six British steamships have provided free cargo space for Red Cross relief supplies, and not one of the shipments has been lost at sea, or otherwise.

Articles of clothing, ranging from 26,000 hospital bed shirts to 18,000 layettes, made in Red Cross chapters, numbered 110 different types. Heaviest production has been in women's and children's clothing. Purchased articles shipped numbered almost 100 types. Largest shipments were 151 ambulances, 25 motor trucks, 155,000 blankets, more than 600,000 yards of material to be made into hospital garments and sheets by women sewing in units all over the British Isles for the women's voluntary services, 300,000 spools of thread and 720,000 buttons for sewing units, 150,000 bed sacks, 412,000 pounds of soap, 550,000 pairs of men's women's and children's hose, 48,000 nursing bottles and 75,000 nipples, and other similar items too numerous to mention. Medical supplies included gasoline generators for x-ray machines, operating tables, 50 blood transfusion apparatus, 23 portable x-ray units, 2,000 pairs of surgeon's gloves, and very large quantities of medicines. Drugs and equipment also are now being assembled to be sent for 10,000 convalescent beds to be set up in private homes in England. Foodstuffs sent included 2,110,000 cans of condensed milk, 2,000,000 pounds of sugar, 240,000 pounds of molasses, for evacuated and refugee children.

Another Carolina Story COLUMBUS, S. C., Sept. 24 (AP)—Balding a bootlegger's house here, police could find no whiskey although the rattle of bottles was audible and the smell of liquor strong. Finally an officer smelled a tub in which one of the members of the household was still taking a bath. The man had been splashing away in whiskey. Occupant and tub were carted away to headquarters.

Hull Urges Senate To Ratify Treaty WASHINGTON, Sept. 24 (AP)—The senate foreign relations committee, told by Secretary of State Hull that European possessions in the western hemisphere must not become a battleground of the present war, unanimously recommended today that the senate ratify the treaty of Havana. The treaty, encompassing an agreement between the United States and the 21 Latin American countries to co-operate in the temporary taking over of European possessions at any threat of change in sovereignty, was sent to the committee last week by President Roosevelt, accompanied by a letter from Hull.

War Flashes A SOUTHEAST COAST TOWN, England, Sept. 24 (AP)—Air battles which experienced observers said were the fiercest seen here since the war began were fought over this town this afternoon when 50 German planes coming in waves were engaged by British Hurricane fighters.

By C. YATES MCDANIEL, HANOI, French Indo-China, Sept. 24 (AP)—Japanese forces are again attacking French positions near Langson, 80 miles northwest of Hanoi and 12 miles inside the border of French Indo-China, French official sources reported tonight. The new thrust, the French said, followed 12 hours of comparative inactivity, during which the French troops were under orders to fire only if fired upon. LONDON, Sept. 24 (AP)—Headquarters of the "free French" forces in London said tonight in a communique that Gen. Charles de Gaulle decided to invade Dakar, French West-Africa, because Germans and Italians were assuming control of aerial bases there.

British Carry Out Greatest German Raid

(By The Associated Press) LONDON, Sept. 24—Countering German invasion preparations with all its power, the British air force today, attacking German ships caught in the English channel, carrying out the greatest raid of the war on Berlin and leaving the German-held French coast in flames. Eyewitnesses saw five British bombers dive in line upon four medium-size German ships approaching Boulogne, on the French coast, and apparently sink them all. The channel was almost as smooth as glass. Geysers of water hid the ships from view after a first barrage of bombs. When one ship was seen to remain, a second diving attack was made. After the water and smoke had settled, it too had disappeared from the view of observers on the British coast at Folkestone.

Although torpedo-armed German mosquito boats dashed out of the Boulogne harbor, they quickly put about and returned to their base. British sources said the attack on Berlin last night was carried out by relays of planes which started and returned like scheduled trains from a railway station. The German capital's main power station and gas works were said to have become flaming beacons which guided the way to subsequent attacks on freight yards, stations and utilities.

The Reich's air force again sent huge formations swarming over the southeast coast in thrusters at London, which resulted in two brief air raids during the morning. The rattle of machine-guns above the clouds, however, indicated the British air force was on tireless patrol. Thames-side anti-aircraft pelted the sky with bursts of hot steel, and both raids on London were of brief duration. No bombs were heard in the central city during the second raid and the formation of 19 planes which raced over the city in the first was scattered after a brief battle. Soon after the first wave passed two other formations of 17 bombers each, escorted by about 100 battle planes, were reported on the way up the Thames.

The air ministry said "extensive damage" was not done in last night's raid on Berlin, which was described as on a "much larger scale than any yet carried out." The ministry said objectives bombed were the Rahmsdorf railway station, southeast of Berlin, several freight yards, including that at Grunewald, in southwest Berlin, the electric power station in Wilmsdorf, in south Berlin, factories in the western suburbs of Charlottenburg and Spandau, including the Brandenburg Motor Works, and gas plants at Dantzig Strasse and Neukolln, in southeast Berlin.

Almost continuous attacks also were carried out by relays of bombers. See AIR RAID, Page 3

French Wait For Japs To Halt Advance

By C. YATES MCDANIEL, HANOI, French Indo-China, Sept. 24 (AP)—Fighting between French and Japanese forces along the northern boundary of French Indo-China was reported to have stopped overnight and official French sources said today their troops had been ordered to withhold their fire unless attacked. Thus, it was said, the French colonial authorities gave the Tokyo representative, General Isaka Nishihara, every opportunity to halt the Japanese south China command's threatened land, sea and air onslaught against northern Indo-China without further bloodshed. Informed French sources said General Nishihara had hastened from Haiphong aboard a Japanese minelayer to confer with leaders of the Japanese troopship Armada in Tonkin Gulf. A Domei dispatch from Tokyo also reported all quiet along the Indo-China border today. The dispatch estimated the Japanese had suffered about 100 casualties in previous fighting, and that the Japanese had captured 240 prisoners and quantities of arms and ammunitions.

It was emphasized that the situation as one of "extreme gravity." See FRENCH WAIT, Page 3

Willkie Accuses FDR On 4 Points

ABOARD WILLKIE TRAIN ENROUTE TO BUTTE, Mont., Sept. 24 (AP)—Wendell L. Willkie, speaking to a cheering crowd at Spokane, Wash., made this four-point accusation today against the Roosevelt administration. "Its domestic policy is a complete failure. "Its foreign policy is a muddle. "It has created a gigantic national debt. "And now it wants to violate one of the most sacred American traditions in seeking a third term for President Roosevelt."

War Flashes

A SOUTHEAST COAST TOWN, England, Sept. 24 (AP)—Air battles which experienced observers said were the fiercest seen here since the war began were fought over this town this afternoon when 50 German planes coming in waves were engaged by British Hurricane fighters.

By C. YATES MCDANIEL, HANOI, French Indo-China, Sept. 24 (AP)—Japanese forces are again attacking French positions near Langson, 80 miles northwest of Hanoi and 12 miles inside the border of French Indo-China, French official sources reported tonight. The new thrust, the French said, followed 12 hours of comparative inactivity, during which the French troops were under orders to fire only if fired upon.

LONDON, Sept. 24 (AP)—Headquarters of the "free French" forces in London said tonight in a communique that Gen. Charles de Gaulle decided to invade Dakar, French West-Africa, because Germans and Italians were assuming control of aerial bases there.

HIGH SEA DEATH MISSED THEM

Even after the harrowing experience of having their ship torpedoed and spending 24 hours in open boats before they were rescued, these three British survivors of the North Atlantic tragedy which took 294 lives in all—are still able to smile.

They are, left to right, Sonia Beach, Collin Richardson and Derek Beach.

Static Electricity Will Be API Topic

October 20 Go To Church Day

Sunday, October 20, has been designated as "Go to Church" day in Pampa. Date of the observance and plans were discussed at a luncheon meeting of laymen and pastors yesterday noon in the basement of the First Methodist church. Thirty-five laymen and pastors attended.

Paul D. Hill was elected chairman, Arthur Nelson, co-chairman, and Guy McTaggart, secretary of the committee on arrangements. Each pastor was asked to appoint a committee of three from his church to attend a luncheon meeting Monday noon to make additional plans for the observance.

Chairman Hill emphasized the fact that while the "Go to Church" observance has the endorsement of pastors of churches, it is strictly a laymen movement. Last year every church in Pampa was filled on the designated day.

'Free Frenchmen' Withdraw Troops, Ships From Dakar

LONDON, Sept. 24 (AP)—General de Gaulle, leader of "free Frenchmen," was reported today to have withdrawn his "free French" troops and ships from Dakar, French West Africa, after several of his emissaries, carrying the white flag of truce, were fired on and killed. De Gaulle, a communique from his headquarters declared, withdrew when blood was spilled, "not wanting to be a party to a fight between Frenchmen."

At the same time, the British ministry of information declared "there is no truth in reports emanating from Vichy that any British landing at or near Dakar has been attempted."

Reuters, British news agency, however, said it learned here this afternoon that "operations at Dakar are now in progress."

(Presumably, this meant action by the British naval force which accompanied General de Gaulle to Dakar, although the French leader's announcement did not disclose the present whereabouts of his fleet of four sloops.)

At the De Gaulle headquarters here it was emphasized the expedition to West Africa was entirely a French undertaking. Informed sources expressed belief it might be only the first phase of a carefully-planned African campaign closely related to the whole war in the Near East.

Vichy Claims 100 Frenchmen Killed

VICHY, Sept. 24 (AP)—The French foreign office today charged Japanese troops with crossing the Chinese frontier into Indo-China and violating an accord for a "new Asian order" with the result that more than 100 Frenchmen, including a colonel, were killed. The agreement signed last Sunday in Hanoi provided that Japanese garrisons for newly granted air-dromes would arrive at the port of Haiphong, a communique said. It declared no permission had been given for troops to cross the northern border.

Garners Leave For Washington

UVALDE, Sept. 24 (AP)—Vice-President John N. Garner left his Uvalde home for Washington today. A maid at the Garner residence said the vice-president and Mrs. Garner had left town quietly this morning.

She did not disclose when they expected to reach Washington or what route they had taken. Not even Garner's closest friends here knew the vice-president was leaving, and his departure came as a complete surprise to Uvalde townspeople. Citizens of this quiet town surrounded by hills believed "Cactus Jack" was home to stay.

A few days ago Mrs. Garner, who is his secretary as well as his wife, said he would have returned to Washington long-since had there been important news. Then, she said, "There is none."

Garner himself would not be quoted on the matter. Neither would he comment on national defense, conscription, nor the European situation. But when he was questioned about his chickens, the vice-president went into great detail.

Fire Prevention Week Plans Drafted

Plans for fire prevention week, October 6 to 12, will be made at a meeting of representatives of local clubs, organizations and interested groups Wednesday afternoon at 2 o'clock in the city commission room. Fire Chief Ben White announced today.

The meeting will be open to the public. Members of the fire prevention board invited to be at the meeting include Tex DeWeese, Kiwanis club, Joe E. Burrow, Lions club, Charlie Burton, Rotary club, Mrs. V. Osborne, chamber of commerce, L. L. Sone, Doyle Osborne and Frank Monroe, schools, Lee Franks, Veterans of Foreign Wars, Ray F. Barnes, American Legion, Mrs. J. T. White, Red Cross, Mrs. C. S. Boston, Mrs. W. L. Campbell, Mrs. E. E. Nunely, Mrs. Jess Beard, Mrs. E. L. Anderson, Mrs. Lee Harrah, Mrs. C. E. Cary and Mrs. Thoms O'Rourke, representing Parent Teachers association, and Carl Benefield, Farris Oden, Dick Hughes, Harold Wright, J. E. Murfee, Harry E. Hoare, Herman Kreiger and Helen Montgomery.

Fire Chief White hopes to make the 1940 Fire Prevention week an outstanding one in Pampa. It will take the combined efforts of everyone to make it a success and that is why the Wednesday meeting will be open to the public.

Mexican Will Go To Trial Monday

ELDORADO, Sept. 24 (AP)—Emelio Benavides, charged with the killing of Henry Calcott, Schleicher county ranchman, and three other members of his family is to go to trial in 51st court here next Monday, Judge John F. Sutton, San Angelo, decided this morning. Benavides, chief attorney W. E. Davenport, San Angelo, were both in court for the brief hearing. Sheriff O. E. Conner and Texas rangers brought the defendant here from a nearby West Texas jail where he has been for safe keeping. Immediately following the setting of the officers again took Benavides from Eldorado. Court attaches were drawing a special venire for possible jury service at noon.

British And 'Free French' Storm Dakar

English Repulse Night Air Raids On London (By The Associated Press) British RAF dive-bombers reportedly sank four armed German ships in an attack off the coast near Boulogne today, while Nazi aircraft which they "effectively" bombed London's Waterloo station and the Thames-side India docks. Geysers of spray as high as the coastal cliffs shrouded the Nazi ships as five RAF Blenheim bombers dropped their first salvo of explosives.

When the air cleared, an Associated Press observer on the Dover coast saw only one ship remaining. With a second attack, the last vessel disappeared.

Torpedo-carrying German E-boats raced out to the scene from Boulogne, but quickly turn around and sped back to the harbor. Meanwhile, unofficial reports from Vichy, France, without confirmation elsewhere, said 150 French warplanes had bombed Britain's great rock fortress of Gibraltar as France's "blow for blow" reply to a British assault on Dakar, capital of French West Africa.

After an earlier London report that warships sent to Dakar had been withdrawn, a Reuters (British news agency) dispatch said "operations at Dakar are now in progress."

Dispatches from Vichy, the headquarters of Premier Marshal Philippe Petain's government, reported the raid on Gibraltar and also told of the defeat of British landing parties which sought to storm Dakar. No American ships were believed to be in there. The American West African line is the only American firm dealing with Dakar.

The land attacks, starting at 1 a. m. in a thick mist, followed a violent naval barrage during which shells from British warships rained for eight hours into the strategic African port with a normal population of 34,000. A French submarine was reported hit by a British shell and a British cruiser by a French shore battery.

French dead were listed at "more than 100." About 6,000 French colonial troops were defending the port, the westernmost point on the African continent and control base for the ocean route between Europe and Brazil.

One British landing party of 200 men was reported driven back to their ships amid a hail of machine-gun fire. Reports from Dakar said the British forces were unable to surround the capital city and cut it off from the interior. Fighting side by side with the British were "free French" soldiers led by Gen. Charles De Gaulle, who has been commended for his leadership by the Vichy government for carrying on the fight against Germany.

Six French warships were reported defending Dakar from cramped positions in the harbor, while the British had two battleships, four cruisers, several destroyers and six troop-laden transports.

In the battle of Britain, a wave of 150 German warplanes ran into a squadron of anti-aircraft stragglers and RAF fighting planes when they attempted to bomb London in a swift counter-attack for a British pre-dawn raid on Berlin lasting three hours and 47 minutes—the

O'Daniel Declines Indiana Invitation

AUSTIN, Sept. 24 (AP)—Governor W. Lee O'Daniel will be unable to accept an invitation of Governor M. Clifford Townsend of Indiana to visit that state Oct. 5 when the University of Texas Longhorns play the Indiana Hoosiers at Bloomington.

A tour of Texas by O'Daniel to meet new members of the legislature in their homes, now under way, will not have been completed by that date, William Lawson, O'Daniel's secretary, said today.

British Bomb Conol

LONDON, Sept. 24 (AP)—Lock gates on the Kiel canal and railroad communications over a wide area of Germany were attacked last night by British bombers in addition to their main raid on Berlin, the air ministry said today.

I Saw . . .

A lot of kibitzers watching Coach Jack Davis of Junior high teach his Pee-wees new plays. He taught each boy individually, showing him exactly how it was done. Then the boys went through dummy scrimmage, then through actual scrimmage. The spectators looked on in consternation as the kids tackled and blocked each other on the hard ground north of the Red Brick.

All Oilers Hit Above .300 To Lead Hitting In League

The Pampa Oilers was the hitting club in the West Texas-New Mexico Baseball League in 1940, according to official averages received here today. The Oilers paced the league with a team average of .312 which is hitting the ball in any league. Borger and Amarillo tied for second place with .305. Every other hit above the 300 mark was made by a fielding team the Oilers were not so good. They finished in second place with a .935 per cent. Borger was on top in that department with .954.

Oiler players were high in all departments. Sam Malvica, shortstop, went to the plate 626 times to lead the league. Manager Grover Seltz scored the most runs, 163, to lead Schweda of Lubbock by one. Lloyd Summers, catcher, struck out the least number of times among the regulars, whiffing only 22 times.

Gordon Nell of the Borger Gassers had a big season bagging 48 doubles and 40 home runs to lead the league and driving in the most runs, 175. Pampa's Dutch Prather was a close second in doubles with 47 and in runs batted in with 167 and he was in the league five weeks less than Nell. Emmett Fulenwider of Amarillo chased Nell in the home run department with 39.

Scopetone of Borger led in triples with 19. Steiner of Clovis pitched 46 bases to be far out in front. Sam Malvica, Oiler shortstop, followed with 37.

Rex Dilbeck led the Oiler mound staff with 23 wins against seven losses for a .767 percentage. He was third in the entire league, among players participating in 10 or more games, being led only by Ralph of Lubbock with 20 and 4 and Crues of Borger with 20 and 5. Dilbeck had the second best earned run average among the regulars with 3.249. Ralsh was on top with 3.249.

Dilbeck, although a lefthander, had about the best control of any pitcher in the league. He walked only 39 batters. Vannoy and Hall-bourgh rated fifth and eighth position respectively in the league. Two games in which the Oilers played were never recorded with the league statistician and as a result Milbert Vannoy lost a win on the official figures. He should have had 21 wins which would have placed him fourth instead of fifth. The other game should have been a win for Trantham.

Leading record holders among the regulars follow:

SANTA FE GIVES DISTRICT 1 "VICTORY" BELL

Officials of District one high school football conference have received the huge "victory" bell, pictured above, as a gift from the Santa Fe Railroad company to be awarded the football team winning the district race each year. The bell remains in possession of the winning team as long as they are champions. The 500-pound trophy was presented by Miss Jean Gillies, daughter of J. A. Gillies, general manager of the Santa Fe Western lines, and Miss Alice Mayne, daughter of Earl Mayne, office engineer of the company. Left to right above are Supt. W. A. McIntosh of Borger, conference chairman; Supt. C. M. Rogers of Amarillo; Misses Gillies and Mayne; and General Manager Gillies. The bell was first displayed on Butler field last Friday night. Plans are to present the bell on each football field in the district this fall.

Reapers To Open Season Against Amarillo Club

Pampa's Junior high Reapers will open the Panhandle Junior High conference season here Thursday afternoon against the strong Sam Houston Juniors of Amarillo. Game time will be 4 o'clock on Harvester field.

The Reapers will open the conference season with one win under their belts, a 28 to 0 defeat of the Perryton junior high team here last Friday. The Reapers looked potent in their first trial, although there were a lot of rough spots that will have to be smoothed out.

Sam Houston is considered one of the strongest teams in the conference with Central of Amarillo on about the same level. The Reapers should also be a contender. They lost only one game last year, a 7 to 0 battle to Central of Amarillo. Coach C. P. McWright of the Reapers will send three lettermen and one boy up from grade school against the Amarillo eleven. The line will have only one letterman but a bunch of newcomers have looked exceptionally good in practice and also in the Perryton game.

Coach McWright plans to spend this week perfecting a pass offense and pass defense which appeared ragged against Perryton. Two new coaches are in charge of teams this season, J. H. Plathers at Horace Mann and Jack Edmondson at Sam Houston. Both are graduates of West Texas State college.

Terrill Davis at Woodrow Wilson and Dick Livingston at Bakyr are returning coaches. Both are graduates of Texas Wesleyan college. Coaches have had their boys in uniform for some time teaching them fundamentals. The little fellows have absorbed knowledge quickly, coaches report, and they are now ready to do battle.

Fans are invited to see the little fellows in action at no cost. The full schedule will be released within the next few days.

Reds Conceded Pitching Edge In World Series

By GAYLE TALBOT
NEW YORK, Sept. 24 (AP)—The Cincinnati Reds, with Paul Derringer and Bucky Walters rested and full of purpose, must be conceded the pitching edge over either the Detroit Tigers or the Cleveland Indians—whichever they tackle in the world series next week.

Some might like to argue the point, particularly those who regard young Bob Feller of the Indians as the greatest pitcher in the game today. Yet the fact seems fairly obvious to this observer, at least, considering all the factors.

For the first time in many a year, the National league race was decided in time to give its champions a breathing spell. Walters and Derringer, instead of going into the series whipped down as they did a year ago against the Yankees, should be refreshed and at the very peak of their ability.

The American league winners can count on facing Derringer in the first game, Walters in the second, Junior Thompson in the third, and then back to Derringer. They are three fine right-handers.

late Frank J. Navin to make Carroll an offer he couldn't refuse. At the conclusion of the 1931 campaign Gehring was riding the bench... unable to throw the ball 30 feet. In Carroll's care, he started the season of 1932, and has been in the thick of things ever since.

Carroll, who professes to be nothing more than a masseur, but who mixes osteopathy with chiroprody and polishes it all off with a large dose of common sense, brought back the arms of Mickey Cochrane, Goose Goslin and General Crowder to help the Tigers to pennants in 1934 and '35.

And if they come down in front this trip, anybody associated with the Tigers will tell you that the name of the most valuable member of the party does not appear in the box score. Denny Carroll's magic hands have as much to do with the Tiger's success as the war clubs of Greenberg, York and McCosky and the strong right arm of Bo-Bo New-som.

Tigers Face White Sox And Indians Meet Browns

Texas A. And I. Strangely Determined To Lash Aggies

By FELIX R. McKNIGHT
DALLAS, Sept. 24 (AP)—Speculation and predictions melt into the real thing this week-end when the Southwest conference season starts rolling with six of the seven entrants in baptismal games.

Out in the floodlighted Coliseum at Los Angeles, the Southern Methodist Mustangs start the inter-sectional warfare Friday night against U. C. L. A.—and a mighty opening blast that should be. On the same night, at Waco, Baylor's Bears start playing for keeps against the fleet North Texas State Teachers.

The next day, Saturday, starts a rugged row for the Texas Aggies. Down at College Station three defending champions, the big red mark on the calendar for every team they meet, shove off against Texas A. and I., the little Kingsville school strangely determined to swap blow for blow with the crushing Cadets.

The predicted big year for Texas university and its Cowboy Jack Crain gets away at Austin with Colorado university the visitor. Texas as Christian, its punch softened by the re-injury of triple-threaters Kyle Gillespie, ties into Centenary at Fort Worth and Arkansas, doped as the tailenders, opens against Central Oklahoma Teachers at Fayetteville.

Only Rice remains idle—opening Oct. 5. No stronger ambassador could be sent to foreign fields than Southern Methodist. The offensive strength of this experienced crew may be the outstanding feature of the conference this year, but Coach Matty Bell believes it will take high scoring to trap U. C. L. A.

The Uclans have a flair for trick stuff, on reverses. But for the expected 57,000 crowd, Bell has surprises. The great growler finally had to lose his stuff before a crowd of critics last week-end, his regulars running up a 61-0 count on his reserves in a regulation game.

Never has a warmup game received more attention at A. and M. Last week-end the Javelinas marched into California and licked San Jose State, "the biggest little team in the nation", 10-0.

The T. C. U.—Centenary game will unveil a boy this corner predicts will be a very stormy individual—Dean Bagley—the San Saba school-boy who scored 279 points in a single season a couple of years ago. Bag, with its power and speed, can't have too much of a picnic with North Texas with wee Welby Williams and Ovis Hicks, two of the finest sprinters in the southwest, in the Teacher battlefield.

Cowboy Jack Crain, showing his old stuff in preliminary workouts, has more team to go with his fancy runs this fall—And he should start stepping Saturday against the Coloradans.

Jitters Into Hospital
SEATTLE, Sept. 24 (AP)—Howard Jensen, 24, litter-buggered himself into a hospital. Going through a rug-cutting routine with his wife, he slipped on a rug and fell through a window. His shoulder was injured.

"The Horse Fair," by Bonheur, is said to be the largest canvas ever executed by a painter of animals. a decision... They finished all even after the marathon stretch that included two 36-hole matches and one 18-hole round.

Buffaloes To Play Arizona State Friday

CANYON, Sept. 24—West Texas State and Arizona State colleges will be nearly equal in weight averages, both line and backfield, when they clash on Butler field at 8 o'clock next Friday evening.

The Tempe eleven will be slightly heavier in the starting backfield. Its chief element of superiority in this division will be in speed. In Hernandez, 165-pound left halfback, Arizona State has one of the fastest "scatters" in the business. In the open he is almost impossible to lay hands on, and once in the clear he shows his heels to nearly all opposition.

Other backs are heavier. Rollis, a senior, weighs 180 and is a quarter-back. Ybarra, another halfback, weighs 180 pounds and Ripper Pitts, a human tank, weighs 185 pounds. Coaches Dixie Howell and Hilman Walker also have such fine substitutes as Davis, a senior halfback, and Ruth, Bacaus, and Kane, three sophomores who are threatening to displace the veterans.

Arizona State lost six of 19 veterans.

Grayson's SCOREBOARD

By HARRY GRAYSON
NEA Service Sports Editor
Richard Bartell was reported to be a broken-down rheumatic when the Chicago Cubs traded him to the Detroit club last winter for Billy Rogell.

But it is now obvious that Dick Bartell was suffering nothing that Dennis Carroll couldn't cure. It was the best swap the Tigers ever made.

Bartell has sparked the Tigers to the threshold of the American league throne room. Rogell has been released.

Though the Cubs were desperately in need of a shortstop, Bartell is authority for the statement that the management didn't even bother to check up on his physical condition before shipping him.

"And I was sound as a dollar," he laughs, "and happy to be sent to a high class club like Detroit... given a fresh slant on things at 32... after a dozen years in the National league."

"With no other club would I have Denny Carroll to put and keep me in the game."

Bartell's is the latest tribute to veteran Carroll, the finest trainer in baseball.

Carroll has kept the ancient Charley Gehring and his aching back on the firing line day in and day out.

He restored life to Schoolboy Rowe's arm. Carroll believed ankle trouble had kept Bartell on the sidelines in Chicago, but the shortstop pointed to a pulled muscle in his groin. Carroll promptly corrected the difficulty and showed Bartell how to train to prevent a recurrence.

Carroll, one-time amateur boxer and champion swimmer, spent 22 years with the San Francisco Seals before the Detroit club paged him in the spring of 1932. He had many previous offers, but preferred the Pacific coast, where ailing major leaguers went to him with astonishing results.

It was the condition of the great Gehring's arm that prompted the

South And West Will Gain Eight Seats In House

By IRVING PERLMETER WASHINGTON, Sept. 24 (AP)—The 1940 census figures indicated today that the south and far west would gain eight seats in the house of representatives at the expense of the Midwest and the industrial east.

Unofficial computations made on the basis of preliminary figures showed that, under the existing formula, the re-apportionment due next spring may give two extra seats to California, and one each to Arizona, Florida, New Mexico, North Carolina, Oregon and Tennessee.

The same figures indicated losses of one seat each for Illinois, Indiana, Kansas, Massachusetts, Nebraska, Ohio, Oklahoma and Pennsylvania. These seats either lost population or failed to gain as much as the others.

If preliminary computations stand up, they will form the basis upon which the house of representatives will be elected in 1942 and also will alter the electoral college voting in the presidential election of 1944.

The calculations were based on congress' previously announced intention of keeping the number of seats in the house at 435—the number prevailing since the 1910 census. Legally, congress could adopt a system of adding enough seats to satisfy the gaining states without taking away from the indicated losers. This was done generally before 1910.

FDR Orders Draft Rules Into Effect

President Roosevelt ordered into effect yesterday two volumes of rules and regulations for the operation of the nation's first peacetime conscription machinery.

Registration will be handled by local election machinery or other designated agencies but so far no word has been received by County Judge Sherman White or John W. Andrews, chairman of the Gray county Democratic primary, regarding registration.

It is believed the general election board, of which the county judge is chairman, will be designated to handle registration and that each voting location in the county will be a registration point for all men between the ages of 21 and 35 on the set day, October 16.

The government estimates that 14 per cent of each county's population will be affected by registration. That would mean that 3,200 Gray county men are subject to registration.

In each registration area, an advisory board for registrants will advise and assist in filling out questionnaires and making appointments with a medical advisory board made up of specialists which will determine "doubtful cases of physical condition."

Governors must divide their states into boards of appeal areas which will embrace no more than 70,000 registrants under the first registration. The appeal boards will review decisions of local boards on classification, when appeal is made. Their decisions will be final unless the President modifies or reverses their rulings.

Mr. Roosevelt already has designated Oct. 16 as registration day for men who are at least 21 and have not yet reached 36. From the first group of registrants 400,000 men will be chosen for a year's military training.

Stephen Early, presidential secretary, said the making of a national director of selective service probably would be submitted to the senate in the next few days.

He will have power to amend the rules and regulations, issue executive public orders or instructions, obligate funds appropriated for the draft, and appoint subordinates whose salaries must not exceed \$5,000 a year.

Each board of appeal, the executive order said, should represent all activities in its district and "include one member from labor, one member from industry, one physician, one lawyer, and, where applicable, one member from agriculture."

Members of all these boards are to be civilians who will receive no pay.

Dealing entirely with registration, the second volume of the rules and regulations—more are to follow—quotes the language of the conscription act on registration requirements.

U. S. May Go Beyond Diplomatic Protest Against Jap Drive

By J. C. STARK WASHINGTON, Sept. 24 (AP)—Hints came from informed administration sources today that the United States may go beyond a diplomatic protest in showing disapproval of Japan's drive into French Indo-China which Secretary Hull said upset the status quo in the Pacific.

There was no indication what decisions were taken at policy-making conferences in Washington. Officials followed the entry Sunday of Japanese troops into the far eastern colony.

One usually well-informed source predicted, however, that the United States would not "let this challenge go unanswered."

Although the possibility of a diplomatic protest was not ruled out, its effectiveness in checking Japan's southward drive was discounted.

A wide range of possibilities was canvassed in conferences to decide what measures could be taken to reinforce the government's policy of insisting on maintenance of the status quo in the Far East.

The growing confidence of administration officials in Britain's resistance in Europe prompted the belief in some quarters that the United States could assume a more active role in stabilizing Pacific conditions.

It also was reported in military circles that Britain herself was considering sending naval reinforcements to her far eastern stronghold at Singapore.

Whether some form of Anglo-American naval co-operation in the Pacific was developing from diplomatic conversations was not indicated.

The War Today

By DEWITT MACKENZIE

This is being written as the British royal air force is reported as having flying back from London a fierce Nazi aerial attack which was a reprisal for the longest raid of the war over Berlin—a bomber attack which kept the German capital under alarm for almost four hours early today and reportedly cost a number of civilian lives.

That is to say, John Bull was continuing to give demonstrations of his growing strength and initiative in both defense and offense.

With that as preface it may be said the suggestion that the latest Nazi-Fascist conference in Rome was primarily for division of still unconquered African territory has been so over-emphasized by the Anglo-American press that the suspicion it is camouflage for an embargo calling for fresh strategy against the aforesaid J. Bull.

Undoubtedly Messrs. Mussolini and Hitler have indeed been calling the Anglo-American press to attention, they would be lacking in leadership if they didn't look ahead. However, it requires no psychic powers to see that the totalitarian chieftains have on their hands a military problem which will embrace no more than 70,000 registrants under the first registration.

The appeal boards will review decisions of local boards on classification, when appeal is made. Their decisions will be final unless the President modifies or reverses their rulings.

Mr. Roosevelt already has designated Oct. 16 as registration day for men who are at least 21 and have not yet reached 36. From the first group of registrants 400,000 men will be chosen for a year's military training.

Stephen Early, presidential secretary, said the making of a national director of selective service probably would be submitted to the senate in the next few days.

He will have power to amend the rules and regulations, issue executive public orders or instructions, obligate funds appropriated for the draft, and appoint subordinates whose salaries must not exceed \$5,000 a year.

Each board of appeal, the executive order said, should represent all activities in its district and "include one member from labor, one member from industry, one physician, one lawyer, and, where applicable, one member from agriculture."

Members of all these boards are to be civilians who will receive no pay.

Dealing entirely with registration, the second volume of the rules and regulations—more are to follow—quotes the language of the conscription act on registration requirements.

Funeral Of Shaw Held At Canadian

Special To THE NEWS CANADIAN, Sept. 24 — Funeral services for J. M. Shaw, 73, who died Sunday morning at his home here, were held at 4 o'clock yesterday afternoon at the First Methodist church, in charge of the pastor, the Rev. Dwight McCree.

At the Canadian cemetery, Masonic rites were held by the Canadian lodge, directed by Sam Isaacs.

J. M. Shaw was born November 22, 1866, in northern Illinois. At age of four, he moved with his parents to Galesburg in that state.

Mr. Shaw attended preparatory school in Platt City, Missouri, and studied three years at Knox college, when he received his B. S. degree.

When 20 years old Mr. Shaw came to the Texas Panhandle, working first at Mobeetie in 1886. He assisted in surveying much of the land in that section.

In Insurance Business Mr. Shaw ranched for 12 years on Gageby crook, moving to Canadian in 1905 where he entered the insurance business, his office at corner of Fourth and Main.

In 1926, he sold out the insurance business to devote more time to development of his land and oil interests near Lefors.

Mr. Shaw married Mrs. Nan Huffman, June 9, 1929, who survives him at the family home here.

Mr. Shaw's father made numerous trips to Texas in pioneer years, buying a section of land here or a town lot there, but continued to make his home in Illinois. After his death, his wife came to live in Canadian, maintaining her own residence until her death 15 years ago.

He united with the Congregational church when 16 years old. Mr. Shaw was a conscientious Bible student, had read it completely through twice during the past 10 years.

Mr. Shaw was of a modest, retiring disposition. He was a good neighbor and a steadfast friend. He used his money to aid worthy young people and was interested in underprivileged children.

"A Cat May Look At a Queen" FDR 'Has Let Labor Down,' Says Willkie

"Pussy cat, pussy cat, where have you been? I've been to London to visit the Queen."

Wendell L. Willkie said on the homeward leg of his west campaign swing through the west today, after charging that the Roosevelt administration "has let labor down."

Pledging himself to continue "minimum standards" for labor, the Republican presidential nominee told a rally at Seattle last night that labor's fundamental need was "more jobs, more work, more growth, more expansion."

"These minimum safeguards are not enough," Willkie said. "They can not protect you... the only thing that can basically safeguard your rights and opportunities" is new employment and more jobs.

"The new deal, he said, could claim as much credit as it liked for "minimum safeguards," because "an administration that wants to do something for labor must go much further than minimum guarantees."

At Indianapolis, Henry A. Wallace, Democratic vice presidential choice, asserted that the new deal had "rescued the capitalist system of production, which had almost been killed by the effects of financial management before 1933."

The Wallace speech contained attacks on "high finance" and "financial monopolists known as holding companies," because "an administration that wants to do something for labor must go much further than minimum guarantees."

He declared the Commonwealth and Southern corporation, which Willkie headed before resigning to accept the nomination, had brought "pressure on newspapers and magazines, through buying or refusing to buy advertising space," "to kill off the Chattanooga news for the crime of supporting the TVA."

Senator Taft (R-Ohio), one of Willkie's rivals for the presidential nomination, urged Willkie's election in a New York speech in which he assailed some major new deal laws and their administration.

Democratic headquarters, meanwhile, announced in New York yesterday the resignation of L. W. (Chip) Robert, Jr., as secretary of the party's national committee. Robert resigned because he said that in a time like the present he could not serve simultaneously the best interests of the party of his own firm.

Roberts heads a firm of architects and engineers in Atlanta. He was criticized recently in congress for holding a party office when his firm was receiving government defense work.

ANSWER TO CRANIUM CRACKER

"Young man, I want a radio set that doesn't get those awful war news reports."

SERIAL STORY

THIS COULD BE YOUR STORY

BY MARGUERITE GAHAGAN

COPYRIGHT, 1940, NEA SERVICE, INC.

All characters, organizations and incidents of this serial are entirely fictitious.

YESTERDAY: Returning from a baseball game, Sue Mary overheard Natalie and Vera discussing her. Nick and Vera were talking to get information for the party. There's no chance of Nick's falling in love with the little, glib little office worker.

DOUBTS BEGIN TO RISE

CHAPTER XIV

Out on the dark street with the cool night air against her flushed face, Sue Mary walked slowly, trying to think. It was as though she had had a glimpse backstage. The show she had been so innocently watching took on an entirely new aspect; all the seemingly obvious things had different meanings.

Nick's interest, his newly displayed love; Vera's work at the office; the mislaid paper; Natalie's insistence that she come and live with her; the YP campaign. Half-forgotten words, acts, suspicions came rushing upon her.

Yet she couldn't understand why she was important enough for them to have bothered with. Back in the recesses of her mind she brought forth that first conversation with Nick: the day she had wandered into the studio, and Nick had asked her where she worked. She remembered his questions about the law office.

"Murders and divorces, I suppose," he had said with that crooked, half-cynical smile. And when she had explained that the work was with large corporations "like Centerville Motors and Gull Plane," Nick had become interested. He had questioned her casually, in that friendly way that made her feel he was interested in herself alone.

Things began to add up. She walked and walked still trying to piece together the jigsaw puzzle. Vera was in the office, apparently where she had meant to be from the beginning. Nick was making love to Sue Mary because

he wanted a hold over her. At least that was Vera's supposition, although Natalie believed he was beginning to love her for herself. Sue Mary felt a little sick. To be used, to be so blinded by her own shortsightedness. Joe was right, had always been right. He had said that something would have to happen to waken her to what was going on.

She was awake now. She felt as though she had been beaten awake. Her head ached and her legs felt leaden. She supposed she would have to go back to the apartment; have to go along somehow until she could find an excuse to get away. It was hard to see how she had become so involved in the whole crazy business anyway.

Leisure time, she told herself bitterly. It was being lonely and having nothing to do. This seemed such fun, it opened such a new world. And now, what an awakening!

VERA was gone when she went back to the apartment and Natalie was in bed, half asleep. She stirred when Sue Mary came in.

"Out with Nick?" she asked. "No. I went to a ball game; an old American custom," Sue Mary answered as she undressed. Hatred was beginning to stir within her, but some remnant of caution still remained, despite the weariness and disgust she experienced. She knew she must do something tomorrow. Somehow she would have to think this through.

Tomorrow came, and another day, and still another, and Sue Mary blindly felt her way along. It was hard trying to pretend that nothing had changed. Going to the hall, listening to the members talk about keeping America safe, of retaining American freedom of speech and thought, of the witch hunts started by ax-grinding politicians to frighten respectable people, of the speedups in plants and the resultant burden on the workers.

"But the workers aren't complaining, are they?" she asked. The sound of her own voice came as a surprise. She didn't mean to make herself conspicuous. All she wanted was to be forgotten, to break away from this. And yet in the back of her mind was a fear: a fear that these people weren't as simple as she once thought.

"Aren't complaining," Vera repeated. "Good heavens, the factory owners are getting twice as much work out of them now as before, just because they say the

orders are for national defense." "Well, even if they are working so hard, it's for the good of the nation, isn't it?" persisted Sue Mary. "I mean I should think a man would rather work in a factory now than fight in a trench later on."

Someone laughed and Vera shook her head, smiling patiently. "Sue Mary, sometimes I don't think you can read, or hear, either, for that matter. This is a capitalist's war. Please remember that."

Arguments boiled around her with every one trying at once to make her see the point. Then Nick came in and made them stop. "Haven't you anything better to do?" he demanded. Who was supposed to arrange for that dance at the summer school? We were to have a speaker there for Fritz King. A lot of these students are old enough to vote. And who was supposed to draw up that resolution to present to the city council? We want to use that school for a meeting and they haven't a right to keep us out. This is a free country."

EVERYONE was working again and Sue Mary slipped into the inconspicuous corner she had been seeking. But Nick found her there, behind a big stack of out-of-town papers she was clipping. "Hiding from me, little sweetheart?"

"Just working, Nick. That's what you want us to do, isn't it?" She wished he'd go away. Knowing now what she did, she was afraid of him yet she remembered what Natalie had said. "I've seen his face when he's with her. He's in love." And now he was with her and his nearness, the feel of his arm against hers, his breath on her hair as he leaned over made her tremble.

She hated herself for being moved by his physical presence, tried to remember that it was Nick who had used her from the start; tried to recall Joe's face and the sound of his voice. Nick covered her hand with one of his own, and pressed his shoulder against hers. A lock of dark hair had fallen over his forehead and he pushed it back with that familiar gesture.

"You look tired," he said softly. "Have a hard day at the office? Is all that national defense stuff taking its pound of flesh from you, my darling?" She shook her head, refusing to meet his gaze. "Every day's the same, Nick. Today was no different."

War Department Places Billion In Defense Orders

By DOUGLAS B. CORNELL

WASHINGTON, Sept. 24 (AP)—President Roosevelt announced today the war department within eight days had placed \$1,000,810,899 in orders for vital defense equipment, from airplanes to gas masks.

The bulk of the appropriation was earmarked for the navy, which contracted for some 200 warships the day the act was signed.

The biggest item for the army was \$206,903,878 for ammunition, followed closely by \$206,615,000 for ordnance department facilities which were not further identified.

Six contracts for 3,922 airplanes aggregated \$155,870,470 and four contracts for 6,785 engines came to another \$74,398,142. In addition the ordnance department ordered \$14,242,300 worth of radial air cooled engines.

Other large items included \$122,334,934 for small arms and miscellaneous items, \$75,758,245 for tanks and \$53,913,440 for clothing and equipment.

The announcement on the orders for weapons and equipment followed a presidential executive order making effective rules and regulations for conscription of some of the men who will use them.

The chief executive signed the order yesterday at his Hyde Park, N. Y., home where he has spent the week-end.

He returned to Washington today by special train.

Maison Kidnaping Linked With Tristan

SAN FRANCISCO, Sept. 24 (AP)—Inquiry into baby Marc De Tristan's kidnaping was pushed in secret today by the Federal Bureau of Investigation, and whether William Jakob Mulenbroch, the accused abductor was linked to the 1936 Tacoma kidnap-slaying of Charles Mattson went undisclosed.

The whereabouts of the 40-year-old German alien and William Mattson, the slain boy's brother who flew here to confront Mulenbroch, were not known.

Presumably young Mattson, who saw his brother kidnaped nearly four years ago, had viewed the prisoner, but FBI agents delayed making any announcement of the result.

Mulenbroch was taken into custody by the FBI Sunday soon after baby Marc was rescued in isolated El Dorado county and the FBI announced he had confessed the kidnaping.

Baby Marc, meanwhile, returned

to a normal mode of life at the home of his parents, the Count and Countess Marc De Tristan in Hillsborough. The 2½-year-old baby, kidnaped Friday, was restored to his parents without payment of the \$100,000 demanded for his release.

Hitler Bombs Famous Seat Of University

(By The Associated Press)
BERLIN, Sept. 24.—The famous medieval town of Cambridge, England, seat of the University which King George VI attended, has been bombed by Nazi airmen in retaliation, the high command said today, for a British attack on old Heidelberg.

As the German air force struck back at London with "rolling attacks" in reprisal for the bombing of Berlin during the night, the high command issued a communique listing the places attacked yesterday when bombs were dropped on Cambridge.

Big fires, the high command said, were seen by German fliers in the Millwall and Indrag Etlus area of London, at Vauxhall and at Hyde park.

German pilots reported many new fires raging in London, and added that the "old fires" near the India docks were growing to gigantic proportions.

Flames were started at Liverpool also last night, the high command asserted. It minimized the military effectiveness of the RAF attack on Berlin, insisting that only apartment houses and residential districts were hit.

The death toll from the raid stood today at 11 dead, 14 injured.

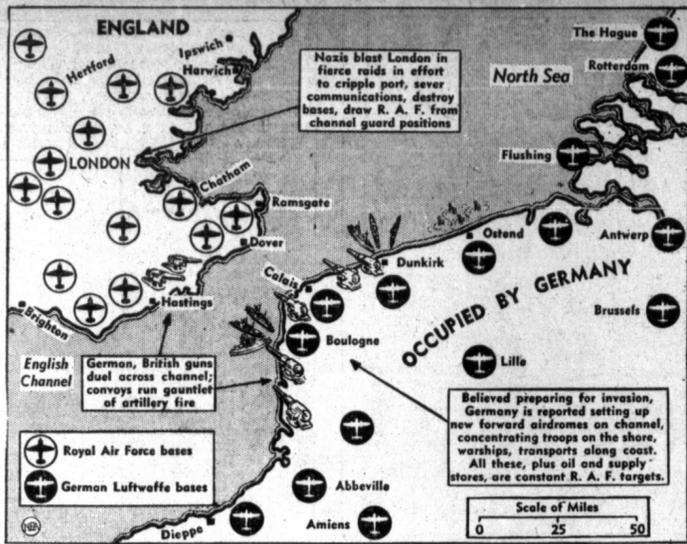

German officials were investigating the seemingly numerous hits by explosive and incendiary bombs.

Many inflammable phosphorus leaflets were dropped, authorities said. Returning German pilots said they had "effectively bombed" the India docks and Waterloo station in London, and reported sightings over several towns in the south of England in morning raids.

DNE, official German news agency, said German bombers exploded and fired a munition store at Great Yarmouth.

The nocturnal British attack on Berlin, during which bombs hurtled down on the city and its outskirts,

As German Raiders Play Overture to Invasion

While German bombers blast at Britain in fiercest raids of the war, believed in overture to invasion by troops, the Royal Air Force is answering with attacks on Nazi bases and depots along occupied coasts. Map shows reported German invasion preparations and R. A. F. defense posts.

Irish Scouters To Hold Kabob Supper

SPECIAL TO THE NEWS
SHAMROCK, Sept. 24.—A Kabob supper for Scouters who participated in the sustaining membership drive for the Boy Scouts, will be held on the night of October 3, according to announcement by Charles Perry, finance chairman.

The Kabob club is a new organization to the Adobe Walls council of Boy Scouts of America but promises to prove interesting to those men interested in Scout work. At the supper membership cards will be presented to the interested men.

The Kabob supper is a typical scouting style meal and all men who participated in the drive in May will be guests of the Adobe Wall council at this new style dinner in Shamrock.

Conference Tries To Agree On Tax Profits Measure

WASHINGTON, Sept. 24. (AP)—Congressional hopes for adjournment this weekend were abandoned today, as a joint conference committee buckled down to what members called the "real work" of adjusting knotty Senate and House differences in the excess profits tax bill.

Senator Barkley of Kentucky, the Democratic leader, told reporters he saw little possibility Congress would dispose of this intricate tax legislation, as well as the \$1,500,000,000 defense appropriation bill, in time to quit this weekend.

The house, meanwhile, gave its approval yesterday to a \$267,000,000 deficiency appropriation bill, carrying funds for the training of 700,000 defense workers as well as money to start construction on a country-wide program for the development of 4,000 civil and military airports. The bill now goes to the Senate.

The house arranged to consider today legislation imposing drastic penalties for peacetime sabotage.

The house won the straightaway Texas league race by a 16-game margin and dropped but two games in the Shaughnessy play-off in beating Oklahoma City and Beaumont.

The Vols outlasted Atlanta last night, 7-5 to win the Southern association Shaughnessy playoff.

Crude Production Off 19,930 Barrels

TULSA, Okla., Sept. 24. (AP)—Daily crude oil production in the United States declined 19,930 barrels to 3,630,610 for the week ended Sept. 21, the Oil and Gas Journal said today.

California production was off 26,500 to 610,750; Illinois, 2,811 to 361,317; Louisiana, 795 to 284,640; Oklahoma, 10,578 to 402,350; and East Texas, 76 to 276,848.

Eastern fields increased 1,100 to 103,800; Kansas, 7,100 to 201,700; Michigan, 246 to 50,250; the Rocky mountain area, 7,620 to 101,240; and Texas, 8,535 to 1,316,648.

Nazis Refer To U. S. As Duel Second

By LOUIS P. LOCHNER

BERLIN, Sept. 24. (AP)—The axis powers will fight Britain to the bitter end without the slightest compromise, regardless of who may yet rally to her support, authorized German sources said today after the return of Foreign Minister Joachim von Ribbentrop from his Rome conference with Premier Mussolini.

There will be no compromise, these quarters added. Without going into details of the Rome parley, they characterized the conference as having included "all the questions necessary for the defeat of Britain."

Not only will there be no compromise, they said, but "the fight against England will be continued on all fronts."

Using a figure of speech taken from duelling, these sources elaborated, saying, "the Rome conversations dealt not only with thrust and parry by principals, but also with all possible activity by actual and potential seconds."

Foreign correspondents understood this to mean chiefly the United States, but authorized sources declined to specify any country.

The axis powers, it was said authoritatively, are creating a new order that is the antithesis of the British conception of world domination.

"All European peoples possessing the ability to live are to become equal members in the European community," these sources said.

"The battle for this general conception already is decided. The new Europe is in the process of formation. England alone is the enemy of all young, strong, powerful nations."

"To what extent Britain's seconds, who on the whole represent not peoples, but groups with ties to international capitalism, understand this conception is theoretically interesting, but has no political importance whatsoever."

Foreign correspondents understood this to mean chiefly the United States, but authorized sources declined to specify any country.

The axis powers, it was said authoritatively, are creating a new order that is the antithesis of the British conception of world domination.

"All European peoples possessing the ability to live are to become equal members in the European community," these sources said.
