British Make Fierce Attack On Nazi Ports

LONDON, Oct. 10.—Operating so swiftly that they started fires at the rate of one a minute, the Royal Air Force made one of its fiercest attacks of the war last night on the Nazi "invasion ports" on the coast of France, Belgium and Holland, the air ministry announced today.

On one brisk attack on Boulogne alone, Blenheim bombers of the coastal command dumped three tons of high explosives, the ministry said.

The air ministry said the RAF had increased the scope of its counterattacks against Germany to include daylight as well as night raids, and had penetrated far into Germany to blast away at the German war machine.

Three German destroyers in the harbor at Brest, at the western extremity of Brittany, were hit, the ministry asserted. The planes moved in the face of intense anti-aircraft fire, it said, but went methodically to work laying patterns of bombs back and forth across the harbor.

Other damaged jetties and buildings in the old French seaplane base. The planes which made this raid were also seen to blast away at the German war machine.

The ministry said these are newly attached to that branch of the service and their performance is still a secret. They are three-seaters, designed primarily as spotter and reconnaissance planes.

Again reported bombed were the big Krupp munitions works at Essen, an oil plant at Cologne, and sundry factories, supply depots, railway yards, barge concentrations and shipping.

Berlin declared that little damage was done by British raiders last night and that some were forced to turn back from western Germany.

A German wireless report received in New York said incendiary "bombs" six times larger than those formerly used, were thrown on districts outside Cologne. This report said two civilians were killed, work-

Laymen To Explain Go-To-Church Day
Laymen will speak to congregations in every church in the city next Sunday, explaining the "Go to Church" plans for October 20 when it is hoped that every Sunday school and church in the city will be filled to capacity.

Motorists will be asked to place stickers on their cars which will remind persons that October 20 is "Go to Church Day" in Pampa. All civic clubs and schools will be visited by laymen who will invite everyone to attend church and Sunday school on that day.

R-Day Instructions To Be Given At Amarillo Meeting

A wealth of information on the selective service act, supplementing and clarifying data already received, is expected to be made available when local board members of the Amarillo area and county clerks assemble in Amarillo tomorrow.

Singers And Few Dancers Still Needed For Show

Principals and chorus members for the Top 'O' Texas Revue, Kiwanis Club musical comedy melange, to be held here the latter part of October, are almost complete.

Ken Bennett, who has written the music and is directing the show with Miss Vivian Earsom, in charge of the dance numbers, said today rehearsals for the big revue will begin in earnest the first of next week.

Several singers and a few dancers still are needed, he said today, and anyone interested in appearing in the show is urged to get in touch with Mr. Bennett or Miss Earsom.

Kiwanians, just back from the Texas-Oklahoma district Kiwanis convention where they were successful in getting Pampa's Fred Thompson elected governor, the highest district post in Kiwanis International, now are ready to go to work on their show. It will be held on two nights. All proceeds will go into the civic club's underprivileged children's fund.

A cast rehearsal was held last night, and a rehearsal for the chorus is scheduled for 7:30 o'clock Friday night in the City Hall auditorium.

OGPU Connection Claimed At Trial

MEXICO CITY, Oct. 10 (AP)—Albert Goldman, attorney for the late Leon Trotsky, today accused Alfaro Siqueiros, charged with "intellectual" responsibility for a machine-gun attack on Trotsky's Coyacoacan home May 24, of being directly connected with the OGPU, Soviet Russia's secret police.

Trotsky escaped injury in the May fusillade, but was killed in August by Frank Jackson, mysterious foreigner now also being tried by Judge Carranza Trujillo.

Teacher Talked Out Of Turn Here

ATLANTA, Oct. 10 (AP)—DeKalb County School Superintendent W. M. Rainey saw 10-year-old Ben Jenkins in a drug store during school yesterday and asked sternly: "Young man, why aren't you in school?"

"I got a peanut in my lungs and I am getting some cough syrup," replied Ben.

Said Rainey to himself: "Ah! Ha! This is a new excuse for truancy." Said Rainey to Ben: "Well, you come along with me and we'll see about that peanut."

\$900 Obtained In Advanced Gifts Drive

With \$900 already secured in the advance gifts part of the campaign, Salvation Army advisory board members foresaw their drive for a total of \$5,000 well under way.

This report was made at a breakfast held this morning at the Schneider hotel, at which Major Reginald Clevett, Dallas, state director of public relations, was the principal speaker.

Major Clevett is working with the local board and with Captain and Mrs. Jack Smith, local Salvation Army heads, in the current campaign.

Every subscriber who contributed last year and who has been seen during the week thus far by the major and Arthur Teed, board chairman, has subscribed to this year's campaign, and one fourth of this number have increased their contributions over last year, it was reported.

Letters in the interest of the campaign have been sent out to oil companies and industrial plants for distribution among their workers, and follow-up letters have been distributed.

Workers report envelopes were passed out to those attending the breakfast this morning.

The campaign proper is to open Monday, end Saturday.

Attending the breakfast were Charlie Burton, L. H. Johnson, Sherman White, George Berlin, Captain Jack Smith, Aaron Meek, Arthur Teed, Major Reginald Clevett, L. L. Sone, J. M. Collins, Fred Thompson, and Tex DeWeese.

Captain Speaks Over KPND
In connection with the campaign, in which members of civic clubs will work with the army, Captain Smith delivered a radio talk this morning over station KPND.

"The Salvation Army is again appealing to the citizenry of Pampa for \$5,000 with which to carry on the extensive work that has been going on for the last four years. There has been a steady demand from the citizenry of Pampa upon the services of the Salvation Army. We are being called on day after day to do those things that we have endeavored to equip ourselves to do.

"It is with a great deal of appreciation and satisfaction that I am able to review the fine manner you good people of Pampa have aided us, and we are confident that as we come to you again that you will respond as you have in the past.

"Arthur M. Teed, chairman of the local advisory board, asks the cooperation of every citizen of Pampa to assist him in putting over the 1940-41 campaign. The Salvation Army has never failed to surpass

API Meeting To Be Held Monday

October meeting of the Panhandle chapter of the American Petroleum Institute, to be held Monday night at 8 o'clock in the city auditorium, will be of major interest not only to everyone in the oilfield but to owners of houses, buildings, etc. The subject of a talk by J. B. Ray of Fort Worth will be "Corrosion."

Besides the talk on corrosion, a picture on the same subject will be presented by Mr. Ray, who is a consultant engineer on corrosion.

Mr. Ray's talk will not be technical. He will tell some of his observations of corrosion losses of tanks, tubing, casing and pipe lines, its costs in dollars and cents and some practical preventive measures.

Corrosion is a major oilfield problem and one that companies have been fighting since the first well was drilled. Each year corrosion so to speak, carries away a certain amount of the capital investment of each company, increases lifting cost and definitely increases operation expense.

A musical program will open the meeting which will be introduced by George Berlin, chairman.

Congratulations—

Mrs. and Mr. Adrian F. Hartman of Borger announce the birth of a daughter, weighing 7 pounds, 3 1/4 ounces, on Monday. She has been named Nancy Ann. The baby is a granddaughter of Mrs. Lillian Elythe of Pampa, Mrs. Hartman, formerly Miss Beth Bythe, taught in Borger and Pampa schools before her marriage.

Mr. and Mrs. Albert H. Smith are the parents of a daughter, weighing 8 pounds, 14 ounces, born in a local hospital. She has been named Judith Ann.

Worst Bomb Attack Hits London Area

'Not Going To Surrender,' Says Home Secretary

(By The Associated Press)
Discussions between the United States and Great Britain on the possibilities of joint defense action in the Pacific were reported today by R. A. Butler, under-secretary of foreign affairs, in a statement to the house of commons.

The disclosure—indicating a tightening Anglo-American bond against the new Rome-Berlin-Tokyo alliance—came as Londoners trudged through debris-littered streets after another night of terror from the skies.

Home Secretary Herbert Morrison, taking note of demands for greater air-raid protection, told commons with scornful irony that if Britons expect complete immunity from exploding bombs they should "sue for peace now."

"We knew what to expect when we entered the war," he said, "and we are now experiencing as civilians what was experienced by soldiers in the last war."

"We must go through with it or surrender—and we are not going to surrender," he said.

The house roared approval. A German bomb crashed through the roof of 250-year-old St. Paul's Cathedral, burial place of Britain's warrior heroes, and Nazi airmen reported four great fires raged to the sky in the vicinity of the houses of parliament in London.

The British air ministry did not disclose when St. Paul's was damaged, but a "famous church" was reported hit last night by Nazi raiders during the longest and fiercest night attack of the war.

St. Paul's great high altar, known to thousands of American visitors, was destroyed as the bomb crashed through the east roof of the huge-domed edifice.

The cathedral, built by Sir Christopher Wren after the great fire of 1666 and opened for service in 1696, houses the tombs of Nelson, Wellington, Earl Jellicoe, Admiral Beatty and many other famous Britons.

German daylight raiders returned to the attack in the forenoon, carrying on the worst assault yet rained on the empire capital.

Hitler's high command reported that "heaviest damage was inflicted on docks in the Thames basin" and described the raids as "retaliatory attacks" for RAF raids on Berlin.

More than 50 districts in the battered city were hit by a dusk-to-dawn storm of fire bombs and high explosives which spread countless fires throughout the metropolitan and suburban areas.

Nazi planes scattered 200,000 pounds of bombs on the British capital.

Prime Minister Winston Churchill witnessed the end of one of the fiercest night attacks of the war, as three parachute Nazi airmen drift to earth in the glare of searchlights.

Two formations of German warplanes were reported driven off in a terrific dogfight with RAF pursuit planes over an east Anglian town, where a bomb scored a direct hit on a refugee home, killing three women and probably fatally wounding nine others.

Today's "invasion weather": A southwest gale lashed the Strait of Dover; visibility fair, heavy showers.

It was just five months ago today, incidentally, that Hitler began his "carpet-bombing" of the low countries and France—and then

CORPORALS WON'T DO

"Captain or nothing," say these Dallas girls who are singing a new slogan in the furor over Elliott Roosevelt's induction into the army air corps as a captain.

Livingston, Davis Sent To Junior High

Terrell Davis and Dick Livingston, teachers and coaches at Woodrow Wilson and Baker ward schools, respectively, have been transferred to junior high school to succeed Loye Ruckman and Wilmer Postma, resigned.

Mr. Ruckman resigned to enter the military and Mr. Postma resigned to become a Boy Scout field executive at Coleman.

Livingston will report to junior high on Monday and will be connected with the science department. Davis will report to junior high on November 1 and will be connected with the mathematics department. Both, however, will continue to coach football in their respective ward schools until suitable signs can be secured to take their places. In the meantime, substitute teachers will conduct their classes, Supt. Sone said.

"We are not going to discontinue athletics in the ward schools," Supt. Sone said today. "We are going to employ suitable coaches to replace Davis and Livingston. It will take time, maybe, but we are going to get good men."

With the sixth grades moving to junior high next year, when the high school students are transferred to the new school north of the city, additional coaches will be needed in junior high and Davis and Livingston will be on hand.

Livingston and Davis are both graduates of Texas Wesleyan college at Fort Worth where they were outstanding students and athletes.

Queen Mary Seen Laden With Troops

BOSTON, Oct. 10 (AP)—Members of the crews of the American export line freighter Excelsior reported upon arrival from India and the Far East today that they saw the giant British liner Queen Mary and other big British passenger vessels laden with australian troops, at Colombo, Ceylon.

They said there were about 20 transports at Colombo, including the Mauretania and Aquitania, and estimated troops at approximately 100,000.

Late News

NEWTON, N. J., Oct. 10. (AP)—The Sussex county grand jury today indicted Wilhelm Kunze, national German-American bundesfuhrer; August Klapprott, eastern leader, and eight others for "promoting hatred against people of the Jewish religion" at the bund's Camp Nordland, Andover.

Worker's Family To See President

PITTSBURGH, Oct. 10 (AP)—A steel worker's family of five, who never thought they'd get to see the President, was elated today over the prospect of receiving from Mr. Roosevelt personally tomorrow the keys for their apartment in a new \$13,800,000 Federal slum clearance project.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin Lost Her Prominent Hips Lost Her Sluggishness Gained in Attractiveness Gained a Shapely Figure

When your bowels and kidneys fail to perform their work correctly your system cannot throw off the waste materials and digestion becomes deranged—your tone, energy and activity. Before you realize it you're losing your appeal and getting objectionably fat.

Take one-half teaspoonful of Kruschen Salts in a glass of hot water every morning; eat out pastry, fatty meats—and go light on potatoes, butter, cream and sugar. In three weeks get on the scales and see how many pounds of fat have vanished; notice also that you have gained in energy—your skin seems clearer and eyes brighter—you feel younger in body and keener in mind.

Methodist WSCS Continues Study At Joint Meeting

Aunt Abby says

Three hostesses for each table will be appointed by the local units. Tables designated to associations are as follows:

Senior high, March and Sept.; Junior high, May and Nov.; Horace Mann, April and Oct.; Woodrow Wilson, Jan. and July; Sam Houston, Feb. and August; Baker, June and Dec.; and Parochial and City Council, Texas Parent Teacher birthday.

No charge will be made as each school will bring a birthday offering.

Each guest will be seated at a table decorated in the theme of the month of his birth. Refreshments will be served. Entertainment numbers will be provided by the 12 tables representing the 12 months of the year and the table honoring the Texas Parent Teacher birthday.

A count will be taken to determine the school best represented.

Writer Bombed Out Of Bed In Huge Apartment

By ROBERT E. BRUNELLE
LONDON, Oct. 10. (AP)—Reichsmarshal Goering's Luftwaffe bombed me right out of bed this morning with a hit on one of London's largest apartment buildings.

Three bombs formed a triangle around my rooftop flat. One blasted a hole in a row of houses across the alley from my bedroom window.

A second struck the main entrance, smashing the lobby. The third landed at the nearest street corner, sending fire to a shattered gas main. The fire shot skyward like a burning gas well. It is still burning as I send this.

I had just returned home from the office last night after a nightmare mile walk and a two-mile taxi ride through glass-strewn streets with bombs dropping on all sides and shells bursting in the sky.

I met Mrs. Brunelle in the lounge and we decided to retire as things seemed to be calming down. The apartment porter joked about my faint from the office, during which I was forced to seek shelter three times, and laughed, "all you need to make the night complete is a hit here."

The next time I saw him in the wrecked lobby he was wrapped in bandages.

I was just dozing when "my" bombs fell. Mrs. Brunelle and I were awakened by the scream of a bomb and then an explosion rocked the building. Glass and masonry were still clattering down when two more bombs hit almost simultaneously.

For a moment I thought the building was going to collapse. I remember thinking hazily: "Well, if it falls, maybe this bed will soften the bump."

My wife and I slipped into a few clothes and scurried to the stairway. The corridor was filled with smoke, but we dashed through it to get to the ground floor.

Several tenants who had been in the basement shelter rushed upstairs and air raid wardens were trying to shoo them back. The raiders were still above us.

Everyone was choking with smoke and groping around in broken glass and fallen plaster. Several wardens were cut by glass, but most escaped serious injury.

Market Briefs

NEW YORK, Oct. 10. (AP)—The stock market swung into a nice forenoon rally today but failed to follow through. Early gains ran to a point or more for steel and other selected industrials. At the close, extreme advances were cut substantially in some cases and declines were in evidence here and there.

Transfers were around 400,000 shares. Various reasons were given by brokers for the late appearance of the market. For one thing, prices on average had been unable to make any progress in the preceding air sessions and had subsided a portion of their upturn from the May lows. This led technical thinkers to believe there was a chance for at least a temporary come-back.

Stocks on the upside at one time or another were U. S. Steel, Bethlehem, General Motors, Dow Chemical, John-Manville, Union Carbide, Douglas Aircraft, Boeing, Oliver Farm, U. S. Rubber, American Smelting, General Electric, Southern Railway, International Nickel and Westinghouse.

Mostly in treasuries were Standard Oil of N. J., Bristol-Myers, American Can, Allied Chemical, U. S. Gypsum and Sears Roebuck.

CHICAGO GRAIN
CHICAGO, Oct. 10. (AP)—Wheat prices were lifted more than a cent a bushel at one stage today to a level within fractions of the four-month peak established last week but much of the advance was lost before the close.

Renewed profit taking as quotations held more than 2 cents above last rates contributed to the setback. Substantial sales of cash grain to shippers for movement into eastern areas helped to strengthen all grain prices. Corn sales totaled almost 300,000 bushels while wheat and oats sales approached 100,000 bushels each.

Wheat closed 1/2-3/4 higher than yesterday, December 82 1/2-1/4, May 81 1/2-3/4, corn 1/2-3/4 up, December 82 1/2-1/4, May 80 1/2-3/4 higher.

British Indicate Break With Rumania

(By The Associated Press)

BUCHAREST, Oct. 10.—British legation officials began destroying secret documents today, apparently indicating a break in diplomatic relations with Rumania was near as German troops filtered into the country.

High ranking German officers arriving in Bucharest took over choice suites in the leading hotels and rushed from conference to conference making preparations for garriously treating Nazi soldiers soon to be stationed throughout the country.

British authorities said they had no new information concerning the arrival of German troops in Rumania, but one official said he had personally seen Italian officers at Galatz, on the Danube river, about 100 miles from the Black Sea.

An official announcement said German-Rumanian economic talks would begin in Berlin Oct. 18.

The German language press opened a violent anti-British campaign and said Britain was considering setting up opposition "Rumanian government" in London.

Sources close to the British legation said departure of all British

cers of the Public Health Service, detailed by the proper authority to duty either with the army or the navy. The bill gives draftees and persons in the services above-mentioned a chance for deferred appearance in civil court actions. It seeks to help dependents living in a house or flat for which the rent does not exceed \$80 a month. It arranges for delays in installment payments and premiums on life insurance policies whose total does not exceed a face value of more than \$4000. It also plans relief for those who have taxes falling due. The exact wording and the exact relief in each case cannot be known until the bill becomes law. Hence the advice to prospective draftees: watch your daily Pampa News for news that the bill has become law and a report of its exact provisions.

NEW BILL GIVES RELIEF TO DRAFTED DEBTORS, RENTERS

By MILTON BRONNER, Manager, NEA-The Pampa News Selective Service Information Bureau. WASHINGTON, Oct. 10.—In response to many questions from men of draft age, asking if the government would give them any relief in the matter of responsibility for rent of houses or apartments, contracts to purchase real or personal property, obligations on mortgages, taxes falling due on property, and life insurance premiums, this bureau told them to wait. It said a bill was now pending in Congress to give them a certain amount of relief. It advised them to watch their daily newspaper to see whether this bill became law and what its provisions were. Section 13 of the selective service act apparently grants the reliefs mentioned, by re-enacting provisions of the soldiers and sailors relief act passed during the last World War. But the section as drawn was objected to by the War Department because it gave only partial reliefs and did not cover all armed services of the nation. BILL REPLACES DRAFT ACT CLAUSE The new bill, now pending in Congress, carries a section repealing section 13 in the selective service act. In other words, the new bill will

take the place of section 13 and is intended to be more liberal in every way. The prospects are that it will be passed by Congress very soon. It is called a bill to "promote and strengthen the national defense by LOCAL DRAFT BOARDS HAVE FINAL WORD Milton Bronner will answer questions of The Pampa News readers regarding conscription rulings and interpretations. The War Today

By DEWITT MACKENZIE

There are very positive signs of Axis worry in the fact that Signor Mussolini's newspaper, Il Popolo D'Italia, has taken our Uncle Sam up into a high mountain, shown him the kingdoms of the world and offered him a princely bribe if he will "remain neutral until the destruction of the British empire has been effected."

Specifically Canada, Newfoundland, the Bahamas, Bermuda, and Jamaica have been dangled before Sam's eyes. He might also get Australia and New Zealand.

That offer was made yesterday. Just so there wouldn't be any misunderstanding, Il Duce's paper the day before announced that Germany, Italy and Japan were prepared to go to war with America if we rejected the triple alliance offers and "threw down the gauntlet."

I doubt if the three musketeers really believe Uncle Sam would knife anybody—either foe or friend—for gain. However, their threats and overtures indicate their anxiety over England's increasing strength—admittedly due in no small degree to the material assistance which the United States is giving.

It also is significant that these moves of the triple alliance are coincident with a sudden display of unambiguous gestures among Russia, America and Britain—with Britain's strategically situated ally, Turkey, also waving a friendly hand to the Muscovites. Active collaboration by Washington, London and Moscow is the last thing the alliance wants. It is understandable that the

Ten Attend Tullia Monthly Meeting Of American Legion

Pampa was represented by 10 persons at the combined 18th and 19th district American Legion monthly meeting held last night at Tullia.

Hundreds of Legion and auxiliary members from 21 Panhandle and South Plains towns attended the gathering which was featured by a stirring address on Americanism by the Rev. Uel Crosby, pastor of the Tullia Methodist church; and a program by the drum and bugle corps of the Amarillo Sons of the American Legion.

Attending from Pampa were Commander and Mrs. Ray F. Barnes, Mr. and Mrs. E. J. Kenney, Mr. and Mrs. Emmett Osborne, Mrs. Hugg Clark, Mrs. Howard Neath, Mrs. Ralph Thomas, and Tom Johnson.

A dinner, dance, music by the Tullia High School band, were on the program. Jim Johnson, of Canadian, 18th district commander, was in charge of the business meeting of posts of that district, while Charles Whitacre of Lubbock presided over the 19th district meet.

Due to the 18th district convention in Borger on November 2 and 3, the November monthly meeting was eliminated, and Happy was chosen as the meeting place for December.

Expenditures of the oil and gas industry in Texas in 1939 were approximately \$750,000,000, or nearly \$200,000,000 more than the \$567,500,000 Texas farm and ranch income from all crops, livestock and government benefits.

Axis should have particular concern over the situation at this precise time, since indications are that Messrs. Hitler and Mussolini are on the verge of launching a new great offensive against Britain—quite likely in the Mediterranean theater. It is imperative from the standpoint of their prestige both at home and abroad that they succeed in this new venture in view of the Nazi failure to crush England by direct assault on the British Isles.

Traffic Cops And Judges Blame Each Other For Laxities

CHICAGO, Oct. 10 (AP)—Who is to blame for inadequate enforcement of traffic laws? The courts, says Police Chief W. K. Ingram of South Bend, Ind. Traffic cops, says Municipal Judge Perry A. Frey of Cleveland, O.

Their debate on the subject "What is wrong with traffic law enforcement?" highlighted a session of the National Safety Congress today.

Chief Ingram termed the judiciary "top-heavy, moss-grown and antiquated—a jolly in the midst of streamlined traffic."

"The average judge is just plain bored—he doesn't take traffic cases seriously," said Chief Ingram. "They don't have the 'oomph' of a nice assault and battery."

Judge Frey asserted that many traffic officers merely parade highways for the purpose of scaring, ridiculing and browbeating the motoring public.

"The traffic cop who greets the motorist with 'where's the fire?' or 'who do you think you are, Barney Oldfield?' does more to break down public respect for traffic law enforcement than any other factor," the judge averred.

Cold Germs Speed Thru Air At Rate Of Mile A Minute

By STEPHEN J. McDONOUGH Associated Press Science Writer DETROIT, Oct. 10. — The germs and viruses of the common cold, influenza, infantile paralysis and other diseases travel at mile-a-minute speed from one person to another.

For many years people have been taught to cover their mouths and noses when they cough or sneeze, but today for the first time three scientists of the Massachusetts Institute of Technology, Cambridge, Mass., demonstrated the actual necessity for it to prevent diseases of the nose and throat from leaping from one individual to another.

In a report before the American Public Health Association Dr. Clair E. Turner, Dr. Marshall W. Jennison and Dr. Harold E. Edgerton demonstrated in pictures that the droplets of a sneeze or a cough speed through the air at the rate of more than a mile per minute and have a range of 30 feet or more.

A second hazard, in addition to the actual bombardment of germs and viruses from one person to another is the delayed action of tiny droplets which hang in the air for several minutes and become a hazard for anyone who walks into them with his mouth open or is drawing a breath.

Wilkie Takes Both Sides, Jackson Says

(By The Associated Press)

In another strenuous stretch of campaigning, Wendell L. Wilkie appealed for New England votes today with a series of scheduled speeches in Connecticut, Rhode Island and Massachusetts.

The Republican presidential standard bearer hit the trail again after telling a demonstrative assemblage at New Haven last night that there was need for revitalizing small businesses as "the backbone of America."

Wilkie charged that the "New Deal has put a brake on production," and promised, "I intend to put my foot on the accelerator."

While Wilkie spoke in Connecticut, Attorney General Jackson took to the air waves from Washington with a speech asserting that Republican party had nothing to offer America and that Wilkie's campaign proved it.

Jackson called Wilkie's foreign policy "confused" and said the Republican candidate debated "with himself, taking both sides of every issue."

The campaign brought fresh announcements of transferred political allegiance.

Albert S. Goss, former land bank commissioner and a previous supporter of President Roosevelt, came out for Wilkie, saying he thought Mr. Roosevelt was leading the country into both war and bankruptcy. He registered opposition to a third term.

Gifford Pinchot, former Republican governor of Pennsylvania, called at the White House to pledge Mr. Roosevelt his support, saying "this is no time to put a green hand in charge of the ship."

Mrs. Isabella Greenway King, an intimate friend of the Roosevelt family said she was opposed to a third term and would back Wilkie whom she praised for a "sound and courageous program."

Senators on both sides of the political fence turned their attention to the campaign trail today, as plans for three-day recesses until November 18 brought the chamber's business to a standstill.

Administration leaders announced that 21 senators, including Chandler of Kentucky, Connally of Texas and Bilbo of Mississippi who are up for re-election, had arranged to campaign for the Roosevelt-Wallace ticket in speeches outside their own states. Seventeen other Democrats, seeking re-election, will confine their efforts to their own states.

On the Republican side, Senators McNary of Oregon, the vice presidential nominee, Taft of Ohio, and Bridges of New Hampshire expected to take an increasingly active part in the speaking campaign for the Wilkie-McNary ticket. Five other Republicans, Austin of Vermont, Barbour of New Jersey, Shilbestad of Minnesota, Townsend of Delaware and Vandenberg of Michigan will be busy with their own re-election campaigns.

Other Democratic senators who have arranged to make speeches for the Roosevelt-Wallace ticket included Lee of Oklahoma, Sheppard of Texas and Thomas of Oklahoma.

Large Crowd Expected At Six-Man Thriller

Best Teams In Panhandle Due To Play Spectacular Thrill-A-Minute Football

Starting lineup for the championship six-man football game between Groom and Medicine Mound at Harvester park tomorrow night at 8 o'clock.

Officials will be Coy Palmer, Stinnett, referee and Roger Swann, Pampa, headlineman.

GROOM	WT.	POS.	WT.	MEDICINE MOUND
Whitley	160	RE-LE	145	Prosser
Angel	205	C	150	Arkansas
Green	155	LE-RE	165	Brooks
Black	158	QB	150	Ferguson
Townsend	145	HB	145	Nash
Kuehler	170	PB	150	Scribner

Demand for tickets to the six-man football spectacle at Harvester park tomorrow night indicated that one of the biggest crowds of the season would be on hand to witness a wide-open, pass-slinging, hard-running football game.

The two teams, Groom's Tigers and Medicine Mound, are rated tops in the Panhandle. Groom is undefeated, and Medicine Mound has lost one game in two years. Groom will have a slight edge in weight, but the Tigers are by no means favorites. Medicine Mound plays a faster, more sensational type of ball in their district, than teams play in Groom's district.

Fans who come to Harvester park Friday night will see a brand of football that will be new to them. They will be able to see everything that takes place on the field; the ball will be easy to follow; the fans will see every block and every tackle. The intricate plays of six-man football are easy to watch, and one does not have to ask "What happened—I didn't see that play."

The fans will see more laterals, forward passes, and tricky ball handling than they will see all season because six-man football is largely a matter of passing and fast running. There is no place on a six-man team for a slow, beefy man. The Medicine Mound boys are not set for their passing and their speed. Pampans will remember that last spring they competed in the regional basketball tournament at Canyon.

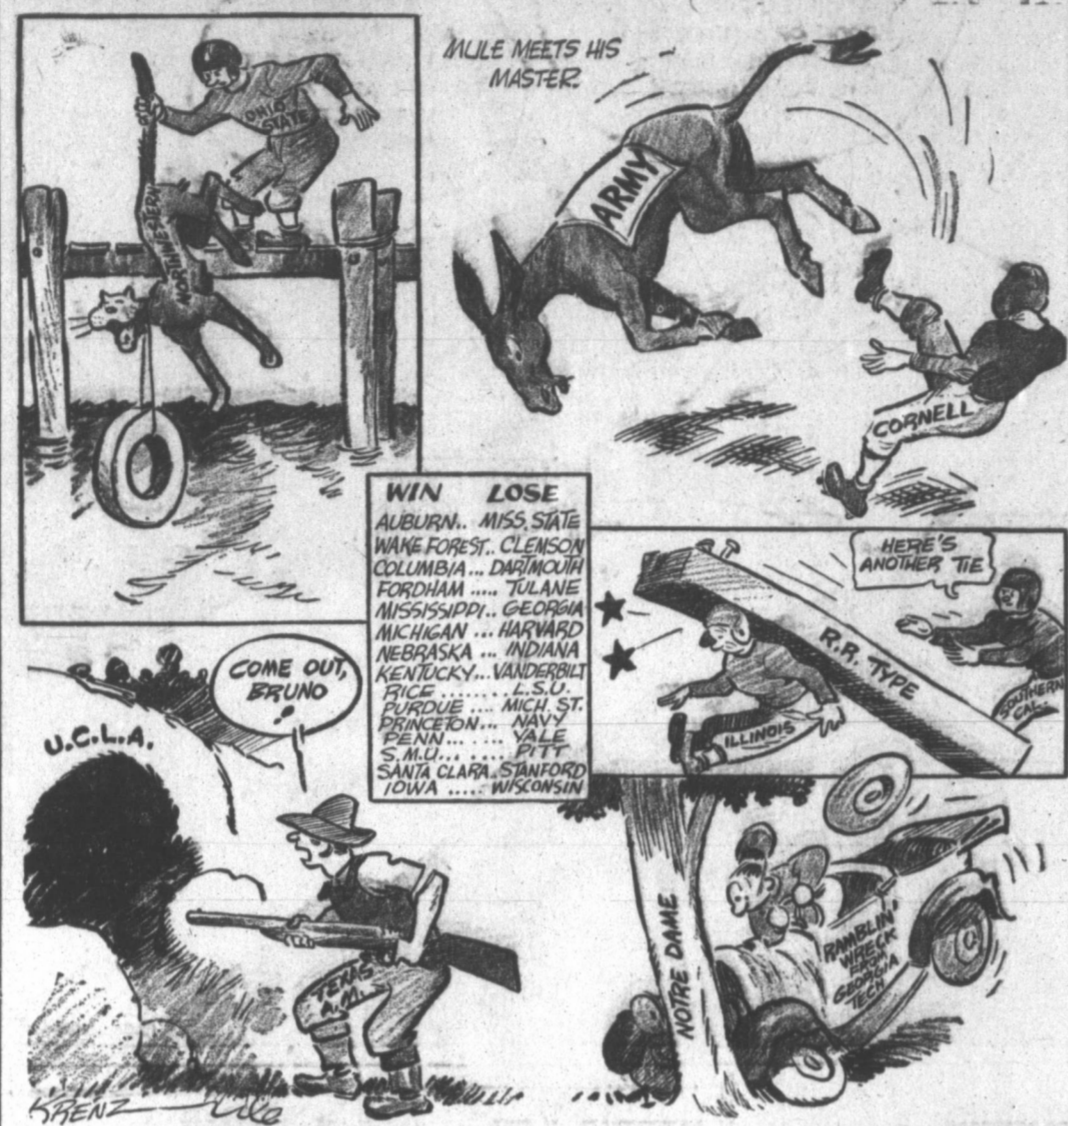

Six-man football is ideally suited for small schools which find it impractical and almost impossible to play 11-man football.

Six-man football is giving thousands of these boys the opportunity to play in an organized way on school teams, intramural teams, or supervised playground and club teams.

In 1934, there were less than one-tenth of the ten-million boys of the United States between the ages of 13 and 21 playing football. Of the 516,000 boys in college, less than 70,000 of them had the opportunity to play and of the nearly four million high school boys, only about one out of every seven had the privilege of playing on a supervised team. Less than 45 per cent of the high schools of the United States have a varsity football team, and even less have intramural football.

Approximately half of the nation's high schools have less than 50 boys enrolled and these schools find the

GROOM, Oct. 10—At last the Groom sport fans are going to get what they have been wanting for almost two football seasons. Groom is going to get its test against a strong six-man football team from another district.

Groom will play Medicine Mound at Harvester park, Pampa, Friday night at 8 o'clock. Everyone has wondered, "Does Groom have an outstandingly strong team, or have they been playing weak teams?" The Roving Reporter of the Pampa News and Dodson's cancellation of a game made possible an answer to this question.

So long and long did the Roving Reporter, Archer Fulfilling, rave about last Thursday's game that he got all of Pampa wanting to see a six-man game. When Dodson cancelled their game with Groom Friday night, Mr. Fulfilling was notified that the Tigers were ready to play in Pampa. This arrangement was completed: Groom will play Medicine Mound, a strong team from district five, in Pampa Friday night for the benefit of the American Legion Goodfellows' shoe fund.

Medicine Mound, a small consolidated school near Chillicothe, was a strong contender in the regional basketball tournament last year. They have been playing six-man football for three years and are one of the strongest teams from their district. Their boys compare favorably with the Tigers in weight with the exception of the center position.

LEFORS, Oct. 10—The Wheeler Mustangs are bringing a group of football players to LeFors Friday night with the intention of breaking into the win column.

The Wheeler team is reputed to have a good team if it breaks will leave them alone long enough to win a game.

LeFors was weakened last week against Phillips by the loss of Kenneth Twigg, because of eligibility rules. He will be ready this week. Twigg is a young triple-threat man that has not received much publicity but is feared by every team in the country. Down LeFors way they call him "Twisting Twigg."

A new man in the LeFors backfield who is coming through in fine style is Edward Vincent. Vincent is proving himself a real blocker and a heady player.

The game will be dedicated to Knute Rockne. The Notre Dame school song will be played by Mr. Ed's high school band. A special program in the memory of Knute Rockne will be put on at the half.

The LeFors "Big Brothers" may have to show off a little at the half, too.

The game is called for 8 o'clock, with admission 50 cents, at LeFors Shaw field.

Sandies To Watch Pampa Boys Play In El Paso

The Pampa Harvesters left this morning for El Paso where tomorrow night they meet the Bowie Bears, El Paso's ace Mexican team. Witnessing the game from the sidelines will be the Amarillo Sandies who will be in El Paso to meet the Austin High Eagles on Saturday night, and the Harvesters might stay over to see the Sandies in action, coaches said before departing this morning by bus.

The Amarillo-Austin game was scheduled for Friday night also but El Paso school officials asked that the game be postponed until Saturday night. Last year El Paso noosed the Sandies out 7 to 6.

Coaches Odus Mitchell and J. C. Prejean took their entire squad of 28 boys to El Paso in a chartered bus. Business Manager Bill Anderson, Principal Doyle Osborne and Team Managers Billy Mounds and Jack Wade went by car.

Several Pampa fans plan to follow the team to El Paso tomorrow. Efforts to charter a special bus failed because too few persons registered for the trip by the 6 o'clock deadline last night.

Coach Mitchell will probably start the same team against El Paso that has started all previous games. Yesterday the boys were put through a long but light workout on offensive plays and pass defense.

The Harvesters have no idea what they will be facing in El Paso. They do not know whether the Bears are big or little, fast or slow. They do know, however, that the Bears swamped Clovis, N. M., 33 to 0 a week ago.

The Harvesters won a 21 to 6 game over the Bears in El Paso in 1935 and a 27 to 0 victory here the following year.

SMU Back Injured In Wreck; Kimbrough Out With Cold

(By The Associated Press)

Three Southwest conference gridiron contingents were en route today to widely separated cities—each hopeful of keeping untarnished the loop's 1940 record against outsiders.

The Southern Methodist Mustangs, who have a stiff assignment against Pitt at Pittsburgh Saturday, received a severe blow yesterday when Foster Elder, senior back, was seriously hurt in an automobile accident.

After Elder and two teammates missed the train on which the Ponies left Dallas, they tried to catch it at a nearby station. Their automobile overturned. Elder suffered a fractured pelvis, and neck and bladder injuries. He probably will be out the rest of the season. Clinton McClain and Bill Thomas backs escaped with bruises and left by plane last night to join the squad. Also in the automobile and bruised was Tackle Lynn Bostick, who already was on the injured list and therefore was being left at home.

The Texas Aggies were without big John Kimbrough, All-American fullback, when they stopped at El Paso for a practice. Coach Homer half but he fell one yard short of the goal line with no one near him. Asher broke off tackle, cut to the sidelines and then roamed back through opposing tacklers to the center of the field but his legs would not make the last yard or two and he fell as the whistle blew.

Woodrow Wilson threatened on several occasions but failed to get the ball across the line. Woodrow Wilson, unlike other teams, doesn't have a big backfield man to make a yard or two when needed, and Baker was able to stop speed and trick plays. The two Anderson boys and Gantz played good ball in the Woodrow Wilson backfield while Riley and Jones were strong in the line.

The entire Baker forward wall functioned exceptionally well.

Baker School Beats Woodrow Wilson 7 To 0

Little Jimmie Asher, who has developed into a great broken field runner, stepped back and heaved a 20-yard pass to Charlie Huffine who took it from between two defensive halfbacks and ran another 20 yards for a touchdown to give Baker a victory over Woodrow Wilson yesterday afternoon in the ward school league. Big Harold Bell ran the ball over for the extra point and the game ended 7 to 0 for Baker. Asher had another touchdown in the bag as the whistle blew for the

Since the Shamrock and Clarendon teams are in the ranks of the four remaining undefeated in conference play in this district, the outcome of this game will be watched with interest in many localities.

Both teams are reported in fine shape with no serious injuries from last Friday's games and the winner of this game will be favored for the championship of the district.

Tigers Tackle Cyclones
McLEAN, Oct. 10—Friday night at 8 o'clock on the local gridiron, the Tigers will engage the Memphis Cyclones in the second conference game of the season. McLean won easily over a plucky take-away team last week, using every boy in uniform.

The game this week promises to be a fight with the winner getting the breaks. Memphis will out-weight McLean and will have the advantage in experience.

In "Tiger" Lee, McLean has a speedy back who has scored five touchdowns in two games. Ted George, Memphis fullback, is the spark plug on the Memphis team and has been a star in every game this year.

Memphis uses a changing defense on every play and Coach Christian is working his boys hard in order that each player will know his assignments against any particular type of defense.

McLean won 28 to 14 last year.

'Ivy League' Opens Play This Week

By HUGH S. FULLERTON
NEW YORK, Oct. 10 (AP)—The "Ivy league," an informal but influential group of eastern colleges that has been playing football longer and often better than any other in America, appears closer than ever to becoming a regular circuit.

Although seven of the ten schools that are generally considered to belong in this group are members of the eastern intercollegiate football and baseball leagues, they always have fought shy of forming an iron-bound football circuit. They come as close as conditions permit to having the same scholastic standards and eligibility requirements and they can escape a lot of the dangers of "high pressure" football because their ancient prestige attracts boys

Bucks Battle Hereford

WHITE DEER, Oct. 10—The unbeaten, untied, unscored on White Deer Bucks and the unbeaten Hereford Whitefaces will square off at each other Friday night at 8 o'clock in Hereford in what promises to be an excellent football game. Last year Hereford bowed to the Bucks 40 to 21, but upon paper this year's game looks much better.

The Whitefaces have stamped Friona, Littlefield, Dimmitt, and Dumas, while the Bucks have been polishing off Tulla, Canyon, and Spearman. The scrappy Hereford offensive, with their superior weight and experience, will be hard to stop, and Coach B. E. McCollum has the line hard as work defensively, hoping to stall the power and passing Hereford will display.

The Buck offense has been polished this week against the various types of defenses which the Hereford team will use. Special attention has been given to the passing attack, with Jimmie Russell, quarterback, and A. C. Hourigan, halfback, heaving the aerial thrusts.

Last week against the Spearman eleven, the Bucks showed great improvement in offensive blocking, and the defensive play of the line was much improved over the previous game with Canyon. The work of Querry, Moot, and Gores was especially outstanding in the line.

The Bucks are in good physical condition for the game. Coach McCollum reports. Starting assignments will probably be as follows: Ends, Matheson, Noel; tackles, Gores, Moot; guards, Querry, Jett; center, Tomlin; backs, Russell, Weaver, Hourigan, Aulbert.

Neglecting Nothing

Nothing is being left undone in the preparedness program. Along with all the other things an army needs, it must have caskets, or at least know where it can get them. Accordingly the War Department is making a careful survey of the casket supply and manufacturing facilities in the United States.

Forgotten Men

Just so you won't be scratching your head in perplexity when you go to the polls on election day, you should be reminded that, besides Mr. Wilkie and Mr. Roosevelt, there are five other candidates out after the same job.

The Nation's Press

Rich farm properties and a part of the Ozarks' most attractive resort country will be ruined if the War Department is permitted to build large dams at Bull Shoals, near Cotter, Ark., and at Table Rock, near Branson, Mo. Construction plans for these projects on the White River, estimated to cost \$75,000,000, have already been approved by the President and recommended to Congress.

Behind The News

Washington, Oct. 10.—Don't overlook the Smith committee's current effort to prove that Communists have been running the labor board. An immensely interesting story lies back of it all.

Political Economy In One Lesson

Behold those four orators, disputing with each other the occupation of the tribune. At first, they speak all at once, then one after the other. What is it they say? Very beautiful things, assuredly, on the power and greatness of France; on the necessity of sowing in order to reap; on the brilliant future of our gigantic colonies; on the advantage of pouring out on a distant land the overflow of our population, etc.

Yes, that is true, if we begin to consider the said 50 millions only at the moment when the state extends them—if we regard only whether they go, and not whence they come—if we reckon only the good they will do on quitting the coffers of the collectors, and not the evil which has been produced, as well as the good which has been prevented, by introducing them into those countries.

But there is something else, which is not seen. It is that the fifty millions expended by the state cannot be expended by the taxpayer, as otherwise they would have been. From all the good attributed to the public expenditure effected, must then be deducted all the evil of private expenditure prevented; unless, indeed, it be said that Jacques Bonhomme would have made no use of the five-franc pieces which he had earned, and of which the tax robbed him; an absurd assertion, for he would not have taken the trouble to earn them, had he not hoped for the satisfaction of employing them.

People You Know

By Archer Fullingim. Look at the hands of people and they will tell you more sometimes than the face can, more than the eyes can. For instance, the amazing youth of Mrs. C. H. Walker shows up best in her hands, and you can believe her youthful complexion and her face that doesn't have a wrinkle in it, and her hair—after you see her hands, and you become impressed with the pert gaiety of her hands, and see that they best help express her personality.

Listed here are the names of five men, all of whom won fame in different fields. Each is popularly remembered as the author of a particular catchword, which you should be able to supply: 1. Calvin Coolidge, 2. Patrick Henry, 3. William T. Sherman, 4. P. T. Barnum, 5. Horace Greeley.

OWES BOARD NOTHING

Meanwhile something else had been happening. Although Congress in June voted his money away, Sappos didn't lose his job, the board shuffling its funds so as to keep him and his division at work. Now, however, the House has renewed its earlier action, putting enough teeth in the new bill to make Sappos' dismissal unavoidable.

Editor, The Pampa News:

During the past few years we have heard a lot of talk and claims about what the "New Deal" has done for the farmers of the nation and what desperate straits the farmers would have been in without the benefit payments which they have received.

You will see from the above that while we were killing off pigs to get rid of our so-called "surplus" so as to raise the price of pork that imports of hogs to this country increased from 34,155 pounds in 1932 to the almost incredible figure of 16,552,218 pounds in 1937, 484 TIMES AS MUCH AS IN 1932.

America has the most cumbersome, ridiculous and antiquated tax system in the world, and it could not stand up for any length of time were it not for the fact that we are the richest nation in the world.

TEX'S TOPICS

WE have just returned from Oklahoma City where quite a crowd of old country boys from Pampa spent three or four days in the interest of Fred Thompson, Pampa's mayor, who now has another title.

The nice part about all this is to be found in the fact that Pampa's candidate for the governorship, of course, was not seeking the office.

Mr. Thompson never had mentioned the campaign to us until this morning at a Salvation Army breakfast. At that time he was in the act of subjecting us to a little of his "Bible" history. Finally, he said that he felt a lot like Governor O'Daniel would have felt in his first campaign. "I had no idea of being elected," he said, "but I just went along to have some fun and cheer for the other fellow when the ballots were counted."

You will see from the above that while we were killing off pigs to get rid of our so-called "surplus" so as to raise the price of pork that imports of hogs to this country increased from 34,155 pounds in 1932 to the almost incredible figure of 16,552,218 pounds in 1937, 484 TIMES AS MUCH AS IN 1932.

SERIAL STORY

NEW YORK JUNGLE

BY WRAY WADE SEVERN

COPYRIGHT, 1940, NEA SERVICE, INC.

YESTERDAY: Adam introduces his wife, Pat, 20 years younger than himself, to a brilliant entrance, and the tension continues. Coffee is served in Adam's basement. Today: The storm rages in the hall. She tries to flee to escape. Hugh also tries, then announces "We're locked in."

Adam Langdon leaned against the head of his trophy in an unnatural pose, head slumped forward. Marta lay at his feet.

A SHOT IN THE DARK CHAPTER III A DAMN jerked at the door. "It's locked, all right." "Locked in!" Patricia Langdon breathed, eyes half ironical, half afraid. "What a climax to the evening!" "Climax? Say beginning, Pat," Gundrum corrected. "Probably a gang of thieves are upstairs, looting the place." "Then we are as helpless as rats in a trap," Nella began to cry. "Stop that, Nella!" Hugh commanded. "With five able-bodied men and a gun rack to protect you, what have you to fear?" "Were all the windows closed on the upper floors, Togi?" Adam asked. "Closed because of storm. Maybe thief could get in by using penknife at window latch," the valet replied. "Someone may be playing a joke on us," Marta suggested. "Who that we know would be out in this storm, breaking into a house just for a joke?" Sidney demanded. A low rumble of thunder, followed by a gust of wind and a torrent of rain gave point to his words. "The sooner we get upstairs, the less we'll find missing," Hugh said. "Shall I shoot the lock, Adam?" "Yes, but stand as far as possible from the door so as not to splinter the oak," Adam Langdon told him. "Don't shoot until all of us are armed, Hugh," Sidney suggested. "There may be a gang up there. Never can tell, and it's best to play safe." Acting immediately on his own suggestion, Braitwood led the way to the gun racks. While most of Langdon's guns were antiques, they were all in working order—Adam insisted upon that. Instilled, too, that each derringer and dueling pistol be kept loaded. "A gun is no good if it can't be used," he had explained. "I like to see just how well they shoot, anyway." In a few seconds each man had selected a weapon. Hugh squared before the door. "If anyone is in the hall trying to play a joke on us, get out of the way," he called. "I'm shooting the lock." The ticking of the clock above the fireplace was the only sound while they waited for the sound of retreating steps. Then another gust of wind and a loud peal of thunder wiped out the silence. A second terrific detonation followed. It rocked the house with such loud violence that none knew whether or not Hugh had actually fired. Instantly, the lights went out. TERROR swept through the blackness of the room. A pinpoint of light flickered beneath the coffee urn. Vivid flashes of lightning revealed frightened faces. A woman screamed. Then thunder crashed about them, as the full fury of the storm seemed concentrated on this single, isolated house. A brilliant flash illuminated the room for a fraction of a second. Almost instantly, the explosion of thunder shook the house again. Outside, a tree crashed to the ground. Stillness followed. A match

upper part of the house still flickered momentarily in the blackness, went out. Then the storm unleashed a new barrage. No one spoke. All stood tense, half afraid the house might be struck. Braitwood, at Hugh's right, moved toward the door. It swung open at his pull. He struck a match, held it high, as he peered out into the hall. The draft from the open door extinguished the light. "Stay here and guard the women, Adam!" Hugh's voice rang out. "Sid and I will go upstairs. Gundrum, you'd better look in the storeroom. Togi, you search the furnace room. If you get in a corner, call us and we'll come running back." "The men, grouped about the door, heard the directions, but over at the table where the women remained, his words were not audible above the storm, as it later appeared. At the foot of the stairs leading up from the hall outside the jungle, the four men separated, Sidney following Hugh, gun in hand. Gundrum and Togi turned to nearby doors. Hugh and Sidney found the door at the top of the stairs unlocked, and, to their surprise, the upper floors fully lighted. "By Jove," Hugh exclaimed. "I thought the entire lighting plant had been crippled. Must have been a fuse that blew out in the jungle." They moved cautiously forward to the front door. It was locked. There were no wet footprints to suggest that anyone had come in that way. Back and side doors also were locked. "Somehow, I don't have that uncanny feeling that I always get when I'm stalking big game, Sid," Hugh whispered in a puzzled tone. Gundrum, followed by Togi, joined them, neither having found the lower rooms disturbed. They, too, were surprised at finding the
