

GO TO CHURCH TODAY!--Thousands Of Pampans Due To Fill Churches

Rain or sunshine—and there doesn't seem to be much danger of rain—today is "Go to Church Day" in Pampa.

The various churches of the city, both white and negro, are preparing to accommodate overflow crowds. Only exception is the First Presbyterian church which is at present holding services in the high school auditorium which has a seating

capacity of 1,200 persons. The new Presbyterian church will be ready for occupancy in a few weeks.

Ministers have prepared special sermons for today. Special musical programs have also been arranged by most of the churches.

The "Go to Church Day" is in charge of laymen who try to make people "church conscious" at least once a year and from which they

hope some may start back to church as regular attendants.

Aim of the general committee, headed by Paul D. Hill, is to break all attendance records in all churches.

As a reminder to get up and go not only to church but to Sunday school, the siren on top of the first station will blow and the bell at

Holy Souls Catholic church will ring promptly at 9 o'clock.

The committee in charge hopes that entire families and not just one or two members of each family attend church and Sunday school.

"All we ask is that everyone attends the church of his or her choice on Sunday," Chairman Hill said last night. "Sunday school will

begin at 9:45 or 10 a. m., with church services at 11 a. m."

Pampa churches and pastors include:

Calvary Baptist church, 826 Barnes street, the Rev. E. M. Dunsworth.

Central Baptist church, 501 East Franklin avenue, the Rev. T. D. Sumrall.

First Baptist church, 203 North

West street, the Rev. C. Gordon Bayless.

Holy Souls Catholic church, West Browning and North Ward streets, the Rev. W. J. Stack.

First Christian church, North Starkweather and Kingsmill streets, the Rev. B. A. Norris.

First Church of Christ, Scientist, 901 North Frost street, Mrs. Mattie F. Tignor, clerk.

Central Church of Christ, Buckler and Somerville streets, The Rev. Albert Smith.

Francis Avenue Church of Christ, 221 North Warren street, the Rev. D. W. Nichol.

St. Matthews Episcopal church, 707 West Browning avenue, the Rev. E. J. Snell.

First Methodist church, 201 East Post street, the Rev. W. M. Pearce.

Harrah chapel, 709 Barnes street, and McCullough Memorial Methodist church, 1910 Alcock street, the Rev. H. H. Bracker.

First Presbyterian church, in the High school auditorium, West Browning and Frost streets, the Rev. Robert Boehen.

Fred Thompson

Good Results Obtained In Army's Drive

Fred Thompson, mayor of Pampa, and governor of the Texas-Oklahoma-Kiwanis district, is a member of the advisory board of the Salvation Army.

The Army is now conducting a campaign in Pampa to raise \$5,000 to carry on its work here during the coming year.

Good results have been obtained in the local drive to date, and work of collectors now is limited principally to "call backs" and industrial sheets.

These sheets have not been all received, due to waiting for pay-days, but are expected soon.

Major Reginald E. Clevert of Dallas, campaign director, left Pampa Friday night for Big Spring, where a drive is to start in that city tomorrow.

Concluding the series of special stories on the work of the Salvation Army in Pampa is the case of a transient.

Following an oil field accident he lost his job. The injuries he sustained impaired his health permanently and disabled him. He wandered around the country a number of years, often-times not knowing who he was owing to a head injury that

Four Die In Snow Storms In East

(By The Associated Press)

Four persons were killed tonight in automobile accidents attributed to blinding snow flurries as winter-like weather made a premature appearance along the eastern seaboard.

At Fort Dix, N. J., two men and two women died and an army chauffeur was critically injured as a passenger car and an army beach wagon crashed head-on in swirling snow.

In Philadelphia, Assistant U. S. Attorney General Lemuel B. Schofield was struck by an automobile and suffered a leg fracture during a snow storm.

The weather bureau in Washington, ordered northeast storm warnings hoisted at 11 p. m., EST, from Atlantic City, N. J., southward to the Virginia capes, and warned of moderate, shifting gales moving rapidly eastward from the southern Appalachian region with increasing intensity.

In New York where the temperature was below freezing, there were light snow flurries but in New Jersey and Pennsylvania the snowfall reached storm proportions.

LONDON, Oct. 19.—The RAF gave Germany's "invasion coast" a Saturday night plastering tonight in a rolling attack which shook houses along the Kent shore 22 miles on this side of the channel.

The British bombers shuttled across the channel in bright moonlight. A low flying mist hid the French coastline itself but the starlit sky above was sprinkled with bursting German anti-aircraft shells.

For more than three hours British bombers hovered and dived through thick clouds over Hamburg last night to drop incendiary bombs on the Blohm and Voss shipyards "where German warships are known to be under construction," the British reported.

Heavy damage also was believed by the raiding pilots to have been done to the Germania shipyards at Hamburg, the air ministry news service said.

Despite rain, fog and ice, it added, British airmen plastered heavy cargoes of explosives also on the naval base of Kiel, commercial docks at Emden and Lubek, and many other targets inside Germany, including a big aluminum mill at Lünen, near Dortmund, the river port of Duisburg in the Ruhr, railways near Schwerte, Dortmund, and Osnabrück, and an airdrome at Slade.

Because of clouds, the bulletin said, the raiding airmen were forced to "spend considerable time maneuvering above the target area" at Hamburg. However, the shipyards were reported hard hit in a series of individual sorties which began shortly after midnight, and continued at intervals for nearly three and a half hours.

A bright moon over the Ruhr enabled the pilots to observe violent explosions and fires which "threw out greenish white smoke puffs like Chinese fireworks" when bombs were dropped on the aluminum works at Lünen.

Dies Presses For Purge Of Traitors

CHICAGO, Oct. 19. (AP)—Rep. Martin Dies (D-Tex.) declared tonight that "if the government doesn't define or adopt a firm and uniform policy putting an end to political activities of representatives of foreign powers in the United States, I propose to make public all the evidence I have on the subject."

"I want a clear definition of policy from the federal government as to what it plans to do about consular representatives of Russia, Germany, Italy, England and other countries engaged in political activities in this country," Dies, chairman of the house committee investigating un-American activities asserted in an interview.

He added he referred to "activities not connected with their official functions."

Dies said that while much evidence had been made public concerning un-American activities, recent evidence obtained by subpoena in New York, Texas, Los Angeles and other parts of the nation had been turned over to the state department.

Many of the new stores and some of the long established stores in Pampa are not sure of some of the Texas Food and Drug laws. These laws are made and enforced for the safety of all food consumers and should be welcomed by the honest merchant since it will help him to build an honest business.

Some of the main points found in the laws are: adulteration, or misbranded food, drugs, narcotics, and poisons; acts injurious to health; malicious mischief; standards of purity; and sanitary rules and regulations of food and drug establishments.

These laws will be gladly gone over with any person wishing to acquaint themselves by any member of the City Health department. Since these laws are state, they will be rigidly enforced with the hope that the public will help and stores will not resent them.

It will be June in "January" if you will use Barrett's Locker system. Phone 1212. (Adv.)

FIRST CATCH

First Pampans to catch their limit of fish at Lake McClellan Monday morning were Walter Sill, Dud Holloman and A. J. Hindman, pictured above, in front of the Pampa News. The three started fishing soon after sun-up and in less than two hours they were back in Pampa, each with his limit. Included in the catch were two bass, each weighing 2½ pounds. Many Pampans caught the limit opening day and on several occasions since then.

Kiwanis Revue To Be Rehearsed This Afternoon

Singers, dancers, and principals in the cast of the Pampa Kiwanis club's Top O' Texas Revue, to be staged on the nights of November 6 and 7 in the high school auditorium, are to have a rehearsal at 2 o'clock this afternoon in the auditorium of the city hall.

Announcement of the committees set up to handle the show was made at the Kiwanis club's regular weekly luncheon, held at noon Friday.

Dance numbers from the show by Frankie Lou Keahn and Miss Vivian Eason were on the luncheon program.

Tex DeWeese, Kiwanis president, will be master of ceremonies for the revue, of which Ken Bennett is producer and director.

Attendance at the luncheon Friday was 56, including one visitor, Miss Helen Montgomery.

Show Committee: Committees are: general show, Dr. W. Calvin Jones, chairman, R. E. Allen, co-chairman, Guy McTaggart, Doc Warner, Jeff Bearden, H. E. McCauley, Jim Collins.

Property, John Wilkinson, Jack Goldston, Garnet Reeves.

Hey Folks, You May Be Cello Fan After You Attend Concert Tuesday

Something new was started in Pampa schools this year—an impressive foundation for a creditable string orchestra, and one of the first educational and entertaining moves to attract the attention of adults to this school orchestra program will be a cello concert by Edouard Blitz at the school auditorium Tuesday night.

Students are already interested in this orchestra and 106 of them are already enrolled in classes, but the school system is seeking the support and understanding of parents and patrons. So it is anxious for hundreds of adults and parents to attend the concert Tuesday night.

The children will attend Mr. Blitz's matinee performance Tuesday afternoon. The evening concert will be for both students and adults, and the school is hoping that parents will buy the 1,000 tickets the students are selling.

Other concerts, featuring various orchestra instruments are planned for this school session. It is believed that if the parents and patrons will attend the cello concert, they will grasp some of the possibilities of a string orchestra composed of students—something the school system has never had, and something the music department lacks.

Pampa schools have been noted for their bands but it is the desire of the system that the school become outstanding for its string orchestra.

Besides all this, the school system believes that if music lovers, adults and school patrons will attend the concert they will at once learn to like the most versatile instrument of the orchestra—the cello.

Many Killed In Another 'Worst Raid' In British Capital Admitted

By H. TAYLOR HENRY

LONDON, Oct. 20 (Sunday) (AP)—High explosive bombs dropped by German raiders in the heaviest early-evening assault since the battle of Britain began killed many Londoners last night and caused "severe" damage in the British capital.

One bomb landing outside a hotel killed an unannounced number of people in the bar; two others were killed when a bomb hit a cafe, and a direct hit which demolished a London club caused an undetermined number of casualties.

The furious pace of the raid continued after midnight before a lull brought the "all clear" around 2 a. m. But it did not last long. The raiders returned to the attack within a few minutes and another alarm was sounded.

The Germans apparently concentrated on distant outskirts of the city as they resumed the assault, however. Only the sound of the outer defense guns was heard.

When the salvo of bombs first poured down, it appeared that the raid might prove the heaviest attack of the war but for some reason the Germans did not continue the fast attack on the city itself in the early morning hours.

Bombs scored a direct hit on a hospital, considerably damaging one block of wards.

There were heavy damage and casualties in another district of the city.

The German planes were coming over in the largest formations they have yet used.

There were easily 15 to 20 in each wave and the waves were not more than five minutes apart.

But no matter how large the fires they started, quick work by fire fighters brought them under control in about an hour.

Raiders Bomb London 43rd night. There has been a mysterious daylight let-up, but for the 43rd straight night, the raiders reappeared as inevitably as the darkness. They had been saving up for a smash of concentrated ferocity.

I have just been talking with Associated Press staff reporters stationed all over the city and the suburbs. They confirm that it is tough going tonight.

"The bombs were not coming down one at a time—in no case were there less than eight in a cluster."

Buildings rocked to their blasts. Fires lit the ambulances racing through the streets with sirens wailing.

The RAF counter-attacked against German positions on the French "invasion coast" and watchers in England saw the pyramidal fire of explosions and anti-aircraft defense across the English channel.

CHAMP MEETS CHAMP—HERE'S JOHNNY ON DEMPSEY'S KNEE

Yes sire, that's Johnny Campbell of Pampa you see sitting on Jack Dempsey's knee! It was a case of champ meeting champ because Johnny last spring won the Panhandle boxing championship in the 85-pound class.

The picture was taken in Jack Dempsey's famous cafe in New York City. Sitting between Johnny and Dr. W. L. Campbell John-

ny's father, is Congressman-Nominate Gene Worley with whom Johnny appeared on the We The People program. Here you see Gene in his most characteristic position—left hand on the back of his neck. The diner in the background looks like sour-puss Ned Sparks of the movies, but Johnny didn't know who he was. Johnny arrived

back Friday night, traveling by train from Washington by way of Memphis, Tenn. In Washington, Johnny was the guest of Marvin Jones with whom he had his picture taken—a picture that was published in the Washington Post. Congressman Jones introduced Johnny to Speaker Sam Rayburn and others. The Yellow Cab company took Johnny on a tour of Washington.

Willkie Questions FDR's Liberalism

MINNEAPOLIS, Oct. 19 (AP)—Wendell L. Willkie said tonight he would like to ask President Roosevelt "how he can claim to be a liberal reform leader while having the Frank Hague, the Kelly-Nashes, and the Ed Flynn trying to steal elections in three of our major cities."

The Republican presidential nominee, speaking to a crowd which filled the 12,000 seats in the municipal auditorium, said amid cheers that the people of Minnesota were aware of the results that could be obtained "through effective government leadership."

Then, interpolating in his prepared address, he added: "And incidentally, when the third term candidate begins to make those political speeches about abandoning those non-military inspection trips, I would like to know how he can claim to be a liberal reform leader while having Frank Hague, the Kelly-Nashes, and the Ed Flynn trying to steal elections in three of our major cities."

Willkie's latest economic message mending in the Balkans came at a time when the capitals of Rumania, Bulgaria, Greece and Turkey were active with reports of Axis plans for further penetration of southeastern Europe, authoritative sources disclosed.

Baylor U. Parents Use Lateral Pass On Baby Joanne

WACO, Oct. 19 (AP)—The Rev. and Mrs. Clifford Potts, young couple attending Baylor university, found that 17-month-old Joanne hampered their class schedule until they devised a hipper-diaper mama-to-papa lateral pass formation.

Daddy goes to his 8 o'clock class each morning, leaving Mrs. Potts with the baby. At 8:55 he hurries toward home, meeting his wife with the child in her arms. Baby is passed to papa, who returns home until time for the next class. Then he dashes toward the campus on the passing end of the play.

Thus it alternates through the day.

Former Loyalist Executed In Spain

MADRID, Oct. 20 (Sunday) (AP)—The execution of Luis Companys, former president of the Autonomous government of Catalonia, after a court martial was confirmed here today.

During the trial Companys was said to have blamed former Republican Premier Juan Negrin for prolongation of Spain's civil war.

Upon being sentenced to death Companys was allowed to receive his sister and a brother-in-law before being executed.

(Earlier reports said he was executed Friday.)

The registration numbers are the numbers assigned by the Gray county Selective Service board in the registration held on Wednesday, when all males between the ages of 21 and 36 were listed at the county's precincts.

Lottery Will Be Held In Next 10 Days

Total Quota For Texas Will Be 33,213 Draftees

WASHINGTON, Oct. 19 (AP)—National draft headquarters made known today the number of men each state will be expected to contribute to the 800,000 to enter army training by next July 1.

The total tentative quota for Texas was 33,213, and the allocation for the state's portion of the 400,000 to be called by March 1 was 14,317 whites and 2,549 negroes.

Assignment of state quotas was the last major step in the draft program before the national lottery which will determine the order in which men will be called. The date for the lottery has not yet been set, but it is expected to be held within the next 10 days.

With the program moving along swiftly, General George C. Marshall, army chief of staff, sent a message to the commanders of the four field armies, saying that "the task now looms before us is the expeditious development of a unified, efficient fighting force of citizen-soldiers."

He added that in reaching that objective there must be "no pampering of individuals, no distinctions between men because of their previous military experience or condition of entry into the service."

"In a spirit of mutual respect and cooperation," Marshall wrote, "the army of the United States must now proceed with its high purpose of welding from the elements of the American democracy, a disciplined, seasoned fighting force, capable of defending the nation."

State quotas were announced, for the 800,000 trainees to be called by July 1, and also for the first 400,000 to be called by March 1.

They were tentative, and were based on estimates of the number of men who will be classified as fit and available for immediate service, with tentative credits for the number of men each state was estimated to have furnished to the armed services already through voluntary enlistments.

More exact figures will be substituted when it is learned, precisely how many fit and available men last Wednesday's registration disclosed in each state, and how many volunteers each state actually has contributed.

Under the regulations, state quotas will be allocated among local draft boards by each state's selective service headquarters.

Secretary Stimson has announced that the army will call the first 30,000 men for training on November 18. Thereafter, as soon as housing, hospital and other facilities are ready, commanders of the army's nine corps areas may requisition troops, within the limits prescribed by the war department, from the governors of the states in each area.

At least 21 days' notice must be given for such requisitions.

As far as possible, units of the national guard will be filled out with men from their home states, or

Pope Asks Aid For 'Damaged Regions'

VATICAN CITY, Oct. 19. (AP)—Pope Pius XII in an appeal to the United States for generous contributions to wartime foreign missions declared today "the peace of the world also is a missionary aim of the church."

He called upon Americans to open up their purses liberally to "help rebuild what has been damaged and to reassure those who are discouraged."

Regions involved in the European war, the Pontiff said, would "swell with confidence" the American response.

Cole Brothers Circus Due Here On November 2

Circus day this year in Pampa will be Saturday, Nov. 2nd, when the trains bearing Cole Bros. Circus will pull into town and hundreds of performers and animals will wend their way to the circus grounds. Equipment, wagons, horses, tractors, elephants, all will be put into use to transport the huge show through the streets.

Ken Maynard and his wonder horse, Tarzan, and scores of cowboys, cowgirls, Indians, and frontiersmen, all geared out in their flashy costumes, will start for the lot and by noon everything will be ready for the two performances to be given here.

New animals from Singapore, India, and Africa, together with tigers, lions and other species from the various zoos in America, have been added to the menagerie.

From now until circus day advance representatives for the show will be in town making final arrangements. Purchasing agents will be here lining up groceries, meats, bread (a thousand loaves by the way), eggs, milk, sugar, and so on for the 2,000 meals that are served every day to the personnel of the circus.

Six thousand pounds of hay, two hundred bushels of oats, three thousand pounds of straw, more if

it rains so as to keep the grounds dry, four hundred pounds of bran are just a few items for the animal department.

Over 200 acts with the show this year in addition to Ken Maynard, include The Loyal-Repsack Family of bareback riders, The Escalante Troupe, The Gasca Troupe, Weber Bros., and Chhatta, The Martinez Family from old Mexico, The Skating Rockets from Oslo, Norway, fifty clowns herded by Gene Griffling, world's funniest pantomimist, and a gorgeous pageant entitled "La Habana," which serves as a prelude to the circus proper. Two performances will be given in Pampa, starting at 2 and 8 p. m. and the doors to the big tent will open one hour in advance to allow patrons to inspect the huge double menagerie carried this year.

Wheeler Court Term To Open November 11

Special To The NEWS
SHAMROCK, Oct. 19—The fall term of the 31st district court will begin on Monday, November 11, in Wheeler, with Judge W. R. Ewing, on the bench according to announcement made today by Holt Green, district clerk.

A light docket is expected with mostly civil cases set for the trial. Many civil cases were postponed at the last session of the court and in case they come up this session it may take the entire seven weeks to clear the docket.

As in the past the first week will be devoted to non-jury cases, the second will be jury civil docket, criminal docket, the fourth, civil docket, and the fifth and sixth weeks civil docket and the seventh week non-jury.

The grand jury will receive the charge of the court on the morning of the eleventh and will dismiss and convene intermittently, as they see fit, during the remainder of the term.

Fireflies are courting their beloved when they flash their light, according to scientists.

Dr. Gilliland Will Report For Duty At Fort Sam Houston
Dr. J. O. Gilliland, Pampa, a first lieutenant in the medical reserve corps, has received notice to report for extended active duty at the U. S. army hospital at Fort Sam Houston, San Antonio.
Associated with Dr. W. B. Wild, Dr. Gilliland has been in the general practice of medicine here for several years.
He will leave Pampa within the next week and will be accompanied to San Antonio by Mrs. Gilliland.

Meteorites from the sky are found to contain only those chemical elements already known on earth.

THEY CONQUER THE CITY

Starting left and reading clockwise are James Cagney, Joyce Compton, Anthony Quinn, George Tobias and Frank McHugh who head the cast of "City for Conquest."
Opening a three-day run today at the LaNora, the picture is a powerful drama of undying love in the big city, with Cagney playing the part of an East Side newsboy who discovers that one has to be hard and tough to make a dent in the town. Ann Sheridan has the role of a girl who finds that the price of success can be very high. Together they plan to accomplish something to beat their way through the cruel oppression of the city's seven and a half million struggling souls.

MAKING THE WORLD SMALLER

A finely played and suspenseful newspaper story is Warners' 80-minute picture, "A Dispatch From Reuters," showing Thursday, Friday, and Saturday at the LaNora. Edward G. Robinson, left, has the title role. Other principals are Edna Best and Eddie Albert. It's the story of the establishment of the American news-gathering service, and pays an inspiring tribute to fearless journalism. When Reuter has the speech of Napoleon III wired to London, he wins the support of the staid old London Times. Reuter scoops his rivals on the assassination of Lincoln. The news upsets the London stock market. Called before parliament and denounced as unreliable, news comes from the American ambassador confirming the slaying and vindicating Reuter.

COWBOY SERENADE
Music, comedy, action and romance are neatly blended in Republic's "Carolina Moon." Gene Autry, with June Storey, above, and Smiley Burnette, are the principals in the 65-minute picture with its new formula of more music, comedy, and romance, showing today, tomorrow, and Tuesday at the Rex. Action centers on Autry and Burnette saving honest planation owners from being robbed by a lumber syndicate.

NEW ROGERS WESTERN

Roy Rogers, George (Gabby) Hayes, above, and Pauline Moore have the leading roles in Republic's 87-minute western, "Colorado," showing Friday and Saturday at the Rex. Story has a War Between the States background, Indians, secessionists, spies, gun runners, and crooked politicians for Rogers to cope with, as Rogers, U. S. army intelligence lieutenant, is sent to Colorado to ferret out the reasons for Indian uprisings and increasing outlawry, that is trying up troops needed by Grant.

James Cagney And Ann Sheridan Teamed In "City For Conquest"; "Captain Is a Lady" Adapted From Rachel Crother's Stage Play

By BROWNWOOD EMERSON
A gripping story of the sidewalks of New York and a picture based on the Rachel Crothers stage hit, "Old Lady 31," start the film week in Pampa.

In Warners' 101-minute picture, "City For Conquest," is stirring action, a beautiful love story, and a mirror of the hopes and ambitions of slum-born youngsters.

Its highlights include one of the best and most realistic prize-fights yet screened, and the playing of the "Symphony of the Great City," in Carnegie hall, says the Film Daily.

James Cagney and Ann Sheridan lead the cast, Cagney as an East Side truck driver and fighter, Ann as an ambitious dancer.

The picture opens a three-day booking at the LaNora today.

"The Captain is a Lady" tells the story of an "old salt" who takes refuge from poverty in an Old Ladies home. All the humor and pathos in the lives of little people in a New England fishing village is brought into focus by the interaction of a gussy old sailor who "loves to tell a 'g' at 'em'" and the mid-Victorian ladies who dare to take him within their midst.

In the Metro-Goldwyn-Mayer picture are such great character players as Charles Coburn, Beulah Bondi, Helen Broderick, Billie Burke, and Helen Westley.

On the Crown screen today, tomorrow, and Tuesday.

'STAR DUST' AT STATE

Lovely Linda Darnell and handsome John Payne are a couple of plucky small-town youngsters scrapping for their place in the Hollywood star in "Star Dust," the 20th Century-Fox film that stars Linda at the State theater on Tuesday.

Speaker Rayburn Back In Bonham

BONHAM, Oct. 19 (AP)—Speaker Sam Rayburn of the house of representatives came back home for a little breather among the home-folks of northern Texas today, full of confidence that the national defense is "clicking."

Quietly he returned to his home after leaving an early-morning train at Denison. He will take a brief rest before his friends spotlight him Tuesday with a mammoth homecoming celebration including eleven bands with a thousand musicians.

Open house will be held all day at the high school, with Rayburn and members of his family in attendance. There will be a parade at 3 p. m. and Rayburn will speak at 7:30 p. m. The next day he will return to Washington by plane.

Commenting that the national defense program has "struck its stride," Rayburn at Denison said that "everything is clicking, including delivery of materials. We are really making progress, with all phases of the program moving ahead as fast as possible."
"I'll return to Washington not later than Wednesday," the speaker said, dismissing political comment with a prediction that President Roosevelt would be re-elected by "a big majority."

Canyon Observes 31st Anniversary

CANYON, Oct. 19 (AP)—West Texas State college ex-students thronged the campus today for a homecoming fiesta marking the thirty-first regular session of the plains school.

Day activities included a homecoming assembly, a football game, hobby exhibit, and various group reunions. At night, however, the West Texans put on their "Saturday boots" and went to town.

Clarence Thompson, Canyon merchant, directed a mammoth fire-division night club requiring

two huge tents pitched on the campus to hold the overflow. At a business session early in the day, the following new alumni officers were elected: G. H. Jones, superintendent of schools at Happy, president; Raymond Thompson of Vega, vice president; and Mary Bell Mitchell of Childress, Mrs. Clyde Warwick of Canyon, and Knox Minnard of Hereford, directors.

Texas Aggie Newsreel First Of Its Kind Made In United States

Special To The NEWS
 COLLEGE STATION, Oct. 19 (A-MO)—Leave it to the Texas Aggies to get what they want when they want it had enough!

Since first-run moving pictures are not available on the campus or at College Station, a group of the students developed the idea of making their own first-run pictures and this week staged a world premiere of Aggie News, a news reel depicting life as it happens on the campus of Texas A. & M. college. Dr. T. O. Walton, president of the college, headed a delegation hon-

ored at the premiere which drew such a crowd that the whole affair had to be repeated for a second show.

The film showed activities at A. & M. from the registration at the opening of school on down thru the opening football game on Kyle field. All of the work was done by students and it must be said that they did a very creditable job for amateurs. Sound has been synchronized on records and the pictures run off almost as well as any talkie. Whether it was good or bad, the majority of the 6500 students at the

college have seen the show and report that they enjoyed it.

Senior Director-Producer Aggie News is produced and directed by George Furman, Laredo senior and associate editor of the "Battalion," student newspaper. Associate producers are Ira P. Lewis, Mineral Wells; George Mueller, Aiton, Ill.; and Graham Purcell, Archer City. Assistant director of the reel is E. R. (Buster) Keeton, head yell leader, from Houston.

Director of photography is W. Roland Laney, Denton, and his assistants include: M. K. Soderquist, Hot Springs, Ark.; and F. W. Allen, Crockett. Pete H. Tumlison, "Battalion" art editor, is art director of the film, and is assisted by Sid C. Lord, San Antonio, and Levere Brooks, Somerville.

A checkup at the headquarters of the American Collegiate press re-

H. O. (Hub) Johnson, Houston, "Battalion" sports editor, and his sports sheet assistants as helpers on the news reel, K. V. (Bob) Meyers, Harlingen; and Jack C. Holliman, Houston.

Ben S. Ferguson, of Dallas, and College Station, owner of the Campus theater, is backing the venture and has announced that the reels will be saved up for the full school year and then made into a feature length picture which will be shown to the visitors during final review week when the old grads are back for reunions.

The only professional help the Aggie News staff received was a little technical advice from Howard Berry, staff photographer for the college.

veals that the Texas Aggie news reel is the only one of its kind in any college.

Stolen Car Found Burned Near Pampa

A 1937 Plymouth coach, stolen from downtown Pampa sometime Thursday evening, was found yesterday morning seven miles south of Pampa burned up. Only the body, motor and wheels remained.

The car belonged to W. A. Miller who reported to officers that he had parked it in the 100 block on South Cuyler street about 4 o'clock Thursday afternoon and that when he went to get it at about 7 o'clock it was gone.

Cotton Gin Marks 150th Anniversary

Special To The NEWS
 COLLEGE STATION, Oct. 19—The month of October, 1940, marks the 150th anniversary of the invention of cotton ginning by Eli Whitney.

Prior to 1790, seed and lint were laboriously separated by hand.

No other event can claim equal economic importance in Texas and the south. F. E. Lichte, ginning specialist of the Texas A. and M. extension service, has pointed out, it

paved the way for great development in agriculture, industry and world trade.

While the first cotton was ginned on Whitney's gin a Mulberry Grove plantation near Savannah, Ga., the first complete bale was turned out in Wilkes county in the same state, where Whitney established a gin house in 1793. He made many improvements on his gin in Wilkes county. One of these was removal of the lint from the saws by means of a brush.

When Whitney's patent was granted March 14, 1794 by President George Washington and signed by Thomas Jefferson, it was for a period of 14 years. At the end of that time he faced competition from a number of gins that had been developed in the interim.

When his application for renewal

of the patent was refused, Whitney became discouraged with the whole cotton business and moved to New Haven, Conn., where he was successful in the manufacture of arms.

Not Only The Young Men Are Drafted

The spectacle of 16,500,000 young men registering their names for national service is a stupendous sight. We ought to think about it—those of us who registered, and those who are not yet called.

Government (among free men) is a machinery for doing together what men cannot do for themselves. In the early days of civilization, there was no government in the modern sense. A family, a tribe, gathered together to help one another live, and accepted the leadership of a chief.

Today the world is organized on such a scale that only great groups can successfully live together. We call them nations. What is a nation? A national is a large group of people bound together by geographical nearness, by common customs, language, interdependence in getting their livings.

All benefit by the rules established. The complex industrial life of today would be impossible without order and rules. Government establishes the one and enforces the other. But since all benefit from this order, all must share its burdens.

Who accepts the advantages of organized government and mutual security, let him also accept the obligation to contribute what is required of him—or to give it even before it is required.

It is as simple as that. But let no older man, and no woman forget that, though they are not yet called, they also share the responsibility. In their time, in proportion to their abilities and talents, they also are called by the same obligation that the young men now face.

Common Ground

"SAVE US NOT FROM HITLER BUT FROM THE PROFESSORS"

I recently quoted Einstein's concept of God. I want to quote from the statements of Professor Mortimer J. Adler of the Law Department of the University of Chicago, made at the meeting attempting to bring about a better understanding of democracy. The professor said:

"It is probably not from Hitler, but from the professors, that we shall ultimately be saved. There are not enough scientists who understand the truths of philosophy and religion, not enough philosophers and men of faith who are at home in the domain of science. Much work by representatives of all three disciplines is required to prepare the way for the modern analogue of Maimonides and Aquinas, perhaps even centuries of patient discussion in incisive disputation."

"This conference might have been an occasion for such work. That it was called at all indicates a vague-realization of the task to be undertaken. But if I am right about the professional mind, there will be no discussion of fundamental issues, nor even a formulation of them."

"One of the troubles is that scientists, philosophers and theologians or teachers of religion have long failed to communicate with one another. The structure of a modern university, with its departmental separations and its total lack of order among specialized disciplines, represents perfectly the disunity and chaos of modern culture. The professors have been assembled under the special auspices of this conference with the hope that lines of communication can be established. That done, one might even hope for communication to lead to mutual understanding, and thence to agreement about the truths which could unify our culture."

Professional Attitude Scored

"Since professors come to a conference of this sort with the intention of speaking their minds—not of changing them, with a willingness to listen but not to learn, with the kind of tolerance which delights in a variety of opinions and abominates the unanimity of agreement, it is preposterous to suppose that this conference can even begin to realize the only ends which justify the enterprise."

"A culture is one killed by political conflicts, even when they attain the shattering violence of modern warfare; nor by economic revolutions, even when they involve the dislocations of modern mass uprisings. A culture dies of diseases which are themselves cultural. It may be born sick, as modern culture was, or it may decay through insufficient vitality to overcome the disruptive forces present in every culture; but, in any case, cultural disorder is a cause and not an effect of the political and economic disturbances which beset the world today."

"The defects of modern culture are the defects of its intellectual leaders, its teachers and its servants. The disorder of modern culture is a disorder in their minds, a disorder which manifests itself in the universities they have built, in the educational system they have devised, in the teaching they do, and which, through their teaching, perpetuates itself and spreads out in ever-widening circles from generation to generation."

"Let me say at once that I hold democracy to be the greatest political good, the most perfect form of political community; and I hold this not as a matter of fine feeling or local opinion, but because I think it is a conclusion which can be demonstrated in terms of the truths of moral and political philosophy. In short, one cannot have reasons for affirming democracy and at the same time deny the truths of philosophy and religion."

It is indeed too bad that the Doctor did not more specifically define what he meant by democracy. Probably a large part of the cause of our confusion is in not defining democracy by measuring it and reducing the definition to numbers so the idea can be transmitted.

FOR WHOM ARE WE SAVING INDO-CHINA? (New York Daily News)

This newspaper yesterday printed a story by two well known and eminently reliable Washington correspondents, John O'Donnell and Fred Pasley. First the story was that the Roosevelt administration has agreed to sell to the French Indo-China colonial arms and munitions they can buy for their fight against the Japanese invaders of Indo-China. How are the goods to be delivered?

HITLER-STALIN LOVE FEAST

Around Hollywood

By PAUL HARRISON

NEA Service Staff Correspondent

HOLLYWOOD, Oct. 19.—The Latin American picture parade continues, with the studios announcing adventure yarns, pampas-moon romances, and musicals for future production. In one way, these flickers may be helpful to our cordial good-neighbor policy—in directing U. S. attention to the nations between here and Cape Horn.

But Hollywood's ideas of life and love in Central and South America will not be of any favorable consequence to these countries. The only vivas will be hearing will be from the several hundred Latin-type extras and actors who expect to get lots of jobs this season.

The best thing Movietown can do is send lots of typical North American films down there and keep all the South American stories for showings up here. They want all sorts of action stuff, lots of blunts, and music with a S. M. sound. Comedies, too, but not the slightly smutty and supposedly smart sort which are being done to death here now.

MORE CONGAS

"Down Argentine Way" scarcely had been previewed before 20th-Fox announced "Caribbean Cruise" as a sequel, meaning that it will have lots of rumba, conga and samba stuff, along with Don Ameche and Betty Grable. But neither of these pictures will be any good for the Latin American trade. Instead, the studio will put many of its pesos on "The Californian," which is a remake of the Coleman Young picture of the same title.

When the young niece of writer Norman Krassa fell ill recently, he tried to cheer her up by sending a picture of her favorite actress, Ginger Rogers. He personally got it photographed by the star.

When he visited the youngster a few days later, Krassa found his gift had been anything but cheering. The niece reproachfully accused him of sending her a picture of a woman who had been with somebody in the neighborhood had brought in pictures of Miss Rogers for comparison, and theirs all were signed in a different handwriting. Truth was, of course, that their were phenies—done by somebody in the studio's fan mail department.

By WINFRED RHOADES

What is the commonest physical disease? It is a cold in the head. A cold brings on a great deal of trouble; nasal torment, headache, backache, weakness, a general feeling of prostration. There is also the danger that it may lead to other and more serious disorders, no one knows what or how many.

What is the commonest mental disease? It is the worry habit. Here, too, is found the danger of having what is considered a minor complaint, leading to something much more serious, to a state of continual nervous excitability, or to a settled anxiety state, perhaps deepening at last into a serious depression.

Worry is useless. It does not solve problems. It leads deeper into darkness and makes the solving of a problem more difficult.

Worry becomes a controlling state of mind if not taken hold of with decision. Then a circular process can set in: worry to nervous excitability—to more worry—to more excitability—to more fixed habits of worry, and so on. Or worry to depression—to more worry—to profound depression. And so on, and round and round.

The depressed state of mind makes the body more susceptible to disease. A long period of physical suffering may follow even if a serious mental condition is avoided.

You must refuse to worry. But, people ask in a helpless sort of way, "How can I help myself?"

Refuse to worry. Talk the matter out with some person. You can help yourself by refusing to worry about it. They confuse the ideas of worry and of constructive thinking. It is well to think, but it is not well to worry.

It helps if you can find some level-headed and properly qualified person with whom you can talk out the whole matter. Conditions which seem portentous when considered alone by one's self often show themselves to be much smaller affairs and also entirely soluble when talked over with an impartial outsider.

You can also help yourself by learning to change your thought every time the worry rises up in your mind. You can turn the worry thought into a prayer for light. You can say: "There is a way out, and I'm going to find it."

You can teach yourself to find actual pleasure in learning to deal with a hard challenge. You can develop interests that will act as offsets to the conditions you must put up with.

It is important to look for the fundamental worry. The pain in

IN case you still have time, this is a reminder that today is G.O.-Church Sunday. Grasshoppers are thicker than grasshoppers in and around Pampa, according to reports brought in Saturday.

Chorus rehearsals will be held at 2 o'clock this afternoon in the city hall auditorium for the Kiwanis club's Top O' Texas Revue to be presented in the High school auditorium on the nights of Wednesday and Thursday, Nov. 6 and 7.

From quiet homes and first beginnings Out to the undiscovered ends. There's nothing worth the war of winning. But laughter and the love of friends.

The thing known as an inferiority complex, says a columnist, is one of the chief causes of ill-health, and that is particularly true on Broadway and in Hollywood.

A YOUNG woman has wisely asked me to think there is any such thing as the world as a "perfect mate" for every man and woman.

And two shall walk some narrow way of life, And, yes, with wistful eyes that never meet, They seek each other all their weary days.

SAY, do you know that it's not very long until Christmas? This was brought home Saturday when we got in the mail from an up-and-coming store a reminder that if we go to their toy department now we can get the pick of Santa's workshop.

So They Say

Now Britain has conscripted industry and has demonstrated that it is possible to go over into a form of semi-socialism and still remain democratic.

I don't think anyone can get rich out of the national defense program. In the end we are all going to have to pay for it.

The War Today

By KIRKE L. SIMPSON

German and Russian army troops face each other in the Danube delta in Rumania under conditions that could strike a war spark in the Balkans at any moment.

The Nazi and Red armies are traditional foes. The dubious Hitler-Stalin friendship was based on pure expediency. No still existent mutual interest supports it.

Russia is not a have-not nation. She has greater resources in manpower and raw materials than any nation but China.

Had Russia anticipated German seizure of Baltic-North sea gateway by invasion of Denmark and Norway as the Nazi way to move, the Russo-Nazi non-aggression pact which touched off the war probably would never have been sealed.

And Hitler and Mussolini are threatening Russia with a Black Sea duplication of her Baltic plight. She may find herself bottled on both European sea flanks if the Axis powers can go through.

When Russia forces entered Poland in September, 1939, neutral on-lookers inquired of the first Red army tank group commander they encountered who the Russians had come to terms.

"The Germans," was his reply. "He was wrong then. He might not be wrong now about the situation in Rumania. Certainly, he spoke for Red army thought, if not for Moscow policy, a year ago."

No Jury And No Cases Set For Trial This Week

One of the quietest terms of 31st district court ever held in Pampa will enter its last jury week on October 28.

The grand jury will reconvene on that day, and the regular panel of petit jurors for the sixth week (civil subject to criminal) will report. There will be no petit jury reporting tomorrow, as no cases are definitely set for trial.

The seventh week, starting November 4, and concluding the September term, is non-jury.

Upsets Lacking As Grid Leaders Win Tests

Pace-Setters Over Nation In Spotlight

By HEBB BARKER
NEW YORK, Oct. 19. (AP)—It took a discerning, not to say hyper-sensitive eye, to discover a legitimate football upset today.

Almost without a break, the nation's college leaders moved smoothly past their third October tests and left the general situation virtually unchanged. Not in years have the results on any full football Saturday program so closely followed form.

Alabama, Rice, Auburn, Duquesne, Iowa, George Washington and Virginia all suffered their initial defeats of 1940 but there wasn't a real upset in the lot unless Virginia's defeat by the Virginia Military, 7-0, could be so classified.

Meanwhile the powerful Ivy leaguers, Cornell and Penn, the two eastern Catholic college powerhouses, Fordham and Boston College; the midwestern big four of Notre Dame, Northwestern, Minnesota and Michigan; the southwest leaders, Texas A. and M., Texas and Southern Methodist; and the Southern pace-setters, Tennessee and Mississippi, all advanced another step along the unbeaten trail.

Tennessee gave new evidence (if any was needed) of its terrific power as it steam-rolled Alabama's good team into submission, 37-12, before 25,000. Little Johnny Butler was the spark plug the Volunteers needed, scoring a pair of touchdowns on runs of 66 and 40 yards, and passing for another.

Notre Dame, boasting its best team since Elmer Layden took charge, rolled over Carnegie Tech, 61-0, using 67 players as a crowd of 35,000 looked on. This headlined an interscholastic program that otherwise proved nothing except that no section of the country has any monopoly on football talent.

Duke, benefitting by an 80-yard touchdown run by Moffat Storey, defeated Colgate, 13-0, but Columbia's smart Lions paid that one off by defeating Georgia, 19-13, in a thrilling duel which saw Sophomore Paul Goussard of Columbia assume the starring role. Merle Hapes and Junior Houvis led Mississippi to a 14-6 decision over Duquesne as Kentucky buried George Washington, 24-0; Boston College walloped Idaho, 49-6; and Navy stopped Drake, 19-0.

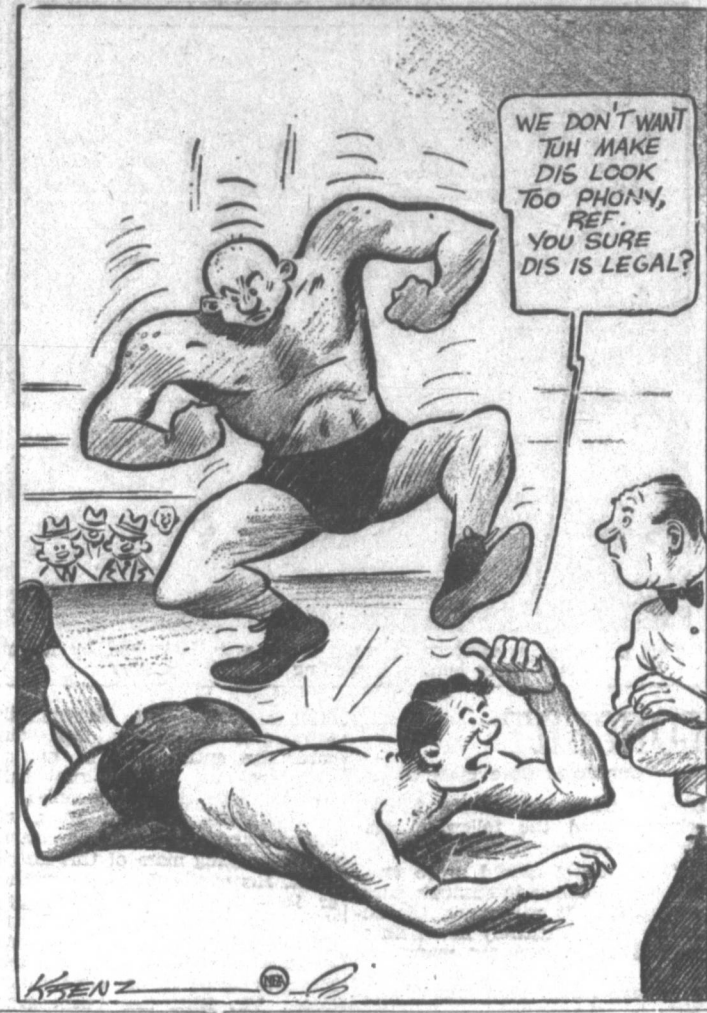

The southwest and southeastern conferences shared honors as Tulane, finally clicking, bowled over Rice, 15-8, and Southern Methodist tripped Auburn, 20-13, with Preston Johnston leading the victorious Mustangs both offensively and defensively.

A crowd of 63,000 sat in at Columbus as Minnesota's Gophers, paced by Bruce Smith, stopped Ohio State, 13-7, and ruined the Buckeyes' hopes of retaining at least a share in the western conference championship. Tommy Harmon and Bob Westfall led Michigan to an easy 28-0 victory over Illinois, avenging last year's spectacular upset; and Northwestern had no great trouble with Wisconsin, winning 27-7 as Bill de Cerveron dashed 80 yards for one touchdown and passed for another.

Texas A. and M. had entirely too much stuff for Texas Chris-

Harvesters And El Paso Play To Surprising Tie

POINT OF INFORMATION

With a two-touchdown lead in the bag and only three minutes to go, the Pampa Harvesters developed a case of "fumbles" and the pass defense blew up at the same time, all of which handed the El Paso Tigers two touchdowns and a 13 to 13 tie here Friday night.

The Harvesters had outplayed the Tigers in every department up to that time. The Harvester line played its greatest defensive game, holding the Tigers to 41 yards while making enough holes for their teammates to bag 166 yards. Mixed signals and fumbles, however, cost the sickle-wielders 44 yards.

The defensive play of Phillips, Fade, Burnett and Ott was particularly outstanding although it didn't outshadow that of the rest of the line by much. Offensively the line opened holes, but the secondary came fast to snag the ball carrier as downfield blocking went haywire.

Pendleton and Burnett injured Little A. C. Enloe, inserted into the game after Pendleton had been injured, looked particularly impressive. Pendleton was injured in a collision with Burnett as the two tried to stop Squires who had been his low. Both boys suffered serious head injuries and will probably be lost for the first conference game, with Plainville, Friday night. It required four stitches to close the long gash in Burnett's head and three stitches to close Pendleton's wound.

Squires and his passing arm was the big noise for El Paso. The Tiger ground attack was kept so completely under control that it never got started. The Tiger aerial was well smothered, excepting at intervals, until the final minutes when four passes resulted in two touchdowns.

The Harvesters scored without losing the ball after the kickoff, which Pendleton returned to the El Paso 45. The same Pendleton reeled off a couple of first downs and then Helkelt returned to the Tiger 11. Four plays later Terrell made the last two tries. Helkelt got two tries for extra point when El Paso was offside but missed both.

The Harvesters threatened a few minutes later after Pendleton had shot a 36-yard pass to Ott who was caught on the Tiger 14. The Harvesters pounded the line, although El Paso was using an eight-man line and three men close behind, and the ground attack bogged.

Tigers Take to Air
Another aerial, Helkelt to Arthur, good for 47 yards, put the ball on the El Paso 12 but for more tries at the line failed to produce a first down.

The other Harvester score came near the end of the third quarter. Helkelt went the other way to the nine. Enloe made six tries and then three yards and Helkelt added the extra point.

The Harvesters line stopped an El Paso threat cold on the 4-yard strip after Squires had flipped a 32-yard pass to Frazer. Enloe fumbled on the Harvesters 35 after a first down and Squires slung a punt to Zigler on the goal line. The little end jumped high between two Harvesters to snag the ball. The try for extra point was wide.

El Paso kicked out on the Harvesters 40. With less than two minutes to play the Harvesters tried freezing the ball. Two line plays picked up four yards and then Helkelt called a reverse and Arthur fumbled on his own 44. Squires passed to Fraser for 7 yards and then followed with a heave to the same boy who side-stepped three Harvesters tacklers and romped to the goal line. Abraham, huge tackle, stepped back and booted the tying point.

Lubbock Fans To Ride Special To Pampa, Nov. 2

Lubbock football fans will follow their Westerners to Pampa on November 2 by special train, according to an announcement made here yesterday by O. T. Hendrix, Santa Fe freight and passenger agent here.

The 11-car special will leave Lubbock at 8 a. m., arriving in Pampa at 11:45 a. m. The return trip will be made from Pampa at 7 p. m., with arrival in Lubbock at 11:45 p. m. The visitors will be in Pampa for dinner and supper.

Lubbock, along with Amarillo and Plainville, are the big shots in District 1AA at the present time. On Friday night of this week the Pampa Harvesters will meet the undefeated Plainville Bulldogs in the first conference game and last night game of the 1940 football season.

The Harvesters will go to Borger for an Armistice day game, return home to meet Northeast of Oklahoma City on November 21, and then go to Amarillo for a November 28 Thanksgiving Day battle.

Oklahoma Batters Kansas State 14-0

By AUSTIN BEALMEAR
NORMAN, Okla., Oct. 19. (AP)—Striking once by land and once by air, the powerful Sooners of Oklahoma rolled over Kansas State 14 to 0 here today to open their play for Big Six conference gridiron glory with a defensive demonstration that thrilled 18,000 fans.

Jolting Jack Jacobs, the Redskin tailback with the slingshot arm, led both the Sooners' scoring drives, heaving a 20-yard touchdown pass in the second period and dancing 40 yards at the start of an 83-yard march in the final quarter.

After a see-saw first period, in which the Wildcats played the Sooners on even terms, the Kansans never had a chance, seldom getting close to enemy territory.

Shining into high after getting the wind to their backs in the second quarter, the Sooners drove 62 yards, most of it by air, and tallied when Louis "Tree-Top" Sharpe snared a 15-yard pass from Jacobs and trotted the remaining five yards to the double stripe with no one touching him.

Jacobs passed 7 yards to Bill Jennings, 6 to Jack Steele and 21 to Tom Rousey, on the way.

Tulane Beats Rice 15-6 For First Victory
By CHARLES NUTTER
NEW ORLEANS, Oct. 19. (AP)—Thrice-beaten Tulane finally found the combination today in a ragged, thrilling exhibition of power, fumbles and penalties to defeat the hitherto unscathed Rice Owls 15 to 6 before 34,900 spectators.

Rugged James Thibaut, strictly a New Orleans product, put the Green Wave in the lead 9-6 in the final seconds of the second quarter with a slanting 27-yard field goal from placement. Cheered by being ahead for the first time since the Sugar Bowl game last season, Tulane went on to pick up another touchdown in the third.

The game was almost an endless procession of fumbles, costly penalties, and intercepted passes in which both the hard fighting eleven's shared almost equally.

Tulane's power combination, for which Coach Red Dwyer has been desperately seeking all season, functioned in the pinches for the first time, and put the hobbled mighty Green Wave of 1939 back on the track for what could yet be a successful season.

A Tulane fumble gave Rice its only touchdown. Lou Thomas dropped the ball and Marvin Dewdney scooped it up on Tulane's 24, from where Joe Price reeled off 14, and Bob Brunty juggled it on across in three tries.

It looked like another dreary hometown afternoon, especially after Tulane was unable to power drive the ball over minutes later after bringing it up to Rice's 14.

But Tulane whipped back from a punt and Thibaut completed a 20-yard pass to Albert Bodney to Rice's 30. Power drives took it to Rice's 9 and another touchdown, this time on Johnston's glittering run. SMU got the ball on its 8 after a long punt from McGowan. Johnston cut through tackle, sliced to his right and added the 15-yard field goal.

Auburn got going in the third period. Once the Plainsmen drove to the SMU 10 only to lose the ball, Rufus Deal had crashed over from

Preston Johnston Keeps SMU In Unbeaten Ranks
By HARKOLD V. RATLIFF
DALLAS, Oct. 19. (AP)—Preston Johnston, a 190-pound, 1-11-in. gridiron chieftan from the west Texas plains country, kept Southern Methodist in the ranks of the unbeaten college teams today as he ran and punned the courageous Auburn Plainsmen into a 20-13 defeat before a state fair crowd of 10,000.

Johnston scored two of the Mustang touchdowns, one on a 92-yard run, and it was his fine defensive work in the facing minutes that held a desperate driving Auburn gang of substitutes at bay when the Plainsmen were crashing toward another touchdown.

Approximately 10,000 fans watched under a sweltering sun while Coach Dana Bible's Longhorns mixed forwards, laterals and an occasionally brilliant running attack to smother the hapless Razorbacks.

Cowboy Jack Crain scored one of the Longhorns' three touchdowns and placed an extra point. But for the most part he was kept under wraps and spent the entire second half on the bench while every member of the Texas squad saw action.

Arkansas threatened twice, once in the first period and again a few seconds before the final whistle. It marched from the Porker 14 to the Texas 14. Here Louprie intercepted Hamberg's forward on the goal line and ran it out to the Texas 28. Texas had time for one play before the final gun.

A blocked Arkansas punt started Texas on its touchdown flurry in the second quarter. Neal tried to make the kick, Kutner, substitute

Texas Outsmarts Arkansas 21-0 With Crain On Bench
By ED L. CAMPBELL
LITTLE ROCK, Ark., Oct. 19. (AP)—Too smart in every department for their opponents, the University of Arkansas today outplayed the west conference victor over the University of Arkansas into a single quarter here this afternoon.

Approximately 10,000 fans watched under a sweltering sun while Coach Dana Bible's Longhorns mixed forwards, laterals and an occasionally brilliant running attack to smother the hapless Razorbacks.

Miami Defeats Stinnett 25-0
SOUTH BEACH, Oct. 20. (AP)—With their goal line still untouched for the year, the Miami Warriors pulled the Stinnett Rattlers' fangs, Friday in a 25-0 victory. In spite of the disparity in size scores it was a thrilling, hard-fought game.

With no score in the first quarter and only six points in the second, the Warriors rallied to a brilliant effort in the third and scored 29 points in the first 9 minutes of play. Cunningham, flanked by blockers, carried the ball for three of the touchdowns, and Quarterback Kivlieh, playing his outstanding game of the season, scored the fourth.

This is the Warriors' third conference game, having won over Higgins last Friday by a score of 7-0. Only one more game against the Stinnett Rattlers is coming up. It will be played on the home field.

Howard Payne Gives McMurry Its Worst Licking, 52 To 0
ABILENE, Oct. 19. (AP)—Howard Payne college handed McMurry the worst Texas conference licking it ever got today, punching the Indians groggy for a 52-0 score.

Little Tommy Samuels, Jacket reserve back, ran a punt back for 88 yards and a touchdown and circled and 46 yards for another score. Roland Warren, an end, and Howard Swann also had a field day. Warren blocking a punt for a tally and taking a pass from Fisher for a 25-yard scoring dash. Swann plunged for his two touchdowns.

The first touchdown, scored by Fullback Garland Terrell, came right after the first kickoff. Harold Jones scored the eighth and final touchdown after a short drive. Howard Payne had two touchdowns called back. Three of his extra points were scored by Nelson, the others by Jones.

McMurry's lone scoring threat occurred in the first period. The drive bogged on the 11-yard stripe.

Gorillas Beat Mobeetie 20 To 6 For 4th Straight Win

Coach Oscar Hinger's Pampa High school Gorillas clawed their way through a hive of Mobeetie Hornets Friday afternoon for a 20 to 6 victory, their fourth straight this season. The game was played on a deep sand field with plenty of the sand in the air as well as under foot.

The Gorillas didn't waste any time getting under way. L. J. Harker, quarterback, took a pass from center on the Mobeetie 35-yard line, laced giving it to Grossman, and tucked it under his arm on a jaunt over the goal line. Bobby Edson kicked the extra point.

Late in the second quarter the Gorillas struck again, this time on a pass, "Red" Grossman to Jack Lane who sidestepped his way across the goal line for a total gain of 40 yards. Once more Edson

Screen Writer, Actor, In R-Day Line At Groom

Special To The NEWS
GROOM, Oct. 19—While registration of those between the ages of 21 and 36 was taking place here Wednesday, residents were surprised to find that Bert Wheeler, famed movie actor, and Arthur Rundorff, scenario writer and film extra, were in line for registration, and were but a few minutes before a large crowd had gathered to see them.

Mr. Wheeler stated he and Mr. Rundorff had planned to register in Elk City, Oklahoma where they had spent the night, but when they tried several registering booths and all were full, they decided to come to Amarillo to complete the job. He learned on the way by listening to the radio news that Amarillo was having its "hands full" on registration, so he decided to stop off in Groom.

Mr. Wheeler did not register as his age was above the limit. Mr. Rundorff completed his registration, however, before they continued their drive into Amarillo and westward.

Registration in Groom, population 500, was 100. Registrars were J. M. Britten, chief registrar, and M. F. Fields, I. C. Unsell, G. M. Brunner, C. L. Culver, G. C. Clark, Dalton Ford, and Ed Campbell.

Locker Operation New Aggie Study

Special To The NEWS
COLLEGE STATION, Oct. 19 (A-M)—Training for students in the operation and management of frozen lockers is being given at Texas A. & M. college this year, according to an announcement made by D. W. Williams, head of the college animal husbandry department.

At present 200 lockers have been installed in the basement of the mests laboratory in the animal husbandry building with each locker having a capacity of approximately 225 pounds. Meats as well as fruits and vegetables may be stored in these lockers at a very nominal cost, Prof. Williams explained.

Meats may be cut into any standard size the customer may desire and then wrapped in a special wax paper for a "sharp freeze" at a temperature of 15 degrees below zero. Beef and lamb may be stored for at least one year but storing of pork is not recommended for more than six months.

While designed primarily for training students, these lockers are available to the general public at a charge ranging from \$7 to \$12 yearly. With the hunting season now on Mr. Williams pointed out that many minors may wish to take advantage of the locker service to store their game.

Applications for locker space should be addressed to C. E. Murphy, at the college, who is serving as instructor in the course and also is in charge of the locker service.

Canal Open To Axis But 'Just Let Their Boats Get Near It'

By LARRY ALLEN
ALEXANDRIA, Egypt, Oct. 19 (AP)—War or no war, the Suez canal still is open to international shipping, including Germany's and Italy's, the French director of operations said today, but added in effect: "Just let the Axis powers try to get their boats near it."

"We are acting with total independence of any suggestions emanating from Vichy," declared Baron Louis de Benoist, general representative of the canal company. "We will continue to afford all possible facilities to ships flying any flag."

The Baron was speaking in behalf of the French-dominated operating company. He took into consideration, however, that it is the British fleet, standing guard at both ends, which is exercising real control over the 104.5-mile-long "jugular vein" of the Nile empire.

His big "if" concerning the chances of Axis shipping reaching the canal was emphasized by British tabulation of losses inflicted by the British Mediterranean fleet in 23 weeks of smashing at Italy's seaports.

Twenty-one of Mussolini's reported fleet of 100 submarines, at least 10 of his destroyers and the world's speediest cruiser, the 5,069-ton Bartolomeo Colleoni, have been sent to the bottom since June 11, the British reported. Moreover, they said, seven Italian supply ships and one depot vessel have been destroyed, along with 28 bombing planes.

In addition, nine submarines were listed as probably sunk and the tabulation showed three cruisers and one battleship severely damaged.

The British declared the only reason heavier losses have not been delivered lies in the indisposition of the Italians to risk a general.

British Delegation Destroys Papers

(By The Associated Press)
SOFIA, Bulgaria, Oct. 19—The British legation was reported today to have burned its confidential documents in case it is forced to withdraw hastily from this Balkan kingdom and the controlled press predicted failure for a last-minute British diplomatic offensive intended to halt Axis penetration of southeastern Europe.

While British Diplomats George Rendel, minister to Bulgaria, and Sir Huges Knatchbull-Hugessen, ambassador to Turkey, conferred at Istanbul, the newspaper Sofia said the measures decided upon there were bound to be fruitless.

Greece and Turkey disliked the prospect of "harming the fate of Holland and Belgium," which they will invite if they comply with British schemes, the paper said.

Governor-General Of Canada Talks With Roosevelt

Of the 400,000 men to be inducted by March 1, it was disclosed that 364,266 would be whites and 36,734 negroes.

These figures do not represent quotas for whites and negroes, but were based on the army's present facilities for making use of them. The war department already has announced that the proportion of negroes to be brought into the army will be the same as their proportion to the whole population.

"Of the tentative quotas, New York's was the largest, 114,796, and Nevada's the smallest, 624."

British Blast Hamburg Shipyards

On their own credit side, the British reported that BAA bombers did down from their clouds Friday night to blast Hamburg's Blohm and Voss shipyards "where German warships are known to be under construction."

Hits were also reported on the German shipyards at Hamburg, the naval base at Kiel, commercial docks at Emgen and Lubeck and many other industrial targets in Germany.

The commentator expressed belief that the Greeks—"a clever, wise people"—realize "what a transformation Europe is undergoing."

As for Turkey, non-belligerent ally of Britain, he said: "There is no indication of any kind that Turkey intends to play a role similar to Poland's."

Reports that the British war secretary, Anthony Eden, might proceed from Egypt to Istanbul drew this: "We can only smile at such a notion as . . . as if we could be influenced in any way by such a maneuver."

Wilhelmstrasse officials themselves professed to be surprised at world interest in the Balkans and insisted events in Greece and Turkey were only incidental to the Axis—that much larger issues are at stake in the Near East.

They declined to comment on reports that the Axis was seeking new contact with Soviet Russia with a view to fixing spheres of influence somewhere else.

However, one informed source observed: "At least, this idea isn't nonsensical."

Book On Ranger Wins Texas Prize

DENTON, Oct. 19 (AP)—Dr. Dora Nell Raymond's "Captain Lee Hall of Texas" today was announced as the winner of the annual award of the Texas Institute of Letters for the best Texas book of the year.

The award was revealed at the close of the fifth annual session of the T. I. L. on the campus of Texas State College for Women here.

Dr. Raymond, author of the Biography of a Texas Ranger, is a native Texan, member of a distinguished Texas family and a graduate of the University of Texas.

 of or string instruments in the school, issued the following comment on the concert:

"This recital should prove itself another milestone in Pampa's musical growth. It will mark the entrance into an entirely new field of musical enjoyment for many and will be a welcome occasion for those who have experienced similar concerts in other cities."

"The cello being a member of the orchestra string instrument family, belongs to a class of instruments which boasts some of the finest compositions in all musical literature. Due to the almost limitless range of expression the string group carries, great composers have been able to create for orchestra (the string family is the most important group of an orchestra) the many wonderful works now at the disposal of such musical organizations. And the cello has been a tremendous favorite among the great composers for expressing their most beautiful themes.  been made at Athens, there were signs they might be soon.

There were said to be demands that King George II. of Greece abdicate, Premier-Dictator John Metaxas resign to make way for a pro-Axis government. Greece break off trade with Britain, cede territory to Italy and Bulgaria and give the Axis rights to air bases.

Existence of such demands was denied in Berlin but in Rome, the usually well-informed Fascist weekly, *Relazioni Internazionali*, hinted they might be impending and, for the second time since trouble for the Balkans began brewing, Premier Mussolini started out to inspect his built-for-Blitzkrieg army, this time on the Yugoslav frontier.

The German view apparently was that Greece and Turkey, both British-guaranteed, could be expected to fall into line with Axis plans without extreme pressure. If they don't see that their bread is buttered on the side of the Axis, one authorized Nazi commentator observed, it is just too bad for them.

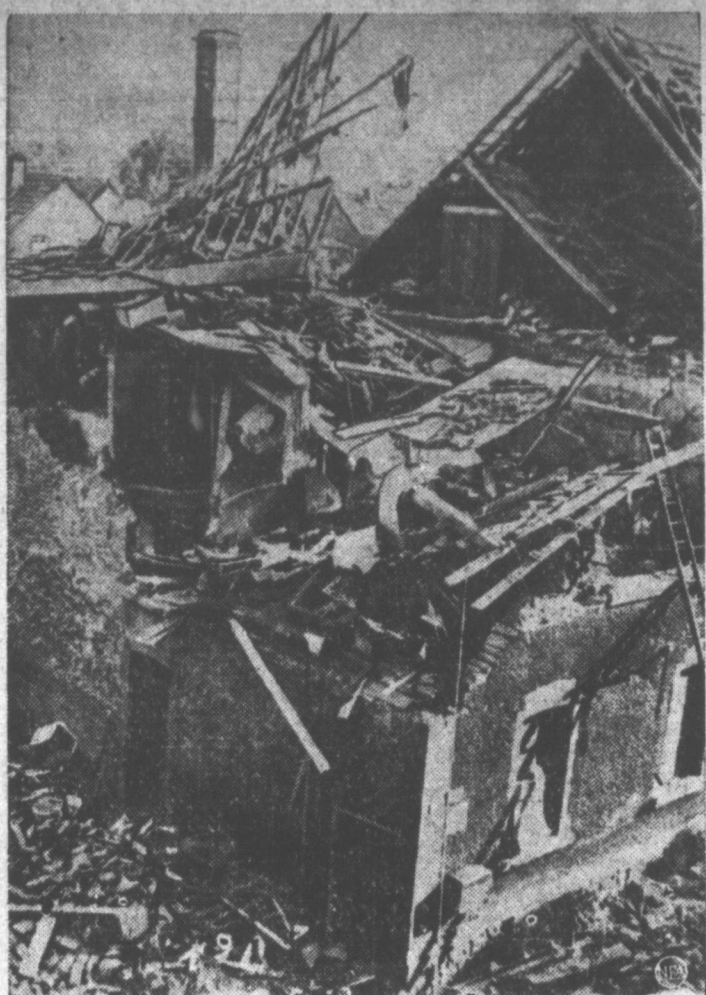

British Organize Counter-Moves
 But British counter-moves evidently were being organized to try to checkmate the Axis "new order," possibly by urging Bulgaria to defer territorial claims against Greece and to reject any Rome-Berlin bid to join it against Greece and Turkey.

While confidential documents in the British legation at Sofia were reported being burned last week, the war department already has announced that Bulgaria is to defer territorial claims against Greece and to reject any Rome-Berlin bid to join it against Greece and Turkey.

In Berlin today an authorized Nazi commentator declared today that if Greece and Turkey don't see that their bread is buttered on the side of the Axis, it is just too bad for them.

Homecoming Held At WTSC

Special To The NEWS
CANYON, Oct. 19—West Texas State college ex-students crowded the campus today as they returned to enjoy a homecoming fiesta which included a variety program lasting past midnight.

It was a celebration marking the beginning of the 31st long session of the pioneer plains state educational institution, which this term has its greatest enrollment. More than 1,200 students will be enrolled this term.

A fiesta program which ranged from fine arts to hilarity was planned by Mrs. Tommie Montfort, general chairman, and her committee. More than 500 persons had duties in connection with the many phases of the celebration.

The day-time program included a homecoming assembly, a faculty men's luncheon for candidates for queen of the day, a football game, a hobby exhibit, a mysterious picture contest in which museum visitors tried to guess the message of an abstract painting, and more than a dozen organization reunions.

The evening program included coronation of the homecoming queen, a fine arts program by Amarillo dancers and singers, and the mammoth night club.

Clarence Thompson, local hardware merchant, directed a five-division night club which required two big tents pitched on the campus to handle the overflow. The night club included dancing to four orchestras, a long floor show, carnival attractions on a midway 205 feet long, and a score of minor entertainments.

Patriotic and Pan-American themes were stressed in decorations, which included mural paintings done by students of the department of art.

The homecoming celebration, believed to be the southwest's most colorful collegiate show, climaxed a series of rallies, organization of county ex-student groups, and radio broadcasts. The occasion has grown to be a territorial-wide celebration in which friends of the institution and citizens generally join. A crowd of 30 Amarillo business men, attired in western costumes, drove to the homecoming led by an Amarillo city police escort.

Robbins Elected

PHOENIX, Ariz., Oct. 19 (AP)—Dr. S. Robbins, Las Cruces, N. M., former professor at Texas A. and M., was elected governor of the southwest district of Kiwanis International for 1941 at the closing session of the organization's 20th annual convention today.

Pampa Garden Club Annual Chrysanthemum Show Set For Thursday

Just Between Us Girls

By Johanna Davis

"Men build with brick and steel and stone
And soon their labor disappears,
But there's an elm tree fully grown,
And it's been there for years and years.

Autumn Picture
The glint of gold on the green leaves and the flocks of fine feathered friends flying southward are among the first infallible signs that autumn has arrived. One of the most picturesque scenes in town this week was the row of trees with their bright yellow leaves, flanking the entrance of the high school with Old Glory waving above in the breeze.

Reminiscing
Seeing "Boom Town" made Mrs. Glen Pool homesick for "the good old days." Mrs. Pool lived in Oklahoma, and she says that the boom when she "worked hard and had fun." In fact, she still has a vivid picture of her in the muddy streets of that town.

Typical Family
A Clewiston family, truly West Texas, has been selected as the nation's champion typical family over more than 40 families. It is Mr. and Mrs. D. E. Leathers and their five children, Margaret Jean, who are known by many Pampans. This family competed with families who have never seen snow as well as those from the Pacific Northwest. They think "It's the most wonderful thing that ever happened" to them. The Leathers family and others like them in Texas make us think of the following saying in Texas that I think is grand:
You'll find it the length and breadth of the land,
It's said with a smile or a shake of the hand
"Hurry back!"
—Don Blanding.

First Lady
Mrs. Fred Thompson, who has the honor of being Pampa's First Lady, also is the First Lady of the Texas-Oklahoma Kiwanis district, of which her husband soon will become governor. At the three-day Kiwanis convention held recently in Oklahoma City, Mrs. Thompson was honored at numerous social events. In addition to her work here in the Alpha Mu chapter of Delphian society, Pampa chapter of Beta Sigma Phi society, and Pampa Garden Club, Mrs. Thompson also finds time to work with the Girl Scout Council.

Courage
You can be different and still be smart. You can refuse to wear what "they" are wearing, do your hair as "they" are doing it, use and over again—and yet be a very chic woman. You can decide that a pompadour is unbecoming to you, that light nail polish is more becoming to your hands than dark shades, that skirts with fullness do more for your figure than slim ones—and still not look like a has-been. You can have a little courage about your appearance—that's what.

Men Readers
Since this column seems to have men as well as women readers, a word to the men seems in place. A style scout advises men to keep an eye on slip-over sweaters which are to finish strong in place of vests, for casual wear. A bright idea is hats in the "he-and-she" combination. In this style, sweaters, HE has a hat, and SHE can get a twin edition which matches it exactly, except of course, for having more feminine lines.

Social Tact
We didn't read this definition in the Lion's etiquette book but we heard social tact is making company feel at home, even though you wish they were.

Memories
A house filled with memories for the writer is the C. P. Buckler home where we called this week in search of a period costume. While in school, we encountered ghosts in the basement and back yard many times on Halloween night at numerous parties there. Memories of former days probably were recalled also by Mrs. Buckler as she showed her beautiful wedding gown and long white kid gloves.

Conversation
It was Sir W. Temple who said "The first ingredient in conversation is truth, the next good sense, the third good humor, and the fourth wit."

Walnut Fudge
With the social activities on the up-swing, home-made fudge candy, as American as Yankee Doodle, takes its place among desserts frequently used by hostesses. The following recipe is given for walnut fudge:

Two cups sugar, 2 squares unsweetened chocolate, chipped; 2/3 cup cream, milk or water, 2 tablespoons butter, few grains salt, 1 teaspoon vanilla extract, 1 cup broken walnut kernels.
Place sugar, chocolate, liquid, corn syrup, butter and salt in saucepan and heat slowly, stirring until sugar is dissolved. Cover until boiling point is reached, then remove from heat.

Cook without stirring until temperature 240 degrees F. is reached, or until soft ball is formed when few drops are placed in cold water. Add vanilla extract, then cool, without stirring, to lukewarm (110 degrees F.). Add walnut kernels, beat until creamy and mixture loses its

Series Of Art Programs To Open With Review Of "Mrs. Miniver" Monday

Jan Struthers' "Mrs. Miniver," which has been termed "the most successful fiction success of the season," will be reviewed tomorrow evening at 8 o'clock in the city club rooms as the first in a series of arts programs sponsored by the American Association of University Women.

Mrs. F. E. Leach, well known club woman and a former college professor of English, will be the reviewer. Mrs. Leach, who is a member of the city library board, has been much in demand to review books for clubs and church groups throughout the Panhandle.

Since the publication of the book in the late summer, the British Mrs. Miniver has become the most popular woman of the season—and the most quoted. Pauline Wright, who has reviewed the book several times during the past few weeks for one of the large department stores in Dallas, says: "Mrs. Miniver, lovable and humorous, represents not only your next door neighbor but the brave and dauntless spirit of our next door nation across the way."

The sketches making up "Mrs. Miniver" first appeared on the court page of the London Times. Those selected for the book represent life in England from the fall of 1937 until shortly after the declaration of war in September, 1939.

Says Christopher Morley: "These pictures of Mrs. Miniver, in these strange months just before the present war, show us England in some of her truest moods and manners. There is a deep poignancy in this testimony of a way of living that we shall hardly see again. It is here described in the intimacies of a middle-class English family; but it is almost an epitaph for simple and civilized family living anywhere. . . . I wouldn't want to frighten you by heavy comment, but this is the kind of thing I think of as history. Here, if you were curious to know, is the kind of doing and feeling for which men are giving their lives at this moment."

Mrs. Leach likes the book best for its rich philosophy and delightful characterizations, but she also says she believes it is the best book she has read about the war, "though I wouldn't call it a war book."

The review will be open to the public for a small admission charge.

Home-League Plans Festival And Play For Wednesday Night

Mrs. Jack Smith, president of the Ladies' Home League, called a special meeting of the group last week to discuss and make final plans for a combined harvest festival and old-fashioned pie supper, and play which will be presented by the Home League women Wednesday evening 7 o'clock in the Salvation Army hall.

Following the opening prayer by Mrs. Smith, a duet, "There Will Be No Disappointment in Heaven," was sung by the twins, Betty Rouson and Mrs. Mettie Holcomb.

After the business hour, names were drawn by each member for her sunshine pal. The devotional led by Mrs. Evelyn David preceded the minutes which were read by Mrs. Pat Murphy.

Mrs. Smith named a committee of five, Mmes. Leola Jackson, Rex Elliott, M. S. Jenkins, Ted Murphy, and Evelyn David, to meet next Wednesday afternoon at 2 o'clock to decorate the hall for the event that evening. No regular meeting of the League will be held.

The Salvation Army colors, red, blue, and yellow, have been chosen for the color scheme of the supper and sale.

After the group song led by Mrs. David, the meeting was closed with a prayer by Mrs. Leola Southard.

Plans For Halloween Party Completed By Girl Scout Troop
A regular meeting of Girl Scout Troop 404, held recently in the little house, was opened with the flag salute and the singing of "America."
The business was conducted by Helen Martin, and Sylvia Bryan had charge of the program. Final plans were made for the Halloween party to be given.

Those present were Sylvia Bryan, Mary Louise Bunge, Paul Jean Clifford, Margaret Covington, Ramona Dickey, Lucille Duval, Tomasean Duval, Helen Martin, Orma Jean McCarty, Phyllis Parker, Lois Shaddock, Lucille Shaddock, Allen Ray, Aleida Anstamb, LeVerna Wallace, Imogene Ray, Mary Jo White, Miss Corrine Landrum, leader; Mrs. Parker, assistant leader; two visitors, Vera Slusher and Mrs. J. E. Bryan.

Best Sellers
Books being checked out regularly at the library are "New England: Indian Summer" by Van Wyck Brooks and "Mr. Skiffington" by Elizabeth, a story of Mrs. Skiffington, who is haunted by Mr. Skiffington as a memory.
How Odd
One of the queerest things about modern life is the number of people who are spending money they haven't got for things they don't want, to impress people they can't stand the sight of.—Catholic Digest.

Intermediates Of Church Honored At Colorful Banquet

Central Baptist Woman's Missionary society honored intermediates of the church Friday night with a colorful banquet.

The rooms were decorated in the department colors of blue and gold, and autumn flowers were arranged on the table.

The program theme carried out was the millpost ahead in keeping with the promotion day. The invocation by G. C. Stark, retiring Sunday school superintendent, was followed with the welcoming address to the seniors by Miss Juanita Higgins. P. E. Hicks presided as master of ceremonies of the program which included a song, "Empty Mansions," by a trio, Mary Ella Le Clark, Ruth Johnson, and Lois Castka; "Never a Junior or Intermediate" by W. H. Dempster, incoming superintendent; a reading by Mary Jean Evans, an address by the Rev. T. D. Sumrall on "Straight Ahead," song by the group, and the closing prayer by H. E. Johnson.

Plans Made For Annual Bazaar By Altar Society

Mrs. Russell Chisholm, Mrs. R. E. McKernan, Mrs. E. B. Daley, and Mrs. E. W. Blisset were hostesses to members of Altar Society of Holy Souls Catholic church this week in the home of Mrs. William Finkbeiner.

A prayer by the Rev. William Stack opened the meeting and in the business session conducted by Mrs. William Haley, president, plans were made for the turkey dinner and bazaar to be held next month. In charge of the fancy work will be Mrs. L. W. Burrow and Mrs. Joseph Schwind and Mrs. Floyd Hollenbeck is to be general chairman of the dinner.

A sewing circle was formed by the group and the first monthly meeting of the organization is to be held in the home of Mrs. D. C. Kennedy, North Somerville street, Monday when a 1 o'clock covered dish luncheon will be served.

Refreshments were served by the four hostesses to 28 members and three special guests, Miss Mary Daley of New York City, Mrs. George Walker of Fredonia, Kansas, and the Rev. William Stack.

Entre Nous Club Has Program In Home Of Member

Entre Nous club met in the home of Mrs. W. D. Benton, Friday afternoon for a program on "What Women Have Done With Votes Since They Have Been Voting 20 Years" with the hostess as leader.

Other topics discussed were "Others May Be Curious," Mrs. Ira Spearman; "Work for the Nineteenth Amendment," Mrs. C. A. Tignor; "Organization in Accord and Survey Order," Mrs. E. A. Shackleton; "Federation Interference," Miss Donnie Lee Stroop; "Opposition Crumbles," Mrs. Norman Walberg; and "Significant Parallels," Mrs. Clarence Bowers.

Refreshments of coffee, pumpkin pie, and whipped cream were served to Mmes. Ira Spearman, Dave Turcotte, C. A. Tignor, Guy Farrington, J. L. Stroop, E. A. Shackleton, Norman Walberg, Venice Farrington, George Dyer, and Miss Donnie Lee Stroop, members; and Mrs. Clarence Bowers, a guest.

Mrs. Irving Cole is to be leader of the program on "Paraguay."
Roll call is to be answered by naming places which the members would like to visit.

Barbecue Supper To Be Served At McCullough Church

Adult division of McCullough Memorial Methodist church will have a barbecue supper Tuesday evening at 6 o'clock in the church. Serving will begin at that time as well as a white elephant sale which is to be conducted.
The public is invited to attend.

Delta Kappa Gamma National Officers Will Attend Meeting Here This Week

The largest number of state and national officers of Delta Kappa Gamma ever to attend a meeting in this section of the state will appear on the programs at the regional meeting here Saturday and Sunday.

Miss Lela Lee Williams, a national founder, will deliver the main address at the banquet Saturday evening and Miss Gladys Parker, state treasurer, will give a brief talk. Miss Eula Lee Carter, state executive secretary, and Miss Berneta Minkwitz, national treasurer, will speak at the officers' breakfast Sunday morning. Mrs. Lee Nowlin, state corresponding secretary, will conduct the question and answer period, Saturday afternoon.

All the chapter presidents and large delegations from each of the eight chapters in this region are expected to be present also.

Delta Kappa Gamma, national honorary society, was organized May 11, 1929, at Austin, by Dr. Annie Webb Blanton, for the purpose of honoring women teachers and of uniting them in the accomplishment of their ideals. Others of the 12 national founders are: Miss Mamie Bastian, Houston; Miss Ruby Cole, San Antonio; Miss Mabel Grizzard, Waxahatchie; Miss Anna Hiss, Austin; Miss Ray King, Fort Worth; Miss Sue King, deceased; Dr. Helen Koch, Chicago; Dr. Cora M. Martin, Austin; Mrs. Ruby Terrell Lomax, Washington, D. C.; Mrs. Lalla M. Odum, Austin; and Miss Lela Lee Williams, Dallas.

Dr. Emma Reinhardt of Charleston, Illinois, is now president of the national organization.
Among the many activities of the society is the founding of scholarships to aid its members in continuing their studies or research. The first national scholarship of \$20,000 was completed in 1939, and named the Annie Webb Blanton National Scholarship Award. The first recipient was Miss Lillian Minor, elementary supervisor in Norfolk, Virginia.

Two scholarships of \$6,000 have already been completed in Texas and a third is well under way. The first was named the Annie Webb Blanton Delta Kappa Gamma scholarship in honor of the founder; the second, the Eula Lee Carter scholarship, in honor of one of the state presidents, and the third will be named the Mamie Susie Bastian scholarship, in honor of another state president.

In May, 1940, Dr. Blanton, national executive secretary, reported that the organization included 37 states, with 392 chapters, and 12,004 members. Pledged in the seven states then being organized would bring the total membership to 12,122, and new states, new chapters, and new members are being added constantly.

International Relations Group To Be Organized

An international relations group to study the development of American foreign policy will be organized by the American Association of University Women next Thursday morning at 9:30 at the home of Mrs. William S. Dixon, 809 N. Gray street, Mrs. Dixon is chairwoman of the international relations committee.

All persons interested in international affairs are invited to attend this meeting. The morning group will probably meet once weekly for six or eight weeks. An evening group will be organized next week.

Purpose of the study will be to trace the development of American foreign policy from the beginning of the nation to the present time in an effort to enable people better to interpret present happenings. "Defense by Foreign Policy" is the name of a new study course now in preparation at national headquarters of the American Association of University Women in Washington, D. C., which will likely be used to follow up the present study.

Rainbow Girls Guests At Meeting In Panhandle

Members of the Local Order of Rainbow for Girls were guests of the Panhandle Order Thursday night.

Attending the meeting were Venora Anderson, Neoma Snyder, Blanch Day, Wanda Roberts, El Marie Allen, Edna Mae Cade, Della Mae Foster, Betty Ann Fleming, and Irma Ray Smith.

Eastern Stars and mothers who made the trip were Mmes. Burl Graham, H. P. Snyder, Ruth Casey, Fleming, and Edwin Minter.

The local group has outlined plans for a pot of gold at the end of the Rainbow program to be sponsored by the girls on November 20 in the city hall.

The program will be in the form of a Dr. I. Q. quiz and awards will be given. The entertainment will be strictly home talent. Norma Snyder has been named chairman of arrangements for the event.

Second Birthday Of Jimmy Whitley Observed At Party

Mrs. Elsie Whitley and Mrs. Vernon Moore were joint hostesses at a party honoring Jimmy Whitley on his second birthday, Friday afternoon in the home of Mrs. Moore, 501 North Hazel.

Halloween decorations were used throughout the house and favors of Halloween balloons and whistles were given to each youngster.
Guests were Bill Gaut, Doyle Lynn Futch, Don Allen, Patsy Lee Goins, Ben Sturgeon, Don Feislen, Dale Fay Fannon, Jo Nan Nelson, Vicki Whitley, and Patty Claire Adkins.
Mmes. P. O. Gault, George Futch, L. L. Allen, John Goins, Bill Fannon, Herman Whitley, Aaron Sturgeon, and the hostesses.
Gifts were sent by Gary Penson, Mrs. Cecil Chisum, Mrs. Clyde Medkief, and Mrs. H. R. Whitley.

PUBLICITY CHAIRMAN

Miss Clauca Evely, White Deer, is publicity chairman for the regional meeting of Delta Kappa Gamma here Saturday and Sunday.

She is a charter member of Beta Delta chapter, which was organized April 28, 1934, at Amarillo, by Dr. Annie Webb Blanton, and was the first first vice-president. She has served on the program, scholarship, and publicity committees, and is now recording secretary.

She is president of the Venado Blanco study club at White Deer.

Miss Evely received her B. A. degree from Texas State College for Women and her M. A. degree from the University of California, where she was a member of Pi Sigma, national honorary fraternity for classical students. She has done further work at the University of Colorado and Colorado State College of Education. She teaches English and journalism in the White Deer High school and serves as local correspondent for the Amarillo Daily News and the Pampa News.

Invitations have been sent to Garden club members in the surrounding towns.

Tea To Be Served During Afternoon In City Club Room

An annual event in the activities of the Pampa Garden club is the chrysanthemum show which will be held Thursday in the city club rooms to that residents of the community will have an opportunity to see the various varieties of the flower known as the queen of autumn.

The show will be held between 2 and 9 o'clock in the city club rooms and tea will be served from 2 until 6 o'clock.

Flowers are to be entered between 9 and 11 o'clock Thursday morning, and those entering flowers can secure entry cards at Cretney Drug store. Everyone having flowers in the display is asked to fill out duplicate cards listing the entries, including the specimens, displays, and arrangements. This method of entering flowers is expected to save entrants and the arrangement committee considerable time.

The local club is endeavoring to learn which types will be the hardest in this section. New varieties of large blossoms, pom-pom, daisy, and Azaleums will be displayed at the show, which promises to be the most outstanding show the club has had.

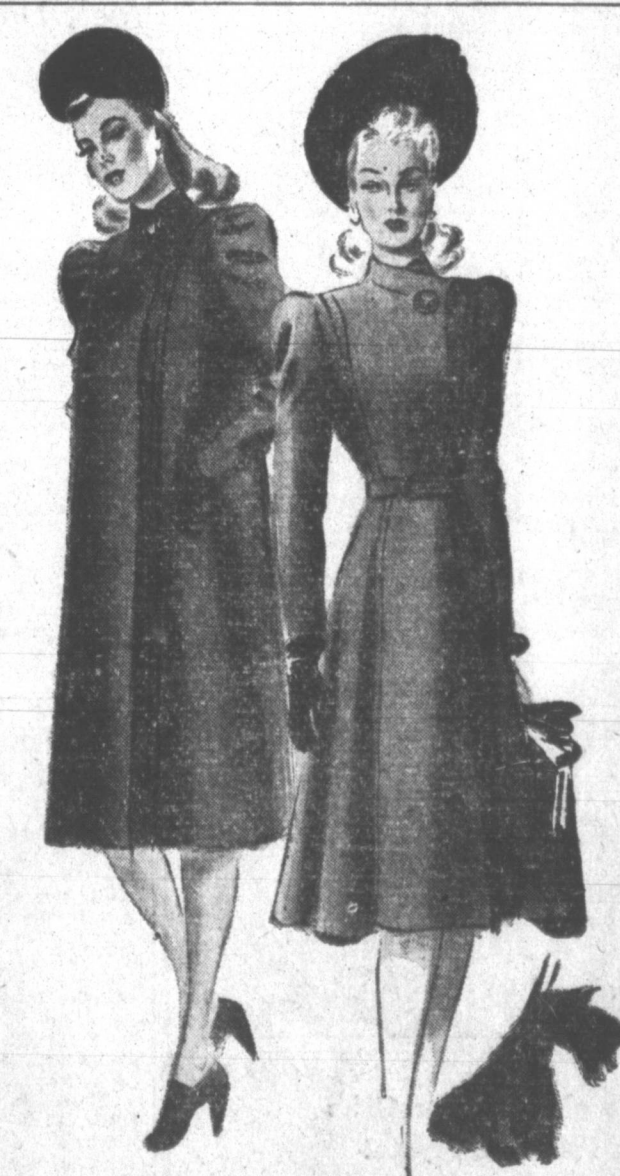

The public is invited and a small admission will be charged which will be made to defray the cost of the show. The profits will be placed in the tree fund, which supplies first grade children of Pampa with seedling trees each year.

Invitations have been sent to Garden club members in the surrounding towns.

The committee in charge of the show is composed of Mrs. H. O. Roberts, Mrs. Katherine Sadler, and Mrs. Alex Schneider. They will be assisted by the following committees:

WITH SHIRTING AND POCKETS

PATTERN 8789

Pockets are smart, and nobody knows that fact better, or likes it better, than fashion-wise school girls who love to have pockets to stow things in. That's one reason why they'll be delighted with frocks made after this design (8789) with those two grand big pockets slapped onto the sides, and the belt looped through. Another winning detail about this design is the use of shirting, tulle and silk, to give the generous skirt fullness which little girls always look best in.

A tailored, boyish collar and shoulder gathers complete the virtues of this smart design for school frocks. It's the type that grows up with the girl, too, so that it's becoming to size 14 as it is to size 4. Challis, flannel, jersey and printed school cottons are smart for this, which should be worn with leather belt to match the buttons.

Pattern No. 8789 is designed for sizes 4, 6, 8, 10, 12, and 14 years. Size 8 requires 1 1/2 yards of 64-inch material without nap; 3/4 yard for contrasting collar if desired.

For a PATTERN of this attractive model send 15c IN COIN, YOUR NAME, ADDRESS, STYLE NUMBER and SIZE to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

You'll get a thrill of a new season when you turn the colorful pages of our new Fall Fashion Book, brimming over with lovely styles. Fashions for afternoon and every day! Fashions for your school-girl daughter! Fashions for everybody from size 1 to 52, easy to make, new as tomorrow morning, and, of course, all inexpensive.

Pattern, 15c; Pattern Book, 15c. One pattern and pattern Book, ordered together, 25c.

YESTERDAY: Continuing his questioning, Plowman interviews...

nite turns up to release you from possible implication.

lifeless—cold. He did not speak and—somehow I knew, that is the last I remember.

BARKES SEES A SHADOW

CHAPTER XI

UNDER Plowman's continued questioning, Pat admitted that Adam had not been himself during the day.

He made a good witness. He admitted his former engagement to Pat, but denied that he had returned to the Jungle instead of searching the storeroom.

THERE was silence for a moment. Plowman rose and brought Marta a glass of sherry from a decanter on the table.

"There is a neurotic strain somewhere on the grandmother's side," Sidney admitted.

"How did you find your way to the lions in pitch darkness, Miss Hempfield?" Plowman asked gently.

Togi contributed little. He had made hasty preparations for the house party, he said.

"I've had no more than a five-minute talk with my cousin since his return," he said gravely.

"What did you discuss during that five minutes?" Plowman asked.

"I'm sure I never did. He and Hugh have always hunted big game."

"I've had no more than a five-minute talk with my cousin since his return," he said gravely.

"What did you discuss during that five minutes?" Plowman asked.

"I'm sure I never did. He and Hugh have always hunted big game."

"I've had no more than a five-minute talk with my cousin since his return," he said gravely.

* YOUR BANK

What is Amortization?

LITERALLY, amortization means killing off a debt by gradual means.

It is a convenient plan of taking the amount of a loan, computing the entire amount of interest which will be payable thereon during the life of the loan, and dividing the total into equal periodic payments. At first, that portion of the payment applying to interest is large in comparison with the portion applying to the principal of the loan. But each time a payment is made the principal is reduced and consequently a smaller part of the payment applies to interest and a larger part to payment on the loan.

Its advantage is that it does not work a hardship on the borrower to extinguish his debt because as it is done gradually and not in a lump sum, he can budget his income to cover his periodic payments.
