FDR TELLS DIES NOT TO GUM UP WORKS

ICE WRECKS AMARILLO TREES

Trees, which in summer provided a green setting for this Amarillo home, are nothing but a mass of tangled, broken limbs after they collapsed under the weight of many tons of ice in the Panhandle city's disastrous storm.

POLE FALLS, PINS VEHICLE

The above taxicab was driving along a street in ice-bound Amarillo when a heavy power-line pole fell, pinning the vehicle beneath it. The passenger was riding in the front seat with the driver and thus escaped injury and probably death.

Texas Flood Crests Believed Reached

(By The Associated Press) Residents of the Brazos River Valley and of the populous districts area near Houston breathed easier today, as the danger of additional floods lessened slightly. Still present, however, was the possibility that waters fanning out over the Brazos lowlands might not subside enough to handle the additional burden racing downstream. The crest of the San Jacinto rise, which inundated eastern Harris (Houston) county, was believed reached. The news came in the nick of time, for waters of the Houston ship channel, one of the busiest short sea lanes in the world, had backed up to within 10 inches of the floor of two docks. The tri-cities of Goose Creek, Felton and Baytown were cut off from highway communication with Houston except northward through Dayton. Rail communication still was open, however, to the hundreds of persons living in the area who commute daily to Houston to work. Ship channel ferries were closed, and traffic along the waterway was almost at a standstill.

I Heard....

An eastern newscaster revealing the startling information that the 10-inch solid ice cake that has lodged in the Panhandle of Texas for several days is now melting and causing disastrous floods in East Texas. Wonder if it is going down the "mighty" north fork of the Red river.

Special Train To Leave At One O'clock

Norris To Preach Thanksgiving Day Sermon

Union Thanksgiving services, conducted by the Pampa Ministerial alliance, are to be held at 7:30 o'clock tonight at the First Methodist church. The Rev. B. A. Norris, pastor of the First Christian church, is to deliver the sermon. Chorus of other churches have been invited to join the Methodist choir in special music for the occasion.

Pampans decided to observe the second Thanksgiving because they are used to it and because the Pampa-Amarillo football game was set for November 28 in Amarillo.

Pampa schools will close this afternoon and will not open until Monday morning. Closing will be for all the city schools and the parochial school.

Pampa's banks, the city hall and courthouse, and nearly all places of business will close all day tomorrow. The post office will remain open, having observed the November 21 Thanksgiving.

The Pampa Harvesters will not be the only local football team in action tomorrow because the Carver negro school football team will play in Wichita Falls. The 30-piece Harvester band will also ride the special train. The train will arrive at Butler field at 2 p. m. Departure from the same place will be at 5 o'clock.

More than 200 reserved seat tickets to the game had been sold here up to noon and the demand was increasing hourly as the prospect of nice weather continued. Train tickets were also going fast at the Santa Fe station, office of the school business manager in the city hall, and at the high school office, where student admission tickets were also on sale.

Reserved seat tickets will be available on the train, which will be operated under school supervision. Citizens of Amarillo were notified by loud speaker this morning to turn on water taps so that water lines would be free from air when the water was turned on. It was expected that Amarilloans would have water soon after noon, the first in three days, radio reports revealed. It was expected that additional electric current would reach some of the wells by noon and that gasoline pumps would be installed at other wells by the same time. Water was turned on in the business district for a time yesterday afternoon but was shut off at 7 p. m. in order to build up storage for fire fighting purposes.

All He Can Do Now Is Join Air Force

TULSA, Nov. 27 (AP)—Seth Yerrington, air school instructor, is scratching his head over four suits of wool underwear.

A store Yerrington ordered the woollens from relayed the order to a Montreal, N. B., Canada, firm. The latter sent the underwear with a gift "since you presumably are a Canadian taking flying lessons in the United States with view of joining the Canadian air force."

Yerrington, an American citizen, doesn't know what to do about it.

Course In Custodian Engineering To Be Taught At Night

Latest adult training course to be announced here is in custodian engineering. The class will be organized Monday night in room 204 in the high school, C. M. Davis, coordinator, announced today.

Instructor of the course will be George Hancock. The course will be open to all custodians, janitors, yard workers and those in allied occupations. Subjects to be taught will include housekeeping, care of auditoriums, libraries, office buildings, etc., waxing of floors, care of swimming pools, care of porcelain plumbing, removing of wax, gum, etc., care and repairing of heating and refrigerating units, yard work, etc.

Water Shipped To Amarillo From Pampa

Citizens of Amarillo were notified by loud speaker this morning to turn on water taps so that water lines would be free from air when the water was turned on. It was expected that Amarilloans would have water soon after noon, the first in three days, radio reports revealed. It was expected that additional electric current would reach some of the wells by noon and that gasoline pumps would be installed at other wells by the same time. Water was turned on in the business district for a time yesterday afternoon but was shut off at 7 p. m. in order to build up storage for fire fighting purposes.

Pampa assisted Amarillo yesterday by sending 17 car loads from the Santa Fe wells here. The water was placed in Santa Fe tank cars.

Amarillo was still without communication with the outside world except by radio. Radio station KPFD, Pampa, was standing by to relay all types of emergency and necessary messages broadcast by station KPFD in Amarillo. Hundreds of messages were taken here by KPFD and then telephoned or telegraphed to their destinations.

Utility crews from other parts of Texas and from New Mexico and Oklahoma began arriving in Amarillo yesterday to assist in the work of stringing wires, temporary at first. It is estimated that 2,000 poles are down in the Panhandle.

Emergency crews worked continuously clearing away tree limbs and other debris from city streets.

Tax Rate For 1940 Designated As \$1.50

Designation of the city's tax rate for the tax year 1940 as \$1.50 gross was accepted by the city commission at its regular meeting yesterday afternoon.

The acceptance of the rate was simply a matter of legal "red tape," inasmuch as the rate was first set a month ago. Cumbersome statutes provide for "official" setting of the rate 30 days after the budget is filed. This was the reason for the action taken Tuesday.

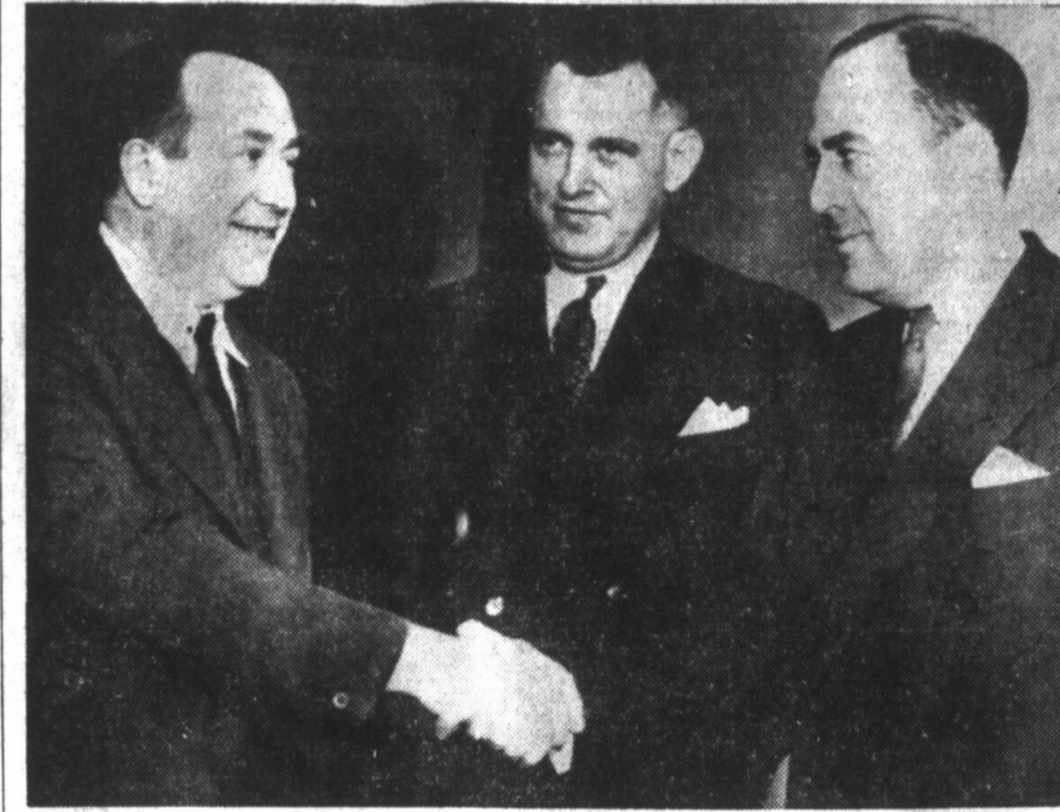

Band To Accompany Singing Of Carols

Wayne Phelps will preside when residents of Pampa and vicinity gather in the 100 block on North Cuyler street at 7 o'clock Monday night to sing Christmas carols. The massed singing will precede the formal turning on of the street lights now being erected by the Junior chamber of commerce.

The community massed singing will be directed by Miss Helen Martin, director of the high school's capella choir, assisted by the choir and members of all choirs in the city. Students will join their parents in the singing of gay carols. Copies of the songs were to be distributed in Pampa schools this afternoon and parents are asked to sing the carols with their children in the home and then attend the massed singing program.

Jim Nevins will direct an orchestra composed of members of the Harvesters band. The program will be broadcast over station KPFD.

U. S. To Be Second Arsenal, Says Briton

(By The Associated Press) Britain's far-ranging heavy bombers set fires at the Italian royal arsenal at Turin and raided Berlin, the London air ministry reported today, while her little ally, Greece, declared Italy's invasion armies were falling back in disorder with "broken morale."

The attack on Turin, it was said, "greatly increased" the destruction inflicted in a raid Saturday night. Members of the British parliament heard Minister without Portfolio Arthur Greenwood, in a debate on war production, admit that Britain is "far from being fully armed."

Snowfall Heavy In Eastern States

(By The Associated Press) The heaviest snowfall of the season blanketed eastern states today while colder weather overspread the middlewest and flood waters inundated sections of Texas and Louisiana.

The snowstorm in the east began to fall early last night in some sections and by midnight the fall ranged up to six inches in Pennsylvania.

Ice and snow covered highways slowed motor traffic in the east and central states. Air transportation was halted by swirling snow at New York, Boston and other eastern terminals.

Flood waters drove hundreds of families from their homes and caused extensive property damage in south and east Texas. The Panhandle region struggled to restore transportation and communication facilities paralyzed by sleet and ice.

Wire States Dangers Of Hasty Actions

Texan En Route To Washington For Conference

WASHINGTON, Nov. 27 (AP)—President Roosevelt has telegraphed Chairman Dies (D.-Texas) of the house committee on Un-American activities that careful executive plans to combat subversive activities "may be severely handicapped or completely destroyed" by premature disclosure of facts or of suppositions to the public.

The president told Dies that departmental investigations also might be hindered by "hasty seizure of evidence" or by "giving of immunities" to witnesses before congressional committees.

The white house telegram went to Dies last night at Orange, Texas, after a presidential secretary had received an acceptance from the Texan for a conference with Mr. Roosevelt Friday on dividing spheres of jurisdiction of congressional and departmental work against subversive influences.

Dies previously had telegraphed the chief executive urging closer coordination of justice department and other federal activities against spies.

The president's telegram, made public by the white house today, said:

"I have received your telegram from Orange, Texas. You are correct in saying that there should be the closest harmony between your committee of the house and all administrative departments in the investigation of fifth column activities in this country.

"There can be no constitutional objection to the investigation of such activities and a report thereon and recommendations thereon by a committee of the house of representatives.

"It is, however, clear that the constitution of the United States lodges the executive responsibility in the hands of the president and that, therefore, continuing administrative duties in relation to illegal activities lie in the executive branch of the government and not in the legislative branch.

"As soon as this distinction is clearly recognized, there is no reason why there should not be complete harmony between your committee and the executive branch of the government.

"I know that you will also see the point when I suggest that in the regular conduct of administrative work of this nature, carefully laid plans for the obtaining of further information, which may lead to the breaking up of subversive activities, may be severely handicapped or completely destroyed by premature disclosure of facts or of suppositions to the public, or by hasty seizure of evidence which might with a little more patience be obtained in a manner to be admissible in court, or by the giving of immunities to witnesses before congressional committees as to matters revealed by them in testimony. Such action may defeat the ends of justice."

The Dies committee, at odds with the justice department as to the best methods of combating subversive activity, was reported today almost ready to issue a "red paper" dealing with alleged Communist operations in the United States.

ORANGE, Nov. 27 (AP)—Rep. Martin Dies (D.-Tex.) said today he would not make any statement in connection with President Roosevelt's telegram to him yesterday until he confers with the president.

Dies, accompanied by his wife and children, left for Washington, He drove to Lake Charles, La., from which place he planned to proceed by train.

Park improvement, project 14785, closed three months ago as workers needed on top seal coat repair job on streets. From federal funds, \$18,928.25 now available to complete park work. Out of this total, the city will receive \$1,619.79 from the government for material and supplies. C. P. Buckler has agreed to donate more land north of Sam Houston school for park purposes. Plans have been made to complete the Hobart-Brown streets park, which will include putting in gravel walk, automobile drive, and some water fountains. Street repair, project 15920, \$1,847.07 of federal funds left in project; have used all non-labor funds to buy cement. Need two weeks to complete. The 50 men employed on the project are to be transferred to park improvement when this project closes. Only 35 men needed on park project. Not as a project, but other possible construction work was mentioned as including the improvement of drainage on and ciling of dirt streets south of proposed Cuyler street underpass, work on which is due to start after the first of the year.

### COZY BEDTIME ENSEMBLE

Pajamas are a must on your gift list for the modern girls like their tailored lines for lounging and sleeping. You can make at home, with pattern No. 8786, the same kind of slim, tailored outfits that cost several dollars when bought ready-made. Here is a pajama suit on smock-like lines with comfortably full jacket top (butcher-boy style) and flatteringly wide pajama legs. Make it up in a pretty flowered flannel for winter, or in printed cotton chambray. Choose an unusual pattern—the new South American prints are smart—and you can make a gift that will bring real joy. Trim it in bias banding or in candlewick braid for tailored effect.

Pattern No. 8786 is designed for sizes 12, 14, 16, 18, and 20. Size 14 requires, with long sleeves, 5 2/3 yards of 35 or 38-inch material, and 5 yards of braid to trim. Directions are included for crocheting the bed-room slippers.

For a PATTERN of this attractive model send 15c IN COIN, YOUR NAME, ADDRESS, STYLE NUMBER and SIZE to The Pampa News Today's Patterns Service, 211 W. Wacker Drive, Chicago, Ill.

How Winter OIL-PLATING maintains needed lubricant in advance for Safe Quick Starts

Any good timely oil ad tells you the one same truth... your Winter oil ought to flow fast. For it must come groping up from the bottom of your engine, to all inner surfaces—a total area bigger than a windshield, but tough for the oil to reach. The sooner the oil could get there, the more safely you'd start up.

That's what's at stake. And that's why many stop depending on fast flow alone, as they learn that their engines can be OIL-PLATED to lubricate "faster than instantly" at every Winter start. Simply changing to Conoco Germ Processed oil brings your engine OIL-PLATING, which cannot be late getting started, because it's always PLATED up where needed, before you even step out of the house.

OIL-PLATING, you see, isn't all draining down during long cold standstills. The extra man-made substance in Germ Processed oil—patented—bonds OIL-PLATING to engine parts lastingly. It stays there. And lubricant couldn't be prompter than that in smoothing the way for precious parts, instead of letting them grind. ### Rites Held For Pioneer Texas Woman At Miami

MIAMI, Nov. 27—Funeral services for Mrs. F. M. Drum were held here Monday afternoon in the home of her daughter, Mrs. Henry Hoffer. The Rev. E. Lee Stanford, pastor of the First Methodist church officiated.

The body was brought back to Miami at 10 o'clock in a Dunkel-Carmichael hearse to lie in state until time for the services. The pallbearers were W. L. Lard, C. C. Chisum, W. O. Russell, C. F. Burnett, M. M. Craig, Jr., and Leo Paris.

Mrs. Drum, born Bessie Caroline Proffitt, was a real Texas pioneer. Her father was an early day Methodist minister who came to Texas from Missouri and settled in Hood county, near Weatherford, when that part of the state was on the very frontier of civilization. Here, Mrs. Drum was born Oct. 31, 1860.

Her father was the old fashioned trail-blazer type of preacher, making his own living, yet ministering in both a physical and spiritual way to those courageous souls who braved the dangers of loneliness, personal privations, hard winters and hostile Indians to break the trail for civilization in our state.

One of Mrs. Drum's earliest recollections was riding on a horse behind her father when the family had to make a dash for Fort Belknap and safety, times when the Indians were reported on the warpath. Everyone kept a gun handy those days. The large boys stacked them in the corner when they went to school.

Resided in Young County

Later the Proffitt family moved to Young county. Here the father kept a store and post office in addition to his preaching. When he was gone to Weatherford for supplies, Mrs. Drum liked to tell about keeping the store for him with her rifle handy, and sleeping with it at her head at night. The girls of the family as well as the boys were taught to handle a gun.

Perhaps the reason these events were stamped on her memory so vividly was because one of her brothers was a frontier casualty. He was killed and scalped by the Indians.

Town Named For Brother

The town of Proffitt in Young county was established by, and named for another of her brothers, the eldest.

Another memory she carried through the years was that of her mother's making the family clothing. The whole process of shearing the sheep, carding the wool, spinning into thread, and weaving into cloth was done at home. Even their shoes those early days were home manufactured, her father constructing them the primitive peg way.

After she was married Mrs. Drum moved with her husband to the Panhandle. They lived in Hutchinson county and other places, coming to Miami 21 years ago. Her husband preceded her in death by six years.

Mrs. Drum was the home-loving type of mother, devoted to her family. She had been a member of the Methodist church for 62 years.

She is survived by five children: Robert R., of San Antonio, Mrs. Anna Frost of Dumas, Mrs. Mimi Bennett of Amarillo, Mrs. Lois Hoffer and Francis A. Drum of Miami, five grandchildren, and one great grandchild. One grandchild, R. D. Drum, she reared, taking him when he was eight months old, on the death of his mother.

Interment was in Miami cemetery.

### Delinquent Tax Payments Asked

Seeking to clear up delinquent tax accounts, the city commission at its regular meeting Tuesday afternoon passed an ordinance calling for payment on such accounts on or before January 31, 1941.

In the event these taxes are not liquidated on the date set or some plan of payment arranged with the city tax officer, the accounts will then be turned over by the city secretary to the city attorney for immediate collection.

Employees of the city who own property have been notified of the city's objective that taxes be paid. The commission approved City Manager Steve Matthews' statement to the effect that the city "wasn't fooling," and that the call for payment of taxes was not merely a routine matter.

### New Miami Pastor Preaches Sunday

MIAMI, Nov. 27—The Rev. E. Lee Stanford with his wife and four children has moved to Miami Sunday, both morning and evening. The Rev. Mr. Stanford preached for the first time in his new station as pastor of the First Methodist church.

The Stanfords come from Hale Center, exchanging places with the Rev. W. A. Hitchcock who was formerly at Miami.

BAKED POTATOES  
 Potatoes require from three-quarters of an hour to an hour to bake, depending on the size. As soon as the flesh is soft, break open at once to allow the steam to escape. Baked potatoes should be dry and mealy. If the steam is not released, the flesh will be damp and soggy. Season with salt and pepper and add a generous cube of butter when served.

### Rites For Pampan's Father Held Today At Shamrock Church

SHAMROCK, Nov. 27—Funeral services will be held at the Missionary Baptist church this afternoon for George S. Harbour, 56, resident of Wheeler county for the past 13 years. Mr. Harbour died at a local hospital this morning after a short illness.

The Rev. Vernie Pipes, pastor of the First Baptist church, will conduct the rites and interment will be in the local cemetery.

Mr. Harbour, a native of Texas, moved here from Quanah thirteen years ago. The family resides on West Second street.

He is survived by his wife and five children; Charles Harbour of Twitty, Lola P. Allen of Albuquerque, N. M., Jessie Lee Harbour of Pampa, Mrs. Clifton and Isabel Harbour of Shamrock.

### Small Arms Bullet Plant To Be Built

WASHINGTON, Nov. 27 (AP)—A \$73,575.361 contract for a small arms ammunition plant to be located near Lake City, Mo., near Kansas City, was awarded by the war department today to the Remington Arms Co., Inc., Bridgeport, Conn.

The army said agents named by the quartermaster corps were in the process of purchasing about 2,200 acres of land for the plant. Negotiations for construction have not yet been completed, the army said, but title to the plant and equipment will rest in the federal government.

### Wife Of Tech Professor Dies

Funeral services were to be held in Lubbock today for Mrs. J. N. Michie, 53, wife of the head professor of mathematics in Texas Technological college, and mother of Mrs. James B. Johnson, apartment 6, 530 N. Frost, Pampa.

Mrs. Michie died at 12:15 a. m. Monday at the family residence, 2215 Sixteenth street, Lubbock, where rites were to be held this afternoon, with the Rev. J. A. Windlow, pastor of St. Paul's Episcopal church, officiating. Burial will occur in Oakwood cemetery, Austin.

Death of Mrs. Michie was attributed to high blood pressure and cerebral hemorrhage. She had been in failing health about three years.

The family came to Lubbock 15 years ago from Austin. Professor Michie has been head of the mathematics department since Texas Tech opened.

Mrs. Michie was born in Norfolk, Va.

Survivors, besides the daughter who resides in Pampa, include another daughter, Mrs. Victor Harris of Chicago; son, R. E. Lee Michie Moffett field, Calif.; three brothers, Robert C. Jacob, Chicago, Judge Clyde Jacob, Norfolk, Va., George R. Jacob, Talbott, Ga.

### Troop School Will Be Held Tonight

Strange as it may seem, the job of an officer in the army has to do with a variety of things besides fighting.

For example, there's the inevitable "paper work." To learn how it is

### Army Planes Land Here For Refueling

Four Stearman primary training army planes landed at the Pampa airport yesterday afternoon to be refueled. The flight was under command of Lieutenant Jack French.

The planes were enroute from St. Louis, Mo., to their training base at Sacramento, Calif. The pilots were on a cross-country training trip. Next stop of the planes was to be Albuquerque, N. M.

While the planes were being refueled, the pilots were driven to Pampa where they ate dinner.

### One Week Of Quail Hunting Announced

A one-week limit on quail hunting on land of Gray County Game Preserve association members was favored by a majority of the members in a canvass taken yesterday by the association's executive committee, meeting in McLean.

There are 52 members of the association and replies were received from 41. Cards with four questions were sent out.

An open period of less than the entire quail season (in Gray from December 1 to January 16) was desired by six members of the association. A closed season was favored by five.

John Carpenter is president, Frank Wilson, vice-president, and Jess Ashby, secretary of the association. These three compose the executive committee. All are of McLean.

### Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches, and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 45 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

factory and inflicted "some casualties."

Hitler's high command acknowledged "numerous civilians were killed and wounded" and dwellings damaged by RAF raiders over Germany. Informed German quarters said British bombs fell in Berlin's suburbs, but asserted that none of the raiders reached the capital's center.

In London, Arthur B. Purvis, chairman of the British Purchasing Commission, returning from the United States, predicted a "heavy increase in American aid to Britain in 1941."

"Next year, if I were sitting in Germany, I would be very worried at what is going to flow out of the United States," he said.

These developments were noted in the 31-day-old Balkan war: "Fascist reinforcements, an Athens government spokesman said, are 'making desperate efforts to delay our advance' but 'the broken morale of the other Italians has been imparted to these troops.'"

At the northern end of the 100-mile battle line, the city of Pogradetz, on the southern end of Lake Ochrida, appeared still to be in Italian hands, but advices from Yugoslavia said the Fascists were moving equipment out.

Greek spokesmen have claimed their troops to be beyond Pogradetz, presumably carrying out encircling tactics.

At the other end of the front, the main objective remained Argirocastro, Italian base near the Adriatic.

British officials last night for the first time acknowledged that Bristol, Birmingham and Southampton had been attacked by German warplanes in the last few nights.

Bristol, the western port where American supplies are being landed, apparently was raided again during the night following heavy attacks started Sunday night.

A press association (British news agency) account of the Sunday night raid claimed however that although the attack was a severe one, "it was nowhere as heavy as on Coventry, and the city and port to which the Ger-

mans referred in the past tense still has a very active future."

"Within a short time, life was almost back to normal" after the attack, it said.

German raids on Britain last night were announced by the British government to have caused slight damage and few casualties.

Opening the new day, London had an alarm soon after dawn, but the all-clear sounded in an hour.

In German-occupied Norway, a state of emergency was reported declared in Westlandet (West Land) area after avalanches cut the Bergen-Oslo railway in 10 places. The report came from the Oslo correspondent of the Stockholm newspaper Dagens Nyheter, who said the avalanches apparently were started by saboteurs.

Mexico, which had been worried about the possibility of a revolutionary outbreak over her disputed presidential election, heaved a sigh of relief as General Juan Andreu Almazan renounced all claims to the presidency.

Almazan, independent candidate, previously had refused to concede victory to General Manuel Avila Camacho, administration candidate, who will be inaugurated Sunday as Mexico's president for six years.

Almazan asserted that if he had sought to defend his "triumph," the United States would have intervened. Vice President-elect Henry A. Wallace is enroute to Mexico City to attend Avila Camacho's inauguration.

### Questionnaires Mailed To 49

The total number of registrants in Gray county, under the selective service act, was up to 3,386 today with the receipt of a card here for Andrew Gram Walters. He has been assigned order number 1329-A.

Use of an index to the master list has greatly facilitated the checking of order numbers. The index was not sent with the master list, received here in late October.

Before the index was received, it was necessary to run down the entire 36 pages of the list to find a number. The index lists the way to find numbers by page, column, and line.

Questionnaires for registrants with order numbers 331 to 380 were mailed yesterday from the office of the Gray County Selective Service board.

Census report shows that 1,826 bales of cotton were ginned in Gray county from the crop of 1940 prior to November 14, as compared to 682 bales for the crop of 1939, according to the report Tuesday of Royal H. Wilson, McLean, special U. S. D. C. agent.

Mrs. Argie Bolln was treated for knee injuries suffered when the car which she was driving was in collision with one driven by John Goodwin at the intersection of Francis avenue and Ballard at 7:20 o'clock this morning, city officers announced. Both cars were badly damaged.

Three fines were assessed in city police court this morning against persons charged with intoxication.

**Appeal Made For Books, Magazines For Negro Library**

Another appeal for assistance in the contribution of books and magazines for the library of Pampa's negro school was made today by Mrs. T. D. Hobart, of the El Progreso club, women's organization which is sponsoring the project for the school.

Mrs. Hobart asked that all magazines be sent to Mrs. F. L. Lewis, 1238 N. Russell street, and that books be turned over to Mrs. James Todd, Jr., at the public library in city hall.

**CHICAGO GRAIN**

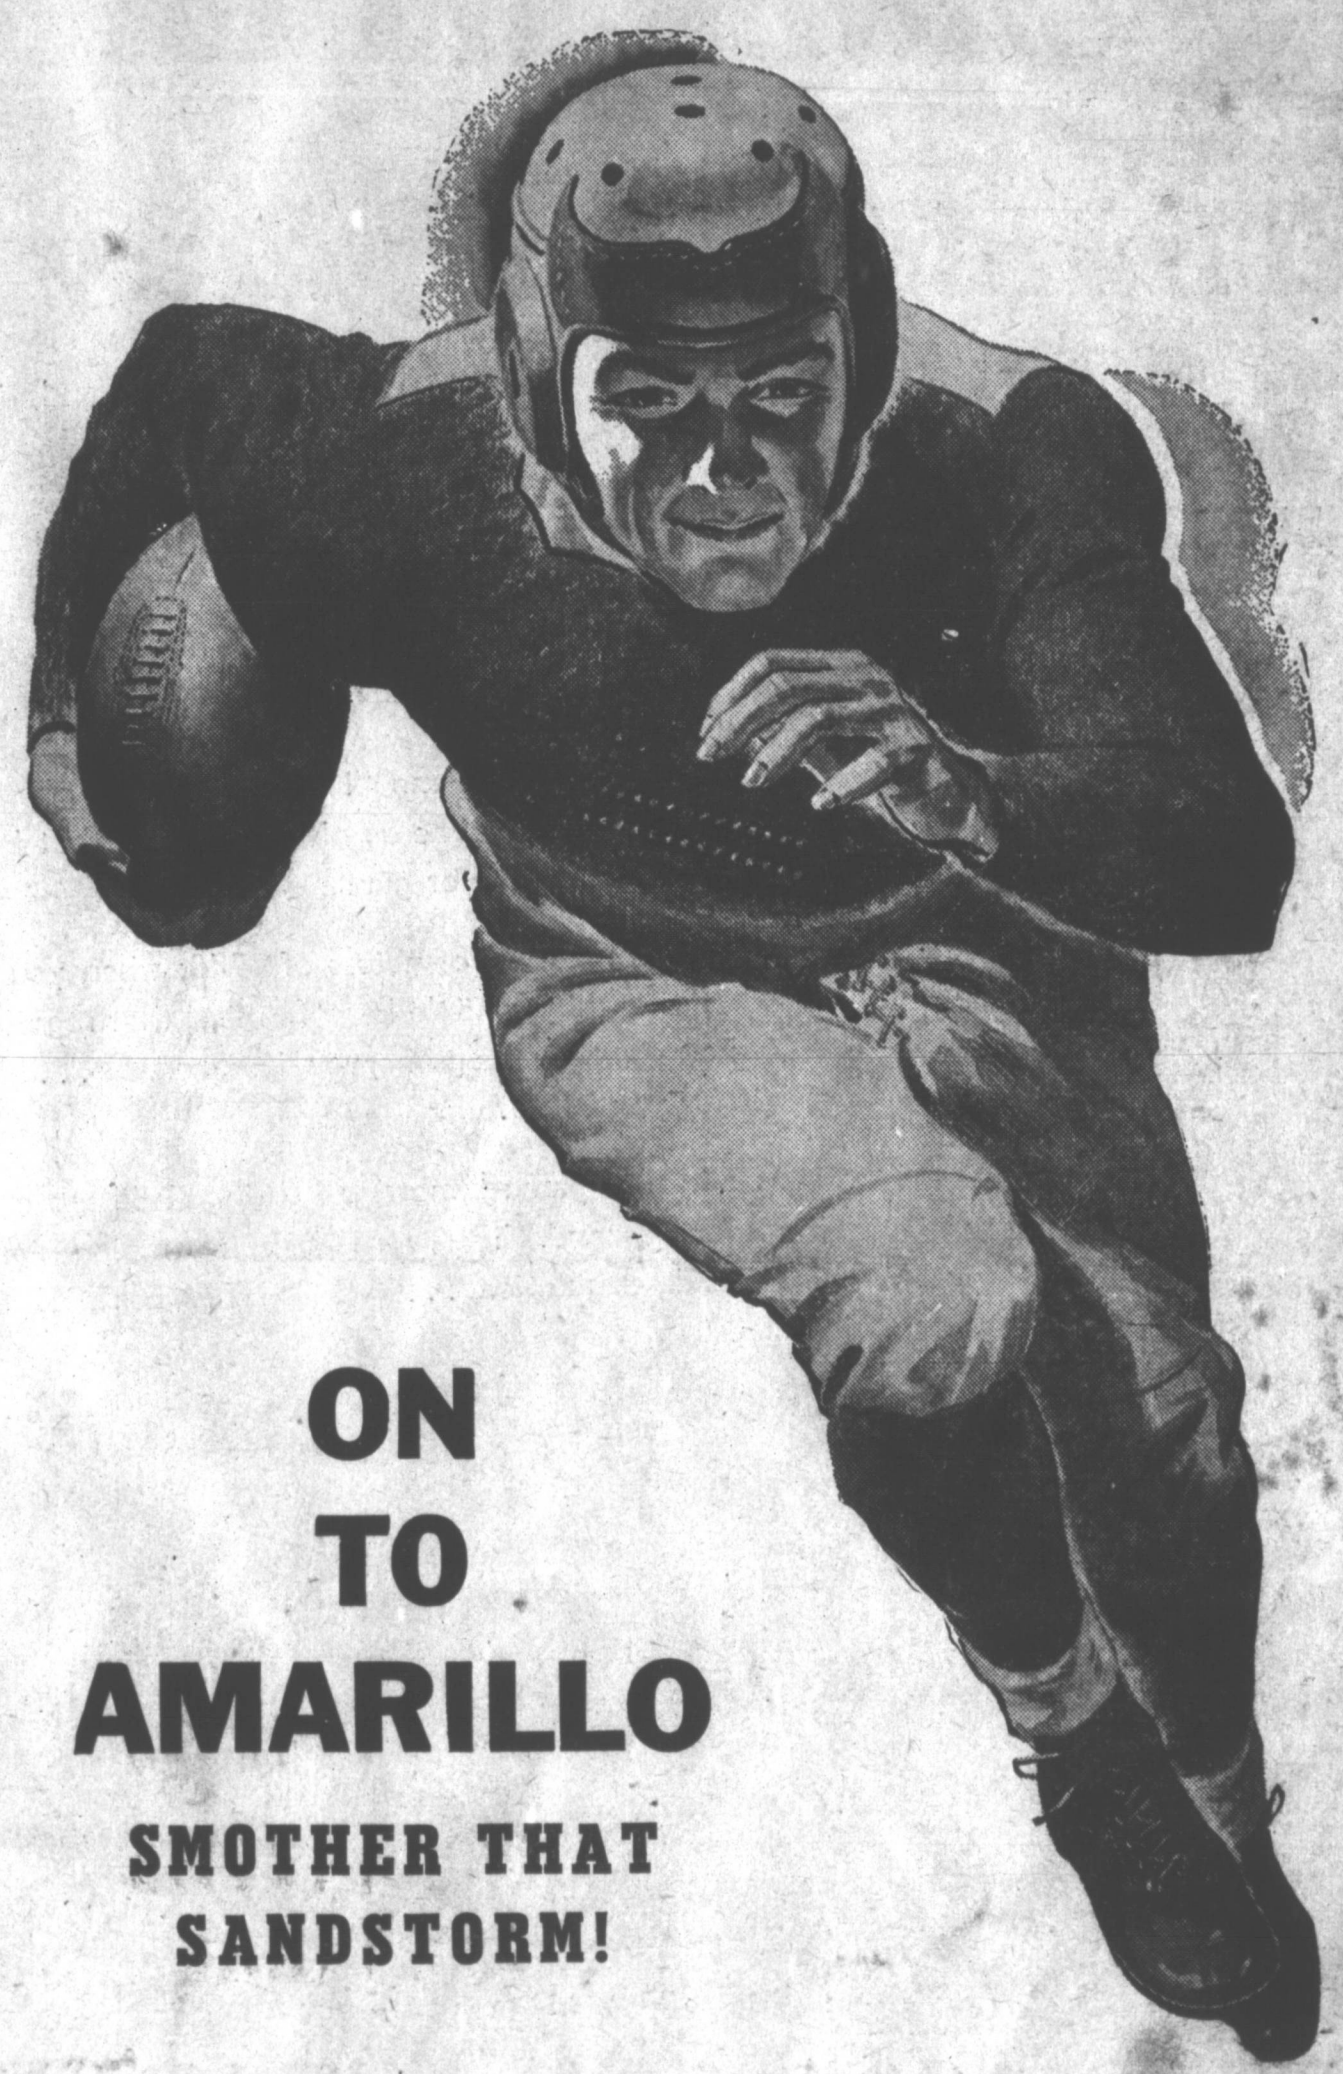

CHICAGO, Nov. 27. (AP)—Wheat prices spent most of today's session recovering from an early break in 1 1/2-1 3/4 cents and closed only slightly lower than yesterday.

Bullish inspired by weakness of stocks, good moisture over much of the winter wheat belt and lagging flour demand was blamed for the early setback with stop loss orders contributing to the volume of liquidation. Later when this distressed selling had been digested, the market staged a slow rally on the strength of small commercial supplies and scattered purchasing credited to mills.

Wheat closed 1/4c lower than yesterday, December 88-87 1/2; May 85 1/2-84 1/2; corn 1/2c lower to 1/4c higher, December 83 1/2-83 1/4; soybean 1/4c higher, December 83 1/2-83 1/4.

# 'Sandies CAN Be Beat!' Harvesters Cry

## Amarilloans And Pampan Work In Mud

Mighty Cornell fell before two opponents this year, mighty Notre Dame dropped a couple of decisions, so why can't the mighty Amarillo Sandies be toppled from their throne as the greatest high school football team of all time? That is the attitude the Pampa Harvesters are taking as they prepare for their game with the Sandies on Butler field in Amarillo at 2:30 o'clock Thursday afternoon.

Yesterday afternoon the Harvesters went through a rough and tough scrimmage despite cold and mud. They were as frisky as a bunch of young colts and the few rabid birds who watched the workout think the Sandies will have their work cut out for them tomorrow afternoon.

Missing from yesterday's scrimmage were Grover Heskell and Roland Phillips. Heskell, 136-pound quarterback, has been on the sidelines for nearly three weeks with a knee injury and it is doubtful if he will start the game. Phillips, 202-pound tackle, was suffering from a bad cold which sent him home from school.

**10 Play Last Game**

Lefty Pendleton, out of the Oklahoma game with a throat infection, was in uniform yesterday and scrimmaged along with the rest of the boys. Although a little weak, he showed up exceptionally well.

For 10 of the Harvesters, tomorrow will be the last occasion for them to wear the green and gold. Two others may also be finishing up but they still have another year of eligibility.

Coaches Odus Matchell and J. C. Prejan will probably start seven seniors, two who still have another year of eligibility if they don't graduate, three juniors and one sophomore. The seniors will be Grover Heskell, whose starting is doubtful, Ed Terrell, Lefty Pendleton, Jearl Nichols and Wayne Fada. Eligible for another year but able to graduate, will be Roland Phillips and Ralph Burnett. Juniors will be Leslie Burge, John Chesser and Wayne Ott. The sophomore will be Bill Arthur.

**Harvesters to be Outweighed**

Reserves who will be last next year include Andy Smith, A. C. Enloe, Bill Brady, John Thompson and Bob Louvier.

When the Harvesters take the field they will be outweighed about 25 pounds per man.

Pampa fans will follow the Harvesters to Amarillo by special train, leaving here at 1 o'clock and arriving on a Santa Fe siding at Butler field at 2 o'clock. The return will be from the same place at 5 o'clock with the return to Pampa one hour later.

The Harvesters band and many students will join on the train which will be met at Amarillo by the Amarillo Sandie band and student body. The siding where fans will leave the train is only a few hundred yards from Butler field.

**Sandies Work Out**

From Amarillo comes word that the Sandies worked out yesterday for the first time since they beat Lubbock 14 to 0 last Thursday.

The Amarillo News' story today revealed that:

For the first time since they blanked the mighty Westerners 14-0 last Thursday at Lubbock, the Sandies yesterday got the feel of turf under their cleats instead of working on a hardwood floor.

Mud-smeared from top to toe, the exuberant youngsters kept up a constant roar of peppy chatter and hustled through next to the last workout on the schedule with a show of spirits that brought smiles to the faces of Coaches Lynch and Hill.

All work yesterday was done on the practice ground to save the grass on soggy Butler field. Before their block half-way through their blocking practice early in the afternoon, the ground was plowed up by flying cleats for yards around.

With no classes to meet today, Lynch issued instructions for two practices. The gridlers will gather for a prolonged "scull practice" at 10 o'clock this morning at the senior high school. They will go to Butler field at 2:30 o'clock this afternoon for their regular workout.

Every member of the squad was on hand for yesterday's workout and no injuries or illness of any kind were apparent.

## Aggies Will Stake Rose Bowl Claim Tomorrow

**By FELIX E. MCKNIGHT**

AUSTIN, Nov. 27 (AP)—Iron-listed Texas A. and M. tomorrow goes out to stake a Rose Bowl claim before 45,000 of the homefolks.

Unbeaten, untied and unperturbed after 19 successive football conquests, the nervous Aggie machine faces the stoutest of all its foes—a University of Texas team bent on preserving a 22-year-old hex.

The world would seem tumbling down if Dana X. Bible's magicians, thrashed by this same team last season, 20-0, finds the antidote for one of the nation's most poisonous attacks.

But the odds on the Aggie team could be called vulnerable and that is where Texas is expected to thrust—at its pass defense.

Stout, cool Pete Layden, fullback-passer of the Texas team, may spend the afternoon rifling a Cadet secondary that has permitted 811 yards by air—something like 101 yards per game. Only four touchdowns have been scored on the giant Red machine, but three of those came through the air.

But the Aggies, at the very gates of the Rose Bowl, a second straight unbeaten season and Southwest conference title and the longest successive winning streak in all Southwest history, have suspected something like this.

With no classes to meet today, Lynch issued instructions for two practices. The gridlers will gather for a prolonged "scull practice" at 10 o'clock this morning at the senior high school. They will go to Butler field at 2:30 o'clock this afternoon for their regular workout.

Every member of the squad was on hand for yesterday's workout and no injuries or illness of any kind were apparent.

## Sports Roundup

**By EDDIE BRIETZ**

**NEW YORK, Nov. 27 (AP)—**We're back in the big city and hear Will Preston of Miami is in town. . . . Could it be to see whether Fordham will accept an Orange bowl bid? . . . Sorry we arrived too late for that grand double-feature put on by Frank Phillips and his Oklahoma Oilers. . . . The Oilers won the basketball game, and "Uncle Frank" presided over a Santa Fe siding at Butler field at 2 o'clock. The return will be from the same place at 5 o'clock with the return to Pampa one hour later.

**That N. Y. U.'s poor football** showing this year can be charged to the departure last spring of Backfield Coach Archie Roberts. . . . That Penn's Frank Reagan might have done much better against Michigan, if he hadn't gone into the game with a bad leg, about which the Quakers said nothing so there'd be no cries of "alibi" . . . and that the injury was aggravated by a twisting tackle within the first five minutes of play. . . . That Cornell started the Penn game with all six first and second stringers on the left side of the line banged up or out of it entirely. . . . All three Penn touchdowns went through that hole. . . . That Francis Schmidt was giving his Ohio Staters new plays the day before they met Minnesota.

**Just a Bowl Of Football** Penn, Cornell and Minnesota All have answered with a "No." But the Eagles and the Aggies They'd surely like to go. They'd take the bowl of Roses, the Cotton, Orange or Sugar. They'd play Tennessee or Stanford And think it very nice. Then there's Georgetown and there's Fordham. Who would also like a game. You name the trains, they'll board 'em. Who wouldn't do the same

**History Class**

Army last won a major football game? . . . It was against Navy in 1938. . . . Which leads up to the thought of the day: Why doesn't Coach Bill Wood mechanize the Cadets? . . . They haven't gone very far on foot.

Along golf's winter circuit, they're wondering whether Ben Hogan will be as tough to talk to as he was after leading last winter's money winners. . . . Owl in Kansas, there's quite a stir over Gerald Tucker's change of address to U. of Oklahoma. . . . The former Winfield (Kansas) cage ace was ticketed first for Northwestern, then for Kansas State. . . . Note to the hinterlands: Watch out for Nat Holman's City collage five when visiting New York.

**Story Telling Department**

Arch Ward of the Chicago Tribune has one of the prize yarns of the football season. It concerns two Iowa fans who wrote Coach Eddie Anderson, suggesting that, since he was why on ends, he shift Fullback Bill Green to that position. . . . The doctor thanked them for the idea, but pointed out it usually is difficult for a man to change to an unfamiliar position. . . . In the Wisconsin game, Green played fullback and scored three touchdowns. The two helpful alumni saw the game, then went home and wrote: "You go on coaching the football team, and we'll tend to our business." It was signed, "Two of Iowa's poorest coaches."

Throughout the rainy, bleak afternoons of the past ten days they have molded and remolded their anti-aircraft unit.

Meanwhile, its own passing game may have suffered a vital blow. Quarterback Marion Pugh, the leading pass thrower of the Southwest and one of the nation's best, may not start the game and, if Coach Homer Norton's worst fears are borne out, may play but little.

"His condition is not good," said Norton. "But I think he can hobble around and play some."

But the odds on the Aggies smashing the jinx that has kept them from defeating a Texas team in Austin since 1922—and winning only by three times since start of this rivalry back in 1894—were still firm today. They definitely were favored, but not more than a touchdown.

Fullback John Alec Kimbrough, the 222-pound marauder who won All-America honors last season and is hogging the fullback field again this season, closes out his Southwest conference career. Turned loose only in the last three games, Kimbrough has suddenly returned to his old sweeping style and has carried the ball 139 times—57 more than any other conference ball toter—for 557 yards.

With him on the last roundup will be Jim Thomason, powerhouse blocker and tackler; Wild Bill Conzter, the fleet punt returner and tackle knifer and either Pugh or Marland Jeffrey.

On the Texas side it is Cowboy Jack Crain, who will be trying to shake loose once again to break a touchdown famine that has plagued him for a month. More feared, however, will be Layden, the genuine threat of the Texas offense.

Sturdy, from end to end and with reserves available, was the Aggie line that has allowed only 296 yards. Likely to play a major role is Bill (Hitterbug) Henderson, the amazing sophomore end who stretched his six feet, five inches for eight straight catches in the Rice game. He was the difference in that game.

The playing field was dry despite torrential rains of the past seven days, a tarpaulin protecting it. Brilliant sunshine of the past two days is helping the field again and a good baking and chill north winds helped in the drying process.

The Aggies will not leave College Station until 8 a. m. Thursday, arriving only a few hours before the 2:30 p. m. kickoff.

Clear, crisp weather was the prediction.

**Sunset Dethrones Woodrow Wilson In 13 To 7 Upset**

**By HAROLD V. RATLIFF**  
Associated Press Staff

Eighty-eight teams reach the end of the Texas schoolboy gridiron trail this week but for 16 others it will be the real beginning.

They will be the district champions who carry the warfare into another month climaxed about Christmas Day with the crowning of the Interscholastic league's twenty-first champion.

Seven champions have already been determined, the latest grabbing its pennant last night when Sunset's surprising Bisons, who came from nowhere in October to the pinnacle in November, crushed the hopes of Woodrow Wilson in the Dallas district.

Sunset dethroned the 1939 state semi-finalists with a last-half rush that left a crowd of 16,000 spellbound. The Bisons won 13-7 with Bill John running a fumbled punt 38 yards for one touchdown and Bill Blackburn crushing through the line for the other.

Other champions are El Paso High in district 4, Greenville in district 6, Masonic Home (Fort Worth) in district 7, Stephenville in district 9, Temple in district 10 and Jeff Davis (Houston) in district 13.

Two bi-district games for next week already have been arranged, Sunset meeting Masonic Home Dec. 7 at Dallas and Temple clashing with Stephenville at Temple, Dec. 6.

Five titles go on the line tomorrow, with the others hanging in the balance with Friday's games.

Amarillo, hailed as the team to defeat for the state title, meets often-beaten Pampa at Amarillo. The Sandies can lose and still tie for the district 1 championship.

Mighty Paris, conqueror of the Sherman team, has only low-ranked Denison in its path to the district 5 pennant.

Tyler can sack up as least a tie for the district 11 crown by defeating impotent Marshall tomorrow and Longview can do the same by

beating Gladewater the next day. All three of the district 12 leaders—Jacksonville, Lufkin and Meador—play tomorrow, each favored to come through and leave the race in a triple tie. Jacksonville plays Palestine, Lufkin meets Henderson and Meador tackles Nacogdoches.

Port Arthur's battering forces march against Beaumont in the showdown of district 14. Port Arthur needs only a tie to win the title.

The week's schedule by districts:

1. Thursday: Plainview at Lubbock (conference), Pampa at Amarillo (conference).
2. Friday: Electra at Vernon (conference), Graham at Olney (conference), Quanah at Childress (conference), Burkburnett at Wichita Falls (conference).
3. Wednesday: Andrews at Midland; Thursday: Wink at Odessa; Friday: Abilene at Big Spring (conference), San Angelo at Sweetwater (conference).
4. No games.
5. Thursday: Paris at Denison

## Prairie Lea Claims State Six-Man Title, But What About Groom?

**PRAIRIE LEA, Nov. 27 (AP)—**There is no way officially to determine the state champion in schoolboy six-man football, but where is there a better record than boasted by Prairie Lea?

The Indians have won 24 straight games, starting in mid-season of 1938, scoring 688 points to 171 for their opponents.

Robin Galaway, who has been the coach for two seasons, says: "We have never pushed a claim for a state title, but believe we are entitled to it if any six-man team could claim such."

Six-man football goes no further than district championships. There are more than 150 teams in 23 districts.

It is the state's newest scholastic sport but Texas already has more teams than any other state in the nation.

Prairie Lea tied for the district

(conference); Friday: Gainesville at Sherman (conference).

6. Friday: Highland Park (Dallas) at McKinney (conference).

7. Wednesday: Riverside (Fort Worth) vs. Fort Worth Tech (conference); Thursday: North Side (Fort Worth) vs. Paschal (Fort Worth) (conference).

8. Wednesday: Adamson (Dallas) vs. North Dallas (conference).

9. Friday: Cleco at Breckenridge (conference); Ranger at Mineral Wells (conference).

10. No games.

11. Thursday: Tyler at Marshall (conference), Texarkana, Ark. vs. Texarkana, Tex.; Friday: Gladewater at Longview (conference).

12. Thursday: Palestine at Jacksonville (conference), Mexia at Nacogdoches (conference), Henderson at Lufkin (conference).

13. Wednesday: Lamar (Houston) vs. Reagan (Houston) (conference).

14. Thursday: Port Arthur at Beaumont (conference).

15. Friday: Austin at Kerrville (conference); Thursday: North Side (conference), Harlingen at Corpus Christi for championship, each being a some winner.

championship in 1938 and won it last season. Tonight the Indians play Lyton Springs at Lockhart for the title. The latter, having lost one game, could gain only a tie for the championship with a victory.

Prairie Lea was recognized last year as the strongest six-man team in South and Central Texas.

This year Prairie Lea could not meet a team for the state championship since it has used up its limit of games under interscholastic league rules—that is, it will have after tonight.

Next season, however, Galaway says he will be glad to schedule the strongest teams in the state for his non-conference dates.

There are 48 boys in school and 17 are out for football. Last season Hans McCartney was chosen on the first string All-American six-man team by a national magazine (American Boy).

But the team doesn't have all the records. Galaway himself has a winning percentage no one can top.

You see, no team coached by Galaway ever has lost a game.

**Shamrock Declared District Champion**

Special to The News

**SHAMROCK, Nov. 27—**Shamrock was officially declared champion of district 3A at a meeting of the district committee held in Wellington Tuesday afternoon.

The Shamrock Irishmen and the Clearendon Brones ended their regular season's schedule on Friday night with one defeat each. Shamrock had fallen before Wheeler

by a 7 to 6 score and the Clearendon team had been beaten by McLean 19 to 13.

In making their decision in favor of the Irishmen the district committee followed the precedent set by other districts in awarding the title to the team that had defeated the other team in cases where two teams were tied for district honors at the end of their regular schedule.

Immediately following the announcement that the Irish had been named as district winner, Sham-

rock school officials left for Paducah to make arrangements for the bi-district game to be played between the Irish and the Paducah Dragons. Paducah held a clear title to district 4A honors by having won all but one conference tilt and that ended in a tie score. Date was set for December 6 in Paducah.

Barker Picks SMU, Rice, Aggies, Columbia, Tulsa

By HERB BARKER... NEW YORK, Nov. 27 (AP)—Being the final whirl at the football guessing contest... Thursday... Texas-Texas A. and M.: The final hurdle for the unbeaten, untied Aggies... South Carolina-Wake Forest: Probably close, but taking Wake Forest... Tulsa-Arkansas: Hard to figure, but it looks like the edge belongs to Tulsa... Citidel-Davidson: Out of the hat, Davidson... Kansas-Colo. State: No surprise either way, Kansas... Saturday: Army-Navy: One of Army's weakest teams, but that's no guarantee this won't develop into one of the tightest games of the year... Nebraska-Kansas State: Nebraska should clinch the Big Six crown here... Vanderbilt-Tennessee: The Commodores won't go down without fighting, but there's no possible chance here except undefeated, undefeated Tennessee... Duke-Pitt: Pitt is finishing strong, but it's doubtful whether the Panthers can deal with this one, Duke... Duquesne-Carnegie: Taking Duquesne... Fordham-New York University: Ditto Fordham... Alabama-Mississippi State: One of the best games of the day, and State will need to be at its best if it wants to protect its undefeated record... Florida-Auburn: Florida seems to be coming and Auburn going, Florida... Georgia Tech-Georgia: A dogfight from the word go... Louisiana State-Tulane: Looks like Tulane... Southern Methodist-Texas Christian: Taking the Methodists... Rice-Baylor: What do you do in a case like this? Out of the hat; Rice... Maryland-Washington & Lee: Not much to choose, Maryland... Santa Clara-Oklahoma: Close enough, Santa Clara... Washington-Washington State: Like Washington... Oregon State-Oregon: And Oregon State... Long-range guessing: Dec. 7, Auburn over Villanova; Notre Dame over Southern California; Texas over Florida; South Carolina over Citidel; Southern Methodist over Rice.

This Vike Francis Thinks A Lot Of His Football-Playing Ability

By RANDALL BLAKE... LINCOLN, Nov. 27 (AP)—Meet Vike Francis, successor to Paul Christman of Missouri, as the royal jester of Big Six football... Vike is the six foot, two hundred pounder who holds down the fullback spot on the number one Nebraska unit—the same spot at which his brother Sam gained all-America honors in 1936... That might have been a handicap to some kids but not to Vike, who when introduced once as "Sam Francis' brother, Vike," immediately informed all within hearing that "Sam is MY brother!"... They tell, too, of how Vike while receiving congratulations on kicking the field goal that beat Pitt, 9 to 7, calmly stated "Why, I was so sure that kick was good that I didn't even bother to look up!"... Then when someone asked the big fellow how about that extra point he kicked that beat Pitt, 9 to 7, calmly stated "Why, I was so sure that kick was good that I didn't even bother to look up!"... SERIAL STORY

DUDE COLLEGE

BY OREN ARNOLD

YESTERDAY Dr. Wesley York takes up staging, while Andre continues his search for the girl with the crutch. Girardeau makes arrangements with Ronica's father to take her to the Saturday dance. Driving out to the ranch, he smashes into the rear of a dilapidated sedan, hurries on to greet Ronica.

DR. YORK GOES TO A PARTY

CHAPTER IX

DR. WOODROW WESLEY YORK, of Pueblo University, had a perfectly genuine Ph.D. degree and a reasonably good salary for a junior faculty member. But as instructor is ever paid very much, and so the rattle-bang type sedan which Wesley owned was, in a measure, symbolic. It suggested thrift, but it also suggested need. Right now, beside Andre Girardeau's sleek, new coupe, in front of the elaborate Rocking R Ranch home, it looked like a fugitive from a junk yard.

Moreover, Andre himself had personified haughty aristocracy when he ordered Wesley off the premises and stepped into Ronica Bailey's home. Andre was meticulously dressed, Manhattan fashion. Wesley, on the other hand, wore simply his best suit; the same one he wore on Sundays to church with his mother, and to class when his second best was being clean. He even had on his heavy black-rimmed spectacles.

Suddenly he remembered something, and took the glasses off. He didn't actually need them except for reading, but habit is strong. He stood there in the darkness a moment, then moved hesitantly to the porch. He heard the obvious pleasure of Ronica in greeting Andre Girardeau and—in sudden panic—was about to flee, but a portly gentleman came out the door and saw him.

"Hey, there, how do you do, young man?" The portly one was cordial. "Come in, come right in. My name's Bailey—Ronica's father."

"Uh, York. I am Wesley York." "Fine, fine, Wesley. Go right in with the other young people. Ronica always has a crowd around. Dance tonight, isn't there? Yes, that's right, this New York fellow, Andre Girardeau, is escorting Ronica, I believe. You riding in with them, no doubt? Fine, night to—"

"Why, ah—" Wesley couldn't speak coherently, partly because Mr. Bailey had him by the arm and was genially leading him to the living room door. But, before Ronica saw him, Wesley stopped.

"N-No! Mr. Bailey, I—the fact is, I was just leaving, thanks just the same. I, uh, did come—but I must make another call immediately. Many thanks, sir." "Oh, all right, son. Always feel at home here. Everybody else does."

WESLEY almost ran to his old car. He felt sure Ronica must have heard him; but spontaneously not. Let her be caught yet, however, and so subjected to more acute embarrassment, he jabbed at his starter and roared off down the narrow trail again.

Not until he was out of sight of the Rocking R house did he realize the mistake he had made. He had thought his date with Ronica a genuine one! She herself had suggested it, but—plainly now, she had just been ridiculing him.

The thought hurt deeply. He had felt that Miss Bailey was a sincere, kindly girl, although a famous and most vivacious one. But Wesley told himself dejectedly, he might have known better. Who was he to expect such bounty from—what was it that radio columnist called her?—America's most optimistic somebody? Still, the other wealthy, lovely girls at Pueblo U. were seldom cruel; usually they were as democratic as the average American.

His thoughts grew blacker and blacker as he left the moon-bathed country and came within the village lights of Pueblo again, and so without realizing it he pulled up at his home. His mother was on the porch, rocking.

"Why, son, didn't you go to the dance?" Mrs. York sensed something. She stopped her chair.

"Uh, not yet, mother. I—I had to come back for something, that's all."

A fellow has to bluff. To keep face. He forced a casual manner, went to his room, then out again and drove off in his old car. And by this time he was definitely angry, hence more reasonable.

"I've got to go to that dance anyway," he reminded himself. "Faculty members are expected to, and I am chief student contact. They look to me. Besides—"

her crutch. He crossed to her. "Dr. Wesley York!" Lona beamed sweetly at him. "Isn't everything so loveable tonight?" "Including you, Miss Montoya," said Wesley, which was a daring thing for him to say. "I am so sorry you cannot dance with the others. May I, uh, may I request at least one interval here with you, just conversing?"

"Oh Wesley!" Lona dropped the title. "You are too kind!" "Not at all! It is a pleasure for me. I, uh, came alone, and—"

"So did I. I wanted so to be here, but I would not burden any man who might ask me for a date, because I can not dance tonight. But these music—o-o-o-oh! Is love!"

"To tell you the truth, Lona," Wesley dropped a title too, and was plunging on courageously. "I came alone in the hopes that I might, uh, find just this opportunity to be with you!"

He swallowed, hard; but nothing came of his temerity. Lona merely smiled and said more thanks. After that Wesley was more at ease. He rather tied to Lona in relief, for it was a dignified, logical way of escape from his predicament.

It occurred to him that, if Ronica Bailey did come in, she would see him here and so think he had brought Lona. If so, well and good! Then he could hold up his head in truth. It would, in effect, proclaim to Ronica that he, too, knew Ronica had been just baiting him that afternoon in the airplane; that their "date" hadn't been taken seriously by either one.

THE relief was almost physical to Wesley. He suddenly relaxed. After all, Lona Montoya was nobody for any escort to be ashamed of; she was beautiful, even if she was from a foreign land.

He turned to her with sudden enthusiasm and was being as courtly as an attentive as he knew how, ignoring the fact that music had ceased behind him and that young collegians were milling around in gay greetings to every one. He felt that he might actually enjoy this evening a bit.

Then, suddenly, his conversation and reveries were interrupted. "Hey, for pete Q. sakes, Wesley York!" somebody was saying. "I thought you had a date this evening with me? Can you please tell me what the score is?" He turned in consternation to face Ronica Bailey and the man Girardeau he had left at her home.

Colorado Senator Flays Conscription

BERNVER, Nov. 27 (AP)—Calling conscription, set for one of the most wasteful and extravagant measures ever enacted by congress, United States Senator Edwin C. Johnson (D-Colo) declared today that the five billion dollars to be spent training draftees for one year would "provide little or no defense."

In a radio address, Senator Johnson said conscription training would be sufficient only to make foot soldiers out of conscriptees and observed:

"You cannot stop a 20-ton tank moving 60 miles an hour with a bayonet, nor bring down a bomber five miles in the air with a Springfield rifle."

Senator Johnson contended that conscription training was building the nation's "fourth line" of defense before the first three—in order, the navy, the air corps, and motorized military forces.

It requires three years of conscription application today to learn to pilot a bomber or pursuit ship, five years to become an expert gunner, and many, many years to become a valuable seaman," the senator asserted.

Senator Johnson declared "the cost of our conscript army for one year would build all of the tanks, artillery and weapons needed by a mechanized army of five hundred thousand men."

Jews Put Behind Eight-Foot Wall

BERLIN, Nov. 27 (AP)—Approximately 500,000 Jews will begin tomorrow a new life behind an eight-foot concrete wall built by Germans to enclose the ghetto district of Warsaw, dispatches from the former Polish capital reported tonight.

By German decree, all Jews in Warsaw have been required to take up residence in the ghetto, which lies in the central district of the city, and it has become overcrowded, with as many as seven persons living in one room in some buildings.

The Germans built the wall last winter, saying the action was not anti-Semitic but simply a health measure to protect Poles and Jews alike from the pestilences likely to follow total war.

They left 18 entrances open—but effective tomorrow all persons who wish to enter or leave must have a special pass. This applies also to any Gentile Pole wishing to enter the district temporarily.

The Jews have been busy taking their belongings and their business properties within the Warsaw wall. The German decree also brought about a wave of frantic purchases inside the ghetto in an effort to stock up on things which may not be procured within.

Tomorrow afternoon in Amarillo another Harvester football team will be giving its best against a superior Amarillo Golden Sandstorm team on Butler field. Although the Sandies are undefeated and the Harvesters have won only two games, tomorrow's game is expected to be another typical Pampa-Amarillo game, one filled with thrills galore.

Never before has an Amarillo-Pampa football game been anything but a thriller and the story is not likely to change tomorrow. The 1940 Harvesters pictured here are the

same type of fighting aggregation as Harvester teams of the past. Regardless of past performances during a season, the Harvesters always rise to new heights when they tackle Amarillo. The Harvesters read with a smile the remark by Coach "Gopher" Keys of Lubbock that the 1940 Sandie team is the greatest in football history and that never has such a team trod the turf, especially under the 18-year age rule. The Sandies shellacked the Lubbock Westerners 14 to 0 last Thursday.

A Harvester, after reading the

story, remarked, "That's what they said about Cornell last week and look what happened."

And that's the spirit being displayed by these Harvesters on the eve of their battle of the century. Tomorrow the Harvesters will be on Butler field giving their best for hundreds of Pampa fans who will ride a special train to the game, leaving the Santa Fe station at 1 o'clock. The Harvester band will also ride the train. Train tickets, at 85 cents for the round trip, are on sale at the Santa Fe station and the school

business office in the city hall which will remain open until 11 a. m. tomorrow. Adult reserved seat tickets at \$1 and student tickets at 25 cents will be available at the school business office and also on the special train.

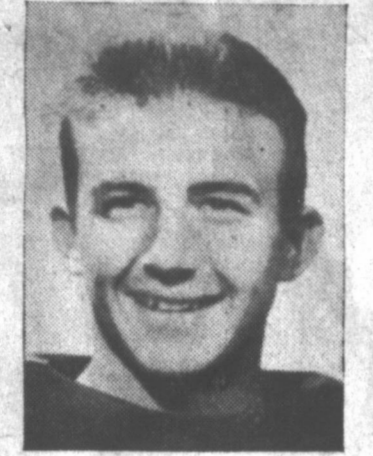

Ten of the 26 Harvesters comprising the 1940 squad will be in uniform for the last time tomorrow and five of them will be starters. Playing out their string tomorrow will be Grover Heiskell, Wayne Fade, Andy Smith, Ed Terrell, A. C. Enloe, Bill Brady, John Thompson, W. C.

Pendleton, Earl Snyder and Bob Louvier.

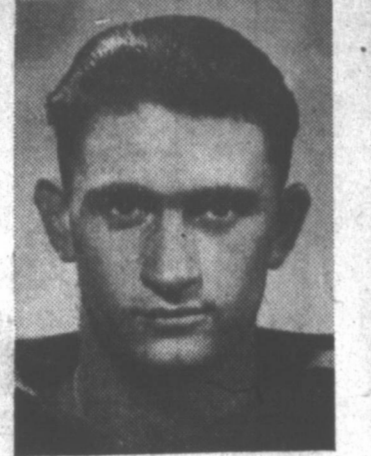

Two others, Roland Phillips and Ralph Burnett, both starters, have another year of eligibility although they can graduate in June. Fourteen Harvesters have another year of eligibility. They are R. L. Edmonson, Leonard Hollis, Ralph Proper, Basil Arnold, Leslie Burge, Bill Arthur, Don Meador, Floyd Allen, Tom Johnson, Earl Snyder, John Chesser, Wayne Ott, Pat Flanigan and Frank Daugherty, who failed to have his picture taken.

## Ohio State To Fire Schmidt, Says Journal

By JOHN H. COLBURN

COLUMBUS, O., Nov. 27 (AP)—A famed exponent of football razzle-dazzle, Ohio State's Francis A. Schmidt, today is the center of a dizzy coaching job puzzle as some of his pet plays.

After seven years at the Buckeye helm, the tactician Texan will not be rehired as head football coach, according to the Ohio State Journal. Schmidt termed it a "cock and bull story."

But while university officials unanimously declared that there was no foundation for the report, none would say that he would be re-employed.

The Journal's story from an "unimpeachable source" climaxed a year of speculation and rumor, aired about the campus and among downtown coaches, that this would be Schmidt's last season no matter how the team finished.

And while Schmidt said he has no intention of resigning, and Athletic

Director L. W. St. John and athletic board members were publicly silent on their plans, there already was talk of a new coach.

Jock Sutherland, former Pitt mentor now coaching Brooklyn's National league play-for-pay gridgers, and Earl Blaik, who heads Dartmouth's Indians, were mentioned among Ohio's rabid fandom.

Blaik was understood to have been among coaches prominently considered before Schmidt brought his aerial circus and behind-the-line leggedomain here from Texas Christian.

The Journal said that the 10-member athletic board probably would not meet before Dec. 7 to act on the matter.

It was considered certain that the board would discuss published reports that school politics marred player harmony, that players did not train and that there was friction in the coaching staff.

Football experts also expressed belief that Schmidt's passion for intricate plays led to subordination of training in fundamentals with disastrous results in team performance.

## McLean Lions To Play Alanred In Comic Cage Tilt

Special To The News

ALANRED, Nov. 27—A comic basketball game between the McLean Lions club team and an Alanred quintet, will be played at the Alanred gymnasium Friday.

Called "Texas Kiddle Car," it will have players moving about in devices adapted from the children's "scooters." A junior basketball sack race is also on the bill.
