Heaviest Rain Since May 6 Falls In Area

ITALIAN TROOPS HURLED BACK, GREEKS CLAIM

Precipitation Here Totals .83 Of Inch

Moisture Due To Give Wheat Good Growing Start

Pampa received the heaviest rainfall since May 6 late yesterday afternoon, Wednesday night, and early this morning when precipitation totaled .83 inches. On May 6, a one-inch shower fell here.

The rain came in a series of five showers, the first beginning at 4:45 Wednesday afternoon, and the fifth and final one ending at 5:35 o'clock this morning.

Contrasting with cloudy sky of Wednesday was the sunshine today, with the temperature registering 58 degrees at noon.

The forecast for West Texas was fair tonight and Friday, except for partly cloudy and scattered showers in extreme southeast portion tonight; cooler in the Panhandle tonight.

What in Gray county was greatly benefited by the rain. Much of the wheat is already up. The rain checked the inroads of grasshoppers and made favorable conditions for replanting.

General Over State The rainfall here was a part of the heavy beneficial precipitation that occurred throughout Texas Wednesday night, breaking long dry spells in some sections, but the farmers were still yielding for more.

Squalls whipped in from the Gulf in the vicinity of Pampa, battering Camp Hulen with a heavy rain and vivid lightning, but doing little appreciable damage.

Waco, in the midst of a long period of rainfall shortage, had nearly an inch, but the county agent's office there said more was needed to make up the deficiency.

Corriana, also in Central Texas, had a 2.45-inch downpour that was fine for fall oats and pastures. The rain broke a long dry spell and put land in good condition for farming.

Dallas and Fort Worth had 1.4 and 1.32 respectively, badly needed for agriculture. Northwestward in the Wichita Falls region the rainfall was general, 1.10 at Wichita Falls. It was especially beneficial to parched grazing lands and to winter wheat.

Breaking of land has been held up by dry weather in that area, and now farmers may go into their fields with their plows.

The rainfall extended as far east as Palestine and Tyler. The precipitation continued steadily at Tyler this morning, providing needed

Willkie Promises To Outdo FDR In Furnishing Planes

By THEODORE F. KOOP ABOARD WILLKIE TRAIN EN ROUTE TO CAMDEN, N. J., Oct. 31 (AP)—Wendell L. Willkie told a cheering crowd at Wilmington, Del., today that if he is elected President a British request for 12,000 American planes would be "insignificant" because, he declared, production would be geared to a new high.

Speaking to a crowd which filled City Hall Square, the Republican Presidential nominee quoted President Roosevelt as saying he wanted sympathetic attention to such a proposal.

"Well, who wouldn't?" Willkie asked. "If you elected me president, such a request will not even be news, because it will be so insignificant. We will be turning out planes by the hundreds where we now are turning them out by ones."

"Have you any doubt that Wendell Willkie, with the confidence of American labor, can do more than Franklin Roosevelt can do to bring about peace and keep us off this road of stagnation?"

Democratic speakers, Willkie continued, now agree with him that the question of whether the nation will come through the present period depends "upon America becoming productive."

Willkie said he was "the only candidate" who could bring labor, industry and agriculture into a united movement "to make America strong."

The administration, he reiterated, "played politics with our national defense," and added that "they are bunglers in production, bunglers in our domestic economy."

I Heard....

That Police Chief J. B. Wilkinson has developed a new idea for selling tickets to the Kiwanis club Top O' Texas Revue—he carries around a picture of a couple of the dancing beauties and he pulls a handful of tickets out of one pocket and the picture out of another and he hasn't missed a sale yet.

CORNHUSKING CHAMPION

Irving Vauman of Woodford county, Illinois, holds the check and trophy awarded him as 1940 cornhusking champion. Vauman won his title before a crowd of 200,000 at Davenport, Iowa.

Britons Trapped In London Basement

(By The Associated Press) LONDON, Oct. 31.—An undetermined number of persons were reported trapped in the basement of a large apartment house hit by a Nazi aerial bomb last night.

There were more than 150 persons in the basements of the building when the bomb exploded, but they were spread out in groups, and only those immediately under the damaged block were trapped.

Fire hampered the rescuers for a while, but two women were brought out alive. One body was recovered. In a tenement district, a mother and three children were reported trapped.

A lone German air raiding operation today dived within a few hundred feet of the ground to drop high explosive bombs on a southeast island town.

Shops and offices were demolished and it was announced that a small number of persons were killed.

A government communique issued shortly after noon said there had been little air activity over England during the morning.

Early in the afternoon, however, air raid sirens screamed in the London area, and Nazi planes were reported over the Midlands and a west coast town.

British authorities, meanwhile, permitted publication of the fact that the center court at Wimbledon, where American tennis stars have played before the king and queen, had been damaged recently by German air raiders.

Other famous landmarks damaged in recent air attacks, which British officials permitted to be reported, were:

12,000 More Planes For Britain Urged

By DOUGLAS B. CORNELL BOSTON, Oct. 31 (AP)—President Roosevelt has given his support to a proposed step which he said would let Great Britain order 12,000 more American planes and, by building up production capacity, help make the United States "the strongest air power in the world."

He selected a political speech in the Boston garden last night to announce that he had asked the defense priorities board to give "most sympathetic consideration" to a British request for permission to order the planes.

When these orders were approved, he said—adding "I hope they will be"—Britain would have undertaken to purchase a total of 26,000 American planes; and still more new plant facilities would be needed.

"The productive capacity of the United States that I talk about, which has made it the greatest industrial country in the world," he

Why News Will Not Publish Numbers

Wind Keeps Braniff Ship From Landing

"It can happen here," chamber of commerce officials remarked yesterday afternoon when wind, followed by rain, kept a Braniff Airlines DC3 carrying Oklahoma City business men from landing at the local airport enroute from Amarillo to Oklahoma City on the first flight of a new air line between those two cities. It hadn't rained for weeks and weeks.

Had the schedule planned by the Oklahoma City trippers been carried out, they would have arrived in Pampa ahead of the storm. But the flying goodwill ambassadors were detained in Amarillo long past their scheduled 4 o'clock departure and when the ship flew into strong wind and hail near Panhandle, altitude had to be increased and the route changed and as a result the hundreds of Pampans at the airport didn't even get a glimpse of the big plane.

A delegation of 13 Pampans attended a luncheon in Amarillo yesterday noon when 21 Oklahoma City business and professional men joined Plains citizens in officially dedicating the new air service.

Besides the hundreds of citizens who drove to the airport to welcome the visitors, the Pampa High school band, directed by Jim Nevins, was present to give a concert. A stage had been erected and a public address system installed.

Radio station KFDN announcers were on hand to broadcast the proceedings.

The Oklahoma City visitors were to have been told that Pampa would like to be designated a stop on the line. They were to have been informed that 77 oil and gas companies, supply houses and other oilfield businesses, with headquarters in Oklahoma City and Tulsa, had branches in Pampa.

Chorus Rehearsal Of Kiwanis Revue Set For Friday Night

Another rehearsal of the chorus of the Kiwanis club Top O' Texas Revue will be held in the city auditorium at 7:30 p. m. Friday, Ken Bennett, director of the show, announced today.

Following that the entire show will be put together for the first time at the first dress rehearsal to be held in the high school auditorium at 2:30 p. m. Sunday. A second dress rehearsal of the complete production will be held at 7:30 p. m. Monday in the high school.

All members of the cast have been urged to get together their costumes or to report to Mr. Bennett at tomorrow night's rehearsal if they have not yet been able to obtain their outfits. Mr. Bennett said today a property committee will assist any who have not yet obtained costumes.

Comedy skills in the show also will be rehearsed at the high school auditorium at 1 p. m. Sunday, an hour and a half in advance of the first dress rehearsal and all persons taking part in these are urged to be at the high school at 1 o'clock Sunday afternoon. There will be no rehearsal of the comedy parts until that time. The rehearsal tomorrow night is for the chorus only, Mr. Bennett said.

The show is to be held in the high school auditorium next Wednesday and Thursday nights. Reserved seats are on sale at Cretey's drugstore. Proceeds of the show will go into the Kiwanis club's underprivileged children's fund.

British Government Orders Many Ships

WASHINGTON, Oct. 31 (AP)—Secretary Morgenthau disclosed today that the British government has ordered "a large number" of freight ships in this country.

The treasury head said he did not know whether the orders involved construction of a new shipyard in the United States for exclusive British use, but he added:

"They have ordered a large number of one standardized type of freight ship."

Morgenthau declined other details.

OUR OWN NOMINATION FOR HALLOWEEN HORROR

Those usually reliable international sources report Halloween spooks and witch's are not riding this year, having agreed the world of 1940 is scared enough already. Here is our own idea of

Police Warn Kids On Halloween Fun

Witches and ghosts will fly in Pampa tonight and fun will be the order of the night because city and county officers are going to see that the Halloween observance is free from destruction of property.

The city has been divided into six zones and a patrol car will be assigned to each zone.

City and county officers are joining in patrolling the city tonight, each force working full strength.

"We want the kids, and adults, to have a good time but we don't want them to destroy property or endanger lives," Police Chief J. B. Wilkinson said today. "There are plenty of ways to have a good time on Halloween night without causing destruction."

Barricading streets, tearing down fences, clothes lines, etc. and soaping windows will be taboo tonight, Chief Wilkinson and Sheriff Cal Rose announced.

Many parties have been planned tonight for both old and young.

Fines For Speeding Will Be Raised

City officers have investigated five accidents this week but luckily no one was injured and no serious damage resulted to cars.

"It's too many accidents," Chief J. B. Wilkinson declared today. "There must be a lot of reckless driving going on and if it keeps up we might lose our record of no deaths this year."

The chief then gave his officers orders to crack down on speeding and reckless driving.

Recorder C. E. McGrew said he was going to raise the amount of fines for both offenses.

6 Men Will Be Gray County's First Quota

About 6 or 7 men will be called in Gray county's initial quota, according to estimates made today by selective service headquarters at Austin, which announced that about two men for each thousand registered by each of the state's 351 local draft boards would be called in Texas' initial quota of 1,573 men. There are 3,364 registered in Gray county.

The Texans will be part of the 30,000 scheduled for induction Nov. 18.

Greece Does Not Need Aid Of Turkey

Large Quantities Of Arms Seized, Dispatches Say

(By The Associated Press) A Greek counter-attack north of the besieged town of Ioannina (Janina) was reported to have thrown back invading Italian troops on the northwest front today, with Greek soldiers storming and recapturing a hill.

Dispatches from Athens, capital of Greece, said Greek warriors rushed the hill under heavy fire and seized big quantities of abandoned arms and equipment.

This was the first intimation that the city of Ioannina, 30 miles inside the Greek frontier, was under siege.

Previously, the Italian high command had reported only a five-mile thrust into that sector, reaching to the Kalamas river.

The heaviest fighting along the whole 100-mile front, much of the battle raging in torrential rains and mud, was reported in the Ioannina region.

Athens said there was little change in the line, with the Greek armies, reinforced by a steady flow of reservists, still well out in front of the main \$6,000,000 Metaxas line.

The Greeks were reported resisting the Italian invasion so successfully that Greece has decided she does not need Turkish help, at least for the present.

Semi-official quarters in Ankara, capital of Turkey, said Greece had informed the Turkish government that she can stem the Italian assault alone.

As a result, these quarters said, Turkey will enter the four-day-old Balkan struggle only "in case of a Bulgarian attack on Greece, or if Turkey's national interests are endangered."

While Premier Mussolini's high command reported Fascist legions had made a five-mile advance to the Kalamas river—in a drive apparently aimed at the Greek industrial city of Ioannina, 25 miles away—the Greek general staff said the Italian invaders had been held in check throughout yesterday after a "slight withdrawal" on the northwest front "according to a pre-arranged plan."

Greek strategy, it was said, was to lure the Fascist columns into narrow mountainous bottle-necks, where Greek sharpshooters on the cliffs above could pour down a murderous fire.

In the absence of any decisive successes, the Italian press complained that incessant heavy rains were hindering the Fascist advance.

The Rome newspaper Il Messaggero's war correspondent said the battlefield into "a vast swamp from which the mountain peaks emerge dark and spectral...."

Authoritative military quarters in London said the Italian war machine, hampered by mud and the precipitous Greek terrain, had not reached the main Greek defensive line.

Build by Premier John ("Little John") Metaxas, the line's newly constructed fortifications include concrete forts, earthworks, machine-gun pillboxes, barbed wire and tank traps.

Brisk outpost fighting along the entire front was reported in dispatches reaching London, but authorized quarters said they had

Three-Tier Bunks For Road Shelters Ordered

LONDON, Oct. 31. (AP)—General Manager T. E. Thomas of the London transport board announced today that the 36-bed bunks would be erected in the capital's suburbs to increased accommodations for those who live underground during German air raids and that the board was arranging to supply refreshments in the shelters.

Constipation And Kidney Misery Relieved Quickly

Physical Distress Caused by Nervousness, Muscular Pains and General Run Down Condition Relieved by Hoyt's Compound Mrs. John P. Cooley of 332 3rd Avenue South, Twin Falls, states: "I have suffered with nervousness, constipation, kidney trouble, and pains through my hips, arms and limbs. I could not sleep. I had to sit up in bed at night for the last three years. I was in a weakened condition. The severe drawing pains in my hips, arms and limbs were getting worse each day. 'Hoyt's Compound' reached to the very source of my trouble. It made me feel better. My kidneys improved to such an extent that I no longer arise at night. My nerves are quiet, and I sleep well. I praise Hoyt's Compound for I know what it has done for me."

Red Cross Roll Call Only 11 Days Away

In 11 days the annual Red Cross roll call will begin and Director Hal Lucas urges Pampans to have their checks ready when solicitors call on them. The need is greater this year than ever before, he says.

The local Red Cross chapter has a loan chest in which is kept sheets, pillow cases, towels, wash cloths and pajamas for needy families in which there is sickness. During the past year a child was taken to his motherless home from the hospital. It was found that there were no linens for his bed or money to buy any. This home was furnished with linens from the Red Cross loan chest. On checking it was found that these articles had been used more than 80 times during the past year.

One hundred and thirty-one people have received first aid certificates during the past year. Sixteen people have received life saving and water safety certificates.

The war production committee has produced more than 166 garments to relief suffering parts of the world. The new quota of 500 garments is just getting started.

Cooperating in the national defense program, classes in home hygiene will be started at once.

GREEKS

(Continued From Page One)

no information on reported British troop landings in Greece.

Reports from Salonika, Greece, said however that British troops landing under the big guns of British warships, have already occupied several strategic Greek islands.

The Italian high command said Fascist warplanes bombed loaded troopships at the port of Patras, but the communique did not say whether the troops were British.

A Reuters (British news agency) dispatch from Salonika said 134 Russian planes have arrived in Greece in the last few days under a recent Soviet-Greek agreement—despite, if true, Russia's professed "friendship" with the Rome-Berlin Axis powers.

Greece's small air force, listing an estimated 125 to 150 planes, was reported to have struck its first blow against the Italians yesterday, sweeping low to machine-gun Italian troop reinforcements near the Albanian border.

The two-forked Italian drive, using crude Albanian soldiers as shock-troops, appeared to be aimed at Ioannina, in northwest Greece, and at Salonika, 100 miles away on the Greek northeast coast.

Italian war dispatches reported a series of sharp battles, with the Greek advance forces putting up a stiff fight and then retiring to new positions after destroying lines of communications.

The Greeks reported 800 Italians have been taken prisoners in the fighting so far.

The Greeks were rushing up reserves to the front in commandeered motor vehicles of every description.

The Athens news agency charged that in Monday's bombing of Patras Italian warplanes displayed Greek colors and dropped bombs among the eager crowds watching them.

It said 110 persons were killed and more than 300 wounded in London, on the 54th consecutive night of German bombing had one of the quietest nights of the air siege.

Nazi planes were followed by a trail of gunfire all the way from the coast to the capital and British watchers said many of them dumped their bombs in open fields and raced for home.

Some bombs fell in London during the early evening, but from about midnight, all was quiet.

The Royal air force continued its attack on German-held channel ports and communications in western Germany last night despite adverse weather conditions, the British air ministry reported.

Meanwhile, Health Minister Malcolm MacDonald announced that 563,000 children have now been removed to the country from bomb-smashed sections of the empire capital. About 279,000 remain to be transferred.

On the diplomatic front, a Rome dispatch to the semi-official tele-press news agency in Geneva said the German reichstag probably would be convened soon "to hear Adolf Hitler tell of decisions of capital importance."

Along this vein, the Rome newspaper Il Piccolo said the entrance of other nations into the triple alliance of Italy, Germany and Japan may be impending—possibly referring to Soviet Russia or Bulgaria.

The Pampans are urged to have their checks ready when solicitors call on them. The need is greater this year than ever before, he says.

RAINFALL

(Continued From Page One)

moisture for winter cover crops. Trinidad had 1.31, Mt. Pleasant, in Northeast Texas, 2.23, Paris 70, Sherman 85, Kaufman 2.15, Greenville 1.29.

Southwest Gets Downpours Southwestward to Uvalde there were heavy showers. Uvalde had a 2.50-inch downpour, Victoria 1.02, Beeville .66, Alice 1.17, Austin .67 and Luling .55.

To the northwest, the rainfall reported included Clarendon 1.20, Memphis 2.5, Spur .85, Miami 73, Crosbyton 1.55.

Squalls in East Texas Additional showers were forecast for the southeast portion of West Texas and thundershowers and squalls for much of East Texas.

Light rains fell on the South Plains. Lubbock reported, but they did little but stop cotton harvesting. October rain was below normal.

In the vicinity of Electra, hail broke windows and damaged crops across a mile-wide strip several miles long. The rainfall totaled 2.90 inches.

Miss Lette Byrd, postmaster at the Morris ranch community, reported today that a number of homes in that area had been demolished by an early-morning strike. The ranch is near Fredericksburg.

Efforts were being made to determine if there were any casualties, but rising rivers and creeks prevented immediate access to some of the ranches.

The Clayton Morris ranch headquarters, the F. W. Byrd home and a hotel were reported badly damaged. Two and a half inches of rain fell in a few minutes.

The Pedernales river was rising rapidly.

Roosevelt Approves Housing Projects In 63 Defense Areas

WASHINGTON, Oct. 31. (AP)—Charles F. Palmer, defense housing coordinator, announced today that President Roosevelt had approved "immediate construction of housing projects in 63 vital defense areas" with \$45,762,500 of defense funds.

This money, Palmer told a press conference, will provide 13,315 family dwelling units scattered throughout the United States. The contracts will be handled by the Federal Works Administrator John M. Carmody, he said.

The coordinator estimated that all the projects would be completed within 4 to 12 months.

The defense housing coordinator said the projects approved by the President would not exceed a maximum cost per unit of \$3,000.

Congress provided a total of \$296,000,000 for defense housing construction, he said, and estimates indicate that a total of \$560,000,000 will be needed eventually to complete the job.

Chinese Recruited By Japs Surrender

HONGKONG, Oct. 31. (AP)—Two thousand Chinese troops recruited by the Japanese in Eastern Shantung province were reported by the Central (Chinese) News Agency today to have surrendered to the forces of Generalissimo Chiang Kai-shek.

To demonstrate their loyalty to Chiang, the agency said, the troops later participated in an attack on Japanese positions near Kiaochow bay.

Warren Brogden and Ester Lee Thompson were married yesterday in Tucuman, and left immediately on a honeymoon trip to scenic portions of New Mexico, according to an announcement made here today.

Mrs. H. L. Wilder and daughters, Mrs. Raymond Johnson and Mrs. F. L. Stallings, accompanied by Mrs. Stallings' sons, Frank, Lewis, and Dan, left today for Decatur, Ala., and Rockmart, Ga., where they will visit friends and relatives during the next two weeks.

Boes Ballard, charged with drunken driving, posted \$1,000 bond today, according to information from the sheriff's office.

Alva Holland, held by county officers was released yesterday, following investigation. Holland, 19, had been arrested on a warrant alleging forgery, according to information from the sheriff's office.

AIRPLANES

(Continued From Page One)

national chairman and house leader, Rep. Joseph W. Martin, Jr., whose home state is Massachusetts.

Republican campaign orators were "ridiculous," Mr. Roosevelt declared, "when they shed those old crocodile tears over the plight of the farmer."

"The American farmers will not be deceived," he asserted, "by pictures of old guard candidates, patting cows and pitching hay in front of moving picture cameras."

The President cited Republican votes which he said had been cast in congress against the first and second agricultural adjustment acts, "petty payments," the stamp plan to distribute food to the needy, and commodity loans.

He listed what he contended his administration had done for the farmer, including the distribution of surpluses, not needed for reserves, to the hungry.

Republicans, the chief executive said, did nothing to stop the downward "slide" of agriculture between 1929 and 1933, but before every election day they "uncorked the old bottle of soothing syrup and spread it thick."

"Our school" luncheon program will this year reach three million children with milk and other foods," he said. "And milk does those children much more good than political soothing-syrup."

Car Industry Will Make 12,000 Planes

WASHINGTON, Oct. 31. (AP)—The war department was reported today to have planned production of 12,000 additional bombing airplanes largely with the aid of the automobile industry.

This program, to cost possibly \$2,000,000,000, was described as separate from the 12,000 warplane order which President Roosevelt said last night Great Britain has proposed to place in this country.

Recent conferences of William S. Knudsen, defense commissioner in charge of production, with automobile industry leaders, were concerned with plans for the new American bomber production.

The program was reported to call for erection of two large plants to assemble parts manufactured in automobile factories.

Whether the plants would be operated by the government or by automobile or aircraft industries was said to be undecided thus far. Government operation was favored by some authorities.

Tentative estimates for appropriations to finance this newest projected phase of plane construction already have been submitted to the budget bureau for later transmission to congress, it was learned.

Daring Submarine Destroys Net In Harbor Of 'Gib'

LA LINEA, Spain, Oct. 31. (AP)—A daring Italian submarine destroyed part of the metal under-water net which protects the harbor of Gibraltar with a torpedo yesterday, reports from the rock said today.

The submarine escaped after firing a second torpedo at ships in the harbor. It ran up on shore without exploding.

The harbor net was repaired quickly. (A British naval announcement last night said the torpedoes, operated from "a special device," failed to do any damage.)

Early today, many merchant ships left Gibraltar with a heavy escort of war vessels.

BRITONS

(Continued From Page One)

Identified today, were London's Leicester Square; St. Bartholomew's Medical School; the 17th century Stationers' hall; and the Dutch church at Austin Friars.

Leicester Square, dating from the latter half of the 17th century, was the site in time past of homes of such historical personages as George II, Hogarth, Sir Joshua Reynolds and John Hunter.

The 64th successive night of German air raiding on London tapered off into complete silence early today and although 47 districts of England were bombed the night's attacks were described as among the lightest since the aerial blitzkrieg began.

Anti-aircraft guns roared up and down "Hell's Corner"—from the southeast coast to the capital—in one of the most intense barrages yet thrown up and Kent villagers reported that plane after plane jetted bombs into the sea in the face of the fire and raced back across the channel.

In the German night raids the Merseyside shipping area of Liverpool was reported hit hard, while other attackers struck at East Anglia and the southeast coast.

The air ministry said nine German planes were shot down yesterday, to five British.

Oriental Paradise Planned In Frisco

SAN FRANCISCO, Oct. 31. (AP)—A government-approved plan to use federal funds to build in Chinatown here a strange Oriental paradise, complete with a golden gate, two ivory towers, and coin-in-the-slot washing machines on the rooftop, was detailed today.

The project, when completed, will permit part of Chinatown's thousands to live in privacy away from their present stuffy barracks and the pungent smells of Asiatic cooking. It was assured of renitiation yesterday when President Roosevelt approved a \$1,350,000 housing authority appropriation for the task.

To replace ill-lit dingy sections where as many as eight persons live in one room—sometimes without a window—the authority will build airy, roomy apartments.

Italians Ambushed By British In Sudan Area

CAIRO, Egypt, Oct. 31. (AP)—A British force ambushed a party of Italians in the Kassala district of the Sudan Monday, a British communique reported today, and when the fighting ended fifteen Italians lay dead and six were prisoners.

Men are more susceptible to pneumonia than are women.

Formal Dinner And Initiation Climax Beta Sigma Phi Sorority Rush Month

Climaxing a series of rush month activities, a formal dinner and initiation was held Wednesday night in the Schneider hotel for four pledges of Upsilon chapter of Beta Sigma Phi sorority.

Those honored were Mrs. Oscar Hinger, Mrs. Winifred Wiseman, Miss Helen Houston, and Miss Evelyn Gregory.

Miss Johnnie Hodge, who presided as toastmistress, welcomed the pledges and the response was given by Miss Houston. Miss Louise Smith sang "The Song of Friendship" with Miss Wiseman playing the accompaniment. The closing ritual by the group followed a talk on "Friendship in Beta Sigma Phi" by Miss Johnnie Davis.

Dinner was served at a table centered with yellow rose buds, the sorority flower, in a low black bowl. Tall yellow tapered burners in black holders and tiny yellow candles in crystal holders tied with black ribbon marked each place. Vary-colored flowers decorated the place cards.

Following the dinner, the impressive initiation and presentation of pledge pins was conducted by Mrs. Charles Vaughn, president, with Miss Burton Tolbert and Miss Davis assisting.

Attending were Mrs. J. B. Massey, director; Mrs. Raymond W. Harrah, sponsor; Misses Charles Vaughn, Kenneth Lawson, E. E. Sheehy, Bob Curry, E. R. Gobbie, Oscar Hinger, and Misses Evelyn Gregory, Helen Houston, Winifred Wiseman, Dorothy Jo Taylor, Evelyn Barton, Margaret Stockstill, Louise Smith, Burton Tolbert, Johnnie Davis, Cleora Stanard, and Lois Hinton.

Baptist Circles Have Benevolence Programs Recently

Benevolence programs were presented at the meetings of seven circles of Woman's Missionary society of First Baptist church this week.

At the meeting of circle one in the home of Mrs. C. H. Schulkey, Mrs. O. C. Brandon, chairman, had charge of the business session which was followed with a talk on her trip through Buckner's Orphan home by Mrs. A. L. Prigmore, Mrs. C. E. Williamson led the Bible study. Refreshments were served to 16 members.

Mrs. T. E. Maness was hostess at the meeting of circle two which opened with the business session conducted by Mrs. H. Simpson and a prayer by Mrs. J. A. Meek preceded the song by the group and Mrs. Ernest Fletcher who gave the benevolence program was assisted by Mrs. Meek. Mrs. W. E. James led in prayer by Mrs. J. E. Reeves, and a prayer by Mrs. Williamson led the Bible study. Refreshments were served to 12 members, including two new members.

Circle three members met in the home of Mrs. J. J. Simmons with Mrs. Robert Carr in charge of the business session. The program included a prayer by Mrs. J. W. Munn, a song by the group, a talk on Buckner's Orphan home by Mrs. Ira Westbrook, the Bible study led by Mrs. J. E. Reeves, and a prayer by Mrs. Westbrook. Refreshments were served to 10 members.

Opening the meeting of circle four in the home of Mrs. Frank Johnson was a song by the group, prayer by Mrs. R. W. Tucker, and the business session conducted by Mrs. S. T. Beauchamp. Mrs. Frank Johnson gave the benevolence and those taking part on the program were Mmes. Tucker, T. L. Anderson, and Frank Hall. Mrs. Ella Brake led the closing prayer. Eighteen members were present.

Mrs. J. C. Vollmert was hostess at the meeting of circle five which was opened with a song by the group and a prayer by Mrs. T. J. Worrell. The Rev. C. Gordon Bayless taught Bible study preceding a prayer by Mrs. Steve Donald. Thirteen members, including three new members, were present.

At the meeting of circle six in the home of Mrs. Rupert Orr, Mrs. B. E. Bent led in the opening prayer and Mrs. Orr, secretary, reported the last meeting of the group. Mrs. N. B. Ellis had charge of the business session and conducted the benevolence program after which Mrs. W. D. Benton told of a trip through Buckner's Orphan home. The Bible study by Mrs. Clifford Williams was followed with prayer by Mrs. Ellis. Fifteen members were present.

Circle seven members met in the home of Mrs. W. R. Bell for a program which included a prayer by Mrs. Bob Allford, a talk on Buckner's Orphan home by Mrs. P. O. Gaut, Bible study by Mrs. F. E. Leach and a prayer by Mrs. Gaut. Refreshments were served to 16 members.

THE FLEET "FALLS" IN First Girl Scout In America Has Colorful Life

Girl Scouts of America, who are observing National Girl Scout, October 27-November 2, were organized 25 years ago by Juliette Low, who left England for her home in America with nothing but a Girl Guide handbook and her own ardent determination.

She was 32 when she came home on her errand, her health was imperfect, she was handicapped by extreme deafness, she had never done any large-scale public work in her life, she had never spent a day in an office, she was profoundly and gloriously unbusinesslike. Always in a death grapple with her checkbook, when it came time to pay bills, Mrs. Low climbed into bed and filed her bills in four packets marked respectively This Year, Next Year, Sometime, Never. She was vastly unpractical; and small wonder, for her favorite watch had but one hand—the minute hand, at that.

When she wished to make an appointment, she sent telegrams such as this one, "Be prepared to meet me in New York, Baltimore, Washington or Boston. Absent-minded, impulsive, changeable, living joyously by the whim of the moment, she was a byword among her adoring but despairing friends and family, who admired freely that any girl in the world was so free, so unpractical, so unpredictable that Juliette Low, Never, it would seem, was a woman less fitted to undertake the foundation of a great national movement. Mrs. Low's other qualities.

Her tactics in founding a new movement were interesting, to say the least. She appointed friends to committees and jobs and told them about it afterward. When the friends protested, as they usually did, that they really couldn't serve, they were much too busy, they had no experience of such work, and so on, Mrs. Low would say with her rare and beautiful smile, "Good, I'll count on you," and leave the room.

Money-raising is the nightmare that haunts most of the organizers of this world. Mrs. Low spared herself this unpleasantness. "Good, I'll pay for it," she said, "and I'll pay for it." And she did. She financed the entire undertaking until 1916. She was not poor, of course, but professional women's club will meet at 7:30 o'clock in the little house.

But by 1916 even she could not carry the sole responsibility. The pet was growing up, getting out of hand; there were 3,000 Girl Scouts now in the land.

Then the United States declared war, and the Girl Scouts suddenly came into their own. Shortly after April 6, 1917, the board innocently and patriotically sent to President Wilson a telegram offering its assistance. The board indeed, "Good, I'll pay for it," she said, "and I'll pay for it." And she did. She financed the entire undertaking until 1916. She was not poor, of course, but professional women's club will meet at 7:30 o'clock in the little house.

But by 1916 even she could not carry the sole responsibility. The pet was growing up, getting out of hand; there were 3,000 Girl Scouts now in the land.

PATTERN 8819

Now is the time for every good girl to come to the aid of her country, and there is no way she can make a better start than by showing her colors in this gay, nautical affair, as crisp as a Middle and refreshing as a sea-breeze.

Superbly smart and simple in design, with a choice of long or short sleeves, this pattern will make your fall campaign a marked success and repeat with honors next spring and summer. Just a few simple pieces, a few straight seams and, presto, your job is finished, whether in cotton or flannel, broadcloth or serge.

A detailed, step-by-step instruction chart guides you every step to insure success, and a bit of patriotic trim brings them to their feet with cheers. You'll lend the apple of every nautical eye, the pride and joy of the neighborhood.

Pattern No. 8819 is designed for sizes 11, 13, 15, 17, and 19. Size 13 requires 3 1/2 yards of 34-inch fabric, 4 1/2 yards of bias binding.

For a PATTERN of this attractive model send 15c IN COIN, YOUR NAME, ADDRESS, STYLE NUMBER and SIZE to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

If you want to find out, quickly and authoritatively, just what's doing about waistlines, necklines and skirt flares, send for the New Fall and Winter Fashion Book! It pictures all the established styles for daytime and the afternoon, in patterns that you can quickly and easily make for yourself at home.

Pattern, 15c; Pattern Book, 15c. One Pattern and Pattern Book, ordered together, 25c.

Pampan Chosen For Part in Play At William Jewel

Jimmy Mosley, a graduate of Pampa High school and a freshman at William Jewell college in Liberty, Missouri, this year, has been chosen for a part in the first dramatic production of this year at the college.

The play chosen is "Heated for Eden," a play with a modern trend and with a mystery content.

First performance will be at Baldwin, Kansas, before a Baker university audience. It will be presented later at William Jewell.

Amigo Bridge Club Has Party This Week

Special To THE NEWS
SKELETTOWN, Oct. 31—Members of Amigo Bridge club were guests of Mrs. Ray Hawkins this week when she entertained at her home near Skellettown.

Electrical devices, buried deep in concrete, measure stresses and strains in Boulder dam.

YOU'LL SEE THEM IN RHYTHMIC BOLERO

There will be action and light in front of the chorus in the bolero number of the "Out of the Darkness" scene. Standing at top are Wills Dean Ellis (left) and Frankie Lu Keehn. The boys and girls, left to right, are A. T. Pumphrey and Vivian Earsom, Dick Kuhl and Mona Nichols, Junior Williams and June Marie Amick.

Bridge-Luncheon Given For Club On Wednesday

A bridge-luncheon at the Schneider hotel yesterday with Mrs. Frank Hunt as hostess entertained members of Wednesday Contract club.

An arrangement of chrysanthemums centered the luncheon table and a Halloween note was stressed in the tallies and scorecards.

High score was made by Mrs. H. C. Berry and second high by Mrs. Robert L. Freeny.

Present were Meses. H. C. Berry, H. T. Kelley, Roy Rounsavell, Greely Warner, J. H. Johnson, Glen Mordy, Robert L. Freeny, and the hostess.

Mrs. Johnson will be hostess at the next club meeting.

Colorful Party Given In Home Of Mrs. Leland

A Halloween tacky party was given Wednesday afternoon in the home of Mrs. Syle Leland, west of the city, with Mrs. Miller as hostess.

The house was decorated with orange and black crepe paper, black cats and witches. Rose buds and evergreen centered the table.

Games were played and prizes were awarded. Mrs. Verne Donham, dressed as an old-fashioned grandmother, wore a purple and white dress, black high top shoes, and carried a cob pipe.

The club presented a set of festival glassware to Mrs. Kimball, who will leave soon to make her home in Wichita Falls.

Those present were Meses. Pat Brister, Eual Wright, Ruebanks Harvey, Kimball, Hocken Leland, Murphy, all of Pampa; Mrs. W. A. York of LeFors, and the hostess.

Gifts were sent by Mrs. Caulais and Mrs. Combs.

The next meeting of the club will be held in the home of Mrs. Murry.

Two Societies Will Have Joint Meeting At McCullough Church

Women's Society of Christian Service of Harrah Chapel Methodist church met at this church this week.

The meeting was opened with prayer by Mrs. D. S. Buckner after which the scripture and meditation on "Keeping the Sabbath Day Holy" was also given by Mrs. Buckner.

Mrs. Henry English reported on the missionary from China, who spoke at the First Methodist church recently.

Plans were made for women of McCullough church Monday morning at 10 o'clock at McCullough church to observe a week of prayer meeting. All women of the churches are invited to attend and each is to take a covered dish for the luncheon to be served at noon.

Present were Meses. Wheeler Carter, D. S. Buckner, E. M. Stone, R. L. Timmons, Carl English, C. E. Johnson, Henry English, L. C. Lockhart, Jess Bowerman, C. H. Fryor, J. M. Nichols, H. C. Stephens, J. H. Theisen, and J. M. Dering.

Youngster Feted On Fourth Birthday

Special To The NEWS
SKELLYTOWN, Oct. 31—Eugene Stumpfer was honored on his fourth birthday with a party recently given by his sister, Mrs. Carl Devitt, at her home in Skellytown.

Various games were directed by Mrs. Devitt after which the many gifts were opened and passed for inspection.

Refreshments of ice cream, cake and candy were served to Dewayne Graham, Katherine Eckman, Lois Stidham, Janice Gilbert, Johnny Gerardin, Don King, Doyle De King, Donnie Galaher, and the little honoree.

Finland once was a part of Russia and Sweden.

Contestants May Still Compete In Amateur Night

Due to the rain last night, only a third of the persons who are expected to participate in the amateur night program of the junior high school P-TA, appeared for the tryouts in the high school auditorium.

Competition is still open and contestants may enter the event by telephoning Miss Madge Rusk, junior high school teacher, telephone 1463.

Another tryout is to be held this afternoon.

Coffee and pie will be sold in the high school cafeteria both before and after the program, which is scheduled for 7:30 o'clock tomorrow night in the high school auditorium.

Contestants appearing for the tryouts yesterday included:

High school trio, composed of June Marie Amick, Dorothy Mickumins, Harriet Price, accompanied by Maxine Holt, pianist; Marian Hoover singing "All This and Heaven, Too"; Polly Moses, tap dancing and singing, "Sierra Sue"; Tracy Cary in his Mortimer Snerd act; Ada Simmons singing

Banquet Honors Football Team Of Woodrow Wilson

Honoring the Woodrow Wilson football team, a banquet was given Wednesday night at school by mothers of the players on the team.

The long tables were decorated in red and white, school colors, with arrangements of red and white chrysanthemums as centerpieces.

Principal H. A. Yoder, toastmaster, introduced the special guests, Superintendent L. L. Sone, Frederick Forrester, Dick Taplinger, Lee Gordon, and Terrell Davis, coach, who presented members of his team as follows:

Bobby Joe Boyles, Buddy Slusher, Gary Cooper, Glen Cary, A. Z. Griffin, Donald Ray Ryers, Reggie Deem, Billy Grant, James Gwin, Billy Speer, Harold Anderson, Phillip Anderson, Daniel Elsom, J. D. Holland, Bill Batton, Lindel Dodson.

"Out on the Texas Plains"; reading, by Phyllis Ann Parker, "Ma's Tools"; Doyle Foster, guitarist; seventh and eighth grade sextets.

The amateur night program is sponsored by the Pampa Junior High School Parent-Teacher association, and proceeds go to the association funds.

son, Clarence Jones, Tommy Darby, Tommy Cox, Billy Louis Tarpley, Jerry Barber, Warren Jones, Earl Trostle, Harold Riley, Richard Gee, Frank Barnett, Stanley Allen, Billy Ray Bain, and Bobby Gayle Deman.

Following the dinner, a gift was presented by J. D. Holland to Mr. Davis, who will go to Junior high school next week, from the football team and the fifth and sixth grade students.

In one district of London, coal is delivered from a white-painted cart by a man in white overalls.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel serum laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must take the way it quickly allays the cough or you are to have your money back.

Headline Attractions Of Cole Circus To Be Presented Alone

Should one be torn between arguments of the more partisan and rabid circus fans as to what is the chief d'oeuvre of this year's Cole Brothers Combined circus, it probably will be well to quote the show's press agent who avers that the outstanding highlight of this season's program lies in the opportunity for the customers to see and enjoy each star attraction without hindrance.

The big show will exhibit in Pampa, Saturday of this week at the west end of Brown street, where performances will be given at 2 and 8 p. m.

Too many times in the past, has it been said that, "when you see one circus—you have seen them all"—or, they say, "there was so much going on at one time it made one fairly dizzy."

All this has been corrected in the 1940 edition of the Cole Brothers' show, says the circus scribe. This year, each number on the colorful program contains some outstanding feature. The program is so arranged that the skilled performers are presented alone and without distraction.

It is true the big show has several augmented displays in which the three rings, the stages, the hippo-

drome track and mid-air, are filled at one and the same time, but when the time arrives for the presentation of some new thrilling, or some outstanding star,—the program is stopped to allow the people in the stands full opportunity to see and enjoy it without obstruction or hindrance.

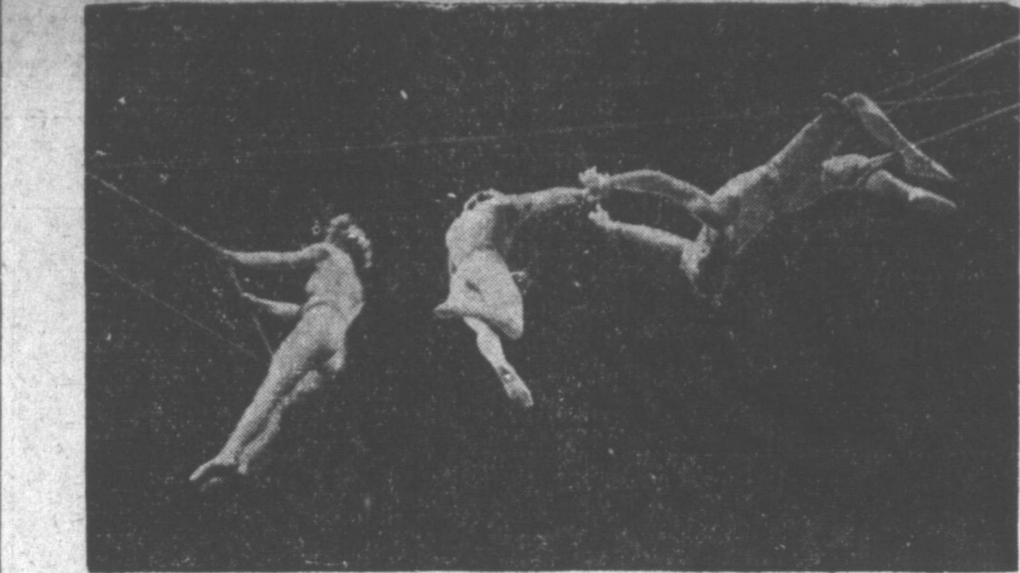

Such star attractions as the world renowned Reiffenach troupe of bareback riding marvels, featuring Rose and Mitzel Reiffenach and Clarence Eruse, the celebrated riding comic; Frank Sheppard, the acknowledged "king of the flying trapeze"; Mile. Cyse Odell, the aerial gymnastic headliner; the Escalante family of flying-return stars and several others of like caliber,—all are presented within the rays of powerful flood and spot lights,—and alone. No other acts or displays to confuse one's vision.

Four mammoth light plants furnish the necessary current for the thousands of high-wattage lamps, spot, flood, and other electrical effects used during the course of the different presentations.

The noted movie star, Ken Maynard, and his equally famous horse, "Tarzan," together with a congress of wild west folk, many of them members of his motion picture cast in Hollywood, heads the long list of 1940 features.

A downtown ticket office will be in operation show day at the Greeney Drug Store where tickets for both afternoon and night performances will be on sale. The prices will be the same as at the circus grounds.

SATURDAY IS CIRCUS DAY IN PAMPA

"They fly through the air with the greatest of ease," do the famed Escalante troupe of daring acrobats, coming to Pampa.

Saturday of this week as one of the highlight attractions with the Cole Brothers' Circus, for performances—afternoon and night, at the circus grounds located at the west end of Brown street.

Willkie Sees 'U. S. In War By Next April'

By THEODORE F. KOOP
ABOARD WILLKIE TRAIN EN ROUTE CAMDEN, N. J., Oct. 31 (AP)

After contending President Roosevelt's re-election might bring war by April on the basis of his "past performances and pledges" Wendell L. Willkie expressed hope today the chief executive would answer these questions before election:

"1. Why is it that after having spent 60 billion dollars, there are over nine million men still unemployed in the United States—approximately the same number as when he ran for president in 1936?

"2. Why is it that we have stayed in a condition of chronic depression for seven and a half years when every other country in the world, prior to the outbreak of the World War, showed greater progress toward recovery?

"3. Why is it that although he has failed to build an adequate defense for the United States he told congress last June to adjourn because there was no necessity of its staying in session? Since that date he has requested of congress billions

of dollars in appropriations for the building of a national defense program.

"4. Why is it that he should be permitted to violate a principle of 150 years against a third term—especially at a time when democracy is already in peril without the added menace of long-term personal power?

"5. How does he justify his alliance with the most corrupt political machines in America? How does he explain his first-name intimacy with their bosses?"

Willkie asked the questions in a statement issued from his special train after he listened on the radio to the President's Boston address. The Republican nominee had just returned from an address in Baltimore, where he told an audience which cheered him repeatedly; "If you elect him (Mr. Roosevelt)

on the basis of his past performances and pledges to the people, you may expect war by April, 1941."

He mentioned April in connection with an assertion that Roosevelt in April, 1933, "abandoned sound money" five months after he "had pledged himself to sound money."

Willkie's statement about the president's Boston speech said he was disappointed and added that Roosevelt was running for chief executive, "not for a member of the house of representatives." Declaring the address attacked Joseph W. Martin, Republican floor leader and the party's national chairman, Willkie said Martin had been voted the ablest house member by Washington newspapermen.

The nominee, saying he subscribed to that judgment and that he was glad Martin was managing his campaign, continued:

"The campaign of Mr. Roosevelt is being managed by the chairman of the Democratic national committee, Edward J. Flynn of the Bronx. Mr. Roosevelt did not characterize Boss Flynn, but Mayor LaGuardia did in the following terms: 'Ed Flynn of the Bronx is as low and as vicious as Crocker or Tweed.'"

HAVE YOU TRIED MAXWELL HOUSE RECENTLY?

IT'S NOW 55% RICHER IN EXTRA FLAVOR COFFEES!

MORE THAN EVER GOOD TO THE LAST DROP!

After your first taste of this glorious new Maxwell House, you'll have a brand-new idea of coffee richness... mellowness... supremely delicious flavor!

Hours for 1¢ with purchase of large-size DREFT Patented New Fine-Fabric Suds

This Lovely Many-Purpose GLASS SERVING SET!

YOUR CHOICE OF SHADES: ROSE OR CRYSTAL! This ultra-smart, fluted glass pattern has a sparkling clear brilliance that will positively thrill you! The set comes in two pieces—the dish being 3" wide and 2" deep; the plate is 5 1/2" wide. Its many ideal purposes include serving mayonnaise, dips, dressings, puddings, sauces, whipped cream, jellies, relishes, crushed fruits, etc. Shown above in actual size.

TO GET THIS SPECIAL BARGAIN FOR 1¢
Ask Your Dealer Today for a Large-Size Package of DREFT... Amazing New Suds that Offers Advantages No Soap Flakes Can Give!

Think of it! A gorgeous and very practical 2 piece fluted glass serving set for only one little penny! And you have a choice of shades—a delicate rose or a sparkling crystal! Obviously—this has to be a limited offer—so you'd better hurry!

OFFER MADE TO INTRODUCE YOU TO NEW PATENTED SUDS DISCOVERY! Once you try DREFT for doing all your fine washables, you'll wonder how you ever got along without this amazingly different suds! DREFT is so different, it's patented. So different, it offers these 3 washing advantages not even the finest soap flakes can promise:

1. RICH SUDS IN HARDEST WATER... 3 times more suds than any soap you ever used! Oceans of suds to help you get delicate washables clean without unnecessary rubbing! 2. SUDS THAT NEVER LEAVE "HAND-WATER SCUM"... and even remove scum left by previous soap washings... thus assuring remarkable color brightness and fabric softness! 3. SUDS OF NON-ALKALINE MILKING... giving you complete protection against washing caused by alkali!

And you'll cheer for DREFT's dish-washing miracle, too! For the way DREFT-washed glasses and dishes dry free of hard-water scum—so radiantly bright, you don't have to wipe or polish them!

OFFER LIMITED—ACT NOW! Whatever you do—don't pass up this grand, introductory bargain offer. And don't delay! Today—at your dealer's—ask for the large, economical-size DREFT. Then for only one penny more, take home your lovely, many-purpose 2 piece fluted glass serving set—in your choice of rose or crystal! Stop at your dealer's today! Procter & Gamble.

ECONOMICAL, TOO! Once for ounce, it's hardest water, it goes TWICE AS FAR as low-lab-ric soap flakes!

OFFER LIMITED TO PAMPA AND VICINITY WHILE SUPPLY LASTS!

M'Cartt To Have Formal Opening Saturday

Market Will Also Include Cafeteria

Pampa's newest grocery store, McCartt Super Market, located at the corner of N. Semerville and W. Kingsmill, is having its formal opening Saturday.

The building has been completely remodeled within the month. There are five departments in the store, including a cafeteria, an innovation in grocery store layout.

Other departments are bakery, fruit and vegetable, grocery, and meat market.

The cafeteria, second to be established in a McCartt store, contains eight booths, 12 tables, and has a seating capacity of 80. It is located in the southwest corner of the building, fronting on Semerville.

Tables have burn-proof tops, chairs are in maple finish, as is the upholstery of the booths. Seats in the booths are trimmed in blue.

A magazine rack is located adjoining the cafeteria.

10,000 Feet Floor Space

Floor of the entire store is covered in inlaid linoleum, ceilings and walls are painted white. There are 36 fluorescent lights and wide windows that provide ample illumination.

The store contains 10,000 square feet of floor space, the building measuring 100 x 100 feet.

Fruits and vegetables are displayed on two 12-foot air conditioned racks, occupying about 20 per cent of the total floor space.

A 48-foot counter extends across the front of the meat department, which employs three men regularly. The department is equipped with an extra large meat vault and electric saws.

Wide Aisles
Aisles are six feet wide, with one aisle across the entrance measuring 15 feet.

Special features of the store's equipment include the 24 "stairstep" display cases for vegetables, three large scales suspended in a row down the center of the store, the bakery department with its complete line of pies, cakes, cookies, salt rising and French breads, and the maple-inlaid shelving.

Del Monte fruits and Stokley vegetables are featured in the grocery department.

Three Stores

Personnel of the store: Vernon Haynie, manager; Ed Chapman, Louis Eden, Eldred Pierce, A. L. Hills, George Dull, meat market manager, Glen Dull, Trip Tipton.

Other McCartt stores are located in Amarillo and Borger. At the head of the organization are E. J. McCartt and his two sons, Morris and Eugene.

Toys Will Be Repaired By Canadian Club

SPECIAL TO THE NEWS

CANADIAN, Oct. 31.—Members of the Ace-Hi club will follow their usual custom this year of repairing broken toys which may be supplied them, to be given at Christmas time to children who might, otherwise, not receive gifts.

Mrs. Jim Hutchison is president. Other members are:

Mrs. Rolla Shaller, Mrs. Troy Newton, Mrs. Dean Cook, Mrs. Bess McAdams, Mrs. Jack Williams, Mrs. Abe Haddock, Mrs. Bobbie Bayless, and Miss Mary Owen.

The Ace-Hi club meets twice a month in homes of members for pleasure and a social hour.

NEW STORE CONTAINS 10,000 SQUARE FEET OF FLOOR SPACE

McCartt Super Market, Pampa's newest grocery store, located at the corner of N. Semerville and W. Kingsmill, is holding its formal opening Saturday. The new store has 10,000 square feet of floor space, five departments, including a cafeteria, and eight regular employees. Remodeling of the building, formerly occupied by Standard Food Markets, started a month ago and the work will be completed this week-end. The Pampa store is the second in the McCartt organization to have a cafeteria, the other cafeteria being located in the Amarillo unit. In addition to the Pampa and Amarillo stores, a third market is being erected in Borger.

HEAD MCCARTT ORGANIZATION

E. J. McCartt

E. J. McCartt and his two sons, Morris and Eugene, are the heads of the McCartt organization, which is having the formal opening of its Pampa store, the

Morris McCartt

McCartt Super Market, on Saturday. The firm has three stores, one in Amarillo, one in Borger, and the Pampa unit. The McCartts purchased the Standard

Eugene McCartt

Food Market equipment and leased the building from Sam Dunn. Remodeling of the structure started a month ago.

Legal Test Of Lottery Talked

WASHINGTON, Oct. 31.—A legal test of the draft lottery as a result of misplacement of six numbers out of 9,000 prepared for the drawing, was reported officially today to be under consideration in Detroit.

Clarence A. Dykstra, selective service director, said he had been appraised that suit might be undertaken by a potential Detroit draftee who was unidentified to Dykstra except that he held serial number "158" which the lottery turned into "order No. 1."

If the man finally decides to raise a legal issue, Dykstra said, he will have to go through the drafting process and allow the courts to determine the issue. It was assumed, although not definitely known, that he lacked any obvious grounds for deferment.

The selective service chief declared that the lottery had been "eminently fair and accurate."

"After all," he said, "this was a lottery and even the position of the last six numbers was as much pure chance as any of the others."

MANAGER, DEPARTMENT HEAD

Manager of McCartt's Super Market is Vernon Haynie, left. George Dull, right, is manager

of the meat department, one of the five departments of the store.

GOP Plans To Buy Election, Say Demos

PHILADELPHIA, Oct. 31.—A federal grand jury investigating alleged violations of election laws sent out subpoenas today to leaders of the Republican and Democratic parties in Pennsylvania in what a spokesman termed an "unprecedented" action.

Announcement of the move was made after Democratic National Chairman Edward J. Flynn told his press conference in New York yesterday that Republicans "intend to buy this election." He added "the

evidence is pretty positive" that Joseph N. Pew, Philadelphia industrialist and Republican leader, "has raised \$2,000,000 to buy the election in Pennsylvania."

Summoned to appear November 7—two days after election—together with Pew were Democratic State Chairman Meredith Meyers; Jay Cooke, Republican candidate for the U. S. senate and city chairman of Philadelphia; John B. Kelly, Philadelphia Democratic chairman; James F. Torrance, Republican state chairman; and Luther Harr, Democratic state campaign manager.

The jury also subpoenaed, by title, treasurer of the city and state committees of both parties.

Few termed Flynn's accusations "too ridiculous for comment and said of the jury's action "I haven't heard of it."

British Ships Sunk

BOSTON, Oct. 30.—Sinking of six ships by a German raider operating in south Indian ocean waters was reported today by five passengers arriving on the American export line freighter Excellency from the Far East.

Victims of the raider, the passengers said, were five British ships and a Greek freighter. The crew of the latter, according to the passengers, was rescued by a British steamer now en route to South America.

AMERICAN COUNTIES

There are 3070 counties in the United States. Eight of these produce 25 per cent of the total value of manufactures in the country. They are Cook county, Ill.; Wayne, Mich.; New York, N. Y.; Philadelphia, Pa.; Los Angeles, Calif.; Allegheny, Pa.; Cuyahoga, O., and Erie, N. Y.

ONLY SUNKEN LIGHTSHIP

Only lightship ever sunk in war was the famous Diamond Shoals lightship, off Hatteras, N. C. The boat was sunk by gunfire from a German submarine during the World War.

Airplanes flying at an altitude of 15,000 feet find only about one-half the air resistance encountered at sea level.

Sydna Yokley In Ft. Worth Hospital

SPECIAL TO THE NEWS

CANADIAN, Oct. 31.—Friends of Miss Sydna Yokley, Canadian's nationally-known cowgirl and calf-roping, are pleased to learn that she came safely through an appendectomy at a Fort Worth hospital Monday morning.

Mr. and Mrs. J. L. Yokley left by motor for Ft. Worth immediately

on hearing of the necessity of an operation.

Mrs. O. D. Yokley received the reassuring message from Sydna's parents.

There are 50,000 to 75,000 workers in the average beehive.

Skelly Will Pay Conscript's Salaries

TULSA, Okla., Oct. 31.—The Skelly Oil Co. announced today it would grant leaves of absence to employees conscripted for military training and would pay the difference between the employees' regular and military salary for periods ranging from one-half month to three months, depending upon the

length of employment by the company.

W. G. Skelly, company president, said the policy also would apply to employees who volunteer for military service of not more than a year.

The maximum differential pay would go to employees of 12 years service or more.

Be Worthy Of Your Heritage . . . Vote!

Now we come close to the day when we shall choose our President for the next four years. Every citizen may go peacefully to the polling place, vote his or her convictions, and have that vote counted on an equality with that of any other citizen.

We are accustomed to this. So accustomed are we, in fact, that some may be tempted to ignore the precious privilege. Let them think a moment of the heritage they cast away.

It was 151 years ago that Americans first gathered under the same Constitution they have today to choose the first President under our present system of government. Today it is one of the oldest continuous governments on earth. Within its years France, for instance, has run the gamut from absolutism down into violent Communist revolution, through republicanism, and into a yet amorphous totalitarianism.

In that first election, only a comparatively few men were able to vote. Extension of the suffrage to all men, then to women, has come as the result of long agitation and struggle. We have broadened our democracy decade by decade since that early first election of 1789.

That struggling new nation, shakily recovering from seven long years of devastating war, striking out boldly toward new institutions of freedom, has today become a vast nation of 130,000,000 people, occupying the most fruitful part of a whole continent, whose power and influence are great in the world.

But all that power and strength are builded on the same foundation on which they wrought who voted for the electors who chose Washington in 1789—the ballot.

The sweat and the blood of the forefathers won that precious right. The blood and sweat of eight generations preserved it. It is not to be lightly cast aside.

Go to the polls on Nov. 5 and vote. Vote our way if you can, the other way if you must, but vote.

To see the vote this fall sweep triumphantly above the 50,000,000 mark for a new all-time record will be a thundering testimony to all the world that democracy is still vital and strong and unafraid.

Then, our choice made, let us go forward a united people, toward our democratic goal, our destiny as a free people!

Our Way Of Life

It is becoming increasingly clear that the future of this nation depends upon getting the most out of our industrial enterprises, which constitute the greatest productive machine the world has ever known.

The American people have always prided themselves on their standard of living. And to improve that standard means that there must be more jobs, more wealth, more crops, more good of all kinds. There is no substitute for production. There is no substitute for abundance. We have tried a policy of scarcity, and we have found it suicidal.

This country depends on private enterprise for its living, not on political or governmental enterprise. That is the American way of life, which we call by the name democracy. The hope of us all is two-fold: for national safety, and for national prosperity. Those two goals can be achieved only if we give industry of all kinds every chance to expand, to build, to improve, to broaden its services to the country.

Above all, that involves an end to direct government competition with business. So far, that competition has been most notable in the field of power generation and distribution. Its cost to the taxpayers has run into the billions. And not a single thing has been produced which we did not already have, or could have had without cost to the taxpayers. The political power program has prevented the normal expansion of one of our greatest industries and has destroyed a great amount of potential enterprise.

Behind The News

By BRUCE CATTON

The Pampa News Washington Correspondent WASHINGTON, Oct. 31.—The 4000-odd Americans who are still marooned in the British Isles are going to have to stay there, except for the few who get space on trans-Atlantic planes. Efforts to get another American-flag steamer over to bring them home have been given up.

Several months ago the liners Roosevelt and Washington made "last chance" sailings, and shortly after that there was still another sailing. The air offensive had not yet developed, and a large number of American residents in London had got their families safely (as they supposed) quartered in remote villages and towns. Hence a good many stayed on.

Recently they've been calling frantically for transportation. (They can't come back on English steamships because the neutrality law forbids American citizens to travel through war zones on the ships of a belligerent.)

STRIKE HOLDS UP COAT PRODUCTION

Oct. 24 was the day when the army was supposed to get 7500 new overcoats. It won't get them until

Common Ground

By E. C. HOLES

This column contends there can be no satisfactory progress until we measure the status of each man by the common yardstick of the God-given right to create and enjoy anything anyone else has a right to create and enjoy.

ROOSEVELT'S COMPARATIVE FIGURES

On this page will be found comparative figures for seven-year period before the Roosevelt administration and seven years since the Roosevelt administration on various things of interest to every worker.

The comparison of unemployment, national income, taxes, debt, wages, farm income, exports, imports, payrolls, strikes, prices, production, etc., all tend to indicate the general prosperity and well-being or lack of it, of the citizen.

In Roosevelt's speech, he gave some figures that were very misleading. For instance, he said the average hourly wage in 1940 was higher than in '29. But he did not show the total wage or the average wage, including those out of work. If half those who desired to work received an average wage of \$1.00 an hour and only worked two-thirds of total hours they would like to work and all the rest of the workers were out of work, the hourly wage would be of no consequence.

It seems a form of trickery to take specific years to compare conditions as Roosevelt did. Any business man who was buying a business would compare the figures over a period of years, rather than two particular years. And when these comparative figures presented on this page are examined, it will be found that what Roosevelt claims as social gains, were, in most cases, social losses.

For every five-year period, prior to the Roosevelt administration, the averages went up about 5 per cent a year for a hundred years, due to the accumulation of knowledge and capital. But this 'five, or seven, year period is the first time in our history that they have shown a loss, in most every case, let alone a gain.

The New Deal rightly condemns the catastrophe that happened in '32, but the New Deal has not corrected any of the causes that brought about that depression and the present stimulant is due to increasing the debt and the war activity. Every student of history and political economy whom I know, have no faith whatsoever that even the present activity can be maintained, under the present rules and laws after the borrowing spree and the war stimulant have ceased. And every sane man knows that the government, just like a family, cannot continue indefinitely to borrow money. They also know that a family can live better when it borrows than it could without borrowing, but when those who are lending cease lending and demand a return and put a lien or an attachment on the wages of the worker who is borrowing, then the living standards of the worker will be infinitely lower than they would be had it not been for the artificial stimulant due to borrowing.

Every voter should read this table, the authority for which is quoted, before he concludes whether Roosevelt has really benefitted the citizenry as he claims.

We are riding for another great depression, even worse than we had, because the extension of credit of banks has not been corrected, because the discriminatory taxing system has not been corrected, and because the laws that discriminate between the rights of different workers have not been corrected. Instead of being corrected the New Deal has enlarged on the discrimination by new laws. These were the causes of the 1932 panic and they will cause an infinitely greater panic eventually if they are not corrected because of the national debt and the deterioration of the morale of the people due to the miseducation and the spreading of covetousness and envy and hate by the Administration.

PURPOSE OF THE COLUMN

The purpose of this column is to create a taste or a desire for the understanding of eternal, everlasting principles.

I, of course, do not claim to comprehend many of these eternal principles, and I solicit the aid and criticism of the readers when thoughts are expressed in this column that are out of harmony with eternal principles. Of course, it is not helpful to the writer to have someone write in that one does not agree or that the statements are all wrong. The best way of helping this column to be better is to point out any contradictions or inconsistencies between statements made and accepted axioms, truisms or eternal principles or eternal truths.

It seems to me that there never was a time when there was more need for stimulant in America along these lines than at the present time. It seems we have strayed far afield from obeying natural laws or God's laws.

It is the hope and the purpose of the writer of this column to stimulate, in the communities in which this column circulates, a desire or a taste for experiences which will develop culture and harmony, and will be beneficial to everyone.

Let no one, on the ground that it might hurt the writer's feelings, hesitate to point out errors. I have repeatedly said that if I am proven wrong and out of harmony with eternal principles, I am not offended, because it is my gain. I have learned something. And every time one learns something, he is in a better position to understand other things he needs badly to understand and, consequently, in a position to be more effective in his efforts to be of use and service in helping others understand the importance of the law of equal freedom.

considerably later, because of a strike in the overcoat factory—much to the embarrassment of Defense Commissioner Sidney Hillman.

The coats were being made by the Allied Clothing Co., at Linden, N. J. Workers there were members of the United Garment Workers, an A. F. of L. union. They got dissatisfied about hours and other working conditions a few weeks ago and walked out in defiance of their union, which had a closed-shop contract with the firm. After they struck they were promptly signed up by an organizer for the C. I. O. Amalgamated Clothing Workers—thereby presenting a headache to Hillman, top man of Amalgamated.

Labor Department consultants rushed into the breach to try to settle the thing, but had no luck. The company remarked that it still had a contract with the United Garment Workers, that the contract had a year to go, and that it couldn't talk with Amalgamated. Union garment leaders said the strike was out of bounds anyway as far as they were concerned. Amalgamated people were willing to talk things over, but nobody would talk with them.

Meanwhile, the army is waiting for its overcoats.

WHOEVER YOU'RE FOR—

Around Hollywood

By PAUL HARRISON

NEA Service Staff Correspondent HOLLYWOOD, Oct. 31.—Tricks of the trade: In Movietown there are hundreds of fine craftsmen capable of building anything from a locomotive to a sewing machine, or a castle to a cabinet—all practical and substantial. Some of them, though, must specialize in trick stuff—miniature buildings which will fall to pieces during artificial earthquakes; "breakaway" furniture which will collapse under some portly comic; automobiles which will sigh and disintegrate into a mess of scrap iron.

And there are craftsmen doomed forever to the creation of shabbiness. They'll grind holes into the soles of actors' shoes, sandpaper the edges of a new car's body, and put a shine on the seats and elbows of their serge suits. They'll make cracks in plastering, loosen wallpaper, and with blowguns and liquid rubber will spin cobwebs in the corners.

THE VARNISHING AMERICAN

On the Warner lot, I watched a crew painting a shanty—a brand-new shanty which they were making old—and I learned something about Ralph Hohman, who has one of the most discouraging jobs of all. Hohman is foreman of a paint gang and is fond of recalling that Carlisle Jones once dubbed him "the varnishing American." But writer Jones also called him "the man who carries time in a bucket," and since it happens they rub in a little ocher, he does far more aging than varnishing. He and his crew are the ones who wear down the door sills, the window frames, the shingles and clapboard sides of shacks such as those I saw in "Santa Fe Trail."

All such men are earnest artisans, but it must be a wrench to a crew painting a shanty—a brand-new shanty which they were making old—and I learned something about Ralph Hohman, who has one of the most discouraging jobs of all. Hohman is foreman of a paint gang and is fond of recalling that Carlisle Jones once dubbed him "the varnishing American." But writer Jones also called him "the man who carries time in a bucket," and since it happens they rub in a little ocher, he does far more aging than varnishing. He and his crew are the ones who wear down the door sills, the window frames, the shingles and clapboard sides of shacks such as those I saw in "Santa Fe Trail."

Much of his paint, which is expected to last only a few days, is made of kerosene and lampblack, or kerosene and cheap water-color pigments, and costs 8 cents a gallon.

But his real pride is the smooth, professional work which will be noticed least, such as modern interiors of offices and the elegant gilt trimmings of homes and theaters in "The Lady With Red Hair."

"You just can't get out of the habit of wanting to do a nice job," he says.

ENAMEL FOR PEARLY TEETH

Speaking of painting, there's no field more tricky than makeup. Most makeup artists and hairdressers in Hollywood are men because men do their jobs impersonally; feminine makeup artists are inclined to apply their own ideas to actresses and may make them look all wrong on the screen.

Charley Grapevine and Walter Brennan are the only actors who openly and admittedly wear false teeth. Lots of romantic gents wear them and don't tell. . . . More stars than you'd imagine have makeup men paint their teeth with white enamel to give that pearly effect. Wigs and toupees are something else again; about a dozen screen heroes are known to wear patches of hair to lower the horizon of their

People You Know

By Archer Fullingim

Judge W. R. Ewing who underwent major operation in Baylor hospital in Dallas this week, came through it fine, and expects to be back on the job in a couple of weeks. . . . Do you remember Bill Colver, publicity agent for the Coronado Entrada, who travelled with the show? Bill wrote numerous articles for the News when the Entrada was here. Well, Bill is now on a vacation to Cuba, Costa Rica, Panama, Honduras, and will be back in the U. S. about the middle of November. "You can announce," wrote Bill on a card, "Pampa News has a foreign correspondent now." Bill was the happiest newspaperman this one ever knew and he was certainly welcome around this office.

Mrs. Harry A. Nelson whose death is being mourned by her friends, was a woman to be admired because she lived up to the ideals that she had before her throughout her life. When Mrs. Nelson came to the raw Panhandle country 27 years ago from a fairly cultured St. Joseph, Mo., good music, good literature and good manners did not come under the heading of essential prerequisites of living, but Mrs. Nelson never lost her ideals. She stuck to them through the long years she lived on a farm, and she earned the respect of her friends and neighbors. She kept up her music and her love for it never diminished.

There was a sweetness about Mrs. Nelson that she was able to impart to her children. They appear to have her strength of character and an eye that discerns beauty and the significance of life, and the Nelson children are a monument to her motherhood. We knew John Henry, her second son, best, but to know him was to know that he had a good mother. Remembering the good times we have had at the Nelson home, and remembering her loyalty to her ideals and to her family, we too grieve for her, even as the rest of her friends do.

CRANIUM CRACKERS

ON THE PRESIDENTS

Here are five questions about various Presidents of the United States. How many can you answer correctly? 1. Two Presidents in the 20th century were commonly pictured wearing glasses. Who were they? 2. How many Presidents who held office in the 20th century were born west of the Mississippi river? 3. Two Presidents in this century had mustaches. Who were they? 4. Who was the most recent President to have a beard? 5. Did Abraham Lincoln have a mustache?

foreheads. . . . Almost nobody has to shave his head these days for a bald-headed character role. Rubber skull caps are drawn tightly over the hair and don't show. . . . Wigs are made for actors and actresses who may have luxuriant hair but of the wrong style. A wig usually contains about 100,000 knots and costs about \$200.

SMOKE SCREEN

CHAPTER 14 BELOW PAR

By Samuel B. Pettengill

A son home from college said, "Father, I hate to tell you this, but I've become a socialist." His father said, "That's all right, son, when I got through school thirty years ago I said the same thing. But we were all at the town hall one evening when a house caught fire and it looked as if it would clean out the whole village. Well, son, a curious thing happened. I noticed that everybody rushed home to save his own house and they left the town hall burn!"

I hope the day may soon come when every man who is willing to work may have for himself and his family a home of his own and a garden with hollyhocks along the wall, and a place for his children to play in the sun. And enough saved and safe to provide for "the years of the locust!"

And because we want just that, we want to help restore and preserve freedom, economic and political, "to ourselves and our posterity."

"I have but one lamp by which my feet are guided, and that is the lamp of experience," said Patrick Henry. And so "let's look at the record." Let us compare the United States, still chiefly under free enterprise, with the second greatest land power in the world—Germany—under National Socialism, its debts nearly all wiped out by repudiation, and so starting with a clean slate.

Both Germany and the United States touched low in 1932. 1937 was the best year since then in both countries. In the same currency (dollars) American income was \$57; German income, \$421.

We have heard much about Sweden—"The Middle Way"—the halfway house between free enterprise and state control. The per capita income in Sweden in 1937 was \$350, or only two-thirds as good as ours.

In 1938 we almost equaled Germany in per capita taxes—\$108 to \$110. In per cent of taxes taken from national income in 1938, we showed 23.2%; Germany, 26.2, giving her politicians a slightly larger fraction of the nation's wealth to demonstrate the glories of National Socialism than ours had. As against this, however, it must be stated that we increased our debt and mortgaged our future faster and heavier than did Germany.

Let us compare the United States, whose enterprise is still predominantly free, and Germany, where politicians control nearly every decision. For the year 1936 we find:

So much for the creative comforts of life. But man lives not by bread alone. As the Super State has extended its control over human lives what do we find—a barracks room civilization. We see one-party rule crushing all opposition; the radio and movie State dominated; the Church in handcuffs; all education regimented from the kindergarten to the University; labor unions destroyed, their treasuries confiscated; the health of her people cracking under the intense Spartan discipline and the neglect of political doctors; the courts packed; justice the tool of the party boss; hours of work lengthened; wages decreased; strikes abolished; insurance largely run by the politicians; freedom to marry

The War Today

By DEWITT MACKENZIE

President Roosevelt's announcement that he is supporting a British request for 12,000 more warplanes—bringing to 26,000 the total contracted for—is likely to boost England's stock among wavering European non-belligerents.

The obvious fact that this huge fleet may make the difference between victory and defeat is bound to have an effect on Russia, Turkey, Spain, Portugal, and even defeated France.

All these countries Hitler is trying by every means to bring into his camp, at least so far as moral support is concerned. His purpose, of course, is to consolidate his gains, and create a unified Europe to support his "new order."

The Russian attitude naturally is a matter of paramount concern to England at this crucial moment. To my mind one of the gravest threats hanging over the British is the possibility (I don't say probability) that Hitler may be able to force the Bolsheviks to give their full support to the Axis powers.

That would be a disaster of the first magnitude for England, and might spell her ultimate defeat. Previously I have expressed the view that Russia's whole inclination must be to rise up and smite Hitler, whose recent operations are a direct challenge to Soviet interests. And I ventured the further belief that Communist Chief Stalin is sitting tight because he hesitates to tangle with Hitler's mighty military machine until a more favorable moment arrives.

We have Hitler poised and apparently ready to strike at the Dardanelles—one of Russia's life-lines and an essential bulwark to her safety. It's Stalin's move to counter this threat, and you'd expect him to strike quickly if he could.

I think we have our answer for that. The risk is so great that he is waiting for a better opportunity—probably hoping that Britain will be able to break, or at least weaken, Hitler.

Until such time as Stalin is convinced that Britain has a good chance to win the war, he isn't likely to challenge Hitler. Meanwhile, there's the danger that the Nazi leader may be able to display enough force to pull Russia unwillingly to his side. The prospect of England and Russia in a common front against Hitler may influence Russia greatly.

restricted; illegitimacy made honorable; the mother and the theatre prostituted to the pre-conceived notions of party and race; compulsory labor service (serdrom to the State); public office made the privilege of a new caste; religion paganism; punishment for an act not a crime when done; arrest without warrant and imprisonment without trial; search and seizure at any time and for no stated reason; no independent jury system; and finally the Gestapo and political murder.

Strange it is that this modern tendency to render all things to Caesar—education, hospitals, the care of the sick, the destruction of local self government, the bribery of states, the sneers at the Constitution and the courts, the most interested interpreters of its meaning, and the most independent guardians of your inalienable rights; the gradual erosion of the sense of personal responsibility for the care of one's aged parent, one's child, one's community and its charities and philanthropies—strange it is, that all this has been so successfully sold to so many people as a progressive and liberal movement. It is a false label for spurious goods.

Strange it is that after seeing enormous tolls collected from the lesser businesses of liquor, race tracks, dance halls, red light districts, prize fighting, wrestling, slot machines, road building, municipal supplies, even school books for our children, that we should hanker and yearn to turn over all business, all trade, all treasure, transportation, banking, mining, commerce and industry to the modern Caesars.

We are yet a long way from National Socialism of the Hitler species. We will probably never get that variety. But we are moving toward the form of National Socialism and away from our form of government seems hard to not believe.

What is really at stake in America today is our form of government. The issue is Freedom or Feudalism, upside down.

TEX'S TOPICS

By Tex DeWeese

IN THE bus terminal the other night a fine looking fellow and a pretty girl greeted each other. "Sweetheart!" says he. "Darling!" says she. . . . And then as the young man leaned forward to kiss the girl she offered him her cheek. . . . A fine state of affairs. . . . What's the world coming to? . . . Perhaps you saw that story in the paper about the man who loved his wife so much after 10 years of marriage that he still enjoys teaching her to swim. . . . That's a very good test of love. Another is when a man enjoys explaining football to his wife.

My heart shall make a song for you, Who look defeat with head held high, And laughing, told me dreams might fade, But hope and courage could not die.

My finest song shall be for you; Your battles were not fought in vain I shall remember you stood fast And held your valor on.

AS THE loser in a recently celebrated criminal case was being taken to prison his wife, saying goodbye and promising she would be waiting, handed him a clipping on which the above beautiful poem was written. . . . If you ask us, it is incidents such as this people are thinking of when they say "love is a wonderful thing."

We've never seen anything smoother out any better than the Top O' Texas Revue which the Kiwanis club has had in rehearsal for the past two weeks. . . . Last night was the last practice in the city auditorium. . . . Next on the program for all members of the cast will be the two dress rehearsals on Wednesday and Thursday nights and the next at 7:30 p. m. Monday—in the high school auditorium where the show will be staged Wednesday and Thursday nights of next week. . . . The music comedy is going to be a whizz-bang full of plenty of music, songs, comedy, pretty girls, gorgeous costumes, and dazzling stage and lighting effects.

KIWANIANS have been forced to bar curiosity-seekers from the Revue rehearsals, such as it hurts. . . . They hope everybody will come in on next Wednesday and Thursday nights to help replenish that fund for Pampa's underprivileged children. . . . A California woman of 33 has had five husbands. . . . A hopeful and optimistic person is always an inspiration. . . . Take the woman, for instance, who was asked "how old are you?" . . . She said: "seventy-six." . . . The questioner continued: "are you married?" and the woman said: "not yet." . . . Steele and Keep is the name of a Spokane, Wash., firm.

So They Say

The most fundamental threat (of Fascism) lies in those many places where our social and political structure fails to meet the fundamental needs of our people. —Stephen Baushenbush, former Munitions Committee investigator.

The men who make steel stand today over 500,000 strong as an army already mobilized for the protection of our democratic form of government. —C. M. White, vice president Republic Steel Corp.

Yet against each weapon sooner or later we find a defense—and against the weapon of propaganda our only defense is a free and responsible press. —Arthur Hays Sulzberger, publisher of the New York Times.

The British people are adults. They are willing to face ugly truths, stand on their own feet, permit freedom of speech and even change governments and find democracy compatible with war. —James Marshall, president, Chicago Board of Education.

During the mating season, ravens show off to attract their mates. They dive, somersault, and even fly upside down.

Harvesters Ready For Westerners Saturday

Team Blocks Better Than At Any Time

Pampa Harvester football players are suffering from amnesia as far as the outcome of last week's game with the Plainview Bulldogs is concerned. They have forgotten even the playing of that game and are pointing to their battle with the Lubbock Westerners here Saturday afternoon at 2:30 o'clock.

Yesterday afternoon Coaches Odus Mitchell and J. C. Prejan put their charges through a two-hour scrimmage. Every boy in uniform saw action and all came through the tough workout without injury. Leslie Burge and Ralph Burnett got in the scrimmage although they were relieved more often than the rest of the boys. Burge is suffering from a sprained ankle and Burnett from a bruised rib.

Principal chant of coaches during yesterday's practice session was "block, block, block." And the Harvesters responded better than at any time this season. Little Grover Heiskell wasn't swamped as much as usual when he tried to get around the ends and the ball carriers had much more protection through the line where in the past they have had to depend largely on their own power.

The Harvesters are definitely ready for the Westerners. Last year the state champions could win only a 6 to 0 game from the Harvesters who outplayed them most of the way. The Harvesters stopped Joe Tyson but had trouble with Lee Jackson. This year Tyson is gone but Jackson is back and as a running mate he has Bob McKinnon, a 180-pound fullback who is the third high scorer in the district, but only three points ahead of Jackson.

During yesterday's scrimmage the Harvester first string took great delight in smothering the seconds using Lubbock plays. Their chant was "get McKinnon" or "get Jackson" and then there would be a thud and down would go the ball carrier. "We're ready and willing to mix it with the Westerners," Coach Mitchell announced today.

Army Hopes To Beat Irish 'For Heffner'

WEST POINT, Oct. 31 (AP)—It's in the books that Army should register the greatest upset of the season by tripping Notre Dame this Saturday, you can credit the victory to a player whose name won't even appear in the program.

Not only that, but the new West Point hero will be hundreds of miles removed from Yankee Stadium, New York, the scene of the battle. He will be lying flat on his back in a hospital at Hot Springs, Ark. His name is Harry Heffner.

Coach Bill Wood's revitalized squad is out to "win this for Heffner," and if pre-game spirit and determination has anything to do with it, the Irish are as good as licked right now.

Heffner was stricken with infantile paralysis while visiting his parents in the town of Hot Springs, Ark. Heffner was at Fort Sill, Okla., last summer. There followed many anxious weeks when physicians wouldn't predict how much longer the boy might live.

But Heffner today is back on the road to recovery. Despite his absence, Harry is still maintained on the Cadet roster of the military academy. He is still a member of the corps—that to him is everything. Heffner and Johnny Hatch, both sons of Fort Sill army officers, were close friends, entered West Point together. The pair was inseparable.

Heffner won't play in this Notre Dame game. There probably will be no more Notre Dame games for him. Hatch, too, will be missing this Saturday when Army engages the Irish. He hurt his ankle three weeks ago, and Coach Wood has just about vetoed every hope of his getting into action.

But from the Yankee Stadium bench on the Army side, Hatch will be yelling encouragement to his teammates: "Win this one for Heffner."

The team tried to defeat Harvard two weeks ago "for Harry" and failed. That they are 61 to 1 underdogs this time means nothing. They will try not to disappoint Heffner again.

Port Arthur To Battle Beaumont Friday Night

By HAROLD V. RATLIFF
Associated Press Staff
The South Park Greenies, one of Texas' schoolboy football's most amazing teams, get their big test Friday night in the week's outstanding game of 44 that make up the busiest schedule of the campaign.

Last season the Greenies heard before almost every test that they were going down—that their winning streak just couldn't last. But the Beaumont eleven didn't believe what it read winning the District 14 championship over such worthies as Beaumont, Port Arthur and Livingston.

This year it was bruited about that they were nothing like as tough as last season, yet today we find the Greenies among the state's undefeated, untied teams and when they battle mighty Port Arthur Friday night the winner will become the favorite for the district title.

Three other districts have highly important games with Lufkin playing Mexia, Waxahachie meeting Corsicana, and Lamar tackling Jeff Davis' unscored on Panthers in a highlight of the Houston district race.

Lufkin and Mexia are unbeaten in conference play in District 12 and Lufkin is among the state's 15 undefeated, untied teams.

Mexia has taken four drubbings but of recent weeks seems to have recovered and hit a stride that bodes no good for the other contenders.

Waxahachie, which last week took the top rung of the central Texas district, faces a fast-improving Corsicana team that can snarl District 10 with a victory at Corsicana Friday night. The game looms as hard as that against Bryan when Waxahachie became the district favorite with a 3-0 decision.

Lamar and Jeff Davis will be fighting for the lead in District 13. Here, too, the winner will become the outstanding title favorite.

There are 31 conference games on the schedule with Amarillo and Robstown swinging into action as the last teams to enter title play. The week's schedule by districts:
1—Friday: Big Spring at Plainview, Amarillo at Borger (conference); Saturday: Lubbock at Pampa (conference).
2—No games scheduled.
3—Friday: Odessa at San Angelo (conference), Sweetwater at Lamesa (conference).

Cornell's Statistics Bear Out Poll As Greatest Team

By GAIL FOWLER
SEATTLE, Oct. 31 (AP)—Team performance continued to keep pace with popular favor as Cornell's football team again ranked first today as the nation's outstanding offensive unit.

For the past three weeks Cornell placed first in the weekly Associated Press sports writers' poll, and for those same three weeks figures compiled by the American Football Statistical Bureau have borne out the selection.

The "Big Red" eleven from Cayuga leads in total offense with an average of 424.3 yards per game by rushing and passing, some 35 yards ahead of the nearest contender. And for the fourth straight week the Cornellians capture honors as the "passingest" team, being 63 yards per game above second place Princeton.

In both classifications, Cornell is down from the previous week. The total offensive average last week was 468.7, and the passing offensive average was 272, compared to this week's 272.3.

In four games Cornell, in 240 plays, has lugged the ball 788 yards and thrown it 909 for a total advance of 1,697 yards. The club completed 45 of 75 passes, with 5 intercepted.

Undefeated teams top four of this week's six divisions. Lafayette's Leopards boasts the greatest rushing offense. The Navy has the most impregnable ground and air defense. Texas A. and M., 1939 leader in defense against rushing, finally took over first place in that classification. Twice defeated and once-tied Utah has the best pass defense record, and Texas Mines, with a similar record, is the top punting team.

The leaders, so far as statistics go, include:
Total offense—Gains rushing and passing—After Cornell comes Detroit, with one game unreported, 389.5 yards average per game; Arizona, 356; Pennsylvania, 352; Navy, 374.4; Boston College, 346.6; Lafayette, 344.2; Notre Dame, among the leaders.

leaders for the first time 338.5; Kentucky, 334; and Brown, 321.6. Mississippi and Creighton dropped from the top ten.

Rushing offense—Lafayette, also first last week, 311.6 yards averaged per game, compared to last week's 342; Detroit, a game shy, 287.8.

Pass offense—After Cornell comes Princeton, 164 yards average per game; Marquette, 162.5; Texas Mines, 141.7; and Missouri, 133.8.

Total defense—Navy has kept land and air attacks down to 63.2 yards per game. Then comes Alabama, 71.5; Penn State, 105.8; Georgia, a game shy, 111; San Jose State, 116.4 in seven games; Boston College, 117.8; Michigan, 120.4; Tennessee, 123; Texas A. and M., 124.6.

Defense against rushing—Texas A. and M., yielded but 28 yards per game, average, to its five opponents. Following are Penn State, 29.5; Alabama, 31.8; Navy, 36.8; and Arizona 41.4.

Blackhawks Have Plenty Of Subs
Special To The NEWS
PANHANDLE, Oct. 31—A game to establish a leader in district 2A football circles will be played here Friday afternoon at 2:30 o'clock when the Panhandle Panthers and Phillips Blackhawks clash. Both teams are undefeated in conference play.

The one big advantage the Blackhawks have over the Panthers this year is their supply of reserves. The second string has a record of almost as many gains both in the air and on the ground as the first stringers. Panhandle, on the other hand, is limited to barely two squads—and the second team has seen very little action so far.

McLean Canceled Game With Bucks

Special To The NEWS
WHITE DEER, Oct. 31—Although Coach B. E. McCollum's White Deer Bucks will be idle this week-end, since the scheduled game with McLean has been cancelled at the request of the McLean authorities, they have not been idle during the week.

The team has been working to prepare for the annual feud with Panhandle which is to be played November 8 in White Deer. The line is continuing the hard work on blocking and tackling, and in the game with Perryton last week showed much improvement over their play against Canadian. The passing attack is also receiving much attention. Against Perryton the Bucks attempted only one pass which fell incomplete, although they were able to gain consistently on the ground.

White Deer will go into the Panhandle game a decided underdog, for the Panthers defeated Canadian 19 to 7 while the Bucks bowed to Canadian 27-12. Because of the intense rivalry between the two schools, however, the game will probably be a hard fought contest.

19 to 7 while the Bucks bowed to Canadian 27-12. Because of the intense rivalry between the two schools, however, the game will probably be a hard fought contest.

They Yell For 'First Down' At Ranger Stadium

RANGER, Oct. 31 (AP)—The pep squad at Ranger High school makes a lot of noise but instead of yelling "We want a touchdown" it's "We want a first down."

You see, Ranger has played six games this year, hasn't scored a point and their opponents have run up 274.

The school that once was a power of Texas schoolboy football, when Buster Miller, now a major league ball player, stormed across all belt gridirons, has small hope of finishing the season with a touchdown, much less a victory.

But the local fans take it philosophically—and with good humor. They didn't expect much and they're pleased with the spirit of the boys who never miss practice and take it on the chin each Friday night.

There is but one letterman from last year and of the remaining 21 youngsters on the traveling squad the total previous experience prior to this season was six minutes.

But they're building a team that's going to get more first downs because most of the boys have two or three more years to play.

SERIAL STORY

NEW YORK JUNGLE

BY WRAY WADE SEVERN

Copyright 1940, NEA Service, Inc.

YESTERDAY, Sidney learned more of Adam's unusual actions from Togi. In his snore, Langdon had locked himself in the jungle. Togi watched him as he came from the rack, aim it. Later, Sidney...

THE MAN IN THE TREE CHAPTER XXI THE moonlight was bright. Breathlessly, Braitwood watched the man drop from the lower branches of the oak. There was no mistaking that dapper figure—Henry Burkes, Adam Langdon's chauffeur!

Breathing heavily, Burkes stood in the small clearing, brushed leaves and bits of bark from his clothes. Next, he walked around the tree, glancing up to make sure his secret was invisible from below. Apparently assured that it was safe, he re-entered the trail.

When Burkes' footsteps had faded into silence, Sidney left his own hiding place, tapped the oak with his pocket knife and a leaf from his notebook, and followed the chauffeur.

Reaching the edge of the thicket, he sighted Burkes again. The man moved like a tired shadow, head sunk in collar, dejected arms lost in the pockets of his coat. At the edge of the orchard, he slackened his pace still more, peered into the garden, lighted a cigarette and strolled nonchalantly toward a bench.

Preferring that Burkes should believe himself safe, Sidney moved cautiously forward and waited for a few minutes behind a lilac bush. He wanted to keep Burkes in sight and at the same time get in touch with Plowman's man so he could send him the bundle.

As he stood there, trying to figure how to manage both, the trooper emerged from the thicket with Burkes' bundle under his arm.

With the quietness of a cat the officer approached Sidney, indicated he was to keep guard on the chauffeur, then moved noiselessly toward the back door.

Taking the hint, Sidney strolled toward the bench where Burkes sat. "Good evening, Burkes," he said, sinking down beside the man.

"Good evening, Mr. Braitwood," Togi said after a moment of depressed silence. "I've changed my mind. You'll think me a nut when I tell you why."

"Perhaps not," Sidney smiled. "Togi could have done the murder exactly as I reasoned," Burkes said. "But now I've concluded such an act would be out of character for him."

"I agree there. But what changed your opinion?" "A small act of kindness on his part. Oh, not to me. He hates me. But to a poor little mutt of a dog. A hound. Its bones stuck out like ridges. It couldn't have smelt meat for days."

"A mutt, you say?" "Oh, not to me. He hates me. But to a poor little mutt of a dog. A hound. Its bones stuck out like ridges. It couldn't have smelt meat for days."

SILENCE again. More stars came out until the heavens had jeweled the dark leavings of the moon. But the beauty of the night instilled no peace in Henry Burkes, so far as Sidney could read. Dejection emanated from him.

Yet try as he would, Braitwood could not place the chauffeur with the murder gun in his hand. Why hadn't the poor devil come out into the open about his mysterious bundle? What had it contained? The headlights of a police car pointed into the driveway and Plowman stepped out. The trooper on guard met him and after a few words of whispered conversation they crossed to Sidney and the chauffeur.

Burkes rose. "You want to talk with Mr. Braitwood, Captain?" he said courteously. "Not so fast, Burkes," Plowman detained him. "We want you to go with us to headquarters tonight."

Mr. Langdon had told me to take the electric percolator in to be repaired. It was in the storeroom. "I had taken off my rubbers, but the dog's feet were wet. I had to put him down while I unlocked the door."

"What became of the dog?" Plowman demanded. "I took him in to town, but the inkeeper wouldn't let me leave him. Said he disturbed the guests, barking. So I had to bring him back. I tied him behind the guide rail, but he got away. He's afraid in storms."

"He came back, though, jumped in the drawing room window and cuddled up beside me on the divan. I knew you had found his paw prints and I was afraid he'd get out unobserved, through one of the Jungle windows. But there was a chance of the dog barking, especially at the troopers. Then I remembered seeing some chloroform in the third floor bathroom."

"I slipped upstairs, gave the Pom a whiff of chloroform. Mr. Braitwood almost caught me in the billiard room, but I managed to get down the fire escape and into Mr. Langdon's room. You see, I knew about that passage next to the flue. Old houses interest me and I'd heard a lot of stories about this one. I just happened to discover it."

"Go on. So you picked up Adam Langdon's dressing gown and a pair of socks, and climbed down to the Jungle," Plowman prompted. The chauffeur nodded. "When I reached the Jungle I found the dog had stopped breathing. I'd given him too much. I reached out through a window, stuffed the body behind some vines, hid the dressing gown and socks, and . . . and . . ."

"Sounds like he's telling the truth to me," Sidney said. "Possibly," Captain Plowman conceded. "But one thing more, Burkes, Mr. Langdon had you cash a check for \$500 for him yesterday. You wouldn't know what happened to that money now, would you?" "And you wouldn't know that the man in the green sedan was Brabant, the man you said would support your alibi? You wouldn't know anything about that, would you, Burkes?"

(To Be Continued)

Officers Elected At Dual Meeting Of Carson Groups

Special To The NEWS SKELLYTOWN, Oct. 31—A joint session of the County Children's council and the County Health board of Carson county met in the Panhandle High school auditorium recently. A film and discussion on "Tuberculosis" was shown by Dr. Barksdale, of Panhandle. At noon a luncheon was served by the ladies of the Baptist church of Panhandle. A representative of the crippled children's home of Dallas made an interesting talk at the luncheon. Immediately after the luncheon, Miss Harlow, county health nurse of Carson county read a paper on "Undulin Fever," written by Dr. T. D. Young, of Roscoe, Texas. A lecture on "Why Undulin Fever," was given by Mrs. O'Keith of Panhandle. In the business meeting presided over by Mrs. Grimes, president of White Deer, an election of officers was held. Officers elected for the County Council are: Mrs. F. N. Nurse, of Petrolia, president; Mrs. Chester Strickland, of Skellytown, vice president; Mrs. Hood, of Panhandle, secretary and treasurer. Officers of the County Health board elected are as follows: Mrs. Zone Smith, president; Mrs. Wilbur Waggoner of Skellytown, vice-president. A new hospital bed and wheel chair have been purchased by the organizations and are to be loaned in the county. It was reported that through the county health board six local underprivileged children have had their tonsils out, as well as children of other communities of the county. The organizations meet twice a year. The next meeting will be in April at Panhandle. Those attending from Skellytown were: Mrs. Chester Strickland, Mrs. Wilbur Waggoner and Mrs. W. N. Adams.

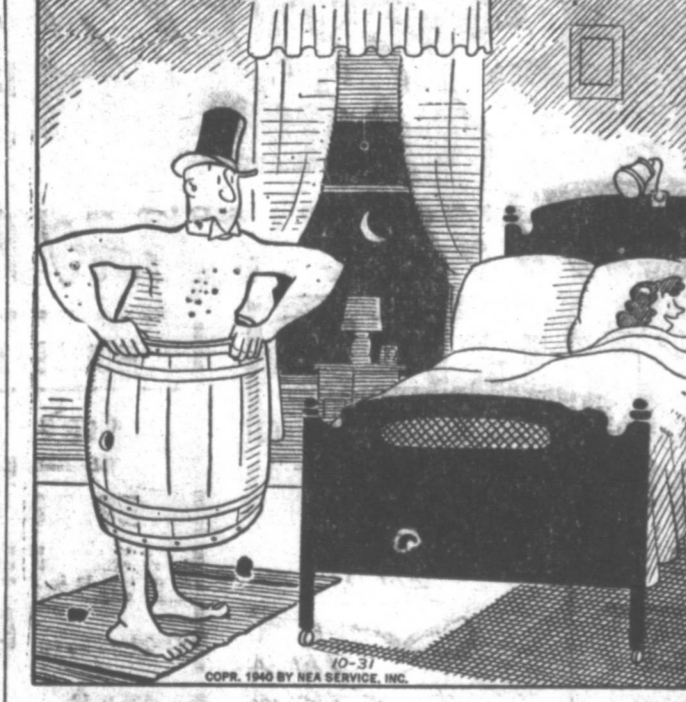

Shamrock Car Crash Injures Six Persons

Special To The NEWS SHAMROCK, Oct. 31—Six persons are in local hospitals recovering from injuries sustained in a head-on collision between two automobiles two miles west of Shamrock on Highway 66 Friday night. Mrs. Dora Morgan, Mrs. Owen Young and daughter, Bonnie Bell of Shamrock, R. H. Bounds of Amarillo, Miss Floy Dobbs of Oklahoma City and her niece, Miss Jeanne Dobbs of Albuquerque, N. M., all were injured. Miss Floy Dobbs received serious scalp wounds, a broken leg and bruises. Mrs. Young a broken leg and bruise. Mrs. Young a serious head injury and others received less serious bruises and cuts. The collision occurred when the car containing the Shamrock peo-

ple, driven by Mrs. Morgan, turned onto the highway from a side road and met the car driven by Mr. Bounds. The wreck happened just below a small hill.

TOBACCO CONSUMPTION Tobacco consumption in the United States has increased 136 per cent from 381,000,000 pounds in 1900 to 900,000,000 pounds in 1939.

FUNNY BUSINESS

Canadian Library To Note Book Week

Special To The NEWS
CANADIAN, Oct. 31—National Book week, November 10-16 has for a slogan: "Good books, good friends."

The book selection committee for the public library met this afternoon and chose two dozen titles to be ordered at once, some of these likely will be ready for circulation by end of this week.

A shelf of the newest fiction and biography is maintained, also a seven-day shelf of free books, those not quite so new.

The books received through the Carnegie endowment occupy one whole section and the children's books are in a separate room. None of these are ever on the pay shelf.

WE'LL HEAT MEASURE YOUR HOME THIS WEEK FREE OF CHARGE!

"Here's What Our Survey May Show In Your Home."

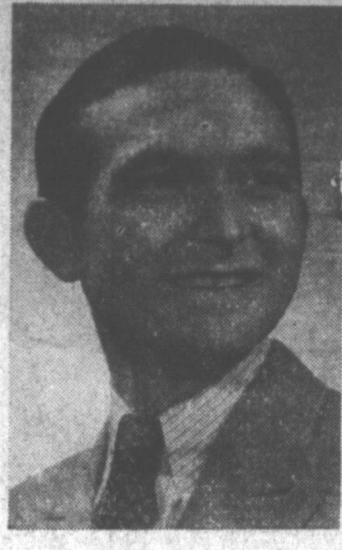

If your home is like hundreds of others that have been surveyed, we'll show you (1) how to flood your home with huge volumes of healthful circulating warm air from floor to ceiling; (2) how to enjoy the carefree convenience of full automatic gas heating with a Coleman Floor Furnace—no basement needed; (3) how you, too, can enjoy the luxury of America's largest selling floor furnace—at about 1/3 less cost than average installed basement furnace; (4) how to save hours of housework with Coleman's kind of clean, silent, smokeless, automatic gas heat—at a fuel cost lower than you ever dreamed possible!

Get these facts now. Phone us today or tomorrow for your Free survey!

FOUR McCARTT EMPLOYES

Comprising the rest of the personnel of McCarrt's Super Market are Ed Chapman and Louis Edgar, top, left to right; and lower left to right, A. L. Hill and Eldred Pierce. These

four work in departments separate from the meat department. The store has five departments: bakery, grocery, fruit and veg-table, meat market and cafeteria.

Rotary Governor To Visit Shamrock

Special To The NEWS

SHAMROCK, Oct. 31—Frank S. Roberts, district governor of Rotary clubs of the 37th district will visit the Shamrock Rotary club on Friday.

Governor Roberts, who is a practicing attorney of Breckenridge, was elected to the office at the Havana convention in June, 1940 and will serve until after the June 1941 convention in Denver.

This will be Mr. Roberts' first visit to the Shamrock club. He will confer with President James F. Smith, Secretary W. O. Morrow and other club officials at 10 o'clock Friday morning and will address the local club at their luncheon.

China shipped about \$500,000 worth of fir-crackers to the United States in 1938.

Xmas Packages To Europe Must Mailed Soon

By EDDY GILMORE

WASHINGTON, Oct. 31. (AP)—It's 65 days until Christmas, but if you're playing Santa Claus to people in foreign lands, you'd better start doing something about it now.

Packages, particularly those designed to hang on European Christmas trees, are going to be the worst problem.

The post office department has suspended holiday parcel post service to 40 countries, a list which reads like a trip through the Atlas.

Among those countries, however, which the old U. S. mail will try to help Santa reach are:

England, France, Scotland, Ireland, Spain and Portugal.

On the other hand, the following nations definitely are not on the postal yuletide delivery lists:

Germany, Poland, Italy, Belgium, Bulgaria, Greece, Czechoslovakia, Union of Soviet Socialist Republics, Turkey, Sweden, The Netherlands.

Ironically, Christmas parcels may not be sent to the Vatican City state and Palestine, the Holy Land.

There are many little and far-away places to which the Kris Kringle parcel service has been suspended, such as:

Albania, Aden, Luxemburg, Anglo-Egyptian Sudan, British Somaliland, the channel islands, Cyprus, Danzig, Egypt, Denmark, Estonia, Ethiopia, Finland, French Somaliland, Hungary, Iran, Iraq, Latvia, Lithuania, Malta, Norway, Saudi Arabia, Syria and Republic of Lebanon, Trans-Jordan and Yugoslavia.

Packages for the other places should be mailed immediately, and Christmas cards and letters should be posted as early in November as possible.

In years past the post office department has had a rule against allowing Christmas stamps or stickers on the address side of articles mailed to foreign countries.

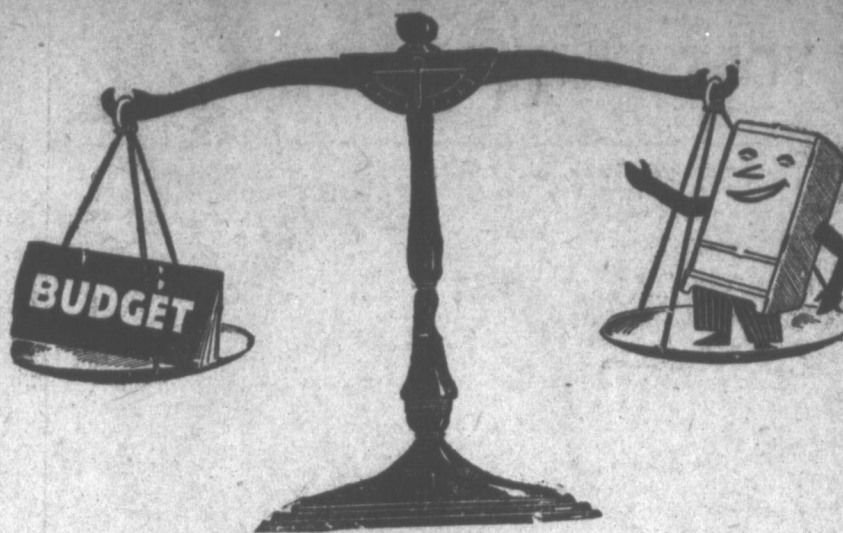

Saddened by the whole Christmas situation, the department has lifted this regulation for the period Nov. 15 to Jan. 15, 1941.

So go ahead, if you want to brighten up your foreign mail with bright little stickers proclaiming "Merry Christmas" or "Peace on earth, good will to men." The department knows it'll mean more work, but conceivably it may do a little good—at the other end of the line.

HOT, THOUGH COLD

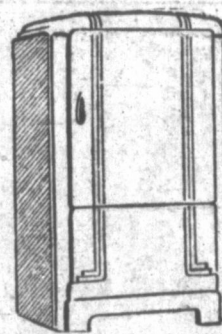

At freezing temperature, a hundred pounds of ice contains enough heat to raise the temperature of 65 pounds of water from the freezing point to the boiling point.

Streamlining is practically useless on a vehicle up to a speed of 35 miles per hour.

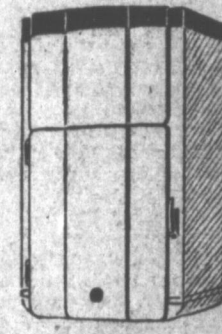

IT SAVES ENOUGH TO PAY FOR ITSELF!

An electric refrigerator actually will pay for itself in food savings. Hundreds of budget-keeping homemakers will vouch for that. So, with your electric dealer's liberal payment plan, once you have made the small down payment, you can use your refrigerator and let it earn its keep. If you're figure minded, your electric dealer will show you cost records that will show you how you can make your refrigerator pay for itself.
