28 Injured As SMU Bleachers Collapse

RUSSIAN-GERMAN DEAL BELIEVED NEAR

Turkey Vows To Defy Reds If Betrayed

Hitler Believed Cooking Up Scheme To Crush Greece

(By The Associated Press)
Disclosure that the Soviet premier-foreign minister Vyacheslav Molotov will visit Berlin shortly brought a quick declaration today (Sunday) from informed Turkish quarters that Turkey will fight "if vitally threatened" regardless of the outcome of Axis talks with her friend and neighbor, Russia.

Turkey received the news of Molotov's impending conversations with German officials—and presumably Italy's Foreign Minister Count Ciano—with grave misgivings, and Ankara quarters said Turkey hoped for "benevolent" Russian neutrality in the developing Balkan war. Count Ciano is expected to go to Berlin next week, Rome circles said.

Bulgaria has been considered by many observers as likely to swing publicly into the Axis camp opening the way for a German sledgehammer attack on Turkey and Greece to aid Italy's thus far apparent failure to crack Greek defenses.

If Bulgaria makes any move against Turkey it will be "considered sufficient cause for war," Turkish quarters said.

Anxiety about Turkey's status has been observed in London quarters since that country failed to go to the aid of her Greek neighbor and because of reported Axis pressure on Euzetta to keep Turkey out of the camp of her avowed ally, Britain.

Turkey steadfastly has sought to avoid Russian displeasure in her stand against the Axis, but reports from Sofia and other Balkan quarters intimated Germany and Italy were attempting to "talk Turkey" with Russia on division of spheres of influence in the Balkans and the near east.

Turkey had no doubt that her position would form a major topic in the German-Russian-Italian talks, since she guards the strategic Dardanelles and bars the way to an Axis drive to knock out the British Mediterranean forces.

Rumania opened the first fissure in Balkan union by permitting German troops unofficially estimated at numbering 270,000 to enter. The Turkish press believed Bulgaria would open the second "fissure," and Yugoslavia perhaps the third.

Yugoslavia sent more troops to her Albanian-Greek frontier in a desperate effort to remain neutral and keep the Greek-Italian fight from spilling into her territory.

The British admiralty announced its naval forces had sunk the 1,370-ton French submarine Poncelet off French equatorial Africa in the Atlantic but denied Vichy reports that British units shelled the coast of French Gabon to aid the landing of troops there under Gen. Charles de Gaulle's "free" French government.

The admiralty said the Poncelet was forced to come to the surface, deliver its crew and scuttle the submarine after the Poncelet attacked a British warship.

In London, Prime Minister Winston Churchill publicly praised President Roosevelt's re-election and the assurances of further aid, but noted that the road to victory was still a long one to be won only through hard fighting and further losses.

FLEES 'UNBEARABLE EUROPE'

This unusual character photo of Ignace Paderewski, made when he recently arrived in New York on his 80th birthday, suggests the rugged character which made the famed piano genius one of Poland's great postwar leaders.

His lionine mane is silvered and his frame is fragile, but he stood erect as he reentered the land where he won his greatest acclaim, declaring he could no longer stand "the unbearable atmosphere of Europe."

Bishop Holt To Head Methodist Conference

C-C SPEAKER

For the first time since all branches of the Methodist church were united into one group, the Northwest Texas annual conference is being held in Pampa. The conference opens Friday, November 15, and lasts through Tuesday, November 19.

It will be the first time the Northwest Texas conference has met in Pampa since 1929.

Heading the conference will be Bishop Ivan Lee Holt of Dallas; the Rev. Cal C. Wright, secretary, Vernon; assistant secretaries, the Rev. W. B. Hicks, Crowell, and the Rev. M. B. Norwood, Hereford; the Rev. J. E. Crawford, O'Donnell, statistical secretary; and the superintendents of nine districts: The Reverends T. M. Johnston, Stamford; Will C. House, Amarillo; C. A. Bickley, Abilene; E. B. Bowen, Sweetwater; T. S. Barcus, Peryton; E. E. White, Plainview; G. T. Palmer, Clarendon; Dr. O. P. Clark, Lubbock; the Rev. Wright, conference secretary, who is also superintendent of the Vernon district.

Lord's Supper

A meeting of the executive board of education will be held Thursday night, preceding the conference opening. The Sacrament of the Lord's Supper at 3 o'clock Friday afternoon at the First Methodist church will formally open the conference. Directing the ceremony will be Bishop Holt, assisted by the district superintendents.

At 7:30 o'clock that night the conference will be organized. The bishop will address the convocation and conduct periods of devotion. After Friday, sessions will be held from 9 a. m. to 12:30 p. m. each day.

Mission Board Anniversary

An anniversary service of the board of missions will be held Saturday night, with I. D. Harris of Winfield, Kas., as the principal speaker.

On Sunday morning at 9 o'clock see BISHOP, Page 8

Strength and Weakness in the American Democracy" will be the subject of an address by Judge E. C. Nelson, Jr., above, judge of the 47th Judicial District Court, Tuesday noon at the monthly luncheon of the Pampa Chambers of Commerce. Judge Nelson, a popular speaker, is a member of the speakers committee of the American Legion in their Americanism program.

He is a pioneer of the Panhandle. The Pampa Kiwanis Club has voted to join with the Pampa Chamber of Commerce in the luncheon and the Junior Chamber of Commerce will likewise meet jointly with the senior organization.

"Coming as it does, the day after Armistice Day, we feel Judge Nelson's address on Americanism will be very fitting and interesting to every business and professional man and woman of Pampa," John V. Osborne, president of the Pampa Chamber of Commerce stated in a letter to the membership.

Judge Nelson will be accompanied to Pampa by Mason King, of the Amarillo News Globe.

London Hears 15,000 Italians Annihilated

Hitler Beer Hall Bombed By British

(By The Associated Press)
BERLIN, Nov. 9.—The RAF picked Munich for its bombers on the night Adolf Hitler addressed the annual rally of old-time Nazi leaders, the German high command confirmed today, while reporting the sinking of eight more British ships in the air blockade.

The high command announced that its dive bombers, commanded by General Field Marshal Kesselring, had scored two hits on a 10,000-ton British cruiser—the second so attacked in two days—and sunk six more merchant ships totaling 34,000 tons in an attack on a convoy off the east coast, while other bombers had sunk two merchant ships totaling 9,000 tons in the Atlantic.

LONDON, Nov. 9.—British bombs exploded last night on the Munich beer hall where Adolf Hitler exhorted his Nazi old guard, in faraway northern Italy and upon many another vital center of the Axis war effort, qualified sources announced today.

A whole series of explosives—"a stick"—was declared by the British press association to have started a big fire in the Munich cellar, where all the top command of the Nazi revolution had assembled with Hitler to hear him declare that Germany would never quit without victory.

The press association punctiliously described this hit as an inadvertence; said the stick had overshot its mark. The air ministry's official communique was even more restrained. It announced: "A strong force of RAF bombers attacked railway stations and goods (freight) yards in the city of Munich."

Despite this official reserve, the press and public exulted that the Royal Air Force had kept Hitler's speech off a scheduled broadcast; had carried its bombs 600 miles to the city that is the very home and birthplace of Nazism.

British pilots flew 1,600 miles to assault a magnetite works at Milan; others smashed heavily again the German submarine base of Lorient on the French coast.

Hitler Beer Hall Bombed By British

(By The Associated Press)
ATHENS, Nov. 9 (AP)—Greek soldiers fighting stubbornly on home ground have halted the most serious Italian thrust so far offered by the invaders—a move down the western coast—and have hopelessly trapped a famed Italian division of perhaps 15,000 men, it was reported here tonight.

Greeks said the Italian Centaur division, one of the best known units of the Fascist forces, was so surrounded in the Pindus mountains that its surrender was imminent and that hundreds of the division's men and its commanding general already had been captured.

It was reported the Fascists were without food and their supply lines were cut.

Authoritative circles in Athens could give no details of the report that the Greeks had stopped the Italian drive down the west coast from Albania.

However, they said the Greeks actually were on the offensive on the remainder of the mountainous front and were pushing the Italians back at several points.

A high command communique said a local attack on the right wing, supported by artillery fire, was repulsed while 80 prisoners were captured in other local attacks.

The Greeks said the Italians, in attempting to take a road leading southward to the strategic Greek town of Ioannina, had gone so deep into the mountains as to permit a break in their own communications.

Big Italian guns and much war material were said to have been dumped into a ravine to prevent their seizure.

All along the 100-mile front there was action today, and the heaviest fighting yet seen was reported from the Korizia sector, where the Greeks appeared to be slowly pushing back the invaders.

LONDON, Nov. 10 (Sunday) (AP)—Italy's crack Centaur division of 15,000 men trapped by Greek troops in the Pindus mountains were reported annihilated, a Reuters news agency dispatch from Athens said today.

Two infantry regiments and one of artillery formed the Italian division cut off from the main Fascist forces.

A great number of the trapped men were reported to have been drowned in a flooded mountain gorge swollen by heavy rains, while others perished from hunger and cold, the dispatch said.

Heavy Greek forces seeking the empire capital to a heavy attack scaled 6,000-foot mountain ridges. Women from neighboring villages aided them in hauling their armament up the mountain sides the Athens report said.

AFTER BRIDGE COLLAPSED

Concrete and steel dangled in the air after the Tacoma Narrows bridge, third largest structure of its type in the world, collapsed in a high wind. Three persons on the \$64,000,000 span crawled to safety before the crash came.

1,200 Tumble From Seats And Pile Up

Bones Snapped And Internal Injuries Suffered By Some

DALLAS, Nov. 9 (AP)—At least 28 persons were injured, some seriously, when temporary bleachers buckled and collapsed during the Texas A. & M.-Southern Methodist football game here today.

The stand folded in the center and gradually settled, tumbling 1,200 persons out of their seats and piling them on top of each other. Some were trapped when their legs were caught beneath the crumpling seats.

Ambulances screamed to the edge of the playing field and many of the injured, some of them on hastily improvised stretchers, were loaded in and taken to several different hospitals.

Policemen who abandoned a race with a group of youngsters who had crashed the gate to aid in untangling the mass of humanity and folded seats, said they did not believe any of the injuries would prove fatal, although several persons had back injuries.

Many were bruised when they were tossed from their seats, and others suffered broken legs.

So intent was the crowd on the ball game and on the chase between policemen and gate crashers, that many did not see the collapse. The crowd totaled 27,000. The game was halted temporarily when spectators surged from the scene of the collapse at the south end of the gridiron to the edge of the playing field. The bleachers caved in during the first period of the game.

Miss Lena Hardscastle of Garland, Tex., who was slightly injured, said the stands seemed to settle and shiver before buckling beneath the

Clubs Will Furnish Roll Call Workers

VFW Sells All Poppies On Hand

One of the most successful Buddy Poppy Sales in recent years was conducted Saturday by Pampa Post 1657, Veterans of Foreign Wars. According to Jim Sturgeon, chairman of Buddy Poppy sales, more than 3,000 poppies, all the poppies on hand, were disposed of by early afternoon, and volunteer workers reported that they could have sold many more if they had been available.

"The Veterans of Foreign Wars wish to thank the people of the community for their whole-hearted support of this worthy cause for the benefit of disabled and needy ex-service men who are confined in hospitals and the widows and orphans of our departed comrades, and suggest that all wear their Buddy Poppy on Armistice Day in remembrance of those veterans who rest in Flanders Field and those others from our ranks who have answered the final roll call," said Mr. Sturgeon.

Mr. Sturgeon and David E. Cecil, committee in charge of Buddy Poppy sales, also wish to thank these members of the Ladies Auxiliary to Pampa Post No. 1657, Veterans of Foreign Wars, who assisted in the sale of poppies: Mrs. B. S. Via.

Heavy Nazi Air Assault Tapers Off

(By The Associated Press)
LONDON, Nov. 10 (Sunday)—German raiders returned to the aerial assault on London shortly before dawn today after subjecting the city to a heavy attack early last night and then giving Londoners a few hours of peace and uninterrupted sleep.

The customary nightly air raid tapered off around midnight to a period of extraordinary quiet and the "all clear" was given.

It had been for a time a thunderous attack—loosed at the earliest hour yet known here—and bombers had approached in relays from several directions, others striking simultaneously at northern England, Wales and the midlands.

One plane shot down in Southeast London demolished two houses, and was believed thus to have trapped at least two people, in its descent. Another night raider was reported shot down at Ormskirk. The "raid-ers passed" signal was given after midnight.

Marvin Jones Silent On Suggestion He Take Wallace's Job

BROWNWOOD, Nov. 9 (AP)—J. E. McDonald's suggestion that Texas should urge Rep. Marvin Jones (D-Tex) as secretary of agriculture was received with surprise today by Jones, here on a fishing trip.

Jones would not comment definitely except to note that he had accepted an appointment to the U. S. Court of Claims, effective Jan. 3, when his congressional term ends. McDonald had suggested that Texas urge President Roosevelt to appoint Jones to the cabinet post.

Air Raid On London Shown In Warner Film

Why the English can and do sing "There'll Always Be An England," is dramatically shown in the Warner Brothers short subject, "London Can Take It," on the LaNora screen today, tomorrow, and Tuesday.

Edward Anthony of Collier's staff, says there's a real thrill awaiting film fans in this picture.

"We think the photography is excellent, the film has real significance, and that (Quentin) Reynolds did a swell job," Reynolds handled the commentary, excerpts of which are given here:

"I'm speaking from London. It is late afternoon and the people of London are preparing for the night. This is the London rush hour.

"Now it's 8 o'clock. Jerry is a little bit late tonight. . . The nightly siege of London has begun. Here they come. Now the searchlights are poking long, white, inquisitive fingers into the blackness of the night.

"It's just 8 a. m. and in this last hour of precious sleep, this strange new world finds peace.

"I am a neutral reporter. I have watched the people of London live and die ever since death in its most ghastly garb began to come here as a nightly visitor five weeks ago. I

Church Must Look To Post-War Days, Urges Methodists

FORT WORTH, Nov. 9 (AP)—The church must begin now to prepare for post-war days, when it will face the greatest opportunity in modern history to convert people everywhere to Christianity.

Thus declared Rev. J. P. Rawls of New York City, secretary of the Board of Missions and Church Extension of the New Methodist church at the annual missions service of the Central Texas Conference here tonight.

"The world will be prostrate, brokenhearted and helpless when this war is over," Rev. Mr. Rawls pointed out. "In that hour the church will have the only message the only remedy."

The high church official charged that most church members today have developed a type of culture and religion to suit their own social, business and selfish needs and that many have become "indifferent and stingy," and have neither the former power of Godliness.

SEVENTH BUMSTEAD PICTURE

In true Bumstead fashion, America's famed screen family, finds itself entangled into another zany situation when they go to the country and Blondie befriends a young couple that is planning to marry. Seventh in the series "Blonde Plays Cupid,"

SHOOT TROUBLE

Roger Pryor and Eddie Foy, Jr., are the trouble-shooting insurance investigators in Warner Bros' fast-paced "A Fugitive From Justice," with Lucile Fairbanks at the Rex next Wednesday and Thursday. This is a snappily paced gangster melodrama, 53 minutes, with action based on Donald Douglas, wanted by the police, mobsters and an insurance company which holds a \$1,000,000 policy on his life.

Salmon, tuna and oysters are the three most valuable fisheries in the United States, in respective order.

Soviet Russia, the world's largest country, covers an area of 8,144,228 square miles.

based on the Chic Young comic strip, is on the LaNora screen Wednesday and Thursday. Pictured above are Penny (Blondie) Singleton, Larry (Baby Dumpling) Simms, with dog, Daisy, and Arthur (Dagwood) Lake.

M OF T Shows Britain's RAF

The little-known details of one of the greatest battles in history are vividly pictured in the latest March of Time film, "Britain's RAF," which brings to the screen of the Crown, theater, beginning today, an exclusive motion picture story of the Royal Air Force and its daily struggle with the invading air fleets of Nazi Germany.

The film, which has just arrived in this country from March of Time's camera staff in Britain, shows actual scenes of battle and many of the stirring and amazing exploits of British airmen which have been reported in the American press during recent weeks.

"Britain's RAF" pictures not only the defensive action of England's fighter planes—the Spitfires and Hurricanes—but also the offensive reprisal raids which Royal Air Force flyers have been carrying on against the Nazi "invastion" bases established along the French and Belgian channel coasts, and even the attacks upon military objectives in Germany itself.

At the close of the first World War, the Royal Air Force was the biggest in the world, but it was allowed to dwindle away as defense appropriations were spent in building up the British navy. During the past year, however, British military strategists have come to realize the supreme importance of airpower in the defense of the island kingdom, and the March of Time film shows how industry and manpower throughout the British empire have been mobilized to speed up plane production and the training of pilots.

Britain's principal hope of victory, the March of Time film shows, rests upon her ability to keep her war industries going while beating back the Nazi invaders, and it is upon the RAF that this hope depends.

Pampa Has Fog After Hot Day

Fog rolled over Pampa last night after a day of shirt-sleeve warmth that saw the thermometer hit a maximum of 69 degrees at 1 o'clock Saturday, low of 47 exactly 12 hours earlier.

Forecast was fair for today but increasing cloudiness in the north portion; occasional rains in the Panhandle, cooler today.

Traces of rain, brought by the fog, pushed precipitation up only slightly here, registered only .02 inches for the three-day period, Thursday, Friday, and Saturday, and making the year's total 13.42 inches.

The population of the United States has increased 75 per cent in the past 40 years.

It has been suggested that states utilize a small steel strip dated 1942 to slip over the 1941 plates.

SHARE UNUSUAL ADVENTURE

Douglas Fairbanks, Jr. tells John Qualen what to do and what not to do in "Angels Over Broadway," new Columbia drama, at the Rex theater today. In the new Ben Hecht romance, which stars Fairbanks as a Broadway

MUSICAL, HECHT PLAY, AND GREAT CAPRA PRODUCTION HIGHLIGHT WEEK

Bing Crosby and Texas' Mary Martin Starred in New Paramount Film; "Angels Over Broadway" Plot Aces; No. 1 Director Films Powerful Hiton Book

By BROWNWOOD EMERSON

Texas' Mary Martin is teamed with ace warbler Bing Crosby in what is called one of the best Crosby pictures in years, "Rhythm on the River," a 92-minute Paramount musical.

The picture doesn't have a dull moment, says The Film Daily.

Plot deals with Crosby as a song writer who hides away in his uncle's hotel upstate and composes beautiful music. Basil Rathbone's lyricist, Mary Martin, goes to the hotel to get enough quiet to work and falls in love with Crosby, not knowing he is the writer of the music to her lyrics.

Eventually they discover they are dupes of Rathbone and determine to break away and succeed on their own.

Film fans will like the music and the acting of Crosby, Martin, and of Oscar Levant, the other principal. On the LaNora screen today, tomorrow and Tuesday.

O. Henry Twist

On the serious side is Columbia's "Angels Over Broadway," starring Douglas Fairbanks, Jr., with Rita Hayworth and Thomas Mitchell, written, directed and produced by Ben Hecht.

The triple-act Hecht knows his Broadway and comes through with a smash plot, of four persons in search of a "break": a girl out of nowhere, a boy who trims "suckers" and thinks he's tough, but isn't, a playwright trying to play God, and a little man seeking the end of disaster.

It's New York and its world, with an O. Henry touch to the ending. At the Rex today, Monday and Tuesday.

Coleman, Wyatt Teamed

One of the greatest pictures of all times comes to the Crown today. It's Columbia's "Lost Horizon," featuring Ronald Coleman and Jane Wyatt.

Produced and directed by Frank Capra, rated No. 1 director in a recent national poll of motion picture writers and theater managers, this is a magnificent picture.

Stephen Goosson won the Academy award for his art direction on this picture.

Not only is the film excellent in artistic effect, but in the powerful appeal it makes.

Based on the novel by James Hilton, it pictures a group of moderns by chance transported by plane to a land that is a heaven on earth.

Now modern minds scorn "Utopias" as the foolishness of dreamers, yet the Tibetan heaven of the film presents one of mankind's greatest aspirations.

FOREMAN

Gene Autry has the role of foreman of Rancho Grande in a Republic picture of the same title, on the State screen Friday and Saturday. His job begins in earnest when Kay and Tom Dodge, madcap heirs to ranch, arrive at the place when Gene is trying to save it from foreclosure.

SHERLOCK

Sleuth Charlie Chan (Sidney Toler) breaks up a plot to destroy the canal and trap the fleet in the wrecked locks in 20th Century-Fox's "Charlie Chan in Panama," on the State screen Tuesday.

First Rehearsal Of "The Messiah" Will Be Monday

The first rehearsal for the annual presentation of Handel's "The Messiah" will be held Monday night at 7:30 o'clock in the First Christian church.

All singers in the choir and churches of the surrounding territory are urged to be present at this initial practice. A chorus is to be organized and plans for the production will be formulated.

Again the presentation will be under the direction of Lester Aldrich with Mrs. May Foreman Carr as accompanist.

Jon Hall of "Hurricane" fame comes to the LaNora screen Friday and Saturday in another typical South Seas picture, "South of Pago Pago." Frances Farmer has the feminine lead.

Latest in Republic's series with Roy Rogers, George Hayes, and Jacqueline Wells is "Young Bill Hickok," another western, with Rogers singing several numbers, riding his horse the way a cowboy should and shooting the same way, and banishing the villains around with abandon when given an opportunity. Running time, 59 minutes. At the Rex Friday and Saturday.

Robert Young and Helen Gilbert top the cast of Metro's "Floridan," a cavalcade of the pomp of Austria, and fall of the empire told through the eyes of a royal stailion for whom a man and a woman ransack the world. At the State, Wednesday and Thursday.

New Universal Films Universal for 1940-41 has announced some 23 new features. Scheduled for release November 29 is a picture of Fannie Hurst's great novel, "Black Street," with Joan Fontaine starred.

Other Universal pictures, to be released this season are "Caribbean Nights," with Allan Jones and Virginia Bruce, November 15; "Margie," with Mische Auer, Nan Grey, and Tom Brown, December 6; and Sigrid Gurie in "Streets of Cairo," December 20.

Metro's List

The House of the Lion has announced 54 new pictures for the new season. The list is too long to repeat here, but just as a sample of what fine pictures to expect, look these over:

"Escape," from Esher Vance's sensational best seller, starring Norma Shearer and Robert Taylor; "The Yearling," from the Pulitzer prize novel of Marjorie Kinnan's; "Road to Rome," finalization of a modern Hamlet, from the Sherwood play; "Tortilla Flat," from the book by John Steinbeck. Spencer Tracy is starred in both "The Yearling" and "Tortilla Flat."

PAMPA THEATRES THIS WEEK IN

LANORA

Today, tomorrow, and Tuesday: Bing Crosby, Mary Martin, and Basil Rathbone in "Rhythm on the River."

Wednesday and Thursday: "Blonde Plays Cupid," with Penny Singleton, Arthur Lake, and Larry Simms.

Friday and Saturday: Jon Hall and Frances Farmer in "South of Pago Pago."

REX

Today, tomorrow, and Tuesday: Douglas Fairbanks, Jr., and Rita Hayworth in "Angels Over Broadway."

Wednesday and Thursday: "A Fugitive From Justice," with Roger Pryor, Lucile Fairbanks, and Eddie Foy, Jr.

Friday and Saturday: Roy Rogers and George Hayes in "Young Bill Hickok."

STATE

Sunday and Monday: Alice Faye, Don Ameche, and Henry Fonda in "Lillian Russell."

Tuesday: Charlie Chan in Panama, with Sidney Toler.

Wednesday and Thursday: Robert Young, Helen Gilbert, and Lee Bowman in "Floridan."

Friday and Saturday: Gene Autry, Smiley Burnette in "Rancho Grande," with June Storey, Mary Lee.

CROWN

Today, tomorrow, and Tuesday: "Lost Horizon," with Ronald Coleman, and Jane Wyatt.

Wednesday and Thursday: "Mexican Spitfire," with Leon Errol and Lupe Velez. Short subjects and news.

Friday and Saturday: "Frontier Crusader," with Tim McCoy, Chapter 4, "The Clutching Hand." Two cartoons and news.

GIVE PORTRAITS to please close relations! The Really individual gift—one that will please those extra special persons on your list. Give your picture on a Christmas card. They will all appreciate it more.

FDR Proclaims Nov. 21 As Thanksgiving

WASHINGTON, Nov. 9 (AP)—President Roosevelt today proclaimed Thursday, November 21 as Thanksgiving day and declared that in these times of calamity and sorrow elsewhere in the world "May we give thanks for our preservation."

It was the second time the chief executive had set Thanksgiving a week earlier than the customary last Thursday on November 28. In 1939 he said it was done to benefit merchants by providing a longer interval between the Thanksgiving and Christmas holidays.

Two-thirds of the states have notified they will observe the November 21 date this year. Governors of these 16 states have adhered to the traditional date—November

28: Arkansas, Connecticut, Florida, Kansas, Iowa, Massachusetts, Maine, Nevada, Oklahoma, New Hampshire, North Carolina, Rhode Island, Pennsylvania, South Dakota, Tennessee, and Vermont.

In his proclamation the President included a prayer from the Episcopal book of common prayer, the same he read to the nation election eve from his home in Hyde Park.

According to statistics, motorists change the oil in their cars every 1,784 miles.

Americas THANKS FOR PEACE Day

ARMISTICE DAY

In Flanders' Fields the poppies blow
Between the crosses, row on row . . ."

Straight lines of them. One in back of another. Aisles of them, side by side. Stretching, reaching, climbing back over the curved brow of the hill. Hundreds of them. Thousands. Neat and white. Uniform. Crosses, each the same, each one a tabulator: one man dead. And in a tomb at Arlington sleeps another—unknown.

" . . . That these dead shall not have died in vain . . ."

We remember that. " . . . If ye break faith with us who die, we shall not sleep . . ." We remember that, too. And we keep faith. We keep faith with those who die, with those who sleep, row on row in Flanders' Fields, with the one who sleeps alone at Arlington. " . . . That these dead shall not have died in vain . . ." PEACE. Ours to guard. Ours to cherish. Peace.

357 Planes Downed In 13 Weeks, Says British Ministry

LONDON, Nov. 9. (AP)—In 13 weeks of the fiercest aerial siege ever endured, British anti-aircraft gunners have shot down 357 German bombers and fighters—a seventh of the total German losses over England—the air ministry announced tonight.

The car of R. L. Sander, Texas Elf employe, was side-swiped by another on Brown street last night. Occupants of the Sander car were shaken but not seriously hurt, county officers said.

Herbalist "Doctors" South African native herbalists, who are claiming recognition as "doctors," assessed schedules of payment for treatments. A cow or \$5 is the usual fee for treating a patient successfully.

Roosevelt Faces Third Term Our Most Powerful President

He can control stabilization fund of \$2,000,000,000. He can devalue the dollar any time. He can print \$3,000,000,000 in greenbacks. He can fix the value of the silver dollar. He has \$250,000,000 in cash at hand. He can commandeer factories for war production. He can issue priorities on defense. He can control the railroads in an emergency. He can control radio if nation is in danger. He can control and regulate foreign exchange and transfers of credit. He can control and regulate foreign trade. He can control and regulate foreign investments. He can control and regulate foreign shipping. He can control and regulate foreign currency.

The third term is fact. What will it mean that America and to the world? Bruce Catton supplies the answers in three articles. This is the first.

By BRUCE CATTON
NEA Service Staff Correspondent
WASHINGTON, Nov. 9.—Heading triumphantly into his third term, President Roosevelt carries with him more actual, concrete power than any previous president in American history.

He can control the nation's industrial life by issuing priorities for the production of defense materials. Under a 1920 amendment to the Interstate Commerce Act he can control the railroads in time of emergency by laying down priorities for certain types of traffic—a power by which any industry in the country could be brought to heel.

All Right—why DO we buy Automobiles?
DON'T you really buy a car for what it can do?
Doesn't the big kick come from being first off the mark and winging up hills as though they weren't there?
There's only one place in the world you can get such things—from a power plant that's up to its job.
But with enough power, you can have that flashing action—and economy too.
Our FIREBALL design and Compound Carburetion let us use a standard high gear that has the same economical result as so-called gas-saving devices.
They step up mileage as much as 10% or 15%, wing you down the road at 50 on a 30-mile fuel diet.
They even make driving easier, since they give so much reserve power that you'll have less need for shifting gears.
We're not saying style and comfort and size don't count.
But when you can get these and pace-setter performance too—hadn't you better at least drive a Buick to find out about it?
BUICK PRICES BEGIN AT \$935 for the Business Coupe delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices subject to change without notice.
"Best Buick Yet"

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Some of these powers were voted to him and passed in the early days of the New Deal. Still others come down from laws passed long before Mr. Roosevelt came to office. Probably it is fair to say that no one in Washington knows precisely how many of them there are and how far they go.

POWER GRANT HAS LAWYERS GUESSING
Last July congress passed an act to expedite the national defense. This empowers the president, through the secretary of war, to build and operate factories for the manufacture of military equipment, supplies and munitions. Under this the president could put the government in the munitions business—or the airplane manufacturing business or indeed into practically any other business affecting national defense.

Under the espionage act of 1917, the president may exercise complete control over all vessels, domestic or foreign, in U. S. territorial waters, even to the extent of seizing them and removing their crews by force.
POWER OVER MEN
The president could control the electric utilities under an act of 1935, which gives him broad powers of distribution systems to provide current for war-essential industries.

Common Ground

This column contends there can be no satisfactory progress until we measure the shares of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

THE CATASTROPHE OF NATIONAL YOUTH ADMINISTRATION

When I use the word "catastrophe" in connection with the National Youth Administration, I use it as one of the dictionaries, namely, "an event overthrowing the order and system of things."

The National Youth Administration is a natural sequence that has been culminating for years and overthrowing the Christian religion and the democracy as was known by our forefathers.

I want to relate a little personal experience with the Assistant National Youth Administrator, Anthony Zill, in the National Youth Administration at Quoddy, Maine.

It will be remembered that Quoddy, Maine, was the place where the government was going to harness the waves. We spent some \$7,000,000 building a lot of administration buildings and then the money ran out and we, our agent, have now turned it over to what is called a National Youth movement.

In conversation with Mr. Zill, he was so indefinite in his generalities, that I requested him to reduce his statements to measurements so that his ideas could be transferred to me.

He said that mathematics was quite different now than when I went to college; that things had changed. I asked him if two and two were not still four. He said, "not necessarily so."

Now, here we have men attempting to direct our youth who believe that two and two are not necessarily four; who believe that there are no inalienable rights that belong to the individual which cannot be taken away by the majority.

Mr. Zill says, "it is evident that I deny the majority of men the possession of unselfish humanitarian feelings."

I do not deny that they have "feelings" but I deny that the great majority of men understand that every act is followed by a series of consequences and that they do not understand the subsequent consequences that are unpleasant and disastrous.

I admit that they have "feelings" but not foresight. And unselfish humanitarian "feelings" without an ability to see the sequence of the results of every act has always in all history been most disastrous.

Teaching Young Men Robbery. The worst indictment of the National Youth movement is that they are making the youths in the national youth movement recipients of stolen goods. In other words, they are taking by force from the great mass of private workers who are producing more than they are permitted to consume and transferring part of the wealth produced by workers in private enterprise to these youths receiving more pay in the National Youth Administration than the wealth that they produce.

And to have the youth of the land be taught by the government that it is proper to be paid more for doing a job than the product can be exchanged for, is to teach them to steal and to rob. It is to teach them not to believe in the American system but to believe in the Russian system.

Here at this project, they are claiming they are teaching the boys how to raise chickens, cows, vegetables, etc., when any farmer can teach them how to do this at one-tenth the cost. And the fact of the matter is that when the farmers teach the youth how to raise these things, they will not be spoiled morally and taught to steal and be the recipients of stolen goods by getting paid more than what they produce.

Certainly if there is any catastrophe, any calamity, any tragedy that has ever happened to the American people, it is the National Youth Administration.

BARBS

Half a loaf is better than working all day Saturday.

Rain halted a University of Alabama student's 66-hour campaign speech. Rain usually comes after a long dry spell.

What's biting you draftees? Your Uncle Sam has ordered 150,000 yards of mosquito netting.

Oakland farmer's claim covering eggs ruined by a National Guard shell was refused. Egg-shell shock doesn't count.

\$100,000,000 To Throw Away

Some people must have money. Every wagering record in the United States was shattered by New York's recently-closed racing season in which sporting citizens tossed \$103,159,429 into the pari-mutuel machines.

The fellow who first noticed that one horse can run faster than another was the unconscious founder of a big business. These New Yorkers contributed \$5,197,415 in taxes to the state, and who is a better mark for taxes on the "ability to pay" principle than the people who can afford to toss a hundred million dollars a year out on the pony track?

The average loss-away per person per day was \$50. Yet we'll bet there were not lacking some citizens among this throng who could be heard to mutter from time to time, "Things are tough!"

Around Hollywood

By PAUL HARRISON

NEA Service Staff Correspondent HOLLYWOOD, Nov. 9.—You're sitting in a theater. Stage curtains are closed; lights are still bright; last-minute arrivals are scuttling crabwise to their seats. An orchestra begins to tune up.

You don't see any musicians but you figure there must be some, because the tuning sounds come from different parts of the stage. This is a trick, though, because when the house lights dim and the curtains part you realize you're watching a motion picture of orchestra members taking their places. They're deliberate about it just as they are in any auditorium. You view them rather dimly, mostly in profile silhouette.

Presently a man halts in mid-screen and begins to speak to the audience. He says his name is Deems Taylor and that in behalf of Walt Disney, Leopold Stokowski and the Philadelphia Symphony he welcomes you to a performance of "Fantasia."

In his easy fashion he goes on to say it is unlike anything you have heard—that it is a concert of fine music complemented by pictures. The pictures, he explains, are not necessarily stories—they may be designs and forms inspired by the music; they are the sort of images which might run through your mind if you just sat and listened to Stokowski and his men.

Then you see the conductor. He raps with his baton and begins Bach's Toccata and Fugue in D minor. The orchestra dissolves from view. The interpretive impressionistic part of the picture begins. There are eight musical selections spaced by glimpses of the orchestra and brief announcements by Taylor.

The material ranges from the reverent Ave Maria to the ludicrous dance of the hours, the latter burlesqued by a jungle ballet of hippos, elephants, crocodiles and ostriches. It goes from Beethoven's Pastoral, garished with Disneyesque centaurs and centaurettes and fauns and cupids to Stravinsky's Rite of Spring, a starkly primitive thing used to tell of the creation of the world, and of life development from single cells to the age of the great reptiles. Another is Moussorgsky's Night on Bald Mountain, "Fantasia," as a whole, is not a program for the kiddies.

With ordinary equipment for sound recording and reproduction, the enterprise probably would have been just a movie novelty with the music of no more consequence than the score of the average picture. But "Fantasia" will be a musical sensation, and the visual part actually will be secondary. The dimensional, directional sound developed by Disney engineers and RCA compares with the best reproduction now available in about the same way modern technicolor surpasses Thomas Edison's flickering kinoscope.

SIXTY LOUDSPEAKERS INSTEAD OF ONE

So far as I can learn, the main difference is that Disney and Stokowski have recorded on eight sound tracks instead of one, and from microphones scattered all through the instrumental sections of the orchestra. And reproduction of the music will come from 60 speakers variously placed in a theater instead from one speaker suspended behind the screen.

Because this equipment is so expensive and takes so long to build—especially with preparedness orders blocking production—"Fantasia" can be shown in only 12 theaters on the entire continent at one time. In the course of two or three years it is possible it will have reached only 72 cities.

It is predicted that as soon as smaller brakes are developed by the automotive industry, automobiles will have smaller tires with flatter and wider treads.

People You Know

By Archer Fullingim

Not many, if any, Pampans have two sons in the defense service as do Mr. and Mrs. H. H. Keyser, 1301 Rham street, whose two sons, Mage and Doug are in the army and navy respectively.

Mage has been in training at San Diego for a couple of weeks. Doug who has been in the army for over a year is head gunner at a post in Hawaii. Mage could always take about anything anybody could hand out, and although the rookie sailor routine at San Diego is rough and tough, he's in there punching. A letter from Mage goes something like this: "We get up at 4:30 every morning... and scrub the floors of all barracks with soap and hot water, windows, walls, stairways, shower rooms, and everything morning and night. We fall in for chow at 7, 12, 5 and all kinds of marching drills and the manual of arms in between. At night we wash all our clothes and hang them on the line. They shaved my head because every recruit has his head shaved. We have to take a bath and shave every morning. Everything has to be done right or else. You have a certain way to hang towels, blankets, sea bags on bunks and if they are not right you catch heck. Everything you have has your name on it and it had better be hanging right with your name up. We will be three weeks here in the south unit, then we will go to the north unit for two weeks then I will be assigned to a ship unless I go to a trade school. After both camps I will have a ten-day leave. If I have saved enough dough I will take it because it may be a year or two before I can "take it." Atta boy, Mage, stay in there! We're proud of you!"

So They Say

I always pray when I get in one of them things.

—Aged colored lady of Little Rock, explaining why she did not have her eyes open to see the cause of an auto accident.

A slogan is good only after it has been repeated 1,000 times.

—PRICE GILBERT, advertising expert.

North American militarism will be the most grandiose of all history. It will begin by inheriting the British empire.

—The late LEON TROTSKY in the last press interview before his murder.

It is axiomatic to say that in the current struggle of forces to sway the destiny of South America Brazil holds the key.

—WALTER R. SHARP in the Inter-American Quarterly.

County To Buy New Scraper

County Auditor E. C. Wilson was authorized by the county commissioners at their meeting Saturday to advertise for bids on one two-wheel, five-yard, scraper, on which there is to be a trade-in of one 1/2-yard revolving scraper.

Other business transacted included the approval of bills for payment and transfer of \$5,000 from the general to the salary fund, and renewal of a grass lease.

The lease is on Gray county school lands for the year 1941, to Bert W. Self, at a rental of \$30 a year.

Pampa Library To Observe Book Week

Sunday begins National Book Week, a nation-wide cooperative program shared by educators, librarians, Scout leaders, parents, book sellers and publishers, Mrs. James Todd, Jr., Pampa librarian, announced yesterday.

Theme of this year's observance is "Good Books, Good Friends." In discussing National Book Week, Mrs. Todd said:

"Book Week is observed during November and December, because it is the busiest time of the year for the sale of children's books. During these months more parents take time and interest to familiarize themselves in children's books."

"Book Week is not intended to be a lone week for the distribution of children's books, but it is a week for arousing new enthusiasm and the effect this new enthusiasm will have on the individual."

"Books are the essential tools to education. If they are good books, they contain the crystallized experiences of many men and women. How far should we have gotten in our industries, our science laboratories, engineers, chemists, accountants and executives to dig into it if it had not been for books?"

"They are far more than that however. They are adventure, love and beauty. They are the cheapest yet the most durable form of entertainment. No matter how poor you are, you need not be cut off from books today. Without them this would be a hopeless world. Let Book Week give you a fresh start on your reading. You are invited to visit the Pampa Public Library during the week."

Revue Cast Guests Of Kiwanis Club

Members of the cast of the Pampa Kiwanis club's Twp. O' Texas Revue held Wednesday and Thursday nights at the Pampa High school auditorium, were among guests of the Pampa Kiwanis club at the club's regular weekly luncheon at noon Friday.

The Rev. Robert Bohlen, pastor of the Presbyterian church, announced the annual Red Cross roll as a discussion of the Revue.

Guests were Virginia Eason, Blanche McMillen, Sallie Cahill, Ken Bennett, Maxine Holt, Jim Edwards, Kenneth Carman, Dude Balthrope, Richard, Kuehl, June Amick, Iris Williams, Johnny Wells, Stanley Brake, Bill Brown, A. E. Hickman, Frankie Lou Keehn, Ivey Burns, and Paul Briggs.

Holding 1916 Cotton HONEA PATE, S. C., Nov. 9 (AP)—Charlie Banister is still holding some "forty cent cotton." Banister has more than 300 bales stored on his farm, 50 bales of which could have been sold in 1916 when raised at 40 cents a pound. Cotton now is bringing less than 10 cents. Banister says he came along when "everyone was taught to save," and that he just never has changed.

TEX'S TOPICS

By Tex DeWesse

THIS is being written on a sunny, summery Saturday afternoon with the temperatures flirting around the seventies. . . . The comfortable top-coat of last night is no longer comfortable. . . . The air-conditioner has been put in moth balls for the winter and we have been wondering around the office if perhaps we might not have been a little shy in holding in for winter. . . . To change the subject: . . . Isn't it strange how curious some people get at times? . . . They worry themselves into a lather and a dither over something that concerns them not a whit. . . . If they can't find the right answer, they'll invent one. . . . Suppose that's just human nature.

Tomorrow is Armistice Day. . . . At the eleventh hour of the eleventh month of 1918, the guns fell silent along the Western Front. The World War was over. . . . Lovin'ly reversed the memory of the millions who had fallen before that eleventh hour has caused the world ever since to mark the day.

THERE is something suggestive about that eleventh hour. It is as though an unseen, unheard warning was being given that time is not unlimited, that Western Civilization had not squandered quite all its resources, that one last hour remained to prove that it could profit by experience and save its soul. . . . It had indeed been the eleventh hour. France was literally "bled white" and could not have carried on much longer. Germany was just going over the brink of revolution. Only staunch Britain and her empire, and the unexhausted American might were still standing firm when that hour struck.

The chance offered by that last hour was badly missed. Statesmanship fumbled when the fighting men passed the ball of world affairs to them. For 22 years the statesmen carried the ball, but failed to gain. And now, again, Western Civilization sees the clock upon the walls of time ominously pointing at eleven. . . . It is as though time had not moved, that all the intervening years were a feverish dream. For again, as in 1918, the ball is back in the hands of the fighting men, passed to them by the statesmen who tried to carry it, but could not gain. And again it is eleven o'clock.

IT IS RIGHT and proper to remember the men who died in the World War, to remember them with tenderness and love. They did their job. They wore their drab uniforms, they were in the trenches, they were permitted a rebuilding. They taught the lesson; it is not their fault that we refused to learn. . . . So it is fitting to turn for a moment to yesterday's dead, even though a new generation now marches in the ranks that knew their undaunted tread, and to turn once again to those deathless words of Lincoln, the most solemn memorial ever pronounced over the graves of soldiers: "The men who were highly resolved that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth."

In "Mein Kampf" we find Adolf Hitler's most remarkable remark: "It will be my duty to fight the next war in such a terrible manner that my enemies cannot ensure that each country will imagine that it alone will escape. I shall not even need to destroy them one by one. Selfishness and lack of foresight will prevent each one fighting until it is too late."

EXPLAINING the tendency of some women to extend their cheek instead of their lips for a kiss of greeting or parting, a young woman of Olympia, Wash., says: ". . . Extending the cheek is the intelligent way to kiss. Kissing with the lips tends to increase the spread of germs, particularly cold and influenza germs, therefore it is not healthy and should be discouraged." . . . About the only comment on this we can think of right now is to say: "Oh, yeah!"

During 1939, private planes used 16,000,000 gallons of gasoline.

Johnny Gets His Gun

ROOKIES WILL GET BIG DOSE OF DRILLING THROUGH 13-WEEK 'ALL-OUT' PERIOD

One of a series taking a drafted into Uncle Sam's new army.

By MILTON BRONNER NEA Service Staff Correspondent WASHINGTON, Nov. 9.—Assume that John Q. Citizen, drafted under the Selective Service Act, has been assigned for training in the infantry. After that, that is still the largest component of the American army.

The War Department at first thought of filtering all draftees, regardless of the branch of the service selected for them, into the regular army or national guard units. They were to learn as much as possible by watching and imitating the already trained men in their platoons. It was finally decided, however, to segregate the draftees and give them 13 weeks of the most intensive training. There will be no play about this. The slogan has been handed down: "The maximum of progress in the minimum of time."

This has been softened to some extent by a reminder from General Marshall, chief of staff, that officers are to remember, first and foremost, that draftees are American citizens and that not only the success of the draft, but the future feeling toward the army, will depend upon how wisely the men are handled. John Q. Citizen may have heard from his father, who was a draftee in the World War, all about the great amount of hard slogging drill he was put through as an infantryman. John and his fellow draftees

John Q. won't have to learn much of the fancy drill routine that confused the World War soldiers.

will get plenty of that too, but in greatly simplified form. A lot of the fancy stuff has been cut out. Only the essentials remain. Drill is necessary, of course, for exercise, for discipline and for teamwork. The men will dig trenches, and do the other essential jobs. They will be taken on route marches and thus gradually hardened, until at last they can take 20 miles a day in stride and carry a pack weighing slightly over 54 pounds.

NEXT: The infantry's job.

Petit Jurors For November Term Of Court Announced

List of the petit jurors for the jury week of the November term of county court, which opens November 18, was announced Saturday from the office of the district clerk.

The jurors were selected by the jury commission composed of W. C. Breining, J. B. Barrett, and J. R. Jarvis, on August 6.

From Pampa, C. E. Ward, Lynn Boyd, W. A. Bratton, Owen Moore, Evers Whaley, Siler Hopkins, James Barrett, H. G. McCloskey, Raymond Harrah, W. H. Dempster, M. S. Wise.

LeFors: B. J. Diehl, W. I. Gilbert, J. E. Lambert, W. J. Finley, F. E. Bull, George Duncan, R. C. Ogden, H. H. Kealey, White Deer; Henry Babcock and Roy Ritter, both of Groom; R. F. Day and Roy McCracken, McLean; James Barnes, Alander.

Oil Flows From Moore County Gas Well

Four-Year-Old Gasser Flows 601 Barrels

Flowing gold continues to play strange tricks in the Panhandle oil field.

Four years ago the Phillips Petroleum company completed a gas well on the Moore lease in section 106, block 4, T&GN, survey 1, Moore county, three miles south of Sumner, for 50,000,000 cubic feet of gas. A few weeks ago the well gauged only 37,000,000 cubic feet so the company decided to acidize the well. Production was immediately stepped up.

On Thursday when the well was "blown out" oil shot from the hole. It wasn't just a head, it was a strong flow. The well was shut in and railroad commission officials called. Placed on test the well gauged 601 barrels in 24 hours.

Oil wells have blown in from gas before but the Moore county test wasn't the only one in the field for on Friday Dave Rubin reported that two of his wells on the Barnhill lease in the Martinez survey in Moore county had started producing oil. One of the wells, Rubin reported, had been abandoned as an oil well several months ago while the other was a small gas well completed two years ago. No test of the production has been made.

One of the Panhandle's most interesting wildcats has been reported dry and will be plugged. The test was the Ramsey Oil company's No. 1 Lynch brothers in Cottle county. Total depth when salt water started to flow was 5,694 feet.

In the same area the Humble Oil and Refining company's Matador Land and Cattle company wildcat, completed a fishing job last week and resumed drilling at 5,600 feet.

One oil well and two gas wells were completed in the Panhandle field last week.

New locations were stepped up to 17 with five in Gray county, four in Carson and one in Hutchinson county. The Texas company will drill a test on the southwest edge of the Myrtle Davidson ranch in east central Gray county. The location will be in section 65, block B-2, H&GN survey.

Completions by counts for:

In Carson County
Magnolia Petroleum Co., No. 91 Fee Land 244, section 110, block 4, I&GN survey, was given a potential of 537 barrels.

In Moore County
Canadian River Gas Co., No. A-5 Masterson, section 44, block 3, G&M survey, gauged 24,800,000 cubic feet. Shamrock Oil and Gas Co., No. 19 Speed, tract 4, Speed survey, gauged 20,000,000 cubic feet.

Intentions to drill:
Cities Service Oil Co., Magnolia "C" No. 2, 330 feet from north and 330 feet from west lines of section 106, block 4, I&GN, Carson county.
Cities Service Oil Co., Magnolia "F" No. 4, 330 feet from the south, 335 feet from the east lines of NW 1/4 of section 110, block 4, I&GN, Carson county.

Magnolia Pet. Co., Fee 244 No. 93, 330 feet from the north and 330 feet from the west lines of S 1/4 of section 110, block 4, I&GN, Carson county.

Clayton-Dwyer Drig. Co., H. Schaffer No. 2, 330 feet from the south, 1,100 feet from the west lines of NE 1/4 of section 195, block 3, I&GN, Carson county.

Magnolia Pet. Co., Fee 227 No. 39, 330 feet from the south, 2,470 feet from the east lines of section 10, block 3, I&GN, Gray county.

W. J. and John J. Moran, J. Skidmore No. 6, 330 feet from the west, 50 feet from the north of SW 1/4 of section 164, block 3, I&GN, Gray county.

Cities Service Oil Co., A. J. Culler No. 15, 50 feet from the south, 1,320 feet from the east lines in SW 1/4 of section 164, block 3, I&GN, Gray county.

Ryan Consolidated Pet., C. S. Barrett No. 1-B, 330 feet from the north, 330 feet from the west lines of SE 1/4 of section 113, block 3, I&GN, Gray county.

Ryan Consolidated Pet., C. S. Barrett No. 2-B, 330 feet from the south, 330 feet from the west lines of SE 1/4 of section 113, block 3, I&GN, Gray county.

Travelers Oil Co., W. B. Halle No. 13, 330 feet from the south line, 330 feet from the east lines of W 1/2 of section 16, block "L", EL&RR, Hutchinson county.

The Texas Co., M. Davidson No. 1, 330 feet from the north, 330 feet from the west lines of section 65, block B-2, H&GN, Gray county.

Primary training planes (Stearman) are being completed at the rate of one airplane every three hours.

The fighting planes today have eight machine guns, the Spads had two 30-30 machine guns.

Merchant Marine Grows, Too

Newest addition to Uncle Sam's rapidly growing merchant fleet is the S. S. President Jackson. First of seven new passenger and cargo vessels being built by the American President Lines, it is pictured in drydock at Newport News, Va., almost ready for her trial run on October 15th.

Oil Field Workers Classes To Be Organized Thursday

Vocational classes in industrial practices will be organized at a mass meeting of interested workers Thursday night at 7:30 o'clock in the high school auditorium. C. M. Davis, coordinator, will preside and will explain the various night classes which can be organized.

Cost of the courses will be only \$2 for a 48-hour course and at its completion each person finishing the course will be presented with a certificate. Classes will meet twice weekly on nights to be adopted by members of each class. Instructors can also be selected by members of each class.

Four classifications of courses will be available this year, as follows:

Carbon black petroleum workers including drillers, roustabouts, roughnecks, pipeliners, etc., shop workers, and gasoline plant workers. More than 200 persons attended courses here last year.

In explaining the method of organization and operation of classes, Mr. Davis says:

"The state and federal governments, recognizing the demand for practical education for adult workers, appropriate money each year to provide aid for the instruction in evening and part-time trade extension classes. These courses are available for all workers provided they select a subject that pertains to the type of work that they are engaged in. For example, a petroleum worker could take any course which have to do with the subject of petroleum or which have to do with the study of equipment which is used in the petroleum industry, provided that the content of the course will help the worker in his daily work."

"A new course may start any time that 12 people want the same subject. If a person is especially interested in obtaining instruction in a particular subject he should contact C. M. Davis, Box 955, Pampa, whose duty it is to make all the possible arrangements for a man to take the course that he is vitally interested in."

The extension program is open to everyone. Included in the list of courses to be offered are:

Elementary oilfield mathematics; advanced oilfield mathematics; care and operation of internal combustion engines; maintenance and repair of mechanical equipment; steam power; elementary science applied to the petroleum industry; electricity in the petroleum industry; natural gas; production practices; blue print reading; natural gasoline.

Carbon black; Arithmetic; advanced arithmetic; elementary science.

Shop workers: Elementary shop mathematics; advanced mathematics; shop sketching; advanced shop drawing; practical welding.

Parks Motion For New Trial Denied

Motion for a new trial in the case of State of Texas vs. Willie Parks was overruled by Special Judge S. D. Stennis in 31st district court Saturday.

Parks was found guilty of murder with malice aforethought in connection with the slaying of Boyd Wilkinson, 27-year-old Pampa filling station attendant, last August 7, in a verdict returned by a district court jury here on October 17. The verdict assessed his punishment at 99 years imprisonment.

Yesterday, after Judge Stennis had overruled the motion for a new trial, defense attorneys gave notice of appeal to the court of criminal appeals at Austin, and were granted the customary 90 days in which to prepare their statement of facts.

Divorce Decrees And Judgments Recorded Here

September term of 31st district court was concluded here Saturday with a dozen judgments recorded. Next term of district court here opens on January 6.

Judgments recorded in district court yesterday were:

Divorce decrees, Myrtle Nelson vs. C. E. Nelson, plaintiff's name of Myrtle Valentine restored; Betty Ann Monday vs. Ray Monday, plaintiff's name of Betty Ann McTaggart restored; J. M. Condit vs. Gladys Condit, plaintiff awarded custody of Billie Jo Condit, minor.

Minnie Snyder Dewey vs. T. P. Dewey, custody of Betty Jo Dewey, minor, to plaintiff; Mrs. Dorothy Aylor vs. Harle L. Aylor, custody of Gerald L. Aylor, 2 1/2, to plaintiff, defendant to pay \$7.50 toward child's support.

J. W. Bozeman vs. Bessie M. Bozeman, defendant granted custody of Gladis, 15, Carl 13, Gertrude, 11, Francis, 9, Thelma, 8; plaintiff to pay \$12.50 per week for benefit of children; property settlement approved. F. M. Gentry vs. Lenore Gentry.

Judgments included Maude L. Deaton Mathis vs. Jack Deaton, custody of Robert Dwayne Deaton to plaintiff; C. H. McKenzie vs. Dot Eleas McKenzie, divorce granted, custody of Billy Charles, 6, and Jerry Eugene, 4, to plaintiff.

Gulf Oil corporation vs. Lyman Jackson, defendant permanently enjoined from entering SE 1/4 of survey 88, block 3, I. & G. N. survey, Gray county, for drilling of wells; defendant recovers \$300 on cross-action.

G. A. Latus vs. Russell Beall et al, cause dismissed on motion of Beall; C. W. Henry et ux vs. John E. Hill Lumber company, agreement reached, cause dismissed.

Lindsey Funeral To Be Held Today

Funeral services for Walter T. Lindsey, 34, will be conducted at 2 o'clock Sunday afternoon in the chapel at the Duenkel-Carmichael funeral home by the Rev. C. R. Howard, pastor of the Bovina Pentecostal church, assisted by the Rev. A. T. Kersey of Bovina. Burial will be in Fairview cemetery here.

Mr. Lindsey, resident of Pampa for six years, died unexpectedly Friday morning of a throat infection. He had been employed by the Egan-Wee Oil company.

Survivors are widow, a daughter, Martha Jean, Visalia, Cal., two sons, Theodore Lindsey, Pampa, and W. T. Lindsey, Visalia, his mother, Mrs. Fannie Powell, LeFors, and two brothers, O. T. Lindsey, Lubbock, and Thuron Lindsey, Leeksville, N. C.

Burialbearers will be P. H. Cooper, W. E. Hinton, R. O. Mangel, W. R. Cook, J. A. Marshall and Vance Sharpe.

Material For High School Building To Be Purchased

Material for the new high school building will be purchased when the Pampa school board meets in special session at 2 o'clock Tuesday afternoon in the city hall.

Bids will be opened for terrazo flooring for the halls, asphalt tile for the class rooms and basement, insulating material for rooms and auditorium, and steel partitions for the toilets.

Date of opening the bids was set at a regular meeting two weeks ago.

Youthful Bandits Hunted At Grapeland

GRAPELAND, Nov. 9 (AP)—Officers searched tonight for a small group carrying two youthful bandits in a maze of country roads northeast of here today.

The unmasked youths held up the cashier of a gasoline corporation at a loading rack two miles north of here about 4 a. m. and fled with some \$300 in cash and several hundred dollars worth of checks.

Market Briefs

FORT WORTH LIVESTOCK
FORT WORTH, Nov. 9 (AP)—U. S. Dept. Agr.—Cattle salable and total 200; calves salable and total 50; nominal. Compared with last week: best steers and yearlings strong, cows 25-40c higher, calves fully 25c higher, stockers strong; top slaughter steers and yearlings 10.50, bulk 7.00-9.75; best heifers 10.50; top cows 4.50, cutters 4.25 down; practical top weaners and killing calves 10.25; stock steer calves 10.25; yearling stock steers 9.50.

Hogs, salable and total 300; market mostly 15-20c higher than Friday's average; top 6.00; good and choice 1.50-3.00; 6.50-8.00; choice 1.44 lb weights 5.75; packing sows steady to strong, 3.25-7.50. Sheep, salable and total 1,600; trade nominal. Compared with last week's close: fat lambs fully 25c higher; yearlings and feeder lambs strong; most fat lambs 7.75-8.25; short lambs 7.00-8.00; woolled yearlings 7.00-8.00; short yearlings 6.50-7.50; woolled aged wethers 4.25-7.50; feeder lambs 6.50-7.25.

NEW YORK, Nov. 9 (AP)—The stock market advanced in the best Saturday rally since September last year, with favorites pushing up 1 to 3 points at new highs for 1940. A number of issues, however, came as a surprise to brokerage quarters inasmuch as weekend earnings for this month, and which the rule for months past. The ticker tape fell behind as much as three minutes for a while.

The Associated Press average of 60 stocks was up 2 1/2 of a point at 48.5 and on the week showed a net gain of 7. A month ago the composite stood at 44 and a year ago at 51.5.

Transfers amounted to 1,099,290 shares, a top two-hour volume since May 18, when 1,100,000 shares were traded in the wake of Germany's march on France.

Issues hitting new 1940 tops included U. S. Steel, Bethlehem and Crucible steel. Forecasts of near record-capacity production next week for the steel industry as a whole, estimates October automobile output touched a new high mark for this month, and which sheering prospects for shipbuilders as war orders present ocean tonnage, served to stimulate bullishness.

Aluminum of America shut up 6 points in the curb. Sales approximated 151,000 shares.

Crummer Submits Low Bid For \$600,000 In Road Bonds

Gray county received a record-breaking low interest bid on the issuance of \$600,000 in Gray county road bonds.

The rate was 1 1/2 per cent on the bonds that mature in the period 1943-47, 1 3/4 per cent on the bonds that mature in 1948-52. Net bid of the successful bidder was \$58,789.

Crummer & Co., Inc., of Texas, Dallas and Ranson, Davidson & Co. of Wichita, Kas., submitted the joint low bid.

There were seven bids in all, with 19 firms represented in the various combinations of bidders. Reason for the merger of so many bidders was that no one firm wanted to handle so large a job of bonds.

Officials Pleased
George A. High, chief accountant of the board of county and district road bond indebtedness, said the interest rate was the lowest the board had known. The lowest to date for the board is 1 7/8 per cent. He was highly pleased with the low rate. High was present at the meeting here.

The bonds, automatically assumed by the county and district road bond indebtedness, go for the paving of Highway 18 across Gray, improvement of Highway 278. All of the money is to be spent in Gray, but issuance of these bonds makes possible the co-operation of Roberts and Ochiltree counties in the development of a north-south road, connecting Pampa, Miami, and Perryton, a long-hoped-for ambition of Pampa civic leaders.

The last Gray county bonds were issued in 1935. County officials thought they were getting a good deal at the time with a 4 per cent interest rate.

Summary of Deal
County to issue \$600,000 in road bonds, each in \$1,000 denomination, dated December 1, 1940.

Interest due December 1, 1941 and semi-annually thereafter; principal due \$40,000 annually from December 1, 1943 to December 1, 1947; and

Draft Board Will Not Call For Navy, Marine Selectees

The navy and the marines don't have much trouble in getting recruits.

These two defense branches have already obtained enough men to warrant the state selective service headquarters in stating:

"It is not contemplated that calls will be made to selectees for the navy or marine corps during the present calendar year.

This may change the attitude of some of the nine Gray county selectees who had expressed a preference for the sea forces. At the time of application, selectees had been given their choice of the three branches, in making volunteer enlistments.

Men specified in calls for service will be selected in sequence of their numbers, except that class 1-A men so specified who have volunteered shall be selected to fill the call before any man who has not volunteered shall be selected.

Wind Helps Panhandle Beat White Deer 7 To 0

By HARRY E. HOARE
Sports Editor, The Pampa News
WHITE DEER, Nov. 9.—A freak punt into a strong wind gave the Panhandle Panthers the break for a 7 to 0 victory over the White Deer Bucks here Friday afternoon. The game was played in bitter cold with a strong southwest wind blowing across the field but it wasn't enough to keep more than 1,000 faithful fans from witnessing the important conference battle.

The Panthers scored just before the half when with the wind to his back, J. Robertson punted the Bucks deep into their own territory. Hourigan, who had trouble with his punting all afternoon, stood on his goal line and aimed one down the field. But he hadn't reckoned with the wind which caught the ball and carried it into the arms of Halfback Hayton on the Bucks' 30-yard line and he returned to the two-yard strip before he could be stopped. On an off tackle buck Hayton carried the ball across and Robertson kicked the extra point from placement.

Robertson Punt 100 Yards
A few minutes later the Bucks got away for several nice gains and then one of Hourigan's good punts put the ball on the Panhandle 8-yard line. That was when big J. Robertson became a hero. He backed five yards behind the goal line and kicked. The ball was high and at an angle and before it stopped rolling it was resting on the White Deer 5-yard line, out of bounds, and an even 100 yards from where he was standing when he kicked the ball.

Panhandle had a wide edge in play but the Bucks staged many sensational goal line stands to keep the hungry Panthers from again crossing their goal line. The Panthers hung up 10 first downs to four for the Bucks and had a big edge in yards gained.

Muri Pruitt, 170-pound halfback, was the big noise in for the Panthers attack with Hayton chiming in with some pretty end runs. The Buck attack was principally in the hands of J. Russell, 174-pound quarterback, who carried the ball on nearly every play. He was assisted at times by Weaver, 130-pound halfback.

The White Deer passing attack was completely smothered by the charging Panther line which never let the passer have time for a real effort. The Panthers took the air only on rare occasions and they completed a few for nice gains.

Line Charges Hard
The Panther line played a hard-charging game that opened again for the ball carriers to get into the secondary where most of the tackles were made. At times, however, C. Noel, tail end, Tomlin, center, and Gores, tackle, broke through to make sensational tackles. Williams, Lewis and Towe played outstanding games in the Panther line.

The Panther victory kept them in the running for the district title. They have lost only one game, to

Grayson's SCOREBOARD

BY HARRY GRAYSON
NEA Service Sports Editor

A letter from Moray L. Eby, coach of Coe college in Iowa, to Amos Alonzo Stagg, who is closing his illustrious career at little College of the Pacific, once more stresses why the Grand Old Man has for so long stood for so much in football.

"In 1899 on Stagg Field in Chicago an incident happened which for 40 years has meant more to me than I ever can express," writes Eby.

"You may remember that Iowa was playing Chicago and I was right end on the Iowa team. At the start of the game we kicked to Chicago and Dolly Gray was receiving the kick. I dived for him, my shoulder struck his chest, and he was badly injured.

"The officials ruled me off the field for unnecessary roughness. 'I was captain and my teammates were reluctant to go on because they thought the decision unfair. 'You came to me and said: 'Young man, I really don't think you did

Doss plunged twice to place the ball on the Bear 42. A Steer penalty cost 15 but Crain worked it back to the Baylor 47.

Then Layden shot a long one sideways to Doss who was downed on the Bear 29. Crain cracked left tackle for 13, a pass lost ground and it was Layden again who ripped over guard to the Bruin 7 and first down.

It took him two tries to plunge over for the marker. Crain's placement for point was blocked by center Bob Nelson who turned in a great game for the losers.

Texas gained 145 yards rushing to the Bruin's 115 and 69 by the pass route to their opponents 44. Baylor tried 18 aerials and completed four to 25 and six for the Longhorns. The Bruin returned kicks for an aggregate of 99 yards while the Steers got 77.

Starting lineups:
Panhandle—Williamson and Held, ends; Carney and Cox, tackles; Woods and Towe, guards; Lewis, center; Robertson, quarter; Pruitt and Hayton, halves; Little, full; Sub-H. Cox, Dennis, Herndon, and Thorp.

White Deer—Noel and Matheson, ends; Moot and Gores, tackles; Jett and Guerry, guards; Tomlin, center; Russell, quarter; Weaver and Aubert, halves; Hourigan, full. Subs—Urbanczyk, Bednorz, Austin.

Officials—Brown, LeFors; Livingston, Pampa; Rush, Miami.

that purposely, and allowed me to go back in the game.

"There are many instances like that in football, but that was a very fortunate one for me, because through that experience I became acquainted with you."

Moray L. Eby really met somebody when he came in contact with Amos Alonzo Stagg.

Stanford is employing the old "T" formation and the Chicago Bears' offense, and quick opening plays have wrecked the opposition, including Southern California.

Dive-tackle plays, cross-bucks and such worked well before 1920, when they were suddenly abandoned by the majority of coaches for no apparent reason.

George Halas of the Bears and Clark Shaughnessy of Stanford are a couple of old-fashioned blokes, but they manage to do all right by bringing a lot of antiquated stuff up to date.

Smallest Squad
Second substitute in the backfield will be Andy Smith who has been showing up exceptionally well in powerhouse drives. Don Meador will be the only other backfield reserve available for Monday's game as Tom Johnson was moved to end when Ed Riley left the squad.

The seven linemen who have started every game this season will get the call Monday, Coach Mitchell announced yesterday. They will be Ott and Nichols at ends, Chesser and Phillips at tackles, Pale and Burnett at guards, and Burge at center.

Rounding out the backfield will be Pendleton and Arbur at the halves and Terrel at fullback. The Harvester squad will consist of only 26 players ready for battle at the present time, the smallest Harvester football group in 14 years.

Reserve seat and student tickets will be available at the office of the school business manager in the city hall here until noon Monday. No general admission tickets have been received here.

Officials for the game will be Gib Jackson of Phillips, C. M. Brown of LeFors, J. H. Duncan of LeFors, and Otis Burk of Ferryton.

Helpful Insects
If it weren't for the industry of myriads of tiny insects using the twigs of trees for their factory sites, there would be no beautiful Chinese lacquer work or shellac.

All the insects in the world today would outweigh all the mammals, according to some scientists.

the parade. At 11:30 o'clock, E. C. Fisher of Canadian, Hemphill county judge and commander of Canadian's Zybach-Owens American Legion post 56, will deliver a public patriotic address.

Immediately after the talk, women of the Legion will serve all veterans with doughnuts and coffee.

At 2:30 o'clock the Pampa-Borger football game will be played at Bulldog stadium.

In Pampa tomorrow night, a pot luck supper will be held at 7 o'clock at the Legion hut, for all ex-service men. This will be followed two hours later by an invitation dance at the same place.

Borger will conclude its part of the celebration with a dance at their Legion hut, with Les Rowland, who comes to Borger from Amarillo's Nat, and his orchestra furnishing the music.

Pampa Will Scrap Borger Armistice Day

Saturday wasn't a day of rest for the Pampa Harvesters who will meet the Borger Bulldogs in Borger Monday afternoon at 2:30 o'clock in an important conference game. Instead of taking the day off the Harvesters went through a long drill, principally devoted to work on defense.

Ralph Proper, one of three Harvester cripples, was able to be in uniform but it is doubtful if he will see service Monday because of a knee injury. Grover Heiskell, firing quarterback, passer and punter, was not even in uniform because of a knee injury. A. C. Enloe, out with a shoulder injury, was unable to raise his arm.

Another cripple may be listed as Roland Phillips, 202-pound tackle, twisted his knee kicking off. The injury was not believed serious, however.

Little R. L. Edmonson, the midget of the squad, will call signals for the Harvesters in place of Heiskell. If Edmonson needs relief, Leonard Hollis will get the nod, Coach Ocus Mitchell said after yesterday's workout. If Hollis goes into the game Ed Terrell, fullback, will call the plays.

Smallest Squad
Second substitute in the backfield will be Andy Smith who has been showing up exceptionally well in powerhouse drives. Don Meador will be the only other backfield reserve available for Monday's game as Tom Johnson was moved to end when Ed Riley left the squad.

The seven linemen who have started every game this season will get the call Monday, Coach Mitchell announced yesterday. They will be Ott and Nichols at ends, Chesser and Phillips at tackles, Pale and Burnett at guards, and Burge at center.

Rounding out the backfield will be Pendleton and Arbur at the halves and Terrel at fullback. The Harvester squad will consist of only 26 players ready for battle at the present time, the smallest Harvester football group in 14 years.

Reserve seat and student tickets will be available at the office of the school business manager in the city hall here until noon Monday. No general admission tickets have been received here.

Officials for the game will be Gib Jackson of Phillips, C. M. Brown of LeFors, J. H. Duncan of LeFors, and Otis Burk of Ferryton.

Helpful Insects

Phillips Beats Perryton 16-0

Special To The NEWS

PHILLIPS, Nov. 9.—The Phillips Blackhawks moved into their last lap of the conference race by beating Perryton 16-0 Friday night on the Ranger's field. Before a slim crowd, composed mostly of Phillips followers, the Hawks continued their high-caliber performance which has brought them through to a perfect season record.

Phillips scored its first touchdown early in the first quarter on a line play with R. L. Cooper carrying the ball. The Perryton boys seemed to be anticipating passing attacks from the Phillips team, and the drives through their line appeared to be surprises. Jim Braden failed to convert the extra point; so the score read 6-0, Phillips, at the end of the quarter.

The second touchdown came late in the second quarter when Phillips took a 30-yard run to gain yardage enough to be in a striking distance of the goal line. The point was scored on a pass from Cooper to Norman, over the middle of the line, which brought Norman to his own ten-yard line, and he ran it over. Braden's kick connected to bring the score to 13-0, Phillips. Phillips kicked off to the Rangers and recovered their own kick-off on a fumble. They had about two yards to go and two downs to make it in when the gun ended the first half. It was Phillips' half all the way.

The last half of the game got under way with the Rangers full of more steam than they'd shown in previous play. They held Phillips when another touchdown play loomed eminent. The Hawks used that opportunity to practice their booting and they scored three points with a field goal. Braden kicked the points.

The Rangers had but one scoring opportunity, which they snuffed. Even with their renewed vim and vigor in the second half, the game was never in any state of indecision. It was Phillips' game at all times.

The team, as a whole, was good. R. L. Cooper and E. Keel turned in excellent back-field performances. Stevens, Braden and Eldridge were line-stars.

As a result of Panhandle's win over White Deer Friday afternoon, Panhandle is second place in the Conference. Phillips meets White Deer next Friday afternoon at Phillips for the last conference game of the season.

The conference standings are:
Phillips Games w. l.
Panhandle 4 4 0
White Deer 4 4 0
Canadian 5 3 2
Perryton 4 1 3
Spartan 5 0 5

Coach "Clem" Walker is playing each game as it comes along, but the Blackhawks' rooting section has been toying with the idea of a District championship for the Phillips boys. If the boys continue their fine playing they should be able to take whatever opposition they meet and emerge with the District title. They have their town behind them, one hundred per cent.

Another Canadian Liner Transport Reported Bombed
(By The Associated Press)
NEW YORK, Nov. 9.—Bombing by German planes of the 26,032-ton liner Empress of Japan, a British transport about 300 miles west of Ireland was reported today by a correspondent of Domei, Japanese news agency.

The correspondent told of the attack in a wireless message to his New York office from the Japanese liner Fushimi Maru. (No information was available in London or Ottawa.)

The Fushimi Maru had picked up an S Q S from the Empress of Japan which said a direct hit had disabled her engines, the Domei correspondent said. The Japanese ship, carrying several hundred homes from Britain, left Galway, Ireland, Nov. 7 for Japan by way of Bermuda and the Panama Canal. Domei said the attack occurred in latitude 53.54 north, longitude 14.14 west, approximately the same area where the 42,348-ton Empress of Britain, flagship of the Canadian Pacific's Atlantic fleet, was crippled by German bombers Oct. 26 and sunk two days later by a Nazi submarine with a loss of 45 persons.

The Empress of Japan, former flagship of the Pacific fleet of the Canadian Pacific Steamship company, was built in 1930, cost \$7,500,000 and had accommodations for 1,212 passengers. She formerly ran between Vancouver, Honolulu, Japan and China ports and Manila.

She was converted into a troopship at Hongkong last April and in July arrived at Manila with 1,640 British women and children who had left Hongkong when the situation there became serious.

HE'LL PLAY

When a starting Harvester backfield man needs relief in Borger Monday his place will be taken by Leonard Hollis, above, who has been designated first string reserve for the game. Hollis has been showing exceptional ability in practice the past week and he is expected to see plenty of service. Hollis is one of the fastest boys on the squad and he's a good pass receiver.

HE'LL START

R. L. Edmonson, above, the midget of the Pampa Harvester football team, will get his first starting assignment of the season Monday afternoon in Borger when he takes over Grover Heiskell's job as signal-caller and punter. Heiskell will watch the game from the sidelines because of a badly injured knee. Although weighing only 130 pounds, Edmonson is fast and has plenty of power.

Borger Pretty Confident They'll Beat Pampa Monday

By RAY NEUMANN

AUSTIN, Nov. 9 (AP)—On the line-slashing drives of Fullback Pete Layden, who scored both touchdowns the University of Texas Longhorns battled to a 13-0 triumph over a stubborn Baylor University team here today.

The victory was the Steers' second to two defeats in Southwest Conference play.

Aby assisted by Jack Crain who got off several spine-tingling runs in spite of slippery footing, Layden crashed through the tough Baylor line for Texas' touchdowns in the first and final periods.

A crowd of 15,000 watched Malcolm Kutner, rangy Texas end, block a Baylor punt to spark the Longhorn's first drive. Vernon Martin sub packed recovered on the Bear 18.

Layden passed to Kutner who was nailed on the Bruin 11, then pinned through for four and finally crashed through right tackle to score standing up. Crain kicked the extra point.

Shortly after the last period started, Layden raved wide for 27. Noble Phillips who now leads the conference. If Panhandle can win the rest of her games and Phillips drops one, a tie will result. Each has two more conference battles.

He Said It First
In a speech before the Anti-Slavery Convention in Boston, in 1850, Theodore Parker, minister and abolitionist, first said: "A democracy—that is a government of all the people, by all the people, for all the people."

Pressing the starter pedal while the engine is running will cause havoc to the starting motor.

The Borger Bulldogs are pretty confident that they'll beat the Pampa Harvesters Monday afternoon in Borger. The Bulldogs, according to the Borger Herald, have discovered a new spirit that promises to go far without being blighted.

Deception will be the keynote of the Borger attack, according to Coach "Catfish" Smith who makes no bones about his plans to rattle-dazzle the Harvesters to death. Latest reports from Borger reveal:

Borger's fighting Bulldogs have a new spirit this week—a spirit that promises to go far without being blighted and one that may back the odds and overcome Pampa's Harvesters.

The Bulldogs will have had a complete week of practice when Sunday afternoon rolls around and Coach "Catfish" Smith is hoping that will give him enough time to work out plenty of deception in new plays.

Monday afternoon's game here will be check full of surprises and thrills, if this week's practices have anything to do with it.

And deception continues to be the keynote, both on the ground and in the air. The Bulldogs will attempt another excursion in the air—and they have looked plenty good during workouts.

But with boys like Heiskell at quarter, Pendleton at left half, Arthur at right half, and Terrel at fullback, Pampa's Harvesters will present a formidable foe.

Not only will the District 1-AA lower-half standings be at stake Monday afternoon, but also a personal feud between the two teams.

The short distance between Pampa and Borger has always brought out a sharp rivalry between the Bulldogs and Harvesters and a real game is promised.

The game here will climax Armistice day ceremonies in which both towns will participate.

Police reports show that nearly 170 motor cars are stolen every day in the United States.

Contact Glasses Keep Star in Game

Nearsighted, Bob Ingalls, Michigan center, would be helpless on pass defense without contact glasses. Filled with saline solution, lenses are put under eyelids with little suction cup. A special headgear is unnecessary.

Mustangs Pitch 33 Passes But Aggies Win

Kimbrough And Conatser Lead Attack

By FELIX MCKNIGHT
DALLAS, Nov. 9. (AP)—Irrepressible John Alec Kimbrough and the marauding Texas Aggies blew through the mud, the rain and the Southern Methodist defense to roll down their eighteenth successive football triumph, 19-7.

The Methodists, unbeaten themselves until this afternoon's spectacular scrap, didn't give in until the final four minutes when the Aggies wrapped up their ball game with a sorely-needed third touchdown.

Old No. 39, the runaway All-America fullback, and a spindly-legged kid named Bill Conatser beat back the Methodists. First it was Kimbrough, then it was Conatser as the Aggies inched on towards football immortality before 27,500 fans.

Twenty-two times this giant from the West Texas cattle country burrowed through the Methodist line, gaining 103 yards and personally accounting for the first two touchdowns with a one-man assault of 30 yards on eight consecutive carries.

Conatser's incredible kicking of a dripping ball, his punt returns and a burst through the Methodist line for the first Cadet touchdown filled in when Kimbrough wasn't on center stage.

Power was the weapon the Aggies used. Only five times did they pass, and only two of them were complete for 22 yards. It was the 171 yards by ground that hurt.

Ray Mallouf, from Oklahoma, was the Methodist menace, throwing 33 passes that netted 166 yards. Cut in front, 13-7, but being threatened continuously, the Aggies settled everything on two breathless breaks in the last four minutes. End Bill Buchanan spilled the ball from Mallouf's hands on the 3. M. U., 26. End Jim Sterling recovered on the S. M. U., 14. Kimbrough drove to the Methodist one on three slashes and then rumbled—Mallouf recovering.

On the kickoff, Jim Thomson, the Aggies' great linebacker and blocker, dived at Mallouf's swinging foot, blocked the kick and End Jim Sterling dived six feet through the air on the loose ball in the end zone for a touchdown. Marion Fugh missed the point.

Four minutes after the opening kickoff the Aggies had splashed for a touchdown—a touchdown set up by Conatser's marvelous 61 yard kick that hit out on the Methodist one-yard line.

Preston Johnston wobbled his return kickoff on the Methodist 33. Marion Fugh flipped a 17-yard pass to End Bill Buchanan on the Methodist 16. Jim Thomson made it to the Methodist eight, Kimbrough powered on to the Conatser, belted over right tackle for the touchdown.

Pugh made good on his tenth consecutive conversion point of the season.

Soon after the second period opened the crowded temporary bleachers collapsed, spilling hundreds of fans in the mud behind the south goal line. Play was stopped while fans surged on the field and ambulances drove to the sidelines. Many were carried out.

Mallouf started firing after a kick exchange. From the Aggie 33 he cut loose with an archer that Jim Thomson batted high into the air. Stumbling across the goal line, reserve back Bobby Brown fell into the wild ball, snugged it close for a touchdown.

It was Conatser's brilliant 37-yard punt return from his own 28 stripe that started Big Jaw's roaring for the second Aggie touchdown. He took off from the SMU 30 and eight times butted and jolted the Methodists with his 223 pounds. The eighth was a touchdown—and Pugh missed the kick.

Hugh A. Drum, Second Corps Area commander, welcomes the leaders at Governor's Island. In foreground, left to right, are: Capt. Royce A. Drake, U. S. Army team; Major Eduardo Yanez, of Chile; Lt. Gen. Drum; Major Armando Villarreal Mayo, Mexican team, and Capt. Camilo Gonzalez Chavez, of Cuba.

Moose Hartman's Fumble Recovery Helps Rice Win

By RUSSELL NEWLAND
FAYETTEVILLE, Ark., Nov. 9 (AP)—Up and coming Rice Institute floored the Arkansas Razorbacks today in a homecoming game witnessed by 7,000 spectators. Mystery team of the Southwest, Rice kept its conference slate clean by scoring in the first and last quarters and turned in a minor upset for the day.

Fullback Jay Labon of Arkansas fumbled in the first and big Fred Hartman, Rice tackle, of Pampa, pounced on the ball on the Arkansas 19. Halfback Whitlock Zander skipped 14 yards and a moment later plunged over for the touchdown from the two. Price place kicked the extra point.

The second Rice touchdown was scored by Halfback Bob Brumley from the Arkansas two, after little Gene Keel started a midfield drive with a 13-yard gallop, followed by a 12 yard pass he fired into the arms of Ray Zimmerman, a substitute wingman. A fifteen yard penalty for unnecessary roughness against Arkansas put the ball on the Parker five, where Brumley pounced over in four tries.

Brumley added the Rice extra point from placement.

Arkansas scored a fumble on the Rice 16. Halfback Harold Hamberg shot a 22-yard pass to end Howard Mckey, who was in the end zone. Simington converted for the extra point from placement.

Rice meets undefeated Texas A. and M. next week.

Arkansas passed 23 times and completed five for 85 yards. Rice tossed ten times and completed one for 12 yards, but the one good aerial won the ball game.

Threatening weather dampened all homecoming events, causing postponement of the parade for the first time in history, and the battle was played under dark clouds, but the contest was one of the best ever played in Fayetteville and the 7,000 fans were given a treat.

Trainmen Pock Shovels
BROWNFIELD, Nov. 9 (AP)—Trainmen on the Santa Fe between here and Seagraves carry shovels as part of their regular equipment now. Shifting sand from recently broken farm land filters over the rails so deeply in spots that the wheels can't grip. Then all hands turn out and shovel awhile, and the train moves on.

Stanford Rolls On Toward Rose Bowl

By GEORGE STAUTER
DETROIT, Nov. 9 (AP)—Ted Pavelic, 208-pound tackle, made good one of three field goal attempts to provide the University of Detroit Titans with a 3 to 0 victory in their inter-sectional clash today with Texas Christian University today.

The big lineman's placement took sally high and true through the crossbars from the 25-yard line with six minutes of play remaining in the final period after the Titans had bobbed numerous scoring opportunities.

Only a few seconds before, Detroit had driven deep into Texas Christian territory and Pavelic, with fourth down and eight yards to go, unsuccessfully attempted to break the deadlock with a placement from the 23-yard line.

The Titans, dropped from the unbeaten ranks last week by Tulsa University, outplayed the Horned Frogs in all but passing, but had to rely on a break to pull the game out of the mire.

That came midway of the final period when Harry Groth, sub-halfback, recovered an enemy fumble on the TCU 20-yard line. Three plays, interspersed by a penalty, set Detroit back to the 25 and Pavelic came out of the line to try his specialty once more.

His kick was low, but officials ruled both teams offside and he tried again. This time he was successful and the Titans went ahead to stay as they kept Texas Christian in its own backyard the rest of the way despite the latter's last-minute aerial offensive.

Before the final period the Titans were in TCU territory a half dozen times, once getting as far as the 16-yard line only to have a fourth down pass fall incomplete in the end zone.

In the third period Al Goodrich, sub fullback, ran 46 yards to TCU's goal line but the Titans were penalized for holding and lost the gain.

Detroit Edges Out TCU 3-0

By GEORGE STAUTER
DETROIT, Nov. 9 (AP)—Ted Pavelic, 208-pound tackle, made good one of three field goal attempts to provide the University of Detroit Titans with a 3 to 0 victory in their inter-sectional clash today with Texas Christian University today.

The big lineman's placement took sally high and true through the crossbars from the 25-yard line with six minutes of play remaining in the final period after the Titans had bobbed numerous scoring opportunities.

Only a few seconds before, Detroit had driven deep into Texas Christian territory and Pavelic, with fourth down and eight yards to go, unsuccessfully attempted to break the deadlock with a placement from the 23-yard line.

The Titans, dropped from the unbeaten ranks last week by Tulsa University, outplayed the Horned Frogs in all but passing, but had to rely on a break to pull the game out of the mire.

That came midway of the final period when Harry Groth, sub-halfback, recovered an enemy fumble on the TCU 20-yard line. Three plays, interspersed by a penalty, set Detroit back to the 25 and Pavelic came out of the line to try his specialty once more.

His kick was low, but officials ruled both teams offside and he tried again. This time he was successful and the Titans went ahead to stay as they kept Texas Christian in its own backyard the rest of the way despite the latter's last-minute aerial offensive.

Before the final period the Titans were in TCU territory a half dozen times, once getting as far as the 16-yard line only to have a fourth down pass fall incomplete in the end zone.

In the third period Al Goodrich, sub fullback, ran 46 yards to TCU's goal line but the Titans were penalized for holding and lost the gain.

How to Get a Moose Into a Canoe

I. B. Baker, left, of Norwich, O., and guide bring out of Martin river district first moose of season to be registered at office of Ontario minister of game and fisheries. Canoe load of steaks and chops, with exception of few cooked for guides, goes to charitable institutions.

No One Likely To Be Called From Gray On First Quota

A list of the order numbers of registrants in Gray county, under the selective service act, was posted Saturday on the bulletin board on the first floor of the court house. As there are nine volunteers, two more than is necessary to fill Gray county's quota of seven, it is not likely that other names will be called from the list of county registrants.

That, of course, is based on the condition that all of the volunteers are accepted. Classification of the volunteers is to be made Tuesday.

The first call is for November 19, and the state quota is 1,373. Should all nine Gray county volunteers be inducted into the service, this would mean a reduction of two in the next quota assigned Gray county for the December 1-10 call.

Since it is extremely unlikely that anyone may be called from Gray county on the first quota, due to the volunteers, The Pampa News is not publishing the order numbers of all 3,383 registrants.

One of the registrants has died, several have enlisted, since the registration was held on October 16. In all, 25 changes have been made in the list.

The order numbers show the order in which Gray county men are to be called for training. For the reason explained above, that is, the small chance that any Gray county men will be in the November call, only the first 50 order numbers are listed. Address in Pampa unless otherwise noted.

Churchill Pleased At FDR Relection

(By The Associated Press)
LONDON, Nov. 9.—Prime Minister Winston Churchill described the re-election of President Roosevelt and the assurance of greater aid from the United States as a message of "great encouragement and good cheer" today, but he left no doubt in British minds of the big job ahead.

In the first official expression of British satisfaction at the result of the United States election Tuesday, Churchill addressed a luncheon gathering.

"We offer our heartfelt congratulations to President Roosevelt, who has received an unprecedented mark of American confidence in being chosen for the third time to lead his mighty people forward," Churchill said.

"We shall now receive the support of the products of the gigantic munitions production and the matchless workshops, furnaces, and foundries of the American union."

"All parties in America," the Prime Minister declared, had proclaimed Britain's "successful resistance and final victory."

"We are striving every nerve to accelerate our production and I do not doubt that we shall succeed."

Sooners Strike Kansas 13 To 0
By HAROLD CLAASSEN
LAWRENCE, Kans., Nov. 9. (AP)—A pair of punt-drunk big foot-ball teams sloshed up and down a muddy field three and a half quarters today before Oklahoma struck twice to defeat Kansas, 13 to 0.

For more than three-fourths of the way kicking the soggy ball was the best attacking weapon. Then in the final period Oklahoma forgone it was raining—even if, the soaked 4,000 spectators—couldn't, and began passing.

A shovel pass behind the line of scrimmage from Huel Hamm to Orville Mathews, netted the first touchdown, and the same combination worked the slippery oval to scoring territory a few minutes later with Johnny Martin plunging from four yards out. Mathews, one of the big six's fastest men in or out of a football uniform, swung around his own left end after catching the pass on the Kansas 41 and hiked for the west sidelines. A tremendous block by Marvin Whited opened up a passage way and the youngster splashed to the counting station.

Kansas, beaten 63 to 2 by Nebraska three weeks ago, surprised by holding the rugged Sooners at bay until the final period. At the end of the first quarter Kansas took the ball on downs on its own 1-foot line and again in the third a fumble on the three helped them out.

However, it was the same way each time that Kansas dug into Oklahoma and with Jack Jacobs, also injured and removed in the late stages, crashed booming punts down the field. Kansas threatened on its own power, making a distinct scoring posture in the second and again at the start of the fourth. A screened pass play in which Ed Hall tossed to Jake Fry, brought the Jayhawks deep into Oklahoma holdings in the second but the Kansas couldn't get the ball past the enemy's 32.

Wolverines' Grid Citadel Crashes 7-6

MINNEAPOLIS, Minn., Nov. 9 (AP)—Michigan's citadel of football crashed in the mud and rain of Memorial stadium today—levelled by mighty Minnesota on one sudden, stormy 80-yard charge by a great Gopher back, Bruce Smith.

Minnesota, racing on toward the Western conference title and a shot at national honors, won the battle 7 to 6 before 63,894 rain-soaked and nerve wracked spectators. And to win, the Gophers had to come from behind—doing just that on Smith's brilliant 80-yard touchdown sprint in the second period after Michigan had taken a six point lead on a touchdown pass by Tom Harmon earlier in the quarter.

Smith's great game-breaking run, a remarkable performance on a turf soaked by a rain which fell throughout the duel, came with breath-taking suddenness late in the second period.

The Gophers, seconds after halting a Michigan touchdown bid, had possession on their own 20. On the first play Smith flashed off left tackle, swung toward the sidelines and was away for the touchdown which gave Minnesota its sixth straight win over Michigan in this famed "Little Brown Jug" series.

Substitute Joe Mernik, whose toe beat Northwestern last Saturday, calmly kicked the point after touchdown—and that was the game.

Michigan—with its brilliant Harmon still a great back in defeat—gave the victors one of the most stubborn battles they've ever had before bowing in defeat. The Wolverines, after they had gone ahead on Harmon's touchdown pass to Forest Evashevski and then watched Harmon miss the try for point by inches, never gave up. They threatened to the final two minutes.

After a first period duel which saw both Harmon and Minnesota's George Franck stage a great punting battle, the huge crowd—largest in Gopher history—was treated to a great second-quarter skirmish. A Michigan drive of 86 yards carried the Wolverines to the Minnesota one. Harmon, on fourth down, slipped with a big hole ahead of him and it was Minnesota's ball.

The Gophers kicked out and seconds later Harmon returned the boot, the ball going out on the Minnesota six yard marker. On the first play Bill Daley fumbled, Bob Westfall recovering for Michigan on the Minnesota 5. After two plays had gone two yards, Harmon faunted to his left, then fired a perfect pass to Evashevski, who took the touchdown toss in the end-zone corner. And a minute later Harmon, who had successfully made 12 after touchdown points previously by this season, missed this time, the ball fading to the left of the uprights.

McMurry Nosed Out By Southwestern
ABILENE, Nov. 9 (AP)—A homecoming crowd today saw McMurry downed, 14-13, by the Southwestern Pirates. Southwestern scored in the third and fourth periods to turn the trick.

John Burleson plunged over center for the last 13 yards in a 66-yard march to Southwestern's first touchdown. Guy Brantley passed six yards to Dutch O'Neil for the second score. Robert McMurry kicked both extra points.

Fullback Bush Mundy registered both McMurry touchdowns, traveling 10 yards in three plays for the first and going over from the 11 for the second. He converted from placement for one extra point. A pass try for the first extra point failed.

Substitute Joe Mernik, whose toe beat Northwestern last Saturday, calmly kicked the point after touchdown—and that was the game.

Michigan—with its brilliant Harmon still a great back in defeat—gave the victors one of the most stubborn battles they've ever had before bowing in defeat. Bayless To Speak At Convention In Houston Monday

The Rev. and Mrs. C. Gordon Bayless will leave tonight for Houston where they will attend the 55th annual Baptist convention November 12-15.

On Monday afternoon Rev. Bayless will speak to the convention group on "A God Called Ministry." Recommendation for an expanded program to meet the challenge of changed and changing world conditions arising from the World War will be presented when messengers representing Texas' 750,000 Baptists meet at this convention.

What steps to be taken by Texas Baptists to take advantage of the "unprecedented opportunity and obligation" of the times will be recommended by Dr. R. C. Campbell of Dallas, executive mission secretary, in his annual report to the convention.

An appropriation of \$25,000 to be used in establishing and maintaining religious centers near army training camps in Texas will be proposed. A committee of 150 headed by Dr. George W. Truett of Dallas, is expected to propose that \$1,200,000 be raised in 1941 and increased annually for five years until an annual budget of \$1,600,000 a year is reached.

Additional funds asked will likely mean a stepped-up tempo among foreign-born residents of Texas, and among negroes.

Approximately 15,000 messengers are expected to attend sessions for the convention, which will be preceded by the annual meetings of the laymen and the women, which maintain organizations correlated to the convention. Both sessions begin on Monday, Nov. 11.

War Orphans—Victims of War's Cruellest Blow

Of all the cruel blows war hurls at the innocent, the worst has struck these small British children. Their parents have been killed in the Battle of Britain. Above, at an orphanage in "a safe country center," these little war orphans join in a prayer before dinner.

28 INJURED

(Continued From Page 1) weight of the hundreds of overflow spectators for the southwest's grid headliner of the day.

Miss Edith of Tulsa, Okla., said she "seemed to be floating through space."

"Of course I did not realize what was happening," she said. "At first I was intent on watching the game. I ended up beneath a pile of people."

The seats had been erected to care for the anticipated overflow crowd. Several years ago, there was a similar collapse at the S. M. stadium during a game with Texas A. & M., but no one was injured.

Persons treated at hospitals, some were released after receiving first aid, included:

At Baylor: (all remaining in hospital): Virginia Brown, 18, Amarillo. Mrs. R. D. Leatherman, 27, Denison.

Mr. and Mrs. Carey Abney, Jr., Marshall, fractured legs. Mrs. J. B. Clayton, Amarillo, serious internal injuries.

Mrs. J. T. Corcoran, Big Spring, C. E. Bray, 40, Waco. At Sparks clinic: Philip Babin, 19, Fort Arthur, treated for foot injuries and discharged.

At St. Paul's: Fred T. Kelsey, Denton, bruises, released. H. G. Decker, Greenville, fractured left foot, released.

Mrs. Louie Lee Barnes, Rotan, abrasions, released. At Parkland: Mrs. Beatrice Gaines, 25, Marshall, lacerations, released. Barry Greer, 16, Marshall. Patsy Jordan and J. A. Jordan, 49, Carlsbad, N. M., lacerations, released.

Eloise Smith, Gilmer, Tex. E. F. Brownlee, Dallas. Mrs. Clark James, Marshall, Tex. Mrs. E. C. McCasas, Dallas. Mrs. B. H. Donnelly, Dallas. Bobby Burgess, 14, Corsicana, Tex., face injuries.

E. F. Browder, Dallas, Tex., broken leg. Duffield Crawford, Dallas. John Kohler, Dallas. John Kohler, Jr., Dallas. Also injured, and given first aid at the field, were: Mrs. Marcella Goepfinger, Tulsa, Okla.; Miss Edith Goepfinger, Tulsa, Okla.; Mrs. E. L. Fortner, Sherman.

Brownlee suffered a broken leg. Others received leg fractures but were released from Baylor hospital were Stollmack and Mrs. J. T. Corcoran. Virginia Brown and Mrs. Leatherman, who suffered bruises, were released. Mr. and Mrs. Abney, with leg fractures, remained under treatment.

Billie Cummings, at first thought to have suffered a severe back injury, received instead a severe back sprain and will remain under hospital care for a day or two, the attending physician said. There was no fracture, he said.

Mrs. Clayton, who suffered internal injuries, was removed to the Florence Nightingale maternity section of Baylor hospital.

VFW (Continued From Page One)

Dean Bradley, Violet Kenney, Alice Franks, Nellie C. Ford, Dottie Ann Heard, Nell Haney, also the following volunteer workers for their willing and able assistance:

Frances Deering, Laverne Covington, Evelyn Kidwell, Orma Jean McCarty, Dick McCune, Bill Blackwood, Marjorie Gaylor, Lou Ellen Giles, Dorace Jean Caldwell, Grace Mae Hines, Edna Taylor, Clifford Jones, Charles Huffine, Buddy Black, Nita Rose McCarty, Joella Shelton, Louise Shaddox, Carroll Chisum, Ruthie Franks, Joe Alice Franks, Lois Shaddox, Jimmie Jean Hamilton, Erlene Shotwell, Edna Densmore, Ronald Jones, Edna Frances Haney, Jimmy Asher, Billie Jean Gregory.

Nita Rose McCarty was winner of first prize awarded for selling the most poppies. Edna Taylor won second prize for the second successive year in Buddy Poppy sales.

BISHOP

(Continued From Page 1) a love feast will be held at the church, directed by the older ministers of the conference.

At 11 o'clock the visiting ministers will speak from the various Protestant pulpits of the city.

Youth Rally Dr. Haymes of Big Spring and J. W. Gamble of Lubbock will be the leaders at a youth rally to be held at 8 o'clock Sunday afternoon. Gamble, a senior at Texas Technological college, is president of the Methodist Young People of the conference.

An impressive service will be held at the church Sunday night when the bishop ordains classes of deacons and elders.

Special Music Special music will feature the conference. On Saturday afternoon and evening, the vested junior choir of the Shamrock church will sing, on Sunday the Pampa High school a capella choir.

From the Methodist Orphans home at Waco will come 25 children to present vocal and instrumental music on Monday. The Waco institution is marking its 50th anniversary, having been organized at the Northwest Texas conference in Abilene in 1890.

Adjournment of the conference will occur Tuesday afternoon with the reading of the appointments.

Adjournment of the conference will occur Tuesday afternoon with the reading of the appointments.

Revival Will End Today At First Christian

Growing crowds have enthusiastically received the preaching of the Rev. Spencer P. Austin during the two weeks revival, which is to be concluded today at the First Christian church.

The Rev. Austin will speak on "Other Little Ships" at the morning service and "Life's Two Most Important Questions" in the evening.

Special music will be presented at both services by the children's choir under the direction of John E. Hutchinson. A goal of 500 has been set for church school and 700 for the morning church service. The public is invited to attend these closing services.

There have been 26 responses to the invitation, and the indications are that there will be many more today. Rev. B. A. Norris, pastor of the church, says that the revival has been of a genuine nature, and he feels that the result will be permanent and that the entire congregation has been awakened to a new sense of responsibility.

A reception for all new members will be held Wednesday night at the church under the direction of the Fellowship committee.

A reception for all new members will be held Wednesday night at the church under the direction of the Fellowship committee.

Sam Houston School Has Student Forum

For the past two years Sam Houston school has had a student forum. In organization, this forum is similar to the traditional student council, but in operation it is slightly different.

The students are not elected directly by the student body to serve on this forum. Before a student becomes eligible to serve on the Student Forum, he must serve on the Junior Safety Patrol for a period of one month. The members of the Junior Safety Patrol are the "best citizens" of their respective honoroms for a period preceding their election to the Junior Safety Patrol.

After having served successfully one full month on this patrol the members automatically become members of the student forum and serve in that capacity during the balance of the school term. The forum is a democratic institution electing its own officers and conducting its own meetings.

During the year the forum sponsors citizenship assembly programs, supervises the work of the Junior safety patrol and makes suggestions to the whole student body relative to safety and good citizenship on the school campus.

Last year the Student Forum sponsored the organization of a bicycle club which operated in the interest of bicycle safety. Suggestions are frequently given to the members of the forum by the faculty sponsor, but the forum makes its own decisions. Never does the forum discuss or make suggestions concerning the educational or administrative policies of the school.

"It is merely a device to practice democracy in the school and to teach the child his responsibility to his fellow man and his institutions," commented principal P. W. Savage.

Trade Extension Vital Part Of School Program

Trade extension education is a vital part of the public school program as education is the only way that subjects of a vocational nature can be made available to the people. The public school systems are the logical ones to sponsor trade extension courses as these subjects come under the classification of education.

Vocational education is gradually becoming recognized by the employer as an excellent avenue for job training and the employee is find-

Vocational education is gradually becoming recognized by the employer as an excellent avenue for job training and the employee is find-

ing that it is a very satisfactory way to gain technical information about industry that he might not acquire otherwise. It has been proven many times that the knowledge gained by taking trade courses has benefited one.

The time that one wastes could be spent in extending his interests in learning more about the industry in which one works. Everyone is urged to avail himself of the opportunity of these industrial courses which are to be offered.

It is fair for one to know that a record is kept of the subjects that one takes both by the school and the employers. It is necessary to do this as the good accomplished from participating in a vocational program has been demonstrated many times in all sections of the United States. From a record of this type the good that vocational training does can be readily determined.

In setting up the program of vocational courses provisions were made whereby the classes can be held at a location which would be easier for the workers. It is required, however, that the necessary instructional material such as a blackboard or a suitable substitute must be supplied.

Teachers for this industrial program must be qualified and several years practical experience in the subject which he is to teach is required.

It is emphasized that lease operators, their employees, employees working for small companies are invited to enroll in the classes as well as the employees of the large companies. These courses come under the category of public education.

By contrast, both in Germany and Italy there is no such revelation. Hitler and Mussolini dare risk German or Italian public reaction. They cannot indefinitely keep the facts from their peoples.

Only a quick and conclusive victory over Britain by the Axis makes could have averted ultimate realization in both Germany and Italy that he who would live by the sword will die by the sword. A quick victory for the Axis powers is no longer in the cards.

If Britain reaches air equality with her foe, as she hopes to do in another six months, the reverse side of the total war medal will be visible, beyond any propaganda concealment, to the German and Italian people.

At that moment the question of who started wholesale bombing of non-combatants will become urgent in the German and Italian public mind.

mind. Then the day of reckoning for the Axis war lords with their own people for the horrors they loosed on the world may come.

Three Groups Of AAUW Will Meet During Week

International Relations group of the American Association of University Women will meet Tuesday evening at 8 o'clock in the home of Mrs. William S. Dixon, 809 North Gray street, with Miss Loraine Bruce as leader. Miss Bruce will be assisted by Mrs. Wiley Day and Mrs. Dixon.

The program for the week will include a meeting of the Milton group in the home of Mrs. F. E. Leech, at 9:30 o'clock Wednesday morning when the subject will be "The Masque Comedy."

Thursday evening at 7:15 o'clock in the home of Mrs. Fred Roberts, 823 North Somerville street, the interior decoration group will meet. A committee including Mrs. Frank D. Smith, Carroll Baker, and E. H. Sanford will present a composed program of study for the year. The group will decide whether or not a late afternoon group will be formed and a definite time and place for the meetings will be set.

A regular meeting of the A. A. U. W. will be held on November 19 at 8 o'clock in the city club rooms.

Rooms Available For Texas Federation Convention In Austin

Special To The NEWS

PLAINVIEW, Nov. 9—Plenty of rooms are available in Austin for the Texas Federation of Women's Clubs convention next week.

This announcement was made by Mrs. J. W. Walker today after telephone conversations with Manager Lee Hubby of the Stephen F. Austin Hotel and Walter E. Long, manager of the Austin Chamber of Commerce.

So many reservations have been made at the Driskill Hotel, original Seventh District headquarters, that the management has had to return several applications. Now, according to Mrs. Walker, the Seventh District will have two headquarters, the Driskill and the Stephen F. Austin hotels.

Mr. Long has promised that rooms will be available in the homes of Austin clubwomen for the Seventh District women who desire them.

The price of \$1.25 a person will be available wherever the clubwomen stay. Mrs. Walker was assured by Mr. Long that the Austin Chamber of Commerce is leading clubwomen all over the Seventh District this week have been besieged with telephone calls from potential delegates who have heard the rumor that there will be no place to stay in Austin.

"There is nothing to it," Mrs. Walker, the Seventh District candidate for the presidency said this morning. "There is no cause for worry, as the Seventh District women have been assured of places to stay."

modern homemaker, Mrs. Sadie Orr Dunbar, president of the General Federation of Women's Clubs, says, "Women's interest in and participation in community and civic life expands with the trend of the times. The American woman is learning that the role of homemaker in these days of economic confusion extends from the kitchen all the way to the legislative chambers of the 48 states and even to the capitol in Washington."

After thought a woman with her hair combed up always looks as if she were going some place, either to the opera or the shower bath—depending on the woman.—Orson Welles.

BETWEEN US

(Continued From Page One)

Those who failed to attend the Kiwanis club's Top O' Texas tuncful revue really missed something. Following the initial performance, we heard someone say that the amateur master of ceremonies "looked pretty."

At some time in our lives, most of us have had the desire for a hobby such as collecting stamps, dolls, after-dinner coffee cups, or numerous other things. Among those who have followed such a whim are Mrs. Raymond Harrah who has an interesting collection of tea sets, including four from Cuba; Mrs. Roger McConnell, who has an array of china and glass shoes; Mrs. C. T. Hunkapillar, sugar bowls; Mrs. Bob Curry, Mrs. Fred Thompson, and Mrs. W. G. Gaskins, salt and pepper shakers; and Miss Minnie Olive Montgomery, miniature horses.

You better live your best and act your best and think your best today; for today is the sure preparation for tomorrow and all the other tomorrows that follow.—Harriet Martineau.

GUEST SPEAKER

Dr. J. A. Hill, president of West Texas State college in Canyon, will be guest speaker at the back-to-school and father's night program of Junior High School Parent-Teacher Association Tuesday night in the school auditorium. Dr. Hill will speak on "Changing Objectives In Education."

Dr. Hill Will Be Guest Speaker At Junior High P-TA

Junior High school Parent-Teacher Association will meet Tuesday night at the school to observe father's night as well as back-to-school night.

All parents who visit the rooms after the regular meeting will give credit for the visitation program. The Junior High band will play a concert between 7:15 and 7:45 o'clock. The highlight of the program will be an address on "Changing Objectives in Education" by Dr. J. A. Hill, president of West Texas State college at Canyon.

A special feature will be a demonstration by junior high students under the direction of C. T. Hightower's dramatics class. Herman Jones will give the devotional, and Miss LaNell Scheighan will sing.

Party Entertains Party Scout Troop One And Guests

Girl Scout troop one entertained at an informal party last week in the little house with 24 members and guests present.

Games were played, after which refreshments of cheese sandwiches, meats, date pars, and punch were served.

The group registered at a table decorated in the green and gold Scout colors with green and gold candles flanking a green vase of yellow chrysanthemums.

Present were Jewel Hill, Leola Hogsett, Tex Galn, Mary Alice Hummel, Floyd Allen, Frances Deering, Joe Blainwood, Bettye Johnson, Dewey Johnson, Helen Johnson, Forrest Vaughan, Robbie Lee Russell, Velma Faye Osborn, Mickey Rafferty, Juanita Osborn, L. E. Halter, Theima Maye Osborn, Scott Rafferty, Lucille Mathus, Weyman Martin, Mollie Kennedy, Herby Maynard, Doris Baines, Virginia Washington, Tompa May Kenner, and the leader, Miss Maurine Jones.

Two Pampa Girls Take Part In Skit At Hockaday School

Miss Bettye Cree, daughter of Mr. and Mrs. G. B. Cree, took part in the patriotic skit which the fifth form presented in their traditional song contest last week at Hockaday school in Dallas. Her class won first prize. The theme of the other skit was "Campaign Rally."

Miss Anne Buckler, daughter of Mr. and Mrs. C. P. Buckler, took part in the skit which the sixth form presented.

Miss Buckler and her classmates composed one original song and wrote new lyrics for two other songs. Their costumes were 7:30 traditional graduation dresses. Mrs. John Gram was the sponsor.

The students also took part last week in a three-day political education campaign at the school. Miss Virginia Waldo, history teacher, explained the electoral college. The school was divided into five precincts with judges and alternates appointed for each precinct, and copies of the ballot for presidential electors were secured. Six campaign speeches, three for Willie and three for Roosevelt, were delivered Monday and the students voted on their official ballots Tuesday.

Adult Class To Sponsor Sale

McCollough Memorial Methodist adult class will have a bake sale throughout next week.

Also on Wednesday the class will have a fried pie sale.

Orders for both sales are to be called to telephone number 1442.

well, I don't know but now get everything else at Behrman's

Behrman's

New Girl Scout Publications Added By Public Library

In observance of National Book Week, November 10-16, the Girl Scouts of Pampa are asked to visit the public library and pay special attention to the 30 new Girl Scout publications which will be on display.

Among the new ones are four brand new Girl Scout Handbooks, filled with clever drawings illustrating every phase of Girl Scouting.

Others include: 3-years-subscription to the American Girl, National Monthly Girl Scout Magazine; a Brownie Scout Handbook; Idea Book for Senior Scouts; Vocational Exploration for Senior Scouts; Twenty-five years of Girl Scouting; The Way of Understanding, a book of prose and poetry written for Girl Scouts by Miss Sarah Louise Arnold, one of the first Girl Scouts; Whirling Maidens, book of folk dances; Botsford Collection of Folk Songs, Volumes I, II, III; Sheltered Pipes, How to Make and Play Them; Puppets—A Handbook of Marionettes; Yarncraft; Milestones; Your Flag and Mine; A Crummy Salted Claus; How the Lindens Made Friends With the Bees; Splendid Saints; Girl Scout Week; Plays and Ceremonies for Girl Scouts; Weather Handbook; Indian Designs and Symbols; Creative Handicrafts; Metalcraft for Amateurs; and Chip Carving; and Leathercraft for Amateurs.

As the library will be closed Monday for Armistice Day, the books will be on display Tuesday through Saturday.

GARDEN CLUB

(Continued From Page One)

It, well balanced and preferably informal, she stated. Tie the whole group together, so the eye will not jump from place to place. The extent of the display and size must be determined by the size and architectural style of residence. She also suggested that garlands of evergreen be used so the decorations will last in the evening.

Mrs. Frank Perry also gave a number of helpful suggestions on Christmas decorations. She pointed out that since evergreens should be pruned at this season, especially near the top where the growth is active, that the pruned portions be used in Christmas sprays or wreaths. White branches and cones are made by applying casein, a white powder, mixed with water. Before it dries sprinkle with artificial snow and it will glisten indefinitely.

Mrs. Perry suggested ivy leaves, or Vinca Minor for wreaths, with red balls fastened to the wreath with wire. Sprays of evergreen with white, silver, or copper balls, were suggested, especially for the door.

Lights should be water-proof and laid back in the shrubbery and if covered with glass wool, a lovely effect is attained. Gloves should be used in handling the glass wool. For the Advent wreath she suggested that red candles be used, with a new trinket added each day, making it interesting for the small children. The porch light should have some kind of decoration.

An interesting suggestion made by Mrs. Perry was a little shrine, known as a prayer-stop in foreign countries. She suggested a discarded bird house with the front section removed and placed on a post, decorated with greenery, a Madonna and child, very low or dim lights for night, near the front door or on a path to the garden or drive, placed back in the shrub planting. For a virgin and child, line the shrine with a starred wrapping paper and have the colors bright. For a manger scene, it should be dull with one bright star attached to a branch of a tall shrub.

She also suggested that glass panels at sides of colonial doors be covered with colored cellophane, giving a stained glass effect, and to make use of shrubbery in the yard.

Meistergram Flash! IMPORTANT Monogramming Event

November 18 through November 30

Once again Murfee's are bringing you this personalized service . . . and at no extra charge. With Christmas candles very low or dim lights for night, near the front door or on a path to the garden or drive, placed back in the shrub planting. Mrs. Bill McCarty Named Honoree At Shower Recently

Mrs. Bill McCarty was complimented with a pink and blue shower Thursday afternoon in the home of Mrs. O. J. Ermen.

Games were played after which refreshments were served.

Gifts were presented to the honoree in a cedar chest sent by Mr. and Mrs. R. C. Choate of Wichita Falls.

Attending were Meses. Edd Myatt, F. J. Frair, Bill Kreta, Mark VanTine, Byron Hilburn, Paul Lyons, L. D. Blanken, R. L. Choate, Bill McCarty, and the hostess, Mrs. O. J. Ermen.

Gifts were sent by Meses. Myrtle Simmons, L. C. Scruggs, Noble Brown, Clyde Yives, Frank Hood, Freda Barrett, and Bill Gray.

20th Century Club To Have Guest Day Coffee On Tuesday

Annual guest day of Twentieth Century club will be observed at a coffee Tuesday morning at 9:30 o'clock in the city club rooms when Mrs. J. M. Fitzgerald, P. M. Culberson, W. L. Bengel, and Jack C. Jones will be hostesses.

In the absence of Mrs. R. J. Hagan, president, Mrs. J. B. Massa will preside at the meeting which will feature a book review by Mrs. Bengel. Mrs. R. E. McKernan will have charge of the music.

Each member is to invite two guests for the event.

A silver offering will be given for the public library. This offering replaces the annual book shower of the club and makes it possible for the library board to buy the books needed rather than giving duplicate copies as previously.

Birthday Party Given To Honor Miss Barrett

A birthday party honoring her sister, Miss Dorothy Barrett, was given by Mrs. J. C. Payne Thursday evening.

After several games were played and gifts were opened by the guests, refreshments were served to the following:

Misses Adeline Holley, Tommy Close, Bea Clark, LeRae Griffin, Judy Griffin, Thelma Osborn, Velma Osborn, Mary Lou Allen, Felsie Canon, Vivian Westworth, Dorcas Rosenthal, Margueta Payne, and Meses. Martha Walker, Nollie Shannon, Ruby Culppeper, Vivian Jassa, Valaetan Grundey, and Mrs. Johnson.

Sending gifts were Meses Doris Ballard, Opal Marlin, Virginia Harrison, Rosalie Green, and Meses. Aurelia Padlock, Maxine Lewis, LeVern Lewis, Buck, Edythe West, E. W. Taylor, Harriet Barrett, Maurine Campbell, Hortense Barrett, and Meses. Olin Walker and Clarence Coffin.

Six Circles Of Baptist WMS To Meet On Monday

Members of the six circles of Woman's Missionary society of First Baptist church will meet Monday afternoon at 2:30 o'clock.

Mrs. C. L. Conrad, 716 East Browning avenue, will be hostess to members of circle one, while a meeting of circle two is to be conducted in the home of Mrs. Rufe Jordan, 317 North Warren street.

Circle three's program will be presented in the home of Mrs. R. M. Greer, 611 Nalda street, and a meeting of circle four will be held in the home of Mrs. Carl Trullstrom, 729 East Francis avenue.

Members of circle five will meet with Mrs. Steve Donald and circle six with Mrs. Allen Vandover, 705 South Somerville street. The meeting of circle seven will be held in the home of Mrs. Ray Beasley, 617 East Francis avenue.

According to a survey recently made, 90.6 per cent of the drivers prefer to have the gear-shift lever on the steering column.

Originally called Cross Creek Town, Fayetteville, N. C., was renamed for General Lafayette.

Meistergram Flash! IMPORTANT Monogramming Event

November 18 through November 30

Once again Murfee's are bringing you this personalized service . . . and at no extra charge. With Christmas candles very low or dim lights for night, near the front door or on a path to the garden or drive, placed back in the shrub planting. For a virgin and child, line the shrine with a starred wrapping paper and have the colors bright. For a manger scene, it should be dull with one bright star attached to a branch of a tall shrub.

She also suggested that glass panels at sides of colonial doors be covered with colored cellophane, giving a stained glass effect, and to make use of shrubbery in the yard.

Four Hostesses Compliment Mrs. Sidwell Recently

Mrs. Ray Beasley entertained with a surprise shower at home this week for Mrs. Bob Sidwell. Assisting the hostess were Meses. Homer Doggett, Emmett Forrester, and Owen Johnson.

A pink and blue color scheme was stressed in the appointments. A corsage was presented to the honoree by the hostess and each guest received an individual corsage.

After games were played by the group, Mrs. Sidwell found the gifts arranged in a pot of gold at the end of a rainbow.

Refreshments were served to Meses. Lonnie Roundtree, Curtis Graham, Bob Sidwell, Emmett E. Ellis, P. O. Gaut, O. C. Brandon, G. H. Anderson, Roy Priest, and the hostesses.

Gifts were sent by Meses. R. Tucker, C. Gordon Bayless, Wyatt, El Hancock, and B. R. Coltharp.

Weekly Meeting Of Rebekah Lodge Conducted At Hall

Letters from headquarters at Dallas were read at the weekly meeting of Rebekah lodge held in the I. O. C. F. hall with May Forsyth presiding.

One member, Pearl Castka, was reported ill.

Esther club will go to Canadian Tuesday when they will meet in the home of Mrs. Lizzie Walker.

Attending the lodge meeting were Eva Howard, Leah Miller, Daphna Baer, Dorothy Voyles, Ruby Wylie, Pearl Cordell, Flo Spoonmore, Cora Lee Baer, Ariene Neighbors, Ellen Krivinsmeier, Cora Kolb, Edna Braly, Treasa Gilbert, Ethel Mae Clay, Bob Miller, V. J. Castka, C. A. Forsyth, and Pearl Stephens.

Peace Will Be Theme Of Miami P-TA Monday Night

MIAMI, Nov. 9.—Miami P. T. A. will have a program on peace in the meeting Monday evening, Nov. 11, at the school auditorium.

After the song, "God Bless America," and prayer, the program will be given as follows: J. K. McKenzie will discuss "Our Children Face War," and Miss Lola Campbell's subject will be "Can We Educate Children For Peace?" The seventh grade will give an entertainment feature.

During the business session, the president, Mrs. W. R. Campbell, who attended the state convention of the P. T. A. in Dallas the past week, will give the local organization some highlights of that meeting.

Mrs. Conley Will Be 20th Century Forum Hostess

Members of Twentieth Century Forum will meet in the home of Mrs. Don Conley at 2:30 o'clock Tuesday afternoon.

A book review by Mrs. Arthur Teed will be featured on the program.

Legion Auxiliary Will Have Pot Luck Supper Monday Night

Entertaining their husbands and all other local legionnaires, members of the American Legion auxiliary will be hostesses at a pot-luck supper in the Legion hut Monday evening at 6:30 o'clock.

Mrs. Nellie Ford, chairman, will be assisted by Mrs. L. E. Franks, Mrs. Paul Hughes, Mrs. Hupp Clark, and Mrs. Ralph Thomas in making arrangements for the event.

A dance, sponsored by the Veterans of Foreign Wars will follow the dinner.

Tete-A-Tete Club Has Meeting In Home Of Members

A regular meeting of Tete-A-Tete club was held recently in the home of Meses Beatrice and Louise Stotts.

Attending were Meses Orene Alford, Marcela Campbell, Betty June Fletcher, Virginia Lee West, Bonnie Frick, Beatrice and Louise Stotts.

Pampa Welcomes To Observe Education Week

American Legion Helps Sponsor Education Week

"In 1921, the American Legion joined with the National Education association in securing for America a program of education to meet the needs of the twentieth century. The basic objective was to produce 'good American citizens.'"

"As in past years we shall have the wholehearted support and association of the United States Office of Education. And in following the needs for this twentieth century—Education for the Common Defense—the National Congress of Parents and Teachers will bring all of its great interest in the cause of education to the observance."

"The program initiated for American Education Week by these four organizations annually brings together millions of men, women, and children to consider the educational problems of the nation. In this grouping the layman and the professional educator meet on common ground to study and to promote the best interests of the nation."

"We defend the youth of today against the necessity of engaging in any needless involvement in foreign war. At home we shall continue to work for those conditions which can come to full growth only through an adequately financed educational system. We view it as producing the types of citizens who can use our unparalleled natural resources to perpetuate our spiritual life, to secure our individual liberties, and to bulwark our economic security."

"American Legion"
Raymond Kelly, Nat'l Commander

Preliminary Plan Work Considered Successful Here

Primary teachers at Sam Houston School have voiced their opinion that the newly adopted plan of work is a decided improvement over the old method. The new method is that of considering the first two years of a child's school experience as one unit with three months vacation in the center. The same teacher stays with the same group of children until those children are ready for what we now call the third grade. This plan eliminates the abrupt break between the first and second grades and the child proceeds from where he left off at the end of his first term in the educational process rather than changing his whole system of thinking and acting.

"The teachers claim that their rooms are as much as two months ahead of where they would be had they made their usual counting acquaintance with the individual differences of the children," said Principal F. W. Savage.

The two-year primary organization which is in effect in all the elementary schools of Pampa was the outgrowth of the cooperative work done last year by the administrative staff and the primary teachers.

Students At Sam Houston Can Always See American Flag

Students of Sam Houston school are never out of sight of an American flag during the seven hours that most of them are on the school campus. This seems a broad statement to make but by reducing counting on the campus it was found that there were 220 flags or pictures of flags in plain view of the students at all times during the day. Only during darkness and Sundays has the large beautiful flag been absent from the 45-foot flagpole in front of the school building.

It is quite an inspiring thing to the children as they pass under the flag to raise their eyes to the top of the pole and see the flag flying peacefully over their heads as though it were protecting them from the horrors of destruction in other lands of the world.

Each room in school has a plaque which shows the proper ways of displaying the flag as well as the salute to the flag. These plaques were presented to the school by Post No. 1657 of the Veterans of Foreign Wars.

American Folk Music Given Especial Study; Includes Texas Songs

Mrs. Clifford Braly of the Pampa Junior High school music department, is placing especial emphasis on the development of American folk music as a means of establishing international understanding, and as a guide to a better understanding of our great American heritage.

"We make quite a detailed study of American folk music," Mrs. Braly said, in explaining the techniques which they use to make pupils appreciate native folk music.

In one unit articles by John Lomax and his son, Alan Lomax, natives of Texas, have been studied. These articles include the names and origin of many of the twenty thousand American folk songs which are recorded in the Congressional Library and it is valuable to each and every one of us because it is part of our national heritage," Mrs. Braly said.

Art Teachers Strive To Develop Critical Taste, Appreciation

Art education as conceived by the art teachers of the Pampa school system is the development of art appreciation and consumership rather than the mere development of artistic skills. This philosophy of art education was expressed recently by Miss Roy Riley, art teacher in the Pampa High school.

"If we expect the art program in our school to train and turn out artists," said Miss Riley, "we shall be disappointed. Less than one percent of our students will become artists, but all of them will become art consumers. Art education's chief concern is not one's ability but the development of discriminating judgment and esthetic appreciation."

Mr. Taffinger, art teacher in the Woodrow Wilson school expresses the viewpoint that "The idea that art is the drawing of pictures and that those who study art will become artists is an idea of the past. Art is one of the broadest terms in our language. It means good taste in our clothes, our business, our homes, and our communities."

The art education program of the Pampa schools reveals that this philosophy is uppermost in the minds of the art teachers.

Junior High Council Has Typical Session

A young fellow from the freshman class stood before a solemn group of boys and girls. He was the president of the club. A teacher sat in the midst.

The discussion from the floor concerned the 700 other students in the school. The question for discussion was: How shall we provide for the entertainment and recreation of students who remain at school winter days?

Have you guessed where you are? Why, of course! This is Junior Council at Pampa Junior High in weekly session. The presiding officer is Doyle Lane. The sponsor is Miss Madge Rusk. The room is the usual meeting place for this group of home room presidents who compose this club. The question at hand is the one discussed by the group last week. According to the sponsor, the main activity is to study and assist in solving the problems of the average student, and to make known the wishes of the student body through the home rooms from which these representatives come.

This student participation develops student initiative, democracy, and leadership in student activities. Through the council the students have a chance to participate and share with the faculty in school democracy.

Financing Of Public Education Will Be Studied By Classes

Mathematics classes in both junior and senior high schools in Pampa have laid plans for the studying of the problem of "Financing Public Education" throughout American Education Week, according to Nathan Cleek and B. G. Gordon, department heads in the two schools.

The concentrated study of public finance will go into practical problems of taxation, business organization and budget distribution. "The business office of the Pampa Independent School District will be visited to obtain real information about the support of the schools in this community," said Nathan Cleek, junior high mathematics department head.

CHART PROGRESS OF PAMPA SCHOOLS

Here are the men who direct the schools of Pampa, as they are pictured at a recent meeting when they studied the auditor's report of the Pampa Independent School District for 1939-40, and made purchases for Pampa's new \$350,000 high school building, now under construction. Left to right: L. L. McCollin, E. C. Sidwell, secretary, V. L. Boyles, C. P. Buckler, president, Roy McMillen, superintendent, L. L. Sone, superintendent, and Roger McConnell.

600 Senior High Students Visit Library Each Day

Each day some six hundred students make their way to the Senior High library to check out books and magazines, to do reference work, to do recreational reading, and for study help.

Those regularly assigned report to Miss Helen Massengale of Woodrow Wilson a child recently brought a letter to mail. As he handed her the letter he said, "I'd like to send my letter by air mail, but I don't know how much it would cost. The postmaster would be glad to tell me." Children listed the facts that they wished to know about post offices. Then in a group they visited the postmaster for an interview.

The postmaster explained the interesting things about the post office. Some of the children mailed air mail letters and out-of-town letters. When they returned to school they decided to build a post office. Then they decided they must have mail boxes to put on their desks. The rows were named streets and each desk was given a house number. It was decided to use cigar boxes to make the mail boxes. They were painted and the numbers typed on. Some children decided not to make boxes but to get mail "General Delivery."

Junior High Has Club Meetings

Wide and varied interests of children attending Pampa Junior High school are served by a club period meeting twice each week during regular school hours. These clubs to which students go voluntarily not only serve to develop and encourage constructive hobbies but give the student a chance to operate under his own steam in a true democratic situation.

Some of the clubs organized at present in the Pampa Junior High school with student officers and student planned activities are: Needlecraft Club, Airplane Club, Press Club, Boy Scout Merit Badge Club, Home-making Club, Coaches Club, Safety Club, Tumbling, Stamp Collectors Club, Fashion Club, Dramatics, and Glee Clubs.

Improved Reading Goal Of High School English Department

Among the programs recently undertaken by the Pampa High school in an effort to meet effectively the individual needs of students is that of the remedial reading program. The responsibility of the remedial reading program is assumed by the English department, since in English classes most opportunity for teaching reading occurs. For each grade level in Pampa High school there is a class in remedial reading where specialized drill in vocabulary building, fact recognition, reading rate and comprehension are provided.

Miss Louise Warren, English teacher, who has been successful with remedial classes explains that "because of higher compulsory education limits and a promotion policy aimed at lessening excessive retention, more and more poor readers are being brought to the attention of teachers and the tendency of teachers to be responsible for only one subject has in the past resulted in little help for the poor reader in high school."

A study of the situation by the school administration and teachers has led to the organization of a special remedial program which seeks to reduce student failures to a minimum, to promote high achievement in all school subjects requiring reading ability and to insure the national competence on the part of the student when he leaves school and seeks employment.

The high school remedial program is but a part of a large program conducted throughout the district through the improvement of reading. This general program centers in the office of instruction of the school system of which E. W. Gabe, Jr., is director.

Sam Houston School Has Full Week Ahead

American Education Week at the Sam Houston school is to be full of school and community activity. Principal, Winston Savage, reports that the entire program of the school will be built around the theme of "Practical Education for the Common Defense." Some of the highlights of the week's program are: Band concerts on the school ground each noon; school visitations by parents and friends of the school, throughout the week; school radio broadcasts—Wednesday at 6 p. m.; Fathers' night program on Thursday evening; writing of essays by all the children on the topic, "What Can I Do to Help Defend My Country?"

The radio broadcast, Wednesday evening at 6 p. m. will deal with the subject of "The Conservation of Human Resources."

Fathers' night program will be built around the subject "Practical Education for the Defense of Democracy."

Business Behavior Class Makes Study Of Desirable Traits

Pampa High school's business behavior class studying qualifications of a working person such as health habits, personal appearance, the appropriate dress, the correct posture; personal traits such as fact, honesty, business-like attitude; and the education needed to hold different jobs are all carefully studied.

Each student makes a personal application in front of the class for the type of job in which he is interested. The good and bad points of the application are weighed. Means of finding vacancies such as through placement bureaus, advertisements and personal friends are discussed.

How to write the various types of business letters, how to make a second sheet, how to make carbon copies, how to erase typed matter neatly, and how to place a letter attractively on the page are taught the pupils.

What duties are expected from the employer as the care of the office, how to meet and handle the people who come in, how to handle incoming and outgoing mail, how to open and classify the mail, how to care for the office equipment and supplies and how to answer the telephone properly are points that are illustrated in the class.

Local business men and women talk to the class and discuss the qualifications and essentials needed in various businesses.

Students learn to make out checks, money orders and drafts of all kinds, pay and keep the office equipment in good condition.

Each student is thoroughly drilled in business etiquette. Every student is required to read six books on business etiquette, He learns to use reference books, dictionaries and other books to the best advantage.

Pan American Airways has a fleet of 151 planes in operation and 62,411 miles of air routes. The company serves 55 different countries.

School Pupils At Woodrow Wilson Play 'Postoffice'

Way down in the first grades of the Pampa public schools tiny tots are learning civic consciousness. For much of the subject matter deals with the life about the child in the community.

To Miss Helen Massengale of Woodrow Wilson a child recently brought a letter to mail. As he handed her the letter he said, "I'd like to send my letter by air mail, but I don't know how much it would cost. The postmaster would be glad to tell me." Children listed the facts that they wished to know about post offices. Then in a group they visited the postmaster for an interview.

The postmaster explained the interesting things about the post office. Some of the children mailed air mail letters and out-of-town letters. When they returned to school they decided to build a post office. Then they decided they must have mail boxes to put on their desks. The rows were named streets and each desk was given a house number. It was decided to use cigar boxes to make the mail boxes. They were painted and the numbers typed on. Some children decided not to make boxes but to get mail "General Delivery."

Part-Time Classes In Adult Education Benefit Graduates

Twenty-five persons are attending the part-time classes being conducted at the high school on Monday, Tuesday, Wednesday and Thursday afternoons from 4 to 6. This class began in September and will continue through January.

The purpose of the class is to give those over 16 years of age who are left regular classes in high school and are now employed, an opportunity to return to school to gain more knowledge to better perform their present duties, assume additional responsibilities or enter employment in closely allied commercial pursuits. The courses are planned to meet the actual needs of the students.

Instruction is now being given in both beginning and advanced shorthand and typing. Stress is placed upon letter writing. A study is being made of the various styles of letters, how to set up a letter correctly on the page, and how to make neat entries.

Other topics being reviewed are the making of payrolls, the filling in of order blanks and other blank forms that are used in offices, the typing of manuscripts, the use of the tabulator, the typing of postal card messages, and the typing of title pages.

Many local business concerns have been contacted and lists have been made of the duties that they want their employees to be able to perform. These duties have been made into class assignments and the students are learning to do the particular kind of typing that is done in offices in Pampa.

Steele Explains Aims Of Teaching History Courses

"Our courses of study are so designed and our classes are so taught every day that the student is made to feel proud that he can say 'I am an American,'" recently explained Aubrey Steele, head of the Pampa High School history department. This statement was made as Mr. Steele and members of his department were explaining how the objectives of American Education Week had always been the objective of high school social studies in Pampa High School.

Courses in world history, modern history, American history, civics, Texas history, economics, and sociology make up the varied offering of the social studies department. The development of civic consciousness and responsibility is the real objective of all these courses.

Mr. Steele in his comments on the value of learning American history from the viewpoint of effective citizenship continued, "The student has the opportunity of seeing the panoramic picture of American history unfold before him—from the settlements at Jamestown and Plymouth, the Second Continental Congress signing the Declaration of Independence, the American doughboy at Chateau-Thierry, down to seventeen million young men clamoring to register for the first peace time elective military service. All of these must surely fill every American with pride and a sense of destiny. There can be no greater Common Defense than this bond of past greatness."

Mrs. Tom Simmons, teacher of sociology and world history points that "we are trying to show through parallels in history that the world has seen dark days before. There was a new day for these people and we develop in our classes the theory and belief that the light of a new day will surely break on the world again. It is easy in this connection to help honest students see their American heritage in a new light and to help them realize the need for renewing their loyalties to it."

National Office Stresses Annual Education Week

It is significant that the annual observance of Education Week was initiated after World War No. 1. It is also significant that one of the three sponsors of this program from the beginning has been the American Legion. These two facts seem to indicate that national defense and preparedness to protect what we have called the American way of life are vitally related to systematic and universal education.

In the observance of American Education Week this year we ought to think in terms of expansion and improvement of educational facilities. The best answer to book-burning abroad is increased book distribution in America. The best defense against bigotry and intolerance anywhere is the more general spread of enlightenment in America.

We need to be particularly aware of the fact that modern aggression is carried on not merely with weapons and munition but also with blitzkrieg directed at the mind. National defense, therefore, necessarily includes the strengthening of the system of education by which the American people have vigorously developed and put in a state of preparedness to repel religious and racial intolerance and to foster a spirit of unity among Americans in this Land of the Free.

U. S. Office of Education,
J. W. Studebaker, Commissioner

Robertis, Soph; Awarded First In Essay Contest

Elizabeth Roberts, Pampa High school sophomore, has been awarded first place in a recent essay contest among high school students on the subject of "What Part Can Youth Play in the National Defense."

A pair of bookends, donated by the Diamond Shop, will be presented to her before high school assembly. The contest was sponsored by Pampa Junior High School in cooperation with the Pampa Daily News.

Results of the contest for junior high and elementary school students will be announced later this week. Judging of the essays was by a special committee of the local chapter of the American Association of University Women with Mrs. Hol Wagner acting as chairman.

Students who received honorable mention in the essay contest were Jeanne Graham, senior; Billy Waters, sophomore; Lucille Mathus, sophomore; and Loretta Price, freshman.

Following is the prize winning essay, written by Elizabeth Roberts:

"We are all very patriotic during these war times. A wave of patriotism is sweeping the country. We see it in the faces of our friends and in the faces of the crowds at the movies and at public gatherings. But there is much we can do to show our patriotism other than by wearing appearing patriotic or by wearing pins.

"We must become well informed about world affairs by reading about national and world events and by making it a habit to read national leaders and commentators on the news. We must take a keener interest in our courses in social science, in history, and in political economy. We must also talk among ourselves about current events and make selective draft and other local and national defense measures.

"Spiritual strength is very important and must not be overlooked. We have not enough history to know that religion is the basis of individuals and nations great power. Religion can help us to endure hardships and to work harmoniously with our fellow men. Religion can give us the strength to defend our country.

"We must help our community so that we can make the best of our desire to help in the national defense. The finest local leadership must be supported, but while working with the community, the plans of the state and nation must be kept in mind. With individuals and communities each contributing their small quota of strength to swell the strength of the whole nation, we feel that progress can be made.

"The aliens who live in our country should be shown how they can be useful in our nation's defense. We must make sure that they learn our language and customs and become adjusted to our way of life.

"The legislators and other elected and appointed political officials should know just what the people think about vital public questions. This will certainly protect our democratic privileges. Never before has the American law maker needed more prompt and clear guidance from the public. We should send our sincere and honest opinions on every important subject to our elected representatives.

"There are many other things that we can do to help. We must fortify ourselves against propaganda; we must help foster good will with neighboring countries; we must help stop hatred between races, classes, creeds, and between capital and labor.

"Only after we have fulfilled these obligations can we honestly say: 'I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, indivisible, with liberty and justice for all.'"

During 20 months of the Civilian Pilot Training Program, only four primary students have been killed. There have been four instructor fatalities. These cover more than 1,100,000 hours of flying and about 28,000 flight courses.

Special Assembly Programs To Be Held By Schools

Civic clubs, service organizations, business men, educational and religious organizations of Pampa join this week in the national observance of American Education Week with "Education for the Common Defense" as the dominating theme. Throughout the week, beginning this morning in the churches of the city, a "Know Your School" program will be conducted according to plans made two weeks ago by a joint school and citizens committee.

The American Education Week observance in Pampa will consist of special assembly programs in every school, radio programs daily over station KPDM, back to school nights for parents, school displays in the show windows of business firms, special programs at civic clubs, and recognition in church services.

The board of education and the school administration issued a blanket invitation for every friend and patron of the Pampa public schools to visit at least one of the local schools during the week. The local post of the American Legion will present a large American flag to the school having the largest per cent of visitors registering during the week.

"If it is true that our system of universal public education is the best defense we have for our democratic institutions, then at this time more than any other the citizens of Pampa should acquaint themselves with the program and operation of their local school system." G. P. Buckler, school board president, said yesterday.

This year's American Education Week observance, built around the general theme of "Education for the Common Defense" will have a specific theme for each day of the week. The National Education association has set up the following daily themes, which will be observed in the classrooms of the Pampa schools: Sunday, "Enriching Spiritual Life"; Monday, "Strengthening Civic Loyalties"; Tuesday, "Financing Public Education"; Wednesday, "Developing Human Resources"; Thursday, "Safeguarding Natural Resources"; Friday, "Perpetuating Individual Liberties"; Saturday, "Building Economic Security."

Members of the citizens lay committee who cooperated with school officials in planning for the observance are Travis Lively, Joe Gordon, Ray Barnes, and D. L. Parker.

Horace Mann Issues Poetic Invitation To Visit School

This is American Education Week. And the teachers of Horace Mann Ask each and every parent. To visit school if they can.

Each grade has an interesting unit. Which the children greatly enjoy. So, parent, you may see the work. Made by your own girl or boy.

The lower grades are working on "Home." And you should see what they've made; The cutest furniture and doll clothes. Are being very proudly displayed.

The third grades study Indians. And, my, they think it's fun! You'll decide they are Indians, too. By the time that they are done.

Along the banks of the Amazon river, The fourth grade children roam, And they really manage nicely, So far away from home.

In the fifth grade rooms you will find A unit on our pioneers. And it's wonderful what you'll learn About those early thrilling years.

The sixth grade unit is on Europe; "A changing world" is the name. For nothing there is stable. Because war is a terrible game.

There'll be some special programs, Put on in our schools each day, And we shall be truly sorry, If you fail to come our way.

—Miss Frances McCue.

We Sing Of America

This short poem, "We Sing of America," is the work of Billie Ruth Ridler, talented young poet of Pampa Junior High school.

In music we sing of America. The finest land of the free, And when we sing of her beauty In vision her pictures I see.

Then we chant the song of the negro With his merry plinking sound. As we sing these songs we're so happy We jiggle our feet up and down.

Then we sing of the American Indian With his wild enchanting way— So close to nature was this race. As he lived in that early day!

Also we sing of the white man. Of the pioneers brave and true. Who worked for those of the future. Whether skies were gray or blue.

And we wish to thank Stephen Foster Who wrote of the plantation days— The negroes, the cotton, the banjo. And the old-fashioned Southern ways.

Toward the end of the term Miss Wood wrote of the plantation days. Which our sisters and brothers are dancing. Such as "South American Way." —By Billie Ruth Ridler.

Music For Every Child School Aim

"Music for Every Child" is the objective of the music program in the Pampa schools. By active participation through singing or instrumental work, listening and appreciation lessons, creative work, and training in organization of programs, boys and girls are able to cope with any musical situation they might encounter in the community. For those students with special interest or talent in music, band and choral organizations are provided; through participation in these groups students gain in social promise, musical confidence, and new modes of self expression.

Through the study of the music of other lands or sympathetic toward the people of other countries. During the week November 10-16 special emphasis is being placed on the music of America, both new and old. Negro, cowboy, hillbilly, Indian, and certain types of music will be studied along with such American composers as Stephen Collins Foster, Edward MacDowell, David Gulon, a native Texan, Thurlow Luceurance, Ethelbert Nevin, Clifford Wakefield, Costman, and John Phillip Sousa, the "march king."

With its bands, orchestras, choral clubs, choirs, violin classes, and glee clubs the Pampa schools is acclaimed as having one of the best music programs in the Southwest.

Junior Safety Patrol Agent Of Democracy

Students who violate traffic rules in the crowded halls of the Pampa Junior High school are tried before a court of their own peers. The Junior High School Traffic Club, sponsored by Nathan Cleek, assumes the entire responsibility for the direction of traffic and policing of halls and stairways. Students who break rules are brought before the club, meeting in a court session, and tried by regular procedure. Penalties assessed are usually tasks which require some sacrifice on the part of the one guilty.

Through this practical experience junior high school students are learning the process of democracy by actually practicing them.

"The British Empire" is the large unit around which all the work in the sixth grade at the Baker School is being built at this present time. Reading, social studies, geography, music, and art are all contributing to this large unit. Miss Verdie Denton, art teacher, recently displayed beautiful murals on English life, painted by the sixth-grade children.

Art Teachers Strive To Develop Critical Taste, Appreciation

Art education as conceived by the art teachers of the Pampa school system is the development of art appreciation and consumership rather than the mere development of artistic skills. This philosophy of art education was expressed recently by Miss Roy Riley, art teacher in the Pampa High school.

"If we expect the art program in our school to train and turn out artists," said Miss Riley, "we shall be disappointed. Less than one percent of our students will become artists, but all of them will become art consumers. Art education's chief concern is not one's ability but the development of discriminating judgment and esthetic appreciation."

Mr. Taffinger, art teacher in the Woodrow Wilson school expresses the viewpoint that "The idea that art is the drawing of pictures and that those who study art will become artists is an idea of the past. Art is one of the broadest terms in our language. It means good taste in our clothes, our business, our homes, and our communities."

The art education program of the Pampa schools reveals that this philosophy is uppermost in the minds of the art teachers.

Financing Of Public Education Will Be Studied By Classes

Mathematics classes in both junior and senior high schools in Pampa have laid plans for the studying of the problem of "Financing Public Education" throughout American Education Week, according to Nathan Cleek and B. G. Gordon, department heads in the two schools.

The concentrated study of public finance will go into practical problems of taxation, business organization and budget distribution. "The business office of the Pampa Independent School District will be visited to obtain real information about the support of the schools in this community," said Nathan Cleek, junior high mathematics department head.

Business Behavior Class Makes Study Of Desirable Traits

Pampa High school's business behavior class studying qualifications of a working person such as health habits, personal appearance, the appropriate dress, the correct posture; personal traits such as fact, honesty, business-like attitude; and the education needed to hold different jobs are all carefully studied.

Each student makes a personal application in front of the class for the type of job in which he is interested. The good and bad points of the application are weighed. Means of finding vacancies such as through placement bureaus, advertisements and personal friends are discussed.

How to write the various types of business letters, how to make a second sheet, how to make carbon copies, how to erase typed matter neatly, and how to place a letter attractively on the page are taught the pupils.

What duties are expected from the employer as the care of the office, how to meet and handle the people who come in, how to handle incoming and outgoing mail, how to open and classify the mail, how to care for the office equipment and supplies and how to answer the telephone properly are points that are illustrated in the class.

Local business men and women talk to the class and discuss the qualifications and essentials needed in various businesses.

Students learn to make out checks, money orders and drafts of all kinds, pay and keep the office equipment in good condition.

Each student is thoroughly drilled in business etiquette. Every student is required to read six books on business etiquette, He learns to use reference books, dictionaries and other books to the best advantage.

Pan American Airways has a fleet of 151 planes in operation and 62,411 miles of air routes. The company serves 55 different countries.

Steele Explains Aims Of Teaching History Courses

"Our courses of study are so designed and our classes are so taught every day that the student is made to feel proud that he can say 'I am an American,'" recently explained Aubrey Steele, head of the Pampa High School history department. This statement was made as Mr. Steele and members of his department were explaining how the objectives of American Education Week had always been the objective of high school social studies in Pampa High School.

Courses in world history, modern history, American history, civics, Texas history, economics, and sociology make up the varied offering of the social studies department. The development of civic consciousness and responsibility is the real objective of all these courses.

Mr. Steele in his comments on the value of learning American history from the viewpoint of effective citizenship continued, "The student has the opportunity of seeing the panoramic picture of American history unfold before him—from the settlements at Jamestown and Plymouth, the Second Continental Congress signing the Declaration of Independence, the American doughboy at Chateau-Thierry, down to seventeen million young men clamoring to register for the first peace time elective military service. All of these must surely fill every American with pride and a sense of destiny. There can be no greater Common Defense than this bond of past greatness."

Mrs. Tom Simmons, teacher of sociology and world history points that "we are trying to show through parallels in history that the world has seen dark days before. There was a new day for these people and we develop in our classes the theory and belief that the light of a new day will surely break on the world again. It is easy in this connection to help honest students see their American heritage in a new light and to help them realize the need for renewing their loyalties to it."

PATTERN 8589

What a world of joy for happy tots comes with this quartet of little stuffed creatures—a bear, a bunny, a duck, and a chick, all appropriately if scantily bedecked with at least a scrap of something in a way of clothes. Send for the pattern right now (you get all four in one design—8589) and get a head-start on your Christmas plans this early.

Make them for the little folks in your own life, and for others who may miss out on their Christmas fun unless you think of them in time.

The animal toys take such a lot of loving and hugging and tossing about that they must be made of sturdy materials—percale, chintz, singham or calico.

Pattern No. 8589 is designed in One Size. Bear, bunny, and chick each requires 1/2 yard of 36-inch material; duck, 3/4 yard; 1/2 yard for the overall, 1/2 yard for the jacket; 9-inch squares for each bib; 2 1/4 yards of ribbon.

For a PATTERN of this attractive model send 15c IN COIN, YOUR NAME, ADDRESS, STYLE NUMBER and SIZE TO The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Everything new! Everything small! Fashion for everybody from little size 2's to latest size 5 1/2's! Wearable, practical versions that will fit right into your daily life and give endless satisfaction. That's what you'll find in the new Fall and Winter Fashion Book! Send for it this very day—right now!

Pattern, 15c; Pattern Book, 15c. One Pattern and Pattern Book, ordered together, 25c.

Miss Sawyer and William Bartlett Will Marry Today

SPECIAL TO THE NEWS CANADIAN, Nov. 9—Miss Fernaneta Sawyer will become the bride of William Bartlett at nine o'clock this morning in the First Methodist church.

The ring ceremony will be used with the Rev. Dwight L. McCree, pastor of the church, officiating.

Miss Sawyer is the daughter of Mrs. F. N. Sawyer of this city. Her father, deceased, was superintendent of the Canadian public schools for a number of years.

She is a graduate of the Canadian High school and of West Texas State college. She was serving her second year as teacher in the Miami schools.

The groom is a son of Mr. and Mrs. C. W. Bartlett of Dallas, and is employed at the Panhandle Lumber company here.

Miss Kay Sawyer, also a graduate of Canadian High school and West Texas State college, now teaching at Waka, will be her sister's bridesmaid.

Charles Bartlett of Lubbock, brother of the groom, is to be best man.

Mrs. Grace Spiller, church choir director, will be in charge of the music.

A reception will be held for relatives and a few friends in home of the bride's mother, immediately following the wedding ceremony at the church.

The young couple will leave Sunday forenoon for a motor trip to New Orleans and other points of interest in the South.

Following their return from their honeymoon, Mr. and Mrs. Bartlett will be at home at 223 South Sixth st. They plan to build a home next spring.

Out-of-town guests attending the wedding are to be: Mr. and Mrs. C. W. Bartlett and Miss Nancy Bartlett of Dallas, parents and sister of the groom; C. W. Bartlett of Lubbock; Mr. and Mrs. J. D. Bartlett, Clinton, Okla.; Mr. and Mrs. A. A. Johnson, Hobart, Okla., sister and brother-in-law of the groom; Miss Gillum, Miss Virginia Roberts, Miss Lois Campbell, Miss Mildred McCullough, and Hugh Harman.

Grady Hazlewood And Jack Little To Speak At P-TA

SKELLYTOWN, Nov. 9—Senator-elect, Grady Hazlewood, and Representative Jack Little are to be the main speakers of the evening for the regular meeting of the Parent-Teacher Association Tuesday evening at the Skellytown gym, at 7:45 o'clock.

The program is one of Americanism in keeping with many other such meetings that are being held over the United States in an effort to unite the American people in a united front for Americanism.

Special music will be furnished by the various musical organizations in the school. The two bands and the girls' chorus will play and sing patriotic songs.

SERIAL STORY

BY W. H. PEARS

GOAL TO GO

COPYRIGHT, 1940, NEA SERVICE, INC.

YESTERDAY: When the sports-writer, turns to write a story about the dance...

CHAPTER VI

CHARACTERISTICALLY, Julius Peskin kept Bill late the night of the dance...

"Heard the news, Bill?" "Crouched before the mirror, Bill shook his head. "Landis has been fired."

DOT swept down to meet Bill in a clinging black dress. She pivoted for his approval, her Auburn hair glowing...

Bill and Bullethead Battle at the Dance; Buck Writes a Letter

smoothly. "He finally agreed that I was right."

"It was a bad night for Bill. He struggled manfully to keep in time with the music, but after the first attempt Dot found plenty of excuses to dance with the other boys...

Bill went white about the mouth. With an effort he kept his hands in his pockets. "I'll take that up with you later," he grated.

Hard knocks had taught Bill Mentor not to argue with those in authority. He turned toward the door without a word.

"Bill, you were marvelous! I'm just so proud I could burst. Every girl there was simply green with envy."

"Nothing of the sort, Bill. I'll explain everything to Father."

"I don't know what this is all about, Bill," he said. "But I know it isn't like you to mistreat Helen and then get in a brawl over another girl."

Couple Honored At Dinner Given On Anniversary

SHAMROCK, Nov. 9 (Special)—Mrs. Nathan Franks gave an anniversary dinner party at her home on Thursday, honoring her mother and father, Mr. and Mrs. J. L. Nunn, of Twitty who have been married 33 years.

The dinner table was centered with a huge cake which was beautifully decorated.

The children are John Nunn of Shamrock, W. M. Nunn of Twitty, Mrs. M. J. Foreman of Tuleho, Okla., Mrs. R. R. Cole of Elk City, Okla., Mrs. Aubrey Higdon of Twitty, Mrs. Clem Milsap of Clarkdale, Ark., and Mrs. Nathan Franks of Shamrock.

Mrs. Morse Hostess At 20th Century Club In Shamrock

SHAMROCK, Nov. 9 (Special)—Mrs. B. B. Morse was hostess to the 20th Century Club Thursday at the home of Mrs. W. H. Walker on South Wall St.

Mrs. R. P. Fry, club president, conducted a short business session during which final plans were made for the State Federation meet in Austin.

Mrs. Orville Smith was leader of

the program on "Americanism" and roll call was answered by "What Can I Do Toward Making My Country a Better Place to Live In?" Mrs. Smith gave a resume of the privileges enjoyed by Americans as individuals.

FUNNY BUSINESS

"Copy cat!"

HOLD EVERYTHING

"In plain English I asked her to marry me, and she said, 'No, Joe, we don't speak the same language.'"

ARMISTICE DAY

MONDAY, NOVEMBER 11

LET US OBSERVE THIS DAY FOREVER MORE - AS THE END OF AMERICAN WARS

EDUCATION

for the Common Defense

AMERICAN EDUCATION WEEK

NOVEMBER 10 - 16

This week is American Education Week. Its purpose is to help acquaint the people with the achievement, aims, and needs of the public schools. Our system of Universal Public Education is the greatest common defense the American people have erected.

IT IS INDIVIDUAL, helping each person to make the most of his talents.

IT IS UNIVERSAL, seeking to educate all the children and all the people.

IT IS PRACTICAL, helping prepare people to earn a good living.

IT IS CIVIC, preparing individuals to be wise and loyal citizens.

IT IS SPIRITUAL, recognizing the eternal dignity of human personality.

KNOW YOUR PUBLIC SCHOOLS!

MEN DIE. They die of old age and of accidents and of sickness and disease. They die of hunger and privation and cold. Some die in war.

TODAY, more than ever, we are reminded of the futility of war. That those who died in that other war shall not have lost their lives in vain, let their memory serve as a perpetual warning against ever again subjecting our boys and our nation to the horror

that is war. And let their memory make us conscious of Peace.

THANK GOD for Peace. It is the most treasured heritage we have. Thank God for an America that preserves Peace and that values it as priceless. On this Armistice Day let us all pledge ourselves sincerely and completely to do all we can to keep Peace with ourselves and with our neighbors. Thank God for Peace!
