

Harvesters Draw Houston Team For First Opponent At 2 o'clock Friday

The Harvester basketball team will play Jeff Davis of Houston at 2 p. m. Friday afternoon in the state schoolboy championship meet, according to an Associated Press dispatch received from Austin today.

Jeff Davis has been touted as the strongest team in the tournament, but that little rumor did not disturb

the confidence and determination of the Harvesters.

Close followers of both teams pointed out that the Houston team is usually the weakest in the state, and has never won the state championship, compared to four state championships won by Region One teams from the Panhandle and South Plains.

However, Jeff Davis is undefeated, and may be hard to take out.

A mammoth rally at the Turkey-Pampa game here tonight, and a parade through the business district this afternoon will give the Harvesters an encouraging send-off. The main game tonight will be played at 8 o'clock. The Harvester band will lead students in

the parade this afternoon, and will play at the game tonight.

The 13 members of the Harvester squad, accompanied by Coach Odus Mitchell, Bill Anderson, business manager, Harold Mitchell, team manager, will leave for Austin by bus tomorrow. They will work out tomorrow night at Cisco and travel on to Austin Thursday.

Harvesters who will make the trip will be Grover Lee Heiskell,

Ed Terrell, Wayne Otis, Leslie Burge, Pat Flanagan, Floyd Allen, Thomas Dewey, Junior Fraisher, Tom Cox, Billy Mounds, Cletus Mitchell, L. J. Halter and A. C. Enloe.

The Harvesters have announced that they will not only dedicate the game tonight to Coach Mitchell, but every one they play at Austin.

"Well take 'em," they predicted.

The second game at 3:15 o'clock will pit Mt. Vernon, the East Texas champ, against El Paso high school.

At 7:15 Friday night, Waco will battle Bloomington from the Rio Grande Valley, and at 8:30 Abilene will clash with the 1940 state champions from San Marcos.

The pairings for the eight survivors of statewide regional contests were decided at a special drawing witnessed by staff members of the University of Texas Interscholastic League.

The tournament will be in Gregory gymnasium on the university campus.

San Marcos, 1940 state champions, El Paso, runner-up and Waco are the only repeaters from last year.

El Paso will make its eleventh appearance in the annual event, a record.

Semi-finals will be Saturday at 10:15 a. m. and 11:30 a. m., with automatic pairings. The final game will be Saturday night at 8:30 o'clock, following a consolation event at 7:15 o'clock.

Referees will be J. W. Sears, L. R. Boggess and Abe Curtis.

The Weather

West Texas — Increasing cloudiness tonight and Wednesday, with cloudiness lowering over southeast portion late Wednesday; warmer tonight.

Good Evening

As soon as I have begun to fear I have ceased to fear.—Schiller.

NAZI FIRE BOMBS LEAVE CARDIFF IN FLAMES

Appointive Oil Body Asked At Hearing

Japan Gives France New Time Limit

TOKYO, March 4. (AP)—Japanese news agency indicated today that Japan for the second time in a week had set a time limit for a reply by France to proposals for settlement of the Indo-China border dispute with Thailand.

The news agency said Foreign Minister Yosuke Matsuoka was believed to have told French Ambassador Charles Arsene Henry that a "final answer" was expected by Wednesday noon (9 p. m., C. S. T. today).

If France's answer is received, the news agency suggested that the fifth conference of delegates to the Japan-sponsored peace conference would be held Wednesday night to decide final details.

Matsuoka and the ambassador met for 40 minutes today to discuss a modified plan advanced by Japan for settlement of the dispute out authoritative sources said they failed to reach an agreement.

It was indicated that the Japanese considered the result of today's meeting another setback in their efforts to bring swift settlement of the controversy.

Japanese sources indicated that a decision must be reached in another interview between Matsuoka and the French envoy set for tomorrow because of the necessity of communicating orders to Thai and Indo-China troops before the armistice ends Friday.

Observers believed the French still were attempting to obtain additional concessions. The outcome of the peace negotiations here therefore appeared to depend on whether the Japanese would be willing further to modify their proposals.

Domestic Japanese news agency said that Navy Minister Admiral Koshio Okawa reported to Emperor Hirohito on the state of affairs under his jurisdiction. Details of his 45-minute interview with the emperor were not disclosed but the meeting possibly was connected with the Japanese-mediated peace negotiations.

The Japanese press prominently displayed Vichy dispatches indicating that the French government had bowed to Japanese proposals for ending the border conflict.

The Japanese parliament was in recess, having completed all business in hand.

Premier Prince Fumimaro Konoye, ill some time with a cold, was recovered and back on the job.

War Flashes

SOFIA, Bulgaria, March 4. (AP)—A break in British-Bulgarian relations was expected within 36 hours today and, as German reports sifted through the capital that the RAF was photographing the country apparently in preparation for bombing, more than 100 small pursuit ships were lined up at a new emergency airport here.

LONDON, March 4. (AP)—The British government decided today to shut down or consolidate more than 50 civilian industries employing 1,000,000 workers and to shift all available manpower and materials to arms manufacture.

SOFIA, Bulgaria, March 4. (AP)—British Minister George W. Rendel informed United States Minister George H. Earle today that Britain was breaking relations with Bulgaria tomorrow and Earle instructed the American legation to start preparing to take over custody of British property throughout the country.

A special train had been ordered for tomorrow, but Earle was informed its departure may be delayed a day or two depending on when Rendel can finish preparations for leaving.

I Heard . . .

Japan Gives France New Time Limit

(By The Associated Press)

AUSTIN, March 4. (AP)—An appointive instead of elective commission to regulate Texas' gigantic oil and gas industry would abolish asserted politics and discrimination in administration of proration in the opinion of a number of state's oil men.

Mr. Davis of Pampa asked the committee to take the oil business out of politics by making commission membership appointive and stated that once when he wanted to see Commissioner Olin Culberson on business, Culberson's time was so taken up by job-hunters he had to give up.

Several industry spokesmen so informed a legislative committee which conducted a public hearing far into the night last night.

The house committee on state affairs announced approval of a bill removing oil and gas regulation from the railroad commission, an elected body, to a three-man agency appointed by the governor, would be heard tomorrow.

Among witnesses, Jake L. Hamon, independent oil producer of Dallas, decried railroad commission members "have to pay off fellows who helped them get into office" and that "influencing, practicing lawyers" brought about inequities in proration.

"The oil business has been hamstringed and been in a precarious condition for months due to silly variations in allowables," Hamon said. "Appointive commissions in other states really work. If we don't keep Texas oil production on an even keel, we'll have federal control."

Other witnesses contended the commission hired incompetent employees, members were kept so busy they had little time for oil regulation, sometimes switched allowable production so drastically the market was flooded and the general instability permitted no expansion by small operators.

Arguments favoring an appointive commission included one that it would be more efficient and could be made up of experts who would not offer themselves for public office and another that it would be composed of capable men because the senate would have to confirm them.

Questioning by committee members developed that the agency might be influenced by politics because the governor would have to be elected, that it would not be responsible to the people through election, that the industry was in good condition testifying to the work of the present commission and that members had not complained of being overburdened.

Dave Gray of Wichita Falls asserted there had been discrimination in production against the KMA field. A. E. Herrmann of Amarillo claimed the same for the Panhandle field. C. P. McGaha of Wichita Falls said he believed "allowable fluctuations apparently are determined by political considerations."

R. H. Foster of Fort Worth and H. P. Nichols of Tyler asserted the railroad commission was too heavily loaded with railroad, truck, utilities rates and oil and gas regulations.

"They said that while it had 'done a good job,' a better one could have been done by an independent agency concentrating on the oil and gas business alone.

Instructor of the ground school course, sponsored by the Pampa school system and held in the high school, is P. A. Hall of Pampa, licensed CAA ground school instructor.

Meeting nights will be announced within the next few days. The meeting times must be approved by a district inspector who is scheduled to arrive here tomorrow. Text books are expected to arrive within the next two or three days and classes will begin upon their arrival.

The project is being sponsored by the Pampa Junior Chamber of Commerce.

Aviation School Attended By 90

Ninety persons attended the organization meeting of a ground school aviation course under supervision of the Civil Aeronautics Administration here last night.

That number 15 were women who want to become licensed pilots.

Fifty of those taking the course will compete for 10 free flight scholarships. The 10 persons with the highest rating at the close of the 72-hour ground school course will be awarded the scholarships.

Others with high ratings can be sponsored by firms or individuals and for each one sponsored the government will give an additional free scholarship.

Instructor of the ground school course, sponsored by the Pampa school system and held in the high school, is P. A. Hall of Pampa, licensed CAA ground school instructor.

Meeting nights will be announced within the next few days. The meeting times must be approved by a district inspector who is scheduled to arrive here tomorrow. Text books are expected to arrive within the next two or three days and classes will begin upon their arrival.

The project is being sponsored by the Pampa Junior Chamber of Commerce.

Police Looking For Hit-Run Driver Here

City police officers are searching for the driver of a car which yesterday afternoon struck L. J. Romines, Western Union messenger, knocking his arm by his bicycle.

The car, in which were three women, failed to stop.

"I hope the woman driving the car will report to police headquarters," Police Chief J. B. Wilkinson said today, "leaving the scene of an accident without rendering aid is a serious offense," the chief said.

Dies Tries To Locate Nazi Witnesses In U. S.

WASHINGTON, March 4. (AP)—Chairman Dies (D-Tex.) said today that the House committee on Un-American activities was trying to locate five witnesses, who have testified in secret, for additional information about Nazi and Communist activities in the United States.

The Texan advanced the possibility that they might have gone into hiding to avoid agents of Germany and Russia.

He declined to give the names of the five.

Congratulations—

Mr. and Mrs. Jimmie Short are parents of a son, weighing six pounds, four ounces, born February 27 at Shattuck, Okla. He has been named Jimmie Rodney.

Charles D. Hurrey

Rotary Speaker Has Travelled Over World

Second speaker in the Pampa Rotary club's institute of international understanding will be Charles D. Hurrey of Montclair, N. J., who will speak on "The New World and the Whole World" at 8 o'clock tomorrow night in the high school auditorium.

His lecture will be the second in the series sponsored by the Rotarians. Last Wednesday night the institute opened a speech by Ethan Colton of Upper Montclair, N. J., whose subject was "What's Ahead for Business, Agriculture, Labor?"

Mr. Hurrey, tomorrow night's speaker, returned recently from a six months tour of South America.

For many years Mr. Hurrey was secretary of the committee on friendly relations among foreign students. In addition to his world travels, he had a three years residence in South America.

He has written and spoken extensively upon various phases of world political and social problems, and his contact with world student leaders has equipped him especially for the intelligent discussion of international relations.

Mr. and Mrs. Jimmie Short are parents of a son, weighing six pounds, four ounces, born February 27 at Shattuck, Okla. He has been named Jimmie Rodney.

STUDENT LEADER

Charles D. Hurrey

Prejean Named Head Coach Of Harvesters

J. C. "Buck" Prejean, for the past five years Pampa Harvester line coach, was unanimously elected to succeed Odus Mitchell as head coach of the Harvesters for 1941 at an executive meeting of the school board last night. Salary was set at \$2,400. Prejean will name his assistant coach.

Twenty-four hours after being re-elected for another year, Coach Mitchell resigned last Thursday to accept a head coaching position at Marshall high school.

School board members last night studied applications from 25 well known southwest coaches. Mitchell recommended Prejean unreservedly, stating that he believed he was the best man for the job. Mitchell said that Prejean knew all the boys coming up and that he had worked with them and had taught them the ground work of his system.

Prejean was highly recommended to the board by Bill James, coach at Texas A. & M. college.

Prejean graduated from Orange High school. He attended Schreiner Junior college in 1928 and 1929. He went to University of Texas where he was guard for four years. He graduated in 1934 and the following year was named coach at Shamrock High school where he won the conference championship. He came to Pampa from Shamrock.

"I appreciate the confidence the board has in me and I will do my best to give Pampa the best football team possible," Coach Prejean said today. "I appreciate the support given me by Coach Mitchell. I have enjoyed working with him during the past five years. We are losing a wonderful coach and a great man in Odus Mitchell and I know I have a big job ahead of me."

Co-Captains Burnett and Phillips of the 1941 football team appeared before the board last night and said that they spoke for the entire squad in asking that Coach Prejean be named to succeed Coach Mitchell.

Prejean's lines have been among the best in the state since he came to Pampa.

Coach Prejean said he planned to call boys out for track and field Monday. Spring football practice, which will be limited to one month this year, will not start until later than usual this year because of weather. Last year's practice was interrupted for many days because of unfavorable weather.

A basketball coach to guide the Harvester line will be named at a later meeting.

Among coaches who applied for the coaching position were W. W. Nicklaus, Oklahoma Baptist university; George W. Blair, Electra; Lacy Turner, Wink; Charles Volney Hill, Burk Burnett; Lloyd Russell, assistant coach at Baylor university; Bill Sanders, Grand Saline; Curtice Hamilton, Slaton; Dan Salkald, Quail; Alvar Boggs, Trinity university; John H. Williams, Wellington; H. E. Wishard, Waco; Billy Thurman, Rutledge; Bill Stevens, Levelland; John Pace, Vinita, Okla.; W. E. Cooper and Floyd Murry.

Borgans Will Celebrate 15th Birthday

Pampa will say "howdy" and "congratulations" to its neighbor, Borger, when the Hutchinson county town observes its 15th birthday Saturday.

The good will committee of the Pampa Chamber of Commerce will arrange for a delegation of Pampans to attend the birthday party.

To plant Pampa's part in the celebration, the committee met this afternoon. Members of the committee are W. B. Weathered, chairman, Bill Lucas, W. E. James, Edwin Leech, P. O. Gurley, Mark Vantine, B. D. King, Claude Roberts, Frank Hill, L. H. Johnson, and L. L. Sone.

In conjunction with the celebration American Legion and Legion auxiliary members of the posts and auxiliaries of the 18th district will hold their regular monthly meeting in Borger on Saturday.

Prefacing the celebration will be the mile-long parade starting at 11 a. m. It will include 15 bands, marching bands, drum and bugle corps, motorcycle and bicycle squads, civic organizations, and floats.

The king and queen of the celebration will ride in the parade on a special float. They will be selected from contestants 15 years old who have won their titles through preliminary contests in Borger and surrounding towns. Borger's entries will be chosen Wednesday. There are 60 Borger merchants who are sponsoring candidates in the contest.

Marching Exhibition

Bands at the celebration will engage in a marching contest to be held at 1 o'clock in the afternoon at the Borger Bulldog stadium. There will be trophies for the winning band, and awards for each band taking part. D. O. Wiley, Texas Tech. land director, will be the judge.

From 2 to 5 o'clock an air show, for which no admission is charged, will be held. There will be 20 Borger pilots participating. Stunting, spooling, shirt tail race, and ribbon cutting are a part of the events.

Feature of the show will be an exhibition of the Ecoupe, "fool-proof" light plane. It will be the first time this plane has been shown in the Top O' Texas.

There will be a section of Main street roped off for the midway and a carnival, complete with concessions, rides, and shows, to entertain the crowd.

Completing the day will be the American Legion dance beginning at 9 o'clock at the hut of Hutchinson county post 412, with music by Carlton Scales and his orchestra.

It Rained Oil In Wheeler County

It rained oil in Wheeler county yesterday when the bit dropped into pay dirt in the E. B. Clark No. 2 well in section 30, block 24 H&G survey. Oil poured over the derrick and covered the countryside for hours until a cap was set and a tube run.

The pay was topped high and was much greater than in any well in the area. No storage was available and no head had been installed on the well.

The oil poured from the hole in such volume that some believe the well will gauge nearly 1,000 barrels. Located nine miles northwest of Shamrock, the well is the second drilled by Clark. The first was completed for 3,000,000 cubic feet of gas and a few barrels of oil. It is an outside location and offset to the Ledford well on the same lease which gauged 200 barrels. Pay in the Ledford well was found at 2,098 feet and the Clark test was drilling 10 feet higher.

Pipefitting Class To Start Wednesday

A night vocational class in pipefitting will be organized at 8 o'clock Wednesday night in the high school building, C. M. Davis, coordinator, announced today.

The course is designed to fit men who know pipe sizes, use of tools, and have had some practical experience in pipe work in the oilfield, for better positions.

The certificate to be issued those completing the course will be recognized by the Texas State Employment Service as sufficient recommendation for government jobs.

Yugoslavia's Prince Paul Will Visit Adolf Hitler

BELGRADE, Yugoslavia, March 4. (AP)—Diplomatic observers reported today they expected Regent Prince Paul of Yugoslavia to leave Thursday to confer with Adolf Hitler in Germany.

If the prince and the German Fuehrer should reach an agreement, another signature—that of Yugoslavia—probably would be added to the three-power pact which Slovakia, Hungary, Rumania, and Bulgaria also have signed, they said.

ACTIVITY ON BALKAN STAGE

As the German war machine rumbles through the Balkans, parties are taken by England, Turkey and Greece to check the advances by strategic moves.

The Rumanian oil fields were reported bombed by the -RAF; Turkey closed the Dardanelles and sent its fleet to guard the straits; Greece pushed further into Albania while England's Anthony Eden met in Athens with Greek leaders.

Hitler Sends Promises To Turk Cabinet

Britain Ready To Break Relations With Bulgaria

(By The Associated Press)

Turkey's cabinet went into emergency session today to consider a special message from Adolf Hitler which Balkan diplomatic quarters described as a high-pressure move on Turkey to forsake her British alliance and join the Axis "since only the reich can protect Turkey against the historic designs of Russia."

Russia's age-old dream, it was recalled, centers on gaining an outlet to the western world—presumably via the Turkish-guarded Dardanelles.

Simultaneously, authorized Nazis in Berlin served blunt notice on Greece that she cannot "serve two masters," an evident reference to Greece's alliance with Britain and the fast-spreading sweep of German control through the Balkans.

While the Turkish cabinet considered Hitler's message, the Turkish government took further measures to prepare for war, asking all industries to report at once on the maximum productive capacities of their raw materials on hand.

The presumption was that if Turkey does not cooperate with Germany, Turkey's main source of supplies would be cut off.

Germany's Luftwaffe attacked the port of Cardiff, South Wales, with a 5-hour hail of incendiary bombs last night—described by British officials as one of the greatest air raids of the war—while RAF bombers pounded Cologne in the German Rhineland.

Dispatches from Cardiff said smoking ruins marked a trail of destruction across the city this morning.

The toll of dead and wounded was not immediately estimated. During the raid, as waves after waves of Nazi warplanes swept the city with fire-bombs and high explosives, the American Red Cross rushed ambulances from London, 160 miles away.

And this surge of renewed aerial violence, the crisis in the Balkans moved nearer the breaking-point.

Authoritative quarters in London said British planes break off relations with Bulgaria "within the next 24 hours"—with the action presumably to be followed by a declaration of war.

A high neutral diplomatic source in Sofia quoted British Minister George W. Rendel as saying he had now decided to sever British relations with Bulgaria within 36 hours.

Rendel is said to have full freedom.

New Laugh Play To Cure 'Worried Mind'

By THE ROVING REPORTER

Kenneth Carman pulled the wraps off his new play last night for the benefit of the Roving Reporter, and the word you can pass along is: if your theme song is "Worried Mind," or if you have the blues of some kind what you need is a good laugh and you'll get plenty of laughter from the very funny "Big-Hearted Herbert" which will be staged by the Junior class Thursday and Friday nights at 8 o'clock in the high school auditorium.

This play kinda slipped up on Mr. R. R. who tries to keep tab on Mr. Carman's play-directing. The R. R. didn't even know that the human, homespun folksy comedy about the self-made man, Herbert, was in rehearsal, until he saw the lights in the high school auditorium last night. But that was the way it was once before.

This play drew roars of laughter and shameless smiles from your reporter, and it is possible that you may laugh practically from beginning to end of the show. A play produced by Mr. Carman is always an event in this reporter's life and "Big-Hearted Herbert" is certainly no exception.

You will remember that the last high school play, "What A Life," was attended by at least 2,000 persons. That was last December.

Well, in "Big-Hearted Herbert," Mr. Carman has a dark-horse case. None has ever appeared in high school plays, but those of you who saw the Kiwanis Revue last fall will recognize the name of Frankie Lou Keehn who plays the heroine's part. There is Flint Berlin who played the role of cut-ups in Junior high plays.

But the most impressive thing about this cast is its scholarship. Never has Mr. Carman assembled so many intellectuals in one play. You can't even say "ah!" around them, and you have to be on your toes so as not to make any grammatical errors.

For instance, the leading juvenile role is played by Joe Blackwood who is the lover of Frankie Lou in the play, and the role of "Big-Hearted Herbert" is played by Phillip Sillcutt, frail youth with a fog-horn voice. Joe was valedictorian of Junior high and still makes straight A's and Phillip was salutatorian and also makes A's.

The entire cast is as follows: Herbert Kalness, Phillip Sillcutt; Robert Kalness, John Knox; Elizabeth Kalness, Dorothy Dressler; Martha, Virginia Clegg; Herbert Kalness, Jr., Tom Johnson; Alice Kalness, Frankie Lou Keehn; Andrew Goodrich, Joe Blackwood; Amy . . .

Order your Lenten foods direct from Barrett's Frozen Foods. Highest quality. Competitive prices. Phone 1212.

See NEW PLAY, Page 3

JOE ADMITS HE'S 'THAT WAY' ABOUT POPULAR DANCER

Frankie Lou Keehn, popular Pampa dancer, and Joe Blackwood, above, Pampa high school intellectual, are that way about each other, not only the play, "Big-Hearted Herbert," in which they play the leading juvenile roles, but also off the stage, according to members of the cast and Joe himself who blushed this morning but did not evade a question put to him by the Roving Reporter.

"I never knew her until we got in the play together but since then I've become pretty fond of her," said Joe. As for Frankie Lou, she was in Amarillo today dancing for the canteen, but she will be back for dress rehearsal tonight.

Both Frankie Lou and Joe are juniors. Joe is a straight A student and was valedictorian of Junior high when the above picture was made.

Frankie Lou was the dancing star of the Kiwanis Revue. She is just as good an actress as she is a dancer, rehearsal attendants report. In the play, Frankie Lou and Joe fall in love, court, and marry despite the violent objection of the daughter's parent, "Big-Hearted Herbert."

Russell Acklam Dies Early Today

Russell Dewey Acklam, 42, died early this morning at the family home, 1313 Charles street, of a long illness. He was brought home from Shattuck, Okla., hospital last Saturday.

Mr. Acklam came to Pampa 13 years ago. He was a painting and paper hanging contractor. He was a member of the Elks club.

Survivors are the widow, his mother, Mrs. Lottie Acklam, and one brother, Raymond Acklam, all of Pampa.

Funeral services will be conducted at 2:30 o'clock Wednesday afternoon in the First Christian church by the Rev. B. A. Norris, pastor, assisted by the Rev. James Todd, Jr., pastor of the First Christian church at Panhandle. Burial will be in Fairview cemetery under direction of Huffman-Nelson Funeral home.

Pallbearers will be R. H. Allen, L. E. Barber, Rhorne Johnston, Charles Honeycutt, Jeff Lard and W. F. Ford.

I Saw . . .

A Pampa girl last night who looked and acted like a movie queen. She was Imogene Sperry, high school junior, and she plays a role in the Junior play, "Big-Hearted Herbert." You will remember Imogene and her sister, Betty Jane Sperry, who had a mongrel entry in the dog show last spring. Well, two days ago the trick dog was run over by a car and got both legs broken. Now the girls are mourning because they'll have to shoot it.

Blitzkrieg Costs U. S. \$200,000,000

WASHINGTON, March 4 (AP)—Germany's blitzkrieg occupation of most of Europe and Britain's blockade have cost the United States approximately \$200,000,000 in normal export sales, it was shown today in an analysis of commerce department trade figures for 1940.

United States exports to the British empire and Latin America have zoomed as a result of the same war conditions, however, the analysis showed, temporarily more than making up the markets lost and pushing total American sales abroad past the \$4,000,000,000 mark. The U. S. exported \$3,177,344,000 in 1939.

What the occupation-and-blockade barrier may mean to 1941, American exports is indicated by the fact that—despite increased sales to Spain, Portugal and Soviet Russia—only four per cent of total American exports went to continental Europe last year, as against 25 per cent in 1939.

Germany's occupation of Rumania and Bulgaria was expected to cut further into American exports this year.

Exports to Germany itself dropped from \$65,225,000 in 1939 to a mere \$156,000 in 1940. The 1940 figure included Austria, Czechoslovakia and Poland, the first nations to be absorbed by Nazi diplomacy and arms. No sales were expected this year.

The progressive occupation of Norway, Denmark, the Netherlands, and France decreased exports to those countries from \$410,678,000 (1938) to \$381,961,000 in 1940. Almost all of the 1940 exports were made before the blitzkrieg struck, and shipments practically ceased after mid-year. No resumption of trade is anticipated during 1941.

The huge gains marked up in American exports last year were chiefly in sales—mostly of war supplies—to the British Empire. British purchases here jumped to \$2,093,000,000—roughly 52 per cent of total American exports—against \$1,279,000,000 in 1939.

Exports to Latin America increased from \$569,000,000 in 1939 to \$727,000,000 last year, 18.1 per cent of total United States exports.

Exports to China, fighting Japan, increased by 40 per cent, and to the Netherlands East Indies, fearing invasion by Japan, by 52 per cent.

Wickard Opposes 'Parity Loan' As Cotton Solution

WASHINGTON, March 4 (AP)—While declining to suggest a solution to the cotton problem, Secretary Wickard declared a "parity loan" program "might place the government in a predicament."

He made this observation recently before an appropriations subcommittee of the house. Testimony was made public today.

Although he and other agriculture officials were pressed for a recommendation, they merely pointed out three alternatives without committing the department to any of them. They were:

1. Price fixing.
2. The parity loan method.
3. The processing tax method.

Wickard told the committee: "I am not sure that I would advocate any of the proposals I have mentioned."

A hearing now is being held before the senate agriculture committee on legislation to establish loans at parity—or the "fair" price level—for cotton, wheat, tobacco, and rice. The same bill would reduce further the production of cotton.

Wickard said the price-fixing method would operate by making it illegal to buy or perhaps even to sell agricultural products below an arbitrarily fixed price. Or, he added, it could consist merely of the government's buying at parity any product which the farmer was unable to sell privately at a better price.

The processing tax which he explained—but took care not to recommend—would work through a certificate plan. This he termed the "modern version x x and a legally correct version. I hope, of the processing tax." He pointed out that this method offered a "rather difficult situation" for cotton because of the normal heavy exports.

Gabbing With Gabby

Harry Grayson, NEA Service sports editor, talks over New York Giants' prospects with Gabby Hartnett, appearing in a New York uniform this year after spending his entire playing and managing career with the Chicago Cubs.

Strike Breaks Out Again At Wright Field

(By The Associated Press)

An AFL strike broke out again today at Wright Field, Dayton, Ohio, and the war department officially blamed it for holding up work "essential to the expansion" of "one of the most important military aircraft centers in the United States."

The department said in a statement that the strike was called as a result of resumption of work by the Penner Installation corporation under its \$36,800 contract for installing electrical equipment in one building.

A previous AFL strike at Wright Field ended late in January when the Penner firm, which uses CIO labor, withdrew its men from the job.

Today's strike affected construction work totaling about \$5,900,000.

The strike of Michigan and the federal department of labor strove independently to head off strikes at three Ford motor company plants in the Detroit area.

Governor Van Wagener named a special commission to try to conciliate the disputing, although the state mediation board ruled at about the same hour yesterday that the strikes could not become effective for 30 days after the call.

Actual walkouts as well as threatened strikes clouded the outlook elsewhere for defense preparations.

The North Carolina department of labor estimated that 4,000 to 6,000 men struck yesterday at a \$15,000,000 anti-aircraft firing range under construction near Hollyridge in that state.

Despite the walkout, work continued on both the day and night shifts.

The AFL building trades leaders said the union asked a preferential shop, time and one half for overtime and double pay on Sundays and holidays. Contractors contended most of the workmen were non-union although they said they had not discriminated against union labor.

Representatives of the contractors said a large proportion of the skilled workmen who went on strike had returned to work at a mass meeting last night vowing to continue the strike.

A CIO strike for a union shop at the Curtis Wright corporation's propeller division at Neville Island (Pittsburgh) halted production on defense contracts there. The plant employs about \$50.

Other strikes in progress included walkouts at four International Harvester company plants in Illinois and Indiana, three of which are defense orders; the S. S. White Dental manufacturing company, New York, and the Burke Machine Tool company, Connecticut, Ohio.

THIS WEEK IN PAMPA THEATERS

- LaNORA**
- Last times today: "Andy Hardy," "Private Secretary," with Mickey Rooney, Lewis Stone and Fay Holden.
 - Wednesday: Stage show, 14 in act, "Swing, Baby, Swing," on the screen, "I'm Nobody's Sweetheart Now," with Constance Moore.
 - Thursday: "The Invisible Woman," with Virginia Bruce and John Barrymore.
 - Friday and Saturday: Deanna Durbin in "Nice Girl!"
- REX**
- Last times today: "Next Time We Love," with Margaret Sullivan, James Stewart, Ray Milland.
 - Wednesday and Thursday: "The Great Plane Robbery," with Jack Holt.

- Today: Jackie Cooper in "What a Life."
 - Wednesday and Thursday: "Hired Wife," with Rosalind Russell, Brian Aherne, and Virginia Bruce.
 - Friday and Saturday: Tito Guizar in "The Llano Kid."
- CROWN**
- Today through Thursday: "Take Me Back to Oklahoma," featuring Rex Rieder, with Bob Wills and his Texas Playboys, Leon Errol comedy and newswear.
 - Friday and Saturday: "Sky Bandit," with James Newill. Also chapter 2, "The Green Hornet Strikes Again."

County Sale Of '41 Plates Mere Drizzle

A supply of shiny new merchandise of the latest spring style—and only a nibble at the sale office.

That's the situation confronting the county tax office.

F. E. Leech, county tax assessor collector, said today that Gray county motorists apparently don't realize how soon the April deadline will roll around when the 1941 license plates must be affixed to motor vehicles.

Less than 200 have exchanged the purple and white of the 1940 tags for the black and gold of 1941.

Average price of license tags in Gray county is from \$9.72 to \$12.60, with \$23 as the top.

Lowest price is about \$5, Mr. Leech said, this being the cost of license plates for a Model-T, and cars of that classification.

British Shipping Losses For Under Hitler Figures

LONDON, March 4 (AP)—British merchant shipping losses of 14 ships totaling 60,888 tons during the week ending Feb. 23-24 were announced today by the admiralty.

The admiralty said its figures covered the period in which Adolf Hitler in his latest speech claimed 215,000 tons of British shipping were sunk in two days—a figure later increased by the high command and other reports.

Crude Production In U. S. Decreases

TULSA, Okla., March 4 (AP)—Daily crude oil production in the United States decreased 4,230 barrels to 3,623,436 for the week ending March 1. The Oil and Gas Journal said today.

Texas declined 5,450 to 1,345,000; California 13,000 to 587,250; Kansas 4,550 to 202,550; and Louisiana 125 to 292,775.

Illinois was up 8,275 to 328,675; the Rocky Mountain states, 19,855 to 103,945; Oklahoma 3,925 to 409,725; eastern fields, 1,200 to 113,400; Michigan 800 to 40,215, and East Texas 50 to 374,975.

Bert Curry Will Head Infantile Paralysis Chapter

Gray county's chapter of the National Foundation for Infantile Paralysis, Inc., was organized at a meeting held last night in the BCD room at the city hall.

Officers elected, who will hold office until the third Monday in September of this year, date of the annual meeting, are:

Bert Curry, Pampa, chairman; John R. Beck, McLean, vice-chairman; and F. A. Peek, Pampa, treasurer.

Purpose of the county chapter will be to give assistance to those residents of the county afflicted with infantile paralysis, to furnish funds for braces, crutches, wheel chairs, casts, hospitalization, transportation, and to cooperate with the national organization in extending first aid in case of epidemics.

Hemphill Sending Two More Selectees

CANADIAN, March 4—Two boys have been called to report to the local draft board today probably to be sent to Ft. Bliss.

Jess William McReynolds, V-328, and William Reid Errington, 448, both Hemphill county boys who were elsewhere at registration, so registered in Colorado and New Mexico, respectively, have been transferred back to their home county.

Questionnaires Mailed To 50 Gray Selectees

With 41 selectees to be called from Gray county this month, sending out of questionnaires has been speeded up from the office of the Gray County Selective Service board.

The office is now getting out 50 questionnaires a day instead of five.

Final instructions for the first March contingent from Gray were issued at 2 o'clock this afternoon at the board's office. The 14 selectees are to leave at 4 o'clock tomorrow morning for the induction station at Fort Bliss, El Paso.

On March 13 another group of 14 will be sent, and on March 21, 15 more.

Questionnaires were mailed yesterday to the following (order number, name, and address Pampa, unless otherwise stated):

- 1041 Roy Marvin Dyson.
- 1042—Gerald Wilford Mote.
- 1043—Clemes Dale Woods, McLean.
- 1044—Paul Sheldon Roland, Fort Morgan, Colo.
- 1045—Paul Daniel Keim.
- 1046—Berlie Bertrum Altman, Jr.
- 1047—Leonard Barrett Evans.
- 1048—John Thomas Marshall, Jr.
- 1049—James Divad Skaggs.
- 1040—Robert Thompson Hollowell.

NEW PLAY

(Continued From Page 1)

Lawrence, Imogene Sperry; Jim Lawrence, Bob Thomas; Mr. Goodrich, Dewey Johns; Mrs. Goodrich, Beatrice Stotts; Mr. Havens, Flint Berlin; Mrs. Havens, Gretchen Ann Bruton; property committee, Wanda Giles, Marjorie Hill, Virginia Lee West.

Mr. Carmar has uncovered and developed some outstanding talent in Phillip Silkot, Dorothy Dressner, Imogene Sperry, Joe Blackwood, Tom Johnson, their interpretation of their various roles abounds in merriment. Put this play on your must list.

Uncle Sam's Army Needs Volunteers

Vacancies now existing in the United States army include infantry in the Philippines, coast artillery in Hawaii, field artillery at Fort O. A. Russell at Maria, field artillery at Fort Bliss at El Paso and cavalry at Fort Bliss, Sgt. Harvey M. Gist of the local recruiting office announced.

Sgt. Gist is still holding "open houses" in the basement of the post-office but he doesn't know how long he will be here.

The Pampa recruiting office, although recently opened and in one of the smallest territories, has one of the best records of enlistment in the El Paso and New Mexico area in which 40 recruiting offices are located.

Sgt. Gist was fourth among the 40 men in recruits sent to posts in July, 14th in August, sixth in September, 11th in October, 21st in November, 11th in December, second in January and fourth in February. Sgt. Gist was in his office only 20 days in November, 10 days in January and 18 days in February.

AN ADDING MACHINE Will Save You INCOME TAX HEADACHES

Mainly About People

We are authorized agents for Phillips products. We honor courtesy cards. Stop at Lane's 5 points and fill up with Phillips gas and oil.

Mr. and Mrs. Elbert Keahley and son, Herman, who live southwest of Pampa, have returned from a trip to Texarkana and Lockesburg, Arkansas, where they visited a week with Mrs. Keahley's parents, Mr. and Mrs. J. T. Hill, and other relatives.

Printing for every occasion. Get our prices on society and personal stationery. Phone 666. The Pampa News.

Mrs. Emily Neely and daughter, Paddy Joan, of Vernon, are visiting in the home of Mrs. Neely's sister, Mrs. Josephine Young.

An article titled "This Better be Happy Than Famous," written by D. E. Leathers of Donley county, head of the All-American typical family named at the New York World's fair, appears in the March issue of West Texas Today, organ of the West Texas Chamber of Commerce.

Lorene O. Locke of Miami was in Pampa yesterday.

Lynn Wall of Skellytown was in Pampa Monday.

A marriage license was issued here Monday to James Ben Mullen and Ruth Flaherty.

Pleas of guilty were entered and suspended sentences of two years each assessed in 21st district court yesterday in the cases of State of Texas vs. G. E. Piles and State of Texas vs. T. H. Blue. The defendants had been indicted here in January on theft charges in alleged connection with the taking of 2,600 pounds of pipe protectors. The case of John Martin, also charged with theft, was continued until next term.

Regular drivers license examinations in Pampa today were given by W. B. Abbott and C. O. Lane. Texas Highway patrol. C. O. Benson and John Nunn, patrolmen from Amarillo, who have given the tests here in the past, have been transferred from the license division of the patrol. All of the four are from Amarillo.

Mr. and Mrs. Tom Dean of Pampa are the parents of a son weighing 8 pounds, 12 ounces, born Saturday at Plainview. The infant has been named William Thomas.

The Carson County Reclamation association will meet at Cuyler school at 7:30 p. m. March 11.

Church Raids Protested

MOSCOW, (Via Berlin)—Feb. 24 (Delayed)—Laurence A. Steinhardt, United States ambassador to Russia, has made representations to Premier Joseph Stalin against five raids on the Roman Catholic church of the Rev. Leopold Braun, an American, who was learned today in diplomatic quarters.

The ambassador wrote the foreign office that personal robberies had been committed and asked for the arrest and punishment of the robbers.

Wagner Appeals For Passage Of Aid Britain Bill

WASHINGTON, March 4 (AP)—Senator Wagner (D-N. Y.) appealed today for enactment of the British aid bill because he declared an Axis triumph would peril the western hemisphere and the United States.

"If the Axis powers win abroad," he asserted, "they will have won a partial victory over us as well, because imperative military necessities would make such a vast drain upon our resources and manpower as to undermine our economy, our standard of life, and possibly our form of government."

The New Yorker added his arguments for prompt action to those of Senator Schwartz (D-Wyo.) who took the senate sharply to task for the amount of time it had spent discussing the legislation.

"We are now in a killing time," Schwartz chided, "while the Germans are killing English women and children, and the aged and infirm."

Meanwhile, administration strategists, striving to hasten final action, were reported seriously considering an amendment "guaranteeing" that American armed forces would not be employed in any delivery of war materials to Britain.

This amendment, offered by Senator O'Mahoney (D-Wyo.), apparently was designed to remove one source of time-consuming debate by satisfying the demands of those who believe the bill should carry a prohibition against the use of naval vessels or American troops to carry out the lease-lend program.

Wagner called the program the people's "last hope, short of war, to safeguard their peace and security x x x. Its passage is vital to the defense of the United States."

In an address prepared for delivery after Schwartz surrendered the floor, Wagner visualized the results of a British defeat.

He saw the United States threatened by victorious Axis powers along both her Atlantic and Pacific frontiers. He saw Nazi penetration in South America with the same technique that has been employed in the Balkans. He saw the creation of innumerable air bases south of the Rio Grande available for attack on the Panama canal. He saw "highly-subsidized economic warfare against this country."

"If we let Britain go down now," he said, "we are deliberately selecting a line of defense most advantageous to our enemies, and we are deliberately inviting war to come to this hemisphere."

Some insects make only one flight, the mating flight, during their entire life.

North Texas Viewed For Site Of Ranges

WASHINGTON, March 4 (AP)—Army engineers from Fort Sam Houston recently have inspected several tracts of land in north Texas with the possibility in mind of locating there a bombing or target range. Texas members of congress said today.

Among the areas viewed were the farm security administration acreage north of Honey Grove, and tracts in the vicinity of Bonham, Denison, and Paris.

No indication was given as to whether a range actually would be located in that section of the state, it was said. Officials from both Denison and Bonham in the past few weeks have been here offering the government use of physical resources available in their sections for the national defense program.

The Denison group mentioned that a shell loading plant in their area might be practicable. They said that on completion of the Red River dam near Denison, an abundant source of electrical energy would be available for long-term planning of defense works.

Location of a bombing range in the Texas Panhandle has been urged before war department officials by Representative Worley (D-Tex.) who said that sparsely populated tracts in that area made it practical to obtain land in sufficient quantities to permit extensive practice bombing by fast planes.

Size Of Average Farm Increased

WASHINGTON, March 4 (AP)—The census bureau said today the size of the average American farm increased 17 acres in the 1930-40 decade.

In last year's census, the average was found to be 174 acres, compared with 156.9 in 1930, and 154, in 1925.

The increase was attributed by officials to the merging of farms in the midwest due to the droughts, increasing mechanization of farming, higher taxes, and lower farm prices.

Excess Stomach Acid Frequently Aggravates Stomach Ulcers

Neutralizing excess stomach acid is important in aiding nature to heal stomach ulcers, for ulcers must heal by natural processes. Thousands who have used PFUNDER'S TABLETS—famous for more than 20 years—and who know from their own experiences what the soothing ingredients of these tablets have done for them, are now most enthusiastic in their recommendation of this formula to others who suffer from indigestion, gas, bloating, heart burn or any other form of stomach trouble due to, or associated with gastric hyperacidity.

Battle Against Time

The National Physicians Committee, an organization dedicated to the extension of medical service, has released a pamphlet that puts in black and white a few of the outstanding achievements of American medicine. No man alive could tell the full story of those achievements, of years of heartbreaking laboratory work, of lives spent in solving a single, minute riddle in the endless battle of life and death.

Behind The News

The Pampa News Washington Correspondent WASHINGTON, March 4.—As there was considerable hushaloo raised when the President was given emergency funds of 200 million—100 million in direct appropriation and another 100 million in contract authorizations—it's rather interesting to check up now and see where all that money has gone.

FOR NEW BASES

The biggest single dent in the war goes to the new bases in the western hemisphere, Newfoundland, Bermuda and the others which were leased from the British in exchange for the original destroyers. Seventy-five million is the initial expenditure for those projects, 50 million for the naval end and 25 million for the army. And of course, that's only the beginning.

AND A FEW "SMALL" ITEMS

- These are the main big items—10 million or over—and then under them is an amazing array of individual appropriations which indicates what a complicated business this preparedness effort is and how many rat holes have to be chunked full of money—one million here and five million there to take care of some emergency—no one thinking anything further about the allocation except the guys who have to spend it, or the fellows who get it in paychecks, a mere \$25 or \$30 a week at a time.

Common Ground

By R. C. HOLLER

This column contends there can be no satisfactory progress until we measure the shares of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

OUR PROBLEM NOT QUESTION OF DISTRIBUTION Most people, who do not understand why there is unemployment, invariably say that our problem is not a problem of production but a problem of distribution. They actually believe that the distribution question is the problem that has to be solved.

No, our problem is not a question of solving distribution, no matter how many people make this statement. But our problem is a problem of balanced production. If we had a balanced production, then distribution would take care of itself.

A Concrete Example

A concrete example of this, of course, is labor unions that say we will only permit a certain number of people to learn a trade. They thus, make the supply scarce and keep the price up so high that there is only a demand for a fraction of what there would be if it were not for this artificial restraint.

ACCOMPLISHMENT

We all admire a man who accomplishes much. We seldom realize, however, the real important thing about accomplishment is, as Goethe said, "A man exists not for what he can accomplish, but for what can be accomplished in him."

GUESSING

We hear so many addresses over the radio, and so many sermons, and read so many books that just use disconnected words without meaning, one is reminded of Goethe's statement, "I have guesses enough of my own; if a man write a book, let him set down only what he knows."

BARBS

In this age of speed and more speed, why couldn't next summer have come this winter? There are no cuss words in the Japanese language—but we've given them plenty of ours.

NOW, ARE THERE ANY OTHER QUESTIONS?

Around Hollywood

By ROBBIN COONS AP Feature Service Writer

HOLLYWOOD—"Looking back on it all," says Lela Rogers, "it scares you to death. There were times when it seemed you were battling your heads against a stone wall... Lela is Ginger Rogers' mother, 50, ash-blond, vivacious, witty—and smart.

Lela had her first pilot Ginger from her first appearance in a theater—it was in Fort Worth, Tex., when Ginger was 19—to her present place in the Hollywood sun.

That First Appearance

One afternoon the local theater man, long acquainted with Ginger, telephoned and asked her mother if she would like to see a show at the theater. Ginger was by the telephone while her mother was protesting her youth and inexperience.

THE MOTHER

"But we never missed a meal. The next jump after Memphis was to Omaha—and Cooper, says Mrs. Rogers, outlined her career as it has developed in variety and versatility.

People You Know

By Archer Fullingim

They say that no race is so kind and so fond of animals and pets as the English (witness how they brought back their dogs from Dunkirk) and so Americans, and that is a nice thing to hear because we know that the English are a very brave, very gentle people.

THE WARS OF ASIA AND EUROPE

France in Asia is at the mercy of the Japanese. The Dutch rely largely on the sea strength of America to keep Japan's fleet from attacking their rich island empire.

THE RICH MAN

There are those who believe that we ought to bow our heads meekly to the scourge of Nazism, accepting it as something inevitable as those of the Middle Ages accepted the Black Death.

So They Say

There are those who believe that we ought to bow our heads meekly to the scourge of Nazism, accepting it as something inevitable as those of the Middle Ages accepted the Black Death.

Cranium Crackers

"HOW to Charm a Male"

"HOW to Charm a Male" is but one of innumerable articles of similar advice that continue to clutter up the printed page. Telling a woman how to charm a man is about the same as giving a fish swimming lessons.

Are You earnest?

Are You earnest? Seize thy very minutes, What you can do, or dream you can, begin it.

Boldness has genius, power and magic in it. Only engage and then the mind grows heated, Begin and then the work will be completed. —Goethe.

That little jingle

That little jingle is pasted on our typewriter. . . Maybe if we read it over enough times we will begin writing that great American novel, or a screen story we have long had in mind, or something.

A MAN without principle

A MAN without principle ought not to draw our money. . . A college professor says troubles are cured by talking. Sometimes we wish we knew what cures talking.

PERSONALITY

Personally, we have no hard and fast rule on that one. . . One supposes that it might be smart thing to do if there is any chance of the man finding out.

SPEAKING OF DIZZY SUBJECTS

After reading the item about the girl who says not one man in a hundred thousand knows how to kiss, we get the inquiry from a fellow with much experience who wants to know: "Is her conclusion based on her kissing only 100,000 men, or has she kissed several hundred thousand and still says that?"

The War Today

By DEWITT MACKENZIE

If you can guess how many chicks the old Wyandotte hen will hatch out if you set thirteen eggs under her, you probably know exactly what is going to happen in the Balkans—otherwise not.

A new note was sounded overnight in this tense situation, which is feeling its way blindly but swiftly toward a crisis. This was Russia's announcement that the Soviet cannot support the Bulgarian policy of agreeing to the occupation of Bulgaria by German troops since this "does not lead to consolidation of peace, but to the extension of the sphere of war and to Bulgaria being involved in it."

German diplomatic circles in Belgrade summed the Moscow statement up as of "theoretical importance" only, getting ready to launch Russia as not an offensive force. However that may be, the Soviet moral force is likely to have a strong influence on Turkey's position in the final show-down.

Of more immediate importance

Of more immediate importance was a report received in London from Athens. This said that British Foreign Minister Eden and General Sir John Dill, chief of the imperial general staff, were working out a plan with the Greek government to speed substantial aid to Greece if she is attacked by Germany.

There is no word as to whether this means that Turkey might add her strength to an Allied attempt to halt Hitler. Indications are, though, that Britain would be glad to see the Turks get into the fight and thus open up a new war front just as Germany is getting ready to launch her big spring offensive against England.

It is for this reason that we find the Nazi chief making what is in effect a defensive or precautionary move in the Balkans.

As I have remarked in this column before, there is no indication that he contemplates any major offensive at this juncture, and he is even trying to squeeze Greece into submission by threats rather than by the direct use of force.

Hitler wants to get military control of the Balkans clear down to the Aegean sea and the Dardanelles. This will seal the lower end of the Balkan isthmus against any offensive against his eastern defenses. It will also give him, of course, the strategic bases from which to strike against Turkey and the Dardanelles if such an operation seems desirable.

It would be logical to expect Hitler to pause now for a bit while he applies the heat to Greece in an effort to compel her to make peace. Meanwhile he will try to persuade Yugoslavia to join the Axis, and it wouldn't be very surprising if she does. However, if Hitler has to apply force to Greece to achieve his ends, he probably will do so.

Yesteryear In The News

Ten Years Ago Today A 17-month-old Hereford calf owned by Jim Farley, Gray county club boy, walked off with highest honors in the senior calf division of the Amarillo fat stock show.

THUNDEROUS TRIBUTE TO BE GIVEN COACH, TEAM AT GAME

Band And Yell Leaders To Perform; Harvesters Have Good Chance To Win State

A thunderous tribute will be given to Coach Odus Mitchell and his regional championship basketball team at the high school gym tonight when the Harvesters take the floor in their last home game of the season against the Terrible Turks from Turkey.

A game between the second teams of the two squads will start at 7 o'clock. On hand to cheer the coach and the first regional team Pampa even had will be the Harvester band, cheer leaders, hundreds of students and fans. A capacity crowd is expected for the big reason that Pampans who have not been attending games are planning to come out and see what a championship team looks and plays like.

It will be their first opportunity to see the basketball champions of the Panhandle and South Plains in action. Turkey will bring a strong team to Pampa. The Turks were barely noosed out by Memphis in the Hall county play-off, and they have been improving ever since. Although their season closed ten days ago, they have been practicing diligently, and they are bent upon knocking the props out from under the Harvesters.

They have already sent word to Coach Mitchell, who has won the district basketball championship 11 out of the 13 years he has been here. His teams have played in the regional finals ten times. Year in and year out, regardless of manager, his basketball teams have been the greatest and most consistently victorious in the Panhandle and South Plains. No other team in the great area included in Region One has won as many district championships as Pampa under Coach Mitchell.

What chance will the Harvesters have at the State tournament in Austin this week-end? Well, the records show that Region One teams have won the state championship more often than any other region in the state. Carey, Lamesa, Estelina, Crowell are former state basketball champions. Last year, Crowell was beat out by San Marcos, the state champion, by only one point, losing the consolation game by only one point. The Panhandle teams have consistently made good records at the state meet, and regardless of which team is touted as the favorite the Harvesters can be counted on to hold up the Panhandle reputation.

Coach Mitchell believes that his Harvesters have just as good a chance to win the state title as any of the other seven teams, and the boys believe the same thing.

Air Corps Cadet And Instructor Die

BAKERSFIELD, Calif., March 4.—An army air corps cadet and his instructor died yesterday when their training plane plunged downward in a spin from an altitude of 1,000 feet.

Dead are Lieut. Walter J. Alsop, 26, St. George, Utah, and Cadet Donald J. Stanford, 26, Red Oak, Tex. Melvin Curtis, employe of a cotton gin near where the plane crashed, said he could see the pilot struggle to right the ship, then heard the motor stop as the switch was cut off.

"It was terrible," Curtis recounted, "to stand there with the roar of the motor gone and the only sound the screaming made by the wings. It struck with a terrific impact that made the ground tremble."

'Honest Hobo'
JACKSONVILLE, Ill., March 4.—C. R. Hughett, Washash railroad agent, received this letter: "Enclosed find five dollars in payment for rides already taken on the Washash."
It was signed, "Honest Hobo."

Grayson's Scoreboard

BY HARRY GRAYSON
NEA Service Sports Editor

Whirlaway, the current Hialeah stretch-burner and Kentucky Derby winter book favorite, has the confirmation of Seabiscuit... is as deep through the heart and shoulder... is of the same height—15 hands 2 inches.

Man o' War stood 16 hands, Phar Lap, the late and lamented Australian wonder, 17.

But how high is a hand? It is surprising how few track habits can tell you offhand.

The question was put to a number of officials, owners, trainers, clockers, players, commentators and just plain hustlers at a major track before anyone replied correctly.

Famous handlers apologized... said they would know at the farm, but that they had forgotten.

It remained for a jockey of English antecedents to clear up the mystery.

"A hand, sir, is four inches, sir," averred he. "The width of your hand, sir."

Another term that puzzles veteran racing men is stone, though like the hand it has been used in connection with blood stock for centuries. A stone is 14 pounds.

Phil Rizzuto and Gerald Priddy, the Yankees' new keystone pair, have teamed up in the minors for three campaigns, and it is their ambition to become American League regulars as a combination.

Joe McCarthy starts with the diminutive Rizzuto as the first string shortstop.

And those who watched him closely in two full seasons in the American Association say the swift Gerry Priddy is good enough to make third basemen out of such a competent second sacker as Joe Jordan.

If Arturo Godoy can't make it from Chile, Mike Jacobs will send Bob Pastor against Joe Louis in Hollywood, April 15.

Meanwhile, southern California ringworms wonder why they can't have an opponent who has been beaten by the champion only once.

Sid Luckman is being sought by Long Island university as head football coach. The Blackbirds could do worse.

Anyone capable of calling all the plays given the Chicago Bears by George Halas must know something.

Senate Postpones Security Bill Vote

AUSTIN, March 4.—(AP)—The senate today postponed until April 1 floor consideration of a bill endorsing by Governor W. Lee O'Daniel proposed to finance all social security services by a general fund appropriation of \$26,820,000 annually.

The special setting came as a result of a parliamentary sparring match during which the senate refused to adjourn and killed another motion which would have put the bill up for immediate consideration.

When it was reached on the calendar, after disposal of several bills, Senator Joe Hill of Henderson, sponsor, sought unsuccessfully to adjourn.

The vote was 7 to 20.

Whether the bill would be considered April 1 was questionable, since it must take its place on the calendar under another controversial measure previously set for special order on the same day—the six-year budget director bill offered by Senator Weaver Moore of Houston.

It is estimated that during 1940, motorists on vacations spent more than the \$5,000,000,000 expended during 1939.

LeFors, Pampa Boxers To Meet First Time Tonight

Sports Roundup

By EDIE BRIETZ

NEW YORK, March 4.—With Bill Jurges a big question mark, the Giants may try to get Frankie Crosetti from the Yanks, or Johnny Hudson from the Browns... Joe Louis' managers are censoring Billy Conn's future opponents—they don't want to risk losing Conn before June via a surprise setback...

Lou McKenna (who used to be a newspaper man and a good one) has been elevated from business manager to general manager of the St. Paul ball club... Joe Kirkwood, the old trick shot artist, is at Nassau giving lessons to the Duchess of Windsor, no less... Billy Soose and Ernie Vig, who do an encyclopedic Friday night, are training in the same gym here.

Busy Man's Newspaper
Col. Spike Claassen, our demotic sports editor at Kansas City, is being mentioned for the job of athletic commissioner in the Big Six conference... Bill Terry's dairy farm is one of the two permitted to sell milk to hospitals in the Memphis district... That's Shorter Luster moaning—very disappointed over the blocking of the Oklahoma U. backs... Old pals of Christy Walsh, who is moving back to Los Angeles after 25 years in the East, during a part of which time he managed Babe Ruth and was sports director of the world's fair, are lining him a big "welcome home" dinner out there March 23... Eddie Mead says Henry Armstrong's annuities assure him of \$400 a month as long as he lives.

Today's Guest Star
Harry Cross, N. Y. Herald-Tribune "Angelo Gulliani, the Dodger holdout catcher, has given up the idea of playing ball this year and will enter a new profession... He has signed with a big vineyard as a wine taster... This is unique among Brooklyn ball players because many Dodgers of the past have carried on the two businesses at the same time.

DIMAGGIO situation: Dan Daniel writes The World-Telegram from St. Pete the Yanks have raised the ante to \$35,000, but that Josephus is demanding two grand more... General Manager Warren Giles figures the Cards will be more poisonous to the Reds than the Dodgers... Don't be surprised if old Adolfo Luque shows up at Miami one of these days as coach of the Giant pitchers... Ben Chapman resigned from the Washington camp, bringing his family along in a trailer... On the other hand, outfielder Johnny Weir arrived via the hitch-hike route... Using Your-Head Dept.: Bobby Doerr, who proscribed by Governor W. Lee O'Daniel proposed to finance all social security services by a general fund appropriation of \$26,820,000 annually.

Right in the Middle

Leading rider at the Hialeah meet was the sensational Conn McMeekin. At the start, he was only an apprentice, but midway of the meeting he graduated into a full-fledged jockey... Result, he didn't have enough wins to capture the apprentice riders' award and a quite enough to win the prize for the leading jockey.

Can't a Guy Ever Dream? (Headline in a Bay City (Mich.) paper via The Chicago Tribune): Gets long jail term For netting rainbows.

288 Points Scored In El Paso Games

EL PASO, March 4.—The offense in basketball appears to be up for glorification, a matter of 96 points a game, which is scoring in anybody's league.

Adams State Teachers at Alamosa, Colo., led the parade with a 72-42 decision over Eastern New Mexico college of Portales.

Chihuahua State Teachers of Chihuahua City, Mexico, raced over Arkansas State college 48-37.

Gila college of Safford, Ariz., beat out a spirited last half rally to down New Mexico Normal of Las Vegas 47-42.

The other five teams entered in the tournament see action tonight, Texas Tech's fast-moving Red Raiders meeting Chihuahua State, New Mexico Aggies tussling with Gila college, Eastern Illinois Normal playing New Mexico Teachers and Texas Mines tangling with Adams State.

Looking For Horse

ST. FRANCISCO, March 4.—(AP)—Morris Harris clings to a horse and buggy, but he still has motor trouble.

An automobile wrecked his vehicle. Later Dan, his faithful old horse, was killed by a truck. Dan's successor collapsed in harness. Harris, passing up a motor car, is looking for another horse.

SMOKE DAMAGE

In England, smoke from domestic chimneys does more damage than that from industrial chimneys. Domestic smoke does an annual damage of \$150,000,000; industrial, \$125,000,000.

J. C. Prejean, above, is the new head athletic coach at Pampa High School. He was elected last night at a called meeting of the school board. Prejean, graduate of Texas university, class of 1934, has been assistant coach here since 1936. He will succeed Coach Odus Mitchell who resigned last week to accept a position as head coach at Marshall.

Rice Will Shoot Works At Cleveland

CLEVELAND, March 4.—(AP)—Cleveland will be the scene of a race that may prove Gregory Rice, former Notre Dame speedster, the fastest two-mile in history.

Confronted with stiff competition March 16 in the Knights of Columbus indoor meet here, Rice will "shoot the works" in a bid for undisputed recognition as the world's best two-miler.

Rice covered the distance in 8:53.4 on Feb. 15 in New York City to break the recognized world record of 8:56, set outdoors by Milan Szabo of Hungary. The time also bettered Rice's former indoor mark of 8:56.2.

However, it was discovered later that Taisto Maki of Finland ran two miles in 8:53.2 in September, 1939. This figure has not been recognized officially, but Rice wants to give the world record to his best time to settle the matter for good.

Entries for the Cleveland meet, patterned after the famous K. C. event in New York and Boston, close Friday. So far Rice's competition includes three top-notch runners—Forest Ewart of Oklahoma, A. M. and Tommy Decker, Olympic star and former 3,000 meter champion, and Joe McCluskey, two-mile steeplechase title.

Jaycee Cagers To Play LeFors Five

The Pampa Jaycees basketball team will meet the LeFors Independents tonight at 8:30 o'clock in the Skellytown Invitation tournament.

Forest Ewart of Oklahoma, A. M. and Tommy Decker, Olympic star and former 3,000 meter champion, and Joe McCluskey, two-mile steeplechase title.

Texas Wesleyan Still Undefeated In Cage Tourney

DALLAS, March 4.—Four games are scheduled tonight to open the Southwestern AAU basketball tournament with the undefeated Texas Wesleyan College Rams meeting George A. Cox Insurance of Dallas.

E. M. Kahn (East Texas State college) plays Howard Payne college, James K. Wilson (Southern Methodist university) tangles with Ashburn Ice Cream of Fort Worth and Hart Furniture plays Dr. Pepper, both of Dallas.

THE SOOTHER

BACK AGAIN

LEFORS, March 4.—LeFors and Pampa boxers will throw leather in the high school gymnasium tonight at 8 o'clock. It will be the first meeting of the pair this season.

Music will be presented by the Sims Brothers before and during the fights.

Nearly all weights between 65 pounds and 165 pounds will be contested in the 11 bouts.

Walon Hughes, 145 pounder, has not lost a decision this season and Kenneth Twigg who has 3 knockouts to his credit, will try to keep his record clean when he meets Roy Ray in the 145 pound division.

Charles Nipper will tangle with Lefty Pendleton in the 155 pound weight. Pendleton has a reputation as being one of the best boxers in the Panhandle, but Nipper is in good shape and intends to make the good hand for his opponent.

Co-captain Don McLaughlin 95 pounds has won 8 out of 9 bouts this year, Eugene Cooper 75 pounds, 8 out of 9 and Bobby Dunn has got 6 decisions out of 7 fights. These boys will also go in the ring Tuesday night determined to keep their records clean.

Other names appearing on the card are: Bob Deliver of LeFors and John Cornett 165 pounds; Floyd Stevens and Smiley 135 pounds; Junior Ammons and Bert Isabell, 125 pounds, this will be Ammons first appearance in the ring. Charles Vanlandingham 115 pounder will battle Stephens; and Clinton Benefield will meet Johnny Campbell in the 75 pound class. In fact every fight on this card will be "top."

The third man in the ring will be Billy Strupee of Borger, with Dan McGrew and Paul Hill both of Pampa and Orran Gross of Canadian as the judges.

Mioland And Bay View To Race Again

LOS ANGELES, March 4.—(AP)—Bay View and Mioland are going to fight over again, this time for \$50,000, to settle all arguments whether the four-year-old gelding of Mrs. Anthony Pelletieri was a fluke winner in last Saturday's Santa Anita Handicap.

Mioland, the C. S. Howard color bearer will carry 130 pounds, six more than last week and Bay View 113, up five pounds, in the San Juan Capistrano Handicap next Saturday. The distance is a mile and one-half, a thoroughly adequate test.

San Angelo Coach Takes Fort Worth Recreation Job

FORT WORTH, March 4.—(AP)—Harry Taylor, for 10 years coach of the San Angelo high school grid team, has been named athletic director of the Fort Worth Recreation department, it was learned today. He will assume his duties at once.

Taylor is a graduate of Fort Worth's Poly high and T. C. U. where he earned 13 varsity letters in four years, graduating in 1927.

His San Angelo teams won the district titles in the last 10 years.

Taylor's first job will be the huge Southwest Exposition track and field meet to be held at Farrington field March 14-15.

London Papers Reduced

LONDON, March 4.—(AP)—British newspapers announced today they had agreed to publish only four-page papers two days a week, so as to conserve newsprint.

On the other days, they will remain at six pages.

Returning to the boxing ring after more than a month of inactivity, Kenneth Twigg, above, LeFors 145-pound knock-out ace, will be in trunks tonight when Pampa and LeFors boxers meet in the LeFors high school gymnasium. Twigg will battle Roy Ray, ace of the Pampa team who has a string of knockouts to his credit too. Fans figure that the boy who lands the first blow will win because when either connect solidly the fight is usually over.

Big John Bond Of McLean Brings Joy To Christians

Two Eagles And 295 Birdies Made In 410 Holes

CORAL GABLES, Fla., March 4.—(AP)—It's enough to discourage any duffer, the way picked golf professionals have been taking the Miami Biltmore golf course—a 6,640 yard layout—two pieces in the International Four Ball tournament.

Since 16 two-man teams started Sunday, contestants have accounted for two eagles and 295 birdies in 410 holes of match play.

The eagles both won holes, but on 46 occasions four were good for nothing better than halves.

Best average for clipping par has been established by the red hot combination of Sammy Snead of Hot Springs, Va., and Ralph Guldahl of Chicago, two favorites to survive two more days of grueling play and regain the trophy they won two years ago.

Snead and Guldahl have fired an eagle and 21 birdies in the 64 holes they needed to defeat two opponents.

The 1940 winners—Billy Burke, of Cleveland, O., and Craig Wood of Mamaroneck, N. Y.—turned in 23 birdies in 70 holes. An eagle and 20 birdies were gathered by Gene Sarazen of Brookfield, Conn., and Ben Hogan of Purchase, N. Y., in 73 holes. Paul Runyan of White Plains, N. Y., and Horton Smith of Oak Park, Ill., scored 15 below-par holes out of 74 played.

In the battle of birdies today, Burke and Wood opposed Sarazen and Hogan, while Snead and Guldahl were paired against Runyan and Smith.

Sarazen dropped a 30-foot putt yesterday for an eagle three on the 500-yard extra hole to defeat Leonard Dodson of Springfield, Mo., and Willie Goggin of Miami after they were all square at the end of the regulation 36.

Smith sank a six-foot putt on the 165-yard second hole to win an extra-hole encounter with Byron Nelson of Toledo, O., and Harold McSpaden of Winchester, Mass.

Burke and Wood triumphed, 3 and 2, over Clayton Heafner of Lincoln, N. C., and Leo Walper of Washington, substituting for Ed Oliver who was called into the army.

Adams Sees First Golf Meet Since 1913 But Is Unimpressed

MIAMI, Fla., March 4.—(AP)—Charles F. Adams, owner of the Boston Bees, the Boston Bruins and Suffolk Downs race track, can't quite make up his mind whether the present crop of golfers is any better than the old bunch. About the only difference he can see for certain is that they're not wearing plus-fours since he last found time to visit a golf course.

You see, I chose Mr. Adams as the ideal man to settle this everlasting argument about whether the old masters could beat the present day Sneads and Nelsons because of his unique qualifications.

The last match he saw, up to yesterday when he watched the four-ball at the Miami Biltmore together, was a play-off for the United States Open championship at Brookline, Mass., in 1913. The participants, as you might recall, were Francis Ouimet of this country and Ted Ray and Harry Vardon of England.

As this was to be Mr. Adams' first sight of high-class golf in some 28 years, I naturally warned him to be prepared for quite a shock. The balls, I explained, were much better and the clubs far advanced over the equipment they used to struggle around with. The players, too, I explained, had practiced a great deal more than the old gang and their technique had improved.

So off we went, and it wasn't but a couple of holes until, sure enough, Sammy Snead hit one of his extra

One of the big reasons why there is joy instead of sorrow in Texas Christian university football circles is a 215-pound fullback by the name of John Bond. And he is none other than "Big John" Bond who was developed by Coach Cricket Christian and who in 1938 and 1939 led the McLean Tiger football team to football fame.

John is not only a great player, who might take out Frank Kring as a first string fullback, but he is an excellent student according to reports from Fort Worth.

In a story in the Fort Worth Star Telegram Monday, Frank Tolbert had the following to say: "Through Bond, who incidentally intended to go to Texas U but ended up at TCU: As an athlete really worthy of some 'pure praise' we suggest John Bond, T. C. U.'s giant fullback from the Panhandle. For no other boy in the school has earned more of the profound respect of Horned Frog coaches and players than has this six-foot, four-inch freshman.

Whether or not Long John is the fastest fullback on the Frog squad will be known after he meets the veteran, Frank Kring, in a race. Bond out-footed all of the fullbacks present Saturday afternoon, but Frank was not in the race.

John starts everyone by the literal way he takes orders. If a professor says 20 pages of this or that, Bond reads 20 pages. Though he is not an outstanding student, he studies more hours than any other athlete in Clark Hall.

Bond is already a "character" at T. C. U. There are a number of stories going the rounds, illustrating his steadfast honesty in the classroom. More exciting than these testimonials, though, is the way Long John can rip and tear at his ball-bearing chores.

Bond went to high school at McLean. He was a fullback as a schoolboy, but he has gained 15 pounds in height and two and one-half inches in height since coming to T. C. U. He is majoring in physical education.

The big boy from McLean, another freshman back out of West Texas, Frank Medanhoff of Peecos, brings home a number of letters of cheer when he thinks about the net three football campaigns to come.

Training Camp Briefs

TAMPA, Fla.—Possibly as a part of the campaign to get Ernie Lombardi to sign his contract, Manager Bill McKeehan of the world champion Cincinnati Reds is predicting a bright future for Rookie Dick West.

ST. PETERSBURG, Fla.—"Old Pete" is the biggest show stealer in the St. Louis Cardinals' camp since the Boston Braves' Mud Cat band. "Old Pete"—so dubbed by the Cards because his control and tireless energy recall Grover Alexander—is Banker Byron Moser's electrically-operated pitching machine. It will be a big factor in improving batting. Boss Sam Breadon believes, but the human hurler still has the edge—"for batters have to watch the moundmen's arms for timing their swings."

SAN ANTONIO, Tex.—Casey Stengel hates to think of breaking up his Boston Bees' squad. "We'll be forced to cut more than a few promising youngsters loose, and they are going to be gobbled up by other major league clubs," he mourned. "It's always a feast or a famine with me when players are concerned." Casey calls his combination of ex-Yankees—Babe Dahlgren, Bama Rowell, Eddie Miller and Sibby Sisti—a "million dollar" infield.

SAN ANTONIO, Tex.—The St. Louis Browns, whose pitching has been none too good several years, now find the biggest scramble to stay on the roster is among the moundmen. There are 16 working out now, and the prominent fingers added during the winter will make it even harder for the rookies and the "so-so" hurlers who have been commuting between the Browns and the minors.

More than 1063 persons have free travel passes on the street railways of Brighton, England.

Toluene Being Made From Oil

By WILLIAM T. RIVES
HOUSTON, March 4. (AP)—Defensibil-
ized American genius, trying to
overcome a shortage of petroleum refi-
nery products during World War days, is making
toluene—a basic ingredient of TNT
(tri-nitro toluene)—from oil.

Toluene, a colorless, innocu-
ous liquid, formerly was recovered
only from coal tar and limited
facilities for such recovery caused
a shortage in World War times.

Shell oil company scientists have
perfected a method of extracting
toluene from oil, and today the na-
tional petroleum toluene refi-
nery is operating ahead of schedule,
produced by defense demand.

The plant, near Houston, will pro-
duce 2,000,000 gallons a year, or about
5,400 gallons daily. The \$500,000 re-
finery was constructed in four
months and went into production a
few weeks ago.

Completion of the plant repre-
sented the first of several steps toward
domestic production of a quantity
rich in petroleum and military
and peacetime.

Shell also has perfected a second
process, by which it is calculated
the refinery's output can be boosted
to 10,000,000 gallons per year.

Shell's toluene refiners are a
by-product of the nation's oil refine-
ment process, which has increased the
annual output to as much as 40,000,000
gallons, from which 400,000,000
pounds of TNT may be produced,
they say.

A toluene refinery many times
larger than Shell's will be complet-
ed in about a year under an agree-
ment between the government and
the Humble Oil and Refining com-
pany.

The new plant at Baytown near
Houston will cost \$10,700,000, and
the company will expand its present re-
finery at Baytown at a cost of \$1,
097,000. The government will repay
the cost of the expansion.

The Humble process differs from
that of the Shell.

Toluene, besides its use in explo-
sives, is used also as a thinner in
the manufacture of dyes and as an
ingredient of aviation gasoline.

Wedding Troubles

DALLAS, Ore., March 4. (AP)—Mer-
ritt Arthur King's wedding week
didn't turn out exactly as he plan-
ned it.

Monday—got married. Tuesday—
bride got into jail. Wednesday—
King arrested for traffic violation;
Thursday—given 15-day jail sen-
tence; Friday—in jail; Saturday—
court-ordered, suspended sentence.

The honeymoon will start when
the bride recovers—if nothing else
happens.

Toledano Accused

MEXICO CITY, March 4. (AP)—A
committee representing Mexico's
various Socialist organizations today
charged that Vicente Lombardo To-
ledano, former boss of the Confed-
eration of Mexican Workers (CTM),
had allowed "Stalinism" to "divide
the labor movement and endanger
Mexico's international situation."
The committee asserted Lombardo
Toledano had encouraged sympa-
thizers of Soviet Russia to "disorga-
nize the Mexican labor movement to
their own ends."

Market Driets

NEW YORK, March 4. (AP)—Recovery
tendered today for most of the
leading issues tacked on gains of frac-
tions to a point or so.

Demand was moderate throughout and
transfers for the full proceedings were
around 300,000 shares.

Stocks up most of the day included U.
S. Steel, Bethlehem, Youngstown Sheet
& Tube, General Motors, Santa Fe, N. Y.
Central, Great Northern, U. S. Rubber,
Anacosta, Sears Roebuck, United Al-
bany, Leif American Telephone Con-
solidated Edison, American Smelting, Ken-
nedy, Paramount Pictures, John-Man-
ville, Consolidated Edison and Union Car-
bide.

Leading rising vigor were Westinghouse,
J. I. Case, Eastman Kodak, North Amer-
ican, Western Union, U. S. Gymnasium, and
Texas Corp.

Bonds were irregular with rails given
strong support.
Commodities on the whole,
pointed upward.

SERIAL STORY

DRAFTED FOR LOVE

BY RUTH AYERS

COPYRIGHT, 1941, NEA SERVICE, INC.

YESTERDAY, Winkie Appleman brought suit against April for damages. Her failure to report the accident adds to the seriousness of the charge. Trapped by a check, April pleads for mercy. Kent Carter, who admitted being a witness to the affair. When Ann comes out the door. "What's the matter?"

ANN SETS THE DAY

CHAPTER XX

It was Hal Parks who took things in hand when he arrived. With one arm protectively around April, he talked to the constable, drove to the police station and arranged for bond. The date of the hearing in lower court was set for the following Friday. That night, April came home early, managed to carry the hidden brown suitcase into the house unseen. Not that it mattered, she thought with a wry smile twisting her mouth, if all the family, all the town watched her. It was too late now to spare Ann from the gossip that would be sure to follow Winkie's suit; too late to keep Dad from knowing she was accused of trying to "fix" a case. Lying awake in bed that night, she was sure she heard sounds of sobs from the adjoining room where Ann slept.

But there was no sign of tears in Ann's eyes that morning. Except for her pallor, she seemed as happy as she had been since Kent had returned. "Kent and I have set our wedding day," she announced at the breakfast table. "It will be on Saturday afternoon, ready or not because—well, because of everything, we've decided it will be a very quiet ceremony here at home."

Another brightened instantly at this news, although she showed the marks of worry from the experience last night when Winkie had brought the warrant. She put down her coffee cup with a clatter. "Saturday? We never can do it. Today is Tuesday, so that means only four days to get ready." "Oh, I think we can manage it nicely," Ann said. "You going to the altar on Saturday and me to jail on Friday," April tried to joke. "Please, April," Mother pleaded, and then almost at once forgot her distress in the hasty making of plans.

April tried to avoid Ann that morning, but her sister caught up with her in the hallway. "Was there some reason," she asked, "why you didn't want to

stand. I'll take a chance that everything will come out all right. But I don't want to bring anyone else into this. Not Kent Carter, Dad. Please, he won't have to be at the trial, will he?" "Kent?" Dad smiled in a secretive way. "But Kent insists. Nothing I could say would keep him away. He wants a chance to testify." He came over and patted her shoulder. "I've an idea you've been through more than we realize, Duffy," he said. "When I get you cleared in this case and the excitement of the wedding is over, I'm going to make it up to you." "I'm all right," April stammered. "There's nothing you have to make up to me."

"I think we've lost sight of you in the excitement of Ann's romance. Seems strange, doesn't it, our little Ann a bride?" "It's wonderful," April said. "I'm very happy for Ann." Dad pursed his lips. "Yes," he began, "it is wonderful, and yet I have a feeling that underneath, something troubles Ann." Did Ann know? Had Ann guessed the whole truth about April and Kent? "What do you mean, Dad?" "More than anything, our Ann hoped to make a success of her voice. I don't think she'll ever quite get over the disappointment of the audition with Viviano." "All the more reason," April spoke up, "why nothing must spoil her happiness with Kent."

ON Thursday, Miss Evans, the seamstress, kept the sewing machine whirring. Octavia closed the kitchen door on the rich aroma of baking cakes and roasting meats. Florists surveyed the house for decorations for the wedding. Wedding! Ann and Kent's wedding on Saturday.

Ann herself came and went, humming softly; patient at fittings of the bridal gown; hurrying on innumerable errands. April decided she couldn't stand the strain and suspense any longer. She herself had an errand to do—an errand that couldn't be put off any longer. She picked a time in the afternoon when she could leave the house unnoticed. Her ankle had completely healed, although she was still wobbly, weak from the long inactivity her illness had brought. She took a short cut across town, began walking up a familiar road.

Her yellow hair blew around her face; her cheeks stung in the January air, but she kept climbing, sometimes slowly, sometimes in a desperate sort of jog. (To Be Continued)

Strangulation Of Woman Admitted

NEW YORK, March 4 (AP)—District Attorney Samuel J. Foley of the Bronx announced today that George Cvek, 23, of Harrisburg, Pa., had admitted the strangulation slaying of Mrs. Catherine Pappas in her Bronx home last month. Cvek was arrested soon after midnight and, during an all-night questioning, Foley said he also admitted assaulting women in Philadelphia, Washington, D. C., Newark, N. J., and other cities. Foley said Cvek would be charged today with murder. Foley quoted the youth as saying he garroted Mrs. Pappas after gaining entrance to the apartment by feigning friendship with her husband, John. After Mrs. Pappas had served brandy, coffee and cookies, Cvek tied her hands with his necktie while his arm encircled her neck, Foley said the prisoner told him. The district attorney said Cvek added that Mrs. Pappas had stopped breathing when he placed her in a bed. The arrest was made soon after midnight in a cheap Manhattan hotel by six Bronx detectives who had been working on the Pappas killing and on a similar slaying yesterday in which another Bronx housewife, Mrs. Elizabeth Jensen, was garroted in similar fashion. Cvek has not officially linked with the Jensen killing, however. During all-night questioning, Foley said the prisoner explained he would hitch rides on eastern highways, learn the addresses of his benefactors and later call at their homes, gaining entrance by pretending friendship with the husband.

Hold Everything

Bill Provides For Mine Safety Devices

AUSTIN, March 4 (AP)—Termed by proponents a case of "dollars versus blood," a bill providing for escapement shafts and other safety devices in mines was reported favorably to the house of representatives today. The proposal, supported chiefly by representatives of the salt workers union at Grand Saline, won swift approval of the house labor committee without a dissenting vote, following a four-hour public hearing last night. Executives of Texas salt mines and others opposing the legislation contended it called for unnecessary precautions and would place an unbearable financial burden on companies now operating in the state. They asserted inspections had shown mines at Grand Saline and Houston were 100 per cent safe with no danger of a disaster requiring a second shaft. "If an expert told me that one shaft was unsafe, we would lose no time in sinking as many others as would be necessary to correct that condition," J. A. Clements of Chicago, Ill., salt company official, declared. M. G. Wogan of Houston, execu-

950 ALREADY SOLD—
Student Directory Sales
To Start On Wednesday

The Student Council in cooperation with the Little Harvester has put the school directory over in a big way. The directory, which is the first one printed in Pampa High school, will come out tomorrow. The number already sold at 10 cents is 950. This is only a promise. It is expected that at least 50 more will be sold after they come out. These directories may be secured from the homeroom presidents.

Doris Taylor, Ollie Crossman, Gretha Burton, John Tom McCoy, and Vaughn Darnell have worked every afternoon for the past two weeks copying names, addresses, telephone numbers, and student classification of about 1,300 students. Not only have these students done a better job of advertising to Pampa merchants.

A large number of copies have been sold to local firms for business use. These copies were sold at \$1 each.

The \$65.00 include those sold to Junior high.

These directories will benefit the last-minute dater, the girl who is having a party, and business firms for their mailing list of advertising material.

If the directory proves successful it will be printed yearly.

Spectacular Game Is Played By Team Against Panhandle

The girls volleyball team, accompanied by Miss Evelyn Gregory, coach, journeyed to Panhandle Thursday to play one of their most spectacular games of the season.

In the first game the score was tied 15-15; but in the second game, Pampa lost by seven points.

The third game was won by Pampa, the score being 15-7. In the fourth game, Pampa again lost by three points. This meant playing another game, and Pampa came out the winner by three points. "I have never seen a better game of volleyball played," Miss Gregory said.

Those girls that played during the game with Panhandle were Marlene Berry, captain; Mary Nelson, Francis Deering, and Vinita Presiding. Later in the game, Juanita Browde was substituted for Vinita, then Beatrice Stotts was substituted for Juanita.

WHY NOT A CAMERA CLUB?

How about a camera club? Other schools have them so why not Pampa? It isn't necessary for a school to have a large amount of money to form a club. Highly priced cameras and other elaborate equipment would not be essential, but could be added as the club progressed. Complete developing and printing outfits can be bought for very little.

A sponsor would not have to be an expert photographer, but he should possess three qualifications, namely (1) the ability to take ordinary pictures (2) to develop a negative (3) and to print a picture from the negative.

Assuredly there are men around who know this much about photography and might like to help other enthusiasts. There are several good chances to win prizes and awards for good pictures, and perhaps you would be able to win something if you studied a little.

So come you camera fiends, let's have a club. As the first suggestion for a name, how about "Kamera Klickers"?

THE JOURNALISM CREED

We believe in the production of the "Little Harvester" by the democratic principles of mutual co-operation.

We believe in a newspaper for the students, by the students, and about the students.

We believe in writing the truth, and nothing but the truth.

We believe that we should not write what we would not say.

We believe in writing up to the level of the reader's intelligence.

We believe that the "Little Harvester" should instruct and educate, as well as inform and entertain.

We believe that the "Little Harvester" should be a leader of student opinion, instead of a follower.

We believe in the development of a journalistic personality characterized by poise, accuracy, loyalty, initiative, expressiveness, tact, self-confidence, and maturity.

We believe that the newspaper has a place for both sports and scholarship.

We believe in the dignity of hard work, conscientiously done.

We believe in righting wrongs by writing right.

We believe that the newspaper should be edited for everyone; for boys and girls, for parents and graduates, for administrators, freshman and seniors.

We believe the proof of the paper is the reading.

We believe the newspaper should make friends and influence people.

We believe in providing information, not defamation, facts and not gossip.

We believe in our schools, our teachers, our fellow students—and ourselves.

LOST BOOKS A RESPONSIBILITY

"The trouble with youth of today is, they are unwilling to accept responsibility. . . ." This is what the business men of Pampa are saying about Pampa high school students.

The majority of the P. H. S. will say it isn't true, but by unfavorable reports it is building up its own proof.

Because of students who haven't accepted responsibility, several books from the high school library have been lost. Among these are:

Rockne of Notre Dame by Lovelace Flush Wolff.

The Boy Shelly by Benet.

How to Become a Good Dancer by Murray.

Heros, Outlaws and Funny Fellows by Miller.

Mutiny on the Bounty by Nordhoff and Hall.

The Little Harvester
Pampa Senior High School
Published on Tuesday during the school term in the Pampa News.

LITTLE HARVESTER

Vol. 10 TUESDAY, MARCH 4, 1941 No. 20

PRESS ASSOCIATION HEADS

ENTIRE SQUAD TO GO TO AUSTIN
Regional Champions Play Last Home Game Tonight

A capacity crowd is expected to pack the high school gym tonight to cheer Pampa's first regional championship team and give it a rousing end-of to the state tournament which will be held in Gregory gymnasium at the University of Texas, Austin, this week-end.

It will be Harvester fans' first opportunity to see a Pampa regional title quint in action. Although the Harvesters played in the finals of the regional nine times, it was the first time they were victorious.

Tonight's foes will be Turkey's Terrible Turks. The first game will start at 7 o'clock and the second at 8 o'clock.

The Harvester band will lead a parade of students and fans through the business district this afternoon at 3 o'clock and the band will play at the game tonight. The largest crowd of the year is expected at the game. Proceeds of the game will be used to pay expenses of the team to Austin.

Coach Mitchell announced that the team will probably leave tomorrow afternoon and spend the night in Breckenridge, and go on to Austin Thursday. The first game will be played Friday. Pairings will be made tomorrow morning at Austin.

SENIOR WHO'S WHO

- Full name: Charles Ray Beach
 Age: 17.
 Ambition: Aviation career.
 Activities: One year Gorilla football, basketball, and manager.
 Nickname: Chas.
 Hobbies: Swimming and dancing.
 Honors or prizes won: Two letters in football.
- Schools attended: Ensenada, N. M.; Portales, N. M.; Meclia, N. M.; Brazos, N. M.; Las Cruces, N. M.; Phillips, and Pampa.
 Offices held: Vice-president of home room his sophomore year.
 Birthplace: Stroud, Okla.
 College to attend: Texas Tech.
 Any other general information: Likes blondes, brunettes, redheads, and brownies.
- Full name: Edna Helen Blackman
 Age: 17.
 Ambition: Bookkeeper or stenographer.
 Activities: Band.
 Nicknames: Eddie, Bismarck.
 Hobbies: Horse riding, swimming.
 Honors or prizes won: First-place in ping-pong.
 School attended: Pampa, Wheeler, LeFors.
 Offices held: President in club.
 Birthplace: Hedley.
- Full name: Marquis Pritchard Brantton
 Age: 16.
 Ambition: Aeronautical engineer.
 Activities: Band, A Cappella choir.
 Nickname: Mark.
 Hobbies: Model airplanes.
 Honors or prizes won: Soap box derby championship.
 Schools attended: Pampa.
 Offices held: Sophomore home room president.
 Birthplace: Dahlart.
 Any other general information: I prefer blondes, brunettes, and red-heads.
- Full name: J. L. Brown
 Age: 18.
 Ambition: Chemist.
 Nickname: Skin.
 Schools attended: PHS and Oklahoma schools.
 Birthplace: Shawnee, Okla.
 College to attend: Lubbock.
 Any other general information: I like brunettes and thick steaks.
- Full name: Calvin Ralph Burnett
 Age: 17.
 Ambition: Chemistry engineer.
 Activities: Choir, FFA, one year Gorillas, two years Harvester office staff.
 Nickname: Hippo.
 Hobbies: Stamp collection.
 Honors or prizes won: One year letterman on Gorillas, two years Harvester, Co-Captain 1941.
 Schools attended: W. W. S. H., junior high and PHS.
 Birthplace: Pauls Valley, Okla.
 College to attend: Tulsa University.
- Full name: Vera von Brunow
 Age: 16.
 Ambition: Interested in interior decorating.
 Activities: Pep squad, Glee club, Junior play, "Adorable Spend-thrift," played Helen; one-act play, "Overtones."
 Nickname: Duni.
 Hobbies: Collecting dolls from various countries.
 Honors or prizes won: One-act play contest, "Overtones," won district regional.
 Schools attended: Tustin, Calif.; St. Mary's Academy, Amarillo, Pampa Senior High school.
 Birthplace: Pampa.
- Full name: Willie Burton
 Age: 16.
 Ambition: Lawyer.
 Activities: Keep out of trouble.
 Nicknames: Cocky, Bill.
 Hobbies: Skating.
 Honors or prizes won: Booby prize, most beautiful baby.
 Schools attended: Arkansas City High school, Stroud high, and Pampa high.
 Birthplace: Kansas.

BUSINESS MEN AID SURVEY—

Survey Of Occupations Helps Graduates Find Employment

Graduating seniors of Pampa high school need no longer spend useful hours in search of the right job if plans of the recently organized occupational survey committee materialize.

Since early September a group of senior high faculty members and Pampa business men have been quietly working on a closer co-ordination of school and community.

After a careful division of the Pampa area into easily handled sections, a number of teachers and business men, armed with lengthy questionnaires, set forth in search of information to use in evolving a method to train students to live in this community, rather than a coldly formal preparation for college training which many neither wish nor need.

Vocational Emphasis

In tune with the times, and the trend away from the so-called glamour of White-collar jobs and their hand-to-mouth budgets, Pampa school officials are stressing the importance of the industrial arts to the individual, as a livelihood; to the nation, as part of the national defense program.

Shocking deficiency of the supply of trained industrial workers is revealed by the government's constant plea for any kind of trained help, for shipyard to barrack building.

Advice to Students

In order to correctly advise students who seek vocational guidance this occupational survey group is seeking answers to these questions:

- (1) What is the annual turnover?
- (2) What is the average salary?
- (3) What courses will fit me for this work?
- (4) What is the cause of most occupational failures?

Mr. Tom Herod, committee chairman, said yesterday that most business men felt that the chief cause of failure among high school graduates was an unwillingness to accept responsibilities. Some business men feel that pupils have an inferiority complex and feel that they are incapable of coping with such serious problems which arise—when there are no answers on page 285 of the text.

Basic Training

By pupil-teacher conferences, and by fairly technical courses the administrative officers of the school are attempting to develop student initiative and equip them with the basic elements of business, industrial, and professional training.

Among these more-or-less technical courses are: shop, typing, shorthand, commercial law, commercial geography, general science, salesmanship, bookkeeping, secretarial training, occupational guidance, technical and related information, vocational agriculture, dress design, business lettering, cooking, economics, and journalism which includes advertising, typing, and news-writing.

Committee Members

Members of the committee are: Tom Herod, chairman; E. W. Cabel, Jr., Mrs. G. H. Alexander, Mrs. E. L. Norman, Miss McParlin, E. R. Nuckols, B. G. Gordon, and W. H. Galaway.

When the occupational survey is completed, forms will be sent to deans of various colleges in an attempt to discover flaws or strong points of the present educational set-up.

Forms will also be sent to students now attending college in an endeavor to find out what problems they are facing; what they should have done in high school; and what courses they consider the most useful.

Colton Speaks On Prison Camps In Modern Germany

First of Four Talks To Be Presented By Rotary International

The first speaker in the second annual session of International Understanding, sponsored by the Pampa Rotary club, was Mr. Ethel Colton, who spoke to the high school students last Wednesday at the regular assembly.

Mr. Colton's topic was, "The Prison Camps in Germany." For three months during 1940, Mr. Colton traveled extensively in Italy, France, Germany, Switzerland, Spain, and Portugal, this making his 22nd tour of Europe.

Mr. Colton visited these prison camps, but not the concentration camps. Most of the prisoners were soldiers from Belgium, France, and England. The soldiers in the camps have as good food and clothing as the average German people, according to Mr. Colton.

"One of the British soldiers came up to me one day," Mr. Colton stated, "and said: 'The only thing wrong is that they don't give us jam in these camps!'"

The prisoners of war have all kinds of sports, and even orchestras and bands. While Mr. Colton was in one of these camps, the prisoners played for him. The captured officers in the German camps are paid the same salary as if they were in England. In fact, the British do the same in return, said Mr. Colton.

The students were given the privilege to ask Mr. Colton questions about these camps and of the German people and the war situation.

Pampa Wins Five, Drops Five Bouts To Wellington

Last Friday the Pampa pugilists fought a return bout with the Wellington leather-throws and broke even with five wins and five losses.

Co-captain Roy Ray put his man down for the count in the second round of the evening. Tonight the boys go to LeFors and next Friday entertain the Borger mitt-pushers here in what promises to be one of the best bouts of the season.

Borger is rated among the best in the Panhandle when it comes to putting out first-rate fighters.

The battle with Wellington Friday night was the first bout staged here by the Harvester boxing team. The Wellington boys were the cleanest fighters and best sports the Pampa squad has encountered this season and put out all they had.

Those winning for Pampa were Stevens over Crowley, at 65 lbs.; Campbell over Smith, at 85 lbs.; McPherson over Winters, at 95; Pendleton to Ingram, at 105; and Ray over Montague, at 145.

Those coming out on the short end of the deal were Vogel losing to Jackie McPherson, at 75 lbs.; Isabel TKOed by Cummings in second, at 125; Sloan losing to Young at 135; Pendleton to Ingram, at 155; and Cornett TKOed by Thompson in second, at 165.

Pampa Band Invited To Attend Tri-State Clinic In Oklahoma

The Pampa Harvester band has received an invitation from the Emid, Okla., band clinic to attend the annual tri-State band clinic, April 16 to 19. The clinic will take in orchestra, drum corps, bands, ensembles, and soloist work.

Outstanding musical artists who will be instructors during the four-day band clinic include Colonel Earl D. Irons, North Texas Agriculture college band director; Harold Bachman of the University of Chicago; and Dr. Frank Simon of the Conservatory of Music, Cincinnati, Ohio.

The band has also received an invitation from Narna Health, director of the Memphis band, to attend the fifth annual Cap Rock Band Festival and Clinic. This clinic will last only one day, March 7.

At the present time the band is preparing for the district band contest. This contest will be held sometime during April at Amarillo. Soloist and ensemble practice each afternoon from 3 to 4 o'clock. The band will enter Class A competition.

Mechanical Drawing Class Is Studying Machine Drafting

Mr. Phil Gruber's mechanical drawing classes are now studying machine drafting. They are planning to study sheet metal drawing and woodworking drawing soon.

The last six weeks, Mr. Gruber says, they will study architecture, or house planning, and airplane design.

"The drafting course is primarily important to boys who want to get into engineering or take up any machine shop work," Mr. Gruber said, "but it is good for the average layman to know how to plan a house."

AMUSING INCIDENTS: DOT REHEARSALS

Junior Play, 'Big-Hearted Herbert,' Opens Thursday

"Big Hearted Herbert," the Junior play promises to be one of the best that Pampa high has seen. It will be presented next Thursday and Friday in the high school auditorium.

"Big-Hearted Herbert," a comedy as the name implies, is an account of the long-debated question as to whether father or mother knows best how to educate a family of children.

Sophie Kerr and Anna Steese Richardson, the authors, apparently side with the mothers.

Dorothy Drescher, playing the part of the mother who sides with the children against father, has a hard time with her padding. According to the play cast, "shill" is getting to be a common word around the stage during practice. Evertime Dorothy's padding starts slipping, someone yells "shill!" and Dorothy coyly shifts her padding back into place.

Phillip Elliott (Herbert Kalness), had his first experience smoking a cigar the other night. Phillip forgot to bite the end off of the cigar before trying to light it. The next thing everyone knew, Phil was getting a little green around the gills. This is a familiar scene to those who have tried sneaking out behind the barn to smoke the first cigarette or cigar.

Dot Drescher will simply have to stop blushing when Phillip kisses her. It looks funny for a wife to blush everytime her husband kisses her. Well, in this case it is all the same difference.

Since a change has been made in the cast, the following students are taking part:

Herbert Kalness, Phillip Elliott; Robert Kalness, John Knox; Elizabeth Kalness, Dorothy Drescher; Martha, Virginia Lee Clegg; Herbert Kalness, Jr., Tom Johnston; Alice Kalness, Frankie Lou Keuhn; Andrew Goodrich, Joe Blackwood; Amy Lawrence, Imogene Sperry; Jim Lawrence, Bob Thomas; Mr. Goodrich, Dewey Johns; Mrs. Goodrich, Beatrice Stotts; Mr. Havens, Flint Berlin; Mrs. Havens, Gretl Brunton.

The property committee includes Marjorie Hill, Panda Giles, and Virginia Lee West.

Members of the cast of "Big-Hearted Herbert" have worked as hard to put this play over as any cast which has presented a play in Pampa High school.

Classes Start Practicing For League Meet

Seven Shorthand, 9 Typing Students Try Out For Team

Interscholastic League practice for typing and shorthand classes started last Monday. Nine typing and seven shorthand students have already started competing to represent the school.

Eligibility for both typing and shorthand includes rules that all students be 18 years of age or under. They should not have had any previous instruction prior to this year.

Miss Ruby Foster, typing instructor, and Miss Zenobia McParlin, shorthand teacher, will be glad to accept anyone that wishes to enter.

Shorthand students practice three afternoons a week, usually after 3 o'clock. Typing students may practice at any time that is convenient to them.

Those entering the typing contest are Mary Ellen Moss, Sarah Bird, Delbert Crowley, Cecil Bradford, Maxine Holt, Jean Dodson, Orene Alford, Mary Frances Yeager, and Joe Cargile. A team of three will be chosen from this group to represent the school.

Those entering the shorthand contests are Mary Etta Burba, Blanche Day, Billy Kay Coobes, Phyllis Followell, June Reed, and Sylene Richards.

Debate Teams To Be Presented At P-T. A. Meeting

High school debate teams of Pampa will be featured at the next meeting of the Parent-Teachers association, which will meet Thursday, March 11. Their topic will be, "Resolved: That Texas Should Increase the Tax on Natural Resources." It will take place in the high school auditorium at 3:15 o'clock.

During the meeting, a report of the nominating committee will announce nominees for the election of P. T. A. officers for the coming year. Mrs. W. L. Campbell, president, will be in charge of the meeting.

The debate classes, under the direction of Miss Rachel Sweeney, include three boys' teams, and two girls' teams. For the coming debate contests, a contest will be held before each debate to see which boy and girl teams will represent our school.

During March the teams will go to LeFors and Higgins. On March 19, Higgins debate team will visit Pampa.

Marcene Berry Wins VFW Essay Contest; Hatfield, Holt Place

Winners of the "One Nation Indivisible" essay contest were Marcene Berry, 1st place; Jane Hatfield, 2nd; and Maxine Holt, 3rd. The contest was sponsored by the Veterans of Foreign Wars. Marcene's essay will be sent to the state contest.

Marcene, who is a senior, was recently elected captain of the girls' volleyball team. She has always been skilled in all kinds of sports. Jane, who is also a senior, has been active in her classes through out her school years.

Maxine, former editor of the Junior high paper, has one of the fastest typing records for beginners. She is also arranger for the Tonettes.

Mrs. Johns Dies

Mrs. T. D. Johns, 45, resident of Pampa for four years, died last Thursday afternoon at the family home, 509 South Paulkner street, after a long illness. Her youngest son, Dewey, is a student in Pampa High school.

Sanford said the hall looked like a lover's lane. Royce said he was with Carolyn Cloud when she told him. He said he looked around, and no one else was even in the hall.

"While in Amarillo with the choir, Herbert Maynard was interviewed by K. G. N. C.'s Man on the Street. He won twenty cents, and a pass to the Paramount's theater. Stand back, girls, he's spoken for."

"The Sage hopes that Janet McMillin and Mary Alice Higginbotham, who recently underwent appendectomies, will return to school soon."

"We hear that Delbert Meek parked his car in the garage sideways Thursday night. Where did you go Thursday, Delbert?"

"Pat has a girl! Pat has a girl!—11 Otherwise why would Pat Flanigan start wearing a tie to school?"

"Well, Sir! Dot Mikimmins is gone. We are certainly going to miss her around the halls of Dear Old Pampa High school."

"Betty Mounts says, 'Civics is a wonderful subject.' If a student is losing an argument, he can always swing a book at the person who is winning."
