113 Freighters Considered For Britain's Need

WASHINGTON, March 22. (AP)—Maritime commission officials, seeking ships to meet the urgent needs of Great Britain, turned hopefully today to the 113 freighters in the intercoastal service.

While revealing that surveys of these vessels had been started, officials emphasized that no decision had been reached as to how many of them might be diverted to other uses.

At the same time, the urgency of Britain's need for ships was emphasized by an announcement that it had acquired a 51-year old floating fish reduction plant.

The maritime commission authorized sale of the 4,613 ton Lansing to W. R. Carpenter Overseas Shipping, Ltd., Sydney, Australia, for Pacific ocean service.

The 113 freighters in the intercoastal service have gross tonnage of approximately 852,000. Experts concede they might provide the principal source of tonnage to meet the pinch until the President's emergency program gets into production late in the year.

All told there are 362 vessels with gross tonnage of 1,611,134 in the intercoastal service, including the intercoastal trade, but many of these are not regarded as suitable for diversion to other services because of being specially constructed for the haulage of some particular commodity.

Division of freighters from the intercoastal service would involve the movement by rail of freight now carried by water. Transportation experts say the railroads now are operating much less than capacity, and that they could take over much of the traffic now moving from coast to coast by water.

Two German Planes Reported Shot Down

LONDON, March 22. (AP)—Two German planes were reported here tonight to have been shot down, one crashing in a field, the other in the sea off the coast.

Anti-aircraft fire was credited with bringing down the plane over the coast. The second was identified as a big Heinkel bomber. Two of its crew were killed and two others were injured.

Clearing of debris continued at Plymouth during the day and many exhausted citizens, without heat and water, nestled in the ruins of their homes seeking their first hours of sleep after two nights of intensive German bombing.

Up to a late hour, London had not had a night alarm.

The weather was unfavorable, in southern England, light snows of the day turning into steady rain tonight.

The air ministry and the ministry of home security said in a joint communique that "enemy activity over this country during daylight today has again been on a small scale."

Bombs were reported dropped in East Anglia, causing some damage and a small number of casualties.

Later at night German raiders were reported over a north England town.

British bombers attacked a German supply vessel and set it afire in Egersund, Norway, harbor early today, the air ministry said.

A British pilot was credited by the ministry with a "vertical hit dive" in a machine gun attack of a Norwegian airfield. Another was said to have bombed a supply ship convoy near the Norwegian coast, damaging the leading ship "severely."

Thomason Advocates Military Training

COLLEGE STATION, March 22. (AP)—Rep. Ewing Thomason (D-Tex.), ranking member of the House Military Affairs committee, today advocated universal compulsory military training for war and peace after reviewing a full-dress mounted review by the Texas A. & M. college Cadet corps.

The El Paso congressman, author of the Thomason act creating the Reserve Officers Training corps machinery, declared that universal military training in war and peace "will be a universal help to boys from the farms, from the cities and from the far corners of the nation."

The opinion was expressed to Dr. T. O. Walton, president of the college, and Col. James A. Watson, ROTC commandant.

Thomason was here to attend the wedding of his son, W. E. Thomason, to Miss Patience Chance, daughter of Mr. and Mrs. George Chance, Bryan plantation operator.

Walker Says Chain Letters Are Taboo

Several chain letter cards have been received here recently, Postmaster C. H. Walker revealed yesterday. They are different than any others discovered in the mails he said.

The new letters say that 13 cards bearing the same copy must be mailed to 13 friends and that on the 13th day of the following month the sender will receive \$13.95, or maybe \$86. No money is to be mailed. The cards also state that one woman failed to mail the cards and that on the 13th day of the following month a daughter went blind. They also suggest that the receiver read the sixth psalm.

Sending such cards through the mail is a violation of the law, Postmaster Walker said.

Cowbells Are Heirlooms Still in use on cattle in Switzerland are cowbells dating back to the 17th century. They have been handed down from generation to generation.

Washing Machine Almost Gives Skippy A Spring Cleaning

NEW YORK, March 22. (AP)—A washing machine almost took Skippy, a Pomeranian pup, to a spring cleaning today.

Hot in pursuit of a skidding bone, Skippy slid under the machine. His owner, Mrs. Mary Walsh, looking down in response to astonished yelps and there was Skippy, being hoisted upward by his tail. The tail, caught in the gears, was wagging

cleaning today. Mrs. Walsh shouted for her daughter, Alice, who turned off the current before Skippy reached his end. But the 8-pound pup remained suspended, his head a foot above the floor. Alice called a policeman and the

officer summoned the emergency squad, which freed Skippy by taking the machine apart while neighbors looked on. Skippy dived under the nearest bed.

Courses in Math And English Will Be Formed Tuesday

Vocational courses in mathematics and English, and any other subjects for which there is a demand, will be organized at a meeting of distributive workers in the high school building Thursday night at 8 o'clock. Distributive work has to do with the distribution of goods in the wholesale and retail fields.

R. B. Nuckols, of the Pampa high school staff, and W. H. Galloway, diversified occupation coordinator, have been secured to instruct classes in math and English, which will be organized first.

The course in English will include vocabulary building, oral composition, written composition and business correspondence.

The course in math will include review of fundamental processes, fractions and decimals, percentage and interest, how invoices are made out and computed, methods of taking inventory, computing expenses, measuring of all types of dry goods, etc.

The program was endorsed by directors of the Pampa Junior Chamber of Commerce at its last board meeting.

Texas Farms Drop 15.6 Per Cent In Last Ten Years

WASHINGTON, March 22. (AP)—Farms in Texas dropped off 15.6 per cent in total number in the ten-year period between 1930 and 1940, the census of agriculture released by the Department of Agriculture, revealed today.

Back in 1930 Texas had 496,489 farms. Through 1940 there were only 418,002.

Too, value of the farms decreased by a full billion dollars, the report stated. In 1930 Texas farms were valued at \$3,597,406,986 while the '40 census reveals farms now have a \$2,589,978,936 value.

The average farm value ten years ago was \$7,260. Now it is \$6,196. The average per acre value in '30 was \$28.85. Now it is \$18.81.

Strangely, the total acreage has increased. There are now some 137,683,372 acres of farm lands in comparison to the 124,707,130 acres of 1930.

Crop failures mounted in the ten-year period. In 1930 failures were listed at 1,893,574 acres while the figure rose ten years later.

Increases in cattle, cow and heifers over two years old, sheep and lambs, hogs and pigs and chickens was noted, with the biggest jump over the ten-year period coming in sheep and lambs—the current figure of 8,447,809 being better than 3,000,000 over the 1930 count.

Corn jumped slightly, threshed wheat fell back, oats gained in bushels and cotton production slumped badly.

Pampa Theaters To Join In Greek War Relief Program

The motion picture industry has designated March 22 to March 30, inclusive, as a period to aid the Greek War Relief Fund and Pampa theaters will join in the program. Alex Schneider, chairman of the Greek war relief committee here, announced Saturday.

During the six days girls, dressed in nurses uniforms, will be in the lobbies of all Pampa theaters and will accept donations for the relief fund. Donations of from one cent up will be received, Mr. Schneider said.

Supt. L. L. Sone will have eight Pampa high school girls to participate in the campaign. One of the girls will be in the lobby of the La-Nora, Rex, State and Crown theaters from 1 p. m., until 11 p. m., during the six days.

A benefit show may be presented here with all proceeds going to the fund. Many Pampans have already contributed to the local fund, started several weeks ago.

Marriage Of Miss Mary Walton And Don Taylor Solemnized Here

Just Between Us Girls
By Johnnie Davis

You have to believe in happiness Or happiness never comes. I know that a bird chirps none the less When all that he finds is crumbs.

You have to believe in happiness. It isn't an outward thing. The Spring never makes the song, I guess, As much as the song the Spring.

Douglas Mallock

With the official arrival of spring and the blooming of so many bright violets, daffodils, and jonquils, the main topic of conversation in any group of women, whether two or more, seems to be flowers. Trading of flower seeds for spring planting is a favorite pastime.

One of the proudest looking persons we noticed during the week was Mrs. B. E. Finley with her young grandson, Warren Ferguson, of Corpus Christi. Dressed in maroon ensembles, they made a striking pair.

In keeping with the approaching fiesta observance, the B. G. K. club is making plans for a frontier dance to be given next Friday. Colorful costumes are to be worn by the members and their guests to add to the atmosphere of the event which will be held in the Flaherty barn.

Let the laughter out. We find, somehow or other, A good wide healthy grin. Off makes the best impression And proves the chance to win. If you would make life cheerful, And put the foe to rout You'd better touch the button That lets the laughter out.

Within a few weeks Pampa will be losing three couples who have had a part in many activities benefiting the city during their residence here. They are Mr. and Mrs. P. O. Anderson, who are moving to Amarillo, and Mr. and Mrs. W. A. Bratton and Mr. and Mrs. John Peak who will go to Corpus Christi.

The old adage, "necessity is the mother of invention" is again proving itself, and in a manner which brings glory to the women of the nation. Before the thousands of American young men were called to the colors, numerous clubs, welfare and relief organizations were working feverishly to keep up with the demands for knitted articles needed by soldiers of all nations friendly to our democratic form of government. . . . In our own vicinity the Red Cross chapter has been leader of knitting and sewing projects. Again this week a call is being made for workers to assist at the local Red Cross cutting room in the post office.

Presenting a stunning picture recently was Mrs. Frank Monroe, wearing an attractive navy blue spring hat.

Children mature much faster now-a-days than they used to. As soon as a modern child gets through having the measles and whooping cough, he or she breaks out in a rash of puppy love!

All mothers and daughters of the First Methodist church will have an opportunity to get together at the annual Mother-Daughter banquet to be given Tuesday night in the fellowship hall. . . . A special program is being planned for the event.

Among the activities of the week which all local women will want to take advantage of is the Perfect Hostess School to be conducted by Byron E. Lopp, noted psychologist and analyst, under the sponsorship of Pampa merchants. . . . Problems foremost with the hostess today in the modern home will be discussed.

Another accomplishment of which members of Beta Sigma Phi sorority are proud was the pipe organ recital given by John Josey of Amarillo under the sponsorship of the local chapter. . . . the group appreciates the response and interest shown by the 200 music lovers who attended the program. . . . Numerous requests have been made for the sorority to sponsor other projects similar to this recital and the chapter's art exhibit.

Celebrating the 29th birthday of Girl Scouting in this country, Pampa Girl Scouts published volume one, number one of The Kacelus Krier, a scout newspaper. . . . Many interesting stories were featured in The Krier. . . . Already the girls are making plans for the Day Camp program.

True Rest Rest is not quitting The busy career. Rest is the fitting Of self to one's sphere. 'Tis the brook's motion Clear without strife, Fleeting to ocean After this life. 'Tis loving and serving The highest and best. 'Tis onward, unswerving, And this is true rest.

POPULAR SPRING BRIDE

Mrs. Don Taylor, above, was Miss Mary Walton before her marriage which was solemnized Friday morning at 10 o'clock in the home of the Rev. W. M. Pearce. Mrs. Taylor, who is the daughter of Mr. and Mrs. C. F. Walton, was selected as a beauty queen during her freshman and sophomore years at West Texas State college in Canyon. The couple will be at home at 307 East Browning avenue.

Couple To Make Home In Pampa Following Trip

Miss Mary Irene Walton, daughter of Mr. and Mrs. C. F. Walton, became the bride of Donald J. Taylor, son of Mrs. Margaret Taylor, in an impressive ceremony solemnized Friday morning at 10 o'clock in the home of the officiating minister, the Rev. W. M. Pearce of the First Methodist church.

Palms and baskets of lilies and white sweet peas were arranged to form the background for the single ring ceremony.

The bride was attractive in a yellow and gold print frock with a beige coat and black accessories. She wore a corsage of yellow rosebuds.

Following the ceremony an informal reception was held at the home of the bride's parents. A miniature bride and bridegroom topped the three-tiered wedding cake which was placed on a reflector encircled in white carnations and sweet peas. Tall white tapers lighted the table where Mrs. Taylor, mother of the bridegroom, poured coffee and Mrs. Walton served cake. Individual bride's bouquets of sweet peas and carnations tied with white satin ribbons were presented to each guest.

Attending were Mrs. Mary E. Walton of Wichita, Kansas, grandmother of the bride; H. H. Barrick, grandfather of the bridegroom, Mrs. Larry Trenary, Robert Bowerman, Miss Barbara Kilgore, Mr. and Mrs. I. W. Spangler, Mary Ellen, Nita Fay, and Jack Taylor.

Following a short wedding trip the couple will be at home at 307 East Browning avenue.

The bride, who was graduated from Pampa high school, attended West Texas State college at Canyon where she was selected as a beauty queen during her freshman and sophomore years. She was a member of the Gamma Phi sorority while attending W. T. S. C., and she is a member of the local order of Rainbow-for-Girls. Mrs. Taylor is employed by the Southwestern Bell Telephone company.

Mr. Taylor, also a graduate of Pampa High school, is employed by the Cabot Shops, Inc.

Banquet Honors Members Of Two Degree Teams

Rebekah and Oddfellow degree teams were entertained Thursday night in the L. O. F. hall following their return from the Texas grand lodge and Rebekah assembly in Dallas Sunday, Monday and Tuesday when both teams competed with teams from all over the state.

The Pampa teams were the only Panhandle teams entered. The Oddfellow team took fourth place and the Rebekah team, fifth, with Fort Worth teams winning the honor.

Carl Baer of the Oddfellow team and Mrs. Homer Conner of the Rebekah team were awarded individual distinction in the portrayal of conductor and chaplain. The convention was held in the Baker hotel where the group was entertained at a banquet, tea, and a formal ball on the Peacock Terrace.

Jess Clay and Mrs. Carl Baer represented the local lodges in the business session.

Mrs. Emory Noblitt was chairman of the welcome home committee. The entertainment included a home team, who spelled out the letters, "I Love You." Each Rebekah who went to Dallas was presented a gift and a banquet was served to both Oddfellow and Rebekah teams. Mrs. D. M. Spector of Borger, second vice-president of the Panhandle Rebekahs, was a visitor.

Members of the Oddfellow team are Fred Poronto, captain, V. J. Castka, Jess Clay, Pete Kelley, W. G. Irving, Ed Scott, L. B. Cole, Hugh Braly, R. W. McDonald, Carl Baer, E. C. Rupp, Roy Kretzmeier, Emory Noblitt, Alva Phillips, C. H. Blair, J. W. Crisler, D. C. Rickman, and Steve Donald.

Members of the Rebekah team are Mmes. Carl Baer, Steve Donald, John A. Hall, Alva Phillips, Hugh Braly, V. J. Castka, Homer Cone, Jess Clay, Dewie Voyles, Russ Walker, Roy Kretzmeier, Hugh Burrow, Shorty Bolin, C. L. Stephens, Lois King, Ed Wylie, J. W. Crisler, Frances Hall, and the team captain, V. J. REBEKAH

Mrs. H. M. Cone, above, received the individual distinction at the Texas grand lodge and Rebekah assembly last week in Dallas for her portrayal of the chaplain charge. Mrs. Cone was among the local lodge members honored at a banquet given by Rebekahs for the degree teams at the weekly meeting of the organization.

Bell HD Club Has Meeting In Home Of Member Recently

"The right food builds and repairs your body," Mrs. Julia E. Kelley told members of the Bell Home Demonstration club in their regular meeting at the home of Mrs. H. H. Kealey last week.

"It keeps the body in good running order, gives you energy for work and play, helps prolong your prime of life, and it is a basis for good health," continued Mrs. Kelley.

"A balanced ration is the right food. Select a quiet hour and plan meals a week or at least a day in advance. This insures better-balanced meals and saves time and money. A well-planned meal in itself is not enough. It should be so prepared that it is delicious to the taste and should be served in an orderly, simple manner."

"A frame garden can provide a continuous supply of fresh vegetables of the quick-growing, hardy type in those parts of the state where wind, sand, a shortage of moisture, extreme summer heat, or winter cold are the limiting factors to successful home gardening," Mrs. Kealey stated in a talk on gardening.

Mrs. Kelley urged members to strive toward having at least two vegetables two or three times a week from the garden during the cold months.

During the business session with Mrs. Dancer presiding, Mrs. O'Neal and Mrs. Ernest McKnight were appointed to have charge of the radio program April 12 at 11:45 o'clock. A party was planned for the regular social event, April 19, to be at the home of Mr. and Mrs. Conner O'Neal, 1103 East Francis avenue, this week.

Refreshments were served to Messrs. and Mmes. Mark Gunnels, R. F. Vermillion, Harry Dean, E. R. Gover, T. E. Murphy, Roy Tucker, C. C. Miller, J. L. Barnard, F. E. Matheny, E. A. Baldwin, M. G. Satterthill, C. E. McKinley, H. Dempster, Mrs. T. D. Sumrall, and Messrs. Earl Griffin, Joe McCollum, and Ray Riley.

Children present were Arthur Paul, Mark Patsy, Anna Lois, and Raphael Gunnels, Carl Wynn Tucker, Nevada Fay and Alice Gowers, Sue Sumrall, June Matheny, and Treva and Harriette Dean.

Initiation Of Two Members Held By Rainbow Girls

Two members, Elsie Ruth Graham and Mary Lou Anderson, were initiated at the regular meeting of the Order of Rainbow for Girls held this week in the Masonic hall.

Plans were made to initiate Hazel Eubanks at the next meeting of the group.

O. M. Anderson, a member of the board, met for the last time with the local group as he is moving to Amarillo. Marian Hoovers was reported ill.

Refreshments were served to Naomi Snyder, Edna Mae Cade, Irma Ray Smith, Juanita Smith, Frankie Foster, Sarah Florence Parker, Phyllis Casey, Lou Wilkins, Mary Jane Davis, Della Mae Foster, Mary Frances McMullen, Mary Alice Board, Peggy Murphy, Blanch Day, Wanda Roberts, and Jimmy Neil Harbour.

Board members present were O. M. Anderson, E. E. Minter, Mrs. Katie Vincent, Mrs. Ruth Casey, and Mrs. Buri Graham.

Mrs. Cary Named President Of P-T-A By Junior-High

A monthly meeting of Junior High school Parent-Teacher Association was conducted Thursday afternoon in the school auditorium with Mrs. E. H. Eaton presiding.

Following numbers by eighth and ninth grade students of Mrs. Clifford Braly, Jr. and seventh grade pupils of Miss Winifred Wiseman, a business session was held. Officers elected following a report given by Mrs. W. L. Campbell, chairman of the nominating committee, were Mrs. C. E. Cary, president; Mrs. E. H. Eaton, vice-president; Mrs. E. L. Anderson, secretary; Mrs. W. E. Noblitt, treasurer; and Miss Ila Pool, historian.

The devotional from Mark 12 was given by Mrs. F. E. Leech who discussed "The Greatest Thing in the World—Love." Mrs. Leech stated that Love will solve our problems today. Have you ever seen a home broken up where there was love in the family, she asked. In the school lodge love is needed; teachers who love have little trouble with their pupils. Mrs. Leech pointed out as she concluded with prayer.

Herman Jones introduced the guest speaker, Jim Edwards, recreational director of Pampa, who spoke of enjoying recreation in the park. Mr. Edwards stated that an actual check showed that more people from the north side attend these programs than from the south side.

"Pampa has the only recreational program in the state of Texas which runs five nights a week for the three months last summer. We gained much publicity through this program," he added, and told of acquiring a trailer filled with games, archery, ping pong, and soft ball which might be taken by civic groups on picnics without charge if 24 hours notice is given.

He said that the tonic Pampa needs this spring is to choose a favorite form of entertainment and that the P-T-A might become P-T-A Recreational Association. Continuing, he stated that leisure time may be a blessing or a curse. He spoke of the craft shops of Pampa which teach both metal casting and plastic casting. This is the only craft shop in the United States teaching both.

"Let us make Pampa the recreational center of the Panhandle," the speaker concluded.

C. T. Hightower's room won the attendance award.

Social Given For Friends of Central Baptist

Friendship Training Union of Central Baptist church was entertained at a St. Patrick social in the home of Mr. and Mrs. Harry Dean, 1103 East Francis avenue, this week.

Walton Dempster directed the games and C. E. McMinn, vice-president of the union, presided over the short business session in which new officers were elected.

Refreshments were served to Messrs. and Mmes. Mark Gunnels, R. F. Vermillion, Harry Dean, E. R. Gover, T. E. Murphy, Roy Tucker, C. C. Miller, J. L. Barnard, F. E. Matheny, E. A. Baldwin, M. G. Satterthill, C. E. McKinley, H. Dempster, Mrs. T. D. Sumrall, and Messrs. Earl Griffin, Joe McCollum, and Ray Riley.

Children present were Arthur Paul, Mark Patsy, Anna Lois, and Raphael Gunnels, Carl Wynn Tucker, Nevada Fay and Alice Gowers, Sue Sumrall, June Matheny, and Treva and Harriette Dean.

The address will follow a monthly business luncheon to be served at 1 o'clock.

Red Cross Opens Cutting Room Two Days Each Week

Red Cross chapter of Pampa has opened its cutting rooms again in the postoffice on each Tuesday and Thursday afternoons between 1 and 5 o'clock.

Mrs. Doyle Osborne is in charge of the cutting of women's and children's dresses and local women are urged to assist in this project.

The dresses already cut are ready for distribution now and any individual or group who wishes to sew may get the dresses from Mrs. Omer Russell, 312 North Gillespie street.

The Red Cross wishes to make a few corrections on the report of Red Cross workers given some time ago. The Veterans of Foreign Wars auxiliary made 26 skirts for which the American Legion auxiliary was erroneously given credit; Girl Scout troop eight, who sewed gowns and saucers for the layettes, was omitted from the list of workers; and credit should be given Mrs. Hol Wagler, Miss Flossie Webber, and Mrs. Dan Leitch for sewing labels on garments.

Wayside HD Club Members Discuss Lawns At Meeting

"Lawns should be divided into three divisions—public, private, and service; this may be done with hedges or trees which ever is desired," Mrs. Harold Osborne stated at a meeting of Wayside Home Demonstration club in the home of Mrs. R. R. House.

She also pointed out that when making walks and drives they will be more attractive if they are slightly curved.

"Permanent shrubs are better than flowers because flowers have to be planted each year. If flowers are preferred, plant them in the corner of the yard. Use trellaces to shade west windows; place them back far enough to permit air and light.

"The permanent shrubs we plant should be hardy and ones that will withstand the Panhandle weather," Mrs. Green said. "A few of these shrubs are Nandina, ornamental dwarf privet, California privet, myrica, bush honeysuckle, sandalwood, and many others."

Placing of permanent shrubs and trees was discussed by Mrs. Walberg.

When planting trees, group in odd numbers so they will look more natural. Plant low shrubs under windows and at doorsteps," Mrs. Walberg said.

Mrs. W. F. Taylor, president, presided over the business session in which all 16 members were present and all paid into the education fund.

Refreshments were served to Mmes. L. R. Taylor, J. S. Pauga, Harold Osborne, Doyle Osborne, Besudrou, H. B. Taylor, Jr., W. J. Taylor, S. J. Meador, A. E. Char, Ruth, Walberg, Wood Osborne, Billie Greene, Hall Nelson, Felix Stalls, Lowell Osborne, and the hostess.

The next meeting will be held in the home of Mrs. Hall Nelson on March 28 at 2 o'clock.

Mrs. Tarpley To Head P-T-A At Woodrow Wilson

Father's Night was observed by Woodrow Wilson Parent-Teacher Association at a meeting of the organization held recently at the school.

In the business session conducted by Mrs. E. L. Anderson, president, the report of the nominating committee was read by Mrs. Homer Doggett and the following officers were elected: Mrs. Lewis Tarpley, president; Mrs. Alice Cokerell, vice-president; Mrs. Charles Miller, secretary; Mrs. Ernest Eads, treasurer.

Mrs. Tom Duvall, historian; Mrs. J. L. Lester, parliamentarian; Mrs. T. R. White and Mrs. E. L. Gallenmore, delegates to the City Council; and Mmes. G. R. Riggs, Arthur Rankin, and Espar Stover, delegates to the County Council.

The program, directed by Mrs. R. E. Gatlin, opened with prayer by the Rev. B. A. Norris, the singing of "America" by the group, and two numbers, "Rose Tree" and "Swing Song" by the glee club by Miss Genevieve Ketchum.

A stunt, "The First Light Opera," was given by Mmes. Homer Doggett, Tom Duvall, Emmett Foyesker, Charles Miller, C. L. Conrod, Lonnie Roundtree, W. R. Hallmark, Joe Foster, G. R. Riggs, and T. J. Worrell.

Rev. Norris spoke on "Not Medals But Fun." The attendance award was won by Mr. Hartree's room with Mrs. J. L. Lester receiving second place.

Mrs. Palmitier Named Honoree At Recent Shower

Miss Clarice de Cordova entertained recently with a linen shower given to honor Mrs. Raymond Palmitier, the former Miss Rowena Johnson. Assisting the hostess were Mmes. W. C. de Cordova, W. B. Murphy, and Buri Graham.

Entertainment for the afternoon included two readings, "Billie Brad's Big Lie" and "My Ships" by Phyllis Ann Parker; a piano solo, "Robin's Return," by Elsie Ruth Graham; and a sing song. Informal games were played also.

Refreshments of spiced tea and shamoek cookies were served to Mrs. W. R. Frazee and Waldear W. B. Murphy and Lorraine and Peggy, June Reed, Frankie Foster, Naomi Snyder, Mrs. Ward, Mrs. W. L. Parker and Phyllis, Venora Anderson, Mrs. Eddie Johnson, Mrs. W. G. de Cordova and Clarice, Mrs. Buri Graham and Elsie Ruth, and the honoree.

Civic Culture To Meet On Tuesday

A meeting of Civic Culture club will be held in the home of Mrs. A. Norris Tuesday afternoon at 2:30 o'clock.

"Honduras, El Salvador and Guatemala" is the topic of the program to be presented with Mrs. H. H. Isbell as leader.

Texas folk songs and folk lore will be named in answer to roll call.

STARRED ON TWO SCREENS

Starring on two Pampa screens this week is Ida Lupino, above, seen today at the La-Nora with Edward G. Robinson and John Garfield in the picture of Jack London's "The Sea Wolf," with the same

title. She is also at the Rex today in a dramatic and action-packed story, "High Sierra," adapted from the novel by W. R. Burnett, who wrote "Little Caesar." Humphrey Bogart and Alan Curtis are the other principals in the Rex film.

ON TRIAL FOR HER LIFE

ACCUSED! . . . All fingers point to Laraine Day as the murderess in "The Trial of Mary Dugan," suspense-packed courtroom drama, opening Wednesday on the La-Nora screen for a two-day showing. The new role offers Miss Day, heroine of the "Dr. Kildare" pictures, and

recently seen with Wallace Beery in "The Bad Man," the most important acting opportunity of her rapid climb toward stardom. Robert Young has the male lead as the young lawyer who defended her, and Tom Conway, Frieda Inescort, John Litel and Marsha Hunt are seen in featured supporting roles.

NINE-G DIVE POWER DRAMA, ACE COMEDY LEADING FILMS

Jack London's Mighty "Sea Wolf" Features Edward G. Robinson; Bad Man Bogart Stars In "High Sierra"; Lloyd Comedy Ranks Top

By BROWNWOOD EMERSON

Drama in caps and a high-gear comedy that is one long guffaw throughout are the chief items on the film bill of fare on Pampa screens this week.

Harold Lloyd makes his debut as a producer in the RKO 91-minute picture, "A Girl, A Guy, and a Gob," with George Murphy, Lucille Ball, and Edmond O'Brien, current at the Crown.

Murphy does a whale of a job, exudes personality and displays loads of ability as a comedian, in his sailor role. The conversion of staid Edmond O'Brien into a "right guy" by Mrs. Ball is highly amusing. At the pic's finale, Murphy goes back to the navy and O'Brien occupies Place 1 in the Ball heart.

There's the power of a Hurricane, plus a couple of Spitfires, in the dramatic punch of Warners "High Sierra." Humphrey Bogart, Film-land's No. 1 gangster, is the central character, in his role as being sprung from prison, traveling to California, and finally being trapped on a mountain top.

It is symbolic that the highest peak, one of Nature's wonders, significant of the power of God, is the setting for the ace action of human beings in this pic. The glory of a world—and men's twisted souls pouring out poison as a mobster attempts to elude capture.

W. R. Burnett, who authored "Little Caesar," wrote the novel from which the pic was adapted. It's current at the Rex. Running time, 100 minutes.

Strong Versus Weak

There are some authors whose work is so vigorous, so throbbing with life and meaning, that their work remains for all time. Such was Jack London, and so it is that "The Sea Wolf" will also remain a classic, both as a book and a picture.

Edward G. Robinson has the role of Wolf Larsen, the sea-going gangster, and as usual turns up with a bang-up job of acting his part, in the film current at the La-Nora.

There's 47 fights in film, which ought to satisfy the most blood-thirsty minded fan, but there's plenty more than just someone getting bopped around.

For there is a vivid portrayal of the clash of philosophies, not in cloistered halls, but right out on the deck of a ship, where life is swift, death is swift, where the struggle to live gets down in black and white. It's the law of the jungle against human justice, weak versus the strong; and there's a neat parallel in all this to what's going on right around us every day, wherever we may live.

This is the fourth time "The Sea Wolf" has been screened. Paramount did the job first May 23, 1920; then Ince-Triangle, November 29, 1925; and the all-talking version first by Fox, August 31, 1930.

Ghost U-Boat

Timely as today's newspaper is the theme of Columbia's "The Phantom Submarine," which tells the story of a girl reporter who stows away on a treasure hunting freighter, which turns up the story of America's defenses threatened by a secret submarine base. Anita Louise and Bruce Bennett play the leads. At the Rex Wednesday and Thursday.

Barrister Dick Powell proposes marriage to Joan Blondell, whose sister, Gloria Dickson, has just divorced Conrad. That's the mix-up starting off Paramount's laugh-packed comedy with fine dramatic punch, "I Want a Divorce," showing Tuesday at the State.

A cloud-hopping trouble maker meets a trouble hunting newspaper girl. That's how it starts out between Ray Milland, Spanish war aviator, and Claudette Colbert, news writer. Spain and France and the beginning of World War 2 are the backdrops for Paramount's "Arise, My Love," on the State screen Wednesday and Thursday.

Duster Given As Reason Student Cut WTSC Class

Special To The NEWS CANYON, March 22—Reasons for "cutting classes" exhaust the ingenuity of college students and test severely the credulity of professors.

Prof. Frank R. Phillips, head of the department of agriculture at West Texas State college, was puzzled some—but not much—when he found this note from a student on his desk recently: "Dad says farm blowing away and to come at once. I'm going home." The student returned several days later and made this terse report: "We stopped her."

Prof. Phillips accepted the explanation.

Shamrock Boosters Visit In Mobeetie

Special To The NEWS MOBEETIE, March 22—The Shamrock Chamber of Commerce made a good-neighbor trip to this community on Thursday night. The purpose of this excursion was to promote acquaintanceship and friendship between the citizens of the two communities. No business whatsoever was brought up at the meeting.

In the entire party from Shamrock there were 20 persons, including businessmen and visitors. They furnished a fifteen-minute program.

Amateurs of Mobeetie presented a program 30 minutes in length. The visiting organization gave prizes of \$2 and \$1 to the first and second-place winners. The winners were two entries from the senior class, a novelty song by Wanda Sims and Cannie Faye Newman, and an impersonation by Thurman Creechmore and Wilbur Moore.

Other participants in the program were two numbers by the rhythm band; a piano solo by Marie McCauley; negro preacher, Donald Bosstick; and a piano solo by Anglen Duncan.

GARDENING FOR HAPPINESS

Choose Good Tools, Treat Them Well; It Pays In Time, Money

By HENRY PREE
The Pampa News Landscape Consultant

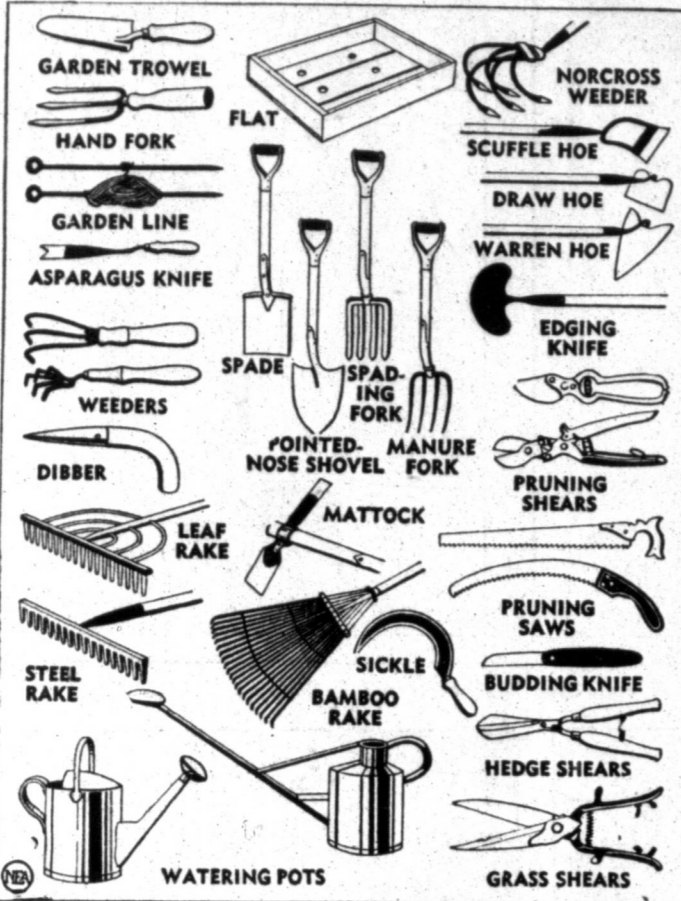

Eleventh of a Series
Garden tools are defined as mechanical devices by which work is lightened, improved or done more quickly than is possible by hand alone. Time is an important factor in amateur gardening. Therefore, money spent for good tools is also an investment in time.

It is most necessary to know how to select efficient tools, and the gardener should also know how to keep them in good condition at all times. An orderly tool room with a place for each tool and with each tool in its place, and where fertilizer, insecticides, labels and other garden accessories are carefully arranged so that they are available at a moment's notice, is a great convenience. If a room is not available, a closet or a corner of the garage may be converted into a suitable storage space.

The kinds of tools you need depend upon the extent of your gardening operations, but there are tools every gardener must have. Some of the most essential are: spade, long-handle shovel, mattock, square and V hoes, iron rakes, bamboo lawn rake, trowel, hand weeder, sickle, garden line, stakes, tape or raffia, pruning shears, knife, labels, lawn mower, sprayer, garden hose and sprinkler, extra washers, wheelbarrow and watering can.

Tools that are helpful but not necessary are: turf edger, hedge shears, grass shears, pruning saw, lawn roller, lawn spiker, D-handle shovel, lawn fertilizer distributor, sickle, spading fork, crowbar, kneeling pad, baskets, pots, flats, asparagus knife, pruning knife, manure fork, scythe, wheel-hoe cultivator, pole pruner and scuffle hoe.

It is economy in the end to buy good tools. Study the quality of materials used and the type of construction and decide how efficient a tool is before buying it. Good material is essential, especially in lawn mowers, pruning shears and hedge trimmers, so that they can be sharpened more readily and will retain a better edge. Your spade, forks and trowels should have a metal shank which extends part way up to the handle to give additional strength. Tools made from a single sheet of metal pressed into form are not as strong as those with wooden handles driven into metal shanks. A garden hoe comes in a variety

Some of the more common garden tools.

of sizes and shapes. A hoe that is too large and heavy is cumbersome, and better adapted to mixing cement than to garden work. The V or pointed type is especially good for making seed drills in the vegetable garden and for the cultivation of small areas.

No gardener can get along without a garden hose. Buy a hose of good quality, take good care of it and it will last 10 to 15 years, whereas a cheap hose will need to be replaced in a comparatively short time. In choosing the hose it is well to remember that one made of red rubber in nine cases out of 10 is a superior brand. The black rubber hose may be excellent or inferior in quality, but red rubber is a definite indication of good quality. Keep the hose drained and on a reel or coiled and hung up when not in use. Nothing shortens the life of a hose more rapidly than to allow it to lie in the sun all day.

To get top service from your tools, follow these important rules: Clean all tools after using. Keep an edge on spades, hoes, sickles, weeder, etc.; sharp blades increase efficiency. Use file or whetstone before a tool becomes very dull; otherwise, you'll have to use a grindstone, which wears a tool away rapidly. Examine all tools at the close of a season, sharpen, oil, repaint and otherwise put them in shape. Remember also to drain and clean the garden hose before storing for the winter. Follow these rules, and you will never have cause to complain about your tools.

Flags Wave As US Mercy Ship Reaches France

MARSEILLES, France—The first American Red Cross "mercy ship" granted permission to pass through the British blockade since the fall of France was met on its arrival here by 700 school children waving French and American flags on behalf of the Children of Free France for whom the Red Cross is rushing milk, clothing and medicines.

The vessel, S. S. Cold Harbor, out of Baltimore, Md., reached here from Barcelona where part of the cargo was unloaded to feed Spanish needs. Richard F. Allen, American Red Cross delegate to France, met the Cold Harbor and immediately conferred with Capt. Albert M. Moore on plans for speedy unloading.

Allen reported to Marseilles from Vichy several weeks ago and has set up American Red Cross offices from which relief work will be directed. A staff of some 30 relief workers has been organized to supervise distribution of the Cold Harbor's cargo and that of subsequent shipments. Under terms of the British agreement milk and clothing will be confined to French children of unoccupied areas. Medicine will be the only item allowed for adult distribution.

Miami Seniors Stage Annual Class Play

MIAMI, March 22—Every seat taken, chairs were placed in the aisles, and yet people were standing in the high school auditorium Friday night when the senior class presented their annual senior play, "Meet the Folks," a hilarious comedy of family life, was well received. The cast of characters included eleven members of the class and ever senior had some part in making the presentation of the play a success. Miss Sarah Truitt was director.

From 7:30 to 8 o'clock the Wauka Kee stringed orchestra composed of J. Edwin Carman, playing the guitar; Irvin Cunningham, Hawaiian guitar; Homer Ratliff, Jr., bass fiddle; Robert Howard, banjo; Flake McCormick, washboard and other instruments; Ed Haynes, piano, entertained with a concert.

Between acts the following program was given: Tap dance, Vivian Caroline Wilkenson and Joy Hoffer; songs by girls' chorus, Ione Cell, Mildred Ann Kivliehn, Imogene Baker, Juanita Williamson, Ardena Shield, with Adella Jane Craig as accompanist; cornet solo, Jack Carmichael; songs,

Methodist Young People To Have Training Course

An Epworth Training conference for young people between the ages of 15 and 23, inclusive, will be sponsored by the young peoples divisions of the First, McCullough Memorial, and Harrah Chapel Methodist churches from 7:30 to 9:30 o'clock at the First church, on March 24, 25, 26 and 27.

Two courses will be offered—"Worship in the Young People's Division" to be taught by Rev. Newton Starnes of Harrah chapel; and "Christian Use of Leisure" by the Rev. E. L. Yates of Memphis. The Rev. W. M. Pearce will be dean.

Two class periods of 50 minutes will be conducted each evening with a 20-minute period of fellowship and recreation. An enrollment fee of 25 cents will be charged.

All young people of cooperating churches and anyone else who is interested in young people's work are invited to attend the conference.

First Texas Test On Potatoes To Be Started On Plains

LUBBOCK, March 22 (AP)—First Texas experiment in growing potatoes for seed will be started this spring on the high plains. Dr. A. W. Young head professor of plant industry at Texas Tech, said today. Plans for seven growers to begin seed potato growing were approved at the West Texas meeting of certified seed growers on Texas Tech campus last week.

Test plots will be planted at Hereford, Texline, Olton, and Plainview, Young said. Standards for growers have been written to comply with the field seed certification law in Texas.

"Although 50,000 acres of potatoes were grown in Texas for table use last year," he explained, "this is the state's first experiment in growing them for seed. Seed for stock will be brought from other approved states—Montana, Idaho, and possibly the Dakotas."

The high plains were chosen by the state seed and plant board for the tests because it is a high, dry, relatively cool region, which means potatoes may be raised here freer from disease than in wetter areas. Irrigation is a necessary part of the plan.

Barbara Keehn and Billy Dan Graham. Two accordion numbers were also played by Florence Keehn. Proceeds from the play will help finance the seniors annual trip to Carlsbad Caverns National Park.
