

### Hillman Asks Strikers To Accept Plan

(By The Associated Press)

Sidney Hillman, associate director of the OPM and a vice president of the CIO urged a striking CIO steel union yesterday (Saturday) to accept what he called a "fair and reasonable" proposal for a settlement made by the OPM almost two weeks ago.

He wired strikers at the Vanadium Steel company's Bridgeville, Pa., plant that the OPM expected their cooperation "so that national defense efforts shall not be further hampered." Hillman recalled that the OPM on March 3 proposed that the strikers return to work immediately and that all charges by the management against conduct of individual employees be submitted to conference and arbitration.

Hillman asked that the strikers allow finished products needed for national defense to be removed from the plant. Earlier, Governor James of Pennsylvania had instructed state police to provide "protection necessary to take out these products."

The strike started five weeks ago with union claims that the company refused to hire six plant guards from a list of unemployed union members.

A threat of a railroad strike was diminished during the day by the agreement of 14 brotherhoods to submit a dispute over vacations with pay to a mediator board. George M. Harrison, president of the railway labor executives board, announced at Cincinnati that mediation had been agreed to, but said the brotherhoods would go ahead with a tabulation of strike ballots now being cast.

Harrison explained that even if the ballots showed a majority for strike, the workers would not necessarily walk out because the mediation discussions might produce a settlement.

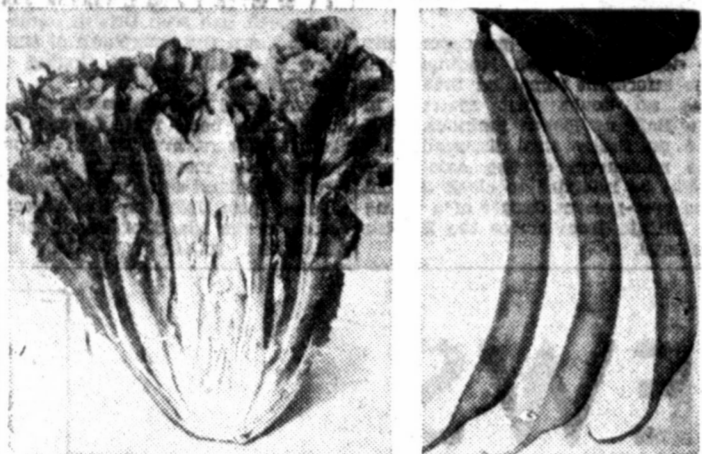

At Milwaukee, a state employment relations board held a hearing on the strike at the plant of the Allis-Chalmers Manufacturing company which began on January 22 and has tied up production of \$45,000,000 in defense orders.

The question of removing material from a strike-bound plant also came up on the Pacific coast. H. L. Harvill, president of the Harvill Aircraft Dicing corporation, at Inglewood, Calif., told reporters that strikers refused permission for North American Aviation company employees to remove certain dies needed for the manufacture of army bombers. Two truckloads of parts, one for North American and one for Douglas Aircraft, were allowed to pass through the picket line on Friday, however.

A union official, in a statement, said that while the Harvill company profits had been rising, wages had remained stationary.

At Washington, the conciliation service of the labor department announced that during the week ended Friday, it had adjusted 73 strikes.

### GARDENING FOR HAPPINESS Home Vegetable Garden Combines Hobby, Profit

By HENRY PREE The Pampa News Landscape Consultant

Third of a Series

A healthful, soothing hobby can be an aid to the family budget, also, in the creation of a home vegetable garden. An added advantage is that in it you may produce for your family the new and choice varieties of vegetables.

Unless you have much land for this purpose and many helping hands, it is advisable not to plant staple vegetables that can be purchased at the stores. Plant only what the family wants, and can be consumed and canned.

Choose a site which permits planting long north and south rows. As the summer sun moves from east to west, it shines on both sides of north-south rows, but only on one side of east-west rows.

The soil should be well prepared; that is, loosened to a depth of 8 to 10 inches, cleaned of all objectionable matter, and with manure and plant food added. Remember that leafy vegetables need a fertilizer strong in nitrogen such as a 10-6-4 mixture, while others, like potatoes and carrots, should have food strong in phosphorus, as in a 4-12-4 mixture.

Plan your garden! Perennial vegetables such as asparagus, rhubarb and artichokes should be grouped at one end or side near the tool shed, water supply, hotbeds and cold frames. Fall growing vegetables should be planted on the north side so as not to cast shade on the lower growing rows.

There are many fine varieties of vegetable seeds, but this article will mention only the All-America selection for 1941. These vegetables have been tried out in the 12 different official trial gardens of America and southern Canada, and are highly recommended:

### Aliens Ordered Deported Can't Be Sent Away

WASHINGTON, March 15 (AP)—Disclosing that 6,248 aliens ordered deported could not be sent away, Attorney General Jackson recommended today a "realistic" revision of the immigration laws and comment deportable aliens with criminal records.

In a letter to the house judiciary committee, Jackson also suggested that congress declare directly that membership in the Communist party or German-American Bund is sufficient cause for deportation of an alien.

He told the committee there were now 8,091 outstanding deportation warrants. Of these, Jackson said, 3,947 can not be executed because the deportees' native countries have refused to issue passports, and 2,302 because transportation can not be arranged. Russia alone has refused to accept 1,254 of her citizens.

The house committee is considering a bill by Representative Hobbs (D-Ala.) which calls for detention of criminal classes of aliens who do not leave the United States within 90 days after deportation warrants are issued.

Jackson said he would favor a substitute for the Hobbs bill or amendments covering these points, among others:

—Confinement of criminal classes of deportees pending deportation; a parole procedure for "deserving aliens," and an "independent board of dignity and standing" to classify deportable persons as to their "fitness" to be at large in our society under present conditions.

A system for validating the entry of persons who are deportable for technical rather than moral offenses.

### Navy's Answer to Stukas

This is the newly developed Curtiss XSB20-I dive bomber, the latest weapon to be added to defense. It is the U. S. Navy's answer to German Stukas; it can travel 350 miles an hour, 100 miles faster than any other dive bomber; carries twice as many bombs and can fly twice as far as any other dive bomber.

### Miami Selects Colleen Entry

Special To The News

MIAMI, March 15—Miss Rhudean Talley, daughter of Mrs. H. A. Talley of Miami, has been selected personality queen to represent Miami at the Shamrock St. Patrick's day celebration.

Rhudean, a brunette, is vice-president of the senior class and a member of the dramatics club. She will ride behind the Miami band on a specially prepared float. She will enter the Colleen contest and take part in the other activities planned for entries from Panhandle towns.

### Donovan Leaves For U. S.

LISBON, March 15 (AP)—Col. William J. Donovan, winding up an observation tour of Europe, took off for home tonight aboard the Yankee clipper after 24 busy hours of conferences here with American, Spanish, and British diplomats.

### Drill Days To Be Named By Guard

Selection of the days on which to drill will be among the subjects discussed at the meeting of Company D, Texas Defense Guard, to be held at 1:30 o'clock this afternoon at the American Legion hut.

Saturday afternoon from 3 to 5 o'clock has been the customary time, but this has been found inconvenient for many members who cannot leave their jobs at that time.

Officers are increasing their efforts to bring the company into shape comparable with other companies of the 14th battalion, of which the Pampa unit is a part.

### Picket Lines Pierced

BRIDGEVILLE, Pa., March 15 (AP)—A group of foremen and "white-collar" workers—guarded by 37 state policemen—ordered to the scene by Governor Arthur H. James—slipped through picket lines into the strikebound Vanadium corporation plant here tonight to lead and ship rust-proof steel alloys vital to national defense industries.

It takes about 45 gallons of water to fill a bathtub of average size.

### Proration Hearing Set For Monday

AUSTIN, March 15 (AP)—The Texas Railroad commission will hear evidence Monday on which to base its statewide oil proration order for April.

Commission engineers estimated today that current daily Texas production was 1,305,628 barrels, or 21,774 below the recommendation of the United States Bureau of Mines.

The state allowable was given as 1,352,980, a gain of 476 in the last week. The engineers calculated that actual production was 3.5 per cent under the allowable.

Texas now has 95,679 producing oil wells, an increase of 19 since last Saturday.

At the last statewide proration hearing three weeks ago, operators testified they needed more lenient producing crude, and several contended the U. S. Bureau of Mines estimates were inaccurate in certain respects.

A number of Panhandle oilmen will attend the statewide hearing and ask that the Panhandle be given more oil. The field received a small increase this month but it was not enough to meet present demand, operators declared.

### Insurance Company Cites 1940 Gains

GALVESTON, March 15—The American National Insurance company, according to its 36th annual report, made notable gains in every phase of its business during the year 1940. The amount of insurance in force was increased by more than 50 million dollars to make the total insurance in force \$228,635,200. The total assets were increased to \$89,165,397 and the surplus security to policyholders was built up to more than 16 million dollars.

Since its organization in 1905, the company has paid to its policyholders and their beneficiaries the aggregate sum of \$101,482,670. The amount of such payments in 1940 was \$7,335,387, and during the year, the company set aside \$5,895,541.00 to provide future payments to policyholders and beneficiaries.

The strong financial condition of the American National Insurance company was brought out by the fact that for each \$100.00 of liabilities the company has assets in the amount of \$121.95.

### Pampa Veterans Invited To Hear VFW Commander

Veterans of Foreign Wars members from this section of the Panhandle are invited to attend a meeting in the Amarillo Municipal auditorium Monday night at 8 o'clock when Dr. Joseph C. Menendez of New Orleans, national commander, will be principal speaker.

The public will be welcome to attend the meeting at which time the national commander will discuss America today.

E. J. Kenney of Pampa, commander of department district nine, hopes that every member in the district will attend the meeting and welcome the national commander.

Dr. Menendez will breakfast at Sweetwater and have lunch at Big Spring enroute to Amarillo.

Cork is obtained from the cork-oak trees of southern Europe and northern Africa.

### Musty Original Of Texas Constitution Found In Austin

AUSTIN, March 15 (AP)—A musty original of the Republic of Texas Constitution—most complete draft in existence—has been uncovered here among some old documents in the general land office.

Land Commissioner Bascom Giles announced today the original would be exhibited Monday on the 125th anniversary of the signing of the instrument.

The manuscript shows the last corrections ever made in the constitution. Interlineations are the same words appearing in the final text.

The document—found among yellowing papers in a department known as Spanish Archives—portrays the turbulent sessions of convention delegates who had assembled at old Washington to draw up the Texas Declaration of Independence and Constitution.

They had just heard of the fall of the Alamo and that members of their families were fleeing ahead of the thundering Mexican army.

Their haste, it is believed, accounts for the sprawling penmanship on the last page of the land office's manuscript. They even forgot to put a period at the end of the last sentence.

### Income Payments For Day Estimated At One Billion

WASHINGTON, March 15. (AP)—More persons than ever before paid off Uncle Sam today on last year's income.

Midnight tonight was the deadline, and with newly lowered exemptions doubling the expected number of returns, officials estimated that income tax collections would be the largest for any single day, and would reach \$1,000,000,000.

The number of returns by individuals was expected to reach 15,000,000, about double that of last year, as a result of lowering personal exemptions from \$1,000 to \$800 for single persons and from \$2,500 to \$2,000 for married couples.

Match income tax payments in excess of \$1,000,000,000 would compare with \$665,000,000 in the same month last year.

## Engagement Of Miss Flora Deen Finley And A. C. Martin Announced

**Just Between Us Girls**  
By Johanna Davis  
There's a town called Don't you worry  
On the banks of River Smile,  
Where the Cheer-up and Be-happy  
Blossom sweetly all the while;  
Where the Never-grumble flow-er  
Blooms beside the fragrant Try  
And the Ne'er-give-up and Patience  
Point their faces to the sky.

Of interest to several is the annual reunion of the Alumnae Association of Hockaday school in Dallas next Tuesday and Wednesday. Mrs. R. G. Allen, the former Miss Margaret Buckler, is Pampa alumna of the school. An informal barbecue supper, luncheon, and baby party will be among the features of the home-coming.

Every Saturday noon five-year-old Betsy Fonville of Borger has a luncheon date with her dad, Ezy Fonville. The young lady looks forward with pleasure to the event and has some special perfume she saves for that day. She calls it her "date perfume". Mr. Fonville formerly was connected with the Southwestern Investment company in Pampa.

His thoughts were slow, his words few and never formed to gladden, but he was a joy to all his friends—you should have heard him listen.

Recently we heard of a young woman lawyer who tossed her pretty spring bonnet right into the race for mayor of a city. . . during the last few days she has heard much discussion in connection with the possibility of entering a local woman's name on the ballot for the school board election to be held next month. . . considering the interest shown by some mothers in leading the Parent-Teacher Associations, it seems that a woman would be very capable of serving as a school trustee.

Since spring and St. Patrick Day both are just around the corner, "the wearing of the green" has provided the theme for most of the bridge parties, teas, and club meetings recently. . . Tomorrow many Pampans will fetter the Coleman, the harps, and clay pipes and trek to Shamrock for the least day of our Saint Pat himself, begorra! . . . The day commemorates the memory of the venerable saint who used the tri-corned leaf to illustrate Trinity, and takes credit for shooting the snakes out of Ireland with his blackthorn shillelagh. . . Comey Doris Taylor will represent Pampa as its colleen for the day at the celebration.

One of the most interesting persons with whom we have talked recently is Byron E. Lopp, noted humorist, who is conducting classes here in modern selling. . . Of interest to every woman in Pampa is the Perfect Hostess Berlin to be directed by Mr. Lopp on March 25 and 26, under the sponsorship of local merchants. . . Mr. Lopp will instruct Pampa women in the art of entertaining friends and guests, according to their different types, likes, and dislikes. . . Keys to a man's happiness will be stressed.

The beautiful violets which we have seen this week, as well as several bouquets of bright mixed spring flowers, including green carnations and snapdragons, reminded us of "The Violet."  
He pinned a violet on my breast  
And all day long it nestled there  
A dash of purple on my dress  
Its perfume stealing through the air.

And all that day when things went wrong  
I'd see the tender purple thing  
And to my lips would leap a song  
And I would think of trees and spring.

Oh! what a lovely world 't would be  
If each upon his breast would wear  
A little violet from the leaf  
To nod, and smile, and cuddle there.

A broader knowledge of existing conditions throughout the world is being obtained by those who are attending the lectures each week in the Rotary club's institute of understanding, in which Germany, South America, and China's position in the warring world have been discussed by three of the guests who have already spoken.

Another civic project of Upsilon chapter of Beta Sigma Phi sorority is the pipe organ recital to be given this afternoon at the Methodist church by John Josey of Amarillo. . . Interested in the promotion of fine arts, the sorority is sponsoring this well-known organist in giving a program of familiar selections.

Mrs. B. E. Finley announced the engagement and approaching marriage of her daughter, Miss Flora Deen Finley, to A. C. (Bud) Martin of Wheeler, son of Mr. and Mrs. E. L. Martin of Oklahoma City, when she entertained with a coffee at 10:30 Saturday morning at 10 o'clock.

The guests were received at the door by Mrs. Finley, Mrs. E. L. Martin, Mrs. C. A. McCann of Oklahoma City, sister of the bridegroom-elect, Mrs. M. L. Ferguson, the Corpus Christi, sister of the bride-elect, and Miss Finley.

In the reception room Piccadilly gladioli were arranged in a white floor urn and a low bowl of white gladioli decorated the piano. In the dining room the lace covered table was centered with a classic arrangement of calla lilies on a mirror reflector on which the names of the betrothed couple and the date of the wedding were lettered in gold. Tall white tapers lighted the centerpiece.

Miss Finley carried a miniature colonial nosegay of pink roses and white carnations.

Mrs. Tom Rose, Sr., and Mrs. George Walata, Sr. served coffee during the morning. They were assisted by Mrs. Tom Rose, Jr., Mrs. George Pollard, Miss Mary Price, and Miss Maxine Wheatley.

Garden Club Has Coffee In Club Rooms On Friday

Pampa Garden club met in the city club rooms Friday morning for a regular session and coffee, with Mrs. Tom Bliss, Mrs. George Creech, and Mrs. Paul Tabor as hostesses.

The program was opened with a garden quiz led by Mrs. Humphrey, followed by the gardening guide given by Mrs. Roy Reeder, who told the things to be done in the gardens within the next three weeks.

Mrs. Schleg continued the program with a discussion on the planting and care of bulbs, iris, dahlias, and gladioli.

Mrs. Schleg stated that the dahlias need a well-drained soil, loamy soil, in which quantities of humus or well decayed leafmold has been mixed.

Mrs. Frank Perry concluded the program with a talk on "Fillers for Flowers." Mrs. Perry says fillers should be used around spring bulbs with shallow roots.

TRIO AFTER CONTRACT

The combination of Clarence E. Mulford, Paramount, Harry Sherman, plus William (Hopalong Cassidy) Boyd, Russell Hayden, and Britt Wood again produces another typical Cassidy western, under the title "Stagecoach War," showing Friday and Saturday at the State. As the title implies, the picture deals with the efforts of two contending parties to win a contract from an express company to carry mails and valuables between two frontier communities.

BRITISH NAVY DRAMATIZED

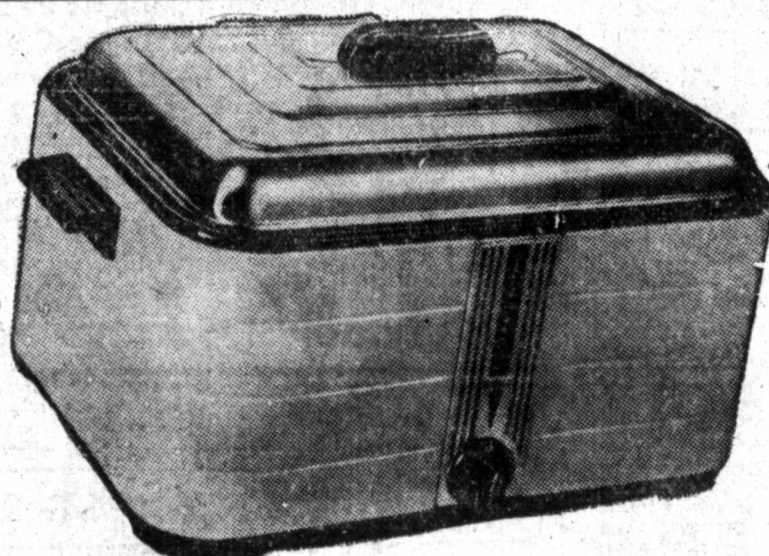

Highly dramatic, actionful, and well cast is the RKO picture "Convoy," opening a three-day run today at the Crown. Clive Brook is fine as the captain of the cruiser Apollo, leader of the squadron. John Clements gives a fine performance as an officer on the ship who had previously taken Brook's wife away from him. Judy Campbell is the other principal in the cast. Story is concerned with the conveying of a fleet of merchant ships across the North sea to an English port. All the action takes place on the trip. Running time 78 minutes.

U. S. Admiral Visits Canyon

Special To The NEWS CANYON, March 15—A recent distinguished visitor in Canyon was Admiral James O. Richardson of the U. S. navy. Barring interviews and public ap-

pearances of all kinds, Admiral Richardson stopped to visit his sister, Miss Mary Moss Richardson of the West Texas State English faculty. He was en route to Washington, D. C., from Hawaii, where he has been stationed as commander of the fleet.

Easy Economical Electric roaster cooking

Roaster cookery is fascinating. You can put a whole meal in the roaster at once, meat, two vegetables and dessert, and cook it to a turn without a bit of watching, and for an unbelievably low current cost. You see, your roaster does much of its cooking with the heat turned off, using stored heat. Yet temperature control inside the roaster is accurate, giving perfect results every time.

Would you like to have a demonstration of roaster cookery in your home? Just phone Your Dealer and let him know when you would like it and a trained demonstrator will bring a roaster to your home. No charge or obligation.

BOYER, SULLAVAN TEAMED IN "BACK STREET"

"Back Street," with Charles Boyer and Margaret Sullavan, Universal, 89 minutes, is a powerful finely-acted love story, rich in entertainment value, in drama, and human interest. In Stevenson has turned in an excellent job of direction and technical merit goes hand in hand with skilled character acting. Fannie Hurst's powerful story is based on the theme of wedlock unattained in the conventional sense. The original picture of the same title was filmed by the same company in 1932. Showing at the LaNora today, tomorrow and Tuesday.

CAGNEY'S 'BOSS'

Pat O'Brien, above, is the chief petty officer who tangles with the typically cocky Jimmie Cagney in "Here Comes the Navy," Warner Brothers picture telling the story of two sailors who forget their loves and hates when called to defend their country. On the Rex screen today, tomorrow, and Tuesday.

Near the close of the Civil War, coffee sold for \$3 a cup in Richmond, Va.

WAR ANGLE SIGNIFICANT FACTOR IN PLOTS OF FILMS ON PAMPA SCREENS

"Convoy" Features British Navy, "Here Comes the Navy", U. S. Fleet; Conrad's "Victory", Hurst's "Back Street" Provide Romance In Theater Bookings

By BROWNWOOD EMERSON

Mars and Cupid vie as competing angles in several of the pictures on Pampa screens this week.

Coming right after the LaNora's magnificent "Land of Liberty," one of the greatest pics of all time, is a bow to the British navy in the RKO picture "Convoy" opening today at the Crown.

James Cagney and Pat O'Brien engage in their typical competition in "Here Comes the Navy," on the Rex screen today, tomorrow, and Tuesday, while at the same theater on Wednesday and Thursday Charlie Chan does his bit for Uncle Sam by sleuthing out saboteurs in "Murder Over New York."

Getting away from the trumpets of war, turn to the superb, splendid, and dramatic aces picturization of the Fannie Hurst novel, "Back Street," with the same title, current at the LaNora. Puritans may not approve of the plot, but there's no doubt about it dealing with "love and life," both in capitals.

Conrad Novel Screened The guy that is responsible for all those glamorous Valentine cards also figures in the plot of "Victory," adapted from the Joseph Conrad novel.

Fredric March, Betty Field, and Sir Cedric Hardwicke top the cast of Paramount's 78-minute exciting picture, which tells how the lonely islander, rescues Miss Field from Sig Rumann and takes her to his home.

It's at the LaNora Friday and Saturday. Smartly modern and full of whimsical humor is MGM's "Free and Easy," featuring Ruth Hussey and Robert Cummings. Central figures are a father and son, penniless aristocrats, in various complications attendant on keeping their place in that sham world called "society." It's on the LaNora screen Wednesday and Thursday.

Palm Springs is the background for the newest in "The Saint" series—"The Saint in Palm Springs," 65-minute RKO, featuring George Sanders in his customary role of the master criminal and friend of the oppressed. It's at the Crown Wednesday and Thursday.

Stephens Sends 700 Students On 16th Spring Tour

Special To The NEWS COLUMBIA, Mo., March 15—More than 700 Stephens college girls, faculty members and chaperons left here Thursday in three special trains for a 13-day tour covering the Southwest, Pacific Coast and Northwest.

Girls from 25 states will make up this 16th annual spring tour which is the largest in the school's history. Barry Holloway, sponsor of the college on wheels, explained that the school authorities consider personal observation more vital than abstract teaching and for that reason plan a liberal amount of travel in the regular course of study.

Complete college facilities from hospital to publicity bureau will be included on the trains. The students will also have an opportunity to study modern train travel through the south and west from dining car operation to the intricacies of steam locomotives, according to R. T. Anderson, Santa Fe Railway general passenger agent, who helped plan the tour.

NEW ROGERS FILM

Roy Rogers leaves New York and goes west a fugitive from justice, taking the blame for a crime committed by the brother of Carol Hughes, his fiancée. That's the situation in Republic's 58-minute western, "The Border Legion," showing Friday and Saturday at the Rex.

North Carolina's Water North Carolina has 3686 square miles of water land, including Lake Mattamuskeet, famous wild fowl preserve, with its 100 square miles of inland water.

SERIAL STORY

DOLLARS TO DOUGHNUTS

BY EDITH ELLINGTON

COPYRIGHT, 1941, NEA SERVICE, INC.

YESTERDAY: Jumped into the subway, Beatrice notices a pretty girl, tries to figure if she is happy. Suddenly, the lights go out. The car stops short. The girl suggests there may be danger of riot. A train arrives, tells passengers to walk back to the station. Beatrice is terrified. "I can't, I can't."

FRIEND FROM HUNTINGTON'S

CHAPTER V

"Oh, yes, you can!" the girl said cheerfully. "You can always do the things you have to do. Get hold of me, now. That's it. Jump to the catwalk. Come on, jump!"

Her teeth set, holding back her fear with an effort that was like warding off a physical blow, Beatrice clung to the girl. She closed her eyes for a tiny second. The narrow black catwalk, the shine of the tracks, the swift thought of how horrible it must be to be pushed under the platform—to be crushed under the wheels of an oncoming train. . . . Then she jumped, and they're fighting and pushing and tramping and well— She laughed. "Keep your chin up."

The subway tunnel, under the river, was black and damp. White-faced people, feeling their way along to the station that must be somewhere ahead, were silent and cautious. Beatrice felt, walking with them, her hand in the hand of the girl ahead, that they were like ghosts, threading their way through this blackness. Fear and danger squeezed their hearts. "What's a million dollars now?" she thought oddly. "I'm the same as they are, here. We're all equals, now."

SHE never knew how long it was she walked in darkness, in that narrow file along the catwalk. Minutes. Hours. Perhaps a lifetime. All she knew was that some truth she had glimpsed, sitting in her car and watching the anonymous throng pushing past her, became more clear and more intelligible, here in the subway. "Now I understand them. They're all people, like me. The same dreams and desires, the

same hopes and fears. Money cushioned me away from them, but now the bars are down. I'm part of them and they're part of me. I like them!"

Hearteningly, the lights of a station ahead gleamed through the darkness at last. A little sigh of relief went up from the plodding humans, and the girl turned to Beatrice. "Land ahead!"

How gallant she was! The people ahead of them went faster. Soon she could see that they were going up a little stairway. They were on the platform. It was light, and they were calling encouragement. "Simple, nothing to it!" a man cried. "Come on, only a few steps now."

Beatrice and the girl with her mounted the steps, too. Relief and thanksgiving washed over Beatrice. They were safe. The girl with whom she walked in the tunnel said, "Return to normal. Come on, let's get out into the fresh air!"

On the stairs going up to the street, Beatrice paused a moment. "I feel as though a steam roller had gone over me," she confessed. The girl said, "Me, too. I hope there's a place around where we can get some coffee."

"Huntington's. In the basement."

Beatrice caught her breath. This girl worked in Huntington's! She worked in the store which Grandfather had founded; the store which kept Beatrice on Park Avenue, the store which paid for her car and milk coat and the polo ponies for Clarence. . . . What would she say, if she heard Beatrice telling her, "I own Huntington's?"

She wouldn't believe it, of course. "She'd stare at me," Beatrice thought swiftly, "and look around for a telephone so she could call an ambulance and have me taken to the lunatic asylum."

FOR a moment the coincidence seemed incredible. That out of a city with seven million people, Beatrice, who owned Huntington's, should have picked a subway car in which to ride and found herself side by side with a girl who worked in Huntington's. But in the next breath, she realized that it wasn't so startling, after all. Hundreds of girls worked in Huntington's.

Girls who kept the stocks, girls who waited on customers, girls who modeled clothes, girls who ran the elevators, girls who typed the letters and answered the telephones and wrapped the packages. "Where do you work?" the girl was asking. Beatrice fought out of her reverie. "Work? Oh! I—well—the fact is—I'm not working just now."

# HUMBLE TO DRILL WILDCAT TEST FOR OIL IN HALE COUNTY

## Another Test To Be Drilled Near Amarillo

A wildcat test for oil will be drilled in Hale county, according to a location report received at the local office of the Texas Railroad commission yesterday. The location was staked by the Humble Oil & Refining company and the A. F. Byrd land in section 17, T7R8 block K, 12 miles south of Plainview half way between Plainview and Floydada.

The location reported that the test would be drilled to a total depth of 9,000 feet if necessary. Sea level is 3,243 feet. It is reported that another wildcat test for oil will be drilled near Amarillo by the R. and J. Oil company of Oklahoma City. No application to drill has been filed at the Pampa office of the railroad commission.

According to word received here the test will be drilled 50 feet north-east of the old Les Whitaker test on the Dean Payward land in section 10, block 2, A&M survey. The same pit and water well will be used. Plans are to take the well to a total depth of 4,500 feet. The company is said to have a 7,000 acre block in the area.

The well will be about three miles northeast of the City of Amarillo wildcat which was abandoned as dry last fall. Several promising showings of oil were found in the city well, however.

The Phillips Petroleum company, which is reported to be planning an extensive drilling campaign in the Panhandle field, staked four more locations last week. The company made five locations the previous week.

New locations dropped to nine last week, four in Hutchinson county, two each in Gray and Moore counties, and one in Carson county.

Eight new oil wells were gauged, adding 1,500 barrels of oil to the field potential. One gas well was gauged for 82,000 cubic feet.

Cleaning out is still in progress on the E. B. Clark wells in the Shloss land northeast of Shamrock which struck pay high last week.

Completions by counties follow: In Carson County Magnolia Petroleum co., No. 98 Pee Land 244, section 110, block 4, I&GN survey, tested 143 barrels.

In Gray County Southern Petroleum Exploration co., No. 14 M. Vaughn, section 138, block 3, I&GN survey, gauged 188 barrels.

Magnolia Petroleum co., No. 2 J. A. Hood, section 33, block 3, I&GN survey, was given a potential of 242 barrels.

Standard Oil & Gas Co., No. 11 A. C. Waggoner, section 173, block 3, I&GN survey, gauged 176 barrels.

In Hutchinson County Phillips Petroleum co., No. 53 Cockrell ranch, section 3, block M-21, T-CRR survey, tested 271 barrels.

Phillips Petroleum co., No. 11 W. B. Hatle, section 4, block M-21, T-CRR survey, gauged 170 barrels.

Shell Petroleum co., No. 14 Harvey Sisters "B", section 14, block M-21, T-CRR survey, was given a potential of 286 barrels.

Cree and Hoover No. 8 Harvey Sisters, section 71, block Z, ELRR survey, gauged 153 barrels.

Gas wells tested: In Moore County Red River Gas co., No. A-4 Shelton, section 61, block 47, H&TC survey, tested 82,000,000 cubic feet.

Intentions to drill: Phillips Petroleum co., Lizzie No. 3, 330' from the south end and 1650' from the west lines of SW-4 of section 25, block M-23, T-CRR survey, Hutchinson county.

Phillips Petroleum co., J. J. Perkins No. 29, 1320' from the west and 1320' from the north lines of section 2, block 1, H&GN survey, Hutchinson county.

Phillips Petroleum co., J. J. Perkins No. 30, 2640' from the west and 1320' from the north lines of section 2, block 1, H&GN survey, Hutchinson county.

Texoma Natural Gas, Henry Scha-

fer No. 9-S, 1320' from the west and 1320' from the south lines of section 86, block B-4, I&GN survey, Carson county.

Bradshaw Oil & Gas, Dave Pope No. 7, 330' from the north and 990' from the west lines of SW-4 of section 173, block 3, I&GN survey, Gray county.

Cities Service Oil, Walberg No. 9, 330' from the north and 990' from the west lines of NE-4 of section 33, block 3, I&GN survey, Gray county.

Phillips Petroleum co., R. C. Kay No. 5, 530' from the south and 330' from the east lines of section 27, block M-23, T-CRR survey, Hutchinson county.

Panhandle Eastern Pipe Line, Speed No. 1, 2630' from the east and 2630' from the north and south lines of section 9, block M-1, Lee Morrison survey, Moore county.

**Pioneer Club's History Given**

CANADIAN, March 15—On March 15, 1936, twelve ladies met in the home of Mrs. H. E. Hoover for the purpose of organizing a club of women who had been in Canadian since the early 90s.

These ladies were Mesdames J. F. Johnson, W. A. Johnson, C. W. Arlington, Paul Hoefle, W. C. Isaacs, George Gerlach, R. H. Stone, E. H. Snyder, C. H. Shaller, W. J. Todd, Vas Strickley, and the hostess.

Organization was effected, Mrs. Strickley chosen as president, decided to meet on the fourth Monday of each month in parlors of Woman's Christian Temperance union building. It was later agreed to meet in homes of members.

Mrs. W. W. Owens and Mrs. C. D. Kendall became members of the club, known as the Pioneer club, shortly after its organization.

From time to time, changes have been made in club rulings. Pioneer women living anywhere in the Panhandle prior to 1900 are now eligible for membership.

Members residing in other towns are Mrs. Joe Jones, Spearman; Mrs. Hinson, Black, Higgins; Miss Capitola Gerlach, for many years a resident of Canadian, but now of Woodward, Okla.; Mrs. J. A. Mead of Miami; and Mrs. A. M. Newman, also a long-time resident of Canadian, now living in Denver.

The following are members who reside in Pampa: Mrs. Dave Pope, Mrs. T. D. Hobart, Mrs. Claude Ledrick, Mrs. J. E. Corson, Mrs. W. R. Ewing, Mrs. Annie Daniels, and Miss Mae Blair.

Canadian women who joined the club after organization: Mesdames A. A. Parsall, R. K. Rhea, O. C. Cowan, D. M. Hargrave, Isaacs Simpson, George A. Simpson, Julia K. Waller.

Mesdames L. E. Brown, W. H. Picke, Leonora Davis, W. A. Dean, Jim Miller, J. G. Miller, Oney Johnson, and D. M. Wiggins, and Mrs. J. L. Parrott.

Members now deceased: Mrs. Vas Strickley, Mrs. C. D. Kendall, Mrs. J. F. Johnson, Mrs. W. J. Todd, Mrs. George A. Simpson, and Mrs. Julia K. Waller.

The object of the organization was to recall the history of the pioneer years of this section, for mutual enjoyment of reminiscing, and for publication of the collected biographies of the members of the club.

Mrs. Ida Shaller is president at this time.

**Junior Play Tryouts Started At Wheeler**

WHEELER, March 15—Tryouts for the junior play, "Pleased To Meetcha," began Tuesday. This is a contrast play, with unusually good character parts. The play will be presented some time in April, and the funds will be used to help finance the annual junior-senior banquet.

Mrs. J. L. Gilmore is sponsor of the play.

## Berlin Chairman Of Spring API Meeting

Oilmen of the mid-continent area, comprising the Texas Panhandle, Kansas and Colorado, will gather in Amarillo Friday and Saturday for the annual spring meeting of the American Petroleum Institute, division of production.

Registration headquarters will be in the Herring hotel. Registration fee will be \$1.50, and will cover incidental costs of meetings and copies of papers.

Entertainment will be extra and will include dance and floor show at The Nat on Friday night at 9:30 o'clock. Admission will be \$1.25 for each member and guest with ladies admitted free. Table d'hote dinner at \$1.25 or a-la-carte dinner will be served beginning at 7 o'clock. Music will be by Sternie Sternberg and his orchestra.

On Saturday night at 7 o'clock there will be a stag banquet on the mezzanine floor of the Herring hotel. Admission will be \$1.25 each. At 8:45 o'clock there will be a stag floor show in the municipal auditorium. Tickets will be \$1.

George Berlin, past chairman of the Panhandle chapter, is general chairman of the convention. T. J. Hamilton of Oklahoma City is chairman of the Mid-Continent chapter.

Headquarters of the Panhandle chapter is in Pampa with Charlie Alford as chairman. The convention was voted to Amarillo because of lack of hotel facilities in Pampa.

An open invitation not only to members of the Panhandle chapter but to every oil field worker in the Panhandle to attend the convention has been issued by Chairman Alford.

This convention is not just for company officials but for every worker in the oilfield. Chairman Alford stated yesterday, "We are not mailing out invitations because it is a public affair. Residents of Pampa and of every city in the Panhandle will be welcome to attend the convention."

Topics of interest to everyone in the industry will be discussed at various sessions. Registration will be at 8:30 o'clock Friday morning at the Herring hotel. First business session will be at 9:30 o'clock in the Crystal Ballroom in the Herring hotel.

Next meeting of the Panhandle chapter will be on the night of April 8 in Pampa.

## Groom Man Ends 45 Years Labor For Rock Island

GROOM, March 15—On March 8 J. B. Gibbins retired from active service as railroad section foreman for the Rock Island railroad. On August 8, 1895 he started as a worker for the company. In 1902 he landed in Jericho, 11 miles east of Groom, to help on construction of the road at that time. In July 1910 he moved to Groom. While at Jericho he was in the grain and dry goods business with Mr. J. A. Clark.

In 1915-1916 he was in the farming business with Mr. I. C. Unsell besides his work on the railroad. He said, "I have seen this country change from a stock country to a farming country, but there isn't any kind of business that will beat the railroad." He further states, that he thinks this is the best part of the state of Texas.

He has been everything from water boy to an extra gang foreman on the railroad. During his 45 years of service he has never been off a month for vacation at any one time. During his service he has traveled 25,210 miles on the motor car and pump car going to and from section work.

He intends to make his future home in Groom.

## Sabine Pass Selected For Naval Station

WASHINGTON, March 15 (AP)—The House Appropriations committee disclosed today that Sabine Pass, Texas, had been selected as the site

of a naval section base, from which small defense vessels such as motor torpedo boats, patrol boats, and submarine chasers would operate.

Hearings on the naval appropriations bill, introduced today in the house, disclosed also that four ad-

ditional sites for such bases yet were to be picked in the Louisiana-Texas gulf coast area.

England, in 1939, collected taxes amounting to \$413,750,000 on tobacco alone.
