

Targets For Raider
LONDON, Jan. 23 (AP)—Two towns in East Anglia were targets for lone German raiders today; in one some houses were wrecked, but no casual-

ties were reported in either. The raiders were driven off by British fighters and anti-aircraft fire.

British Air Raiders Pound Dusseldorf

LONDON, Jan. 23 (AP)—British air raiders pounded at the Dusseldorf area in western Germany's industrial Rhur valley during the night, the government announced today, ending several nights of inactivity caused by bad weather. The attack, said to have been the 21st aimed at Dusseldorf's steel, oil and munitions works, was described as concentrated but of only medium scope because of the weather over the continent. (The official German news agency reported in Berlin that a small number of bombs dropped in western Germany last night caused unimportant damage to private property and started small fires which were quenched quickly. It said only a few planes participated and apparently no casualties resulted.) Britain enjoyed a relatively quiet night. The air and home security ministries reported hardly any enemy activity, although a few bombs fell in an eastern county. These were said to have caused very little damage and no casualties. A southwestern wind swept the Straits of Dover, accompanied by choppy seas and a limited visibility.

1,480 Charged In City Police Court

A total of 1,480 persons were charged in city police court during 1940, according to the annual police report. Of that number 941 were found guilty as charged. Intoxication charges led all others, there being 510 persons arrested on that charge of which 479 were found guilty. Next came overtime parking, double parking, etc., which numbered 495 of which only 94 were fined. Traffic violations, including speeding, reckless driving, etc., came next with 342 violations and 275 fines. Officers investigated 119 reports of thefts under \$50, 21 reports of burglaries and 16 auto thefts. A breakdown of the report has been filed with the Federal Bureau of Investigation.

LINDBERGH

(Continued From Page 1)

a devastated world—but less advantageously in a devastated world. He lacked up-to-date information about present German aviation resources, he said, but Germany could produce 20,000 planes of all types annually in 1938 and "this rate probably has been increased several fold now." "It would take us several years to overtake German production," he added. "But an industry capable of building and maintaining a 10,000-plane air force would, I believe, have adequate flexibility to meet any emergency," Lindbergh said. He said he was glad to see up at committee members from time to time.

As for a transoceanic air invasion, accompanied by the landing of troops, Lindbergh said that was "utterly impossible." Further, he said, that while bombing raids from across the Atlantic could do "considerable damage on peacetime standards," in time of war the cost would be tremendous, "enemy losses would be large, and the effect on our military position negligible." His 10,000-warplane figure compared with the approximately 25,000 planes of all types the army has on hand or on order and the 10,000-plane goal toward which the navy, alone, is working. President Roosevelt has announced a goal of 50,000 modern fighting planes together with a production capacity of 50,000 a year.

The famous flier, asked to appear before the House Foreign Affairs committee by opponents of the administration's lend-lease bill to aid Britain, did not mention the measure in his prepared statement. He said he understood he had been asked to discuss the effect of aviation on America's position in the world. "I do not believe there is any danger of invasion of this country, either by sea or by air," Lindbergh continued, "as long as we maintain an army, navy and air force of reasonable size and in modern condition and provided we establish the bases essential for defense."

In addition to such bases in Newfoundland, the West Indies, Hawaii and Alaska, Lindbergh said others should be established in Canada, parts of South and Central America, and the Galapagos islands. Secondary bases might be established in the "neutral air force" area, which he has surveyed, was not of primary importance from the standpoint of aviation bases. Although the aviator said the desirable size of the United States' air force depended largely upon conditions in other parts of the world, he declared "we would be wise to construct as rapidly as possible a total air force of about 10,000 thoroughly modern fighting planes plus reserves."

The army has approximately 25,000 planes of all types on hand or on order and the navy is building its air arm toward a 10,000-plane goal. Discussing his "neutral air force" recommendation, Lindbergh said: "It is necessary, he declared, to establish clearly the difference between an air invasion where troops are landed and bombing raids where no attempts are made to establish bases on enemy territory. He declared the two problems were "entirely different."

"There has never been an invasion of enemy territory by air alone," Lindbergh said. "The only invasion of a partial invasion were furnished by the German occupations of Norway and Holland. But in each of these instances, the landing of troops by air was carried on simultaneously with a ground army invasion on a large scale."

"Lindbergh asserted that if air invasion alone could be successful, "it would have been used by the Germans against England many months ago." "Although he emphatically declared air invasion of this country was impossible "at this time or any predictable future," Lindbergh asserted he believed that the United States should "wage war with all of our resources" if an invasion of Alaska or any other portion of America were attempted. When Lindbergh asserted that the United States and England together could not successfully invade the continent unless a "collapse" preceded it, Rep. Pfeifer asked: "Then Germany is sure to win?" "She already controls the continent," Lindbergh replied. Lindbergh told the committee that he was opposed to the lend-lease bill for two reasons: "First, because I believe it is a step away from democracy; second, because it's one more step closer to war and I don't know how many more we can take, short of war."

Asked point blank whether he favored continued aid to Britain, he said that was "a very difficult" question, but he expressed belief that inasmuch as the country had taken a stand on the issue "we cannot very well justify" merely dropping that policy. The flier then predicted that aid to Britain would "add to bloodshed"

Peace of Berlin Disappoints Him

The fact that the R. A. F. was not conducting an air raid when he arrived in Berlin is reported to have disappointed five-year-old Axel Gorm Anderson, above. Son of Mr. and Mrs. Axel Anderson of Woodside, L. I., he is traveling home alone from Trondheim, Norway, where he was marooned by the German invasion.

in Europe and expressed doubt that it would greatly affect the outcome. Pressed for amplification of his view on the number of planes the United States should have, Lindbergh explained that the 10,000 first line fighting planes he mentioned would have to be bolstered by reserves of almost the same number, exclusive of trainers. When Rep. Kee (D-Wash.) asked whether the United States should not match Germany's production, Lindbergh replied, "Not unless we intend to invade other countries." Germany's program was preliminary to a major war," Lindbergh gave four reasons for his expressed view that "this is not our war":

1—The United States was given no opportunity to "take part in declaring this war." 2—European wars have continued for many years. 3—When the United States left Europe after the last war, "we logically took the stand that we would never participate in another." 4—Participation now would mean being a party to any peace discussions and "we would be taking part in European policies permanently."

Lindbergh added that if an enemy force invaded America, the route over "Greenland was "one of the last he would consider." His survey of Greenland coasts in 1933, the witness said, convinced him that of "all the possible air routes between America and Europe, the one over Greenland would be the most difficult to establish and operate." In connection with transoceanic bombing, he said: "Not only is such bombing ineffective theoretically but from a practical standpoint it is interesting to note that not a single squadron of transoceanic bombing planes exists anywhere in the world today."

Lindbergh said he did not believe it would be possible for either America or Europe to invade the other successfully "by air, or even by a combination air, land and sea, unless an internal collapse precedes invasion."

Lincoln's Fame Told To Rotarians Lincoln was listed as one of the six outstanding characters of the world who had a decided effect upon history, according to H. G. Warren, eminent historian, Dr. Louis Warren of Wayne, Ind., director of the Lincoln National Life foundation, told Pampa Rotarians at their luncheon yesterday. Dr. Warren also commented on Lincoln's second inaugural address as one of the all-time great historical papers, and mentioned the Gettysburg address, pointing out that the speech did not contain a word of more than one syllable. The Fort Wayne speaker was accompanied to Pampa by C. B. Rittenberry. Other visitors at the luncheon were D. M. Spector of Borger, B. W. Rose, Frank D. Smith, both of Pampa; visiting Rotarians J. Allen Cooper, Hillsboro; Sherman Blasek, and John E. Hill, both of Amarillo; and H. S. Benjamin of Borger. Attendance at the meeting totaled 49.

Walking White Line DENVER, Jan. 23 (AP)—A young man walked a white line for a sobriety test in Police Surgeon W. T. Daniels' office. The line ended at a glass-windowed door. The man didn't stop. After the glass was swept up, he was jailed for intoxication. Brigg's stadium is located in Detroit, Mich.; Shibe Park in Philadelphia, Pa.

Fourth Man Charged In Protector Theft

A fourth man was charged today in alleged connection with the theft of pipe protectors, recovered by Sheriff Cal Rose and R. H. Routh, Amarillo, Texas Highway patrol. Sheriff Rose said that a man he named as A. R. Strauser had been charged with receiving and concealing stolen property. Deputy Sheriff Dan Cambern brought back from Seminole, Texas, yesterday, T. H. Blue and G. R. Files, each of whom, Sheriff Rose said, had made statements. A man who gave his name as John Martin, is still being held in jail, under a charge of receiving and concealing stolen property. Preliminary hearing on the cases is pending. The truck in which the protectors was alleged to have been found, has been unloaded, protectors returned, and the vehicle sent back to St. Louis.

Camacho Shows His Strength In Strike

MEXICO CITY, Jan. 23 (AP)—The administration of President Avila Camacho, having shown its strength in the speedy settlement of one serious labor dispute, indicated today it was about to intervene with equal firmness to end a strike of 4,200 workers at the Nueva Rostca coal, coke and zinc properties in Coahuila state. Labor Minister Garcia Tellez flying to the scene on instructions from the chief executive, has been authorized to use every means at his disposal to resolve the dispute.

Seabiscuit To Return To Santa Anita

LOS ANGELES, Jan. 23 (AP)—Seabiscuit, retired by his owner, Charles S. Howard after winning the Santa Anita handicap last year, will return to Santa Anita park Feb. 6 for Seabiscuit day. The feature handicap of the card will be named in his honor, and a life-size bronze statue of the thoroughbred will be unveiled. Seabiscuit will lead the parade to the post with his old jockey, Red Pollard, in the saddle. He will not run, however.

### Circle Has First Lesson From New Study Course Book

Lillie Hundley circle of Woman's Missionary society of Central Baptist church met in the home of Mrs. T. D. Sumrall, 513 East Francis avenue, to begin a study of the book, "The Golden Milestone in Japan."

The song, "Jesus Calls Us," was sung by the group preceding the opening prayer led by Mrs. Scott Leverette and the devotional was given by Mrs. T. D. Sumrall from Acts 17, "Day Is Dying in the West" was sung by the group after which Mrs. W. H. Dempster taught the first chapter of the mission book. Mrs. John Evans conducted the business session and Mrs. C. E. McMinn led the closing prayer.

Refreshments of ice cream and cookies were served to Meses. W. H. Dempster, E. W. Anglin, C. E. McMinn, John Evans, Earl Furness, V. O. Graves, A. E. Butler, Scott Lawrence, K. O. McDonald, Ben Hillman, Lyons, Irwin, D. W. Allen, Emil Williams, C. L. Cole, Earl Taylor, T. D. Sumrall, Del Scieff, Albert Jones, and three new members, Meses. F. E. Matheny, Hulsey, Tackett and three children.

### Episcopalians To Have Communion And Installation

On Sunday at St. Matthews Episcopal church the annual installation of the officers of Woman's Auxiliary and the corporate communion of that organization will be held.

Officers to be installed are Mrs. Hol Wagner, president; Mrs. R. C. Taylor, vice-president; Mrs. R. C. Sowder, treasurer; Mrs. F. M. Perry, treasurer; Mrs. W. S. Kiser, United Thank Offering treasurer.

Music will be led by the Young People's Service League choir and will feature a solo by Fred James. The service will be in charge of the Rev. R. J. Snell, who will preach the sermon.

### Wednesday Contract Club Entertained At Bridge And Luncheon

Entertaining members of Wednesday Contract club, Mrs. Greely Warner was hostess at a bridge-luncheon in the Schneider hotel yesterday.

Winner of the high score award in the games was Mrs. Robert L. Freeny with Mrs. Roy Rounsavell winning second high.

Attending were Meses. H. T. Kelley, Glen Morley, Frank Hunk, J. B. Johnson, H. C. Berry, Robert L. Freeny, Roy Rounsavell, and Greely Warner.

Mrs. Berry will be hostess at the club's next meeting.

### Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 million of tiny tubes of filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent urination shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, rapid sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause aching back, rheumatism, pain, leg pain, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Social Calendar

**FRIDAY**  
Woodrow Wilson Band Parents club will sponsor a game night at 7:30 o'clock in the school auditorium. Chinese, Spanish, dominoes, and forty-two will be played. Colored Sunshine Home Demonstration club will meet in the home of Mrs. Arthur Hamner.  
Wardrobe Home Demonstration club will meet in the home of Mrs. L. R. Taylor. LaRosa sorority will have a dance at the home of Miss Doris Taylor.

**SATURDAY**  
Home Demonstration Council will have a monthly meeting at 2:30 o'clock in the county agent's office.  
Junior Business Women's club will have an invitation breakfast at Six Owen's dining room.

**MONDAY**  
Woman's Missionary society of First Baptist church will meet in circles at 2:30 o'clock.  
A general meeting of the Woman's Society of Christian Service of First Methodist church will be held at 2:30 o'clock.

Band Parent club of the Woodrow Wilson school is sponsoring a game night at the school auditorium Friday evening beginning at 7:30 o'clock. The general public is invited to attend.

Forty-two and bingo will be played as contests for high honors. The winners will be awarded appropriate prizes. Checkers and Chinese checkers will be provided for those interested in playing them.

The money derived from the admission fee will be used to apply on the purchase of a band instrument and to cover expenses for the evening.

**Lydia Circle Has Meeting In Home Of Mrs. James**

Lydia circle of Woman's Missionary society of Central Baptist church met this week in the home of Mrs. Charles James, with Mrs. Allen Williams as co-hostess.

After the opening song, "Ready," Mrs. Clyde Ives conducted the business session, and Mrs. W. T. Broxson taught the Bible lesson from Matthew: 17.

The next meeting of the circle will be held Monday in the home of Mrs. Clyde Ives, 816 Beryl street.

Refreshments were served to Meses. Ernest Baldwin, W. T. Broxson, Ashton Bailey, Lee Hampton, Jack Hughes, Garland James, Joe Myers, L. O. Roenfeldt, Floyd Russell, Allen Williams, Byron Hilbuh, members; and two visitors, Meses. T. J. Owens and L. G. Lamb.

**Woman's Club Has Program On China And Silverware**

Special To The NEWS

CANADIAN, Jan. 23—Mrs. George L. Bader was hostess to the woman's club this week at a program on old china and silverware.

Silverware was discussed from earliest times to the present by Mrs. Bader. She told that knives and spoons were long used before forks and that the Hallows were the first to make forks, a two-lined, unwieldy tool in the beginning.

She compared the hallmarks used by the pottery firms on their wares to the cattle brands with which we of the southwest are so familiar, used purely as a means of identification.

Mrs. Charles Tubb prepared a paper, read by Mrs. J. D. Raymond, on china relating that Wedgworth and Spode were the most desirable china. These two men have rival potteries in England and china as we know it has been in use on our tables only a few centuries, replacing pewter and cruder materials. The first china originated in China, hence the name.

Each member displayed her antique or favorite bit of china or silverware, giving its history. The president, Mrs. G. W. Ayers, had a collection of silver spoons which had belonged to her mother, spoons from many foreign countries were included, each with its particular history.

Mrs. R. N. Matthews displayed a solid silver coffee pot which had belonged to her great grandfather's set.

Miss Georgia Engle sang "Last Night" with Mrs. John Mead Carpenter accompanying at the piano.

### Jackson May Be Named To High Court

WASHINGTON, Jan. 23 (AP)—Picking a successor for Associate Justice James Clark McReynolds on the supreme court bench became a major occupation in the capital today, and the name most frequently mentioned in the unofficial speculation was that of Attorney-General Jackson.

President Roosevelt kept his own counsel and the white house was barren of hints as to who would receive the sixth supreme court appointment Mr. Roosevelt has had since taking office.

As far as conjecture went, the field was wide open and the number of potential contenders grew with the passing hours. Suggestions were made that the new justice be a westerner, a southerner, a mid-westerner, an easterner, a Republican.

Even those with other ideas conceded, for the moment, that Jackson had the edge, as the most probable choice. Some, however, thought the coveted post might go to Senator Byrnes (D-SC), whose nomination would satisfy those who believe a southerner should be picked. It was reported that three Democratic colleagues of great influence—Senate Majority Leader Barkley (Ky.) and Senators Harrison (Miss.) and Glass (Va.)—urged Byrnes' cause in a late conference with Mr. Roosevelt yesterday.

Besides Jackson and Byrnes, others discussed included:

Francis Biddle, solicitor general; Thurman Arnold, assistant attorney general;

Senator Barkley;

Charles Fahy, assistant solicitor general;

Senator Wagner (D-NY);

Samuel G. Bratton, circuit court judge in the tenth federal district and former Democratic senator from New Mexico;

Robert P. Patterson, undersecretary of war, a Republican;

Lloyd K. Garrison, dean of University of Wisconsin law school;

James M. Landis, dean of Harvard law school and former chairman of the securities commission;

Robert M. Hutchins, president of the University of Chicago;

Samuel Rosenman and Ferdinand Pecora, judges of the New York supreme court;

Donald B. Richberg, former NRA administrator.

### All Ryan Employees Given Pay Hikes

SAN DIEGO, Calif., Jan. 23 (AP)—All employees of the Ryan Aeronautical company were given pay increases today under a contract ratified unanimously by the CIO Automobile Workers local after a deadlock in negotiations had been broken and a threatened strike averted.

As the pact providing for a top minimum wage of 82½ cents an hour went into effect, Richard T. Frankenstein, chief CIO negotiator, said the UAW planned to organize "wherever there is an aircraft plant on the west coast," and the 15,000 workers at "Consolidated Aircraft Corporation are our immediate objective."

A consolidated spokesman replied: "We have no comment. We are busy making airplanes."

Agreement was reached by negotiators early yesterday on the Ryan contract. It was disclosed after the union membership met last night to ratify it that the same basic scale had been provided as that won recently by the UAW after a strike at the Vultee Aircraft company plant at Downey, Calif.

### The Pride of Canada 'Buckley's Mixture' For Coughs Due to Colds, Bronchial Coughs, Bronchial Irritations

It's the good news for the people of the U. S. A. Canada's greatest cough medicine is now being made and sold right here, and if you have any doubt about what to take this winter for the common cough or bronchial irritation you get a bottle of Buckley's CANADIAN Mixture. You won't be disappointed—it's different from anything else you ever used—one little sip and you get instant relief. Only 45 cents at Cretney Drug, and all good druggists.

Have you tasted MAXWELL HOUSE recently?

IT'S NOW 55% RICHER IN EXTRA-FLAVOR COFFEES!

And how you'll enjoy this marvelous new Maxwell House—actually 55% richer in choice, extra-flavor coffees from Central and South America! Each variety adds its own special flavor, body, or fragrance. All over Texas, folks have hailed this enriched Maxwell House. Enjoy it yourself! It is roasted by the "Radiant Roast" process... packed in the Vita-Fresh vacuum tin... A Maxwell House that's 55% richer in extra-flavor coffees! Today, more than ever, good to the last drop!

Now more than ever... GOOD TO THE LAST DROP.

### Billed as Star in Hughes Film

Jane Russell, above, is latest film find of flyer-producer Howard Hughes, whose most recent movie venture, "The Outlaw," will serve as her screen debut.

### Noted German Air Ace in Canada For Internment

AN EAST CANADIAN PORT, Jan. 23 (AP)—A top-rank German air ace and hundreds of other war prisoners rolled westward toward Canadian internment camps today following the recapture of one of a pair who broke away after their prison ship docked.

The escape of two prisoners was disclosed shortly after the captive fliers and seaman had departed to waiting special trains last night. One was recaptured early today and patrols searched the dock area for the other.

Police announced the presence among the prisoners of a noted 25-year-old Nazi fighter pilot credited with downing 56 planes, beginning with the Spanish Civil war.

(Official identification of prisoners is forbidden under war regulations, but the description, together with the captive's possession of the Iron Cross with oak leaves—highest Nazi military award of its kind—coincided with that of Major Helmuth Wick, commander of the famous Richtofen squadron.

(Wick was shot down by a British fighter over the English channel. A German communique Dec. 4, reporting his failure to return, said the Nazi air force had lost "one of its most audacious and successful pursuit pilots." Fellow pilots reported he descended by parachute to the sea off the Isle of Wight just after bagging his 56th plane.)

Internment officers said the shipment of prisoners included a majority of the Nazi fliers shot down and captured in Britain up to the time the ship sailed, as well as sailors taken from German submarines.

One prisoner was said to be the commander of the submarine which torpedoed and sank the liner Empress of Britain after she was attacked by German bombers in the north Atlantic last autumn.

BIRDS' EGG SHAPES Birds' eggs have no uniform shape. The various types are: elliptical, elliptical-ovate, elongate-ovate, almost spherical, ovate, and pyriform.

### Legislature Schedules Brief Session

AUSTIN, Jan. 23 (AP)—With its organization and preparatory period nearing an end, the 47th Texas legislature scheduled a brief session today.

House and senate members were pointing to next week when the gears of legislative machinery should slide into a higher gear.

Only the naming of committees barred the house from complete organization and full functioning. The senate dug into many phases of activities, the important finance group scheduling regular hearings on Mondays and Wednesdays with the big money bills—appropriations for eleemosynary institutions, the judiciary, colleges, rural school aid and state departments—first on the schedule.

Chairman A. M. Alken, Jr., of Paris split his group into five sub-committees, each to work on one of the major appropriation measures.

He expressed a wish all would be ready for submission to the main committee by March 1 and would reach the senate floor not later than March 15.

Normally these measures are of the 11th hour classification and frequently block consideration of other important issues in the dying days of a general session.

The current session will not end before May 15 and in all probability will continue beyond that date.

The senate committee on governor's nominations, its dockets loaded with 80 recess and a few current appointments, mapped a hearing schedule beginning next week.

### Youths May Study Aviation Mechanics At Duncan Field

Youths of Gray county interested in obtaining work experience in aviation mechanics will have an opportunity to enter training at Duncan Field, San Antonio, when the second enrollment period for the National Youth Administration's Resident Center opens March 2, 1941, according to J. C. Kellam, State NYA Administrator. The deadline for making application for the project is February 6, 1941.

The NYA, sponsored by the United States Army Air Corps, is set up on a six-months' basis, and boys receive \$30.00 monthly from which approximately \$19.00 is deducted for meals, housing, laundry, medical attention, and miscellaneous items.

Youths assigned to the aviation mechanics unit will be given work experience and training in the repair, construction, and general maintenance of airplane engines. Shops are operated on a 44-hour per week basis and NYA youth follow the same routine as regular employees.

In selecting youth for the airplane mechanics unit, preference will be given to boys between the ages of 18 and 20½ years, inclusive, who have had a high school education or the equivalent, and who have had previous shop work experience. They are requested to have a keen interest in the work and desire to follow it as an occupation.

Youths interested in making application should contact Roy M. Cline immediately at the city hall or write direct to the Division of Youth Personnel, National Youth Administration, P. O. Box 2369, Amarillo, Texas.

### Ivan Afraid Army Will Get Into His Long, Golden Curls

OKLAHOMA CITY, Jan. 23 (AP)—Ivan Barzella Heiderich, like Samson of old, takes great pride in his untrimmed locks, faced an induction board today with the fear that the army would be his Delilah. The 33-year-old Marietta, Okla., farmer whose shoulder-length golden curls never have known a barber's shears, blew into town with a group of draftees, considerably irked because the army was about to get into his hair.

What's worrying Ivan is that if he is passed by the examining board, he will face an army processing, in which the growth of a lifetime is doomed to be clipped down to the regulation two-inch crop.

"I'm going to protest," Ivan declared. "I didn't want to go in the first place. I don't want my hair cut. When I was a little boy, I had beautiful curls and my mother wouldn't cut them."

"Then, when I grew up and went to school and they finally wanted to cut my hair, I wouldn't let them. I don't have any particular reason for not wanting it cut, but I've gone this far, and yes, you might say it's got to be a hobby with me."

Ivan has not had much trouble with curious folk because he hasn't traveled much and the people around Marietta "have got used to it."

His appearance here caused quite a commotion as "city folk are all the time gawking and asking silly questions." "But they'll get used to it," he observed. "I did."

He might have added: "If the army is willing."

PAMPANS TO PLAY STINETT KIWANIANIS HERE TONIGHT

Proceeds Will Be Applied To Jaycees Gym

Pampa basketball fans will be able to see their favorite sport and at the same time do something to help Pampa get a community play center by being at the high school gymnasium at 8 o'clock tonight when the Pampa Independents play the Stinetts...

The two teams, made up of former high school and college stars, are undefeated so far this season. It will be the first game between independent teams played on a local floor in a long time and fans will see basketball of even better than college caliber.

Headed by the Stinetts team, which is sponsored by the Kiwanis club, is Joe Hays who used to play great ball for Allison and was a letterman for four years at West Texas State college. E. W. Jones, who used to give the Harvesters fits while with the Borger Bulldogs and who was later a WTSC Buffalo star, is another member of the Stinetts team.

Sports Roundup

By EDDIE BRIETZ NEW YORK, Jan. 23 (AP)—High authorities say the man getting the most consideration for the pro football czar post is Branch Rickey, the baseball coach within a week.

Old Bill Tilden, looking worn and gaunt, limping along Madison Avenue, Vera Hruba, pretty Czech skating star, in tears because she has just learned she must either marry an American before March 1 or go back to Europe as a German subject.

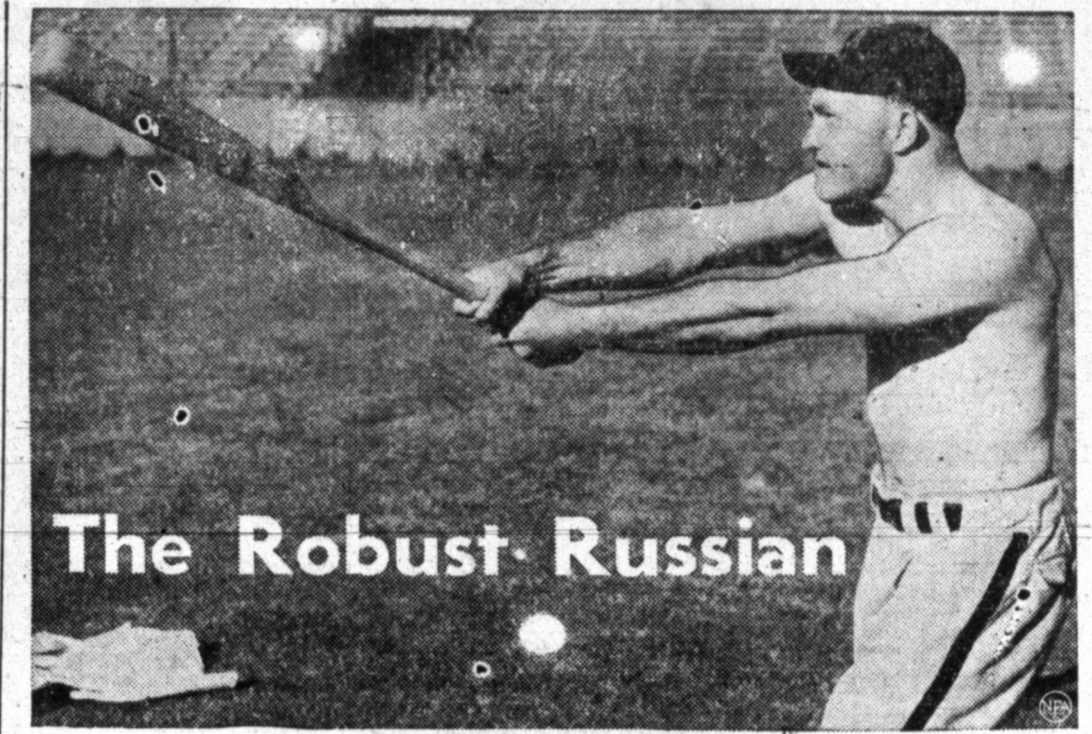

Some Other Guy, Maybe Well, anyway, we know of one feller who doesn't need a friend. Not at 30,000 frogskins per, amigos.

Novikoff, Cubs' New Clouter, Trinks It's Accident When They Get Him Out

By HARRY GRAYSON NEA Service Sports Editor LOS ANGELES, Jan. 23—Coast baseball men agree the Chicago Cubs have something in the Lou-Louis-Novikoff and Stringer.

Although he played shortstop alongside Gerry Priddy in high school, competent judges declare it would be a mistake to employ Stringer anywhere but at second base, and the youngster wants no part of the other side of the sack.

Novikoff, a left fielder, is described as a smart screwball who considers it an accident any time he is put out. The Mad Russian, who corrected a tendency to swing at bad balls, is a real big league hitter...

The Robust Russian

The mighty swing of Lou Novikoff. He weighed 205 pounds when he reported two years ago... had to play and sweat himself into condition. He improves as the season progresses...

**U. S. Offers Mexico Three Millions For New Power Plant**

(By The Associated Press)  
 MEXICO CITY, Jan. 23.—Reliable sources said today the government had been offered \$3,000,000 in United States capital for the construction of a new hydro-electric plant to overcome the federal district's serious power shortage.

These sources said the offer had been made to the ministry of national economy by an unidentified group of U. S. financiers.

The federal district and surrounding areas have been on a schedule of drastically restricted power consumption for several weeks. Regulations include a 10 p. m. turn-off order for all electric signs.

Electric service is suspended in most areas two hours at midday throughout the week and until noon on Sundays. The clock has also been advanced one hour to conserve current.

**Hoyt's Answered Two Great Needs States Mrs. Koch**

**Amarillo Mother and Daughter say Hoyt's Compound Mended Broken Health, Regulated Vomiting Spells, and Renewed Appetite.**

"Hoyt's Compound worked like magic for my 12-year-old daughter and me," says Mrs. A. J. Koch, of 705 Jefferson St., Amarillo, Texas.

**MISS LOUISE KOCH**

"A year ago, my health broke. I had sour stomach, gas bloating, indigestion and dizzy spells. There was a knotty sensation in my stomach. I was nervous, couldn't sleep. My daughter Louise had no appetite and was bothered with vomiting spells. She was underweight, and often had to stay home from school.

Hoyt's regulated my stomach and bowels, ended my nervousness and dizziness. Now I sleep well, have a good appetite. It controlled my daughter's vomiting spells, helped her regain weight and color. She eats well. She likes Hoyt's, and even asks for it!"

Hoyt's Compound is sold by the Cretney Drug Store, and for your convenience, by druggists everywhere.

**Five of a Kind Make a Full House**

Now you know what it means to be a "family man". Max, the youngest of five brothers in the Haywood family of Kalamazoo, Mich., became a proud papa early in 1940. Within ten months it got to be a family habit as each of his brothers successively became a father. The family men, with children, pictured above, left to right, are: Max, with Janet; Ralph, with Robert; Donald, with Allen; Lawrence, with Leon; and Willard, with Norma Jean.

**NYA Will Aid In Forming Stokowski Youth Orchestra**

Special to The NEWS  
 AUSTIN, Jan. 23.—The National Youth administration of Texas will receive applications again this year and arrange preliminary auditions for Texas contestants for the 100 seats in Leopold Stokowski's second All-American Youth orchestra, state NYA administrator J. C. Kellam has been informed by Aubrey Williams, national administrator.

From the auditions to be held in the 22 NYA areas will be chosen outstanding contestants to appear before the state auditioning committee in Austin, which will select the best five musicians to be heard by Stokowski at Dallas March 8 as he conducts final auditions in key cities of the nation.

Kellam said the state committee would be composed of Miss Nell Farmley, state supervisor of public school music, state department of education; Anthony Donato, and Homer Ulrich, faculty members of the University of Texas School of Fine Arts; and Hendrik Buytendorp, Austin Symphony Orchestra conductor.

Initial auditions over the state will be held not later than February 19, with the state audition scheduled between that date and March 1,

the exact date to be announced later.

All young men and women between the ages of 16 and 24 years, inclusive, regardless of race or color and whether or not they work on NYA projects, are eligible to apply for auditions, Kellam said.

Applications will be received by local auditioning committees, which may be reached through NYA area offices in Amarillo, Lubbock, Eastland, Wichita Falls, Fort Worth, Dallas, Mt. Pleasant, Marshall, Lufkin, Palestine, Waco, San Angelo, El Paso, Austin, Brenham, Houston, Beaumont, Cuero, Robstown, McAllen, San Antonio, and Crystal City.

**Weight Limit Bill To Be Introduced**  
 WACO, Jan. 23 (P)—A scientific weight limit bill already introduced in the state legislature will have the backing of the Southwest Congress and Warehouse association in preference to a maximum limit bill.

The association, which in past years supported the present 7,000-pound limit for trucks on state highways, yesterday went on record as favoring a law which would base the load upon axle strength and the number of square inches of tire surface on the road.

**Woman Identifies M'Quiston As Slayer**

NEW ORLEANS, Jan. 23 (P)—A witness in the murder trial of William C. McQuiston, 38, identified him as one of three men who beat and then shot to death Philip Carey, 27, on September 17, 1939.

McQuiston and Carey, at that time, were officials of the National Maritime union (CIO). The killing

occurred near a saloon at Lee Circle. Mrs. Marie Rogers testified that she witnessed the attack from her front porch and recognized McQuiston as the man who struck Carey with a length of chain. One of the other three men shot him, she said.

Claude Pierce, Jr., bartender in the saloon, said the assault occurred just after Carey, singing and "trucking," left the bar with a man and two women to go to his car.

He said McQuiston and two other men had left the saloon shortly ahead of Carey.

**Don't Neglect Slipping FALSE TEETH**

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort.
