

Large Groups Expected Tonight At Organization Of Fiesta State Clubs

Each native state society will be organized in a separate group at the meetings in the courthouse and city auditorium the first four nights of this week, beginning tonight when natives of Oklahoma, Kansas, Missouri, and the six New England states will form permanent Panhandle state societies. Natives of Oklahoma will meet in

the district courtroom on the third floor of the courthouse, native Kansans and Missourians will meet in the city auditorium in the city hall, and the "blue bellies" from New England will meet in the county courtroom. After preliminary remarks by the presiding Jaycees, the temporary chairmen will be introduced, and the

audience will be divided as to states. Then these separate groups will meet separately in various parts of the court room and courthouse. The same plan will be followed at the city hall auditorium. Tomorrow night natives of the Western states, Texas, Tennessee, and Kentucky will organize.

C. N. Gunn, chairman of the club organization committee, and Fins Stillwell, Dr. C. H. Schukley, Jimmy Dodge, Dr. Adrian Owens, committee members, announced they expected large groups of natives of the nine states to fill the two courtrooms and the city auditorium.

The native state society organization schedule: **TUESDAY NIGHT**—Western states (Oregon, Washington, California, Montana, Idaho, Nevada, Utah, Arizona, Wyoming) county court room in courthouse, Dr. C. H. Schukley, presiding Jaycee, D. L. Parker, assistant.

Texas, district court room, Jimmie Dodge, presiding Jaycee. Tennessee and Kentucky, city auditorium, C. N. Gunn, presiding Jaycee, and committee chairman. **WEDNESDAY NIGHT**—Pennsylvania and West Virginia, county court room, Fins Stillwell, Southern states (Virginia, North

Carolina, South Carolina, Alabama, Georgia, Florida, Mississippi, Louisiana), district court room, C. N. Gunn, presiding Jaycee. Arkansas, Indiana, New Mexico, city auditorium, Dr. Adrian Owens, presiding Jaycee. **THURSDAY NIGHT**—Middle Western states (North Da-

kota, South Dakota, Minnesota, Wisconsin, Michigan, Illinois, Nebraska), city auditorium, Jimmie Dodge. Colorado, Ohio, Iowa, district court room, Fins Stillwell. Middle Atlantic states of New York, New Jersey, Maryland, Delaware, Washington, D. C., county court room, Dr. C. H. Schukley.

The Weather

West Texas: Partly cloudy in southwestern portion and mostly cloudy with scattered thundershowers in north and east portions tonight.

150 New Mexico Families Flee From Levee Break

ALBUQUERQUE, N. M., May 19 (AP)—A sudden break in the west levee of the Rio Grande at the central New Mexico farming community of Folvadera early today forced 150 families to flee to higher ground. The turbulent brown waters, pouring through a 500-foot breach in the levee, flooded more than 2,500 acres of farmland and river bottomlands in the area, about 60 miles south of here and 10 miles north of Socorro. Trucks manned by CCC enrollees and middle Rio Grande conservation district officials removed the families. Farmers on the Bosque (wooded) lowlands were warned of the flood when reports of the break reached Socorro. The Socorro home guard, organized when National Guard units were called to active military duty, was called out. Meanwhile, the continuing high water stage of the Rio Grande pinched travel in central New Mexico.

I Heard . . .

Jim White remarking that the frogs are so bad down on his farm that they're tramping down his wheat. . . Dale Thut, son of Mr. Charles Thut, being called and Mrs. Charles Thut, being called "Lucky" etc. yesterday after he had driven into the water on the fifth hole and the ball skidded out on the bank and rolled up to the green.

Next Meeting Of VFW To Be Held In Pampa

Next meeting of District No. 9, Veterans of Foreign Wars, and Auxiliary, will be held in Pampa Aug. 31. It was voted at a meeting yesterday in Amarillo, when Homer N. Pruitt of Borger was elected commander to succeed E. J. Kenney of Pampa. The auxiliary elected Mrs. Pearl Pruitt of Borger president, and conducted installation ceremonies. She succeeds Mrs. Kenney as president. The veterans elected Grady Painter of Dalhart senior vice-commander, W. B. Bruce of Amarillo junior vice-commander, and Paul D. Hill of Pampa chaplain. Auxiliary members named Mrs. Betty Rodgers of Amarillo historian, and Mrs. E. J. Kenney of Pampa secretary. Officers elected yesterday by the veterans will be installed at the Pampa meeting after being approved at the state encampment in Fort Worth. More than 100 persons, including a large delegation from Pampa, attended the meeting. The Pampa delegation was accompanied by the Pampa Veterans band, directed by J. R. Earsom, which played a concert at the United States Veterans hospital at noon, and another concert during the afternoon joint meeting of district representatives. Principal address was made by Tom Carter of Lubbock, department commander. Granville Routh of the Veterans' hospital discussed veterans benefits in regard to state legislation. He also conducted a service officers school.

35,000 Italians in Ethiopia Surrender

Crude Price Hiked 9 Cents Per Barrel

The Phillips Petroleum company this afternoon announced a nine cent per barrel hike in the price of Panhandle crude oil according to word received here. The increase set the top price for Panhandle crude at \$1.11 a barrel. Phillips announced that their new price would start at 87 cents for oil of 29 gravity and below with a two cent differential for each gravity point to \$1.11 for crude of 40 gravity and above. Two months ago all companies in the Panhandle hiked the price of crude to \$1.02. No other company had met the Phillips hike up to 2 o'clock. Phillips also announced a 10 cent increase in Oklahoma and Kansas.

Defense Guard Marches First Time With Guns

For the first time since the company was formed last January, the manual of arms was used in the regular drill of Company D Texas Defense Guard, at its meeting Sunday afternoon. Instruction in the manual was given to a squad that chose to remain after the regular drill was over. Rifles used were those owned by the local post of the American Legion. They were not the rifles that Gov. W. Lee O'Daniel is to requisition from the war department for the use of the Guard. Preston Kromer was the instructor in the manual of arms. After a short period of instruction indoors, the men marched out on the grounds and were drilled in marching with rifles.

Captain E. J. Dunigan was pleased with the showing made, saying the men went through the manual of arms better than any other instruction they had been given. Members of the company are expected to receive their uniforms by the middle of this week. An extensive drill is anticipated in See GUARD, Page 3

Congratulations—

Mr. and Mrs. J. L. Gates are the parents of a son, weighing eight pounds, born Sunday. He has been named Teddy Ray. Mrs. Gates is the former Dorothy Hatfield.

Mr. and Mrs. C. M. Davis are the parents of a son born Sunday at Sharon, Mass. He has been named Lawrence Elliott. Mr. Davis is area coordinator of industrial education located here.

Mr. and Mrs. Troy Glover of Miami are the parents of an eight-pound son born yesterday. He has been named Lester David.

Dumas Rodeo Trippers To Visit Pampa

A routin' tootin' bunch of cowhands and old-timers from Dumas will hit Pampa at 2:45 o'clock Thursday afternoon and will tell everyone about the annual Dumas Rodeo and Old Settlers' Reunion to be held May 30 and 31. The trippers will be accompanied by the 44-piece Dumas High school band and they'll be welcomed by W. B. Weathered and members of his chamber of commerce goodwill committee.

The Dumas celebration opens this year with a giant parade at 11 a. m. Friday, May 30. Noontime, May 30, will bring the huge annual Old Settlers' picnic on the Moore county courthouse lawn. From 2 to 5 p. m., Friday, May 30, and Saturday, May 31, the Dumas Rodeo association will stage a full three-hour, action-packed open amateur rodeo. A unique feature of the rodeo this year will be the strictly amateur calf roping contest for a beautifully hand-carved saddle. This one event is limited to bona-fide cowhands and ranch owners in Moore and adjoining counties.

Specially bought rodeo stock consisting of Chihuahua steers for bulldogging, swift Brahma calves and the famous string of cutlaw horses owned by the Dumas Rodeo association are here for the show. A giant mid-way featuring Broadway shows, rides, and concessions will be on hand for both days. Dances will be staged at the New Eureka Inn at Etter and in downtown Dumas. Saturday, May 31, will be given over to patriotic observance, with band concerts, public speaking, the rodeo in the afternoon, and the final dances Saturday night. Delegations and bands are expected in Dumas for the big parade Friday, May 30, from Amarillo, Pampa, Borger, Dalhart, Spearman, Guyton, Morse, Gruver, Stinnett, Stratford, Boise City, Texoma, and other Texas Panhandle towns. Last year the Dumas celebration parade was more than two miles long, was viewed by 10,000 people, and turned out to be one of the largest assemblies of fine horses shown in this section of the state.

Spearman Slayer Has No Attorney

SPEARMAN, May 19 (AP)—The trial of Orrin J. Brown, charged with murder in the hammer slaying of Mrs. Leola Frances Murphy, was delayed until afternoon when the defendant appeared in court without an attorney. The body of Mrs. Murphy was found beside a highway near the Oklahoma border on March 20. Brown told Judge Jack Allen he was negotiating for an attorney but had not employed one as yet. Judge Allen explained the law advised that if a highway slaying court of the state to appoint competent defense counsel and asked Brown if he was in a position to employ a lawyer immediately. When Brown gave a negative answer, Judge Allen recessed court until an attorney could be appointed.

O'Daniel Expected To Announce Tonight

Utmost secrecy surrounded the governor's plans for a broadcast at 8 p. m. when he had said he would discuss the senatorial race in which 19 candidates already had entered. Many rumors flew about and it was even reported that he had prepared two speeches, one announcing that he would run and the other that he would not. One high state official, although denying the evidence strongly indicated the governor would become a candidate, asserted he would no more predict it as a certainty than he would predict O'Daniel would fly to the moon. Strengthening the general opinion in the statehouse that the governor had would go sailing into the ring was his invitation to members of his official family, including numerous high appointees, to attend the broadcast.

Ambulance Drivers And Missionaries En Route To Africa

NEW YORK, May 19 (AP)—The broad expanse of the south Atlantic—or possibly the Indian ocean—cloaked the fate today of 120 Americans, 81 other passengers and 120 crewmen aboard the 8,299-ton Egyptian passenger liner Zamzam reported sunk on a voyage from New York to Alexandria, Egypt. Aside from the bare Alexandria announcement that the ship had gone to the bottom after leaving Yecife (Per-nambuco) Brazil, on April 9 for Capetown, South Africa, her next stop, there was no definite word of what happened to the 32-year-old motorship. London officials said merely that the ship was "presumed lost," declining to elaborate.

Nothing has been heard from the Zamzam since she sailed out of Recife with 120 Americans aboard, including 24 American ambulance drivers and their assistants enroute to service with the British army. "Free French" forces in Egypt and a group of Protestant and Catholic missionaries enroute to posts in Central Africa. Since the Zamzam disappeared without a trace, New York shipping circles conjectured that she might have been the victim of a German surface raider, which took off her passengers and crew. If she had been torpedoed by a submarine, these quarters said, survivors in all probability would have been located in lifeboats and picked up by now.

There was a report here that relatives of some Americans aboard had been notified of their safe arrival at Mombasa, on the Kenya coast of Africa, but this later was declared unfounded. Another unconfirmed report said others had reported their safe arrival at Capetown. In this case, the Zamzam might have been sunk in the Indian ocean. The complete passenger list was not available immediately. One puzzling aspect was the announcement by Thomas Cook & Son, New York passenger agents for the vessel, saying that the state department in Washington had ordered the passenger list withheld. A copy of the list was airmailed to Washington, the agents said, and may be released there tomorrow. In Washington, the state department said it had no information on the ship.

Court Rule Seen As Likely Failure Of Texas Proration

AUSTIN, May 19 (AP)—The Texas oil industry was confronted today with a court decision which Railroad Commissioner Jerry Sadler characterized as "the most serious problem since the advent of proration." Informed that Continental Oil company had won a permanent injunction to produce from the Conoco-Driscoll field enough oil to fill its orders, Sadler told representatives of the industry gathered at a statewide proration hearing: "If that decision is upheld by the higher courts, it means proration has failed."

Post Will Seek To Mark Graves Of All Veterans

The Kerley-Crossman American Legion post here is trying to have markers placed on the graves of all ex-service men and women buried in Fairview cemetery, and it is seeking the cooperation of relatives of ex-service men whose graves are unmarked. The post will secure the markers free of charge but application must be made by some relative in possession of some army record of the deceased ex-service man.

The post desires to mark the graves of all ex-service men who served in the War Between the States, Spanish-American War, Mexican War, World War or any other war in which Americans served. Any relative of an ex-service man buried in Fairview cemetery here whose grave is unmarked with a veterans marker is asked to contact W. C. deCordova in the city tax collector's office immediately so that markers can be secured before Decoration Day.

Known ex-service men and women buried in Fairview cemetery are: Joseph Lester Cary, William J. Reid, Albert Crossman, William A. Martin, Mrs. Luemel von Brunow, Jessie B. Hill, James Shackelford, Guy R. Riggs, James Shelton, Willard McCormack, Jack Davis, James B. Benton, John T. Crawford, Edward B. Smith, Martin Fiddler, G. W. Holmes, W. P. Ghorriely, Ramson Case, Oscar W. Smith, Ben A. Sublett, Jesse A. Child, Geo. V. Hoffman, Barney G. Stone, Lewis R. Corbin, Arthur E. Thomas, Albert Hammett, Dalton A. Patton, Joseph H. Bentley, C. H. Clay, Richard F. Ritter, Milton Mills, Cornelius C. Alexander, Homer J. Wilkins, Forrest C. Platt, Sam C. Barrow, W. M. Hughey, George A. Soward, Barclay George, R. H. Cunningham, Clinton C. Morrow, Fred Keahn, J. B. Ayers, and Howard Neath. No markers have been secured for the graves of Jasper M. Byrd, Sam E. Hogsett and Paul T. McNamara. It has not been determined whether J. O. Kennison, Bonner A. Davis and J. H. Hodge were ex-service men. Relatives are asked to contact Mr. deCordova if they had served their country.

Scout Board Of Review To Meet At 7:30 Tonight

The Gray County Board of Review for Boy Scouts will be held tonight at 7:30 o'clock in the Boy Scout office in the city hall with V. Darnell presiding. The Court of Honor will be held Saturday night at 7:30 o'clock in the district courtroom. The court was originally set for Monday night but had to be changed because of the school program.

I Saw . . .

One of the sightliest blocks in town: the one on North Front beginning at West Francis and extending to Browning. First there are the purple iris at DeLes Vignas home, then the red and yellow roses at the home of Mrs. Emma LeFors, and then the rose hedge at the home of Mrs. J. S. Wynne.

Shower Given As Courtesy To Miss Kathrynn Atwell

Special To The NEWS: WHITE DEER, May 19—Miss Kathrynn Atwell was honored with a miscellaneous shower, Friday afternoon, at the home of Mrs. B. R. Weaks, with Miss Esther Plank and Mrs. Juno Duval as hostesses, assisted by Mrs. Harold Drummond and Mrs. Elton Beene.

Miss Atwell, who is teacher of the third grade in the White Deer school, will be married to Ray Vineyard, principal of the grade school, on May 25, at her home in Ballinger.

Mrs. Duval was in charge of the guest register, and Mrs. Drummond presided at the refreshment table. The bride-elect's chosen colors of yellow and white were carried out in the table appointments and bowls of spirals and yellow roses were arranged throughout the rooms. A corsage of yellow roses was presented to the honoree.

Scrolls tied with yellow and white ribbons bore the cleverly-worded announcement: Having satisfactorily completed the required course of study in courtship, the degree of M. R. S. will be awarded to Kathrynn by Ray, on May 25, 1941.

Mrs. Biggs Horn won the "Breakfast call" contest and presented the prize to the honoree. Following the writing of "Advice to the Bride," an alarm clock sounded and Miss Atwell was asked to shut it off. This alarm repeated at intervals led each time to another group of gifts.

Those present were Mesdames Glenn Davis, George Heath, Julius Meaker, W. G. Eller, C. W. Watson, B. E. McCollum, Biggs Horn, Duval, Drummond, Beene, and Weaks; and Misses Vivian Hammack, Odessa Howell, Gladys Holley, Claudia Everly, Evelyn Mayfield, Margaret Hill, Virginia Martin, Ester Plank, and the honoree.

Sending gifts were Mesdames C. E. Lowery, John Skaggs, C. E. Chunn, Wesley Davis, Mae Coffee, Frank Huddleston, E. C. Morris, Henry Hynds, and H. M. Howell; Misses Joyce Cozart, and Dorothy Wittill; and Bonnie Swinford, Clara Meaker, and Jane and Tom Powers.

Birthday Party Given To Honor Billy Hargis

Mr. and Mrs. B. T. Hargis entertained with a party for their son, Billy James, on his sixteenth birthday.

Assisting in the entertainment were Paul Traywick and Marie Mitchell.

After various games were played, refreshments of ice cream and cake were served to the guests.

Attending were Jack Vermillion, Lois Castka, Mary Ella LeClair, Fredie Nell Beckham, Imogene Owens, Dorothy Taylor, Margie Sheppard, Aurora Edmonds, Elwood White, Harding Lee Cacy, Doris Bonner, Paul Traywick, R. D. Redus, Robert Graham, Marie Mitchell, Walter Mitchell, Ruby Faye Johnson, Benjamin Satterwhite, Mrs. Bob Bonner, Earl Grotzinger, and Mr. and Mrs. H. E. Johnson.

YPSL Elects New Officers Sunday

An election of officers was conducted Sunday evening by the Young People's Service League of St. Matthews Episcopal church.

Those named were Ann James, president; Debert Hughes, vice-president; Frances Shier, secretary; and Joyce Taylor, treasurer.

Mrs. L. E. Lyles is sponsor of the organization.

COMBINED FLAVORS PLEASE

Combined fruit flavors often make luscious dessert. Try pineapple flavored gelatine, cut into cubes, mixed with ripe strawberries and served with a vanilla whipped cream.

BLITZ OR NO, STYLISTS COURT LATIN-AMERICAN MARKET

LONDON—Against a background of almost daily devastation by German air attack, British designers and manufacturers have been shaping up a "Good Neighbor Policy" of their own. Despite the fact that British women are faced with ever more stringent clothes rationing, the dressmakers actually have created a collection aimed to capture a bit of the Latin-American style market.

Known as the "hush-hush" collection, it was produced at the height of the autumn blitzkrieg. The first set of sample fabrics was bombed out, the second barely rescued from another bombing. The British Board of Trade undertook to transport it safely overseas, and show it to fashion-conscious señoras and señoritas south of the border.

There are over eighty models. Fabrics are featured, as well as coloring and design. The outfit shown above was designed by Hartnell. It consists of white bodice and ground length, tonst-colored linen skirt, each fastened with big copper buttons. Under the skirt are worn white linen shorts. Topping the outfit is a huge sunshade straw hat with straw chinband.

OPEN SLEEVE

When hot weather comes you will appreciate the open top puffed sleeves in this attractive yoke top dress. The belt ties in back so that a smooth, pert line is achieved. Pattern 8954 is one you will want to order right away, to make up in some of the new cotton prints or polka dots, in a check gingham, or a seersucker, to wear all summer. The full skirt is simple to cut, and easy to iron.

Pattern No. 8954 is designed for sizes 12, 14, 16, 18, 20, and 40. Size 14 requires 4 1/2 yards of 36-inch material without nap. 1 1/2 yards ric-rac braid.

For this attractive pattern send 15 cents in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Have you seen our new Summer Fashion book? More than 100 fascinating styles for you and the children. Pattern, 15. Pattern Book, 15c. One Pattern and Pattern Book, ordered together, 25c.

Day Camp Staff Training Course To Be Next Week

Announcement has been made that the Day Camp Staff Girl Scout training course will be postponed from tomorrow morning to next Tuesday at 10 o'clock at the Scout house.

Miss Sallie Cahill, Girl Scout director, will conduct the course.

The sparrow is the costliest alien that North America ever admitted.

The Wyoming Massacre occurred July 4, 1778.

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. If a young man is going away to an army training camp, is it all right for a girl he has been dating to give him a gift to take along?
2. Should a girl give her picture to a young man who is going away to an army camp if he hasn't asked for it?
3. Is it all right for a girl, writing to a young man away at camp, to enclose some snapshots of herself in a letter?
4. If a young man, going away to camp, asks a girl for her picture, may she ask for his?
5. Should a girl suggest visiting a young man who is at a training camp, or must she wait for an invitation from him?

You become engaged to a young man just before he leaves for a year's military training—

- (a) Announce your engagement?
- (b) Wait until the young man returns to make a formal announcement of your engagement?

Answers
1. Certainly.
2. No.
3. Certainly. If she hasn't dated him a great deal, it might be better to send snapshots of "the crowd"—which include her.
4. Yes.
5. She must wait for an invitation from him.

Best "What Would You Do" solution: (a) Would not be incorrect, but (b) would be much wiser—even though you wear an engagement ring.

WRITING IS EMBEDDED HABIT

LETTER WRITING in solid comfort is provided by this new bed whose headboard doubles as a desk. Another convenient improvement is seen in the big storage drawers that utilize space under the bed.

McIntosh Dies

DALLAS, May 19 (AP)—Funeral services were planned at 4 p. m. today for John Russell (Dutch) McIntosh, former line coach at Southern Methodist and Vanderbilt universities.

McIntosh, 34, died yesterday of injuries received in the crash of his automobile against a railroad overpass Friday.

Puffins shed the outer covering of their bills every fall.

Six Hostesses Compliment Mrs. Madeira At Tea

Complimenting Mrs. Charles Madeira, a layette shower and tea was given Friday afternoon in the First Christian church with Mesdames Leonard Bowen, C. T. Hightower, Hugh Isbell, L. L. Keyes, Billie Taylor, and R. L. Norris as hostesses.

During the afternoon vocal solos by Mrs. B. A. Norris with Mrs. Ramon Wilson playing the accompaniment entertained the group.

Tea was poured by Mesdames Keyes, Norris, Taylor, and Isbell at a table laid with a lace cloth over pink. White tapers lighted the table and various arrangements of spring flowers decorated the church.

Mrs. Hightower presided at the registry. Guests attending were Mesdames Bert Stevens, T. M. Sanders, B. A. Norris, Ramon Wilson, Bert Isbell, Emory Abbott, Charles Bastion, C. L. Shearer, Frank Baird, W. L. Parker, O. N. Frasher, J. F. Meers, Tom Eckerd, Joe DonCarlos, C. H. Darling, Oloa Miller, Leslie Keyes, W. E. Speed, L. E. Frary, Charles Ballard, and Miss Margaret Brunner.

Gifts were sent by Mesdames Roy McMullen, De Lea Vicars, Claude Lard, C. H. Mundy, J. L. Lester, Gerald Fowler; Misses Blanch McMullen, Josephine Thomas, the primary department of the Sunday school, and group four of Women's council.

Rebekah Lodge Plans Picnic, Game Night At Regular Meeting

At the weekly meeting of Rebekah lodge in the L. O. O. F. hall, plans were made for a picnic Sunday at Lake McClellan honoring J. C. Short of LeFors, a charter member of the Oddfellows lodge who is going to California. In 1914 Mr. Short drove from LeFors to Pampa in a buggy to attend the lodge meetings.

A new member, Mary Lee Baker, was welcomed by transfer from Crane, and two members, Devle Voyles and Mr. Rice, were reported ill.

Arrangements were made for a game night to be held Thursday in the hall.

Attending the meeting were Ellen Kretzmeier, Dorothy Voyles, Eva Howard, Gladys Rupp, Frances Irvin, Arlene Neighbors, Leta Polowell, Fred Poronto, Edna Braly, Pearl Castka, Mae Forsyth, Faira Beard, Della Keys, Edie Poronto, Freddie Potter, C. A. Forsyth, V. J. Castka, Etta Crisler, Elmer Rupp, Pearl Cordell, Edna Hewitt, Elsie Cone, and Lylye Noblitt.

Junior Progressive Club Of McLean Hears Book Review

Special To The NEWS: McLEAN, May 19—Mrs. C. V. Hendren and Mrs. Norman Johnson, were hostesses to the McLean Junior Progressive Study club recently in the home of Mrs. Johnston.

Mrs. Vernon Johnston reviewed the book, "The Giant Joshua." Mrs. Dwight Stubblefield gave a sketch of the life of the author, Maurine Whipple.

Guests attending were Mesdames C. P. Hamilton, J. W. Lumms, Guy Crawford, Eric Cubine, Roger Powers, Creed Bogan, T. A. Massay, C. O. Huber, J. W. Myrose, J. R. Glass, D. M. Graham, J. B. Hembree.

Members attending were Mesdames C. P. Hamilton Jr., Vernon Johnston, Travis Stokes, Dwight Stubblefield, Earl Stubblefield, Murray Boston, Emory Crockett, Jerry Newman, Dick Dunlap, Carl Jones and the hostesses.

If you have a papered bathroom or kitchen, you can protect it from splashes and other soiling by covering it with sheets of a thin, transparent plastic, without spoiling its decorative effect in the least. Sheets of this material are inexpensive, come in a convenient size and are sold complete with gummed tape for fastening to the walls.

DANCERS IN MINIATURE BALLET

Pampa Girl Scouts will sponsor a presentation of Constance Ferguson's miniature Russian ballet next Friday evening at 8 o'clock in the high school auditorium. Among those taking part in the program will be Wynlou Cox, Zita Ann Kennedy and Imarae Watson, pictured above in "Les Sylphides." A stirring ensemble directed by Carl Adams will assist.

SWEET GRADUATE

The sweet young graduate looks her loveliest in cotton shadow organdie trimmed with lace. Yards and yards of organdie give a romantic grape to this gown.

Waffle Supper And Shower Given For Miss Berry

Miss Jane Kerbow and Miss Betty Lou Ford entertained with an informal waffle supper and lingerie shower honoring Miss Donna Jo Berry, bride-elect of Clinton Evans, Sunday evening at the home of Miss Kerbow.

Spring flowers decorated the rooms and an arrangement of iris centered the buffet.

The gifts were hung on a portable clothes line and after Miss Berry "gathered in the washing," games were played by the group. A gift was presented to the honoree by the hostesses.

Guests were Misses Elizabeth Mullinax, Catherine Pearce, Mary Gaylord Booth, Mary Keahey, Adeline Brazil; Mesdames Tom Rose, Jr., Bob Tripplehorn, Freda Barrett, Allen Evans, and Bob Gibbons.

Gifts were sent by Mesdames Pollard, H. E. McCarty; and Misses Janice Purviance, and Gloria Posey.

National Parks Topic Of Program At Entre Nous Club

Mrs. E. A. Shackleton entertained members of Entre Nous club Friday afternoon in her home.

During the business session Mrs. W. D. Benton reported that 66 garments have been completed for the Red Cross.

Roll call was answered by naming places which the members plan to visit this year. Mrs. Alice Cockrell led the program on "Do You Know Your National Parks?" She suggested that each visit not more than twice a year so that she may have more time for each place visited. Also Mrs. Cockrell told about red wood trees in California.

Mrs. J. F. Spearman gave points of interest on the Yellowstone National park, after which Mrs. Joe Lewis told of the interesting places in Catalina Islands. Mrs. Guy Farrington added to the program by giving points on the wonders of Arizona. In conclusion Mrs. Benton told of the many interesting things to be seen in Carlsbad Cavern.

Refreshments of strawberry short cake and tea were served to Mesdames W. D. Benton, George Dyer, Guy Farrington, C. A. Tignor, Joe Lewis, John Lawler, and daughter, Louise, Morris Walberg, and one visitor, Mrs. C. B. Lawler, of Amarillo.

ALANREED JUNIORS Join Seniors In Annual 'Sneak Day'

SPECIAL TO THE NEWS: ALANREED, May 19—"Sneak Day," annual custom of seniors had a new twist here Friday. As there are only five seniors in the class, and there's no fun in just a small group, the graduates asked the juniors to join them.

To the picnic site came a teacher in his car, who delivered an ultimatum, either to end the "hokey" gathering or suffer the consequences this week.

A vote decided the idea of the picnic, it was decided that present pleasure was well worth the price of any dire future penalties.

A man who weighs 200 pounds on the earth would weigh three tons if he lived on the sun.

Mainly About People

County Judge Sherman White will leave today for Austin, where he will attend a conference of house and senate committees that are drafting the new county road bond assumption law.

Graduation special: \$5.00 Oil permanent for \$2.75; \$1.00 Oil permanent for \$2.00; \$3.00 Oil permanent for \$1.50. Elite Beauty Shop, Phone 768. (Adv.)

City Manager Steve Matthews spent the week-end with his parents in Greenville.

Attention Farmers! In view of this bumper wheat crop why not buy your wife that new Maytag washer before prices advance. Pay A. Harvest time. Plains Maytag, 116 W. Foster. Ph. 1644. (Adv.)

Mr. and Mrs. E. E. Smith and daughter Carolyn of Amarillo spent the week-end with Mrs. Smith's mother, Mrs. H. F. Barnhart.

Odis Mitchell, former Harvester coach now of Marshall, returned yesterday from Marshall after conducting spring training. Mr. and Mrs. Mitchell and family will move to Marshall next month.

City Recorder C. E. McGrew assessed fines on two men charged with intoxication, one charged with running a stop sign and a woman charged with speeding in city court today.

City officers investigated two minor car wrecks yesterday. Damage was negligible and no one was injured they reported.

Miss Mary Jaynes, a student at West Texas State college in Canyon, was a week-end visitor in Pampa. She was accompanied home by Miss Pauline Flowers of Ferris, also a student at Canyon.

Mrs. M. L. Denmore, mother of Earl Denmore and Mrs. Martha Walker, is improving in the local hospital following an eye operation Saturday.

Mr. and Mrs. F. D. Mackey, 515 North Faulkner street, have as their guests for two weeks Mrs. C. W. Baker of Wichita, Kansas, and Mrs. A. L. Walker and daughter, Barbara Jean, of Hobbs, New Mexico. The group will leave the latter part of this week to tour Mexico.

FDR Wants Basic Crops To Reach Parity, Says Wickard

HUTCHINSON, Kas., May 19 (AP)—Secretary of Agriculture Wickard announced today that President Roosevelt "wants the basic crops to reach parity this year."

The president, he added, "told me that he wanted wheat farmers, taking loans and payments into account, will get parity on this year's crops."

"Parity is a price that would give farm products relatively the same purchasing power as they commanded in the years 1909-1914."

Wickard made the announcement in an address for delivery on a Farm and Home Hour program. Besides wheat, the basic crops he mentioned were corn, cotton, tobacco and rice.

He coupled his discussion of agricultural problems with renewed advocacy of assuring the safe delivery of lease-lend shipments to Great Britain.

"There is no sense in producing for delivery at the bottom of the ocean," he said, "let's see that the goods are delivered."

In his forecast of parity, Wickard indicated that it would be achieved by current benefits plus the parity loan bill which congress sent to the white house last week. There had been some question as to whether President Roosevelt might veto that measure, but Wickard intimated that it would receive approval.

French Reopen Fire On British Planes

BEIRUT, Lebanon, May 19 (AP)—French anti-aircraft batteries were reported today to have reopened fire on British planes when they bombed Rayak airfield in Syria again at noon Sunday.

No British planes were hit, it was said, and the French announced no casualties or damage. The first disclosure of British attacks on Rayak and other airbases came last Friday. The RAF returned today on leaflet raids, dropping propaganda in French and Arabic on Damascus, Syria's capital, Deir Es Zor, Hasech and Aleppo.

As German planes continued to arrive in neighboring Iraq, the Baghdad general staff was reported to have forbidden troops and civilians alike to fire on planes of doubtful nationality.

Advices from Baghdad indicated that Major Von Blomberg, son of the German field marshal and former war minister, had died last week aboard a German plane as a result of such fire.

LaGuardia Expected To Be Defense Head

WASHINGTON, May 19 (AP)—Amid recurring reports that he would take over a projected new home defense agency, Mayor Fiorello LaGuardia of New York had a luncheon appointment today with President Roosevelt.

The president indicated Friday that he was about ready to set up a government agency to administer civilian defense. The white house said today an order to do so was not yet in sight.

The new organization will be designed to give every individual a chance to do his part for national defense. LaGuardia has been a frequent caller at the white house in the last few weeks, but neither he nor the president has confirmed or denied that the mayor would direct home defense.

Canadian Schools Adopt 12-Year Plan

CANADIAN, May 19—Superintendent J. M. Carpenter of the Canadian public schools states that the school board has officially adopted the twelve-year plan which has already been accepted by many schools over the state.

Under this plan, the work will be divided into eight grades before entrance into the four year high school course.

BOMBING ADJOURNS COMMONS

Cabled from London to New York and Telephotored here, this photo graphically shows wreckage in House of Commons after last week-end's pitiless bombing, heavily damaged buildings in Westminster group.

Wheat Growers To Vote May 31 On Making Quotas

For the first time wheat growers of Gray county along with other wheat growers of the United States, have been given the opportunity to vote upon themselves further production of their industry through marketing quotas.

A referendum to be held on May 31 will put the marketing quotas on wheat in effect if approved by two-thirds majority of all wheat growers in the nation.

The wheat growers referendum is similar to that for cotton and tobacco farmers who have been using quotas for several years.

Farms affected under the referendum will be those with a normal production of 200 or more bushels. Eligible to vote in the election will be anyone who has interest in a wheat crop, either landlord or tenant.

Election To Be Explained A series of educational meetings will be held in preparation for the election. First of these will be a meeting to be held tonight at a county court room. Farmers near Laketon will meet Wednesday night at the Laketon school, while on Friday night a similar meeting will be held at the Grandview school.

The big issue in the wheat marketing quota referendum, aside from the question whether wheat growers will use quotas, is that no government loan will be offered unless quotas are approved.

That's what Jess H. Watson, himself a wheat grower, is telling AAA county committee men and workers in a series of meetings over the state. Watson, formerly a member of the State AAA committee, now is connected with the southern division of the AAA in Washington. He still operates his wheat farm in Young county.

"I don't hesitate to predict that without quotas and without a loan we may sell our wheat for the lowest price in history," Watson said. "In some sections of the country farmers would, no doubt, experience difficulty of selling their wheat at any price."

The speaker pointed out that good business on the part of the government prevented the offer of a loan on a crop with uncontrolled surplus, such as would be the case with wheat if quotas are rejected. The loan will be made available if quotas are approved, he said.

Frenchman Calls On Syrians To Resist

BEIRUT, Lebanon, May 19 (AP)—General Henri Dentz, high commissioner of French-mandated Syria and Lebanon, has issued a proclamation calling upon the people of Syria to resist "criminal aggressions" of the British.

The high commissioner in a radio broadcast last night declared that "once again after Mers-el-Kebir and Dakar England sheds French blood."

"This was in reference to the British fleet's attacks last July against units of the French fleet."

At the same time that Chief of State Marshal Pétain was broadcasting the French desire for peace last week, General Dentz asserted, the British started "attacking our airbases without warning."

"The British said airbases in Syria, next-door-neighbor of Iraq, were being used by Axis planes flying to the aid of the Iraqis."

Canadian Schools Adopt 12-Year Plan

CANADIAN, May 19—Superintendent J. M. Carpenter of the Canadian public schools states that the school board has officially adopted the twelve-year plan which has already been accepted by many schools over the state.

Under this plan, the work will be divided into eight grades before entrance into the four year high school course.

Market Briefs

NEW YORK, May 19 (AP)—Buyers and sellers reached a virtual deadlock in today's stock market and leading issues shifted from one side of the price fence to the other in a sequence of intervals.

Transfers of around 225,000 shares were one of the smallest turnovers for a full session since 1919.

Among stocks doing fairly well most of the time were U. S. Steel, Bethlehem, Youngstown Steel, Standard Oil (N.J.), Texas Corp., Standard Oil of Cal., Amoco, Kennecott, Phelps Dodge, General Motors and United Aircraft.

In the lagging class were Eastman Kodak, American Telephone & Telegraph, Public Service of N. J., Union Carbide and American Tobacco.

Grain and cotton futures rallied when Secretary of Agriculture Wickard said the President "wants basic crops to reach parity this year." Wheat at Chicago was up 1/8 to 2 1/2 cents a bushel and corn ahead 3/8 to 2 1/2.

Table with columns for stock symbols and prices. Includes Am Can, Am Sm, Am T & T, Am Woolen, Amoskeag, A T & S F, Avia, Badall Oil, Bell Steel, Borden, Chrysa Corp, Colman & El, Conoco Oil, Con Can, El Pow & L, Freeport Sul, Gen Elec, Gen Foods, Gulf Oil, Goodrich (RFB), Goodyear T & A, Greyhound Lines, Inco, Int Harvester, Mid Cont Pet, Mont Ward, National Am, Ohio Oil, Packard Mtr, Panhandle, Pennac (JC), Phillips Pet, Sears, Shell Oil, Socoay Vac, Son Pac, S O Cal, S O Ind, S O NJ, Tex Corp, Union Carbide, U S Rubber, W U Tel, Woolworth (FW).

ITALIANS

plains marked with the flag of non-belligerent Egypt.

In the middle east war theater, Britain's struggle was further complicated when General Henri Dentz, high commissioner of French-ruled Syria and Lebanon, called on the Syrians to resist "criminal aggressions" of the British.

"Once again," England sheds French blood," he said, referring to RAF attacks on Syrian airbases. The British declared when the attacks opened last week that German planes flying to aid Iraq were landing at Syrian air fields en route to Iraq.

While affirming that France's Chief of State Philippe Pétain "has no aggressive intentions against England or her empire," General Dentz said he had orders "to defend the sky and land" of the Levant states, and that "the army of the Levant is ready to oppose force with force."

Reports from Beirut said citizens of the United States, Britain, and Palestine had been advised to leave Lebanon immediately.

The British radio quoted a Rumanian broadcast as saying that German infantry was being transported through the Bosphorus, Turkish-controlled link between the Black Sea and the Mediterranean, presumably bound for Syria and Iraq.

Reports from Baghdad, the capital of Iraq, said that the Iraq air force "most effectively" bombed British warships in the Persian Gulf at Basra, and that the British garrison at Habhaniyah airbase, 60 miles west of Baghdad, was cut off from reinforcements.

The Habhaniyah garrison has been under siege since May 2, when Iraq artillery and British troops clashed. Iraq's Premier Rashid Ali Al Ghalibi appealed to Germany for help.

The British garrison has become acute, and Iraq military circles reckoned with early capitulation, it was declared in Baghdad.

Iraq general headquarters reported that British Major John Bagot Glubb, 44, known to Bedouin warriors as "King of the desert" and successor to "Lawrence of Arabia" of world war fame, had been killed in action.

Other advices said Glubb was at a hospital in Amman, Trans-Jordan, with two bullet wounds.

With France taking an increasingly active role in the war, the French announced officially that Germany had agreed to return approximately 100,000 French prisoners of war as one of the first results of French-German negotiations.

The group includes all French non-commissioned officers and soldiers now held prisoner who fought in the 1914-18 World War. Altogether, Germany holds 1,800,000 French soldiers captive.

Authorized quarters in Berlin said an official communique would probably be issued tomorrow outlining the new arrangements between Germany and France. Rumors that Paris would be "freed" of the Nazi yoke and placed in the unoccupied zone were described as unfounded.

The fate of Americans on the S.S. Zamzam still awaited clarification.

Wilks Files Rent Suit Against Berry

Termination of a three-year lease and judgment for \$1,063 allegedly past due as rent, is asked in a case filed in 31st district court here styled W. T. Wilks et al vs. Joe Berry and the First National bank.

Plaintiff claims a statutory lien on bowling alley equipment in the building at 117 N. Frost, described as being located in lot 9, block 16, original town, and owned by the plaintiff, according to the petition.

It is alleged that the lease was in effect for the period October 1, 1938—September 30, 1941, and plaintiff claims that as of May 1 this year, \$1,063 in rent remains unpaid.

In years to come, it may be possible to control weather, and nations may go to war over rights to control vital areas, some scientists say.

O'DANIEL

AUSTIN, May 19 (AP)—Political sources about the Texas capital today confidently believed that Governor W. Lee O'Daniel tonight would "ump into this state's free-for-all contest for the United States Senate."

It did not say even that he had reached a decision as to what to do in the making of which he recently asked the advice and prayers of the people.

His regular broadcast from the mansion yesterday, he followed the same course, merely calling attention to the talk and emphasizing the time.

Nevertheless, although it was realized that the curtain of doubt over the governor's intentions might remain lowered a little longer, the announcement of the broadcast, plainly strengthened the opinion that he was ready to run.

Time remaining for a decision by the governor or anyone else considering entering the race was shortened by an announcement of Secretary of State William J. Lawson that the senatorial race would be held on that day, the state department will certify the names of candidates to county officials for listing on the ballot.

Some weeks ago Lawson set the deadline at two weeks before the date of the special election June 28, but a study of the election law and court decisions caused the alteration.

Already announced were approximately a score of candidates, including Attorney General Gerald C. Mann, national Reps. Lyndon B. Johnson and Martin Dies, and Hal Collins, Mineral Wells business man.

The governor's talk was scheduled for broadcast over three channels, Texas State, Texas Quality and Lone Star, and two individual stations, KRLD of Dallas and KWPT of Wichita Falls.

In action by the legislature last week, those who believed the governor's hat soon would be in the senatorial ring found additional support for their opinion.

Another element in the program was raising additional revenue, and the legislature recently approved a \$22,000,000 tax bill.

Still another measure specified by the governor would make the state auditor appointive by and responsible to the legislature, and would give the executive added powers over preparing the state budget. The legislature has passed a bill providing for the change with regard to the auditor, but not the budget.

The governor also asked that capital punishment and the poll tax as a requisite for voting be abolished. The action by the legislature was not expected to do.

After reminding of his broadcast tonight, Governor O'Daniel yesterday appealed for Texans to aid in raising an endowment to preserve Stratford hall, home of Robert E. Lee, in Virginia. He asked that checks for any amount be sent him, made out to the Robert E. Lee Memorial foundation.

Army Maneuvers Get Under Way

FORT LEWIS, Wash., May 19 (AP)—The United States army's biggest maneuvers since World War days got under way today. The first of more than 25,000 troops left here for California, and war games next month will be the prelude to larger military movements throughout the summer.

Trucks loaded with fighting men and towing field artillery weapons and anti-tank guns began moving out of this, the Pacific northwest's major military post, at dawn, for King City, Calif., midway between San Francisco and Los Angeles, on the fringe of the Hunter Liggett military reservation.

It was the start of the second big migration in American history and the largest the far west has ever seen. It involves the 3rd and 41st divisions and special troops of the 9th army corps area.

Guided by low flying observation planes, whose pilots reported by radio on traffic conditions ahead, the trucks traveled 80 yards apart to allow civilian traffic to make its way more easily past the olive-green vehicles.

Truck departures will continue from Fort Lewis until Friday. The motorized convoy will include more than 3,400 vehicles and carry more than 2,000 men.

The remainder of the troops—non-mechanized units—will go south in 27 troop trains, the first of which will clear here Friday. The vast movement is to be completed by May 29.

The California games will also involve the 7th division, based at Fort Ord, Calif., and special units of the fourth army, commanded by Lieut. Gen. John L. DeWitt. Throughout June approximately 65,000 men will split into two armies and fight mock wars, complete in virtually every detail.

Huge Profits Not Being Taxed, Says Treasury Official

WASHINGTON, May 19 (AP)—John L. Sullivan, assistant secretary of the treasury, today asked congress for a drastic overhaul of the corporate excess profits tax in order to recapture some of the huge profits he said were being made by business out of the defense program.

In a statement before the house ways and means committee, Sullivan said the excess profits tax law passed last fall "has not achieved the objective" of taxing defense profits.

He told of one unidentified firm which has \$250,000,000 of defense contracts and earned 20 times as much in 1940 as in 1939 but would pay no excess profits tax this year under the present law.

"One company," he continued, "whose profits in 1940 were more than 3,000 per cent larger than in 1939 is subject to no excess profits tax whatever on 1940 earnings and this is a company which has thus far received over \$70,000,000 of defense contracts."

In a statement before the house ways and means committee, Sullivan said the excess profits tax law passed last fall "has not achieved the objective" of taxing defense profits.

He told of one unidentified firm which has \$250,000,000 of defense contracts and earned 20 times as much in 1940 as in 1939 but would pay no excess profits tax this year under the present law.

"One company," he continued, "whose profits in 1940 were more than 3,000 per cent larger than in 1939 is subject to no excess profits tax whatever on 1940 earnings and this is a company which has thus far received over \$70,000,000 of defense contracts."

"It appears that only 5 out of 12 large integrated steel companies will be subject to excess profits tax on the income of 1940, although steel companies have in general received huge amounts of defense orders."

Alanned Names Honor Students

ALANREED, May 19—Virginia Ann Odell is valedictorian of the 1941 high school class here, with an average grade of 97. Sallustoria is Elizabeth Bryant, 93.

Miss Odell came to Alanned from Asher, Okla., the first of the school year.

Classified Ads Get Results

LINER

region of French Equatorial Africa, corps headquarters here said today.

The men also took with them one repair truck, one mobile kitchen and a staff car.

Members of the corps volunteered to serve for six months to a year. Their return passage already had been paid.

Although most of the volunteers were self-supporting, some were being maintained by contributions to the organization.

Leader of the group was Francis J. Vicovari, 29, of New York, to whom the dangers of the present war were not unknown.

For his bravery while serving with the American volunteer ambulance corps behind the Maginot line, France awarded him the bold de guerre. At the fall of France he was captured by the Germans and held in a concentration camp for two months.

Two of the drivers, Philip N. Faversham, 33, of Concord, N. H., and Ray Colcord, Jr., 24, of New York, gave up stage careers to join the unit.

Faversham, son of William Faversham, the great musical idol, had played with Cornelia O'Leary Salzman in "Candide" and with Clifton Webb in the Chicago company of "The Man Who Came to Dinner."

Colcord, a graduate of Missouri Military academy, and former U. S. Army aviator, attended the American Academy of Dramatic Arts from 1937 to 1939. He had appeared in "Swinging the Dream" and "Schoolhouse at the Lot."

Others on the list included: John W. Ryan, 21, Newton, Mass., son of George Ryan, an editor of the Boston Herald.

Thundershowers In Prospect Tonight

A pair of showers late Sunday afternoon and night, one at 5:57, the other at 8:35, added .05 inches to the rainfall total in the Pampa area.

Scattered thundershowers were in prospect for tonight, and forecast for Pampa and vicinity reading: mostly cloudy and cooler with scattered thundershowers tonight; Tuesday, fair, moderate to fresh southerly winds.

Maximum temperature in Pampa up to early this afternoon was 70, minimum 60. Sunday's maximum was 79, minimum 56.

Sunday's rain was the eighth May shower, making the monthly total 3.58 inches, annual 8.12.

LONG CHILDHOOD

Sixteen years of the life of a cicada are spent underground in an immature stage. On the 17th year it emerges, sheds its outer covering, and becomes an adult "17-year locust."

NOT DOMESTICATED Although elephants are of great use to man, as work animals, they cannot be called domestic animals, it takes so long for a young one to grow up that it is cheaper to catch wild ones.

Japs Believe U. S. Soon To Enter War

TOKYO, May 19 (AP)—The Japanese press declared today that the United States participation in the war is only a matter of time, while unofficial but competent observers asserted Japan's position was one of waiting for President Roosevelt to move.

Giving emphasis to the newspaper comment, these observers said that Japan was a partner of Germany and Italy in the three-power Axis past and that she must abide by her obligations should the occasion arise.

The press chorus could be best summed up in the words of the newspaper Kokumin: "Japan's attitude is very simple. All depends on what America is going to do. Regardless of Japan's possible declaration of war, it is quite natural for Japan to extend every material aid to the Axis. Whether war be declared or not is a secondary matter."

How members of the Axis might meet any new world situation—particularly with reference to the newspaper Kokumin: "Japan's attitude is very simple. All depends on what America is going to do. Regardless of Japan's possible declaration of war, it is quite natural for Japan to extend every material aid to the Axis. Whether war be declared or not is a secondary matter."

Dies Proposes To 'Shock Nation' In Announcing Names

SAN ANTONIO, May 19 (AP)—Representative Martin Dies said today that the names of prominent men on the list of Communists and communist sympathizers among federal employees, which he proposed to make public, will shock the nation.

Dies, who is as present campaigning for the United States Senate to fill the seat made vacant by the death of Senator Morris Sheppard, met a group of friends and campaigned workers here this morning. He lunched with members of Alamo Post No. 2 American Legion.

The congressman, who is chairman of the House investigating committee on un-American activities, said that the list of government employees which he will publish is being compiled from the membership lists of Nazi and Communist organizations in the country. Also being scrutinized, he said, is a list of persons in government employ who own bonds of the Soviet Union and do not own United States bonds.

Pampa School Board To Meet Tomorrow

The Pampa school board will meet in special session tomorrow morning at 10 o'clock when bids for new furniture for the high school will be opened.

A display of samples of class room furniture, auditorium seats, cafeteria equipment and other furniture will be placed in one of the rooms in the new building.

Bids from some of the largest furniture companies in the nation have been received.

They That Take The Sword

It is doubtful if any leadership, giving the command for the first shot of an aggressive war, ever envisions a long-drawn and bitter combat. Naturally, the aggressor believes himself vastly superior, or he would not start the fight at all. He conjures up a pleasant picture of a short, snappy campaign in which the enemy is vanquished with a minimum of casualties, his objective is attained, and the whole nasty business wrapped up and delivered on schedule.

Such a war was the Franco-Prussian war of 1870—a single month's campaigning, from Aug. 2 to Sept. 2, complete victory, finish, Bismarck had every reason to be satisfied.

But it doesn't often work out that way. All too often he who draws the sword expecting quick and easy victory, lets loose forces he never expected to see unleashed. Thus Japan, still referring to the "China incident" after four years of bitter and exhausting warfare on the grand scale, is using the term it expected would apply. Probably only an "incident" was planned—a quick sweep which would defeat the Chinese military, throw the country into chaos, out of which Japan would raise a puppet state to administer in her own interest as much of China as pleased her. She roused instead the sleeping dragon, created a new China, and has not yet seen the end of the difficulties which may stem from what was intended to be an "incident."

So Germany. Hitler had ample reason to expect that a quick surgical operation could be performed on Poland, with Russia holding fast the other end of the scissors and the rest of Europe paralyzed into inaction. Instead the British and French rose in defense of Poland, and conquest has had to follow conquest in an endless succession, while the war which started so modestly with the obliteration of Poland, spreads wider and wider across the earth, with no foreseeable end.

Perhaps it is thoughts like that which filled the mind of Rudolf Hess, and caused him to view with blank dismay the consequences to European civilization of what was probably thought two years ago as "the Polish incident."

Perhaps Hess thought too often of those terrible words: "Put up again thy sword into his place, for all they that take the sword shall perish with the sword."

Perhaps Hess has thought too often of that other time, only 20 years ago, when Germany started swinging the sword, and perished with it.

Perhaps he saw a vision of a long, long road to a European Gettysburg that was far different from the quick, flashing blitzkrieg of 1939.

Perhaps the bright prospect of rule by Germany became obscured by the dismal alternative of ruin for all Europe.

Behind The News

By PETER EDSON

The Pampa News Washington Correspondent WASHINGTON, May 19—Some consideration being given to the idea of freezing the \$150,000,000 worth of German assets now held in the United States, adding this little nest egg to the \$450,000,000 of this country's assets owned by the nationals of the 14 nations Hitler has taken over, there should be corrected the erroneous idea that when this freezing takes place, the money is put in a bank and left there till something else freezes over.

In the first place, these assets aren't all money. They may be stocks and bonds, or they may be real property like apartment houses, or they may be businesses like drug or optical manufacturing establishments, or importing houses or agencies for the wholesaling of French perfumes or Yugoslavian opium. The point is that all these assets don't have to be converted into cash and the cash stuck off in a safety deposit vault.

Business As Usual All these businesses are allowed to carry on pretty much as usual. If they make a profit on their operations, that's all right too. The only restrictions are that the profits or proceeds can't be sent back to the occupied country where they might be seized for the benefit of the Nazis.

The U. S. treasury doesn't attempt to run these businesses, either. The treasury has enough headaches of its own and you wouldn't call this foreign-owned property control an aspirin. Management of frozen assets is left where it was before the freezing took place, subject only to licensing and control of the treasury regulations. In this respect, the freezing differs entirely from the work of the Alien Property Custodian, in the last war when physical control and management were taken on all enemy assets.

The present treasury control costs the owners of the assets nothing. It will cost the treasury nearly \$2,000,000 to exercise this control in the next year, but the government considers this money well spent as it prevents the dumping of these assets on U. S. markets and as it prevents these assets from falling into the hands of Germany through Nazi pressure on residents of the occupied countries.

An interesting contrast, not a parallel to this situation, is the case of what has happened to American capital in Germany. U. S. nationals own about \$200,000,000 assets in Germany, \$50,000,000 more than Germans own here. Ford, General Motors, Singer Sewing Machine, Woolworth, International Telephone & Telegraph, Electric Bond and Share and Union Carbide are some of the biggest. Of course, those firms haven't been able to get a dime out of Germany since Hitler. In most cases, the plants are undoubtedly at work on German war orders today through outright

Common Ground

By R. C. HOLLES

This column contends there can be no satisfactory program until we measure the share of each man by the common yardstick of the God-given right to create and enjoy surplus value also has a right to create and enjoy.

THE REAL MEN WHO RAISE WAGES The man who always causes the wages of all workers to be gradually increased is the honest, dependable worker who will make a promise as to what he will do and will live up to it. He is the man who really makes it possible for wages to constantly increase. This is because he has respect for the equal rights of all other people. This permits capital to accumulate; it permits men of genius with new ideas to finance these ideas and produce; this makes it possible for each honest worker to produce more.

If it were not for workers who could be depended upon and who would agree to do a thing and live up to his word, there could be no great production; there could be no high standard of living. These dependable men increase wages, in contrast to the workers who believes that wages can be raised by strikes and who will not agree to establish wages by allowing all workers to participate in establishing their value.

This latter class of workers will not make any commitments to do any particular thing. And commitments are absolutely necessary in any progressive, civilized country. They are the foundations of culture and civilization.

The dependable worker is the worker who thinks he is no better than his fellowman; that he is not entitled to more for the service he renders than his fellowman is entitled to. This is the real worker who causes wages to increase. This humble, honest worker, this meek person, is truly a follower of Jesus. He is the person who every time he produces something, benefits every other worker producing other things. This is what the workers, who believe strikers benefit workers, fail to understand.

Even if the humble worker does not understand how beneficial he is to the other workers and thinks that he is only taking care of himself, he is in reality taking care of every other worker in the world, whether he knows it or not. This is known by every man who has made a careful enough study of the cause of wage increases that he can answer questions without contradicting himself.

Only people who talk and cannot answer questions, fail to understand how this worker benefits all others.

The Nation's Press

TIME TO ACT

(Los Angeles Examiner)

For several weeks—since the death of Senator Sheppard of Texas left the place vacant—Senator Robert R. Reynolds of North Carolina has been acting as chairman of the Senate military affairs committee.

The reason why Senator Reynolds is the ACTING chairman is that he is the RANKING Democratic member of the committee.

Under the established rules and traditions of the Senate Mr. Reynolds should become the REGULAR chairman IMMEDIATELY.

He would thereby occupy the office PERMANENTLY in the same way as the late Senator Sheppard did by SENIORITY and PROMOTION.

The great value to the country and to Congress of this method of filling chairmanships is that it removes these important positions from petty jockeying and political trading and that it makes for party responsibility, while at the same time giving the nation the benefit of years of experience and specialized knowledge which necessarily the RANKING PARTY MEMBER of an important committee must have acquired.

In almost every instance in the entire history of Congress, chairmanships have been filled in this orderly way—automatically, as it were, and, in nearly all cases, satisfactorily.

Why, then, has not Senator Reynolds received the chairmanship which he has earned and has qualified himself to hold?

One reason is that he has earned the ill will of radicals and Communists by endeavoring to rid the country of dangerous and criminal aliens; by defeating repeated attempts to sabotage our immigration laws; and by sponsoring proposed legislation to make the existing law more effective.

Another reason is that Senator Reynolds has incurred the enmity of interventionists and pro-war advocates by laboring to keep the country out of foreign wars.

Senator Reynolds' formal appointment to the chairmanship of the military affairs committee must be made by the Senate steering committee.

Pressure has been sufficient to induce the steering committee to delay taking the appropriate and customary action, obviously in the hope that continued propaganda and pressure will influence the Senate to scuttle its own rules and deprive Mr. Reynolds of his right and opportunity to serve America.

This radical-political-pro-war effort CAN BE DEFEATED, and WILL BE DEFEATED, if those Americans who want America to STAY OUT OF THE WAR exercise their rights of free speech and free opinion and notify the Senate of their desires.

But if the people do not care, why should not their servants betray them?

plant seizure. SMALL FRY EXEMPTED When the assets of any nation are frozen in the United States, what happens first is that word goes from the treasury foreign funds control office, under Assistant Secretary John W. Pehle, to the 12 Federal Reserve Banks. These banks notify their member banks, brokers, agents and others dealing in foreign exchanges that assets of these foreign nationals must be scheduled with the Federal Reserve Bank within 90 days. Owners of assets less than \$250 are exempted, as are the foreign nationals who are resident and domiciled in the United States.

All others, however, are licensed for 90-day, renewable periods to carry on their business, spending so much money a month in the several categories conforming to the type of business they had been doing. Reports must then be filed to show how the money was actually spent.

Efforts have been made to reduce as much as possible the red tape. All these negotiations are necessarily complicated, but as the activities in foreign funds control progressed, it became apparent that there were a number of standardized transactions which could be adequately controlled by general licenses.

It is a tremendous job, this freezing of assets. Starting with a small force in the treasury, the foreign funds control force has grown to over 160 in Washington. For offices it has taken over a whole floor in the big Raleigh hotel with an option on space in two more floors.

No wonder it's hard to get a room in Washington these days.

WHAT NEXT?

Around Hollywood

(Lucie Neville is pinch-hitting for Paul Harrison, now touring army camps and defense industries.)

By LUCIE NEVILLE NEA Service Staff Correspondent HOLLYWOOD, May 19—Of all the players who are indelibly typed in pictures and the minds of fans, none struggle more strenuously against their secure and highly-paid fate than the butlers.

"And at the same time that we're trying to break away from our door-opening and 'Yes, Madam' roles," observed Ernest Cossart, "we're congratulating ourselves on being constantly in demand and on our long engagements."

"Nine times in 10, the butler in a picture stays on salary from the first day to the end of shooting. In 'Sky-lark' because I'm the butler, I was on salary as long as Claudette Colbert and Ray Milland were there. It's nice work—and I can get it, but I keep on looking for other kinds of parts."

JARRED BY CRITICS Away back in 1910, Cossart played a butler on the stage and drew a couple of unfavorable comments from reviewers. After that he dodged such roles for 25 years, but one came along in 1935 that he welcomed. It was in "Accent on Youth," and next to the butlers of "Ruggles of Red Gap" and "The Admirable Crichton," it probably was the best job of butling ever offered by the theater.

It brought him to Hollywood for the film version and for two years he played nothing but butlers. Alarmed by such typing, he finally gave notice to the casting directors that he'd accept no more butlerly jobs. Among the varied roles that followed was that of Ginger Rogers' hard-drinking father in "Kitty Foyle." Then "Sky-lark" came up and Cossart's resolution weakened. By the time it's released, he will have butled in a couple of more films.

In about one-third of all pictures produced, there's a butler somewhere, many very important dramatic or comedy chases, but all the jobs are divided among about a dozen actors. Only seven of those are definitely typed as butlers and are familiar to the public by face and name.

MIXED TYPES The specialization, however, goes much further than that. Ernest Cossart, for example, never would dream of playing an Eric Blore type of butler; Blore never competes with Arthur Treacher—and so on.

Hallwell Hobbes and Wyndham Standing enact butlers with straight dignity, but give an impression that they'd like to unbend. Treacher is all disdain and condescension. Robert Greig is a ponderous, waddling symbol of upper-crust pomposity. Blore is a sputtering, perpetually insulted butler who chews up his words. Barnett Parker is the goofy, comedy type. Franklin Pangborn plays butler when a prissy one is needed.

Cossart, middle-aged and portly, gives it straight. His characters give an impression of sympathetic intelligence and a good but restrained sense of humor. He's proud of an mail sent him by reviewers who consider him a credit to their profession.

The stuffy, dead-pan demeanor of butlers makes them handy instruments for scenario writers. Especially lazy writers. It's a cinch to fan mail sent him by reviewers who consider him a credit to their profession.

Ben White, longtime Pampa resident, and former fire chief, was appointed head of the fire department to succeed Clyde Gold, who resigned.

Three-Legged Calf Fast MARS HILL, N. C., May 19 (AP)—Thomas Tweed has a three-weeks old calf with only three legs. He'd like to put it in a pen but he hasn't been able to lay a hand on the animal.

"That's the runningest critter I ever saw," Tween said. "The calf, normal except for a missing front leg, can outrun anything in the pasture."

he's one of the murder suspects. Eric Blore hoped for years to escape, and came close to it as a styaner in "The Lady Eve." In "Road to Zanzibar" he was just a nasty crook. He got back to butlering, and on the right side of the law, in "New York Town," with a better role.

People You Know

By Archer Fullingim

The blue ribbon rose gardener of the town to date is Clarence E. Lovelless whose rose-covered cottage is at 318 east Foster. Clarence goes in for aristocratic roses with velvety petals and super-super fragrance, and you'll find the best varieties in his gardens. He has scores of rose bushes in his garden and along the walk, and all of them are blooming now. A climbing rose over a window has a unique shade of scarlet. Clarence likes for people to get out and look at his roses, and if you feel so inclined you have his permission to stop and look at his roses and walk all the way around the house. Clarence is justly proud of his deep red roses and his white ones.

Foster Fletcher made quite an interesting job to the north yesterday in search of pictures. Alone, he piloted his Aeronca 65 to the mountains of northern New Mexico. He flew over snow-covered Mt. Wheeler which is around 14,000 feet high and took some shots, and then set down at Dr. Overton's ranch which is 22 miles from Eagle Nest.

Landing on the sloping terrain at the ranch is far more of a job than it sounds. Fletcher made shots of the ranch and of the surrounding mountains. He had to climb to 14,000 feet, the exact ceiling of the plane, to get over the mountains, and coming home he had to climb to 9,000 feet to get over a duster.

He had quite a time finding the ranch. He was on the look-out for Black Lakes but everywhere he looked he saw a lake. Finally he saw the red roofs of the ranch houses.

Congratulations Junior high on an interesting, attractive annual. It's quite an accomplishment for a junior high school to put out an annual like that one.

Lucy took it gracefully. She had tried to get a job in an honest way, but it was silly not to use political pull if you had it. Her brother had helped to elect the senator. Perhaps her brother was smarter than she thought to go in for politics.

The receptionist did not even take her letter. Just indicated a seat in an office already crowded with weary waiters. A few would be taken into the private office at a time. From a cross little blonde, Lucy learned.

"They give you a test in there, see. They read at you faster than you can think. You're supposed to get it down and transcribe it without error. It isn't enough to be out of a job. They want to make you feel like a nit-wit as well. The salary will be \$12 a week, if you're perfect."

Lucy looked around and everybody in the room had a letter with an embossed blue eagle. The senators were different, but the letters the same. Political pull, everybody in Washington has it, thought Lucy.

Dry holes and plugged oil wells in Texas last year totalled 2,846.

Texas has nearly one-fourth of all the producing oil wells in the United States.

Texas oil producers now pay the highest average tax per barrel of any state in the union.

Texas oil and its products pay each year over \$100,000,000 to Texas state and local governments.

"What are you afraid of? We got a convoy, planes, and everything!"

THE LOOKING GLASS

POLITICAL PULL By Stella Hault

Back such a little way in years, and such a long way in events, a healthy young American could go anywhere on the globe. An American could make a living in odd corners of the world just by knowing English. Then came the tightening of the fences, restrictions on foreigners and the gradual return to the native land.

Came Lucy Graham of Arkansas fresh from an ill-paid job in Paris. She came back as a carefree as she left. She hadn't earned much money in her five years abroad but she did think her French and Italian ought to help her find a job. There are many things you learn in five years abroad that help you to enjoy life and Lucy felt her sojourn had been very worthwhile.

But back in America there was an alarming seriousness about job hunting. You had to fill out blanks, be cross-questioned about your jobs and be told that your experiences didn't fit any useful pattern. What cared the American business man that Lucy knew all the rooms and all the pictures in the Louvre.

Then Lucy became indignant and decided to go and see the Senator from Arkansas. She wasn't going to be pushed around in her own country.

The senator was gracious. That was a blessing and a relief from the job business men treated you like just told him her troubles as one Arkansian to another. She had lived abroad because she thought it a part of her education and now she was home and needed to find a job.

The senator didn't ask silly questions. He sat right own and dictated a beautiful letter. He recommended Lucy to such and such a department. He vouched for her unusual abilities, her loyalty, her background, and ended in a fine flourish by stating that her family contained the leading Democrats of Arkansas. That was stretching a point, but at least it sounded impressive.

The letter had a beautiful embossed eagle on top. Lucy took it gratefully. She had tried to get a job in an honest way, but it was silly not to use political pull if you had it. Her brother had helped to elect the senator. Perhaps her brother was smarter than she thought to go in for politics.

The receptionist did not even take her letter. Just indicated a seat in an office already crowded with weary waiters. A few would be taken into the private office at a time. From a cross little blonde, Lucy learned.

"They give you a test in there, see. They read at you faster than you can think. You're supposed to get it down and transcribe it without error. It isn't enough to be out of a job. They want to make you feel like a nit-wit as well. The salary will be \$12 a week, if you're perfect."

TEX'S TOPICS

By Tex DeWeese

ONE of the glorious pages of the war is the record of American correspondents in their effort to report truly to Americans what is happening in the whirlwind conflict. . . . In their relentless pursuit of the elusive truth, they have given life itself, suffered wounds and privations. Webb Miller, United Press European manager, died in a black-out accident. Ralph Barnes of the New York Herald-Tribune crashed to his death in a British plane in the Balkans. Leigh White, CBS, and Robert St. John, Associated Press, were wounded in escaping from Yugoslavia. Others have had miraculous escapes from bomb and shell, and have suffered every kind of intense privation and hardship.

In almost every case they have gone far beyond what they necessary merely to hold their jobs. They did it because there was in them a fire that burned to learn and tell the truth. To all of them America owes a debt. They are writing every day a story of high and unswerving devotion to a cause as high and exalting as any cause—the service of truth.

"MOST" traveling salesmen use autos now. . . . Why wouldn't it be a good idea for a sentimental salesman to own some pigeons? . . . He could take them along on trips and every now and then release a pigeon carrying a message of love to the little lady at home. . . . Well, maybe it isn't a good idea, but it's different, isn't it? . . . William Lyons Phelps is picking outstanding villains of literature, naming Iago in Othello, Pew in Treasure Island, Capt. Bligh of the Bounty, Satan in Milton's Paradise Lost and Chillingworth in the Scarlet Letter. . . . Is the Bible literature? . . . Then how about Judas? Also how about Bill Sykes in Oliver Twist? Bill was so bad even his dog deserted him in disgust.

Time is too slow for those who wait, too swift for those who fear, too long for those who grieve, too short for those who rejoice, but for those who love Time is not.

That sundial motto quoted in answer to request. It's an excellent one. But we like even better, also by Van Dyke: "Hours fly, flowers die. New days, New ways, pass by. Love stays."

"ALLEGED Liqueur Seller Caught"—headline. "Alleged liqueur" probably is a perfect description. . . . Judging from divorce figures, this is not only the home of the brave but the land of the freed. . . . Clocked politicians figure it will all come out in the whitewash. . . . One sure way to leave footprints on the sands of time is to get out and dig. . . . Doing a good job is the best fire prevention.

The War Today

By DEWITT MACKENZIE

The surrender of the Royal Duke of Aosta, Italian Viceroy of Ethiopia, with his beleaguered force in its mountain-top fastness northeast of Addis Ababa comes at an opportune moment for the British in view of the great Axis offensive developing in the near and middle east.

The capitulation of this contingent of from 35,000 to 38,000 Italian and native troops not only brings the allied clean-up in Ethiopia close to a successful conclusion, but it will release a considerable British force for use elsewhere. Additional soldiers are badly needed by Commander-in-Chief General Wavell to meet the new Axis threat.

This easement in the Ethiopian situation may give Wavell the relief necessary for the inauguration of an offensive against the German-Italian expeditionary force which is sparing for an opening to invade Egypt from Libya and reach the Suez Canal. Of course, Wavell has a complicated problem on his hands, but one would expect him to pursue the strategy of striking at this Axis force before the Germans can get set in the middle east to smash at him from that direction.

If Wavell is unable to make an attack against the Libyan expedition now, he soon will find himself under heavy pressure from a pincer movement, and trying to face both ways at once. As things stand now, the Germans haven't a chance as yet to get set in Syria and Iraq, though they may be expected to move fast in the accumulation of warplanes with which to cooperate with the Axis force in Libya.

There have been indications that General Wavell was preparing for just such an attack against Libya in an effort to duplicate his sensational victory over Italian Marshal Graziani's army. Could he achieve this he obviously would be in a much better position to meet the undoubted danger which is threatening from the east.

Therefore, it wouldn't be surprising to see the British strike at Libya at almost any moment, unless their position is much weaker than has been represented by the high command.

It is, of course, the bad time of year for fighting in the desert sun blazing under a terrific heat and sandstorms sweeping the Astea, but military operations can be carried out.

The British situation has been rendered more difficult by developments in French North Africa. The government of Syria maintains its act in the Nazi-French armistice terms in allowing German warplanes to use its airbases in transit to Iraq to fight the British. Moreover, the action of the British in bombing Syrian airbases resulted today in the issuance of a proclamation by General Dentz, French high commissioner, calling upon the people to resist the "criminal aggression" of the British.

General Wavell is put in the tight position of seeing the Germans use Syria as a highway to pile up forces to attack him, while he is unable to offer resistance without making an open and bloody breach with the French. If this affected Syria, debate there might not be much debate as to what his action should be, but the moment he acts against Syria in a big way he runs the danger of pushing the Vichy government into even further cooperation with the Germans.

SERIAL STORY

THREE TO MAKE READY

BY W. H. PEARS

COPYRIGHT, 1941, NEA SERVICE, INC.

YESTERDAY Paula and Tony are determined to get Chris out of trouble. They call the help of Dr. Lud, who explains that Kilo's such a big heavy Sherwood, is looking for an excuse to oust Dr. Van Horn, replace him with a hand-picked politician. If the League-Fraternity fight continues, Sherwood will see that. So Paula and Dr. Lud surprise Paula by telling her that Tony loves her. She knows it, but Tony loves her.

PAULA TAKES A TRICK

CHAPTER VI
"IT'S NOT true, it's not true," Paula told herself over and over. "Why, Tony would laugh at the idea!"

For hours she had been tossing restlessly on her bed, trying to erase Dr. Lud's words from her mind. But the more she thought about it the less sure she was. Had she been so blinded by love for Chris that she couldn't see how Tony felt?

Paula sat up in bed, moonlight silencing her slim shoulders. Memories pushed in on her—the eager way Tony's fingers sought hers; the wistful light in his brown eyes when she caught his gaze on her; his stubborn refusal to date any of the Gamma Tau girls.

It all added up; Paula couldn't deny that. She buried her face in her pillow, and a fierce determination came over her never, never to hurt Tony.

THE next morning was cloudy and cool. Paula put on the blue wool dress Chris liked so well. She hid the ravages of her sleepless night with make-up and set off across the campus. She hoped she didn't look too much like a huntress, for her mind was made up to snatch Chris away from Kilo even if she had to club him.

She caught glimpses of Tony during the day, but she managed to avoid conversation with him. Late in the afternoon she met Chris strolling across the campus.

"Hey, wait up for a gal," she called to him.

Chris turned, an unreadable expression in his fire-blue eyes. Paula couldn't tell whether he was glad to see her or not.

"Hi, Paulee. How're things and stuff?"

"So, so, podner," Paula drawled. "How's the lone ranger?"

"It's exam time, Paula," he replied. "Old Christopher grindeth his wits."

Paula sensed the apology in his voice, but let it pass. "How about buying me a coke for old-time's sake?"

"Well . . ." Chris rubbed the end of his nose in embarrassment. "I'd like to, Paulee, but I've already promised . . ."

Paula said lightly, "Oh, well, in

that case . . ." But a lump rose to her throat, a lump composed one part of anger and one part of hurt. "Some other time."

"Hey, wait, pal," Chris said, catching her arm. "Don't be like that. I'm not standing you up, honest. Meet me tomorrow afternoon, will you?"

Paula's pride wanted to snap a crisp "No!" at him, but her heart would have none of it. "If you really want me to, Chris."

"You betcha, Paulee!" He flashed his reckless grin at her in the old familiar way. "So long."

AT the house a letter awaited her, a letter which she took along when she went to meet Chris the next afternoon.

In no mood to talk over the din of a juke box, Paula vetoed the Sweetland and suggested a walk along Tinker's Creek. With the sunshine warm in her hair and Chris moving long-strided at her side, Paula's confidence returned.

They walked nearly a mile without saying much, then Chris dropped himself on the bank of the creek and said, "What is this, Paulee, a marathon?"

Paula found a place by his side. "Sissy!"

"Been seeing Tony?" Chris asked casually.

"Some," Paula replied, hating to shatter these precious moments with more serious matters. "We had a talk with Dr. Lud the other night."

"About what?" Chris demanded. "I never could see why you and Tony always idolized that guy."

"He's honest, Chris," Paula said, remembering with a pang Lud's warning about Tony. "When he tells you something you can believe it."

Chris scowled. "Such as?"

"The League," Paula burst out. "Chris, did you ever hear of Big Barney Sherwood?"

"I've not only heard of him," Chris boasted, "I've met him. He was up to see Kilo and he let me drive his 12-cylinder car. He's a real guy, Paulee. Nobody tells Big Barney what to do."

PAULA'S heart sank. How could she ever make Chris see the truth—that Big Barney was an unscrupulous politician and not a man to be admired like Dr. Van Horn or Dr. Lud?

"Chris, will you listen to the truth about Big Barney?"

"How do I know it's the truth? A lot of crazy rumors don't mean anything."

"Then you've heard them?"

"Oh, sure, all this stuff about Big Barney trying to give Van Horn the boot so he can put in his own man and do a little grafting

on the new buildings. Kilo says that's all hokum."

"Chris, don't you see? The League's trying to put Dr. Van Horn on the spot!"

"So what?" Chris demanded. "Van Horn's an old fogey. Big Barney'll hire someone that'll take the fraternities down off their high horse."

Paula said scornfully, "And you're working with Kilo to put over a dirty deal like that?"

Chris chuckled. "Now don't get yourself in an uproar, Paulee. The League's out to get the Greek-letter outfits, not Van Horn."

"That's what you think, but you're being used as a fool," Chris got to his feet, his mouth tight-drawn. "I think we'd better be going back, Paulee."

"No, wait, Chris," Paula caught his sleeve and pulled him back. "You're only being stubborn. You don't care anything about the League. It's just a lark for you."

"Maybe it is," Chris admitted. "But I get a boot out of it, and I can't see any harm in—"

"That's just it; there may be harm. I know you, Chris. You'd hate yourself if you got mixed up in some political mess." Tears filled Paula's eyes. "Think of Tony and me. We're your friends. We care a lot what happens to you."

"Why, Paulee . . ." His big hands were gentle on her trembling shoulders. "I—I never saw you like this. What's the matter?"

Paula thought, "Oh, Chris, why must you be so blind!" Aloud she said, "It's nothing, Chris. It's just that I'm afraid for you. You're such a grand person and I—I mean, oh!" She buried her face in his coat and sobbed.

PAULA fumbled in her pocket, brought out the letter. "Read it."

A moment later Chris handed it back to her. "You—you did this for me, Paulee? Why?"

"Because—because . . . oh, I know you can write, but you'll need practical experience. Dad does business with this big New York publishing house. I told him if he could find an opening to let me know, Chris, I'm sorry if I've meddled, but . . ."

"Will they try to boss me a lot?"

"I—I'm sure they won't, Chris. If they do you can quit. But don't you see, if you get into trouble here Dad can't recommend you for the job?"

Chris took a deep breath. "Maybe it's worth a try, Paulee. Then you'll give up the League?"

Chris said softly, "I think you're a very swell girl."

"Oh, Chris . . ."

(To Be Continued)

Flashes Of Life

(By The Associated Press)

PHILADELPHIA—It took firemen to retrieve Policeman George Dougherty who had retrieved Mrs. Daniel F. Fairbanks' retriever, "Rowdy," from a storm sewer.

Dougherty went to the rescue when the cocker spaniel darted into the open sewer to get a ball which some boys had tossed.

The pit was 11 feet deep, and after the officer handed up the dog, he had to ask for firemen to lower a ladder so he could get out.

TRENT, Ore.—Someone must have liked the community church sermon especially well.

Among nickles and dimes in collection plates was a \$100 bill.

If it was dropped in by mistake, the claimant will have to take an oath that it was his.

LEWISTON, Idaho—A landoffice business by merchants saved straw hat day from a complete washout.

The parade was rained out.

The mayor forgot to show up for a straw hat coronation.

A machine broke down while freezing a straw hat in a cake of ice for a guessing contest.

But it was a great day for umbrella sales.

Many Youths Enlist Lately In Air Corps

Since the lowering of the requirements for enlistment in the regular army air corps, states Major Jesse U. B. army recruiting officer for this district, there have been many young men with only an eighth grade education who have succeeded in passing the war department test and thus were acceptable for this branch of the service.

Most of these young men chose for their assignment, the 14th Pursuit Group, March Field, California, although there are also vacancies at the Air Base Detachment, Fort Sill, Oklahoma, and for the Photo Group, Lowry Field, Denver, Colorado. Applicants for enlistment in the Photo Group must desire photographic training.

The majority of the young men who enlisted this month have decided to take the airplane mechanics course through the air corps technical schools, open to any enlisted man of the air corps, for these young men quickly realized the value that such training will be to them in later years in air transportation.

Applications for enlistment in the regular army air corps can be made at the nearest army recruiting station where young men without a high school diploma will be given an opportunity to take the war department test.

AFL Threatens To Break Picket Lines Of CIO In San Francisco

(By The Associated Press)

Striking AFL and CIO machinists of 11 San Francisco bay area shipyards faced today a threat by AFL unions to break the picket lines unless the walkout ended.

The Bay Cities Metal Trades Council voted yesterday to send 15,000 workers past the pickets to resume production on \$500,000,000 of defense orders. Action was deferred, however, until after a meeting tomorrow night at which Governor Culbert L. Olson will appeal to the strikers to get back on the job in the interest of national defense.

The AFL machinists union, a member of the council, was not represented at the meeting which resulted in the decision to breach the picket lines. John Frey, international head of the AFL's metal trades unions, said the other 15,000 workers would return to work regardless of anything that happens at the meeting of the machinists and the governor.

To this a representative of AFL machinists replied that they would make no attempt to keep men from returning to work, but he said it was impossible to build ships without machinists. And Mervyn Rathbone, CIO official, said the CIO would be "mobilized" against any attempt to pass the pickets.

The machinists want \$1.15 an hour and double pay for overtime instead of \$1.12 and a half as provided in a new master contract intended to cover all union labor in the yards.

Week-end developments eased tension in the anthracite and bituminous coal fields, where work stoppages had been threatened by CIO's United Mine Workers of America.

The UMW ordered its 100,000 anthracite miners out of the shafts today to support demands for a \$1 increase in the basic daily wage of \$4.62. But yesterday a tentative agreement was reached which the chairman of a union-operated conference at New York predicted both sides would sign. Terms of the agreement were not disclosed.

UMW's threatened renewal of a work stoppage in the eight-state Appalachian soft coal fields, to enforce a demand that Southern operators sign a new contract, was postponed indefinitely in favor of continued negotiations.

The union wants a \$1.40 a day increase in the Southern wage rate of \$5.00. Non-union operators have agreed to a \$1 increase, making their day rate \$7 a day.

The defense mediation board predicted yesterday that both coal and shipyard disputes would be settled soon. It also made a progress report saying that since it received its first case March 27, 628,833 workers either had returned to defense jobs or deferred walkouts as a result of board action. This figure did not include 1,159 employees of the Allis-Chalmers Manufacturing company at La Porte, Ind., whose walkout was settled by the board Saturday.

Registrants Must Notify Draft Board Of Address Changes

The often used admonition to selective service registrants that they must notify their local boards promptly of any change of address or become liable to severe penalties, was repeated today with a new slant by the state selective service director.

General J. Watt Page points out the situation that has arisen:

Some local boards have been so zealous in reporting cases of non-notification of changes of address that investigations have taken up a large part of the time of local boards as well as of the department of justice.

Most cases have been found to be due to ignorance of the law or carelessness on the part of registrants. It is the policy of the G-men and the selective service system to be lenient in cases where there is no willful intent to violate the law.

To remedy this situation, the state director has ruled that local boards use every means of investigation in such cases and then wait a reasonable length of time before making complaint to U. S. attorneys and the department of justice.

Nevertheless, the director again sounds the warning:

It is the duty of every registrant to keep his local board advised at all times of the address at which mail will reach him without delay. Any registrant who fails to conform to the selective service act and regulations, is liable to punishment "by imprisonment for not more than five years or a fine of not more than \$10,000, or both such fine and imprisonment."

Rose Holds Inside Track For Classic

INDIANAPOLIS, May 19 (AP)—Mauri Rose, of Indianapolis, a defense factory worker, holds the honored pole position, inside in the front row, for the start of the 500-mile automobile race on Memorial Day.

Rose, who is employed in the Allison Airplane Engine plant, grabbed the favored spot over the week-end as qualifying trials filled 18 of the 33 places in the starting lineup.

Other trials will be held on Wednesday if six drivers signify their readiness by 6 p. m. today; next Saturday and Sunday if they do not.

To qualify, a car must go 10 miles at 115 miles an hour, but only the 33 fastest will get in the race.

Rose won the pole post by turning in the best speed—128.691 miles an hour—on Saturday, the first day for qualifications. Eleven other drivers qualified that day and six more yesterday.

En route to roadshows and exhibitions, many wild horses die of heartbreak, due to captivity, according to an expert.

McLean Presents Diplomas To 53

Special To The NEWS

McLEAN, May 19—Thirty-three seniors received their diplomas presented by Mr. E. L. Sitter, president of the McLean Board of Education, Friday night, May 16. The exercises were held in the high school auditorium.

A brass chorus played the professional directed by Jerry Newman; invocation, Rev. Paul Brock; vocal solo, "America I Love You," Frances Sitter accompanied at the piano by Eric Fulbright; valedictorian, Oran Back; salutatorian, Evonne Floyd.

Violin solo by Robert Gibson accompanied by Eric Fulbright at the piano; address, Mr. Ralph Randel.

For four years an unknown citizen has given a student in McLean High school a music trophy each year. This is the student who makes the most improvement in music during the school year. This year Bernard McClellan won the trophy.

Evonne Floyd's name was placed on the Balfour plaque at McLean this year. This is an honor that any student would be proud of. The plaque hangs in the halls of McLean High school and each year an outstanding pupil's name is placed on it.

The class colors are red, white and blue; its flower, American Beauty rose; motto, "In God We Trust;" graduation gowns, navy blue with a red, white and blue tassel.

Graduates Listed

Members of the class are: Oran Back, Evonne Floyd, Mary Alice Ledgerwood, A. honor roll, Paul Bond, Jewel Allen, Naomi Hancock and Hazel Smith, B honor roll.

Other members of the class are: Sonny Boy Back, Melvin Bailey, Elva Blankenship, James Bonner, Roy Lee Bonner, Jr., Dale Burch, Madge Burrows, Margaret Combs, Monroe Combs, Bonnie Cumble, Oleeta Cunningham, Maxine Goodman, Amos Hamner, Carroll Holmes, Frances Hudzietz, Maxine Little, Leo McDonald, Elaine McPherson, James Montgomery, Wanda Phillips, Emma Reneau Kuykendall, Cleo Shelburne, Bob Sherrod, Ida Mae Stenock, Alvin Smart, Opal Tedder, Bennie Mae Wade, Spons. Jewell Cousins and Vergie Hall; principal, O. W. Cunningham; superintendent, C. A. Crier.

The senior class left Saturday morning for its annual senior trip to Carlsbad Cavern, there to spend a week.

NAVY COMMISSIONS SECOND NEW SUPERDREADNAUGHT

The 35,000-ton battleship, U. S. Washington is commissioned at the Philadelphia Navy Yard in the presence of high navy officials and her commander, Capt. Howard H. Benson. Officials and crew crowd the stern deck under the guns of the aft turret.

Necessity Of Sacrifices Keynote Of 'I Am An American Day' Rallies

(By The Associated Press)

The necessity of sacrifices to speed the nation's defense program to meet a peril to America's freedom was the keynote of addresses at yesterday's I Am An American day rallies in Texas.

At Dallas, Congressman Hatton Summers declared the people "would forget about profits and selfishness, if the danger were realized."

"We are the last of the democracies in the world not in immediate peril and we are now near actual fighting contact with the greatest fighting machine ever organized," Summers said.

Major General C. V. Birkhead said at Gatesville that "regardless of sacrifices, we must—and I mean must—prepare to meet the most ominous threat to our safety in the history of this country."

Governor W. Lee O'Daniel urged Texas, in a broadcast, to help create an endorsement to preserve the home of Robert E. Lee in Virginia. He linked his appeal to the I Am An American day program by saying American homes are inseparably joined with Americanism in Democracy.

Gerald Mann, state attorney general and senatorial candidate, said in Waco:

"We face a period of toll, sweat, and sacrifice. We do not deceive ourselves that the way will be easy. There is much to do, and little time to do it. But it will be done, because the citizens of America have accepted the responsibility of seeing to it that it is done."

Lieut.-Governor Coke Stevenson said at Austin that if preservation of the American heritage meant war, we must make the most of it. He added that America must not abandon hope that redoubled defense efforts would forestall any attacks on America by "the dictators of the old world."

Two hundred new American citizens rededicated themselves to the United States in a ceremony at San Antonio's municipal auditorium.

Amarillo planned to hold its community-wide celebration today. Rain caused postponement of San Angelo's rally until Thursday.

THIS WEEK IN PAMPA THEATERS

U. S. Starts Hunt For R-Day Dodgers

Uncle Sam has started checking up to see who failed to register last October under the selective service act.

An amendment to the regulations makes it compulsory that every person subject to registration who for any reason failed to register on the day fixed by the president for his registration, must present himself for registration before a local board.

This means, General J. Watt Page, state director, says, that every person subject to the October 16, 1940, registration must register if he has not already done so.

It does not apply to persons who have become 21 years of age since last October 16, as they will be required to register only if the president proclaims a second registration date.

Violation of the regulations may cause a delinquent to be penalized by fine or imprisonment or both.

Catholic Cancels Football Schedule

ABILENE, May 19 (AP)—Catholic university, of Washington D. C., is canceling its entire football schedule for 1941, it was disclosed today, as notice of cancellation of the inter-sectional game with the Hardin-Simmons university cowboys, slated to be played here in Abilene on November 8, was announced.

Rev. J. A. Wagner, Catholic university treasurer, advised G. B. Sandefer, H-S. U. graduate manager, of the cancellation.

Resignation of Coach Arthur J. (Dutch) Bergman, whose teams piled up records that earned them participation in recent Orange and Sun Bowl games, a policy of athletic retrenchment, "world conditions," the draft, and squad losses due to employment in national defense industries were cited by the Catholic U. official.

Five Fighters Downed

LONDON, May 19 (AP)—Five German fighters were shot down off the south coast this afternoon without the loss of a single British craft, it was announced authoritatively.

The British acknowledged the loss of two fighters in combat this morning, but said the pilots of both were saved.

Canadian Class To Graduate Thursday

Special To The NEWS

CANADIAN, May 19—Graduation exercises for 54 seniors of the Canadian High school will be held at 8 p. m. Thursday May 22 in the high school auditorium.

Parents of the graduates will sit in reserved section. Corsages for the mothers and buttonieres for the fathers will be provided from the class treasury.

Betty Ann Studer will be valedictorian and Wanda Phillips salutatorian. These two girls represented this group this way when they graduated from grammar school.

Officers of the senior class are Arthur McPherson, president; William Grady Fort, vice president; Gene Dabbs, treasurer; Virginia Mosely, secretary; and Eugene Spurlin, sergeant at arms.

The Rev. Will C. House, Amarillo, delivered the baccalaureate sermon in the high school auditorium at 8 p. m. Sunday.

Junior-senior program will be given Tuesday, 8 p. m. in the high school auditorium.

Reception for the seniors and their friends will be held Wednesday, from 3 to 5 p. m. in the banquet room of the Methodist church.

Complete list of graduates follows:

Wayne Baker, Mozelle Briggs, Elaine Broadus, Ovitine Bruton, Lois Carol Bryant, Jimmy Bussard, J. P. Bussell, Max Callaway, Mary Culberson, Joan Chambers, Norman Currutt.

Gene Dabbs, Juanita Durham, Eloida Estrada, Josephine Fincher, William Grady Fort, Genevieve Galoway, Louise Greene, Pearl Hanna, Margaret Ellen Hutton, Bill Jackson, Ida Mae Johnson, Wanda McAdoo, Arthur McPherson.

Georgia Lee Morris, Wilbur Merrill, Virginia Mosley, Margaret Nix, Peggy O'Neill, Salvador Pagra, Wanda Phillips, Jim Payton, Jeanette Pickens, Jerry Ponder.

Mary Elizabeth Puckett, Tom Reed, R. L. Roberts, Leonard Sanders, Imogene Spangell, Eugene Spurlin, Helen Studer, Betty Ann Studer, Maxine Tapp, E. H. Thornton, J. M. Thrasher, George Earl Tubb.

Irvin Ward, Weldon Webb, Oley Wilson, Walter L. Wehrley, Charles Wright, Mildred Wright, Inez White, and Wallace Flewelling.

You Need Only Dime A Day For Food, Say Texas Food Experts

Special To The NEWS

AUSTIN, May 19—If you had only 10 cents a day to spend for food, you wouldn't have to resort to a daily hamburger, nor would you need to lose your health!

University of Texas nutritionists have developed a diet that supplies the necessary food value, offers variety in menus, and keeps the grocery bill to 70 cents a week.

A member of the state nutrition committee, Dr. J. Winters has directed her advanced nutrition students in preparation of the diet as a part of the state's national defense work.

Aim of the committee is to develop low cost diets from 10 to 20 cents that will be adequate as health-builders for low-income families. The diets, menus, and recipes will be distributed through welfare agencies, Dr. Winters said.

Turnip greens, sweet liver, yellow cornmeal, and pork potatoes are the "lifesavers"—not commonly used—that should be added to low cost grocery lists to supply food value.

The diet prepared for ten cents a day supplies 2,200 calories, of "energy units," the number required for an adequate diet for a woman. A diet cost of less than twelve cents a day will supply the 3,000 calories required for a man working at a partly-manual and partly-sedentary job.

Churchill Receives Full Report On Hess' Many Statements

LONDON, May 19 (AP)—A BBC broadcast to Germany said today that Rudolf Hess, the runaway lieutenant-fuehrer, had been "writing and talking" for a week and that Prime Minister Churchill had received a "full report of his many statements."

The announcer said:

"A clue to the reason why Hess has lost his confidence in the possibility of a German victory may be found in a recent number of the Zeitschrift fur Geopolitik, the organ of his friend, Major-General Professor Doctor Haushofer, whose arrest has been reported and denied in Berlin."

"Haushofer was frank enough to express considerable pessimism about Germany's prospects in view of the United States intervention in the war."

Contrary Pennies

SAVANNAH, Ga., May 19 (AP)—When six-year old Arnold Tenenbaum learned an army bomber was to carry his three-year old cousin to Atlanta for removal of a throat obstructing penny he promptly swallowed a dime in hopes of making the flight too.

But while Barbara Tenenbaum's coin had stopped in her throat, Arnold's slipped to his stomach and he got no ride.

Barbara became afloat near Atlanta, the penny was dislodged and landed in her stomach, with no serious consequences foreseen. Army officers arranged the plane flight as a "merry errand."

NEW SQUARE TUB MAYTAG

Saves 4 ways!

THE MAYTAG Commander

only \$109.95

- You get a 27 gal. one-piece porcelain steel tub that sees big loads of clothes... saves hours of washing time.
- Clothes wash clean, in a hurry, with less washing wear to fabrics, thanks to gyrofoam action and sediment trap.
- ... And the muscular effort you'll save! Try the safety damp-drier and the finger touch controls and see.
- It lasts so long that, in the end, it costs far less.

Other Maytag washers as low as \$59.95. Your dealer will give you low easy terms on the Maytag washer and Maytag dryer.

THE CIGARETTE OF COSTLIER TOBACCOS

BY BURNING 25% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to

5 EXTRA SMOKES PER PACK!

For even greater economy and convenience, get Camels by the carton at attractive carton prices.

135 POUNDS—but they say the "Texas mustang" has the greatest swing in golf. And to champion Ben Hogan, Camel's extra mildness is mighty important. Important to any smoker... to you... no matter how much you smoke... because this extra mildness is in the smoke itself. After all, it's the smoke you smoke.

And Camels give you less nicotine in the smoke than any of the other 4 largest-selling brands tested... 28% less than the average of the other brands. Even if you're only an occasional smoker, you'll find Camel's extra mildness—extra freedom from nicotine in the smoke—can add to your smoking enjoyment. Switch to Camels now!
