### Eggleston Jury Selected Today

WHEELER, May 5 (AP)—A jury in the trial of the State of Texas versus Roy Eggleston, charged with robbery in connection with the alleged theft of \$72 in currency from Ivan Stanley on January 3, was selected this morning in district court here. Testimony in the case was scheduled to begin following a noon recess.

Representing the state in the trial are District Attorney Bud Martin and County Attorney Homer Moss, both of Wheeler. Defense attorneys are Dennis Reynolds of Wheeler and Marion Reynolds of Shamrock.

An unusual incident occurred when two members of the jury panel named Martin and one named Reynolds were called. None of the men were related to the attorneys in the case and all three were accepted on the jury.

Eggleston was indicted by a Wheeler county grand jury on April 16.

Witnesses from Pampa called on the case include Deputy Sheriff Dan Cambren and E. B. Emerson.

Members of the jury are Emmett Herd, Lester Reynolds, H. E. Cole, O. T. Gordon, Ralph Martin, O. C. Walker, Jr., Verne Lohberger, Roy Dalley, A. L. Gaimore, Carl Wright, P. A. Martin and R. William Brown.

### Grain Prices Up Cent A Bushel

CHICAGO, May 5 (AP)—Domestic grain prices were marked up about a cent a bushel and all along the line today, wheat reaching the best level in a year and corn the highest since 1937.

Continuation of the sharp rise which began Saturday was prompted largely by the same important market factor—the new legislative program in congress.

Traders said that 75 per cent of party loan would be equal to approximately \$1.02 for wheat at Chicago while 85 per cent of party would be the equivalent of around \$1.13. This would compare with 81 cents during the present season.

They said passage of the 85 per cent of party loan bill would mean a farm price of nearly 97 cents compared with an average of 64 cents this season.

### Here's One On Hitler

HOBOKEN, N. J., May 5 (AP)—One American company, United States Steel Corp., is turning out steel faster than latest available figures for all the mills in Germany, the company's board chairman, Irving S. Olds, disclosed to stockholders today.

This rate of steel making, he said, equaled the combined production of Great Britain, France and Belgium in 1939.

### I Heard....

R. S. Via report, and he had proof, that the black and yellow birds seen in this section of the Panhandle are Grackles or yellow-headed blackbirds. They winter in Mexico and South America and nest in Montana, Wyoming and part of Western Canada, according to Judge Via. Their migration route usually follows moist regions so the Panhandle is definitely out of the dust bowl, according to the birds. Many tree sparrows are visiting Pampa now.

## O'Daniel Names Two More To Commissions

ANSTIN, May 5 (AP)—Governor W. Lee O'Daniel today announced appointments of O. P. Lockhart of Austin as life insurance commissioner and Tom M. Lasater of Fallurus as a member of the commission and sanitary commissioner.

Unusual interest attached to the appointment because the senate recently had rejected other appointments by the governor to those offices.

Reuben Williams of Austin had been rejected for the life insurance commission and J. Everett Haley of Houston for the livestock sanitary commission.

Williams, formerly one of the governor's secretaries, subsequently was appointed to the state highway commission and was confirmed by the senate.

Haley is manager of the J. M. West ranch properties. Lockhart was appointed to fill the unexpired term of Walter Woodward of Coleman, deceased, which expires Feb. 10, 1945, and Lasater for a six-year term expiring May 4, 1947.

The governor also announced the appointments of three regents of the State College for Women, and three directors of the State Teachers colleges.

Appointed to the board of regents of the State College for Women for six-year terms expiring January 10, 1947, were Mrs. Edwin C. Phillips of Fort Worth, George Barron of Yorkum and S. B. Whittington of Amarillo.

Named to the board of directors of the State Teachers colleges for six-year terms expiring January 10, 1947, were Mrs. Edwin C. Phillips of Fort Worth, George Barron of Yorkum and S. B. Whittington of Amarillo.

The governor also appointed William George Gilks of Dallas, Riley Wyatt of San Antonio and W. O. Yraborough of Corpus Christi for six-year terms expiring Feb. 2, 1947, as members of the state prison board.

Another appointment was B. O. Elzner of Bastrop as a director of the lower Colorado authority for a six-year term, expiring January 1, 1947.

## Ten Arrested On Intoxication Charges

City and county officers made 10 arrests over the week-end, all on intoxication charges. One of the persons arrested resisted officers and he was charged with resisting arrest.

Five men arrested by county officers were assessed fines totaling \$70.75 by Justices of the Peace E. F. Young and D. R. Henry.

City Recorder C. E. McGrew assessed fines totaling \$50 on five persons charged with intoxication and he added a \$25 fine against the man charged with resisting an officer.

County officers last night detained a soldier who took too long a time en route between posts and army officers will arrive to take him to his new post tomorrow.

## Five-Day Rainfall Totals 3:18 Inches

Rain which fell from midnight Saturday to 3:35 a. m. Sunday added 23 inches to the moisture of the previous four days and brought the total rainfall for Pampa's heaviest rainy season since 1917, according to old timers, to 3:18 inches.

Yesterday afternoon the sun broke through heavy clouds and a warm wind blew to dry country roads with surprising rapidity. Water was still running into Lake

### Hitler Yells Old Threats, Old Boasts

BERLIN, May 5 (AP)—Germany and her allies form a mightier combination than any other possible coalition in the world today, Adolf Hitler declared Sunday, and "neither force nor time will make us yield, let alone break us."

What Germany has won, he cried, cannot be wrested from her "by any power in the world."

"If already the German soldier possesses the best weapons in the world, he will receive still better ones this year and next," the fuhrer shouted to a cheering reichstag.

Wilhelmstrasse sources said today that Hitler's reference to "next year" was made in answer to English and American propaganda that Germany would collapse if the war was not ended this year and should not be taken as implying any prediction as to when the war would be over.

These sources said Hitler had never set a date for the end of the war, although he asserted and re-asserted last night that 1941 would be a "historic year" of the Nazi revolution.

A spokesman said Hitler's reference last night to "next year" was made "entirely independent of the war." When the war will end, he added, "is a secondary question; the main thing is that the German people are convinced German victory is coming—when it comes does not concern us."

He did not refer to the United States by name in his 70-minute address but some of his references were interpreted as applying to that nation. At one point, after lambasting British Prime Minister Winston Churchill with savage phrases and announcing German losses in soldiers slain in the Balkans at but 1,151 officers and men, Hitler declared:

"When today democratic agitators of a country which the German people never harmed and whose statement that the German people intend to do so is an absurd lie, threaten to throttle the National Socialist Peoples' state with the aid of their capitalistic system, then there is only one answer."

"The German people will never again experience such a year as 1918."

## GM Strike Threat Becomes Menacing

(By The Associated Press) The threat of a strike in 61 General Motors plants employing 160,000 workers became menacing today after a week-end of fruitless conferences between officials of the corporation, representatives of the CIO United Automobile Workers and members of the defense mediation board.

The principals were called back into session here today in an effort to work out an agreement on a new contract. The union, which has agreed to defer any strike until the mediation board has had a chance to settle the dispute, wants a wage increase of ten cents an hour. The company has offered two cents.

Secretary Perkins asked officials of an AFL union of bus drivers and of the Pennsylvania Greyhound Lines to discuss with labor department representatives here today a strike called because of wage demands. The union asked for a closed shop and payment of 5 cents a mile for drivers who now receive 4 and 4.15 cents a mile.

Illinois soft coal miners, some 25,000 of them, agreed to go back to work today under a temporary agreement which will give them \$1 a day more than they received under a contract which expired last month.

This left 21,000 miners in Alabama as the only major group of soft coal workers still out. At issue between them and the mine operators was a \$1 a day increase in the Alabama basic wage of \$4.50.

## Mann Supporters Invited To Attend Meeting Tonight

A "Mann's Man" club will be organized here tonight at 8 o'clock when friends and supporters of Attorney General Gerald Mann meet in the county courtroom.

Mann is a candidate for United States senator to succeed the late Morris Sheppard, veteran senator, who died last month.

An invitation is being extended to every Mann supporter in the section of the Panhandle to attend the meeting. Officers will be elected at the meeting and plans discussed to have the county general visit the Top O' Texas area.

## Late News

NEW YORK, May 5 (AP)—The German radio broadcast today the text of an official report from Baghdad saying that British planes bombed that Iraq capital Sunday morning. One British plane was shot down, the report said.

CAIRO, Egypt, May 5 (AP)—Most of Iraq's air force "already has been destroyed," the British middle east command said today, and Iraq artillery which had pounded the besieged British airport at Habbaniyah was "rendered comparatively inactive yesterday by our aircraft."

CAIRO, Egypt, May 5 (AP)—British planes have shot down four Nazi raiders over the Greek island of Crete, the British Royal Air Force reported today, indicating the Germans were beginning a long-expected intensive attack on Greece's new headquarters.

KYOTO, Japan, May 5 (AP)—Brushing aside reports that he intended to visit the United States, Foreign Minister Yosuke Matsuoka said he rather would have President Roosevelt or Secretary of State Cordell Hull, or both, visit Japan "in order to see actual conditions in Japan."

He believes Japanese and United States problems could easily be solved if Roosevelt and Hull visited Japan, he told Japanese newspapermen yesterday.

LONDON, May 5 (AP)—The Ankara radio reported today that Iraq broadcasts were threatening to interrupt the contention of the British and the Iraq capital.

## Farmers Illustrate Plight In Parade

DECATUR, May 5 (AP)—A droll parade rolled here today to illustrate the meaning of farm people when they clamor for dollar parity purchasing power.

A long line of farmers and business men, garbed in pants and shirts with prominent parts missing, sought to impress the contention of the farmer that his portion of income from the sale of his products is insufficient to buy a full dollar's value of manufactured goods.

Farm women were in the parade, too, but they did not choose to illustrate any theories by departing from normal attire.

A banner on a drag harrow explained that "13 bushels of wheat bought this harrow in 1913." An identical harrow followed with a banner saying 24 bushels of wheat were required to buy the harrow in 1941.

## NBC May Challenge Order To Abandon Network System

WASHINGTON, May 5 (AP)—Officials of the National Broadcasting company indicated today that they might challenge in the courts a federal communications commission order which would force the corporation to discontinue either its Red or its Blue network.

The commission decided Saturday by a 5 to 2 vote to promulgate new regulations which Chairman James L. Fly called "a Magna Carta for American broadcasting stations."

The regulations would make it impossible for NBC to continue to operate two networks; would prohibit the licensing of two stations in the same area to one network unless it could be shown that this was in the public interest; and would regulate sharply the contract affiliations between networks and stations.

### Stamps Concert To Be Serious And Comical

The Stamps-Baxter Lone Star quartet of Wichita Falls will present a varied musical program in the high school auditorium Tuesday night at 8 o'clock, sponsored by the Parent-Teachers association of the Junior High school. Admission will be 15 and 25 cents.

The quartet, featured over radio station KWFT at Wichita Falls, will present serious and comedy numbers.

Singing groups from all parts of the Panhandle have been invited to attend the concert.

### So Cold Fillings Dropped Out Of Teeth, Party Says

BOSTON, May 5 (AP)—It was so cold at times during the government's expedition to Antarctica that "the fillings dropped out of our teeth," members of the exploring party said today on their return.

Temperatures ranging down to 72 degrees below zero—the lowest ever recorded at Little America—contracted the fillings, the men asserted, and resulted in a new adventure in primitive dentistry.

Dr. Paul A. Siple, one of the scientists, said a technique was devised whereby a form of unbreakable glass was mixed with a chemical and used as a substitute for regular fillings.

### Texas Gets Million For Surplus Commodities

WASHINGTON, May 5 (AP)—More than a million dollars was allotted today for handling surplus commodities for the needy in Texas.

Texas members of congress were notified by the Works Projects administration that President Roosevelt had approved \$1,387,073 which will be used to assist the Texas department of public welfare in its work.

### Family Of 14 Registers In Native State Canvass For Folks Fiesta

Britain's Struggle In Near East At Critical Stage

(By The Associated Press) Two British garrisons—one at the Libyan desert fortress of Tobruk, the other in the 4-day-old Iraq war theater—were reported today to have struck heavy counter-blows and temporarily, at least, stayed off the threat of being wiped out.

British middle east headquarters said the Tobruk garrison, under Axis assault for more than three weeks, had attacked encircling German and Italian troops and smashed preparations for renewed attacks.

Heavy casualties were inflicted on the Axis forces, British headquarters said.

The British command also reported that Iraq artillery which had been shelling the British base at Habbaniyah, 60 miles west of Baghdad, had been "rendered comparatively inactive by our aircraft" and that most of Iraq's air force "already has been crippled."

Previously, the Swiss radio had quoted a Baghdad communique as saying that Iraq troops were closing in on the Habbaniyah garrison and that buildings at the airport were aflame from artillery fire.

The London radio, in a peacetime bid to Iraq's pro-German premier Rashid Ali Al Gailani, said that if Iraq troops were withdrawn and fighting stopped, "relations of cordiality" would be restored between the two countries.

Reliable reports in London were that Britain was ready to accept prospective Turkish mediation of the conflict.

The Iraq government was reported to have cut the pipeline flow of oil to the Mediterranean, but the British declared that ample reserves of fuel had been built up to prevent a shortage from disrupting operations of the British Mediterranean fleet.

A British communique said that fresh fighting had broken out in the Salmah sector, on the Egyptian-Libyan frontier, and that heavy losses had been inflicted on Axis troops and vehicles.

LONDON, May 5 (AP)—Resurgent in widespread daylight activity, the German air force today followed last night's bombing of Belfast, capital of Northern Ireland, Liverpool, and other targets in England and Scotland.

The daylight activity appeared to be mostly reconnaissance, but four Messerschmitts made a hit-run raid on a village in southeastern England this afternoon, dropping a few bombs and firing a few machine-guns and cannon rounds. Little damage was reported.

Many business premises in Belfast were reported in ruins, and the government there acknowledged "much damage to commercial, industrial, and residential property."

Ambulances from Dublin were on duty throughout the raid and Ireland (Eire) also sent fire-fighting equipment as she had done before.

Nazi bombers pounded also at Liverpool—for the fourth successive night—in apparent continuation of the German effort to wreck British ports at which United States aid might be received.

"The air attack on Belfast last night was heavy and sustained," said the second communique of the day from the Northern Ireland ministry of national security and Northern Ireland RAF headquarters.

"Casualties will not prove as heavy as was first feared, and the loss of life has been less than was expected in view of the intensity of the attack."

Adolf Hitler's Luftwaffe, striking within a few hours after the Fuehrer told his Reichstag that no coalition of powers could defeat Germany, today bombed the City of Belfast, Northern Ireland, and attacked Liverpool for the fourth night in a row.

A German communique termed Belfast "an important transit harbor," implying that it was being used as a port of entry for United States war supplies.

The Nazi high command said that four ships were set afire in the harbor and that tremendous fires and explosions were observed in aircraft industrial plants.

British officials said it was feared the casualties at Belfast would be heavy. A previous Nazi raid there, on April 15, caused 500 deaths.

RAF bombers countered with a widespread series of overnight raids, blasting docks and shipping at Rotterdam, Antwerp, Le Havre, Brno, Cherbourg, St. Nazaire, and a Nazi-held airbase at Quersueville.

At Brest, the London air ministry reported, RAF bombs scored fresh

# Sunday Activities Include Engagement Announcements And Wedding

## Bell-Hamilton Marriage Will Be Solemnized May 25

Mrs. R. H. Bell announced the engagement and approaching marriage of her daughter, Miss Roberta Bell, to Ralph Hamilton, at a breakfast given Sunday morning in her home.

The marriage is to be solemnized on May 25 at the home of Mrs. Bell. Receiving the guests were Mrs. Bell, Mrs. Cyril Hamilton, and Miss Bell.

Decorations for the occasion were in blue and white. The table was centered with a bouquet of white carnations and blue cornflowers, and the breakfast was served at smaller tables, decorated in the same colors. Individual corsages of blue cornflowers and white sweetpeas tied with silver ribbons formed the centerpieces for these tables. Tiny scrolls giving the names, "Roberta and Ralph, May 25," were attached to the corsages with white satin ribbons. The flower motif was repeated in the place cards.

Misses Lucille and Betty Bell, sisters of the honoree, assisted Mrs. Bell in serving.

The bride-elect was dressed in blue and white with a corsage of white carnations tied with blue.

Attending were Misses Helen Epperson, Lucille Brown, Mary Taylor, Cyril Hamilton, R. H. Bell, and Misses Zeida Mae Hurst, Helen Purdy, Clarice Gillis, Opal King, Mildred Kratzer, Annie Johnson, Mary Lee Morris, Lucille, Betty, and Roberta Bell.

Out-of-town guests included Miss Mary Jean Hill of Canyon, Miss Betty Jo Anderson of Amarillo, and Mrs. Betty Drake of Tulsa.

Miss Bell, who was graduated from Pampa High school in 1939, is employed in the office of Drs. Kelley and Kelley. She is a member of the Coterie.

Mr. Hamilton, son of Mr. and Mrs. Cyril Hamilton of Pampa, is a graduate of the local high school. He attended Oklahoma A. and M. college at Stillwater, and is now employed by the Magnolia Production company.

## Marriage Of Ruth Barrett And Ken Bennett Solemnized

Announcement has been made of the marriage of Mrs. Ruth Barrett and Ken Bennett, which was solemnized Saturday night in the studio of Radio Station KPDM with the Rev. Franklin Weir, associate pastor of First Methodist church, officiating.

The bride wore a frock of black with a single strand of pearls.

Attending the service were Miss Elleta Bullard, Miss Dean Weiss, Johnny Wells, Bill Browne, Herman Kratzer, and Lowell Fendrick.

Mrs. Bennett, who is the daughter of Mr. and Mrs. G. C. Blalock of Phillips, is employed in the Phillips company telephone office.

Mr. Bennett, son of Mr. and Mrs. A. A. Bennett of Arnett, Oklahoma, is music and band instructor at B. M. Baker school.

The couple is at home at 1132 Mary Ellen street.

## Group Has Annual Bride's Party At Hotel Saturday

Honoring Mrs. J. D. Beach, American Association of University Women entertained with a breakfast at the Schneider hotel Saturday morning. Each spring the A. A. U. W. has a party to honor the members who have married during the past year. Before her marriage last summer, Mrs. Beach was Miss Vida Cox.

Decorating the table was an arrangement of vari-colored pansies centered with a pottery swan. The entire centerpiece was placed on a large reflector. Miniature May baskets filled with spring flowers marked each place. The honoree was presented a corsage of pink carnations and lily of the valley. Mrs. Sam Irwin was in charge of the table decorations.

Miss Viola Shaffer sang two songs, "The Sweetest Story Ever Told" and "Homing." She was accompanied by Mrs. John I. Bradley.

Each guest presented the honoree with a small gift which she was required to identify with an original rhyme, written by Mrs. Bradley, who arranged the program and presided at the breakfast. Favorite recipes were also given to the honoree.

Those attending were Misses J. D. Beach, Robert Boshen, John I. Bradley, W. S. Dixon, George Pratul, Perry Gault, Sam Irwin, Paul Kashiike, M. E. Lamb, H. V. Mathews, Fred Roberts, V. P. Sheldon, Dudley Steele, Hol Wagner, Misses Loraine Bruce, Jessie Bumpass, Bernice Larsh, and Viola Shaffer.

## Miss Dell Johns Becomes Bride Of Charles Lamka

In an impressive ceremony read Sunday morning at 8:30 o'clock in the chapel of the First Presbyterian church, Miss Dell Johns became the bride of Charles Lamka. The bride is the daughter of Mrs. R. D. Johns of Kansas City, Missouri, and Mr. Lamka is the son of Alfred Lamka of El Reno, Oklahoma.

The Rev. Robert Boshen officiated at the single ring service which was read before a candlelight altar banked with palms and Woodwardia ferns. Tall white floor vases were filled with white gladioli and a low arrangement of matching blossoms centered the chapel table.

Guests assembled during an organ program given by Mrs. Barton Wilson. Selections were "I Love You Truly" (Bond), "Always," and "Believe Me If All Those Endearing Young Charms" (Moore). Preceding the service Miss Louise Smith sang "Because" (O'Halloran). Mrs. Barton Wilson as accompanist. "The Bridal Chorus from Lohengrin" (Wagner), was played for the entrance of the bride party and Mendelssohn's Wedding March for the recessional.

The bride, who was given in marriage by her brother-in-law, T. G. Green, of Pampa, was attractive in a navy blue suit with navy and white accessories. She wore a white sailor hat and a shoulder-length veil, and her corsage was of orchids.

Attending the bride as matron of honor was her sister, Mrs. Susan Hobson, who wore a rose redingote with black accessories and a gardenia corsage.

Terrance Burns served as best man. Ushers were Steve Matthews and Dick Peppin.

Following the service the couple left on a wedding trip to Mexico City. Upon their return they will be at home at 411 North Magnolia street.

Out-of-town guests attending the ceremony were Mrs. R. D. Johns, Mr. and Mrs. J. E. Morris, of Kansas City, Missouri; Mrs. Alfred Lamka and son, George Lamka, of El Reno, Oklahoma.

The bride, who was graduated from Galveston High school and the Kansas City College of Commerce, is a member of the local B. G. K. club.

Mr. Lamka, manager of the Pampa Ice company, attended the University of Oklahoma at Norman. He is vice-president of the Junior Chamber of Commerce and a member of the Knights of Pythias and Lions club.

## GLORIFYING YOURSELF

BY ALICIA HART

"Beauty by itself isn't enough. I don't suppose it ever was. But today, with need for intelligence and sympathetic understanding greater than ever before, it certainly isn't."

This is a man speaking—a man who recently married a woman who has a book, entitled "Everything—Beauty and Brains and the Sympathetic Understanding He Speaks About."

Unlike our grandfathers, who went around saying or letting their wives persuade them to say, that beauty is only skin deep, this modern points out that true beauty is important. By beauty, he means the kind that comes from sound health habits, an active mind, good manners and not simply from make-up or a surface prettiness that is likely to fade all too quickly with the years.

Beauty to him means a clear-eyed, fresh-skinned, immaculately clean and neatly-groomed look. And he is right in attaching so much importance to it. But equally right in saying that today even this entire kind of beauty isn't enough.

**MORE THAN MERE BEAUTY**

It takes good looks or something pretty akin to good looks to make a man ask for the first date. But it keeps on asking for more to make him take another date.

It takes more than mere beauty to make a hostess want you in her inner circle of close friends. Good looks alone may get you invited to a few parties, especially if she has a few unattached men on her list, but they won't prompt her to ask you to make her house your weekend headquarters.

The beautiful but dumb little thing has not much place in today's picture. It's a time to think, you and to be a pleasant, interesting person as well as a good-looking one.

## WILL TAKE PART IN RECITAL

Two pianists who will play in the recital to be given by Mrs. May Foreman Carr Friday evening at 8 o'clock in the First Christian church are Rochelle Smith, left, and Phyllis Ann Parker, right. Rochelle, five-year-old daughter of Mr. and Mrs. Irl Smith, is to play April Song (Billbro), and Phyllis Ann, daughter of Mr. and Mrs. W. L. Parker, will play Narcissus (Nevin). The public is invited to attend the program.

## Family Night To Be Observed At Methodist Church

Family night will be observed at the Fellowship supper of the First Methodist church Wednesday evening at 7 o'clock, in the church.

The program which will be given in honor of mothers, is to be presented by the young people's class of the church, with Miss Mary Gaylord Booth in charge.

An original play in a Mother's Day theme will be included and invocation is to be given by Chester Carson. Reed Clark, president, will be toastmaster and Miss Catherine Pearce is to have charge of the tables.

All families of the church are invited to take a covered dish and attend the event.

**FRESH WHITE**

White lingerie touches at neckline and wrist seem always to be smart. But they lose their point unless they are absolutely fresh and white. Several sets for one dress, therefore, are in order. A safe rule for laundering is to use lukewarm suds, several clear lukewarm rinses, a slight bluing if necessary, then roll in an absorbent towel and press while still evenly damp.

## Programs To Be Broadcast From AAUW Convention

Two radio broadcasts of special interest to women will be carried over national networks Tuesday and Wednesday as a feature of the twelfth national convention of the American Association of University Women which opened in Cincinnati today and will continue through Saturday.

University women of America and England will exchange views in a two-way international broadcast tomorrow at 1:30 p. m. CST over the Columbia broadcasting system. Mrs. Janet Murrow, wife of Ed Murrow, Columbia's London newscaster, will handle the London end of the broadcast. Speaking from Cincinnati will be Dr. Mary E. Woolley, former national president of A. A. U. W. and president emerita of Mount Holyoke college, and Dr. Peter Calkin Brunauer, associate in international education at national A. A. U. W. headquarters in Washington, D. C.

"What Has Happened to Work of Women Scholars in Europe and What May Happen Here" will be the subject of a broadcast over the red network of the National Broadcasting company Wednesday at 11 a. m. CST. Taking part in the panel discussion will be Dr. Kathryn McAle, general director of A. A. U. W., Washington, D. C.; Dr. Winifred Cullis, past president of the International Federation of University Women and professor of physiology, University of London; Dr. Margaret M. Mead, author and assistant curator of ethnology, American Museum of Natural History, New York City; and Dr. Aurelia Henry Reinhardt, a former national president of A. A. U. W. and president of Mills college, California.

In a pre-convention broadcast from Cincinnati last Saturday afternoon over the Mutual networks, five prominent women in A. A. U. W. took part in a panel on "Growing Needs for Homemakers."

Dr. Susan M. Kingsbury, national chairman of the A. A. U. W. committee on the economic and legal status of women and professor emerita of women in all sections of the country except the East became homemakers.

## Miss Gregory And W. N. Anderson To Wed Next Month

An additional name was added to the roll of June brides-elect when the engagement and approaching marriage of Miss Evelyn Gregory was announced at a breakfast given Sunday morning in the Schneider hotel by Mrs. Kathleen Burns, Miss Ola Nellis, Miss Leora Kinard, and Miss Ola Gregory.

Miss Gregory will become the bride of W. N. Anderson in a ceremony to be solemnized on Wednesday morning, June 4, at 10 o'clock in the home of the bride-elect's parents in Lubbock with the Rev. L. N. Lipscombe officiating.

Decorating the breakfast table was an arrangement of pink and white carnations in a low white bowl. Individual corsages of pink and white were presented to each guest and Miss Gregory wore a pink rosebud corsage. Tiny letters marking the places contained the names of the betrothed couple and the date of the wedding.

Attending the breakfast were Misses M. W. Anderson, Sr., Roy Chisum, Truman Hobdy, Gene Path-cree, Frank Moore, Bob Curry, Earl Goble, Misses Dorothy Egerton, Louise Warren, Louise Willis, Ida Mae Harris, Zenobia McFarlin, Catherine Pearce, Cleora Stanard, Winifred Wiseman, the honoree, and four hostesses.

Miss Gregory, who is the daughter of Mr. and Mrs. W. E. Gregory of Lubbock, was graduated from Lubbock High school and Texas Technological college where she was a member of the Woman's Athletic association and Tennis club. Also she attended the University of Southern California. Miss Gregory is a member of the Pampa chapter of Beta Sigma Phi sorority. For the past four years she has been physical education instructor in the Pampa schools, teaching two years in Junior High and two years in high school.

Mr. Anderson, son of Mrs. W. N. Anderson, Sr., of Pampa, was graduated from West Texas State college at Canyon. He is a member of the high school faculty and is athletic business manager for the school.

## Faithful Workers Class Entertained At Recent Breakfast

Members of Faithful Workers class of First Baptist church were entertained at a three-course breakfast given recently in Six's dining room.

## Women To Help With National Defense Without Medals

BY RUTH MILLETT

Uncle Sam doesn't seem to realize just how we women feel about this business of National Defense.

He evidently thinks he has to romanticize it a bit, if we're to follow along like "good girls."

He has a medal now, designed to be worn by the women folk of men in the armed forces.

But we don't need any medals. We're grown up now. We're facing this emergency like adults. It's hardly serious, and we know it. There's nothing romantic about seeing the young men of our towns and cities in uniform. We don't get any quickening of the heart when we stop to watch them marching down main street in their drab uniforms. Instead we feel sad—and wise.

But that doesn't mean we aren't going to do our part. We know Uncle Sam has to have our men, and we know he has to have our cooperation. So no one is going to hear us kick.

We'll arrange our lives as best we can. We'll get jobs and manage somehow. But we can't look on this as an adventure, an exciting adventure with emblems of honor to show off to our friends.

**NO HIP-HIP-HOORAY ENTHUSIASM HERE**

We're going to go through this next year the way we go through family emergencies, with our minds made up to do everything we can with as little fuss as possible.

And so, Uncle Sam, we don't need any medals.

This is an emergency. And we women are good at meeting emergencies, with sureness, calm, and lack of fuss.

And so, Uncle Sam, we don't need any medals.

**WATERY MUSCLE**

More than third of the entire weight of the human body consists of muscles, and three-fourths of all muscles are composed of water, according to scientists.

Revenue passenger miles flown in the first 11 months of 1940 were 58 per cent over the same period of 1939.

# Hal Collins In Race For U. S. Senator

(By The Associated Press)

AUSTIN, May 5.—Hal H. Collins, Mineral Wells business man who has been a friend of Governor W. Lee O'Daniel, today announced his candidacy for the post of junior U. S. senator from Texas.

Active in state politics of recent years, Collins, a member of the state Democratic executive committee, has used a radio program and string band in advertising his business.

Announcing his candidacy, Collins declared more than 50,000 Texans had asked him to run for the senate seat vacated by the death of Morris Sheppard.

Other candidates include Congressman Lyndon Johnson of Johnson City and Martin Dies of Orange and Attorney General Gerald C. Mann, all of whom have been campaigning actively.

Collins announced with the following statement:

"I am a candidate for the United States senate, because more than 50,000 of my fellow Texans have asked me to be, and letters and postcards are still coming in.

"In order to find out if others, besides those who have written, wanted me to be the junior United States senator from Texas, I recently visited six towns located in different sections of our state. The crowds at each place were much larger and more enthusiastic than I had expected. In some places they stood in the rain. I am humbly and everlastingly grateful for this manifestation of esteem.

"My platform is what I have said and stood for as a private citizen. On my daily radio program editorial of the air, people in every section of Texas have heard me for years express frankly and openly my 'one man's opinion' about matters of grave public concern. Knowing exactly how I stand on practically every important question, citizens throughout the state have asked me to be a candidate.

"I offer my candidacy without any new vote-catching ideas or platform, and will restate my position on all questions to the people everywhere during the campaign."

# Flashes Of Life

(By The Associated Press)

CAMP EDWARDS, Mass.—A new arrival at this camp was reluctant to tell officers what his occupation was in civil life. A chaplain was assigned to the task.

"Well, sir," said the trainee "if you must know, I spent most of my time accepting bets on the speed of animals."

"A good cavalry possibility," muttered an officer.

NORTH EAST, Pa.—Ralph S. Sly of east Aurora, N. Y., was fined for passing a stop sign, but he didn't mind—figuring he was lucky to be alive.

In overlooking the sign he drove into a truck containing 11,000 pounds of dynamite. The explosive was scattered over the road, but didn't explode and no one was hurt.

DALLAS—A striped undershirt showing at the G of a sailor suit made Officer Bill Williams, a former navy man, suspicious.

"What ship are you from?" he asked the wearer.

"The Tennessee," was the reply.

"That a cruiser?"

"Yep."

"The Tennessee," snapped Williams, "is battleship. Maybe you'd better take down your hair and tell all."

The man confessed he was a parbage wagon driver who bought the uniform in a pawnshop to impress the girls.

SPOKANE—Baldy, I. G. Parson's black heifer, nearly passed on to greener pastures.

She skidded down a cliff to a patch of green grass. She ate all there was, then spent two days facing southeast because the shelf was so narrow she couldn't turn.

Fareeda used a block and tackle to hoist her back home.

It took an hour to get headed for the barn. She just stood there, facing southeast, and moored.

# British Suez Stand Faces Severe Test

(By EDWARD KENNEDY)

CAIRO, Egypt, May 5. (AP)—Beset by an Italian-German drive from the Libyan desert, serious troubles in Iraq, and the threat of a German thrust toward Syria, Britain's stand in the near east athwart the vital Suez canal has come to its severest test.

British sources viewed the situation today as admittedly not an easy one as the fight, now that a clean-up in Ethiopia seems near, entered a new offensive phase.

Weighing against the British in the Suez stand are losses in the Greek campaign—comparatively low in men but considerable in airplanes and military vehicles.

Counted by the British in their favor are constantly-arriving reinforcements and war supplies, including planes, from America.

Axis forces in the north African desert still hammered at the British garrison at the Libyan port of Tobruk, but their main spearhead toward Suez was reported halted, for the present at Saluni, just east of the Libyan-Egyptian frontier.

The British reported last night that Axis forces held a small sector in the detented western corner of Tobruk's outer defenses but said the latest attack had been "definitely brought to a standstill" by British artillery fire.

Turkey's position remains an important factor because of her location between Germany's Balkan armies and the route toward the Suez through French-mandated Syria or into Iraq, newest field of conflict.

Although Turkey is adhering to her alliance with Great Britain, it is not believed here now that anything short of direct attack by the Nazis would bring the Turks into the war on Britain's side.

# Huns Not Worried About American Entrance In War

(By The Associated Press)

BERLIN, May 5.—The chance of American intervention in the war makes it impossible from the German side to speculate on the duration of the conflict, the well-posted commentary Dienst Aus Deutschland said today in comment of Adolf Hitler's speech yesterday.

Dienst, which has close foreign office connections, hinted at the possibility that the war may extend into 1942.

"Involved in the assumption of such a possibility," it said, "lies undoubtedly calculation on the possibility of American intervention.

"Such intervention is appraised by Germans as an influence which could prolong the war but under no circumstances alter the ultimate result."

From other sources there were indications that Germans who gave thoughtful study to Hitler's report to the Reichstag, were pondering the prospects of the United States becoming a belligerent.

Wilhelmstrasse sources said today that President Roosevelt's speech yesterday contained "nothing new for us and doesn't disturb us; it can have no influence in Europe."

It was "a political speech," a spokesman said, and he added that he "couldn't say how it would affect hundreds of thousands of American mothers whose sons lie in France."

This informant said further that he would leave "the parallel between Roosevelt and Wilson to history."

# Yugoslavs Carrying On Guerilla Warfare, Says Wounded AP Writer

(Editor's Note: The following dispatch was written by Robert St. John, Associated Press Balkan war correspondent, as he lay propped up in a Cairo hospital bed awaiting X-ray reports on a machine-gun bullet still imbedded in his leg. St. John, one of the American newspapermen removed from Greece by the British navy, was wounded while on a week's trek from the Yugoslav coast through Greece.)

(By ROBERT ST. JOHN)

CAIRO, Egypt, May 5. (AP)—Thousands of fully armed and fully equipped Yugoslavs are in wild mountain areas of Serbia and Bosnia still carrying on guerrilla warfare against Germany and Italy.

I saw great numbers of these grim-faced patriots take their rifles and go off into the hills vowing never to give up harassing the victorious invaders until national liberty is re-established.

I know they still are carrying on this strange, informal warfare. Only today a high-ranking Yugoslav refugee told me that he had just received by a devious way a confidential report telling how these troops were causing the German-Italian occupation forces extreme difficulties.

As I fled by motor down through the hill country of Yugoslavia to the Dalmatian coast with Axis forces sweeping in from all sides I saw these people gather in villages, public market places and city pubs. I heard them take their whispered pledges not to give up the fight, regardless of what the government ministers might do, what pieces of paper might be signed in Belgrade, Berlin and Rome.

For 10 days I tried as the war went on to send from Yugoslavia the story of the determination of these people to resist the armies closing in on them.

I wrote dispatch after dispatch telling of the need for planes and tanks to support the large but inadequately-equipped Yugoslav army. But the attack was so sudden, the confusion so great, the disorganization so complete that there never was an opportunity for communication with the outside world.

When the news of an armistice finally came through, the trek to the mountains began. Men left their regiments and took their guns, ammunition and equipment with them. Their commanders said nothing.

In a Dalmatian seaport I sat at a restaurant eating fish and black bread one night when a dark-skinned young Montenegrin soldier was ushered in. He was in his 20's; his eyes were alive.

"You are going to leave my country if you can, he told me," he said, "You must take me with you. I have a gun, I want to go somewhere, anywhere, but I must fight."

"I refuse to lay down my gun now. Take me where I can fight the Germans and Italians. I don't care where it is."

"I don't know what he finally did but his was the spirit that sent the unorganized armies of guerrilla warriors into the hills."

# Heart Attack Fatal To Pampa Cobbler

James Robert Walker, 74, well-known Pampa cobbler, was found dead in his room at 109 East Craven avenue yesterday morning. Death was of a heart ailment, attending physicians reported. Death occurred sometime Saturday night.

Mr. Walker had been a resident of Pampa for 13 years. He was a member of Calhoun Masonic lodge No. 792 at Hardin, Ill.

Only survivor is a daughter, Miss Elizabeth Walker, Cortland, N. Y. The body lies at rest at Huffman-Nelson funeral home.

# Iraq Stops Oil Flow To British Navy

LONDON, May 5. (AP)—Iraq is reported to have cut the vital pipeline flow of oil to the Mediterranean from the high Mosul fields, and authoritative British predicted today that if Axis influences triumphed against the British in the middle east kingdom they would thrust next at neighboring Iran, fourth-greatest oil producer in the world.

Reports from Cairo indicated British troops still were holding out last night at their besieged air base at Lake Habbaniyah, 60 miles west of Baghdad, and that RAF bombers had taken the offensive—striking to cripple Iraq's small air force.

What the British call the pro-German government which Premier Raschid Ali Al Ghalibi set up in a coup April 4 was attacked verbally, meanwhile, by the Emir Abdull Ilah, deposed regent. He declared in Palestine, that he would return to restore "lawfully constituted government." The Emir urged Iraq troops to return peacefully to their posts.

The stoppage of Iraq oil, pumped through a pipeline to Haifa in British-mandated Palestine, was said by Reuters, British news agency, to have been accomplished by the Iraq government.

Britain's eastern Mediterranean fleet has received its principal oil supply from the Mosul fields to Tripoli, in French-mandated Lebanon, was closed.

The British have said, however, they have built up "numerous and adequate" fuel reserves in the eastern Mediterranean to continue fleet operations.

British who predicted Axis influences might try next to tie up the oil-fields of Iran, to the east, estimated Iran's army at 750,000 to 1,000,000 men, but said it was poorly equipped. The country has a German colony of approximately 25,000 persons, and recently 2,000 German engineers and technicians have been reported sent there to build high-

# U. S. Should Confer With South America On War, Says Chilean

NEW YORK, May 5. (AP)—Dr. Antonio Planet, former Chilean minister of foreign affairs, said on arrival on the Grace liner Santa Clara today, that he believed the United States, in event it decides to enter the European war, should consult with its South American neighbors and the different nations act and think harmoniously in order to present a strong united front instead of the present disunity which weakens their positions in international affairs, Dr. Planet said.

# Guardsmen Board Yugoslav Ships

NEW YORK, May 5. (AP)—U. S. Coast Guardsmen today boarded Yugoslav ships in New York harbor as a "precautionary measure," coast guard officers said, after having received "certain rumors."

Two ships were boarded, the Sreca and Ned, in Brooklyn, and a third, the Predsednik Kopsajic, was said to have been boarded off Stapleton, Staten Island.

The coast guard several times denied that the ships were "seized," but indicated that they either were placed in protective custody or were being watched closely.

Boarding parties moved on the ships during the early morning hours, executing a surprise maneuver. At the 1,820-ton freighter Ned's Brooklyn dock, the guardsmen also took possession of the pier.

The 3,167-ton freighter, Sreca, recently arrived from St. Thomas, was boarded a few minutes later at a nearby dock.

The Predsednik Kopsajic, it was reported, had attempted to sail from its Staten Island pier before boarding parties reached it off Stapleton.

The action was similar to that taken during the government took these people gather in villages, public market places and city pubs. I heard them take their whispered pledges not to give up the fight, regardless of what the government ministers might do, what pieces of paper might be signed in Belgrade, Berlin and Rome.

# Heavy Sunday Night Rains Flood Rivers

(By The Associated Press)

Further flood damage threatened some sections of Texas today after new rains added to the flow of already overflowing streams.

Heavy Sunday night rains at Vernon, Neotoma, Wichita Falls and Altus, Okla., may cause a rise in the Red River and its tributaries. Passengers were transferred yesterday by motor between Vernon and Oklahoma after Fort Worth and Denver railroad trains were halted by a damaged bridge on Paradise creek in Wilbarger county.

A wooden highway bridge buckled under Red River waters at Charlie, Texas. An approach to a railroad bridge at Burk Burnett was washed away.

The Brazos was reported rising again near Troupmorton. Farm-lands and oil equipment were inundated near Graham as Possum Kingdom Lake raged over its spillway.

Backwaters from the flooding Pecan bayou which nearly reached the Rowwood business district early Sunday started falling later in the day, but by night more rains were falling.

A flash flood rushed through northwest Hamilton late Sunday, swept a mattress factory into the street, inundated several business houses and stranded automobiles. Damage was believed considerable but it was all over in less than an hour.

A heavy rise was expected sometime today at the Lake Corpus Christi dam at Mathis. Flat farming lands in the area were still under water and the Nueces river 50 miles above stood at 38 feet last night.

The Guadalupe river around Victoria was still two miles wide in places Sunday with several thousands of acres of lowlands under water.

During 1940 the length of the routes over which our domestic and our international air carriers are authorized to fly increased 15 per cent.

## Sports Roundup

**By EDDIE BRIETZ**

NEW YORK, May 5.—Ty Cobb has a sprained side and wants to postpone his benefit golf matches with Babe Ruth from May 16-17 until June 15, or later. . . . Joe Millan of Presbyterian college, had his head shaved so officials in the S. C. track meet Saturday could distinguish him from his twin brother, Jack. . . . Billy Conn goes against Buddy Knox at Pittsburgh May 25 as a tune-up for Joe Louis next month.

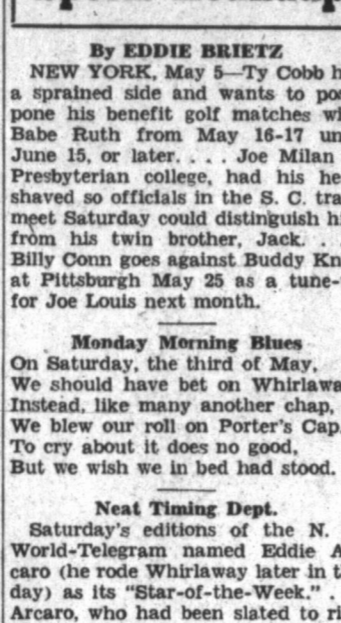

**Monday Morning Blues**

On Saturday, the third of May, we should have bet on Whirlaway; instead, like many another chap, we blew our roll on Porter's Cap. To cry about it does no good, but we wish we in bed had stood.

**Neat Timing Dept.**

Saturday's editions of the N. Y. World-Telegram named Eddie Arcaro the rodeo Whirlaway later in the day as its "Star-of-the-Week." Arcaro, who had been slated to ride Our Boots, got sweet revenge on the Woodvale Farms for bumping him in favor of Tom McCreary. . . . Tonight's fight winner: Pete Lelio over Norment Quarles at Newark. . . . Add coaching schools: William and Mary, with Princeton's Tad Wileman as guest lecturer. . . . Although he's just another guy named Joe now, Dizzy Dean still is accorded the luxury of a private hotel room when the Cubs are traveling. All the others must double up.

## Whirlaway Wins Greatest Derby Race in History

With the cheers of 100,000 frenzied race fans still resounding across Churchill Downs, jockey Eddie Arcaro, atop Derivative Whirlaway, receives floral wreath in winner's circle. Ben Jones, Whirlaway's trainer, holds reins of horse which ran the mile-and-a-quarter in 2:01 2/5 to establish a new record.

## Shreveport In Second Place

The Houston Buffs are still sailing at the top in the Texas league campaign, like they have from the start, but should they go into a slump the Shreveport Sports would like to take over.

The Sports jumped from third to second in the standings the past week and equalled Houston's scoring for the period. Each won four games and lost one.

Shreveport missed a chance yesterday to gain another game by splitting a doubleheader with the Fort Worth Cats. The Panthers took the first, 5-3, Bill Skelly's homer with a man aboard in the fifth proving the deciding blow. The Sports took the second, 3-2, behind the two-hit pitching of Walter Navie, recently returned by the Chicago White Sox.

Errors caused the Buffs to throw away a double victory. After taking the opener from Oklahoma City, 4-1, Houston bobbed on an attempted double-play and allowed the Indians to score two runs for a 3-2 win the final game.

Another double feature was avoided at San Antonio, the Missions dropping the first game to the Tulsa Oilers 4-1, but taking the nightcap 5-1 behind Ewald Pyle's tight pitching. Paul Carpenter's homer started a 3-run spurge in the fourth that sewed up the Tulsa victory.

Rain caused postponement of the Dallas at Beaumont games.

Today's schedule:  
Fort Worth at Shreveport, night.  
Tulsa at San Antonio, night.  
Dallas at Beaumont (two games) day.  
Oklahoma City at Houston, night.

## Great Sprinter Gives Credit To Cowboy Boots

AUSTIN, May 5 (AP)—Want to be a great sprinter? Then wear cowboy boots, advises little Carlton Terry, the blond flash of southwestern cinder paths.

Terry, who has equalled and bettered the world record in the 100-yard dash, is ready to credit a pair of boots he started wearing in grade school with making him the greatest sprinter the University of Texas ever has produced.

He says the high heels of his boots got him into the habit of walking running on his toes. That was fortunate because Terry is flat-footed and he declares he's probably the only winning sprinter in history with feet like that.

Last week the skinny, 150-pound youngster was timed by two watches at 9.2 in a triangular meet against Rice and Texas A. and M. This is two-tenths of a second under the world record but probably won't be recognized because there was a wind to his back.

And he is the only runner in history to wear the 100-yard dash in the Texas, Kansas, and Drake relays in one season—and on consecutive week-ends.

The only sprinter to beat him this season was Billy Brown of Louisiana State, and Terry avenged that by trimming Brown at the Drake relays.

Terry will try to better the Southwestern conference record of 9.5 at the annual meet here Friday and Saturday. Then he goes to California for an invitation affair and will compete in the National Intercollegiate in June.

Doctors who examined him when he became a flyer were amazed that feet like that could carry a sprinter to victory.

## O'Daniel Now Puts In Good Word For 'This Tax Bill'

AUSTIN, May 5 (AP)—Unanswered today remained the question—will Governor W. Lee O'Daniel run for the U. S. senate in the June election?

On his regular sabbath radio program, O'Daniel yesterday gave no indication as to his intentions and failed over to mention the subject.

In high good humor, the governor commented on the recently enacted \$22,000,000 tax bill, in part, as follows:

"I told you . . . some very strange things were taking place here at Austin. I may explain the whole story at some future time . . . but, in the meantime you can listen to all the broad statements and claims of those who want to take credit for passage of this social security bill, and so far the worst enemies of social security, and the ones who fought old age pensions the hardest behind the scenes, and now on the band wagon shouting the loudest about how they were wholly responsible for the passage of this tax bill."

## Methodists Will Hold Conference At Canadian Church

**Special To The NEWS**

CANADIAN, May 5.—The annual conference of the Methodist district Northwest Texas Conference, will be held in the Methodist church here Wednesday and Thursday, May 7 and 8.

Rev. W. C. House, district superintendent, will preside over the sessions. Rev. Marvin Norwood, Hereford, will preach Wednesday night. Dr. Earl C. Hamlet, Polk Street Methodist church, Amarillo, will preach Thursday morning at 11 o'clock. The public is invited to attend these services.

More than 30 churches are included in the district. Pastors and laymen expected to attend the conference.

Ladies of the church have planned to serve noon meal Thursday at 12:30 o'clock.

The fish known as pandaka pygmae reaches a length of only seven-sixteenths of an inch.

## U. S. Can't Consume All Its Wheat, Says State AAA Official

United States farmers produce more wheat than the home market is able to use, Charles L. Thomas, of Pampa, state AAA committeeman and local wheat farmer, says in pointing out that large supplies of wheat are expected to make marketing quotas necessary for handling the 1941 crop.

During the past 18 years, the committeeman declared, farmers have produced an average of 109,000,000 bushels of wheat more than was consumed in this country. Exports have furnished an outlet for much of the wheat produced above domestic needs, but since the outbreak of the present war, wheat exports have been almost entirely cut off.

As a result of the war, wheat has piled up in this country until the total supply for the 1941-42 marketing year is expected to be nearly one and a quarter billion bushels, Thomas said. That is almost enough wheat to meet this country's needs for two years.

## Whirlaway To Run In Preakness Saturday

NEW YORK, May 5 (AP)—Whether Whirlaway, the vagabond king of the turf, returns to rags and rogue-like ways or takes a stranglehold on the three-year-old crown will be determined Saturday when the Kentucky Derby winner hooks up with Bold Irishman in the \$75,000 Preakness at Pimlico.

It's going to be a mighty long time before Whirlaway's record-smashing performance in the Derby is forgotten by the 100,000 who saw the little chestnut burn up Churchill Downs home-stretch Saturday with 2:01 2/5 clocking, beating Twenty Grand's mark by 2/5 of a second. But in Bold Irishman, from Mrs. H. C. Phipps' stable, he'll meet a horse that also can turn on the heat in the final drive.

The Irishman, kept out of the Derby by a slight injury, is the only high-ranking two-year-old of 1940 that figures to bar Whirlaway's path to the mythical "triple crown," which also includes the Belmont stakes.

The chestnut from Warren Wright's Calumet farm in the blue grass country whipped all but the Sunny Jim Fitzsimmons-trained Irishman and King Cole in the Derby. But King Cole, regarded only a sprinter, has been beaten badly by Market Wise, who could do no more than three-eighths lengths back—in the Derby.

## Coffey Beats Riegel For Second Straight Title

**BY WILLIAM T. RIVES**

BEAUMONT, May 5 (AP)—Golf's habit of mocking form arose in the finals of the Texas Golf association tournament, and Billy Bob Coffey of San Antonio coasted through the rain to his second consecutive championship.

Bobby Riegel, Houston insurance salesman, was expected to dethrone Coffey yesterday when they teed off in the 36-hole deciding match over the Beaumont county club course, but instead he took a shattering 8 and 6.

While a champion ordinarily is given the edge, Riegel was the gallery choice because narrow fairways, such as those stripping the course

Japanese Oil Purchases In U. S. Increase

By LLOYD LEHRBAS
WASHINGTON, May 5. (AP)—Japan's feverish hunt for vital oil needed for its army and navy as well as for industry—was reflected today in commerce department statistics showing considerably increased purchases in the United States.

During March the United States exported 1,583,000 barrels of petroleum to Japan, compared with 1,279,000 barrels in February and 1,491,000 barrels in January.
The Japanese need for oil for further army and navy activity and reduction of stocks because of war in China and penetration into Indo-China was believed by experts to have forced intensification of efforts to import a lot of oil in a hurry.

British Score Hits On Nazi Battleships, Air Ministry Says

LONDON, May 5. (AP)—British bombers scored hits on the German battleships Gneisenau and Scharnhorst last night in an attack on the naval base at Brest, the air ministry reported today.
"Many heavy bombs were dropped and hits were observed on and very near the battle cruisers,"

Widespread bombing action over France, the Netherlands and Norway and against shipping at sea last night and in daylight yesterday was reported.
Docks and shipping at Rotterdam Antwerp and Le Havre were said to have been attacked and a direct hit was reported on a supply ship of 1,500 tons.
A patrol vessel was said to have been bombed and left sinking in a daylight foray.

Half Of State Of Louisiana Sought For War Games

BATON ROUGE, La., May 5. (AP)—Work began today on a task that makes the Louisiana purchase of 1803 look like a simple real estate deal—the procurement of half the state's area for war maneuvers this summer.
A force of state employees and university students started addressing and mailing 100,000 letters to landowners to make 15,000,000 acres available for the gigantic war games.

American People 'Ever Ready To Fight,' Says FDR

WASHINGTON, May 5. (AP)—President Roosevelt's declaration that the American people "are ever ready to fight again" for democracy was interpreted in high administration quarters today as carrying a new promise of virtually unlimited assistance to nations resisting aggression.
This view was taken by some members of the party which accompanied the President to Staunton, Va., where he made the statement yesterday in dedicating the birthplace of Woodrow Wilson as a national shrine.

SERIAL STORY

LOVE POWER

BY OREN ARNOLD

COPYRIGHT, 1941, NEA SERVICE, INC.

YESTERDAY Bob is worried about the X-999. When the plane runs into a storm over the mountains, he is certain that it will crash, that the X-999 will explode. There is one chance for escape. Quickly, he forces Carolyn to don parachute harness, orders her to jump. She kisses him, leaps into blackness.

SAFE LANDING

CHAPTER XVIII CAROLYN never knew what strange, age-old impulse within her made her take that utterly impossible leap from the airplane. It was as if she had been stripped of all superficialities, all earthly pretense, when she had lingered there that last moment in the ship. Bob was crazed with anxiety for her. He had ordered her to jump. She was unafraid! And now, actually in the mid-night storm, she still experienced no great terror. Her senses were temporarily numbed. She had shut her eyes tight against rain. She felt a harsh whirring, then a sense of ethereal, timeless floating as if in some fantastic nightmare.

First genuine consciousness returned when her ears began to "pop," as one's ears do in a swift elevator descent. Next instant she realized the rain was gone and there was even a hint of visibility. "OH-H-h-h-h!" The shriek was snatched out of her mouth. But now she was aware! She clawed at the metal ring on her chest.

WHOO-O-O-O-sh! Invisible arms grabbed her, pulled her, snatched her, turned her crazily around—and then she began rocking.

The wind changed to a smaller cross breeze, and there was a singing tautness in her head. Breath came in gasps. In the same moment, which had begun with a high point of fright, a triumphant exaltation seized her. Something in this appealed to her youth! Here was excitement! Darling! Adventure! Success!

She had no time to reason about that but presently her alert senses did tell her that she had literally dropped away from the storm. The worst part of it now was far overhead and driving toward the horizon.

A flash of frenzy assailed her—Bob Hale was still up there!—but

common sense made her look immediately to her own welfare. For him she could only utter a quick, devout little prayer.

The pilot had said they were over mountains and she didn't doubt it. Obviously, then, she would strike one of them at any moment. She looked down.

There was an irregular black void, swelling and bulging and boiling. But not! The apparent boiling was due not to its motion, but to her own.

"In a minute—in just a minute—"

She could not actually speak through the swift air stream, but she knew she was about to strike earth again and she wanted to do it safely.

She had no knowledge of landing technique. She realized only that she must land and then instantly get out of her parachute before it dragged her. She felt she could do that. She loosened a buckle tentatively.

The odd sense of elation and adventure in her was still strong. It was somehow comparable to riding a horse in a wild run, or being towed swiftly on an ocean surf board.

The end came in an abrupt jarring that shook her hard, heels to teeth, plus a rolling and a scrambling and a wholly feminine shriek.

For a long minute she was dazed. "Lordy!" she murmured, then.

THE landing had been much harder than she had imagined. She was bruised all over. She sat on rocks. Wet, blond curls were plastered over her face. She had no hat—whatever had become of that, anyway, she wondered. Her heart was pounding. And there, not too far off, was a quite unmistakable mountain.

"Well!" she said, inadequately.

She saw her parachute down the slope, flopping lazily. She had no idea how she ever got loose from the harness.

She looked around. She looked up. There were stars in half the sky. The storm? A remote black spot, still doing some thunder growling but feeling like a beaten pup.

She took a few steps. She was still on rocks. Then a pin point of light assailed her from a distance and below, two pin points. She concentrated on them; yes, they really were moving.

"A road!" But it was a long distance away and, unreasonably, she was suddenly terrified. She gave no thought to her remarkable exhilaration during the jump. Some-

how that senseless plunge from an airplane, by a girl who had never done such a stunt before, did not seem frightening in the least, but here on good solid ground all manner of imaginary bugaboos loomed. In later, calmer hours, friends were destined to laugh at the feminine in that.

SHE walked about three miles to the road, slipping and sliding, falling over the rough ground. More cars following those first two guided her.

She was wet and cold, but the exercise of walking warmed her. She was happy to find a pavement. She stood there waving, thinking frantically now of Bob Hale.

The first car to approach her slowed down, wavered, then went on. The next one stopped. A slender, wet girl waving here after midnight!

"Trouble, miss?" a genial voice inquired.

"Oh! Oh, yes!" Then and only then did Carolyn Tyler act normally. There before a complete stranger she broke down and cried.

Her samaritan was distressed. It took him half an hour to hear her out, to comfort her and warm her with his coat, to walk incredulously back toward her parachute and then return without seeing it, and to start with her toward town.

He felt that he had picked up some sort of miracle. He was a pleasant gentleman, past middle age, to whom such things just never happened.

"I can never thank you enough," Carolyn began, when she was calm again. "Are you can you tell me where we are?"

"This is in Arizona, miss. Were you lost up there long?"

"Years, I think. I must know what happened to my friend! Is Arizona nothing but mountains?"

She stood up. "Well!" she said, inadequately.

"Now, now, miss, take it easy. There's not many people, but some. I looked on the gasoline map. Little place name of Blair is next community, and—"

"Blair?" She sat up. "That's where—where—oh, how far from Boulder Dam is Blair? Where is there a landing field? No! He said he would jump, too! Or maybe—"

"Look, mister, have you heard an explosion? Any kind of noise? A really BIG noise? So big that—"

She stopped, thinking frantically. The driver glanced once at her. Then he swallowed, and nodded in kindly sympathy.

Plainly he had to rush this stranded girl to a doctor, he told himself, delirium was setting in. (To Be Continued)

Texas Aggies To Entertain Mothers Sunday

Special To The NEWS COLLEGE STATION, May 5 (AAMC)—Texas A. & M. college will be a co-educational institution for the week-end of May 10-11, but it will be the mothers of the Aggies who occupy the campus dormitories and reign supreme on the campus. Fathers also are included in the festivities.

The festivities really will begin Friday evening May 9, when the Senior Ring banquet and ball is held. Many parents of graduating seniors will be on the campus for this event, one of the most colorful of all A. & M. ceremonies.

The mothers of Aggies will be royally entertained Sunday, May 11, along with the fathers, by a complete program of events especially for parents which will include a military review, special program at Kyle field, a picnic lunch and band concert and Ross Volunteers exhibition drill.

The state meeting of mothers representing all A. & M. Mothers clubs in Texas will be held at 10 a. m. Saturday. This will be followed by a tea honoring all visiting parents in the Y. M. C. A. lobby, under auspices of the Brazos County A. & M. Mothers club.

Sunday's program will start at 9:30 a. m. when each A. & M. Cadet captain and his mother or sweetheart pin sweet peas on each Aggie in the officer's company—red for those boys whose mothers are living and white for those who have lost their mothers. The captains also present medals to the best drilled sophomore in each company. The first lieutenant then presents each company commander with a watch as a token of the company's esteem.

The military review honoring parents will begin at 10 a. m. Sunday and during the review all honors won by students during the day are presented by representatives of organizations sponsoring the awards.

Following the review the parents will be escorted to Kyle field football stadium where a special program will be given by students in honor of their parents. The singing cadets and the Aggie band will furnish the musical part of this program.

The picnic lunch will include fried chicken and trimmings and admission will be by ticket only. Students will provide parents with the necessary credentials to be served.

There will be 9,000 pounds of fried chicken, 250 gallons of potato salad, 150 gallons of plives, 10,000 fruit bars and 1,250 loaves of bread available for the students and parents.

### California Law To Ban 'Okies' To Be Reargued

WASHINGTON, May 5 (AP)—The Supreme Court ordered reargument today on litigation to determine the constitutionality of California legislation which prohibited anyone from assisting non-resident indigent persons to come into the state.

This action was taken in an order which assigned the case for argument the second time on October 13.

The California attorney general was directed to "present the views of the state with particular reference to the judicial or administrative interpretation by state authorities of the statute involved."

The case was argued the first time only a few days ago.

A large percentage of California's population in certain sections, who have migrated there from other parts of the United States, are popularly known as "Okies."

The litigation specifically involved the conviction of Fred F. Edwards of Marysville, Cal., on a charge of violating the statute by driving his jobless brother-in-law, Frank Duncan, from Spur, Texas, to Marysville in 1939. Duncan was given assistance by the Farm Security Administration after his arrival.

Edwards was given a six months' suspended sentence in the justice's court of Marysville. The verdict was upheld by the Yuba county superior court.

California officials contended that the state's higher relief benefits and old-age pensions attracted "paupers from other states."

"Naturally," the state argued, "when these people can live on relief in California better than they can by working in Mississippi, Arkansas, Texas or Oklahoma they will continue to come to this state."

### GERMANS BOMB

hits on the German battleships Gneisenau and Scharnhorst in the 15th assault in five weeks.

"Many heavy bombs were dropped and hits were observed on and very near the battle cruisers," the air ministry said. "The docks on both sides of the harbor were hit and large fires started."

In the Near East, Britain's struggle approached a critical stage as the pro-German government of Iraq cut the pipeline flow of oil to the Mediterranean and unconfirmed reports said Iraq troops encircling the British air base garrison at Lake Ubeidiyah, 60 miles west of Baghdad, were closing in.

The Swiss radio quoted a Baghdad communique as saying that the airport was under constant artillery fire and that buildings were afire.

The British declared, however, that the stoppage of Iraq oil, pumped to Haifa in British-mandated Palestine, would not jeopardize the operations of the British Mediterranean fleet.

Adequate fuel reserves were said to have been built up, ensuring the fleet against shortage.

Authoritative quarters at London, making no attempt to minimize the gravity of the situation, predicted frankly that if Axis influences triumphed against Britain in the Near East, Hitler would probably thrust next at Iran (Persia), the world's fourth biggest oil producer.

The German radio broadcast an asserted "official report" from Baghdad, the Iraq capital, that British planes bombed the city on Sunday morning.

In his Reichstag speech, Hitler declared that no power on earth could wrest away Germany's gains and that "neither force nor time will make us yield, let alone break us up."

The well-posted Berlin Dienst Aus Deutschland, commenting on Hitler's speech, declared that because of possibility of American intervention in the war, no speculation could be made on the duration of the conflict.

Dienst hinted that the war might extend into 1942, and said:

"Such intervention is appraised by Germans as an influence which could prolong the war, but under no circumstances alter the ultimate result."

address business and professional men at a community luncheon.

A community meeting, with representatives of the Federated Women's Clubs, P. T. A. and other women's organizations present, is scheduled for this afternoon. An open forum tonight will close his stay in Dalhart.

Dr. Popenoe will be in Amarillo Friday and Saturday. Friday morning will be spent in Amarillo High school, where he will lecture and lead discussion groups, and the afternoon will be spent in a conference with several women's organizations. He will speak Friday night at a meeting of Men's and Young Men's clubs.

Saturday the speaker will open the program with a lecture in Amarillo college in the morning, and a special Leaders' dinner will feature the afternoon schedule. He will conclude his stay with a banquet in the Y. M. C. A.

Like programs will be presented throughout this district during the week. The itinerary includes: Tucuman, Tuesday; Pampa, Wednesday; and Hereford, Thursday. Following his engagement here, Dr. Popenoe will go to the University of Oklahoma at Norman.

He is being brought to this area under the sponsorship of the Great Plains District Y. M. C. A.

The Civil Aeronautics administration has estimated that there will be a need for 4,000 landing fields in the next six years, requiring an investment in excess of 500 million dollars.

### CHICAGO GRAIN

CHICAGO, May 5. (AP)—An attempt to extend the sharp grain price advance into heavy profit today after wheat and corn rose a cent or more to close. A car of No. 2 hard wheat sold up to 87 1/2 in the spot market while old yellow corn was priced above 50. These wheat prices were the highest since last May while corn was the highest in almost four years.

The government wheat loan program and a steady decline in cottonseed oil were bullish market factors early in the session but when these commodities reacted profit taking ensued and wheat cut grain price gains, wheat falling as much as 1/2 cent below the Saturday close at one time.

Wheat closed 1/2 lower to 1/4 higher compared with Saturday, May 4, 1941. July 94 1/2; corn 1/4 higher, May 69 1/2, July 69 1/2; oats unchanged to 1/4 lower.

### Renewal Wedding Ceremonies Favored by Duke's Cleric

HOLLYWOOD, May 5. (AP)—Dr. E. Anderson Jardine, who ignored orders of the Archbishop of Canterbury and married the Duke of Windsor and Wally Simpson, says he is in favor of renewal wedding ceremonies.

Two years in Hollywood have convinced the English cleric, he says, that marriage lies last about three years. At that juncture he would bring the couple together and renew the bonds. It would be an "affectionately yours" ceremony, both promising affection for another three years.

"Oil companies say it is necessary to change oil in our car, and dentists say twice a year for a tooth overhaul. Marriage is important enough to renew," he argues.

### Fill Out This Blank For Top O' Texas Folks Fiesta

On June 12, 13 and 14 the only celebration of its kind ever held in America will draw tens of thousands of people to Pampa: It will be the Top O' Texas Folks Fiesta, and that means it will be a celebration for just folks, not just for big shots nor just for the forgotten man, but for all folks. One big attraction of the Fiesta will be the Parade of All States and Nations which will consist of floats representing all states and nations which have natives living in this territory. Each float will be decorated in the dominant color of the state flag, state flower, state motto. The Pampa News and the Junior Chamber of Commerce are making a canvass to determine the native states of the population of this territory. You are invited to fill out this blank regardless of whether or not you plan to attend the Fiesta. Natives of Texas as well as of other states and nations are asked to fill out the blank. Please print your name, address and other information.

### Sweet Gas Bill Debated In Senate

AUSTIN, May 5. (AP)—A bill to permit use of sweet gas in the manufacture of carbon black, under regulations of the railroad commission, was debated at length by the senate today.

Senator Grady Hazlewood of Amarillo, author, spoke of the need for carbon black in making rubber. "Close down this industry and you'll all be walking," he said, pointing out that use of the product extended greatly the life of automobile tires.

Hazlewood declared that there was increased need for carbon black because of the defense program.

Present law prohibits manufacture of carbon black from sweet gas. Hazlewood said his bill would give a greater market to sweet gas producers.

No action was taken during the morning session, and at the noon recess Senator Weaver Moore of Houston was speaking in opposition.

### P-38 Interceptor Flies 458 Miles An Hour At Show

LOS ANGELES, May 5. (AP)—An airplane which flew by so fast it disappeared before its motors could be heard has made its debut at a speed, its pilot said, of 458 miles an hour.

Lockheed aircraft calls its P-38 Interceptor, given its first public demonstration before 50,000 spectators at an air show yesterday, the world's fastest fighting plane.

Test Pilot Milo Burcham sent the plane so fast on a level course over the municipal airport, site of the show, that it disappeared into the horizon before the spectators heard the thunder of its engines.

### U. S. Lacks Skilled Laborers, Says Fuller

DENVER, May 5. (AP)—The nation's defense job "cannot be done on a 40-hour week" because there aren't enough skilled laborers to go around, Walter D. Fuller, president of the National Association of Manufacturers, told a defense clinic today.

"America needs to be shocked and brought up short against the stark realism of what is going on about us," Fuller said in an address prepared for delivery before Colorado manufacturers.

German airlines have expanded, and in the first eight months of 1940, they were operating 110 per cent more route miles than at the close of 1939.

Terrell Davis with the United States army at Brownwood, is here on leave for a few days.

Mrs. Gladys Acklam has returned from Quincy, Ill., where she was called three weeks ago by the illness of her mother.

Mrs. Carrie Braymer of Bartlesville, Okla., visited Sunday in the home of her brother, W. F. Hallman, and family.

The Rev. R. G. West is conducting a revival meeting at Thomas, Okla. He will return to Pampa for services on May 11.

Funeral services for Mrs. Anna Keough, who died Friday night in Midland, will be held Tuesday morning at 9 o'clock in the Holy Souls Catholic church.

### Executive Slain While Sitting In Car With Model

NEW YORK, May 5. (AP)—Twenty-three-year-old Morris Mardavich, a disheveled, dark-haired man nervously clasping a soiled gray hat, appeared in the police line-up today charged with the slaying of advertising executive Harry V. Maxwell yesterday as Maxwell sat in a parked car with a pretty blonde model.

The prisoner acknowledged having made a statement to the district attorney's office, and was not questioned further. As he was led from the platform, Capt. Edward Dillon said, "this is a very good arrest."

Police meanwhile started a search for a man allegedly named by Mardavich as having aided him in a series of "tail-light" holdups in New York's east side.

Their practice was described by police as strolling through the section in early morning hours, watching for a lighted automobile tail-light, indicating persons might be in the car, and then robbing them.

Detectives Thomas Murphy and William Jones had Mardavich in custody for several hours before he formally was charged with homicide at 3:30 a. m. (E.S.T.) today.

The slaying occurred just before dawn yesterday outside the upper east side home of Mary Jane Cassidy, 24, where she and Maxwell, 41-year-old son of R. C. Maxwell, head of the outdoor advertising agency of that name, had parked after visiting a fashionable night club.

### Selassie Returns To Addis Ababa

ADDIS ABABA, Ethiopia, May 1. (AP)—Haile Selassie returned this capital city today to reclaim the throne from which he was driven by the Italians in 1936 and his subjects began celebrating excitedly.

Thousands flocked to St. George's cathedral for a double celebration—the imminent return of the king of kings and to observe St. George's day, the Ethiopian national saint.

Notables clattered through the streets on gaily-bedecked mules with retainers running at their sides.
