Farm Youth Held In Levelland Bank Robbery, Money Recovered

BRITISH CLAIM EDGE IN BATTLE OF CRETE

Boy's Mother Sends Cash To Sheriff

Son Of 'Respected Farm Family' Arrested

LUBBOCK, May 23 (AP)—Sheriff Ed Hofack of Levelland, Hockley county sheriff, said at 11 o'clock he had broken the Levelland First National bank robbery with the arrest of a 20-year-old Levelland youth and recovery of "what looks like more than \$20,000." The youth held is the son of "one of the most respected farm families in this whole section," the sheriff said.

Hofack said the boy's mother found the money hidden on the family farm and "sent it to me."

Hofack said he had arrested the suspect at daylight this morning. That was a short time after he had received a mysterious telephone call telling him who the suspect was and where the money was hidden.

The sheriff said the informant, who since had disappeared and is sought for more of the story, told him the money had been buried in Levelland until last night, when it was taken from hiding and taken to a farm and buried.

The sheriff said he believed the informant had disappeared because of fear of reprisal for his having informed officials.

The suspect was described as never having been in serious trouble before.

He had made no formal statement to officials, Sheriff Hofack said.

Exclusive of checks, \$24,360 was taken early Thursday from the bank by a young masked two-gun bandit, who entered a window of the bank and walked for employee to appear. He met each of them at the bank door and made them sit around as though nothing were happening, until Woodrow Cobb, assistant cashier, arrived, whereupon he forced Cobb to open the safe.

He scooped up the currency, most of it in new bills, locked bank employees in a vault and disappeared.

Officials were freed 15 minutes later after they had telephoned from the vault for help.

"We definitely have broken the case and recovered practically all—if not all—the money taken in the robbery," Sheriff Hofack said.

The youth is being held in jail at Levelland and charges will be filed soon as the district attorney questions him, the sheriff added.

Sheriff Hofack quoted his informant as saying the youth wanted the money "to get married."

Missourians And Oklahomans Will Caucus Tonight

Pow-wows of the Oklahoma and Missouri state societies, in connection with plans for the Top O' Texas Folk Fiesta to be held here June 12, 13, and 14, will be held at 8 o'clock tonight in the district court room.

There's a lot of business to be taken up at these two meetings, such as deciding on floats, nomination of queens, whether to buy buttons or other insignia.

The Soomers will also have to decide on the election of permanent officers.

W. R. Frazee, grand chief of the Missouri, was mighty proud today of the work his membership committee had done in contacting Missourians by phone, personal call, and postcard.

The committee is composed of Mrs. R. C. McNabb, Mrs. W. E. James, S. L. Pipkin, and W. F. Hawkins.

The Missourians slipped up, a little though, in sending a post card to Archer Fullingim, native of Wise county, Texas, reading: "You were born in Missouri I hear, so were we, by jingo! Won't you join with us Friday night? Our officers are working hard to keep our state at the top. Come, don't let the Showmen flop."

The temporary chairman of the Soomers looks for a battle as to who will get the district court room. He is contemplating using the Seminoles as shock troops, as they know how to fight in the swamps, then following up with an avalanche of Comanches, Cheyennes, and Cherokees, the ace fighters of the state.

I Heard . . .

That Cecil Blinkinsop, the bally Englishman on the KPON Studio Frolics, will wear a monocle for the benefit of his studio audience tomorrow afternoon. The big show, open to the public, will be presented in the studio at 8 o'clock.

Names Of 55 Boys In Derby Announced

A total of 55 boys, only 11 less than competed in the races here last year, has been entered in the 1941 Pampa News-Pampa Lions Club Soap Box derby, to be held here July 17-18.

Mark Bratton's model racer, the car that won the prize as the best designed car of the more than 100 entered last year in the national and international finals at Akron, Ohio, has been the object that interested eyes of many Pampa boys during the past week.

The vehicles has been on display at the Pampa News, in a counting room window. Along on display is the beautiful M. E. Coyle trophy, presented by M. E. Coyle, general manager of Chevrolet, to each home town winner of a local soap box derby.

One For Pampa Boy

Winner of the derby to be held here next July will receive one of these trophies. The award consists of the figure of a boy in a racer on top of a globe, which is encircled by a band on which is engraved "the greatest amateur racing event in the world."

A "steering post" supports the globe which rests on a polished base, including the use of United States. On the plate are these words: "The M. E. Coyle trophy—Awarded to City Champion Soap Box Derby—1941."

Pampans Asked To Wear Legion Poppies

An appeal to all patriotic Pampans to wear a poppy on Saturday was issued today by Dan Williams, commander of Kerley-Crossman post of the American Legion. Describing the poppy as a badge of patriotism, Commander Williams asked that it be worn by everyone in the city during the annual observance of Poppy day to show a united front for America.

In his appeal the Legion commander said:

"The poppy is the memorial flower of our comrades who fell in France. We wear it to honor their memory and to aid those who were disabled, their families and the families of the dead. Wearing the poppy is our individual way of showing that we remember and are grateful for the sacrifices made in our country again facing grave dangers we need to wear the badge and to wear it with sincere devotion to the things for which it stands. Therefore I am appealing to all patriotic citizens of Pampa to join with the American Legion and the American Legion auxiliary in the observance of Poppy day on Saturday by wearing an American Legion memorial poppy."

Women's Council Elects Officers At Breakfast

Women's Council members of First Christian church met at 9:30 o'clock Wednesday morning at the church for a colorful breakfast sponsored by group three.

The tables were decorated with pink roses and each table was centered with a Maypole.

The meeting was called to order by the president, Mrs. Bob Gilchrist, who announced that a laboratory school will be conducted at the church beginning June 2 and continuing through June 6. Each group will serve lunch to those attending the school.

The Council recommended that the church year begin July 1 rather than January 1.

Mrs. Bill Kinzer gave the devotional on United Christians reaching out to other nations and races. A rice bowl was passed on the table for contribution for relief of China.

Mrs. D. V. Burton impersonated a Biblical story of "The Marriage of Philip and Elizabeth" in the City of Cana. This story showed how their plans for marriage were shattered year by year for 15 years. Their patience, kindness, and tolerance life was of high esteem. When the wedding day came, it was the grandest and largest marriage that had ever been solemnized in the city. Mrs. Burton pointed out.

Mrs. Billy Taylor reported on the new officers nominated by the nominating committee. Officers elected were Mrs. Gilchrist, president; Mrs. C. T. Hightower, first vice-president and program chairman; Mrs. Charles Darling, second vice-president and World Call chairman; Mrs. Charles Ballard, secretary; Mrs. E. A. Norris, pianist; Mrs. D. V. Burton, representative to the Federated Council of Church Women; Mrs. Robert Louvier, Red Cross chairman; Mrs. B. C. Fahy, missionary chairman; Mrs. E. L. Norris, reporter; Mrs. Roy McMullen, assistant reporter; Mrs. Fred Whipple, banquet chairman; Mrs. C. F. Bastion, welfare chairman; Mrs. Tom Bunting, sympathy and convalescent cards; and Mrs. Frank Meers, Sarah Harwood, hall chairman.

The 78 members attending joined hands, forming an unbroken circle, for the benediction.

The 60,000,000 tires produced yearly in this country constitute the second largest use of our cotton crop.

Mrs. Kelley Gives Demonstration On Use Of Cooker

Use of a pressure cooker in preparing a balanced meal was demonstrated by Mrs. Julia Kelley, home demonstration agent, at the meeting of Kingsmen Honor Demonstration club in the home of Mrs. C. F. Bastion this week with Mrs. S. E. Elkins as hostess.

Mrs. Kelley placed in the pressure cooker mustard greens, new potatoes, turnips, and carrots with one-half cup water. Over the top of these vegetables she placed 2 1/2 pounds of salt bacon, a tablespoon of butter, and salt. The demonstrator placed the lid on the cooker and let the steam escape for seven minutes, after which she closed the petcock and let the pressure rise to 10 pounds. The fire was turned off and the lid removed when the pressure was completely down.

Mrs. Kelley stated that in order to have a well-balanced meal a yellow or leafy vegetable, potatoes, one other vegetable, fruit for dessert, milk, and whole wheat bread or cornbread should be served.

Also a discussion on good standing posture was conducted by the speaker.

In the business session conducted by Mrs. O. G. Smith, the ladies were made to attend the all-county picnic on May 28 at Lake McClellan. Mrs. P. F. Blankenburg was elected delegate to the short course in July at College Station and Mrs. D. L. Lunsford, alternate.

Attending were Mrs. M. G. Davidson, J. C. Payne, M. G. David, O. G. Smith, D. L. Lunsford, C. F. Bastion, Julia Kelley, one new member, Mrs. H. M. Proper, and the hostess.

A previous meeting of the club in the home of Mrs. D. L. Lunsford, a program on "Fancy Work" was presented with Mrs. N. B. Cude showing practical pieces of fancy work for the bedroom. Mrs. J. C. Payne displayed linens for use on the dining room table and buffet and explained their durability and usefulness. Fancy work as applied to the modern living room was discussed by Mrs. M. G. David, who showed needlepoint, hooked articles, covers for pictures, chair backs, and arms.

Pictures were made of the group and the fancy work by the reporter Mrs. C. F. Bastion.

Mrs. O. G. Smith, president, presided over the business session.

Refreshments were served to Mrs. P. F. Blankenburg, N. B. Cude, M. G. David, S. E. Elkins, Nat Lunsford, O. G. Smith, L. E. Twigg, A. R. Walberg, Chester Williams, W. H. McBride, J. C. Payne, C. F. Bastion, and the hostess.

Girl Scouts Will Present Ferguson Ballet Tonight

Girl Scouts of Pampa will present Constance Ferguson Miniature Russian Ballet, assisted by Carl Adams' string ensemble tonight in the high school auditorium at 8 o'clock.

Miss Ferguson is a former pupil of the famous Theodore Kosloff, having been associated with him in study and in connection with his stage and screen productions in Los Angeles for seven years. Miss Ferguson lived in the home of Mr. and Mrs. Kosloff, the latter better known as Maria Baldrina, in Los Angeles, and became one of the outstanding pupils of the school.

In addition to study of the ballet as brought to America from the Imperial schools and theater in both Petrograd and Moscow by Kosloff and his company, she had years of practical experience in costume designing and stage production. In the Los Angeles school she also was associated with Vera Fredowa and

while the southern operators entered a tentative agreement to increase their scale from \$5.60 to \$6.60. However, the southern group declined to eliminate the seasonal differential and meet the \$7 northern scale. UMW President John L. Lewis has insisted that the same scale be paid throughout the industry.

The southerners also object to the union's proffered contract because it provides for a 10-day vacation shutdown of all mines once a year with \$30 vacation money for each miner, and further because the contract reserves to the union the right to strike any time, and place to maintain "the integrity and competitive parity of the contract."

Coal experts said there is only 10 or 15 days coal supply above ground.

A count of ballots in a national labor relations board election at Detroit showed that the CIO United Automobile Workers had won collective bargaining rights at the Ford Motor company's River Rouge and Lincoln plants, E. J. Thomas, UAW president, declared the election result marked "the end of an era in American industry... the defeat of the type of uncompromising anti-unionism represented by Henry Ford." Harry Bennett, Ford personnel director, commented "it's a great victory for the Communist party."

Meanwhile new labor troubles sprung up in other divisions of American industry.

CIO steel workers struck at the Fedders Manufacturing company factory at Buffalo, N. Y., halting production of machine gun clips. The union men asked a wage increase of 10 cents an hour over a present scale placed by the management at about 80 cents.

Labor difficulties continued at an army shell loading plant construction project near Ravenna, Ohio. A scheduled trace failed to develop, and contractors cancelled the identification barges of 7,300 workers and announced they would be "re-employed" only through accredited

BRITISH

(Continued From Page 1)

Mediterranean struggle, the London admiralty announced that British submarines torpedoed and sank a 9,000-ton troopship and a 7,000-ton tanker attempting to reach Axis forces in Libya, North Africa.

In addition, the admiralty said, an Italian destroyer was probably sunk, and a large ammunition-carrying schooner was sent to the bottom.

A London spokesman described the British position as being "certainly as satisfactory as it was 24 hours ago."

Cairo dispatches said crowded boatloads of Nazi troops trying to reach Crete had been "blasted to bits" by British naval guns amid a developing battle between the British fleet and the German Luftwaffe's Stuka dive-bombers.

Heavy damage was said to have been inflicted on a 30-batt Axis convoy, and Italian ships were seen picking up survivors.

Meanwhile, French Vice-Premier Admiral Jean Darlan denied that France would return to the war as an active ally of Germany.

In a speech emphasizing that France was a defeated nation, Darlan told his conversations with Reichsfuehrer Hitler, and declared:

"The chancellor did not ask me to hand over our fleet to him. Every-one knows—and the English better than anyone—that I will never hand it over to anyone."

"The chancellor did not ask me for any colonial territory. He did not ask me to declare war on England."

"Why has he acted so? Germany began the war alone and judges herself able to end it alone against no matter what coalition."

A contrasting note was sounded in London, where a British war cabinet spokesman declared that Britain seized the 13,467-ton French oil tanker Sheherazade "because of the imminence of a definite break between Great Britain and Vichy."

The spokesman's statement emphasized the grim warning voiced yesterday by Foreign Secretary Anthony Eden, who said bluntly that Britain would attack France unless Chief of State Philippe Petain eased his policy of collaboration with Germany.

Authoritative quarters in London said the struggle for Crete was raging at full fury, with a hundred separate fights raging simultaneously on the 100-mile-long island and Nazi parachute, glider and plane-transported troops still showering down from the skies.

"There are no lines of communication... no front line or reserve positions... it is every man for himself," said a British spokesman describing the weird conflict.

Up to dusk last night, it was said, the Germans had still failed in repeated attempts to land sea-borne troops.

London military quarters declared the situation was "satisfactory" at Candia, in central Crete, where the Germans gained a foothold yesterday.

Berlin, the German press asserted that Air Marshal Hermann Goering's Luftwaffe had struck the heaviest blow of the war against Britain's sea power in a battle which cost the British four cruisers sent to the bottom and "several" destroyers.

The locale of the action was not disclosed, but it presumably occurred in the waters around Crete, where Prime Minister Churchill yesterday said the British fleet had attacked a convoy of 30 ships en route to the embattled island.

On January 1, 1941, 17,351 aircraft (not representing military planes of any type) were certificated, a 35.2 per cent gain over the 12,828 aircraft that were registered on the same date of the previous year.

Market Briefs

NEW YORK, May 23. (AP)—Stock market selling turned into a mere dribble today and there were enough bidding to keep prices steady.

WASHINGTON, May 23. (AP)—The treasury's defense savings bond sales campaign stepped up in tempo today with a mixed comedy-sales talk film on the screens of 15,000 motion picture theaters throughout the nation.

Arrest Made On Join Slug Charge

F. A. (Spec) Campbell, 36-year-old Pampa, will be one of nine suspects believed to be members of an alleged coin slug ring, whose cases will be heard before a grand jury in Dallas on June 16.

The Pampa man was arrested here on May 16 at a local night club by Deputy Sheriff Roy Pearce and held for investigation. Two days later he was released into custody of federal officers.

Campbell had about \$30 in bogus half-dollars in his possession, according to information from the sheriff's office.

Leo J. Williams, chief of the U. S. Secret Service, Dallas, said Agent William Bradshaw had arrested one man at Stephenville and another at Seymour, following detention of one man at Pampa and another at Wichita Falls earlier in the week.

Delaware, Maryland, Washington, D. C. and New Jersey are asked to convene. Mr. Stilwell will attend this meeting.

Mrs. A. E. Erickson and Mark Denison will be in charge of the Colorado meeting, assisted by O. N. Frasher, a native of Iowa, who lived in Colorado longer than he did Iowa and who said he would join both societies. All Coloradans and Iowans are asked to get in touch with one of these three people.

It was emphasized that all the meetings this week end will be further stressed that the purpose of organizing the clubs is to form permanent organizations for the future pleasure of its members. The purpose was not merely to organize temporary clubs in order to finance a parade. It was felt that there would be more interest in the state societies if the clubs did finance building of the floats.

The societies are the only ones of their kind in the Panhandle, and natives of the various states living over the Panhandle are eligible to join them. They represent the entire Panhandle, not merely Pampa nor the Top O' Texas area. It is planned to build all future fiestas around the native state clubs.

So She Married A Big Man Of Steel

KANSAS CITY, May 23. (AP)—The pretty blonde who was followed all the way home from the Kentucky derby by a motorcycle Lohr-lyer from Arkansas is a bride now—of a big, broad-shouldered man from California.

Mary Helen Linger, whose polite wave from her automobile started Earl Lee Archer, University of Arkansas sophomore, and a companion on their wild motorcycle dash, was married last night to John West, a steel company accountant, of San Francisco.

Archer, for all his long detour from Louisville to Kansas City, never got to see Miss Linger. When he located her by telephone, her father, president of the real estate board, informed him there was "someone else." The someone else was West.

Production Soars as Planes Like This Take the Air

U. S. plane production is getting its wings. As this speedy new Bell YP-39C Pursuit plane was put through War Department combat tests at Patterson Field, O., April output of U. S. aircraft factories was announced as 1403 planes, new high on graph above. Rate in 1938 was 100 a month.

Houston May Celebrate His 87th Birthday In United States Senate

By WILLIAM T. RIVES
LAPORTE, Tex., May 23. (AP)—Gen. Andrew Jackson Houston may celebrate his 87th birthday in the United States senate, where his illustrious father and liberator of Texas, Sam Houston, served before him.

General Houston, the oldest person ever named to the senate, was born on June 21, 1854—the longest day of the year, he laughs—and his next birthday anniversary may find him in Washington.

In an interview, he said he did not know when he would leave, but that he positively would go to Washington to take the oath of office and serve until the special election June 28, when his successor will be chosen to fill out the unexpired term of the late Morris Sheppard.

The senator has been kept busy since his appointment April 21, answering mail and conducting his office business from his Bayshore home near here.

He works until late at night and takes no afternoon nap. "My health is good, though," he said.

A state policeman still keeps the lonely vigil outside the Houston residence to keep out undesired visitors. A guard of two highway patrolmen was placed at the entrance when Gov. W. Lee O'Daniel made the appointment. The number of guards has been reduced to one, who remains at his post, through the daylight hours.

Reminiscing about his heroic father, the senator said he remembered Sam Houston well, although "his world was so large I was just a drop in the bucket."

The senator's name was not given to him by his father. "Some folks think my father named me, but my mother chose the name because of my father's great admiration for and friendship with Andrew Jackson."

Sam Houston died when his son was only 9 years old, and the founder of the Texas republic had no whiskeys during Andrew Jackson Houston's association with him.

Senator Houston went through a group of pictures of his father and picked out the one he liked best, the one which most resembled his parent as he remembered him.

He showed the fire-eating father of Texas sitting down, looking straight ahead with his hands folded across his lap.

The senator said he used to visit his father frequently in the state capital when Sam Houston was governor, and that Sam used to spell after him retired to Cedar Point, just across Trinity bay from Senator Houston's home.

Senator Houston recalled with a chuckle that he was responsible as a child for a change in the treatment of Union prisoners in Texas during the Civil War.

Relating "The outstanding incident I remember about my father," he said: "I used to loaf around the state prison at Huntsville as a child. One day I was strolling up and down the aisles when I stopped to talk to some men I saw in the cells."

"I asked them what they had done to get in prison, and they told me they had been captured in the battle of Galveston."

"I thought that was strange, and went home and told my father, who was then in his last illness."

"Father talked to Governor Lubbock and told him that would not do for prisoners of war; they should not be placed in cells like convicts."

"The prisoners were given better quarters outside, and a Union surgeon was even allowed to practice in town."

Houston also recalls vividly President Theodore Roosevelt, who appointed him United States marshal for the eastern district of Texas.

He remembered that on one occasion he attended a White House reception.

"I was some distance away from President Roosevelt when I entered, but he saw me and held up his hand and said: 'There's Colonel Houston from Texas!'"

Houston organized a troop of Rough Riders in Texas for Roosevelt.

The senator said he was not surprised at the decision of Governor O'Daniel to enter the senatorial race.

"I wasn't surprised," he said, "the governor certainly wasn't surprised, and I don't think anyone was surprised."

Houston said he planned to vote for O'Daniel, "just as I did when he ran for governor."

Air Force Victor Over British Navy, Boasts Germany

(By The Associated Press)
BERLIN, May 23.—Germany reported today a sweeping victory in the continuing epic struggle in the eastern Mediterranean between her air force and the British navy. Her claims:

Four cruisers, several destroyers and one submarine sent to the bottom by the Luftwaffe yesterday and the day before.

One battleship, two destroyers and a number of smaller vessels hit.

The high command, referring to yesterday's special announcement of the battle between sea and air power, said the Luftwaffe pounced repeatedly in "audacious" attacks, scoring hit after hit upon virtually all types of British warships.

It did not repeat the detailed claim in last night's special announcement that four cruisers and several destroyers had been sunk and that a battleship and two other destroyers were damaged.

The submarine was added to the list of British losses by informed sources who said it was hit by a heavy bomb as it tried to dive to cover.

Today's communique said simply that "the heaviest losses" were inflicted by the Luftwaffe in its joint operations with the German army in the eastern Mediterranean—although the Crete region undoubtedly was meant.

Officials here emphasized that France's action in permitting German planes to utilize Syrian airfields for attacks on the British in Iraq provided a "disturbing example" of the aid the Vichy government might give Germany in Dakar, Morocco, Algiers, Tunisia or even in unoccupied France.

The United States, it was said in informed quarters, will continue to maintain a close watch on all aspects of Franco-German "collaboration" and—while no specific action is now contemplated—will be ready to act whenever hemisphere interests warrant.

It was likewise said that there would be no more shipments of food to France or supplies to the French north of Africa until the United States received satisfactory—and preferably written—assurances that France would not go beyond the armistice terms in cooperating with Germany.

The urban population of the United States is older, on the average, than the rural population, the 1940 census discloses.

70,000 Troops Will Maneuver In Texas

BROWNWOOD, May 23 (AP)—For the first time in history all organizations of the eighth army corps, under command of their new chief, Major General George V. Strong, will assemble in this area June 1 through June 15 for combined training exercises.

The exercises will be conducted under direction of Lieutenant General Walter Krueger, commander of the third army, and his staff.

POPPY DAY SATURDAY

MAY 24th

Remember them tomorrow as they remembered you when they journeyed across the waters to fight that great battle so that you might be safe from bloodshed and strife. Yes, you people at home were in their minds and hearts all the time, even though a machine gun was rattling to the right of them, a bomb bursting to the left of them, and rifle bullets singing a tune of death in front of them. They never forgot you, you lived in their memories all through that long and bloody battle—so why don't you show that you still remember them—show them you are proud of them, and buy a poppy tomorrow!

LEST WE FORGET . . .

Who are these men to which Poppy Day is dedicated? Are they great industrialists, politicians, scientists, artists? No, these men are World War Vets, who are trying to salvage that part of their lives that's left them after a great war. They are men from common walks of life who, in the first flush of their youth, found themselves fighting for a cause—your cause—the cause of democracy.

They might have been famous. They might have invented a motor car; they might have been a senator, a governor or even President; they might have written that great novel or painted that great picture. Might have been! Instead they fought great battles—they blew out that great flame of scorn, hatred, and greed that was about to shinge the shores of Democracy.

Today, in Flanders, poppies grow in and around thousands of white crosses that mark the graves of those who gave their lives for that great cause. But there are other men who fought in Flanders whose names are not on any of those white crosses. No, their names are on white hospital beds and on little baskets with wheels and on wheel chairs and crutches. Those are the men to whom Poppy Day has the most significant, those men whose comrades agony is still beneath the live poppies in Flanders, but whose own agony throbs with every move and with every tortured heartbeat. Poppy Day is for them.

BE GENEROUS TOMORROW

Used or new magazines, books, playing cards, pocket combs and mirrors, games, etc. are much needed and gratefully appreciated by the hospitals.

TIP FOR BOYS IN PAMPA'S DERBY

Here's something that means a lot to Pampa boys right at this time. It's a picture of the blueprints of the car of Tommy Fisher, 12-year-old Detroit boy, who won the 1940 All-American Soap Box Derby finals in Akron.

Body construction is of laminated strips of scrap lumber. Sides can be built heavier to boost total weight, or can be cut down to lighten weight if needed. The champion's car depended for

weight largely on a heavy, solid floor, made of 2x12 planks. Complete blueprints can be obtained free by writing to national headquarters, of the All-American Soap Box Derby, A-223 General Motors Building, Detroit, Mich.

Was Panhandle Under American Flag 42 Years Before Rest Of State?

WASHINGTON, May 23. (AP)—Attorney Richard L. Porter, Jr., of Greenville, supported by maps and writings he has procured in research here, hopes to get Texas authorities to officially recognize that a great swath across the northern part of the Lone Star state once was United States territory under terms of the Louisiana purchase.

In Washington on private business, Porter spent many hours spare time in the congressional library and interior department's land office studying the arguments that ensued over the boundaries of land acquired in the deal with France.

He found in one volume that Thomas Jefferson had vigorously contended that the boundary extended westward in the gulf region to the highlands east of the Sabine river, known also as the Mexicana river; to the north it included all the lands in the watershed of the Red river.

Thus a wide strip of Texas, including Marshall, Jefferson, Texarkana, Denison, Sherman, Bonham, Paris, Wichita Falls and Amarillo, was under the American flag 42 years before the remainder of the state.

However, the disputed right of the Stars and Stripes to fly in the Texas area bought from France was upheld by the Americans only until 1819. Then, under treaty with Spain, the Sabine was definitely agreed to as the boundary on the east and the area now in Texas was conceded to be a part of the Spanish empire.

Porter said he would ask the Texas highway department to determine the exact points along principle roads in the state where one would cross into the area included in the Louisiana purchase, and to erect historical markers calling the fact to the attention of passersby.

Concern of a Texas that this government was purchasing Egyptian cotton was passed on to the agriculture department by Representative Thomason of El Paso.

Secretary Wickard, expressing a wish that the man, G. E. Spinnler of Esperanza, and others interested be advised, wrote Thomason as follows: "The rumor which Mr. Spinnler mentions—namely, that this government is negotiating with Great Britain for the purchase of around 200,000 bales of Egyptian cotton to be transported in otherwise empty boats returning from the Red Sea—is one which has appeared at various times recently in the press.

"In almost all cases it has been reported under a foreign date line, a fact which would seem to indicate that it had not originated in this country.

"As a matter of fact, the department has no such plan and knows of none for the purchase of Egyptian cotton by any other agency of the government."

Dumas Delegation Spends Hour Here

A colorful group of Dumas citizens "look over" Pampa for nearly an hour yesterday afternoon, advertising the annual Dumas Old Settlers' Reunion and Rodeo to be staged May 30 and 31 at Dumas.

The delegation of 50 cars of citizens led by the snappy Dumas school band, was in charge of Bill Rutherford, Dumas newspaperman. The visitors were welcomed by W. B. Weatherford, chairman of the goodwill committee of the chamber of commerce. Dumas speakers were Judge Noel McDade, Mrs. Bill Rutherford, and James Copeland.

The Dumas band gave an interesting musical program. The band was under the direction of R. M. Farnsworth.

A large delegation of Pampans will attend the Dumas celebration, Mr. Weatherford told the visitors. The program was broadcast over Radio Station KPDM.

Flashes Of Life

PHILADELPHIA—It wasn't on the menu but Walter Myers got a girl with his soup.

He was just about to taste the first record on the subject, and noting that the "maximum age limit has been and is being materially advanced by the authorities of our government," the East Texan said: "I have always contended that a man or woman has not outlived his or her usefulness when he or she reaches 45 years of age, and I have never been able to agree that one who is physically handicapped is without the realm of usefulness."

PARSONS, Kas.—This coyote didn't have a chance.

While repairing a fence, Farmer M. Fletcher saw a herd of cattle surround the coyote in an almost perfect circle. Two horses inside the ring attempted to trample the beast. Fletcher joined in and as the bewildered coyote came close he killed it with a hammer.

Fletcher collected \$1 bounty.

LAWRENCE, Kas.—Mrs. E. E. Leasure made a hole-in-one, but it only increased her score.

She teed off for the second green. The ball plopped into the cup on the No. 12 green nearby.

Nine Ships In One Convoy Sunk, Claims Nazi High Command

BERLIN, May 23. (AP)—German submarines have sent 110,300 tons of the Atlantic in recent operations, the Nazi high command asserted today, but it acknowledged that Germany's U-boat commander, Günther Prien has been given up for lost with his ship.

Nine of the British ships sunk were picked out of one convoy bound for England, the war bulletin said, and accounted for 70,000 tons.

Among them, it listed three tankers of 8,000, 10,000 and 13,000 tons and a "heavily laden munitions steamer of 7,000 tons."

Another 18,000 tons of merchant shipping was said to have been sunk by submarines in lone attacks and, in waters west of Africa, submarines sank 21,400 tons, the communiqué said.

Rio Grande de Sul, most southern of Brazil's states, is known as the Texas of Brazil because of its rolling grass-grown pampas and an extensive cattle growing industry.

Recent reports indicate that more than 300 cities and towns in the United States are now linked together by regular air service.

Convoys Approved By Women's Clubs

ATLANTIC CITY, N. J., May 23. (AP)—The General Federation of Women's Clubs, representing 2,000,000 American women, approved today all necessary aid to the foes of totalitarianism although warned this might mean convoys to Great Britain.

The federation's triennial convention amended the original resolution to oppose the sending of war supplies to Axis powers by United States citizens. A speaker had pointed out that this nation was supplying Japan with a considerable stock of military needs.

Mrs. Frederic W. Beggs of Wyckoff, N. J., international relations department chairman and the woman who introduced the resolution, said she was fully aware of its serious implications, such as the possibility of convoys.

Japan Bristles And Warns Dutch Indies

BATAVIA, Netherlands East Indies, May 23 (AP)—A newly-launched Japanese press campaign

bristling with threats and pointed warnings will not force the Netherlands East Indies from their firm stand in commercial negotiations with Japan, informed quarters asserted today.

Furthermore, these informants said that a Japanese commercial program as outlined by the Tokyo press with reference to the N. E. I. was considered largely unacceptable here.

The four-month-old commercial negotiations were declared to have entered a critical stage with the exchange of final memoranda earlier this month. The main stumbling block has been the disinclination of the N. E. I. to sell large quantities of vital products to Japan, lest they find their way to Germany.

The launching of the violent press campaign, one informed source said, may mean the beginning of preparations to prepare the Japanese public for a breakdown in the negotiations.

Glass manufacturers are producing cables which they contend have greater tensile strength than steel. The American rubber industry sold 31,400,000 new tires in 1940.

GROVER AUSTIN WINS GREENBELT GOLF CHAMPIONSHIP

Pampa Youth In Finals Twice Before

Grover Austin Jr., yesterday afternoon defeated wind, rain, mud and a worthy opponent to win the Greenbelt Golf championship played over the crack Childress Country club course. It was the Pampa's first Greenbelt championship in 5 years of competition. Twice before he went to the finals but more experienced players kept him from winning.

Although a little jittery, Austin came through in the clutch to beat the veteran Charles Johnson of Altus, Okla., also a perennial contender, but never a champion.

Young Austin kept his drives in the fairways most of the way and his deadly putter was a savior on several holes.

The two finalists worked three holes before the rains came. At that time Johnson was one up. Austin slipped the ball in the cup from 2 yards off the green on the first hole but on the third Johnson canned a 25-yard approach shot to go one up. Johnson won the second hole when Austin sliced, into the trees.

Austin evened the match on number five and went one up on eight by sinking a long putt. Johnson evened things on ten with a long wood shot which hit the cup, but Austin again rallied on the next hole to can a 15-foot putt.

Both golfers and a few spectators were soaked by that time and the greens were like thick soup.

The Pampa went another up on the 13th hole, lost on the 15th but added another on the 16th when Johnson's driver flew from his wet hands and landed 50 yards in the rough. All hands had to be called to find the missing club.

Johnson showed steady golf on Number 17 while Austin appeared shaky. That brought up the last hole with Austin one up. Austin stuck to the fairway to come home with a par while Johnson overshot the green and conceded the match.

Pampa's team, composed of Haskell Maguire, who won the medalist prize, Grover Austin, Jim Richesin, C. F. McGinnis, Marvin Harris and Mark Heath, won the team prize.

Maguire won a golf bag for shooting the low qualifying score. Austin received the Greenbelt cup and a gold wrist watch.

Pete Nossent, Pampa Country club pro, was official tournament starter.

GREENBELT GOLF CHAMPION

Grover Austin Jr., above, is the new Greenbelt Golf champion. The Pampa youth had a tourney threat for four years and a finalist for two of those years but yesterday was the first time he captured the

crown. Playing in a steady rain that made fairways into creeks and greens sluggish, Austin defeated the veteran Charles Johnson of Altus, Okla., on the last hole. Austin shot a 78 to win the tournament.

Field For National Open Title To Be Decided Monday

By GAYLE TALBOT

WASHINGTON, May 23—Before a somewhat distinguished capital audience tonight, Joe Louis will play another stop on his "farewell tour" of the heavyweight circuit before he puts away the five-ounce gloves and has himself fitted for an army uniform.

After tonight's bout with Buddy Baer, which will mark the 17th defense of his title, the negro heavyweight plans to fight about twice more this summer and then see if he can't rustle himself a commission. He has gained the consent of his managers and plainly is looking forward to his "vacation" from the grind.

The glow of the fight game has faded for Joe. As he sat in another hot basement room yesterday prior to another of the unending rub-downs, he didn't seem to want to talk about tonight's fight. He wanted to talk baseball, or to discuss his next fight with Billy Conn at New York on June 18, as though he could hasten the day.

"It will be good for him to get away for a year," said Co-Manager Julian Black.

"He's decided if his number doesn't come up by fall he'll join anyway. You'll get a big kick out of it and feel better. I imagine they would want him in the physical training, something like Gene Tunney. He could study up for a commission."

Joe didn't say anything for the moment, just sat there and looked hot. He didn't want to predict that he would score a quick knockout over the younger of the Baer brothers tonight. He said a man couldn't afford to get in too big a hurry in weather like Washington is enduring right now.

Clearly, Joe has no doubt that he will dispose of Baer tonight, clip Conn next month, and then knock over either Abe Simon or Lou Nova before looking up a recruiting officer. Tonight's crowd promised to be large and noisy. Promoter Mike Jacobs, having watched the advance sale for some days, forecast a total gate of \$125,000.

Revival To Start Sunday At Denworth

Special To The NEWS

DENWORTH, May 23—A two-week revival will start here Sunday morning at the Denworth church, with the Rev. Judson Cobb, Plainview, in charge.

There will be two services daily, one at 10 a. m., the other in the evening. Exact time for the second part of the services has not been set.

Dr. John Cobb, Wayland college Bible teacher and local pastor, will supervise meetings of children, young people, and adults, and help in the singing.

The Big Dispute

Last winter a lot of words were tossed about as to the respective salaries of the Messrs. Bob Feller and Buck Newsum. . . . Right now the chief difference appears to be that Feller is earning less.

Tonight's Ball Game In Doubt

"Rain, rain, go away, come again another day, we want to play," chanted the Pampa Oilers this morning, but their song had no effect on old Jup Pluvius who continued to send large drops of wet stuff down to make it doubtful whether the Oilers and Wichita Falls Spudgers can play ball tonight at 8:30 o'clock.

Last night's game was called off because of wet grounds. Although the sun broke through clouds soon after noon, the diamond was too wet for play at 8 o'clock. Then another shower started falling and the ninth Oiler game of the season was washed away.

Only game played last night saw Borger's Cassers take a 4 to 3 decision from the Lubbock Hubbers who will be here for a single game Saturday night and two games Sunday.

Saturday night's game will be called at 9 o'clock. It will be a Ladies' Night attraction with all women, whether or not accompanied by a man, being admitted for tax and service charge.

Sunday's games will be played at 2:30 o'clock and at 8:30 o'clock.

The Dodgers lost again, 7-6, but they showed they are not yet cowed. The Redbirds scored all their runs off Chubby Hugh Casey in the first five innings, four in the second frame when Don Padgett and Johnny Mize punched out the home runs. Yet Brocklynn outhit the Redbirds, 13-11, and went down battling.

The Cincinnati Reds meanwhile took a 6-4 victory from the New York Giants. Ernie Lombardi hit a home run in the first inning with the bases loaded and Frank McCormick pounded his eighth of the season with one on in the third.

The two other National league games were rained out.

The Cleveland Indians, who used to go to pieces on the road, edged out the Washington Senators, 4-2, for their seventh triumph in 10 contests in the east.

The Chicago White Sox held determinedly to second place in the American league by whacking the Philadelphia Athletics, 4-1.

Bob Muncieff and Jack Kramer combined in a five-hit hurling job for the St. Louis Browns, who beat the Boston Red Sox, 4-1.

This enabled the New York Yankees to advance into third place by capturing their third straight victory. They defeated Detroit, 6-5.

Dodgers Slinking Back To Tumultuous Flatbush

By JUDSON BAILEY

Associated Press Sports Writer

The Brooklyn Dodgers, who paraded into the west last week pointing arrogantly to their record as 1940's leading road team in the National league and to their six victories in seven games away from home in the east this year, are slinking back to flatbush today with a string of tin cans tied to their tails.

They're in the doghouse because of losing six straight at Pittsburgh, Chicago, and finally St. Louis, where they handed over the circuit lead to the Cardinals. Many of the Dodgers chums are shouting "Them bums!"—and the tumult is so great that if the returning warriors could hear it they might delay their arrival until after nightfall tonight.

However, the Dodgers may yet live down this debacle, and now is a good time to say a word in their defense.

For a few days the whole club was panicky. Everything went wrong and manager Leo (Lippy) Durocher was jittery as his players. He changed his batting order, his neckties, and his diet daily. Yesterday he arrived at the conclusion many another manager had reached before him—to put his best lineup on the field and to stick to it, win, lose, or draw.

The Dodgers lost again, 7-6, but they showed they are not yet cowed. The Redbirds scored all their runs off Chubby Hugh Casey in the first five innings, four in the second frame when Don Padgett and Johnny Mize punched out the home runs. Missions Win Doubleheader From Sports

(By The Associated Press)

The San Antonio Missions became annoyed at being pushed around and took both ends of a twin bill from the Shreveport Sports last night, thereby enabling Oklahoma City to preserve a precarious lead on second place in the Texas baseball league.

The seventh-place Missions, playing at home, utilized unearned runs in both games to score 7-4 and 1-0 victories. The Indians, although they dropped a 5-0 decision to the last-place Oilers at Tulsa, managed to cling to the runnerup spot by a one-run margin because of the Missions' doubleheader.

The Houston Buffs added to the imposing string of triumphs which has kept them far ahead of the pack by trouncing the exporters 6-4 at Beaumont in the only afternoon contest of the day.

In a game whose score was reminiscent of a one of 'cat tilt worth cats crashed through with a 16-10 win over the visiting Dallas Rebels.

Strong Outposts—And A Duty

In June of 1939, just before the second World War broke across the world, the whole United States army had only 187,886 men in active service. Today, more than 200,000 American soldiers are manning the outer ramparts of American defense in the outlying bases. The United States has today, in other words, more soldiers manning the outlying bases, from Kodiak Island to Guam and from Greenland to Guiana, than the total force available for defense in 1939. That, among other things, has been brought about by those who chose to plunge the world into war instead of seeking civilized ways to keep civilization afloat.

Common Ground

This column contends there can be no satisfactory progress until we measure the shares of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

STRIKES GREATER MENACE THAN FOREIGN WARS

The people of the United States have much more to fear from the motives that cause strikes in the United States than they have to fear the results of foreign wars. Strikes are, in reality, just a form of civil war. They are largely a result of misunderstanding, on the part of the strikers, of the great harm they are doing to all their fellow workmen. It is simply a method of making things scarce and difficult to obtain for other workers. These are the same tactics as used in war. Of course, in many cases strikes are not as directly destructive as wars, but their method of coercion by sudden stoppage of production and threats of boycott or bodily harm are caused by the same principle as war.

LABOR LEADERS REQUEST DRAFT EXEMPTION

People You Know

You would never think it, but Mrs. Agatha Locke of Miami has two grand-children, one the son of Mrs. Dona Locke Stone, Portales, N. M., and the other the daughter of Ellis Locke, Miami. But as Dona says it's doubtful if Mrs. Locke will ever have but one grand-child—who is not her grandchild at all, but who she regards with doting, filial affection. This child is Dick Montgomery, six years old. Every once in a while Mrs. Locke and Dick take off and come to Pampa and eat dinner and go to a show, and that's what they were doing in Pampa yesterday. But that Dickie was really a honey in his sailor suit and sailor cap. He is the son of Dr. and Mrs. S. J. Montgomery of Miami. Both Mrs. Locke and Dickie were in fine spirits and exuded cheer, and they are the kind of people you like to have around. Thanks a lot for that visit.

37,500,000 Wage-Earners Now At Work

WASHINGTON, May 23 (AP)—Employment in non-agricultural pursuits has jumped past the 1929 peak to the highest levels in United States history, a computation based on government figures showed today.

The preliminary estimates indicated that, due to defense efforts, there now are over 37,500,000 wage-earners at work.

This compares with the boom peak of 37,470,000 in September, 1929, and the depression low of 26,381,000 during March, 1933. (The estimate of current employment does not include army and navy personnel, workers on WPA and National Youth projects or men in the Civilian Conservation Corps.)

The present preparedness drive, however, hardly approaches the war effort of 1917-18 in the full employment of the nation's resources of working men and women.

Experts on employment opportunities point out that in addition to the millions still unemployed, 3,000,000 youngsters leaving classrooms in May and June will be out looking for permanent or vacation jobs.

The WPA is preparing to release another 500,000 of its workers, to bring the total within the 1,000,000 for whom President Roosevelt has asked congress to provide wages in the next fiscal year beginning July 1.

Furthermore, one labor analyst said, the employment market probably will see an increasing influx of women—many of whom have never worked before for wages.

The War Today

By DEWITT MACKENZIE

The battle of Crete, which presents a new phase of war so fantastic that it has existed heretofore only in the imaginations of romancers, is giving us an unforgettable picture of the armed conflict of the future—the air will play an increasingly vital part in the European conflict until the end.

That point is worth emphasis for, as this column has pointed out before, I believe the decision in the great engagement of the Near East which is now opening will depend in no small degree on the air. Indeed, aerial operations may prove to be the decisive factor.

Whatever may be the outcome of this daring Nazi descent from the clouds into the enemy camp on the mountainous Isle of Crete, Hitler has demonstrated that this form of attack is practicable. Thus it is bound to form a powerful weapon of offense from now on, and it is notable that Germany is the only nation thus far fully equipped to wage this new type of war.

The heavy British royal airforce attack on the German expeditionary force in African Libya is a natural answer to the Nazi assault on Crete. The immediate purpose of the British command is to compel the Nazis to divert to Libya a part of the air fleet they are using against the Greek island. This in itself is an indication of the gravity of the threat in the German attack.

There also may be a double purpose in the British bombardment of the Nazi column in Africa. Allied Commander-in-Chief Wavell may be ready to inaugurate a land offensive against the Axis forces which are standing close to the Egyptian border, ready for a thrust towards the great canal of Alexandria, and the Suez canal. As the chessman sit on the board now, that would seem to be General Wavell's next move.

With the swelling conflict in the Near East, French mandated Syria has become a point of vast importance to both sides in the conquest. The first belligerent to occupy Syria with military forces will have secured a key position.

Recognition of this is seen in the reported advance of Free French forces into Syria from Palestine. It is seen, too, in Britain's warning to Vichy that French collaboration with Germany would force the Allies to strike back—a warning which is directed at least in part to the fact that Nazi warplanes are using Syrian airbases in transit to Iraq to support the revolt there against the British.

It wouldn't be surprising to see Syria become one of the big battle grounds of the Near Eastern theater because of its strategic position. For the Germans its possession would be invaluable, not only for operations against Egypt and the Suez canal, but as a weapon with which to force Turkey to grant passage of German troops through her territory.

For the British, Syria would form a barrier against advances to the canal through Palestine, which is in many respects the most logical route. British control there also would relieve the German pressure against Turkey—a matter of the utmost concern to the Allies at this moment.

Man Asks Rehearing In Famed Rate Case

AUSTIN, May 23 (AP)—Attorney General Gerald C. Mann today asked the Texas Supreme Court to grant rehearing in the famous rate case of the State against the Lone Star Gas company.

He petitioned the court to set aside its action of April 30 ordering a new trial in the eight-year-old litigation and to affirm the judgment of the Austin Court of Civil Appeals.

The Court of Civil Appeals had sustained an order of the State Railroad Commission reducing the gate rate of the company from 40 to 32 cents per 1,000 cubic feet. It reversed a judgment of an Austin District Court, based on a jury verdict in favor of the company.

SERIAL STORY

THREE TO MAKE READY

BY W. H. PEARS

COPYRIGHT, 1941, NEA SERVICE, INC.

YESTERDAY: Tony is rushed to the hospital. He has a slight concussion. He will be all right in a few days. As Paula sits beside his bed, she tells her love, "Chris, meet her at the hospital door, asks about Tony. Paula is surprised that Chris has found out about the incident but Chris refuses to explain. He begs Paula to help him and she promises."

FOUND-A BLUE SCARF

CHAPTER X

IT was still drizzling next morning. Paula dressed hurriedly, trying to shut out the melancholy burble of the rain in the spouting. Several of the girls were having late breakfast and talking excitedly of the stench bombing. Eagerly they turned to Paula for information, but she refused to be helpful.

"The less said about it the better," she murmured.

Paula gulped her coffee and left. Protected by a transparent green rain cape, she walked to the hospital.

Tony was sitting up in bed. Except for pain shadows under his eyes, he looked fit. He greeted Paula a bit shyly.

"I'm hoping you'd come, Paulie. I tried to talk them into letting me out today, but so go. I feel swell."

"I'm glad you're okay, Tony," she smiled.

"I guess I was a little out of my head last night. If I said anything I shouldn't—"

"You needn't worry about that," Paula said, and changed the subject abruptly. "The weather's nasty."

Tony said, "Chris was here early. He seemed to want to talk about last night, yet he acted as if he were afraid to. Do you think he might be protecting someone?"

Paula started. "Who, Tony?"

He shrugged. "The League crowd, maybe. Chris met some of the boys from the house in the hall. They almost got into a scrap. I tried to cool them down. If they go after the League now they'll play right into Big Barney's hands."

"You know, Paulie, I've been lying here thinking and I've got Jenks doped out. Ever wonder why that shot of Kilo was light-struck? If Big Barney hasn't an interest in the scandal sheet Jenks works for, I'll eat it!"

"You think Bill was sent here to make trouble?"

"It's just another hunch. At any rate, we don't want him to get hold of this story."

Tony, tossing restlessly as he spoke, had disarranged his pillows. Paula moved to plump them back into shape. Tony protested, but she nudged him over and fluffed the pillows. Beneath them was something that made her gasp—a bright blue scarf.

"Paulie, I didn't want you to see that," Tony said.

In one corner of the scarf were the initials C. E. W. "It belongs to Chris," Paula whispered. "Where did you get it, Tony?"

"I'd rather not say. It might not be his."

"Chris's middle name is Edward," Paula said flatly. "Tony, please tell me the truth."

"One of the fellows found it in the shrubbery beside the house."

Tony shrugged. "Chris might have lost it days ago."

"He—he had it on the other afternoon," Paula was turning the scarf in numb fingers. Then she began to pluck at the silk. "Look here, Tony! These tiny strands of scarlet wool!"

"What about them?"

"Tony," Paula said, her hazel eyes glowing, "suppose Chris loaned this to . . . someone?"

"Could be," Tony admitted. "But why?"

Paula tried to catch him off guard. "Did you see a girl last night when you ran out?"

"Okay," Tony countered. "Who, Tony, be a gentleman. But I know one person who wears a scarlet brushed wool sweater. I'm going to see her!"

KILO SHERWOOD roomed at a private home in Cardman Center. She was in bed when Paula arrived, and came downstairs attired in an expensive black negligee.

"I suppose you've come to tell me it's bad for Chris to be out on rainy nights?"

Paula bit her lip. "You'd like me to think he was with you all evening?"

"I can't see how it even concerns you."

"But I don't think Chris was. I think, the night being damp and chilly, you borrowed his scarf."

Paula had the satisfaction of seeing Kilo stiffen. "You can't prove that."

"Perhaps not," Paula admitted, "but we both know it's true." She bent forward, meeting Kilo's insolent gaze with her steady hazel eyes. "Let's talk girl to girl, Kilo."

"You talk, I'll listen," Kilo said. "We're both terribly fond of Chris," Paula said. "I'm pretty sure you don't want to see him in trouble. Some of the boys from Tony's house know about the scarf. If Dr. Van Horn finds out . . ."

"Van Horn won't do anything," Kilo was contemptuous. "He's too much afraid of losing his job to stir up any trouble."

"I think you're wrong about the Doctor. But even if he doesn't do

anything, Tony's friends will. They might give Chris a beating or even run him out of school."

Kilo's face lost color. "You're only trying to frighten me. They wouldn't dare harm Chris."

"They wouldn't dare harm a girl," Paula said quietly. "Tell the truth, Kilo."

Kilo arose abruptly. "It won't work," she said. "I just don't frighten that easily. Come again when you can stay longer."

BACK at the Gamma Tau house Paula found a letter from her father. He had been called to New Orleans on important business and wouldn't be able to come to Cardman for Commencement, but for his absence.

The following morning when Paula went to the hospital the receptionist told her that Tony had been discharged. "He left just a few minutes ago, Miss Jeffers. I think he has an appointment with Dean Larson."

Paula flung herself out the door. Half way across the campus she found Tony.

"I'm kind of wobbly yet," he grinned.

"Tony, where are you going?" Her startled eyes saw the strip of blue silk that protruded from his pocket.

"Why, to tell Dean Larson about the bombing. He sent word to the hospital that he wanted to see me."

"But the scarf, Tony?" Paula asked. "You're not going to show that to Dean Larson?"

Tony said kindly. "Look, Paulie, I've talked everything over with Dr. Lud. Confidentially, of course. We figured it was best to give Larson the facts."

"And put all the blame on Chris?" Paula flared. "Tony, I tell you he didn't hit you. It was . . . well, it wasn't Chris."

"Something's got to be done," Tony said gravely. "Larson and Van Horn are trying to get to the bottom of this trouble. We owe it to them to give them all the information we've got."

"And you call yourself Chris's friend?" A furious resentment boiled within Paula. Tears of disappointment burned her eyes. She had looked up to Tony, admired him, and now . . .

"Don't be sore," Tony begged. "I'm only doing what I think is best. Chris is bitter over the suspicion that's fallen on him. We've either got to clear him or . . ."

"Oh!" Paula choked, then she calmed herself with an effort. "Tony, if you turn that scarf over to Dean Larson, I'll never speak to you again."

Tony said slowly, "I've got to do it, Paulie."

"Soul And Body" To Be Sermon Subject

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 25. The Golden Text is: "I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ" (I Thessalonians 5:23). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens" (II Corinthians 5:1). The Lesson-Sermon also includes the following passage from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The material body and mind are temporal, but the real man is spiritual and eternal" (page 302).

Special Dishes Suggested For Memorial Day Meals As Well As For Bridge Parties And Sunday Dinners

By JOHNNIE DAVIS

The first formal observance of Memorial Day, commonly known as Decoration Day, was in 1868, General Logan, commander in chief of the Grand Army of the Republic, issued orders to all army posts calling for national flags to be held at half-mast from sunrise to midday in honor of fallen comrades. The custom was taken up by the Navy and now all branches of our armed forces observe Memorial Day with appropriate ceremonies on May 30 each year. While the day is one of solemn tribute to the dead, the more formal ceremonies ordinarily take place the morning. Later in the day lighter, more informal events serve to dispel any sense of gloom. This year, with so many of our boys in uniform, the parades will draw millions of spectators, and after these stirring displays, what could be a more fitting culmination than a grand dinner, with special dishes for the occasion!

In certain parts of the United States an hereditary argument has been going on for generations as to the relative merits of certain breakfast staples. Here is one version of the argument:
Bread in Kentucky
Now cawn-pone hain't no fittin' dish Cause it digests too quick; The man whut does a heap o' work Needs vittals as'll stick! But flapjacks, well suh, there's a dish As gives yer stren'th, Lord love yer-! Cooles lays right on yer stummick An' keeps a nourishin' of yer!

But "it ain't necessarily so," because flapjacks made with fast granular yeast are light and easily digestible. Here's a flapjack recipe that is always in order:
Yeast Flapjacks
(Serves 8 people)
1/2 package fast granular yeast, 1/2 cup lukewarm water, 1/4 teaspoon sugar, 2 cups milk, 1 tablespoon butter, 1 teaspoon salt, 3 cups flour.

Pour the granular yeast in 1/4 cup lukewarm water and add the 1/2 teaspoon sugar. Scald the milk, add the butter and set to cool. Add the softened yeast and the salt to the cooled milk and mix in the flour. Beat well and set in warm place to rise. Separate the eggs and beat the whites and the yolks. Add the beaten yolks to the raised batter and then fold in the beaten whites. Beat and let stand for about 15 minutes in warm place. Fry on a hot greased griddle.

If you want a light snack to carry along to the parade or the ball game—try these:
Egg Rolled with Grilled Sausage or Frankfurters
(About 30 rolls)
3/4 package fast granular yeast, 1/2 cup lukewarm water, 3/4 teaspoons sugar, 1 1/2 cups milk, 3 ounces shortening, 1 teaspoon salt, 5 cups sifted flour (sifted), 3 eggs.

Put the granular yeast into the 1/2 cup lukewarm water and add 1/4 teaspoon of the sugar. Scald the milk and add to it the shortening cut into small pieces. Sift the salt and the remaining sugar into about half the flour and mix with the cooled milk. Add the softened yeast and beat well. Cover and set to rise until light.

Beat the eggs and stir them into the sponge, adding the rest of the flour, or enough to make a soft dough. Knead lightly for eight or ten minutes, using as little flour as needed to prevent sticking. Form into rolls about 3 inches long and about 3/4 of an inch in diameter. Set again to rise. Bake in hot oven. When ready to prepare sandwiches, cut and grill pieces of summer sausage, or slice frankfurters lengthwise and grill. Toast rolls, sliced lengthwise, butter, and use with the summer sausage or frankfurters.

If you wander in for a quick bite between Memorial Day events, have one of these tasty cakes on hand to serve with coffee or cold drinks:
Coffee Cakes
(2 cakes)
1 package fast granular yeast, 1/2 cup lukewarm water, 1/2 teaspoon sugar, 1 1/2 cups milk, 1 or 1 1/2 teaspoons salt, 1 cup sugar, 5 1/2 cups flour (sifted), 1/2 teaspoon cinnamon, 3 eggs, 3/4 cup shortening, 1 tablespoon water, 2 or 3 tablespoons chopped nut meats.

Pour the granular yeast into the 1/2 cup lukewarm water and add the 1/2 teaspoon sugar. Scald the milk and allow to cool. Place the lukewarm milk in a large bowl, mix in the salt, 1/2 cup of the sugar and half the sifted flour, and the softened yeast. Beat thoroughly and set in warm place to rise. After 1 1/2 hours, when sponge is light, add the remaining sugar, the cinnamon, beaten yolks of three eggs, the melted (not hot) shortening, and the balance of the sifted flour. Mix thoroughly and set again to rise. When dough has nearly doubled in bulk, cut down, roll out about 1/2 inch thick, divide, and place in two square greased pans. Allow to rise again until light, brush with the tablespoon of water mixed with the beaten white of one egg. Sprinkle with chopped nut meats and bake in moderate oven (400 degrees F.) about 25 minutes.

INSURE SUCCESS FOR ENTERTAINMENT
When your cakes are all triumphs, your bridge party is a success. Try these glistening white "ace" oblongs. With tea or coffee, they provide enough refreshments for the friendly bridge game.
NOVELTY BRIDGE PARTY CAKES
Two cups sifted cake flour, 2 teaspoons combination-baking powder,

There's no mistaking these as bridge luncheon novelties.

1/2 teaspoon salt, 2/3 cup butter or other shortening, 2 cups sugar, 6 eggs, well beaten, 4 tablespoons milk, 1 teaspoon vanilla. Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and fry. Add eggs and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in greased pan, 16 by 10 by 2 inches, in moderate oven (350 degrees F.) 35 minutes, or until done. Cut into oblong shapes, 3 1/2 by 2 1/2 inches. Spread Ornamental Butter Frosting over cakes.

CHEESE SAUCE
(2 cups sauce)
Three tablespoons butter, 3 tablespoons flour, 1 1/2 cups milk, 1/4 teaspoon salt, 1 teaspoon Worcestershire sauce, 1 cup grated cheese. Melt butter in a one-quoted heat-resistant glass saucepan. Blend in flour and add milk gradually, stirring constantly. Cook about 5 minutes, or until no starchy taste remains. Add seasoning and cheese; continue cooking until cheese melts. Serve in a teapot or pitcher to put the finishing touch on a vegetable hors d'oeuvre.

KNOW YOUR ONIONS
Onions are always important. Do you know your onions? The most common variety is the northern-grown winter storage onion. The strongest of this variety—the kind for cooking—is about 2 to 2 1/2 inches across. Spanish onions—also the northern-grown type—are milder and can be used for eating. You can tell these because they are larger, 4 to 5 inches across. Bermuda onions—which don't come from Bermuda at all but from Texas—are smaller than Spanish onions, are mild, and tops for eating raw. You can tell them from Spanish onions because they are flat. They are on the market from April through July.

BRAND NEW SALAD
Fill your file of salads for now and through the summer; don't overlook this symphony in sea-side flavor and goodness:
Special Shrimp Salad
1 tablespoon unflavored gelatine, 1/2 cup cold water, 1 cup boiling water, 4 tablespoons lemon juice, 2 tablespoons sugar, 1/4 cup canned shrimp (1 No. 1 can), 1 cup diced celery, 2 tablespoons chopped pimiento. Soften gelatine in cold water 5 minutes; add boiling water and stir until gelatine is dissolved. Add lemon juice, sugar and salt. Place 1 whole shrimp in bottom of each of six individual molds; cover with 1 tablespoon of gelatine. Chill remaining gelatine until slightly thickened, fold in remaining shrimp, celery and pimiento. Fill molds; chill until firm. Unmold on salad greens, serve with mayonnaise. Serves 6.

Armed with a good heavy skillet and a pancake "flipper," you'll be the road to glory if you'll take your cue from these skillet whimsies:
Glazed Fried Bananas
6 firm bananas, Lemon juice, Sugar, Butter. Use all-yellow or slightly green-tipped bananas. Peel bananas. Brush well with lemon juice. Roll in sugar. Fry bananas slowly in butter until tender and golden brown turning them to brown evenly. Serve hot. Six servings.

Hominy Hash
1 cup diced onion, 2 tablespoons butter, 2 1/2-oz. jar dried beef, cut in pieces, 1/3 cup diced green pepper, 3/4 cups drained hominy, 1/8 teaspoon black pepper, 1/4 cup chili sauce, 1/4 cup salad dressing or mayonnaise. Sauté onion in butter over low heat until yellow. Add dried beef and green pepper, and saute until beef is lightly browned. Add hominy and pepper, and cook 5 minutes longer, stirring frequently. Mix together chili sauce and salad dressing. Add to hominy mixture. Re-heat, stirring frequently. Approximate yield: 6 portions.

More than 160,000 men have applied for admittance to the Australian air force in the last year, that country's air department announces.
Much of the Honduras mahogany last night through a foot-wide gap used for furniture really comes from in the bars at district 40 police station.

Camp Life

(By The Associated Press)
CAMP SHELBY, Miss.—Only one kind of drill bothers a muscular 200-pound private in the 37th division. He was ordered to visit the dentist. He went four times, but the doctor hasn't seen the inside of his mouth yet. On each occasion the big fellow settled himself in the chair—and fainted.

CAMP STEWART, Ga.—Major General William H. Wilson told this one on himself. While stationed at another post, he decided to fix his car, donned dungarees and crawled under the auto. Only his feet were visible when a soldier approached. This dialogue ensued:
"Working on the old man's car, eh?"
"Yes."
"Gettin' paid extra?"
"No."
"How long you been in the army?"
"About 30 years."
"You a non-commissioned officer?"
"No."
"Hm-m-m-m. You must be pretty dumb."
And, providentially, the trooper walked off before the officer could get a look at him.

CAMP LEE, Va.—So far as Private Robert D. Connor of Englewood, N. J., is concerned, the war between the states still goes on.
Wentry after a long hike through Civil War battle fields near Petersburg, he plopped heavily to the ground and yeeeee—leaped to his feet with a yankee yell of anguish. Jutting from the spot of turf where he had sat but a split second before was a tarnished Confederate musket ball.

FORT BRAGG, N. C.—Army life has a bit of irony and, in the palms of their compatriots, quite a bit of woe, too, for eight Chinese selectees from New York's Chinatown. Laundrymen all, they looked forward to a chance while in the service, but they'll be assigned to this post's new \$500,000 laundry when they have completed six weeks of basic military training.

CAMP WOLTERS, May 23 (AP)—The Long Leg combination is making the boys' mouths pop open here at this infantry replacement center. All week Privates Smith Long and Dayton Legg of Cincinnati do their soldierly duty of tramping over hill and dale with the troops.
On Sunday, when most soldiers try to forget about marching, Long and Legg don khakis, canteens and field packs and take off for open country—for a hike.
"I'm breaking in a new pair of shoes," explains Legg.

Neil Memorial To Be Dedicated

METHUEN, Mass., May 23 (AP)—In honor of an Associated Press correspondent killed by a bursting shell in the Spanish Civil War, the Edward J. Neil, Jr. Memorial Playstead will be dedicated here on Saturday.
Methuen was the home town of Neil, who was nationally known as a sports writer for the Associated Press before he turned to the foreign field.
J. M. Kendrick of the New York office of the Associated Press will speak at the dedication exercises, which will be preceded by a parade and followed by sports events.
The playstead will have a field house, two baseball fields, a football gridiron, badminton courts and a quarter-mile track.

A patent has been granted on an automobile door with a peep-hole near the bottom so that the driver can see how close he is parking to the curb.

IT IS EASY TO KEEP WITHIN MY BUDGET SINCE I HAVE ELECTRIC REFRIGERATION

I never realized the money saving features of having electric refrigeration until we bought our new refrigerator. Now I am able to buy an entire weeks supply of perishable foods as well as my staples. I find that not only do I save on my groceries but I do not have to be bothered with excessive trips to my grocer. I wouldn't be without my electric refrigerator.
