

Many Families Register In Biggest Day Of Native State Canvass

Several large families registered yesterday in the native state canvass for the Top O' Texas Folks Fiesta, in the largest single day's registration turned in to The Pampa News today.

The blank will not be published in The News after next Sunday, and all residents of the Top O' Texas are invited to fill out the questionnaire and bring, send or mail it to The News as quickly as possible. The blank will be found on page four today.

Names of all persons who fill out the blank and other information concerning them will be published

in the annual Top O' Texas edition of The Pampa News. Pictures and greetings from the governors of the various states will be published.

The largest family to register yesterday was the Hogsett family of nine, the Proper family of five, the Connor family of five, the Murrah family of five. Another native of England, George Black of Groom, old-timer of the Panhandle, registered.

Every state in the union is now represented. Oklahoma leads the pack with hundreds, Kansas is next, Kentucky next, Pennsylvania next, Missouri next, Tennessee

next, Texas next, Arkansas next, West Virginia next, Deep down to the bottom of the list is California—have all the natives of Florida and California registered? If not, why not?

State societies will be organized during May. Each state will be represented in the parade with a state float which will be decorated with the state flag, state motto, state flower. Forty governors have been heard from, and 39 have sent flags. Native towns and states of yesterday's registrants follow:

Erma Wharton, Muncie, Ind.
Mrs. Erman Wharton, Muncie, Ind.
Charles T. Mullen, Cedar Rapids, Ia.
Mrs. Charles T. Mullen, Flag-springs, Mo.
C. M. Hefflin, Pampa, Tex.
Mrs. Orval Batson, Farmersville, Tex. (Wrote Mrs. Batson: I am looking forward to the Fiesta this year. I have always enjoyed them so much. I live in Gray county since 1908, and still like it here very much.)
Orval Batson, Mannington, W. Va. (Commented Mr. Batson: Am anxious to see the W. Va. float, but still prefer Texas, even with dirt storms.)

G. W. Marney, Neosho, Mo.
J. C. Myers, Huntington, Ind.
Mrs. Joe Myers, Prescott, Ark.
Mrs. Grace Proper, Poland, W. Va.
Homer Proper Jr., Paden City, W. Va.
Wayne Proper, Okmulgee, Okla.
Ralph Proper, Pioneer, Tex.
Homer Proper, Trail Run, Pa.
A. L. Patrick, Grand Rapids, Mich.
A. L. Patrick, Jr., Holland, Kans.
Mrs. A. L. Patrick, York, N. Dak.
D. C. Murrah, Tishomingo, Okla.
Mrs. D. C. Murrah, Arkansas City, Kans.
Margaret Ann Murrah, 5-years-

old, Arkansas City, Kans.
Betty Jean Murrah, 15, Arkansas City, Kans.
Irene Murrah, 13, Arkansas City, Kans.
Frank Dittmeyer, Ringwood, Okla. (Mr. Dittmeyer has lived in Pampa 26 years.)
B. W. Bettis, Ripley, Tenn.
Ralph Puckett, Bryan, Tex.
Mrs. Ralph Puckett, Miami, Tex.
John Wayne Puckett, Pampa, Tex.
George Murry Black, Leland, England. (Mr. Black, 66, lives at Groom.)
Mrs. W. D. Martin, London, Ky. (Mrs. Martin moved to Pampa from Salina, Kans., in 1908.)

W. D. Martin, Barboursville, Ky. (Same for Mr. Martin.)
Mrs. E. Snyder, Petersburg, Ind. (Mrs. Snider lives at Alanreed.)
Frank Hogsett, Beaver, Okla.
Mrs. Frank Hogsett, Beaver, Okla.
Dorrell Hogsett, Logan, Okla.
Duane Hogsett, Beaver, Okla.
Glenda Joy Hogsett, Beaver, Okla.
Jean Hogsett, Beaver, Okla.
Avanelle Jean Hogsett, Spearman, Tex.
Betty Lou Hogsett, Pampa, Tex.
Frank H. Bowers, Pleasantville, Pa. (Mr. Bowers has lived in all the states that produce oil except Ar-

izona, and also Mexico and Trinidad Island.)
Mrs. Frank H. Bowers, Butler, Pa.
Warren Bowers, Okmulgee, Okla.
Mrs. F. Hutton Schill, Coldwater, Mich.
R. M. Behrman, Toronto, Ont., Canada.
Ira Peterson, Spencerville, Ohio.
Mrs. Ira Peterson, Logan, Ohio.
Mrs. Joe Ford, Sefton, Kans.
Joe Ford, Sunset, Tex.
Miss Beulah May Ford, Clayton, N. Mex.
Mrs. Elma L. Burke, Tipton, Iowa.

We read that we ought to forgive our enemies; but we do not read that we ought to forgive our friends.—Cosmus.

Trucks Kept Busy Hauling Trash As Clean-Up Drive Starts

HUSBAND CHARGED IN MURDER AT SPEARMAN

Twenty Extra Loads Hauled This Week

'Cleanest City In Texas' Object Of Campaign Backers

Pampa's city-wide campaign for a cleaner, more beautiful city, went into full swing today, as the "Clean-Up Campaign" opened.

All of this week will be devoted to the encouragement of cleaning up vacant lots, the gathering, collecting, and burning of trash, and beautification of the city.

Sponsoring the campaign is the Pampa Junior Chamber of Commerce, in cooperation with the city, schools, and women's clubs, all seeking to make Pampa Texas' cleanest city.

Indicative of the interest the campaign has already aroused, is the fact that 20 truck loads of rubbish have been picked up during the past week, in advance of the special week, above the regular haul.

Tomorrow morning Dr. N. L. Nichol and Buster Stepin will call on Pampa merchants and on other businessmen and offer them a chance to have clean-up campaign signs painted on their windows and store fronts at no cost.

Banners will be displayed all over town directing Pampans attention to Clean-Up Week.

Schools Share In Drive

Pampa schools will do their part in the campaign. Tuesday has been designated as the day to place all schools and school equipment in perfect condition.

Scratches and marks will be removed from desks, woodwork cleaned, grounds beautified, and on Thursday and Friday, an inspection of every room and every desk throughout the entire school system will be made.

Radio Boosts Drive

Laying the groundwork for the campaign, radio talks were given last week over Station KFDD, by Jack Davis, Pampa volunteer fireman; Mrs. Frank Perry, 20th Century Forum member, and Dr. N. L. Nichol, assistant city health officer. Both Davis and Dr. Nichol spoke

DERBY CHAIRMAN

General Chairman of the 1941 Pampa News - Pampa Lions Club Soap Box Derby, to be held July 17-18, is D. L. Parker, who succeeds Carl Benefiel. Mr. Benefiel resigned due to his duties as Lions club president. The new general chairman was chairman of the gate receipts committee in the first Pampa derby, held in 1939, and at last year's derby, helped in the work of lighting the track. Mr. Parker last January completed his term as president of the Pampa Jaycees. He is program chairman this year of the Pampa Lions club.

Howling Mob Hears Mann Open Race

BY DAVE CHEAVENS
SULPHUR SPRINGS, April 26 (AP)—A howling crowd that jammed the Hopkins county courthouse square tonight roared its applause as Gerald C. Mann opened his senatorial campaign with a demand for "guns, tanks, airplanes and submarines" for national defense.

Homecoming friends and delegates from all parts of the state stood during intermittent showers to hear the 34-year-old attorney general condemn "spectacular methods" in legislative halls and demand that "the real subversive elements" in this country be dealt with as criminals.

Mann spoke from the same public square where the late Morris Sheppard, whom he hopes to succeed, opened his campaign for the senate many years ago. He referred to Sheppard as one who had given his life to his country. Mann also recalled that he "dodged wagons" on the same square as a boy.

He urged increasing aid for England and suggested that congress should "take and keep the initiative" in dealing with "the pirate rulers and their ruthless hordes."

Mann made no reference by name to any other candidate, but dealt at length with his conception of what should be done about "enemies of the government." Rep. Martin Dies, chairman of the house committee investigating un-American activities, was mentioned.

New Building Totals \$22,950 During Week

Permits for five new residences and a new business building, totaling \$22,950, were issued last week by Dick Peppin, city building inspector. Total building for the year to date is \$106,605, not including moving permits.

There are several more residences under construction for which permits have not been taken out and the building inspector invites contractors to secure permits immediately.

The Schneider Hotel Garage, recently destroyed by fire, will be rebuilt. O. D. Cobb, owner of the building, took out a permit for \$8,000 last week. L. C. Graham was named contractor.

Wilson Hatcher was issued a permit for a \$2,000 residence in the Original townsite.

B. O. Lilly took out a \$2,500 repair permit on his residence in the Cook-Adams Heights addition. L. C. Graham was named contractor.

Lynn Boyd took out permits for a \$3,760 and a \$3,500 residence in the Cook-Adams addition with Wilson Hatcher the architect.

A \$3,000 permit was issued to B. E. Ferrell for a residence in the Wynnelea addition. T. J. Owens was named contractor.

Ex-Convict Tracked Down By Sheriff

Woman Robbed And Then Slain, Says Hansford Officer

CHICAGO, April 26 (AP)—More than a month of dogged detective work ended today in the detection of a man who was charged with murdering a woman and her mother through a matrimonial agency.

Sheriff W. W. Wilbanks of Hansford county, Texas, who traced clues through three states, reported that the prisoner was an ex-convict and that he was seized here yesterday on a murder warrant based on the death of Mrs. Leota Frances Murphy, 45, of Marion, Ind.

The battered body of the victim, who had published a volume of verses, was found in a ditch near Spearman, Tex., last March 20. The sheriff stated that he had information that Brown, using the name of Robert E. Lawrence, married the woman, robbed her of between \$500 and \$1,000 during a honeymoon trip to Mexico and then slew her.

District Attorney W. L. McConnell of Hansford county was expected here soon with extradition papers, but Brown denied any connection with the killing and asserted he would contest any removal attempt.

Sheriff Wilbanks said that thru his investigation and relatives and friends of Mrs. Murphy he had pieced together this story of the romance.

Brown rented an office here last January for the "Lawrence Produce company." He and the Marion poet became members of the Get Acquainted Correspondence club of Denver. They exchanged letters, met here March 10 and the sheriff believes, were married in Missouri March 12.

After the body was found, the sheriff traced the victim's shoes to Marion. A brother and a friend established her identity through a

County To Purchase Uniforms For Guard

Pampa's own company of the Texas Defense Guard will soon "shine" in uniforms.

The county commissioners at their meeting Friday agreed to put up the money necessary to purchase uniforms for Company D of the 14th battalion.

Action of the commissioners followed a request made by Dan Williams, commander of the local post of the American Legion, Joe Roche, post adjutant, E. J. Dungan, Jr., captain commanding Company D and Carl M. Smith, first lieutenant.

Members of the Texas Defense Guard serve without pay. The TDG was formed to take the place of the national guard while that organization is in camp. Enlistment in the Texas Defense Guard is for a three-year period.

There are a score of men reporting regularly twice a week for the infantry drill. The company will drill at 1:30 o'clock Monday afternoon on the lot west of the Legion hut. Regular drill days are Thursday and Sunday.

The uniform furnished will be regulation Texas Defense Guard: khaki trousers, shirt, and trench cap. To distinguish the uniform from that of the army piping on the cap will be red, white, and blue.

Lieutenant Smith said the commissioners also agreed to permit the rifles the company are to receive to be kept at the court house.

Governor W. Lee O'Daniel is authorized to requisition 5,125 M-1 rifles, with an equal number of bayonets and bayonet belts, from the war department, to be issued to companies of the Texas Defense Guard.

Hitler Visits Austria

NEW YORK, April 26 (AP)—The German radio announced today that Adolf Hitler had visited Graz, in Austria.

Mrs. Braly's Mother Dies

Mrs. Angela Boulemet Considine, 75, died early Saturday morning at the home of an only daughter, Mrs. Clifford Braly, Sr., wife of the late Judge Clifford Braly. She was the grandmother of Clifford Braly II, former district attorney, and of Tom Braly, local attorney, now serving with the United States army at Fort Bliss, El Paso.

Funeral services will be conducted at 10:30 o'clock Monday morning in the Episcopal church, Amarillo, with Bishop E. C. Seaman of Amarillo, and the Rev. Robert Snell, pastor of St. Matthews Episcopal church, Pampa, officiating. Burial will be at 1:30 o'clock Monday afternoon in Dalhart cemetery, under direction of Euenkel-Carmichael. Funeral home of Pampa.

Mrs. Considine came to Pampa from Amarillo five months ago. She had been in failing health for some time.

See MOTHER DIES, Page 2

Churchill Promises Three-Fold Revenge

(By The Associated Press)

LONDON, April 26—Britain, defeated in the battle of the Balkans, hurried soldiers and arms to the danger zones of Suez and Gibraltar tonight and braced herself for extension of the air battles of London and Berlin.

The Germans fired their long-range guns again against the choppy but cloudless Strait of Dover.

Prime Minister Winston Churchill, who is expected to tell the public of withdrawals in Greece in a broadcast Sunday (2 p. m. CST), inspected the bomb-ravaged districts of Manchester today.

"It's tragedy, but they'll get it back threefold," he commented.

The air ministry told of the bombing of Kiel and other German naval bases and Berlin, and the ministry of home security arranged to conscript firewatchers for compulsory service in London's city.

"The main theater of war remains the British Isles and their maritime approaches," a reliable source declared, but he indicated Britain was rallying her strength for the immediate task of holding the eastern and western ends of the Mediterranean lifelines, as well as in the Atlantic.

The battle of Greece proves that Britain is not strong enough to handle the bigger and better equipped German army, this source said, "so our job for possibly another year seems to be concentration on air and sea combat until we have got tanks and weapons from United States."

Best Singers In Pampa Looking For Big Crowd

Do you want to hear the best girl singer in the Panhandle? Would you be interested in hearing the best young people's choir in the Panhandle?

The a cappella choir hopes your answer is "yes" and that you will come out to hear them Thursday night in the high school auditorium at 8 o'clock.

If you will come out in large numbers the choir will get their well-deserved chance to compete in the state music festival at Waco, May 7.

They deserve it because only two groups were given first ratings in the district music festival held recently at Amarillo. One was the a cappella choir and the other a girls group from Amarillo.

And Lucille Johnson was the only one in her division to win a first ranking in the Amarillo contest. That makes her the best girl singer in the district.

Now back to that third paragraph. If you come out to hear them, in sufficient numbers, they will earn enough money for entry fees, bus driver's pay and hotel bills. Otherwise—well they just won't.

If they do go to Waco they would leave Tuesday morning, May 6 and return Thursday. The best of the vocal organizations in Texas will compete. Besides, receiving the criticism of three expert judges, members of the choir will hear all these other groups sing, and will also sing in a massed chorus of several hundred voices.

Now as to what you will hear if you come out Thursday night. You will hear Miss Johnson sing, several numbers by the entire choir, the Tomelies, the girls sextet, a number by the boys of the choir, and one by the girls of the choir.

All members of the choir of which Miss Helen Martin is director are selling tickets at 25 cents for adults and 10 cents for students. If you think the choir deserves a break and if you care to hear the best singing Pampa can offer, go out and hear them Thursday night.

Slow Rains Fall In Panhandle Area

A misty, rainy week-end was in prospect for Pampans last night, with fog and light showers adding 10-inches to the precipitation total early Saturday evening and rain still falling late last night.

Saturday's shower started at 2:03 a. m., and continued at intervals throughout the day. Maximum temperature yesterday was 55, minimum 49.

Visibility here was down to 3-4 mile as the sun set yesterday.

Heavy rains fell in the Corpus Christi area and lower Rio Grande valley Saturday and Saturday night and the precipitation belt extended far into West Texas.

In the Corpus Christi district, the fall ranged from 2 1/2 to 6 inches. Vegetable crops were damaged and some farmlands washed. Much cotton and grain replanting will be necessary.

More than an inch of rain fell at Harlingen in an hour and a half. Reports at San Angelo said the rains extended from north of Sterling City to Del Rio and from the Pecos river to Brownwood.

The Lubbock, Plainview, Wichita Falls and Dallas areas had light rains.

GUYMON DANCES OLD-FASHIONED WAY

The "light fantastic" gets tripped in a royal manner by young and old in Guymon, Okla., when neighbors from the Panhandle and adjoining counties meet for the weekly "practice" old-time dance. The scene above was taken at one of the dances, which are held once a week for more than a month before the annual Pioneer Day celebration on May 2. Pampa will send a delegation to the Guymon fete to advertise the Top O' Texas Folks Fiesta to be held here June 12, 13, and 14. Folk dances such as those being practiced at Guymon will

Greek Suggestion

WASHINGTON, April 26 (AP)—The Order of Ahepa Greco-American fraternal organization, urged today that the United States invite youth of Axis-defeated countries to come here for military training with the understanding that upon its completion they would "join the free forces of their countries."

Hats! Hats! Just Hats. Roberts The Hat Man. (Adv.)

I Heard . . .

That the three bachelors—Charlie Lamka, Jimmie Meyers, and Jeff Bearden—who are about to lose their freedom, were surprised by about 50 friends last night who gave them a stag party at the "bachelor headquarters," 310 North Wynne street. Leading in staging the party were the three remaining bachelors, Steve Matthews, Dick Pepin, and Stu Johnson.

Negro Arrested For New Kind Of Theft

Police officers Jeff Guthrie and J. R. Manning uncovered a new kind of theft last night, who reported after apprehending a negro and recovering \$11 worth of groceries.

The officers said the negro roamed a grocery store until he discovered several large packages of groceries placed away to be called for by the owner. They called a package boy, asked for the groceries, and had them taken to a taxi which took him to his home.

Later the owner of the groceries arrived at the store but his groceries were missing. The officers were called and within a few minutes they had the groceries and had the negro with them before City Recorder C. E. McGrew Monday morning the officers said.

I Saw . . .

More than 200 people camped at Lake McCallan Friday night. Most of the campers were PFA boys and teachers who held a two-day campment at the lake.

FDR Picking Fight, Shriek Nazi Editors

(By The Associated Press)
BERLIN, April 26.—Influential German editors tonight accused President Roosevelt of seeking war thousands of miles from home and demanded a specific warning that the Axis still considers the Red Sea and the Suez Canal a zone of war.
 "Mr. Roosevelt has lifted the ban on the entrance of United States ships into the area."
 An authorized spokesman at the same time said the American President is "suffering from hallucinations" if he thinks Axis forces have landed in Greenland.
 "Possibly he is joking," he added.
 In further comment on President Roosevelt's statement of Friday that American naval patrols would go anywhere on the seven seas where it considered necessary to protect the western hemisphere, the spokesman said caustically: "Whistling instead of shooting seems to be the American policy. It's nothing new."
 In obviously inspired editorials, Adolf Hufschmidt of the Hamburger Fremdenblatt and Karl Meegerle of the Berliner Boersens Zeitung hoisted danger signals, in large measure by any American ships which may carry war material to the British in the Suez area.
 Meegerle also added his opinion that Mr. Roosevelt's record now "justifies any Japanese policy."
 The recent speeches of Secretary Knox and Secretary Hull, expressing determination to insure that American supplies reach Britain, brought another repetition of Hitler's phrase that any ships on their way to aid Britain will be sunk if they come within range of German torpedoes.

"The President is picking a quarrel," Meegerle wrote. "He is seeking out danger far from American coasts."
 "He is seeking incidents. He wants to provoke. The war is not coming to America but the President is running after war."

Edwards To Teach Recreation Course

A recreation leaders course, especially designated for church activities, will begin here Monday night under direction of Jim Edwards, city recreation director. The course will be sponsored by the Council of Federated Church Women.
 The first session will be held in the basement of the First Baptist church, beginning at 8 o'clock. Second meeting will be at the same hour on May 5 in the basement of the First Christian church. Four classes will be conducted.
 All church leaders interested in recreation are invited to attend all four meetings. Mimeographed materials will be given to each person to help in directing recreation in his or her church. Technique in presenting quiet, active, mental, musical games, skits and dramatics, will be stressed.
 There will be no fees pertaining to the school of instruction and every one interested is invited to come. This includes representatives from all church organizations in Pampa.

Living Cost Hike Seen

WASHINGTON, April 26 (AP)—Secretary of Labor Perkins predicted today a three per cent increase in the cost of living by "early autumn."

Model Derby Racer To Be Shown Here

Eager-eyed and alert, 30 Pampa boys asked many questions and received valuable information at the second session of the Pampa News-Pampa Lions Soap Box Derby clinic was held Saturday morning at the Rex theater.
 An actual demonstration is planned for the next clinic session, to be held next Saturday morning at the same place, when it is expected that a model derby racer will be displayed.
 John Wieheler, Pampa automobile mechanic, told the boys facts on wheel alignment at the session yesterday, telling them it was important to have the front wheel of their cars "toe in" to avoid friction drag that cuts down speed.
 The mechanic was introduced to the boys by Frank Cuberson, head of Cuberson Chevrolet company, and co-chairman of the 1941 Soap Box derby.

Rip Russell To Be Sent To Tulsa

TULSA, Okla., April 26 (AP)—Glenn "Rip" Russell, first baseman for the Chicago Cubs during the past two seasons, will be sent to the Tulsa Oilers, President Don Stewart announced tonight.
 Russell went into a batting slump last year after one good season with the Cubs. He lost the regular first base assignment this year and Stewart said the Cub management wanted him to be where he could get steady work and add to his experience.
 Russell's acquisition gives the Oilers their first home run hitting threat since 1939. He hit 21 home runs for Los Angeles in 1938 and batted .285 with the Cubs in 1939. He will join the Oilers in Shreveport, where they open a series Tuesday.

9,719 Killed At Sea

NEW YORK, April 26 (AP)—The war at sea has claimed 9,719 known deaths since hostilities began in September, 1939, and another 8,391 persons have been reported missing, a check of Associated Press records revealed tonight.
 A total of 15,000 ships of all nations have been reported lost for an aggregate tonnage of 5,659,214. A rod is 16 1/2 feet.

CHURCHILL

(Continued From Page 1)

factories and ours to tackle the enemy in decisive fashion on land."
 The best sources were drunk in saying that they expected the next German blows to be dealt at the entrances and exits to the Mediterranean, east and west.
 Conclusion of the Greek campaign—of which there were today only slim accounts dealing with gallantry of the British rear guards—is expected to release additional forces of both the army and navy for defense of Egypt from a German thrust toward the Suez canal.
 The British still expressed hope that Turkey would stand firm against any Axis drive southeast from the Balkans, but they noted the dangers in the German occupation of Samothrace and Lemnos.
 In the most important battle of all—that of the Atlantic—the British reports were making some progress in reducing their losses, although they predicted increased attacks as the weather improves.
 Reliable observers speculated that the United States patrols announced by President Roosevelt would help insure fairly safe convoys in the Atlantic and would free many British warships for service on the more perilous seas around Britain.

A long editorial in the Times of London, headed "The American Spirit," said the insurance of Colonel Knott "that we cannot allow our goods to be sunk in the Atlantic" gives us security for the regular continuance of these vital supplies.

The Oxford University Press brought out today a six-penny booklet, "Building Roosevelt's World," edited by Dec. 29, Jan. 6 and 20, and March 15.

VIRGIL

they do it" as these people seem to change their bodies at will and pass through solid walls.
 During one of the many spectacular scenes, the Great Virgil introduced a spirit medium, who, completely surrounded by members of the audience, presents a regular old time spirit seance during which trumpets and tamborines sail thru the air and other strange and eerie happenings take place on a brightly lighted stage, it was said.
 The Great Virgil claims to present any kind of spirit manifestation and has a standing offer of \$1,000 to any spirit medium, fraudulent or otherwise, who can present a seance that he cannot duplicate by scientific means. Included in the spirit part of the Great Virgil's program will be: Spirit Seance, Table Tipping, the Haunted House, and Spirit Paintings.

EX-CONVICT

(Continued From Page 1)

photograph of the body. The trail led to Chicago, where a pete aided in the hunt for Brown since April 15.
 Brown's wife—the former Erna Mae Auweiler—was questioned during the hunt. She said she was living in San Mateo, Calif., when she contacted him through the Stanley Ideal Hearts club of Oakland, Calif. She added that they were married last Oct. 29 in Reno and came to Chicago.
 She stated she knew of no other women in her husband's life and asserted: "I never want to see him again."
 Sheriff Wilbanks said Brown's criminal record, dating back to 1915 through 1939, was reviewed. He was sentenced to the San Quentin prison in 1935 on charges of stealing \$9,500 in jewels from the home of Earl M. Daniels in Highland Park, Calif.

Final Plans For Parade Of Values Will Be Made

All Pampa merchants are invited to attend a city-wide meeting Monday night at 8 o'clock at the BCD offices in the city hall, to work out final plans for the Pampa's Parade of Values, M. C. Johnson, chairman of the trade promotion committee of the Pampa Chamber of Commerce, announced yesterday.
 "Anyone who has been contacted is enthusiastic over plans of the committee for a big promotion in May," Johnson said.
 Members of the trade promotion committee are Frank Foster, Travis C. Lively, Bryant Garaway, W. C. Wilson, E. J. Hanna, Guy E. McTaggart, and H. M. Behrman.

Million Workers Trained

NEW YORK, April 26 (AP)—Dr. John W. Studebaker, United States commissioner of education, predicted tonight that by July, 1,000,000 workers would be trained for skilled defense jobs in vocational and technical schools throughout the country.

New British Fighter

LONDON, April 26 (AP)—The British announced tonight that a new super-fighter, better than the trusted Spitfire or Hurricane, was in full production. It is the "Typhoon," with a speed of more than 400 miles an hour, a 2,400-horsepower Sabre engine and armament of both cannon and machine-gun.

Market Briefs

NEW YORK, April 26 (AP)—While selling dried up in today's stock market the new steel was a bit too bearish for speculative interest and prices finished a fairly successful week with moderate irregularity.
 The shock of the apparent fall of Greece had worn off somewhat as a financial factor, brokers said, but doubts as to future British moves in the near east were sufficient to curb many potential buyers. There were also revived fears of the United States actual involvement.
 The Associated Press average of 60 stocks was off .1 of a point at 59.47, but on the week showed a net advance of .2 of a point. The session was the slowest since March 8, transfers totalling 156,660 shares compared with 230,110 last Saturday.

The volume would have been lower but for one 6.98-share block of Panhandle producing. The issue ended up 1/8 at 1%.
 American Telephone, National Distillery and Woodworth edged into new ground since last June. On the offside, 1940 were General Motors, Montgomery Ward, Sears, Roebuck, Consolidated Edison, Allied Chemical, Du Pont, Eastman Kodak, North American and J. I. Case. Most notably improved were Santa Fe, N. Y. Central, Southern Pacific, Great Northern, U. S. Steel, Bethlehem, Youngstown Sheet and Tube, Republic, U. S. Rubber, Dow Chemical, Standard Oil of N. J., Crown Cork, Union Carbide and Corn Products.

CHICAGO PRODUCE
CHICAGO, April 26 (AP)—Butter receipts, 794,497, creamery 90 score 33, others unchanged.
 Eggs receipts, 38,872, extra firsts, cars 2 1/2¢. Others unchanged.

CHICAGO GRAIN
CHICAGO, April 26 (AP)—Wheat traders' caution and the urge to cash small profits today prevented continuation of the price recovery which has been under way since midweek.
 Although prices were up as much as 3/4 cent at one stage, closing figures were 1/2 cent to 3/4 cent lower than yesterday, May 8 1/2¢, July 48 3/4¢.

Advance of about 3 cents a bushel from \$1.00 to \$1.03 proved attractive to small traders, especially in view of easiness of securities, uncertainty about war developments, and the 1941 loan program and the favorable crop outlook.
 Corn closed 3/4¢ lower, May 68¢, July 52 1/2¢; oats 1/2¢ off; soybeans unchanged to 1/2¢ higher; rye 1 1/4¢ higher and lard unchanged to 3 lower.

 Cows 700; most supply, steady with Friday's close. Top 5.60; packing house 7.00-7.50.
 Sheep 1,700; nominal. Clipped lambs and yearlings 2.50-3.00; medium grade spring lambs 8.00-9.00; aged wethers 5.00-5.25.

Senate Sounded Out On Question Of Naval Convoy

By JACK BELL
WASHINGTON, April 26 (AP)—Informed quarters said tonight that the white house had made cautious inquiries as to what would be the senate's attitude toward legislation authorizing convoys to be beleaguered Britain.
 As a result, it was said, an informal canvass was made which indicated that 45 senators—three less than a majority of the present memberships of 95—were likely at this time to oppose such legislation.
 Included in this tentative list, one legislator said, were 25 of the senate's 28 Republicans. Most of these have been recorded as likely supporters of a resolution by Senator Tolley (R-NH) to put congress on record against use of the navy to guard the transportation of war materials across the Atlantic.
 The Tolley resolution is scheduled to receive consideration next Wednesday by the foreign relations committee, with indications that it will be mothered there by an administration majority.
 While some convoy advocates had proposed that the measure be carried to the floor in the hope of defeating it decisively there, such strategy was regarded as unlikely in the face of the distinct senate cleavage on the issue.
 Similarly, some legislators were said to take the view—that if President Roosevelt decided convoys were necessary, it might be better for him to order them on his own authority rather than seek congressional action likely to be preceded by lengthy, controversial debate.
 Senators divided sharply during consideration of the lend-lease legislation on the question of the President's authority to order convoys, with administration leaders generally favoring such power and opponents denying it.

Fritz Kreisler Injured In Wreck; Hands Not Hurt

NEW YORK, April 26 (AP)—Fritz Kreisler, 66, the violinist, suffered a severe head injury today when he was struck by an automobile today, but physicians said later that his condition was "satisfactory."
 Dr. James I. Russell, head surgeon at Roosevelt hospital, where Kreisler was taken, said at 3:15 p. m. (CST)—four hours after the accident—that the violinist was still unconscious, but his blood pressure and pulse were normal. He said the injury was probably a skull fracture.
 "He is not conscious yet, but we are not alarmed about that because his physical condition is good," Dr. Russell's bulletin said. "He was bruised on the right side of his head and has a slight cut. There will be a 72-hour period of observation." Kreisler's hands were not injured.

MOTHER DIES

(Continued From Page 1)

the late T. J. Considine, who was head of the United States weather bureau at Amarillo from 1908 until his death in 1928. She was one of the most active members of the St. Andrew's Episcopal church, Woman's auxiliary, Daughters of the King and Women's Bible class. She was prominent in the activities of Chapter E of the P. E. O., having been one of the earliest members of the Amarillo organization.
 Mrs. Considine was well-known in Pampa, having visited with her daughter on several occasions.
 Tom Braly will arrive from El Paso Sunday night to attend funeral services.

VFW To Hold Open House For Veterans

(Continued From Page 1)

Pampa post 1657, Veterans of Foreign Wars, will hold open house for all veterans in Pampa and vicinity, whether or not members of any veterans organization, on Tuesday night. The meeting has been called for 8 o'clock at the American Legion hut on West Foster avenue.
 The meeting will be for the purpose of introducing the members of the Veterans band, directed by J. R. Earsom, to all ex-service men. The band will present an interesting program after which refreshments will be served.
 Commander J. G. Sturgeon is anxious to have every ex-service man in the territory attend the stage meeting.

Fight Very Near End' In Greek Battle

(By The Associated Press)
The entry of German troops into Athens appeared to be but a matter of hours last night, but fighting continued in the mountains north of the Gulf of Corinth as British imperial reinforcements covered the withdrawal of their main forces.

The Athens radio broadcast again at the usual time (1:45 p. m. CST, Sat.) but the customary 15-minute news broadcast was shortened to eight minutes because of "unforeseen circumstances," and later an appeal was transmitted to "stand firm by each other, proud and dignified." We have been an honest nation and brave soldiers.

The home security ministry said the Germans pounded several places surrounding Athens in the Attica district and points in the Peloponnese. A few casualties and slight damage was reported in the former but the results in the latter were not available immediately because of disrupted communications.

A royal decree issued by King George II from the Island of Crete placed General Alexander Papagos, Greek Generalissimo, on the retired list at his own request.

Whether the British were crossing the Isthmus of Corinth into the Peloponnese, or embarking for Crete or Egypt, could not be told, but Greek newspapers said "the fight is very near its end."

Early Saturday morning the Germans had passed Thebes, 35 miles from Athens, and another mechanized column surged down the west coast of Mesolonia, where Lord Byron died in the Greek War of Independence more than a century ago.

London wrote off the Balkan campaign as another reverse in the war against Hitler, and observers awaited the next development. Possibly a widespread Axis thrust against British power in the whole Mediterranean area, from Gibraltar to the Persian Gulf.

In anticipation of a renewed Axis drive toward Alexandria and the Suez Canal, the British shelled and scattered German-Italian concentrations outside Libyan Tobruk, which the British still hold; bombed Bengasi and the road to the east, and harried Axis forces in the Salum area, inside Egypt.

On the Western front, German long-range guns resumed their shelling of the Dover area and RAF planes darted across the channel on offensive patrols, after a night of give-and-take raids in which German naval bases and Berlin were bombed while northeastern England bore the brunt of Nazi air attack.

H-S President To Be Installed In 3-Day Ceremonies

ABILENE, April 26 (AP)—Three-day inauguration ceremonies for Dr. William R. White, seventh president of Hardin-Simmons university, will begin tomorrow.

Special exercises will conclude the formal inauguration Tuesday afternoon, and speakers from ranking state and church-related schools in the southwest will be heard on the programs.

At the inaugural, to be climaxed by an address by Dr. White, 73 colleges and universities will be represented, 23 of them by their presidents.

Guest of honor will be Dr. Charles E. Friley, president of Iowa State college, and the son of Rev. W. C. Friley, who served from 1892 to 1894, as the first president of Simmons college.

Speakers will include three former presidents of the southern Baptist convention, the presidents of the University of Texas, Texas Tech, Baylor university, Oklahoma Baptist university and other ranking schools.

Speakers tomorrow include: Dr. John R. Sampye, president of the Southern Baptist Theological seminary; Dr. Lee R. Scarborough, president of the Southwestern Baptist Theological seminary; Dr. John W. Raley, president of Oklahoma Baptist university, and Dr. E. C. Routh, editor of the Baptist Messenger, of Oklahoma City.

They will talk on Christian Schools and World Missions.

Dr. Sampye will speak on "A Great Christian Educator" Monday morning with Dr. Pat M. Neff, president of Baylor university, discussing "A Projected Life" at 6 p. m.

Tuesday morning, Dr. Clifford B. Jones of Texas Tech will speak on "The present day responsibilities of institutions of higher learning," and Dr. Homer P. Rainey, president of the University of Texas, on the function of liberal education in a democracy.

Dr. George W. Truett of Dallas, international figure in the denomination, will speak on "The creative power of Christian education" at the inauguration at 4 p. m. Tuesday.

Churchill Gets Check From Italy

ITALY, April 26 (AP)—Winston Churchill is getting some financial aid from Italy—the one in Texas.

Mailing a \$5 check to the prime minister, farmer Ferrell Windham wrote in a letter, beginning, "Dear Winston," that he had no scrap iron at this time "and darned little money." But of the letter I will give you the biggest part as it seems you have hit it hard in the Balkans.

"In ending you this check, I hope the Bank of England won't charge you anything to making the collection," Windham added, "should you run short, just let me know by radio and I will see what I can do."

A spider's first web is as perfect as any it makes thereafter.

CLEAN-UP

(Continued From Page 1)
twice last week. Dr. Nicholl spoke on Wednesday and again at noon yesterday. C. E. (Dan) McGrew was to speak today, City Manager Steve Matthews said.

Dr. Nicholl, in his speech Saturday, said:

"During the last few days we have had many talks over this station relative to the clean-up week in Pampa sponsored by the junior chamber of commerce and the other civic clubs. The public is responding to these talks as we can see in checking over the town. Many of our citizens are really doing a good job of cleaning up, while others have not caught the bug."

Job Not Finished

"There are still many things to be done and I would like to make a few more suggestions to further this good work. Among some of the things that I might mention are: trimming of your shrubbery and the planting of flowers in such a way that their natural beauty will stand out against a background of a freshly-painted house or one that has been washed down with water to freshen up its looks.

"A closely-mowed lawn or either Bermuda or fescue, or a neatly-cropped hedge lends enchantment to the home. In my rounds of inspection, I have noticed that there are many trees that still have dead limbs hanging from them, due to the heavy snow and sleet we had during the winter. These trees should be trimmed immediately that the trees might not be retarded in their growth, that they might mature into beautiful shade trees that are so essential to a well-kept yard.

"Don't make the mistake of so many people and clean up and fix the front of the place—move back to the alley and clean it all the way. You may think that the front is all that shows, but to have a clean place you must do like the mother and clean behind the ears, as it is all essential.

"Pampa is getting fewer vacant lots, but we still have quite a few, and some of these are in bad shape. Yesterday, I counted 26 of these lots which could stand a lot of cleaning. Most of these had nice homes on both sides of the lot. Maybe the property owners of these lots don't live in Pampa, but we do, so let's get them cleaned up so they won't hurt the looks of our town.

Look At Barrels

"I still see a lot of barrels that are in bad condition. Let's look at it this way: If you were asked to put the trash barrel on the front curb, would your barrel be suitable looking, or would you be ashamed of it? We are particular about our personal attire and our automobiles, and we wouldn't want to park any junk in our yards, yet some of these barrels are worse than junk, so tell the trash man to haul those beat-up barrels off and get you a new one.

"I am sure that with the help of the entire family, the yard, the shrubbery, and the premises in general can be put in, and kept in, an attractive manner, which should bring enjoyment to the whole family and maybe it will encourage more of the garden parties this summer, giving the young ones an ideal place to play.

"Make that fire-place back there where you have been planning to for so long. Most of us would like to have a nice place to relax and there can be no place better than that back yard that you have been intending to fix up. Well now is the time to do it.

"Most of us go on vacations each year—maybe to the mountains, or to the coast, or maybe just to visit. Well, we all know that we can't grow the tall pines of East Texas, nor have the Carisbad Caverns in our back yard, but think of the enjoyment that we can have from the shade tree and flowers and a good lawn chair in our back yard without the expense, worry, and travel that it takes to get to these recreation spots. Not only that, but you can have it seven days a week instead of one or two weeks a year.

"In every part of town I have seen evidence of the most cooperative men and women and children working in the yards and spring house-cleaning taking place. This should bring joy and peace of mind to all, with the thought that fire hazards have been removed and that filth, which is the main contributor to the expense, worry, and travel that it takes to get to these recreation spots. Not only that, but you can have it seven days a week instead of one or two weeks a year.

"I would like, in behalf of the city health department, to take this opportunity to thank all who have so graciously helped in this clean-up campaign and hope that the next week will show still more benefits."

Hugh Halseil Dies Of Heart Attack

DALLAS, April 26 (AP)—A Texas and Oklahoma financier who took up golf after he was 80 to become three-times senior golf champion of the United States, Hugh Halseil, 71, died tonight of a heart attack at the Dallas Country club, where he had made his home in Dallas for 35 years.

Only yesterday, Halseil had received a telegram that his partner in the Hale-Halseil grocery store chain in Oklahoma had died at the Hale home in McAlester and friends said the news had seemed to bother him all day. He died within 20 minutes after he was stricken.

A member of the board of directors of the First National bank in Dallas, Mr. Halseil was the owner of the First National bank of Durant, Okla., and also retained holdings in several cotton oil mills in Texas and Oklahoma. He had been retired about 12 years.

After his marriage at the age of 23, Halseil went to Corsicana and entered the furniture business and later went to Greenville, where he opened his first cotton mill.

During 1940 only 29 planes of the type carrying less than a minimum of 21 passengers were built for the domestic air lines.

Woman Identified As American Speaks Over Athens Radio

NEW YORK, April 26 (AP)—A mysterious, unannounced broadcast over the Athens radio to the women of America by a woman identifying herself as an American war correspondent for an Athens newspaper was heard tonight over NBC.

NBC monitors said the Athens radio had signed off at 8:25 p. m. E. S. T. with the announcement it would be back at the same time tomorrow. Then out of the silence following the Athens sign-off came the woman's voice.

She said the British were leaving Greece "in hundreds and thousands of little gasoline ships and sailboats which for many long years have been the livelihood of Greece."

Without these boats, she said, "the people of the islands will die of starvation within a few weeks" because the boats provided "the transportation of food and the necessary products between one part of Greece and another from the outside."

Nevertheless, Greece cheered the British as they left "no less wholeheartedly than she cheered them when they arrived," the woman added.

She spoke first in Greek and then introduced herself as Mildred Kirker. After her talk, the Athens transmitter went dead just as suddenly as it had come on, and still without explanation.

At the start of her talk in English, the woman said:

"Hello, America. The German

armies are approaching Athens despite all displays of Greek heroism and all the promises of help that had been given her. Either make the promises good or tell us that you are not prepared."

Bids Disappointing

WASHINGTON, April 26 (AP)—Donald M. Nelson, defense purchasing director, said today the government was "much disappointed" over bids on army requirements of canned tomatoes.

"In some instances," he said in a statement, "offerings are in line with the market, and in these cases awards will be made; but in other cases bids were so far out of line with current prices that no awards will be made, nor will the army re-advertise for bids."

One Out Of Every Four Dollars To Be Collected As Taxes

WASHINGTON, April 26, (AP)—Tax experts figures today that the tax collector will take one out of every four dollars of the national income in the coming fiscal year.

National income is expected to climb to a record \$90,000,000,000 in the 12 months beginning next July 1. But taxes also are slated to reach the unprecedented figure of \$22,000,000,000—counting federal, state and local levies.

This means that taxes will consume about 25 per cent of all the money paid out to Americans during the period for wages, dividends, royalties, rents, interest, and individual business profits.

Biggest share of the taxes will go into the federal treasury—approximately \$12,700,000,000. States will collect about \$4,000,000,000, and cities, schools and other local units about \$5,300,000,000.

Existing federal taxes are slated to take about \$9,225,000,000 and the treasury asked this week for \$3,500,000,000 in new levies.

President Roosevelt is expected to discuss the necessity for levying this extra tax load in a radio address he has arranged for Wednesday night.

The broadcast at 8:30 CST over three major networks, will launch the national defense savings program. Secretary of the Treasury Morgenthau and Postmaster General Walker also will speak.

On Thursday, defense stamps and savings bonds will go on sale at 16,000 post offices, thousands of banks, and other agencies.

Jackson Charges Nazi Officers Aided In Flier's Escape

RICHMOND, Va., April 26 (AP)—Attorney General Jackson asserted tonight that the justice department had "positive evidence" that Baron Franz von Werra, Nazi flier, jumped his ball in the United States and fled from the country "with the connivance and assistance of German consular officers."

Von Werra escaped from an internment camp in Canada, and crossed the border to the United States. Arrested and charged with violation of immigration laws, the flier was released on bail, and early this week disappeared, reportedly en route to Peru.

Liverpool Gets Heavy Bombing

LIVERPOOL, England, April 27 (Sunday) (AP)—German raiders subjected this port city and other Merseyside boroughs early today to the heaviest raid this section has had for weeks but authorities said only a few deaths and other casualties resulted.
 Anti-aircraft guns put up a heavy barrage with the help of searchlights playing about the sky.
 London had a brief alert but it was without incident.
 LONDON, April 27 (Sunday) (AP)—Shrieking sirens heralded the approach of German raiders in the London area around midnight after Luftwaffe units earlier roared over the northeast coast in relays.
 The raiders, crossing the coast through a heavy barrage, evidently were bound for the northwest of England since the midlands also reported them flying over without dropping bombs at a late hour.
 Across the Dover Strait the weather was cold with low patches of cloud and a strong northeast wind.

Traffic Fatalities Drop 34 Per Cent

AUSTIN, April 26 (AP)—A reduction of 34 per cent in Texas traffic fatalities for March from the same month a year ago was reported today by Homer Gorrison, Jr., state police director.
 He attributed the decline to recent enactment of new speed limit and drivers license laws, which he said had resulted in a more cautious driver attitude.
 Deaths last month totaled 112 compared to 169 in March last year, bringing a decrease of 24 for the first quarter of 1941.
 Comparative motor traffic fatality ratings of the larger cities for the first quarters of 1940 and 1941 included:
 Amarillo two and one, Corpus Christi none both years, Waco three and four, El Paso two and seven, Abilene three and none, Laredo two and none, Lubbock two and none, Wichita Falls two and one, San Angelo one and two, Fort Arthur one and three.

Italy Already Sees U. S. As An Enemy

Special To The NEWS
 ROME, April 26—The Italian press and radio attributed aggressive intentions today to the United States, which political circles already regard as an enemy.
 The Rome radio asserted that the United States action to place American patrols as far as 1,000 miles out in the Atlantic was "an illegal, arbitrary and completely one-sided extension of its territorial waters."
 "A new wave of alarmist propaganda is sweeping the United States," said the English-speaking announcer.
 Political circles took the view that President Roosevelt was intensifying an effort to get the United States into war against Italy and Germany. They applauded such American "anti-interventionists" as Col. Charles Lindbergh, calling them "more intelligent, honest and sensible."

Senator Harrison Hospital Patient

HOT SPRINGS, Ark., April 26 (AP)—Administration forces in the United States senate will be without the services of veteran Senator Pat Harrison (D-Miss.) when they begin to push a huge defense tax bill through congress.
 The 59-year old chairman of the senate finance committee announced here today that due to instructions from his physicians he would "not be able to actively handle the tax bill in the senate as I had hoped."
 Senator Harrison, a patient at the Army-Navy general hospital here since March 14, said he had "made up my mind to do what they (the physicians) tell me to do and will continue my rest until they believe I have sufficiently recovered to assume my duties again."
 Hospital officials said the senator had shown "marked improvement," adding that his condition upon admission to the hospital had been "primarily one of fatigue."

Nazi-Italian Troops Shelled In Tobruk

(By The Associated Press)
 CAIRO, Egypt, April 26—German-Italian troops concentrating just outside Tobruk were shelled and scattered yesterday by the garrison of that fortress lodged menacingly against the seaward flank of the Axis army, the British announced today.
 This was coincident with more intense patrol and artillery activity around Salum, Egypt, the frontier town where the Axis drive eastward was halted.
 The RAF reported its fighters guarding Tobruk had shot down eight Axis planes there in one day this week, raising the toll at that one spot to 44.
 Bengasi, Libya, was bombed and fires started, the RAF also announced, and bombers returning from that raid caused fires and explosions in an Axis motor convoy near El Agub, 80 miles east of Bengasi.
 The British said their cleanup campaign in Ethiopia was progressing.

Prediction Right
 AUGUSTA, Ga., April 26 (AP)—Twenty-one years ago Sheriff Tom Plunkett, now dead, announced the birth of a daughter and predicted she probably would become a war nurse. The young woman, Vivian Plunkett, will report soon to Fort Benning, Ga., as a Red Cross nurse.

SCOUTS' RESCUE SQUADS WIN RENOWN FOR WAR DUTIES

These youngsters of Mill Hill, Middlesex, are collecting waste to be used by war industries. This is but one of the many ways in which non-combatant Boy Scouts are aiding Britain's

defense effort. Because they are active during air raids and frequently enter dangerous areas, London Boy Scouts now wear steel helmets, like the one pictured at right.

Britain Pins Heroes' Medals On Boy Scouts

By PAUL MANNING
 NEA Service Staff Correspondent
 LONDON, April 26—For 170 days, 15-year-old Arthur Rossiter lay face down in a hospital bed because the incendiary bomb he had tried to extinguish in the factory where he works had exploded and burned his neck, arms, and back.
 But he was laughing and joking the other day when they awarded him the Cornwell Medal, highest honor in the Scout movement. He was laughing and joking in particular about how insistent he had been, during the first week of his confinement, that he was dead. He had learned from his Scout handbook that if burns cover one-third of the body, then you're surly dead. So he had kept insisting, and when nurses would argue he'd hand them the Scout handbook and say, "Really, you know, this isn't me. See for yourself."

He lost the argument, of course, and when they pinned the Cornwell Medal to his pillow, he could sit up and shake hands, almost.
BOY SCOUTS PROVE BRAVERY
 But Arthur Rossiter is little different from a lot of other Scouts in England today. For when you read the official awards list which is published periodically, you are struck by the large number of Boy Scouts, and former Scouts, whose bravery and devotion to wartime duty has been recognized.
 Beginning with 18-year-old troop-leader, Donald Louis Jones, the first

the younger boys, serving tea from canteens. But the total effort expended is impressive.

Though many Scouts have received many medals, only one has ever been awarded the Victoria Cross, highest award which England confers upon any hero.
 His name was Jack Mantle, and when he came of age he enlisted in the King's Navy as a seaman. Soon he was a leading seaman assigned to the Foyebank, and when this ship was attacked by German bombers on July 4, 1940, it was Jack Mantle's starboard pom-pom which continued to fire—despite bombs and the terrific raking which the top deck was receiving from the machine-guns of that German plane.
 Bleeding and dragging a broken leg and with the rest of his own little gun crew dead, he somehow

Senate Turns Down State Income Tax

(By The Associated Press)
 AUSTIN, April 26—The Texas senate tonight concluded a week's labor on a \$25,000,000 omnibus tax bill by leaving the measure pending for more work Monday and adjourning a straight nine-hour grind by refusing to add onto the multiple-phased levy a \$15,000,000 state income tax.
 By vote of 13 to 14 and two pairs, the upper legislative chamber, after declining to kill the plan in a 21 to 8 vote yesterday, decided at nightfall not to adopt the proposed 2 per cent income tax plan which it had stripped of some of its taxing powers.

The omnibus bill, most important legislation before the session, would provide money for bigger old age pensions, aid to the dependent children, aid to the needy blind, state matching of teachers retirement fund and other governmental functions.

Prior to acting on the income levy, which was considered dead unless revived later, the senate permitted deductions from incomes of food, milk and milk products and medicine purchases, physicians' fees, hospital and funeral expenses and depreciation on property.
 Killed or refused were amendments which would have reduced the proposed tax to 1 per cent, exempted income of building and loan associations, permitted deductions on cost of educating children, clothing and other items.

The legislative body once voted to tax incomes of single persons from \$500 up and married couples from \$1,000 up but later changed its mind and placed the figures back at the original \$1,000 and \$2,000, respectively. Corporate incomes as low as \$1,000 would have been subject to the levy.

The lawmakers also accepted an amendment causing the tax to become defunct after Dec. 31, 1942, but rejected the one permitting deduction of state and county ad valorem taxes from the income tax payment.

managed to keep that gun going and drive off the German bomber.

Eventually the Foyebank steamed into the protection of heavier craft, but by then leading seaman Jack Mantle was dead.

So they awarded him the Victoria Cross posthumously.

Americas Plan To Seize Nazi Vessels

WASHINGTON, April 26 (AP)—A committee representing the 21 American republics agreed today upon a plan for commandeering foreign vessels war-immobilized in their ports—with every prospect that a portion of the tonnage involved would be used to ease England's shipping shortage.

Idle in Central and South American harbors are 96 German and Italian ships, plus an unreported number of French and Danish registry.

Under the recommendations of the committee, the Latin-American governments would seize these vessels, make compensation for them to their owners under International

law and use them to "promote x x x the peace and security of the continent."

The general plan is that a "pool of ships, sufficient to meet the requirements of inter-American trade shall be established. Tonnage over and above what is needed for that commerce could then be sold or chartered to the British.

The plan was drawn up by a sub-committee of the Inter-American economic and financial advisory committee at the suggestion of Foreign Minister Guani of Uruguay. Presented to the full committee, which met today with Undersecretary of State Sumner Welles presiding, it quickly won unanimous approval.

The colors seen in a flame are caused by uncombusted properties, fire itself being colorless.

TAKE A TIP From Mr. Squirrel

Mr. Squirrel nuts mean as much as your Bank Account to you. The Squirrel works hard and stores away for the time when he will need it.

The same holds true with you. The amount you save isn't so important but forming the saving habit is the important factor.

TWO WELLS ON NORTH EDGE OF OSBORNE POOL HIT PAY

Locations And Completions In Field Drop

The area on the north edge of the Osborne pool in Wheeler county is being closely watched as two wells are in process of completion.

The Portman-Jenkins No. 2 Sloss in section 80, block 13, H&GN survey, has been bottomed at 2,100 feet and all men believe the well will be better than the E. B. Clark No. 2 in the same section which gauged 345 barrels.

The Charlotte Oil company's No. 2 Jenkins, north and west of the Portman-Jenkins well, bottomed pay at 2,045 feet. Water encroachment was reported yesterday as testing began.

Locations and completions both skidded badly last week only nine new locations and five new oil wells being reported. New oil totaled 1,121 barrels, from three wells in Hutchinson county, and two in Gray. Hutchinson also led in new locations with six, while the other three were in Gray. Stanolind came back into the drilling picture with four new locations, all in Hutchinson county.

Stanolind also reported the purchase of a 424-acre lease from the Manston Oil company of which Al Johnson is president. The lease was in section 136, block 3, I&GN survey, which has seven producing wells. Price is said to have been \$166,500. The lease was a farmout from Shell Petroleum company.

From Sherman county comes word that the Indian Territory Illuminating Oil company is making more core tests. The company has two good gas wells in its block and both showed promising oil pays.

It is also reported that the Darrouzett Oil company's wildcat test in Lipscomb county will be cleaned out and drilled deeper. The hole was bottomed at 3,400 feet when drilling stopped several months ago.

The Humble Oil and Refining company's Hale county wildcat is drilling ahead at 3,300 feet after recovering a lost bit. The R. and J. Oil company's Foster county wildcat is drilling ahead at 500 feet after shutting off water.

Completions by counties follow:
In Gray County
Southern Petroleum Exploration co., No. 12 M. Vaughn, section 138, block 3, I&GN survey, gauged 75 barrels.

Danciger Oil & Refineries, Inc., No. 3 Williams, section 7, block 1, ACH&B survey, was given a potential of 443 barrels.

In Hutchinson County
Benonine Oil co., No. 10 Starnes, section 24, block M-23, TCRR survey, tested 272 barrels.

Shell Oil co., No. 18 Harvey Sisters "B", section 19, block M-21, TCRR survey, gauged 205 barrels.

Phillips Petroleum co., No. 4 R. C. Kay, section 27, block M-23, TCRR survey, was given a potential of 217 barrels.

Intentions to drill:
Cities Service Oil co., Hughey "B" No. 22, 330 feet from the East and 1,550 feet from the north line of NW/4 of section 128, block 3, I&GN survey, Gray county.

Cities Service Oil co., Crow No. 9, 330 feet from the west and 650 feet from the south lines of NW/4 of section 137, block 3, I&GN survey, Gray county.

King Oil co., C. W. Dankin No. 7, 990 feet from the south and 990 feet from the east line of NE/4 of section 140, block 3, I&GN survey, Gray county.

Phillips Petroleum co., Cockrell

Covered Wagons Roll South as Defense Workers' Homes

Fifty trailers cross a Washington, D. C., bridge en route to Wilmington, N. C., where they will serve as emergency quarters for defense workers in shipyards there. These are first of 2000 purchased by Federal Security Administration.

Pampa Delegation To Advocate Sweet Gas Bill At Senate Hearing

A delegation of Pampa business and professional men were to leave Sunday morning for Austin where they will advocate at a senate hearing Monday a bill which would allow the use of sweet gas from Panhandle wells without pipeline connections to be used for the manufacture of carbon black after the gasoline content had been renewed.

The bill was presented in the senate a month ago by Senator Grady Hazlewood of Amarillo. A similar bill was presented in the house by Representative Ennis Favors of Pampa. Both bills were given committee consideration with the senate committee on oil and gas voting the bill for senate consideration last week. The house bill is still in committee.

There are nearly 100 sweet gas wells in the Panhandle field without pipeline connections or connected to gas plants where the gas can be used only for light or fuel. As a result, production is greatly curtailed and it is claimed that connected wells and sour gas wells are drawing the gas from under leases without proper outlet for their gas.

Several Pampa residents attended committee hearings and presented testimony in favor of the bill's passage.

Texas Oil Facts

More than 90 per cent of all oil wells in North Texas are small pumps.

Nearly 225,000 persons work for the Texas petroleum industry. They and their families make up almost one million Texans who get their entire living from petroleum.

A total of 388,000 Texas school children, or one-fourth of all the school children in the State, are educated through taxes paid by the Texas petroleum industry.

Four out of every ten persons in leading Texas cities depend upon the petroleum industry's payrolls for a living.

The Texas petroleum industry pays the highest wages of any industry in the State.

North Carolina Names

ROCKY MOUNT, N. C., April 26 (AP)—Mabel, Essie and Christmas are the given names of three selectees called up by the Rocky Mount draft board.

Second Division To Battle 45th Fighters

SAN ANTONIO, April 26 (AP)—The second division, forming a 110-mile convoy, will leave Fort Sam Houston Monday morning for the Brownwood area where it will spend a week "battling" the 45th division from Camp Bartley, Abilene.

The division will be joined by its 38th infantry combat team now on maneuvers near Abilene.

The 45th division, made up of national guard troops from Oklahoma, Colorado, Arizona, and New Mexico, will be playing the role of enemy to the division with which it was a partner in extensive maneuvers two years ago on Leon Springs reservation, 20 miles north of here.

Before sunrise, Monday, an advance element of the second division will leave Fort Sam Houston to prepare a night bivouac for the division in the maneuver area. The main body of the division will arrive at 5:47 p. m.

About half the troops of the second division will get their first "baptism of fire," officers said, since they were assigned after the games in the Sabine river area last fall.

Daylight Time Begins
(By The Associated Press)
Happy thought! Five months from now the hour of sleep lost last (Sat.) night will be made up.

Daylight saving time—one hour ahead of Eastern Standard time—became effective at 2 a. m. today in all or parts of 13 states.

Clocks will be turned back an hour at 2 a. m., September 28.

New Father Orders Nine Quarts For Baby
ROCKY MOUNT, N. C., April 26 (AP)—A brand new father left this note for the milkman:

"In ten days, please leave eight or nine quarts of milk a day—or whatever a baby needs."

Candidates For Senate Seat Go Into High Gear For Election

(By The Associated Press)
Gen. Andrew Jackson Houston, 80-year-old interim senator succeeding Texas' late Morris Sheppard, sat in his Bayside home at Laporte Saturday still pondering a trip to Washington.

While members of his family attempted to dissuade him from a journey they felt might imperil his health a field of full-term candidates threw their political campaigns into higher gear with the June 28 special election near.

State Attorney General Gerald Man returned to his native heath, Sulphur Springs, to make his first senatorial campaign speech Saturday night. Before a huge crowd of north Texans, he proclaimed his loyalty to President Roosevelt.

"But first," he said, "I'm going to be Gerald C. Mann."

He listed "total national preparedness" as the "most compelling problem of American life today," and also promised to support legislation "providing for equal, uniform, adequate assistance to all needy aged people."

Rep. Lyndon Johnson, arriving at Austin by plane today on the wings of President Roosevelt's announced blessing, said he would swing into active campaigning next week.

"I propose to carry to the people the message that we have not one moment to lose in getting behind our commander-in-chief and obtaining unity in this country to prepare it for national defense," he said.

Earlier Saturday, en route from Washington, he met with 300 newspaper editors at San Antonio's South Texas Press association convention.

Rep. Martin Dies of Orange, chairman of the house committee investigating un-American activities, spoke at Corsicana Saturday and urged Texans to support his pro-

ram aimed at undestorable aliens and subversive groups by placing him in the senate.

He charged that a secret un-uniformed army of "over a million persons is seeking to undermine national defense."

Guy B. Fisher, 56-year-old San Augustine attorney, termed himself the original Roosevelt bolter as he entered the senatorial race Saturday and filed application for a ballot berth with the secretary of state.

"I believe the government should be run according to the Constitution and I am, therefore, bitterly opposed to the Roosevelt administration," he said in a formal statement.

"Roosevelt is leading us into war under the false assumption that he would be defending democracy. I will never vote to send any of our boys across the water to fight in a foreign war, regardless of what Mr. Roosevelt or anyone else says."

A former navy flier, John C. Williams of Rockport, launched his campaign with a San Antonio radio speech at noon Saturday and appealed to Texans to send him to Washington as "an expert-on-defense matters."

The Annapolis graduate said that defense leadership of the past 20 years has changed and that the nation must secure "air-minded leadership before it is too late."

Hal Collins, Mineral Wells business man and intimate of Gov. W. Lee O'Daniel, flitted close to an open candidacy Saturday night. He announced three speaking dates during the next few days—arranged, he said, "to see what the people think about me becoming a candidate after they have looked me over."

He will speak Wednesday at Livingston, Thursday at Temple, and Friday at Denison.

"Since asking radio listeners if

they wanted me to be a candidate," he said, "I've received some 25,000 letters and postcards. One-third say they want me to enter if O'Daniel doesn't run. The rest are unqualifiedly for me entering."

At Dallas, ex-whiskered Cyclone Davis, Jr., an avowed candidate, said his application had been returned by the secretary of state "allegedly for non-compliance with article 3097, revised civil statutes," with a promise of acceptance if the application is properly executed.

"My vote," Davis declared, "will be cast for some individual not now upon the public payroll, but who, in my opinion x x x would be worth the price the people pay for a successor to Morris Sheppard."

FDR Cancels Trip
WASHINGTON, April 26 (AP)—Preferring to keep close to the White House as long as the coal controversy remains unsettled, President Roosevelt today abandoned a vacation trip to Warm Springs, Ga., and boarded the Yacht Potomac for an overnight cruise in nearby waters.

Turkey To Increase Trade With Hitler

(By The Associated Press)
ISTANBUL, Turkey, April 25—(Delayed)—(AP)—This country is understood here to be planning to increase its trade with Germany and German-dominated countries, swapping tobacco, fish, cottonseed, olive oil and hides for industrial material, chemicals and trucks.

At the same time, foreign office circles in Ankara said today that German forces are expected soon to occupy the big Greek islands of Mytilene (Lesbos) and Khios (Chios), both off the Turkish mainland.

Mytilene, known as the birthplace of the poet Sappho, is only 11 miles from the mainland and 50 miles south of the Dardanelles. Khios, 25 miles farther south, is four miles from the mainland.

These would give Germany a string of island bases extending from the shores of Turkey in Europe almost to Italy's Dodecanese off southwest Asia Minor.

Turkey's President Ismet Inonu was reported unofficially to have left Ankara to come here on what was assumed to be an inspection of Thrace, which is under martial law.

Burton Buys Five Points Station
Sale of the Wilcox Super-Service station, 901 S. Cuyler (Five Points) to D. V. Burton was announced today. The deal also includes operation of the Wilcox bulk station under a lease. Location of the wholesale station is east of Pampa near the airport.

Mr. Burton purchased the station and took over the bulk station operation from Paul Hughey.

At the Five Points station will be handled Pennsylvania and Midcontinent oils, automobile accessories, and services will include vulcanizing, re-treading, washing and lubrication typical of a one-stop station.

The new owner has been a resident of Pampa since October 1 last year, coming here from Arkansas City, Kas.

125 Sets Of Twins Attend Convention

WACO, April 26 (AP)—Waco folk will regain normal vision tomorrow.

Today concluded Baylor University's third annual fraternal twin convention. More than 125 sets of twindelegates made the town see double.

Lois and Louise Bailey, Baylor brunettes and co-presidents of the Baylor twin chapter, were named new twindelegation presidents. New vice-presidents included: Warren and Harold Seay, North Texas Agricultural college, Arlington; secretary-treasurers, Katherine and Bill Thomson, Waco.

Margaret and Jean Dahse of Waco were declared the most identical twin girls in Texas today. Arlington's Seay brothers were named the most identical twin boys.

Beneficiaries Of One-Man WPA Pay Tribute At Funeral
ALBANY, April 26 (AP)—John Alexander Matthews had more money than many of his neighbors during the depression so he became something of a one-man WPA.

For many months he "made work" at his 45,000 acre ranch.

Men that found tough sledding could go out to the Matthews place and cut prickly pear or grub mesquite or cut blizzards.

One hard winter he killed and distributed the meat to hungry folk in the community.

"I knew life as a frontier settler," he used to say. "I know what it is to be hard-up."

At the Five Points station will be handled Pennsylvania and Midcontinent oils, automobile accessories, and services will include vulcanizing, re-treading, washing and lubrication typical of a one-stop station.

Oilers To Play In Clovis, Wichita Falls And Lubbock

The Pampa Oilers take to the road today dropping four straight games to the Borger Gassers. Last night's game, with the Gassers, was postponed because of wet grounds. The Oilers play three games in Clovis and then jump all the way to Wichita Falls for two games. They move to Lubbock for three games and then come home on May 5 for two games with Clovis. They stay home until May 12 when they go to Amarillo to begin another road trip. Oiler players still have \$50 in prizes to win from Pampa merchants who are giving merchandise for plays in the home park. Players

have already won a total of \$145 in prizes. Frank Scott, center fielder, hiked his gifts to \$55 on Friday night when he won a \$25 suit for hitting the first home run and also \$5 in merchandise for stealing the first base. The suit was the gift of the Magnolia dealers in Pampa. The stolen base prize was given by the Pampa Athletic club. Only other prize won Friday night went to Kelly Haralson who won \$5 in merchandise from Clarence's Shoe Shop for catching the first infield fly. The other prizes will be won when the Oilers return home, on May 5.

All-Star Softball Team Picked From Four Rooms In Junior High

Room 77, second place winner, put four men on the Junior High All-star Intramural Softball team. Three men from the champion team, Room 70, and three from Room 79 made the team. Room 78 placed one man on the team.

The all-star team was selected by the members of Coaches club, an intramural organization composed of one student coach from each home-room. With the help of the intramural sports director, Jack Davis, this club conducted the 8th-9th grade softball tournament which ended last week when Room 70 won the championship by defeating Room 77.

Following is a list of the names and positions of all-star team:

Catcher, Bobby Curtis; pitchers, Ben Dunham and Robert Custer; first base, Billy Gamblin; second base, Gene Robbins; third base, Joe Cree; shortstop, Bobby Davis; roving fielder, Charles Winborne; left field, Joe Hernandez; center field, Robert Cotten; and right field, Clyde Coble. Boys making the second team were Cheek White, Berry, Scheehan, Gise, Hutton, Yearwood, Hutches, Campbell, Jones and Hopkins.

The members of Coaches club successfully handled all the necessary affairs in conducting the softball tournament. These student coaches decided when the tournament was to be played, drew up a complete elimination schedule, decided on the tournament rules, helped set up bleachers for spectators, did all the officiating and furnished an official score keeper.

The games were efficiently umpired by the student coaches who received instructions in Coaches club. The following coaches did the umpiring: Billy Coy Scheehan, Harvey Hutton, Gene Lane, Ferrell Yearwood, Robert Cotten, Donald Rook, Howard Bass, Mike Gavin, Jack Dunham, Leland Greer.

Burma Road Bombed
KUNMING, China, April 26 (AP)—Nine Japanese planes bombed this Yunnan province terminus of the Burma road today, inflicting casualties. Frequent alarms have sounded since the big attack of April 8.

The black bass is a sunfish, not a true bass.

Don't Lift Club Too Quickly In the Backswing; Take It Straight Back, Then Up—Craig Wood

Craig Wood illustrates two of more common faults. Left, Wood has too much weight on left foot. Left heel has failed to leave ground. Right, Wood sways instead of pivoting, all weight having been shifted to right leg. Winner of Masters' Tournament uses Vardon overlapping, the most popular grip.

(Second of six informative and instructive articles.)

By Craig Wood

Winner of Masters' Tournament and Golf's Foremost Teacher

NEW YORK, April 27—Most golfers ruin shots by gripping the club too tightly. The muscles in their forearms stand out like lumps and this prevents hand or wrist action.

Don't go to the top of the swing in a quick turn of club and body. Take the club straight back and then up.

As you do this, the left knee bends toward the right. Shoulders and the upper part of the body turn easily in a pivot.

Failure to pivot causes the body to sway to the right, throwing all the weight on the right foot.

Don't turn body and club around too far in the backswing.

This fault often can be traced to lifting the club too quickly in the backswing. This allows too much weight to be kept on the left foot. The result is that the weight is shifted to the right foot in the downswing. In that case, the shot—well, you may have done this frequently. If so, you can describe the resultant shot better than I.

RUNYAN HAS OWN SWING; METZ FINE HAND HITTER

Not a few golfers have to adapt their swing to their build.

This was true in the case of Paul Runyan, who was my first golf assistant at the Forest Hills Field Club, Bloomfield, N. J.

Runyan's light stature makes him do things in his swing that some professionals might term unorthodox, yet his game was sufficient to win many big tournaments.

Runyan twice bagged the P. G. A. championship. He defeated me at the 38th hole in Buffalo in 1934 and lambasted powerful Samuel Jackson Sneed, 8 and 7, at Shawnee-on-Deleware four years later.

Runyan twice bagged the P. G. A. championship. He defeated me at the 38th hole in Buffalo in 1934 and lambasted powerful Samuel Jackson Sneed, 8 and 7, at Shawnee-on-Deleware four years later.

Eick Metz was a pretty good golfer when he became my assistant at the Hollywood Golf club, Deal, N. J., in '32. Metz, a fine hand hitter, has an excellent grip. He has a long, full swing and a more hand or wrist action than I ever hope to possess.

Metz and myself employ the Vardon overlapping, the standard grip used by more golfers than any other.

An essential of the good grip is to have at least three knuckles of the left hand showing.

Part of the leather of the club should be in the palm of the left hand. The right hand grips the club with the fingers. The little finger of the right hand overlaps the index finger of the left.

The grip should be firm, but, I repeat, not too tight.

GHEZZI SWITCHES TO QUARTER CLOSED FACE

Vic Ghezzi of Deal credits me with improving his game.

Vic had a weak grip with his right hand and the face of his club was open at the top of the swing. He switched to a quarter closed face at the top, and is hitting straighter and longer. His irons have improved 100 per cent.

Of all the assistants I have had, Jimmy McHale is the finest swinger. McHale, who was with me at the Ramson Country club, has a full swing and pivot and a good grip. He does everything right.

Ben Loving, now at Long Meadow, Springfield, Mass., also was associated with me at Ramson.

In November, 1938, I became professional at Winged Foot. Crowl Mamaroneck, N. Y., succeeding the renowned Mike Brady, who lost the United States Open in a playoff with Walter Hagen in 1919. Brady had been with the club virtually from the day its courses were ready for play.

At Winged Foot, I had as an assistant Henry Poe, who succeeded Byron Nelson in Reading when the current P. G. A. titleholder shifted to Toledo's Inverness. Chick Rutan left me to be Ben Hogan's assistant at Hershey. I now have Claude Harmon, formerly the aid of Harry Cooper.

While I coached these players, helped them straighten out faults and often am credited with developing their games, I would rather say I taught them the business of handling a professional position at a high grade club.

NEXT: Craig Wood improves game.

Sunset And Laredo Favored In State Field-Track Meet

(By The Associated Press)

Sunset's all-victorious Bisons and Laredo's four-man brigade of stars are favored to battle it out for the state schoolboy track and field championship at Austin this week.

While Laredo appears to boast more potential first-place strength, Sunset has a better-balanced squad.

Critics are ready to concede Laredo three first places to begin with, with Van Vaughn's 14.9 in the 120-yard high hurdles and Aubrey Vaughn's 22 feet 11 3/4 inches in the broad jump and his 22.4 in the 200-yard low hurdles. These are the best for the season in Texas.

But Sunset, the Dallas school which this year has won the district football, basketball, baseball and track championships, can claim either a first, second or third in six events, and that would mean between 15 and 20 points.

Other teams given good chances of nosing in with the title are Highland Park's defending state

North Texas Teachers Win Half-Mile Race

By BILL BONI

Philadelphia, April 26 (AP)—Short-legged Roy Cochran and Campbell Kane cooperated perfectly today to bring the University of Indiana the major share of the spoils on the concluding program of the two day Penn relay carnival.

Running in the order named, they first helped create the day's only major record, 7 minutes 41.1 seconds for the two mile relay, and then returned in reverse order in the climatic mile relay to gain an eight yard victory over New York U., and North Texas Teachers in a thrilling 3:16.4.

The day's main event competition began in the morning, when North Texas State Teachers beat Navy six yards to take the half mile final in 1:27 after having hit 1:26.5 in winning its heat.

But for the two days the flying Hoosiers had to take second places to N. Y. U. The Violets, who had won the sprint and distance medleys yesterday on brilliant anchoring performances by Leslie Mac-Mitchell, got a 4:09.4 mile from their 20 year old champion this afternoon and therewith won the four mile title in 17:29.8.

MacMitchell did his best to bring the New Yorkers that would have been an epic grand slam. In addition to his mile, the fastest ever run at Franklin field and one that won him a tremendous hand for the crowd of 30,000 as he made up a 30 yard deficit in the final lap and got 12 yards besides. Les ran anchor on the mile team.

For a lad who rarely has run the quarter, he acquitted himself handsomely with a 48.3 clocking. But Cochran, the Indiana anchor, had the lead as he took the baton at the gun and turned in a 48.1 quarter himself.

There was only one other meet record in a championship event. That went to Northeast High school of Philadelphia, which got a 1:58.5 anchor half from Captain Karl Gerth in winning the high school two mile in 8:18.9, two and eight tenths seconds under the former mark. Catholic U., of Washington, E. C., repeating in the Mason Dixon Conference mile, ran 3:28.2 to lower its own 3:28.3 set in the inaugural of this event a year ago.

champions, Adamson of Dallas and Jeff Davis of Houston.

There also is the chance that a "one-man team" will come through as did Leo Baldwin of Wichita Falls more than a decade and a half ago. For instance, there is H. B. Pendleton, Jr., the Woodsboro giant, who seems certain to capture the shot put and discus throw. He leads the state to date with 53 feet in the shot and 156 in the discus.

Wages Increased

PORT ARTHUR, April 26 (AP)—The Atlantic Refining company today announced a five per cent wage increase effective Sunday for 200 employes here.

Man Beaten In Queen Of Man Election

UNIVERSITY, Miss., April 26 (AP)—John T. Wilkinson of Memphis won't be Queen of the May at the University of Mississippi, but he threw the matter into a runoff

election between Brownie Burton of Canton who got 552 votes, and Evelyn Pevey of Jackson, who got 523 votes.

With tongue in cheek, the freshman law student entered the May queen contest and got 163 votes. The second primary is next Tuesday.

JOIN THE CLEAN-UP CAMPAIGN WITH PITTSBURGH PAINTS

Smooth As Glass

While you are cleaning up, why not finish the job right and give your home a new coat of paint, both inside and out. We carry in stock a complete line of Pittsburgh paint. Texas Teams Win Share Of Drake Events

By CHARLES W. DUNKLEY
DES MOINES, Ia., April 26 (AP)—Thrilling performances by Drake, Notre Dame, and Michigan relay teams, plus the brilliant individual effort of Ohio State's hurdling sensation, Robert Wright, turned track and field power back to the mid-west today in the finals of the Drake Relay Carnival after domination by southwestern athletes yesterday.

Drake captured the most sensational race of all in defeating Michigan by the thrust of a chest in the two-mile relay in 7:41.1, fastest ever run in this meet. Michigan won the four-mile relay in 17:37.

Athens Wait While Aussies Battle Nazis

(By The Associated Press)
ATHENS, April 26—German nazers and motorcycle troops, apparently seeking to conclude the 1941 campaign of Greece speedily by encircling Athens and seizing the isthmus to Peloponnesus, fought a grim Australian force tonight on the slopes of Mount Gheraneia, about 25 miles due west of this capital.

Soldiers returning from this front on the Gulf of Corinth, where the main body of the British Imperial Expedition was reported making its stand, said the German mechanical units were having difficulty in continuing their advance.

Athens itself waited, quietly.

For the first time, a semi-official announcement acknowledged that the fighting which still is going on is only a rear-guard action "whose aim is to gain time for the main (British) forces in Attica to slip away."

(Megara, which the Germans have been bombing as a British embarkation port, lies just east of Mount Gheraneia.)

The Greek announcement: "German forces which broke through the Thermopylae line continue their advance southeastward, not without difficulties in view of the resistance by the rear-guard of the British Imperial forces in successive localities. These troops are stopping to fight at important points

Wynne Subject Of Article In Western Livestock Journal

"Jesse S. Wynne, Colorful Figure of the Panhandle," is the title of an article in the March issue of the Western Livestock Journal in which Frank M. King details at some length the life history of one of the Panhandle's real pioneers.

An old-time cowhand, Mr. Wynne died last August, after a life spent in the frontier ranges of Texas and Oklahoma, some of it on ranges in Donley county. At one time he worked as a cowboy on the Quarter-Circle Heart ranch, headquarters of which were near Clarendon, then in later years he moved up into Carson county, where he was the first sheriff of the county. Mr. King's article traces the life of Wynne through a long period, from his birth in Rusk county. Much of the information used was obtained from Mrs. Iona Shawver of Oklahoma City, another old-time Donley county resident, and from an article which appeared in The News at the time of Mr. Wynne's death.

from time to time. As a result the fighting, the object of which is to delay, is considered successful. However, it must be pointed out that it is a question of delayed action of rearguards whose aim is to gain time for the main forces in Attica to slip away; that is to say, it is a struggle with a restricted time limit."

A newly patented method of synthesizing aviation gasoline from isobutane and butene eliminates steps required by prior processes.

What Now, Mr. Hays?

Paulette Goddard stuns natives with evening gown after Hays officiates movie cuties' nosing in sweaters.

TEXAS TEAMS

(Continued from Page 7)

while Notre Dame triumphed in the university one-mile in 3:15.9. Meanwhile, the University of Texas won the 440-yard relay and Rice Institute, Houston, walked off with the half-mile relay.

The performance of the great Drake two-mile quartet was the thrill for the crowd of 15,000 which filled the stadium this sunny afternoon and witnessed two more Drake Carnival records fall and another tied.

Rich hurdlers from Oklahoma A. & M. came through with a record of :59.9 in the 480-yard shuttle hurdle relay.

The former record for this comparatively new event was 1:00.1, made by the Kansas State Teachers college, Emporia, Kas., in 1938, and tied by the University of Texas last year. Howard Payne college, Brownwood, Texas, tied the Drake record of 3:18 for the one-mile college relay, group two—a classification which permits freshmen to compete on varsity teams.

Thus, in the two-day assault, one American record was smashed—the spring medley victory of the University of Texas yesterday—eight new carnival marks were written into the books and two others tied.

The victory of the Drake fliers was achieved by the fleetness of Harold Albee, Forrest Jamieson, Robert Barsalou, and Lowell Baal, who cut a full second off the two-mile meet record established by Louisiana State in 1934.

In the drive to the tape, Breidenbach of Michigan, in a desperate challenge, drew up almost even. Shoulder to shoulder Baal and the Michigan runner raced, with Baal

lunging into the tape no more than three inches in front.

Wright conquered the favored Pete Owens of Howard Payne college, in the 120-yard high hurdles after the Ohioan was at least a yard back of Owens, winner of the event in the Texas and Kansas relays, at the third hurdle. The time was :14.6.

Carleton Terry of the University of Texas got away to a tremendous start in the 100-yard dash and registered a two-yard triumph over Leo Tarrant, Alabama State, in :02.7. Gregory Rice, former Notre Dame distance star, won by a scant two feet from John Munski, formerly of the University of Missouri, in the special mile and a half invitation race. The time was 6:41.1, well back of Glenn Cunningham's 6:34 world mark.

Al Blozis, giant weight star from Georgetown University, who set a record in the discus throw yesterday, came back to win the shot put with a toss of 53 feet, 5 1/2 inches, which, however, failed to endanger the meet record of 55 feet, 1 1/2 inches, set by Jack Torrance, Louisiana State, in 1934.

The University of Texas' sprinters—Seay, Terry, Ramsdell, and Hill—easily won the 440-yard relay in :41.1, a tenth of a second back of their meet record established in the preliminaries, and six tenths of a second shy of the American mark.

The high jump record set by Harold Osborne of Illinois 22 years ago defied the efforts of Keith O'Rourke of Notre Dame and Don Boydston of Oklahoma A. & M., who tied at 6 feet, 4 1/2 inches, with Osborne watching their efforts.

Notre Dame captured the one-mile relay in 3:15.9, with Ohio State, Louisiana State, and Michigan following, in that order. But Michigan

was disqualified in favor of Missouri because Bob Ufer, Michigan anchor man, elbowed Louisiana's Oris Erwin on the back stretch when Erwin was challenging for the lead.

A fathom is six feet.

At the present, in some 907 training centers reaching into every state of the Union, 19,000 young Americans are being initiated into the third and final session of the 1940-41 CAA Civilian Pilot Training Program.

Consider This:

Whether you rent or buy, you will pay for a home. But when you BUY, it is YOU who will own the home—not the landlord.

Popular T. C. U. Seniors

Most popular members of the class of '41 at Texas Christian University are these three girls and three boys. They were named for the honor by their fellow seniors, Elizabeth Ann Fields, Paris; Betsy Williams, Fort Worth; Florie Buckingham, Sulphur Springs; Malven Stevenson, Sweetwater; Charlton McKinney, Sulphur Springs; Bill Crossfield, Longview.

Farmers Can Estimate Earnings Under 1941 AAA Farm Program

Since the 1941 parity payment rates have been definitely set, Gray county farmers can make a pretty close estimate as to the amount they can earn for full participation in the 1941 Triple A farm program, according to Minnie Olive Montgomery, secretary of the Gray County Agricultural Conservation Association. Parity payments based on normal yields on allotted acres will be 10 cents per bushel on wheat and \$1.38 cents per pound on cotton, the Triple A official said. Farmers who participated in the 1941 Triple A program and planted within their farm acreage allotments are eligible to receive payment at these rates.

In addition to parity payments, cooperating farmers will receive conservation payments based on the normal yield of the farm acreage allotments. As previously announced, conservation rates for 1941 are 137 cents per pound on cotton, 8 cents per bushel on wheat, and an average of 91 cents per acre on general soil-depleting crops for Gray county. All payments are subject to deductions if acreage allotments are over-planted.

Farmers, also, may earn payment under the agricultural conservation program for carrying out approved soil-building practices up to the minimum allowance available to the farm. In most cases, this information has been available to the farmer on his 1941 farm plan sheet.

Parity payments in Texas are made to producers of wheat and cotton to give them more nearly a fair share of the national income and to bring farm income and purchasing power nearer the 1910-14 level, the secretary explained. At that time, before the first World War, prices of agricultural and industrial products were in comparative balance.

Both conservation and parity payments help farmers to adjust production to meet all market needs and to farm in such a way as to maintain and build up the fertility of the soil, Miss Montgomery explained.

Six Local Federated Clubs Name Delegates To District Convention

Just Between Us Girls
By Johanna Davis
For Worry Take a Walk
The next time worry claims you, straighten up and take a walk. It's useless to keep brooding. And above all—do not talk. When once you're in the open fill your lungs brim full of air. Enjoy each breath and motion. Taken thus, with time to spare.

Exercise will harmonize all your thoughts, then you'll agree. That worry is expensive. And that happiness is free. Though great may seem your trouble, do not give up in despair. There's something which will help you—take a walk in God's fresh air.

PAMPA REPRESENTATIVES AT REBEKAH ASSOCIATION IN SHAMROCK RECEIVE AWARDS

Delegates from the local Rebekah lodge to the Panhandle Association of Odd Fellows and Rebekahs held in Shamrock, included Mrs. Roy Kretzmeier, Mrs. John A. Hall, Mrs. Ed Wylie, and Mrs. Emory Noblitt, left to right. Mrs. Kretzmeier, noble grand, received the past noble grand medal; Mrs. Hall, past noble grand, won the unwritten work medal; Mrs. Wylie, the chaplain's charge; and Mrs. Noblitt, a past noble grand, was selected as a judge. Mrs. D. M. Spector of

Program For Tuesday, Wednesday, Thursday At Amarillo Announced By Hostess Group; Pampans Will Assist

Representing the six local federated clubs at the Seventh District, Texas Federation of Women's clubs, convention in Amarillo Tuesday, Wednesday and Thursday will be Mrs. George Friauf, Twentieth Century Forum; Mrs. Garnet Reeves, Twentieth Century Culture; Mrs. J. B. Massa, Twentieth Century; Mrs. W. Purviance, El Progresso; Mrs. S. C. Evans, Varietas Study; and Mrs. L. J. McCarty, Civic Culture club.

In addition to the delegates and alternates, a large group of members from each club will attend the conference. Several of the members are to take part in the three-day program.

Rebekahs Win Three Medals For Charges Rendered At Shamrock

Members of Pampa Rebekah lodge won three of the four medals given for the best rendition of individual charges at the Panhandle Association of Odd Fellows and Rebekahs held in Shamrock recently.

Mrs. Roy Kretzmeier won the past grand medal; Mrs. John A. Hall, unwritten work medal; and Mrs. Ed Wylie, chaplain's medal.

Mrs. D. M. Spector of Borger presided at the meeting. In the business session, Carl Baer of Pampa was elected president; Mrs. Homer Cone of Pampa, chaplain; Fred Kufston of Wellington, first vice-president; and Mrs. Elta Schone of Canadian, second vice-president. The convention will be in Wellington next year.

Pampa Odd Fellows won first place in degree competition with Fred Paranto as captain.

Pampans To Attend Wedding In Amarillo

Mr. and Mrs. Foster Fletcher and daughter, Carolyn Ann, will go to Amarillo today to attend the wedding of Mrs. Fletcher's cousin, Miss Janie B. Rogers and George Gregg. The service is to be held in the First Baptist church there.

The bride party will include little Carolyn Ann who is to be the flower girl.

Miss Rogers, who taught the final term last year in the Skellytown schools, operates a women's dress shop in Canyon.

Another call is being made by the war production committee of the local Red Cross chapter for volunteer workers to assist in making more dresses, sweaters, and layettes so that the chapier can meet its quota. . . "know your neighbor" is the first part of a slogan of an up-and-coming Red Cross chapter in New Jersey. . . "Know your neighbor and you will know your nation." It was devised by a clever member in an effort to increase the number of Red Cross workers in her town. The originator looked it out herself in her own neighborhood. She went to see people who had been her neighbors for years, but whom she'd never known. . . In a very short time she had a new group started, and in a few weeks, 21 new groups were organized in the same way. . . There seems to be everything in the air, and nothing to lose in being neighborly at a time like this.

Miss Blackman To Be Orchis Sorority Hostess Thursday

Orchis sorority members met at the home of Miss Jackie Lovell Thursday evening after which they attended the theater.

Present were Misses Nona Lee Kirby, Dorothy White, Jackie Lovell, Edna Helen Blackman, Othella Derberry, Catherine Hudspeth, Laura Mae Dykes, Alice Marie McConnell, and a visitor, Miss Francis Fitzpatrick.

The next meeting of the group will be Thursday evening at 7:30 o'clock in the home of Miss Edna Helen Blackman, after which the girls will skate at the local rink.

Mrs. Izzard Guest Speaker At P-T-A Lunch And School

City Council of Parents and Teachers sponsored a luncheon and school of information in the red brick cafeteria Thursday when Mrs. Wes Izzard from Amarillo was guest speaker.

Mrs. Carl Boston, president of City Council, presided at a short business session. Mrs. W. L. Campbell led the group in singing "God Bless America," and James Boston led in the Pledge of Allegiance to the flag. A special number, "Evening Prayer," was sung by Mrs. Sam Cook, Mrs. Dan Leitch, and Mrs. Mary Denson, accompanied by Mrs. Claude Gallman at the piano.

Mrs. Izzard presided at the question box and asked "What is the work of the City Council?" She said that a city council is a place where units may come together for information, discussion of problems, consultation, and should be a clearing house for all the units. The public is always invited to attend its meetings, and the projects of the council should never overlap the projects of the locals.

Members Of Home League To Attend Rally At Lubbock

Mrs. Fern Hogset was hostess to members of the Ladies Home League at a weekly meeting in the Salvation Army hall.

The opening song by the group and prayer by Mrs. Della Southard were followed with a poem "Kindness," read by Mrs. Southard. Guest speaker was Major Pickering of Dallas. Captain and Mrs. Jack Smith sang a song, "If Jesus Comes With Me," with Mrs. Smith playing the accompaniment.

Gifts were exchanged by sunshine pals and names were revealed. All who are planning to attend the rally in Lubbock next Friday are asked to meet at the hall Wednesday afternoon at 2 o'clock when final arrangements for the trip will be made.

Calvary Baptist Circles To Meet For Study On Monday

A combined industrial meeting of all circles of Calvary Baptist Women's Missionary society was held at the church last week.

The afternoon was spent in working on the church kitchen.

Present were Mmes. L. C. Vanderburg, E. M. Dunsforth, Sam Riley, Claude Crane, C. A. Pixler, J. H. Scarberry, Gordon Smith, J. L. Pritchard, Buster Black, U. S. Sapp, Henry Lane, E. B. Brown, Bud Patton, E. M. McCormack, J. D. Hunt, Bill Clatterbaugh, Travis White, R. T. Parker, Vernon Ritter, B. F. Walker, L. L. Brewer, J. H. Tucker, Adelle Buzbee, John Boone, and Ellen Cook.

All three circles will meet at the church Monday afternoon at 2:30 o'clock for mission study.

Mrs. Kelley Speaks At Hopkins HD Club Meeting Recently

"In refinishing furniture, the beauty of the wood should be emphasized rather than hidden by the use of paints and varnishes," Mrs. Julia Kelley, county home demonstration agent, said at the meeting of Hopkins Home Demonstration club.

Mrs. Kelley continued by saying "After the old finish has been removed and the article is sanded and washed in turpentine, a heavy coat of boiled linseed oil should be applied, then placed in the sun all day to drive the oil into the wood. Then it should be rubbed with a cloth dipped in linseed oil and a little powdered pumice stone. This process should be repeated for three days, then a coating of good furniture wax is applied. This process brings out the grain of the wood and gives it a beautiful finish."

Mrs. Kelley demonstrated how old finish can be removed by using a commercial remover and then washing the surface with turpentine. The articles were sanded and the first coat of linseed oil applied.

The next meeting will be held in the home of Mrs. R. W. Orr, and the program will be on fancy work with Mrs. G. C. Bialock leader, and Mrs. F. M. Baker and Mrs. Huelyn Laycock assisting.

Mrs. Arney Named Honoree At Shower Given By Hostesses

Honoring Mrs. Bert Arney, a shower was given Thursday afternoon in the home of Mrs. W. W. Russell with Mrs. H. A. Layne as co-hostesses.

A pink and white color scheme was observed in the decorations and refreshments.

Several games were played and a reading was given by Mrs. Layne. At the conclusion of the poem, the "stork" knocked at the door and presented the honoree with a bundle of gifts.

Refreshments were served with tiny baby-buggy plate favors to Mrs. A. G. Keith, M. P. Atkinson, S. H. Stone, F. V. Cooksey, Clay Gambolin, Lee Mayo, Wade Thomas, V. N. Osborn, J. W. Hopkins, S. C. Hopkins, E. Randolph, L. R. Randolph, H. A. Layne, T. C. Carter, W. W. Russell, and Bert Arney. Sending gifts were Mmes. E. M. Stokes, Kit Autry, F. M. Merchant, Bill Board, Andrews, L. H. Ford, and Laverne Farless.

Catholic Youths Of Diocesan Council To Meet Here Soon

Members of the Catholic Youth association met at the parochial school last week for a regular meeting and brief social hour.

In the business session conducted by Miss Marguerite Jones, plans were made for the quarterly meeting of the Diocesan Council of Catholic Youths which will be held here on May 10 and 11.

Immediately after the business hour, refreshments were served to Marguerite Jones, Maxine French, Olivia Knight, Elmer D. Young, Bill Haley, Elizabeth Bednorz, Johnny Kivwell, Betty Schwind, Bernadine Whitting, Mary Kouch, Halle Mae Wade, Pauline Bednorz, Klairh Baker, Frances Fitzpatrick, and Dorothy Bednorz.

The next meeting of the association will be held Wednesday evening at 8 o'clock at the hall.

Interior Decoration Group Will Study Period Furniture

Period furniture will be the subject at the meeting of the interior decoration group of the American Association of University Women tomorrow evening at 7:30 o'clock in room 212 at the high school.

Mrs. R. H. Sanford, leader, asks that members bring any material they have in books or magazines on period furniture, also material on floor plans. For the final meeting of the year, the group will visit homes observing floor plans and interior decoration ideas.

Sweethearts Of Texas Club Meets In Member's Home

A weekly meeting of Sweethearts of Texas club was held in the home of Polly Moses.

The group planned a picnic for this afternoon at Lake McClelland when each is to ask one guest. They will meet at one o'clock at the home of Polly Moses.

Members attending were Mary Alice Board, Ruby Kyle, Ursula Jones, Mildred Kyle, Polly Moses, Maurine Riley, Kathleen Epps, Beatrice Hopkins, LeVonne Comstock, and Eula Bee Campbell. Sponsors are Mrs. W. H. Board, Mrs. H. C. Moses, and Mrs. J. A. Moses.

The next meeting will be held in the home of Mary Alice Board.

Banquet To Fete Oddfellows Team And Borger Lodge

Plans for a banquet to be given Tuesday evening at 8 o'clock in the I. O. O. F. hall for the winning Oddfellow lodge team were made at the weekly meeting of the Rebekah lodge in the hall. Members of the Borger lodge are to be guests.

During the business session, Elsie Come was reported ill.

Attending were Ellen Kretzmeier, Ethel Mae Clay, Valda Dickerson, Bobby Brummett, Edna Hewitt, Eva Howard, Vessel Castka, Fred Poronto, Elmer Rupp, Faira Beard, Lois King, Tressie Hall, Della Keys, Fredella Potter, Elsie Poronto, Cora Kolb, Mae Forsyth, John Hall, Ruby Wylie, Sannie Sullivan, Mae Phillips, Pearl Castka Dorothy Voytes, Edna Braly, Etta Crisler, J. W. Crisler, Cora Lee Baer, and Lilye Noblitt.

Amigo Club Has Bridge Party In Skellytown Home

SKELLYTOWN, April 26—Mrs. Ike Hughes entertained members of the Amigo club this week at her home in Skellytown.

A refreshment plate consisting of salad, sandwiches, nut cake, and lemonade were served to Mesdames Chester Strickland, Howard Patton, Bill Price, S. C. Dickey, Marshall Coulson, J. C. Jarvis, Bob Clements, Bill Harlan, Ray Hawkins, Melvin Campbell, Joe Miller, Carl Moran, and the hostess.

Mrs. Bill Harlan will entertain the club at the next meeting.

Central Baptist WMS To Meet In Circles Monday

Weekly meetings of six circles of Woman's Missionary Society of Central Baptist church will be held Monday afternoon at 2:30 o'clock.

Mrs. C. C. Jones is to be hostess to members of Vada Waldron circle, while members of Lydia circle are to meet in the home of Mrs. Joe Myers.

A program for Mary Martha circle will be presented in the home of Mrs. J. B. Davis and Lillie Hundley circle is to meet with Mrs. Bob Seeds.

A meeting of Lottie Moon circle will be held in the home of Mrs. Mark Gunnells and the meeting place for Annie Sallee circle will be announced later.

Joint Meeting Of First Baptist WMS Circles To Be Monday

A joint meeting of all circles of Woman's Missionary society of First Baptist church will be held at the church Monday afternoon at 3 o'clock when a general service program will be presented.

Personal service chairmen of all circles are to give reports and Mrs. E. M. Stokes, general chairman, will outline work for the next four months.

Special music is to be included on the program and a social hour will follow.

Eastern Stars To Honor Past Matrons And Patrons Friday

At the regular meeting of Order of Easter Star Friday evening at 8 o'clock in the Masonic hall, the annual program honoring past matrons and past patrons of the local chapter will be held.

Final plans will be made for a called meeting to be held on May 9 when a Mother's Day program will be presented with men of the Order in charge.

SPENCER TRACY AND MICKEY ROONEY
DUPLICATE SUCCESS OF "BOYS TOWN"

Warner Baxter and Ingrid Bergman Head Cast Of Columbia's Fine Drama, "Adam Had Four Sons"; Dietrich Starred In Universal's "The Flame of New Orleans," Rene Clair Picture

By BROWNWOOD EMERSON

Salient for the week: "Men of Boys Town," Spencer Tracy and Mickey Rooney, Babs Watson, Larry Nunn, Metro, 106 minutes. Sequel to "Boys Town," dramatic, sentimental, expertly acted, considerable action. Well-rounded piece of screen merchandise. LaNora, today through Wednesday.

"Adam Had Four Sons," Warner Baxter, Ingrid Bergman, Susan Hayward, 81 minutes, Columbia. A decade in the life of an American family. Box office rating near par. Cast able but Baxter and Bergman best in marquee value. LaNora, Wednesday and Thursday.

"Flame of New Orleans," first American pic for Rene Clair, director of "The Ghost Goes West." The photoplay comes to Pampa just one week from the national release date.

Starring Marlene Dietrich in her first picture with either Bruce Cabot or Roland Young. First major picture with Louisiana as a background for comedy. Plot deals with an adventure in New Orleans in the 1840s. A Universal picture, produced by Joe Pasternak, written by Norman Krassna, on the LaNora screen Friday and Saturday.

Cowboy Reporter

They have a tough job these days getting a new angle on the sagebrush sagas. Now that guitars have become standard equipment for the knights of the range, it's a wise cowhand that knows his yodeling.

Latest device is to rig out Roy Rogers as a reporter. This happens in Republic's 58-minute western, "In Old Cheyenne," on the Rex screen Friday and Saturday.

Roy is a New York newspaperman who hies out to Wyoming to get at the bottom of a war between ranchers and Cheyenne townsmen.

Gabby Hayes and his followers appear to be the villains as the story opens—but the reverse is true, in case you didn't guess.

Movies Anniversary

Last Tuesday, April 23, was the 45th anniversary of the first American motion picture to be projected on a theater screen for the general public. It was shown at Koster and Bial's Music hall on W. 34th street, New York, where Macy's store now stands.

As No. 8 on the vaudeville program that night a group of one and two-minute films was shown through the medium of Thomas A. Edison's "latest marvel," the Vitascopes. Millions of miles of celluloid have flowed past since then, and gallons of printer's ink have been spent in praise or criticism of "the liveliest art of the 20th century."

On April 23, 1941, the Museum

of Modern Art Film library and H. W. Wilson company jointly published a 780-page bibliography of the motion picture, the first volume of "The Film Index," entitled "The Film As Art."

Sponsored by New York city's mayor, Fiorello H. LaGuardia, "The Film Index" has been compiled under the editorship of Harold Leonard by a staff selected from the writers' program of the Work Projects administration in the city of New York. Much of the research was done in the film library itself which has the largest collection in the world of books, manuscripts, stills, documents and memorabilia relating to motion pictures in this country and abroad.

Miami Juniors Attend Revival

MIAMI, April 26—Thursday evening members of the junior class of Miami High school attended the church services at the revival meeting in a body accompanied by their sponsor, Sloan Baker. They then gathered at the home of Mr. and Mrs. Baker for a class party. A large group was present and enjoyed an evening spent in games. Generous refreshments were served by the hostess, Billy Joe Tolbert is president of the junior class.

DRAMA

Warner Baxter, above, gives a splendid interpretation as the widowed father of four sons, in Columbia's 81-minute screen drama, "Adam Had Four Sons." Story spans a decade in the life of Adam Stoddard and family. Pay Wray, the mother dies not long after Ingrid Bergman comes to them as a governess. Susan Hayward enters the picture as wife of Johnny Downs, one of the sons. All of the boys are in the army. With the end of the war comes the denouement of Miss Hayward's infidelities and tragedy ensues, but Baxter finally realizes Miss Bergman's worth, and things are straightened out. Thursday at the LaNora.

Since the United States patent office began functioning 150 years ago, some 20,000 patents have been granted to women.

ACADEMY WINNERS IN NEW 'BOYS TOWN'

The unforgettable performances given by Spencer Tracy and Mickey Rooney in "Boys Town" not only won them an Academy Award, but the plaudits of movie-goers throughout the world. Now the distinguished co-stars are to be seen again in a sequel to the earlier hit, "Men of Boys Town," which brings you new dramatic and heart-stirring episodes in the lives of Father Flanagan, founder of the famous home, and of the boys who come there homeless and defeated, to be given a fresh start and a more helpful slant on life. Both Tracy and Rooney repeat their characterizations of "Boys Town." Tracy as

Father Flanagan, and Rooney as Whitey Marsh, the young mayor of the community. The new picture opens today at the LaNora theatre.

STARRED IN CROWN FILM

Ann Dvorak, above, is one of the principals in "Girls of the Road," picture opening a three-day run today at the Crown. Helen Mack and Lola Lane have the other chief parts in the cast.

DETECTIVE NOLAN

Reversing his usual role, "Gangster Lloyd Nolan" is on the side of the law in 20th-Fox's "Sleepers West." It's a 74-minute melodrama, with Nolan as a private Sherlock taking Mary Beth Hughes back to San Francisco to appear as a witness for a man framed on a murder charge. There is a train wreck, a considerable amount of skullduggery and action before Nolan accomplishes his job. Above are shown Lynn Bari, left, reporter, Nolan, and Miss Hughes, principals in the pic on the Rex screen Wednesday and Thursday.

BACKING-BUSINESS STORY

A typical Gene Autry vehicle is Republic's "Ride, Tenderfoot, Ride," with the beefsteak on the hoof business taken away from the wide open spaces into two rival packing companies as the theme. Gene, with Mary Lee, above, Smiley Burnette, and June Storey, head the cast. At the State Friday and Saturday.

THIS WEEK IN PAMPA THEATERS

LA NORA
Today through Wednesday: "Men of Boys Town," with Spencer Tracy and Mickey Rooney.
Thursday: "Adam Had Four Sons," with Warner Baxter and Ingrid Bergman.
Friday and Saturday: "Flame of New Orleans," with Marlene Dietrich.

REX
Today, tomorrow, and Tuesday: "The Round-Up," with Richard Dix, Patricia Morison.
Wednesday and Thursday: "Sleepers West," with Lynn Bari and Lloyd Nolan.
Friday and Saturday: "In Old Cheyenne," with Roy Rogers.

STATE
Today and tomorrow: "This Thing Called Love," with Rosalind Russell and Melvyn Douglas.
Tuesday: "The Mummy's Hand," Anne Nagel, Dick Fowan.
Wednesday and Thursday: "South of Pago Pago," Jon Hall and Victor McLaglen.

Wednesday and Thursday: "Five Little Peppers at Home," with Edith Fellows.
Friday and Saturday: "Tumble Down Ranch," with The Range Busters, Ray Corrigan, Max Terhune, John King.

Miami Seniors Leave On Trip To Carlsbad

MIAMI, April 26 — Twenty-five seniors from Miami High school left Saturday morning on their annual trip through Carlsbad Caverns. This includes all of the class except one girl who has the measles and could not go. They will make the three-day trip conveyed in one large bus from a Pampa bus line.

Accompanying the seniors are Coach Garrison Rush, senior sponsor, Mrs. H. A. Talley and Mrs. W. L. Russell, class mothers, Miss Clara Phillips, English teacher, Miss Sarah Trullit, a former sponsor of the class, went with them as far as Lubbock where she took a bus to Odessa where she accepted a position in the English department.

CONVINCING WESTERN

A new angle in westerns is seen in Paramount's 50-minute picture, "The Round-Up," current at the Rex. In the usual prairie pic, characters are artificial. In this photoplay, Lesley Selander handles the cast members as human beings and this aids in making the story convincing.

Richard Dix is the strong, silent and substantial rancher in love with his young wife, Patricia Morison, shown above with Preston Foster, the ne'er-do-well who all but succeeds in breaking up the Dix menage. Story is far more plausible than the average western.

WD Teacher To Head Schools At Texline

Special To The NEWS
WHITE DEER, April 26—Mauree R. Carlson, head of the mathematics department in White Deer High school for the past three years, has accepted the superintendency of the Texline High school.

He succeeds E. C. Cleavinger, who was also his predecessor in the mathematics department here, who will go to Vega as superintendent. In addition to teaching mathematics, Mr. Carlson has served one year as business manager of the athletic department, two years as assistant instructor in physical education, and is now acting as director of vocational guidance. He has also been a Boy Scout committee member for three years. He received his M. A. degree from Colorado State College of Education at Greeley, and is a member of Lambda Sigma Tau, national honorary society in mathematics and science.

300 See Play At Skellytown School

Special To The NEWS
SKELLYTOWN, April 26—A play, "Rip Van Winkle," was presented Wednesday evening to about 300 people at the Skellytown school auditorium by pupils of the school.

The following cast and their parts in the play were: Rip Van Winkle, George Dickey; Dame Van Winkle, Erma Lee Morris; Judith, Wilma Jean Adams; Young Rip, Ralph Murray; Judith, Norma Jean Davidson; Young Rip, Ray Bartz; Hendrick Hudson, Buddy Biggers; Derrick Van Bummel, Ray Pauley; Nicholas Vedder, Merten Whaley; Wolf, Donald Slavens; villagers and gnomes, members of the chorus and music classes, composed the cast. The play, written by Fayster and Grant-Schafer, was presented through the permission of the publishers, Raymond A. Hoffman company, Chicago. At one time, miners and prospectors paid \$100 to have a ton of ore samples analyzed; now they get it done for \$2.50.

Miami Band Wins Marching Contest At Hansford Fete

MIAMI, April 26 — The Miami High school band won first place in the marching contest at the Hansford county celebration held at Spearman Friday. They competed with 12 bands in the class B division. LeFors was second and Elkhart third.

The Miami band has been winning in every contest they have entered this year. In the district contests in Amarillo they won three places of honor, two of them first ratings, and each of the seven individual entrants from the band were given first or second rating.

In each of the other contests they have entered they have been among the top three in every case. Hugh Harman is director of the Miami band.

First National Monument
First United States national monument was Devil's Tower, an exposed volcanic cone in north-eastern Wyoming, which was set apart in 1906.

Juneau, Alaska, has an average of only one sub-zero day a year.

WHAT MORE COULD ANYONE ASK FOR!

Published every evening, except Saturday, and Sunday morning by the Pampa News, 122 West Foster Avenue, Pampa, Texas. Phone 444—All departments.

MEMBER OF THE ASSOCIATED PRESS (Full Lease wire). The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited to this paper and also the regular news published herein.

Subscription Rates: BY CARRIER in Pampa, 25c per week, \$6 per month. Paid in advance. \$1.50 per three months, \$5.00 per six months.

An independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in the editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

Real Cooperation Begins

Everywhere you look today you see signs that people are beginning to take the defense emergency seriously. It's about time, too. The entire motor industry has willingly accepted an initial 20 per cent reduction in production of motor vehicles for the model year which begins Aug. 1, and is either reducing or eliminating model changes entirely.

Civilian Defense Organized

There are many phases of all-out defense beyond the purely military steps needed. Today's wars are wars against civilian as well as soldier, and the civilian must be no less prepared.

Behind The News

WASHINGTON, April 26—With more than 400 congressmen in the house of representatives, time is the essence thereof and there simply aren't enough minutes to grant all the good souls the right of unlimited speech making.

Common Ground

This column contends there can be no satisfactory progress until we measure the share of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

Enough Rope

The news report that related the death of Sir Josiah Stamp, his wife, son and daughter, in London by bombing, shows that modern war is no respecter of persons.

The Looking Glass

TEX'S TOPICS By Tex DeWeese

IT is gruesome to see human beings in gas masks which make them look like an insane cubist's conception of a Martian. It is even more gruesome to see a baby bottled up in a container that makes it look like a biological specimen in a laboratory.

It is a terrible thing that babies should be forced to live thus, the very breath of life pumped to them through a strainer—babies whose nature inherents should be air and sunshine and the good food that will build them into sturdy men and women.

NO good clean air would be available all in that world, only the foul and pestiferous air of state-taught racial hatred. No sunshine of liberty would filter in to it in an atmosphere murky with tyranny and regimentation.

William McChesney Martin, president of the New York Stock Exchange, took a salary cut of \$375 a month when he went into the army. That's the difference between his Wall Street salary and the \$21 a month he will draw as a recruit.

But it is not greater sacrifice, perhaps it is not as great as the sacrifice which many other men are making who never drew down in a year the salary which Martin drew every month. Sacrifice is not measured in terms of money, and many others are giving up quite as much in terms of their dependents, their careers, and their lives as Martin.

So they say Five hundred people to see one tank! I just wish there had been 500 tanks, and only one person to look at them!

The only known description I ask is to be known as an Englishman. The only work I ask is to serve England.

A trained man is certainly more important than a new machine. Machines can be created by trained men and only by them, but they become obsolete, whereas engineers continue their creative ability.

We cannot defend democracy unless we extend and preserve democracy at home. We can do this only if we practice democracy daily.

The War Today

There is much to indicate that incessant British bombing of the two German battle cruisers in a French harbor has knocked one or both out as factors in the battle of the Atlantic, at least temporarily.

No other theory is adequate to explain their long stay at Brest enduring almost nightly visits by British bombers. It is possible mechanical break-downs, often an affliction of new ships, drove them to shelter, or that they sustained damage in some unreported sea action.

They are virtually irreplaceable by Germany because of their speed, range of action, gunpowder and most of all considerable armor. Those characteristics make them a deadlier menace than Nazi "pocket" battleships or heavy cruisers.

If the London admiralty knew positively that it would not have to reckon with them for months, its fleet dispositions in the Atlantic, even its convoy routes, could be simplified.

Yet British experience in this war has shown that it would not be a simple matter to destroy them. The evidence that Nazi bombing of British armored ships has been limited in effectiveness.

Ability of modern battleships or even modernized older ships of the line to withstand air bombs and torpedoes is a lesson of this war. If given heavy deck armor to protect its vitals from overhead bombardment, the battleship has the best of the sea-versus-air power struggle.

The two Nazi battleships, presumably less heavily protected on decks and sides than battleships, (for that is the chief distinguishing characteristic between them) have come through a dozen British bombings without vital injury. It is only added evidence of relative battleship invulnerability to air attack. That they escaped direct hits in so many British tries is not reasonably possible.

Yesteryear In The News

Ten Years Ago Today About 100 men and women of the Palo Duro Baptist association were expected to be in Pampa for a workers' meeting.

Denver railway officials were to discuss with the transportation committee of the Pampa Board of City Development the best means of entering into a meeting with the proposed line of the Fort Worth and Denver City railway.

GM Strike Called Off

WASHINGTON, April 26—The threat of an immediate strike in 61 General Motors plants was removed today after the defense mediation board stepped into the situation with a request that production be kept going during negotiations.

The CIO United Automobile Workers, in reply, said that strike action would be "deferred for a reasonable period." On its part, the company promised to make any agreement arrived at with the union retroactive to Monday, April 28.

The board set a hearing on the dispute for Friday, May 2. Encouraged by the response, the board then asked James F. Dewey, federal labor conciliator, to continue efforts to obtain "at least a narrowing of the issues" before the hearing date. Dewey, representing the labor department, has been at Detroit through much of the negotiations between the company and union.

At the same time, the white house announced that President Roosevelt had cancelled plans for a trip to Warm Springs, Ga., because of the shut down in soft coal mining. A panel of the board was at work trying to bring the dispute to an end. While coal shortages threatened to curtail steel production, close a number of plants and prevent full operation of the railroads.

Meanwhile, at the capitol, Senator Norris (Ind.-Neb.), one of organized labor's most steadfast supporters, suggested that the administration introduce legislation empowering the President to take over the mines or other strike-bound industries. Such a move would have a "good psychological effect," he said.

The threatened General Motors strike was certified to the mediation board last night soon after an announcement by the United Automobile Workers (CIO) that local unions in 61 of the company's 61 plants had voted for a walkout. General Motors employs some 160,000 workers and has about \$700,000,000 worth of defense contracts.

Union officials said that if the strike actually developed, men engaged in defense production would not be affected.

NYA Program Explained To Advisory Board

The first meeting of the Gray County Advisory Board for coordinating between Gray county residents and the National Youth administration, was held recently at the Pampa Chamber of Commerce office with four members present.

Members present were Archer Fullingim, C. N. Gunn, Frank Monroe and Jimmie Dodge. Representing the National Youth administration were Harold V. Hamilton, area director; Frank G. Harrison, Richard F. Cooke and Frances Hemphill.

Mr. Hamilton, in explaining the duties of the advisory board, discussed the set-up of the National Youth administration's program, explaining that it is not necessarily a relief agency, but that its primary aim was to give actual work experience to youth. He mentioned the different types of NYA projects that are considered a part of the national defense program.

He explained the health program which includes examinations and corrective treatment, along with dental care. He said any youth assigned to a NYA project was eligible for examinations.

Mr. Hamilton also explained the sponsor of the project furnished materials and that the NYA was not anxious to undertake programs wherein unproductive work was undertaken.

After Mr. Hamilton's outline, attention was given to the immediate possibilities of opening a project in Pampa. It was decided that a trip should be taken by members of the advisory board in order that they may become better acquainted with various types of projects. Mr. Hamilton gave a description of the Children's girls' project, relating that 38 per cent of the girls, assigned since July 1, 1940, had either married or secured private employment.

Low-Priced Buick Proving Popular

Designed as an addition to the lowest priced group of Buick cars, the new 1941 series 40 models will extend this manufacturer's price coverage to lower levels and will meet a demand for a compact, high performance automobile of the manufacturing standards specified for other Buick lines, according to Hugh Johnson, manager of the Tex Evans Buick Co.

The four new models are built on a shortened Buick chassis having 118-inch wheelbase and include a six passenger, four door sedan, six passenger sport coupe with full rear seat, three passenger business coupe, and six passenger convertible coupe with automatic top.

The new cars compare in design with the present Series 50 Buicks and exceed them in performance and economy, according to the announcement. Delivered prices at the factory in Flint range from \$215 to \$1138, representing reductions from \$20 to \$31 under corresponding models of the 121-inch Series 40 models, and \$129 under the 121-inch wheelbase Series 50 convertible coupe, the next largest convertible in the Buick line.

With the exception of the three-inch reduction in wheelbase, they have identical chassis units with the 121-inch wheelbase Series 40 cars, with radiators, hood, and sheet metal the same as in the larger series and body trim, interior equipment and appointments identical within the limits of the new body styles.

Such standard Buick features as for-n-aft direction signals, actuated by a lever on the steering wheel post, remote control gear shifting, courtesy lights operated by door jam switches, concealed running boards, ash trays, assist cords and other interior conveniences are standard equipment on the new cars.

Upholstery materials of the same specifications as the larger series 40 cars will be used. Similarly the same paint combinations are specified.

The new cars are powered by Buick's valve-in-head straight eight "fireball" engine developing 115 horsepower at 3500 r.p.m., with optional compound carburetion raising horsepower to 125 at 3600 r.p.m. This is the same engine used in the Series 40 and Series 50 Buick cars and with a higher weight ratio in the new models delivered slightly improved performance and economy.

Judge Stevens To Be Speaker Before Townsend Club

Judge W. W. Stevens of Austin will speak in Pampa Monday night under the sponsorship of the Townsend club. An added attraction will be a musical program by Mrs. Stevens and Miss Verna "Tootie" Stevens, talented entertainers.

The meeting will be held in the county courtroom at 8 o'clock and will be open to the public at no cost. Judge Stevens will speak on the cause and cure of America's greatest problems, unemployment and poverty. He is a national representative of the Townsend recovery plan.

This figure was taken from 204 girl employees and the exact figures are 18 per cent married and 20 per cent securing private employment. The average, Hamilton said, had finished the eighth grade in high school with the range running from girls who had never attended school to those who had finished one year of college.

An average of NYA youths on Panhandle projects are Childrens, 250; Wellington, 140; Canyon, 80; Amarillo, 115.

The board went on record as wanting a long-term program. It was stressed by the board that Pampa and Gray county had nothing to offer its youth during summer months or when they graduated from high school.

The board believed it possible that the city and county could contribute to the sponsorship of a NYA program.

Christopher Willibald von Gluck, a composer who lived between 1714 and 1787, often is called the "father of modern opera."

HERE IS CHEVROLET'S NEW LUXURY AUTOMOBILE

Modern streamline contours characterize the landau-type body of this newest and most

luxurious Chevrolet—the Six-passenger Sedan with new Fleet-line Body by Fisher—now on display. The quality of its upholstery

and trim, and the richness of its interior appointments, make it the most luxurious car ever built by Chevrolet.

KPDN

Radio Chat

By BILL BROWNE

Are you a tired business man? Do you need exercise? And do you have a favorite sport and no one to play it with?

This is not one of those screw commercials the announcers have been reading on the Staff Frolic each Saturday afternoon (3 to 3:45 p. m.)

This is simply an introduction to an explanation of a movement your correspondent is trying to start with his "Sports Picture," which he spends the other six days each week spelling over the air at 6:45 each evening.

Here's the idea. If you are, for instance, a badminton fan but have no feathered ball nor long-handled racket nor net nor nothing, and have no one to play badminton with—then drop a card to "The Sports Picture," KPDN. Then, maybe, if some other similarly stymied badminton enthusiast sends in his name and address, too, you'll be introduced to a kindred spirit.

And if several fellows are in your boat, you can organize, get yourselves a badminton set and start playing your favorite game this spring.

Now go back and cross out badminton, insert the name of your favorite sport, whether it be table tennis, jiu jitsu, weight lifting or soap bubble blowing, and see how the idea looks.

"The Sports Picture" wants the names of instructors in all kinds of sports. And that goes for potential instructors, too.

Anybody who likes to hear the tinkle of coins will enjoy the new wrinkle in the Man About Town program at 11:45 every morning over KPDN. The new wrinkle is this tinkle. Each time that an interviewee wins by answering a question correctly is dropped noisily into a tin cup for the benefit of the radio audience.

You listeners to the Bit-O-Honey Contest program at 12:15 each week-day will have to hurry and send in your lists of words composed of letters in "Bit-O-Honey" right away, because the contest will be continued only four more days. The winner wins candy.

MUSING ON MUSIC! By RAY MONDAY Three ace dance bands are soon to be added to KPDN's already extensive dance library. Woody Herman, who now ranks as one of the nation's leading orchestra leaders, will be featured in the hit tunes, "Fur Trapper's Ball," "Hurricane Back To Sorrento," "Everything Happens To Me," Woody's new theme, "Blue Flame," and several other blues which we think are among the brightest of the new crop of BMI hits.

Young and personable Ted Steele is one of radio's busiest men. Musician, singer, and actor, Ted has recently undertaken another activity—that of forming a big, new orchestra. KPDN will soon present the music of that orchestra, transcribed for the first time. Among the eight tunes he will feature are: "I Bring You Music," his theme melody; "My Love," and "Intermezzo."

Frankie Masters and his popular young orchestra, currently starring at New York's Hotel Tull, add eight more tunes to our library of master's music. They will include: "Two Hearts That Pass In The Night," "Number Ten Lullaby Lane," "Yours," and Frankie's own African double-talk song, "Zumbi." Masterful music, all of it.

Church Of Brethren Will Have All-Day Meeting Today An all-day meeting will be held at the Church of the Brethren today with R. E. Mohler, assistant president of McPherson college at McPherson, Kansas, as guest speaker. A basket dinner will be served at the noon hour.

During the day Mr. Mohler will speak on the following subjects: "The Need for Great Certainties" at 11 o'clock; "The Church and the National Defense" at 2:30 o'clock; and "Getting Along with Our Fellow Men" at 8 o'clock.

Prarie Sponges The prairies of the midwestern states have large reefs formed by sponges, proving that the land was covered by a great sea, millions of years ago. America's feminine clothing industry is conservatively valued at \$3,500,000,000.

EVANGELIST

The Rev. Thomas Hayes, above, of Colorado Springs, Colorado, will begin a revival meeting at the Church of the Nazarene, 823 West Francis avenue, Tuesday night. Rev. Hayes is a nationally known evangelist and is known throughout the denomination as "Cyclone Hayes." Services will be held each morning except Saturday at 10 o'clock and the evening services are to begin at 7:45 o'clock. The Rev. E. F. Robinson is pastor.

Annual Dumas Rodeo To Be Held May 30-31

Special To The NEWS DUMAS, April 26—A corral clinic with cowboys for genuine pigs is being planned for the Dumas Rodeo and Old Settlers reunion to be held here May 30 and 31.

Has the automobile and pickup made the modern Texas cowboy soft? Can he still show uncanny and deadly marksmanship with a lariat? Can he hurl his "Old Faithful" from the chute and across the turf fast enough to overtake a flying Brahma calf and can he subdue and tie that bundle of dynamite in anything, like record time?

Answers to the foregoing questions will be forthcoming when bonafide working cowhands of this section compete for a beautifully hand-tooled saddle in a calf roping contest.

No movie cowboys, professional rodeo hands or out of state slickers can enter this particular event although the rest of the rodeo is open amateur.

Mouth watering and muttering, cowpokes of Moore county are bound that no "furriner" is going to capture the saddle. So great is their determination that they have built for themselves, a temporary chute and are spending their spare time pounding saddle leather in practice.

The calf roping stunt is only one of a two-day series of bewildering explosions that will feature the seventh annual presentation of the Dumas Rodeo and Old Settlers reunion to be held here.

Tradition says it was an apple, but the Bible does not mention the forbidden fruit eaten in the garden of Eden.

Pontiac To Train Auto Mechanics

Because the automobile industry soon will feel the full effects of national conscription upon its sales and service staffs in dealerships, Pontiac Motor division will establish schools for the training of mechanics and salesmen, D. U. Bathrick, general salesmanager, announced today.

Addressing a meeting of managers and dealers from the division's 24 national zones, Bathrick said: "Looking ahead for the next year or two will witness a growing withdrawal of your younger employes into the armed services. Because this comes at a time when sales and service staffs are strained to the utmost by consumers demands we have decided to set up schools to train replacements for you."

"We expect to have mechanic schools soon in operation in the zones timed to become most effective as conscription goes into high gear this late spring and early summer. These schools will draw upon youths with special mechanical aptitudes who are not of draft age or exempt because of dependents. Those prospective mechanics, when trained by you, should be of increasing value to you as dealers and to the national defense effort when needed."

Salesman's schools will follow on Pontiac's program, Bathrick said. He advised all dealers to take advantage of present business opportunities to enlarge and elaborate on their physical plants.

Dealers present from as widely separated points as Rhode Island, Washington, Georgia and Minnesota, California and Texas testified to the business impetus defense spending and increased farm income and wages being felt in their localities.

Rev. Greer Returns From Conference At Big Springs Church

The Rev. Bruce Greer has returned from Big Springs where he attended the district conference of the Assembly of God churches.

The pastor will speak at both morning and evening services today at the Assembly of God, 500 South Ogden street.

The subject for the morning is to be "Fiddling While Rome Burns." According to the historical adage, Nero fiddled while Rome burned but today the Christians in general are fiddling around while the world is being burned up by aggression. Rev. Greer pointed out.

In announcing his evening subject, "The Universal Lie," Rev. Greer stated that the universal thought of mankind is that he must offer something to God to appease his wrath, either moral deeds or man-made sacrifices, but the truth is man must accept the sacrifice made by Jesus Christ on Calvary.

The public is invited to attend these services.

Land snakes seldom bite under water but, the cotton-mouth moccasin snake can and does.

To the Victor

The spoils in this case meant a picture of Hitler, taken by this British soldier in the raid on the German-held Lofoten Islands, off northern Norway.

Corpus Christi Building Permits Exceed Million

(By The Associated Press) Building permits in Corpus Christi broke loose again last week to crash into the "big city" class and outrank all Texas cities in building permits.

The coast city had a week's total of \$1,047,745, which sent the year's total to \$5,588,655, to hold second place for the year behind Houston. A 400-unit defense housing project at Corpus Christi accounted for \$984,900 of the total.

Houston was second for the week with \$342,590. Houston's total for the year passed the seven million mark.

	Week	Year
Corpus Christi	\$1,047,745	\$5,588,655
Houston	342,590	7,023,652
Dallas	164,161	2,763,073
Lubbock	110,969	1,183,937
Austin	105,824	1,939,028
San Antonio	60,406	1,949,421
Amarillo	59,200	832,415
Wichita Falls	50,275	462,931
Galveston	30,386	1,110,005
Pampa	22,950	106,605
Waco	19,060	1,815,403
Port Arthur	9,844	289,658
Midland	7,065	120,970

Buick SPECIAL 6-passenger Sedan, \$1006, white sidewall tires extra.*

1941 PLATFORM More Dimes per Dollar

It certainly would be a grand thing these days if you could count on every dollar doing its share as completely as the dollars that buy gasoline for the trim new 1941 Buick.

For in any of these magnificent cars you can have Compound Carburetion, which adds as much as an extra ten or fifteen cents to the buying power of each gasoline dollar.

It works like this: With FIREBALL design and Compound Carburetion, the same-size Buick engines now give from 18 to 24 more horsepower than last year.

We expend that horsepower through rear-axle gears that travel your farther for each revolution of the engine.

At the same time, the rate of fuel fed to your engine according to need—in light loads only one carburetor functions, when plenty-power is wanted the other also comes in.

Thus, all the time, your engine is operating on the most efficient fuel supply for the job in hand, while your speeding rear wheels are stretching the miles out behind you.

So if you'd like an extra dime or more from each gasoline dollar, why not ask a Buick dealer how Buick does it?

Optional equipment on the Buick SPECIAL, standard on all other Series.

Gotham Capitalist, Philanthropist Dies

LAKE WALES, Fla., April 26 (AP)—August Heckscher, 92-year-old New York capitalist and philanthropist, died at his Mountain home here today after a long illness.

Gray Hills Golf Course Now Open

The Gray Hills Golf course, located three miles west of LeFors and south of the Phillips Big Gray Gasoline plant, is now open for the 1941 season according to Will Fogleman, concessionaire.

SERIAL STORY

LOVE POWER

BY OREN ARNOLD

COPYRIGHT 1941, NEA SERVICE, INC.

YESTERDAY, Leana's letter is an appeal to Bob Hale for love. He is disturbed, tries to dictate an answer, finally tells Carolyn to write the letter. She is forced to write a love letter for him to another girl. When she has finished, Hale mistakes her motion for sympathy, decides he knows nothing about women.

CAROLYN FALLS IN LOVE

CHAPTER XI
CAROLYN did not see Bob Hale again before he took the west-bound plane. Moreover, she did not accomplish much more at the office that day.

Hardest task she had ever been given was to type Bob's dictated note to Leana Sorni. She considered it tearfully, angrily, dutifully, for more than an hour, re-reading her notes dozens of times and reflecting on his instructions to phrase it as she thought best. The ultimate result was rather brief and, doubtless, unsatisfactory, at least to Leana.

Then without ceremony Carolyn went home. She told herself she would never come back. On the bus, she didn't care if the Schoenfeld Laboratory was moved to Kamchatka or Tibet. She didn't want to have anything more to do with it. She wished she had never heard of X-999. She wished Leana Sorni's too, too perfectly groomed flaxen hair had car grease smeared on it—No, she didn't either, she just wished that—that—oh, darn!

The mood lasted until she had almost reached the bus stop nearest her home, and then she knew she would go back to the Schoenfeld Laboratory and do everything she could to help Bob Hale.

"I am being a fool," she informed herself, with some degree of accuracy. "I was hired to be a secretary. Nothing unreasonable has been asked of me. I am earning twice what I earned at the bank, and my boss is—is—"

She choked up on that. She was glad the bus stopped there, lest she make a scene of herself before other passengers. It made her mad, the way she "acted up" lately, the way her feelings behaved. Nothing of the sort had ever happened in her old secretarial job at the bank.

By the time she had reached home she had come characteris-

tically to the point of saying facts are facts and the only thing to do is face them.

"Mother," she told that beloved person in sudden confidence. "I love a man."

MRS. TYLER was a tactful woman. She did not gushing. "If you love him, honey, I am glad. Dr. Hale has a good reputation." "I didn't say it was Dr. Hale!" "You didn't have to, dear. I have lived, myself. And watched." "Mother, I love him until I'm about crazy! You won't understand that, but—"

"I understand that, too." "But it's hell, mother!" "Darling!" "I am not swearing. I mean it. I'm not going to cry—that's already over. Mother, he doesn't love me."

Mrs. Tyler contemplated that briefly. "In my day, if I loved such a man, I would make him love me! Girls have ways of—"

"That's just the point. The hell part. Mother, he has tied my hands. I am his confidential secretary. He pays me \$300 a month—imagine! And today he dictated a love letter, told me he loved somebody else, and actually asked me to help him win that other girl!"

Mrs. Taylor remained calm. But her brow furrowed and she eventually spoke again. "I see now what you meant, dear. It was barely a murmur, but filled with sympathy. In the final analysis one will sacrifice anything—anything!—to insure the happiness of a person loved."

ON the surface, at least, Miss Carolyn Tyler, secretary, was efficiency itself when she returned next morning to the laboratory. Actually her work for this day and all the week was routine typing and filing. She had Bob's long-neglected records to copy. She saw Leana Sorni only at a distance. She answered telephone calls, steered personal callers away, thought every minute of what course she would take when Bob returned.

Six days after he left, Bob telephoned. It was late afternoon.

"Carolyn!" he cried exultantly, over long distance. "I have found just the spot. I've already started work on it. Have you been all right? I wish I had brought you with me to help with the— See here, Carolyn, I have changed my mind about handling the substance myself. After Leana's letter, I

realized that she is just as capable as I am, so will you please tell her to take charge and ship the substance by train. Her ideas will be as good as mine, or better."

"Yes, Dr. Hale."

His speech had been oddly mixed up, Carolyn knew. And why hadn't he called Leana in the first place?

"Are you all right?" he repeated. "You're calling me 'Dr. Hale' again."

"Oh."

"Carolyn, I can't say too much over the phone, as you know. But ask Leana to hurry. Safety demands—"

"Of course!" she answered him, reassuringly. "We will do it today, Bob. I—if there's anything we need, Ken Palmer will help us again. Last night he told me—"

"Who?"

"Ken Palmer. My boy friend who hired the police, remember? But he won't need to know anything. He will just help us with any arrangements or whatever we need, so that you can go ahead there."

Carolyn tried to reassure him still more, even asking if he wished to talk with Leana herself. But Bob strangely had a change of mind.

"Look, Carolyn, on second thought I believe I will come home and do it myself. There's no great rush at this end because a plane is already provided. I shall catch a plane tonight. That'll be—let's see—about 14 hours from now I can be home again and—"

SHE was astonished, but she couldn't change him. Oddly, she didn't want to. The quick sinking feeling she had experienced when he first told her he wasn't coming back, had somehow been replaced by elation. The good feeling persisted, too. As trusted secretary, now, she gave thought to her duties. If Bob himself was returning, that ruled Leana Sorni out of bossing the next move. But she herself, Bob's assistant, could surely start preparations for him, couldn't she?

She had taken charge of things anyway, since he left; such as checking the guards, paying them with money Bob left her, handling the normal business routine. A man expects his secretary to be efficient, and if Bob wanted to transfer everything westward as soon as possible—

Head up, Carolyn went straightway to Leana Sorni, to inform her courteously that preparations for moving the priceless X-999 were already under way.

Competitive Exam For Electroplater Announced Here

The United States Civil Service Commission announces open competitive examination for the position of Electroplater, \$8.32, \$7.84, \$7.36 a day, for employment at the U. S. Naval Air Station, Corpus Christi, Texas.

Applicants for this position must have completed an apprenticeship of at least four years in the trade, or must have had at least four years of practical experience in the trade, the substantial equivalent of such completed apprenticeship.

Applicants must have reached their 20th birthday but not have passed their 48th birthday on the closing date for receipt of applications, May 26, 1941. The age limits do not apply to persons granted military preference because of military or naval service, except that such applicants must not have reached the retirement age.

Applications may be filed until May 26, 1941, with the Recorder, Labor Board, U. S. Naval Air Station, Corpus Christi, Texas.

Additional information and application blanks may be obtained from the Secretary, Board of U. S. Civil Service Examiners, Post Office, Pampa, Texas, or from the Recorder, Labor Board, U. S. Naval Air Station, Corpus Christi, Texas, or from the Manager, Texas U. S. Civil Service District, New Orleans, Louisiana.

23 Kiwanians From Cheyenne Present Program At Meeting

Members of the Cheyenne, Okla., Kiwanis club met with the Pampa club and presented the program at an inter-city luncheon held at noon Friday in the basement of the First Methodist church.

In charge of the program was Joe B. Milam, chairman of the Cheyenne club's inter-club relations committee.

The program consisted of violin solos by Mrs. Milam, Spanish Dances, "Moonlight on the Lagoon," "Meditation," readings, "Builders" and "Sarah Jane," by Lorraine Males; vocal solo, "Road That Brought You to Me," by Crawley Fowler, greetings from Cheyenne to Pampa Kiwanians, by Judge T. R. Blasser.

Others present from Cheyenne were Mrs. Elmer Rook, Bush Murray, O. C. Cox, K. A. Trever, Lee Little, Elmer Rodie, Lee Wells, R. C. Outliner, Fred Bellale, C. L. Mallie, Glen Leary, Graham Leary, Clarence, Julia Mae, and Mrs. J. C. Residen, C. O. Gouss, Mr. and Mrs. Orville Guinn.

There were 23 in all in the group from Cheyenne. Other visitors were: W. T. Foster and R. D. Schuchard, both of Albuquerque, N. M.; H. E. Casper, Denver; Ray Monday, Sherman White, C. G. McLaren, D. R. Weaver, all of Pampa.

"Hey, you—do you think you're on your way to put out a fire bomb?"

Houston Will Probably Never Actively Take Seat In Senate

BY WILLIAM T. RIVES
 LAFORTE, April 26 (AP)—After a talk with General Andrew Jackson Houston, Texas' new interim senator, an interviewer is left with the definite impression that the colorful old son of Texas' greatest hero probably never will take actively the seat in congress his father held before him.

The venerable 87-year-old Trinity Bay-side resident is as full of fire and spunk as Sam Houston, and insists he will go to Washington, but his daughters plainly do not want him to take up the journey.

If he were a younger man, they undoubtedly would be enormously proud that their father would sit in the same capitol in which Sam Houston fought his legislative battles as vigorously as his wars.

But they want him to remain in the quiet seclusion of his home just across the bay from Cedar Point, where his illustrious father once lived.

The daughters—Miss Marguerite and Miss Ariadne—say their father is stoutly constituted and possibly would stand the trip without ill effects.

But somehow their words do not bear conviction. General Houston's mind is alert—he still works on his History of Texas and he reads avidly of current affairs—and although his body is sturdy for a man his age, there is no disputing his heart has been pumping steadily these 86 long years.

The arduous train trip to Washington, with its excitement and crowds; work in the senate until someone is picked to fill out the late Morris Sheppard's term—this would have some effect, it seems reasonable to assume, upon his health.

Unless the old Houston iron determination arises beyond discussion, Texas' new senator will acquiesce to his daughters' desires, and live the rest of his life on quiet Trinity Bay, with his books, his paintings, his newspapers and his dreams.

He retired to his home near here 24 years ago, a long time past, and has emerged only occasionally into public life.

He may make this one grand effort, however. Reports that he was shocked, that his health would not permit him to serve, have galvanized him like a spur: that, coupled with his natural desire to serve the people, may induce him to go to Washington.

In an interview yesterday, General Houston said he felt war with Germany was inevitable and that "when that time comes, the United States ought to strike hard and fast."

General Houston said he was a "Roosevelt Democrat" and probably would support the president's foreign policy.

He said he would vote for Governor W. Lee Daniel if the latter runs for the senate, although he added "I'd have done it anyhow."

Asked his attitude about strikes delaying national defense, he said, "I knew Roosevelt wouldn't take too much."

He was in good spirits, kidding his daughter by calling her "Miss Houston" instead of Houston, and joshing her when she lingered with a reporter after his interview.

"Are you polishing off the interview?" he asked her.

McLEAN, April 25—The McLean seniors have received their graduation announcements. The exercises will be May 17 in the McLean High school auditorium.

The group played games and went row boating. Refreshments were served to the following: Monroe Combs, Joe Cooke, Virginia Blackerby, Paye Thomas, Joan Campbell, Syble Lee, John Kelly Lee, Fuzzy Bonner, Bernice Combs, Thelma McPherson, Bessie Langham, Cora Mae Blackerby, George Lee Burrows, Ruth Humphreys, Willis Ledbetter, Margaret Combs, Bobby Crisp, Carl Sullivan, Robert Dwight, Billy Mitchell, Billy Carpenter, Kenneth McMullin, Betty Lou McMullin, Vernon Ruff, Leroy Harris, Juanita Campbell, and Bonnie Ruff.

McLean Pupils Sing In Program At Erick

Special To The NEWS
 McLEAN, April 25—Several students from McLean High school with Supl. C. A. Cryer, went to Erick, Okla., Wednesday, and gave a program in the Erick High school.

The girls' trio, Evonne Floyd, Mary Foster and Frances Sitter, accompanied by Eric Fulbright at the piano, sang "The Wise Old Owl," "May I Never Love Again," "Blue Danube," "Tumbling Tumble Weeds" and "Amalpio."

Opal Tedder, blues singer, sang "Yodeling Jive," and "St. Louis Blues," accompanied by Evonne Floyd at the piano.

Robert Gibson played two violin solos, "Indian Love Call" and "Schon Rosmarin," accompanied by Evonne Floyd at the piano.

Opal Tedder and Evonne Floyd, the nosetts, did a novelty number, "Song of the Island."

won third and was awarded a bronze medal.

The words were taken from Webster's Dictionary, and were pronounced by Oran Back and Paul Bond presided over the dictionary.

Those taking part were: Sonny Back, Evonne Floyd, Earnest West, Marie Price, Mary Alice Ledgerwood, Virginia Blackerby, Duella Woods, Mary Foster, Jewellen Langham, Louise Farris, Jess Ledbetter, Bill Mitchell and Jack Glass.

Spelling Match Won By Junior At McLean

Special To The NEWS
 McLEAN, April 25—Marion Wilson a junior, won first place in a spelling match held in assembly before the student body Thursday morning, at McLean High school and she was awarded a golden medal.

Ercy Fulbright, a junior, won second and was awarded a silver medal and Cleo Shelburne, a senior,

Packed Auditorium Hears Il Trovatore

DALLAS, April 26 (AP)—A crowd packed Fair Park auditorium last night to hear the familiar Il Trovatore as presented by the Metropolitan Opera company of New York.

John Rosenfield, Dallas news critic, said the audience found its "chore easier and more pleasant than ever," adding that "the copious bloodletting of the plot and the juicy tunefulness of the score were calculated to seize and captivate the interest of tired socialites and weary business men."

"For the music lover," declared Rosenfield, "who has thought Il Trovatore worn to a frazzle there were unexpected delights. The broad yet zippy treatment of the

Six U. S. News Correspondents Lost In Balkans

ATHENS, April 26 (AP)—Six American war correspondents, including four who undertook a hazardous 100-mile ocean trip in a large rowboat equipped with a motor, have not been heard from since soon after the start of the German invasion of Yugoslavia and Greece.

The six, all of whom were last seen at Kotor, in Yugoslavia, are Robert St. John of the Associated Press, Leigh White of the Overseas News agency, Leon Kay of the United Press, Russell Hill of the New York Herald-Tribune, Ray Brock of the New York Times, and Sam Brewer of the Chicago Tribune.

St. John, White, Kay, and Hill have been unheard from since April 16, when the Associated Press received word that this group had started to try to reach Greece from Kotor by coming down the Albanian coast in a large rowboat.

Brewer last was reported on a train somewhere in Yugoslavia en route to Belgrade. Brock also was in Kotor on April 16, and so far as is known remained there.

(None of the American offices of the six missing reporters has received any word from them, either directly or indirectly, since April 16. However, they do not yet feel grave concern for their safety, since communications in the war area are disrupted.)

It was reported that William Phillips, American ambassador to Rome, had requested the assistance of the Italian government in locating the missing correspondents. Those in the boat, it was felt, probably put in at an Albanian port.

St. John, a member of the Associated Press staff since 1931, has been covering the swift-moving Balkan front for the past year. He is a native of Chicago.

Kay is from Racine, Wis., while Hill and Brewer are natives of New York City, and Brock has made his home there for many years.

score by Ettore Panizza, presiding batonist, did full justice to far from inconsequential music. Customarily belted and screamed, the vocal parts, in the Metropolitan's restudied Il Trovatore, were well on the side of beautiful singing, often in pure and delectable bel canto.
