

Do not pray for tasks equal to your powers. Pray for powers equal to your tasks.—Phillips Brooks.

The Weather

West Texas: Scattered afternoon and evening showers and thunderstorms today and Friday; little change in temperature.

STALIN WARNS OF 'GRAVE DANGER' TO RUSSIA

Jaycees Will Elect New Directors Tuesday

Complying with a rule which the Texas Junior Chamber of Commerce initiated this year, the local Jaycees will elect three new directors and five new alternate directors at their meeting Tuesday.

The board of directors will then meet and elect the president, vice-presidents and secretary from among the 10 directors.

A secret committee today announced nominations for the three directorships as follows: Finis Kelly, Johnny Phelps, Dr. Frank Kelley, Leslie Hart, Bob Miller, Jim Nalley, Elmer Irving, J. W. C. Tooley, C. R. Cobb, Roy Coston.

Nominations for the alternate directors were announced as follows: Greeley Warner, Roy Dyson, Vernon Hall, Brad Hayes, C. D. Windom, Charlie Gunn, Jimmy Myers, Dr. A. Owens, Steve Mathews, Ed Pohl.

Present directors are Jimmie Dodge, president; Charles Lamka, Frank Smith, E. L. Henderson, J. G. Teeters, B. B. Altman, L. E. Johnson, D. L. Parker, Frank Monroe, Joe Key, Terms of Parker, Monroe and Key will expire.

Present alternate directors are Eddie Pohl, "Sue" Cobb, W. A. Rankin, Paul Schneider, Johnny Wells. Election of directors will be by secret ballot.

President Dodge and vice-presidents Lamka and Johnson have held office for six months. The end of the fiscal year is June 30. Barger and Amarillo Jaycees have already elected officers.

The next project on the Jaycee list will be the construction of a recreation center. Mr. Dodge said, and final plans are now under consideration.

Marshall Would Lengthen Terms Of Soldiers

WASHINGTON, July 3 (AP)—General George C. Marshall, army chief of staff, urged today that draftees, reserve officers and national guardsmen be kept in service longer than one year and asked removal of restrictions which confine the United States armed forces to the western hemisphere.

In a biennial report to Secretary of War Stimson, Marshall said events of the "past few days are even more forcible indications of the suddenness with which armed conflict can spread to areas hitherto considered free from attack."

"There are," he added, "legal restrictions on the use of the armed forces which should be removed without delay."

"It is urgently recommended that the war department be given authority to extend the period of service of the selective service men, the officers of the reserve corps and the units of the national guard."

The selective service act called for a maximum of one year of military training for these groups. The act also stipulates that these groups could not be used outside the western hemisphere.

Although Marshall called only for removal of restrictions regarding temporary personnel, such as the selectees and guardsmen, a war department official said the restrictions affected the whole army.

Selectees, this official added, have been placed in units with regular army men, to whom the restrictions do not apply, thus making the entire unit subject to the restrictive legislation.

Only a comparatively few units are composed solely of regular army personnel.

Red Deceit Ignored

LONDON, July 3 (AP)—Gen. Sir Claude Auchinleck, new British military east commander, considers a German victory over Soviet Russia and a possible Nazi break-through into eastern Asia of little consequence because "we hold the seas and I feel we are beginning to hold the air, too."

Sir Claude expressed his opinion in a farewell speech as commander-in-chief in India, it was reported here today.

I HEARD . . .

Rumors and more rumors as to why Sam Hale is in Pampa but owners of the Pampa Oilers have nothing to say and neither does Hale. Every fan in the country plans to be at Road Runner park Thursday night and Friday afternoon, when two games will be played. Grover Selig and his Clovis Frontiers will be here for the three games and they're plenty hot.

That the baseball game between the Pampa Oilers and Clovis Frontiers will be broadcast tonight direct from Road Runner park. It will be the first broadcast of the year. Bill Browne will be at the microphone.

Board Decides Not To Build Negro School

Because of the rising cost of material for a three-room building with sliding doors between two rooms and a stage; another for three rooms and folding door between two rooms and no stage; and another for three rooms without sliding or folding doors.

Three different bids were submitted by four contractors yesterday, one for a three-room building with sliding doors between two rooms and a stage; \$10,291 on the building with folding doors; and \$10,131 on the three room building.

Other bidders were the Acme Lumber company, Foxworth-Glybraith Lumber company and Floyd W. Richards of Antrillo. Contractors said the price of material had skyrocketed during the past few weeks and that it was almost impossible to secure experienced workmen.

The board will decide on what action will be taken at its next meeting.

A member of the school board today said a majority of the members had agreed that one of the frame cottages at Horace Mann school would be moved to the negro campus and made into two class rooms. That will give three rooms for the negro students, who number 80 now.

During the past two years, or since the enrollment increased so rapidly, classes have been held in two churches, rented by the board. The board members felt that the frame buildings would not be needed upon completion of the new high school building.

Man Changes Into Woman And Seeks Draft Deferment

LOS ANGELES, July 3 (AP)—Edward Richards, 29, who registered for conscription last year, registered superior court to change the name to Barbara Ann Richards.

Richards was an interior decorator until a few months ago. But he had become so effeminate in the preceding two years he decided to change from men's clothes to dresses and temporarily retire, he stated.

Wearing a modish print dress and displaying painted fingernails Richards told reporters:

"I first noticed a change in my body a couple of years ago—enough so that I registered for the census as a woman. I was still wearing men's clothing however and I had to shave every morning.

"When the registration for the draft came along last October, I registered as a male, although by that time I realized I needed medical guidance.

An outstanding endocrinologist, Dr. Marcus Graham, presented Richard case to an American Medical Association convention discussion as a problem.

The physician notified selective service authorities, who placed Richards in Class 4-F.

"Shortly after that I quit my job and began to slick around the house. I changed to women's clothes—I felt I just had to."

"I quit shaving about six weeks ago. My beard just seemed to quit growing."

Canadian Missing After RAF Raid

LONDON, July 3 (AP)—Pilot Officer William Isaac Hall of the RAF's Eagle squadron of American volunteers was reported missing today from the foray over northern France yesterday in which the squadron was credited with bagging three German planes.

Hall's mother lives in Saskatchewan, Canada.

There have been three previous deaths among the Eagle squadron.

RUSSIAN RUTS SLOW DOWN THE LIGHTNING

Invading Germans find Russian roads aren't like military autobahnen back home as this motorized column is slowed by deeply rutted sand road. Picture was radioed from Berlin.

Anvil Park Rodeo To Open Tomorrow

CANADIAN, July 3.—Four-legged sticks of dynamite, touched off by the irritating dig of sharp-pointed spurs, will mark Canadian as the explosive center of Southwest Rodeo Association products, Friday, Saturday and Sunday when the 19th annual Anvil Park rodeo is held.

The man behind this pyrotechnical display of animated horsemanship will be Lynn Beutler, who as a young man attended the early editions of the Anvil Park rodeo, absorbed the "fever" and began his rodeo career by furnishing stock to all of the important shows of the southwest. His venture proved so successful that "mainly through his efforts, the rodeo as a sport has been raised from the class of small-time shows to one of national importance.

Top-ranking cowhands sneered when Beutler first introduced plow-pug horses to the rodeo world. These same cowhands changed their tune, however, after their first attempts to glue themselves to the hurricane decks of these nags considered good for field work only. It was through such radical changes as these that Lynn Beutler gained the respect of cowhands competing in his shows.

The Elk City impresario has established himself as one of the top-ranking livestock contractors in the southwest. His ventures have started some 10 years ago and bring to Canadian an investment in stock representing thousands of dollars. He has made special trips to Old Mexico and Arizona to select his "dogging" steers, has gone to South Texas for Brahma bulls and calves for roping and is always on the lookout for broncs with a mean reek to add to his string. Beutler's faith in rodeo's development has been vindicated by returns on the past few years and the continued support of the public. Consequently, he is continually investing any profit into additional stock and equipment for his shows.

"I am making every effort to give Canadian the biggest show ever put on in its 19 years of existence," Beutler announced, "and guaranteed to furnish livestock equal to any, and a fast moving show."

Appropriation For Big Bend Opposed

AUSTIN, July 3 (AP)—The threat of an injunction suit today hung over a legislative appropriation of \$1,500,000 to purchase land for the proposed Big Bend park in West Texas.

Asserting the park would be "a glorified wagon yard and dude ranch," Rep. A. H. King, Throckmorton rancher, declared last night he intended to file suit alleging the appropriation unconstitutional and seeking to halt its payment.

The representative, who said he had hoped Governor W. Lee O'Daniel would veto the funds out of a general bill, contended he would be acting in the interest of the taxpayers.

"In these times when the funds could be used for far better purposes," King declared, "it would be an outrage to spend that amount of money on land where at 2 o'clock in the morning you try and get a deer."

The so-called park would benefit but one per cent of the people. "It's against state policy to take property from people by condemnation only to give it away. The provision calls for the land to be ceded to the federal government. The mineral rights are worth 10 times as much as the surface and they, too, would belong to the federal government. That's unconstitutional."

Ickes Would Crack Down On Gasoline Wasters On Highways

WASHINGTON, July 3 (AP)—Petroleum Coordinator Ickes announced today he would request city police and state highway patrols in the east to arrest motorists wasting gasoline by use of improperly adjusted cars and making "jack-rabbit" starts.

Conservation measures to combat the predicted oil scarcity on the seaboard, Ickes said, are "going to require something more than persuasion."

A few "judicious arrests," he told the press conference, might bring the desired results. He noted that most cities and states have laws on regulations against use of automobiles emitting obnoxious fumes caused by improper and wasteful combustion.

Meanwhile, the coordinator announced that Secretary of Navy Knox had agreed this morning to put two of the navy's largest and fastest tankers into service moving oil from the Gulf Coast to the east, in an effort to ease the predicted shortage. Ickes said the stations of operations for these tankers had not been determined.

Welles Hopes Japs Plan To Be Peaceful

WASHINGTON, July 3 (AP)—Sumner Welles, acting secretary of state, said today that the United States government naturally hoped that the attitude taken by the Japanese government in the war would be of such a character to make for the maintenance of peace in the Pacific.

Welles' statement was made in answer to a press conference question as to whether the United States had official information concerning the policy adopted by Japan.

In reply the acting secretary said that the Japanese government had officially stated that it has reached a decision as to its policy and the course it would pursue in world affairs, and then added that the United States naturally hoped that the policy would be conducive to peace in the Pacific.

The official announcement made today simply said that the Japanese government had decided its course in the Russo-German war but authoritative sources said it would be kept secret for the rest of the world until disclosed by action.

The announcement has evoked speculation as to the moves Japan might make in the present situation, with most observers believing the island empire would maintain a neutral policy, at least for the time being.

Included among speculative prospects, however, is the chance that if the Soviet Union collapses, Japan might decide to attempt to take Siberia, which has long been considered by some Japanese as a threat to the peace and security of their empire.

Doctor Asks No Fireworks Near Local Hospital

Firecrackers popping off are more than a nuisance—they are potentially a threat to the life of a man who is a patient in a local hospital.

The man is Fred P. Mitchell, Shell oil company employee, who suffered severe burns in an accident near here recently. His condition is critical, and he is being treated in the hospital.

Police Chief John B. Wilkinson reminds parents that there is a law against shooting firecrackers in the city and that the law will be enforced.

Fire Chief Ben White today issued a statement asking that parents watch their children closely to see that life and property are not endangered through careless use of fireworks.

Showdown In Bullet Plant Called Today

(By The Associated Press) The National Defense Mediation board called for a showdown by 4 p. m. (C. S. T.) today on a union recognition dispute which caused a strike threat at an important ammunition factory.

The board set that deadline for acceptance or rejection of its recommendation that the Western Cartridge company recognize the AFL Chemical Workers union as collective bargaining agent for 550 men employed in the firm's smokeless powder division at Alton, Ill. The men have voted to walk out next Monday.

Defense officials at Washington were determined to prevent any interruption in ammunition production, which President Roosevelt stated only last Friday to be far behind schedule.

The National Labor Relations board has officially certified the union as the proper bargaining agency, but the company thus far has not recognized it as such.

A majority of 2,800 CIO United Automobile workers voted to strike at two Cleveland plants of the White Motor company which are making scout cars for the army. No date for the strike was set. The union men have asked a wage increase of 10 cents an hour.

The nation's 450,000 soft coal miners began a five-day paid vacation today for the first time in history, but there was some question whether 150,000 of them employed in the southern Appalachian field would return to work with the remainder July 8. The CIO United Mine workers have warned the southern coal operators wage conference that the men will not return to their jobs unless the conference meanwhile signs a new two-year wage contract.

When President Roosevelt yesterday turned the North American Aviation company plant at Inglewood, Calif., back to its private owners after more than three weeks of government operation, he declared that if efforts should be made again to interfere with this essential production, it will not hesitate to take whatever steps may be necessary to assure its continuance.

United States troops took over the plant June 9 and broke a strike which had tied up production on \$196,000,000 worth of military planes.

Another Southern California plane concern, the Douglas Aircraft company, announced yesterday that \$750,000 in vacation bonus checks would be distributed to its 39,000 employees this week. A company spokesman said the bonus represented a three-day vacation with pay over the Fourth of July week-end.

Other labor developments in the nation included the following: St. Louis—More than 1,500 AFL construction workers, protesting against employment of WPA workmen at sub-union wages, remained away from their jobs at a \$4,000,000 construction project at Jefferson barracks.

Washington—Twenty AFL pile drivers struck at the navy yard, holding up work on a \$450,000 destroyer dock.

San Francisco—A three-member mediation board considered the demands of Transcontinental and Western straitliner pilots for increases of 25 to 30 per cent in their wages, which officials of the airline said averaged \$9,100 a year for pilots and \$3,300 for co-pilots.

San Francisco—The owners of 10 workers notified the owners of 10 downtown restaurants they would seek wage increases ranging up to 33 1-3 per cent. The restaurants posted notices that they would cut the wages of all employees 25 per cent, effective today. More than 2,500 employees were involved.

Killed In Wreck

HUTCHINSON, Kas., July 3 (AP)—Auril Lee, 62, of Thermal, Calif., killed yesterday in an automobile accident here, was identified today as an internationally known stage director and actor.

Miss Lee, who acted in and directed many of Broadway's outstanding hits, was en route to New York from the ranch of John Van Druten, the English playwright.

FBI Best Prepared To Cope With Sabotage, Says Chief Wilkinson

There's no sure-fire way to prevent sabotage, but the federal bureau of investigation is better prepared than most Americans realize to cope with it.

In the United States there are 12,000 plants today engaged in the manufacture of goods needed by the army and navy, and 1,200 of these are especially important. Such plants have priority. Almost all gasoline plants come under this heading.

These were among the significant facts told by Police Chief John B. Wilkinson to members of the city commission at its meeting yesterday. The chief appeared before the commission in response to a request from the city manager for a report on his attendance at the federal bureau of investigation's national police academy, held the past three months in Washington, D. C.

"It would take a week to report on what was done at the school," Chief Wilkinson said. He explained how notes were taken on each lesson, how he transcribed these by typewriter at night, and submitted the typewritten notebook at the end of the course. The books were graded and returned, but grades were not announced.

"I may not be able right off to answer any question you ask about the course, but I sure have it all down," he said.

Some ancient and valuable spoons at the Huffman-Nelson Funeral home where they were left after the Fiesta. The spoons were on display in the business district but their owner's name was not learned. 'Scorched Earth' System Urged To Help Beat Nazis

MOSCOW, Thursday, July 3—Joseph Stalin, Soviet premier and chairman of the state defense council, warned his people by radio today they were gravely menaced by a sweeping Nazi advance into Russia and demanded a vast "scorched earth" and guerilla system to help defeat the Germans.

"A grave danger overhangs our country," he said. Telling this nation's millions German troops had captured Lithuania and a considerable part of Latvia and were inside White Russia and the Ukraine, Stalin suggested this plan to defeat the invaders:

Organization of guerilla or militia fighting units to help the regular Red army by behind-the-lines looting and sabotage; destruction of all foodstuffs and equipment likely to fall into German hands, and removal of all cattle and available transport to the rear; the setting of huge forest fires to slow the Nazi march.

He declared Hitler would suffer the same defeat Napoleon and Kaiser Wilhelm met, but sought to arouse the nation to its danger.

He said Germany had gained "a certain advantageous position" by attacking the U. S. S. R. but she "has lost politically by exposing herself in the eyes of the entire world as a blood-thirsty aggressor."

Soviet Russia, he added, had made a tremendous political gain. Among other things he said "all the finest men and women of Europe, America and Asia" were included with those who sympathized with the Soviet government.

Stalin attributed Nazi successes thus far "to the fact that the war of Fascist Germany on the U. S. S. R. began under conditions favorable for German forces and unfavorable for Soviet forces."

The speech, broadcast at 6 a. m. (9 p. m. Wednesday, C. S. T.) and repeated in intervals during the day on public loudspeaker systems and on house radios, marked the first time the Russian people had heard Stalin's voice since 1936 when he announced the constitution.

Asserting "millions of the masses of our people will rise," Stalin, Europe and America for their independence, for democratic liberties.

"In this connection, the historic utterance of British Prime Minister Churchill regarding aid to the Soviet union and the declaration of the U. S. A. government signifying readiness to render aid to our country, which can only evoke a feeling of gratitude in the hearts of the peoples of the Soviet union, are fully comprehensible and sympathetic."

He expressed gratitude to Britain and to the United States and referred to the people of Europe and America as "loyal allies."

"Our war for the freedom of our country," he said, "will merge with the struggles of the peoples of Europe and America for their independence, for democratic liberties."

"In this connection, the historic utterance of British Prime Minister Churchill regarding aid to the Soviet union and the declaration of the U. S. A. government signifying readiness to render aid to our country, which can only evoke a feeling of gratitude in the hearts of the peoples of the Soviet union, are fully comprehensible and sympathetic."

Throughout the whole night, our troops in heavy fighting stemmed the advance of enemy troops," a Soviet war bulletin said.

Authoritative quarters in London asserted there was "a general feeling the German drives were slowing up," but Russia's Premier Joseph Stalin in a rare speech warned his people of grave dangers and called upon them to combat the invaders with a huge "scorched earth" campaign.

The Berlin radio declared Stalin's broadcast—his first to the Russian people since 1929—bore "a striking resemblance to the speech of the French Premier Reynaud when the German forces had broken through the Maginot line" last summer.

The Soviet war bulletin, far from indicating any general collapse of Russia's armies, reported fierce battles raging in the vicinity of Borisov, 50 miles along the 450-mile motor highway from Minsk to Moscow, and on a triangular front 70 miles east of German-captured Lwow, in east Poland.

In the far north, in violent all-night fighting, the Russians declared they had inflicted "a great defeat" on two German infantry divisions—about 30,000 troops—which yesterday launched a drive up the

Mainly About People

Mrs. Hubert Phillips is returning to Kermit after undergoing a major operation in the local hospital.

Plan your July 4th picnic where the entire family can play. Water for swimming or for the younger children. Tables for food. Plenty of shade, motorboats, etc. Come to Lake McClellan. No entrance charge. (Adv.)

Miss Jody Brady returned to Abilene this morning after visiting for the past week in the home of Dr. and Mrs. W. Purviance.

For rent: nice 6 room unfurn. house. Mary Ellen St. J. V. New. Ph. 58. (Adv.)

Mrs. and Mrs. H. Phillips of Oakland, California, arrived in Pampa Wednesday morning for a visit here.

Paul Lyons is now associated with Weir's Barber Shop, Combs-Worley Bldg. (Adv.)

Mrs. Masada Hall has returned to Canyon where she is attending West Texas state college. Mrs. Hall attended the wedding of her niece, Miss Janice Purviance, and Frank Akright yesterday.

For rent: bedroom, adjoining bath, cool, close in. 314 N. Gray. (Adv.)

Mrs. Ferrel Heard left today for Wichita Falls to join Mr. Heard who is employed by a construction company there. The couple will make their home in Wichita Falls. Mrs. Heard was accompanied by Miss Dathia Heard who will visit with relatives for two weeks.

Mr. and Mrs. E. M. Irving, Mr. and Mrs. L. E. Cox, and Mr. and Mrs. Melvin Lewis are vacationing in Colorado.

Mrs. Charles Wagoner has been taken to her home from the local hospital.

Mr. and Mrs. C. F. Bastion left today for a vacation trip to points of interest in New Mexico.

Two men, charged with being intoxicated, were fined in city police court today.

Mr. and Mrs. C. C. Senogio of Robstown left yesterday to return to their home after a visit here with Mrs. Senogio's parents Mr. and Mrs. J. W. Rochelle. The return trip will be by way of Monahans, where the Senogios will visit for a few days.

Pampa office of the Texas State Employment service will be closed all day tomorrow, Friday, July 4, in observance of Independence day. The office will re-open on Saturday morning.

Recorded in 31st district court Wednesday: C. H. Steel vs. Ruby Estelle Steel, divorce granted; ex parte Warren James Saylor, disabilities as minor removed.

Marriage license issued today from office of County Clerk Charles Thut: Milford M. Spler and Miss Alice Urania Dollard.

Regular meeting of Ketter-Crossman post 384 of the American Legion will be held tonight at the Leg-

ion hut, 706 W. Foster, following the drill of Company D, Texas Defense Guard.

The daughter born at a local hospital Monday to Mr. and Mrs. Ray Cacy, of Phillips camp, has been named Sharron Dee. Mrs. Cacy was the former Miss Marie Southard.

Leo Makes Oil Proration Permanent

(By The Associated Press) AUSTIN, July 3—For the first time in history, Texas' oil proration laws were permanent today.

Governor W. Lee O'Daniel signed a bill to that effect yesterday while vetoing one amending the oil statutes to promote crude production on a statewide rather than field-by-field basis.

Meanwhile the railroad commission, state oil regulatory agency, set the regular monthly statewide proration hearing on July 16 and altered the method of measuring crude oil in pipe line.

In providing indefinite extension of the proration laws, the legislature departed from custom since the statutes previously had been re-enacted for two years only. Proponents argued it was essential the lawmakers show their faith in proration in view of possible federal control.

The vetoed bill, favored by a majority of the commission, assertedly would have eliminated selective buying of crude and ended purported discrimination among fields producing near-identical types of oil.

O'Daniel declared the proposal was undemocratic and monopolistic in principle because it sought to give an administrative body legislative and judicial powers. He added he believed it would curtail Texas' allowable production as compared with other states and result in endless court battles on constitutionality.

The bill would have fully legalized a method of allowable distribution used in recent months by the commission but which has suffered under court rulings.

At the statewide proration hearing the commission will, as usual, take evidence on which to base allowable allocation in August.

The order changing crude oil measuring in pipe lines will become effective Sept. 1 and asserted quantities shall be computed from correctly compiled tank tables showing 100 per cent of the full capacity of tanks in all oil fields of Texas; and corrections will be made for temperature to the basis of 60 degrees Fahrenheit in accordance with the approved volume correction table for petroleum oils contained in the supplement to the National Bureau of Standards circular P410 issued April 20, 1937.

"Pipe lines," the order continued, "may deduct the full per centum of basic sediment, water and other impurities as shown by the centrifugal or other tests agreed upon. A further deduction of one per centum for evaporation and loss during transportation shall be made, and the net balance shall be the quantity deliverable by the pipe line."

Practical instruction was also given in the use of firearms, such as the submachine gun, shotgun, rifle, and pistol. In the latter Chief Wilkinson scored 89 out of a possible 100.

He explained the complicated maneuver used in the pistol drill, 10 shots from the hip at seven yards, 25 seconds to draw gun from holster, shoot five times, reload, shoot five more shots.

Then, go back 70 yards, reload, advance 10 yards, and from prone position fire five shots, reload at the 60-yard mark, sitting position, five shots with right hand, five shots with left, then up to a 25-yard barricade, for more tests.

The building in which the police academy course was given is seven stories high, and occupies as much ground space as two Pampa blocks. Located on the fifth floor was the police academy, on the seventh, the fingerprint files and police laboratory.

Employed are 2,500 civilian clerks. The fingerprint division is kept open 24 hours a day as 500 classifiers work in three shifts of eight hours each.

So much stress is laid on efficiency by the FBI that even chemists, graduates of universities, aren't considered competent to give testimony in court as experts, until they have worked for three years in department with a veteran employee.

In the fingerprinting division, Chief Wilkinson worked one entire day as one of his lessons in the course.

FBI

(Continued from Page 1)

down in that notebook," the chief remarked, as he told of how he planned to adapt some of the lessons learned to the work of the Pampa police department.

Millions of Fingerprints Taking up the question of the national police academy course in connection with defense, the chief told how the best way to guard against sabotage was to have the right personnel employed at plants, and how fingerprinting of all employees at plants designated as "priority" was the practice.

Indicative of the wide scope of fingerprinting in the FBI, the Pampa police department head told how the bureau had around 11 million fingerprints stacked in its files—so many they could scarcely begin to classify all.

The democratic form of American government makes it impossible to immediately and effectively stamp out fifth columnists, the chief remarked, and he pointed out how the Bill of Rights prevented drastic action by peace officers.

In another part of his report, Chief Wilkinson told how the academy instructors cited various federal court rulings and said, in numerous cases:

"This will apply to all states—except Texas," and "applies to all states, except Texas and New York."

"Texas seems to have gone further than any other state in protecting the rights of its citizens," the chief said.

Instructors at the academy were practical men, as well as expert lawyers. Each has had experience in the field, and knows just how the lessons apply.

"There are lots of things that look good on paper but won't work out. These men, have dealt with actual problems and they know what will work and what won't, as well as knowing the books," the chief stated.

All of the instructors held law degrees.

Sure America Prepared "The FBI knows what is going on," Chief Wilkinson assured the city commission, although he indicated officers, to some extent, disliked being withheld from taking drastic action against fifth columnists.

Despite all the flurry over saboteurs, Chief Wilkinson is sure that America "won't get caught like France."

At the academy, the chief and the 37 other peace officers attending, were taught how to train guards to protect plants.

Other lessons were given in selection and training of police personnel, to which three days was devoted; police photography; three days on safety, taught by the secretary of the American Automobile association.

Lessons in laws of arrest, seizure, and search, by the dean of the school of law of the University of North Carolina; how to fill out report forms; preparation of evidence.

Makes Excellent Score Practical instruction was also given in the use of firearms, such as the submachine gun, shotgun, rifle, and pistol. In the latter Chief Wilkinson scored 89 out of a possible 100.

He explained the complicated maneuver used in the pistol drill, 10 shots from the hip at seven yards, 25 seconds to draw gun from holster, shoot five times, reload, shoot five more shots.

Then, go back 70 yards, reload, advance 10 yards, and from prone position fire five shots, reload at the 60-yard mark, sitting position, five shots with right hand, five shots with left, then up to a 25-yard barricade, for more tests.

The building in which the police academy course was given is seven stories high, and occupies as much ground space as two Pampa blocks. Located on the fifth floor was the police academy, on the seventh, the fingerprint files and police laboratory.

RED ARMIES

(Continued from Page 1) Sredni peninsula against the ice-free Arctic port of Murmansk.

London military advisers said the Germans were massing in the Dvinsk sector, in Latvia, for a powerful thrust at Leningrad, Russia's second biggest city.

In the western air war, RAF bombers flew again on overnight raids aimed at the Ruhr, the Rhineland and northwest Germany and Berlin sources said several western German cities and one northern city were bombed, but ineffectively. The Germans reported sinking a merchantman in raids on Britain.

Japanese Confiscate American-Bound Ship

MANILA, July 3 (AP)—The Tabacalera company of Manila was notified from Kobe today that the Japanese merchantman Kyusyu Maru, carrying cargo from the Philippines to the United States, has been requisitioned by the Japanese government and ordered not to proceed to its destination.

Manila shipping quarters expressed opinion the Japanese government might be preparing to requisition all Japanese ships operating between the Philippines, Japan and the United States.

Reports circulating in reliable Manila quarters said the Japanese government had ordered all ships in Philippine waters to return immediately to their home ports.

The Japanese consul general said he had heard the reports but had no official confirmation of them.

Many Pleasures Listed On July Fourth Program

Tomorrow is "firecracker" day and besides popping off firecrackers Pampans will be able to attend two baseball games here in the afternoon, rodeo performances at Canadian and at Clarendon, picnics, boat races, swimming races and bathing beauty review, and fireworks display at Lake McClellan. The patriotic note will be missing.

The postoffice, banks, city hall, courthouse and most places of business will be closed all day tomorrow allowing employees to celebrate Independence Day.

Baseball fans will be given an opportunity to see Grover Selza's rejuvenated Clovis Pioneers battle the Pampa Oilers in two games at Road Runner park, first game called for 2:30 o'clock.

Motorboat and sailboat races will be staged at Lake McClellan during the morning hours. Swimming races, diving contests and selection and crowning of Miss Lake McClellan will take place during the afternoon, beginning at 1:30 o'clock. The mammoth fire works display will begin about 9 o'clock.

Pampans planning to attend the Canadian or Clarendon rodeos are invited by W. B. Weathered, chair-

man of the goodwill committee of the chamber of commerce, to call at the police station and secure hat bands and car stickers which will be left at the city desk.

The 19th annual Anvil Park rodeo at Canadian will begin tomorrow afternoon and last through Sunday. The Clarendon rodeo and old settlers reunion began today and will end tomorrow.

Bridge Bond Issue Beaten In Hemphill

SPECIAL TO THE NEWS CANADIAN, July 3—Ranchmen living on west side of Red Deer creek, Hemphill county, went down in defeat at the polls last Saturday in their effort to secure a new bridge over the creek west of Canadian.

Most everyone had overlooked the fact that bridge bonds require a two-thirds majority vote instead of plurality only, as is the case with school and road bonds. It was not generally known until Tuesday that the bonds lost.

Either the ranchmen will have to return to the many mile teams to haul their salt, oil cake, and supplies to their ranches or a caterpillar engine will have to be on duty to get their trucks across, unless a bridge is built.

In Saturday's election, 378 of the 599 votes were for the bonds in an amount of \$80,000 and that lacked 28 of the required two-thirds.

Plan To Pay Taxes Ahead Announced

WASHINGTON, July 3 (AP)—Secretary Morgenthau announced today a plan to enable taxpayers to pay their taxes in advance.

He said at a press conference that, beginning August 1, anyone would be able to buy, through his local bank, certificates which can be turned in on income or excess profits taxes next year.

A small amount of interest will be paid purchasers as inducement to buy the certificates, but Morgenthau said the primary purpose was "to make it convenient to taxpayers to pay the heavy taxes in the new tax bill by paying a little each month out of current income."

He added that the plan also would obviate some "voluntary borrowing by the treasury," usually necessary before taxes start coming in.

Two types of tax notes were described by Morgenthau. One, for the small tax payer, will be issued in denominations of \$25, \$50, and \$100. The premium on these will be 16 cents per hundred dollars for each month between the time the note is out and the time it is turned in

for taxes. Another type of note—for large taxpayers will be issued in denominations of \$100, \$500, \$1,000, \$10,000, and \$100,000. The premium on these will be four cents per hundred dollars per month.

Purchase of the tax notes will be voluntary, and anyone who over-estimates his taxes and buys too many will be able to redeem the surplus notes for cash. No interest, however, will be paid on notes redeemed for cash.

The notes will not be transferable to others, and can be cashed only by the treasury.

Although some purchasers may use the notes to pay off a whole year's income taxes on March 15, it will also be possible to use the notes to make payments in quarterly installments, as usual.

Morgenthau said the federal banks were, to a large extent, responsible for the working out of the plan and will be the only sales agencies outside the treasury. All local banks, however, will be authorized to accept from their customers applications to the regional federal reserve banks for the notes.

### Two Killed In Air Station Crash

JACKSONVILLE, Fla., July 3 (AP)—The Jacksonville air station's

second fatal plane crash since it was established 18 months ago brought death yesterday to Pilot James Russel Shaw, 31, of Richmond, Va., and Roy Dan Haigler, 26, seaman second class, of Dodson, La.

### FDR Urged To Make Speech For Negotiated Peace

WASHINGTON, July 3 (AP)—President Roosevelt was urged today by two foes of administration foreign policy to make a Fourth of July plea for a negotiated peace in the European war.

Senators Wheeler (D-Mont.) and Nye (R-ND) voiced the opinion that the President's Independence Day address to the nation would give him "an appropriate opportunity" for such a message.

A third administration critic, Senator Taft (R-Ohio) expressed himself in favor of having Mr. Roosevelt explore peace possibilities, but thought this should be done without publicity.

The three senators, in separate statements, took the position that, thanks to the unexpected Russo-German conflict, the time was ripe for Great Britain to secure a favorable peace with the Axis.

There was no expectation here, however, that the Wheeler-Nye-Taft suggestions would be acted on. Administration officials repeatedly have stressed their conviction that a negotiated peace at this time would be equivalent to a Hitler-negotiated peace, and that this government had no desire to be a party to any such settlement. Previous proposals that Mr. Roosevelt intervene have all been futile.

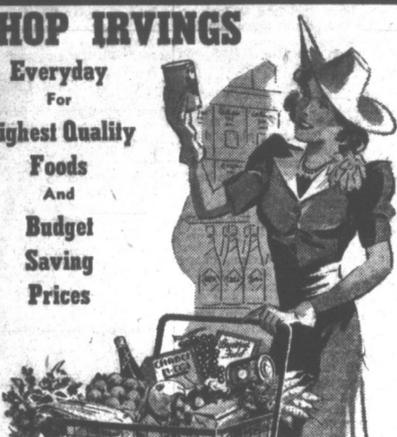

Nevertheless, Wheeler contended today that a negotiated peace "would be the quickest and surest way to defeat Hitler."

He argued that although German armies might conquer territory, the diverse nationalities and conflicting interests of subjugated nations would cause Hitler's system to "crack and crumble, even as all those conquerors who have gone before him have crumbled."

**RAF Daylight Raid**  
LONDON, July 3 (AP)—Masses of British planes, keeping up the RAF's day and night assaults on Germany and Nazi-occupied territory, launched what appeared to be another major daylight attack across the channel today.

# Marriage Of Miss Janice Purviance And Frank Akright Solemnized

## Swimming Party, Dance, and Picnic Among Week-End Events Of Sub Deb

Beginning a series of week-end social activities, Sub Deb club complimented former members of the organization with a swimming party at the municipal pool this afternoon.

Plans for the event were made at a regular meeting of the club Wednesday evening in the home of Miss Tolene Davis.

Friday evening a Fourth of July dance will be given at the Schneider hotel beginning at 9 o'clock and the group will meet Saturday afternoon at 5 o'clock at the high school from where they will go to Lake McClellan for a picnic.

A hayride and program dance were suggested and additional arrangements will be made later.

Attending the meeting were Misses Betty Lee Thomasson, Vera Brunow, Harriett Price, Betty Culberson, Ruth Shier, Frances Shier, Gretchen Ann Bruton, Frankie Foster, Betty Plank, Dorothy Drescher, Elaine Carlson, the sponsor, Mrs. Allen Evans, and the hostess.

The next regular meeting will be held Thursday evening at 7 o'clock with Miss Dorothy Drescher as hostess.

## Shower Given As Courtesy To Mrs. Erb Wednesday

Mrs. Bob Erb was honored at a layette shower given in the home of Mrs. C. L. Brownlee Wednesday afternoon.

A corsage was presented to the honoree.

Following a reading, "A New Baby Brother," by the hostess, games were played and gifts were opened.

Refreshments were served to Meses. Bob Erb, Leon Cook, E. L. Emerson, Burdette Keim, Fred Glass, Horace McBea, and the hostess.

Gifts were sent by Mrs. C. J. McNaughton and Mrs. H. W. Goodner.

## Luncheon Given As Courtesy To Mrs. Hallmark

Complimenting Mrs. W. R. Hallmark on her birthday, Mrs. Joe R. Foster entertained with a covered dish luncheon Tuesday afternoon at home.

Centering the long table from which the buffet lunch was served was a large cake decorated with lighted candles and pink and white daisies. Guests were seated at individual tables laid with white linen and centered with bowls of pink roses. The birthday theme was repeated in the place cards and a pink rose corsage marked the place for the guest of honor.

Following the luncheon, a pink and white basket of gifts was presented to Mrs. Hallmark.

Present were Meses. Don Egerton, V. L. Hobbs, R. L. Edmondson, C. B. Tillstrom, H. E. Crocker, R. E. Galin, Joe Mullins, mother of the honoree, Mary E. Hoppe, mother of the hostess, of Fort Lyon, Colorado, Miss Betty Sue Mullins, sister of the honoree, Mrs. Hallmark, and Mrs. Foster.

## Skellytown G. A. Meets At Church On Wednesday

SKELLYTOWN, July 3—Skellytown G. A. Girls met Wednesday at the church with 14 members, two new members, and one visitor present.

Mrs. Johnson led in prayer and Jeanine Conyers gave a prayer album. Wilma Adams and Jeanine Conyers read parts on the program. Others took part in a freerack conversation which led up to the "Freedom of the United States."

Roberta Allison dismissed with prayer.

Attending were Loma Jean Simmons, Roberta Allison, Clovie DeLong, Evelyn J. Young, Betty Haynes, Charlotte Young, Wilma Jean Adams, Beverly Johnson, Dorothy Allison, Jeanice Marlar, Wanice Brieter, Jeanine Conyers, and Mrs. Johnson.

## PLAID GOES PATRIOTIC

PLAID gingham in red, white and blue is used to fashion a full-skirted, graceful play dress for summer weekends and vacation. The shoes are cotton topped, rubber-soled, one-strap sandals which come in a variety of color combinations.

## Makeup Will Not Cover Bad Manners

By ALICIA HART

There's still a lot of truth in grandmother's favorite old saying about "pretty is as pretty does." The world hasn't changed so much but what good manners, a generous sprinkling of kindness and tolerance in one's character are still justly considered as virtues.

Bad temper — often mistakenly called temperament — still can do more to make a woman unattractive in the eyes of others than any amount of bad grooming and forgetfulness about applying makeup, having the hair waved and so on. The minute she rants and raves—about anything—everybody promptly forgets that her dress is smart, her hair pretty or her teeth even and white.

REMEMBER TO BE COURTEOUS

No amount of skillfully applied cosmetics or chic clothes can possibly make up for lack of good manners which, after all, are the outward manifestations of real charm—the warm, non-gushy variety which does not fade with the years. Not even a real glamor girl can get away with being rude to others—at least not for long.

It isn't silly to remember the simplest, fundamentally sound good manners, such as getting up when an older person comes into the room, writing thank-you notes promptly, showing appreciation for small courtesies. Neither being amusing and well informed or beautifully dressed, or both, ever gives any woman an excuse for not answering letters, returning telephone calls, writing congratulatory notes when they are indicated and so on.

BE TOLERANT OF OTHERS, TOO

And it isn't silly or wishy-washy to be tolerant of the mannerisms and pet foibles as well as the firm convictions of others. The woman who gets a firm notion that her way of living and her way of thinking are the only ways of living and thinking which make any sense at all just is not likely to have a lovable soul.

## Couple To Be At Home In El Paso Following Trip

Miss Janice Purviance, daughter of Dr. and Mrs. W. Purviance, became the bride of Frank Akright of Fort Bliss, son of Mr. and Mrs. F. H. Akright of Nowata, Oklahoma, in a beautiful ceremony solemnized Wednesday afternoon at 4 o'clock in the First Methodist church with the Rev. W. M. Pearce, pastor, officiating.

As the guests assembled, a program of pre-nuptial organ music was played by Mrs. May Foreman Carr. Preceding the ceremony Mrs. Lewis Williams of Panhandle, cousin of the bride, sang "Because" (Hardie), and "The Sweetest Story Ever Told." "The Bridal Chorus" from Wagner's "Lohengrin" was used as the processional and Mendelssohn's "Wedding March" as the recessional.

Background for the nuptial service was of Kentia palms with lighted tapers in candelabra casting a soft glow over the setting, which was centered with an arch of huckleberry from which hung clusters of cellophane bells topped with blue and yellow. Floor baskets of white gadioli, peonies, and delphinium flanked the arch and Northern ferns outlined the chancel and lower rails. Arrangements of delphinium and smilax tied with blue and yellow ribbon marked the aisles.

Bride in White

The bride entered the church with her father who gave her in marriage. Her wedding gown of white marquisette was fashioned with real lace edging the sweetheart neckline, short puffed sleeves, full skirt, and long sweeping train. The full-length veil of illusion fell from a coronet of lace with a sweetheart dip. She carried a prayer book topped with an Alba orchid and stephanotis.

Attending the bride were Mrs. Charles Cook and Mrs. Albert Reynolds. Bridesmaids were Miss Lucille Bell of Pampa, Betty McKay of Brady, Mrs. Bill Keightley of Wicket, and Mrs. Jim Akright of Lawton, Oklahoma.

Mrs. Cook and Mrs. Reynolds wore frocks of blue marquisette with white and yellow sashes, skirts, and lace trim. Their shoulder-length maline veils fell from halos of matching marquisette and each carried a bouquet of souvenir roses. The bridesmaids wore similar frocks and veils of cream and carried wedding bouquets of delphinium and souvenir roses with showers of small cellophane bells tied with blue and yellow ribbon.

Attending his brother as best man was J. C. Akright of Lawton. Ushers were Charles Cook of Pampa, Roy Sterling, Marshall Nye, and Bud Hendricks, all of Borger.

Mrs. Purviance wore a dinner dress of black crepe with a lace jacket and black and yellow roses. Her corsage was of pink roses. Mrs. Akright wore a pink starched chiffon dinner dress with a yellow ribbon corsage.

A reception at the home of Dr. and Mrs. Purviance followed the ceremony. The table was centered with a four-tiered wedding cake topped with a miniature bride and bridegroom. Tiny bells, stephanotis, and gypsophylls decorated the candle-light table.

Mrs. Maude Hall, aunt of the bride, of Chatham, Illinois, poured cherry punch and Mrs. John Anderson served the cake. Mrs. Gene Fatherson presided at the guest book and Mrs. Claude Lard had charge of the gift display.

Greeting the guests at the door were Mrs. Purviance and Mrs. Akright. In the receiving line were the bride and bridegroom, Mrs. Cook, Mrs. Reynolds, and the bridesmaids. Others in the house party were Mrs. A. Cole, Mrs. C. T. Hunkapillar, Mrs. Edwin Vicars, Mrs. Rex Rose of Borger, Mrs. Betty Lou Ford, and Miss Mary Price.

Mr. and Mrs. Akright left after the reception on a trip to New Mexico. For traveling the bride wore a navy blue sheer suit with matching bag and gloves, a California sun hat, yellow snakeskin shoes, and an orchid corsage. The couple will be at home in El Paso after July 6.

Mrs. Akright was graduated from Pampa High school. She attended Southern Methodist University at Dallas and Texas State University at Denton. The bride, who is popular in the local younger set, is a member of the Beta Gamma Kappa club.

Mr. Akright attended Wentworth Military Academy at Lexington, Missouri, and received a B. S. degree in engineering at the University of Oklahoma at Norman, where he was a member of Beta Theta Pi, a social fraternity, and Sigma Tau, honorary engineering fraternity. Mr. Akright was assistant superintendent in the petroleum department of Phillips company at Borger before he was drafted for service at Fort Bliss in El Paso where he is first lieutenant in the artillery division.

Guests

Among the out-of-town guests were Mrs. Blair Patton of Odessa, Mrs. Opal Purvins and daughter, Norma, of Borger, Mr. and Mrs. Carroll Purvins, Mr. and Mrs. Fred Surratt and family, Mr. and Mrs. Wyman Purvins and daughter, Evelyn, and son, Stewart, Lewis Williams and daughter, Carolyn, and son, Jimmy, all of Panhandle; Mr. and Mrs. W. R. Campbell of Miami, Mr. and Mrs. Fred Hobart of Canadian, Bill Kelley of Wicket, Mr. and Mrs. Charles Maise, Cecil Miller, Mr. and Mrs. David Martin, and Mr. and Mrs. N. F. Hollingsworth of Phillips at Borger; Mrs. F. T. Heine and daughter, Marybelle, of Bobetta, Mr. and Mrs. C. E. Wilbanks of Spearman, and Miss Kathryn LaMaster of Perryton.

## Reapers Class Entertained At Monthly Social

Meeting in the home of Mrs. Albert Taylor, members of Reapers class of Central Baptist church were entertained at a monthly social Wednesday afternoon.

After roll call was answered with Bible verses on grace, Mrs. C. E. McMinn gave the devotional from Psalms. Sentences prayers followed.

In the absence of Mrs. C. A. Jones, Mrs. M. G. Statterwhite conducted the Bible quiz with the losing side serving the refreshments of ice cream and cake.

Attending were Meses. A. H. Jones, M. G. Statterwhite, V. E. Graves, Frank "Told," D. L. Lunsford, Albert Taylor, Roy Beasley, Paul Lyon, A. M. Harvey, C. E. McMinn, and six children.

The class will meet next month in the home of Mrs. Sillcott.

## The Social Calendar

FRIDAY

Sub Deb club will have a Fourth of July picnic at the Schneider hotel.

Order of Eastern Star will have a regular meeting at 8 o'clock in the Masonic hall.

Entre Nous club will have a regular meeting.

Pampa Garden club executive board will meet at 8:30 o'clock in the home of Mrs. Bob McCoy.

SATURDAY

Sub Deb will meet at the high school at 1:30 o'clock to go to Lake McClellan for a picnic.

American Legion auxiliary will meet at 8:30 o'clock in the American Legion hall.

SUNDAY

B. G. K. club will have a breakfast at 9:30 o'clock in the dining room.

Order of Rainbow for Girls will attend First Christian church in group, and will leave at 1:30 o'clock for picnic at Lake McClellan.

Catholic Youth Association will have a monthly communion breakfast at 8 o'clock.

MONDAY

Upsilon chapter of Beta Sigma Phi sorority will meet at 7:30 o'clock at the home of Miss Cleora Starnard, 420 North 6th street.

Both circles of Woman's society of Calvary Baptist church will meet at 2:30 o'clock in the church for a social service program and business session.

Ypsilon Sisters Pampa temple number 41 will meet at 1:30 o'clock.

Jolly Docks.

Ladies Sewing club will meet in the home of Mrs. A. E. Shaw.

Ladies sorority will have a weekly meeting.

Members of Coteries will meet.

## 3 PIECE ENSEMBLE

It's smart to play tennis in a crisp white frock with matching pants! Here is that full skirt tennis dress made with a low back, sleeveless top, a youthfully belted waistline. The dress has its own matching shorts—and a bolero top which may be worn to and from the courts—in fact it makes a regular street dress of this active sports costume. The frock is useful, too, for all sports activities. Make it in plique, sharkskin, chambray.

Pattern No. 8973 is in uneven sizes, 11 to 19. Size 13 requires 3 1/2 yards 35-inch material for dress alone, 1 1/2 yards for shorts and 1 1/2 yards for bolero.

For this attractive pattern send 15 cents in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Latest Summer styles! Study them all in our Summer Fashion Book. Every style interpreted for the home sewer.

Pattern 15c, Pattern Book 15c. One Pattern and Pattern Book ordered together, 25c.

## Breakfast Given For Reapers Class Of First Baptist

Reapers class members of First Baptist church met at the home of Mrs. Grant Anderson this morning at 8 o'clock for breakfast which was cooked and served on the back lawn.

Visitors at the event were Oak Allee Whitte and Versie Martin of Zionsville, Indiana.

Class members attending were Jessie Jean, Vessie Worrell, Marcelene Sloan, Gullma Hanks, Lenada Nelson, Doyce Greer, Pansy Mote, Lillie Pearl Stearns, Vanna Lee Whately, Kate Goldfine, Dorothy Matess, Eola Ferrin, Flossie Anderson, Marguerite Briggs, Addine Edendorough, Esther Ruth Meek, and Pauline Rountree; and two youngsters, June Anderson and Lon Gaylon Rountree.

FOR A SAFE AND SANE FOURTH

As Independence Day approaches each year, more and more communities adopt "safe and sane" regulations. But that doesn't mean that American children's love of noise on the Fourth need be curtailed. Toy manufacturers this season have produced an ingenious new crop of noisemakers which guarantee a full quota of uproar and excitement without presenting the hazard of high explosives.

Along this line there's a huge selection of squawks, pop guns, kazooes and drums. There are miniature copies of all the gadgets used in popular swing bands, too, as well as a multi-instrument band arrangement that requires only one youngster to operate.

For the toddler, there are fine rubber balls decorated with stars and stripes, red, white and blue push-and-pop toys and dolls dressed in patriotic costumes and U. S. service uniforms. Kites and balloons, especially for the Fourth, are in patriotic colors with emblems and motifs borrowed from America's defense program.

man around to chime in with him. "Haven't you got on too much rouge?" or "Why didn't you wear your blue dress?"

Answering all questions in monosyllables—if they happen to be asked by his wife.

Letting his wife (unless someone is looking)—but no other woman—open car doors for herself, move chairs, and struggle with windows.

Russia has an area nearly three times that of the continental United States.

## Shy Girls Get New Break In Letters To Lonesome Soldiers

By RUTH MILLETT

The rather shy girl, who used to get "A" on her high school theme, but who was a little timid to get on easily with a stag line, now can hold her own with the popular girl who might have been a bit dumb, but who knew just how to look up at a man in a way to make him feel wonderful.

The reason that the bright, shy, young lady is to have her day is that she'll be better able to express her personality through letters to the soldier away at camp than will the girl whose conversation was made up of a few slang phrases but who got by because she knew how to punctuate her remarks with just the right glance or toss of the head.

IMPORTANT OF LETTERS

And don't ever belittle the importance of letters in the life of a soldier.

The Rev. DeLoss Marken, chaplain for 39,000 soldiers at Camp Claiborne, La., says the young men in camp are eager for letters and that receiving letters make them much happier and better satisfied.

And anybody who knows anything about history knows how quickly romance can flourish through letters—even when a man and girl are separated from each other for long periods of time, and have to depend solely upon correspondence to keep romance alive.

So now that the lonesome-soldier-far-from-home-and-eager-for-mail situation is such a common one, the girl who has brains enough to write an interesting letter in a way that expresses her own individuality has a chance to hold her own with the girl with fewer brains but more oomph.

ROMANCE FOR THE TIMID

But if she hasn't a young man away at camp, a girl can always write to a young soldier from her home town. She can explain that she had heard men in the army liked to get letters from home and that she would be delighted to write to a

## Second Birthday Celebrated By Larry Flaherty

Larry Dale Flaherty celebrated his second birthday at a party given Wednesday afternoon at home by his mother, Mrs. Lawrence Flaherty.

Games were played on the lawn after which refreshments of ice served with toy cars as favors.

Present were Norma Jean and Janice Ann Dillman, Jimmy, Richard and Fabian Halduk of White Deer, Joyce and Vivian Brake, Dickie and Bobby Heller, Neva June Crawford, Gaylon Lard, Anna Lou and Robbie Old Guthrie, Carolyn Kay Ford, Mrs. V. Halduk, grandmother of the guest of honor, of White Deer.

man who was doing his part toward his country's defense.

The most timid girl could do that—because it doesn't take much courage for a girl boldly to make the first move toward friendship if the young man is a thousand miles away—and likely to be there for months.

"Courting Days Were Never Like This—"

Wouldn't it be nice if a man would not start, as soon as he is married, to fall into the following habits:

Getting off with the men in any gathering of husbands and wives—if there is no attractive unmarried girl around for the men to show off in front of.

Climbing into the front seat with the man driving a car, leaving the two women to sit together in the back. (Courting days were never like that.)

Shutting up like a clam the minute the food is put on a restaurant table, just he and his wife are dining together.

Listening apprehensively, instead of proudly, when his wife takes the conversational spotlight.

Grabbing the most comfortable chair in his own home.

Questioning his wife's taste in clothes.

Waiting to get a haircut until his wife reminds him three days in a row.

Feeling that his wife was darn lucky to get him—even though he worried himself sick for a year for fear she might marry another guy who seemed to have more to offer her.

"HAVEN'T YOU GOT ON TOO MUCH ROUGE?"

Pulling the old "hen-pecked husband line whenever there is another

# OILERS PLOT REVENGE ON SEITZ IN OPENER HERE TONIGHT

## Doubleheader To Be No. 1 Sports Event On Fourth

Grover Seitz, fieriest manager in the West Texas-New Mexico league, brings his Clovis Pioneers to Pampa for a single game tonight and a double-header tomorrow afternoon with Dutch Prather's Pampa Oilers. Game time tonight will be 8:30 o'clock. Tomorrow's doubleheader will be called at 2:30 o'clock.

Since Seitz took over management of the Pioneers the team has climbed from the cellar to seventh place and is crowding the Lubbock Hubbers for sixth position. When Seitz took the team it had lost 14 consecutive games and crowds were "nil." Now the Pioneers are paying their way in Clovis.

Last night the Oilers took a 2 to 0 seven-inning game from the Pioneers. John McPartland and Hewitt each hurled four-hit ball but the Pampa chunker kept the Clovis hits well scattered. Two games were scheduled but the last was postponed because of rain.

The Pioneers and Oilers have been rained out five times in Clovis so far this season. Two of the games have been made up but the other three will not be played this season because of lack of schedule time. The Oilers make only one more appearance in Clovis, a Labor Day double-header.

The Pioneers will remember their first game here under Seitz and they will be out to get even if it's the last thing they do this year. It was a Sunday afternoon. Seitz had taken over the Pioneers just before the game. The game started nice and quiet but as play progressed feelings became tense and arguments developed. First Seitz stomped and roared and then Prather raved and shouted, but the umpires paid no attention to either of them. Well, the game ended in the 13th inning with the Oilers winning 1 to 0.

Malvica Comes Through  
Seitz declared at the time that he would get even and he did. Tuesday night, by taking the Oilers into camp. Last night the Oilers went up so Seitz is still one down.

Sam Malvica, Pampa second baseman who goes to the army July 11, was the fair-haired boy in last night's victory. Scott opened the third inning with a triple and Malvica stepped to the plate and rattled the fence with a double. He went

to third on an out and then pulled one of his favorite tricks—he stole home. Malvica pilfered three bases last night to equal Seitz's record on Tuesday night.

While McPartland was pitching four-hit ball, Hewitt of the Pioneers wasn't giving away hits, only four of the Oilers getting base knocks and Malvica got two of them and drew a walk. Range, usually a weak hitter, bagged two singles for the Pioneers. McPartland was back in form last night, whiffing eight and walking only two. The big lefthander developed a wild streak for a couple of weeks.

McPartland Wins 11  
Last night's win was McPartland's eleventh against four losses. Who Prather will send to the mound tonight could not be learned today as team members were sleeping after driving through from Clovis last night. Myers and Grabek will both be ready. For tomorrow's

standings table.

## 858 Schools To Play In 1941 Football Campaign

By HAROLD V. RATLIFF  
Associated Press Sports Writer  
Texas' far-flung schoolboy football campaign will include 858 schools next fall—the largest field in history and the largest number for any state in the nation.

Athletic Director R. J. Kidd of the Interscholastic league today announced 183 schools had signed for six-man football and that pushed the total for all divisions above the 850 mark.

There will be 106 in Class AA, 302 in Class A and 302 in Class B. Texas is the leading state in number of six-man teams, the total having almost quadrupled in the four years this sport has been conducted.

For the first time the annual high school football coaching school, scheduled next month at Houston, will provide an instructor for six-man football. Kurt Lenser, considered one of the nation's outstanding authorities on this sport, has been selected.

With addition of the six-man coaches, the total enrollment at the school is due to approach 400 despite the draft cut down in other divisions.

The coaching school marks the start of the football campaign in Texas although it will be several weeks before practice officially begins.

Fritz Crisler, coach of the University of Michigan; Jess Neely of Rice Institute and Frank Leahy, new coach of Notre Dame, will be the instructors.

Due to discussion will be the age rule now prevailing in the Interscholastic league. With many schools to adopt the 12-grade plan next fall, the question of raising the 18-year limit to 19 is expected to be a topic.

Adoption of baseball as a sponsored school sport again will be discussed. A movement along this line has been under way for several years during which the number of schools playing baseball has increased materially.

## DiMaggio Sets Record In Consecutive Game Hitting

By JUDDSON BAILEY  
Associated Press Sports Writer  
Poker-faced Joe DiMaggio, the greatest player, excluding pitchers, in the present era of baseball, has reached his goal of a new all-time major league record for hitting in 45 consecutive games, and now can try shooting for another prize—the "triple crown of batting."

This haul is the championship in percentage hitting, home runs and runs batted in and is one of the most elusive batting honors in the game.

In the last 15 years it has been won by the immortal Lou Gehrig, who, incidentally, is to be memorialized by the New York Yankees and fans in a ceremony in Yankee stadium before tomorrow's double-header. Gehrig captured all three in 1934 when he hit .363, collected 49 home runs and batted in 165 tallies.

Babe Ruth was never able to hit this target. Rogers Hornsby did it twice in the National League in 1922 and 1925.

DiMaggio has a chance. His blow yesterday to break the 44-year-old mark of Willie Keeler for hitting in the most consecutive games was a sizzling home run, his 18th of the season and preserved his leadership in this department.

In batting in three runs to help the Yankees rip open the Boston Red Sox 8-4 he also lifted himself within four "RBI" of the league leader, teammate Charley Keller.

Joe's batting average of .374 is 26 points behind the .401 pace of Boston's Ted Williams, but their marks have been sliding closer.

Yesterday's victory was New York's sixth straight and 20th in 24 games in a furious surge that has given the Yanks a lead of three full games over the second-place Cleveland Indians, who were idle yesterday.

In the other American league tussles the Philadelphia Athletics clipped the Washington Senators 7-6 on Bob Johnson's 17th home run in the tenth inning and Detroit nosed out the Chicago White Sox 1-0 in a spectacular night game pitching duel between Nobby Newson and Bill Dietrich.

In the National League the Brooklyn Dodgers punished the Phils for Tuesday's setback by taking a 9-3 decision and chopping the lead of the idle St. Louis Cardinals to half a game. Dixie Walker led a 12-hit attack with two triples and a single, batting in five runs.

Pittsburgh beat the Cincinnati Reds 3-2 for Paul Derringer's tenth loss of the season.

The Boston Braves and New York Giants divided a doubleheader, Boston winning the first game 5-4 and New York the nightcap 6-0.

NATIONAL LEAGUE  
NEW YORK 000 004 000-4  
BOSTON 200 300 002-5  
Error—Nolan in Young, Rickson. Two-base hits—Young, Jurgens, Sisti, Cooney, West, Wagner, Erickson. Losing pitcher—Wittig.

SECOND GAME  
NEW YORK 000 000 000-0 11 0  
BOSTON 000 000 000-0 4 3  
Error—Danning; Hutchings, Earley and Montgomery, Mass.

PHILADELPHIA 210 000 000-3  
BROOKLYN 510 102 000-9  
Error—Livingston. Runs batted in—Benjamin 2, Medwick 2, Walker 5, Waddell 2, Marnie. Two-base hits—Waddell, Marnie, Franks. Three-base hits—Walker 2. Winning pitcher—Kimball; losing pitcher—Hoerst.

CINCINNATI 000 102 000-3  
PITTSBURGH 000 202 022-3  
Error—Joost. Runs batted in—McCormick, Van Robays 3, Lembarid, Joost, Elliott, Fletcher 2, Lopez. Two-base hits—Van Robays, Gleason, McCormick, Fletcher, Lopez. Three-base hits—McCormick, Elliott. Losing pitcher—Derringer.

## Junior Oilers Lose 10-Inning Game To Gassers

B. T. Adkins' Junior Oilers took the Cities Service Gassers 10 innings yesterday afternoon before losing a 6 to 5 exhibition game. On Sunday afternoon, at 2:30 o'clock, the Junior Oilers will go to Borger where they will play the Huber Blackface Juniors, at Huber Park.

Sharp was on the mound for the Oilers yesterday and he kept the men under control most of the time. Davis was behind the plate.

A. C. Miller, who had a trial with the Pampa Oilers this season, hurried for the Gassers with Merrick behind the plate.

Bill Arthur of the Oilers led all hitters with two singles on four trips to the plate.

Visitors to Blarney Castle, near Cork, Ireland, who kiss the Blarney Stone alone, will become proficient in flattery, according to legend.

## Blind Bogey Golf Tournament To Be Played Tomorrow

A blind bogey golf tournament will be played over the Pampa Country club course Friday, July 4. The tournament will be conducted so that everyone will have a chance to win.

Each player will pay 25 cents entry fee and will be given a sealed envelope in which will be a number. That number will be his handicap for 18 holes. It will not be opened until after all matches have been played at which time the winners will be determined.

A player may purchase as many envelopes as he desires.

It's one tournament in which the sub-par shooters don't have any better chance to win than the dub. Players may shoot their round any time during the day and with any partner they desire.

Caliber of the U. S. Army's coast artillery guns ranges from three to 16 inches.

## Sports Roundup

BY EDDIE BRIETZ

NEW YORK, July 3 (AP)—What's this about Jimmy Fox getting a cracked rib in a friendly wrestling match with Ted Williams in the Red Sox club house? The official announcement said Fox received a torn cartilage when hit by a ball. . . . But the grapevine says several of the Sox yelled "there goes the pennant," when Jimmy was plinned by Williams. . . . Most promising golfer Patty Berg saw on her 50,000 mile tour was Louise Suggs of Ithaca Springs, Ga. . . . Mebbe you noticed that when Joe DiMaggio broke Willie Keeler's record of hitting safely in 44 consecutive games, it happened exactly 44 years after Wee Willie posted the mark. . . . And old Bill Dahlen, former Cub and Dodger shortstop, who held the record (42 games) prior to Keeler, was in the Yankee stadium to see Joe turn the trick.

## Cats Score Double Win Over Indians

(By The Associated Press)

The Port Worth Cats have come to life and are gazing covetously at the Texas league second spot currently occupied by Shreveport. (First place is out of the question—that's virtually sewed up by Houston.) The Cats, who have been amassing quite a few victories these hot days, are only three games behind third-place Tulsa and by no means too far back of Shreveport to be a threat. . . . Showing the hustle that has distinguished them lately, the Cats scored a double win over the Indians at Oklahoma City last night, taking the first game 6-4 and the second 1-0. . . . The Oilers at Tulsa ended a five-game losing streak by defeating the Dallas Rebels 7-2; the Buffaloes went down before San Antonio 5-4 at Houston, and the Sports sloughed off a game by the score of 3 to 1 to the Exporters at Beaumont. . . . The Rebels were unable to do much with Henry Wye's offerings. Wye allowed seven hits to 12 for Garth Mann, crack Rebel hurler, who was driven to the showers in the seventh when the Oilers scored four runs. . . . Freddy Martin, who pitched for Houston, gave up only five hits. . . . Bob Dille of the Exporters let Shreveport down with four hits and was never in trouble.

## TODAY'S GUEST STAR

Art Cohn, Oakland Tribune: "Clark Shaughnessy, the well-known character builder, who has refused to capitalize on Stanford's Rose Bowl victory except to act as Bob Hope's stooge on an air show after a book, go on a speaking tour, conduct a coaching school and fill several other engagements—will (reluctantly, of course!) appear on a weekly radio show this fall." . . . Amateurism Ltd., eh?

## SPORTS STRAYS

Babe Ruth has holed in at Bretton Woods, N. H., for two weeks of golf. . . . Dizzy Dean can't make up his mind about that St. Louis sports-casting offer. . . . Golfers Jimmy Demaret and Ben Hogan begin a barnstorming tour of South America in October. Rich pickings to be had down there. . . . Here's a prediction: U. of San Francisco will organize a track team next spring with the famous Dink Templeton, former Stanford great, as coach. . . . Solly Krieger, now a heavyweight, has parted company with Manager Pete Reilly and is handling his own business. The Puerto Rican sports commission has revoked the 625 fine and one-year suspension it slapped on Satchel Paige, great Negro pitcher, for "incivility" to an umpire. . . . Trainer Sunny Jim Fitzsimmons has satisfied his life's ambition of breeding his own horse, saddling a champion and having a liveried chauffeur.

## Sam Harris Dies

NEW YORK, July 3 (AP)—Sam H. Harris, 69, one of Broadway's most successful theatrical managers and producers, died today at his hotel apartment. . . . The veteran producer, a native New Yorker, was thrown on his own resources when he was 11 and within six years had organized several entertainments. He was a partner in the theatrical firm of Sullivan, Harris and Woods before combining his talents with those of George M. Cohan, the actor. The latter association lasted from 1904 to 1920, and was resumed in 1926, when Harris was 30 and Cohan was 47. . . . Harris was a member of the Actors' Equity association and had a reputation of breeding his own horse, saddling a champion and having a liveried chauffeur.

Miscalculating Us: More brilliant victories by the Nazi military machine are expected, reports John T. Whitaker, correspondent for the Chicago Daily News.

Ties To Life: We are tied to life by thin physical cords which sometimes show an extraordinary toughness, sometimes snap at a touch.

Behind The News: The Pampa News Washington Correspondent WASHINGTON, July 3—Details of the jobs that you and you and you can do to aid your country in time of national emergency are beginning to come out of the Washington fog.

BOSS IN WASHINGTON: When a business man is called on the telephone and asked, "Is the boss in?", he should be careful with his answer.

The Nation's Press: "BOBBY DAY" IN THE HOUSE (New Orleans Times-Picayune)

WATC: FOR TRICKS: In Kansas City a collection was made ahead of time and it backfired. A junk man came along, said he was authorized to buy the stuff for 2 1/2 cents a pound.

FROM TOP TO BOTTOM: Organization will trickle down to you through a simple pattern. La Guardia will have a branch in each of the nine army corps areas, with headquarters in Boston, New York, Baltimore, San Antonio, San Francisco, Omaha, Columbus, Atlanta, and Chicago.

Common Ground

"THE AMERICAN CENTURY" I have been reading a small brochure written by Henry R. Luce, publisher of "Time" and "Fortune." The gist of the article is that this is the century in which America should take the leadership of the world. He says:

"If our leaders have deceived us it is mainly because we ourselves have insisted on being deceived. Their deceitfulness has resulted from our own moral and intellectual confusion. In this confusion, our educators and churchmen and scientists are deeply implicated."

"Journalists, too, of course, are implicated. But if Americans are confused it is not for lack of accurate and pertinent information. The American people are by far the best informed people in the history of the world."

"The trouble is not with the facts. The trouble is that clear and honest inferences have not been drawn from the facts. The day-to-day present is clear. The issues of tomorrow are befogged."

"He proceeds to infer that America should cease being interested only in the United States, but should take the lead throughout the world in religion, social problems, industry, literature and economics. He would even have us eliminate poverty throughout all the world."

"As I read through the brochure, it occurred to me that no country in all the world has ever been a leader where the opinion of the most ignorant and selfish had as much weight and power as the opinion of the most enlightened and the man with the most goodwill. In other words, no place in history has ever had a country where the majority ruled on all things through the government."

"In every place in history, where the most progress was made, the individual retained his inherent rights. All the people had the right to help establish values. It was not done by the majority, as we and England are attempting to do now."

"Undoubtedly, England was the leader in the Nineteenth Century. At that time, England had not become a government whereby the majority controlled the minority in their right to produce. It became that in 1912. The United States became a nation in which the majority controlled the minority in 1913."

"So the two nations that should be leading the world have disobeyed God's natural laws by overestimating the rights of the majority to control the minority. In other words, they have started to make discriminatory laws where all people were not equally free."

"Certainly there is great need for some nation to lead the whole world out of the wilderness. Certainly it will not be Russia or Germany or England or the United States so long as they disobey the laws of God."

"The nation that more nearly respects the equal rights of all is the nation that will assume the leadership of the world. It will assume the leadership of the world because in that nation will be greater freedom and the individual will develop more rapidly. In that nation, real leadership will be permitted."

OH YES, A PLOT, TOO: So far as I can figure, "Hellzapoppin'" will turn out to be a movie making fun of the difficulties of turning "Hellzapoppin'" into a movie.

THE NIGHT RAIN: There is a young fellow in town who strongly resents having to go to the army. He doesn't want to go at all, and questioning brought out that he didn't care much about fighting for Uncle Sam.

LETTING THE LITTLE FELLOW IN: There are 2,500,000 bricks in the Indianapolis Speedway, and if they were piled one upon another, they would extend more than 25 times higher than Mount Everest.

THE SACRED BARREL: The sacred barrel stood right in front of the house because it was easier to catch rain water there and without rainwater Mrs. King could not have withstood the Oklahoma droughts.

TEX'S TOPICS

TODAY'S column is made mostly up of facts obtained by reading and snatching ideas from somebody else who probably read and snatched the ideas from somebody else.

IT IS BECAUSE OF MEN: That women dislike each other. —La Bruyere

FORMED BY A GROUP OF YOUNG women is the Society for the Improvement of Appearance, Disposition and Ethics of Men, with the slogan "Man is Nature's sole mistake."

AMONG OTHER TYPES OF MEN the society seeks to improve are husbands who tell their wives' ages at parties, employers who delay dictation until four in the afternoon and keep secretaries working late, men who "paw" women at cocktail parties and restaurant patrons who call waitresses, "baby," "honey," or "girlie."

QUERIES FROM READERS: Q. Please state three most ticklish actresses in Hollywood in our named. A. Queried on this, our chief Hollywood cooperative answerer says, "Claudette Colbert, Rosalind Russell, Janet Gaynor," but declined to reveal the source of his information.

IT HAS BEEN WISELY OBSERVED: "If you want to be well thought of by a great mind leave him with a favorable impression of himself."

NO NAZI STORM TROOPER can marry unless Heinrich Himmler places his stamp of approval on the bride. One of Himmler's requirements: "The bride must be vouched for by two people who will tell the life she lived before her engagement, whether she is domesticated, a lover of children, how much alcohol she drinks and whether she has ever smoked."

IS THERE ANYBODY IN THE HOUSE WHO WOULD LIKE TO TRY HIS HAND AT WRITING THIS COLUMN FOR JUST ONE DAY WHILE WE ARE ON VACATION? WE'RE SHOPPING AROUND FOR ABOUT 15 OR 20 PAMPA NEWS WHO WOULD LIKE TO GET EVEN WITH US.

"ENGLISH" PRESIDENTS: More than half of the presidents of the United States traced their ancestry to England: Washington, John Adams, Madison, John Quincy Adams, William H. Harrison, Tyler, Taylor, Fillmore, Pierce, Lincoln, Johnson, Grant, Garfield, Cleveland, Benjamin Harrison, Taft, Harding, and Coolidge.

THE SMALLEST KNOWN FLOWERING plant in the world is watermelon, measuring about one thirty-second of an inch in diameter.

Legislature Overrides O'Daniel Veto

AUSTIN, July 3—One hundred and eighty-one Texas lawmakers, who convened the 47th legislature in January overcast weather, sweated in shirt-sleeves today to finish the longest general session in history by 6 p. m.

Final hours of the 171-day convulse, smashing the 46th legislature's record by eight days, found members pitching into eleven-hour work to clean up jammed-calendar essentials while packing personal effects for long-awaited journeys home.

Governor W. Lee O'Daniel's veto yesterday of a bill amending oil proration statutes toward elimination of asserted selective buying of crude was expected to bring last-minute attempts to override. Pending in the senate was a \$50,000 appropriation to be added to \$1,007,000 already spent on session expenses.

Undecided was the question what to do with an accumulated balance in the state's county and district road bond indebtedness fund.

O'Daniel also vetoed a bill increasing from seven to nine the number of directors of the lower Neches River Authority. He signed bills to conform state statutes with Federal Social Security regulations, granting lands to Fort Arthur for national defense purposes, validating housing authorities, regulating sale of seeds and permitting counties to tax for advertising purposes.

The senate followed the house's lead in overriding the veto of a measure permitting state colleges to earmark 5% of each student's fees for building construction while action in both houses sent O'Daniel a \$155,463 claims and accounts bill to pay judgments against the state.

An appropriation of \$300,000 annually to pay firemen's pensions under a 1937 law was one of the last bills under the wire. Senate approval sent it to O'Daniel's desk.

Recapitulation of biennial appropriations showed the legislature had provided governmental departments with a total of \$29,763,316, elementary institutions \$15,698,000, higher education \$22,602,000, judiciary \$4,905,193, rural school aid \$16,888,380, vocational education \$2,373,111, old age pensions \$40,500,000, teacher retirement \$6,200,000, dependent children \$3,000,000 blind assistance \$300,000, junior college aid \$850,000, cancer treatment and research \$500,000, conservation and reclamation districts \$69,200 and firemen's pensions \$600,000.

Among major legislation approved during the session were a \$22,000,000-a-year multi-levied tax bill, permitting people to vote on placing the state on a cash basis in 1946, unemployment compensation tax reductions of \$10,000,000 annually, boosting truck load limit to 38,000 pounds gross weight, making sabotage punishable by death, barring Nazi, Fascist and Communist party nominees from general election ballots, making oil proration permanent, curtailing liquor sales in dry areas and increasing the speed limit to 60 miles an hour.

The legislature rejected or failed to act on proposals to levy a 1.8 per cent transaction tax, clamp down on loan sharks, outlaw strikes by drastic means, create an appointive oil and gas commission, abolish poll taxes, eliminate the death penalty, levy a process tax on gasoline, ban liquor within 10 miles of military areas, legalize betting on horse racing, abolish the ad valorem tax and place the Texas Rangers under the attorney general.

HIGH SPOT: Mount Cornelia, on Fort George Island at the mouth of the St. John's river, is the highest point on the Atlantic coast south of Cape Henry.

GLOBE OF FLANTS: A globe of the world, made of plants, is at the entrance to the Marion, O., cemetery. Twenty thousand plants were used to make the globe.

THE SMALLEST KNOWN FLOWERING plant in the world is watermelon, measuring about one thirty-second of an inch in diameter.

THE SACRED BARREL: The sacred barrel stood right in front of the house because it was easier to catch rain water there and without rainwater Mrs. King could not have withstood the Oklahoma droughts.

THE NIGHT RAIN: There is a young fellow in town who strongly resents having to go to the army. He doesn't want to go at all, and questioning brought out that he didn't care much about fighting for Uncle Sam.

LETTING THE LITTLE FELLOW IN: There are 2,500,000 bricks in the Indianapolis Speedway, and if they were piled one upon another, they would extend more than 25 times higher than Mount Everest.

### Bummy Davis Knocked Out In 10th Round

BY GAYLE TALBOT  
NEW YORK, July 3 (AP)—Bummy Davis, the young, popular little waif from Brooklyn, can go back and tell his army buddies in Texas he put up a courageous fight before he bowed to Fritzie Zivic last night.

In fact, the ringside regulars were trying to remember any boxer who had absorbed a worse licking in a local ring just before Bummy finally sagged against the ropes in the 10th round and signified he had taken enough.

It was agreed that the last one to receive such a terrific beating here was Barney Ross on the night he gave up the welterweight title to Henry Armstrong almost four years ago. Bummy took it almost as well as Barney did, the difference being that Davis did not feel honor bound to stick it out for the distance like Ross.

Zivic did an artistic job on the soldier boy, taking full revenge for the foul shots Davis poured into his trunks at their first meeting last November.

In the first round Zivic caught Bummy wide open and chopped him to the canvas with a right to the jaw. The count had reached seven when the bell rang to end the round and gave Bummy another chance. Zivic never knocked his man down again, but what he did was worse, probably.

It wasn't a fight, really, from the eighth round on. Bummy was just proving that he could take it and the disappointing crowd of 8,968 which paid a gross of \$36,185 was proving the same thing.

### BRONC AND RIDER PART

This cowboy met up with a wild bronc, and didn't get along at all. They decided to part company. You can never tell what will happen at a rodeo, and the Anvil Park Rodeo at Canadian, July 4-5-6, will be no exception to the rule.

### Ward And Todd Favorites In Western Amateur

COLORADO SPRINGS, July 3 (AP)—A young, powerful-wristed North-westerner armed himself with long-hitting driver and accurate putter today to trail a jinx that has dogged Western Amateur Golf tournament champions for 17 years.

Blue-eyed Marvin (Bud) Ward of Spokane, Wash., who won this title last year in his first crack at the 42-year-old tournament, scoffed at superstition and said "it doesn't matter whether you're champion or not; it's whether you're hitting that ball that counts."

Ward and stoical Harry Todd of Dallas, medalist with a one-over-par 141 for two days of qualifying over Broadmoor's Mountain Meadows, are the big favorites and are in opposite brackets. Ward was National Amateur champion two years ago.

The defending titleholder drew a strong foe, Ronald Blum of Omaha for his first round 18-hole match today. Todd, Western champion in 1939 and low amateur at this year's National Open, was up against Lyman Wright, former Montana rodeo rider from Colorado Springs.

No golfer has won two Western crowns in successive years since Chick Evans of Chicago wound up a four-year string in 1923. Evans, playing in the Western for 35 years, qualified with 153, 13 over par, and was paired with Morris Norton, freckled Wichita Falls, Texas, veteran.

### Red Cross Disaster Relief Committees Here Announced

Pampa has a Red Cross disaster organization ready to function in all emergencies. The chairman of the organization is Fire Chief Ben White. Assistant chairman is L. H. "Jack" Johnson.

A full group of committees have been appointed and registered with the American Red Cross. Members are subject to call in cases of disaster from storms, explosions, fires or sabotage.

Each group has met and received instructions regarding its duties in case of emergency.

Members of sub-committees are:

Sub-committee on survey—Joe Gordon, chairman, Ivy E. Duncan, Tex DeWeese, John Wilkinson, Alvin Bell, Allie Barnett, Otis Humphrey, Bert Arney, Fred Thompson, Sherman White.

Sub-committee on medical aid—Drs. R. M. Bellamy, chairman, M. C. Overton, J. B. Johnson, W. B. Wild, H. H. Hicks, Miss L. Wirtz and Gene Fatheree.

Sub-committee on shelter—Bert Curry, chairman, Bill Sjock, Vernon Hall, D. C. Hoak, Fred Roberts, Frank Perry, Dr. Calvin Jones, Steve Matthews.

Sub-committee on transportation and communication—Raeburn Thompson, chairman, C. M. Jeffries, C. H. Wood, Sid Patterson, Herman Whitley, Otis Payne.

Sub-committee on fund raising and public information—Frank Smith, chairman, Wayne Phelps, Rev. Robert Boshen, Jimmy Dodge, B. E. Altman, Hal Lucas, Frank Monroe.

Sub-committee on rescue—Joe Roche, chairman, W. L. Hesekew, L. E. Wilson, T. P. Johnson, Lee Franks, D. C. Kennedy, E. C. Kenny, C. H. Cone, D. E. Williams.

Sub-committee on food—Farris Oden, chairman, Roy Bourland, F. L. Stallings, Garnet Reeves, Edwin Vicars, Bob McCoy.

Sub-committee on clothing—Paul Hill, chairman, C. R. Cobb, Ollie Daak, Homer Livey, R. E. Hamm, M. C. Johnson, Henry Jacobson, Mrs. W. L. Hesekew, Mrs. Thomas J. Smith.

Sub-committee on registration and information—Bob Thompson, chairman, Dr. Adrian Owens, Jack Dunn, Duke Balthrop, D. L. Parker, Hugh Ellis, Mrs. J. E. White.

Sub-committee on central purchasing—Mickey Prigmore, chairman, Bob Curry, A. L. Prigmore, John Ketter, Frank Hill, T. A. Perkins, L. N. Atchison.

### Cotton States League Having Trouble By Bale

NEW ORLEANS, July 3 (AP)—The Cotton States baseball league this season is having trouble by the bale. About all that's left is for a plague of boll weevils to come along and eat up the uniforms.

Troubles, ranging from appendicitis in the pitcher's box to fallen arches in the outfield, from too many balls hit outside the parks to too few customers inside them, have afflicted the class C circuit of eight Mississippi, Louisiana, and Arkansas clubs.

The 1940 champions and current loop leaders, Monroe, La., are just a sample:

A catcher was sidelined a month by a beanball, an outfielder was hit in the side by a pitch, three pitchers had sore arms, another pulled muscle, another a tonsilectomy and another appendicitis.

When he didn't have any pitchers on the bench and his hurler was being knocked out of the box, Manager Doug Tatt had to chunk himself, loop rules forbidding use of fielders—but saying nothing about managers pitching.

Then there's Hot Springs (Ark.) The Bathers massed 65 runs in four games recently, but lost them all. Their opponents got 80. Three official scorers quit before the slugging subsided in the Bathers' Band-box park.

Texasarkans (Texas-Ark.) and Vicksburg (Miss.) have switched managers and Texasarkans has got an entire new infield since season's start.

Some franchises have had narrow squeaks, managers have difficulty meeting payrolls, but—the ole league just keeps a-rollin' along.

### Mrs. Joe Louis Seeks Divorce

CHICAGO, July 3 (AP)—Two weeks after a dinner for which she said "I cooked everything he liked in hopes we'd patch things up," Mrs. Joe Louis has filed suit for divorce from the world's heavyweight boxing champion. She alleged extreme and repeated cruelty.

In the action, filed yesterday in circuit court, she said the famous Brown Bomber dealt her "a violent blow in the mouth with his hand" Jan. 2, 1941, and "hit her in the face and stepped on her ankle" April 19, 1941.

"We separated after that last incident," said Mrs. Louis, the former Marva Trotter of Chicago. "But two weeks ago we had dinner together. I fixed everything he likes, but it just didn't work out."

Mrs. Louis, 24, asked restoration of her maiden name and temporary alimony. Informed of the suit, Louis appeared stunned, denied striking his wife, but said he would not contest the action.

He said they had differences arising over her insistence that she accompany him to training camps and on exhibition tours.

They were married in New York Sept. 24, 1935, the night Joe knocked out Max Baer early in a career in which he won the heavyweight title from Jim Braddock in June, 1937, swept through 13 successful title defenses and earned almost \$2,000,000.

### Dies Will Go Back To Capitol For Series Of Hearings

ORANGE, July 3 (AP)—Congressman Martin Dies, who ran fourth in the Texas senatorial race, said today he would leave soon for Washington to resume work in congress and begin a series of hearings before his house committee investigating un-Americanism.

"I am grateful to the people of Texas for their kind and courteous consideration of my candidacy," he said. "The people have spoken and I except their verdict without complaint or resentment."

"Now that the election is over, it is the duty of all of us to cooperate for the interests of America and the newly-elected senator will have my cooperation."

Unless real activity soon develops in the lighter-than-air field, dirigibles may very likely become a thing of the past for America's air force within the next few years.

### Tennis Stars Play Before Handfuls At Clay Championships

NEW YORK, July 3 (AP)—From now on the cash customers at the eastern clay court tennis championships are going to keep the clubhouse surrounded, instead of just congregating in one spot.

Early yesterday afternoon while spectators jammed the grandstand to watch Patricia Canning of Hidden Valley, Calif., defeat Helen Marlowe, of Los Angeles, a couple of men named Frankie Parker and Joey Fishbach sneaked out to the backyard to play a fourth round match. It was a torrid affair, too, but few people knew about it until Parker and Fishbach had played nearly half the first set.

After Parker had defeated Fishbach to gain the quarter-final round, the folks remained behind the clubhouse tearing apart Parker's new forehead, which is more than Fishbach was able to do. Meanwhile, Frankie Kovacs and G. Littleton-Rogers were out front battling for a berth in the fourth round before a mere handful.

But Rogers changed all that by winning the first set. Immediately there was a stampede forward. But by the time most of the crowd arrived Kovacs had one foot out of the tournament and most of the customers complained afterwards that all they saw was the handshake after the final point. Today the bewildered committee was toying with the idea of playing only one match at a time to guard against upsets in privacy.

Australia has a bombardier beetle (Pherosophus verticalis) which sends out a little cloud of acid vapor to temporarily disable its enemies.

An apparatus has been perfected in Australia by which pure water can be obtained from the human breath.
