Aluminum For Defense Planes To Be Taken To Sheriff's Office

MIGHTY, NEW NAZI DRIVE IN RUSSIA REPORTED

Rose Named Co-Chairman Of Campaign

Boy Scouts Will Assist In Drive July 24 And 25 Sheriff Cal Rose today accepted appointment as co-chairman of the Gray county aluminum collection campaign, and at the same time Scout Executive Fred Roberts announced that Boy Scouts of Pampa and of the Council would cooperate in the collection of aluminum.

The house-to-house canvass and collection will not take place until July 24 and 25, inclusive, dates set by Mayor F. H. LaGuardia of New York City, U. S. director of Civilian Defense, but residents and industrial concerns are invited to contribute aluminum between now and then by bringing it to Sheriff Rose's office in the courthouse.

Aluminum will be stored in the large vacant room connecting the waiting room of the sheriff's department and the jail elevator. Persons who contributed aluminum will be invited to sign a register, showing that they have contributed used and discarded aluminum which is needed for national defense production which now is experiencing a temporary shortage of aluminum.

"Every American who wants to help build airplanes for the defense of our way of life can do so by contributing all the aluminum he can spare in this campaign," Sheriff Rose said. "Behind every piece of modern defense equipment lie raw materials. Millions of households in this country have one of the most vital of these materials—aluminum—lying around their collars and cuffs. Let's get Pampa over the top quickly in this aluminum drive. I have complete confidence in the patriotism of Gray county families and I believe that every family in the county will be represented in the contributions."

The aluminum may be brought to the sheriff's office. The contributor will be invited to sign a register showing that they have donated. The aluminum will later be taken to the yard of a local waste dealer for sorting, weighing and baling; then it will be shipped to the smelters. The waste dealers have been asked as a patriotic service to contribute supervision facilities without profit. The metal will be sold to the smelters at a special price in price set by the government. The smelters will pay directly by check to "National Scrap Aluminum Fund," care of the Federal Reserve bank of Richmond, Va. The entire net proceeds will be available to the Office of Civilian Defense for any expansion of the drive for the proper defense of the civilian population.

The other co-chairman of the drive is Rep. Ennis Favors. Sheriff Rose, Rep. Favors, and Mr. Roberts will cooperate in directing the aluminum drive in price set by the government. It is expected that Scouts over the entire county would probably assist in collecting the aluminum.

It was emphasized that Pampans may bring aluminum to the sheriff's office now, especially in the afternoon hours. On July 24 and 25, Boy Scouts will make a house to house collection. Residents will be asked to leave their aluminum ware at the front door on those two days, and the Scouts will collect it with a truck.

BIG TIME CHAMP GIVES TIPS

Practical advice from a big-time race champion is given the Soap Box Derby driver in Akron, Ohio. Here Dean Stielow, Des Moines, Ia., champion, gets last-minute driving tips from William Shaw, 1940 Indianapolis Speedway victor. The 1941 All-American Soap Box Derby will be held in Akron August 17, just one month after the third annual Pampa News-Pampa Lions Club Soap Box Derby is held here on Thursday and Friday nights, July 17-18.

Inspection of cars entered in the local derby is to be held Monday at the high school gymnasium. The 1941 All-American Soap Box Derby will be held in Akron August 17, just one month after the third annual Pampa News-Pampa Lions Club Soap Box Derby is held here on Thursday and Friday nights, July 17-18.

Derby Cars Will Show Boys' Inventive Skill

Climaxing two months of study, planning, testing, and hard work, the products of three-score Pampa boys' ingenuity will be seen at the high school gymnasium next Monday morning.

"That's all my boy has been thinking about," one Pampa father said today, as he was asked about his son's progress in building a model automobile to be entered in the third annual Pampa News-Pampa Lions Club Soap Box Derby to be held Wednesday afternoon at the course, Pampa's Derby Downs, located three miles north of Pampa on the old Miami road.

79 New Registrants Added To Draft List

Names of 79 more men, potential soldiers for Uncle Sam, were added today to the list of men registered with the Gray County Selective Service board as the board completed the listing of serial numbers to the 21-year-old men of Gray county who registered July 1.

The list of new registrants will be incorporated with the old, (the enrollments taken October 16, 1940). This makes the total number of registrants for Gray county 3,475.

U.S. Steel Gone Into 50 British Bases

WASHINGTON, July 11 (AP)—President Roosevelt declared today he would not be surprised if American steel had gone into 50 British bases and if American workmen all over the world were being paid by the British government.

The President made his statement at a press conference where the question of construction of American bases in Ireland or Scotland arose. Senator Wheeler (D-Mont.) has said he had information such construction was under way.

When a reporter remarked that there seemed to be some substantiation from abroad for the senatorial contentions, the President said whatever was being done was being accomplished either through straight purchases by the British government or under the lease-lend act.

Hale Will Be Honored At C-C Luncheon

Sammy Hale, one of baseball's most colorful figures, is now manager of the Pampa Oiler baseball team in the West Texas-New Mexico league and on Tuesday he will be honored at the regular monthly meeting of the Pampa Chamber of Commerce.

The Tuesday meeting in the basement of the First Methodist church, will be members of the Pampa baseball team who will also be recognized.

Guests of the chamber of commerce at the Tuesday luncheon, at 12 o'clock noon in the basement of the First Methodist church, will be members of the Pampa baseball team who will also be recognized.

Zamzam Survivors Will Be Released

NEW YORK, July 11 (AP)—William V. C. Ruxton, president of the British American Ambulance corps, announced today that 21 American men who survived the sinking of the Egyptian steamer Zamzam were being released by German authorities for return to the United States.

Ruxton said the German government had informed the U. S. state department that the men, volunteer members of ambulance corps units, were being sent to Lisbon for removal to the United States aboard the army transport West Point, formerly the United States liner America.

Lost: Steer Owned By Harry Dulaney

If you find a homeless steer sleeping in your garage or kicking at the back door for something to eat, it probably belongs to Harry Dulaney, carrier for The Pampa News at the Shell-Empire camp, west of town.

Knox Denies U. S. Navy In Shooting War

WASHINGTON, July 11 (AP)—Secretary Knox and Admiral Harold R. Stark voiced what were termed by commentators "categorical denials" before the senate naval committee today of published charges that the American navy had engaged in combat with Nazi naval units.

In a closed session lasting more than three hours, the secretary of the navy and the navy's chief of operations were reported to have denied "line by line" demands made in a resolution introduced by Senator Wheeler (D-Mont.) to know whether the navy had engaged in a "shooting war."

One member of the naval committee, who asked that he not be quoted by name, said these denials were "categorical." He said the whole subject of American naval operations, as related to the European war, was discussed at length, but declined to reveal what was said.

Chairman Walsh (D-Mass.) said the committee would make a report on its hearings, probably next Tuesday. He predicted that this report would "clear up a lot of questions."

Lynn Blackwell Receives Wings At Kelly Field

A young Pampian today received his wings at Kelly Field, San Antonio, and became a second lieutenant in the air corps reserve. He was Lynn D. Blackwell, son of Mr. and Mrs. Clyde L. Blackwell, 319 North Warren street.

Blackwell was manager of the American Manufacturing company here until last November when he enlisted in the air corps. He took his preliminary training at San Angelo and then went to Randolph Field, San Antonio, for basic training.

Americans Warned Of Higher Income Taxes

WASHINGTON, July 11 (AP)—Treasury experts, giving a thought to the many state taxes, warned today that the job of next year's income taxes is going to be heavier than many people anticipated.

For instance, assuming enactment of the federal income tax program along the lines planned by the house ways and means committee, a married man with one child and a \$10,000 taxable income will owe Uncle Sam \$1,116.

But if this man lived in New York, he would have to add on about \$260 for the New York income tax, and his total bill for income taxes would be \$1,376. In California he'd add \$82, in Missouri \$165 and in North Carolina \$348.

CHAIRMAN

W. J. SMITH, Chairman of the board of directors of the State Bar of Texas, is William Jarrell Smith of Pampa, who will serve in that office for 1941-42. He was elected at the bar's convention in Dallas last week. Mr. Smith is president of the Gray County Bar Association.

Vichy Hints U. S. Will Try To Seize West African Port

VICHY, July 11 (AP)—Informed circles here said today that the defenses at Dakar, French West African port and hopping-off point for South America, were being made ready to meet any possible new landing attempt.

Colonial circles frankly said they did not like the prospect of possible further "complications" after the occupation of Iceland by the United States. They expressed the conviction that other extensions of United States control over Atlantic outposts would be a big political mistake at the moment.

Shortage Looms In Powder Ingredient

WASHINGTON, July 11 (AP)—Rep. Patman (D-Tex.) has called the attention of the house to a developing shortage of chemical linters, fibrous ingredient of smokeless powder, that he says "threatens to disrupt and retard production" of that important defense commodity.

"Unless this shortage is frankly recognized," he warned the house in a speech, "the nation may find itself without enough powder to furnish the ammunition for the planes and the tanks and the guns that are just beginning to roll off our assembly lines for the common defense."

Vichy Turns Down Armistice Terms

VICHY, Unoccupied France, July 11 (AP)—The Vichy government, after studying British terms for an armistice in Syria, announced today it had found them unacceptable and indications were that the fight with the British and De Gaulle's army disclosed today.

The English list of armistice conditions is in basic and in form unacceptable for the French government, said the announcement. It added that the terms "seemed to have been edited precisely to prevent all possibility of eventual agreement on the points in question."

Collapse Of Reds Certain, Brags German

RUSSIAN INSIST HUNS STOPPED FOR GOOD AT LINE LONDON, July 11 (AP)—A mighty new German offensive, aimed at overwhelming results, is underway in Russia, it was reported reliably today.

An offensive pointed at Moscow, Leningrad and Kiev is to be backed with the full might of Adolf Hitler's mechanized divisions, according to these reports. One neutral source said that if the Germans push as far in the next 10 days as they did in the first week of the vast campaign on the eastern front "they will have gone a long way toward winning the initial campaign of the Russian war."

The depth of their drives in the first thrusts toward Moscow and Kiev, the Russian Ukraine capital, was estimated by observers here at about 12 miles. A rest period for the German forces after 14 days of very hard fighting now has ended, the source said.

The halt came because of two reasons, he added, difficulty of supply and exhaustion of tank troops, but now "the Nazis will troop everything in the way of mobile troops, armored, mechanized and motorized divisions into the offensive."

Any optimism over Russian strength in the past 48 hours should be "tempered by memories of similar pauses of the Germans in Flanders, France and Greece," this commentator cautioned. "But he said, it is 'definite that Russian resistance has been much stronger than anticipated by the Germans.'"

ISAW

J. B. and Jimmy Johnson, three and four-year-old sons of Dr. and Mrs. J. B. Johnson, clad in shorts and carrying doctor's kits, going around the neighborhood calling on the neighbors to see how many were ill and to see what they could do for them. They had thermometers and insisted on examining their patients, including Mrs. O. E. Booth who was told after they had looked at her paint-smearing hands, that she had been eating too many oranges.

More boys who wanted wood-burning jobs or yard work, and who have been receiving money for most of the boys who have been working, and one boy got five dollars from neighbors because he had seen job so well. If you have any work for boys call this corner.

I HEARD

That farmers are having to guard their crops and cornfields over night or everything movable would be stolen. Gas and oil have been drained from farm equipment, tools have been stolen and parts of combines and tractors removed, according to several farmers. The order to "shoot" has been issued by several farmers to men they have hired to guard their equipment.

Manila Has Blackout

MANILA, July 11 (AP)—Manila's first blackout was "successfully executed and generally effective," a statement issued by the Philippine department of the United States army disclosed today.

The statement said that the report of the results of the blackout was based on observations made by air pilots, whose planes roared over the city the half hour the lights were out just before midnight.

BOOTS AND HER BUDDIES

About Right, Too

By EDGAR MARTII

'Blacklist' Of Shippers Being Planned

WASHINGTON, July 11 (AP)—United States defense officials, determined to end leakage of American goods to Germany, were reported giving serious consideration today to the compilation of a worldwide list of firms which serve as Nazi purchasing agents.

The British are known to have a "blacklist," as such listings are called when prepared by belligerent governments, and presumably this information has been made available to American officials for such use as they desire.

Other sources of information understood to be at the disposal of Brig. Gen. Russell L. Maxwell, export control chief, include an inventory being made by the treasury of foreign assets frozen in this country and data on Nazi activities in South America gathered by the office of commercial and cultural relations between the American republics.

The extent to which American manufactured supplies and raw materials—steel, oil and the like—may now be reaching Germany was not ascertainable. Several factors, however, lead officials to believe that the flow has been greatly curtailed.

In the first place, the hostilities between the Reich and Russia has had the effect of closing the Siberian back-door route for supplies to Germany. Furthermore, the United States has imposed export restrictions on most militarily valuable supplies in recent months, and simultaneously has been waging virtual economic warfare on suspected Axis agents in South America.

If any further leaks are to be plugged, the next step was believed to be the preparation of a master list, which would provide a guide for all interested government departments, and also give exporters an index enabling them to determine what firms to deal with.

At the same time, Senator George (D-Ok), chairman of the Senate Foreign Relations committee, announced he was opposed to dispatching American armed forces to any additional points outside the Western hemisphere. He said he doubted reasons existed to justify further action in this regard.

With the question of additional Atlantic bases suddenly to the fore, members of the Senate Naval committee decided to ask Secretary of Navy Knox for information on the subject when he appears before the body today. Admiral Harold R. Stark, chief of naval operations, also was asked to appear.

The committee convened to inquire into reports that shooting has occurred in the past during encounters between vessels of the U. S. Atlantic patrol and German naval units. Committee members said that Knox would be asked specifically whether the navy planned bases in northern Ireland and Scotland.

A brawl between Pete Medak, Monroe first baseman, and Pat Henry, Greenville second sacker, developed into a battle royal among the teams as players of both sides rushed in. Police and umpires restored peace.

No threatening gestures were made against Bob Newman or Cy Pifman, umpires who were the targets of fists and stones after Wednesday night's loss to Greenville. The incident had brought a warning by Emmet Hart, Cotton States League president, that another maltreatment of the arbiters would bring suspension of everybody connected with baseball here.

The fans were too happy to fight the umpires, anyhow, as Monroe won last night.

Jackson and Son

Robert H. Jackson and his son, William E. Jackson, should be proud of each other. The elder Jackson has been advanced from attorney general to the U. S. Supreme Court and the son has just been graduated from Yale University.

About one-fourth of all the trucks registered in the United States are found on farms, placing the total number of farm-owned trucks at 1,250,000.

Million Reds Dead, Captured, Claim Germans

BERLIN July 11 (AP)—Russian dead and captured were estimated today by DNB, official German news agency, at 1,000,000 men but the agency conceded that the German eastward drive from the Bialystok-Minsk area had come to a standstill in many places.

The halt was attributed to the necessity of "clearing roads of wrecked Red army machines. "Unimaginable chaos" prevails among Red troops withdrawing from the Bialystok-Minsk zone, DNB said, adding that the Russian losses were comparable only with the slaughter in the greatest battles of the World War. (The DNB estimate of the number killed and captured is the same as that given by a Russian spokesman on Monday for dead and wounded Germans.)

German artillery, supported by the air force, poured a devastating fire on retreating columns which, DNB said, left so much material behind that some of it had to be shoved aside to permit the advance of German troops.

Wheeler Renews His Assault On Defense Policy

WASHINGTON, July 11 (AP)—Senator Wheeler (D-Mont) renewed his verbal pounding at administration defense policy today, charging that cargoes of materials already had been sent to northern Ireland and Scotland for the construction of United States naval bases there.

Wheeler thus trumped the assertion made by Senator Taft (R-Ohio) yesterday that the United States was engaged in constructing air bases in both countries, but for the use of Great Britain.

(In London, the foreign office said "some technicians and laborers from the United States are engaged in connection with certain works" in northern Ireland but that all were direct employees of the British government. Statements that the United States is establishing an air base in northern Ireland, the foreign office added, "are not borne out by information available in London.")

At the same time, Senator George (D-Ok), chairman of the Senate Foreign Relations committee, announced he was opposed to dispatching American armed forces to any additional points outside the Western hemisphere. He said he doubted reasons existed to justify further action in this regard.

With the question of additional Atlantic bases suddenly to the fore, members of the Senate Naval committee decided to ask Secretary of Navy Knox for information on the subject when he appears before the body today. Admiral Harold R. Stark, chief of naval operations, also was asked to appear.

The committee convened to inquire into reports that shooting has occurred in the past during encounters between vessels of the U. S. Atlantic patrol and German naval units. Committee members said that Knox would be asked specifically whether the navy planned bases in northern Ireland and Scotland.

Greenville And Monroe Players In Battle Royal

MONROE, La., July 11 (AP)—The umpires were unmolested, but that didn't prevent Monroe baseball fans from enjoying another good scrap last night.

A brawl between Pete Medak, Monroe first baseman, and Pat Henry, Greenville second sacker, developed into a battle royal among the teams as players of both sides rushed in. Police and umpires restored peace.

No threatening gestures were made against Bob Newman or Cy Pifman, umpires who were the targets of fists and stones after Wednesday night's loss to Greenville. The incident had brought a warning by Emmet Hart, Cotton States League president, that another maltreatment of the arbiters would bring suspension of everybody connected with baseball here.

The fans were too happy to fight the umpires, anyhow, as Monroe won last night.

250,000 Building Trade Workers Involved In Strike

(By The Associated Press) Officials of the AFL Brotherhood of Electrical Workers had authorization today from 4,000 union members to call a strike in New York City which might halt construction on all buildings being erected in the metropolis.

No date was set for the strike, which union officials said would involve more than 250,000 building trades workers.

The union has been involved in a lengthy dispute with the Consolidated Edison company over assignment of work at a new power plant. The AFL men declared that the work on the plant had been assigned to members of the Brotherhood of Consolidated Edison employees, which they asserted was a company union.

A strike of 60 AFL building and construction trades union members was called yesterday at a \$2,500,000 naval ammunition dump being built 50 miles north of San Diego, Calif. A union spokesman declared the contractor had violated a verbal agreement regarding working conditions. He said wages and hours were not involved.

The national defense mediation board announced an agreement had been reached for settlement of a dispute involving 2,300 CIO textile workers and Cheney Brothers, South Manchester, Conn. The union still must ratify the agreement, terms of which were not made public. The firm manufactures parachute fabrics and machine parts for plane factories.

Sacrament To Be Subject Of Sermon
"Sacrament" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 13.

The Golden Text is: "A new commandment I give unto you, That ye love one another; as I have loved you, that ye also love one another. By this shall all men know that ye are my disciples, if ye have love one to another" (John 13:34,35). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Simon Peter answered and said, Thou art the Christ, the Son of the living God. And Jesus answered and said unto him, Blessed art thou, Simon Bar-jona; for flesh and blood hath not revealed it unto thee, but my Father which is in heaven" (Matthew 16:16,17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The supremacy of Spirit was the foundation on which Jesus built. His sublime summary points to the Religion of Love." (page 138).

Dies Asks Probe Of Senale Race

ORANGE, July 11 (AP)—Rep. Martin Dies today urged an investigation of the recent Texas senatorial election into which he charged "CIO and fifth column organizations poured hundreds of thousands of dollars" to defeat him.

In a statement, the chairman of the house committee investigating un-American activities said he would open hearings Monday in Washington to receive evidence about subversive elements in America.

"Before long I expect to have the full facts," he declared. Dies asserted a fearless investigation would disclose "flagrant violations of the Hatch act and the federal statutes limiting campaign expenditures to \$25,000."

"Not less than \$500,000 was spent in this campaign contrary to the intentions of the federal law," he continued. "Government employees throughout the state were written numerous letters and contacted by telephone and telegraph for the purpose of influencing their votes."

"As an example, a form letter sent to government employees informed them that they would not be violating the Hatch act by expressing their preference for a candidate."

Refugees From Rome

Woodruff Bentley, 3, his sister, Logan, 7, and her doll arrive in New York on Atlantic Clipper. Children's father, Maj. William C. Bentley, former U. S. attache at Rome, was ordered from Italy.

Lions Provided 19 Tonsilectomies For Children, McMillen Reports

Pampa Lions started another year last night when new officers of the club for 1941-42 were installed by Prof. H. C. Pender of Texas Technological college, Lubbock, district governor of Lions District 2-T. The installation was a part of the banquet program held at 6 o'clock in the basement of the First Methodist church, with Arthur M. Teed as toastmaster.

Roy McMillen, retiring secretary-treasurer, reviewed the club's accomplishments. Outstanding among these were underprivileged children's work. Secretary McMillen said the club has provided the money for 19 tonsilectomies for children, and two sets of glasses, among other work for children.

The annual Pampa News-Pampa Lions-LaNora theater Christmas party for children, Lions minstrel, Lions carnival, and the Soap Box Derby, sponsored by the Pampa Lions in cooperation with the Pampa Lions club, were cited by Mr. McMillen as salient club projects.

District Governor Pender installed the new officers: Crawford Atkinson, president; W. E. James, secretary-treasurer; Dr. R. Malcolm Brown, tall twister; Charles Lamka, lion tamer.

Directors are L. L. Sone, Frank Smith, Al Johnston, O. T. Hendrix, Ralph R. Thomas, Dr. W. L. Campbell. Ken Bennett led in group singing.

Flashes Of Life

(By The Associated Press)
PHILADELPHIA — It's going to take more than the draft to separate the inseparable Desandro twins.

The 21-year-old brothers, John and Joseph, were among 151 registering with local board 67. After several officials shuffled the cards, Joseph came up with semi number 5-10 and John 5-19.

JACKSONVILLE, N. C.—An employment service manager had telephoned vainly seven state regional offices for two brick masons to work on the new marine base here. Discouraged, he dropped by a soda fountain.

Two men there asked him the location of the state employment office. "We're brick masons," said one of them, "and looking for work."

JEFFERSON CITY, Mo.—Patrolman Claude Short showed up for work with two chipped front teeth and this story: "A storm came up while I was squirrel hunting. Lightning hit a tree in front of me, forked up out of the ground and into the end of my gun barrel. "My head shook so hard it broke these two front teeth."

SALT LAKE CITY — A dapper looking man asked Arthur J. Teede, concession manager at the Salt Lake ball park, for a job. Teede supplied him with soda pop, a uniform and \$6 in change. He hasn't seen the man since.

Three-fourths of the auto workers in Detroit factories are more than 30 years old, 40 per cent more than 40.

Panhandle Resident For 45 Years Dies

Albert Smith, 67, a resident of the Panhandle for 45 years, died this morning at his farm home 4 miles north of White Deer. He had been ill for several months following a stroke.

Mr. Smith was born in Kentucky but moved to Carson county at the age of 22. He had resided north of White Deer for 15 years. Survivors are the widow, a sister, Miss Emma Smith of Harrodsburg, Ky., who has been here for several days, and three brothers, William of Billings, Mont., Elias of Lancaster, Calif., and George of Campbellsville, Ky.

The body lies at rest at Huffman-Nelson Funeral home. Burial arrangements have not been announced.

Wings Presented To 317 Brooks And Kelly Field Flyers

SAN ANTONIO, July 11 (AP)—Wings as U. S. army air corps pilots were presented to 317 young men at Brooks and Kelly fields here today as graduation exercises were held at the two advanced training fields. At Randolph field, huge basic training center, 300 fledgling pilots had completed their required 10 weeks course and were waiting to take the place of the candidates at the advanced schools.

At Randolph field, huge basic training center, 300 fledgling pilots had completed their required 10 weeks course and were waiting to take the place of the candidates at the advanced schools. Twenty-one of the graduates at the two fields were army officers earning pilot ratings. The remainder of the classes was composed of 296 flying cadets from all over the country who today become second lieutenants in the air corps reserve.

GETS WINGS

George Courtney McCarty, above, son of Mr. and Mrs. James M. McCarty of McLean, was one of 74 flying cadets from Texas to graduate from the air corps advanced flying school at Stockton, Calif., today.

W. J. Faulconer was dismissed from the local hospital today.

Mr. and Mrs. Howard Green of Brownsville are visiting with Mr. and Mrs. L. E. Lytes.

Harold Martin, son of Mrs. E. A. Harris, left this morning for Fort Bliss where he will be stationed in the United States army.

Community singing will be held Sunday afternoon at 2:30 o'clock at the Full Gospel church, 500 South Cuyler street.

Miss Betty Jean Parks of Miami is spending the week in the H. H. Heiskell home.

Miss Lettie Ince of Itaska is visiting with her aunt, Mrs. John Henry Jones.

Gray county's July 11 quota of eight men will report today at the induction station at Fort Bliss, El Paso.

The men left here by special bus at 9 o'clock this morning, with James Parks Brumley, Pampa, as leader and Frank E. Kennedy, of McLean, as assistant leader.

A list of the Gray county registrants of July 1 has been posted by the Gray County Selective Service board on the bulletin board on the first floor of the court house.

Mrs. Jess P. Noel of San Antonio is visiting her daughter Mrs. Irvin Cole and family and other relatives here. Mr. Noel will join her in a few days.

One man was fined on an intoxication charge in city police court today.

Mr. and Mrs. E. M. Heard and son, Maurice, Mrs. Bertha Stevens, Mrs. Jessy Stroup and Jerry and Joan Stroup were dinner guests Thursday of Mr. and Mrs. O. W. Bray at Sunray.

On vacation in California are Iva Wilson and daughters, Jacqueline and Doris, and Mrs. Wilson's mother, Mrs. McLaughlin. They left Pampa July 3, are to return July 20.

Solons Still Disputing On Strike Laws

WASHINGTON, July 11 (AP)—After more than a month's debate, the house and senate found themselves in disagreement today on legislation for the discouragement of defense strikes, and for giving deferment from military training to selective service registrants over 28 years old.

Indications were that some compromise would be hammered out in committee, with the selective service proviso of the dual-purpose bill promising to be the easier job.

The outlook of the strike control provision of the measure was more uncertain, for the house on four separate bipartisan roll calls yesterday voted down the anti-strike clauses which the house committee had substituted for those previously approved by the senate.

All that was left in the dual measure when it finally passed 345 to 17 was its first paragraph providing for mandatory deferment from military training of men who were 28 and older on July 1.

On this particular point, the bill as it passed the senate provided only that the President be given discretionary authority to defer men of such ages.

The house never had a chance to vote on any of the main sections of the strike provisions yesterday, all of the tests coming on the substitute reported by its military committee, empowering the President to order production resumed at strike-bound plants and to protect workers desiring to return to their jobs.

Democratic leaders predicted, therefore, that while the house appeared dead set against the substitute it might ultimately approve the senate version or part of it at least.

It is not necessary to make application for transfer when pupils are moving from one school to another within the same school district, nor cases in which pupils from one district attend school in another because there is no school in their home district.

In Gray county, such districts are Davis, Bell Schaffer, Huntsman, and Keplinger.

Where parents of the children are moving from one district to another it is not necessary to make application for transfer.

In cases where transfers are to be made from one county to another, the application must be made to the office of the county superintendent from whose county the transfer is asked.

Should there be no county superintendent, as is the case in some counties, the application must be made to the county judge.

The out-of-county applies only to adjoining counties and adjoining school districts. Transfer applications apply to both grade and high school students.

Germany Not Bugged Down, Says Writer

BY DEWITT MACKENZIE

The London report that the Germans have renewed their Russian drive on a big scale fits the expectations of military experts perfectly, since any idea that the Nazis were definitely bogged down was the result of dangerous wishful thinking.

With completion of reorganization of their forces after their initial long sweep into Russian territory, the invaders apparently now are ready for an all-out assault on the great Stalin line. This will be the first time that a frontal operation has been undertaken against one of these modern "Maginot" defenses.

The fierce resistance which the Russians thus far have interposed gives promise of a bloody conflict—perhaps one of the most terrible in history. However, the potentialities of the Bolshevik opposition line are unknown quantities and we should be rash to jump to conclusions. One can only say that it will be amazing if the Reds are able to hold the attack.

Word that the offensive is aimed at Leningrad, Moscow and Kiev, Russia, roughly speaking, a direct assault in the center, and turning movements toward the northern and southern ends of the long Stalin line. If it succeeds we ultimately shall see the claws of two great plinthers reaching out to envelope the defending forces of the northern half and of the southern half.

Four-Month-Old Infant Succumbs

Charles Kelsay, Jr., four-month-old son of Mr. and Mrs. Charles Kelsay, of LeFors, died this morning in a local hospital of complications following injuries received two weeks ago when he fell on a pair of scissors which penetrated one eye.

Survivors are the parents, sister, Billie Lou, and grandparents, Mr. and Mrs. Joe D. Parks and Mrs. Ethel Kelsay, all of LeFors.

Funeral arrangements were to be conducted at 3 o'clock this afternoon in the First Baptist church at Hollis, Okla. The body was taken to Hollis by Duenkel-Carmichael Funeral home.

Wallboards Made Out Of Cotton Stalks

NEW YORK, July 11. (AP)—The executive board of the greater New York Industrial Union Council, claiming to represent 400,000 CIO members, will submit a resolution to the council tonight calling for the collaboration by the United States with Soviet Russia, Great Britain and China. The executive board already has approved it.

Applications For School Transfers Due Before Aug. 1

Transfer applications for Gray county students whose parents wish them transferred from one school district to another, must be made before August 1. County Superintendent W. B. Weathered said today.

The transfers are for the 1941-42 session. There is a possible 25 applications expected.

It is not necessary to make application for transfer when pupils are moving from one school to another within the same school district, nor cases in which pupils from one district attend school in another because there is no school in their home district.

In Gray county, such districts are Davis, Bell Schaffer, Huntsman, and Keplinger.

Where parents of the children are moving from one district to another it is not necessary to make application for transfer.

In cases where transfers are to be made from one county to another, the application must be made to the office of the county superintendent from whose county the transfer is asked.

Should there be no county superintendent, as is the case in some counties, the application must be made to the county judge.

The out-of-county applies only to adjoining counties and adjoining school districts. Transfer applications apply to both grade and high school students.

OILERS TO PLAY LEAGUE LEADERS SATURDAY NIGHT & SUNDAY

Big Spring To Play Three Games Here

The Pampa Oilers, under their new manager, Sammy Hale, will return home Saturday night and fans are planning a big welcome back for Sam Hale, who used to manage the old Pampa Road Runners. The Oilers will battle the Big Spring Bombers, league leaders, at 9 o'clock Saturday night and it will be a Ladies Night game. The same two teams will play at 2:30 o'clock and at 8:30 o'clock on Sunday.

John McPartland, Pampa's ace left-hander, lost his first game in 10 starts last night when the Amarillo Gold Sox beat the Oilers 7 to 6 in an 11-inning thriller. It was big Bill DeCarlo, Amarillo catcher, who spoiled the night for McPartland. He started things in the first inning with a home run with two aboard to put the Sox three runs ahead. Then in the eleventh he rattled the boards with a double to win the ball game.

Matney Hits Ball
Homer Matney, Pampa's sensational rookie right fielder, was the big noise in last night's game. He bagged a home run, double and single and threw a strike to third base from right field to catch D'Antonio who tried to go from first to third on a single. Bill Phillips contributed a double and single.

Emmett Fulerwider, former Amarillo center fielder but now with the Oilers, failed to get a hit on his six trips to the plate, while Dutch Frasier, former Pampa manager traded to Amarillo catcher, doubled in the first inning to score two runs and tie the score and added a single later in the game.

Last night's game was a thriller from the first inning, when the Oilers scored two runs until Amarillo took command in the eleventh. The Oilers opened with Harley LeFevre safe on an error, Frasier being hit and Fulerwider being safe on an error, two runs scoring. Amarillo took command in their half with a five run attack, featured by DeCarlo's home run.

The game raged along uneventfully until the eighth when Frasier drew a base on balls and scored on Phillips double. Billy then scored on Reynolds single.

Tenorio Wrecks Game
Then in the ninth Matney homered and Montgomery, who had replaced Frank Scott who was ejected from the game by Umpire Capps in the second, was safe on an error and scored on an out.

With the Oilers one up, Blas Tenorio hit the scoreboard for a home run in the ninth to tie the score.

Yarborough relieved Risinger and held the Oilers until the eleventh. In that inning Buchanan walked and went to second when a throw from McPartland got away from Frasier. Buchanan scored the winning run on DeCarlo's double.

McPartland whiffed eleven batters but walked five, three of them crossing the plate.

Lefty Frank Glab is scheduled to try and get the game back to night in Amarillo.

Ernie Myers is scheduled to get the call to hurl against Big Spring in tomorrow's big home coming game. That would leave Harley LeFevre and Monty Montgomery for duty on Sunday when an afternoon and night game will be in order. Lamesa will follow Big Spring here, on Monday and Tuesday nights, after which the Oilers leave on a road trip not to return home until July 24, with Borger.

Oilers Slipping
Last night's loss put the Oilers only two games ahead of Amarillo—fourth place team in the second division, and three games out of the league.

The Oilers have been playing good enough ball to win but for some reason the other team has been getting the nod.

A group of fans is "seeing" everyone trying to get them out to the Saturday night game to give Sam

Sports Roundup

By EDDIE BRIETZ
NEW YORK, July 11—The name of Billy Conn's movie has been changed from "Kid Tinsel" to "The Pittsburgh Kid," which is more like it. . . And Billy's opponent will be Jack Roper, the old heavyweight, who is a Hollywood electrician. . . Don't let 'em tell you the gals at Elmirra, N. Y., don't take their baseball seriously. One cutie tried to bop Umpire Charlie Moore the other day. . . Pilgrims returning from Detroit say old Bobo Newsom was going around wondering out loud why he wasn't on the All-Star team. . . Is Joe Louis slipping? Well, last Sunday Mike Jacobs long-distanced Chicago and tried to get promotional rights to Booker Beckwith, sensational negro heavy with a string of 17 straight wins since turning pro. A year ago Mike turned down a chance to take over Beckwith because it would "degrade from Louis." The Dan Topplings (you all know who she was) hit town today. Gontja was carrying her ice in platinum, while Dan had the signed contract of Dean McD Adams, Washington U's great fullback, in his hip pocket.

Table with 10 columns: PAMPA, AMARILLO, CINCINNATI, BROOKLYN, ST. LOUIS, NEW YORK, PITTSBURGH, PHILADELPHIA, CHICAGO, BOSTON. Rows list player names and statistics.

Short, Short Stories
Tom Stidham of Marquette will start the midwest this fall with a four-man defense line. . . Joe DiMaggio says for his dough, Bucky Walters was the best elbow he looked at in the All-Star game. . . Tommy Farr, due here soon, may be sent against Billy Conn at Washington. . . A weakened tendon has thrown King Cole, the speedy three-year-old, out of training for the remainder of the season. . . If the Cubs get around to waiving on Johnny Rizzo, the Phils will ship him to Brooklyn for Blimp Phelps in a straight waiver exchange. . . Texas fans, some of whom drove 400 miles to see the bums, are blasting Tony Galento for running out on King Levensky. If you'll pardon us for horn-ing in on the cowboys should have known better. . . A golfer on the Kissena Park course here became so disgusted with his game he presented his caddy with a \$100 set of clubs and stomped off, talking to himself. . . Al Baggett, West Texas State cage coach, is here talking to Ned Irish about a Garden appearance for his team next season, probably against Long Island U.

Today's Guest Star
Jack Charvat, Tulsa (Okla.) Tribune: "You've heard about the pitcher who threw his arm off. . . But we've seen a fisherman who did the same thing throwing plugs and flies. . . He's F. E. Bossard and he's wearing his right arm in a sling, having fished until he strained his elbow." (You wouldn't swear to that, would you, Jack?)

Some Fight!
We were not there, but the Mauriello-Mamakov brawl at Ebbets field must have been one of those good old knock-down, drag-out affairs. . . The N. Y. Times reports: "Mauriello came into his own when he flashed an effective left hook which found its mark often on Mamakov's head."

That's Right
Mebbe Deacon McKechnie did miff a few in the All-Star game, but from the looks of the National league standings, he won't make the same mistakes next year.

Golfer Makes Hole In One The Hard Way
BALTIMORE, July 11 (AP)—Charles Betscher, pro at the Hillendale Country club, vouches for this one: Eddie Semmler swatted a tee shot on the 110-yard 17th hole. The ball landed six inches past the cup, but, because of extreme backspin, hopped backward for a hole-in-one the hard way.

10 Negroes Qualify As Aviation Cadets
WASHINGTON, July 11 (AP)—The war department announced today that 10 young negroes qualified as aviation cadets would begin training at Tuskegee Institute, Tuskegee, Ala., on July 19 as pilots of the 99th pursuit squadron. The 99th will be the first tactical unit in the army airforce composed of negro soldiers. Among the 10 cadets forming the first class was Ulysses S. Pannell, Reagan, Texas.

YOU GET ALL 3 SAFETY SERVICE AND ECONOMY WHEN YOU GO BY BUS FOR INFORMATION CALL 871 PAMPA BUSTERMAL

(By The Associated Press)
Though they can turn out to be duds just as easily as high explosives, there were definite indications today that the Cleveland Indians and St. Louis Cardinals aren't going to give up the pennant race without a struggle.

At the moment, the battles are just as they were before the All-Star contest, with the New York Yankees three and a half games up on Cleveland in the American league, the Brooklyn Dodgers three games to the good over the Cards in the National. But there's the hitch—the pace-setters didn't pick up any ground.

The Yanks, opening a swing through the west, got in five innings last night before a rain in St. Louis. That proved just enough for Joe DiMaggio to run his hitting streak to 49 straight, and for Lefty Gomez to blank the Browns, 1-0, on five hits. At the same time, though, the Indians were beating the Athletics 2-2, with Bobby Rodgers three games to the good over the Cards in the National. But there's the hitch—the pace-setters didn't pick up any ground.

The Cardinals stuck right on their heels. In a wild-eyed, free-fire contest, that involved five homers and eight pitchers, the Red Birds first ran up an 8-0 lead, saw it disappear in one inning, then came back with five more to blast the New York Giants, 13-9, and end their own five-game losing streak.

With one exception all of the night hits were eloquent (money talks) testimonials to the popularity of baseball under lights. The night's top crowd, 34,280 was at the Polo Grounds; 32,280 turned out to honor Feller and watch the kid win the 99th game of the career; 17,948 at Chicago saw the White Sox support John Dugan Rigney's seventh hit hurling with a 14-hit assault of their own to down the Washington Senators, 5-1, and the lure of Lavagetto 2, Medwick 3, Herman 3, F. McCormick, Franjo Gleason, Young 4, T. Moore, Slaughter 2, Marion 2, Bartell, Home runs—Mancusi, Marion, Bartell, Young, Bartell. Winning pitcher—Wittig.

NATIONAL LEAGUE
CINCINNATI 000 100 020-3
BROOKLYN 000 000 000-0
Errors—Herman, Joost. Runs batted in—Nicholson, Hale, Young 4, T. Moore, Slaughter 2, Marion 2, Bartell, Home runs—Mancusi, Marion, Bartell, Young, Bartell. Winning pitcher—Wittig.

PITTSBURGH 000 000 150-6
PHILADELPHIA 000 000 150-6
Errors—Collins 2, Gouin, Marzough. Runs batted in—Eiten 2, Livingston 1, Home 2, Garmis 1, Van Robays 1, Howell 1, Eiten. Winning pitcher—Hewes.

CHICAGO 100 000 110-3
BOSTON 000 000 000-1
Errors—Dallasandro, Miller, Run batted in—Nicholson, Olson, Galan, Hazlett. Two-base hit—Nicholson.

AMERICAN LEAGUE
WASHINGTON 000 000 100-1
CLEVELAND 000 101 102-5
Errors—Travis, Archie, Chappin 2, Home runs—Barton, Kubel, Kreevich, Solters, Veran, Veran, Kreevich, Solters. Three-base hit—Bloodworth. Losing pitcher—Chase.

PHILADELPHIA 100 010 000-2
BREWERS 020 000 001-3
Errors—Collins, Heath. Runs batted in—Grimes, Feller, Johnson, Brancato, Boush. Winning pitcher—Walker, Grimes. Losing pitcher—Perrier.

NEW YORK 010 000 0-0
ST. LOUIS 000 000 0-0
(Called account paid).
Errors—Collins, Keller. Run batted in—Gordon. Home run—Gordon.

Freddy Martin Turns In His 15th Victory
(By The Associated Press)
Timely hitting by the Houston Buffs last night enabled Freddy Martin to turn in his fifteenth mound victory of the Texas league season in the final contest of a four-game schedule with the Missions at San Antonio.

Although the two teams each collected seven hits, the Buffs managed to win with three tallies to the Padres' two because of a penchant for socking the apple at the strategic time.

In the only other game of the night, the Beaumont Exporters succumbed to the Sports at Shreveport by the score of 11-6.

Rainy weather postponed the game of the Oklahoma City at Dallas and Tulsa at Fort Worth games.

Golfer Makes Hole In One The Hard Way
BALTIMORE, July 11 (AP)—Charles Betscher, pro at the Hillendale Country club, vouches for this one: Eddie Semmler swatted a tee shot on the 110-yard 17th hole. The ball landed six inches past the cup, but, because of extreme backspin, hopped backward for a hole-in-one the hard way.

24 Already Entered In Diving, Swimming Meet

Official Ballot For Annual WT-NM League All Star Game

Third annual West Texas-New Mexico Baseball league All Star game will be played in Lubbock the night of July 22, between teams selected by baseball fans of the area. Players of the North team will be selected from the Pampa, Borger, Amarillo and Clovis teams with the South composed of players from Lubbock, Wichita Falls, Lamesa and Big Spring.

Below is the official ballot. Fans of the north section can vote for a manager, four pitchers, two catchers, three infielders and a utility man, and three outfielders. Do not vote for more than four players from any one club, not counting the manager either as player or non-player.

When you have made your selection, mail or take it to the Sports Editor of the Pampa News, leave with the ticket taker at the baseball park, or mail it to Tom Miller, Box 907, Lubbock. Deadline for voting is July 16.

Official ballot: (THE PAMPA NEWS)

Form with columns: Position, Name of Player, Name of Home Club. Rows for Manager, Pitcher, Catcher, First Base, Second Base, Third Base, Shortstop, Utility Infielder, Left Field, Center Field, Right Field, Extra Outfielder. Includes fields for name and address.

GENERAL RULES: Ballot must be signed. Only one vote to a person. THE OFFICIAL ballot from this or one of the other designated newspapers is the only one that will be counted and the ballot must bear the name of the newspaper. Vote for a COMPLETE team! No ballot will be counted which does not name at least nine men, a full team. Do not vote for more than four players from any one team, exclusive of manager. Voting begins July 6 and ends July 16. No ballot postmarked after midnight July 16 will be counted.

Death Of Oilers On North Team Seen; Ballots Needed

Army Fudge Block Packs 125 Calories

ATLANTA, July 11 (AP)—The plea of resistance of "iron rations" issued American soldiers on the march is a domino-sized fudge block—a sugary hunk that packs 125 calories of energy.

The army itself concocted the recipe for the one-ounce piece of candy serving the dual purpose of packing in the food value and satisfying the fighting man's sweet tooth.

This new item was on display in the exhibit room of three candy conventions in progress here.

The candy industry is gearing its production line to the national defense theme in two other items, said Philip C. Gott of Chicago, president of the National Confectioners association.

One is a four-ounce high vitamin candy block for parachute troopers and the other a salty gum drop fed to soldiers in sultry sections to replace body salt lost through perspiration.

Cadets See Faces In Cloud Formations

RANDOLPH FIELD, July 11 (AP)—Flying cadets here are learning to recognize cloud formations by associating faces—bad and good—with different types and formations.

Meteorological instructors with a flair for drawing have decided that humanized blackboard cartoons have a beneficial effect on teaching cloud formations to the cadets.

"That bulbous looking affair with the pleasant face is what we call a friendly cloud," said one instructor. "That other one with the frowning face is a storm cloud—out for no good."

Some species of insects fly only once in their lifetime.

Nelson Faces Ben Hogan In Denver Meet

DENVER, Colo., July 11 (AP)—A couple of ex-Texas caddies—vivals stout Fort Worth schoolboy days—squared off today in the "main event" of quarter final matches of the 1941 National Professional Golfers Association championship.

It was defending champion Byron Nelson against "golfer of the year" Benny Hogan over 36 holes squared off today in the "main event" of quarter final matches of the 1941 National Professional Golfers Association championship.

Hogan, 138 pounds of dynamite, had an edge over his bulkier rival in long shots from the tee but Nelson matched this as the greatest iron hitter in the game.

Accuracy was the premium on which each staked his chances to stay in the running for the second most important crown available to the professionals.

Nelson won the Vardon trophy, emblematic of the outstanding player in the game, in 1939. Hogan succeeded him last year and fronts the field for the first six months of this season.

Pre-tournament favorite as the result of blazing practice sessions, Hogan reached the quarter-finals with a 2 and 1 win over Horton Smith in yesterday's 36-hole third round. Nelson came through with a 4 and 3 victory over Ralph Guldahl, a two-time former U. S. Open titlist.

The three other quarter-final clashes today also were framed in

unusual settings—gate attractions in any tournament.
Gene Sarazen and Denny Shute matched shots in the "battle of veterans," colorful Sam Snead, the mile-long wallop on a mile high course, against P. G. A. freshman Lloyd Mangrum and Jimmy Hines renewing with Vic Gentry a feud postponed because of a hand infection.

now than there were in 1929 and increasing industrial efficiency, though it has raised the Federal Reserve board's index up to 148, hasn't been able to find jobs for 7,000,000 more workers.

Through district engineers of Amarillo, county commissioners asked that employment of the state highway department be paid two-thirds of the cost of paving highways Nos. 33-A and 88.

Gray county wheat farmers were to begin signing compliance papers in the county agent's office on July 12, for the 1936 wheat adjustment program.

Behind The News In Washington

By PETER EDSON
WASHINGTON, July 11—WPA will be taking up its portable telephone booths and going completely out of business in some 500 of the 3,097 counties and independent municipalities of the United States and its territories, starting immediately.

Whether this marks the beginning of the end of the era of relief is a question, but it goes without saying that the exodus will be accompanied by loud wails from the vicinity of the 500 counties affected. There just isn't any alternative, however.

Congress has sliced WPA appropriations from the \$1,350,000,000 it employed during the past 12 months to a mere \$875,000,000 for the next 12 months. That's a 35 per cent cut in money. It will be met by a 40 per cent cut in WPA rolls, reducing the number from an average of 1,700,000 to the next year to a neat 1,000,000 for the next.

There is always the possibility that if the shouting and the tumult beat too much of a Gene Krupa on the Washington cadrum that congressmen will weaken along about frost time, and pass a miracle deficiency appropriation which will put the unemployed back on the public payroll.

Sewers, Sidewalks Doomed
In making reductions, preference will be given to defense projects. If, in any given county, there are projects to build an airport and a school, the chances are that the airport will be built and the school will wait.

These methods of cutting have to be balanced against the number of defense projects WPA has on its docket. In Florida and Maine, 80 per cent of WPA projects are in the defense categories. That gives them priority, and the 20 per cent of non-defense projects will see the ax, or at least the razor. In western states, the percentage of defense projects is lower.

There will be some transferring of workers from non-defense projects to defense projects, naturally. In this connection, WPA will do considerable expanding in its vocational training program. Regulations now permit WPA to put its men in industrial plants to get the training for specific jobs.

Keeps Culture Flowing
The so-called cultural WPA program will be kept to the extent possible. About 27 per cent of the people on WPA have been on community service work and on art, writing and music projects. At least a fourth of these will have to go, but WPA headquarters, figuring that it's often harder for white collar workers to get a job than it is for pickers and shovel men, will cling to what it considers the more worthwhile artistic endeavors.

Whatever the unemployment score, none of the statistical seers believes that employment of the following September, 1929. Remember? There are 7,000,000 more workers of commerce.

SERIAL STORY

ANOTHER MAN'S WIFE

BY DONNA ASHWORTH

COPYRIGHT 1941, NEA SERVICE, INC.

YESTERDAY: When Ann asks Ken to take her to the Strathmore...

quality in him was what she loved. There was no veneer about Jerry. He was just what he was and she loved him.

"I must, I've orders to report to camp tomorrow."

JERRY. She thought of him breathlessly, shining eyed.

She wanted to dance with him again to Jim Coon's orchestra. He had told her that when she called him he would come no matter when. She'd find out from Jim Coon if he was still in New York. She couldn't get to the telephone fast enough.

At last... "Jerry." Her voice was high and shrill as she flung the words over the telephone to him. "Jerry, this is Lita. The venes has cracked just as you said it would. Jim Coon's in town. He told me where to find you. And I want you to come to me tonight to dance with me."

"You've got to come. Get a plane. If I ever meant anything to you, you've got to come now..."

"You can't! But, Jerry...!"

"Oh! You've got your call! You're ordered to report to camp tomorrow! But, Jerry, you must... I... I need you!"

It was a rainy, misty June night as Ann sped over the highway to the airport. She had scarcely parked the car when a plane was zooming overhead in the darkness. Then it was bumping over the ground and had stopped.

She ran forward, holding out welcoming hands to Jerry. She could scarcely wait for him to take her in his arms, to feel the warm, hungry pressure of his lips against hers. But he wasn't gathering her close.

Stunned, she realized that he was holding her hands in the same impersonal way that he would hold the hands of any girl he liked—that he wasn't going to kiss her at all. She no longer meant anything. The realization was like a lash cutting her.

The tears spilled over and trickled down her cheeks. She fumbled for her handkerchief.

"Why, Lita... what's the matter?" He was looking down at her in the dim light.

"Nothing." She swallowed a sob. "I guess I was just homesick to see you. It's silly of me to cry, isn't it? But it's just nerves. I've had a quarrel with Ken, only I haven't really. I'll explain. Anyway the effect is the same as far as the tears are concerned."

She heard him giving the pilot instructions. He would be flying back about midnight.

Midnight. The word was like a dart of pain through her heart. "But you can't—so soon." She exclaimed sharply.

"I don't think I realized until afterward that it was for the best—our calling it quits. You never do it at the time, and our little show tonight will probably make Ken realize."

"But I don't want him to realize that to me, but she didn't. "I don't care what he thinks. It's you I really care about and our marriage wasn't a mistake." She held the wheel until she felt as if she must twist it off, staring ahead at the dark, misty night, thankful that he couldn't see her face.

Jerry didn't care. He was talking as impersonally as if she were someone he barely knew. He had gotten over caring about her. She wanted to cry, but she mustn't. She'd have to go on pretending now. She couldn't humiliate herself before Jerry and let him know how much he meant to her when she meant nothing to him.

"I didn't know love could hurt you like this, Jerry." She spoke shakily. "I thought love made you gay and happy." He must think she cared about Ken. What a fool she had been to throw over someone as worthwhile as Jerry for someone as shallow as Ken.

"It does, darling." His voice was carelessly gay in the darkness. "Love has dancing feet, and it does make you gay and happy, and I've had a quarrel with Ken, and it is only when we're mistaken that it makes you sad."

"After all you aren't really mistaken in Ken, perhaps. But don't talk about it. Think only about tonight... and us, dancing together. You know you'll have to put on an act... laugh and act as if you're enjoying yourself, or Ken will know how jealous you really are."

"(To Be Concluded)"

JERRY HELPS OUT

CHAPTER XI

ANN turned into the first door. The Kit Kat Tea Room. She gasped as she looked at the melow lighted interior and hurried toward a booth.

"Like old times, isn't it, Janet, having afternoon cocktails here together?"

Ken's voice.

A wry little smile twisted itself about Ann's mouth, and she swallowed a lump in her throat. Sally had been right. Ken was with Janet. Had he been coming every day? Had he been dining with her every day when she told Ann he was working?

"Where are we going to dinner tonight, Janet? Coon's orchestra is playing at the Strathmore. We could dance together to the grandest music in the world. We used to have grand times together at the Strathmore."

"Before you became engaged to little, ladylike Ann. Don't forget, Ken, you are engaged."

"But not married, Janet, and there's many a slip—We can still dance together and dine together and no one can stop us."

Other words came to Ann, but they did not register on her stunned brain. She watched them leave the tearoom so interested in each other they did not notice her.

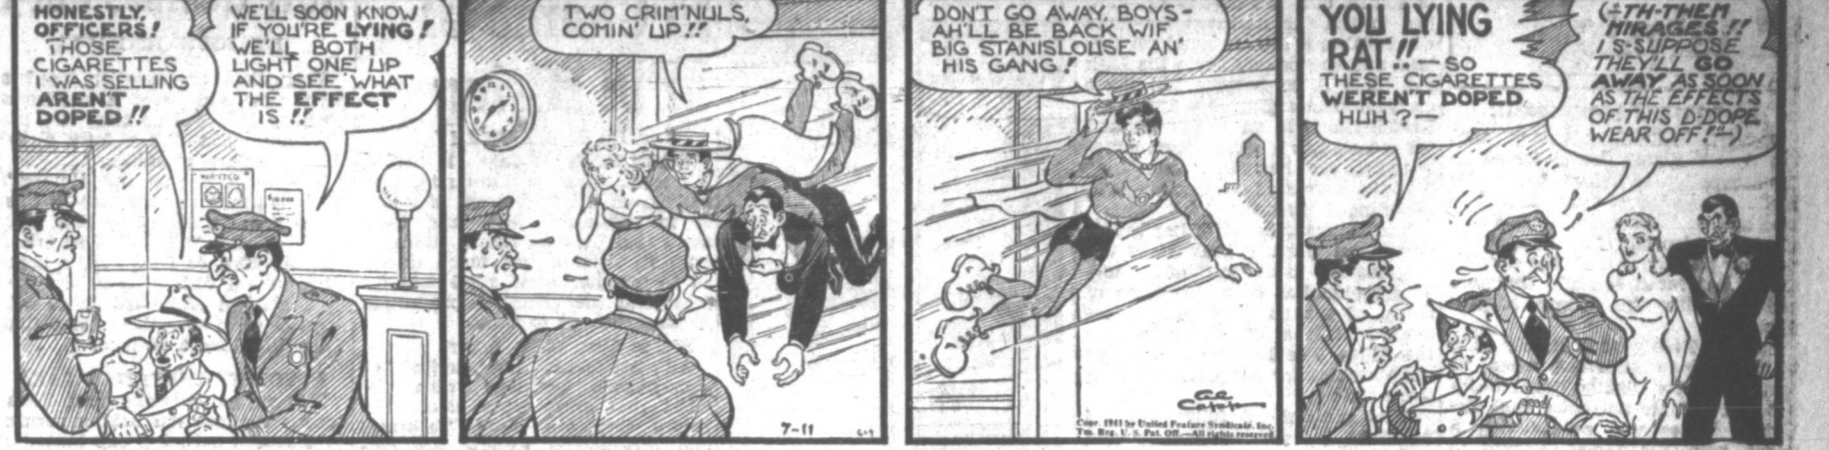

"He's double-crossing you, telling you he has to work at night when he's dining and driving with Janet."

"That was what Sally had said. Sally had been right. A thousand things were leaping up to taunt her—Ken's scorn of her dancing, his wanting her to pretend to be something she wasn't, his arrogance, and now his unfaithfulness."

But suddenly she knew that it did not matter, because all at once, for no reason that she could understand, she did not care. She no longer wanted to be the lady—the sedate person he wanted her to be. She no longer wanted to fit into that background of aristocracy which meant so much to him. She wanted to dance. And more than anything else she wanted Jerry Lane with his sincerity and honesty.

She had called Jerry crude, but now she knew that real, rough

U. S. Workers Building Secret Project In Ireland

BELFAST, Northern Ireland, July 11 (AP)—Technicians and workers from the United States are engaged on a construction project of an undisclosed nature in northern Ireland.

(In London the foreign office said these Americans were "direct employees of the British government" and asserted that reports that the United States is establishing an air base in northern Ireland "are not borne out by information available in London.")

People of northern Ireland, which is sharing in Britain's war against Germany, have given many evidences of the popularity of the Americans.

Bands are buying copies of "The Star Spangled Banner" to play in their honor. The Americans spend their money freely and some of them are said to have handed out pound notes for tips, mistaking them for dollar bills.

The United States contingent celebrated the Fourth of July by going to Dublin, the capital of neutral Eire.

International Wheat Control Advocated

WASHINGTON, July 11 (AP)—The United States was reported today to sponsor a proposal for an international agreement as the most practical method for controlling production and marketing of the western hemisphere's wheat or other farm crops.

A proposal for such an agreement on wheat, it was said, has been prepared for submission to the conference of major wheat surplus countries which opened here today under auspices of the state department.

Argentina, Australia, Canada and the United States were represented at the conference as the big surplus wheat producing countries, and the United Kingdom participated as a major importing country.

The United States, authoritative sources reported, had decided that an international agreement—similar to those which have been successful in tin, rubber and coffee—offered a more feasible approach to the surplus problem than the recently publicized Cartel plan. The agreement to be advocated by this country would provide "quotable" division of the available world export markets among surplus-producing countries, a production control program in each of the surplus countries patterned after the American AAA plan, and an "ever-normal granary" reserve supply in each country for use in event of crop failure.

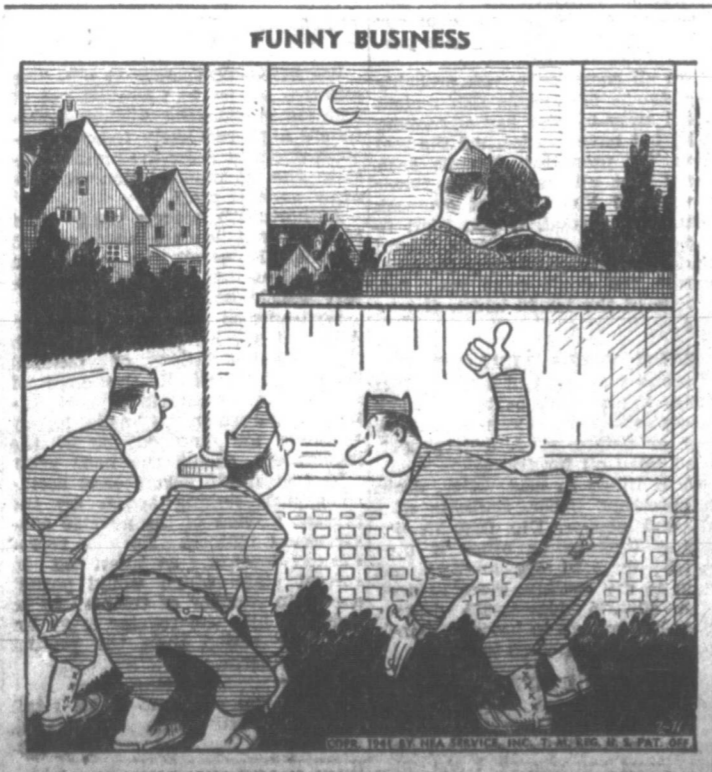

The bulk of the world's present wheat surplus is in the western hemisphere, principally in Canada and the United States.

Dog Takes Kiddies' Medicine, Recovers

MARINETTE, Wis., July 11 (AP)—The Clifford May children were recovering from attacks of measles when the family dog started to cough, get blue-eyes and become feverish. Given a dose of the children's medicine, the dog made a quick recovery.

Today's War Analysis

By DEWITT MACKENZIE

Wendell Willkie's advocacy that the United States should follow up the occupation of Iceland by the establishment of bases in northern Ireland and Scotland naturally has given rise to vigorous speculation as to whether perchance he is the seventh son of a seventh son and therefore endowed with the tongue of prophecy.

Senator Tafe gave a mighty fillip to the debate yesterday when he told the senate that he heard weeks ago "on reliable authority" that the United States was constructing a naval base for Great Britain in northern Ireland. He added that "the occupation of Ireland would relieve perhaps half a million British troops for service elsewhere, and put a half-million American boys into the British Isles."

Then along came Senator Wheeler to cap this with the assertion that materials already had been sent to northern Ireland and Scotland for the construction of United States (not British) naval bases. With that the senate naval committee decided to question Secretary of the Navy Knox on the subject.

Now this column doesn't claim to know whether Mr. Willkie has special powers of prophecy, but frankly we sometimes have thought he did have. In any event it may be said that since we weren't vastly surprised at the occupation of Iceland, so we shouldn't be astonished if the Republican leader got his wish.

Willkie didn't go into details as to what he had in mind, merely speaking of the completion of an arc of stepping stones across the north Atlantic to keep the sea lanes open and furnish effective aid to Britain. The idea, however, contem-

plates strategic potentialities of great importance.

For one thing most trans-Atlantic shipping to England—including, of course, our own all-out aid—now has to use the northern sea-route which takes it around northern Ireland and thence down into the Irish sea. This is so because the fierce German bombing of the important British seaports on the south and east coasts has rendered them largely useless and has forced everything into the congested west coast ports, including Liverpool.

Nazi submarines and other vessels have been preying heavily on the shipping far to the west of Ireland. This region has been the scene of many of the sinkings which have created such a grave position for the Allies. The British have lacked the warships for adequate patrol of these waters.

Establishment of fully equipped American bases in northern Ireland and Scotland would, therefore, be calculated to revolutionize the position. Indeed it might be the determining factor in the battle of the Atlantic.

This brings us up against a rather delicate point (or is it?) since the Germans have been throwing shells about in this area pretty freely, there is no reason to expect that they wouldn't toss some in the direction of any American contingents which might be knocking about. It is not being the nature of our people to take that sort of thing lying down, we presumably should respond in kind.

Should America be drawn into the war, the value of such established bases to the Allied cause obviously would be enormous. They would be a safeguard against German invasion of the British Isles, and a God-send if and when the Allies attempt an invasion of the continent.

King in Mirth

King George gets a laugh as he visits factory that has turned from making ash trays and fountain pens to producing weapons of war.

Texas Girl In Charge Of OPM Hiring

By L. T. EASLEY

WASHINGTON, July 11 (AP)—A pretty, vivacious brunette, who hails from the little town of Cooper in Northeast Texas and looks more like a debutante than a business woman, has much to say as to whether most applicants for jobs with the office of production management go to work.

She is Miss Cleon Adair.

All applicants for clerical or stenographic positions with the OPM first must come before her before they are hired. Technical and professional experts are employed through different channels.

Miss Adair believes the importance of her post, but as interviewer for the personnel section of the OPM, she quizzes across her desk applicants who already have passed required civil service examinations to see if they come up to personally set standards of the particular jobs they hope to fill.

After graduating from Cooper High school, Miss Adair attended Ward Belmont, fashionable finishing school for girls, in Nashville, Tenn. Then she studied at a Terrell business school.

Six years ago she came to Washington to visit a sister, Mrs. James B. Rattan, who is employed by the Federal Housing administration now but who then was engaged with a private firm. She liked the Capital and went to work in the library of the House of Representatives. A few months later she got a job with the accounting division of the Public Works administration. A year ago she was transferred to the national advisor council, working in its personnel section. She went with the OPM last January.

When the ever-expanding OPM needs new clerks or stenographers, Miss Adair calls up the civil service commission and asks for the needed number. Many of those sent over are individuals seeking transfer from some other governmental agency, some are local residents and many are from various states. Pennsylvania and New York furnish most of the last category.

Most of the applicants who come before her are girls and most are a bit uneasy at first, she says, but soon are made comfortable by friendly conversation. During the course of the talk, Miss Adair soon has noted the many valuable qualifications an applicant might have which can not be put down on an application form.

The recommendation of the young Texas woman then sends on to the chief of the personnel section, Mrs. Margaret Homead, a Washingtonian, who governs in most cases the employment of applicants.

Miss Adair is an enthusiastic Texan and belongs to the Texas Club of Washington. She reminds you, if you don't know, that Cooper is about 25 miles south of Paris. She likes to swim, golf and go bicycle riding around the tidal basin where the famous cherry blossoms bloom.

Police Announce Baby's Milk Coming

ALBEMARLE, N. C., July 11 (AP)—The police car siren screamed to a stop and a vacationing Charlotte woman, headed for a long trip, pulled her automobile to the curb, expecting a ticket. Her baby began to howl. But she got the surprise of her life.

"Have you got the baby's milk?" the woman's relative had telephoned from Charlotte—40 miles away—to ask the police to tell her that the specially prepared milk was coming in another car.

Many commodities heretofore imported are now being produced in the United States, the department of commerce says.

Forgetful Father Throws Bottle; Son Hit In Head

NEWARK, N. J., July 11 (AP)—Albert A. Mohr bought a bottle of soda, threw the package on the back seat of his car and was about to drive off last night when he heard a moan.

"My goodness," he muttered, "I forgot Freddie was sleeping back there."

Mohr rushed his five-year-old son to Orange Memorial hospital where a doctor put six stitches in the boy's head.

Make Youngsters Happy By Baking Special Cake; Try New Recipes For Fun And Good Eating During Summer

BY JOHNNIE DAVIS

Youngsters on vacation need a party now and then. A handsome birthday cake will do more to make life seem "just like a fairy story" than a million promises.

The modern rule for children's parties—winter and summer—is this: Serve a balanced ration first, then bring on the "big sweet surprise." A fruit juice or fruit cup, a nourishing main dish such as creamed eggs, chicken or broiled chops with a green vegetable—these come first. Then the dessert de luxe.

Youngsters will like this home-made birthday cake.

FAVORITE BIRTHDAY CAKE

Two cups sifted cake flour, 2 teaspoons combination baking powder, 1/2 teaspoon salt, 2/3 cup butter or other shortening, 1 1/2 cups sugar, 3 eggs, 2/3 cup milk, 1 teaspoon vanilla.

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Beat eggs until very thick and light; add to creamed mixture and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 9-inch layer pans in moderate oven (375 degrees F.) 25 minutes, or until done. Double recipe to make three 10-inch layers, and bake in moderate oven (375 degrees F.) 30 to 35 minutes.

SPREAD ORNAMENTAL BUTTER FROSTING

Four tablespoons butter, 5 cups sifted confectioner's sugar, 2 cups whites, unbeaten, 1 1/2 teaspoons vanilla, 1/4 teaspoon salt.

Cream butter; add part of sugar gradually, beating after each addition. Add remaining sugar alternately with egg whites, then with cream, until of right consistency to spread. Beat after each addition until smooth. Add vanilla and salt. Spread frosting smoothly on top and sides of cake. With remaining frosting make swirls.

ORNAMENTAL BUTTER FROSTING

Four tablespoons butter, 5 cups sifted confectioner's sugar, 2 cups whites, unbeaten, 1 1/2 teaspoons vanilla, 1/4 teaspoon salt.

Cream butter; add part of sugar gradually, beating after each addition. Add remaining sugar alternately with egg whites, then with cream, until of right consistency to spread. Beat after each addition until smooth. Add vanilla and salt. Spread frosting smoothly on top and sides of cake. With remaining frosting make swirls.

SUMMER SNACKS

Cold drinks—yes. But it's wiser to serve either simple sandwiches or cookies with them. You and your guests will find that when a small amount of food is eaten with iced beverages, you feel not only more refreshed but actually in better health.

NUT CRISPS

One-quarter cup butter, 1/2 cup sugar, 2 eggs, 1/3 cup milk, 1 cup flour, 1/4 teaspoon salt, 1 teaspoon baking powder, 1/2 teaspoon nutmeg or mace, 1/4 teaspoon grated orange rind, 1/2 cup nut meats.

Cream the butter and add the sugar gradually. Add the beaten eggs, milk, and the flour which has been sifted with salt, baking powder and nutmeg. Add the grated orange rind and chopped nut meats. Peanuts, pecans, or walnuts may be used. Drop the batter by scant teaspoonfuls onto a greased baking sheet. Leave about an inch between the cookies because they will spread as they bake. Place a whole or half nut meat on each cookie and bake in a moderate oven (350 degrees F.) until lightly browned.

ORANGE DROP COOKIES

(About three dozen cookies)

One-half cup butter, 1 cup sugar, 1 tablespoon grated orange rind, 2 eggs, 2 tablespoons orange juice, 2 cups flour, 2 teaspoons baking powder, 1/4 teaspoon salt.

Cream the butter and add the sugar gradually. Add the orange rind and egg yolks and beat well. Add part of the flour mixed and sifted with the baking powder and salt, then the orange juice, and the rest of the flour mixture. Fold in the stiffly beaten whites of eggs. Drop the batter by spoonfuls onto a greased baking sheet. Leave at least an inch between cookies to allow for spreading. Bake in a moderately hot oven (375 degrees F.) until deliciously browned.

HERMITS

One-half cup shortening, 1 cup brown sugar, 2 eggs, 2 cups flour, 2 teaspoons baking powder, 1/4 teaspoon salt, 1 teaspoon cinnamon, 1/4 teaspoon cloves, 1/4 teaspoon nutmeg, 2 cups seeded raisins, 1/2 cup nut meats.

Cream the shortening and sugar thoroughly, add the well-beaten eggs and the flour which has been mixed and sifted with the baking powder, salt, and spices. Cut the raisins in pieces, chip the nut meats coarsely, and add to the batter. Drop by spoonfuls onto a greased baking sheet, and bake in a moderate oven (350 degrees F.) for about 10 minutes.

OLD SALADS WITH NEW TWIST

According to our best nutritionists, Americans would have more stamina and fewer minor ills and enjoy life more, if they ate 100 per cent more fruits and vegetables. Let's use hot weather as an inspiration to get more fresh seasonal fruit and garden vegetables into our home menus.

That old favorite, Waldorf salad, retains its familiarity and gains new flavor with the addition of juicy orange sections.

ORANGE WALDORF SALAD

Three cups unpeeled red-skinned apple, sliced, 2 tablespoons lemon juice, sugar, 2 cups orange sections, 1/2 cup diced celery, 1/3 cup chopped walnut meats, 1/2 cup lemon mayonnaise.

Spinkle apple with lemon juice and a little sugar. Combine with other ingredients.

HONEYDEW RING FRUIT SALAD

One honeydew melon, lettuce, 1 cantaloupe, 1/2 pound red cherries,

ed potatoes, 1 cup diced carrots, 1 pint water, 1/2 cup diced salt pork, 2 tablespoons chopped onion, 2 tablespoons flour, salt and pepper.

Cut the fish into small pieces and remove the bones and skin. If using raw fish, cook it and the potatoes and carrots in the water for 15 minutes. Fry the salt pork until crisp, remove from the fat, cook the onion in the fat for a few minutes, add the flour, stir until well blended, and add the milk. Add this mixture to the cooked vegetables and the cooked fish or canned salmon. Simmer 10 minutes longer, stirring frequently. Add the salt pork and season to taste with salt and pepper.

SUNDAY LEFTOVERS

Leftovers from Sunday can get a new start on Monday. That's an economy rule for good eating.

MEAT SHORTCAKE FARM STYLE

Two cups cubed cooked veal, 1 cup cooked peas, 2 tablespoons butter, 2 tablespoons flour, 1/2 cup milk, 4 slices crisp bacon, 1/8 teaspoon paprika salt, 1 recipe (2 cups flour) biscuit dough.

Combine butter and flour and add milk to make a cream sauce. Add the veal, peas and seasoning. Roll the biscuit dough and bake in two layers. Place one layer of biscuit on a platter and pour the meat mixture over. Top with the other layer of biscuit, and garnish the top with bacon, paprika, buttered squares, and a tablespoon of cooked peas.

TURKISH BEEF STEW

Dice cold cooked beef. Brown in butter. Add 4 tablespoons of tomato catsup, 1 chopped onion and 1 green pepper which have been cooked until tender, but not brown, in butter. Season with salt and black pepper. Add enough stock or gravy to moisten. Heat thoroughly and serve in a border of fluffy boiled rice.

BEEF LIVER BALLS AND SPAGHETTI

One and one-half pounds liver, 2 cups cracker crumbs, 1/4 grated onion, 4 tablespoons lard, 1 teaspoon salt, 1/8 teaspoon marjoram, 1/4 teaspoon pepper, 3 tablespoons lard, 1 small onion, 1 cup tomatoes, 1 package spaghetti.

Parboil liver and put through meat chopper. Mix thoroughly with other ingredients, adding enough liquid in which liver was cooked to moisten. Shape into balls.

HAM CASSEROLE

One and one-half cups cooked ham, diced, 1 cup cooked carrots, diced, 1 1/2 cups boiled potatoes, sliced, 2 cups cream of mushroom soup or 2 cups medium white sauce, 1/2 cup bread crumbs, 2 tablespoons butter.

Arrange ham, ground or diced, and sliced potatoes and carrots in layers in a buttered casserole. Pour over each layer cream of mushroom soup or sauce. (Note: If cream of mushroom soup is condensed, thin with milk or cream.) Cover with crumbs dotted with butter. Bake in a moderate oven (375 degrees F.) 30 to 40 minutes.

Ban Holds On Using Trainees Overseas

WASHINGTON, July 11 (AP)—The selective service ban against use of trainees outside the western hemisphere appeared likely today to remain unchanged for the present, despite the recommendation of the army general staff.

Authoritative reports were that congressional leaders have advised President Roosevelt they cannot win approval at this time for the necessary legislation.

Well-advised informants said Mr. Roosevelt was inclined to agree with the recommendation of General George C. Marshall, the chief of staff, that both trainees and national guardsmen be made legally available for duty outside of the hemisphere, should the need arise.

The President nevertheless decided against seeking action for the present in view of the adverse congressional outlook. He was represented, however, as interested in several plans which would permit a certain number of trainees to be inducted into the regular army for a longer period than the present one-year term.

Ninety-two per cent of all retail stores are independently operated, against 71.6 per cent in 1929, department of commerce statistics show.

Measles Enlists In U. S. Army

SAN DIEGO, July 11 (AP)—"Name?" asked the corporal as a slender youth from Spencer, Tenn., arrived at Camp Callan.

"Measles,"

The corporal edged away and another noncom sprang to the dispensary to spread the alarm.

"Measles, James Robert Measles, sir," drawled the Southerner. "That's my name. I don't have the measles and haven't had since I was 13. They're not bad, anyway."

One office building in Germany is built to resemble a steamship.
