Good Evening

Believe that life is worth living, and your belief will help create the fact. — William James.

Nazis Drag Norwegians Before Firing Squad To Crush Strike FDR TO LEAVE NO QUESTIONS UNANSWERED

Labor Heads Executed And Others Held

Russians Report Victories; Hitler Silent Again

(By The Associated Press) Russia's armies reported today they had driven the Germans back 12 miles on the central front, taken a toll of 30,000 Nazi dead and wounded in 60 days of fighting around Kiev, and seized the initiative in the siege of Leningrad.

Battles were reported raging along the entire 1,200-mile front from the Karelian Isthmus to the Black Sea, with the long dormant Volchok sector, on the north central front, suddenly flaring into action.

While Nazi warplanes dropped pamphlets calling on Leningrad's 3,200,000 population and 1,000,000 Red army defenders to surrender or have the city laid to ruins, Soviet defense forces were reported counter-attacking the German siege armies.

Soviet dispatches said Russian forces, after five days of assault, had captured the village "Y," on the approach to Leningrad, and stood off a counter-attack by numerically superior German troops.

Heavy fighting was also reported around the besieged Black Sea port of Odessa.

On the north central front, the Russians said they had thwarted a Nazi attempt to cross the upper Dvina river, driving the invaders from the town of Zapadnaya Dvina and also from nearby Starina. More than 700 Germans were listed as killed.

(By The Associated Press) German-occupied Norway, seething against Nazi rule, faced a crisis today as Nazis, who clamped down with the first firing-squad executions there and a state of civil siege proclaimed in Oslo, the capital, was expected to be extended to other areas.

Reports reaching Stockholm, Sweden, said the situation was acute also in the cities of Moss, Frederikstad and Sarpsborg, and that the same iron measures imposed on Oslo probably would be enforced there.

Joseph Terboven, German high commissioner for Norway, asserted the measures were necessary to crush plans for a general strike of Norwegian workers set for today, and Norway's minister of welfare, broadcast this warning:

"I do not dare to think what will happen if there is a new strike. You have seen that the Germans will not stand for any fooling."

The status of the general strike was uncertain, but authorities in Oslo said normal work had been resumed after two days of strikes in the iron and ship-building industries.

In London, an official of the Norwegian government-in-exile declared that disturbances in Oslo were "very definite evidence that Quisling has failed in his assigned task of pacifying the Norwegian people and now the job has been turned over to Heinrich Himmler and his gestic."

The official said Vidkun Quisling, Norwegian Nazi leader, had been instructed to keep Norway tranquil while the main German armies were busy in Russia, but that Quisling had only succeeded "in uniting our people and making them a violently hostile nation."

German troops, strongly reinforced, ringed Oslo following the execution last night of two Norwegian labor leaders, Viggo Hanssen, secretary of the Norwegian labor party, and Rolf Vikstrom, trades union president.

In addition, the leader of the Norwegian federation of labor was arrested and other alleged plotters were haled before military courts and swiftly sentenced to terms ranging from ten years to life imprisonment. It was officially announced that

Senate Probers Find No Gasoline Shortage

WASHINGTON, Sept. 11 (AP)—A special senate investigating committee reported today there was no actual shortage of gasoline or other petroleum products in the East and recommended immediate removal of existing restrictions.

Chairman Maloney (D-Conn.), in presenting the finding to the senate, cautioned that it was preliminary. He added that the fact-finding group would resume public hearings whenever it found them necessary.

The group began hearings August 28 after Ickes and Harold K. Davies, deputy coordinator, had issued a series of public warnings about gasoline and oil shortages along the populous Atlantic Coast.

Filling stations and other retail outlets were ordered to close from 7 p. m. to 7 a. m. and supplies to retail outlets were cut 10 per cent below July deliveries.

With proper conservation motorists should find it possible to acquire the gasoline and oil products which they need," Maloney told the senate. "We believe that present restrictions should be lifted, and that the health, with a clear understanding of conditions, would cooperate in carrying out an effective program of conservation."

Young People At High School Need Jobs In Business

W. H. Galloway reports that present indications are for one of the largest diversified occupations classes Pampa high has ever had.

However, he says, there are a number of boys and girls wanting to take it, who have no technical training. There are seven or eight boys who are 16, 17, or 18 years of age in this group. Also there are 10 or 12 girls, most of whom are 17 or 18 years old, who are interested in office work, doctors' or dentists' assistants, laboratory technician, nurses' assistant, department store selling, etc.

These are good average students, well-developed physically, and employable young people who are interested in learning an occupation.

Mr. Galloway asks that, since he has been unable to contact all the two hundred places of business that might be interested in one of these, any who are interested in employing one of these students for afternoon and Saturday work contact him by telephone at school or at his home.

4,000 Attend Packing Company's Opening

The Panhandle Packing company, which had its formal opening yesterday, didn't sell out. It gave out when about 4,000 Pampans were guests of the company for dinner which lasted from noon until every bite to eat was gone.

And those eats included 800 pounds of barbecued meat, including 7-8-ounce steaks, beef and ham, 1,200 pounds of loaf meat, 150 loaves of bread, 10 gallons of pickles, plus all the trimmings along with drinks.

After partaking of the tasty dinner the guests were shown through the modern \$100,000 plant which has been equipped with the latest and most efficient meat curing and processing equipment to be found anywhere.

Guests stood in line during the entire afternoon. Registration passed the 3,000 mark and not nearly everyone signed the guest book.

Alanreed Fair Officials To Meet Saturday

All department superintendents of the Alanreed Community fair, to be held September 25 at the Alanreed High school gymnasium, will meet at the gymnasium at 2 o'clock Saturday afternoon, to make final preparations for the fifth annual exhibit.

Ralph R. Thomas, Gray county farm agent, and Mrs. Julia E. Kelley, Gray county home demonstration agent, both of Pampa, are members of the advisory committee.

Emphasis this year at the fair will be on the community exhibits. Last year there were five of this kind; this year eight are expected.

The fair will consist of three divisions, agronomy and horticulture, domestic science, domestic arts, subdivided into departments and sections, plus curios, school exhibit, fair carnival, boys 4-H club exhibit, and exhibits by the four home demonstration clubs located nearest to Alanreed. Ribbon awards will be made for first, second, and third places in each division.

Community Displays Display and decorations from each community will be confined to products actually grown in the community with the exception of such articles as papering and bunting to cover the wall, floor and ceiling of the booths.

Booths will be judged 100 points on general appearance, 900 points on quality of products. At least 15 items listed in the catalog must be shown in each booth.

Division Heads Wilson W. Boyd of McLean is superintendent of the division of agronomy and horticulture. This division will include head of ear grain, such as milo, kafir, hagar, grain sorghum, cotton, grain and seeds, alfalfa, vegetables (such as onions, parsnips, tomatoes, peppers, okra, rhubarb, cucumbers), fruits and berries (apples, pears), and eggs and honey.

Superintendent of the women's department is Mrs. L. S. Brock of Alanreed. Mrs. B. L. McKee is superintendent of the division of domestic science, which will include cakes and cookies, candy, pastry, bread, canned fruits and vegetables, pickles preserves, jellies.

Mrs. E. S. Sherrard is superintendent of the division of domestic arts. This will include quilts made before and after 1930, embroidery, knitting, rugs, novelties. Also in the same division is home grown flowers, and potted plants, with Mrs. See ALANREED, Page 8

Bomber Base Would Be Three Miles West Of Amarillo

Amarillo's bomber tactical base will be located along the Potter-Randall county line south of the U. S. Helium plant and three miles west of the city limits, it was revealed today.

A tentative agreement has been reached to lease 25,000 acres of the Julian Bivins estate, 12 miles southwest of Channing, for the bombing range. The fee will be the normal grass rental, 40 cents an acre.

Site of the bomber base extends two miles south of the Rock Island railroad along the Soncy school section-line road, and three miles west along the south side of the railroad right-of-way.

It includes three sections belonging to the W. H. Bush estate, one section belonging to Mrs. S. F. Vineyard and smaller tracts belonging to five other individuals and the Federal Farm Mortgage corporation.

The land, 3,200 acres, will be purchased by the city of Amarillo and donated to the federal government. If the base is finally approved, the Potter county commissioners yesterday adopted resolution authorizing expenditure of funds for the designation and construction of a three-lane highway from the Amarillo city limits to the Potter-Randall county boundary.

HELPS CHILD-BRIDE WITH STUDIES—Arthur E. Erickson, Jr., 23, helps his cousin-wife Anna May with her studies in the home of his father in Independence, Mo. The bride is 15-years old and her husband is charged with miscegenation.

\$1,000 Already Given To Salvation Army

Pampans were donating liberally to the Salvation Army, with \$1,000 contributed in the advance gifts part of the campaign up to noon today.

The campaign proper will open Wednesday, after a campaign workers breakfast at 7:30 o'clock that morning in the Schneider hotel. Goal in the campaign is \$5,000, with which to carry on the Salvation Army's work in Pampa during the coming year.

Dr. W. Calvin Jones, a member of the local advisory board, has asked veterans of World War I their opinion of the Salvation Army.

"Upon several occasions," Dr. Jones said, "I have asked men who served in the last World War their opinion of the various service organizations operating at that time and 100 per cent of those men have given exceptionally high praise for the work of the Salvation Army."

"I can give as free heartedly to the Salvation Army as to any other organization of its kind. I feel that the Salvation Army is decidedly a community asset and should have the full support of the citizenship."

"The Salvation Army carries on a relief program in our community and it is doing a good job of it. I feel that the organization merits my best efforts in its behalf."

Members of the Kiwanis, Lions, and Rotary clubs, and of the Pampa Junior Chamber of Commerce, will compose the workers in the campaign. Major R. E. Clevert, public relations officer of the Salvation Army in Texas, will assist the local advisory board in the drive.

Arthur M. Teed, local attorney and member of the advisory board, is in charge of the advance gifts part of the campaign.

Campaign workers from the Rotary club were named at the Rotarians regular weekly luncheon at noon yesterday. They are: Glen Mordy, John Haynes, Joe Key, Steve Mattheus, Grover Heard, Bud Tucker, Charles Burton, Irvin Cole, Neal Jordan, Hollis Keys, Hol Wagner, Mark Vantine, C. A. Huff, Luther Pearson.

Board Refuses To Pay For School Windows

The Pampa school board in a very brief session yesterday afternoon informed A. E. White of Youngstown, Ohio, representative of the Truscon Steel corporation, window division, and Mayor Joe Jenkins of Amarillo, jobber representative, that they would not pay for the windows placed in the new high school building until the company painted the windows the specified color to blend with the brick.

The windows for the building have caused the board more trouble than all the rest of the project put together, board members declared. After months of dickering and hickering last fall the windows were purchased and everything seemed settled. But the windows arrived a gray color which didn't match the rest of the building coloring.

The board believed the company planned to paint the windows after they were installed but that apparently wasn't the company's idea, board members declared.

So, the board refused to pay for the windows. The company representative came to Pampa yesterday and inspected the windows. He admitted that the contractor was wrong but declared the contractor architect and the board were also at fault. Everyone agreed on that point.

The board claimed that the contract with Truscon called for the furnishing of steel windows painted to match the building color scheme. The company representative claimed that no sample had been furnished the company. Both claimed that the jobber, contractor and architect also were to blame in not "getting together" on the color.

After brief discussion the board decided that the Truscon company should paint the windows the required color. The company representative asked that a local bid be received and that the amount of the bid be discounted from the cost of the windows. But the board took the stand that the company should paint the windows themselves.

And that's how the window situation stood when the Truscon representative left to take the matter up with company officials.

Wreck Of Bomber Believed Located

TACOMA, Wash., Sept. 11 (AP)—Aerial searchers reported today they believed they had discovered the wreck of the missing twin-motored army bomber about 18 miles northwest of Enumclaw, Wash. in the foothills of the Cascade mountains.

From the air there was no sign of the six men who were aboard the craft when it disappeared two days ago while on a routine training flight.

First word of the discovery was brought to the McChord base by a farmer. Airplanes sent to the scene and from the air said it appeared the plane was in a clump of trees near the Chinook Pass state highway. A search party of 20 soldiers set out.

At Enumclaw, about 30 miles from here, it was said unofficially that a party of McChord field soldiers and state patrolmen had reached Twin Creeks, four or five miles below Greenwater in the Tacoma watershed, and was cutting a two-mile trail through the woods to where the wreckage was reported seen.

The search party, dispatched overnight, carried two-way wireless equipment.

Fire Prevention Committee Named

Pampa will join the rest of the nation in observation of National Fire Prevention Week which will be October 5 to 11 this year. A local committee has been appointed to make plans for Pampa's participation.

Members of the local committee are Fire Chief Ben White, City Manager Steve Matthews, Farris Oden, Harold Wright, Dick Hughes, Doyle Osborne, H. W. Waters, Garnet Reeves, Dr. N. L. Nicholl and Harry E. Hoare.

Movies Wield Club, Avers John Flynn

WASHINGTON, Sept. 11 (AP)—A senate interstate commerce subcommittee heard charges today that a privately-controlled censorship was being operated within the motion picture industry to "club those who want to present the side of peace in America."

John T. Flynn, newspaper and magazine writer, made this accusation at hearing on a resolution by Senators Nye (R-N. D.) and Clark (D-Mo.) to investigate the alleged dissemination of war propaganda.

Flynn testified after Nye and Clark had engaged in heated controversy through public statements, with Wendell L. Willkie, 1940 Republican presidential nominee and movie industry counsel.

Nye accused Willkie of attempting to halt the investigation in an endeavor to "cover up the viciousness of the motion picture theaters."

Willkie replied that Nye's charges were "laughable," asserting the industry was anxious to show to the committee the pictures about which Nye and Clark complained.

Flynn, a member of American First committee opposing American involvement in the war, declared that a monopolistic form of censorship had grown up within the movie industry through the establishment of production code administration by the Will Hays organization.

He said independent movie producers were required to submit their scripts to this administration, and if they could produce pictures which would be shown in the profitable first-run houses. Some of these independents had complained, he went on, that they were being charged excessive fees by the administration.

Beyond that, the witness said, the administration had the power to force the independent's production into any mold it chose.

"I do not think an intelligent man can have any doubt," Flynn declared, "that this censorship is being used now to club those who want to present the side of peace in America."

President In Conference With Leaders

Early Says Speech Will Not Need Translation

WASHINGTON, Sept. 11 (AP)—President Roosevelt's radio address on foreign policy tonight was described at the White House today as one which will be "all covering, and will leave no unanswered questions."

Stephen Early, the press secretary who said this, also declared that the President would devote part of today to the Russian aid question, receiving Constantine Oumansky, the Soviet ambassador, and Secretary of State Hull, and would cancel tomorrow morning's press conference to hold his first meeting with the American mission to Russia headed by W. Averell Harriman.

As the chief executive went over a completed draft of his address with senate and house democrats and republican leaders, Early told reporters that the speech "will mean what it says and will be written in English—English that will not need translation. Foreign languages need translation, English does not."

The fact that Republicans as well as Democrats were at the White House conference was taken as proof that momentous problems were under discussion. Of gravest concern was the future course of relations between the United States and the Rome-Berlin Axis.

Congressional leaders who called at the mansion included Republicans for the first time since the President proclaimed an unlimited national emergency last May 27. From the senate came Vice President Wallace, Majority Leader Barkley, Minority Leader McNary and Chairman Connally of the foreign relations committee.

The house group included Acting Speaker Woodrum, Minority Leader Martin, Speaker-elect Charles McNary, and Chairman Bloom of the foreign affairs committee.

Early would not say whether tonight's address would call for any new legislation, but there were indications in other official quarters that no new legislation would be asked.

The President's secretary said the speech, to be broadcast from the diplomatic reception room of the White House at 8 p. m. (CST), had been "about completed" yesterday morning at Hyde Park, N. Y.

He pointed out, however, that it was still open to any revision the President might deem fit to make as a result of his talk with the congressional leaders.

The conference with legislative chiefs was the second the President called after returning to the capital last night

Dove Hunters Warned Of License Error

AUSTIN, Sept. 11 (AP)—Contentious hunters will J. Tucker, secretary of the state game department, today pointed out an unavoidable error resulted in setting bag and possession limits on mourning and white wing doves at 15 instead of 12 on the reverse side of hunting licenses.

The error occurred, Tucker explained, because state hunting licenses were printed before present state dove laws were approved and at that time the state dove bag and possession limit was 15 instead of 12.

The secretary urged sportsmen to "pass the word around" that the limits announced on the licenses had been countermanded by later law, and urged that this especially be done in the northern counties of Texas, where mourning dove hunting is under way.

The season to that section of the state, which comprises the north zone, opened Sept. 1 and will continue through Oct. 12 by state law and federal regulations. Hunting hours are from 7 a. m. until sunset, Sept. 15, South zone hunting of mourning doves this year will extend until Oct. 27, except that in six South Texas counties the season will be only from Sept. 16 to Oct. 15, inclusive.

In Webb, Zapata Starr, Hidalgo, Wallace, and Cameron counties mourning doves may be taken only on each Tuesday, Thursday and Sunday from 12 noon until sunset from Sept. 16 through Oct. 15.

As a result of a conflict between state and federal regulations, white-winged doves may be taken only on Tuesdays, Thursdays and Sundays from 12 noon until sunset, Sept. 16 to Sept. 25, inclusive, in the six counties.

But in other counties white-wings may be taken from 7 a. m. until sunset.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisons waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness of the eyes, headaches and dizziness.

Free... or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys of bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Agreement To Use U. S. Cotton Made

WASHINGTON, Sept. 11 (AP)—An agreement of vital importance to the south has been reached with the state department, it was announced last night by two southern senators who have been supporting a measure to prevent the government from buying fabrics manufactured from foreign-grown cotton.

Senator O'Daniel (D-Tex.) and Senator Eastland (D-Miss.) issued a statement disclosing the agreement, but did not reveal any of the details. The two senators are supporting a bill to promote the exclusive use of American cotton in large scale defense orders.

Senator Eastland recently asserted on the senate floor that some Canadian manufacturers filling large defense orders for the United States were using Brazilian cotton in the fabrication of articles.

"We believe," said the statement, "that the results of our conference with the state department officials have been extremely beneficial to the cotton growers and that something has been worked out which will be of great value to the south."

Nazis Hard Hit By British Blockade

WASHINGTON, Sept. 11 (AP)—Germany herself sealed "the ring of the Allied blockade" by invading Russia, the commerce department said today, and "shut off, for the time being at least, supplies of the utmost importance to the Reich's war effort."

This conclusion was reached in an economic survey of Germany prepared for the department's foreign commerce weekly, which called attention to pre-invasion Nazi claims that food and raw materials from Russia were of decisive importance in "breaking" the Allied blockade of Continental Europe.

German agricultural journals "emphasized repeatedly" the department said, the importance of fodder grain from the Soviet for maintenance of the German hog population.

The department also held that the loss of such products as petroleum, barley, cotton, manganese ore, asbestos and similar items was of great added significance.

Icelandic Vessel Reported Sunk

WASHINGTON, Sept. 11 (AP)—V. Thor, chairman of the Icelandic government trade commission, said today the 1,215 ton Icelandic vessel Heika was sunk in late June by a submarine while enroute from Iceland to Canada.

Thor said the vessel was torpedoed and that fourteen members of the crew were lost and six survivors were picked up by a British warship.

He thought the sinking took place June 29. United States armed forces did not occupy Iceland until July 7.

Thor said the Berlin radio announcement picked up by NBC's listening post in New York was the first positive information that the vessel was sunk by a German submarine.

The vessel was Icelandic-owned and flying the Icelandic flag, Thor said.

It has been found that earthworms go as much as six feet below the surface of the ground.

Engagement Of Miss Margie Coffey And Coach Announced At Dinner

Marriage To Be Solemnized Here On September 20

Mrs. D. H. Coffey announced the engagement and approaching marriage of her daughter, Margie, to Orville (Shorty) Bratton at a dinner given Wednesday evening at 8 o'clock in the Schneider hotel.

Centerpiece for the dinner table was an attractive bowl of large pink and orchid asters. Tall pink candles lighted the arrangement. Attached to the individual corsages of small asters which marked each place were tiny scrolls on which was written "Margie and Shorty, Sept. 20, 10 a. m."

Guests attending were Miss Elaine Murphy, Miss Joanne Lively, Miss Betty Jean Tiemann, Miss Dorothy Jarvis, Miss Irene Davis, Mrs. Cal Pierce, Mrs. J. G. Teeters, and Mrs. R. E. Warren.

The bride-elect, who is the daughter of Mr. and Mrs. D. H. Coffey, attended Pampa High school and was graduated from Amarillo High school where she was a member of the glee club. Miss Coffey was a member of the local high school band and the Order of Rainbow for Girls. Following her graduation from Amarillo High school, she attended West Texas State college at Canyon for two years. She is now employed as assistant bookkeeper at Lewis-Coffey Pontiac company here.

Mr. Bratton, son of W. V. Bratton of Royse City, was graduated

B-PW Members Continue Plans For Conference

from West Texas State college at Canyon where he was a member of the Buffalo football team and the T club. He is a member of the faculty at Woodrow Wilson school where he is coach and a fifth grade teacher.

At an executive board meeting preceding the regular business session of Business and Professional Women's club Tuesday evening in the city club rooms, it was decided that Pampa club members should pay for their conference hospitality books by October 1. These books may be obtained from Ruth Walstad, and this fund will be used in defraying conference expenses.

The first program of the year will be held on the second Tuesday in October. Verna Lard, program chairman, discussed the year's program and ways in which each committee can carry out the year's theme.

The following conference committees were announced: Attendance, Lillian Jordan, chairman, Helen Maddux, Elvise Hurt, Hazel Snow, Edna Lavin, registrars; Ruth Walstad, chairman, Madeline Murray, Madge Rusk, Letha Northup, Hazel Snow, Gladys Robinson, Julia Kelley, Frances Craver, Blanche Drescher, and Ida Mae Jones; hospitality, Christine Cecil, chairman, and Grace Pool; publicity, Lillian McNutt, chairman, Gypsy Malloy, Ruth Walstad, and Jessye Stroupe; song leader, Julia Kelley.

In charge of the banquet will be Dalton Hall, vice-president, and her committee: fun night, Maurine Jones and committee; coffee, Ann Heskew, chairman, Audrey Fowler, Ruba McConnell, Opal Wright, and Pearl Mitchell; luncheon, Mildred Overall, chairman, Gypsy Malloy, Tommie Stone, Leora Kinard, and Cherry Maddux; general conference chairman, Clara Lee Shevaker, and program, Ida Huxley, chairman, Vera Lard, and Laura Belle Cornelius.

The health committee reported that it had collected \$50 from the milk bottles placed throughout the city for a fund to be contributed to school cafeteria lunches for underprivileged children.

The club bulletin, Scribbles, was distributed at the meeting.

Attending were Julia E. Kelley, Clara Lee Shevaker, Ruba McConnell, Ruth Walstad, Lillian McNutt, Leah Behrman, Lillian McWright, Audrey Fowler, Mayme Counselor, Letha Northup, Lillian Jordan, Blanche Anderson, Blanche Drescher, Myrtle Simmons, Mildred Overall, Opal Wright, Ann Heskew, Grace Pool, Gypsy Malloy, Ida Huxley, Rowena Wasson, Dalton Hall, Madeline Murray, Madge Rusk, Maurine Jones, Oree Kromer, Vada Lee Olson, Effie Atkinson, and Iva Ekern.

Sandals made of fish skip are worn by the Egyptians.

Romance Boom In Capital Gives Cupid Happy Hunting Ground

WASHINGTON — Plaster cupid clinging to mantelpieces in mid-Victorian Washington mansions which have been converted into rooming houses, have a way of coming to life. Evidence of this appears every day in the marriage license lists in local papers, which report that Mary Brown and John Jones, about to wed, give the same address.

Up and down 16th street behind red brick and brown stone fronts, where admirals and ambassadors once lived in coach-and-four splendor, romance moved out.

ROOM DIRECTOR IS THEIR GUARDIAN ANGEL

Kindly little Mr. A. A. Wrenn, director of the Washington Room Exchange, who meets the trains and buses to collect newcomers and get them settled, thinks his work hasn't been worthwhile unless he has helped a new romance take root in the capital.

He's something of an amateur astrologer and he always finds out whether a new arrival is Leo, Gemini or Scorpio while he is getting acquainted. That helps him decide with whom the newcomer should share a room, he says, and comes in handy later on if they ask his advice about taking the altar trip, and many of them do.

He gives advice freely, saying, "If I can't help them, I won't hurt them." All of the young people to whom he stands in loco parentis, don't take his advice. Those who don't sometimes regret it.

Popular after-dinner recreation in Washington boarding houses bridge. David B. Harrison, left, Dorothy Collins, Georgia Murray, and William Fair make a foursome, and their friends kibitz at these newcomers to Washington often find partners for life at these bridge sessions.

One young lady asked Mr. Wrenn if she could talk with him. She said she had had two proposals, and couldn't decide which to accept. Mr. Wrenn pointed out that one boy had glamor but the other was steady and would make a better husband. The girl thanked him and took the boy with glamor. She came around recently to confess she had made a mistake.

A happier ending is that of the five-week romance of a couple in their 40's from the deep South who met in a Washington rooming house, through Mr. Wrenn. One night, soon after her arrival, the woman asked Mr. Wrenn to direct her to the post-box.

He suggested to the bachelor that it was pretty late for a lady to be out alone, and that he go along as escort. The post-box was only a block away, but the couple were gone 45 minutes, and not long afterward they asked Mr. Wrenn to find them a flat for housekeeping.

One landlady tells the story of a young couple who met in her house, and discovered they both liked to tinker with radios. They decided in the end that two salaries would buy more radios than one.

Then there's the story of the pretty red-head nurse and the shy engineer, whose landlady made a fourth at bridge so she could help him in the early stages of his romance by asking such leading questions as "Mr. Brown, doesn't Miss Dorothy look lovely tonight?"

One young man who had been trained as a typist and wanted to get a better job found one of his housemates could teach him shorthand. They worked in the dining room evenings after the dishes were cleared away. His teacher was an attractive young lady, and when he got a better job he took her on as full-time helpmate.

THE YOUNG FOLKS GET LONESOME

"Many young people who come to Washington to take government jobs have never been away from home before," he says. "Naturally they're lonesome. After work they meet at the boardinghouse table, in the living room they play bridge, dance to the radio, and before you know it they are beginning to plan for a home of their own."

In one 16th street rooming house, one of the rooms is called "The Bridal Suite," because 14 of the young people who succeeded each other as occupants were married while they lived there.

One landlady says a lot of her roomers have moved away and come back to marry the young men and young women they met in her house. She thinks "Living in the same house, they get used to each other, and find after living away from each other how much the other's companionship meant."

- A pure, white, greaseless, stearine vanishing cream.
- ARRID has been awarded the Approval Seal of the American Institute of Laundering for being harmless to fabrics.

ARRID is the LARGEST SELLING DEODORANT. Try a jar today!

39¢ a jar At all stores selling toilet goods (also in 10¢ and 50¢ jars)

LEAF APPLIQUE

Step into the new season in this irresistible applique dirndl frock with the motif which repeats nature's own theme for autumn—falling leaves. Leaves swirl around the hem of the rippling, gathered skirt and a leaf rests lightly on the quaint high-necked bodice. The long top feeling is emphasized by darts which fit the bodice snugly through the waistline.

Pattern No. 8026 is in sizes 12 to 20. Size 14 requires 4 1/2 yards 30-inch material with short sleeves. The pattern for the leaf applique and directions for applying it with an embroidered stem are included in the dress pattern.

For this attractive pattern send 15 cents in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

The Fall Fashion Book, just published, shows a smart new series of patterns for every need. Order your copy today!

London Bridge club will have a meeting.

Coronation Of Queen Will Be Held On Friday

In a colorful coronation ceremony to be held on the stage of the Le-Nora theater Friday evening shortly after 9 o'clock, Marsh Kay Monahans will be crowned "Little Miss Pampa."

Marsha Kay is the winner of a popular contest conducted by the Upsilon chapter of Beta Sigma Phi sorority in cooperation with 30 merchants. In the final count the winner received a total of 31,030 votes.

Presiding as master of ceremonies for the service will be Tex DeWeese. The little queen will be crowned and will receive a trophy while the remaining 29 contestants will be introduced and presented gifts.

All of the children and their mothers are asked to be in the dressing room backstage at the theater by 9 o'clock.

Mrs. Rose Named BGK President For Fall Term

Mrs. Tom Rose, Jr. was named president of the B. G. K. club for the fall term when the group met in the home of Mrs. George Polard Tuesday evening.

Other officers named were Miss Mary Gaylord Booth, vice-president; Miss Elizabeth Mulligan, secretary and treasurer; Miss Jane Kerbow, parliamentarian; Miss Mary Price, reporter; Miss Betty Jo Townsend, corresponding secretary; and Mrs. Gerald Fowler, historian.

A report was made by the social chairman who announced tentative plans for autumn entertainments. The club's representative to the Council of Clubs gave a resume of the last Council meeting.

Next Tuesday evening the club will meet in the home of Mrs. Bob Trippelhorn.

New White Deer Study Club Has Lunch In Amarillo

WHITE DEER, Sept. 11—Mrs. James O. Cade, prominent Amarillo clubwoman, was guest speaker at a luncheon meeting of the Modern American Study club, Tuesday, at the Rose Bowl tea room in Amarillo.

The club was organized during the summer and this was the first regular meeting. Topic of study for the year is "The American Home."

Officers are Mrs. Biggs Horn, president; Mrs. H. T. Dickens, vice-president; Mrs. L. O. Spear, secretary; Mrs. Justin Enoch, treasurer; Mrs. Chester Strickland, parliamentarian; Mrs. Richard Falkenstein, reporter; and Mrs. Holt Barber, reporter.

Members attending the luncheon were Mesdames Horn, Dickens, Strickland, Falkenstein, Barber, C. B. Churn, Glenn Davis, Wesley Davis, B. E. McCollum, Charles Churchill, W. C. Powers, and T. C. Jackson.

Others members are Mesdames Spear, Enoch, and Orman Bentley.

Officers To Be Installed Monday By Legion Auxiliary

American Legion auxiliary will have a combined regular and social meeting Monday evening at 8 o'clock in the Legion hall.

Installation of officers for the new year will be conducted with Mrs. Hupp Clark acting as installing officer and Mrs. Roy Sewell as installing marshal.

Mrs. W. L. Heskew, delegate to the recent state convention in Fort Worth, will give her report.

Mrs. Roy Showers, Mrs. L. R. Franks and Mrs. Nellie Ford will be hostesses. All members are asked to be present.

Baptist Women To Have Annual Social Monday

An annual event in the activities of the women's division of the adult department of First Baptist church is the victory rally which will be held next Monday afternoon at 2:30 o'clock in the church rather than on September 22, which was originally announced.

The V theme will be stressed in the entire program and the same motif will be repeated in the refreshments which are to be served at the beginning of the program.

Every woman in the church is invited to attend.

Mrs. W. R. Hallmark is general chairman of arrangement with Mrs. S. T. Beuchamp in charge of decorations; Mrs. R. E. Gatlin, entertainment; and Mrs. H. M. Stokes, refreshments.

Garden Club Will Meet In Club Rooms Friday Morning

Pampa Garden club will have its regular meeting in the city club rooms at 9:15 o'clock Friday morning.

Mrs. W. C. deCordova is to be hospitality chairman for the coffee and Mrs. Bob McCoy, president, will have charge of the business meeting.

Every member is urged to be present and to take an arrangement of flowers. Hal Lucas will show a film on flower arrangement with comments by Claudia Benge. This film is different from any film on flower arrangement yet shown in Pampa.

Design for Rescue of Floating Flyers

This striking seascape shows the wash from a speedy British rescue launch which criss-crosses the Channel to pick up downed RAF pilots who reach rescue floats where they remain until saved.

Planes Drop Pamphlets On Leningrad

(By The Associated Press) BERLIN, Sept. 11.—German planes showered Leningrad today with pamphlets urging its civilians not to defend the city, and Germans said the Russians must decide whether Leningrad is to be taken as a fairly intact city or as a heap of debris.

"An authorized commentator" said the Germans were in a position to inflict much heavier punishment on Leningrad but were withholding their full might to give its citizens a chance to reconsider defense tactics.

The pamphlets, he said, emphasized that if civilians resist, the German army must regard them as enemies and act accordingly. They warned that if a civilian house-to-house defense were attempted, Leningrad would be subjected to a more general bombardment.

Shells and air bombs up to now have been concentrated on food and munitions stores and other facilities to enable the city to withstand siege, it was asserted, with electricity and transport services marked out first for demolition.

The commentator declared it was hoped that would be enough to soften Leningrad, but the decision lay with its inhabitants. Smoke already is visible at considerable distances from the city, he said, but there is no general conflagration.

German sources acknowledged that at one point on the Russian front tank-supported Soviet forces broke into the German lines but said they were repelled.

Dispatches reported destruction of 68 of 100 attacking Red army tanks on "one sector of the eastern front" yesterday and said a two-day battle at another point had ended with the Russians losing 3,700 men in prisoners as well as heavily in killed and wounded.

'Go To Church' Day Will Be Planned

The annual "Go To Church Sunday" movement will be mapped for 1941 when a meeting of the ministers of all Pampa churches, and two laymen from each church, is held at 3 o'clock Sunday afternoon in the study of the First Methodist church.

Paul D. Hill, who was president of the movement last year, will be in charge of the meeting Sunday, which is to be attended by three persons from every church in the city, negro included.

Date of the special Sunday will be set and officers elected.

JEFF Says:

My company will pay the grocery bill and rent for your family as long as you like after you are gone.

Naturalized Citizens In Foreign Countries May Lose Citizenship

By LLOYD LEHRBAS WASHINGTON, Sept. 11 (AP)—Several thousand naturalized Americans who have lived in foreign countries beyond the time limit permitted by the nationality act of 1940 will lose their American citizenship unless they return to the United States by October 14.

Officials said today that the new law becomes effective on that date and any naturalized Americans outside American territory—unless they are in categories exempted by the act—will automatically forfeit their citizenship.

They said that all of the absent Americans have been warned through United States consulates in European and Asiatic countries of the law's provisions and the consequences of its violation.

Some naturalized Americans, desirous of returning to this country, have been stranded in belligerent territory or other areas which they have been unable to leave, because of general-disrupted transportation facilities.

The state department, which has arranged for the return of more than 50,000 Americans since the start of the war, is now intensifying efforts to arrange for their transportation home before October 14.

In that category, officials said, are between 75 and 100 naturalized Americans living in the British Isles. Until the state department announced a new policy yesterday, they had been unable to secure maritime transportation back to the United States since American ships are barred from navigating belligerent waters.

Secretary Hull has explained that a major reason for permitting Americans in the British Isles to take passage on foreign vessels was to enable them to save their citizenship.

The neutrality act prohibits Americans from traveling on belligerent vessels "except in accordance with such rules and regulations as may be prescribed" by the secretary of state acting under authority from the President.

Under the emergency rule Americans living in the British Isles who cannot show urgent need to return to this country may secure visas from American consular officers there to sail at their own risk on British, Norwegian, Dutch or other vessels sailing from British ports.

'Lord Blinkinsoy' Speaks At Rotary Weekly Luncheon

Bill Browne, KPDN radio announcer, gave his 15-minute imitation of "Lord Cecil Bassington-Blinkinsoy" on the program of the Pampa Rotary club's regular weekly luncheon at noon Wednesday in the basement of the First Methodist church.

A committee of 14 members to work in the Salvation Army's campaign was appointed, following the campaign announcement by Captain Jack Smith, local head of the Army.

Attendance at the luncheon was 44. C. S. Goldsmith and Dave Metz, both of Borger, E. Kancher, Amarillo, and C. H. Everett, Ardmore, Okla. were visiting Rotarians.

Other guests were Ray Robbins, Pampa, and W. S. Bennett, Stuttgart.

Corridor Of Death Takes Toll Again

TEMPLE, Sept. 11. (AP)—The bloody corridor of death—a flawless stretch of highway between Troy and Eddy on the Temple-to-Waco route—still claims its toll of dead and injured.

An old story was reenacted along the corridor yesterday. An automobile collided with a truck on the highway—smooth and straight, with no blind corners, no traps for the unwary. Dale Dwyer, 13, was killed; his mother, Mrs. F. T. Dwyer, was critically injured, with a fractured chest and thigh; Kenneth Dwyer's chest was crushed; Frank Dwyer, driver of the car, managed to escape with minor injuries.

Not on the corridor but in its near vicinity Dan H. Connolly, 58, of Belton, was killed when his car crashed head-on into a truck between Temple and Belton.

Flashes Of Life

(By The Associated Press) MONTROSE, Pa.—Robert Mitchell sought the Republican nomination for prothonotary as an independent and wound up as the Democratic nominee for the office.

He polled 2,293 votes to 3,894 for Howard Maynard on the Republican ticket but with no candidates on the Democratic ballot, voters wrote in Mitchell's name 833 times so he'll oppose Maynard at the November general election.

TACOMA, Wash.—The telephone company apologized and offered to change H. H. Sizer's number when they learned it was the one listed in the front of the directory for dialing instructions.

"Not" said Sizer, who talks to lots of kiddies making their first telephone calls. "Their conversation is refreshing."

QUINCY, Ill.—The scriptural prophecy that "the lion and the lamb shall lie down together" was paraphrased in reality at a Methodist church conference here.

The Rev. Claire Wolf shared the same room with the Rev. Keith Fox, while the Rev. L. P. Bear had his son, the Rev. Orville L. Bear, as roommate.

CHICAGO—A home run took a \$10,000 bounce in superior court. Harry Sachs sued the owners of the Chicago White Sox for that amount. He averred that, in dodging a four-base ball in the right field stand at Comiskey park, he fell over a seat and suffered permanent eye injuries.

Air Force Of 500 Will Engage In War Maneuvers

WITH ARMIES IN LOUISIANA, Sept. 11 (AP)—An air force of 500 representative American fighting and bombing planes converged on Louisiana and Texas airports today, preparing to add realistic air support to the second and third armies in their gigantic war games opening Sunday.

Army, navy and marine pilots have been coming from all directions this week to band together into air task forces as they would in the event of actual hostilities. The group includes 450-mile-an-hour fighters and 300-mile-an-hour bombers. There will be one such force with each of the field armies.

Task forces are organized for a particular job and these—the largest the United States has ever assembled—under a field command—will provide a preview of the recently organized air support commands attached to the nation's four field armies and the armored force.

In the simulated warfare, the third army is merely the advance force of a powerful invader and the second army, which pushed in from the north, is the "feeling" out force of a larger defending army.

So important is the Louisiana test that Air Vice Marshal P. C. Malby, of the Royal Air Force, will come from Washington to observe action next week.

Roof-top parking for the congested areas of larger cities, dream of traffic engineers for years, has been realized in Philadelphia where a new \$1,500,000 building has been erected with storage space on the roof for hundreds of automobiles.

How Economic War Hits Japan

U.S. CUSTOMERS
U.S. EXPORTS TO JAPAN
JAPANESE CUSTOMERS
JAPANESE EXPORTS

Economic warfare between Japan and the United States, Britain and the Dutch East Indies has slowed flow of Japanese imports and exports because of loss of her best markets. Charts show position of Japan among U. S. customers in 1940, major U. S. exports to Japan, Japan's big five customers last year, and principal Japanese exports.

Smokes for South American Warriors

As new fighting was reported between Peru and Ecuador this picture, first from that western hemisphere war front, was received in U. S. It shows Senora Manuel Prado, wife of Peru's president, smoking out cigarettes to soldiers stationed at Tumbes.

Gray County Civilians Can Enroll In Special Corps, Go To England

Firing Squad Halts Strike In Norway

Gray county men who want to satisfy a yearning for adventure, travel and do a patriotic service, can combine all three by joining the Civilian Technical corps and being assigned to England.

The corps is a non-military, non-combatant body of paid volunteer civilian craftsmen established by the British government to maintain and repair technical equipment used by naval, military, and air forces of the British and their allies.

Americans can join without loss of American citizenship. There is no oath of allegiance to King George VI.

Application blanks and complete information on the corps are available from the Texas State Employment service, located in the Combs-Worley building here.

Types of Craftsmen Wanted
The corps wants three classes of qualified men: radio mechanics, ages 18 to 50; radio mechanics for communications services, 18 to 50; fitters, 18 to 50; metal workers, 18 to 50; electricians, 18 to 50.

Instrument repairers, 18 to 50; machine tool fitters and operators, 18 to 50; electrical artificers, marine, 18 to 40; wiremen, marine, 18 to 40; radio mechanics for marine communications, 18 to 40; automobile mechanics, marine, 18 to 40.

While the rate of pay is not high by U. S. standards, ranging from \$24.12 per week for basic workers to \$38.65 per week for chief foremen, it must be remembered that corps members receive freed board and lodgings, free clothing, free medical care, two weeks leave per year with pay, and free transportation from the United States to the point of service and return.

Length of Service
Volunteers enroll for three years or for the duration of the war, whichever is the shorter period. Working hours are a minimum of 48 a week, maximum of 60 hours a week. Volunteers are assigned to posts in the United Kingdom or elsewhere overseas. Assignments may change from time to time.

Release To U. S.
If the United States should require the services of any members of the Civilian Technical corps, the British government has agreed to release them immediately.

Payments to the corps members are made in British currency, but married corps members will be given facilities for allowing up to 50 per cent of their pay to a wife or child in United States currency. In the event of death or disability attributable to service, pensions will be paid on the same scale and under the same conditions as are applicable to the Canadian forces generally.

The Civilian Technical corps has the endorsement of President Roosevelt, Florentino H. La Guardia, director of the office of civilian defense, Wendell Willkie, and Col. William J. Donovan, coordinator of intelligence information.

were carried out by planes based in the Mediterranean area. The attackers were led by Britain's new Stirling and Halifax four-engine bombers. It was the first time they had crossed the Alps, although some of the crews which bombed Turin were over Berlin Sunday night.

They described the trip to Italy as "like an air-liner trip in peacetime," but these operations

Legislature Bogs Down In Debate

AUSTIN, Sept. 11 (AP)—Its initial pace slowed by clashing opinion on procedural methods, the legislature today faced the prospect of more argument on how to tackle the county road bond problem; sole subject under consideration.

City Employee Not Hired As Engineer

Employment of John Nutting by the city as field man and draftsman, as reported in yesterday's edition of The Pampa News, does not mean that Nutting is city engineer, as was the incorrect impression of several Pampans.

Nutting will do drafting and field work, but will not be engineer. Dick Peppin had been city engineer and mention of this fact in connection with Nutting's employment as field man and draftsman was not intended to mean that the two jobs were identical.

Today's War Analysis

By DEWITT MACKENZIE

Probably all of us are acutely conscious of the nearness of the war danger as we await President Roosevelt's discussion of the position over the air tonight—a talk which cannot be expected to do other than emphasize the gravity of the crisis.

Possibly it is this thought which impelled me to write today on the duration of the war, or maybe the impulse came from the fact that the

question most often thrown in my direction is how long the war will last—as though I were a major prophet. Anyway, it certainly is a topic close to all.

The way the European conflict is going right now I for one shouldn't be greatly surprised if it ended sometime next year.

Now that isn't a prophecy, because we know the war might drag on through the 10 years for which the Axis claims to be prepared. Such duration isn't likely, however, for if the warring continues a decade poor Europe will be a bag of bones.

The thought that the war might end next year is based on the strong and growing possibility that an already tortured continent won't be able to support the Axis military operations, and may revolt against

the terrific burden. Such a thesis presupposes, of course, that the Allies have a good chance to win—a view which this column has previously recorded.

This possibility doesn't condemn Herr Hitler to defeat without further trial. It would be poor judgment to suggest that the creator of the most powerful army in history (paging Moscow on that) hasn't a chance to win, because he has.

We have to know considerably more about the endurance of the Muscovite war machine which has been doing such great things, and which today claims to have mustered the strength to drive a big salient into the heart of the German line in the Smolensk area, before Moscow. We want a further view of the mor-

You know they tell us that the ring of the Allied blockade by invading Russia and thus has cut himself off, for the time being at least, from vital supplies.

It's unnecessary to dwell over the wide-spread food shortages on the continent of Europe, or on the epidemics and typhus and other diseases which already are springing up on the trail of the hunger. This column has emphasized that repeatedly.

These facts should be kept in mind, however, for the spirit of revolt which is sweeping through many of the conquered territories is partly due to privation, though mainly to the burning desire to be free again. It will be increasingly difficult for Nazism to maintain its position over the vanquished.

Pampan Promoted To Corporal In U. S. Marines

James Robert Johnson eldest son of Mr. and Mrs. Frank Johnson, residents of Pampa, Texas, recently received his promotion to the rank of corporal.

Corporal Johnson enlisted in the United States Marine Corps on January 4, 1940, at Dallas, Texas, and after serving a period of thirty-three days of training at the recruit depot at the Marine Corps base, San Diego, California, was transferred to Shanghai, China, via the

U. S. S. Henderson, where upon arrival he boarded the U. S. S. Augusta as she lay tied to a buoy in the Wampoo. Since this time he has served in the Augusta returning with it after her relief from Asiatic duty by the U. S. S. Houston.

Among Corporal Johnson's many duties in the Augusta he is a qualified gun pointer on the 5" anti-aircraft battery. Corporal Johnson was a member of the crew of the Augusta when it made the historical cruise with the President of the United States to rendezvous with the prime minister of England.

Since Corporal Johnson's joining the detachment of Marines in the Augusta he has visited many ports both in the orient and accident and because of his love for travel

he expects to make a career of the Marines.

FRENCH TRUFFLES
Hogs are trained to locate and dig up truffles in France. The truffle is an underground fungus used for omelets, sauces, poultry dressings, and other dishes.

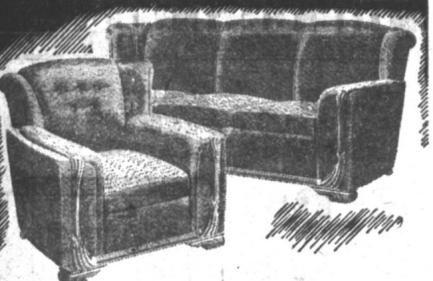

The trained seals of our circuses are not seals; they are sea lions.

Not Recommended for Happy Landings

Ancient Burma prepares for modern parachute troop invasion by studding airfields with razor-pointed, fire-hardened bamboo sticks guaranteed to discourage most intrepid apostles of New Order

LABOR HEADS

(Continued from Page 1)

Some Oslo workers had started a strike because they had not received their ordinary milk ration.

Under the state of civil siege, Norwegians are barred from the streets from 8 p. m. to 5 a. m. and forced to surrender radio sets. The measure also banned alcohol, dancing and theaters.

In the war in the air, RAF bombers ranged far afield to attack northern Italian cities for the first time since last winter.

Meanwhile, authorized quarters in Berlin declared that the United States decision permitting American nationals to return from England on belligerent ships was a move "to create possibilities for incidents."

The Germans insisted they would not guarantee the safety of such American travelers because the waters around Britain were heavily mined and British ships were subject to air and U-boat attack.

In London, the United States embassy reported a rush of several hundred inquiries from American citizens wishing to return to the United States, even at the risk of being torpedoed.

On the Russian-German war front, Soviet military dispatches reported that Red army troops had scored new advances as deep as 12 miles on the central front, where the headlong Russian counter-offensive had driven three wedges into the German lines.

The Soviet push, centering around Smolensk and in the Gomel area was indirectly confirmed in Berlin.

By last night, the Russians said, Red troops had recaptured 10 villages and were still sweeping for-

ward against stubborn opposition. "Soviet bombers do not allow Fascist troops a moment's respite, dropping tons of metal on their heads continuously, destroying tank columns and exterminating the enemy's manpower," said the army newspaper, Red Star.

In London, it was officially announced that hundreds of British fighter planes were being sent to aid the Russians—presumably flown to the U.S.S.R. via the near east, across Iran.

Tass, the official Soviet news agency, reported fierce battles were raging in the long quiet sector of Velikie Luiki, on the north central front, about midway between Smolensk and Staraya Russa, far behind the deepest German penetration.

In recent fighting, Tass said, Russian troops annihilated more than 12,000 German officers and men and destroyed 340 tanks and armored cars.

More than 300 Nazi planes, the Russians said, lie wrecked around Leningrad.

Adolf Hitler's newspaper Vöelkischer Beobachter, went to press this morning with not a single war report on its front page.

An editorial in Pravda, the Communist party organ, declared the tenacious defense of Leningrad, Kiev and Odessa was making their approaches an Axis graveyard. It compared those cities with Verdun in the World War where the Germans sent hundreds of thousands of soldiers against the never-captured French fortress which Pravda called a "mincing machine."

"Verdun undermined the strength of the German army," said the editorial. "Not one but many Verduns are already mincing the frenzied Fascist hordes."

ALAN REED

(Continued from Page 1)

B. W. Moreman of Alanreed in charge of this section.

Fine arts will include paintings, hand carved or inlaid plaques. Paintings may be in oil, water colors, or pastel and must be mounted ready to hang.

Home Demonstration Clubs

The four clubs nearest to Alanreed are to exhibit the following articles: one piece of refinished furniture, two pieces of upholstered furniture, two rugs, one what-not shelf, two cakes, one bread, two varieties of fresh vegetables one quart standard pack vegetables.

All other five HD clubs, near Pampa, will make the same exhibit in a local store window on September 20-26, as planned by the chairman, Mrs. W. F. Taylor.

Exhibits shall be placed by 10 a. m. September 25 and may be removed by 10 p. m. of that date.

Carnival

For the entertainment of fair visitors, a community carnival will be held Friday and Friday night in connection with the fair, with J. T. Sykes as superintendent.

T. T. Griffin will be superintendent of the curio exhibit; C. T. Howell, school exhibit; and there will also be an exhibit of boys 4-H club products.

Fair Officers

L. L. Palmer of Alanreed is president of the Alanreed Community fair this year; Foreman Stubbs, Alanreed, vice-president; Mrs. L. S. Prock, Alanreed, secretary-treasurer.

Other members of the board of directors are: Mrs. Oscar Tibbets, McClellan; Mrs. Ed Clifton, McClellan; Wilson W. Boyd, McLean; Idell Garberry, McLean; Mrs. Marvin Hall, Glenwood; T. T. Griffin, Eldridge; Mrs. O. P. Darsey, Eldridge; D. W. Turner, White Fish; Mr. Dunkle, White Fish; G. E. Castleberry, Alanreed; W. H. Davis, Alanreed.

Members of the advisory committee, besides Mr. Thomas and Mrs. Kelley, are C. T. Howell, superintendent of Alanreed schools, and H. M. Breedlove, Clarendon, Donley county farm agent.

PRESIDENT

(Continued from Page 1)

War Stimson, Secretary of Navy Knox and Harry L. Hopkins, lease-lend supervisor, but the conferees were pledged to strict secrecy.

As far as the White House was concerned, apparently, the exact contents of the speech would remain confidential until Mr. Roosevelt starts speaking at 8 p. m. (CST). All networks will carry the address, and all available short wave units will relay it to the four corners of the world, both in English and in foreign tongues.

For today's White House meeting the foremost topic, in the opinion of congressional informants, was the question that is expected to occupy a major portion of the President's radio address—the war waged by Axis forces at sea and its effect on American shipping.

Before the legislative chiefs met with the President, there was reports on Capitol Hill that Mr. Roosevelt might transmit to congress some time during the day his second report on the operations of the lease-lend program, and also his conference might discuss an additional appropriation of \$4,000,000,000 to \$5,000,000,000 for lease-lend operations.

Originally the President was allotted 15 minutes but the networks say they expect the broadcast to run longer, at least 25 minutes. Later in the evening CBS plans an editorial roundup at 9:30 and NBC-Blue one at 10:05, to include comment from London and Buenos Aires.

Student-Selectees Advised To Confer With Local Boards

AUSTIN, Sept. 11 (AP)—Selective registrants planning to attend college this fall had better consult their local boards before reporting to school in the opinion of State Selective Service Director J. Watt Page.

The director has advised the registrants to learn when they might be called to military duty in order to save time and trouble.

General Page said while deferments were granted to some enterprising national defense occupational fields, there was no blanket deferment for all students.

... a word to the wives

When hubby returns home after a grueling day, do you greet him with a bit of grand-tastin' refreshment? Do you inspire his gratitude by pouring a frosty glassful of Grand Prize to give his thirst the "go-by"? No? Then, lady, here's a helpful hint.

Men like to be pampered. And grand-tastin' Grand Prize surely pampers a man's palate. This delicious beverage is smooth as your hubby's proposal. It's as deeply mellow as his love for you. Yes, and the flavor of this great brand is so satisfying that contentment follows as a matter of course.

So, garner a supply of Grand Prize right now. Then serve your man his favorite beer tonight. Try this treat yourself, too. See if it isn't worthy of a king's ransom ... and of a queen's consideration.

GRAND PRIZE IS GRAND-TASTIN'

Four Youths Arrested For Burglaries

SAN ANTONIO, Sept. 11 (AP)—Four youths described by police as members of a band which operated with the skill of an old time Chicago gang were under arrest today in connection with numerous Texas burglaries.

They admitted, police said, to the taking of thousands of dollars in loot.

One boy was jailed at Kenedy and the other three are in the Bexar county jail. They range in age from 15 to 17. All were described as pale-voles from the State Home for Boys at Gateville.

Officers announced that the four signed statements in which they admitted robbing the Sommers Drug store in Alamo Heights on two occasions, taking \$1,500 in the first safe cracking and \$57 in the last.

During the two years, the statements said, the boys have operated here, in Houston, Corpus Christi, Dallas, Fort Worth, Sinton and Victoria.

One of the boys said he was paid

a regular salary of \$25 per week by the youthful leader while the others split evenly the remainder of any loot. They said more than \$20,000 worth of jewelry has been pawned by them during the past two years.

Traveling from town to town, the boys said, they stayed at hotels and tourist cottages and watched the society sections of the local newspapers. When they saw that a family was to go out of town, they made a note of the society item, they said, and then telephoned the residence of the departed family. If there was no answer, they said, they visited the residence and if a knock at the front door was not answered the house would be burglarized.

The boys said they recently slugged a man into unconsciousness at Corpus Christi with a wrench and robbed him but could not remember how much money they took from his pockets.

One of the boys is from Harlandale, one from Sweetwater, one from Kenedy and one from Waco, according to the officers. They said they had committed so many burglaries and robberies they couldn't remember them all.

Two-thirds of the municipalities in the nation with populations exceeding 2,500 persons possess no street car or bus systems. They use automobiles for transportation.

Photographers And Examiners Needed In Civil Service

Examinations have been announced also for various grades of photographer positions, with salaries from \$1,200 to \$2,600. The commission especially desires applications from persons who have done work in wet-plate, process, and general commercial photography, and in photographic mapping. Experience in photographic work is required for all grades. Amateur photographic experience is not qualifying. Applications will be rated as soon as practicable after receipt at the commission's Washington office until June 30, 1942.

The commission has announced also an examination for Junior Bank Examiner, \$2,000 a year, for employment in the Federal Deposit Insurance Corporation. Four years of banking experience is required; however, study in a recognized college or university, law school, or resident school of accounting may be substituted for a part of the experience. The Federal Deposit Insurance Corporation desires applicants who expect to make bank examining a career and who have demonstrated their interest in this work by their education and experience. This examination will be held for all Federal Deposit Insurance districts except I and II, which are made up of the New England States, New York, New Jersey, and Delaware. Sufficient eligibles from these states are already in the commission's registers. Applications must be on file in the commission's Washington office not later than October 2, 1941.

Full information as to the requirements for these examinations, and application forms, may be obtained from V. Darnell, Secretary of the Board of U. S. Civil Service Examiners, at the post office or customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first or second-class post office.

Tough Job

Not until 1870 were milk cows known in Japan. An American sow was imported at that time and two men, selected for their strength, were assigned the task of wrestling the milk from her.

BIG SPRING BEATS CLOVIS 8-0 IN SECOND GAME OF PLAYOFF

Teams Will Open Series In Clovis

Jodie Tate's Big Spring Bombers made it two in a row over the Clovis Pioneers in the West Texas-New Mexico league playoff last night with an uprising in the seventh. The final score was Big Spring 8, Clovis 0.

Tonight the teams move to Clovis for three games, if necessary. With Big Spring in the drivers seat with twin victories, the Pioneers will have to get ahead and move the play back to Big Spring.

Either Kobout or Schube will get the call to hurl for Big Spring tonight while Manager Grover Seitz will come back with Jim Rollins, his ace right hander.

A jinx hit the Pioneers yesterday when Clovis Eridwell, scheduled to hurl last night, was taken to a hospital with influenza, then in the third inning last night Catcher Schmidt was struck on the head by a foul tip which necessitated the taking of several stitches. Mack Quillen, who had been having a bad night at second, went behind the plate and Seitz, who was on the bench, took over at second.

Willard "The Great" Ramsdell let the Pioneers down with four hits, all of them singles. Mel Kramer came up with a six hitter but two of them were home run balls.

Eddie Stevens lifted one of Kramer's curves over the right field fence in the sixth after two were out and none on and that long and lofty blow really was enough to win the game with Willard's wizardry being the success it was.

In the seventh, two costly errors accounted for four runs and as if that weren't enough to satisfy their appetite, the Bombers scored three more with another home run by Stevens, the biggest blow of five hits in the inning.

There were two on this time when Stevens connected.

LEMONS FIRST MEXICAN CHAMP AS SEASON STARTS WITH GOOD CROP OF NEW FIGHTERS

NEW YORK, Sept. 9—Another boxing season rolls around with an unusually good crop of new fighters. Richie Lemos of Los Angeles has beaten both claimants of the featherweight title to become pretty generally recognized in that division.

The slambang type, Lemos knocked out Pete Scalzo, who was recognized by the National Boxing association, in five. He dropped Joey Archibald to the bottom rope in taking all 10 rounds from the New York commission's candidate.

Lemos was forced to come in above the class limit, and the fact that he sealed off 4 of a pound more than 126 shows how easily he can make the weight for Archibald.

Aurelio Herrera, Joe Rivers and Ba Ariamendi came close. Bert Colina was a first rate middleweight, but Lemos is the first Mexican world champion.

ROBINSON TRIMS N. B. A. CHAMPION

GROWING COLAN KAYOS MAMAKOS

Booker Taliaferro Beckwith, a lightweight, and Johnny Colan, a rapidly growing middleweight, have leaped to the fore in Chicago.

Beckwith, a Negro resident of Gary Ind., and the son of a preacher, scaled no more than 172 when he dropped the full-grown heavyweight, Red Burman, twice in registering his 17th consecutive victory. Only seven months ago, Beckwith, member of a family of 11, needed money for groceries so badly that he asked to fight twice in a night to double his purse.

Colan, from the west side of New York, has won five fights in a row in Chicago. . . knocked out Steve Mamakos in his last.

Leon Franklin is a Negro heavyweight with a punch who operates out of Chicago.

Bill Poland of New York may be good enough to get somewhere as a heavy, provided Jack Kearns gives him an opportunity to convince the public he has real ability.

Irish Jimmy Denson is a fair heavyweight prospect with a couple of eye-catching victories to his credit in Indianapolis. He knocked out Neville Beech.

Other lightweights of worth are Lu Lou Constantino, Patsy Giovannelli and Bobby Ruffing of New York, Mike

Raffa of Pittsburgh and Harry Hurst of Canada. Constantino bagged 43 straight. Giovannelli has copped 37 of 38, repelling Ruffing in his most repeated effort. Ruffing is the flashy son of Teddy Hubbs, who fought Benny Leonard, Johnny Kilbane and other topnotchers of his day.

Beau Jack is a green Negro lightweight sponsored by a group of wealthy

men who first met him around the Augusta National golf course. Jack—real name Sidney Walker—is a jarring hitter now entertaining in and around New York.

Freddie Pope is an unbeaten Louisville bantam.

Professional boxing has room for all these new faces. . . and then some.

First Football Game Of Season Just Week Away

The time for tough, hard workouts has arrived for the Pampa Harvester football team. Coaches Buck Prejean and Mac Best told their prospects yesterday following a couple of long workouts. The two-a-day practices will continue until Monday when school opens. Then the workouts will be at 3:30 o'clock each afternoon.

First game of the season is just one week away, on the night of

September 19 when the Burk Burnett Bulldogs come to Pampa. Season reserve seat tickets for the six home games will go on sale Saturday morning.

All hands able to practice will get a chance to show their stuff the rest of this week and during the first three workouts next week coaches said. Then the starting 11 boys will be named.

Missing from workouts are Harry Kerbow, out with a cracked rib, Earl Snyder, out with a broken

finger, and Basil Arnold who has not reported for several days. Floyd Allen, reported missing, is very much in evidence and playing at both guard positions and one tackle slot. The Harvesters are light on reserves so Allen and a couple of other boys will be able to fill in at most of the line positions.

Heavy scrimmages will be held daily from now through next Wednesday. On next Thursday there will be a light workout.

Texas Football Season To Open Tomorrow Night

Kuehler Showing Improvement On Buffalo Eleven

CANYON, Sept. 11—West Texas State's starting lineup is looking better with the steady improvement of Co-Captain Cleus Kuehler, big end who broke an ankle last spring. Kuehler has been moved to tackle, a position he prefers.

The grid leader likely will alternate with 218-pound Leslie Curb, who also will be used at left end in some combinations. To plug a big hole at left guard, O. C. Randle, a freshman fullback last year, is being tried. Pat Toombs has first claim at center, where he will alternate with Wallace Allen, a husky sophomore.

Currently at right guard is Joe Forbus, letter man who is described by Coaches Jack Curtice and Leslie Van Meter as one of the best linemen they have trained. But at right tackle is another sophomore, James Love. The right end is open, with Clark Walling, a sophomore, trying to hold it.

In the backfield, Co-Captain Patsy Hill is relinquishing his blocking position to Mack Winter, one of the most capable sophomores. Hill moved over to right halfback. Other backs are Ben Collins of Wichita Falls, tailback and bootleg play specialist, and Larry Sanders of Samnorwood, speedy fullback.

This lineup, which is likely to open the season against Oklahoma City university here on the evening of September 18, will have considerable striking power but will be weak in reserves. Injuries will determine the course of this season, Coach Curtice says, pointing out that the squad has only 23 members, most of them sophomores.

Stop-Watch Can Fix Sub Rule, Says Okeson

By BILL BONI

NEW YORK, Sept. 11 (AP)—Sinnals off, men! There's nothing so much in evidence and playing at both guard positions and one tackle slot. The Harvesters are light on reserves so Allen and a couple of other boys will be able to fill in at most of the line positions.

Heavy scrimmages will be held daily from now through next Wednesday. On next Thursday there will be a light workout.

That's the word today from Walter R. Okeson, chairman of the football rules committee, as Okeson terms them, which arose when substitutions dragged out the Chicago and New York All-Star games interminably and due to failure to study the rule, and specifically one of its clauses, with due care.

"Substitutions," says Okeson, "may be made at any time but they can be made without penalty only when time is out. . . . When, for instance, the watch is stopped by an incomplete pass, ball going out of bounds, etc., substitutions can be made without penalty. But if the attacking team fails to get the ball in play within 25 seconds after the referee has placed it, that team will be penalized. If the defending team tends to cause delay by sending in a substitute as play is about to be started, it is penalized.

"In short, if there are no substitutions, 25 seconds may be consumed in putting the ball in play. And if there are substitutions, not a second more is permitted."

An Associated Press survey of more than a dozen leading coaches throughout the country finds the majority willing to go along.

Harry Stubbler of Wisconsin believes the coaches "will control it," while Dana Bible of Texas and Bob Zuppke of Illinois stress the importance of the 25-second clause, and Bible adds he is sure the rule will cut down on injuries.

Dodgers And Cards Open Another Crucial Series

By JUDSON BAILEY

Associated Press Sports Writer

The breath-taking battle for the National League pennant has come to another crisis.

The Brooklyn Dodgers and St. Louis Cardinals open a crucial three-game series in St. Louis today and the nation's baseball fans, a little limp from the frenzied fight that has been going on the last few days, are especially looking for these games to point out the eventual champion.

As a spectacle it will be a magnificent sight to see, but as a test of strength it is likely to be inconclusive simply because the teams appear to be so evenly matched.

They have collided 20 times already this season with St. Louis winning ten, Brooklyn nine and one game ending in a tie after 12 innings. They have played every day for five months and have arrived at this critical point in the schedule with only a single game separating them in the standings.

The Cubs rammed a dagger in the backs of the Bums yesterday by winning two games 5-4 and 5-3.

The Cardinals met stubborn opposition from the poor but proud Phillies, yet managed to cop their doubleheader 3-2 and 1-0. The Cards were held to six hits in the first game, but one of them was a two-run homer by Johnny Hopp and Lon Warneke and Bill Crouch let the tail-enders have only seven safeties. Then in the second game Harry Gumbert pitched a masterful three-hit shutout.

The Boston Braves beat the Cincinnati Reds 4-1 in 15 innings and the Pittsburgh Pirates outslug the New York Giants to win 10-7 in the other National league games.

In the American league the Boston Red Sox battered the Detroit Tigers 11-2. The Chicago White Sox crushed the Washington Senators 12-4 for Thornton Lee's 19th victory and the Philadelphia Athletics downed the Cleveland Indians 6-4.

Standings

WEST TEXAS-NEW MEXICO LEAGUE (FINAL RESULTS)

Results Wednesday: CLOVIS 000 000 000-0 4 5; BIG SPRING 000 001 70x-8 12 0; Kramer and Schmidt Quillen; Ramsdell and Ridiff.

Mrs. Betty Newell Appears One To Beat In Tourney

BROOKLINE, Mass., Sept. 11—(AP)—Having established herself as one of those rare sports competitors who refuse to even consider defeat, Mrs. Betty Hicks Newell, the California title, today appeared to be the one to beat as the women's national golf championship entered the quarter-finals stage at the Country Club.

While the tourney has been suffering an unusual number of upsets, Mrs. Newell has managed to survive despite the early odds against her. Yesterday Mrs. H. Warren Beard of Newton, winner of several Massachusetts titles, fired one of the best of the tourney's finest performances against her, a three-under-par 34, only to stand on even terms when they turned inward.

That nerve-shattering experience to upset the usually placid Bay stater let her cracked wide open and surrendered by a 4 and 3 margin. Today Mrs. Newell appeared faced with an even more difficult assignment, against one of her sectional rivals, the long-hitting Clara Callender of Pasadena, Cal., a semi-finalist last year, who gained the round of eight by dispatching Mrs. Glenn Collett Vane of Philadelphia, a six-time national title, by the one-sided score of 5 and 4.

Four Easterners were among the eight to gain the third last round but, due to the luck of the draw, all but one of them were bunched in the upper half. As a result, Mrs. Reinert M. Torgerson of Great

Light Reapers To Tangle With Borgans Friday

The 1941 kickoff on the Pampa football season will be at 4 o'clock Friday afternoon at Harvester park where the junior high school Reapers will tangle with the Borgans of the post office.

The course will be available to young men between the ages of 20 and 26 who have had a high school education and can pass the necessary physical examination. The course will be conducted if as many as 10 young men apply and pass the examination which will be given by an army aviator in the evening of September 18, will have considerable striking power but will be weak in reserves. Injuries will determine the course of this season, Coach Curtice says, pointing out that the squad has only 23 members, most of them sophomores.

Barbara Golding Wearing Diamond Given By Kimbrough

HOLLYWOOD, Sept. 11 (AP)—Barbara Golding, an 18-year-old blonde from Houston, Tex., walked into 20th Century-Fox studio today wearing a big square cut diamond she said was given her by John Kimbrough, Texas A. & M. football star.

Miss Golding arrived yesterday for a week's visit with Kimbrough, who is here to make a picture, and other friends. She plans to return Sunday to Houston, then go to New York to start her sophomore year at Marymount college, Tarrytown.

She said no date had been set for the wedding, but intimated it might be about Christmas time.

Southworth Says Cardinals Not Pointing For Series

ST. LOUIS, Sept. 11 (AP)—Two paths which have run side by side, intersected at times and never been out of sight of the other, converge today as Brooklyn and the Cardinals clash in a vital three-game series.

The Red Birds, as a result of their twin killing over the Phillies yesterday while the Dodgers dropped two to Chicago, are just one game behind pace-setting Brooklyn.

"Are we pointing for this series?" Questioned Manager Billy Southworth. "Why, hell, no; Brooklyn is just another team to us—we'll be playing just another game."

"However," he conceded, "our boys are ready. We'll give Brooklyn everything we've got."

Southworth designated Lefty Ernie White as starting hurler today against Brooklyn's probable starter, left Fred Fitzsimmons.

"But if the series is just three more games to the Cardinals, it's a preliminary world series to fans. From 65,000 to 75,000 are expected at Sportsman's Park, and as early as last night this Mississippi river metropolis took on a highly festive air.

Orders for tickets came from Canada to Florida and west to Texas.

'Refresher Course' Will Be Offered Flying Aspirants

Young men of Pampa and vicinity who desire to enlist in the United States air corps but who have not had two years of college work will be given an opportunity to take what is known as a "Refresher Course" at Pampa high school which will fit them to try the educational examination being offered those without the two years of college work.

The course will be available to young men between the ages of 20 and 26 who have had a high school education and can pass the necessary physical examination. The course will be conducted if as many as 10 young men apply and pass the examination which will be given by an army aviator in the evening of September 18, will have considerable striking power but will be weak in reserves. Injuries will determine the course of this season, Coach Curtice says, pointing out that the squad has only 23 members, most of them sophomores.

Sports Will Again Before Tulsa, 2 To 0

(By The Associated Press)

The Shreveport Sports moved to Tulsa today to make what may be their last try in the Texas league Shughnessy playoffs.

It's a case of now or never with the Sports as a result of their second consecutive defeat by the Tulsa Oilers at Shreveport last night. The Sports were unable to stand up before the brilliant pitching of Emil Kusch, Oiler righthander and dropped the contest by the score of 2 to 0.

At Houston rain forced postponement of an attempt by Dallas to make it two in a row over the Buffs. The game will be played tonight, and the teams will move to Dallas for the second contest tomorrow night.

The Oilers lost no time in launching their offensive against Shreveport last night. Moore walked in the first inning and was driven home by a long single into right center off the bat of Platt. In the second inning Walkus hit sharply through the pitcher's box, moved up on Zelazo's single and then trotted home on Hernandez's triple to deep right center.

THE ENID OKLAHOMA CHAMPLIN REFINERS who won the National Semi-Pro Baseball tournament at Wichita, Kans., for the third time by defeating the Waco, Texas Dons 9 to 3.

Flashes Of Life

(By The Associated Press)

INDIANAPOLIS—The "lone wolf" visited the home of Mrs. Kenneth Cox while she was away but instead of stealing anything left a little advice.

Mrs. Cox told police the intruder drank a bottle of pop, scattered clothing over the floor and left a note saying:

"You should take better care of your valuables. (Signed) The Lone Wolf."

NORTH MILTON, Del.—One of these days a lucky family may get four drumsticks on one chicken.

A hen on George A. Marshall's farm has four legs. It is perfectly normal except for the two extra legs and weighs about five pounds. Marshall found the odd fowl in a flock of chickens purchased last January.

If Baylor Doesn't Finish Last, Coach Kimbrough Will Be Thankful

BY HAROLD V. RATLIFF

WACO, Sept. 11 (AP)—The Southwest Conference's Freshman Coach, Smiling Frank Kimbrough of Baylor, says if his team finishes higher than last he'll be quite thankful.

Kimbrough has the knack of being cheerfully gloomy.

He even smiles when he tells you Baylor hasn't the proper reserve strength to contend for the title.

Kimbrough came to Baylor from Hardin-Simmons where he had a winning percentage of .855-47 victories, 8 losses and 3 ties in six years—producing an unbeaten string of 18 games in 1936-37-38 and finishing up last season with an undefeated, untied team.

Prior to that he made an impressive record with Wayland Junior college of Plainville and before going to Hardin-Simmons he twice won the Texas Junior College title while mentor at Amarillo Junior college.

Kimbrough at 37 will be the youngest coach in the conference. He replaces the veteran Morley Jennings, who retired to become athletic director of Texas Tech.

If work will win the title Baylor should be the favorite.

The squad practices three and a half hours in the morning, three hours in the afternoon, has an hour's skull practice and finishes with an hour of football movies at night.

"It's going to take a lot of work because I have to have every man ready to go 60 minutes," he explained.

His program promises pleasing football—a high-gear offense built around an aerial show with bounding Jack Wilson carrying the burden.

An injury to Wilson wrecked Baylor's hopes last season. He went out in the second game of the campaign and the Bears failed to win a conference title.

Wilson has entirely recovered and is ready to spark the team as punter, passer, runner and field general.

Jack Russell, 223-pound wingman being boomed for All-American honors after a sensational sophomore record, heads an imposing array of ends.

Sports Roundup

By HUGH S. FULLERTON, JR.

NEW YORK, Sept. 11—(The Special News Service)—The week's best quote: Just before he left to see the Dodgers tackle the Cards, Larry Masphall remarked, "I don't see how our experienced club can blow a three-game lead." . . . Anyway, I can't claim the Cubs were playing favorites. They said they'd treat the Dodgers the same as the Cards, and they did just when it hurt the most. . . . A couple of days ago "Slick" Skiddy of the Syracuse Herald-Journal picked 21-year-old Clara Callender as a likely winner of the Women's Golf. He can take a bow today after that easy win over Cienna Collett Vare. . . . Down in Dallas they're staging an official weighing-in for high school footballers to put an end to arguments about how the boys are listed. . . . Del Miller, the youngster when trotting-horse drivers work at their coming champion, isn't wasting any time getting there. He drove at the Reading (Pa.) fair last Monday afternoon and at Roosevelt raceway, on Long Island that night. . . . Morley Jennings quit a job as assistant sports editor of the Richmond Times-Dispatch to join the navy. So what do you suppose he's doing now? Writing sports copy in the publicity dept. at the Norfolk Naval base.

Today's Guest Star
Dominic Pepp, Watertown, (N.Y.) Times: "The National Boxing Association's convention action in condemning the exploitation of boxing is superficial. Boxing, both professional and amateur, has long been recognized as athletic commercialism. The N.B.A. designates its champions and the New York boxing commission approves another set. The victims of the 'champion' system is, as usual, the public."

Cleaning the Cuff
Whatever became of the guys who thought baseball was lost? . . . If they're still around, they might like to know that more than 25,000 fans turned out in Youngstown, Ohio, Sunday to see ten early-round games in the National Amateur Baseball Federation tournament. . . . The golf pro aren't complaining, but they're beginning to wonder where all the dough comes from. . . . In September, usually an off month in the tournament league, they've already had the \$11,000 Tam O'Shanter Open and have \$5,000 tournaments coming up at Atlantic City, Philadelphia and Providence, R. I. Most of them are new events, too. . . . Tampa fight fans are going for Buddy Sook of Oklahoma in a big way since he knocked out their favorite, Tommy Gomez. They say he's the hottest thing southern boxing has seen in a coon's age. . . . Clemson footballers always can give the opposition a Payne. . . . First they had Oliver Payne, a guard Joe, and end, following him: Booty, a reserve back last year, is slated for a first-string job this season and the last Payne, Jackie, another back, is on the reserve list. They're all brothers from Greenville, S. C. . . . Casey Stengel who can figure the angles like a geometry teacher, comes up with another. He's decided it often does a rookie more harm than good to get a big league trial in the 100. Too many of the kids, he thinks, lose their taste for minor league

Truck Driver Held In Fatal Accident

WACO, Sept. 11 (AP)—Dale Dwyer, 33, of Austin, died instantly and his mother and two brothers were injured in the collision of their automobile with a truck a mile north of Troy today.

In a critical condition at a Temple hospital were Mrs. F. T. Dwyer, who suffered a fractured back and thigh, and Kenneth Dwyer, 15, whose chest was crushed, Frank Dwyer, driver of the car, received minor cuts.

State Highway Officer J. A. Paik of Temple said charges of negligent homicide had been filed against John W. Fraley of Sadler, Tex., driver of the truck which struck the rear of the Dwyer machine.

groceries after sampling the big-time grub and if they have to go back for seasoning they don't have the same enthusiasm.

We Reserve The Right To Limit Quantities

Published every evening, except Saturday, and Sunday morning by the Pampa News, 212 West Foster Avenue, Pampa, Texas. Phone 466—All departments.

MEMBER OF THE ASSOCIATED PRESS (Full Lease wire). The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited to this paper and also the regular news published herein.

Entered as second class matter March 15, 1927, at the post office at Pampa, Texas, under the act of March 3, 1879, National Advertising Representative, Texas Daily Press League, New York, St. Louis, Kansas City, Los Angeles, San Francisco and Chicago.

Subscription Rates: Paid in advance, \$2.50 per three months, \$8.00 per six months, \$15.00 per year. BY MAIL, payable in advance, anywhere in the Panhandle of Texas, \$1.50 per year. Outside of the Panhandle, \$2.50 per year. Price per single copy 5 cents. No mail orders accepted in localities served by carrier delivery.

An Independent Democratic newspaper, publishing the news fairly and impartially as all times and supporting its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Consumer Credit Curbs

Regulation of installment buying, which has now been in effect a week, boils down chiefly to increases in down payments and shortening of periods of payment. In 24 types of consumer goods, installment buyers must make down payments running from 10 per cent on furniture up to as high as 33 1/2 per cent on automobiles. Also, all installments must be paid within 18 months.

There doesn't seem to be much wrong with the latter figure. If longer time were taken to pay for something, it might be worn out before all the payments were made.

The installment method is really being tested as a feasible method of merchandising. Since there are arguments on both sides, experience during the next year may demonstrate whether the merits of the plan outweigh accompanying bad features. Under the installment plan, people in low income brackets but with steady wages in prospect can purchase needed articles for which otherwise they would not have the ready cash. They enjoy the use of the article while paying for it. The knowledge that monthly installments must be met should cultivate thrift habits and proper budgeting. And, from the business angle, the system stimulates buying and, with certain limits, contributes to economic prosperity.

Abuses sometimes wipe out some or all of the benefits. Often, under high pressure salesmanship or merely from envy, people take the easy way to get things they do not need and cannot afford. Many adopt a standard of living not justified by their income prospects. Then, too, it seems so simple a method to acquire luxuries that often a family takes on two or three high-priced articles on the installment plan. If the man should lose his job or there should be expensive illness in the family, disaster would be hard to avert.

There is one step beyond all this. When the installment habit becomes widespread, the threat of a national depression becomes more acute. What happens then was demonstrated after the 1929 crash. When the collapse came, the money was scarce, thousands of purchasers who had bought "on time" were unable to meet the monthly payments. Commercial firms and finance companies, even if they repossessed their merchandise, took it on the chin.

Today an effort is being made to prevent a crash following a possible abrupt conclusion of the war. Curbs on installment buying are designed to slow up a noticeable inflationary trend and to protect Americans from their own ambition to live beyond their means.

Fate In Germany

Hitler is not the whole show. He may be killed, but that wouldn't end the war now. Nazi Germany, like Machbeth, is sunk so deep in crime that it must go on, with widening sweep and ever-mounting slaughter.

Perhaps the most horrible thing in this war, more horrible even than the killing, is what it has done to the spirit of the old Germany—the Germany of science and philosophy and music and art and song—which the world loved and trusted.

Souvenir-Hunting

It's always the open season for souvenir hunters. But that greatest of American indoors and outdoors sports, stalking the elusive souvenir, is on the decline. So, at least, suggests a regional director of the National Park Service. Americans are becoming less souvenir-crazy and more interested sightseers, he says. Hallelujah! No longer will the stolen hotel towel, the chip surreptitiously knocked off the monument, the pilfered ash tray be the testimonial of a successful vacation. Travel ought to broaden the mind and spirit of the traveler, not merely his shelf of dust-catching knick-knacks.

The Nation's Press

PRESBYTERIAN PRESIDENT (Time) The Presbyterian Church will change its form of government and get itself a real chief executive, if the denomination's last moderator has his way. Wrote Dr. William Lindsay Young last week in the Presbyterian Tribune: "The Presbyterian Church... feels leadership... because of our organizational scheme. The moderator is not an official spokesman. His office is looked upon as purely honorary, lasting for but a brief period of time, and... by the time he is experienced enough to be of value, his term of office is over."

"I shall never forget my intense embarrassment when (as moderator) I took charge of my first meeting as chairman of the Council. I was in the position of a 'rookie' giving guidance to the veterans."

Dr. Young's solution: Create a new office, president of the Presbyterian Church in the U.S.A., elect an executive to it for a five-year period or more to "represent the entire interests of the Church, both material and spiritual." For somewhat similar reasons, the Episcopal Church is gradually moving to get itself an archbishop.

CHANCE FOR ADVANCEMENT

According to statistics published by the United States war department, a recruit joining the army has a chance of one in four to become a corporal, at least, with his pay advanced to \$54 a month. There is a one to one hundred chance that a private will become a lieutenant receiving \$125 a month plus living allowances. Out of

Common Ground

This column contends there can be no satisfactory program until we measure the stature of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

ROOSEVELT ON FREE LABOR AND FREE ENTERPRISE

To any man who attempts to make words have a consistent and uniform meaning, it seems wicked to have Roosevelt talk, as he did in his Labor Day speech about free enterprise and free labor in the United States. There have been few people in the United States who have done so much to destroy free enterprise and free labor as Roosevelt has done.

When he appoints a mediation committee that recommends that the Federal Ship Building company enter into a contract with labor unions that would require all men to belong to this union in order to work, and the government due to the Wagner law fails to protect those men who do not want to belong, in their rights to work, then he is an instrument in destroying, both free labor and free enterprise.

Freedom means things done voluntarily. And when the government is a party in compelling people to join labor unions that tell them how long they dare work, what they dare exchange their services for, what they dare work at, what they dare buy, what they dare read, as all modern labor unions do when they get enough power, then to talk about free labor and free enterprise is to use words that have no meaning.

And that is the natural result when people will lay down no eternal, immutable rules or principles by which they will attempt to live. Roosevelt does not recognize the law of equal freedom but wants everything referred to him or his agents to make arbitrary decisions, just as Hitler and Stalin want.

It is hard to comprehend why the people of the United States should want to go to war in foreign lands so that men like Harry Bridges, Harold Ickes, Franklin Roosevelt, William Green, and John Lewis can make serfs of the people in the rest of the world as they are attempting to do in this country.

We have all the work we can do in this country to again approach free labor and free enterprise, as we more nearly had at the close of the last century and the beginning of this century. Then we were making progress toward more equal freedom. Now we are making rapid progress toward more tyranny and slavery.

EARN \$10 TO INVEST \$1

It is little wonder we are declining, if not receding, from our long growth in raising living standards.

Under our present government, it is necessary now for a very successful business man to produce \$10 worth of wealth in order to have \$1 with which to furnish new tools and raise wages.

In other words, due to discriminatory tax laws, the successful business man has to earn \$10 in order to have \$1 to invest or to use for his own pleasure. And when the slow and less efficient man earns \$1, he is permitted to spend it or invest it without any direct shrinkage. It shrinks all right, but not so much as the dollar of the big producer shrinks.

In other words, the good manager has to raise ten coppers before he has one cow that will help lower the cost and improve the quality of milk and thus raise the wages of all workers. It is little wonder that we are unable to raise enough taxes and furnish full employment at an ever-increasing standard of living, when the people have become so confused as to, figuratively speaking, cut off nine-tenths of the heads of the men with the most economic foresight and judgment.

each 1,000 men, 276, or approximately 28 per cent, are in line for advancement in rank either as commissioned, noncommissioned, or warrant officers, all of which call for an increase in pay. Of these same 1,000, 307 or 31 per cent, are advanced to first class privates whose pay is \$36 a month. It is well that the army provides this opportunity for advancement on merit of the individual soldier. It helps to maintain morale and that is one of the things most sorely needed in this man's army.

MR. CHURCHILL TELLS US

The job of talking about the meeting at sea was taken over by Mr. Churchill. Mr. Roosevelt hasn't cared to tell the people anything. He did his talking under covers to some of the Democratic congressional leaders. Probably the idea was that inasmuch as Mr. Churchill hasn't promised the American people that they're not going to war it would be more appropriate for him to tell them as much as was politic of what their President had been doing at the warship rendezvous.

The British prime minister went on the air not only as the servant of king and parliament but as spokesman for and to the United States. London is speaking as the capital of America as well as of the British empire. Washington seems to be a provincial capital.

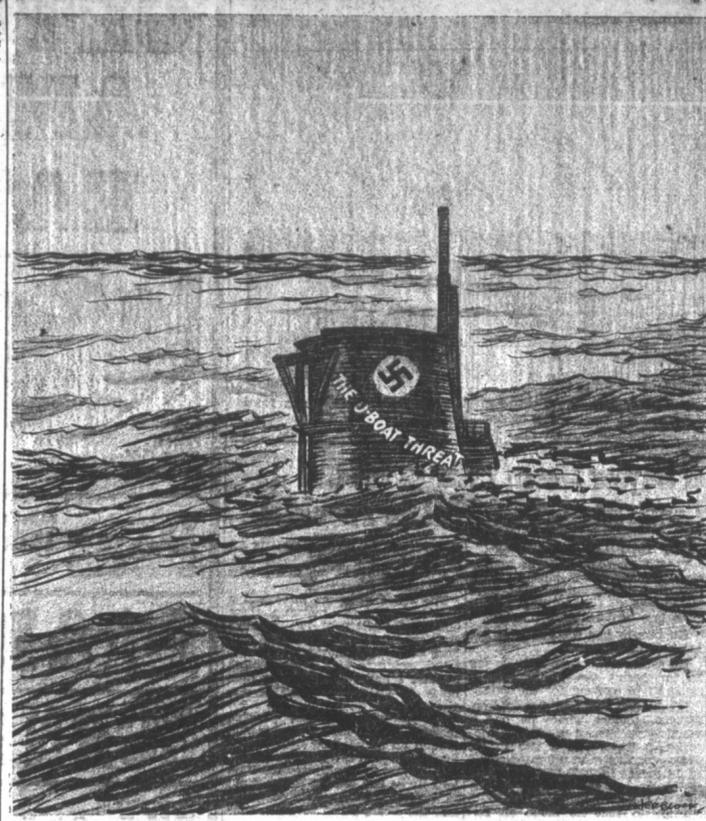

The speech was interesting equally for what it contained and for what it did not. Mr. Churchill did not adopt Mr. Roosevelt's second thoughts about the freedom of religion and the freedom of information. He did not mention them. He knows, of course, that Mr. Roosevelt put the two corrections in the official record when he got back to Washington and found that people were wondering why the two defenders of freedom had gotten all about rights and privileges which are offensive to Joe Stalin. The head of the British government evidently decided that Mr. Roosevelt could go it alone on that part of the declaration.

But Mr. Churchill revealed something that the declaration didn't mention and Mr. Roosevelt had not publicly discussed. When Churchill can dictate a peace Germany, Italy, and other "guilty nations," which may include Rumania, Croatia, Bulgaria, the Baltic states, and Finland, will be disbanded and the United States and the British empire will see to it that they stay disbanded. The Englishman said that he and Mr. Roosevelt were not making the mistake which had been contained in the idealism of the other world war. They do not assume that there will be no future wars. There will be if nothing is done to keep the Germans from starting another.

This, says Mr. Churchill, is not going to happen again, and he speaks for the United States with as much authority as he does for Great Britain. "The United States and Great Britain," he said, "do not now assume that there will never be any more war again. On the contrary, we (the United States and Great Britain) intend to take ample precautions to prevent its renewal in any period we can foresee by effectively deterring the guilty nations while remaining suitably protected ourselves."

It must be assumed that Mr. Roosevelt gave Mr. Churchill the authority to say that the United States, fully armed, will help disarm central Europe and will remain as a military policeman to see that arm factories don't start up again.

COMING TO THE SURFACE AGAIN

U-boat threat

Around Hollywood

By PAUL HARRISON HOLLYWOOD, Sept. 11—All over the lot: The scene was a gymnasium. Astride an electric horse sat Kay Kyser. John Barrymore leaned against the belt of a reducing machine. On a stationary bicycle with a speedometer perched white-haired May Robson. Portly George Cleveland rested on the oars of a rowing machine.

At a word from Producer-Director David Butler, the part-time athletes went into action, and pandemonium broke loose on the set of "Playmates." Kyser had neglected to get his feet into the stirrups, and his electric broncho tossed him ankle over adenoids. In a loud but strangely quavering voice, the Great Profile complained that nobody could raise ten coppers during an earthquake. Mr. Cleveland, who had not adjusted any tension on his machine, took a mighty pull at the unresisting bars and smacked himself in the face. Miss Robson pedaled briskly and exclaimed that she was doing 20 miles an hour.

"Cut!" yelled Butler. Kyser got up creakily, feeling a bruised knee. Barrymore stormed: "Get me out of this monster, before I curdle!" Cleveland held a bloody nose and asked: "Eddybody got a haggerchief?"

The director pulled out a handkerchief but used it to mop his own brow, as he stared at the crippled look. Then he looked at Miss Robson and inquired: "You all right, honey?" "Sure," she said. "Say, I think I'll buy one of these things."

MORE GLORY

The other day Victor McLaglen and Edmund Lowe met on the set of "Call Out the Marines." "Hello, you X(Z) Z (& old doublecrossing Z(XX &) Z!" boomed McLaglen affectionately.

"Why, you \$?..v&Z dog-robber!" exclaimed Lowe. "How long has it been?"

It has been, they recalled, nearly 11 years since they were the co-heroes of a flock of war pictures, notably "What Price Glory?" "The Cockeyed World." Now they're together again, a couple of old sergeants re-enlisting for the duration. Interested spectator is another World War veteran, Capt. T. M. Ryan, assigned from the Marine Corps as San Diego to be technical adviser for the picture.

One thing that distresses him, though, is the length of the hair of the actor-Marines, especially the extras. Clippers on the sides and a maximum inch-and-three-quarters on top is the rule of the service. But Hollywood men who expect to work in other pictures soon won't cut their hair that short. The hard-boiled Marine office thinks they should be issued snoods instead of service caps.

FUN IN FEUD

A suave and ever-so-polite dual being carried on during the filming of Universal's "Appointment for Love." The principals: Miss Margaret Sullivan and Mr. Charles Broyer. The weapons: Sharp, sly little tricks of acting. "They're always trying to steal scenes from each other, but there are none of the lumbering crudities and scenery-chewing employed by notorious jocosists such as Jack Oakie," Miss Sullivan may move just an inch or two from where she should be, or Mr. Broyer may make a split-second change in timing—just enough to throw the other player off a bit.

People You Know

By Archer Fullingim

The Frances Avenue Red says that if you keep too many irons in the fire one of them is liable to burn you.

When W. C. (Lefty) Pendleton, Bert Isbell, Kenneth Mullings and A. C. Enloe left ten days ago for Tishomingo, Okla., they knew there was a college there, but they didn't know the name of it, but they thought they might make the football team so one fine day they stuck up their thumb and lit out. Letters from the boys reveal that the name of the college is Murray State. Bert writes, "Lefty is playing football like I never saw him play before. If he keeps it up he will be an All-American before you know it. Lefty and I have the easiest job here. Lefty puts the flag up of a morning and I let it down at night. Lefty has put on five pounds and me eight. The coach who is okay says he will have me weighing 160 pounds in a couple of months. Lefty weighs 171 pounds." Bert gets by with anything. Bert gets by with anything. Bert and me and three more guys just watered the football field with a fire hose. We really had fun. Tell Bill Anderson we need him as business manager here. We get a clean towel once a week. There are two guys here now from Van Buren, Ark. who played against Pampa in 1939. Man they are really jittersbugs. You can't get in a honky tonk without a pistol. Why don't you get up a petition to put Johnny (Campbell) at quarterback for the Reapers. He knows as much football as half the college quarterbacks. Brains help on a football field. This is a rough team. Here's something to ponder over. The president of the letterman's club, and a reserve back, wasn't home because he wasn't good enough to keep. He plays without a pistol. SERIAL STORY

BRIDE FROM THE SKY

BY HELEN WELSHIMER

COPYRIGHT, 1941, NEA SERVICE, INC.

THE STORY, Associate Managing Editor Judy Allen...

PICTURE OF A GIRL

CHAPTER IV

"DON'T you see that Phil isn't exactly needed?" Phil asked seriously.

"I'm probably half-cracked or something, Phil. You're sweet and right and you win."

A call to Skyways added just enough additional information to give impetus to Judy's hesitant plans.

"Ammerman's sticking by his ship," a suave voice said. "Will be nearly a week until the plane is ready for a return trip."

"Is he hurt?" She needed reassurance. "Oh, a few scratches when he landed. Wait a minute, you're the voice that belongs to Ammerman's fiancée."

More messages. . . It might be wise to leave her name and number even though she was leaving for a week.

She slipped into a rust blouse that held the sheen of her hair, a purple light woven suit, a purple hat that was small and gay and demure.

She grinned at herself in the long mirror in the door of her bathroom. "Never accept an accessory color," she told herself.

She whistled and nodded approvingly. "No adjectives for my splendor?" she had asked lightly.

Rye Bread Better Than Wheat, Nazi Propagandists Say

BY ERNEST G. FISCHER BERLIN, Sept. 11 (AP)—The Kaiser Wilhelm Institute is trying to make rye bread look and taste like wheat bread.

It is cultivating the bitter lupine bean to make it sweeter for use as coffee.

In recent years Germans have been leaning toward the American preference for white bread, but most of the Reich's land is more suitable for rye than wheat.

While the government has been telling the people constantly that "rye bread is more healthful," institute experts have crossed rye and wheat to produce a product which some have said the similarity to wheat stood out.

"Bitter lupine beans, which have been poor folk's fare for centuries, have been made more palatable for fastidious tastes, institute workers declare.

Among other experiments, they are trying to make sugar beets grow above ground like kohlrabi, and they're making lifebells out of sunflower stems.

O'Daniel Gets His Son-in-Law Out of Naval Reserve

WASHINGTON, Sept. 11—Senator Pappy O'Daniel of Texas has already learned the ropes of getting things done in Washington.

O'Daniel's son-in-law, John Devereaux Wrather, Jr., age 23, had the unique experience of getting into the Naval Reserve on June 9, 1941, and getting out on July 23, a little over a month later.

Young Wrather, however, handled both with considerable ease, was not handicapped by the fact that he had a Pappy who was just elected senator.

proving such a trip, unless she and Sandy were married at the City Hall or the Little Church Around the Corner before the westward trek began.

RELIEVED, she fell asleep and did not waken until the liner taxied down the field to a halt.

THE taxicab that she summoned took her uptown to the Union Station of the Air.

Suddenly the other passengers seated at the counter became aware that the girl in the purple suit had gold candies in her violet eyes.

There was such a brief space from grief to Paradise, such a brief space from world's end to world's beginning.

Because she had seen no papers for several hours, Judy hurried to a news stand and asked for several.

Whether he understood or not she did not know. The huge transport was moving down the runway, gaining its freedom as it rose for a final circling of the field.

With the brilliant foamy for an ally, our hero was ready for business, and there was plenty to look at.

LOOK AT ME! I AM LOOKING AT YOU! GEE, YOU SMELL GOOD, JUNE! WHAT KINDA PERFUME?

THE SAME I ALWAYS USE! YOU BOUGHT ME THE FIRST BOTTLE OF IT THREE YEARS AGO! REMEMBER?

ARE YOU EVER GOING TO LET ME DOWN? NO, JUNE—I DON'T THINK I EVER COULD!

AND THEN FOZZY SHOWED UP BRAINING MY BOYFRIEND GOT TO SPARE—WHY, THEY'VE CROWDED OUT MOST ALL OF MY HAIR!

WITH THE BRILLIANT FOZZY FOR AN ALLY, OUR HERO WAS READY FOR BUSINESS, AND THERE WAS PLenty TO LOOK AT.

THE SINK DODGER

Oil Industry Opinion Split On Pipeline

By CHARLES E. HARNER
NEW YORK, Sept. 11 (AP)—Various factions in the oil industry expressed totally divergent views today on the rejection by the supply priorities and allocation board of Secretary Ickes, request for steel for the 1,500-mile petroleum pipeline from the Texas oil fields to the New York refinery area.

Some oil men, in view of the growing shortage of gasoline stocks in the East, viewed the decision as a calamity; others were delighted; still others called it "a political gesture which may be reversed or modified."

The pipeline was proposed by Secretary Ickes, with the backing of one section of the oil industry, to transport 250,000 barrels of crude oil a day to the East which, for years, has received its petroleum by ocean tankers.

Last week, the American Petroleum Institute pointed out, eastern seaboard gasoline supplies dropped by 523,000 barrels—about 22,000,000 gallons.

On one point, everyone concerned seems to agree: if many more tankers are transferred to Great Britain, the East definitely will run short on petroleum products this winter.

One ameliorating factor will be transportation of oil and gasoline by railroad. Prospects are that virtually every tank in the country will be inducted into service by the end of next week, now that the Interstate Commerce commission has approved a reduction of 25 to 50 per cent in tanker rates, formerly six times as high as ocean shipping costs.

But nobody knows or, at least, agrees on just how many tank cars will be available, how much they can carry or how fast they can make their trips.

The highest authentic estimate on supplies to date is that of J. J. Pelley, president of the Association of American Railroads, who said there were 20,000 idle tank cars in the country.

Oil men generally complain they

believe Pelley's estimate far too high on the basis of what they themselves are able to lay their hands on.

But that is not all, the companies are engaged right now in a mad scramble to line up tank cars. There already are reports of "fast deals" in the fights to get rolling stock; and, balancing these, efforts to reach gentlemen's agreements on tank car allocations.

Some oil companies are hammering at the railroads to make up all oil trains which would shuttle across the country at express speeds to reduce the present estimated round-trip time of 15 days for a car between Texas and New Jersey. Oil men are worried about whether there will be enough locomotives to haul the trains.

Huge terminals by which freight tankers can be quickly unloaded already are under construction at eastern refineries. This is no small problem, as tank cars hold only 8,000 or 10,000 gallons, mere drops in the reservoir of eastern needs.

Tank trucks already are being employed in the long distance hauls but this method is slower for bulk movements.

As proof of the shock to at least part of the oil community of the SPAB ruling is the fact that the 10 oil companies which banded together to form National Defense Pipelines, Inc., to construct the proposed oil line had already initiated plans to have other and smaller companies join them in the project. The company already was well under way with its financing plans.

It is understood that these plans will not be abandoned immediately, many holding to the belief that high priority steel may yet be allocated to the project so that it can be in service in the autumn of 1942.

Among the sources from which opposition to the line is reported to have come were certain shipbuilding firms and coal mining companies.

The shipbuilders viewed the pipeline as a threat to tanker construction; the coal companies feared that the big pipe would be used for the transportation of natural gas after the emergency was ended, and their product is the source of artificial gas.

Shipbuilding men say they'll be bringing two or three high-speed tankers a month off the ways through the rest of this year and that next year and the year after they will be building these ships even faster, thereby eliminating the big pipe for the pipeline just about as quickly as the pipeline itself could be built.

According to the Automobile Manufacturers' Association more than 85 per cent of the travel in this country is by motor car.

A FAIR VISITOR gazes at North Carolina's mystic circle— "The Devil's Tramping Ground."

'Devil's Tramping Ground' Is Evil Path Where Nothing Lives

By NEA Service
HIGH POINT, N. C., Sept. 11—The devil tramps nightly in the flatlands of North Carolina. He picked an eerie spot in western Chatham County here long years ago and to this day he tramps there every night.

Baloney? Maybe. And then, maybe not. There's testimony stronger than the awed natives' hushed voices when they talk of the subject. It is the testimony of the earth itself.

Travel 10 miles from Silver City to Harper's Cross Roads and you'll come to a narrow country road. Start down it. A scant 50 yards further on you'll come upon a smooth, clear-cut path forming a perfect circle about 40 feet in diameter. The circle is surrounded by trees. But the path which forms the circumference is bare as a billiard ball and inside the circle nothing grows save wire grass.

As far back as man can remember that smooth, clear circle, free of

New CAA Jobs Open Through Civil Service

New examinations important to the defense program have just been announced by the Civil Service commission. In connection with the pilot training program of the Civil Aeronautics administration, link trainer operators and instructors are needed. To qualify for instructor positions paying \$3,200 a year, applicants must have a commercial pilot's certificate of competency, a minimum of 500 solo flying hours, a flight instructor's rating, an instrument rating, and must have completed an approved link trainer operator's course of at least 3 months' duration as well as 100 hours as instructor of instrument flying in aircraft. To qualify for link trainer operator positions, paying \$2,900 a year, applicants must have a private or commercial pilot's certificate of competency, a minimum of 150 solo flying hours, and have completed an approved 3-month link trainer operator course. Applications will be accepted until further notice.

Sufficient eligibles to meet the needs of the various government agencies have not been obtained through previous examinations for junior meteorologists. The commission has therefore announced a new examination for junior meteorologist positions paying \$2,000 a year. No written test will be given, and applications will be accepted until June 30, 1942. Applicants must have completed a 4-year college course which included courses in differential and integral calculus, 12 semester hours in physics and in meteorology. For this last course requirement, however, applicants may substitute one year of professional experience in appropriate meteorological work.

Two examinations have been added to the list of office machine positions for which the commission is currently accepting applications for appointment in Washington, D. C., only. They are: Under graphotype operator, \$1,200 a year, and horizontal sorting machine operator, \$1,200 a year. Three full months of paid experience in the operation of either machine is required. Applicants for positions as sorting machine operator will be accepted until further notice; but for the grapho-

Aid From America on the Red Sea

Shipful of supplies from the U. S. are unloaded by native dock workers at an unnamed Egyptian Red Sea port as British contemplate new moves in the middle east.

Only Bat Man In Army Must Stick To His Parachute

HOUSTON, Sept. 11 (AP)—Private Bill Cook, who almost killed Santa Claus last Christmas, is the only bat man in the army air corps.

Cook, serving with the 73rd school squadron at Ellington field may never get the opportunity to show what he can do over an enemy air field. The army believes the parachute is sufficient equipment to drop a man to earth.

Cook probably has made more jumps, with and without his bat wings, than any army aviator. He has jumped 396 times; in 176 of these he soared like a bird on his way down.

Yet he never has leaped from an army plane. He's a parachute inspector.

Cook, who is 30 years old, made his first leap when he was 17. Since then, he has barnstormed the country over, spending his time leaping and going to the hospitals to be patched up.

In 1934, at San Bernardino, Calif., his chute fouled, and Cook rode to the hospital with a broken shoulder, fractured pelvis and two broken legs.

That was the year he made his first try with the bat wings, an idea he developed with Clem Soban, another professional jumper.

Cook made his last bat jump in Austin last January. Just before Christmas, he broke his shoulder trying to land in the San Marcos business district, dressed as Santa Claus with a pack of toys on his back.

He had two chutes, both of which fouled. One of them, however, opened enough for him to save his life.

The children, though, figured Santa had been killed, and a good deal of explaining had to be done.

Within another year garages made of canvas may be on the market. They will cost much less than wooden garages and may be assembled completely within a few hours.

vegetation, has stood there. As far back as man can remember nothing has grown inside the circle but wire grass. All efforts to transplant that grass elsewhere have failed. All efforts to plant any vegetation on the smooth circle have also failed.

EVEN ANIMALS FEAR EVIL CIRCLE

Any obstacles placed by day across the path which forms the circle's circumference are gone the following morning. Natives will tell you that hounds of hunters approaching the spot will suddenly hesitate, tremble and flee. In the area no birds sing, there is no wild life of any kind. These phenomena have been witnessed a thousand times—they say.

The tales are not new ones. They have been handed down from generation to generation. There have been many attempts to explain this mockery of nature. Some say Indian braves tramped down the section in great war dances, generations of moccasin-clad feet stomping the earth barren. Some say it is the burial place of the great Indian chief Croatan, watched over by Indian gods.

Some believe that buried pirate treasure is under the circle and many have dug for it in vain. Some say a sugar mill once stood here and horses' hooves beat down the earth in tracing a circle to turn the machinery.

Yet there is no logical explanation of this circle—the path in which no vegetation will grow despite repeated efforts to plant it.

When the Federal Forestry Commissioner recently erected signs pointing to the "Devil's Tramping Ground," pranksters placed a placard at the site with the ominous inscription: "The Devil Tramps Here." Who can say for sure that they are wrong?

State Police Caution School Bus Drivers

Special To The NEWS:
AUSTIN, Sept. 11—With traffic fatalities on the increase and travel heavier than ever before, school bus drivers will feel the weight of tremendous responsibility in the coming school year, State Police Director Homer Garrison warned today.

Urging bus drivers to be sure their vehicles are in tip-top shape, Garrison said that a recent inspection revealed mechanical defects in every one of 26 buses tested. Twenty three had defective brakes, 13 defective lights, no fire extinguishers, 16 no first aid kits. Most of them were defective in at least three important items.

Although the safety lane for inspection of private vehicles has been temporarily discontinued, Garrison said the safety division will continue to assist school authorities in inspecting buses.

Jap Newspapers Slacken Clamor Against America

TOKYO, Sept. 11 (AP)—A general slackening of newspaper clamor against American foreign policy moves was noted today concurrently with the disclosure that U. S. Ambassador Joseph C. Grew has conferred with the Japanese foreign minister about 12 times within a week.

As Japanese concern over the Russian-German war became more noticeable, the press criticism of the United States subsided from a shout to a murmur.

The main theme was that Germany's war in Russia would be a long one, in contrast with previous optimism expressed by the papers at the state of the conflict.

The subject of Ambassador Grew's frequent talks with Foreign Minister Tetsuro Toyoda was not disclosed, but they occurred while the first American tankers carrying oil to Soviet Russia were passing near Japanese waters and while Premier Prince Fumimaro Konoye was reported considering proclamation of a safety zone around the Japanese islands.

Another possibly significant sidelight on Japanese-American relations was the evident lack of U. S. embassy moves toward removal of Americans from Japan, such as the British embassy has arranged for it nationally.

They're Here! Anthony's New Victory Twist Suits

24.75

A Super-Strength Fabric Developed By A Famous American Textile Laboratory...

The Toughest All-Wool Fabric That We've Ever Tested

Victory Twist Was Born Because

Six months ago we at Anthony's made up our minds that men who lead this hectic existence need a more enduring hard twist suit. We asked a quality manufacturer to develop the toughest 2-ply twist fabric possible—without regard to cost.

Is Victory Twist Good?

Anthony's had "Victory-Twist" tested in a well-known laboratory and they said it is one of the toughest twist fabrics ever tested! You'll find "Victory-Twist" exclusively in Anthony's Bryan Hall suits, tailored and styled with renowned Bryan Hall skill. You'll pay no more than \$24.75, because we design and buy the fabric and have the suits tailored to our own specifications. Come see Anthony's "VICTORY-TWIST" suits today!

• Exclusively at Anthony's.
