

Congress Heats Up Test of Truman's Influence

'Old Guard' Keeps GOP Senate Rule

WASHINGTON (AP)—The new Democratic-controlled Congress convened today and headed quickly toward a test of President Truman's influence on Capitol Hill.

The issue shaped up from a proposal by Democratic leaders to change House rules and ease the way for controversial labor and social measures—such as Mr. Truman campaigned for—to come to the House floor.

Shanghai Is Asking for Cease-Fire

SHANGHAI (AP)—The Shanghai City Council today went over the National government's head and asked the Chinese Communists for a cease-fire order and the beginning of peace talks.

The appeal was sent in a radio message to the Communist capital at Yanan for relay to all Red leaders.

The text of the message as approved by the City Council Sunday evening and announced today said:

"On behalf of the 6 million people of Shanghai, Communist leaders are asked to order an immediate cease-fire and leave everything to discussions between your representatives and those of the government."

The message was addressed to "Mister" Mao Tse-tung, No. 1 Chinese Communist. Use of the formal "mister" was the first time an official body in Nationalist China had addressed the Communist by anything other than "bandit" since the war started.

The Shanghai council asked that the message be relayed to other Communist leaders, Chou En-lai, Chu Teh and Gen. Chen Yi.

"If you gentlemen really aim at liberation of the people," the message said in part, "your first step should be to relieve their sufferings."

The message suggested that "the people be the final judges in case peace talks degenerate into another dispute."

In separate messages to other city and provincial governments in China, the Shanghai council warned that the next few days might be crucial and a chance for peace might vanish. They urged the others to join in the Shanghai appeal.

The message to Yanan added: "Whether the life of the nation is to be saved or ruined, suffering or joy peace is now up to you. . . . The aged and weak are on the brink of starvation into an inferno. We people have suffered from war. Do you gentlemen have the heart to continue to see us suffering?"

The message was signed by Pan Kung-chen and other members of the City Council.

For mention was made of Mayor K. C. Wu, American-educated mayor appointed by President Chiang Kai-shek.)

14 Yale Students Die in Plane Crash at Seattle

SEATTLE (AP)—A transport plane loaded with Yale University students crashed and exploded seconds after its takeoff last night, killing at least 14 of the 30 persons aboard.

Fifteen survived the crash. One person was not accounted for early today.

Twenty-seven Yale students from Washington and Oregon had chartered the DC-3 from Seattle Air Charter, a non-scheduled operator, to take them back to New Haven, Conn., after the holidays.

The other three aboard were crew members.

The plane roared down an icy runway just at 10 p. m. Ten feet off the ground it faltered, struck the ground and crashed into the end of a Boeing Aircraft Company experimental hangar.

Lynn Brown, a Boeing field engineer, estimated the plane was going 80 to 100 miles an hour when it struck the hangar revetment and burst into flames.

"I saw one man with his hair on fire, screaming and moaning," he said.

The impact and explosion split the right side of the plane. Some escaped by scrambling through the broken fuselage; others through the door.

Firemen struggled to attach cables to the battered plane so it could be hauled from the hangar, where a new Boeing Stratocruiser stood loaded with 2,000 gallons of gasoline. They pulled loose the tail section and rear fuselage portion, but the front part was jammed in a charred mass against the revetment.

Firemen tried to remove the wreckage by using bulldozers and trying to identify victims.

Thirteen were taken to hospitals soon after the crash, several badly hurt. Some left the scene unaided, adding to difficulty of determining the number killed.

Although a full night shift was working inside the hangar, none there was injured. Workmen in the hangar were first to reach the wreckage. They braved fierce flames in bringing out survivors.

There was no immediate explanation for the mishap, except for the slick runway—made icy by freezing rain and snow.

Brown said both plane engines appeared to be functioning as the plane tilted.

The left wing appeared to dip; then the craft dropped, bounced and swerved. The State Patrol reported only one wheel track showed on the runway at the point of impact.

Thomas Earl New Is 'New' Baby

From the latest reports, it seems that the New baby is the "New" baby of 1949.

Thomas Earl New, son of Mr. and Mrs. Earl J. New Jr., was born at 7:07 a. m. Saturday morning at Worley Hospital, Dr. Williams was the attending physician.

Another youngster that came fairly close to the boy born to Mr. and Mrs. Ray Brady, 1329 N. Starkweather, at 7:30 a. m. yesterday, Dr. Falkenstein was the attending physician.

The first baby to be born in Gray County in 1949 will receive many useful gifts from advertisers of The Pampa News but 5 p. m. today is the deadline for notifying the Baby Editor of The Pampa News of a child's birth.

13 Burned In Blast at Dumas Plant

DUMAS (AP)—Thirteen men were burned yesterday, including the President, in a fire which followed the second of two explosions in a compressor building at the Shamrock Oil and Gas Corporation's McKee plant refinery.

Moore County Hospital attendants here did not describe the injuries as serious.

A minor explosion occurred in the corrugated iron structure at 10:55 a. m. when there were only a few men in the building. A number of them rushed into the building and were caught in the flaring fire which followed the second explosion five minutes later. Some men outside the plant were burned.

The original blast was believed to have been caused when a compressor block blew out. An accumulation of gas was believed to have caused the second blast and the fire that followed. The blaze was brought under control in about 45 minutes.

Listed as taken to the hospital for treatment were:

B. A. Wulfman, McKee plant; J. C. McBrayer, Dumas; Burton Boyd, Sunray plant; Carl Justice, Sunray; W. M. Scott, Dumas; L. A. Penny, Dumas; Lee Hembree, McKee plant; J. C. Ford, Sunray; H. M. Parks, Sunray; W. A. D. Stevens, Sunray; C. Batman, Dumas; L. T. Berry, McKee plant; and Phil Childers, McKee plant.

The plant is located about 12 miles northeast of here and nine miles southeast of Sunray.

Income Tax Forms Ready

Income tax returns filed on individual income tax forms cannot be accepted without employers' attached statements of wages earned, John H. Dunlap, acting collector of internal revenue in Dallas, said.

Under present law, employers must give their employees statements of wages earned, form W-2, by Jan. 31. However, the forms W-2 cannot be used as a return this year, Dunlap advised.

Instead, all persons filing individual returns must use either form 1040-A or form 1040. The former form should be used by all persons whose wages or salaries do not exceed \$5,000. Also, it may be used as a joint return for husband and wife.

Persons having an income exceeding \$5,000 must use form 1040. If any income was received from wages or salaries, the forms W-2 must be attached.

All W-2 forms received from employers, for both husband and wife, must be attached. Then the collector's office will figure the taxes or refund due on the returns.

Income tax returns received without the necessary forms W-2 will be returned to the taxpayers for correction. Forms 1040-A may be secured from employers, post offices, banks and field offices of the collector of internal revenue.

Calls Made on Christmas Seals

The Gray County Tuberculosis Association Friday sent reminder and thank you postcards to residents who have been sent 1948 Christmas seals. Mrs. H. M. Stokes, president, said today.

Approximately \$2,200 has been contributed to the county group, which is about the same amount contributed last year, she said.

There were 5,600 letters with seals enclosed sent this year. In 1948 a street and school coverage in addition to the letters netted approximately \$3,200 for the association.

Contributions are still acceptable from those who have not yet had time to send in the money for their seals.

Holiday Violence Takes Toll of 38

By The Associated Press

Texas' violent death toll over the New Year's holiday was at least 38.

The number of violent deaths reported by state police from Dec. 23 to Jan. 1 was 144, with traffic taking 70 lives.

Fifteen persons were killed in traffic accidents during the New Year's holiday. Two died in a plane crash, the others by various forms of violence.

Three persons died in traffic accidents during heavy rains in Southeast Texas Sunday.

Five-Year-Old Boy Performs Wedding

LONG BEACH, Calif.—A sailor and his bride are honeymooning today after being married by a five-year-old minister.

The preacher, Marjoe Gortner, who was ordained last October by the Old Time Faith Church, performed the rites Sunday. His father said he has been preaching since he was three. He was assisted at the wedding by his five-year-old brother, Paul.

Married were Raymond Miller, 23, attached to the USS St. Paul, and Alma Brown, Long Beach.

CURIOUS WHALE TO BUTTER END

Santa Catalina Island, Calif.—This mammoth whale spotted and courted for two days off Santa Catalina Island, Calif., before it decided to come in closer for a better look at the shore and was grounded on the beach. The mammal, weighing two tons and measuring 22 feet long, was hauled ashore by fishermen.

VOL. 47—NO. 198 (8 Pages) PAMPA, TEXAS, MONDAY, JANUARY 3, 1949

Mercury Hits 13 Degrees in Pampa With Light Snow Falling and More Promised

By The Associated Press

A cold wave which dropped temperatures as low as 12 degrees above zero swept through the Panhandle this morning. It was accompanied by strong winds and light snow. (The mercury hit 13 degrees in Pampa at 10 a. m. with a light snow still falling.)

Near-zero weather was forecast for the Panhandle and South Plains tonight. North Texas was warned to protect property against a hard freeze. San Angelo said a warning to protect livestock was to be issued this morning.

The movement of cold air was expected to reach Central Texas early in the morning.

Elsewhere, drizzles and light rain fell in many parts of the state.

Mist and slick pavements were blamed for the death of two persons early this morning in an automobile accident near McKinney.

Snow fell yesterday at El Paso. This morning, snow fell at Pampa, Amarillo, Clarendon, Salt Flats, Guadalupe Pass, Wink, and Borger. A light rain fell at mid-morning at Lubbock, where temperatures were almost freezing.

At mid-morning, the cold front was midway between Amarillo and Wichita Falls and extended across the South Plains and into the Big Bend country. It was expected to reach Dallas in late afternoon and Central Texas in the morning.

The front will continue to bring light precipitation, the weather bureau said.

Low temperatures this morning included Duhart 12, Pampa 13, Amarillo 15, Borger 18, Guadalupe Pass 22, Clarendon 24, Salt Flats 28, El Paso 28, Lubbock reported 28 degrees and Wink 35. Elsewhere, temperatures ranged up to 70 at Lufkin and Brownsville.

Forecast was for lows of 4-10 degrees in the Panhandle and South Plains tonight, 10-20 upper Pecos Valley eastward and 20-30 elsewhere in West Texas. More snow was in sight.

In East Texas, snow flurries and temperatures of 16-20 degrees were predicted for the Fort Worth-Dallas area. Lowest readings were expected to be 10-20 in northwest extreme North Texas. In the interior of South Texas and the east-central portion, 22-32 readings were expected.

A little cold wave touched El Paso late yesterday after a dustier air on air, the mercury fell to 30 at 7:30 p. m. visibility was up to six miles.

Clarendon and Childress reported dust at 5:30 p. m. yesterday. Visibility was two miles at that hour at Clarendon and three miles at Childress.

Unidentified Planes Bomb Jerusalem

JERUSALEM (AP)—Jerusalem was bombed by unidentified warplanes last night, bringing a new threat of Jewish retaliation against Cairo.

There were reports at least five persons were injured in the first, when three bombs were dropped on a densely populated Jewish quarter.

Another raid came three hours later. No details were available but two explosions were heard.

An Israeli spokesman said in Tel Aviv that if the bombs proved to be Egyptian, the raid would be sufficient reason for the Jewish air force to strike at Cairo.

A Jewish spokesman said Saturday that if the Egyptians attacked Tel Aviv again, either by force or by air, Jews would attack the Egyptian capital.

(An Egyptian war ministry spokesman issued last night in Cairo, said Egyptian planes carried out long-range reconnaissance raids over Jewish positions yesterday. He said all plans remained for their bases. The Communist Arab refugee camps appeared to be functioning as the plane said the left wing appeared to dip; then the craft dropped, bounced and swerved. The State Patrol reported only one wheel track showed on the runway at the point of impact.)

Six to Attend Teacher Meet

A six-man Gray County delegation will attend the 16th annual mid-winter conference of superintendents, supervisors and teacher educators at Austin this week. Know Kinard, superintendent of schools, said this morning.

The State Teachers Association will call the group together at 1:30 p. m. Wednesday, so they can get a perspective of school legislation that will be brought up at the next meeting of the legislature.

Those attending from Gray County will be Huelyn Laycock, county superintendent of schools; Rex Reeves, superintendent of Lefors schools; Ray Vineyard, superintendent of White Deer schools; H. A. Yoder, principal of the Woodrow Wilson School; Aaron Meek, principal of Sam Houston School; and Kinard.

The convention will be held at the Austin First Baptist Church. The program will include several subjects of paramount interest to school administrators, supervisors and teacher educators.

Included will be a report and discussion of the Gilmer-Aikin Committee recommendations, extending the program of education, improving supervision and teaching, administrative problems of current interest, and group meetings.

CC Directors To Pick Officers

Newly elected and retiring directors of the Pampa Chamber of Commerce and Board of City Development will meet at 12 noon tomorrow in the banquet room of the Court House Cafe. Joe F. Key, retiring superintendent of the Southern States Industrial Council, Nashville, Tenn., will speak on "The People."

Reservations for the banquet may be made at the Chamber of Commerce office. Since only 350 plates will be available for Pampans, they have been urged to make their reservations at the earliest possible date.

Approximately 100 persons from neighboring towns will be special guests.

Man Is Fined for Carrying Pistol

Richard L. Padgett, Pampa, charged with illegally carrying a pistol, was assessed a fine of one dollar and costs this morning by County Judge Bruce Parkers in County Court.

The case was Judge Parker's first decision handed down from the County Court bench and County Attorney John Studer's first prosecution.

Padgett, picked up last night by City Police, entered a plea of guilty this morning before the court.

THE WEATHER

U. S. Weather Bureau

WEST TEXAS: Partly cloudy and much colder, occasional snow in upper Pecos Valley this afternoon. Clearing and much colder tonight with lower temperatures 4-10 in the Panhandle and South Plains, 16-20 upper Pecos Valley. Tuesday fair and cold. WIND: Light, diminishing winds here tonight. Tuesday fair and cold. WIND: Light, diminishing winds here tonight. Drifting and blowing snow west, occasional light rain east today. Northernly winds 10 miles per hour tonight and Tuesday with snow west and rain east. Wednesday, low tonight 5-10, Tuesday 15-20, Wednesday 15-20, Thursday 15-20, Friday 15-20, Saturday 15-20, Sunday 15-20.

DIRECTORS MEETING

Board of directors of the Lions Club will meet at 7 a. m. tomorrow at the Court House Cafe for their regular monthly meeting.

WE HEARD . . .

Ken Bennett was all over town this morning asking barber-shoppers, Sweet Adeline members and others to sing in the Kiwanis-sponsored Top o' Texas review. He's asked them to meet at Sam Houston School at 7:30 p. m. tomorrow.

READY FOR SENATE CONTROL—Meeting in Washington with other Senate Democrats for an organizing caucus to prepare for taking over control of the Senate are Senator Millard E. Tydings, left, a possible candidate for the job of Senate president pro tem; Senator Scott W. Lucas, center, who is slated to become party whip when Barkley moves into the vice presidency, and Senator Kenneth McKellar, former president pro tem who has announced he would like the job again.

TRUMAN'S '49 PROGRAM TO BE HEARD IN DETAIL

WASHINGTON (AP)—President Truman will tell the Democratic-controlled 81st Congress what he wants of it in three messages within the next week.

Administrative officials predict Mr. Truman will ask:

Higher taxes, probably on business, to avoid a deficit in the fiscal year beginning next July 1. Repeal of the Taft-Hartley Act and enactment of less extensive labor-management legislation.

A spending budget of about \$43 billion, highest in peacetime. It will reflect higher costs of the "cold war" and a broad social welfare program.

Some tightening of economic controls.

Mr. Truman will deliver his "state of the union" message to Congress Wednesday. He is expected to tell the lawmakers that they start their deliberations at a time of unprecedented prosperity, income and production.

His economic report goes to Capitol Hill Friday. He is expected to say that inflation still is a hazard despite a four-month skid in food prices and a slight, two-month decline in living costs.

Whether Mr. Truman will again ask the strong standby price and ration controls of his old bipartisan anti-inflation program is a tossup. He must make the final decision since his Council of Economic Advisors is divided on the issue.

Mr. Truman is faced with national defense costs totaling nearly \$15 billion the next fiscal year—about 25 percent higher than this year's. Foreign aid costs will remain high.

These are the major factors which will cause Mr. Truman in his budget message a week today to ask for a total budget of about \$43 billion. Mr. Truman has said that income will not match such spending in view of the 1948 tax cut—without new tax revenues.

There is disagreement within his administration as to whether the wartime excess profits tax should be restored. On the other (See TRUMAN'S, Page 8)

Army Has Big 'Thank You' For Donors

The Salvation Army said a big "Thank you" today to those persons who contributed either money or time to the recent drive for \$6,500 operating fund.

Maj. Bernice Lyons said this morning the drive had brought in a total of \$7,389, making it one of the most successful local fund campaigns during the past year.

The Army released the following statement to those who contributed:

"We are taking this opportunity to express our gratitude to you for your very fine contribution in the recent Salvation Army financial campaign.

"It is only through the admirable generosity of such friends of the Salvation Army as yourself that we are able to continue with the work of aiding the unfortunate in our community. Please accept our sincere thanks."

The Army was still playing Santa Claus on New Year's Day—on that day Maj. Lyons presented toys to children who were reported not to have received anything from the Bearded Man.

She said: "If any child went without a toy for Christmas, I do not know it. And still if anyone knows of any child who did not receive any toys to contact Maj. Lyons right away and she will see that they get one."

The Army reported that during December 50 families were helped. More than 600 garments were given out, more than 50 pairs of shoes were distributed. More than 100 other aids were given. Better than 1,100 boys were distributed, besides large amounts of candy, fruit and grocery orders for families.

About 150 persons were present at a Christmas tree party last week, and Santa Claus was there too.

A. C. Thomas of Lefors Succumbs

Asael Clarence Thomas, 52, caretaker for the Lefors Baptist Church, was found dead in his home at Lefors about 9:15 p. m. yesterday.

It was presumed he died of natural causes because his physician said he was in "very bad health" and was not expected to live long. Nothing in his room was disturbed, and he looked as though he had died in his sleep, the funeral director said this morning.

He was last seen around 4:30 p. m. Saturday. He was missed at the church yesterday evening, and the Rev. Dan Bell, pastor of the church, and several of his congregation went to Thomas' home, where they found him. He had been a resident of Lefors about 14 years.

Thomas is survived by his wife and a daughter, Miss Sally Ann Thomas, and a son, all of Venice, Calif.; by a step-son, Glenn Ferguson of Oklahoma City; and by a step-daughter, Mrs. Helen Gygis of Perryton.

Funeral arrangements to be conducted by the Duenkel-Carmichael Funeral Home, are pending.

Air Mail Rate Now Six Cents

Postmaster W. B. Weathered this morning reminded Pampans that air mail rates are again six cents.

"We have received several letters with five cent stamps marked on them," he said, "and the new postal rates went into effect," he said.

The Postoffice Department has the policy of sending letters short on postage to the addressee for return. The policy was changed after Jan. 30, the letters without sufficient postage will be returned to the sender.

"Either way, whether the addressee has to pay the additional postage or the letter is returned to the sender, it causes some delay," Weathered said.

Effective Jan. 1 nearly all postal rates, excluding first class mail, went up to some extent.

\$450 Fire Damage Is Done to House

An estimated \$450 damage was done at 823 W. Francis at 2:30 p. m. yesterday when the garage and house of O. W. Allison became ignited.

The garage, located near the house, was under construction. The origin of the fire is as yet undetermined. Since there was no door in the garage and two windows not installed, a perfect draft fanned the blaze. Fire Chief Ernest Winborne said.

Approximately \$350 damage to the garage and \$100 damage to the home were estimated by Winborne. The only part of the house damaged was between the walls and roof.

Need Lamps? Get them at Lewis Hardware Co.

Dr. M. McDaniel's Father Succumbs

The father of Dr. M. McDaniel, of this city, died at his home at Stephenville, Tex., last night. He was in his late 60s. He was also a physician.

Funeral services will be held tomorrow afternoon in that city, it was learned. Dr. McDaniel had been at the bedside of his father for some time prior to the death.

WE SAW . . .

Diak Pepin and "Red" Wedgeworth scouring the city this morning for a place to store the Courthouse nativity scene. If anyone knows of a place, they'd appreciate hearing from him.

Is Locally Made, Locally Eaten

Besides Golden Loaf bread, many other items may be purchased at the Pampa Baking Company, 848 W. Foster. The bakery has been owned and operated by Fran Krapstine since February of last year.

Items that may be purchased from the bakery or ordered from the grocer include: white, whole wheat, rye, pimento cheese, French and raisin Golden Loaf bread, small and large buns, dinner and parker house rolls, cinnamon rolls, fruit rolls, hot cross buns, fruit and cream pies, fruit prepack pies, chiffon pies, MaryAnns, Metropolitan, cup cakes, decorated sheet cakes, decorated cookies, wedding cakes, pecan pies, doughnuts, brownies, sweet rolls, dipped and decorated petit fours.

In fact there is nothing in the baked goods line that one cannot order at the bakery.

Specialty Items At Lewis Motor

The Lewis Motor Company, 211 N. Ballard, is able to take care of any car difficulty.

Owned and operated by Wesley Lewis, the company has been in operation in Pampa for slightly more than two years. The seven employees at the company provide complete coverage in the repair department.

One-stop service for all makes of cars is provided at the Studebaker agency. The paint job cars receive there is done so well that the re-painted cars look almost like new.

Goild batteries, Gates tires, and a complete stock of automotive specialty items are among the things that may be purchased at Lewis.

Some of the specialty items are: chrome tail lights, wheel trim rings and sunvisors, cloth and plastic awnings, cushions, heaters and a complete line of front suspension parts.

Featuring John Bean Visualizer service, the company is well known as the place for Pampans to take their cars for perfect wheel alignment.

After Six Months in Pampa Business Is Well Established

PAMPA SEWING MACHINE EXCHANGE—304 W. Foster, is in the process of being remodeled. After the display windows have been completed, the exchange will be one of the most modern establishments of its kind in existence.

By JIM McCLUSKEY
Public Relations Editor

The Pampa Sewing Machine Exchange, 304 W. Foster, is now being completely remodeled. Owned by S. L. Qualls, 108 W. Browning, and F. R. Boley, Wichita Falls, the exchange has been in operation in Pampa for the past six months.

The exchange moved to its present location Oct. 2. It now occupies the building formerly used by the Hillson Cafe. Since the first part of October new maroon linoleum flooring has been installed and the inside painted.

Employed at the exchange are Mrs. Qualls, manager; Vernie M. Callahan and "Lucky" Snider, salesmen; and Mrs. Elsie Henry, who works in the button, belt and buckle department.

Some of the leading brands of sewing machines sold at the Pampa Sewing Machine Exchange are Singer, White's, Domestic and Mercury.

Also the exchange features Kirby vacuum cleaners and combination sweepers and floor polishers. About three weeks ago Her Majesty dish washers were received and are just the ticket for housewives who hate to do dishes.

Besides carrying a complete line of attachments, the exchange sells scissors, pinking shears, buttonhole attachments, bobbing needles and sewing machine oils. One new wrinkle that is not yet widely used is obtainable at 304 W. Foster. That is the new Domestic Magic Keyhole Buttonhole Worker. With it women may easily make both tailored and regular buttonholes.

Sewing machines, either portable or cabinet model or cabinet model electric, may be rented from the local sewing machine exchange. Out-of-town delivery is still another service found at the exchange.

The Qualls have two daughters, Linda, 10 years old, and Betty, eight. They reside at 108 W. Browning. Qualls is a member of the American Legion.

Johnson's Cafe, At New Location Past 5 Months

On Wednesday of this week Johnson's Cafe will celebrate its five-month anniversary at its new location.

Owen Johnson and his wife, C. J., moved their place of business for the fifth time Aug. 5. Their last location was at 200 N. Cuyler, where they had their food establishment for the past several years.

"I'm settled now," he said as he moved his cafe for the last time. "I've always wanted a 'dream' restaurant as I have now; so I'm here to stay for keeps."

Johnson has spent the past 19 years in the restaurant business in Pampa—so he now knows just what dishes please Pampans the most.

301 W. Foster, Place for Cars

Hall & Pinson Tire Company has been jointly operated at 301 W. Foster for the past five years by O. V. and L. O. Hall and Dale Pinson.

Items that may be purchased from the tire company include Mobilgas, Kelly-Springfield tires, batteries, seat and door covers, and floor mats.

All three of the owners were service station operators prior to their partnership. One special service offered at the company is interior renovation.

All three of the owners are married and live at 1021 E. Browning. L. O. Hall's wife, Jo Ann, O. V. Hall's, Willie and Dale's, Doris, always have one topic in common to talk over—that is the Hall & Pinson Tire Company.

Pampa Lubricating Company Services All Makes of Cars

The Pampa Lubricating Company, under the joint ownership of M. G. Elkins and Chris Walsh, and Roy Chisum's Garage which is in the same building now have complete facilities to remedy any handicapped car.

One year ago Elkins and Walsh purchased the lubricating company from H. T. Hampton. They handle Gulf gasoline and specialize in washing and greasing autos.

The tidy black and white building is located at 114 E. Francis and generally has several cars around it awaiting service.

Seat covers, tires of all sorts and automobile accessories may be purchased at the company.

Chisum's garage features auto tune-up work. However, any and all kinds of auto repairs are done by Roy. He does complete motor and carburetor tune-ups. Further, he overhauls both autos and trucks of every make.

Berry's Pharmacy Versatile Store

Since 1943 Berry's Pharmacy has served Pampans' needs in drug store lines.

The pharmacy is now owned and operated by H. C. Berry and Clyde Oswald.

Berry's, 100 S. Cuyler, has everything that any other drug store has ever had. The complete departments adequately supply a one's needs.

Every nationally-known drug is to be found upon the shelves at Berry's. If one needs a prescription filled, he may rest assured that Berry's will handle it promptly and accurately.

In addition to the items that may be purchased there, there is one additional drawing card to the store. That is the soda fountain. It is daily becoming more popular as the coffee stop for business people.

Tommy's Body Shop Is Jointly Owned By Forde and Hooper

Tommy's Body Shop, 808 W. Foster, is jointly owned by T. H. Forde and Louis Hooper.

Serving Pampans since July, the shop offers many dependable services. Some of the services include complete body repairs, painting and glass installation. Also, Tommy has a new tow truck that is available on call.

Forde lives at 617 N. Sumner with his wife, Margaret, and children, Doreen, 14, Nita May, 12, and Eddie, 4. Hooper is also married and lives with his wife, Betty Lee, at 413 N. West.

ROME BOOMS AS TOURISTS' STYLE CENTER

By C. R. BRUSINI
AP Newsfeatures
ROME—Rome's appeal to the clothes-seeking tourist lies partly in the prices.
They are steep for the average Italian woman, whose husband's wages normally suffice only for the bare essentials of existence; but the fashionable American or European woman with money to travel abroad, finds them quite comfortable.

Painful though it may be to Parisian couturiers, foreign patrons of Rome salons are frequently heard to comment that they find the same models in Rome for less money—plus better weather.
At Fontana's, near Fancy Via Veneto, one of the score or more ateliers where endless fashion shows go on, Anglo-American attendance predominated—so much the announcements were made in English.

Everybody spoke English with a potpourri of accents: from the string-like French to the heavy Austro-German and Swiss brassy, with some birdlike South American and Italian overtones.
A feature of most shows here is the use of expensive materials for cocktail and evening dresses. Average cost of fabrics used is, according to Italian prices, from \$,000 lire (\$10) a meter, upwards. Some gowns require from 10 to 15 meters of cloth. Expensive hand-made embroideries are applied to many dresses, adding the costs of feminine labor.

Adriana, sister of Tyrone Power's fiancée, Linda Christian, modeled at Fontana's. An evening dress she presented was of white brocade, one of the few seen with shoulder- straps. It had a full skirt in two different kinds of brocade: stripes of plain shimmering white and opaque white, with light grey vine leaves.
Attendance at these fashion shows is nearly always the same: two score or more determined dowagers armed with loggnettes, scribbling hasty notes, bent on seeing everything shown before deciding what they will eventually buy.
"One of the Fontana sisters said: "They are just like moths flying around a candle. They'll eventually burn their wings and decide to buy a dress."
The prices? Anything from \$250 upwards. The fabrics are "terribly expensive," they tell you. But, the customers say, they would cost you twice that in Paris.
A mere man wouldn't know.

Quality
So fast-acting, pure, dependable. World's largest seller at 10c.

St. Joseph ASPIRIN

ST. JOSEPH'S FOR CHILDREN'S ASPIRIN is a miniature edition of Mother's bedjacket and both of them can be completed with little more than a fish of your crocheted hook. A wonderful gift idea for any "lady in waiting." Both bedjacket and sacque are crocheted in one piece and the ribbons are easily removed for washing.

Knoxville News Sentinel for close to 20 years, and have been down there and played bridge with those folks. With their shoes on or off, they play good bridge.
Mrs. Haynes sent me today's hand, played by Judson Bryan, a young student at the University of Tennessee, who was her partner. He ended up in a three no trump contract, which was not unusual, and South led the six of diamonds. When North put on the ten-spot, Bryan (East) let him hold the trick. North did not continue the diamond, but led back the king of clubs. Bryan laid off that one, but won the second club trick with the ace. Now he cashed his four spade tricks.

At this point he did not make the mistake of leading the queen of hearts. If he had, South would have covered and this would have created an entry for North. But Bryan played a small heart to dummy's ace, then led a small heart back to his own hand and played the jack. South won this trick with the king, but there was no lead he could make that would defeat the contract.
"Suppose," asked Mrs. Haynes, "that North had continued with a diamond at trick two?" "I would have taken it," replied Bryan, "and after the four spade tricks, I would have thrown North in the lead with the ten of hearts. Now North could make no lead that would defeat my contract."

ANCIENT MORONS
Moron is not a modern term. It comes from the Greek "moros," meaning "foolish," and Moliere, French dramatist, wrote a play in 1664, in which the court fool was named Moron.

Balladier Burl Ives' Cooking 'Sends' Them Like His Singing

By CECILY BROWNSTONE
Associated Press Food Editor
Burl Ives has made musical history with his popularization of simple American folk songs and ballads. But when it comes to cooking, give him an ordinary recipe and he takes off—like a hot clarinet player embroidering a simple tune—in all kinds of fanciful gastronomic flights.
Down on "Ballad Farm," his San Fernando Valley ranch, he's been putting the last touches on his autobiography, "Wayfaring Stranger," published by Whittlesey House, New York. But that doesn't mean he hasn't found time to stir-up some extra-fine dishes. When Burl is at home he does a lot of cooking for parties—for one of the best reasons. He likes being an active host.

Since the Iveses often use their lovely California patio, they're likely to cook barbecue style. But indoors or out, Burl has developed a barbecue sauce that's out of this world. It starts with a quarter of a cup of olive oil, a grated garlic clove, a medium-sized grated onion, a teaspoon each of dry mustard and salt and paprika, chili powder to taste, a half teaspoon of black pepper (freshly ground from peppercorns), a cup of thick black unweakened coffee, a third of a cup of lemon and lime juice combined, three tablespoons of old, wild, dark honey from the bees free in the orchard that adjoins the Ives house, and a cup of water. The garlic and onion are cooked in the oil for a few minutes. The blended dry ingredients, followed by the liquids, are added to the mixture and allowed to simmer for a half hour. Then, into a good-sized square of muslin or bleached, washed flour-sacking is put a cup of freshly-ground coffee. This is tied tightly into a bag, put on the end of a stick (bundle style), and allowed to soak in the sauce. The coffee swab is then used to moisten the meat frequently as it cooks.
You can use this sauce to barbecue a chicken or a steak, but the Ives parties are really large they use it for a whole spit-roasted animal—either a small pig or a young goat of about four to six weeks. The goat is explained by the fact that Burl Ives and his

Muffins Add Value to Breakfast

Crunchy oatmeal muffins give breakfast lasting value.

BY NEA MADDUX
NEA Staff Writer
Hot muffins for breakfast! That's an American tradition of good eating and good nutrition. Muffins carry food values that stick to the ribs during the rest of the day.
Crunchy Oatmeal Muffins (Makes 12-15 average size muffins)
One and one-half cups flour, 2 teaspoons baking powder, 1 teaspoon salt, 2 tablespoons sugar, 3 tablespoons melted fortified margarine, 1-2 cups quick-cooking oatmeal, 1-2 cup raisins, 2 eggs, 1 cup milk.
Set the oven control at 400 degrees F. and start heating. Sift the flour. Measure. Add baking powder salt and sugar and sift again. Add the oatmeal and raisins, mix well. Beat the eggs lightly; add the milk and melted margarine. Add the liquid mixture, all at one time, to the dry ingredients. Mix just enough to dampen the dry ingredients. The batter will look lumpy but that's okay. Do not beat. Fill the margarine muffin pan by spoonfuls about 2-3 full. Use 2 teaspoons to fill muffin pans and remove batter each time from the top. If you dip to the bottom the extra stirring will cause poor texture. Place in the pre-heated oven and bake 20 to 25 minutes. Remove muffins from pans as soon as they come from the oven and serve at once.
Prune Upside Down Muffins (Makes 12-15 medium size muffins)
Twelve steamed, pitted prunes, 6 tablespoons fortified margarine, 6 tablespoons sugar, 2 cups flour, 3 teaspoons baking powder, 3-4 teaspoon salt, 2 tablespoons sugar, 1 egg, 1 cup milk, 4 tablespoons melted fortified margarine.
Set the oven control at 400 degrees F. and start heating. Prepare the muffin pans by placing 1-2 tablespoon melted margarine, 1-2 tablespoon sugar and one steamed pitted prune in the bottom of each muffin pan. Raisins, crushed pineapple or steamed apricots or peaches may be substituted for the prunes. Sift the flour. Measure; add baking powder, salt and sugar. Sift again. Beat the egg slightly; add the milk and melted margarine. Pour the milk mixture.

★ WE, THE WOMEN

BY RUTH MILLETT
NEA Staff Writer
Anyone who has ever had to do much telephoning for a church group, Scout troop, woman's club or any other such organization soon discovers there is a lot of difference in the telephone manners of various women.
Some women treat a telephone caller as graciously as though the speaker had stepped into their own living room. But others have telephone manners that are almost a slap in the face to the caller.
Some women answer a telephone in a brusque, "hurry up, and get it over with" manner. Some sound winery. Some put on a waiting act, never adding more than one word at a time to the conversation, and that grudgingly. Some women go to the other extreme and completely take over a call, so that it is almost impossible for the person who made the call to bring it to an end.

and volume. Using 2 teaspoons, fill the muffin pans 2-3 full of batter. Remove each spoonful from the top as dipping down to the bottom will cause over-mixing. Place in the pre-heated 400 degree F. oven and bake 20 to 25 minutes. Remove from the pans immediately when they come from the oven.

CARRIES EGGS

The surinam toad carries its eggs around in tiny pouches under the skin of the back, from which the babies emerge after the tadpole stage is past.

Woman Discovers Economical COUGH RELIEF!

"I'm through paying fancy prices for cough syrup! I've discovered PINEX. Simply by adding sugar and water to the concentrated medicinal PINEX ingredients, I get my cough syrup at about 1/4 the usual cost. I've tried them all and I've never found a more effective, faster-acting cough relief." That's what millions have been saying about PINEX for over 40 years. PINEX brings quick, effective relief for coughs due to colds because it's a real cough medicine. And you get about 4 times as much for your money simply because you add the inexpensive simple syrup. No need to pay high prices for a good cough syrup. Get PINEX at any drug store. Guaranteed to satisfy.

PINEX

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY—
Here's Good News!
Are you between the ages of 35 and 55 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then go try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!
Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.
Pinkham's Compound contains no opiates—no habit-forming drugs. It helps nature (you know what we mean!). This great medicine also has what Doctors call a stomachic tonic effect.
NOTE: Or you may prefer LYDIA E. PINKHAM'S TABLETS with added iron.

Beware of Romance

By Roberta Courtland

THE Sweet Shoppe, chosen hang-out for the arrogantly self-assured teen-age crowd of Marshallville, was in full swing at four in the afternoon. Bobby, "sloppy Joe" sweaters, the inevitable shades of hair hanging loose about their shoulders; and boys of their own age and generation in weirdly patterned, brilliantly colored shirts and slacks and socks that dangled about their shoes in a manner to distress helpless fathers and mothers, swarmed over the place as though they owned it.

Behind the long, gleaming front three young girls and two "sloppy Joe" boys like mad to provide cokes, malteds and weird concoctions of several varieties of ice cream, nuts and fruits such as are beloved of the very young. And as they faced the daily mad scramble they earned for 5 o'clock when like a covey of bright-winged, clamorous birds, the teen-age gang would sweep out and a blessed, cherished quiet would descend upon the quiet Shoppe. It went last until after the first show at the neighborhood movie, when it would start all over again.

As if by some divine right, Merry Carson's own particular "sloppy Joe" world like mad to provide cokes, malteds and weird concoctions of several varieties of ice cream, nuts and fruits such as are beloved of the very young. And as they faced the daily mad scramble they earned for 5 o'clock when like a covey of bright-winged, clamorous birds, the teen-age gang would sweep out and a blessed, cherished quiet would descend upon the quiet Shoppe. It went last until after the first show at the neighborhood movie, when it would start all over again.

WARM and contented and happy, she loved them all. Life was wonderful; the gang was wonderful; her new formal for the prom was "just the thing" and yesterday had been "super" but the gang had dropped "super" in favor of "frantic". School was wonderful; she was going to make a good scholastic record this semester. Tip, who had been her mentor, was in rigid training and he had to keep up his studies in order to be allowed sufficient time for training and working out, with the squad, and therefore he had permitted her to help him. So they did homework together on school nights and she was humbly grateful to him for letting her help.

She was going to be 17 in the summer, she reminded herself happily. Sixteen and a half was an exciting age. The big games were coming up. The Thanksgiving game had been a "usher because Fulton High's team was scads ahead of their opponents;

BUILDING NEWS

Packaged Mortgage Gains Through New Credit Rule

Use of the "packaged mortgage" to include household equipment in monthly payments on the home receives new impetus from the recently tightened credit regulations by the federal government. It is pointed out by the New York clearing house for building information.

Under the renewed Regulation W credit curbs, a 20 percent down payment must be made on equipment such as refrigerators, stoves, dishwashers and laundry machines. This imposes a heavy financial load on the home-buyer, as the equipment must be paid for in 18 months with resulting high monthly payments in addition to the payments on the house. Including the equipment in the over-all mortgage reduces payments considerably, adding only three or four dollars a month to the mortgage payments.

Inclusion of equipment in the long-term mortgage, a plan worked out several years ago by a few mortgage lenders, was not widely used while home-buyers could purchase equipment with a 10 percent down payment and extend payments over two or three years.

Tighter credit rules have now brought a wider demand for the "packaged mortgage," especially from builders. By including all equipment in one mortgage, the lender, not three or four as happens when home equipment is financed through separate installment contracts. The FHA permits payments to be spread over 25 years, enabling a home-buyer to move into a new house that is fully equipped without adding appreciably to his monthly financial obligation.

Biggest obstacle has been overcome. Legislation in various states, many of which have revised their laws requiring equipment to be "Attached" to the house. Plug-in refrigerators can be moved in FHA mortgages in all states except Arizona, Delaware, Minnesota, Pennsylvania and the city of San Francisco. Permanently installed washers can

Good Floors Make Good Buildings

Without a good floor, any home will deteriorate in value and be the source of much annoyance and expense. For that reason proper floor construction is all-important.

Strength and durability of the floor depend upon the manner in which it is supported. Joists should be spaced no farther apart than 16 inches and should rest on solid, firm sills around the perimeter of the foundation. In the average house the joists also beam at the center of the span. This beam is best supported by steel lally columns.

PROPER BRACING
If more than eight feet long, each joist should be braced against the joist on either side with bridging of wood or metal strips in the form of an "X." This increases rigidity, helps reduce vibration.

A subfloor of rough boards should be laid diagonally on the joists for added bracing and strength. This should be covered with a good building paper, which adds resilience and helps prevent squeaks. Over this is laid the hardwood strips or blocks, or a composition flooring. A floor which extends over an unheated or unexcavated space should be insulated with blankets of mineral wool for added warmth.

If hardwood strip is used for the finish flooring, it can be laid in random lengths, or in long strips the length or width of the room. All strip flooring should be laid at right angles to the joists supporting the subfloor and securely nailed. Composition flooring is usually cemented to the subfloor.

A new wood floor will give better service if allowed to season in place about a month before being scraped, sanded, and varnished or waxed. If varnish is used, at least three coats should be applied. Several light coats of wax are better than one or two heavy coats.

Boomiest Building Boom In History Felt by State

A record volume of permits for building—both business and residential—was issued by Texas cities in 1948.

Every city but one reported a larger total than in 1947, in a survey made by the Associated Press. Several cities reported the totals the largest in their histories.

The permits do not necessarily represent construction completed or even started. No comparison with other years, in actual amount of construction is available. Some building was completed on permits issued in 1947 or earlier. Rising building costs and the year-end business slowdown are other factors governing the actual amount of construction.

Houston, the state's largest city, led all others with a permit total for 1948 of \$100,033,000. This compared with \$72,401,114 the previous year.

Dallas had a record \$77,000,000 in permits, nearly 44 percent greater than 1947's \$53,538,617. Fort Worth's 1948 total was \$29,587,877, nearly \$2,000,000 greater than the 1947 total of \$27,686,524.

San Antonio's total of \$35,813,913 was a jump of more than \$6,000,000 over 1947's \$29,058,833.

Dear Friend:
Right now the housing shortage presents a real problem throughout our section of the Panhandle. It is now possible for you to build a home for your family; however, there are many problems in connection with home construction, and we feel that we are in a position to give you valuable service and counsel in the solution of these problems.
Our mortgage loan department invites you to call at our office and discuss the matter of an F.H.A. loan or a conventional loan. Our officers can draw on years of experience in helping you iron out your difficulties, and will be more than pleased to discuss your problems with you at any time.
Yours very truly,

Ownership of U.S. Homes At New High

More American families own or are buying homes today than ever before, according to the U.S. Census Bureau, which estimates that 19,250,000 are home-owners.

This is 51.4 percent of the nation's 29,652,000 families living in cities, towns and villages, and is a 10.5 percent increase since 1940, when 17,400,000 were home-owners. Of those now owning homes, 1,311,500 have annual incomes under \$1,000; 2,226,000 earn between \$1,000 and \$2,000; 3,400,750 from \$2,000 to \$4,000; 4,229,750 have incomes above \$4,000.

Of the estimated 14,402,000 families renting their living quarters today, 1,281,778 earn less than \$1,000; 3,413,274 earn \$4,000 or more.

An estimated 2,200,000 homes (700,000 new houses, 1,500,000 used houses) were sold in 1947. Of these, 358,000 or 39 percent were bought by families with annual incomes of \$3,000. Eighty percent of all homes sold in 1947 were priced under \$10,000; 40 percent under \$5,000.

Building Take Up as Postal Goes Downhill
AUSTIN—(AP)—Building permits and federal internal revenue collections were up and postal receipts down in Texas last month the University of Texas Bureau of Business Research reported.

Building permits in November totaled \$30,829,734, up 6 percent over October and 14 percent over a year ago. Houston led other cities with \$7,663,925 worth of the business. Dallas, Fort Worth and San Antonio followed in that order.

Federal internal revenue collections for the month amounted to \$78,697, up 13 percent over the corresponding month a year ago. South Texas collections were up 5 percent and north Texas collections up 23 percent, the bureau said.

Postal receipts dropped three percent from October to November to total \$3,286,292. The figure was 19 percent above year-ago receipts, however. Marshall showed the greatest monthly gain, 17 percent, with El Paso, Tyler and Bryan following in that order. The greatest declines during the month were at Sweetwater, Vernon and Longview.

The Cleveland Browns made 2,567 yards rushing during the 1947 All-American Conference season—the greatest exactly the same total in 1948.

TRUMAN'S

(Continued From Page 1)

hand, Mr. Truman has argued that lower-bracket income families should not be penalized in view of the high cost of living.

That leaves corporation rates and upper-bracket incomes as the probably potential sources to be tapped.

There is strong likelihood that Mr. Truman will ask for mandatory allocation powers over scarce materials. These would be designed to assure industry cooperation in the voluntary allocation program. It expires Feb. 28. Extension will be asked.

Other proposals of Mr. Truman are expected to include: Increase of the minimum wage from 40 to 75 cents hourly; a 30 percent boost in old age insurance benefits; social security coverage for farm workers, domestic workers and the self-employed; national health insurance; federal aid to education.

A permanent fair employment practices commission, along with other parts of his 1948 civil rights program.
